LBJ Calls U. N. Envoy To Ranch

JOHNSON CITY, Tex. (AP) — President Johnson weighed the prospects for peace and the problems of war Saturday with Ambassador Arthur J. Goldberg and secretary of Defense Robert S. McNamara.

After a round of telephone conferences, Johnson summoned Goldberg, U.S. ambassador to the United Nations, to his LBJ ranch to talk about Vietnam and the whole range of responsibilities facing the new ambassador.

Brass Slates Monday Talks On Situation

WASHINGTON (AP) — A Hawaiian conference of military leaders Monday will follow up weekend talks by President Johnson with his chief advisers on the Viet Nam War.

Gen. William C. Westmoreland, chief of American forces in Viet Nam, will meet with Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Adm. U.S.G. Sharp, overall commander of the Pacific, at Sharp's Hawaiian headquarters, a Pentagon announcement said.

Maxwell D. Taylor, recently resigned ambassador to Saigon, who is returning home to the United States, made a stopover in Hawaii Saturday but Sharp said Taylor would not attend the Monday conference.

The Pentagon announcement of the Hawaiian meeting said the conferees would discuss "certain phases of implementing the President's announced decision concerning Viet Nam."

Pentagon spokesmen told reporters the meeting would be concerned with working out details on the expansion of U.S. forces in Viet Nam from a present 75,000 to 125,000. No new steps nor any new actions are expected in the Monday meeting, it was said.

Temperatures Dip In State

A cool front moving across Texas triggered showers and dropped temperatures dramatically in the Panhandle while shower activity continued along the coast Saturday.

Rain fell Saturday afternoon at Dalhart and Amarillo. Temperature readings at Amarillo dropped to 66 degrees after the front moved through while south of the front, at Childress, the temperature was 88.

A low pressure set off rain activity in Texas coastal areas.

The rest of the state reported generally clear skies.

Reviewing The

Big Spring Week

With Joe Pickle

The past week went down as a crucial one. One effect of the continued dry, hot weather has been to boost water consumption. The Colorado River Municipal Water District, which supplies Odessa, Big Spring, Coahoma, Snyder and Rotan, is due to set a new record for a single month, approaching a billion and a half gallons in July. Odessa (with almost 700 million) and Big Spring together will exceed a billion gallons.

If you have had difficulty envisioning the scope of the high school project, take a look at the extent of the site preparation work. Virtually the entire unoccupied area on campus is being cut and filled to make way for the big project.

Traffic mishaps continue to bring sorrow to this area. A

Rebel, Junta Sides To Meet In Dominican

SANTO DOMINGO, Dominican Republic (AP) — An important step forward was reported Saturday in the painfully long and delicate negotiations to end the Dominican rebellion.

Well-informed sources said that an understanding finally had been reached opening the way for a meeting of ministry men from the rebel and junta camps.

KEY STEP

It would be the first face-to-face bargaining by representatives from each side. But disagreements within each camp could still prevent the talks from taking place.

These sources said the junta military men apparently softened their earlier position. Col. Francisco Caamaño Domo, president of the rebel regime, had named 10 second-level officers, captains, lieutenants and majors to start the bargaining.

REJECTED PLAN

Commodore Francisco J. Rivera Caminero, the head of the junta's armed forces, had rejected the idea of sending second-level officers. He insisted on meeting himself with Caamaño.

Funds Request For Viet Beefup Due Wednesday

WASHINGTON (AP) — Congress will get its first look Wednesday at the cost of stepped-up U.S. involvement in the Viet Nam fighting.

Secretary of Defense Robert S. McNamara sent word to the Senate Friday he will appear before the Defense Appropriations subcommittee to present the administration request for funds to be added to the \$45-billion defense money bill already approved by the House.

The subcommittee chairman, Sen. John Stennis, D-Miss., said he wants the pending bill to include not only immediate Viet Nam costs but also replacement of ammunition, aircraft and other items taken from strategic reserves for the buildup.

Victim Laid To Rest, Racial Tension Stays

Peking Avers Russians Too Soft With U.S.

TOKYO (AP) — Communist China accused the Soviet Union Saturday of giving soft-glove treatment to U.S. military action in Viet Nam and took a strong stand against the Soviet "line of compromise and capitulation."

A lengthy article in the People's Daily, signed by "Observer" and broadcast by Peking Radio, charged that (Nikita) "Khrushchev revisionists" were looking for excuses to "work hand in glove with U.S. imperialism in order to push the scheme for 'peace talks' on Viet Nam."

HELSINKI MEET

Commenting on the leftist World Congress of Peace in Helsinki Finland, earlier this month, the article said Soviet delegates "did go to some length to profess their opposition to U.S. imperialism." But, it added, the Russians "were in league with some American delegates" to promote Viet Nam peace talks.

The People's Daily writer said "two opposite lines have existed for a long time in the world peace movement. These two lines are diametrically opposed, and are irreconcilable."

RED OFFICIAL

The broadcast did not identify "Observer" but this signature often is used by a high-ranking Chinese Communist official with something to say. Some say Mao Tse-tung has used it himself at times.

The article said the line advocated by Communist China "is to isolate U.S. imperialism...to the maximum, a line of ceaselessly dealing blows at and weakening the imperialist forces of aggression."

Swim Suit Winner

Miss Big Spring, Nancy Lynn Haralson, 18, right daughter of Mr. and Mrs. C. J. Haralson, 701 W. 17th, was chosen winner of the swim suit division at the Miss Texas pageant Friday night. Shown with her is Carol Frances Wyatt, Miss Waco, talent winner Friday night who went on to be selected Saturday night one of the 10 semifinalists for the win of the event. ((AP WIRE- PHOTO))

Nancy Leads Division In Miss Texas Pageant

FORT WORTH (AP) — Miss Haralson, 21, of Midland, Tex., a sophomore at Kilgore College, Waco, Carol Frances Wyatt, a green-eyed blonde who won the talent competition, was named one of the ten semifinalists Saturday night in the Miss Texas Pageant.

The 21-year-old Baylor senior won the talent contest last night with a medley of songs including, "Lady of Spain" and "Rose of Washington Square."

Winner of the swim suit division Friday night was Miss Big Spring, Nancy Lynn Haralson, 18.

The semi-finalists, besides Miss Wyatt were: Miss Abilene, Linda Jo Taylor, 18, a 1965 graduate of Abilene High School.

Miss Fort Worth, Marion Wil-

kinson, 21, of Midland, Tex., a sophomore at Kilgore College.

Miss Nacogdoches, Mary Lou Butler, 18, of Irving, Tex., a sophomore at Stephen F. Austin State College.

Miss Plano, Doris Marie San Filippo, 19, a sophomore at North Texas State University.

Miss Port Arthur, Dora Gayle Scalco, 19, a sophomore at Lamar Tech.

Miss San Antonio, Wanda De- lores Smith, 19, of Corpus Christi, a junior at Trinity University.

Miss Space City, Sharon Diane Horne, 18, of Fort Worth, a freshman at the University of Houston.

MISS WEST TEXAS

Miss West Texas, Karol Lynn Rice, 18, of Odessa, Tex., a freshman at the University of Texas.

Police Patrol, Pickets Mark Funeral Day

AMERICUS, Ga. (AP) — Negroes disregarded appeals for a cooling off period Saturday and picketed white merchants several hours before the funeral for a white youth slain during an earlier demonstration.

Police patrolled downtown streets. White and Negro shoppers however, went about their business and apparently gave scant heed to signs carried by about 15 young Negroes in front of white businesses. "Don't Buy Here," the signs urged.

PICKETS DWINDLE

The number of pickets began dwindling as the time approached for the funeral of Andrew A. Whatley, 21, shot from a passing car about midnight Wednesday. Two Negroes are held for murder in Whatley's death.

Two young Negroes were struck, one by a snub-nosed revolver, as about 30 white men broke up a demonstration by an equal number of Negroes Saturday. A witness said several Negroes were dragged with fists during the outbreak.

State troopers escorted two white men from the scene and then escorted demonstrators back to a Negro section of town. The demonstration had been called earlier in the day.

The pickets took to the streets as Negro leaders renewed demands that a biracial committee be called into immediate session. The Negro leaders said demonstrations would halt as long as the committee met.

But Mayor T. Griffin Walker, appealing for a cooling off period, said he would not call such a session until demonstrations ended.

"NO" OUTSIDERS

A biracial meeting, he said, "would be ineffective now because of a feeling generated in the hearts and minds of the citizens of both races."

Walker said all problems would be handled for the time being by the mayor and council. "One thing is certain," he added, "the council will deal only with local Negro citizens and none of the outside individuals and civil rights groups."

The mayor blamed outside influences for racial problems that have beset this town of 15,000 since four Negro women were arrested July 20 after joining a white voting line.

A federal court ordered the four women released Friday. That, said the mayor, "should have satisfied for now demands of the Sumter County movement."

CALLS DEMONSTRATORS

Negro leaders, however, called for another demonstration Saturday night.

Benjamin Van Clarke, a field worker for the Southern Christian Leadership Conference (SCLC), urged a boycott of white merchants.

Clarke said that Dr. Martin Luther King Jr., leader of the SCLC, planned to come to Americus Monday night to address a rally.

Meanwhile, the Sumter County Grand Jury planned a special session Monday, presumably to consider "murder" charges against the two Negroes accused of slaying Whatley.

A spokesman for the Sumter Family and Children Service Department said all investigation of welfare cases in Americus has been halted because of the racial situation.

The spokesman, who asked not to be identified, said the orders will not stop welfare payments to persons on the rolls and that individuals with an emergency problem can visit the office in Americus.

He added that the decision was not made in an effort to halt demonstrations. "I just wouldn't want anyone to go into areas white or colored where the tension is high," he said.

Senate Confirms Lodge As Envoy

WASHINGTON (AP) — The Senate confirmed by voice vote last week President Johnson's nomination of Henry Cabot Lodge for a second tour of duty as ambassador to South Viet Nam.

Warehouse Fire Loss Said Heavy

AUSTIN (AP) — A smoldering fire heavily damaged Saturday night the warehouse of the Austin-Kimball Company, a wholesale distributor.

The some 90 firemen who fought the blaze were hampered by intense heat and by exploding bullets, stored in cases in the building.

No one was injured. Cause of the fire was not determined.

Hospital Stay Cost At Peak

CHICAGO (AP) — The average daily cost for each hospital patient rose to an all time high of \$41.58 in 1964, the American Hospital Association reported Saturday.

The costs ranged from an average of \$34.31 in the East South Central region which includes Alabama, Mississippi, Kentucky and Tennessee to \$54.28 in the Pacific Coast region.

The average expense per patient day has risen from \$15.62 in 1950 to \$23.12 in 1955, \$32.23 in 1960 and \$38.91 in 1963.

A report in the Guide Issue of Hospitals, journal of the AHA, said total expenses of all hospitals rose almost 10 per cent above 1963 to \$12 billion.

The report said most of the increased cost was caused by payroll expense, which annually represents about two-thirds of the dollar in the nonfederal short-term general and special hospitals covered in the cost study.

Although the number of registered hospitals in 1964 decreased slightly from the previous year to 7,127, the number of hospital personnel increased from the 1963 figure to 1,840,000 to 1,887,000. The 1964 figure amounted to 133 hospital personnel for every 100 patients and compared with the 1964 figure of only 73 persons employed for every 100 patients.

A decreasing trend in births continued in 1964 with 3,729,382 reported in the nation's hospitals as compared with 3,784,666 in 1963.

GET YOUR VACATION PAK

Vacation coming up? Don't lose all track of the local news. Before you leave call Herald Circulation at AM 3-7331 and ask for VACATION PAK.

All papers will be saved for you, and delivered on your return in a handy plastic bag that will be of fine use. No extra charge. Don't stop your paper — order VACATION PAK.

Puzzle of Friday, July 30, Solved

Mysterious Flying Object Confirmed

OKLAHOMA CITY (AP)—A the sighting and located the object on radar at about 8,000 feet. After checking with other government installations, Tinker officials said no air traffic was authorized to be in the area.

Carswell Air Force Base at Fort Worth, Tex., also located the object on radar and both Tinker and Carswell tracked it to a point 15 miles southwest of Tinker at which time it disappeared from both radar scopes. It was picked up again a few minutes later and tracked to a location 29 miles south of Tinker where it again disappeared. It was not relocated.

Officials at Tinker said they had no information as to the nature or origin of the object.

Sonora Plans Gala Pageant

SONORA — The history of Sonora, will be re-enacted at Sonora Park here Aug. 20 and 21, as a part of the 75th anniversary celebration.

Under direction of Jeff Miller, director of the San Angelo Little Theater, the historical revue will have a cast composed of local people and will incorporate music and dancing in the presentation.

The story of Sonora begins with the mound-builder Indians, ranges through the time of the Apaches and Comanches, through the days of the establishment of the Border Forts, and sees the country finally settled by sheepmen. Following the founding of the town of Sonora in 1890 by the late Charles F. Adams, business houses, saloons and homes sprang up, and the town and county became a frequenting place for many of the most notorious Western bad men of the day.

In the spring of 1901, Sheriff E. S. (Lyle) Bryant shot and killed Will Carver after receiving word that Carver was wanted for the murder of "one Thornton" in Concho County. This, too, will be a part of the pageant.

The following year an early morning fire all but destroyed the young town, wiping out the south side of Main Street and causing some \$70,000 in damages. The town built back — this time in stone.

Regional Medicare Center Plan Flayed

WASHINGTON (AP) — Dr. James Z. Appel, president of the American Medical Association, has called for rejection of the administration plan for a network of regional medical centers.

Postal Savings Nears End As Nationwide Institution

By SAM BLACKBURN

It's been 13 months since the Big Spring Post Office postal savings department was called upon to issue a savings certificate.

That means it has been that long since any of the surviving 128 depositors of the agency put any money into an account.

What's happening to the postal savings department here is happening to similar departments all over the nation.

E. C. Boatler, postmaster, says that it seems the handwriting is on the wall for this remarkable agency of the postal service.

A bill now before Congress and assured of passage will abolish the 55-year-old postal savings service within 30 days after the measure is signed by President Johnson.

Boatler said the 128 depositors now in the books have only \$28,122 on deposit. In September, 1954—just 11 years ago—there were 451 depositors and \$120,250 on account.

In the 1940's the number of depositors was much higher and the money on hand much greater. The records are no longer available, but it has been estimated there may have been two times as many postal savings users here in 1947 than in 1954.

Nationally, the postal savings department reached its peak in 1947. There are more than four million depositors on record that year and they had \$3.4 billion dollars on deposit.

Today, the department has only a million depositors on its books with deposits of less than \$356 million.

The postal service department pays two per cent on postal savings—the same rate of interest which it has paid for its entire 55 year history.

Local Firms To Participate In Warranty Plan

August has been proclaimed "GW Month in Texas" during which prospective used car buyers will be reminded of the advantages of the "Guaranteed Warranty" program sponsored by the Texas Automobile Dealers Association, H. C. Pittman, Austin, executive vice president, announced today.

Purchasers of used cars during the month, from any of the 700 franchised new car dealers in Texas who are participating in the program, will receive a warranty card that guarantees them: (1) A 15 per cent discount on all parts and labor for one year on non-collision repairs; (2) assurance of a true discount because the warranty card is not shown until after the repair work is done and the bill is presented; (3) the warranty card will be honored by all participating dealers of which there are 700 in Texas and more than 10,000 in 27 other states and seven provinces in Canada. Each car buyer is given a list of the dealers.

Three Big Spring automobile companies are participating in the GW program. They are Faris Pontiac, Jones Motor Company and Shasta Ford Sales.

"It's usefulness is gone," said Boatler, "but it is worth noting that postal savings never had a year in its history when it did not show a profit for the department."

Postal savings was late getting started in this country. It was first proposed in England as early as 1807. About 1860, a bookkeeper in a bank in England worked out a plan for the operation of postal savings in British post offices.

In those days, banks were few and far between. The post office existed in every hamlet and town. By doubling as a bank it would, Sikes said, encourage savings and safeguard the wealth of thrifty individuals.

The Sikes plan reached the famous W. E. Gladstone, British statesman who at that time was chancellor of the exchequer. He seized upon the plan with enthusiasm and in 1861 the postal savings bank came into existence all over England.

Nor was Sikes overlooked for his ingenuity. In 1881, he was knighted and a campaign for

public subscription waged in his behalf. He was presented with a sizable fortune in token of the common people's appreciation of his plan.

For 40 years prior to 1910, efforts were made to establish a system similar to the British postal savings in American post offices. In 1910, it was activated. Building and loan institutions, banks in towns of all sizes and the refusal of the department to increase its interest payments, although other investment agencies were paying much higher

rates, brought about the decline of the postal savings bank.

Gladstone, who accomplished much for his country as a statesman, never ceased to admire the postal savings bank. He once said he would rather be remembered for initiating this institution in England than for any other achievement credited to him.

It still thrives in England, but in this country, changing times

have doomed it. This, probably, will be the last year the postal savings will be a feature of American post offices.

Law To Curb Klan Pressed

WASHINGTON (AP) — The House Committee on Un-American Activities is trying to prepare a detailed record on the Ku Klux Klan, a record the committee hopes will form the basis for federal law to control the Klan.

As a result, the committee now is rounding out a fourth month of preliminary investigation of the various Klan groups with no firm idea yet when it will hold open hearings.

SECRET QUIZ

Staff investigations have been engaged in field work since April and prospective witnesses have been brought to Washington to be questioned in secret. Pervading the operation is an air of secrecy suggestive of a CIA or FBI operation.

Besides the usual reason — no investigator wants to tip his hand before his case is complete — there is a special one. It's fear on the part of witnesses.

Several witnesses, it was learned, have told the committee or its investigators they fear reprisals. Committee sources are reluctant to discuss the investigation with outsiders, lest

they contribute, however indirectly, to such reprisals.

HOODED BIGOTS
Last April, President Johnson publicly termed the Klan a "hooded society of bigots" and asked for legislation to bring it under "effective control of the law."

The chairman of the committee, Rep. Edwin E. Willis, D-La., hopes to announce soon when public hearings will start. When they do, he intends to keep them rolling without interruption and wind up before the end of the year.

This means the hearings will be held even though Congress may not be in session at the time. And committee investigators will continue their spadework even while the hearings are under way.

Subpoenas will be used in some cases to bring witnesses to Washington.

This investigation will be confined to the Klan and to its operations in the South. The committee will leave for another occasion its planned inquiry into the American Nazi Party, the Minutemen and the Black Muslims.

Three Pilots Are Cited At Review Here Saturday

Two instructor pilots were awarded Air Force Commendation Medals and a student pilot received third and fourth Oak Leaf clusters to the Air Medal during the graduation parade and review at Webb AFB Saturday.

1st Lt. Bruce M. Kramer, a student pilot in Class 66-H, distinguished himself while a navigator in Viet Nam. His citation reads: "... while participating in sustained aerial flight as a combat crew member in Southeast Asia, outstanding airmanship and courage were exhibited in the successful accomplishment of important combat support missions under extremely hazardous conditions including the continuous hostile ground fire. His highly professional efforts contributed materially to the tactical air mission of the United States Air Force in Southeast Asia."

Capt. James C. Hess, instructor pilot in the 3561st Pilot Training Squadron at Webb, received the Air Force Commendation Medal with this citation: "... as weapons director/evaluator of the Pacific Air Forces standardization — evaluation team, he demonstrated outstanding professional skill and leadership in the development and implementation of the evaluation program. His active participation was extremely successful in promoting harmony in the air defense mission between the United States and Far East Foreign National Air Forces."

Capt. Ronald F. Boyle, instructor pilot in the 3561st Pilot Training Squadron at Webb, received the Air Force Commendation Medal. His citation reads: "Capt. Boyle distinguished himself by meritorious service as crew commander of the 301st Bombardment Wing, Lockbourne Air Force Base, March 30, 1964. During this period he made a significant contribution to the success of the Strategic Air Command's vital mission through conscientious crew leadership and professional performance. He continually performed in a superior manner during evaluations and in the execution of simulated emergency war order sorties."

The awards were presented by Maj. Gen. John W. White, commander, Air Force Special Weapons Center, Kirtland Air Force Base, N.M.

Opening Of Insurance Firm Here Announced

The opening of the Permian Insurance Agency, located on the first floor of the Permian Building, has been announced by Jeff L. Brown.

Brown is the agent and manager of the agency which will feature automobile, home and personal insurance programs designed for the general public.

He is a former accountant for Cosden Oil and Chemical Co. The agency's offices will be open for the public to visit throughout this week.

ALL TYPES

All types of insurance coverage will be offered by the agency, including life, health, accident, fire and casualty insurance.

"Our intention is to offer a complete insurance service," Brown said. "As is the trend in every professional field, the trend in insurance is for the family or the individual to place all their insurance coverage with one company."

This results in better coverage, convenience, savings in premiums and a more thorough insurance program with less possibility of duplication in policies.

The agency will have available professional insurance consultants in each field.

UP TO 4

"Regardless of the type of insurance needed, we will always have an experienced insurance

counselor in that field available," Brown said. The agency itself will have a staff of up to four persons.

Brown will continue to maintain an active interest as the realtor with Home Real Estate and as a partner in the Big Spring Employment Agency.

He joined Cosden Aug. 22, 1955 and was assigned to general accounting moving into sales accounting three years later. He went into the pipeline department as tender clerk in February, 1959, and then became pipeline accountant.

He has been active in civic affairs and is a past vice-president and director of the Chamber of Commerce. In 1961 he received the lifetime membership award. A past president of the Ambassadors Club, he is currently a co-chairman of one of the base-community relations committees.

CIVIC WORK

Brown has served as a member of the board of directors of the Downtown Lions Club, is a member of the Howard County Oil Information Committee and was on the board of trustees for the United Fund last year.

The Brown residence is at 600 Highland Drive. They are members of the First Methodist Church. The family includes a daughter, Ginger, 14, and a son, Bob, serving with the U.S. Navy.

Nan Cotham Is Honor Student

Nan Elizabeth Cotham, daughter of Mr. and Mrs. Perry B. Cotham, 2903 Gollard, is an honor student at David Lipscomb College, Nashville, Tenn.

She is an eighth quarter home economics major and has qualified for the honor roll by ranking in the upper 10 per cent of the student body. To do this it was necessary to make a grade point average of at least 2.62 out of a possible 3.00.

She is a graduate of Grand Prairie High School, where she was a member of the National Honor Society and business manager of the school paper.

Figure In Graduation Honors

2nd Lt. Eugene W. Pottenger, Dekalb, Ill., right, top receives the flying training award for Class 66-A as the outstanding flyer in the graduating class Friday evening. Col. E. J. White Jr., depth commander for operations at Webb, made the presentation. Earlier Lt. Pottenger also received their Air Training Command commander's trophy. Below, Maj. Gen. John W. White, who once was stationed here in World War II, renews a friendship with Obie Bristow, Big Spring. The traditional event was colorful.

Lt. Pottenger Wins ATC And Flying Training Award

Climaxing a round of ceremonies and a graduation parade and reviews, 41 young officers became jet pilots of the United States Air Force at Webb AFB Saturday morning.

Earlier the men had been honored at the traditional Dining-In for the class at Webb's Officers' Open Mess on Friday evening. Maj. Gen. John W. White, who had been stationed at Big Spring during World War II in setting up a bombardier school and who now is commander of the Air Force Special Weapons Center at Kirtland AFB, N.M., was the speaker.

This was followed by the traditional and colorful graduation ball which lasted to the wee hours. But men were up early for the parade and review. Of the 47 officers who began training with Class 66-A on July 15, 1964, only six failed to qualify.

Saturday morning the new pilots received their certificates of aeronautical ratings from Gen. White. Their silver wings as pilots were awarded by Col. Joseph H. Sherwood Jr., base commander at Webb. Following the graduation a reception was held at the Officer's Open Mess for family and friends of the graduates.

2nd Lt. Eugene W. Pottenger, Dekalb, Ill., won both the Air Training Command Commander's Trophy and the flying training award. The academic training award went to 2nd Lt. Pierre Swick of Oyster Bay, N.Y. The military training award was won by 2nd Lt. Robert Leggat, Willard, Utah. Lt. Leggat is president of the class and 2nd Lt. Mark B. Foxwell, Whittier, Calif., is vice president.

At the Dining-In of Class 66-A Friday night, Gen. John W. White, gave a short history of flying. Gen. White placed particular emphasis on the respect and gratitude due pioneers of military flight by the fledgling pilots of 66-A. Without the work and dedication shown by the first few believers in military flight, none of the graduates would have been able to receive their training and be awarded wings as pilots in the United States Air Force, he said.

Gen. White also related humorous incidents concerning himself and Obie Bristow, Big Spring, whom he was acquainted with when both served here and at Childers during World War II days.

All of the graduates of Class 66-A are second lieutenants. Their names and hometowns follow: Gilbert J. Achter Jr., Paso Robles, Calif.; Richard C. Bailey, Moab, Utah; Gary N. Banks, Pasco, Wash.; James R. Barnhart, Twin Falls, Idaho; Glenn A. Belcher, Fessenden, N.D.; Jack H. Brown, Middletown, Pa.; Robert D. Clark, Spearfish, S.D.; James F. Cox Jr., Keven, Mont.; Alfred E. Deiger, Sharon, Pa.

Robert E. Dempsey, Floydada, Tex.; Ronald E. Dullen, Woolrich, Pa.; Harold J. Felderman, Greeley, Colo.; Barry G. Flannery, Torrence, Calif.; Richard L. Flechsig, Albuquerque, N.M.; Richard A. Fleming, Johnson City, Ill.; Mark B. Foxwell, Whittier, Calif.; Jeffrey B. Gordon, State College, Pa.; Jimmy L. Heisz, Eastman, Wisc.; Anthony N. Hodges, Falls Church, Va.; Bryce A. Jenkins, Freedom, Wyo.; Edward J. Kalkbrenner Jr., Belleville, Ill.; Larry L. Ledbetter, E. Tallahassee, Ala.; Robert Leggat, Willard, Utah.

William J. Lucas, Fresno, Calif.; Roger A. Martin, Van Nuys, Calif.; Allen J. Menard, Breau Bridge, La.; Thomas G. Moore, Fort Smith, Ark.; Thomas H. Morris, East Lansing, Mich.; Charles P. Peterson, Abilene, Tex.; Gary J. Pfeiffer, Greeley, Colo.; Eugene W. Pottenger, Dekalb, Ill.; Henry A. Stevens III, Great Barrington, Mass.

Tommy R. Stroud, Waco, Tex.; Richard P. Sullivan Jr., Providence, R.I.; Pierre Swick, Oyster Bay, N.Y.; Roland M. Travis, Picayune, Miss.; Joe E. Trujillo, Walsenburg, Colo.; James R. Wallace, Mt. Pleasant, Mich.; Karl C. Widmayer III, Glendale, Calif.; Kenneth B. Zella, Redford, Mich.; and Robert A. Zeller, Munnsville, N.Y.

Recreation Program Ends

Although attendance tapered off slightly during the final week, the Citywide Summer Recreation program still exceeded last year's total participation by about 30 per cent.

Last week the cumulative attendance was 988, which brought the total for seven weeks to 7,838 for the Fun Clubs and the playground activities. Added to this was 750 for the learn-to-swim program, making a total of 8,588 for the season. This compares with 6,444 a year ago.

One interesting development was the continued climb of playground participation, most of which was centered in the Lakeview - Bauer area. The final week had 162, which was the top for the summer.

Fun Club youngsters took home reports on physical fitness tests. These were national tests even a bit more stringent than the president's physical fitness program, was pleased with progress the youngsters had made in development of major muscles.

The Citywide Summer Recreation program is made possible through the joint support of the City of Big Spring, the Big Spring Schools, the United Fund and the YMCA. The latter agency is the administrative one and supervises the program for all youngsters of the city.

Return Of Suspect Sought By Sheriff

Sheriff Aubrey Standard said that he would seek return here of Norman Doyle McRae, currently serving a burglary sentence in Oklahoma State Penitentiary at McAlester.

McRae is under indictments here for burglarizing the safe at the Howard County Airport on Feb. 23 of this year. Standard said that the man broke into the safe twice following exactly the same pattern on both occasions. He was released on bond and was arrested later in Oklahoma for burglary and given a penitentiary sentence.

Standard said that he would ask for extradition of the man who will be returned here to face trial.

Children's Clinic Slated At Stanton

STANTON (SC) — Dr. J. M. Shy, medical officer of Martin County, and Dr. Jack Woodrow, city medical officer, are in charge of a children's clinic. This clinic, designed for children who have not had immunization protection and whose parents are unable to pay for this service, is in operation the first Wednesday afternoon of each month from 1 p.m. to 5 p.m. at Physicians and Surgeons Clinic.

Mrs. Stanley Reid, nurse, reminded that children who need medical services other than immunization are eligible to attend if their parents are not able to pay for this care. The next date the clinic will be open is Wednesday, Aug. 4.

Mistreatment Of POWs Under Fire

WASHINGTON (AP) — The United States is trying to end mistreatment of prisoners of war by both sides in the Vietnamese conflict, a State Department spokesman said.

Ward's Set For Store Opening

Preparations are heading down the homestretch at Montgomery Ward in anticipation of a block-buster opening of the giant new facility on Thursday.

This will be the first element of the new Highland Shopping Center at Marcy Drive and South Gregg.

Bulk of the tons of completely new merchandise for the new store is in place, but crews are busy getting everything in place for the opening said George T. True, manager.

"We're pressing to have everything ready for the unusual opening Thursday morning," he said, "and we are stocking with merchandise and bargains to make this a monumental occasion."

The new store has a total area of 68,000 square feet, more than twice the size of the former store at Gregg and Third Streets. Of the total, 27,000 square feet — all on street level — are given over to sales area.

The building is surrounded by paved parking space ample for 1,800 cars.

True described the new department store as "one of the largest and finest in the area."

New departments have been added and virtually all others have been expanded dramatically.

A snack bar for customer convenience will be ready for the opening day. So will a host of other new services.

The new automotive center already is in operation.

A. G. (Jerry) Carmack, Fort Worth, zone manager for a four-state area, arrived Friday and will remain here for the opening. Among others due here from Kansas City are S. A. McKnight, regional manager and vice president of Ward's; J. A. Coula, regional engineer manager; and F. A. Zdrov. Several other top officials also are due.

For the opening there will be music, an opening ceremony with a Western twist, and other excitement.

Martin Youths Attend Workshop

STANTON (SC) — Eighteen Martin County 4-H Club boys and girls have returned from Rankin where they participated in a District 6 Electric Workshop and Clinic.

Adult leaders accompanying the group were Bob Johnson, county agent, Mrs. Bob Johnson, and Mrs. Mildred Eiland, county home demonstration agent.

Attending from Martin County were Dennis Jones, Curtis Howard, Roy Kelly, Stanley Louder, Leslie Butler, Willie Wells, Tim Bristow, Don Roper, Bill Huff, Guy Mabey, Darla Jo Doggett, Pam Roper, Leta Huff, Gail Mabey, Beth Holcombe, Cindy Pickett, Rita Jones and Joe Mabey.

DON'T LET AUGUST HEAT SPOIL YOUR PLEASURE

August is a good month for vacations, picnics, boat rides and bathing. But if you don't take certain precautions, the sun can burn your skin and tire your eyes. Flies, mosquitoes, fleas and sand bugs will bite away your fun. At the end of what should have been a day of pleasure you wind up with pains, aches and a sleepless night.

There are so many fine products to insure a perfect day. From our summer health-aids displays you can select sunburn preventives and sun-glasses. We have skin lotions which keep insects away. There are creams to prevent a dry skin, anti-perspirants to stop excessive perspiration and deodorants to prevent embarrassment. Come in and see them.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Blue Flame Home Open Here Today

The Blue Flame Home, in the Williams Green Addition on Green Street has features usually found only in more expensive houses—year-round gas air-conditioning and heating, an all-gas operated kitchen-garage combination, a formal living room, three bedrooms, and a bath and a half.

The home will be open to the public for inspection today.

There is a 12 by 15-foot patio, lighted with gas lights, and it has a water well for economical living.

Heated and cooled by Arpa-Servel, the home features countless built-ins, such as the gas range, a gas dryer, gas lights on the exterior, a gas water heater, gas bathroom heaters, and a gas patio broiler unit.

Economy is the by-word of this all-gas, easy to live in home, a feature that makes it well worth while to visit the Blue Flame home. Gas complements the modern decor and generally economical living style and motif of the home.

Suspect Held In Assault, Death Case

PINEHURST, Tex. (AP) — Thomas Richard Oldfather, 19, was arraigned Saturday in this small Montgomery County community on a charge of murder in the rape-slaying of a Tomball housewife, Mrs. Mary Ellen Bay, 27.

Oldfather declined to enter a plea before Justice of the Peace Robert Burnside. The accused did not ask for legal counsel, but his rights were explained to him, said Harris County Sheriff C. V. Kern.

Oldfather was identified earlier today in a lineup at Kern's Houston office by the dead woman's daughter, Betty Jean, 6.

Mrs. Bay's body was found Friday in a patch of weeds near Pinehurst, a village eight miles northwest from her Tomball home. She had been stabbed 17 times.

Her husband, Homer Bay, 31, held the hand of his pretty blonde daughter as she silently pointed out Oldfather in the lineup, the sheriff said.

Kern said Oldfather, an ex-convict who went to Tomball four or five weeks ago from St. Louis, denied killing Mrs. Bay.

Services Honor VA Chaplaincy

The Big Spring Veterans Administration Hospital will observe the 20th anniversary of the VA chaplain service with special services today, Dr. H. C. Ernsting, acting hospital director, has announced.

The 732 chaplains of 32 religious faiths who minister to the religious needs of sick and disabled veterans in VA hospitals and domiciliary are being honored in similar services.

The Rev. Clark O. Hitt, chaplain of the VA hospital here, saw five years active duty with the Army Air Force during World War II, with overseas duty in England and North Africa. Upon his discharge from the service in 1946, he began his career with the VA at the North Little Rock Veterans Hospital.

In 1950 he transferred to his present position of chaplain at the VA hospital here.

A highlight of anniversary service is the special message from William J. Driver, administrator of Veterans affairs, which says in part: "An effective therapeutic climate demands that hospitals treat the whole man. There is no doubt in my mind that many, many veterans owe their recovery to the spiritual support given through the dedicated men of God who compose our chaplain service."

Some VA hospitals have chapels on the hospital grounds while others use auditoriums or special rooms within the hospital buildings. All VA chapel facilities are adaptable for Protestant, Catholic or Jewish services.

Stanton Hospital Gets Registration

STANTON (SC) — The local Physicians Hospital and Clinic in Stanton was granted registration at the meeting of the board of trustees of the American Osteopathic Association.

The trustees acted on the hospital inspection report and the recommendation of the AOA Committee on Hospitals.

The AOA's annual hospital inspection program is designed to guarantee acceptable standards of facilities, patient care and procedures in all registered and approved hospitals.

Leads Meeting

STANTON (SC) — Perry B. Cotham, minister from Big Spring, will be the evangelist during a gospel meeting to be conducted at the Tarzan Church of Christ, Aug. 2-8. The song leader will be Dan Conley of Big Spring.

Snyder Man Dies In Crash

Collision of a pickup and a moving van killed a Snyder man Friday afternoon 25 miles southwest of Snyder on SH 350, the Big Spring highway.

Robert Bruce Crites, 53, apparently died instantly when his pickup met a Neel's Transfer and Storage van from Big Spring head-on at 4 p.m. Impact of the crash hurled the pickup backwards about 75 feet. The van left the road and went 180 feet into a pasture.

Sgt. Richard Riegel, of Webb AFB, a passenger in the van driven by Jack Smith of Big Spring, sustained facial, arm and leg lacerations. After treatment at Cogdell Memorial Hospital, he was transferred to the Webb base hospital.

Smith told officers he was traveling south when he met the pickup driven by Crites. The pickup veered into the van's lane, he said, and when he cut to the opposite lane to avoid a collision, the pickup suddenly veered back.

"The only thing I can figure is that he must have gone to sleep," said Smith. The mishap occurred where the highway crosses a corner of Mitchell County, and Justice of Peace T. E. Arnold, Colorado City, conducted an inquest at the site.

Crites leaves his wife; a daughter, Lara Sue Crites, Snyder, a step-daughter, Grace Anderton; a son, Charles Crites; a step-son, Norman Anderton, Snyder. The body was taken to Bell-Seale Funeral Home.

LBJ Open To Peace Talks

WASHINGTON (AP) — President Johnson is willing to go anywhere any time to discuss peace, an aide says.

That was the only comment from press secretary Bill D. Moyers when asked about a statement from California's Gov. Edmund G. Brown that "I think the President would go to Viet Nam personally to bring peace there."

Moyers was at Kansas City en route with the President to a weekend in Texas.

Brown told a news conference in San Francisco, "This is my opinion."

He had just returned to California after joining other state governors for a White House briefing on the situation in Viet Nam.

Announcing The Opening Of----

Dear Mr. and Mrs. Big Spring:

Today I terminate 10 happy years of employment with one of the finest companies in the world... Cosden Oil & Chemical Company. It took many months of deliberation before I made the decision to enter private business. I face the moment with mixed emotions; sad about leaving Cosden... glad for the opportunity to own and manage my own business.

I am the agent and manager for the new Permian Insurance Agency. We've unofficially been in business for over a year now... but tomorrow marks our official opening. Many of the people connected with our general insurance agency have years of experience in this field; I can honestly say we have a qualified insurance counselor in every field of insurance, just waiting to serve you professionally. We offer you the finest insurance service and protection available today, from reliable companies, at competitive prices.

My family and I intend to make this community our permanent home; we love this city and its people, and we have faith in the future of Big Spring. I am looking forward to the business challenge ahead.

Time will not permit my visiting with each of you personally in the next few weeks and months; therefore, I want to take this opportunity of soliciting your business and tell you it will always be appreciated. Call or visit our office at your earliest convenience; the "red carpet" is always out for you.

Sincerely,
Jeff Brown

Washed Out Andrews Highway Bridge Being Rebuilt

It took a roaring flood of water only a few minutes to destroy a 50-foot crossing on the Andrews highway on the night of May 15. The collapsed bridge is shown in the inset. Rebuilding the crossing is taking much longer. The project, being handled by a crew of Texas Highway Department workers out

of Abilene, is making progress but still has a long way to go. It is shown in the larger picture. A detour on the busy highway has been in operation since a few minutes after the old bridge collapsed. The buckled span is the remaining sign of the May deluge.

Increased Usage By Older People Of Hospitals Ahead

AUSTIN, Tex. (AP)—The new Medicare Act will send more ailing elderly Texans to doctors and hospitals and could provide whole new categories of needy persons with help in paying their doctor bills.

This was the view of medical and welfare spokesmen interviewed by the Associated Press just before President Johnson signed the Medicare bill Friday. The legislation takes effect July 1, 1966.

With the federal government, through a special Social Security trust fund, paying a big share of the medical expenses of elderly persons, hospitals and doctors expect more demand for their services.

INCREASED USE
"We all anticipate increased utilization of hospitals, since this really is a something for nothing program," said O. Ray Hurst, executive director of the Texas Hospital Association. "Undoubtedly there will be increased pressure on physicians to admit these elderly patients, which will lead to, of course, higher occupancy in this category of patient."

C. Lincoln Williston, executive secretary of the Texas Medical Association, said doctors "certainly do expect an increase in the number of patients—there is no question that more patients will use this program."

PAY EXPENSES
Medicare will pay all hospital expenses for most persons over 65—nearly a million of them in Texas—except for the first \$40, for 60 days of hospital treatment in each spell of illness. An additional 30 days in the hospital is provided, with the patient paying \$10 a day. A voluntary insurance program, with participants paying \$3 a month, would be available for paying doctors' and surgeons' bills.

But treatment for the elderly under the social security program isn't the whole Medicare story, says John H. Winters, director of the Texas Department of Public Welfare.

The bill provides states with federal matching funds for medical assistance to persons on the welfare rolls. These include 231,000 Texans receiving old age assistance, 5,000 on the aid to the blind rolls, 10,000 permanently and totally disabled and 71,000 who get aid to dependent children.

COVER NEEDS
Persons over 65 on the welfare rolls—who already get medical help through the federal Kerr-Mills Act—would have most of their needs covered by Medicare. But further help would be available through the welfare program, including payment of the \$40 not covered by Medicare, some doctor bills and nursing home care, Winters said.

Whether Texas continues its medical assistance to the needy aged and extends benefits to other welfare groups is up to the state's voters.

A proposed constitutional amendment would allow the legislature to remove the one major roadblock to further medical help for welfare recipients. That barrier, he said, is a constitutional provision that no one over 16 may receive aid to dependent children. Winters said the Medicare act requires that medical assistance programs for dependent children include persons up to 18 if not in school, and as old as 21 if still in school.

UP TO STATE
The federal government will

cut off funds for medical care for welfare recipients if the state has not merged all such programs into a single unit, with the same care provided for all groups, by July 1, 1967, he said.

"What we do for one group, we have to do for all others," Winters said, and consequently "the amendment is one of those must things. It clears away anything that would stand in the way of the state matching federal funds to care for those on the assistance rolls."

Programs of medical help for persons on welfare must include in-patient and out-patient hospital care, x-ray and other laboratory services, skilled nursing home services, and care by physicians, Winters said.

MAY DECIDE
Individual states may decide how much medical care will be covered through the welfare programs. "We might, for example, decide to pay for three, six or 10 visits to the doctor per year," Winters said. Decisions on the extent of the Texas program have not been made yet, he added.

The federal government now pays for about 75 per cent of Texas' medical care for the aged program under the Kerr-Mills Act, and Winters says he hopes the same ratio will continue.

The state legislature provided matching funds for the welfare phase of it in the 1966-67 appropriations bill. The bill includes \$13.5 million as the state's share of Kerr-Mills for 10 months, beginning Sept. 1, and for medical aid to the other three welfare groups for two months. A \$12.5 million appropriation for the second year provides matching funds for medical assistance to all welfare categories.

GROWING DEMANDS
Winters agreed that hospitals would have to cope with growing demands for their services because of the Medicare bill.

"But I don't think the doctors will put people in the hospital who don't need it," he said. The Texas Medical Association, as did most of the nation's medical organizations, put up an intense and prolonged battle against Medicare. How will Texas doctors respond to the new program?

"I personally feel physicians will continue to take care of their patients as they have in the past. I don't believe physicians will deny their patients

medical care. It's just a question of whether they will fill out the forms," said Williston, the medical association executive secretary.

WILL WATCH
Williston said doctors will watch closely the administrative interpretations of the new act which come from the U. S. Department of Health, Education and Welfare. An association resolution gives each doctor free choice in his patients, as well as whether to participate in Medicare, Williston said.

Hurst, executive director of the hospital association, said he does not expect hospitals to balk at participating in the program.

WILL COOPERATE
"I would imagine as far as hospitals are concerned there will be practically no non-cooperation. They have the option of participating or not participating," he said.

Hurst said he expects the association to embark on a campaign to discourage unnecessary trips to the hospital by Medicare recipients. He said it will be necessary to step up recruiting programs for hospital staffs, and predicted there will have to be more hospital expansion programs.

Porpoise Ill With Influenza
FORT LAUDERDALE, Fla. (AP)—Four porpoises at an aquarium have been struggling since last weekend to save the life of another suffering with influenza.

Trainer Bud Krohn said Ginny, a 30-year-old star of the water show, became ill last week. She responded to antibiotics but suffered a relapse. Krohn said Ginny apparently is too weak to surface for air. Ginny's friends have watched her constantly and when she fails to come up on schedule, they go down in a group and nudge her to the top, he said.

Porpoises are air-breathing mammals.

Bomb Developer, Dr. Graves, Dies
LOS ALAMOS, N.M. (AP)—Dr. Alvin C. Graves, 55, who helped develop the first atomic bomb and later was a supervisor of nearly all U.S. atomic and hydrogen bomb tests, died at Del Norte, Colo., Hospital, officials at Los Alamos Scientific Laboratory announced.

Bail Money For Canadian Unlikely

MONTREAL, Canada (AP)—Superintendent J. R. R. Carriere of the Royal Canadian Mounted Police said Friday night "no bond, no arrangement to post bond anywhere" has been made for Lucien Rivard.

Carriere was commenting on a published report which quoted an anonymous letter as saying \$500,000 will be posted Monday in Houston, Tex., for the narcotics suspect.

TO TEXAS
Bail was set after Rivard was taken to Texas from Canada to face the charges connected with an alleged ring of narcotics smugglers operating in the United States.

The report appeared in a page copyrighted story in the Montreal Gazette. The paper said one of its reporters received the information in a letter left for him under a railway station locker by someone who wished to remain unidentified.

In Houston, Judge Ben C. Connally said he knew nothing about the report and couldn't comment even if he did know about the bail.

Carriere, referring to the reported bail money, said: "No such arrangement has been made that we know of. And we would know."

ARRAIGNMENT DUE
The Gazette reported the letter its reporter received. It said a check payable to the State of Texas in the amount of \$543,478 in Canadian funds—\$500,000 in U.S. currency—is in the possession of the manager of a branch

of the Houston National Bank. Rivard, 50, apparently has been taken to Laredo, Tex., where he is scheduled for arraignment Monday.

He escaped from jail in Montreal March 2 while awaiting the outcome of extradition proceedings, and was recaptured earlier this month. His extradition followed a week later.

Top Show Seen For Junior Rodeo

Twentieth annual Howard County Junior Rodeo, set for Aug. 12, 13 and 14, will be the biggest and most exciting of any held in the 20 years history of the show.

This is not merely advance pressagentry. It can be backed up by evidence.

"Our rodeo this year," explains Herb Helbig, county agent who is superintendent of the show, "is just one week before the national AJRA Championship Rodeo in Odessa. No other junior rodeos are playing the days our show is operating.

"This means that all of the top hands — the boys and girls who are fighting for the championships — will want the final opportunity to add points before the Odessa show.

"Already we are getting inquiries from the leaders.

"It is highly probable that nearly all the young rodeo riders who are to be in the national championships of this year will be here to compete in our show." The Howard County Junior Rodeo is sponsored by the Howard County 4-H Clubs. It is approved by the American Junior

Rodeo Association and points earned in any approved event here count toward the championships.

Helbig said that the Sandhills Rodeo Producers of Brownfield are to provide the stock. He added that physical features for the staging of the rodeo are well under way. Tickets have been printed and will soon go on sale. Contract blanks are on hand and some have been shipped to performers who want to enter the events here.

The rodeo actually gets under way at 4 p.m. Aug. 12, when a big parade will march through town. Rodeo contestants, members of the 4-H Clubs, the Howard County Sheriff's posse, and several junior riding clubs from towns in the area will take part.

The parade is to form at Tenth and Main, travel north to Second Street, west to Scurry, South to Tenth where it will break up.

Contestants who are allowed to compete in the events must not be over 19 years of age. An early estimate is that 75 contestants will be on hand to try for the honors.

Big Brahma bulls, tough broncs, frisky calves and all the other essentials for a big league rodeo will be on hand. Performances each night are at 8 p.m.

Events scheduled are: barrel racing, bull riding, pole bending, ribbon roping, girl's breakaway roping, and bull dogging. Girls will be taking an active part in the roping, barrel racing, and pole bending events. An added attraction will be a wild calf race, and a goat sacking contest. Rodeo entry blanks can be obtained from the county agent's office in the basement of the courthouse.

At the conclusion of the show the all-around cowboy or cowgirl will receive a hand-engraved trophy saddle, and a trophy belt buckle will be given to the winner of each major event.

More than 150 club members, their parents, and other 4-H supporters will have a hand in putting on this years rodeo.

Reasonably priced tickets are on sale by Howard County 4-H Club members, or they may be purchased at the gate. Prices are only \$1 for adults and 50 cents for children.

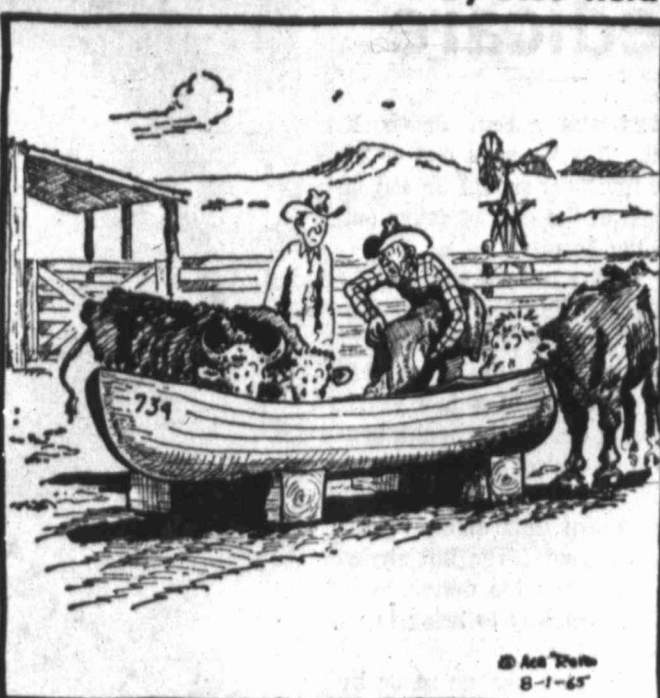

Testing Strength

This week marks the final phase of the Citywide Summer Recreation Program as all youngsters who participated receive physical fitness reports. Coach W. J. Taylra works with three youngsters who are hoping for high marks. They are Mark Clarehout, Wes Seay, and at the top of the pyramid, Mark Fort. The tests are designed to measure the strength of major muscles in the abdomen, legs, upper arms and shoulders.

Postal PEP Panel Named

E. C. Boatler, postmaster, will head a committee of fellow postal workers in the Big Spring Post Office to activate the local PEP (Postal Efficiency Plan) inaugurated by Postmaster General John A. Gronouski.

"PEP includes comprehensive programs for improving postal

service and reducing costs," Boatler explained. "It is our way of helping President Johnson fulfill his pledge to provide more effective and economical government services."

Boatler said that members of the local PEP committee are J. G. McCrary, post office foreman; Alvin H. Smith, superintendent of the mails; A. A. Porter, assistant postmaster; A. M. Thomas, carrier foreman; and Emory S. Parrish, carrier.

Semi-annual reports will be made to the President, Gronouski said, and realized savings will revert to the treasury or applied to improving postal service.

A local committee will seek to advance the two purposes of the plan — (1) reduce costs; and (2) improve services.

Ideas generated by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application on a national level. Employees whose ideas are adopted nationwide will be given national awards. The postmaster general will personally oversee the programs.

Five Die As Car Hits Tree

SALEM, Ohio (AP)—An automobile carrying a Beaver Falls, Pa., family homeward from a Sunday School picnic ran off Ohio 14 Friday night west of the Ohio - Pennsylvania line and struck a tree. Five persons were killed and two injured.

Relatives identified the dead at Salem City Hospital as: Warren Taylor, 74, Beaver Falls; his daughter-in-law, Mrs. Lorrena Taylor, 29, her son, Donald, 7, and her daughter, Kathy Lynn, 20 months; and her niece, Sheila Witt, 16, of Rochester, Pa.

Wheat Furniture Offering General Electric Products

Wheat Furniture Co. will host the public in a special sale beginning Monday and continuing each day this week, recognizing the firm's franchising as a major appliance, television and stereo dealer for General Electric.

The firm has taken on the General Electric line to offer a wide range of merchandise for its customers, with more service in home furnishings. A complete line of appliances, furniture and carpeting is now offered, making it possible for the customer to buy furnishings for an entire home in one location.

This week guests and customers will be treated to free soft drinks, and persons visiting the store may register without obligation for a 12-inch portable television set which will be given away Aug. 31.

"We want to invite everyone to come by, visit and drink a Coke with us this week," Walter Wheat said.

The new General Electric line will include automatic defrost refrigerators, no-frost freezers and refrigerators, ice maker refrigerators, washers and dryers, electric ranges, and all sizes and kinds of television sets, including color.

Wheat Furniture has been in operation in Big Spring 18 years, first at the location at 504 W. 3rd, which is now Home Furni-

ture Co., owned and operated by J. F. Wheat. In 1953, Wheat Furniture was moved to the present location at 115 E. 2nd. In 1960 the store was expanded to include additional space on the half-block. The firm is a family operation which includes Mr. Wheat, owner, and Walter Wheat, the manager. Mrs. J. F. Wheat also helps in the business in decorating and buying.

J. F. Wheat has been in the furniture business for more than 30 years, including previous experience with a Dallas firm and in auctioneer work.

The Warrants have based their business on large volume and the offering of competitive prices. The firm owns its build-

ings, thus operates with lower overhead and selling at lower prices.

During the month of August, Wheat Furniture will make all new credit payments on major appliances starting Oct. 1, to introduce the new General Electric line. Credit is available up to 36 months with no down payment.

This week the store will be open from 8 a.m. until 9 p.m. Regular store hours are 8 a.m. to 6 p.m.

"We will be glad to explain the General Electric appliance line to our customers," Walter Wheat said.

The firm will both sell and service the General Electric line.

DWI Cases Filed

Douthitt Clay Buchanan, charged with DWI second, posted \$1,000 bond Saturday and was released from custody. Hubert Lee May, charged with DWI first offense, was being held in jail. Bond had been set at \$500 but he had not posted bail Saturday noon.

New Products Show Slated

ODESSA — The second new products showing in Texas will be held Oct. 15-17 in Odessa as a part of the state's program to further develop home industry.

The first one, called the Inventor's Congress, was held in Galveston in April as a result of Gov. Connally's recommendation to the Texas Industrial Commission.

The Odessa meet will be called the Texas New Products Show, and will be co-sponsored by the Odessa Chamber of Commerce, the West Texas Chamber of Commerce and the Texas Industrial Commission.

The purpose is to enable inventors to show and demonstrate their inventions, providing they are either patented or have a patent pending. The field of inventive endeavor is wide open. The product can be connected with agriculture, oil, household, gardening, sports, tools, toys, or any one of a dozen other areas.

The show also will include technical sessions where the inventor and the would-be inventor can discuss patent laws, marketing, manufacturing, engineering and financing with experts in each field. During the three-day exhibition, the West Texas Chamber of Commerce will hold symposiums for chairmen of the industrial development committees of area chambers of commerce.

Space for the Odessa show is now available at \$10.00 per article, and can be obtained by contacting R. W. Hedges, Odessa Chamber of Commerce, Box 3626, Odessa, Texas.

Gen. Disosway Is TAC Commander

Gen. Gabriel P. Disosway, who formerly served as commander of the old Flying Training Air Force, has been named commander of the Tactical Air Command. He visited here frequently when he was FLYTAF commander and Webb was one of his bases. Later he served as commander of the USAF in Europe and as vice commander of TAC from 1961-62. He succeeds Gen. W. C. Sweeney, who is retiring after 35 years in the Air Force.

Cig Commercials Banned In Britain

LONDON (AP)—Cigarette advertising on British commercial television will be banned from midnight tonight.

The ban was approved by the government four months ago, following a 5 per cent rise in lung cancer deaths.

MEDICARE IS NOW LAW!

- How will it affect retirement?
- What are hospitalization benefits?
- Who qualifies?
- How do you get it?

Every family needs this vital information. You can get it in the special series appearing in The Herald beginning Monday, and a lot more in an exclusive 80-page book, "What You've Got Coming from Medicare and Social Security." THE WEEK

(Continued from Page 1)

week ago Saturday Judy Collier, daughter of Mr. and Mrs. E. L. (Babe) Collier of Coahoma, was killed instantly when a car and pickup collided on the Midway-Moss Creek road intersection east of here. Then Friday afternoon, Robert Bruce Crites, Service Pipeline Co. employee at Snyder, died when his pickup and a moving van from Big Spring collided 25 miles northeast of here on the Snyder highway.

Texaco No. 1 United Presbyterian Church looked like a deep strike nine miles west of Lamesa. On a drillstem test it recovered 9,035 feet of oil from 11,384-403, and although it is now deepening, this seems good enough to assure production.

Saturday the annual 4-H calf tour took visitors to homes of 20 youngsters who are feeding out calves. This is a reminder that the first performance of the annual junior rodeo, which helps support these projects, is only 10 days away.

Howard County is due to get money from its bond issue more rapidly than anticipated, possibly this week. Accordingly, purchase of right of way will start this week. There may be some concentration on the FM 700 leg from east IS 20 to the Snyder-Gail road intersection. Final plans are ready on this section and the instant the section is secured, the project will be set up for bid advertising.

James A. Davis, or Jim, as most everyone here knew him, died last week of a heart attack in Amarillo where he was a vice president of Pioneer Natural Gas Company. He got his start in the gas business here, and once as president of Empire Southern Gas Company proposed to move its headquarters here.

Our Nancy Lynn Haralson acquitted herself admirably during the past week. First she won the title as Sweetheart of the 49th Armored Division in a state wide contest. Then, Friday night, she was named a swim suit winner in the Miss Texas preliminaries and thus put in contention for the final honor.

Operations of the new flight training program will start this week for Class 67-A at Howard County Airport. The 21 Cessna T-41As to be used were ferried from Webb to the new base of operations last week. All classes from now on will get their first flying experience in these light planes before embarking on jet training at Webb.

News reports last week told of quintuplets being born in Sweden and New Zealand. In these and in several other instances of quints and quads, mothers had been given a hormone known as gonadotropin. Judging from the length of that word, it's a wonder it stopped at five.

Contract was awarded by the U. S. Engineers last week to Jarbet Construction for a 600-ft extension of Webb's 8,100-ft auxiliary runways at Colorado City. Meantime, the base here advertised for bids on base runway repairs and renovations. The big news on construction, however, was that the Senate House conference committee restored half a million dollars in the Webb building project and now the final figure is due to be \$1,342,000.

Maj. Gen. John W. White, whom many local people revere as a real gentleman and a soldier from World War II days, was back Friday as the Class 66-A Dining-In speaker at Webb. He's come a long way since the days when he was helping establish the bombardier school here. We trust

he can say the same about Big Spring.

The American Legion post's color guard is a bit better than mighty good, and evidence of this is in the state title which it won a week ago. Plans are afoot to send it to compete in the national legion convention at Portland, Ore.

Farm Bureau Queen Contest Set Aug. 7

Seven contestants have entered the Howard County Farm Bureau Queen Contest scheduled to be held at 8 p.m. Saturday at the Howard County Junior College Auditorium. In addition to the regular contest there will be a big number of future queens and young kings presented.

Parents should call the Farm Bureau office if they wish to enter their youngsters, ages three through eight, in the latter show.

Tom Castle and his band from Knott will play during the intermission and the public is invited.

Those entered in the queen contest up to now are: Donna Duke, daughter of Mr. and Mrs. Donald Duke, Coahoma; Susan Baker, daughter of Mrs. Denia Baker, Route 1, Big Spring; Ann Bennett, daughter of Mr. and Mrs. J. R. Bennett, Coahoma; Mary Francis Newton, daughter of Mr. and Mrs. William Newton, Route 1, Big Spring; Diane Brooks, daughter of Mr. and Mrs. Jesse Brooks, Coahoma; Earline Walker, daughter of Mr. and Mrs. Carroll Walker, Route 1, Big Spring; and Linda Shaw, daughter of Mr. and Mrs. Larry Shaw, Route 1, Knott.

Dorsey Rites To Be Monday

Grady Dorsey, 72, San Angelo highway, one of the founders of the town of Ackerly and for many years a cotton buyer, ginman and merchant in this county, died at 3:10 p.m. Saturday in a local hospital. He had been ill for two weeks.

Mr. Dorsey was born in Ellis County Sept. 18, 1892, and came to this community in 1925. Services are to be at 3 p.m. Monday at the First Presbyterian Church Chapel. The Rev. A. E. Seddon of St. Paul Presbyterian Church will officiate assisted by the Rev. Cal Sims, pastor of the Birdwell Baptist Church. Burial will be in Trinity Memorial Park with River-Welch Funeral Home in charge of arrangements.

Mr. Dorsey helped to establish Ackerly and was a ginner at that community and at Knott until 1935 when he started a grocery store at Knott. Later he moved to Big Spring and operated the Packing House Market at 110 Main street until he retired in 1956.

Mr. Dorsey was a member of the Big Spring Rotary Club for many years. He was married in Dallas July 10, 1928, to Allie Gillette who survives him. Other survivors are his son, Grady Jr., Big Spring, and one daughter Mrs. Bill Merrick, Dallas. There are two grandchildren and a number of nieces and nephews.

Heroic Former Soldier Buried

DALLAS (AP)—Funeral services for M. Sgt. George H. Black, who served with U. S. Canadian and British troops and saw action in conflicts from Veracruz to Korea, were held here Friday.

Black, 69, who also accompanied Admiral Richard Byrd in explorations of the North and South poles, was buried with military honors. He died Thursday in Fort Worth.

The Dallas man began a military career of almost a half century when he enlisted in the U. S. Navy in 1914. He was wounded in action at Veracruz, served on a destroyer during World War I.

Changes Toward Still More Benefits Seen For Medicare

WASHINGTON (AP) — Now that medicare has become law, what are the prospect for future congressional changes in the program?

This question already is being discussed at the Capitol, although President Johnson signed the bill only Friday and the first health benefits do not start until 11 months from now, on July 1, 1966.

Supporters and opponents of the long-debated legislation agree with remarkable unanimity that:

MORE BENEFITS
There will be unending changes in the health care program just as there have been in the basic Social Security law.

Related story on Page 6-A.

and they will be in one direction — that of increasing the benefits.

Since World War II, Social Security bills have come along every two years almost with precision.

This is likely to continue, but in the future they will contain revisions in the health program as well as in the established Social Security system covering retired and disabled persons and family survivors.

INSURANCE PLAN

Sen. Russell B. Long, D-La., who worked on the bill in the Senate Finance Committee and managed it on the Senate floor, looks for a drive to convert medicare into a national health insurance plan.

This could be done, he says, by successive efforts to extend the benefits to lower age groups, perhaps first cutting the age 65 floor to 60 or 55. The Louisiana made it clear he is

not advocating such changes. This would be very costly, and other legislators forecast more

Reservations Can Be Made For Barbecue

Big Spring and area residents are invited to attend the barbecue scheduled for Aug. 6 to honor the 2-41A program students at Howard County Airport. The program will begin for the new class at Webb Air Force Base, and the new Cessna 172 propeller-driven aircraft will be used in the initial training. Fifty-eight students arrived at Webb last week and will be in training.

Carroll Davidson, Chamber of Commerce manager, requests those interested in attending the barbecue and meeting the newly-arrived pilot-trainees to telephone the Chamber office for reservations.

The new program, scheduled to start Aug. 5, will see 21 new airplanes in use out at Howard County Airport, and will mean that several extra instructors will be working in the training program," Davidson said. "Big Spring welcomes Central American Airways, its employees and the members of class 67A, and the Ambassadors Club will be on hand to see that the red carpet is rolled out for all those engaged in the training program."

modest steps. Sen. Jacob K. Javits, R-N.Y., says one of the first revisions should be the inclusion of the cost of drugs outside the hospital.

TO DISABLED

Administration officials connected with the program predict privately that the first big move, perhaps in a few years, will be to extend the health benefits to disabled persons receiving Social Security payments.

There are now about 935,000 such recipients. The bill signed Friday revises the definition of disability slightly to bring in an additional 60,000.

A significant change made by Congress in the original medicare proposal is viewed here as opening the way for future expansion of the benefits.

As discussed for years and submitted by Johnson this year, medicare was financed wholly under Social Security through payroll taxes.

DOCTOR BILLS

The final version keeps this method for the basic hospital, nursing home and home health benefits. But a supplemental plan, originating in the House Ways and Means Committee, was added covering chiefly doctors' bills and with a different financing plan.

This calls for monthly premium payments by enrollees, \$3 at the outset, with a matching contribution from the federal government, estimated at \$600 million a year initially.

ONE CHANGE

Sen. Paul H. Douglas, D-Ill., plans to push for one change in the basic health plan to cover costs of the work of anesthesiologists, radiologists, psychiatrists and pathologists.

The Senate voted for Douglas' proposal but the House rejected it and it was killed. The result was to leave such services covered under the supplemental plan and to assure that separate bills would be submitted for them.

Douglas insists the inevitable result will be to drive up costs because, he says, the charges are less when they are a part of the hospital bill.

Cyclist Hurt In Accident

A car-motorcycle accident at the intersection of Fourth and Birdwell Friday at about 6:15 p.m. resulted in a broken leg for the driver of the motorcycle, Victor Lee Allen, Rt. 1, Big Spring.

Allen, whose right leg was fractured in two places, was taken by ambulance to Cowper Hospital, where the fractures were set. A hospital doctor said Saturday that Allen's leg was broken in the upper leg bone, and the lower third of the leg bone. He said Allen's condition is good.

The driver of the car, Belen Arguello, Box 234, Coahoma, was not injured in the mishap.

By her victory, Kathy, who likes to swim and cook, wins the right to compete in Seminole at the District Farm Bureau queen contest on Aug. 17. A victory there would send her to Dallas Nov. 14-17 to try for the state title.

She won out over eight competitors Judy McCasland, Jones, who was the 1963 queen (Dawson County had no queen last year), crowned the victor.

Alta Addison, daughter of Mr. and Mrs. Alton Addison was first alternate and Joene Balch, daughter of Mr. and Mrs. D. H. Balch was second alternate.

Junior Miss Farm Bureau for the county was Pamela Crump, daughter of Mr. and Mrs. D. W. Crump. Alternates were Judy Cooper and Ann Herndon.

Bob Stephens, Abernathy radio man, was master of ceremonies. Mrs. Stephens and Mr. and Mrs. Marlin Terrell, Brownfield, were the judges.

Sept. 13.

Soybeans were wide swingers

Dead But Recovers

Mrs. Alexis Powell, 21, smiles from her bed at the University of California Medical Center in San Francisco where several days ago she was technically dead for ten long minutes. Her heart was broken open in an auto accident, and while it was being repaired she had no circulation at all. The young Yuba City, Calif., mother was returned to life and suffered no brain damage after a recovery the doctors termed "incredible." (AP WIREPHOTO)

Greek Regime Defies Rivals; To Try Again

ATHENS, Greece (AP) — King Constantine's 16-day-old crisis government defied its foes Saturday and said it would make another try for a parliamentary conference vote.

In the tense and confused political crisis, the gravest since Communist civil war shook the country between 1947 and 1949, the 25-year-old king gave no indication of retreating before his ousted premier, George Papandreu, 77.

Constantine conferred briefly with his premier, George Athanasiadis Novas, Saturday morning. The premier's top minister, Constantine Stephanakis, announced that Parliament will reconvene Monday, "whether the speaker of the House, Emmanouel Baklatzis, likes it or not."

Baklatzis, a Papandreu follower, ordered Parliament indefinitely suspended Friday night, after an uproarious session, because a quorum was not present due to a boycott by opponents of the government. He said lack of a quorum indicated "disapproval of the government."

Athanasiadis Novas gave no hint what might happen Monday if a quorum still was lacking.

The Greek capital boiled with rumors of possible next moves. There was talk the King might seek a compromise premier, or call new elections, or even impose martial law with a military government.

One rumor had a secret meeting of Constantine, Athanasiadis Novas and top Greek generals and admirals following Friday night's parliamentary tumult. A palace spokesman denied this.

The crisis erupted July 15 when Constantine fired Papandreu in a dispute over control of the armed forces.

Athanasiadis Novas charged Papandreu had aligned himself with the Communist-line United Democratic Left (EDA) party. The premier said this was shown by the fact that Papandreu's 142 Center Union party followers and the 22 EDA deputies boycotted Friday night's parliamentary session when the constitutionally required confidence vote debate was to have started. Athanasiadis Novas described his opponents' action as an "agreed absence."

The government takes the view it does not have to quit until Parliament actually votes against it. The opposing deputies argue that lack of a quorum constituted a no-confidence vote.

Viet News Hikes Grain Futures, Retreat Follows

CHICAGO (AP) — The Vietnamese situation was the major influence in the grain futures market last week, but President Johnson's new military policy was not as strong as had been expected and prices fell back somewhat from their peaks.

However, most commodities finished with substantial net gains after all of them posted rather broad advances on Friday.

FEAR DROUTH

The summary, issued by Quaker Oats Co., said crop deterioration could be rapid and severe if there should be a prolonged period of hot and dry weather within the next several days or few weeks.

At the end of the week, wheat was 1 1/2 to 2 cents a bushel higher. September \$1.47 3/4, corn 1/4 lower to 1/2 higher, September \$1.25 1/2-2 1/2, oats 1/4-1/2 lower, September 67 1/2-3/4, rye 1/4 to 1 cent higher, September \$1.18 1/2-3/4, soybeans 1/4 lower to 4 cents higher, August 2.77 1/2-3/4.

Shower and thundershowers are expected Sunday from the eastern Gulf coast and south Atlantic states to Lakes' area and New England, and in parts of northern and central

Firemen Snuff Boxcar Blaze

City firemen quenched a T&P boxcar fire Saturday at 4:30 p.m. just west of the Kimball Feed Mills, off 2nd. The boxcar was filled with lumber.

Firemen said the blaze was started by the "hot box" on the boxcar, which had become so hot it set the blaze, then itself burned off the car. However, since T&P requested that the lumber not be unloaded, firemen were unable to determine the extent of damage to the lumber. They said there was evidently not much damage from fire, and probably more from the soaking they gave the wood.

FEAR DROUTH

The summary, issued by Quaker Oats Co., said crop deterioration could be rapid and severe if there should be a prolonged period of hot and dry weather within the next several days or few weeks.

At the end of the week, wheat was 1 1/2 to 2 cents a bushel higher. September \$1.47 3/4, corn 1/4 lower to 1/2 higher, September \$1.25 1/2-2 1/2, oats 1/4-1/2 lower, September 67 1/2-3/4, rye 1/4 to 1 cent higher, September \$1.18 1/2-3/4, soybeans 1/4 lower to 4 cents higher, August 2.77 1/2-3/4.

Junior Rodeo Comes To End

COLORADO CITY (SC) — Colorado City's Junior Rodeo, sponsored by the Western Riding Club, which drew 150 entries, came to a close Saturday night. Attendance has been fair but the closing night turnout was described as light. The show is AJRA sanctioned and all points won go toward the championship determination.

Results Saturday night:
Tiedown roping, boys 13-15 years old, J. P. Smith, McCamey, 14.8. Tie down roping boys, 16 to 19, Cary Pitts, Ozona, 16.9.

Barrel Racing, girls 13 to 15 years old, Kathy Greenwood, Carlsbad, N.M., 19.45.

Flag Racing, girls 12 and under, Debbie Ferguson, Petersburg, 10.06.

Polebending, boys 12 and under, David Wilson, El Paso, 17.45; Girls, 12 and under, Debbie Ferguson, 17.20.

Breakaway roping, girls 16 to 19, Kathy Greenwood, 4.8; Boys 12 and under, Bo Robinson, Snyder, 8.

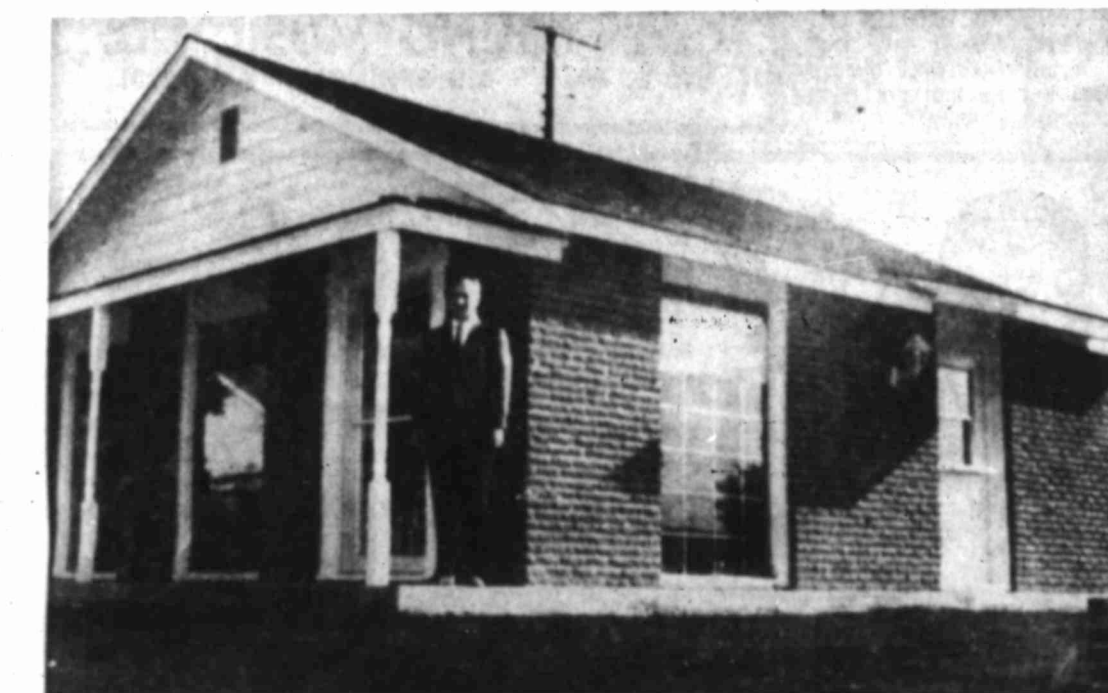

Pleads Guilty

The Right Rev. Msgr. Archibald Monroe Bottoms, Chancellor of the Amarillo, diocese pleaded guilty to car theft and was placed on probation for two years. Rev. Bottoms admitted stealing a car from a used car lot and selling it at an auto auction. He said he used proceeds to help pay for church expenses. Story on Page 10-A. (AP WIREPHOTO)

Oilman Convicted In Fraud Case

OKLAHOMA CITY (AP) — Former Oklahoma City oilman Marion Barnett, 47, now of Dallas, was convicted last week on 28 counts of fraud and conspiracy in an oil and gas lease venture.

BIG SPRING'S NEWEST PHARMACY
Bennett Brooke in front of his new pharmacy on W. 16th

New Pharmacy To Be 'Just That'

Bennett Brooke opens his new pharmacy at 9 a.m. Monday. Bennett's Pharmacy is just that — a pharmacy. "The absence of a soda fountain, magazine counter, and other items means that I can concentrate on serving the health needs of the community, the doctors and their patients," Brooke said.

Located just off Gregg at 305 W. 16th, the pharmacy is red-bricked with shake shingles and pillars, and emanates a distinct Early American flavor. A paved, curved driveway leads to a drive-in window and door, which Brooke said will make for convenience in dispensing drugs. "I'll be able to either hand the goods through the window or go out to cars in the drive, and serve people quickly," Brooke said.

QUICK SERVICE

Because the pharmacy is located just off Gregg, and is near Lancaster, two fast-traffic streets, people in a hurry will be able to fill their needs very quickly, either at the drive-in window or inside the pharmacy. There is a paved parking area near the entrance.

Inside the compact building, the Early American motif persists with bright blue-and-red carpeting and maple chairs and tables in the waiting area.

Besides a complete line of prescription drugs, Brooke will have a large selection of aspirin, vitamins, and other drug goods.

WILL ASSIST
For the remainder of the

CARD OF THANKS

The family of Nancy Brunson expresses deepest gratitude for all the wonderful things done during the illness and recent death of our beloved daughter and sister. We especially thank the wonderful staff of doctors and nurses at Howard County Hospital. A sincere thank you goes to all the people for the food and beautiful floral tributes. To all the people who donated blood and offered to donate, we will always be very grateful. May God Bless each of you.

Mr. & Mrs. Jimmie Brunson
Mr. & Mrs. Eddie Lamb

Dawson Elects Bureau Queen

LAMESA (SC) Dawson County Farm Bureau's 1965 queen is dark-haired, blue-eyed Kathy Love.

The 16-year-old daughter of Mr. and Mrs. Bill Love, Rt. 1, a junior in the Lamesa high school, was crowned queen Friday night at the Lamesa High School auditorium.

By her victory, Kathy, who likes to swim and cook, wins the right to compete in Seminole at the District Farm Bureau queen contest on Aug. 17. A victory there would send her to Dallas Nov. 14-17 to try for the state title.

She won out over eight competitors Judy McCasland, Jones, who was the 1963 queen (Dawson County had no queen last year), crowned the victor.

Alta Addison, daughter of Mr. and Mrs. Alton Addison was first alternate and Joene Balch, daughter of Mr. and Mrs. D. H. Balch was second alternate.

Junior Miss Farm Bureau for the county was Pamela Crump, daughter of Mr. and Mrs. D. W. Crump. Alternates were Judy Cooper and Ann Herndon.

Bob Stephens, Abernathy radio man, was master of ceremonies. Mrs. Stephens and Mr. and Mrs. Marlin Terrell, Brownfield, were the judges.

Sept. 13.

Continued Prosperity Outlook For 2nd Half

AUSTIN (AP) — Continued prosperity is the outlook for Texas business the last half of 1965, the Texas Bureau of Business Research said Saturday.

The University of Texas agency said its figures on business activity in Texas, based on reports from 20 selected Texas cities, show a three per cent increase for the month of June but a 13 per cent improvement for the entire first half of the year.

The monthly and six-months figures included: Abilene, down one per cent for the month, up six per cent for the six months; Amarillo, up six per cent and up 11 per cent; Corsicana, down five per cent and up four per cent; El Paso, down seven per cent and up three per cent; Galveston, up seven per cent and up two per cent; Laredo, up eight per cent and up 12 per cent; Lubbock, no change and down one per cent; Port Arthur, down one per cent and up one per cent; San Angelo, up three per cent and up four per cent; Texarkana, down three per cent and down three per cent; Tyler, no change and up seven per cent.

Y Open During All Of August

The YMCA will be open all during August, although activities will be largely on a recreational basis.

Many people are under a wrong impression that the Y will be closed, said Curt Mullens, general secretary. The facilities will remain open and swimming, handball, gymnasium, etc.

Previously the recreational swim schedule was announced as follows: Elementary, Monday - Saturday 9:30 a.m. - 11:30 a.m.; Junior high, Monday - Saturday, 1:30 p.m. - 3:30 p.m.; adults, Monday, Wednesday and Friday from 5 p.m. - 7:30 p.m. (except 7 p.m. on Wednesdays); and family night Friday from 7 p.m. to 8:30 p.m.

Mullens urged members to make full use of the Y during the month.

Late Filing Penalty Up

Penalties for late filing of quarterly wage and tax reports under the Texas Unemployment Compensation Act as amended by the 59th Legislature are now \$10 plus 1 per cent or more of taxable wages paid by the employer during the calendar quarter for which wage reports are due.

Employers of four or more employees for one day or more during each of 20 or more weeks within a calendar year are subject to the act. Employer's quarterly wage reports for the April-June quarter should normally be postmarked on or before July 31, but since this date falls on Saturday, a postmark on Aug. 1 or 2 will be accepted, said the Texas Employment Commission.

Reporting after Aug. 2 will lead to the charge, with an additional 2 per cent penalty added on Sept. 1 payment and an additional 3 per cent if the report is not made before Oct. 8-5965.

An employer who is two months and one day late will pay a penalty of 6 per cent of his second quarter taxable wages plus the \$10.

Livestock, Crop Gifts Sought For Boys Ranch

Monday is the kick-off day for the annual Roundup for West Texas Boys Ranch.

Three Big Spring men are serving as wagon bosses for this area in obtaining gifts of livestock, crops, cash or whatever can be given to help sustain this home which gives boys a real chance.

While there currently is but one boy at the ranch from Howard County, in the past 28 Howard County youths have been given haven and a new start in life under the shelter of the ranch.

In the past, farmers, ranchers and others have given livestock, grain sorghum cotton and other commodities (which are converted into cash) in addition to joining others in making cash investments in the ranch.

Everyone who can help is urged to call either Jimmy Taylor at the First National Bank, Jack Buchanan (phone EX 9-4171) or Hamlin Elrod (EX 8-5965).

Most livestock auction companies in West Texas will handle the sale of livestock given to Boys Ranch and see that the cash reaches the ranch.

Those who can give a few hundred pounds of grain or cotton likely will find buyers willing to see that the check reaches the ranch.

West Texas Boys Ranch is located on Spring Creek west of San Angelo and currently is taking care of 88 boys, most of them from broken homes. The ranch gives them a good home environment, a chance to work and contribute to support of the larger family, to go to school, participate in athletics and other activities.

Theft Reported By Police Chief

MANILA, Philippines (AP) — Police Chief Mariano Gingo, visiting Manila from the town of Penarubia in northern Luzon, came to police headquarters last week to report a theft.

He said pickpockets got hold of him as he was riding a bus and relieved him of his billfold, his police badge and warrants for two robbery suspects he was seeking.

Soviet Union Plays Down Viet Aspects

By The Associated Press

Moscow is underplaying aspects of the Viet Nam war which might directly concern the Soviet Union, and Washington appears to be bending over backward to avoid provoking the Kremlin.

The appearance of delicate treatment of the situation in both capitals testifies to the depth of the Viet Nam crisis and the reluctance of the two great nuclear powers to generate dangerous tension between them.

LOW KEY Soviet skittishness has become obvious. The Soviet press paid scant attention to the dramatic news that U.S. planes attacked antiaircraft missile sites in North Viet Nam, installations presumably placed there by the Russians and possibly manned by their technicians.

President Johnson said Wednesday he knows of nothing the U.S. government has in mind which might excite Soviet

distrust or provoke the Soviet Union. The whole tenor of his news conference was distinctly low key, and the picture he displayed of U.S. policy in Viet Nam was one of carefully measured steps.

If Russians were manning the missiles in North Viet Nam, the Kremlin may have decided that they were expendable chips in this poker game. It is possible, of course, that no Russians were on the scene at all.

NO HEAT ON In any event, the Kremlin leadership shows no enthusiasm for heating up the atmosphere, despite strident scolding from the Red Chinese.

"What the Russians call support for Viet Nam and aid to Viet Nam are just for deceiving others," complained a Peking paper this week. "Their real aim is to bring the Viet Nam

question into the orbit of Soviet-U.S. cooperation for world domination and stamp out the Vietnamese people's struggle against U.S. aggression."

Did you know that... Even if you have your eyes examined by an eyesight specialist other than one at TSO...

your prescription for glasses or contact lenses can still be filled at Texas State Optical, using only finest quality lenses and frames — at reasonable cost, too.

TSO guarantees absolute accuracy in filling your ophthalmic prescription. Select your frames from hundreds of fashionable styles and colors.

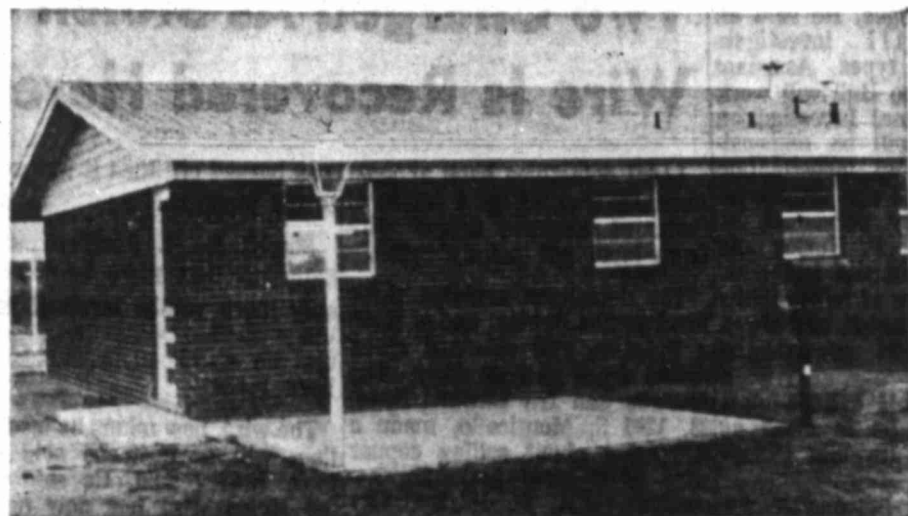

Consult your telephone directory for the TSO office nearest you.

German Imports From U.S. Up

WASHINGTON (AP) — Although West German statistics show a rise of only one per cent in total imports from the United States during 1964, commercial imports rose by 18 per cent, the U.S. Department of Commerce has reported.

B. K. EDENS, Builder

PRESENTS THIS ...

Here is a home that proves that comfortable, convenient, gracious living need not be costly. This attractive Blue Flame Home, with features you would expect to find only in far more expensive homes, is only \$11,000. The owner of this all-brick home will enjoy the year-round comfort of GAS air conditioning plus the convenience of an all-GAS kitchen-den combination. Besides a formal living room, there are three bedrooms plus a bath and a half. To make the most of outdoor living, there is a big 12'x15' patio illuminated by the soft glow of a GAS light. Located in desirable suburban area, this home has the unique advantage of having its own water well. Don't miss seeing this Blue Flame Home today.

10-A Big Spring (Texas) Herald, Sunday, Aug. 1, 1965

Police Changes Are Announced

Police Chief Jay Banks announced four major changes in police personnel Sunday as a result of the resignation of Detective Wayne Tollett last Tuesday. Banks also announced several police procedure changes.

Sergeants John Wolf and Sherrill Farmer have been assigned to the Detective Division, and

J. D. Campbell has been promoted to sergeant in the Traffic Division. Reserve police officer Lee Steele has been commissioned as a police officer.

SON OF OFFICER

Steele, 34, is the son of a former Big Spring policeman, Travis L. Steele, who was once the chief of Snyder police. An Air Force veteran, Steele has had eight years experience as a police officer in Midland and Tatum, N. M. He has been serving as a reserve officer.

Farmer, 28, has been a Big Spring policeman since 1956. He has served in various positions with the force — radioman, patrolman, warrant officer, and bailiff. He was promoted to sergeant last year.

Campbell has served 10 years with the force. He became an officer in 1953; but left the force in 1956. He returned to Big Spring in 1957 and has been an active member of the force since then. He is 32 years old.

Promoted to sergeant only last year, Wolf, 38, came to the local department in 1962.

PROCEDURE CHANGE

Banks said the procedure changes were made "in order to tighten our follow-up procedures in passing down information from shift to shift and in maintaining contact with victims of crimes committed in the city."

Banks announced five major procedure changes. He said all detectives will investigate crimes of all types. Assistant Police Chief Leo Hull will work with the Criminal Investigation Division and will be responsible for follow-up investigation of major crimes and crimes involving military personnel.

Detectives A. P. Hurley and Wolf will be assigned to follow-up investigations of minor thefts and house burglaries, and check pawn shops and second-hand dealers.

JUVENILE FIELD

Farmer will be in close association with Juvenile Officer Bob Darland.

"He will be responsible for follow-up contact involving the consultations to juvenile offenders and their parents," Banks said.

Vice, liquor violations, and law-breaking in dance and pool halls, will be the responsibility of Detective Jack Jones. Banks said Jones will coordinate closely with Liquor Control Board officers, and the officers of other agencies.

Banks said he has instructed all officers to keep him more closely informed on the progress of investigations.

SHERILL FARMER

J. D. CAMPBELL

LEE STEELE

Texas Prelate On Probation

AMARILLO, Tex. (AP)—The Right Rev. Msgr. Archibald Monroe Bottoms, who said he had an obsession for trading automobiles, was placed on a two-year probation Friday after pleading guilty to car theft.

The 48-year-old Roman Catholic priest, who as chancellor was the second highest ranking prelate in the Amarillo diocese, admitted stealing a 1964 automobile from an Amarillo used car lot, hiding it in his garage for several months, then selling it for \$3,500 at an Albuquerque, N.M. Auto Auction June 28.

The car was spotted after another Amarillo dealer bought the car June 30 and returned it here.

"I was always fascinated by cars. I have traded hundreds of cars in the past 23 years and have contributed all proceeds to the church," the priest said.

In addition to his duties as chancellor, Msgr. Bottoms was also pastor of tiny St. Francis Church, which has 30 families. He said the proceeds from the car sold in New Mexico was used to help pay for central heating and air conditioning in the church.

The court was informed Friday that all persons suffering loss in the transactions on the car had been repaid and that Msgr. Bottoms was undergoing psychiatric treatment.

Peace Corps \$5 Bid With Senate

WASHINGTON (AP) — An authorization of \$115 million to run the Peace Corps for another year is before the Senate, sent there Thursday with bipartisan enthusiasm by the House.

The House passed the measure by voice vote.

Two Charged As Stolen Wire Is Recovered Here

Local detectives have at least partially cleared up a series of thefts of insulated copper wire from local and county firms.

The detectives arrested three local youths Friday, one of them a juvenile, and obtained statements from two of them. The juvenile and Ira Edward Boyd, 23, 1206 S. Monticello, made a statement about selling copper wire to a local junkman, according to A. P. Hurley, city detective.

Boyd's statement told about the theft of some 300 pounds of copper wire from the TESCO warehouse Tuesday. He implicated Kenneth Greenhill, 18, 1103 W. 5th, also arrested, in the theft.

Charges of theft of over \$50 were filed Friday with Peace Officer Walter Grice on Greenhill and Boyd.

Detective A. P. Hurley said the wire had been taken into the country, where the insulation

was burned off, then it was sold to the junkman.

Sheriff A. N. Standard said Saturday that there are "probably more youths involved in other of the wire thefts, but that no additional arrests have been made."

The wire, now minus its insulation, will have to be sold as junk, Hurley said. He said all the stolen wire has now been recovered. Some of it was stolen Tuesday, and some about two weeks ago from the H. G. Caldwell Electric Co. on East Highway. The Caldwell theft was estimated at around \$1,000 at the time. The TESCO theft netted one roll of the wire which sold for \$31.

Boyd made \$1,500 bond Friday afternoon. Greenhill was scheduled for transfer to the county jail Saturday afternoon, and the juvenile was turned over to his parents Friday.

Dodgers Kayoed By Cards, 4 To 3

ST. LOUIS (AP) — Lou Brock's two-run single with one out in the ninth inning lifted St. Louis to a 4-3 victory over the Los Angeles Dodgers-Saturday night.

The loss, coupled with Cincinnati's triumph over Houston, cut the Dodgers' National League lead to one game over the second-place Reds.

The Cardinals, who lost a 2-0 lead in the sixth inning, went into the ninth trailing 3-2. But they loaded the bases against Ron Perranoski on consecutive singles by Phil Gagliano, Ken Boyer and Tim McCarver.

Pitcher Bob Gibson forced pinch runner Dal Maxvill at the plate, but Brock singled to right, driving in Boyer and McCarver.

Perranoski had relieved starter Don Drysdale with one out in the seventh when Drysdale was forced to leave the game because of the recurrence of a

Flash Flood, Hail Hit Ruidoso Downs Track

RUIDOSO DOWNS, N.M. — A flash flood and hail storm hit the Ruidoso Downs race track just after the horses came on the track for the ninth race Saturday.

GOODWOOD, England (AP) — Queen Elizabeth picked up another \$932 Friday with a second place horse and today has \$113,898 in race earnings for the season. Her filly Eucumbene finished second to Aunt Edith in the Nassau Stakes of the Goodwood meeting.

Hillhouse Is Star In Win For Oilers

LUBBOCK—Masterful pitching by Steve Hillhouse enabled the Big Spring Gage Oilers to topple the Abilene Sports, 6-3, in a first round game of the NBC State Baseball tournament here Saturday night.

The Oilers return to action at 7 p.m. tonight against the winner of the Hamlin-Lubbock First Methodist game, which was to have been played later Saturday night.

Big Spring posted Hillhouse to a four-run lead in the second inning and that was all the Colorado City lefthander needed. The Oilers, however, added a two-run cushion in the eighth. The only runs the Sports scored, all of which came in the seventh, were unearned.

Ronnie Fullmer, an old Big Spring antagonist, was on the hill for Abilene. He was tagged for seven hits, including two by Hillhouse.

Hillhouse struck out 14 in the nine-inning struggle and surrendered no walks.

In the eighth, when conditions got a little tense, Jackie Blizard singled into right field for Big Spring and roared all the way home when the ball got through to the wall.

Tommy McDams followed with a single. After walks were issued to Jim Baum and Hillhouse, McDams scooted home on a wild pitch.

Tex Mainord Stars In Win

Three home runs powered by Tex Mainord propelled the 356th Squadron of Webb AFB to a 7-2 victory over Pepsi-Cola in the finals of the American Softball league's post-season tournament here Saturday night.

Earlier, Pepsi has knocked off Skateland, which finished first in regular season competition, by a score of 5-2.

Mainord drove in a total of six runs for the Webb team. He clubbed his round trippers in the second, fourth and fifth innings.

Webb's Hamela accounted for the 356th's other run in the fifth round.

Matthews Quits For New Post

CORSICANA (AP) — Jerry Matthews, head coach at Corsicana High School, announced his resignation Saturday to take a similar position with the new King High School in Corpus Christi.

King High opens for the first time this fall.

Matthews, a native of Longview, has been at Corsicana three years. His teams won co-district championships all three years. He has a record of 45 wins and 18 losses.

LEADER MISSES NINTH BIRDIE Gary Player shows anguish

HARRISON, N.Y. (AP) — Gary Player, the little health food fadist from South Africa, stormed from behind two times Saturday, elbowed his way past Jack Nicklaus and grabbed the third round lead in the Thunderbird Golf Classic with a 65 for 201.

Player covered the Westchester Country Club course in seven-under par — matching the best round of the tourney — for

a one stroke lead going into Sunday's final round for the \$20,000 top prize.

Arnold Palmer drew a good portion of the gallery of 21,217, but managed only a par 72 for 211.

HARRISON, N.Y. (AP) — Leading scores after the third round Saturday in the \$20,000 Thunderbird Golf Classic on the 6,573 yard, par 36-36-72 Westchester Country Club course:

Injury-Plagued Yanks Trail Russian Team

By WILL GRIMSLEY

KIEV, U.S.S.R. (AP) — The injury-plagued U.S. Men's track and field team suffered its darkest hour Saturday when the powerful Russians beat America's sky-scraping pole-vaulters and proud sprint relay team for a 58-57 lead after the first day of the dual meet between the two top track and field powers.

With the Sunday program loaded with events in which the Soviet athletes excel, it appeared possible that the American men might absorb their first setback in the seven-year history of the competition.

A magnificent performance by the women, particularly the fleet and plucky Wyomia Tyus of Griffin, Ga., kept the day from being a complete disappointment.

Miss Tyus sped to a world record-tying triumph in the women's 100-meter dash with an 11.1 seconds clocking and staged a great come-from-behind spurt to save the women's 400-meter relay.

The Russians, who normally dominate the series, led the U.S. girls by only 2 1/2 to 22 1/2.

The men were not so lucky. Using a patch-work line-up after 100-meter winner Darel Newman of Visalia, Calif., pulled up lame in that race, the Yank speedsters fell behind the red-clad Russians and never recovered.

Bad baton passing was largely responsible. Then George Anderson of Baton Rouge, La., who was second in the 100, ran out of his lane and disqualified the team. This meant the Americans were denied the three points that goes to the loser.

It was the first time in the series, dating back to 1958, that the sprint relay team had been beaten, and the same unhappy circumstances fell upon the stratosphere polevaulters Jeff Chase and John Pennel.

Russia's surprising Gennady Biznetsov won with 16-3. Chase, who finished second and Pennel, third, cleared 16-1. The Americans received another bitter blow when the Rus-

Harris Keeps Tennis Title

SPRINGFIELD, Ohio (AP) — Bill Harris of West Palm Beach, Fla., retained the Junior singles title Saturday in the Western Junior and Boys' Tennis Tournament.

Harris, who won three consecutive Boys' Division titles before taking the Junior crown last year, defeated Alberto Carrero of Puerto Rico, 2-6, 6-4, 1-6, 7-5, 6-0, in the finals.

Carrero won two of the first three sets and needed just one point for the deciding game in the fourth set and the championship.

However, Harris, continuing his aggressive play, came back to win the set and went on to capture the title.

Mike Estep of Dallas, Tex., won the Boys' Division championship by defeating Don Lutz of Los Angeles, 6-4, 6-1.

MEN & BOYS' — SEVEN TO SEVENTY

Record Enrollment Likely At Clinic

DALLAS (AP)—Thousands of big guys with note books were streaming into Dallas Saturday for the world's largest coaching school.

From every section and from a dozen outside states they came to participate in four days of discussions concerning football, basketball, baseball and track.

Many arrived Friday and more Saturday and all will be here Sunday morning at 10 a.m. when registration begins for the Texas Coaching School, sponsored by the Texas High School Coaches Association.

HOW MANY MORE?

It appeared certain that the record enrollment of 4,115 set last year at Fort Worth would be bettered.

L. W. McConachie, executive vice president of the association, said he felt certain there would be more than 4,200 but he wouldn't hazard a guess on how many more.

He based his prediction on the fact that 2,367 had registered in advance—387 more than last year—and that the association is bigger.

While lectures do not start until Monday, there will be meetings of coaches in all the sports carried on the school's curriculum. They will make recommendations on lecturers for next year when the school is held at Houston.

All-star squads that will appear in a basketball game Wednesday night and football Thursday night arrived on the campus of Southern Methodist Saturday morning and all went through workouts in the afternoon.

Two-day practice will begin Monday.

STEADY GROWTH

It will be the 33rd annual school. Since its founding it has grown from an enrollment of 251 to better than a thousand in a dozen years, then leaped to 2,000 in the next ten.

Instructors will be Hayden Fry of Southern Methodist and Gene Stallings of Texas A&M in football, Don Haskins of Texas Western and Ralph Tasker of Hobbs, N.M., high school in basketball, Abe Barnett of Dallas Sunset and Dolph J. Regelesky of Dallas Crozier Tech in baseball and Charley Thomas of Texas A&M in track. Eddie Lane of Southern Methodist will lecture on athletic training.

Allen Winters of Temple, the vice president, will preside at meetings of the association in the absence of Theo Rigby of Fort Worth Richland, the president. Rigby will be unable to attend because his daughter was found murdered at Austin.

"This will cause a note of sorrow at the coaching school," said McConachie.

Five Temple Men Among Honorees

Five members of the pennant-winning Temple Baptist team were named to the Church Softball League all-star club chosen recently by the coaches.

Temple wound up its season with an 8-1 record. The post-season tournament involving the first four clubs in the circuit standings starts Tuesday on the City Park diamond.

Opening round games, listed with starting times:

First Baptist vs. Airport Baptist, 7 p.m.; Temple Baptist vs. East Fourth Baptist, 8:30 p.m.

The all-star unit consisted of:

Ed Capers, Temple, manager; Joe Blasingame, Temple, and Mac Robinson, Forsan Baptist, pitchers; Lynwood Arthur, Temple, catcher; John Berry, First Baptist, first base; Gary Holman, Westside Baptist, second base; Wayne Henry, First Baptist, third base; Donnie Goch, Forsan, shortstop; Herb Sorley, Temple, utility infielder; Ernest Barbee, Temple; Ronnie Osborn, Airport Baptist; Morris Sevell, East Fourth; and Eddie Covington, Airport, all outfielders.

The league this season was

JOHNNY BERRY

made up of ten teams. A nine-game schedule was played, with Airport Baptist and East Fourth Baptist tangling in an extra game to determine second place. Airport won the spot with an 8-2 record.

Dillard-Owned Horse Is Qualifier For Futurity

RUIDOSO DOWNS, N. M. — Several of the more highly-regarded favorites took it on the chin here Friday, failing to qualify in the five trials for the \$100,000 estimated Ruidoso Thoroughbred Futurity.

Among certain qualifiers was Doctor's Pet, owned by J. T. Dillard of Big Spring, who finished second to Good Secret in the third division.

Among the riders, Richard Lidberg came up with three winners, and jockeys Jack Wal-

lace and Johnny Cox came up with a pair apiece. The day's crowd of 3,531 wagered \$157,210 on the 12 race program.

(FRIDAY)

FIRST RACE (5 furlongs) — Champion 12.00, 17.00, 2.30. Acme 6.00, 4.20, Cedar Canyon 3.40. Time 1:11.4.

SECOND RACE (440 yards) — Bold 4.00, 2.80, Sonny's Jo 5.80. Time 2:2.4.

THIRD RACE (440 yards) — Wind 4.00, 2.80, Peppy's Jewel 4.40, 3.00. Time 1:49.2.

FOURTH RACE (mile) — Borlone 7.00, 5.00, Peppy's Jewel 4.40, 3.00. Time 1:49.2.

FIFTH RACE (820 yards) — Dark 4.00, 2.80, 17.00, 2.30. Roman Red 4.00, 3.20, Go Horse 3.80. Time 4:6.8.

SIXTH RACE (320 yards) — Honkin' 4.00, 2.80, 17.00, 2.30. Bubbly 4.00, 2.80, 17.00, 2.30. Time 1:11.4.

SEVENTH RACE (5 furlongs) — Bon 4.00, 2.80, 17.00, 2.30. De 11 Shadow 4.00, 3.20, Neopolo 5.00. Time 1:11.4.

EIGHTH RACE (5 furlongs) — Mr. 4.00, 2.80, 17.00, 2.30. Appling 4.00, 2.80, 17.00, 2.30. Time 1:11.4.

NINTH RACE (5 furlongs) — Good 4.00, 2.80, 17.00, 2.30. Doctor's Pet 18.00, 12.00, 2.30. Time 1:11.4.

TENTH RACE (5 furlongs) — Bold 4.00, 2.80, 17.00, 2.30. Echo's Pride 4.00, 2.80, 17.00, 2.30. Time 1:11.4.

ELEVENTH RACE (5 furlongs) — Wild 4.00, 2.80, 17.00, 2.30. Indie 4.00, 2.80, 17.00, 2.30. Time 1:11.4.

TWELFTH RACE (7 furlongs) — Reno 14.00, 7.00, 8.00, Miss Grier 20.00, 15.00, Cass's Dream 15.00. Time 1:31.8.

QUINELLA 172.60.

Attendance, 3,531. Total handle, 157,210.

Golfers Record Aces Same Day

MONROE, La. (AP) — Two golfers scored a hole-in-one on the same hole Friday at the Monroe municipal course.

Alan Knight, 12, dropped a three-wood in the cup on the 140-yard par 3 No. 8 early in the afternoon.

Later, Jim Shipp holed a seven-iron. It was the first ace for both.

JOE BLASINGAME

Terrell Listed No. 1 By WBA

TORONTO (AP)—There was no change in the top ranked heavyweights in the World Boxing Association July ratings announced Friday. Ernie Terrell of Chicago is listed as champion since the WBA does not recognize Cassius Clay.

Floyd Patterson of New York is ranked No. 1 contender, followed by Zora Folley of Chandler, Ariz., and George Chuvalo of Toronto.

Fight Results

FRIDAY NIGHT

PISA, Italy—Piero Del Papa, 177lb, Italy, outpointed Eddie Cotton, 176lb, Seattle, 10.

BRUNN, Italy—Bruno Santini, Italy, outpointed Francesco Fiori, Italy, 12.

Santini won vacant Italian middleweight title.

Skateland, 3560th Record Wins In Softball Tourney

In a battle of unbeaten Friday night, the 3560th Squadron club of Webb AFB prevailed over Pepsi-Cola, 3-1, to advance to the finals in the American Softball League's double elimination tournament. The games took place at the City Park.

Earlier, Skateland had eliminated Pioneer Natural Gas, 7-0, in a loser's bracket game.

Jerry Don Paige hurled the shutout for Skateland, surrendering only two hits to the losers.

The contest was very close, however, until the sixth inning, when Skateland struck for five runs with the help of only two base hits — a triple by Donnie Goch and a one-baser by Paige himself.

Goch wound up with two of Skateland's six hits while Bobby Evans and Bobby Brasel each

had one-basers for the losers. Paige whiffed six and issued only two walks.

The Pioneer team painted him into a corner in the very first inning when it loaded the bases but Paige got out of the jam without giving up a run when he fanned Frank Long.

Hits came at a premium in the second bout, Pepsi-Cola collecting three and the 3560th only four.

Jim Distasio banged out two singles for the Webb team, which went ahead to stay in the fifth with a two-run eruption. The 3560th added an insurance tally in the sixth when Tex Mainard hit a solo home run.

Joe Blasingame, on the mound for Pepsi, pitched well enough to win nine out of ten starts

but his mates couldn't supply the necessary punch.

Blasingame scored his team's only run in the third after singling. He came in on a wild pitch and an error.

Blasingame scored his team's only run in the third after singling. He came in on a wild pitch and an error.

Blasingame scored his team's only run in the third after singling. He came in on a wild pitch and an error.

Batting Champions Honored

Russell Tidwell (center), commissioner of the American Softball league here, hands out trophies to two players who led the circuit in batting. At the left is Allen Simpson of the Pepsi-Cola club, the batting leader with an

even .500 average. At the right is Aramis (Tito) Arenchiba of Seaboard Finance, who set the pace in runs batted in with 14. (Photo by Danny Valdes).

Bradford, Dyes Are Honored For Feats

DALLAS (AP) — Robert (Bunky) Bradford of Houston and Jerry Dyes of Corpus Christi Ray, Bill Borgers of

Waxahachie and Luke Thornton of Palestine are coaches of the year in Texas high schools.

They were voted the honor by the Texas Sports Writers Association and will receive plaques at the luncheon of the Texas High School Coaches Association here Thursday.

Bradford, whose team was Class AAAA basketball champion, got 25 first place votes. Bill Krueger of San Marcos,

who had the Class AAA state champion, was second. He had 18.

Dyes piloted Corpus Christi Ray to the state Class AAAA track championship and received 37 first place votes for his efforts. He barely edged Joe Richardson of Liberty, who won the Class AAA title. Richardson had 36 firsts.

Borgers won the Class AAA state baseball title. He got 38 first place votes and won by a margin of 40 points over James Lawless, whose Dallas Samuell team was class AAAA state champion.

Thornton was voted coach of the year in football last winter and announcement was made at the time.

SMU Taking Applications

DALLAS — Applications for season and single game tickets to Southern Methodist University's football games for this fall are now being received by mail, J. C. Wetzel, ticket manager, has announced.

Reserved seat tickets for each game, both home and away, are \$5 each. Home games will be played in the Cotton Bowl against Purdue on Oct. 2, Texas Tech on Oct. 23, the University of Texas on Oct. 30, and the University of Arkansas on Nov. 13. All games will start at 2 p.m. except the Texas Tech conflict which is scheduled at 7:30 p.m.

Games away from home are with the University of Miami Sept. 18, the University of Illinois Sept. 25, Rice University Oct. 16, Texas A&M Nov. 6, Baylor Nov. 20, and TCU Nov. 27.

Each ticket order should be accompanied by a 35 cent mailing fee and should be mailed to J. C. Wetzel, SMU Athletic Department, Dallas 75222.

Over-the-counter sale of tickets will start on Sept. 13 at the Moody Coliseum on the SMU campus.

Curfman, Aides Quit At Pecos

PECOS — Pecos High School's head football coach and athletic director, Babe Curfman, resigned Thursday to accept the recreational director's post at the Dixon, Mont. Job Corps camp. The resignation, effective Sept. 1, is the fifth for the Pecos coach this summer. The only coach remaining is Charles Clark.

Clark's best record was 6-4 in 1962, his first year on the job. That year the Eagles were 4-2 in District 2-AAA. In 1963 the Eagles were 1-9, and last year they were 4-5-1.

Other coaches who left this summer were Vernard Alexander, line coach; Charles Robinson, head baseball coach; Duke Frisbie, head track coach; and Chuck Finley, head basketball coach. Three replacements have been hired so far, Bill Davenport, at Eagle Lake last year, head basketball coach; Bill Moss, at Sul Ross last year, line coach; and Charles Patillo, at Burnet last year. Patillo has not been assigned a position.

Everett Named Cee City Coach

COLORADO CITY — Buddy Everett, who recently finished a tour of duty with the U.S. Army in Virginia, has been added to the Colorado City varsity coaching staff.

Everett attended Wink High School and graduated from Hardin-Simmons University. He formerly coached at Abilene Franklin Junior High.

The most practical young men's shoes of the season combine the ultimate in looks and wear! Smart dress and casual styles are unimold constructed featuring P.V.C. elastomeric soles and heels. Price is practical, too, just

Anthony's

Steer Cagers Open Nov. 23

The 1965-66 Big Spring High, Joe Jaure, Robert Jackson School basketball team will open its season playing host to Plainview the night of Nov. 23 and will compete in tournaments in Plainview, Pampa and Snyder prior to launching District 2-AAAA competition Dec. 21 against Midland Lee.

The schedule:

Nov. 23—Plainview, here
Nov. 24—Lubbock
Nov. 30—Lamesa
Dec. 2-4—Plainview Tournament
Dec. 6—Lamesa, here
Dec. 7—San Angelo, here
Dec. 10-11—Canyon Reef Tournament at Snyder
Dec. 14—Lubbock, here
Dec. 17—open
Dec. 21—Midland Lee, here (c)
Dec. 22—San Angelo Lakeview, here
Dec. 23-24—Pampa Tournament

Feb. 4—Odessa Permian, here (c)
Feb. 8—Midland High (c)
Feb. 11—Abilene High, here (c)
Feb. 15—San Angelo (c)
(c)—denotes conference games

Coach Allen Simpson revealed that Dec. 17, which falls on a Friday, would be left open permanently. Simpson said he had tried to find a Class AAAA opponent for the locals for that time but had failed.

Non conference games have been booked for the Steers with Lubbock High, Lamesa, Seminole and San Angelo Lake View, in addition to Plainview.

The Longhorns will visit Pampa for a tournament during Christmas week, opening competition there Dec. 30. The tournament ends the following day.

In addition, the Big Spring B team will take part in the Snyder tournament (for reserve squads exclusively) the same weekend the A squad goes to Plainview for a meet — Dec. 2-3-4.

Simpson can start working with his squad 15 days earlier this year than last, under revised Texas Interscholastic League rules. The Longhorns will start drilling Oct. 15.

Prospects are looking up at the local school this year, with such lettermen as Paul Thomas, Simon Terrazas, Bobby Grif-

Davis Released

TORONTO (AP)—The Toronto Argonauts of the Canadian Football League released linebacker Charlie Davis of West Texas State and ends Tom Kelley of Washington State, Lee Sampson of New Mexico State and John Slatkosky of Notre Dame Friday.

Depletion Allowance Cut On Foreign Oil Possible

By MAX B. SKELTON
HOUSTON (AP) — There is indication a few cracks are developing in the solid wall of opposition the petroleum industry has sought to maintain against any changes in the industry's 27 1/2 per cent depletion tax allowance.

Some independent operators seeking an effective weapon against oil imports, are considering the advisability of asking Congress to reduce the depletion allowance for foreign production by U.S. companies.

The maximum 27 1/2 per cent allowance applies to both domestic and foreign production.

HELD BACK

Independents have been critical of foreign depletion over the years but generally have accepted an industry view that attacking the foreign provisions could lead to a serious attack on domestic depletion.

Congressional leaders long have warned the industry against abandonment of its united front.

Sen. A. S. Mike Monroney,

D-Okla., noted in 1962 the imports issue was causing antagonism to mount between independent producers and major companies with foreign production.

"While I am confident that if we work at the problem we can maintain the present depletion allowance with the support of a united industry, I am equally certain we cannot maintain it if the industry is divided," Monroney then warned.

SIDE STEP

Texas independents sidestepped last week a direct vote on suggestions that foreign depletion be cut.

Instead, the executive committee of the Texas Independent Producers & Royalty Owners Association voted to ask that Congress determine whether oil companies operating overseas enjoy any tax advantages not available to domestic operators. They asked that the study place particular stress on foreign depletion.

Although no direct vote was taken, two documents distributed at the meeting of the executive committee left no doubt of the position of officers of the 4,500-member trade group. One was a letter written July 15 by Malcolm Abel, association president from Midland. The other was a staff memorandum on foreign production tax provisions.

"In the light of balance of payments pressures, it appears very likely changes soon will occur in the tax treatment accorded American International oil companies," Abel's letter stated.

"A simple reduction in foreign depletion, many believe, would be the most readily understood and would do most to still the critics of this industry and its depletion allowance."

REDUCE PRESSURE
"At the same time, a cut in foreign depletion would undoubtedly go far toward decreasing the economic advantage of foreign oil, thereby reducing pressures for ever higher imports."

The memorandum said the present foreign depletion actually conflicts with the original objective of depletion—maintaining a healthy home producing industry — in that it is being permitted to destroy the value of domestic oil.

"There is no reason percentage depletion should not be amended in the case of foreign production to scale the 27 1/2 per cent sharply downward," the memorandum added.

Other internal revenue code provisions affecting foreign production also were discussed.

The last paragraph of the memorandum read:

TIME FOR ACTION

"The time has arrived, most certainly, when either the executive department or the Congress, or both, should reexamine the interpretations placed on these tax situations abroad. Present liberal interpretations may have once served the worthwhile purpose of providing by massive subsidies encouragement to investment by American companies abroad. But that day is past. Today there is a serious world oil surplus, a U.S. import problem requiring mandatory controls, and a balance of payments difficulty that defies normal solution."

Shell Details Aid Program For Education

A \$1,541,750 budget for aid to education in 1965 has been announced by the Shell Companies Foundation, Inc. Support will go to 206 colleges and universities throughout the United States, to national education organizations, and to programs sponsored by the Shell Foundation to strengthen teaching of pre-college science and mathematics.

The sum is part of the Foundation's over-all donations budget of \$2,166,083. The non-education funds amounting to \$624,333, are to be distributed to charitable and public service organizations, with approximately \$500,000 going to local Community Chests, United Funds and Red Cross chapters.

The Foundation receives its funds from Shell Oil and its subsidiaries. Last year's donations budget amounted to \$1,976,000.

The 1965 education budget provides for two new programs and a substantial increase in another. New are a five-year program of scholarships for 50 outstanding Negro students, and a program of international studies research fellowships.

150 COLLEGES
The number of colleges and universities to receive Shell Assistance has been increased from 135 to 150. The Assists—awards of \$1,500 each—are made to institutions to help with the little things in the professional development of faculty members seldom covered by major grants. This program is budgeted at \$225,000. Other support to institutions include 55 fellowships to 38 institutions amounting to \$277,500, and 50 grants to 25 institutions totaling \$375,000. The fellowships, each worth approximately \$5,000, are for graduate students and young teachers studying for advanced degrees in science or engineering. The grants, each worth \$7,500, are made to institutions for graduate teaching and research, and for general support.

The Foundation will continue four integrated merit programs designed to strengthen the teaching of pre-college science and mathematics. A fifth merit program will be started this year.

SCIENCE-MATHEMATICS
The continuing merit programs are: Shell Merit Fellowships providing summer seminars at Cornell and Stanford universities for 100 outstanding high school teachers of science and mathematics; Shell Merit Residences whereby selected Merit Fellowship teachers take a minimum of 12 months' advanced study at the two institutions; Shell Merit Scholarships providing four-year college scholarships for 100 outstanding students planning careers as teachers of science and mathematics; and Shell Merit Fifth-Year Scholarships whereby selected Merit and Achievement Scholarships graduates can add another year to their teaching education.

In the new Merit program 50 college scholarships will be awarded to qualified Negro students over the next five years. Called the Shell Achievement Scholarships, they will be for Negro students planning careers in pre-college teaching in the sciences and mathematics. Ten scholarships will be awarded each year and each ranges from \$250 to \$1,500 a year, with the amount of each based on need.

Mr. and Mrs. Hart, the former Joyce Miller of Tulsa, reside at 2102 Western Drive in Midland. They are members of the Golf Course Road Church of Christ. He is a member and past president of the Permian Basin Crude Oil Representatives. During World War II he served 5 years in the Air Force and received an Air Medal with four oak leaf clusters, the Purple Heart, and the American Defense Service Medal.

No Shorty

This African Goliath frog today was a newcomer at the Cincinnati Zoo. Thought to be the only Goliath frog on display in this country, the new arrival from his native land can leap up to eight feet. He measures 39 inches in length. Congo natives try to prevent export of the frog, believing the thigh bone is a good luck charm. (AP WIREPHOTO)

Shippers Balk At Strike End Plan

WASHINGTON (AP) — Secretary of Labor W. Willard Wirtz won the approval of a key union Saturday to end the 46-day oil maritime strike, but ship operators balked at his proposal.

Wirtz said efforts will be resumed Monday to settle the dispute between the AFL-CIO National Engineers Beneficial Association and the American Merchant Marine Institute.

NUMBER ABOARD
The crucial issue is the number of engineers aboard automated ships. The operators want the number frozen at the present five, the union opposes.

The proposal Wirtz advanced, and to which the union agreed, called for AFL-CIO President George Meany to undertake an over-all basis to establish procedures for resolving all manning and related disputes on automated ships.

During the six months allotted for this task, the union would return its men to work.

The strike begun by the engineers June 16, has tied up some 100 ships on the Atlantic and Gulf coasts.

The AFL-CIO International Organization of Masters, Mates and Pilots and the AFL-CIO American Radio Association struck a week later.

Government mediators feel, however, that the key to getting the ships back into trade is a settlement of the dispute between the two unions.

Stocks' Rally, Viet Beefup Plans Linked

NEW YORK (AP)—The stock market rallied sharply last week as President Johnson disclosed his plans for the military buildup for Viet Nam.

The market reacted to Johnson's recommendation with considerable relief that no harsher methods — both economic and military — were proposed.

At the same time, Wall Street took cognizance of the boosted draft quotas and the certainty that considerably more money would be spent on defense, even though the President did not mention specific sums.

NET GAIN

The stock rally last week also brought to an end trading for July. The week's gain was enough to give the month a net gain as well.

It was the best performance in a month for both the stock averages and the volume totals. The Associated Press average of 60 stocks rose 7.2 to 326.3, its largest gain since the week ended July 3 when it rose 8.3. The Dow Jones Industrial average rose 17.77 to 881.74, its biggest jump since the July 3 week when it gained 20.80.

Volume of 22,713,520 was the heaviest since 33,800,195 shares were traded in the week ended July 3.

For the month of July the AP average rose 7.9 and the Dow Jones average 13.71.

GROWING VIGOR

President Johnson's report to the nation at midday on Wednesday was preceded and followed by a rally which was to continue with increasing vigor on Thursday and Friday.

A parade of record quarterly earnings for leading corporations also helped to promote confidence in the stock market.

The 34 per cent rise in earnings for U.S. Steel and a nice gain for Bethlehem typified results.

Rails, however, were the real heroes of the Big Board as they took a pampering role along with steel and other industries in the second half of the week.

U.S. Treasury bonds fell slightly amid announced terms of \$7.3 billion refunding by the Treasury Department. Corporate bonds closed the week mostly unchanged.

Volume for the week on the New York Stock Exchange totaled \$53.31 million par value, compared with \$41.27 million last week.

A total of \$100 million in new municipal and corporate issues is scheduled to reach the market next week.

No Negligence Found In Water Pollution Suit

COLORADO CITY (SC) — A Mitchell County jury found that salt pollution in Ben Ellett's water well was not due to negligence of oil producer C. W. Guthrie of Big Spring. The trial was five days long.

The trial involved a suit for damages filed by Ellett, a West-brook farmer, for \$32,000. He claimed that one of his water wells had turned salty since Guthrie began drilling on the adjoining L. H. Murphy farm.

Ruling on several other questions concerning the suit, the jury said Ellett's 320-acre farm, Lea County, N.M., is first on had been damaged by salt from the Guthrie disposal pits, that the damage was not permanent

and that it amounted to \$10 per acre in damages.

Judge Ralph Caton of Big Spring said the plaintiff probably will make a motion for judgment and that he would study the findings of the jury and return a ruling in about 10 days.

Defense attorney Guilford Jones of Big Spring said the jury's finding that negligence was not involved made it unlikely that damages will be assessed from his client. Attorneys for the plaintiff were Bill Browder and Harold Felt, both of Midland.

The July 30 figure, with July 23 comparisons in parenthesis, follows:

Jury Rules No Negligence In Well Pollution Case

After considering evidence and arguments presented during five days, a Mitchell County jury found Friday that the salt in Ben Ellett's water well was not due to the negligence of oil producer C. W. Guthrie of Big Spring.

The trial involves a suit for damages filed by Ellett, West-brook farmer, against Guthrie for \$32,000. Ellett claimed that one of his water wells had turned salty since Guthrie be- gan drilling operations on the adjoining L. H. Murphy farm. In answering several other questions concerning the suit, the jury ruled that Ellett's 320-acre farm had been damaged by

BIG SPRING, TEXAS

SUNDAY, AUGUST 1, 1965

Mariko Sakai Begins Year As Exchange Student Here

By JO BRIGHT

Today at 12:05 p.m. an airliner will land at the Midland-Odessa terminal, and many incoming passengers will disembark, wave to their waiting families and be glad to be back in familiar surroundings.

One passenger, a black-haired beauty hardly five feet tall, probably will gaze with intense interest at all she can see through the tiny window of the plane as it descends. More than likely, as the sound of the engines stop, she will take a deep breath and a tighter hold on her courage as she picks up an armful of belongings and tells the stewardess good-bye.

Mariko Sakai will be home—at least for the next year—and waiting at the ramp will be her new "family," Mr. and Mrs. Jim Zike, their daughter, Margaret, and son, James. Mariko is this year's foreign exchange student, and will doubtless be claimed by all of Big Spring even though she will reside with the Zikes in their Silver Heels home.

SAYS GOOD-BYE

Back in Kyoto, Japan, Mariko left her family of five to embark on the biggest adventure of her life. Her father, Yashushi Sakai, 41, is a professor at Doshisha Women's College where her 20-year-old sister is a student of philosophy.

Mariko has said of her mother, "She does housekeeping. She likes to rear and watch tropical fish and cultivate lovely flowers and trees which bloom. She is very good at cooking and dressmaking."

Mariko's grandmother, who lives with them in the Japanese fashion, is the most revered member of the family.

Mariko was born Sept. 3, 1947, in Osaka, Japan, which she describes as being noisy "and filled with cars." She lived in the suburbs which was surrounded by rice fields, and she told of a quiet, deserted grove where she used to play, although "my grandmother did not permit it."

A QUIET CITY

When she was 11 years old, the Sakai family moved to Kyoto, "the loveliest and quietest city in Japan." She first began learning English in Doshisha Junior High School and later was a student at Rakuhoku Senior High School where she belonged to both a swimming and dramatic club. Her favorite subjects were English, music, math and cooking.

With Mariko's records at Big Spring Senior High School is a personal statement which says, in part, "The reason I am eager to go to the United States is because I want to speak English well and learn about the traditional American spirit in an American home. I want to learn and understand English literature because I want to be a translator."

More personal information revealed that Mariko has diversified interests.

"My habits are to see good dramas, read novels, watch football games or tour the old temples," she said. Also, she loves to swim, "although my best time is not so good."

She will want to continue her study of music, especially the piano.

IMPRESSIONS

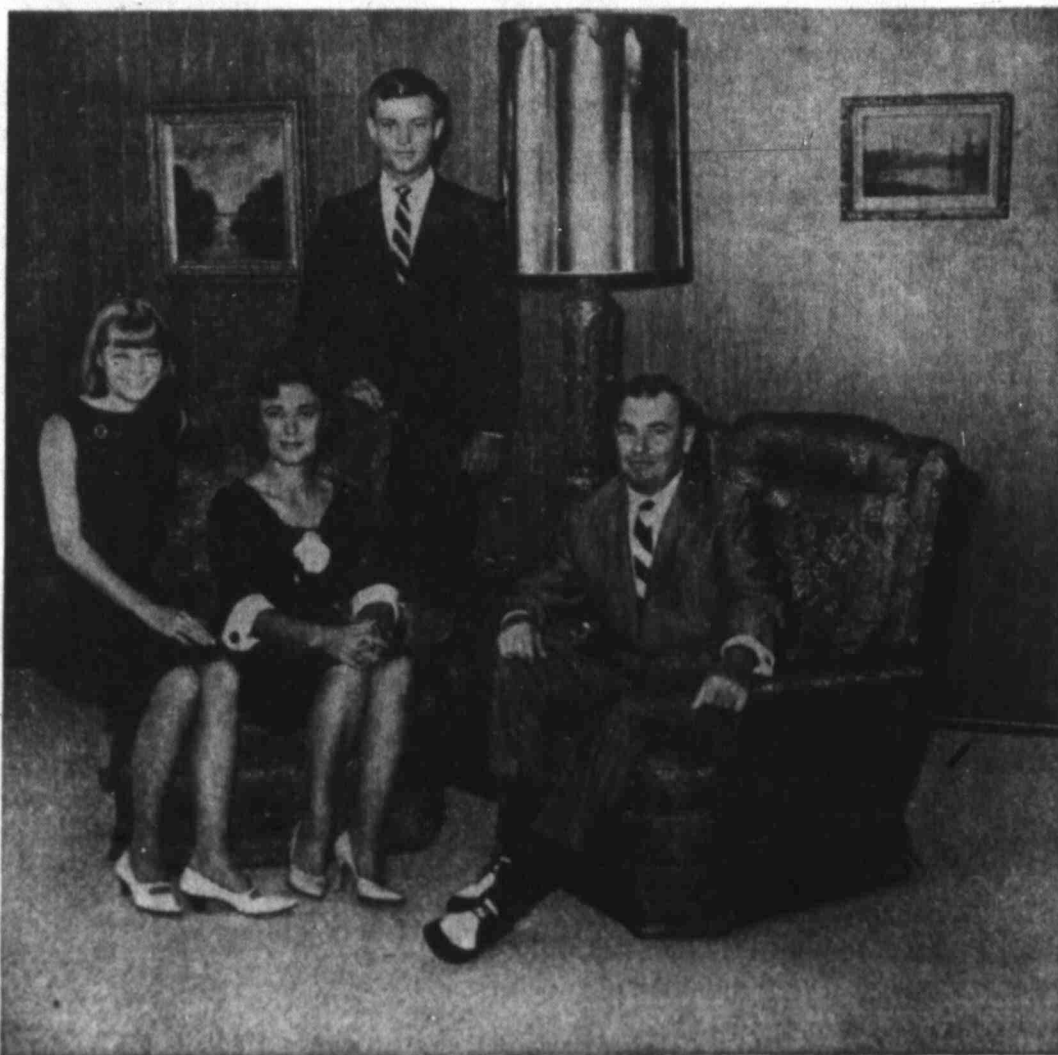

How will Mariko be impressed with her new family?

Mr. and Mrs. Zike have lived in Big Spring since 1952 and built their present home ten years later on 20 acres of land in the Silver Heels addition. Zike is a plant superintendent for Reef Corporation, and the family lived at the plant between Luther and Vincent before moving to town.

Zike is a native Oklahoman, and his wife is from Georgia. He was graduated from Georgia Tech, and the couple met while she was a student at Sullins Junior College in Bristol, Va. Margaret, 15, is a student at Big Spring Senior High School, and James, 18, graduated here and will be a sophomore at the University of Texas this fall.

Having Mariko as one of their family was originally Margaret's idea. It took only one discussion at the dinner table for all of them to decide it was what they wanted. The Zikes made application and were interviewed by representatives of the American Field Service and notified in May that they had been accepted.

Immediately, the two families began a correspondence which is proving fruitful to both. Mrs. Sakai's charm is evident in her letters—which she writes in English, and she describes home life in Japan in a flowing, vivid fashion. She is happy that her daughter has the opportunity to broaden her education, but, like mothers everywhere, admires

THE JIM ZIKE FAMILY
The teenagers are Margaret and James

THE YASHUSHI SAKAI FAMILY
Mariko and sister stand between parents

as her not to cause anyone inconvenience—and to help however she can in the home.

COUNTRY HOME

The Zike home, where Mariko will share a room with Margaret, is a buff brick, a roomy structure built around a garden view outside it's glass wall.

Like an oasis in the middle of miles of mesquite, it is a cool spot where floor planters hold lush greenery and a small fountain adds to the freshness. A round white table and swivel chairs have been placed there, and it serves as the family's favorite dining room.

The Zikes do not plan many changes in their regular routine while their guest is here. However, there will be a brief vacation for them all at Jamaica Beach on Galveston Island before they settle down to prepare for the fall school term and the extra-curricular activities that will go with it. Mariko's September birthday will be celebrated in the Japanese manner, if possible, and there will be a swimming party soon.

It will be an exciting year for Mariko Sakai—and it begins today.

HD Group Tell Plans For Picnic

Plans for an Aug. 20 family picnic were made during the Tuesday afternoon meeting of the Center Point Home Demonstration Club. The group met at the home of Mrs. J. W. Trantham, 1319 Stadium.

Mrs. Trantham gave the devotion, and Mrs. Alden Ryan conducted the roll call which was the question, "How Did I Meet My Husband?"

Mrs. Vernon Kent presented the council report, and Mrs. Ryan appointed a nominating committee consisting of Mrs. Bill Eggleston, Mrs. Bob Wren and Mrs. J. R. Petty.

John Tucker Has Ohio Houseguests

John Tucker, 1806 Lancaster, has as his houseguest, his daughter, Charlene, and Mrs. Pat Patterson and her children, all of Columbus, Ohio. They plan to tour the southern states on their return trip to Ohio.

Plans Told

Mr. and Mrs. F. J. Griffith, McCamey, are announcing the engagement and approaching marriage of their daughter, Cathy Lynn, to Airman I.C. James Merrimon, Webb AFB. He is the son of Mr. and Mrs. J. B. Merrimon, Ashville, N. C. The couple plans to be married Aug. 13 at McCamey.

Big Lake Resident Sees Grandparents

FORSAN (SC) — Jimmy Grant has returned to his home in Big Lake after being several weeks with his grandparents. Mr. and Mrs. A. O. Jones. Others visiting with the Jones family were Mr. and Mrs. Hood Jones and daughters, Karen and Cindy, of Kermit. Mr. and Mrs. Lewis Soles and son have returned home from a visit to Holbert, Okla.

City Of Hills

(See Pictures on Page 1-C)

One of the distinctions of Big Spring, as a West Texas city, is its rugged terrain.

Those who travel the vast expanse of the western plains in seeing this city for the first time, are impressed with the hills and the canyons. This is because so many of the neighboring cities are just "flat."

But pioneers chose to locate the early village at the foot of the caprock, where a "break" in the land has brought about the hilly landscape.

For many years, the higher hills and the canyon sides were avoided as homesites, and Big Spring coursed through the more level areas.

But recent years have brought newer developments; because of the city's growth, because of new methods of carving out sides of hills, because of more imaginative planning and design.

As a result Big Spring has "taken to the hills," and many of its more attractive homes now perch on ledges, have high, overlooking vistas, are snugged on the sides of the canyons.

Some examples of the homes in the "city of hills" are pictured on the first page of this section.

MRS. RONALD E. MADDOX

Peggy Jo Greenfield Weds R. E. Maddox

Miss Peggy Jo Greenfield became the bride of Airman 3.C. Ronald E. Maddox, Webb AFB, Friday evening at the home of her parents, Mr. and Mrs. J. J. Greenfield, 910 Culp, Coahoma. Richard Williams, minister of the Birdwell Lane Church of Christ, officiated for the double ring rites.

The bridegroom is the son of Mr. and Mrs. O. E. Maddox, Monticello, Ark.

The vows were exchanged before an altar centered with sprays of white gladioli and flanked with emerald green wedding ferns.

Musical arrangements, featuring organ selections of "Because," "O Promise Me" and "I Love You Truly," provided a background for the ceremony.

WHITE LACE

The bride, given in marriage

by her father, wore a formal gown of white Chantilly lace trimmed in tulle. The fitted bodice was of lace overlay and featured a scalloped neckline and long lace sleeves ending in petal points over the wrists. The bouffant skirt was highlighted in the back by rows of scalloped lace and tulle falling into a short train.

The bride's shoulder-length veil of silk illusion was secured by a satin crown trimmed in seed pearls. Her bridal bouquet was a cascade of pink roses showered with pink satin streamers.

Mr. and Mrs. Robert F. Pierce, the bride's brother-in-law and sister, attended the honored couple as best man and matron of honor. Mrs. Pierce was attired in a light blue linen suit trimmed in lace and carried a single long stemmed white carnation.

Larry Greenfield, 3 and Springs, the bride's brother, was usher. Miss Sharon Lee, wearing a white organza dress, was altar taper lighter.

TO RUIDOSO

For a wedding trip to Ruidoso, N. M., the bride chose a traveling costume of a pink and white striped linen suit with matching accessories. She wore a corsage taken from the bride's bouquet.

The couple will reside at the Big Spring Mobile Lodge.

The bride is a graduate of Coahoma High School and attended Howard County Junior College. She is employed as manager of the Permian Building Snack Bar. The bridegroom is a graduate of Central High School, Drew, Ark., and is a hydraulic technician at Webb AFB.

Following the wedding, a reception was held at the home where the honored couple greeted guests. The refreshment table was covered with lace over a blue underlay. Silver and crystal appointments were used. The centerpiece was a two-tiered white frosted cake trimmed in blue and topped with a miniature bride and groom.

Mrs. Bobby Williams was in charge of the register. Members of the house party were the bride's sisters, Mrs. Tommy Willis, Hobbs, N. M., and Mrs. Jimmy Graham. They were assisted by Mrs. Larry Greenfield.

Out-of-town guests were Mr. and Mrs. Ben Greenfield, Seminole; Mr. and Mrs. Odie White, Floyd, M.M.; Mr. and Mrs. William Greenfield, Colorado City; and Mr. and Mrs. Ralph Rocket, Irving.

Fishermen Return

FORSAN (SC) — Fishing on the Llano River have been Mr. and Mrs. Earl Beeson and Mr. and Mrs. Sherman Padgett.

Raymond Hughes, Hobbs, N. M., was here during the week visiting his grandparents, Mr. and Mrs. B. R. Wilson.

Mrs. J. D. Gilmore and Mrs. S. C. Cowley were in Abilene this week visiting relatives.

Mr. and Mrs. Ed Wilkerson and Jimmie, Midkiff, were recent visitors with her parents, Mr. and Mrs. Price Stroud.

Mrs. E. J. Maxwell, Rising Star, is here to visit with Mr. and Mrs. W. F. Singer.

Mr. and Mrs. T. D. Brethaupt, Odessa, were here to visit her parents, Mr. and Mrs. J. H. Cardwell.

Herbs Can Grow By Kitchen Door

Parsley and chives are necessities in every kitchen for flavor and garnishing. If there's a small area just outside your kitchen door, plant seeds of these two useful herbs and have them handy for harvest.

Mrs. Donald McMurray was honored with a Thursday-after-

New Bride Has Friday Shower

KNOTT (SC)—Mrs. Ronald Shaw was honored with a Friday afternoon miscellaneous gift shower at the home of Mrs. Robert Nichols.

Refreshments to 20 guests were served from a table covered with gold linen, and crystal and silver appointments were used. The honoree's mother-in-law, Mrs. W. S. Shaw, was an honored guest.

Cohostesses were Mrs. John McGregor, Mrs. J. D. McGregor, Mrs. Arnold Lloyd, Mrs. Charles Williams, Mrs. Joe Mac Gaskins, Mrs. Bert Hughes, Mrs. Richard Parker, Mrs. Harrison Woods and Mrs. H. C. McClain. Mrs. Dick Tobias, Odessa, was an out-of-town guest.

noon miscellaneous gift shower at the home of Mrs. R. L. McCullough, 3706 Dixon. Cohostesses were Mrs. Dennis McCullough and Mrs. Joe Little.

Tones of pink and white were used in the room decorations and flower arrangements.

Mrs. McCullough, Mrs. Little and Mrs. Preston Yarbrough served refreshments to 20 guests. They were assisted by Miss Janet McMurray and Miss Netta McCullough.

The honoree was the former Miss Sherry Lynn Smith, daughter of Mr. and Mrs. Leo Smith, Van. She married Donald McMurray, son of Mr. and Mrs. Ted McMurray, 709 Lorilla, in October 1964 at the Kentwood Methodist Church.

McMurray has been stationed in San Diego, Calif. He completes his four year military service Aug. 28.

Desk, Derrick Reaches Eleventh Anniversary

Local Desk and Derrick members will assemble Monday evening at 7 o'clock at the home of Mrs. Adrian Randle to celebrate the club's eleventh birthday with a party, a fresco.

Mrs. Stanley Ballou is taking a two week vacation, which she expects to spend at home. The first week she plans to entertain her sister and family, Mr. and Mrs. Frank Burton, Danny and Scotty of Bloomington, Ill.

The Johnny Hill family returned last week from a one week motor vacation through the Rio Grande Valley. One of their more interesting stops was in historic Jefferson.

Lt. (j. g.) Eddie Kinney flew in Wednesday for a visit with his parents, Mr. and Mrs. Leon Kinney. He will return Sunday to Oceanside, Calif., from where he will soon leave for assignment in Okinawa. Also visiting in the Kinney home are her parents, Mr. and Mrs. H. P. Armstrong from Marshall.

Mrs. Harold Coleman was released from Medical Arts Clinic

and Hospital Wednesday where she had undergone surgery. Joe Roberts is in Cowper Clinic and Hospital where he had arm surgery Thursday.

Mr. and Mrs. Bill Logsdon will have as guests next week his brother, Mr. and Mrs. Luther Logsdon of Sulphur Springs.

Mrs. Weldon McColium, who recently had surgery, was able to return to her home in Lorraine Wednesday.

The Donald Mosses of Port Arthur will be guests next week of his brother and family, the H. E. Mosses.

Family Has Gathering

FORSAN (SC)—Guests in the A. O. Jones home for a family gathering were Mr. and Mrs. Carroll Fletcher and Mr. and Mrs. Bob Brumelot, Grandbury; Mrs. Darlene Kelley, Fort Worth; Mrs. Mary Archer and Mr. and Mrs. L. D. Parker and children, all from Seagraves; and Mr. and Mrs. Frank Bordopke and David, Big Spring.

Mr. and Mrs. Bob Cowley recently had a barbecue for members of their family. About 15 guests were present including Mr. and Mrs. Jimmy Hagar and family, Pecos.

Mrs. Jim McDonald was in Houston during the week. She took her mother, Mrs. Wes Warren, there for a medical check-up at Anderson Clinic.

Window Shades Turn To Colors

Striped window shades are an easy way to brighten a room and one manufacturer is making striped shades in a variety of colors. The shades are vinyl, impregnated to make them durable, colorfast and washable and all are made with a white backing for a uniform effect from the street.

cessful surgery Thursday for removal of a brain tumor. He will be at the Veterans Hospital in Dallas for some time.

The C. C. Hale family is heading for Colorado next week for a vacation.

Bill Montgomery is in Dallas this weekend attending the Davis Cup matches between the U.S. and Mexico tennis stars.

The Tom Ivey family plans a vacation next week at Possum Kingdom.

The Robert Bradshaws will be visiting in Oklahoma next week.

For their three week vacation the Charles Willbanks family is planning to travel to San Antonio and Mexico City.

The George Hudsons will journey to Houston next week and visit the Astrodome.

A week of trout fishing in New Mexico awaits the Cecil Arnold family.

To Marry

Mr. and Mrs. W. L. (Billy) Gaskins, Knott, are announcing the engagement and approaching marriage of their daughter, Sandra, to Charles L. Rhodes, son of Lee E. Rhodes, Chicago, Ill., and Mrs. Lucille Russell, Shreveport, La. Rhodes resides with his uncle and aunt, Mr. and Mrs. E. E. Everett, 1710 Alabama. The couple plans a Sept. 25 wedding in the First Baptist Church at Knott. The Rev. P. A. Mitcham will perform the wedding ceremony.

'ROUND TOWN

By LUCILLE PICKLE

Here it is the first of August, and time to start looking for school clothing . . . on the other hand it may be too late to get anything for the first warm days of autumn. Before summer came I tried to buy something light for summer and already I was too late: The fall clothing was arriving every day and the summer things were sold. So if you haven't been down to your favorite clothing store to make it there real soon or there won't be anything but apparel for next spring.

Back at her regular place of business is MRS. THELMA RAE BROOKE who vacationed in Longview with her son and his family, MR. and MRS. CONRAD BROOKE, and Beverly Ann, also in Smackover, (that's right) Ark., where the four visited Mrs. Brooke's parents, MR. and MRS. FRANK MOSER.

MRS. OMAR JONES has returned from Sulphur Springs where she visited her mother and other relatives.

The JEFF JENKINES, accompanied by MRS. GEORGIA CAUBLE, have returned from a vacation tour that took them through nine states. They were in Knoxville, Tenn., July 17 for the wedding of the Jenkinses son, Glen. On the return trip the party visited Mrs. Jenkins mother in Glenwood near Hot Springs, Ark., and a brother who lives at Arkadelphia.

Off to their favorite vacation spot this weekend went MR. and MRS. GARNER McADAMS who will spend several weeks in Lake City, Colo.

Watering the yard seems to be a rather safe thing to do but MRS. H. H. SQUIRES has a wrist broken in two places to prove the watering can can be hazardous. She stepped back when a wasp flew into her face and stepped off a curb which caused her to fall and fracture her wrist.

When the temperature here reaches the 100 mark we are pretty warm unless we can stay in the air conditioned indoors and most of us do . . . especially when one hears from the heat experienced in North Africa where the daughter and son-in-law of the SAM BROWNS live.

Mrs. Brown has recently returned from Tripoli, Libya, North Africa, where she visited CAPT. and MRS. JOHN T. Mc-

INTIRE and their children, Terry and Cathy. The mercury climbed as high as 112 degrees (and there are no air conditioners except in two hotels and the officers open mess at the air base.)

Mrs. Brown flew to Tripoli in 21 hours, arriving the same day she left, leaving the plane only once, in Madrid, Spain. The trip home was made with no deplaning.

There were a number of Big Spring people in Houston and the domed stadium last week. Among those were the JAMES WILCOXES who had driven down from Dallas with friends. They had seen former Big Springers, the LEE HARRISES, at Six Flags during their Dallas visit. When they checked in at a motel in Houston they saw the RAY McMAHENS. Others at the Thursday game were the GEORGE MELEARS, DR. JACK WOODALL, MR. AND MRS. WAYNE BURLESON and their family and WAYNE GOUND.

Said a last good-bye for a while to MR. and MRS. JIM WATTS and their three handsome young sons who stopped at the Spanish Inn Friday evening on the first leg of their trip to a new home in Springfield, Mo. Jim was formerly employed by Cosden and she was a conscientious member of the Halfway House board. They have been living in Midland for the past several years but kept in touch with Big Spring. . . H. J. MORRISON also out for a Mexican meal said his wife, Johnnie, was in Tenaha with her mother, MRS. STEVE LAKEY, for a session of tomato canning.

MR. and MRS. J. T. FARQUHAR and their good friend, MRS. JESSIE MITCHELL, were out on the eve of the Farquhar's 33rd wedding anniversary.

Warm water, regular detergent and dry cloth are all tile needs to stay sparkling since it can't absorb dirt. A stiff fiber brush will do the trick to clean the cement material between the tiles.

Wash Tile With Hot Water Suds

If you're planning an extensive spring cleaning program, here's a tip from the Tile Council of America. Leave your ceramic tile until last.

Warm water, regular detergent and dry cloth are all tile needs to stay sparkling since it can't absorb dirt. A stiff fiber brush will do the trick to clean the cement material between the tiles.

City Of Hills

(See Pictures on Page 1-C)

One of the distinctions of Big Spring, as a West Texas city, is its rugged terrain.

Those who travel the vast expanse of the western plains in seeing this city for the first time, are impressed with the hills and the canyons. This is because so many of the neighboring cities are just "flat."

But pioneers chose to locate the early village at the foot of the caprock, where a "break" in the land has brought about the hilly landscape.

For many years, the higher hills and the canyon sides were avoided as homesites, and Big Spring coursed through the more level areas.

But recent years have brought newer developments; because of the city's growth, because of new methods of carving out sides of hills, because of more imaginative planning and design.

As a result Big Spring has "taken to the hills," and many of its more attractive homes now perch on ledges, have high, overlooking vistas, are snuggled on the sides of the canyons.

Some examples of the homes in the "city of hills" are pictured on the first page of this section.

Plans Told

Mr. and Mrs. F. J. Griffith, McCamey, are announcing the engagement and approaching marriage of their daughter, Cathy Lynn, to Airman 1.C. James Merrimon, Webb AFB. He is the son of Mr. and Mrs. J. B. Merrimon, Ashville, N. C. The couple plans to be married Aug. 13 at McCamey.

Big Lake Resident Sees Grandparents

FORSAN (SC) — Jimmy Grant has returned to his home in Big Lake after being here several weeks with his grandparents, Mr. and Mrs. A. O. Jones. Others visiting with the Jones family were Mr. and Mrs. Hood Jones and daughters, Karen and Cindy, of Kermit.

Mr. and Mrs. Lewis Soles and son have returned home from a visit to Holbert, Okla.

MRS. RONALD E. MADDOX

Peggy Jo Greenfield Weds R. E. Maddox

Miss Peggy Jo Greenfield became the bride of Airman 3.C. Ronald E. Maddox, Webb AFB, Friday evening at the home of her parents, Mr. and Mrs. J. J. Greenfield, 910 Culp, Coahoma.

Richard Williams, minister of the Birdwell Lane Church of Christ, officiated for the double ring rites.

The bridegroom is the son of Mr. and Mrs. O. E. Maddox, Monticello, Ark.

The vows were exchanged before an altar centered with sprays of white gladioli and flanked with emerald green wedding ferns.

Musical arrangements, featuring organ selections of "Because," "O Promise Me" and "I Love You Truly," provided a background for the ceremony.

WHITE LACE

The bride, given in marriage

by her father, wore a formal gown of white Chantilly lace trimmed in tulle. The fitted bodice was of lace overlay and featured a scalloped neckline and long lace sleeves ending in petal points over the wrists. The bouffant skirt was highlighted in the back by rows of scalloped lace and tulle falling into a short train.

The bride's shoulder-length veil of silk illusion was secured by a satin crown trimmed in seed pearls. Her bridal bouquet was a cascade of pink roses showered with pink satin streamers.

Mr. and Mrs. Robert F. Pierce, the bride's brother-in-law and sister, attended the honored couple as best man and matron of honor. Mrs. Pierce was attired in a light blue linen suit trimmed in lace and carried a single long stemmed white carnation.

Larry Greenfield, 3 and Springs, the bride's brother, was usher. Miss Sharon Lee, wearing a white organdy dress, was altar taper lighter.

For a wedding trip to Ruidoso, N. M., the bride chose a traveling costume of a pink and white striped linen suit with matching accessories. She wore a corsage taken from the bride's bouquet.

The couple will reside at the Big Spring Mobile Lodge.

The bride is a graduate of Coahoma High School and attended Howard County Junior College. She is employed as manager of the Permian Building Snack Bar. The bridegroom is a graduate of Central High School, Drew, Ark., and is a hydraulic technician at Webb AFB.

Following the wedding, a reception was held at the home where the honored couple greeted guests. The refreshment table was covered with lace over a blue underlay. Silver and crystal appointments were used. The centerpiece was a two-tiered white frosted cake trimmed in blue and topped with a miniature bride and groom.

Mrs. Bobby Williams was in charge of the register. Members of the house party were the bride's sisters, Mrs. Tommy Willis, Hobbs, N. M., and Mrs. Jimmy Graham. They were assisted by Mrs. Larry Greenfield.

Out-of-town guests were Mr. and Mrs. Ben Greenfield, Seminole; Mr. and Mrs. Odie White, Floyd, M.M.; Mr. and Mrs. William Greenfield, Colorado City; and Mr. and Mrs. Ralph Rocket, Irving.

Three Hostesses Give Complimentary Party

Mrs. Donald McMurray was honored with a Thursday afternoon miscellaneous gift show-

er at the home of Mrs. R. L. McCullough, 3706 Dixon. Cohostesses were Mrs. Dennis McCullough and Mrs. Joe Little.

New Bride Has Friday Shower

KNOTT (SC)—Mrs. Ronald Shaw was honored with a Friday afternoon miscellaneous gift shower at the home of Mrs. Robert Nichols.

Refreshments to 20 guests were served from a table covered with gold linen, and crystal and silver appointments were used. The honoree's mother-in-law, Mrs. W. S. Shaw, was an honored guest.

Cohostesses were Mrs. John McGregor, Mrs. J. D. McGregor, Mrs. Arnold Lloyd, Mrs. Charles Williams, Mrs. Joe Mac Gaskins, Mrs. Bert Hughes, Mrs. Richard Parker, Mrs. Harrison Woods and Mrs. H. C. McClain. Mrs. Dick Tobias, Odessa, was an out-of-town guest.

Tones of pink and white were used in the room decorations and flower arrangements.

Mrs. McCullough, Mrs. Little and Mrs. Preston Yarbrough served refreshments to 20 guests. They were assisted by Miss Janet McMurray and Miss Netta McCullough.

The honoree was the former Miss Sherry Lynn Smith, daughter of Mr. and Mrs. Leo Smith, Van. She married Donald McMurray, son of Mr. and Mrs. Ted McMurray, 709 Lorilla, in October 1964 at the Kentwood Methodist Church.

McMurray has been stationed in San Diego, Calif. He completes his four year military service Aug. 28.

Desk, Derrick Reaches Eleventh Anniversary

Local Desk and Derrick members will assemble Monday evening at 7 o'clock at the home of Mrs. Adrian Randle to celebrate the club's eleventh birthday with a party, a fresco.

Mrs. Stanley Ballou is taking a two week vacation, which she expects to spend at home. The first week she plans to entertain her sister and family, Mr. and Mrs. Frank Burton, Danny and Scotty of Bloomington, Ill.

The Johnny Hill family returned last week from a one week motor vacation through the Rio Grande Valley. One of their more interesting stops was in historic Jefferson.

Lt. (j. g.) Eddie Kinney flew in Wednesday for a visit with his parents, Mr. and Mrs. Leon Kinney. He will return Sunday to Oceanside, Calif., from where he will soon leave for assignment in Okinawa. Also visiting in the Kinney home are her parents, Mr. and Mrs. H. P. Armstrong from Marshall.

Mrs. Harold Coleman was released from Medical Arts Clinic

and Hospital Wednesday where she had undergone surgery.

Joe Roberts is in Cowper Clinic and Hospital where he had arm surgery Thursday.

Mr. and Mrs. Bill Logsdon will have as guests next week his brother, Mr. and Mrs. Luther Logsdon of Sulphur Springs.

Mrs. Weldon McCollum, who recently had surgery, was able to return to her home in Lorraine Wednesday.

The Donald Mosses of Port Arthur will be guests next week of his brother and family, the H. E. Mosses.

Robert E. Honeycutt had suc-

cessful surgery Thursday for removal of a brain tumor. He will be at the Veterans Hospital in Dallas for some time.

The C. C. Hale family is heading for Colorado next week for a vacation.

Bill Montgomery is in Dallas this weekend attending the Davis Cup matches between the U.S. and Mexico tennis stars.

The Tom Ivey family plans a vacation next week at Possum Kingdom.

The Robert Bradshaws will be visiting in Oklahoma next week.

For their three week vacation the Charles Willbanks family is planning to travel to San Antonio and Mexico City.

The George Hudsons will journey to Houston next week and visit the Astrodome.

A week of trout fishing in New Mexico awaits the Cecil Arnold family.

To Marry

Mr. and Mrs. W. L. (Billy) Gaskins, Knott, are announcing the engagement and approaching marriage of their daughter, Sandra, to Charles L. Rhodes, son of Lee E. Rhodes, Chicago, Ill., and Mrs. Lucille Russell, Shreveport, La. Rhodes resides with his uncle and aunt, Mr. and Mrs. E. E. Everett, 1710 Alabama. The couple plans a Sept. 25 wedding in the First Baptist Church at Knott. The Rev. P. A. Mitchell will perform the wedding ceremony.

Family Has Gathering

FORSAN (SC)—Guests in the A. O. Jones home for a family gathering were Mr. and Mrs. Carol Fletcher and Mr. and Mrs. Bob Brumelios, Grandbury; Mrs. Darlene Kelley, Fort Worth; Mrs. Mary Archer and Mr. and Mrs. L. D. Parker and children, all from Seagraves; and Mr. and Mrs. Frank Bordopke and David, Big Spring.

Mr. and Mrs. Bob Cowley recently had a barbecue for members of their family. About 15 guests were present including Mr. and Mrs. Jimmy Hagar and family, Pecos.

Mrs. Jim McDonald was in Houston during the week. She took her mother, Mrs. Wes Warren, there for a medical check up at Anderson Clinic.

Window Shades Turn To Colors

Striped window shades are an easy way to brighten a room and one manufacturer is making striped shades in a variety of colors. The shades are vinyl, impregnated to make them durable, colorfast and washable and all are made with a white backing for a uniform effect from the street.

Engaged

Mr. and Mrs. J. R. Bennett Jr., Coahoma, are announcing the engagement and approaching marriage of their daughter, Ann, to Airman 3.C. John W. Lindsey, son of Mr. and Mrs. Leon Lindsey, Columbia, Tenn. The couple plans an Aug. 14 wedding at the First Baptist Church in Coahoma.

Undercover strategy... cups stitched with "Nylo-Braid" for lovely, lasting uplift!

"Romance" by Formfit

The lovelier look of your clothes begins with the bra you wear. Choose "Romance" Bra No. 566 for lasting uplift, a prettier fashion curve. The firm, "Nylo-Braid" circle stitching in the cups keeps its shape, and yours. Fine cotton batiste and self- straps are other longer-life features. White. Sizes 32A to 38C. Ask for "Romance" by Formfit. \$2.00

Formfit Bras also available in these handy pick-up packages.

'ROUND TOWN

By LUCILLE PICKLE

Here it is the first of August and time to start looking for school clothing... on the other hand it may be too late to get anything for the first warm days of autumn. Before summer came I tried to buy something light for summer and all ready I was too late. The fall clothing was arriving every day and the summer things were sold. So if you haven't been down to your favorite clothier be sure you make it there real soon or there won't be anything but apparel for next spring.

Back at her regular place of business is MRS. THELMA RAE BROOKE who vacationed in Longview with her son and family. MR. and MRS. CONRAD BROOKE, and Beverly Ann, also in Smackover (that's right) Ark., where the four visited Mrs. Brooke's parents, MR. and MRS. FRANK MOSER.

MRS. OMAR JONES has returned from Sulphur Springs where she visited her mother and other relatives.

The JEFF JENKINS, accompanied by MRS. GEORGIA CAUBLE, have returned from a vacation tour that took them through nine states. They were in Knoxville, Tenn., July 17 for the wedding of the Jenkins son, Glen. On the return trip the party visited Mrs. Jenkins mother in Glenwood near Hot Springs, Ark., and a brother who lives at Arkadelphia.

Off to their favorite vacation spot this weekend went MR. and MRS. GARNER McADAMS who will spend several weeks in Lake City, Colo.

Watering the yard seems to be a rather safe thing to do but MRS. H. H. SQUIRES has a wrist broken in two places to prove the watering can can be hazardous. She stepped back when a wasp flew into her face and stepped off a curb which caused her to fall and fracture her wrist.

When the temperature here reaches the 100 mark we are pretty warm unless we can stay in the air conditioned indoors and most of us do... especially when one hears from the heat experienced in North Africa where the daughter and son-in-law of the SAM BROWNS live.

Mrs. Brown has recently returned from Tripoli, Libya, North Africa, where she visited CAPT. and MRS. JOHN T. Mc-

INTIRE and their children, Terry and Cathy. The mercury climbed as high as 112 degrees (and there are no air conditioners except in two hotels and the officers open mess at the air base.)

Mrs. Brown flew to Tripoli in 21 hours, arriving the same day she left, leaving the plane only once, in Madrid, Spain. The trip home was made with no deplaning.

There were a number of Big Spring people in Houston and the domed stadium last week. Among those were the JAMES WILCOXES who had driven down from Dallas with friends. They had seen former Big Springers, the LEE HARRISES, at Six Flags during their Dallas visit. When they checked in at a motel in Houston they saw the RAY McMAHENS. Others at the Thursday game were the GEORGE MELEARS, DR. JACK WOODALL, MR. AND MRS. WAYNE BURLESON and their family and WAYNE GOUND.

Said a last good-bye for a while to MR. and MRS. JIM WATTS and their three handsome young sons who stopped at the Spanish Inn Friday evening on the first leg of their trip to a new home in Springfield, Mo. Jim was formerly employed by Cosden and she was a conscientious member of the Halfway House board. They have been living in Midland for the past several years but kept in touch with Big Spring... H. J. MORRISON also out for a Mexican meal said his wife, Johnnie, was in Tenaha with her mother, MRS. STEVE LAKEY, for a session of tomato canning.

MR. and MRS. J. T. FARQUHAR and their good friend, MRS. JESSIE MITCHELL, were out on the eve of the Farquhar's 33rd wedding anniversary.

Wash Tile With Hot Water Suds

If you're planning an extensive spring cleaning program, here's a tip from the Tile Council of America. Leave your ceramic tile until last.

Warm water, regular detergent and dry cloth are all tile needs to stay sparkling since it can't absorb dirt. A stiff fiber brush will do the trick to clean the cement material between the tiles.

Miss Davidson Becomes Bride Of G. O. Bradbury

Miss Terry Jo Davidson and Gary Otis Bradbury were married at 7 o'clock Friday evening in a ceremony performed at the First Baptist Church. The Rev. Robert F. Polk, pastor, officiated for the double ring rites.

The bride is the daughter of Mr. and Mrs. R. B. Davidson, 2715 Central Drive, and the bridegroom is the son of Mr. and Mrs. Robert Bradbury, 606 Bucknell.

The altar was banked with baskets of gladioli and wedding palms of emerald green and illuminated by white cathedral tapers. The bridal aisle was marked with white satin.

Mrs. Louis Heinze, organist, accompanied Mr. and Mrs. Glen Faison, as they sang "Because" and "O Promise Me," and as the couple knelt on a white satin prie dieu, Faison sang "Wither Thou Goest."

The bride, given in marriage by her father, wore a formal gown of white peau de soie. The A-line skirt was highlighted with a lace panel and a detachable train fastened at the front with a satin bow. The fitted bodice was embroidered with seed pearls and lace appliques, and the long sleeves extended to petal points, outlined in seed pearls, over the wrists. Her two-tiered veil of illusion was attached to a crown of lace outlined with seed pearls.

TRADITIONAL ITEMS
 For traditional items, the bride had a wedding ring belonging to her maternal grandmother, Mrs. Andy Tucker, tied in a ribbon bow on a blue garter. Her dress was new, and she borrowed her sister's Bible. She wore birthdate pennies in her shoe.

The bride's bouquet was a cascade arrangement of white Japattie orchids and stephanotis showered with white satin picot ribbon carried atop a white Bible.

Attending the bride as matron of honor was her sister, Mrs. Jim Bumgarner. Bridesmaids were Miss Carole Thompson and Miss Sherry Bradbury, sister of the bridegroom.

Mrs. Bumgarner was attired in a street-length dress of rose peau de soie with three-quarter sleeves and a bateau neckline. She wore a ring hat of matching material. The bridesmaids' dresses were of identical design in soft pink. The attendants carried pink and red roses corsages.

Eugene Boaz, Lubbock, was best man. Groomsmen were Jim Bumgarner and Kenneth Foster, Lamesa. Ushers were

Bradshaw Studio

MRS. GARY OTIS BRADBURY

at 704 SW Ave. B., Seminole. Mr. and Mrs. Bradbury are graduates of Big Spring High School. Mrs. Bradbury has been employed as a nurse's aid at

Medical Arts Clinic and Hospital. Bradbury attended Howard County Junior College and is employed as an engineer-an-

nouncer with Radio Station KTFO in Seminole.

A reception was held at the fellowship hall of the church, where the honored couple, parents and attendants greeted guests. The refreshment table was covered with a white net ruffled cloth with a satin underlay. The centerpiece was an arrangement of white stock and pink carnations flanked by silver punch bowls. Crystal appointments were used.

The three-tiered cake was decorated with confection roses and a miniature bride and groom.

Mrs. Eugene Boaz, Lubbock, was in charge of the register. Members of the house party were Miss Gay Dalton, cousin of the bridegroom; Mrs. Roland Smith, both from Abilene; Mr. and Mrs. J. E. Parker, Mrs. Johnny Billings and Mr. and Mrs. Hollis Puckett.

Out-of-town guests included Mr. and Mrs. E. O. Parker, Tyler, grandparents of the bridegroom. Other guests were from Abilene, Lamesa, Brownfield and Lubbock.

REHEARSAL DINNER
 Coker's Restaurant was the scene of a Thursday evening rehearsal dinner hosted by the bridegroom's parents. The centerpiece was an arrangement of pink roses and chrysanthemums. The honored couple presented their attendants with gifts.

OWC ACTIVITY
 Here are a few reminders about OWC special activities classes. Beginners' bridge lessons will begin Aug. 3 at 9:30 a.m. Starting Aug. 11 and continuing for three weeks, there will be a gardening class which will be held on Wednesday afternoons at 2 o'clock. The lectures will be given by James Sessions of Big Spring Nursery and Landscape Company. Watch for further announcements about couples' bridge lessons to be held later in September. The bridge and gardening classes will be in the Officers' Open Mess. Also beginning in September are sewing, art, and interior decorating classes, and an OWC choir will be organized at that time, too.

LUNCHEON
 The monthly OWC luncheon will be held at 12:30 p.m. Aug. 5. All reservations for this luncheon must be made by noon Aug. 3, with Mrs. D. D. Wilson only. Her phone number is AM 4-5481.

Voodoo Flight had a dinner at the home of Capt. and Mrs. A. L. Warren to say their good-byes to Capt. and Mrs. Frank Johnson.

Visiting Dr. and Mrs. Herald Rifkin were his parents, Mr. and Mrs. Richard Rifkin, Shamokin, Pa.

Mrs. David L. Van Bruene and daughters, Kim and Tobie, left last Friday for a vacation with friends and relatives in Indiana.

Visiting at the home of Lt. and Mrs. James T. Hermanson were her parents, Mr. and Mrs. L. E. Edwards, and son, Martin, of Lincoln, Neb. Martin is remaining with his sister for a short time.

Dr. L. E. Healy, a former dentist at Webb, is here on a ten-day leave to visit his family. Dr. Healy is stationed in Korea.

Members of Hatchet Flight, Class 66-F, went to the Holiday Inn to enjoy the Friday night smorgasboard recently.

Webb Windsock

By LINDA WEGNER

Eight wives of Sledge Flight attended a coffee last Wednesday morning at the home of Mrs. William A. Cottrell.

Mr. and Mrs. Kenneth Beyer and sons from Burlington, Iowa, have been here visiting their son-in-law and daughter, Dr. and Mrs. Richard S. Friedman.

While several husbands of Class 66-F were on cross-country trips this past weekend, the wives had get-togethers at the homes of Mrs. Glen P. Doss and Mrs. John Brooks.

OWC ACTIVITY
 Here are a few reminders about OWC special activities classes. Beginners' bridge lessons will begin Aug. 3 at 9:30 a.m. Starting Aug. 11 and continuing for three weeks, there will be a gardening class which will be held on Wednesday afternoons at 2 o'clock. The lectures will be given by James Sessions of Big Spring Nursery and Landscape Company. Watch for further announcements about couples' bridge lessons to be held later in September. The bridge and gardening classes will be in the Officers' Open Mess. Also beginning in September are sewing, art, and interior decorating classes, and an OWC choir will be organized at that time, too.

LUNCHEON
 The monthly OWC luncheon will be held at 12:30 p.m. Aug. 5. All reservations for this luncheon must be made by noon Aug. 3, with Mrs. D. D. Wilson only. Her phone number is AM 4-5481.

Handcrafts Studied By Home Club

"Home Crafts" was the primary topic discussed during the Tuesday afternoon meeting of the Knott Home Demonstration Club.

The members met at the home of Mrs. O. B. Gaskins with Mrs. Joe Myers, presiding.

During the program session, Mrs. Myers exhibited ways to make pillow tops, plaques from broken glass, and marbles, lamps from bottles, and different ways to recover lamp shades.

Two 4-H club girls, Kayla Gaskins and Janette Nichols,

presented a talk on proper fingernail care. They also demonstrated the correct manicure technique.

Sheree Shaw, Kayla and Janette served refreshments to the members.

MRS. EMMETT J. BAKER JR.

Miss Bean Marries Lt. Emmett J. Baker

The wedding of Miss Susan Patricia Bean and Lt. Emmett J. Baker was solemnized Friday evening at 6 o'clock in the parlor of the First Christian Church. Officiating for the double ring ceremony was Richard Williams, minister of the Birdwell Lane Church of Christ.

The bride is the daughter of Mr. and Mrs. Luther L. Bean, 611 Tulane, and parents of the bridegroom are Mr. and Mrs. E. J. Baker, 463 W. 11th, Hoisington, Kans.

Preceding the ceremony, Mrs. Gail Bonner, organist, presented a program of traditional nuptial selections. Vows were exchanged before an altar table graced with an arrangement of white stock, gladioli, chrysanthemums and agapanthus. The bride's train was marked with white standards connected with white satin roping.

The bride, given in marriage by her father, was attired in a three-piece wedding ensemble styled with slim skirt and semi-fitted jacket of champagne silk. The notched collar of the jacket stood away from the neck, and the straight sleeves extended below the elbow. Her shell blouse was of the champagne silk overlaid with beige lace and was styled with Sabrina neckline. The suit was accessorized with a pillbox hat of silk overlaid with lace and briefly veiled. Her elbow-length gloves were of beige crushed kid and her slippers and bag were of matching color.

Following tradition, the bride wore a borrowed strand of pearls, a blue garter and a six-pence in her shoe. The new item was her wedding dress.

The bridal bouquet, carried

atop a small white Bible, was a cascade of feathered chrysanthemums centered with pale yellow Cymbidium orchids and showered with streamers of satin picot.

Miss Jenny Bean attended her sister as maid of honor. She wore a sleeveless linen sheath of emerald green trimmed in bands of blue, and her headpiece was a Dior bow of matching blue. The nosegay she carried was of yellow pompon chrysanthemums tied with streamers of matching satin.

The best man was Lt. Joseph T. Burley of Greenwich, Conn.

The bride, a graduate of Big Spring High School, attended Arlington State College in Arlington and is employed by the Big Spring Herald. Lt. Baker received his degree from the University of Wichita in Wichita, Kans., and is presently an instructor pilot with the 3561st PTS at Webb AFB.

Immediately following the ceremony, a dinner party was held at Cosden Country Club where the dining table was centered with the flower arrangement used at the wedding.

The white frosted wedding cake was decorated with roses and topped with a miniature bride and groom.

Those attending were the honored couple, their families and Mr. and Mrs. Richard Williams.

The bride wore her wedding costume when the couple left for a wedding trip to points in

Texas, Oklahoma and Kansas. Upon returning, the couple will reside at Ponderosa Apartments No. 28.

Family Has Sweetwater Gathering

Descendants of the late Mr. and Mrs. George Radford Yates held a reunion picnic at Sweetwater Lake Sunday.

Five of the surviving brothers and sisters in the family were in attendance. They were Mrs. H. T. Moore, Big Spring; Hardin Yates and Mrs. E. O. Wittie, both of Abilene; Lela T. Yates, Dimmitt and Powell G. Yates, Stanton. Unable to attend were Jim Yates, Baytown; and Mrs. Minnie Cotton and Elmer Yates, both of Winters. The late W. R. Yates of Big Spring was another brother.

The total attendance numbered 73 descendants and several guests.

Those from Big Spring were Mrs. C. B. Sullivan, Mrs. Herman Taylor and son, David, Mr. and Mrs. Lee Lauder milk and daughter, Gloria, and Mr. and Mrs. James Reynolds and children, Kevin and Chris.

From Stanton were Mr. and Mrs. Powell Yates, and Mr. and Mrs. Sammy Yates and family attended from Tarzan. Mr. and Mrs. Marshall Yates and family came from Lamesa.

4-H Girls Attend Training Course

STANTON (SC)—Mrs. Mildred Eiland, county home demonstration agent, will accompany 4-H girls from Glasscock County to the Texas Junior Leadership Training Laboratory, which will be held in Brownwood Aug. 2-7. They will represent District 6.

Martin County boys and girls received the same honor in 1964. The purpose of the leadership training laboratory for the agents is that they may learn to understand young people and discover new techniques for living and working with them.

Award Given To Stanton Nurse

STANTON (SC)—Mrs. Lela Shankle, former Stanton resident and nurse, has been named "Nurse of the Year" by the Licensed Vocational Nurses Association of Midland. Mrs. Shankle is employed at the Midland Memorial Hospital.

Forsanites Visit Son

FORSAN (SC)—Mr. and Mrs. L. M. Hayhurst have been to San Antonio to visit a son and his family, Mr. and Mrs. Stanley Hayhurst. Mrs. Hayhurst's sister, Mrs. Hazel Stanley Webb City, Mo., returned here for a visit.

Mr. and Mrs. Cliff Ferguson and Patricia have returned from a visit to her grandparents, Mr. and Mrs. J. P. Howard, Avant.

Mrs. Clara Mae Fletcher will be visiting for the next two weeks in St. Augustine, Fla., with Mr. and Mrs. Warren G. Qualls. She accompanied Mr. and Mrs. Billy Qualls and children, Denver City, and Mrs. Pearl Qualls, San Diego.

Mr. and Mrs. J. P. Kubecka will be visiting in Odessa next week with Mr. and Mrs. W. B. Dune.

Mr. and Mrs. Tommy Gilmore, Abilene, has been here to visit his parents, the J. D. Gilmores.

Mrs. Clara Long plans to leave Monday for a visit in Carlsbad, N.M., with Mr. and Mrs. Jake Patterson.

Seniors Show Original Fashions

Senior 4-H girls are shown modeling the costumes they created and modeled during Thursday's county dress review. The girls are Carolyn Crawford, Martha Couch, Kathy Shaw, Colette Took, Betty Lou Little, Robbie Brown and Jane Murphy.

'Fashions For Fall' Modeled By 4-H Members At Dress Review

Superior quality of workmanship marked the Howard County 4-H Dress Review, "Fashions for Fall," held Thursday at 8 p.m. in the First Presbyterian Church. The show was the largest yet presented in the county, with a total of 43 girls participating and over 200 persons viewing the home-sewn styles.

Robbie Brown, daughter of Mr. and Mrs. Robert Brown of Knott, was the senior division winner. She modeled an ensemble of all cotton fabrics. The coat was black cotton leather, belted at the hipline, and was worn with a dress of gold and black hounds-tooth check styled with cowl neckline. She completed the costume with kid gloves, shoes, beret and shoulder bag.

TOP HONORS

Taking top honors for the juniors was Carla Perry, daughter of Mr. and Mrs. Gene Perry of Lomax. She showed a green tweed jumper of cotton and arnel with white all cotton blouse. The jumper featured a dropped waistline bodice with pleated skirt, belted where the two parts joined. She is a sixth grader at Stanton and carries foods and nutrition and clothing projects.

The scoring was based on the girl's modeling ability and grooming, general appearance of the garment, quality of construction and individual 4-H record.

The girls modeling their garments on a stage where they stood before brown screens. Large arrangements of fall leaves flanked the platform.

Mrs. Delaine Crawford, county home demonstration agent, announced the awards as Miss Carolyn Cates, junior assistant, presented the ribbons.

Following the presentation, refreshments were served to more than 200. The table was covered with white linen and appointed with crystal and silver, and the centerpiece was of white daisies and carnations interspersed with greenery.

ADULTS ASSIST

Adult leaders who helped prepare the girls for this event included Mrs. Carl Fambro, Lomax; Mrs. Frances Zant and Mrs. G. W. Murphy, Gay Hill; Mrs. O. D. Engle, Mrs. W. E. Anderson, Mrs. M. D. Soechting, Mrs. James W. Shaw and Mrs. Mrs. Joe Mac Gaskins, Mrs. Robert Nichols, Mrs. Veri Shaw and Mrs. Charles Roy Williams, Knott; and Mrs. Donald Webb and Mrs. Phil Wynn, Coahoma.

Soothing Powder

Carry a soothing body powder when traveling. Use it after a bath to check prickly heat, itching feet, chafing or to soothe minor skin irritations.

Thank You

for making our new dream store a reality. For it is you, our valued customer, that prompted us to build a new Zack's. It was our wish to have the kind of store you wanted, one tastefully decorated and furnished yet functional to enable us to serve you better. We think you'll agree we have accomplished our aim. Although we have been open for quite some time, we have not been able until now to have a formal opening. Our new fall stocks are here and displayed, our store spick 'n' span and ready to be viewed by the public. So, we cordially invite you to visit with us Monday, Tuesday and Wednesday. We'll be looking for you at the new Zack's.

EARLY AMERICAN DECOR FEATURED
Rustic motif is highlight of new Zack's decor

Zack's Announcing Formal Opening In Caylor Bldg.

The formal opening of Zack's at the new Caylor Building at Sixth and Main, will be from 9:30 a.m. to 5:30 p.m. Monday, Tuesday and Wednesday.

Mr. and Mrs. Jim Zack have announced the opening of the new store, which is more than double the size of the firm's previous location.

A \$50 gift certificate will be given each day. Guests are invited to register, with no obligation.

The firm's new store follows a rustic, Early American theme in modern surroundings, with off-street parking an added convenience of the new location.

Zack's merchandise includes

nationally advertised lines, of medium priced to better, in junior, regular and petite sizes. The store displays suits, coats, dresses, shirt-ware, lingerie, accessories, sweaters and other items.

The firm is air conditioned, with four refrigeration units on the roof.

The merchandise is displayed so the customer may feel and touch the items, with all fashion colors in stock.

Heating and air conditioning may be separately controlled in each area of the store.

Dressing mirrors are so arranged so customers may see themselves from all directions without having to turn.

"Everything in the store was designed with the customer in mind, to make shopping easiest," Mr. Zack said.

All shopping papers, waste-paper baskets, gift wrappings and matchbook covers are finished in a distinctive red poppy design, with gold letters, "Zack's."

Modern, recessed ceiling light panels provides a subdued, but ample lighting effect for the store. Special fixtures to match the Early American decor are located in different sections of the store.

Some 2,500 square feet were added to the firm's space with the move to the new building. Ten employees are with Zack's.

BUSINESS SINCE '46

Jim, Clara Zack Are Civic-Minded

Nearly two-score years of business service in the community, in ladies' apparel lines, are on the ledger for Jim and Clara Zack, who have operated as a business as well as a marital partnership.

They opened their first business here in 1946, at 204 Main, and saw that operation grow through the years, with various store expansions and improvements.

Both have been active in various community and civic affairs through the years, and each has served as a member

of the board of directors of the Chamber of Commerce. They have been active supporters of the Civic Concert Association, and have worked closely in both school development affairs and in the military base-community liaison activities.

Mrs. Zack, the former Clara Brenner, was reared in Big Spring and is a graduate of Big Spring High School. They reside at 1903 Indian Hills Drive.

Pride of their lives is a grandson, Kevin, who will be three years old Aug. 3. He is the son of their daughter, Mrs. Bob Lewis, of Columbia, Mo.

New Zack's Store Uniquely Decorated

Zack's, a firm which has been in business in Big Spring for 19 years, will host guests and customers in a formal opening of the new building at Sixth and Main Monday, Tuesday and Wednesday.

The firm's new location is in the Caylor Building, on the site of the historic H. W. Caylor home, a Big Spring landmark. Mr. Caylor was a widely-known western artist whose works hang in many homes of West Texas and have been shown in museums and galleries.

From a wood-burning fireplace to antique items such as wagon wheels in the front windows, the new store follows this theme in keeping with its historic site.

An Early American decor is

followed throughout the store. Antique chests, an old school master's desk, deacon's benches in front of the fireplace, milk pails refinished as ash tray holders, a cart and other items have been incorporated into the store's theme to maintain a rustic, old-time flavor in the modern surroundings.

Above the fireplace is a keynote of the new firm, two pictures of a grandfather and grandmother. Mrs. Zack did the work preparing the pictures, which are mounted in natural wood frames on wood which was given a subdued green coloring.

An architect from Fort Worth provided the basic arrangement and color schemes, with Mrs. Zack doing the decorating.

"We wanted to create a happy, warm, pleasant and friendly store," Mrs. Zack said. "We think we have achieved this."

The furniture was produced by Mr. Christmas Furniture of Houston, which specializes in authentic copies of old museum pieces.

The wagon wheels for the windows were obtained by a neighbor of the Zack's, who found an old wagon. The wagon had to be taken apart to obtain the wheels, however, as the wheels were frozen to the axles.

An old horse collar was added as an accessory in the front window, in addition to two old black iron kitchen stoves, which

were updated for use in the decor.

The Early American decor is followed in the wallpaper chosen for the cornices, in the light fixtures and in the color scheme.

"We wanted to create the atmosphere of many small shops in a large store," Mrs. Zack pointed out. "Every area is decorated in a different manner, but all tie in to create this Early American atmosphere."

Colors of gold, green and rust are used in the store. Natural wood paneling and black wood trim are used. Swinging doors lead to the dressing areas.

Above one display area on the north wall is a gold wallpaper mural with an old-time locomotive sketched on it.

The Zacks have used an old cash register, "possibly 50 years old when we bought it," and wished to retain the item in moving to the new store. So they refinished it in green to match the decor.

Carpeting, tile and braided rugs are used to assist in giving the effect of many shops rather than a single store. The tile produces an effect similar to travertine marble.

The old trunk which was placed in the window contains construction with old square nails. The fireplace contains its own wood storage bin, of brick. The powder room and dressing rooms are decorated in the Early American motif.

COOK AND TALBOT OPEN NEW OFFICES
Located on second floor of new Caylor Building

Cook, Talbot Invite Residents To Visit

Cook and Talbot, real estate, will host the public in the formal opening of the new offices on the second floor of the Caylor Building, 600 Main, Monday afternoon.

The public has been invited to visit the new offices during the afternoon.

The firm moved to the new location from previous offices on the first floor of the Permian Building.

Harold Talbot and Jack Cook are associated in the business, which includes residential, commercial and industrial real es-

tate properties. In addition, Cook is active in oil, gas and mineral leases and royalties.

The firm's new reception and office area features the walnut paneling and gold acrylic carpeting which is distinctive of the new Caylor Building. Furnishings and decorative accessories were designed to blend with the walnut and gold motif.

The new location contains a reception room and secretarial desk, a main office and a sales personnel office, in addition to recessed storage areas.

The furnishings and interior decoration were furnished by Oscar Long, of Grand Prairie. Included in the decor is a gold hanging lamp in the main office and a ceramic oil painting. Special plaques are matched with the lamps and other accessories in the reception area.

Cook and Talbot developed a walnut map case which provides out-of-sight storage of maps, hanging on the inside wall of the main office.

Lighting is by recessed fluorescent strip lights. The second floor office areas are reached by a Hunger-Hayes automatic hydraulic lift elevator, one of the few such units in West Texas.

The firm shares the use of a kitchen and snack bar area, containing a refrigerator and hot plate, with the law offices of Gil Jones.

The firm includes two sales persons, Mrs. Thelma Montgom-

ery, residential sales, and Phil Hines, residential and commercial sales. Gertrude Rodricks, with the firm since 1962, is secretary. She was formerly a dispatcher with the Los Angeles police department.

Talbot, Cook and Gil Jones also form CJT Enterprises, which owns the building and is currently constructing another structure in the city for a new business for Big Spring.

The firm is a member of a computer listing service in Denver, Colo., which has been in operation about a year, serving 250 brokers in the midwestern and western United States. The service processes all listings and each broker receives a complete listing each Wednesday morning by airmail. This provides an updated list of all changes, with each firm then doing its own business with the individual brokers. The computer listings include more than \$166 million in properties for the 250 brokers involved, with brokerage sales above \$5 million each month.

Cook and Talbot has \$11½ million in properties which are valued at \$100,000 or more each listed with the service.

The firm is also the managing broker for the Veterans Administration in this area and the local agent for the trust officers of the Fort Worth National Bank, involving leases for 10,000 feet of frontage on Lake J. B. Thomas.

A Devotional For The Day

Put off thy shoes from off thy feet, for the place whereon thou standest is holy ground. (Exodus 3:5)

PRAYER: Almighty God, who didst create this universe, we thank Thee for all the things Thou hast made for our use, comfort, and pleasure. Open our eyes that we may see Thee in Thy handiwork. Give us reverence for it that we may mar nothing of Thy creation. Give us compassionate hearts that we may seek to share Thy bounty with the needy, for the sake of the Master, who trod this earth before us. Amen.

(From the 'Upper Room')

Interesting Case Study

Abandonment of parking meters is by no means a new experience, nor is it always the answer. However, when a city the size of Lubbock undertakes this move, the results are worth watching and analyzing.

Parking meters are like the man who came to dinner—they stayed on as virtually permanent fixtures. Sometimes there are changes—lifting from one location to another, but generally their history is one of expansion.

There is more than one big question connected with them. In the beginning the theory was that parking meters would control the duration of parking and thus step up the turnover of space as a stimulus to business. Some have argued they always had the opposite effect.

Assuming that they do make parking easier whether they fit into the pattern of customer convenience is debatable. Getting a place to park is one thing; having to interrupt shopping to feed a meter or come back to an overtime parking ticket is another. There are some who feel that this has played its part in the rise of shopping centers with their abundance of free parking.

Aside from the angle that they may affect business, there are other considerations. One is that cities have grown accustomed to the luxury of this tax upon parking space. Even in a city of this size, revenue runs into multiplied thousands of dollars in a year's time.

Then there is the matter of revenue to the police department through the medium of fines paid for over-time parking. We dare say that this amounts to more than all other fines combined. So municipal governments may have a stake in whether meters go or stay.

There are sound arguments pro and con, but it will be more than interesting to study the results of what happens when a city the size of Lubbock decides to do away with them. Perhaps the League of Texas Municipalities, or Texas Tech, or some other competent institution could organize such a study so that interpretation of results will be more than reflections of prejudices for or against.

Do It Now

Nothing earth-shaking about this, but parents will be well advised to attend now to the business of physical examinations, birth certificates, etc. for their children who will become first graders in September.

Certificates of inoculation against smallpox, diphtheria, polio, etc. are required, as well as copies of the birth certificate. Certainly it is too the advantage of any child to have

The USIA's Difficulties

LIMA, Peru — Between the propaganda of the deed and the propaganda of the word there is very often a large gap. The most important function of the United States Information Agency is to try to fill that gap by presenting the American viewpoint on passing events.

IN THE NEAR EAST last fall and now in South America this observer has found that the USIA does a conscientious and, within available resources, a thorough job. It is not always easy to "explain" American actions as in the instance of the intervention in the Dominican Republic. Thousands of words have been made available by the USIA to press, radio and television to tell why President Johnson felt he had no choice but to send in the Marines.

An unhappy condition plaguing the

Billy Graham

What, in your estimation, is the most important spiritual exercise? We were talking about this in our Sunday school last Sunday. Some said it was faith. Some said it was service, and some said it was witnessing. What do you think?

G.B. I would say unequivocally that it is prayer. Our Lord said, "Men ought to pray, and not faint." And when the disciples came to Jesus with one paramount request, they said, "Lord, teach us to pray."

Dr. A. C. Dickson said this about prayer, and it is one of the best comments I have ever read on the subject. "When we depend on organization, we get what organization can do — and that is something. When we depend on preaching, we get what preaching can do — and that is something. When we depend on money, we get what money can do — and that is something. When we depend on education, we get what education can do — and that is something. But when we depend on prayer, we get what God can do. And all of us need is what God can do."

Every effective Christian I know is on speaking terms with God. It is the Divine key which unlocks heaven's resources and releases them upon a needy world. The older I get, the more I realize the importance of prayer, and I say with the disciples, "Lord, teach me to pray."

4-D Big Spring, Texas, Aug. *065

WHILE AN OUTSIDER can hardly assess the merits of this dispute, it may go to the heart of the matter. The function of the USIA is certainly not to be a special kind of news service giving a wholly impartial review of the passing scene. It must present the American viewpoint. If that is propaganda — the propaganda of the word — then so be it.

Legally Dead

VERONA, Italy (AP)—Not until 60-year-old Antonio Gabbia went to the hospital with a minor ailment did he discover that he had been legally dead for eight years.

When authorities checked his identity, they discovered he was the man erroneously certified to have been killed by an automobile May 29, 1957.

While civic records on Gabbia were being straightened out, authorities were faced with the puzzle: Who was the man killed in the accident?

PLAIN AS THE NOSE ON HIS FACE

Business Policies Being Dictated By Viet Nam

President Johnson's state-of-Viet Nam message to the nation left the economic outlook exactly where it was—"a riddle wrapped in a mystery inside an enigma."

The riddle is: What are the Chinese and North Vietnamese trying to bring about? Nuclear warfare between the United States and the Soviet Union?

IN CONGRESS, in Wall Street and in most households, the President's talk brought relief. True, the monthly draft call would be doubled. True, Congress would be asked for more money. True, the President ordered prompt dispatch of troops to Viet Nam to lift combat strength from 75,000 to 125,000 men.

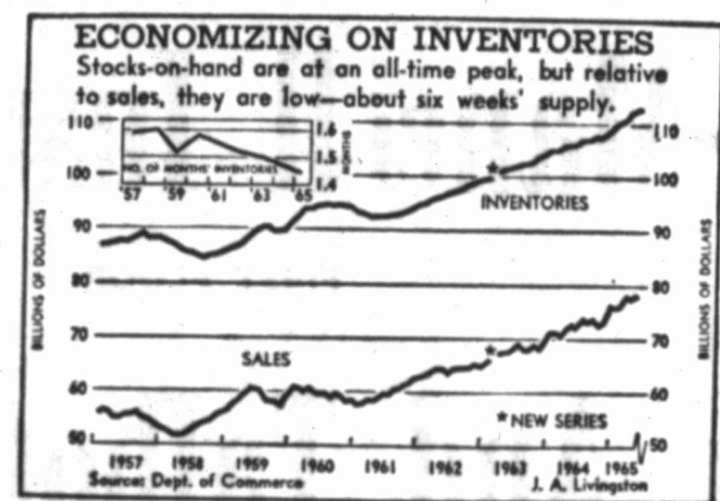

Conclusion: No emergency, more of the same—gradualism.

VIET NAM hangs over American prosperity—over all activities in the United States—like the roll of distant thunder over a Sunday school picnic: What to do? The uncertainty explains President Johnson's decision to proceed slowly, cautiously, deliberately. He wants to avoid over-exciting people and the economy. He has not despaired of peace by parity.

Possibly, the Vietnamese will try negotiation, compromise. In that devoutly-sought contingency, a prematurely rapid military buildup would lead to an economic letdown.

THE PRESIDENT'S middle-of-the-road decision, nevertheless, will give the economy a boost—fiscally. The increase in troops at the front means greater consumption of ammunition, helicopters, planes, tanks, guns, fuel, fuel, medical supplies.

Orders will course through the economy for uniforms, food and hard goods. Such expenditures will pump purchasing

power into the hands of businessmen, workers and, at the end of the line, presumably retail establishments.

The economic impact of Viet Nam is continuous. Recently, it "enlivened" commodity markets. From June 30 to July 7, the "London 'Economist' index of world metal prices fell 7 per cent from 203 to 188. Then, after Secretary of Defense McNamara indicated a greater commitment, the index advanced to 194. Conjecture: War's eat-up of metals might cause shortages.

THIS ATTITUDE of businessmen—"I'd rather be long than short"—is indicated by inventory policies. Total stocks in the hands of manufacturers, wholesalers and retailers have risen for six consecutive months. At \$112.6 billion, they're at an all-time high, 6 per cent above a year ago (see chart).

The increase in dollar value of inventories reflects in part the rise in dollar sales. But a subtle change seems to be taking place. Through this year, the ratio of inventory to sales has been on a plateau—at 1.45 months' supply. Economy in the use of inventories—the reduction in stocks relative to sales—has come to a halt.

BY AND LARGE, inventory

policies of businessmen are conservative, nonspeculative. They tend to lag behind events, behind sales. It takes stress—powerful economic motivation — to incite anticipation. The threat of a steel strike will send users of steel into the market. The threat of war likewise will cause a buildup of stocks.

Otherwise, it takes complaints to jar executives loose from complacency: This customer wants to know why his order hasn't been delivered. This department store buyer says customers walk out because they can't get the right color or size. The "executive suite" responds — after sales have been lost.

SINCE 1960, American businessmen have cut down their inventories relative to sales to 1.45 months from 1.58. Not all of this can be called "delayed response." Some, no doubt, is computerization — better office control and quicker distribution of inventories from central storage points.

But now, as previously noted, this decline has halted. For six months there has been no delayed response to increases in sales. Executives are taking no chances. Viet Nam is on the surface of business policy.

To Your Good Health

Aspirin Can Irritate The Stomach

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: A friend told me she read in your column that aspirin could cause internal bleeding through the kidneys. Would you please write on this subject? My husband has been passing blood in the urine for several months.—MRS. W.B. Things get garbled in the telling. The foregoing is the reason I wrote. Let's explain what I DID write, and add to it a bit.

It is true that aspirin can irritate the stomach, and can cause bleeding. Not much, and not always, but in some instances, a little. It can happen.

Ideally, we would prefer that aspirin never did such a thing. However, the dissemination of this information doesn't seem to have caused any panic among people; rather, just some curiosity. That's fine. I'm afraid of panics but approve of healthy curiosity. And my own feeling on the subject is that I see no reason to stop telling people to use aspirin when they need it. I take it myself. I just don't take it (or any other medication, for that matter) unless it's necessary.

I didn't say that aspirin causes bleeding in the kidneys, and I don't have any reason to think that it does.

When there is blood in the urine, the patient should always be examined immediately. This does not mean that it is always

a dangerous sign. There are plenty of times when some fairly minor condition causes the bleeding.

Conversely, sometimes it is a sign of a serious condition, and that is why examination should be immediate and thorough. The bleeding may not be from the kidneys. It may be from the bladder, or from an ulcer or other irritated area in the ducts leading to and from the bladder. Kidney stones can also cause bleeding.

Don't mislead yourself by wondering whether it is from aspirin. It isn't. But it is caused by something, and your only sensible course is to find out by diagnosis.

Dear Dr. Molner: You recently said that while hemorrhoids are painful but not dangerous, polyps are dangerous but not painful, and don't usually bleed. What, then, are the symptoms of polyps? — MRS. C. R.

As a generality, that is reasonably true. Naturally, if polyps become inflamed or irritated, they can bleed. They can become malignant, and ultimately painful, but by then the trouble has continued longer than it should have.

is why I (and a lot of other doctors) recommend its use in general check-ups. X-ray reveals polyps higher in the colon.

Dear Dr. Molner: My daughter has Rh negative blood and her future husband is Rh positive. I always understood that this causes a problem in childbirth. Recently someone told her that there is no danger.—MRS. W.

I wish "someone" was right. Unfortunately this difference in "Rh factor" can be a potential trouble-maker. Your daughter, if she becomes pregnant, should tell her obstetrician about this, and let him take the necessary precautionary steps.

Bed-wetting is a distressing problem. If your child has the habit, write to Dr. Molner in care of The Herald for a copy of his helpful booklet, "Enuresis—Ten Ways to Stop Bed-Wetting." Please enclose a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is delighted to receive letters from his readers, but regrets that because of the great number received daily he cannot answer them individually. Whenever possible, Dr. Molner uses readers' questions in his column.

Around The Rim

Running A House Is For Women

Let's admit it, fellows, when the lady of the house departs the domicile for any length of time, there is going to be left a feeling of dismay, and ultimate disarray.

A fellow may think he's king around the place, but leave him run it by himself a few days, and he begins to turn into court jester.

NOW WHEN She (with capital S) leaves on vacation, there are certain compensating factors. Like, She knows when She is leaving, and when She will return, and exactly what ought to be done while She is gone. A tablet full of notes takes care of this. Like:

"Monday: Don't forget to get yourself a carton of milk. Tuesday: Take out the trash. Wednesday: Be sure to water the plants. Thursday: Don't forget this is the day to take care of the utility bills. Friday: Important! Call and cancel my beauty appointment. Saturday: If you haven't changed the bed by now, you'd better. Sunday: If you don't get to church I'll hear about it."

YOU KNOW, stuff like that. Along with reminders that there should be plenty of bacon and eggs. They're in the refrigerator, and an extra package of bacon in the freezer. There's also some TV trays in the freezer, if you'll just look. Please try to remember to lock the house when you leave. And if that stray puppy wanders around again, you ought to feed him.

THERE ARE surely better-adjusted males than I, but the problem of the

Lady leaving entails about four days of advance work on notes of instructions; warnings, subtly put suggestions, reminders, and caution signs. It seems that around our house it would be helpful to have a bulletin board in every room.

Like I say, this charting of a fortnight's activities can be done if She goes on a trip.

BUT WHEN She goes to the hospital, things get all the more hectic. She didn't have time to write the bulletins. She was too pressed to pick up the extra package of bacon. She got off her schedule of watering the plants.

Besides that, She is down there in the hospital room needing a few odds and ends herself. Where does she keep her pajamas? That special paper-back book she wanted—where did she leave it?

WHEN DO you suppose she's coming home? The bathroom doesn't look like it did, and we aren't even going to mention the kitchen sink. If she's on vacation, a fellow would know when to turn the hose on the dirty dishes; while she's in a doctor's hands, who knows the critical day?

Gee, I wish I had taken a home economics course; or better, I wish I had listened when she told me important household things, instead of answering "h-mm-mm" over the top of my newspaper.

IT'S JUST better all around, if my wife doesn't get sick any more. And that goes for me as well as She.

—BOB WHITKEY

Art Buchwald

Some Are Sleepy, Some Not

WASHINGTON — A recent experiment at Duke University Medical Center revealed that women are more easily aroused by noises than are men. It was discovered that at every level of sleep a higher percentage of healthy women than men were awakened by noises. At the deepest level of sleep, the ratio was almost 3 to 1.

I am not at all surprised at the results. As a matter of fact, I have been doing some experiments of my own on the question of sleep and I have discovered that it is much harder for a man to go to sleep than it is for a woman, particularly if they are both in the same room.

OVER A PERIOD of a month I asked male friends to keep a log of the time they turned off the lights and the time they actually got to sleep. The average time between the two was two hours. Just one of the pages in a log went something like this:

HE: Good night.
SHE: Good night.
(Three minutes go by.)
SHE: Are you awake?
HE: Whaaa, hummmm. Yeah, I'm awake.

SHE (lights cigarette): I think I'll plant some bushes around the elm tree.

HE: GOOD IDEA. Good night.
SHE: What did George mean tonight when he said he didn't believe in mixed divorces?
HE: I don't know what he meant. I'll ask him tomorrow. Good night.
SHE: I don't like jokes about divorce.

HE: Nobody does.
SHE (puts out cigarette): Good

night.
(Four minutes pass.)

SHE: DOES THE air conditioner sound funny to you?

HE: Awwwwwhhh whh what?

SHE: Doesn't the air conditioner sound funny?

HE: It sounds all right to me.

SHE (sits up in bed, lights cigarette): I wonder if the kids put their bikes in.

HE: They probably did. Even if they forgot, nobody will steal them.

SHE: That's easy enough for you to say. But if you were around the house all day long, you wouldn't be so calm about it.

HE: Calm about what?

SHE: EVERYTHING. You never ask me what's happening around here or how I'm doing or what I feel.

All you do is come home, go to bed, turn off the light, and say, "Good night."

HE: It's 12:30 in the morning! What do you want me to say?

SHE: Say anything you want. Just don't ignore me.

HE: I'm not ignoring you. I'm trying to get some sleep.

SHE: I'm not stopping you. Good night. (Puts out cigarette.)

(Ten minutes go by.)

SHE: Are you angry?

HE: NO, noooooo, No.

SHE: I'm sorry I got mad at you.

HE: That's all right. No harm done.

SHE: I just want to ask one question and then I'll be quiet.

HE: Anything.

SHE (lights cigarette): What's going to happen in Viet Nam?

(Copyright, 1965, Publishers Newspaper Syndicate)

David Lawrence

The Political Supreme Court

WASHINGTON — Small wonder that the Supreme Court of the United States has steadily fallen into disrepute in recent years as it has developed into an oligarchy of politically-minded individuals. Now President Johnson has selected Abe Fortas — his personal friend of long standing who has never had a day's experience on the bench — to be one of the nine justices of the Supreme Court of the United States. This is in line with the unfortunate trend of the past several years.

OTHER PRESIDENTS besides Mr. Johnson, Republican as well as Democrat, have appointed to the Supreme Court political associates or partisan supporters with a controversial background.

Just what criteria do Presidents use in making appointments to the Supreme Court? They sometimes look for outstanding lawyers rather than experienced judges, but often there are political factors involved. Occasionally a member of the Senate with a legal background is appointed, and several men have gone to the Supreme Court from Congress or from the cabinet. Every now and then a U. S. Attorney General or Solicitor General in the Department of Justice has won promotion to the Supreme Court. Some of these appointees have made a fine record, and it is possible that Mr. Fortas may turn out to be a well-balanced and fair-minded justice who is able to forget his early espousal of "left-wing" causes that made him a controversial figure in the "New Deal." He is only 55 today and has a long period of time ahead in which to adjust his thinking to judicial doctrines.

BUT IT WOULD be easier for justices to rid themselves of any previous political prejudices or partisanship if they could serve a few years in the Supreme Court of a state or in an appeals court of the federal

judiciary before being selected for appointment to the Supreme Court of the United States.

This correspondent, discussing the prevalent indifference to the need for men of judicial experience for service on the highest court of the land, wrote in a dispatch on Oct. 1, 1953:

"President Eisenhower says he chose Governor Warren (to be Chief Justice) because of his middle-of-the-road philosophy. What has that to do with the interpretation of the statutes or the settlement of controversies between citizens, especially when fundamental questions of constitutional law are involved . . .

"THERE IS NO middle of the road as between right and wrong in determining a judicial question. Congress may pass good or bad laws, yet whether they are constitutional has to be decided not on the basis of any particular philosophy of government but on their actual conformity to the powers set forth in the Constitution."

In that same week in 1953, but before it was known who would be appointed Chief Justice, a statement was issued by Glenn R. Winters, editor of the Journal of the American Judicature Society, in which he said:

"TODAY THE total prior judicial experience of the members of the Supreme Court consists of Mr. Justice Black's 18 months as a police judge and Mr. Justice Minton's eight years on the federal appellate bench." Mr. Winters declared it was possible to overemphasize the need for prior judicial experience, but added: "It seems more than clear that it has actually been badly underemphasized. There are great and distinguished judges today on both state and federal courts eminently qualified for the judicial and administrative responsibilities of the chief justiceship."

THREE Cheers

Here comes the winner! Can he hold that first place position, or will he fail? In the eyes of these youngsters, victory is the most important thing in the world. Everything hinges on the outcome of this contest!

Enthusiasm is part of successful living, stimulating the imagination, and inspiring the mind. It is contagious, too, and can affect co-workers, friends, families. It is essential to organizations as well as to individuals.

Through the centuries a rich spiritual enthusiasm has been handed down by the Church, one of the greatest institutions on earth. Its members, working together, fired by the enthusiasm of faith, can give you renewed inspiration, and strength.

Why not attend church next Sunday? Become a part of this great fellowship of believers! You, too, can be a winner.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

'AMOROUS ADVENTURES OF MOLL FLANDERS'
Kim Novak and Richard Johnson

Kim Novak Plays 'Moll Flanders'

Starring Kim Novak in the title role, "The Amorous Adventures of Moll Flanders" opens today at the Ritz Theatre.

The movie is based on the classic novel by Daniel Defoe, first published in 1722.

The cast includes Richard Johnson, Angela Lansbury, Vittorio De Sica, Leo McKern, George Sanders and Lilli Palmer.

Johnson portrays a dashing highwayman who inadvertently crosses the path of the flirtatious Moll Flanders and finds his fate determined by the young woman.

The set includes a great manor house built in 1616 and an Eighteenth Century coach drawn by four horses is part of the movie. The manor house is Chatham Castle, located in Kent, England.

A tiny village, Chatham, was used for part of the scenes.

Some 1,500 Eighteenth Century costumes were used in the movie production.

The movie tells of the story of

a zestful road of ruinous adventures followed by Moll Flanders and her highwayman lover. They are reunited and set sail for a new homeland as part of the movie.

The movie is set in 1720.

Shakespeare Draws Crowds

TUCSON, Ariz. (AP) — "Shakespeare on the Desert" started with a dream in the spring of 1961.

Paul Emerson, of Tucson, former producer for the Columbia Broadcasting System, decided one day that this city needed more culture — particularly of the Shakespearean variety.

But he told his wife, Margo, that just any Shakespeare group wouldn't do.

"I wanted the best and I knew in order to obtain it I would have to get British actors," Emerson recalls.

Then began lengthy negotiations with the Royal Academy of Dramatic Art in London, one of the greatest schools for actors in the world, which has produced the likes of Peter O'Toole and Albert Finney.

And Emerson and his wife started talking to Tucson merchants, doctors, lawyers and retired residents to get the necessary backing. When these people discovered the Emersons were serious they gave them the hand they needed.

So this year, for the second straight season, 25 members of the Academy came to Arizona to present two Shakespearean plays — "Romeo and Juliet" and "The Tempest" — at Tucson and Phoenix.

"It costs us about \$60,000 a year to bring the group over, but it's worth it," says Emerson. "This year the crowds were even better than last year."

After he obtained the necessary backing for the first venture last year, Emerson toured 80 per cent of the schools in the state, talking educators into bringing their students to the performances. They, too, responded.

"We felt if we could start ninth grade students seeing our plays, we would have regular customers by the time they got out of high school," said Emerson.

He now devotes full time to the three-week series. A corporation has been formed, called "International Shakespeare Festival of Arizona."

His wife stays at home with their two children, but occupies herself with ticket sales, correspondence, brochures and other things Emerson does not have time to handle.

Kaye Goes To The Rock

By MARY CAMPBELL
AP Newsfeatures Writer

"Swing and sway with Sammy Kaye" has added a couple of guitars and a steady drum beat to the old sweet sax and brass, so the kids can watusi while the parents fox trot.

Kaye got together with arranger Charlie Albertine and worked out a modified rock approach for the band — "We don't go completely crazy with the rhythm" — while attempting to keep some of the old style.

Kaye made a LP, "Come Dance to the Hits," and as usual with his albums, a single from the LP was released. The single from that one, "Charade," made the top 10 best-seller charts.

"I tell you, I was a little shell shocked," Kaye says. "Every once in a while a good song cracks through, like 'I Left My Heart in San Francisco,' but usually the top 10 sound is the same noise. This was the first big record I've had since rock started."

Following "Come Dance to the Hits," Kaye has made three more LPs for Decca using the same kind of arrangements, "Come Dance with Me," "Come Dance with Me No. 2" and "Dance Time."

Before that, all his LPs — and there have been 50 some, for RCA, Columbia and most recently Decca — have been in the swing and sway style.

"We had a ready sale of 25 or 30,000, but we get more radio programs playing our records and more sales, since we went into this new type of sound."

When the band plays live now, for an older audience, the traditional style is still used. "Harbor Lights" and "Daddy," which were million-selling records, are still played with the original arrangements. Some of the old hits, like "Red Sails in the Sunset," have been updated.

Kaye started leading a band while a student at the University of Ohio, where he was graduated in 1933 with a civil engineering degree. Most of the band leaders in those big days of big bands either were instrumentalists or arrangers. Kaye was the latter, constantly working to give the music an individual sound, so that a radio listener tuning in on the middle of a song would immediately know it was played by Sammy Kaye.

Another trick he tried for recognition by the radio audience was to introduce the music by rhyming phrases with his name, "Music in a romantic way, played for you by Sammy Kaye." "Swing and sway with Sammy Kaye" and others.

"I always tried to get my name in," he says, "but I never expected one of them to really catch on. One day some kids came in to listen and said, 'Hi, Swing and Sway.' When I heard that, I thought, 'That is the end of everything else. I'll use nothing but swing and sway from now on.'"

After Kaye and the band came to New York in 1933 they broadcast for two years from the Commodore Hotel. Their "Sunday Serenade" afternoon show on radio ran for 12 years, broadcast from wherever the band was touring.

Don Cornell probably was best known of the band's many vocalists. Kaye arranged and wrote some songs, including "Hawaiian Sunset," "Until Tomorrow" and "Wandering," the latter being a hit for the band with vocalist Tony Alamo.

Now, the Sammy Kaye band — which contains none of the musicians who were in it in the '30s — tours for only a couple of weeks at a time, playing mostly for banquet-dances at conventions and in country clubs.

"I've done elongated tours all my life," Kaye says. "I'm not going to do them any more." Kaye is a bachelor, lives in Manhattan and plays golf a lot. A year ago he won the Comedians Tournament, a charity benefit, in the guest division for show business personalities other than comedians.

But he kids his own excellent game. "Swing and sway I use especially on a golf course," he says, adding, "One thing you should not do in golf is sway, you know."

Calcutta "rainmakers" believe the rain gods will be pleased if earthen ovens are broken and smashed. Ovenmakers are working over time to replace ovens that are being smashed by the hundreds in the hope that this is so.

Breaking Ovens May Be Clue To Breaking Long Drouth

CALCUTTA, India (AP) — Among the victims of a severe drought now baking eastern India are thousands of ordinary earthen ovens used in kitchens of India's homes.

According to local superstitions the rain gods will be pleased (and will deliver rain) if the following ritual is observed carefully:

Sneak into your neighbor's home shortly before dawn, steal his portable oven, smash it to bits and soak the debris in water.

The ritual is being followed to the letter in hundreds of villages as the drought and heat wave become worse. More than 300 persons have died of heat stroke in West Bengal and Bihar states alone this summer.

Temperatures have exceeded 115 degrees Fahrenheit in many areas.

In some villages, gangs of youths roam the streets at night, stealing ovens and smashing them. The owners are equally anxious to placate the rain gods, so they don't object. There is no record of a complaint to the police.

All this has created a mass demand for new ovens and manufacturers are turning out hundreds daily.

When such an item becomes scarce in India prices usually shoot up as wholesalers attempt to make huge profits. Not this time.

"We do want rain," one wholesaler said. "And if the ritual helps bring rain, we are going to help it even at the cost of possible high profits."

'THE SONS OF KATIE ELDER'
John Wayne, Dean Martin, Earl Holliman, Michael Anderson Jr.

Wayne Stars In Movie Of Texas Campfire Tale

An eye-filling Western filmed in Technicolor against the landscapes of the Panocho Villa country on Mexico's northern plateau and other colorful back-grounds, "The Sons of Katie Elder," opens Wednesday at the Ritz Theatre.

Starring John Wayne, the screen's No. 1 Western hero, Dean Martin and Marsha Hyer, the new release is in the tradition of classical folklore which has a pantheon of its own on Boot Hill.

"The Sons of Katie Elder," based on a story by Talbot Jennings, grew out of a Texas campfire yarn of how three prodigals and their kid brother fought a stand-up battle against a town.

The story has a dual theme: not only is this a he-man story, but it's also a drama of the maternal influence of Katie Elder, dead before the story unfolds; her sacrifice, love and

incredible valor. The hopes and aspirations for her sons is moving communicated from beginning to conclusion.

The tale deals with the legacy of the Elder name. Katie Elder bore four sons. The day she was buried they all return to the Texas town of Clearwater to pay their last respects. John (John Wayne) is the oldest, the toughest, the gunslinger. Texas, its bigness and its violence echoes in his empty soul. Tom (Dean Martin) is a different breed of man. He is good with a deck of cards and good with a gun — when he has to be. Matt (Earl Holliman) is the quiet one. Bud (Michael Anderson Jr.) is the youngest. Whatever hopes for respectability the Elder name has lies with him.

"The Sons of Katie Elder" was filmed principally in the picturesque country around Durango, Mexico.

STAMP NEWS

Telecommunications Issue Due Oct. 6

By SYD KRONISH
AP Newsfeatures

Many countries throughout the world as well as the United Nations have issued stamps honoring the 100th anniversary of the International Telecommunication Union. The U. S. commemorative will be issued on Oct. 6 in Washington, D.C.

The 11-cent stamp for international surface mail use will show a map of the world in yellow. Superimposed on this design is a series of curved lines in black which are symbolic of a radio sine wave. Beneath is the Morse Code spelling of "ITU" four times. The dates 1865-1965 are in red.

First day collectors may send their requests together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Washington, D.C. prior to Oct. 6. The outside cover to the Postmaster should be addressed: "First Day Covers ITU Stamp."

Also announced by Postmaster General John A. Gronouski is the exact design of the Robert Fulton commemorative to honor the 200th anniversary of the inventor's birth. The 5-cent stamp reproduces a bust of Fulton sculpture by Jean Antonine Houdon. To the left is Fulton's steamship, the Clermont.

First day ceremonies will be held Aug. 19 in Clermont, N.Y., where Fulton resided. First day cover collectors, however, should address their requests to: "First Day Covers Fulton Stamp," Postmaster, Kingston, N. Y. 12401, prior to Aug. 19. The covers will carry a Clermont cancellation, nevertheless, because that town does not have a post office. The nearest is Kingston.

The Republic of China will issue a set of four new postage stamps from Formosa in honor of the fifth Fisherman's Day, reports the World Wide Philatelic Agency. The stamps will illustrate fish underwater in multicolor design. The fish portrayed are the Red Seabream, White Pomfret, Skipjack and the Moonfish.

The Canadian Post Office has announced many new issues for 1966. One set will include the official flowers and armor bearings of the various provinces and territories. There will be a stamp honoring the 300th anniversary of the arrival of LaSalle in Canada. A Highway Safety stamp is also scheduled. The theme of another set is "Peaceful Uses of Atomic Energy." There will be, for the third consecutive year, a set of Christmas stamps in the usual 3 cent and 5 cent denominations, most commonly used for Christmas cards and letters.

Agency Opens New Offices

Robert Stripling, left, and Jerry Mancill join Monday of the Stripling-Mancill Insurance Agency's new offices in the Caylor Building, Sixth and Main.

Agency Opens Door To Public Monday

A business whose founding in Big Spring dates back to 1928, now the Stripling - Mancill Insurance Agency, will host guests and customers in the opening of its new offices in the Caylor Building Monday afternoon.

The firm was founded as the Robert Stripling Insurance Agency and in 1957 took the present name. In the same offices is the Mancill Insurance Agency, specializing in life insurance.

Jerry Mancill and Robert Stripling are partners in the firm. Associated with them are Mrs. Elsie Harvill, who has six years of insurance experience, and Mrs. Shirley Bell, who has been in insurance work about four years. Each has about four years prior experience in the claims departments of insurance companies.

Gold carpeting, walnut paneling and decor which includes a distinctive hanging lamp of varied color shades in the reception area are included in the new offices. Desks in the reception area and Mrs. Harvill's office are of white sand color motif. Filing and storage areas are built into the wall.

An additional office area is located adjacent to the main lobby of the Caylor Building for future use.

The agency has a built-in coffee bar and refrigeration unit in the reception area.

A distinctive feature of Mancill's office is the series of Fire Marks, black iron replicas of the marks which in 1860 were issued by the United Firemen's Insurance Company of Philadelphia, used to mark buildings which were being covered by fire insurance. The black, red and gold marks are still to be seen on such buildings as Independence Hall, Congress Hall and others in Philadelphia.

The marks were displayed on the buildings so they could be easily seen and identified in case of fire, and were intended to discourage malicious arson by showing that the owners would not greatly suffer from fire damage, due to the fire insurance.

The agency offers a complete line of insurance service, including fire, storm, auto, general liability, workmen's compensation, aircraft, marine, life, group and accident and health disability insurance.

The agency provides insurance writing on an account basis, for the individual, family or business operation. Some 10 companies are represented, offering full line facilities.

As a result of the recent hail storms, the agency is processing in excess of 1,000 losses amounting to more than \$150,000 in claims.

Building On Site Of Caylor Home

The new Zack's, hosting its grand opening Monday, Tuesday and Wednesday, is part of the newly-constructed Caylor Building, on the site of the historic H. W. Caylor home.

It was at the Sixth and Main location that H. W. Caylor did most of his western paintings, which have been shown in museums and galleries and brought him wide recognition.

The home was later sold to the Quinn family, from which the present owners obtained the site.

The Caylor Building is the only one of its type in Big Spring, having been constructed of pre-fabricated concrete slabs, formed on the ground and then lifted into place.

Both the roof and floor are of concrete, providing additional strength, insulation and fire safety. The building has a low fire insurance rating due to this feature.

A suspended acoustical roof is included, with four inches of insulation, above which is the four to six inches of concrete roof. Interior walls are also soundproofed, and the building was constructed to suit the West Texas climate.

Offices in the west portion of the structure have no windows opening outside, making them entirely dustproof.

Air conditioning includes six refrigeration units, all situated on the roof. This allows any unit which should stop functioning to be removed and replaced with another.

Four of the units serve the Zack's store, with the remaining two for the offices.

Stone for the Caylor Building was brought from Arkansas, and chips in the face of the concrete slabs are from San Saba quartz. Rock from Vealmoor was placed on the rear portions of the building.

The office areas contain walnut paneling and carpeting.

The building contains an automatic elevator for service to the second floor office areas. A sun deck has been located on the roof.

Off-street parking on the lot includes spaces for 29 cars.

The offices include those of Cook and Talbot, real estate; Stripling - Mancill Insurance Agency; and Gil Jones, attorney.

Builder for the structure was Robert Heinze.

Burns Sets Next Docket For Felonies

Twenty-two felony cases have been docketed for disposal in 118th District Court during the week of Aug. 16, Wayne Burns, district attorney, said Saturday.

The cases are to be called Monday, Aug. 16 and those found ready will be scheduled for trial starting Aug. 17. A jury panel will be called to report to the court at 10 a.m. on that date.

Judge Ralph Caton has hopes that a number of the cases can be set for trial and handled during the week.

Cases docketed are:

Willie Roy English, burglary; David K. Collett, DWI second; Benjamin DeLeon, burglary; Elmo Henry, assault with intent to murder; Charence Yanez Jr., assault with intent to murder; Will E. Pharr, embezzlement; John Lee Mitchell, forgery and passing; Charles Meacham, worthless check; Samuel Earl Minton, DWI second; Garland L. Burnett, DWI second; Jesse L. Collins, theft; Anita Jackson, forgery and passing; Eusebio Rudy Ramirez, two cases of DWI second; Marshall E. Byerley III, worthless check; Ramon Nunez, forgery and passing; Ramon Nunez, DWI second; Marvin G. Abshier Sr., DWI second; B. W. Hicks, DWI second; R. T. Gilmore, forgery by alteration; J. R. McNew, forgery by alteration.

Dear Abby

Common Hobbies

DEAR ABBY: Our minister's wife is a party pusher. She has organized all sorts of social activities within the church membership, such as a choral group, an art class, a camera club, a flower-arranging class, etc. It's fine for those taking part. But what about their husbands and wives? I am not normally a jealous person, but I don't appreciate having my husband run to the camera club to enjoy himself with the wives of other men who are absent in photography. I could have joined the choral group, but my husband can't sing and I didn't want to join without him. I think the minister's wife is stirring up a lot of trouble. I'd like your opinion.

WITHTHOLD MY NAME

DEAR WITHTHOLD: Don't blame the minister's wife. If you want to be with your husband, nothing is preventing you from developing an interest in his hobby.

DEAR ABBY: My husband is 61 years old, and I think he's entering his second childhood. The plant where he works has a NATURE LOVERS' CLUB, and he has joined. He is the same man who refused to walk to the corner to pick up a loaf of bread, but last week he went on an overnight hike (mixed company) on what they called a "botanical excursion." He didn't bring back a leaf or a twig, but he did bring back a case of poison oak on his back! I am so disgusted with him I could throttle him. He's a grandfather (many times) and I don't know what's gotten into him. Should I make him quit this club? He wears his "Thistle" pin on his underwear.

CANADIAN

DEAR CANADIAN: "Grandpa" may be too old to be a Boy Scout, but not to be a "Good Scout." If you are wondering, become a nature lover yourself. (And when you learn why Grandpa wears his thistle pin on his underwear please let me know!)

DEAR ABBY: We work in a small office and we make our own coffee in the office to save time from going outside. One of the girls collects coffee money from each one of us every pay day. It isn't necessary for her to buy coffee, cream and sugar every pay day because there is always plenty left over from the last time she purchased our coffee break supplies. But she collects anyway. By this time there should be quite a few dollars' surplus in the coffee kitty, but the girl who collects it says there isn't any. It's no big deal, and we don't intend to make a fuss about it, but why should she just put it in her pocket and think we're too stupid to catch on? Should we just keep paying and say nothing? Or let her think we are just a bunch of ...

CHUMPS

DEAR "CHUMPS": Ask the girl in charge of collecting the "coffee money" to save the receipts in the future, or appoint another girl. What's gone is gone, and without the receipts all you have is grounds for coffee.

MEN IN SERVICE

Airman 3.C. George W. Smith, son of Mr. and Mrs. Danell M. Smith, Stanton, has completed U. S. Air Force basic military training at Lackland AFB, Tex.

Airman Smith has been selected for technical training as a personal flight equipment specialist at the Air Training Command (ATC) school at Chanute AFB, Ill. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force.

The airman attended Stanton High School.

GEORGE W. SMITH

1st Lt. William L. Perry Jr., has returned to Wheelus AB, Libya, after receiving special training over Central Europe.

Lt. Perry was among a select group of pilots who made low weapons delivery runs over the targets from F-100 Super Sabre aircraft for air-to-air weapons practice by other fighter pilots.

USAFE tactical fighter pilots are sent on rotational duty to a flying training unit of the U.S. Air Force in Europe (USAFE), Center at Wheelus in order to maintain a high degree of flexibility and combat readiness.

Lt. Perry is one of the men always just ahead of the trailing target.

The lieutenant's unit supports the USAFE mission of providing the primary combat-ready air element of NATO's defense forces.

A graduate of Lamar High School, he received his B.S. degree in mechanical engineering from Texas A&M University, and was commissioned there upon completion of the Air Force Reserve Officer Training Corps program.

His wife, Marian, is the daughter of Mr. and Mrs. Ross M. McDonald, 701 N. 21st, Lamesa.

Airman 2.C. Jerry L. Baker, son of Mrs. Maryon E. Baker, 1009 E. 14th St., Big Spring, has arrived for duty at Clark AB, Philippines.

Airman Baker, a communications equipment repairman, previously served at Carswell AFB, Tex. His new unit is part of the Air Force Communications Service which maintains communications for control of global Air Force operations. The air-

man attended Post (Tex.) High School.

His wife, Ellen, is the daughter of Mac L. McGowan, Ranger.

Sidney J. Lajzer, son of T. Sgt. Joseph D. Lajzer, 150-A Dow Drive, Webb AFB, has completed four weeks of U. S. Air Force training at the Strategic Air Command's Biggs AFB, Tex. He is a member of the Air Force Reserve Officer Training Corps (AFROTC) unit at Baylor University.

Cadet Lajzer, a graduate of General H. H. Arnold High School in Wiesbaden, Germany, was engaged in the flying and support phases of operations at the Air Force installation. Cadets are eligible for appointment as Air Force second lieutenants upon graduation and completion of AFROTC training.

To Enter Hospital

GREAT MISSENDEN, England (AP) — Actress Patricia Neal, who suffered a cerebral hemorrhage in February, will enter a hospital Monday to await the birth of a fifth child.
