Bula School Homecoming Saturday

Bula (Sp.)—This is the big week for Bula's Bulldogs, undefeated in two years of regular conference football play as they seek the championship of District 2 B Six-man football with their homecoming game against Pettit.

A big program has been planned by chairman Marion J. McDaniel and the sponsoring sophomore class.

The queen has already been selected but will not be announced until the halftime ceremonies of the big game.

Saturday is the big day. Registration will be held in the school auditorium plus a reception at 4 p.m. At 5:30 an open pit barbecue will be served for all Bula exes and friends.

At 7:30 the big game will get underway. The Muleshoe Band will be guest performers during the halftime ceremonies.

Candidates for the queenship were: Freshman, Kathy Phillips; sophomore, Beth Swinney; Junior Barbara Bogard and senior Mary Ann Harris.

The whole affair will be preceded Friday night, at 7 p.m., with a big bonfire on the campus as students attempt to instill a fighting spirit in the team that has been known for he past two years as the cream of the crop in District 2 B.

Gene Winder Recovering From Injuries

Gene Winder, for the past four weeks confined in the Cochran County Hospital with head and neck injuries, is reported much improved.

Winder suffered what doctors termed as a "delayed concussion" plus other injuries received when he was struck on the head by the barrel of a smoke stack.

He was repairing a fire box in an oil treater when the smoke stack fell about 20 feet, struck him on the head and knocked him backwards onto a truck where the back of his head struck a house jack. It was the second blow that caused the concussion. He also suffered a broken bone in his neck.

Taken to Lubbock for X-rays, doctors reported the delayed concussion but said he was improving.

"Radar Use Set For This Month," Highway Patrol

Get ready folks! The Texas State Highway Patrol has decided to take the big step necessary to control our huge traffic death problems.

In a letter to all newspaper this week, Homer Garrison, Jr., director and W. J. Elliott, chief of the Texas Highway Patrol announced that radar will be used during November to bring high speed drivers on Texas Highways under control.

The letter explained the situation in lengthy detail recognizing that "public understanding" is the big factor in the use of radar as a control. In other words, the Patrol wants the public to realize the problem and the Patrol's duty in solving that problem and the resulting reasons for using radar.

Speed is the common factor which determines the severity of most accidents, regardless of the other contributing factors. Texas is the 32nd state to use radar in an effort to curb accidents.

Alexander Says He Will Appeal RBA Conviction

Walter Alexander, convicted in District Court of robbery by assault, will appeal his case, he said last week.

Alexander, who used a court appointed lawyer to defend himself in the case, will have to secure the services of a lawyer for the appeal. When it would be filed was not immediately known.

Alexander was retained in the jail of Hockley County instead of being transported to the State prison, pending the appeal.

MORTON PARENTS

Sgt. and Mrs. E. G. Lindsey of Howell visited over the weekend with his parents Mr. and Mrs. W. Lindsey and her parents, Mr. and Mrs. L. G. Fred.

District VFW Meeting, Nov. 6-7; Breakfast, Memorial Here, Nov. 11

Post Commander Homer Thompson of Veterans of Foreign Wars Post 6074 of Morton has announced the district convention to be held at Lubbock, Nov. 6-7.

Commander Thompson, in seeking as much representation of the local group as possible, at the convention, said the Lubbock Post #468, located on 34th Street, would

Swanee of '55 Well Received

The crowd wasn't as large as it was enthusiastic, but approximately 500 persons who turned out Monday night to witness the Jaycee sponsored ENMU production, "Swanee of '55" felt they got more than their money's worth.

The audience had nothing but praise for the high type production directed by Robert Page and including more than 100 student voices and a 15-20 piece Collegian band.

The entire show was good, complete with all the backdrops, stage props, color lights, beautiful costumes, etc., that were used in Portales. One of the really fine things about it, was that such a show could be transported so far from a small college campus.

One of the most appreciative groups in the audience, was the members of the Morton and Sundown bands and choral groups.

A cousin of Mrs. Bill Crone also took part in the choral group, Miss Gail Blocker of Hobbs, N. M.

Dr. John Coats Associated With Woods - Armistead

Dr. John J. Coats, Optometrist, of Memphis, Tennessee, is now associated with Drs. Woods, Armistead, and Bark in their clinic at Littlefield, Texas. Dr. Coats is the son of Mr. and Mrs. H. V. Coats of Seagraves, Texas. He was born at Medicine Mound, Texas, and attended the Chisholm, Texas, public schools until his junior year. He then moved to Tulsa, Texas, where he was graduated in 1938.

Dr. Coats completed a business course at the Holmes School of Southland, Amarillo, Texas, and worked for the Santa Fe Railway at Clovis, New Mexico, until he was called into the service. He served as Staff Sgt. in the 51st Evacuation Hospital in the European Theater.

Dr. Coats attended the Kerrville Institute at Kerrville Bible Training Work and Schreiner Institute at Kerrville, Texas for two years after his discharge from the service in late 1945. He then attended the University of Texas from 1948 to 1950, working concurrently as part-time minister of the Bouldin Avenue Church of Christ, Austin, Texas.

Dr. Coats attended Memphis State College, Memphis, Tennessee, during the summer and entered the Southern College of Optometry in the fall of 1950. He received honorable mention for scholastic achievement on the Dean's List and a student member of the Texas Optometry Association and the Illuminating Engineering Society.

Dr. Coats' wife the former Dorothy Jean Squires of Littlefield, will resume the position as receptionist at the clinic.

Indians Third In District 4-A Race

Morton's Indians face the rugged Stanton Buffaloes Friday night at Stanton in a game which Morton will enter as decided underdogs.

The Indians will be attempting to halt the Buffaloes surge to the district championship, a task that has given them an unblemished district record in four outings.

Currently battling both Coahoma and Denver City for third place in District 4-A, the Friday victory is a "must" for Morton.

Coahoma pulled the upset of the week last Friday when they defeated Seagraves 14-6 to put the Eagles unopposed in the second division. In the other top upset of the week, without Coahoma's upset down favored Whiteface, the

Here's how the week's top standings going into tomorrow's games:

Team	W	L
Sundown	4	0
Stanton	2	0
MORTON	2	2
Coahoma	2	2
Denver City	2	2
Seagraves	1	3
O'Donnell	1	3
WHITEFACE	0	4

W. G. Edwards Killed In Crash East of City

Funeral services were held at the First Baptist Church of Morton, Tuesday, for William Green Edwards, who died at the Cochran County Hospital at 5 p.m. following a truck crash into a tree, just east of Morton.

Edwards, riding alone in a pickup truck, may possibly have "black-out" local authorities thought. His truck smashed into a tree as he approached Morton on the Levelland Highway. He was thrown out onto the pavement. Rushed to the hospital, he died about 35 minutes later as the result of internal chest injuries.

Friends said Edwards was known to have been a careful driver, very moderate in the speed with which he drove, lending support to the theory that he "black-out."

Edwards, 41, was a resident of Maple and is survived by his wife, one daughter, Marietta; and his father and mother, Mr. and Mrs. G. W. Edwards of Stanton, Also, surviving are four sisters, Mrs. J. T. Gilbreath of Abilene; Mrs. H. J. Thomas of Dimmitt; Mrs. Mike Plankin of Morton and Mrs. Jimmie Durick of Maple. And five brothers, F. E. of Hobbs, M. L. of Weston, Colo., L. N. of Brownfield, C. A. of Amarillo and Leon now stationed with the Air Force in Japan.

Services were held at 2 p.m. in the local church with Rev. Ollie Robinson, Rev. J. P. Ausmus and Rev. A. R. Coleman conducting. Burial followed, under the direction of the Singleton Funeral Home of Morton, in the Morton cemetery.

Two Car Crash Injures Pair

A two car collision in the rear of the Fash-O-Gas Company, Sunday morning, severely but not fatally injured one Morton man and injured another.

D. K. Deller, an off-duty worker, received a broken neck and a broken pelvis as his Studebaker was involved in a crash with a car driven by Floyd Taylor, Taylor received a broken shoulder.

Deller was taken to the local hospital, rushed to Lubbock and then later was supposed to have been transferred to the veteran's hospital at Amarillo. His condition was regarded as "fair" Tuesday.

Trio Pay Fines For Assault

Fines of \$25 and costs to each of three Mexicans and a suspended fine for another were the result of an assault on another Mexican in the "Flats" section of the town, Sunday afternoon.

Arrested in Bailey County at Muleshoe were Simon Garza, 25; Benny Garza, 34 Jesus Aguirre, 27 and Jose T. Vargas, 9. They were charged with the assault of Manuel Garza (no relation) of Morton.

Aguirre received the suspended fine since he did not take part in the assault, but was merely with the other three. The three men charged are all from San Antonio and Aguirre is from Earth.

Construction On Methodist Add. Now Underway

Construction on the educational wing of the First Methodist Church of Morton was begun last week. This is to be a tile and brick structure, two - story, extending east of the present building and attached to it. The wing is to be eight feet long and thirty-six feet in width.

It will house a kitchen, fellowship hall, nursery and several additional class rooms. Chairman of the building committee is Hume Russell. Working with him on the committee are McDermott, J. D. Hawthorne, Ermon Miller, Willard Cox, Mrs. John Crowder and Mrs. Lloyd Miller.

The committee is also planning units for the building as a part of the project.

Dr. Patterson Dies At Dumas

A former Morton Doctor has passed away at Dumas.

Dr. George Thomas Patterson, 84, long resident of Dumas, died Thursday at the Dumas hospital.

Dr. Patterson was born at Bluff, Texas, and came to Dumas in 1910. He was a member of the Methodist Church and was active in the community.

Elected Into Tech Engineering Soc.

LUBBOCK (Sp.)—Robert Keith of Whiteface is one of eight initiated into the Texas Technological College Electrical Engineering Society recently. The initiation was followed by a banquet at Underwood's restaurant, Professor Charles Bullen, head of the electrical engineering department was in attendance.

Keith is a resident of Whiteface and is survived by his wife, one daughter, Marietta; and his father and mother, Mr. and Mrs. G. W. Edwards of Stanton, Also, surviving are four sisters, Mrs. J. T. Gilbreath of Abilene; Mrs. H. J. Thomas of Dimmitt; Mrs. Mike Plankin of Morton and Mrs. Jimmie Durick of Maple. And five brothers, F. E. of Hobbs, M. L. of Weston, Colo., L. N. of Brownfield, C. A. of Amarillo and Leon now stationed with the Air Force in Japan.

Services were held at 2 p.m. in the local church with Rev. Ollie Robinson, Rev. J. P. Ausmus and Rev. A. R. Coleman conducting. Burial followed, under the direction of the Singleton Funeral Home of Morton, in the Morton cemetery.

Edwards, 41, was a resident of Maple and is survived by his wife, one daughter, Marietta; and his father and mother, Mr. and Mrs. G. W. Edwards of Stanton, Also, surviving are four sisters, Mrs. J. Still Time for Dates Reserved On Calendars

The Morton Band Parents club announced this week they'll continue to take orders for the second annual Community Calendar, through the next two weeks.

The calendars will contain names of persons on the dates of their birthdays, anniversaries. The calendars will then be sold. Anyone wishing a calendar or wishing a date marked on the calendar should contact a band parent.

Arrested in Bailey County at Muleshoe were Simon Garza, 25; Benny Garza, 34 Jesus Aguirre, 27 and Jose T. Vargas, 9. They were charged with the assault of Manuel Garza (no relation) of Morton.

Morton Soldiers In Training at Ft. Bliss Center

FORT BLISS, TEXAS — Three soldiers of the Morton, Texas area recently began eight weeks of Army basic training in the Anti-aircraft Artillery Replacement Training Center at Ft. Bliss, Texas.

They are Pvt. Bobby D. Henderson, son of Husb of Mrs. Ruby Henderson of Box 52, Enoch, Texas and son of Mr. Jim Henderson of Rt. 1 Morton, Texas; Pvt. George G. Hargrove 21, son of Mr. and Mrs. L. F. Hargrove of Box 215, Morton; Pvt. Richard C. Ward 21, son of Mr. Grover G. Ward of Rt. 1 Morton, Texas.

All will spend their eight weeks training on fundamental infantry subjects such as rifle, machine gun, and bazooka marksmanship, and familiarization with Army technical subjects.

Upon completion of this basic cycle, they will be eligible for advanced basic training in anti-aircraft artillery or some other branch of the Army.

Ft. Bliss, established as a frontier outpost more than a century ago, is located in west Texas on the Mexican border, adjacent to El Paso.

Says "Not Guilty" On DWI Charge

A Mortontite has entered a not guilty plea to a DWI charge made by the Sheriff Department over the weekend.

Roscoe Lackey was charged Saturday night. He posted a bond and was released.

100 Fines Levied

Latin American women have assessed \$100 fines in the County each this week after they were picked up Saturday night by a local County and were taken to the \$1,000 that was taken from them last week.

Vote Here Heavier Than Usual; County Supports 7 Amendments

Dewbre Defeats Write-In Candidate George Williams by 86-39 Count

In what must be regarded as a definite trend toward more interest in their County and State government, Cochran Countians turned out 38 percent stronger than in the last "off year" election to turn thumbs down on four proposed amendments to the State Constitution and approve seven others.

Tuesday in the General Election. The constitution was the only major factor in the County Vote in a state where traditionally the Democratic nominees in the primary election are assured of an office. However, precinct-wise it was a write-in campaign by George Williams of Pet. Four that stirred up a strong vote in that precinct.

Williams being decisively defeated by R. Z. (Sonny) Dewbre who had been the Democratic party choice.

Dewbre, seeking his second term of office as Pet. 4 County Commissioner, garnered 86 votes to 39 for Williams.

The County's voting total show:

ed 631 voters, 175 more than voted in 1950, the last non-presidential election year. And, by edging to a higher vote, the County's Democrats earned one more delegate to the State Democratic convention in 1956, the next year in which a presidential election will be held.

By these standards, what efforts as were put forth by a handful of election "get-out-the-vote" boosters, must be hailed as an achievement.

All other State and County Democratic officers received top heavy majorities.

In choosing between the all important amendments proposed to the State Constitution, Cochran County voters passed the one that affected them most, No. 11, which dealt with granting Counties under 10,000 population the right to hold an election to determine whether or not they want to separate the offices of Sheriff and Assessor-Collector.

Three of the four amendments they turned down, dealt with

things traditionally held dear to Texans; their disbelief that women should be pressed into jury service; their closely guarded right to carefully regulate the salaries of officeholders so as not to let them climb too high; and their demand to make office holders accountable to the public every two years for reelection. The other one was relatively unimportant to them, granting authority to vote on the creation of county-wide hospital districts. And, though it was considered one of the most important of all the proposed, as is usually the case when disinterested persons are faced with voting on an issue, they turned it down.

Here's how the voting turned out: In Precinct One, Morton, 313 votes were cast but the most votes received by any one candidate was 295 indicating either many persons did not cast a complete ballot or perhaps some were mutilated and consequently destroyed.

Republican state candidates, Tod

Adams for governor, Carlos Watson for Senator, Nolan and Linderman received 10, 18, 12 and 10 votes respectively. No opposition developed for any candidate.

In Pet. Two, Whiteface, 93 votes were cast, no competition developing but Republican State candidates drawing 9, 8, 9, and 10 votes.

Pet. Three cast 56 votes and Commissioner Foster was the only candidate who drew any opposition, it probably cast in a joking vein, as G. D. Lewis was named on three write-in ballots.

At Neely Ward, the race of local interest drawing an excellent vote, 130 persons went to the polls. Dewbre won handily, despite a write-in campaign of several days backing for candidate Williams. Also, interesting to note, was the fact that Willard Henry was named on 9 ballots for Justice of the Peace. The most votes for any one man was 113 and Johnny Love received four votes for County Judge.

In Box Number 5, Lehman, part of Pet. Three, only 10 ballots were cast. In Box 6, Whiteface's Glen, part of Pet. Two, 23 persons voted with no unusual voting. The absentee box showed six votes.

All told, Republican candidates Tod Adams received 24 votes in the county to 547 polled by Gov. Shivers, Carlos Watson, Republican Senatorial candidate polled 33 votes.

Broken down precinct-wise, it's interesting to note that Whiteface voters carried every amendment vote, and their strength determined the passage of Amendment 6. Morton's overall strength against four other ballots outweighed the Whiteface vote and determined their doom. Neely Ward had a tie vote on one, casting 43 votes for and 43 against combining retirement funds for teachers and State employees.

Statewide, like in Whiteface, everyone of the amendments seemed sure to pass, Wednesday afternoon with returns still not quite complete.

One of the most interesting votes in the election was a handful of votes that will not count. Whether the voters knew it, and just cast them as a "lark" or whether they were cast by persons interested in electing someone to office will probably never be known. They were the write-in votes cast for County Democratic and Republican chairmen.

These races were already decided in the July Democrat and Republican primaries. Tom McAllister is Democratic County Chairman and Albert Morrow, Precinct Chairman while C. W. Word of Whiteface is Republican County Chairman.

Nevertheless, Prof. Angley garnered 18 votes for County Democratic Chairman and Earl Crum received 15 votes for Pet. One Democratic Chairman. Word received two write-in votes at Whiteface.

Elections were conducted by Brad Stovall, at Neely Ward; L. L. Drumheller at Whiteface, Willie Mae Houston at Whiteface; Alvin Harris at Bledsoe; J. W. Pond at Lehman and Angley at Morton.

Here's the final total vote on the amendments for this county, the first number being the votes (FOR) and the second (AGAINST): Proposal One 374-143; Proposal Two 291-208; Proposal Three 305-215; Proposal Four 344-148; Proposal Five 221-254; Proposal Six 234-232; Proposal Seven 238-267; Proposal Eight 189-294; Proposal Nine 212-251; Proposal Ten 330-145; and Proposal Eleven 328-109.

Report Says County's Cotton 70 Percent Open

A total of 7,674 bales ginned is the latest report from the office of Texas Employment Commission concerning Cochran County's cotton record for the current year.

The TEC has still not raised or lowered their original estimate of 35,000 bales production for Cochran County. They list 70 percent of the cotton open and 22 percent harvested. At those figures, Cochran County is lagging sharply behind most counties in the Amarillo district.

Gloria Medley was the only one making the all A honor roll in the freshman class, Freshman making A's and B's are: Verda Lou Wright, Joel Parsons, and James Green.

HOWELL SETS TWO LEADERS IN POLIO DRIVE

Ed Howell, Cochran County March of Dimes Fund Chairman announced this week the appointment of several of the officers who will help him in the drive.

Howell, who has ordered and received supplies for the January 31 campaign, has named Mrs. M. C. Ledbetter as chairman of the 1955 Mother's March on Polio. He has announced that Mrs. Orville Tiger will serve as treasurer.

Howell himself will head the city of Morton drive and will be aided by Ed Howell. In making his drive, Howell has organized a committee of volunteers who will help him in the drive.

Howell said that more than 100,000 children have been born with polio since 1910. He said that the disease is preventable and that the only way to prevent it is by getting the child vaccinated.

Howell's drive is a part of the national March of Dimes campaign to raise money for the fight against polio.

Honor Students Set at Whiteface

WHITEFACE (Sp.) — Honor students for the first six weeks of Whiteface High School has been announced by high school principal, Mr. Nathan Tubb. The senior class leads the school for a total of 17 making the honor roll. The junior class comes next with a total of 14 followed by the sophomores with a total of 12. The freshman class have only 4.

Seniors making the all A honor roll are: James Garrett, Mary Hunter, Martha Garrett, La Wanda Cooksey, Lyndell Thompson. Making the A and B honor roll in the senior class are: Renee Washington, George Lyons, Irene Richard, Kathy Kirkpatrick, Carmen Simmons, Melba Bates, Gene Collier, Dick Brooks, Jerry Bob Buldrige, Carlene Peacock and Mary White.

Juniors on the honor roll making all A's are: Ladols Sides and Don Whisenand. Making A's and B's are: Peggy May, John Greene, Joe Bob Allen, Carroll Lockett, W. T. Hall, Mary Jo Gingerich, Claudine Williamson, Barbara Parsons, Delma Sumers, Darance Bratton, Eddie Westbrook and Zona Snodgrass.

Sophomores making the all A honor roll are: Billye Jean Peacock and Reta Garrett. Sophomores making A's and B's are: Segale Bratton, Betty Turner, Dale Williams, Valerie York, Dan Keith, Billy Ham, Margaret Henderson, Jimmy Peters, Darlene Cable and Ludean Baldrige.

Gloria Medley was the only one making the all A honor roll in the freshman class, Freshman making A's and B's are: Verda Lou Wright, Joel Parsons, and James Green.

Howell's drive is a part of the national March of Dimes campaign to raise money for the fight against polio.

By Eddie Irwin

WE WERE CERTAINLY glad to hear the reports that Doc Brown is recovering after undergoing surgery in Lubbock last week. Doc, known to everybody around here as Dan, has been an important motivating spirit behind lots of Community civic projects, and when he's not around to take a hand in things, he's sorely missed.

for instance...

HE'S GIVEN A lot of his time to the Boy Scouts as Scoutmaster for Troop 101. He's been an ardent booster for any kind of good music program. He's a member of the Lions club.

and this...

GOVERNOR PROCLAIMS LEGION DAYS

American Legion Days from October 20 through Veterans Day November 11 was officially proclaimed by Governor Allan Shivers who is a life member of Post Arthur Post No. 7. Flanking the governor, center, is State Commander E. L. "Stonewall" Jackson of Cisco, left and Culp Krueger, El Campo, state chairman of post activities and membership.

DOESN'T TAKE into account how much work he has to accomplish at the hospital. Dr. Brown, like Dr. Monk a year or two before him has won a host of friends and lots of confidence from the people of this county. The two of them together have been doing the work of three ordinary doctors but the fact is, with the confidence of people and their friendly and warm hospitality, they've been doing the job very well.

with Dan...

GONE, you can bet your boots Dr. Monk is swamped. Do two things today. First, why not drop Dr. Brown a card to let him know you've appreciated his services and wish him a quick recovery. Second, make a note if you need something at the hospital, make an appointment ahead of time to make the load as easy as possible on Dr. Monk. We are unreserved in our opinion that they are two of the finest guys and two of the finest doctors we've met in a long, long time.

glad to note...

GERALD RAHSEY is ok after injuring his knee in the game with Sundown, Friday night. The Morton team has been beset with injuries all season long and that is one of the biggest reasons they have met a few stumbling blocks along the way. Coats, Waller and Ramsey are only three who have been hurt and have lost considerable playing time because of the injuries.

Hallowe'en...

IN MORTON, was certainly one of the quietest in years, not even much window soaping going on. One of the major reasons was a round of parties that kept many of the younger folks off the streets and still another was the active interest the grown folks took in helping the youngsters enjoy a harmless, time occupying round of "trick or treating."

Sunday...

HAS BECOME A very busy day in Morton, at the height of the cotton harvest season. Sunday is the only time many of the farm laborers get off to do any shopping. Streets have been jammed the past two Sundays.

It could be...

QUITE AWHILE before anyone books such a fine college show in Morton as appeared here Monday night. Swanee was well received by the 500 or so persons who turned out. They certainly got their money's worth.

and...

WE'VE A HUNCH the Jaycees were satisfied though they lacked about 50 people of having enough to foot the bill. When you bring such a large group to town it costs a lot of money to put the show on the road. Many of the people thought it cost too much. But the expense of moving 116 College kids around in special buses, trucks, feeding them, etc. is very great.

as we...

SAID, WE figure the Jaycees were satisfied and will ask Mr. Page and Company to come back next year with Swanee of '56. But if they don't, they can't be too severely blamed. Just wish there had been a few more Mortontites who cared for such a show so they would have made more of the sponsoring group feel good.

there were...

AT LEAST TWO numbers on the show that Mr. Page, Robert Page the director, wrote himself. One was an entertaining little view of Eastern New Mexico campus life called "Grehound Blues." The other was a beautifully produced and conducted number written around the desire of five persons to receive a telephone call.

we should...

PUT IN A PLUG for the Collegians band, the group that supplied the music for the performance. They combined three old Glenn Miller favorites into a medley and if you shut your eyes and didn't get too particular on solo parts,

you'd have sworn Glenn's group was there, playing

that band...

IS CURRENTLY looking dances, but of course, the cost of bringing them very far to a dance would be very great and few organizations would be willing to take the chance.

two local...

ENMU products came over with the entourage. Miss Linda Stockdale and Miss Velda Ruth Baldridge. Velda took a part in the chorus but we're not sure whether Linda sang in the chorus or not.

both are...

GOOD SINGERS and before they've graduated from ENMU, we expect they'll each star in an individual number or two in a Swanee production.

the kids at...

BULA ARE really whooping it up this week for their big homecoming and they've even scheduled the big game on a Saturday night, when lots of people around here could go without deserting their home team. It'd sure be worth the money.

those boys...

HAVEN'T LOST a single reg-

larly scheduled season game in over two seasons. It all started about the time Pettit had such a fine team in the fall of 1952. They went through the district without opposition, to speak of, and they climaxed it with a humiliating sixty-something to nothin' score over Bula.

the boys...

FROM BULA didn't forget. They won all the season games last year with Dick Skinner leading the way and beat Pettit, 81-0. In their final state game, the bi-regional, they were beaten when Skinner was carried off the field in the first quarter.

they haven't...

LOST A GAME since and this team seems to be better balanced than last year's team. The game with Pettit's Eagles should be a natural.

GIRLS WORK OUT FOR BASKETBALL

Ten forwards and eight guards have begun workouts for the girls' basketball team under their new coach, Charlie Painter.

Learning new plays and tentatively assigned to positions are: forwards Ruth Gattis, June Scott, Betsy Ramsey, Dolores Stephens, Nancy Cagle, Linda Ford, Bootsye Shakespeare, Shirley Pierce, Jean

New spherical joints flex freely to cushion all road shocks. New exclusive Anti-Dive Braking Control, assures "heads up" stops.

Even Air Conditioning, if you wish
Air is heated or cooled by a single unit that fits compactly into the front of the car. Requires no trunk space! (V8 models only.) And that's only one of the wonderful extra-cost options you can get!

Great new V8—two new 6's
New "Turbo-Fire V8" delivers 162 h.p. with an ultra-high compression ratio of 8 to 1. You can choose from two new 6's, too—the new "Blue-Flame 136" with Powerglide (optional at extra cost) and the new "Blue-Flame 123."

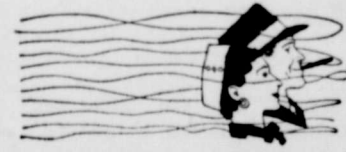

Tubeless tires as standard equipment
On all models! Proved tubeless tires give you greater protection against a blowout... deflate more slowly when punctured.

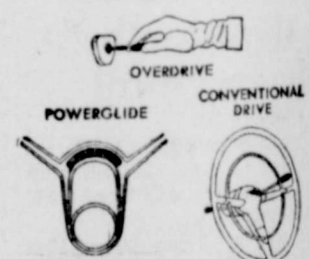

...and Chevrolet's got that long, low "let's go" look
It's a show car from the word go! Longer looking—and lots lower. There's plenty of glamor inside, too—plus more room for hats, hips and shoulders!

Easier steering, stopping, clutching
The new Chevrolet steers with ball-bearing ease, thanks to new friction-cutting Ball-Race Steering. New Swing-Type Pedals pivot at the top.

A ventilating system that really works
Chevrolet's new High-Level Ventilating System takes in cleaner air at hood-high level—away from road heat, fumes and dust.

Three drives, including Overdrive
There's Powerglide teamed with the new V8 or the new "Blue-Flame 136." New Overdrive teamed with the new V8 or the new "Blue-Flame 123." (Powerglide and Overdrive are extra-cost options.) New standard transmission, too!

The Bel Air 4-Door Sedan

Chevrolet and General Motors have started something—a whole new age of low-cost motoring—by taking a whole new look at the low-cost car. Here are new ideas, young ideas... and some of tomorrow's ideas, too! And they're all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea—the idea that a low-priced car could be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars.

This is the car that only the world's leading car builders—Chevrolet and General Motors—could have built. The Motoramic Chevrolet! Come in and see how the Motoramic Chevrolet for '55 is far more than a new model. It's more, even, than a completely new car. It's a whole new idea about cars!

Come in and meet the motoramic Chevrolet**—more than a new car—A NEW CONCEPT OF LOW-COST MOTORING****ALLSUP CHEVROLET CO.**

Maid of Cotton Contest Opens

LUBBOCK, Texas, (Spl.)—South Plains cotton industry leaders have begun their search for an attractive young woman who will be crowned 1954 South Plains Maid of Cotton and represent this area as one of 20 finalists in the national Maid of Cotton Contest early next year.

Officials of the contest, which has been called "the world's most dignified beauty contest" by the Associated Press, have received confirmation that again this year the South Plains Maid will be an automatic entry in the finals to be held in Memphis, Tenn., early in January. Only five other state contests

winners throughout the entire South will receive this rating.

Complete plans for this year's South Plains pageant are still pending, but entries are now being received. The contest likely will be held in Lubbock's Fair Park Coliseum about Nov. 22.

All contestants for the South Plains title, which offers an all-expense-paid trip to Memphis and a glamorous cotton wardrobe among the prizes, must be between the ages of 19 and 25 inclusive, at least 5 feet 5 inches tall, never married and must have been born in a cotton producing state.

Entry blanks and details of the contest are available by writing: South Plains Maid of Cotton Contest, Box 561 Lubbock, Texas or by calling at the Lubbock Chamber of Commerce.

Sunshine Sue,

star of WRVA's "Old Dominion Barn Dance" says:

"You know, friends, I just couldn't set a good table without Karo

the hearty maple-y flavor of Karo makes my meals a big success"

Pour Karo Waffle Syrup on biscuits, pancakes... everything!

1 1/2-POUND AND 3-POUND BOTTLES... 5- AND 10-POUND CANS

The competition is not a "beauty contest" in the usual sense of the word. Judging is on the basis of intelligence, personality and poise, as well as appearance.

Young women from throughout West Texas are expected to enter this fifth annual South Plains pageant. Last year's program attracted attractive girls from a dozen different towns who appeared before more than 1,600 persons at the contest finals. Officials are expecting this year's finals to draw a crowd of more than 2,500.

Neal To Vaughan Is Bulldogs' Big Scoring Power

Gerald Neal to Lloyd Vaughan is fast becoming the most feared passing-receiving combination on the Plains.

The sturdy Bula 6-man quarterback and his jackrabbit receiver proved the major factor in a comparative easy demolition of Cotton Center last Friday as Bula maintained a perfect 6-man record.

Neal hit Vaughan for a 20 yard touchdown pass in the 3rd period and also connected for a 12 yard pass-run scamper in the final canto. In addition, three of the four Bula extra point tries were good, all on Neal to Vaughan passes.

The other offensive power for Bula was hard driving Carl Wayne Halford who ran two touchdowns, one on a four yard plunge and the other on a 15 yard dash.

But as usual, Coach Claude Morrison's ace-in-the-hole was a tightly knit, unsparring defensive unit that refused to allow the Cotton Center boys any appreciable yardage.

12 FFA BOYS IN CALF FEED PROGRAM

Twelve boys with 17 calves are enrolled in the Morton FFA calf feeding program and will show these calves in the annual Fat Stock show next April. Some are planning to enter district competition at Loveland.

Gerald Ramsey, Marvin Kuehler, Billy Ray and G. W. Lyons are feeding two Herefords each, Wayne Kuehler has two Angus, Jimmy Cunningham, Wesley Lloyd and Drum each have one Hereford and Billy Wood, Raymond Hoffman, Benny Benefield and Douglas Zuber each have one Angus.

It's Here! the All-New '55 Pontiac

WITH THE 180-HP STRATO-STREAK V-8!

IT'S PONTIAC'S YEAR TO START!

ALL-NEW PANORAMIC BODY

There's vastly greater vision from its panoramic windshield. Interiors, color-keyed to the Vogue Two-Tone body hues, present the latest glamour fabrics, super-smart appointments, wonderful new conveniences! Card of Thanks

I would like to take this means of expressing my sincere thanks to those who have sent flowers, cards, and have so many things for me through my stay in the hospital. I also want to thank the doctors and the nurses for their excellent attention.

Gene Winder 34-1-tp

NOTE OF THANKS

I would like to take this opportunity to thank every one who has been so kind to me and to my family during my recent illness and operation. Especially do I want to thank those who were so kind to send cards and flowers, and who assisted my family in my leave of absence. I hope that it will not be too long before I will be able to serve you, my friends, again.

Dan M. Brown, M.D. American Academy of General Practice ITC

Let me express my sincere thanks for your vote of confidence, Tuesday.

I will continue to serve as your Commissioner and will dedicate my efforts to serving every resident of Pet. Four as well as to all residents of Cochran County.

R. Z. (Sonny) Dewbre 34-1tp

To The People of Precinct No. 4: To you who supported me in the general election—let me express my sincere appreciation—and to you who didn't—let there be no hard feelings.

Sincerely, George Williams 35-1 tp

Southern School Efforts May Cost Negroes Severe Setback

By—DAVID LEE
Publisher of the Newark (N.J.) Telegram

The efforts being made by certain schools in the South may cause Southern Negroes to lose a lot more than they will gain.

The trouble with this group, as with similar ones is that the initiators don't count the overall cost to the race. The present effort is designed to destroy the whole pattern of segregation and to establish an integrated social order in which there will be no distinction made in this country on the basis of race, religion, color or nationality.

This is a laudable objective, but human nature just has not changed that much, and the achievement of such an objective could cause repercussions that might set the Negro back fifty years.

Integration in the schools in the North and East is not a bowling success. A Negro can attend most of the schools up here and get an education, but few of the states that educate him will hire him as a teacher. The State of Connecticut doesn't have twenty-five Negro teachers.

Nowhere in these integrated states do Negroes get anywhere near proportionate representation. Every device is employed to keep qualified Negroes from being assigned. Recently a reputable New York labor union made a report on the employment of Negro teachers in New York City and charged that a systematic scheme has been adopted to exclude Negroes as teachers.

This is not true, in the South. The State of Georgia employs 7,313 Negro teachers, and paid them close to \$15,000,000 in salaries last year. North Carolina paid its Negro teachers over \$22,000,000 last year. Florida is another state that ranks at top on teacher pay.

Mississippi paid \$7,414,278 in salaries to 6,753 Negro teachers in the state last year.

If these states that are now pouring millions of dollars annually into Negro pockets which provides our people with money that enables them to enjoy the dignity of man, the prestige and respectability to buy homes and the necessities of life, are forced to abandon the segregated school, 75 percent of the Negro teachers in the South will lose their jobs. Not only that, but approximately 20,000 Negro principals will lose their jobs as well.

The present movement to end segregation in the schools is mere. At the beginning of a well-laid plan to completely end segregation in everything in the South. If this happens the Negro will be thrown into direct competition with the white race, and our business institutions will crumble.

No place in the world do Negroes own and control as much as do those in the South. Atlanta is with out question the Negro capital of the world. It is the center of Negro culture, education, business and finance. And both Negroes and whites live, work and operate business without either being conscious of the other's race.

This movement to integrate the schools of the South is loaded with more racial dynamite than appears on the surface and the Negro will be the one who is blown away.

During the past two years, I have spent more time in the South than I have in my office, and I have interviewed thousands of Negroes in all walks of life and I have found very few who favor mixed schools. They want their own schools, but equal facilities. This being the situation, one questions the fairness of forcing these colored citizens to accept what they don't want. If a little group of paid agitators succeeds in forcing their will upon these people, it appears to me that they should at least be given an opportunity to be heard.

Right now the Southern Negro is in a better spot educationally.

AMERICAN JUNIOR RED CROSS

The annual American Junior Red Cross Enrollment Poster, 1955, painted by Joseph Binder, well known artist, emphasizes the willingness of boys and girls in schools to serve others as volunteers by joining the American Junior Red Cross.

Four little boys at Texas Scottish Rite Hospital for Crippled Children get a personal introduction to a real live movie star. The star above is Major, member of a famous team of German Shepherd dogs, shown with Trainer Billie Watkins of Hollywood. Patients at Scottish Rite get ringside seats and special previews of the best shows in town.

Humble Oil Dedicates Large Research Center at Houston

This latest addition to Texas' scientific resources is Humble Oil & Refining Company's Houston Research Center, containing more than 300 laboratories, shops, and offices in two buildings on a 15-acre tract in the southwest section of the city.

Mrs. Frank Cave New Volunteer For Red Cross

Mrs. Frank E. Cave of Plainview, Texas, has been named volunteer field consultant for the American Red Cross in the Panhandle South Plains and North Central areas of Texas.

In her new position Mrs. Cave will serve in an advisory capacity to 67 Red Cross chapters in the region, particularly in the field of volunteer activities.

The new volunteer field consultant will be concerned primarily with efforts by the chapters to increase and strengthen volunteer participation in all Red Cross programs and activities.

Mrs. Cave has recently completed special training in the Midwestern area office of the American Red Cross in St. Louis, Missouri, in preparation for her new duties.

She has served ten years as local chairman of the fund drive in her home chapter of Hale County, Texas. She was active in production work in World War I and II and is trained in home nursing and first aid.

Mrs. Cave is a graduate of Baylor University and is a former teacher of English at Lippert's Business College in Plainview.

In addition to her Red Cross volunteer activities, the volunteer field consultant has been active for many years in other civic and community affairs.

memories on the fact that just a few years ago we were raising Cain because colored kids in the South were being taught by white teachers. We wanted them taught by Negroes until now Negro teachers have completely taken over.

A group goes back into the courts declaring that the Negro is not satisfied with equal facilities that the separate but equal law is unconstitutional, that nothing less than integration will do. That doesn't seem fair to me.

LETTERS TO THE EDITOR

Letter to the Editor:

Dear Editor:

I am an ex-student of Morton Schools. I was home recently for Homecoming. I think the ex-students who still live in Morton deserve a big hand or "Thank you" for the way they have worked to make Homecoming a success. We really (I speak for my husband too, since he is an ex-student) enjoyed seeing and visiting our school mates.

Our folks still live in Morton and we are down to visit often. We also take the paper and keep up with different ones that way. We seldom see very many of our friends this way. Although my friends didn't get to come to Homecoming we had looked forward to it again this year. So we would like to say Thanks Exes for the nice visit each year. We hope to be back next year.

Yours truly,
Mrs. Omer Bybee
1901 Coffee St.

THREE STUDENTS ON "A" HONOR ROLL

Three members of Morton High school made the high honor roll (straight A) during the first six week period of grades it was announced last week.

Roy Johnson, Barbara Stovall and Barbara Carter led the school. Ten seniors, seven juniors, four sophomores and five freshmen made the regular honor roll.

RECENT GUESTS

Lowell Barger and Orville Barger and wife of Oklahoma City were recent visitors at the homes of George Keller and M. C. Barger of Causey, N. M. and also visited the J. F. Corbins of Portales.

THE CHURCH

We wrote last week concerning the origin of the New Testament church, stating in the closing paragraph that Pentecost was the culmination of the Old Testament institution, namely the nation of Israel and the ushering in of the New Testament institution, namely the church. The following diagram with the arrows pointing toward the center are prophecies pointing to the time of beginning of the church and those pointing backward are fulfillments of the first. We ask that you check them in your Bible and you will readily see that the church had its beginning on the first Pentecost after Christ was raised from the dead.

Dan, 2:44; Isa. 2:3	Acts 2:1-5
Mat. 3:1-2; Mat. 10:7	Acts 2:14-17
Mark 9:1	Acts 2:37-38
Matt. 16:18-19	Acts 2:47
Joel 2:28-29	Acts 20:28
Luke 24:46-48	1 Cor. 1:1-3
Acts 1:8	1 Cor. chapter 11
Lk. 22:29	Col. 1:2; vs 13

PENTECOST A. D. 33

These passages show beyond a doubt that the church had its beginning on Pentecost A. D. 33 in the city of Jerusalem. Some contend that John started the church but we read in the 14th chapter of Matthew of John's being beheaded and then two chapters later Christ promised to build His church. Grant that John started a church if you want to, yet it was not the church of prophecy and not the one that Christ promised to build. Any religious organization that traces its beginning to any date, other than that shown in the chart is not the church of the Bible.

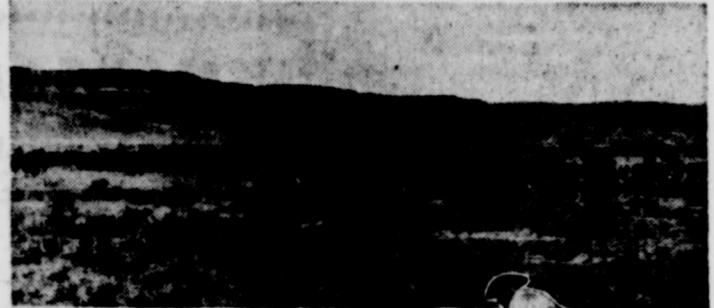

Church of Christ

Morton

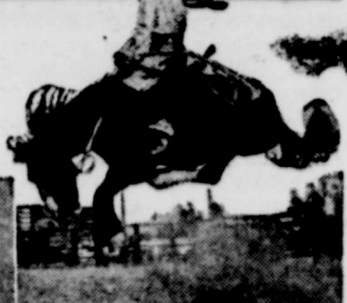

Jesse Brookshire, Minister

Range Ridin's Rugged

FALL ROUNDUP time on the sprawling, unfenced Wyoming range-land, with the ruggedness it demands of cowhands, is facet of modern cattle ranching that has never yielded to mechanization. In herd collecting, branding and myriad other chores, the West's riding, roping cowboy and his horse are irreplaceable.

OFF-DUTY, cowpokes stage rodeos at mere drop of a dust-caked hat. Scene at Lander, right, showing rider proving mastery of bucking horse, is typical of action they produce.

HOLLYWOOD romantic tales to the contrary, it's a hard and tricky business. Defying lassoing calf and wrestling animal to ground often means violent scuffle. But it's regular part of the task.

ASIDE FROM never-changing cowboys' role, today's ranch life is a lot more comfortable than it was 50 or 75 years ago. No longer are cattle trailed at notable distances to market, as they were when they were driven hundreds of miles to Dodge City, Kas., shipper points. Trucks, like these International tractor-trailer combinations, perform the hauling.

Three Way News ...

By Mrs. Frank Griffith

Kathy Pollard, daughter of Mr. and Mrs. Carl Pollard, underwent surgery at West Plains Clinic of Muleshoe Thursday. She is doing fine.

Mr. and Mrs. Ira Griffith of Shallowater, Texas visited in the Frank Griffith home last week.

Mr. and Mrs. Homer Waldrop of Muleshoe visited friends and relatives at Stagnal Sunday.

Elizabeth Dupler and Charles McCafferty, both juniors at Three Way

were crowned king and queen at the Halloween Carnival Friday evening in the School gym. They were Yvonda Taylor and James Long. They are sixth grade pupils. The carnival was highly successful despite the fact that crops are short in the community.

Mr. and Mrs. James Pearson of Bula are the parents of a son born Friday Oct. 23 at the Cochran County hospital of Morton. The young man weighed 7 lbs. 4 oz. and was named Billy James. Mrs. Pearson is the former Amy Doris Taylor, daughter of Mr. and Mrs. Tommy Taylor of this community.

Miss Anna Gerwot of Lubbock, Texas became the bride of Jackie Knox, son of Mr. and Mrs. Frank Knox of Goodland Monday Oct. 25th at Portales, N. M.

The couple will make their home in Lubbock where Jackie is on the police force.

The Threeway Eagles lost to Lubbock Thursday night. The score was 40 to 13. Threeway goes to New Home Friday for their last game this year.

Mr. and Mrs. Albert Ellis are at Lovington this week.

A pink and blue shower honoring Mrs. L. D. Sanderson Jr. was given in the home of Mrs. Harold Carpenter Monday afternoon.

Mr. and Mrs. Stanley Stafford are the parents of a girl born last week at Fort Worth. Mrs. Stafford is the former Nelda Brashear, daughter of Mr. and Mrs. Horace Brashear of Maple.

R. W. Hills Are Hosts To Large Dinner Gathering

Dinner guests Sunday, October 31, of Mr. and Mrs. R. W. Hill were all of their children and grandchildren.

They included, from Morton: Mr. and Mrs. Jake Johnson and Doyle, Dale, Don and Phyllis of Calhan, Colo. Mr. and Mrs. J. C. Reynolds and Pam; Mr. and Mrs. R. J. Hill and Mr. and Mrs. Jug Hill, Trezelle and R. W. III all of Morton.

Also, Mrs. Sallie Belle Harkins; Mr. and Mrs. C. B. Harkins and children; Mr. and Mrs. Rob Richardson; Mr. and Mrs. Lee Caviness and Janene, Mr. and Mrs. Billy Ray of El Dorado, Okla.

And, Mr. and Mrs. Jim Richardson, Mr. and Mrs. Pat Robinson and children of Hereford, Mr. and Mrs. Hulton Richardson and children of San Angelo, Mr. and Mrs. Thurman Dobson and children of Loveland, Mr. and Mrs. Henry Dobson of Witham, Mr. and Mrs. E. V. Byrum and boys of Donald, N. M. Mr. and Mrs. J. O. Hill and Jimmie, Mr. and Mrs. Brown and girls of Morton and R. Kompton.

GOES OVERSEAS

Bobby Cook, son of Mr. and Mrs. J. C. Cook of Morton, who had been stationed at Atlanta, Georgia, left Tuesday for a port in Germany. His wife will go to her home in Dickinson to stay with her parents while he is overseas.

With Your... COUNTY AGENT

Dee Tucker, Morton, Texas, a farmer residing in north-west portion of Cochran County has a good demonstration on dry land grain sorghum production. It is 7078 Versus Norghum variety. Both varieties will make grain — but neither will make high yields due to extreme drought in northwest section of county this year.

Dee has cut only a few acres of each variety so far this date. His 7078 is turning out between 500 and 600 lbs. per acre. His Norghum is not doing quite so good. Dee contends that if we expect to raise grain sorghum on dry land in Cochran County—that you can't go far wrong if you select 7078. If you irrigate your feed—instead of cotton in the summer months, then there are other varieties you may or should plant. For example, early irrigation and some summer irrigation, plant early hogari, combine Kafir 60, or Redbine 60.

Now if you have a 10 inch well, and can water three or four times during the growing season do not overlook planting Plainsman or Redbine 66. These two varieties mentioned, are high yielding varieties, but require a long maturing period. Usually the shorter (or earlier) maturing period the smaller your yields will be—again the earlier varieties may be more sure of making and are to be planted. The results will be given on Dee's farm when available.

The planting date for all grain sorghums, if moisture available is June 10 to 20 here. You can not hasten the maturing by planting earlier, but you can lessen the yield by planting earlier. That is moisture often determines our planting date.

COTTON DEFOLIATION

Bob Ramp is a good example to cite here as using his best judgment on cotton defoliation. Bob held two regular meetings a month on his farm. He has 288 acres of cotton on his farm. The main two varieties planted this year are Lankart and Storm-master.

Storm-master is a stormproof variety and these varieties never get through putting on forms or bolls. The later the frost or freeze the better, as the yields seem to increase in proportion to lateness of the frost or freeze, especially where they did not set the forms early by insect control, or watering the cotton when it was not loading. Lankart is a semi-storm proof cotton and is similar to Empire variety in many respects. It matures early, makes a big boll, gets its fruit and bolls put on early and keeps putting on fruit and bolls until stopped by frost or freeze.

Bob defoliated his Lankart cotton but did not defoliate his Storm-master cotton. The results is what counts, and this fact of yield and money returns will not be known on other variety until it is ginned.

Bob thinks his Storm-master will beat his Lankart in yield; so let's wait and see. All was treated alike and irrigated about the same. Bob lost no time in controlling the fleahopper on all his cotton when inspected early in July and advised to use insecticide for control by the county agent.

Both varieties look good, but looks does not always tell the story between the two varieties. When the harvesting is completed the results will be given.

Now as research tells us—let's give the fact when available. This difference may mean more money to all of us.

There were 9 4-H Club meetings held by county agent Homer E. Thompson in Cochran County during October. A total of 322 4-H club members attended these meetings. There are six 4-H boys' clubs in the county. All of the 4-H Clubs hold two regular meetings a month except the three at Whiteface School.

During the month of October the theme of each meeting levelled on safety. Safety in the farm home and on the farm. In addition a film was shown to all groups on farm safety. The name of the film was "A Stitch in Time."

The 4-H Clubs organized for boys are: Bledsoe 4-H Club, Morton, Jr. Hi. 4-H Club, and the Whiteface High School 4-H Club. The 4-H adult leaders elected by each of the clubs and the communities which they represent are as follows: Bledsoe—Clyde McCormack and T. F. Singleton. Morton Grade Pat Hatcher and Lee Belcher. Morton Jr. Hi.—Hadley Kern and Andy Dunlap. Whiteface Jr. Hi.—G. W. Garrett. Whiteface Grade—B. Rhodes and V. N. Townsend.

RAT CONTROL

Warfarin is an accepted poison for rat and mouse control. Warfarin and mixed bait are generally available from distributors all over the state. As you know, this is a slow killer and usually not harmful to dogs or cats, unless they eat it for several days. It requires 6 or more days where rats and mice continue to eat the bait to kill.

There is a new control recommended for rats and mice, too. It's been tried in east Texas, but not so much out here in this area. It is called pivalyn (water soluble pival). Both water soluble warfarin and pivalyn are in the same stage of public acceptance as pival.

It is possible that both water soluble ant-coagulants have a place in this control work.

If you cannot get pivalyn from

commercial concerns and want to control rats and mice write to C. R. Landron, Div. of Predator and Rodent Control, P.O. Box 1941, San Antonio 6, Texas.

PASTURE

Rain alone will not provide the grass needed for winter grazing according to A. H. Walker, Range Extension Specialist. He says planning and management of the range is about as important as rain in determining how much grazing will be available during the winter period. Where the soil is bare much water will run off. Planning and management would help the situation a great deal.

Church Organizes Hockley - Cochran Business Women

The Morton First Baptist church was host to the Business Women's circles of the First Baptist Church of Levelland, the Repeville Baptist Church and the Trinity Baptist Church of Levelland, recently.

All business women from the Southern Baptist churches in the Hockley-Cochran association were invited as guests.

Approximately 60 women attended the affair which had for a theme "The Maiden Voyage of the B. W. C."

Capt. Mrs. Roy Hill did the christening and the evening's message on "Business and Professional Women in the Bible" was brought by Mrs. Lon V. Smith of Floydada.

The chief purpose of the meeting was to organize a Federated Business Women's circle of the two counties. The next meeting is to be held in Levelland at the First Baptist Church.

Rev. Carroll is

L'Allegro Speaker

The L'Allegro Study Club met meeting in the home of Mrs. T. K. Williamson.

Rev. Curtis Carroll, guest speaker, discussed "Women in Biblical Days." Among his conclusions was the fact that women in those days were very similar to modern day women in many ways. He talked of Euba, the saleswoman; Lydia, the Lady McBeth of Biblical times; Jezebel, the traitor; the Queen of Sheba; Deilah, another traitress and Miriam the singer.

Following the program business was conducted and refreshments were served by the hostess to Mesdames Arlee Barnard; Truman Doss; Paul Goodman; Van Greene; Charles McDermott, N. A. Monk; Bill Proctor; J. C. Reynolds; Tom Rowden; T. A. Rowland; Orville Tilger and Earnestine McCasland.

VISITS SISTERS

Mrs. W. A. Lindsey visited her sisters in Abilene recently for a week while her daughter and son in law were in Houston. Mrs. Lindsey rode with them to Abilene and stayed with Mrs. Stella Stirman and Rev. and Mrs. E. E. Mason.

Wanted

Legal Notice

Local No. 48
NOTICE TO BIDDERS

Notice is hereby given to all individuals, partnerships and corporations actively engaged in the profession of public accounting and auditing under laws of the State of Texas that the Commissioners Court of Cochran County, Texas, will meet in regular session on November 10, 1964, at 10:00 o'clock a.m. in the regular meeting place in the courthouse at Morton, Texas, for the purpose of receiving bids and interviewing applicants for the following contract:

A general audit of the books, records and accounts of the county from 1946 through 1964 for the purpose of enabling said court to determine and fix proper appropriation and expenditure of public moneys, and to ascertain and fix a just and proper tax levy for the year 1965.

All of which purpose being contained in a certain resolution filed by the commissioners court on its own motion on Sept. 15, 1964, duly published for hearing at the next regular term in accordance with the provisions of Article 1641 of the Revised Civil Statutes of Texas, said term and date thereof being this 11th day of October, 1964; and the same being duly considered, it

was moved and seconded that said resolution be passed and adopted by the court; voting Aye on said motion were commissioners Hill, Keith, Foster and Dewbre; the vote for passage being more than the number required by said Article 1641 the vote was duly approved by the County Judge and the date of November 10, 1964 being one of the days of the regular November term was the date set for letting of said contract or contracts.

All applicants to qualify for consideration must be Certified Public Accountants or Licensed Public Auditors.

This 11th day of October, 1964
Fred Stockton
County Judge

Now that winter is on us, ranchers should save all the feed needed for the winter and let the grass rest. If feed must be purchased, buy it now as you find it cheaper and better. Those who have dusted in the grasses and legumes for grazing are far ahead of those who waited for it to rain.

Grasses should not be grazed now where there is a thin stand. Grazing prevents the grass heads from maturing and falling to the ground.

Many livestock raisers who are cost conscious will let their animals feed themselves a salt and protein supplement mixture this winter to help cut labor outlays.

Research has shown salt a satisfactory "limiter" in consumption of concentrates says J. K. Riggs of Animal Husbandry Depart. A&M College. By varying the salt percentages, the pounds of supplement consumed by livestock daily can be

regulated closely. Cattle will eat the mixture until they can take no more salt Riggs says.

He says a mixture of 35 pounds of salt and 65 lbs of supplement allows the animals to consume two pounds of supplement daily. 20 to 25 percent salt will allow animals about three pounds, while an increase to 40 to 45 percent salt lets

the animal take in one pound of supplement. A plentiful water supply is a must for cattle using this system. Ample water will be available to remove the excess salt from their systems. This way all livestock are assured their share of supplement and weaker timid animals get their time at the feed trough too.
