Famous Ax Recovered By Youths

STANFORD UNIVERSITY GETS EMBLEM AFTER THIRTY-ONE YEARS

STANFORD, Calif., April 4. (AP)—The famous Stanford University ax, stolen from several hunky guards at a football game in 1899, today was back home after reposing in a vault at the University of California for 31 years.

Three young men, posing as news cameramen and reporters, last night seized the emblem from University of California students who were taking the ax to an armored car in expectation of continuing the journey to the annual "ax rally" of their school. A tear gas bomb was hurled by the raiders during the melee.

Several thousand California students, after the seizure, guarded roads leading back to the Stanford campus, but in vain. An hour after the initial engagement, the business part of the ax was in Stanford. The former possessors retained a part of the handle.

The ax, symbol of what Stanford intended to do on the athletic field to the University of California, was displayed first in 1899. At that time the phrase "give us the ax" was comparatively new.

At a football game, the next fall, University of California students obtained the implement. Since then the annual "ax rally" held by the California team has been a vexing matter to the rival school.

EXPECT FIVE HUNDRED FOR ANNUAL MEET

INTERNATIONAL EVENTS TO BE DISCUSSED ON PROGRAM AT TECH

Lubbock and Texas Technological college will be joint hosts to approximately 500 delegates from all sections of the Southwest when the joint meeting of the International Relations conference and the West Texas Historical association convenes in this city tomorrow morning.

Prominent speakers from widely scattered sections have been scheduled on the two-day program and include Miss Amy Hemmway Jones, executive secretary of the Carnegie Endowment for International Peace, and Dr. Clyde Engleton, assistant professor of government at New York university.

Seaman To Speak
Others included on the program from this area are Bishop E. C. Seaman, Amarillo; Mrs. Rachel Garza May, of Dallas; Col. R. P. Smythe and Judge L. D. Kinder, of Plainview; Miss Hattie M. Anderson and Prof. L. S. Shelly, of West Texas State Teachers college.

The executive secretary, Miss Jones, has recently returned from (Turn to Page 11, Column 5, Please)

Bond For Dumas Is Set By Agreement

Bond for J. H. Dumas, arrested last Monday at Brownfield and charged with theft of a Ford sedan, property of Rufus Rush, of Lubbock, this morning was set at \$1,500 by agreement of attorneys Dumas, at noon, had not been able to make the bond and was still in the county jail.

Two other examining trials are scheduled this afternoon. Hearing for R. B. (Blackie) Lester will be resumed at 4 o'clock today. Lester is charged with having threatened the life of his father-in-law, C. A. Anderson.

Hearing also will be held for H. P. Patterson, charged with theft of an automobile, property of C. A. Carnado.

FORN OFFICER "GUILTY" FORT WORTH, April 4. (AP)—William R. Logsdon, former prohibition agent, was found not guilty of accepting a bribe by a jury in federal district court in a verdict read today.

THREE-POWER NAVY PACT SEEN

ADJOURNMENT OF PARLEY IS LIKELY SOON

UNITED STATES, GREAT BRITAIN, JAPAN IN NEW AGREEMENT

LONDON, April 4. (AP)—Signing of a three-power pact by the United States, Great Britain and Japan and quick adjournment of the naval conference were said in an authoritative quarter late today to be quite possible.

This would involve leaving the knotty questions of French security and Franco-Italian parity to be signed in other fields, and would provide so that France and Italy would be in a position to sign as soon as these difficulties had been ironed out.

RETURN PLANNED BY U. S. DELEGATION

LONDON, April 4. (AP)—The American delegation, this afternoon tentatively engaged negotiations to return home on the Leviathan April 21.

(By Associated Press)
LONDON, April 4.—Italian demands for naval parity with France loomed again today as the rock on which naval conference hopes for a five-power limitation treaty might be wrecked.

In the Italian camp the view was reiterated that no recession from the parity-with-France principle was possible. Simultaneously increasing impatience was manifested with Anglo-French negotiations for a new interpretation of the League of Nations covenant and the Locarno agreements.

An Italian spokesman close to Dino Grandi, foreign minister, said that these negotiations belonged properly at Geneva, where all league members might participate.

BUSINESS CLUB HOLDS LUNCHEON

A program of mystery, one of interest, was the feature of the regular weekly luncheon of the American Business club at the Hilton hotel today noon.

Madame Flo LeRoy, now on the stage at the Lyric theater, and Prof. Gordon, entertained members of the club with feasts of mystery which kept their listeners wondering what the woman would say next.

Straying around the banquet table Madame LeRoy would give the name of each person seated. Members were asked to think of a question they wished answered. In each instance the woman closed her eyes, repeated the question from the subjects mind and gave an answer.

The mystic offering featured the entire portion of the program, presided over by President Carl D. Brandt, with about 25 members present.

ROBBERIES THOUGHT CLEARED

ALBUQUERQUE, N. M., April 4. (AP)—With two women and two men in jail here today police believe they have solved a series of robberies in Albuquerque, losses in which have been approximately \$2,300.

The fire-zone was doubled in extent today about the outlaws No. 1 Mary Sudik off well in the south Oklahoma City field, as preparations for a new effort to bring it under control neared completion. The zone, from which all but actual workers on the well were excluded, was extended to a radius of 31-2 miles by authority of C. R. O'Neil, state fire marshal.

Low hanging clouds of white gas, permitted by a calm to roll over the field, made the increased precaution against fire advisable.

The ground for hundreds of feet about the well was saturated with oil, forming a hazard that would transform the vicinity of the well into an inferno if ignition took place.

Two plans for conquering the great seyer of oil were pursued by Homer Orsag, petroleum engineer who arrived here by plane from Tampico, Mexico, to take charge of the problem. The first was the dropping, or "stabbing," of an "overshot," a pipe-contained valve, into the top of the protruding casing.

Raskob Silent On Demos Stand On Pro Question

(By Associated Press)

WASHINGTON, April 4.—Called for questioning in regard to his stand against prohibition, John J. Raskob, chairman of the democratic national committee, today testified before the senate lobby committee that he had "no right to commit the democratic party on either side of the question."

After testifying he had contributed between \$65,000 and \$66,000 to the association against the prohibition amendment, of which he is a director, Raskob asserted he was careful not to mix his personal beliefs on prohibition with the affairs of the democratic national committee.

"My opinion," he said, "is that no one can commit the democratic party on this question except the national convention. I shall not try to influence any democratic member on this question."

The committee room was crowded with spectators as Raskob appeared. Three members of the lobby committee were present. They were Senator Robinson, republican, Indiana, who asked that Raskob be

JOHN J. RASKOB called, and Senators Caraway of Arkansas and Walsh of Montana, both democrats. Caraway, chairman of the committee, questioned Raskob at first.

The democratic chairman said he contributed \$12,500 to the association against the prohibition amendment in 1928, \$30,000 in 1929 and had pledged \$30,000 for 1930, some of which had been paid.

Raskob said he thought some progress had been made toward modification or repeal of the Eighteenth amendment, but testified he took little part in the active work of the association. He added the wet organization was interested in the election of wets to congress "rather than in the persuasion of those in congress."

Under sharp questioning by Senator Robinson, the democratic leader said the association was not a lobbying organization, but added he was not sure of the correct definition of the term.

F. Scott McBride, superintendent of the Anti-Saloon League, was one of the spectators in the crowded room. He stood in the rear and listened intently.

Frequent clashes between committee members developed as Robinson continued his questioning.

THREE SLAIN, FOUR INJURED IN SHOOTINGS

OTHER VICTIMS LIKELY TO DIE RESULT OF AFFRAYS THURSDAY

(By Associated Press)
WICHITA, FALLS, April 4.—Mrs. Eunice A. Moore was dead and her husband, John W. Moore, was perhaps fatally wounded today as a result of a quarrel on a downtown street here.

Mrs. Moore was shot to death last night on the street after the two had quarreled in a hotel lobby.

They left the hotel and started toward another, the husband carrying his wife, witnesses said. She was heard to express fear of going farther and before lookers had an opportunity to interfere.

Moore had fired several shots and turned the gun on himself. Two bullets struck Mrs. Moore in the back, and the third pierced her heart. One bullet was fired into the side of Moore's head.

TWO MAY DIE
TAYLOR, April 4. (AP)—H. E. Joyce, 42, of Temple, and Otho E. Woodruff, 22, of Granger, were not expected to live today, as the result of a shooting in the oil field near Chapman City. The shooting occurred last night, Woodruff was

MARY PICKFORD WARNER BAXTER DECLARED BEST

HOLLYWOOD, April 4. (AP)—Mary Pickford and Warner Baxter, in the estimation of their co-workers, gave the best motion picture performance in the year ending July 31, 1929.

The honors, given by the academy of Motion Picture Arts and Sciences, were announced at a banquet last night attended by virtually every important figure in the industry.

Miss Pickford was selected for the award because of her work in the picture "Coquette" and Baxter for his characterization in the picture "In Old Arizona."

THIRTEEN MEET DEATH IN BLAST

(By Associated Press)
BRUSSELS, Belgium, April 4.—Thirteen men were killed and eight injured in a fire-damp explosion in a coal mine at Elouge, near Mons, last night.

Two of the injured men were seriously hurt and were taken out by rescue crews who worked desperately throughout the night.

The explosion occurred as an electrically controlled dynamite charge was detonated. The miner in charge of the operation declared all precautions had been taken and there was no trace of fire-damp before the accident.

Building Valuation Total Given Boost

A permit was issued this morning at the city hall for \$5,000 to bring Lubbock's building valuations of the city to \$24,750 for the month with only seven permits.

The permit was issued to Oran L. Robertson for construction of a brick veneer residence at 1605 Avenue S. Roy Robertson, contractor. Valuations for the year now total \$97,885, for 89 permits.

TRUSTEES FOR SCHOOL BOARD TO BE CHOSEN

ELECTION TO BE HELD HERE TOMORROW; SIX MEN ARE IN RACE

Lubbock voters will again be called on for decisions when four trustees will be named tomorrow to the board of the Lubbock Independent School district.

Polls will open Saturday morning at 8 o'clock in the office of the city recorder on the first floor of the municipal building, and will close at 7 o'clock tomorrow evening.

Six In Race
Six candidates have announced for consideration of the voters, though no campaigning has been apparent on the part of any of them.

The terms of J. T. Hutchinson, C. E. Maedgen, Neil H. Wright and W. B. Atkins are to expire and each has announced for re-election. Two other local men have authorized their names on the ticket, Maple Wilson and W. G. Alderson.

Three held-overs on the board, whose terms do not expire for another year, include S. C. Wilson, E. L. Robertson and R. F. Bayless. All qualified voters of the school

FIVE MASKED ROBBERS GET \$50,000 LOOT

TWO INSTITUTIONS ARE HELD UP TODAY IN OHIO CITIES

(By Associated Press)
DAYTON, Ohio, April 4.—Five robbers, masked and armed with a machine gun, held up five bank employees of the Xenia Avenue branch of the Union Trust company and several customers, looted the bank vault of practically all of its cash and escaped with a sum estimated at between \$30,000 and \$40,000 shortly after the bank opened for business this morning.

Two of the men remained in an automobile in front of the bank while the other three entered and forced the bank employees and customers to lie on the floor.

Employees Held Up
One of the robbers brought the machine gun into the vault, while his two companions held the employees at bay.

After scooping up every bit of available cash in the vault and what was lying on the counter, the robbers escaped in the waiting machine.

Only \$500, which was in one of the drawers in a office cage, was overlooted.

The bank has been robbed four times within the past several years. The loot ranged from \$5,000 to \$15,000 in the other holdups.

CINCINNATI, April 4. (AP)—The Reading Bank was robbed of \$9,000 today by four men armed with a machine gun.

A grocer across the street saw the robbers and opened fire on them. The robbers immediately gave up attempts to secure additional currency, ran from the bank, returned the grocer's fire with the machine gun and escaped in an automobile.

None of the shots took effect.

CLEAN-UP IS OKEHED HERE

IMPROVEMENT PLAN IS ENDORSED IN BCD MEETING TODAY

The proposed clean-up, paint-up and general improvement of the city, this morning was endorsed by the board of directors of the Lubbock Chamber of Commerce and Board of City Development in meeting this morning.

An appropriation of \$225 for advertising purposes also was made by the body.

Report was made that the committee appointed to investigate the work had completed its task and had made recommendation to the board for action in appointing a steering committee. This committee was appointed and included the original members of the investigating body: W. B. Atkins, chairman, with the following other members: Joe Nielsen, L. O. Haynes, Ross Edwards, D. Jarrett, Roy Perry, A. Sanderson, Norton Baker and W. G. Alderson.

The board voted to give office space to the Lubbock Community Chest and also to allow a staff member to give general supervision to the workings of the organization. It is understood that the Chest will furnish its own office equipment and pay for necessary clerical help.

Following announcement of the proposed drive of the local American Legion post for \$12,000 for a new Legion home in this city, the board endorsed the movement as one which should have the hearty support of the citizens of Lubbock and of its chamber of commerce.

Orman Returned On Charge Of Robbery

R. L. Orman, who was arrested Thursday in Brownfield, this morning was returned to Lubbock and lodged in the county jail on charges of robbery in connection with the alleged robbery of Pat Dumas of the sum of \$5.50 in a local hotel room.

O. L. Orman, brother of the man, has already been charged, and is being held in the local jail.

Dumas declared that he was injured to go to the hotel room and that the two men threatened him.

Lubbock Woman Is Claimed By Death

After an illness of several days, Mrs. J. O. Patterson, 38, died at the family residence, 1911 Main street, at 3:30 a. m. Thursday.

The body was sent to Hammond, Mo., to be buried.

She is survived by her husband, a daughter, Virginia, six, of this city; father, J. E. Jennings, of Coffeyville, Kan.; two brothers, James and Thomas Jennings, of Okla.

and four sisters, Mrs. G. L. Dean, of Morinda, N. M.; Mrs. Tom Theodore, of Detroit, Mich.; Mrs. A. J. Bowen, of Barbe, Okla.; and Mrs. Tom Burgess, of Hammon, Okla.

SEEK IDENTIFICATION

AUSTIN, April 4 (AP)—Officers today sought identification of a man about 30 years of age who was instantly killed Wednesday night when struck by an automobile as he walked along a highway north of Austin. An automobile bill of sale in his

pocket covered transfer of a car from Fred Howard to F. L. Caldwell, of Swenson or Haskell. Paul R. Burton, telephone company employee, driver of the car, said he did not see the man until his car struck him.

LATIN CONFAB PLANNED HERE

EXPECT 150 STUDENTS TO ATTEND TOURNEY APRIL ELEVENTH

Approximately 150 contestants are expected to be entered in the high school Latin tournament of the Northwest Texas district, which will be held in Lubbock on April 11. A Roman banquet will feature the evening gathering at Hotel Lubbock, the visitors guests of the Texas Tech Latin club.

Mrs. William Diggins, head of the department of Latin at the college will preside and M. H. Duncan, superintendent of city schools, will deliver the opening address.

Dr. Paul W. Horn, president of the college, will discuss "Virgil and His Works." Dean J. M. Gordon will speak on "What the Study of Virgil Means to the College Student."

Loving cups to winners of the tourney will likely be presented at the banquet. The cups are being donated by the Lions, Rotarians and Kiwanians of Lubbock.

LUBBOCK, SOUTH PLAINS PRAISED BY DALLAS BOOSTERS

DEVELOPMENT OF PLAINS IS LAUDED HERE

VISITORS OPTIMISTIC AS TO SUCCESS OF THIS AREA

Arthur L. Kramer, president of the Dallas Chamber of Commerce, in speaking to a group of Lubbock business men yesterday afternoon at Texas Technological college, stated that Lubbock is 20 years ahead of the Dallas he knew when the latter was no bigger than this city.

Twenty-one business executives of Dallas arrived in the city at 3:25 o'clock and spent four hours here visiting with local men and viewing sights of the Hub city.

Metropolis Concealed

"This city is by far the brightest gem in the diadem of West Texas which we have visited," said Mr. Kramer. "It is obvious that man-power is in operation here, and that Lubbock's builders have conceived a

metropolis here with a real city plan.

"The results of your system of building are more evident than in any city we have visited. This college is expressive of the harmony of strength and beauty in architecture. It is a real institution."

Development Cited

"We want you to know that we are cognizant of the development on the South Plains. We want to establish a feeling of friendship and cease to think in sectional terms. There is no disaster, however remote, which does not affect Texas as a whole; nor is there any prosperity in any section which we do not in some measure share."

Murray Presides

R. J. Murray, president of the Lubbock Board of City Development, presided at the joint meeting of Dallas and local business men, held in the auditorium of the chemistry building.

"I am told," said Nathan Adams, president of the First National Bank of Dallas, "that the total deposits in Lubbock banks are more than \$5,000,000. It might interest you to know that 25 years ago the total deposits in Dallas were little more than \$5,000,000. At last call banks in Dallas revealed \$165,000,000 in deposits."

"Lubbock has a great responsibility," continued Mr. Adams. "The future citizens of this territory are students of Texas Technological college. It is the duty of the state

and this city to provide for their education."

Have Learned Much

"We have learned much on this good will tour. We have learned that West Texans have not lost faith, that they are not in the grip of depression which prevails in some sections."

"There is one message I would like to leave you. Try to avoid making this a one-crop country. Why not begin the feeding of some steer yearlings, instead of allowing them to be shipped to feeding centers in Nebraska, Missouri and Illinois?"

Mr. Adams criticized the government expenditure of \$60,000,000 for agricultural development as money unwisely expended. I would favor the employment of an assistant secretary of agriculture in the state, invested with power to spend \$250,000 annually for improvement of our conditions. He would at least have a greater knowledge of our situation.

Woods Welcomes

H. D. Woods, retiring mayor of Lubbock, delivered the address of welcome, terming it as his last official act, and in turn introduced J. J. Clements, who was inducted into office as mayor of Lubbock yesterday afternoon.

Dr. Paul W. Horn, president of Texas Technological college, announced in a brief talk that there are 25 Dallas students of Texas Tech. Texas Technological college

is not a West Texas institution; its facilities are open to the entire state," he said.

Homer D. Wade, manager of the Dallas Chamber of Commerce, and former manager of the West Texas Chamber of Commerce, invited the local citizens to let Dallas know whenever its services are needed.

The Dallas visitors arrived here at 4 o'clock yesterday afternoon and remained for a ride over the city and the program at the college.

Fourteen local citizens, including H. (Swee) Kling, B. Sherrod, E. L. Kling, H. L. Allen, M. H. Wright, J. C. Anderson, Francis Baker, J. E. Roach, Roy Riddle, L. C. Ellis, J. B. Maxey, R. J. Murray, C. A. Sheffield and W. A. Myrick, Jr., boarded the special train at Station and accompanied the visitors to this city.

Personnel of the Dallas party follows: Nathan Adams, president of the First National bank in Dallas; A. H. Bailey, vice-president and general manager of Higginbotham-Bailey-Logan company; A. C. Biggers, vice-president of Southland Life Insurance company; Sam P. Cochran, of the firm of Tresevant & Cochran; Charles W. Davis, president of the Dallas Power & Light company; W. T. Davis, manager of John Deere Plow company; Arthur L. Kramer, president of A. Harris & Company; A. M. Matson, general manager of Butler Brothers; Homer R. Mitchell, president of Texas Employers In-

RIBBON SLAYER OBJECT OF HUNT

CHICAGO, April 4. (AP)—A modern scientific crime laboratory threw its resources into the search for the ribbon slayer of Mrs. Mildred Helmsing today after police had practically abandoned hope of solving

the mystery through the usual methods.

None of the clues found by police seemed to be any aid toward finding the person who strangled the young wife with a satin ribbon Tuesday evening. Even the "black ribbon," found around her neck and at first considered a valuable clue, gave no hint of the slayer after other pieces, exactly like the death ribbon, were found in the apartment.

The recently organized criminal detection laboratory of Northwestern University was called into the case and today made a microscopic study involving the suspects police have rounded up, as well as the slain woman's husband, Reuben Helmsing.

Dr. Addits Slays Man, Shoots Woman

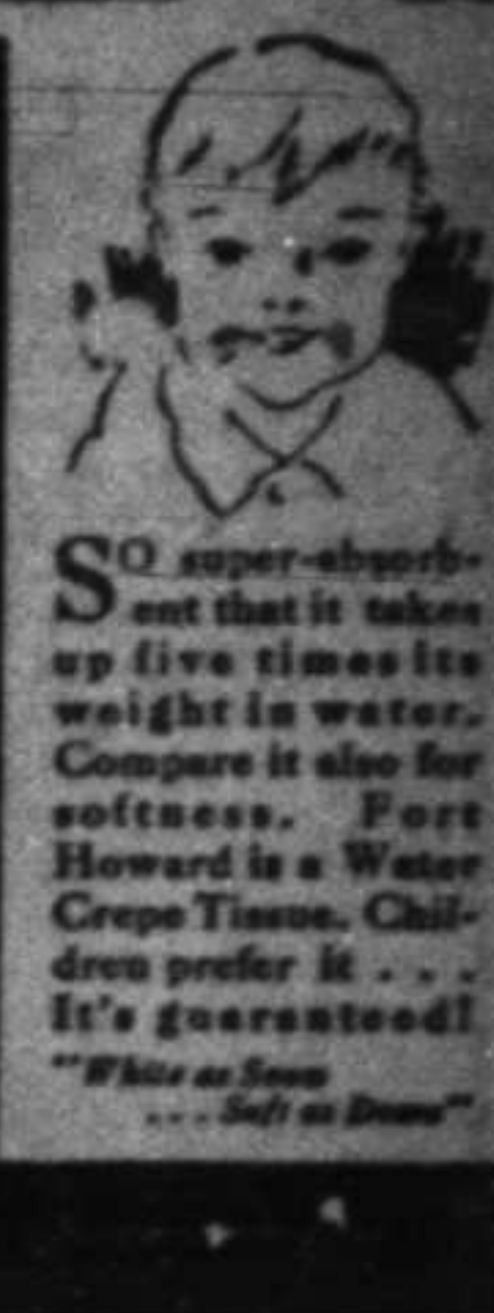

WICHITA, Kan., April 4. (AP)—An admitted narcotic addict shot and killed the man he said sold him poisoned drugs on a street here today and, invading the home of his victim's alleged woman partner, critically wounded her and turned the pistol on himself. He may not live.

Mack Searle, middle-aged ex-

farmer living near Kismet, known to police for drug addiction, declared "I'm glad I done it," after he had killed John R. (Bob) Boaz, 32, wounded Mrs. Bonnie Tipton White and shot himself.

The Senate has raised the duty on straw hats. This is bound to be felt somewhere.

"ADSORPTION"

"Adsorption" means the natural affinity Magnolia Socony Motor Oil has for metal ... the fusing of one with the other.

This complete blending of oil with the metal surfaces of pistons, cylinder walls and bearings is essential to smooth and perfect motor performance. Because it gives constant protection against friction and subsequent repair costs.

To merely ask for "oil" when you mean constant, unfailing lubrication, is to court the expensive disaster of motor trouble. Unless you specifically state the KIND of oil you want, you invite friction and his whole family of trouble, worry and expense to come along as your traveling companions.

There really isn't very much that you have to do to be sure that the oil you get is the long lived, friction fighting kind. Just drive into any Magnolia Station or Dealer and say "Magnolia Socony Motor Oil" to the attendant. He'll add a quart or fill your crankcase full of the finest motor oil that money

can buy ... a double duty, extra purpose oil that never lets down.

In Magnolia Socony Motor Oil (Paraffine Base) you get the extra protective feature of ADSORPTION* which is Magnolia's NATURAL ability to cling to metal surfaces and stay on the job ... doesn't drain dry when your motor stands idle.

There is a real difference in motor oils and the thousands of Magnolia enthusiasts know it. Be sure you say Magnolia Socony Motor Oil (Paraffine Base) when you want thorough and constant motor lubrication.

Three Women To Play Prominent Parts In International Relations Conference

Misses Hattie Anderson, Amy Jones, And Mrs. Rachel G. May Will Lecture

OF INTEREST to the women of Lubbock is the fact that three women will have prominent parts in the program to be given in connection with the second International Relations conference to be held in the assembly hall of Texas Technological college here on Saturday.

Opening the 9 o'clock session on the subject, "Pan-American Treaties of Arbitration and Conciliation of January, 1929, After One Year," will be one of Texas' own scholars, Miss Hattie M. Anderson, who is professor of history at West Texas State Teachers college, Canyon.

Then, following a discussion by Dr. J. C. Granberry, head of the department of history at Texas Technological college, will be an address given by Mrs. Rachel G. May, who is a graduate of the University of Texas, a prominent club woman, and former chairman of the International Relations, Texas Branch, American Association of University Women.

At 11:30 o'clock will come an address by Division Assistant, Amy Hemmings Jones, Carnegie Endowment for International Peace, New York City. She will discuss "International Relations Clubs—Formation, Objects, and Purposes," and will welcome questions or inquiries concerning organization, nature, scope, and purpose of International Relations clubs as sponsored by the Carnegie endowment.

Miss Jones, under whose auspices more than 200 International Relations clubs have been established in as many colleges of the United States, has been associated for many years with International Relations work in the schools and libraries of this country. She has recently returned from the International Conference of Universities held at the University of Havana, Cuba, at which she was the only woman representative. She is a member of the American Political Science Association, and in 1928 attended the British University League of Nations Conference held at Oxford University in order to make preliminary plans for the British-American Students Conference held at Oxford in 1929. At this conference, Miss Jones acted as advisor to the American students.

Complete program follows: 9 a. m.—address, Miss Hattie M. Anderson; discussion, Dr. J. C. Granberry; Mrs. Rachel G. May, representative of the A. A. U. W.; Albert Melander, Zuzaltemango, Guatemala, C. A.

Ten a. m.—Subject: "The Present Trends of America's Foreign Policy," speaker, Dr. Clyde Eagleton, department of government, New York University; discussion, Professor M. E. Ogden, department of government, Texas Technological college.

Eleven a. m.—Subject: "The United States and the Permanent Court of International Justice," speaker, Professor Montell E. Ogden, Texas Technological college; Dr. J. W. Jackson, department of government, Texas Technological college.

Eleven-thirty a. m.—Subject: "International Relations clubs, Formation, Objects and Purposes," speaker, Amy Hemmings Jones.

Three p. m.—Subject: "The Canadian Frontier," speaker, Professor Oscar Kinchen, department of history, Texas Technological college; discussion, Professor L. F. E. Ogden, Texas Technological college.

Four p. m.—Subject: "The International Aspects of National Prohibition," speaker, Bishop E. C. Seaman, Amarillo; discussion, Dr. Rupert N. Richardson, Simmons university.

Dinner Is Planned Seven p. m.—Subscription dinner at Hilton hotel, with all interested invited to attend; subject, "The Kellogg Pact," speaker, Dr. Clyde Eagleton, New York university; discussion led by the chairman, Dr. W. A. Jackson.

Sunday, April 6, three p. m.—Subject: "Ten Years of the League of Nations—Social Phases," speaker, Mrs. Rachel G. May.

Four p. m.—Subject: "Some Phases of the Peace Movement," speaker, Dr. Clyde Eagleton, New York university.

Luncheon Is Feature Saturday noon, the ex-students of West Texas State Teachers college will attend a luncheon at the Hilton hotel, naming Miss Anderson as their honor guest.

EMPLOYMENT AID OFFERED

LEGISLATIVE REMEDY IS SLATED FOR FINAL DISCUSSIONS

WASHINGTON, April 4 (AP)—Legislative remedies for unemployment, including a stabilization agency with authority for a \$150,000,000 federal appropriation, were slated Thursday for final discussion in the senate April 15.

The senate agreed to take up the measures by Senator Wagner, democratic, New York, after its commerce committee approved.

Committee action followed intensive investigation of conditions by a subcommittee that heard William Green, president of the American Federation of Labor, paint dismal pictures of the existing situation.

Witnesses endorsed the three Wagner measures. These would expand government machinery for collecting unemployment information. Provision would be made that, on the basis of this information, a federal stabilization board could accelerate or retard public construction to meet changing conditions.

A third proposal by Senator Wagner, to create a federal employment agency to work in cooperation with state unemployment agencies, was held over until next week by the committee. Opposition was expressed by the national association of manufacturers.

Chairman Johnson, republican, California expressed confidence this measure would be reported favorably.

GROUPS FAIL TO AGREE ON PROHIBITION

WASHINGTON, April 4 (AP)—The House Judiciary committee failed to agree today on prohibition proposals of the Hoover Law Enforcement commission, and deferred action until next Wednesday, when a decision on whether they will be approved is planned.

Predictions were made that the commission's bills to broaden the powers of the United States commissioners to hold juryless trials and to define misdemeanors under the dry laws would fail of committee approval.

Chairman Graham said the committee wanted to assist in formulating measures to bring about better law enforcement but added "we

are not ready to go on with them."

BOND FORFEITED

DENTON, April 4 (AP)—Judge Ben W. Boyd in district court here yesterday forfeited an appeal bond which Yancy Story had made after he had been assessed a 'jail sentence of 100 days and a fine of \$200 on a charge of stealing turkeys. The jail sentence was to run concurrently with a five-year prison sentence assessed him in Marlin on a charge of robbing a bank at Krum.

STOP CONSTIPATION AT THE START

You May Pay If You Don't

When you realize that about 90% of all sickness begins with constipation, you won't want to take chances. If you have the symptoms—bad breath, coated tongue, always tired—put a stop to them now!

But do it the natural way. Not with pills and drugs, which give but temporary relief and must be taken in increasing doses. Eat Kellogg's ALL-BRAN—an appetizing, deliciously flavored cereal.

Kellogg's ALL-BRAN sweeps the system clean of wastes and impurities. Its action is natural; the roughage carries with it the poisons which clog your system.

In addition, ALL-BRAN is rich in iron. Scientific research shows that nearly all the iron goes into the blood, making it give the rich glow of healthy color.

You'll like ALL-BRAN. Ready-to-eat with milk or cream—fruits or honey added. Physicians recommend it. And we guarantee it to relieve both temporary and recurring constipation. Two tablespoons daily—with every meal, in recurring cases.

Kellogg's ALL-BRAN is sold by all grocers in the red-and-green package. Served in hotels, restaurants and diners. Made by Kellogg in Battle Creek.

PEDDLERS OF SECTION ARE INVITED HERE

ANNUAL JUBILEE WILL BE HELD IN CITY ON APRIL 26

Attendance at the eighth annual Peddlers Jubilee that is to be held here Saturday, April 26, is being stimulated by advertising placed in hotel lobbies over the Southwest.

The Baker hotel at Dallas is one of the hotels that has written placards and cards, advertising the traveling men's jubilee, are being placed in the lobby to help stimulate interest in the affair.

Support Given
"It will be a privilege and a pleasure to cooperate with you and place the placards and postcards advertising the Traveling Men's Jubilee in our lobby," F. J. Baker, manager of the hotel states in a letter to the Lubbock Chamber of Commerce.

"At any time we can be of service to you and your organization do not hesitate to command us."

Smith Chairman
Dick Smith is chairman of the steering committee from the Lubbock Chamber of Commerce making plans for entertaining the traveling men. An elaborate program of entertainment is being worked out from this end of the line, while hotels, wholesale houses, traveling men, newspapers and other business concerns and individuals are spreading the news over the Southwest that Lubbock is again shaping up her house to entertain.

Every "knight of the grip" who hears of the jubilee in time, and who makes Lubbock once in a lifetime, is invited to attend.

Drilling Resumed At Morton Wildcat

Drilling, following a periodic shut-down of operations, was resumed this afternoon on the Slaughter-Westbrook No. 1 test, three miles south of Morton.

The test is now at 5,000 feet and the hole will be drilled to 6,000, unless oil or gas is found before that time. Standard and rotary rigs are at the location, but the standard is now in use.

Brandon and McCamey are drilling of the test. R. R. Murth is superintendent in charge of operations.

DECISION AWAITED

TEXARKANA, April 4.—Decision of the district board was awaited last night as to whether the next annual meeting of the third district of Texas Congress of Mothers and Parent-Teachers associations would be held at Paris or Sulphur Springs. Both cities extended invitations and the selection was left to the executive board.

SPRING TIREDNESS, DRAGGY FEELING

Black-Draught Can't Be Beat As Cleansing Medicine, Says South Carolina Lady.

Townville, S. C.—"I have used Thedford's Black-Draught about fifteen years, at intervals," writes Mrs. J. M. Wicker, of this place. "I took it for headache and that tired, draggy feeling one has in the spring. I used to have severe sick heads."

"If I go down for shopping, or if I am in a crowd and get very tired, or if I am the least bilious, I have a very severe headache and it puts me to bed."

"I heard of Black-Draught after my marriage when my children were small, and from then until now it has been a family medicine with us."

"I take a good dose of Black-Draught as soon as I feel a headache coming on, and it relieves me very quickly. I take Black-Draught for constipation, and am sure it can't be beat."

"I can certainly recommend Black-Draught and gladly do so. It seems that all families have to have a laxative, and Black-Draught is ours."

More than a million packages are sold a month.

Infanticide Trial To Be Transferred

SAN ANTONIO, April 4.—Transfer to a county court at law of a case against Louis Goss, former Hunt school teacher, charging removal of the body of an infant without a permit, was expected today. District Judge W. S. Anderson ordered the transfer yesterday, after

an indictment had been returned in district court.

Goss was no-billed on a charge of murder in the same report that returned the indictment. The charge arose from the finding of the body of an infant of Miss Ethel Schumacher, 19, of Hunt, in a garbage can here.

Miss Grace Frederick, nurse, and Buddy Hoard are in Bexar county jail under indictments charging mur-

der in connection with the same case.

Armour announces a NEW STAR HAM

achieved by the revolutionary "double-f" process of flavor-control ... FIXED* FLAVOR

THERE'S a Star Ham in your dealer's ice-box today that is as new as this newspaper... as different from your previous conception of ham as oranges are from grapefruit. Armour's Star Ham has been born anew!

You probably thought it simply impossible to improve the flavor of Star Ham. It was tender, tasty, and tempting—all a ham could be. But Armour and Company, with the responsibility of leadership, wasn't satisfied to stop.

We have developed the "double-f" process of cure and smoke. "Double-f" means Fixed* Flavor, a scientific process of flavor-control, as changeless as the fixed stars. Every one who has tasted the result says "The new Star Ham is the best ever!"

Try a Star Ham for dinner tomorrow. Notice how pink and plump it is. Notice the nice proportion of lean to fat. Cook it in the regular way. We can predict your verdict. You will say "Star" to your dealer from now on. Armour and Company, Chicago.

ARMOUR'S STAR HAM

with the Fixed* Flavor

Hear the President of Armour and Company tonight

So important is the "double-f" process Fixed* Flavor to the American housewife, that Mr. F. Edison White, President of Armour and Company, will address the radio audience of the National Broadcasting Company's coast to coast network, for a few minutes tonight during the Armour Hour upon what Fixed* Flavor means to you. Turn to the radio page for the station and time of the Armour Hour.

CANTHON INAUGURATES NEW STYLE OF PLAY FOR MATADORS

IN THE REALM OF SPORTS

WITH ALLAN CARNEY
Journal Sports Editor

Tom Garrard, local attorney who relates lengthy yarns about the day when he was a member of the Texas University eleven, is one Lubbock fan who likes plenty of action on the gridiron. Garrard told Pete Cawthon the other night that he gets great delight in going to a football game where the players gather a few eyeballs and back a raft of enemy ribs for good measure.

"I like to hit 'em where they stay hit," says the former Longhorn star. "This old stuff of laying down in front of 'em and just hoping they will stay on the ground doesn't fit in with my idea of the rough and tumble game called football. I like to see 'em bust 'em and that's the kind of team Pete Cawthon produces. Looks now like we're going to see a scrapping Tech team on the field next fall."

Cowhite bemoans the modern trend of football tactics seen in numerous centers. "You see a lot of teams nowadays play like they're gathering daisies—out there going through a sort of tag game. The old style of football is what appeals to me and it's what I try to teach. It's a game for he-men and there's no place for the boy who was brought up with a silver spoon in his mouth."

Believing that the best preparation for a football campaign is actual scrimmage, the new Tech mentor has provided the Matadors plenty of combat just as soon as the squad rounds into condition for the rough stuff. The man who dives fearlessly to bust his opponent with a third is the man who will first win the favor of Cawthon. Scrimmage will be on the daily menu for the Matador grid candidates after next week.

The new Matador coach believes that there is no other way to get results than by the driving policy he has adopted. The same, he declares, applies to the parent, who gets the proper results from the child by being severe and strict.

"I may get a bit tough out there on the field at times," Cawthon told the squad Wednesday. "But everything said will be in a friendly attitude. No matter how severe I may be forced to be, in the end I will remain your friend. I have never made an enemy of a man working under me and believe that the best friends I have today are the boys who played on my teams."

Henry Franks and Dell Morgan the Lubbock High school coaches, are excellent examples. Both hold Cawthon in high regard and both would fight for "Cowhite" at the drop of the hat. It's no secret now that both learned what Cawthon had on his mind on various occasions when the former Kangaroo mentor was in no pleasant mood.

Baseball experts expect a bumper crop of home runs this season. With, of course, old Farmer Ruth running the reaper.

While the spring football training camp is holding the spotlight on the Tech campus this week, the Matador tracksters will crowd the gridiron into the background next week when the West Texas Teachers come here for the only college track and field meet to be held in Lubbock this season. In spite of the fact that a number of their major engagements for the current season were cancelled, the Crimson speed merchants have continued to work hard. Two dual meets and the Great Plains meet at Canyon constitute the entire schedule for Coach Vic Payne's charges. The Tech-Canyon fray is the only one of the three that will be held at home. This doesn't give the speedsters any too much to look forward to, but the squad is in great shape and again for competition.

Dire lack of finances caused the shortening of the track schedule and it is to be hoped that this will never occur again. It will likely take two years for the athletic department to get back to normal, following the present slump. A disastrous football season was the main cause for the present deficit in the athletic treasury. With proper management and added zeal in the driver's seat, we can see no reason why the school shouldn't get back on its feet financially within a comparatively short time.

Manager Gabby Street of the St. Louis Cardinals says he can remember when five pitchers were enough for a season. Nowadays sometimes it's possible to get through a game with no more than that.

ROCKNE SHIFT BEING TAUGHT BY NEW COACH

GRAVY TRAIN WRECKED AS SPRING CAMP IS OPENED AT TECH

Pete Cawthon showed the on-lookers yesterday why he had insisted on holding a spring training camp before he accepted the position of head coach at Texas Tech. An entirely new and not-too-easy style of play, modeled after the now-famous offense employed by Knute Rockne at Notre Dame, was inaugurated on the first day of the spring workouts and the antics of the three score of candidates indicated the "shift" etc. is foreign to what they have been accustomed to using.

No Gravy Train
At the end of Thursday's workout there was no doubt in the minds of the Matador gridsters that Cawthon was not joking in his off-repeated expression, "I have come out here to work." There was no gravy train in sight and hopes for individual free rides, if any, went skyward as the new mentor plunged into the task of installing a different system in the Tech ranks.

Much of Coach Cawthon's time yesterday was taken with learning the names of his numerous candidates and forming acquaintances. Five squads began drill on the backfield shift, the new mentor laying stress on cadence.

Old Heads Scarce
Old heads were outnumbered by freshman recruits, but it was a likely-looking spring squad. Coach Cawthon was impressed with the spirit of the candidates.

"A majority of the boys are green, but at the same time, I have never come in contact with a group of candidates that appeared more willing to work," said the Matador commander.

The gridsters were turned loose early Thursday but Cawthon served notice that from here on out the workout will last until late in the evening. Candidates unable to report until 5 o'clock and after will get the same attention given the others.

May Match Game
Business Manager Marvin T. Warlick announced last night that negotiations are under way to match a practice scrimmage with Simmons University or the West Texas Teachers during the spring.

Lubbock High Trackmen Hold Undefeated Record

LUBBOCK ADVERTISERS WILL START TRAINING TODAY FOR CITY LEAGUE

At least one club in the Lubbock City League is aware of the season of the year, it was learned this morning when Manager Dutch Luenberger issued the call for all candidates for positions on the Lubbock Advertisers' aggregation to report to Merrill Park this afternoon for the beginning of spring training.

A large number of the Advertisers were on the baseball field yesterday in a preliminary workout and a full squad is expected out this afternoon.

It will be necessary to do considerable work on the grounds and the stands at Merrill Park before the ball orchard is ready for another baseball season. So far as it has been learned, the park has not yet been leased.

May 2, the House of David nine from Benton Harbor, Mich., will be here for a single engagement with a local semi-pro outfit. Promoter Dee Puckett hopes to get most of the talent for this game from twilight league teams.

The city league season opens April 28, just three weeks from Monday. Four teams will be in the race this year for the twilight pennant—the Auto-Barbers, Carpenter-Painters, Santa Fe and the Advertisers. The remainder of these teams expect to start work before the week is over.

FOUR PLAYERS ARE RELEASED BY BROOKLYN

ROBINS' SQUAD CUT TO TWENTY-THREE WITH NEW RELEASES

NEW YORK, April 4 (AP)—Release of four more players has cut the Brooklyn Robins' squad to twenty-seven. Southpaw Jim Paulsen, obtained from Buffalo of the International league, was returned to that club; Clarence Blentzen, right-handed pitcher, was sent to Atlanta; Outfielder Max West to Jersey City of the International league, and Bob Farham, outfielder, to the Macon club of the South Atlantic league. The Dodgers attached strings only to Farham.

Manager John McGraw of the New York Giants refuses to say who will pitch the opening game of the season, but the boys are guessing Bill Walker, southpaw, will get the assignment.

"I never announce my pitchers in advance," said McGraw. "Some of them are high strung young fellows and lose sleep when they know they are going to pitch the next day. Right now the best looking pitcher in camp is Bill Walker."

The New York Yankees went to Wichita Falls, saw and were conquered, but the real winner was Babe Ruth. While the Yankees were losing to the Texas league team yesterday, Ruth doubled two home runs, the second of which was one of the longest drives of his career. The center field fence here is 405 feet from the home plate. Ruth's second drive cleared this barrier with plenty to spare and landed nearly 500 feet for the batter's box. More than 8,000 fans turned out.

WESTERNERS WIN OVER LAMESA TORNADES SECOND TIME

(Special To The Journal)
LAMESA, April 4.—Lamesa Tornadoes suffered their second defeat of the season at the hands of the undefeated Lubbock High school tracksters here Thursday afternoon when the boys from the Hub City carried the long end of the scoring in a 60-10 decision.

Despite the fact that the local captured eight of the 14 first places, the visitors breezed through to an easy triumph, piling up an early lead and retaining the advantage throughout the dual skirmish.

Douglas Hill, Lamesa sprint ace, to watch the Babe and his mates.

Manager Burt Shotton of the Philles would like to know the whereabouts of Chester Nichols, right-handed pitcher, drafted from Montreal. "He was offered a splendid contract, and I want him," Shotton said today, "but I guess he does not want it. I don't know where he is." The Philles are back at Philadelphia from their southern training trip.

Jimmy Fox, Athletics first baseman, has found his batting eye. He was in a slump during most of the training season, but as the team neared home yesterday he clouded a home run and a double, battling in three of the Athletics' four runs against Charlotte.

Real concern over the condition of Rogers Hornsby's ailing heel was felt in the Chicago Cubs camp today as the club faced its final engagement with the Los Angeles Angels. The Rajah dropped out of the lineup yesterday under doctor's orders, and it was feared he might be forced to have another operation which would keep him out of action until the middle of the season.

The Chicago White Sox minus Sarge Connolly, dropped for lack of adherence to training regulations, today started on the homeward trail. The Sox finished their stay in Texas with a 10 to 4 victory over Fort Worth yesterday, and today faced the opening contest of a three-game series with Little Rock of the Southern association, at Little Rock.

WANDERING GOLFER IS WINNER OF \$15,500 DURING WINTER

BY DILLON GRAHAM
Associated Press Sports Writer
ATLANTA, April 4.—For the second consecutive year, Horton Smith tops the fields of money winners among the winter golfing troupe.

The wandering professional, who learned his golf in Missouri's Ozarks, not only has pocketed the most money, but also has won more

continued his winning ways by defeating Price of Lubbock in both the 100 and 220-yard dashes. Hillery Banta won high scoring honors by taking first in the high jump and broad jump and winning second in the pole vault.

The Tornadoes conceded both hurdle races to Lubbock, giving the Westerners a 16-point jump at the outset.

The summary:
100-yard dash—Hill, Lamesa, first; Price, Lubbock, second.

880-yard run—Lowrie, Lamesa, first; McCasland, Lubbock, second.

Time two minutes, 7.5 seconds.

440-yard dash—Norris, Lamesa, first; Watson, Lubbock, second.

Time 54 seconds.

1 mile run—Reagan, Lubbock, first; Twerdt, Lamesa, second. Time five minutes, five seconds.

Shot put—Moore, Lamesa, first; Watkins, Lubbock, second. Distance 42 feet.

220-yard dash—Hill, Lamesa, first; Price, Lubbock, second. Time 23.3 seconds.

Discus throw—Price, Lubbock, first; McCasland, Lubbock, second. Distance 97 feet.

High jump—Banta, Lamesa, first; Ritchie, Lubbock, second. Height five feet, 10 inches.

Broad jump—Banta, Lamesa, first; Watkins, Lubbock, second. Distance 20 feet, 10 inches.

Javelin throw—Watkins, Lubbock, first; Wren, Lamesa, second. Three minutes, 37 seconds.

Back, first; Moore, Lamesa, second.

tournaments than any of his fellow cash performers.

Accumulates \$15,500

Victorious in five tournaments finishing second in six and placing high up in a number of others, Smith accumulated prizes of \$15,500. In addition he played in many remunerative exhibition matches.

Gene Sarazen, stocky New Yorker, who won golf's largest prize of \$10,000 at Agua Caliente, ranks second with \$13,500 for his season's labors, but the other pros are far behind.

Smith enjoyed a successful period on the Pacific Coast, winning the Pasadena, Berkeley and Portland, Ore., opens. He was second to Craig Wood in the Hawaiian open and tied for second in the Agua Caliente and in the Los Angeles tournaments.

Leaving the pros during their journey through Texas, Smith joined the nomad army again at Savannah, Ga., where he took first

honors after nosing out Bobby Jones, national open champion. His Florida tour brought him first place in the central open at Orlando, second in the rich La Gorge open at Miami and a tie with Frank Walsh for second at St. Petersburg. Smith, with the majority of the nation's leading professionals, took a neat lacing from Bobby Jones in the southeastern open at Augusta this week, but Horon topped the professionals and took the \$1,000 first prize.

NEW CABINET IS SUPPORTED

BRUENING GOVERNMENT WINS 1ST SKIRMISH IN GERMANY

BERLIN, April 4. (P)—Victorious by 65 votes in its first skirmish with parliament, the new Bruening cabinet today began work immediately on pressing legislation, but was none too assured of its future.

The government, headed by Dr. Heinrich Bruening, defeated by 252 to 187 a non-confidence motion offered by the communists, fascists and socialists.

Nationalists Give Aid Nationalists, led by Dr. Alfred Hugenberg, supported the cabinet. They made so many reservations that the government feared nationalist support might prove illusory when actual work began.

Dr. Bruening told the Reichstag his party was willing to give the cabinet a trial only because it promised farm relief. He said his party assumed no responsibility for the cabinet's action; that it would decline to vote, among other things, for a German-Polish trade agreement, and for many sections of the financial program.

Members Opposed He added that his party objected to the presence of Doctors Curtius and Wirth in the cabinet, and charged that the new government had been formed "by misusing the name and authority of the Reich's president."

The speech was fiery throughout and the last reference is understood to refer to the fact that President Von Hindenburg had authorized Dr. Bruening to dissolve parliament in case a non-confidence motion carried against him.

"Apparent Suicide" Verdict Returned

OKLAHOMA CITY, April 4. (P)—A coroner's verdict of "apparent suicide" was returned today after an investigation into the shooting of Frank C. Gay, Brownsville, Tex., deputy sheriff, whose body was found in a hotel room here. He was shot through the heart.

The deputy came here to return a prisoner to Texas. No motive for the act was known. He recently was divorced.

Farm Board Amend Sought By Solons

WASHINGTON, April 4. (P)—A bill to amend the farm relief act to require the federal farm board to make a study of the cost of cotton so as to fix a stabilized price was introduced today by Representative Glover, democrat, Arkansas.

The measure would provide that the price of cotton not be fixed as less than 20 cents. The board would be authorized to prevent any corner in cotton by purchasing sufficient quantities to break any attempt of operators to corner the market.

TWO WOUNDED

TAYLOR, April 4. (P)—H. B. Joyce, 43, of Temple and Otis E. Woodruff, 22, of Granger, were believed mortally wounded here tonight after a shooting in the oil field near Chapman City. Joyce was a cook in a restaurant and Woodruff was employed in the oil field. Joyce was said to have shot Woodruff and then turned the gun on himself.

ANTI-SEINE LAW DECLARED VALID

GALVESTON, April 3. (P)—The Holdbrook anti-seine law, prohibiting fishing with seines in Galveston bay, was declared valid and constitutional by the Court of Civil Appeals here in a decision handed down Thursday.

Appeal had been taken by a local fisherman against a recent decision by District Judge C. G. Dibrell upholding validity of the law. This decision was rendered in an injunction suit brought by fishermen to prevent state and county officers from enforcing the law.

The appeals court upheld the statute on the grounds that shrimp and fish are property of the people of the state, and therefore the legislature has power to regulate their care and use, regardless of whether or not the law is local.

Mendell Questioned In Smuggling Case

MEXICALI, Baja California, Mexico, April 4. (P)—Loren Mendell, once co-holder of the refueling endurance flight record with Pete Reinhart, was questioned by Mexican and United States officers today

in the Mexican jail where he is being held on a charge of suspicion of conspiring to smuggle aliens into California.

Mendell was arrested yesterday and his airplane confiscated by Mexican customs officials who had picked up two Japanese. The Japanese, the officers said, confessed they were awaiting an airplane which was to transport them to the United States.

the facts that you can read in be-
tween the lines are more impressive
than the ones that are printed.

A short time ago the papers printed
a very brief dispatch from a little
town in Pennsylvania.

It told how a man and a woman,
60 years old, remarried one another
after having been divorced for 20
years. They had had a generation
ago, a fairly long married life; then
something happened and they broke
up their home. But now, 20 years
after their separation, they came
together again, were remarried, and
went to the husband's farm to live
out the remainder of their lives.

That was all there was to the
dispatch. But there is material be-
tween the lines to set one thinking
for a long time.

How we should like to know more
about this couple! What drove them
apart? How did they get along dur-
ing their 20 years of separation? And
what force or force, acting on their
hearts in the same way finally
pulled them together again so that
they drifted back to face old age
hand in hand?

All we can do is speculate. But it
seems obvious that underneath
every other motive there must have
been the all-compelling, universal
feeling of loneliness—that loneliness
that no human being can ever quite
escape.

Generally it takes one a long time
to realize what a force this loneliness
is. We are born with an ill-con-
sidered desire in our hearts for com-
panionship. We want to go our own
way, paddle our own canoe, be self-
sufficient; and often we think that
we are getting away with it very
well.

But the world, sooner or later,
proves that we are mistaken. It is
pretty lonely place. It doesn't con-
tain any excess amount of friend-
liness, or companionship, or kindness,
or love, or faith. And those are
things that we cannot get along
without. To be deprived of them is
to know how terrible loneliness can
really be.

So it is that we reach out our
hands and grope to one another. If
we are fortunate, we find someone
with whom we can be in tune, some-
one with whom we can share our
hopes and disappointments; and then
the loneliness ends, as far as it
ever can end on this earth. But
some are not so fortunate, and they
have to go on groping, or they think
that their search is ended, only to
discover later that the union and
companionship they sought is not
where they supposed it was.

They have to resume their search,
and we may imagine that that is
how it was, 20 years ago, with this
Pennsylvania couple. And it doesn't
take much imagination to trace the
pathetic little story from there to
the end. Loneliness grew until it was
too much for them; and they dis-
covered, at last, that each, after all,
was the comrade the other needed.

School Whippings

An Ellyria (O.) school teacher
faces a court charge of assault and
battery because she whipped a
school girl in her class; and the
girl's parents are refusing to send
their children to school until the
case is disposed of.

This sort of thing pops up every
so often, at one place or another.
It is very likely would have astounded
our grandparents, who could not
conceive of a school functioning
without a good supply of birch rods;
and yet, despite the old adage about
the rod and the child, public senti-
ment no longer supports corporal
punishment as strongly as it once
did.

When a parent has to resort to
whipping a child to get obedience it
generally means that there is some-
thing wrong with the parents. The
same is not quite true of school
teachers, since they fall heir to
problems that arise out of the
supplies' faulty home training. Never-
theless, we are slowly working away
from the idea of school-room whip-
pings, and it is just as well.

THE PLAINSMAN

Says:

That Girl on Broadway says the
telephone operator has a pronounced
life's calling.

WITH apologies to the talkies—
how famous speeches of history
would be recorded in present-day
movie dialog:
"We come to bury Caesar, not to
praise him!"
"Oh, yeah?"
"Give me liberty, or give me
death!"
"See you!"
"I'll fight it out on this line if it
takes all winter!"
"O-kay, baby!"

Four-score and seven years ago
our forefathers brought forth upon
this continent a new nation—
"Ain't you right?"

Referring again to that old
favorite of "Yes, We Have No
High Gas Rates." The Plainsman
is pleased to present an-
other exhibit of how gas prices
are fixed under two widely
differing conditions. Take a
squint here:

Chillicothe, Texas, located in
Hardeman county on the Ft.
Worth and Denver between
Quannah and Vernon, has an
admirable gas rate. The citi-
zens there pay 45 cents for the
first 10,000 cubic feet of fuel
and then the rate drops to 17
cents for the next 10,000 cubic
feet. Folks are happy and the
gas people are evidently satis-
fied with conditions for they're
still doing business at the same
old stand.

TAKE, for example, the record of
a barber shop in Chillicothe,
figures for which were furnished by
a friend of The Plainsman.

In January the barber shop
burned 18,000 cubic feet of gas and
the bill was \$5.58. In December
only 13,000 cubic feet were used in
evaporation and the bill was \$5.01.

In November the meter showed
4,000 cubic feet, which set the shop
owner back a mere \$1.80. Gas was
furnished by the North Texas Utili-
ties company.

Had that barber shop been
operating in Lubbock—a city of
approximately 22,000 souls—
January's bill would have totalled
\$12.05; December's, \$8.76; and
November's, \$2.70. Chillicothe
has about 2,500 citizens.

Now, before you start screaming
about Chillicothe being closer to the
gas fields than Lubbock, consider
these apples:

Fifteen miles west, and slightly
north of Chillicothe, lies the beau-
tiful little city of Quannah, county
seat of Hardeman county and proud
possessor of approximately 6,000
souls. But does Quannah revel in
the leniency of Chillicothe's low gas
rate? The answer is the same as the
one returned to the classic oration
"Change the Name of Arkansas?"
In case you don't know that answer
it is a vehement "No!"

While The Plainsman hasn't
the exact figures at his finger-
tips, the gas rates in Quannah
are practically the same as they
are in Lubbock—or, in other
words about 50 percent higher than
they are in Chillicothe, 15
miles away! Our informant
tells us the Quannah rate is ex-
actly the same as Lubbock's,
which throughout this type of
computation is 67 1/2 cents per
1,000 cubic feet.

Of course, there is here, as al-
ways, an Ethiopian in the wood-
pile. It happens that there are two
gas companies in Chillicothe and
only one in Quannah. When you
stop to consider there is only one
gas company here—and the fact
that Amarillo's 11 percent "volun-
tary rate cut" came as a result of
agitation for a second gas company—
Lubbock's connection in the
Quannah-Chillicothe situation is as
plain as the nose on your face.

Incidentally, the Quannah
Chamber of Commerce has been
raising a ruckus over the sit-
uation and pertinently suggests
that some one is being discrimi-
nated against. As far as The
Plainsman has been able to dis-
cover, this column is the only
agency in Lubbock thus far to
get the lead out of its pockets
and suggest that Lubbock be
given the same treatment which
the gas company accorded Ama-
rillo in the 11 percent cut there.

The Plainsman hasn't forgotten
the gas survey at all. We in-
tend to keep hammering away at
it, from time to time, until there
is a show down, one way or another.
We know, even President Nelson
K. Moody, of the West Texas Gas
company, may design to acknowledge
the discussion here and state the
company's reason for cutting Ama-
rillo's rate and letting the rest of
us continue to pay the same old
freight. Of course, he may not
think the Lubbock plan is im-
portant enough to get consideration
from the Standard Oil company, the
owner, but the folks here who sign
on the dotted line every thirty days
may have a different idea.

That Man on Avenue Q says he
has a slogan to suggest at the
paralytic ward of the hospital.
It's "Everything's Jake Here!"

Entire Nation Awaits Supreme Court Argument On Booze
Buyer's Guilt, April 28, Correspondent Dutcher States

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 4.—Mil-
lions of Americans will soon be test-
ed into the criminal class by the
federal government if the supreme
court can be persuaded to agree.

The supreme
court has promised
to hear the case at
least to argu-
ment and con-
sider the idea.

On April 28, the
government will
ask the court to
persuade it that
the purchase of
liquor is a viola-
tion of the Vol-
stead act.

The attempt is being made in
two different cases, each of which
is being appealed from a lower court
which decided in favor of the de-
fendant. In neither case was it de-
cided that the defendant had bought
liquor for bootleggers.

Defendants Are Private Citizens
The defendants, who in effect are
standing in the place of no one
known how many purchasers of
liquor in the country, are Alfred
E. Norris of New York and James
K. Farrah of Watertown, Mass. It
is not contended that there was
anything especially heinous in the
way they bought their liquor. They
are just a couple of private citi-
zens who never realized that they
were to be the goats in what is
perhaps the most important and far-
reaching test case fought out under
the prohibition law.

The government contends that
Norris is guilty of conspiracy to
violate the Volstead act because he
telephoned a Philadelphia bootleg-
ger and arranged a shipment of
liquor. He is alleged to be equally
guilty with the seller because the
liquor was transported as a result
of "the alleged conspiracy."

The circuit court of appeals in
Philadelphia didn't see it that way.
Norris had been fined \$200 in a
federal district court on the con-
spiracy charge. So had the boot-
legger. The bootlegger paid, but
Norris appealed. And the circuit
court held that "a sale of liquor in-
volving such transportation as is
necessary to effect delivery to the
purchaser does not subject the pur-
chaser and seller to indictment for
conspiracy to transport." The court
attempted to show conspiracy, the
court said, disregarded the obvious
intention of Congress in passing the
act to exempt the buyer from the
penalties.

Solicitor General Charles E. Hughes, Jr., presenting the govern-
ment's brief to the supreme court,
pointed out that in the Norris case
the question of whether purchase of
liquor was criminal was not in-
volved, but that in any event there
was nothing to give immunity to a
man guilty of conspiracy.

The Farrar case is a straight-
out test of whether the buyer as
such is equally guilty with the
seller. Farrar was indicted in
Boston for violation of the Volstead
act by purchase of prohibited li-
quor. Federal Judge James M. Mor-
ton quashed the indictment and the
Department of Justice decided to
appeal the decision in order to set-
tle the issue.

Judge Morton held that if Con-
gress had meant to impose penal-
ties on liquor buyers it would have
done so. Instead, it "carefully ex-
cluded the purchaser from the pro-
visions of the act."

"It is uniformly held that statu-
tes prohibiting the sale of intoxi-
cating liquors are directed against
the seller only," Morton said, "and
that the offense is committed
only by the vendor or someone
who aids him in the selling, and
that the purchaser and those who

perfect physically and mentally as
single birth children."

Miss L. Frequent urination, such
as you complain of, with pain and
pus, shows there is an acute inflam-
mation from some cause in the uri-
nary tract, and you must see your
physician for a diagnosis and cor-
rect treatment.

Until you can do that, you had
better stay off your feet as much
as possible, have a diet consisting
entirely of fruits and vegetables, and
drink very liberally of water, three
or four quarts a day. This will make
the urine neutral in reaction, and
copious, and help the healing pro-
cess.

have a pamphlet on Kidney and
Bladder Disorders. See column rules

Your questions of general inter-
est, will be answered in the column
in their turn. Requests for articles

companied by a fully self-addressed,

ing small charge to help cover cost of
printing and handling for each ar-
ticle wanted, two cents in coin, for
each pamphlet ten cents in coin.
The pamphlets are Reducing and
Gaining, Hygiene of Women, Kidney
and Bladder Disorders. Address: Dr.
Peters, in care of this paper. Writ-
ings, not over 200 words.

There is no particular virtue in
sassafras. It is chiefly used as a
flavoring agent. It has some virtue
as a carminative—that is, as a
simplifying medication—and its pulp is
sometimes made into a mucilage
substance as a non-irritant
medication in bronchial disorders.
However, it hasn't enough virtue to
be accepted as an official remedy.

A course of cod liver oil during
the winter months, when sunshine
is limited, and the use of more of
the fruits and vegetables that can be
obtained—apples, potatoes,
cabbage, etc.—and make up for the
deficiencies of the diet so there
should be no need of lowered resis-
tance in the spring through lack of
vitamins and mineral elements.

We have an article on Balanced
Diet which will help you. See col-
umn rules for obtaining this.

Miss P. Vinegar is not such a
good acid for salads as is lemon
juice, as it is devoid of vitamins and
it may be more irritating in case of
intestinal troubles. However, if you
are normal and are getting plenty
of salads and green vegetables and
fruits, use the vinegar if you like
it and it is more convenient for you
wouldn't need the extra lemon juice.

"Is it true that the boy of a twin
pair cannot have children of his
own?"
MRS. B.

No, Mrs. B. Normal twins are as
aid him in the purchase are not
guilty of aiding or abetting in the
commission of the offense.

Nevertheless, there have been
conflicts in lower court opinions
section lacks any provision of pen-
alty for the buyer. The Anti-Saloon
League, which wrote the Volstead
act, purposely omitted the words
that would definitely have made
the buyer a criminal, but prohibition
enforcement officials and their
legal experts have held that the
buyer's liability to punishment re-
mained, an open question until ju-
dicially decided.

In New York

NEW YORK, April 4.—At Times
Square there's a more or less fa-
mous stand operated by the
name of Joe Green.

To be sure, Joe was known to
those thousands who drop up daily
to buy their home-town papers. He
knows the homesome ones and the
bored ones and the disillusioned
ones who bunched their heads
against the adamant of this town.

Still and all, his was a transi-
ent fame as that of most
Broadwayites—and quite as limited.

But at the moment Joe is trying
to live down the notion that he
even faintly resembles a Broadway
character.

It seems that a talking picture
opened up just across the street
from the spot where Joe chants
"Gilt yer home-town papers."

The picture is titled "Street of
Chance." And one of the scenes of
this film shows just such a Times
Square figure as Joe.

According to the picture, stran-
gers in New York went to this pic-
ture for their "hot tips" on the
town's joints and the money was re-
vealed telling them the addresses of
night clubs, speakeasies and re-
sorts where you could find so-and-
so.

And everyone seems to think it's
me, says Joe. "As a matter of fact
I keep my mouth shut! I don't tell
nothing! I don't know the joints!
Sure Arnold Rothstein used to buy
sheets off me... but tip any-
one off... not this bird!"

Such, then, is fame.

That million dollar mansion of
Charles Schwab, the steel magnate,
which looks upon the Hudson from
Riverside Drive has been getting its
name in the papers thanks to a \$20-
000,000 real-estate deal.

It will, in all probability, fall into
the hands of the wreckers soon and
become a very modern apartment
house.

A generation ago, when Riverside
Drive was Riverside Drive, that was
one of the show places of the city,
standing like some huge feudal
castle, hedged in trees and shrubs
and covering an entire block in the
seventies.

When Schwab began its exodus
from the drive to Park avenue
and points east, Schwab remained
entrenched amid his famous art
treasures. Indicating the change,
however, that has come over this
section, the price named is said to
be \$20,000,000, which is something
like half a million less than he paid
for the site and the castle.

The castle-like appearance is the
result of a careful study Schwab
made several years ago in the chate-
au district of France in order to
have a replica of some of the finest
old world mansions. The studies and
researches Schwab has made into
the art robes of the world are
among the best known features of
the steel king's vivid life.

There is, for instance, in the art
gallery, which is located in the
northeast wing, two heroic broomes
by Gerome which symbolize the in-
dustrial life work of Schwab and are
titled "American Metallurgy."

The designing of the chateau it-
self is a combination of many
periods and the various rooms are
taken from many historic interiors
—from a 15th century chateau at
Blois to the Petit Trianon of the
fourteenth Louis.

Death Of Diplomat To Be Investigated

NEW YORK, April 4.—The
New York American Thursday said
Felix Hoover, chief investigator for
the Department of Justice, had ar-
rived here in connection with the
investigation into the death in 1928
of Basil Miles, American diplomat.

It was understood Hoover would
proceed directly to the Southampton
Long Island, estate of Col. H.
H. Rogers, who married Miles' widow
last year. At the Rogers home how-
ever, it was said Col. and Mrs. Rogers
were motoring somewhere in the
south.

On his trip here, Hoover is ex-
pected to interview several ac-
quaintances of the diplomat, who
died suddenly after an operation at
a hospital in Washington, D. C.

A New York banquet held up two
persons with a revolver made of
glass. The victims evidently wished
for a break.

UNEMPLOYMENT DECLINE SHOWN

NEW YORK, April 4.—The
New York World in a national sur-
vey of business conditions said to-
day:

"Business in the United States,
while spotty, has turned the corner,
unemployment is on the wane, the
trend of trade is definitely upward,
and the closing months of the year

will find business in larger volume
than in the late months of 1929."

Such was the substance of re-
plies of leading industrialists, na-
tional merchandisers, bankers, in-
surance company heads, statistical
experts and leaders of organized
employers and organized labor to the
following query:

"How was business in the first

look for business in the remaining
nine months?"

BULL FORCES
ACTIVE TODAYOPERATIONS RESUMED
AT OPENING OF
STOCK MARKET

(By Associated Press)

NEW YORK, April 4.—Bullish operations were resumed at the opening of today's stock market, although soft spots continued to crop out in various sections of the list. Radio Corporation common opened with a block of 25,000 shares at 61 1/4, up 1 3/4, and Columbia Graphophone with a block of 30,000 shares at 32 1/2, up 1 1/2, and both new 1930 high records. American Can and Electric Auto Lite each opened a point higher, and U. S. Steel common showed an initial gain of 3/4 at 194 1/4. Texas Gulf sulphur dropped a point on the first sale.

Early trading was conducted at a brisk pace. General Electric opened with a block of 10,000 shares at 87 7/8 and quickly ran up to 89 7/8, up to 2 7/8.

Thompson products, which announced it had obtained a contract for all the valves on the Buick and Marquette cars during the current year, quickly moved into new high ground.

Famous Players, Texas Land Trust and Union carbide were heavy. Foreign exchanges opened steady with sterling unchanged at \$4.96 15-32.

CHICAGO, April 4.—(AP)—Extremely heavy trading and decidedly higher prices formed the rule early today in the wheat pit here.

Opening at advances ranging from 1 cent to 2 cents a bushel. Chicago wheat met with big profit-taking sales, and reacted somewhat from initial top figures. Corn and oats were also stronger, with corn starting 1-8 to 1 3/4-c up, and afterward receding. Provisions held steady.

LEGION HOME

(Continued From Page One)

is initiating a campaign in the city school for aid in the drive.

"We plan to help the boys to build their home and at the same time use the occasion to let the children of this city know the meaning of American citizenship," said M. H. Duncan, superintendent of city schools. "Beginning next Monday, the public schools of the city will begin a study of the World War to use it as a means of causing our boys and girls to think more seriously of their duties, privileges, and opportunities as American citizens."

SCHOOLS TO AID

"In the grade schools each teacher will conduct the campaign from April 7 to April 18, and by making the World War a center of interest in their work, the teachers will try to impress the pupils as vividly as possible just what our soldiers had to go through with during the war and what the hardships and privations they had to endure mean to us today. During these two weeks the teachers will center the work in geography, history, language, and the other studies around the World War. In the high school and junior high school the civics and history teachers will conduct the campaign and do the work as indicated."

"We feel that the teachers should contribute to the fund from one to two dollars each, and the principle should contribute from three to five dollars each. We should make donations from all the schools amount to seven or eight hundred dollars."

"Each pupil who gives as much as 10 cents will have his name placed on an honor roll that will be kept permanently in this American Legion home."

The meeting, attended by about 50 Legionnaires, was one of enthusiasm for success of the drive, in which \$12,000 will be sought for the new home to be constructed on a lot directly north of the municipal building which has been donated by the City of Lubbock for the purpose. A rising vote of thanks was accorded the city commission for this action.

noon that no removals would be made unless additional prisoners are taken, increasing the number now confined. "We will be forced, however, to make some arrangements if we make any more arrests," he said.

"We could transfer state prisoners, or those sentenced for long

terms, to the nearby jails, leaving inmates charged in petty cases in the local prison. By such a system we can perhaps eliminate the crowded condition until provisions are made for additional facilities."

SCHOOL ELECTION

district are being urged to visit the polls tomorrow and cast a vote.

With the building program of the present school board underway on Lubbock's new \$550,000 high school, some little interest has been cast into the election, opinions being expressed that a change in personnel of the board would delay plans. This opinion, however, has not been voiced in large measure.

SLATON, April 4.—(Special)—Four school trustees will be elected here Saturday. Eight names will appear on the ballot, of which four are the men whose terms will expire. They are: W. C. Poutz, W. H. Armes, G. R. Evans, and Forney Henry. The other four are: L. T. (Chick) Garland, H. C. Mackey, F. C. Jackson and J. E. Rucker.

The polls will open at 8 a. m. and close at 7 p. m.

A BIG CAKE

Fresh From Our Oven Direct To You

THROUGH YOUR GROCER

We have a new cake, with new quality, with a delicious new flavor. Like Sally Ann Bread our organization of experienced special trained bakers want to submit to you daily for your table a product that is the finest.

And this organization in the beginning, before offering you a home cooked cake spent time, money and weeks of testing to endeavor to find a product of the finest for our customers and we have!

????? WHY ?????

This organization thrust forward endeavoring to progress with time. We have added to our organization, and this has been accomplished by serving you Mary Best Cakes.

Our policy no longer tolerates the idea of selling to our customers, cakes that have to be transported from distant point in the State. The cakes must be baked that day, they must be fresh like food that comes from a mother's oven. And too, not only can we serve our customers with a finer product but we are justified to increase the personnel of our organization and further cooperate with the progressive enterprises on the South Plains.

We wish to progress by serving you better with the finest in Quality.

PLAY CONTEST TO BE STAGED ON SATURDAY

EIGHT HIGH SCHOOLS
OF DISTRICT WILL
COMPETE HERE

The Interscholastic League one-act play contest, which is to be held in Lubbock tomorrow afternoon in the auditorium of the chemistry building at Texas Tech, will attract eight high schools from district 16.

Miss Anna Jo Pendleton, of the speech department of the college, will have charge of the contest. Miss Ruth Pirtle, head of the speech department, will act as critic judge.

The winner of the tournament will go to a regional meet which probably will be held at Abilene.

The schools and the plays which will be presented here are: Stanton, "The Mansion"; Tahoka, "O Death, Where Is Thy Sting?"; Meadow, "Thirst"; Brownfield, "Pearls"; Lubbock, "Stockin' Money"; Lamesa, "Not Quite Such a Goose"; Sudan, "The Getaway"; Levelland, "Pink and Patches."

SHAMROCK, April 4 (P)—James E. Enary, 26, gas field worker, was killed and his brother, Royal Enary, was injured seriously when an automobile overturned here last night. The deceased was survived by his widow and four children.

The Berlin, Germany, Police Department has been given an outdoor examination which 100 men can use at a time.

"CORPORAL EAGEN" PROVES SUCCESS IN FIRST SHOWING THURSDAY NIGHT

The initial showing of "Corporal Eagen," held last evening at the high school auditorium, attracted an audience of some 600 persons who laughed and applauded simultaneously throughout length of the performance.

Bob Stevenson as "Red" Eagen, and George Meiser who played the role of "Izzy" Goldstein, his Jewish buddy, shared honors through their many jokes and misunderstandings. Mr. Meiser's impersonation was perhaps the best bit of individual acting in the play.

Miss Maxine Mullican played the role of Sally O'Neill, the sweetheart. Leroy Vaughan and Carl Jenkins were buddies and other leading roles were taken by Vaughn Wilson, W. W. Rix, K. M. Renner, Miss Lada, Mae Craven, Benjamin Kircera, Miss Louise Jennings, James Goodman, C. J. Atchison and Miss Irene Werten.

A great deal of credit must be given Miss Pat Cowan, of Jacksonville, Florida, who directed the play and is largely responsible for the clever acting of the "rookie" troupe. Music numbers revived songs not heard in many instances for 12 years as choruses, solos and quartets sang, "Over There," "Keep the Home Fires Burning," "Pack Up Your Troubles in Your Old Kit Bag."

Minstrel Featured
A minstrel, composed of H. A. Weinmaker, H. Carlock, Russell Hardin and Ross Edwards, entertained between the second and third acts. One of the numbers was an instrumental one with a washboard, improvised dishpan, tub, and funnel.

TECH ENTERS 13 CATTLE IN PLAINS SHOW

ENTRIES WILL VIE FOR
HONORS DURING DAIRY
EXPOSITION

When the third annual Panhandle Plains Dairy show opens at Plainview April 7, to continue through the 10th, Texas Technological college will be represented by thirteen head of cattle to vie for honors.

Flowerdale Echo Cynthia, a Holstein Friesian, will be one of the major exhibits of the college. She has a record of producing more than 90 pounds of butter fat last month. One of the bulls included in the Tech exhibit has never been

beaten in his class at the Plainview show.

"We expect to make an excellent showing in the production contest," said W. L. Stangel, head of the department of animal husbandry.

The Tech exhibit will be in charge of Ray C. Mowery and R. C. Middleton, graduate of the school of agriculture last year. The stock will be loaded out for Plainview Saturday or Sunday.

HAWKS' GLIDER IS FORCED DOWN

TERRE HAUTE, Ind., April 4 (P)—Breaking of the cable between his glider and the tow plane forced Frank Hawks down four miles east of here today shortly after he had taken off for Indianapolis on another leg of his transcontinental glider flight.

Hawks said he expected to make repairs and continue on to Indianapolis this afternoon. He sent word of the mishap to the delegation that

THREE GIVEN BONDS AFTER DEATH PROBE

FOUL PLAY THEORY IS
ABANDONED DURING
INVESTIGATION

HOUSTON, April 4 (P)—Appar-
ent abandonment by investigating
officers of the foul play theory and
the agreement of District Attorney
O'Brien Stevens to permit R. H.
Mahley, Nick Gress and W. D. Cum-
mings, charged separately with
three cases of murder each, their
liberty under \$1,000 bonds marked
the investigation Thursday into the
mysterious drowning of three men
Monday night.

The women were Avis Larry, 18,
and Mrs. Annie Proctor, 19, who lived
near the scene of the drowning,
which occurred in the San Jacinto
river.

The three victims and the three
men charged went out on the river
in a motor boat. Miller, Scott and
McGee were lost, their companions
said, when the boat filled with
water and sank.

Authorities first thought they saw
a possible jealousy motive in Mrs.
Proctor's statement:
"Albert Miller told me that Nick
Gress was jealous of Albert and
myself going together," Mrs. Larry

quoted Cummings as having said
in discussing the drownings, "well,
if there are any bruises on them,
(the bodies) they'll get us," and
this likewise interested the district
attorney's office.

But for the fact that charges
concerning capital offenses ordinari-
ly are left for the grand jury, the
complaints probably would be dis-
missed immediately. As the situa-
tion stands, the district attorney
probably will recommend no bills.

Youth Missing In Race Stable Fire

NEW ORLEANS, April 4 (P)—

A boy was missing today and four
race horses were dead as a result
of a fire that destroyed barn num-
ber eight of the Jefferson Park race
track here last night.

Jimmy "Red" Mulligan, exercise
boy for the Jack Bushon stable,
was asleep in the barn when the
fire started. No one saw him escape.
The four horses that died in the
fire, origin of which was not de-
termined, were cut off by a wall
of flame from attendants who la-
bored valiantly to save them and
who did rescue six horses.
