## Bob Goforth Elected to City Council

Bob Goforth received the high vote and was named to the City Council in a special election Tuesday, May 28.

The election will be canvassed at the next council meeting, Monday, June 3, and the new member will be sworn in.

John Nash received 119 votes, Loyd Vines 49 and Hubert (Jake) Leach 37.

A total of 346 votes were cast.

There were 8 mutilated ballots, according to Earl Hunter, election judge. One voter signed his name to his ballot and another voted on a blank line. The remaining six each voted for two candidates.

## Marian Airpark Swimming Pool Opens Sunday

Marian Airpark Swimming Pool will open for the summer season on Sunday, June 2, with Coach Robert Hicks as manager.

Operating plans were announced by Coach Hicks and City Manager Lyman Daniel.

The pool will be open from Tuesday through Sunday from 1:00 to 6:00 p.m. It will be closed Mondays for cleaning, except that it will be open Monday, June 3.

Season tickets for both adults and children are on sale at the pool and individual admissions are also available.

Coach Hicks is an accredited Red Cross life guard and swimming instructor. Assisting him will be Neal Cochran, who holds a Red Cross intermediate life saving certificate. He will also be in charge of concessions.

Swimming lessons will be conducted two weeks, June 10 to 21, Mondays through Fridays, from 10:00 a.m. until 12:00 noon.

The pool will be available for private parties during evening hours, but an adult sponsor must be present at all times.

Additional information is available from him at his home or at the pool.

## Annual Methodist Conference June 4-6

Amarillo - The Northwest Texas Annual Conference of the United Methodist Church will take action on equalizing the number of lay and clergy delegates when it gathers here at Polk Street United Methodist Church June 4-6.

## Two Burned as Butane Explodes

Two Wellington men, Dan Henard, Jr., and Kyle Lindley, received first and second degree burns in a butane explosion about 8:30 a.m. Monday, May 27.

The accident occurred at the Henard home as they were using butane to blow out the air conditioner in a combine cab, Mrs. Henard said. Both men were burned on the face, chest, back and arms, although neither had an eye injury. Nor did their clothes or the cab catch fire after the explosion.

Mrs. Henard rushed the two to Collingsworth General Hospital where they are still under treatment.

### GIFT TO WESTVIEW BOYS HOME

Youths from Westview Boys Home work razing the two brick buildings given the home by Mr. and Mrs. P. E. Starr. Brick will be used to build a

cottage which will house 15 boys. The service of the front end loader was donated by the county.

## Two Buildings Given Westview Boys Home

Mrs. P.E. Starr, on behalf of herself and Mr. Starr, has donated the brick from two large buildings to Westview Boys Home to be used in constructing a new cottage to house 15 boys. It was accepted by Jack Sikes, superintendent of the home.

The buildings were heavily damaged by fire in April 1972, but most of the walls were standing and Mrs. Starr chose to make this gift to the boys home rather than rebuild.

Thirty three boys, working with house parents, razed the walls and in six days had salvaged an estimated 200,000 bricks, moved them to the boys home property, and cleaned off the lots.

Johnny Luker, assistant superintendent, was in charge for Westview Boys Home.

Co-operating closely with Mrs. Starr and the home were both the City of Wellington and Collingsworth County, who provided a maintainer, dump truck, and front loaders, to help the boys with the clearing and loading.

This building formerly housed the John Deere Implement Co.

## Softball Slated Friday Night at Marian Airpark

There will be one game of men's slow pitch softball Friday, May 31, starting at 8:00 p.m. Play will be at Marian Airpark Diamond.

"The concession stand will be open, and everyone is invited to come out and enjoy some good old softball," said Craig Bergvall, one of those helping promote the sport in Wellington this summer.

Games will be played twice weekly, Monday and Friday nights at 8:00 p.m.

Present plans are to continue play through the summer.

## Peewee, Girls Play Begins Next Week

Peewee baseball for boys six through eight years starts Monday, June 3, and on the following evening, the first game of girls softball will be played.

Both groups will play at Ellison Park.

Peewees will play each Monday and Wednesday at 5:00 p.m. Uniforms will be distributed at the time of the first game, June 3, according to Charles Darter, chairman

of the baseball program.

Coaching the teams this year are Emmett Bobbitt, Tommy Thomas, and Monte Ferguson.

Plans are to continue play through the first week end in July, and all boys 6 through 8 years who are interested are urged to come out.

Mrs. Ray Cozad and Miss Vikki Saunders are coaching girls softball in the 10 and 11

## Dodson Gets Wheat Delivery Monday to Open '74 Season

Two loads of wheat delivered to the Dodson Co-op Enterprises opened the 1974 market in Collingsworth County Monday, May 27.

Duad Luck delivered the first load about 4:00 p.m. His wheat had a moisture content of 13.87. He reported it was hauled on last week and suffered an approximate 50 per cent loss. He also estimated it is now cutting about 11 bushels per acre, Mrs. Pat Ford of Dodson Co-op Enterprises reported.

Arriving a short time later with the second load was Glenn Elliott. His wheat had about the same moisture content. He was still cutting his crop and did not make an estimate of the possible yield.

Both men farm in the Dodson trade area just across the state line in Oklahoma.

Harvesting is expected to get under way on the Texas side within the next few days, the start depending on weather conditions. In some sections, rank weed growth since the recent rains make growers eager to get their wheat cut.

"Quite a bit of the crop south and east of Wellington is about ready to cut," County

Agent Don Reeves reported.

Extremes in yields are expected, ranging from not more than four bushels on the low side to around 18 and 20 bush-

els for a top forecast on the dry land wheat.

The crop varies from farm to farm and this is true across the county, growers report.

The overall yield is expected to be below last year's excellent crop.

But the county agent had an optimistic note:

"From all the wheat I've seen in the Panhandle, some of the best dry land wheat has been here in Collingsworth County," Mr. Reeves declared. "Farther west, it plays out real quick."

### FOR CEMETERY WORK

Funds are sought to buy this small tractor-mower for use in the Wellington Cemeteries. The bucket tied securely in the seat holds donations made by passers by.

## Lowe to Coach At Idalou

Andy Lowe has been elected to the coaching staff of Idalou High School, and he and his wife, Linda, will move there this week end.

Lowe completed work for his bachelor's degree in physical education from Texas Tech University in August 1973, then returned for the second semester of this year to do his practice coaching at Evans Junior High, Lubbock. He also worked with the Tech freshman team.

His new assignment will include assistant to the head coach for varsity football and work with the freshman team. He will be on the basketball coaching staff and in addition will teach history in both junior high and high school.

Lowe was on the Texas Tech Red Raiders four years until a knee injury early in his senior year ended his collegiate football career.

He explains that the same type of Civil Defense emergency program that Lubbock has can be set up in Wellington. Should this come about, a representative from Civil Defense in Washington will come here to help get it operational.

The public is urged to see the film: Thursday.

## Lubbock Tornado Film Set Thursday

There will be a public showing of the Civil Defense film, "Twister", Thursday, May 30, at 8:00 p.m. in the club room of Bura Handley Community Center.

Only 29 minutes long, this film shows vividly the tornado that devastated Lubbock several years ago. Much of the footage was shot while the tornado was still in progress, according to Mrs. Bob Barton, who helped bring the program here.

"It shows Lubbock's preparedness for an emergency" commented Bob Watson, juvenile probation officer. The roles of Civil Defense, the fire departments and the police department are brought out vividly as they operated during the tornado.

Mr. Watson also has shown the film to the Ambulance Service, Wellington Kiwanis Club and Fire Department.

## Hay Camp Opening More New Facilities

Opening of the swimming pool and a new picnic area at Hay Camp Country Club were among several major announcements made by A.B. Dean Tuesday, May 28.

Coming to Hay Camp for a two day engagement Friday and Saturday, July 19 and 20, will be a top country music

duo, the Jerry Haymes and Brenda Dee Show. Reservations for this event are now being accepted, and additional information on the show will be released later.

Mr. Dean also announced that Carl and Shan of Lawton, Oklahoma, one of the outstanding bands of southwest Oklahoma, are featured at the club each Saturday evening.

Entertainment is also featured each Thursday at Family Night.

Of an immediate nature, Mr. Dean said that a Clean-Up Day for Hay Camp Country Club Golf Course will be held Saturday and Sunday, June 1 and 2.

Members who have pickups, chain saws, pruning saws, brush cutters, shredders or small tractors are invited to bring these and help with the clean-up. The hours Saturday will be 9:00 a.m. to 5:00 p.m. and Sunday from 1:00 to 6:00 p.m.

"The golf course is completely planted and sprigged," said Mr. Dean. "The grass is up on the greens and fairways, and the greens will be mowed for the first time this week. We are expecting 90 per cent coverage within 6 weeks and are looking at opening the course around August 1."

The swimming pool is already open for members and their families. Situated at one of the high points a short distance from the entrance, and adjacent to the golf course and pro shop, it offers beyond doubt one of the most picturesque sites in the southeast Panhandle for swimming.

## Spotted Rain, Wind Damage Strikes County Thursday

Heavy rain which fell immediately north of the town section Thursday, May 23, again flooded northeast Wellington, and at the same time twisting winds damaged buildings farther north. Wind damage was also reported south of Dodson.

Wellington itself received only .94 inch of rain during the Thursday evening thunderstorm, but Claude Groves, a mile north on US 83, said he measured two inches in 30 minutes. The hardest of the rainfall appeared to be concentrated on the two sections north of town, and this sent water southward into the Highway US 83-State 203 intersection area at the northeast corner of Wellington. The highway was under water much of the way from that point south to the Railroad, and water lapped at the door of Jerry Lee's Grocery, Davis Grocery, and houses in that area.

Work is now under way by the Texas Highway Department to divert this water to a natural water course, and O.V. Johnson, resident engineer, said this should correct the flooding problem.

A small twister struck the Earl Bowen home place northwest of town where it damaged a house, a trailer, and television antenna.

Damage was also reported to a trailer on the Earl Lynn Bartlett farm in the same area. The three-car garage at the Raymond Ward home about four miles north of town was blown off.

There was more wind damage south of Dodson. At the Otho Talley farm, several trees were broken off and the roof of the front porch was laid back onto the house, damaging it. The roof also was blown off a small barn, members of the family reported.

Loss of young cotton also

was reported in that area and southward to Arlie. Farther west, near Highway US 83, still additional wind damage occurred.

Wellington received additional moisture through Tuesday evening, measuring .26 inch Friday, .04 Saturday evening and another .04 Tuesday, for a total of 1.28 inches, according to Charles Floyd, Weather Bureau reporter.

The area north of Dodson received a total of 2.04 inches until Monday. Rain varied around an inch to an inch and a half through the Quail section.

In the Samnorwood and Dozier areas, the rainfall again varied in amount, with Friday night and Saturday morning accounting for 1.3 inches at Quail, 1.3 to 1.5 inches at the Bully Tate and James Martindale places around Abra. Farther to the northwest, however, there was no rain at all.

### PINEWOOD DERBY WINNERS

Winners of the Cub Scout Pinewood Derby, featuring tiny racing cars they themselves made, are shown with their awards. At top are Wade Williams, left, Delmer Turner Jr., and Jim Warwick. Below, from left are Windol Robbins, Jr., Bill Reeves, Michael Breedlove and Jay Jones.

# Youths in Tri-State High School Rodeo

Bart Patterson and Lonnie Blake have qualified for the Tri State High School Rodeo Association finals to be held June 6, 7 and 8, in Amarillo. Both boys will compete in bull riding. The top 15 boys and girls in each event on a point system qualify for the finals, which will be in the Fair Park Coliseum. In order to qualify, boys compete in various approved high school rodeos, and their

points are tallied. Bart, 16, is the son of Mr. and Mrs. Virgil Patterson and will be a junior in Wellington High School. Lonnie, 18, is the son of Mr. and Mrs. Clemon Blakes of Dodson, and he graduated from WHS Friday night. This will be the last high school rodeo in which he will compete. A number of events are planned for the contestants. There will be three performances, 8:00 on Thursday and Friday, and 1:00 p.m. Saturday. An awards banquet will be held Saturday night.

RANCHER INSPECTS HIS HERD—Cattlemen are caught in a squeeze of high production costs and low returns, reports Agriculture Commissioner John C. White. Glenn Raney is no exception. The Garland rancher reports he lost \$20 a head this spring on stocker cattle.

The pool is open from 9:00 a.m. to 5:00 p.m. each week day except Monday, with a life guard present to supervise the pool at all times.

Swimming lessons will be given and every Thursday will be Ladies Day, when the pool will be open from 10:00 a.m. until noon for exercise and a fitness program. It is available for parties in the evening. A new picnic area has been opened, located to the east of the reservoir. Work is continuing in the area, however, Mr. Dean said. Signs direct members to the area. All of these are steps in the development of Hay Camp Country Club into one of the major family resort areas projected by the owners.

## Mrs. Elmer Keller New PTO President

Wellington Elementary School Parent-Teacher Organization installed new officers Thursday, May 23, in the final meeting of the year.

Mrs. Elmer Keller is the president for the 1974-75 school year, succeeding Mrs. Robert Lacy, who headed the organization during the school term just ended.

The new vice-president is Mrs. Dennis Pepper, while Mrs. Leamon Bawcom is treasurer, Miss Rita Lowrie secretary, and Mrs. Carroll Nunnelley publicity chairman.

Mrs. James Herring, treasurer for 1973-74, reported the expenditure of funds raised in the Halloween Carnival, only money-raising project the organization has during the year.

Each room was given funds conference is scheduled for Tuesday at 10 a.m. with the Service of Holy Communion and the Memorial Service.

Rev. A.B. Cockrell from Vernon First Methodist will deliver the morning sermon. New pastoral appointments will be read at the evening session on Thursday by Bishop Carleton.

Frank King Post of the American Legion and Glynn Moore Post, Veterans of Foreign Wars.

One of Collingsworth County's men who saw Army service in World War I, he was on the battle front in France when the Armistice was declared. His duty was to drive trucks loaded with ammunition to the front

line trenches and to bring back in those same trucks the wounded and prisoners of war.

John Frank Bevers was born in Robinson County June 28, 1888. He was still a youth when his family moved to Martha, Oklahoma, and later to Guymon, where he graduated from high school and lived until coming here in 1914.

He was married to Miss Coda Russell May 31, 1920, in Amarillo. Funeral services were conducted at 2:00 p.m. Saturday at the Church of Christ, with Tom Anderson, minister, officiating. Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Pall bearers were A.J. Fires, Frank Coleman, Jr., Harold Watkins, James R. Bowen, Virgil Estes and Paul Bell.

Surviving Mr. Bevers are his wife, two sons, Denzil Bevers of Lubbock and Dan Bevers

of Amarillo, a brother, Will V. Bevers of Oakland, Calif.; and six grandchildren. One son, Douglas Bevers, died April 15, 1966.

Hail has been a determining factor in some communities. A number of growers in the Arlie area suffered heavy wheat loss. More acreage, there and north of Salt Fork, was heavily damaged, and most fields show at least small signs of hail.

## Slow Pitch Softball Schedule Under Way

Wellington's men's slow pitch softball season opened with games played Sunday and Monday, featuring three local teams and one from Childress.

Lee's Grocery of Wellington downed White's Auto from Childress 13-8 in the opener, played at Marian Airpark Diamond.

Leading the hitting for Lee's Grocery were Mike Smith, second baseman, with three singles, and Jimmy Black,

rover, with a single, homer and a double.

Wellington had 13 runs on 16 hits.

Childress was led by Ray Crouch (RF) with two singles and a double, and by Mike Heckathorn (SS) with one double and one triple. The team got 8 runs on 13 hits.

Monday's game saw team No. 1, coached by John Coffee, down Team No. 3, coached by Kenneth Patterson, 14 to 7.

The game was tied twice before No. 1 team pulled away with 7 big runs in the bottom of the sixth inning. Leading the hitting for Coffee's team was Randall Hodges (SS) with two doubles and a single, with help coming from Sammy Coffee (SS) and Brent Wade, (1st) with two good hits a piece.

Patterson's team was led by hard-hitting Arnold Fincher, third baseman, with a home run, a triple and a single.

Coffee's team had 14 runs on 18 hits and Patterson's team got 7 runs on 10 hits.

## Texas Has More Tuberculosis

American Lung Association of Texas today reported that statistics on reported cases of tuberculosis throughout the state are making a definite climb, with 85 cases of the disease reported in Texas for the first week of April.

Collingsworth County representative on the Top of Texas area program board of ALAT is Mrs. Jimmie Sessions. "For awhile, the five year median was stabilized at about fifty cases of tuberculosis per week," Mrs. Sessions said. "Because of the increase in reported cases, that median has now climbed to 68 cases."

The Lung Association's medical division, the American Thoracic Society, has advocated that physicians include the Mantoux tuberculin test as a part of the standard physical examination, that positive reactors be x-rayed for signs of lung disease, and that individuals considered to be at high risk of developing TB be treated preventively with daily doses of INH for a year. "A lot of people have been under the false impression that TB is a thing of the past," the Christmas Seal spokesman said. "This unfortunately just isn't so. I am reminded of that period in our history when we thought we had VD whipped, too."

## A. C. Pendergrass, Dirt Contractor, Sells Business

A. C. (Skeet) Pendergrass has announced the sale of his dirt contracting business to Danny L. Greenway, a former employee. Mr. Pendergrass has been with the business 30 years.

Mr. Pendergrass began work in the business for the late Walter Starr in 1944, and after a number of years, bought it from Mrs. Starr.

His first association with Mr. Starr was in 1938, when he began work at the Quail and McKnight Gins. He and his family came to Quail in 1927.

Mr. Greenway was employed by Mr. Pendergrass for several years and is familiar with the work.

Much of his dirt contracting has been on Collingsworth County farms. Mr. Pendergrass recalled, building all types of structures. In this, he worked closely with the Soil Conservation Service and Salt Fork Soil Conservation District, who he praised for their cooperation, and for the job they have done for co-operators.

Mr. Pendergrass has been in bad health for several months, and on Monday, May 27, he entered Highland General Hospital, Pampa, for tests. He does not know how long he will be hospitalized.

Mr. and Mrs. Pendergrass have a daughter living in Pampa, Mrs. J.B. (Maude) Minyard. There are three other children, Mrs. Donald (Melba) Nunnelley of Amarillo, Tommy Pendergrass of Grand Prairie, and Mrs. Merle (Dorothy Jean) Parker.

## Many Use Phone For SS Business

Most people find that they can now handle their social security business by telephone, reports Travis C. Briggs, manager of the Amarillo Social Security Office.

Reports of change of address, death, marriage, divorce, and student attendance changes are some examples of business that can be transacted by telephone. In many instances, even applications for benefits can be filed by telephone.

Phone service allows quicker processing and prevents long waits at busy offices. During our fuel shortage, it has also helped to save gasoline.

Don't forget that your Social Security Office can be as near and convenient as your telephone. The Amarillo Social Security Office is located at 317 East Third and the telephone number is 806-376-2241.

## Easier for Married Vets To Buy Homes

The Veterans Administration reminds married home-minded veterans that it is now easier to qualify for GI home loans.

Jack Coker, VA Regional Office Director, noted that VA now accords full recognition to

incomes and expenses of both veteran and spouse in determining ability to repay loan obligations.

Coker said VA is required by law to determine if contemplated terms of repayment bear a proper relation to the veteran's anticipated income and expenses before approving the loan.

"But while the spouse's income has always been considered," Coker explained, "local rules sometimes had the effect of discounting the spouse's in-

come. Now, however, no such local rules are imposed, and the spouse's income is given full consideration."

VA guarantees 60 per cent of GI home loans (maximum \$12,500) private lenders make to servicemen, veterans and eligible spouses of World War II, Korean and post-Korean Conflicts and the Vietnam Era.

## Mr. and Mrs. Guyon Norman of Arlie Observe 25th Wedding Anniversary

Mr. and Mrs. Guyon Norman of Arlie Route, Dodson, observed their 25th wedding anniversary Saturday, May 25, when their daughters honored them with a family celebration. The couple married May 25, 1949, in Childress, and since then they have lived on the same farm.

After her daughters were grown, Mrs. Norman began her studies toward her degree in nursing. In September she will begin her senior year at Northwest Texas Hospital School of Nursing in Amarillo.

She attended Clarendon College two years, commuting each day from Arlie. Last year, when her studies at Northwest began, she moved into the dormitory and comes home on weekends.

Already she is receiving job offers but she says she intends to work in this immediate area.

Mr. Norman devotes his time to farming, but he is also interested in sports, and while his daughters were growing up, he was active in school affairs. The couple attend the Baptist Church and they like fishing and other outdoor activities.

Besides their two daughters, Shirley Stewart and Brenda Prince, there are four granddaughters, children of the Stewarts. They are Teresa, 9, Amanda, 6, Lori, 5, and Leah, two.

Mr. and Mrs. Harold Gattis had as guests in their home over the Memorial Day weekend, their son and his family, Mr. and Mrs. Donald Gattis and son of Georgetown.

Mr. and Mrs. Robert K. Price, the former Lois Crossland, of Midwest City, visited here recently to settle the property of her mother, Grace V. Crossland. Mrs. Crossland has moved from here and is presently living in Midwest City.

Mr. and Mrs. Thomas Hedger of Baytown visited from Friday until Tuesday with Mr. and Mrs. Walter Needham. The two women are sisters. Other relatives joined them in the Needham home. Mr. and Mrs. Hedger formerly lived here.

Mr. and Mrs. Bill Owens visited in Tulia Saturday with friends, Mr. and Mrs. Wilton Whitehead.

MRS. JAMES WILLIAM NEELEY  
Miss Carey Lewis, James W. Neeley, Marry in Church Rites Saturday

Miss Carey Anne Lewis became the bride of James William Neeley of Amarillo in a ceremony in First United Methodist Church Saturday, May 25, at seven in the evening. The Reverend James Boswell officiated.

The bride's parents are Mr. and Mrs. Robert Granville Lewis, 1203 East Avenue, while the bridegroom is the son of Mrs. C.O. Atkinson, 901 Childress Street, and the late Reece Neeley.

The altar was centered with an arched candelabra with cathedral tapers. On either side of the seven-branched candelabras were baskets of daisies. The satin covered prie dieu completed the arrangement.

Wedding music was presented by Mike Wilson, vocalist, and Mrs. Mark Sims, organist, both of Amarillo.

Mr. Lewis gave his daughter in marriage. She wore a floor length gown of candlelight silk organza over bridal bombazine. The high rise bodice was accented with a low round neckline overlaid with Venetian lace medallions encrusted with seed pearls. Long Juliet sleeves with lace medallions were attached to fitted cuffs. The controlled skirt front had sprays of lace and pearls, and swept to back fullness. Matching flower medallions accented the floor-length veil. She carried a cascade bouquet of white daisies and yellow roses, with foliage accents, and tied with satin streamers.

The bride's attendants were her sister, Mrs. Clyde Jennings of Austin, who was matron of honor, and Mrs. Gary Brewer of Hereford, Miss Cathy Gay of Clovis, New Mexico, Miss Cathy Singley of Lubbock and Miss Sandra McGill of Canyon.

They wore green voile dresses flocked with daisies.

## Shower Honors Miss Debbie McDowell, Fiancee of John Scott, Recently

The fiancee of a Wellington man, Miss Debbie McDowell of Brownfield, was honored at a bridal shower in the home of Mrs. Raymond Hodges Saturday, May 18.

Hostesses with Mrs. Hodges were Mrs. Richard Nall, Mrs. Ocie Scott, Mrs. Bob McAlister, Mrs. Ben Raliff, Mrs. Gary Killian, Mrs. J.B. Killian, Mrs. Wayne Martin, Mrs. Elmer Feemster, and Mrs. C.L. Watts.

Mrs. Hodges received the guests and presented them to Miss McDowell, her mother, Mrs. L.E. McDowell of Brownfield; the mother of the prospective bridegroom, Mrs. P.M. Scott, and his grandmother, Mrs. Mary Bledsoe of Shamrock.

Miss Zanna Jenkins registered the guests at a table covered with a pink velvet cloth, accented with a bud vase holding roses in pastel colors.

The refreshment table was covered with a pale blue sheer cloth, with sprays of flowers embroidered in seed pearls at each corner. A bowl of carnations in pastel colors was the centerpiece, crystal appointments were used. Mrs. Pat Glenn, sister of the prospective bridegroom, poured.

Out-of-town guests, in addition to Mrs. Bledsoe and Mrs. McDowell, were Mrs. Re Lummus of Shamrock and Mrs. David Britt of Wheeler, sisters of Mrs. Scott; the sister-in-law of the honoree, Mrs. Butch McDowell and children, Buffy and Misty, of Corsbyton; and Mrs. Robertson of Hollis, Mr. Scott's second grade teacher.

Dimmer switches built into a room's lighting system allows a change of effect.

Both the bride and bridegroom were graduated from Wellington High School. She is a senior in West Texas State University, Canyon. A graduate of West Texas State, Mr. Neeley is sports manager for Best Products, Amarillo.

Upon returning from a wedding trip to Dallas and the Gulf Coast, the couple will live at 7216 West 34th Street, Apartment 302, Amarillo.

MRS. CHRIS HUBBARD  
Chris Hubbard and Cecile Robertson Wed in Church Ceremony on May 17

In a candlelight setting at Second Baptist Church, El Dorado, Arkansas, Miss Cecile Robertson became the bride of Chris Hubbard Friday, May 17, at six in the evening. Officiating were the Reverend Bruce Murphy of El Dorado, and the Reverend Trozey Barker, a dean at Southwestern Baptist Seminary, Fort Worth.

Parents of the couple are Mr. and Mrs. Bruce Robertson of El Dorado and Mr. and Mrs. C.T. Hubbard of Wellington.

The altar was decorated with an arch covered by foliage and baskets of white gladiolas and daisies at the sides. Candelabras held lighted tapers.

Wedding music was presented by Ray Hatton, organist, and Trudy Grant, soloist, both students at Southwestern Baptist Seminary.

Mr. Robertson gave his daughter in marriage.

The bride wore a gown of peau de soie with chiffon. English lace trimmed the veil and cathedral train. Her bouquet was of white roses and baby's breath.

Miss Camille Robertson, twin sister of the bride, was maid of honor, while bridesmaids were Miss Jean Ann Robertson, another sister, Mrs. Brenda Rhodes of Monroe, La., Miss Carol Gray of Fort Worth, and Miss Jana Kay Andress of El Dorado, the bride's cousin.

They wore identical dresses of sky blue crepe with chiffon sleeves trimmed with daisies. Their chapel caps with net veils were of matching color, and they carried cascade bouquets of white daisies accented with white satin bows.

Ross Hartsfield of Abilene was best man and groomsmen were Bill Grantz of Abilene, Scott Gassiot, nephew of the bridegroom from Wellington, Terry Sanders and Mike Butler of Fort Worth.

Candles were lighted by Tracey Gassiot, niece of the bridegroom of Wellington, and John Andress, cousin of the bride of El Dorado.

Sherry Gassiot, another niece, was the flower girl.

The reception was held in the fellowship hall of the church. A white chiffon cloth covered the bride's table and the floral centerpiece was of white daisies. Lighted white tapers in crystal holders completed the arrangement and other appointments were of crystal.

Guests registered at a table covered with white chiffon, centered with a memory candle surrounded by blue net. Mrs. Kay Gassiot of Wellington, sister of the bridegroom, presided. Other members of the house party were Miss Louise Tomita of Hawaii, Mrs. Terry Sanders and Mrs. Mike Butler of Fort Worth.

The couple is now at home in Fort Worth.

The bride was graduated from El Dorado High School and holds a Bachelor of Music

## A Night in Monte Carlo Theme for Eighth Grade Banquet Recently

The new club room of Bura Handley Community Center was transformed into a scene in Monte Carlo as eighth grade students of Wellington Junior High School were honored recently with the traditional close of school banquet.

Parents of the students gave the entertainment.

Joe Ed White was master of ceremonies, while Pat White gave the invocation and Kloette Camp welcomed the students.

The program opened with the class history by Lee Ann Sessions, then seventh grade girls who served the banquet sang "The Girl from Ipanema." These included Kelley Covey, Jeanne Morris, Conni Daves, Laura Gragson, Peggy Popwell, Teresa Hodges and Vanessa Ingram.

Characters in costume gave two numbers, the class will by "Judge Sario" and the class prophecy by "The Count of Monte Carlo."

"The Continental" was sung by Starla Anderson, Darla Anderson and Debbie Hicks.

The eighth graders then said "Thank You" to their teachers with a song "We Sure Had Fun." Ronny Waters gave the benediction to close the banquet.

Afterwards, the parents of the eighth graders sponsored a social hour, which was a separate event from the banquet.

Banquet guests were Barbara Anderson, Darla Anderson,

Margie Anderson, Ricky Anderson, Starla Anderson, Clemon Blakes, Kelly Baker, Roger Baker, Lori Collins, Arnie Ingram, Cindy Hernandez,

Lyn Hurst, Susan Kimbro, Clay Don Lacy, Leigh Ann Jeffrey, Winford Sherrill, Annetta Ingram, Terry Fowler, Kloette Camp, Debra Wood, Tammie Lovell, Lee Sessions, Janice Ford, Connie Langford, Kathy Mote,

### GOLD FEVER

American investors have been bitten by the Goldbug and the result has been a wild scramble to "get in" on the modern day gold rush as the price of gold seems headed for \$200 per ounce or higher. Gold is currently selling for \$166 per ounce. That's down from a high of \$180 a few months ago, but still quadruple the price three years ago. The only way Americans can participate in the gold boom is through gold coins, such as U.S. \$20 gold pieces, Mexican 50 peso coins and British Sovereigns, or by purchasing shares of Canadian, South African and U.S. mining companies. Ownership of gold by Americans is still outlawed, but we may see a change in this after the June International Monetary Conference. The new Secretary of the Treasury, William Simon, is in favor of gold ownership by Americans, however the timing of the move is vital so as not to upset international monetary conditions.

The big profits in gold were made in the past 36 months, but prospects for a continued rise in the price of gold are getting dimmer for several reasons. 1. The supply of gold is controlled by a very small group of producers. Of the total free world gold produced in 1973, South Africa produced 76.9%, Canada 5.4% and the U.S. 3.2%. Therefore, the price of gold is what the South Africans want it to be. 2. Gold in the hands of governments is no longer used to settle payments deficits. Gold will not return as a base for money because the economic discipline of gold is too harsh.

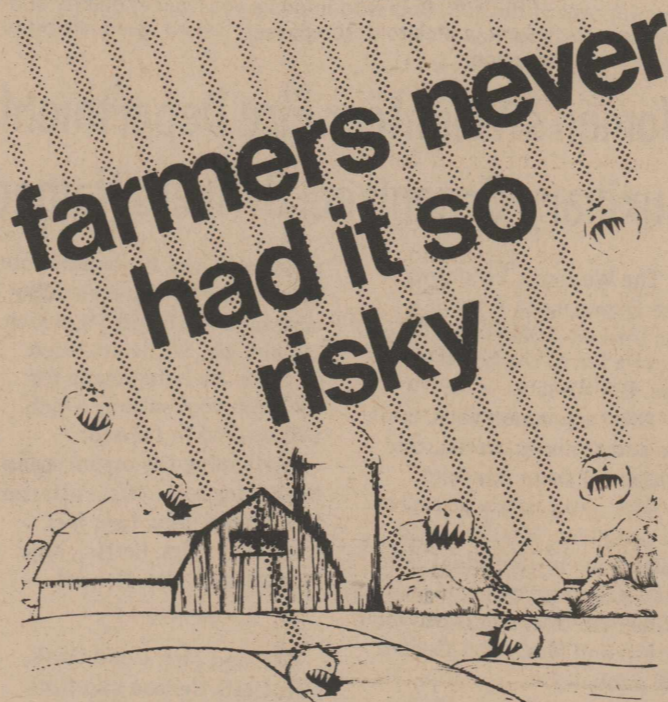

So if gold is no longer necessary to finance international trade, then there would be over a period of time a real incentive on the part of some governments to dispose of their gold. 3. Gold fever hits the greatest intensity when political and economic conditions are unstable. A period of international calm and prosperity will remove much of the need to flee from currency to gold. 4. The price of gold has risen far above the price at which it should be selling due to inflation. Dollar prices have tripled in the 45 years since 1929 and they have quadrupled in the 41 years since 1933. If you apply those multiples to the price of gold in 1929 and 1933, you will have a range of \$60 to \$140 per ounce. Additionally, gold has been a poor inflation hedge over the years.

## Area Students on CJC Honor Roll

Thirty-five students were named on the Dean's Honor Roll at Clarendon College for the spring semester, according to Loyd D. Waters, director of public information.

Leading the list were 20 students who completed the semester with perfect 4.0 grades. From Wellington, were Terry Boswell, and from Voc-Tech Department Dana Bell, John Christner from the North part of the county, and Kyle Janes. Among those with a 3.6 grade point average or better were Jackie Bell of Samnorwood and Terry Canada of Quail.

and I take this means of expressing my sincere appreciation to all of you for the business you have given me since 1944, when I went into the work. Your fine cooperation is something I won't forget.

I also want to thank the personnel of Soil Conservation Service and Salt Fork Soil Conservation District who have worked so closely with me in building soil conserving structures.

Your continued patronage of Danny Greenway is urged. He worked for me several years, and I can recommend him and his work to you. He is a fine young man.

## New Law Affects Farm Worker Pay

Recently-enacted federal legislation raised the minimum wage for farm workers who are covered from the present \$1.30 to \$1.60 an hour, effective May 1.

The minimum will increase to \$1.80 on January 1, 1975; to \$2 on January 1, 1976; to \$2.20 on January 1, 1977; and to \$2.30 on January 1, 1978.

"The differential in minimum wage for agriculture and

non-agriculture is wiped out by 1978," points out Kenneth Wolf, economist in agribusiness for the Texas Agricultural Extension Service.

"The newly-enacted amendments to the Fair Labor Standards Act do not change the exemption of agriculture from overtime requirements or the '500 man-day' test for coverage of agricultural employers."

Wolf advises each farmer to examine his records to determine whether he hired as much as 500 man-days of agricultural labor in any quarter of 1973. If so, the farmer is obligated to pay at least the minimum wage to all labor in 1974.

"Covered farm employers need to keep the new minimum wage requirements in mind in recruiting workers for this summer," adds the Texas A&M University System economist.

Also effective May 1, certain domestic service workers were covered by the minimum wage law for the first time, notes Wolf. In general, such a worker is covered if employed for a total of more than eight hours in a work week, even if the employment occurs in more than one household.

"However, domestic workers are not covered if employed on a casual basis for babysitting or companionship services for individuals who, because of age or infirmity, are unable to care for themselves," explains the economist.

The minimum rate for newly covered domestic workers is \$1.90 an hour. It will increase to \$2.00 on January 1, 1975; to \$2.20 on January 1, 1976; and to \$2.30 on January 1, 1977.

For non-agricultural employees covered before 1966, the minimum wage increased from the present \$1.60 to \$2.00 an hour on May 1. Next January it will go up to \$2.10, and a year later, to \$2.30.

## Four Wellington Students Get WTSU Degrees

Amarillo. —Four students from Wellington were among 984 graduates honored during West Texas State University's Spring Commencement exercises this month.

Graduates from Wellington include:

Gary Mark Brewer, son of Mrs. Quinton Brewer, 1602 Childress Street, completed the work for his degree in December, and since then he has been employed with an agricultural spraying service in Hereford. Brewer received a BS degree in agriculture.

Relatives attending his graduation were his wife, of Hereford; his mother, Mrs. Brewer, George and Elizabeth; Mr. and Mrs. Lucien Bearden and Mr. and Mrs. Billy Williams.

Sharon Cummings Risley, daughter of Mr. and Mrs. Fred Cummings, 1000 Arlington Street, received her degree along with her husband, Jerry Risley. Hers was a BS degree with a major in sociology and social work. Risley received a BS degree in agricultural science. They will live in Mill Creek, Oklahoma, where he will be associated with a ranch.

Mr. and Mrs. Cummings went from here to the graduation.

Edward Keith Orr (Eddie) received a BS degree in Animal Science, and he also completed his work in December. He was a member of the WT sen-

ior livestock judging team and competed at a number of places, including a national competition in San Francisco. He is the son of Mr. and Mrs. V.K. Orr, Jr. Attending the graduation were his wife, his parents and sisters, Miss Linda Orr of Amarillo and Beverly Orr.

Yates Parker completed his work in December for the Bachelor of Business Administration degree. Since then he has been employed by Electronic Data Systems in Dallas, involved in computer operation.

He is the son of Mrs. Wayne Parker. In WT, he belonged to the Society for the Advancement of Management.

Parker received his degree in absentia.

The ceremonies, held in the Amarillo Civic Center Coliseum, included the formal installation of Dr. Lloyd I. Watkins as president of West Texas State University.

Watkins, 46, former president of the Iowa Association of Private Colleges and Universities, began work at the University last August. He succeeded Chancellor James P. Cornette, who has served WTSU as president since 1948.

The first presentation of the new President's Medallion was made to Watkins as part of the installation ceremony. The medallion was designed and executed by WTSU art instructors Emilio Caballero and Darold Dean Smith.

THE WELLINGTON (TEXAS) LEADER  
Thursday, May 30, 1974

AUSTIN, Tex. — Texas Constitutional Convention delegates, bogged down again in debate, were told that, when they finally agree, they must get out and lead the campaign for a new constitution.

Louisiana Gov. Edwin Edwards and House Speaker E.L. Henry offered words of advice, comfort, cheer and condolences to their Texas neighbors concerning the business of constitution writing. Both had leading roles in adoption of a new Louisiana constitution early this year after a convention in 1973.

"You have got to take your document to the people, or it won't get done," Henry told the Texas delegates.

Special interest groups will reach their constituents, warned Edwards; so state officials must try to sell the new document drawn by the convention to average citizens who hold the swing votes.

At the same time, visiting Governor Edwards said it is highly doubtful the Louisiana revision would have been adopted had he not taken an active part in promoting it.

Meanwhile, Texas delegates had a bucketful of problems trying to get together on the judiciary article of their product. Merger of the Supreme Court and Court of Criminal Appeals, right of appeal by the state in criminal cases and status of county judges proved the toughest items to compromise.

Even before agreement could be reached on the judiciary, delegates plunged on into the general provisions article which promised some of the convention's highest-voltage controversies over so-called state right-to-work provisions and other tough ones.

REPEATERS ARRESTED — More than 65 per cent of arrests recorded through criminal fingerprint cards last year had prior records, the Department of Public Safety reported.

Twenty-five per cent of the 273,180 arrests were of 17-19 year olds.

Criminal arrest fingerprint cards increased 21,510 in 1973 over 1972. An average of 1,019 cards a day was submitted by 635 different Texas agencies and 18 out-of-state agencies.

### Tornado Season Calls for A Plan of Action Locally

The number of funnel clouds sighted in the county so far this season have resulted in only minimal damage, but they do remind that we, too, can become the target of a full-blown tornado.

While we are in this frame of mind, we might consider a comprehensive, workable civil defense program for Wellington in case of a tornado or similar disaster. Those who have seen the film, "Tornado" shown here several times in the last week, are aware how it would operate.

On the plus side, the hospital is required to have a complete plan for operation for any disaster. Law enforcement officers, firemen, ambulance service people and some others know what they would have to do. The county has a comprehensive CD plan relating to nuclear fall-out, although some may have forgotten. There is, on storage with the city, a mobile hospital unit adequate to care for a large number of injured persons on an emergency basis.

There remains, however, a need for a defense plan to be worked out until everyone in Wellington is completely familiar with what they should do if a tornado strikes.

The two tornados that devastated Lubbock covered an area a mile and a half wide and 8 miles long. You can see what something like that would do to Wellington.

#### Sugar Soured by Oil

"What has the price of crude oil got to do with candy?" you ask. Plenty. You've noticed those 15-cent candy bars lately, haven't you?

That price increase started last year when the Arab oil producers sharply increased the price of crude oil to an energy-hungry world.

The money poured in, and the Arabs went shopping for sugar. It wasn't so much the amount they bought, but the way they bought it — all at once, with price no object.

The world sugar price went from 8.35 cents per pound eight months ago to 26.25 cents per pound.

America's food and beverage processors saw the cost of a 100-pound bag of sugar go from \$13.55 a year ago to \$28.10.

Everything from soft drinks to the birthday cake jumped in cost, and Americans are only now beginning to feel the rising cost of sugar, one processor averred.

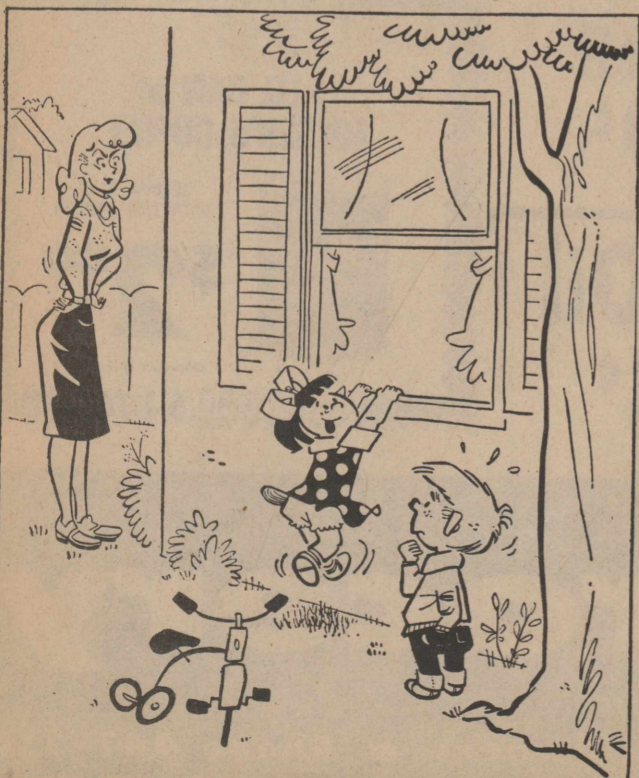

For many, many years, the standard-priced candy bar was a nickel. Most bars went to a dime about two years ago. Many are now at 15 cents and there is talk about an eventual 25-cent bar.

There is relief in sight, but not big relief. This year's world sugar production is estimated to be 81.8 million tons, slightly above the demand of 81.3 million tons.

But it marks the first time in four years that production has outpaced consumption. There is little reason for rejoicing, however, for world reserves are down and the supply-demand balance still is precarious.

Think about that next time you pull up to the gasoline pump. — The Fort Worth Star-Telegram

## CROSSROADS REPORT

Dear Editor:

My hard-shell neighbor says he can't feel as sympathetic toward Mr. Nixon as he would be feeling if the man had lived up to his guarantee.

He recalls that a tired-of-liberal-psychoelectorate put Nixon in office, and then he switched and took off with the liberal pack instead of after it.

He says the theory of representative government is the best in the world if, when electing representatives, the voters could be sure about who they really are going to represent.

## Short Takes

**Dwindling Population**  
Pitcairn, a lonely rock island 1,300 miles southeast of Tahiti, was settled by a few Polynesians and mutineers from HMS Bounty in 1790. It is suffering from a reverse population explosion; less than 100 people remain there.

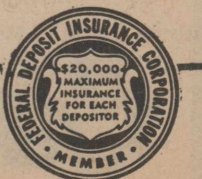

**Neutral Zone**  
George Washington's home at Mount Vernon was treated as neutral territory by arrangement between the North and the South in the Civil War. No armed soldiers ever invaded the home.

## Pinewood Derby to End Cub Scout Year

Tiny handmade wooden cars raced down a board track, some at a dizzy speed, others creeping along, as Cub Scouts held their annual Pinewood Derby Thursday, May 16, at 7:30 p.m. in the Legion Hall.

Pack champion was Windol Robbins, Jr., of Den 1, while Bill Reeves of Den 3 was second.

Trophies also went to Mich-

ael Breedlove of Den 4, whose car won first in design competition, and second to Jay James of Den 1.

Den winners, who received plaques, were Windol Robbins, Jr., Den 1; Wade Williams, Den 2; Bill Reeves, Den 3; and Jay Warrick, Den 4.

Judges were Charles Floyd and Glenn McLain.

Adobe Walls Cups were presented to the retiring Webelos leaders having served one year or longer, Delmar Turner, Sr., and James Herring.

Den 1 and the Webelos tied in the run for the attendance banner, each with 38 present.

Award presentations followed the Pinewood Derby, and badges were presented to:

Den 1: Darren Hall, one Silver Arrow and Perfect Attendance; Glenn Hamilton, Bear; and Jay Jones, Wolf, one Gold Arrow and two Silver Arrows;

Eddie Langford, Bear; Roy Mote, Bear; Eddie Trimble, Wolf; and Jim Warrick, Bear;

Den 2: Kevin McClendon, Bear and one Gold Arrow; Wade Williams, one Gold Arrow; Timmy Harris, one Gold Arrow.

Den 3: Bill Reeves, Wolf.

Den 4: Michael Breedlove, Wolf and one Gold Arrow; Jay Warrick, Wolf and one Gold Arrow; and Chad Holland, one Gold Arrow.

Webelos: Channy Wood, scholar; Sidney Herring, Perfect Attendance; and Ed Tom Campbell, Outdoorsman.

Summer activities were announced by the Pack Chairman, Mrs. Jimmy Langford, and include the Cub-O-Ree Saturday, June 22, at Camp M.K. Brown near Mobeetie; the Family Weiner Roast Thursday, July 25; and the Swimming Party Friday, August 9.

## Groves With 'Texas' Again; Rehearsals Start

Canyon -- "Texas" is in rehearsal for its ninth season. A hundred and forty people, actors, dancers, singers, light and sound crew, stage hands, costumers, ushers, ticket sellers, parking attendants, concessionaires met to hear plans and instructions for 1974 in the Branding Iron Theatre on the campus of West Texas State University to start rehearsals.

With "Texas" for the third year is David Lynn Groves, a member of the technical staff.

Members were called to order by the director, William A. Moore. After a few words about the traditions of the show from the historian, Mrs. Ples Harper, they received ideas of their schedules and plans from Margaret Moore, associate director, Neil Hess, Choreographer, James Kemmerling, technical director, and Raymond Raillard, executive vice president and general manager.

Members of the 1974 cast and company came from forty towns in seven states, and from Columbia University and the National Shakespeare Company in New York to the Film Actor's Playhouse in California.

"Texas" in 1974 will run from June 19 through August 24, nightly except Sundays at 8:30 p.m. CDST.

For tickets and information write "Texas", Box 268, Canyon, Texas 79015 or call 806-655-2182. It is advisable to make reservations in advance.

## Gray Twins Home From Hospital

Mr. and Mrs. Dany Gray brought their twin daughters, Charity and Chasity, home from Northwest Texas Hospital Tuesday, May 21. The babies were then four weeks old.

They were born at Memphis and taken to the Amarillo hospital the same day.

Miss Castleberry received her Bachelor of Arts degree with honors from Texas Tech University this spring, with majors in English and Spanish.

## American Legion Division Meet Slated June 8-9

San Angelo, June -- Legionnaires and Auxiliary members from the 16th, 17th, 18th, 19th and 21st Districts, comprising the Fourth Division of The American Legion, will assemble here on Saturday and Sunday, June 8-9, for their annual Spring Convention, Andrew J. Talafuse, Commander of Post 32, has announced. Frank King Post, Wellington, and Post 538 Dodson will be represented.

Registration will open at the Home of Post 32, the host post, at 9 a.m. on Saturday. Saturday afternoon there will be a Rehabilitation session with the Rehabilitation Staff of the Legion Department in charge. A reception will follow.

The Legion and Auxiliary will assemble for a joint banquet with Department Vice Commander Edward E. Graves presiding. Featured speaker will be Department Commander Lynn Steward of Fort Worth. A dance will follow the banquet.

On Sunday registration will resume at 9 a.m. A joint Memorial Service will also take place Sunday morning.

The Legion's business meeting will be called to order by Commander Graves. National Executive Committeeman Clayton Mann of Wichita Falls and Past Department and National Commander Joe L. Matthews of Fort Worth will bring greetings. A Department Vice Commander will be elected for the ensuing year and delegates and alternates to the National Convention to be held in Miami Beach in August will be elected.

## Mrs. Elliott Breaks Hip

Mrs. A.L. Elliott received a broken left hip in a fall at First United Methodist Church Saturday, May 25.

She was in the vestibule preparing to enter the sanctuary when she stumbled on a rug, Mr. Elliott said.

Mrs. Elliott was taken to Collingsworth General Hospital, but was due to be transferred to an Amarillo hospital for surgery at mid-week. Her husband said they do not know how long she will be there.

## Nation Now Free Of Hog Cholera

Special recognition to Texas swine producers and the Texas Animal Health Commission (TAHC), in Austin, Tex., May 24, marks a significant milestone in the national battle against hog cholera.

For the first time since 1962, all 50 states in the nation are recognized by the U.S. Department of Agriculture (USDA) as being "hog cholera free". A state must go for 12 months without a confirmed case to qualify for the designation.

A certificate recognizing the achievement -- signed by Secretary of Agriculture Earl L. Buttz -- was presented to Norman Moser, TAHC chairman, at a special meeting of the Commission

and Texas pork producers. Making the presentation for the Secretary was Dr. Francis J. Mulhern, administrator of USDA's Animal and Plant Health Inspection Service, (APHIS), Washington, D.C.

Dr. Mulhern praised Texas, as well as the other states, for efforts aimed at eradicating the costly disease in this country. "Great savings have already been realized," he said, "with only three infected herds reported nationally during the past 12 months."

"However, we must remain vigilant," he continued, "and keep up surveillance at farms and markets until we're sure this disease has, in fact, been eliminated." He said it was especially important for swine producers in the Southwest to remain vigilant because of the proximity to areas in Mexico where the disease is still widespread.

Hog cholera is caused by a virus which is highly infectious and usually fatal to hogs. It is completely unrelated to Asiatic cholera that affects humans.

The last Texas hog cholera case was confirmed May 2, 1973. The only hog cholera cases reported nationally this year were confirmed Feb. 7 in Mississippi and May 4 in Puerto Rico. Neither Mississippi nor Puerto Rico lost "hog cholera free" status, because those outbreaks were quickly confined and no spread to other herds occurred.

## Cummings Hurt On Motorcycle

Joe Cummings is due home at mid-week from an Amarillo Hospital, where he received treatment for a broken leg.

Cummings was injured Sunday, May 19, in a motorcycle accident while riding on the Red River Track prior to the regular races.

Both bones of his left leg were broken about four inches above the ankle, a member of the family said.

He underwent surgery in Amarillo and his leg is now in a cast. It will be about three months before he can return to work.

## Trucking Firm Represented at TMTA Convention

Austin, -- Mr. and Mrs. Wayne T. Cudd, Cudd Bros. Trucking, and Mr. and Mrs. Richard Nall will be in San Antonio May 30 - June 1 for the 40th Annual Convention-2nd Southwest Exposition of Texas Motor Transportation Association, which represents the organized truck and bus industry in Texas. Mr. Cudd is on the board of directors.

Highlighting the program will be addresses by Lt. Governor William P. Hobby, ATA Chairman of the Board Dillon Winship of Atlanta, Georgia, Dr. Paul Preston of Florida Atlantic University, Dr. John McKetta of The University of Texas at Austin, Dr. Robert Fulmer of Trinity University and Henry Alexander, President of TMTA and Vice President of Central Forwarding Inc. in Waco.

Dr. Preston, director of instructional media and assistant professor at Florida Atlantic, also has a private practice in which he specializes in seminars and organizational development workshops. He will keynote the Friday General Assembly; and Dr. John McKetta, a professor in the Chemical Engineering Department of the University of Texas who is well-known for his expertise in both the fields of energy and the environment, will appear on that same program.

Lt. Governor Hobby will be the featured speaker at a Friday luncheon.

Addressing the Saturday morning General Assembly will be TMTA Chairman Winship president of Georgia Highway Express in Atlanta, and Dr. Fulmer, who is considered an authority on management technique.

Alexander, who has served during the past year as TMTA's top elected official, will speak at the Saturday Assembly and will preside throughout the three days of activities.

Humorists scheduled for the Saturday luncheon and the Saturday night President's Banquet are Newt Hielscher of Shreveport, La., and Homer Leonard from Austin.

TMTA's 40th Annual Convention-2nd Southwest Exposition will officially open at 1 p.m. on Thursday with an Exposition Ribbon-Cutting Ceremony at the Entrance to the San Antonio Convention Center Exposition Hall. The Exposition which is open to the public is open from 1:30 to 5 p.m. on Thursday, from 1:30 to 5 p.m. on Friday and from 9 a.m. to 3 p.m. on Saturday.

Gifts and prizes will be awarded daily in the Exposition Area, and all persons going through the exhibits area will be eligible for prizes simply by filling out tickets available at the entrance and from individual exhibitors.

The Exposition is being sponsored by truck and bus associations in Arkansas, Louisiana, Oklahoma, New Mexico, and Texas and is being held in conjunction with TMTA's annual meeting.

All events of the TMTA Convention will be in the San Antonio Convention Center, and will be limited to the morning hours so that there are no conflicts with Exposition events in the afternoons.

## Brewer Heads Student Body

George Brewer, who will be a junior in Wellington High School next year, was elected student body president in recent elections. He will serve the term of 1974-75.

He is the son of Mrs. Quinton Brewer and will succeed Tim Jones who held the office this year.

The other nominee was Steve Emmert, a member of the junior class and son of the Rev. and Mrs. Ervin Emmert.

## Bigness Continues In Cattle Feeding

COLLEGE STATION -- The trend toward bigness in the cattle feeding industry continued in Texas during 1973, reports Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

"Cattle feeding has become even more concentrated in the larger feedlots lately. Of the 1,533 feeders in the state last year, only 233 had a one-

time capacity of 1,000 head or more, and these accounted for 98 per cent of all the cattle fed in Texas," the specialist points out.

According to Uvacek, only those feedlots with one-time capacities of 8,000 to 16,000 head and those that could handle more than 32,000 head increased in numbers from a year ago. Six feedlots were added to the first group while seven joined the ranks of the 32,000 head or better group.

"The super-large feedlots, those with a capacity of 16,000 head or more, totaled 66 in 1973 and accounted for 76 per cent of all the cattle fed in the nation," adds the Texas A&M University System specialist.

With the continued trend toward large feedlots, Texas should have little difficulty holding on to its top-ranking position among cattle feeding states.

## Nall Graduates From Texas A&M

COLLEGE STATION -- Ricky L. Nall of Wellington has been awarded an undergraduate degree from Texas A&M University.

Nall, son of Mr. and Mrs. Richard Nall, 1606 Graham, received his degree in agricultural education.

TAMU had a total of 1,961 spring graduates.

Nall also was listed on the list of Distinguished Students for the spring semester, with a grade point average of 3.88.

In a letter to the young graduate, Dean H.O. Kunkel and Associate Dean R.C. Potts said:

"It's with great pleasure that we confirm the fact that you have earned the designation of a 'Distinguished Student' for the spring semester of 1974. It certainly is an honor to be among those students that have compiled a GPR of 3.25 or better. The faculty and staff in the College of Agriculture extend to you our congratulations.

We know that those students who make such fine records are dedicated to academic pursuits. We trust you are proud of this accomplishment and that you will continue to perform at a high level of excellence.

We trust since you are now a graduate of Texas A&M University that you are involved in an interesting and challenging program. We wish you success in your endeavors and if this office can be of assistance to you, please feel free to call on us."

## Canyon Youth Golf Medalist

Jerry Allen, son of Mr. and Mrs. Charles Allen of Canyon, recently was named low-score golf medalist in the Panhandle Junior High Athletic League.

Jerry is a member of the Canyon Junior High School golf team, which also won first place in the league competition.

Teams of eighth and ninth grade students from Pampa, Perryton, Borger, Hereford, Dumas and Canyon competed in the various tournaments.

Jerry is in the eighth grade and formerly lived in Wellington. He is the grandson of Mr. and Mrs. Paul Starr.

## Danny Greenway Buys Pendergrass Dirt Construction

Danny Greenway has announced the purchase of the dirt construction business and equipment from Skeet Pendergrass.

Mr. Greenway was employed by Mr. Pendergrass for several years and is already completely familiar with the business operation, as well as the needs and requirements of the Collingsworth area farmers he will work with.

A considerable part of his experience has been in work that had to meet specifications of the Soil Conservation Service, Mr. Greenway pointed out, and he is therefore qualified for this type of precision dirt construction work.

He grew up in Memphis and lived there until moving to Wellington 8 years ago.

## Bob Albright Dies at Boerne

Bob Albright, 51, of Boerne, who lived here as a youth, died at 12:30 a.m. Saturday, May 18, at his home of an apparent heart attack.

He was born at Hollis August 27, 1922, and grew up in the Olympus community of Childress County. He was graduated from Wellington High School in 1941.

Later he was an aviation mechanic at Childress Air Force Base, and he was employed by the Federal Government at the time of his death.

Survivors are his wife, Mrs. Juanita Albright of Boerne; two sons, Scott and Paul of Boerne; two sisters, Mrs. Edna McNabb of Childress and Mrs. Peggy Wilds of Fort Worth; and a brother, Shannon, of Arlington.

His mother, who was employed at the Loco School cafeteria, died about a month before his graduation, while his father had died several years earlier.

## S-Sgt. Harper Goes to Iceland

S-Sgt. Clifford Harper left Tuesday, May 28, for his new assignment in Iceland. Although he is in the U.S. Air Force 57th Fighter Interceptor Squadron, he will be assigned to the Keflavik Naval Air Station.

He returned only recently from an assignment in Korea, and joined his wife, Alona, and their children, Lloyd, 8, Bobby 5, and Melissa, three, at Mather Air Force Base, Sacramento, Calif.

While here, they visited her parents, Mr. and Mrs. Doyle Sain in Dodson, and with his mother, Mrs. Marie Harper in Altus, Okla., also with relatives in Wellington.

Mrs. Harper and the children will live in Dodson during

## Norwood Seniors Visit Colorado

Samnorwood seniors left Friday night, May 24, following graduation on their trip to Estes Park and other points in Colorado.

They were to remain at Estes Park through Monday, then spent Tuesday in Denver visiting the Museum of Natural History and the United States

the year he is in Iceland.

A former Dodson man, Sgt. Truman Lewis, is already stationed at Keflavik. He, too, is with the 57th Fighter-Interceptor Squadron.

Mint.

En route home, they will stop for a day in Colorado Springs, and possibly visit other points before their scheduled arrival at Samnorwood School Thursday at 3:00 p.m.

Going to Colorado were Supt. and Mrs. Rex Peeples, Mr. and Mrs. J.H. Oldham, Mrs. Charles Roberts, Jimmy Brown who is class sponsor, and these seniors: Kim Martindale, Johnny Morgan, Ralph Graves, Paul Gowin, Chrissie Paschal, Harold Hill, Mike Oldham, Steve Trostle and Ben Segura.

Don't just store it away and forget it--sell it with a classified ad in The Leader and use the money to buy something you need.

## Farmers Seek Crop Insurance Program

County farmers are seeking approval for the Federal Crop Insurance Program in Collingsworth County, like that now operating in Childress and Hall Counties.

Heading the work are Rudie Tate, Wilbur DePauw and Farris Wood.

Application for the insurance program will be made to the FDIC state director as soon as the needed number of signatures are secured on petitions being circulated. Only a limited number of new counties are accepted each year.

The program would be almost identical to that of the late 1930s and early 1940s, Mr. Tate said. It would insure against all types of loss, including drouth, he added.

"It is a totally voluntary program and up to each farmer if he wants to use it," Mr. Tate continued. "Federal Crop Insurance is not meant to do anything except cover production cost. It is no get rich deal."

Loss payments would be on the basis of yield set up for the farm, which would be determined by soil type, rainfall, past loss history and the ASC yield. Payment is also determined by the period of the crop's

## VA Claims Now More Flexible

The Veterans Administration advises veterans not to allow loss of a birth certificate or marriage license to deter them from applying for benefits.

Jack Coker, Waco Regional Office Director, cited a regulation in effect since October 1971 under which less formal proof of marriage and birth are acceptable in establishing claims for higher benefits.

A veteran's or widow's certified statement of marriage is sufficient on applications for compensation and education benefits for veterans, widows and orphaned children, provided neither he nor his wife has been married before, and VA has no contradictory information on file, Coker explained.

Coker noted that a certified statement now is acceptable regarding birth of a child of a veteran's marriage, and as proof of age and relationship in disability cases. Before the regulation change, Coker pointed out, VA required all statements of marriages and births to be supported by formalized documentary evidence.

growth in which the loss occurs. Childress and Hall Counties, along with Guadalupe County in South Texas, were pilot counties in 1973 and are in the program again this year. Mr. Tate said about 15 petitions are being circulated and are also at the two banks.

# Deck's DIDACTICS

—by Deskins Wells

SENATOR J.W. Fullbright, who had served 30 years in the U.S. Senate, was defeated by Gov. Dale Bumpers in Tuesday's election. Prior to becoming governor in 1970, Bumpers only experience as a public official was as a member of the school board and city attorney of a town of 1,500.

SENATOR Fullbright was an able and experienced legislator and had served Arkansas in a distinguished manner for three decades. His work in behalf of agriculture was outstanding as were his endeavors in many other fields. So his defeat was not a lack of ability. We must look elsewhere.

THE DEFEAT cannot be attributed to his stand against the war in Vietnam although he was unpopular enough among the Hawks at one time. Fullbright was one of the first in the Senate to speak against this costly and disastrous war and he continued to do so until the United States withdrew its Armed Forces.

FULLBRIGHT was a Democrat; but the disillusion that has followed Watergate and the overexposure of public officials on TV and the newspapers has affected Democrats as well as Republicans. It is not an easy time for public officials in high places. Members of both parties are on trial in the public mind if not in the courts of the land.

WE ARE not the only part of the country that has suffered loss from hail. Extensive damage to wheat has been reported from Altus and Chillicothe and other neighboring places. The yield in areas farther south where harvesting has started is better than was expected a month ago. Growers are combining from 8 to 20 bushels an acre depending upon the severity of the drought.

THE USDA may be correct in reporting the gigantic wheat crop of 1974 for more acres were planted in wheat than had been done in the last twenty years. But the huge yield must come from some other place other than the Panhandle, North Texas and Southeastern Oklahoma. Perhaps it is in Kansas, Nebraska and states like that.

SUNDAY, May 26, was as perfect a day in May as you will ever see. There was no wind all day long. Bright sunshine sparkled the water still standing in the contour rows in the fields and the sides of the road were bright with flowers.

IT WAS particularly a memorable day for me. Dr. and Mrs. Ansel McDowell were here with my four grandchildren. We went to Hay Camp for lunch. It turned out to be something of a family reunion without being planned. Mr. and Mrs. James Sullivan and their daughter, Phyllis, were there as well as Katy Sullivan and Susan Ray and Mrs. Becky Wells and the Roy Horns. So Diane and her family got to visit a lot of relatives without looking them up. We did not leave the grounds until after three o'clock in the afternoon.

TEMPLE SLAY says he does not like the straight-in parking now in effect around the square and that he has not heard from anybody who does like it. Well, I will admit, I have not heard of anyone shouting praise on the merit of the plan.

SINGLE parking in the center may be necessary; but the straight-in parking at the curb is causing a tremendous amount of annoyance. It should be changed back to angle-parking.

Revent visitors in the W.A. Gollighugh home were Mrs. Gollighugh's father, Rev. C.W. Squyres of Lawton, Okla.; her brothers, Rev. D.C. Squyres of Riverside, California; and C.W. Squyres, Jr. also of Lawton, Okla.

## Four-H Horse Club to Meet

The Collingsworth 4-H Horse Club will meet Monday, June 3, at 7:30 p.m. to organize for the summer program, County Agent Don Reeves announced.

The club will meet each Monday at 7:30 p.m. at the VFW Rodeo Arena in northwest Wellington, he said.

## Twenty-One Finish Emergency Course

Twenty-one Wellington and Shamrock residents completed the 24-hour emergency medical care course offered here by the Texas State Department of Health.

All those enrolled were from law enforcement agencies, fire departments or ambulance services.

Bob Barnes and Barry Irwin of the State Health Department, Austin, were the instructors for the six sessions.

Skills and practice, plus lectures and films were used in the instruction, and no point was passed until all those enrolled had mastered it. Considerable equipment used in emergency medical care was set up for the use of the group.

Covered were all types of first aid, splints, mouth to mouth resuscitation, heart massage, emergency child birth, back injuries, shock treatment and others.

Those completing the course were Johnny Brown, Deputy Sheriff Henry Hobbs, Elmer Green, Johnny Green, Billy Wilkerson, Fire Chief

## FFA Members to Electric Meet

Two Wellington High School Future Farmers of America members, Rudy Bias and David Null, will participate in a three-day farm electrification workshop June 10-12 at the Episcopal Conference Center, north of Amarillo.

More than 80 FFA members and vocational agriculture teachers will attend the workshop, sponsored by Southwestern Public Service Company. Instruction will be offered in farm motors, farm wiring and controls. The five outstanding students will win a trip to the national FFA convention at Kansas City.

Rudy Bias will take the course in motors, while David Null will participate in farm wiring.

## Coveys Return To Make Home

Mr. and Mrs. Sandy Covey and small son, Scott, have returned from Vernon and will make their home southeast of Wellington.

Mr. Covey taught art in the Vernon Schools during the 1973-74 term.

He will be associated with his father, Fred Covey, in their farm operations.

## Flag Golf Tourney Set at Green Acres

The Green Acres Golf Club committee will hold a Scotch-Type Partnership Flag-Race golf tournament for Sunday, June 2, Noel Overton, president, has announced.

Those wishing to enter may do so Saturday afternoon, June 1, and a member of the tournament committee will be at the club house after 9:00 a.m. Sunday. Committee members are Mr. Overton, Bill Long, Weldon Cleveland, Henry Sullivan and Jack Neeley. Those who cannot enter at either of these times may contact Mr. Neeley at Wellington State Bank.

All entries must be in by 10:00 a.m. Sunday. The entry fee is \$5.00 per a partnership team (\$2.50 per player). Golf balls will be given for first, second and third place team players.

In this type of play, Mr. Overton explained that each partnership team will be assigned a designated number of strokes according to the previous tournament handicap. Team members will alternately stroke the ball in regulation play until all assigned strokes are used. The point where the ball comes to rest following the last allowed stroke designates that member's flag placement.

The flag placed farthest around the course from the starting tee will be the winner. Handicaps are: "A" player 72 strokes; "B" player 77 strokes; "C" player 84 strokes and "D" player 90 strokes. The team handicap is the average of the two players stroke score.

## Old Oil Wells May Pay Off

LUBBOCK -- Old oil wells may be an important new source of oil and gas and plans are needed for further exploration of old wells to recover overlooked and bypassed oil.

A.H. Youmans, manager of research for Dresser Atlas Petroleum Services Division, Dresser Industries, Inc., Houston, will discuss exploration for new oil in old wells during the 21st annual Southwestern Petroleum Short Course April 18-19 at Texas Tech University.

Exploration logs, electronic interpretations of various characteristics of possible bearing formations, including the Neutron Lifetime Log and the Carbon/Oxygen Log, can be used to explore for additional oil and gas in old wells, according to Youmans. Using new logging techniques and improving them further could bring the industry to the point that all types of oil bearing rocks could be identified and their oil content assayed.

"At present there is no significant program of exploration using cased hole logs," said Youmans.

Mohawk Mass Sunday Mass in the Mohawk language still is celebrated at Caughnawaga, an Indian reserve on Montreal's south shore. Descendants of Indians converted from animism in the 17th century have lived on the site ever since.

Edward Davis of Farmington, New Mexico, and Mrs. Frank Wachter of New York City, visited their mother, Mrs. Nannie Johnson and other relatives in Wellington, Childress and Clarendon over the Memorial Day weekend and Mrs. Wachter (Edith Davis) is spending this week in Texas.

## Hiett & Hiatt Buy Redi-Mix Cement Plant

Perry Hiatt and Gary Hiatt of Shamrock announced this week they have bought the Redi-Mix Plant located at 1205 Eighth Street from Horton and Harwell. It will operate as Hiatt and Hiatt Construction Co.

The Hiatts live in Shamrock, but Mr. and Mrs. Gary Hiatt and baby plan to move to Wellington as soon as housing can be located. She will be remembered as Waleen O'Hair. Mr. Hiatt is a graduate of Samnorwood High School and the son of Mrs. Velma Hiatt, now of Vinson.

The company will specialize in cement work, and also will do backhoe work, they announce.

## Altom Relatives Here from Calif.

Recent guests in the home of Mr. and Mrs. Garner Altom were their son Prince, his wife, Leta and their two year old granddaughter, Courtenay, from San Francisco, California.

Prince Altom, a 1969 graduate of Golden Gate Baptist Theological Seminary, is Director of Religious Activities on the Presidio (ArmyPost) and pastor of Twenty First Avenue Baptist Church, San Francisco.

His wife, Leta, a native of Ft. Worth, is Art Director and advertising manager for home yardage of San Francisco. Rev. Altom was soloist in the evening service of First Baptist Church while in Wellington.

Also visiting in the Garner Altom home during their sons visit were Mr. and Mrs. Edgar Altom of Eastland, Garner Altom's father and mother, also his sister and her husband, Mr. and Mrs. Don Tow of Temple, Texas.

## UT Has Eastern Study Center

AUSTIN (Sp.) -- As more of the world's eyes focus on the Middle East, University of Texas students have the advantage of the only large center devoted to Middle Eastern studies within 1,000 miles of

Austin. Through UT's interdisciplinary Center for Middle Eastern Studies, 57 Middle Eastern courses are taught each semester to about 3,000 students. The UT Center emphasizes the modern rather than the historical Middle East, and includes study of four cultural groups -- Turks, Persians, Arabs and Israelis. UT library resources for Middle Eastern studies have grown to 62,500 volumes. Sell it with a Classified Ad.

## Randall Sims Wins Conservation Award

A Wellington High School student, Randall Sims, 16, was the Region I first place winner for the 1974 essay contest of the Texas Conservation Awards Program. He is the son of Mr. and Mrs. B.M. Sims.

He and other winners were honored at the Region I Awards Banquet at Plainview on May 7.

The essay contest is open to all Texas students, winners are named from each region, and state winners are also named.

The Texas Conservation Awards Program is sponsored by the Ft. Worth Chamber of Commerce.

Attending with Randall were his grandparents, Mr. and Mrs. John Coleman, also Mr. and Mrs. John Brim and Mr. and Mrs. J.W. Thomas and Jack Thomas.

Here is Randall's award winning essay:

### OUR SOIL -- OUR STRENGTH

When God made the Earth, He could have finished it. Instead, He gave us a world unfinished so that we might share in the joys and satisfactions of creative achievement. As land is one of man's most valuable assets, we need to keep aware of the soil's strength as prime collateral in our survival across the long tomorrow.

Today the world grows smaller as our population and pollution expand. Unfortunately, most people focus more attention on criticisms than on solutions. Let us explore and examine some ways to strengthen our good earth and ourselves.

The guardians of our soil make possible the production of food and fiber so essential to health and well-being of our families. With vision, these men plan ahead for wiser land-use which permits consistent harvests. With the conservationists' suggestions, farmers and ranchers have well-kept fields and grasslands which dev-

elop God's gift of soil and water. For decades such men as individuals and as units have dealt kindly with our precious land. Now others in various ways have recognized the need to think of tomorrow when using our natural resources today.

## Jim Langley Has Heart Surgery

Mr. and Mrs. Aubrey Stuckey took Mr. and Mrs. Jim Langley to Amarillo Monday, May 20 for Mr. Langley to enter St. Anthony's Hospital for heart surgery.

They were joined there by all five of Mr. Langley's children: J.W. and Hoyt Langley of Paris; Mr. and Mrs. Loyd Langley and Mr. and Mrs. Denny Marcum of Wellington; Mr. and Mrs. Donald Langley of Quail.

Mr. and Mrs. Stuckey returned home Thursday evening but the others remained with their father until Sunday. Mr. Langley was moved to a private room on Monday and his recovery is remarkably well, the family said.

Consumption of milk and milk products is greatest in Ireland, Finland, New Zealand, Sweden, Australia and Canada, according to Encyclopaedia Britannica.
