

'KRAZY DAZE' FEATURES PET PARADE, PRIZES

The whole darn town's goin' crazy..... And everybody seems pretty pleased about it with a slate full of activities planned for Saturday, Olton's "Krazy Daze." One of the highlights will get underway at 2:30 p.m. with a "Krazy" pet parade down Main Street and around the city square. In this event, three equal

cash prizes will go to the smallest, largest and craziest-dressed pets. The human species will get into the act too with three prizes to be given to the craziest-dressed people. Local merchants will offer special bargains all day as their drawing cards. Chamber of Commerce and Agriculture, sponsor of "Krazy

Daze", will hold a drawing on the square at 5 p.m. Prizes in the drawing will include gift certificates amounting to \$50, first prize; \$25, second prize; and five \$5 prizes. These gift certificates will be redeemable at any firm which is a member of the Olton C-CA. Registration for the drawing will be held all day Friday and

Saturday at any of the firms. Preceding the C-CA drawing, Olton ladies' clubs will hold a "White Elephant" auction on the square. Set for 4 p.m., the auction is expected to include such items as picture frames, lamps, all types of household items, and used farm equipment. Sponsors of the auction are Olton Garden Club, New Cen-

tury Study Club, Art Guild, Olton Study Club, Kimichi Study Club and Home Demonstration Club. Proceeds will be used for the new women's club house. Art Guild will also hold a sidewalk sale of paintings during the day at Walter's Department Store. Two rummage sales, one by New Century Study Club and

another by Olton Garden Club, will be under way all day. New Century proceeds will be used to sponsor the cub scouts and assist the local library. Home Demonstration Club will stage a bake sale at Chitwood-Sherman Insurance. And, remembering that another "krazy" event, Halloween, is here, Olton Lions Club

Upsets Bug Grid Experts

The upset bug bit hard last weekend, leaving football guessers scratching their heads in disbelief. As a result it took just 13 correct guesses to win the Enterprise football contest. Three persons were able to do it, Waldo Baxter of Plainview, Micheline Fuller and Jerry Dennis, both of Olton. And they finished in that order when the tie-breaker was used to determine how the money would be doled out. All three missed just six games, but Baxter was closest on the tie-breaker with a 21-8 guess favoring Abilene. He was 39 points off the final of 56-12. Mrs. Fuller was 41 points off with her guess of 17-10, Abilene, and Dennis missed by 50 with his prediction of 14-8 Olton. Baxter will receive a check for \$10, while Mrs. Fuller will get \$6 and Dennis \$4. Six other persons came close, missing only seven games each. They were: W. H. Harrison, Lubbock; W. L. Jones, Plainview; Dianna Sluder, Canyon; and Roger Thompson, Roy Long and Gabriel Hernandez, Olton. There's still time to enter the contest for this week. All you do is pick up a copy of the Oct. 21 Enterprise, fill out the entry form and turn it in to one of the participating merchants by 4 p.m. Friday.

Lamb Officials Favor No. 4

Lamb County's Commissioners went on record this week as favoring Amendment No. 4 on the ballot in the upcoming Nov. 2 vote. The provision, if passed, would give four-year terms to the governor and other elected state officials, including the commissioners. Commissioner A. J. Spain of Olton made the motion, which was passed unanimously. In their resolution, the commissioners also urged the people of Texas to vote for the amendment in the election.

Two Accidents Investigated

Two separate accidents in the city limits damaged four cars involved, but no serious injuries were reported. The first accident occurred Oct. 21 at 7th St. and Ave. A. Autos driven by Harry Thomas and Oscar F. Delafante, both of Olton, collided at the intersection. Olton Police Chief Emmett Burrows estimated the damage to the car driven by Thomas at \$100, and to Delafante's auto at \$250. The mishap happened at 10:50 a.m. In the other accident, cars driven by Eldon Franks and Mrs. Charles Polk collided on 8th St. in front of Kelley's Department Store. At the time of the accident, Franks was backing out from the store, and Mrs. Polk was headed east down 8th St. Burrows estimated damage to the station wagon driven by Franks at \$500 and to the car driven by Mrs. Polk at \$700.

OHS Homecoming Scheduled

Mustangs Meet Floydada Team

While Olton looks for its first district win and seeks revenge for an 8-7 loss last year, Floydada's Whirlwinds seek to keep their district hopes alive with another win over the Mustangs here Friday night. A win would keep the Whirlwinds very much in the race, since last year the Floydadans went in the final game of the season with a loss on their record, and wound up going to bi-district by virtue of a win over up-to-then undefeated Friona. This year, the 'Winds lost to league-leading Abilene in their district opener, 28-6, but came back last week to down Dimmitt, 18-15. Meanwhile, Olton has for all practical purposes been eliminated from conference contention by virtue of a pair of losses, and about all the Ponies can hope to salvage out of the contest is a little homecoming pride. Pre-season district favorites, the Ponies dropped their

season opener to Lockney, 27-18, then were steamrollered by the same Abilene team last week, 56-12. Besides raising low spirits, Coach Odis Holladay's big problem in the Mustang-Whirlwind tilt will be trying to contain the passing attack of the Floydada group. Senior Playcaller John DeLeon has thus far been the big thorn in the side of Whirlwind opponents, and it was largely through his passing efforts that the 'Winds managed to pull out a win over the Bobcats last week. One of DeLeon's favorite targets has been end Waldo West. West started the season on the injured list as a result of a summer baseball accident, but is back in top form for the Floydada team. Another favorite receiver of DeLeon is junior letterman Kerry Bearden, who last week hauled in the winning touchdown pass with only a minute left in the last stanza. On the ground, halfback John Cantrell is the 'Winds' big offensive threat, and he too got into the scoring act last Friday night with a 70-yard scamper early in the game. Overall, however, the Floydada backfield won't be the big problem for the Mustangs, since the starting four are not the biggest or fastest backs the Olton team has faced. The line is another story. There are at least two lettermen at every position, with the exception of center. Mac Baker will join West at the end position while at tackle spots, will be Ronnie Eubanks and Phil Green. Guard spots will be held by Zeke Robertson and Clint Fauvar. For the season, both teams are evenly rated at 2-5, but that mark will be one thing changed for sure Friday.

ONE WILL BE HOMECOMING QUEEN

POTENTIAL HOMECOMING QUEEN—One of these young ladies will be crowned Olton's Homecoming Queen for 1965 Friday night. Pictured are Gayle Gunter, daughter of Mr. and Mrs. W. C. Gunter; Susan Norfleet, daughter of Mr. and Mrs. Norfleet; Judy Miller, daughter of Mr. and Mrs. Sonny Miller; Kathy Kidd, daughter of Mr. and Mrs. George Kidd; and Carolyn Carlisle, daughter of Mr. and Mrs. Vernon Carlisle Jr.

Amendment Vote Set

Olton voters get a chance Tuesday to voice their opinion on 10 new amendments proposed by state's 59th legislature earlier this year. A short summary of each amendment to be voted, yes or no, follows. I. To increase the state Ad Valorem tax by five cents per \$100 valuation, to be used for building construction for state institutions of higher learning, including Texas Tech and West Texas State in this area. II. To authorize an increase of \$200 million in bonds or obligations that may be issued by the Veterans' Land Board and extending the program for eight years. This is to continue to allow state veterans of World War II and the Korean War to buy land under the program. III. To provide that the Legislature shall enact legislation to enable the State of Texas to continue cooperating with the National government in providing assistance to and / or medical care on behalf of aged needy and handicapped persons; expanding age categories of those eligible for blind assistance and of needy children; extending eligibility of the program for the aged to citizens of the United States and non-

CONTINUED ON PAGE 5

THE SECOND YEAR

2nd Grade Stresses Reading, Math

Teach advanced reading, take a plunge into "New Math" and continue the study of art, science and writing, and you may be a second grade teacher in the Olton public school system. These are only a few of the activities of a busy group of five women during the school year, as they pick up and try to continue the long educational process started only one year before. Kay Jefferies, Donna Burnett, Freda Worley, Leatha Smith and Joanna Moss all have the job in Olton's H. P. Webb Elementary School. And in addition to the regular school work, these same teachers must try to improve the student physically, intellectually and morally. In the actual study side of work, teachers continue the development of mechanics and skills in oral and silent reading that were started in the first grade. The ability to read independently and to stimulate the desire to read for pleasure, as well as for information, is one of the second grade teacher's goals. Reading weaknesses are also studied, and an attempt to supply the remedial help needed is made. Much review is given to first grade sight vocabulary with a continuation of second grade vocabulary. Picture interpreta-

tions and words in context are helpful. Pupils are encouraged to recognize familiar words rapidly and accurately, and to read and follow printed directions. Pupils are also taught to read orally to a group, with expression and meaning stressed. Recreational readings are encouraged with good books on various levels and dramatizing favorite stories. The latest news on a second grade level is taught through reading of the "Weekly Reader" newspaper each week, and a period is set aside for news reports. Much time is given to phonics, learning the initial sound consonants, final and middle consonants and the long and short sounds of vowels. Listening skills are developed by reading part of a story and checking for important details using riddle games, and reading a paragraph and letting the child decide which is the best title. Teachers also used basal readers, supplementary readers, worksheets, teacher-made tests, workbooks, sentence strips, phonics cards, charts and "Weekly Reader" tests. Second grade arithmetic is presented in such a way as to be considered "New Math", but behind it all, the main purpose is to teach children to add, subtract, multiply and divide, despite what parents sometimes seem to think after seeing homework. The first part of the year is devoted to review and learning the addition and subtraction

combinations related to sums through 10. Children also learn the place value of numbers, get a concept of liquid measurement, learn to count money, and make change, learn the meaning of fractions and learn to tell and calculate time. Children are also taught how to add a column of numbers, and what to do with "Carried" and "borrowed" number. Multiplication and division is also introduced, and children are given some experience in working problems of this type. There are also some story or "stated" problems, to give the child a chance to develop his reasoning ability—to see a problem and arrive at a solution.

In writing, the main objective is to teach legible handwriting, and to enjoy learning to write. Special attention is placed on correct motion of making the letters in manuscript writing so that the transition to cursive writing will be an easier one. In spelling the child is encouraged to develop a good knowledge of sounds, and how words are spelled by a systematic and consistent method. In the art program, the teachers try to develop the child's creative abilities through variety of experiences. They are encouraged to exhibit their work and tell about it. The children participate in the arrangement and beautification of the classroom. The science program is continued from the first grade to give the child a broader aspect of the world of nature. The basic objective in teaching science is to take a young, creative, imaginative and inquisitive mind and try to capture its natural curiosity and enthusiasm to direct it down the path of scientific learning. Children are taught that science is a study of the unknown as well as the known, and that to develop good scientific attitudes is essential. An appreciation of natural and man-made phenomenon is

Parade Slated 4 P.M. Friday

Homecoming, 1965 version, makes its appearance in Olton this week, with a bonfire and pep rally at 7:30 p.m. today set to kick off the event. Included among the events scheduled for the weekend is the bonfire, a parade Friday afternoon, crowning of the Pep Squad King at the Friday pep rally, crowning of the Homecoming queen Friday night just preceding the Olton Floydada grid skirmish, and a Halloween carnival at the high school Saturday. Also listed on the calendar of events is a chili supper sponsored by the Olton PTA just preceding the game in the school cafeteria, and a post-game coffee in the same location for ex-students sponsored by the high school student council. Another event of the evening will be a dance for all Olton High School students and ex-students at the Merry-Go-Round skating rink here. Sponsored by the Youth Center, the dance will start at 10 p.m. and close just after midnight at 12:30. The "Torquays" from Plainview will play. School dismisses Friday at 2:50 p.m. to get ready for the homecoming activities. The parade is scheduled to begin at 4 p.m. Included in the parade will be the Lamb County Sheriff's Posse, carrying the colors and leading the event.

Theme of the parade this year is, "The 50 States," and each organization will represent a state in its float entry. The senior class will represent Louisiana, the junior class represents Georgia, the sophomores, Hawaii, and the freshmen, Florida. Texas will be represented by the Future Homemakers, and the Future Teachers Association will have a float depicting Alaska. The Baptist Sunday School class will represent Oklahoma.

Pig Sale Is Saturday

The Olton Swine Breeder's Association's annual weaning pig sale gets under way Saturday, with more than 325 barrows expected to be put on the block. Pigs offered for sale will be of seven different breeds—Durocs, Hampshires, Berkshires, Poland Chinas, Chester Whites, Spotted Poles and crossbreeds. A few select weaning-age gilts will also be offered for sale. In order to help vocational agriculture teachers, county agents or assistant agents place pigs, the association will allow them to post date checks in payment for barrows 10 days. Pigs offered for sale were farrowed in July, August and September. Some of the winnings of barrows sold in the 1964 sale include the champion Berkshire barrow in the Junior San Antonio sale; the reserve champion Berkshire barrow in the Lamb County show; several breed champions in the Littlefield and Olton shows, and several breed champions and reserve champions and other high placings at county and major shows.

7-Team League Set For 3-AA In '66 Football

A crowded district race with no season break is on tap for next year's Olton football team. That was the word this week from Olton High School, as the Texas University Interscholastic League announced district reassignments, and Olton High School released its 1966-67 football schedule. The season starts a week later than usual due to a ruling by the UIL, thus eliminating the one extra week allowed for high school football in previous years. And two new schools, Hale Center and Memphis, will be in the district race due to enrollment increases. The season opens Sept. 9, when the Mustangs tangle with Morton here. District competition starts three weeks later on Sept. 30, when the Olton squad travels to Friona for the first of seven conference encounters. The complete schedule follows: SEPT. 9 Morton home SEPT. 16 Hereford there SEPT. 23 Muleshoe home SEPT. 30 Friona there* OCT. 7 Floydada there* OCT. 14 Hale Center home* OCT. 21 Memphis there* OCT. 28 Lockney home* NOV. 4 Dimmitt there* NOV. 11 Abilene home*

Yessir, It's Really Gone!

Drexel Lawson decided his burr hauling trailer was really gone this week. The area farmer said he first noticed the trailer missing from the Olton Co-op Gin yard in February, but thought perhaps someone had just borrowed or accidentally picked it up. But this week he gave up and reported the loss to City Police Chief Emmett Burrows. Lawson said he left the trailer and five others on the yard last fall, and when he checked on them in February, noticed one missing. He said he hadn't really needed the trailer until this week, when he started to move some irrigation well engines. The trailer had a hoist mounted on it, which would have made the job a little easier, so he decided to report the loss. He estimated the value of the trailer at \$350.

On Four Year Terms

Texans will vote on 10 proposed amendments to the State Constitution Nov. 2 with all, certainly, important.

However, the most important politically, and those which are sure to arouse the most interest, are amendments four and 10.

These two amendments would give four-year terms of office to the governor, the secretary of state, attorney general, comptroller of public accounts, state treasurer, commissioner of general land office, lieutenant governor and members of the Texas House of Representatives.

As might be expected, there are arguments on both sides of the question with backers for both strongly convinced their side is right.

On the "for" side, it is argued that four-year terms would give the officials more time to master the functions of office before seeking re-election. It is said that this is now necessary because state business has grown so rapidly.

The cost of campaigning is also a factor with some saying that officials who must run every two years may have to take help from individuals and special interests. Therefore, this side feels that four-year terms would encourage integrity in office.

The "for" side also says that four-year term elections would be held in non-presidential election years and would stimulate voter interest.

They point out that 35 of the states have provided the four-year term for the governor and other state-wide elected officials.

In the case of the House, amendment 10, only four other states have adopted a four-year term.

On the other hand, those who are against these amendments say that long terms of office tend to alienate the public official from those who elected him. They feel that, on the campaign trail, the candidate gets closer to the people.

They also note that the power of state officials would be increased by the change and the governor's appointees could dominate every state agency, which is contrary to the

purpose of the state's six-year staggered terms policy.

They say that history has shown that long tenure in office and political corruption often go hand in hand and that early Texas constitutions provided a safeguard that "...no more than two consecutive terms could be served in any six-year period." Amendment four does not provide such a deterrent.

They also point out that although 35 states have four-year terms for governors, they also have restrictions upon his re-election.

Many of the same arguments are given for opposing amendment 10 concerned with the House, including the fact that citizens now have the privilege of expressing approval or displeasure with their representatives at the polls in the next election year following session adjournment.

And so it goes.... We would urge all of our readers to give thought and consideration to these amendments and then to vote their choice whatever that decision might be.

As for this newspaper, we stand opposed to both amendments four and 10.

While the idea of a four-year term has considerable merit, we also feel that such a plan should include a non-succession clause. Eight years is too long for one man to control the state's government, whoever that man may be.

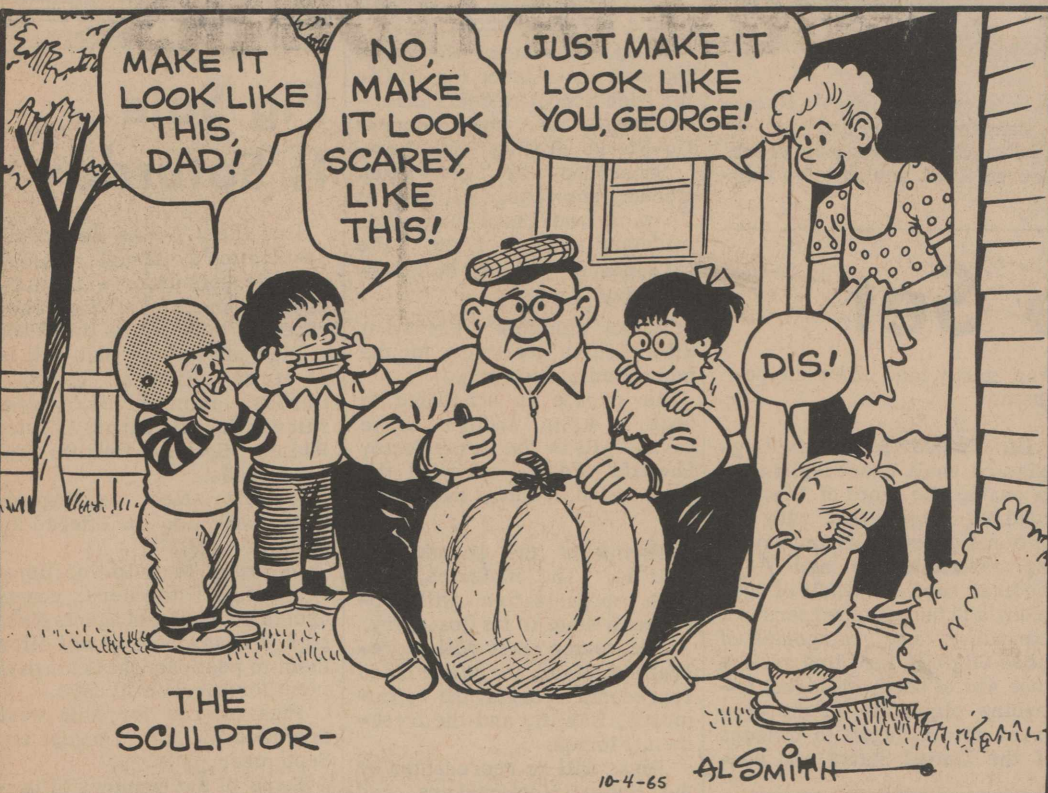

Gov. Connally, now serving his second two-year term, has announced he will run for a third term. If he is elected, and we feel he will be, he would have a total of eight years in the state's top office should the amendment be approved.

As for the House, four-year terms would give them longer terms than congressmen. We feel the people have a right to rule on their state representatives every two years, particularly in a state such as ours where one party rule exists.

An eight-year term for a representative in Texas would be reasonable assurance of almost lifetime tenure.

Community Capers

DOWN MEMORY LANE

FIVE AND TEN YEARS AGO IN OLTON

FIVE YEARS AGO IN OLTON

Olton High School has been granted the services of the Oklahoma State University Traveling Science Teacher Program, Wendall Spreadbury, demonstration-lecturer, is scheduled to present the program in the school and community Friday and Monday through Wednesday.

Young people of the various churches in Olton will knock on doors here Sunday night to collect money for the annual CROP "Trick or Treat" program. The program was established to aid the needy overseas.

The Olton area's cotton and grain harvests, given a break by the weatherman this week, showed signs of coming to life. About 850 bales of cotton were ginned at the four local gins during the week, bringing the season's total to 2,503. The total is roughly 3,500 bales behind the pace last year and far behind the normal pace. The grain harvest, which was almost complete by this time last year, is now at the halfway mark, one grain man reported.

Olton's second annual weaning pig sale will be staged Saturday at 12:20 p.m. at the FFA Show Barn. Approximately 200 head of barrows of all major breeds will be auctioned at the sale. In addition, a few weaning-age boars and gilts will be sold.

Frightening fun for all ages is on tap at the annual Olton High School Carnival Monday at 7:30 p.m. in the high school building.

Plans and specifications for Olton's paving program will be up for approval at a special meeting of the city council here Monday. The council met in special session Tuesday night and approved an ordinance listing blocks where paving will be sought.

TEN YEARS AGO IN OLTON

Dewey Hukill of Hart Camp had the finest birthday of his life last week as he watched his Poland-China walk off with top honors at the State Fair in Dallas. The top state award came as a climax to Dewey's fifteenth birthday a week ago Tuesday.

Olton folks liked what they say Sunday as Pan-Ama Homes unveiled three sample homes in Hillcrest Addition—the town's first full-fledged housing project.

Olton's cotton harvest has reached the busy stage. A Wednesday afternoon survey showed that Olton gins have processed a total of 3,248 bales. That's a sharp increase from the 1,549 bales reported a week ago. Grades are improving, gin men say.

Homecoming parade plans have been laid down to make the 1955 homecoming the biggest and the best in the history of Olton schools for ex-students.

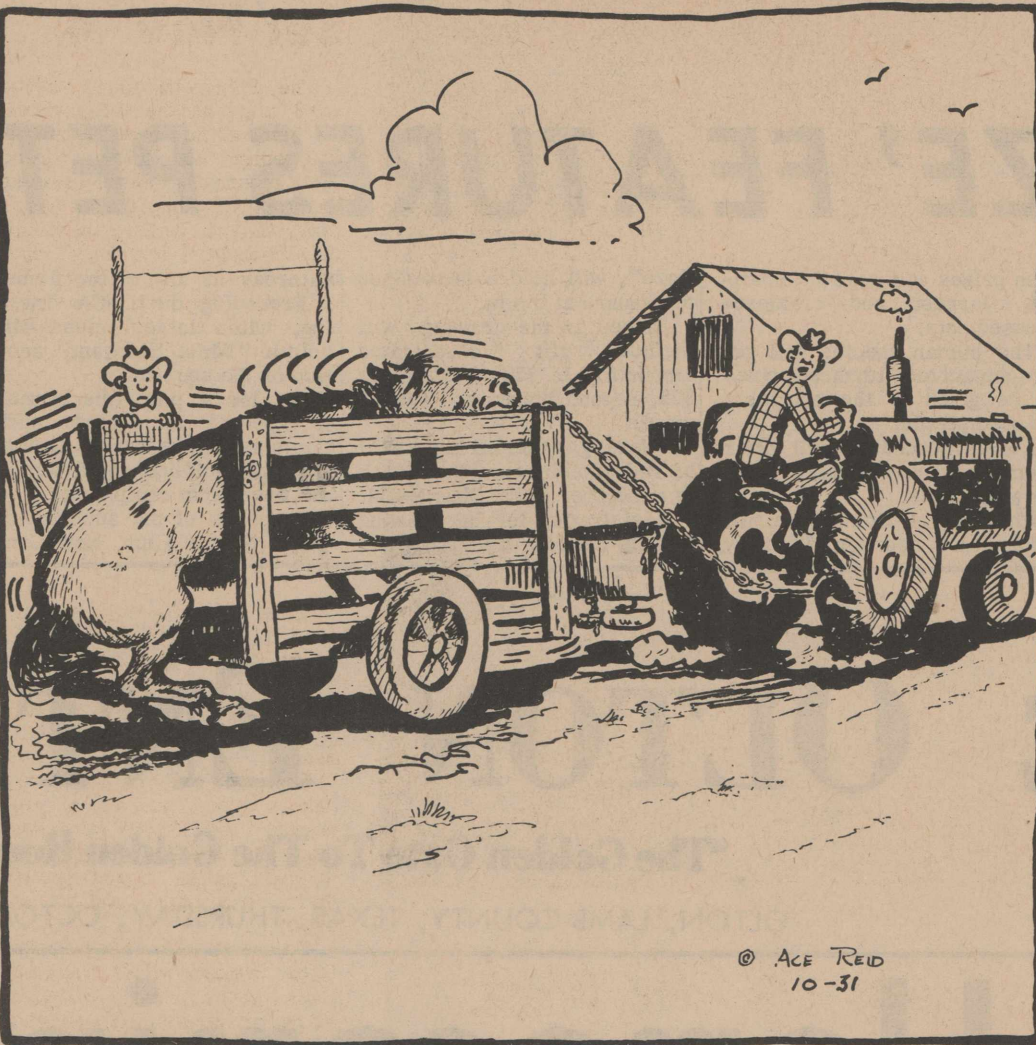

Praise for Olton's football Coach Joe Turner and Olton's athletes came Tuesday from W. D. "Dub" Nelson of Childress as he addressed the Olton Lions Club. Nelson is Lions Club district governor.

"Merchant response to establishment of a credit bureau in Olton has been good, and we hope to have an office open here by Nov. 1," R. L. McClure said yesterday. Mr. McClure, owner-operator of the Credit Bureau in Plainview, has been soliciting merchant memberships this week for the credit bureau here.

Fire of undetermined origin swept 37 bales of cotton early Wednesday morning on a truck parked on the Farmers Gin yard.

COW POKES

By Ace Reid

"It's no trouble to load mean stock, if you're equipped for it!"

SPOUTIN' OFF

IT'S HOMECOMING, Crazy Daze, and Halloween all wrapped into one in Olton.

All in all, it's such a big weekend that some of us will never be the same.

Everywhere I've been this week, people have been working overtime to get ready.

The youngsters, and parents, too, have been struggling almost every night to get floats ready for the parade Friday afternoon.

Put the Halloween carnival in on top of homecoming and it's hard for me to see how anybody gets any television-watching done, much less studying.

From what I've seen and heard, this year's homecoming parade will be bigger and better than ever.

There's been a lot of interest among the merchants in Crazy Daze, too, and bargains will be plentiful in Olton Friday and Saturday.

The pet parade scheduled for Saturday afternoon is getting a lot of entries and it should be a bang-up show.

So....better make plans to come on in and have a big time Friday and Saturday. We think you'll enjoy the fun both ways.

Enrollment Up

I'VE NEVER seen a football town, a team, the fans or a coaching staff more disappointed than Olton after Abernathy's stunning defeat of the Mustangs last Friday night.

I think everybody was a little over-confident and it caught us all by surprise.

Maybe we all take the "game" of football a little too seriously at times.

It's great for a team and a community to have pride in its accomplishments, but the thing to do when the bubble bursts is to look ahead—not back—and try to get up a new head of steam.

I think the Mustang football team, coaches and fans will rise above their disappointment and come back strong.

The Mustangs will do their best, and that's good enough for me.

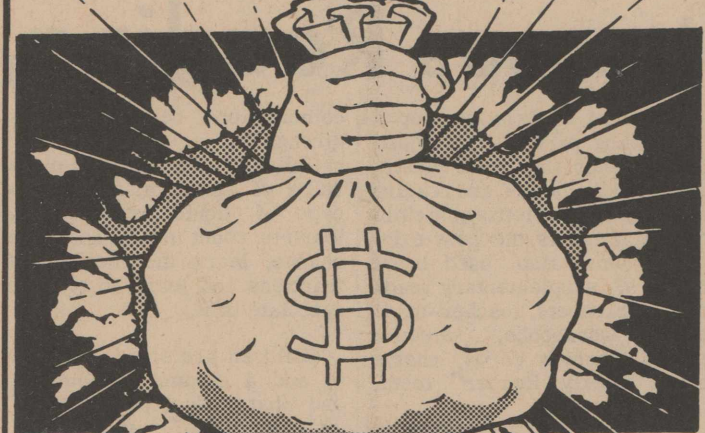

THOSE UPSETS were tough

on everybody last week, so it doesn't bother me (much) that I missed 10 out of the 19 on the football card. Bound to do better this time.

Texas Tech over Rice, Texas over SMU, Baylor over TCU, Arkansas over Texas A&M, Memphis State over West Texas State, LSU over Mississippi, Michigan State over Northwestern, Nebraska over Missouri, Notre Dame over Navy, Arizona State over Texas Western, Bowling Green over Nazareth, Abernathy over Friona, Hald Center over Springlake, Dumas over Canyon, Denver City over Morton, Lockney over Dimmitt, Brownfield over Levelland, Tulsa over Muleshoe.

It's homecoming and I look for the Mustangs to bounce back after a pair of stunning defeats. Olton over Floydada in a squeaker, 14-7.

"PROBLEM" BOYS CAN CHANGE

Dear Amy:
Our daughter (16) has dated a couple of nice boys recently. Now she has a boy on her mind who is a graduate of high school. She thinks she likes him, would like him to come to the house and also date him.

The trouble is: he had been involved in a sex affair during the time he was in grade school, involved in petty thefts and is of a different religion. Most of his teachers have said he was a problem boy in school.

With these things against him, how is this situation handled? Do we tell our daughter not to date him... or allow it?

Does a 16 year-old really know how she feels about certain boys?
Troubled Parents

Dear Parents:
A 16 year old girl THINKS she knows how she feels about boys... but her feelings are short-lived. You have every right to oversee her friendships. The wrong ones can be damaging.

Do not permit her to date this boy unless he has changed and his present behavior patterns are acceptable to you. And don't take just anyone's word for it, find out for yourself!

Dear Amy:

I am writing you in the hope that you could tell me where to write regarding something I have been wanting to do but haven't the vaguest idea of how to go about it. I would like very much to write to any of our servicemen who are serving in the war in Viet Nam. I am thinking especially of those men who may have no one to write to them, or any of these wonderfully brave men risking their lives daily to fight the spread of a "world without peace" who would like to correspond. Perhaps in some small way it would aid in their morale to hear something other than the ravages of war.

Receiving "letters from home," to me, would be a most precious thing. It seems this is the least we can do to keep up the morale of these men and give them something to look forward to. So, Amy, if you know to whom I could write to get the names of some of our fighters for peace, I would greatly appreciate it.

Dear Miss J. M.:
I'm glad you asked as I have received many requests from

many wonderful people wanting the same information. I have been informed that the Y.M.C.A. has groups of girls who write to servicemen situated all over the world. Contact your local chapter.

Good luck, good writing, and God Bless you!

Dear Amy:

Help! Help! My poor house!

I have a dear friend (?) and a good neighbor who truly in a time of need is always ready to help, but she has four children who get into everything the minute she hits the front door. The 3 year old boy starts pounding on the piano, then moves on to my son's \$80.00 typewriter and finishes by pulling apart his room. The other children wind up in my daughter's room, playing with and banging everything in there.

The mother hears and sees nothing of what's going on!

We just finished remodeling our house; new furniture (the best we could afford) plus a new rug (after 13 years), but she doesn't stop her youngest children from coming in with grape pop (horror!) or peanut butter sandwiches (shudder!) dripping everywhere.

I used to go over and have coffee with her every day for 11 years and she did the same... but truly my nerves won't stand it now when I see her children ready for action in my house.

What am I to do without hurting her? I get numb and can't speak when they are running rampant. I don't blame anyone but myself for not speaking up... but after 11 years of friendship, the words won't come out.

A Nervous Neighbor

Dear Nervous:
How right you are! And you have no one to blame but yourself. Treat her children as your own... stop them and scold them. I'm sure your neighbor will get the message. And if she isn't tuned in on your frequency, you can learn to live without her... and her destructive brood.

FIRST LEARNING ABOUT HALLOWEEN—Maybe not first learning, but at least a group of first graders learning about the holiday. The teacher is Mrs. Brenda Giles, whose class's handwork on Halloween decorates the wall at the side of the room in H. P. Webb Elementary school.

GETTING READY FOR HALLOWEEN—While the rest of her class looks on, Mrs. JoAnna Moss, second grade teacher at H. P. Webb Elementary School explains to a pair some of the meanings behind Halloween. Behind the trio is a bulletin board arranged by the class depicting the holiday.

HALLOWEEN IN THE THIRD GRADE—A group of students in Mrs. Fred Gordon's third grade class at H. P. Webb Elementary School walk past a group of walking Jack-O-Lanterns made by their class members for the holiday.

Junior Leader Club Meets

There was a meeting of the Lamb County Junior Leader Club Monday, Oct. 25 in the Sudan Community Center.

Approximately 30 people attended. The program was a candy making demonstration given by the REA home demonstrator from Muleshoe. She made a no-cook fondant and, from the fondant, made chocolate covered cherries and mints.

After the program, the group turned to recreation. Games of "Password" and "Rhythm" were played by those present.

Those attending from Olton were Mrs. T. B. Wheeler, Tec,

and Laura; Gary Durham, Marlana May, Mrs. C.D. Tanner and Iva Tanner.

Any 4-H Club member from age 13 and up is invited to attend. The next meeting will be held the fourth Monday night of November in Springlake.

FROM LAZBUDDIE

Mr. and Mrs. Marlon Green and Jeff of Lazbuddie visited in the home of her parents, Mr. and Mrs. J. B. Williams, Saturday and Sunday. Jeff remained with his grandparents until Tuesday, when he returned home.

IN NAVY

Johnny Wozencraft Jr., grandson of Mrs. Cora Wozencraft has enlisted in the U. S. Navy and is taking his basic training at Great Lakes, Ill. He attended Olton school several years.

FROM CALIFORNIA

Mr. and Mrs. Elmer Phillips of Lemon Grove, Calif. visited in the home of her sister and family, Mr. and Mrs. J. C. Dear last week.

VISIT IN MULESHOE

Mr. and Mrs. L. G. Elkins visited in Muleshoe Sunday with her sister and family, Mr. and Mrs. J. W. St.Clair. They also visited at the Muleshoe Convalescent Home with Mrs. R. G. Ball, Arch Curry and Mrs. M. C. Davis of Cotton Center.

VISIT CONVALESCENTS

Mrs. Vernon Carlisle Sr., Mrs. Virgle Gray and Mrs. L. G. Elkins visited one of the convalescent homes in Plainview Friday. Mrs. Elkins visited with Mrs. C. V. Springer of Hale Center who is a resident of the home.

Three Cheers For The Olton Team!

MOORE'S SUPER MARKET

STATE FAIR WINNERS—These Olton youngsters all recently had animals which took high places in the State Fair in Dallas livestock show. Left to right are Russell Tanner, who exhibited the 12th place heavyweight Duroc pig; Melita May, who had the fourth place Dorset lamb; Marilana May, who had the first place Southdown lamb and the third place Hampshire in the contest; Karen Lewis, whose Shropshire lamb picked up third place, and Marlos May, who had the fourth place Hampshire. Marilana showed Karen's lamb at the contest, while Marlos showed both his and Melita's animals. All are members of the Olton 4-H Club.

SECOND GRADE (CONTINUED FROM PAGE ONE)

considered equally important. Overall, an attempt to introduce simple concepts of principles, terms and vocabulary relating to the more detailed sciences of the secondary school is made.

In order to carry out these objectives, teachers try to define a problem, collect material for display, demonstrate problems to the student, observe and collect material on field trips and to teach the student to read and discuss findings of conclusions.

Some of the basic topics studied are clouds, the sun, thermometers, gravity, breathing, mirrors, electricity, plants,

rust, moving things, birds and animals.

Thus the basic objective in science teaching in the second grade is to pursue a science program based on facts, experiments, a spirit of inquiry and the posing of scientific problems to be solved.

CARD OF THANKS

The Olton Garden Club would like to thank Higginbotham-Bartlett Lumber Co. for loaning bricks and lumber used in our recent flower show. We would also like to thank them for delivering these materials.

We would also like to especially thank the Methodist Church for loaning the tables used in the show.

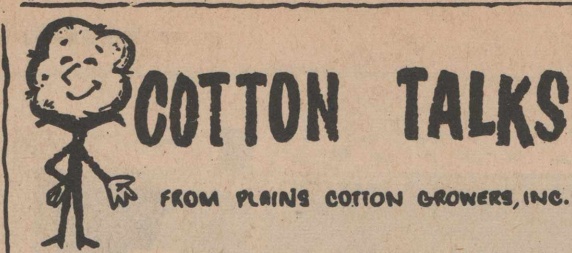

Olton Garden Club

VISIT IN LUBBOCK

Mr. and Mrs. C. C. Black accompanied their son and family, Mr. and Mrs. Jim Black, of Hart to Lubbock Sunday where they visited with Mrs. C. C. Black's sister and family, Mr. and Mrs. Richard Powell and son.

JUNIOR CLASS BOOTH.

The Junior class of Olton High School will sponsor a concession stand and a kiddy show at the Halloween Carnival Oct. 30. The class is also selling magazines, and anyone wishing subscriptions or renewals is asked to contact a member of the class. Proceeds from all events will help pay for the junior-senior banquet this year.

LUBBOCK -- The House-Senate conference committee report now makes possible a more complete analysis of the new cotton program.

Still, it remains for the Secretary of Agriculture to issue the regulations and interpretations necessary to clearing up the law's more nebulous terms and provisions.

Loan value and payments are essentially as have been reported. The loan in 1966 is set at 21 cents per pound basis middling-inch at average location. It will be set at no more than 90 percent of the "estimated" world market price for the other three years of the program.

Price support payments will be made in 1966 at 9.42 cents per pound on the projected yield from domestic allotment (65 percent of effective allotment.) The Secretary of Agriculture will set the amount of this payment for each of the succeeding three years, but the combined loan value plus the price support payment must provide the farmer with at least 65 percent of parity on 87.5 percent of effective allotment. Parity is now 41.76 cents per pound.

Acreage diversion payments, in 1966, will be 10.5 cents per pound times projected yield from diverted acres up to 35 percent of effective allotment. Producers have the choice of diverting the minimum 12.5, 25 or 35 percent of allotments. After 1966 the Secretary is directed to set diversion payments at no less than 25 percent of parity on the acreage required to be diverted. He may require cooperators to divert less, but not more than 12.5 percent of their allotments after 1966.

Diversion payments on the difference between the mandatory diverted acreage and 35 percent of allotments apparently may be set by the Secretary anywhere between zero and 40 percent of parity after 1966.

One half of these payments may be made at the time the producer signs up to participate in the program. The other half will be made at the Secretary's discretion. This is one of the points awaiting the Secretary's decision before the total effects can be calculated.

The method of determining "projected yield," is also a point in question. The Conference report says: "Projected farm yield for any crop of cotton shall be determined on the basis of the yield per harvested acre on the farm during each of the three calendar years immediately preceding the year in which such projected farm yield is determined, adjusted for abnormal weather conditions, for trends in yields, and for any significant changes in production practices."

But, the report further stipulates that projected yield shall in no event be less than the normal yield as established under the current program.

This makes clear that projected yield for 1966 cannot be below normal yield as already established for a farm. But it is not plainly spelled out whether the normal yield might be refigured in 1967, 68, or 69.

For an example of how the three permissible alternatives would affect gross income on a High Plains farm, assume the following:

1. 100 acre effective allotment
2. 500 lbs. per acre projected farm yield
3. 500 lbs. per acre actual yield

4. 18¢ per lb. loan value (300 points off middling-inch)

With these assumptions, the producer who plants the maximum permissible, 87.5 acres, would receive:

18¢ loan times 87.5 bales produced, \$7,875.00; 9.42¢ per lb. on 65 bales (projected yield from domestic acres), \$3,061.50; 10.5¢ per lb. on 25 bales (projected yield from diverted acres), \$1,312.50 with total gross income \$11,249.00.

Planting 65 acres, he would get:

18¢ loan times 75 bales produced, \$6,750.00; 9.42¢ per lb. on 65 bales (projected yield from domestic acres), \$3,061.50; 10.5¢ per lb. on 35 bales (projected yield from diverted acres), \$1,337.50 with total gross income \$10,749.00.

It can be seen that gross income under normal conditions would likely be less with the greater acreage cut. To determine which alternative will bring the best net return, each farmer will need to inject his own acreage allotment, yield, production costs, cost of diverting acreage to approved conservation practices and other factors.

Also, it is to be hoped that the market price for cotton will be above the loan value used here. This possibility will depend to a large extent on how the Secretary handles CCC stock. The bill places some restrictions on the sale of CCC stocks, but it is generally thought that the Secretary has enough latitude to either bolster or depress market prices.

Reports are already being received that some landlords have notified tenants they will not rent in 1966. Presumably they have calculated increased income from the land by farming it themselves under the new program. Whether they are wise in this decision may depend on the Secretary's interpretation of the law, which says "The Secretary shall provide adequate safeguards to protect the interest of tenants and sharecroppers..." To date there is no indication as to what those "safeguards" might be.

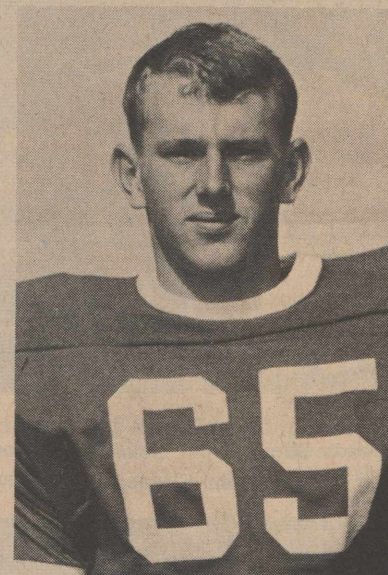

To qualify for diversion payments under the law, a farm will be required to devote to approved conservation practices an acreage equal to the sum of (a) the reduction in cotton acreage required to qualify for such payments and (b) the average acreage of cropland devoted to soil conserving crops or practices during a base period prescribed by the Secretary.

The Secretary may permit planting of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovator or flaxseed. The rate of payments would then be determined by the Secretary at up to one-half the payment rate otherwise applicable.

Society NEWS

Robert Dennises WHO'S Host Re-Union NEW

Mr. and Mrs. Robert Dennises were hosts Oct. 24 for a family reunion in their home.

Those present were Mr. and Mrs. Walker Hatley, Nancy and Elizabeth, San Jose, Calif.; Mr. and Mrs. Bill Applewhite, Cheryl, David and Debbie, Bedford; Mr. and Mrs. Marvin Hatley, Ronnie and Renee, Amarillo; Mr. and Mrs. Joe Hatley, Ricky, Randy, Terry Sue and Pam, Clovis, N.M.; Herbert Hatley, Arlington; Mr. and Mrs. Arthur Hatley and Nancy, Portales, N.M.; Mr. and Mrs. Don Hatley, Scarlet, Donna, Shannon and Cary, Littlefield; Jack Hatley, Amarillo; Elvis Hatley, Mr. and Mrs. Robert Dennises, Tina and Mrs. Effie Hatley.

After-dinner guests were Mr. and Mrs. A. D. Melton, Mr. and Mrs. Joe D. Roberts and Mr. and Mrs. Otis Meadows and Judy.

Garden Club Members Win Show Ribbons

Several members of the Olton Garden Club attended the Plainview Flower Show held Oct. 21 at the Southwestern Public Service Building in Plainview. Each of the women also had entries in several divisions, and brought back a number of blue, red and white ribbons.

Mrs. Pearl Schreier, Mrs. Stella Cowart, Mrs. John Lambright and Mrs. Roy Hooper were those who attended.

Mrs. Schreier, Mrs. Cowart and Mrs. Lambright won several ribbons in the horticultural division, and Mrs. Hooper won a blue ribbon in the dried arrangement division. Mrs. Lambright also won a blue ribbon in the fresh flower arrangement division, as well as the Tricolor award for the show.

Scott Jones, D. M. Granbery Are Honored

Mr. and Mrs. C. M. Owen honored their grandson, Scott Jones, and their son-in-law, D. M. Granbery, with a birthday dinner Oct. 24, in their home.

Those present for the occasion were Mr. and Mrs. D. M. Granbery of Kress, Mrs. Don Gregory and Keith of Dimmitt, Mrs. Naomi Hollyfield of Lubbock, Mr. and Mrs. Paul Burrus, Mrs. Naomi Ann Machen and children, Scott Jones and Mr. and Mrs. C. M. Owen, all of Olton.

Mr. and Mrs. Jesse Gipson of Hale Center are the parents of a baby boy, Jeffrey Allen, born Oct. 23 and weighing 9 pounds and 3 ounces.

Mr. and Mrs. Tomas Sanchez of Hart are the parents of a baby boy named Tomas Jr., born Oct. 26 weighing 7 pounds and 14 ounces.

Baptist Circle Meeting Held

The Charlene Moore Circle of the First Baptist Church met Oct. 26 at 9 a.m. at the church.

Subject of the program was "My Church -- Seeing and Doing", and Mrs. A. C. Briggance led the prayer and gave the prayer calendar. Mrs. Rufus DeBerry gave the devotional and led in prayer.

Mrs. L. G. Elkins spoke on the subject "A Church Saw and Gave" and "A Church Saw and Proclaimed". Mrs. Graham chose "A Church Saw and Gave", and Mrs. Homer Curry chose "Church Members--Seeing and Witnessing".

Mrs. C. B. Turner led the closing prayer.

Members present were Mmes. C. W. Phillips, Briggance, DeBerry, Graham, Elkins, Turner and Curry.

The next meeting will be Nov. 1, at 9 a.m. at the church, and a Bible study will be presented at that meeting.

MRS. SMITH HOSTS CLUB

The Olton Home Demonstration Club met Oct. 26 at 2 p.m. in the home of Mrs. Tom Smith.

This was a special meeting honoring the new members of 1965, and also honoring Mrs. C. C. Solesbee, who is moving to Littlefield. She was surprised with a gift from each member.

Halloween decorations were used and refreshments of various kinds of cookies, coffee and punch were served.

Members present were Mrs. Paul McFadden, Mrs. C. C. Solesbee, Mrs. O. T. Crosby, Mmes. Paul McFadden, C. C. Solesbee, O. T. Crosby, Jack Edwards, Z. D. Miller, Alfred Allen, Merle Sharpe, L. A. Blackwell, Homer Curry, Fred Shaw, Tom Smith and Miss Ann Warren.

VISITING RELATIVES
J. M. Taylor is visiting relatives this week in Arlington and Grand Prairie.

MRS. JOHN THOMPSON

Recipe Of The Week

Mrs. John E. Thompson has selected the recipes for this week.

Mrs. Thompson and her husband have three children, Torri, 6; Tawni, 3; and Tamra, 22 months.

The Thompsons attend the First Baptist Church.

Thompson works with his father at Ed Thompson Implement. They have lived here since February.

Mrs. Thompson lists reading and singing as her hobbies.

OATMEAL CAKE

1 1/4 c. boiling water added to 1 c. oats
1/2 c. butter or shortening
1 c. white sugar
1 c. brown sugar
2 eggs
1 1/3 c. flour
1/2 tsp. salt
1 tsp. soda
1 tsp. cinnamon
1/2 tsp. vanilla
1/2 c. nuts.

Let water and oats stand 20 minutes. Cream sugar and shortening, add eggs and beat well. Add oatmeal mixture and dry ingredients, then vanilla and nuts.

Pour into greased, floured oblong pan, bake at 350 degrees for 40 minutes.

ICING FOR CAKE

6 T. butter
1/4 c. canned milk
1/2 tsp. vanilla
1 can angle flake coconut
1 c. chopped nuts.

Spread on warm baked cake and brown under broiler.

SINGS IN REVIVAL

Ivin Wozencraft, son of Mrs. Cora Wozencraft, is singing in a revival in Post this week.

CHOCOLATE CHEESE PIE

9 Inch graham crust
1 (6 oz.) pkg. semisweet chocolate pieces
1 (8 oz.) pkg. cream cheese, softened
3/4 c. light brown sugar
1/8 tsp. salt
1 tsp. vanilla
2 eggs, separated
1 c. heavy cream, whipped

Melt chocolate over hot, not boiling water; cool about 10 minutes. Blend cream cheese, 1/2 cup sugar, salt and vanilla. Beat in egg yolks, one at a time. Beat in cooled chocolate, blending well. Beat egg whites until stiff, not dry. Gradually beat in 1/4 cup sugar, beat until stiff and glossy. Fold chocolate mixture into beaten whites. Fold in whipped cream. Pour into chilled crust, reserving 1/4 of mixture for decorating. Chill until filling sets slightly. With tapered spoon, drop reserved mixture in mounds over top of pie. Chill overnight, 8 servings.

CHOCOLATE GRAHAM CRUST

Mix thoroughly 1 1/2 cups graham cracker crumbs, 1/4 cup brown sugar, 1/8 tsp. nutmeg, 1/3 cup melted butter or margarine and 1 square unsweetened chocolate, melted. Press into 9 inch pan. Chill until firm.

RICH DINNER ROLLS

1 c. milk
1/4 c. sugar
1 tsp. salt
1/4 c. margarine
1/2 c. warm water (105-115 degrees)
2 pkgs. or cakes yeast
2 eggs, beaten
5 1/4 c. flour (about)

PTA Meet Set Nov. 4

The PTA will meet Nov. 4 at 8 p.m. at the cafeteria. Theme of this meeting will be "Together We Help a Child: By Encouraging Acceptance of Community Responsibilities." Mrs. Calvin Graham will lead the devotional, and music will be arranged by Mrs. Bob Allford. The fifth grade students will also present a skit. Following the program, friendship hour will be hosted by the Hospitality Committee.

Miss Cannon Is Honored

Miss Susan Cannon was honored with a surprise birthday party Oct. 22 in the home of Mr. and Mrs. F. B. Coleman. Miss Sandee Coleman and Miss Royetta Moore were co-hostesses.

Refreshments of Halloween cake, candy and punch were served and favors of bubble gum and balloons were given to each guest. The Halloween theme was also used in decorating.

Guests present were Misses Cathy Peterson, Sharon Hall, Lana Myers, Darla Frazier, Margaret Thomas, the hostesses and the honoree.

FRESHMAN CLASS BOOTH
The freshman class of Olton High School will sponsor a booth at the Halloween Carnival Oct. 30. Their booth will feature a dart-throwing contest, comic photographs and other events.

Scald milk, stir in sugar, salt and margarine. Cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast. Stir until dissolved. Add lukewarm milk mixture, eggs and two cups flour. Beat until smooth. Stir in enough remaining flour to make soft dough. Turn out onto lightly floured board; knead until smooth and elastic, about 8-10 minutes. Place in greased bowl, turning to grease top. Cover, let rise in warm place, free from draft, until doubled in bulk, about 30 minutes. Divide dough into three equal pieces. Form each piece into a roll 9 inches long, cut into 9 equal pieces; form into smooth balls. Place in three greased 8 inch round cake pans. Cover, let rise in warm place, free from draft until doubled in bulk, about 30 minutes. Brush lightly with melted margarine. Bake at 375 degrees about 15 to 20 minutes.

SUNDAY GUESTS

Bro. and Mrs. Paul Crooks and daughters, Jana and Jean Ann of Clovis, N.M. were luncheon guests Sunday in the home of Bro. and Mrs. Raymon Carson. Bro. Crooks was the guest speaker at the 11 a.m. worship service at the Reorganized Church of Latter Day Saints.

FROM CALIFORNIA

Mr. and Mrs. Walker Hatley and children, Nancy and Elizabeth of San Jose, Calif., have been visiting here with relatives recently. Her parents are Mr. and Mrs. C. C. Griffith of Plainview, and his mother and sister are Mrs. Effie Hatley and Mrs. Robert Dennis of Olton.

VISIT RELATIVES

Mr. and Mrs. Louis F. Clark visited with her father, E. S. Allen in Vera, Texas and with his parents, Mr. and Mrs. H. W. Clark of O'Brien over the past weekend. With them were their daughter and family, Mr. and Mrs. Hayden Hankins and son of Lubbock.

SCOUT NEWS

Girl Scout Troop 271 met Oct. 26 at 4 p.m. at the Scout house for a trip to the home of Mr. and Mrs. J. L. Snider.

Mrs. Snider took the girls for a tour of the new family home, and instructed them as to how she makes clothes brushes from net.

Refreshments of cola punch and Halloween favors were served to all present.

The next meeting of this troop will be Nov. 2 at 4 p.m. at the Scout house, and the girls at that time will learn to make Christmas candles.

Bykota Study Meeting Held

Bykota Study Club met Oct. 26 at 7:30 p.m. in the PCA Building. Mrs. Jim Brown was hostess.

After a short business session, Mrs. Bobby Copeland conducted a program, the subject of which was "Sex Education for Children."

Refreshments of tuna salad sandwiches, cream cheese sandwiches, pumpkin pie, coke, coffee, chips and nuts were served to Mmes. Royce Bearden, Jim Brown, Bobby Copeland, Joe Hall, Bob Harber, Deryl Machen, Max Malone, James Martin, Don Nafzger, J. P. Nafzger, Fred Pendergrass, Gerald Ray, Landon Smith, Andy Stroebel and Billy Guy Thomas.

The next meeting will be Nov. 9 in the home of Mrs. Joe Hall. Guest speaker for that meeting will be Mrs. Hale of Floydada a handwriting expert, who will conduct individual handwriting analyses.

West Texas Museum Coffee Set Friday

A treat is in store for residents of Olton, Littlefield, Hale Center, Hart, Earth, Morton and Floydada Friday if they attend the "Know Your Museum" coffee and program at the West Texas Museum in Lubbock.

The coffee begins at 10 a.m., followed by a special program by Mrs. Russell Bean in the museum auditorium.

Girl Scouts Meeting Set For Friday

The Court of Honor of Girl Scout Troop 12 will decorate a pickup which the troop will ride in the Homecoming Parade Friday afternoon. The girls are to meet at the gymnasium and will go the the Rev. Gerald

All the girls of Troop 12 are to wear their uniforms and meet on the corner of Ave. G, for the parade. Everyone is to there at 4 p.m. sharp.

GA Officers Are Installed

The two groups of Junior Girls Auxiliary of Olton First Baptist Church met Monday afternoon, Oct. 18 for an installation service. The meeting was opened by singing the G. A. Hymn, "We've a Story to Tell to the Nations." Mrs. W. B. Dickenson Jr., G.A. Director, introduced Mrs. W. E. Andrews who installed the officers.

Officers installed for the 9-10 year old group included president, Chesna Dickenson; vice-president, Helen Lewis; secretary, Cynthia Johnson; treasurer and stewardship chairman, Bennie Mills; program chairman, Relda Strain; community mission chairman, Kathy Dudley; mission study chairman, Vickie Kelley; song leader, Bennie Mills; forward step chairman, D'Lynn Hall; and prayer chairman, Kim Lewis.

Officers installed for the 11-12 year old group included president, Dona Sorley; vice-president and membership chairman, Denise Polk; secretary

Grain Sorghum Group Announces New Service Men

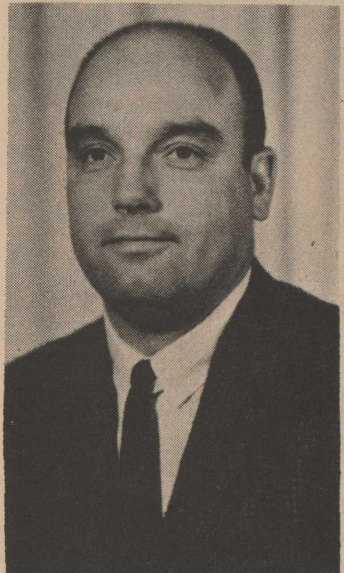

In a major expansion of its membership service program, the Grain Sorghum Producers Association today announced the addition of two field service representatives. In recognition of the increased problems being brought about by the rapid changing of production and marketing patterns in both the North

Plains and South Plains, the new representatives are being established in the heart of each area rather than in the headquarters office, according to Elbert Harp of Abertathy, president of the organization.

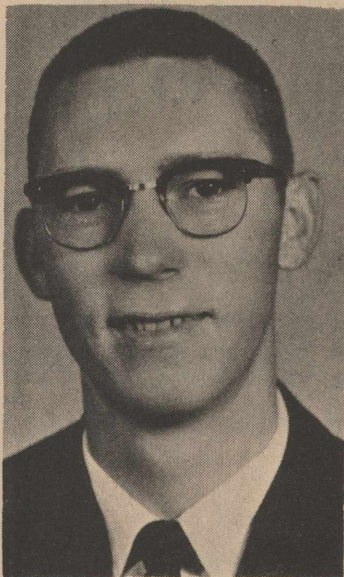

Rudie Tate is being named as North Plains representative and will be headquartered in Dumas and Y. F. Snodgrass is being named the South Plains representative to be headquartered at Abertathy according to Bill Nelson, executive vice-president of the farmer supported commodity group.

Snodgrass attended Texas Tech College School of Business and from 1955 to 1963 was the field man for the High Plains Underground Water District and has worked with farmers throughout the South Plains in developing improved irrigation practices and water conservation methods. He will continue to operate his grain and cotton farm in Hale County.

Tate until recently was county agricultural agent with the Texas A&M Extension Service in Dallam County at Dalhart and previous to that was assistant agricultural agent for Moore County in Dumas after graduating in animal husbandry from Texas Tech.

AMENDMENTS

CONTINUED FROM PAGE 1

citizens who have resided in the United States for 25 years.

IV. To authorize four-year terms of Office for the Governor, the Secretary of State, and other state officials elected in state-wide elections.

V. To give constitutional stature to the Teacher Retirement System and the State Board of Trustees of the Teacher Retirement System of Texas. It would also provide authority for the Board of Trustees of the System to invest assets in securities instead of those eligible or owned by the Permanent University Fund, and would set standards to be observed in investing funds of the System. It would also allow the Legislature to restrict investments under the act at a later date.

VI. To authorize the Legislature to provide for issuance of bonds to be used in creating the Texas Opportunity Plan Fund as a loan fund for Texas students attending public and private institutions of higher education within the state.

VII. To exempt certain hospitals spending at least \$1.5 million for free care for indigents from the payment of ad valorem taxes levied by any taxing entity except the state itself.

VIII. To provide for the automatic retirement of District and Appellate Judges for old age and creating a state Judicial Qualifications Commission, and to provide for removal of District and Appellate Judges for misconduct, and for retirement of Judges in cases of disability.

IX. To authorize the legislature to set the salaries of the Lieutenant Governor and the Speaker of the House, and increasing per diem pay of members of the Legislature from \$12 for 120 days to \$20 for 140 days during a regular session, and 30 days of each special session.

X. To provide four-year terms for members of the Texas House of Representatives.

STRIKES 'N SPARES

Bowling standings for the Aces Mixed league through Oct. 21 are as follows:

Consumers' Butane, won 21, lost 7; Hart Camp, won 18, lost 10; Team no. 2 tied with Farm Chemical, won 17, lost 11; Ray Pool Drive-In, won 14, lost 14; Team no. 8, won 10, lost 18; Western Ammonia, won 8, lost 20; and Team no. 4, won 7, lost 21.

A. T. Couch Services Held

Funeral services were conducted this morning at 10 a.m. in the Main Street Church of Christ for Arthur Thomas Couch, 60, longtime Olton resident who died Oct. 26 at West Texas Hospital in Lubbock. E. R. Higgins, Lubbock minister, and J. D. Lancaster, pastor of the church, officiated.

Couch had been a resident of Olton for the past 13 years. He moved here from Anton, where he had lived for 25 years.

He was a farmer and had been a member of the Church of Christ for 31 years.

Burial was in Anton Cemetery under the direction of Parsons Funeral Home, Olton.

Survivors include his wife, Lucille; two sons, Charles, Anton, and James, Olton; three brothers, Claude and L. L., both of Anton and J. H., Littlefield; three sisters, Mrs. Harvey D. Allen, Smyer; Mrs. L. E. Craft, Denver City; and Mrs. Ralph D. Davis, Lubbock; and four grandchildren.

Pallbearers were M. C. Church, Sidney Allen, George Kidd, E. C. Ross, Glen Exter, and Charles Keisling.

The last league bowling night, Consumers' Butane won 4 from Hart Camp Gin; Team no. 3 won 3, lost 1 to Team no. 2; Team no. 4 won 1, lost 3 to Western Ammonia and Farm Chemical won 4 from Ray Pool's Drive-In of Dimmitt.

High Team Series: Consumers' Butane, 2241, Hart Camp Gin, 2063.

High team games: Consumers' Butane, 787, Farm Chemical, 723.

High series, men: Joe Ellis, 619, Louis Ball, 561, and David Howton, 558.

High series, women: Mae Neinst, 531, Beedie Welch, 507.

High game, men: Joe Ellis, 240, David Howton, 234, Wes Neinst, 215.

High game, women: Mae Neinst, 210.

In Ladies' Leisure League, Super Save won 3, lost 1 to Jack Straw Gin; 3-Way Grain won 3, lost 1 to Olton Drug; Moore Food won 3, lost 1 to Jeffrey Lumber; and Hamill's won 1, lost 3 to Circle Gin.

Individual high series, Vera Young with 489.

Individual high game, Alene Ball with 201.

Team high series, Super Save, 2044, Jack Straw Gin, 1925 and Circle Gin with 1901.

Circle Gin had high game for team with 679.

The standings for the Major-ette League, held Oct. 18, are as follows:

A. C. Light, won 19, lost 9; Howard Hall Ins., lost 10; won 18; Olton Cleaners, won 16, lost 12; Earth Gin, won 15, lost 13; Anita's Styleart, won 13, lost 15; Bleeker Drilling, won 13, lost 15; Lester's Cleaners, won 11, lost 17 and Olton State Bank, won 11, lost 17.

Results the last night of league bowling are as follows: Georgia Stockard, high with Team no. 8, won 3, lost 1 to Lester's; Team no. 6 and team no. 1, split 2; Earth Gin Co., won 4 over Anita's Styleart, and A. C. Light won 3, lost 1 to Olton State Bank.

High individual games were as follows:

Georgia Stockard, high with 242, Vera Young, second with 191 and Jolene Givens with 185. Georgia Stockard also took high individual series with a 584. Second was won by Betty Jordan, with 539, and third by Vera Young with 522.

Howard Hall Insurance won high team game with a total of 718, and also had the high team series with 2047.

FIFTH GRADERS READY FOR HALLOWEEN—Pupils in Bob Allford's fifth grade class at H. P. Webb Elementary School were busily working on Halloween displays to be put up in the room during the holiday period.

Mrs. Matlock

Services Held

Mrs. Betty Louise Matlock, 32, a lifelong resident of Springlake, died Oct. 26 in Bristol Hospital in Dallas following a lengthy illness.

Funeral services were conducted today at 2 p.m. at the First Baptist Church in Springlake with the Rev. M. B. Baldwin pastor, and the Rev. Don Larkin, officiating.

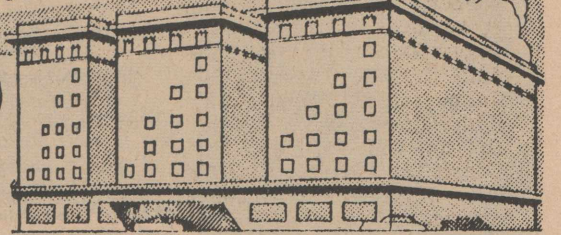

Burial was in Earth Cemetery under the direction of Parsons Funeral Home.

Mrs. Matlock was born in Castro County and had been a member of the Baptist Church in Springlake since 1948.

Survivors include her husband, Grover; a daughter, Debbie Sue, and a son, Sammie Dale, both of the home; two sisters, Mrs. Doug Avery, Earth; and Mrs. Bill Matlock, Alba; and her mother, Mrs. Thelma Mc Clanahan of Springlake.

Pallbearers were P. A. Washington, R. L. Byers Jr., Wayne Davis, Robert Bridge, K. B. Parish and Jim Stevens. Honorary pallbearers were the deacons of the Springlake Baptist Church.

ACROSS THE COUNTY LINE

BY MRS. C. D. TANNER

Mrs. Cassie Copeland visited in the home of her daughter and husband, Mr. and Mrs. Herman Bell of Plainview from Thursday until Saturday. While in Plainview, she attended a bridal shower in the home of Mrs. Walter Hurt honoring Kay Doss of Dimmitt, a great-granddaughter of Mrs. Copeland.

Larry Curry, son of the Rev. and Mrs. Bill Curry of Quitaque, is visiting his grandmother, Mrs. S. M. Breland, this week.

Marcus Breland and J. D. Lancaster flew Breland's sister Mrs. Bill Curry of Quitaque, to Galveston Sunday where she will go through the clinic.

Guests in the L.M. Alexander home Sunday were her cousins, Mrs. Mabel Haws and Mrs. Clara Carter of Lubbock, and Mr. and Mrs. Tom Smith.

Tuesday, Mrs. Ethel Jones entertained the Northwest Home Demonstration Club with a luncheon. In the afternoon, a club meeting was held. Members present were Mmes. Rena Witten, Lucille Witten, Alice Lewis, Sarah Crader, Mary Weiber, May Snelling, May Pinkerton, Evelyn Stephenson, Peggy Bohner, Jean Gallimore, Ruth Kimball, Blanche White, Velma Hardy, Winston Berry, Ruth Painter, Lois McEachern, and the hostess, Ethel Jones. Guests of the club were the Hale County Home Demonstration agent, Miss Cena Brazaele; her assistant, Miss Marcheta Wood; and Mrs. Ralph Wheeler.

Mr. and Mrs. Ernest Jones attended the Hart-Bovina football game in Hart Friday night. After the game, guests in the Jones' home were their daughter and family, Mr. and Mrs. Grady Sorley, Phillip, Debra, and Kenneth and Mr. and Mrs. Don Murphy, all of Bovina.

Saturday night, Mr. and Mrs. Ernest Jones attended the Cotton Carnival at Plainview.

Mrs. Royce McFadden and children visited her parents, Mr. and Mrs. Ernest Jones Sunday while Royce was in New Mexico looking at cattle to buy.

Mary Roberts, Jerry La France, and Dale Amerson, students at Texas Tech were home for the weekend.

Visiting Mr. and Mrs. Tom Bostick during the weekend were Joe Newman and Hubert Newman of Hart and Carol Ann Bostick of Plainview.

Mr. and Mrs. John Ham-bright visited their daughter, and family, Mr. and Mrs. James Robertson, Linda, Jim and Diane of San Antonio, over the weekend.

Mrs. Tom Witten reported that their son-in-law, Charlie T. Burrus, received surgery Saturday at the Methodist Hospital in Lubbock. Also Saturday the Witten's grandson, Kody Carson, son of Mr. and Mrs. Harlan Carson entered the Plainview Hospital and Clinic, where he was treated for asthma.

Mr. and Mrs. Ira McLain of Hart visited Mr. and Mrs. W. R. Norfleet and Mrs. Leila Backeberg Sunday.

Mrs. T. D. Lewis returned home from California Monday. She had flown via jet to Compton to visit her son and his wife, Mr. and Mrs. Jessie H. Lewis. She also visited her new granddaughter, Rhonda Lynn Kersey, at Richmond.

While in California, Mrs. Lewis visited many places of interest including the arboretum at Glendale, where there were trees and flowers from throughout the world. She saw about a thousand peacocks of all sizes; two buildings in which only orchids are grown; and many more beautiful plants. She also went to Forest Lawn. Here she was fascinated by the display of "the stones of the Bible."

This was Mrs. Lewis' first time to fly and she says she is "sold" on flying.

The regular monthly meeting of the Halfway 4-H Club was held at the Community building Tuesday night with Sue Church presiding. The group was led in the motto and pledge by J. Carroll Criswell and in singing by Lesa Helm. The clothing girls presented the program. Each girl showed items she had made and explained the work she had done. This was achievement night for the sewing group. The program was followed by recreation. Then refreshments were served to members, Alice and Rebecca Baumgardner, Lesa Helm, Robin and J. Carroll Criswell, Rhonda and Dwayne Hooper, David McPherson, Connie Prock, Diane and Dana Palmer, Linda McEachern, Gladys Ray Pinkerton and Sue Church. Adults present were Mrs. J. H. Baumgardner, Mrs. Ward Pinkerton, Mr. and Mrs. W. T.

McEachern and Mrs. M. C. Church.

Guests in the Dan Cure home Monday were Mrs. Cure's sister and aunt, Kay Price of Lubbock and Mrs. Ruth Price of Earth.

Mr. and Mrs. Ralph Beasley have a grandson born Oct. 25 at the Plainview Medical Center. The parents are Mr. and Mrs. Gary Beasley of Plainview. The baby boy, born on his father's birthday, has two sisters, Deanna and Kristal. Kristal is staying with her Beasley grandparents at present.

Visitors from Friday until Monday of Mr. and Mrs. Benny Dickson Jr. and family were Benny's parents, Mr. and Mrs. B. T. Dickson Sr. of Graham. They live on Possum Kingdom Lake.

Company over the weekend in the Ralph Beasley home were Mr. and Mrs. Earl George of Farnsworth. Mr. and Mrs. George are former residents of this community.

Saturday Mrs. Benny Dickson Jr., visited a cousin and her new baby, Mrs. Joe Pierson and Mary Jean, at the Litchfield Hospital. Monday afternoon Pierson arrived from the Dominican Republic for a two weeks leave to be with his wife and new daughter.

Mr. and Mrs. Lee Marshall of Muleshoe and Mr. and Mrs. Ray Mullers of Fieldton were recent visitors in the James A. Johnson home.

Sunday Mr. and Mrs. James A. Johnson visited Mr. and Mrs. T. M. Moore of Springlake. Mrs. Moore has recently been dismissed as a patient in the West Plains Hospital, Lubbock.

Attending the State Fair in Dallas from this community this week were Mr. and Mrs. John Norfleet, Nancy, David and Cynthia and C. D. Tanner and Russell. The Tanners attended the Tech-SMU football game in Dallas Saturday night.

The WMU Circles of the Halfway Baptist Church held separate meetings this week.

The Jeanie Mallow Circle met with Mrs. Joe Evans, circle chairman, Monday morning; Mrs. Robert Graham gave the Bible study. Others present were Mmes. Rollo Harrell, Emmette Palmer, and J. T. Mallow.

Circle No. 2 met with Mrs. Clyde Harrell Tuesday morning. Mrs. Foster James, circle chairman, had charge of the program. Mrs. Claude Forgason led the Bible study. Members present were Mmes. Forgason, Ralph Shannon, Oliver Harmel, Clyde Harrell, Foster James, John White and Charles King. Visitors attending were Mmes. Lew Hooper, J. W. Bush and Bob Parker.

The Jane Robertson Circle met at the church Tuesday morning. The circle program was led by Mrs. Gladys Pillow, circle chairman. The group named their circle at this meeting and voted to furnish refreshments for the "Sunbeams" who meet at the same time they do. Present were Mmes. Jerrell Young, Neilan Smith, Jack Parker, Wayne Sistrunk, Eddie Pruitt, Jim Odom and Grady Pillow.

Attending the state fair at Dallas in a group the past weekend were Mr. and Mrs. Bill Griffith, Mr. and Mrs. Jerry Griffith and Mr. and Mrs. Lew Slaughter of Plainview, and Mr. and Mrs. Norman Smith and Mr. and Mrs. Herbert Smith of Providence community.

Mr. and Mrs. J. L. Snapp of Saint Jo, former residents of this community 30 years ago, stopped at the C. C. Tanner home Saturday to make inquiry about many of their friends and neighbors at that time. When Mr. and Mrs. Snapp and children lived in this part of the country, they lived for several years on the farm now owned by the Tanners.

ATTEND WT HOMECOMING Mr. and Mrs. Garland Long and Sylvia Pinkerton of Halfway attended the West Texas State homecoming celebration at Canyon Saturday afternoon, and visited with their daughter, Lawana, over the weekend. They returned home Sunday.

TO MISSIONARY COUNCIL Several ladies from Olton and the area attended the Missionary Council held in Amarillo all day last Friday. They were Mmes. V. O. Harrod, L. A. Blackwell, Gerald Davis, Bill Gary of Hart Camp and D. A. Bath of Hart.

ATTEND FUNERAL Mr. and Mrs. C. E. Bley left Thursday from Lubbock via jet for San Francisco, Calif. to attend the funeral of her brother, Dr. Harper, a well-known physician in that area as well as here.

NEW 4-H MEMBERS—In the back row, left to right, are David Norfleet, Doniece Ross, Melva Mitchell, Cynthia Norfleet, Melita May and Steve Holt. Picture in front, left to right, are Monette Ross, Randy Austin, Karlan Kennedy and Chesna Dickenson. Not pictured is 4-H'er Lyndell Edwards.

New Olton 4-H Members Have Many Varied Activities

A boy or girl between the ages of 9-19 may join the Olton 4-H Club at any time and participate in the projects and other activities such as the monthly meetings held on the second Thursday night of each month at 7:30 p.m. at the American Legion Hut, the subject matter meetings, county rally day, county achievement awards program, and other activities. They may enter local and county competition and from there, if winners, go on to district and some times into state competition.

New members of the Olton 4-H Club for the year of 1965 and some of their activities have been the following:

Melita May, age 9, is the daughter of Mr. and Mrs. Archie May. Melita wanted to join 4-H and help her brother and sister, Marlos and Marlana, in working with show lambs. Melita has had entries in the Olton stock show and at the State Fair of Texas.

Steve Holt is the son of Mr. and Mrs. Bub Holt. He hasn't selected his project to work on as yet, but he "wants to show" as soon as he can.

Cynthia Norfleet, age 9, daughter of Mr. and Mrs. John Norfleet joined 4-H with a burning desire to own and show a lamb. She and her father attended the Olton lamb sale, bought two lambs, and Cynthia showed her first lamb at the state fair. Cynthia's interest grew; she joined a cooking group and completed Unit I in the summer; she became interested in sewing, made a skirt and won a blue ribbon at the county dress revue; she is now adding a project in safety also.

ject in safety.

David Norfleet, son of Mr. and Mrs. John Norfleet, is also active in the Olton club and is carrying several projects. He has raised two calves, one of which has been butchered for the family, the other he hopes to have ready to show in the Olton stockshow. He, too, has a lamb project. David is a member of a team working on a forestry demonstration.

Melva Mitchell, daughter of Mr. and Mrs. Melvin Mitchell, joined 4-H because she had heard her brother, Dewayne, talk about it. Melva joined a cooking group and completed Unit I. She turned in her record for her project for the year.

Randy Austin, son of Mr. and Mrs. Billy Austin; Karlan Kennedy, son of Mr. and Mrs. Leslie Kennedy Jr., and Lyndell Edwards are three of the newest members of the Olton Club. They decided they wanted to join and each has taken swine as his first project. They will be competing in the stock shows. Chesna Dickenson, 9-year-old daughter of Mr. and Mrs. W. B. Dickenson Jr., loves animals and has as projects two lambs and a calf she hopes to enter in the Olton stockshow. Chesna and Cynthia Norfleet worked together and presented a display of some of their cooking at the Olton achievement night. She has started a project in safety also.

Doniece and Monette Ross, daughters of Mrs. Wanda Ross, made the Olton 4-H Club really realize they meant to be active members of this club when they took parts in the skit given

in the talent show, sponsored by the junior leaders, family night in July. Doniece is carrying projects in dress revue and foods. She entered the county competition with her skirt and food she had prepared. Monette joined 4-H when she became nine so she could learn the same as Doniece in cooking and sewing and add a project in "Dog Care and Training."

The interest and enthusiasm of these boys and girls help "to make the best better" in the Olton 4-H Club.

Nazarene Revival Set

The Church of the Nazarene will hold a revival beginning Nov. 1 and continuing through Nov. 7. The services will begin each evening at 7:30 p.m.

The evangelist, the Rev. Albert Neuschwanger, is the pastor of the River Oaks Church of the Nazarene, Fort Worth. He also serves as District Church School Board Chairman on the Abilene District.

The Rev. Neuschwanger has had extensive experience working with youth. He served as District N.Y.P.S. president for eight years on the Rocky Mountain and Idaho-Oregon Districts.

Special music by the church choir, including solos, duets, and trios, will be presented each evening. Congregational singing, led by Mrs. Calvin Graham, will feature gospel songs.

The pastor of the church, the Rev. Gerald V. Davis, extends an invitation for all to attend the services.

REV. NEUSCHWANGER

VISIT GIDDINGS
Mr. and Mrs. Arthur Nafzger spent the weekend at Giddings, Tex., in the home of the Rev. and Mrs. Raymond Jurgler, and also visited Mr. Sam Nafzger, who is ill.

IRRIGATION EFFICIENCY TEST--Workers on the Merrill Brigrance farm, five miles south of Olton, help measure water flow in pre-irrigation period tests run by the Soil Conservation Service. Pictured are V. J. McAdams, Jimmy Reynolds and an unknown farm hand. The tests are conducted yearly by the SCS office to obtain data on better irrigation management.

SCS Approves Bench-Leveling Program For Increased Irrigation Efficiency

Results of a five-year test by Lamb County Soil Conservation District on the effectiveness of bench leveling on water control have been released.

Figures show a net increase of approximately \$25 an acre for cotton and grain sorghum grown on bench-leveled land, opposed to normally grown crops on sloping land.

In addition, the increase in return was achieved with a lower average amount of water per acre on both cotton and grain sorghum land.

Information gathered on 25 acres of sloping land that was parallel bench-leveled at the High Plains Research Foundation at Halfway in 1958 show that over a five-year period, grain sorghum planted on the plot netted \$25.49 per acre more than a regular sloping plot of land.

At the same time, the bigger increase was obtained with 7.1 acre inches of water less.

In 1964, the bench-leveled land netted \$31.03 per acre more than conventionally worked sloping land.

The five-year average for cotton showed an increase of \$24.41 per acre and irrigation water amounts were reduced 1.3 acre inches per year.

In 1964, at the beginning of a new test period, cotton returns were increased \$41.21 per acre on the bench-leveled land.

The decrease in water usage is attributable in part to the fact that the bench-leveled land allowed maximization of rainfall utilization, without runoff.

At the same time, soil productivity is maintained through less soil erosion and uniform quality and quantity of yields. This uniform yield is part of

the reason for the increase in return, but the SCS office also figured the cost of the irrigation at 75 cents per acre inch of water.

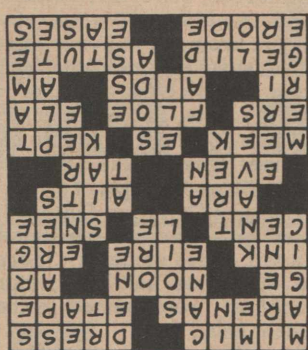

Thus, with a reduction in water need, the return was also greater than on conventionally farmed sloping land.

The main arguments against the use of bench leveling are the increased difficulty in keeping such land clean, and the initial cost involved in erecting the benches.

However, the SCS office says that new machines used in cultivating such land have proven their efficiency, and that new methods in flame and chemical weed control have discredited the argument.

Women Bowlers Meet Slated

The Olton Women's Bowling Association will hold an open meeting Tuesday, Nov. 2 at 7 p.m. at Hamill's Restaurant. All members are urged to attend the meeting.

Bufs Go On Road After Loss

CANYON--After five straight home games, the West Texas State Buffaloes, who lost their first game to New Mexico State, 10-2, last Saturday, leave the friendly confines of Buffalo Bowl for an engagement against highly regarded Memphis State in its new Memorial Stadium this Saturday night.

Two weeks ago, Memphis State had just absorbed its third straight loss of the season and the Bufs had rolled to win number four in as many games. Had the teams played then West Texas State would surely have been favored. However, the Tigers rose up to claw tenth-ranked Mississippi State, 33-13, and blanked McNeese State, 28-0, while the Buffaloes were squeezing by Colorado State University, 15-12, and dropping their homecoming encounter, 10-2, to New Mexico State. All of which boils down to the Bufs being underdogs to the Tiger for the third straight year.

The Tigers won the first two games of the series in 1963 and 1964 by scores of 29-14 and 41-0. Last year's game was a field day for Memphis State quarterback Billy Fletcher. All he did was complete six of 13 passes for 108 yards and one touchdown, ramble 128 yards in 13 sorties with the football, kick five extra points and a pair of field goals from 30 and 50 yards out. That adds up to 236 yards in total offense, 28 more than the Bufs made, and 17 points accounted for.

Fletcher has been no less sensational this season. He leads the Tigers in scoring with 45 points, in rushing with 355 yards and passing with 55 of 131 for 731 yards and seven TD's. He won Back of the Week (Associated Press) for his sterling performance in the Tigers' upset over Mississippi State.

Buffalo head coach Joe Kerbel will be trying to get his offense rolling this week. The attack group managed only 122 yards against New Mexico State and failed to score after a fine defensive play had given them a first down on the Aggie 15. It was an all around bad day for the offense. Protection for quarterback Hank Washington was poor and consequently the big transfer completed only 12 of 29 for 99 yards. Three of his throws, half his season's total, were intercepted and he was pounded for a minus 31 yards net rushing. It was the first time he had failed to throw at least one TD pass in six games.

The bright spots were record-setting performances by Washington and his top receiver, Ted Wheeler, 200-pound junior end from Detroit. Wheeler speared five passes to bring his season's total to 23, tying the record set in 1950 by the redoubtable Bill Cross. Hank brought his season pass attempts figure to 156 and number of plays to 226, both of which bettered the existing standards. Most of the school's season passing records are well within reach barring an injury in the remaining four games.

SISTER VISITS

Mrs. Dave Adams of Crowell visited with her sister, Mrs. Bud Grimsley this week.

SON VISITS

Joe Hysinger of Hereford visited with his mother, Mrs. H. A. Hysinger, Monday.

4-H Meeting Held Oct. 14

The Olton 4-H Club met Oct. 14 at 7:30 p.m. at the Legion Hut.

Iva Tanner, president of the local club, presided at the meeting.

Among items discussed at the meeting was the announcement that Lamb County achievement night would be held Nov. 8 in Littlefield. Laura Wheeler gave her report on the project undertaken by the club for National 4-H Week. Mrs. C. T. Hulsey announced that the concession stand at the pig sale had been given to the club.

New business conducted at the meeting included the decisions to have a concession stand at the swine sale, a float for the homecoming parade, selection of the District of Columbia as theme state, and a committee was appointed to appropriate equipment for the making of the float for the parade.

Several reports on projects were given by members and Cheri Dorris led the 4-H prayer.

FRIONA BOOSTER CLUB

STATE CAPITAL Highlights AND Sidelights

AUSTIN--Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on Nov. 2. However, little is being said on behalf of perhaps the most controversial of all the proposals -- extending the terms of office of the governor and other state-wide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly op-

poses the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speaker of

the House and Lieutenant Governor and to increase lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year-terms amendments may spread over to other less controversial measures. A light voter turnout is forecast.

State Supreme Court, reversing lower courts, threw out State Comptroller Robert S. Calvert's cancellation of Houston tobacco wholesaler Mair J. Schepps' ("House of Tobacco, Inc.") state permit.

Court, in one of its 114 rulings opening day of its 1965-66 session, said Calvert's cancellation was unconstitutional because he held no hearing on case.

Harry M. Harrington Jr., Longview oilman, asked court to throw out as unconstitutional the law under which attorney general has brought more than 100 civil penalty suits against slant-well operators and won more than \$1,600,000 in penalties for state. Harrington, with three others, was assessed \$304,800 in penalties.

High court in other cases: *Agreed Shell Oil Company should be permitted to install its trademark on seven service stations leased from El Paso Natural Gas Products Co. *Declined to review lower court dismissal Lower Neches Valley Authority suit against City of Beaumont.

*Set a hearing Dec. 1 in controversy over Hurricane Carla insurance claims.

*Rejected effort of Corpus Christi lawyer to get two other attorneys disbarred.

RECORD LEASE SALE REPORTED

Land Commissioner Jerry Sadler said addition of \$6,800,000 from last state oil and gas lease sale of 1965 brought the year's total to a record \$85,000,000.

Sale covering 131,660 acres of land located throughout the state averaged over \$52 per acre on bonus payments. High bids were made by Phillips Petroleum Company which paid \$293,760 for each of two Gulf of Mexico tracts in Brazoria County.

All leases, except four river and bayou tracts, were awarded by the School Land Board for five-year terms and a one-sixth royalty on production. River and bayou tracts were leased for two years.

AG RULES

Atty. Gen. Waggoner Carr has ruled a Commissioners Court may not lease a county hospital if the lease allows the lessee to encumber the land, buildings and equipment. The court may not create debts in any manner other than time warrants or bonds duly voted upon by the property holders of the county.

In other rulings, Carr said: *Commission for Indian Affairs may execute long-term leases with federal agency for public housing on tribal land, but only with approval of a majority of Indians on Alabama-Coushatta Reservation.

*Reserve for bad debts and reserve for bond depletion for First Lockhart National Bank are not taxable to bank, but should be taken into consideration in determining value of bank stock for ad valorem tax purposes.

*Tabloid "National Informer" and "National Tattler" publications meet test of "weekly newspapers." *Parks and Wildlife Department is authorized to participate in Land and Water Conservation Fund Act and receive federal grants-in-aid.

MODERN STATE PARKS

Texas Parks and Wildlife Department has released a full color film, available to clubs and various other groups, depicting the step-by-step conversion of areas into public recreation parks.

Film shows how state funds have been put to use in modernizing state parks all across Texas.

DRAFT TALK

Young men who married before Aug. 27 may be called for physical-mental examinations by some Texas draft boards in November. This, to help fill the Texas quota of more than 6,000 men.

Col. Morris S. Schwartz, state Selective Service director, said the decision was made because some local draft boards may not have enough men otherwise.

Order doesn't pertain to married men with children.

Draft-age men are warned by Selective Service that it's a criminal offense to mutilate draft cards and subjects drafted to five years imprisonment, a fine up to \$10,000 or both. Destroying a card can speed up induction, warning said.

HAPPY ANNIVERSARY

Olton Students Attending LCC

Sharon Armstrong, Janice Lancaster, Dale Amerson and Labry Fancher, all of Olton, are presently attending classes at Lubbock Christian College.

Miss Armstrong, daughter of Melvin Armstrong, is a sophomore education major at LCC. She is a member of LOA social club. Miss Lancaster, daughter of Mr. and Mrs. J. D. Lancaster, graduated from Olton High School this year. There she was active in FHA, the Science Club, National Honor Society, and the Pep Club. She is majoring in math.

Amerson, son of Mr. and Mrs. L. D. Amerson, is a transfer student from West Texas State University. He graduated from Olton High in 1964. Fancher, a 1963 graduate, is the son of Mr. and Mrs. Cloys Fancher. He has attended West Texas State and South Plains College.

Lubbock Christian College is enjoying a record enrollment this fall of 848 students. There are 20 states and 16 foreign countries represented in the student body.

HAS OPERATION

Charlie Burrus, son of Mr. and Mrs. Paul Burrus, had minor surgery last week and was hospitalized in Lubbock for several days. He was released from the hospital Sunday.

Texas Drivers Speeding Up

Texas motorists are driving a bit faster than they did last year, the Texas Highway Department 1965 Speed Survey indicates.

The survey, conducted by the Department's Planning Survey Division to determine traffic needs, was made public today.

Another report comparing average daytime speeds with average speeds at night was released at the same time. It makes it clear that darkness does not necessarily bring a slow-up in driving speeds.

In Texas, the speed limit for passenger vehicles, pickup trucks and buses is 70 miles an hour during the day and 65 at night. For large trucks the daytime limit is 60 miles an hour and 55 at night.

As in 1964, the data for the Speed Survey was obtained through the use of a radar speed machine.

An effort was made to camouflage the survey operation at each of the 31 locations where the checks were made. For this reason, it is believed that the speeds are indicative of the normal driving habits of Texas motorists.

More than 34,000 vehicles, including passenger cars, trucks and buses, were checked for the survey.

The survey found 10.2 per cent of the passenger cars exceeding 70 miles an hour, compared to 5.1 per cent a year ago.

The average speed for trucks was 53.1 miles an hour, compared to 51.8 in 1964. For buses, the average speed was 63.3 miles an hour, compared to 62.4 in 1965.

For the day and night report, more than 7,800 vehicles were surveyed -- 5,381 during the day and 2,454 at night at five locations.

Although the average day speed was 59.8 miles an hour, compared to a slight drop to 58.2 at night, 16.5 per cent of the night drivers were exceeding the posted speed limit, 65 miles an hour.

For buses, there was a decided drop in the per cent exceeding 70 miles an hour. The 1965 survey found only 0.6 per cent of the buses exceeding 70, compared to 5.7 per cent in 1964.

There was an increase, however, for trucks with 1.1 per cent exceeding 70, compared to 0.4 per cent last year.

The average speed for all vehicles was 58.6 miles an hour. This compares to 56.6 miles an hour in 1964. The average speed for passenger cars was 61.2 miles an hour, compared to 58.8 miles an hour last year.

SUNDAY VISITORS

Visiting Sunday in the home of Mrs. Annie Campbell and Mrs. Patsy Franklin were Mr. and Mrs. Junior Campbell of Tulsa and Mr. and Mrs. Gradean Franklin and son Stevie of Lubbock.

RETURN FROM VACATION

Mr. and Mrs. J. A. Carruth returned home Sunday night after an 18-day vacation which they spent in Truth or Consequences, N.M. They report that they had a very nice vacation at the springs there.

SON IS HOSPITALIZED

Kirk Carson, son of Mr. and Mrs. E. H. Carson, returned home Thursday from a hospital in Plainview where he was hospitalized for two days following major surgery. He is now doing fine.

Mahon Returns, Makes Statement

Congressman George Mahon returned to the District early this week following "a rugged and historic session of Congress which set a modern record of 383 roll call votes in the House and the passage of 85 pieces of major legislation."

Mahon, who was present for all of the roll call votes, said, "The impact of the legislation enacted in this Congress will be felt for generations. I opposed some of it; I supported some."

Mahon, who played a key role during the session of Congress as Chairman of the House Appropriations Committee, which provides legislation for funds for all government programs, says he feels that the country needs to pause and undertake to digest the huge amount of legislation which has been passed.

"We need to avoid legislative indigestion, as one who eats too much too fast, and I am anticipating a shorter session next year, with a less amount of legislation."

isolation. It is going to take some time to evaluate the legislation we have passed this year. Refinement and modification will be in order."

Mahon pointed out that the ultimate success or failure of much of the legislation, including the Farm Bill, will depend on how well the programs are administered by the Executive Branch.

The Congressman expressed pleasure at being home again and indicated his intention to spend as much time as possible between now and the next session of Congress out among the people of the 20-county District. His staff will be in charge of his Lubbock and Washington offices pending the reconvening of Congress in January. The Lubbock office is in the Post Office Building.

Mahon will be in Washington early next week to join Texas Tech officials in conferences with federal officials.

RETURN HOME

Mr. and Mrs. Don Carson and children, Julie and Kelly, returned home to Stockton, Calif., last week, after spending two weeks here visiting with their parents, Mr. and Mrs. J. L. Carson Jr. and Mr. and Mrs. Charles Golden.

Don Loveless Aboard Sub; In Collision

QMSN Don Loveless, grandson of D. H. Ball of Olton, was aboard the USS Sargo (SSN-583) when she collided with the submarine USS Barb (SSN-596) 15 miles west of Barber's Point, Oahu, Hawaii.

Both submarines returned to Pearl Harbor under their own power. Damage to the Barb was slight while the Sargo received extensive damage to the superstructure. No estimate of the damage was given and no injuries were reported aboard either submarine.

Loveless reported aboard the USS Sargo Oct. 4 and expects to remain on board for the rest of his military service.

IN GALVESTON HOSPITAL

Mrs. Jim Steele has been under treatment in St. Mary's Hospital in Galveston for some time and is reported to be in serious condition.

Historical Meet Set In Odessa

Texas citizens interested in saving Texas history through the five-year RAMPs program of the Texas State Historical Survey Committee will meet in Odessa Oct. 28-31 at the Lincoln Hotel.

The continued implementation of this program of Recordation, Appreciation, Marking, Preservation, and Surveys (RAMPs), through the County Historical Survey Committees will be presented in a two-day program whose theme is "See and Save Texas History", according to Mrs. Paul Burrus, of Olton, Lamb County Historical Survey Committee.

Planning to attend from this county are Mr. and Mrs. Roy McQuarters, Mr. and Mrs. Tom Matthews, Mrs. T. H. Anderson, Mrs. W. D. T. Storey, Mrs. Paul Burrus and Mrs. Simon D. Hay.

Preservation and Restoration of Historic Buildings and Sites is the subject of a panel to be headed by Edward H. Harte, of Corpus Christi. Experts in these fields will be on hand to present this information at the statewide meeting.

A. M. Pate Jr., member of the TSHSC of Fort Worth, will preside over one session devoted to "Establishing and Operating Museums." Mrs. John Harvey, Crosby County Pioneer Memorial Museum, Crosbyton; Rev. Oscar F. Landry, Indian Village, Livingston; and Helmut Naumer, Fort Worth Children's Museum, will appear on this panel discussing Gathering Material, Temporary Museums and Museum Finance and Displays and Interpretation. President Emeritus of Hardin-Simmons University will conduct the panel covering Historical Papers, Archives and Documents in which Dr. Dorman H. Winfrey and James M. Day of the Texas State Library and Archives will participate.

Naming Natural Features for historical recordation will be emceed by R. Don Thorne of El Paso and panelists will be Will Davis, TSHSC vice president, Austin; Thomas C. Unis, Dallas; and Harold L. Kennedy, Washington, D.C.

Of prime interest to county chairmen will be the session in which "Writing County History" will be delineated by Elvis Fleming, Region 17 coordinator of the TSHSC, Morton, and H. F. Teague, publishing executive of Austin.

Harold Robbins, manager of Tourist Advertising and Development, San Antonio Chamber of Commerce, leads the group which will cover History and Tourists. On this panel Mrs. Joe Felps, Junction, will discuss Tours; Mrs. Lawrence Hamrick of San Saba, Dedications; and Truett Latimer, executive director of TSHSC, Austin, will exhibit maps, historical directories and place mats in his talk.

An historical tour planned by John Ben Shappard, president of TSHSC, for the guests and county delegations will begin Saturday with breakfast served by the Chuckwagon Gang at Meteor Crater; thence to Monahans Sandhills State Park for a tour of the museum and ride over the dunes.

Then after lunch at Hunter Lodge in McKittrick Canyon (Guadalupe Mountains), the group will visit the Prude Guest Ranch, Fort Davis. A visit to McDonald Observatory will conclude Saturday's tour. Sunday, a visit to the Old Chapel at Fort Davis and the fort will end the tour.

It has been emphasized that reservations for any or all of the sessions in Odessa are still available and that guests and others interested in "Seeing and Saving Texas History" are welcome at the Texas State Historical Survey Committee meeting in Odessa.

VOTE FOR AMENDMENT 7

- Exempts private charity hospitals doing at least \$1,500,000.00 in free work per year from ad valorem taxes except those paid to the State of Texas.
 - Exempts property only in the home county of hospital.
 - Money saved on taxes must go to charity work in the hospital.
 - Does not exempt state taxes.
 - Helps private hospitals to help Texans.
- ☒ **Vote For**
☐ **Vote Against**
 (Pol. Adv. Pd. by
 Walter G. Sterling, Chairman)

HALLOWEEN MEANING—Janet Spain, a pupil in Mrs. Lea Belle Hooper's fourth grade class at H. P. Webb Elementary School, seems to ponder the meaning behind Halloween as she studies the bulletin board display arranged in the room by her class.

County Health Services Revealed

How Lamb County's health personnel and hospital facilities compare in quantity with what is available in other communities is revealed in a new survey, conducted by the U. S. Public Health Service.

The need for such an inventory has been brought into sharp focus by the critical situation that is developing in the United States in the field of health care.

For some years, the supply and distribution of doctors, nurses, technicians and others have been failing to keep pace with the changes in population. These services will be stretched even thinner than they are now when medicare becomes effective July 1, 1966.

The results of the survey have just been released in a publication entitled "Health Manpower Source Book." It is the first such study in five years. It details the medical and dental services available in each part of the country.

Lamb County is listed with a total of 61 people in the four major categories—physicians, dentists, nurses and pharmacists.

In Lamb County, the 61 men and women in the health categories listed are equivalent to 27 per 10,000 population. Among comparable counties throughout the country, the average is 57 per 10,000 persons.

For the Southern States as a whole, the rate is 52 and, in Texas, 50.

The breakdown shows 18 physicians, 4 dentists, 25 nurses, 15 of whom are active, and 14 pharmacists.

The figures, which reflect 1962 registrations in some instances, are based on place of residence. Wide regional and other variations exist in the supply of such personnel in relation to population. The concentration is unusually high in the greater metropolitan areas.

Government experts estimate that medicare will cause hospital usage to jump 15 percent or more, creating the need for more hospital beds.

The report shows, that in

HAS APPENDECTOMY

Miss Lindy Ray, daughter of Mr. and Mrs. Kenneth Ray, and a student at Texas Tech, underwent an emergency appendectomy at University Hospital in Lubbock last week. She is now going fine.

Tech, Rice Tangle Set

LUBBOCK--Rice and Texas Tech, a pair of teams that confounded the experts last week, tangle at the Red Raiders' homecoming in Jones Stadium at 2 p.m. Saturday.

Rice, winner only over Louisiana Tech, found the range on mighty Texas 20-17 while the Raiders were edging three-point favorite Southern Methodist 26-24 last week.

Texas Tech is now 5-1 for the season, 3-1 in Southwest Conference play.

For Coach J. T. King's Raiders, it was the fifth time this season they came from behind to win. Unlike the last three contests, however, the Raiders didn't wait until the final two minutes of the game. This time they went ahead for keeps in the final 44 seconds of the first half.

Rice holds a 13-1-1 edge in the rivalry. Tech hasn't won since 1944, when the Walt Schlinkman-led Raiders edged the Owls 13-7 at Houston. The best Tech has done in the 12 games since then was play a 6-6 tie last year.

As part of the college's Fortieth Anniversary observance, the 1925 team, Tech's first, will hold a reunion this weekend.

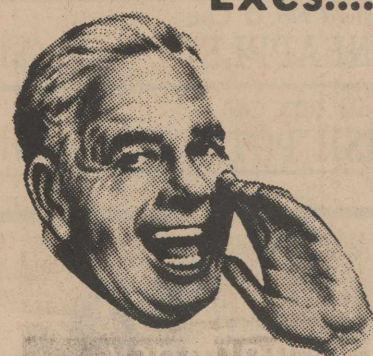

A basketball game matching the varsity with the freshmen and redshirts will be played at 4 p.m. Friday in the old gymnasium. Admission is free.

Tips Offered To Avoid 'Little' Auto Accidents

Little auto accidents that cost plenty but never get into the reported statistics account for two thirds of all our accidents. They are especially common in parking lots, driveways and on narrow neighborhood streets.

According to Changing Times, the Kiplinger magazine, odds are that in the next five years you will have one auto accident serious enough to report and two of the little ones, too minor to report.

The serious one will cost no more than the deductible amount in your insurance coverage; the two little ones could cost you almost twice as much and many times the annoyance. What can you do to avoid the toll? This month's issue offers these five tips to help you recognize and avoid little accident hot spots:

In parking lots, belone. Park away from the crowd when you can. The extra steps help protect your car from abrasion and impact. The stray grocery cart is a prime offender, but door-banging from a closely parked neighbor is another annoying problem.

Get it off the street. Considering the protection from vandalism, hit-and-run damage

and theft, a garage pays off. When you must leave your car on the street, don't park too close to other vehicles and get as near the curb as possible. Try to park on a street with little traffic and near a street light.

Watch the back in front. The rear-end collision is common and not so minor anymore. Remember that the vehicle in front can come to an extremely fast stop.

Leash the kids and pets. Children and dogs in cars are a leading cause of accidents where the traffic is dense. Buckle a child's safety belt and cage or chain the animals whether on a long trip or driving in town. On other word of advice is to watch out for kids or pets in the car, even if they're in the car ahead.

Keep out of tight corners. Give other cars, busses, trucks all the time and room they need. Drivers to steer clear of include the motorist who's lost and trying to feel his way along.

"At best, the small accident is annoying, inconvenient and an unplanned expense, reasons enough to stay alert and avoid it," according to Changing Times. "But the best reason of all is that the accident that starts out small doesn't always end that way."

And here we go with medicare, looking forward to many, many ailments previously beyond our means. —Changing Times.

VOTE FOR

AMENDMENT 7

- Exempts private charity hospitals doing at least \$1,500,000.00 in free work per year from ad valorem taxes except those paid to the State of Texas.
- Exempts property only in the home county of hospital.
- Money saved on taxes must go to charity work in the hospital.
- Does not exempt state taxes.
- Helps private hospitals to help Texans.

Skate Boards Said 'Risky'

Skate boarding is downright risky.

Broken bones are becoming more common as skate boarding becomes more popular. No one could even begin to count the cases of bruised and skinned knees and elbows. There even have been a few deaths in skate board accidents.

So what's to be done about skate boarding? Should the American Medical Association caution parents to forbid the boards for their offsprings? Obviously, it isn't practical to issue a ban against every youthful activity that might result in a skinned knee, or even occasionally in more serious injury. Bicycling also is dangerous. So are roller skates.

Except in those communities that have passed laws making skate boarding illegal, the popular sport is very likely to continue and, unless it proves to be a passing fad, gain even more devotees.

The skate board, incidentally, is a small board about two feet long to which are attached roller-skate-type wheels. It is ridden like a surfboard, can be steered somewhat by body movements.

Recognizing that skate boarding, albeit hazardous, is popular, the National Safety Council has drafted a set of safety precautions to help hold down the accident toll—

*Public streets should not be used for skate boarding. Neither should driveways that incline into the streets.

*Confine skate boarding to playgrounds, noncongested sidewalks and restricted portions of parking lots and shopping center parking areas.

*Beginners are urged to be mindful of the speed potential and hazard of falling, and confine maneuvers to skill level.

*Control, not speed, should be stressed. "See" and "Be Seen" are the watchwords.

*Check the board frequently to make certain that it is in good working order.

*Store boards safely when not in use. Don't leave a board on the walk, driveway or near the stairs.

*Parents should make certain that children understand and apply these rules.

Many communities have passed laws regulating or prohibiting skate boarding. Before buying a skate board for your child, make certain that he won't violate the law by using it.

PET OF THE WEEK is Tinker, one and a half year old Chihuahua who is the pet of Mr. and Mrs. Orian Hackler.

Farmers Union Convention Set In Abilene

Farmers from over the state will soon be converging on Abilene for the sixty-second annual convention of the Texas Farmers Union which opens Thursday morning, Nov. 4, at the Windsor Hotel.

Delegates to the state Farmers Union meeting will celebrate the passage of the 1965 Farm Bill which, according to the officials of the organization, "bears the unmistakable stamp of the Farmers Union."

State Farmers Union President Jay Naman says that the "delegates to the state convention will be charged with the responsibility of adopting a program that will assure that the provisions of the recently passed farm bill operate to increase farm income and accomplish the other long-range objectives that Farmers Union has sought traditionally through the approach clearly defined in this Farmers Union farm bill."

Olton School Lunch Menu

NOV. 1 - NOV. 5, 1965

MONDAY--Mustang burger, vegetable beef soup, peanut butter and crackers, sliced pickle, half peach, candy bar, and milk.

TUESDAY--Beef casserole, french fries, catsup, broccoli, pear and olive salad, chocolate pudding, rolls, butter and milk.

WEDNESDAY--Fried chicken and gravy, steamed rice, 3-bean salad, applesauce, gingerbread, rolls and milk.

THURSDAY--Barbecue, buttered potatoes, green beans, lettuce and tomato salad, apricots, orange cake, rolls, butter and milk.

FRIDAY--Sea wiches, with tartar sauce and bun, brown beans, potato chips, carrot sticks, cherry pie, and milk.

Straw Enrolled At Memphis U.

MEMPHIS--One Lamb County student is enrolled for the fall semester at Memphis State University. University officials said enrollment for the fall term which approaches 13,000 students, increased more than 2,400 over the same period last year, when 10,600 students enrolled.

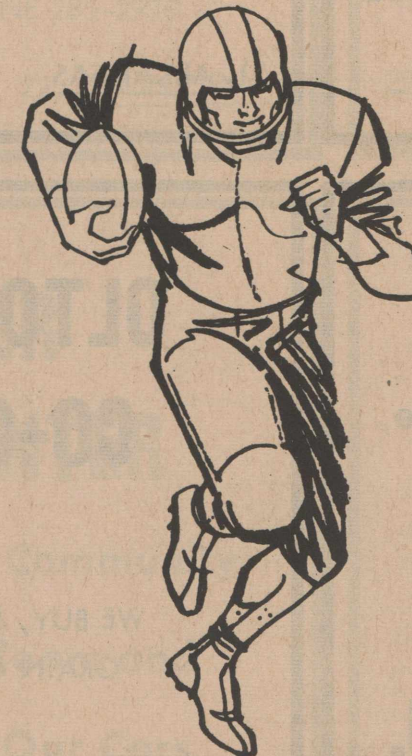

The Lamb County student at Memphis State is Robert S. Straw, son of Mr. and Mrs. Robert L. Straw of Olton.

Fall semester classes began Sept. 27 and will end with commencement Jan. 29. Classes for spring semester begin Feb. 10.

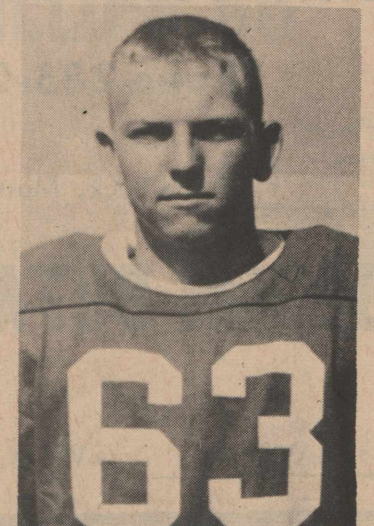

This fall's record breaking enrollment at Memphis State includes students from 47 states and 31 foreign countries. Another increase of over 2,000 students is expected next year and 20,000 students are expected by 1969.

C'MON MUSTANGS--

ABERNATHY AMBUSHES PONIES IN 56-12 TILT

A hard-hitting, quick-striking Abernathy team stunned Olton early before a partisan homecoming crowd, then kept up the pressure to roll to a 56-12 District 3-AA victory over the Ponies last Friday night.

The story of the game was the fact that Abernathy scored almost every time it got the ball. On 10 possessions, the Antelopes scored eight touchdowns and reached the Olton one-yard line another time.

The win gave the Antelopes a 6-1 season record to go with a 2-0 district mark. Olton was left at 2-5 for the year and 0-2 in 3-AA play.

Abernathy's fine quarterback, Lane Wade, covered 107 yards in 12 carries and hit 8 of 13 passes for 99 yards and one touchdown. He also scored twice on runs of one and 32 yards.

The Antelopes' big fullback, Doyle Fuller, scored three times on carries of 43, 3 and 3 yards.

Olton's touchdowns came on a five-yard run by Joe Priest, and

a Priest pass to Dale DeBerry for 22 yards and a score.

A bad break opening the game, coupled with the fact the Mustangs failed to score on an early sustained drive led to the Ponies' downfall.

Abernathy recovered a fumble with the game less than two minutes old and took over at the Olton 36.

Roland Murray got a first down for the Antelopes at the 17, and two plays later the Abernathy halfback romped that distance to score. Points failed and it was 6-0 with 8:42 left in the first quarter.

The Ponies came back with a fine drive, starting at the Olton 16.

Tailback Bennie Akin roared for 25 yards, and two plays later, DeBerry rolled for 31. With first and ten at the Antelope 20, Akin rushed three times for 12 yards and a first down at the eight.

Tommy Hall got a yard, but Akin, seemingly going for good yardage, slipped to one knee and lost a yard. Priest's third down pass was out of reach and

on fourth the Antelopes nailed him for a two-yard loss.

Taking over at the 10, Abernathy drove for its second touchdown. Mike Tannehill got off on a 57-yard jaunt to the Olton 21, where he was hauled down by the hustling Priest.

Wade ran 10 to the 11, but Olton stiffened its defenses. Two plays got only five and on third down Wade passed to Ron-dell Preston at the Olton goal.

The pass was broken up but officials ruled interference and gave Abernathy a first down at the one. Two plays later, Wade rolled out from the one for the touchdown. Points after failed and it was 12-0 with 28 seconds left in the first quarter.

After the kick-off, the Ponies failed on a fourth down gamble and Abernathy took over at the Mustang 43.

On the first play, Fuller broke for the touchdown. Murray ran the extra points to make it 20-0 with 10:24 left in the second period.

The Mustangs almost got going again after the kick-off moving for two first downs to the Abernathy 36. Priest hit Hall on a 19-yard pass play to that point.

But four downs moved the ball only to the 27 and the Antelopes took over.

It took them just three plays to score. Wade did the honors with a 32-yard run and Tannehill plunged for the extra points to make it 28-0 with 7:50 left in the half.

After the kick-off, Coach Otis Holladay inserted a new Olton team and the Pony subs began moving the ball.

R. L. Copeland gained five to the Olton 35, then Bobby Turner passed to Jim Smith. Interference was ruled and Ol-ton had a first down at the Mustang 48.

Albert Key plunged twice for six yards and Charles A. Mc

Clain added one to the Abernathy 45.

On fourth down, Copeland drove for three yards and a first down at the Antelope 42. Olton first-stringers moved back in and moved for short yardage and a first down at the 31.

Priest hit Charles Church with a pass to the 26 and De Berry got loose on a 19-yard run to the Abernathy 7.

Three plays later, Priest scored on a sparkling five-yard run. His run for the points failed and it was 28-6, with 2:25 left in the half.

Abernathy drove back to the Olton one as time ran out. An onside kick failed for the Mustangs and Abernathy took over at the Olton 47 to start the second half.

Wade passed for 11 to the Olton 22, then ran for 10. Fuller scored the touchdown, his second, from the three. Wade ran the points to make it 36-6 with 8:54 left in the third quarter.

After the kick-off, Priest got off a fine 14-yard run to the Abernathy 39 but fumbled and the Antelopes recovered. Abernathy was touchdown bound again. Wade rolled for 19, then 17. A 15-yard penalty against Olton moved the ball to the Olton 26.

Fuller gained 10, then eight to move the ball inside the ten. After Wade ran to the three, Fuller got his third TD. Tannehill ran the points and it was 44-6 with 4:08 left in the third period.

After the next kick-off, Olton again fumbled, with Abernathy recovering at its own 42.

Wade again was the spark, hitting Tannehill with a pass for a first down at the Olton 29, then getting a fourth down pass to the same man for another first down at the Olton 10.

Facing fourth down at the Olton four, Wade passed to

CONTEST RULES

The teams that are playing in this week's contest games are listed in each of the ads at the sides of these two pages. Each team is numbered, from 1 through 36. Use the handy entry form at the lower right hand corner of the contest and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries, but none mailed directly to the Enterprise will be accepted. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Anyone may enter except employees of the Enterprise and their families.

Preston failed a 10:21 left Olton 1 and passing get it st 49.

Preston for the TD. Points failed and it was 50-6 with 10:21 left in the game.

Olton then rolled for its second touchdown, with Priest passing 10 yards to Church to get it started at the Abernathy 49.

Joe ran for 12, and the Antelopes tacked on 15 on a penalty to give the Ponies a first down at the Abernathy 22.

Then Priest hit DeBerry on a fine pass which went the distance for the touchdown.

Points try failed and it was 50-12.

In the 8:47 that remained, Olton twice reached the Abernathy 25, but in between the Antelopes scored their eighth touchdown.

It came on a four-yard pass from reserve QB Darrell Johnson to Tannehill. That made it 56-12 with 2:12 left to play.

Olton reserves came back with the kick-off. McClain ran three times for eight yards, then Key got a first down with

a three-yard dive to the Abernathy 42. McClain then rolled for 11 to the 31 and Richard Zakka got six to the Abernathy 25 as the gun sounded.

For Olton, Priest and DeBerry led the offense. DeBerry ran for 72 yards in 10 carries, while Priest got 40 in 10. Joe also hit 7 of 8 passes for 76 yards and a TD. Akin gained 44 yards in 10 trips and McClain had 20 in six. Church led receivers for Olton with three catches for 27 yards.
