THURSDAY

THE SNYDER DAILY NEWS

VOL. 18, NO. 68 SNYDER, TEXAS (79549) THURSDAY, JULY 20, 1967 EIGHT PAGES—PRICE 5c

GRAND ENTRY WAS CLIMAX — The Grand Entry for the 31st Annual Scurry County Rodeo happened to be the climax last night. The rains came and forced the rodeo to stop midway through the first event. Even the Grand Entry with all the color that marks the event, waded through a muddy field which had already absorbed showers Wednesday morning. The Rodeo will try again tonight at 8 p.m.

WINNING FLOAT — The Lucky 13 Club won first place in the 31st Annual Scurry County Rodeo Parade in the float contest. Ladies' Fire Auxiliary placed second and the 4-H Club was the third place choice. The floats were the highlight of the annual affair and hundreds of people lined the parade route.

54 Per Cent Crude Flow For August!

By JACK KEEVER

AUSTIN (AP) — The Railroad Commission raised the August statewide oil allowable today to 54 per cent of potential, which will permit maximum production of 4,186,004 barrels a day, an all-time record.

The previous record, according to commission records, was 3,841,428 barrels a day, set last Saturday and reflecting the big buildup in the wake of the Middle East War.

Thirteen of 14 major Texas crude oil purchasers at the commission's allowable hearing indicated they want to buy more oil in August than this month.

Written nominations by the oil companies for crude oil in August totaled 3,023,500 barrels a day, 209,707 barrels a day more than the written nominations submitted before last month's hearing on the July oil production allowable.

The Bureau of Mines forecast the August demand for Texas crude at 3,500,000 barrels daily, an increase of 190,000 barrels a day over the July 1967 estimate.

The war between the Arab states and Israel, which cut off the Middle East oil supply to this country, started the series of rapid increases in Texas' statewide allowable, which was as low as 33.8 per cent June 15. A mid-month switch pushed the production figure to 35.9 per cent for the last two weeks of June, and the original July market demand factor was set at 42.9 per cent.

Another mid-month hike, on July 12, pushed the allowable to 48 per cent until the end of this month.

Major purchasers nominations, by percentage and barrels per day, for August:

50—Standard of Texas 57,600.
48—Atlantic Richfield 96,000.
43—Pure 58,025.
42—Sun 141,538.

The other major purchasers nominated by barrels only, inclusing a high request by Humble for 655,000 barrels a day. Humble said actually amended nominations in July had already pushed its total request to that amount, so it was not seeking more oil for August.

Cities Service requested 81,000 barrels per day, Continental 44,450 Gulf 230,800, Mobil 316,500, Pan American 305,000, Phillips 122,000, Shell 186,800, Sinclair 117,500 and Texaco 250,000.

Elmer Patman said for Superior Oil Co. that the increased allowables were "an exercise in futility—paper allowables — of fields that can't deliver more oil. They physically can't do it. They are old and worn out."

He said many districts' underproduction was in excess of 30 per cent.

"Make no mistake, this nation is a have-not nation without the ability to produce domestic requirements within its four corners," he said.

Glen Michel of Abilene, representing the West Central Texas Oil and Gas Association and Panhandle Producers and Royalty Owners Association said those organizations would like the commission to raise the market demand factor to 100 per cent.

"In the process," Michel said, we would "find out what the productive capacity in the State of Texas is from our allowable wells. This is the fair way, and furthermore this procedure would give incentive to the operators of this state to look for new reserves, which we obviously need."

George Graham, representing the North Texas Oil and Gas Association, said the oil industry had not yet recovered from the glutted oil market following the Suez crisis in 1956, and he urged "caution in dealing with this situation."

He said, "it seems unthinkable" but foreign companies might be allowed late in the year to make up imports to the United States which were disrupted by the Middle East War."

A great deal of the testimony centered around underproduction, or how much less oil actually would be produced than is permitted under the maximum allowable. Shell said in the 38-42.9 per cent allowable bracket it would receive seven barrels for every 10 barrels allowed, an underproduction of 30 per cent. However, in the 42-48 per cent bracket, only three to four barrels were being received for every 10 barrels allowed, an underproduction of 60-70 per cent.

Wet Spell Continues

Wet weather kept its grip on the Snyder area today after one rodeo performance had been washed out and Little League baseball officials were looking for a dry spot to play tonight's all-star game in the event the Towle Park diamond is too wet.

Light to moderate showers continued this morning over much of the area. Borden County, the center of the heaviest rains, had some points with a two-day total of more than 4 inches.

Snyder had an official .97 for the spell up to 7 a.m. today, and another shower fell after the morning measurement. Some areas of town had an inch and a quarter or more.

Lake J. B. Thomas had gained a little over six inches in elevation up to 10 a.m. today. The Colorado River was flowing a small stream into the lake and some was coming in from the Bull Creek channel. However, no major rise had developed.

The lake's elevation at 7 a.m. Wednesday before the runoff began was 2245.33. At 10 a.m. today the elevation stood at 2245.93 or about 12 feet below spillway level.

Flash floods hit the upper reaches of the Frio River today on the heels of cloudbursts which dumped an much as 8 inches of rain in the Southwest Texas Hill Country.

Heaviest fall was reported by the Weather Bureau at Leakey, 75 miles west of San Antonio. However, there were no reports to match the 11 inches - plus which fell yesterday in Throckmorton County.

The Weather Bureau said all low-water crossings on the Frío River were closed. Stockmen and travelers were advised to be alert for flood crests.

First Rodeo Performance Washed Out

A ray of sunshine looked promising this morning as the Scurry County Rodeo Association prepared to try again to get their 31st annual show into the arena.

The rains came last night just as the opening performance was getting underway. Indications were that a Sunday afternoon performance would be held to make up for the rained-out performance. That would put the show one day behind the original schedule — provided, of course that all other performances go off as planned.

Tonight's show, weather permitting, will begin at 8 o'clock.

In the parade Wednesday afternoon, the Lucky 13 Club's float took first place, while the Fire Department Auxiliary's entry was second and the 4-H Club entry was third.

The Howard County Mounted Patrol was named top riding group, while Garza County Sheriff's Posse was second and Fisher County third.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 80 degrees low, 66 degrees reading at 7 a.m. today, 68 degrees, precipitation, .22.

North Central and Northeast Texas: Partly cloudy through Friday. A little warmer in afternoons. Low tonight 71 to 76. High Friday 86 to 92.

Northwest Texas: Partly cloudy in north, cloudiness in south tonight. Scattered thundershowers in west and south this evening and in west and north Friday afternoon. A little warmer in afternoons. Low tonight 63 to 72. High Friday 88 to 94.

Coast: Mostly southeast winds 8 to 18 knots tonight and Friday, gusty winds in afternoons.

South Central Texas: Cloudy tonight and Friday with scattered showers. Low tonight 70 to 80. High Friday 84 to 98.

South Central Texas: Cloudy tonight and Friday with scattered showers. Low tonight 70 to 80. High Friday 84 to 98.

Southeast Texas: Cloudy tonight and Friday with scattered showers. Low tonight 62 to 76. High Friday 84 innorth.

Southwest Texas: Cloudy tonight and Friday with scattered showers. Low tonight 62 to 76. High Friday 4 in north to 100 in south.

West of Pecos: Cloudy tonight and Friday with scattered showers. Low tonight 60s. High Friday 82 to 98.

Water Course Is Completed Here

Sixteen persons completed a 20-hour course in "Surface Water Production" Wednesday night at City Hall. Instructor in the two-week course was Leon Holbert of the Texas A&M University Extension Service. Students included several employes of the City of Snyder and employes of surrounding towns.

Designed for water treatment plant operators, the course covered watershed sanitation, protection of water reservoirs, water treatment (including coagulation, sedimentation, filtration, softening and taste and odor control), water plant operating procedures, routine tests for plant control and plant records and reports.

Schools for water and sewage works personnel are held in any area of the state when requested by cities, water departments or district water works association. Advanced technical courses are held periodically on the Texas A&M University campus.

Students participating in the course completed Wednesday already had studied courses in basic water works operation and advanced water works operation.

Subjects previously studied included uses of water and amounts needed, quality requirements for safe water, chlorine and its use in water works operation, sanitary protection of well water, protection and treatment of surface water, storage and water pumping, sanitary protection of distribution systems, value and interpretation of routine tests, bacteriological quality of water, chemical characteristics of water, methods of water disinfection, well hydraulics, maintenance and operation, water treatment processes, design and operating features of water pumps and storage, design features and operation of water distribution systems and routine tests of water.

In addition, several of the students have studied more advanced subjects, such as geological and sanitary considerations in well location and operation and maintenance of storage and booster stations.

Holbert, the instructor, formerly was an employe of the City of Wichita Falls and the City of Garland. He has over 30 years experience in all phases of water treatment and water plant operation.

"I'm impressed with the progress made over the years," he said. "Thirty years ago some 500 persons in Texas contacted typhoid fever from drinking unsanitary water. Last year, there were no reported cases of this disease as a result of impure water supplies."

The instructor pointed out that providing safe drinking water is essentially a health project. He said that an air force officer who has traveled extensively in foreign lands told him recently that the United States is the only country in the world "where you can be sure that tap water is safe to drink."

Minneapolis Has Riots

BY THE ASSOCIATED PRESS

Violence broke out on the predominantly Negro North Side of Minneapolis, Minn., early today. Several persons were injured and some arrests were made.

Firemen battling several fires were pelted with bricks and rocks as state police, some armed with automatic rifles, moved in to stop the violence. Authorities said apparently some of the fires were set.

Meanwhile, racial situations in Erie, Pa., and Cairo, Ill., were quiet today under the terms of truces agreed to by leaders of Negroes seeking better economic and social standards.

Mayor Louis J. Tullio of Erie, third largest city in Pennsylvania, promised more jobs and recreational facilities in gaining the truce.

There was one shooting Wednesday night in Erie, But it could not be determined immediataly whether there was any racial connection.

Henry Williams, 23, a Negro; was shot following an argument at a restaurant, police said. He died in a hospital early today.

A temporary truce was being observed in Cairo Ill., by young Negroes who live in a housing project where snipers' activities and firebombing have broken out twice recently.

Demands for economic and social reform were being prepared for Mayor Lee Stenzel and city commissioners by representatives of the young Negroes.

In Durham, N.C., Wednesday night, a rock-throwing, window-breaking melee climaxed a march by some 150 Negroes and a few whites. The marchers met at a church in a Negro section to organize a committee to speak for the neighborhod in requesting improvements by the city.

Just what touched off the disturbance was not learned.

In other trouble spots, state police and National Guardsmen searched house by house for weapons in a Plainfield, N.J., Negro neighborhood; seven victims of bloody riots in Newark, N.J., were buried on the eve of a national black power conference; and Negro leaders told California Gov. Ronald Reagan that finding jobs for idle Negroes is the key to holding down racial tension.

In Washington, the House passed a bill aimed at roving agitators who touch off street violence, making it a crime to cross a state line with the intent of starting a riot.

'In' Traffic Picks Up

The "In" 'traffic had picked up again today.

Eight more firms had reported personnel contributing 100 per cent to the "I'm In For A. M." industrial campaign.

The informal campaign is to raise funds for the local industrial commitee to purchase industrial sites. No soliciatation is made, but contributions may be made at both banks or at the office of Karl Mawhorter, director of community development, at city hall.

The latest 100 per centers are Sullivan - Stanfield Insurance Agency; Sentell Insurance Agency; Adams Bakery; Bea Owens; Ira Post Office; Frontier Stamp Store; Ezell - Key Feed and Seed; Von Roeder Seed Farm.

Seeks Proof OEO Group In On Riots

RALEIGH, N.C. (AP) — Rep. Jim Gardner is seeking proof that Office of Economic Opportunity workers were in the ranks of riot agitators at the recent Newark, N.J., disoders.

Gardner, R-N.C., left Washington Wednesday and went to New York to meet with two city officials from Newark today in an effort to gather information.

Reliable sources in Raleigh said Gardner would discuss with the officials the riots that plagued New Jersey, and that he believed he would receive documented information linking OEO workers with the Newark riots.

Gardner said Tuesday he believed OEO workers were among agitators. An OEO spokesman denied the charges.

Gardner also asked the OEO to suspend all appropriations to Durham's operation breakthrough "until the irresponsible element has been eliminated from these groups."

Gardner's latest attack came after about 150 Negroes appeared at a Durham City Council meeting Monday night, threatening to turn the North Carolina city "into another Watts, Newark or Vietnam" unless public housing grievances were answered.

Gardner said he was drafting a resolution requesting the U.S. House "to create a select committee to investigate the involvement of antipoverty workers in inflammatory political activities."

Say Mao Suspects Plot In Hong Kong

HONG KONG (AP) — The Hong Kong Star said today that Mao Tse-tung's clique is "becoming more and more suspicious that Red trouble-making in Hong Kong is a Liu Shao-chi plot."

The English-language tabloid, quoting its "own sources inside China," said Premier Chou En-lai had called for a new report on the activities of Hong Kong Communists.

The colony had its quietest day in some time Wednesday.

ATTEND SCHOOL — These men completed an advanced course for water utility operators. The 2-week course was taught at City Hall by the Extension Service of Texas A&M University. Students are, from left to right, Front Row, Billy Mayfield, Sweetwater; John D. Kiker, Roby; Martin Pena, Jr., Snyder; Eugene Miles, Snyder; Bennie Snapps, Snyder; Mike Sadler, Colorado City; John Morris, Robert Lee; and George Crabb, Colorado City; and, Back Row, Charles C. Eldridge, Abilene; C. T. Shuler, Snyder; W. A. Cooper, Snyder; Leon Holbert (instructor); Dale Hoyle, Snyder, George Lee, Snyder; and, Jake James, Snyder.

DEAR ABBY: When I got home from work last evening my wife said to me, "Buddy (our 16-year-old son) sassed me back so I am giving him the silent treatment, and I want you to do the same."

Abby, I told her that I was not going to go along with that kind of stuff, that if the boy sassed her back, that was HER problem. He never sasses ME back.

The wife got mad and now she is giving ME the silent treatment, too. Was I wrong, or was she?

A HUSBAND

DEAR HUSBAND: She was wrong for demanding that you punish the boy per her prescription. And you, for letting her down. Altho Buddy wasn't guilty of sassing YOU, his rudeness to his mother calls for some punishement, and since his mother appears unable to discipline him, it becomes YOUR responsibility.

A few well - chosen "hot" words from you could have accomplished more than the cold, silent treatment. Unless you are looking for a father - son team versus mother, you had better develop better communications with your wife.

• • •

DEAR ABBY: I am 22 and have been married to a wonderful guy for only two months, and already I have problems. His mother. My father-in-law travels, so when he is out of town my nervy mother-in-law invites herself to sleep at our apartment, claiming she is afraid to stay home alone.

She sleeps on our sofa, which doesn't give us much privacy as we have only a pull-down bed in the same rom.

She has other married children she could stay with who have been married longer than we have.

Last week she spent four nights here. My husband doesn't like it any more than I do because he complained to me about it. He is her only son, and the youngest, and it looks like she doesn't want to lose him. What can we do?

NO PRIVACY

DEAR NO: Your husband is complaining to the wrong woman, and so are you. You should ask HIM to tell his mother. If she is as nervy as you say she is, maybe all the married children should pitch in and hire a Mother-sitter for those nights when her husband is out of town.

• • •

DEAR ABBY: What do you think of a person who calls you up just to "chat" at midnight? She has got me out of bed several times. Also she knows I work and like to sleep late on Sundays, but she has awakened me at 7:30 Sunday morning. If I don't answer, she keeps calling until I do.

My husband insists that I tell her off, but I just can't get up the nerve. She is alone and I suppose she is lonesome.

I have tried not answering the phone when she calls late at night, but she keeps calling thinking we were out. I understand she does this to all her friends and relatives. How can I stop this in a nice way?

PHONE CALL NERVES

DEAR NERVES: Tell your friend (this is a "friend?") which hours she may telephone you, and if she doesn't respect your wishes, TELL HER OFF And if you don't, I wouldn't blame your husband for telling YOU off. You owe him more than you owe this woman.

• • •

DEAR ABBY: My mother is always on my back about something. It's "Hang up your clothes, sit up straight, talk slower, turn down the TV." What's a poor defenseless teenager supposed to do anyway?

CHEWED OUT

DEAR CHEWED: Hang up your clothes, sit up straight, talk slower, and turn down the TV.

Says Reagan Timing Bad

SACRAMENTO, Calif. (AP) — The Negro senator who represents the Los Angeles Watts area criticized Gov. Ronald Reagan today for "very, very poor timing" of his Wednesday meeting with Negro leaders in an effort to ease racial tension.

Sen. Mervyn Dymally said Reagan chose the same day as the funeral in Los Angeles of Judge Loren Miller, 64, described by Dymally as a pioneer in the civil rights field.

Dymally also said he was angry that elected Negro officials weren't asked to sit in on the meeting, described by the Republican governor as one in a series to eliminate the basic causes of racial uneasiness before they can burst into rioting.

Reagan met for nearly two hours in his office with 18 Negroes, mostly lawyers and businessmen from throughout the state. He said he conferred earlier with NAACP and Urban League officials.

Make a standard recipe for cream puffs, but drop by teaspoonfuls for hors d'ouevre puffs. Fill with crabmeat, shrimp, avocado or a mixture of cream cheese, sour cream, grated onion and black or red caviar.

3 Autos In Mishap Here

Rain and heavy traffic contributed to a three - car smashup on the Rodeo Ground Road 500 feet outside the west City limits at 8:15 p.m. Wednesday.

Involved were the 1961 Oldsmobile of David Harrell Fraley, 111 Browning; the 1966 Model Chrysler of Dorthlyn T. Caylor, 2705 Thirty - fourth Street; and, the 1957 Model Chevrolet of William D. Buchanan, 1811 Nineteenth Street.

The accident was investigated by Sheriff's Authorities. They said Fraley stopped his car behind a line of traffic and the car driven by Dorthlyn Caylor skidded into his vehicle. Her car was struck by the other car in a chain-reaction.

Damage to the Chrysler and the Chevrolet was estimated at $300 to each vehicle. Damage to the Oldsmobile was set at $40.

There were no injuries.

Tainted Pans Taken

BOSTON (AP) — A thief who took 60 to 90 copper pans from the State Department of Public Health laboratories may have worse than a bad bargain. State police said the pans had been used in inoculating mice with various diseases such as polio, typhoid and lockjaw and had not been disinfected.

Car Hits Sign

Minor damage resulted when the 1965 Model Plymouth of Jerry A. Evans, 2509 Twenty-ninth Street, was in collision with a stop sign in the 1400 block of Twenty - fifth Street at 1:33 a. m. Thursday. Damage to his car was placed at $70.

The accident was investigated by Police Patrolman Jim McKenzie.

Trio Shows New Fashions

By LEONORA DODSWORTH
AP Fashion Writer

ROME (AP)—The Fontana Sisters, Italy's famous fashion trio, have surprised Rome fashion presentations with a show full of vim and vigor.

These shrewd stylists would be the first to admit that a sporty young look has not been their image. But suddenly that has been changed with the collaboration of a talented young man who calls himself "Yorn."

Country casuals in tawny tweeds teamed pedal pusher pants with dashing jackets and chunky turtle-collar sweaters. The models showed them at a spanking pace which pepped up the clothes even more.

Cute little "Alice in Wonderland" boots in white patent leather were laced up to the ankle. Stockings were in white rib, with turnover cuffs.

Capes in cream-smooth gabardine swung over calf-length skirts clasped round the waist with wide leather belts. Gold ball-bearing buttons studded patch pockets, cuff tabs and martingale belts.

Funnel-necked dresses were belted well south of the waist with big, shiny oval buckles in the same shade as the dress.

Shepherds' smocks attached to brief pleated skirts gave blousing a boost. The smocks were shirred in honeycomb stitch around the neck and at the dropped waist line.

Roast Ham Or Lamb For Spring Time

Roast leg of lamb and juicy ham are springtime favorites with most families. When these succulent cuts of meat are fixed in a roaster with a tray lined with Teflon, food preparation is simplified. The inner - tray facilitates removal of your roast. It also helps you to make delicious gravy as all the "drippings" are easily removed from the non-stick pan.

Roasters are available in all sizes from one that nicely accommodates a 6 pound duck to a roaster that will hold a 25 poung turkey. The roasters are available at leading hardware and department stores.

When planning your special spring dinner, consider this delicious recipe for green beans. The casserole, that can be made hours in advance, is a grand accompaniment for lamb, ham or roast beef.

Green Beans In Springtime Finery (serves 6-8)

2 packages frozen French - cut green beans, thawed and drained
1 1-pound can beans sprouts, rinsed and drained
1 6-ounce can mushrooms drained
1 5-ounce can water chestnuts, sliced
2 cans condensed cream of mushroom soup

Mix all ingredients and place in buttered 3-quart casserole. Bake at 350 degrees for 45 minutes or until bubbly throughout.

Rangetop Main Dish For Summer

By CECILY BROWNSTONE
Associated Press Food Editor

WARM - WEATHER COOKS who are on the lookout for main dishes that may be cooked on top of the range may be interested to try this new combination.

Inspired by Japanese cuisine, it teams tuna with such a good combination of fresh vegetables as carrot, scallion, celery and spinach. Canned bamboo shoots are added, too, and they help to make the dish interesting.

Steamed rice is of course a fine accompaniment for this skillet-style tuna and vegetable combination. And soy sauce should be on the table for those eaters who would like to add this seasoning. We found that adding a touch of soy just suited our tasters.

SKILLET-STYLE TUNA AND VEGETABLES

¼ cup butter or margarine
1 cup thinly sliced carrots (cut in 2 inch lengths)
1 cup diagonally sliced scallions
1 cup diagonally sliced celery
2 cans (each 7 ounces) solid white meat tuna, drained and broken into chunks
1 can (5 ounces) sliced bamboo shoots, drained
¼ teaspoon salt
¼ teaspoon monosodium glutamate
½ cup dry sherry
1 vegetable bouillon cube dissolved in ½ cup hot water
¼ pound spinach, knife-shredded coarsely
Hot cooked rice
Soy sauce

In a large skillet over moderately low heat, melt the butter; add carrots, scallions and celery; cook until crisp-tender. Add tuna, bamboo shoots, seasonings, sherry and bouillon; simmer, uncovered, for about 3 minutes; add spinach and simmer, covered, for about 2 minutes. Serve with hot rice and soy sauce. Makes 4 servings.

a Meal Of Chicken Salad

For a pleasant change of pace, glamorize some of your summer meals. Instead of relying on the standard menus of cold meats and salad, or fruit and cottage cheese, fix something a little different. A good choice is a molded salad you can make early in the day and serve with a minimum of effort.

A molded salad like Creamy Chicken Salad Ring is cool as an ocean breeze and simple to make. Why not fix it for a party or buffet supper? This is like a one-dish meal, containing chicken, Blue cheese and vegetables, all in a creamy gelatin base.

This salad's appealing rosy color comes from the tomato juice which is heated along with chicken bouillion cubes to dissolve the gelatin. Celery, green pepper and toasted almonds each add their special flavor and crunch to the smooth, creamy mixture. That creaminess is the result of using 2 full cups of sour cream, the modern dairy product with the velvety thick texture and tangy fresh flavor. You'll like the way sour cream blends with nippy blue cheese, tart tomato and lemon juices, and delicately flavored chicken to create a special harmony of flavors.

Since the mold is a meal in itself for a luncheon meal, just serve with a garnish of cucumber spears and tomato wedges, crusty rolls and butter.

Creamy Chicken Salad Ring

2 tablespoons (2 envelopes unflavored gelatin
½ cup cold water
1 can (1 pt. 2 fl. oz.) tomato juice
2 chicken bouillon cubes
1-3 cup lemon juice
½ teaspoon onion powder
¼ teaspoon salt
2 cups dairy sour cream
1-3 cup crumbled blue cheese
2½ cups chopped cooked chicken
1 cup finely chopped celery
½ cup toasted slivered almonds
1-3 cup chopped green pepper
Salad greens
Tomato wedges
Cucumber spears

Soften gelatin in water. In a saucepan heat together 1 cup tomato juice, bouillon cubes and softened gelatin; stir until gelatin is dissolved. Add remaining tomato juice, lemon juice, onion powder and salt. Chill until partially set. Meanwhile, in a bowl combine sour cream and blue cheese. Fold sour cream mixture, chicken, celery, almonds and green pepper into gelatin mixture. Turn into a 7-cup salad mold. Chill until firm. Serve on greens garnished with thinly sliced tomato wedges and cucumber spears. Makes 8-10 servings.

You can pamper your weekend guests anytime of the year with crisp tender homemade waffles if they're served with lots of melted buter and hot syrup. But for a personal touch this month try topping them with sliced sweetened peaches, fresh ones if possible and a dollop of cinnamon-flavored dairy sour cream. Your guests are sure to remember the occasion.

Next time you prepare rice, cook it the way you always do, but toss it with 6 tablespons of freshly grated Parmesan cheese.

Silver Certificate Dollar Bill's Value Suddenly Soars

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — While the value of most world currencies continues to erode slowly, the worth of one U.S. denomination, the silver- certificate dollar bill, has suddenly soared.

This dollar bill guarantees the holder the right to obtain silver at a fixed price. And the demand for the metal, and its rising price, may make 1967 the year of the great silver rush.

Speculators and currency dealers recently were offering $1.10 and $1.12 for $1 certificates. But this is just a wholesale price. They intend to make even bigger profits later. This is their bonanza.

The explanation is that silver certificates guarantee the holder the right to exchange his bill for silver priced at $1.29 an ounce, although silver prices in the open market have risen to $1.78 or more.

This price spurt resulted from a two-step government decision to discontinue sales of silver at $1.29. Freed of restrictions, the market price is now determined by supply and demand. And since demand far exceeds supply, prices are rising.

This silver shortage results partly because of increasing demands from industry. Electronic computer circuits, for example, are made largely of silver. And the light sensitivity of photographic film is derived from the metal.

Despite this rising demand, the price had remained stable because the U.S. Treasury had a hoard of the metal and was willing to sell from this pile at a fixed price.

Why should the government have a stockpile? Primarily to assure itself of the raw materials for coinage.

And why should it try to keep the price depressed? Simply to protect its silver coins from being melted down for other uses. If silver prices rose, it might make melting profitable, despite the illegality.

Now the Treasury says so many copper and nickel coins have replaced silver coins that a coin shortage no longer is an immediate danger.

In May it began restricting silver sales at the $1.29 figure to American industrial users only. Previously anyone could buy at that figure.

On July 14 the ban was broadened to exclude almost all sales at $1.29. Instead, the Treasury said it would sell up to two million ounces a week at free-market prices.

This action does not affect holders of silver certificates, who are, in effect, already holders of the metal. By turning their bills in to the Treasury, they are merely exchanging a symbol for what the symbol stands for.

The repercussions of the new policy were immediate.

Speculators accumulated silver certificates and advertised for more.

Major producers of sterling silver tableware and other household objects said their prices would rise immediately. Film manufacturers said much the same thing, as did some manufacturers of jewelry.

Prices of silver mining shares rose sharply because the higher metal prices are expected to mean higher profits later.

How long this boom will continue is disputed. Some in the silver business foresee prices near $3 an ounce. But prices that high undoubtedly will lead to substitutes.

Junior Editors Quiz on AMPHIBIAN CARS

QUESTION: *How are amphibian cars able to cross water?*

* * *

ANSWER: During World War II, the United States found it necessary to land supplies and soldiers on many islands and beaches. A brilliant invention made this possible. It was a 2½-ton truck, able to carry a big load, with large wheels to enable it to travel on land. However, having boat-shaped bodies, which had been built to be watertight, these trucks could cross water as well as land, for they contained rudders and propellors under the stern. The driver could connect the engine to wheels or propellor according to need. Pressure in the tires was also under the driver's control, so he could deflate them when traveling on soft sand. Called the duck because ducks both walk and swim, these military vehicles were so successful that they had a big part in bringing about an Allied victory. After World War II, the U.S. produced many amphibious landing vehicles patterned after the duck, such as the barc, which is so large it can carry entire tanks, or up to 100 tons of military equipment.

Ann Carson of Garden City, Ga., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Parents Of Today Are Sorry Lot

By HAL BOYLE

NEW YORK (AP) — Remarks by and about their offspring that modern parents get tired of hearing:

"Nobody is going to tell me what to do."

"Ellen's parents gave her a phone of her own for her birthday. Why can't I have one, too? After all, I'm 13."

"If I get one more pimple, I'll kill myself. No boy wants to take a girl to the school dance when her face looks like she has broken out with the plague."

"Shall I show daddy my report card now, mama, or wait until after he has had a couple of martinis?"

"What did you do at the office today, pops? At school we cut up a frog—or shouldn't I talk about that at the dinner table?"

"Don't even bother to take off your coat, dear. We're going out to dinner. I don't care where, just so it is out. The kids have given me so much trouble today that if I don't get out of here, I'll lose my mind."

"One minute you tell me to act grown-up, and the next minute you treat me like I was still a child."

"Jack's dad bought him a motorcycle for his birthday. Why can't I have one?"

"I don't see why it's so important whether I got good grades in school or not. Everybody thought Winston Churchill was a dumb bunny when he was my age, but look where he got."

"If it's all the same to you, do you mind if I just don't go to college?"

"Why did you put my dirty sneakers in the washing machine, mom? You've ruined them forever. Don't you know they're not supposed to be clean?"

"I used to want to marry a rich man, daddy, but now I've decided I'd rather marry a beatnik and live in a pad in Greenwich Village. It sounds like more fun."

"Just because I'm your daughter, mother, do you feel obliged to treat me like I was a prisoner?"

"I'll have to hang up now, Bruce. Daddy says he wants to use the phone, and you know how selfish parents are—always thinking about themselves. So why don't you call me back in five minutes?"

"We'll have to stay home, Jim. I called that teen-age baby sitter we had last week, and she said she'd rather be sold into white slavery then sit with our kids again."

"Gee, dad, you and mom keep telling us you remember what it's like to be young, but you don't really remember at all, do you—honest?"

New Building Set

KINGSVILLE, Tex. (AP) — The board of Presbyterian Pan American Schol has announced the gift of a new building from Mr. and Mrs. Martin G. Miller of Houston. The building at the heart of the boys' dormitory area, will provide a living rom recreation area, central laundry and residence for the dean of boys. Cost will be $60,000.

10 Air Medals In One Presentation

ODESSA, Tex. (AP) — Ten Air Medals at one presentation ceremony have honored Air Force S. SGT. Curtis F. Yancy, son of Mr. and Mrs. Frank Yancy.

The sergeant now owns 15 Air Medals. The last 10 were presented to him at Suffolk County AFB, N. Y., where he reported for duty after a Vietnam assignment. Yancy flew helicopter rescue missions to aid downed pilots and injured ground-force personnel.

Russians Ogle Miniskirts

By MONICA BRADSHER

MOSCOW (AP) — It's the greatest East-West confrontation since Glassboro: miniskirts vs. Muscovites.

And the Russians are taking the hard line. One old woman in Gorky Park took a switch to an American girl and lashed the backs of her bare knees.

Around the Intourist hotels, the foreign currency shops and the International Film Festival, Russians ogle the most scantily, most gaudily clad girls ever seen off the stage of the Bolshoi Ballet.

They're foreigners, mainly British, American, Scandinavian and German tourists.

All winter Moscow heard rumors of just how mini the miniskirt had become in the fabled, distant West. A few brave Russians raised hems a scandalous inch above the knee.

But by spring the average dress still amply covered the usually ample Russian kneecap.

Now they're seeing the real thing—6 to 10 inches above the knee. And the psychedelic colors seem as surprising as the brevity in the drab Moscow setting.

One girl at a film festival party wore a crocheted, see-through "dress" of bathing-suit proportions over a bodystocking. Even the movie stars, not to mention people from the comparatively sophisticated Soviet cultural scene, were shocked.

Less sophisticated, less worldly Muscovites are not taking this invasion calmly.

The babushka—the word means grandmother but applies to any little old Russian woman—in Gorky Park was not alone.

An Australian girl and another babushka were seen in a tug-of-war all the way across broad, busy street. The old woman was trying to pull the girl's hem down to her knees and the girl was frantically trying to escape.

Will the secretive Russians, who rejected Western "open skies" and disarmament inspection plans, yield to inspection of the upper legs?

Some of the younger tourists from such Communist countries as Poland and Czechoslovakia are wearing minis. Russian girls are envious—and experimenting.

Marshall Is Challenged By Lobbyists

WASHINGTON (AP) — The militantly conservative Liberty Lobby charged in a congressional hearing that Supreme Court nominee Thurgood Marshall associated with two "groups of questionable loyalty."

"We're not challenging his loyalty but his lack of judgment," general counsel Michael D. Jaffe of the conservative organization said of Marshall, the U.S. solicitor general who is bidding to become the first Negro Supreme Court justice.

Jaffe told the Senate Judiciary Committee, probing Marshall's qualifications in a fourth day of hearings Wednesday, that the nominee had belonged to the National Lawyers Guild and International Juridical Association — both labeled subversive in House Committee on Un-American Activities reports.

Marshall, who earlier completed testifying, was not offered an immediate chance to respond.

Committee Chairman James O. Eastland, D-Miss., said the hearings would continue at an unspecified date.

Marshall's confirmation by the Senate — which in past years approved his nominations to the federal judgeship and as solicitor general — is considered certain. President Johnson nominated Marshall to fill the Supreme Court seat vacated by Tom C. Clark's retirement.

UT Rolls Increase

AUSTIN (AP) — The University of Texas had an enrollment of 12,506 for the first summer term, Registrar Byron Shipp reported. The figure compares with 11,645 last year.

Pollution War

ALBANY, N.Y. (AP) — New York Health Commissioner Hollis S. Ingraham has announced that all 1968 and later-model automobiles sold in New York must be equipped with exhaust systems designed to cut air pollution.

Conigliaro Powers Boston Over Orioles

By MIKE RECHT
Associated Press Sports Writer

Tony Conigliaro is back in uniform — a baseball uniform — and has the Boston Red Sox marching steadily toward the front of the line in the American League.

The right - handed slugger, counting cadence with his bat, has been drilling baseballs off walls and over them since returning from two-week Army Reserve summer camp June 3.

The surprising Red Sox took another step Tuesday night as Conigliaro slammed two triples and a double, powering Boston to a 6-4 victory over Baltimore and moving the Sox 1½ games from league-leading Chicago.

The White Sox made it possible by losing to California 5-2, their third straight defeat.

Boston also pulled within a half-game of second-place Minnesota, which fell again to Kansas City, 9-6.

In other American League games, Washington beat Detroit 4-2 and Cleveland halted the New York Yankees 5-2.

In the National League, St. Louis overcame Cincinnati 3-2 in 12 innings, Pittsburgh nipped San Francisco 2-1 in 11 innings, Los Angeles outlasted Philadelphia 3-1 in 11 innings. The Chicago Cubs topped Atlanta 7-2, and the New York Mets swept a doubleheader from Houston 8-4 and 7-2.

The Red Sox have been standing far back in line watching most everybody go by since 1958, the last time they finished in first division. They were picked for the tail and again this year, but stunned everyone by keeping in step with the leaders all the way.

Tuesday night they won their fifth straight game.

After Mike Andrews cracked a three-run homer to get things started in the fifth inning, Conigliaro tripled home the two decisive runs after an earlier double.

He added an insurance run in the eighth with another triple, scoring on a passed ball.

The light - hitting White Sox, needing a bat like Conigliaro's, stumbled this time over Jack Hamilton and Minnie Rojas, who combined to pull the Angels only 2½ games back with their 30th victory in 42 games.

Hamilton hurled into the seventh inning and led 5-2 as Tom Satriano knocked out Joe Horlen, 11-3, with a two - run double in a three - run fourth inning, and Bobby Knoop and Jimmie Hall followed later with solo homers off Bruce Howard. Rojas came on to save his 14th game.

Minnesota missed a third straight chance to gain a tie for first place when the Athletics broke loose for five runs in the eighth inning, highlighted by Ozzie Chavarria's tie - breaking two-run single.

The Twins had gone ahead in the seventh when Cesar Tovar doubled in two runs and Tony Oliva singled in another, and Bob Allison's solo homer in the eighth made it 6-4.

Paul Casanova broke a ninth-inning tie at Detroit when he singled in is second run of the game for Washington's ninth victory in 10 outings. Another run scored on the play on a throwing error.

The loss left Detroit 3½ games back in the evertightening race.

Tony Horton supplied the clincher for Cleveland, tripling home the tie-breaking run in the eighth inning and then scoring when Yankee third baseman Roy White failed to cover the base on the throw from the outfield. Rookie Vern Fuller, just up from Portland, followed with a home run as the Indians ended a five-game losing streak.

SECOND PLACE FINISHERS — The Ira Midget League displays the trophy they won in a four county tournament. Roscoe won the tournament and Ira finished second. In front is Ross Preston with the trophy. Second row, l to r, Myron Calley, Ray Guiterrez, Julian Guiterrez and Gary McCollough. Third row, Larry McCollough, Tom Daves, Jay Clark, Bobby Haddox and Danny Rawlings. Bob Barbee, manager, is shown in back. Tommy Hill is not shown.

South Cage Team Is Favored

SAN ANTONIO (AP) — The South is bound to be heavily favored over the North in the all-star basketball game of the Texas coaching school here Aug. 2.

First, the South has won the last four years. Second, the South has a lineup that could average 6-feet-6½ per man, which represents quite an advantage.

The North will be faced with stopping 6-11 Steve Niles of San Antonio Lee, 6-8 Bob Hall of Houston Bellaire, 6-6 Lynn Howden of Houston Waltrip and 6-4 Gene Phillips of Houston Jones. Niles, Hall and Phillips were all-staters and will be the hub of South coach Jesse Martin's offense.

To offset the South's height advantage, North coach Drue Smith of Lake Worth may well rely on a ball-control style game featuring the outside play of guards Larry Delzell of Dallas Highland Park and Mike Billingsley of Fort Worth Paschal.

The North also has fine ball handlers in McAdoo's Charles Hardin, Wolfe City's Joe Milton and Ronnie Pierce of Post.

The North will be at a decided disadvantage under the baskets with 6-7 Tommy Dingman of Grand Prairie as its tallest operator. Giving Dingman support on the boards are 6-5 Rusty McDearman of Abilene, 6-5 Charles Herring of Avinger, 6-6 Lynn Blair of Carthage and 6-5 Ronnie Grigsby of McCamey.

With the South's tremendous height advantage, Smith likely will use a deliberate offense although boys like Pierce, with a 30.5 average; Hardin, with 28.4; Blair, with 27.3; Herren, with 25.6, and Milton, with 26.4, can pepper the bucket should he decide to turn them loose.

Teacher Dropouts

NASHVILLE, Tenn. (AP) — Dr. L. O. Andrews, coordinator of field services at Ohio State University, says the nation faces a bigger problem with teacher dropouts than a student dropouts. He says: "We do not prepare people to stay in teaching long enough to become truly professional."

Bob Farrington of Richwood, Ohio was the first harness racing driver to guide standardbreds to $400,000 in purse winnings this year.

Coach Danny Litwhiler's Michigan State baseball team had an 8-10 Big Ten record this spring.

UPS & DOWNS LEAGUE
TEAM STANDINGS: Team No. 6, 17-7; Von Roder Seed Farms, 15-9; N. T. Lee Construction, 12-12; Charles & Sue's School of Beauty, 10½-13½; Hall Drug, 10-14; Snyder Lanes 7½-16½.
HIGH TEAM SERIES: Von Roeder, 1809; No. 6, 1779; Hall Drug and Charles & Sue's, 1664.

Soccer Fans Are Few But Enthusiastic

By HAROLD V. RATLIFF
Associated Press Sports Writer

Soccer hasn't exactly taken Texas by storm; in fact it has been able to generate only a gentle breeze. But it actually has done better than most people expected.

Even those who have dropped money on it and anticipate dropping some more think it's going to make a definite place for itself in the American sports scene.

Soccer isn't new to the United States. It has been played for many years but was like shuffleboard or croquet—it was on a strictly amateur basis and was a sport folks could participate in or watch when they didn't have anything else to do.

But this year found two professional soccer leagues being organized, one of which used teams from other countries to get it started. This was the United Soccer Association, of which Dallas and Houston were members.

Ten American cities and two from Canada made up the U. S. League. It used foreign teams since good players had not been developed in the haphazard amateur leagues and on limited college and high school teams.

Dallas for instance brought over the Dundee United team from Scotland. Some of the best players couldn't be obtained, however, and the Dallas team did poorly. It, however, managed to average over 9,000 per game although attendance fell off some in the last few home games when it was obvious the team wasn't going anywhere.

Lamar Hunt, the wealthy Dallas oil man who owned the team, said about 11,000 per game was needed to meet expenses. But he had forecast before the season started that Dallas wouldn't make it the first year or for several years.

Houston did very well because it had the air conditioned Astrodome, which will attract paying crowds for anything. But Dallas had only the aging Cotton Bowl where it's very hot and parking facilities are poor.

The crowds weren't big but there was one encouraging thing: it was about the most enthusiastic crowd, size considered, that sports followers ever saw. Meaning, there is a hard core of fans who like the sport despite its leaning toward defense and little scoring.

Hunt still thinks, probably stronger than ever, that the game is going to catch on and become a paying sport. Since his ventures to date—pro football, bowling and basketball — have done just that, few have nerve enough to forecast that Soccer won't make it, too.

There'll be a better chance next year because the clubs will have their own players. Each has a coach now in Europe recruiting.

Each club will be limited to 16 players but at least three of them must be American or, in the case of the Canadian teams, Canadian citizens. A game matching Houston vs. Dallas instead of Brazil vs. Scotland as was the case this year should be much more attractive although there will be few purely local players on the clubs for some time.

Soccer is a game of great skill. Expert players can awe the fans with their ability to control the ball with their feet and head (hands can not be used) and play 45 minutes at top speed without a rest except when somebody is injured.

However, most fans aren't as interested in skill as the score. They like to see the points racked up. Too many soccer games are 0-0 or 1-1 or 2-1. There can be 30 brilliant drives down the field without even one goal.

There is an offside rule that prohibits scoring unless the man to whom the ball is kicked has two opponents between him and the goal. This seems to be the rule that does most to cut down on scoring. But without it here could be a massing of players in the goal mouth and there would be no scoring at all.

Soccer folks could at least partially solve this situation if they counted the goals like touchdowns in football. A score of 12-6 would indicate offense; 2-1 certainly doesn't. Another thing that could loosen up the scoring would be to make the goal area wider.

But it is somewhat amazing that people who have made football such a great crowd attraction because they could see touchdowns scored in volume by passing and running are attracted to soccer.

This is not to say that soccer ever can attain the prominence of football but there still is reason to believe that it will become a successful sport in the United States. A lot of guys are ready to sink plenty of money in getting it started because they believe that.

SNYDER FLAMES — This local softball team won second place in the recent Roscoe Tournament with a 5-2 mark. Their overall record for the season is 14-10. Team members are, from left to right, Front Row, Beverly Neeper, Helen Rios, Mary Braziel and Starlett Vaughan; and, Back Row, Nathan Small (manager), Rosa Walker, Susan Ivison, Jan Rains, Johnnie Scott, Alma Smallwood and R. J. Nelson (manager).

Cards Overcome Cincinnati, Cubs Trip Atlanta, 7 To 2

By ED SCHUYLER Jr.
Associated Press Sports Writer

Cincinnati's Gary Nolan got the nod, but St. Louis walked off with the ball game.

Asked about Nolan's pitching, St. Louis Manager Red Schoendienst just nodded his head.

There wasn't much he could say about the rookie right-hander's performance Tuesday night — he gave up just four hits and struck out 12 in seven innings as the Reds built up a 2-0 lead.

But then his arm tightened up and he left in the eighth with Dal Maxvill on with a double and none out. St. Louis went on to tie it in the inning and win it 3-2 in the 12th when Gerry Arrigo walked in a run.

Elsewhere in the National League, Chicago stayed one game back of first-place St. Louis by beating Atlanta 7-2, Pittsburgh edged San Francisco 2-1 in 11 innings, Los Angeles shaded Philadelphia 3-1 in 11 and the New York Mets swept Houston 8-4 and 7-2.

In the American League, Cleveland beat New York 5-2, Washington topped Detroit 4-2, Boston downed Baltimore 6-4, Kansas Sity outslugged Minnesota 9-6 and California whipped the Chicago White Sox 5-2.

After Maxvill's double, pinch hitter Alex Johnson greeted reliever Ted Abernathy with a double to drive in a run. Then after two were out Roger Maris singled home Johnson.

Arrigo gave up a leadoff single to Mike Shannon in the 12th and walked Julian Javier. He retired the next two men, but then walked Lou Brock and Bob Tolan to force in the winning run.

Don Pavletich doubled in the Reds' runs in the third.

Cubs' pitcher Joe Niekro drove in three runs with a double and sacrifice fly as the Cubs won their fifth straight.

Pittsburgh's victory, brought about by Gene Alley's bases-loaded single, snapped Mike McCormick's winning streak at eight games.

Jerry May led off the 11th with a triple and then McCormick intentionally walked the next two batters before being relieved by Frank Linzy.

Alley hit Linzy's first pitch off second baseman Tito Fuentes' to give the victory to Dennis Ribant, who went the distance.

Los Angeles got its victory when Philadelphia starter Chris Short walked Jeff Torborg with the bases loaded and reliever Dick Farrell followed with another bases - loaded pass to Ron Fairly.

Ron Swoboda sparked a five-run fifth inning with a two run homer in the Mets' first - game victory. Tommy Davis led the way in the second with a grand slam in the first inning.

Swoboda also homered in the second game, and Davis had a total of five hits for the day.

Pirate Feud Patched Up

By IRA MILLER

PITTSBURGH (AP)—Roberto Clemente says he's willing to forget if Danny Murtaugh is willing to forgive.

The brilliant right-fielder of the Pittsburgh Pirates wants to keep his past feud with Manager Murtaugh just that — in the past.

It has never been much of a secret that there was no great love between them during the 7½ years Murtaugh managed the Pirates through 1964.

And when he was named manager again on Tuesday — and Clemente proceeded to sit out his first three games — speculation ran high that old wounds had been re-opened. But, says Clemente, it isn't so.

He says he's anxious for an injured left knee to heal so he can get back in the line-up. It is, he said, pure coincidence that he was forced out the line-up at the time Murtaugh was hired.

It just so happened that Murtaugh's appointment and Clemente's injury coincided with a national magazine article in which Clemente puts the rap on his boss.

"Nobody had better years under Murtaugh than me," Clemente said in the story. "But he acted like he didn't appreciate me. Instead of being friendly, he needled me."

When Murtaugh arrived on Tuesday, his first official act was to hold a meeting with the players. He followed that with a private meeting with Clemente in the manager's office.

Americans, Nationals Vie Tonight

The American Little League All - Stars and the National Little League All-Stars will battle at 7:30 p.m. in Towle Park in the most important Little League battle of the year. The annual rivalry is great and much is at stake in tonight's contest.

The winner of the six inning affair tonight will represent Snyder in the Little League playoffs which is run on a nation-wide scale. The loser will be eliminated from the playoffs as all games from here on out are played on a single elimination basis.

Tournament officials were still trying to find a field that is dry enough to play on at noon today. The game will probably still be played in Towle Park as was previously announced if it does not receive any more rain this afternoon.

Officials were searching the county for an appropriate place, and were to contact Colorado City for a possibility of playing there. Colorado City is the district host for the playoffs, but Snyder was given permission to play on the home field because the first game involved the local teams. It was announced that the game would be played tonight unless a last minute rain postponed the game.

Colorado City drew a bye in their first game, and will meet the Snyder winner Friday in Colorado City.

Ballinger, Winters and Colorado River are participating in the playoffs simultaneously, and will play the winner of Snyder and Colorado City Saturday in Colorado City.

Ballinger drew a bye in their first game and will meet the winner of Winters and Colorado River Friday for the right to continue. In three days five teams will be eliminated from the playoff chain.

Weather could throw a kink in the playoff schedule as rain has been predicted in the area, and even if the weather breaks, the play could be sloppy at best. The fact remains, however, that a lot rests on the game, and both teams will be out for the glory that only a win can bring.

The American League will be out to uphold the win they took last year at the hands of the National League. The Americans won the game 8-0. They went on to defeat Stonewall - Kent before losing 7-0 to Colorado City in last year's playoffs.

The Yankees, champions of the American League, will have five representatives on the Star team. The White Sox, Indians and Athletics will each have three players on the defending champions.

The National League champion Braves will have seven representatives on their Star team, and leads all teams with the unusual representation. The Cardinals and the Giants will have three each while the Cubs placed only one on the team.

H. G. Bishop will serve as manager for the American League. His coach will be Richard Hardin.

Manager for the National League will be Ira Riggs. Coach is Buck Logan.

The American Little League All-Stars are: Charles Anderson, Indians; Marvin McClanhan, Yankees; Bobby Gusman, Indians; Tommy Welsh, Yankees; Scotty Sullivan, White Sox; Daryl Stokes, Athletics; Charles Cain, Yankees; Gilbert Ramairez, Athletics; Kevin Jones, White Sox, David Jones, Athletics; Donald Phariss, White Sox; Benny Hollis, Indians; Jim Brandon, Yankees; and Ricky Rios, Yankees.

The National Little League All - Stars are: Mark Bostick, Braves; Mark Hargrove, Braves; Jimmy Dyess, Braves; Tim Holder, Cardinals; Jim Fred Liner, Cardinals; Allen Knight, Cardinals; Bobby Burleson, Giants; John Boren, Braves; Ralph Lewis, Braves; Steve Talbott, Braves; Brett Bell, Cubs Greg Godair, Braves; Wesley Key, Giants; and Tommy Gardner, Giants.

Doesn't Desire Disney Image

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — He scarcely fits the Walt Disney image, being stocky, goateed and Hungarian accented. To the inevitable question in interviews, he replies:

"No, I don't want to be the second Walt Disney. I want to be the first Ivan Tors."

Yet the comparison remains, and almost every week brings an announcement of a new project that makes it appear that Ivan Tors is destined to attract the same kind of family audience that flocked to the late, great Disney.

Tors' latest venture puts him into the amusement-park business, pioneered by Disneyland. The film producer has announced he will build two large attractions, called Animal Kingdom, in California and Florida. His entrance into this field is somewhat reluctant, he admitted.

"There is such a demand for leisure-time attractions that I have been forced to get into the business, whether I wanted to or not," he sighed. "Also, the cost of keeping animals has become so great that I have to find ways of offsetting it. When you have 600 to 700 animals, as we do, it means employing 40 trainers and a full-time veterinarian just to give the animals shots.

"Originally, I didn't want to open the compounds to the public because I was afraid the exposure to people might harm them. But now I find it is necessary."

The Florida Animal Kingdom will be situated on 4,000 acres Tors owns at Palm Beach Gardens; the California location is yet to be selected. His present Africa, U.S.A. 50 miles north of Hollywood, is not big enough for a public operation.

The plan is to allow the animals to roam as freely as possible—the more obstreperous beasts would be isolated on islands—and humans would be permitted to drive among them in their own cars or safari trucks.

You get the faint impression from talking with Tors that while he is not entirely a misanthrope, he somehow prefers the character of animals to that of his own species. Indeed, he is a persistent preacher of the lack of hostility on the part of animals toward humans.

"I first discovered this when I was producing "Sea Hunt," he explains. "During all the years we made the series, no shark ever attacked us, nor were we nipped by a barracuda. After that I decided not to believe in the zoology I had learned in school.

"I am convinced that no animal will attack a human being unless it is provoked."

Tors, Sr., has managed to translate his compassion for animals into film entertainment that has found a warm response from theater and television audiences. In fact, his operation has taken on all the aspects of a Disney-like empire. Items';

1. Feature movies. The new management of Paramount has announced it hopes that Tors can corral the family trade and has ordered 10 pictures in 14 months. In release: "Africa-Texas Style." Coming up: "Gentle Giant," "The Daring Game," "Island of the Lost."

2. Television series. Tors has cannily used his features as pilots for new series; thus "Africa-Texas Style," with Hugh O'Brian emerges as "Cowboy in Africa," with Chuck Connors on home screens next fall. "Gentle Giant" becomes "Gentle Ben," costarring Dennis Weaver and a 7-foot bear. "Daktari" will be back, and "Flipper" returns in reruns next winter while the shows cease for a new family. "Our kids outgrew the series," Tors explains. He also shares production of "Off To See the Wizard" with MGM.

Festival May Lapse

NEWPORT, R.I. (AP) — The Newport jazz and folk festivals may not be held next year if a newly proposed state road is built through the festival field. Festival officials say it would be too big an investment to relocate the festival site.

423 Viet Cong Are On Defectors' List

SAIGON (AP)—A total of 423 Viet Cong defected to the government last week under the Open Arms program.

They brought to 18,807 the number of defectors since the first of the year. During the equivalent period last year, 10,523 defectors turned themselves in.

Last week's total, which was 4 above the previous week's, included 313 military personnel, 97 political workers and 13 persons from other Viet Cong elements.

Snyder Native Dies In Houston

Mrs. Reba Huey Breneman died Wednesday at 11:15 a.m. at her home in Houston.

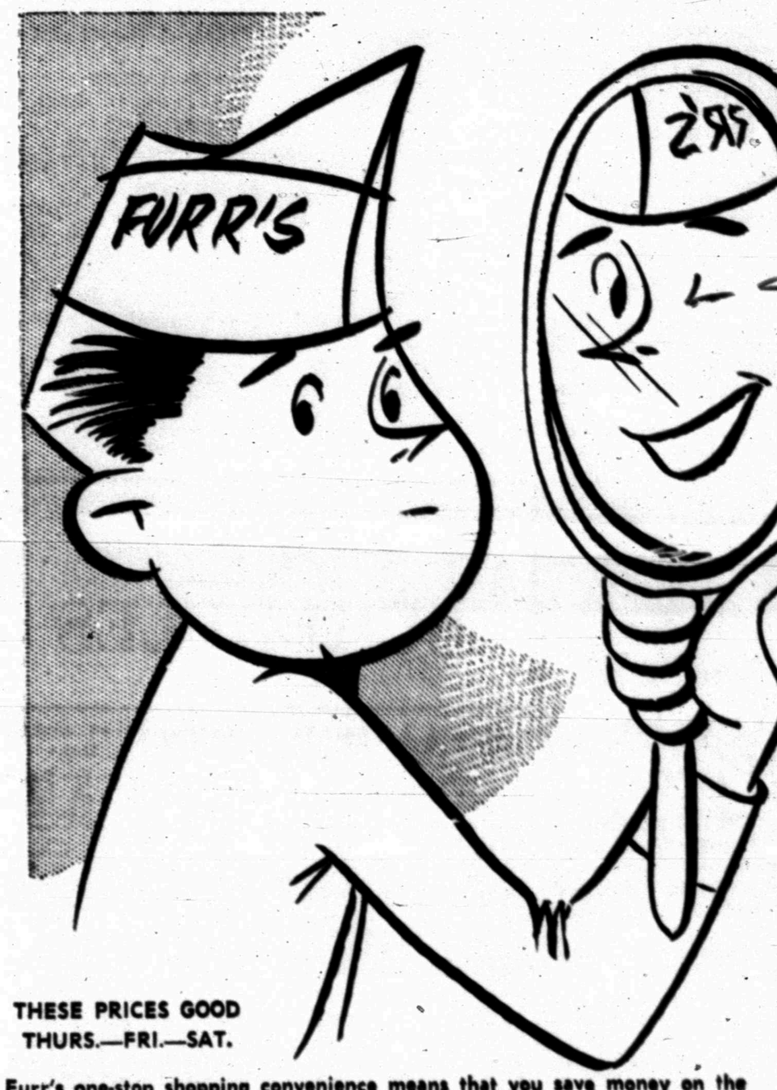

Mrs. Breneman was born April 10, 1913, in Snyder and lived here until moving to Houston in 1943.

Survivors include her husband, Glen Breneman of Houston; one son, David of Houston; one daughter, Mrs. Alton Smith of Rotan; four sisters, Mrs. Carl Keller of Snyder, Miss Faye Huey of Abilene, Ms. E. C. Adams of Houston, and Mrs. Ray Woody of Port Angeles, Wash.; several nieces and nephews including Don Keller of Snyder.

Funeral services will be conducted Friday at 2 p.m. in Heights Funeral Home in Houston.

Ask Belt-Tightening

WASHINGTON (AP) — The House Appropriations Committee recommended today some financial belt-tightening on a favorable congressional money bill, the annual so-called "pork barrel" measure.

It sent to the House floor for consideration next week a $4.6 billion bill to finance for the current fiscal year the vast public works programs of the Army Engineers, the Reclamation Bureau and several other agencies.

These programs involve projects scattered across the nation and affecting projects in most congressional districts.

The total, while $314.4 more than provided last year, is $243.2 million less than the administration requested. About $114 million of the cut was in the nature of a bookkeeping transaction or deferrel of items that may be financed in a later bill.

For the rivers and harbors and flood control programs of the Army Engineers, the committee recommended $1.6 billion, a reduction of $45.8 million. The Atomic Energy Commission was alloted $2.49 billion, a cut of $153 million. The Reclamation Bureau budget was cut from $315.5 million to $304.4 millions.

Other allotments, all of them reduced, included $293.8 million for the Federal Water Pollution Control Administration, $137.1 million for Interior Department power agencies and $60 million for the Tennessee Valley Authority.

Texas construction projects by Army Engineers included:

Buffalo Bayou and tributaries, $3,700,000.

Fort Worth Floodway, Clear Fork extension $900,000.

Freeport and vicinity $1,500,000.

Galveston Harbor and Channel $500,000.

Gulf Intracoastal Waterway, Chocolate Bayou $500,000.

Lake Kemp Reservoir $900,000.

Lavon Reservoir $3,500,000.

Port Arthur and vicinity $7,400,000.

Sabine Neches Waterway $3,000.

San Antonio Channel $1,500,000.

San Gabriel River tributary to Brazos River, $1,532,000.

Stillhouse Hollow Dam, $3,717,000.

Texas City hurricane protec-

Trinity River bridges $1,035,000.

Vince and Little Vince bayous $800,000.

Wallisville Reservoir, Trinity River $2,500,000.

Whitney Reservoir $130,000.

For Army Engineer planning:
El Paso $250,000.
Highland Bayou $110,000.
Lake View Reservoir $100,000.
Liberty, Trinity River, $50,000.
Taylors Bayou $150,000.

For Army Engineers Survey:
Alpine $82,000.
Brazos River and tributaries $450,000.
Buffalo Bayou and tributaries $110,000.
Cibolo Creek, $10,000.
Clear Creek and Clear Lake $10,000
Denison Reservoir, $100,000.
Dickinson Bayou $10,000.
Freeport Harbor $50,000.
Frio River, near Three Rivers, $70,000.
Galveston Channel, 40-foot, $10,000.
Guadalupe and San Antonio rivers $100,000.
Matagorda Ship Channel $50,000.
Sanderson $55,000.
San Jacinto River and tributaries $90,000.
Texas coast $500,000.
Texas water and pollution study $350,000.
White Rock creek $25,000.
Texas Reclamation Bureau construction projects:
San Angelo $30,000.
Loan: Cameron County Water Control District No. 5, $300,000.
Investigations:
West Texas and eastern New Mexico import $200,000.
Texas basin project $204,000; Texas basins supplementary reports $301,000.

DeGaulle In A Visit To St. Pierre

By STEPHENS BROENING

ST. PIERRE (AP)—President Charles de Gaulle came ashore on this fogbound island today for a brief visit to an outpost of France.

The residents of St. Pierre and Miquelon, 12 miles off the Newfoundland coast, had prepared a festive welcome for his brief visit. He sails for Quebec tonight aboard the cruiser Colbert which brought him here.

The 5,500 islanders decked the streets of this drab fishing town with flags for the first visit of a French president to France last possession in North America. Public buildings were painted.

Flights over the island and traffic in the harbor were banned during De Gaulle's 10-hour stay.

It was De Gaulle's first visit to the islands but he is highly popular here. Many inhabitants remember Christmas Eve, 1941, when several ships acting on orders of the Free French took the islands from the Vichy regime of Marshal Philippe Petain without a shot being fired.

A nephew of Mme. DeGaulle, Jacques Phillipe Vendroux, was elected the islands' representative in the French Chamber of Deputies this year.

More than half the residents of St. Pierre, Miquelon and Langlade an island now joined by Miquelon by a narrow sandbar, earn their living from fishing or related industries. The islands are rocky and foggy in the summer and vegetation on their 93 squarre miles is sparse.

DeGaulle arrives Sunday in Quebec, capital of Canada's largely French-speaking Quebec Province. From there, he goes to Montreal and Expo 67, and then to Ottawa, Canada's capital.

Braulio Baeza was the first rider to win 50 races at Aqueduct this spring. Angel Cordero was the second to win 50.

Harvey, 5703 Mickey Drive, Farmington, N.M.

Even Peace Controversial At California University

By HAROLD V. STREETER

BERKELEY, Calif. (AP) — Even peace can be controversial in Berkeley.

Six months ago, Clark Kerr was fired as president of the nine-campus, 87,000-student University of California. It climaxed more than two years of sporadic turmoil over student rights on the Berkeley campus where 27,500 are enrolled. Berkeley has been quite ever since.

But don't jump to quick conclusions.

There is disagreement over what it means.

There is disagreement over how it can be continued.

And there is considerable disagreement over what was left unsettled by the coming of the quiet.

There is one point of complete agreement — precisely when it began.

Spokesman of the administration, the faculty and the students all pinpoint the first week of last December. That was more than a month before Gov. Ronald Reagan and 13 other university regents summarily ousted Kerr, one of the most widely known educators in the nation.

The "Berkeley cool" began after Chancellor Roger Heyns settled an uproar over the appearance Nov. 30 on campus of a U.S. Navy recruiter. Former student Mario Savio led a sit-in that same day and anti-Vietnam war elements tried an abortive class boycott Dec. 6 because the Navy was allowed to set up a table inside the Student Union Building.

Heyns' procedure was in striking contrast with the handling of prior disorders.

In 1964, Savio, then a bushy-haired junior studying philosophy, sparked disorders which led to his arrest along with nearly 800 others for a massive sit-in at Sproul Hall, across the plaza from the Student Union Building. Savio and his supporters opposed a rule banning political advocacy on campus.

President Kerr conferred with Savio, then under suspension and later the rule was changed by the university regents. The then chancellor, Edward Strong, accused Kerr of interference.

Kerr kept hands off the Navy recruiter fuss, leaving Heyns a free hand. Heyns balked at talking with Savio, then a nonstudent living in Berkeley. Instead, Heyns conferred with student and faculty representatives, then ruled that the Navy recruiter must move his table out on the plaza where student tables of cause and protest are permitted.

Except for some picketing of the Navy table, the Berkeley campus has been on its best behavior.

"The university is not the adversary any more," Heyns said when interviewed about the current quiet.

"The problem itself is the adversary."

But, despite rule changes allowing students freedom to advocate and protest on campus, student leaders are far less optimistic. And critical government officials hint openly at a crackdown when the long hunt for a successor to Kerr has ended.

Reagan, asked about his view of the quiet at Berkeley, said he felt like one shoe has been dropped and the other is about to be. That apparently referred to the firing of Kerr and the choice of a new president.

Reagan, who has pressed for a full-scale investigation of the Berkeley disorders, said he was holding that in abeyance since it now "depends on what the president does who comes in."

Max Rafferty, state superintendent of public instruction and, like Reagan, an ex-officio member of the university regents, put it even more bluntly. The next president's "first job is to define the proper function of the university, not a gladiator arena, a boiler factory or an onothological sanctuary for odd birds. The purpose is to pursue truth in a scholarly manner. He's got his work cut out for him."

In making clear he feels the rules have been swung too much the students' way, Rafferty said: "There's no reason for anyone to demonstrate any more than there is reason for a burglar to murder his victims if he gives him everything he wanted."

On the other hand, student leaders voice dissatisfaction under the rules as they are, not to mention a crackdown.

"The administration hasn't 'won' because the students agree with them — more disagree — but because the students are pooped and tired of the issue," observed Dan McIntosh as he completed his presidency of Berkeley's Associated Students of the University of California.

"We have hardly begun to find solutions to these problems," said his successor, Dick Beahrs, a senior history major from Palo Alto.

"I'm discouraged when the administration makes statements implying that many of our problems are solved. Often times, I think they have to see 8,000 students protesting in the plaza to recognize that this campus is still troubled."

Right now a little-publicized investigation is under way that could explode like a bombshell next October. A 12-member study commission on university governance is looking into the broad spectrum of student rights.

Six students — including some most active in expressing grievances about current conditions — and six faculty members will report their findings next fall. Among these will be steps to increase and improve the appropriate participation of students in the formulation of educational policies, including measures for the improvement of teachings.

"One reason it is quiet in Berkeley is because this commission exists," said bearded Henry Mayer, a graduate student and cochairman of the commission with Caleb Foote, a law professor.

"Many of the students on the commission were active in varying degrees in protest. The report will be very controversial."

After that, still to be determined is what the university and the regents will do about the recommendations.

Two key figures in the earlier Berkeley disorders — Savio of the Free Speech Movement — FSM — and nonstudent Jerry Rubin, founder of the Vietnam Day Committee — are removed from the scene.

Savio recently entered prison to serve a 120-day sentence for his Municipal Court conviction for the Sproul Hall sit-in of December 1964. Savio, turning over his 18-month-old son to his wife, Suzanne Goldberg Savio, another FSM activist, said in court the FSM was "one of the most important events in higher education."

"I don't think we can judge yet," reacted Prof. Arthur Kip, chairman of the Berkeley division of the university's academic senate.

"But it probably was important. This is not the only place where it happened. It just happened here first. It is terribly important that students in universities be treated as adults."

"It was not one of the most important events, in my judgment," said Heyns.

He conceded that the Free Speech Movement "made the administration and faculty aware of unrest" but said "it had a harmful effect in that people developed a negative attitude" toward the university.

Rubin, a history graduate whose Vietnam Day Committee touched off protest marches and efforts to halt troop trains, has left to get married and go abroad.

And what effect on the Berkeley quiet was exerted by the firing of Kerr? There isn't complete agreement even on that.

"It consolidated the campus," said Kip.

"Student, faculty and administration were brought together by this threat from the ouside."

Karlyn Barker is student editor in chief of the campus newspaper "Daily California" which recently lashed out editorially at Reagan as "an enemy of higher education" because of his university budget slashes. She has another view on the Kerr firing: "It has made the students more wary of the regents. They realize now what outside pressure from the people and the governor can do."

"It's quiet now at Berkeley—quiet like a slow-burning fuse."

Big Cowboy Strike Gets A Marker

HEREFORD, Tex. (AP) — "The Great Cowboy Strike" of 1883 has been marked by a Texas state historical marker erected at a site 5½ miles northeast of Hereford on U. S. 60.

The marker, sponsored by the Deaf Smith County Historical Survey Committee, read:

"Site of Great Cowboy Strike . . . began in spring of 1883 when range hands from LS, LX, LIT and other large ranches organized a strike for better wages; was a reaction to loss of privileges given earlier and to attitude of big landowners toward cowboys.

"Several hired hands gathered at Alamocitos, headquarters of LS, to protest. Men on every ranch soon asked for higher pay, but strike failed due to surplus of cowboys and no means to enforce demands.

"Strike gave force to little men opposing cattle barons and after three years there erupted in old Tascosa one of the bloodiest gun fights the West had ever seen."

Dr. McGaughey Joins Research Center

BEAUMONT (AP) — Dr. William H. McGaughey has joined the staff of the Rice-Pasture Research and Extension Center in Beaumont as research agronomist.

McGaughey, a native of Jacksboro, Tex., will conduct research on stored rice insect problems, including the protection of rice and rice products in domestic and overseas shipments—determining factors responsible for insect attacks on rice in storage, handling, milling, processing and transporting.

Young Chinese Observe Plant

SAN ANGELO (AP) — Four young Chinese, employes of the Taiwan Power Co., have left San Angelo after two weeks of observation at West Texas Utilities Co.'s multimillion dollar power station on Lake Nasworthy. The group had already visited Tennessee Valley Authority facilities and two installations in Pennsylvania.

They rented a small apartment during their brief stay here in order to cook their favorite Chinese food. Their chief objection to American cooking: too frequent use of tomato sauce.

54 Youths Hired

BEAUMONT (AP) — Employment for 64 youths has been provided by the City of Beaumont in its annual summer youth program. Each year the city hires a group of local high school and college students for several departments.

Say Egypt Used Gas

ADEN (AP)—Usually reliable sources charged today that 150 persons were killed and more than 350 injured in an Egyptian poison gas attack last Saturday on Hajjah, a Yemeni royalist religious center 40 miles northwest of San'a.

The sources said greenish-brown phosgene, a form of mustard gas, was used.

Yemini royalists say Egyptian pilots aiding the Republican regime in Yemen's civil war have repeatedly gas-bombed royalist villages. The royalists have reported hundreds killed and injured in the attacks.

The International Red Cross Committee confirmed in Geneva last month that one village in northern Yemen had been hit with gas bombs. It did not identify the village or the attacking planes, but the Egyptians are believed to have the only planes on the Yemini Republican side.

HOSPITAL NOTES

Chaplain: Rev. John Bollinger

ADMISSIONS: Marshall Meredith, Route 2, Roscoe; Carl Clayton, 411 Poplar, Sweetwater; Stephen Shoemake, 500 Thirty-third Street; Penny Shepherd, 3718 Avenue U.

DISMISSALS: Vina Davis, Raymond Martin, Ronnie Lovell, and Marie Dollins.

To help eliminate cooking odors when you are cooking cabbage, put a slice of bread on top of the cabbage when it is cooking. Throw the bread out.
