Serving Mitchell County Since 1905

Colorado City, Loraine & Westbrook

Answerline

Q. Can local citizens go eat breakfast at the annual July 4th Fly-In?
A. Yes, breakfast will be served from 7 - 9 a.m. The charge for non-pilots is \$5.00 per person.

Briefs

Lions Club
July will see several important dates for the Colorado City Lions Club, and anyone interested is welcome to attend. State Rep. Dustin Burrows will provide a program on Fri., July 1st, and Sen. Charles Perry will visit on Fri., July 15th. Lions will tour the new CISD campus on Fri., July 29th. All meetings are held at noon on Fridays in the civic center. If you are not a Lion and plan to attend, please call Pat Cawthron at 728-3445 to RSVP.

Come Dance
The Mitchell County Senior Citizen Dance will be held at the Civic Center, 157 E. 2nd St. on Thursday, June 23, 2016 from 7:00 to 10:00 p.m. Everyone is welcome to join, please bring a dish to share. \$5.00 per person with Kevin and Travis playing.

Final Farewell
All present and former employees of Hutchinson Elementary are invited to say farewell to this great old school on Saturday, June 25 from 2:00-3:00 in the school cafeteria. Bring your photos and your memories to share!

PeeWee Sports
Loraine PeeWee Sports volunteers from the traveling football league will hold a fundraiser on Fri., June 24th beginning at 7 a.m. Homemade breakfast burritos will be sold on the parking lot of FirstBank & Trust. Delivery is available for large orders in town. Call 325-668-5023.

One arrested in early June burglary of a habitation

On June 2nd at 5:34 p.m., officers from the Colorado City Police Department responded to a call from a citizen regarding suspicious activity. The caller reported seeing a bald man walking down the street carrying a flat screen television.

Officer Curran and Chief Aguilar responded to the call. The calling party saw a bald man, who he identified as "Martinez", entering an alley in the 500 block between Walnut and Oak. When he exited the alley, the man was no longer carrying a TV.

In the course of the investigation, the two officers encountered another citizen shouting out on the street near the intersection of Cypress and 6th. In talking to the gentleman, he said that he had caught Joe Martinez walking out of his backyard. Aguilar then caught sight of the suspect and approached him.

The man, identified as Joe John Martinez, was initially frisked and a remote control was found in his possession. Police arrested Martinez for criminal trespass.

As the investigation continued,

police found a television in the alley. The owner of the television was identified through further investigation, as he lived about a block from where the television was found. The victim identified both the remote control and the television as being his property.

Citizens have come forward and said they witnessed Martinez near the victim's residence.

The 38-year-old Martinez has been charged with burglary of a habitation, a second degree felony in Texas, and is currently being held in the Mitchell County Jail.

Roadwork to begin soon after bid approved by court

Mitchell County Commissioners' Court convened Monday morning, and a bid for seal coating as part of the TIFF project was approved. Commissioners cut out over \$348,000 in an effort to come closer to the total of \$1.5 million in grant funding.

Several months ago, the county received word that \$1.5 million in funds had been awarded to the county as part of TxDOT's TIFF Project that awarded funds to counties with road damage due to an increase in energy pro-

duction-related traffic.

After identifying many roads that were in need of the paving work, the county began working with Grantworks to see that the funds would be administered properly and all requirements by the state met.

Grantworks sought bids on behalf of the county, and only one was submitted. Lipham Construction, out of Aspermont, put in a bid of just over \$2.2 million.

Commissioners had been considering whether to cut down the

project to meet the grant totals or to dip into the road and bridge fund to cover the remaining portion of the work. As of Monday, they decided to do both.

Each precinct made cuts to the list of roads under consideration for seal coating, and each commissioner cut some from their respective precincts. The cuts total over \$348,000, just a bit under the \$421,000 difference between the grant amount and the project list.

See ROADWORK, page 5

Burrows to visit Colorado City

Texas Representative Dustin Burrows, who represents District 83, will visit Colorado City next week. Rep. Burrows enjoys hearing from the citizens he represents, and he's hoping a town hall meeting will be just the ticket.

The town hall meeting will be held on Friday, July 1st at the CC Thompson Room from 10:30 a.m. until just before noon. Everyone is welcome to attend, as there will be plenty of opportunity to speak with the representative and ask questions.

When the town hall meeting

is finished, Rep. Burrows will move to the Colorado City Civic Center to be the featured speaker of the weekly Lions Club meeting.

According to his official website, Rep. Burrows was elected to represent House District 83 with overwhelming support. He was sworn into office on January 13, 2015.

Burrows was born in Lubbock and attended Monterey High School where he was involved with FFA, showing pigs and judging livestock. After

graduating high school, he went to Rhodes College in Tennessee where he studied economics.

After graduating from Rhodes, Burrows attended and graduated from the Texas Tech School of Law and the Rawls College of Business. He works at the law firm of McCleskey, Harriger, Brazill & Graf where he represents agricultural producers in Gaines, Terry, Lynn and Lubbock counties.

Burrows is married to Elisabeth, and they have two boys, Davis and Whitby.

THEY'RE BACK! Fresh veggies are back at the Chamber Farmers' Market. Amanda Jo and Ray Ritchey are seen showing off some of their softball-sized onions. The biggest of which weighed two and a half pounds! See story below for details about the farmers' market.

Calling all gardeners to participate in local Farmers Market

The early bird gets the worm or at least the freshest produce in Mitchell County! The Chamber of Commerce Farmers Market is back, and the fresh fruits and veggies are already arriving.

The market will be open for business at the chamber office, located at the civic center at 2nd and Oak St., each Monday and Thursday morning, starting at 8 a.m. All gardeners are encouraged to participate.

Last year, the farmers market had 10 producers bringing their garden fresh fruits and vegetables to the chamber office. This year, Chamber Manager Amanda Jo Ritchey and her husband, Ray, are bringing in softball-sized onions, and a gardener from Loraine has already been bringing in squash and cucumbers.

The farmers market is a good way for those who don't have a garden to get a taste of freshly picked crops. For more information about the program, contact Ritchey at the chamber by calling 325-728-3403.

LEARNING COMFORT IN THE WATER - Lifeguards at the City Pool are teaching swimming lessons again this summer. The first session is underway, and Holly Bradbury was seen teaching Paige McJimsey (left) and Greenlee Ramirez to be comfortable in the water last week.

Camping with a ranger to be held this weekend

Time is ticking away and spots are filling up for Camping with a Ranger, according to Lake Colorado City State Park Superintendent Kyle O'Haver. The program is set to be held this weekend on Saturday, June 25th.

It's a perfect opportunity for all novice campers. It's a chance for anyone who wants to become an experienced camper before striking out on their own. Spots are limited for the program, so signing up as soon as possible is a must.

It's a typical hot Texas summer, but O'Haver is incorporating

Fly-In, fireworks planned for July 4th

Independence Day is celebrated in style in Colorado City! This year, there will be plenty of family fun from early in the day until the fireworks boom after dark.

Activities begin early on the morning of Monday, July 4th. The 54th Annual J.O. Dockrey July 4th Fly-In will be held at the Colorado City Airport from 7 to 9 a.m. Pilots flying in will be treated to a free breakfast, prepared and served by the folks from City National Bank. Breakfast will be served to everyone else for \$5 per plate.

A break in the fun will take place following the fly-in, and then all the activity moves to Ruddick Park.

There will be free swimming at the City Pool from noon to 5 p.m. For those who prefer to stay dry, horseshoe tournaments and washer pitching will take place in the park. Entry fees will be \$10 per two-person team.

Washers begin at 5 p.m. and horseshoes start at 6. All entry fees are paid back in prize money for the winners.

The kids can enjoy the bounce

houses all afternoon and take a ride on the Chamber Choo Choo.

The annual hotdog eating contest is set to be held again this year, and \$1 gets you all the hotdogs you can consume in 10 minutes. The contest will be held in the east pavilion at the park, with registration being held from 6 to 7 p.m. Eating begins at 7:30 p.m.

Last year, Juan Rodriguez earned the bragging rights of being the Mitchell County Hotdog Eating Champion by consum-

ing nine dogs and buns and a bite of another in the 10 minute time limit. Who will be the 2016 champion? Maybe you.

And, let's not forget the fireworks! Chamber Manager Amanda Jo Ritchey said last year's crowd was pleasantly surprised by the spectacular show, and it's set to happen again this year right after dark.

Make plans to stay in C-City for the 4th, and bring the family for a fun day of airplanes, washers, hotdogs in the park and bright fireworks.

OBITUARIES

Don C. McCorcle 1932-2016

DALLAS- Don Carlton McCorcle passed away on June 14, 2016. He was born and raised in Colorado City and moved to Dallas when he married in 1953.

Don was first and foremost a devoted husband, loving father and grandfather. He was loved beyond words and will be greatly missed by all who knew him.

He retired from Rockwell / Collins (Boeing) in 1992, where he was an electrical design engineer involved in the NASA space program. He had a part in designing systems for the Apollo and Gemini space crafts, as well as the Space Shuttle.

He was a member of First Baptist Dallas. He was an avid fisherman. Don served as a radio operator on a B-29 combat crew, in the U.S. Air Force during the Korean Conflict (1951-53).

He was preceded in death by his wife, Judy (Iglehart) McCorcle also from Colorado City.

Don is survived by his son, Matthew McCorcle of Wylie; daughter, Sherry McCorcle of Dallas; sisters, Deanie Elliott and Betty Jo Curtis of Bellingham, WA; grandsons, Michael and Marshall of Boulder, CO; and granddaughter, Molly McCorcle of Colorado Springs, CO. Also surviving are many nieces and nephews. <http://www.restlandfuneralhome.com/obituaries/Don-Mccorcle/#!/TributeWall>

CRMWD announces area park amenities

Enjoy summer fun at J.B. Thomas, E.V. Spence and O.H. Ivie

The Colorado River Municipal Water District operates several parks at three lakes in this area, Lake J.B. Thomas in Scurry County, Lake E.V. Spence near Robert Lee, and Lake O.H. Ivie Reservoir. With summer months getting hot, the district has announced amenities and operations at each park.

At Lake J.B. Thomas, the water district has five public areas for recreational use. Park names, uses and amenities follow.

White Island - Day use only. Boat ramp closed. Covered pavilion and public restrooms available. No potable water.

Rocky Point - No facilities available. Park closed to vehicle traffic. Only accessible by walking.

Southside Park - Picnic tables, boat ramp, boat/trailer parking,

public restrooms, and dump station available. Overnight camping at picnic tables only. No potable water. Public pavilion by reservation only by calling 325-574-6853.

Sandy Beach Park - Picnic tables and public restrooms available. Overnight camping at picnic tables only. No boat ramp. No potable water.

Bull Creek Park - Picnic tables, boat ramp, boat/trailer parking and public restrooms available. Overnight camping at picnic tables only. No potable water.

At Lake E.V. Spence, the Nature Trail is open and available to the public. CRMWD has four public areas for recreational use.

Lake View Park - Picnic tables, restrooms available. Overnight camping at picnic tables only. No

potable water. Boat ramp closed. Paint Creek Park - Picnic tables, restrooms and wheeled camper sites available. Primitive camping at picnic tables. No potable water. Boat ramp closed.

Wildcat Park - Picnic tables, restrooms, motel rooms and wheeled camper sites available. Primitive camping at picnic tables. No potable water. Boat ramp closed.

Rough Creek Park - Picnic tables, restrooms and wheeled camper sites available. Overnight camping at picnic tables. No potable water. Boat ramp closed.

The district has three public areas for recreational use on O.H. Ivie Reservoir.

Concho Park - Picnic tables, restrooms, wheeled camper sites, dump stations, boat ramp, boat/trailer parking, motel rooms

available. Primitive camping at picnic tables. No potable water. Group pavilion by reservation only by calling 325-357-4486.

Kennedy Park - Picnic tables, restrooms, wheeled camper sites, dump stations, boat ramp, boat/trailer parking, motel rooms and cabins available. Primitive camping at picnic tables. No potable water. Group pavilion by reservation only by calling 325-357-4486.

Padgett Park - Picnic tables, restrooms, primitive camping at picnic tables, boat ramp, boat/trailer parking available. No potable water, no hookups for wheeled camper sites.

The Colorado River Municipal Water District asks that the public follow all signs for access and parking in the parks and camp at the designated locations only. Follow all TPWD safe boating laws and regulations and take care when launching boats and engaging in lake activity.

Access to all CRMWD parks requires a vehicle pass. The cost is a nominal \$5 per vehicle/per day or \$60 annually/per vehicle. Senior Citizens (age 65 and older) can receive an annual pass for \$10/per vehicle. You can purchase the daily passes at the lakes or the annual passes at the district's administrative office located at 400 E. 24th Street, Big Spring, Texas, 79720, 432-267-6341.

For more information regarding recreational activities at district facilities, please see the rules and regulations located on the website www.crmwd.org or contact 432-267-6341.

LOCAL NEWS

Mission C-City begins June 26

The congregation of the First Baptist Church in Colorado City is making final preparations to hold Mission C-City: A Week of Ministry & Family-Friendly Activities again this year. FBC will be joined by members of several cooperating churches, and they will perform work and hold activities to minister to neighbors and friends.

The week starts on Sunday, June 26th, as Bicycle Blessings workers will begin taking in bicycles that are in need of repairs. Bicycles can be dropped off from 2 to 6 p.m. that day at First Presbyterian Church. If you need to drop off a bike at another time,

call the church for details at 325-728-5235.

Backyard Bible Clubs for Children will be held from Tuesday, June 28th to Friday, July 1st in Paredes Park, at Kelley Elementary and at New Mt. Zion Baptist Church. The Bible clubs will be held from 9:30 to 11:30 a.m. each morning, and kids attending will get to play, learn and be treated to a snack before leaving.

There will be an appreciation meal and swimming party for all area emergency responders and their families on Tuesday, June 28th. A shrimp boil and sausage wrap meal will be prepared at the Ruddick Park Pavilion closest to the swimming pool, and food will be served from 7 to 8 p.m.

Free swimming follows from 8 to 10 p.m. at the City Pool. Emergency responders are urged to sign up through their respective offices, so preparations for the food can be made.

A Downtown Block Party is planned for Thursday, June 30th from 6:30 to 8 p.m. on Walnut Street in front of the Palace Theater. Those attending can enjoy free hotdogs, cotton candy, drinks, games, live music and more, followed by a free movie at

the Palace Theater at 8 p.m.

Anyone participating in any of the ministry activities is welcome to come to a Swimming Party at the City Pool in Ruddick Park on Friday, July 1st from 6 to 8 p.m.

During the week, congregation members will be volunteering their time and labor to complete construction and repair projects, yard mowing and cleanup, ministry to residents at the nursing home and expression of appreciation to local nursing staff.

Bubba Limones is getting a crew together that will be helping the elderly and disabled add some security to their property. Smoke detectors will be available for those who need some, and padlocks will be available as well. Motion-sensor lighting will be installed on some front porches, as well as gates and loose fencing secured. Limones said there will be D-rings available to provide a secure mechanism that won't require keys for entry.

Church members are doing all these activities at no charge in the name of Jesus Christ, and they welcome anyone who would like to help. For more information, contact the FBC by calling 325-728-3442.

MOMENTOS FOR A WELL-LIKED LEADER — Assistant Warden Matt Kennelly retired last week with 26 years of service to the Texas Department of Criminal Justice. He was presented a few gifts by his co-workers to honor him and thank him for his dedication to the job. Photo courtesy of Let Mitchell.

Kennelly honored at retirement reception

A retirement reception was held last Thursday for Assistant Warden Matt Kennelly. He was honored with a reception at the Webb Center on the Wallace/Ware Complex for his service to the prison agency.

Kennelly began his career with TDCJ in 1990 as a correctional officer at the Eastham Unit near Lovelady. From 1990 to 2004, he promoted up through the ranks from CO to sergeant, lieutenant and captain.

The man, who has been at the Wallace/Ware complex since 2010, worked at many prisons throughout the state of Texas, including the Bill Clements Unit in Amarillo, Jordan/Baten Units near Pampa, and the Montford Unit in Lubbock.

In March of 2004, Kennelly was promoted to major at the Formby/Wheeler complex in Plainview. He came to Colorado City in 2010 and served the rest of his career as assistant warden of the Wallace/Ware complex.

Kennelly said he enjoyed his 26 years working in TDCJ. He was an encourager to those who worked as correctional officers and someone who always had good things to say about the units and people where he worked.

Cadets graduating from the local academy usually heard from Kennelly. He often had words for them and for their family members. He described the prison atmosphere as a unique world, one that's very private with a culture of its own. At one graduation, he urged the new officers to remain strong against the influence of offenders who are manipulators.

At that same ceremony, he warned family members to be patient with the new recruits. "They will adapt and grow. Be strong for them," he said.

Always the guy to see the positives in life, Kennelly inspired many of his colleagues. He would tell incoming officers to hold true to the TDCJ core values of courage, perseverance, integrity and commitment.

Kennelly was also a great champion for others who did well within the prison system. In 2014, the Wallace Food Service Department received the 2014 Food Service Department of the Year award. When that award was presented, Kennelly bragged on the good job that was being done by all his colleagues. He said that Captain Watson, head of the department, has managed to instill a sense of pride in offenders working in the department, as well as the officers.

That's the kind of leader that Warden Kennelly was; the kind that always had something good to say about the people he worked with, the kind that made the hard job of correctional officer a little more rewarding.

He was overheard saying, "She lives the example, and everybody buys in." He was talking about one of his colleagues and how she inspired her crew. Those same words could easily apply to Matt Kennelly. He thinks TDCJ is a great career, and because he's so convincing, he inspired countless others to "buy in."

Kennelly will be missed by many colleagues and coworkers.

Programs provide fun at library

The Mitchell County Public Library, home of the Summer Reading Program, is the place to be on Wednesdays. Kids from ages 3 to 18 have been enjoying various activities through the program and Teen Reading Program.

On Wednesday, June 29th, those attending will hear a program titled, Feed Your Body! Kids will learn all about good food and their bodies.

Then, on July 6th, a free magic show will be held at the Colorado City Civic Center at 10 a.m. All reading program participants are urged to come out and see Magic by Harlin.

It's not too late to join one of the reading programs, as sign-ups will continue until July 8th. Those enrolled will get prizes for the hours they log reading.

For more information, contact the library by calling 325-728-3968.

OPINION & COMMENTARY

TUMBLEWEED SMITH Crosses in America

Rick Vanderpool of Lubbock doesn't hesitate to follow up on his brainstorms, no matter how bizarre they might seem or how far he will have to travel to make them happen. He is a photographer and finds fascinating ways to make a living with his camera. During the 500th anniversary of Columbus discovering America, he went to every city in the country with the name Columbus and did a photographic display.

You've probably seen some of his posters. They're 18 by 24 inches and cover all kinds of topics: wildflowers, hamburger and barbecue joints, the word Texas, stars, birds, windmills and so forth. He has done 34 of them. Numbers 33 and 34 of his photographic montages are pictures of crosses.

In May of last year, Rick set out to photograph crosses in America. "I think I was only traveling eight weeks over a four-month period," he says. "By the first of September last year I had logged right at 27,000 miles, had taken 8,000 plus photographs and had visited all 48 contiguous states. I made arrangements with two friends to photograph for me in Alaska and I came up with two shots in public domain records that I needed for the two earliest churches in Hawaii. Of course I did the research and wanted a cross to represent each Christian denomination. I was looking for the original site of Christian activity state by state. With Christianity originating in this country on the east coast in San Augustine, Florida and up in New England where the first Christian pilgrims settled, those states have quite a few more than one example."

He framed 20 of his photos and exhibited them at the Legacy Event Center in Lubbock. "The facility was once a Presbyterian church. How appropriate is that? It's the first exhibition of the project. It wasn't easy to edit 8,000 photographs down to 20. I gritted my teeth and wanted the collection to be as dramatic as it could be. I'm honored to be in this venue. It's stellar. Everybody in Lubbock knows it well. There are lots of weddings here."

The two posters he created sell for \$24.95 each. "There are about 135 photos on each one," says Rick. "There are just a shade under 300 of the crosses that I photographed selected for the posters. I actually visited 165 different sites. There are at least two images from each state."

Rick gives programs on the crosses. "I put together a slide show and have a rambling narrative about the project. I can tailor it to any age group, any Christian activity, any travel group, any photography group, or any writing group. Churches and schools have shown interest in having me do a program. Usually when I do those, I give a slight discount on the price of the posters."

He calls his project CROSSIN AMERICA. "I was crossing America but I dropped the 'g' because I was also looking for the cross in America. It was a different type of project for me. I hope I have been as reverent as necessary considering the subject."

A novel use for duck tape Binding love

By Monte Wilke

You've seen those videos and TV specials about the thousands of uses for duck tape. It is one of the most imaginative and creative tools invented by man. I watched just last week as the carpet layers put it on every seam in the padding to keep the ends from turning up. Recently, the finger trigger on the string trimmer was too short and my finger kept slipping off and slowing my progress. So, I got a popsicle stick and duct taped it on and now I grip the trigger with my whole hand, not just one tiring finger.

But recently I saw a brand-new application. I was privileged to do the memorial service for Brian Cosby. His mother, Sharon Ruth gave a funny, thoughtful and fitting eulogy. She told of his creative and repeated uses for the wonder-working bandage. Then she held up the plastic box containing his ashes and sure enough! It was sealed with duck tape! (I asked her permission to use this story.)

Duct tape must be the universal emergency repair kit, just like spit is the universal solvent. A mother's love is the universal comfort station, a child's smile is the universal attraction to bring strangers together and music is the universal language.

We know God loved all the world, so there could be no greater love than this. It is universal and complete. When that love is shared on our part, then happiness flows, tears are dried, friendships restored, wrongs righted and burdens lifted. Love, like duck tape, sticks to most anything and can be applied by anyone. Love does not have to be mushy or demonstrative, just real and available. There is no shortage, you never run out at the end of the roll and it comes in many colors and disguises.

I have quite a collection of tape. On the desk sits the dispenser invisible tape (remember we used to call it "Scotch Tape?"). In the closet is the very handy taping machine for mailing and sealing boxes of stuff you had to move out of the way for the carpet layers. In the garage is electrical tape, masking tape, silver tape and in a special place in easy reach, the dwindling roll of duck tape. Each tape has a particular use.

May this simple adhesive remind you of the application and permanence of love. Love comes in all colors and types, but it must be applied to be useful. A roll of duck tape is just potential until it is used.

LETTERS TO THE EDITOR

Letter to the Editor:

In Biology 101, you are shown that ontology recapitulates phylogeny.

In Geology 101, you learn that phylogeny has taken an estimated 3 1/2 billion years to create contemporary animals and plants. If Genesis conflicts intolerably — one should choose another major.

In stratigraphy 101 you learn the character of sedimentary deposits and the strata they make up. Differentiation and correlation often employs (even requires) evolution of animal and plant "hard parts" preserved therein. Carbon and atomic deterioration may be needed to more accurately date. You note first appearance, evolution and extinction of life forms. You may receive a science degree and extend your study in post-graduate schools.

As a working geologist you may become even more sophisticated in predicting layers and structures which form oil and gas traps. You may be paid to report your findings, you may expand the frontiers of knowledge and share same with teachers and practitioners. And save some a while as intellectual property to use in your independent career. Eventually you may retire and write letters in the *Colorado Record* to stimulate the thoughts of readers younger and less experienced in life.

In discussing "evolution," you may mention that the Greek scientist, Aristotle, thought evolution occurred in perpetuation of life. That nearly 2000 years later Charles Darwin proved that competition for survival and adaptation to changing environments selected the fittest to that change and passed on their

characteristics. Slight genetic mutations provide slight variation instrumental in that selection. Reluctantly, he submitted that man was created as other critters and is unique only in brain development.

Man is insulted and yet holds Darwin in ill-repute.

"If I believed in evolution" confuses slight mutations with the profound, bazaar. The slight ones maybe passed on and the profound is neither viable nor reproduced. Reverend, lay your fears to rest.

Both your life and mine are viable. Science and Genesis either can offer a happy life. As to the hereafter, I have no fear!

Evolution anyone?

Troy Powell

POLICE REPORT

On June 11th at approximately 12:54 a.m., an officer took a report by a victim who claims a suspect fired a gun at her residence after an argument throughout the night.

On June 11th at approximately 12:31 a.m., an elderly male went missing from Mitchell County Nursing and Rehabilitation Center and was later found.

On June 17th at approximately 7:01 p.m., while an officer was patrolling in the 700 block of 6th Street, he made

contact with an individual for a minor pedestrian violation. A 17-year-old male was arrested for the violation and transported to Mitchell County Jail.

On June 18th at approximately 12:09 a.m., an officer conducted a traffic stop in the 400 block of East 6th Street. During the traffic stop, it was found that the driver had a warrant for his arrest through municipal court. A 24-year-old male was arrested for the warrant and booked into Mitchell County Jail with-

out incident.

On June 18th at approximately 6:11 p.m., an officer conducted a traffic stop in the 500 block of Cedar Street for a traffic violation. The passenger inside the vehicle was later found to have possession of a controlled substance in a drug free zone. A 37-year-old male was arrested for the violation and transported to Mitchell County Jail and released to the on-duty jail staff without incident.

TCEQ, Texas A&M Research Center study

River study continues through summer

What types of recreational activities happen in the Colorado River from Lake J.B. Thomas in Scurry County to E.V. Spence Reservoir in Coke County? That's exactly what officials from TCEQ and Texas A&M Research Center are trying to find out.

Dr. John Baker, the program director for the Texas A&M Kirk Winemiller Aquatic Ecology Laboratory, was present for a meeting at the Colorado City Civic Center last Thursday evening to provide information to citizens about the study.

Elevated levels of E. coli found in samples taken in 2014 is what spurred the study in the first place. However, TCEQ officials have said citizens are not in danger from the bacteria in the water, even though nearly 20 samples taken showed the E. coli levels

were about twice the average concentration level.

Once the study is finished, TCEQ can more accurately say what recreational category the river should fall under.

Various levels of contact were discussed during the meeting, such as primary contact and secondary contact. Primary contact refers to swimming, wading, floating on tubes or any other contact where a person is likely to be submerged over their head at any point. Secondary contact 1 refers to other recreational activities such as boating and fishing.

Right now, the river is classified as a primary contact body of water. If researchers don't find any evidence of primary recreational contact, a classification change will probably be recommended.

Baker said that researchers

have more than 50 points along the river where they will gather information to be presented to TCEQ. They will be looking for and taking photos of people having contact with the water or evidence of past contact, such as an obvious swimming hole or spot where boats are being launched along the Colorado. Other obvious signs of human contact include spots along the river where human trash and other debris would be found.

"We (researchers) have a goal to speak to as many people as possible so we can provide accurate information to TCEQ," Baker said.

The mere word E.coli frightens citizens, as past outbreaks of the bacteria in the American food supply have caused significant illness and death. However, Joe Martin, a TCEQ aquatic scien-

tist, said that people don't have to worry about the animals that may drink water from the river.

Each person's exposure to risk is personal and one person's risk is not the same as another's. Concentrations of bacteria in most water bodies vary from day to day. If elevated concentrations of indicator bacteria, E. coli or Enterococcus, are present, there may be an associated exposure risk for recreating in that water body.

Because the risk of gastrointestinal illness is greater when recreating in a water body where bacteria concentrations are high, this information can be used, in conjunction with other factors, to make informed decisions about whether to swim or otherwise recreate in that water body. More obvious factors to consider include swimming ability, log jams, currents, and how much water may be swallowed when swimming. Other less obvious factors include flow, a person's susceptibility to disease, or a recent rainfall run-off that may introduce other sources of pollution.

Martin said that large bodies of water are rarely dangerous for E.coli because of the amount of water diluting the bacteria, organisms consuming the bacteria and sunlight breaking it down.

The study is expected to continue through the summer.

IMPORTANT TEACHING - Noah Martinez was learning to swim from Gavino Silva at the City Pool last week as swimming lessons are underway. Kids that take swimming lessons are generally more comfortable in the water, leading them to become safer swimmers.

CAMPING

FROM PAGE 1

ing plenty of water activities, as well as some activities inside the air conditioned rec hall, to help beat the heat.

He said that a few people have signed up to do some tent camping, as the state park has eight tents that will sleep six and will be made available at no charge to the first folks to sign up. There are also a few people who will be camping in other areas of the state park and staying in cabins who have expressed an interest in taking part in the activities planned for the weekend.

Requirements include a two-person minimum for the use of a park tent and only one park tent per campsite. Up to eight people per campsite are allowed, but the park tents only hold a maximum of six.

Check-in time is between 8 a.m. and noon on Saturday, June 25th, and check-out time is by 2 p.m. on Sunday, June 26th.

Campers will be required to pay \$20 for campsite fees and the entrance fee of \$4 per adult. Children 12 and under get in free.

There are no fees for the use of equipment and activities. A list of supplies will be sent out, along with a campout schedule, when you sign up. Those attending will learn how to set up and take down tents. There will be campout cooking demonstrations, a bird walk, a night hike and who knows what else.

For more information on how you and your family can sign up and what you need to bring, call the park office at 325-728-3931 and say, "I want to Camp with a Ranger!"

W'BROOK

FROM PAGE 1

Memory Park, located on Thorne St. (old Hwy. 80).

So, come out and help the city raise some money, as the funds will be spent on a worthy cause.

ROADWORK

FROM PAGE 1

Commissioner Randy Anderson had already expressed his desire to make cuts to the Precinct 1 project list, and he managed to cut over \$175,000 out of his precinct's portion. Jeremy Strain, in Precinct 2, cut out approximately \$67,000, Jesse Muñoz cut his precinct's list by \$63,000, and Bill Preston managed to cut out about \$83,000 dollars-worth of roads from Precinct 4's list.

County Judge Ray Mayo said he's unsure about when the work will begin, but he's expecting work to be done in the late summer or early fall as temperatures must be warm for the work to be performed.

A contract with the Lubbock Medical Examiner's office was approved, as requested by Judge Ricky Grissam. The county has

been contracted with the Dallas County Medical Examiner, and that contract will continue.

Autopsies cost about the same amount at either place, but mileage pay is where the county will save. The county will now have dual contracts with both offices. Grissam said that turn-around time on autopsies may be shorter at the Lubbock office.

An outside audit of the Mitchell County Tax Assessor/Collector's office was performed by Davis Kinard & Co. PC. A representative from the office gave commissioners a report of the findings. Read next week's edition of the *Colorado City Record* for the full report.

Payroll of \$83,239 was approved as presented by County Treasurer Jennifer Rivera.

Lions Club holds officer installation

PAST AND PRESENT — Past Lions Club President Marianne Stevenson was presented a plaque by incoming President Luis Aguilar for presiding over the club in 2015-16. Aguilar received the gavel to officially take over his presidential duties.

District 2-A1 Governor A.J. Dolle visited the Colorado City Lions Club to help with the annual officer installation. He had a few encouraging words for local Lions before the installation began.

Dolle passed on kudos for the local district, as the C-City club's district was number one in growth in the state during the 2015-16 year. "That means we've got enthusiasm and pride in what the Lions are doing," Dolle said.

The top spot means a little more than that. District 2-A1 not only inducted the largest number of new Lions Club members, the district had to overcome the loss of 171 members to earn the spot. According to Dolle, there were three new clubs started and a net of 100 new Lions inducted in the

district.

"That's just pretty doggone good," Dolle said, adding that the district got a standing ovation at the state conference.

After several gift presentations were made by outgoing President Marianne Stevenson, installation of the 2016-17 officers was held. They are: Past President Marianne Stevenson, President Luis Aguilar, 1st Vice President Janet McCollum, 2nd Vice President Todd Burleson, 3rd Vice President Shane Stevenson, Secretary/Treasurer Pat Cawthron, Tail Twister Bob Brookshear, Lion Tamer James Williams, Lion Tamer Jared Houze, Membership Chairman Bob Reily, Membership Committee Stephanie Perez, 1st Year Director Ann Marie Molina, 1st Year Director Reggy Spencer,

2nd Year Director Glenna Siemens, and 2nd Year Director Leslie Scott.

The Colorado City Lions Club is involved in and donate to several worthy causes, projects and programs throughout the year. For instance, the club donated to help get new playground equipment at Ruddick Park and help provide eyeglasses for needy school children.

Donations are made to worthy programs such as Christmas in Action, Relay for Life, the Tri-County Advocacy Center, and West Texas Rehab Center. Local Lions gave money to decorate a room at Mitchell County Hospital and helped raise funds for fire victims in 2011.

Club members still collect used eyeglasses, and they present schol-

arships at the Mitchell County Livestock Show and at Colorado ISD graduation. Tornado victims have been helped in the past, and the club purchased a medallion for the Veterans' Wall at MCHD. Funds are also given to send disabled or diabetic children to the Texas Lions Camp in Kerrville.

Besides being part of the world's largest charitable organization and doing good locally, club members also enjoy attending weekly meetings on Friday where they eat delicious meals cooked by the civic center cooks, Velma Bender and Doris Green. Interesting programs are also presented during the meetings.

If you are interested in becoming a Lion, contact Stephanie Perez at the *Record* by calling 325-728-3413.

Cotton producers to receive cost-share help

Agriculture Secretary Tom Vilsack recently announced that the U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) will provide an estimated \$300 million in cost-share assistance payments to cotton producers through the new Cotton Ginning Cost-Share program, in order to expand and maintain the domestic marketing of cotton.

"The announcement shows USDA continues to stand with

America's cotton producers and our rural communities," said Vilsack. "The Cotton Ginning Cost Share program will offer meaningful, timely and targeted assistance to cotton growers to help with their anticipated ginning costs and to facilitate marketing. The program will provide, on average, approximately 60 percent more assistance per farm and per producer than the 2014 program that provided cotton transition assistance."

Through the Cotton Ginning Cost-Share program, eligible producers can receive a one-time cost share payment, which is based on a producer's 2015 cotton acres reported to FSA, multiplied by 40 percent of the average ginning cost for each production region. With the pressing need to provide assistance ahead of the 2016 ginning season this fall, USDA will ensure the application process is straight-forward and efficient. The program estimates the costs based on planting of cotton in 2015, and therefore the local FSA offices already have this information for the vast majority of eligible producers and the applications will be pre-populated with existing data. Sign-up for the program will begin June 20 and run through Aug. 5, 2016 at

the producer's local FSA office. Payments will be processed as applications are received, and are expected to begin in July.

Since 2011, cotton fiber markets have experienced dramatic changes. As a result of low cotton prices and global oversupply, cotton producers are facing economic uncertainty that has led to many producers having lost equity and having been forced to liquidate equipment and land to satisfy loans. The ginning of cotton is necessary prior to marketing the lint for fiber, or the seed for oil or feed. While the Cotton Ginning Cost-Share program makes payments to cotton producers for cotton ginning costs, the benefits of the program will be felt by the broader marketing chain associated with cotton and cottonseed, including cotton gins, cooperatives, marketers and cottonseed crushers and the rural communities that depend on them.

The program has the same eligibility requirements as were used for the 2014 Cotton Transition Assistance Program, including a \$40,000 per producer payment limit, requirement to be actively engaged in farming, meet conservation compliance and a \$900,000 adjusted gross

income limit.

To learn more about the Cotton Ginning Cost-Share program, visit www.fsa.usda.gov/cgcs or contact a local FSA county office. To find your local FSA county office, visit <http://offices.usda.gov>.

Since 2009, USDA has worked to strengthen and support American agriculture, an industry that supports one in 11 American jobs, provides American consumers with more than 80 percent of the food we consume, ensures that Americans spend less of their paychecks at the grocery store than most people in other countries, and supports markets for homegrown renewable energy and materials. USDA has also provided \$5.6 billion in disaster relief to farmers and ranchers; expanded risk management tools with products like Whole Farm Revenue Protection; and helped farm businesses grow with \$36 billion in farm credit. The Department has engaged its resources to support a strong next generation of farmers and ranchers by improving access to land and capital; building new markets and market opportunities; and extending new conservation opportunities. USDA has developed new markets for rural-made products, including more than 2,500 biobased products through USDA's Bio-Preferred program; and invested \$64 billion in infrastructure and community facilities to help improve the quality of life in rural America. For more information, visit www.usda.gov/results.

LOCAL NEWS

Champion Creek stocked with bass and blue catfish

According to Texas Parks & Wildlife Department Game Warden David Hopkins, Champion Creek Reservoir was recently stocked with over 61,000 Florida Largemouth Bass. Then 61,000 blue catfish were added to the lake Monday.

Officials from the Inland Fisheries division of TPWD said that declining water levels in recent years, combined with a golden algae bloom in 2014, have damaged the fishery in the reservoir. Wet springs the last two years have seen water levels rise over 17 feet, bringing water levels back into fish-supporting range.

Thanks to rising water levels, the largemouth bass were put into Champion Creek Reservoir on June 1st. It took officials from TPWD a few hours to complete the stocking, as they had to wait out a few rounds of storms and lightning that day.

Monday afternoon, the lake became home to 61,000 blue catfish under sunny skies. All fish stocked are simply hatchlings and will be growing over the summer.

The council of the City of Colorado City has recently approved new rules concerning Fisher Park at Champion Creek Reservoir. A daily permit fee of \$2 per person or \$5 for a family up to four

members is necessary for anyone fishing, picnicking or camping in the park. Daily permits are good for 24 hours.

Annual permits can be obtained for \$25 per person or \$50 per family. The annual permit is valid from September 1st of the year it's purchased until August 31st of the following year.

Permits must be obtained from city hall during business hours or at the police department 24 hours a day. It's important that the person or family purchasing a permit keep it with them while at the park.

The fee for overnight camping is \$5 and when electrical outlets are available and utilized, there is an additional \$5 fee.

It is illegal to discharge a firearm inside the park, and no four-wheelers or motor bikes can be operated in the park after sundown. Because Fisher Park is a fishing park, skiing, jet skis and jet boats are expressly prohibited at Fisher Park and Lake Champion.

The rest of the rules deal with common courtesy, like disposing of all garbage properly and keeping music at a level which is not offensive to other campers.

Anyone visiting the park should understand that purchasing a permit for the park does

not, in any way, replace fishing licenses. As a matter of fact, everyone who is required to have a fishing license in Texas will be required to have that license in Fisher Park.

Any violation of the rules may result in firearms, four-wheelers, motor bikes and water crafts being confiscated. Blatant, repeated violation of the rules may result in a lifetime ban from the park area. Violations may result in fines of \$200 per offense. For more information, contact city hall by calling 325-728-3464.

Other area lakes have also been restocked recently. O.H. Ivie Reservoir has seen a rise of over 12 feet in 2016, making it possible to stock the lake with 193,000 Florida Largemouth Bass last week. E.V. Spence, near Robert Lee, had 83,000 blue catfish delivered on June 6th.

NEW OFFICERS — The Colorado City Lions Club inducted new officers during the weekly meeting last Friday. They are: (back row, l-r) Lion Tamer James Williams, Tail Twister Bob Brookshear, District Governor A.J. Dolle, Membership Chairman Bob Reilly, President Luis Aguilar, 3rd Vice President Shane Stevenson; (front row) 1st Year Director Ann Marie Molina, Membership Committee Stephanie Perez, Secretary/Treasurer Pat Cawthron, 1st Vice President Janet McCollum and 2nd Year Director Glenna Siemens. Not pictured were: 2nd Year Director Leslie Scott, 1st Year Director Reggy Spencer, Lion Tamer Jared Houze, and 2nd Vice President Todd Burleson.

Calvary Baptist to hold VBS

The congregation at Calvary Baptist Church, located at 1025 E. 15th St. in Colorado City, is making the final preparations to hold Vacation Bible School next week. Kids from 3 years to 6th grade are welcome to attend.

The theme of this year's VBS will be Cave Quest: Following Jesus The Light of the World. A hotdog kickoff will start the week out right on Sunday, June 26th at 5 p.m. at the church.

VBS will be held Sunday through Thursday, June 26th

- 30th. Sunday's classes will be held from 5 to 8 p.m., and classes the rest of the week will take place from 6 to 8 p.m.

Those attending will make new friends, participate in amazing experiments, compete in spelunker sports, enjoy lip-smacking snacks, engage in useful Bible study, take surprising adventures and hear incredible music all at Calvary Baptist Church.

For more information, call the church office at 325-728-2262.

Linen Sale Tuesday to benefit local healthcare volunteers

The Mitchell County Healthcare Volunteers know that getting good sleep is important to everyone's health. They have planned a fundraiser that may just help with that.

The MCHV will hold a Luxury Linen Sale on Tuesday, June 28th from 7 a.m. to 6 p.m. in the east tower of the Mitchell County Hospital. Linens offered include 1800 thread count sheet sets in 24 colors, from \$30 to \$50, depending on the size.

Other things available at the sale include bamboo pillows, blankets, quilt sets and more. Cash, checks and all major credit cards will be accepted.

All proceeds benefit the MCHV.
