Senate Takes Up Tax Bill

FRIDAY

THE SCURRY COUNTY TIMES

VOL. 74, NO. 15 SNYDER, TEXAS, FRIDAY, JULY 10, 1959 EIGHT PAGES—PRICE 5c

Would Balance Budget

By FRANK N. MANITZAS

AUSTIN (AP)—Lt. Gov. Ben Ramsey announced the Senate would take up the $181,588,000 budget-balancing tax bill today.

"We will get it as quick as we can," Ramsey said as the Senate opened its session.

The bill has been printed and members of the Legislature are waiting for it to be assembled and distributed.

It was not yet known whether an effort will be made to bring up the conference committee's report on the compromise revenue measure in the House. As written, the bill is about 75 per cent sales tax.

The conference report must be adopted in full or rejected. It may not be amended. It may, however, be sent back to conference by either the House or Senate with instructions.

Approval of the tax bill would be a major step toward completion of the second special session.

Direct word from Gov. Price Daniel on his attitude toward the bill may come today. J. T. Ellis, his fiscal officer, has indicated the governor will back it although he does not favor many of its provisions.

Jess Irwin, budget officer for the governor, said that Daniel may be forced by the newspapers to say what his attitude is on the bill. "Of course, he's for it," Irwin said.

The joint conference committee said the money raised is enough to erase the deficit and take care of 1960-61 spending.

Representatives tentatively approved yesterday the so-called open beach bill. In a different form than approved by the Senate, the bill says the beach from the water line to the edge of vegetation is for the public enjoyment of Texans and other citizens.

The tax bill is split:

$47,800,000 in new taxes on natural gas and utilities with corporation franchise hikes picking up the most—32½ million dollars.

$126,000,000 in sales taxes on cigarettes, cigars and other smoking tobacco, motor vehicles, cameras, liquor, air conditioners, private clubs, boats and motors.

Smokers pay the most.

Cigarettes, now taxed 5 cents a pack, go up to 8 cents for 1960-61, in 1962, the tax drops to 6 cents a pack but the two-year total will bring in $61,400,000.

TAX REPORT—Sen. R. A. Weinert, center, of Seguin Tex., passes out the joint House-Senate Tax Conference Committee report to reporters at Austin, Tex. The Conference Committee report will raise $181,678,000 and is aimed at clearing the state's deficit and the state's spending for the next two years. (AP Wirephoto)

New Proposal On Berlin Prepared

By HERB ALTSCHULL

GENEVA (AP) — The Western Allies are reported working up a new proposal to put the Berlin dispute on ice for several years and give the Soviet Union a summit conference in the fall.

The foreign ministers of the United States, Britain and France are expected to put the proposal to Soviet Foreign Minister Andrei Gromyko soon after the Big Four conference resumes here Monday.

As outlined here, the plan contains only one change in previous Western proposals. East and West Germany would be given equal representation on a subcommittee to take preliminary steps toward reunification of Germany.

Previously the West proposed a subcommittee of 25 West Germans and 10 from the Communist East, because West Germany's population is more than three times that of the East.

In return for this concession, Western officials think the Soviets might agree to freeze the situation in Central Europe, including Berlin. But they are considerably less than optimistic.

"It all depends on whether Premier Khrushchev wants any kind of settlement at all," said a highly placed Western official.

In addition to the freeze on the Berlin situation, the other key point in the plan is appointment of a Big Four commission to work on plans for reunification of Germany, the end of the Berlin occupation and a mutual security system in Central Europe.

The foreign ministers would set no deadline for the commission and the subcommittee to complete their work. That would be left for the heads of government at the summit conference.

At the end of the agreed period, another foreign ministers' meeting would be held to study the reports of the commission and the subcommittee.

"The virtue of the plan is that it would let both sides get out of the foreign ministers' conference without losing face," a Western source said.

Any proposal to put East and West Germans on a committee in equal numbers is certain to be looked on with disfavor by West German Chancellor Konrad Adenauer. The Western Big Three are expected to tell Adenauer the subcommittee will have no powers and will merely report to the Big Four commission.

Two Persons Are Hurt In Area Mishaps

Two persons suffered injuries in two accidents in the Snyder area last night and this morning, but neither was injured seriously.

Sandra Sue Nichols, 19, of 409 Thirty-third, was injured in a two-car collision at about 11:40 p.m. yesterday just east of the city limits.

Lola Rodriquez, 28, of San Angelo, was injured in a one - car accident at about 6 a.m. today 9.4 miles north of here on U. S. Highway 84.

The accident last night was one and one-half blocks east of the city limits on the East Highway, in front of Weber Trailer Court.

Ralph E. Carpenter, 45, of Weber Trailer Court, was headed west in a 1956 Nash and was making a turn into the trailer court from the highway when his car moved into the path of the 1954 Pontiac driven by Miss Nichols, headed east.

Damage to the Pontiac was estimated at $250 and that to the Nash about $350 by Will Cleveland, highway patrolman who investigated.

Miss Nichols was taken by Bell ambulance to Cogdell Memorial Hospital, where she was kept overnight and then discharged.

In the other accident, a 1949 Cadillac driven by Daniel Gonzales Rios, 17, of San Angelo, ran onto the right shoulder of the road, and Rios lost control. The car skidded across the highway and overturned.

The woman was taken by Hudman ambulance of Post to Garza Memorial Hospital there for treatment of back and head injuries.

Cleveland said the car was totally damaged.

'Trading' Seen In Steel Talks Today

NEW YORK (AP) — Signs of horse-trading developed in steel contract talks today.

Negotiating activity picked up up as time grew closer to a threatened industry walkout at midnight Tuesday.

The industry and union bargaining teams, which met only briefly Thursday, then recessed to re-examine their positions, repeated the process today.

After a brief joint session this morning, the management and union representatives split up with a statement saying "The parties have been exchanging data and have recessed temporarily to gather additional information needed when conferences resume."

A further meeting sometime today was definitely planned but the time was uncertain.

The stated admission that "data" was being exchanged could cover many possibilities. It left an encouraging impression. But there was no word the industry had made any wage increase offer.

"I don't feel any change in my pulse beat one way or the other," was the way R. Conrad Cooper put it when asked by newsmen what the prospects were. Cooper is executive vice president of U.S. Steel Corp. and the leader of the industry's fight against higher pay demands.

Cooper and the industry's bargaining team resumed direct talks this morning with a similar four-man steelworkers union team headed by union President David J. McDonald.

Cooper declined to say whether the industry plans to start banking furnaces and tapering off production this weekend in preparation for a strike. But neither side expressed any settlement hopes.

Direct bargaining was recessed most of Thursday to let both sides huddle separately to reassess their positions.

McDonald announced this morning he has summoned the union's 33-man executive board and 171-man wage policy committee to meetings here Monday. McDonald declined to attach any significance to the meetings, saying he merely wants to bring fellow union officials "up to date on developments, if any."

This morning's session lasted only an hour before it broke up with the following joint statement:

"The parties have been exchanging data and have recessed temporarily to gather additional information needed when conferences resume probaby this afternoon."

It was explained another meeting later today is definitely planned but no time had yet been set for it.

The union was reliably reported to be banking on a sudden industry offer, or a departure on the part of one or more major steel companies from the solid industry front, to break the negotiating stalemate.

Long Plans Suit Against Magazines

WINNFIELD, La. (AP) — Louisiana Gov. Earl K. Long said today he will file suit Monday for damages in excess of two million dollars against Time, Inc., for what he claimed were "slanderous articles and pictures" in Time and Life magazines.

He said he expects his attorney, Joe Arthur Sims, to file the suits in 19th District Court in Baton Rouge. The announcement was telephoned to Mrs. Margaret Dixon, managing editor of the Baton Rouge Morning Advocate.

There was no comment on what material in the magazines Long referred to, but two of his legislative leaders—State Sen. B. B. Rayburn and State Rep. Jesse McLain — were upset Thursday night when they read this week's issue of Life Magazine.

They were particularly critical of a picture which showed the governor on the edge of a bed in a Covington, La., motel last week in bed clothes and without his false teeth.

In a further comment on his planned vacation in the West, the 63-year-old governor said he would leave his Winnfield farm for Shreveport, La., Saturday and then catch a plane for Fort Worth, Tex.

Long, continuing to ignore doctors' advice to remain quiet, drove to Winnfield from Baton Rouge Thursday night.

The trip of approximately 250 miles took about 4½ hours. Several state police cars escorted him into town early today. Long went immediately to bed in his tin-roofed farm house.

The governor stopped en route at a restaurant in Krotz Springs owned by State Rep. Frank Diesei.

Ken Lane, news director of radio station WLCS in Baton Rouge, observed Long at Diese's restaurant but wasn't allowed to question him.

Lane said the governor appeared in good spirits and, contrary to some reports, didn't look like a dying man. Long stayed in the car during his 45-minute stopover at Krotz Springs. He chatted with Diesei, State Sen. B. B. Rayburn of Bogalusa and J. J. Artell, president of the Red River and Atchafalaya Levee District.

Long laughed and joked quite a bit, Lane said.

Rayburn said he expected the governor to take off today on the tour that may reach into Mexico and Canada.

More Rains Seen Today

By The Associated Press

Thursday's thunderstorms and showers gave way to clear weather over much of Texas Friday, but the Weather Bureau warned it probably won't last.

Scattered showers and thunderstorms are forecast for all parts of the state Friday and Saturday.

The only moisture reported Friday was in the form of showers which fell along the Gulf Coast near Beaumont and Galveston. Skies generally were clear in the rest of the state.

Rainfall ranging from sprinkles to almost three inches fell Thursday from clouds which covered sections from the Upper Texas Coast to Wichita Falls and Childress on the Oklahoma border.

Beaumont had the heaviest rain, nearly three inches.

Another afternoon thunderstorm dumped 1.50 inches on Electra in North Texas.

The Abilene area also reported good rains.

Rainfall totals for the 24 hours ending at 6 p.m. Thursday included .65 inch at Galveston, .59 at Houston, .68 at Palacios, .39 at Longview, .37 at Waco, .19 at Wichita Falls.

Police Give Lesson In Stripping

DETROIT (AP) — Thirty-four exotic dancers gathered at police headquarters Thursday for a post-graduate course on permissible stripping.

The course, held at the Detroit Police Academy, attracted such nightclub entertainers as Blaze Fury; Reddi (No No) Sloan and Senorita Yum Yum.

Presiding over the course was Inspector Melville Bullach, head of the Police Censor Bureau. Bullach instructed the girls how to strip in Detroit and stay out of jail.

A majority of the city's strip-tease colony turned out.

Bullach warned the showgirls that while sex can be displayed in Detroit night clubs "it can't be used to incite a riot."

"I want to see your feet moving," the gray-haired inspector said and gave a demonstration of bumps and grinds which he says are taboo in Detroit.

The girls laughed at the inspector's technique.

Jury Dismissed In Conspiracy Case

WASHINGTON (AP)—The jury in the Richard A. Mack-Thurman A. Whiteside conspiracy case was discharged today after deliberating for more than 30 hours without reaching a verdict.

U.S. District Judge Burnita S. Matthews discharged the jury from further deliberations after receiving a note from the foreman, Robert A. Burner, in which he said the jury stood 11-1.

Burner did not say whether the majority favored conviction or acquittal.

Mack, former member of the Federal Communications Commission, and Whiteside, a Miami lawyer, were accused of conspiring to rig award of Miami TV Channel 10 to Public Service Television, Inc.

Burner said the 11 jurors felt the stand of the 12th was "not consistent with reason."

The foreman asked for further instructions from the judge. Instead of giving them, the judge called the jurors into the court room, thanked them, and excused them from further deliberations.

The trial, which began April 7, was the longest here in recent years.

There was no immediate word whether the government might seek a second trial.

When the jurors came into the court room, Judge Matthews asked the foreman whether it was true that the jury could not reach a verdict.

"It is, your honor," Burner replied.

After discharging the jurors, Judge Matthews reprimanded Nicholas J. Chase, Mack's lawyer, for what she described as his improper conduct during the trial.

She told Chase that in his previous appearances before her, she had always found his court room manner to be correct.

But in the long Mack-Whiteside trial, she said, Chase overstepped the bounds of propriety. She added that Chase at times had been "rude, disrespectful and disobedient."

She remarked that on two occasions he had called a government prosecutor a liar but said she was taking no action beyond a reprimand in view of the length of the trial, and its stresses and strains.

Preemption Bill Has Texas Support

AUSTIN (AP)—The Texas Legislature is on record today that Congress should approve a bill aimed at keeping federal laws from preempting state's rights in certain fields.

The Senate voiced its approval yesterday. The House did it last week.

The resolution urges U.S. Sens. Lyndon B. Johnson and Ralph Yarborough to vote for the Smith Act. It says no congressional law shall preempt a state law in any field unless the federal act says so specifically.

The two weeks summer training ends this weekend.

Suspect In Diamond Theft To Las Vegas

GALVESTON (AP) — Edward Daniel May was ordered yesterday returned to Las Vegas, Nev., for trial on charges in the theft of the Krupp diamond.

The 3-carat diamond ring, valued at $250,000, was stolen from Mrs. Vera Krupp April 10. She is the former wife of munitions magnate Alfred Krupp of Germany.

The FBI arrested four persons, including May, and recovered the ring in Newark, N.J., in May.

A U.S. commissioner ordered May's bond of $25,000 reduced to $5,000.

Prizes Set For Floats In Rodeo Parade

Prizes have been officially announced by the Scurry County Rodeo Association and Chamber of Commerce for top floats in the first day parade of the annual Scurry County Rodeo.

The parade will be held at 5 p.m. Wednesday.

Three floats will be awarded prizes in the parade, with the one judged best receiving $150, second $90, and third $60.

Lynn Fenton, parade marshal, asked that any organizations planning to enter floats call in their entries to the Chamber of Commerce as soon as possible. While some are planning floats, no entries had been turned in by this morning.

Fenton said floats could be entered up to the time the parade begins, but parade officials want to know of entries as soon as possible so plans can be made for lining up the parade.

Top riding groups will be given trophies in the parade. A number of groups have been invited to participate, and so far four have indicated they will be in the parade. Host riding groups, not competing for the trophies, will be the Scurry County Sheriff's Posse and the new Posse-Annes organization.

National Guardsmen Prepare For Review

NORTH FT. HOOD (AP)—The 36th Infantry Division of the Texas National Guard returned to cantonment areas yesterday and started preparing for today's review.

The review was the first in honor of Maj. Gen. Carl Phinney of Dallas, the commander, since the division was reorganized last March.

Little Rock Has Last Commencement

LITTLE ROCK, Ark. (AP)—Twenty - eight seniors gradate from Baptist High Sschool tonight in the last commencement of the year for Little Rock's private schools.

The graduates were among the 3,700 students displaced when Gov. Orval E. Faubus shut the city's four public high schools last September to avoid integration.

Three all - white private high schools were established in October. They took care of about 1,100 students. No private schools were set up for Negroes.

The remaining 2,600 displaced students sought schooling elsewhere.

Rural Postal Station Designated At Murphy

A rural tributary station to the Ira Post Office will be established at Murphy on the shore of Lake J. B. Thomas, Ava Moran, acting postmaster at Ira, has announced.

It will be known as Murphy Rural Station, Ira, Texas, and the opening of the station is set for July 16.

Halley Brown will be clerk in charge of the station, which will be located in his store at Lake Thomas.

Striking Convicts Being Transferred

REIDSVILLE, Ga. (AP)—Officials reported that hunger strikers at the Reidsville State Prison dwindled to a mere 250 today and that they are being transferred elsewhere.

A spokesman for the State Department of Corrections in Atlanta said that as many as 140 are being removed to the maximum security rock quarry prison at Buford, a distance of some 200 miles.

The remainder, he added, will be dispersed to various smaller facilities in an attempt to stamp out the day-old hunger strike.

He emphasized that there has been no disorder at the 2,900-inmate state prison — that the warden and other officers were in full control at all times.

The corrections spokesman said big prison buses carrying from 30 to 40 prisoners each were mobilized for the convict transfer. Some 40 state troopers were called upon to assist.

Warden R. P. Balkcom, in the midst of the transfer operation, told newsmen at 8 a.m. he was too busy to talk. In terse comment, he described the situation then as unchanged. "Some ate breakfast and some didn't," he said.

The strike began with breakfast Thursday to bolster demands for improved conditions at the prison. Varying numbers refused all three meals Thursday.

State Corrections Director Jack Forrester said that since the strike was orderly, no effort was made Thursday to force the hand of the convicts.

"We have no rule that they have to eat," he said.

But he and the warden served notice that any rule violation will meet swift punishment and that every precaution will be taken to nip trouble in the bud — "stop it before it starts."

At breakfast Thursday, 400 convicts refused to eat after posting a nine-point list of demands in their cell blocks.

Bryant Rites Pending Here

Funeral arrangements are pending at Bell Funeral Home for Leonard Clifford Bryant, 57, who died at his home at Ira at about 6:30 a.m. today after a heart attack.

Mr. Bryant, a farmer, was a veteran. He was born Feb. 21, 1902, in Dallas County. He had been a Scurry County resident for many years.

Place and time of funeral have not yet been set. Burial will be in the Ira Cemetery.

Survivors include his mother, Mrs. Des Bryant of Ira; two sisters, Mrs. Clifton Thomas of Ira and Mrs. Sam Webb of Gustine; and two brothers, Elmer Bryant and Odell Bryant, both of Ira.

Body Is Recovered After Two Years

GRINDELWALD, Switzerland (AP)—"I had to go and get him down. I could not stand the sight of it anymore.

"For two years I had the vision of the body suspended on the wall before me. Every time my eyes turned toward the Eiger, I had the terrible vision of this abandoned body. It became a kind of obsession with me.

"As a guide and a Christian, I had to do something. That is why I volunteered."

This was Adolf Jaun's explanation of his perilous descent Thursday on a steel cable to remove the body of Stefano Longhi, who died two years ago trying to scale the north face of 13,000-foot Mt. Eiger.

Longhi and another Italian mountaineer, Claudio Corti, went to the Eiger on Aug. 3, 1957, and had climbed together for a week before their fall. Both were pinned to the mountain face, hanging by their climbing ropes.

Ski planes flew winches and steel cables to the top of the Eiger, and a guide was lowered. Corti was hauled up Aug. 11, but a violent blizzard stopped rescuers from going after Longhi. The next day observers scanned the vertical rock wall with telescopes and found the 44-year-old Italian had died during the night.

Attempts then to recover the body were abandoned because of the extreme danger. But the body at times could be seen clearly from Grindelwald and the surrounding valley. A Dutch newspaper offered to finance a new recovery attempt.

Again winches and cables were flown to the peak and set up by a group of 15 Swiss guides. Jaun volunteered and swinging precariously from the steel cable, he made the recovery in a shower of brittle granite. The body had been perfectly preserved by the cold.

WEATHER

SNYDER TEMPERATURES: High Thursday, 98 degrees; low, 66 degrees; reading at 7:30 a.m. today, 70 degrees; precipitation, .06.

East, South Central and North Central Texas: Partly cloudy through Saturday with widely scattered thundershowers. No important temperature changes.

Northwest Texas: Partly cloudy through Saturday with widely scattered thunderstorms. A little warmer this afternoon.

Southwest Texas: Partly cloudy through Saturday with widely scattered thunderstorms. Not much change in temperatures.

West Gulf: Variable winds 5 to 15 m.p.h. with partly cloudy and a few showers through Saturday.

No Violations, Says Addison's Lawyers

By WHITEY SAWYER

DALLAS (AP) — Attorneys for John Milton Addison asserted today that his promotion of cash for a uranium process does not place him under federal securities acts.

They sought to stave off a permanent injunction against his borrowing money to promote a uranium purifying machine, which Addison claims processes ore at much less cost than present methods.

The Federal Securities and Exchange Commission earlier obtained an injunction prohibiting Addison from disposing of his assets or negotiating for more money from investors.

In a preliminary statement to Federal Judge T. Whitfield Davidson, Addison's attorney, Lester May of Dallas, charged that the government is harrassing his client.

John Ford, attorney for the SEC, presented a series of affidavits he said were signed by persons who loaned money to Addison.

Ford said the statements showed that the lenders understood they would receive an unspecified share of the income from Addison's business activities.

May quickly declared he possessed conflicting affidavits from the same lenders.

Addison has said that he borrowed money from many persons for development of what he terms the Benson Upgrader.

There was no immediate indication of when the hearing will end or when Judge Davidson will announce a decision.

The federal courtroom was packed with spectators. May said most of them were supporters of Addison.

The 31-year-old promoter sat stiff and straight and listened intently to proceedings. He was dressed in a dark suit of the latest cut.

Bank Robbers Set Record In Past Year

WASHINGTON (AP) — Bank robbers were busier last year than in any year in history, the FBI reported today.

The report for the fiscal year ended June 30 showed 764 violations of the federal bank robbery law. They included 415 robberies, 233 burglaries and 86 larcenies.

This compared with 631 violations in the previous fiscal year and 606 in 1932, at the height of the ganster era.

In a year-end report to Atty. Gen. William P. Rogers, FBI Director J. Edgar Hoover said:

"I want to point out that bank robbery has been, and always will be, a crime of the most serious nature.

"Every trigger-happy bank robber is a potential killer and should be treated as such.

"The only way to stem the tide of bank robberies is for witnesses to assist law enforcement agencies in identifying the robber, and this cooperative action must be followed by swift solution, vigorous prosecution, and the imposition of sentences suiting the gravity of the crime."

Hoover reported 11,719 convictions during the last 12 months in FBI-investigated cases, an increase of 262 over the previous 12 months.

He listed a total of $135,408,100 in fines, savings and recoveries in FBI cases during the 1959 fiscal year, and said bureau agents recovered 16,957 stolen motor vehicles during the period.

A record 5,198 car thieves were convicted in the federal courts.

Pair Held In Dope Raids

MONTREAL (AP)—Two Montreal men were held without bail today on narcotics charges after police seized drugs worth about eight million dollars on the underworld market.

Giuseppe (Pepi) Cotroni, 45, and Rene (Bob) Robert, 31, entered no plea when arraigned Thursday on charges of trafficking in narcotics and conspiring to traffic with unknown persons.

Maximum sentence on each charge is 14 years and the lash. The whip to be used and number of lashes are fixed by the court.

The two are wanted by Chicago authorities on charges of possessing bonds stolen in a 3½-million-dollar robbery of the Brockville, Ont., Trust & Savings Co. last year.

Cotroni and Robert were arrested in a suburban Montreal motel after a series of Royal Canadian Mounted Police raids during the past month netted 13 pounds of heroin.

No dope was found in the two men's room or on them, however.

Prosecutor Joseph Cohen told the court in opposing bail that their operation was "so big and extensive that any bail would not ensure the presence of the two accused at the time of trial."

TODAY'S MARKETS

FORT WORTH (AP) — All livestock steady.

Hogs 200: butcher hogs 15.00-16.00; sows 9.00-12.00.

Sheep 300: feeder lambs 15.00-17.00; ewes 6.50-7.50.

PUBLIC RECORDS

BUILDING PERMITS

Walter Niles, business building, 301 Avenue S, $40,000.

Tom Mullins, residence, 301 Thirty-fifth Street, $12,000.

MARRIAGE LICENSES ISSUED:

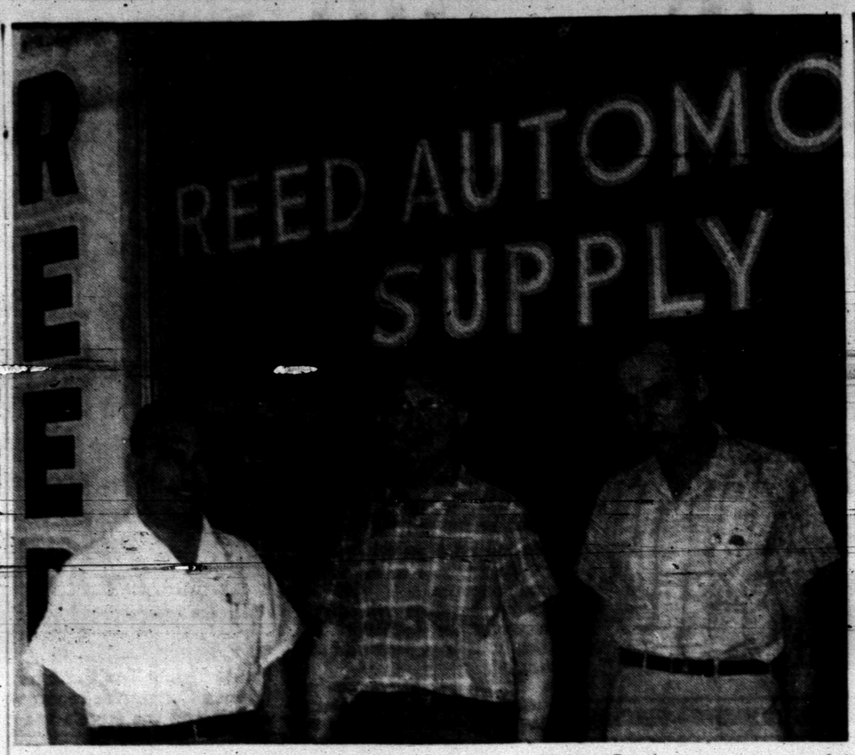

George J. Stubblefield, 30, 308 Twenty-third Street and Lela Maxine Caldwell, 30, Brown's Courts.

COUNTY CRIMINAL COURT:

Ervin Williams, plea of guilty to two cases swindling; 10 days in jail in each case, to run concurrently.

NEW VEHICLES REGISTERED:

Ronald Pearson from Wilson Motors, 1959 Ford four-door.

SUPPLIER of parts for the automotive trade here is Homer Reed, center, owner of the new Reed Automotive Supply, 2204 Twenty-fifth Street. Shown with Reed is Frank Morris, left, manager of the Dallas warehouse of the National Automotive Parts Association, and Wilson Davis, right, salesman for the Reed firm.

New Automotive Supply Firm Open

Recently opened in Snyder was Reed Automotive Supply, a firm which was established to supply parts replacements for the automotive trade and help with any problems which may arise mechanically with the automotive service man in this area.

The firm, located at 2204 Twenty-fifth Street, is owned by Homer Reed, who moved here from Temple to establish the business.

At Temple, Reed was in the truck and automobile sales and service business for 15 years, selling White trucks and Willys Jeeps, and for the past five years he sold and serviced GMC trucks and Jeeps. He brought his Jeep parts stock to Snyder with him as a part of the stock in his automotive supply firm.

In addition to handling automotive parts for a number of years, Reed is a master machanic, holding several certificates of achievements from several car and truck manufacturers.

Reed's firm is associated with the National Automotive Parts Association, largest warehousing organization in the world, which purchases top lines from reputable manufacturing concerns after they have been thoroughly tested to meet high quality standards. Articles are guaranteed.

The NAPA warehouse for Snyder is in Dallas, supplying its numerous jobbers with overnight service for any emergency order.

Mr. and Mrs. Reed live at 2302 Forty-second Street. They are Church of Christ members.

Naming 7th Is Problem

TOKYO (AP) — Thousands of Americans in the Far East are being asked to help a U.S. Army couple name their seventh child.

It's not as easy as it sounds. Names of the first six children rhyme, a 15-year family tradition. Sgt. Jack Lovett, in Korea, and his wife, back home in Texas, would like to keep up.

The seventh child is due after October. Lovett wrote the military newspaper Stars & Stripes saying they had just barely found a rhyming name for the sixth a year ago.

Stars & Stripes asked its readers to send in rhyming names, keeping in mind the new baby may be either a boy or a girl.

Lovett's wife, the former Geraldine Gravette, is living at 313 Water St., Whitesboro, Tex.

With her are Libday Fay, Larry Ray, Garry Jay, Glinda Kay, Brinda May and Winda Gay.

COGDELL MEMORIAL

ADMISSIONS — Henry Ramsey, 2803 Avenue Y; Roy Kimzey, 3208 Avenue L; Joy Panter, Claremont; Peggy Ruth Harris, 2305 Fortieth Street; Obie Sadler, Lemons Lease Camp; Roxie Angel, 3709 Avenue E; Joan Jordan, Laverne, Okla.; Margaret Wilson, 108 Thirty-fourth Street; Hester Pitts, 2908 Avenue L; Norma Crawford, Gen. Del.; Roxie Shepherd, Route 2; Lilly Belle Eason, 2305½ Avenue H; Sandra Nichols, 407 Thirty-third Street.

DISMISSALS — Henry Ramsey, 2803 Avenue Y; Ethel Brown, Dunn; Arlie Taylor, Snyder; Silsan Smith, 808 Twenty-eighth Street; Tommy Hendricks, Snyder; C. A. Heath, 1906 Thirtieth Street.

Traffic Toll Causes Alarm

CHICAGO (AP) — The National Safety Council says it is alarmed at what it called the nation's soaring traffic death toll. Unless the number of deaths are reduced sharply, the council says, there will be 39,800 traffic deaths this year. That is 2,800 more than in 1955.

Howard Pyle, president of the council, told a news conference Thursday that traffic deaths in the first five months are 5 per cent higher than in the same period last year.

"We are alarmed," he said. "If the public could also be alarmed and inspire adequate protective measure, lives could be saved."

The council suggested inauguration of these safety measures at once:

Step-up law enforcement in areas where it is low; inspect high accident locations to remove physical hazards; analyze court penalties to see if they are deterring violations; suspend drivers licenses of accident prone and violation repeaters; more rigid enforcement of drunk driving laws, and step up public education for safe driving and safe walking.

Uranium has been used for years as a color influence in ceramics and glass.

Hearings Watched By Big Oil Firms

By TEX EASLEY

WASHINGTON (AP)— The big oil companies with overseas operations have watched a hearing this week before the House Ways and Means Committee. The subject was a bill by Rep. Hale Boggs (D-La) to increase incentives for investment of American capital.

The bill would allow foreign subsidiaries of U.S. companies to defer payment of U.S. taxes on overseas income and make a 14 per cent cut in the corporate tax rate on foreign income, now 52 per cent. It also would allow a U.S. tax credit equal to the taxes waived by foreign countries in their bid to attract investment of U.S. capital.

Such incentives, if granted, could weaken the position of the forces seeking to reduce the existing 27½ per cent depletion allowance for income tax purposes. For that reason, the whole industry has an interest in Boggs' bill.

Whether the bill has much chance in this session of Congress is problematical.

The committee also has under study President Eisenhower's recommendation for a 1½ cent a gallon increase in the federal tax on gasoline to provide money for the interstate highway program. Rep. Frank Ikard (D-Tex), a member of the committee, says the committee probably will settle for a half-cent boost.

The status of other legislation of interest to the oil and gas industry:

A bill to extend for four more years the Interstate Oil Compact has been passed by the House and probably will clear the Senate soon.

The House Interior Committee this week approved a bill doubling the public land acreage that can be leased for oil and gas explorations in Alaska. Rep. Walter Rogers (D-Tex), a member of the committee, says the proposed 600,000-acre limit should greatly stimulate drilling.

A Senate Interior subcommittee has set a hearing for July 14-15 on proposed changes in the Mineral Leasing Act to permit 10-year leases on public lands throughout the Western states. The limit now is five years with a five year renewal.

Fireman's Own Car Produces A Blaze

LOS ANGELES (AP) — Something was burning. Fire communications chief Pete Thompson could smell it.

"But I didn't know it was my own car until people started to holler at me," he said.

An engine, siren blaring and red lights blinking, raced to the rescue in downtown Los Angeles Thursday. Thompson summoned it on his two-way radio.

"I didn't identify myself," the red-faced fire official admits. "It would have been too embarrassing."

A wiring short was blamed.

Fast Draw Just 90 Degrees Off

CORPUS CHRISTI (AP)— City Patrolman D. J. Hudgens stopped his patrol car yesterday to pass the time of day with a man and wife target practicing in sand dunes just outside the city.

Carl Thompson halted target shooting a moment to demonstrate his fast draw to Hudgens.

The shot that followed was 90 degrees off. It hit Thompson in the leg.

Hudgens gave first aid at the scene. The bullet was removed from the lower part of Thompson's leg at a local hospital.

Women's hoop skirts began to be a major fashion in 1859. It was an extra boost to industry because it opened a market for wire to make the skirts billow out.

George Washington recorded in his diary the agricultural and other inventions for which he is credited. But he admitted once the plow he invented didn't work so well on ground where there were "stumps and stones."

Stop! Swap! and Save!
at your Ford Dealer's
SUMMER SWAPPING BEE
Get a 2ND MILLION DEAL now!

59 Ford Galaxie Club Victoria

Because Ford's the first manufacturer to sell over one million '59 cars... your Ford Dealer can offer you even greater savings now, on the 59 FORD of your choice!

GET A HONEY OF A 2nd MILLION DEAL NOW!

Ford sales are booming over the million mark! And right now, during the Ford Summer Swapping Bee, you can get an extra-generous 2nd Million Deal on any one of the new Fords that are already the most popular cars, best-selling three cars.

YOU CAN SAVE UP TO $102.75 ON THE POSTED PRICE ALONE!
Ford prices are the lowest of the best-selling three. Take a Fairlane 500, for example. It is priced $102.75 lower than the major competitive model,* when both are equipped the way most people buy cars—with heater, radio and automatic transmission. And the bigger 2nd Million Ford trade your Ford Dealer can make you, now, makes your savings still greater!

SAVE UP TO A DOLLAR ON EVERY TANKFUL OF GAS!
Standard Ford engines thrive on lower-cost, regular gas. That saves you as much as a dollar a tankful. And Ford's standard Full-Flow filter stretches oil changes 4000 miles apart.

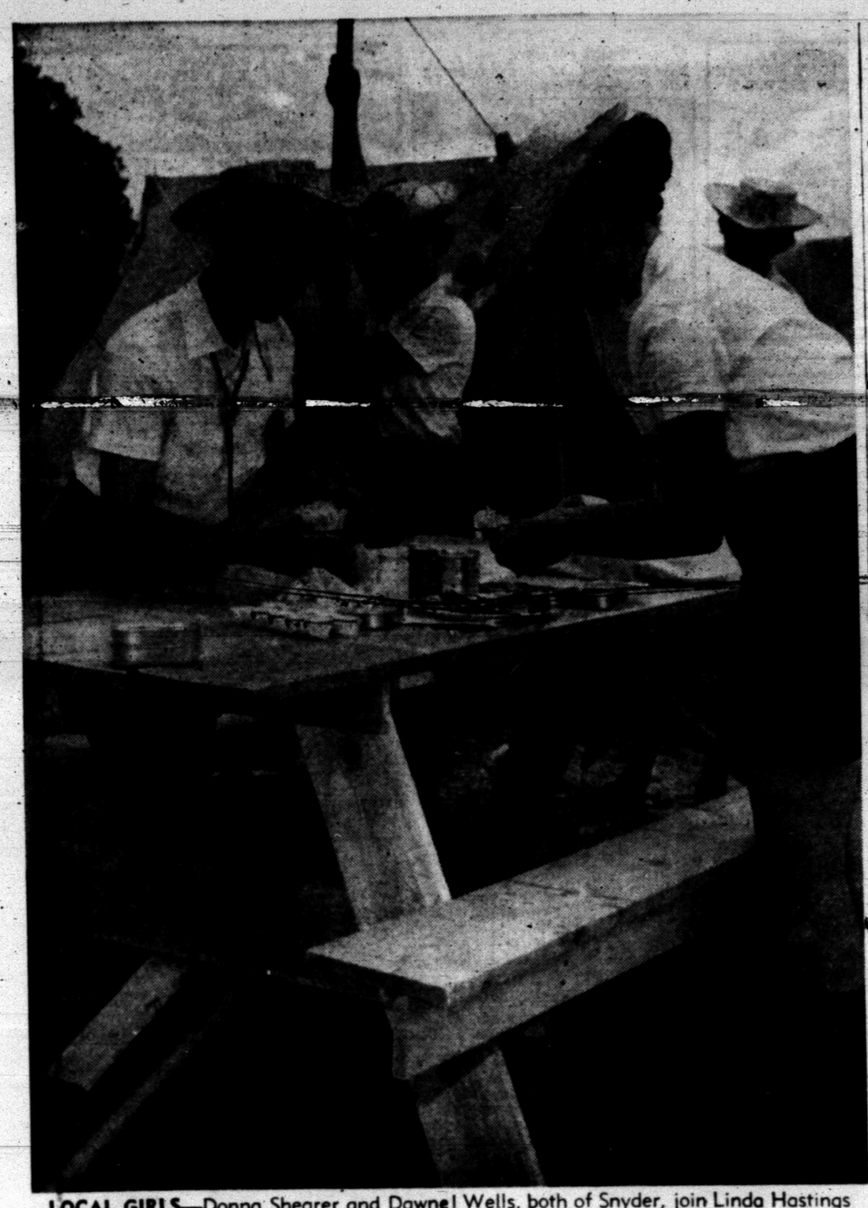

SAVE ON MAINTENANCE!
Some of the new saving features you get in the 59 Ford are . . . amazing Diamond Lustre Finish that never requires waxing to keep its beauty bright . . . an aluminized muffler that normally lasts twice as long as the ordinary kind used in other cars . . . a husky 66-plate battery instead of the usual 54-plate battery installed in other cars.

SAVE WITH YOUR FORD DEALER'S EXTRA-GENEROUS TRADE-IN ALLOWANCE!
Because Fords are the most popular cars, Ford Dealers can afford to make more generous trades. Visit your Ford Dealer and see how you can save with this 2nd MILLION FORD DEAL . . . now!

MAKE A "BEELINE" TO YOUR FORD DEALER FOR A HONEY OF A 2nd MILLION DEAL ON ANY OF THE

LOCAL GIRLS—Donna Shearer and Dawnel Wells, both of Snyder, join Linda Hastings and Ann Duncan of Roscoe in preparation of Maine sardine sandwiches at the Girl Scout Senior Roundup near Colorado Springs, Colo. The Maine Sardine council donated 10,000 cans of sardines, each attractively decorated with a cover featuring the emblem of the Roundup. Because of the cover, the cans of fish which were not consumed have become popular swap items.

WOMEN

Gals Want Security, But Is That Enough?

COLUMBIA, Mo. (AP) — What do today's young women want in a husband?

"Men, who will stay at home, help with the children and go on picnics," says Margaret Mead, anthropologist and author.

"The young women of today feel it's all right for a man to starve himself for art or to pursue some hazardous undertaking, but it's not all right for him to starve his wife and children.

"Wives don't want husbands so interested in a job that they play second fiddle to work.

Miss Mead, author of "And Keep Your Powder Dry" and other books, is a staff member of the Menninger Clinic and Foundation at Topeka, Kan. She visited Columbia as a consultant in the planning of a $2,500,000 construction project at Stephens College.

"Girls marry boys who will take the safe, easy job with tenure and fringe benefits," she says. "In the world we will have to face for another 50 years, that's not enough.

"It doesn't leave room for people to make exciting advances in science, art or exploration."

Miss Mead says a young woman's choice of a husband is influenced by her education. She says the younger generation's addiction to security can be attributed to their parents, who found precious little of it during the depression and World War II.

Girl Tourist Makes Own Wardrobe

By DOROTHY ROE
AP Newsfeatures Writer

PRETTY Rosemary Doty, 16-year-old exchange student of Lake City, Iowa, is in Norway this summer with one of the smartest, most practical travel wardrobes of the season — and she made every stitch herself.

Rosemary is among 758 American high school students who are visiting Europe this summer under sponsorship of the American Field Service Committee Exchange program, which brought 1,100 European teen - agers to American high schools this year. She will live for two months with Mr. and Mrs. Ottar Fjaer and their son and daughter on their farm in Bangsund, Norway.

Rosemary's two-suitcase wardrobe, weighing less than 40 pounds must see her through travel, sightseeing, parties, souvenir hunting, work on the Fjaer farm and weekends at their cabin in the mountains. Her first step in planning an adequate wardrobe was pattern selection. One pattern made both her corduroy travel coat and the blouse and skirt for her navy travel suit. Another was used for both her slim checked separates and for the full skirt of her plaid separates. What about fabrics?

"Wash and wear," Rosemary says emphatically. "I may not get very much time for ironing."

To make sure she washed a sample of each prospective fabric before she invested her money in it.

"I wanted everything to go together," she explains," so I chose navy as a basic color and stuck to various shades of blue, plus plaids and prints in turquoise, green and dark blue. For accent I chose scarlet for a corduroy coat, shoes and bag."

Here's what Rosemary packed: a three-piece navy blue suit; navy and white giant check slim skirt and blouse to mix and match with the suit; full-skirted separates in plaid and a light blue cotton satin blouse-tie shirt with coordinated striped blue-and-white skirt for shipboard; a shirtwaist dress in red-and-navy plaid and a full-skirted cotton party dress in turquoise, green and deep blue print shorts, white pedal pushers, wool skirt and slacks with coordinated tops and sweaters, all planned to cope with any temperature from the usual 80 degrees of a Norway summer in the lowlands to the chill of the mountains. For any necessary extra wraps she's depending on Norwegian ski sweaters she plans to buy over there.

Are U. S. Babies Getting Bigger?

GARDNER, Ill. (AP) — Babies are getting bigger all the time.

This word comes from a manufacturer who has been making baby clothes here for almost 40 years. Before World War I clothes for new babies looked like doll clothes. Now these standard items are almost twice as big.

Then one yard of fabric could be cut into three baby gowns or kimonas. Today it takes two yards.

Today's sizes one to three, says the manufacturer, are comparable to sizes two to four of 40 years ago.

Cherry-Berry Pie

To make a success of "cherry-berry pie," preheat the oven at 425 degrees. Make pastry for a 2-crust pie and line the pie pan. Add 2 cups pitted sweet cherries, 2 cups raspberries. Sprinkle ¾ cup sugar mixed with ¼ cup flour and ½ teaspoon cinnamon over the top of the fruit and dot with 2 tablespoons butter. Cover the top with pastry, seal the edges well and bake in an over preheated to 425 degrees for 35-40 minutes or until the juice bubbles through the slits on top of the pie.

Shish Kebab

One new range features 5 metal skewers attached to a rotisserie spit. With each turn of the spit, each skewer makes an additional half-turn. This results in perfect all-over cooking of the foods on the spit and eliminates the need to turn the meat or baste. A self basting attachment is also available.

MEDICINE CHEST "LEFTOVERS"

There's but one good place in the home for "leftovers." That's the refrigerator—and the "leftovers" should be foods, not medicines.

Medicine chest "leftovers" are risky at best, and often downright dangerous. The medicine your physician prescribed a year or so ago was intended to be used then, not now. Avoid serious danger—dump old medicine at once.

Each illness requires scientific diagnosis — and, usually, specialized medicine is indicated.

See your physician. Let him decide what's best. Call on us to provide your medication.

Battle Of Zippers

By DOROTHY ROE
AP Women's Editor

ARE YOU afraid of zippers? Does the prospect of inserting a zipper in a skirt give you a feeling of inadequacy?

When you make a dress, does the zipper placket always turn out looking home-made?

Zippers have been a stumbling block for home sewing fans for lo, these many years. Many women can turn out a professional job on a dress, and then spoil it all with a botched zipper job.

This is a fact long recognized by both zipper manufacturers and instructors at local sewing centers. Son now they have put their heads together and ave come up with a simplified method.

New zippers have a bead-like sewing quide line to assist you in stitching, the metal parts are flatter and narrower, to give a smoother effect and they have an automatically locking slider shaped to avoid snaggling.

If you follow directions carefully you can even put them in smoothly without the use of pins or hand basting. Here's how:

First prepare the placket, making its length equal to that of the metal part of the zipper, plus a half-inch waistline seam allowance. To prevent stretching of the placket it is wise to stay-stitch it ⅜ inch from each edge, on the seam allowance. Next close the placket with machine basting and press the seam open. To do machine basting, use a long stitch and loose tension.

Now adjust stitch size for regular sewing and attach the zipper foot attachment to your sewing machine. Adjust the attachment to the right side of the needle, placing it so that no part of the foot rides on the metal portion of the zipper.

Open the zipper and lace it face down on back seam allowance with bottom stop at lower end of basting and teeth edge of zipper at seam line. Sew along-side the sewing guide lines stitching through tape and back seam allowance only.

Adjust zipper foot for stitching to the left side of the needle. Close zipper and turn face up. Smooth or press fabric away from zipper to make a narrow fold in the back seam allowance along zipper. Edge-stitch on fold beginning at bottom end of tape. This time sew through fold and tape only.

The final step is to spread the garment flat with zipper face down on front seam allowance. Stitch across bottom. (Turn corners by raising presser foot while needle is in fabric and pivoting on needle.) Stitch up along side of zipper, following sewing guide line, sewing through tape, seam allowance and front of placket.

Remove machine basting. Press placket on inside of garment for a smooth professional finish.

A dampened brown paper may be used successfully as a substitute for a pressing cloth.

Mrs. J. H. Blamey Guest Speaker For WSCS

The Women's Society of Christian Service met at 10 a.m. Wednesday at the church.

The program was led by the Mary Martha circle and was titled "Faith With Works, The Local Church."

A panel composed of Mrs. Charles Osborne, Mrs. Jack Patchell, Mrs. Doyle Gallman and Mrs. Bob Womack held a discussion with Mrs. Womack as moderator.

Mrs. J. H. Blamey was guest speaker for the meeting and spoke on woman's work in British Methodism.

Added Flavor

Old-fashioned way with wax beans adds great flavor.

Hamburgers
Wax Beans Frances
Tossed Green Salad
Chocolate Pudding
Mashed Potatoes
Bread Tray
Beverage

WAXBEANS FRANCES

INGREDIENTS: 1 pound wax beans, ¾ cup boiling water, ½ teaspoon salt, 1 medium-sized onion (quartered and cut in fine strips), 1 can (3 ounces) chopped mushrooms (drained), 2 tablespoons butter of margarine, pepper.

METHOD: Cut tips from beans; scrub in cold water; drain. Cut beans in half lengthwise and crosswise, in a 2-quart covered saucepan rapidly cook beans with boiling water and salt just until tender-crisp-12 to 15 minutes; drain off any remaining small amount of water. Meanwhile in 8-inch skillet lightly brown onions and mushrooms in butter; add to beans with more salt if needed and freshly-ground pepper to taste reheat. Makes 6 servings.

WHAT'S GOING ON

Recent guests in the home of MR. AND MRS. J. G. RANDLE, 811 Sixteenth Street, were Mrs. Randle's son and family, MR. AND MRS. DWAIN KITE, DAVID AND DONNA of Kansas City, Mo. They also visited in Mr. Kite's sisters' home, MR. AND MRS. NUELL MEBANE and family of the Union community, and MR. AND MRS. HAROLD DENSON, 2426 Sunset, and with Mrs. Kite's aunt, MR. AND MRS. JOE EATON, 406 Thirty-second Street.

Combination

Delightful main-course combination of foods.

Ham and Asparagus with Cheese Sauce
Hot Buttered Toast
Strawberry Shortcake
Beverage

HAM AND ASPARAGUS WITH CHEESE SAUCE

INGREDIENTS: 1 pound asparagus, 2 tablespoons butter or margarine, 2 tablespoons flour, ¼ teaspoon salt, ¼ teaspoon dry mustard, white pepper, 1 cup milk, ½ cup diced soft cheddar cheese, 4 portions sliced ham.

METHOD: Prepare and cook asparagus stalks; keep hot. Meanwhile melt butter in a 1-quart saucepan over low heat; stir in flour, salt, mustard and dash of pepper. Add milk; cook and stir constantly until thickened. Add cheese; keep heat very low; stir vigorously until melted. Heat ham in a little butter; arrange on toast; place cooked hot asparagus on ham; pour cheese sauce over. Makes 4 servings. You'll need 4 or 5 asparagus stalks for each serving, so if they are heavy you may have to buy more than the 1 pound called for.

OUR VIEW

Need For Water Safety

Those who predict the violent death tolls during holiday periods long have placed top emphasis on traffic hazards, but there is a challenger today.

Last weekend, which embraced the July 4 holiday, brought this into clear focus when drownings set a new record with a total amounting to approximately two-thirds of the traffic death count.

The National Safety Council had given traffic priority in its warnings to the American motoring public, as had the Texas Department of Public Safety in its reminders to drivers in this state.

Actually, the sharp rise in drownings should not have been surprising. Accidental deaths usually increase as participation in activities which expose people to accidents rises.

For several years, traffic has claimed over 35,000 lives each year in this country, while drownings have been tabulated at between 6,000 and 7,000 per year.

Extensive use of the automobile has kept the traffic death potential high, especially during holidays.

Now, interest in water activities is causing a sharp increase in the "exposure" to drowning. There are more lakes available than ever before, particularly in Texas, and this has resulted in more interest in such activities as motor boating, fishing, water skiing, etc.

This indicates that safety lessons in this field, along with appropriate warnings, laws and regulations must be kept abreast of the times.

Herter Realistic In His Comments

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)— Christian A. Herter—for a secretary of state—is a very frank man. His feelings as he returns to Geneva for talks with the Soviets, he says, might be unfit to print.

Premier Nikita Khrushchev, who prides himself on being brutally blunt, never outdid that one.

Twice at his news conference Thursday—his first since becoming secretary of state — Herter tried to say he was pessimistic about success in the American-Soviet talks which resume Monday at Geneva.

He didn't actually say he was pessimistic. He just said he wasn't optimistic. Just a short time ago at Geneva he finished six weeks of talks with the Soviets and got nowhere. This next go-round may last weeks, too.

Then one of the 190 newsmen—who crowded into the State Department auditorium to see him perform where his predecessor, John Foster Dulles, had held forth so often—asked him near the end of the 40-minute conference:

"Mr. Secretary, if you could use only one word to describe your feelings as you head back toward Geneva, what would that one word be?"

Herter grinned. Twice he had used lack of optimism as a euphemism for pessimism. He seem for that one word to describe his feelings. Then he said: "It might be unprintable."

That was a directness alien to the mind of Dulles, who died May 24.

The late secretary, a highly successful lawyer, talked like one. He used his great legalistic skill in getting across American viewpoints, stating policy positions and floating trial balloons. He handled his news conference like a stage manager.

But his sentences and his ideas—and this was the lawyer working—were interwoven with qualifications and implications that sometimes had to be dug out like shrapnel from under the skin.

He was a master at leaving the back door open in case he had to retreat.

Yet, unlike the rambling, disconnected, broken sentences and unfinished thoughts of President Eisenhower at a news conference, Dulles' sentences were always, despite twists and turns, grammatically sound and flowing.

So is the sentence structure of Herter, a "proper Bostonian" from Harvard. But Herter is easier to follow. His sentences are shorter, more direct. He has a simplicity Dulles lacked.

Dulles ran the State Department out of his hat. Often he gave an impression of arrogance. Herter, who depends on teamwork, seems a less complicated man of good nature and good will.

He was relaxed Thursday, although crippled by arthrits. He smiled easily, was unpretentious, and it was clear he had done his homework in the three years he has been in the State Department.

The 64-year-old Herter was named under secretary late in 1956. He didn't become secretary until April 22. In between those dates he was completely overshadowed by Dulles and probably thoroughly ignored.

So he had time to learn his job. It showed Thursday when he knew detailed background of American problems in Europe and Asia. Nevertheless, it was a pretty drab news conference.

Herter for the most part — and particularly about his lack of optimism on Geneva—simply was restating what he had said or implied before.

His ease in handling the newsmen is no guarantee he will be a good secretary of state. The proof and the test lie before him: He has 18 months in the job before the Eisenhower administration ends.

So far he has shown very little sign of forcefulness. But that proves nothing—yet. He's not the type anyway to come in with a roar. He has a choice: Follow Dulles' policy or try to break new ground.

Dulles' policy was frozen and in many ways unimaginative: He just followed the Truman-Acheson policy of stiff-arming the Soviets on all fronts. That worked all right so long as the Soviet Union was comparatively weak.

Possible Changes During Atomic Age

By HAL BOYLE

NEW YORK (AP) — Will the atomic age create a two-headed human race?

Will the man of the future have six eyes, perhaps, and three legs and five arms?

These possibilities, admittedly remote, must be at least considered — in view of what happened to the Florida frogs.

You remember the strange case of the Florida frogs? Unusual frogs were discovered last month near Gainesville, Fla.

They had extra eyes and extra limbs. At first no one paid much attention to them, tolerantly figuring they were probably just a new breed of Yankee tourists, and all Yankee tourists look odd anyway.

But scientists, after studying them, theorized they were homegrown frogs whose ancestral genes had probably gone awry as the result of atomic fallout radiation.

Not all such mutations are necessarily bad for a species, of course. They might even improve the breed—make it better able to face the problems of a troubled world.

Stretching the long arm of possibility a bit farther, what might happen if more and more nations develop hydrogen bombs, and the rate of test explosions is stepped up steeply?

Well, it is likely that in time we might start observing a few dramatic mutations among human beings.

Would that be good or bad for the human race?

A person with three legs would have no particular advantage over a two-legged person, since civilized people don't use their legs much anyway. If pants had three legs in them the cost of suits would go up again. So would the price of a trio, instead of a pair, of shoes.

The advantage of a third eye, however, is obvious to anyone. Today it is just what both pedestrian and driver need to cope with traffic.

The advantages of extra arms are even more obvious. How often have you heard a housewife complain she has only two hands? With three, four, five or even six hands — could do many more things easily, and, housework would become a breeze.

An equally heartening prospect is the possibility that in time atomic radiation might produce people with two heads. There is no telling how much finer a world would emerge if everybody was two-headed, and therefore twice as thoughtful.

But as soon as these mutations start appearing — if they do — you can be sure of one thing. A bunch of old fogies will run around screaming: "Stop the hydrogen bomb explosions! We don't want children with two heads, six eyes, four legs and five hands. We want our children to look like us!"

That's the trouble with human progress. There's always a bunch of fuzzy-minded, stubborn, stick-in-the-mud folks who want to keep things the way they are. They fight any change for the better.

Actress, Producer Settle Dispute

MEXICO CITY (AP) — Italian film star Silvana Pampanini and Mexican producer Miguel Contreras Torres settled their differences out of court yesterday and cancelled pending lawsuits against each other.

Miss Pampanini agreed to appear in a movie to be produced by Contreras Torres next year. The contract also calls for a second optional film at a salary of 150,000 ($12,000).

Price Of Russian Goods Indefinite

By SAM DAWSON

NEW YORK (AP)—The Soviet Union has put her challenge to American business on display at New York's Coliseum. And American business representatives have been giving it careful — if somewhat puzzled—scrutiny.

In consumer goods, the challenge is less than impressive. In scientific fields and in technical machinery Soviet ability is evident.

But the Soviet Exhibition of Achievements in Science, Technology and Culture here leaves two big questions unanswered:

1. How much of any of the products on display can the Soviet Union actually produce, spare and sell abroad?

2. What price competition can it offer American industry?

Few American businessmen who have asked these questions while viewing the exhibits report getting definite answers.

Soviet prices for export apparently will be what political policy dictates.

The exhibits bear no price tags. Inquiry as to what a Soviet worker himself would have to pay for the consumer goods are answered in round terms by the guides. But what the Soviet Union would ask for them in world trade isn't.

Few of the consumer exhibits show any aim at pleasing American tastes. Some of the industrial machinery seems ill-suited to American industrial requirements.

But U.S. observers note that some products seem definitely aimed at other world markets, where until recently American productive skill had an inside track.

Cut-rate prices — particularly machinery and machine tools — could put Americans in a bad competitive position, U.S. industrialists have been quick to note.

And tailoring special products to special needs — at special prices and come-on credit terms — could bring the Soviet Union trade, if she really wants it and goes out for it.

American businessmen questioning Soviet officials at the exhibition say that, for all the display of scientific advancement, the Soviets are still actively shopping here for American technological knowledge. They also figure that this is one of the main objectives of the visit to this country of First Deputy Premier Frol R. Kozlov.

Whatever reservations American observers have about the Soviet exhibits, many believe the Soviet Union could be a trade threat in other markets than this one — with its own peculiar pricing policies.

CATS TAKE GPL LEAD

Dodgers Clinch Pony League Title

The Scurry Butane Dodgers clinched the 1959 Pony League championship last night when they swept a double - header from the second place Courthouse Tigers, 5-3 and 2-1.

The Dodgers boosted their season-reacord to 11-2 with the Tigers falling six games behind the pace with a 6-8 record. The Bengals could have kept their title hopes alive with a sweep of last night's twinbill.

In the Graduate Pony League, the Optimist Cats regained the league lead from the Furr Yankees with an 11-8 victory over the Yanks. The win gave the Cats an 8-5 record as compared to the second place Yankees' 8-6 showing.

Keith Moreland saved both games for the Dodgers last night. Moreland relieved starter Durwood Bronson in the third of the first game and picked up the win and then came back in the nightcap to shut down a Tiger rally in the seventh inning.

Moreland relieved starter Lupe Lopez in the seventh with the bases loaded and none away and the Tigers needing one run to catch up. The Tigers failed to score.

The Dodgers won the nightcap despite being held to one hit by Gerald Bullard. A double by Jimmy Taylor in the fifth inning was the only hit off Bullard.

The Cats and Yankees were hooked up in brilliant mound duel between Charles Gladson of the Yanks and Benny Greenfield of the Cats until the sixth inning. The score was tied at 1-1 after five innings but both pitchers lost control in the final two innings to turn the game into a marathon.

The Cats scored 10 runs in the sixth inning with the Yankees coming back in the top of the seventh for seven runs. Both Gladson and Greenfield had no-hitters going until the sixth. Ironically each pitcher spoiled the others no-hit bid, each getting the first hit for their respective teams. The Cats wound up with only two hits while the Yankees got four.

The Cats and Braves will meet tomorrow at 6:30 in a makeup game.

Kincaid Is National LL Bat Leader

Tom Kincaid, slugging catcher for the Lions Club Cubs, leads the National Little League in hitting with a hefty .442 average.

Kincaid has banged out 23 hits in 52 trips. Kincaid also leads the National League in runs scored with 19 and his 23 hits also is a league's best.

Two other National Leaguers are hitting in the .400 circle. John Flynn of the Rotary Cardinals is the second leading batsman with a .409 mark with Larry Jones of the Cubs following with a.400 average.

Kenny Gay of the Giants and Ray Kizer of the Cardinals share the No. 4 and 5 spot in the league batting, each hitting at a .381 clip.

Following are the league averages that include all games up to but not including last night's game: (All players with at least one hit are included in the averages):

GIANTS RAP BRAVES

White Sox Hike American LL Lead

The Trinity Methodist White Sox took a firmer hold on first place in the American Little League last night with a 8-2 victory over the Von Roeder Indians.

In the National League, the Quarterback Giants rose up to defeat the Kiwanis Braves, 12-2.

The White Sox boosted their lead to 1½ games with last night's victory. The defeat dropped the Indians to third place two games off the pace. The West Texas Bank Athletics are in second place.

Lino Felon ignited a five - run White Sox rally in the fourth inning and the Hose breezed in from there. Felon's homer came with Brit Paty and Mac Galyean on base and snapped a 1-1 tie.

Robert Foree held the usually heavy hitting Indians to one hit. Richie Smedley doubled with two away in the sixth inning for the only Indian safety.

The Giants won an unexpected easy decision over the Braves, erupting for four runs in the first and six in the second to win going away. The game was called after four innings on the 10-run lead rule.

Eddie Greenfield homered and singled to lead the Giants at the plate.

There will be no games played in the Little League tonight because of the AAU Junior Track Meet at Lubbock of which several Little Leaguers are entered.

The Cubs and Cardinals will play tomorrow at 7 to be followed by the Athletics and Yankees.

Jordan Risks Title Tonight

PORTLAND, Ore. (AP) — Don Jordan of Los Angeles risks his welterweight boxing crown tonight against an exuberent teen-ager who hopes to become the youngest fighter ever to win the title.

The challenger is 19-year-old Denny Moyer, who will be fighting before home town supporters in the scheduled 15-round outdoor bout at the Portland Meadows race track. He is ranked the No. 5 contender by the National Boxing Assn., No. 2 by Ring magazine.

German Champ To Fight In Dallas

DALLAS (AP) — Franz Szuzina, German middleweight, will be one of the main eventers in a boxing show here July 27. His opponent will come from Joe Giardello, Charley Cotton or Jimmy Beacham.

Szuzina appeared here last year, knocking out Victor Penn in the second round.

Florida State Lures Orange Star

ORANGE (AP) — Charles Alexander, quarterback of Stark High School here last season, has gone to Tallahassee for a summer job leading to enrollment in the fall at Florida State University.

Alexander signed a letter of intent at Rice but said he is going to Florida State because of a "better summer job and more of what I want to study in college."

Leslie Brown Top Hitter In American LL

Leslie Brown of the Legion Yankees is the only .400 hitter in the American Little League as he leads the league with a mighty .465 mark.

The Yankee pitcher-infielder has clubbed out 20 hits in 43 trips. His 20 bingles is also a top league mark.

Three members of the Von Roeder Indians follow Brown in batting. Ritchie Smedley, big Tribe first baseman, is the league's second leading hitter with a .380 average. Teammates Jerry Smedley at .353 and Blake Roberts at .341 rank No. 3 and 4 in the league.

Rounding out the top five is Rayburn White of the Yankees with a .310 average.

Brown shares the lead with two others in total runs at 13. Others with 13 markers are Robert Foree and Jerry Wilson of the Trinity Methodist White Sox.

Following are the league averages up to but not including last night's game: (All players with one or more hit are included in the averages):

San Antonio Relief Ace Out With Injury

TULSA (AP) — Manuel Montejo, San Antonio relief pitcher, will be out of action for several weeks.

Montejo became angry at himself for losing a Texas League game to Tulsa and swung at a glass shower door in the club house.

He was hospitalized for stitches in the tendon of his non-pitching arm.

"He won't have use of the thumb and finger for around three weeks," said Grady Hatton, San Antonio manager.

Giants Take National Lead

By ED WILKS

Maybe you remember Roger Craig, the big right-hander who made his rookie debut with Don Bessent in mid-1955 and gave the Dodgers a double lift to the National League pennant and their only world championship.

He won 12 in 1956, then lost the touch. So did Bessent, and they wound up in the minors.

Now Craig's back and he's got the touch again. Unbeaten, he won his fourth in a row Thursday night, with 11 innings of three-hit shutout relief that paid off with a 4-3 Los Angeles victory in 13 innings over Milwaukee — tumbling the Braves from first to third and hoisting the Dodgers to second place.

The San Francisco Giants jumped into the National League lead, by a half-game over the Dodgers and a full-game over the Braves, with a 3-2, ninth inning victory at Cincinnati that ruined Fred Hutchinson's debut as manager of the Reds.

Reliever Elroy Face won his 18th in a row, 13th this season, as third place Pittsburgh defeated the Chicago Cubs 4-3 in 10 innings.

Philadelphia and St. Louis split a twi-night doubleheader, the Cards winning 6-2 after the Phillies had taken the opener 11-0 behind Gene Conley's seven-hit pitching.

In the American League, Chicago's second place White Sox trimmed Cleveland's lead to one game, beating the Indians 4-3. Third place Baltimore blanked Washington twice, 8-0 and 5-0, in a twi-night doubleheader behind right-handers Milt Pappas and Jerry Walker. Boston busted New York 14-3. And Ray Herbert and Johnny Kucks each pitched five-hit shutouts as Kansas City stretched Detroit's losing string to six, 5-0 and 4-0.

Craig's brilliant relief job, outdueled a two-man try by Braves' starter Joey Jay and Warren Spahn, the loser in relief. They had blanked the Dodgers after Norm Larker's tying, three-run pinch homer in the third.

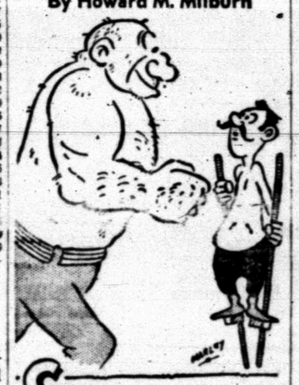

Craig, following starter Danny McDevitt, retired 26 of the first 27 men he faced. He walked none, struck out three.

Spahn (10-9) gave up five hits and struck out five (for a total of 13 Dodger whiffs) while losing his fifth in a row to the Dodgers, fourth this season. Always a jinx for the great southpaw, the Dodgers have a 29-14 edge over Spahn.

Willie Mays singled, stole second, then rolled home on Daryl Spencer's single for the Giants' winning run. It came off reliever Tom Acker (1-2), who came on after Don Newcombe was lifted for pinch-hitter in the eighth.

Junior Editors Quiz on— CUSTOMS

QUESTION: Why did the people of China bind their children's feet?

• • •

ANSWER: The custom of binding feet was not practiced on all the children of China. Boys' feet never were bound. Nor were the feet of girls of the lower classes. It was just the daughters of wealthy and aristocratic families who underwent the painful experience.

Binding the little girl's feet shortly after she was born and keeping them bound for years resulted in her having very small feet when she grew up. Sometimes her feet were only half normal size. This was a mark of distinction, showing that she was of noble birth.

Feet-binding had a crippling effect on the person whose feet were bound. She could do little more than hobble around her garden, which really didn't make much difference because girls of aristocratic families were not expected to work. The practice has been stopped by recent Chinese governments.

• • •

FOR YOU TO DO: Here is a drawing of a little Chinese girl with bound feet being helped by her nurse. Color it, making the little girl's clothing bright red, blue and yellow.

• • •

(Michael Babiak of Barnesboro, Pa., wins $10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 7-10

Derby Winner Is Sold On Flying

SPOKANE, Wash. (AP) — "Women would probably feel a lot more relaxed if they got out of the kitchen once in awhile and up into the air."

That's the opinion of Aileen Saunders, pretty pilot winner of the 1959 Powder Puff Derby—the transcontinental air race for women.

"Flying gets to be second nature after awhile, like sweeping the floors or pinning baby's diaper," remarked the three-time derby veteran. "But even so it's a big thrill to be up there, always invigorating.

"I guess winning this race makes me about the happiest woman in the world. I'm just thrilled to death."

Mrs. Saunders, wife of a California building contractor, flew the 2,470 mile race in a Cessna 142 owned by her husband. She credits him for her victory.

"If it weren't for Walter (hubby) I probably wouldn't even know how to fly. I used to accompany him on business trips, finally four years ago he let me take the controls and now says I'm a better flyer than he is. He's only trying to tease me though."

Some 120 pilots and copilots flew the 13th annual derby in ships ranging from 85 to 300 horsepower.

"Naturally most contestants can't afford to pay for the all that gasoline and some have to rent planes," she said. "That's why we consider ourselves lucky to get a sponsor. Some husbands act as sponsors."

A West Coast equipment company footed Mrs. Saunders' gas bill and other incidental expenses. First prize money totaled $1,300. Winners were announced Thursday.

Mrs. Saunders who is 32, got married at 16. "Now I'm teaching my 15-year-old son to fly."

Derby officials said the Saunders' 145 h.p. ship flew at an average of 111.53 miles per hour. Placement ratings were computed on a handicap basis with capability and elapsed flying time taken nto account.

Stubborn Machine Grips Housewife

By EDDY GILMORE

LONDON (AP)—Olga Minter's washing machine, a button and Mrs. Minter's finger tied up 15 firemen, two policemen, an ambulance crew and a doctor for two hours Thursday.

A button lodged in the washer's drain pipe. Mrs. Minter, 30, stuck her finger into the pipe to try to dislodge the button.

The finger wouldn't budge.

She tried again and again.

She sat on the floor beside the machine and tugged. The finger stayed stuck.

The telephone began ringing. Mrs. Minter kicked the washer a couple of times but it wouldn't let go.

She tried to reach the telephone by dragging the labor-saving device along with her. This hurt her finger so much she had to stop.

Water leaking from the machine spread a puddle about her, soaking her backside. And then her 3-week-old baby began howling for his dinner.

At this point a neighbor fortunately walked in, sized up the situation and dialed an emergency number on the telephone.

The firemen, the cops and the ambulance all arrived at the same time.

"I've never felt so ridiculous in my whole life as when all those men walked in," said Mrs. Minter.

While her rescuers began their tug of war with the washer, a huge crowd assembled outside. This tied up traffic for blocks around.

In desperation, the doctor was about to have Mrs. Minter — washing machine and all — taken to a hospital. Then "plop." The finger gave and the day was saved.

Arness Signs New Contract

HOLLYWOOD (AP) — Relax "Gunsmoke" fans — those varmints aren't going to kill off Marshal Dillon after all.

Jim Arness, who plays the quick-drawing marshal, and CBS Thursday announced signing a new contract. Arness' old contract was to expire after filming 39 episodes for next season and the show's producers hinted darkly that the marshal might die with his boots on.

Under the new contract, Arness will have his own producing company and will produce the "Gunsmoke" series in association with CBS. His company also will produce other programs for the network.

The show begins its fifth year in the fall.

Skunks Hold Upper Hand

LOS ANGELES (AP) — "We have nothing against skunks; we just don't want them in our neighborhood,"

So spoke Wanita Brewer as she rejected as too cruel a skunk trap offered by the city Thursday.

Problem of the exclusive Eagle Rock neighborhood in north Los Angeles: five of the little black and white critters. They've settled in Mrs. Brewer's garage.

A garden hose was no help—when they were squirted with it the skunks deserted the driveway for the garage, good-naturedly.

The Chamber of Commerce was no help. It advised calling the police, who advised calling the humane society. An inspector said:

"If I shoot one, lady, the others will surely raise a—uh—scene."

So—that's where things stand.

Policeman Gets No Chance To Read Sign

GRAND RAPIDS, Mich. (AP)—Policeman William Ryke lost his eyeglasses to a pet shop monkey.

The monkey snatched Ryke's glasses right off his nose as he bent to read a sign on the cage.

Attendants got them back on a ruse.

Ryke then read ths sign—"watch your eyeglasses."

Skelton Agrees With Critics Of Butler

TEMPLE (AP)—Texas Democratic National Committeeman Byron Skelton has lined up with Texas critics of Paul Butler, chairman of the Democratic National Committee.

Skelton declared yesterday. Butler has outlived his usefulness.

He said Butler's criticism of Lyndon Johnson, Senate majority leader, and Sam Rayburn, speaker of the House, is "unjust, unnecessary and unrealistic." He added "The able statesmanship of these leaders of the Democratic party made possible and resulted in the overwhelming Democratic victories in last fall's elections. I am amazed that Paul Butler does not recognize this fact and give credit where credit is due."

Would Cut Exports

MEXICO CITY (AP)—Mexico is willing to cut its coffee exports 100,000 sacks below the original 1959-60 quota to help stabilize world markets, the Coffee Export Assn. said.

Chessman To Battle Again

SAN QUENTIN, Calf. (AP) — Death row Arthur Carly Chessman, his gas chamber sentence reaffirmed for the second time, said he will battle all the way to the U.S. Supreme Court for the 10th time.

Chessman, convicted Los Angeles sex terrorist, announced his determination Thursday in a 15-minute television and newspaper interview at this state prison, where he has served since July 3, 1948.

The state supreme court Tuesday upheld Chessman's death sentence. The U.S. Supreme Court had ordered a rehearing of his complaint that the transcript of his original trial notes was faulty.

He is to be taken to Los Angeles soon for hearing of a new date set for his oft-postponed execution. He said he will ask for a rehearing and exhaust all state remedies before turning again to the U.S. high court.

He has written three books, two of which were published.

Mild, Damp Weather Due Next Five Days

DALLAS (AP) — The Weather Bureau issued today this 5-day forecast for July 10-15:

East and Central Texas: Temperatures about normal near the coast and extreme South Texas and 2-4 degrees below normal elsewhere. Minimums 73-78; maximums 89-100. Minor day to day changes. Precipitation moderate to heavy in scattered thunder-shower activity.

West Texas: Temperatures near or slightly below normal. Minimums 60-76; maximums 90-96 ... day to day changes. Precipitation moderate to heavy in scattered thunderstorm activity.

WANT AD SALE PRICES REDUCED "RESULTS GUARANTEED!"

CALL HI 3-5486 NOW!

6 DAYS 15 WORDS $1.98

Offer good on all 15-Word Ads ordered for 6 consecutive days between July 8 - 22, inclusive.

FOLLOW THESE SIMPLE INSTRUCTIONS

Place a Want Ad in The Snyder Daily News for 6 consecutive days starting on any day between July 8 and July 22, inclusive.

If your Want Ad has not produced satisfactory results at the end of 6 days, The Snyder Daily News will publish it for you an additional 6 days without charge.

You alone are the judge of results and The Snyder Daily News will accept your decision. If the advertisement is cancelled because of results before the 5-day order has expired, you will be billed for only the number of days the ad appeared at the regular Want Ad rate.

We suggest that you place a Want Ad on any day between July 8 and 22, for 6 days—cancel when you have obtained results and you will be billed for only the days the ad appeared, but in no case will you be charged for more than 6 days.

Size of ad limited to 15 words but you may place as many 15-word ads as you like.
Anyone is eligible for this special offer, whether individual or business concern.

It is not necessary to have an account with The Snyder Daily News—any account will be accepted. Just call your ad in and say, "charge it." THE CONVENIENT CHARGE ACCOUNTS are payable on receipt of bill.

SNYDER AREA CHURCH NOTES

Guests Fill Pulpits For Some Churches In Snyder

St. John's Episcopal

Preacher for the Sunday 11 a.m. service at the St. John's Episcopal Church will be the Rev. Alan B. Conley, vicar of All Stains Episcopal Church at Colorado City.

The Rev. Donald Hungerford vicar here, will be celebrant for the Sunday services. Following this Sunday he will be gone for four Sundays to Connecticutt, and Rev. Conley will fill the pulpit here.

Holy Communion services at the church will be at 7:45 and 11 a.m. Sunday.

• • •

First Christian

Roy Allen Baze of Midland, former member of the First Christian Church here and now of the Midland Memorial Church, will fill the pulpit at the First Christian Sunday.

The Rev. John Reaves, pastor, and his family are visiting in New York for two weeks.

Baze filled a Hobbs, N.M., pulpit two weeks ago and that at his own church last week.

• • •

First Presbyterian

Communion Sunday is scheduled this weekend at the First Presbyterian Church, with the Lord's Supper to be observed at the 11 a.m. service Sunday.

The communion meditation by the Rev. R. Charles Spivey, pastor, will be entitled "A Reason for Spiritual Weakness."

Sunday school will be at 9:45 a.m. During the afternoon communion will be taken to some of the church's sick and shutins.

• • •

First Baptist

The Rev. G. M. Cole, pastor of the First Baptist Church, will speak at the 11 a.m. and 7:30 p.m. services at that church Sunday.

Joe Cargile will lead music in the absence of Virgil Mott, music-education director, who is at the Glorieta Baptist Assembly in northern New Mexico.

Special music will be by Mrs. J. C. Barnett at the morning service and by Cargile at the evening service.

• • •

Grace Lutheran

"The Manner of Men" will be the subject of the Rev. Walter L. Lentz, pastor of the Grace Lutheran Church, at the Sunday 10:45 a.m. service.

Reception of members by baptism is also scheduled for the service. Guest pianist will be Miss Rose Ann McCloskey. Sunday school will be at 9:45 a.m. The church meets at West Ellwood auditorium.

• • •

25th Street CC

Bob Barnes, assistant minister at the Twenty-fifth Street Church of Christ, will speak on "Influence" at the Sunday morning services at that church.

His subject at the evening service will be "Idle."

• • •

First Methodist

The Rev. John Blamey, exchange pastor at the First Methodist Church from Ipswich, England, will speak at the Sunday 10:55 a.m. and 7:30 p.m. services at that church.

At the morning service, special music will be "Ye Watchers and Ye Holy Ones." The youth choir will sing at the evening service.

• • •

Fluvanna Churches

The Rev. R. Charles Spivey, pastor of the First Presbyterian Church here, will speak at the Fluvanna Methodist Church Sunday evening for Presbyterian and Methodist congregations.

The service will be at 8 p.m.

• • •

Calvary Baptist

At the Calvary Baptist Church, the Rev. T. Gerald Cates, pastor, will speak on "Without Faith It Is Impossible to Please God" at the Sunday 11 a.m. service.

His subject for the 7:45 p.m. service will be 'A Never Changing Christ in an Ever Changing World."

On the 8:30 a.m. Calvary Baptist Hour on KSNY, he will talk on "The Glory of the New Birth"

Avenue D Baptist

The Rev. A. J. Martin, pastor of the Avenue D Baptist Church, will speak on "How Does Your Church Qualify" at the Sunday 11 a.m. service.

His subject for the 8 p.m. service will be "The Lord's Supper," and the church will observe the Lord's Supper during the service. He will speak on the 7:45 a.m. Good News broadcast on KSNY. Wednesday services begin at 7 p.m., with prayer meeting at 8:30. Youth night will begin at 7:30 p.m. Thursday.

Says Daniel Aids Mishaps

AUSTIN (AP)—A senator has accused one of Gov. Price Daniel's aides of contributing to Texas' rising traffic accident rate.

And the Senate State Affairs Committee shuttled to subcommittee yesterday a bill giving the Department of Public Safety more power to suspend licenses of repeated traffic law violators.

"You tell everyone drinking and speeding cause accidents," Sen. Wardlow Lane, Center, told State Traffic Safety Director Brad Smith, witness at the hearing. "You help contribute to deaths and accidents on highways in this state. Everyone that doesn't drink and doesn't speed gets a shot in the arm and says nothing can happen to me."

"I think all the laws should be tightened up," Smith said.

The measure, by Sen. Bob Baker, Houston, also was supported by the Texas Legislative Council, Texas Safety Assn., and the Department of Public Safety. The committee voted 9-6 against it.

Fish sleep with their eyes open because they do not have eyelids.

Helicopter Crew Issues Citation

SAN FRANCISCO (AP) — The California Highway Patrol sent sent out today its first citation for a traffic violation witnessed from a helicopter.

J. R. King, supervising inspector, said he and Lt. Earl Pugh looked down in astonishment last Friday morning at a big truck and trailer rig making a u-turn on a six-lane freeway outside Hayward.

King and Pugh, on a flight testing the effectiveness of helicopter observation of traffic, pursued the truck and noted its identifying markings.

The driver, Eric Tell, of Santa Maria, Calif., explained he had forgotten a cargo ticket in San Leandro and turned back to get it.

The citation charges Tell with making an illegal u-turn.

Brush Is Burned Near Rose Bowl

PASADENA, Calif. (AP) — A brush fire near the Rose Bowl blackened 100 hillside acres and threatened many fashionable homes before firemen controlled the blaze Thursday.

Deer, rabbits and other wildlife scurried across well-kept lawns as a score of firefighting companies from nearby communities fought the blaze in 102-degree heat. Three firemen were overcome by smoke.

Residents from about 30 homes were evacuated by firemen, but no structures were damaged. The flames came within 50 feet of some houses. Cause of the fire was not determined.

Cooking Corn

Fresh corn needs only five or six minutes of cooking in boiling salted water; it is done when the "milk" in the corn is set and the kernals will come away from the hull when fork-pricked.

Deborah Kerr Is Granted Divorce

SANTA MONICA, Calif. (AP)—Actress Deborah Kerr has divorced the British television producer, Tony Bartley, charging that he upbraided her and used unkind language.

"Sometimes he wouldn't speak to me for days at a time," she said.

Miss Kerr, 37, married Bartley, 39, in London Nov. 28, 1945. They separated March 27, 1958. Their two daughters, Melanie, 2, and Francesca, 7, will remain under jurisdiction of the High Chancery Court of London.

Producer's Wife Found Unconscious

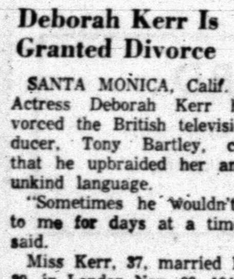

HOLLYWOOD (AP) — The wife of film producer Harold Hect today was recovering from an overdose of sleeping pills.

Police said it was a possible suicide attempt. But Hecht said:

"I really can't believe my wife really meant to take her own life since she left a note to the children asking them to wake her at 8:30 this morning."

Gloria Hecht, 32, was found unconscious Thursday in the couple's Beverly Hills home. Hecht is Burt Lancaster's partner in Hecht-Hill-Lancaster Productions.

The Christian's Corner—

Glen Pace
Minister

(Question) "Is there such a thing as predestination taught in the Bible?"

(Answer) Yes, there is such a thing as predestination taught in the Bible. Romans 8:29 says, "For whom he did foreknow, he also did predestinate to be conformed to the image of his Son, that he might be the first-born among many brethren." We see here that some were predestined to be conformed to the image of his Son. The next verse says, in part, "whom he did predestinate, them he also called." Now, does this mean that before the worlds were that I, as such, was earmarked for either heaven or hell? No, it does not mean that. For these, and related passages, to take on such a meaning would contradict other passages of scripture in the Bible. If I am destined to hell regardless of what I do, then, why did Jesus say "come unto me all ye that labour"? Would I not be included in this "all"? And would he not be just taunting me if I could not come? Such passages as, "the Lord is long suffering to us-ward, not willing that any should perish, but that all should come to repentance", prove that all men could be saved and that the determining factor is largely man himself. Not all men will be saved, but, all men could be saved. Who, then, is predestined? Those that are called (Rom. 8:30). How are we called? By the gospel. (2 Thess. 2:14). What is the gospel? It is God's word. All then who heed God's word are predestined to be conformed to the image of his son. God knew from the beginning that some would obey him and that some would not. Therefore, he predestined that all who would hear his voice and be obedient to him would be the sons of God.

(By Bob Barnes in the absence of Glen Pace)

25th Street Church of Christ)

CHURCH NEWS

Missionaries Accomplished Linguists In South America

By FRED L. STROZIER

RIO DE JANEIRO, Brazil (AP) —A young missionary with an ear trained to unknown languages and a fine ability to mimic, what he hears, approaches the native chief of a savage Amazon tribe.

The chief speaks, perhaps only a few guttural syllables. No facial expression shows the tenor of the remarks. The young white visitor responds, repeating the same sounds he has just heard, without knowing what they mean.

It is as good an opening as any. For the visitor has come to learn unwritten language of a remote tribe and reduce it to writing. His next step will be to train native teachers to spread knowledge of the language among the tribesmen. And finally he intends to translate the New Testament into the tribal language to help missionaries spread the Protestant gospel.

These intrepid pioneers sometimes live for months at a time in South America's wildest jungles. They come prepared for the work by the Summer Institute of Linguistics which is associated with Wycliffe Bible Translators, Inc., of Glendale, Calif.

These linguists in 25 years have spread their work to Mexico, Peru, Educador, Bolivia, Canada, Alaska, Guam, Australia, and Viet Nam.

They are new to Brazil, where 45 of their most scholarly are working with the Brazilian government's Indian Protection Service. The task is enormous. Brazil has 185 Indian tribe's with 40 clearly distinguished language groups already indentified. The linguists work only with tribes whose language has never been written.

Many times they are in danger from their savage hosts. They face wild animals, reptiles and threat to health from untreated water and food. In many instances two young women working along form a team.

The work in Brazil has just gotten an enormous boost. The city of Orlando, Fla., donated a PBY Catalina amphibian plane for work in the Amazon Basin. The plane has just arrived and will be used in Brazil, Peru and Educador.

Orlando got interested because it has "adopted" the Brazilian town of Goiana, on the central plateau, as its sister city.

The plane is named the Condido Rondon, in honor of Brazil's greatest worker with the Indians.

It will add strength to the most remote work of the Institute, which already operates a plane service to places in Peru where no other modern form of transportation is known.

Martin To Speak On Daily Devotions

The Rev. A. J. Martin, pastor of the Avenue D Baptist Church, will be speaker on the "Daily Devotions" program on KSNY next week.

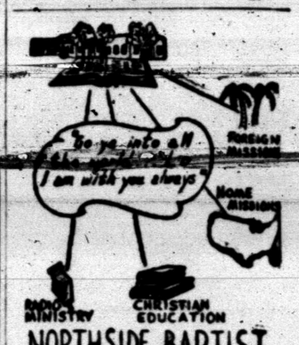

The program is at 9:15 a.m. weekdays, scheduled by the radio committee of the Snyder Ministerial Alliance.

Don't Look Back, Von Braun Urges

HONOLULU (AP) — Wernher Von Braun, Army missile expert, says the United States "can fall into a dangerous trap" in the missile race with Russia "if we persist in looking back to see how fast the other fellow is running."

"It behooves us to run just as fast as we can and let him worry about keeping pace," Von Braun told a meeting Thursday night of the Assn. of the United States Army, an officer organization.

Von Braun said the United States was developing a really big booster rocket larger than "anything the Russians have shown." He said he was sure the United States was behind the Russians in space technology.
