The SDN Column

Bob Goalby, who won the coveted Masters Golf Championship in that unusual finish at Augusta, Ga., last Sunday, is married to a first cousin of Dr. Carl Dillaha of Snyder.

Mrs. Goalby is the former Sarah Margaret Dillaha, and her father and Dr. Dillaha's father are brothers.

Goalby met his wife after he went on the golf circuit. She was a stewardess for Trans World Airlines and he was flying quite a bit going from tournament to tournament.

Although the Masters this year is Goalby's first major tournament victory, he has been in the money consistently during his professional golf career and one year finished fifth among the top money winners despite the fact that he did not win a big tournament.

Goalby was quarterback on the University of Illinois football team when he was in college.

★ ★ ★

Awarding of the Masters title to Goalby without a playoff when it was discovered that Roberto De Vicenzo had signed an erroneous score card has brought down a deluge of protests and criticism. The protests directed toward the officials of the tournament itself appear unfair. The rule being what it is, just think what the protests would have amounted to if the rule had been ignored and Goalby had been required to face De Vicenzo in a playoff.

Some notables among professional golfdom have come forward now and advised that they have long been advocating a revamping of some of the rules, like the one regulating scoring, but it requires a sensational happening to bring them out in the open.

According to the rules, which all pro golfers undoubtedly understood, Goalby is the 1968 Masters Champion. And, even without the rule, he had as much claim to it Sunday as De Vicenzo.

—WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, April 17, the 108th day of 1968. There are 258 days left in the year.

Today's highlight in history:

On this date in 1521, the Diet at Wormy excommicated Martin Luther from the Roman Catholic Church after the former monk refused to admit to charges of heresy.

On this date —

In 1790, Benjamin Franklin died in Philadelphia at the age of 84.

In 1861, Virginia seceded from the union.

In 1941, Yugoslavia surrendered to Germany, but partisan forces continued to wage guerrilla warfare.

In 1943, American warplanes carried out attacks against Palermo, Sicily.

In 1945, it was announced that the Japanese had lost more than 200 planes in a single day of suicide attacks over Okinawa.

In 1964, Jerrie Mock of Columbus, Ohio, became the first woman to make a solo flight around the world as she landed her plane at Columbus.

Ten years ago . . . the Brussels World's Fair opened in Belgium.

Five years ago . . . Egypt, Syria and Iraq announced that a plan to merge would be submitted to national plebiscites.

One year ago . . . A federal judge ordered strikers to return to work at a Connecticut plant which produced engines needed in Vietnam.

HONORED AT ASSEMBLY — Several Travis Junior High School students were honored for scholastic or athletic achievement during an annual "T" awards assembly program in the school auditorium this morning. They are, from left to right, Front Row, Bill Martin, speech; Danny Williams, vocational agriculture; Dennis Pitner, shop; Josias Guzman, boy's P.E. and communicative arts; and Barry Welsh, choral; Middle Row, Linda Benitez, world history and science; Judy Martin, girl's P.E.; Lennis Cox, homemaking; Brenda Allison, art; and Lawana Freeman, algebra; and, Top Row, Linda Welch, general business; Marian Watts, band; and Laura Welch, general business.

Korea's President Arrives For Talks

HONOLULU (AP) — Issues of war and peace in Vietnam and tensions in the potential Korean powderkeg occupied President Johnson as he welcomed President Chung Hee Park of South Korea today for a one-day conference.

Park arrived in Honolulu well after dark in a light drizzle and was met by Johnson.

The Korean leader, attired in a gray business suit, waved at a cheering crowd that pressed against the fence.

Once formalities such as a 21-gun salute and the Korean national anthem were over, Park moved along the fence with Johnson to greet the crowd, then climbed into a helicopter to be whisked to his hotel.

The two chief executives had a full round of formal meetings set for today at the Hawaiian White House—the luxurious ocean front estate of the late industrialist Henry J. Kaiser.

Park's visit coincided with important developments affecting his country and the military-diplomatic situation in Vietnam, where South Korea has nearly 50,000 troops in action.

—Two Americans and two South Koreans in uniform were killed by Communist intruders from the North last Sunday near Panmunjom. U.S. officials suggested this most serious recent incident along the demarcation line between North and South may have been deliberately timed because of the Johnson-Park meetings.

—Park, on leaving his homeland for Honolulu, lauded Johnson's new initiatives toward a Vietnam peace but seemed to express a bit of restiveness by adding "there is a limit to concessions and patience."

—Foreign Minister Tran Van Do of South Vietnam suggested in Saigon the allies in the Vietnam war might do well to hold a summit conference in advance of any substantive peace talks with Hanoi. American officials said it would be premature to consider such a move in the absence of any firm indication that such talks will take place.

In Washington an official who asked not to be identified said a third party might be needed to settle the issue of where the initial peace contacts should be made.

The United States and Hanoi have been squabbling over this question, with Washington contending it should be in a neutral country while Hanoi has suggested Warsaw in Communist Poland, and Phnom Penh, Camodia.

This official's comment generated speculation the Soviet Union or the United Nations secretary-general, U Thant, might be asked to help get the talks under way.

Tornadoes, Hail, Snow Dot Nation

BY THE ASSOCIATED PRESS

Tornadoes, rain, hail, snow and gusty winds gave the nation a varied weather pattern Tuesday night and early today.

The Weather Bureau reported 14 tornadoes were sighted in Iowa, Missouri, Kansas, Nebraska and Oklahoma but did little damage.

In Guthrie, Okla., what was described as a tornado carried away the roof of a home for elderly persons. Sixty-five of the home's approximately 80 residents were taken to a hospital where many were treated for minor injuries and released. Two were admitted to the hospital for observation.

Twisters also were reported near Enid and Crescent, both in Oklahoma; near Hamburg, Shenandoah, Des Moines and Osceola in Iowa; and near Maple Hill and Paxico, Kan. Tornadoes were reported near Rockport and Watson, Mo., and another was reported in the vicinity of Pawnee City, Neb.

Damage was negligible.

Elsewhere, thunderstorms raked much of Oklahoma and extreme northwest Arkansas.

Tornado-like winds lashed sections of Kansas and Missouri. Wind gusts of 75 miles an hour were clocked near Topeka, Kan., and St. Joseph, Mo., had gusts to 71 miles an hour.

Hail peppered sections of Iowa, Nebraska and Oklahoma. Tulsa, Okla., received more than an inch of rain within a six hour period.

Farther west, snow fell in the Central Rockies. Livestock warnings were issued for Utah, Wyoming, Colorado and the Nebraska Panhandle.

Showers and thundershowers were forecast later today for much of the central and southern Plains, the Mississippi Valley and the upper Great Lakes region. Showers also were expected in the Southwest, extending northward along the Rockies.

Memphis Garbagemen Return To Rounds

MEMPHIS, Tenn. (AP) — The city's 1,300 garbage collectors began returning to their jobs early today, after settlement of a labor dispute which brought Dr. Martin Luther King Jr. to the city where he was killed.

The strikers began reporting to their stations in groups before dawn.

Kidnaping Suspects Nabbed In Arizona

The holdup of a grocery store in Safford, Ariz., Tuesday led to the capture of a trio charged with the kidnaping of a Fort Worth youth and his girl friend last week.

The kidnap victims were released west of Snyder on U. S. Highway 180 at about 9:30 p.m. last Thursday night. John Patrick McElroy, 20, and his 17-year-old date told officers they were hauled here after being abducted at Benbrook Lake near Fort Worth. They said the girl was raped somewhere along the route.

A trio, two men and a woman, were charged in Fort Worth.

The three suspects were nabbed in Arizona following a chase by two planes and some 30 patrol cars after a grocery store was robbed at Safford Arizona officers said they called themselves "Bonnie and Clyde and Jessie James."

Identified as Virginia Nell Collins, Jessie James Smith and Harvey D. Webb, all 20, they were confined in Graham County, Ariz., jail.

During the chase in Arizona, the trio drove their car off Interstate Highway 10 onto the 7-Bar Ranch and tried to flee on foot into the desert. Two sheriff's deputies, an FBI agent and a Benson, Ariz., police officer converged on them.

Cochise County Sheriff's Deputy Lee Jones said the three, one of whom was armed, stopped running and surrendered when an officer said, "Stop, or I'll blow your head off."

Later, investigators found a note in the car which said: "Sorry about the car. Signed Bonnie, Clyde and Jessie James."

Fort Worth officers said Virginia Nell Collins, Webb and Smith were originally from Louisiana.

19 MARINES KILLED

N. Viets Resume Khe Sanh Shelling

SAIGON (AP) — North Vietnamese gunners resumed the shelling of Khe Sanh with the fury of the worst days of the U.S. Marine bastion's 77-day siege, U.S. military spokesmen reported today. They said 19 Leathernecks were killed, 56 wounded and 14 are missing.

The spokesmen reported the missing men were part of a patrol operating out of Khe Sanh that had been ambushed. Most of the wounded and killed were also involved in the patrol, but the spokesman declined to furnish further details.

The casualties were the heaviest in two weeks at the combat base, officially relieved 12 days ago. The North Vietnamese mounted a 250-round attack by artillery, mortars and 100-pound rockets.

U.S. military spokesmen put North Vietnamese dead at 20 after a Leatherneck patrol Tuesday attacked a Red bunker complex four miles south-southwest of the U.S. base in the northwest corner of the country.

An estimated 40 North Vietnamese hit the Marine combat patrol with mortars and rockets and then laid down intense small-arms fire. U.S. fighter-bombers and artillery pounded the enemy bunkers until the North Vietnamese escaped about midnight.

North Vietnamese artillery attacks on the Khe Sanh base, which subsided after the siege was lifted April 5, also have increased this week. Enemy gunners hurled 250 artillery and rocket rounds on Khe Sanh Tuesday, causing "moderate" damage to U.S. supply areas, U.S. spokesmen said. On Monday, about 300 mortar, rocket and artillery rounds hit the base.

To the south, allied forces pushing through jungles and rice paddies in the biggest offensive of the war reported six sharp clashes within 35 miles of Saigon. It was one of the busiest days so far in Operation Complete Victory, the 100,000-man sweep which began April 8.

A unit of the U.S. 9th Infantry Division killed 12 enemy in a brief fight 31 miles east of the capital. Two Americans were killed and two wounded.

Twenty-five men of a South Vietnamese airborne battalion were wounded in a battle seven miles north of Saigon. There was no report of enemy losses.

In the Mekong Delta 15 miles southwest of Saigon, a Vietnamese regional force company encountered a strong enemy force and two companies of the U.S. 199th Light Infantry Brigade were sent in as reinforcements. Three Americans and 14 government soldiers were killed along with three Vietnamese civilliams. Eleven enemy dead were reported.

In the air war, B52 bombers made six more attacks on the A Shau Valley west of Hue, a major infiltration route from Laos. The U.S. Command suspects the North Vietnamese there may be readying another attack on Hue.

U.S. pilots flying missions against North Vietnam stayed below the 19th Parallel Tuesday for the 13th successive day, military sources said. The deepest reported penetration was a strike by Navy A6 Intruders on a railroad siding 22 miles north of Vinh, about two miles south of the parallel.

VISITING HERE — Army S/Sgt. Thomas Jerry Roberts, shown with his son, Jeff, 12, received emergency furlough to visit with his parents, Mr. and Mrs. T. A. Roberts, 1804 Thirty-ninth Street. He is a combat veteran of the fighting in Vietnam.

SNYDER GRADUATE OF '55

Vietnam Veteran On Leave

A Snyder soldier who has been in the thick of the fighting in Vietnam during the past eight months has returned to town on emergency leave to be with his mother who is seriously ill.

Army SSgt. Thomas Jerry Roberts, a 1955 graduate of Snyder High School, is visiting with his parents, Mr. and Mrs. T. A. Roberts, 1804 Thirty - ninth Street. His mother recently returned to Snyder from M. D. Anderson Hospital in Houston where she had gone for treatment. Her son, a career soldier since 1960, arrived in Snyder March 18 and has been visiting with her in Houston and here since then.

Roberts has seen action against the Viet Cong several times during the past eight months, including two major engagements in which half of his squadron — the 1st Squadron, 1st Cavalry, American Division, participated.

A tank commander and assistant operations sergeant for his squadron, Roberts said his unit killed 146 VC on Feb. 27 while on a search and destroy mission in an area northwest of Tam Ky about 26 miles southwest of Da Nang. Their own casualties were described as light.

The I Corps area where they patrolled regularly is located 360 miles north of Saigon or about 23 miles south of Da Nan The unit received widespread recognition during a subsequent battle in the area on March 9 when the squadron was credited with 129 enemy killed without sustaining any losses.

"We captured many weapons that day," recalled the former Snyder schoolboy.

Roberts said that regular NVC (North Viet Cong) units were included among the enemy forces.

The Snyder man received the purple heart for another engagement which occurred when he and a small patrol had returned from a reconnaisance mission on an island and were driving four halftracks down a dry creek bed near the west coast of Vietnam.

"We were ambushed by about 35 VC," said Roberts, — "they hit five of us and we got eight of them."

Roberts was one of the five Americans wounded. Hit be-

Coed Faces Expulsion

NEW YORK (AP) — Linda LeClair, Barnard College sophomore facing expulsion from school for admittedly sharing an off-campus room with her boy friend, said Tuesday Barnard's housing regulations "are an infringement of our basic individual freedom."

A student-faculty judicial committee reserved decision after a two-day trial. The committee's decision may be overruled by the college president.

"I'm old enough by law to live anywhere and with anyone without my parents' permission," Linda, 20, said at the hearing. Seated beside her throughout the proceeding was the boy friend, Peter Behr, a Columbia University junior.

4 Bodies Found On Del Rio Road

DEL RIO, Tex. (AP) — State Police said today four persons died in what appeared to be a mass murder on a lonely stretch of highway between Del Rio and Sonora in West Texas. Two injured children were found and a seventh person is feared missing.

State police headquarters in Austin said it received word from its Del Rio office that the bodies of two women, a man and a child about 2 years old were found scattered along U.S. 277 and in a pasture.

The victims had been stabbed and beaten.

A spokesman at Del Rio said two bodies were found in a ditch and two under bushes.

One woman was believed missing.

Injured and taken to hospitals were an infant and a child about 4 or 5 years old.

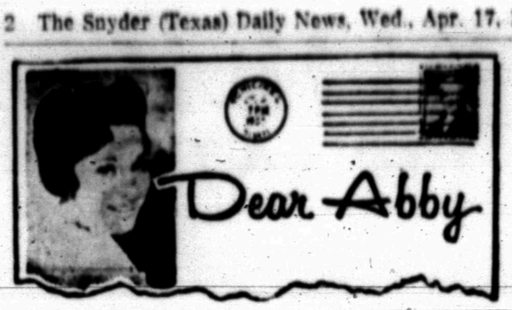
The Del Rio spokesman said the bodies apparently were thrown from an automobile because they were so scattered.

The first report came from the sheriff's office in Sonora, about 150 miles northwest of San Antonio.

The victims apparently had been dead for several hours when found, the state police official said.

Identities of the victims were not immediately available.

One of the injured children was taken to Del Rio and the other to the Sutton County Hospital in Sonora. Both were in critical condition.



By ABIGAIL VAN BUREN

DEAR ABBY: This is for that person who wrote in to say that anyone who gives free rides to and from work on a regular basis is a "sucker" if he doesn't charge for the service.

According to my insurance man, a person who drives a car and carries regular type insurance should never accept any money from his riders for transportation, because then he can be considered a "commercial carrier," and in case of an accident the driver's liability is increased greatly.

WISER

DEAR WISER: My insurance experts tell me that if a driver accepts money from his riders on a "share-expenses" basis only, and NOT for profit, his liability to his riders is not increased. However, policies differ in different states, so better check yours out with your insurance man, and be sure you understand it. And if you're not satisfied, ask your lawyer to look at it to be sure you are adequately covered.

• • •

DEAR ABBY: Should a gentleman walk his date to the ladies' room? And if so, should he wait for her and escort her back to the table?

I have had dates who did, and dates who didn't, and I must say, I felt "pleasantly pampered" by those who did.

The reason I am asking is this. A friend of mine said if a date ever started to walk her to the ladies' room she would tell him she knew the way, and to please stay put. Who is right?

CYNTHIA

DEAR CYNTHIA: It all depends on where you are. If the place is crawling with creepy-looking characters, I can understand why you would appreciate the escort service. But in most respectable places, a lady can usually make it to the ladies' room and back on her own.

• • •

DEAR ABBY: I howled when I read your column about padded fannies. Women of today who use the various artifices are lucky they weren't born 200 years ago. The following is an excerpt of an Act of Parliament, passed in 1770:

"That all women, of whatever age, rank, profession or degree, whether virgins, maids or widows, that shall form and after such Act, impose upon, seduce, and betray into matrimony any of His Majesty's subjects by the scents, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops, high-heeled shoes, bolstered hips, shall incur the penalty of the law in force against witchcraft and like misdemeanors and that the marriage, upon conviction, shall stand null and void."

So you see, Dear Abby, there is nothing new under the sun; it pays to be a "research man."

Mrs. JFK's German Cook Dismissed

NEW YORK (AP) — Mrs. John F. Kennedy's German cook, a 24-year-old blonde, says she was fired Tuesday after word of her cook book and television career ambitions got into print.

Annemarie Huste, the cook, said Mrs. Kennedy apparently believed that Annemarie was going to expose the former first lady's private life to public scrutiny.

"I would never allow anything to be printed about her private life," Miss Huste told an interviewer.

A spokesman for Mrs. Kennedy declined immediate comment about the firing.

Miss Huste, a 5-foot-3, 115-pound native of Ulm, Germany, said she received a phone call Tuesday from Mrs. Kennedy's secretary, informing her "it would be better if I didn't come back."

She said a published report that she was making a pilot television film this week, with a view toward syndication, was not true.

Equally untrue, she said, was a remark attributed to her that she hoped to make $1 million before she was 25. "This couldn't be possible," she said, because I will be 25 next month."

And as for the unfinished cook book it will include her favorite recipes, not necessarily those she served to the Kennedy family she said.

Miss Huste said she has worked for Mrs. Kennedy more than two years. She had drawn $130 a week with the Kennedys, she said.

Marks Wins 20th Bout

HOUSTON (AP) — Light heavyweight Mark Tessman won a unanimous 10-round decision over Henry Hank of Detroit Tuesday night in Sam Houston Coliseum.

Tessman, 20, a junior at the University of Houston, raised his record to 20-0 with the victory. There were no knockdowns.

Tessman weighed 176¾ and Hank was 176½.

Hank, 33, had a 59-25-4 record with 39 knockouts before he entered the ring with Tessman.

Referee Ernie Taylor scored the fight 97-95 for Tessman. Judges Earl Keel had it 96-95 and Chris Jordan 98-94 for Tessman.

In early rounds, Hank scored with rights and left to the body, attempting to bring down Tessman's high guard. Tessman followed with right crosses and jabs.

In a 4-round preliminary event, Jimmy Nichols, Houston, 158, drew with Mike Lamb, Dallas, 154½. Woody Parks, Beaumont, 200, won a technical knockout over Jimmy Manahan, Houston, 196, at 1:14 of the first round of a scheduled four rounder.

The Bridge Is Really Falling Down

By GRANVILLE WATTS
Associated Press Writer

LONDON (AP) — London Bridge is finally falling down—and the Americans are picking up the pieces.

The City of London Corporation announced the sale of the bridge to an American bidder Tuesday night and said the purchaser would be revealed later this week.

In Lake Havasu City, Ariz., a spokesman for the McCulloch Corp., a bidder for the bridge, said a news conference was called to announce that the firm won the bid.

But the spokesman, Frederick Schumacher, director of McCulloch's Lake Havasu City development, said "If we don't win the bid, we'll just all have breakfast" at the news conference.

The price was estimated unofficially at $2.4 million. Schumacher said it would cost about $240,000 to ship the 10,000 tons of granite to Arizona.

McCulloch planned to rebuild the bridge at Lake Havasu City, a resort on the Colorado River.

The 136-year-old bridge joins the liners Queen Mary and Queen Elizabeth and sundry churches and castles on the transatlantic journey.

"How much for Buckingham Palace?" quipped one Briton of the monument drain.

A London Bridge has spanned the Thames in one form or another since Roman times 2,000 years ago. It has been falling down for centuries in the popular nursery rhyme.

The present bridge, built in 1831 and one of 12 across the Thames in London, is too narrow for today's heavy traffic. A wider bridge will replace it.

VETERAN

Continued From Page 1

tween the eyes with shrapnel, he spent the next eight days 'n a hospital at Chu Lai, then was returned to duty.

A combat veteran said his tank squadron works in close cooperation with artillery units and air support units. He has been recommended for the Bronze Star and the Air Medal.

"I flew 25 hours of combat missions in a helicopter," he said. In addition, he was awarded the Army Commendation Medal in ceremonies at Fort Knox, Kentucky.

Asked if he thought there is a possibility of peace in Vietnam in the near future, Roberts said, "We can always hope."

His family (wife and five children) have been staying with relatives in Jal, N.M., while Thomas visits with his mother. He has been temporarily reassigned to Fort Hood since receiving emergency leave.

A sister, Karleen Roberts of New York City, also is visiting in Snyder. The family also includes another sister, Mrs. Lee King of Garland.

Since going into the Army in 1960, Roberts spent a tour of duty in Korea in 1960-1961 and a tour in Germany from 1962 until 1965 prior to his assignment in Vietnam.

Child Hurt In Mishap

Mary Ann Alarcon, 4, daughter of Mr. and Mrs. Frank Alarcon, 2807 Avenue N, received a fractured arm and bruises of the face and forehead when she was struck by a car yesterday afternoon, according to city police.

She was taken to Cogdell Memorial Hospital by her parents. Authorities there this morning described her condition as satisfactory.

The mishap occurred at 6:19 p.m. on Twenty - eighth Street east of Avenue N as the girl was riding her bicycle across the street. Officers said the girl apparently pulled into the path of the oncoming car.

Driver of the car was identified as Barbara Barnett Bills, 3105 Hill. Damage to her 1966 Model Ford was set at $5.

Police Patrolman Ruben Gonzales and Chief of Police Stephen Clark investigated the mishap.

Gasoline Stolen From Automobile

Thieves stole a gas cap and drained gas from the tank of Mr. and Mrs. Raymond F. Murphy's 1963 Model Chevrolet while the car was parked at their residence, 2611 Forty - second Street, Sunday night.

The theft was discovered when Murphy ran out of gas about three blocks from his home the next morning.

Prisoners Killed In Raleigh Rioting

RALEIGH, N. C. (AP)—Five prisoners were killed and 80 persons injured early today Central Prison fired on a crowd of about 500 demonstrating prisoners.

Five of the injured were guards, the others prisoners.

State Correction Commissioner V. Lee Bounds said the riot erupted shortly after 1:30 a.m. when the inmates set fire to a small building in a yard of the maximum security facility and "began throwing lighted torches at unarmed custodial officers."

About 45 state highway patrolmen and 50 Raleigh policemen responded to the prison's emergency call for support for prison guards.

Prisoners had staged a sit-down strike in the yard Tuesday and presented a list of grievances to Commissioner Bounds, who said he refused to negotiate with the inmates.

"I talk to inmates daily, but I do not yield to inmate demands that I do anything," Bounds said afterward.

He said the demonstrators were confined to an open yard by custodial officers armed with chemical MACE and nightsticks.

After the building was set afire, Bounds reported, the prisoners—many of them armed with homemade weapons and torches—began to advance on the guards on the grounds.

"They began throwing lighted torches on the unarmed custodial officers, and the armed custodial officers began opening fire," Bounds said.

Armed guards stationed on the walls of the 75-year-old structure in Raleigh fired down on the crowd with shotguns.

Bounds said the five officers injured in the brief battle received minor wounds from ricocheting shot and prisoners' weapons. Some of the injured inmates, he said, were reported in critical condition at the prison hospital, and three men were taken to a Raleigh hospital when the prison hospital was filled to capacity.

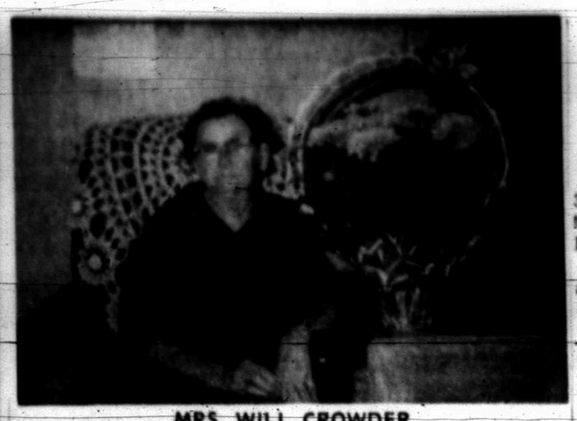
INSTALLATION HELD — Members of the Snyder School Food Service Association met at North Elementary Tuesday afternoon for their annual installation of officers. Following a short business meeting the following were installed. From left, Eunice Keller, installing officer, June Gilstrap, president; Texa Jones, vice president; Geraldine Armstrong, secretary; and Ophelia Trevey, treasurer.



MRS. WILL CROWDER

Friends Gather For Party

A surprise birthday party was held for Mrs. Will Crowder on Monday, at the Union Community Center. Cake, punch, donuts and coffee were served.

Those included among the guests were Mr. and Mrs. D. M. Foree, Dink Foree and Carla Clements, Mr. and Mrs. Billy Foree, Debbie and Daphene, Mrs. Ed Carl Foree and William, Mr. and Mrs. Loyd Holly, Mr. and Mrs. J. A. Dove, Mr. and Mrs. Joe Thompson Jr., Larry and Bobby, Mr. and Mrs. Willie Rogers, Mrs. Joe Thompson Sr., Eunice Keller, Beulah Lewis, Mrs. T. B. Knight, Mr. and Mrs. Earl Foree, Mr. and Mrs. John Bailey, Sandra, Gary and Karen, Mr. and Mrs. Willard Gladson, Mr. and Mrs. Raymond Grimmett, Mr. and Mrs. Carl Foree and Mr. and Mrs. Robert Allen.

Out of town guests were Mr and Mrs. W. P. Thompson, Durango, Colorado, Mrs. G. W. Lewis, Becky and Gaylon from Lubbock, Mr. and Mrs. Donnie Dove, Teresa and Keith of Midland; Mrs. Ira Culloch of Richmond; Mrs. Pete Black from Gonzales; and Mrs. Nell Phillips of Sargent, Texas.

Western music was played by Robert and The Rythem Makers.

An ordinary ice cream scoop makes a handy kitchen gadget. The children enjoy homemade ice cream more when they get to dip it with a real ice cream scoop. It is also handy in serving potatoes, rice and other vegetables. And it makes nice watermelon and cantaloupe balls to serve in meior or fruit salads.

WOMEN'S CALENDAR

THURSDAY

AAUW meets at 7 p.m. at 3007 Forty - first Street. Hostesses Edna McConnell, Ruth Powell and Laura Holladay.

Ira PTA executive committee at 3 p.m., regular meeting at 4 p.m. in study hall.

Order of Eastern Stars meet at Masonic hall 7:30 p.m. to honor past Worthy Matrons and Patrons.

FRIDAY

Friday duplicate bridge at Coyote Club, 9:30 a.m. Open.

El Feliz Club meets at 2 p.m. in the home of Golda West, 2805 Thirty-third Street.

SUNDAY

Duplicate bridge at Snyder Country Club, 1:3. p.m. Open.

WAKE UP RARIN' TO GO

Without Nagging Backache

Nagging backache, headache and muscular aches and pains may come on with over-exertion, emotional upsets, or everyday stress and strain. If this nagging backache, with restless, sleepless nights, is wearing you out, making you miserable and irritable, don't wait, try Doan's Pills — an analgesic, a pain reliever. Doan's pain-relieving action on nagging backache is often the answer. Get Doan's Pills — not a habit-forming drug but a well-known standard remedy used successfully by millions for over 70 years. See if they don't bring you the same welcome relief. For convenience, always buy Doan's large size.

A BRIDAL COFFEE was held Saturday morning honoring Miss Mary Brice, bride-elect of Mr. Edward B. Schulz. The Martha Ann Woman's Club was the setting for the event depicting an array of spring flower arrangements carrying out the honoree's chosen colors. Pictured above from left, Mrs. E. B. Schulz, mother of the prospective groom, Miss Brice, and Mrs. Richard Brice, mother of the bride-to-be.

When a white sweater turns yellow after repeated washings, you can restore it to its original whiteness by dipping it in a gallon of water to which two teaspoons of peroxide have been added. This treatment may be repeated as often as necessary.

WOMEN

Sorcerer's Chowder

There's a new way to trick out a chowder or soup recipe and achieve a new taste sensation — garnish with potato chip noodles! For those families who always want something new here's a different tasting hearty chicken chowder which served with the chip noodles makes a truly eqicurean main dish.

SOUP BOWL SORCERY

6 cups water
7 chicken bouillon cubes
1 10-oz. pkg. frozen mixed vegetables
1 cup boned chicken, cut into small pieces
1 4-oz. can stewed tomatoes
1 tsp powdered French salad dressing mix

Put bouillon broth in large cooking pot and bring to boil. Add frozen mixed vegetables. Cook for five minutes and add remaining ingredients. Stir to blend well. Bring to lively boil and made.

POTATO CHIP NOODLES

1¼ cup finely crushed potato chips
2 eggs beaten
3 tbs flour
1 tsp dried parsley flakes

Combine all the ingredients in a small bowl and mix well. Batter should be firm. Cut out the batter with tip end of spoon, breaking into pieces about the size of a large pea. Dip spoon into chowder frequently to clean off any clinging batter. They should be dropped gradually into boiling chowder, so as not to disturb boil. Noodles will swell to double in size. Remove from heat. Cover. Let stand for 3 or 4 minutes to mingle flavors with chowder. Serve. (Note: These new chip noodles may be cooked in plain boiling water for 3 to 4 minutes, removed with a slotted spoon to be served hot and buttery as an accompaniment to any meat dish.

On holidays, and when you have extra work in the kitchen, give yourself extra counter space by covering the sink with a board. This gives you that needed space in a pinch, and can be taken down in a jiffy after you are through or no longer need it.

Knits Take Top Honors In Fashion

Knit fashions for spring and summer will be as plentiful and as eye-appealing as a field of fresh, spring daisies after the dreary gap between the last snowstorm and the first spring shower.

More and more manufacturers are going the knit direction and there are some good, sound reasons for the continuing success and overwhelming popularity for knits.

On the esthetic side, knits left the dark corners of the old-fashioned sweater departments long ago and are now a highly acceptable fashion item. The multitude of possible stitches outnumber the coat hangers in any fashion department which, of course, means that the types of fabrics available are innumerable. Currently popular are knits that look like gabardine, pique and ottoman, to name a few. Colors can range from vibrantly bold and electric to paler than pastel.

Practicality stares with the test tube and is an important part of the formula for fibers. For instance, "Orlon" is engineered to have a memory and knits of this fiber are not allowed to forget their original shape.

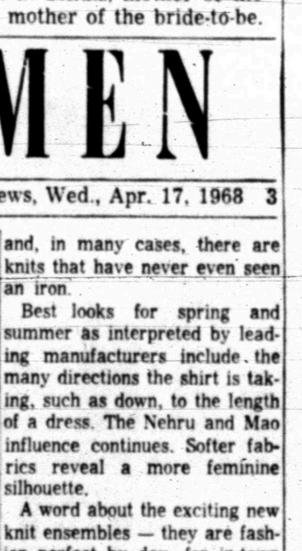
Even after many washings, they readily bounce back in line. This is an extremely important factor, especially with the predominance of lacy knits. Even the fragile looking fashions of today will take every bit as much abuse as that favorite knock-about sweater.

Knits are engineered to be seasoned travelers at birth and readily take to living out of a suitcase. They refuse to wrinkle and, in many cases, there are knits that have never even seen an iron.

Best looks for spring and summer as interpreted by leading manufacturers include the many directions the shirt is taking, such as down, to the length of a dress. The Nehru and Mao influence continues. Softer fabrics reveal a more feminine silhouette.

A word about the exciting new knit ensembles — they are fashion perfect by day, for in-town chic and, by night, for out-on-the-town glamour.

Cut lettuce leaves to be used in sandwiches with a pair of kitchen scissors. Always trim off all edges that stick out beyond the edge of the bread.



An organic base plant food with Dieldrin added for longer feeding and effective soil insect control. Ask for the purple bag of ferti-lome.

Boredom Is Another Big Problem

By HAL BOYLE

NEW YORK (AP) — In the Richest land on earth, boredom is perhaps as big a problem as poverty.

The apathy that afflicts us affects all levels—the rich, the poor, the young, the middle-aged, the elderly. The complaint is the same: "I'm just tired of everything. I don't know what to do with myself to keep from getting bored."

Some years ago a friend of mine, after passing his 40th birthday, began what amounted to a slow retreat from social life. He becane withdrawn, spent more and more time alone. When I asked why he was emulating the hermit crab, he replied philosophically:

"I decided that the big decision you have to make in middle age is whether to spend the rest of your life being bored or being lonely. In my case, I'd rather be lonely."

With most of us the choice, however, is neither that rigid nor dramatic. Boredom, like mumps or any other ailment, can be cured.

If your job is boring you, for example, it might be because you are unconsciously ducking the real challenges it offers. By gritting your teeth and redoubling your efforts, it might very well turn out to be the springboard to a more responsible, less routine post.

There is a first step, however, that everyone must take who wants to whip boredom. That is to quit feeling sorry for yourself. Self-pity breeds boredom; boredom breeds self-pity; some thing must be don to break up the cycle.

Feeling depressed is a normal part of life, but to give way to it utterly is a form of self-destruction.

Here are a few suggestions you might try:

Exercise your muscles and your mind more. Leave your car in the garage and walk more often. If all the new books seem uniformly dull, go back to poetry—Emily Dickinson, Robert Frost, A. E. Housman, Rudyard Kipling, Tennyson, Browning. Any poet.

If your friends weary you, stay away from them for a while. If your enemies bore you, try making friends of them.

Talk more often to children and old folks, less often to people your own age.

Eat lunch at a different restaurant every day.

Get angry about something. Join something bigger than yourself and become active in it—a religion, a political party, a local crusade to plant flowers around the city dump.

Write a personal letter to someone each day.

Wear a polka dot bow tie to work at least once a month, and chase a new girl around the water cooler.

Visit a hospital ward occasionally to see what real trouble is.

Take a long cold shower every time you begin to feel sorry for yourself—no matter how much it runs up your water bill.

Are The Economic Giants A Threat To Competition?

WASHINGTON (AP) — The U.S. antitrust laws were based on the simple confort that competition is in the public interest.

BY EDMOND LE BRETON
Associated Press Writer

So if there are two banks—or grocery stores, or newspapers, or whatever—in a town and one buys out the other, government—the theory ran—has a right to look over the deal and perhaps intervene.

The world is more complicated today. What should government do when confronted with the conglomerate merger now so characteristic of economic life?

Suppose a distillery, for example, buys a copper tubing plant, a chemical firm, a textile mill and finally some raw, wooded land to hedge against inflation. Is competition diminished? Is a dangerous economic concentration created? Is it any of government's business?

Congress is moving, though not too rapidly, to consider these problems. Its concern came to the surface in the Senate-House Economic Committee's annual report.

The majority report urged the Federal Trade Commission and the President's Council of Economic Advisers to "probe deeply into the ramifications of the growing concentration of economic power flowing from the increasing conglomerate mergers."

The Economic Committee has no power to produce legislation but serves as a sort of front-runner for the legislative committees. Its job is to pinpoint issues on which they may decide to act.

The report noted that some of the provisions of present tax law actively encourage mergers.

For example, a company that has been running deep in the red may be an attractive buy for one that has been piling up profits and expects to continue to do so. Losses can be carried forward and offset against gains, significantly reducing taxes.

Then again, a string of subsidiaries, each enjoying the lower corporate tax rate on its first earnings, may pay less tax than a single company earning the same total amount.

There is also the problem of family-owned enterprises. The principal owner dies and the government claims its estate taxes. Sometimes the heirs, pressed for cash, find the best solution is to sell out to a large firm.

In a supplementary report, an old enemy of mergers, Rep. Wright Patman, D-Tex., went further than the majority. He urged that the Cabinet Committee on Price Stability join the Federal Trade Commission and Securities and Exchange Comisssion in a prompt investigation of mergers.

The movement toward conglomeration, Patman wrote, "is far outrunning the merger movement of the 1920s which preceded the stock market crash and the Depression of the 1930s." And he expressed fear that some of the growing economic giants are "jerry-built and insecure."

In his travels through the Persian Gulf area and Mespotamia, Alexander the Great heard tales of a kind of "water" that seeped out of the ground and burned, the National Geographic Society says. He didn't believe it until he tested the story by pouring the strange fluid over a boy, then igniting him with a torch. Petroleum is now the area's chief product.

The old Chinese "doctrine of signatures" holds that a specific plant remedy exists for every ailment. The shape, color, taste or other characteristic of the plant indicates its specific value.

Junior Editors Quiz on BROWN THRASHER

QUESTION: *Why is the brown thrasher Georgia's state bird?*

• • • •

ANSWER: Georgia is an attractive state associated with beautiful things, such as sunny days, trees draped in moss, sweet-smelling flowers. It was natural that Georgians should have chosen an especially attractive bird, the brown thrasher, and an especially attractive flower, the Cherokee rose, to represent the state of which they are so proud. The brown thrasher is well liked for a number of reasons. He eats many harmful insects. A relative of the mockingbird, he has a sparkling and melodious song which some bird students have rendered into the words in our picture. His color is rich rusty red with white underparts and bold black spots, giving a handsome effect when seen against masses of summer green. Who does the brown thrasher thrash? Nobody knows. It seems to be merely the sign of his active, lively nature that he moves his tail up and down so vigorously, although perhaps it helps him drive away intruders from his nest in the breeding season. At any rate, he gets his name from this habit. Look for a brown thrasher this summer. Study him and enjoy his beautiful song.

4-17

(Bill Dillard of Columbus, Ga., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Levelland Socks Bengals, 3 To 1

LEVELLAND —The host Lobos scored enough runs in the first inning on Mike Dukes' home run over the right field fence to give Snyder's Tigers their first loss in the District 3-AAA baseball chase yesterday afternoon. The final verdict, however, was 3-1.

With one away Steve Brashear singled, then trotted in on Dukes' shot.

Snyder cut the lead to 1-2 in the top of the 6th as little Ronnie Lewis blasted one of Robert Pharies' offerings over the right centerfield fence. The Tigers managed to load the bases later in the same frame on a walk, error and single by Mickey Almond, but the runners were left stranded.

Levelland scored its last run in the bottom of the 6th after Moloy, a pinch hitter, opened with a double. After two outs, Stagner drilled another two - bagger, bringing in the final run.

Pharies, the winning pitcher, scattered seven hits, walked one and fanned five. Merce Hernandez, who went the route in a losing role, gave up only six hits, issued three free passes, and struck out seven. That one pitch right down the middle to Dukes was the difference in the game.

Almond collected three singles in three trips to the plate. Brashear got two singles in three appearances for the Lobos. No one else on either team socked more than one hit.

Snyder played faultless ball afield, and Levelland committed only one miscue.

Both teams now are 1-1 in district. The Tigers journey to Brownfield for a 4 p.m. affray Friday.

SIGNS AGREEMENT — Tommy Bullard, Snyder High School's All-State basketball player, signs a letter of intent to attend North Texas State University in Denton while Tiger Coach Ned Underwood looks on. The Eagles of North Texas compete in the Missouri Valley Conference—generally considered to be one of the stronger basketball loops in the country.

Net Team Tips B'Wood

John Phillips, Snyder High School tennis player, defeated Logan McNatt of Brownwood, 9-7, 7-5 in a match in Fair Park at Abilene yesterday afternoon. McNatt is the defending state singles champion in Class AAA.

In doubles, Ronnie Maddux and Wayne Anderson bested Steve Arthur and Joe McClusky 6-2, 2-6, 10-8.

Coach Ken McAllister said the Tiger team will leave Friday for Odessa where it will compete in the regional tournament Saturday.

Phillips drew a first round bye, but he will meet the winner of the Jack Stoffreggen (Dumas) - Danny Smith (Andrews) match at 1 p.m. Saturday. Stoffreggen is the only boy in Class AAA to beat John this year. He and his Andrews opponent clash at 9 a.m.

Maddux and Anderson team up at 10:30 a.m. to test Patterson and Shirey of Monahans in a doubles match.

Richey Puts Down Foe

HOUSTON (AP) — Collegians upset four of 16 players exempt from qualifying rounds in opening matches Tuesday at the 54th River Oaks Tennis Tournament.

Three top seeded players eased by their opponents. Top seeded Cliff Richey of San Angelo, ex., defeated Jim Rambeau of Houston 6-4, 6-1. Third seeded Zelkio Franulovic of Yugoslavia defeated John Pickens of Rice 6-4, 6-3.

A match between second seeded Clark Groebner of New York City and Jose Brandi of Oral Roberts University was delayed until Wednesday. Also postponed was the match between Rafael Osuna of Mexico and Chris Bovett of Houston.

Fourth seeded Ray Ruffels of Australia defeated Butch Seewagen of Rice 6-4, 6-3.

Joaquin Lolo-Mayo of Mexico, Graham Stillwell of Great Britain, Frank Conner of Trinity University and Pedro Langre of Corpus Christi were upset by players required to enter the qualifying round.

Fritz Schunck of Rice defeated Lolo-Mayo 6-2, 7-9, 7-5 and James Parker of Austin defeated Stillwell 6-2, 6-0. Peter Van Lingen of Oral Roberts defeated Langre 6-3, 6-3 and Bobby Brien of Mississippi State defeated Conner 9-7, 6-2.

Bullard Inks Eagle Pact

DENTON — Tommy Bullard, second all - state guard from Snyder, has signed a basketball letter of intent with North Texas State University.

The 5-10 Bullard averaged 24.3 points per game to lead his Class 3A district in scoring.

"Tommy is an excellent basketball prospect and a top student. He will be at the top of his graduating class," said freshman coach Bill White, who signed Bullard.

The West Texas Chamber of Commerce today named the Snyder athlete to its All West Texas Academic Basketball team. Tommy has a 97.3 scholastic average, and is a member of the National Honor Society. He was named to the 3-AAA All - District team for the past three years.

Nominations to the West Texas team were made from more than 400 high schools in the 132-county area served by the West Texas Chamber of Commerce.

Volleyball Girls 2nd

The Snyder High School Girls Volleyball team finished second in the regional tournament at Lubbock Tuesday, being edged out by Kermit in the tournament finals.

Thus, the Snyder girls, coached by Kay Echols, completed a highly successful season in which they won 13 matches and lost only 5.

The Tigerettes walloped Breckenridge, 15-2 and 15-8, in their opening match at the regional tournament. Vera Newsome was top server, accounting for 10 points.

In the finals, Kermit took the regional title with 15-2 and 15-13 triumphs. Kay Nix was top scorer for Snyder in the final match with eight points.

Cokes Retains Welter Crown

By JACK DONOVAN
Associated Press Sports Writer

DALLAS (AP) — To champion Curtis Cokes, left-handers are no more difficult to fight than right-handers.

"You just have to fight them," he added after stopping southpaw Willie Ludick of South Africa in the fifth round of their scheduled 15-rounder Tuesday night.

Cokes, who needed only 12 minutes and 34 seconds of workout to retain his world welterweight title, caught the 26-year-old challenger with a right to the jaw that put Ludick flat on his back.

After the mandatory eight count, which Cokes said "I didn't think would ever end," the champion swarmed all over Ludick. "He didn't see me coming after I hit him," Cokes said.

Cokes, unmarked and hardly perspiring, added, "I don't think he could go 15 rounds with me punching like that."

The 30-year-old champion was not without praise for the South African.

"Every time you hit him he fought back. This guy's tough, you got to beat him off."

Cokes said that Ludick "landed some real good punches but I was in condition to take them."

Veteran trainer Angelo Dundee, who was in Ludick's corner, described the punches as right hooks. "Three times Willie had him staggering pretty good," Dundee said.

But Cokes said he was never in trouble. "I thought I was winning all along."

Ludick, whose unorthodox left-handed style was expected to bother Cokes, said, "I would like to give it another go for the title."

"I felt confident; I felt pretty good," Ludick said. "He never had me in trouble."

The challenger required several stitches to close one cut over his right eyebrow and one under it. He also suffered a cut op of his head.
alongside the nose and one on top of his head.

"I was very proud of the kid," Dundee said. "Willie tried; he is dead game."

When Cokes switched from a left-hand lead to one with his right, "we started gambling with him," Dundee said. The stunning finish came shortly afterward.

Pecan Bowl Site Moved

ARLINGTON, Tex. (AP) — Pecan Bowl football game between college division football powers is moving from Abilene, Tex., to Arlington.

The NCAA College Division Football Committee meeting in New Orleans notified Texas at Arlington officials Tuesday of the switch in game sites for the 1963 and 1969 games—the NCAA Midwest Regional playoff for college division teams.

This year's game will be played Dec. 14 in Arlington's 10,000-seat stadium.

Cards Gain On Idle Astros

By MIKE RECHT
Associated Press Sports Writer

Two plus 10 equals 12 to mathematicians and baseball statisticians, but not to Nelson Briles. Not when money is involved, he says.

"I haven't won 12 straight games," insisted the St. Louis hurler, who captured his last 10 decisions in 1967 and ran his record to 2-0 this year by pitching the Cardinals past Atlanta 6-2 Tuesday night.

"It's just two in a row. I already got paid for last season."

Two or 12, Briles' logic failed to impress the Braves as much as his fast ball that stopped the home club with only two unearned runs for eight innings before Joe Hoerner pitched the ninth.

His victory continued the fast getaway of the world champion Cardinals, who moved back into a tie for first place with idle Houston at 5-1.

Lower in the standings, Los Angeles did some hitting for a change and powered past Philadelphia 5-3 in a night game after Cincinnati outlasted the Chicago Cubs 9-8 in the afternoon in the only National League games scheduled.

In the only American League games, Detroit hammered Boston 9-2, Cleveland nudged the Chicago White Sox 3-1 and Oakland tripped the New York Yankees 4-3.

Briles, who received a big pay raise after recording a 14-5 record and one World Series victory last season, appears to have his mind and arm attuned to more victories that add up to more money this year.

The right-hander, who came out of the bullpen and performed sensationally as a starting replacement for injured Bob Gibson in 1967, scattered nine hits against the Braves, who broke through only with the aid of an error.

Briles held a 6-0 lead for 6 2-3 innings before catcher Tim McCarver dropped a foul pop and Hank Aaron and Felipe Alou followed with run-scoring singles. It was not enough to overcome Orlando Cepeda's four hits and three runs batted in and a homer by Mike Shannon off loser Tony Cloninger.

Only a blister on his index finger, the result of throwing his fast ball, kept Briles from finishing.

"I don't like to think about losing at all," Briles said. "All I think about is winning 20 games like any other pitcher."

Mike Kekich, who just turned 23, might also be dreaming of 20 some day, but right now his mind is one No. 1, his first major league victory.

The left-handed rookie pitcher, who lost to Philadelphia in his only other big league start in June 1965, had the Phillies blanked for seven innings before two singles knocked him out at the start of the eighth. Richie Allen singled in two runs off Phil Regan before Hank Aguirre put out the fire after a sacrifice fly by Tony Gonzales.

However, the Dodgers, who have been shut out three times this season and scored only four runs in five games, had broken loose earlier for a 5-0 lead as Wes Parker, Zoilo Versalles and Willie Davis doubled in runs.

Cincinnati had to come from behind after the Cubs scored seven times in the third inning for a 7-5 lead. Lee May climaxed the comeback with his fourth hit, a single that drove in the winning run in the ninth inning. He knocked in two other runs earlier with a homer and a single, offsetting three BI by the Cubs' Ernie Banks, who double and homered.

Golf Team To Odessa

The Snyder High School golf team, winners of the 3-AAA district crown, left this morning for Odessa where they will get in a practice round in preparation for the annual Regional Tournament.

Coach J. P. Ward took five boys with him to Odessa — Jay Kidd, Phil Ator, Ronald Ward, Benny Ward, and Mitch Rambin.

There will be 18 holes of play each day Thursday and Friday at the regional tournament. Lamesa, the runnerup team in district, also will compete in the tourney.

Bruin Clears Bar At 6-11½

FORT WORTH, Tex. (AP) — Stan Curry of Baylor showed Tuesday that he is a possible Olympic threat by setting a Southwest Conference high jump record in a dual track meet with Texas Christian.

Curry hurtled the bar at 6-foot-11-½ inches on his second try to best a record of 6 10¾ by Don Stewart of Southern Methodist that had stood since 1957.

Baylor also flashed power in other events of the meet the Bears won 92-40. Ronnie Allen, a freshman, turned in a wind-aided 21-second flat 220-yard dash, the best time of the year in the SWC. It was the first time Allen had run the 220 this season.

Blues Bomb Arkansas 9

BY THE ASSOCIATED PRESS

The 80-year-old Texas League, now a far-flung, five-state operation, opened a new baseball season Tuesday night and the Memphis Blues exploded on the scene with a memorable debut.

The Tennessee team thoroughly whipped the Arkansas Travelers 10-2 at Memphis before a capacity crowd of 5,447.

Editors Expecting Nixon, Humphrey To Be Nominees

WASHINGTON (AP) — A poll of 80 newspaper editors has found a majority predicting Vice President Hubert H. Humphrey and former Vice President Richard M. Nixon will be their partys' nominees in the presidential race.

Humphrey, still silent on his political plans, was stamped a better than 2-to-1 favorite over Sen. Robert F. Kennedy, D-N.Y., in a random Associated Press poll of 80 editors attending the American Society of Newspaper Editors' annual convention.

Sen. Eugene J. McCarthy, D-Minn., like Kennedy a declared candidate for the Democratic nomination, didn't receive a single vote in the sampling.

On the Republican side, Nixon —the only declared GOP candidate—was a prohibitive favorite over such potential challengers as New York Gov. Nelson A. Rockefeller and Gov. Ronald Reagan of California.

Those picking Humphrey credited him with the advantages of an incumbent administration's party following plus backing from labor and solid support in the South.

"I think the organization will take it in the end. It usually does," said H. P. NeCall, editorial page editor of the New Orleans Times-Picayune.

Editors were asked who they thought would win the nomination of each party, rather than who they preferred personally.

These were the results on the Democratic side: Humphrey, 46; Kennedy, 20; President Johnson, 4; McCarthy, 0; Undecided, 10.

The Republican sampling: Nixon, 62; Rockefeller, 14; Reagan, 2; Undecided 2.

A year ago in a poll of ASNE members Nixon enjoyed a 3-to-2 edge over Michigan Gov. George Romney, who has since bowed out of the race. President Johnson was a unanimous choice of 103 editors interviewed at the 1967 ASNE convention. He has since said he won't seek or accept renomination.

William J. Clew, managing editor of the Hartford Courant, id Humphrey would inherit the sympathy for Johnson stemming from the President's abrupt withdrawal.

Brady Black, editor of the Cincinnati Enquirer, credited Humphrey with labor support. Henry Belk, editor of the Goldsboro (N.C.) News Argus, added 'He hasn't got the horns in the South he used to wear."

Charles Pearson, editorial page editor of the Wichita Eagle and Beacon, said Humphrey will have strength "in areas where Kennedy is unpopular, which is a lot of areas."

William B. Dickinson, managing editor of the Philadelphia Bulletin, differed in choosing Kennedy as the likely nominee. Dickinson said, "I think he has charisma. I think he has many political skills. And he certainly has ample financing."

Thomas L. Boardman, editor of the Cleveland Press, was one of the four who tapped Johnson for the nomination despite his disavowal.

"I think something will come of the Vietnam peace talks and he won't be able to back away from it," Boardman said.

In making Nixon the runaway Republican pick, many of the editors agreed with Harry L. Sonneborn, managing editor of the Milwaukee Sentinel, who said, "I think he's way out in front at this time."

Humphrey was host at a White House reception for the editors Tuesday night. Rockefeller is scheduled to address the convention Thursday and Nixon will speak Friday. Sen. and Mrs. Kennedy will greet the editors' wives Thursday at Hickory hill, their suburban Mclean, Va., home.

Navy Plans To Produce Zap Missiles

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — The Navy is moving swiftly toward production of a new weapon nicknamed the Zap missile to bolster U.S. capabilities for beating down North Vietnamese antiaircraft guns.

Zap is an acronym for zero antiaircraft potential.

Details of the missile's planned capabilities are closely guarded but work is far enough along that officials are being allowed to discuss generally its mission.

The Zap, sources said, will be a solid-fueled "hypervelocity" rocket that will fly at speeds around 2,000 miles per hour and detonate with shattering effect over enemy flak sites.

Within two years the missile is expected to go aboard Navy fighter-bombers and may also be used by the Air Force.

Industry expectations are that production of the Zap will soar to several hundredthousand per year by about 1972 with annual spending of about $50 million.

"We will be able to just plaster the ground with this thing," one officer said.

Zap will have a conventional explosive warhead of unspecified size designed to go off just before it hits the ground with a special high-fragmentation effect.

The weapon's fantastic speed is critical to the mission.

With Zap the pilot of a 1,400-m.p.h. Phantom jet. For example, will be able to launch his weapon almost point-blank at an enemy target while zooming at supersonic speeds.

With what sources called the missile's "instantaneous acceleration" there will be no danger the pilot might overtake his own weapon in flight. Instances of planes being shot down by their own missiles have occurred.

At the same time, with Zap's new dispersing warhead the pilot won't have to be too concerned with precise targeting.

Looking at it from the standpoint of a Navy pilot assigned to knock out antiaircraft sites in advance of a bombing raid, the officer explained:

"You'll be beating down the flak not only for the boys behind you, but for yourself."

PREPARE EXHIBITS — Cub Scouts of Den 1, Pack 177, prepare their exhiibts for the Scout Exposition to be held from 1 to 6 p.m., Saturday, April 20 in the Scurry County Coliseum. Here, the boys are working on kites and Den games. They are, from left to right, Front Row, Steve Nall, Pat Dryden, Tom LeMaster, Koot Arnold and Mrs. Carole LeMaster (Den Mother) and, Back Row, Bud Dickerson, Mike Freeman, and G. G. Miller. Tickets for the Exposition cost 50 cents and may be purchased from any Cub Scout.

Yarborough Turns Down Chance To Battle Connally

By GARTH JONES

AUSTIN (AP) — Sen. Ralph Yarborough, D-Tex., political general of the Texas labor-liberal Democratic faction for more than a decade, turned down chances Tuesday to battle Gov. John Connally again for party control.

Yarborough told a news conference that his Senate duties would not allow him to wage an intraparty campaign for favorite son presidential nominee, or for leader of the Texas delegation presidential nominee, for vice pesidential nomination or for leader of the Texas delegation to the national Democratic convention.

"Such an effort would take me away from the Senate for nearly two months at a time when war or peace hangs in the balance, and near insurrection hangs over the country at home," he said. "I do not consider myself free to leave the Senate for nearly two months at this critical time."

Yarborough's comments Tuesday were similar to his Jan. 13 announcement that he could not run for Texas governor because he was needed in the Senate, particularly to support and push President Johnson's domestic program.

The senator called Tuesday's news session to reply to numerous resolutions, endorsements and petition he said he had received from Democratic groups recommending him as a favorite son presidential or vice presidential candidate and leader of the Texas delegation to Chicago in August.

Connally has been endorsed by the state Democratic committee and other groups as favorite son candidate and leader of the delegation. At the national governors conference in St. Louis he was mentioned frequently as a possible running mate for Vice President Hubert H. Humphrey, who is expected to announce shortly as a candidate for the presidential nomination.

Yarborough said he was returning to Washington today and might not even be back for the May 4 primary election and precinct conventions. He said he had inadvertently been scheduled to appear May 4 at the U.S. Naval Academy.

Although, Yarborough's announcement apparently called off an expected bitter conservative-liberal battle at the precincts, he had two recommendations for the conventions—unpledged delegations and no unit rule. Under the unit rule all votes allotted a state or national convention delegation must go to the nominee favored by the majority vote.

Economic Boom Worries Experts

By JOSEPH R. COYNE
Associated Press Writer

WASHINGTON (AP) — A record-shattering performance by the nation's economy so far this year has government experts worried about inflation and how to sustain the boom.

They see the record as proof of the need for higher taxes.

The expansion, now in its eighth year, featured a record spurt in consumer spending and rising industrial production during the first quarter of this year but it also produced an inflation rate of four per cent annually.

'Absolutely unsustainable," was the way one analyst described the record dollar advance of $20 billion in the nation's Gross National Product during the first three months of the year.

Officials look for a smaller but still hefty increase—perhaps $17 billion or $18 billion—during the current quarter.

The Commerce Department reported the record performance Monday in estimating the value of all goods and services produced in the economy— the Gross National Product —at an annual rate of $827.3 billion during the first quarter.

The GNP is the most comprehensive yardstick of economic activity and government economists consider the performance of the last nine months unsustainable over the long run. It rose by $16.1 billion in each of the previous two quarters.

They list an advance of about $12 billion to $14 billion as one which can be sustained with stable prices.

The Federal Reserve Board meanwhile reported industrial output during March at a record 162.1 per cent of the 1957-59 b ase period. It was the second straight monthly increase.

One official said the boom can be expected to taper off during the third and fourth quarter to a more sustainable pace, provided taxes are raised.

Some officials say they are convinced the mood of Congress has changed and a tax increase is definitely in the works for this year. Prospects for an effective date prior to July 1 appear unrealistic, however. Congress has been considering since last summer President Johnson's proposal for a 10 per cent income tax surcharge.

Inflation ate up $8 billion of the $20 billion first-quarter economic advance. The other $12 billion was in actual economic growth.

The previous record quarterly advance was $18.4 billion during the height of the Vietnam war buildup in late 1965.

Funds Accepted

BOSTON AP) — The Museum of Fine Arts, perhaps the only major art gallery supported entirely by private funds, has lost that distinction with a state appropriation for its education services. The Massachusetts Legislature has voted to reimburse the museum $100,000 a year to enable organized school groups and children under 10 to be admitted free.

Named For King

BANGUI, Central African Republic AP) — A major avenue in the capital of this country has been named Martir Luther King Street in ceremonies led by President Jean Bedel Bokassa.

Guest Cards Hot Issue In LCB Hearing

AUSTIN (AP) — The manager of a private club in Dallas testified Tuesday that after the Liquor Control Board defined "guest" on Feb. 5, some club members offered to pass out 10,000 guest cards over the city.

Other members volunteered to sit near the entrance of the club and give guest cards to anyone who walked up and asked for one, James Colthrap said on cross-examination.

Colthrap is manager of the Debonair Danceland Club, which is charged with running an open saloon and with permitting alcoholic beverages to be taken off the premises for consumption.

The LCB issued a directive Feb. 5 forbidding the manager or an employe of a private club from issuing guest cards. The cards could be issued only at the request of a bona fide member of the club.

Colthrap said as many as 25 members of the club telephoned him the first night the LCB directive appeared in the newspapers and volunteered to hand out the cards.

An LCB inspector visited the club on the nights of Feb. 29, March 1 and 2. He filed an affidavit with the LCB saying he was issued a guest card each night, ordered and received whiskey drinks and also ordered drinks in plastic cups or beer in cans as he was preparing to leave.

Colthrap said no one is permitted to leave the club with drinks. He said some people order drinks in plastic cups because they think the glasses are dirty.

Lynwood Elliott, LCB lawyer, suggested that the "membership drive" of the club was for the purpose of getting around the LCB's "announced policy of curbing the unrestricted issuance of guest cards."

Colthrap said: "This guest thing is a hot situation in Dallas." His lawyer pressed Colthrap's elbow. Colthrap said no more on the subject.

The file of the case contains a letter from Colthraps's lawyer suggesting that the club would surrender its private club permit if this case and one other pending against the club are dismissed. The people leasing the building want to put a beer tavern there, he said.

Examiner Kenneth Cook took the case under advisement.

CAREER CORNER

By F. J. LAIN

HOT - CELL TECHNICIAN

Q — "What is a hot - cell technician? Is it a job in demand?"

— J.A.O., Las Cruces, N. M.

A — Yes, very much so. It's a responsible job with good pay in the nuclear energy field. Hot-cell technicians assist scientists and engineers, and a high school diploma is usually necessary.

THE JOB: Also referred to as a "cave," a hot cell is a room enclosed with radiation shielding materials, such as concrete or lead. The technician makes chemical and metallurgical tests on radioactive materials inside the cell — but he's outside. He accomplishes his job by using remote-controlled "slave manipulators" which are robot-like devices used as arms and hands. The technician may even enter the cell, wearing protective clothing (space suit look - alike) when radiation monitors have given the all - clear.

WHY: The technician keeps the processes running smoothly thus freeing the scientist and the engineer to develop further technological advances. Not only does nuclear energy provide defense strength, but it is used for a wide range of peaceful applications from increased efficiency of industrial processes to the generation of electric power to the treatment of disease.

SCOPE: A sampling of the duties of hot - cell technicians includes: testing metal specimens for such properties as hardness and tensile strength, reading dials of testing instruments through a window with binoculars . . . photographing specimens through a periscope and developing negatives . . . recording test data and procedures used.

In the case of such specimens as reactor fuel or construction materials, the technician makes post - irradiation examinatilns to see what happened to the materials after they had been in a reactor — the idea being to improve the product.

WHERE EMPLOYED: Private industry — research labs, fuel processing and radioactive waste disposal companies, reactor manufacturers . . . defense production . . . U. S. Atomic Energy Commission which administers 19 research and development facilities (operated by contractors; . . . universities . . . and other Federal government agencies such as NASA.

WOMEN: A few technicians are women but most are men.

EARNINGS: According to Octave J. Du Temple, executive secretary of the American Nuclear Society, the range is about $6,400 to $8,800 yearly.

SAFEGUARDS: While radiation hazards exist, potential risks are minimized by extensive safety precautions. One expert told me the accident rate is almost nil.

HEADSTART: Take math, physics and chemistry in high school and obtain any mechanical experience possible.

TRAINING: Employers train high school graduates on the job.

• • •

NEXT: METEOROLOGISTS

• • •

If you would like a few addresses of where to write for futher information on above occupation, send a stamped, business - size, self-addressed envelope marked HOT- CELL TECHNICIAN, to F. J. Lain, "Career Corner," in care of this newspaper. Which career interests you? Send suggestions for future columns to F. J. Lain.

(Distributed by McNaught Syndicate, Inc.)

Would Amend Law

LOS ANGELES (AP)—A law professor suggests amending statutes to permit the routine removal of vital organs after death for transplant into living persons. Jesse Dunkeminier of the University of California at Los Angeles told a news conference that such removal should be automatic unless the patient objects before death or the family objects afterward. He is a member of a committee named by the Los Angeles County, district attorney to draft laws regulating organ transplants.

Six Texans Casualties

WASHINGTON (AP) — Forty-four servicemen killed in action in the Vietnam war were identified by the Defense Department in a casualty list issued Tuesday.

They included six Texans:

Army—Spec. 4 Atanacio Gomez Jr., son of Mr. Atanacio Gomez Sr., 709 E. Tyler St., Brownsville; Spec. 4 Luis B. Campos, son of Mr. and Mrs. Macario B. Campos, 1701 Ave F, Bay City; Pfc. Donald J. Boaz, son of Mr. and Mrs. Loyde R. Boaz, Route 3, Gainesville; Pfc. Agapito Gonzales Jr., son of Mr. and Mrs. Agapito Gonzales Sr., 1218 N. Tillery Ave., Dallas; Pfc. George E. Winfield, son of Mr. and Mrs. Willie W. Winfield, 110 Myers St., Terrell.

Marine—Lance Cpl. Marvin L. Votaw, husband of Mrs. Hilaria Votaw, 304 North Berry, Beeville.

Changed from missing to dead —hostile:

Army—WO Joe M. Moran, son of Mr. and Mrs. George O. Moran, 119 S. Ringold, West Columbia.

Harvard Mails Notices

CAMBRIDGE, Mass. (AP) — Harvard College has mailed out 1,373 acceptance notices for 1,200 admissions for the Class of 1972. David K. Smith, director of admissions, said the extra admissions were intentional because most prospective students applied to several colleges.

TRUJUN hand sewn* casuals for smart casual clothes

TruJuns
$12.95
Bold plaids and colorful stripes are fashionably "in" the sportswear scene this season... and Trujuns add the sporty accent of hand sewn vamps*. Get "in" with Trujuns, the casual name in men's shoes.
$15.95
