Israel Ruled Aggressor In Egypt Clash

JERUSALEM (AP) — Israel has been charged by the U. N. Mixed Armistice Commission as a "brutal" aggressor who deliberately attacked Egyptian forces in the Gaza Strip a week ago.

The armistice group said the bloody assault in which 38 Egyptians and 8 Israelis died violated the 1949 Palestine truce agreement. The commission's ruling yesterday heightened speculation at U. N. headquarters in New York that the Security Council would vote similar censure against Israel when it takes up the explosive issue again next week.

A-Blast Sends Sun-Like Glow Over Mountains

LAS VEGAS, Nev. (AP) — The biggest and brightest blast of the 1955 atomic test series lighted western skies 20 minutes before dawn today.

The white flash was perhaps the most dazzling ever seen in Las Vegas, 75 miles from Yucca Flat. It shone a yellow gold color above the mountains near Los Angeles, 250 miles to the southwest. It was almost as though the sun were trying to make an early appearance.

This was the highest tower shot ever set off in Nevada. It was the 35th test at the Nevada site and fourth of the current series.

Fifty observers saw the detonation from Angel's Peak on the Charleston Range, west of the test site. They reported it was one of the most impressive shots ever seen from the mountain vantage point.

The explosion was from a 500-foot tower for the first time.

A vapor trail was visible high above the fire ball, perhaps the contrail of a high-flying exploratory, or "sniffer" plane, which may have been in the area as part of Air Force maneuvers shortly before the explosion.

The blinding flash finally faded like the filament of a light bulb. The fireball, a perfect sphere, rose almost immediately but held firm about 20 seconds.

This was not the largest fireball or explosion at Yucca Flat. The final test of the 1953 series here displayed a device that exploded with a 30-second fireball and contained a power of about 50 kilotons or 2 1/2 times normal A-bomb strength.

Today's shot probably packed a 30 kiloton punch, however. The standard A-bomb has a 10-second fireball and a power of 20 kilotons, or the equivalent of 20,000 tons of TNT.

Elbow Voters Authorize Gym

Howard County Commissioners Court canvassed returns from the bond election Saturday in which Elbow school voters approved \$100,000 for new gymnasium bonds.

The court found the official count was 30 favoring the issue, 2 against.

Walker Bailey, county superintendent, said that the board was to convene Wednesday evening to check final plans with Puckett & French, architects-engineers for the plant.

The structure will have approximately 9,000 square feet space, dressing rooms for athletes and back stage, seats for 250 spectators, a cafeteria seating about 200, and all necessary equipment.

Rumor That Margaret To Marry 'Commoner' Grows

By HAL COOPER

LONDON (AP) — Persistent press rumors that Princess Margaret will wed divorced air ace Peter Townsend got unexpected support today. A big-circulation tabloid carried an interview with the RAF captain indicating there may be something to the stories.

British papers first dropped hints that Margaret was in love with Townsend — more than 15 years her senior — two years ago when he was an equerry in the royal household and they were frequently seen together at social functions.

The reports died down a short time later after Townsend suddenly was whisked off to Brussels as air attaché at the British Embassy. Since then, as far as the British public knows, they haven't met.

But two big Sunday papers — the People and the Pictorial — asserted this weekend that the romance is still very much alive

and that the matter will soon come to a head.

Today the Mirror, which is under the Pictorial and has a circulation of 4 1/2 million, carried an interview with the 40-year-old Townsend in Brussels which gave the impression the stories had some basis.

Mirror reporter Howard Johnson said he told Townsend that the Pictorial had commented that if Margaret "places above all the man she loves, then she need fear no enduring rebuke."

He quoted Townsend as replying, "That is nice to hear."

Johnson said he also told Townsend the Pictorial had predicted there soon would be an announcement "concerning yourself and Princess Margaret."

He said Townsend replied: "Please don't quote me on this. I think it gives away too much of my thoughts."

TO CALL MEETING

Three States Ask New Arab Alliance

CAIRO (AP) — Egypt, Syria and Saudi Arabia called last night for a new neutralist Arab military and economic alliance. It would replace the eight-nation Arab League set up after World War I.

A joint Syrian-Egyptian communiqué said the two nations had reached "complete agreement" on principles of a pact to set up a joint military command and bar alliances with non-Arab nations.

Saudi Arabia's King Saud in Riyadh announced his government's "full support" of the plan.

The three states said they would call a meeting of premiers and defense ministers of the Arab nations this month to work out details of the new pact. The other Arab nations are Lebanon, Jordan, Yemen, Libya and Iraq.

Syrian Foreign Minister Khaled el Azem said in Damascus that Iraq would be invited to join in the new alliance only if she junked her pact with Turkey.

Egypt's drive for the new neutralist pact, seemingly doomed by Arab dissension less than a month ago, appeared to have received new life from the Israeli attack on the outskirts of Gaza a week ago.

The communiqué announcing the new alliance did not mention Israel by name, but a high Egyptian official said the proposed joint military command would "take strong measures against any new Israeli aggression."

Lebanese officials were reported to have refused to join the pact until they studied the proposals and knew the position of all Arab countries. The Lebanese, regarded as the most pro-Western of the Arabs, were said to be determined that Iraq should not be isolated.

Jordan also reported asking for more time to study the pact.

The Syrian-Egyptian communiqué said a headquarters would be set up to supervise training, armaments, discipline and distribution of military forces to be placed by each member state at the disposal of a joint military command according to a joint defense plan to meet aggression against any member state.

The communiqué said economic unity would be achieved by establishment of an inter-Arab bank issuing currency, and other measures.

Former Vet's Land Chief Charged

IN LAND PROBE

Documents Said To Clear McLarty

BULLETIN

AUSTIN (AP) — Gov. Allan Shivers today asked the Legislature's "emergency consideration" of authority for the Travis County district attorney to appoint additional assistants to expedite handling of veterans land scandal cases.

AUSTIN (AP) — An attorney for T. J. McLarty told legislative investigators today that state agents possess written statements which "exonerate T. J. McLarty from the charges brought against him" in the veterans land scandal.

McLarty, formerly of Cuero and now of Denver, Colo., returned to Texas last week to face questioning.

Another man, B. R. Sheffield, was being sought by state police in a West Texas area near Brady. A Brady land dealer, Sheffield

is wanted on a veterans land deal indictment in which he and former Land Commissioner Bascom Giles are jointly accused of conspiracy to commit theft.

McLarty's attorney, Everett Looney of Austin, made the claim of innocence for his client in a letter to the Senate and House investigating committees.

Because McLarty has been subpoenaed to appear before both the Senate group and the Kiebert County grand jury tomorrow and the House committee Thursday, Looney asked arrangements be made to eliminate conflict between the meeting times.

The search for Sheffield has been under way since Friday. Early today, Sheffield had not been picked up. He was indicted by a grand jury here Friday along with Bascom Giles, former head of the Veterans Land Board and land commissioner, on a charge of conspiracy to commit theft of \$83,500 from the state in a GI benefit deal.

Also indicted by the Travis County grand jury was L. V. Ruffin, Brady land dealer, on a charge of theft of \$83,500 from the state in a veteran's land transaction. Ruffin is free on \$40,000 bond.

Giles is free on a \$60,000 bond made after his arrest downtown Saturday by two internal security officers of the Department of Public Safety.

Giles, often mentioned in the past as a possible candidate for governor, was the "father" of the 100-million-dollar veteran's land program. It provides for long-term, low-interest purchase of small farms by veterans of World War II and Korea on loans backed by state bonds.

As land commissioner, Giles was also chairman of the Veterans Land Board which administers the program. He did not take the oath of office as land commissioner Jan. 1, after reelection to his ninth term. He stepped out several weeks after investigation of irregularities in the program became public knowledge.

Giles and Sheffield were former business associates.

McLarty, 37, and father of two small children, was indicted Feb. 23 by a grand jury in his home county of DeWitt on 21 counts. Nineteen charges him with falsifying written instruments and two charge forgery.

His attorney said all the charges grew out of Guadalupe County land transactions.

'Emmies' Will Be Presented Tonight

HOLLYWOOD (AP) — George Gobel and Walt Disney stacked up as favorites to win television Emmies tonight as the nation, via NBC-TV, watches the seventh annual awards of the Television Academy.

If Disney wins an Emmy in his first year of telecasting, the trip to the podium will be old stuff for him. He has won 24 movie Oscars, more than any other producer.

Top TV shows and performers in 21 categories will be honored at a black tie dinner show originating at the Moulin Rouge here and at Nino's LaRue in New York. Steve Allen is flying in from New York to emcee the Hollywood part of the show while Dave Garroway will handle the chores in New York.

Students Ask State To Aid In School Dispute

FCC Witness Indicted On 9 Perjury Counts

WASHINGTON (AP) — Mrs. Marie Natvig, turnabout witness at Federal Communications Commission hearings, was indicted today on nine charges of lying under oath.

Mrs. Natvig, 51, Miami Beach divorcee, first gave testimony tending to link Edward Lamb, publisher-broadcaster, with communism but later repudiated this testimony.

Lamb has denied any Communist connections.

The perjury indictment against Mrs. Natvig was returned by a federal grand jury before U.S. District Judge Charles F. McLaughlin.

At the request of J. Frank Cunningham, a Justice Department attorney, Judge McLaughlin ordered a bench warrant issued for the arrest of Mrs. Natvig.

The judge also followed a suggestion by Cunningham that bond be fixed at \$2,500.

Cunningham told a reporter he does not know Mrs. Natvig's whereabouts.

In testimony at an FCC hearing last October, the thrice-married Mrs. Natvig linked Lamb with communism. Then early last month she repudiated the testimony and said she had been "coerced" into giving it by an FCC attorney.

The FCC hearing was on a petition by Lamb seeking a renewal of license for his Erie, Pa., television station WICU.

The hearing was recessed Feb. 24 after the examiner described Mrs. Natvig as an "incredible" witness. Lamb's attorneys moved that the whole proceeding be junked.

Flooding Ohio To Rise Higher

CINCINNATI, Ohio (AP) — The swelling Ohio River — which has routed hundreds of families from homes along its banks — will go higher than had been anticipated as water from heavy rains yesterday rolls in from tributaries.

There were no reports of heavy damage as the river continued to rise toward dikes in low-lying areas from Pomeroy, Ohio, to Louisville, Ky. The Ohio highway patrol reported the river falling above Marietta, Ohio.

Some 2,400 people in 603 families were evacuated by last night, the patrol said.

At Catlettsburg, Ky., at the junction of the Big Sandy and Ohio rivers, 800 of the town's 4,700 people probably will be forced to leave their homes by the time the river crests there tomorrow, authorities estimated.

Some people from every south river Ohio county bordering the river have left their homes. More than 35 roads were closed at various points near the river.

War Threat Gone?

SYDNEY, Australia (AP) — Foreign Minister Richard G. Casey said today the presence of U.S. armed forces in the western Pacific and the Philippines has removed any immediate threat of war in south-east Asia.

New Volcanic Outburst Feared

By ROY ESSOYAN

PAHOA, Hawaii (AP) — The threat of violent new volcanic outbursts hung like a dark cloud today over the danger-filled lava fields of eastern Hawaii Island.

Earthquakes of diminishing intensity jolted the area throughout yesterday. They rumbled along the 20-mile slope from Kilauea crater to the active volcano fields on Puna Peninsula.

Volcanologist Gordon A. MacDonald said Pahoa — its villagers packed and ready to run if a big eruption burst forth — "is still not out of danger, but things are definitely looking better."

He said volcanoes may continue to pop up in the devastated Puna area "for days, weeks, even months."

Gov. Samuel Wilder King inspected the fuming lava flows and spouting lava fountains from the ground yesterday.

A week of fiery eruptions has driven 600 persons from their homes. Lava flows have closed around at least nine dwellings and caused an estimated two million dollars damage to rich cane and timber lands. Four villages have been evacuated.

A fountain of lava burst out of a cane field a week ago near Pahoa. Since then eruptions and earthquakes have scorched a four-mile stretch across the heart of the Puna Peninsula.

One lava river was about 100 feet from the ocean near a deserted south coast settlement, Pohokiki. The molten stream had slowed almost to a stop.

A second flow south of abandoned Kapeho had virtually stopped 200 yards from the ocean.

The other coastal villages emptied are Kalapana and Opihikao. Seismographs began registering continuous quakes above inland Pahoa Saturday. The uneasy residents maintained vigil in drizzling rain Saturday and yesterday.

WORTH MORE THAN MONEY

Want to restore your faith in people? Then read this.

Sunday morning while Mrs. Bruce was attending mass at the St. Thomas Catholic Church, someone apparently brushed her car, nicking a rear reflector.

It was hardly enough to be noticed, but when Mrs. Bruce came out, there was a note with \$4 attached: "Sorry we hit your car."

The defense counsel continued to stress the emaciated conditions of Nugent and fellow POWs, contending the maltreatment made them easy prey of their captors.

Shuman also pointed out that Lt. Col. Paul V. Liles of Birmingham, Ala., ordered Nugent to comply with Communist demands to deliver "peace" speeches and sign surrender leaflets. Liles confirmed such orders.

Maj. Thomas H. Reese, trial counsel, opened arguments today with the prosecution premise that Nugent's motive was "personal gain, the will to survive. Duty and honor to country went by the boards."

Hammering away at Nugent's contention that he was forced under duress to assist the enemy, Reese said testimony showed the 45-year-old Wisconsin artillery officer voluntarily offered his services when he and three enlisted men were imprisoned together.

Reese argued Nugent said, "Me personnel officer, me can help you." The defendant has denied saying that.

ADM. STUMP SAYS

Nationalist Isles Can Be Defended

TAIPEI, Formosa (AP) — The boss of the U.S. Pacific Fleet says, "If the United States is willing we can defend anything against the Communists."

But the statement left the Reds guessing.

Adm. Felix B. Stump was asked by newsmen whether his statement included the Communist-menaced Matsus Islands, 20 miles off the mainland.

He replied, "Anything."

However, top American officials have not specifically and publicly said what action would be taken in event of a Red assault on the Matsus or Quemoy, another Nationalist island across the Formosa Strait.

Nationalist officials, in a briefing for correspondents, said the Matsus are being steadily reinforced and will have a larger garrison than did the Tachens before the latter islands were abandoned to the Reds. There were more than 11,000 troops on the Tachens.

They said Stump had left some of his staff officers to study defense requirements on the Matsus.

Irving Teacher Strike Still On

IRVING, Tex. (AP) — Students have called on the state to help settle a fight between the Irving School Board and fired Supt. John Beard.

The 53-year-old Dr. Beard is battling to keep his job. The board has stood fast on its decision to discharge him.

The fuss raged unabated today while a strike by some 200 teachers and other school employees who support Beard entered its second week. Volunteers and replacements are running the schools, which are under police guard because of the emotional pitch in this booming little city of some 23,000 near Dallas.

In the latest exchange, the board yesterday turned down Beard's suggestion the public vote on whether he or the board should quit. Beard fired back that the board is "dogmatic, unfair, undemocratic and biased."

As hot words flew, students were preparing a letter to State Education Commissioner J. W. Edgar asking help. The idea of the letter originated with nine students, and they said there was no opposition to it from either side.

While a policeman stood by in the Irving Community House, senior and junior high school students filed by and signed the letter.

It said in part, "We, the students of the Irving school system, representing the rights of every American student, request the aid of state officials in Austin for investigation and improvement of the school situation during the present emergency."

There was no immediate comment from Edgar.

The board fired Beard Feb. 16 for what it called his "repeated failure to cooperate with the board on important policy matters."

Beard blamed his discharge on a "local political clique" and said he will appeal to Edgar.

After a Sunday session behind closed doors, the board issued a statement phoned newspapers by a representative of a Dallas public relations firm.

Vetoing Beard's suggestion of a public vote, the board accused Beard and his supporters of trying to "whip up mass hysteria" and

Eight Killed In Traffic Mishaps

At least 14 persons died in weekend Texas violence. Traffic killed eight.

One man was beaten to death, one stabbed, one fatally shot, one drowned and one crushed by a truck. One committed suicide.

Some of the latest deaths: Fred Campbell, 42, of Robert Lee in West Texas was killed Sunday night when his car overturned down an embankment between San Angelo and Robert Lee after falling into a ditch.

Two Houston men were killed Sunday when their car rammed a bridge railing nine miles south of Bryan. They were Thomas McKnight Forrest, 24, and Gerald Weston King, 25.

A San Antonio youth, Fred Vasquez, 15, was fatally stabbed Saturday night in an argument with another youth over a teen-age girl. An ex-convict, C. Blanchard Sorrell, was shot to death at Henderson in East Texas Saturday night after an argument with a Henderson man, who was held for questioning.

Horace Jonathan Hobbs, 42, Bertram, Tex., died Sunday of gunshot wounds at his parent's home near there. Suicide was ruled.

Bill Busch, 39, former Texas baseball league pitcher, drowned in a tank near his home at La Grange Saturday. He had gone to the tank to inspect fishing lines.

Pvt. Donald Angus Ferguson, 20, Waco airman stationed at Wolters Air Force Base, Mineral Wells, was killed Sunday when the car in which he was riding left U.S. 77 near Waxahachie and plunged into a creek.

Talks Of Skin Care

Barbara Rush tells Lydia Lane her secret formula for keeping a lovely skin. Her next picture is "Captain Lightfoot" for Universal-International.

HOLLYWOOD BEAUTY

Uses Homemade Paste For Cleansing Skin

By LYDIA LANE

HOLLYWOOD—Universal-International is planning some important roles for Barbara Rush who was such a personal success in their "Magnificent Obsession." After the first few showings, her name was included in top billing on the theater marquee.

"I think you photograph better now than you ever have," I told Barbara as we lunched together at the studio recently.

"I'm thinner," she confessed.

"While I never had had eating habits, somehow I couldn't lose weight. Finally I went to the doctor and found that my basic metabolism was low and I needed thyroid. After that, in hardly any time, my weight adjusted itself."

"Because I'm small-boned, I look best at a figure way below what those charts for normal weight show."

"Only a very small percentage of people who can't lose weight have a glandular condition."

though," I remarked.

"That's true," Barbara agreed. "but I think if anyone is honestly controlling their appetite without results, the chances are that something in their system is off-balance and they should consult a physician."

Barbara was wearing no make-up except lipstick and I admired her clear complexion.

"My skin is sensitive," she explained. "After I've finished a picture, I like to give my skin a rest and go without make-up as much as possible."

"I have to be sure to keep my pores clean or I find that I'm troubled with blackheads. One of the studio make-up men told me the best way to do this."

"I steam my face to open the pores then use a home-made cleansing paste to clean them."

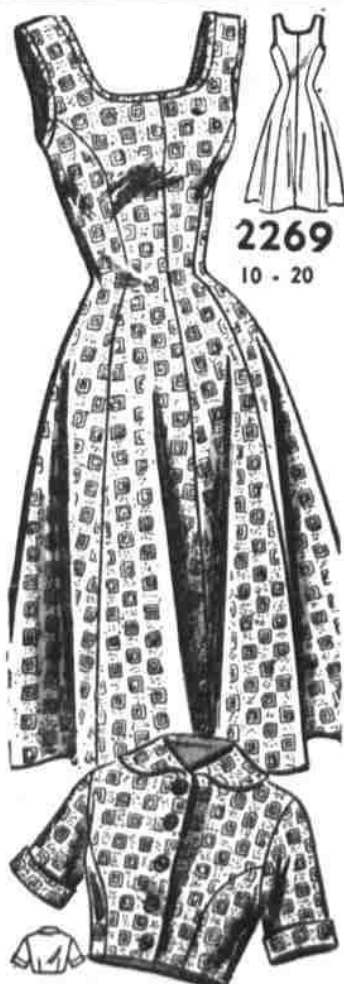

"I make a paste of ground almond meal, a tablespoon of table cream and some warm honey. While my pores are still open from the steaming, I massage this in with a light circular motion, especially around my nose and on my chin. This paste causes just enough friction to work off dead cells in case any pores are clogged."

"As for soap, I like to use men's shaving soap. It's milder and gives a much softer lather than ordinary face soaps. This is the only kind of soap that doesn't leave my face feeling drawn."

"This almond paste and shaving soap combination has worked very well for my skin," Barbara concluded.

Sherry Dell Moore, Foy Edward Day Wed

LAMESA (SC) — In a double ring ceremony in the Lamesa Church of Christ, Sherry Dell Moore became the bride of Foy Edward Day Friday at 8 p.m.

The bride is the daughter of Mrs. A. C. Moore and the late Mr. Moore. Mr. and Mrs. T. F. Day of Loop are parents of the bridegroom.

W. T. Hamilton, minister of the church, read the wedding vows before an altar of palms entwined with white satin ribbon. The altar was flanked by candelabras bearing white candles. Large baskets of white stock completed the decorations.

Don Finto sang "At Dawning" and "Always."

Given in marriage by her brother, Orville Moore, the bride wore a white nylon ballerina length dress designed with a full skirt and bolero jacket. Her shoulder length veil of silk illusion fell from a tiny hat. She carried a bouquet of pink roses.

Blanche Moore, sister of the bride, was maid of honor. She wore a light green nylon net gown fashioned with a full ballerina length skirt. The fitted bodice was designed with a sweetheart neckline and net puff sleeves. She wore a spring flower bandeau and carried pink roses.

Sandra Davis, of Ackerly, cousin of the bride, and Johnny Farris were candlelighters.

Attending the bridegroom as best man was Oliver Goldston of Seminole. Ushers were Orville Davis, of Ackerly, cousin of the bride, and Chester Farris.

A reception was held in the home of Mr. and Mrs. W. T. Hamilton. After March 15 the couple will be at home in Hobbs, N. M., where the bridegroom has been employed in the geophysical department of Shell Petroleum Co. He is a graduate of Loop High School and the bride was graduated from Lamesa High School.

It was 7:30—Getting-up time. Chris came into his mother's room. Chris was 15, but his eyes were full of tears and dejection.

"Mom, my alarm didn't go off," he said and dropped to the edge of her bed. "I was going to get up early and study for that French exam. I can't take it now—I haven't looked at those verbs."

"You didn't get them done last night?"

His mother stalled a little for time. It was certainly obvious he hadn't studied.

"What'll I do, Mom? If I fumble that exam my A for the term is gone." Chris was certainly distressed.

"I know," he went on, "don't tell me I shouldn't have gone to that basketball game last night. I knew I had to do French. I thought I could do it after I got home, but I was so sleepy I couldn't study. I figured I could do it this morning."

"What do you think you should do, Chris?" she asked.

"I know what I'd like to do," he said, "but I don't suppose you'd let me."

"What's that?"

"Skip school today. If I were sick they'd give me a make-up exam."

"But you're not sick."

"That's just the trouble. But Mom, I could think up a pain." He brightened a little at the thought of a pain.

"I think fatigue might be called an illness," his mother said slowly. "Mom, you mean you'd let me?"

"Well, Chris, I don't think it's a very good idea to go out at night and then stay home the next day to make up the sleep."

"No, I suppose it's not."

"But no rule is so sacred it can't be broken once in a while," his mother went on.

"I give you credit, Mom, you're the most understanding Mother a fellow ever had."

"Go back to bed now and really get caught up on your sleep."

"And, Chris," she added, "no baseball this afternoon."

"O.K. Mom, I'll take a walk

Witness Recalled In Fuller Trial

BIRMINGHAM, Ala. (AP)—Cecil Padgett, the surprise witness who linked both Albert Fuller and Arch Ferrell to the A. L. Patterson murder, was called back to court today for another stage of cross-examination.

Defense attorneys have aimed their attack on the state's case principally at Padgett because his testimony is the nearest to an eyewitness account of the slaying that Fuller's trial has produced.

The former chief deputy sheriff at Phenix City, where vice dens flourished openly for decades, has rested his case except for the re-examination of young Padgett.

State's attorneys, offering rebuttal testimony, expect to put on 25 or so more witnesses before the evidence goes to the jury for a verdict, perhaps by midweek.

Padgett, a 30-year-old construction crew foreman and father of four children, told the jury he saw Fuller and Patterson together just before the fatal shooting last June 18 and that he saw Fuller and Ferrell flee from the murder scene. Ferrell was prosecuting attorney in Phenix City.

The defense has laid bare Padgett's financial affairs in an effort to show he was heavily in debt and tempted by an offer of \$11,000 reward in the Patterson killing.

Fuller, still nonchalant despite a 4½-hour appearance on the stand in his own defense Saturday, is the first of three defendants to be tried for the killing of the Democratic nominee for attorney general who had vowed to clean up Phenix City.

He says he was in the county jail when Patterson was killed.

Ferrell and former Atty. Gen. Si Garrett are awaiting trial.

Ferrell, meanwhile, was called up for trial today on a vote fraud charge growing out of the Democratic primary last June 1 when Patterson won his nomination.

He and Garrett and a young Birmingham attorney, Lamar Reid, are accused of manipulating votes in an effort to defeat the Phenix City anticrime crusader.

Ferrell and former Atty. Gen. Si Garrett are awaiting trial.

There were 12 adult leaders from Big Spring, five of whom were speakers and discussion leaders.

George Oldham, Mary Rogers, Jane Thomas, Mrs. A. C. LaCroix and Grover Good served as leaders of conference groups and led discussions on such topics as narcotics, safe driving, and boy-girl relations.

Other adults providing transportation and help to the youths were Mrs. T. J. Williamson, Mrs. R. D. Sloan, Mrs. Jack Y. Smith, Mrs. Dick Simpson, Mrs. M. C. Grigsby, Mrs. Pauline Compton, Mrs. Grover Good, and Clyde McMahon.

The theme of the conference was "Youth Unites the World with God" and it was the subject of all talks and programs. High spot of the program was the dedication service at midnight Saturday in the First Baptist Church where many of the youths rededicated their lives to Christ.

Funeral rites will be conducted for Lewis Columbus Spears Jr., in the Bryan Street Baptist Church here Tuesday at 3 p.m. The Reverend E. L. Jones will officiate.

Interment will be in the Lamesa Memorial Cemetery and arrangements are by the Higginbotham Funeral Home.

LOOKING 'EM OVER

With Tommy Hart

When HCJC lost that semi-final game in the state tournament to Lon Morris last week, they made only three per cent of their shots in the first half and came up with an incredible 66 per cent in the final half.

Coach Harold Davis said he'd never seen any of his teams as cold as the Hawks were the first 20 minutes nor as hot as they were in the final half of that game.

Lon Morris, still smarting from a defeat administered by the Hawks in the Howard College Tournament last Jan. 1, used its regulars practically all the way, too.

Texarkana, sensing it could help its prestige by beating the Hawks in the game for third place, used its sub very sparingly, too.

Coach Davis said the Texasans team looked stronger to him than did Connors State, which the Hawks beat to earn the trip to the Nationals.

The trip to College Station proved a sort of anti-climax to the Hawks, after they had qualified for that trip to Hutchinson, Kansas. Davis lamented they could think of little else, after having beaten Connors at Amarillo.

The HCJC and SMU cage teams had this in common, incidentally.

HCJC won its second zone crown in three years by not losing a home game to conference foes. SMU paraded to the throne room for the first time in 18 years by not losing a conference game at home.

Will Byron Nelson's record of winning 11 straight tournaments along the pro golf trail ever be equalled?

Just for the record, here are the tournament crowns the Roanoke Rancher won, in the proper order: The Miami Four-Ball (where he teamed with Jug McSpaden), Charlotte, Greensboro, Durham, Atlanta, Canadian PGA, The Philadelphia Inquirer Invitational, the Chicago Victory Open, the Tam O'Shanter and the Canadian Open.

Odessa's Sunset golf course will shortly have a putting green covering 22,500 square feet.

Remember Joe Hauser, who held the minor league home run record along with Bob Crues until Roswell's Joe Bauman broke it last year?

Hauser, now 56, has a business in Sheboygan, Wisconsin, but will find the time to manage the Union City, Tenn., entry in the Kitty League this year. That's a Brooklyn farm club.

Maxwell In Playoff For Links Crown

Billy Shoots 71 Final Day

BATON ROUGE, La. (U)—Three golfers, who fought from behind during a tricky wind, tee off today in an 18-hole playoff for \$2,200 first money in the \$12,500 Baton Rouge Open.

They are Bo Winger, Oklahoma City; Jimmy Clark, Laguna Beach, Calif.; and Billy Maxwell, Odessa, Tex., who tied for first with 278s after yesterday's fourth round.

The three came from behind in the final round, played as a sudden cold snap with powerful wind gusts played tricks with their shots on the 4,450-yard Baton Rouge Country Club course.

However, Clark managed a par 72 and the other two got 71s.

If they tie again today, a sudden death playoff will follow.

Maxwell, playing in the final threesome, fell six inches short of first money on the 18th hole when he missed a putt and a winning 70.

"I knew I needed a birdie 4 to win," said Maxwell, "and I tried awful hard, too hard. That putt was only about seven feet."

Marty Furgol, Lemont, Ill., who had a one-stroke lead over the field with 205 at the start of yesterday's round, found the chill wind and final round tension too much. He came in with 74 for a 279 total.

Jerry Barber, Los Angeles; Jay Hebert, Woodmere, N. Y.; Art Doering, Inwood, N. Y.; and Cary Middlecoff, Klamath Lake, N.Y., finished with 279.

Wins Singles Trophy

Colonel C. M. Young presents Carmen Casico with the award for the singles championship of the Southwest Bowling Conference just completed at Webb Air Force. Casico came in second with 590 to Robert Wienk's 648, but Wienk won the All-Events, and no two prizes were awarded any one individual. Major Robert Kalshed, project officer for the Webb tourney, looks on.

Early Wynn Signs Cleveland Pact

By SHELDON SAKOWITZ

Since pitching usually is the predominant factor in the success of a pennant winner, the Cleveland Indians had good reason today to gloat.

The last of the Tribe hurlers, Early Wynn, a perennial holdout, came to terms yesterday.

The hard-working right-hander signed a contract for about \$40,000.

Teams were not disclosed by General Manager Hank Greenberg, who still has two recalcitrants to contend with — second baseman Bobby Avila and outfielder Dave Philley.

Wynn said, "You can say it ended in a draw. He (Greenberg) gave in a little and so did I."

The Indians seem to abound in pitching potential for the 1955 campaign.

Wynn and Bob Lemon were the mainstays last season, winning 23 apiece, while Mike Garcia accounted for 19 victories and Art Houtteman contributed 15. That adds up to 80 of Cleveland's 111 triumphs.

Veterans Bob Feller (13 victories) and Hal Newhouser (7), plus 21-year-old left-hander who compiled a 22-5 record for Indianapolis.

Other happenings around the spring training circuit:

Mickey Vernon of the Washington Senators ended his holdout by signing for a reported \$26,500.

With Ted Kluszewski of the Cincinnati Reds pinch-hitting safely for both sides, big Klu's team

edged the Gus Bells 2-1 in an intrasquad game.

Rookies Bob Zick and Joe Stanaka and veteran Bubba Church pitched shutout ball as the Braves blanked the Cardinals 5-0 in a Chicago Cub intrasquad game.

Walt Dropp, hoping to plug the Chicago White Sox's first base gap, hit a homer and two singles in the Sox intrasquad contest.

Third baseman Jim Finigan delivered three hits and rookie southpaw Carl Duser allowed just one hit in three scoreless innings to highlight the Kansas City Athletics' first intrasquad game.

Home runs by Willie Mays and Whitely Lockman sparked the New York Giants' regulars to a 9-3 victory over the rookies.

Bill Bruton belted an inside-the-park home run with two men on base as the regulars tied the scrubs 4-4 in an intrasquad game at the Milwaukee Braves' camp.

Alice Marble's last appearance in the championships in 1940, during which it was difficult to keep the eyes open.

The dreary hiatus ended of a sudden on the fall day in 1952 when the spectators in the stadium at Forest Hills saw Little Mo swat a tennis ball for the first time.

Though the stocky kid was only 17 and plainly knew little about the game's finer tactics — and cared less — there was little doubt that she was going to win that championship and as many more as she cared to collect.

With juvenile disdain, the Coast kid battered her way through the old guard. She never played a shot safe, never hit a purely defensive stroke. She proved again that women's tennis could be exciting, and w r g t t e e r t h a s e a r l i g n b e and we regret that she is breaking off now before she has had a chance to consolidate her position as one of the very best of the world has seen.

Midland Bulldogs Defeat Snyder

SNYDER, (SC) — Midland's Bulldogs, Tuesday foes of the Big Spring Steers, won a 6-1 baseball decision from the Snyder Tigers here Saturday afternoon.

A second game of what was to have been a double header was cancelled due to cold weather.

Midland hit three home runs, including a grand slam blow by Gerry Morris, the center fielder. Gene Howard and Myron Harris hit the other four-masters for the Bulldogs.

Local Girl Loses In Midland Meet

MIDLAND, (SC) — Dixie Faulkner, Big Spring, lost a Division B decision to Elaine Henderson, Odessa, in the semi-finals of the Midland Invitational Tennis Tournament here Saturday, 6-2, 6-2.

Wichita Falls won the tournament team title by scoring 66 points to 34 for second place Pecos.

Decks Cleared For Big Meets In Basketball

By ED CORRIGAN

The Associated Press

Except for the Ivy League race, which has yet to be decided, all the tumult and the shouting of the regular college basketball season is over. Now it's down to the serious business of the NCAA and National Invitation tournaments.

The Ivy League representative will be determined by Wednesday at the latest—a day after the NCAA Tournament gets under way. This is the most complicated situation since the Ivies began keeping records back in 1902.

Here's the setup:

Princeton, second in the league with a 9-4 record, closes its regular season schedule against Brown in the first game of an unusual double-header at Princeton tonight.

Columbia and Penn, who finished in a tie for first with 10-4 records, clash in the second game.

If Princeton loses, the nightcap will be for the championship. But Princeton is a strong favorite to whip Brown, and if the Tigers do win, they'll meet the second-game winner Wednesday night on a neutral court for the title.

Until yesterday, the Missouri Valley Conference had the key to a spot in both the NCAA and NIT. The race wound up in a tie between St. Louis and Tulsa.

The winner of a playoff was to play in the NCAA and the runner-up in the NIT. So they solved it by a conference committee vote. Tulsa got the NCAA spot and St. Louis the NIT.

So here's how they line up in the preliminary round of the NCAA tomorrow night at four different spots:

At New York — Williams, New England representative vs. Canisius; Duke Atlantic Coast Conference representative (North Carolina State, the winner, is ineligible), vs. Villanova; and defending champion LaSalle vs. West Virginia, Southern Conference titlist.

At Lexington, Ky. — Miami of Ohio, Mid-American Conference champion, vs. Marquette, and Penn State vs. Memphis State.

At Oklahoma City — Oklahoma City U. vs. Bradley.

At San Francisco — Idaho State, Rocky Mountain Conference champion, vs. Seattle, and San Francisco, the No. 1 team in the Associated Press poll, vs. West Texas, which got the Border Conference bid on the toss of a coin after tying with Texas Tech for the title.

Friday's winners play Saturday with the four victors then going to the national semifinals and finals at Kansas City March 18-19.

Mustangs Book Abilene Club

SWEETWATER, (SC) — The Sweetwater Mustangs will play non-conference football games with Abilene and Stamford next fall, it has been announced.

The Mustangs, who will have a new head coach, open their campaign Sept. 16, at which time they host Abilene, the defending Class AAAA state champion.

Six of the Ponies' games will be at home.

The schedule:

Sept. 16—Abilene here.

Sept. 23—Stamford here.

Sept. 30—At Levelland (C).

Oct. 7—Lamesa here (C).

Oct. 14—Monterrey (Lb) here (C).

Oct. 21—Vernon here (C).

Oct. 28—At Snyder (C).

Nov. 4—At Plainville (C).

Nov. 11—Open.

Nov. 18—At Amarillo Palo Duro (C).

Nov. 24—Big Spring here (C).

(C)—Denotes conference games.

Hood Meets Bliss In Tourney Game

FORT SMITH, Ark. (U)—The 4th Army Basketball Tournament starts today with host Camp Chaffee, Ark., the defending champion.

In big team Class A competition, Fort Hood, Tex., was to play Fort Bliss, Tex., in the only first round game of the double elimination tourney. Tomorrow, Camp Chaffee plays Brooke Army Medical Center, the winner of the Hood-Bliss game plays Fort Sill, Okla.

A WAC tournament also was to start today, with Brooke women playing Fort Sam Houston while a first round bye went to Hood.

Wes Santee Will Run Next In Milwaukee Track Show

NEW YORK (U)—Stymied by a lack of competition in the Knights of Columbus meet, Wes Santee will make his next assault on the world indoor mile record in the Milwaukee Journal games Saturday and he'll come equipped with his own mechanical rabbit.

"Art Daisell, who runs with me on the University of Kansas team, will be in the mile in Milwaukee," the gangling crew-cut said Monday. "I hope he'll set a fast pace. I also hope he'll be in Chicago the following week."

Between times, Santee has considerable work. He'll fly down to Mexico City for the Pan-American games right after he finishes operations in Milwaukee, then whip back to the States.

"I'm not afraid of that Mexico height," he said when advised that some Americans have come a cropper in the earlier air south of the border. "Colorado is like that and I've run under the same conditions there. It doesn't worry me at all."

Before he goes back into action indoors, Santee has a date in Houston Tuesday to tangle with two of his old cronies, Fred Dwyer and Bob McMillen. It will be the final Stateside workout for the Pan-American squad and there will be no trying for records. That comes from both Santee, and a high Pan-Am official.

"I'm just going to run to win

Jayhawks Draw Moberly As First Round Foe

HUTCHINSON, Kansas (SC) — Howard County Junior College's Jayhawks have drawn Moberly, Mo., the defending champion, as a first round opponent in the National Junior College Basketball Tournament. The two teams clash at 2 p.m. Wednesday.

Complete pairings, listed in order of draw: Hannibal-LaGrange, Mo. vs. Tyler, Texas, 7:45 p.m.; Jacksonville, Fla. vs. Decatur, Miss., 12 noon; Mo. vs. Brooklyn, N. Y., 1:45 p.m.; La-

monia, Iowa, vs. Eveleth, Minn., 2:30 p.m.; all on Tuesday; HCJC vs. Moberly, Mo., 2 p.m.; Coffeyville, Kansas, vs. Boise, Idaho, 3:45 p.m., both on Wednesday.

The tournament continues through Saturday night. Tyler is the tournament favorite but strong competition is due to come from Hannibal-LaGrange, Arkansas City and Moberly. Tyler is the nation's highest scoring junior college team, with an average of 95.3 points a game.

The Jayhawks arrived in Hutchinson at 9 p.m. Sunday and are staying at the Bisonte (American Legion) Hotel.

Coach Harold Davis plans to send his charges through several practice sessions before the meet gets under way.

School Cage Meet Outgrowing Self

AUSTIN (U)—The tumult and shouting died today but Texas Intercollegiate League officials were thinking about what they can do to accommodate a schoolboy basketball tournament that has outgrown itself.

The five-way tournament last week drew 45,700 admissions for three days and nights of basketball—an average of over 5,000 per session. There are nine sessions. Gregory Gym, the site, handles only about 7,800, including standing room.

At night sessions the place was filled to overflowing. Many couldn't buy tickets.

It was the finest tournament in 35 years of Texas high school basketball. College coaches said it was the best basketball they ever had seen played in this annual event.

Crozier Tech of Dallas won the Class AAAA championship, beating Waco 59-57 in a thrill-packed final. Victoria downed French of Beaumont 60-51 for the AAA crown. Seminole nosed San Marcos 50-49 for the AA title. Buno beat Dickinson 58-54 for the Class A championship. Ayova won over Big Sandy 47-41 for the Class B diamond.

French's Buffaloes probably are doing some shaving today. Four members of the team came to Austin sporting Van Dyke beards. They had vowed to keep the beards until French lost a game. The Buffs had won 16 straight games until their final with Victoria.

Among the bearded beauties was Robert Courville, a star of the tournament. Joe Dominick, David Reynard and Pat Martin were the others.

Waco Coach R. B. Keithly could well claim to be snake bit. Twelve times he has brought teams to the state tournament and never won a championship. His team this year was one of the best ever seen in the big meet.

Unpredictable NAIA Meet Under Way In Kansas City

KANSAS CITY (U)—College basketball's most unpredictable tournament — the week-long National Intercollegiate — opened its 17th stand in Municipal Auditorium Monday.

Putting the fuse to the 32-team small college meet were Alderson-Broadus (29-5) of Philippi, W. Va., and the Minot (N.D.) Teachers (20-4).

There'll be a new champion for sure. St. Benedict's of Atchison, Kan., surprise winner last March, lost all 10 of its conference games this season and failed to qualify.

Perhaps the most attractive game of the opening session will match Beloit (Wis.) College, long time contender but never champion, and Whitworth College of Spokane, Wash., at 6 p.m. (CST). Second seeded Beloit has a season record of 20-3. Whitworth has won 21 and lost 8.

Today's pairings (times CST): 11 a.m. — Alderson-Broadus vs. Minot (N.D.).

12:30 p.m. — Wayland (Tex.) vs. Gustavus Adolphus.

2 p.m. — Montana St. vs. Florida St.

3:30 p.m. — Adrian (Mich.) vs. Tex. Southern.

6 p.m. — Whitworth vs. Beloit.

7:30 p.m. — East Tex. St. vs. Portland (Ore.) St.

9 p.m. — Southwestern (Kan.) vs. Los Angeles Loyola.

10:30 p.m. — Steubenville (Ohio) vs. Miss. Southern.

Four Are Tied At Jacksonville

JACKSONVILLE, Fla. (U)—Patty Berg, Mary Lena Faulk, Jackie Pung and Fay Crocker felt loads of pressure today as they teed off in the final round of the \$5,000 Jacksonville Women's Open Golf Tournament.

Sunday's play, in unruly March winds, placed them in a four-way tie for the lead.

Miss Faulk, former National Amateur Champion from Thomasville, Ga., and the veteran Miss Berg from St. Andrews, Ill., had unprofessional 80s on the par-72 Hyde Park Course.

That allowed Miss Crocker of Montevideo, Uruguay, and Mrs. Pung, the Honolulu housewife, to slip into first place with them at 225 for 54 holes. Miss Crocker had a 76 and Jackie a 77.

Jess Talkin'

by Jess Blair

Rexie Cauble has sold another of his Lord Lamplighter bulls. This was an eleven months' old bull and went to I. A. Bird of Sancho, Texas. Bird also bought a four year old herd bull from Dr. G. T. Hall.

Cauble says he has got by thus far with very little feeding. He grew 100 acres of sudan last year and let the cattle graze this until recently.

He also has some sudan on one of his ranch pastures. A year or so ago a big rain swept through a sudan field and carried some sudan seed out into the pasture, where it sprouted and made good growth. He hadn't been running over five head to the section in that pasture, but with the sudan and some new grass was able to put 35 head on it.

He says he now has better grass than at any time since 1950.

DRY WEATHER OBSERVATIONS: Moisture is getting away fast. Top moisture is about gone, as dry, hot days speed up the evaporation. Fields are fairly moist at Lomax and Stanton. G. B. Madison of Lenora says he has good moisture south of the village but very little on his home place north of there. Best moisture is northwest of Knott, the poorest in northeastern Martin County near Ackerly. Everywhere, rains are needed and soon.

In one community they are betting three to one that a farmer who deep-broke a tightland field 20 inches won't make a crop. "Sometimes deep-broke sandy-land will pay off with normal rainfall," a neighbor observed, "but when broke that deep on tightland, the owner might as well fence it off and graze the weeds. It'll take four inches to even get it wet."

Two VIC Members Place At Snyder

Two members of the Vocational Industrial Club won several places in district competition Saturday at Snyder.

Jimmy Gill won first place in automobile upholstery and Truman Mason took second. In regular body work Jimmy got a second and Truman a third; in tool identification, Truman got second and Jimmy third; in technical information, Jimmy got second and Truman third.

They were accompanied by William A. Burdett, coordinator. Joe B. Neely, area supervisor, and J. B. Whitely, assistant high school principal, assisted in running the contests in all fields. Next important meeting is the state convention in Waco April 22, said Burdett.

Odessans Plan Improvements At State Hospital

A miniature golf course and a baseball diamond will be constructed at the State Hospital in the very near future, according to Dr. Roy Sloan, superintendent.

He said the State Mental Hospital Development Association of Odessa is planning to build the new projects. The organization has been a leader in this area in assisting the hospital in various phases of its work.

It is under the leadership of Mrs. Leland Croft of Odessa.

The organization plans to supply all the materials and labor necessary to construct the developments. Work will begin as soon as the other construction is completed at the hospital, Dr. Sloan said.

A Bingo Party was held for the lady patients of the hospital Thursday night. It was sponsored by the Jayettes of Big Spring. The patients had a good time and enjoyed the games immensely, attendants report.

Cosden Petroleum Corp. gave the hospital 50 tickets to the Lions Club Minstrel Show and the National Spotlight Revue. Dr. Sloan said 44 patients and six attendants went to each of the shows.

UNCLE RAY'S CORNER

Our five cent coin is made of nickel.

A single nation provides the world with the greater part of an important metal. I am thinking of Canada: the metal is known as nickel. During the past 50 years Canada has produced more than three-fourths of the world's supply. In certain years the Canadian output has amounted to from 85 to 88 per cent of the total nickel produced.

Second in this field is Russia, but the Russians produce less than one fifth as much nickel as Canada. Two islands—New Caledonia and Cuba—rank after Russia.

When someone speaks about the metal nickel, we are apt to think of

the coin known as a nickel. Hundreds of millions of nickels have been minted.

Although it was changed during wartime, the old Canadian custom is to mint coins of pure nickel. The peace-time five-cent coins of the United States, on the other hand, have only one-fourth of nickel, along with three-fourths of copper. The nickel luster, somewhat silver keeps the copper part of the American alloy from being observed.

One fine thing about this metal is the fact that it resists rust. Iron or steel rusts all too fast, but a piece of nickel will stay in good condition many times as long.

When nickel is alloyed with steel, a product known as "nickel-steel" is produced. Nickel-steel is hard and tough, and will suffer little, if any, rusting.

Another alloy is German silver, but it is made without silver! About one-fourth of German silver is nickel. The remainder is made up of zinc and copper. The nickel gives a "silvery" look to German silver.

Nickel also goes into monel metal. This contains about 67 per cent of nickel and 28 per cent of copper. The rest is iron, silicon, carbon and manganese.

Four Persons Die As Summer Home Burns

WILMINGTON, Mass. (AP)—A woman and three men perished yesterday in a blaze which destroyed a converted six-room summer cottage near Silver Lake.

The victims were John Mead, 30; his wife Ruby, 35; John R. Stephens, 26, a boarder; and James R. Frotton, 50, a merchant seaman who visited the cottage Saturday night and decided to stay overnight.

Cause of the blaze was not determined immediately.
