Ike Pledges Cooperation With Demos

By CHARLES F. BARRETT

WASHINGTON (AP) —President Eisenhower reviewed administration foreign policy with congressional leaders today and reportedly pledged "absolute cooperation and collaboration" with the Democrats.

Eisenhower and Secretary of State Dulles met at the White House with both the Democratic and Republican leaders in Congress in the first postelection test of interparty cooperation. The Democrats will take over control of Congress from the Republicans in January.

Sen. Wiley (R-Wis), now chairman of the Senate Foreign Relations Committee, left the conference early and talked with newsmen.

Asked whether there was any discussion of how the President will handle foreign policy consultation with the Democrats, Wiley replied:

"The President says there will be absolute cooperation and collaboration."

Related foreign and military policy was the scheduled topic of the conference in the White House Cabinet Room. Secretary of State Dulles planned a briefing on worldwide developments since Congress adjourned last August. Secretary of Defense Wilson also was to participate.

The significant meeting was the first of its kind since the Nov. 2 elections when the Democrats recaptured control of Congress.

It was held against the backdrop of a controversial foreign policy speech by Republican Senate Leader Knowland of California and intermittent outbreaks of "hot war" between Chinese Communists and Nationalists around Formosa.

Knowland two days ago called for a searching congressional review of administration foreign and defense policy to determine if "a basic change in the direction of our policy is warranted" in view of what he called "this clear and present danger." He lashed out at talk of "peaceful coexistence" with Russia, terming Soviet feelers in that direction a Trojan horse tactic aimed at winning time for Russian atomic armament and ultimate Communist victory.

Dulles told his news conference yesterday he believes Eisenhower's foreign policy adequately covers the present world situation and that he knows of no emergency requiring an extraordinary review.

As for the danger of what Knowland called "nibbling aggression," Dulles said the free nations, largely under American leadership, have strengthened themselves against Soviet pressures and that these measures on the whole have been quite successful.

And Eisenhower, speaking yesterday before a meeting here of land grant college presidents, pleaded for a better understanding between the peoples of the United States and Russia as the only sure way to a lasting peace. The White House also expressed support for Dulles.

Wilson got into the debate over "coexistence" yesterday when he told his Pentagon news conference the United States must either hope to get along with Russia or "look forward to a war."

"I don't know what you can do," he said in response to a question. "We both live on the same planet . . . You probably either have to hope that you can or you have to look forward to a war. I personally hope that we can."

Wilson said at the same time this country must keep militarily strong and "not tempt someone into believing he can win an easy war."

California Has Quake

LONE PINE, Calif. (AP)—A short, sharp earthquake was felt here at 11:25 o'clock last night. No damage was done, and the tremor was not felt at Bishop, 60 miles north of here. Lone Pine is about 200 miles north of Los Angeles.

STREETCAR RAMMED BY TRUCK

Two streetcar passengers were killed and more than 30 injured in the collision of this trolley and a big furniture semi-trailer at 61st and Western Ave., on the Chicago South Side. Police said the truck sideswiped a safety island and jack-knifed across the street into the streetcar coming in the opposite direction. The tractor of the semi-trailer was shunted off to the side by the impact. The driver of the truck was charged with reckless homicide and drunken driving.

U. S. Officials Seek To Locate Field, Wife

By ENDRE MARTON

BUDAPEST, Hungary (AP)—U.S. legation officials formally asked Hungary's Communist government today where American representatives can get in touch with Noel Field and his wife Herta. The government announced earlier it had released the couple from jail after five years imprisonment and quashed spy charges against them.

The announcement gave no indication of the whereabouts of the 50-year-old former U.S. State Department employe and his German-born wife.

Although their release was announced early today, official notification was not given to U.S. Minister Christian M. Ravndal until he called at the hungarian foreign ministry at noon.

An Embassy spokesman declined to say whether Ravndal had raised the question of making contact with the Fields. Hungarian authorities had ignored two previous notes from the legation in recent months asking for interviews with them and for their repatriation.

The Hungarian Foreign Ministry, however, promised today to consider a request by the small contingent of Western news correspondents in Budapest for aid in contacting the American couple.

Noel and Herta were among four members of the Field family who vanished at intervals behind the Iron Curtain in 1949 and 1950.

The Hungarian announcement over Budapest radio came only 23 days after Poland's Communist government said it had freed Hermann Field, Noel's brother. Hermann, a Cleveland architect had been arrested in Warsaw while searching for Noel. He is still in Poland convalescing in a sanitarium.

The latest announcement left only the fate of Noel's adopted daughter Mrs. Robert Wallach still unexplained. Mrs. Wallach, the former Erika Glaser, disappeared in East Berlin Aug. 26, 1950, while searching for her foster father.

During the intervening years, there was no official indication of what happened to the Fields, although their names cropped up in various Iron Curtain treason trials. Communist propaganists accused Noel of being an "anti-Soviet" American spy and linked him to "Titoist" plots in Hungary.

The Hungarian announcement said the Budapest government has dropped all spy charges against Noel and Herta after a review of their case indicated they could not be substantiated.

(In the United States, admitted former Communists Whittaker Chambers and Hede Massing have testified that Noel Field was once a member of a Communist apparatus in Washington.)

After Poland released Hermann Field, Western observers here anticipated that Noel would be turned loose. But American diplomats said the Hungarian government ignored two notes sent by the U.S. legation in the last six weeks demanding his freedom. The sources said they received no private hints Hungary intended to comply.

The field mystery began in May 1949, when Noel left his wife in Switzerland and went to Prague, Czechoslovakia. He was last heard from in that city May 12. After he disappeared, his wife flew to Prague to look for him and she too vanished.

Noel's name came up in the sensational trial in October 1949 of Laszlo Rajk, then Hungarian foreign minister. Rajk was accused of scheming with Yugoslavia's Marshal Tito to hand the country over to "American imperialists." He was hanged.

The prosecution at the trial described Noel as an assistant to Allen Dulles (now head of the U.S. Central Intelligence Agency) in the Office of Strategic Services—a U.S. cloak-and-dagger organization during World War II — with the job of organizing American espionage in Russian-occupied areas of Europe.

Front Packs Little Punch

By The Associated Press

A cool front out of the west moved across Texas Wednesday.

It was dry, had no clouds, no big winds, and wasn't expected to faze Texas' sunny autumn weather except to lower temperatures.

In the early morning the front was between Abilene and Midland.

East of it temperatures were expected to rise to the lower 80s in Dallas in the afternoon. Thursday afternoon, the Weather Bureau expected the highs there to stay in the 70s.

No rain was reported in the state and none was expected.

Meanwhile, the whole of Texas had clear skies except for patchy clouds in the San Antonio, Corpus Christi and Lufkin areas. Early morning fog also dogged those localities.

Maximum temperatures Tuesday ranged from a hot 84 at Alice to 68 degrees at Beaumont on the upper Gulf Coast.

Temperatures remained mild as the sun came up Wednesday. No rain had been reported since midnight, and there was none Tuesday.

Forecasts called for generally fair weather to continue in North Central and West Texas with partly cloudy skies in East and South Central Texas.

Youngdahl To Stay On Case

WASHINGTON (AP) — The government announced today it will not appeal from a ruling by U. S. Dist. Judge Luther W. Youngdahl refusing to disqualify himself as the trial judge in the Owen Lattimore perjury case.

The announcement that the government will take no further steps toward removing Youngdahl from the case was made by U. S. Atty. Leo A. Rover.

Rover said the decision was made by the Justice Department. He explained that the Justice Department makes all decisions in cases involving appeals.

Rover, accusing Youngdahl of having "a fixed personal bias and prejudice" in favor of Lattimore, controversial Far East specialist, had asked the judge to step aside.

Refusing to disqualify himself, Youngdahl described Rover's allegations as "scandalous."

The Lattimore trial is tentatively scheduled for Jan. 10 with Youngdahl presiding.

In advance of the trial, Youngdahl must hear various defense motions, including one to dismiss a recent two-count indictment against Lattimore.

The new indictment alleges that Lattimore swore falsely early in 1952 when he told the Senate Internal Security subcommittee he had never been a follower of the Communist line or a promoter of Communist causes.

The new indictment, in effect, replaces the key count of an earlier indictment. Judge Youngdahl threw out the key count, which alleged Lattimore lied when he said he had not been a Communist sympathizer or promoter of Communist causes.

Collins Plans U.S. Training

SAIGON, Viet Nam, (AP)—Gen. J. Lawton Collins announced today that he is negotiating with the French and Vietnamese for the United States to take over "basic responsibility" for the training of troubled, Communist - threatened South Viet Nam's national army.

Collins, President Eisenhower's special ambassador to Viet Nam, quickly added that there were no plans for immediately replacing the French military officers and men now training the 250,000-man native Army, which has been equipped largely by the United States.

Instead, he explained to his first news conference since arriving in Saigon 10 days ago, an American-advised training program similar to that used in South Korea, Greece and Turkey is anticipated.

The over-all program had not been finally worked out, he added, and therefore he could not say whether American units ultimately would take over the entire training program.

Russia Warned To Clamp Down On Aerial Incidents

Soviet Version Rejected In Note

By STANLEY JOHNSON

MOSCOW (AP)—The United States warned Russia today it will be forced to act to protect its planes on legitimate missions unless the Russians take steps to prevent further aerial incidents between the two nations.

A note delivered by the U. S. Embassy to the Soviet Foreign Ministry asked the Soviet Union to clamp down on such cases as the destruction of a U. S. RB29 photo-mapping bomber by Soviet jet fighters Nov. 7.

Referring to that incident, which Moscow has blamed on the Americans, the note said: "Such actions are in flagrant contradiction to recent statements by high Soviet officials that the Soviet Union seeks to abate international tension."

The Soviet government charged at the time that the American plane had violated island territory of the Russians off the northeast tip of Japan and fired first when Soviet fighters encountered it. American spokesmen said the plane was 15 miles out and had not fired at all. Ten crewmen parachuted safely. The 11th became entangled in his parachute and drowned.

(The use of Sabrejet fighter escorts, which proved more than a match for Russia's MIGs in Korea, is one of the means which has been debated in Washington for the protection of reconnaissance and transport planes assigned to work anywhere near the Red orbit.)

The new American note was a sequel to one delivered immediately after the incident.

The new note rejected the Soviet version that the American plane intruded into Soviet air space and repeated the American version.

Significantly, it referred to a dispute between Japan and the Soviet Union over control of the Habonai Islands.

This is the area where the incident occurred.

"The United States government," the note said, "further shares the deep concern of the Japanese government that the Soviet government not only continues illegally to occupy Japanese territory in the Habonai Islands, but also carries out unprovoked attacks on U.S. aircraft lawfully operating in this region."

The note requested the Soviet Union to take disciplinary action against Soviet fliers involved "and all other possible steps to prevent a recurrence of such incidents."

"Such action by the Soviets would be in the mutual interests of the government of the U.S.S.R. and the U.S.A."

The note added: "In the absence of appropriate action by the government of the U.S.S.R., the United States government will be impelled to provide necessary defensive protection for United States aircraft engaging in legitimate, peaceful missions, and the full responsibility for any consequences which ensue will revolve upon the government of the U.S.S.R."

The American note, unusually mild in tone, concluded that: "The United States government reasserts and reserves its rights regarding reparation for human and material losses" incurred in the Nov. 7 incident.

Teen-Ager Is Questioned In Sister's Death

ROCKVILLE, Md. (AP) — The estranged, teen-age wife of a Texan was questioned today in the strangulation death of her six-year-old stepsister.

Police said last night a person who identified herself as little Katherine Nadine Bannister's stepsister—Mrs. Marion Mosley, 15—called the Rockville Police Station and said:

"My sister has been choked to death, and I know who did it."

Police Dispatcher F. S. Moxley asked who did it, police said, and the caller replied, "I did it with a towel."

The Bannister child's body was found by police with a dish towel looped around its neck and tied to a door knob in an upstairs bedroom of her home here.

"I hated her," Moxley quoted the telephone caller as saying.

Police said the teen-ager later told them the strangling took place after an argument with her stepmother, Mrs. William Bannister.

Chief of Detectives George W. Linthicum said the 15-year-old Mrs. Mosley was the wife of Marion Mosley, 17, of Amarillo, Tex. He said the couple was married last May in Amarillo and later moved to the Washington, D.C., area.

The detective said that about three months ago the couple separated and Mosley returned to Texas. The girl moved into her parents' home here.

Linthicum said there had been constant friction between the young wife and her stepmother and that there was a particularly sharp argument yesterday.

Mrs. Mosley is a student at Silver Spring, Md., Business College, police said. Her father works for a Hyattesville, Md., auto agency.

Wrist Watch Surprise Clue

CLEVELAND (AP) — The wrist watch Marilyn Sheppard wore the night she was murdered was ripped off after the blood on her wrist had dried, Coroner S. R. Gerber testified today.

The coroner, pointing to a picture of the pretty young woman's wrist for the jury trying her osteopath husband for murder, said his examination "indicates the bracelet (of the watch) was in position when the blood stains were wet."

"It remained in position until the blood was dry," said the coroner.

Gerber's testimony was aimed at knocking down Dr. Samuel H. Sheppard's contention that a prowler killed his wife and snatched the watch from her wrist, later dropping it while ransacking the house.

The blood-stained watch was discovered on the floor near where Sheppard sat stripped to the waist the morning of the murder.

This wrist watch testimony was the second "surprise" clue hurled by the state at chief defense counsel William J. Corrigan.

The first was Gerber's statement that the bloody outline of a surgical instrument was discovered on the murdered woman's pillow.

The Orthopedic Frame Co. of Kalamazoo, Mich., said today the prosecutor's office had mailed it a copy of the bloody imprint.

The company was asked whether the imprint matches any surgical instrument it has made and sold to the Bay View Hospital where the osteopaths in the Sheppard family practice.

EYEING FREDDIE

Five-year-old Debra Burns of Miami, Fla., gets her pretty little eyes a trifle out of whack as she presses her nose against a window to get a close look at her pet, Freddie the Frog. Freddie is a tiny tree frog, a species which comes out of hiding in Miami after a rain. For all his tiny size, Freddie can make a very, very loud noise —usually when people like Debra are trying to sleep.

UF Drive Reaches Third Of Its Goal

More than one-third if the goal of the Scurry County United Fund campaign had been raised by this morning.

Funds raised and pledges given here reached the $10,000 mark with the drive one week old. The budget for the United Fund, which has six agencies participating, is $29,500.

Kicking off this week was the general business drive, headed by Harold Bennett. Bennett and about 50 other workers this week are contacting locally - owned businesses.

Already ended is the advance gifts drive, which was headed by D. M. Cogdell, Sr. Now working are the rural division, which has Max West as chairman, and the branch house section, led by Walker Dabbs.

The school division, with Pat Falls as chairman, and the residential division, headed by Mrs. Elroy Miller, are now making plans for their kickoffs soon.

The next division to kick off will be the employe section, which will have Stanley Noah and L. M. Ford as co-chairmen. That kickoff is now scheduled for noon Monday.

The eight agencies which are members of the United Fund are the Red Cross, Salvation Army, American Heart Association, Scurry County Youth Center, West Texas Boys Ranch, Boy Scouts, Girl Scouts, and United Service Organizations.

Lyle Deffebach is president of the United Fund. General campaign chairman is Dr. Cecil Yarbrough.

Mother Is Superior In Tracking Game

AUSTIN (AP)—While Atty. Gen. John Ben Shepperd nursed a case of flu, Mrs. Shepperd substituted as a hunting guide for young son, Johnny.

In less than two hours, Johnny bagged two turkey gobblers and a four-point buck.

Johnny, 12, said he never had much luck hunting with his daddy and is going to take his mother along from now on.

Father had no comment.

Marijuana In Car Wreckage

DEVINE, Tex. (AP)—State highway patrolmen said today 64 pounds of marijuana had been found in the wreckage of one of two cars involved in a wreck last night in which three were killed.

Highway Patrolman Bob Richardson said the marijuana was found in a car driven by Raul Navarro Hinojosa, 33, of McAllen.

Hinojosa and a passenger in his automobile, Miss Francisca Pacheco, 21, Dallas, were killed instantly. The driver of the other car, Benjamin Richard Hokit, 26, of Moore, died in a Pearsall hospital.

Richardson said 64 1-pound packages of marijuana were discovered hidden beneath the floor panels of the Hinojosa car. He said retail value of the drug was about $2,240, or $35 per pound.

The accident occurred about four miles south of here.

Rice Slayer Is Found Dead

HOUSTON (AP)—An 83-year-old man who admitted he committed one of the nation's most famous crimes—the murder of the founder of the Rice Institute—was found dead of a bullet wound in his Baytown home last night.

Charles F. Jones, former valet and companion of millionaire philanthropist William Marsh Rice, had admitted he chloroformed his employer to death in a New York City apartment on Sept. 23, 1900.

Jones turned state's evidence and testified against the late Albert T. Patrick, an attorney and confidential adviser to Rice. Patrick was sentenced to death and stayed in the Sing Sing Prison death row four years before his sentence was commuted to life by New York Governor Frank Higgins in 1906.

Six years later, Governor John A. Dix gave Patrick a full pardon.

Rice, who was 84 years old when he was slain while sleeping, had earmarked his vast estate to establish the William M. Rice Institute for advance of literature, science and art.

The murder trial and litigation over forgeries of the will kept the estate tied up several years after the murder and delayed the opening of the Houston institution until 1912.

WEATHER

NORTH CENTRAL TEXAS: Generally fair, a little cooler tonight and in northwest portion this afternoon. Thursday, fair and mild.

WEST TEXAS: Generally fair, cooler this afternoon and tonight. Thursday, fair and mild. Lowest around freezing locally in Upper Panhandle tonight.

EAST and SOUTH CENTRAL TEXAS: Partly cloudy, warm this afternoon. A little cooler tonight. Thursday, fair and mild. Gentle to moderate southwesterly winds on the coast, shifting to moderate to fresh northerly tonight.

Servicemen Sold On USO Activities

By FRANCES BROOKS

PLACE: North Korea.

TIME: 4 p.m. on a dark day in January, 1952.

TEMPERATURE: 40 degrees below zero, Fahrenheit.

SITUATION: The Korean conflict.

A Broadway play could hinge upon the story told by Sonny Greenfield, who was a sergeant with a U.S. mortar outfit, during the bitterest fighting of the Korean War.

As one of the 21 directors of the Scurry County United Fund, I sought out Greenfield at Thompson's Shoe Store, and as we leaned against a clearance table of ladies high - heeled sandals, we talked. His testimony for the USO (United Service Organizations) was so sincere that I want to pass it on to you . . . because, as you know, USO will receve $1,800 out of the $29,500, goal set by United Fund, which you are being asked to support.

The screaming soprano of the small guns and the bass, bullthroated roar of the big ones had not paused for hours on end. As the bleak, frozen day inched toward an even colder night, Sgt. Greenfield's battalion got the coffee call. In their thickly padded clothing (the finest American ingenuity could furnish) they lumbered back toward the chow line.

A nondescript-looking civilian, a man, was directing Operation Coffee, pulling heavy coffee urns and uncooked dough in big cartons out of a truck, backed up to the grill. In a moment, fresh doughnuts were sizzling and the aroma of good, fullbodied coffee hit the weary gunners. And there, 1000 yards behind the line, Greenfield and his men were able to relax over freshly prepared coffee and doughnuts. He remembers on that day, and on many other bad days, that he saw lettering on the big cartons coming out of trucks — "USO." He hopes you will remember this little story also when you are asked to give to USO and the other seven agencies coming under United Fund this year.

Ted Williams, another ex-sergeant, who served with the infantry in the Marines in Korea, now lives with his parents, Mr. and Mrs. Ross Williams, on the Roby highway. He and his twin brother, Fred, another veteran, recall equally heartwarming tales of the gallant work of USO. Once, after having served 78 hours without relief on the Main Line of Resistance, Ted turned and with his buddies saw right down in the battalion, Eddie Fisher from the United States. "There's no singing down that close," explained Ted, "but it sure made me feel good seeing somebody who wasn't afraid to get right out with us." Fisher and hundreds of other entertainers were flown in under the auspices of USO. Arriving in the nearest town to our military installations, they were then transported by ordinary Army truck to an area, often near action, where they entertained the troops.

J. W. Johnson, now employed at Snyder Gasoline Plant, reminisced about the program Betty Hutton gave when brought in close to the battle zone in Korea. It was dreadfully cold, but in an airy, spangled gown "she sang her heart out" before G.I.'s who crouched on the frozen terrain, 1,500 at a time to hear her. (Gunfire never stilled in the near distance.)

Eddie Don Floyd, another returned soldier, now working at Scurry County Butane, liked the way the entertainers gave their show, then broke ranks and stood behind the chow lines serving the boys, always boosting morale, offering to take messages back to the states.

Ray Hardin, now at SACROC No. 2, pointed out that peacetime or wartime, the USO is busy in each town in the United States where there is a military area. The finest citizens in an area are enlisted to help, and the clubs and lounges are enjoyable to soldiers far from familiar scenes. There are even darkrooms in some clubs so that photo fans may develop their own pictures. Rooms for transient soldiers in their clubs are always free.

As Reserve Capt. John Hamlin, chief clerk at SACROC No. 2, said, "I watched the troops bivouaced in France entertained once by USO in the lush gardens of Versaille, and then I have seen them follow the boys up to the front". Never have I heard anything but good of USO and its great work of furnishing "a home away from home' for our servicemen."

Motorists Already Testing Radar Controls On Speeding

A few motorists in the Snyder area have tested the state's new radar control over speeders, which went into effect in this district Monday.

The radar apparatus — unless it is set up near here today—has not yet been used in this immediate vicinity, but it has been used this week in other areas of this district. Just where it is being used is not told beforehand.

A few people here have found out, however, during their motoring tours in other places in this district. The Abilene district of the highway patrol division of the state's public safety department will vary the use of radar to cover all parts of its several counties. Other districts will work similarly.

Yesterday, a man in Snyder said he was stopped by officers at a point southeast of here and warned that he had been exceeding the speed limit. He was also warned that the warning season was not to stay open long. "They told me how fast I was going," he said, then added, "They were right, too."

Another man, a truck driver, opined: "They'll never catch me. Our hub caps are filled with aluminum foil."

Actually the type metal a vehicle is made of has nothing whatever to do with the effectiveness of radar. You can stand near the radar screen and wave your hand, and the apparatus will register its speed.

The equipment used in radar speed detection sends a radio beam from the screen at 2,455 megacycles for a distance of about 300 feet. When a moving object comes into the beam, the waves being sent toward it begin to return to the screen at a frequency determined only by the speed of the moving object. The difference between the two frequencies is measured by the equipment, calibrated in miles per hour, registered on a speedometer on the set, and also recorded in pen and ink on a graph.

The beam, when striking a stationary object, returns to the screen at the same frequency as it is sent, thus registering zero. When the object begins to move, the frequencies begin to differ. The greater the movement, the greater the difference, the higher the registration on the meter and graph.

J. Ross Kemp, safety officer from the Abilene district office of the highway patrol division, said the equipment being used was licensed by the Federal Communications Commission with the provision that it must be at least 98 per cent accurate at all times and that any inaccuracy must be in favor of the motorist.

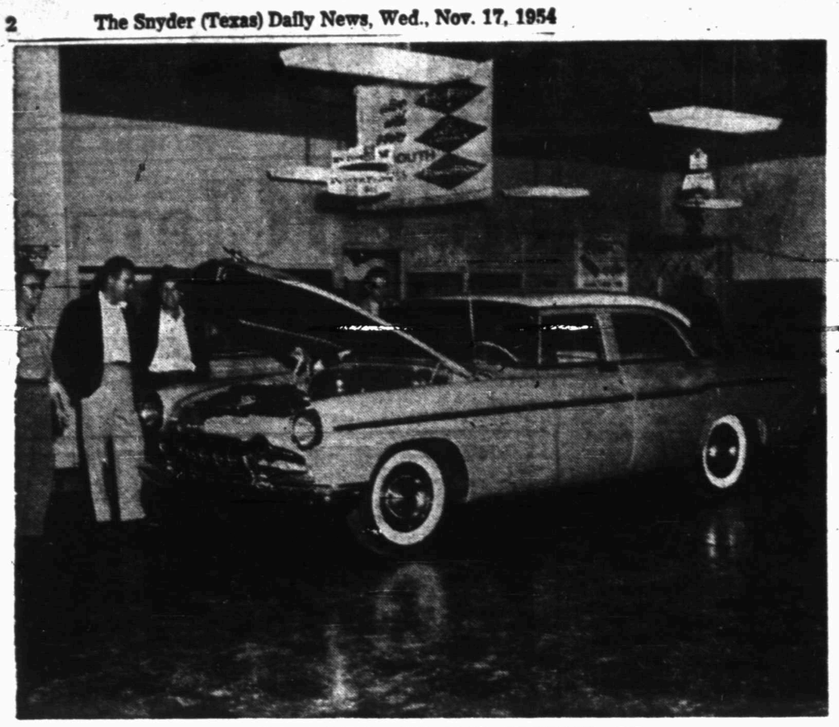
All radar equipment must be licensed by FCC, and also the operator of it must be licensed by FCC the same as a radio operator.

In speed detection, a plain automobile is usually used to carry the radar equipment. It is parked along a road; and whether in sight or out, its radar screen is set so that its beams will cover a portion of the highway patch not more than 300 feet away.

When the radar clocks an excessive speed, the operator radios an awaiting patrol car father down the road. The radar is effective upon objects moving away from its screen as well as those moving toward it; so the direction the speeder is traveling makes no difference.

In addition to the amazing accuracy of radar, mystery is also a great factor in speed control. For this reason, the highway patrol division does not announce ahead of time where its radar equipment is to be set up. Today it may be on a certain highway near your home or on your route to work — tomorrow it may be miles away.

The radar equipment is not to take the place of any patrol work already authorized, either, Kemp said. All patrolmen will continue to patrol the public thoroughfares as usual and will still clock speeders in their usual method and make arrests when violations are seen. The use of radar is an extra control over speed, the state's No. 1 killer.



NEW DE SOTO AT LEE MOTOR CO.

A preview showing of the 1955 DeSoto automobile line was made last night for many Snyderites at the showroom of the Lee Motor Co., 1715 Twenty-fifth Street. As all members of the 1955 Chrysler Corp. automobile family, the new DeSoto has a completely new look that is highlighted by a longer, lower body, increased use of chrome trim, and new interior designs. One of the most outstanding features of the new DeSoto is the dash-mounted transmission control mounted finger-tip distance from the steering wheel for ultimate ease in shifting. The above picture was made last night as some of the preview lookers examined the new cars. (Lee Watson photograph)

Women Called For Duty On Grand Jury

TEXARKANA, Tex. (AP) — Three women will sit on the grand jury in Bowie County next Monday.

The judge said he believed it was the first instance in the state of women on a grand jury.

Texas voters approved jury service for women in the general election of Nov. 2. State Atty. Gen. John Ben Shepperd ruled that the change was effective Nov. 19 when the official canvass of votes was made.

A Dallas justice of the peace, Bill Richburg, jumped the gun last week with an all woman 6-member justice of the peace court jury.

Nuclear Reactors Not Yet Practical

BLOOMSBURG, Pa. (AP)—An official of the Atomic Energy Commission says that although the cost of nuclear fuel is cheaper than coal, nuclear reactors as a source for commercial power aren't yet as economical as more standard devices.

W. Kenneth Davis, deputy director of the AEC's reactor development program, said also in a speech last night that even a nuclear reactor now being built privately at Shippingport, Pa., would not be as economical as present power producing methods.

Compromise On Censure 'Torpedoed'

WASHINGTON (AP) —Sen. Monroney (D-Okla) said today that chances for a compromise of the McCarthy censure resolution were "torpedoed" by the new move to charge Sen. McCarthy with continuing contempt of the Senate in current debate.

Monroney said the speech yesterday by Sen. Watkins, Utah Republican who headed the special six-man censure committee, had a "terrific impact" on the Senate.

Watkins told the Senate McCarthy had been contemptuous "under our very noses" in describing the committee as the "unwitting handmaiden" of the Communists. He called for a new censure count. Sen. Bennett (R-Utah) announced that he would offer one later.

Senators who have been angling for a compromise recognized the day's developments as a setback but were not giving up hope.

Sen. Dirksen (R-Ill), a McCarthy supporter and a leading force in the compromise efforts, said "you never can tell until you try."

Dirksen so far has refrained from entering into the floor debate, preferring to work behind the scenes, but he said he may speak tomorrow.

Sen. Bridges (R-NH), temporary president of the Senate who has been active in compromise talks, was reported planning to address the Senate later in the day.

He said he thought the additional censure count proposed by Bennett would make efforts to work out a compromise "a little more difficult."

Sen. Thye (R-Minn), who said he has not made up his mind on the proposed censure, told reporters that any chance for a compromise certainly was "shaken" by the dramatic events of yesterday.

"I can't foresee any great possibilities of a compromise," Thye said, adding that a compromise seems "more distant" now than when the Senate met last week.

Thye said he regarded Bennett as "on the more conservative side of the (censure) question" and felt that Bennett's action "indicated the strong feeling even on the more conservative side."

In discounting the likelihood of any compromise now, Thye said he thought "the vote has got to come on the question" posed by the special committee.

Prisoner Transferred To State Penitentiary

Howard Gibbons, deputy sheriff, left here at 5 o'clock this morning to take J. W. Aubrey Akins, 30, of San Angelo, to the state penitentiary at Huntsville.

Akins, an ex-convict who previously served concurrent sentences at Huntsville for burglary and bigamy, pleaded guilty in district court here last week to an indictment of felony theft.

AREA OIL ROUNDUP

Wildcat Planned In Fluvanna Area

Pete Lomax and R. J. Zonne, both of Midland, have announced plans for a 2,800-foot wildcat three miles northeast of Fluvanna in Northwest Scurry County.

It will be the No. 1 T. R. Martin, located 990 feet from south and 330 feet from east lines of section 575-97-H&TC. That is one location west of the two-well Corazon field which produces from the San Andres at an average depth of 1,955 feet. The No. 1 Martin is to begin operations at once.

FIELD TESTS

Locations for five new field tests have been set in Scurry County.

Sun Oil Co. is to begin operations at once on the No. 7 Emil Schattel in the Kelley-Snyder field seven miles southwest of Snyder. Location has been made 467 feet from south and west lines of section 186-97-H&TC. That is on a lease of 654.90 acres. Rotary contract calls for a depth of 6,875 feet.

Also in the Kelley-Snyder field, Sun is to drill the No. 12-C G. H. Arledge. Location is 1,667 feet from south and 1,376.5 feet from east lines of section 185-97-H&TC, nine miles west of Snyder. It is also to drill to 6,875 feet, starting immediately.

Thompson & Powell Drilling Co. No. 1 J. B. York is to be drilled in the Kelley-Snyder field one-fourth of a mile northwest of Snyder. The drillsite is 1,787 feet from west and 1,717 feet from north lines of section 180-3-H&GN. Contract depth is 7,100 feet.

The Texas Co. has filed application to drill two new tests on the P. L. Fuller lease in the Cogdell field north of Snyder.

The No. 227 Fuller is 540 feet from south and 1,738 feet from west lines of section 562-97-H&TC, 14 miles north of Snyder. The No. 228 Fuller is 1,861 feet from north and 801 feet from east lines of section 501-97-H&TC, 12 miles north of Snyder. Both are to drill to 7,000 feet, starting at once.

COKE WILDCAT

Kewanee Oil Co. No. 1 Simpson is to be a 6,200-foot rotary wildcat three miles northwest of Robert Lee in Central Coke County.

Drillsite for the test has been set 1,320 feet from the most southerly north line and the same distance from the east line of L. B. Harris survey No. 4, abstract 201. That is one mile southeast of a 6,100-foot dry hole, six miles northwest of the West McCutchen-Cisco field and nine and one-quarter miles east of the Millican field.

GARZA LOCATIONS

Cecil Oil Co. of Houston has filed applications to drill two new wells in the Justiceburg-Glorieta field of Southeast Garza County.

One will be the No. 3 J. S. Reed, 330 feet from south and 2,310 feet from west lines of section 117-5-H&GN, five miles east of Justiceburg. The No. 2-A J. S. Reed is 1,320 feet from south and 2,030 feet from east lines of section 117-5-H&GN, also about five miles east of Justiceburg. Cecil recently completed the No. 2 Reed, drilled 1,320 feet from west and 330 feet from south lines of section 117.

Joseph I. O'Neill, Jr., has filed an amended application to deepen the No. 1 Mrs. Gladys Floyd in the Huntley 3400 field.

The project is four and one-half miles northwest of post and in section 1298, D&W and TTRR survey, scrap file 1442 and 1442½. The new projected depth is 4,100 feet.

HOBO FIELD TRY

Seven miles northwest of Vincent in Southeast Borden County, Paul DeCleva of Fort Worth has staked location for his No. 1-B V. H. Wolf.

It is to be drilled 660 feet from south and 1,980 feet from east lines of section 40-25-H&TC. Drilling toward the contract depth is 6,600 feet is to start at once.

HOWARD LOCATIONS

Lone Star Producing Co. of Dallas No. 1 W. B. Puckett will be drilled as a 10,200-foot test in the Luther - Southeast Siluro-Devonian field of North Howard County.

Drillsite has been set 331 feet from south and 660 feet from east lines of the northeast quarter of section 27-32-t2n-T&P, 12 miles north of Big Spring.

Ray Morris Drilling Co. of Odessa No. 2 Guitar Trust Estate is to be drilled in the Moore field five miles west of Big Spring. Location is 2,310 feet from north and 1,650 feet from east lines of section 2-A-Bauer & Cockrell. Contract depth is 3,200 feet.

DRILLING REPORT

Stanolind Oil & Gas Co. has filed application to deepen the No. 2-A S. Neustadt in the SMS-Canyon sand field of Kent County, 18 miles northwest of Clairemont. The new application calls for a depth is 6,300 feet.

Union Oil of California No. 1 Simmons, Northeast Scurry wildcat, is moving off rotary rig.

In Borden County, Seaboard Oil No. 1-45 Good is moving off the rotary rig and erecting a tank battery. A potential test is to be run soon. Shell Oil No. 1 Clayton Johnson is drilling in lime below 5,790 feet. Gibson and Tri-Service No. 1 Pylant is drilling in shale and lime below 6,675 feet.

Robert Wood No. 1 Criswell, West Fisher County wildcat, is drilling in shale and chert below 5,488 feet.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. N. J. Harrison, 2201 Twenty-first Street; Robert Capps, Snyder; Tim Williamson, 1200 Twenty-sixth Street.

COGDELL MEMORIAL

Admissions: Mrs. H. A. Smith, Jr., 2706 Avenue Z; Mrs. Van D. Sumruld, Jr., Snyder; Cathy Boyd, 2100 Thirty-seventh Street; Clifford Atkinson, Stamford; Joe Breeden, Snyder; Mrs. John D. Anderson, 3904 Muriel Drive; John R. Richardson, 1704 Avenue R.

Dismissals: Mrs. Marion Floyd and baby, 2901 Avenue Q; Joe Breeden, Snyder; Cathy Boyd, 2100 Thirty-seventh Street; Clifford Atkinson, Stamford; Geanie Wright, Snyder.

Egg Hearing Moves Along

CHICAGO (AP)—Hearings on an alleged corner in egg futures moved into another session today after nearly coming to an abrupt close yesterday.

An attorney for 13 firms and individuals, accused by the government of participating in egg price manipulations in December, 1952, threatened to pull the whole group out of the hearings after the examiner ruled against him on one point.

The attorney, Lee A. Freeman, said his line of questioning was being "restricted" by Examiner Jack A. Bain. Freeman reconsidered after a short recess and the investigation continued.

Commission firms and wholesale egg dealers in Texas, Iowa and Chicago are included among the 13 respondents. The government says they profited an estimated $162,000 in forcing futures prices to abnormal heights by removing quantities of storage and fresh eggs from the market.

Bullock Schedules Talk Here Thursday

Pat Bullock, candidate for the state senatorial post vacant because of the death of Harley Sadler, will make a "non-political" speech in the district courtroom in the courthouse here at 7:30 o'clock tomorrow night, John R. Covey, friend of Bullock, said.

Bullock's speech will be of a general nature concerning matters to come before the next legislature of Texas, but will not be a campaign speech, Covey said.

Bullock has served 12 years in the Texas legislature, six in the senate and six in the house of representatives.

When first elected to the legislature, Bullock was a resident of Snyder, and had been county school superintendent here for many years.

Covey said the public is invited to hear Bullock.

Sgt. Blackwell Serves With Railway Command

Sergeant First Class Maurice O. Backwell, the husband of Mrs. Geraldine Blackwell of Snyder, is now serving with the 3rd Transportation Railway Command in Korea.

Blackwell, a cook in the 724th Transportation Railway Operating Battalion, entered the army in 1941. He has been in Korea since last January.

Mr. and Mrs. Blackwell have a son, Duane. Blackwell is the son of Mr. and Mrs. Lee R. Blackwell of Jonesboro.

DAN SORRELLS

Sorrells Has Statement In Senate Race

Dan Sorrels of Abilene, candidate in the special election set for Dec. 11 to name a state senator for the 24th district, has issued his formal statement of announcement, following the filing of his name with the secretary of state.

In his announcement Sorrels stated, "Even the winner in this race will be the second choice of this district since our first choice was Senator Harley Sadler. It is my hope, if elected, to creditably represent these principles and purposes that our late senator so ably fought for in representing the 24th Senatorial District."

Sorrells, 28 years of age, was born in Breckenridge and attended public schools in Abilene. After graduating from Abilene High School, he attended the University of Texas in Austin until at the age of 17 he volunteered for the Marine Corps. As a member of the 2nd Marine Division, Sorrells had 21 months of overseas service including the invasion of Okinawa.

After he was discharged in 1946 with the rank of corporal, Sorrells returned to his studies at the University of Texas and was graduated with honors from the School of Business Administration in 1949. Two years later he graduated from served on the Editorial Board of the Texas Law Review. Since that time he has been engaged in the general practice of law in Abilene, and has served as prosecuting attorney for that city.

Sorrells and his wife, Gladys, are the parents of one son, Kevin, University of Texas School of Law with honors. During that time he age 2. All three are members of the First Presbyterian Church in Abilene. Other organizations that Sorrells is active in are the VFW, American Legion, Kiwanis Club and the Texas State Guard Reserve.

Sorrells announcement further stated, "I believe in West Texas and its future and expect to participate in its growth and development. If elected, my principal aim will be to promote West Texas and its interests. To this end, I invite and will appreciate the advice, the help, and the vote of any of the people of this district."

BIRTHS

Mr. and Mrs. Van D. Sumruld, Jr., of Snyder are the parents of a son weighing seven pounds, one and one-half ounces, born at 4 a. m. today in Cogdell Memorial Hospital.

Mr. and Mrs. H. A. Smith, Jr., 2706 Avenue Z, are the parents of a six-pound, 14½-ounce son born at 3:04 a.m. today in Cogdell Memorial Hospital.

Mr. and Mrs. John D. Anderson, 3904 Muriel Drive, are the parents of a son born at 1:12 a.m. today in Cogdell Memorial Hospital. He weighed six pounds, 15 ounces.

Mr. and Mrs. Bennie Naston of Ozona are the parents of a daughter weighing seven pounds, five ounces, born in Cogdell Memorial Hospital at 10:25 a.m. yesterday.

An air lift that carried 138,700 passengers and 170,343,000 pounds of freight was used to build the railroad which taps the newly developed Labrador-Quebec iron deposit.

Funeral Rites Pending

Mrs. W. E. Devers, 3301 Avenue G, died about 9 a.m. today in Battenfield - Jones Clinic-Hospital where she had been a patient for several days. Funeral services are pending at Bell Funeral Home.

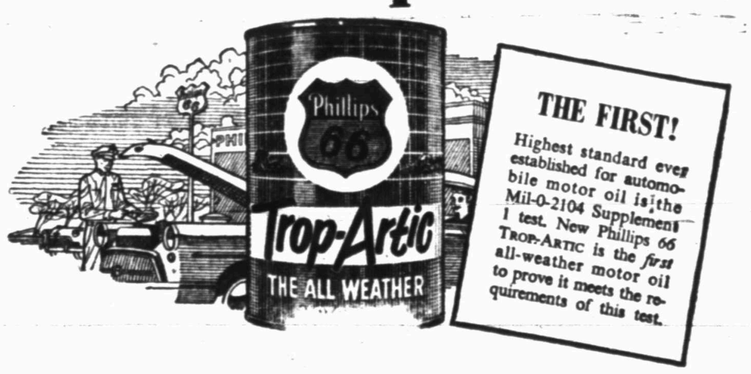
Oil Consumption Reduced 45% with Trop-Artic



If your car has been using oil, and if you could *reduce* this consumption of oil by as much as 15 to 45 per cent, it would be worth a great deal to you, wouldn't it?

Today the good news is that you *can* do it. It's been *proved* you can do it by changing from ordinary winter oil to new Phillips 66 Trop-Artic All-Weather Motor Oil.

Not only does Trop-Artic reduce oil consumption . . . it can reduce engine wear 40% or more. It keeps pistons and piston rings cleaner. New Trop-Artic oil can even *double the life of an automobile engine!* And it increases gasoline mileage.

Trop-Artic is a superior *all-weather* oil . . . S.A.E. 10W-30. Any car, in any climate, at any time of the year, will perform better with Phillips 66 Trop-Artic Motor Oil.

• • •

BETTER, CLEANER GASOLINE
PHILLIPS 66 FLITE-FUEL

Phillips 66 Flite-Fuel is the new gasoline —the *only* gasoline to which is added the super aviation component Di-isopropyl.

Flite-Fuel gives you increased power, higher anti-knock quality and greater fuel economy. You get all the special benefits of famous *controlled volatility* plus the *clean burning* qualities resulting from the use of natural and aviation gasoline components.

Flite-Fuel and Trop-Artic *go together* for better engine performance.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

Mrs. B. V. Gillean, Mr. and Mrs. T. D. Wiman and son, Mrs. Amon Weaver, Mrs. E. N. Baker, and Mr. and Mrs. J. W. Headstream are among a group of Snyder people attending the Texas Congress of Parents and Teachers 46th Annual Convention, which is being held today through Friday in Corpus Christi.

Juniors Set For Staging 'Our Town'

Members of the junior class at the high school have been in rehearsal more than two weeks for their annual class play.

The play will be "Our Town," a three-act show by Thornton Wilder. It will be held in the high school auditorium Dec. 2-3.

The action of the play centers around a couple growing up together in a small town. The cast is led by Alan Snead, Sandra Defore, and Perry Bolger. The supporting cast will include Fred Williams, Barbara Cockrell, George Jennings, Virginia Parrott, Ann Fish, Bob Coffee, Jack Spikes, Don Boone, Tommy McClatchy, Gerry Lynn Hughes, Douglas Smith, and Bill Bellamy.

The play opened several years ago in New York and has since been popular among college, high school, and community theater groups.

Wayne Pevey, high school drama instructor and director of the play, said the show will be unique in that there will be no realistic scenery used.

Proceeds from the play will help to finance the junior-senior banquet and prom, Pevey said. Tickets are on sale by members of the junior class at 75 cents for adults and 50 cents for students.

WOMEN'S CALENDAR

Mr. and Mrs. I. W. Wasson of Brownsville visited Mrs. Nettie Wasson and Vita Wasson, 1308 Thirtieth Street, over the weekend.

INTERNATIONAL DESIGNERS PATTERN

by IRENE GILBERT of IRELAND

A recognized fashion authority in the land of her birth (Ireland) for the last nine years, Irene Gilbert brings to style-conscious American women a subtle blend of cosmopolitan Dublin life in a dress design that is intrinsically good. This model is made in only six pieces, a simple easy-to-make version of the new long torso look and raised bosom. The entire midsection consists of "pick-up" tucks a little wider at the bottom so that when they are released at the waist they develop into a graceful skirt of unpressed pleats. The covered up neckline is continued into a back collar which hooks at the top of the zipper closing. When it was recently presented in America, it was seen in a very lightweight white wool but it is a dress that is adaptable to almost any other fabric from cotton to crepe or shantung for dress wear. This pattern is cut to designer measurements, not standard pattern measurements.

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36½	26½	37½	14
38	28	39	16
40	30	41	18

Size 12 requires 3½ yards of 54-inch material for dress. To order Pattern No. S-243, address International Designers Patterns, P.O. Box 993, G.P.O., Dept. SX-13, New York 1, N.Y. State size. Send $1.00. Airmail handling twenty-five cents extra. Add four cents, for handling, if paid by check or money order.

NEWS FROM IRA

By MARY NELL MOSLEY

Shirley Rosser and LaVon Aday, students at Wayland College in Plainview, were guests of Miss Rosser's parents, Mr. and Mrs. L. D. Rosser, over the weekend.

Mr. and Mrs. John Mayes had as weekend visitors her parents, Mr. and Mrs. Herman Caldwell of Comanche, Okla. They visited Mr. and Mrs. Cecil Kinney in Bronte Sunday. Mr. and Mrs. Lawrence Morrison visited in the Mayes home Sunday.

Reed Ashmore has returned home from a Big Spring hospital. His daughter, Mrs. Charles Westbrook, is visiting in the Ashmore home now.

Mr. and Mrs. Kenneth Dismuke are the parents of a son, Towner Leon.

The Sunbeam and R.A. groups of the Baptist Church did community missions work at their meetings. Eight members attended the Sunbeam meeting and 14 attended the R.A. meeting.

Attending the YWA meeting in the home of the counselor, Mrs. Rea Falls, were Carolyn Smith, Genella Vinson, Olivia Vinson and Mary Nell Mosley.

Mrs. Ben Mosley and Mrs. John Mayes were in Sweetwater Friday.

Mr. and Mrs. Joe Rue Burney and daughters, Joyce LaRue and Rhonda Sue, visited Mr. and Mrs. A. P. Wishert Sunday.

Mr. and Mrs. Bill Allen and daughters visited in Oklahoma over the weekend.

Mr. and Mrs. Ben Mosley and daughters visited Mr. and Mrs. D. L. Lilley in Snyder Friday night.

Mr. and Mrs. Wiley Eubank of Bowie visited in the Eubank and Welch homes here recently.

PERSONALS

Ronald Neighbors and Wayne Pemberton of Mineral Wells, who are students at Hardin-Simmons, spent the weekend with Ronald's parents, Mr. and Mrs. J. A. Neighbors, 101 Hickory. Mr. and Mrs. R. D. Garrett of Forsan are visiting in the Neighbors home now.

Mr. and Mrs. A. E. Smyers, 107 Thirtieth Street, returned this morning from Paris where they attended the funeral of Mr. Smyers' aunt, Mrs. Allen Frederick.

Myrtle Scott, Lareta Johnson, George Jennings and Wayne Pevey attended the Hardin-Simmons University production of "Our Town" in Abilene Saturday.

Mr. and Mrs. Marshall Martin of Levelland spent the weekend with Mrs. H. G. Niedecken, 705 Nineteenth Street. Mr. and Mrs. Dewey Niedecken of Abilene spent Sunday with the group.

Mr. and Mrs. J. M. Newton and daughter, Ila Ruth, Mrs. Ned White, Mrs. Richard Brice, Mrs. Elroy Miller and Harriet Redwine have returned from Austin where they attended the annual Girl Scout convention of Region Nine.

Student Council Is Program Topic At P-TA Meeting

"We, the Students, Establish Our Own Democracy," was the title of a play presented at the Junior High School P-TA meeting Monday night by junior high students. The play depicted the problems that confront the student council in its democratic governing of the school. The council consists of four officers, a representative from each classroom and three faculty members. To acquaint the student body with proper voting procedures on a national scale, council officer elections are carried on in like manner with private voting booths and printed election ballots. Purposes of the organization are to develop student responsibility, initiative and school pride; to promote worthy citizenship; provide a means of youth expression; promote school welfare and student cooperation and to serve as an organization representative of the entire student body.

Helen Carr and Mrs. L. L. Davis directed the play. Mrs. Wraymond Simms was program chairman. Cast of characters and their roles were Robert L. Smith, School principal; Sharon Morgan, Miss Classroom Teacher; Barbara Josephson, Mrs. Out-of-Town Teacher; Johnny Joyce, Mr. Out-of-Town Teacher; Beth Simms, Mrs. Against-It-All; Coleman John, Student Council President; Peggy Smith, Miss Junior High Girl; Jane Shaw, Room Representative and Mike LaFountain as Mr. Parent. Teachers who assisted with casting were Mrs. Faye Parker, Hogan Lofland, Jimmy Lynch and Ralph Laswell. Refreshments were served by Mrs. Marcel Josephson and Mrs. Harold Brown.

Colorado City Girl Is At Warm Springs

Nelda Joe Bunch, daughter of Mr. and Mrs. Jesse Bunch of Colorado City and granddaughter of Mr. and Mrs. W. A. Barnett, 2801 Twenty-eighth Street, was transferred to Gonzales Warm Springs recently.

Mr. and Mrs. Bunch have just returned from a visit with her and said that she is showing some improvement. Her address is P. O. Box 58, Gonzales Unit, Gonzales, Texas.

SPECIAL MOLDED SALAD
... perfect for a Thanksgiving buffet

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

You will, of course, this year as always, gather your nearest and dearest around you for Thanksgiving dinner. But what about those other friends and neighbors whom you would like to invite in for a little celebration. Why not plan a special buffet party for them on the very next day? You could set a beautiful buffet meal using the delectables left over from dinner, plus one or two special touches for the occasion. There could be cold sliced turkey, thin-sliced ham and little hot biscuits. There could be luxurious Pickled Peach 'n Cider Mold to keep the turkey tangy company. Think of the enormous advantage such a buffet meal has over a set meal, too. The left over turkey and ham is all ready to pop into the oven and bake and you can make the peach mold the day before.

PICKLED PEACH 'N CIDER MOLD

1 quart pickled peaches
Apple cider
2 packages unflavored gelatin
½ cup cold water

Drain peaches, saving syrup; stone and cut in chunks. Measure syrup and add apple cider to make 4 cups. Heat to boiling point. Soften gelatin in cold water then dissolve in hot cider mixture. Chill until consistency of unbeaten egg white. Fold in peaches, pour into mold and chill until firm. Unmold on salad greens. Serve with mayonnaise or cream salad dressing. Makes 8 servings.

• • •

Helpful hints of yesteryear from the White House Cookbook ... Chili sauce: boil together two dozen ripe tomatoes, three small green peppers or a half teaspoonful of cayenne pepper, one onion cut fine, half a cup of sugar. Boil until thick; then add two cups of vinegar; strain the whole, set back on the fire and add a tablespoon of salt and a teaspoon each of ginger, allspice cloves and cinnamon. Boil five minutes; remove and seal in glass bottles.

• • •

QUICKIE HELPER — Bluing is fine to use to neutralize the yellow tint of white fabrics and make them appear white. But be sure to read the label on your bluing to see if it contains iron. If it does, your clothes must be thoroughly rinsed to remove the last traces of soap before bluing is added. Otherwise the soap and the iron in the bluing will combine to form rust spots on the clothes.

Sorority Meets For Thanksgiving Dinner

A Thanksgiving dinner for members of the Iota Psi chapter of Epsilon Sigma Alpha was given last night in the home of Mrs. Charles Swan at the Sun Oil Lemons Lease Camp. Hostesses with Mrs. Swan were Mrs. S. C. Lipscomb, Jr., and Mrs. Bill McArthur.

Mrs. E. A. Brooks, a member of the board of directors of the United Fund, spoke on the work and purposes of the UF. It was also announced that Mrs. Billie Youree will be chapter sponsor.

Others present for the dinner were Mrs. Ray Armstrong, Mrs. Charles Baker, Mrs. Harland Birdwell, Mrs. Robert Boren, Mrs. Raymond Boydstun, Mrs. Jim Burt, Helen Bonita Carr, Mrs. Glen Cox, Mrs. Bill Davis, Mrs. Art Dibble, Mrs. M. Z. Gilbert, Mrs. Rufus Hart, Mrs. Derl Lovall, Mrs. Bill McArthur, Mrs. C. U. McDaniel Jr., Mrs. Newt Morton, Mrs. Wayne Pitner, Mrs. Carl Voss, Mrs. Zeb Williams, Mrs. Charles R. Wolfe and Mrs. Roy C. Wood.

Quick and delicious lunch: Add drained whole-kernel corn to eggs as you scramble them and serve with crisply-cooked bacon. Serve with hot buttered toast.

Mrs. Milam Directs Alpha Club Program

Mrs. J. M. Milam was program leader at the Alpha Study Club meeting yesterday afternoon with Mrs. Maurice Brownfield, west of city. "English We All Use" was the topic of her speech in which she gave the derivation of a number of words and discussed modern slang.

Faye Harrell, club delegate, gave a report on the state convention of federated women's clubs held last week in Minerals Wells. Club members made plans to send Christmas gifts to the state hospital at Wichita Falls.

Fall flowers were used in decorations. A salad plate with fruit cake and coffee were served to 15 members and one guest, Mrs. Sam Creath.

Beta Sigma Phi Plans Christmas Project

Elois McDow was hostess to members of Beta Sigma Phi last night at her home, 2101 Twenty-first Street.

Mrs. Carolyn Reon presented the program discussion on happiness through the enjoyment of literature. During the business meeting which preceded the program, plans for a Christmas project were studied. Eleven members were present for the meeting. Mrs. Reon is to be hostess to the club next on November 30.

Winners At Bridge Meet Are Announced

Mrs. Weldon Kincaid won high score at the Tuesday Night Bridge Club last night with Mrs. J. W. Phillips, 3709 Dalton Drive. Mrs. Clyde Hall, Jr., won the traveling prize and bingo went to Mrs. Ross Hemphill.

Guests were Mrs. R. M. Phillips, Mrs. Frank Weaver, Mrs. Robert Hargrove, Mrs. Robert Dawson, Mrs. Bob Crowell and Mrs. H. F. Clark, Jr.

Giant Squid Honored Guest Of California

LONG BEACH, Calif. (AP)—One of southern California's distinguished guests today is a giant 37-pound squid 9 feet 9 inches long.

Biologists at the California Department of Fish and Game laboratory on Terminal Island, who caught the 10-armed deep-sea monster, said yesterday it is the first taken off the California coast and the fifth caught in Pacific waters since 1872.

The squid, which resembles an octopus, will be turned over to Dr. S. Stillman Berry, of Redlands, Calif., an authority on marine life.

A loaf of Vienna bread will take about 15 minutes in a hot (400 degrees) oven to heat.

TURKEYS

Young, fat, milk - fed turkeys. Both large and small types. Dressed 59c, on foot 39c. Guaranteed good. Reserve yours now, one-quarter mile east of gin on Roby highway.

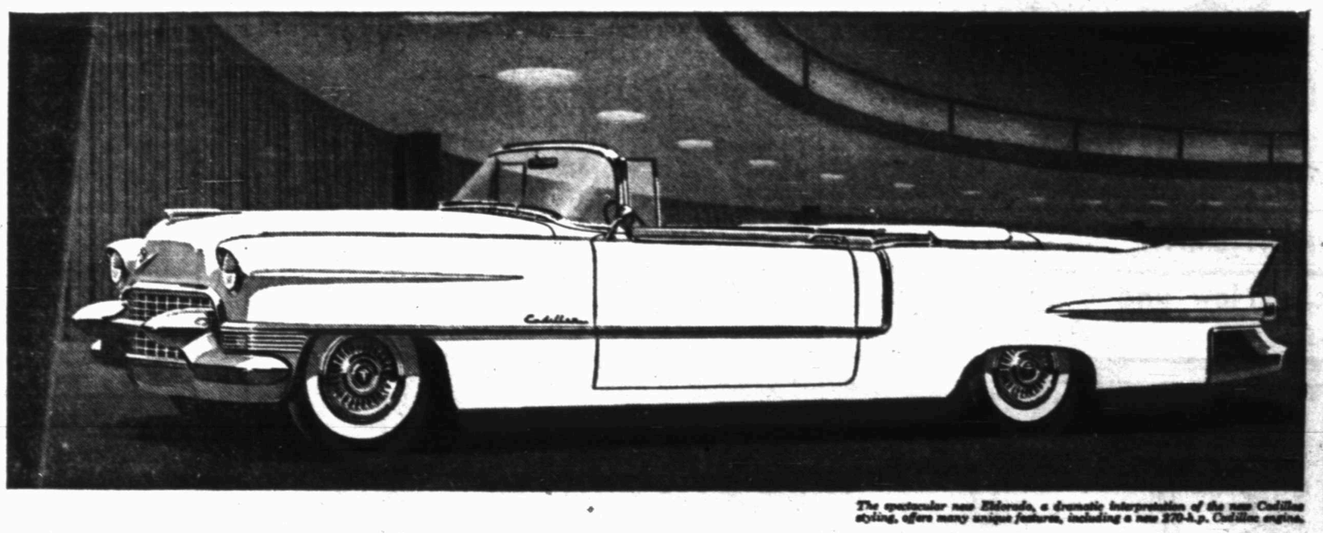
The new Series 60 Special, representing the standard 1955 models, features a new Florentine-curved roof line, a new slender center post, and a great new 250-h.p. engine.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!



The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five ... in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent in beauty—with a new, jewel-like grille and front-end assembly ... with dramatic and graceful new sculptured side styling ... and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car ... an improved Hydra-Matic Drive ... advanced Cadillac Power Steering ... and, as an option at extra cost, refined Cadillac Power Braking.

And they are magnificent in luxury ... to a degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful ... and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them tomorrow in our showroom.

You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

NEW DODGE AT EZELL MOTOR CO.

Increased power, many new color combinations, complete re-styling of the body, and new interior decorations mark the 1955 Dodge being introduced here today by Ezell Motor Co. The picture above was made in the Ezell showroom last night when a preview showing was held. Design of the grill of the new Dodge carries out the rams-horn pattern to follow the theme of the "Red Ram" V-8 engine with increased horsepower to propell the new car. (Lee Watson photograph)

Mendes-France Gets No Rest In Trying To Direct France

By JAMES MARLOW

WASHINGTON (AP)—Pierre Mendes-France, who comes here today for talks with the Eisenhower administration, has had virtually no rest since he became French premier last June. He is an active man of 47, an economist by preference, shrewd, a tough bargainer. He is also, in the long pull, an unknown quantity.

By standing aside while the French Assembly killed the European Defense Community he steered France away from European federation and perhaps eventual union.

The France he took over, split by factions, was drifting. He has tried to give it a sense of direction. A nationalist, he wants to make France self-sufficient but is probably too realistic to think she will be a first-class power again.

Where there was drift, he has provided blazing energy and action. But energy and action by themselves spell neither wisdom nor sucess. Whether he can, by vision and ability, bring France back to her feet is something he still has to demonstrate.

In France he has plenty of admirers and plenty of critics. His one finished product to show for five months in office is an end to the Indochina fighting. It was, in effect, a French surrender. His admirers say it was the best settlement any Frenchman could find. His critics say surrender is not a distinction and anyone could do as much.

He promised on taking office to revitalize the French economy. On that it's been talk, so far. This is understandable since his time has been monopolized by problems of foreign policy.

He had no stomach for EDC, the plan for rearming West Germany, bringing her into a single European army. The French themselves had first proposed it, but the French Assembly stalled on approving it. The French feared a rearmed Germany and objected to seeing France merge her army with those of other nations.

Mendes-France said EDC didn't have a chance. But whereas his predecessors didn't have nerve to call for a vote, he did. But he sat idly by while the Assembly killed it.

Then in a burst of action he got together with the United States, Britain, West Germany and others and worked out a new plan for rearming the Germans. This would let them have an independent army, allied with France, who would also have an individual army. Germany would join the North Atlantic Treaty Organization (NATO) with the United States, Britain, France and 11 others.

And NATO would be able to keep controls on the Germans. But the French have fewer guarantees against resurgent German militarism under this arrangement than they would have under EDC. This is still unfinished business but Mendes-France backs it, will bring it to Assembly vote in mid-December, and hopes it will pass.

If Germany does turn militaristic again and breaks away from the NATO controls, Mendes-France will have proved to be short-sighted in not fighting for EDC.

Wife Is Chased By Despondent Husband

CINCINNATI (AP) — Despondent because he was separated from his wife, Cecil Hamm, 24, last September threatened to jump from a bridge here. Today he is in the workhouse for chasing her with a knife.

He was sentenced to 10 days on an assault and battery charge after his wife Hattie said he dragged her outside her home here last weekend and chased her with a knife. They have been separated.

Silenced Church Bells To Ring Again Soon

READING, Pa. (AP)—The bells of St. John's Lutheran Church, silenced because their swaying weight had cracked the church's steeple, will ring again on Advent Sunday thanks to the magic of electricity.

The three bells, weighing a total of 11,851 pounds, originally were hung in the German building at the St. Louis Exposition of 1904 and there were rung by the late President Theodore Roosevelt.

Later, they were bought for and moved to St. John's Church here. Recently, the church tower had begun to rock whenever the bells were rung by the nine bellringers —three to a bell.

Now the clappers will be operated electrically.

Nationalist China Army In Hot Spot

By SPENCER MOOSA

TAIPEH, Formosa (AP)—The most dangerous real estate in the world today has a total area of less than 200 square miles.

It consists of Nationalist-held islands just off the Red China coast, some within easy shelling distance of mainland guns.

They range from the Tachens—where Communist torpedo boats sank a Nationalist destroyer escort Sunday—to Quemoy, 350 miles to the south.

The Reds easily could attack these islands. If they do and the Nationalist fight as they have vowed to, there will be carnage. An undisclosed element is whether the U.S. 7th Fleet would intervene. American policy is to keep the Reds guessing.

The only Nationalist territory the United States openly has committed itself to protect is Formosa and such satellite islands as the Pescadores, which are in the Formosa defense zone. The offshore islands are outside this zone. Yet for 350 miles they lie along the Communist coastline.

Southern anchor is Quemoy, only six miles from the Red-held island where the city of Amoy is located. This situation is only 120 miles across the Formosa Strait from Formosa. The Quemoy garrison includes some 1,500 former prisoners of war from Korea.

The Communists began a series of bombardments of Quemoy Sept. 3, but this time did not repeat their invasion attempt of 1949 when they suffered heavy losses.

The northernmost outpost consists of the Tachen Islands, which unlike Quemoy are deep water islands with rugged shores easily defended except against air attack. They are garrisoned by upwards of 1,000 troops.

In between the Tachens and Quemoy are the White Dog and Matsu groups dominating the mouth of the Min River on which the Fukien provincial capital is located.

No one in Taipeh doubts that Nationalist determination to hold these islands, and Communist determination to liquidate them, combine to create the most explosive potential since the Nationalists took refuge on Formosa in 1949.

Transplanted Glands Work Successfully

By ALTON L. BLAKESLEE
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP) — Glands taken from a dead baby are apparently still living and working two years later in a young woman's body, two surgeons reported today.

They are the thyroid gland and the parathyroids, little glands which ride piggy-back on the thyroid.

They are apparently the first case of successful transplanting of these glands for this long a time.

The dramatic case was described to the American College of Surgeons by Doctors Julius A. Sterling and Ralph Goldsmith, of Albert Einstein Medical Center, Philadelphia.

The woman, now 31, had her own thyroid and parathyroids removed in 1941 because her thyroid was too active.

Later, she began suffering from muscular spasms, thremors and pain due to lack of calcium, which is controlled by the parathyroids. An attempt, at another hospital, to transplant parathyroids in 1949 failed.

She grew worse, had to go to the hospital as often as four times daily for calcium injections. She also suffered from lack of thyroid hormone.

Just two years ago, she was given the glands from a baby who died at 21 days of age. The baby's parents gave permission for removal of the glands from the infants neck within an hour after death.

The glands were placed in the woman's groin. Blood vessels of the glands were connected with her own blood vessels.

She has been free of disease complications ever since, Sterling said. Once in a while she takes calcium pills. She no longer needs thyroid pills or other medicines.

Fighter Squadron To Operate Under Dutch

SOESTERBERG AIR BASE, Netherlands (AP)—The 512th U.S. Fighter Squadron was transferred to Dutch operational command today by U.S. Ambassador H. Freeman Matthews in a ceremony at this birthplace of the Dutch air force.

Dutch War Minister Cornelis Staf described the ceremony, held on a parade ground lined by Dutch troops, as a "landmark into NATO history."

Before the transfer ceremony Lt. Gen. William H. Turner, commander of U.S. Air Forces in Europe, and Lt. Gen. Baretta signed a technical agreement covering the stationing of the squadron on Dutch territory.

Reds Will Try For Foothold

BERLIN (AP)—The Communists will try to win a political foothold in Allied West Berlin through the City Parliament elections Dec. 5.

Campaigning under the banner of the Socialist Unity party (SED), the Reds have only a slim chance of making any sort of a showing. They will have to poll 5 per cent of the total vote—expected to run around 1,400,000—to be eligible for representation in the City Assembly.

The Communists have not gambled at the polls out of their own domain since October 1946. Then, in voting in all of Berlin, they received 15 per cent of the total. Since the city split into the Allied West and Communist East in 1948, there have been two West Berlin elections and the Reds did not venture into either.

Their entry this year, at the risk of a disastrous public rebuke, puzzles Western politicians. Some suggest they hope to make propaganda capital of the campaign by loudly calling for peace and German unity and promising an end to unemployment in six months.

SMU Continues Secret Drills In Preparation For Baylor

By CLAYTON HICKERSON
Associated Press Staff

Southern Methodist held cloak-and-dagger practice sessions. Baylor went through long defensive drills, Texas and Texas A&M took it easy, and other Southwest Conference elevens stuck to routine Wednesday.

At Houston, Coach Jess Neely of the Rice Owls promoted Jerry Hall to the first team. The running of Hank Crowsey highlighted Texas Christian's offensive drills at Fort Worth. And up in Fayetteville, Arkansas' Razorbacks worked against Louisiana State offensive plays as run by Porker reserves.

For the weekend battles, SMU was a 4½-point favorite over Baylor. The odds-makers put Rice a 6½-point choice over TCU, and Arkansas was given a 13½-point bulge over LSU's Tigers.

Coach Woody Woodard said the Methodists, gunning for a victory and the championship, would continue secret practice sessions Wednesday and Thursday in preparation for the crucial test against fast-improving Baylor.

Six Mustangs were too bruised from the tussle with Arkansas—the Porkers' first loss of the year—to get into uniform Tuesday. But Woodard expected a full-strength lineup Saturday in the Cotton Bowl.

Baylor made no secret that it was concerned with stopping Frank Eidom and the galloping Pony offense that whipped Arkansas 21-14 last weekend. The Bears worked for more than an hour on offense Tuesday and planned more defensive preparations before the game in Dallas Saturday.

Jack Throckmorton's bruised shoulder caused the promotion of Hall to the Owl first string as the Rice squad drilled for its TCU battle. The big soph looked especially good Tuesday against the Horned Frog Split T formation and Neely indicated he might start him Saturday in Fort Worth.

The Longhorns resumed practice Wednesday after watching movies Tuesday of their 35-34 victory over TCU. Coach Ed Price said the Texas team would concentrate on hard work the rest of the week in preparation for the traditional Thanksgiving Day game with Texas A&M.

The Aggies, meanwhile, worked lightly on all phases of the game but there was a determination that might bode ill for the Steers. There was a feeling in Aggieland that a victory over Texas might be that triumph Coach Bear Bryant has been so confident his undermanned Cadets eventually would get this season.

Arkansas took it easy in a brief drill and then watched game-study movies in preparing for the non-conference clash with LSU. Coach Bowden Wyatt, undismayed at the Porkers 'defeat by SMU, plainly expected his team to bounce back against the Tigers. There was no contact for the Hogs Tuesday.

SPORTS

Colleges Looking At This 48-Minute Man

WACO (AP)—They play two - platoon football in high school, but Jim Payne of Waco's University High hasn't looked into it.

Speaking of durable players—the colleges with their one-platoon system have been doing a lot of talking about this boy Payne.

For two years he has played every minute of every game—48 minutes in 19 consecutive contests. And he undoubtedly will do the same Friday night when University plays LaVega in what probably will be the last game of the season — and of his high school career.

LaVega is heavily favored to win and take the district championship.

Jim has only one regret—he never got to play on a championship team.

Payne weighs 198 pounds, is 6-3, and he's as rugged as a railroad track.

LaVega is undefeated and untied but it knows how tough Payne can be. In last year's title game, a controversial scoreless tie in which the Trojans apparently led in penetrations but officials awarded the victory to LeVaga on first downs after a 2-day dispute, Payne threw LaVega ball carriers for 65 yards in losses during the second half.

Payne has been all-district for the past three years. He was a defensive specialist in 1952 but last season played every second of every game as a double-duty star. He blocked four punts and recovered 14 fumbles. He led Waco Tech (the name of the school was changed to University this year) to seven victories against one defeat and two ties.

This season he has been better than ever. Wearing a weird-looking "man from Mars" facial mask, he has blocked two punts, recovered 10 fumbles and roamed all over the field making tackles. He plays either tackle or middle guard on defense and every opponent has called him the best lineman they've faced.

In last week's 13-6 non-district loss to Hamilton, Payne was in on a total of 28 tackles, making 15 of them unassisted. College scouts have found fault with his blocking, but Coach Bill Fowler explains that Payne must handle the blocking assignments of two men in the inexperienced Trojan line. He's the team captain and an inspiring leader.

Payne, the greatest athlete in the seven-year history of his school, has been drooled over by Baylor and other colleges since his sophomore season. The quiet, rangy youngster confines his talents to the gridiron. He's a basketball center, a weight man and high jumper in track, president of the senior class and a member of the national honor society, making straight A's.

You can bet your socks the colleges all know it, too.

Weill Doesn't Agree With New Ruling

SAN FRANCISCO (AP)—Al Weill, manager of world heavyweight champion Rocky Marciano, said last night he couldn't go along "at this time" with outlawing of the return contest clause in contracts for championship fights.

The ban was imposed yesterday by the World Boxing Championship Committee in London. It said it would not approve title fight contracts with return bout clauses.

Asked whether Marciano would defend his title without a return bout written into the contract, Weill said:

"When that time comes I will make my own terms."

"I am really surprised at this action," he said. "This is a free country and I am being paid to manage my fighter. He looks up to me to get matches and to help boxing, and he also looks to me to get the best financial deal possible. That's what I am paid for. I have always abided by the (New York) commission rules, but at this time I cannot go along with the ruling of the World Boxing Championship Committee."

While Weill dissented from the year-old committee, which was set up to standardize championships, Robert Christenberry of the New York State Athletic Commission said:

"For the first time in the history of boxing we have a committee which is determined to control the sport all over the world.

"I am confident the committee will stop the unhappy incidents which have occurred in the past."

Moore-Satterfield

MIAMI, Fla. (AP)—Light heavyweight champion Archie Moore and Bob Satterfield of Chicago will meet in a 10-round non-title fight in Miami Stadium Dec. 29.

Maj. W. H. Peeples Jr., Miami boxing promoter, announced Tuesday the fight will be televised nationally, CBS, but details have not been completed.

Moore, now 37 years old, makes his home in Miami. He has held the title since late 1952.

Oh Well, Kenny Ford Has 3 Years To Go

NEW YORK (AP)—No doubt about it. The three best passers in college football this year are Oregon's George Shaw, California's Paul Larson and Purdue's Lennie Dawson. All three wrap up their season's this Saturday and each apparently has a national title cinched.

According to NCAA statistics released Wednesday Shaw still ranks No. 1 in total offense, with Larson making a strong bid to overtake the leader and win the crown two years running. The California ace, meanwhile, has a new national pass completion record almost in hand.

Dawson, the youngster who upset Notre Dame, holds the lead in pass yardage.

Shaw, leading all season, has a total yardage net of 1,415 yards as he winds up against Oregon State. Larson takes a 1,375-yard total against Stanford. Dawson, with 1,309, opposes Indiana.

Larson could become the second collegian to win the total-yardage crown in successive years—Oklahoma A & M's Bob Fenimore did it in 1944-45 and Drake's Johnny Bright pulled it off in 1948-50—but at worse he'll be tops in completions. Thus far he's hitting at 64.2 per cent, completing 111 of 173 tosses. Washington's Don Henrich set the present accuracy record of 60.9 per cent in 1950. Shaw is second in completions with 86 and Dawson third with 81.

Lawson's leading air yardage is 1,400, with Larson second on 1,387. The Purdue ace also has the most touchdown passes with 14.

In rushing, the top three ball carriers also rank as the leading scorers, and in the same order—Arizona's Art Luppino, Penn State's Lenny Moore and Army's Tommy Bell.

Luppino, a sophomore, looks like the champ in both departments with two games remaining while his closest competitors have but one. He has scored 138 points (only 20 short of the highest total in 34 years) and has rushed to 1,025 yards. Moore, a junior, has scored 78 points and netted 1,014 yards and Bell, in his final year, has scored 72 points and gained 914 yards.

Eastern Kentucky, Omaha To Meet In Tangerine Bowl Tilt

ORLANDO, Fla. (AP)—Two unbeaten teams — Eastern Kentucky State College and Omaha University—will meet in the ninth annual Tangerine Bowl football game here Jan. 1.

The selection committee named Eastern Kentucky Tuesday. Omaha's selection was announced Saturday.

Omaha is undefeated and untied in nine games. Eastern Kentucky won eight and played a tie with Toledo.

ABOVE THE BLEACHERS

By DALE WALTON

Ira and Fluvanna basketball teams are in the midst of preseason workouts, and the two schools will match their teams tomorrow night in scrimmage.

The games will be played in Fluvanna's new gymnasium, being used for its second year. In previous scrimmage this season, the Fluvanna boys downed Ira in the last seconds 42-41, while the Ira girls plastered the Fluvanna girls 42-22.

Grover Watkins coaches at Fluvanna, while Kenneth Dismuke is Ira coach. The two are preparing their teams for their season to get underway in December.

• • •

Advance tickets for the Canyon Reef College Basketball Tournament, which will be played here Dec. 10-11, will be sold for $1. The Quarterback Club, on agreement with its co-sponsor in the tourney, the Snyder schools, will put the advance adult tickets up soon at that price.

If tickets are bought at the door on tourney nights, they will cost $1.25. Student tickets will be 50 cents, in advance sales or at the door.

The tournament will be held for its second year. Participating will be Texas Tech, defending champion; North Texas State, runner-up last year, Howard Payne, which was consolation winner; and Centenary, which is replacing McMurry.

The sponsors are expecting the tourney to draw large crowds this year, since this is the second year and since several cagers on the teams hail from area cities. Of special interest to Snyder fans is Ned Underwood, sophomore on the Tech squad who will be playing with the varsity team this season. Underwood, two years ago was leading scorer when the Snyder Tigers tied up with four other teams in District 3A-1 for championship and was a leader the year before when the Tigers took their Class AA title.

• • •

John Conley, head high school coach, has nothing but praise for the Breckenridge Buckaroos. Last night at Quarterback Club meeting Conley said he believes Breck will take the state championship in Class AAA this season. "If they get beat, I'll have to see it to believe it," he said.

"One of the smartest bunch of boys I ever saw on a team," commented Hal Battle, line coach.

Conley and Battle both, in discussing the Snyder - Big Spring game coming up Friday night, said they believe the Tigers will be in good mental and physical condition for the game. There are two or three slight injuries or ailments among players, but those are expected to be healed by game time. Last week the team felt the absence of Don McNew, who was out with illness, and Frankie Minton, who was out half the game with an injury.

Rumors Say Dodgers Will Move To LA

NEW YORK (AP)—The baseball winds were blowing west again today with a report that the Brooklyn Dodgers may move to Los Angeles.

John B. Old, writing in the Los Angeles Herald-Express, said the tentative plans to switch the Dodgers were "hush, hush," and that they would be aired at a special meeting here Nov. 22.

Old's story brought denials from National League President Warren Giles and Brooklyn Vice President Fresco Thompson.

Also, perhaps coincidentally, the Brooklyn Junior Chamber of Commerce announced the organization of a drive to "keep the Dodgers in Brooklyn."

Old warned his readers to "look for and expect vigorous denials" concerning the proposed switch.

"Walter O'Malley, Brooklyn president, has long eyed Los Angeles as a possible future home for the Dodgers," he wrote. "...the special meeting, quietly arranged without previous publicity, was called to offset the urging of Cleveland's Hank Greenberg that the American League expand to 10 clubs at the earliest possible opportunity."

Old also said Cincinnati might join the move and shift to San Francisco. Owner Powell Crosley has been "quietly liquidating his vast interest," he said.

"It never has been suggested to me that the Brooklyn club be moved to Los Angeles," said Giles when told of Old's story. "How could we have one club out there and the other seven way back here?"

Giles admitted there was a meeting scheduled for Nov. 22, but said it was to consider a revision of the constitution and bylaws.

Carpenter Moving Up In Loop Rushing, Freeman Top Hurler

Dick Carpenter, Breckenridge fullback, is rapidly gaining on Frosty Robison, fullback from Big Spring, for rushing leadership in District 3A-1 games.

Carpenter has gained a total of 551 yards in district games to Robison's 634. Robison has led the district since loop play began. Carpenter, averaging 10 yards per carry, is slightly ahead on average. Robison's average per carry is 8.6.

Leading passer in the district is Levelland's Mack Freeman, who had been ahead early in the season and fallen behind. He also has one of the highest completion records, with 50 per cent.

Still at top of pass receivers is Garey Lawhon of Levelland, who has 160 yards in nine catches. Lawhon is also top punter with an average of 45 yards on 19 kicks.

Highest ranking Snyder rusher is Jack Spikes, fullback, who ranks fourth in the district with 385 yards gained. He averages 6.4 yards per carry in district play. Tenth in the district is Snyder's Joe Baxter with 285 yards.

Snead, who is also the Snyder team's main punter, has an average of 32.3 yards on 21 kicks. He ranks seventh in the district in average.

Frank Eidon Named Back Of The Week

By HAROLD V. RATLIFF

DALLAS (AP) — Frank Eidom, who travels as recklessly on a football field as a hot rod on a steep incline, is national Back of the Week and his coach, Woody Woodard of Southern Methodist, says it couldn't have happened to a finer player.

The catapulting halfback of SMU won the honor with his mighty showing against Arkansas last week when his team took over leadership of the Southwest Conference with a 21-14 victory. All he did was run for 163 yards, score all of his team's touchdowns, play a grand defensive game and block like a steamroller.

Eidom came to Southern Methodist from Port Arthur, Tex., heralded as a combination Kyle Rote-Doak Walker. That was something to live up to because Rote and Walker are among the all-time greats of SMU and Southwest Conference Football.

The 185-pound blaster from the Gulf Coast is the most reckless football player they've ever had out on the hilltop. He has a total disregard for himself as he goes smashing into the line. At first it worked against him. He was forever knocking himself out. In his sophomore and junior years he missed part of the season because of injuries. But Eidom learned how to protect himself by falling properly, although hitting with a total disregard of the consequences. Now he's more dangerous to the opposition than to himself.

As a freshman he rolled up 532 yards in five games, also was an adept pass-receiver, kickoff and punt returner, blocker and tackler. He missed half the season as a sophomore but still gained 191 yards on 48 carries, threw 2 passes for 57 yards, caught 3 for 55, returned 3 kickoffs 64 yards and a punt for 32. As a junior he again missed some games because of an injury but gained 293 yards on 63 carries. One run was 91 yards and it beat Rice. He also caught 4 passes for 55 yards and returned 15 punts 160.

This year he's been disgustingly healthy — for the opposition. He has gained 498 yards rushing, caught 17 passes for 215 yards, scored 5 touchdowns, ran 7 kickoffs back 149 yards and 4 punts 53 yards.

He's quite a Rote-Walker combination. He's even busier than those two worthies were.

Eidom was quick to credit his teammates' blocking for his great showing against Arkansas and Woodard declared that he had made just as important contributions in other games but this was just more noticeable. "He's a fine leader," said Woodard, "a great team man."

Eidom beat out such stellar performers last week as Ronnie Walker of Maryland, Royce Flippin of Princeton, Freddy Wyant of West Virginia, Bob McNamara of Minnesota, Hopalong Cassady of Ohio State and Aramis Dandoy of Southern California.

Carter May Retake Old Title Tonight

By BOB MYERS

SAN FRANCISCO, (AP)—Mechanical Jimmy Carter steps into the ring tonight favored to regain the world lightweight championship from Brooklyn's Paddy DeMarco, the young man who relieved him of the title 10 months ago.

The setting for the 15-round encounter between the top two 135-pounders in the nation is the spacious Cow Palance in South San Francisco.

The contest, a replay of an upset registered by the 26-year-old Paddy in New York last March 5, will be televised coast to coast by CBS.

It is scheduled for 10 p.m. EST.

Carter, a veteran of 30 years, remained a 2-1 betting favorite today to whip his more unorthodox fellow New Yorker. The workmanlike fighter from Harlem already has the peculiar distinction of having lost and then regained the same lightweight title.

He will be the first in ring history in the division to repeat such a stunt if he wins tonight.

Carter first captured the crown in May 1951, when he knocked out Ike Williams in Madison Square Garden.

A year later, in a tremendous surprise, He lost the title to Lauro Salas in Los Angeles, via a decision. He won it back six months later in Chicago.

He successfully defended it against Tommy Collins, George Araujo and Armand Savoie.

Then came DeMarco, with an awkward, windmill, crowding style, and once again Carter was without title.

DeMarco has not fought since the engagement with Carter. A rematch was twice postponed by the champion—last June and then in September—because of a virus and then an elbow ailment.

Paddy has trained hard and he is confident. He said he beat Carter and received a unanimous decision, and he frankly sees no reason why he can't do it again.

Frank Eidom, Southern Methodist's hard running halfback, has been named "Back of the Week" in the weekly Associated Press poll for his play in SMU's 21-14 victory over previously unbeaten Arkansas. Eidom scored all three of his team's touchdowns, gained 163 yards on 22 carries and caught two passes for 33 yards.

Aussies Are Worried Over Hoad's Loss

SYDNEY (AP)—Australia's Davis Cup selectors, deeply worried by the defeat of Lewis Hoad, their young cup ace, plan to give immediate control of the Aussie squad to the shrewd non-playing captain, Harry Hopman.

Three of the four selectors were among the spectators Tuesday as old-timer John Bromwich gave Hoad a 6-4, 6-3, 7-5 tennis lesson in the quarter-finals of the New South Wales tournament. All three agreed afterward that the only thing to do was to put the entire squad under the iron hand of Hopman.

The rest of the Australian Davis Cup team, which will defend the trophy against the probable challenge of the United States here Dec. 26-28, is comprised of Ken Rosewall, Mervyn Rose and Rex Hartwig.

Rose made it an all-Australian semifinals in the New South Wales tourney Tuesday by defeating the U.S.'s Ham Richardson of Baton Rouge, La., 6-4, 6-4, 7-5. Rosewall and Hartwig had gained the semifinals earlier.

Top Lineman Is Ron Kramer Of Michigan

By TED MEIER
By The Associated Press

Ron Kramer, Michigan's great sophomore end, Wednesday was picked as The Associated Press Lineman of the Week for his magnificent play against Michigan State Saturday.

Kramer, a 19-year-old 6-3, 220-pounder, was the difference as the Wolverines battered Michigan State 32-6. "He was our big guy," is the way Michigan Coach Benny Oosterbaan put it.

Big Ron was tops in all departments. He kept rushing the MSC passers all afternoon and twice broke through to block punts. He picked up one blocked punt and ran for a touchdown. The other blocked punt led to another score. Offensively he snared several passes and blocked well. He is a good punter, too.

Later Oosterbaan enthused: "Kramer is the best football player I've seen at Michigan."

Line Coach Jack Blott added: "Kramer is the best all-around end I've ever seen. He is a great competitor and a great natural athlete."

Kramer is the third end to gain Lineman of the Week honors this season. The others were Fred Glatz of Pitt and Ron Beagle of Navy.

Franklin Brooks, Georgia Tech guard, was praised for his play against Alabama. He made nine solo tackles, took his man out of the play on 22 of 26 blocking assignments, recovered a fumble to set up a touchdown and intercepted a pass.

Frank Mincevich, South Carolina guard, and Ralph Denton, Wichita guard, likewise drew praise for performances against Virginia and Cincinnati, respectively.

Mincevich spilled Virginia runners numerous times for losses. His coach, Rex Enright, called his play "one of the finest defensive performances we've seen in several years."

Denton played 50 minutes and figured in 21 tackles.

Others nominated included: Kurt Burris, Oklahoma center; Jim Pyburn, Auburn end; Eddie Rayburn, Rice tackle; Herb Gray, Texas guard; Bob Cochran, Harvard end, and Paul Kernaklian, Syracuse tackle.

Harry Elliott of San Deigo led the Pacific Coast League in hitting (.350), hits (224), total bases (319) and doubles (42).

Boudreau Is Figured For Athletic Job

KANSAS CITY (AP)—Lou Boudreau, onetime "boy wonder" pilot of the Cleveland Indians and later Boston Red Sox manager, looks like the No. 1 choice for manager of the new Kansas City Athletics.

Arnold Johnson, the Chicago millionaire who acquired the Athletics from Philadelphia last week, indicated he would name his field manager today at a press conference.

Boudreau's name has popped up most frequently in speculation on the field post, although Johnson said he had received a flock of applications.

Only last week Boudreau said he had been in contact with the Chicago industrialist but "nothing is definite yet."

Others mentioned as possibilities included Eddie Joost, who managed the Athletics in their last stand at Philadelphia; Bobby Bragan, pilot of the Pacific Coast League's Hollywood club; and Lefty O'Doul, also a veteran Coast League manager.

O'Doul, however, eliminated himself recently by signing to manage the Coast League's Oakland team. Bragan has no major league experience as a manager. Boudreau, 37, has a decade of managerial experience in the majors.

THE FORD THUNDERBIRD—the pace-setting personal car, custom-designed for the American road—set the style for Ford's '55 line.

From the Thunderbird look ...comes Ford's new styling

THE NEW FAIRLANE SEDAN is a truly distinguished car that will be at home in the finest company.

And Ford's long, low Thunderbird-inspired lines are complemented by exciting new interior styling—and many rich upholstery materials never before used in an automobile.

In Ford's new Fairlane, Customline, Mainline and Station Wagon Series—you'll see styling that was inspired by the Thunderbird—the distinguished Ford personal car that was received with so much enthusiasm all over the nation. This styling is reflected in Ford's longer, lower silhouette—daring new exterior color treatments—colorful upholsteries never before found in a car—the huge wrap-around windshield—everywhere you look!

New Trigger-Torque Power

All three of Ford's new engines are the mightiest ever offered in Ford Cars. All offer split-second Trigger-Torque performance. There's a 162-h.p. Y-block V-8 with higher (7.6 to 1) compression ratio and 272 cu. in. displacement. And for still mightier power, there's the 182-h.p. Y-block Special V-8 which is teamed with the new Speed-Trigger Fordomatic Drive and is available in Fairlane and Station Wagon models. It has a 4-barrel carburetor, a compression ratio of 8.5 to 1, and dual exhausts. If you prefer a Six, the new 120-h.p. I-block Six is the most modern in the industry.

Plus all these new "worth more" features

- ★ New Speed-Trigger Fordomatic Drive* has a new automatic getaway gear for quicker starts and passing.
- ★ New Turbo-Action Spark Plugs resist "fouling" up to three times as long.
- ★ New 10% larger brakes mean smoother stopping and up to 50% longer brake lining life.
- ★ New Tubeless Tires are quieter and easier-riding, offer extra puncture and blowout protection, longer tire life.
- ★ New Angle-Poised Ball-Joint Front Suspension reduces "road-joint jar" . . . makes all riding and handling easier.

*Not unless ...

LARGEST DEALERSHIP IN THE WORLD for its size

WTCC Work Is Outlined By Manger

The West Texas Chamber of Commerce, embracing 132 counties, is carrying out an active program in behalf of business, industry and agriculture in the area it serves, a Snyder delegation was told last night.

The speaker was Fred Husbands of Abilene, executive vice president and manager of the WTCC.

Some two dozen local members of the WTCC sat in on the session at The Village as guests of Claude McCormick, Scurry County's WTCC director.

Husbands reviewed work of the WTCC in connection with cotton industry problems in West Texas, especially concerning labor and acreage quotas. The WTCC served as a coordinating agency and clearing house for work on contracts for Bracero (Mexican National) labor when it became apparent that sources of domestice labor for work in the cotton fields were dwindling, Husbands said.

More recently, the WTCC has been instrumental in getting cotton acreage quotas hiked in West Texas by explaining effects of the drought.

"West Texas alone could have lost over a million acres of cotton, if the drought had not been recognized as we contended that it should be," Husbands declared. He explained that acreage quotas were computed from "history" of cotton crops. West Texas cotton "history" had declined in recent years, because many farmers failed to plant normal acreage due to the drought, Husbands continued.

The WTCC also is constantly looking out for its members in the field of legislation and taxation, is always alert to any opportunities for attracting more industry to West Texas, and is vitally interested in promoting more tourist travel in the state.

The tourist business normally is the third largest industry in the state from the standpoint of dollars brought in from other states, he reminded.

Husbands said the WTCC has "Loaned &..." members to assist in setting up such organizations as the Texas Beef Council and to help with the governor's economic survey board.

The WTCC manager concluded his remarks by urging members to "call on us" whenever the organization can be of service.

Teen-Ager Prefers Death To School Work

MONTICELLO, Ky., (AP)—A teenager who preferred death to school killed himself yesterday, using a stick to push the shotgun trigger.

The blast struck 15-year-old Paul Morris in the heart.

Police Chief John Blevins said Mrs. Albert Morris, a widow and mother of five other children, told him she and Paul had argued over school attendance. "He said he would rather die than go to school," she said.

POLLARD INTRODUCES 1955 CHRYSLER

The completely re-styled 1955 Chrysler automobiles with increased power, new color schemes, and new interior decors are on display today at Pollard Motor Co., 2101 Twenty-fifth Street, where the picture above was made. A chrome sun guard extends over the panoramic windshield. Marcene Holt, sales manager of Pollard Motor Co., said that many of the optional equipment items such as air conditioners, and power-assist driving devices have been reduced in price for the 1955 line. (Lee Watson photograph)

Brother, Sister Are United After 66 Years

OKLAHOMA CITY (AP)—A brother and sister were reunited for the first time in 66 years because of a leisure glance at a telephone directory.

Bert Prigmore, 76, Oklahoma City, hugged and kissed his sister Mrs. J. A. Martin, 77, Fort Smith, Ark., and both were laughing and crying.

"You couldn't say I recognized her. She was just 11 years old the last time I saw her, but I knew it was her and I was glad she came," said Prigmore.

Mrs. Martin, visiting her granddaughter here, happened to glance through the telephone book and saw Prigmore listed.

They last saw each other in 1888 when the family split up after their father's death.

Good Burglar Alarm Has Little Effect

WALTHAM, Mass. (AP)—William Hues, 27, who works for a burglar alarm company, was in a liquor store testing the burglar alarm last night.

Three masked men, one carrying a gun, held up the place and robbed the proprietor and a clerk of about $200.

They frisked Hues but he had no money on him.

Hues ruefully told police the alarm was in good working order.

Wage Structures In Europe Under Study

ROME (AP)—The International Labor Organization is undertaking a comprehensive study of European wage structures.

In most European countries the employer, in addition to paying basic wages, must contribute to national social security plans, pay special cost of living bonuses and—in Italy—meet the expense of a "bread allowance." The result is a great gap between base wages and the amount the employer actually pays out.

ILO officials feel the projects will show both labor and employers how the complex setup of wages and contributions in each nation affects its competitive position in international trade.

Miller Is Appointed To National Park Post

WASHINGTON (AP)—Secretary of Interior McKay today named George W. Miller, assistant superintendent of Glacier National Park, Mont., to succeed Lemuel A. Garrison as superintendent of Big Bend National Park, Tex.

Garrison has been appointed chief of conservation and protection in park service headquarters here.

Miller, a native of Pueblo, Colo., joined the park service as a ranger at Yellowstone National Park in 1925.

Reds Stiffen China Control

NEW YORK (AP) —A top State Department official said today Chinese Reds for the first time are exercising "increased control" over Communist parties in free Asiatic countries.

Deputy Undersecretary of State Robert Murphy said in a speech prepared for the National Foreign Trade Convention that "each of the free Asian countries is now vulnerable in some degree to the expansion of Communist power and influence."

By winning control of the Chinese mainland, he said, the Reds now have "a tremendous Asian base" from which they can provide discipline, techniques and objectives for Communist groups in other nations.

Murphy said Red leaders are increasingly active, especially in underdeveloped countries, exploiting economic grievances — particularly those of farm workers against landlords and the government.

Murphy, a former ambassador to Japan, made a vigorous plea for backing of the administration's drive to open wider American markets for Japanese exports.

Gallant Widow Is Honored By Nations

By HAL BOYLE

BRUSSELS, (AP)—The scar of a German Gestapo agent's bullet still can be seen in the neat green doorway of Mme. Josef Duchene.

Every time she goes through the door the mark reminds Mme. Duchen, an Irish-born widow of 85 who has become a symbol of Belgian civilian courage, of the terrible price she paid for sheltering two fugitive British soldiers during the last war.

Born Anna Hodges in Waterford, Ireland, in 1869, she came here at 18 as a nursery governess. This is the story she told me as we sat in her small living room, hung with pictures of her late husband, her two dead children, King Albert, Belgium's first world war hero, and the present Queen Elizabeth of Britain.

"I felt so young and strange and homesick when I first came here," she said, "but people were nice to me and I felt better after I learned their language and their ways. Later I married Josef, coachman to the king. I forget the year, but I remember I was 30."

During the first world war her husband was sent to England with the King's horses. Mme. Duchene remained here during the German occupation with her children, Leopold and Florrie. No funds reached them and they had a difficult time.

"Often we were hungry," she recalled. "But we made out."

During this period Leopold, although underage, ran away and joined the army, later was captured by the Germans.

After the collapse of the Allied lines in the last war, two young Scottish soldiers, John McCubbin and Bobby Conville, leaped from a Nazi prisoner train near here and escaped.

"The woman who hid them became frightened," recalled Mme. Duchene. "I couldn't let the Germans take those boys again, so I said they could hide with us. We had a bed but no mattress, so Florrie and I ripped open our sofa pillows and made them a mattress, so the poor lads would sleep easier.

The two British soldiers hid in the Duchene home at night for 14 months, sometimes moving to other places during the day.

One day, while Bobby was out, three Gestapo agents knocked at the door. They searched the house and found McCubbin, shot and wounded him when he tried to escape.

"I told Florrie to run out the back, that it made no difference if the Germans took me as I wouldn't live long anyway," said Mme. Duchene. "But she wouldn't leave me."

Mother and daughter were put in solitary confinement in prison here. Neither would give any information to their captors. After 9 months, during which her husband had died, Mme. Duchene was released.

"But they took Florrie to Ravensbruck, that awful place," she said, "and later to Belsen, the most terrible of all.

"When she fell ill, they took her away from the other prisoners one day. I have asked and asked what happened to her after that, and no one will tell me.

Bobby Conville was smuggled back to Britain by the Belgian underground. John McCubbin, despite a bullet in his back, survived his wartime stay in a German prison camp.

Both men got in touch with Mme. Duchene as soon as they could to thank her. Three grateful governments — Belgium, Britain, and the United States — have honored the gallant old widow with citations and medals for her valor.

She lives now on a small government pension which she says is all she needs. She does her own housework, reads and sews.

But her son, Leopold, has died since the war and she is now all alone.

Does she ever regret taking the two escaped British prisoners into her home, an act that changed her life.

"No, I make out," she said sturdily. "I have no regrets except that I have lost my two children. That is the worst of all."

There was a silence; then, as if the words were dredged forcibly from her heart, Mme. Duchene said:

"It had to be so."

Ancient Bones Pinned Down

AUSTIN (AP)—The remains of a prehistoric human found last summer probably are those of a "Midland minnie," not a "Midland man," University of Texas scientists have decided.

It is customary to designate ancient human remains by a male name. Careful examination of skull proportions and brow and mastoid formations, teeth and finger bones in this case convinced research scientist Alex Krieger that the remains were those of an Indian woman who died about age 30.

Krieger and Dr. Fred Wendorf of the New Mexico Museum also announced chemical tests support other archeological evidence that Midland woman was one of the earliest known residents of the Southwest.

Scientists say total age of the remains may be as much as 20,000 years.

Keith Glasscock of Pampa, an amateur archeologist, discovered Midland woman last summer in a sand blowout near Midland.

Report On UF Made To Lions

Harold Bennett, chairman of the general business division of the United Fund campaign here, reported on progress of the fund program yesterday in the Lions Club's weekly luncheon.

Lyle Deffebach, president of the United Fund, and other workers, W. W. Park, Ab Williamson, Stanley Noah, and Bob Eastus, also made reports. Noah, who is chairman of the employe division, requested that all employes cooperate in the program. The eomploye division has not yet kicked off its drive. Noah said the individual employer will determine whether field workers will contact employes directly or if a person within the employer's organization will make contacts. Slogan of that part of the drive is "give a day's pay."

The United Fund will call upon employers to furnish key men in their organizations to assist in the employe division, Noah said.

Block Burns In Baltimore

BALTIMORE, (AP) — An entire square block of South Baltimore was burned out last night by an 11-alarm fire that swept through a lumberyard and spread to adjoining buildings.

More than half of the city's first-line equipment — 61 pieces out of 110—were rushed to the scene.

The lumberyard, two trucking firms, a garage, a tool company, numerous smaller firms and apartment houses were wiped out. Many other buildings were damaged.

At least 150 persons were driven from their homes.

Three explosions rocked the area but only one person was reported injured, a fireman hospitalized with burns on both feet.

No official damage estimate was given immediately but one source estimated it would exceed one million dollars.

Dead Rabbit Is Help In Getting Conviction

LOUISVILLE, Ky. (AP)—State Conservation Officer Malcolm Cocke produced a dead rabbit in court to back up his charge that James Lewis was rushing the season by a week.

Convinced by the evidence, the judge fined Lewis $30 for hunting without a license and hunting out-of-season game.
