KNIGHTS OF PYTHIAS MET MONDAY NIGHT

A large number of Knights of Pythias were at the meeting held at the court house on last Monday evening for the purpose of talking over the advisability of organizing and instituting a lodge at this place Steps were taken for immediate organization and just as soon as permission can be secured from the State headquarters the lodge will be installed. There are quite a number of Knights here in Perryton and no doubt this order will soon be one of our leading fraternal lodges.

On next Monday night, W. L. Beardsley, Grand Chancellor of Oklahoma will be present and deliver an address. Knight Beardsley is a very able speaker and will no doubt be greeted by a large attendance. Meetings will be held at the courthouse every Monday evening at 8:00. All visiting members are cordially invited to visit with the local lodge.

METHODIST REVIVAL STARTS APRIL TWENTY-THIRD

Word has been received that Rev. Albert C. Fisher and his evangleistic party will be here to start our big meeting on Sunday, April 23rd. Rev. Fisher is a very able man and he writesus to have every thing in readiness for a great co-operation revivial campaign. He has recently closed a very successful meeting at Tulia, Texas, where he had many conversions. We earnestly invite every one who is interested in the religious welfare of our town and country to co-operate with us in this campaign. The meetings will be for all. Let every one who prays, pray for a great revivial.
W. A. HITCHCOCK, Pastor Perryton M. E. Church.

Allen M. Wilbanks Jr., H. C. Coffee and Sheriff Talley made a trip to Plemons the fore part of this week where they were witnesses in the Poole case.

TWO ALDERMAN TO ELECT IN APRIL

Mayor Forbes has issued a notice calling for a city election on Tuesday, April 4th for the purpose of electing two alderman to succeed J. L. Dodson and J. H. Nenfield. As yet we do not know whether these two gentlemen will be candidates to succeed themselves. Who ever is elected to these offices should be a man that stands for progress in every sense of the word, and is willing to give freely of his time to the business of the city. The man who holds the office of either Mayor or Alderman does not start to near receive enough compensation to pay him for the time he loses from his business.

SCHOOL HOUSE CONTRACTS LET TO LOCAL MEN

The local firm of Doores, Keller and Birt were the successful bidders on the contract for the erection of the tile and stucco school building at New Hope and Lone Tree. We are glad to see home men get these jobs for it means that home men will be employed and that practically all material will come out of the local yards. The contractors will begin work at once, in fact they have already placed some of their sub-contracts. John A. English, a home brick mason has been awarded the contract for the furnishing and laying of all the brick and tile work on the two buildings.

TO I. O. O. F. GRAND LODGE

Mr. and Mrs. George W. Cutter will leave next week for San Antonio, Texas where they will attend the sessions of the Texas Odd Fellows and Rebekahs Grand Lodge. Mr. Cutter goes as the representative of the Perryton Odd Fellow's Lodge and Mrs. Cuter will represent the local Rebekah Lodge.

The little son of Jim Bryant has been very sick for several days with a severe cold.

SEBASTIAN'S SALE ON TWENTY-SEVENTH

P. H. Sebastian has announced that he will hold his sale of Shorthorns and Poland China Hogs on Monday, March 27th. This sale was originally posted for February 28th, but had to be postponed on account of the inclement weather. One of the best herds of Shorthorns in the Panhandle of Oklahoma and Texas will be sold on this date.

There are thirty head of choice Poland China sows and gilts that cannot be beat for quality in this section. If you do not have a catalogue write P. H. Sebastian, Perryton, Texas. The farm where the sale will be held is 8 miles north and 7 miles east of this town. Everybody is invited to come and spend the day, there will be dinner for everybody at noon.

WILL THERE BE A REPUBLICAN COUNTY TICKET?

Political stuff is brewing these days and one can get a whiff at every corner. One of the chief topics for discussion is whether or not there will be a Republican ticket out for the county offices. After hours of patient waiting a representative of this paper was granted an interview with one of the powers that be in the G. O. P. ranks. After said interview we emerged from that sanctuim of sanctorums with all kinds of political dope injected into our system, but as that worthy gentlemen requested us to not publish same for a few days, well we can't say a word, but if we were betting, we would lay our money that there will be a Republican ticket in Ochiltree county this year for the first time in the history of the county.

HOLT'S ADVERTISEMENT WINS PRIZE AT WICHITA

A plumbing advertisement which was run in a recent issue of this paper was awarded third prize in a contest during the Merchants' Better Business Week and Better Business Institute held at Wichita on February 21, 22 and 23. These prizes were given for the best advertisements ever run in a local newspaper and were open to all merchants and newspapers in Wichita's trade territory. We consider that the winning of this prize is quite an honor to Mr. Holt and to this paper.

DISASTROUS FIRE AT SPEARMAN

Flames which started from the explosion of a coal oil stove in the Real Estate office of McLain & McLain swiped out seven business houses on the east side of Spearman's main street last Wednesday evening. This is a serious loss but it is nothing more than any town with frame business buildings can expect. We will have the same experience here in Perryton some day and let us hope that our loss will not be any more than that of our neighbor town.

The business houses that were destroyed were, Crawford Hotel, Barber Shop, Arcade Theatre, Haas Shoe Shop, McLain & McLain Realty Co., Main Cafe and Haile & Raney Insurance Co. The Haas Shoe Shop was owned and operated by A. L. Haas who left here several months ago to put in this shop at Spearman. While here Mr. Haas was employed by The Plainview Hardware & Furniture Co. and The Evans Harness Co. He has many friends here who sympathize with him in this loss for he had no insurance at all on his property. C. C. Carter, owner of the Panhandle Cafe here also was a heavy loser in this conflagration, he being the owner of the Main Cafe which went up in smoke.

A call was made for the Perryton fire department to go to Spearman, but as they have no water supply it would have been useless for them to have made the trip. However several car load of Perryton citizens went over but they got there too late to be of any assistance. Serious as this loss was to Spearman they are indeed lucky that the flames did not do more damage, for practically every glass was broken in the fronts on the west side of the street and from all reports it took some heroic work to save these buildings from destruction also. We sympathize with the town of Spearman in this loss but then it may be for the best for no doubt good substanial fire-proof buildings will replace these burned structures.

SALVATION ARMY TO HOLD REVIVIAL

The Salvation Army have secured the services of Evangelist O. G. Coomdes of Beaver County, Okla. who will start a revivial at the Army Hall on Saturday evening. March 11th.

The Herald $1.50 a year in advance.

PIE SUPPER AT M. E. CHURCH NEXT WEEK

Every body who likes to have a good old time in a good old fashioned way are invited to come to the Methodist Church on Friday evening, March 17th. There will be a minor attraction and a main attraction. Of course every body is expected to either bring a pie or come loaded down with plenty of "plunks" to buy one. This is the minor attraction but the stellar event of the evening will be the auctioneer of this said pies. He is none other than our very own, one and only Col. David D. Shanks. Come and hear him and incidently help out a good cause for all the proceeds from this pie supper will apply on the piano fund, it being hoped that enough money will be raised on this night to clear the piano indebtness.

OCHILTREE SCHOOL LITERARY TONIGHT.

The Literary Program, which was to have been rendered at the Ochiltree School on last Friday night was postponed on account of the inclement weather and bad roads, will be given tonight. The programs which are being rendered at this school are exceptionally good and show that much thought and time had been given to their preparation. Patrons of the schools should show more interest in the literary efforts of the pupils and attend these literary nights whenever possible.

ANOTHER BIG SNOW IS NOW FALLING

As we go to press another big snow is covering up the ground with many dollars worth of crop producing moisture. Wow, and who said it looked like a dry year. The prospects are getting better for a bumper crop every day. At the time of writing there has fallen at least six inches and it looks as if it was good for another day of it.

C. H. LANE FINED FOR ASSAULT

In the case of the State of Texas vs. C. H. Lane, proprietor of the City Barber Shop, for assault on the person of H. C. Selby, the defendent was found guilty and assessed a small fine. Lane was first convicted in the City Police Court but his attorney appealed the case to the County Court.

WILLIAM BOBERT GARRETT

Died, at his home in our city, Tuesday, March 7th, 1922, William Robert Garrett, aged 72 years and 6 days. Mr. Garrett was born on March 1st 1850 in Washington County, Virginia. In 1875 he heeded the call of the west and moved to Wise County, Texas where he lived for eleven years.

He was one of the earliest settlers in this county, coming here in 1886 and settling on the farm on which he lived to his death. S. C. Brillhart came here at the same time and they were the oldest living residents of this county. For years after Mr. Garrett settled here he hauled all of his supplies from Dodge City, Kansas and the nearest post office was Mobeetie.

In 1894, he was married to Martha Jane Tate of Greendale, Virginia. To this union were born six children of whom two sons and three daughters are still living. The children ar all living at home. They are Freeman L. Charles R., Mary, Louise and Etta Mae.

Mr. Garrett was strictly honest in the service he rendered. In short he was not only a Christian, but he was an honorable gentlemen, in the highest sense that the word implies. He commanded the respect of all sects and classes of people as the attendance at the funeral fully verified.

The funeral services were held at the Methodist Church on Wednesday afternoon, Rev. W. A. Hitchcock, officiating, after which all that was mortal was placed in the Ochiltree Cemetery. The pall bearers were all men who had lived here and worked with the deceased through the hard early days. They were E. L. Whippo, B. S. Ellis, C. T. Jackson, A. W. Thurman, J. F. Klapp and Geo. M. Perry.

The floral offerings were many and beautiful and were a fitting testimonial to the esteem in which the deceased was held. The Herald extends our heartfelt sympathy in this sad hour.

DEATHS

Died, at the home of her parents near Boyd, Okla. on Friday, March 3rd 1922, Margaret, the little daughter of Mr. and Mrs. William George, aged 4 years, 5 months and 24 days. Interment was at the Betheny Cemetery on Saturday, March 4th.

The infant child of Mr. and W. L. Smith, who live east of the Union School in Beaver County, was buried at the Blue Mound Cemetery on last Thursday.

Wealth That Works

Money saved and deposited in a bank is wealth that works. Wealth that works is capital. Unlike brain and muscle, it does not wear out or deteriorate. It grows and improves.

The only gain from labor is what is saved. Labor, therefore, makes wealth and when wealth works it is capital.

Capital at work pays wages, which, when saved, creates more captial. Labor is the producer when labor saves.

Own Your Home

THE joy, pride of ownership, comfort, convenience, security, satisfaction, and happiness that home building brings is worth more than your home will cost. Your garden, your fire-place, the many little personal conveniences give supreme contentment because your home expresses your tastes and personality. It is in every respect, "YOUR HOME."

It Is Cheaper To Build Than Pay Rent

You may be sure of one thing wherever you live, you can't escape paying rent either to a landlord or yourself. You may have wondered whether it is cheaper to pay for the privilege of living in another man's house or to build and own your own home.

Let's talk it over and look some of the facts squarely in the face. Let's consider the proposition from a dollar and cents point of view as an investment.

Rent paid to a landlord include taxes, insurance, up-keep, the wear and tear on the property. In addition you must pay the landlord a fair return on the money invested in the house you rent. This varies in different localities. It is seldom less than eight per cent and is ten per cent here. Under present conditions eighteen percent is a fair return that people must pay that rent homes. This percentage is necessary to protect your landlord's investment and net him a profit, which, of course, is due him.

Rent paying amounts to a lot of money each year. It is surprising the sums you pay for the privilege of shelter and home conveniences. It's worth while to remember that money spent for rent does not buy a dollar's worth of ownership. The house you rent still belongs to your landlord.

NOW IS THE TIME TO BUILD

This is the ideal time of the year to start your building operations. We can expect the best of weather now for several months. And prices are right. The cost of building materials is at least fifty per cent lower than in 1920. Why delay? Build now and have a home ready for your family next fall. There is a serious shortage of homes here in Perryton now. What will it be next fall when the new school building is finished? Many families will move here next year to send their children to school. Build now while materials are at the present low prices and labor is plentiful.

A LITTLE LESSON IN THRIFT

See how your rent payments, with interest at 6 per cent compounded annually would build a home of your own.

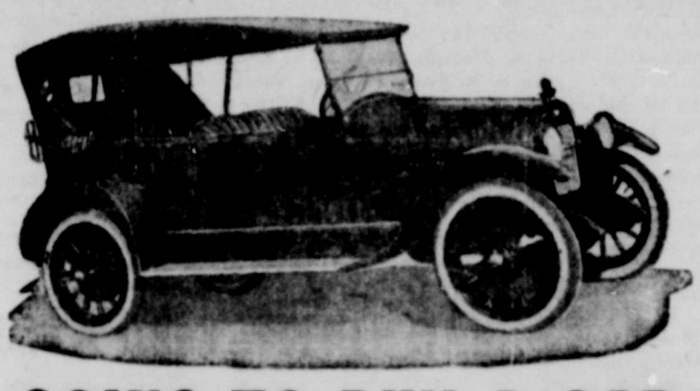

Rent Per Month	In 10 Years	In 15 Years
$20.00	$3,353.28	$5,921.52
$30.00	$5,029.92	$8,882.28
$35.00	$5,868.24	$10,362.66
$40.00	$6,706.56	$11,843.04

THE TULSA

GOING TO BUY A CAR
Now? Soon? Sometime

The Tulsa motor cars are entering the sixth successful year of their manufacture. In the short life—yet long as measured by automobile history—of the TULSA cars they have found their way into all parts of the civilized world.

Made of the best known standard parts it is possible to service the TULSA in any country where automobiles are known and used. Handsome, roomy, easy riding, durable, with adequate power, it has captured the fancy of a discriminating automobile buying public that desires something as good as the best, with vital qualities equal to a ny emergency, at an affordable price.

TULSA motor cars have proven themselves again and again. The first models are still in daily service. Satisfied owners are numbered by the flgures which represent the factory production. They are equally at home in mountaineous countries as they are in the trying service of the oil fields for which the first models were made.

The TULSA stands out as a car apart—at the price. Each unit that goes into its construction is also a vital part of some well-known car that costs from $400 to $1000 more money. This fact may not make it a $2000 car but it does make it, without a guestion of doubt in the minds of its manufacturers, the best automobile in the markets of the world at the price.

The TULSA is built to serve owners—those who pay their money and who justly expect its value returned to them in dependable and economical transportation, as well as a source of comfort and pleasure in their daily lives.

If you are not an owner you are invited to become one. It will be the pleasure of the manufacturers to make you a satisfied one.

Time was when folks bought automobiles because they had four wheels and a place to sit in and dide. Motor, differential, transmission, etc. meant just exactly nothing to them.

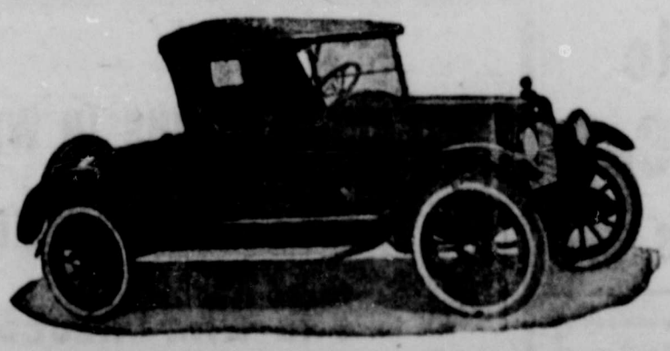

Some folks buy that way still. But they don't need to. Not any more. Automobile users have learned that there is a difference in cars just as there is in everything else.

Every car should be built for the hills, for rough roads and rough usage. If ragged features can be built into a car and still preserve its beauty, and riding qualities, a real service has been rendered automobile users.

The TULSA, built at Tulsa, Oklahoma, the center of the World's greatest oil fields, is just such a car. It has proved itself to be such a car over and over again.

PALESTINE DIST. 93

The rain of last Tuesday night was one of the needed things that we got when needed. Other things happen our way, too. The bridge crew have arrived and are now at work on the bridge near A. G. Daniels. This is on the state road to Liberal, and all are glad to see this done.

Mr. and Mrs. R. B. Benscoter and Mrs. Effie Kettell spent last Sunday evening at the R. H. Henline home.

V. V. Wilson of Gray was one of the callers in this neighborhood during the past week.

The Boys and Girls Club had their first meeting last Tuesday afternoon. The County Agent was present also their supervisor, Mrs. J. A. Haworth and Mr. and Mrs. L. H. Seaton.

Mrs. Hilger Gates and Miss Given Russell were vistors at the school last Wednesday faternoon.

Mrs. Jno. Ford, of Liberal spent most of last week in our midst visiting old friends.

Mrs. Henry Peters visited at the J. A. Haworth home last Wednesday.

Don Campbell and J. G. Trimmell made a trip to Perryton Thursday.

Mr. and Mrs. A. F. Pierce spent several days visiting their son Dick, who lives not far from Liberal. They returned Thursday evening.

Ira Cagle of Perryton was a visitor here during last week.

Mr. Jack Byers, a brother-in-law of R. B. Benscoter spent last Wednesday night at the Benscoter home.

Mrs. Lillian McLelland spent the day Sunday with Mrs George and Hood.

Those who enjoyed a good clean Negro Minstrel certainly spent a pleasant evening at the Community Club last Friday evening. And this community appreciate a program like that.

Mrs. Joe Claybrook spent several days visiting at her fathers, returning last Frday.

NEW HOPE NEWS

Bro. Hitchcock and Judge Grigsby were out with us February 26. Brother Hitchcock gave us a good sermon. He always leaves a few minutes for the Judge to say a few words.

Mr. and Mrs. Luther Wade visited Mrs. Wade's mother last Sunday.

We didn't have our Literary March 3rd on account of the deep snow. We will have it on Friday March 10. Every body invited to come. The following Program will be rendered:

OWN YOUR HOME

"The man who assists his fellow-townsman to own his own home is a public benefactor."

Every time a renter becomes a home-owner the entire community is benefited.

Nearly everyone must borrow to build, and money loaned for home building right here, where the loan can be selected and looked after, is an excellent investment.

The best thing that can be said of any town is that is is a place of homes. It means good schools, prosperity and public improvements.

CASH

Cash In Business Is What Counts

If a merchant has cash to pay for his merchandise he always gets a better deal than the merchant who has to ask for extra time on his purchase.

It has always been our policy to sell for cash, but we have in the past sold a few goods on credit, but owing to conditions existing at this time we will have to decline to sell goods except for cash.

In doing this we will of course treat all alike and we sincerely hope our friends will see our position in the matter.

We are making substantial reductions in alll lines as fast as it is possible and will at all times try to keep a full stock of well assorted merchandise. In fact it is our aim and desire to have a Drug Store equal to the expectations of a much larger place.

And we feel that by following out this plan we will place ourselves in position to better fill this aim.

Yours truly,

Shindler Drug Co.

FORT WORTH WANTS RAILROAD TO PLAINS

The Fort Worth Chamber of Commerce will hold a meeting on March 18th relative to building a railroad from the latter place to the plains. Such a railroad would be of untold value if connections could be made which would let this territory ship grain direct to the coast without inter-state travel. The following letter to W. C. Yoakley is expanatory of the attitude of the Fort Worth people toward this proposition. If possible Perryton should be represented at this meeting.

Fort Worth, Texas
March 4, 1922

Mr. W. C. YOAKLEY,
Perryton, Texas
Dear Sir:

Acting upon numerous requests from various communities in West Texas and upon the recommendation of the West Texas Chamber of Commerce, our directors have decided to hold a meeting in the Fort Worth Chamber of Commerce at 10 a. m on March 18th to discuss the proposed railroad to the plains.

It is hoped that at this meeting a temporary organization to push this matter may be perfected We are attempting to advise all communities which have indicated an interest in the proposition, and your community is very corially invited to send representatives.

Rates of a fare and one fifth for the round trip will be in effect on all railroads.

Very truly yours,
FORT WORTH CHAMBER OF COMMERCE,
W. M. MASSIE, President

CARD OF THANKS

There are hours that come into the lives of some, when every impulse of the heart is buried under it's weight of sorrow. We stand there today; yet we would fain give expression to the gratitude that wells up from the depths of our hearts as we remember the kindness of those who have done so much to comfort our precious dead and to brighten our starless sky.

T. P. McLain returned last week from a months visit at his old home at Lagrange, Ind. It was his first visit back there in thirty years. He also visited his mother and grandmother at Wellsville, Ohio.

HOLT'S TIN SHOP AWARDED GOOD CONTRACTS

Guy E. Holt of Holt's Tin Shop has recently landed two out of town contracts for plumbing and sheet metal work. He was awarded the plumbing on the big new school building at Stratford, Texas and also the plumbing and sheet metal work on the new school building which is under construction at Booker, Texas. Mr. Holt is building up a good business and deserves the liberal patronage which is coming his way for he is always on the job with a smile and a good word for veerybody, and also he is a firm beleiver in the use of printer's ink.

PRISONERS ESCAPE

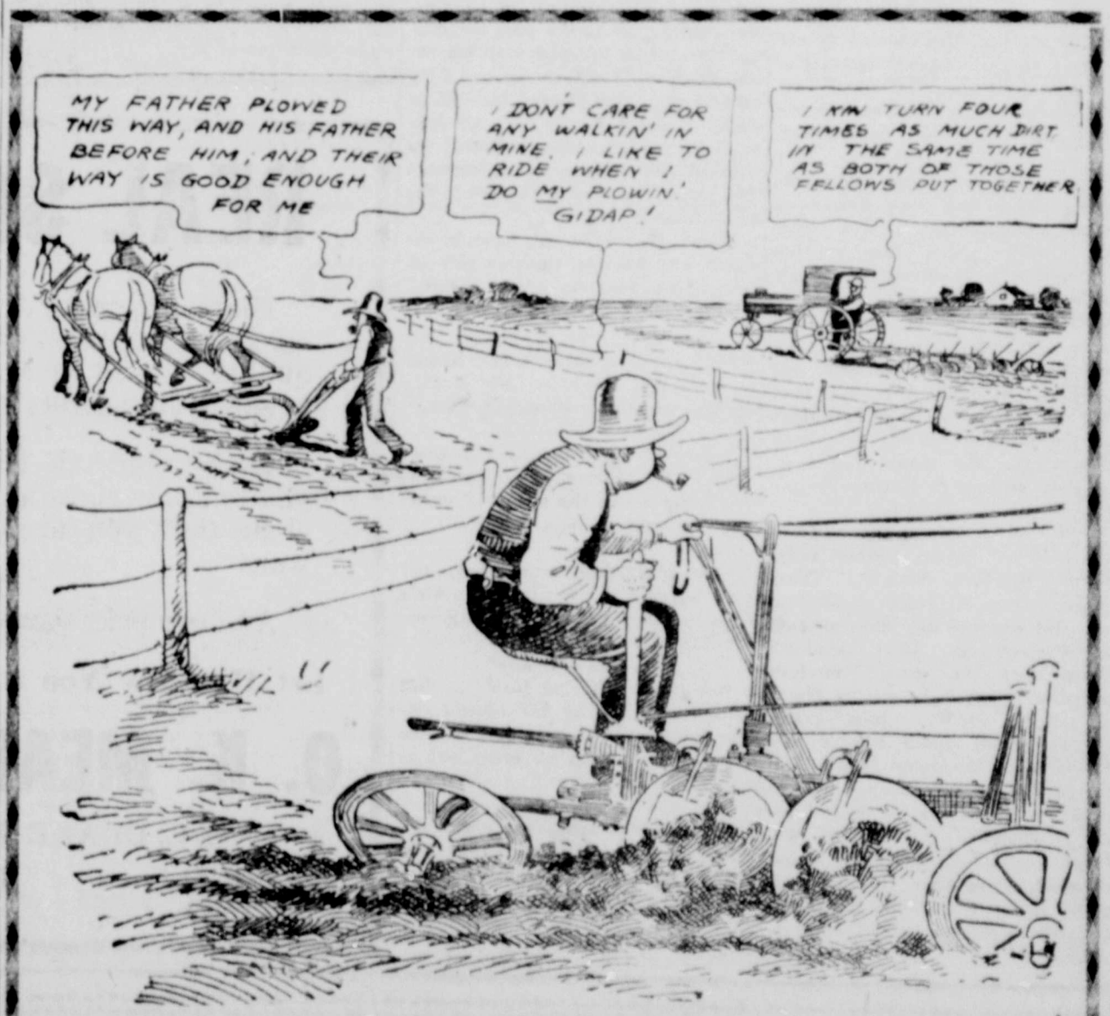

Bill Hennig, Jack Forbes and Archie Mosier were successful in making their escape from the county jail last Thursday night. They had asked for water and the guard. Dwight Bradshaw, opened the door to set in the bucket. They overpowered him and made their escape. The other officers were notified but no trace was found of them. Archie Mosier returned Friday and gave himself up but up to date the other two, who were sentenced to eighteen months in the State penitentiary, have not been found. Mosier was sentenced to thirty days in jail and had served about half of his time.—Beaver Herald.

A fellow sent us a pretty postard this week which read: "You re entitled to membership in the Li Kell Club." Ah, tell us something we don't know.

Charles Garland of Boston refused a legacy of over a million and got much publicity thereat. Now he bobs up with a "soul-mate," to which his wife quite naturally objects. We thought at the time of the legacy there was some reason. Now it turns out to be nothing but plain bats in the belfry.

Japan is to use the money it will save by the reduced armament upon increase and betterment of its public schools. How much better it is to educate people than shoot them full of cannon balls and bullets. Too bad some other nations are not heathen, also—France for instance.

One India city was asked to donate $75,000 to entertain the Prince of Wales, yet many of its inhabtants are starving. Why don't English snobocracy keep that wretched little cad at home, and teach him something useful to mankind, if only sawing wood?

A poll of the largest cities of the country by Federal authorities shows that aside from New York, Chicago, St Louis, and a few more where the percentage of foreigners is three to one, the country is not in favor of granting any light wine and beer privileges, but most decidedly against it. Boozing has received its death blow in America.

Why are we all going wild about Japan, China and such countries? Latin-America, right at our door, has a Pacific coast line of ten thousand miles, millions of people and billions of commerce annually. Brazil is as large as the United States and Argentina is nearly as large as all European countries put together. A hundred million people down there are our neighbors and friends, and we do not even know them. We should quit looking East and go to looking South.

France has a per capita debt of $1,218, Great Britian, $800.00 Italy, $456.00 Belgium, $615.00. These countries were all allies of our's in the world war and they have all paid compensation to their soldiers. Where does the great American government that is headed by Harding and run by Wall street stand? We have a per capita debt of only $123.00 and if we would ad the total amount due us for money loaned to our allies the per capita debt would only be $220.00. Yet Harding and Mellon say that it looks as it is impossible at this time to raise sufficient funds to pay the compensation. Where there is a will, there is a way.

WHY BUSINESS "FREEZES UP"

General speaking business has this unbusiness-like habit:

When everybody's on a buying "jag," business breaks its neck to supply demand. It buys, hires, builds and borrows. It expands enormously.

Under such conditions, business employs every means that it RECOGNIZES to increase output and sales, AND IT ADVERTISES ITS HEAD OFF to a public that needs no buying urge.

Let buying falter, and what does business do.

First; It curtails advertising

Second; It curtails production.

Third; It further curtails advertising.

Fourth: It hacks at "overhead." advertising.

Sixth; It backs again at "overhead."

Seventh; It STOPS ADVERTISING.

Then; It tries to explain the situation to the bank.

In other words when times are good it pours oil—advertising—on the already well oiled seling machinery in an endless stream.

When times are BAD it uses an advertising squirt can, and wonders why the bearings "freeze!"

People are not much interested in advertising when their pockets are bulged with money to be spent. Spent, spent.

But they are INTENSELY INTERESTED IN ADVERTISING when what they spend must be carefully spent. Then they buy what they can AFFORD—and they know that advertising tells them where to find it.

Some day, not now, perhaps, but some day, business will learn to CONSERVE ITS ADVERTISING ENERGY WHEN BUSINESS IS FLOURISHING, so that it may spend it lavishly to STIMULATE business

Now's the time to spend it lavishly. Those who are doing it—and some actually are—feel the depression much less than the ones who have cut down EXPENSES by cutting down ADVERTISING.

A FABLE

Once upon a time there lived a citizen of the United States. An international conflagration known as the World War involved his country. He could not go to the war, but during the conflict this man kept his living expences down to about fifty cents a day. He allowed himself, in addition, $30 a month for such luxuries as tobacco, Liberty Bonds, insurance and support of dependents. The rest of his income he gave to the Government.

Moral: He is the only man in the world who has the right to call adjusted compensation "the bonus." —American Legion Weekly.

One professor says every human is a thinking machine. Not if they operate on the phonograph plan.

Some of the old ladies in short skirts and kalsomined complexions are living up to the adage of growing old more or less gracefully.

The California courts have not yet determined Fatty Arbuckle's fate, but they have done pretty well dividing his estate.

One man, suffering from a bad cold, being told by his doctor to keep his feet dry, complains that he cannot do so, with no brass rail to rest them on.

Auto bandits are crude and cruel. They know nothing about the smooth and suave method of finance detailed so urbanely by Secretary Mellon, and practiced so proficiently by Mr. Morgan.

USE SENSE ABOUT RICHES

Dispatches state the big penitentiary of California, San Quentin, is crowded with 2500 convicts, more than ever before. Reports of the same nature come from many other states. Why is it? Simply because thousands of people imagine they are smarter than other people are and can commit crime to gain riches and get away with it, something not one in a thousand can do successfully. Now they have years of time in which to realize that they were fools, and ruined lives behind stone walls and iron bars are the consequences. So greedy are many people to get rich that millions are willing to commit any crime to accumulate money. This proves that they are dishonest, dishonorable and fools on top of it.

Every man should strive to accumulate enough to enjoy life and have a competency for old age and for the care of those dependent upon him, but the desire to be immensely rich is very foolish. More often than otherwise there is more heartache and trouble in it than comfort and pleasure. A negro philoscpher once said: "Happiness is jist de way you look at a thing. Dere ain't nothin in dis here world dat ain't plum full of misery and fun, and you kin take airy one you wants. Mos' folks see misery, because it's de easiest to git, and it's on top, but if dey'd look under de bottom dey'd find dat happiness was dere, too."

This is good philosophy and very true, but it takes a life time to find it out. There is discontent and more or less unhappiness in all the affairs of life, but we can turn most of them into the reverse if we but cultivate a contented spirit and not be eternally wishing for more than is coming to us. When we see others accumulating vast fortunes we are apt to envy them and wish to do the same; this brings discontent, which is hard to shake off and is death to happiness. Riches in moderation are good; beyond moderation they do not bring contentment and happiness. Contentment without riches is immeasurably preferable to riches without contentment.

If life were palaver and existence blarney, then the bull would be legal tender, and Ford would not need to buy Muscle Sholes to make fertilizer.

PROPOSED NEW MAIL ROUTE

W. J. Morton, of Dumas, has interested himself in a new mail line from Amarillo to Spearman and has drawn up petitions which have been eagerly signed by people along the proposed route as well as merchants and business men in both Amarillo and Spearman.

The route will cover approximately 115 miles, all but about twenty miles of which is graded and in good shape. This part will be put in condition immediately, according to the county officials having jurisdiction over it and the petitions have been forwarded to Washington with the hope that action will be taken promptly. —Amarillo Southwest Plainsman.

20 PER CENT REDUCTION SALE ON GROCERIES

As I have a heavy Stock of Groceries on hand I have decided to put on a Reduction Sale on Groceries something that the people around Perryton have never had the opportunity of before so now is the time to buy while you have the chance to get Groceries at practically cost. We have a complete line of Groceries and can fill your orders until our stock becomes broken or exhausted.

We will give 20 per cent off on everything in the Grocery Line except the following articles: **SUGAR, POTATOES, FLOUR and SALT. But will sell 14 Pounds of Sugar for $1.00.** The reason why we cannot give the 20 per cent off on these articles is the profits are close and the freight so much greater on heavy weight stuff like these articles. **Eggs taken as cash at Market Prices.**

ZIMMERMAN POLAND CHINA HOG SALE

E. D. Zimmerman of Elmwood, Okla., who has the noted herd of Prize-winning Poland China Hogs will hold his annual sale of bred sows and gilts at his farm, 1 mile south and 3 miles east of Balko, Okla on Tuesday, March 21st.

To most people of this country, Mr. Zimmerman's herd of Poland Chinas need no introduction, as they have been shown the past few years and have always been able to get off with their share of the premiums where ever shown. The sale offering consists of 40 head of bred sows and gilts of Proper Type and breeding and bred to three of the greatest boars in the southwest. Mr. Zimmerman says, "Tell them all to come to the sale and spend the day, whether they want to buy a hog or not." Free plate lunch will be served at noon. Write to E. D. Zimmerman for catalogue. 5-1tc

HUNTOON NEWS

Mr Calloway and Mr. Price and the Huntoon school board spent one day last week inspecting the school building.

Rev. I. W. Rogers of Perryton presented gifts to the pupils in Miss Hill's room who wrote the best stories about Samson. James Hover was given a testament. Faye Morris, Lois Moore and Sylvia Pinkerton received copies of the Gospel of Mathew. The gifts were very nice and the pupils are very proud of them.

The young people of Huntoon were entertained Sunday at dinner by Mr. and Mrs. Thrasher.

Loyola Hurter, who has been out of school for two weeks on account of sickness, is in school again this week.

The School truck is making regular trips again this week. It did not make the trip four days of last week because of the storm. Very few pupils were able to attend school last week.

The Parent-Teachers asociation will meet on Friday of this week a part of the Program will be a vitalized agricultural demonstration given by the eighth grade.

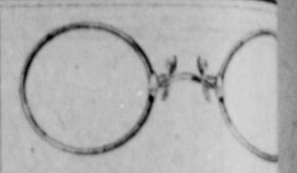

Miss Fairy Murphy visited at the home of Miss Edith Lawrence over last week end.
