# PLAINVIEW MAN, 2 WOMEN DROWN

## News In Picture Form

### CHINA'S NEW FIRST LADY

General Chiang Kai-shek, the new nationalist chief in China, may rule the country, but he admits he doesn't rule his wife. Madame Chiang, pictured above as she entered Peking, is an Americanized Chinese girl and a graduate of Wellesley. The picture shows that she disregards the Chinese custom and walks beside her husband—not behind him.

# ASSAULT CASE TESTIMONY COMPLETED

## GIRL RELATES HER STORY AND STATE CLOSES

### JURY TO GET CASE BY 5 O'CLOCK; DEFENSE FAILS TESTIMONY

COMANCHE, Tex., Aug. 10.—With completion of testimony of Velma Bankhead, 19, complainant, the state rested its case in the trial of Harley Holland and J. D. Pierce, De Leon youths, charged with criminal attack, shortly before noon today.

As in the trial of Dick Hazard, alleged companion of the two youths now on trial, who was given the death sentence two days ago, the defense offered no testimony and both sides rested before the noon recess. Arguments were scheduled to start at the opening of the afternoon session and it was expected that the case would go to the jury by 3 o'clock this afternoon.

Taking the stand for the second time within four days, the slight girl again recounted events of the night of the alleged attack upon her. She controlled herself after visible effort and stop up well under the ordeal of cross examination. She declared she had never gone with anybody except Hazard and with him alone only once before the night of July 21. She was cross examined severely by A. R. Haworth of the defense counsel, but her testimony remained unbroken when she left the stand.

Tells of Ride to Country  
She told of Hazard asking her to go to church the night of the alleged attack, and then how he met her two companions, Pierce and Holland, and the other girl Christine Gammage, and drove into the country instead.

She wept upon tears as she recounted how Hazard and his two companions dragged her from the scene.

### SHE SHOWS 'EM'

NEA Los Angeles Bureau  
For years Hollywood actresses have been going to Paris to buy the latest creations in clothes. But when Dolores Del Rio left the film capital for Europe, she reversed the order of things. Miss Del Rio took \$30,000 worth of gowns with her, including the above Japanese outfit.

## SOLON SCORES COTTON BOARD IN "BIG ERROR"

### DISCREPANCY CLAIMED IS FIRST REPORT ON PRODUCTION

TUPELO, Miss., Aug. 10.—Representative John E. Rankin of Mississippi announced today he was wiring the department of justice at Washington urging an investigation of two cotton crop reports which he said were issued by the crop reporting board Wednesday. The reports, his statement said, showed a discrepancy of 10 percent in the estimated condition.

One of the reports, Rankin said, was marked "skeleton" and gave the estimated condition of 97.9 percent of normal, while the other estimated the condition at 67.9. Both gave the estimated number of bales at 14,291,000, the statement declared.

Rankin said the "skeleton" report evidently went out first. The statement of Mr. Rankin who was a member of the cotton investigating committee of the House at the last session of congress said: "The misstatement of the crop reporting board of the department of agriculture in Washington has again repeated its harvest of disaster and the world is wondering how it happened. The facts are that the crop reporting board published two reports. One of them they marked 'skeleton'. It gave the estimated crop condition at 97.9 percent of normal on August 1 with an estimated yield of 14,291,000 bales. I have a copy of that report in my hands at this moment. They also gave out a statement on the same date, a copy of which I also have in my hands, showing an estimated cotton crop condition

## The Latest NEWS Of The Day

### One Identified

VICTORIA, Tex.—A man giving the name of Jerry Koenig about 25, was identified today by Cashier John C. Bianchi and Miss Will Lee Bailey, bookkeeper, as the bandit who forced them into a vault and robbed the first State bank of Ines of \$520 yesterday morning.

### Bank Is Robbed

ALLEN, Okla.—Two unmasked men robbed the First National bank of Allen, of approximately \$2,000 at noon today, and escaped.

### Train Derailed

LITTLE FALLS, N. Y.—The Metropolitan, one of the New York Central's crack passenger trains, was reported here to have been derailed between Amsterdam and Ponda, bound from Chicago for New York. A call for doctors was received here.

### Oil Farm Fire

SAN ANTONIO—Four San Antonio fire department companies were struggling Friday afternoon to prevent spread of flames on the tank farm at the Grayburg Oil company, in southern San Antonio, after one of the big stills became ignited and burned fiercely.

### Beitzel's Plea

LOS ANGELES—Russell St. Clair Beitzel, charged with murder for the alleged slaying of Barbara Marguerite, 19, and the unwed woman's new born baby, today entered the double plea of "not guilty" and "not guilty by reason of insanity" against each section of the grand jury indictment. He was brought into the court of Superior Judge Douglas E. Edmonds.

### U. S. Boxer Wins

AMSTERDAM—Harry Devine of Worcester, Mass., United States featherweight boxer, was defeated today in the semi-finals of the Olympic championship bouts by Vanlavaren of Holland. The Dutchman won by decision.

### Traces Accused

GALVESTON—More than a year after the death of Robert D. Lindley, Jr., of Dallas, who was run down and fatally injured on the beach here, Fred J. Pickerson of Galveston was charged with negligent homicide and bound over to the grand jury after a hearing in justice court here today. Pickerson pleaded not guilty. Dr. R. D. Lindley of Dallas told the court today of efforts that had been made during the last year to trace the driver of the automobile which killed his son.

### RIO GRANDE RISING

DEL RIO, Tex., Aug. 10.—The Rio Grande was up 12 feet at this point today and was still rising, the result of heavy rains above here.

## TROPICAL STORM RAKES SOUTHERN GEORGIA AS FLORIDA FACES BREAK IN GIANT POWER DAM FROM FLOODS

ATLANTA, Ga., Aug. 10.—After battering a path through southern Florida and leaving flood menace to a power dam near Inglis, the chief remaining threat, the tropical storm today had recurred from the Gulf of Mexico and was moving northeasterly across southern Georgia with greatly diminished force.

Torrential rains which accompanied high winds in Southern Georgia brought a mild flood threat to the section, but early reports related minor wind damage as compared with the toll taken in Florida by the first full force of the blow.

### Power Dam Break Feared At Inglis

KEONVILLE, Fla., Aug. 10.—Water is rising fast behind the dam of the Florida Power company at Inglis and reports reaching here say the structure is seriously en-

## THREE MORE BARELY ESCAPE DEATH WHEN WALL OF FLOOD WATER SWEEPS DOWN ON CAR

### By Associated Press

CARLSBAD, N. M., Aug. 10.—Three Plainview, Texas, persons were drowned and three injured today when a wall of flood water struck the car in which they were riding at Dark Canyon, one half mile south of here. The dead are A. J. Chambers, 55, his daughter, Eunice, and Alma Stovall.

The bodies have not been recovered. Mrs. Chambers, another daughter, Elmyra, and Miss Iris Bowley escaped from the flood but were in a hospital here for bruises and shock.

A cloudburst in the Guadalupe mountains brought the flood down Dark Canyon. The stream was filled to a width of 500 feet. The Santa Fe railroad bridge across the canyon was threatened. Searching parties were looking for the three bodies at a power dam six miles south of Carlsbad.

## DEMOS EXPECT BIG DRIVE FOR SMITH'S CAUSE

### MEETING SATURDAY TO LAUNCH MOVEMENT TO CARRY TEXAS

AUSTIN, Aug. 10.—Efforts will be made to organize every voting precinct in the state for Governor Al Smith for president as a follow-up to the statewide rally of democratic "regulars" here Saturday.

Mrs. H. H. Sevier, national committee woman for Texas, said today a very active campaign will be organized and carried out in all parts of the State. Speakers will take the stump and urge support of the national ticket.

The meeting will open here Saturday morning at 10 o'clock. Whether Governor Moody will return from his West Texas trip in time to attend, was not known yet today. Before leaving, he said he expected to be back the latter part of this week.

Mrs. Sevier said that prospects for attendance have been boosted considerably by response to invitations during the last few days, especially among women leaders. Campaign activities will not be confined to those who attend, but interested democrats now on vacations will be drawn into the campaign later. Several of these have written Mrs. Sevier offering their services.

Resolutions exhorting "bolters" and "Hoover Democrats" mainly claiming to oppose Governor Smith because of his prohibition attitude, are expected to be adopted at Saturday's meeting.

In a statement last night, Mrs. Sevier said that "the support of Mr. Hoover on the grounds of prohibition cannot be other than a fetter because Mr. Hoover is not a prohibitionist and never has been one."

## Lubbock Man One Of Escaped Prisoners

HOUSTON, Aug. 10.—Houston police today were asked to be on the lookout for two prisoners who escaped from the Ferguson state prison farm at Midway, Madison county, last night.

The convicts are Tjoe Washer, serving 30 years for robbery from Galveston and Ellis counties, and L. O. Gordon, serving two years for theft from Lubbock county. Details of the escape were not contained in the message.

## Dupont To Support Smith In Campaign

NEW YORK, Aug. 10.—Pierre S. Dupont, chairman of the boards of the E. I. Dupont Nemours and company and the General Motors corporation, today declared he would support Governor Alfred E. Smith for the presidency of the United States.

Governor Smith has the "strength of character to correct the evils of prohibition law enforcement and make recommendations necessary for the solution of the liquor problem," Mr. Dupont said in a prepared statement explaining his action.

Corn plunged down with wheat, went quickly under the lowest point since the early collapse. Extreme nervousness continued later to be manifested in the wheat market, but for at least the time being the lowest prices quoted were during the early collapse. Trading on the part of speculators who were in position to collect profits served to restore the market to a comparative degree of steadiness.

## WHEAT PRICES PLUNGE DOWN ESTIMATE IS LARGER THAN EXPECTED AND SELLING STARTS

CHICAGO, Aug. 10.—Wheat prices plunged wildly downward today as soon as the market opened, initial trades being as much as 55-cents a bushel under yesterday's closing. The break in values resulted chiefly from the fact the government estimate of 1928 domestic wheat production was larger than expected.

News that the Liverpool wheat market was demoralized because of the American government report preceded opening of business here. At the bell rang which signalled the beginning of the trade in Chicago a tremendous rush of selling set in. Standing orders to sell not at various set limits in order to stop losses were automatically filled in operation.

## COOLIDGE AND HIS STUFFED OWL

Add to the list of presents given President Coolidge on his summer vacation the large, mounted white owl, donated by Fred R. Mott, a mine superintendent at Virginia, Minn., where the executive visited recently. Here is the president with his present—and a lot of people probably will say that Cal and an owl have a lot in common.

## BACKS HER BACK TWO MEETINGS OF DEMOS SEEN

### ANTI-SMITH MEN PLAN SESSION IF OUSTED AT STATE MEET

DALLAS, Aug. 10.—Probability that there will be two state democratic conventions held September 11 loomed today when B. D. Sartin, campaign manager for the anti-Al Smith democrats of Texas, declared that if the anti-Smith delegates from Dallas, Harris and Tarrant counties were not seated by the regular state gathering they would stage their own convention.

Jed C. Adams, democratic national committee man, declared that as far as he was concerned the anti-Smith group could withdraw from the state convention.

"We are going to have a regular democratic convention, with involvement of Smith and all other party nominees and all the other functions of a regular democratic meeting carried out," said the national committeeman.

"If the Hoover republicans care to withdraw from the state convention that is, of course, their privilege."

### RAIN AT CROSBYTON

CROSBYTON, Aug. 10. (Special).—Fifty-one hundredths of an inch of rain fell over Crosby county throughout yesterday and last night and while additional moisture was not needed at the time it will help to assure a bountiful crop.

## COMPANY GOES TO RECEIVERS

### INJUNCTION TO HALT MERGER GRANTED ON INSURANCE FIRM

ST. LOUIS, Aug. 10.—Two receivers for the International Life Insurance company of St. Louis were decreed today, one in the federal court at Kansas City and the other in circuit court here.

As a result, conflict for control of the company, thrown into the courts by disappearance of \$3,500,000 worth of assets is in prospect.

The court appointed William L. Mason of St. Louis as attorney for the receivers. It was announced in court the receivers will not operate the company direct, but will supervise operations by Massey Wilson of St. Louis, who, until four years ago, was president of the International company.

Mr. Wilson was in court this morning, and said the company had \$325,000,000 of insurance in force in 38 states and had assets of \$40,000,000.

Wilson and Daly also were appointed receivers for the International company, a holding organization.

An injunction was granted by the court restraining stockholders of the two companies from meeting Monday to effect a merger with the Missouri State Life Insurance company.

The injunction was obtained by C. P. Long, Tupelo, Miss., a stockholder, and James Junius C. Dale, an Alabama policy holder. The plaintiffs alleged that \$3,500,000 of the assets of the insurance company had been appropriated by Roy C. Toombs, Chicago, its president.

## SHERROD LAUDS FAIR EDITION

"I think that if there ever will be a time when prosperity is to be in abundance on the South Plains, it'll be during the coming fall and I see no reason why we shouldn't let the people on the outside know about it," B. Sherrod, president of the Lubbock Chamber of Commerce and Board of City Development, declared this morning in speaking of the "Prosperity" edition of the Avalanche-Journal which is to be published in connection with the annual fair edition just prior to the opening of the Panhandle-South Plains fair on October 1.

"We've had a plan under advisement for the past year which we hope to use in advertising the South Plains section and its opportunities to the outside world," Mr. Sherrod said, "and I think that the issuance of a great newspaper edition depicting the prosperity of the section in news stories and pictures will be a great step in that direction."

## COMPANY GOES TO RECEIVERS

### INJUNCTION TO HALT MERGER GRANTED ON INSURANCE FIRM

ST. LOUIS, Aug. 10.—Two receivers for the International Life Insurance company of St. Louis were decreed today, one in the federal court at Kansas City and the other in circuit court here.

As a result, conflict for control of the company, thrown into the courts by disappearance of \$3,500,000 worth of assets is in prospect.

The court appointed William L. Mason of St. Louis as attorney for the receivers. It was announced in court the receivers will not operate the company direct, but will supervise operations by Massey Wilson of St. Louis, who, until four years ago, was president of the International company.

Mr. Wilson was in court this morning, and said the company had \$325,000,000 of insurance in force in 38 states and had assets of \$40,000,000.

Wilson and Daly also were appointed receivers for the International company, a holding organization.

An injunction was granted by the court restraining stockholders of the two companies from meeting Monday to effect a merger with the Missouri State Life Insurance company.

The injunction was obtained by C. P. Long, Tupelo, Miss., a stockholder, and James Junius C. Dale, an Alabama policy holder. The plaintiffs alleged that \$3,500,000 of the assets of the insurance company had been appropriated by Roy C. Toombs, Chicago, its president.

## FALL KILLS CHILD

LAREDO, Aug. 10.—Edward F. Siskler, two, died here today from injuries received when he fell from a truck on the highway near Migonzo City yesterday. His skull was fractured.

## Miss Gilkerson Of Amarillo Is Feted

Miss Vonelle Gilkerson, accomplished pianist, was the guest of honor at a luncheon given at the home of Mrs. J. M. McMillan, 1715 18th Street, yesterday morning.

Cardinal and straw were featured in color scheme. Dutch dolls were favors and high score and guest favors were Dutch windmill pictures. Miss Frances Ford made top count in the games.

Guests were the honoree and Misses Sarah and Sue Michie, Frances Ford, Virginia Bacon, Virginia Murray and Wanda Butler.

**Treasure Hunt**

On Monday evening a treasure hunt was staged honoring Miss Gilkerson. Bridge was played early in the evening at the George Gilkerson residence, 1715 18th Street, and later guests followed a trail of arrows to a garden at Avenue Q and Main where food was served. Games were played. Guests were Miss Johnnie Loube Gilkerson, Dorothy Rushing, Virginia Bacon, Frances Ford, Elizabeth Baird and Messrs. Jimmie Whiteside, Harmon Jenkins, Murray Ballenger, Lesoy Vaughan, Emory Holler and Leo Gray Gordon.

Miss Johnnie and Afton Gilkerson assisted in entertaining on both occasions.

## Leidighs At Home To Friends Thursday

Dean and Mrs. A. H. Leidigh and family, 2101 17th Street, were at home last evening honoring their house guests, Dr. and Mrs. E. P. Humbert and family of College Station. Friends of the Humberts were invited in and the evening was pleasantly spent in informal socialities. Ice cream and cake were passed.

Dr. Humbert is at the head of the genetics department at A. and M. college. He and his family were neighbors and friends of the Leidigh family when the latter was at College Station.

Among those who called last evening were Mr. and Mrs. J. N. Michling and Mrs. J. M. Michie and family, Dr. and Mrs. E. L. Reed and family, Mr. and Mrs. W. L. Shanes, Dean and Mrs. J. M. Gordon, Dean W. J. Miller, Mr. and Mrs. Don L. Jones.

## One-Minute Interviews Money Value Change When Women Work!

"Economic independence is giving women an entirely different set money-values. It is making them more careful of their savings and far more interested and wary of their investments."

This statement came from Catherine O. Morgan, manager of the Women's Investment Service of one of New York's largest bond houses.

"Women's growing interest in finance is tremendous," Mrs. Morgan said. "In my department which was

Catherine O. Morgan

established to give women any kind of financial information they require, we have had a 300 per cent increase in patrons in two years.

"Because women are unfamiliar with investments and other kinds of finance they are more apt to take a specialist's advice than men are, I believe."

It is interesting to note that women form a large percentage of stockholders in the most outstanding companies in America, such as American Telephone & Telegraph, 56 per cent; General Electric, 50 per cent; Eastman Kodak, 50 per cent.

"The percentage of women interested in absolutely unspeculative investments, such as Liberty bonds, real estate bonds and mortgages and savings accounts has increased enormously, also. This shows that women, when they begin to invest, are conservative in that they prefer to safeguard their investments against losses rather than take a chance to make more."

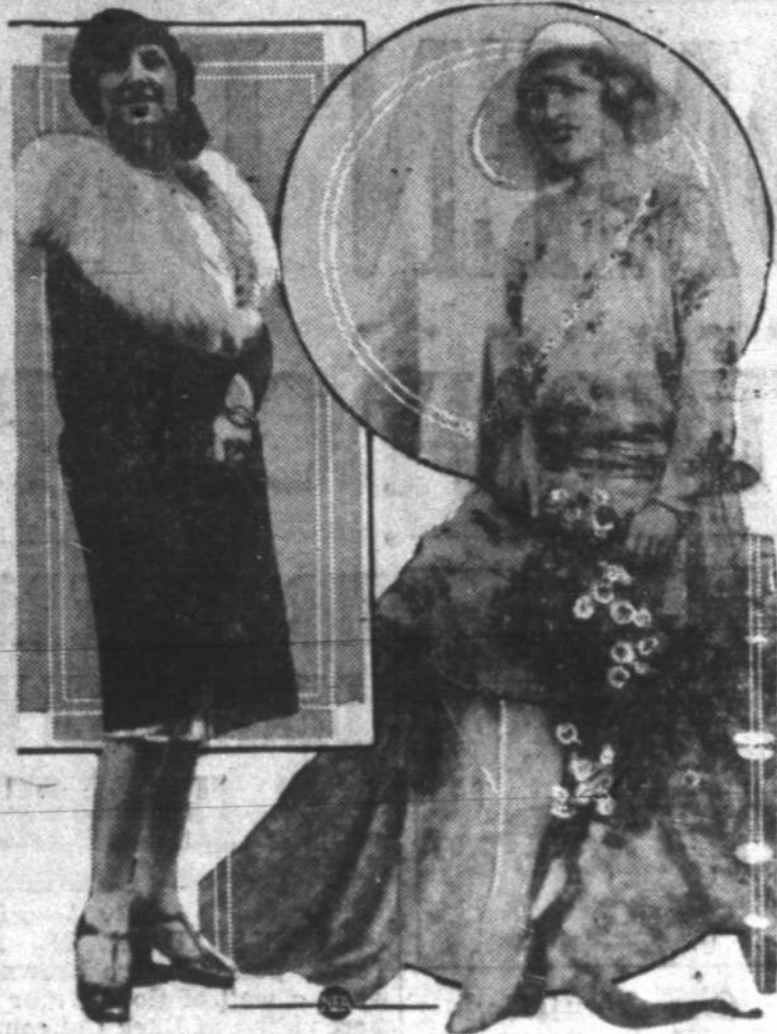

"Women, I think, are steadily commanding a more important place in the financial world, both as clients and as workers."

## Las Amigas Club Has Enjoyable Party

Mrs. James H. Goodman entertained Las Amigas club yesterday afternoon at her home, 2301 19th Street. Bridge was played with Mrs. Earl Sproule winning high club score and Mrs. C. J. Matthews, of Plano, making the visitors high score. Mrs. Homer Grant scored low.

There were several out-of-town visitors and each was presented with a favor. An ice course was served in the afternoon's colors of yellow and white.

## Paris Sponsors Broad Brimmed Hats As Gay Chapeaux Top Frocks Of Gay Lines

Left: Florence Walton wears a new beret, of red-brown panne velvet and felt finished off with a knot at the side; a wide-brimmed bandeau hat, right, shows a flowered chiffon dress in pastel shades.

**BY ROSETTE**  
NEA Service Writer

PARIS, Aug. 10.—The vogue of the chiffon dress necessarily meant the return of the larger hat. Whatever argument there may be to find in favor of the close-fitting toque, it is seldom as becoming. As a consequence women have not been so attractively hatted for many seasons as they are this summer, and it is safe to predict that we shall see both brimmed hats and toques in the fall fashions.

While the light colored felt is seen, the natural colored straw is the one which harmonizes best with all types of light dresses, and particularly with printed mousseline de soie. The smartest are usually simply trimmed with several grovegrain ribbons matching the colors in the dress and finished off with a jewel brooch if the occasion demands it. As dresses this summer are more elaborate and feminine, hats in contrast are distinctly sober in regard to trimming. This sobriety extends to all other dress accessories, as a matter of fact.

**An American's Shop**

Hats always seem to have fascinated women. Every day you meet of some well known society woman or theatrical star who has started a hat shop. The latest arrival here in this department is Florence Walton, the well known American dancer.

As far as the models which are on display are concerned, their ideas are excellent. She says that the beret type of hat is to be the main theme on which she intends to work for the coming fall and winter. For golf or motoring, they have no equal in comfort and they suit almost every type of face provided the proportions are right.

She has taken ideas from all the varieties of berets—the Basque, Breton and the Alpine chasseur. Miss Walton is using soft suede for sports wear, and for dressy occasions, velvet alone or combined with felt. Among the advance models which she is shipping to America is a rich red-grown velvet and felt beret, fashioned rather like a student's cap and finished off with a knot at the side which lent it a jaunty and youthful air. These should be worn slightly tilted, and it seems that all hats are to be worn tilted over one eye this fall.

**Actually New**

Marcelle Lely, another young modiste who is fast acquiring a reputation for making youthful hats, is using long-haired panne velvet, which is easily explained as the thought of Marcelle Lely also, which will show a crown and part of the brim covered with this brushed panne. The effect is astonishingly new, especially when you had arrived at the conclusion that nothing new could positively be thought of in the toque type of hat.

She had a charming creation which consisted in a close-fitting crown of felt, simply swatched round with a wide black satin ribbon faced with white, which was tied in a knot at the side, as only a Parisian modiste knows how to tie. Panné and taupe will be very largely used and the hat with a brim will be broader on one side than the other. Black, rich brown and beige will be among the first colors. This is easily explained as they happen to be the colors which blend best with autumnal shades.

## Get-Together Party By C. E. Members

Songs, a watermelon feast and general good time were enjoyed by a group from the First Presbyterian Christian Endeavor Thursday evening at the home of Mr. and Mrs. F. Cook in Montague. At the close of the evening a stunt was practiced to be presented Monday evening at a city union Christian Endeavor meeting.

Those who attended were Misses Jennie Lee Robinson, Mary Beth Shively, Mary Louise McNeil, Inez Hensley, Ronnie Mae Ailan, Helen Robertson, Eudelia Henderson and Sam Womack, Luther Williams, Herbert Hopper, Peyton Waddill, Townsend Waddill, Elbert Hester, Floyd Norman.

## Fellowship Club In Meeting Thursday

Colorful flowers in abundance decked rooms of the John Richards home, 2206 18th Street, yesterday afternoon when Mrs. Richards and Mrs. John Dalrymple entertained the Fellowship club. Forty-two was the diversion of the afternoon and punch ice cream was served with shaggy food squares.

Guests were Mesdames T. W. Sawyer, J. F. Hankins, Sam T. Davis, George Smallwood, Fred Snyder, W. L. Baugh, Sidney Oglesbee, A. B. Davis, J. M. Nunn, of Tacoma, C. S. Middleton, W. G. Murray, W. C. Rylander, J. D. Peters and Miss Mae Lomax, of Meridian.

## Society Meets With Miss Alexander

Miss Mayme Alexander was hostess to members of the Sew-Ciety club yesterday afternoon at her home, 2322 16th Street. Bridge was played.

Avalanche-Journal want ads brings results. Phone 13 or 14.

## New Home Is Scene Of Party Thursday

The new home of Mrs. M. C. Butler, 2405 Broadway, was opened to a group of women yesterday afternoon when Mrs. Butler entertained the London Bridge club and a few guests.

Ice cream, molded into the form of pink carnations, was served with white cake and minis and pink carnations were plate favors for the guests. Baskets of summer flowers were used throughout the rooms of the home.

Club high score was made by Mrs. Clayton Gamble, and visitors high count was made by Mrs. J. M. Davis. Low score was made by Mrs. Oscar Nislar.

Club members attending were Mesdames S. E. Cone, E. J. Parsons, Clayton Gamble, Horace Hawkins, R. W. Crowder, Jr., G. C. Turner, O. English, J. B. Jackson, Vernon Brown, Oscar Nislar and Joe Logan. Guests were Miss Geraldine Smith, Mesdames Hurd Jones, Fred Taylor, J. M. Davis, Lewis Kittrell, Lee Ragland, Joe Nislar, Volney Hill and James Garrett.

## Tahoka News

BY MRS. FRANK HILL

**Chamber of Commerce Secretary Resigns**

Mrs. Paul Miller, one of the few women chamber of commerce secretaries in Texas, has turned in her resignation to the board of directors of the local body, her work ending immediately. No successor has been selected.

Mrs. Miller was elected to the office last winter. She was also president of the South Plains Commercial executives association, was selected as "Miss South Plains" of the recent West Texas Chamber of Commerce convention in Fort Worth and was instrumental in securing for Tahoka the 1929 convention of the South Plains W. T. C. district.

## "Happy" Smith and Joyce Ketter Marry

Although W. E. "Happy" Smith, county and district clerk, and Miss Joyce Ketter were married on July 12, the fact did not become known even to their most intimate friends until last Saturday night, when the young bride and groom, accompanied by Mr. and Mrs. J. E. Nance, and Mrs. Buddie Knight left for a pleasure trip to Ruidoso, N. M.

Mr. and Mrs. Smith were married on the date above mentioned by Rev. R. T. Breedlove at the Methodist parsonage. They kept their marriage a profound secret until they were about ready to leave on their honeymoon trip. Mr. and Mrs. Nance returned from Ruidoso Wednesday night, but Mesdames Smith, Nance, and Knight will remain out there for a week or two yet.

These are both very popular young people. The bride is the daughter of Mr. and Mrs. J. E. Ketter and has been reared in Tahoka. She is one of Tahoka's fairest and gentlest daughters. Mr. Smith, or "Happy" as he is familiarly known, has also been here a long time. For the past several years Mr. Smith has been the efficient and popular county and district clerk of this county.

## Lowman Evangelists Coming To Tahoka

The Lowman evangelistic party will start a co-operative evangelistic campaign at the city tabernacle Sunday, August 12. Rev. Warren J. Lowman of Chicago, one time a theatrical performer, public entertainer, and concert singer, will do the preaching. The Lowmans are radio artists, great musicians and singers.

## Sunrise Breakfast Enjoyable Occasion

A group of the Hi-Leaguers drove out to the Sand Hill Tuesday morning for an outing. Impressive decorations were used.

volitional services led by Miss Venoy Courhan, were conducted just at sunrise. Frank Sargent led the singing and prayers were offered by the leader and by Mrs. Suddarth.

A welcome breakfast of fruits, rolls, coffee, bacon and eggs, cooked and served in more-or-less approved camp style was the closing feature.

## Personals

Mr. and Mrs. A. B. Seymore returned Wednesday evening from Cleburne where they have been visiting friends and relatives for several weeks.

O. H. Nelson and little daughter, Willetta, left Wednesday morning for East Texas, where they are spending a few days visiting relatives.

Mr. and Mrs. Harley Henderson left Thursday for Malina, South Texas, where they will spend the remainder of the summer buying cotton. Mrs. B. H. Howard, of Crosbyton accompanied them to Midland, where she will visit Mrs. J. N. Payne.

A. M. Sullivan of Coahoma was a business visitor here Wednesday. Mrs. Bettie Taylor of Fort Worth, is the guest this week of her niece, Mrs. C. B. Townes.

Mr. and Mrs. Bert Dallen and two children are visiting the former's mother at Fort Worth this week.

Mr. and Mrs. Marvin Todd of Carlsbad, have been visiting Mrs. Todd's mother, Mrs. Lewis, of this city.

T. A. Pancher and his daughters, Miss Nora and Eula Pancher, and his granddaughter, Miss Eula Alice McKenzie, together with his sister, Mrs. P. S. McLarty, all of Seymour, are here visiting Judge and Mrs. I. P. Metcalf.

Mr. and Mrs. O. J. Jackson and family left this week to visit relatives at Teague and to enjoy a few days outing.

Mr. and Mrs. Clyde Briley of Post, were here Thursday visiting Mrs. Briley's parents, Mr. and Mrs. T. T. Tankersley.

Mr. and Mrs. W. G. Briley of Abilene visited friends here Saturday. They were on their way home from a trip out into New Mexico. Mr. Briley says that their daughter, Quanta, is much improved in health—and is now a student in Montezuma college in New Mexico. Briley's were formerly of Tahoka.

Prof. M. L. H. Bae and family left Tuesday afternoon on a vacation trip out into New Mexico. They will spend most of their time in Montezuma and Taos—and will be gone about ten days. They are accompanied by H. J. Lowry and family of Lubbock.

Mr. and Mrs. W. F. Humphries of Austin, came up last week-end to visit the latter's parents, Mr. and Mrs. W. C. Cowan. Mr. Humphries has returned to his home but Mrs. Humphries will remain here several weeks. Miss Betty Cain, of Canyon, a niece of the Cowans, also spent the week-end here as their guest.

Mrs. W. P. Irwin, of Killeen, and Van Irwin, of Ardmore, Okla., mother and brother, respectively, of Mrs. J. J. Maunsgaard, are visiting the Maunsgaard family here this week. Mr. Irwin will probably locate somewhere on the South Plains.

The following young people of the M. E. Hi-League attended the two-day District Institute at Lubbock First church last Thursday and Friday. Misses Ve Noy Cooghan, Kathryn Peer, Inez Sanders, Lucille Slaton and Mabel Lee and the local president, Jesse Roberson.

Mr. and Mrs. W. O. Henderson returned Tuesday afternoon from Tyler, where they attended the funeral of Mr. Henderson's mother, Mrs. M. L. Henderson, who died at the residence of her daughter, Mrs. S. D. McConnell, in Weatherford Saturday afternoon. Mrs. Henderson was 77 years of age and has been in bad health for some time. Her home in recent years has been in Dallas, but she remains were taken to Tyler for burial, the old home of the family being situated there. Mr. and Mrs. W. O. Henderson were accompanied back to Tahoka by their nephew, Curtis Henderson, of Arlington, who will visit here for some time.

Rev. Cecil Ellis, of Rule, a very young man, will fill the pulpit of the Methodist church next Sunday, the pastor, Rev. R. T. Breedlove being away in a meeting.

Mr. and Mrs. John Thomas returned this week from an extended trip through Mississippi, Alabama, Georgia and Tennessee, visiting relatives in all these states. They report a most enjoyable time.

J. C. Hurst, editor of the Ab-

lative Review, and his father, Charles C. Hurst of Dallas, were in Tahoka Friday. They were accompanied by F. C. Wester, of Lubbock.

Mrs. S. A. Shook of Waco, is here visiting the families of Charles Shook and Sid Sanders, having returned Monday from Flagstaff, Arizona, where she had been visiting two sons, she expects to remain here several weeks.

Sam Sanford and Clay Hughes are building a neat residence on one of the Sanford lots just east of the Sid Sanders residence in north Tahoka. It is probable that they will construct another residence on the adjoining lot.

Judge J. W. Elliott has returned from Austin, where he has been on business.

M. C. Canaday, an employee in the postoffice here, is constructing a neat residence, 30 by 30 feet in size, consisting of four rooms and bath, in the west part of the city on the Brownfield highway.

Mr. and Mrs. E. R. Tate has as visitors this week, Mr. Tate's father, J. B. Tate, and his sister and her husband, Mr. and Mrs. J. C. Roberts, all of Comanche.

W. E. Suddarth made a business trip to Fort Worth this week. He was accompanied home by his aunt, Mrs. Lou McDaniel, who will make her permanent home with the Suddarth family.

Mrs. J. E. Holloway returned this week from Sulphur Springs, where she has been visiting.

Miss Jo Bullock and niece, Miss Sallie Tillotson, of Asperment, are here this week as the guests of J. B. Walker and family. Miss Bullock is a sister of Mrs. Walker.

Dr. Arch Meador, a chiropractor,

who has recently located at Slaton, was here Wednesday with the view of opening an office at this place also.

Onid Luallin and Charles Shook were business visitors in Dallas a couple of days this week.

Mr. and Mrs. R. C. Wood and daughter, Rosa Maud, left Monday to spend a couple of weeks visiting at Hubbard, Hill county.

Mr. and Mrs. Monte Bowron of this place and their son, Bob, of Plainview, left Wednesday morning on a business mission to Fort Worth.

Jesse Roberson left Wednesday morning for Abilene.

Dr. K. R. Durham, of Shreveport La., announces that he will open a dental office on the 2nd floor of the Variety store building about the middle of this month. Dr. Durham recently graduated in the dental college of Baylor University situated at Dallas.

Mrs. W. E. Sanders of San Antonio is visiting her sister, Mrs. Jack Alley of the Sunshine Inn. Mrs. Sanders formerly resided in Lubbock.

G. E. Hogan was a business visitor to Littlefield Wednesday.

Mr. and Mrs. Clarence Crouch were Lubbock visitors Thursday.

## Student Nurses Are Given Dance

Student nurses at the Lubbock Sanitarium and their friends were guests from 8:00 until 11:00 o'clock last evening at an informal party-dance given at the sanitarium by Miss M. P. McMillan, superintendent of the student nurses.

A mock wedding ceremony was performed immediately following the arrival of the guests, and music and dancing were enjoyed throughout the evening. Refreshments of delicious cold watermelon were served to approximately forty people.

## T. T. Carpenters Are Dinner Hosts

Mrs. T. T. Carpenter, 1601 Texas Avenue, entertained relatives and friends Thursday with a lively dinner. The occasion was a meeting of Lamar county friends who had been separated for several years. The following were present: Mr. and Mrs. N. Link and Miss Esie V. Link of this city; Mrs. Tom McAllister of Sweetwater; Mrs. J. M. Carpenter of Paris; Mrs. Glenn Watson of Hambray, Calif.; Mr. and Mrs. Carpenter and Ralph Carpenter.

## Sunday School Picnic Is Postponed

A picnic which was to have been given Thursday evening by Misses Margorie Mitchell and Abree Odum for their Sunday school classes, was postponed indefinitely because of the rains.

## Nifty Night Society Plays Bridge

Nifty Night club members played bridge Thursday evening in the home of Mr. and Mrs. Earl Sproule, 1719 Main Street.

## announce the arrival of new and smart Fall Frocks

It is an announcement of the utmost importance to those women who desire to view the authoritative Fall Frock mode at its best. Those details and whims of fashion that mean so much to the character and distinction of an interestingly new mode will be found to be included in this showing for each garment displayed is the result of the careful selection of our buyers in the markets renowned for smart style and fine quality.

Lovely little pleated and circular jabots, ruffles and pleats add that touch of distinction so eminently desired by fashionwise women. Lustrous satins, navy blue georgettes, chiffon velvets and other beautiful fabrics are used to fashion them and new colors enhance their smartness.

**\$16.85, \$22.50, \$29.50, \$35.00 TO \$69.00**

## Fall Millinery Is Chic

Whatever your preference may be in a new hat for Fall, this showing surely includes it. The small shape again is popular but with new style treatments that lifts it above the ordinary. "Chic" is the way they should be described for they are faithfully copied from the smart French models. New fabrics and colors of course.

**\$2.95 TO \$9.85**

### NEW CRISIS IN CHINA SEEN IN JAPANESE PLAN

#### WARNINGS TO NANKING GOVERNMENT OVER MANCHURIA SENT

TOKYO, Aug. 10. (AP)—Indications are seen of a new crisis in China. Japan has sent warnings to both governments against acts regarded as inimical to Japan's interests.

To Chang Hsueh-Liang, military governor of Manchuria, word went he must put the province under the domination of the Nan-King Nationalist government.

Note is dispatched to Nanking stating that unless the nationalists change their attitude toward Japan's interests in China, the Japanese government may be obliged to take such measures as it deems suitable for safeguarding its interests.

Nanking has already notified Japan of its abrogation of commercial treaties granting extrajurisdictional rights to Japanese.

Premier Tanaka told the cabinet meeting he had reliable information that Chang Hsueh-Liang Kai-Shek, nationalist military commander, had worked out the draft of an agreement to extend the national rule into Manchuria.

Japan fears that without the protection afforded by present treaties its supplies of raw industrial materials from Manchuria will be cut off and that property and lives of its citizens in China will be endangered.

To Exclude Politicians The tentative Nanking-Mukden agreement is also understood to provide that political committees on the Kwantung, the political organization of the Nanking movement, will be excluded from Manchuria.

Reports that the nationalists have cancelled all troop movements against Mukden and that Chang is

### Man Drowned When Pinned Under Bridge

PHILADELPHIA, Aug. 10. (AP)—A man was pinned under a bridge over Frankford creek near the point at which it empties into the Delaware.

Ryan was tender on a draw-bridge over Frankford creek near the point at which it empties into the Delaware. He went beneath the bridge at low tide to grease the mechanism exposed by receding water.

For four hours Ryan struggled to free himself and shouted for help, as the tide lapped steadily higher upon him. No one heard his cries until the water was to his neck and he was exhausted from his struggles.

When the boat arrived the water had closed over the bridge tender.

#### LEGION LABOR FETE

PITTSBURGH, Kans., Aug. 10. (AP)—The American Legion and organization from this district will join hands in a Labor Day celebration here September 3.

Preparations to withdraw his forces from the Shanghaiwan front strengthened belief that agreement was near if not already consummated.

No official resume was available of the warning to Chang but it was learned that the advice given Chang on July 20 was repeated in stronger terms by Baron Gonda Hayashi.

### Travel Fatigue Quickly Relieved

Long train or motor trips in hot weather cause the nerves to become strained and upset, resulting in nervous headaches, sleepless nights and general fatigue.

To avoid this take a bottle of Capsuline with you on your trips. Two teaspoons in a little water will quickly soothe the nerves, bring delightful relief from pain, restlessness and fatigue.

Capsuline is safe and being liquid, acts almost instantly. At all drug stores.

### Junkers Greets Endurance Flyers

The holders of the new world record for endurance flight, Johann Raab, left, and Hans Zimmermann, right, are pictured here with Professor Hugo Junkers, builder of their plane.

### Denmark Winner

AMSTERDAM—Denmark won the Olympic championship race for six-meter yachts today, the Danish craft Tiki showing the way in 2 hours 23 minutes 46 seconds.

### Charges Dismissed On Trio In Murder

COVINGTON, Ky., Aug. 10. (AP)—Charles Anness, sr., 68, his son, Warren, 22, and grandson, Charles, Jr., 15, all of Johnson City, Tenn., were dismissed after a hearing in common pleas court on murder charges growing out of the shooting of Webb Hogan, 33, at Sandfortown, July 26.

The three were accused by Mrs. Ethel Hogan, the widow, who said that she recognized Warren as a man who had been hiding around the Hogan yard at the time of the shooting.

Murder charges now have been placed against Mrs. Hogan but the court has not decided whether he will dismiss these charges also or hold the widow to the grand jury.

### Hudkins Dismissed In Statutory Case

LOS ANGELES, Aug. 10. (AP)—Statutory charges against Arthur Hudkins, brother and manager of Ace Hudkins, Nebraska welterweight boxer, were dismissed today when the district attorney's office announced that Tona Gale Murphy, 15 year old actress who had made the accusations against Hudkins, had made a later statement declaring her former story untrue.

### AUTO KILLS CHILD

ARLINGTON, Tex., Aug. 10. (AP)—Katherine Elkins, 8, was killed Thursday when she was struck by an automobile in front of the home of her parents, Mr. and Mrs. J. S. Elkins.

### Don't laugh at this woman

because she paid 50 cents for only a half-pint can of liquid insect-killer.

She didn't know she could get a half-pint of Black Flag—the deadliest insect-killer made—for only 25 cents. Black Flag comes in two forms—Liquid and Powder. Both are sure death to flies, mosquitoes, roaches, ants, bed-bugs, fleas, etc. Powder, 15 cents and up. (Money back if not satisfied.)

# CALIFORNIANS WIN IN BLUE RIBBON OLYMPIC ROWING EVENT

## ENGLISH CREW IS BEATEN FOR WORLD HONORS

### U. S. ALSO WINS DOUBLE SCULLING RACE FROM CANADA IN FINALS

(By Associated Press)  
SLOOTEN, Holland, Aug. 10.—The University of California eight-oared crew won the blue ribbon event of the Olympic rowing regatta for the United States today, defeating the English eight in the final for the world championship.

California's time was six minutes, 33.44 seconds. The Golden Bears' margin of victory over the experienced Thames Rowing Club crew from London was three quarters of a length.

California took the lead early in the race and held it all the way.

At 250 meters the crews were level with both eights hitting a high beat. At 500 the Californians were a quarter of a length ahead and the margin was slightly more than that at 1,000 meters, the half-way point. At 1,500, the Golden Bears led by one length and the furious British stretch could get back only a quarter-length of this.

The crack Philadelphia double sculling pair came through with their impressive victory just when American hopes were falling, their single sculling representative, Ken Myers having been beaten by five lengths by the Australian, Bob Pearce.

The double sculling triumph clinched the regatta for the United States on points regardless of the outcome of the remaining event.

Brings Gleason climax of the most remarkable rowing campaigns any crew ever waged as it meant the completion of California's season without a single defeat although opposed by the greatest aggregations of America and England.

It left them supreme and unquestioned as the rowing champions of the world in their class, and kept the Yankee string of eight-oared victories in the Olympics unbroken.

The Naval Academy crew won for Uncle Sam in 1920 at Antwerp and Yale at Paris in 1924 but neither more impressive than California did today.

California's time of 6:32.15 for the 2,000 meters was faster than that of the previous American eight-oared standard team made in winning their race, although not quite so fast as the 6:02 made by California two days ago in a semi-final race against the Canadians.

Bob Pearce, Australian rower, won the singles sculls Olympic championship today defeating Kenneth Myers, of Philadelphia.

Italy won the first of the seven Olympic rowing championships today defeating Switzerland by seven lengths in the four-oared shells with coxswain while Germany took the second championship in the four-oared shells without coxswain defeating Great Britain.

The Italian victory aroused tremendous enthusiasm. The blue shirted crew gave the fascist salute from their shell and then paddled to the judges' landing platform with their arms so extended in salute.

Australian Exhauished  
The Australian star won five lengths, appearing more exhausted as the finish than Myers, but quick to recover.

The times for the single sculling championship race were 7 minutes, 21 seconds for Myers, for Pearce and 7:20 4-5 for Myers.

The American four without coxswain from the Penn Barge club, Philadelphia, was beaten by the British quartet from Cambridge University.

Britain won by half a length in the four without coxswain championship final being timed at 6 minutes, 35 seconds to the Americans 6:37.

The American double scullers won the Olympic championship, beating the Canadians by a margin of six lengths. The American coxswain in this class were the veteran Paul Costello and Charles McIlwaine, Penn A. C., Philadelphia.

The Trinity college, Cambridge boys clung to their advantage in a thrilling stretch drive despite the supreme efforts of the Americans, who, exhausted, keeled over in their shell at the finish. The British likewise were about rowed out but appeared slightly the fresher.

### Three Swimmers Placed in Finals

AMSTERDAM, Holland, Aug. 10.—The United States placed all three of her swimmers in the 100 meters free style finals today. Johnny Weissmuller, Chicago speedster and defending champion and George Meade, New York school boy, won their impressively while Walter Lanter of Chicago finished second to Takashi of Japan in his heat.

Weissmuller set a new Olympic record of 1:23.3 seconds in defeating Hungary. Although the American girls qualified for the 100 meters backstroke, their swimmer was much less impressive than the men's. Miss Lisa Lindpatrick, Miss Lillian second in the 100 meters of Holland, in a heat in which the Dutch girl beat the world record of 1:21 3-5 for the event.

Miss Georgia Coleman of the Los Angeles A. C. and Mrs. Betty Beckwith of Detroit qualified for the final in the high diving trials.

The blue ash is the first of this species to bloom, but unlike all others it has perfect flowers.

## BRANNON IS GETTING PRAISE NOW

OTIS BRANNON THE PART OF THE KRESS-BRANNON COMBINATION YOU HAVEN'T HEARD SO MUCH ABOUT...

HE LEADS THE BROWNS IN RUNS—WHICH IS MORE IMPORTANT THAN ... HEADLINES ...

Now it's my turn!

MAYBE BRANNON WILL GET A BIT MORE OF THE GLORY FROM NOW ON...

LAST SPRING in the southern training camp Dan Howley, manager of the St. Louis Browns, was asked where he was going in the American League pennant race.

He pointed out in the direction of second base and answered: "If those two kids out there come through were liable to be going some place."

The two youngsters around second did come through for him and Kress and Brannon came through so well that the Browns not only were one to the big surprise of the season but became one of the most promising future prospects in the league.

Because of his spectacular hitting, Kress has been given more notice than his partner at second base, but the ball players figure that Brannon is just as valuable and may develop into a bigger star than Kress.

Brannon will have the advantage in growing into a reputation while Kress is burdened with the mental hazard of forcing himself to keep up to his early fame.

Fourth new Olympic record made by American men's 800 meter relay team in qualifying for final.

Walter Colbath, Pete Les Jardines and Michael Galitzen, United States, qualified for high diving final.

American water polo team lost to France, 2 and 1, in third place competition.

Danish yacht club won six meter championship with Norway second and Estonia third. Frieda, American entry, fifth. France won in eight meter yachting. Holland second and Sweden third.

Charles McLoane and Paul Costello, United States, defeated Lester and Billy Johnson in semi-finals for double sculls, making fourth American crew to reach finals.

Swiss four without coxswain entered finals by beating Poland. Hungary won team championship in sabre fencing with Italy second and Poland third.

American team did reach finals. Three American boxers reached semi-finals. John Daly, bantamweight, defeated Zele, Hungary; Harry Decina, featherweight, defeated Vakeva, Finland, and Stephen Holanko, lightweight, defeated Buonfiglio, Argentina.

Harry Henderson, American middleweight, beaten by Hermansk, Czechoslovakia, and Alex Kalechitz, heavyweight, knocked out in first round by Sersdal of Norway in other quarter final bouts.

Mann Is Suspended By Steer Manager  
DALLAS, Aug. 10. (AP)—Shortstop Johnny Mann of the Dallas baseball club last night was suspended indefinitely and fined \$50 by Manager Bob Tarleton for alleged insubordination and violation of training rules. The manager said that this was a second offense.

Tarrant Man Wanted For Forgery Is Held  
SAN ANGELO, Aug. 10. (AP)—Lee Joyce wanted on a grand jury indictment charging forgery in Tarrant county has been arrested at Rankin and Fort Worth officers said they would claim him tonight.

Joyce was a candidate in a sheriff's race in Tarrant county four years ago.

## LEADERS WHIP ABILENE ACES IN LONG GAME

RAIN HALTS CLASHES OF OTHER TEAMS IN WEST TEXAS LOOP

(Special To The Journal)  
ABILENE, Aug. 10.—The San Angelo Snappers won their twelfth straight game in the West Texas League pennant campaign, defeating the Abilene Aces 9 to 7, scoring two runs in the eleventh frame to cap the victory.

Lubbock and Midland were rained out and the Coleman-Big Spring game, too, was postponed on account of rain. Double bills will be played today between Lubbock and Midland and Coleman and Big Spring.

## Cornerstone Laid By Cumberlandians Here

Celebrating the laying of the cornerstone for the new church at the corner of 10th and O the 30th annual homecoming of the Cumberland Presbyterian church was held yesterday in connection with the dedication services. Out of town people from Floydada, Okla., Rainald and other nearby towns were present.

M. H. Dunean, superintendent of the Lubbock schools, made the principal address of the day, speaking on "The Church's Place in the Community." Rev. S. H. Erwin, pastor of the Church at the Nazarene, and Rev. Jack M. Lewis, pastor of the First Presbyterian church, also took part in the services. A basket lunch was served to the group at noon.

Did You Know That—  
Joe Eckhart, partner of Van, is a celebrated shortstop player. He won 14 grand slams when Delaney smacked Berenbach. They call the betting shed at a race Ohio track the "Contribution" because the odds are even after noon. Among the many who did not see the Turner-Henny thing was the governor of New York. ## VET COMES TO AID OF YANKS IN HARD GRIND

HEIMACH BEATS RED SOX BUT ATHLETICS ALSO WIN GAME

(By Associated Press)  
NEW YORK, Aug. 10.—Tex Rickard's first move to clarify the heavyweight situation, hopelessly muddled by Gene Tunney's retirement, has met with failure.

Tex attempted to put through a match yesterday between Jack Sharkey and Johnny Risko. Negotiations fell through with a dull thud when Sharkey, through his board of managers, demanded a \$50,000 guarantee for his end. Rickard, a bit wary since the financial failure of the Tunney-Henney match, declined to talk in any financial terms but those having to do with a percentage of the "gate."

Sharkey and Risko then went to talk it over with the good signor, Humbert Pugazy and it was reported that Sharkey had agreed to meet Risko for the \$50,000 he couldn't get out of Tex. However the catch in this was that Risko and his manager were considering Pugazy's guarantee to them.

Started With Athletics  
Heimach came to the big league with the Athletics in 1920. The only winning season he had in the big show was in 1924 when he secured 14 victories against 12 defeats with a fifth place club. In 1926 he again started the season with the A's but had traveled to Boston before the season was over. The following year found him at St. Paul. He turned in a brilliant record in the association.

Despite this victory the Yanks gained no ground on the Athletics, bowled over Washington, 5 to 3 behind Elmke's three-hit pitching. Simmons' twelfth homer of the year came in the sixth with the bases loaded.

Only one game was played in the National League but that one saw St. Louis lose a little more of their advantage over New York. The Cardinals found the revitalized Pittsburgh Pirates a bit too much for them in their last game of the season, 5 to 4. The Giants, although idle, moved up to within four games of McKechnie's league leaders.

It was the Corsairs' eighth straight victory and their 24th in their last 31 games.

Riley's double in the eighth beat the Reds, 3 to 2. He pushed across the winning run and a fast double play later cut off a Houston threat.

While the crashing of his team mates bats resounded through the corner of 10th and O the 30th annual homecoming of the Cumberland Presbyterian church was held yesterday in connection with the dedication services. Out of town people from Floydada, Okla., Rainald and other nearby towns were present.

M. H. Dunean, superintendent of the Lubbock schools, made the principal address of the day, speaking on "The Church's Place in the Community." Rev. S. H. Erwin, pastor of the Church at the Nazarene, and Rev. Jack M. Lewis, pastor of the First Presbyterian church, also took part in the services. A basket lunch was served to the group at noon.

## MANY UNLICENSED DOGS ARE KILLED IN CITY'S DRIVE

If you think very much of your little Fido, Nero, Rover or whatever you call him, you'd better buy much for them before you let them roam the back streets. If you don't he's likely to join the 300 other members of the Lubbock dog family now enjoying the unknown pleasures of canine heaven.

That's the number of dogs which have fallen victims to the treatment of the city dog catcher, the city records revealed today. Fifty nine dogs were killed by the catcher last month, the report handed in yesterday afternoon showed.

If you lose your dog, you'd better visit the McDonald meat barn in making your search or else he'll be joining the others within three days after he is caught.

Dogs with license tags are not killed but the owners notified. Dogs of good blood are kept in kennels until granted privileges until their owners can be located, it was said.

## Cornerstone Laid By Cumberlandians Here

Celebrating the laying of the cornerstone for the new church at the corner of 10th and O the 30th annual homecoming of the Cumberland Presbyterian church was held yesterday in connection with the dedication services. Out of town people from Floydada, Okla., Rainald and other nearby towns were present.

M. H. Dunean, superintendent of the Lubbock schools, made the principal address of the day, speaking on "The Church's Place in the Community." Rev. S. H. Erwin, pastor of the Church at the Nazarene, and Rev. Jack M. Lewis, pastor of the First Presbyterian church, also took part in the services. A basket lunch was served to the group at noon.

Did You Know That—  
Joe Eckhart, partner of Van, is a celebrated shortstop player. He won 14 grand slams when Delaney smacked Berenbach. They call the betting shed at a race Ohio track the "Contribution" because the odds are even after noon. Among the many who did not see the Turner-Henny thing was the governor of New York. He never has been to a prize fight. And what Jimmy Walker passed up in New York boxing last he told him: "That's your little bug. If it bites you will have to take the bite." Wally Hoyt's father used to be a minstrel. Mickey Walker says every fighter in the Walker is going to be a champion. But it wouldn't get into the ring. But it takes a real game guy to get out. Jack Kearns bet \$20,000 to \$15,000 that there wouldn't be a knockout in that thing. And he didn't argue about the technical E. O. decision. William Muldoon says there is no such a thing as a technical knockout and that the

WIN OF GARNER CONTESTED BY DEFEATED MAN

SYSTEM OF PEONAGE IN VOTING CHARGED IN RIO GRANDE

(By Associated Press) UVALDE, Tex., Aug. 10.—Asserting he would expose a system of political peonage which has allegedly existed on the Mexican border for years, Sid Hardin of Mission defeated candidate for congress in the recent primary, filed an election contest here today which seeks to upset the nomination of Congressman John N. Garner. Garner is being counted for democratic floor leader in the next congress, and would be an outstanding candidate for speaker of the house should the democratic party control congress. Names Political Leaders Hardin's brief names a number of political leaders in several counties in the Mexican border tier and charges that constitute a "ring," which "controls, dominates and directs the voting power and billocks of thousands of Mexican citizens." Garner, commenting on the suit, declared he had no reason to doubt that the election returns are correct and charged that the suit was filed by incensed interests because of his stand on the inheritance tax. Hardin's brief named as leaders of the ring which he alleges deflected him illegally state Senator Arthur Parr of Benavides, A. Y. Baker, C. E. Hill, L. E. Unger and W. L. Lipscomb of Edinburg; Horace A. Guerra of Rio Grande City and A. M. Brunl of Laredo. This election results in Duval Starr, Zeasler, Webb, Hicks and Chismore counties were attacked. Garner Not Charged Sid Garner is not charged with being a party to these alleged irregularities. Commenting on the action tonight, Hardin pointed out that in Duval Starr, Zeasler and Webb counties the returns showed 1153 votes for Garner and 60 votes for Hardin; that the figures in Starr county were 902 to 1 in Zeasler 267 to 3 and in Webb 107 to 58. Garner charged that Hardin's candidacy was backed by moneyed interests in the north and east and named specifically the American Tax Payers league, asserting that that organization, and others, was backing the action.

Dog Racing Halted At Missouri City

(By Associated Press) HOUSTON, Aug. 10 (AP)—Hounds have done their last racing at the Missouri City track and fair association in Fort Bend county. Operators of the track decided last night, after a day of conflict with track attorneys, assistant Attorney General Galloway, Dallas and District Attorney R. Basset to abandon racing. This announcement came 2:30 P. M. C. had arranged for issuance of a writ today on two actions resulting from dog racing. One was whether donations placed for the dogs violated an injunction issued by District Judge M. S. Johnson before the races opened restraining violations of a state gambling statute. The other was a habeas corpus for L. O. Bower, manager, who was arrested on opening night and freed under a \$500 bond. The dog race track is less than 100 feet from Loma Linda, famed night club, which was closed by the attorney general's department this summer.

Eruption's Toll

(By Associated Press) HATAVIA, Java—Three more villages on the coast of Flores Island have been devastated as a result of eruption of Orkatinda volcano which yesterday was reported to have caused deaths of 1,800 persons on Paloweh Island. The villages were swept by a tidal wave following a series of submarine earthquakes. Ten persons were killed and a number injured. Five native vessels were driven ashore but the crews were saved. The volcano was belching smoke today. Not three, such as oaks, beeches, hickories and butternuts bear, born on the same tree, pendant staminate flowers and small inconspicuous nut-producing flowers.

New Mask Is Like Fins To Man

A new type of oxygen mask developed by the Los Angeles fire department is impervious to water as well as smoke. Fireman William Adams is shown here with the mask. He found it possible to breathe while submerged for a long period.

JUGOSLAVIA IS ORDERLY AFTER RADITCH DEATH

(By Associated Press) BELGRADE, Aug. 10 (AP)—The death of Stefan Raditch, former Yugoslav premier, would precipitate immediate troubles in Yugoslavia if he had signally failed of realization. Peace and order has prevailed in the capital since the death of the former premier. The condition will continue at least until after the funeral services on Tuesday at Zagreb, ancient capital of Croatia.

Britain And China Sign Nanking Truce

(By Associated Press) NANKING, Aug. 10 (AP)—An Anglo-Chinese agreement for settlement of the so-called Nanking incident was signed last night by C. T. Wang, national foreign minister, Sir Sidney Barton, British consul general at Shanghai, and General Havelock of Nanking. Simultaneously, another agreement was signed whereby Great Britain pledged herself to enter into negotiations with China upon the subject of treaty revisions.

CHANGES IN DRY LAWS ARE URGED BY THIRD PARTY

(By Associated Press) ROCKVILLE CENTRE, N. Y., Aug. 10.—William F. Varney, prohibition candidate for the presidency, has put the party on record as favoring some changes in the dry laws to make the Eighteenth Amendment "more effective." "The Eighteenth Amendment must be maintained, upheld and enforced," he said last night in formally accepting the nomination. "The Volstead Act passed by Congress was but the beginning of law-abiding to the enforcement of the Eighteenth Amendment, and it has been demonstrated that some changes are necessary to make it more effective." The last two republican administrations at Washington have supported the Eighteenth Amendment, he charged. The republican party's 1928 enforcement plan is no stronger than its plan in 1924, and the democratic candidate for the presidency, offers no hope for any improvement along enforcement lines, he said.

Grand Jury Called To Probe Stabbing

(By Associated Press) WICHITA FALLS, Aug. 10 (AP)—The grand jury was recalled today by Judge W. W. Cook of 75th district court to investigate the fatal stabbing of Oscar Daubert by 42-year-old I. E. Shook, former Electrica chief, was arrested several hours after the stabbing. Sheriff W. G. Preble found Shook at his home in Electrica. He said Shook defied him for several hours before surrendering.

Police Probe Two Death From Blast

(By Associated Press) BROWNWOOD, Aug. 10 (AP)—Police today are investigating the deaths of Mrs. Lewis R. Brittain, 33, and her son by a former marriage, Dean, 15, fatally burned last midnight when their home here was destroyed by fire. The woman's husband, an oil well driller, was working in Lockhart when the tragedy occurred.

PLAN OF SWEDEN ON LIQUOR LAWS HELD EXCELLENT

(By Associated Press) WILLIAMSON, Mass., Aug. 10.—The United States has a good example to follow in Sweden in the matter of liquor control and real temperance, Norman Hapgood, editor, writer and biographer of Governor Smith, told a general conference of the institute of politics today. "Sweden never undertakes to enforce the ideas of a mere majority," Mr. Hapgood said. "Referendums are merely advisory and if 65 percent of the Swedish people voted for absolute prohibition tomorrow the legislature would refuse to act on the ground that the percentage was too low to make enforcement possible." On the other hand, passage of the Eighteenth Amendment was described as "an example of the majority's misuse of its power by attempting an impossible control of the minority."

Termed Political Crime

"This attempt is made a far more serious crime, if it might almost be called a political crime, when the temporary majority puts its views into an instrument almost as hard to change back again as were the laws of the Medes and the Persians," Mr. Hapgood continued. "Practically we have thrown away the essence of free government, which is to keep laws in touch with changing opinion." The way out of the difficulty, he believed, was for the federal government to confine its enforcement and leave to the states either to carry out or to undo, the rest.

REQUIEM HIGH MASS IS HELD FOR BRENNAN

HIGH AND LOW ALIKE JOIN IN PARTING TRIBUTE TO HIM

(By Associated Press) CHICAGO, Aug. 10.—The solemn ritual of the Catholic church—requiem high mass for the dead—sent its somber echoes through Our Lady of Mount Carmel church today as high and low alike joined in a parting tribute to George E. Brennan, dead democratic leader of Illinois. Governor Alfred E. Smith of New York, staunch friend of the Illinois national committeeman, was among the mourners who bowed their heads in reverent silence while the last rites were said. Private services at the home preceded the public mass at the church. There was a few moments wait-

at the Parish house while the body of Mr. Brennan was removed from home to the church. The Governor took this opportunity to chat informally with a while with democratic leaders of the city and state who had formed his reception committee. Pressed for time inasmuch as he planned to return to New York at 1:40, Governor Smith did not join the funeral procession to the cemetery. The services at the church lasted until about 12:30 p. m., and the Governor returned directly to the New York Central station where his private car was waiting.

BAN ANGELO—James H. Meek jr., independent oil operator, today said for \$100,000 an 80 acre lease which he purchased a short time ago to accommodate a friend. The lease was bought by the Taylor-Lin Oil company of San Angelo. Meek acquired the land when he and a friend, with buying orders from a major company, were on a purchase expedition in Howard county. Believing that the 80 acre lease would be acceptable they bought it. The company, however, refused to take it, and Meek was forced to keep it himself. The lease is an offset to the acreage on which the Henshaw Oil corporation last week brought in its Settles-No. 1, discovery well.

DUPONT GIVEN LEAVE TO OPEN PRO LAW FIGHT

RESIGNATION REFUSED BY DIRECTORS OF GENERAL MOTORS

(By Associated Press) NEW YORK, Aug. 10.—Pierre S. Dupont, chairman of the board of General Motors corporation has been granted a leave of absence to fight the prohibition law.

Alfred P. Sloan, Jr., president of General Motors, said the board had rejected Mr. Dupont's resignation which he had proffered because he did not wish his activities as vice president and director of the association against the prohibition amendment to embarrass the corporation.

The board felt the position of the corporation, having been stated, was understood and that all should appreciate that Mr. Dupont's activities in connection with that association's work are entirely those of an individual and did not concern the corporation, Mr. Sloan said in his announcement.

His resignation was therefore not accepted and Mr. Dupont was accorded a leave of absence instead.

Following Raskob's action The granting of the leave of absence to Mr. Dupont follows the resignation of John J. Raskob, chairman of the democratic national committee, from the chairmanship of the finance committee and as a member of the executive committee.

Mr. Raskob and Mr. Dupont have been associated for years in the F. I. Dupont De Nemours and company, Inc., powder company and are two of the largest holders of General Motors stock.

Mr. Dupont is an Episcopalian, a republican and a cousin of T. Coleman Dupont, republican senator from Delaware. He and Mr. Raskob have both been closely identified with the association against the prohibition amendment since its inception and are among the most prominent of those advocating modification of the prohibition laws.

Action Of Board Is Accepted Today

WILMINGTON, Del., Aug. 10 (AP). Pierre S. Du Pont, whose resignation as chairman of the board and member of the finance and executive committees of General Motors was considered yesterday, today issued a statement accepting the decision of the board.

This was that the withdrawal from the official positions be made temporary and in the form of a leave of absence.

Mr. Du Pont's statement follows: "It is true that some days ago I presented my resignation of the position of chairman of the board and member of the finance and executive committees of General Motors corporation. The board has requested that my withdrawal be temporary and in the form of leave of absence. I have taken much interest in the broad subject of the propriety and validity of the kind of legislation involved in the 18th amendment to the constitution of the United States and in the enforcement law (the Volstead act).

This question is strictly political and though I am a member of the party, my political views may become a party issue of as great importance and contention as has ever arisen.

Strong Opinions Held The alignment may not be that of the existing parties but until a settlement is reached, opposing opinions will continue to be held.

In order to avoid embarrassment to the General Motors corporation and its officers and in order to adhere strictly to the rule that no corporation shall not become involved in political affairs, it has seemed proper to refer to the board an opportunity of discussing my relations to the association against the prohibition amendment. The decision reached is entirely satisfactory to me and is now in force.

Other Opinions Held The alignment may not be that of the existing parties but until a settlement is reached, opposing opinions will continue to be held.

The decision reached is entirely satisfactory to me and is now in force.

Other Opinions Held The alignment may not be that of the existing parties but until a settlement is reached, opposing opinions will continue to be held.

In order to avoid embarrassment to the General Motors corporation and its officers and in order to adhere strictly to the rule that no corporation shall not become involved in political affairs, it has seemed proper to refer to the board an opportunity of discussing my relations to the association against the prohibition amendment. The decision reached is entirely satisfactory to me and is now in force.

BOARD PROBES BIG SHORTAGE FROM COMPANY

\$3,500,000 MISSING IN ASSETS UNEXPLAINED BY FIRM'S HEAD

(By Associated Press) ST. LOUIS, Aug. 10.—Absence of \$3,500,000 from assets of the International Life Insurance company unexplained by its president, Roy C. Tombs, Chicago, occupied attention of eight insurance examiners here today.

The meeting of the commission was another step in the investigation of the company for which Tombs was asked yesterday by two of its stockholders, Massey Wilson St. Louis, founder of the company, and C. F. Long of Tupelo, Miss., in their petition, the two stockholders asked the federal court to restrain Tombs from disposing of any stock of the International Life to order the restoration of the missing securities, and to prevent reorganization or reincorporation of the company until a thorough examination is made.

Unable to Be at Hearing Today was the date set by the eight commissioners for Tombs to appear and produce the securities. His attorney, Walter K. Ghormley of Kansas City said, however, that Tombs was not able to be present, but would arrive in time for the meeting of the International Life stockholders Monday.

In Chicago last night Tombs again promised to issue a statement, according to an official of the Tombs and Daly company of Chicago, of which Tombs is head. The official said Tombs expected to receive the report of the bank examiners today, and after time for analysis of the situation, will make a public statement.

Meanwhile, at the order of Governor Sam A. Baker of Missouri investigation of the company proceeded today under the direction of Robert E. Daly, attorney and acting commissioner of the state insurance department.

In the receivership suit brought yesterday, Tombs is charged with illegally disposing of 12,000 shares of the International Life to the Missouri State Life Insurance company in a plan to transfer the business and assets of his company to the Missouri State for one third its value.

Denies Owning Stock Hillman Taylor, president of the Missouri State said the Missouri State has never owned any stock in the International Life.

Tombs, 41 years old, former telegraph operator who left the Kansas prairie 13 years ago to seek his fortune in the Chicago money market, obtained control of the International Life last September by paying \$2,500,000 which, he made known he obtained in the east.

The present investigation is said to have disclosed that shortly after assuming control he withdrew \$450,000 in cash and that within three months had obtained \$2,500,000 and

ASSAULT CASE

(Continued From Page One)

automobile and took her down the road to a sand bar, there to attack and mistreat her.

Identical Testimony The prosecuting staff followed testimony identical with those by which it obtained the death penalty for Hanzard. In examination of witnesses which began yesterday testimony was introduced to prove that Hanzard and the two defendants were seen together the night of the alleged attack both before and after it was said to have occurred.

The last witness heard yesterday was E. L. Bankhead, father of the girl. During his testimony members of the jury wiped tears from their eyes as he told of Hanzard coming for his daughter and how he and his wife later became uneasy and started a search for her.

Mother On Stand Mrs. Bankhead took the stand at the opening of the trial today and substantiated her husband's testimony. She wept softly as she told of her daughter being put out of an automobile in front of their home. She declared she heard occupants of the car threaten the girl.

Her testimony established that Holland and Pierce were with Hanzard when they returned with Miss Bankhead.

Dr. J. E. Speltz of De Leon then testified as to Miss Bankhead's condition after the alleged attack. He declared that she had been attacked and roughly treated.

Three Youths Held In Golf Ball Theft

Charges of delinquency were filed against three Lubbock youths, Thursday, and a fourth boy was dismissed pending further investigation.

The boys, according to officers, were doing a wholesale business in golf balls. Several dozen balls, alleged to have been stolen, were found in their possession or in the hands of their "customers" who had purchased them at greatly reduced prices. The theft occurred Tuesday night.

Upon being questioned by county officials yesterday, the boys were inclined to shift the blame from one to the other so that it was impossible to properly place the blame. Officers feel that at least three of the boys are guilty, and in all probability the fourth.

Many "Jags" Shown On Municipal File

When the old "blotter" at the police station was moved Thursday it carried with it tales of many a "week-end" jag. More than 1,200 jags were registered in the book and some of them were collected from popular Lubbock citizens.

The book shows that in most instances piles of pulley were made and fines ranged from \$1. to \$100.

Fines during the past year averaged almost four a day, though some of them were for traffic violations.

FLORIDA STORM

(Continued from page 1)

torrential rains which accompanied the tropical hurricane. Although reports of the exact whereabouts were said to have been up all night watching the weather to discuss the situation over the long distance telephone, J. C. Jamison, steam operator of the plant told the Associated Press, that "it is looking pretty bad."

Another Storm Feared Meanwhile the state eyed the progress of another tropical disturbance last night over an area just south of the waters between Haiti and Cuba, 500 to 600 miles southeast of Florida and heading west-northwest. While its course was problematical, the general direction of the hurricane, which was said by the Washington weather bureau to be gaining in intensity, appeared to point in the general direction of Cuba, rather than the Bahamas.

Flying Boat Lost On Bahama Trip

MIAMI, Fla., Aug. 10 (AP)—The flying boat, Nassau flying boat piloted by Bob Holland and believed to have been on a passenger service to the Bahamas, was reported lost today, a victim of the tropical storm.

The seaplane left Nassau Wednesday for Miami via the northern tip of Andros Island, according to a radio message from F. R. Rae and company, Nassau, agents, who asked that a commercial flying service at

direction of the Bahamas and the lower end of the state. Either it must head out toward the Atlantic within the next 48 hours if its progress or die out, if the state escapes its fury.

Other Storm Disregarded As for the storm of Tuesday it was reported early today at Mobile, to have dissipated itself in the Gulf of Mexico, although somewhat heavy winds were blowing in toward the gulf states.

The national Red Cross and local relief agencies already had taken a hand in the survey of conditions left by the hurricane when H. C. Field, residing just west of Jupiter on the east coast reported distressing conditions in the sparsely settled rich farming country east of Lake Okechobee. His information, however, concentrated attention on the area, and immediately food and relief material was dispatched. Last night 100 persons whose homes had been flooded and who were cut off from the nearest city had been fed.

All bridges and roads leading into the town were washed out and Taylor's creek, running through the town, was more than a mile wide, where it usually ran 15 feet in width. The Kissimmee river continued to rise slowly, as did other tributaries in the northern end of the lake, and all came on the watch were reported bankful and rising slowly.

Telephone and telegraph lines throughout the storm belt were still far from normal today, despite feverish work of scores of crews sent out to repair them. Railroad traffic was in better condition, although they line between West Palm Beach and Tampa on the seaboard had sixty-five washouts and varying

FLORIDA MENACED BY HIGH WATERS

JACKSONVILLE, Fla. Aug. 10 (AP)—High water accumulating in the wake of a 48 hour hurricane and heavy rain harassed Florida today just as the state began to emerge from partial temporary paralysis occasioned by fury of the winds.

The north end of Lake Okechobee in southeastern part of the state, apparently was the most seriously affected area and the object of Red Cross attention. One hundred persons in the sparsely settled area west of Jupiter on the east coast, were receiving their first meals in nearly two days from Red Cross trucks sent in from West Palm Beach.

Power Dam Menaced Across the state the huge power dam at Inglis, one of the largest in the state, was threatened by high water. The dam is on the western fringe of the storm area, 100 miles north of St. Petersburg. While communication lines to Inglis had been rendered useless by flood waters of the Withlacoochee river, engineers learned indirectly that an effort would be made to reinforce the dam with sacked concrete.

Meanwhile Florida cast an apprehensive eye out over the Atlantic toward Haiti, whence came last Tuesday's storm and where another tropical disturbance of cyclonic force was "accumulating intensity."

While the phenomenon was beginning to look dangerously like one that raked the state two days this week its course was problematical, although it was headed in the

direction of the Bahamas and the lower end of the state. Either it must head out toward the Atlantic within the next 48 hours if its progress or die out, if the state escapes its fury.

Other Storm Disregarded As for the storm of Tuesday it was reported early today at Mobile, to have dissipated itself in the Gulf of Mexico, although somewhat heavy winds were blowing in toward the gulf states.

COTTON REPORT

(Continued from page 1)

67.8 of normal on August 1 with an indicated yield of 14.77 tons per acre. Both of these reports showing a 10 percent discrepancy in the estimated condition were published and passed out by the crop reporting board.

Jardine Is Happier No wonder the public has lost confidence in the department of agriculture at Washington in its handling of the cotton crop situation especially since Secretary Jardine not only refused to remove members of the bureau of agricul-

ture from the bureau of agriculture but also refused to remove members of the bureau of agriculture from the bureau of agriculture.

As for damage, no accurate check was available today, as citrus growers began to survey their losses and householders ordered necessary material for repairs to roofs and windows. Some estimates of damage to the rich central Florida citrus crop ranged around the 25 percent mark, and others would indicate damage would be negligible. On the east coast the citrus damage was somewhat higher. From Tampa came the report that trees were stripped in exposed areas, but from cities on the northern fringe of the storm zone some word that citrus losses were "greatly exaggerated" in first dispatches.

It was evident however, that the greatest single damage item would be the citrus crop, with power, telegraph and telephone companies next in line.

MILK TESTING LABORATORIES ORDERED HERE

Authorizing the establishment of a milk testing laboratory and passing an ordinance prohibiting the keeping of more than one cow and two horses in the city limits, members of the city commission took two important steps toward bettering health conditions in the city in their regular meeting yesterday afternoon.

Laboratory Opens Soon The milk testing laboratory will be established as soon as the equipment can arrive and be installed here. Seven hundred and fifty dollars are to be spent in fitting up the laboratory. Dr. Y. J. Aiken, city veterinarian, will be in charge of the laboratory.

Thought For Today

For the children of this world are
in their generation wiser than the
children of light.—Luke 16:8

When a man seems to be wise, it
is merely that his follies are pro-
portional to his age and fortune.—
Rochefoucauld.

Chemist Is King

It has long been obvious that the
modern chemist is the man who
wins the destinies of nations.
But the fact has never been pre-
sented quite so forcibly as in a re-
cent address by Prof. O. R. Sweeney
of Iowa State college, before the
American Chemical Society in
Chicago.

The lowly corn stalk, said Pro-
fessor Sweeney, can replace both
coal and oil in our industrial sys-
tem. Gasoline can be made from
it, paper, rayon, wall board, fire-
proof life, synthetic lumber and
insulating materials are a few of
the other by-products. Corn stalks
are full of cellulose, from which 3,000
commercial products can be made.
Practically all the synthetic prod-
ucts now made from coal, tar and
other distillates of coal—and their
name is legion—can be made from
corn waste.

Revenge

A New Jersey aviator had it in
for truck drivers who delivered sup-
plies at his airport. Their trucks,
lurching through the mud holes,
slashed him with mud and water,
soiling his clothes and spattering
his airplane. He determined to get
even.

So one day he went aloft and
waited until he saw a string of
trucks approaching the airport.
Then he swooped down and drove
for the trucks. The drivers saw him
descending on them and leaped,
baker skelter, for safety, ditching
their cars. Then he sailed away,
laughing and they swore and per-
mained getting their trucks out of
the ditch.

Our Roads Lead

Fifteen years ago the roads of Eu-
rope were vastly superior to the
roads of America. Now the situa-
tion is reversed, according to a
speaker before the recent conven-
tion of the Society of Automotive
Engineers at Quebec.

European roads were, in many
cases, built by the war. The finan-
cial difficulties in the various
countries have prevented the
proper maintenance and repair of
the highways.

In this country, on the other hand
tremendous strides have been made.
The growing popularity of the au-
tomobile made good roads impera-
tive. Fifteen years ago a man
could drive 500 miles without travel-
ing a tenth of that distance on
pavement. Now, in most parts of
the country, the reverse is true.

Money spent on highways is
money well spent. This country
has learned that lesson at last.

A New England cooking expert
praises the swordfish as a delicious
food. The news probably will be
hailed with delight by veteran sword
swallowers.

THE PLAINSMAN

Says:

That Girl on Broadway says
many a man wastes \$5 worth of
time gazing at a 50 cent pair of
garters.

Manager Clinton Lindsey of
the palace theater, announces
that Lubbock will have Sunday
afternoon movie programs at
the regular prices. Several times
in the past "free movies" have
been shown here on Sunday
but Mr. Lindsey's announce-
ment is the first one to call at-
tention to a Sunday program
under usual prices. Any abrupt
departure from any set custom
is important enough to attract
consideration. The Sunday
movie proposition is no differ-
ent from the average.

There will be some criticism of-
fered in the matter. Of that there
is no doubt and whether or not
the criticism is just, The Plainsman
will not attempt to decide in this
column. At the same time, a certain
amount of praise will be vol-
eered from quarters the situation is
seen in a different light. The individual
as far as this writer is concerned,
may take his choice in the matter
without comment.

The Plainsman has just this much
to say about Sunday picture shows:
There is a law in the state of
Texas—antiquated and musty as it
is—which governs various forms
of entertainment that may or may
not be presented on Sunday. It
happens that shows are included by
that law, which, by the way, prohib-
its them. But—and here's the Ethiop-
ian in the lumber yard—the law is
not enforced in many places in
Texas and no effort, seemingly, is
being made to enforce it. The public,
generally, seems to be of the opinion
that the law is a bad one and should
not be enforced. This is particularly
true in the larger cities of the state
where picture shows, and all other
forms of amusement are being of-
fered a work-wear public on Sun-
day.

The law should be enforced—or
else torn from the statute
books. The people should have
an opportunity to decide which
of the two alternatives are to be
followed, then constituted au-
thorities should carry out the
will of the majority. The situa-
tion, as it now stands, is intoler-
able because it makes for open,
unopposed violation of a law of
the state. For that reason some-
thing should be done about the
law. It should either be a law,
in the fullest extent of the
word, or else it should not be
called a law and then disre-
garded.

Personally, The Plainsman be-
lieves that a picture show operator
has as much right to operate his
theater on Sunday as the city has
to operate its swimming pool.
The movie man has as much right
to open his doors on Sunday as
have any other business men. A
law which prohibits one citizen from
doing something but permits another
to do the same thing is not a good
law. That much is obvious.

Further than that if the law is
to be enforced in Lubbock it
should be enforced in Dallas,
Fort Worth, Houston and other
places where it most assuredly
is not enforced and has not
been enforced for many and
many a moon. In other words,
people in Lubbock who want to
see pictures on Sunday should
have as much right to see them
as the people of Dallas. On the
other hand, people in Dallas
who oppose Sunday picture
shows should have as much
votes in stopping them there as
those who feel the same way
about the question in Lubbock.

The whole question simmers down
to the matter of personal choice,
aside from the legal aspect, which
appears from a standpoint of the
people to be neither here nor there.

That man on Avenue Q says a
fellow never realizes how much fur-
niture he has until he tries to an-
swer the phone in the dark.

When a woman's hair grows dim-
mer.

That was burnished like the eye.
The only way to save its shimmer
And keep her lovers lit-to-dye.

We're all going to have to quit
telling Scotch jokes. The Scotch
are going to copyright 'em and then
charge for their use.

The presidential campaign has
not yet reached anywhere near its
fever heat but already the news
wires have begun carrying reports
of bleekened eyes and bleeding
noises, resulting, of course, from too
many seeing the same question in
entirely different ways.

It is disgraceful that men
cannot take their sides in po-
litical questions and, in so do-
ing, conduct themselves in the
manner of civilized grown-ups.
Punching noses and eyes isn't
the accepted method of getting
or changing votes and in all
frankness, is probably the least
successful of all methods. Lub-
bock county's partisans will do
well to take a lesson from Har-
ris county in this regard and
remember, at the same time,
that most of us are going to
have to live together long after

Merry-Go-Round

Government Ship Sale Recalls Pre-War Race To Build
The Best Ocean Liners, Rodney Dutcher Now Remembers

With Our
Contemporaries
BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Aug. 10.—Mem-
ories of the good old pre-war days
when England and Germany were
engaged in a war for biggest and
best trans-Atlantic liners are raised
by the approaching sale of the
United States and American mer-
chant lines by the Shipping Board.
Germany built most of the big-
gest and fastest liners—Leviathan,
Majestic, Berengaria and Homeric,
all British ships. Then came the
war and Britain and the United
States divided up the cream of the
Hamburg-American and North
German Lloyd shipping. Sooner
or later, we'll make a very modest
settlement with Germany for the
130 or more of her ships which we
saw in wartime.

Meanwhile the government is
asking for bids for the best of the
pre-war liners. Most importantly, the six
vessels of the United States Lines, of
which only the President Harding
and President Roosevelt, little
14,000-ton affairs, are not ex-Ger-
man.

The 60,000-ton Leviathan, biggest
ship afloat, used to be the Vater-
land. The George Washington,
23,500 tons, was so named by the
Germans for the American trade.
The 22,800-ton America was the
German America and the Repub-
lic, 18,000 tons, was the President
Grant of the Hamburg-American.

Also associated with the U. S.
Lines are the sister ships Mount
Vernon and Monticello, 19,000 tons,
now conditioned as transports and
lying idle since the war in the Pan-
ama Canal near Norfolk.

The Mount Vernon used to be
the Kronprinzessin Cecilie. She was
interdicted at Bar Harbor and brought
down to Boston, where the Ger-
mans attempted to blow her up.
Those were days of spies, intrigue
and dark movements. Other ships
of the U. S. Lines could tell how
rivets in boiler plates were weak-
ened, of bolts and nuts thrown into
machinery and of other acts of
sabotage.

The Monticello and Mount Ver-
non were built in 1905 and 1907,
during the days of keenest interna-
tional competition for speed on the
seas.

The American Merchant Lines,
which even black with the afore-
mentioned eight, sport the Ameri-
can Merchant, American Barker,
American Trader, American Ship-
per and American Farmer. They
were built to be troop transports
and now operate on a weekly
schedule, carrying passengers and
cargo between New York and Lon-
don. This line, in the hands of
managing operators, has never
missed a sailing since it began ser-
vice four years ago.

Under the law of 1920 reaffirmed
by the present Congress, which
prohibits the government from a
private ownership merchant marine
policy, the Shipping Board will sell
the two lines "when and where pos-
sible, with due regard for govern-
ment interests." The two lines
may be sold separately or together.
Bids will be opened October 1.

Among the four or five expected
bidders for the U. S. Lines are Wil-
liam F. Kenney of New York, Al
Smith's wealthy friend, who is re-
ported to have tied up with the
Wilder interests and Kermit Roose-
velt, who recently became associat-
ed with Vincent Astor. The U. S.
Winchester Co. will bid for the
American Merchant Lines, which it
is now operating for the board.

The sale will probably bring be-
tween \$20,000,000 and \$25,000,000,
according to one authority, who be-

In New
York
By
Gilbert Swan

NEW YORK, Aug. 6.—In the land
of the racketeer, it's an ill wind
that blows no new idea for getting
money without having to work
for it.

Everything from worthless Texas
oil stock to gold bricks has been
traded with varying degrees of success
at one time or another. Race track
swindles, badger games, marked
cards, loaded dice and bottle-film-
flammeries have come to light from
time to time.

But just now it is the "fake acci-
dent" racket that claims serious at-
tention. I am told that something
like \$3,500,000 were collected in this
past year for accidents that never
happened.

To play this involved game re-
quires almost as many factors as to
put over a big hoodler deal.

First you must have a "victim"
of the accident; then you need a
taxi driver, or a casual motorist,
shyster lawyers, accident insurance
adjusters, witnesses and so forth.
The "victim" takes out a fat insur-

ance policy. The various figures
then go into a "buddle" and arrange
the details of the accident. To
make the deal completely success-
ful an adjuster must be in on the
conspiracy.

The "victim" get hit. The shy-
ster lawyer is consulted. The driver
admits his blame. Witnesses are
ready to testify. The conspiring ac-
tivist finds the claim to be well
founded and advises certain
settlement. The settlement is made
and the money is split. A new "vic-
tim" is secured and the plot goes
steadily on.

The point, of course, is that even-
tually the public pays for it. For
the insurance losses thus sustained
are written against the operating
charges, met by the public in the
payment of rates. In a city the size
of New York, it is not difficult to
stage such a "racket" on a large
scale since a large number of bona
fide accidents are constantly occur-
ing.

At Reuben's, which is the "doo-
ry" place for most of the theater
and Broadway colony, there is a list
of something like a hundred sand-
wiches, each named after a so-called
"celebrity." There are sandwiches
named for comedians and sand-
wiches named for movie actresses
and sandwiches named for managers
and stars of the drama and the
musical shows.

The other night I overheard two
wags in the process of placing an
order.

One read over the long list of the
theatrical names and then beckoned
to the waiter.

"Is this all you've got to offer
here?" queried the wag.

"But, sir, there are dozens of se-

Two Injured When
Bus Strikes Auto
SNYDER, Aug. 10.—Judge High
Davis of Clairmont and Aly Gargle
county commissioner of Kent county
were injured near Dermott yester-
day when a large Lubbock
Sweetwater bus ran into their
private car which was on the right
side of the road, to miss a large
drove of cattle and horses. The
Davis car was turned over complet-
ly two times, and in addition to
severe bruises, Judge Davis had a
hole clear through his left hand.
The injured men were brought to
Snyder for medical treatment.

Moody Attendance
At Meeting Doubled
AUSTIN, Aug. 10.—If was not
known here today whether Govern-
or Moody will return to Austin in
time to attend the mass meeting of
democrats Saturday to organize a
campaign for support of the National
ticket.

Before leaving on a trip to New
Mexico and an outing in Southwest
Texas, Governor Moody said he ex-
pected to return the latter part of
this week.

Mrs. H. H. Sevier, national commit-
tee woman, announced earlier to-
day that women democrats will be
well represented, as evidenced by a
list of those who have accepted in-
vitations to attend.

"It's funny, I don't see anything
but hats." OILBERT SWAN

We Can't Take A Chance
... so we always use
nationally known
quality ingredients
We bake for hundreds of people every day,
and they are a hungry, particular lot to sat-
isfy. We can't afford to throw away poor
"batchers" of bread, and we can't run around
the corner to the grocery store or another
bakery, like a housewife can when her baking
goes wrong.
