The Texas Spring Palace

At Fort Worth is a magnificent structure built entirely of the products of Texas. It is a picture of Texas, made from the products and displaying the material resources of Texas.

The name is from two Greek words—Karpas, products or fruits of the earth, and Orama, a view or picture. The plural is Karpomata, and consequently the many pictures on the inside of the Texas Spring Palace are all entirely of Texas products are named Karpomata.

The dome of this structure of marvels in beauty will be covered entirely with wheat. The towers made of each of some separate product of the state; one of corn; another of cotton; one of oats; one of shells of the Ocean, and thus every leading product be presented.

On the lower floors of the building will be arranged in family groups, Minerals, Grains, Grasses, Fruits and Vegetables.

The upper floors or galleries will be devoted to the work of the women of Texas, and to Flowers, Birds, Historical and Archaeological exhibits, together with pictures of Farming, Stock-Raising, Domestic Life and History.

This grand and glorious object lesson will show the world in a day a study, a glance as it were, what Texas is, and what she has to offer to capital and emigration.

The world-renowned Elgin Watch Factory Band, of over sixty pieces, led by the composer, Hocker, will furnish the orchestral music, and three daily concerts will be given of an hour and a half each. These concerts will be surpassed by nothing which can be produced on this continent.

The presidents of the United States and Mexico have been visited by special commissions are expected to meet and shake hands in the Spring Palace.

The Railroads will make an excursion rate of one fare for the round trip. Opens May 29th and closes June 26th.

W. F. SOMMERVILLE, Director-General,
WILLIS H. POST, Secretary,
Fort Worth, Texas.

Opinions of the Press.

THE CHICAGO HERALD

Says: This is an era of palaces. We hear of ice palaces at St. Paul and Montreal, a corn palace in Sioux City, a cotton palace at New Orleans and a Spring Palace at Fort Worth. The latter palace, we are informed, will be a series of palaces devoted to cotton, corn, wheat, rye, oats, millet, sugar, sorghum, fruits, vegetables and minerals, and will be the greatest exhibit of the State's resources ever made.

THE DES MOINES (IOWA) REGISTER

Says: General R. A. Cameron of the Texas Panhandle, arrived from Fort Worth last evening and is stopping at the Savery. He reports that the people of Texas are engaged in the erection of a Spring Palace.

The building will be veneered or covered with all the products of the vast domain of "Texas." The building will have a vast dome sixty feet in

diameter and over one hundred feet high, which will be covered with wheat, cotton and corn. The twelve large towers arising above the main edifice will each be built of one of the leading products of the state, including shells of the ocean, horns of beef cattle, wheat, corn, oats, cotton, sugar-cane, sorghum, oranges, bananas, etc.

The lower floor of the main building will be devoted to the mineral and agricultural products of the state, while the upper floor will be devoted to the birds, fishes, fruits, flowers and special works of art with decorations made from the products of the state, including their semi-tropical products. The exhibition will be opened at Fort Worth on the 1st of June to continue through the month.

THE SIOUX CITY DAILY TIMES

Says: The words Spring Palace do not tell the story. The palace is to be a novel and beautiful structure. It will be 200 feet square with twelve towers and a dome 110 feet high and 60 feet in diameter. This dome will be covered with wheat and the roof with cotton. Each tower will be decorated with some special products of the state, such as cotton, corn, wheat, sugar, cane, sorghum, shells of the ocean gathered off the state's 800 miles of seacoast. The lower floor of the palace will be given to the display of minerals. Texas is a wonderfully rich state, having more copper than Michigan, more iron ore than Michigan and Missouri and more lead ore than Missouri and more platinum than any other state in the Union.

All agricultural products of the state will be exhibited. The upper floor will be given to fruits. Ripe apples, pears, and peaches will be displayed as will be representatives of all the birds of the state and fish of the seas and rivers. Northern and Southern flowers will be in bloom. It will be a grand affair. Special railroad rates will be made. Texas opens its doors to Northern people and promises to royally entertain all who visit the Palace.

THE CHICAGO LEDGER

Says: It is now for Texas to enter the lists with a royal display. A Spring Palace is the name of the grand show proposed at Fort Worth. This is a good place to locate any attraction for the public, so easily accessible for all parts of the country, East, West, South and North by railroad. It will afford information to those looking south for homes. It will be an instructive object lesson as to what the empire state of the South can produce. It will tell a story of the soil and the climate and something of the energy of the people. We venture to say that those who go will have so kindly a reception that they will get a new and vivid sense of the hospitality of Texas, such as they would not obtain any other way.

THE OMAHA HERALD

Says: The idea originated in Fort Worth, developed there and is being pushed by the press and the public of that city to the end that it may be successful. The intention is to gather in-

to the building, which is described as Palace, not alone in name but in fact, a complete collection of all the varied productions of the Lone Star state. Since its inception the notion has extended to the people of the state, and the whole of Texas is now working to

kept the South upon a dead level for years. When the men of the South cease to look behind and begin to look forward to a grand future, the best battle they have ever fought will be won. Prosperity can never come until they enter upon the new life and

make the show as grand a display as the resources of the state will admit.

THE SYRACUSE (N. Y.) HERALD

Says: The Texas Spring Palace of Fort Worth will be opened on the 29th of May. Its object is to exhibit Texas to the people from other states and to induce Northern men and women to see the South for themselves. The promoters of the project with a commendable spirit make prominent their desire for free intercourse and closer bonds of union and fraternity between the North and South. The sentiment we heartily endorse, and trust that the Texas Spring Palace will be a powerful instrument to that end.

THE FORT WORTH GAZETTE

Of April 23, 1889, contains the following:

The Chicago Inter-Ocean has evinced no small interest in the Texas Spring Palace, and has had good words for the exhibit from the inception of it; but it grieves us to see that even such a well-wisher will persist in regarding us as Rebs in spirit and political action. Come to the Palace, brethren, and see and know for yourselves:

"The enterprising business men of Fort Worth promise to make their coming exposition something worth going a long distance to see. Such expositions and such interest exhibited in developing the resources of the South will do more than aught else to silence noisy politicians who have

obey in letter and spirit the constitution and give to all men equal rights under the law."

THE GAZETTE, COLORADO SPRINGS, COLO.,

Under date of April 17, 1889, says:

But Fort Worth is not the only place where the people are enthusiastic over the project. Pictures and descriptions of the Texas Spring Palace have been published in nearly every newspaper in the Lone Star state, and in most of the large cities and towns public meetings have been held to prepare exhibits and secure representation at the Palace. In every portion of the state, from Texarkana to El Paso and from Brownsville to No Man's Land, a lively interest in the Palace has been aroused, and complete exhibits from both tropical and temperate regions are assured.

THE COLORADO FARMER

Says: Fort Worth, Texas, is a thriving city; more than that, it is an enterprising, generous city. In no other feature of its thrift does it display more of that thorough going spirit of progress than in the erection of the Spring Palace, which will be as unique in its construction as was the idea in its inception. The misunderstandings and animosities engendered by the civil war will fast pass into forgetfulness with such a spirit animating the people of the South as is shown by Fort Worth citizens in this understanding.

FOR SALE OR EXCHANGE.

Horses For Sale.

W. F. ORCUTT, Proprietor

ST. LOUIS MARKET LETTER.

A List of Sales of Texas Steers.

EAST ST. LOUIS, ILL.,
 May 21, 1888.

Regular Correspondence Texas Live Stock Journal.

Sellers, as a general thing, were satisfied with the prices prevailing the past week. The range paid for corn-fed Texas steers was from \$3.40 to \$3.75 per 100 lbs, and grass Texas steers brought from \$2.75 to \$3.35; Texas cows from \$2.30 to \$3.

Good fat Texas steers of 750 to 1150 lbs were in demand throughout, and holders did not find any difficulty in effecting transfers. Many through shipments received tempting offers, and some of them were taken by their owners, while others could not or would not take good prices, preferring to go on further and to fare worse.

The run of native steers is small, and all classes of buyers must depend in a great measure on Texas steers. There are commission salesmen who believe that high prices will continue for some time to come.

To-day the market was active and prices steady. A few of to-day's sales are as follows:

The James H. Campbell Co. sold for R. A. Riddle, Alvarado, 46 steers, 1010 lbs, \$3.65; 46 steers, 979 lbs, \$3.60; D. C. Hill, McKinney, 33 steers, 959 lbs, \$3.60; J. N. Myers, Alvarado, 25 steers, 784 lbs, \$3.15; J. Bradley, Alvarado, 42 steers, 1002 lbs, \$3.60; Skinner & Moore, Abbott, 38 steers, 915 lbs, \$3.05; 47 steers, 926 lbs, \$3.30.

Cassidy Bros. & Co. sold for F. M. Douglass, 47 steers, 822 lbs, \$3.05; 20 steers, 844 lbs, \$3.05; Taylor Bros., Dallas, 40 steers, 1050 lbs, \$3.45; J. Wilson, Collin county, 42 steers, 1016 lbs, \$3.40; 12 steers, 1068 lbs, \$2.85; J. E. Chiles, Merritt, 11 cows, 830 lbs, \$2.50; 29 steers, 902 lbs, \$3.25.

Scaling & Tamblin sold for A. J. Davis, Gainesville, 26 steers, 898 lbs, \$3.30; 24 steers, 1038 lbs, \$3.60; J. W. Whit, Leander, 20 steers, 879 lbs, \$3.18; cows, 735 lbs, \$2.15; J. V. Matsch, Hubbard City, 20 steers, 1183 lbs, \$3.50; Geo. A. Scaling, Hubbard City, 21 steers, 1137 lbs, \$3.50; Thos. F. McGuffy, Hubbard City, 19 steers, 984 lbs, \$3.30.

Evans-Snyder-Buel Co. sold for Rogers & Rogers, Pearsall, 26 cows and heifers, 795 lbs, \$2.62½; 31 cows and heifers, 774 lbs, \$2.15.

Fair to good Texas sheep of 65 to 90

lbs sell well and bring from \$3 to \$3.75 per 100 lbs. The run of Texas sheep was moderate and the quality not very good; yet the prices realized were quite handsome. Common and thin sheep are dull at \$2 to \$2.75 per 100 lbs. These should be kept at home.

To-day the James H. Campbell Co. sold 500 mixed sheep for D. E. Sims of Ballinger of 74 lbs average at \$3.35 per 100 lbs; N. W. Ward, Sabinal, Uvalde county, 235 sheep, 72 lbs, \$3.25; 483 head, 76 lbs, \$3.30.

Cassidy Bros. & Co. sold for J. D. Merchant, Dallas, 227 sheep, 78 lbs, \$3.

Offerings of Texas horses are quite large and the demand for good ones quite fair. Prices range from \$25 to \$35 per head for handy horses and good mares Sam A. White tells me the shippers pay too much money down in Texas for their stock, hence the margin here is very small. Common stock is not wanted.

The wool market ruled active and prices were firm. Offerings only moderate and all find disposal at prices ranging from 13 to 24c per lb. Some extra light clips sell higher.

RATTLER.

The attention of our readers is directed to the card of the Frank J. Smith Iron Fence works, which appears in another column. Mr. Smith, the JOURNAL is pleased to learn, is selling a great many goods in his line in Texas, and parties in need of such goods will do well to get prices before buying elsewhere.

When everything else fails, Dr. Sage's Catarrh Remedy cures.

Advice to Mothers.

Dr. Biggers' Huckleberry Cordial should be used for children teething. It soothes the child, softens the gums, allays pain, cures colic, and is the best remedy for the bowels.

Largest Stock in Texas.

Visitors to the Spring Palace will have an opportunity to inspect the large and elegant assortment of carriages, buggies, etc., held in stock at the branch establishments of Messrs. Sechler & Co. and Biddle, Smart & Co. at Fort Worth. The store house and show rooms are at the establishment formerly occupied by the W. A. Huffman Implement Co. on Second and Throckmorton streets. The stock is the largest in Texas comprising every class of vehicle sold in the state and including some choice specialties in fine work. Visitors to the Spring Palace will be shown the entire stock and the courtesy of the establishment will be extended by the popular manager, Mr. E. M. Walker.

Beecham's Pills cure bilious and nervous ills.

C. H. Edwards' music house of Fort Worth has removed from No. 408 to No. 409 Houston street.

Rock Salt.

Messrs. Turner, McClure & Co. of Fort Worth have on hand a car-load of the celebrated rock salt, which is the best salt that can be used for cattle, horses, and all kinds of stock. Cattle like the rock salt and prefer it to all other. They cannot eat enough to hurt them, as it is as hard as a rock and must be licked. Messrs. Turner, McClure & Co. will fill orders by mail promptly, either in large or small quantity. Send a trial order.

TURNER, MCCLURE & CO.

Don't buy the Missouri penitentiary saddle trees, but buy the genuine Loooff, for sale by Brackett & Heman, San Antonio, Texas.

ebony, Brazil wood, magnolia, live oak, walnut and pine; immense deposits of iron, copper, zinc, tin, lead, platinum, silver and gold; coal, gypsum, kaolin, chalk, cement, sulphur and salt, and valuable building stone, including granite and marble. It has a great variety of beautiful birds and strange wild animals, fishes, reptiles and insects, and its flora is marvelous as to variety and beauty, embracing every known species of the temperate zone, while its products of the field are varied and bountiful, and fruits attain the highest degree of perfection and yield in great abundance.

THE TEXAS SPRING PALACE AT FORT WORTH.

The magnificent building where all of these marvelous attractions will be displayed is a wonderful creation of art. Without and within, both as a whole and in minute detail, the decorations are indescribably beautiful and wonderful in artistic conception and execution. In nearly every town in the state, from the far off Panhandle of the North to the magnolia groves of the gulf coast, and from the pine forests and iron hills of the East to where the Rio Grande mingles with the ocean, beautiful hands are busy creating elegant works of art from the natural products of the soil, with which to adorn this magnificent temple. Herein is a display of patriotism almost pathetic—a love of country, of the soil from which they draw sustenance, and wherein they will find a quiet resting place in that last long sleep. The sons and daughters of the Lone Star state send greeting to their brothers and sisters of the great Republic, and cordially invite them to come and behold the wonders of their creation from the natural products of the soil."

FORT WORTH.

General Ranze and Stock Notes.

Notice the For Sale or Exchange columns on the 14th and 15th pages.

D. W. Hart of La Junta, Colorado, desires to purchase some Texas cattle.

The Crosby county News reports a heavy rain on Thursday of last week.

Quite a list of important properties are always advertised in the JOURNAL.

The Texas Spring Palace, Fort Worth Texas, opens May 29 and closes June 20.

Stockmen coming from the West say the country is dry beyond Abilene, and very dry in the Pecos country.

Kansas City has received over one hundred thousand cattle in excess of the receipts of last year up to May 15.

Attention is invited to the card of O. C. Lane of Santa Anna, Coleman county. He has a fine lot of mares for sale.

A. S. Nicholson sold for Mr. Connell of Quannah to Mr. A. P. Samples of Montana about 500 head of three-year-old steers.

The Wyoming cattle sanitary board has placed an inspector at Pueblo, Col., to inspect all stock passing up by rail from Texas.

Mr. B. W. Long of Marshall, Texas, and S. C. Glascock, Kyle, Texas, are purchasers of pure-bred Jersey cattle. Their names appearing in recent transfer lists.

We are sending the Texas Live Stock Journal, and the Fort Worth Weekly Gazette one year, both papers for one dollar.

M. F. Hope, Epworth, Texas; J. G. O'Brien, Dublin, Texas, and J. A. Schad-

P. J. WILLIS & BRO., "WOL"

CONSIGNMENTS

SOLICITED.

HORSES and MARES

HATCHER, WOODS & COPPINGER.

Office Mansion Hotel,

Fort Worth, Texas.

Have 2500 head of the largest and best selected bunch of Northwest Texas brood mares and horses on the market; also one and two-year-old fillies. Will contract Northwest Texas cattle for future delivery.

demayer of Schulenburg, Texas, are down on the records as recent purchasers of pure-bred Holstein-Friesian cattle.

Mr. S. W. Lomax of the Espuela Cattle company sold to Mr. Stacey of Montana 1500 two-year-old steers, delivered on the railroad, at \$15 per head.

Advertisements in the TEXAS LIVE STOCK JOURNAL are read by 10,000 men, all connected with the agricultural and live stock interests of the Southwest.

The run of cattle to market now can be collected as sporadic. It starts on Monday's and light runs Tuesdays. There is not that steady rush there used to be.

The Las Vegas Stock Grower is rejoicing over the New Mexico inspection law and gives it credit for the sale of 30,000 head of steers at the magnificent price of \$12.50 per head.

D. H. & J. W. Snyder of Tom Green county are reported by the Standard to have sold to W. L. Elwood of Illinois 3000 steer yearlings at \$9.50, and 3500 three-ups at \$17.50 around.

Mr. S. M. Smith of Austin, Texas, whole and loan card is a feature of the For Sale or Exchange columns of the JOURNAL passed up to the Panhandle to inspect some properties there.

Fred M. Campbell, Judge of Childress county, is offering for lease the county school lands, about 17,000 acres in Bailey county. The card is in the For Sale or Exchange columns, on pages 14 and 15.

In the For Sale column will be found a notice offering for sale a controlling interest in the Grand River Land & Live Stock company, which is an important ranch outfit in Colorado, and owning the largest alfalfa pasture in that state. Investors should investigate the property.

P. A. Huffman & Company of Fort Worth, real estate and investment agents, have a large and select list of properties for sale, consisting of Fort Worth city and suburban tracts, wild lands, pastures and farms. They have sole agency for all properties offered.

The card of Hatcher, Woods & Coppinger shows that they have on hand the largest lot of Northwest Texas mares ever offered for sale in one bunch, and affording a very fine selection. Capt. Hatcher has gone west after more mares.

Zack Mulhall, representing The Evans-Snyder-Buel Co., has opened an office at Arkansas City for the house and headquarters for cattlemen where the markets will be heard from by wire several times a day, and all stock reports will be on hand for reference. All stockmen are invited to call and make themselves at home.

Mr. J. B. Askew of Fort Worth whose saddlery business is one of the institutions of the state extends to the visitors at the Spring Palace cordial invitation to visit his establishment to view some Texas productions. The Tackeberry saddle is made by Mr. Askew and it is seen upon the ranches of the entire Western country.

L. H. Stein of Fort Worth is in the market to purchase a number of grade Norman Goldings, 4 years old and up and broke to work. If such there be in the state of Texas the owners, if desir-

ing to sell, may find it to their advantage to contact with Mr. Stein, care of Dahlman Bros., Fort Worth, Texas.

Mr. Henry Strong of Wichita Falls is now on the way to Brownwood with a very fine and highly bred consignment of Jerseys. They were at Temple on the 22nd. These cattle are from choice herds in Mississippi and will acclimate in Texas without the usual losses attendant upon Northern importations. Mr. Strong is a good judge of dairy stock and will offer some bargains to the Brown county stockmen and farmers.

Captain J. P. Moore, live stock agent of the Texas Pacific railroad informs the JOURNAL that some small shipments of beef cattle have already gone to market from the West. The first shipment of importance consisting of 15 cars, Espuela cattle, will leave Colorado City next Sunday and go via Iron Mountain to Chicago. Captain Moore does not say so exactly, but the inference to be drawn from his remarks is that expedition will be the order of the day with all T. & P. beef shipments, even if the general live stock agent has to go in advance to clear the track.

A. B. (Sug) Robertson of Colorado City state agent for Greer, Mills & Co., live stock commission men of U. S. Yards, Chicago, was in Fort Worth the other night. He informs the JOURNAL that the Western range contains more grass to the square mile than for several years past. The heavy shipments into the Nation were principally of steers although some cows were sent and the extent of the Western run cannot now be determined. Mr. Robertson says that the minimum weights of cattle and sheep as adopted by the railroads to govern live stock transportation are equal to a straight ten-dollar bill advance per car on both cattle and sheep.

Mr. James U. Vincent, editor of the Bosque Citizen is in town, he has been working up the exhibit for Bosque county, and while he has secured a good one in the main, he is not satisfied with the exhibit connected with the live stock interests which so largely represent the wealth of Bosque county. Mr. Vincent says it is not due to any lack of interest on the Bosque county people, but is due to this being the busiest season of the year, especially with sheepmen who are shearing sheep, and selling wool, and really have more to attend to than their forces are capable of.

Stockmen are welcome visitors at the office of the TEXAS LIVE STOCK JOURNAL, at all times, and none the less so during the time the Spring Palace is exhibiting the products of Texas.

Messrs. Wood Bros., live stock commission merchants of U. S. Yards, Chicago, are exhibiting a daily telegraphic bulletin market report at the Pickwick hotel, and it is appreciated by visiting stockmen.

Fort Worth Butchers quote steers at 24c, cows at 2c, sheep at 24c, hogs nominal at 4c, calves at 2c, cents per pound. Cattle are in good supply but the butchers complain that good sheep are shipped out and the culls offered on the Fort Worth market.

Mr. J. O. Wright of the firm of Wright & Lenoir, real estate brokers of Fort Worth, has returned to the city. His absence is accounted for by his marriage in Atlanta, Ga., to Miss Fanny Ber-

ry, one of the belles of that city. Mr. Wright appears to be satisfied that he has done a good thing and it certainly looks that way.

Mr. W. E. Ball of Granbury arrived in town with a consignment of steers of his own raising and feeding. He failed to get his price at Fort Worth and moved on to Dallas.

How's This!

We offer One Hundred Dollars for any case of Catarrh that cured by taking Hall's Catarrh F. J. CHENEY & CO., Props. We, the undersigned, have J. Cheney for the last 15 years believe him perfectly honorable business transactions, and financially able to carry out any obligation by their firm. West & T. Wholesale druggists, Tol. WARDING, KINNAN & MARVIN, Wholesale druggists, Toledo, O. E. H. VAN HORN, Cashier, Toledo National Bank, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Wool and Feathers.

OFFICE OF W. J. HAYNES & CO., COMMISSION MERCHANTS, WOOL, HIDES, FURS AND FEATHERS, S. E. CORNER MARKET & COMMERCIAL STS., ST. LOUIS, MO., May 15, 1888.

Editor Texas Live Stock Journal:

In reply to yours of a recent date in regard to prices of feathers, classification, etc., in this market we submit the following:

FEATHERS.

Perib.	
Geese, new prime white in small sacks	under 10 lbs. 40c
In large sacks	 45c
New grey prime	 35c
Damp and gully	 30c
X White, old (not much worn)	 40c
XX " " "	 35c
Geese and duck mixed, old or new	 20c
Pure white duck, new	 30c
Dark duck, new	 20c
Tare 10c on sack weighing less than 10 lbs.	
Tare 5c on sacks weighing between 10 and 20 lbs.	
Tare 3c on sacks weighing 20 lbs or over.	
Chicken, dry picked, free from tail and wing and blood	 5c
Chicken, dry picked, pure white and selected	 5c
Turkey, wing and tail	 30c
Turkey body, free from long (dry picked)	 20c
Chicken feathers that have been selected before picking are worth from	 2c

Packing for shipment.—Place all the muslin sacks of feathers in a wool sack, compress them as much as possible and ship them as "feathers compressed."

In general the most desirable feature in a lot of geese or duck feathers is to have them as nearly pure white as possible. Never mix the dark with the white feathers as the value is made less by so doing.

The long wing and tail feathers of the turkey should be tied together in bundles and packed in boxes.

These prices are for feathers in St. Louis.

Wool is what we are most interested in just now. It is beginning to move quite freely and prices are very satisfactory, having advanced steadily since the new clip began to move. Texas medium 12 months is selling here at 25 to 26c. If Eastern papers correctly report the state of affairs in those markets, ours is relatively higher than theirs and the consequence is we are getting the wool. Very truly yours,

W. J. HAYNES & CO.

J. R. JETER & CO., Real Estate Agents

GALVESTON.

[Reported by Winfree, Norman & Pearson, Live Stock Commission Merchants].

BEEVES AND COWS.—Choice, per lb, gross, corn-fed, 2½@2½c; choice, per lb, gross, common 2@2½c; 2-year-olds, choice, per head, \$5@12; common, per head, \$6@8; yearlings, choice, per head, \$6@8; common, per head, \$3@5.50; calves, choice, per lb, gross 2½@3c; common, per lb gross, 2@2½c. SHEEP.—Choice, per lb, gross, 3@4c. Beeves and cows.—Market fairly supplied with common to fair cattle.

Calves and yearlings badly overstocked.

Sheep market full; prices declining.

DALLAS.

CATTLE.—Choice corn-fed steers, 2½@3c; common to fair, 2@2½c; choice corn-fed cows 2½@2½c; common to fair, 2@2½c; choice fat yearlings, \$5.00@5.50 choice veal calves, 3½@4c; common to fair, 2½@3½c; bulls, 1½@1½c; milch cows, \$20@30.

SHEEP.—Choice corn-fed sheep, 3½@3½c; common to fair, 2½@3½c.

HOGS.—Choice corn-fed hogs, 4c; stockers, 3½@3½c.

GOATS.—\$1.25@2.

Stock hogs and veal calves find ready sale.

Galveston Wool Market.

GALVESTON, TEX., May 24, 1899. Texas Live Stock Journal, Fort Worth.

The wool receipts of this port for the past week exceeds those of the previous seven days by more than eight hundred and fifty thousand pounds, and amount to 1,131,570 pounds, while the sales foot up to 341,970 pounds. The season's receipts are 7,089,980 pounds, which is more than double those of the previous year at the same date. The market is quiet but firm, and sellers find ready purchasers at the following quotations: Twelve-months fine is worth 20@23c, nad medium do 22½@25c, six and eight months fine 18½@22, and medium of same age 21½@23½c, Mexican improved, 16½@20c, and carpet, 13@14 cents.

Col John Owens, in charge of the wool depot of Adone & Lobit, reports that the sales of his house for the past week amount to over three hundred thousand pounds, and that the prices obtained for same were fully up to the above quotations.

Your correspondent is reliably informed that since the opening of the present season, several clips from Western Texas have been divided and one part shipped to San Antonio and the other to this point, the object being to try the two markets at the same time, and while there is a difference of thirty cents per hundred in the freight charges in favor of San Antonio in to the markets, yet in each case the wool shipped to this market sold for two cents per pound more than the price obtained for that which was consigned to San Antonio houses.

Capt. C. P. Nunn, representing the firm of Dewey, Gould & Co. of Boston, Mass. left the city yesterday for the interior. The Captain made several large purchases of wool while he was here, and promised before leaving the state to visit the Island city again.

Mr. E. Wm. Gruendler packed his

grip and left us last Monday, but neglected to inform your correspondent for what point he was bound.

Mr. W. K. Sharp, representing the Sawyer woolen mills of Dover, New Hampshire, has been in the city again calling on our wool merchants, but left for interior points Monday last.

Col. J. H. Bradbery, a wool merchant and manufacturer of Linn, Connecticut, has also been in the city for the past few days and has made several large purchases of the staple.

The wool merchants of Galveston are more then pleased with the receipts of the staple up to date, and express the opinion that the wool growers of Texas are fully convinced that Galveston is not only the leading, but decidedly the best market for the sale of their products in the state.

It is with pleasure the JOURNAL can say that all the wool houses in Galveston soliciting consignments of wool through cards in the JOURNAL are responsible firms, making a specialty of handling wool. Dealers in wool & wool growers can safely entrust their consignments to any of these houses and in the matter of accommodation none are more liberal in advancing the interests of legitimate enterprise.

W. N. BAXTER.

CHICAGO MARKET LETTER.

Texas Fed and Grass Cattle Moving Freely—Sheep Doing Fairly Well—Native Cattle Bracing up a Little.

U. S. YARDS, {
CHICAGO, ILL., May 18, '99.
Regular Correspondence Texas Live Stock Journal.

Last week we received 58,000 cattle, being 10,000 more than one year ago.

The market for cattle is steadier. Fed cattle are coming rather freely but as a rule they are not much better than the grassers.

Texas sheep are doing fairly well at \$3.25@3.80 for shorn sheep.

Native cattle are steadier than one week ago.

Gregory, Cooley & Co. sold for J. Hart 644 head of shorn 74-lb sheep at \$3.60; 298 same, 74 lbs, \$3.60; 250 same, 75 lbs, at \$3.60.

Col. Lew Hasting is home from Texas. Wood Bros. sold for A. W. Wheeler & Son, 69 head of 1018-lb steers at \$3.40.

Wood Bros. have told their customers having native cows and mixed lots to sell to get them in early so as to avoid coming in conflict with the Texas cattle.

Greer, Mills & Co. sold for Jut Gunter 25 steers, 990 lbs \$3.45; 48, 829 lbs, \$3.35; for Meyer & B. 42, 1107 lbs, \$3.30; 209, 963 lbs, \$3.20; 47, 901 lbs, \$2.90.

Scaling & Tamblin sold 48 head of 1008-lb steers, at \$3.35; 236 fed cows, \$32 lbs, \$2.75; 40 same, 830 lbs, \$2.75; 46 steers, 1033 lbs, \$2.60; 40 grassers, 984 lbs, \$3.10; 262 grassers, 989 lbs, \$3.10.

The Evans-Snyder-Buel Co. sold for Heidenhemier, 22 grassers, 739 lbs, \$2.75; 9 head 757 lbs, \$2.75; 5, 804 lbs, \$2.75.

Paxson, Shattuck & Co. sold 86 grass steers, 968 lbs, \$3.15; for P. F. Breton, 16 cows, 786 lbs, \$2.35; for Eckhart & Son, 24 bulls, 1016 lbs, \$1.80.

The Chicago Live Stock Commission Co. sold for W. H. & J. W., 23 steers, 1054 lbs, \$3.40; 70 head, 1014 lbs, \$3.30; for A. P. Rachal, 49 grassers, 816 lbs, \$2.75; 18 bulls, 1091 lbs, \$1.85; for Bryant & A., 1467 shorn sheep, 77 lbs, \$3.35.

The James H. Campbell Co. sold for Smith & Miller, 96 fed steers, 949 lbs, \$3.40; G. Borden, 21, 1037 lbs, \$2.90; G. H. & Bros., 46 steers, 965 lbs, \$3.20; A. D. Cloyer, 35 steers, 1033 lbs, \$3.25; for Ringer, 237 shorn sheep, 72 lbs, \$3.80.

Brown Bros. sold for W. Gateskill, 40 steers, 933 lbs, \$3.25; 114, 955 lbs, \$3.10; for

Beauchamp, 22, 839 lbs, \$3.35; 129 steers, 1025 lbs, \$3.35; for J. H. Davidson, 127 steers, 992 lbs, \$3.17½.

R. Strahorn & Co. sold for Hackett & P. Bros. 23 steers, 1000 lbs, \$3.25; LaCroix 163 fed Texans, 1061 lbs, \$3.60; for A. J. Vick & Co., 40 bulls, 1226 lbs, \$2.25; 39 bulls, 1189 lbs, \$2.25; 68 bulls, 1173 lbs, \$2.25; 23 bulls, 1133 lbs, \$2.25.

A. C. HALLIWELL.

A Loss to San Angelo.

San Angelo, Texas, has sustained a serious loss in the recent demise of Alex McGregor, jr., one of the leading citizens of the town. Mr. McGregor was one of the pioneer sheep raisers of Concho county but drifted out of the sheep business and settled in San Angelo in 1884 where he engaged in the real estate business. He was a man of great energy, of sterling qualities and was cut down in his 37th year as financial success was crowning his efforts. Mr. McGregor was public spirited to the last degree, laboring at all times for the welfare of his section and his city, and to him as much as to any man the advanced position of San Angelo is due. The JOURNAL extends profound sympathy to his family and friends.

"Commission,

San Antonio Horse Market.

The market has made few changes since last report. During the first part of the week considerable dullness was reported, but just before the closing of this week's report several foreign buyers made their appearance and the spirits of the holders was somewhat revived, although the new comers had not yet taken much stock. Quite a number of horses are shipped by parties who acquired them some time back with a view of selling them again in the local market if prices suited, but owing to an increasing accumulation they are getting out early to take advantage of outside markets. The demand is now largely for mares and young stock as it always is at this time of year.

The shipments for the week were 898, against 1205 for the week previous and 1816 for the corresponding week last year. Prices are about the same as last week, but a slight weakening is expected, if this week shows no improvement in the demand. The general condition of the horse stock on this market was never as good as it is now, and practically speaking there are no *U. N.* animals offered for sale.

Quotations are as follows:

Scrubs and poor mares, 12 to 13½ hands, 10@13	13
Scrub fair conditioned, 12 to 13½ hands, 14@16	16
Medium mares, 13 to 14 hands, fat, 17@20	20
Medium mares, 13 to 14 hands, thin, 14@17	17
Yearling fillies, branded, 7@9	9
Yearling fillies, unbranded, 9@12	12
Two-year-old fillies, branded, 10@13	13
Two-year-old fillies, unbranded, 12@14	14
Texas improved mares, 14 to 15 hands, 23@35	35
American carriage horses, 15½ to 16½, 25@30	30
Saddle horses, good, 13 to 14½ hands, 25@30	30
Saddle horses, poor, 13 to 14½ hands, 17@22	22
Unbroke horses, 13 to 14½ hands, 15@20	20
Wheated, unbranded colts, 4@5@6	6
Mules, Mexican, 12 to 13½ hands, 20@25	25
Mules improved, 13½ to 14 hands, 40@55	55
Yearling mule colts, improved, 22@30	30
Two-year mule colts, improved, 30@40	40
Tearing mule colts, Mexican, 14@20	20
Two-year mule colts, Mexican, 15@27	27

San Antonio Wool Market.

There has been little change in the general condition of the trade since last report. The sales have been steady and

This Fearless machine received the highest award of all at the Centennial Exhibition in Philadelphia and has been selected by the New York State Agricultural Society and has been given to all farmers, and is described in that great work "Agriculture of the Centennial Exhibition." Catalogue sent free. Address, HENRY HARRIS, Columbia Sales Co., N. Y. Also straw-pulling, rye-threshers, clover-harrows, fodder-cutters, feed-mills, fanning-mills and saw-machines, all of the best in market. The Fearless Horse-powers are the most economical and best power built for the running of East-lake-cutters and other-glass and for general farm and plantation use.

at firm figures. The only excitement if any is noticeable when ranch or local market sales are reported at figures equal to those received in town, with a saving of the long list of contingent expenses. This continues the feature of this spring market here, and it is being commented upon in terms not very complimentary to the "big market." The majority of the wools so far were taken by local buyers, and up to the last two days only 6 months clips were sought after, but since the middle of the week some 75,000 pounds or more of 12 months wools were sold, and the highest price reported for this class of wools was 23½¢ per pound. The bulk of the stocks on hand have been taken, and they are moving out as fast as they pass into second hands. Outside of prices the condition of the market has been quite satisfactory.

Quotations are as follows:

Light medium 6 months, 20@22¢; fine, do, 18@20¢; light, do, 12 months, 22@25¢; fine, do, do, 20@22¢; fine Merino, 6 do, 15@17¢; do, 12 months, 18@20¢; burry from 1¼@3¢ off.

HORNS AND HOOFES.

Geo. F. McGeehe, San Marcos, is here after mules.

G. T. Vanmeter of Live Oak county is in town for a few days.

N. B. Tod shipped a bunch of horse stock to Birmingham, Ala.

Ed McChesney and Dan Daley, Atlanta, Ga., are here after horse stock.

The genial Captain Ikard, was a visitor in the Alamo City during the week.

Lasater Bros. are heavy beef buyers along the S. A. & A. P. railroad this year.

W. R. Moore left for Memphis last Saturday with a shipment of horse stock.

Rutledge & Rogers bought 300 head of beeves of J. H. Blackall, Frio county, for \$20 per head.

H. T. Keenan, the C., B. & Q. live stock agent, was in town looking after shipments over that popular line.

J. A. Miller has just returned from a horse selling trip to South Carolina and will take on another load of broncos.

J. H. Jennings is buying a large number of beeves in Frio and La Salle counties, paying an average of \$20 per head.

J. B. Scooby of Tennessee is again here. Mr. Scooby is a born horse man and is never happy unless on a horse, mule or jack trade.

W. W. Jones, Live Oak county, sold 900 head of fine fat beeves to Lasater Bros. Price not stated, but rumor has it \$20 per head.

Geo. F. Oliver sold a fine bunch of Texas-Mexican yearling mules on this market, which he brought from Hidalgo county, for \$18.50 per head.

The best place in San Antonio to buy carriages, buggies, etc. is at Hick's repository, West Nueva street. Rice's coil spring vehicles a specialty.

Mr. L. D. Voak, general agent for the Street Stable cars was here circulating with the aristocratic rancheros who have their stock ride in palace cars.

Major B. F. Buzard is in from the ranch where he has been superintending the shipping of some 250 stable carloads of cattle to the Indian Territory.

It is reported that John T. Lytle sold about 350 beeves to Waver for \$22.50 per head. They were select cattle from the San Antonio Pasture company's pasture.

Uvalde News:—Several parties from New York are now in the vicinity of Sabinal buying fat cattle for shipment. We understand they are paying \$20 for beeves.

R. E. Nutt of Bee county was in the city during the week. Mr. Nutt is "to the manner born" in the stock business, and would not do anything else if he could.

Will W. Jones, the genial Bee county 250-pound infant, is here for a few days visit. Mr. Jones is now ranching in Live Oak county, and reports everything in rose-colored condition.

FOR UNITED STATES, 365 & 367 CANAL ST., NEW YORK.

Who (if your druggist does not keep them) will mail Beecham's Pills on receipt of price—but inquire first. (Please mention this paper.)

Christi Callier:—John Martin purchased last Thursday 100 head of cattle, consisting of calves, ones, and cows at \$4, \$5.50 and \$11, delivered at Mathis station.

Gen. Julian F. Herrera, who is a heavy buyer of cows, and has made a good purchase from the Texas Land & Cattle company from the Lureles ranch is shipping his second train-load to Mexico.

Sam Whitsett of Atascosa county says that he never saw cattle take on fat faster than now, but with a continuation of present prices not many will dispose of their stock, as they "don't have to."

Uvalde News:—Piper & West shipped to New Orleans, Monday, one car-load of calves, seventy head. The last shipment of calves by this firm netted them \$5.65 per head, almost as much as yearlings.

Chas. E. Hicks sold a three-year-old Missouri-raised Norman stallion to Mexican parties for \$350 and two Missouri jacks to one C. C. Cook, Banquette, at one to Luckenbach of Bexar county, for \$250 each.

Captain Joe Shely is back from an extended trip along the Texas-Mexican railroad where he contracted for some 1500 head of cows for Ramirez Bros. of the City of Mexico, to which city they are taking the stock.

Col. C. M. Villasenor, of the Mexican army who has been buying horses for that government in different portions of the state, left here for Corpus Christi; having recently returned from Northern Texas, where he scoured some horses.

Don Carlos M. Smith is in from Mexico with a bunch of horse stock which he has placed on sale in the local market, and with the proceeds he proposes to learn the English language so as to do business here in future without the assistance of an interpreter.

Realitos correspondence in Corpus Christi Callier:—The hoofs and horns are still moving. Messrs. Garrett Bros. of the Barronena sold to Mr. Shadd, three car-loads of fat three-year-old steers receiving for same \$18 per head. They were shipped from this place on last Sunday.

Shippers speak well of their treatment by the Mexican National railroad. At first there was some difficulty in getting cars and other details, but now they furnish a 30-foot car, holding from 19 to 22 head of cows, and they are put through in two feeds from Collins, Nueva county, to the City of Mexico, about 1000 miles.

San Diego special in San Antonio Express:—There have been some heavy transactions in live stock also in the last fortnight. Mr. N. G. Collins sold \$8,050 worth of beeves to Lasater Bros. and Chas. Hoffman, disposed of some \$3000 worth of sheep and goats to one of our townsmen. Besides these there have been several smaller transactions in the same kind of stock and in horses and mares.

Dennis M. O'Connor of O'Connor Bros., Refugio county, came in on Tuesday. A second surface flowing well has been finished on their home ranch. No. 2, lacking a little of 900 feet in depth, and is therefore not so deep as the first. These wells as a sample of what can be done on the coast in the matter of get-

ting permanent good water are invaluable to that section of country.

Uvalde News:—M. Hall & Bro., who have rented Mrs. Wish's pasture, are shipping cattle here from their Buchel county ranch. Friday last two train-loads of cows and calves arrived here and were at once driven to the pasture. This shipment will be followed shortly by another train-load. These gentlemen also think of stocking the Kelly pasture with 2000 cows and calves. Mr. Jno. McCarthy, who is now in their employ, informs us that the range in Buchel county is in very poor condition, and the transfer of cattle from the range is almost a necessity.

In failing to make good its promise of \$15,000 bonus to the refrigerator warehouse scheme, Galveston missed one of its golden opportunities. The establishment of exporting headquarters at New Orleans will be only temporary, and as soon as deep water is secured either at Aransas Pass or the mouth of the Brazos, permanent arrangements will be perfected for handling what promises to be not only the export of the surplus meat product of Texas, but that of much of the product of the great Northwest, which of itself will aggregate incidentally an important trade. The opportunity has been offered to Galveston to secure a herself important advantages in this enterprise, which it has failed to take. This notable lack of enterprise is a surprise to the great majority of interested parties as to the public generally, and the more so when Galveston's liberal energy in reading for the wool trade is considered.

The cattle blotching cases in Val Verde county are losing none in public interest as every day seems to furnish new items. The release of Roach, Greenwood, Ballyntine and Martin by the Pledras Negras authorities was received with great satisfaction by all good citizens. The latest advices are to the effect that the round-up for which authority has been secured to work in Mexico for four months, report the capture of 75 head of "crooked" cattle in the first day's work. There seems to be a determination on the part of all good citizens to make a thorough job of this weeding out of the blotching element, but so far no tendency to lawlessness has developed, as full confidence is placed that the constituted authorities are sufficient to do full justice to all parties concerned. It is to be hoped that this may be the last of "shady" cattle transactions that will ever take place in Southwest Texas, as the examples to be made are expected to furnish a wholesome lesson to all who may be a little lax in such matters.

THE WOOL SACK.

Thos. Nash is in from Mexico with a consignment of horse stock.

W. R. Ellis of Raymond was down and sold his clip, comprising some 13,000 pounds, 6 month growth, at 20 cents per pound.

The 6 months clip of James McLymont, Kinney county, was sold in San Antonio for 20¢ per pound. This is one of the large clips.

Capt. J. C. Whitley of Grass Valley, Kinney county, has released his sheep lands and will continue to herd the gen-

EL PASO ITEMS.

EL PASO, TEX., May 21, 1899.

Editor Texas Live Stock Journal:

The cattle trade with Northern range-men is about over. They have made their purchases and are now very busy receiving and shipping them.

Only sale since my last report was of two-year-old steers from the Santa Cattle company of Arizona. Holt of Montana, to be delivered by Simon, A. T., on the 20th inst. head.

Cattlemen of Arizona and South Mexico are now very busy gathering and delivering on their contract during the past few months. This story has or will furnish this spring 100 head to go to Northern territories and Kansas pastures. These large sales are quite a relief to the cattlemen not only financially, but in relieving the range and giving more grass to the stock on hand.

It seems that the Chicago "Big Four" are not the only parties who are wishing to pool their issues for their mutual benefit: it as will be seen by the following clipped from the Southern Stockman, published at Wilcox, A. T.:

"The New Mexico meat inspection law will probably prove not an unmixed blessing. The Albuquerque butchers have formed a 'combine' and raised the price of beef to 25c per pound. If they pay stockmen a correspondingly high price for their cattle, it will be all right. But we don't anticipate that they will do so."

The calf crop, through the section tributary to El Paso (by which I mean Western Texas, Southern New Mexico and Southwestern Arizona) promises to be unusually large this season. It will perhaps average, over the entire territory, fully 90 per cent.

It is estimated that Southwestern Arizona, especially Pima county, has fully 25 per cent. more cattle than ever before.

General Pesquera, who owns one of the largest cattle ranches in Sonora, Mexico, says, that never before in thirty years has the feed been so good or the cattle so fat at this time of the year, in that country.

J. A. Alcock, a prominent cattleman of Lincoln county, N. M., is here and reports cattle in fine condition in his locality and that calves are being dropped more rapidly than usual at this time of the year.

The "Silver Belt," published at Globe, A. T., says: "The rodeo on the range east and north of Globe ended this week. A large number of calves were branded, and cows are coming in rapidly. The condition of range cattle, on the whole, is more satisfactory than for several years past."

The Tucson Citizen" reports the sale of a lot of Sonora cattle as follows:

"Sonora cattle bring very poor prices in Tucson. A man brought a few to the city one day this week and could only get \$7.50 per head for them. They were valued at \$10 by the custom house officers, and the duty was 50 per cent., which left him only \$5 per head for his cattle."

Encouraging reports come in from all parts of the Southwest, as to the condition of the range and cattle and the prospects for the coming season. On this point the "St. John's (A. T.) Herald," says:

"Reports from all sections of the country are to the effect that grass is growing rapidly, and that cattle are fattening and shedding off earlier this year than usual. Several cowmen of experience and long residence in this county think this will be one of the best years for the cattle interest this part of the country has seen for many years.

The following is taken from the "Silver City Enterprise:"

"A train-load of cattle was shipped to Kansas by Mr. Zeek, who has purchased more cattle in this county during this year than any other man. The cattle were contracted for by Prof. G. W. Miles, at two cents per pound. They were from the ranches of Doyle Bros., Fleming, Issac Siggins and Mr. Miller. They are a good grade of cattle and are in splendid condition.

I am in receipt of the following communication:

RANCHO SAN RAFAEL DE LA ZANJA, PIMA CO., ARIZONA, May 13, 1899.

Geo. B. Loving, El Paso, Texas:

Dear Sir:—What per cent. of calves die after being branded and before one-year-old?

What per cent. of yearling steers before they are two years old?

What per cent. of yearling heifers before they are two years old?

What per cent. of two-year-old steers before they are three years old?

What per cent. of heifers two-year-old before they are three?

What per cent. of steers three years old before they are four?

What per cent. of heifers three years old before they are four?

What per cent. annually of older cattle?

I will be much obliged to you for your approximate figures at your earliest convenience. Yours truly,

COLIN CAMERON.

For want of time I cannot now answer the above fully, but shall endeavor to do so in the next issue of the JOURNAL. Will, however, take occasion to say in reference to the above and all other figures made on stock raising, that the results of the last five years have proven very conclusively, that "figures will lie, as applied to the ranching and cattle raising business." This is said, without intending any disparagement, whatever to the business. The results, as usually figured out on paper can be reduced one-half and still leave a good profit. The range climate and many other things are to be taken into consideration. A rule that would apply one year might greatly miss the mark the next and what might be truthfully said of one locality would not hold good in another. I will, however, in next issue answer Mr. Cameron's questions as nearly as I can.

J. B. Hiler, an old Texas cattleman, was here a few days ago. Jim is now keeping hotel at Kingston, N. M.

John C. Ford, formerly foreman for Matthews & Reynolds, near old Fort Griffin, is now half-owner of a big herd and a fine ranch, 125 miles east of here. John is a boss cowman and merits the success that has attended him. His firm, Oxner & Ford have over 10,000 cattle.

Capt. J. P. Moore, Texas & Pacific live stock agent, was here the first of the week.

Geo. B. LOVING.

Quarantine Regulations Governing the Admission of Cattle to New Mexico.

The quarantine regulations of the territory of New Mexico go into effect on March 15th of each year and continue in force until November 15th of the same year, whereby all cattle coming from south and east of the below described line in Texas and from the district in Mexico as outlined are prohibited admission, to-wit: South and east of a line extending the southern boundary line of New Mexico east to Mitchell county, Texas, thence north along the west side of Mitchell, thence east along the southern line of Scurry, Fisher and Jones counties, thence north along the western lines of Shackelford and Throckmorton counties, thence east along the north boundary line of Throckmorton county, and thence north, crossing the Denver, Texas & Fort Worth railway near Wichita and on to the 36th parallel in the Indian Territory; as well as all cattle from that portion of Mexico lying east of the Mexican Central railway from El Paso, Texas, to the 26th parallel of latitude, are absolutely prohibited admission into New Mexico, except cattle that are destined to points outside of the territory and being transported all the way through New Mexico by rail without unloading except into designated quarantine stock yards provided by the railway companies.

If any person, persons, company or corporation shall violate the provisions of the foregoing sections, the penalty imposed is not less than \$100 nor more than \$500 for each offense, as well as further liability in such civil action as may be instituted by reason of damages that may result from such action.

It is necessary for any one bringing cattle into New Mexico to first obtain a written permit either from the board, veterinary surgeon, or its employees, who are designated as inspectors. Failure to comply with this provision is punishable by a fine not less than \$500 nor more than \$500, besides the person so violating the law is liable personally for all loss and damages sustained by reason of the introduction of any contagious or infectious disease from cattle unlawfully imported into the territory. Any person may require the person in charge of cattle to produce for his inspection the permit granted by the board. Refusal to produce said permit upon demand at any time within a year from the time the cattle were driven in shall be subject to all the penalty named in the foregoing sections. For all cattle, the owner or person in charge of which desires to have inspected at any place other than the designated points of inspection, the application for such inspection must be made at least ten days in advance of the time specified for such inspection. The applicant for such inspection must pay all expenses of inspection and investigation, including traveling expenses of the person or officer making the same and designated for that purpose by the board.

Cattle brought into New Mexico in violation of any of the provisions of the law of quarantine are not only subject to all of the aforesaid penalties, but they can be seized and held for the payment of said penalties. These liens take precedence over any other lien or incumbrance on such cattle existing at the time of their unlawful importation. Said liens become effective also as security for ultimate payment without further legal proceeding, except the foreclosure by sale of the cattle on execution.

The places of inspection on the eastern boundary line of New Mexico for Texas and other cattle are at El Paso, P. Mothersill, inspector; the point where the river crosses the line of New Mexico, Geo. H. Williams, inspector; the point where the Fort Sumner and Texas road crosses the New Mexico line, R. C. Temple, inspector; the point where the

Canadian river crosses the New Mexico line, T. G. Duncan, inspector; at Clayton and Raton, N. M., G. E. Lyon, inspector.

Kohrs' Cattle Purchase.

Yellowstone Journal.
Conrad Kohrs of Kohrs & Bieleberg, who was in Idaho several weeks this spring, purchased 4,200 head of 12 and 3-year-old steers, the round-up for which began Wednesday, and to be delivered to him June 1st. He will probably drive them to Butte and ship from thence via Montana Central to Bowdine in the big bend of Milk river. Steers of the class he purchased are difficult to get in Idaho. At Miles City during the cattle convention 200,000 head were offered for sale to be delivered. Of these only 12,500 head were bought—Thomas Cruise taking 6000, Dan Flowers 3000, John Murphy 3000 and Paul McCormick 500. They were offered, delivered, for \$19.75. Mr. Kohrs estimates his bill cost \$21.25. Pasturage is becoming scarce in Idaho. There has recently been very dry weather there, as here, and the "May grass," a variety which comes early and can usually be relied upon through May, is already crisping on the parched grazing lands. Mr. Kohrs will go down about the last of the month to receive the purchase, which will amount to nearly \$90,000.

Get well and stay well. But how shall we do it?

Let my friend, and the secret I'll tell. Though for that matter, there is no secret to it.

As many a man understands very well, If you're low-spirited, gloomy, depressed, If nothing tastes good and your nights bring no rest,

If your stomach is foul and your mouth seems much fouler, And so cross you become that they call you a "growler,"

Be sure that the trouble is due to your liver. And the blood is as sluggish as sometimes a river.

Because when it's filled with all manner of stuff.

Clear it out and the current runs smoothly enough.

Go to the drug store and get a bottle of Dr. Pierce's Golden Medical Discovery, the great blood-purifier and liver invigorator. It is a sure cure for the low spirits and general depression a man feels when his liver is inactive and his blood impure. This remedy makes a man well.

The Editor Bowled.

Dallas News.

Mr. F. N. Oliver of the Oak Cliff Weekly returned yesterday from the City of Mexico, which he visited as a member of the press association. He states that the association was entertained with the hospitality for which the Mexicans are proverbial. A Dallas member of the association made the only mistake of the trip, and it occurred in this way: At a railway station, in a district where cows are scarce, the editors were taking dinner, and one of them, seized with a sudden appetite for milk, drank the contents of a small milk picher. Addressing the dark-eyed senorita who was waiting on the table, he said: "You must have Jersey cows here; this milk is delicious; it has an indescribably nice flavor." "senor, es muy deliciosa,"

she answered, and she added in somewhat dislocated English: "It is the milk of thee burro." On learning this fact, the Dallas editor bowed himself out, and when next seen he was looking rather pale.

SKIN, SCALP AND BLOOD

Diseases Cured by Cuticura Remedies when Hot Springs, Doctors and all other Medicines fail.

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the CUTICURA REMEDIES when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and to last my principal druggist, Mr. John P. Finlay (to whom I shall ever feel grateful), spoke to me about CUTICURA, and I consented to give them a trial, with the result that I am perfectly cured. There is now no sore about me. I think I can show the largest surface where my sufferings sprang from of anyone in the state. The CUTICURA REMEDIES are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. C. C. Montgomery both of this place, and to Dr. Smith of Lake Lee, Miss. ALEXANDER BEACH, Greenville, Miss.

Mr. Beach used the Cuticura Remedies, at our request, with results as above stated.

A. B. FINLAY & CO., Druggists

Serofola 7 Years Cured.

I have been troubled with serofola 7 years, which first started on top of my head, giving me infinite trouble, with constant itching, oozing off of dry scales, and a watery liquid exuded from under the scales. I treated it for seven years unsuccessfully, and was unable to check it until I found your CUTICURA REMEDIES. One box CUTICURA, one cake CUTICURA SOAP, and one bottle CUTICURA RESOLVENT completely cured me, my skin becoming perfectly clear and smooth.

S. J. DAVIS, Artesia, Los Angeles Co., Cal.

Skin Disease 5 Years Cured.

Your CUTICURA REMEDIES did wonderful things for me. They cured my skin disease, which has been of five years' standing, after having first cost me a hundred dollars in trying to cure it. Nothing did me any good until I commenced the use of the CUTICURA REMEDIES. Our house will never be without them.

MRS. ROSA KELLY, Rockwell City, Calhoun Co., Ia.

THE CLIP.

Captain S. L. Easley of Fort Worth, sold his full year's clip of fine Merino wool at Fort Worth for 20 cents.

The beef packers stop at home and wait for the cattle, but send out their buyers to hunt up a and buy the sheep.

P. & J. Jansen of Jansen, Neb., fed 8000 sheep this year and will feed 10,000 next year. Such an example should be followed in Texas.

New York Quotations from the U. S. Economist:—Texas spr, 12 mos, 21@22c; do do, six to eight mos, 18@20c; do fall clip 17@22c; do Western, 16@19c.

San Angelo Standard:—LeMin & Wilson of Menard county had 17 sheep killed outright and 40 more had their eyes knocked out during a hail storm at their ranch Sunday evening.

R. L. Crowds of Fort Worth, returned Monday from the West. He went to Midland and all points between, buying

wools at prices ranging from 15 to 20 cents. The best price was for some nice clean twelve months' wool at Colorado City.

San Angelo Standard:—J. K. Patterson of Brownwood bought the DeLashmunt clip of 125 bags at 20½c. The J. D. Wiley six months clip sold this week for 20½c, and the J. N. McLeod clip at 21½c.

Quotations from Boston Advertiser:—Texas and Southern wool—Texas spr med (12 mo) 22@25c; Texas spr fine, 19@23c; Tex spr fine (six to eight mos) 17@22c; Tex spr med (six to eight mos), 20@24c; Texas fall fine, 17@20c; Texas fall med, 17@20c.

Sheep raisers of Texas are some of them again looking to the wool side of the business as the most profitable; they should look close to it for mutton is the most desirable feature, needing population only, and not protection to sustain and support it.

There are thousands of farmers whose pastures are overrun with weeds, because they have no sheep to keep them down, and there are thousands of farmers losing money every year because they have not a hundred sheep to add to their regular income.

Colorado Clipper:—Chas. Kenyon has bought the following lots of wool this week: From J. M. Shannon, 25,000 pounds at 17c; from J. B. Lincoln, 5000 pounds at 18½c; from D. P. Atwood, 11,000 pounds at 17c. Mr. Kenyon says that parties who ship wool away to sell when they can get such prices at home are going to lose money, sure.

San Angelo Standard:—It is a good thing for this market that the "private terms" incubus that prevails at other points was knocked cold early in the engagement. P. T. simply means keeping the wool grower in the dark in order to take advantage of his ignorance of how the market is ruling, and Angelo does not do business that way.

The Gazette says: Wool sales are crawling up in the figures at Colorado City during last week and brings from 16 to 20c per pound. Among the large clips that have arrived there are: the Vincent clip, 24,000 lbs; McMullin & Williamson, 25,000 lbs; A. G. Anderson's clip, 30,000 lbs; I. Gronsky's, clip, 60,000 lbs; J. L. Rex's clip, 40,000 lbs; Thomas Brennan's clip, 30,000 lbs; besides these a large number of small clips, ranging from 2000 to 10,000 lbs have been received and sold. A number of foreign wool buyers are in Colorado and will purchase all wool that is sold there.

Boston Advertiser:—It is reported that several houses who did well last year have opened up in California and Texas quite freely and have bought some large lines. They feel that the goods market will have to be brought around by the high cost of the raw material, and that a small amount of old wool in the hands of dealers is bound to make a market for the new wools at whatever price they may happen to be. This feeling is not generally entertained by dealers here, however, and out of it in the content to let those early operators go in and get filled up, while they will be on the lookout for any reaction that may come later.

U. S. Economist New York Report:—For Texas wools there has been considerable business done, and at San Antonio the prospective transactions referred to in our last report, have been confined to 2000 bales at 20@22c, for account of Boston. It is also stated that a first class clip has been secured for account of Eastern dealers at prices similar to the above. Such sales of the best selections may make the market for later buyers. All depends, however, upon the holding of qualities of dealers and manufacturers, but should they—sheep-like—follow the bad bell-wether, transients in the market, must necessarily rule much above the prices current at the seaboard markets.

The best bunch of clipped lambs that has reached this market this spring came from Upper Sandusky, Ohio, and were sold here last Saturday for \$5.70 per cwt., says the National Stockman of Pittsburg, Pa. They averaged 90 pounds here, and were fed by J. G. Roberts, Esq. A part of the consignment sold to one of our buyers here at \$6 per cwt. The buyers remarking that the man who took the pains to prepare as fine stock as these were should be rewarded for so doing by receiving the top of the market. From the appearance of these lambs we are inclined to the opinion that Mr. Roberts could give sheepsman generally, some points in preparing sheep for the market.

St. Louis correspondence in American Wool Reporter:—Texas and Arkansas bright medium wool, light shrinkage, is in good demand at 22 to 24½c here. The fine medium and fine light shrinkage Texas have brought 20 to 21½c cents here. Some heavy stock has been sold also at full prices; but the wools so far are principally the better conditioned wools. New Mexican wools are yet to arrive in quantity, and reports from there are that prices paid to the grower are about what the wools sold here for last year. A clip of Utah wool is in, and shows less grease and dirt than same clip of last year, though Texas wools seem fully as heavy as last year's wools. Our quotations given above are about what wools can be bought at or sold for here to-day; as we have said, the market is still uncertain.

Boston Advertiser:—Some new wool is being received, but it opens slow. Moderate lots have been sold, but it is mostly small lots which are being taken and mostly in a sample way. The mills generally have considerable old wool on hand left over from their last fall's purchases, but they seem to think that values are going to hold up, so they are willing to purchase good lots if they appear cheap. The general situation at present is not a satisfactory one to dealers, and they feel that considerable action is necessary on their part to keep from losing money. The markets abroad are firm and high, and the new clip in this country is also selling several cents above the selling price a year ago. This should mean higher prices for wool, but the demand here is slack, and buyers do not see anything in the future of goods to induce speculation on the clip at present rates.

Boston Commercial Bulletin:—Texas wool is quite steady and some new wool has already been sold here at 22 cents, costing 61 cents clean for fine wool of good staple. This was from one of the early purchases before the price in Texas had been rushed up. A letter from San Antonio of May 11, quoted the selection there on that date as poor, being composed of short and heavy wool, pieces in consequence sank back a little. They seem to have revived, however, for a telegram from the same place received Thursday quoted 22@22½c, as paid for the best wool. This is fully two cents advance on the opening price some weeks since. A telegram from Galveston quotes even 25 cents for "best," probably for very light shrink medium clips. New warp wool will eventually cost at least 65 cents clean on this basis, ranging down according to length of staple. New Texas costs clean laid down here not far from ten cents a second pound more than at the opening of last season. For new medium 27 is asked the wool shrinking 53 per cent and costing 57½c clean.

Boston Commercial Bulletin:—There is an excellent inquiry but very few sales, the select on being poor and the price of new wool too high for buyers. The short supply of territory and fleece wools is now very marked, but in spite of their absence there is no material advance, though the improved tone noted last week still continues. Wool to-day in Boston is about three cents a pound higher than a year ago at this time, and that advance has been surpassed by wools in the country which are often from four to five cents in advance. Such extreme prices seem hardly warranted, for wool in London, though strong and firm, has been purchased by American buyers at prices that range only about a penny above last year. The foreign wools fix the price of ours, and when the Australian crossed can be laid down at 68 cents, and merino clothing at 72 cents clean, the prospect of any great advance on American fleeces are slim. The market, however, must be quoted firm, and whether we have a sharp advance shortly, and a subsequent reaction or not, the downward course of quotations has been stopped.

A telegram from Sulphur Springs, Hopkins county, Texas, announces that the Wool Growers' association sold about 40,000 pounds of wool on Saturday. It was sold to the highest bidder and was bought by R. E. Jonas for Reinenstock & Co. of St. Louis, at 23½c a pound. More of the association wool will be brought in to go with the same lot. Other wool in considerable quantities has been sold to local buyers. The Sulphur Springs wool is the lightest in the state and has a reputation for being a healthy long medium staple, and free from grease. There is very little if any Merino blood in the sheep of that district.

ROUND-UPS.

Ballinger Leader.—Capt. R. A. Smith
was in town Tuesday morning and re-
ports considerable damage from the
hail at his place. He found one stone
which measured nine inches in circum-
ference.

N. M. Stock Grower.—Inquiries came
to the Stock Grower this week for 10,000
head of steers which are wanted by ma-
turers. Prices are fully \$2 per head
higher than when the market opened in
February.

Seymour Cressent.—Some stones that
fell during the hail last Saturday were
measured and found to be five inches in
circumference. They did not fall very
thick but they did enough breaking of
window lights to give up the sale of
glass a little.

N. M. Stock Grower.—J. T. Crump of
Virgil, Kansas, who has contracted with
New Mexico stock growers to pasture
about 2000 head of cattle, was unexpec-
tedly called home Monday by the serious
illness of his wife. Mr. Crump is yet in
the market for 500 steers.

N. M. Stock Grower.—Miller and Lux,
of San Francisco, San Antonio, and
the market for 3000 head of good steers
for which they offer 2 1/2 cents per pound
on foot delivered at their alfalfa farms at
Bakersfield, California. In this con-
tract it may be said that the Califor-
nia law of quarantine, of which mention
was made in the Stock Grower some
time ago, does not "hold water."

Seymour Cressent.—We had a fine rain
Saturday lasting forty-five minutes
very hard, accompanied by some hail
which broke a few window lights and
knocked off a few branches from the top
heavily laden trees, and cooled our cis-
terns for us and left us in good shape.
There must have been quite a rain up
the river lately and before our rain on
last Saturday as the Wichita began to
rise early Saturday morning before the
rain here.

N. M. Stock Grower.—The 101 ranch
will move all their steers intended for
this year's market to Chase county
Kansas, where they have 37,000 acres of
fine pasture land under fence, such cat-
tle as are to be marketed next year will
be driven to the Curtis & Adkinson pas-
ture in the Panhandle and there held
during the winter ready for an early
drive to Kansas for marketing. The con-
dition of affairs on the 101 ranch is steadily
improving under the management of
Mr. Paul Phillips.

Eagle Pass Guide.—Mr. J. W. Riddle
leaves to-night for the City of Mexico
to attend to his cattle and wool trade
with that city, which is assuming large
proportions. He began by shipping 250
head of heaves a month, but now ships
twice that number every fifteen days.
He has just secured 4000 head of cattle
in Southern Texas, and wishes to secure
a living rate on them over the Mexican
Central, which he claims is discrimi-
nating against the International, whose
reputation for rapid and safe handling
of stock is proverbial.

TAHEQUAH I. T., May 13.—The Chero-
kees are somewhat exercised over the
attitude of Chief Joel B. Mays with re-
gard to the sale of the Cherokee strip to
the United States. The initial step to-
wards the purchase is the calling to-
gether of the Cherokee legislature for the
approval of the sale. Chief Mays, how-
ever, refuses to convene the legisla-
ture for such purposes. A majority of
the Indians are opposed to the sale and
sustain Mays, but a powerful minority
is urging him to convene the legisla-
ture and settle on the price to be
paid for the land. It is understood the
commissioners will offer \$1.75 per acre,
but the Cherokees are not likely to ac-
cept that figure, holding that four or five
dollars per acre would be no more than
the land is worth. While the diversity
of opinion as to sale at any price is
great, it is understood that the 6,000,000
acres embraced in the strip could be dis-
posed of for \$24,000,000 to the govern-
ment. Unless Chief Mays can be pre-
vented upon to to convene the legisla-
ture, it would seem as if the object of
the commission would be defeated, as
no purchase can be made without the
sanction of that body.

A Great Cry for More Women

has been going up from the far West for
a good many years. But the cry is not
for pale, haggard, debilitated women.
The pushing Western men are not anx-
ious for beauty, but they need healthy
wives. A great cry for health is con-

tinually going up from thousands of
women, young and old, all over the
earth. Countless remedies have appear-
ed in answer. A few have succeeded,
and none hold a higher place than Dr.
Pierce's Favorite Prescription, a sure
cure for all those peculiar "weaknesses"
and distressing ailments peculiar to the
sex.

A Vegetable Wonder.

Peter Henderson & Co. of 35 and 37
Cortland street, New York, are placing
upon the market the new bush Lima
bean, and claim that it should be grown
in every garden on the continent. The
old Lima bean can only be grown on
poles; the new bush Lima grows and is
cultivated like the common bush or
snap bean, growing only eighteen
inches high, and from the time of its
bearing in July produces in abundance
delicious Lima beans throughout the
entire season until frost. It has, be-
sides, an additional value, in that it is
two weeks earlier than any other Lima
bean, being fit for the table in from forty
to fifty days from time of planting.

The price by mail is 25c per packet,
five packets for \$1, twelve packets for
\$2. Twelve packets are sufficient for an
ordinary sized family for the season.

Every purchaser of Henderson's Bush
Lima bean will be sent by Messrs. Hen-
derson, without charge, a Manual of
Everything for the Garden, a book of
140 pages, size 9x11, containing three
colored plates, the price of which is 25c,
on the distinct understanding, however,
that those ordering will say in white
paper they saw the Bush Lima bean
mentioned.

DALLAS.

DALLAS DOTS.

T. T. Johnson of Lebanon was on local market with 5 head of beef cattle. Thos. Martin of Forney was in the city with 15 head of cattle and 8 head of sheep.

T. Griffin of Trinity Mills was on market with 9 head of heifers. R. Greer of Richardson was on market with 2 steers which he sold

Mins of Dallas was on market head cattle.

Johnson of Waxahachie was on market with 15 cows.

Scott of Dallas was on market 25 head muttons.

H. Ellis of Lancaster was in the city with 7 head of beef cattle.

Boon Sackes of Rockwall was on the live stock market with 32 cattle.

Mr. Murphey from near Lancaster was on market with 5 head cattle.

Ed Mass of Cedar Hill was in the city with 16 head of cattle.

The live stock marts of Dallas are reported full of stock and prices for same are off a little. On the principle of supply and demand, the stock market, like everything else is regulated: when stock is scarce prices are raised and when plenty they are lowered.

Wilburn Griffin is the assistant of Mr. J. A. Carter, at Carter & Sons stock yards, in the absence of Charley Carter while he is sojourning in the East.

J. S. Lavender of Lancaster was on the market with two fine milk cows and calves this week.

The city of Dallas has a 75 foot lot fronting on Main street and running back about the same distance to the city hall, that Murphy & Bolanz offered something over sixty-one thousand dollars for as a bid asked for by the council. Messrs. M. & B. said the lot was wanted to erect a million dollar bank on.

Oak Cliff is still booming and as an evidence of the fact the JOURNAL is informed that sixty-nine houses have been put in course of construction during the last two weeks. Seven of the number, which are two story business houses, brick, are being erected by H. C. & Jno Clark. Steel rails are now being placed on the Oak Cliff elevated railroad in lieu of the iron ones first put down.

J. S. Venable of Coleman City, has been in the city several days lately feeling the pulse of buyers of unbroke horses, and says he is sorry he did not bring a car-load with him as he could have sold them.

The hide market is reported distressingly dull so the hide dealers tell the JOURNAL man, and the prospect for a good change seems to be away off in the future.

For artists' material, pictures and frames write W. H. Barse & Co., 1219 Main street, Kansas City, Mo.

Sales at Central Stock Yards, Dallas, Texas.

J. F. Barnes 26 head cattle, steers and cows, 24 for steers and 2 for cows, to local butchers.

Harry Scott, Dallas county, 15 cows at 2 cents.

25 sprayed heifers. Price 24 cts.

H. W. Coit sold 5 steers at \$2.40 per hundred, gross.

Willingham, 50 steers, shipped to Chicago.

J. Willingham sold to local butchers, 4 cows at 24 cts.

C. T. Lewis sold 25 cows and 30 calves, cows 2 cts and calves 4 cts per lb.

Bill Burke of Wise sold 42 steers.

J. Searcy sold 14 stags 1 bull at 14 add 1 1/2 cts per lb.

Geo. King of Lancaster sold 40 head of cattle, price unknown.

Marshall of Dallas sold 13 cows to local butcher.

Wash Fields of Dallas sold a car of cattle, price unknown.

Fletcher Fields sold 50 goats to local butchers, price unknown.

Bill Prior sold 30 steers at 24 cts per lb.

Charley Allen sold 15 cows at 2 cts per lb.

Vol Brown of Cedar Hill sold 15 cows at 2 cts per lb.

Malcolm of Waxahachie sold 12 cows at 2 cts per lb., average 800 lbs.

Tom Barnes of Collin county sold 30 steers at \$2.40 per hundred lbs.

Bob Nelson sold 100 yearlings (stockers) for the Western trade at \$5 per head.

Al Searcy shipped 40 steers.

John Anderson of Wise county sold 25 good cows at 2 cts per lb to local butchers.

Bob Moor of Deuton is in with 15 head of cattle, price 2 cts.

H. Bush sold 10 hogs.

D. Lawrence of Mesquite sold 15 hogs at 44 cts per lb.

Bill Herndon of Collin 10 milk cows at \$25 per head.

On Wednesday next there will be 14 car-loads shipped from these yards by various parties.

Market still firm on all grades, buyers cautious and expecting lower market.

Correspondence Solicited.

Live men (merchants preferred) wanted in Texas, to act as local agents for engines and boilers, mills, cotton gins, scales and belting, by the special representative of several large manufacturers. Address H. W. Hubbard, Dallas, Texas.

Hamilton County Wool Growers.

HAMILTON, TEXAS, May 18, 1889.

Association called to order by W. H. Loyne, president. Minutes of last meeting read and approved. The committee on freight and salt had not made any definite arrangements with any railroad, but had an offer from one.

Mr. C. R. Jones deposited \$5 with the treasurer to be given to the best buck shown at our next shearing; bucks to be judged with fleece on.

Miss E. R. Williams & Bro. offered a premium of \$5 for the heaviest buck fleece; Joe Moore offered \$2 for the best shearer.

John L. Sprulin offered a premium of \$5 for the best all-purpose mutton raised in Hamilton county.

Moved and seconded that the asso-

The undersigned will have for sale and delivery on May 31st over one hundred head of kind stock cattle, consisting of some good and trained milch cows, some three-year-old heaves, but mostly young cattle of both sex. They will be in pen May 31st, three miles from the town of Grapevine, Tarrant county, Texas, where they may be shipped by rail if sold.

Parties interested in buying can address me until then at Bayou La Pêche, Caddo Par., La.
M. A. BONNER.

For Lease.

The Childress (county, Texas, school land, leagues Nos. 121, 122 and 124, containing about 17,000 acres, is offered for lease, for five years, payable annually in advance. The land lies in Bailey county, Texas. Sealed bids will be received at the office of the county clerk of Childress county up to the 18th day of August, 1889, and all bids will be opened August 18th, 1889. The right is reserved to reject any and all bids.
FRED M. CAMPBELL,
County Judge C. G. T.
Childress, Texas, May 16, 1889.

Irrigated Ranch For Sale.

A controlling interest in the Grand River Land and Live Stock company, located in Mesa county, Colorado, can be purchased of J. F. McFarland, cashier of the First National Bank of Grand Junction, Colorado, at a reasonable figure. The company owns the largest alfalfa ranch in Western Colorado, having perpetual water rights in a quarter-million-dollar ditch located upon it. An inexhaustible range is contiguous, and the soil, comprising tracts of Ouzay, Grand Junction, Glenwood Springs, Aspen and Leadville insure the best markets in the world for cattle and horses. Responsible parties can secure time on part of purchase price.

AT AUCTION.

The Missouri Horse Exchange
Under instructions from
Thos. T. Turner, Esq.,
of Normandy, Mo., will sell by

PUBLIC AUCTION

At their Mammoth Repository, Broadway and Chouteau Ave., St. Louis, Mo., on
Monday, June 3rd at 10 O'Clock
By Harry Ashman, Auctioneer.

The well-known stud of imported and home-bred Shetland Ponies, Standard and Thoroughbred trotters, numbering in all about 60 head purchased and bred by Mr. Turner from the best strains and blood of the present day, many of which cannot be duplicated. Full particulars as to ages, qualities and pedigrees will be found in Catalogue ready May 1st.

From the fact that Mr. Turner has made the matter of the proper selection of live stock a study for years and no expense or trouble spared, this sale offers an opportunity seldom, if ever, to be met with, and every animal will be sold absolutely to the highest bidder as Mr. Turner, through other business engagements, cannot devote any further time or attention to his stock farm.

Special Notice.

This being the date of the annual meeting of the St. Louis Jockey Club, The Missouri Horse Exchange will hold a large Combination Sale of horses lasting ten days, June 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13. Entries for these sales must be made by May 1st so that catalogues can be prepared and mailed. Entries received after May 1st will be published in supplementary catalogues.

ACCLIMATED
Devon cows, two to three years old. The only car-load of acclimated Devons in Texas. Have been here a full year. Address
POLK'S STOCK YARDS,
FORT WORTH, TEXAS.

the lamb on their native hills for another term of years.

Sidney Bremner of Runnels county passed through to Mexico on a tour of observation with a view of selecting a location for a sheep ranch, and moving his flock to that country.

P. W. Thompson of Eagle Pass was in the city during the week. He says work on the big irrigating canal by which 25,000 acres will be brought under cultivation is progressing finely.

A. J. Knollin, the extensive mutton buyer of Swift & Co., passed through the city the first of the week. He finds mutton much scarcer, or rather not so purchasable at last year.

A telegram announces the sale of the Lytle Thompson clip of Maverick county at Galveston for 22c per pound. This is one of the largest clips of wool in Texas, and was a 6 months growth.

From the geographical position of Uvalde and the extensive wool growing country tributary, it would be one of the best points for a local wool market in Southwest Texas. All it needs is enough energy to furnish warehouse room.

L. W. Pease, the mutton buyer, has just returned from a trip down the I. & G. N. railroad on a hunt for muttons, but came back empty-handed, and is looking for them out West. About 1000 head just now would make him much happier.

The "p. l." business is a very fine scheme for buyers and commission men, but the man who furnishes the "sinews of war" to run the business is the sufferer and his remedy is sure, and easy of application. Don't patronize a man who is unwilling to let his transactions see the light of day.

Thos. O. Murphy of Jeff Davis county is here attending to the sale of his clip of wool. Mr. Murphy is running his sheep loose in a five-wire fenced pasture of 11,000 acres, and finds it much more satisfactory than herding. Others in the same section of country are doing the same with good results.

San Diego correspondence in San Antonio Express.—The wool market may be said to be about closed for this season in San Diego, although there is a good deal yet unsold. The staple brought from 3 to 4c a pound more than the fall clip, the average price of the better quality being about 19 or 19½c and of the second best from 15½ to 17c.

Sam A. Walcott of Eneinal passed through on route North last week. Mr. Walcott sold his wool, a light medium, being Merino crossed with Cotswold, for 21½c in New York. He says that he was a little previous, but that when they want his big fat steers they will have to put up big money for them. The standard price for several years has been not less than \$35 per head.

Advices from Marfa report that all but one of the clips were sold at the wool sale in that town last Monday, bringing an average of 30c per pound. Taking into account the freight and other incidental expenses of the San Antonio market, these sales are much better than realized here, and speaks volumes of that ambitious young town as a local wool market.

Realities correspondence in Corpus Christi Caller.—Our village is lively this week over the sale of the wool clip of this section. Vicente Vela Juan Jose Guerrero, R. G. Hinojosa and others constituting the principal wool producers of this place, sold this week to Ed Mackelme of St. Louis their entire clip of wool, getting 16c per pound. This cleans up the wool of this place, and all are satisfied with the price.

Taylor Texan.—Hurray for Taylor.—The best wool market in Texas. Fort Worth, Dallas, San Antonio nor no other one-horse town in the state can show up with the following. Last Tuesday Mr. Sam Lewis bought the Easley clip, weighing 15,000 lbs at 24½c per pound, also the Yakey and Frame clips weighing 30,000 pounds at 23c per pound, and several smaller clips, amounting to 20,000 pounds at from 20 cents up. These are much better figures than those paid at any other point in the state, and Taylor will draw in the wool from far and near.

A Model Farm.

Editor Stock Journal:

In my three and-a-half years' continual pursuit of stock items in the city

few opportunities have been afforded to visit the ranchman and farmer at his home, which made the pressing invitation of S. M. Wharton of Williamson county quite an oasis in the desert routine of life. Leaving the fair grounds at Taylor I accompanied Mrs. S. M. Wharton and George Wharton, brother-in-law, in her carriage in the six miles drive. Nexas was nature more lavish in her adornment of bright tints. I would like to expatiate on the beautiful and prosperous farms where eight years ago was a bald, unimproved prairie, then selling high at \$3 per acre, and now selling cheap at from \$25 to \$40, five and six miles from town. Mr. Wharton is a South Carolinian, and not having ever been in the palmetto state, I had a poor opinion of her as to improved farming judging from what I had read, but if this is a fair sample of her farmers she will not suffer with comparison with the proverbially thrifty yankee. Eight years ago Mr. Wharton, whom I knew eleven years ago as the pioneer horse dealer in San Antonio, and who was one of the very first to engage in selling Texas horses in the North, came to Williamson county, and bought 500 acres of unimproved lands on the north banks of Brushy. We now find it all fenced and cut up conveniently into fields and pastures; a roomy and convenient house, surrounded by a well-kept lawn laid out in flower beds with rare and thrifty plants in all the profusion of this generous climate; barns, stables, carriage house, tool and implement houses; orchard with choice and thrifty trees; chicken coops and yards with a dozen varieties of thoroughbred chickens, and all the other feathered domestic fowls; but the crowning glory of this Texas farm is a complete waterworks, consisting of a force wind mill pump forcing pure and unfailing spring water through, not miles but hundreds of feet of piping to tanks, the kitchen house, poultry yards, horse lots and barns and to spouting fountains in lawn and garden. The farm hands are intelligent young white men, except on what is rented out to "croppers" on shares. All the crops of Texas are grown including cotton and worse than all Johnson grass. In all the well appointed arrangements, this he considers the only drawback. He was induced some years ago to sow a small patch of this grass, and it was with no little compunction that I heard him say that it cost him only \$9.50 to plant his Johnson grass and now he would give thousands to be entirely free from it, as it was I who ten years ago when on the Galveston News boomed this grass, believing I was doing God's service to Texas. After showing me proudly about over the premises, Mr. Wharton blushing acknowledged that in the eight years that he owned this fine place he had not been at home, all put together six months, and that if any credit was due anyone it was his better half who was the model farmer, while he was off selling Texas scrub horses to yankees. And now Sam Wharton, the veteran horse dealer, says that he has fed his last Texas horse on cured fodder and corn, but in future all horse stock bred on Elm ranch must be of high grade. It will be a pleasant remembrance to look back to this visit in Williamson county and right here I must add that this is not an exceptional farm in this section of country, but many equally well appointed can be found, and many more are getting things fixed as fast as enterprise can do it.

HANS MICKLE.

CAUTION.—Buy only Dr. Isaac Thompson's Eye Water. Carefully examine the outside wrapper. None other genuine.

E. M. WALKER, Manager, Ft. Worth, Tex.

DEAR SIR:--The Texas Spring Palace will open May 29th and close June 20th, 1889. We hope, if it is possible, you will visit our city at that time. We also extend to you a cordial invitation to visit our Mommoth Carriage Repository and examine our stock of Carriages, Buggies, Hacks, Carts, etc., which is the largest in the state. We trust you will call upon us, and we will endeavor to make things pleasant for you. Yours, very truly,

Salesmen:--J. B. Richardson, A. L. Bennett.

E. M. WALKER, Manager.

ing. People from the Northern states who visit Texas during the coming summer will not fail to notice the growing sympathy between the once warring sections. Our country is large and its interests are varied, but it is not too large for brotherly affections to exist between its most widely separated parts.

BUFFALO (N. Y.) SUNDAY EXPRESS, Of April 21, with a magnificent cut of the Texas Spring Palace says:

The Texas Spring Palace, Ft. Worth, will surpass Paris, as viewed from growing Southwest. The Express today makes a feature of the Texas Spring Palace now under construction at Fort Worth, one of the most wide-awake cities in all the go-ahead Southwest. If our splendid illustration is not the first published of this great enterprise it is the first which gives an adequate idea of the great building, which covers over sixty thousand square feet. It is an undertaking of far more importance to the Southwest than the World's fair at Paris. It is designed to exhibit the material resources of Texas, and is to open on May 29.

The enterprise of Texas and especially of the citizens of Fort Worth, who have planned the enterprise, should command the attention of the whole country. People who cannot go to Paris this spring might do well to substitute a trip to Fort Worth. To most of us Texas is an unknown land, yet it is a vast empire in itself, with claimed resources sufficient to maintain a popu-

lation of more than ten million people. The Fort Worth "karporama" opens May 29th.

THE ROCKY MOUNTAIN DAILY NEWS, Of Denver, Colo., of April 7, 1889, says:

The Spring Palace will be a school of instruction for the people from abroad, as well as at home: it will be a grand revelation of what intelligence, culture, industry and ingenuity can accomplish. It will tell to those who visit us from the older states that here, in this great empire state, are millions of acres of land yet unoccupied, where can be raised all the products that are now, ever have been or ever will be produced in all the other states of the Union. It will also exhibit the great mineral and timber wealth of the state, and it will convince thousands that in Texas can today be found homes for 10,000,000 of people, with every element of happiness and prosperity. It will forevermore combat the idea that is yet so prevalent in the older states that Texas is within the confines of what they term the "wild west," and to show to the world that we have intelligence, energy and enterprise to utilize our natural resources, and that there is to be found in Texas quite as much culture and refinement as exists in other portions of this country. It is for this that the Spring Palace will be constructed, and it will accomplish more and tell in stronger terms what the state is capable of than all the individual effort, either singly or collectively, assisted by the ablest and

choicest descriptive articles from the pens of our most cultured and intelligent editors that could possibly be written on the subject. This display will be "nature speaking itself," and the truths told will be like a fairy story, while the effects produced will be material and permanent.

THE BOSTON HERALD

Of March 17, 1889, says: The Texas Spring Palace is to be built entirely of Texas products. Its twelve towers and magnificent exterior will be dressed with cotton, wheat, corn, oats, sugar-cane, varieties of grasses, vegetables, fruits and flowers, all grown in Texas. The coal, iron ores and iron products, lead, copper, platinum, mica, granite, marble, sandstone and limestone will be erected into temples. In huge aquariums will be the fishes found in Texas rivers, lakes and in the gulf bordering the state. Wool, leather, salt, sugar and gypsum will be made into houses, and, in fact, every product of Texas will be put into the construction of the palace and displayed in the interior. The entire state will be interested and represented.

THE ST. LOUIS REPUBLIC

Of April 6, 1889, says: This display of what Texas can produce in Texas Spring Palace will not be thrown together without system, but it will be arranged into a most beautiful karporama. The different counties in the state will send for display their choicest products, to be arranged by skillful hands specially engaged because of their peculiar ability to perfect and fat-

tain these novel and attractive results, and as the vegetable and mineral kingdoms will furnish colors as beautiful and delicate as the rainbow, these products when designed into beautiful karporama will illustrate our history, our progress and special features of Texas home life, these different colors of various products being so arranged that they will blend harmoniously, and be graduated as artistically as could be done with painter's brush. In this gallery of art there will be a reproduction of the beautiful harbor of Galveston or Aransas Pass, with ships going and coming, made of Texas products; there will be a Texas stock farm, with the cattle, horses, buildings and farm life, deftly formed with Texas products. There will be an East Texas lumber mill created out of the different native products; there may be a scene from the coal mines, and there will be found in this exhibition the most brilliant floral and horticultural pictures, made not with the artist's brush, but with the colors that nature has given the flora of this great state.

THE ST. LOUIS GLOBE DEMOCRAT

Of May 9, 1889, in an article by its special correspondent, E. R. Beach, descriptive of the Texas Spring Palace, says:

"Texas embraces within its borders an area of 269,694 square miles—a vast region of wonderful fertility, beauty and diversity of soil, climate and natural productions. It has over 800 miles of sea coast, from which to gather the wonderful products of the deep, dense forests of valuable timber, including

THE KANSAS CITY STOCK YARDS

Receipts for 1888: Cattle, 1,056,086; Hogs, 2,008,984;
Sheep, 351,050; Horses and Mules, 27,650.

These yards are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Hogs, Sheep, Horses and Mules. They are plankled throughout, are better watered, and in none is there a better system of drainage. The higher prices are realized here than in the East is due to the location of eight packing houses, with an aggregate daily capacity of 27,200 hogs, and the regular attendance of sharp, competitive buyers packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, and Boston.

All the sixteen roads running into Kansas City have direct connections with the yards, affording the best accommodation for stock coming from the grazing grounds of all the Western States and Territories, and also for stock destined for Eastern markets.

The business of the yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and stockmen have found here, will continue to find, that they get all their stock in worth, with the least possible delay.

Kansas City Stock Yards Company

HORSE AND MULE MARKET.

FRANK E. SHORT. {FRANK E. SHORT & CO., Managers.} CAPT. E. S. TOUGH

This company has established in connection with the yards an extensive Horse and Mule Market, known as the KANSAS CITY STOCK YARDS COMPANY HORSE AND MULE MARKET. Have always on hand a large stock of all grades of Horses and Mules, which are bought and sold on commission in car-load lots.

In connection with the Sales Market are large feed stables and pens, where all stock will receive the best of care.

Special attention given to receiving and forwarding.

The facilities for handling this kind of stock are unsurpassed at any stable in this country.

Consignments are solicited with the guarantee that prompt settlement will be made when stock is sold.
