Steelworkers Reject Offer By Industry

Solid Support Looms In Texas For Johnson

By CLAYTON HICKERSON
Associated Press Staff Writer

Sen. Lyndon B. Johnson moved closer Thursday to solid support from fellow Texans in any drive he might make for the Democratic presidential nomination in 1960.

The Senate Majority Leader Wednesday may have scented the draft for which he obviously has been looking when more than 900 delegates to the Texas AFL-CIO convention in San Antonio gave him a standing ovation.

Many of those delegates have been among Johnson's severest critics in his home state. He has not yet drawn the official endorsement of union leaders for any presidential drive. And Mrs. R. D. (Frankie) Randolph, leader of the liberal-labor wing of the state Democratic Party, remains the only high party officer who has not jumped on the Johnson band wagon.

After Johnson's warm reception at the union convention and an even warmer introduction by AFL-CIO state President Jerry Holleman, many observers wondered what the attitude of Mrs. Randolph's Democrats of Texas (DOT) group might now be. Mrs. Randolph was elected national committeewoman in 1956 with heavy labor backing after Johnson had wanted Mrs. Lloyd Bentsen of McAllen for the office.

The state AFL-CIO is not expected to make any endorsement for Johnson at the San Antonio convention. It probably will make any such endorsement when the AFL-CIO's Committee On Political Education (COPE) meets in February. That is when the unionists usually endorse candidates of their choice and take positions on political issues.

In an earlier development Wednesday, National Committeeman Byron Skelton of Temple and State Democratic Executive Committee Chairman J. Ed Connally of Abilene announced the opening in Austin of central offices for state and national campaigns backing Johnson for the 1960 nomination.

They said more than 60 Johnson-for-President Clubs now have been formed in Texas and that others were being organized. The function of the Austin offices, Skelton and Connally said, would be to push the Texas campaign and later extend it to a nationwide drive.

Holleman praised Johnson in San Antonio for the senator's role in holding the party together despite the widely divergent views held by members of the Senate.

Johnson defended his vote for the Landrum-Griffin Labor Control Act and called it the "fairest and best bill that could be obtained." Holleman told the convention that 18 improvements, so far as labor is concerned, were made in the measure through Johnson's move to send it to conference committee.

Holleman said labor is "pleased" with the voting record of Johnson on crucial issues. Johnson, Holleman stated, is a "man whose talents are recognized by his enemies as well as his friends."

Sen. Johnson, deer hunting on his Pedernales River ranch between Fredericksburg and Johnson City Thursday with Robert Kennedy, brother of Johnson's Senate colleague, talked politics to the union men.

Old political fears and divisions, he said, must give way to a central issue of "responsibility" in 1960 campaigning. America, he declared, will reach a new dimension of freedom, abundance, opportunity, and peace if courage rules in politics.

"The issue of 1960," he said, "is not labor. It is not business. It is not the budget, and it certainly is not cranberry sauce. The issue is responsibility."

FIRST MEAL — Phillie Culpeper forgets the use of a spoon in Houston, Tex., as he hungerly devours an egg, the first solid food that he has been able to eat in three years. He had chewed many kinds of food before, but had never been allowed to swallow them before. Since birth, his esophagus ended in a blind alley, inside his chest. He was an invalid when he came to the Texas Children's Hospital, but now after surgery, he is a perfectly normal child and will soon be going home with his adopted parents. (AP Wirephoto)

Test Plan Okayed For Cranberries

WASHINGTON (AP)—The government today approved a plan for making plentiful supplies of uncontaminated cranberries available for Thanksgiving.

Secretary Arthur S. Flemming of the Department of Health, Education and Welfare said lots of cranberries already tested and found to be uncontaminated may be marketed if they contain this statement:

"Examined and passed by the Food and Drug Administration of the U.S. Department of Health, Education and Welfare."

Cranberries from lots totaling more than four million pounds already have been tested and found to be free of contamination from the weed killer aminotriazole.

Flemming said the plan, worked out with representatives of the cranberry industry would:

1. Assure proper testing of fresh cranberries and processed cranberry products in all stages of marketing—wholesale and retail—before they are offered to the consuming public.

2. Provide for approved labels which the housewife can look for to be sure the package, can or bottle she buys is from tested cranberries.

Proposed At Secret Meet

PITTSBURGH (AP)—The basic steel industry today disclosed it had submitted a new contract proposal to the United Steelworkers Union. The union promptly announced rejection of the offer.

The new proposal, Cooper said, would have the companies pay the entire cost of life insurance and sickness-accident insurance heretofore paid for jointly by the companies and employes.

The offer was presented to the union during a series of secret bargaining sessions started shortly after the mills reopened under a Taft-Hartley injunction Nov. 7 after a 116-day strike.

The new proposal includes provisions for two wage increases ranging from 6 to 12 cents an hour, depending on job classifications. The first increase would be effective Oct. 1, 1960, and the second a year later.

A 17-cent-an-hour cost-of-living adjustment given workers during the last three years would be continued.

The new proposal also provides for a maximum 4-cent an hour cost-of-living increase in the second and third years.

The industry proposed that the knotty questions governing work rules be submitted to a committee for study with a decision to be reached not later than June 30, 1960. If the committee fails to solve the problems by then, the question would be submitted for binding arbitration within 90 days after next June 30.

Cooper said the newest proposal is a "fair offer to do what can be done and still keep within non-inflationary bounds in the cost of steel production."

Industry sources said the actual value of the package offer would vary slightly from company to company.

The work-rules question has been one of the chief stumbling blocks during the negotiations which date back to May 5.

The companies want contract changes to give management more say over working conditions in the mills. The industry previously offered to submit the question to arbitration.

Some 500,000 steelworkers returned to their jobs Nov. 7 under an 80-day Taft-Hartley injunction after a 116-day nationwide strike. The injunction expires Jan. 26.

The injunction specifies that work be resumed under terms of the old contract. It provided for an average hourly wage of $3.11 an hour.

UF Special Gifts Unit Opens Drive

The Scurry County United Fund's third big kickoff breakfast was held this morning in the Village Restaurant when campaign leaders and volunteer workers of the Special Gifts Divisons launched their campaign. Workers of this division will contact some 222 business firms and individuals.

After an invocation by the Rev. A. J. Martin, Avenue D Baptist Church, the group had breakfast. In his opening remarks following the breakfast, Dr. Bob Hargrove, campaign chairman, who presided in the absence of Clyde Hall, division chairman, thanked those present for getting up so early this morning and being at the meeting. He commended Hall, who is ill, on his organizational work for the division. Section Chairmen Jake Phillips and M. H. Roe were introduced by Dr. Hargrove and complimented for the work they have done, as were the eight team captains.

Speaking in regard to the campaign goal, Mel Gilbert, United Fund president, told workers how the Budget Committee, composed of prominent business men, had conservatively set the goal of $42,500.

"This goal," Gilbert said, "is definitely within the reach of our community. Economically, we are actually capable of a higher goal than this." However, he did not try to minimize the challenge that the goal presents to citizens of Scurry County.

"None of these campaigns are easy," he said "I know because I have worked on many of them. It takes work, but the good thing about it is that we are doing seven big jobs in one here and the job will be over with in a relatively short time. Everyone should remember, when soliciting a gift for the United Fund, that we are raising money for the operations of seven worthy youth, welfare and health agencies instead of just one. People should remember that when making their gift."

Dr. Hargrove gave suggestive instructions to the workers. He told them how a committee of well-informed, prominent business men had evaluated every prospect and suggested the size of gift that each was capable of giving.

"I think that people would like it better," he said, "if you gave them some idea of how much you were trying to raise and what you hoped they might be able to contribute," he said. "Another thing," he continued, "I think people would like to be told how much a certain pledge or gift would amount to quarterly, as that's the way anyone can give more generously.

A $75 contribution, for example, is only $18.75 quarterly."

Adding to what Gilbert had said in regard to the one campaign for seven agencies, Dr. Hargrove reminded his audience of a good question to put to everybody. "How much would you give if each of the seven agencies came to you one at a time?"

"With the good prospects and good workers that you have in this Special Gifts Divison," Dr. Hargrove concluded, "you should be able to exceed your quota without any trouble. We are counting on some real support from this division and I feel confident that we are going to get it.

After information booklets were passed out and briefly reviewed with the workers by the campaign director, a card selection meeting was held. Prefacing the selection

See DRIVE, Page 2

Norman Thomas To Turn 75 Friday

NEW YORK (AP)—The old warrior of American socialism, Norman Thomas, turns 75 Friday.

And he's still doing what he has done most of his life—battling against poverty, injustice and war and speaking out for the dignity of man.

"It's what makes life worthwhile," he says.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 64 degrees; low, 27 degrees; reading at 7:30 a.m. today, 31 degrees.

Forecasts for All Texas:

Partly cloudy, warmer this afternoon and most sections tonight. Mild Friday.

West Gulf: Northerly winds 20 to 30 m.p.h. over south portion this afternoon, otherwise northeasterly winds 10 to 20 m.p.h. through Friday.

2nd Sodium Vapor Rocket Is Fired

WASHINGTON (AP)— A second sodium vapor rocket was fired early today from Wallops Island, Va., but it failed to eject its brilliant yellow cloud at the top of its flight. The rocket itself rose to 160 miles.

Civilian space scientists were unable to say immediately why the sodium vapor failed to spew out of the rocket.

Another sodium rocket fired Wednesday at dusk was visible for hundreds of miles along the eastern seaboard.

The National Aeronautics and Space Administration plans a third sodium flare try Friday morning. The sodium clouds help scientists study wind currents at high altitudes.

Another rocket experiment at Wallops Island Wednesday night also fizzled. That was an electron-counting device designed to travel up more than 1,000 miles.

NASA said this morning's two-stage Nike-Asp sodium rocket thundered up at 5:51 a.m. Eastern Standard Time just before dawn.

At Cape Canaveral, Fla., Wednesday night the Army launched a Jupiter ballistic missile on a 1,500-mile flight.

The Army's Jupiter, an intermediate range missile, rose from its Florida launching pad trailing a mass of flame.

FFA Youths Hold Contests Here

Future Farmers of America chapters from Snyder, Sweetwater, Colorado City and Loraine took first places in district leadership training contests held here Wednesday.

Snyder took first place in junior chapter conducting and in the FFA Quiz, while Colorado City placed first in both the senior farm skill and junior farm skill contests. Sweetwater was first in senior chapter conducting and Loraine was first in the farm radio contest.

Snyder's team scored 266 points in winning the FFA quiz, and Marlin Overman was the high individual with 92 points. Ira placed second in the FFA quiz.

Other placings included the following: Senior chapter conducting—Roscoe second, Loraine third, Snyder fourth, Fluvanna fifth, Ira sixth, Highland seventh; junior chapter conducting, Roscoe second, Divide third; senior farm skill Loraine second, Divide third; junior farm skill, Loraine second, Westbrook third; farm radio, Colorado City second, Divide third, Sweetwater fourth; FFA quiz, Ira second, Loraine third, Highland fourth Divide fifth, Sweetwater sixth.

The contests embraced 11 schools in the Lone Wolf District. They are held under the sponsorship of the Texas Education Agency, in cooperation with schools offering vocational agriculture, and are under supervision of Clemon Montgomery, area supervisor for agricultural education, with headquarters in Big Spring.

Snyder teams in the contests were composed of the following FFA members: Junior chapter conducting—Marlin Overman, Jimmy Laster, Gail Read, Willie Rogers, Riley Boothe, Kenny Wellborn; FFA quiz, Marlin Overman, Jimmy Laster, Gail Read; senior chapter conducting, Jerry House, Earl Shirlett, Richard West, Eddie Force, E. W. Hardy and Roger Williams.

Negro Draws Life Term

John Winston Prince, a Waco Negro, was convicted as a habitual criminal Wednesday and sentenced to life in prison.

Prince who was tried here in 132nd District Court, was found by a jury to have been convicted in two prior offenses. The offense alleged here was burglary of a private residence at night with intent to commit rape.

He was arrested here last July 18.

The two prior offenses alleged included one in Midland County in 1951 for attempted rape and one in McClennan County in 1957 for felony theft.

The jury here found Prince guilty and under the habitual criminal statute he automatically drew a life sentence.

Navy Subs Are Ready

LOS ANGELES (AP) — The Navy "will be able to clobber any aggressor" with more than 40 Polaris missile submarines, says Adm. Arleigh A. Burke, chief of naval operations.

Because nuclear-powered submarines are capable of hiding in the sea, he added, "We can depend on almost all of them surviving a surprise attack."

His talk before the National Security Industrial Assn. Wednesday night was prepared several days ago. But it seemed to serve as a reply to Soviet Premier Nikita Khrushchev's claim Friday that hydrogen-warhead rockets are coming off one Soviet plant's assembly line at a rate of 250 a year.

Dangers Remain, Mahon Cautions

By WILLIAM F. ARBOGAST

WASHINGTON (AP)— The nation must avoid "substituting complacency for tensions," says the chairman of a House appropriations subcommittee in charge of defense spending.

Rep. George H. Mahon (D-Tex) said in an interview today that while there has been "a reduction in tensions, there has been no material decrease in the danger to our security."

The obvious reduction in tensions, Mahon said, grew out of the recent visit of Soviet Premier Nikita Khrushchev.

"While tensions seem to have lessened," Mahon said, "there has been no assurance that I am aware of that there has been a lessening in the danger to our security. We must remain alert and keep up our guard. We must take no risks."

Mahon said he was not disturbed by reports that next year's defense spending budget will be about the same as this year's—in the neighborhood of 41 billion dollars. Present plans call for some manpower cuts, but increased funds for missile programs.

Mahon and Rep. Gerald R. Ford Jr. (R-Mich), senior minority member of the subcommittee, expect to receive details of the budget at a meeting next Monday with Secretary of Defense Neil H. McElroy.

Mahon voiced concern because, he said, the budget bureau was seeking to obtain a stronger hand in determining defense policy.

"We cannot let this get out of hand, but we must maintain a program of fiscal responsibility," he commented. "The safety of the country must be the determining factor, rather than budgetary considerations, but we cannot ignore budgetary factors."

He called for "mroe coordination" among the armed services before launching new and expensive programs. In the past few years, he said, contracts amounting to about four billion dollars have been canceled at substantial cost to the taxpayers.

While some of the cancellations undoubtedly were necessary in the light of new developments, he said, "a little better screening might have prevented the launching of some of these programs."

Hookey Player Is Freed By Court

RENO, Nev. (AP)—It took the State Supreme Court and the District Court here to get hookey-playing Stanley Miller, 16, out of jail Wednesday.

He was jailed Sunday. His mother, Ethel Miller, asked for a writ of Habeas Corpus on grounds there was no provision in Nevada juvenile law for jailing a youngster for hookey.

District Judge A.J. Maestretti, named by the Supreme Court to hear the writ, freed Stanley after a two-hour hearing.

Edsel Autos Discontinued

DETROIT (AP)—The Edsel today became the first casualty of the new automotive battle of the compact cars. Ford announced it will abandon the medium-price car immediately.

Introduced only two years ago, the Edsel never captured a market. Slightly more than 100,000 were sold. Less than 100 have been built in the last two weeks as Ford diverted scarce steel to its other lines.

In an official statement, Ford said sales of the 1960 Edsel model, which looks strikingly like the 1959 Pontiac, "have been particularly disappointing" while response to all other company lines has been good.

Total 1960 model production of the Edsel has been approximately 2,800 cars. In all of 1959, only about 70,000 of the cars have been built.

The Edsel has been assembled at Ford's Louisville, Ky. plant. This plant will continue to build other models. The Mercury-Edsel-Lincoln division will become the Mercury division of the company.

TESTING MILK—This team of Future Farmers of America from Loraine tests milk in the senior farm skills contest held here Wednesday. The Loraine team placed second to Colorado City in that event, which was one of several district contests conducted during the afternoon. From left are Tim Marcum, Gerald Owen and Walter Clopton.

Adenauer, Macmillan Clear Several Mutual Suspicions

By TOM OCHILTREE

LONDON (AP)—West German Chancellor Konrad Adenauer today winds up a visit to Britain which has cleared away some of the suspicions between the two countries and strengthened the Western alliance for summit talks with the Soviet Union.

British Prime Minister Harold Macmillan dropped his pet plan for an experimental disarament zone in Central Europe, which the West Germans feared would leave them defenseless against Soviet pressure.

Adenauer gave assurances that West Germany would cooperate in averting a trade war between the six-nation European Common Market and the rival "Outer Seven" economic bloc led by Britain.

Both leaders agreed on the general topics that should be discussed at an East-West summit meeting: (a) Disarmament; (2) The future of Germany, including Berlin; (3) East-West relations in general.

The Kremlin took its usual dark view of Adenauer's activities. In what it termed an authorized reply to interviews Adenauer gave to British newsmen, the official Soviet news agency, Tass, accused the Chancellor of seeking "to worsen (East-West) relations, which have been improving lately, and to prevent liquidation of the cold war."

Tass declared that "leading Soviet quarters" — meaning the Kremlin—are convinced that a German peace treaty will be worked out at the summit conference. It repeated the standing the Soviet demand for a treaty with both German states, or with either one which wants to sign. The West so far has insisted that only one peace treaty can be written, with a reunified Germany.

Early in his visit Adenauer got assurance from Macmillan that Berlin at a summit meeting would be considered only as part of the over-all German question and that the Briton would not press for a separate agreement covering Berlin alone.

Tass said the signing of a German peace treaty would liquidate "the hotbed of tension in West Berlin, which is fraught with all sorts of surprises and might lead to bad consequences." But there was no indication yet that either side was ready to give away enough to secure agreement on a treaty.

Adenauer spent Wednesday night and this morning in final conferences with Macmillan at Chequers, official country home of British prime ministers. They went there for the night after the 83-year-old Chancellor called on 84-year-old Sir Winston Churchill.

The two old statesmen were to have met Tuesday, soon after Adenauer's arrival, but Churchill had to go to bed with a sudden attack of chest congestion. A member of Churchill's household said he was much better Wednesday and that he and Adenauer had a good, 45-minute talk.

New Staff Member Joins Wilson Motors

Raymond (Bud) Scarbrough, Jr. has been named used car sales manager at Wilson Motors, local Ford dealer.

Scarbrough, who has been associated with the automobile business for the past 14 years, came here from Wichita Falls. He is a native of Childress.

Weapons ran containing from five to 26 per cent nickel were used for axes, knives and other implements as early as 4,000 B.C.

Boom Is Sending Canada Workers

OTTAWA (AP) — War and a ripening economy have helped plugged the long-standing drain to the United States of Canadian youth and professional and skilled workers.

The answer: increased immigration.

Since the end of World War II nearly 1,800,000 immigrants have been brought to Canada by a vigorous recruiting campaign in Europe.

Early immigrants to this sparsely populated country mainly were farmers who helped open the West. Today the newcomers include a large proportion of professional, skilled and semi-skilled workers.

"Immigration has built Canada," says the immigration minister, Ellen Fairclough. "Immigrants will continue to be needed to make possible further Canadian development."

Canada still supplies the United States with more professional and technical workers than any other country. But the inflow to Canada of trained immigrants fills more than fillies the gaps they left.

About 685 Canadian engineers went to the United States annually in 1953-57. The number of immigrant engineers into Canada over the same period, 150 doctors left annually for the United States, but 450 arrived yearly as immigrants. There were 850 teacher departures, 1,124 returns; for auditors and accountants the score was 225 against 450 newcomers.

Canada's expanding economy has taken much of the luster off the traditional American lure to Canadians seeking higher pay and greater opportunity.

IVEY DANIELS
on duty here

Patrolman Is Assigned

Highway Patrolman Ivey Daniels of Abilene, arrived this week to take over his duties in the Snyder area. He will work with Will Cleveland who has been here since May.

Daniels and his wife live in the Bel Air Village. He has been with the department two years. He replaces Gordon Johnson who was drafted recently.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS: C. E. Creswell, 1901 Nineteenth Street; Johnnie Glyn Brooks, 2200 O'Neal Street; Jack Blanchard, Fluvanna; Gloria Shuler, 1204 Twenty-fourth Street; Bettye Richardson, 3806 Twenty-eighth Street; Henry Hodges, Jr., Hermleigh.

DISMISSALS: Opal Lewis; Opal Sanders, Jean Lee, Nora Sallman, Ernie Melton, Sandra Ruth Jones, Ruth Flowers, Emory Anderson, T. J. Hillis, David McIntosh.

DRIVE

(Continued From Page 1)

procedure. Dr. Hargrove explained how the opportunity given worker to hand pick the cards they will contact is to the benefit of both the campaign and the workers. "We want to get these cards into the hands of the workers who believe they can get the best results," he said.

Dr. Hargrove personally read out all 222 cards and workers, by a show of hands, took every available card. They were given assignment sheets and after the selection each worker put his name on his sheet and then listed the cards he had taken. This was for the information of the campaign office in having records on every card and every worker.

The eight captains of the division are Scott Casey, Jim Mixon, Raymond Burgess, Joe Cargile, D. V. Merritt Jr., Wm. J. Schiebel, Gene Thompson, and M. F. Jackson.

Worker members of the eight teams are John Boren, Cecil Boren, Kay Patterson, Jack Craft, Elmo Crowder, Bill Williams, Harry Vanderpool, Burl Loving, Dr. Clyde Dawson, Woody Parks, Carl Whitfield, "Doc" Griffin, Billy Fisher, Marshall Erwin, Olan Griffith, Martin Brooks, Leon B. Smith, Bobby Norris, Herman Bond, Keith Pitner, Earl Boomer, M. M. Rambin, Rex Robinson, Don Gressett, B. J. Bartels, Howard Gray, Billy Joe Brown, L. D. Stone, Turner Beard, Floyd Boston, Bill Dryden, Bob Dryden, Loyd Hatcher, Bill Balhorn, Douglas McGlaun, V. O. Ranne feld, L. A. McClanahan, Leon Autry, Jurden Brunken and Wayland Holt.

Next division to have its kick-off will be general gifts on Wednesday, Nov. 25. This division is now organizing and team captains of record are: Sig Linn, Shelby Coker, Gene Dulaney, J. S. Langridge, Billy Maynard, W. J. Young, Gene Williams, James Wesson, Bill McLaughlin, Joe Williamson, is division chairman and Walter Hale, Dr. John Hamblen, and Guy Sullivan, are his section chairmen.

Friday morning there will be a report meeting for workers of the teams at 10 o'clock in the Community Room, Snyder National Bank.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED

Jimmy Myhan, Hall, 27, and Mrs. Barbara Ann Mathews, 27.

FILED IN CIVIL DISTRICT COURT

F. M. Gibson vs the Travelers Insurance Co. suit for compensation.

Luther E. Eastman vs Inter-Great Insurance Co. suit on insurance policy.

NEW VEHICLES REGISTERED

Edward Lee Tullos from Dunsett Service Station, 1960 Cushman motor scooter.

W. W. Claxton from Elliott Motors, 1960 Olds Celebrity Sedan.

E. B. Fincher Motors from Wilson Motors, 1960 Ford oilfield truck.

1960 Ford oilfield truck.

Three Fines Are Assessed Here

Three people pleaded guilty in county court this morning and were fined as follows:

Kenneth Wayne Wortham, DWI, $125.50, three days jail and six months suspension of Driver's license.

Lorene Kellum, selling beer to minor, $125.50.

Charles Ray Turner, illegal possession of liquor $125.50 less $6 for two days jail, total fine, $117.50.

There were two charges of gaming filed in justice court. Two men paid fines of $20.50 each.

Former Resident Dies In California

Word has been received here of the death of O. L. Lewis, former Scurry County resident, in Ojai, Calif., at 1:30 a.m. today.

Mr. Lewis was a brother-in-law of Mrs. T. A. Rainwater of Snyder. He had lived in California for the past 20 years.

Survivors include his wife, the former Lilly Hester, four daughters and one son, all of California.

Funeral arrangements were pending, but rites and burial will be in Ojai.

Firemen Called Out

The Snyder Fire Department was called out last night to extinguish a blaze in the Troy Pierce, residence 2112 Twenty-eighth Street. A grease fire had ignited, resulting in damage to one wall and smoking the interior of the house.

2 Prisoners Flee Jail

LONGVIEW (AP) — A Fort Worth jailbreaker, J. A. Avery Jr., 29, fled the Gregg County jail Wednesday night with a fellow prisoner.

Avery was recaptured here three weeks ago, after breaking out of the Tarrant County jail in Fort Worth Sept. 21.

Officers said Scotty Logsden, 25, of Odessa, fled with him Wednesday. Officers here gave this account:

Avery and Logsden said they cell was "too hot." Jailer A. F. Hamm went in to open a window and the prisoners produced a pistol, seized him, took his keys and bound Hamm and locked him in the cell.

Avery and Logsden were both held on narcotics charges here.

Rites Saturday For Tovar Infant

Rosemary Tovar, 2½-month old daughter of Mr. and Mrs. Robert Tovar of San Antonio, will be buried in San Antonio Saturday.

The child died here Wednesday morning.

Rites will be conducted in the Bethel Assembly of God Church, with the time to be set. Burial will be in the San Jose Cemetery in San Antonio, with Bolger Funeral Home in charge of arrangements.

In addition to the parents, survivors include the maternal grandparents, Mr. and Mrs. H. C. Segovia and the paternal grandparents, Mr. and Mrs. Andrew Tovar, all of San Antonio.

Asia is the most mountainous continent on earth. It has the largest mountain masses and the highest peaks.

Members Of Union Seek Hoffa Ouster

WASHINGTON (AP)—Godfrey Schmidt, attorney for a group of rank-and-file members of the Teamsters Union, Wednesday asked the ouster of Teamsters President James R. Hoffa.

Schmidt, in a motion filed in New York City, U. S. District Judge F. Dickinson Letts in Washington, asked for Hoffa's ouster on grounds that Hoffa deprived Teamster members of rights guaranteed by the new labor law. The motion further seeks Hoffa's trial on charges previously filed by Schmidt alleging misuse of union powers.

Teamster members bringing the action are Andrew Boggia, Ed McFarland, Frank Kennedy, Hobart Gale, Joe Malloy, Harold Will, Thomas Manning, John McGlynn, John Olsen, Steve Milone, John McManus and George Becker. All are from the New York City area.

The motion accused Hoffa of consistent unwillingness to cooperate with a three-man board of monitors appointed by the court to regulate Hoffa's administration of union affairs.

The formation of the board stemmed from legal action by Schmidt on behalf of rank-and-file Teamsters opposed to Hoffa's control.

Schmidt charged that the union's Executive Board members, who normally would consider charges against Hoffa, "are not capable of impartial adjudication."

Because of this the motion said, a court-appointed board was needed to try Hoffa.

D&D Club Slates Industry Night

ROBERT STRIPLING

Robert E. Stripling, independent oil operator of Midland, will be the featured speaker at the Snyder Desk & Derrick Club's Industry Appreciation Night to be held Saturday evening at the Snyder Country Club. Stripling was counselor and chief investigator of the Committee on Un-American Activities from its inception in 1938 to 1949 when he resigned and moved to Midland to enter the oil business. He and Vice President Richard Nixon were the key figures in breaking the Alger Hiss case.

During World War II, Stripling organized and taught a course on Communism at the Counter-Intelligence School of the Army in Baltimore, Maryland. For two years he lectured at the Army War College on the subject of subversive activities.

Other out of town guests will include Mr. and Mrs. Lloyd Cole of Midland and Mrs. Doris Southall of Amarillo. Mrs. Cole is West Texas Women's Chairman of the Oil Information Committee and Mrs. Southall is the Region V Director-Elect of the Association of Desk & Derrick Clubs of North America. Also included on the program for the evening will be Mr. and Mrs. Robert Clinton of Snyder, who will present musical selections.

The theme of the Industry Appreciation Night will be the celebration of the Oil industry's one hundredth anniversary. Industry Night is an annual social affair o fthe Snyder Desk & Derrick Club to which members invite their husbands and special guests are their employers and wives. Approximately 75 are expected to attend the event Saturday evening The banquet will begin at 8 p.m. and will be preceeded by a social hour beginning at 6:30 p.m.

Play To Feature Clever Costumes

Clever costumes of satin and taffeta in brilliant colors will add much to the effectiveness of the dancing chorus composed of teenagers who will be featured in the stage show "Around the World in a Daze" scheduled for Friday and Saturday nights.

The show, which features a world tour as the prize won on a television quiz program, carries the exciting motif of foreign places and people in the costumes worn by the high school girls who will add a musical comedy note to the production. The play is being presented by the Central Elementary School P-TA, and both performances will be on the stage of the Snyder High School auditorium.

Proceeds will go to the Central P-TA child welfare fund.

There are to be groups of singing and dancing girls who are billed as airline hostesses, polka dancers, darlings of Paris and garden party girls. The routines they will execute are tricky and effective.

IRA NEWS

By AVA MORAN

Mr. and Mrs. H. H. McFarland of Corpus Christi spent the past week in the Pat Moore home.

Mrs. Nora Hailey of Pamona, Calif., visited Mrs. Ava Moran Sunday. Jimmy Don Sorrells was a Sunday evening visitor.

Mr. and Mrs. J. E. Sorrells left Sunday for a deer hunting trip to Harper, Tex.

Mrs. Addie Ashmore is visiting Mr. and Mrs. Frostie Chaney in Loco Hills, N.M.

Ronnie Suitor visited his parents over the weekend.

Mrs. Ruby Andrew, Mrs. Opal Casey and Mrs. Nora Hailey of Pamona, Calif., spent Thursday night with Mrs. Ava Moran.

Mr. and Mrs. Sam Smallwood, Mrs. D. E. Clark and Mrs. Nora Hailey visitied Mr. and Mrs. W. A. Wallace in Fluvanna on Friday.

Mrs. M. L. Wilson, Jimmy and Linda visited Mr. and Mrs. Johnnie Weir Saturday night.

Byrle Rysby of Andrews visited Mr. and Mrs. H. M. Kruse Sunday.

Mr. and Mrs. John Moore of Hobbs, N.M., were Sunday guests of Mr. and Mrs. A. H. Kruse.

Mr. and Mrs. H. L. Webb of O'Donnell visited Mr. and Mrs. J. G. Suiter.

WW Club Members Attend Icecapades

Members of the WW Club here attended the presentation of the Icecapades in Odessa last Sunday afternoon.

Making the trip were Mrs. Nellie Smith, Mrs. Iva Woodson, Mrs. Vallie Stokes, Mrs. Neva Greenfield, Mollie Pinkerton and Bertha Clark.

PLENTY

Don't send a boy to do a man's job When you're doing laundry, be sure to use enough soap or detergent to wash clothes clean too great to go for cleanliness.

Big Bird With Royal Dressing

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

INCLUDE THE CHESTNUT in the stuffing for your holiday bird if you want a sumptuous turkey dressing.

Nowadays canned chestnuts, packed without sweetening, are imported; these are convenient but usually they can be found only in specialty food shops. Most of us use fresh chestnuts and deal with their shells and brown skins in one of two ways.

First off, cut a small slit in the flat side of the nut, near the base. That's to keep the nuts from bursting when they are boiled or roasted to make shelling possible.

To use the boiling process, put the slit chestnuts in a saucepan and add enough boiling water to just about cover them. Cover the pan and boil for 7 to 10 minutes, or until the shells may be easily removed. To cool them enough to handle, put them under running water briefly; remember it's fatal to get the nuts too cool before shelling. Remove the shells and inner brown skin from the chestnut with the help of a small knife.

To roast chestnuts, put the slit nuts in a flat shallow pan in a very hot (450 degrees) oven for about 10 minutes or until the shells may be easily removed, stirring a couple of times. Then remove shells and inner skins.

To cook the chestnuts before adding them to your stuffing, cover with water and bring to a boil; simmer until tender—this usually takes 10 to 20 minutes. Some cooks like to use stock instead of water for the cooking.

It's easy to stuff a turkey if you put it in a large mixing bowl to hold it and catch dribbles. Nowadays turkeys come with a slit of skin at the base of the breastbone so drumstick may be tucked into it. Then all you have to do is to fold back the wings akimbo fashion.

CHESTNUT STUFFING

INGREDIENTS: ½ cup butter or margarine, 1½ cups finely chopped onion, 1½ cups finely chopped celery, 8 cups dry bread cubes (½-inch), 1 cup coarsely chopped cooked chestnuts, 1½ teaspoons salt, ⅛ teaspoon pepper, ½ teaspoon poultry seasoning, ½ teaspoon sage (if desired), ¼ cup water or lightly seasoned stock, 1 egg (beaten until thick and pale colored)

METHOD: In a 10-inch skillet melt the butter over low heat; add onion and celery. Cook, stirring often, until wilted. Place bread cubes and chestnuts in a large roasting pan. Mix salt, pepper, poultry seasoning and sage (if used); sprinkle over bread and nuts. Mix in onion and celery, using a rubber spatula to add all the butter. Add water and egg; toss together with forks. Makes enough stuffing for a 12-pound frozen turkey (thaw bird before stuffing).

SOAP-SKETCH

Soap, which aids humanity in so many ways, also assisted the automobile industry in a unique manner.

One night some years ago, the late inventor - genius Charles F. Kettering was spending the night in an eastern hotel room.

Unable to sleep, Mr. Kettering worked out in his mind the answer to a complicated transmission problem. He got out of bed, sketched the design with soap on a mirror, and long-distanced Detroit for a photographer to capture it on film.

In 1850, men outnumbered women 12 to 1 in California.

With few or no women to do laundry, many miners sent their shirts 7,000 miles to China to be washed. Apparently, no lengths are too great to go for cleanliness.

Teaching Methods In History Told

Jimmy Lynch and Hugh Lowry, social studies teachers, explained methods used in teaching American and Texas History in the Snyder Junior High School at the Junior High P-TA meeting Monday.

The parents were told that students at Junior High are receiving a very thorough history course which includes geography and government from the year 1000 in Europe up to and including the Korean War.

They learn the locations of different state and denominational colleges in the State of Texas, who supports them, and what is required for a student to go to college if he or she desires to continue studying through college level.

Another point stresssed in the classes is the importance of a person paying his poll tax so that he may qualify as a voter and really have a hand in electing public officials, determining passage of laws, etc., to insure a true democratic system of government.

Coach James, (Ace) Amos showed a film of the trip to Yellowstone National Park made last summer members of the Scurry County Boys Club. Five of the boys were present and they reported that the trip was "the most wonderful thing that ever happened to us". The boys present included Larry Lee, Danny Aycock, David Sumruld Rob Hall and Butch Floyd.

Mrs. Elton Wyatt opened the meeting by introducing the Rev. John Reaves, pastor of the First Christian Church, who led the devotional.

Two recommendations of the executive committee were approved: 1. That the price of tickets to the football banquet be 30 cents each except to the players and coaches who will be admitted free. 2. That the Parent-Teacher magazines be placed in the school library and Scurry County Library by the unit.

Mrs. Nan Lee's room was awarded a prize of $5 for selling the most tickets to the P-TA variety show. Dillard Teal's room won the room count prize of $5.

A 27-million-dollar airport is planned for Baghdad.

Turkey For Thanksgiving Plentiful

By The Associated Press

Homemakers planning holiday menus can count on plenty of Thanksgiving turkey in Texas food markets this week, the Agricultural Marketing Service advises.

Noting that turkey growers produced a record 82 million birds this year, the federal agency reports that retail prices in most stores echo the abundance.

It said consumers also have a wide choice of turkey sizes — all the way from the small, family-size 6- or 8-pounders to the really big ones.

Menu planners who choose ham, other pork or chicken for the festive meal also will appreciate plentiful supplies and attractive prices on these items.

And there'll be no trouble in rounding out the menu. Sweet-potatoes rank as a good buy this week. So do turnips. Irish potatoes, onions, lettuce carrots, apples, avocados and bananas.

Grapefruit and oranges from Texas citrus trees are becoming abundant. Prices are lower this week. Lettuce prices also have dropped.

Eggs are plentiful and prices somewhat lower than a week ago.

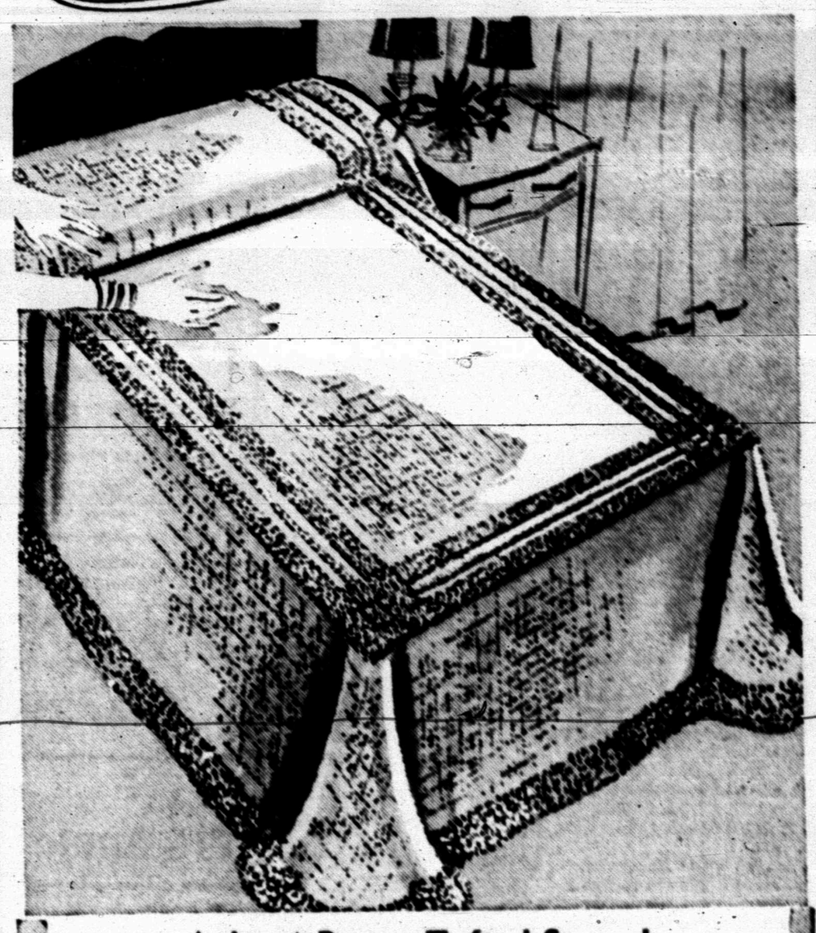
Bringing higher prices than last week are snap beans, cabbage, cucumbers, greens, onions, peppers, squash and tomatoes.

LOADING

When loading your washing machine, mix large items with smaller ones for best results. For example, suds big sheets along with jewels and pillow cases.

Morton's SALAD DRESSING

PENNEY'S ALWAYS FIRST QUALITY is YOUR SANTA



Avisco* Rayon Tufted Spread
Designer Styled For Tailored Look

More beauty in a spread than you'd think possible at this price! You'll be delighted with the rich-textured, longwearing blend of rayon and cotton; with the Avisco rayon tufting that's practically lintless! Corner design falls in tailored-look fold. Machine washable in lukewarn water. Cocoa, rose, white, topaz, mocha.

$7.95 full, twin

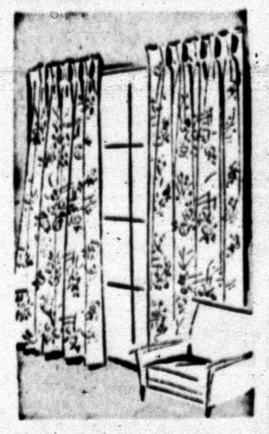
New! Sparkled Hobnail Spread
$7.95
90 by 110 inches
Prettier than ever with silvery colored threads between viscose rayon tufts! Almost lintfree; machine wash, medium setting. White, pink, sand.

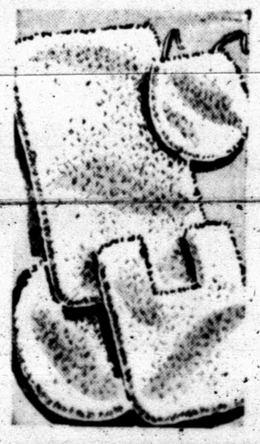
Velvety Tufted Viscose Rayon
$4.98
78 by 105, 90 by 105 inches
What a buy in Avisco* rayon chenille that's almost lintfree, machine washes at medium setting! Heavy fringe! White, gold, brown, rose, sand.

CHRISTMAS STORE OPENS TOMORROW!

Zipper Cover Pillows
3 for $5.00
12 inch square or round
Just the colorful pep-ups you want! Zip cover in corduroy, cotton, rayon. Vivid colors like red, cocoa, gold, green, orange, black.

Sparkling Prints Touch-up Iron!
$5.95 PAIR
48 by 84 inches long
Yes, you can machine-wash (medium setting) these rich cotton print drapes and they need little or no ironing! Florals, moderns.





Nylon Set For Bathroom
$2.98
27 inch round
Elegant fluffy pile for bare feet to step on! Nylon washes easily, dries fast, wears well. Pink, brown, black, aqua, rose, yellow.

Chenille, Trim Gift Terries!
$2.98
3-piece boxed set
Out-of-the-ordinary gift, because these luxury towels have fluffy embroidered flowers! White, yellow, pink, blue, green, grounds.
Bath towel, hand towel, washcloth.

CRANBERRY CONFERENCE — Secretary of Health, Education and Welfare Arthur S. Flemming, center, confers with George C. P. Olsson, left, of Boston, president of Ocean Spray Cranberries, Inc., and Rep. Hastings Keith (R-Mass) in Washington, D. C., before a conference between industry leaders and Health Department officials on a plan to clear a large volume of cranberries of suspicion of contamination by weed killer before Thanksgiving Day. (AP Wirephoto)

Retired GM President Slays Friend Accidentally On Hunt

WALPOLE ISLAND, Ont. (AP) —Pale and shaken from grief and shock, Harlow H. Curtice, retired president of General Motors Corp., accompanied the body of the friend he had accidentally shot and killed out of the St. Clair River marshes.

"Harry Anderson was my very dear friend for many years," the tall, dignified industrialist said.

Ashen-faced, the 66-year-old Curtice had difficulty mustering words in describing the hunting accident to Ontario provincial police Wednesday.

Harry W. Anderson, 67, a retired GM vice president, was killed by a blast from a 12-gauge shotgun fired by Curtice as they were hunting ducks on Ste. Anne's Island in the St. Clair River, between the United States and Canada.

For many years, Anderson was GM's top negotiator in contract talks with the United Auto Workers Union.

Provincial Police Constable Bud Collins, after questioning Curtice, said the shooting was accidental and that it would be so reported to provincial headquarters today. The Lambton County Coroner, Dr. C.A. Henrich, said a decision on holding an inquest will be made when police investigation is completed.

Released by police Curtice was driven by friends to Ann Arbor, Mich., where he expressed his sorrow to Mrs. Anderson. Then, with head bowed and refusing to talk with reporters waiting outside the Anderson home, Curtice got into a car with friends and drove to the seclusion of his own home in Flint, Mich.

Provincial police said the accident occurred at 11 a.m. Wednesday. Curtice and Anderson were sitting side-by-side in a duck blind in the marshes. Anderson stood up just as Curtice raised his gun and fired at a flock of ducks passing over. The charge struck Anderson in the right side of the head.

A Chippewa Indian guide was hiding about 25 feet behind the Blind. He saw the shooting and raced over to the blind of two other members of the hunting party, George W. Kennedy, board chairman of Kelsey-Hayes Wheel Corp. of Detroit, and Arthur Brown of Rochester, Mich., a manufacturer's representative. Kennedy and Brown were concealed about 100 yards away and did not see the accident.

The guide said Curtice aimed at the lead duck of the flock and as he fired Anderson stood up and stumbled directly into the line of fire.

The hunters had been waiting in vain for several hours for ducks to show up and were almost ready to quit.

Ste. Anne's island is separated by channels from the Canadian Walpole Island Indian Reservation. It was Curtice's favorite duck hunting area.

Kennedy has a hunting lodge on a site leased from the Indians. His firm has used the lodge to entertain friends and customers. Curtice and Anderson had been hunting companions for many years and were skilled in use of firearms, friends said.

Kennedy said, "It was one of those unfortunate things that you can't understand. They'd both been shooting guns all their lives. You can't understand why these things happen."

Curtice retired as president of GM Aug. 31, 1958. He is still a GM director. Anderson retired Dec. 31, 1956. He leaves his wife, Veda, 40, and a 4-year-old daughter, Jane Kristan.

Baptist Commission Picks Secretary

DALLAS (AP) — The Baptist General Convention of Texas' new human welfare commission selected Walter Delamarter interim secretary Wednesday.

Delamarter has been Baptist domestic relations consultant for two years.

Dr. James Basden, Brownwood pastor, was appointed chairman of the 15-member commission. The vice chairman is Dr. Lester Morris, of Midland.

The commission will direct the Texas Baptist hospital and benevolent homes program.

Suspect Is Found Shot

BOSTON (AP)—Cambridge police reported today that Edward F. Tumulty, 34, sought for questioning in the slaying of a Boston secretary and her male friend Wednesday night, shot himself today on the grounds of Cambridge Public Library.

Police Sgt. John Norton said Tumulty shot himself behind the right ear. Doctors at Cambridge City Hospital said he was not expected to live.

Police had sought Tumulty after Miss Barbara M. Betts, 30, brunette divorcee, and Louis Vuona, 40, a Worcester engineer, were shot down on a Back Bay street.

A neighbor, who heard the shot that wounded Tumulty, telephoned police. They found him lying on the ground in back of the library.

The slaying of Miss Betts and Vuona occurred not far from the Boston Public Library. Cambridge is across the Charles River from Boston.

Police had broadcast an alarm for apprehension of Tumulty, a former taxi driver, soon after the shootings. They described the shootings as jealousy killings.

Small Reactor For Space Craft Made

By FRANK CAREY

WASHINGTON (AP) — A nuclear reactor the size of a five-gallon can has been developed as a potential long-lasting power source for radios, TV transmitters and other instruments in space vehicles.

This was announced Wednesday night by Chairman John A. McCone of the Atomic Energy Commission.

He said the 220-pound reactor — designed to be linked with a football-sized turbo-electric generator — has been successfully ground-tested in recent weeks. Still in the experimental stage, it is designed to generate 3,000 watts of electrical current for at least a year.

The AEC, in a separate statement, said the device might well be the forerunner of devices much more powerful, but still weighing only several hundred pounds.

And these, said the AEC, "would make possible long-lived weather satellites, world-wide TV communications, deep-space information transmission and eventually interplanetary travel."

It was stressed, however, that these small reactors would be used only as auxiliary power sources inside space vehicles—and not for propulsion purposes.

McCone made the announcement at the annual meeting of the American Rocket Society.

He said much work remains to be done on the device.

At a news conference he said there are no immediate plans for using it in a space vehicle but that it should be ready to go within a year.

In leading up to his announcement, McCone told the rocket society:

"One of the present great handicaps of all space vehicles, ours and the Soviets' alike, is them limited time during which signals can be sent back to earth reporting conditions being encountered."

Northern Ireland's leading industry is agriculture—no doubt about it. Within 5,459 square miles of land there are some 90,000 small neatly spaced farms.

India May Use Force

ST. Louis (AP)—India may have to use force to repel Red Chinese aggression, Vijaya Laksmi Pandit, former president of the United Nations General Assembly and member of India's parliament, said Wednesday.

Mme. Pandit, sister of India's Prime Minister Nehru, spoke at a student assembly at Washington University.

"For half of our recorded history—2,500 years—we have lived in complete friendship and affection with China," she said.

"But those closest to one can hurt one most. We have sought to find avenues of discussion and negotiation, rather than to fight like children the first time we disagree.

"But it may be the only course left open to use may be the course of violence or force."

Fiberglass Mufflers Legal If Not Loud

AUSTIN (AP)—Fiberglass mufflers are just as legal as any other kind so long as they keep down automobile smoke and noise, Atty. Gen. Will Wilson says.

In an opinion, Wilson said Wednesday Texas law does not specify either method of manufacture or the materials for auto mufflers.

The ruling came in response to an inquiry from Hidalgo County Dist. Atty. R. L. Lattimore of Edinburg.

District Races In Deciding Stages

By The Associated Press

Twenty district champions, expected to include defending state champions Wichita Falls of Class AAAA and Breckenridge of Class AAA, will be determined in the upper classes of Texas schoolboy football this weekend.

It will round out the state playoff brackets of the two divisions with three titles already determined in Class AAAA and eight in Class AAA.

Some of the races are due to wind up in ties, with various means being employed to decide them.

While the upper echelons are getting ready for the playoffs Classes AA and A will be starting them with Stamford, defending champion of AA, moving against Quanah in the opening round.

Class A has no defending champion and there is uncertainty over what team might be the favorite. Crowell, unbeaten and untied, appears to be the top-rated outfit of the upper bracket. Anahuac could be the kingpin of the South.

Abilene, Fort Worth Carter-Riverside, Texas City and San Antonio Burbank already are district champions of Class AAAA.

Other districts are like this: El Paso can win Dist. 1 by beating or tying El Paso Austin, Amarillo can win Dist. 3 by beating Amarillo Palo Duro, Wichita Falls and Galena Park clash for the title of Dist. 4, Dallas Sunset and Dallas Samuell for 6, Highland Park and Garland for 7, Tyler can win 8 by beating Marshall, Houston Reagan 9 by beating Houston Milby, Houston Bellaire is due to emerge as representative of 10, Port Arthur and Port Neches play for 11, Temple meets Waco for 13, Brownsville plays Corpus Christi Ray for 14, San Antonio Edison battles Victoria for 15.

Class AAA already has eight champions —Andrews, Carrollton, Mt. Pleasant, Kilgore, Athens, LaMarque, San Marcos and Kingsville. Other districts are like this: Littlefield vs. Levelland for 1, 3-way tie looms in 3 among Snyder, Sweetwater and Lamesa (to be decided by coin flip), Breckenridge vs. Brownwood for 4, Cleburne vs. LaVega for 9, Brenham can win 10 by beating Smiley, Nederland plays Beaumont French for 11, Eagle Pass meets San Antonio Sam Houston for 14 and an' Benito plays Falfurrias for 16.

The schedule in the first round of the Class AA and Class A playoffs:

Class AA

Friday: Canyon vs. Olton at Canyon (day), Denver City at Floydada (day), Stamford at Quanah (day), Cisco vs. DeLeon at Ranger (night), Olney vs. Azle at Graham (night), Kaufman vs. Bonham at Richardson (night), Hooks vs. Daingerfield at Texarkana (night), West at London (night), Belton at Brady (night), Taylor at Columbus (night), Bellville vs. Liberty at Brenham (night), Hallettsville vs. Pleasanton at Luling (night), Freer at Hondo (night), Sinton vs. Edcouch-Elsa at Mercedes (night).

Saturday: Port Acres vs. Jasper at Port Arthur (night), Deer Park vs. Bay City at Palacios (night).

Class A

Friday: Stinnett vs. McLean at Pampa (night), Farwell vs. Idalou at Plainview (night), Fabens at Menard (night), Albany at Mason (night), Crowell vs. Keller at Iowa Park (night), Hawkins vs. Forney at Van (night), Gaston vs. Garrison at Henderson (night), Madisonville vs. Mart at Hearne (night), Itasca at Elgin (night), Anahuac vs. Crosby at Baytown (night), Katy vs. Ganado at Wharton (night), Rockport at Kenedy (night), Bishop vs. Rio Hondo at San Benito (night).

Saturday: Boerne vs. Cotulla at Pleasanton (night), Sundown vs. Roscoe at Lamesa (night), Cooper vs. Liberty-Eylau at Mt. Pleasant (night).

Uncle Sam Running 3rd In Cup Race

MELBOURNE (AP) — America's Sam Snead, his putter blazing, came charging back with a 5-under-par 65 today, but Australia clung to a 7-stroke lead over Canada at the halfway point of the international Canada Cup golf competition. The United States moved into third place.

Stan Leonard, a weatherbeaten little Canadian, almost matched Snead's performance with a sparkling 66 which sent him into a tie with Australia's Peter Thomson at 136 in the battle for individual honors. Snead was two shots back at 138.

Thomson, four-time British Open champion, added a 69 to his first round 67 over the par 34-36 Royal Melbourne Club course. That, plus a second 70 by steady Kel Nagle kept the home forces in front with a total score of 276.

Snead was little short of sensational as he bulled around the 6,853-yard layout with most of the gallery of 15,000 at his heels.

He canned five birdies in a stretch of seven holes. He one-putted 10 of the last 12 greens and came to the final hole needing only a par for a 64. Then he took his only bogey of the round; he missed a 2½-footer after a crashing drive down the middle of the fairway and a nice approach to the middle of the green.

Al Balding, Leonard's partner, nailed a birdie 3 on the final hole for a 73 which gave Canada a 36-hole overall total of 283.

Morton's POTATO CHIPS

Wholesale Trading Set For Majors

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)— Those who should know best—the club owners and general managers—expect a lot of swapping during the unprecedented three-week period of inter-league trades starting Saturday. But they don't think many "name" players will be involved.

Bing Devine, general manager of the St. Louis Cardinals, probably will be the busiest trader of them all. He's already agreed to swap Gene Green to Baltimore for Bob Nieman and is considering a Chicago White Sox offer of Billy Pierce, Billy Goodman and Jim Rivera for Joe Cunningham. He also has a bid in for Gil McDougald of the New York Yankees.

"We've talked with practically every club in both leagues," said Devine. "Most of our conversation has been with the White Sox, Tigers and Orioles.

Bill DeWitt, newly elected president of the Detroit Club, said he was seeking a shortstop, a first baseman and some additional reserve strength.

The Tigers have rejected a Milwaukee offer of pitcher Carleton Willey and second baseman Felix Mantilla for Frank Bolling. They may make a deal of lesser significance with Philadelphia involving Philly shortstop Chico Fernandez.

Kansas City general manager Parke Carroll said his club expected to complete a couple of deals with National League clubs. He declined to identify the clubs or players but said the A's are seeking a catcher, a third baseman and a pitcher.

Yankee general manager George Weiss is seeking a left-handed pitcher and left-handed hitting outfielder. He is dangling Gil McDougald and Don Larsen as bait.

Calvin Griffith, president of the Washington Senators, expects brisk trading, judging from the feelers he's had for his players.

"Everybody wants Camilo Pascual, Bob Allison and Harmon Killebrew," he said. "I told them these fellows can't be had."

Washington manager Cookie Lavagetto currently is in San Francisco, discussing a possible deal that would send relief pitcher Truman Clevenager and one of three infielders—Reno Bertoia, Ken Aspromonte or Billy Consolo to the Giants for outfielder Felipe Alou.

The Boston Red Sox are said to have closed a deal whereby Dick Gernert goes to the Chicago Cubs for pitcher Dave Hillman and first baseman Rufe Marshall.

Although Wyoming won this year's game, 27-2, Utah State leads the Cowboys in their football series, 25-15. Two games ended in ties.

JACK SPIKES
All-America Candidate

Spikes Basking In National Limelight

FORT WORTH — TCU Coach Abe Martin is hoping the Rice Owls will get "spiked" Saturday afternoon in the Southwest Conference battle here.

Martin was referring to his mighty fullback, Jack Spikes, who has stamped himself as the finest fullback in Horned Frog annals for his tremendous offensive and defensive play through the Purples' eight games.

"I've never coached a better fullback," continues Martin. "He does everything. He runs tougher than anyone else, is blessed with speed for his size, and his defense couldn't be improved. He's just playing darn good football."

Spikes, a 6-2 and 208-pound senior who hails from Snyder, Texas, has romped for 557 yards in 114 stabs—to lead the Conference in rushing by 104 over Jim Mooty of Arkansas who has played in one more game. For the same eight games last year, Spikes had 477 on 101 trips. He finished the season with a net of 580 yards on 124 carries to rank second to Baylor's Larry Hickman, who blasted for 671 on 151.

The handsome, all - American candidate believes he has picked up more speed, has more strength and hails his line "as the best anywhere. In fact, I think those guys up front are as good as last years bunch, and might even be better."

Jack says most of his yardage has come on off-tackle slants, riding the broad shoulders of all-American Don Floyd and huge Robert Lilly.

"I like to run where those big fellows can do the blocking," he explained. "I just seem to have better holes to run at, than our halfbacks do most of the time. Our blocking has been wonderful."

Spikes used his tackles to great advantage Saturday in the Frogs' 14-9 upset which knocked Texas from the unbeaten ranks and kept the Purples in the running for a share of the Southwest Conference title.

The big fellow literally tore for 71 yards on 19 trips to lead all ground gainers. Several times, his jabs came on critical fourth-down situations.

"I just knew we were going to beat Texas," he said. "I had that feeling all week. I guess I never ran harder in my life."

Jack quickly turned his attention to Rice who will make a visit to the Amon-Carter turf this Saturday.

"We're in for an afternoon against Rice," he reminded. "Coach Neely will have those Owls shooting for us. I just hope we get that Texas game out of our system in time."

Martin could talk for hours about the offensive deeds of Spikes, but the Horned Frog coach is more than happy with the big fellow's defense. After an injury hit Buddy Dike in the opening game of the 1957 season, Martin moved the husky youngster to Dike's spot from the No. 1 right half for the important Ohio State contest.

Spikes took to the new job like a duck to water, and rambled for 66 yards on 11 carries, including a pulverizing 16-yard touchdown gallop in the 18-14 upset.

"I'll never forget that game," Jack said. "I had never played linebacker in my life. I was scared to death to see all those big guys coming at me."

Martin later moved his fullbacks from linebackers spots to the corner-back on the right side in his umbrella defense, and Jack has been there ever since.

"I had some trouble there last year, but I guess I'm in the right spot at the right time this time," he stressed.

Spikes explained that he has played the cornerback ever since his high school days where his defense and offense both caught the raves of college scouts.

"I choose TCU because I liked Coach Martin and the other staff members, and I felt I could play football there."

Jack married his high school sweetheart, Jane DeWald of Snyder in June, 1958. Jane, who is an avid sports fan, is hoping that husband Jack continues his football days after college with the pros.

"Jane and I both are hoping that some pro club will pick me up, he said. "I would like to play at least two years."

How does he feel about being the No. 1 candidate from the Southwest for all-American honors?

"Of course, I think it's a great honor. But I'm not worried about that. Those all-American things will take care of themselves. Right now, I'm worried about one thing—that's Rice Saturday."

Ira Takes Pair From Panthers

HOBBS — Ira's Bulldogs took the measure of the Hobbs Panthers in two cage clashes played here Tuesday night, the boys team coasting to a 47-21 victory, while the girls won by a 34-31 count.

Elvin Loper led his Bulldog teammates to the lop-sided win by dumping in 19 points, with Hobbs' Mike Soto contributing 10 for his team. In the girls game, Ira's Lena Farmer racked up 17 points, which constituted half of her team's point total, while Groves of Hobbs rang up 16 points in that team's losing cause.

Record time for harness racing's rich Hambletonian is 1.59.4.

Between You And Me

By JERRY JACKSON

The Cotton Bowl clash lined up for New Year's is taking on the appearance of being the nation's best. Barring an unlikely upset at the hands of either Boston U. or UCLA, the Orangemen of Syracuse will enter the classic in undefeated, fashion, and will more likely than not be faced by some more orange men with the word "Texas" scrawled across the front of their jerseys.

It's quite a "feather in the cap" of the Cotton committeemen to have landed an eleven of such a caliber as the Syracusers seem to have. In fact, that school's last appearance in the Cotton Bowl was one to be remembered, it resulting in a thrilling 28-27 victory for TCU way back on January 1, 1957. Jimmy Brown was in his college heyday at that time, and he was responsible for leading his Yankee crew to a near-upset.

Tops All Grid Totem Polls

SYRACUSE currently enjoys the top-rung rating in every poll in the country following their eight impressive victories. Are they really that strong? It would seem so, even though they haven't played as tough a game-to-game schedule as the average Southwest Conference team. Comparative showings against common opponents point up this fact.

The Noo Yawkers opened their season against Kansas, thumping the Jayhawkers by a two-touchdown 35-21 margin. The week before TCU edged the same delegation by 14-7. Next, they downed Maryland 29-0 the week after Texas cleaned that team's plow by 26-0. Navy? Not-as-strong-as-anticipated SMU softened the Middies up 20-7, which was followed by the Orangemen's 32-6 Midshipmen massacre. And Pittsburgh. TCU slipped by that team 13-3, after which Syracuse countered with a 35-0 lambast.

When You're Through, Let Me At 'Im!

BE IT COINCIDENCE or whatnot, it is nevertheless of significance to note that Syracuse was privileged in taking on each of the above common opponents the week immediately succeeding the Southwest Conference team's clash against same, which should have given them a decided edge as far as "doping" and scouting those teams was concerned. Also, the brute force at the call of such elevens as TCU and Texas no doubt nad some effect on the physical strength which those common opponents were able to muster following the likes of such teams.

As a yardstick to measure the strength of other foes with whom Syracuse has — or will — come into contact, a look-see at the won-lost records sheds a bit of revealing light on the subject. Penn State, 18-20 victim, is the only outstanding eleven of the bunch, that loss representing their sole licking in nine outings. Holy Cross can boast of a 6-2 record, most wins of which have been rung up against off-beat institutions athletically-wise. Then it's West Virginia (3-6), Colgate (which in this case is a college rather than a dentitrice 1-7, Boston U. (5-3), and UCLA (3-3-1). Not an impoisng list, just passing fair.

But whichever team the conference throws at them—be it Texas or Arkansas—the game should be a doo-wah-diddie. There shouldn't be many points separating them, either, as things appear from this corner.

H-SU's Voss Leads BC Pass Receivers

By The Associated Press

Noland Jones of Arizona State is a busy man in the Border Conference football circuit. He holds the scoring leadership with 92 points and the rushing lead with 748 yards on 125 tries.

Charley Johnson of New Mexico State has rolled up 1,172 yards in total offense. He completed 83 passes in 157 tries for 1,052 yards to lead in the air.

Hardin-Simmons' Charley Bowers is second in rushing with 619 yards. John Furman of Texas Western is second in passing with 933 yards on 82 completions.

Bill Voss of Hardin-Simmons is the leading pass-catcher with 26 for 288 yards.

Joe Zuger of Arizona State has punted for a 47.2 average.

McCord Leads Lone Star Total Offense

By The Associated Press

Sam McCord, East Texas State's mighty quarterback, dominates the offense in the Lone Star Conference.

McCord leads in total offense with 147.1 yards per game, rolling up 795 yards rushing and 529 passing for 1,324 altogether.

Harold Stephens of Stephen F. Austin is the top passer with 78 completions in 170 tries for 1,062 yards.

Junior Highs Test C-City Here Tonight

Two of Snyder's top junior high elevens finish their respective seasons tonight here in Tiger Stadium, as the Eighth Grade Blue Devils and Lamar's Seventh Graders tackle Colorado City.

The initial contest has a kickoff time of 6 o'clock, and will involve the Lamar crew. Lamar, sporting a commendable 3-2-1 record for the year, met Colorado City in their second game of the year, winning by a 28-8 score. Coaching the local team are Roy Carter and Bob O'Day.

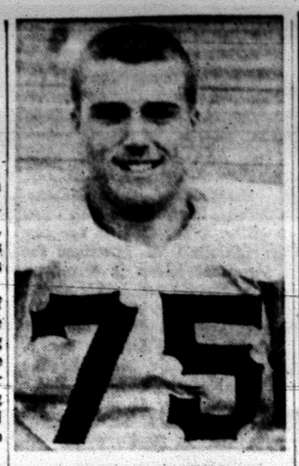
The nightcap will feature the final showing for the undefeated Blue Devils, who have won all of their nine games played thus far this season. In a mid-September meeting with C-City, these charges of Ace Amos and Charley Sparks romped over that eleven by 42-6.

Gail, Forsan Vie Tonight In Big Spring

The Gail-Forsan bi-district clash will be played tonight in Big Spring, the game time being 7:30.

Undefeated Gail holds the title in the district 3-B eight man conference, while Forsan will go into the tilt as the representative from district 4-B. The Coyotes from Gail tested Forsan in their final non-district game of the season, edging them by a 22-12 count.

Head coach for the Coyotes is Eddie James, and he is assisted by coach Robert Goodwin.



TOMMY MINTON
2-Way Tiger Terror

Minton Top Lineman In Lamesa Tilt

Tiger Tackle Tommy Minton nails down Lineman of the Week honors for the past game on the grace of his heads-up brand of play in last week's 15-22 loss at the hands of Lamesa.

Minton, who played the entire game that night, was instrumental in clearing the way on numerous occasions for Tiger ball carriers as he worked from his offensive tackle position. As a defensive guard he also showed up extremely well, being credited with five tackles and an assist during the contest. A pair of tackles which he made near the end of the game helped to stymie a Tornado scoring effort at that stage of play, as they penetrated deep into Tiger territory as time was running out.

Blanche Martin, Michigan State's fine football halfback, is a B-plus student in pre-dentistry.

JACK SPIKES
All-America Candidate

Spikes Basking In National Limelight

FORT WORTH — TCU Coach Abe Martin is hoping the Rice Owls will get "spiked" Saturday afternoon in the Southwest Conference battle here.

Martin was referring to his mighty fullback, Jack Spikes, who has stamped himself as the finest fullback in Horned Frog annals for his tremendous offensive and defensive play through the Purples' eight games.

"I've never coached a better fullback," continues Martin. "He does everything. He runs tougher than anyone else, is blessed with speed for his size, and his defense couldn't be improved. He's just playing darn good football."

Spikes, a 6-2 and 208-pound senior who hails from Snyder, Texas, has romped for 557 yards in 114 stabs—to lead the Conference in rushing by 104 over Jim Mooty of Arkansas who has played in one more game. For the same eight games last year, Spikes had 477 on 101 trips. He finished the season with a net of 580 yards on 124 carries to rank second to Baylor's Larry Hickman, who blasted for 671 on 151.

The handsome all - American candidate believes he has picked up more speed, has more strength and hails his line "as the best anywhere. In fact, I think those guys up front are as good as last years bunch, and might even be better."

Jack says most of his yardage has come on off-tackle slants, riding the broad shoulders of all-American Don Floyd and huge Robert Lilly.

"I like to run where those big fellows can do the blocking," he explained. "I just seem to have better holes to run at, than our halfbacks do most of the time. Our blocking has been wonderful."

Spikes used his tackles to great advantage Saturday in the Frogs' 14-9 upset which knocked Texas from the unbeaten ranks and kept the Purples in the running for a share of the Southwest Conference title.

The big fellow literally tore for 71 yards on 19 trips to lead all ground gainers. Several times, his jabs came on critical fourth-down situations.

"I just knew we were going to beat Texas," he said "I had that feeling all week. I guess I never ran harder in my life."

Jack quickly turned his attention to Rice who will make a visit to the Amon-Carter turf this Saturday.

"We're in for an afternoon a-gains' Rice," he reminded. "Coach Neely will have those Owls shooting for us. I just hope we get that Texas game out of our system in time."

Martin could talk for hours about the offensive deeds of Spikes, but the Horned Frog coach is more than happy with the big fellow's defense. After an injury hit Buddy Dike in the opening game of the 1957 season, Martin moved the husky youngster to Dike's spot from the No. 1 right-half for the important Ohio State contest.

Spikes took to the new job like a duck to water, and rambled for 66 yards on 11 carries, including a pulverizing 16-yard touchdown gallop in the 18-14 upset.

"I'll never forget that game," Jack said. "I had never played linebacker in my life. I was scared to death to see all those big guys coming at me."

Martin later moved his fullbacks from linebackers spots to the corner-back on the right side in his umbrella defense, and Jack has been there ever since.

"I had some trouble there last year, but I guess I'm in the right spot at the right time this time," he stressed.

Spikes explained that he has played the cornerback ever since his high school days where his defense and offense both caught the raves of college scouts.

"I choose TCU because I liked Coach Martin and the other staff members, and I felt I could play football there."

Jack married his high school sweetheart, Jane DeWald of Snyder in June, 1958. Jane, who is an avid sports fan, is hoping that husband Jack continues his football days after college with the pros.

"Jane and I both are hoping that some pro club will pick me up, he said. "I would like to play at least two years."

How does he feel about being the No. 1 candidate from the Southwest for all-American honors?

"Of course, I think it's a great honor. But I'm not worried about that. Those all-American things will take care of themselves. Right now, I'm worried about one thing—that's Rice Saturday."

Ira Takes Pair From Panthers

HOBBS — Ira's Bulldogs took the measure of the Hobbs Panthers in two cage clashes played here Tuesday night, the boys team coasting to a 47-21 victory, while the girls won by a 34-31 count.

Elvin Loper led his Bulldog teammates to the lop-sided win by dumping in 19 points, with Hobbs' Mike Soto contributing 10 for his team. In the girls game, Ira's Lena Farmer racked up 17 points, which constituted half of her team's point total, while Groves of Hobbs rang up 16 points in that team's losing cause.

Record time for harness racing's rich Hambletonian is 1.59.4.

Between You And Me

By JERRY JACKSON

The Cotton Bowl clash lined up for New Year's is taking on the appearance of being the nation's best. Barring an unlikely upset at the hands of either Boston U. or UCLA, the Orangemen of Syracuse will enter the classic in undefeated fashion, and will more likely than not be faced by some more orange men with the word "Texas" sewwled across the front of their jerseys.

It's quite a "feather in the cap" of the Cotton committeemen to have landed an eleven of such a caliber as the Syracusers seem to have. In fact, that school's last appearance in the Cotton Bowl was one to be remembered, it resulting in a thrilling 28-27 victory for TCU way back on January 1, 1957. Jimmy Brown was in his college heyday at that time, and he was responsible for leading his Yankee crew to a near-upset.

Tops All Grid Totem Polls

SYRACUSE currently enjoys the top-rung rating in every poll in the country following their eight impressive victories. Are they really that strong? It would seem so, even though they haven't played as tough a game-to-game schedule as the average Southwest Conference team. Comparative showings against common opponents point up this fact.

The Noo Yawkers opened their season against Kansas, thumping the Jayhawkers by a two-touchdown 35-21 margin. The week before TCU edged the same delegation by 14-7. Next, they downed Maryland 29-0 the week after Texas cleaned that team's plow by 26-0. Navy? Not-as-strong-as-anticipated SMU softened the Middies up 20-7, which was followed by the Orangemen's 32-6 Midshipmen massacre. And Pittsburgh. TCU slipped by that team 13-3, after which Syracuse countered with a 35-0 lambast.

When You're Through, Let Me At 'Im!

BE IT COINCIDENCE or whatnot, it is nevertheless of significance to note that Syracuse was privileged in taking on each of the above common opponents the week immediately succeeding the Southwest Conference team's clash against same, which should have given them a decided edge as far as "doping" and scouting those teams was concerned. Also, the brute force at the call of such elevens as TCU and Texas no doubt had some effect on the physical strength which those common opponents were able to muster following the likes of such teams.

As a yardstick to measure the strength of other foes with whom Syracuse has — or will — come into contact, a look-see at the won-lost records sheds a bit of revealing light on the subject. Penn State, 18-20 victim, is the only outstanding eleven of the bunch, that loss representing their sole licking in nine outings. Holy Cross can boast of a 6-2 record, most wins of which have been rung up against off-beat institutions athletically-wise. Then it's West Virginia (3-6), Colgate (which in this case is a college rather than a dentifrice 1-7, Boston U. (5-3), and UCLA (3-3-1). Not an impoisng list, just passing fair.

But whichever team the conference throws at them—be it Texas or Arkansas—the game should be a doo-wah-diddie. There shouldn't be many points separating them, either, as things appear from this corner.

H-SU's Voss Leads BC Pass Receivers

By The Associated Press

Noland Jones of Arizona State is a busy man in the Border Conference football circuit. He holds the scoring leadership with 92 points and the rushing lead with 748 yards on 125 tries.

Charley Johnson of New Mexico State has rolled up 1,172 yards in total offense. He completed 83 passes in 157 tries for 1,052 yards to lead in the air.

Hardin-Simmons' Charley Bowers is second in rushing with 619 yards. John Furman of Texas Western is second in passing with 933 yards on 82 completions.

Bill Voss of Hardin-Simmons is the leading pass-catcher with 26 for 288 yards.

Joe Zuger of Arizona State has punted for a 47.2 average.

McCord Leads Lone Star Total Offense

By The Associated Press

Sam McCord, East Texas State's mighty quarterback, dominates the offense in the Lone Star Conference.

McCord leads in total offense with 147.1 yards per game, rolling up 795 yards rushing and 529 passing for 1,324 altogether.

Harold Stephens of Stephen F. Austin is the top passer with 78 completions in 170 tries for 1,082 yards.

Junior Highs Test C-City Here Tonight

Two of Snyder's top junior high elevens finish their respective seasons tonight here in Tiger Stadium, as the Eighth Grade Blue Devils and Lamar's Seventh Graders tackle Colorado City.

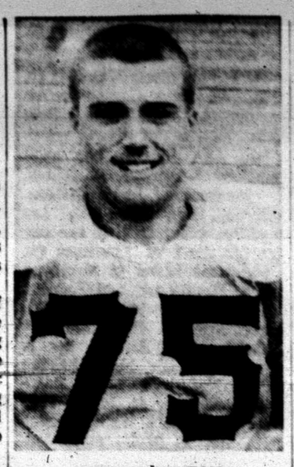
The initial contest has a kickoff time of 6 o'clock, and will involve the Lamar crew. Lamar, sporting a commendable 3-2-1 record for the year, met Colorado City in their second game of the year, winning by a 28-8 score. Coaching the local team are Roy Carter and Bob O'Day.

The nightcap will feature the final showing for the undefeated Blue Devils, who have won all of their nine games played thus far this season. In a mid-September meeting with C-City, these charges of Ace Amos and Charley Sparks romped over that eleven by 42-6.

Gail, Forsan Vie Tonight In Big Spring

The Gail-Forsan bi-district clash will be played tonight in Big Spring, the game time being 7:30.

Undefeated Gail holds the title in the district 3-B eight man conference, while Forsan will go into the tilt as the representative from district 4-B. The Coyotes from Gail tested Forsan in their final non-district game of the season, edging them by a 22-12 count. Head coach for the Coyotes is Eddie James, and he is assisted by coach Robert Goodwin.



TOMMY MINTON
2-Way Tiger Terror

Minton Top Lineman In Lamesa Tilt

Tiger Tackle Tommy Minton nails down Lineman of the Week honors for the past game on the grace of his heads-up brand of play in last week's 15-22 loss at the hands of Lamesa.

Minton, who played the entire game that night, was instrumental in clearing the way on numerous occasions for Tiger ball carriers as he worked from his offensive tackle position. As a defensive guard he also showed up extremely well, being credited with five tackles and an assist during the contest. A pair of tackles which he made near the end of the game helped to stymie a Tornado scoring effort at that stage of play, as they penetrated deep into Tiger territory as time was running out.

Blanche Martin, Michigan State's fine football halfback, is a B-plus student in pre-dentistry.

Pushbutton Summit Sessions Are Possibility In Future

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—If things go right—and they probably won't—future heads of government will have a kind of international club where one push on the buzzer will bring them together for a weekend summit.

Prime Minister Harold Macmillan of Britain has just hammered on an old theme of his again: The coming summit conference must be followed by a series of such meetings. Premier Nikita Khrushchev is all for frequent get-togethers, too.

That isn't the way President Eisenhower saw it, at least until recently. Maybe he's changing his mind. No longer ago than last summer he was talking against summit meetings and yearning for the good old days of foreign ministers' meetings.

Yet, in the short time since then these things have happened:

Later in the summer he made a fast trip around Western Europe to see the Allied leaders; he had Khrushchev over here and promises to return the visit; next month he's going to 11 foreign countries to see the leaders; then he joins a pre-summit meeting in Paris; and in the spring will be off to the summit itself.

Macmillan became a sturdy advocate of frequent meetings between heads of government after he journeyed to Moscow early this year, talked with Khrushchev and felt this was the way to get things done, although what he got done isn't clear.

At the same time Khrushchev dismissed and belittled foreign ministers as a bunch of messenger boys who could do only what the top men permitted them anyway. And, since this was the case, he reasoned, then:

Since only the top men—the heavyweights—could really decide anything, then let them meet and get going.

This was what Eisenhower was saying in mid-summer:

1. He doesn't like the modern summit conferences. He considered it a step backward for the heads of state to spend their time on work that belongs to specialists, like foreign ministers.

2. He preferred seeing the ministers enjoy the exercise of the great authority given them in the 19th century.

As an example of what he didn't like about the summit idea he cited the 1807 meeting between Napoleon and Czar Alexander of Russia on a raft in the River Niemen near Tilsit. They talked of dividing up the world but later became fierce enemies.

But there were some very practical and excellent reasons for letting foreign ministers do the meeting in the 19th century. Getting to and from an international meeting in those days of sail stagecoach, steam and trains took weeks or months.

No president would want to be out of the country—and actually out of touch—so long. But with modern air travel presidents and prime ministers can go half way around the world in a day, meet several days, and be home within a week.

And while away they can be kept just as fully informed about events and problems at home, through modern communications like radio, as they would if they had never left Washington.

True, foreign ministers, being specialists in their field, can go into vast detail in reaching agreements that would be beyond the scope of presidents and prime ministers who, not being specialists, know problems only in a general way.

But, before the ministers can even get into detail, there must be a general agreement. And, as Khrushchev points out, they can't agree on anything unless the top man at home says so.

That brings the argument back to Khrushchev: Since only the top men can really reach agreements, then let them meet, try to agree in a general way, and, having done that, turn the details over to the foreign ministers.

If the spring summit meeting proves fruitful at all, it will increase the pressure on government heads to meet more often. Even a failure wouldn't discourage the idea they should try again.

One thing seems certain: That in the modern world the role of the foreign minister—as a settler of problems—will move further into the background while more of the spotlight stays on the top man.

Women No Longer Act Like Women

By HAL BOYLE

NEW YORK (AP)—What is the basic thing wrong with most American women?

There has been a rash of criticism about the henpecked U. S. male lately, but nobody has been putting the U. S. woman under the microscope for flaws.

Isn't it about time someone performed this neglected public service?

There are certain traditional objections that are always voiced when the subject of what is wrong with women comes up.

They can be summarized:

When you first marry a woman she glows like the morning sun, but in time she kind of gets to look like a rain-stained old copper roof.

A woman talks endlessly but rarely says what she really knows—or really knows what she says, so how can a man ever understand her? A man can understand only things that make sense.

In keeping appointments, a woman always arrives by the calendar instead of the clock.

A woman is supposed to have the right to change her mind, but actually never does—and nobody can make her change it. A woman's mind also never lets go the memory of a fancied wrong—as every husband knows.

A woman never knows the value of a sound dollar or a good man until both are gone from her.

Well, there is no doubt that most of these moss-grown objections to women are still fairly valid, and probably always will be.

But if you polled most American men I doubt these reasons would explain the fact there is a vast and growing grudge among many males against U. S. women. They are, after all, old sins of the fair sex, and man has had to put up with them throughout history.

What tends to annoy a man most today is that he is being made a sucker of in a new way by a new kind of woman. This is the woman who demands the status of a man while still insisting peremptorily on all the ancient privileges accorded women by the etiquette of romantic chivalry.

The basic thing wrong with American women is they no longer act like women. They look feminine, talk masculine—and act beastly.

Maybe the country needs a national "Kick a Woman in the Knee Day" to put the whole question of modern chivalry back on a sounder footing for all.

Car-Buying Is Big Government Chore

By BEN PHLEGAR
AP Automotive Writer

DETROIT (AP)— If you have trouble deciding what car to buy, consider the problem if you were in the market for 4,500 cars and your budget said you couldn't pay more than $1,500 apiece.

This is the situation that faces the Ordnance Tank-Automotive Command, which buys the cars of all of the armed services.

In an effort to keep everybody happy, OTAC invited policy-level brass from the Army, Navy, and Air Force for a two-day get-together at its Detroit Arsenal Headquarters.

The military draws up a set of specifications for its cars, then invites the manufacturers to submit bids. The law says the top price is $1,500 for a sedan or $1,950 for a station wagon at the factory, including the 10 per cent federal excise tax. Although part of the government, the armed forces have to pay this tax on any car bought for use in this country.

Last year, the OTAC bought 1,806 station wagons and 2,526 sedans. The 1960 purchases probably will run about the same.

One of the purposes of the current conference is to review the specifications with an eye to the new compact cars. Just to get the feel of things, military representatives Wednesday had the chance to ride and drive 18 different models of the Corvair, Falcon, Valiant, Lark, standard Rambler and Rambler American, generally known as the compact cars; plus the standard-sized Ford, Chevrolet, Plymouth and Dodge Dart.

This particular meeting is not a buying session. An OTAC representative explained this is the first time all of the cars have been made available at one time in one place and the OTAC thought it a good idea to invite the services it buys for to inspect the cars first hand.

A representative of the manufacturers indicated the military might find it difficult this year to secure bids at $1,500 or less on the standard size cars. The first big test will come next month when the General Services Administration, which buys cars for government civilian use, asks bids for about 3,400 cars.

New Tax On Beer Urged By Willis

DALLAS (AP) — State Sen. Doyle Willis said Wednesday night he advocated a new tax on beer that would pay most of the cost of a three-point program to finance educational advances in Texas.

The senator from Fort Worth said an increase from $4.30 to $10 per barrel on beer sold in Texas would pay 26 million dollars of the 29 million dollars needed. Willis is chairman of the Senate Education Committee.

Willis spoke before the legislation conference here of the Texas Congress of Parents and Teachers. Earlier, the state P-TA group heard Brad Smith, director of the governor's Highway Safety Commission say that despite safety campaigns, traffic deaths and accidents are increasing.

Willis asked for a special session of the Legislature to raise teachers' salaries in the state. He said Texas now ranks 31st in the amount of money spent per child for education and that teachers' salaries in Texas are 32nd among the 50 states.

He said the three-point program he advocated and which the Texas State Teachers Assn. approved included a $45 monthly raise for school teachers, $50 for each school per teacher capita for maintenance and operation, and $180 for each school per transportation unit.

give thanks for a bountiful Thanksgiving

We Will Be
CLOSED
ALL DAY
THANKSGIVING DAY

The foresight of our forefathers is quite amazing. In the infant days of our country, they saw the need of setting aside a special day for giving thanks for the blessings received during the year. That need is still with us today and that day is still with us. Thanksgiving. . . a day to stop and count our blessings. . . and give thanks for those we have received. A happy Thanksgiving Day to you and yours from your friends at D&H.

TRAGEDY IN ICY CREEK—Lawler McGovern, 48, Rochester, Minn., farmer drowned when this tractor overturned in the bed of this icy creek, pinning him beneath it. His brother, Wilfred, who managed to free himself, held Lawler's head above water as long as he could as the machine settled down, dragging the victim with it. Man at left is a rural fireman. (AP Wirephoto)

Loyalty Oath Draws Protest By Colleges

By The Associated Press

Many colleges are protesting a loyalty oath required of needy college students seeking federal loans to help pay for their education.

Some other colleges are supporting the loyalty oath. Some are participating only because they feel their withdrawal from the students.

Yale President A. Whitney Griswold termed the affidavit "contrary to the classic principles of our colleges and universities."

Harvard President Nathan M. Pusey called it an "affidavit of misbelief."

Both Yale and Harvard are among those schools dropping out of the program in protest against the affidavit.

Princeton University refused to participate at the outset of the program because, said President Robert F. Goheen, the loyalty oath provision "offers no protection whatever against those who would abuse our heritage of freedom and of law."

Coulmbia University has formally expressed opposition to the affidavit but participates in the program because "many Columbia students need the help that this act may bring to them."

Other schools are opposed to the program for different reasons.

The loyalty oath is required by the National Defense Act of 1958, which put the student loan fund into operation.

Required is an affidavit stating the student does not belong to, believe in or support any organization that believes or teaches the overthrow of the U.S. government by force or violence—or by any illegal or unconstitutional means.

The student borrower also must swear an oath to uphold the U. S. constitution.

An effort to knock out the affidavit was made last summer in the U.S. Senate, but it failed.

Last week, the 93-member Association of Land-Grant Colleges and State Institutions told Congress in a resolution that opposition to the affidavit was growing throughout the nation.

Brigham Young University, although not opposed to the oath, returned its federal funds because it was opposed to government aid to education.

A Southern school, Howard College of Birmingham, Ala., refused to participate in the program because it does not want more "entangling alliances" with he federal government.

New Mexico State University has taken the stand that it does not have a right to deny students a loan by dropping out of the program and it added that "the matter of signing the loyalty pledge is a personal matter which an individual can decide."

New Mexico Western College reported it had no trouble over the oath and that the school was happy with the program.

Dartmouth College President John Sloan Dickey described the loyalty oath as "unwise and ineffective" but said he was "genuinely puzzled about whether it would be right for a college to deny this opportunity to those students who otherwise might be unable to obtain loans and are willing to sign the affidavit." Dartmouth participates in the program.

Ancient Romans prized oysters so much as a food that they imported them from Britian thinking to improve the virility of their troops.

Mobil To Combine District Producing Headquarters

District producing headquarters of Mobil Oil Company at Snyder and Brownfield will be combined and moved to Lubbock, M. M. Keeble, district production superintendent, has announced.

The changes, to take place during the next few months, will principally affect administrative and office personnel.

"Most field personnel in the area will remain basically the same," Keeble said. He emphasized that the Snyder area would continue as an important operating area within the new, enlarged Lubbock District.

The decision to locate the offices in Lubbock was influenced by an extensive program to streamline Mobil interests and operations throughout the United States, he said.

Part of this program included the combining of Magnolia Petroleum Company with Mobil Oil. Mobil will be the single coast-to-coast operating company for Socony Mobil Oil Company, Inc., in the United States and Canada.

The new Lubbock District falls within the administration of the Midland Exploration and Producing Division, headed by Division vicepresident R. D. Hanley. All exploration and producing activities in West Texas and New Mexico except for the San Juan Basin will be under the Midland Division office.

"In light of the reorganization, a careful review of the production, personnel and overall aperations in the Snyder area was made," Keeble said.

The result of this was the decision to combine the headquarters functions of the Snyder and Brownfield offices into one office at Lubblock, he added.

"We aren't prepared to say at this time how many employes will be affected," Keeble said. "Personnel needs in the new districts haven't been determined and won't be until after careful consideration. Mobil hopes to be able to announce more specific details in the very near future, including names of district superintendents at the several new offices."

In a personal letter to Mayor Harold Bennett; explaining the reasons for the changes, Keeble said:

"While we feel the decision to consolidate district offices makes good sense from a business standpoint, the genuine friendship of the people of Snyder will make leaving difficult for Mobil employes who move. No town could have received us more warmly or made us feel more at home than has Snyder.

"Under the reorganization Mobil is moving toward a position in which it will be better able to meet the increasingly intense competition in the oil industry as well as improve its opportunities for long-term growth."

Mason Hospitalized

HOLLYWOOD (AP) — Actor James Mason, hospitalized Saturday with virus pneumonia, went home Wednesday. He is expected to return to work Monday.

The Pacific Ocean covers about a third of the earth's surface. It is 60 miles wide at the Arctic Circle and 12,000 miles wide at the equator.

Embarrassing Prisoner Is Paroled

NASHVILLE, Tenn. (AP) — A parole has been granted the woman prisoner whose embarrasing pregnancy touched off an investigation of a Memphis jail.

The Tennessee Pardons and Paroles Board stipulated Wednesday, however, that Lela Fay Fleck can only be paroled to California, her home state. She is serving one to five years for robbery.

The 22-year-old divorcee gave birth to a son last week. She became pregnant while in jail and told a grand jury she had two sheriff's deputies as lovers.

The parole was granted at the request of Leo Seligman, a Memphis caterer whose hobby is helping convicts out of prison and onto the law abiding path.

Seligman has 968 of such assists to his credit with only 44 backsliders among them. In Mrs. Fleck's case, as in the others, he must find her a home, a job and a sponsor.

In Memphis, Sheriff M.A. Hinds said he didn't know how the parole might affect his investigation of the case of the pregnant prisoner, which was interrupted by the child's birth.

No charge has been placed against any of the deputies involved in the investigation. The grand jury that made the first probe said no criminal violation could be found under Tennessee laws.

Peck Walks Out Of Movie With Monroe

HOLLYWOOD (AP) — Gregory Peck says he walked out of a movie with Marilyn Monroe because of a schedule conflict.

But rumor has it that it was the lines, not the times, that caused Peck to bow out. Peck reportedly argued with Marilyn and her husband, playwright Arthur Miller, over the size of their respective roles.

Addison Due New Probe

AUSTIN (AP) — The House General Investigating Committee plans to take another look at the financial operations of uranium promoter John Milton Addison Friday.

Rep. H. J. Blanchard of Lubbock, chairman, said the committee "should be able to complete the hearing by late afternoon, we hope."

The session will be fourth for the committee, which ended its last inquiry abruptly when a major witness testified two files of important evidence were stolen while he ate lunch in Addison's hotel room with the youthful financier.

Addison faces felony theft charges growing out of activities by Addison and his associates in soliciting loans for development of uranium interests and a machine described as a uranium ore purifier.

Beach Inspection Scheduled Monday

AUSTIN (AP)— Atty. Gen. Will Wilson, several Houston-Galveston area legislators and local government officials will make an inspection Monday of the beaches at Galveston.

Wilson's original tour last week had to be postponed because of bad weather. He announced the new date Wednesday.

The beaches will be inspected from both the air and the ground for possible violations of a new law guaranteeing public access to lands within 200 feet of the water line. The Legislature acted after property owners erected barriers to keep vehicles off the beaches.

A long legal fight is anticipated.

A film studio was constructed in West Orange, N.J., by Edison Laboratories in 1893. It was constructed so that it could turn with the sun.
