

Allred tops association's sugar beet producers

E. Duane "Buck" Allred was named top sugar producer and Carl Strafuss was honored as the Man of the Year in Agriculture at the Texas-New Mexico Sugar Beet Growers Association

banquet Saturday night in the Bull Barn. Awards were presented after the introduction of board members by Bill Cleavinger, president. Strafuss, 48, from Milo

Center, raises wheat, milo and cattle. He is on the board of West Texas Rural Telephone, is on the board of directors for the Tierra Blanca Soil and Water Conservation District and is on the Board of Consumers.

He and his wife, Joan, have five children and attend St. Anthony's Catholic Church. Allred and two other

growers received plaques from Calvin Jones, agricultural manager at Holly Sugar, and will have their names inscribed on a plaque at the Holly office.

Allred produced 11,491 pounds of sugar per acre on his 30-acre crop. His beets were 15.12 percent sugar and yielded 38 tons an acre. Brorman Brothers, Tony

and Frank, took the second place at 10,208 pound of sugar an acre. Their 57 acres had a sugar content of 15.95 percent and yielded 37 tons an acre.

Hawbaker-Penz Farms, represented by Steve Irwin, brought Holly 10,175 pounds of sugar from each of the 47 acres. The beets were 13.75 percent sugar at 37 tons an acre.

Top producers from each station were recognized by Jones also. They were, with tons per acre and sugar content listed:

From Northwest, Gary Lemons, 27.7 tons per acre at 14.38 percent sugar; and Raymond Schlabs, 24.1 tpa at 15.85 percent.

From Southeast, Hawbaker-Penz Farms, 31.6 tpa at 14.33 percent; and Steve Olson, 28.2 tpa at 15.20 percent.

At Dawn, R.D. Friemel, 21.3 tpa at 14.45 percent; and Josef Grotegut, 21.2 tpa at 13.67 percent.

Clovis, J&J Farming Ent.,

Inc., 24.8 tpa at 14 percent; and Doug Carpenter 19.4 tpa and 14.57 percent.

At Friona, Jerry London, 26.8 tpa at 15.37 percent; and Nick Collier, 25.6 tpa at 15.14 percent.

Hub, Junior Wilkerson, 23.6 tpa at 14.93 percent; and Doug Rice, 24 tpa at 14.52 percent.

Wildorado, Ronnie Johnson, 29 tpa at 14.85 percent; and George and Marvin Mode, 28.7 tpa at 14.67 percent.

Farmers Corner, Steve Brorman, 29.5 tpa at 13.90 percent; and Brorman Brothers, 26 tpa at 14.67 per-

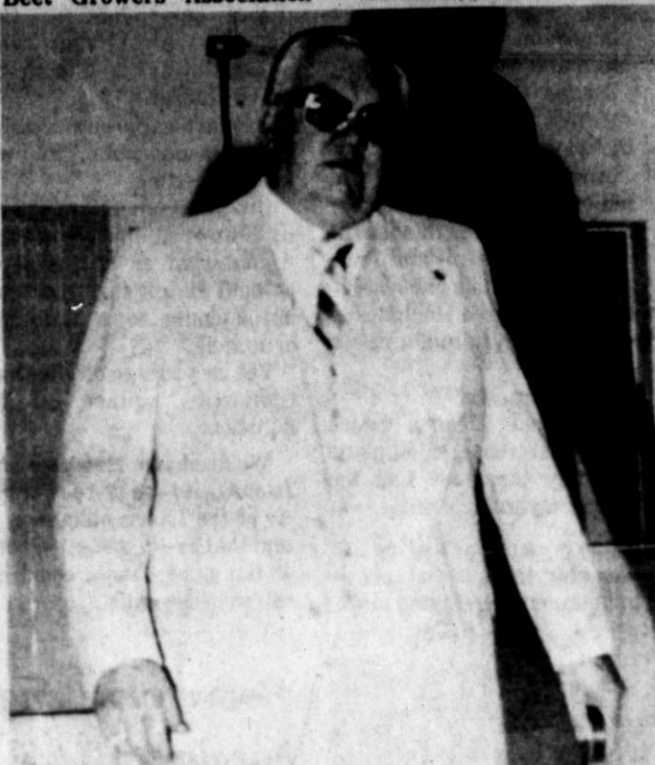

cent. And from Dimmitt, J.C. Pohlmeier, 26 tpa at 15.87 percent; and Billy Evans Farms, Inc., 24.7 tpa at 16.57 percent.

Due to postponement due to snow, rescheduling of executive guests from Holly could not be made.

Music during the meal, catered by Caison's, was provided by the Sundowners from Vega.

Association secretary James W. Witherspoon introduced the after-dinner speaker, Bill Brown.

Brown used his humor and magic to encourage a positive mental attitude.

Top Sugar Producer

E. Duane "Buck" Allred was named the top sugar producer for Holly Sugar, Inc., at the Texas-New Mexico Sugar Beet Growers Association banquet Saturday. Allred's 30-acre sugar beet crop had a yield of 38 tons per acre with 15.12 percent sugar content. His beets made 11,491 pounds of sugar. Plaques were presented to the top three growers and their names will be inscribed on a plaque at the Holly office here. (Brand Photo)

Ag Man of the Year

Carl Strafuss, left, was named the Man of the Year in Agriculture at the Texas-New Mexico Sugar Beet Growers Association Banquet. The award, sponsored by the Hereford Brand, was presented

by staff writer Jeri Curtis. Strafuss farms at Milo Center raising milo, wheat and cattle. A native of the area, he and his wife Joan have five children. (Photo by Tom Delany)

Jail inmate hangs himself

Funeral services for a 20-year-old Hereford man were held today after he apparently hanged himself in the Deaf Smith County jail early Sunday.

George Ramirez, Jr. was found hanging in the shower stall of his cell by jailer Shirley Wheeler around 3 a.m. Sunday. Ramirez was being held on a burglary of a vehicle charge.

According to Chief Deputy Dean Butcher, Ramirez used his coveralls to fashion a noose, and hanged himself.

An autopsy performed by forensic pathologist Dr. Ralph Edmond Monday morning confirmed that Ramirez's death was "self-inflicted."

No signs of foul play were present, and Butcher said that Ramirez had shown no

unusual behavior in the hours immediately preceding his death.

"He had visited with several of the trustees, and had even gotten a cigarette from one of them about an hour before it happened," Butcher said. "The jailer had also checked on him just 15 minutes or so before she found him hanging in the shower."

Ramirez was the only prisoner being held in his cell. Butcher said that he will turn-over all information and evidence in the incident to the

Grand Jury for a complete investigation "to get it cleared up."

Ramirez had been arrested Feb. 4 and charged with burglary of a motor vehicle. He had been indicted by the Grand Jury and was being held under \$3,500 bond.

Rosary for Ramirez was recited at 7 p.m. Monday in the Rose Chapel of Gilliland-Watson Funeral Home with the Rev. James O'Connor officiating. Mass was celebrated at 2 p.m. today in

SIPCO buys pork plants

CHICAGO - Swift Independent Corporation has reached a tentative agreement to acquire three Armour and Company pork plants, it has been announced by John A. Copeland, president and chief executive officer of Swift Independent.

Terms of the proposed transaction were not disclosed.

The Armour pork plants are located in St. Joseph, Mo., Worthington, Minns. and Huron, S.D. Swift Independent would also acquire the hog buying stations which supply the three packinghouses.

Copeland said the plants would increase Swift Independent's annual revenues by approximately \$500 million, and its hog slaughter capacity by roughly 3.5 million head. The company is currently the second largest pork producer in the nation.

"The availability of these

modern facilities provided us the opportunity to quickly expand our interests in one of our basic businesses. This is one of our major corporate goals," Copeland said.

Copeland said the transaction is subject to development of a definitive contract and could be closed by late August, 1983.

Copeland said Swift Independent had not developed a timetable for opening the plants under Swift Independent ownership. He said there would be some renovation to increase efficiencies.

Swift Independent is the nation's second largest fresh meats company, with interests in beef, pork and lamb, and a sales and distribution network. In fiscal 1982 it had revenues of \$2,493,808,000, and net earnings of \$25,334,000. The company currently owns six pork, five beef and one lamb plant.

Wreck victims still critical

Two Hereford men, injured in an accident last Thursday which took the life of a West Texas State University student near Canyon, are still listed in critical condition at Northwest Texas Hospital in Amarillo.

Both Raymond Dennis Martinez, 18, and Allen Shire, 24, of Hereford were injured in the collision which took place on Highway 60 just west of Canyon. WTSU student Lorille O'Donald, 22, of Ca-

nyon was killed in that accident.

A hospital spokesman said that Martinez has shown "some improvement" since being admitted to the hospital. He was listed as suffering from fractures and head and internal injuries.

Shire is also being treated for head and internal injuries.

The accident occurred just before midnight last Thursday.

Waste meeting slated Thursday

A public information meeting about various aspects of nuclear waste storage will be held beginning at 7 p.m. Thursday at the Hereford Community Center. The public is invited.

The meeting is being sponsored by concerned local citizens, and will feature comments by five persons, ranging from an expert on transportation of nuclear materials to a consultant on energy and environment.

Dr. Fred Millar, director of the Nuclear and Hazardous Materials Transportation Project of the Environmental Policy Institute in Washington, D.C., will speak on "Problems in Transport of Nuclear Waste."

Dr. Gordon R. Thompson, staff scientist with the Union of Concerned Scientists, Cambridge, Mass., will speak

on "Uncertainties in Nuclear Waste Disposal."

Janet Gordon, Cedar City, UT., Southern Utah director of Citizen's Call, an organization dedicated to helping radiation victims living downwind from the Nevada Nuclear Weapons Test Site, is to speak on citizen organizing and radiation effects.

Don Hancock of the Southwest Research and Information Center in Albuquerque, N.M., will address specific issues involved in consideration of nuclear waste disposal in Deaf Smith and Swisher counties.

Dr. Michael Wenzler, a family practice physician associated with the Texas Tech University School of Medicine, will discuss medical implications of nuclear waste disposal and transportation.

82nd Year, No. 164, Hereford, Tx. Deaf Smith County

Eight DWI measures heading to subcommittees

AUSTIN (AP) - Most witnesses urged lawmakers to pass tougher laws against drunken drivers, including one woman who made an emotional appeal on behalf of her mother, a DWI fatality.

But one witness who testified Monday before the Senate State Affairs Committee hearing several DWI bills warned lawmakers not to go "too far." Defense attorney Roy Min-

ton of Austin said Texas simply needs to enforce the current laws.

Some senators, as well as observers in the crowded Senate chamber Monday, wore buttons saying, "Save a

Life, SB 1, 2, 3." Others held up signs in the balcony that said, "Stop DWI. Vote for SB 1, 2, 3."

Senate bills 1, 2 and 3, were sponsored by Sen. Bill Sar-palius, D-Hereford. Other senators who presented anti-DWI bills to the State Affairs Committee were Tati San-

tiesteban, D-El Paso; Ted Lyon, D-Mesquite; and Hector Uribe, D-Brownsville.

Committee chairman Ray Farabee, D-Wichita Falls, said all eight DWI bills would go to a subcommittee, which would be asked to make a report within two weeks.

Basically, the DWI bills

would increase penalties, make it more difficult to get probation sentences and provide for driver's license suspensions.

Minton warned committee members not to abolish "deferred adjudication," a form of probation that allows a defendant to get his record wiped clean if he stays out of trouble for a period of time.

"That's the strongest prosecutorial tool we have today," said Minton, a former prosecutor. "If that

Bloodmobile stops here Wednesday

The Coffee Memorial Bloodmobile will make its regular monthly stop in Hereford Wednesday. Replacement pints are needed for seven local residents as the blood bank vehicle makes its stop from 4-6:30 p.m. at the community center.

Those needing replacement pints include Retha Frye and Ann Combs, four pints each; Ramona Garza, three pints; and Carmen Salinas, Joann Rodriguez, William Clark, and Norma Cervantez, two pints each.

Lions pancake supper, auction set Friday

The Hereford Lions Club annual Pancake Supper and Auction will be held Friday evening at the Bull Barn with a fare of all-you-can-eat pancakes and sausage featured at the popular supper, and a variety of donated items going up for sale on the auction block later in the evening.

Tickets for the pancake supper are priced at \$2 each, with children six and under admitted free. The supper will begin at 5 p.m. and continue until the last hungry customer is satisfied according to Jay Eubanks of the Lions Club.

The auction will begin around 6:30 p.m. according to

Eubanks.

Local merchants and individuals have donated items again this year for the auction, which annually features items ranging from dog food to picture frames.

Proceeds from the club's two projects will go to support local projects. Those include the club's annual scholarship awarded to a HHS senior, eyeglasses for needy children, and the club's sponsorship of local Boy Scout Troop 50.

Arrowhead Mills has again this year donated the pancake mix for the pancake supper, Eubanks said.

City green fees hike axed

Golf course green fees will remain intact despite a proposal Monday night by City Commissioner Emory Brownlow to raise them.

Brownlow's move to up the charge was opposed by Mayor Bartley Dowell, who said he didn't think the fees needed changed and implied that Brownlow was trying to keep school-aged players off the greens.

The motion to keep the current rates was approved by Dowell and commissioners Wes Fisher and Ed Coplen. Bud Eades abstained.

The commission authorized advertising for bids on seal coat and paving for city streets. City manager Dudley Bayne said that though specifications for the jobs are not complete, he estimates the cost will be about \$100,000

for city streets. Work at the airport will total about \$250,000, however the Federal Aviation Authority will pick up 90 percent of that tab.

The city will use about \$122,000 of revenue sharing funds surplus to pay for the road damage caused by snow.

The purchase of a new

Firemen extinguish blaze on railway car

The early morning sky was brightly lit Tuesday after a load of lumber on a Sante Fe rail car caught fire just west of Hereford around 1:30 a.m.

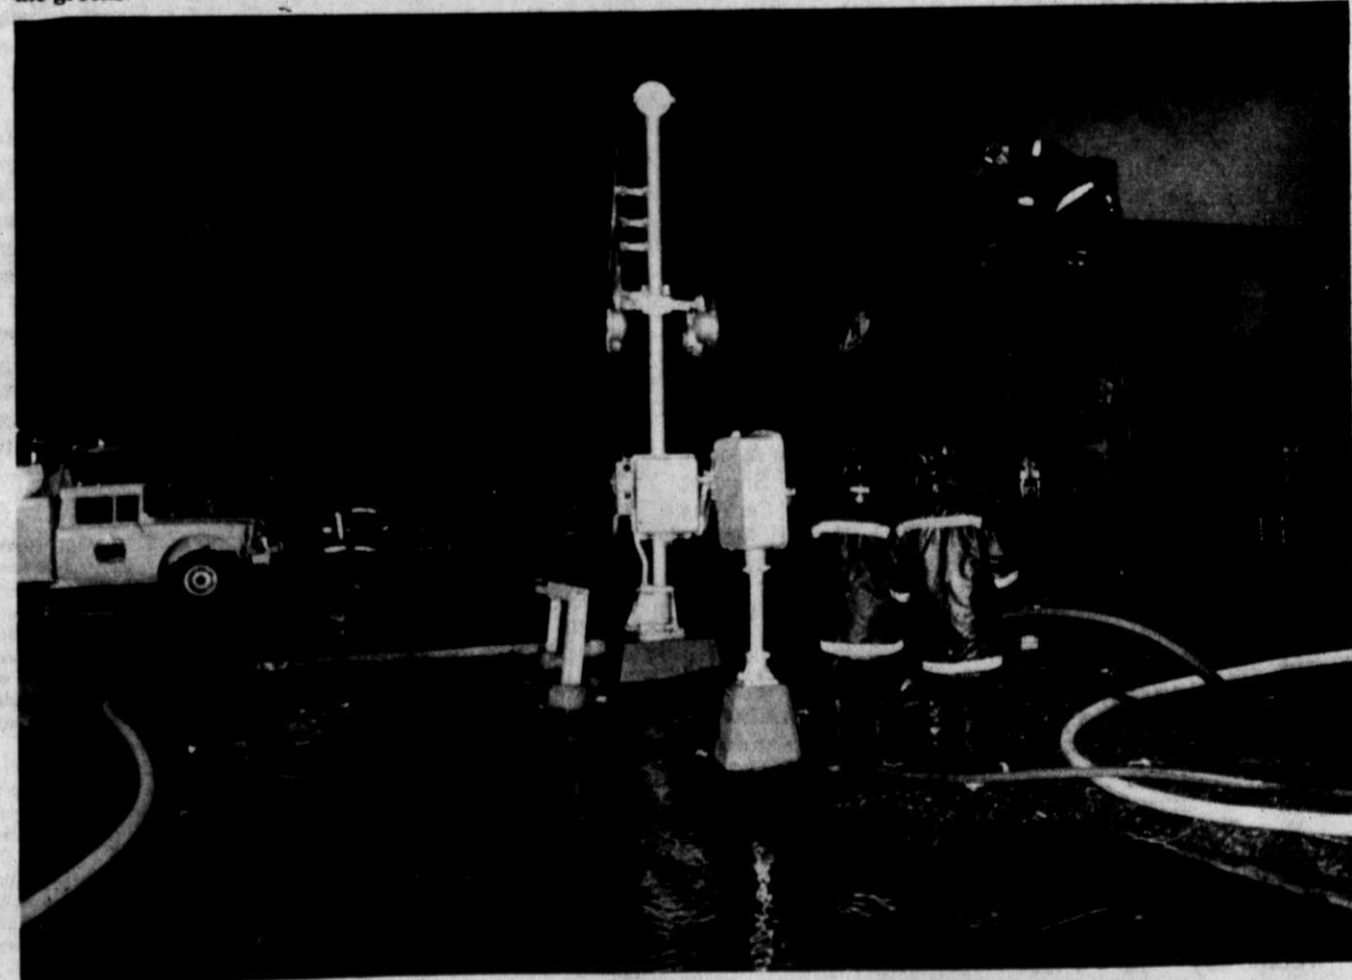

Hereford firemen fought the blaze until 5:30 a.m. Fire Marshall Jay Spain said the car, which contained

a load of finished lumber valued at between \$40-50,000, was located about mid-way in a train headed east on the Sante Fe tracks.

"When we got there I knew we couldn't fight it out there, so I had them (the railroad) send out an engine and move the car to the tracks' intersection near Main St. and Hwy 60," Spain said.

Spain said the rail car "was totally involved" when the firemen arrived at the scene west of town. The car was carrying 30 bundles of 24-foot long lumber according to Spain.

An even bigger blaze could have happened, Spain said, as a car just two ahead of the car already on fire contained acetone, a highly explosive liquid.

Terrific Torch

Hereford volunteer firemen fought a blaze on this rail car for some four hours early Tuesday after receiving the call about it at 1:28 a.m. Fire Marshall Jay Spain ordered the car, which was in the midst of a long freight train,

to be moved to the tracks' Main St. and HWY 60 intersection so that firemen could battle it more effectively. The train had been stopped four miles west of town. (Brand Photo by Mauri Montgomery).

update tuesday

Queen makes last Mexican stop

LA PAZ, Mexico (AP) — Queen Elizabeth II and her husband Prince Philip arrive today aboard the royal yacht Britannia at this port city near the tip of the Baja California Peninsula.

La Paz, the state capital of Baja California Sur, is the Britannia's last port of call in Mexico during the British monarch's month-long tour of the Americas.

The royal couple spent Monday at sea after leaving the Pacific coast resort of Puerto Vallarta at midnight Sunday.

The 57-year-old monarch will arrive at noon at this city of 100,000 people, located on the arid peninsula some 900 miles south of San Diego, Calif.

During her 3-hour stopover here, the queen will disembark at the pier and walk to the main square to meet the townspeople.

The royal couple will be guests at a luncheon in their honor offered by Gov. Alberto Andres Alvarado.

From here Elizabeth will continue her cruise north to San Diego. She flew in to the popular Pacific resort of Acapulco last Thursday to begin an eight-day visit by yacht along the west coast of Mexico.

Although La Paz is to be the Britannia's last port of call in Mexico, the yacht will not reach U.S. waters until Friday. The queen will also visit the west coast of the United States and Canada.

On March 1 the royal couple will give a dinner aboard the Britannia for President Reagan and his wife Nancy to celebrate the Reagan's 31st wedding anniversary.

A spokesman said the Britannia may anchor at Scammon's Lagoon, halfway up the Baja peninsula, to give the queen and her husband an opportunity to see the California grey whales that migrate there each year between December and April to mate and calve.

Man hit three times by hit-and-run cars

PONTIAC, Mich. (AP) — A 21-year-old man was hospitalized in critical condition after being struck three times by hit-and-run motorists and dragged about 100 feet, police said.

Gregory Mattson, of Rochester, was crossing a street shortly before 10 p.m. Monday when he was hit by a

vehicle in the westbound lane, said Police Lt. Walter Hitchuk. Mattson was able to stand up and walk a few steps before being struck by a second car in the middle lane.

"He got up again and that was when the third car hit him," said Hitchuk. "It dragged him about 100 feet. A witness said the car stopped, backed up, turned off its lights and fled westbound."

Mattson was in critical condition in Pontiac General Hospital, authorities said.

The first driver surrendered to officers an hour later, said Lt. Robert Bates, adding the accident remained under investigation.

Weather

West Texas — Mostly cloudy north, fair to partly cloudy elsewhere. Partly cloudy tonight through Wednesday. Highs 45 Panhandle to 65 far west and 82 Big Bend valleys. Lows near 30 Panhandle to 38 southeast and 42 Big Bend valleys. Highs Wednesday 52 Panhandle to 68 south and 85 Big Bend valleys.

Paul Harvey News

Bye-Bye Hawkeye

If anybody doesn't know, MASH stands for Mobile Army Surgical Hospital. The one in the TV program was a field hospital barely below the front in Korea.

The surgeons and nurses and corpsmen of this MASH unit relied on absurdity to preserve their sanity. The result was a tragic-comedy that unmasked Mars.

Will anyone ever forget Colonel Blake's VD lecture or the fishing hat that defied depersonalization?

Colonel Potter's earlier wars' perspective aided ours. Nurse Margaret, you made ugly livable and shabby lovable; rooted in military you never wilted. Almost never.

Chaplain, Father

Mulcahey, shirt-sleeve Saint ever ready to pray, play or scrub.

Frank Byrnes, we didn't need you but Margaret did and that was reason enough. Besides, sinning and sermonizing by the numbers, you epitomized the inexcusably dichotomous system.

And Klinger — bearded lady bucking for a Section Eight; say hello to Toledo and thanks for helping a generation of quasi-cowards feel less alone.

Charles, your indelible elegance in a shabby swamp helped us to see how precariously close the two can be.

Colonel Flagg — pointlessness in the name of

"intelligence."

Psychiatrist, Dr. Freedman, none better ever explained the hurts that won't bleed and won't stop.

Radar O'Reilly, how will we miss you? Let me count the ways...

And finally, Hawkeye, the hub of the wheel, indispensable catalyst for this incomparable alchemy — and Trapper and B.J., this one last letter from home includes a prayer that you might re-run forever.

With purpose: Not since Dickens closed the sweet shops of England has any literature had the social impact of MASH.

The cries of war's dying are tolerable from a distance — but humans were dying in liv-

ing color and crying within earshot of MASH.

And our need for the perspective of your war against war is not less, maybe more.

Bayonet war is unwinnable, even unendurable, but we keep forgetting.

Certainly Americans would by now be dying in Afghanistan or El Salvador or both except that you kept us listening to a different drummer.

Yet, as you sign off, five nationalities square off in Lebanon.

We need you, Hawkeye and friends, to re-re-re-remind us of the triage obligation — and that every distant corner of the globe cannot count on us for house calls.

Socialist mayor running for re-election

BURLINGTON, Vt. (AP) — Flu-ridden and cranky, Mayor Bernard Sanders shuffled out of his office fumbling

with his tie. "Does this look good?" he asked, showing discomfort and displeasure at having to wear a necktie to a

debate with his two challengers.

"No, it's not buttoned," replied one of his advisers, who straightened his collar and closed his top shirt button.

Burlington's socialist mayor has never had much use for ties or most of the traditional trappings that go hand-in-hand with politics and power.

That's why he believes he will win a second term as mayor of Vermont's largest city in next week's election.

"I think I'm going to win this election and win it big," the 41-year-old Sanders said with the confidence of a veteran politician. "Most of the people in Burlington are not distinguished, upper middle-income. Most of them are just hanging in there and they are the ones giving us support."

A Brooklyn, N.Y., transplant whose accent and egalitarian views helped capture the mayor's office two years ago, Sanders is now the insider in the March 1 mayoral election.

Running as an independent in 1981, Sanders defeated a five-term Democratic incumbent by 10 votes.

Balancing his radical views against political realities, Sanders has built a reputation as a people's mayor, creating government programs for women, teen-agers and the elderly.

"I am a socialist, of course I am a socialist," he told a Democrat heckler during a recent debate. "To hold a vision that society can be fundamentally different, to believe that all people can be equal — that is not a new idea."

Sanders says his "most radical" achievement has been to give the city's 500 employees a say in determin-

ing personnel policies, from sick leave to grievance procedures.

"That's a socialist idea, I don't think there are too many mayors that do that," said Sanders, who is running as an independent again.

"I don't think there is an administration in the country that is more progressive than this one," he said. "We've made thousands of people feel a little bit better about themselves."

Always ready to lecture on the benefits of socialism and the evils of capitalism, Sanders nonetheless applied some capitalist common sense to managing this city of 38,000. He put some city programs out for bid for the first time, lowering the cost of insurance and getting a better return on retirement fund investments.

"There was a lot of fear in the beginning but that has kind of mollified," he said. "We have not transformed the world. Much of what we do is not radical."

Even so, Sanders' new society in Burlington is being challenged by the old guard, and unlike 1981, Democrats and Republicans are ready for him this time. Two years ago, the GOP assumed Democrat Gordon Paquette would win a sixth term and put up no candidate; the Democrats made the same assumption and barely campaigned.

Requests for absentee ballots are at an all-time high and city officials predict more people will vote next week for mayor than cast ballots in last year's congressional and state elections. Six seats on the 13-member Board of Aldermen are also being contested.

from page 1

buy a used roller from Plains Machinery out of Amarillo at a price of \$18,150.

The city granted a taxi-cab permit to Clarence High at 327 Avenue J. High will operate one vehicle.

Sarpalius suggested raising alcoholic beverage permit and license fees — some of which have not been changed since 1935 — with the money going into a special fund for local alcohol rehabilitation programs.

He estimated the provision would raise \$23 million a year.

Sarpalius also had a bill that would ban open containers of alcoholic beverages in motor vehicles.

State Comptroller Bob Bullock, who describes himself as a non-drinking alcoholic, said the money for rehabilitation should come out of the state's general revenue fund, not from fees.

Bullock was treated at an alcoholic rehabilitation center in California, and he said, "If I had not gone, I'd would have been in the Austin Cemetery today."

Fees — from page 1

power unit for the Jaws of Life, which was tabled from the last meeting, was approved at a cost of \$3,891. The unit will come from Texas Fire Fighters Equipment.

The commission voted to

DWI — from page 1

judge places him on deferred prosecution and six months later he goes out and has an automobile accident, is drunk, tears up some property, that judge may then sentence him to two years in jail" without any further trial.

But other witnesses said deferred adjudication means repeat offenders can come to court on drunken driving charges and be considered "first offenders" each time, since their previous record was purged.

Mothers Against Drunken Drivers organizer Suzanne Hildebrand of San Antonio cited one Bexar County case in which she said a man was convicted of drunken driving 22 times and got off each time because of deferred adjudication.

Her voice broke into a brief sob as she asked senators on the committee to approve tougher DWI laws "in honor of my mother," who was killed by a drunken motorist 10 years ago.

Sarpalius said drunken driving is the No. 1 cause of death among Texans 16 to 24. "A lot of people are consistently slipping through the system," he said.

As an example, he told of a drunken driver in Houston whose car hit a man, partially paralyzing him. The driver, Sarpalius said, "got off with a traffic ticket. Where was justice done?"

Sarpalius recited several incidents of traffic deaths and injuries caused by drunken drivers and said senators should "listen to the cries" of victims and their families.

Inmate from page 1

San Jose Catholic Church with Rev. O'Connor officiating. Burial followed in St. Anthony's Catholic Cemetery under the direction of Gilliland-Watson.

Ramirez was born in Hereford on June 26, 1962. He was a general laborer.

Survivors include his parents, Mr. and Mrs. George Ramirez Sr. of Hereford; three sisters, Maria, Juanita and Alma, all of Hereford; two brothers, Juan and Augustino, both of Hereford; and his grandparents, Mr. and Mrs. Alonzo Ramirez of Friona.

Among Top Three

Steve Irwin, right, from Hawbaker-Penz Farms, was presented a plaque by Calvin Jones Saturday night, honoring him for a yield of 10,175 pounds of

sugar per acre. The crop yielded 37 tons per acre and had a 13.75 percent sugar content. (Brand Photo)

Beet Growing Team

The Brorman brothers, Tony and Frank, were the second best growers producing for the Holly Sugar, Inc., plant. Holly's agricultural manager Calvin Jones, left, presented the two with a plaque Saturday night con-

gratulating them for their 37 ton per acre yield. The Brorman crop had a 15.95 percent sugar content and produced 10,208 pounds of sugar per acre for the 57 acres. (Brand Photo)

Chicagoans vote in mayoral primary

CHICAGO (AP) — Under the watchful eyes of more than 1,500 federal and state agents, voters decide today whether Chicago will keep its first woman mayor, nominate its first black mayor or restore the Daley name to City Hall.

The Democratic primary, tantamount to election for 50 years, is the most expensive

ever in Chicago politics. It is also the most bitter and hotly contested mayoral campaign in nearly three decades.

A million voters were expected to choose among Mayor Jane M. Byrne, seeking a second term; Cook County State's Attorney Richard M. Daley, whose father ruled as mayor for a generation; and U.S. Rep.

Harold Washington, the most serious black mayoral candidate ever in Chicago.

Last-minute campaigning has focused on the candidates' differences, with Mrs. Byrne and Washington tussling Monday over charges of racism in the Byrne campaign and Daley stumping in white ethnic precincts.

Polis showed that Mrs. Byrne, who trailed when she announced her candidacy last November but soared to a strong lead in January, lost ground to both challengers in the final weeks of the campaign. The race was rated a toss-up.

The winner faces former State Rep. Bernard Epton on April 12. Epton is unopposed in today's Republican primary.

The polls open at 6 a.m. and close at 7 p.m. Mild, spring-like weather was forecast, prompting election officials to predict a record turnout among the city's 1.6 million registered voters.

Amid concerns of vote fraud that have tainted the city's reputation in the past, a cadre of U.S. officials was assigned to monitor a non-federal Chicago election for the first time.

Also watching were nearly 900 federal and state prosecutors, 3,000 Chicago police officers and about 250 state and city election workers.

Obituaries

JOSEPH E. MANZ Services for Joseph E. Manz, 67, of Canyon, the father of two Hereford women, will be at 1 p.m. Wednesday in the Schooler-Gordon Chapel in Canyon with Dr. John Bridwell, pastor of First Christian Church of Amarillo, and the Rev. Mack McCarter, pastor of First Christian Church of Hereford, officiating.

Burial will be in Dreamland Cemetery under the direction of Schooler-Gordon Funeral Directors of Canyon.

Mr. Manz died Sunday. He was born in Washburn and was a banker, retiring after 32 years as vice-president of Bankers Trust of Des Moines, Iowa. He married Wilma Newby in 1937 in Des Moines. Survivors include his wife; two daughters, Barbara Burkhalter and Kathryn Manz, both of Hereford; a sister, Sarah Eaton of West Des Moines, Iowa; and two grandsons.

BEAULAH F. RAGLAND

Services for Beaulah Frances Ragland, 79, of Amarillo will be at 2 p.m. Wednesday in First Assembly of God in Hereford with the Rev. Steve Bookout, pastor, and the Rev. Bill Dunning of Amarillo officiating. Burial will be in West Park Cemetery under direction of Gilliland-Watson Funeral Home of Hereford.

Mrs. Ragland died at 4:50 a.m. Monday in Amarillo High Plains Baptist Hospital after an illness. The Ada, Okla., native married Oscar Ragland Oct. 3, 1970, in Lubbock. They moved to Amarillo in December 1982 from Lubbock. She was a member of the Assembly of God and had been a longtime Hereford resident.

Survivors include her husband; a daughter, Margaret Githens of Sheridan, Wyo.; a stepdaughter, Jan Baxter of Plainville; three sons, David E. Miles of Amarillo, Lee Miles of Winters and Billy Miles of Lubbock; a stepson, Phil Ragland of Snyder; three sisters, Alta Caraway of Lubbock, Dorothy Mercer of Hereford and Inez Housley of Merced, Calif.; 16 grandchildren; and 13 great-grandchildren.

FRANCISCO VILLEGAS

Rosary for Francisco Villegas, 79, will be at 7 p.m. today in W.W. Rix Chapel with Father James O'Conner officiating. Mass will be celebrated at 2 p.m. Wednesday in San Jose Catholic Church with Father O'Conner officiating. Burial will be in St. Anthony's Cemetery under direction of Rix Funeral Directors.

Mr. Villegas died Monday morning at Deaf Smith General Hospital after a lengthy illness. The Comstock native married Maria

Contansio in 1939 in Sander-son. He had lived in Hereford 28 years, moving from Sander-son.

He was a retired field contractor and a member of San Jose Catholic Church.

Survivors include his wife; three sons, Frank Jr. and Juan, both of Hereford, and Lozano of Amarillo; three daughters, Ida Mendoza and Anita Escobar, both of Hereford, and Gloria Cortinez of Amarillo; three sisters, including Remona Elizondo of Hereford; four brothers; 23 grandchildren; and five great-grandchildren.

VALLIE-MAY JOWELL

Vallie-May Jowell, 62, died Sunday night in a Clovis hospital. Funeral services are scheduled for 10 a.m. Wednesday in the Steed-Todd Chapel in Clovis.

The Rev. Dale Howard, pastor of Highland Baptist Church, will officiate the services. Burial will be in the Lovington, N.M. cemetery.

Her husband, Jerry, is a former Hereford resident and the grandson of Hereford pioneers, Mr. and Mrs. Jeremiah T. Jowell.

Survivors include her husband; one son, Jerry David of Weatherford, Ok.; two grandchildren; two sisters; and her mother, Mrs. Josephine Willhoit of Lovington.

Roundup is this weekend

Buffalo roundup will bring about 200 high school seniors from a five-state area to the West Texas State University campus Friday and Saturday.

Buffalo Roundup is for high school seniors who plan to attend WTSU next fall and is sponsored by the WTSU Student Foundation, a leadership organization which promotes recruitment of prospective students, scholarships and service to WTSU.

Registration begins Friday, from 5 to 7 p.m., at the Activities Center. Organizational booths from various groups on the campus will be on display.

A supper will be from 7:30 to 8:30 p.m. to give students a chance to meet WTSU faculty and administration members.

Finishing Friday's activities will be a dance from 9:15 p.m. to 1 a.m. at the Activities Center.

Saturday begins with breakfast for the seniors at 9:30 a.m. in the Student Union Building.

A mini-tour of the campus will be from 10:30 to 11:30 a.m., followed by a pep rally and West Texas-style fashion show beginning at 12:30 p.m.

Lunch will be served in the East Dining Room Hall from 1 to 2:30 p.m. with WTSU President Gail Shannon as the featured speaker.

The final activity of the weekend will be a Buffalo

basketball game at the Amarillo Civic Center. The seniors will be the guests of WTSU during the WTSU versus Creighton University of Omaha (Neb.) game at 7 p.m.

4-H members star in home management

BY BRAD MORRISON
County Extension Agent

Americans tend to think of money as their only valuable resource.

However, it's important to look closely at another resource that we seem to have less and less of as we become busier and busier. That resource is time.

Time, money, energy, skills, material things, brain power: all are valuable resources.

Girls and boys from 9 to 19 in the 4-H home management program are learning to mobilize them to reach specific personal and household goals.

4-H members in the program learn that decision-making is what management is all about. They might tackle family food bills and come up with cost-cutting techniques. They organize personal work schedules that set realistic goals and conserve time and energy.

Whatever projects they choose, 4-Hers can earn

This is the fourth year for the WTSU Student Foundation to host seniors from schools in Texas, Oklahoma, New Mexico, Kansas and Colorado.

awards donated by Beatrice Food Company and arranged by the National 4-H Council. Eight outstanding 4-Hers are awarded national college scholarships of \$1,000 each. One top program member from each state receives an expense-paid trip to National 4-H Congress in Chicago each fall, and four members per county are eligible for medals of honor.

All winners are selected on the basis of their records of accomplishment by the Extension Service, which conducts the 4-H program.

If you want to learn more about the 4-H home management program and how to use all your resources to the best of your ability, contact the county Extension office today.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Career Day Speakers

Local attorney, R.C. Hoelscher, was one of the guest speakers during Career Day held Monday at Hereford High School. Hoelscher spoke on the different aspects of law. Talking on clothing, fashion and merchandizing was Jean Henry from the Pant's Cage.

Antique show slated in Amarillo

The Amarillo Civic Center will be the site of Continental Shows Ltd. Tri-annual Antique Show and Sale this Friday through Sunday. Show hours will be 1-9 p.m. Friday, 1-8 p.m. Saturday, and 1-5

p.m. Sunday.

One \$2.50 admission covers all three days of the show. Children under 14 are admitted free if accompanied by an adult.

A group of kangaroos is known as a troop.

Annual Career Day held

BY PENNY REINART
County Extension Agent

The Second Annual Career Day was Monday at Hereford High School. The 4-H & Youth Committee, Chamber of Commerce and Hereford High School planned and coordinated the activity for the youth.

There were 67 presenters from Hereford, West Texas State University, and Texas Tech University and the surrounding area. These presenters represented 46 different career areas, including a session on "How to Choose a Career". Among these various career areas discussed included sales and marketing, interior design, fine arts, medical and dental, law, printing, welding, carpentry, sciences, education, media, home economics and many others. The largest percentage of students were enrolled in computer related careers and photography.

The students each attended sessions on four different careers. The sessions each lasted about 40 minutes. The presenters were given time to answer any questions the students had to ask.

John Walch, principal, Mrs. Willie Brady, counselor, and Mr. Robert Priest, assistant principal, were the key coordinators for the event. They scheduled students,

assigned teachers to contact presenters for various areas, and arranged for host teachers. The day went smoothly thanks to their work and effort.

The presenters were served a luncheon at the Community Center catered by Savage's Hickory Pit. The dinner was sponsored by the Deaf Smith County 4-H Parent Leaders

Association, the Chamber of Commerce, and Savage's Hickory Pit.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Two Plainview children killed in house fire

PLAINVIEW, Texas (AP) — Two children were killed in their home after one knocked over some gasoline their teen-age brother was using to clean an automobile carburetor, authorities say.

Plainview Fire Capt. Wayne Wright said the two children were playing in the family's living room Monday when one of the children knocked over a pan of gasoline. About three minutes later, Wright said, the gasoline exploded when it reached a space heater.

Justice of the Peace Glenn Stone said he pronounced Maria Casillas, 4, and Ascension Casillas, 2, dead at the scene.

The children's mother, 41-year-old Maria Rocha Casillas, received second

degree burns on her arms when she re-entered the house trying to save her children, Wright said.

Named to honor rolls

Melinda and Rhonda Kay Reinart, daughters of Mr. and Mrs. Elmer Reinart, were named to honor rolls at two Texas universities for the fall semester.

Melinda has been named to the Dean's List at the University of Texas at San Antonio and Rhonda Kay is listed on the honor roll at North Texas State University in Denton.

"It is generally better to deal by speech than by letter." Francis Bacon

Central Texas county now without sheriff, deputies

HAMILTON, Texas (AP) — Hamilton police, a Texas Ranger and a Texas Highway Patrol officer are protecting the 840 square miles of Hamilton County because the Sheriff's Department has no sheriff.

It also has no deputies.

John Harvey, sheriff for four years in the Central Texas county, said he resigned Monday because low wages had driven off all his deputies, leaving him with an unbearable workload and ill-feelings toward city councilmen forced to make budget reductions when voters cut the tax rate nearly in half.

"Fighting the county is harder than fighting the criminals," Harvey said. "You've got to have money and you've got to get and keep qualified people. At \$920 a month (for deputies), I couldn't keep them."

Hamilton County was the scene of a taxpayer's revolt that forced a rollback of taxes when county commissioners were seeking an 80 percent tax increase. The commissioners tightened their budget by eliminating benefits to county employees and imposing a hiring freeze.

"It was just too many hours and only one man," Harvey said. "My jailer resigned a week ago Saturday. My two deputies resigned last week. They had a freeze on hiring and I was putting in 160 to 180 hours or better every two weeks."

County Judge Betty Jenkins said the county was dispatching Hamilton city police, a Texas Ranger and a

Texas Highway Patrol officer to calls.

Ms. Jenkins said the commissioners decided Monday afternoon to begin interviews today for the sheriff's job.

"I feel just as safe in Hamilton County as I did last night and as I did last week," she said.

But Harvey, 44, said he didn't think the 8,500 Hamilton County residents didn't feel as secure.

"Let's put it this way — I'm going to guard my property pretty close," he said.

Voters in Hamilton County, located about 100 miles southwest of Dallas, passed a referendum in December calling on the county to cut its tax rate from a proposed 29

cents per \$100 valuation to 15.6 cents per \$100.

Ms. Jenkins said commissioners still had to make further cuts in their budget.

"It's almost more than a challenge," she said. "These are difficult decisions that have to be made. Appointing a new sheriff is just one more difficult decision."

Harvey said that he even when he could hire deputies, he couldn't keep them at the monthly salary of \$920. The county paid the sheriff \$1,050 per month, he said.

"Economically and health-wise, fighting the system, fighting the criminals, well, it just don't work. It puts gray hair on your head early," the former sheriff said.

Who's number one is anybody's guess

BY LES GILES
Sports Editor

Who's No. 1 in college basketball this season?

Well, your guess is as good as anyone's.

So far, seven different teams (UNLV, North Carolina, Indiana, Kentucky, Memphis State, UCLA and Virginia) has occupied the top spot in the Associated Press weekly poll.

Nevada-Las Vegas currently sits atop the poll, but how long it'll stay there is anybody's guess.

With games against Cal-State Fullerton and West Virginia (both on the road) still remaining in the regular season, the Runnin' Rebels' chances of going through unbeaten are probably no better than 50-50.

You talk about parity... NCAA basketball has it.

Based on what's happened this season, there are a number of good teams... many capable of making it to the final four April 2-4 in Albuquerque.

In last week's UPI poll, UNLV was ranked second, simply because four coaches across the country didn't even vote for the Runnin' Rebels. Very simply, those who didn't vote for UNLV did so because of a supposedly weak schedule. True, the only teams in the top 20 UNLV has played this season have been Oklahoma and Houston.

The toughest conference in the country this season?

Well, if you go by the number of teams ranked in the top 20 it'd have to be the Big East.

Out of that conference, five teams were among last

week's top 20 - St. Johns (6th), Villanova (8th), Georgetown (14th), Syracuse (17th) and Boston College (18th).

The big 10 was represented by three teams - Indiana (2nd), Iowa (16th) and Ohio State (20th).

The Metro Conference, the ACC, the Big 8 and the Southwest Conference each had two teams ranked.

To show you the kind of season it's been, UNLV boasts the only unbeaten record to date (24-0), and it ranked No. 1. But, the team with the next best record in the country is Arkansas at 22-1, and the Razorbacks are ranked 7th.

The best of the Independents this season have been SW Louisiana at 18-3, Alabama State at 18-4 and Marquette at 17-6... and they aren't even close to top 20 recognition.

Last year, Houston was the Cinderella team. The Cougars weren't even ranked in the final top 20 polls, yet made it to the Final Four, losing to eventual national champion North Carolina.

Will there be a Cinderella team this year? And, if so, who'll it be?

Maybe it'll be Idaho. The Vandals were ranked 15th in Street & Smith's 1982-83 College Basketball magazine, but presently are unranked with a solid 19-5 mark, and tied with Montana, Weber State and Nevada-Reno for first place in the Big Sky Conference.

Or, perhaps, it'll be Tennessee-Chattanooga (27-4 last season), the Southern Conference leader this season and owner of a nifty 19-3 season mark.

Sullivan Award winner

Tabb top athlete

INDIANAPOLIS (AP) — Track star Mary Decker Tabb, recognized as the nation's outstanding amateur athlete for 1982, sees her selection for the Sullivan Award as a boost for all women in sports.

"The Sullivan is the most prestigious award anyone can win," Tabb said after Monday night's announcement at the Indianapolis Convention Center. "My career is so young still, and I haven't reached my potential. So winning this is a great honor. Men have dominated the Sullivan for so long, but that's because until recently there haven't really been many women in sports."

Tabb, 24, also named the 1982 Associated Press Female Athlete of the Year, is the sixth woman to win the Sullivan Award, named for a founder of the U.S. Amateur Athletic Union and has been presented annually since 1930 by the AAU.

The first female winner was swimmer Ann Curtis in 1944. Others were diver Patricia McCormick in 1956, track star Wilma Rudolph in 1960 and swimmers Deborah Meyer in 1968 and Tracy Caulkins in 1978.

"There are a lot of young girls out there in athletics," Tabb said. "They should be able to look up to someone, and I'm proud they can look up to me."

Tabb, a native of Flemington, N.J., who now lives in Eugene, Ore., received 1,723 points in the nationwide voting by sports writers, members of the AAU and past winners. Second place, with 1,037 points, went to distance runner Alberto Salazar, and finishing third for the second time in three years was skier Phil Mahre with 979 points. The point totals for only the top three finishers were announced.

Other finalists — all world champions in their respective sports — were Tyrell Biggs (boxing), Scott Hamilton (figure skating), Mary T. Meagher (swimming), Greg Louganis (diving), Greg Gibson (wrestling), Tracie Ruiz (synchronized swimming), and Melanie Smith (equestrian).

Tabb, 5-foot-6 and 103 pounds, set world records in the mile three times during the indoor season last year. She also topped world and

American indoor records at 3,000 meters.

Over a 41-day span starting June 5, Tabb set three world and six American records. The world marks were for 5,000 meters, the mile and 10,000 meters.

She already is setting her sights on the 1984 Olympics at Los Angeles, running some 50 to 70 miles a week. She rests on Sundays.

"LA is going to be my magic Olympics. I just have these good feelings about it," she said.

Of a more immediate concern, however, is the upcoming world championships in July.

"The competition should be just as stiff as in the Olympics," she said. "To me, running is a profession. To be as good as I am, you have to look on it with a professional attitude. Not monetarily, but in your approach."

Tabb said she started running when she was 11 years old "out of boredom. I was with a girlfriend, and we went to a parks and recreation cross-country meet. It was three-quarters of a mile, and there were probably about 20 people in the race. She dropped

out and I won.

"I got recruited by an AAU coach and just started doing it. Running started out just as fun, and it became something I really want to do."

Salazar, 25, winner of the Boston and New York marathons, placed first in the U.S. cross country trials and captured the silver medal at the world meet in Rome. He also set American records for 5,000 and 10,000 meters.

The Sullivan Award, he said, is "very important, but I set my goals in terms of specific things, like running certain times, winning certain races, running against certain competition."

"So this award is not something I've had my heart set on, but it's an honor (to be nominated). It's more how other people perceive me; it's good to know I'm considered the best athlete (among marathoners), but that's not why I train."

Mahre, who is competing in Europe, was the only finalist who did not attend the awards dinner. Others in the audience of nearly 1,000 were former Sullivan Award winners Bernard Berlinger (all-around athletics, 1931), Don Lash (track, 1938) and Fred Wilt (track, 1950).

LaPlata 8th Clovis winner

CLOVIS — Bobby Baker tossed in 22 points and Arthur Valdez added 13 as LaPlata's 8th grade boys overcame a 14-point deficit to outlast Clovis Gattis, 62-60, in overtime and capture last weekend's championship in the Clovis Junior High Boys' Tournament here.

Baker scored 55 points (a 18.3 average) in his team's three tourney games.

LaPlata opened the tourney with a 51-44 triumph over the Plainview Red team. Baker tossed in 19 points, while Todd Shire added 11 and David Manche 10.

In the semifinals, Mark Artho led the way with 15 points as LaPlata clipped Stanton 47-38. Baker chipped in with 14 points in that game.

In the championship game Saturday, LaPlata trailed by as many as 14 points in the second period. Bobby Medina's two free throws with 15 seconds left in regulation time knotted the count, before LaPlata won in OT.

The victories left LaPlata with a 16-2 season record, and a co-championship (along with Gattis) in district play.

Houston climbs to 2nd

UNLV still atop poll

By The Associated Press

The University of Nevada at Las Vegas, the nation's only undefeated major college basketball team, held onto first place today in the The Associated Press college basketball poll for the second week in a row, while Houston climbed into second place and defending national champion North Carolina dropped out of the Top Ten.

The Runnin' Rebels of UNLV, 24-0, received 41 of 57 first-place votes and 1,110 of a possible 1,140 points from a nationwide panel of sports writers and sportscasters.

Houston, 22-2, received five first-place votes and 1,040 points in jumping from fourth place to second. Virginia, 21-3, rose from fifth to third with seven first-place votes and 976 points.

The other four first-place ballots went to Indiana, which totaled 939 points but dropped from second place to fourth.

Louisville climbed from ninth place to fifth with 842 points, followed by Arkansas with 827 points, Villanova 777, UCLA 743, St. John's 707 and Kentucky 637.

Meeting

Wednesday

Persons interested in coaching girls' T-Ball, Minors, Majors and Pony softball teams this summer are urged to attend a meeting Wednesday, beginning at 7 p.m. at Troy's Sweet Shop.

Anyone interested, but unable to attend the meeting, should contact Suzanne Duvall at 364-3719.

Last week, fifth-place Virginia was followed by St. John's, Arkansas, Villanova, Louisville and UCLA.

This week's Second Ten consists of North Carolina — the Tar Heels lost three straight games last week — Wichita State, Syracuse, Memphis State and Ohio State tied for 14th, Missouri, Iowa, Georgetown, Boston College and Tennessee.

Last week, it was Ken-

Eagles outlast Connecticut, 86-80

By HERSCHEL NISSENSEN AP Sports Writer

After beating St. John's and losing to Syracuse, a pair of Top Twenty teams, last week, Boston College may have had trouble getting psyched up for lowly Connecticut.

"Not the coaches," BC's Gary Williams said Monday night after the 19th-ranked Eagles' hard-earned 86-80 victory over Connecticut. "With players, no matter what you say, sometimes it becomes a problem. Maybe subconsciously that's a factor and we just have to remember that every win this time of year is a big win. It's not who you beat. It's how many you beat."

Boston College has beaten

19 opponents in 24 games and is 9-4 in the rugged Big East Conference. Connecticut, 9-15 and 2-11, lost for the 13th time in its last 15 games.

In the only other game involving a member of The Associated Press Top Twenty, No. 12 Wichita State needed a tip-in at the buzzer by Xavier McDaniel, the nation's leading rebounder, to nip New Mexico State 72-70.

At Newton, Mass., Jay Murphy scored 20 points and pulled down 13 rebounds as Boston College survived a first-half scare. Connecticut led 34-31 at halftime before dropping its seventh consecutive game — four in eight days to Top Twenty teams —

as BC used two eight-point spurts and a 10-point streak in the second half to open a comfortable lead.

"We were coming off a very tough stretch," Williams said. "We had to get this win, and I thought we gutted it out. The end of the game was an indication of how tough it was to concentrate." he said, noting that the Eagles led 86-72 with 41 seconds to go and let Connecticut score the final eight points.

Trailing 36-33, Boston College launched its first eight-point rally on baskets by Martin Clark, John Garris, Dominic Pressley and Michael Adams. Connecticut closed the gap to 41-40, but

Clark touched off another 8-0 burst with four free throws and baskets by Garris and Adams made it 49-40. With the lead at 51-46, Murphy's basket triggered a 10-point run.

"You can't lose your concentration against Boston College. They're coming in with fresh troops and they'll hurt you," Connecticut Coach Dom Perno said. "We did lose our concentration some and they got a 10-point spurt and we were struggling after that."

At Las Cruces, N.M., Wichita State upped its record to 21-3 overall and 13-1 in the Missouri Valley Conference, while ending New Mexico State's four-game winning streak.

McDaniel just beat the buzzer with the winning basket after Antoine Carr and Gilbert Wilburn missed shots in the final seven seconds. Carr led the Shockers with 27 points and eight rebounds.

New Mexico State led 70-63 with 4:24 left — the Aggies led by 10 in the first half — but missed free throws and turnovers allowed Wichita State to climb back to a 70-70 tie as McDaniel scored seven of his team's final nine points. A backcourt violation on New Mexico State's Gillis Williams with seven seconds left set up the winning basket.

Elsewhere:
—At Athens, Ga., Gerald Crosby scored 18 points and James Banks added 16 as

Georgia took control early and rolled to an 80-65 victory over Florida, which dropped its 19th consecutive Southeastern Conference road game. In other SEC games, Leonard Mitchell's 25 points and 13 rebounds paced LSU over Mississippi State 86-73 at Baton Rouge, La., while at Oxford, Miss., Carlos Clark scored 15 points and Roger Steig added 11 — including a pair of free throws with 11 seconds remaining — to lift Mississippi past Alabama 56-52.

—At Norfolk, Va., Keith Thomas converted all 10 free throw attempts, including four in the last 42 seconds, as Old Dominion's Sun Belt Conference leaders held off South Florida 82-74.

—At New Orleans, substitute John Williams hit three free throws down the stretch and scored 15 points to lead Tulane to a 68-54 victory over Cincinnati and undisputed possession of second place in the Metro Conference.

—At Greenville, S.C., Willie White's 14 points helped Tennessee-Chattanooga edge upset-minded Furman 52-51 in a Southern Conference game. The winners are 20-3 overall and 13-3 in the conference.

—At Normal, Ill., Hank Cornley scored 20 points to lead Illinois State over West Texas State 74-59 in Missouri Valley action.

—At Los Angeles, Cedric

Bailey's 20-foot jumper with three seconds remaining gave Southern Cal a 55-53 Pacific-10 victory over California.

—At South Bend, Ind., Notre Dame's John Paxson scored 24 points and the Irish held Joe Jakubick, the nation's leading scorer, to 19 points in crushing Akron 80-45. Jakubick came into the game averaging 28.3.

—At Deland, Fla., a layup by Dion Brown with four seconds left gave Southwest Louisiana, 20-4, a 74-72 triumph over Stetson.

—And VMI lost for the 22nd time in 23 outings when Marshall, trailing 32-29, went on a 30-13 binge and trounced the Keydets 110-91, their 17th consecutive setback.

Herschel Walker affair takes a confusing turn

MISSION, Kan. (AP) — The Herschel Walker affair has taken another confusing turn.

NCAA enforcement chief David Berst told The Associated Press on Monday that it was against NCAA policy to comment on whether his organization planned to investigate Walker's alleged signing of a professional football contract. However, the New York Times quoted him as saying the NCAA would look into the matter and an investigation would begin soon.

However, Berst told The Associated Press Monday night, "I don't remember saying it that way, although I have hedged on saying that the whole matter is concluded."

"As I recall, the Times asked me that if we were going to look into something like this would we wait forever or try to resolve it quickly. I believe I said that it would not be as immediate as some other things as a result of the national (football) signing date last week."

Berst said he is satisfied that Walker, the University of Georgia's Heisman Trophy winner and three-time All-American running back, had not signed a multimillion-dollar contract with the New Jersey Generals of the United States Football League last week.

Walker held a news conference last Friday and denied reports that he had signed with the Generals. Under NCAA regulations, he would be ineligible next year, his senior season, if he signed the contract, even if he later changed his mind and ex-

cised a reported 24-hour escape clause.

"Herschel, his coach, Vince Dooley, and Georgia officials have maintained good communications with us throughout Herschel's career. As far as I'm concerned, he's eligible. I'm inclined to believe him when he tells me something, but that also doesn't mean we wouldn't look at a matter we're supposed to look at. We always have an interest in seeing that our regulations are complied with."

According to the Times, Berst initially declined to say

whether the NCAA planned an investigation, saying it was against NCAA policy to comment on such matters.

But the Times said that when pressed on the matter and asked if it would be wrong to assume that the NCAA would investigate, Berst replied, "No, it would not."

"I didn't comment on whether there would be an investigation," Berst told The AP. "Certainly I talked with him (the Times) about how we operate, but I didn't indicate whether or not there would be an investigation."

Holmes adds defense

EASTON, Pa. (AP) — With one heavyweight title defense already scheduled for May, busy World Boxing Council champion Larry Holmes has added another fight to his battle plans in April.

In what he calls a "homecoming fight," Holmes said Monday he will defend his title in Scranton, Pa., against European heavyweight champion Lucien Rodriguez of France sometime during April 1-10.

"It's a homecoming fight," said the 33-year-old champion, who lives in Easton, about 30 miles away. "Everybody there is gung-ho for it."

Holmes fought the first four fights of his pro career at Scranton in 1973 and has for some time wanted to make a title defense there.

Holmes signed last week to defend his crown against Tim Witherspoon on May 20 at a site to be determined. That

fight is being promoted by Don King.

Holmes said he hoped the fight would be nationally televised by ABC and that it would take place at the Catholic Youth Center, the Scranton Armory or at the University of Scranton. The promoters of the bout, Holmes said, could include Scranton businessman Lou DelVecchio and the Lafayette Trust Company, Holmes' bank in Easton.

"FILING SHORT FORM NOT SIMPLE," SAYS H & R BLOCK

Two different short forms and new deductions make short form filing more complicated this year.

You may not be eligible or it may not be to your advantage to file one of the two short forms. The short forms, including the new 1040EZ, can only be used by taxpayers meeting certain strict requirements. You are limited in deductions on the short forms. Using the wrong form could cost you money, or even mean an audit.

You will have peace of mind in

knowing H & R Block's personal, courteous, and competent service is yours . . . at a very reasonable price. One Day Service is also available for your convenience at any H & R Block office.

H & R Block's tax preparers are trained to know which of the forms - 1040EZ, 1040A, 1040 - gives you the maximum tax advantage for your individual requirements.

See your telephone directory for the office nearest you or call

Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

Notice to Customers of Other Telephone Companies

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

Aviso Público

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intraestatales, sino que servirá para compensar el aumento de los ajustes que se les paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y esta disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

Aviso a los Clientes de Otras Compañías de Teléfono

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.

Southwestern Bell

Officials concede first year of drug campaign was a draw

WASHINGTON (AP) — Top federal drug officials conceded that narcotics traf-
fickers battled them to a vir-
tual draw during the first
year of the Reagan ad-
ministration's campaign
against drugs.

Newspapers say infant deaths under investigation

SAN ANTONIO, Texas (AP) — A grand jury is in-
vestigating the "suspicious"
deaths of about 12 infants in
the pediatric intensive care
unit of Medical Center
Hospital in late 1981 and early
1982, according to published
reports in two Texas
newspapers.

In a copyright story in to-
day's editions, the San Angelo
Standard-Times quoted
sources close to the investiga-
tion as saying the deaths took
place in October, November
and December 1981 and
January 1982.

The death of a 15-month-old
child in Kerrville also is
under investigation, accor-

prices remained stable.

In recent interviews, Ac-
ting DEA Administrator
Francis Mullen and Assistant
Administrator for In-
telligence Gary Liming
acknowledged the effort was
a draw because overall
availability and consumption
of illegal drugs did not
decline. "I can't argue with
that judgment," Mullen said.
"Drug traffickers paid a
higher price to operate in
1982," Liming said. "But the
amount available for con-

sumption remains sufficient
to meet demand."

But Mullen was confident
that the addition of more than
1,000 new agents and pro-
secutors this year in 12 in-
ter-agency drug task forces
throughout the nation will
reduce the drug problem.

Liming said, "We haven't
hurt them bad enough for
them to make major changes,
such as bringing drugs from
Colombia up the Pacific coast
rather than through the
Caribbean. But that day will

come."

The DEA measures the
supply of drugs primarily by
tracking their street price
and purity. Lower prices and
higher purities indicate the
supply is up.

In 1982, DEA found the
average price of cocaine was
62 cents per milligram, down
from 69 cents in 1981. On
average, the cocaine on the
street was 13 percent pure in
1982, up from 11.6 percent in
1981.

For heroin, the average
cost of one milligram fell
from \$2.33 in 1981 to \$2.13 in
1982, while purity rose from
3.9 percent to 5 percent. And,
hospitals reported more
heroin-related injuries.

The retail price of a pound
of Colombian commercial
grade marijuana remained
between \$450 and \$600 and the
average price of high-grade
northern California mari-
juana remained in the
\$1,500-\$1,900 range. No
figures are kept on the purity
of marijuana.

On the other hand, cocaine
seizures nearly tripled from
4,353 pounds in 1981 to 12,535
pounds in 1982. Heroin seizures
nearly doubled from 332 pounds
in 1981 to 608 pounds in 1982. And
marijuana seizures rose
more than 45 percent from
1,935,206 pounds in 1981 to
2,814,787 pounds in 1982.

Mullen said 1982 was the
government's best year ever
in destroying domestic mari-
juana fields, with 1,650 metric
tons eradicated. "Our
previous estimates were that
we had only 1,200 metric tons
being grown domestically, so
with this concentrated effort,
we found there is more
domestic marijuana than we
thought was out there,"
Mullen said.

Royal lawyers won case to ban story

LONDON (AP) — Four
million readers of the Sun
were promised today's edi-
tion would make them privy
to "when barefoot Di but-
tered my toast." Monday's
helping of gossip was "Queen
Koo's romps at the palace."

(court) action."

Lawyers said the case
against Britain's biggest-
selling newspaper was ex-
pected to come before the
High Court in London in the
next few days.

If the paper prints the
gossip serial in the mean-
time, Kenny and Sun ex-
ecutives could be jailed in-
definitely for contempt of
court.

In Monday's installment,
Kenny told of breakfast in
bed at the palace for Queen
Elizabeth II's second son,
Prince Andrew, 23, and his
American-born girlfriend
Koo Stark, a 26-year-old ac-
tress, who once starred in
"soft" pornographic movies.

Kenny said that Miss Stark
regularly spent nights at the
palace with Andrew while the
queen and her husband,
Prince Philip, were away.

The story said Andrew
would hang a "Do Not
Disturb" sign on his bedroom
door and order footmen to
leave bacon and eggs for two
outside in the morning after
they gave a "discreet
knock."

Under a huge page one
headline, "Queen gags the
Sun," the tabloid com-
mented: "We are amazed ...
We intend to contest this
vigorously ... Our solicitors
(lawyers) ... have been in-
structed to study the order
and evidence so as to apply
for its discharge."

Arthur Brittenden, a
spokesman for the Sun's
owners, News International,
said "The article will be held
over until the result of the

"I never received any of-
ficial report from any
hospital official of any
suspicious infant deaths in
1981 or 1982," DiMiao said.

DiMiao said he could not
say why he believed
suspicious deaths occurred at
the hospital, because he is
sworn to secrecy while the
case is being investigated by
the grand jury.

William E. Thornton, chair-
man of the Bexar County
Hospital Board of Managers,
said the board had not been
officially informed of a grand
jury investigation and called
DiMiao's statements "ir-
responsible."

"Dr. DiMiao hasn't said
one word to me or to the
hospital district. I would
question his motives to say
these things to the media if an
investigation by the grand
jury is going on," Thornton
said.

There are three stages in the
useful life of a coconut.
Young sprouts provide sal-
ad, green nuts yield coco-
nut milk and the mature
ones offer solid "meat."

Big Ben is the 13½ ton bell
in the clock tower of the
Houses of Parliament in
London—the name is often
incorrectly applied to the
clock itself.

TO ...
AND
THE.

The most often used words
in English are "the," "and,"
and "to."

Priest died of single gunshot wound

AMES, Texas (AP) — A
popular Roman Catholic
priest found dead on the back
porch of his church rectory
was shot in the neck at close
range, according to
preliminary autopsy results.

An autopsy performed
Monday by the Harris County
Medical Examiner's Office
showed the fatal shot was
fired within two feet of the
priest, Justice of the Peace
Sonny Loftin said.

"There was nothing
unusual. It just confirmed
everything we already
knew," Loftin said Monday
night.

A final report on the death
of the Rev. Henry G. Bouchie
is expected in about one
week, he said.

Bouchie, a Boston native
and pastor of Our Mother of
Mercy Church, was last seen
alive Friday night when he
performed mass in this com-
munity of 1,155 people, about
50 miles northeast of
Houston.

A church employee found
Bouchie's body Saturday
morning on the floor in a tiny
alcove near the back en-
trance of the house.

Sheriff's investigators said
there are no suspects yet, but
robbery appeared to be the
motive because several
rooms of the home had been
ransacked and Bouchie's
wallet was missing.

"Father Bouchie was a
very kind-hearted man. If the
murderer wanted money, all

he would have had to do was
ask for it, and the father
would have given it to him,"
said Ethel Chargois, who
found the body.

Drawers to a china closet
also were overturned, the
priest's clothes were scat-
tered on the floor and the
mattress on his bed was push-
ed aside, investigators said.

"He didn't have that much
around that anybody would
really want as far as we
know," said Liberty County
Sheriff's Capt. John Dominy.

Beaumont pastor Raymond
Woodka, who performed
Mass Saturday and Sunday at
Bouchie's church, said that
the priest did not keep large
amounts of money or other
valuables at the rectory, and

seldom carried much money
with him.

Woodka said that the con-
gregation reacted with "total
shock and horror" at
Bouchie's death.

"Someone or more than one
has misused the precious gift
of free will to kill. That is the
horror," the pastor said.

Bouchie, who had been
pastor at the Ames church for
seven years, was a member
of the Josephite order of
priests and had been in the
priesthood for 41 years, of-
ficials said.

A funeral Mass will be
celebrated at 10 a.m. Satur-
day at St. Mark's Church in
Boston's Dorchester section.

POLLY'S POINTERS
Polly Fisher

Jeans keep shrinking

DEAR POLLY — I know these days everyone wants their
bluejeans to "shrink to fit" but mine just keep on shrinking.
They seem smaller after every wash. Isn't there some way
to stop this? — MRS. R.O.

DEAR MRS. R.O. — Trust me — they have to stop shrink-
ing sometime! Best preventative is a cold water wash and
cool drying. Try drying those jeans on the delicate cycle. It
will take a little longer, but perhaps the few cents you spend
to run the dryer for a longer period of time will be made up
by not having to buy new and larger jeans so often. Of course
stiff jeans can feel tighter than softer jeans. Try using an
extra dose of fabric softener in the rinse cycle. While this
won't make them any larger, they will be more comfortable
to wear. Remember, one hundred percent cotton does shrink,
but not indefinitely. The last time Polly thought her jeans
were shrinking, someone pointed out that it was really just
Polly growing! — POLLY

DEAR POLLY — If you want a good book marker, cut the
corner off an envelope and slip it over the corner of the page
you want to mark. Colored envelopes from greeting cards
make nice colorful book markers that can be given as gifts.
— ANNA

DEAR POLLY — When slicing or dicing beets, I always
use my egg slicer. This produces nice, even slices or cubes
every time. — MRS. R.E.R.

The
Newspaper
BIBLE

I'LL HAVE A NEW BODY!

I'll tell you this, my brothers: an earthly
body made of flesh and blood cannot get into
God's kingdom. These perishable bodies of
ours are not the right kind to live forever. But I
am telling you this strange and wonderful
secret: we shall not all die, but we shall all be
given new bodies! It will all happen in a
moment, in the twinkling of an eye, when the
last trumpet is blown. For there will be a
trumpet blast from the sky and all the
Christians who have died will suddenly
become alive, with new bodies that will never,
never die; and then we who are still alive shall
suddenly have new bodies too. (1 Corinthians
15:50-52)

And now, dear brothers, I want you to know
what happens to a Christian when he dies so
that when it happens, you will not be full of
sorrow, as those who have no hope. For,
since we believe that Jesus died and then came
back to life again, we can also believe that
when Jesus returns, God will bring back with
him all the Christians who have died.

I can tell you this directly from the Lord:
that we who are still living when the Lord
returns will not rise to meet him ahead of those
who are in their graves. For the Lord himself
will come down from heaven with a mighty
shout and with the soul-stirring cry of the
archangel and the great trumpet-call of God.
And the believers who are dead will be the
first to rise to meet the Lord. Then we who are
still alive and remain on the earth will be
caught up with them in the clouds to meet the
Lord in the air and remain with him forever. So
comfort and encourage each other with this
news. (1 Thessalonians 4:13-18)

HEALTH

Lawrence E. Lamb, M.D.

Growing with stress

DEAR DR. LAMB — I am
having a hard time coping
with the stresses in my life.
Part of it is caused by the
company moving us from
one location to another. I'm
an intelligent, educated,
warm, outgoing person mar-
ried to a non-communicating
husband who is otherwise
very good. I have no chil-
dren, relatives or good
friends in this state.

Our lovely home is leased,
our car is leased and my
husband loves to spend and
cannot hold onto money. He
makes a good salary. He
takes care of all finances
and any comment or even a
look from me brings on an
outburst, then silence for
days. He'd give you the shirt
off his back but will not
share it.

There is no money for a
counselor as it would be
based on his salary and he
would never cooperate.

DEAR READER — When
a stressful situation in life
becomes static one or more
of the parties involved must
take the initiative, no matter
what the results, to make a
change.

Your letter screams of
lack of communication.
Despite the blowup that
might occur, you must start
and continue the communi-
cation by expressing how
you feel and react to the
stressful situation you find
yourself in. You may need to
get your own job to become
independent and have some
outside contact. Developing
your own self-reliance is
probably your best key to
improving your life.

Modern life does induce a
lot of stress but life is really
a series of stresses, begin-
ning with birth, weaning,
going to school, leaving the
nest, retirement and the long
list. As you successfully cope
with the stresses in life your
personality grows. The key
is keeping the stress at a
level that you can grow and
develop with, rather than
being overcome by it, which
can result in anxiety,
depression and a host of
problems.

Perhaps your husband will
read it, too, and you can dis-
cuss with him how both of
you can work together to
help each other get more out
of life. A good counselor
would help.

DEAR DR. LAMB — We
are quite concerned about
our daughter. While at col-
lege she developed a great
deal of pain and swelling in
her knee joints, with a grat-
ing whenever she bends the
knee.

The doctor there said she
had chondromalacia and
treated her with Clinoril.
Could you tell us about
Clinoril? What is chondro-
malacia? What is the cure
and future implications?

DEAR READER — It
usually means involvement
of the kneecap with degener-
ative changes. The kneec-
ap may tend to be more
mobile or move out of posi-
tion. I think its treatment is
sufficiently complicated
that your daughter should
see an orthopedic specialist
who is good at treating
knees. Incidentally, the con-
dition may lead to osteoar-
thritis of the knees.

Some cases can be man-
aged conservatively with
medicines such as Clinoril to
control pain, but a program
of strengthening the muscles
over the front of the thigh,
care in not bending the knee
and other measures are indi-
cated. In other cases surgery
is advisable. It depends a lot
on the degree of involve-
ment.

City Councilman resigns teaching post

SAN ANTONIO, Texas
(AP) — A city councilman
called a liar by Mayor Henry
Cisneros has resigned his
faculty position at a university
here because he said he did
not want to damage the
Catholic school's reputation.

Councilman Bernardo
Eureste, 39, resigned from
Our Lady of the Lake Univer-
sity Monday in the backlash
from his allegations that
three men who mugged him
were part of a police
assassination plot.

Eureste claimed he and a
23-year-old student accompa-
nying him were attacked at
knife-point last Friday at 4
a.m. in a parking lot.

"The people of San Antonio
know the department is not
involved," Cisneros said.
"Yet responsible public of-
ficials have to chase down
every angle of the lie."

The mayor said Eureste
"doesn't care how much
damage is done to the city or
the police department."

Everything is secondary to
saving Eureste."
"At the core of the whole
thing is a lie," the mayor
said.

Eureste admitted he was
"fooling around and got
caught," but claimed his at-
tackers were either police of-
ficers or hired by police to
assassinate him for his
criticism of the department.

"I am more convinced than
ever it was a setup," Eureste
said Monday.

City officials said Monday
they expect to arrest "some
thugs" in connection with the
attack.

T-shirts circulated at the
police station downtown,
boasting "I Mugged Bernie."

The student, Kerry Pruett,
was relieved of her graduate
student internship in
Eureste's City Hall office.

Cisneros said information
gathered in the case does not
support Eureste's assassina-
tion claims and he added that
he sees no need for the
department to be concerned,

although an investigation is
continuing.

City Manager Louis J. Fox
said officials, working with
informants, expect to make
arrests soon in the case.

Fox met with Police Chief
Robert Heuck to review
details of the investigation in-
to the incident in which
Eureste's hand was gashed in
two places as he grabbed a
large-blade knife used by one
of three assailants.

In his resignation letter to
school President Sister
Elizabeth Anne Sueltenfuss,
the councilman wrote:

"Given the amount of con-
trovery that is being drawn
to Our Lady of the Lake
University, my colleagues,
and our student body at this
time, I would like to ask per-
mission to be granted
academic leave from my
duties as a faculty member
for the remainder of the
semester."

Eureste's letter continued,
"I feel that it is also in the
best interest of all of us
concerned that I also tender my
resignation as a faculty
member with the university
at the end of this semester."

Ann Landers

1-in-10,000 chance

DEAR ANN LANDERS: Late last November I received an anonymous letter in the mail informing me that my trusted wife was having an affair. I then accidentally found a diaphragm in her pocketbook. It was a terrific shock to me because I've had a vasectomy. (Also, I did not believe the anonymous tipoff.) I was hurt and angry. To get even with her I did something terribly childish. I took a pin and punched several holes around the edges of the diaphragm and slipped it back into her purse. Last week my wife told me she is pregnant. She seemed

extremely pleased because we both regretted our decision not to have children six years ago.

The woman has no idea I punched holes in her diaphragm. She believes the vasectomy came undone — as some do — and that it is God's will that we become parents.

I am thrilled at the thought of being a father but I am having some real problems. I'm afraid if I tell her the truth it will erect a lifelong barrier between us. I confess, however, that I am dying to know who she has been sleeping with, although I am perfectly willing to accept the

child as my own. Since she has found out she is pregnant, the woman has been so attentive and adoring I can't believe it. What is your advice, Ann Landers? — Walking On Air In The East

DEAR WALKING: There's a 1-in-10,000 chance that the vasectomy did come undone, so put all thoughts out of your head and psych yourself into believing it. The fact that you are both thrilled about the upcoming event will help obliterate the unhappy part of the story. So — hooray for love!

DEAR ANN LANDERS: My father-in-law passed away suddenly last week. He was a wonderful person, kind, generous and deeply loved. I am doing all I can to ease the burden for both my husband and his family.

I am amazed at the insensitivity of people who should know better. Almost all the sympathy cards and notes have come addressed to "Mr." or "Dear John". I am irritated by well-meaning friends who ask me to convey their feelings of remorse to my husband and his sisters.

This man was not my father, but I could not have loved him more if he were. I am hurt by their failure to acknowledge that, I too, suffered a personal loss. What do you suggest? — Grieving Daughter-in-Law in Hartford

DEAR GRIEVING: Don't be so hard on your friends. It is a safe assumption that children suffer more from the death of a parent than an in-law. Of course, one should offer condolences to both the husband and wife under these circumstances, but many people don't know it.

DEAR ANN LANDERS: Please tell the truth. When you were a Girl Scout could you actually make a fire by rubbing two pieces of wood together? — E.G. in Akron, Ohio

DEAR E.G.: Yes. If one of them was a match.

Other activities included homecoming committee, Hall Council representative, College of Education Student Council, Texans, and TSEA. She was listed on the Dean's Honor Roll.

Ms. Payne is currently employed with the Hereford Independent School District as a teacher at West Central Intermediate School.

Staci Payne

Degree awarded to Hereford resident

Staci Rachelle Payne, daughter of Wanda and Jerry (Jiffy) Payne, was awarded her bachelor of science degree in elementary education, Cum Laude, at Texas Tech University in Lubbock with a specialization in math and kindergarten certification at the end of the fall 1982 semester.

She is a 1979 graduate of Hereford High School.

While at Tech, she was a member of Kappa Kappa Gamma Sorority, in which she served as efficiency, membership chairman, and convention delegate. She also received two sorority scholarship awards.

Ms. Payne was a president's hostess for two years and also served as vice-president. She was a member of two honor societies: Kappa Delta Pi (education) and Rho Lambda (Panellenic).

'Children's Hospital' helps kids learn

MAPLE LAKE, Minn. (AP) — The surgeon gripped the bone drill tightly, pressing it to the patient's chest.

As 10 other hands hovered nearby with clamps and pads, the drill bit slipped and skidded across the patient's chest.

"How do you use this thing?" the frustrated doctor demanded.

But the stuffed patient with flaming red hair didn't even bleed, despite the clumsy ministrations of the 7-year-old student physician.

The operating room at St. Timothy Parish School was part of Kids Community Hospital, where children are doctors and nurses.

The program's creators say they hope their version of "playing doctor" will make children less anxious when they go to the hospital for real.

"For the first time somebody is willing to share these things that have been such a mystery," said Joan Pribyl, volunteer coordinator for Kids Community Hospital.

"A few of our nurses put their heads together and decided there should be some way to relieve kids' anxiety when they go to a hospital to visit someone or are admitted to the hospital themselves,"

Ms. Pribyl said. The Monticello-Big Lake Community Hospital organized the mobile children's hospital, equipping it with instruments and patients.

The hospital goes to nursery schools and grade schools in the area, giving children an inside glimpse of the medical world.

Mimi Fogarty of Maple Lake volunteered to help with the program at her son's school because she recalled how frightened her children had been when they were thrust into an emergency room.

Advance exposure to hospitals, equipment and methods might ease the fear next time, Mrs. Fogarty said.

"We get kids in the hospital who are afraid of the most basic things like having their blood pressure taken," said Colleen Spike, a nurse from the Monticello-Big Lake hospital who advised St. Timothy volunteers.

Billingsly is honored at recognition dinner

Gary Billingsly of Hereford was among four scout leaders who received the Silver Beaver Award at the Llano Estacado Council's 59th Annual Recognition Dinner Saturday at Amarillo High School.

More than 150 leaders attended the dinner from the nine-county council, which includes Deaf Smith, Dallam, Hartley, Sherman, Moore, Oldham, Armstrong, Potter, and Randall Counties, and the cities of Happy and Friona.

The Boy Scouts of America awards the Silver Beaver Award to men and women for distinguished service to youth. The award includes recognition of service to

scouting and standing in community covering business, professional, civic, religious, educational, fraternal, veterans, rural, and other fields exclusive of scouting.

The other three recipients in addition to Billingsly were Donna Cunningham, Alford Blout, and Dr. Hugh Sticksel, all of Amarillo.

Billingsly was introduced to Scouting when he served as a Committee Member of Pack 50, chartered by the Hereford Lions Club in October, 1970. In 1971 he became Committee Chairman and served in that capacity until 1975.

In January 1972, he was asked to serve as scoutmaster of Scout Troop 50,

chartered also by the Hereford Lions Club. He has been serving recently as Scoutmaster of that same troop since 1978. He spent two years as Committee Chairman in the interim.

Billingsly has been a teacher since 1959. In 1965 he became an Assistant Principal at Northwest Elementary School in Hereford. In 1981 he became Principal of Northwest Elementary School.

He has also taught evening adult classes for the Hereford Independent School District in Photography, and tumbling classes to children after school.

Billingsly is on the Board of Directors for the Hereford Day Care Center and Big Brothers-Big Sisters. He is an active member of the Hereford Noon Lions Club and he has served as Secretary of the Evening Lions Club. He is a Mason and a member of the First Christian Church.

He was named to the Tierra Blanca Soil Conservation District Outstanding Teacher in 1972. Under his leadership as Scoutmaster, 15 scouts have attained the award of Eagle Scout.

As evidence of the award, the recipients were presented a certificate and a miniature Silver Beaver suspended by a blue, white, and blue ribbon to be worn around the neck.

Also recognized at the dinner were 31 scouts who achieved the Eagle Scout Award during 1982. Included in that group were Darren K. Jones and Dale E. Rahlfs, from Troop 50, sponsored by the Hereford Lions Club.

Today In History

Today is Tuesday, Feb. 22, the 53rd day of 1983. There are 312 days left in the year.

Today's highlight in history:

On Feb. 22, 1732, George Washington was born at his parents' plantation near Fredericksburg, Va.

On this date:

In 1819, Spain ceded Florida to the United States.

In 1889, the Dakota territory was divided into North Dakota and South Dakota.

In 1967, Indonesian President Sukarno ended a long reign by surrendering his remaining authority to General Suharto.

And in 1972, President Nixon met with Chinese Premier Chou En-Lai in Peking.

Ten years ago: The United States and China agreed to establish liaison offices in

each other's capitals.

Five years ago: Egypt broke diplomatic relations with Cyprus in protest over a clash at the Nicosia airport in which Cypriot forces killed 15 Egyptian commandos who were trying to rescue airliner hostages.

One year ago: Surgeon General C. Everett Koop broadened the list of cancers linked to cigarette smoking.

Today's birthdays: Actor Robert Young is 76 years old. Massachusetts Sen. Edward Kennedy is 51. Basketball star Julius Erving is 33.

Thought for today: "Gambling is the child of avarice, the brother of iniquity, and the father of mischief." — George Washington, U.S. president (1732-1799)

People who recall penny valentines with fondness most likely sent, rather than received, the awful things.

A weight loss program that puts you in control.

At Wits End

BY ERMA BOMBECK

It's a question that has plagued parents for generations. Is it worth all the aggravation, the nagging, the varicose veins of the neck to get your kids to do dishes?

Parents argue it builds character. Kids say it's the only job in the world where nepotism is a curse.

Frankly, I've seen some side effects that maybe parents should know about. I always perceived the kids doing dishes together every night as a sharing experience where everyone pitched in and made it a better world.

This myth exploded the night we took a steak knife away from one of the boys who was using his brother as a dart board.

We moved right along to Plan B where each of them would have their night in the kitchen and then be off two. However, there was so much trading and paying back, the bookkeeping became unwieldy and we moved to a new house to start fresh.

We called them the Three S's. Each had his own personality in the kitchen.

One was a "Soaker." Everything soaked. The only thing that wasn't put in the sink and filled with water was the spaghetti pot which always looked clean and hung with spaghetti hardened in it for three years.

One was a "Saver." No leftover was too small to store in its original serving dish: a peach pit, a french fry, a wad of gum on a dinner plate. All were preserved for whoever was on for dishes the next night.

The other one was a "Cyclone," she cleared. She stacked. She washed. She dried. She put away. In 15 seconds. And at great expense to the management.

All three, however, had one trait in common. The moment the meal was over a biological urgency would come over them and they would disappear into the bathroom until they were sure the food on the plates was in a solid state.

The children swear they carry the scars of our enforced labor. It's possible, but I like to think the three S's came out of the experience with some advantages as well as disadvantages. The good news is none of them ever needed therapy. They got out all of their hostility over dishes every night.

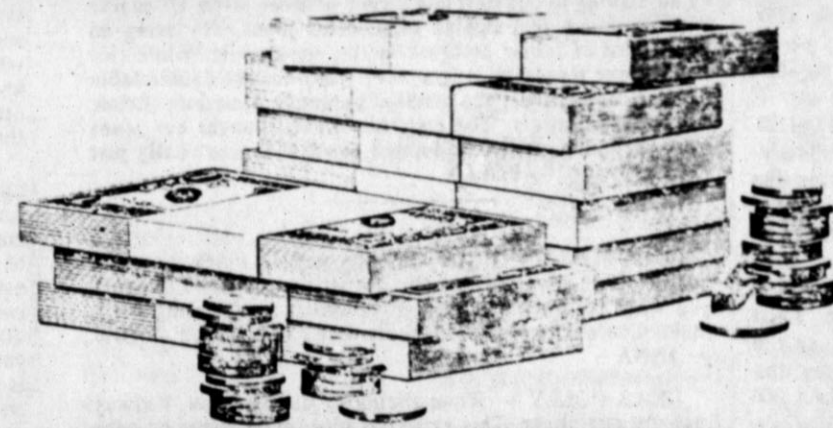

The bad news? To this day they can't hear a dish rattle without instinctively going into the bathroom and shutting the door.

Ducks lay eggs only in the morning.
