Texas Repeal Election Is Slated For August 26

Robber Slain By Mobeetie Banker

Second Bandit Makes His Escape In Car With A Woman

(By The Associated Press)

PAMPA, May 4.—One of two robbers was shot and killed late today as they tried to escape after robbing the First State bank of Mobeetie of $1,200.

The man, rescribed as about 27 years old and roughly dressed fell under the fire of H. H. Flanagan, cashier, and Edgar L. Key, assistant cashier, as he ran out the door and up a street.

Escapes With Woman

The officials of the bank also fired on the second man and apparently hit him but was picked up in an automobile driven by a woman. A hastily-organized posse found the car abandoned north of Mobeetie and started hunting for another automobile.

THREE ARE BEING HELD

PAMPA, May 4. (AP) — One man and one woman were under arrest here tonight as suspects in the robbery this afternoon of the First State bank at Mobeetie, in which one bandit was slain, and a second woman is being detained.

Sheriff C. E. Pipes, who, with his deputies, arrested the trio in a raid on a rooming house here tonight, said the man is known as Jack Shields, who came here from Oklahoma about two weeks ago, and the woman suspect is Mrs. W. A. Triplett, wife of the slain bandit. Shields' wife is being detained. All three refused to talk. The officers took about $800 in silver and currency in the rooming house.

The robbers had been in and out of the bank yesterday and today and at closing time drew pistols on Flanagan and Key and J. W. Henderson, a customer, forcing them to hand over all the money in sight.

Mobeetie is in Wheeler county, about 30 miles southeast of Pampa.

Second Man Described

The abandoned car bore a Gray county license number. It was believed to have broken down. The posse was believed to have hit it with gunfire before it left town.

The second man was described as about 30 years old, five feet, eight inches tall, of dark complexion and weight 155 pounds.

Flanagan said that he killed the bandit with an automatic shotgun after he, the assistant cashier and the customer escaped from the vault by using a screw driver.

Dead Man Identified

Flanagan said the man he killed had been identified at Mobeetie as W. A. Triplet, whose only address is general delivery, Pampa. The bank was robbed just at closing time.

Flanagan believed the bandit couple turned south toward McLean after changing cars.

The woman ran from her car to meet the man when Flanagan and Key started firing their shotguns. She tried to enlist the aid of the second man in getting the man fatally wounded into her car but failed and hurriedly drove west.

It was learned later that the woman and man kidnaped two boys who passed them west of Mobeetie and headed in the direction of Pampa and Gray county. The boys were John Love and Harry Kerr.

Becomes Bride

HOLLYWOOD, Calif., May 4. (AP)—Billie Dove (above), screen actress, and Robert Kenaston, wealthy land owner of Santa Monica, Calif., were en route by automobile today to Yuma, Ariz., to be married, the latter's mother said. Miss Dove, whose real name is Lillian Bohny, is the former wife of Irvin Willat, film director.

Fliers Burned In Ship Crash Late Thursday

Bodies Are Identified After Plane Crashes Into Side Of Mountain Near Alpine; Ship Bursts Into Flames

(By The Associated Press)

ALPINE, May 4.—Two army fliers burned to death in the wreckage of their attack plane late today when it crashed against a mountainside in the Ord range, 12 miles east of Alpine. They were identified as Lt. Wayne Gardner, pilot, and Sgt. A. H. Huntley, from Fort Crockett at Galveston.

The plane was one of a flight of 19 army ships en route to Marsh Field, Calif., for maneuvers. It had been flying west but encountered motor trouble and was seen circling around toward the east just before it fell. A bad sandstorm was blowing at the time.

Cowboy Finds Bodies

Bill McBee, a cowboy on the ranch of former Congressman Claude Hudspeth, located a mile from the scene of the crash, ran to the wreck and pulled out the bodies. The plane had burst into flames with a violent explosion as it hit and the bodies were charred almost beyond recognition.

It was not learned immediately where the homes of the fliers were. On Lt. Gardner's finger was a University of Texas ring, class of 1929. The bodies were brought to an Alpine mortuary.

Major H. H. Young witnessed the accident from the plane he was flying. He proceeded to Marfa and returned to the mountainside by automobile.

Death Of Houston Woman Is Probed By Nueces Officials

CORPUS CHRISTI, May 4. (AP)—Nueces county authorities today were investigating the death of Miss Lillian Beatty, 23, of Houston who died at Banquete, 25 miles west of Corpus Christi, last July 26.

At the request of D. S. Purl, district attorney, Joe D. Browning, justice of the peace, opened an inquest and ordered McIver Furman, county health officer, to disinter the body and send viscera to the state chemical labratory for analysis.

Federal Oil Dictator For American Fields Rumored

DALLAS, May 4. (AP)—The Dallas News says that appointment of a federal oil "dictator" for all American oil fields was regarded here today as a "strong possibility."

A long distance telephone conversation between Secretary of the Interior Harold F. Ickes and Harold Byrd, Dallas independent operator who was invited by the secretary to the recent oil conference in Washington, was the basis of the idea, according to the News.

APPROVE NOMINATIONS

WASHINGTON, May 4. (AP)—The nominations of Henry B. Mitchell of Montana and Lucille F. McMillin of Tennessee as members of the civil service commission were unanimously approved today by the senate civil service committee.

Final Matador Dance Tonight

Final benefit dance of the Matador club, organization of Lubbock men supporting Tech athletics, will be held tonight at the Dance palace. The club has been giving a benefit dance each term of the school year.

Ned Bradley's Varsity band, a group of Tech musicians, will furnish music for the affair.

The dance is scheduled to begin at 9 o'clock.

FD Appeals To Industry To End Chaos

General Boost In Wage Scale Now Essential

Fair Competition And Elimination Of Cut Throat Price Methods Urged By President In U. S. C. Of C. Talk

Promises Support

Industrial Agreements Likely Will Be Sought On Minimum Wages And Work Hours; Will Ask More Authority

(By The Associated Press)

WASHINGTON, May 4. — President Roosevelt tonight promised government cooperation to American industry in a voluntary effort on its part to end "chaos" and bring about fair competition and elimination of "cut throat prices."

In an address to the Chamber of Commerce of the United States he also said "it is essential, as a matter of national justice, that the wage scale should be brought back to meet the cost of living and that this process should begin now and not later."

Ideas Are Outlined

In this brief address, the busy president outlined to the national business leaders his general ideas for national recovery. He carefully refrained from discussion of the legislative industrial program he has in mind and which is still in the formulative stage.

His assurance of government cooperation to industry was interpreted at the capital as indicative of his intention to extend federal supervision over a voluntary regulation of business by business itself.

While he has not decided upon his legislative proposals, the address gave further indication that he intended to ask for broad authority to permit industry to enter into agreements for control of production, establishment of minimum wages and working hours under a tacit relaxation of the anti-trust laws.

Must Restore Order

"You and I acknowledge," he said, "the existence of unfair methods of competition, of cut throat prices and of general chaos. You and I agree that this condition must be rectified and that order must be restored. The attainment of that objective

Workers Will Leave Friday

Ten South Plains Young Men Leave Early Today For Fort Sill; Six Of Recruits Are From Lubbock County

Ten South Plains young men, six of them from Lubbock county, were to leave early today on a Fort Worth and Denver train for Fort Sill, Okla., to join the Citizens Conservation corps for six months employment. Eight men were sent from here yesterday by Sergeant J. G. McDermitt, army recruiting officer.

The six Lubbock men are E. J. Martin, 18, Shallowater; Lloyd Townsend Barbee, 19; Clifton Jones, 19; Donal Woodrow Hubbard, 18, all of Lubbock; Garner Karnes, 19, Slaton, and Carroll Suttle, 18, Idalou. The county's quota is 78, but only six were to be accepted on the first call.

Are Most Deserving

Lubbock Work Relief committee, which recommended three of the men of more than 40 who applied, said it considered them the most

North Plains Traffic Is Tied Up By Heavy Rains

Snow From Three To Seven Inches Reported In New Mexico; Bridges Out Over Creeks

(By The Associated Press)

AMARILLO, May 4.—Torrential rains tied up traffic throughout the North Plains and the Oklahoma Panhandle last night and today.

Morse, Tex., was cut off by highway to north and east, and it was doubtful if the Santa Fe train from Shattuck, Okla., would be able to cross the Palo Duro creek, which was out of bounds. The county highway bridge over the creek had washed out and was lodged against the Santa Fe trestle. School buses were unable to make their routes and the schools were dismissed for the day.

The rains had caused a break in the 22-inch line of the Panhandle Eastern Gas company, a short distance north of Gruver. Unable to cross the flooding Palo Duro creek to the nearest gate, B. Brumley, a lineman, had to walk three miles to another gate near Mores to cut off the flow. No estimate of the damage was available.

Snow ranging from three to seven inches fell from Texline to Trinidad, Colo., with a seven-inch fall at Des Moines, N. M. The temperature dropped to freezing at Texline.

Precipitation estimated at three inches fell within 10 miles of Amarillo to the east and a detour between Amarillo and Panhandle became impassable.

Rains extended north from Borger through the Oklahoma Panhandle, southeast from seven miles east of Amarillo to Fort Worth, and northeast through

Kidnaping Of McMath Girl Is Linked With Lindbergh Case; Refuse Withdrawal Of Troops

Owen D. Young Resigns As Chairman Of RCA Committee

NEW YORK, May 4. (AP)—Owen D. Young today resigned as director and chairman of the executive committee of the Radio Corporation of America, and as director of the RCA subsidiary companies, effective at once.

"It is done," Young wrote, "for the purpose of complying with the decree entered in the federal court in Delaware which contemplated my resignation either as director and officer of the General Electric company or of the Radio Corporation of America on or prior to May 5, 1933."

First Official Expression Of Great Britain Is Given

LONDON, May 4. (AP)—The first official expression of Great Britain's attitude toward the American proposal for a tariff truce was voiced by Prime Minister Ramsay MacDonald today when he informed the house of commons that Britain was asking for special "safeguards."

Mr. MacDonald, reporting to the house on his economic discussions with President Roosevelt in Washington, also revealed discussion of the war debts had been barred from the program of the world economic conference.

Increase In Cotton Acreage In Texas Panhandle Is Seen

OKLAHOMA CITY, May 4. (AP)—A. E. Kobs, manager of the Oklahoma Cotton Growers' association, today predicted an increase in cotton acreage of 20 to 30 per cent in the Texas Panhandle and Western Oklahoma as a result of wheat acreage abandonment.

"Hundreds of acres of wheat have been ruined by the recent wind and dust storms, he said, "and the farmer has been forced to plant cotton."

Bill To Cut State Royalty In Sabine Wells Is Passed

AUSTIN, May 4. (AP)—The Texas legislature today passed and sent to Governor Miriam A. Ferguson a bill that would reduce the state's royalty in wells drilled in the bed of the Sabine river in the East Texas oil field.

Under contract entered into with a drilling company, the state now receives seven-sixteenths royalty. The bill would allow the state board for mineral development to reduce this to one-fourth.

Shipbuilder Offers To Give Himself As Hostage For The Safe Return Of Child; Police Continue Search

(By The Associated Press)

HARWICHPORT, Mass., May 4.—William Lee, Harwichport shipbuilder, tonight told state police he would gladly give himself as hostage for the safe return of 10-year old Margaret McMath.

A business associate of Neil McMath, father of the girl who was kidnaped Tuesday after being lured from her school classroom, Lee made the offer to add one more means of contact with the abductors.

Plea Is Refused

A plea by the parents of the child that the state police withdraw from the case for 24 hours to give the kidnapers further leeway in negotiating with the McMath family was refused after General Daniel Needham, head of the state police, had conferred with Governor Ely.

General Needham today expressed the belief that the solution of the McMath kidnaping might lead to a solution of the Lindbergh case.

"There is nothing inconsistent in this crime with the possibility of its having been done by a very professional crowd," he said, "and it may be the same gang that operated in the Lindbergh case."

Money Is Traced

Further indication that police were considering this possibility came tonight when a request was made that banks determine whether any of the money given by Colonel Lindbergh while attempting to gain the return of his son had

See KIDNAPING, Page 9

Bailey Declares That He Will Not Oppose Sumners

WASHINGTON, May 4. (AP)—Representative J. W. Bailey of Texas today told newspaper reporters that he would not run against Representative Hatton Summers in the next congressional election.

Both Bailey and Sumners are from Dallas. Bailey remarked that his only alternative to running against Sumners would have been for the Texas legislature to fail to redistrict his state.

Fort Worth Man Is Chosen To Head Beer Organization

AUSTIN, May 4. (AP) — Sam R. Sayers of Fort Worth was chosen chairman today of a committee created to perfect a state-wide organization to direct a campaign for adoption of the constitutional amendment to be submitted on August 26 to legalize beer in Texas.

Sayers was selected at a meeting of persons interested in success of the amendment who gathered here from all parts of the state.

REDUCTION ORDERED

AUSTIN, May 4. (AP)—The Texas railroad commission today ordered a reduction in cotton rates, estimated at approximately forty per cent, from numerous points to Beaumont and Corpus Christi.

WINDSTORM HITS

MAGAZINE, Ark., May 4. (AP)—A violent windstorm struck Magazine today unroofing several houses, uprooting 25 or 30 trees and filling the air with flying debris. No one was reported injured.

Farmers Over Nation Are To Launch Strike

Nationwide Shutdown On Farm Products Is Voted Thursday By National Association At Des Moines Meeting

To Start May 13

Prices Covering The Cost Of Production Will Be Sought By Leaders; No Time Limit Has Been Set

(By The Associated Press)

DES MOINES, Ia., May 4.—A nationwide strike May 13 on all farm products was voted today by the National Farmers Holiday association in convention here.

For the second time within a year the delegates decided to withhold farm products from market in an effort to obtain prices covering cost of production.

Adoption of the resolution for the declaration of a farm holiday was unanimous.

No Time Limit Set

As in all strikes, no time limit was set. Members of the association would observe the strike order until prices rose to production cost levels or the movement definitely failed.

The resolutions called for:

(1) The declaration of a farm marketing holiday effective May 13.

(2) Resubmission of the association's legislative demands to congress.

(3) Adoption of a scrip resolution for exchange of farm produce for shop labor and appointment or election of a committee to outline the plan to labor organizations.

Demands Are Listed

Included among the legislative demands of the association are the enactment by congress of the Frazier bill, the Patman bonus bill and the Wheeler bill for remonetization of silver.

One thousand farmers from various states and from Canada were present. John A. Bosch, national secretary, estimated the total membership of the association at between one million and 1,500,000.

The resolution for the scrip plan, proposed by A. C. Townley of Minnesota, calls for the issuance by an international people's council for

Judge Relates Beating Story

Elderly Man Tells A Military Court How He Was Dragged From Bench And Threatened With Hanging

(By The Associated Press)

LE MARS, Iowa, May 4.—An elderly judge told a military court today how a mob of farmers dragged him from his court, threatened him with hanging, subjected him to indignities, and finally left him unconscious.

The four members of the court did not reveal whether the judge 54, year old C. C. Bradley, gave the names of the leaders of the farmers, seeking to halt mortgage foreclosures on farms.

Divided Into Units

After hearing Judge Bradley's story, the court divided into four units and continued hearing evidence from witnesses of the riot last Thursday at the O'Brien county court house.

A declaration that citizens had been treated unjustly by the military since the riot came from State Representative Gustav Alesch of

Miss Sweetwater

Miss Hattie Levy (above) will attend the West Texas Chamber of Commerce convention at Big Spring as "Miss Sweetwater." She will take part in the Court of Nations which will be one of the big features of the gathering, dates of which are May 11, 12 and 13.

Local Caravan To Visit Spur Program Today

Annual Feeder's Day Affair Is Expected To Draw Many Visitors; Local Men Will Address Gathering

Half a dozen or more cars loaded with Lubbock county farmers, ranchers and Lubbock business men will leave from the federal building at 8 o'clock this morning for Spur to attend the annual Feeder's Day at the state experiment station.

O. G. Tumlinson, county agent; R. M. McClain, assistant and G. O. Reeves, of the chamber of commerce, will head the party.

Several To Make Trip

Mr. Tumlinson had reports of four or five car loads. Some of the men will meet the cavalcade at Idalou.

Clyde Tatum, Richard Douglas, Ray C. Mowery, Dean A. H. Leidigh of Texas Tech and several students, and one or two others are expected to attend. Sam C. Arnett, president of the Citizens National bank, Fred Snyder, feeder, H. W. Stanton of the Economy Mills and Dr. I. E. Barr, president of the chamber of commerce, and board of city development, had also planned to attend.

To Inspect Animals

The program is expected to start at Spur about 10:30 in the morning. The day will be spent in inspecting the 85 animals on feed.

Don L. Jones, superintendent of the state experiment station here; Fred Keating, head of the federal station at Big Spring; J. M. Jones, of the state experiment station; George W. Barnes, extension livestock man; John Simpson, T. and P. livestock agent and several others are expected to speak. Dean A. H.

Legal Battle Over Defense Contention Features Trial

LINDEN, May 4. (AP)—A legal battle over the defense contention that Paul Oakley was insane when he choked Bernice Clayton, 3-year-old cripple, featured rebuttal testimony at Oakley's murder trial today.

The state introduced testimony from several of Oakley's neighbors to the effect they believed him to be sane and had noticed nothing unusual about his actions. On cross-examination of these witnesses, the defense sought to prove they had no grounds upon which to base their opinion Oakley was sane.

Machinery For Submission Is Finally Ready

Texas Legislature Agrees On Conference Report; Measure Is Sent To Mrs. Ferguson For Final Approval

Convention Is Set

Mass Meetings Would Be Held By Both Factions On June 27 When Candidates Would Be Selected

(By The Associated Press)

AUSTIN, May 4.—The Texas legislature today finally set up machinery for submission on August 26 of the proposition whether the electors of this state want the 18th amendment to the federal constitution repealed.

The house and the senate accepted a conference report which adjusted differences between the two branches in details of how the sentiment of the voters should be obtained.

Mass Meetings Slated

Both factions would hold mass meetings to be held in Austin on June 27, when candidates as convention delegates would be selected by each side. The voters would elect them on August 26 and the convention would be held on November 24 when the state's final vote would be cast for or against repeal.

The bill will go to Governor Miriam A. Ferguson for her consideration. When signed it would become effective immediately, the conference report having been accepted by a two-thirds affirmative vote in each house.

Thirty-One Delegates

The convention would be comprised of thirty-one delegates, one from each of the senatorial districts. The ballots would carry names of alternates as well as delegates.

Governor Ferguson had not yet made disposition of legislation proposing a constitutional amendment to permit the sale of beer and regulating its sale in event it is authorized. The amendment would be submitted to a vote on August 26. It was expected the governor would approve the legislation next week.

Another Is Pending

There was pending in the house still another prohibition proposition, a resolution proposing submission of a constitutional amendment to eliminate the state constitution section dealing with prohibition. It would leave the matter of sale of

Plains Debaters Win First Round

Two South Plains debate teams, girls of Lubbock and boys of Ralls, advanced through first round debates of an annual Interscholastic League meet at Austin, the Associated Press said last night.

Misses Wildring B. Sherrod and Frances Simmons of Lubbock defeated Mission, and today will meet one of the strongest teams in the tournament, Brackenridge High school of San Antonio.

Ralls boys eliminated Amarillo yesterday. Today they will meet Greenville.

Two Young Men Sentenced To Pen On Assault Count

SIERRA BLANCA, May 4. (AP)—Two young men were sentenced to prison today after conviction in district court here on charges of assaulting and attempting to rob C. J. Brooks, service station proprietor at Allamore, 20 miles east of Sierra Blanca.

In the attempted robbery, which was undertaken by three young men the night of April 13, Brooks shot and killed J. B. Goodell of Wichita Falls, one of his assailants.

Youell Mershon, 21, and Roscoe Epps, 23, who were convicted today, admitted they had been with Goodell. Mershon was given a sentence of two to five years, and Epps, two to three years.

Uncanny And Almost Unbelievable Sights Are In Store For Visitors As Texas Tech Physics Show Opens Today

FEATURING steamless turbines, x-ray fandangles, the closest thing known to perpetual motion and, last but not least, "a use for a woman's voice," the fourth annual Texas Tech Physics show will open at the college this evening.

Housed in the chemistry building, the show will get underway at 7 p. m., closing at 11 o'clock tonight. It opens again Saturday at 1 p. m., ringing down its curtain on the year's display an hour before midnight.

Prepared by 60 of the physics department's 200 students, the show is first of all amusing and enjoyable. Of course, if visitors pick up some strange, yet nevertheless true information as they troop among the exhibits, that's their own lookout!

With Willard Nott, Waco senior, as manager, the show is expected to be seen by at least 2,000 persons — the average number of annual show visitors, but if words could tell the thrills in store for those who do view the displays, every man and woman in Lubbock capable of getting out to the college would be on hand when the doors open.

Show attendants will see a number of interesting and, in some cases, almost uncanny experiments, not the least of which is the measuring of the human voice through light waves, an artificial geyser which, like 'Old Faithful,' is 'hot and ready,' and a photo-electric cell automatic counter which will enumerate every visitor as

Discipline In Lubbock County Jail Tightened; Knives And Ropes Found

DISCIPLINE in county jail was tightened yesterday after officers discovered two blanket ropes and two improvised knives in cells Wednesday, Sheriff Tom Abel said.

The discoveries came after inmates had punched out panes of three windows. As a result, eight prisoners of one block were held in dark cells Wednesday night, and three of this group, believed to be the leaders, still were confined in the dark cells last night.

The glass was broken with a broom handle, which spanned the distance between the bunks and the windows. One of the blanket ropes had a wire hook at each end, so that if it were thrown out a window articles placed on the hook by a confederate could be drawn inside.

To gain access to the outside, the glass had to be broken and screens cut. Using tin of a gallon bucket and a pair of scissors, the prisoners devised a long-handled cutting instru-

Fifteen Club Patronesses Are Hostesses With Tea Dance Thursday

The Woman's Angle

* * *

BY BLANCHE BEAN WILSON
Avalanche Woman's Editor

HINTS for the housewife, picked up here and there: Dish towels should be soaked in boiling water into which a dash of soda has been sprinkled.

• • •

Boiling vegetables calls for greater precautions to preserve the food value, says the Bureau of Home Economics. For cabbage, turnips, onions, cauliflower and brussels sprouts use only enough water to cover and boil gently. Cook green vegetables, such as turnip tops, kale or spinach in a very small amount of water, or none at all except the moisture which clings to the leaves after washing.

• • •

In many homes table mats and runners are being used in place of large table cloths. Some are gayly colored prints, some plain colors. Mats made of gingham with bright checks give an air of informality to the table. If the mats are homemade, select colors and materials which will stand many washings. The mats may be fringed or hemmed, depending upon the style selected.

• • •

A good way to prevent children from using one another's handkerchiefs and to avoid confusion in sorting them is to provide each child with handkerchiefs with borders or designs of a distinctive color—pink, blue, green, yellow and such.

• • •

A simple dessert for a children's party is apple float with whipped cream. For a half dozen guests the white egg stiffly beaten and stirred into the apple sauce lifts this dessert from one of dullness to something delicate and tempting. The dash of whipped cream on the top further improves it.

• • •

The freshness of fish is determined by firm flesh, bright gills, moist-looking open eyes and shiny scales. Be suspicious of any odor except the natural smell of fish. When cooking fish, wash well in cold water, pat dry with a soft cloth or crumpled paper and cook.

• • •

When fryin hamburg steaks place thinly sliced raw potatoes, seasoned, at one side of the steak. By the time the meat is done the potatoes will be, too.

• • •

To save the newness of the linoleum, wax it.

• • •

For soup making, cut meat into small pieces, put in saucepan with bones, cover with cold water and simmer slowly until the meat is very tender.

• • •

Salt water is an excellent throat gargle.

• • •

A bottle of ketchup may be used in seasoning sauces, gravies, soups and rarebits.

• • •

One tablespoon of soft butter, well rounded, makes one ounce.

• • •

A scrubbing brush, applied to sweet corn, will remove the silk tassels that have a habit of clinging to the kernels.

• • •

If a niche in a wall calls for an ornament, or book shelves would be more attractive with some amusing object on them, colored bowls are attractive. They give a warmth that is lacking in figurines. Potted plants are decidedly effective, too.

• • •

A little butter rubbed on forks which have been used while eating fish or onions will remove the odor.

• • •

Change the soapy water frequently when washing unglazed tile, particularly, as soiled water rubbed in may stain the tiles permanently.

• • •

Milk that has been colored with chocolate and flavored with a little white corn syrup is often more attractive to children than plain milk. The energy value of the milk also increases by the addition of the chocolate and syrup.

• • •

Designs that are covering the entire dish are replacing the old patterns that used conventional bands as a decorative feature. Colored pottery is popular and adds a gay touch to a table. Green plates and cups and saucers are cool and restful for summer days.

• • •

In freezing ice cream or ices make sure that your pans and ingredients are cold before you begin. This hastens the freezing process.

YOU CAN WEAR THIS CAPE WITH OTHER FROCKS
PATTERN 9599

Make this dashing rig now while the fashion is excitingly new. A snappy sports frock with the cleverest detachable cape . . . you'll adore it! Wear the cape when you're "Spectator sporting," later doff it and reveal the perfect active sports frock, note its winning neckline, pointed yoke, and smart pleats that lend brisk animation to the skirt. Shantung, linen, pique or other crisp cotton would be perfect and so very practical and inexpensive.

Pattern 9599 is cut only in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires 3 7-8 yards 36-inch fabric. Clear, diagrammed cutting and sewing instructions included with this pattern.

Send fifteen cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your Name, Address, the Style Number and Size of each pattern ordered.

Order your copy of the Marian Martin Pattern Book. This big book is full of fascinating fashion ideas. New fabrics and accessories are illustrated along with a complete collection of stunning styles designed to help you achieve a well-planned wardrobe. Slenderizing models are here, and gay, chic styles for youngsters—all simple and inexpensive to make. Price of catalog, fifteen cents. Catalog and pattern together, twenty-five cents.

Address all orders to The Lubbock Morning Avalanche Pattern Department, 232 West 18th Street, New York City.

Slaton Girl Will Be Wed Next Week

SLATON, May 4. (Special)—Miss Ruby Teague and Mesdames Ira McCarver and W. B. Smith entertained Wednesday afternoon at the club house as a compliment to Miss Christine Champion. Miss Champion, daughter of Mr. and Mrs. J. C. Champion, is to be married to Lawrence Scales of Wellington, Kans., on May 13.

There was a color scheme of yellow and white. Mrs. W. H. McDonald of Lubbock presided at the bride's book. Those who presented a program were Mesdames Raymond Johnson and L. B. Hagerman and Misses Arlona Wood, Cordelia Grantham and Ella Loyce Gentry. There were 65 guests.

Clara Lee Norman, 14, Named Honoree At Birthday Party

Clara Lee Norman was entertained on her fourteenth birthday Wednesday when Angilene West, assisted by her mother, Mrs. J. M. West, entertained in the evening. The dinner was served in the West home, 1220 Eighteenth street. Jig-saw puzzles were worked during the evening by Florence Smith, Ruth Stanfill Ruth Voegell, Dolores West, Byrl Campbell, James and Pearl West and Ella Frances Norman.

Las Vivarachas Club Is To Attend Luncheon Saturday

Las Vivarachas members are to be guests at a luncheon given by patronesses of the club Saturday afternoon at one o'clock at Hotel Lubbock.

Okalona Camp Fire Members Are In Meeting Wednesday

Members of the Okalona Camp Fire group met at the club house Wednesday afternoon with the guardian, Miss Elizabeth Conner.

Those who attended the meeting were Jean Clapp, Betty Jean Jones, Jo Nell Cox, Sara Davis, Dorothy Sanders, Norma Price, Anna Margaret Lamb, Jaunice Smith, Melba Campbell, Billye Levens, Elinor Stinson, Barbara Smith, Madge Malone, Marilyn Riggs, Eunice Klett, Rachel Stewart, Arnette Halsey and Margaret Stratton.

AVOID THE DANGER OF CONSTIPATION

Delicious Cereal Overcomes This Condition Safely and Pleasantly

The first signs of constipation may be headaches, tired feelings, sallow complexions, sleeplessness, loss of appetite. If neglected, constipation may seriously impair health.

Today, you can banish constipation by simply eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a good source of iron for the blood.

This "bulk" in ALL-BRAN is gentle in action similar to leafy vegetables. Within the body, it forms a soft mass, and gently clears out the intestinal wastes.

Two tablespoonfuls daily will overcome most types of common constipation. If not relieved this way, see your doctor.

Enjoy ALL-BRAN as a cereal, or use in cooking. Appetizing recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

Members Of Tech Social Club And Friends Are Entertained

Las Chaparritas Club, Active And Alumnae Members, Given Afternoon Courtesy; Dancing Enjoyed

Las Chaparritas active and alumnae members, their husbands and friends enjoyed a tea dance Thursday from 4 until 7 p. m. when club patronesses entertained in the ball room of Hotel Lubbock.

Hostesses were Mesdames George Field, M. B. Hilburn, Byron Dickinson, Homer D. Grant, R. D. Erwin, jr., F. R. Friend, W. G. Murray, Harry Roberts, Mary W. Doak, J. H. Hankins, James G. Allen, J. T. Hutchinson, J. N. Michie, Hub Jones and W. E Spencer.

Johnny McFall's orchestra played for the dancing. Pansies were favors.

Rail Economy To Be Pushed

President Works Until Three In The Morning To Complete Message; Federal Co-Ordinator Is Asked

BY CECIL B. DICKSON
Associated Press Staff Writer

WASHINGTON, May 4. — President Roosevelt's emergency program for rehabilitating the railroads during a year's suspension of the anti-trust laws was laid before congress today and Democratic leaders took immediate steps to push it to enactment at the special session.

Working until 3 o'clock this morning at the White House, the president whipped into final form his 350 word message, asking congress to create a federal co-ordinator to work out immediate economies and permanent financial reorganization of the rail systems, repeal the recapture clause of the 1920 transportation act, and place railroad holding companies under the jurisdiction of the interstate commerce commission.

Based On Speech

The proposal is based on the president's campaign speech made last September in Salt Lake City, and is one of the most important parts of his emergency program.

Both the senate and house were attentive during the reading of his message on the important problem. Immediately afterward legislation to carry out the president's recommendations was introduced by Senator Robinson, party leader, and by Chairman Rayburn, who announced hearings on the administration measure would begin before the house interstate commerce committee Monday.

"The steam railways still constitute the main arteries of commerce in the United States," Mr. Roosevelt said in his message. "At this time, however, available tariff is not sufficient profitably to utilize existing railway facilities and the supplementary facilities provided by new forms of transportation.

Maintain Adequate Service

"Our broad problem is so to coordinate all agencies of transportation as to maintain adequate service. I am not yet ready to submit to the congress a comprehensive plan for permanent legislation."

Suggesting "three emergency steps can and should be taken at this special session," the president said, that "experience gained during the balance of this year will greatly assist the government and the carriers in preparation for a more permanent and a more comprehensive national transportation policy at the regular session of the congress in 1934."

President Roosevelt recommended the repeal of the recapture clause, which would cancel $361,000,000 in government claims against railroads for excess profits. This fund was to be pooled in the treasury for loans to weak lines. The interstate commerce commission has pointed out, he said, that it is "unworkable and impracticable."

To Block Mergers

Second, he proposed adoption of the Rayburn bill to place some 600 railroad holding companies under the jurisdiction of the interstate commerce commission, to block mergers and consolidations of lines without government sanction. The creation of a federal coordinator of transportation to work with three organized groups of carriers in the east, south and west, with a view to eliminating duplicated services, and unnecessary expenses, and laying the foundation for permanent rehabilitation, formed the third and probably the most important part of his request.

Not unmindful of labor's interest in the curtailment of services that might result in wholesale dismissal of employes, the president said:

"Such coordination should also, in carrying out this policy, render useful service in maintaining railroad employment at a fair wage."

New Deal Club Members Play Bridge; Mrs. Tong Hostess

Mrs. H. B. Tong, 2411 Twenty-Third street, entertained for the New Deal club Thursday afternoon in her home. Bridge was played by Mesdames Frank M. Clark, Sidney Claiborne, W. G. Hennenhofer, C. Holley, M. O. Hiatt, H. F. Meyers and Miss Nancy Hale. Favors were presented to Mesdames Hiatt and Meyers.

A peat fire at an ancient Yorkshire, England, inn has been burning continuously for 170 years.

Install Group In Dupre P-TA

Mrs. N. L. Peters Presides For Service Thursday; Program Is Presented; Is Last Time For This Season

With Mrs. N. L. Peters, retiring president of the City Parent-Teacher council officiating, officers were installed in the Dupre P.-T. A. Thursday afternoon. The meeting which was the last for this season, was conducted in the Asbury Methodist church. Mrs. Harley D. Woods, room gave the program.

Officers who were installed are the following: President, Mrs. C. C. Schmidt; first vice-president, Mrs. J. H. Stiles; second vice-president, Mrs. J. I. Kilpatrick; third vice-president, Mrs. Homer Pharr; secretary, Mrs. S. S. McKay; treasurer, Miss Maurine Henderson.

The Irish Free State sold 1,800 tractors to the United States in 1931, but not one in 1932.

Officer Is Named By Club Members

Meeting with Mrs. Ran Smith, members of the Dorcas society of Central Baptist church elected a new secretary-treasurer Thursday afternoon. Ms. W. C. Powell was named to succeed Mrs. C. B. Collins, who resigned.

Mrs. E. B. Holland was appointed chairman of the social committee to succeed Mrs. Grady Gipson, who resigned.

Those who attended the meeting were Mesdames J. B. ickery, R. G. McLeod, John Puckett, Powell, Collins, J. B. Wages, Harry Elliott, C. O. Pendley, J. D. Welch, R. C. Blake, Gipson and H. A. Harvey.

Tech-Made Scarf Will Be Given To Mrs. Roosevelt

A cotton scarf woven by the Texas Technological college textile engineering department will be given Mrs. Franklin D. Roosevelt, The Toreador, student newspaper, has reported. A design representative of cotton plant will be part of the scarf. Miss Edna Houghton of the architectural department is perfecting a design to carry out the cotton plant motif, which would embrace cotton flowers, bolls, and leaves in natural colors of the cotton plant, in three shades of green and in unbleached white.

Annual Program Of Music Is Presented By Students

Twenty boys took part in the annual boy's program given at the Rider School of Music. Piano and violin selections were played. Those taking part were John Mullins, Rafe Nabors, Jackie Shaw, Maurice Shaw, Billy Joe Chesley, Wallace Reeves, W. C. Powell, jr., Francis McDonald, Kenneth Pitchett, John Deckelman, Bobbie Meiser, Lewis Terrell, Jack McDonald, Homer Hensley, F. V. Williams, Ralph Keaton, Loyd Boles, James Sims, Jim Bill Clark and Billy Robertson.

Mrs. Rider was assisted in serving refreshments by Dorothy and Billie Jones and Virginia Lee Barr.

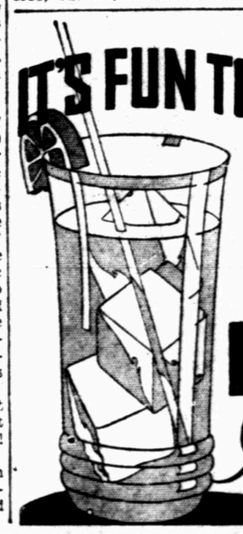

Marietta, founded in 1794, was the first permanent settlement of white persons in Ohio.

"B. C." Relieves Your Headache In 3 Minutes

Realizing that no one drug can relieve all headaches, as they come from so many causes, a North Carolina pharmacist has developed a combination of several ingredients, so blended and proportioned as to relieve almost any headache in a few minutes. You can get this formula wherever drugs are sold under the name "B. C." 10c and 25c packages, and when you have one of those violent, nerve-racking headaches, from inorganic causes, "B. C." will give you soothing relief in three minutes. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs.

A flavor that *neither* possesses alone

Turkish tobacco is to Cigarettes what Seasoning is to Food

Early in the 17th century, tobacco seed from America was taken to Turkey. Different soil, different climate, different temperatures night and day, and different farming methods produced an entirely new tobacco—small in size, but very rich and aromatic.

This tobacco is known generally as Turkish tobacco; but there are as many varieties of Turkish as there are kinds of apples.

Four certain spots are famous for the quality of their Turkish tobacco—Xanthi and Cavalla in Greece; Samsoun and Smyrna in Turkey. And it is principally from these places that our buyers get the Turkish for Chesterfield.

These Turkish tobaccos are blended, in just the right amount, with Domestic tobaccos. It is this blending and *cross-blending* of just the right amount of Turkish and Domestic tobaccos which gives Chesterfield a flavor that neither possesses alone.

Chesterfield

Peek To Head Farmer Setup

Illinois Man Is Virtually A Certain Choice As Administrator Of Farm Measure Now Near Final Passage

WASHINGTON, May 4. (AP) — George Peek of Moline, Ill., has virtually been decided upon as chief administrator of the sweeping farm measure now near final passage by congress.

Peek, a farm equipment manufacturer and long a student of agricultural problems, was one of those who participated in the White House conference last night on the application of the bill designed to raise the price of farm commodities.

Responsibilities Heavy

As chief administrator, tremendous responsibility would devolve upon Peek in executing the policies decided upon in an attempt to lift farm prices.

In addition, his position, if he is named, will put upon him the burden of handling such details as the calling of commodity councils and other steps preliminary to application of the measure's extensive discretions.

Plans Proceeding

Plans for putting the measure into operation were proceeding rapidly today while a committee of senators and representatives bent over a table in a conference room at the capitol seeking to reconcile differences between the farm bills passed by the senate and house.

They hoped to reach an agreement by the end of the week but there were more than 80 amendments in dispute and it appeared likely that the measure would not reach the White House before the first of next week.

Texas Tech Has Native Flower

Texas Technological college now can boast of a native flower almost as beautiful and certainly as profuse as bluebonnets on the Texas university campus.

If you haven't driven out to the Tech campus lately, you should go by and see the buttercups in all their splendor.

From Broadway to Nineteenth street along College avenue, buttercups are throwing their deep yellow glow across the campus stretches, adding a touch of beauty to the landscape. Thousands and thousands of the little flowers have sprung forth from the recently plowed soil.

No one seems to know where the flowers come from. They just popped up after the ground was cultivated earlier this spring. Dean A. H. Leidigh, of the school of agriculture reports they are the most common flower on the South Plains and grow profusely in abandoned ground. The plot where they are growing on the campus was formerly farm land.

The New Standard Encyclopedia tells us the buttercup is one of the various species of crowfoot (Ranunculus) and is supposed to give an unpleasant taste to milk and butter.

The flowers bloom about two weeks in dry weather, Dean Leidigh said this morning, but with moisture extend their blossoming period to sometimes longer than a month.

NEW TINNIS COURT

TATUM, (Special)—Ray Sawyers has just completed a tennis court just west of his storage property. There is a decided increase in tennis here the past several years and Mr. Sawyers expects a series of games each week this summer.

Boys' Week Parade Will Climax Observance Here

Scout Field Meet Is Scheduled As The Day's Last Event

Boys' week program here will be climaxed tomorrow afternoon with a downtown parade for girls as well as boys, white, Mexican, and negro. After the parade, the closing event of the week will be a Boy Scout field meet beginning at 4:30 o'clock.

Leaders of the program have called attention to prizes in cash and merchandise to be given for the best entries in each of nearly 30 classes.

Yesterday afternoon boys met at Coca-Cola Bottling company plant for an industrial tour. A tour of Lubbock Cotton Oil company plant will begin at 4:30 o'clock this afternoon.

Boys less than 18 years old were admitted free to a Texas Technological college-Simmons university track meet last night.

Floats as well as individual comic and unusual entries will be admitted to the parade to compete for prizes. An annual district Boy Scout field meet will be conducted at 4:30 p. m., after the parade, at the college athletic field.

Refreshments will be served at the courthouse square to boys and girls participating in the parade, after the march has been completed. Dr. J. M. Gordon of Technological college will be grand marshal of the parade. Dr. G. H. Ater has charge of arrangements for it.

Prizes will be given the boy leading the greatest number of dogs tied to one rope, the greatest number of cats likewise, pulling a wagon with an old cat with the greatest number of kittens, thus pulling a dog with the greatest number of puppies, leading the smallest dog, leading the largest dog, riding the best dressed cow or other animal.

The girl with the best dressed cat, with the best dressed dog, the boy riding the best decorated bicycle, the boy less than six years old riding the best decorated tricycle, the boy having the most comical vehicle not motor-drawn.

The most comical boy riding a donkey, best dressed boy riding a Shetland pony, the boy leading the largest rooster, the best dressed cowboy less than 14 years old riding a horse, the two boys best representing Amos and Andy, the boy best representing Charlie Chaplin, the boy having the reddest hair, the most freckles, the largest ears, the negro boy having the largest feet, the largest mouth, the most comical negro boy.

The most unusual float entered by a Boy Scout troop, the negro boy having the best decorated float not motor-drawn, the best decorated float manned by boys and girls less than 16 years old, the best float entered by Camp Fire Girls, and the best float entered by Mexican boys.

Each float prize is $5 in cash.

Ralls Resident Buried Thursday

RALLS, May 4. (Special)—Funeral services for Mrs. H. G. Walker, 34, who died soon after leaving her home here to go to a Lubbock hospital at 4:30 a. m. Wednesday, were conducted at 10 o'clock this morning by Rev. R. E. Harrison, pastor of the First Baptist church, and Rev. Uel D. Crosby, of the First Methodist Episcopal church. Burial, supervised by Will Marr, was in Ralls cemetery.

Mrs. Walker is survived by a widower; six sons, J. A., George, Curtis, Ennis, Delma and Billy Walker; two daughters, Evelyn and Dorothy Ruth Walker; her mother, Mrs. J. J. Dyess, three brothers, five sisters, three half-sisters, and two half-brothers.

Father Of Lubbock Man Dies At Bonham Home Thursday

J. T. Benoit, jr., manager of a lunch room, left Thursday night for Bonham after receiving word that his father, J. T. Benoit, 61, had died suddenly in that city. Death was attributed to heart disease.

Mr. Benoit is survived by his widow and a son, James Baden, of Bonham; a daughter, Miss Beatrice Benoit of Dallas; a daughter, Miss Fanny Belle Benoit of Birmingham, Ala., and Mr. Benoit of this city.

Freezing milk for storage has been successful in India.

Something different for breakfast!

Change to crispness!

PLENTY of women have experimented with cheaper baking powders. But one by one, they change back to Calumet.

For they find that Calumet's Double-Action has been the biggest reason for all their successful baking. Without it, cakes seem to lack that velvety texture . . . quick breads seem less fine and even.

Calumet bakes better because it acts twice. The first action starts in the mixing bowl. But the remarkable second action is held in reserve to be released in the heat of the oven. It is this balanced Double-Action which gives such perfection to your baking.

Calumet is reasonably-priced too. And you use less. Its thrifty proportion is only one level teaspoon to a cup of sifted flour in most recipes.

Better baking — moderate price—and it goes further!

1st ACTION 2nd ACTION

GET PROOF! See Calumet act twice! These pictures illustrate the famous Calumet Double-Action Test. You'll find full directions for making this easy test inside every Calumet can. Try it! See for yourself how Calumet acts *twice* to make your baking better.

State Revenue To Be Sought

Regional Educational Rally Will Be Staged In Lubbock Saturday; Knapp And Garrard To Be Speakers

A resolution asking sufficient revenues to support at least a $17.50 per capita school apportionment will be offered at a regional educational rally from 10 to noon Saturday at Lubbock High school.

Dr. J. T. Hutchinsn, president of the Lubbock school board, will preside. The resolution is to be offered by John L. Ratliff of Lubbock.

President Bradford Knapp of Texas Technological college, and Tom Garrard, member of the state board of education, will be principal speakers.

"The Crisis in Public Education in Texas" will be the subject of Doctor Knapp, Mr. Garrard will consider the question, "What Can Be Done To Keep the Public Schools of Texas Open for a Full Nine Months' Term During 1933-34?"

Supreme Court Proceedings

AUSTIN, May 4 (AP)—Among proceedings had in the supreme court Wednesday:

Applications for writs of error granted: James Shaw, banking commissioner vs. R. L. Lewis, Lamar; C. M. Powell vs. City of Amarillo, et al, Potter.

Applications for writs of error refused: J. C. Ward vs. W. M. Priddy, et al, Wichita; Jack Patterson, et al, vs. the town of Merkel, Taylor; Etta Lee Moore vs. Texas Employers Ins. Ass'n., McLennan; John Albright, et al, vs. Elbert Hoyt, Gregg; Viola Wells, et vir, vs. B. F. Laird, et al, Gregg; Houston Oil company of Texas, et al, vs. Herbert E. Williams, et al, Gregg.

Applications dismissed for want of jurisdiction: N. W. Rowan vs. Bender Motor company, McLennan; R. G. E. P. and S. F. Rwy. Co., et al, vs. Dora S. Dupree, El Paso; John Williams, et al, vs. E. E. Nettles, administrator, Navarro.

Application for writ of error dismissed: J. L. Mayfield vs. J. C. Hustad, et al, Nueces.

Agreed motion to dismiss application No. 19552, submitted and granted: Gulf Refining company vs. Elbert Rogers, et al, McLennan.

Motions for rehearing of applications overruled: City of Corpus Christi vs. Mrs. Annie U. Johnson, Nueces; City of Waco vs. Urban Rock, et al, McLennan.

Motions for rehearing of cases overruled: K. C. M. and O. Railway company vs. Lorenzo M. Torres, Tom Green; Lone Star Gas company vs. J. R. Hutton, et ux, Lamar.

Motion to retax costs overruled: Ed Muligan vs. Omar Gasoline company, et al, Wichita.

Motion to issue mandate without payment of costs overruled (opinion): Mack Saxon, Admr., etc. vs. A. T. and S. F. Rwy. Co., El Paso.

Motions to advance overruled: San Lorenzo Title and Improvement company vs. the City Mortgage company, El Paso.

The following cases were decided by the supreme court on reports from the commission of appeals:

Judgment of court of civil appeals reversed; judgment of district court affirmed: Lydia B. Moore, et al, vs. Rock Creek Oil corporation, et al, Potter; V. B. Rogers, doing business as an auto finance company, vs. D. L. Irwin, McLennan.

Judgments reversed and rendered for plaintiff in error: City of El Paso, et al, vs. Rudolph Jackson, et al, El Paso.

Hen Mother To A Pair Of Owls

CLARENDON, Texas, May 4 (AP)—A hen at the park creek camp on the JA ranch, west of Clarendon, hatched and is mothering a pair of owls. As a provider, however, the foster mother has fallen down on the job, and the camp foreman, Winks Adams, kills them a rabbit a day.

"I haven't any plans for their future," Adams said, "but they at least satisfy the desire of the hen to mother something."

Homemaking Education Rally Is Opened At Mineral Wells

MINERAL WELLS, May 4 (AP) — Several hundred girls from all sections of Texas were here today for the homemaking educational rally conducted by the home economics division of the state department of education.

The work is under the direction of Miss Lillian Peek, state supervisor of Austin. Miss Vernice Mallory, state chairman of the home economics clubs, C. I. A., Denton presided.

CRITICALLY ILL

Mary Florence Knox, 20, of 1630 Eighteenth street, was critically ill Thursday night at Lubbock sanitarium. She was admitted for treatment at 6 o'clock, suffering of diabetes. She was semi-conscious last night.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cents and 35 cents Packages. All dealers.—Adv.

Aged Woman Is Found After Spending Night In Rainstorm

BROWNWOOD, May 4. (AP)—Mrs. J. B. McMillan, 77, who had been missing since last night from the home of a daughter near Blanket, appeared at the home of a neighbor today.

A party of 150, including Brownwood police, had sought her. She became lost when she went out to round up turkeys at the start of a rain storm, wandered two miles away and spent the night under bushes. She suffered no ill effects.

Use of charcoal-gas for operating motor trucks and buses was recently demonstrated at a conference held in China by the gevornor of Hunan province.

Tech Cops Meet With Simmons; Two Baseball Games On Tap Here Today

Relay Victory Gives Matador Team The Edge

Tech Lead Threatened Toward Last And Result Hinges On Last Event; Matadors Excel In Track Events

With the outcome depending on the final event, Texas Tech's freshman quartet navigated the mile relay in 3:35 last night to give the Matadors a 63 to 54 victory over Simmons university in a dual track and field meet here.

And if rules barred the fish team, Tech won anyway because the varsity team finished ahead of the Cowboy foursome.

Guy Creighton of Simmons was high scorer with 15 points, winning the 100, the 220 and the broad jump.

Tech led from the outset, scoring 24 points before Simmons registered. The Cowboys swept the discus and broad jump events and won the low hurdles to almost catch up toward the last.

What from the first looked like a run-away for the Matadors developped into a thrilling meet in the closing moments. With Tech leading, 58 to 54, victory in the relay, in which only first place counts, would have given the Cowboys the meet by one point, 59 to 58. Creighton led off ahead of Carl McAdams, but the Tech runner got the lead on the last turn and the Matadors stayed ahead the rest of the way.

New Record Set

McAdams set a new school record in winning the 440 event in 52.7 seconds. Basil Hill, who also ran in the relay, was second.

The half-mile run proved one of the most thrilling events of last night. Austin led Shepherd the first quarter but the two breasted the tape for a dead heat. Points were divided.

Orris Seale, the Lorenzo marathoner, provided another big thrill when he overcame a field of five to win the gruelling two-mile run. He was third after four laps, but gradually overcame Sheppard of Simmons and passed the Cowboy runner on the last lap, sprinting to a fine finish.

The summaries:

Mile run—Priddy of Tech, Cantrell of Tech; 4 51.3.

Shot put—Smith of Tech, Dowell of Tech; 39 feet, 6 inches.

440 dash—McAdams of Tech and Hill of Tech; 52.7.

Pole vault—Huestins of Simmons, Kuhn of Tech; 11 feet, 3 inches.

100-yard dash—Creighton of Simmons, Pee of Simmons; 10.4

High hurdles—Hill of Simmons, Tadlock of Tech; 16.2.

Javelin—Owen of Tech, Dowell of Tech; 147 feet.

880-yard run—Shepherd of Simmons and L. Austin of Tech tied; 2 minutes, 8 seconds.

220-yard dash—Creighton of Simmons, McElroy of Tech; 22.7.

High jump—Cowan of Tech, Arnette of Simmons; 5 feet, 11 inches.

Two-mile run — Seale of Tech, Sheppard of Simmons; 10.55.

220 low hurdles—Hill of Simmons, Beauchamp of Tech; 26.5.

Discus—Pee of Simmons, Hill of Simmons; 124 feet, 5 inches.

Broad jump—Creighton of Simmons, Pee of Simmons; 19 feet, 9 inches.

Mile relay—Tech (Brown, L. Austin, J. Austin and Epperson) and Tech second; 3.35.

U. S. Davis Cup Team To Face Its First Test With Mexico

MEXICO CITY, May 4 (AP) —The United States Davis cup team receives its first test of a campaign confidently expected to lead it again into the challenge round against France when it takes the court tomorrow against Mexico in a first round match of the North American zone of the International tennis play.

A team of veterans headed by Wilmer Allison, ranked second on the American list, has been sent to make sure no upset occurs at the hands of Dr. Ricardo Tapia and the youngsters who compose the Mexican team.

Allison and Doctor Tapia will oppose each other in the opening singles matches tomorrow followed by Cliff Sutter, third ranking American star, and Esteben Ryes, Mexico's second best.

George M. Lott, jr., and John Van Ryn, the veteran American doubles team, will meet the Mexican team, unnamed as yet in doubles Saturday and the series will be concluded Sunday with Sutter meeting Tapia and Allison playing Reyes.

Scaling, Hale Center Player, Joins Topeka, Kas., Ball Club

HALE CENTER, May 4 (Special) Sam Scaling, well known baseball player living here, has gone to Topeka, Kans., where he will play with the league formed out of the old Western league and Western association. Sam will play with Topeka.

Sam played last year for 20 games in the outfield, with Fort Smith when an accident put him out of the game for the season. He received a broken leg.

There is a depression in Wisconsin's marriage market, 14,035 weddings recorded for 1932 as compared to 16,784 in 1931.

Second Annual Tennis Tourney Abernathy Review Scheduled

ABERNATHY, May 4. (Special)—Second annual Abernathy Review tennis tournament is scheduled for the first Monday in June, Vic Lamb, editor of the paper and sponsor of the affair, announces.

Billy McClure, who won the first meet last year and was awarded a silver loving cup, will defend his title. The cup must be won two years in succession to become property of the winner.

Schedule of play will be arranged by the Abernathy Tennis club.

San Antonio Missions Stumble Into Two Handicaps And Lose

SAN ANTONIO, May 4. (AP)—The San Antonio Missions stumbled onto two serious handicaps today and lost to Tulsa 7-1. First they were gunning for their tenth straight victory. Second they were batting against a man named Burns. Of the two handicaps Burns was by far the greater.

Burns scattered six hits in such a way to hold the powerful batting of San Antonio and was ably supported in run manufacturing by a couple of mates, Alex Hooks and Kid Glaister, youthful shortstop, both men getting four hits each.

Tulsa	200	100	202—7 12 0
San Antonio	000	100	000—1 3 1

Burns and Mayer; Conlan, Miller and Heath.

A. C. C. DOWNS DENTON

DENTON, May 4. (AP) — Abilene Christian college defeated the North Texas State Teachers college in a dual track and field meet here this afternoon, 66 points to 56.

Moore of the Teachers was high point man with 14 1-2.

CLUB IN RECEIVORSHIP

LITTLE ROCK, Ark., May 4. (AP) —The Little Rock baseball club of the Southern association was placed in receivership today and State Senator Ed Dillon was named receiver by Chancellor Frank H. Dodge.

Grovesville In Opener Today; Plays Local 9

Canyon, County Line And Monroe Win First Round Games Yesterday; Woodrow Plays Union This Afternoon

With each succeeding game just a bit tighter than the one before, the Lubbock county baseball tournament, in which 20 teams were originally entered, gets further along in the first round with two games scheduled today.

A local team, the Martin's Drug store nine, tangles with Grovesville, considered a strong ball club, in the opener of today's double-header at City Park. The game starts at 1:30 o'clock.

Union vs. Woodrow

Union and Woodrow meet in a "grudge" game at 3:30 this afternoon.

Three teams advanced to the second round following yesterday's games. In the first, played yesterday morning, Jack Thompson's Canyon outfit pushed over a couple of runs in the last of the ninth inning to defeat Liberty, 15 to 14. The score was close all the way through, tied twice. Intermittent showers and a cold wave, making it tough on pitchers' arms, gave the batters lots of fun.

County Line had to take the Idalou team 10 innings before winning a 9 to 7 victory in the first of yesterday's double-header. The game was perhaps the best so far of the tournament, each side fighting for base hits and scrambling for fielding honors.

The Lubbock Ramblers were defeated, 9 to 3, in the final game. Manager Hollis Payne couldn't collect his regular lineup and had to play with several substitutions, some of his players being sick. The Monroe team, aided by most effective pitcher so far seen, was the victor.

Demp Webster, southpaw, had a shutout over the Ramblers until late in the seventh when Pitcher Bull Thompson poled out a home run, scoring Nelson and Bettes ahead of him. The Ramblers touched Webster for only five bingles, with but two coming in one inning. Nelson was hit by a pitched ball and Bettes got a scratch single. Atkinson flied out to left and Thompson, the young rubber-armed tosser late of high school days, let go his mighty wallop for four bases.

They got to Thompson for fifteen hits; it was a bad day for him, and he had poor support in the field.

On tomorrow's card, Slide and Bunker Hill play the first game, with a Lubbock club, the 131st Field Artillery, meeting the strong Shallowater club in the second game.

Knapp Wires Regrets To WTSTC President On Plans To End Relations

Opens Investigation Of Situation Here In Conference

Dr. Bradford Knapp, president of Texas Technological college, has begun an investigation into events leading up to brief fisticuffs here last Friday night at the conclusion of a spring training football game between the Tech Matadors and West Texas State Teachers college of Canyon.

Surprised by announcement in Thursday's press of the request made of the Canyon school's athletic association by WTCC Head Coach Sam D. Burton that athletic relations between the two schools be severed, Doctor Knapp yesterday morning telegraphed his regrets to President Joe A. Hill, of West Texas Teachers.

Meets Committee Here

In the telegram Doctor Knapp said "I promise you full investigation" and began this afternoon with a long conference with members of the Tech Athletic committee, Head Coach P. W. Cawthon and members of his staff.

Burton, who last night said his request to sever relations between the schools was for "as long as the two schools have their present coaching staffs", transmitted his views by letter to Coach Cawthon here. Teams representing the two institutions have met in football, basketball and track ever since Tech's doors were opened in the fall of 1925. Last Friday night's game was the return training match of a two-year contract. Last year's tilt was played at Canyon. A track meet between athletes of the institutions had been scheduled for Canyon on May 20 but probably will be called off.

Fisticuffs Are Brief

Last Friday night's mix was marked by some rough playing, observers said, but fisticuffs were not engaged in until the teams were leaving the field. Only a few members of the teams engaged in the altercation which was immediately squelched by coaches and officials.

Doctor Knapp's telegram to Doctor Hill read as follows:

"Regret exceedingly most unfortunate publicity regarding request your physical education director for breaking relations with this school. I promise you full investigation. Seems to me exceedingly unfortunate our coaches and yours could not have consulted presidents of these institutions and permitted us to make our investigations before any action was taken. Personally, I will not tolerate anything short of the highest standards of intercollegiate athletics. Desire to express to you and your school our most profound regret, no matter who is to blame. We have stood by your school and will still work harmoniously with you."

Next to the late Warren G. Harding, President Franklin D. Roosevelt is the most enthusiastic baseball fan ever to occupy the White House.

Gehringer's Hit Robs Yank Star Of Fame

Detroit Slugger Slams Out Home Run In First Pitched Ball Of Ninth Inning To Spoil Perfect Game

DETROIT, May 4.—Charley Gehringer blasted Vernon Gomez, southpaw ace of the New York Yankees, loose from a niche in baseball's hall of fame today when he clouted a home run at the start of the ninth inning to ruin a prospective no hit game. The Yanks had little trouble winning the game, 5-2, even though Gomez weakened a bit when he saw his hopes for a record game knocked away.

For eight innings Gomez didn't give a hit and, although he walked seven, no Tiger got past second base. Then Gehringer clouted his first pitch in the ninth into the right field bleachers and Gerald Walker followed with a double that led to Detroit's other run.

STAGE OLDTIME RALLY

CLEVELAND, May 4 (AP)—The Indians spotted the Washington Senators four runs in the first inning today, but staged an old-fashioned rally in the ninth to win, 6-5, and go into a tie with the White Sox for second place.

It was "hard-luck" Mel Harder's first victory of the season. Thomas was the losing pitcher, having replaced Crowder in the seventh after the Indians had nicked him in the sixth for three runs.

SOX DOWN A'S, 2-1

CHICAGO, May 4 (AP)—The Chicago White Sox defeated the Philadelphia Athletics, 2-1 today, in the only game of their series the weather man allowed them to play.

Both Chicago runs came in the first inning and were unearned. Sam Jones kept the A's to five hits, two of which came together in the second inning for their only run.

Merritt Cain, who allowed the Sox six hits in seven innings and otherwise pitched shutout ball, was handicapped by a fumble by Shortstop Eddie Cihocki which led to both Chicago scores.

Pirates Celebrate Wagner Day By Downing Dodgers, 2-1

BROOKLYN, N. Y., May 4 (AP) — It was Honus Wagner day in the Brooklyn ball yard today and the Pirates and Dodgers put on one of those ball games for the delight of the "Flying Dutchman" and a crowd of 10,000 that carried all the way back to the hey day of baseball's greatest shortstop.

Pittsburgh came from behind after trailing seven innings of the way and won in the tenth, 2 to 1.

It was a pitcher's duel all the way between Watson Clark, Brooklyn mainstay, and Heinie Meine, Pirate right hander, with the southpaw showing the early class and the stocky Buccaneer finishing the stronger. Clark allowed eight hits, Meine six.

CARDS, 5; PHILLIES, 2

Philadelphia, May 4 (AP)—The St. Louis Cardinals, in a big fifth inning pushed five runs across the plate—their total for the day—to hand the Phillies a 5-2 defeat today.

Jim Mooney, Cardinal left-hander, hurled effectively, holding the Phils to six scattered hits. Touched for five hits in the fifth, John Berly gave way to Jim Elliott, who retired for a pinch-hitter in the seventh and then was replaced by Ad Liska.

GIANTS WIN DOUBLEHEADER

NEW YORK, May 4 (AP) — The Giants took two close decisions from the champion Chicago Cubs in a doubleheader today, 2-1, and 5-4, and captured the series two games to one.

Fred Fitzsimmons pitched steady ball in the opener while New York came from behind in the fifth and sixth frames to score the deciding runs. Sam Leslie's triple and George Davis' single in the seventh won the game.

Four Cub errors played an important part n settling the second contest while Bud Parmelee hurled well in the pinches. Blondy Ryan drove on one of the winning tallies in the sixth when Stephenson lost his fly in the sun and it went for a double and a wild throw by Jurges allowed the second to score on the same play.

BOSTON, May 4 (AP)—Si Johnson, Cincinnati right hander, today held the Boston Braves to one hit as his slugging teammates batted out a 4-0 victory. Only 27 Tribesmen faced Johnson during the game, for Wally Berger, who registered the only Boston hit in the second inning, was thrown out going down to second.

Johnson did not have a strikeout or yield a base on balls. Berger was the only Brave to reach first base and only seven Boston batted balls went out of the infield. The one-hit shutout gave Johnson his second victory in six starts.

BASEBALL'S BIG 6

Fred Schulte climbed into the driver's seat in the bix six yesterday, passing the National league's leading batter, Johnny Frederick, and gaining heavily on all the other members except the idle Sam West. Schulte hit twice in three times at bat, adding 13 points to his average to bring it up to .410. The rest could get no more than one hit apiece and all lost. Frederick and Gabby Hartnett suffered the most severe setbacks, losing 27 and 23 points respectively. Hartnett dropped to third in the National league list behind Pie Traynor.

	G	AB	R	H	Pct.
Schulte, Senators	17	61	12	25	.410
Frederick, Dodgers	14	42	6	17	.405
West, Browns	20	80	13	31	.388
Traynor, Pirates	16	67	9	25	.373

Swanson, WhiteSox	13	39	7	14	.359

State Interscholastic League Meet Opens With Tennis Matches; Track And Field Preliminaries Run Today

(By The Associated Press)

AUSTIN, May 4.—The 23rd annual University of Texas Interscholastic league meet started here today with principal interest centered in preliminary play of boys doubles and boys singles tennis.

The track and field competition was scheduled to start tomorrow with preliminary events carded incident to the main activities.

Follet Among Winners

Follet, in Lipscomb county, Austin, Pharr-San Juan, El Paso, John Reagan of Houston and Brackenbridge of San Antonio were winners in the first round of boys' tennis doubles. North Dallas and San Angelo will go into the second round as recipients of byes.

Entrants from Victoria, Taylor, Mason, Denison, Wichita Falls and Amarillo were victors in the first round of boys singles. Paschall Walthall, of Thomas Jefferson, San Antonio, and Willard Foster of Abilene drew byes.

J. R. Corbett of Amarillo was given a battle by Kendall Hodges of Jaser, but won, 3-6, 6-4, 6-2. Rufus King of Wichita Falls won from Louis Kahn of El Paso by default.

The other matches were two-set affairs.

Leo Recknagel of Victoria beat Jimime Hill of Tyler, 6-3, 6-3; Joe Bibb Gossett of Taylor defeated Pat Pickett of Liberty, 6-0, 6-3; Steve Latham of Mason won from Forrest McIntyre of Pharr-San Juan, 6-1, 6-3, and Jack Moore of Denson beat Dill Cole of Corsicana, 6-3, 6-3.

Bill Rockne, son of the late Knute Rockne, is engaging in spring football practice at St. Benedict's, where Larry Mullins, former Notre Dame fullback, is coach.

Fifty-Ninth Running Of Kentucky Derby Slated To Be "Wide-Open" Race

Coe Entry Is Favorite But Upset Looming

No More Than 18 And Possibly 15 Starters Due In Turf Classic Saturday; Railbirds Vary In Opinions

BY ALLAN GOULD
Associated Press Sports Editor

LOUISVILLE, May 4. (AP)—Instead of clearing the extraordinary uncertainty surrounding the 59th Kentucky derby, for benefit of the visiting vanguard of the turf faithful, today's developments mainly served to emphasize the chances or expert convictions that the prime eastern choice, William R. Coe's Ladysman, will be chief among the victims of an upset in the big classic Saturday at Churchill Downs.

Although the Coe entry of Ladysman and Pomponius rules a 2 to 1 favorite, after being at the top of the books nearly all winter and spring, the prospects favor a wide-open race among no more than 18 and possibly only 15 starters. The third Coe horse Pompoleon, is a doubtful starter, but insofar as the railbirds will admit any chances of a son of Pompey going the derby route of a mile and a quarter successfully, they consider Pomponius to have equally as good prospects as the more renowned Ladysman.

Workout Not Satisfactory

Ladysman's workout this morning, while not calculated to furnish anything but exercise for the favorite caused a number of observers to come away shaking their heads over the horse's behavior. The chestnut colt jogged a half mile alone, under the watchful eye of trainer "Buddy" Stotler and then galoped another half in company with Pomponius, returning to the stable to receive the attention of three grooms. Stotler pronounced his pampered charge to be in first-rate condition but declined to make any predictions.

The reluctance of Kentuckians, as well as a good share of the other critics, to accept an eastern favorite at face value may be prompted by experience. Two years ago, Equipoise came to grief the very day of the derby and last year the highly-regarded Tick On, eastern choice, failed to place.

The Horse To Beat

Nevertheless, Ladysman remains the horse to beat. The reinforcements to the press gallery today failed to develop any agreement on what horse, if any, has the best chance to take the favorite's measure and lift the $50,000 prize of three-year-old racing.

The Blue Grass regions has pinned its hopes on Head Play, the $500 colt owned by Mrs. William Crump, of Nashville, trained by her husband, a former well known rider, and developed to the extent of being held at the short price of 4 to 1.

Others To Be Backed

At least a half dozen others may be well backed by the time the bugle calls the derby field to the post Saturday around 5 p. m. (C. S. T.) There is the Florida derby winner, Charley O., owned by Mrs. R. M. Eastman of Chicago; Leo Rosenberg's Kerry Patch, surprise winner of the rich Belmont futurity last year; Mr. Khayyam, son of a former derby winner which cost its owner, Mrs. James M. Austin of Westbury, Long Island, only $400 as a yearling; and, last but not least, Broker's Tip, the chief candidate of the famous Kentucky colonel, Edward Riley Bradley.

The weather prospects are dubious. Rain is forecast tomorrow and possibly Saturday, in which event one of the doubtful starters, Silent Shot, with a liking for the mud, will augment the derby field.

Veteran Keeper Of A Speakeasy Bar Finds No Romance In 3.2 Business

On-The-Level Stuff Lacks The Thrills, Declares Andy

By WILLIAM RITT

CLEVELAND, O.—"I don't like it, no sir! It's too much on the legit. No romance, no mystery, no nuthin'. Give me back the good old days, say I, when there was some snap to the business. New deal, nuts!"

Thus spake Andy, rotund, red-faced veteran Cleveland speakeasy bartender, as he scowled at a foaming glass of perfectly legal 3.2 beer.

Andy is one of the real old-timers of the speakeasy racket. Mustered out of Uncle Sam's service in the early days of prohibition, he had looked around for a job and found one—in the then rapidly thriving infant industry of bootlegging.

Enjoyed His Role

From that moment to the fateful minute after midnight, April 7, Andy was a lawbreaker—and enjoyed it immensely.

A score or more of times during his speakeasy career Andy had the desperate thrill of hastily dumping the stuff down drains while the hand of the law rocked green peephole punctured doors with its ominous blows.

At his peak Andy could convert a sinister, booze-loaded bar into a perfectly innocent and bare wooden counter, which, however, exuded certain faint and provocative odors.

There were times, however, when Andy wasn't quick enough or taken by surprise. And then he rode the paddy wagon to headquarters, where he was booked—and let go. He never served at stretch. The law was looking for bigger fish, and Andy was never more than a minnow, an employe.

"I don't like it! No romance . . . no mystery . . . no nuthin'."

At It 12 Years

Twelve years in the "business"—if Andy isn't qualified to speak for the thousands of speakeasy bartenders who April 7 found themselves innocent workers in an honest trade, who is?

"'You know what?" Andy sniffed, as he drew another glass of the New Deal brew, "I might as well be a grocery boy peddling prunes for all the punch there's in this now. What are you? A customer! What am I? A clerk! Back in the good old days, when I slipped the chain off the door to let a pal in I was doing him a big favor, see? And he appreciated it.

Mystery, Romance

"And those knocks on the door—boy, there was the mystery and the romance, for you. You never knew who was on the other side. Maybe a guy with 10 bucks he wanted to blow. Maybe a Fed with a padlock in his pocket. Maybe a squad of rough babies sent by the Big Guy downtown to pull the bar out and shove the furniture around a bit because the boss hadn't played ball, see?

"Yes, sir, when a new mug showed up at the door I could take him three ways—new business, Uncle Sam's business or bad, bad business. Get what I mean? I had to pick one—and pray my guess was right.

"What do you drink that stuff for, huh? Do you really like it? Not me. When I saw this New Deal coming I fixed my self up. That three-point-two talk was the tip-off. I lay in some cases of real fire water and they're under the bed up to the room this minute. Repeal wont' catch this boy not ready.

Fast Comeback

"Say, some day when I'm in the mood I'll tell you a good one. A real story. Better than the one 'bout the time a big, good looking guy walks up to the bar and shows me his vest. There's a badge on it.

"What's your name?" he barks, I think fast. 'Gallagher,' I spoofs. 'Swell,' he says, 'mine is Shean. Let's sing our song together—down town. Come on!' "

"Well, the boss bails me and I look up the copper and find the dirty so-and-so was lying. His name wasn't Shean at all! Can you imagine it!

"What's that? That's all? Just one? See—what did I tell you! It's so easy to get in now you guys don't appreciate it.

"New Deal? Nuts!"

Heavy Rains

(Continued from Page One)

Shamrock and Clinton, Okla., to Waynoka and Shattuck, Okla.

House And Bridges Are Washed Away At Borger

BORGER, May 4. (AP)—One house and several bridges were washed away last night when the Rock and Dixon creeks went on a rampage after a cloudburst.

Three carbon plants were isolated when the bridges went out and pipe lines were broken. The Canadian river was bankful, cutting off traffic between Borger and Stinnett.

Telephone service to the north also was interrupted and school buses were halted. The rain began yesterday and developed into a downpour for four hours early today.

Oklahoma Panhandle Is Soaked By Big Downpour

GUYMON, Okla., May 4. (AP) — The Oklahoma Panhandle was soaked today by the heaviest rainfall within the last 11 months. A total of 3.35 inches had fallen in the Guymon section.

The rain, coming after a series of devastating sandstorms, gave new hope to farmers and stockraisers who saw row crops and ranges revived. Although wheat had been damaged seriously by drought and wind, farmers now predict the best row crops in years.

Only Light Showers Are Reported In This Area

Skies were clear last night, and rain which seemed apparent for this area Thursday afternoon still remained in an indefinite future.

Lubbock received a sprinkling, and for a few minutes a moderate shower. Precipitation thus far this year has been appreciably less than normal.

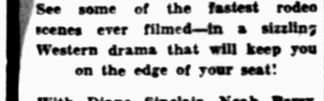

Airplanes are using an average of 2,200 barrels of gasoline daily.

SPRING FEVER
may not put you in bed

. . . but if you feel listless, tired, run-down, appetite dull, with a weak let-down feeling — perhaps nervous and worn out—why not "snap out" of this condition? Tone up your appetite, increase those red-blood-cells, and get in step with those who put zip and pep into everything they do—the best way to be happy and cheerful.

There is a good old medicine, S.S.S.—tested both by time and by scientific research, which in addition to being a valuable general tonic, has been found to be remarkably efficient in restoring to the blood the normal amount of red-blood-cells and their hemo-glo-bin.

. . . if you suspect an organic disease, consult a physician. S.S.S. is not a "cure-all" BUT for a pimply skin and that tired, worn-out, let-down feeling — "spring fever" just try S.S.S. and see how you awake after a night's sound sleep feeling fresh and fine, — and see how you eat with restored appetite . . . see how your skin clears up.

Instead of slowing down in the early afternoon, you should possess ample energy to carry on thru the day and evening hours. S.S.S. is a particularly valuable tonic in the Spring of the year. It is liquid of course . . . never sold in tablet form.

. . . as a word of caution to the millions who know S.S.S. and its benefits from personal experiences, we suggest that you do not permit anyone to switch you to any of the hundreds of "just as good as S.S.S." substitutes. Remember that successful products are always imitated, but it seldom pays to buy imitations—insist upon S.S.S. At all good drug stores. © The S. S. S. Co. (Adv.)

Depression's Worst Phase

MOST of us are prone to think of the depression in terms of its effect upon business, industry and finance, overlooking its inroads into personal happiness, comfort, and content.

After all, it is not what one has but how one feels that makes life attractive or unattractive to the individual.

The case of young Harold Hall, unemployed and discouraged, brings out the most serious effects of the economic slump and lays the entire problem, stripped of percentage figures and car-loadings, on Lubbock's front doorstep. Young Hall drank carbolic acid after failing to secure work and thereby placed another serious charge against depressed times, unemployment and everything that goes with them.

The case is sad.

Here is a young life, snuffed out. Who knows but that the world, or at least some of the individuals in it, have thus been penalized in the loss of the future efforts, friendships and successes of young Harold Hall? Who knows but that a life of future great service has been forestalled?

That depressed times are to blame, there is little doubt—proving the contention that the worst thing about the economic slump is its effect upon the comfort and happiness of the individual and not its effect upon business or finance.

The regrettable occurrance here is not unusual in these times.

Similar happenings are reported every day from the centers of population all over the country.

Present-day civilization must answer for them; must face the problem and devise an improvement.

There is something radically wrong with a world out of gear like ours and the condition cannot be condoned.

A SELF-TEST

A man who has passed on—Elbert Hubbard—gave the following self-test, to be taken on the turn of the year, and it would seem to be applicable to every serious-minded person even this late in 1933.

Take an inventory of your spiritual assets. How do you stand on these? Mark yourself 10 where you are perfect; then, the rest mark down to about where you are, and see how it looks.

Faith, system, service, loyalty, purpose, kindness, economy, industry, courtesy, initiative, intention, frankness, evolution, education, fellowship, patience, courage, responsiveness, tenacity, ambition, harmony, prudence, integrity, obedience, thoroughness, mutuality, mastership, fraternity, endurance, enthusiasm equanimity, good cheer, reciprocity, cleanliness, helpfulness, punctuality, self-control, orderliness, cooperation, self-reliance, trustfulness, self-sacrifice, perseverence, individuality, and concentration.

Never mind anything more—line these up, put down your quotations, draw a line, foot-up, and divide by the number of factors, 47, and see what your average is. Then you will perhaps know where you stand.

If it comes out right, you can agree with Robert Louis Stevenson, who said: "I know what pleasure it, for I have done good work."

A man who does good work does not have to talk, apologize and explain—his work speaks.

CAMPAIGN A FAILURE

The "buy-British" movement which was launched with the expectation that it would prove an important factor in the revival of British trade, has proved a disappointment to at least one of its originators.

Sir Edward Crowe, who as a member of the Empire Marketing board was among the initiators of the campaign, recently declared in an address before a group of business men: "I think probably the buy-British campaign has gone far enough. We want to buy American goods and we want America to buy British goods."

The attempt made in the United States to launch a "buy-American" movement is destined to prove as futile in assisting business back to a normal level as has the drive in Britain. It apparently has not attained much strength, nor does it seem likely to do this. Failure of Americans to respond more generally than they have done does not reflect upon their loyalty to home industries. They know that if Americans don't buy foreign goods, foreigners can't or will not buy American goods.

The truth of this principle is beginning to be impressed upon the British.

Yokels: The visitors you see in museums and art galleries that gives cities superior culture.

An expert is a man who knows what is required by the prosecution or the defense that hires him.

Today's One-Minute Sermon

He that cometh from above is above all: he that is of the earth is earthly, and speaketh of the earth: he that cometh from heaven is above all.—St. John, 3-31.

Glass Fears A Crash

By CHARLES P. STEWART
Central Press Staff Writer

U. S. Capitol

WASHINGTON, May 5.—Senator Carter Glass' break with the administration, in the course of the recent debate concerning currency inflation, appears to have gone below the superficials of any merely temporary policy, and involved the very essentials of the national financial organization.

The Virginia senator, in short, evidently senses a threat against the Federal Reserve system, of which he considers himself the founder and to which he is devoted in every fiber of his being.

There is not, in fact, anything to indicate that President Roosevelt, who disavows a particularly deep knowledge of banking, regards the Federal Reserve set-up otherwise than as an established institution, which he accepts accordingly, subject to modification perhaps, but as sufficiently satisfactory in its main outline.

Secret Bill

Nevertheless, hostility toward it does exist in the ranks of those who are most prominently identified with the inflation program. Indeed, it exists generally among monetary students of the old W. J. Bryan school, and when they think the proper moment has arrived, Senator Glass is perfectly right in his apparent belief that they intend to uncover it. The truth is that they have a bill (not yet widely advertised, but introduced some time ago by Senator Nye of North Dakota), embodying their ideas, ready to push in due season.

Under the Nye measure, anyone needing funds for legitimate business purposes would present his securities for them directly to the government and receive currency in return, based on the securities.

The theory is that credit control thus would be taken entirely out of private hands (except as to doubtful collateral, unacceptable to Uncle Sam) and that, simultaneously, an elastic circulating medium would be created, expanding and contracting automatically and in exact conformity with commercial requirements.

Banking System's Doom?

Obviously if the plan proved successful, the present banking system virtually would be extinguished, and with it the excuse for the Federal Reserve organization—on which ground financial individualism's defenders, of whom Senator Glass is considered by the governmentalization proposition's supporters to be pre-eminently the spokesman, naturally do not like it.

Summing up their attitude, Douglas H. McArthur of Dakota, a veteran Bryanite, the Commoner's northwestern political manager in all his presidential campaigns and in close touch with him as long as he lived, says:

"American banking is willing to admit (how can it deny it?) that it overdid security selling during the boom period. It pleads guilty (having been caught in the act) to a deal of mismanagement and worse. It acquiesces (realizing that there is no escape) in stringent 'blue sky' regulations.

"The one thing it insists on is, 'Save the banks' credit control'— knowing full well that it speedily can recoup itself if it saves that single piece of baggage out of the ruins.

"If it loses that, down comes its entire system of exploitation!"

• • •

WASHINGTON DRESSES UP

Visitors, of exalted rank, from abroad, who have been unusually numerous in Washington lately, have been overheard remarking upon the sartorial elegance of American officialdom.

The fact is that Europeans, of the group referred to, wear their "toppers", their frock coats and their spats regularly, which takes their newness off.

The American brotherhood, dressed up for special occasions, really are appearing in their "best clothes", and a trifle conscious of them, too, which perhaps adds somewhat to their air of distinction.

• • •

SENATOR TEACHES

Senator M. M. Logan of Kentucky teaches a Baptist Bible class in Washington every Sunday.

• • •

SCHOOL "MARM" AIR

Premier Ramsay MacDonald's daughter, Ishbel, has exactly the air of a school "marm", though she isn't one.

• • •

BEER AND COFFEE

Commerce department queries from Brazil indicate grave worry lest 3.2 per cent beer cut into the American demand for coffee, Brazil's main export crop.

• • •

CAPITAL TOURISTS

Secretary-Treasurer Sig Heinitch of the Uniformed National City Guides says this year's Washington tourist trade beats any spring's since 1928, before the boom burst.

• • •

SAFE TRAVEL

The American Railway association, announcing from its Washington headquarters that not a paying passenger was killed by any road last year, has the self-restraint to omit referring to the record of the lines' great rival, the auto.

• • •

OFFICE SEEKERS

The secretary for a southern senator recently counted the office-seeking callers his boss received in a single afternoon. The total was 15.3. It was not an exceptionally heavy day, either.

• • •

I. C. C. MAY EXPAND

Instead of being absorbed into one of the departments and virtually extinguished, indications now are that the interstate commerce commission will have its authority extended over all transportation—by bus, truck, boat, plane and pipe line, as well as by rail.

• • •

WHAT IS BORROWING?

When the constitution makers vested exclusive power in the house of representatives to initiate revenue-raising legislation, did they intend to deny to the senate the right to originate money-borrowing measures? The point is in dispute between the two houses. The question is, "Is it raising revenue to borrow?"

What Other People Think

Experience has shown how difficult it is to direct discussion at international conferences into practical channels of definite accord.—James A. Farrell, chairman of the National Foreign Trade Council.

• • •

A real hair cutter is an artist. He doesn't merely cut hair, he sculptures the head.—A. N. Naso, president Ohio Hairdressers Association.

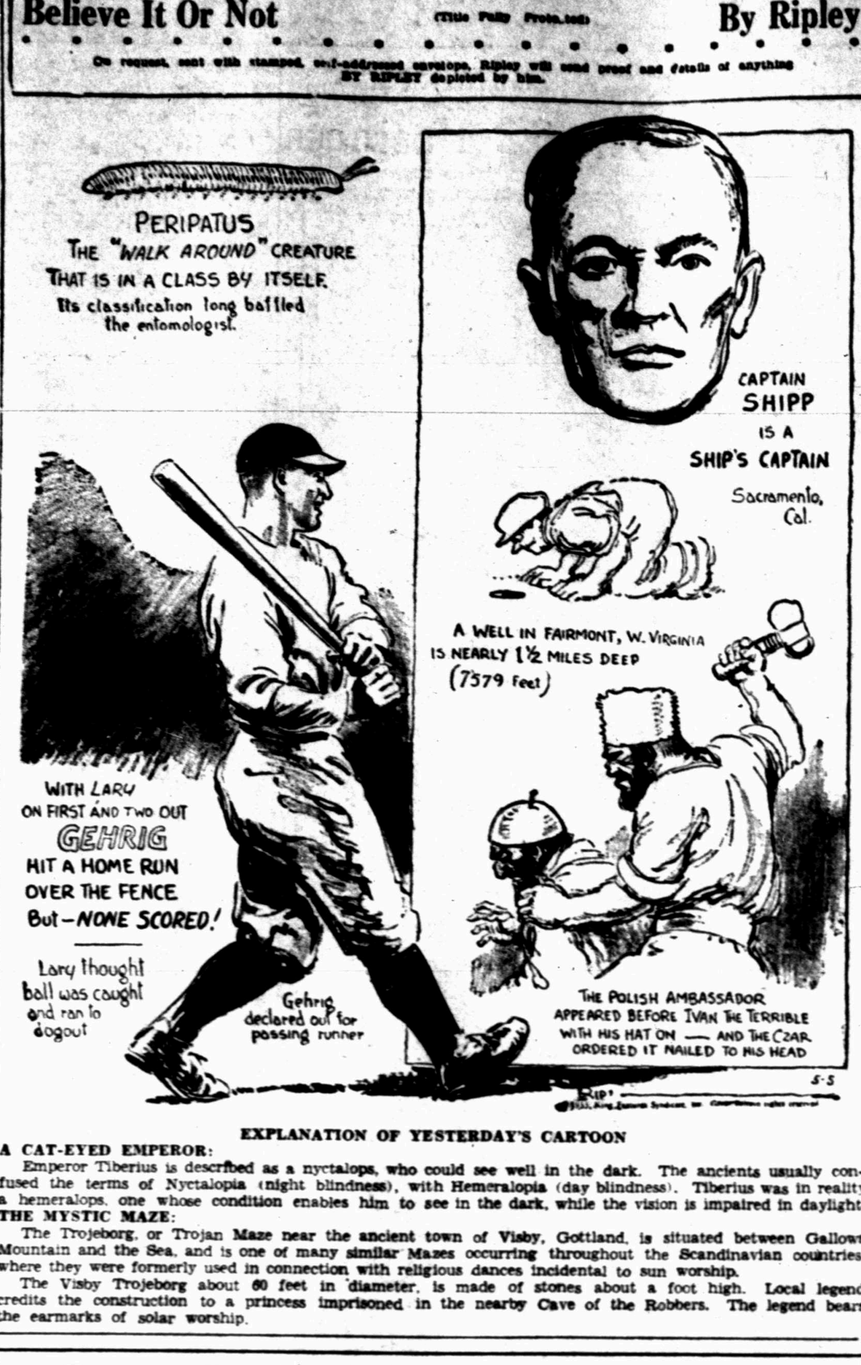

• • •

My individual view is that the American public should suffer incalculable injuries in other respects before the freedom of the press should be injuriously affected to any material extent whatever.—Secretary of State Cordell Hull.

(This Daily Proto.tod) By Ripley

On request, sent with stamped, self-addressed envelope, Ripley will send proof and details of anything BY RIPLEY depicted by him.

EXPLANATION OF YESTERDAY'S CARTOON

A CAT-EYED EMPEROR: Emperor Tiberius is described as a nyctalops, who could see well in the dark. The ancients usually confused the terms of Nyctalopia (night blindness), with Hemeralopia (day blindness). Tiberius was in reality a hemeralops, one whose condition enables him to see in the dark, while the vision is impaired in daylight.

THE MYSTIC MAZE: The Trojeborg, or Trojan Maze near the ancient town of Visby, Gottland, is situated between Gallows Mountain and the Sea, and is one of many similar Mazes occurring throughout the Scandinavian countries, where they were formerly used in connection with religious dances incidental to sun worship.

The Visby Trojeborg about 60 feet in diameter, is made of stones about a foot high. Local legend credits the construction to a princess imprisoned in the nearby Cave of the Robbers. The legend bears the earmarks of solar worship.

Letters To The Editor From The People

F. S. Rountree Disagrees With Crosbyton; Is Against Compensation Idea

Editor, The Avalanche: I have read the sympathetic letter of E. O. Burrows, of Crosbyton; I differ from his views on the compensation. It has been said that there are two bad paymasters, one that pays in advance and the other that never pays.

When the government passed the act, it was the intention to help the boys in their old age. I had three boys in th World war, yet it would be supposed that my sympathy would be as that of Mr. Burrows.

I think Mr. Hoover was right when he vetoed the bill to pay the first half of the compensation. I think Congress was wrong when they passed it over his veto. Mr. Hoover said there were 4,000,000 veterans and 20,000,000 poor taxpayers that would have to pay the bill. He sympathized with the 20,000,000 people that elected him chief executive.

Mr. Roosevelt says if Congress had done what President Hoover wanted them to do, the government would not be in debt. As it is, he says, it is $2,000,000,000 in debt. If they should pay that one half of the compensation, it would be $4,000,000,000 in debt.

F. S. Rountree,
2419 Texas avenue.

Tradition Upset At U. Election

AUSTIN, May 4. (AP)—Tradition at the University of Texas was upset when Miss Genevieve Weldon of Houston presided as "sweetheart" over the festivities of the university's third annual round-up.

Miss Weldon was the first "barbarian" to be elected sweetheart of the university, "barbarian" being the term applied to students who do not belong to any of the Greek letter societies.

Residents of Brackenridge hall, boys' dormitory, also a "barbarian" institution, led the fight for Miss Weldon's nomination. There was great rejoicing at the hall when the results of the election were announced because it signalized one of the few triumphs the "bargarians" have scored over the Greeks.

Nationalists Declare Strike In Spain; Several Are Hurt

BILBAO, Spain, May 4. (AP)— The nationalists today declared a general strike as the result of police charges during disorders last night when several persons, including women, were wounded.

Country women, accustomed to deliver milk, refused to obey the strike orders. Only a few street cars emerged and these were stoned by the citizens. Assault guards on patrol charged into several groups. Detachments of guards have been sent into the surrounding town to deal with reported disorders.

Test Case Looms In Texas Courts

BEAUMONT, May 4 (AP)—A test case on transportation of 3.2 beer from Louisiana to Texas loomed today after a Beaumont ice truck containing 20 cases of the beverage was seized at Orange last night.

The driver of the truck was held to the grand jury in the court of Grady Wilson, justice of the peace, and the beer was stored in the Orange county jail.

The driver testified he did not know what the truck contained and the owner of the truck said he would not decide what procedure to follow until consultation with his attorney.

Ten Texas Tech Students Are After Master Degrees

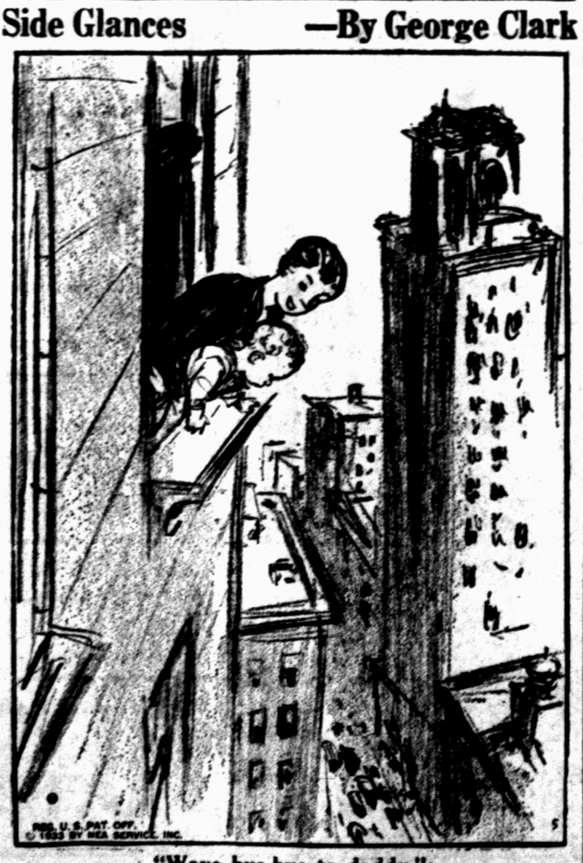

Ten graduate students are candidates for master degrees to be conferred at Texas Technological college commencement exercises June 5, according to The Toreador, student newspapers.

The candidates and their majors are:

James Tillman Carter, history; James C. Chamberlain, history; Roy Cannon Clements, economics; Cecil Hardee Connell, chemistry; Terence Vedder Crounse, history; Joseph Martin Jackson, economics; Robert Parker, mathematics; M. Frank Stephens, education; William Ezra Street, education, and Gordon Treadway, government.

Delinquent taxes have caused more than 2,000,000 acres of land to be transferred to the state from land owners in Michigan.

Side Glances —By George Clark

"Wave bye-bye to daddy."

Priest Being Held Captive

Funeral Party Refused Admission To A Catholic Church As Parishioners Take Over Closed Structure

PHILADELPHIA, May 4. (AP) — A priest was held captive and a funeral party refused admission to a Roman Catholic church today as the parishioners seized the structure, determined that it should not be closed.

Three priests obeyed their superiors' orders to leave last night, making their way from the rectory under a guard of 25 police, but one went back to get some belongings and was not allowed to depart again.

1,500 Jam Church

Fifteen hundred persons jammed the church.

Officials of the archdiocese of Philadelphia explained that vigil at the church of Our Lady of Good Counsel, which started last night, was the result of a misunderstanding.

Its Italian communicants were protesting the transfer of their priests, members of the Augustinian order, to another part of the city. The secretary of Cardinal Dougherty said the transfer was made because the Italian population in South Philadelphia had shifted.

Funeral Is Barred

The crowd would have nothing to do with English-speaking priests, even barring the funeral party which came today.

Cheers rang out as the pall bearers backed from the church gates and sat the coffin on the sidewalk.

The Rev. Simpliciano Gatt, an assistant rector, called from an upper window of the rectory where he was held prisoner, asking the crowd to permit the funeral to proceed. The undertaker made a similar plea.

Finally the funeral party moved on to another church.

Tech Senior Dinner Will Be Staged On Night Of May 10

A sixth annual Texas Technological college senior dinner will be given at 7:30 o'clock the night of May 10 in the Lubbock hotel, The Toreador, campus newspaper, has announced.

Dr. Bradford Knapp, president of the college, will be the principal speaker. Lou Edwards, president of the senior class, will be toastmaster. Other speakers will be Basil Hill, president of the student body, and B. F. Condray of the faculty.

American Efforts To Pave Way For Business Recovery Are Redoubled

Parleys Here Are Continued

Italian And Argentine Envoys Are Now At White House To Talk Problems; Difficulties Abroad Considered

WASHINGTON, May 4 (AP) — American efforts to prepare the way for genuine contributions to world business recovery at the London economic conference next month were redoubled tonight in the face of reports from abroad which accentuated the difficulties involved.

Earnest conversations with Italian and Argentine envoys invited here by the president were pursued at the state department and the White House while the cables were kept busy with official messages to London where Norman H. Davis, ambassador-at-large, is working for agreement of European nations to an armistice on tariff wall boosting between now and the conference opening June 12.

Three Reservations

Undersecretary William Phillips of the state department said France in accepting had made three reservations, reserving the right to raise its tariffs to meet depreciation of currencies, specifying that the truce shall not apply to tariff measures now before its parliament and stating that its consent was conditional on acceptance of the proposal by the principal powers.

Later word that Prime Minister Ramsay MacDonald in the house of commons had announced Britain's conditional acceptance was noted with some satisfaction at the state department where the British "safeguards" were said to be similar to the French reservations.

Uncertainty Is Seen

Uncertainty abroad as to whether the dollar is to be depreciated was seen by officials here was having an apparent bearing on the desire of other countries to retain the power of raising their tariffs in event of such an occurance.

Italian support of the truce was looked for in the light of statements by Guido Jung, Mussolini's finance minister, who now is engaged in the international coversations here with the president and secretary of state. He emphasized his chief's desire for lowered trade barriers.

Other developments which drew the serious attention of American officials included the reaction in some private circles abroad to the government's refusal to pay the interest on its bonds in gold to foreign holders. Undersecretary Phillips said, however, that no protests had been received. Officials noted without comment the increase in the British fund for stabilizing the pound.

Workers Leave

(Continued from Page One)

deserving for the first call. The other three were recommended by Shallowater, Idalou and Slaton groups.

Others who are to leave today a.. Drew K. Lockhart, 23, and Earl W. Moore, 22, both of Lamesa; John Q. Gordon, 22, and Joseph T. Kent, 18, both of Snyder.

The men will receive $30 a month. Martin agreed to send $29 each month to his mother, Mrs. Goldie Martin; Karnes will send $28 monthly to his mother, Mrs. J. B. Karnes, and the others will aid their families by $25 each month. There are seven in Martin's family, five in Barbee's, ten in Jones', seven in Hubbard's, 12 in Karnes', and nine in Suttle's. Suttle's father is an invalid.

As soon as the young men were accepted here, the United States became responsible for the meals, lodging, and transportation. Sergeant McDermitt distributed tickets for meals and beds to the recruits.

Men who left yesterday were John A. Fawyer and James C. Hay, Floydada; Henry Scoggins, Spur; John H. Gale and Earl Boline, Ralls; Hubert Johnson, Post; Vernon Finch, Ropesville, and Welcom M. Armstrong, Matador.

Sergeant McDermitt said Crosby, Dawson, Dickens, Floyd, Garza, Hockley, Lubbock, Motley and Scurry counties already had sent in their quotas for the first call. Counties which have not sent men here and their quotas, are: Bailey, one; Hale, three; Kent, one; Lamb, three; Lynn, two, and Terry, one.

MARKET REPORTS

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, May 4. (AP)—Cotton turned toward higher levels in late activity today following a rather erratic trend in quiet early trading. Higher stocks and wheat and expectations of constructive White House pronouncements prompted the upturn and although some of the bulge was lost on realizing, the close was 5 to 7 points net up.

The opening was easier and Liverpool cables came in rather lower than due.

At the start here, July traded at 8.07 and October at 8.32, down 13 to 14 points from the previous close due to liquidation. But soon as the offerings were absorbed prices recovered all the early loss and duplicated the closing prices of yesterday. Later the market eased on good rains in the western belt where needed, October dropping to 8.35 or 9 points below the early highs.

Late in the morning and after midsession the market rallied owing to firmness in stocks and prices made new highs for the day at 8.36 for July and 8.59 for October up 27 to 29 points from the lows of the morning. Prices reacted 8 to 10 points at the end on profit-taking and July closed at 8.26 or 8 points net higher, and October at 8.51 up 7 points net.

Liverpool is due on New Orleans tomorrow 5 to 6 penny points up.

Port receipts 6,057, for week 64,511, for season 7,590,699, last season 9,605,788. Exports 43,777, for week 146,991, for season 6,590,501, last season 7,367,686. Port stock 4,094,547, last year 4,052,595. Combined shipboard stock at New Orleans, Galveston and Houston 108,333, last year 102,066. Spot sales at southern markets 15,285, last year 6,126.

NEW YORK REPORT

NEW YORK, May 4. (AP) — The cotton market was mildly reactionary in the early trading today, but prices firmed near the close.

July contracts sold from 8.12@8.40, but met increased realizing at this figure and closed at 8.30. The final tone of the market was barely steady, although last prices showed net gains of 2 to 9 points.

The opening was 7 to 10 points lower in response to relatively easy Liverpool cables, further realizing and some southern selling.

Pressure was not heavy and this combined with firmness in grain and strength in the stock market, started another flurry of buying during the afternoon.

October sold up to 8.65 or 18 points net higher, while March touched 8.02, making a new high for the movement, before the advance was checked by renewed realizing which caused reactions of 9 or 10 points from the best on the more active positions.

Physics Show

(Continued from Page One)

he enters the show.

Charles Houston, Lubbock, instructor in the department, will show skeptics, how he can light a cigaret with his nose and, in the same manner, set a piece of cotton ablaze through contact with a high-frequency machine. Those viewing the event will be permitted to look through their own hands with an x-ray device and will wonder how a glass, filled only with water, can look like it has a rose blooming in it.

Interesting especially to the ladies, will be a miniature refrigeration system, constructed principally with glass and copper tubing in which actual refrigeration can be observed. The feminine physics fans also will emit "oh's and ah's" at the beauty of test tubes, lighted by electricity and showing wondrous colors on flourescent minerals, imported from Germany for the occasion.

Visitors will speak through a telephone transmitter and in so doing will light incandescent bulbs, will wonder at metal bars hung side by side from the same nail yet remaining an inch apart "because they don't like each other." Features are so numerous, in fact, that it is impossible to list them all here.

Chemistry and physics classes from a number of rural schools over the South Plains as well as students from nearby towns are expected to view the show. They have been sent special letters of invitation by the physics department, of which Dr. E. F. George is head.

The south Texas onion crop for the 1932 season is estimated at 3,500 to 4,000 carloads.

Markets At A Glance

NEW YORK, May 4. (AP)—
STOCKS strong; rails outstrip industrials.
BONDS strong; rails lead advance.
CURB firm; oils rally.
FOREIGN exchanges firm; sterling gains.
COTTON higher; Wall street and commission house buying.
SUGAR higher; better spot market.
COFFEE quiet; European buying.
CHICAGO—
WHEAT higher; inflation buying continued.
CORN firm; adverse moisture conditions.
CATTLE fully steady, lower grades predominant.
HOGS steady, slow, top $4.05.

Livestock

KANSAS CITY REPORT

KANSAS CITY, May 4. (AP)—Receipts of cattle at eleven markets were rather light at most points and prices for fed steers and yearlings carried a generally steady trend. A spread of 4.50@5.50 secured the majority of steers with several loads of good to choice light steers and yearlings at 5.85@7.00. Kansas City listed a four-car string of common South Texas steers scaling 1056 lbs. at 3.50. Market supplies of stockers and feeders were limited with prices quotable steady. Majority of replacement steers sell around 4.25@5.50. Accumulated receipts for the week to date totaled 145,200 as compared with 141,807 last week and 148,157 the same period a year ago.

Steady to 10 higher prices prevailed on hogs as compared with Wednesday's average business, Chicago securing a top of 4.05.

Lamb trade carried amostly steady trend although a few sales were listed strong to unevenly higher. Fed, shorn and wooled lambs bulked at 5.35@6.00 while springers brought 6.50@7.35.

FORT WORTH REPORT

FORT WORTH, May 4. (AP)—Hogs 1,300; packing sows 3.50@3.75.

Cattle 1,000; calves 800; plain slaughter steers 3.00@3.75; good fed yearlings top 5.50; butcher sorts 3.50 down; good fat cows 2.75; butcher cows 2.00; good heavy fat calves 4.50; good vealers 5.00@5.50.

Sheep 1,500; shorn fed lambs weak to 10 lower; good spring lambs 5.25. Mixed grade yearlings and 2-year-old wethers 3.00; aged wethers 2.50.

Grains

FORT WORTH REPORT

FORT WORTH, May 4. (AP)—Good demand continued today for all offerings on the Fort Worth cash grain market. Estimated receipts included: Wheat 23 cars; corn 5; oats 2, and sorghums 13.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid to destination.

Delivered Texas Gulf ports, export rate, or Texas common points:

Wheat No. 1 hard 64 1-2@66 1-2. Barley No. 2 nominally 45@46; No. 3 nominally 44@45. Sorghums No. 2 milo per 100 pounds 90@95; No. 3 milo 85@90. No. 2 kaffir per 100 pounds 79@80; No. 3 kaffir 77@78.

Delivered Texas common points or group three: Corn, No. 2 mixed 57@58; No. 2 white 59@60; No. 2 yellow 57 1-2@58 1-2.

Delivered Texas common points: Oats, No. 2 red 35@36; No. 3 red 34 1-2@35.

CHICAGO REPORT

CHICAGO, May 4. (AP)—A strong upward movement of grain prices developed special energy late today owing to belief that an address by President Roosevelt tonight would prove constructive.

The rise carried wheat for the first time in a long while to within hailing distance of 80 cent spot cash, with demand extremely active from millers. Future deliveries were stimulated by persistent speculative purchasing, attributed largely to inflation and to proposed novel methods of the department of agriculture under the new farm bill.

Wheat closed firm, 7-8 to 1 1-2 above yesterday's finish, corn 1-2 to 1 1-8 advanced, oats 1-8 off to 3-8 up, and provisions varying from 2 cents decline to a gain of 15 cents.

Corn and oats were independently strong, on account of widespread delays to corn planting.

Provisions went higher with grains.

Closing indemnities: Wheat, July 71 5-8@3-4, 76 3-8@1-2; Sept. 72 1-2@5-8, 77 1-8@1-4; Dec. 74 3-8@1-2. 78 3-4. Corn, July 39 7-8@40, 43@43 1-8; Sept. 41 3-4@7-8, 44 3-4.

Local Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S & Cone Grain and Seed company, following prices being bid by Lubbock grain dealers: Cotton—Blocker Cotton company. All prices subject to change during day.

County Jail

(Continued from Page One)

ment. Sheriff Abel said the screens had been cut in places. The scissors had been used by the inmates for trimming hair. Another knife was found utilizing a razor blade and tin. Heavier wire will be placed on the windows.

One rope, made of plaited stripe of blanket, was about 45 feet long. The other had not been plaited, the strips being tied together.

Henceforth, the inmates will sweep their cells with handleless brooms, Sheriff Abel said.

Beating Story

(Continued from Page One)

Plymouth county, storm center of the battling, before he went before the military inquisitors.

"While not condoning the attack," he said, "some demonstration was needed to bring to the attention of Washington and the nation the deplorable plight of the farmers.

"A great number of innocent persons have been taken in the wholesale arrests. Some of them may have been in the mob, but took no part in the riot."

Repeal Election

(Continued from Page One)

intoxicating liquors of whatever alcoholic content to regulation of the state through the local option system. The house voted 85 to 49 to submit it, but one hundred house affirmative votes are necessary to submit a constitutional amendment, and twenty-one votes in the senate would be required.

Representative Weaver Moore of Houston, author of the outright prohibition repeal amendment resolution, said he would bring it up for another vote still hopeful of obtaining the required number to send it to the senate.

Wage Boost

(Continued from Page One)

depends upon your willingness to cooperate with one another to this end and also your willingness to cooperate with your government."

Pointing to a recent increase in the price level, Mr. Roosevelt took up first with the business chieftains the question of wages.

"I therefore, ask you," he said, "who represent in all probability the majority of the employers of the nation, to refrain from further reduction in the wages of your employees and I ask you also to increase your wage scales in conformity with and simultaneous with the rise of the level of commodity prices in so far as this lies within your power.

Wages Drop Faster

"It is a simple fact that the average of the wage scale of the nation has gone down during the past four years more rapidly than the cost of living."

Finally the president asked that the industrial units of the country lay aside "special and selfish interests" and "translate" their "welfare into the welfare of the whole."

As for cooperation of industry for improvement he said:

"In almost every industry an overwhelming majority of the units of the industry are wholly willing to work together to prevent over production, to prevent unfair wages, to eliminate improper working conditions. In the past success in attaining these objectives has been prevented by a small minority of the units in many industries. I can assure you that you will have the cooperation of your government in bringing these minorities to understand that their unfair practices are contrary to a sound public policy."

Parting Of Ways Reached

The president spoke before a gathering which had heard distinguished speaker after speaker say that the parting of the ways had been reached; either the anti-trust laws must be relaxed to permit cooperation through trade associations linking competitors in each line, with a government egency supervising their agreements, or industry must submit to strict regulation of employment, wages, production, perhaps prices. Some insisted this road led to government ownership.

Today the first alternative, the one desired by business, was produced in legislative form by a group of administration advisors, who already have apprised the president of the general plan and now are ready to put the concrete proposal before him.

On Temporary Basis

Their bill, like most big ones put forward in the current special session, was put on a temporary basis to grant a three-year trial period for the trade association system.

The association would work out production agreements subject to approval of a new government regulating of reviewing agency. The latter would be empowered to require acceptance of work hour and wage conditions as condition to approval of the agreements.

Feeder's Day

(Continued from Page One)

Leidigh of Texas Tech also will speak and Ray C. Mowery.

Many Are Invited

R. E. Dickson, superintendent of the Spur station, has invited men from 40 to 50 counties to attend the field day. Reports yesterday from Amherst indicated several car loads would be in Lubbock about 8 o'clock and Hockley county is sending as many cars.

W. W. Evans, of Hale county expects to bring some of his feeders through Lubbock about the same time as does C. B. Martin of Swisher county.

EDITOR IS WED

GAINESVILLE, Fla., May 4. (AP) —Dr. Albert Shaw, 75, editor of the Review of Reviews, and his 22-year-old secretary, Miss Virginia McCall, were married here today.

Duke Grid Ace Now Track Star

Fred Crawford, brilliant tackle on the Duke university football team last autumn, is now one of the best track men in the south. Fred runs the 220 in near record time and is regarded as a pretty sure point winner in the javelin toss and discus throw. Crawford was a great aid to Duke in winning the Dixie track title this year.

Kidnaping

(Continued From Page One)

been located in this section.

While the parents hoped contact might be made directly with them, they also turned additional hope in the direction of Detroit and Tyron, N. C., in the belief that the kidnapers might treat with wealthy grandparents of the girl in efforts to obtain ransom.

Although the McMath home today received two telephone calls from a man identifying himself as J. A. Graffin, state police placed little credence in the calls and advised Mr. McMath not to comply with a request that he furnish the man passage from Columbus, Ohio, to Massachusetts.

First Duty To State

Lieutenant Ernest Bradford of the state police made known tonight at a conference with the press that the troopers would not be withdrawn. "Our first duty," he said. "is to keep the state in mind."

"We cannot fade away as we have been asked," Bradford said. "If we come out and say we will withdraw, we most assuredly would be criticised by one faction of the public for allowing a human life to interfere with our duty to the state as a whole and perhaps allow another mother to lose her child. We are not going to turn our backs on this case and we never will."

The anguished parents today sent out an appeal to their little girl to be "good." They also, through the press, thanked the hundreds of sympathizers who have deluged their home with messages since Peggy—as she was more familiarly known—vanished from sight.

CANNED MUSIC BOOM

APRELEVKA, U. S. R. R. (AP) — The proletariat must have its music so the local gramophone record factory, largest in the soviet union, is being enlarged to an annual production of 30,000,000 discs. It turned out only a little more than 1,000,000 last year.

Leg Is Left A Little Far Out

ROSWELL, N. M., May 4 (AP)— H. M. Brown left one foot sticking out "just a little" when he crawled beneath his tractor for protection from a dynamite blast.

The tractor was quite a distance from the "shot", but one rock went higher and traveled farther than the others. It fell on Brown's protruding foot. Brown, a highway worker, was sent to the hospital.

Hitler's Ancestry Is Traced To Long-Lived Farmer Line

LEIPZIG, (AP)— Chancellor Adolf Hitler's Austrian ancestry has been traced by the German Family Historical society, and incorporated in "Famous German Pedigrees."

It appears that Hitler comes of a long-lived line of farmers in Lower Austria. Three great-grandparents lived to more than 80, one to beyond 90.

Hitler, a son of his father's third marriage, was born when his father was 52.

Work Is Started In City On Paving Broadway Parkways

Dirt is being removed by the city from center parkways on west Broadway preparatory to paving the centers from Avenue O to College avenue.

Avenue L, between Main and Broadway, also is being paved with caliche and asphalt top. Twenty-one leaveouts on various streets are to be paved, property owners already having signed up for the projects. The city plans to pave the leave-outs, provided the property owners pay for curb and gutter.

Farm Strike

(Continued from Page One)

defense of one billion dollars in scrip money to be used in exchange of products between farmers and organized labor.

Demand Withdrawal

Demand was made that Gov. Clyde L. Herring of Iowa withdraw national guardsmen from the farm disorder area.

States which President Reno said now are organized in the holiday movement include Minnesota, Wisconsin, Illinois, Missouri, Oklahoma, South Dakota, North Dakota, Nebraska, Ohio, Texas, Kansas, New York, Colorado, Indiana, Montana, Maryland and Delaware.

AUSTRALIA ORDERS REDS

SYDNEY, (AP)—Education Minister Drummond has barred communistic propaganda from Australian schools.

"Educationalists may preach new social and political ideas to adults," says Drummond, "but they are not going to have our children as their clay. Adults can please themselves as to whom they listen; school children have no option."

Rates, Rules and Requirements of Classified Advertising Of The

Lubbock Evening Journal
Lubbock Morning Avalanche
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:

Minimum words per insertion 10

One insertion per word	4c
Two insertions per word	6c
Three insertions per word	7c
Seven insertions per word	12c
Thirty insertions per word	45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times of 1½c per word each.

All out-of-town ads received by mail must be Cash with order. No exceptions "NO REFUNDS" on ad stopped after it has appeared in paper.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur, further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 6:00 p. m. on week days, and 9:00 p. m. on Saturdays, ads all advertising received after 6:00 p. m. will be placed under "Too Late To Classify."

For classified display advertising information—

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 8 a. m. and before 5 p. m., to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of some other Department.

Declaration Of Nationwide Farm Strike Being Delayed

DES MOINES, May 4 (AP)—Action on the declaration of a nationwide farm strike May 13, was postponed today by the national farm holiday convention, pending expected action on the farm relief bill in congress.

The convention approved a telegram to Senator B. E. Smith, chairman of the senate agriculture committee, which declared "whether a national farm strike will be called depends on whether cost of production is included in the farm relief bill."

Nearly half a million tons of commercial fish have been taken from the Great Lakes in the last decade.

Just A Tot But A Curious One

AMARILLO, May 4 (AP) — He was less than five years old, but had been born with the inherent instinct of children to climb, also with enough interest to be curious.

Three feet up a power line pole, he managed to reach the handle on a fire alarm box—and pulled.

To firemen he explained: "I didn't know what it was, so I thought I would climb up and see.

Lonely Mountain Tragedy Revealed

McAlester, Okla., May 4. (AP) — A tragedy of the lonely Kiamichi mountain region came to light here today with information that James Kelly, a tie cutter, had died in the Latimer county jail at Wilberton, where he was held pending the outcome of ax wounds inflicted upon his 26-year-old wife.

Although hacked many times with an ax during the night as the result, she said, of a quarrel, Mrs. Kelly is improving. She is the mother of a 3-year-old child.

Kelly was ill at the time of the attack, which occurred ten days ago, his wife said. He was buried yesterday.

Jed Adams Plans To Resign As Texas Demo Committeeman

WASHINGTON, May 4 (AP)—Jed Adams, recently appointed to the board of tax appeals, told newspaper men today he would resign soon as Democratic national committeeman from Texas.

He said his successor would be selected by the state Democratic executive committee with approval of the national committee.

Postmaster General Farley, chairman of the national committee, could not be reached but a close association said he would not comment on the Texas situation until Adams had formally resigned.

A quail hunter's club has been organized at Bowling Green, Ky.

YOU CAN PURCHASE SLIPS FOR LESS . . .

BUT THERE NEVER WAS A RICHER VALUE AT ANY PRICE THAN THESE AT $1.98

In reality you women who wear slips have created these slips for it's your ideas that have been embodied—your suggestions of what you wanted—your standards of value—

Utility-Beauty-Service All Are Combined Here

Short Panties

From Van Raalte is a most unusual satin striped short pantie that's new —priced 75c

Fine high grade silks were the first consideration. In them you find a quality that will wear and wear and wear. Those who wish shadow paneled styles will find them or the evening length unpaneled if you prefer. Every slip has the "Seam Proof" feature — unconditionally guaranteed not to "pull."

Every inch of extra length women demand is a feature of every style.

Fine imported laces in both V-top and straight cut are shown.

Tearose or white—one or the other shade will "go" with every summer garment.

Full compliment of sizes, too.

Truly they are well worth the price—decidedly more so than the cheaper ones—choose them at—

$1.98

Hemphill-Wells Co.

Americans Are Safe In Wreck

Tale Of Shipwreck On China Coast And Of 12 Hours In Hands Of Pirates Is Told By Missionary

SHANGHAI, May 4 (AP)—A tale of shipwreck on the China coast and 12 hours in the hands of Chinese pirates was told today by the Rev. R. A. Ward, American missionary of Foochow.

He arrived here with 398 Chinese survivors of the Chinese steamer Yungshin, which was wrecked Monday night when it struck a reef. The Chinese steamer Chipshing rescued them.

Woman In Group

Another American among the refugees was Miss Ruby Whitcombe, also a missionary at Foochow.

She and the Rev. Mr. Ward are representatives of the Methodist Episcopal foreign board. Miss Whitcombe formerly lived in Chicago and Mr. Ward once lived in Chicago and Cleveland.

After the Yungshin had struck the reef, Miss Whitcombe remained aboard, but Mr. Ward boarded a Chinese junk which sailed seeking the shore.

Swept Out to Sea

Mr. Ward said the junk, lost in the fog, was swept out to sea. Then he discovered his rescuers were pirates who robbed him of everything except his clothes.

The group spent a thrilling night on the open sea, but at dawn Tuesday the pirates again hove alongside the Yungshin and allowed Ward to escape.

Dozens Are Looted

Before they left, however, the pirates looted dozens of passengers aboard the stranded steamer and others who had started for shore in the ship's boats during the night.

The fog lifted Tuesday so that the Chipshing could effect the rescue. The pirates escaped, said Mr. Ward, taking at least 20 Chinese refugees for ransom.

Car Fired On From Ambush And Substitute Worker Hurt

TYNGSBORO, Mass., May 4. (AP) An automobile carrying men described as substitute workers in strike-affected Lowell shoe factories was fired upon from ambush today and George A. Forrence, 22, of Hudson, N. H., was wounded.

Forrence was struck in the face, head and one eye by small shot apparently discharged from a shotgun while the automobile was halted at a filling station.

Approximately 3,500 workers in six Lowell shoe factories are on strike and two of the factories are carrying on operations with other workers.

NEWS BRIEFS

Harold Hall, 20, who died in a hospital here Wednesday night after drinking some carbolic acid, was buried in Memorial Park cemetery Thursday afternoon following funeral services conducted at 5 o'clock by Elder Liff Sanders of the Church of Christ. Rites were said at Sanders Funeral home.

Justice of the Peace J. S. Connell yesterday returned a verdict holding death of Hall was suicide. Hall, unemployed and estranged from his 17-year-old wife, drank the acid at about 6:40 o'clock Wednesday night in the Conley building, Texas avenue and Broadway.

W. L. Stangel, head of the department of animal husbandry of Texas Technological college, went to Fort Worth Thursday where he marketed a carload of lambs from the college farm. The lambs were fed experimentally for demonstration purposes in nutrition and better sheep feeding. They were also used in class work in the department.

S. D. (Selmar) Dick, about 27, of Colorado, Tex., arrested and charged in armed robbery of J. F. Covey of Lubbock, a Santa Fe railway station agent at Wilson, had escaped from county jail in Sweetwater, March 30, after being sentenced to 18 years in the penitentiary for robbery with firearms, according to the Sweetwater Reporter. Dick was arrested in Hugo, Okla., last Saturday.

Sheriff Tom Abel returned late Wednesday from Pittsfield, Pike county, Ill., with Rabbit Williams, wanted here for burglary. Illinois granted extradition of Williams, who had been arrested in Pittsfield.

About 30 boys were guests of Lubbock Kiwanis club Thursday at a luncheon at Hotel Lubbock. Dr. O. W. English was program chairman. Mackey McFarland and Mogell Ratliff, two local contestants in the My Home Town contest, spoke. Dr. Frank B. Malone discussed periodic health examinations.

Arguments will begin in 99th district court this morning in the suit of B. T. Jordan and others against the City of Lubbock for $50,000 damages, Judge Clark M. Mullican said last night. Testimony was completed yesterday afternoon. The Jordans are suing the city as a result of fatal injuries suffered by Nat Jordan when he touched an electrically charged fence last May 23.

Nine Lubbock High school students, three in academic events and six in track and field, were in Austin yesterday to take part in an annual Interscholastic League meet. The students were Wildring B. Sherrod and Frances Simmons, debaters; Ruth Wagner, typist; Dalton Blagg, broad jumper; Maurice Cowan, high jumper; and Robert Stone, James Hunt, Charles Young, and Rufus Ryan, relay team members.

County Attorney Weldon Johnson of Levelland was a Lubbock visitor Thursday.

Pascual Gonzales, charged with theft of a gun, was acquitted by a county court Thursday, Judge E. L. Pitts said.

Handling of deeds by the county clerk's office has been slowed up somewhat, due to the fact that revenue stamps, which must be placed on the documents, are not obtainable here, County Clerk Ed D. Allen said yesterday. The deeds cannot leave the office until the stamps have been attached. The rate is 50 cents for the first $500 of consideration and 50 cents for each additional $500 or fraction of that sum.

A list of notaries for Lubbock county has not been certified yet, but the list is expected to be compiled at Austin soon, it was said at the county clerk's office yesterday. Commissions of notaries public expire June 1, but they have ten days in which to qualify again.

Lucille Kearns and May Cuban, convicted of vagrancy by corporation court juries yesterday, were fined $10 and $5, respectively. The former conducted her own defense. Both were held last night in lieu of payments of fines. Miss Cuban is appealing her case to county court. Stella May Harmon, negro woman, was convicted of disturbance and fined $7.50. She paid a portion of the fine, made a security bond for the remainder, and was released.

Fishing licenses may be obtained at the county clerk's office, it was said yesterday. The licenses, authorizing lure fishing and non-resident fishing, are $1.10 each.

Facial surgeons in Paris remodel entire faces at $1,000 each.

Army Air Squadron Closes Peaceful Atlanta Invasion

ATLANTA, Ga., May 4. (AP)—An army air squadron numbering 84 officers and men ended a peaceful invasion here early today with the take off for the west coast.

The group, 39 speedy combat ships and seven big transports, left Candler field with Jackson, Miss., the first scheduled stop. Orders called for an overnight stop at El Paso, Texas, from which point they will proceed to Riverside, California, for annual maneuvers.

ATTORNEY IS DEAD

TULSA, May 4. (AP)—John Brennan, 72, general counsel of the Barnsdall Oil corporation, died today after six weeks illness. Mr. Brennan was a widower.

BANK IS ROBBED

DENHAM SPRINGS, La., May 4. (AP)—Two bandits robbed the Amite River bank of Denham Springs this afternoon and escaped with a companion in a light automobile, driving westward toward Baton Rouge. A check-up by bank officials was necessary to determine the amount of money taken.
