BONE SPLINTER REMOVED

Quick Brain Surgery Saves Life Of Boy, 5, Hurt in Auto Wreck

A handsome little five-year-old Colorado City boy ran a race with death this week and came out winner.

Jay Motley, son of Mr. and Mrs. W. R. (Bob) Motley Jr., underwent a delicate brain operation Sunday in San Antonio, after he had been seriously injured in a car wreck near Ozona.

From the time of the accident at 3 p.m. Saturday until the operation at Sunday noon, Jay was fighting to keep alive.

But after an hour and 45 minutes on the operating table at Nix Memorial Hospital in San Antonio and the skillful work of one of Texas' top brain specialists, Jay was out of immediate danger.

The delicate operation involved removing a bone splinter from the brain lining.

And now his parents say it's just a matter of time before his skull mends and he'll be all right —probably a month at least.

The accident happened 20 miles west of Ozona as Jay, Mrs. Motley, Mrs. Lynn Davidson and her father, Bud McGilvray, returned from Sheffield.

The quartet had gone to Sheffield to pick up a horse for Mrs. Davidson.

The left rear tire blew out on the convertible in which they were riding and it rolled over one complete time, coming to a stop on its side.

Jay was asleep in the back seat at the time of the accident.

The little youngster—who will be six years old in August—was not tossed from the car but evidently received his skull injury as the auto rolled over.

Jay—with a compound fracture of the skull and the bone splinter in the brain lining—was the only injured person in the wreck.

A passing motorist rushed them to Ozona to the hospital where they remained overnight Saturday.

Joined by Mr. Motley—who is a postal employe here—they left for San Antonio early Sunday morning for the operation.

Mrs. Motley is one of the top cowgirls in the state and has won numerous honors in Texas rodeos in the barrel race.

Mrs. Davidson is also well-known in rodeo circles and has competed in the barrel race at the Frontier Round-Up Rodeo for several seasons.

Instantaneous Death Reported in Shooting

Justice of Peace G. C. Lemons in an inquest report Wednesday stated that a couple found dead last week 12 miles northwest of Colorado City died instataneously from gunshot.

The dead couple was James Ables, 36, and his 40-year-old wife, Margaret.

Ables' body was discovered on the ground near a pickup truck with a .22 caliber pistol nearby. The womans' body was inside the pickup.

Lemon's report said Ables was killed by a single .22 caliber bullet that entered the man's skull and brain.

Death for the woman came with "three or possibly four gunshot wounds" fired from a weapon at close range, the report stated.

The justice of peace's report was based on a written report from Dr. Jarratt E. Williams of Abiline, pathologist, who with Dr. Oscar Rhode conducted autopsies on the bodies.

The pathologist in the autopsy report filed with the justice of peace estimated that the couple had been dead three to four days. Bodies were discovered the afternoon of June 12.

No fractures were noted in the long bones and there were no lacerations on the bodies, according to the pathologist.

Dr. Williams reported three puncture wounds in the woman's body and "these apparently are bullet wounds."

"It is our finding, therefore," the pathologist wrote, "that this individual (the woman) suffered three and possibly four bullet wounds; that they most likely came from a .22 caliber gun and that the immediate cause of death was a gunshot wound of the skull and brain."

The pathologist reported that a metallic object with the "flattened contour of a .22 bullet which has been fired against a hand object or bone" was found in the necrotic brain tissue of the husband.

"This," the autopsy report said, "we believe can be identified as a .22 caliber bullet, that is lead."

The 96-year-old man died Saturday at 2:30 a.m. in his home in Loraine following a week's illness.

Burial was in the Roscoe Cemetery under the direction of Wells Funeral Home in Roscoe. Pallbearers were Hubert Thomas, Plez Beaty, Martin Dobbs, Marshall Bruce, W. H. Jeans and Jack Coffee.

Walker, a retired farmer, was born in Simpson County, Miss., Oct. 6, 1859. He moved to Texas with his family, who settled in Comanche County.

DEFENSE TAKES OVER

State's Testimony Ends in Rape Case

Prosecutors concluded the state's testimony at 11:40 a.m. Thursday in the trial of Joe Richard Johnson, 19, charged with rape of an 18-year-old mother here last Dec. 16.

Under indictment for the same crime is another Colorado City youth, Marine Don Earl Dossey, 18.

Defense Attorney Perry Barber placed the first defense witness on the stand early in the afternoon.

And the trial, which opened with testimony Tuesday, appeared likely to go to the jury late Friday or early Saturday.

District Attorney Eldon Mahon and County Attorney Frank Ginzel presented final defense witnesses Thursday morning in an effort to corroborate testimony of the alleged rape victim, who was on the witness stand two days.

The young mother — who declared she was raped twice under threat of death to baby and herself — was cross examined for hours Wednesday by the defense.

But she stood fast with her claim that she was raped once by Johnson on the ground in a field off State Highway 208 and once by Dossey in a car at the field's edge.

The rape was committed while her 14-month-old baby was on the car's back seat, she said, while on return from her parents' residence to her home in Colorado City.

Submitted as state's evidence Wednesday were panties, identified as those worn by the young mother on the night of Dec. 16, and which were torn apart at the crotch.

A sweater, torn at the neck, was submitted also as state's evidence.

The alleged victim said Johnson and Dossey threatened death for her and her family and any person "who told" if the case was reported to police.

Witnesses for the state after the woman left the stand late Wednesday included Carl Medley, night attendant at Reed's Service Station; Policeman Earl Gunn,

Committee Begin Soil Bank Parleys

Community committees begin conferences here Friday preparatory to putting the new Soil Bank program into action in Mitchell County.

Mike E. Custer, Agricultural Stabilization & Conservation office manager, said the ASC County Committee and the community committees will continue sessions through the first of next week.

The conferences are expected to be completed Tuesday and Soil Bank contracts likely are to be ready by Wednesday.

Administrative date for the Soil Bank operation was given out here Monday to ASC office staff members, county committeemen and county agents from 19 West Texas counties of District 6.

And the key information coming out of that meeting was:

1. Farmers have until July 20 to decide whether they will participate in the 1956 Soil Bank program.

2. Payment for taking land out of production will be decided on an individual basis for each participating farm and appraisals will be by community and county committees.

Wheat and cotton are both included in the Soil Bank plan, but opportunity is greater in this area for cotton farmers to benefit.

Bob Nelson of College Station, state performance supervisor of the ASC, and land Harrison of Stamford, ASC district field man, emphasized in the Monday meeting that July 20 will be deadline for farmers to sign up in the program.

Cotton farmers desiring to draw payments for taking land out of production must accomplish the withdrawal of their acres by July 31 to be eligible for Soil Bank payments.

Cotton farmers will be paid 15 cents a pound for their average field of prospective yield taken out of production. And the county yield, for Soil Bank purposes, has been established at 131 pounds per acre — higher than all surrounding counties except Howard's 132.

However, each field's prospective yield will be decided on individual basis. And payments can be figured as low as $6 per acre. Facing the prospect of the lowest payment are farmers who have planted, but have not gotten a stand — a condition that provides no base for figuring prospective yield.

COMMUNITY PICNIC ADDED

Booster Trips to Promote Big July 4 Program as Area Event

Colorado City's night and day celebration July 4th will be promoted as an area-wide festival.

Plans for publicizing the Independence Day observance which will feature at least eight events were made this week by the Chamber of Commerce merchants and trade committee.

The committee, chairmaned by Max Berman, plans to publicize the program with newspaper and radio advertising, handbills and posters.

In addition a Colorado City delegation will visit area towns June 27 and June 28 on booster trips.

Merchants are being asked to contribute money to pay for the promotion and to provide prizes and other expenses during the two-day observance.

Latest addition to the big celebration program is a community-wide picnic at Ruddick Park late in the afternoon of July 4th.

The picnic replaces a barbecue that previously had been proposed at noon at Lake Colorado City.

Sponsoring the picnic will be Kiwanis Club, which also will furnish free lemonade to all families participating in the picnic at the park.

Three events apparently have been dropped from the observance, but the eight events definitely scheduled provide entertainment and other features almost around-the-clock.

Eliminated from the calendar was the proposed old-timers reunion, which the Lions Club declined to sponsor, and the beauty contest, which apparently has been turned down by the Business & Professional Womens Club, and amateur boat races, an event considered by Jaycees.

Two big events for citizens throughout the area will open the celebration. The fishing contest at Lake Colorado City, sponsored by the Sportsmen's Club, will begin at 6 p.m. July 3 and continue until 6 p.m. July 4.

And the huge square dance — a street dance in the downtown area — will begin at 8 p.m. July 3.

Invitations are being mailed to square dance groups throughout West Texas by the local Do-Si-Do Square Dance Club, which is sponsoring the street dance.

The Independence Day parade here — featuring military units from Webb Air Force Base — will begin at 10 a.m. July 4. Arranging the parade are American Legion, Veterans of Foreign Wars and National Guard.

Two new afternoon highlights will be special Little League and Pony League baseball games. Local all-stars are seeking out-of-town opponents, possibly Silver.

Another daytime event will be a special golf tournament at Colorado Country Club.

Following the community-wide picnic all citizens will be invited to participate in an Independence Day Church service. Dr. Guy Newman, president of Howard Payne College in Brownwood, will speak at the interdenominational service in Ruddick Park's amphitheater at 8 p.m.

A fireworks display at both the Lone Wolf and Texas Drive-In theaters will conclude the celebration.

Miss Patricia Marin Becomes Bride of Melton Willbanks

MRS. MELTON WILLBANKS, . . . nee Patricia Marin.

Chapel of All Saints' Episcopal Church in Beverly Hills, Cal., Saturday evening was setting for the marriage of Miss Patricia Florence Marin of Beverly Hills and George Melton Willbanks.

The bride is the daughter of Mrs. Pettengill Marin of Beverly Hills and Michael Edward Marin of West Los Angeles, Cal.

Willbanks is the son of Mr. and Mrs. E. B. Willbanks of Silver and the grandson of Mrs. Van King of Midland, a former resident here.

Rev. Kermit Castellanos read the double ring ceremony before an altar banked with white peonies and sky blue delphenium with myriad lighted candles.

The bridal aisle was marked with white satin ribbon. Pews were accented by white peonies, sky blue delphenium and candles.

The bride, given in marriage by her father, wore an embroidered Swiss organdy gown. Off-the-shoulder neckline of the fitted, long torso bodice was accented by soft pleated nylon tulle. Her sweeping bouffant skirt was fashioned in three tiers.

Her matching crown, trimmed in seed pearls and sequins, held a finger tip veil of bridal illusion. She carried a bouquet of white orchids and stephanotis.

Mrs. Hamilton Harris of Beverly Hills was matron of honor. Miss Barbara French and Miss Dona Wessels of Beverly Hills were bridesmaids.

Their ballerina-length gowns were of delft blue silk shantung. Empire bodices were designed with portraits necklines and cap sleeves. The bouffant skirts were worn over full petticoats.

Matching hats and shoes completed their attires. Bridal attendants carried bouquets of white gardenias and sky blue delpheniums.

Charles E. Carter served as best man. Van Gott and James Baier were ushers.

For her daughter's wedding Mrs. Marin wore a gown fashioned with navy alanceon lace bodice and a chiffon draped skirt, styled with Sophie's famous understated elegance.

Her hat was made of matching lace chiffon. She wore navy gloves and shoes and a cymbedium orchid corsage.

Mrs. Willbanks wore a wedgewood blue lace sheath over taffeta with a side back drape of organza. Completing her attire were matching shoes and bag of the wedgewood blue lace, a small satin hat veiled in the same shade of blue and cymbedium orchid corsage.

Following the reception in the church, the couple left for a motor trip. They will reside in Long Beach, Cal., where the groom is serving in the Navy.

The bride is a graduate of Westlake School for Girls. She attended the University of Arizona and University of California of Los Anglese. She has traveled extensively abroad in Europe and Africa.

The groom was graduated from Colorado High School and attended the University of Arizona, where he was a member of the Sigma Nu fraternity.

Among out-of-town guests were the groom's parents, Mr. and Mrs. Willbanks of Silver; Mrs. Van King of Midland; Mr. and Mrs. James Payne and children, Aria Jo and Chip, of Colorado City.

FORD sets 500-mile record at Indianapolis Speedway

Again proves nobody outperforms Ford

. . . dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

Ford's record was timed and certified by the United States Auto Club

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that *no* stock car ever reached before!

Previous to Ford's record run, no other stock car had gone even *one lap* at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h.! And Ford *averaged* over 107 m.p.h. for the *full five hundred miles* . . . close to the average set by the extremely costly, specially built racer which won the Memorial Day "500"!

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!

Ford wrote this new mark large and bold in the record books. And the *whole* Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

TESTIMONY—

Continued from Pg. 1

Sheriff R. E. (Dick) Gregory, the alleged victim's sister and father, and Dr. Kenneth Cowan, Nurse Mrs. Inez Howell and Fireman Truman Henderson.

Dr. Cowan examined the woman the night of Dec. 16 after the alleged rape was reported to police. And Mrs. Howell, nurse assisting with the examination, told of the woman's panties being torn and of dirt rolled into the under garments.

The nurse testified also that the woman's buttock's and hips were dirty.

The sheriff and policeman told of foot tracks leading 25 yards to 60 feet into a field from car tracks where the rape is alleged to have taken place.

Henderson, who keeps official U. S. Weather Bureau records, testified as to the coldness on the night of Dec. 16.

Medley told the court that the woman appeared at his service station on the night of Dec. 16. She was crying and wanted someone to notify police, he said.

The woman's sister on the stand, under Barber's cross examination, admitted to still visiting the Dossey family even as late as Thursday morning.

Barber during long cross examination of the alleged victim Tuesday quizzed her about reports of her phoning an "ex-policeman" when her husband was away from home and of intimacies with at least one other person since her marriage.

However, the woman repeatedly denied the defense attorney's attack on her character.

A major insurance company says the number of marriages in the United States is likely to remain at a low level because a large percentage of those eligible for marriage were married in the years immediately following World War II and because of depression years when fewer babies, who are now marriageable age, were born.

Bibs Help Keep Mother From Being Tuckered

BY EDNA MILES

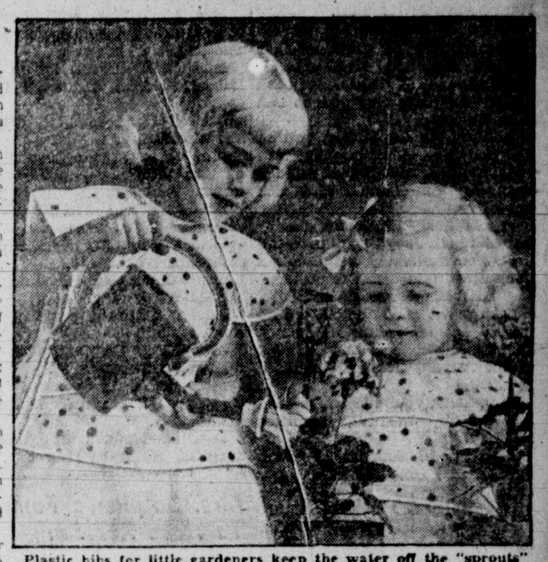

KEEPING your kiddies looking just like pictures would require your staying alert and on your feet twenty-four hours a day. It can't be done.

But you CAN keep them reasonably neat while they're making mud pies and you're whipping around the house making beds, cleaning the bathroom, doing dishes, running the vacuum and otherwise "living it up" at a fast pace.

Real aids to you for everything from mealtime to playtime are brand-new coverall bibs of plastic splashed with gay, confetti-like dots in red, blue, silver and white. These bibs have big kangaroo pockets at the front to catch spills and overflows and save both clothes and floors.

To prevent the plastic from getting stiff (as plastic bibs have been known to do in the past), the maker of these bibs has given the surface a special chiffon finish that is soft to the touch and that won't wear off.

These bibs top the entire upper part of a dress, leaving only a small portion of the skirt uncovered.

Plastic bibs for little gardeners keep the water off the "sprouts" and on the plants—where it belongs. Bibs are so treated that they stay soft to the touch.

Games Scheduled in Minor Little League

Several games are scheduled in the Minor Little League the coming week.

Friday, Blue Sox and Missions play; Tuesday, the Cats and Blue Sox play and Friday, June 29, Cats and Missions tangle.

All games are scheduled at 5 p.m. at the playing diamond on northeast corner of the lot where the League Park is located.

John Conaway, league supervisor, said if other boys are interested in playing, contact him at the park during one of the games.

About 13,000 WAVES were in Navy's Hospital Corps in WW II.

FIRST AND SECOND TEAMS TO PLAY

Two Little League All-Star Games Slated For Friday

Little Leaguers will play a double-header All-Star game Friday at League Park.

The managers voted this week to have first and second teams for the All-Star affair.

As is always the rule, the first and last place teams will battle the second and third place squads in the game.

That will pit players from the Yankees and Indians against the Giants and Pirates.

But the new twist that has been added this year makes it possible for every boy on the four squads to play on either the first or second team All-Star squads.

Little League second-team All-Stars will start their game at 1:30 p.m. followed by the first team battle at 8:15 p.m. Friday.

Manager Bob Read of the Yankees and Hiram Beasley of the Indians have selected the following boys for their All-Star squad:

FIRST TEAM — Yankees Barney Barnett, Tommy Humphreys, Jesse Franco, Louis Franco, Willie Joe Smith, Pablo Bonnilla, Felix Salmeron and Ronnie Rothwell; Indians Kenneth Cloud, Jesse Thompson, Harold Hendley, Kenneth Beasley, Harry Johnson, Sylvester Williams and Bill McGuire.

SECOND TEAM — Yankees Reggie Noble, Bill Sorrells, Simon Cisneros, Joe Anderson, Freddie Fox, Charles Patterson and Jerry Fields; Indians Rickie Hunter, Larry Johnson, Alton Currie, Jesse Burton, Denzil Pendergrass, Jerry Mackey, Jackie Don Mackey and J. L. Schafer, Jr.

Manager Roy Sweat of the Pirates and B. D. Mason of the Giants have selected the following boys for their All-Star squads:

FIRST TEAM—Pirates Charles Houston, Pete Garrett, Jimmy Gibson, Curtis Scott, Joe Biggers, Junior Garcia and Martin Christian; Giants Dickie Summers, James Nidiffer, Bobby Stewart, Maxie Connell, Kenneth Cannon, Jimmy Vaughn, David McKay and Tom Mann.

SECOND TEAM—Pirates Danny Garcia, Leon Sweatt, Wayland Moore, Ronnie Shoemaker, Randy Taylor; Giants Howard Belvin, Charles Belvin, Phil Ball, Jerry Hill, Joel Shackelford, Larry Skinner and Roger Richards.

The All-Star games have no bearing on the league standings but give special recognition to the top performers.

The league managers wanted to give all the players recognition, thus the second team all-star squad was devised.

JUNIOR HIGH GYM, 8:30 P.M.

Sheik & Gurley Event to Start Pro-Wrestling Card, Saturday

Colorado City is set for its first professional wrestling in many a year, Saturday, 8:30 p.m. at Junior High Gym.

Texas Wrestling Association has arranged for a top-notch card of wrestlers here.

And the local Jaycees announced Thursday that arrangements are all complete on seating and concessions at the gym.

A top match is set for the first event, featuring Bob Gurley against the Sheik.

Gurley blasts the theory that wrestlers are all brawn and no brain.

He started out to be a lawyer, but the color and excitement of pro wrestling were too tempting.

He says when he is too old to wrestle, he will settle down to law practice.

Bob has long been associated with physical culture. He was a three letterman in college and later a physical instructor in the navy.

At the close of the war, he began his pro career and has gone to the top .

He said "in my first match, my opponent was covered with blood—my blood."

He has been careful to see that it did not occur again.

Bob has campaigned all over the country, meeting the top boys. He dropped a close one in Wichita, Kan. to champion Lou Thesz recently.

The spectators may not approve of Bob's rough buzz-saw his reason for such rough ring tactics. The Sheik will have to get rough, however, when he meets Bob Gurley.

Following the Gurley-Sheik match, Bill Dusek will meet Irish Jack Kennedy.

Dusek, who was born in Omaha, Neb., wants to make his home in Texas.

When he was discharged from the army, the big blonde Polack showed promise as a semi-classical as well as a popular singer.

He has written several songs and still continues to write in his spare time.

Dusek weighs 225, 10 pounds less than his worthy opponent, Kennedy.

The "spicy" match of the card comes up third when Ella Kowalski, 138, meets Shawnee Knorr, 240, the worlds biggest lady wrestler.

In the feature match of the evening—a two out of three fall event, no time limit—Gurley and Dusek will battle Kennedy and The Sheik.

Tickets may be purchased from any Jaycee this week or bought at the door Saturday night.

THE SHEIK, . . . from Arabia.

BOB GURLEY, . . . he's a roughy.

Giants, Yanks Play 3-3 Tie In 9 Frames

In one of the most evenly-matched contests of the season, Yankees and Giants battled to a 3-3 tie Monday night in Little League.

And the game went a full nine innings before it was called.

The game accomplished nothing in league standings. It was a make-up for a game previously rained out. And now it will have to be continued at a later date to determine the winner.

Giants allowed only three hits while the Yankee pitchers gave up four hits.

Yankees scored all three of their runs in the third inning. J. Franco traveled to first on an error and Joe Andersoon took firse base on a fielders choice.

Barney Barnett used a Giant error to reach base and Tommy Humphreys followed with a run-producing single.

L. Franco completed the scoring when he blasted a single to bring home Barnett.

In addition to the two hits in that third inning, the Yanks got only one other—a single in the ninth.

Bobby Stewart scored the initial Giant run in the fifth frame after getting on base via a single.

Giants tied it up in the sixth with two runs on three hits. Maxie Connell led off with a double and scored on Sammie Vaughn's single. Vaughn scored on Stewart's double.

Hurling for the Giants were Joel Shackelford for the first three innings, giving up two hits, and Vaughn for the remaining six innings, giving up only one hit.

Tryout Camp In Sweetwater

Sweetwater has been selected as a site for one of the St. Louis Cardinals' nation-wide tryout camps.

Red Bird talent scout Al Hollingsworth will be on the lookout there for future baseball greats on June 26, 27, and 28 it was announced today by Chief Scout Joe Mathes.

"I'll be looking forward to the camp, our first at Sweetwater with keen interest," Mathes pointed out.

Sessions at Sweetwater Ball Park will get underway each day at 10 a.m. A player must be between 17 and 23 and bring his glove, baseball shoes, and a uniform if he has one.

TWO STRONG SQUADS

Pony All-Star Tilt Scheduled Thursday

Pony League All-Star game was to be unreeled Thursday night at League Park.

Players from the first and fourth place teams were to play the second and third place teams.

That features the league-leading Athletics and the fourth place Braves against the combined forces of the Cardinals and White Sox.

Athletic manager Toby Deaton and Brave manager Lindy Merket feature a strong 14-man aggregation on their squad.

Equally strong is the squad selected by Cardinal manager Jake Treadwell and White Sox manager Cecil Mackey.

In the Athletics-Brave line-up, the league's top hurler, fire-balling Billy Key of the Athletics, joining him on the mound from the Braves is Bennie Greenfield.

Catching will be Brave Lucky Merket and Athletic Alex Campbell.

In the infield will be Athletic Robert Bracy at first, Athletic Steve Smith and Brave Douglas Hodges splitting duties at second base, Athletic Danny Maples at third, Athletic Dwayne Spivey and Brave William Sanders at shortstop.

In the outfield will be Athletic Ronnie Bassinger in left, Athletic Red Lindsey in center and Athletic Ronnie Stacy in right. Brave Romaldo Lujan is utility outfield and pitcher.

The Cardinal-White Sox team members have not been designated by the managers as to their positions, but the following is the roster:

Cardinals—Jerry McKay, Dwain Thomason, Dickie Richardson, Billy Bobo, Hunter Mann, Buddy Compton, Larry Moser, Mac Rothwell and Bill Davis.

AT HALFWAY MARK

Yanks Set Pace in Little League As Giants Follow Close Behind

Yankees continued to set the pace in the Little League with the Giants keeping close behind them.

Yanks outscored the Pirates 18-11 in one of the two make-up games Tuesday at the League Park.

Giants scored a narrow 10-9 win over the Indians to climb into second place in the other make-up tilt.

* * *

Yanks got off to a running start with two runs against the pirates in the initial inning.

Barney Barnett and Pablo Bonilla marked up the Yank runs.

Yanks really turned on the steam in top of the fourth with ten runs, scored mainly on the wildness of the Pirate pitcher who issued six walks and gave up three hits.

Pirates fought back in the fourth with two runs and added six more runs in the fifth.

In that fifth, Dale Walker started off with a double, Charles Houston, Curtis Scott and Archie Biggers all singled, Danny Garcia doubled, Martin Chirstian singled and Pete Garrett doubled.

When the dust cleared, Pirates had scored six runs but were still behind 12-8.

Yankees made sure Pirates didn't get any closer with a five-run outburst in the fifth inning. Three errors and four walks helped the Yanks score the runs.

Four Yank bobbles in the sixth helped the Pirates score three more runs but the Yank lead was too great to overcome.

Barnett, the winning hurler, received relief from Ronald Rothwell.

Biggers and Walker handled the Pirate pitching duties.

* * *

Sammie Vaughn scored a run in the seventh inning to give the Giants a narrow 10-9 victory over the Indians in the other tilt.

Vaughn's score broke a deadlock that sent the teams into extra innings.

Vaughn doubled and scored on Bobby Stewart's single.

Indians, the home team, went down 1-2-3 in their half of the seventh on two strikeouts and a groundout, thanks to Giant relief hurler Tom Mann.

Giants appeared to have the game in the bag in the sixth frame, the final regulation game inning.

They were leading 9-8, but Indian catcher Kenneth Beasley doubled and scored on John Thompson's single to knot the count at 9-9.

And then Vaughn scored his extra-inning run for the Giant victory.

Kenneth Cannon, David McKay, Vaughn and Stewart all scored in the first with Stewart's triple the longest blow.

In the fourth, Canno, McKay, Maxie Connell, Vaughn and Joel Shackelford all scored.

But mixed in between the Giant runs were five tallies by the Indians in the third frame.

Harold Hendley, Kenneth Cloud, Beasley, Bill McGuire and Harry Johnson did the scoring duties for the Redmen with four Giant errors helping them along.

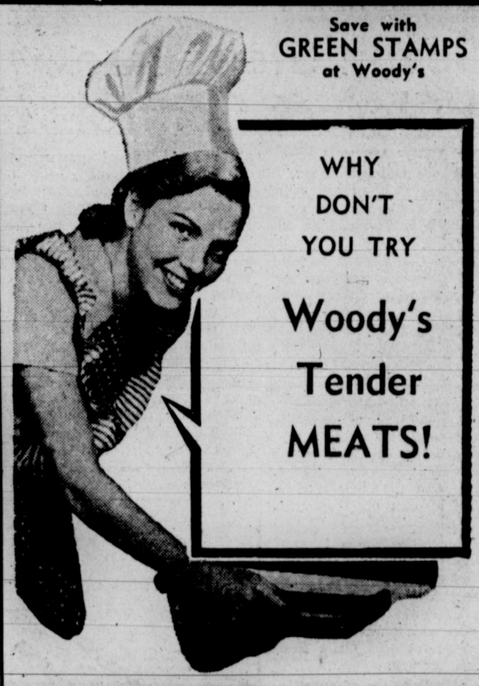

Indians added one run in the fourth—by Hendley—and two in the fifth—by Thompson and Sylvester Williams.

But the margin of victory proved to be Vaughn's run in the seventh.

BIBLE COMMENT

Church Awaiting Ideal's Fulfillment

The Christian Church did not arise out of plans of some promotional organizer.

There was no advance prospectus or blueprint of a proposed organization. The Church definitely grew out of an experience.

It was not a matter of organization awaiting or developing life; it was life leading to organization.

Although Jesus did not formally organize the Church, there was more organization associated with his ministry than is commonly supposed.

He gathered about Him the apostles, to whom were committed special privileges and responsibilities, and with whom He communed concerning the deep things of the Kingdom, so that he developed an inner band of disciples—a sort of Christian cabinet—to carry on His work.

Also, He organized the "seventy" who went through the villages teaching and preaching, two by two.

The Church, as I have said, had its origin in the experience of the new life. It began as these experiences found expression in the remarkable events on the Day of Pentecost.

Here, as the disciples were gathered together in one place, there came a strange outpouring of spiritual power. Peter, who formerly had denied the Lord, preached with great boldness and courage about the reality of the Christian way, and brought home to the hearts and consciences of his hearers the realization of their sins. The result was that many were brought into the Christian way.

In his letter to the Ephesians, Paul sets before us a noble ideal, that of the Church as a body incorporating the spirit of Christ.

The Church is still waiting for the fulfillment of that ideal, and the world itself will never find peace until the unity in love becomes the dominant mark of human society.

LONE STAR FARMER

Seven Steps Are In Insect Control

By JOHN WHITE, Agriculture Commissioner.

Texas farmers may be living in the modern era, but many of his problems are as old as history.

And about this time each year, the farmer starts his ageless battle with a familiar enemy—crop pests.

Fortunately, the chemical industry can furnish effective implements in this unending war. But their real utility is no better than the way they are used.

Chemical control of insects and weeds—can be a boon or a bust, depending upon methods and time of application. Just as irrigation can be wasteful or beneficial, so can crop spraying or dusting.

It will be to the Texas farmer's advantage to follow an organized method of crop treatment for the best insect control. The best plan will be to contact your county agent and study the seven-step program as set up by the Texas Extension Service.

Much effectiveness of spraying or dusting is nullified by poor timing. Treatment on a "guess basis" often catches harmful insects in the pupa stage when insecticides and pesticides have little or no effect. It may also do away with some of the useful type insects.

The seven-step program varies over the state but each area of Texas has a definite plan set up according to local climate and insect conditions. This type of spraying assures the farmer of getting the most benefit out of money spent for insect control.

Although most insect infestations are expected to be approximately "normal" this year, one pest stands out as a threat in near plague proportions—the grasshopper. This spring the state and federal governments are carrying out an all-out fight against hoppers on range lands of the Panhandle and West Texas. But cultivated land is the farmer's own battlefield. Quick control of this pest can save many thousands of dollars in crops this year.

A word of caution about chemical preparations! Although the chemical industry has taken every precaution to make them safe as possible, some of them can be harmul if misused.

Read and study the manufacturers' recommended measures of use. They are printed on every container—and are meant to be followed.

INTERPOSITION ISSUE ON BALLOT

Constitutional Referendum With July Demo Primary Will Be State's Third Since 1907

By VERN SANFORD, Texas Press Association.

Next month, for the first time in 24 years, Texans will be asked to vote — not only on men — but directly on issues.

State democratic executive committee members have approved the placing of three questions on the primary ballot. Voters can express their desires for or against:

1. Legislation exempting a child from compulsory attendance at integrated schools.

2. Legislation "perfecting" laws against intermarriage of Negroes and whites, and;

3. Use of interpostion to halt federal encroachment on states rights.

Majority approval presumably would constitute a mandate for action by the next legislature.

Historically, such voter referendums seldom have been used. And not too successfully. Present procedures, still substantially unchanged, were set up with the passage of the Terrell Election Laws in 1907.

In the nearly 50 years since then, referendums were held only three times. And failed to pass twice. In 1908 a prohibition proposal was voted down more than two to one. In 1919 the people rejected three to one a proposal to call a constitutional convention.

But, in 1932 Texans voted overwhelmingly in favor of repealing the federal prohibition amendment. A year later the legislature followed suit and ratified the repeal amendment.

This was the last referendum submitted until this year.

In other action the state executive committee certified a list of 31 candidates for statewide office. It ignored a charge by Reuben Senterfitt that Price Daniel's name was ineligible to appear on the ballot because he had not resigned his U. S. Senate Post.

Fort Worth was selected by the committee as the site for the Sept. 11 state convention. Principal business at that time will be naming new party officers and deciding on a general election platform for the Democratic gubernatorial nominee.

State Capitol NEWS

GOP Chooses Corpus

Texas Republicans will hold their August 28 state convention in Corpus Christi. GOP nominees for state office, presidential electors, a new state chairman and a general platform will be decided upon at that time.

Selection of the convention site was made at the party's state executive committee meeting in Austin.

Committee members sent Pres. Dwight D. Eisenhower a telegram asserting their confidence that he will carry Texas and be re-elected in November.

Redistricting Urged

Demands that Texas congressional districts be realigned were heard at both political party meetings.

Texas was allotted an additional congressman after the 1950 census. Since the legislature has rejected redistricting bills for the past two sessions, the extra man is elected by the entire state.

Bill Elkins, candidate for congressman-at-large, told the Democratic executive committee the main plank in his platform is to have the office he seeks abolished.

Republican National Committeeman Jack Porter said the GOP legal committee might seek federal court action to force the legislature to redistrict.

"It's not fair to have the same representation from districts of 100,000 as you do from areas with more than a million," Porter charged.

Pearson Blamed

In a report made public by the Insurance Commission, TVman Drew Pearson received the brunt of the blame for luring Texans into investing money in the now defunct US Trust & Guaranty Co. The report was based on answers to questionnaires sent draft purchasers by the state liquidator's office.

Questionnaires were answered by 3,608 purchasers. They represented investments of $4,711,132. Nearly half of them claimed Pearson influenced them into buying. This because of his personal, oft-repeated statement that "You can put your trust in U. S. Trust."

Because Pearson personally recommended the purchase, the TV broadcaster several months ago pledged to refund all "profits" made on his commercials. As of this writing the Insurance Commissions' records do not reveal any such repayments by Pearson.

Civil Immunity Denied

Public officials are not immune from civil authority for acts in connection with their duties. An Austin district judge so ruled in a case involving two former employes of the Insurance Commission.

Examiners Larry W. Blanchard and Robert R. Butler are among more than 50 defendants in a $6,890,000 damage suit. It was filed by the state liquidator against those allegedly responsible for the 1954 collapse of the big General American Casualty Co. of San Antonio.

Trial Delay Expected

Another six months delay seems likely before the trial of George B. Parr on income tax evasion charges takes place. Parr's plea to have the trial in Laredo, rather than Austin, was rejected by the US Supreme Court. U. S. Attorneys promptly asked Judge Ben H. Rice of Austin for an early setting, preferably in July. But Parr's attorneys said they will file for a rehearing before the Supreme Court. Such action could keep the case from coming up until January of 1957.

Parr was first indicted in 1951. He is charged with filing false returns in 1949, 1950 and 1951 and failing to pay the government $86,000.

Bottleneck Likely

State Health officials are urging parents of children who will enter school for the first time next fall to avoid the "birth certificate bottleneck." In past years thousands of requests have swamped the department in September. An estimated 260,000 children will be eligible to enter first grade this year.

Short Snorts

Soaring heat and lack of rain is withering Texas crops and pastures in all areas except the high plains, reports the U. S.

Finegan Moves Up to T&P Vice President

James J. Finegan, currently assistant to president of the Texas and Pacific Railway Company at Dallas, will step up to the office of vice-president Aug. 1.

He will succeed Executive Vice-President Marshall D. Cloyd, who will retire Sept. 1, it was announced by T&P President W. G. Vollmer.

Vollmer also announced the election of Russell L. Dearmont, vice-president and general counsel of the Missouri-Pacific Railroad Co., to membership on the T&P board of directors. Dearmont succeeds Donald H. Carter, who resigned from the railroad's board May 15.

Carter, president of Southwestern States Corporation, resigned to become a member of the New York Central board. He had been on the T&P board since 1912.

The Texas and Pacific board, according to Vollmer, also elected Estil Vance, president of the Fort Worth National Bank and T&P board member for the past four years, to its executive committee.

Finegan, the only native New Yorker among T&P officers, started his railroad career as a clerk in the Texas and Pacific's New York City offices in 1920. He rose to the post of secretary to the company's board chairman before transferring to Cleveland in 1930 when the New York offices were moved. Promoted to assistant secretary-treasurer in 1938, Finegan was appointed secretary the following year and moved then to Dallas when the Cleveland offices were transferred.

Since 1939, Finegan's headquarters have been at Dallas and in 1945 he was named Assistant to the Executive Vice-President. In 1948 he was appointed Assistant to President which title he has held up to the present.
