# Japanese Trains Have Difficulty

By GENE KRAMER  
TOKYO (AP) — If anything is certain in Japan, the Japanese will tell you, it is death, taxes and the national railway schedule. But the country's confidence in both the punctuality and safety of its trains has taken a beating lately.

The causes are the severest Japanese winter in 15 years and a rash of crossing collisions. Newspapers are filled with comment and expressions of concern. "It had been generally thought that riding in electric trains and cars was safe and that automobiles was dangerous, but recent events have shown this is not necessarily so," said Japan's largest newspaper, Asahi.

This was after five serious crossing smashups in four days killed 9 persons and injured 150 train passengers.

On the subject of late trains, the newspaper said "Japan National Railways schedules, which were considered the most accurate in the world, have certainly fallen."

A familiar sight at the railway stations these winter mornings is the issuance of "tardy certificates" — slips of paper from the stationmaster which wage earners use as excuses for being late to work.

The national railways is rushing development of faster and more powerful rotary snowplows to cope with blizzards that stalled about 150 trains over the New Year's holiday.

# Snyder Band Members On All-State

Three Snyder High School band members were selected for the All-State Band in area competition held Saturday in Stephenville. Another had been selected for the All-State band previously in region competition in Abilene where 8 were chosen out of 300 students.

Six Snyder bandmen were to attend the Stephenville area contest. The three winners were Sue Stokes, senior on E-flat clarinet; Bill Patterson, senior on baritone; and Dale Cushmanberry, junior on alto saxophone.

Sean Young, senior student on cornet, was selected at regional competition.

The All-State Band will assemble in Dallas Feb. 9-11 in conjunction with the Texas Music Educators Convention.

They will rehearse and perform in concert under some of the outstanding conductors in America.

The All-State Choir and Orchestra will also perform.

Stephenville students going to Stephenville were Mike Reed on tenor saxophone, Larry Devers on drums, and Buddy Patterson on baritone saxophone.

# Porpoise Is Due To Aid Scientists

By RALPH DIGHTON  
CHINA LAKE, Calif. (AP) — This porpoise the Navy started training a year ago has turned out to be unpredictable and talkative, is expected to swim at speeds of 30 to 40 knots and taking is the best trick she's learned so far.

Expected to swim at speeds of 30 to 40 knots — and thus show scientists how to build faster submarines — she still hasn't gone faster than 16.

Scientists hope to overcome her aversion to speed by giving her more room, perhaps an inlet fenced off with anti-submarine netting. Her speed runs so far have been made in a narrow, 215-foot-long tank.

Her ability to talk delights Navy scientists. They're building complicated electronic gear in the hopes that, by duplicating her sounds, they can actually hold conversations.

The porpoise, called Notty after the initials of the Naval Ordnance Test Station here, has learned an other trick. She can count out her age, which is four.

She does this by nudging a lever in her private pool. Her trainer, psychologist Ron Turner, says there's no chance that this is just luck. She's been trained to push another lever when she's through counting.

Notty's talking to human ears sounds like a cat in anguish. She also makes noises humans can't hear.

Dr. Rene Engel, head of oceanic research at NOTS, has caught these noises on tape and now is trying to wear a collar. She is taught to wear a collar to duplicate them.

"Our first step," says Engel, "will be to determine what sounds Notty reacts to. Then we will observe what she does after each type of sound. If we can learn to give orders, maybe she can learn to talk back."

This seven-foot, 200-pound porpoise — she probably will grow to twice this size — also has been taught to wear a collar.

Unless she's smarter than scientists think she is, Notty doesn't know that his collar could be built to contain explosives which could be detonated whenever she approached an enemy vessel.

The collar also could house submarine-detection instruments, but why bother? If she can be taught to talk and count, the day may come when deep-diving Navy will swim alongside an American picket boat and yell:

"Hey, skipper, I just spotted four enemy subs off Kodiak Island at 100 fathoms."

# Sluggers To Boost Card

By THE ASSOCIATED PRESS  
It will be the puncher against the slugger in the Saturday night television fight matching middleweights Rory Calhoun and Florentino Fernandez.

They clash in a ten-rounder—ABC TV, 10 p.m. EST—at New York's Madison Square Garden.

The winner probably will earn a berth in the 160-pound division's top ten although neither is a ranking middleweight now. Fernandez, 24-year-old Cuban, is ranked sixth among the waterweights. In his debut in the middleweights he knocked out Phil Moyer in the fifth round at the Garden last Nov. 12.

Calhoun of White Plains, N.Y., once was a top-ranking middleweight. The 26-year-old slugger indicated he was on the rise again when he outpointed Hank Casey, fourth-ranking middleweight, on New Year's Day in New Orleans.

Fernandez has a 32-2 record, including 22 knockouts. Calhoun's record is 5-10-2, including 21 kayos.

Lightweight contender Kenny Lane of Muskegon, Mich., meets newcomer Joe Stable of Cuba in the main ten-rounder at New York's St. Nicholas arena tonight.

# Minor Mishaps Are Reported In City

Two minor traffic mishaps were reported by the Snyder Police Department, both occurring Sunday and within a block of each other.

Involved in an accident at the intersection of Avenue A and the East Highway at 6 p.m. were a 1956 Chevrolet driven by Alvin McDaniel of Port Worth and a 1956 Nash driven by Edward Taylor of New Mexico. Damage was minor.

Damage was estimated at \$250 to a 1959 Plymouth driven by Polly Miller of Sweetwater when it was in collision with a 1956 Chevrolet driven by Winna Ainsworth of Snyder at the intersection of Avenue B and the East Highway at 10:45 p.m. Damage to the Ainsworth car was set at \$75.

# AFL-CIO Opposed To Payroll Tax

AUSTIN (AP) — The Texas AFL-CIO executive board was on record today as opposing Gov. Price Daniel's payroll tax.

However, the board, at a special meeting Saturday, gave its approval to Daniel's demands that the \$63 million deficit be handled immediately and separate from 1962-63 money needs.

Daniel asked the legislature last week to take care of the deficit by a 12 months 2 per cent natural gas production tax, a revision of state franchise tax laws, a change in the method of financing farm to market road construction and adoption of an effective abandoned property law.

"At the same time, while supporting these temporary tax proposals, we again state the firm support of Texas labor for progressive and realistic taxes based on ability to pay — a graduated personal income tax and corporation profits tax," the statement said.

"We oppose the proposed payroll tax in its present form as a regressive tax in that it is levied at the same flat rate on those of small income and those of large income without regard to the number of dependents and other expenses of the taxpayer."

The statement added that the AFL-CIO board believed both Daniel's and the Legislative Budget Board's recommendations for 1962-1963 spending "are far below actual needs."

"During election years there is always a lot of talk by candidates about fulfilling state responsibilities, but these budget proposals come nowhere near making good on such promises," the statement said.

The board asked for a full \$800 a year pay raise for public school teachers instead of the \$600 asked by Daniel and the \$400 recommended by the budget board.

The board also recommended legislative adoption of "an effective industrial safety law."

# Keep Alert, Cubans Told

HAVANA (AP)—Maj. Ernesto Guevara warned Cuba's civilian soldiers Sunday night to remain alert so that if "the new (Kennedy) administration threatens us we will all be ready to go back to the trenches."

Cuba's pro-Communist economic chief sounded the warning at a rally of demobilized militiamen at a seacoast town 40 miles west of Havana. He urged the men to go back to work now that the three-week "invasion" alert was over, but cautioned them to be prepared.

Following the line laid down in Fidel Castro's speech Friday, Guevara called for a change in the "mistaken and absurd" policies of the Eisenhower administration. He claimed the military alert had averted the danger of invasion and resulted in "an important victory for the people without bloodshed."

Fidel Castro told provincial delegates of the Agrarian Reform Institute that his government would give 80,000 small farmers in Oriente Province credits to spur cultivation of coffee and cacao.

He also announced creation of "children's farms" to be incorporated in the "people's farms," which raise vegetables, chickens and rabbits. Children over 10 will be eligible to work on the farms.

Cuba and the Soviet Union also will exchange a thousand children to work and learn on each other's youth farms, Castro said.

The government announced that contracts had been signed with Red China under a five-year trade pact that will give Cuba \$60 million worth of credits for buying Chinese industrial goods and equipment.

# Mrs. Stegall Is Injured

Mrs. Jimmy Stegall, daughter of Mr. and Mrs. Roy Burgess of Snyder, was still under treatment this morning in the Naval Ordnance Test Station here, for injuries she received Saturday afternoon in a traffic mishap.

Mrs. Stegall and her husband, who is a student at Baylor University, were en route to Snyder when their car overturned on Highway 36 about 12 miles west of Comanche.

Mrs. Stegall suffered a broken jaw and cuts about the face and neck. Her husband was treated for cuts and abrasions.

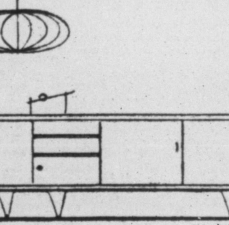

Relatives here said Mrs. Stegall might be transferred to Cogdell Memorial Hospital here early this week.

# 50 Negroes Enrolled

NASHVILLE, Tenn. (AP)—Officials said about 50 Negroes enrolled for mixed classes in a dozen Davidson County schools today, as desegregation started under federal court orders.

J. E. Moss, county superintendent of schools, said the transition started smoothly and that no disturbances were reported at any of the schools. About 400 Negroes were eligible to attend previously all-white schools in the county.

U. S. Dist. Judge William E. Miller several weeks ago ordered the start of desegregation through the city schools in adjacent Nashville have already integrated the first four grades. Both city and county schools will integrate one additional grade each year under the stair-step plan which has been in effect in city schools since 1957.

The order to integrate county schools came last year as the result of a suit filed on behalf of several Negro children.

# Weather Good For Monte Carlo Rally

MONTE CARLO (AP) — A record number of entrants remained in the Monte Carlo auto rally today thanks to some of the best weather in rally history.

With the long drive to Monte Carlo more than half over only a handful of the driving teams which started from eight European cities Saturday had been eliminated and very few had been penalized.

Rally officials were predicting a record number of drivers may wind up in Monte Carlo Tuesday without penalization—thus making selection of an overall winner difficult if not impossible.

### THE GANTLET

## Reds Missing A Sure-Fire Opportunity For Recruiting

BY INEZ ROBB

There is talk, talk, talk about communism on the home front, the foreign front and even in outer space. The plans are elaborate and complicated. The advanced thinkers are not finding it easy to fix up a blueprint for anti-communism in the wild blue yonder when they don't even know what language the Martians talk or whether they use a series of short-wave think symbols.

But the anti-Communist fighters continue to overlook—completely ignore—a dangerous situation in our own front yard that can send sensitive—especially sensitive to cold—persons running to the nearest cell for a party card.

The other day when New York was alternately blessed with a freezing rain, sleet and then snow, all within a five-hour period, my democratic resolve was tested to the breaking point. Caught updown without overshoes, umbrella or anti-freeze, I was confronted all up and down Fifth Avenue with quashed young women loling on sandy beaches under palm trees, magnolias and hibiscus.

Some of them strutted in bikinis and all of them, in the words of my Grandmother Callaway, "didn't have on enough 'to flag a bread wagon'."

All of these belles were in shop windows, house shells for the resort wear inside. While millions, on that wretched day and ever since, courted chiblainns, they flaunted their sun-tanned nudity and advertised the joys of fleeing the city for happier climes.

Spectators, nudled in their greatcoats, their scarves tied around their ears, hands thrust in pockets, noses scarlet and feet aching with cold, filled the avenues with hate as they slipped and slid past the display windows.

Here—if any of these merchandising geniuses had consulted me—

was the prime way to NOT make friends and influence customers. Granted that girls in bikinis are great for the morale, just great, they can send it plummeting when the blood is congealed and the electric organ, the car, the swimming pool, the sailboat and the braces on sister's teeth, they too, can run off to (with apologies):

"Oh, somewhere in this favored land the sun is shining bright, The band is playing somewhere and somewhere hearts are light, And somewhere men are laughing and little children shout, And there is joy abounding, because the SUN is out!"

When the sleet is melting down the back of the neck and freezing on the pavements, girls in truncated bathing suits in shop windows only rouse antagonism, a conviction that one is a failure and a yen to throw a brick through the window.

At this point, somewhere south of zero where the best is like the worst, where there ain't no Ten Commandments and a man is feeling cursed, he is ripe for a little rebellion.

If American communism were smart, it would station its recruiting squads along Fifth Avenue on wretched, bone-chilling days in January when the shop windows are filled with unattainable babes, bikinis, beaches and bougainvillea. The party would make a pitch for its sullen, semi-frozen citizens who are stuck in the city and wouldn't

## 8 Perish In House Fire

PASADENA, Md. (AP)—Seven Negro children and an adult who was caring for them burned to death early today when their frame house erupted in flames near here, state police reported. One child escaped.

State trooper Lester Chenoweth identified the victims as Donald L. Green, 9 months, and his sisters and brothers, Maryland, 2; Winifred, 3; Yvette, 4; Joeline, 5, and Aaron, 6.

Also burned to death were a cousin, Regina Wright, 10, and the Greens' uncle, Bernard Green, 32.

One child, Lawrence Green, 11, escaped, Chenoweth said, by jumping barefoot from a second-floor window in 10-degree weather.

The parents of the Green children, Dolores and Ernest, were visiting neighbors when the fire broke out shortly after midnight. Firemen said the tragedy apparently was caused by a faulty oil furnace.

## Columnist Learns More From Mail

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Climate does affect your health.

If you dwell on a tropical isle, you'd be less likely to get an ulcer, a heart attack or a mental ailment. On the other hand, here in the good old temperate U.S.A., you are likely to live longer, have more energy, be more creative, and suffer fewer infectious diseases.

Ever wonder how heavy a cloud is? The average cloud weighs about 300,000 pounds.

Roving houses: "Let me live in a house by the side of a road" sang the poet.

Today some 3 1/2 million Americans live in 1 1/2 million mobile homes, which they can pull up to the side of almost any road they choose.

New from the maternity ward: Women who smoke a great deal during pregnancy, usually have smaller babies than those who smoke lightly or not at all.

Half of all U.S. men are theoretically overweight. But don't laugh, ladies, by medical standards, three-fourths of you pack 100 much poundage.

Our quotable notables: "Some dames think they are hard to get, when they are really just hard to take."—Tallulah Bankhead.

Warning to tipsters: Alcoholism is now ranked as one of the four major health threats—after mental illness, heart disease and cancer. One of every 13 U.S. men over 20 years old is a problem drinker.

What, no derby? Actor Gene Kelly's wardrobe contains 340 cloth hats and caps.

Tokyo department stores go far beyond our supermarkets in making shopping fun. They have the latest fashions, present modern dances and classical plays and rooftop amusement parks, complete with ferris wheels!

Quips from our contemporaries: Monday morning says the Catholic Digest is when we like to look wistfully back at "the good old days"—Saturday and Sunday.

Hair-raising bargains: You can now buy a mustache for \$10, a toupee for \$150 up—or, for \$50, a removable goatee for the tired business man who wants to play with the beatniks at night, but look conservative during working hours.

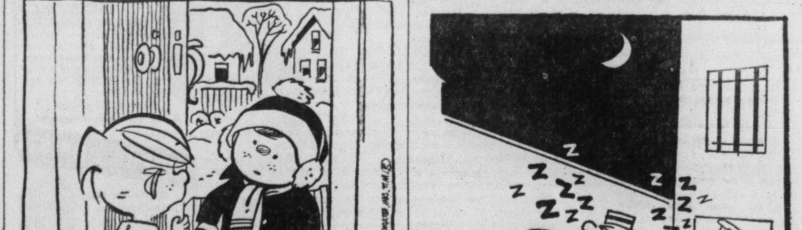

Ever dream of buying a young race horse and retiring on his earnings? You'd probably do better if you bought a Shetland pony and charged the neighborhood kids a dime a ride. In 1960 only 2,821 of a crop of 10,838 two-year-old thoroughbreds won a race.

Executive signs: On the desk of Irving J. Botner, Esquire shoe polish president: "Constant use will wear anything away, especially friends."

Bike riding is becoming a fad again, both with college students and middle-aged people looking for exercise. The United States now has more than 27 million bicycles.

One reason global peace is so hard to achieve: The peoples of the world speak 2,600 different languages.

Hot, chocolate, when introduced into London in 1870, was hailed as a wonder drug in the treatment of gout, biliousness, flatulence, morbidity and the itch. ("But it cost \$5 a pound, so the poor man had to say "Make mine vanilla.")

## Wilson Champ In Gail Meet

**GAIL**—The Wilson Mustangs, a South Plains cage powerhouse, copied top honors in the Gail Invitational Tournament in the finals contest of Saturday night here, as they slipped past the host Gail Coyotes, 47-46, for the championship crown.

The Ponies had marched to the finals by virtue of a 51-30 triumph over Gail "B" and a follow-up 44-40 conquest of Loop.

In the girls division Lorenzo garnered top honors with a 50-37 bounding of Loop in the finals fray which

had been preceded by victories over Wilson and Gerard.

In the boys consolation bracket the Dawson Bulldogs reigned supreme, easing past Southland by 35-25 for the title. The girls consolation championship was nabbed by Wilson, which blasted Klondike, 61-36, for the crown.

The boys all-tournament team as chosen was composed of Oates (Loop), Schneider (Wilson), Ramsey (Gail), Gibson (Dawson), and Clark (Gerard).

Gaining spots for the girls on the all-tourney team were Pollock and Parish (Lorenzo), Bagwell and Hunt (Loop), and Lamb and Bukemper (Wilson).

## Saturday Big Night For Lone Star

**BY THE ASSOCIATED PRESS**

Sul Ross and Howard Payne tangled Monday night at Brownwood to get the Lone Star Conference basketball race back in action again after a week's lay-off for finals examinations.

The loop won't get into high gear, however, until Saturday night when all eight teams will be back in action.

In the Saturday night conference games Stephen F. Austin meets Texas A&I at Nacogdoches, Lamar Tech goes against Howard Payne and East Texas tangle at Commerce, and Sam Houston and Sul Ross meet at Alpine.

There is one non-conference game. Southwest Texas is host to the University of Corpus Christi at San Marcos Tuesday night.

Stephen F. Austin and Lamar Tech share the conference lead at the moment with perfect 3-0 marks. Southwest Texas and Howard Payne follow with identical 2-1 records. Sam Houston is next with 1-2 while East Texas and Texas A&I are joint occupants of the cellar with 0-3 records.

There were no conference games last week but three loop members ended up 2-1 against outside foes. Texas A&I beat Southwestern University 68-55 and Sul Ross trampled New Mexico Western 90-88. The sole defeat was suffered by Howard Payne which bowed 96-77 to Hardin-Simmons.

## BC Back In Earnest Now

**BY THE ASSOCIATED PRESS**

The only two perfect loop records in the Border Conference are in danger this week as the members quit battling final exams and outside foes and start in on each other.

Arizona State University, whose 2-0 mark is the best in the conference meets a dangerous Hardin-Simmons squad on the Cowboys' home court at Abilene Saturday.

West Texas State, whose 1-0 mark is second best, will entertain Arizona at Canyon on the same night.

Hardin Simmons is 0-1 in conference play and Arizona has broken even at 1-1.

Three games with outside foes are on tap this week.

Arizona goes to Flagstaff Wednesday to play Arizona State College.

Tuesday night West Texas is host at Canyon to North Texas State of the Missouri Valley Conference while Saturday Texas Western, 0-3 in conference play, meets Eastern New Mexico at Portales.

## All Quiet On SWC Front

**BY THE ASSOCIATED PRESS**

The mid-semester truce continues this week in the Southwest Conference basketball battle in which the Texas Longhorns hold undisputed command.

The Longhorns broke a three-way tie last week when they trounced the Texas Aggies and took over the top spot with a 4-1 mark. Texas Tech is second with 3-1 while the Aggies' 3-2 record set them back in third place.

Conference play won't be resumed until next week with three teams with final examinations and games with outside foes this weekend.

Thursday night Arkansas plays Tulsa at Fayetteville while Friday Southern Methodist University is host to Oklahoma City in Dallas. Saturday night Texas Tech plays Phillips 66 at Lubbock.

Arkansas, Rice and Southern Methodist are knotted up in fourth place in the conference race. Each has broken even so far for 2-2 records. Texas Christian follows with a 1-3 mark while bringing up the rear are the Baylor Bears who haven't yet hit paydirt.

The Bears have an unimpressive 0-4 record in conference play.

Despite two losses last week—Texas and to Houston in a non-conference tilt—the Aggies boast the loop's high scorer in Carroll Broussard who has amassed 321 points this season. He is followed by Steve Strange of SMU with 279 and Del Ray Mounts of Texas Tech who has 268.

The local gloves lived up to and even beyond the wildest expectations by copping nine of 13 victories for the night, as the tune-ups for next month's Golden Gloves action continued in earnest.

In the most sparkling match of the evening, Snyder newcomer Isabel Romero, a 122-pounder, punched his way to a decision over 128-pound Louis Febela of Abilene Recreation Club in a rousing, see-saw slugfest.

A quirk of fate dealt Snyder's Leon Deere a slap, when his knee gave way during first round action against Abilene's Don Martin and the bout was stopped, with Martin gaining the nod by TKO.

Deere, whose old knee injury had evidently not responded to treatment sufficiently, was the aggressor and leader on points when he stepped back momentarily and the leg gave way.

Friday and Saturday the Snyder Boxing Team will see action, with a trip to Clovis planned for Friday and a return home for another round of bouts against Abilene and

surrounding towns slated Saturday.

Results of Saturday's action follow:

Elly (Tiger) Bentler (Snyder), 60, over Vern Gutierrez (Sweetwater).  
Freddie Bentler (Snyder), 75, over Jack Oliver (Abilene Recreation).  
Mike Gonzales (Snyder), 45, over Paul Pettin (Abilene BC, TKO).  
Alex Rios (Snyder), 95, over Bill Atkins (Hamlin).  
Pete Rios (Snyder), 75, over Joe Arellano (Abilene BC).  
Tony Rodriguez (Abilene Rec. split decision over Adam Romero (Snyder), 115).  
Johnny Linn (Abilene Rec. over Andrew Garcia (Snyder), 122).  
Isabel Romero (Snyder), 123, over Louis Febela (Abilene Rec. exhibition, no decision).  
Abe Gonzales (Snyder), 140, vs. Johnny Gonzales (Abilene Rec. exhibition, no decision).  
Hubert Gonzales (Snyder), 120, split decision over Billy Sudderth (Abilene Rec.).  
Don Martin (Abilene Rec. first round TKO, over Leon Deere (Snyder), 113).

## Pullig, Fattigs Win At Angelo

**SAN ANGELO**—Snyder archers, representing the Canyon Reef Archery Club of that city, gained "top billing" in two events here yesterday afternoon, as the San Angelo Archery Club hosted the monthly league shoot.

San Angelo, with three winners, nabbed top honors, while Abilene duplicated the Snyder effort by gaining two top spots.

Gerald Pullig of Snyder was king of the men's 175 division of competition with a 201 total, while Len Fattigs of Snyder was tops in the women's 75 bracket with 88 total.

## Van Brocklin, Ditka Are Up For Honors

**PHILADELPHIA (AP)**—More than 900 guests will be on hand tonight when the Philadelphia Sports Writers Association honors Norm Van Brocklin as the outstanding athlete of the year and Mike Ditka as the college football lineman of the year.

The Association, at its 57th annual banquet, which is a sellout, also will honor the most courageous athlete of the year. This selection will not be announced until banquet time as has been the custom.

## Local Fisters Bop Abilene In 9 Of 13

A capacity crowd estimated at between 400 and 500 fight fans turned out here Saturday night for a boxing card as waged against Abilene, and was treated to one of the finest series of bouts as witnessed within the city in recent years.

The local gloves lived up to and even beyond the wildest expectations by copping nine of 13 victories for the night, as the tune-ups for next month's Golden Gloves action continued in earnest.

## Roseburg Victor At Pebble Beach As Collins Falterers

**By JACK STEVENSON**  
Associated Press Sports Writer

**PEBBLE BEACH, Calif. (AP)**—Bob Roseburg's long experience with the Pebble Beach course plus a great pressure putt on the final hole brought him the \$5,300 first-prize check in Bing Crosby's 20th annual golf tournament.

"I knew I had to make it," Roseburg said of the 14-foot slightly hooking putt he sank for a birdie four on the final hole Sunday for an even-par 72 and a winning 283 for the 72 holes.

Still the ex-Stanford star who won the PGA tournament in 1959 for his last major victory had to wait a half hour to see if Bill Collins was going to beat him. Collins, of Baltimore, needed even par for the final two holes to tie and a birdie on one to win.

"If Collins gets a par on that 17th, he deserves to win," Roseburg commented as a stiff wind from the ocean whipped the course.

sterwald and Fred Kammer of Grosse Pointe Farms, Mich., were lected \$1,500 there to go with his \$1,050 for a 286 among the individual pros.

The miracles performed by electricity in rural areas today would put the Arabian Night's Genie to shame. The flip of the switch can accomplish work that once took hours. The twist of a dial can provide comforts unheard of just a few years ago.

Rural people borrowed money at interest to build their own electric systems and make these miracles possible. They are paying back principal and interest on these loans while providing a steady dependable supply of electricity.

The Electric Cooperatives are building a brighter tomorrow through rural electrification.

## Statement By Rozelle Ignites \$1 Million Suit

**NEW YORK (AP)**—Harry Rudolph, president of the Eastern Basketball League, says league attorneys will go into U.S. District Court here today to file a million dollar law suit against Pete Rozelle, commissioner of the National Football League.

The controversy grew out of Rozelle's action last week which barred tackle Gene Lipscomb of the Baltimore Colts from playing for the Baltimore Bullets in the Eastern League.

Rozelle said it would not be in the best interest of the NFL for one of its players to compete in the EBL because there are men playing in the basketball league who were identified with gambling while playing for college and professional teams.

Rudolph said Rozelle's ruling defames the morals and standards of the basketball league and that he was basing his suit on this.

## Lamar Hosting Golliad Tonite

The Lamar Texans will be in the host spotlight here tonight in the Lamar Gym, when they engage Big Spring Golliad in a cage triple-header.

The Texan 7th will initiate play at 5 o'clock, followed by the 8th grade at 6:30 and the 9th outfit at 8. The Texan 9th is off from a past weekend's winning of consolation honors in the Saginaw Golliad Tournament, where he rebounded from a 33-25 defeat by Jefferson of Abilene to post a 50-40 conquest over Sweetwater and a 63-29 drubbing of Lake View for the title.

On the road tonight will be the Travis Blue Devils, who travel to Big Spring Runnels for a trio of games. The times in all three correspond to the respective grades as itemized above.

The Blue Devil 9th continues to pace the city's junior high cage lives with its 5-3 record for the season.

**FORT LAUDERDALE, Fla. (AP)**—It was the same old story in the 1961 edition of the Helen Lee Doherty women's golf championship—Marlene Streit won for the third straight time.

Mrs. Streit, a Toronto, Ontario, housewife, was two over women's par for the 6,066-yard Coral Ridge Country Club course Sunday to defeat Phyllis (Tish) Preuss of Pompano Beach, Fla., 3 and 1 in the 36-hole finals.

### Spaghetti Is Facing Home Front Attack

By EUGENE LEVIN  
ROME (AP)—Spaghetti is under attack on the home front. Pancakes, escargots, goulash and borscht are invading the Roman table — and what's worse, from spaghetti's point of view, Italians seem to like the foreign delicacies.

It's all because of the Olympics. There was a time when Italians just didn't like foreign foods. They wanted spaghetti, macaroni, ravioli and other Italian specialties. Foreign dishes were strictly for foreigners.

The change started with the end of World War II. A couple of GIs figured they could find a market for American dishes, like pancakes and hamburgers, what with the tourist rush and the big American colony. Four or five American-type luncheonettes opened. A couple of German-style beer halls followed.

But progress was slow. In the 15 years between the end of the war and the start of last summer's Olympics, Rome acquired only a trio of foreign restaurants in addition to the American and German hangouts. One was French, one Hungarian and one Chinese.

When the Olympics opened some businessmen thought there would be enough foreign tourists looking for a home-cooked meal to make new restaurants worth while. Now the Rome restaurant list is beginning to look cosmopolitan.

### Queen, Husband Go Tiger Hunting

By HENRY S. BRADSHAW  
JAIPUR, India (AP)—Queen Elizabeth II and her husband Prince Philip were to go 12 miles into the jungle today on a tiger hunt that has some animal lovers of Europe and Asia up in arms. The royal couple are spending two days at the hunting lodge of the Maharaja of Jaipur without the usual entourage of newsmen and curious public. The maharaja declared the hunt area off limits to avoid frightening away the tigers.

Several animal welfare groups in India and Britain strenuously objected to the queen participating in the hunt. Nine thousand New Delhi students threatened a hunger strike if the queen "encouraged" tiger hunting. The queen and duke were delayed leaving Jaipur for the overnight train trip to the hunting lodge because of confusion over a maid who helps the queen prepare for bed. The train has no corridors. Each car opens to the outside, making it impossible to move from one to another, and no one could decide what to do with the maid after she finished her duties. The queen, joking about being locked up in the train car, decided she would dispense with the maid's services. Another royal problem resolved Sunday was how to get the queen

### Negro Students In Houston Keep Pace

HOUSTON, Tex. (AP)—The 12 Negro school children who became the first to attend integrated classes in Houston kept pace with their white classmates during the first semester, a survey by the Houston Chronicle showed. The 12 Negroes were enrolled in four classes in three schools last September to end separate schooling in what was the nation's largest segregated school district. There were no incidents. The newspaper's survey showed that the overall average of the 12 Negro first graders was C during the semester which ended Friday. The overall average for integrated classes as a whole was C, school superintendent John McFarland said. He refused to discuss individual grades.

### Beginning Driver Panics In Crisis

DENVER (AP)—An automobile driven by a beginner struck Fred S. Caldwell, 47, knocked him onto the hood and then plunged through glass into a women's ready-to-wear store Sunday. Caldwell was hospitalized for severe head cuts. The driver, Rosalie Kiss, 20, was cited for careless driving. Officers said she apparently panicked while receiving instruction from her brother, Michael Kiss, 21.

### Civic Center To Have Bigger Seats

BALTIMORE (AP)—The city's proposed new Civic Center will have seats to fit "the growing size of the American posterior." Architect A. G. Odell Jr., of Charlotte, N.C., said Sunday 30-inch seats will be installed because "we find that many people now have difficulty getting in and out of anything smaller."

### Junior Editors Quiz on INDIANS

QUESTION: Where did Indians get their war paint?

ANSWER: American Indians found that certain plant roots, when boiled, gave off colors which could be used as a dye. They dyed string for cloth by boiling the string with the roots. However, paint for face and body paint was created another way. Soft colored rocks were ground to powder and mixed with grease to make the powder stick to the body. Indians painted their bodies and faces before any ceremonial occasion, or when starting off to war. Paint became 'war paint' when used for that purpose.

FOR YOU TO DO: Try making some crude paints, Indian style, from either plant roots or ground stones. See how you can get the bold effects of Indian work with this simple material.

### Youth Held In Stabbing

SANTA CLARA, Calif. (AP) — Police said husky Robert Sichel, 17, admitted Sunday night that he killed a middle-aged neighbor woman with a bayonet. They were still trying to determine his motive today.

Police Capt. Mal Sylvia said Sichel, after intensive questioning, admitted stabbing Marie Rozas, 58, and then trying to burn her corpse.

Sylvia said Sichel was arrested after a neighbor reported seeing him leave Mrs. Rozas' yard just before the fire that burned her body was discovered.

He said the boy was unable to give a clear motive for the slaying. The badly burned body of Mrs. Rozas — clad in bathrobe, half-slip and panties — had been covered with blankets and draperies. She had been stabbed or slashed at least 20 times.

**STORAGE**

**LOCKING OLD "MAC" IN HIS "WAREHOUSE"** is fun for this boy, but safe, secure storage is serious business with McAlister Van Lines. Bonded Storage is just one of many ways in which McAlister serves West Texans with a top quality moving and storage service.

**Smooth Moving Service, Safe Storage McAlister Standard**

One of the happiest experiences for a family is moving into a new home—provided they have plenty of time to prepare for the move. However, when a transfer comes through unexpectedly for dad with the necessity of moving to another city immediately, it can be a nerve-shattering experience for everyone.

In Snyder and throughout West Texas for years. With their clean, modern warehouses and large, well-equipped vans, the skilled McAlister movers can pack and inventory all of your household goods and place them in storage promptly and efficiently.

AND when a new residence has been located, it's just a matter of a phone call to start the shipment on the way anywhere in Texas or the nation. McAlister Van Lines storage warehouses provide safe and clean storage for as long as needed. Their warehouses in Snyder, Sweetwater, Colorado City, and San Antonio are all inspected regularly to assure clean, secure facilities at all times. The slogan "Move with McAlister" means safe, prompt service anywhere in the U. S. A.

When it's time for your next transfer, let Bob McAlister or Tom Blalock at McAlister's Snyder Office, 1604 Twenty-fourth Street, help you plan a safe, efficient move. You'll be glad you did.

To receive a free copy of McAlister's interesting, helpful brochure on "The Facts About Moving," stop by the office or call HI 3-6337.

**BASSRIDGE HOMES** are special homes with individuality. Plenty of space inside and out and a beautiful view are basic features of homes like the modern contemporary stone being constructed above just opposite the completed home by the architect of the January Better Homes and Gardens home of the month. Exact photographs of the smaller version built by the architect may be seen in the January issue. Shown studying the plans above are Prentiss Bass and carpenters, Milton and Weldon Brooks and Henry Landrum.

**Bassridge Addition Features Gracious Living Facilities**

A dream of having a suburban home, with the easy living that comes with plenty of space inside and out combined with the peaceful quiet that comes only with country living, has culminated in the creation of one of Snyder's most unique additions.

ample yard space for outdoor fun. Bassridge homes now under construction incorporate all the advantages of the contemporary modern, having a forward look, but each with an individual design for easy living. Easy living with a back saving design that is so easy to maintain, to clean and to keep clean.

strings in different directions." Ceramic baths, tile and stone entranceways, built-in kitchens, den-living rooms, and the carport for rainy day living are all just a few of the regular features always found in Bassridge Addition, overlooking Towle Memorial Park.

When Prentiss Bass first bought an acre of ground on a rise behind Towle Memorial Park, he scarcely dreamed he would gradually drift into a full-scale operation of contracting and developing the gentle slopes into an area of homes created for indoor-outdoor family living.

Floor spaces of roomy 1450 to 2200 square feet are divided into rooms that flow together with the look of even more space, with large glass areas that seem to blend the inside with the outdoors in a perfect complement of nature. All are wonderfully designed for backyard horse life and do-it-yourself patios and landscaping, with large glass areas to see the children from almost any part of the house.

For your dream home, call Prentiss Bass at HI 3-6388, the Bassridge Development Company.

With the construction of his home, he realized the potential of such an area and wanted to preserve the spacious atmosphere for suburban living with all the comforts of the city combined with the blessedness of the peace and quiet of the country.

All Bassridge homes have at least 3 bedrooms and 2 baths. "Families need two bathrooms," Bass explains when talking about his homes, "and this is a family area with no through traffic or traffic sounds where a family can go back to being a family instead of puppets jumping on tight

What's My Line?" was stricken while covering the inauguration of President Kennedy Friday. The hospital would not reveal the nature of her illness, but a hospital spokesman said it was "not serious."

**'Are Vs. Is' Battle Still Unsettled**

CHICAGO (AP) — "The grammar of the passenger department is deplorably weak," asserted Vice President C. E. Spens of the Burlington Railroad, surveying a sentence for a 1926 institutional advertisement.

It began: "For within this tremendous area is produced: two thirds the oats, more than half the corn, more than half the barley, half the wheat."

"Are produced" is the correct form," declared Spens.

Not so, said P. S. Eustis, passenger traffic manager who had submitted the layout. He quickly produced a University of Chicago opinion—for "is."

Probably got that from the football coach, retorted Spens, and issued an SOS. "Are" is correct, opined Northwestern University.

It is, said Harvard. "Are" it is, said the Literary Digest.

And so, in 1926, the grammatical battle was joined—to the delight of headline writers everywhere: "Are vs. is" splits five colleges, dictionary and railroad heads," headlined one newspaper.

"Is it 'Are' Or Are It 'Is'?" asked another. And even: "Am he want or would he come? How can it was?"

In all, 22 schools and magazines were queried. The result: 12 votes for "are," 6 for "is" for either and 3 abstentions.

Spens and Eustis and the Literary Digest are dead but the controversy still is not settled.

The Chicago, Burlington & Quincy Railroad recently came across a booklet chronicling the word puzzle and decided to resurvey. The results, released today: 14 for "are," 1 for "is" and 1 for "either." Six didn't answer.

The University of Chicago, Pennsylvania, Princeton, Harvard and Temple switched their "is" votes to "are." None reversed from "are" to "is," but Boston University maintained its earlier "is" vote, declaring, "technically speaking, any grammarian would say 'is' is the correct vote."

Spens and Eustis, the original combatants, settled their argument with a flip of the coin. It turned up "is."

But Holy Cross in Worcester, Mass., which in the resurvey amended its original "are" to "either," suggested another solution: rewrite the sentence.

**Reds Confirm Jailing Of Mrs. Ivinskaya**

LONDON (AP)—Soviet authorities have finally confirmed persistent reports that they have jailed Olga Ivinskaya, close friend and collaborator of the late Boris Pasternak.

Moscow radio said this weekend that Mrs. Ivinskaya and her daughter, Irina, 23, had been convicted of taking 800,000 rubles—\$200,000—in royalties from Pasternak's disputed novel "Dr. Zhivago." The book was banned in the Soviet Union, apparently because of its anti-Marxist overtones. It was a best seller abroad.

The Moscow broadcast did not mention the prison terms, but it had been reported in the West that Mrs. Ivinskaya got eight years and her daughter three.

The radio charged that Mrs. Ivinskaya had carried out a plot to prevent Pasternak from ever seeing money brought by Western messengers. The broadcast said Mrs. Ivinskaya persuaded Pasternak not to accept the royalty money because it came from an "anti-patriotic" novel, but that she then pocketed it herself.

The London Times said the trial seems designed to discredit any other manuscripts which may have survived Pasternak or found their way abroad. Mrs. Ivinskaya was reportedly arrested last August, three months after Pasternak died. She is believed to have been the model for Lara, the heroine of "Dr. Zhivago."

**Homemade Bomb Explodes On Lawn**

PANAMA (AP)—A homemade bomb exploded on the U.S. Embassy lawn Sunday but caused no damage. Police arrested four youths and said they possessed eight bombs.

Three other bombs have exploded in Panama City since Jan. 14. All were directed at the cars or homes of persons who publicly opposed communism or Cuban Prime Minister Fidel Castro.

**Former President Of Church Is Dead**

GLENDALE, Calif. (AP)—William Henry Branson, former world president of the Seventh-Day Adventist Church, is dead at 73.

Branson, head of the church from 1950 to 1954, died in a Glendale hospital Saturday. He had been ill since suffering a stroke last November.

Branson, born near Fairfield, Ill., began his evangelistic career in 1908. He spent 10 years as a missionary in Africa and later went to China. Branson retired in 1954 and had lived in Arlington, Calif., since 1959.

**Housewife Paints Flags For President**

SELLERSVILLE, Pa. (AP) — Ever wonder who paints those presidential flags the chief executive displays wherever he goes?

Well, one of the painters making them for John F. Kennedy is Mrs. Ivan Jurin, a housewife and mother of four children who lives near this eastern Pennsylvania community not far from Philadelphia.

Her shop is housed in a plain back room of her home. Sometimes she works 12 hours a day on the flags.

Mrs. Jurin, a former student at the Philadelphia Museum College of Art, has delivered four flags to date. She expects to deliver four more today. Her contract with the government calls for delivery of 12 in all, by Feb. 23.

How did she get the job?

She submitted a successful bid for a contract offered by the Philadelphia Quartermaster Depot.

"I was surprised when I got the contract for 12 flags," she said. "I knew there were other artists bidding for the job. I don't think I'm the only artist painting them. I think they are probably making more than my 12."

The blue flags are 12 by 6 feet. They were delivered to Mrs. Jurin with an eagle in the center and a circle of stars, both in white percale, already sewn on.

She must complete the decorations—an olive branch, sheaf of arrows, shield, eagle's plumage and lettering in color.

She said it took her 11 days to

**Cold Stalls Observance**

BALTIMORE (AP)—The participants barely outnumbered the statues at a Civil War centennial observance Sunday.

A frozen contingent of eight, dressed in Confederate and Union uniforms, showed up in biting winds and 18-degree temperatures.

The double equestrian statue of Confederate Gen. Robert E. Lee and Thomas Jonathan (Stonewall) Jackson.

As the uniformed men stamped their feet in the snow to keep warm, the brief ceremony proceeded before three television and newspaper photographers and two women with movie cameras.

Next the group marched to the Soldiers and Sailors Monument and repeated the commemoration to honor the Union soldiers.

"I had a wonderful plan, but it went awry," said Edward Turner, chairman of Baltimore's Civil War Centennial Committee.

**Inquiry Into Crash Slated**

NEW YORK (AP)—Crash investigators have asked witnesses to aid an inquiry into the wreck here last week of a Mexican jetliner.

The plane, a DC8 Aeromex de Mexico jet, crashed on takeoff at Idlewild Airport during a snowstorm Thursday night. Four persons died in the accident—but 102 survived.

The only flight officer to survive was Capt. William P. Poe, 32, of Miami, Fla., a check pilot. He suffered critical injuries, but was reported out of danger after surgery Saturday.

Civil Aeronautics Board investigators said it would be at least three days before they could talk to Poe to learn the possible crash cause.

"I use an old-fashioned dining room table to lay out the flags, a supply of weather resistant textile paints and a little table to store my paints on," she explained.
