Reds Sweep Near Odessa In Great Arc

Germans Suffering Tremendous Loss

By TOM YARBROUGH
Associated Press Staff Writer

LONDON, Sunday, April 2 — The Red Army smashed to within 24 miles of Odessa yesterday, racing through nearly 200 villages on a 175-mile front above that imperilled naval base and inflicting "tremendous losses" on Axis troops retreating toward the Black Sea, Moscow announced today.

Badly mauled Axis columns caught on the east bank of the Tiligul estuary northeast of Odessa were wiped out, said a midnight Soviet bulletin, as the Russians swept on over coastal and interior roads littered with hundreds of German and Rumanian dead and wrecked Axis equipment.

Rumanians Desert

In one section an entire Rumanian battalion deserted the Germans and "came over to the Red Army," Moscow said and large groups of Rumanians also were surrendering in other areas as powerful Soviet forces steadily herded the enemy into the Odessa bottleneck and moved swiftly in the west to cut off the last rail escape routes into Rumania.

In the northwest the Russians fought their way into Khotin capturing the southern and central parts of that town astride the last German escape route out of the Kamenets-Podolsk pocket just above the middle Dniester river in the southwestern corner of the Ukraine. A total of 3300 Germans were killed or surrendered in that area during the day, the communique said.

Driving southward in Bessarabia and western Russia toward Kishinev and Tiraspol, the Russians gained 17 miles on a 75-mile front, and moved to within 45 miles of Radelznaya, key rail junction east of Tiraspol which the Germans must hold if they are to withdraw most of their exhausted legions from the Odessa area.

A Berlin broadcast also said Soviet spearheads had broken through to the Tatar pass leading through the Carpathian mountains into former Czecho-Slovakia, now Hungary.

Koblevo, 24 miles east of Odessa, fell to Russian forces striking along the Black Sea coast from Ochakov, fortress city captured Friday. That represented a 14-mile gain.

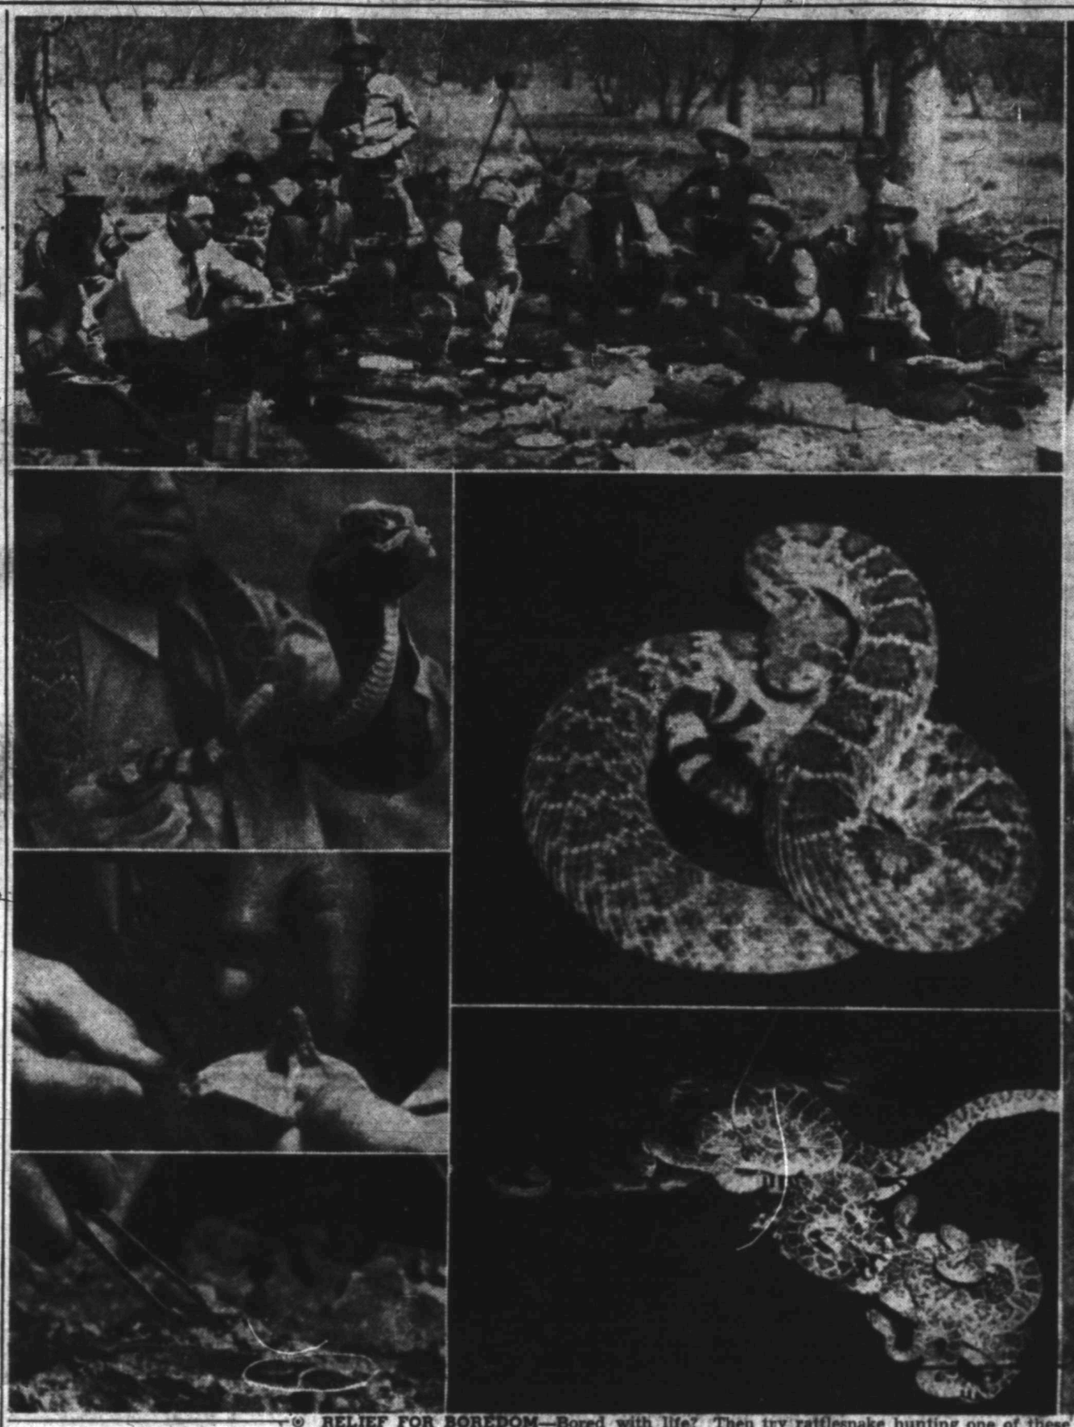

On the northeast the Russians were declared to have seized Tashino and Blumenfeld, 32 miles from Odessa, and on the north the hard-hitting Red Army tank crews rolled through Serbka, a rail station 28 miles from the Black Sea port.

Retreat In Confusion

Swarms of motorized Russian infantrymen, tanks and Stormovik fighters attacking on the eastern and northern side of Odessa were within 38 and 50 miles of the Black Sea, respectively, ripping at long columns of German and Rumanian troops retreating in confusion and possible entrapment because of the southward flow of Russian troops through Bessarabia in the west.

The Russians hitting on the eastern side of the arc captured more than 100 localities, said the daily bulletin, recorded by the Soviet monitor. On the northwest they took Troitskaya, 80 miles from Odessa and 63 miles northeast of Tiraspol, through which runs the last German escape routes into Rumania.

In Bessarabia the Russians driving within 30 miles of Kishinev, provincial capital, swept through 30 more villages to poise the same encirclement threat to the enemy troops being folded back toward the Black Sea coast.

RELIEF FOR BOREDOM—Bored with life? Then try rattlesnake hunting one of these bright sunshiny days and you'll certainly get relief. Members of Hub Cline club did just that the other day 20 miles southwest of Spur as these pictures will testify. In the top lefthand picture, members of the club with their Spur hosts, left to right: Gene Copp, Lubbock Scout, his father, E. M. Copp, H. B. Wood, Spur stockman; E. C. Pool, club president; Pete Adcock, Spur scout; Earl Hunt, Lubbock Insurance man; Cecil Fox, Spur barber, scoutmaster and snake-hunter de luxe; Calvin Halloway, J. R. Lane, chief cook; V. C. Smart, Spur automobile dealer; A. B. (Shorty) Hogan, Spur barber; Bert Pinson, Lubbock druggist; Bill Davis, Lubbock telephone serviceman; Ben Eskridge, Lubbock laundryman; Dr. M. M. Ewing, Lubbock physician, and John Pinson. To the right, Fox is holding one of the 'big boys' of the catch, rattler more than five feet long. Center photo isn't of an ash tray but a portrait of a deadly rattler who didn't like the shiny lens of a camera and was prepared to do a little something about it if it came any closer. Bottom center shows a dozen snakes of the day's catch. Second picture to the left shows Fox with one of the snakes coiled around his neck. Immediately below one of the deadly fangs is being extracted by tweezers and bottom left are two of the fangs shown in the circle. See story on page 3. (Photos by C. W. Ratliff, Avalanche-Journal Staff).

Assaults On Palau Called Greatest Surface And Naval Bombardments Ever Staged

Two-Thirds Of Jap Air Power Wiped Out At Hollandia As Attack Support

(By The Associated Press)

SAN FRANCISCO, April 1—The assault on the Japanese naval stronghold of Palau, near the Philippines, by powerful American task forces was "described as one of the greatest surface and naval bombardments ever staged by the Navy," stated a New Guinea air base dispatch received today from Olen Clements, Associated Press war correspondent.

This was the first intimation from any quarters that the huge armada, which opened the attack Wednesday within 530 miles of the Philippines, had moved near enough to Palau to shell that stronghold.

Mentioned Previously

Clements mentioned the nature of the attack in a March 31 dispatch dealing with a supporting raid by planes of Gen. Douglas MacArthur on the enemy air base of Hollandia, New Guinea.

"The attack on Hollandia (Friday)," Clements wrote, "was all a part of the widespread attack on the Japs at Palau far west of battered Truk.

"The smashing blow by MacArthur's airmen pinned down the Jap attack planes and enabled (Adm. Chester W.) Nimitz' great task force of carriers and heavy warships to carry out its mission, described as one of the greatest surface and naval bombardments ever staged by the Navy."

Clements did not state who made the description.

ATTACKS AID WARSHIPS IN BLOWS NEAR TRUK

By LEONARD MILLIMAN
Associated Press War Editor

In coordinated blows to protect powerful sea forces striking at the fortress of Palau, American bombers have wiped out two-thirds of Japan's air power at Hollandia, New Guinea, and made six neutralizing raids on Truk in three days while destroyers steamed to within 400 miles of Truk to rake the Kapingamarangi islands with gunfire.

Seventy-one Japanese planes were destroyed in Friday's raid on the big Hollandia base, General Douglas MacArthur announced today (Sunday). Hollandia is on the southern flank of the sea road to the Palau islands, which block the approaches to the Philippines.

Heavily Damaged

Nunakitsu and Neru islands in the seaplane base of the Kapingamarangi (Greenwich) islands were heavily damaged by American naval guns. This was the closest warship approach to vaunted Truk since a carrier force attacked the base Feb. 16-17.

The two way bombing attack on Truk is the beginning of a campaign to neutralize that central Caroline stronghold, "the hottest target we've ever hit," said Brig.

U. S. Mistakenly Hits Swiss City

Damage To Border Area Said Heavy

By AUSTIN BEALMEAR
Associated Press Staff Writer

LONDON, April 1.—American Liberators bombed industrial and communications targets deep in southwest Germany today and some of their number accidentally dropped incendiaries on the border city of Schaffhausen in neutral Switzerland, causing 36 to 50 deaths and heavy damage.

A U. S. Army communique in reporting on the day's operations announced that some bombs had hit Swiss territory, blaming navigational difficulties induced by bad weather.

Targets Not Listed

It did not further identify the area in which the accidental bombardment occurred nor list the German targets of the fighter-escorted Liberators.

Thomas F. Hawkins, Associated Press correspondent, in a dispatch from the Swiss city which is near Lake Constance on the German frontier, definitely declared that Schaffhausen was hit and said at least 36 persons were killed and 150 injured. A Swiss communique said 30 American planes participated in the accidental bombing of Schaffhausen.

Thirteen bombers and four fighters failed to return from the operations, which included strafing attacks on enemy airfields by the escorting American fighters.

Death Toll Set At 50

Latest Swiss broadcast placed the death toll at 50, with others buried under the debris. Swiss reports also said the bombing had caused considerable damage in the city.

"Due to difficulties of navigation in bad weather some bombs fell on Swiss territory by mistake," the U. S. Army communique said.

The Liberators of the U. S. Eighth Air force, perhaps 250 strong, were escorted by Thunderbolts and Mustangs of the Eighth and Ninth Air force, which shot down five enemy figthers. The number of German planes shot down by the bombers has not yet been tabulated, the communique said.

Diving to strafe enemy airfields, the American fighter planes also destroyed a number of Nazi aircraft on the ground while other Thunderbolts attacked airfields in Bremen and Hanover and shot up 16 locomotives and damaged tugs and barges.

The city of Schaffhausen is near Lake Constance on the German frontier, across which lies Friedrichshafen, a previous Allied target.

The incident undoubtedly will involve an additional investigation and result in apologies by the United States government, since the reference in the communique to a mistake was official admission that Americans dropped bombs in a neutral country. Also the United States probably will pay indemnities.

Schaffhausen, in the extreme northern tip of Switzerland, is surrounded on three sides by German territory.

All travel to the city was banned by Swiss authorities except in cases of the utmost urgency in an effort to keep out sightseers.

DOBIE NOT CANDIDATE

CAMBRIDGE, England, April 1 (AP)—J. Frank Dobie, Texas professor and author, said tonight he "did not choose to run" for governor of Texas.

Write-In Sparks Trustee Voting

A vigorous write-in movement for G. H. Nelson, Lubbock attorney, lent unexpected fireworks Saturday to the annual trustee election of the Lubbock Independent school district in which Dr. J. T. Hutchinson and Chas. A. Guy were seeking reelection unopposed on the ballot.

Nelson polled 136 votes in a skillfully-handled campaign which got underway about 1:45 o'clock yesterday afternoon. Dr. Hutchinson, who received 277 votes, was the candidate against whom the write-in vote was largely directed, although Guy's name was "scratched" on a number of ballots. Guy, editor of the Avalanche-Journal, received 376 votes.

Tabulation of the vote showed:

Dr. J. T. Hutchinson	277
Chas. A. Guy	376
G. H. Nelson	136
Dr. Agnes True	2
Dr. Lewis B. Cooper	1
DeWitt (Judge) Landis	3
D. C. Alexander	2

Veteran Member of Board

Dr. Hutchinson, for many years a medical specialist here, and a veteran of 32 years on the board, was seeking another three-year term. Guy was after a second three-year term.

Dr. Hutchinson has seen the Lubbock public school system grow from a one-school affair, when the present Central Ward building housed both the grade and high schools, to its present status. He has been president of the board 30 years.

Nelson, former state senator and who ran unsuccessfully several years ago for lieutenant-governor, reportedly was approached several weeks ago and asked to file his candidacy for the board, but de-

Rally Here May Bring Notables

Gov. Coke Stevenson, Senator Tom Connally and Lee O'Daniel, Speaker Sam Rayburn and all members of the Texas Congressional delegation, high state officials, members of the Texas Democratic Executive committee, county Democratic chairmen from Eastern New Mexico and West Texas have been invited to be in Lubbock Saturday to hear Senator Harry S. Truman of Missouri speak.

The Senator will speak at Lubbock High school auditorium Saturday night in the largest political rally ever staged in West Texas which will be keynoted by party harmony.

Telegrams Sent Out

Telegraphic invitations to the special guests were issued Saturday by a committee of Lubbock county Democrats headed by L. C. Ellis, county Democratic chairman and Mark Halsey, member of the state executive committee from this district.

Senator Truman, member of the Senate Appropriations committee, Military Affairs committee, Interstate Commerce committee and the now famed special Com-

Paper Drive Nets 150,000 Pounds; Any More Around?

About three boxcar loads of paper — some 150,000 pounds—have been picked up in Lubbock county during the past three days ,according to estimates late Saturday of Lt. Col. F. W. Franke, quartermaster officer at SPAAF and area salvage coordinator.

Army trucks from LAAF and SPAAF continued collecting paper in Lubbock Saturday and hauled in a large quantity from Slaton.

If any paper was overlooked, request was made that the chamber of commerce, telephone 4666, be notified Monday. A truck will be sent for it.

Slaughter Pipeline Put Into Operation

WASHINGTON, April 1 (AP). — Operations on the new Stanolind crude oil pipeline from the Slaughter field in West Texas to Drumright, Okla., began today.

The Stanolind, 16 inches in diameter and 385 miles long, is the second new big pipeline to carry "sour" crude oil from the West Texas fields, the other being the 336-mile, 12-inch Magnolia pipeline from Midland to Corsicana, Tex., which began operations March 10.

The petroleum administration, announcing that 18 of the 24 major projects in the wartime pipeline program are now completed, said the Stanolind and Magnolia lines are particularly important because the West Texas area is one of the few remaining areas where more oil has been produced than could be carried away in available pipelines.

NEW PLANT RECORD

SEATTLE, April 1 (AP)— P. G. Johnson, president of the Boeing Aircraft Co., announced today that the plant set a world's record in March for a single month's production and delivery of completed four-engined bombers, exceeding the record of any other plant, American or foreign, by "a substantial margin."

District Courts Abolition Asked

AUSTIN, April 1 (AP) — The state bar in joint meeting today with district judges and the legislative redistricting committee, advocated the abolition of nine district courts, in opposition to abolition of some 30 as suggested by Rep. C. M. McFarland, of Wichita Falls.

Hamilton Lowe of Edinburg, chairman of the state bar redistricting committee, said that after careful consideration, the bar felt the abolition of more than nine district courts would hinder the judicial functioning of the state.

Courts Affected

The courts which might either be eliminated or abolished by another district are as follows, according to supreme legislative districts, said Lowe:

Second supreme judicial district—eliminate one of the three district courts in Wichita county.

Third—elimination of either the 20th, 26th district court; or combination of both into one.

Fourth—abolish the criminal district court in Corpus Christi. Create a new court for Willacy and Cameron counties with general jurisdiction concurrent with the 103rd district court, but with the recommendation in the bill that it give preference to criminal cases. Abolish the 111th district court and place Dimmitt county in either the 63rd or 81st district.

Six—Texarkana to remain status quo with the exception of allowing the special courts in Rusk and Smith to expire in 1945.

Seven—abolish either the 72nd or 99th in Lubbock.

Ninth—allow the 9th special court to expire in 1945.

Tenth—abolish one of the courts serving Limestone and Freestone, and allow two courts to serve Limestone, Freestone and Falls counties.

Eleventh—abolish either the 88th or 91st.

AMBASSADOR DIES

BERN, SWITZERLAND, April 1, (AP)—Admiral Francois Bard, the Vichy French ambassador to Switzerland, died today after a 10-day illness.

Russia Modifies Finnish Terms

By EDWIN SHANKE
Associated Press Staff Writer

STOCKHOLM, Sunday, April 1—Russia was understood in reliable quarters today to have expressed a willingness to allow Finland to retain the Hangoe peninsula and the city of Viipuri in a modification of the Soviet armistice terms handed to Dr. Juho K. Paasikivi, of Finland.

Dr. Paasikivi, who has been in Moscow since Wednesday, was reported to have obtained the modifications after Finland rejected the original Russian terms.

The Finnish parliament will meet Monday to hear what was described as "an important government announcement."

While reported to be willing to forego claims on Viipuri and Hangoe, the Russians were said reliably to have set a high reparations claim for Finland to pay and several Finns expressed fear that the Helsinki government might "regard the price as too steep."

However, that is for the Finnish cabinet and Parliament to decide in their coming meetings. Government ministers are operating in the greatest secrecy and Finns here are unwilling to express any views on its likely attitude because of the danger of hampering the progress of the negotiations.

It was not known here what, if anything, the modification details provided with regard to the problem of German troops in snorthern Finland—a problem on which the earlier peace negotiations were said to have snagged.

The theory was discussed when

Allies Lash Out East Of Cassino

ALLIED HEADQUARTERS, Naples, April 1 (AP)—Fifth Army troops lashing out suddenly under thundering artillery support have punched forward one mile and seized 5,500-foot Mt. Marrone 15 miles northeast of Casina, partially straightening the Allied line above that battle-deadlocked town, it was disclosed today.

The rugged terrain argues against any major drive northward in that sector, but straightening of the front is of value and the operations are engaging a German force. Mt. Marrone, three miles west of Rocchetta, dominates much of the Verrechia valley.

Drive Breaks Lull

The lull along the Italian fronts was broken by this surprise push along the spiny Apennine backbone running through the center of the peninsula. The attack struck between the Allied salients driven into the Cassino area and the Alfedean region.

Besides assaulting Mt. Marrone—Chestnut mountain—the troops, whose nationality was not disclosed, also attacked the towns of Pizzone and San Michele two miles to the northeast.

Allied planes flew some 650 sorties Friday, with two ships lost. They struck at bridges on the Italian east coast rail line, shipping off the Dalmation coast, and German headquarters at Filetto, northwest of Orsogna among other major targets.

Seven Ellington Men Die In Plane Crash

HOUSTON, April 1 (AP)—Seven Ellington field fliers were killed today when their twin engined training plane crashed one mile north of the field, Col. W. H. Reid, commandant, announced.

The dead included the pilot, four navigation cadets, a radio operator and a navigation instructor.

The dead included:

Lt. Hugh A. Bardeen, jr., pilot, 26, (whose wife and son, Hugh A. Bardeen, III, live in Houston), Los Angeles, Cal.

Lt. Russell P. Wertz, 23, navigation instructor, (wife Mrs. R. P. Wertz, Houston), of Aurora, Oregon.

Cpl. James K. Reid, 34, radio operator, Houston.

Aviation Cadet Edward W. Helfrich, 26, (wife, Mrs. Eleanor Rone Helfrich, Houston) of Elizabeth, N. J.

Aviation Cadet Howard S. Henderson, 19, Glenview, Ill.

Aviation Cadet Donald F. Harvey, 19, San Francisco, Cal.

Aviation Cadet Thomas R. Lasley, 19, Minneapolis, Minn.

Airman Raises Question On Whether War Is Good Thing

By KENNETH L. DIXON
Associated Press Staff Writer

WITH THE AEF IN SARDINIA, Mar. 23. (Delayed) — There was a sudden silence in the little room where the airmen sat. For a moment no one looked at the tall, fairhaired captain who had spoken. Finally someone cleared his throat.

"How is that again," he said.

"I said that as long as we live under our present code of ethics and virtues that there's always be war, and I said that I am not convinced but that war is a pretty good thing."

Again the pilots and bombardiers sat still for a moment. It was hard to believe their ears. Having been shocked into stunned speechlessness for that long, they were obviously deciding to hear the guy out before unleashing their wrath. Besides, he was one of them, had been through the mill with them. You could almost hear the wheels of ther minds turning as the fire crackled in the stillness.

"Just how do you mean that?" one of them asked. "I know places where you'd be lynched for a crack like that."

"Probably so," the captain shrugged. "But I'm tired of all this pointless stuff of how hellish war is while a war is going on, and how we're going to prevent another war, and so on, when all the time war brings out all the characteristics we are taught from childhood are virtues. Without war those virtues would die out, so it must follow that either those vir-

Former LAAF Aides Share Victory Suggestion Award

WASHINGTON, April 1, (U.P.)—The Victory Suggestion award, Highest honor given civilian employes of the War department for practical suggestions to speed the winning of the war, was presented jointly today to William C. Edwards, Jr., Lubbock, Tex., and Robert P. Elam, Knox City, Tex., employes of the Air Service command Patterson Field, O.

The award which carries a cash prise of $1,000 to each man and a citation from the Secretary of War, was made for the invention of a propeller straightener which brought savings of $1,314,620 in a year to Army Air forces, and returned to active service many aircraft on the battlefronts.

Former Newspaper Employe

Edwards, 23, was an employe of the Avalanche-Journal at Lubbock, before joining the air forces in 1938. In 1940, he was discharged because of injuries. In 1942, he was employed by the 60th sub-depot of the ASC at Lubbock where he was made head of the propeller department.

Elam, 36, has worked with machinery all his life. He joined the 60th sub-depot staff as head of the hydraulic department soon after the war began.

The two men met at the depot and planned ways to save time and material in repairing plane parts. After perfecting the straightener they were transferred to ASC headquarters at Patterson field to initiate a propeller repair program.

Rights to the straightener have

Stevenson Oil Proposal To Be Up At Compact Session

DALLAS, April 1. (AP)—Texas Governor Coke R. Stevenson's proposal that the oil business be turned back to regulatory bodies of individual states with the backing of oil-state governors and the Texas Mid-Continent Oil & Gas association will go before the Interstate Oil Compact commission, which opens in New Orleans Monday.

Governor Stevenson's inquiry was directed to governors of 13 oil-producing states in a move to limit the activities of the Petroleum Administration for War. Meeting in Dallas, the executive committee of the Texas Mid-Continent Oil & Gas association passed a resolution that incorporated the governor's ideas. Copies of the action were sent to Gov. Andrew F. Schoeppel of Kansas, chairman of the commission.

Unneeded Restrictions

"Compliance with unnecessary restrictions," said the association's executive committee, "consumes the times and materials of the producer and his employees and does further impede the actual commencement and makes impossible the necessary continuity of drilling and producing operations and does otherwise increase the time required to drill wells and bring about the inefficient use of existing drilling equipment and manpower."

The association asked the Petroleum Administrator for War:

1. To immediately limit the activities of PAW to the co-ordination of the limited number of functions of the petroleum industry requiring cooperative action and to immediately cancel all directives and orders except those that pertain to such action.

2. Without limitation PAO-11 be revised and modified so that insofar as the state of Texas is concerned, the authorization for the location, spacing, drilling and producing of wells be returned to the railroad commission of the sovereign state of Texas.

Copies of the resolution were sent to Petroleum Administrator Harold L. Ickes, Governor Stevenson, the chairman of the railroad commission of Texas and to the chairman of the Interstate Oil Compact commission.

Teacher Trainers To Study Health Survey

AUSTIN, April 1. (AP)—The results of a four-year health and developmental survey of Texas school children, regarded by public health authorities as highly significant, will be studied by representatives of Texas teacher-training institutions here next week.

The idea behind the conference is to place before these educators for their guidance a correlated body of facts and conclusions gleaned in this pioneering and revolutionary study of the elementary school child undertaken by the state department of health with the advice of the Texas interprofessional commission on child development.

The commission is an organization of all theagencies in the state concerned with child health and welfare.

The conference, said Dr. D. B. Harmon, head of the division of educational services, will resolve itself into a workshop to demonstrate to the heads of the education departments of the teacher-training schools needs brought out in the survey.

Joining in the conference will be Dr. Carl F. Moore, jr., head of the division of maternal and child health of the state health department.

The schools studied were in Austin and at Lindale and Stanton, Smith county. The study was under the general direction of Dr. George W. Cox, state health officer, through the division of educational services.

SERVICES ADJUSTED

WASHINGTON, April 1. (U.P.) — The National War Labor board today authorized Secretary of Commerce Jesse Jones to adjust salaries of non-civil service employes in the Commerce department without first securing WLB approval—if the adjustments comply with the wage stabilization formula.

HEART OF HITLER'S 'FORTRESS EUROPE'—This map of a strategic section of Europe shows possible battle sites from the "invasion coast" of France and the Low Countries on the west to the stormy region of Poland on the east.

Senator Appointed To Circuit Court Bench

WASHINGTON, April 1. (AP)—The Senate waived its rules today to vote immediate confirmation of President Roosevelt's appointment of Senator Homer T. Bone (D-Wash) as a member of the Ninth circuit court of appeals.

Chairman McCarran (D-Nev) of the Senate judiciary committee asked and obtained unanimous consent for approval of the nomination. Senator White (R-Me), acting minority leader, and Majority Leader Barkley (D-Ky) spoke in favor of the action.

Bone will succeed the late judge Bert E. Haney.

Bone's nomination to the bench came somewhat as a surprise to political Washington. He was up for reelection this year, following two six-year terms beginning with the First Roosevelt administration.

The circuit for which he was nominated embraces the states of Washington, Oregon, California, Nevada, Montana, Idaho and Arizona, and the territories of Alaska and Hawaii.

The President also nominated Edgar B. Brossard of Utah for reappointment ot the tariff commission.

Brig. Gen Frank T. Hines, veterans administrator and recently appointed director of demobilization and training, was nominated to that rank in the regular Army. He has been on the inactive list in the reserves for many years.

NEW AIRFIELD PLANNED

MEXICO CITY, April 1—(AP)—Plans for construction of a large new military airport near Mexico City were presented to President Alva Camacho yesterday by Gen. Gustavo Salinas, Chief of the Mexican Air force.

Thirty-Six Banks In On Loan Of 50 Million

WICHITA, Kans., April 1. (U.P.)—One of the greatest private banking transactions in the history of the Middle West was completed at noon today when the Fourth National Bank of Wichita, with 35 other banks, loaned the Beech Aircraft Corp., here $50,000,000.

The loan, agreed upon Jan. 21, became effective yesterday noon. It was in the form of a 30-month revolving credit under provision of federal banking regulations with a governmental guarantee of repayment of 90 per cent of the loan. The money will be used in the building of aircraft for the government and for special assemblies for combat planes, it was announced.

Banks in nine states were represented in the transaction. They included:

Texas—Republic National Bank and Trust company, Merchantile National Bank, of Dallas; Fort Worth National Bank and First National Bank of Fort Worth; First National Bank, Second National Bank and National Bank of Commerce, all of Houston, and First National Bank of Amarillo.

Acute Labor Shortage Areas Become Fewer

WASHINGTON, April 1. (U.P.)—The number of areas in the nation classified as having acute labor shortages declined during March from 72 to 67, the War Manpower commission revealed today.

Dropped from group 1 (acute shortages existing) to group II (anticipating shortages within six months) were Galveston, Tex.; Pine Bluff, Ark.; and Wichita, Kans.

The theory of refrigeration for preserving food was first expressed in the middle of the eighteenth century.

Solons Discuss Summer Recess

WASHINGTON, April 1—(AP)—Congress may spend the third summer of war at home, with a majority of its members campaigning for reelection, if leaders can whip major legislation through in time for a June or July recess.

With the republican national convention set for June 26 and the Democratic meeting July 19, Majority Leader Barkley (Ky.) said he saw no reason why a summer recess couldn't be taken, if the legislative situation permits. Congress closed up shop today until April 12 for an Easter recess.

"If we can get necessary legislation passed," Barbley said, "we probably con go home. I have a feeling that the war will go right along whether Congress is in session or not."

Should Remain On Call

In the past, Republicans generally have contended Congress should remain on call but they agreed to a recess last summer, with the provisio that leaders could summon members if an emergency arose.

Something of the same nature may be attempted this year, but most members will want a vacation extending through the Nov. 7 general election. The seats of all House members and 34 of the 96 senators are at stake.

The Senate probably will tie itself into a knot shortly after Easter recess with debate on anti-poll tax legislation. Efforts to take up this bill, already passed by the House, will result in a southern filibuster.

Barkley said every effort will be made to speed disposition of the regular appropriations bills before the fiscal year ends June 30. If they are not out of the way by June 26, the Republicans meet in Chicago, the Senate may have to keep on working during the convention.

TWO SHOT AT HAIFA

JERUSALEM, April 1—(AP)—A British police inspector and a Jewish police sergeant were shot and wounded at Haifa this morning, breaking the calm that greeted expiration of the period in which the British limited Jewish immigration to 75,000.

Shock Absorber Plan Is Set Up For Labor

DALLAS, April 1—(AP)—Many of the disputes coming before the eighth regional War Labor board could have been settled by labor and management themselves under proper grievance machinery, WLB Chairman Floyd McGown said today in announcing a new board division has been set up to aid employers and unions upon requests in perfecting such procedure in their contracts.

McGown said in a press release that incorporation of such procedure in "collectively bargained agreements—and adhered to by both parties—will act as a shock absorber when management and labor face their post-war problems."

He also announced three one-day meetings, at Austin, Tex., April 21, Baton Rouge, La., April 28, and Tulsa, Okla., May 5, at which he said the importance of grievance procedure provisions in labor contracts would be explained and emphasized to the regional board's 50 public panel members.

Rattlesnake Hunting Proves Quite A Week-End Outing

By C. W. RATLIFF
Avalanche-Journal Staff Writer

YOU don't necessarily have to be crazy, but if you're a bit 'tetched' in the head, it helps.

What am I talking about?

Snake-hunting—and rattlesnake-hunting at that.

But in case you're a bit boresome with life these days, a good rattlesnake hunt is just the thing for you.

(See Pictures On Page One)

Such was the case the other day when members of the Hub Cine club, a group of Lubbock amateur movie enthusiasts when they went on such an outing on Catfish creek, 20 miles southwest of Spur, in the Swenson 12-section pasture.

Leaving Lubbock shortly after 9 o'clock in the morning, the group composed of: E. C. Pool, club president; Melvin Copp, and his son, Eugene; Bert Pinson and his son, John; Earl Hunt, Bill Davis, Ben Eskridge, Dr. M. M. Ewing, and yours truly, arrived at Spur about 11 o'clock and were met by Cecil Fox, Spur barber and scoutmaster; V. C. Smart, automobile dealer; J. R. Lane, painter; H. B. Wood, stockman; A. B. Hogan, another barber; and two youths, Calvin Holloway and Pete Adcock.

Marion F. Peters, local manager of the West Texas Gas company, riding in another car arrived late in Spur and got lost on the trip to the snake-hunting site.

At Catfish Creek

Arriving in the breaks near Catfish creek around noon, the party walked through shinnery to a point where a pickup truck had been parked and soon were partaking of juicy steaks and all the 'trimmings' prepared by the Spur men with Lane as chief cook.

After burning up a lot of good movie film on 'locale,' the group soon shouldered tripods and cameras and the hunt was on.

Within less than a half-hour, Fox, who is merit badge councilor on reptiles for scouts in this area, soon had spotted a den and a couple of snakes were jerked out and the fun began.

Erstwhile caremamen clambored over rocks, fell down and skinned knees in efforts to get 'shots' of the first snakes, which turned out to be the only ones bagged for the next hour and a half.

Lays Hand on Snake

Fox grasped one of the snakes firmly by the head, pulled a pair of tweezers from his pocket and laid the poisonous fangs open for the benefit of the cameramen. He proceeded to pull out several of the deadly fangs and laid them on a rock for closer ispection. Each little white fang contained enough poison to kill at least one person.

Fox has in the past caught several hundred of the snakes on a single hunt and during the past several years has made shipments to a venom farm in California.

Guy Merriman and J. C. Cornelius, two Swenson 'punchers,' rode up and predicted we wouldn't get many snakes as a 'norther' had been forecast for the afternoon and they just wouldn't come out when cold weather was due.

Rushes Back For Tools

A trip back to the camp for refreshing drinks of cool creek water and the snake hunters were about to depart. Disappointed, Fox and a companion or two had sauntered over to a nearby waterhole for another bucket of water and in a few minutes, Calvin Hallaway came running back breathless for 'snake tools,' long poles with rawhide loops on the ends and hooked sticks.

He was followed by a single-file trail of camera-bearers, who came upon Fox with a den of the snakes writhering, coiled and rattling in a sand-bed at the foot of a rocky bluff. Fox had 'poled' them out with a short piece of shinnery.

And in the short space of a few minutes, Fox, Smart and Wood had a dozen of the deadly reptiles slithering about on a black sheet brought along for the trip. A second den had been found up in the rocks.

The payoff came when Fox came over the rim of the bluff with two of the snakes wriggling in his hands, holding them firmly just below their heads.

All the time, the whirring of movie cameras mingled with the rattling of the snakes as the Lubbock boys proceeded to expose the rest of their film on the scene.

Bundled Into Sheet

The snakes were bundled up in the sheet and carried back to camp where new rolls of film were secured and hundreds more feet of movies taken of the reptiles.

Fox apologized profusely for not having gotten more snakes for the visitors, but to me, a dozen at a time seemed enough.

Soon a tired bunch of amateur movie-makers were trailing back to the cars on top of a bluff and the homeward drive was on.

All that night, snakes writhed over my bed, and I hadn't even had a drop!

President Appeals For More Gardens

WASHINGTON, April 1 (AP) — President Roosevelt said today food "still remains a first essential to winning the war" and appealed to Americans to grow as many victory gardens as possible this year.

He issued this plea to backyard gardners:

"I hope every American who possibly can will grow a victory garden this year. We found out last year that even the small gardens helped.

"The total harvest from victory gardens was tremendous. It made the difference between scarcity and abundance. The department of agriculture surveys show that 42 per cent of the fresh vegetables consumed in 1943 came from victory gardens. This should clearly emphasize the far-reaching importance of the victory garden program."

Scottish Rite Meeting Set

Ethan Allen Wells, of El Paso, 33rd degree Mason and secretary of the El Paso Consistory, will be principal speaker next Thursday night when Scottish Rite Masons will gather in Lubbock for their annual observation of Maundy Thursday.

Parker F. Prouty, president of the South Plains Scottish Rite club, said plans for the event are under way and despite wartime restrictions approximately 100 Scottish Rite Masons were expected to attend. He said the observation is divided into three sections: ceremonial; a dinner, and a program. The gathering is called for 8 p. m., in the main ballroom in Hotel Hilton.

Attendance Said Obligatory

Ed Parker, secretary of the club, has sent notices of the meeting to all known Scottish Rite Masons of the 18th degree and higher. He pointed out last night that attendance at Maundy Thursday observations is obligatory upon all Scottish Rite Masons.

"All Scottish Rite Masons of the South Plains area are eligible to attend the meeting," Secretary Parker said. "On top of that, they are urged and invited to come. This includes at least several members of the armed forces located here. If any eligible member is not advised of the meeting by postcard, he may reserve space by calling me at 6321 by 6 p. m. on Wednesday."

Scottish Rite Masons are urged to bring as guests their friends among Master Masons, Parker said.

The South Plains Scottish Rite club has been operating for a score of years and sponsors two meetings per year — Maundy Thursday and the Feast of the Tabernacles. The latter is solemnized in the fall.

MEXICO RATIONS GASOLINE

MEXICALI, MEXICO, April 1. (AP)—Gasoline rationing ordered by the territorial government, will start today in northern Lower California. Private cars will receive 15 liters (about four gallons) weekly, taxis 25 liters daily, and buses 60 liters daily. The rationing was occasioned by decreased gasoline imports from the United States, the government explained.

RIFT REFUTERS—"Malicious gossip," is what screen star Carole Landis and her husband, Capt. Thomas C. Wallace, USAAF, said of rumors of a marital rift. They're pictured above in their Hollywood home where they were reunited when Captain Wallace arrived from the east to report to a west coast post.

Anzio Veterans Are Grim-Looking Bunch; Some Apparel Is Required

BY RICHARD G. MASSOCK
Associated Press Staff Writer

ALLIED HEADQUARTERS IN ITALY, March 29 (Delayed) (AP)—Germans are being killed on the Anzio beachhead by "some pretty grim looking characters," to use the expression of soldier correspondents at the front.

As in the mountains around Cassino, nobody makes much fuss about shaving.

Helmets are a must on the beachhead, where a German shell may land almost anywhere and usually does. The soldiers in the front line used to discard the steel hats because they interferred with hearing, while those back on the beach where the shells land most often always have worn them. Now helmets are compulsory for everybody. An enlisted man working in regimental headquarters was fined 20 dollars for disobeying the order.

Leggings Are Required

Leggings or combat boots are another requirement, but no soldier on the beachhead is required to wear a tie. Goggles are worn by preference, since windshields must be lowered and the dust on the roads is heavy.

"Usual patrol activity and exchanges of artillery fire," may be all that the communique says about the beachhead action, and one thinks of a lull. But the beachhead war never sleeps.

Throughout the night the sky is ripped by tracer bullets, shell explosions or bursting flak. When German planes come over, sometimes three or four times a night, their flares turn night into day.

The order to wear helmets especially annoys the men holding a pretty little village on the beachhead, known as Gusville because Lt. Gus Heilman of Charlottesville, Va., led the company that took the town February 2.

Helmets "Uncomfortable"

"The darn things are too uncomfortable," says Staff Sgt. Jack Langham of Mineral Wells. "They give a man a headache."

Gusville does right well by itself in the way of provisions between forays against the Germans, when the GI inhabitants, with black dirt smeared on their faces, go out at night to shoot up the countryside.

One morning Sgt. Roland Decker of Grand Rapids, Mich., and Pvt. Howell Garrett of Rockport, Ind., came back from a two-man patrol mission with a wounded German, a wounded rabbit, a wheelbarrow full of sweet potatoes, four bushels of peanuts and 22 eggs.

Jimmy Stewart Named Operations Officer

LONDON, April 1 (AP)—Maj. James Stewart, former film star, was appointed operations officer of an Eighth Air force group today.

Stewart was squadron commander of a Liberator group and has led his squadron in 11 flights over Germany. As group operations officer he will be third ranking executive officer. He will retain his flying status and will lead his unit into combat as often as his executive duties permit.

Walkout Of WPA Specialists Believed Averted By Shuffle

By OVID A. MARTIN
Associated Press Staff Writer

WASHINGTON, April 1. (AP)—Rumblings of a possible walkout of veteran top food commodity specialists in the War Food administration's office of distribution, in protest against loss of wartime powers, died down today as the agency reshuffled its internal organization for the second time in less than a month.

Under a reorganization order issued early last month, Lee Marshall, director of distribution, placed all food procurement and and disposition activities under Col. Ralph W. Olmstead, as deputy director for supply. The WFA buys food for lend-lease, foreign relief and related war programs.

Coordinate Activities

Therefore, commodity specialists had been largely responsible for mapping out purchase, price support, processing, marketing and transportation programs of the office of distribution for their particular commodities. Thus they were in a position to coordinate various activities affecting their commodities.

Marshall, baking company official on leave of absence, changed all this shortly after he became director of distribution when Roy F. Hendrickson resigned to become deputy director of the United Nations Relief and Rehabilitation administration.

Under Marshall's new setup, procurement activities, vital insturments in influences market prices and production, were separated from the functions of production, marketing and the support of prices.

Move Protested

This separation brought protests from the commodity specialists. Although none would comment, reports circulated that several, including Tom G. Stitts, chief of the dairy and poultry branch, and O. E. Reed, chief of the livestock and meats branch, had threatened to resign.

Marshall then reshuffled his organization again. This time he placed in the commodity branches the responsibility for delevoping and administering over-all programs for the management of their respective commodities, and gave them the right to consult with Olmstead on procurement programs.

This change apparently has smoothed out the administrative differences.

Egg Market Troubles

While this internal rift was at its height, difficulties developed in egg markets in many sections of the country. Prices dropped, in some areas, below support levels promised by the WFA. Officials declared there was no connection between the organization differences and the failure of the government's support program to be effective in all areas.

The production of eggs has become unusually heavy, they said, and in many areas the supply is in excess of civilian and military requirements and storage facilities. The WFA has in recent days taken steps to broaden its purchase operations, which is about the only mechanism for supporting prices.

Kids Unhappy About Papa Going To Navy

OLYPHANT, Pa., April 1 (AP)—The Vandervort children's daddy is off to the seven seas, but the Vandervort children don't like it.

They are somewhat reconciled to the absence of Fred Vandervort, 32, a mine worker, today, but it took policemen and much cajoling from their mother to make them relinquish their father to the Navy.

Vandervort appeared at the Olyphant railroad station yesterday to entrain with other inductees for Wilkes Barre. Four of Vandervort's five children, ranging from one to six, promptly sat on the rails in front of the train.

All efforts to coax them off failed. Finally, a half hour later Mrs. Vandervort and two policemen succeeded in impressing the quartet with the importance of their daddy's departure.

They waved a tearful goodbye and shuffled on home.

Ickes Wants Public Hearing On Pipeline

WASHINGTON, April 1 (AP)—Secretary of Interior Ickes' insistence upon a public defense of the proposed 1,250- mile trans-Arabian pipeline appeared likely today to force the Senate's special petroleum policy committee to open up its hearings.

Ickes, it was disclosed today, notified members of the committee that he wants to go "strictly on the record" when he is quizzed about the pipeline, which Senator Brewster (R-Me) regards as "a laboratory experiment" bearing on the whole question of future policy.

Committee Chairman Maloney (D-Conn) indicated that Ickes would be called soon and that the committee likely would agree to hear him in open session.

The "closed door" policy was in effect yesterday when Col. John. Leavell, petroleum attache for the State department's division of eastern affairs, was questioned for five hours.

Because of delicate international issues involved in Leavell's testimony, Maloney told reporters that he could not comment on it beyond saying "he discussed the near east picture in a general way."

Investigation Of War News Urged

OMAHA, April 1 (AP)—Palmer Hoyt, Oregon publisher and former domestic director for the Office of War information, urged today creation of a Senate committee to investigate "the whole matter of war news."

Hoyt, in a speech prepared for delivery at a chamber of commerce luncheon here, declared that "outstanding and worthwhile service could be done now by a Senate committee whose one job would be to find out why vital news is so often withheld and to find out the reasons for that practice.

"Such a committee could properly strengthen the efforts of Elmer Davis (head of OWI) to do his number one job."

Hoyt, publisher of the Daily Oregonian at Portland, said in an interview before his speech that he believed Davis should "sit with the high command" to review war news, and "at least have a voice in deciding what should be released."

Hoyt declared that "one of the basic things wrong today with the handling of war news is the permitting of censorship to be handled solely by the military without reference to either OWI or the censorship bureau."

He charged that "in too many instances developments of the day's war news are withheld" from Davis, and George W. Healy, jr., OWI's domestic director. He said Byron Price, head of the office of censorship, "does a fine job with the material that falls in his hands, but in altogether too many instances Mr. Price does not have the opportunity of passing on key materials."

CANADIANS IN PRELUDE TO INVASION—Canadians in England are training day and night, under the most realistic conditions, for the invasion of Hitler's continental fortress. Above, a TNT charge explodes spectacularly on an English beach as a Canadian landing party hustles ashore. Two men were hit in this practice landing.

Texas Is To Get 10,894 Tractors

By TEX EASLEY
Associated Press Staff Writer

WASHINGTON, April 1—Rep. Mahon (D-Tex) learned today from the War Food administration that Texas would receive 10,894 of the 156,000 farm tractors to be produced during the 1944 crop year—more than any other state.

The 1944 planned farm tractor output, currently slowed down because of a diversion of bearings into military equipment, is four times the number produced during the 1943 crop year, said Mahon.

20,000 Produced Monthly

Under the present production rate of about 20,000 tractors monthly, manufacturers are permitted to distribute 80 per cent through their established business channels, while the remaining 20 per cent is taken over by the WFA to distribute wherever it feels the need is most acute.

Mahon said he protested to the WFA that the 558 tractors allotted Texas out of the 20 per cent WFA-held portion and included in the 10,894 figure, should be greatly increased to meet the needs of West Texas farmers.

Texas farmers will receive 2,200 combines under the 1944 planned allotments, WFA officials informed Mahon, or twice the number they received in 1943.

LOUISIANA DRILLING

BATON ROUGE, April — (AP)—The mineral division of the state conservation department today announced in its weekly oil report the completion of two wells with initial daily production totaling 210.98 barrels, and the issuance of 13 permits for new wells.

University Gets Over 3 Million In Bonuses

AUSTIN, April 1 (AP)—The University of Texas realized $3,665,000 in bonuses in an auction of the oil and gas rights to approximately 30,000 acres of West Texas land yesterday.

It was a new high for one single auction, and the bid of Stanolind which paid $900,000 bonus for a lease on a block of 4,026 acres of Andrews county land, was also a record high price.

This parcel of land was described as tract 19, block 11, sections 8, 9, 16, 17, 20 and 21, semi-proven territory.

Stanolind bid briskly and successfully on numerous other Andrews county tracts, paying bonuses of from $100,000 to $200,000 on nine other bids. Sinclair Prairie paid $210,000 for tract 61 block 13, section 2, 321 acres in Andrews county.

Man Held For Stolen Car Transportation

NEW ORLEANS, April 1 (AP)—The Federal Bureau of Investigation office here today announced the arrest of Sam Jones Nesbitt, 51, charged with transporting stolen automobiles across the state lines of Georgia, Alabama, Louisiana and Texas.

Agents said Nesbitt has been a fugitive from justive since September, 1942, and that he has been indicted by federal grand juries on stolen automobile transportation charges in Birmingham, Ala., and Atlanta, Ga.

Calls Must Be Met Despite Hardships, Hershey Asserts

WASHINGTON, April 1 (AP) — From now on, "we must meet the calls for military manpower as they are made" Draft Director Lewis B. Hershey told local draft boards today.

"Industry and agriculture must make the adjustments suggested by the demands upon them," Hershey said in an editorial in "Selective Service," monthly bulletin sent to 6,400 draft boards.

Hershey continued:

"If withdrawal from industry and agriculture of men best fitted physically and psychologically for military service—those 18 to 26—means that the rest of us must work harder and longer in shop and office, in mine or on farm, that is a contribution for victory that admits of no refusal by any person for whose protection that victory must be won."

Committee In Recess

Meantime the committee of manpower claimants headed by Paul V. McNutt, set up to advise selective service on the question of deferring key men under 26, was taking a week end recess. Two full days of discussion had failed to produce decisions as to what industries should have consideration for deferments.

The War Production board, Army and Navy, which came into the committee meetings with a list of munitions programs they recommended for consideration, were reported opposing inclusion of certain other activities for which other government claimant agencies were making strong appeals.

The selective service bulletin, including new draft figures as of March 1, also disclosed that about 574,000 men under 26 held non-agricultural job deferments. This is a larger figure than prevously estimated, and government agencies have been using an earlier figure of around 365,000.

The bulletin said that of the 574,000 men, 330,000 were non-fathers. The total number of men with non-agricultural deferments (classes 2-A and 2-B) was 3,677,000, of whom 2,695,000 were fathers.

The March 1 table also showed agricultural deferments totalled 1,722,000, of whom 835,000 were fathers. Among those with farm deferments were about 613,000 men under 26, and 530,000 were non-fathers.

Class 3-A, men with dependents in process of reclassification, had dwindled to 1,432,000 men by March 1, well over a million registrants having been withdrawn from that class during February. At that rate, it could be assumed that no more than a few hundred thousand men are in 3-A today.

The number in 1-A on March 1 was 1,871,000 of whom 1,226,000 were fathers.

Class 4-F, the rejected men who are the subject of discussion in Congress, had swelled to 3,623,000, the largest number that has ever been in 4-F. There were only 369,000 fathers in 4-F and 3,354,000 were non-fathers. These figures represented a net incerase during February of 45,000 non-fathers and 93,000 fathers.

EXTRA BEAUTIFUL — Meet Hollywood's "Most Beautiful Extra Girl of 1943 and the One Most Likely to Succeed in 1944." The lengthy title was voted to red-headed 19-year-old Muriel Kearney, above, by movie cameramen.

Man Fined $1,000 In Liquor Running Case

C. O. Bonds, who is alleged to have run approximately nine cases of whisky from East Texas to Lubbock, where liquor control board inspectors alleged they confiscated 84 four-fifths quarts and 46 pints of liquor, Saturday pleaded guilty of liquor law violation and was fined $1,000 and court costs and assesed a year in jail.

The plea was in county court. Judge G. V. Pardue presided.

Several appeals to county court were made from corporation court convictions: L. T. Crawford, alias Jack Garrett, from a $50 speeding fine; B. F. (Lefty) Fowler, from a $5 speeding fine; Helen Harp, from a $100 disturbance fine; Willie Mason, Otho Moore and Thomas McCutcheon, each from $100 gambling fines.

TAX RETURNS INCREASED

AUSTIN, April 1.—State liquor tax stamps brought Texas $607,192 in March cigaret tax stamps totaled $1,097,836 for the month, the state treasurer reported today. Both are in advance of March a year ago and February of this year. Sales of beer stamps totaled $263,157 and wine, $36,254.

"Buy A War Bond TODAY"

Jury Panel To Report Monday

A 16-man grand jury panel will report at 10 o'clock Monday morning when Judge J. E. Vickers opens a 12-weeks April term of 99th district court. He closed minutes on his 12-weeks January term of court Saturday.

Approximately a half dozen complaints recently filed will be presented to the grand jury for its investigation, said Burton S. Burks, district attorney, including grain theft, embezzlement, desertion, burglary and one charging rape.

Cases May Be Re-Submitted

At the same time, it was considered likely there would be re-submission of two murder cases: Maney Foster, 40, a negro charged with the knife slaying Dec. 19 of Cleven Smith, another negro, and J. B. Fowler, bound over to grand jury action growing out of the fatal shooting Jan. 30, of Pfc. Jake Weaver, 35, a soldier on furlough from Ft. Hale, Colo.

The grand jury panel, selected by a jury commission of J. S. Edwards of Slaton, B. C. Clutter and C. E. Maedgen, both of Lubbock, and Bailey Guess of Idalou, is:

Members Of Panel

L. C. Boyd, L. Earl Hunt, Kennedy N. Clapp, J. L. Murfee, R. F. Bayless, J. B. Maxey, all of Lubbock; Roy Moore of Acuff; W. T. Davis and W. L. Meurer, both of Slaton; A. F. Reese and Berch Scott, both of Shallowater; Lonnie Williams of Slide; H. Fehleison of route 6 Lubbock; W. O. Fortenberry of Monroe; G. H. Horton of Hurlwood, and C. C. Mull of star route Lorenzo.

Judge Vickers will call all dockets at 10 o'clock.

Judge Dan Blair of 72nd district court will conduct an injunctive hearing at 10 o'clock Monday morning in Lubbock, will go to Crosbyton for a 1:30 o'clock hearing Monday afternoon and will hear non-jury civil actions at other times during the week.

Cooper Seniors To Present Class Play

The Senior class of the Cooper High school will present a three-act comedy entitled "Look Me in the Eye" Wednesday evening at 8:30 o'clock in the school auditorium. The play is staged and directed by Miss Bertha E. Lee.

The cast includes the following: Velera Goode, Deryl King, Alice Slater, Hubert Henderson, Kenneth Brownfield, Doris Gill, Fay Martin, Richard Rogers, Clyde Powers, Frankie Cummings, Gene Sooter and Margaret Melcher.

Faye Cummings is property chairman, assisted by Mildred Kitten and Katy Dodd.

Publicity chairman is Betty Joe Tapp, assisted by Margie Shelton and Lorene Hamilton.

Ushers will be Faye Cummings, Frances Sullivent, Dardnella Swope, Jean Meyers and Mildred Kitten.

Music for the occasion will be furnished by Joe S. Hilton's orchestra.

Universal disarmament was proposed more than 200 years ago by Jeremy Bentham, British jurist, as a means toward world peace.

Why Army Promotions Are Often Slow

This Is Story U. S. Soldiers Want Home Folks To Read

BY TOM WOLF
NEA Staff Correspondent

LONDON, April 1—Unless the folks back in the States fully understand the story of the "T. O."—the Army's Tables of Organization—a lot of good and deserving soldiers who haven't been promoted are going to be badly underrated and unjustly maligned at home.

The T. O. contain the Army's hard-and-fast rules for promotion.

Every unit in the U. S. Army has a table of organization. It states specifically how many men may hold commissioned and non-commissioned ranks in this unit. It also states specifically how high these ranks may be.

Assume that the T. O. of a certain unit calls for seven enlisted men in grades not to exceed one technical sergeant, one sergeant, one corporal, one first-class private, three privates. Assume that John Jones is one of this outfit, he NEVER can be promoted until one of the non-commissioned officers leaves the unit.

Stop and let that sink in. Unless one of the non-coms leaves the unit, Private Jones NEVER can be promoted—not if he has been in the Army 10 years, not if he has been in 50 major campaigns, not if he has won 100 medals.

The only exceptions to this are that a soldier in any enlisted grade is eligible for Officer Candidate School; and in battle he is eligible for battlefield appointment to lieutenant.

Few Overseas Promotions

In practice, this comes to mean that a man's chances of promotion are better at home than overseas. This is true because at home new units are frequently formed. Any enlisted man may be promoted to any non-commissioned grade.

In our expanding Army, when a new unit is activated at home, there will be places in the Table of Organization for noncommissioned officers. If Pvt. Jones is transferred to this new unit when it is formed, he may become a master sergeant overnight.

Few Units Formed

Overseas, however, comparatively few units are formed. Therefore, once Pvt. Jones leaves the States, his chance of being transferred are less. Thus his chances for promotion overseas are smaller than they would be at home.

What goes for enlisted men goes for officers as far as the T. O. are concerned, with one extremely important additional qualification. No officer may skip a grade. For instance, a captain cannot become a lieutenant-colonel without having served as a major.

There are rigid time-of-service rules for promotion of officers. A second lieutenant must serve six months before being eligible for promotion to first lieutenant; a first lieutenant must serve six months; a captain, six; a major, nine; a lieutenant-colonel, one year. The War Department can promote a full colonel when it sees fit.

Experience Counts

There is one other qualification for officer promotions. Before an officer is promoted he must occupy for three months the position he will occupy when he gets promoted. Assume that a major has served the full time when he gets promoted. Assume that a major has served the full nine months required for promotion to lieutenant-colonel. Suppose, too, that the T. O. for his unit lists the job which he has been doing as one carrying the rank of major. He cannot be promoted to lieutenant-colonel until he has served three months more as a major in some position for which the T. O. authorizes a lieutenant- colonelcy.

In battle there are several modifications to the rules of promotion. Most important of these is

that any man who shows outstanding ability in battle can be promoted to the next higher rank, without having served his time in grade—IF a vacancy exists.

Thus, if Captain Smith, the company commander, is killed in battle, and 1st Lieut. Kleon takes his place, he can be promoted to a captaincy even if he has not been a first lieutenant for six months. But even if Lieut. Klein shows outstanding ability and bravery in battle, he cannot be promoted to captain unless and until the vacancy exists.

An enlisted man can be appointed second lieutenant in battle—again providing that a vacancy for a second lieutenant exists according to the Table of Organization of his unit.

South Plains Oil Development Activities . . .

Wildcat Tests Staked In 5 South Plains Counties; 10,000-Foot Test Planned In Lynn

LOCATIONS for important wildcat oil tests in five South Plains counties were staked last week. The new explorations will be in east Lynn, northwest Borden, northeast Gaines, central Andrews and central Cochran.

The Lynn county development, Phillips Petroleum Company No. 1 Bartley, will be 683 feet from the north and west lines of section 1,372, BS&F survey.

Drilling to 10,000 feet is scheduled for this test. That amount of hole should take it to the Ellenburger, lower Ordovician, the operator thinks. A rotary rig is being put in shape to start digging now.

Number Of Firms Interested

Thomas W. Doswell and associates, No. 1 R. H. Cantrill, will be the new exploration in northwest Borden county. It is to be at the center of the northeast quarter of the northeast quarter of section 22, block 32, EL&RR survey, T-6-N.

Roger Baumann is to drill the test to at least 5,000 feet with rotary starting early next week. Some maps show the section on which the test is located to be owned by G. O. Thompson. The operator has filed drilling application for the test to be carried as No. 1 Cantrill.

A number of other oil development concerns are interested in the test, including Magnolia, Sunray, Deeprock, Barnsdall and Lucey Petroleum corporation.

New Gaines County Test

Stanolind Oil and Gas company No. 1 Thomas S. Riley estate, 660 feet from the north and west lines of section 79, block H, D & W survey, about seven miles west and slightly south of the Cedar Lake field in northeast Gaines county, is to drill to at least 6,200 feet, starting immediately.

Falcon Company, Fort Worth, No. 1 Mrs. Carrie Slaughter Dean, 660 feet from the south and east lines of league 94, Mills county school land survey, is to start by April 5, drilling to 5,500 feet in central Cochran county.

This exploration will be about three miles southwest of the nearest production in the west extension to the Slaughter field.

Deep Test Planned

Staking of location for a 7,500-foot wildcat, which possibly will drill to 11,000 feet, in central Andrews county, and the stretching of production in the Fullerton field, in Northwest Andrews, a full mile to the north, were high-spots in that county last week.

Cities Service Oil company No. 1-L University of Texas 660 feet from the north and east lines of the southeast quarter of section 10, block 14, University survey, is contracted to at least 7,500 feet to test through the lower Permian.

The new exploration will be two and one-half miles west and one half mile south of the Texas company No. 1 Patillos, which has shown some oil from about 4,415 feet in the top of the Permian, and the location is two miles south of the southwest side of Shafter Lake.

Flows 1,087 Barrels

Stanolind Oil and Gas company No. 1 Logsdon, 660 feet out of the southeast corner of section 5, block A-32, psl survey, and a mile north of the northwest side of the Fullerton field, in northwest Andrews, three and one half miles south of the nearest producer in the Union field, flowed 1,087 barrels of 42 gravity oil from a saturated zone at 7,012-22 feet in 22 1-2 hours. The flow was natural.

The operators are carying the well deeper to test through the full Permian section. If no better pay is found the well can be completed as a good producer from the ten-foot section.

To test out the area Stanolind has staked location for No. 2 Logsdon, to be 1,996 feet from the east and 660 feet from the south lines of section 5, block A-32, psl, and 1,336 feet west the new extension well.

Field One Of Largest

The Fullerton field is now one of the largest in extent in the South Plains area, and is the largest in extent in the South Plains area; and is the largest high-gravity sweet oil area in the entire Permian Basin.

Indications are that the area will be still further enlarged during 1944, as several tests are now drilling which will give the district sizable enlargements, if any of them find the pay in the Clear Fork of the lower Permian.

Humble No. 1 Carter, wildcat in central Andrews, in section 23, block A-46, psl survey, is continuing to make hole under 11,306 feet in the Devonian lime.

Sinclair Prairie Oil company No. 1 Grisham-Hunter, Southwest Andrews exploration to the lower Ordovician, had reached 10,444 feet and was drilling ahead. The test is in section 14, block 73, psl survey.

Second Deepest Hole

Humble No. 1 Scarborough, section 7, block A-40, psl survey in central-west Andrews, was making hole under 9,252 feet in lime and chert.

Continental Oil company No. 1-A Jones, section 22, block A-7, psl, northwest Gaines county wildcat is now the second deepest hole so far drilled on the South Plains, in the search for petroleum.

At last report it was digging below 11,943 feet, and at that depth was only 12 feet short of breaking the depth record of 11,945 feet made in the fall of 1943 by Stanolind No. 15 American Warehouse, wildcat which was drilled in the Cedar Lake area of northeast Gaines, and was abandoned at the 11,954 foot level.

Carter Test Plunges Back

Next deepest South Plains test was Amon Carter No. 4-D Wasson, in the south side of the Wasson field in north Gaines county, which reached 11,108 feet, before being plugged back to around 7,800 feet and made a producer.

Shell Oil company No. 1 Jones, section 290, block G, CCSD&RGNG survey, southwest of the Russell field in Northwest Gaines, was drilling under 5, 815 feet in lime and chert.

Magnolia No. 1, 491 Havemyer & Jenny, section 491, block G, CCSD & RGNG survey, and one-half mile west of the Russell field production, had reached 4,000 feet and was reaming the hole preparatory to running a string of pipe.

S. W. Richardson No. 1 R. A. Cox, section 148, block G, WT survey, in north Gaines, had reached 5,390 feet in lime and was continuing.

Waiting To Plug Core

DeKalb Agricultural Association, Inc., No. 1 Gaston, labor 8, league 285, Schleicher county school land survey, in southeast Gaines, was making hole under 4,780 feet in lime.

Northern Ordnance, Inc., No. 1 Birge, section 1, block C-43, psl, also in southeast Gaines, is waiting for the plug to core after setting a string of 9 5-8-inch casing at 2,415 feet, on the total depth drilled of 2,440 feet, in anhydrite, with 600 bags of cement.

National Refining company No. 1 Cope, south Dawson county wildcat in section 20, block 36, TP survey, T-4-N, was boring under 3,480 feet in anhydrite topped at 1,910 feet, on a surface elevation of 2,898 feet.

Kent Test Down 3,474 feet

Gulf No. 1 Dean, section 30, block 1, Poitevent survey, T-6-N, in northeast Dawson, is still trying to get started in a whipstocked hole from a plug-back at 9,848 feet.

Blackwell Oil and Gas Company No. 1 House, section 8, block B, psl survey in northwest Kent county, was going ahead below 3,474 feet in lime.

The Pure Oil company No. 1 Bernard Martin, section 7, block 5, BS&F survey in central Floyd county, which has been on a fishing job for several weeks, with bottom of the hole at 5,324 feet in lime, is reported to be plugging back to 2,995 feet, and is said to be preparing to start a whip-stocked hole at that level, to drill by in a new hole.

Northern Ordnance, Inc., No. 1 Clayton & Johnson, section 32, block, TP survey, T-4-N, in south Borden county, had reached 4,325 feet in hard lime.

Seaboard Oil company No. 1 Pitchfork Land & Cattle company, section 93, Indianola RR survey, in northeast Dickens county, had penetrated to 4,621 feet in lime.

Shutdown For Repairs

Helmerich & Payne, Inc., No. 1 Mrs. D. S. Wright, labor 19, league 97, Brewster county school land survey, in central Cochran county, three miles northwest of the Slaughter field, had reached 2,023 feet in shale and was shutdown for repairs.

Stanolind Oil and Gas company No. 1 Tom Cobb, labor 103-E, league 75, Haskell county school Lands survey, in northwest Hockley county, which has been troubled with a stuck packer for several weeks, has recovered that item and has resumed swabbing again to test from above the plug-back at 4,663 feet. During the latest 24 hours of swabbing 58 barrels of oil and 19 barrels of water were recovered.

Texas Pacific Coal and Oil company No. 1 J. E. and Hardy Grisson, in labor 10, league 24, McCullough county school land survey, in south-central Hockley county, and about five miles east of the Slaughter field, was making hole below 2,950 feet in anhydrite.

Lynn Test Down 3,385

Sohio Producing company No. 1 Rinne, section 262, block Z, BS&F survey, in northeast Lynn county, had progressed to 3,385 feet and was drilling ahead.

Honolulu No. 1 Williams, section 70, block D, Gibson survey, 5,500 feet wildcat in northeast Yoakum county, was going ahead under 2,482 feet in salt, after marking top of the anhydrite at 2,370 feet. Surface elevation of the test has not been run.

Great Western Producers, Inc., No. 1 Mary Hamilton, section 489, block D, Gibson survey, in east Hockley county and a wildcat test near the Ownby field, is treating the section at 5,292-5,319 feet, with 11,000 gallons of acid, by stages. Total depth of the exploration is at 5,349 feet. The casing was cemented at 5,267 feet, and then drilled out.

Producer Is Completed

Plymouth Oil company No. 1 Morrison & Woods, 330 feet from the south and west lines of the southeast quarter of section 613, block D, Gibson survey, and an outpost to Wasson production, has been completed for a daily production of 93.84 barrels after using 9,000 gallons of acid in the pay at 5,230-77 feet. Gas-oil ratio was 412-1.

Seaboard No. 1 Waples-Platter, semi-wildcat between the Ownby and the Waples-Platter fields, in east Yoakum county, is digging below 5,326 feet in lime.

Completions during the last week, in South Plains oil areas include:

The Texas company No. 153 Bob Slaughter block, 580 feet from the south and west lines of labor 7, league 77, Zavalla county school land survey, in the Hockley county section of the Slaughter field, flowed for a 24-hour potential of 1,292 barrels of oil after treated with 12,000 gallons of acid in the saturated section at 4,950-5,011 feet. Gas-oil ratio was 689-1.

Potential Of 1,326 Barrels

Honolulu Oil Corporation No. 50-B Slaughter, 665 feet from the south and west lines of labor 21, league 37, Zavalla county school land survey injected 12,000 gallons of acid and made a flowing daily potential of 1,326 barrels, with gas-oil ratio of 942-1. The pay was at 4,950-5,020 feet.

The Texas Company No. 17-F Mallett treated with 10,000 gallons of acid and flowed 639 barrels per day with gas-oil ratio of 721-1. The pay section was at 5,010-41 feet. Location of the new well is 1,450 feet from the north and 1,338 feet from the east lines of labor 16, league 51, Scurry County School Land survey.

Sinclair Prairie Oil company No. 2 J. C. Tyner, 440 feet from the north and east lines of labor 5, league 48, Edwards county school land survey injected 10,000 gallons of acid and made a flowing potential of 198.24 barrels per day. Gas-oil ratio was 452-1. The pay was at 4,877-90 feet.

Making 463 Barrels

Continental Oil Company No. 21-58 Dean, 670 feet from the west and 650 feet from the south lines of the Dean "58" lease, in the Cochran county section of the west side of the Slaughter field has been completed for a daily production of 463.68 barrels, flowing, after treating with 12,000 gallons of acid, in the pay at 4,993-5,032 feet. Gas-oil ratio was 531-1.

Honolulu Oil corporation and Saltmount Oil corporation No. 5-A-14 Blake, 510 feet from the north and west lines of labor 14, league 54, Oldham county school land survey, used 8,000 gallons of acid and flowed for a 24-hour potential of 736.20 barrels, from pay at 5,053-88 feet, with gas-oil ratio of 645-1.

Atlantic Refining company No. 11 W. T. Knight, at the center of the northwest quarter of the southwest quarter of section 773, block D, John H. Gibson survey, in the Wasson area of Yoakum county, produced at the rate of 167.28 barrels daily, plus 22 percent water, after treating with 10,000 gallons of acid in the pay at 4,975-5,167 feet.

Terry Producer Completed

Gulf Oil corporation No. 16 Mallett, 4,640 feet from the north and 660 feet from the east lines of section 6, block X, psl survey, in northeast Terry county, and on the southeast side of the Slaughter field treated with 11,500 gallons of acid in the pay formation at 5,033-5130 feet and flowed 234.52 barrels per day, with gas-oil ratio of 140-1.

Gulf No. 5-D J. C. Futch, 660 feet from the north and west lines of lease in section 796, block D, Gibson survey, in the Wasson field in Yoakum made 445.68 barrels daily after using 10,000 gallons of acid in the oil zone at 5,106-5,205 feet. Gas-oil ration was 532-1.

Locations Announced

Locations for new operations adjacent to producing areas, included:

Sinclair Prairie No. 3 J. C. Tyner, to be 440 feet from the north and west lines of labor 5, league 48, Edwards county school land survey, is to start drilling to around 5,100 feet, with rotary about April 3.

The Texas company No. 19-F Mallett, 1,450 feet from the north and 1,337 feet from the east lines of labor 14, league 51, Scurry county school land survey, is another Slaughter area new exploration.

Cochran Test Is Producer

Cherry & Kidd, Dallas, No. 2-8 Wright, 660 feet from the south and east lines of labor 8, league 59, Martin county school land survey, and on the southwest side of production in the west extension to the Slaughter field in east Cochran county, has been officially completed for a daily potential of 894.24 barrels after treating with 8,000 gallons of acid in the saturated formation at 4,923-50 feet. Gas-oil ratio was 674-1.

Humble Oil & Refining company No. 1-F Matador, section 10, block A-X, J. E. Calloway survey, in East-Central Dickens county has been abandoned and plugged at total depth of 6,987 feet in shale. This hole had a part of a string of drill-pipe and tools lost in it, which never could be recovered.

Yoakum Test Checked Off

Humble No. 1 W. T. Fillingim, section 661 block D, Gibson survey, in southwest Yoakum county, four miles northwest of the nearest production in the Slaughter field, has also been checked off the list of possible producers.

Total depth was 5,640 feet in lime. The operator tried for several weeks to develop small oil shows in the Wasson pay, into enough petroleum to make a well, but was never able to get over 10 percent of the fluid recovered to be oil. The remainder was water, and the oil content was extremely small.

Helmerich & Payne, Inc., No. 1 Higginbotham, section 539, block D, Gibson survey, and about six miles north of the nearest Wasson production in central Yoakum, encountered 600 feet of sulphur water in four hours at 5,420 feet in lime, and likely will be adandoned at that depth.

Slight oil shows had been cored between 5,150 and 5,248 feet in the lime section.

Smith-Griggs Oil company No. 1 Frank Griggs fee, section 44, block P, EL & RR survey, in northwest Lubbock county, had made hole below 1,920 feet in redbeds and was drilling ahead.

HOW AN AIRPLANE FLIES—Aviation Designer William B. Stout once won the interest and financial backing of 128 wealthy businessmen by sending them directions for a simple demonstration of how an airplane flies. Now director of the Stout Research Division of Consolidated Vultee Aireraft Corp. he shows in these pictures the trick which embodies basic aeronautical principles. Above, on a 3-by-5-inch filing card, he draws lines from opposite corners to find the exact center of area and gravity.

THE CARD IS BENT slightly along a line drawn through the center. One-third of the way along this line is marked a point which will become the new center of weight when a paper clip is fastened to the leading edge. Accuracy of the clip's adjustment should be tested by balancing the inverted card on a pencil point.

READY FOR LAUNCHING. card and clip are held by Designer Stout. Steady flight is the result of placing the center of lift just back of the center of weight. From a height of 6 feet, this gadget should glide more than 100 times its own length and make a perfect landing.

New Red Cross Course Offered

Mrs. Teressa B. Gegg, executive secretary of the Lubbock county chapter, American Red Cross, has announced a new Home Service course, April 15 to May 25.

This is a 30-hour course, she said. There will be two classes per week of two hours each. The schedule will be worked out at the first session. The time and place of meetings will be announced later this week.

The course will be conducted by Mrs. Gegg, with the exeption of sessions six, seven, eight and nine which will be under the direction of a Home Service representative from the Mid-Western Area office, St. Louis.

The Home Service division of the American Red Cross is an organization whose duties and functions cover aid to servicemen and their families. Part of these duties include investigations concerning health and welfare reports of servicemen's families; writing prisoners of war letters for families; preinduction medical histories for the military; helping servicemen or their families fill out affidavits for benefits, and helping them fill out applications for allowances and allotments; loans to cover emergency needs of servicemen's families; inquiries regarding letters for the man and his family regarding pensions, insurance, allotments, allowance; filing of claims, notary service; furlough investigations, and many other services for the men in the armed forces of the United States and its allies.

There is, of course, a great deal of detail work involved in the keeping of records on cases covered, calling on the homes of men in service, and in the general carrying out of the activities of the department.

Those interested in the course and those wishing further information, please call Mrs. Gegg, 8534, as the class is limited to enrollment of not more than 30 members.

Rent Registrations Total About 5,500

Earl W. Heath, area rent director for the OPA, announced late Saturday that more than 5,500 landlords had registered rental properties at the area rent office, 1415 Avenue Q, during the past two weeks. The total through Friday night was 5,339 registrants.

Heath said that those who failed to register during the fist two weeks would be allowed to register at any time before April 15. All rental property in the county that is rented for living purposes must be registered by that date. Landlords with property in surrounding communities of the county, other than Slaton, must register at the Lubbock office, he said.

Registration will begin in Slaton at 9 o'clock Tuesday at the city hall. The registration will be held there Tuesday, Wednesday and Thursday. Operators of hotels, rooming houses, tourist camps in Lubbock and other communities of the county will begin registration at the area rent office here Monday, Heath s[ai]d.

British Reply To Russians Reported

LONDON, April 1. (U.P.)—The British government was reported by reliable sources today to have made a conciliatory reply to Russian representations for a stronger democratic government in Italy.

The United States was not believed to have replied. It was understood no effort was made to make a joint British-American reply, with both governments agreeing to draft their answers individually.

"Buy A War Bond TODAY"

Service Publication Hits Italy Campaign

WASHINGTON, April 1. (U.P.)—The Army and Navy Journal, unofficial service magazine, today criticized in an editorial Allied conduct of the war in Italy, asserting that the campaign has not only "provided us with lessons, but has furnished the enemy with them."

It said the rebuff at Cassino was not the only phase of the Italian campaign which has aroused criticism, but added that the Allies are now in a position in Italy where "we must continue our efforts to advance on this front, and thereby lessen the strength that could be employed more favorably on the western front."

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy . . . it helps keep the skin soft and pliable . . . thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin . . . for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Mother's Friend

Highly praised by users, many doctors and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight. Adv.

Moroline is top quality. Ideal for minor burns—cuts, chafe. World's largest seller at 5c. Triple size, 10c.

Study Of Cotton Planned In High Schools Of 15 States

MEMPHIS, April 1 (AP)—Plans to give nearly 1,000,000 students in 15 states an opportunity to study the cotton industry, "from field to loom," were announced today by the Cotton Trade Journal.

Francis G. Hickman, publisher of the Journal, said that through the cooperation of the education departments in these states it was hoped to carry the project to 10,000 junior and senior high schools throughout the cotton belt.

Will Visit Fields

Hickman said that cotton study would be made a regular part of the school curriculum. During the spring students will visit fields for first-hand information on planting. Later they will observe gins, oil mills, compresses, warehouses and exchanges.

Hickman declared that states which already have organized and are ready to begin the educational program are Arkansas, Louisiana, Mississippi, Tennessee, Oklahoma, Texas and South Carolina. States cooperating with plans in the making, he said, are Alabama, Florida, North Carolina, Virginia, California, Missouri, Arizona and New Mexico.

Hickman said the program was urged by cotton trade leaders after successful completion of the inaugural program in Arkansas last year.

Jewelry Valued At $3,000 Stolen Here

Theft of bracelets and bands valued at $3,000 was reported to police Saturday by F/O D. F. Jackson, of 1929 Avenue N.

Reported taken were a diamond bracelet, a band of diamonds and a band of sapphires.

A break-in at Economy Mills was reported Saturday but nothing was listed as missing. A coin purse containing a small amount of money and papers was taken from Grollman's, 1106 Broadway, Friday night between 6:30 and 10:30 and 10:15 p. m., police said they had been informed. N. R. Pinkson, of 1614 (rear) Main street, reported burglarly of his residence and loss of a radio, two pairs of slippers, and one suit.

Kenneth Dixon

(Continued From Page One)

tues are wrong or else war is a pretty good thing after all."

"What virtues does war have?" someone asked.

"Courage is one," the blond captain replied. "At home in school, in church, we're taught from kids that courage is a virtue, a wonderful thing. Discounting all the substitutes for war you find in sports and in a daily competitive struggle for existence, war is a final mass test of courage, the only one that gives great numbers of men a chance to prove their physical courage at least."

He stared in the fire for a minute then continued:

"Unselfishness, or rather selflessness, is another; the willingness to lay down one's life for a friend or for a cause. Patriotism is another; willingness in the final analysis to lay down one's life for one's country. Leadership and faith in leadership."

Once again silence hung over the room. It was broken by an obviously bitted youth who had spent considerable time on the front.

"I think I could make you change your mind about war being a good thing." He said harshly. Not with words, I mean, but I think you'd change your mind. There is nothing good about dead kids lying beside the road, or guys cut all to pieces." His voice trailed away.

"If you mean it would bring the war home to me," replied the captain, "I don't think that's necessary. My brother was killed in a P38 the other day. My other brother is over here, too, and he's likely to get it. I've lost most of my best friends out of this group that way. I may get it too. No, I don't think that would change my mind."

"It's our standard of virtues. If courage and chivalry and patriotism and leadership and faith in a cause or a country are virtues, are worthy of dying for, then war is partially a good thing, for it keeps them alive and active. If they're not worth dying for then war is certainly a terrible thing. But the only way we'll stop it is to revise our standard of virtues."

"You're crazy," the bitter youth said slowly. "You're wrong. I can't tell you exactly where, but your reasoning is haywire somehow. War is wrong. That's all I know. I don't know about virtues."

"Well, I know there is no virtue in staying up all night listening to you guys argue when you won't settle anything," another captain said, rising and stretching. "I'm going to hit the sack. We've got another damned early mission in the morning."

State Of Yawning Woman Unimproved

TULSA, April 1 (AP)—Hospital attendants said today there was little improvement in the condition of Mrs. Helen Campbell, 22, who is steadily growing weaker after an attack of yawning that has continued since Tuesday.

The woman is yawning at five second intervals, it was reported. Physicians are puzzled by the case. She seems to be in no pain but can get little rest without the aid of sedatives, her mother said.

New German Night Fighter In Action

LONDON, April 1 (AP)—A new German single-engine night fighter which provides only a small target and places the pilot in a more protected position has been in action against British bombers, the Berlin radio said today.

The broadcast said mass use of

Production Award

(Continued From Page One)

been given for use also by the Royal Air forces.

TWO MEN HAD PREVIOUSLY WON $250 AWARD

This business of getting awards is not exactly new to "Bill" Edwards and "Bob" Elam, both formerly of Lubbock.

From Patterson field, O., dated Dec. 11, came the announcement that the two men had been presented with the top award for valuable wartime suggestions in a campaign climaxed with an impressive ceremony before 10,000 civilian employes of Air Service Command in front of the headquarters building there.

EDWARDS

Arnold Presents Award

Whereas, as reported by the Associated Press, Saturday's award was made by General H. H. Arnold, chief of the Army Air forces, himself ,and in the Pentagon building in Washington, D. C., the boys did pretty well at Patterson field; Maj. Gen Walter H. Frank, ASC commanding general, lauded their propeller-straightening device that day. And Brig. Gen. Elmer E. Adler, chief of the personnel and training division, spoke.

ELAM

The boys shared $250 in award money in the Ohio presentation, "the first presentation of its kind since the War department sponsored the plan of paying cash for ideas calculated to be production or supply 'short-cuts'.

Put in Use Last June

The machine developed by the Lubbock men—Edwards is a son of Mr. and Mrs. W. C. Edwards, sr., of 1625 Seventeenth street, and Elam operated a garage and battery shop here before becoming a civilian employe of ASC—officially was put in June 2, 1943. It is an apparatus easily packed and can be shunted here and there without trouble, making it especially valuable.

Democratic Rally

(Continued From Page One)

mittee to Investigate the National Defense program of the Senate. He is considered one of the ranking party members of the upper house in spite of the fact that he is only serving his second term.

He is due to arrive here Friday night and tentative plans call for visits to the two Army air fields here and at Texas Technological college. He is to be received at an open house in the afternoon at the Hilton hotel and a press conference has been tentatively set for 4 o'clock. His speech at the high school will be broadcast over KFYO and there is a possibility that it may be put on a 'statewide hookup.

Newspapermen Invited

Newspapermen from all over the area have been extended special invitations to come here for the rally and a party of newspapermen from Dallas and Fort Worth is to come here for the rally along with representatives of the Associated Press and United Press.

Senator Truman's appearance here comes as a result of an invitation extended him by Arch S. Underwood, Lubbock compress owner, who together with a group of Lubbock and South Plains people, heard him talk at the recent Jackson Day dinner in Dallas. There is a possibility that the Senator will be accompanied here by Ed Pauley of Los Angeles, treasurer of the Democratic National committee.

Letters To Follow

The telegraphic bids to guests for the rally here are to be supplemented by letters to be sent out today. Ellis, Haley, Mrs. Clyde F. Elkins, co-chairman of the county committee and Mayor Carl E. Slaton have signed these letters.

A reception, entertainment and transportation committee will be named early this week to make final arrangements for the Senator's visit here.

In a meeting of the steering committee Saturday, Wesley Read, A. C. Jackson, Homer L. Pharr and Haley were named as members of a finance committee for the rally. Read will act as chairman.

Coalition Government In Italy Is Urged

NAPLES, April 1 (AP)—The Communist party, through its chief, Palmiro Togliatti, called today for the formation of a coalition "war government" in Italy without insisting further on the abdication of King Vittorio Emanuele.

Unconfirmed rumors that King Vittorio Emanuele is about to abdicate in favor of Crown Prince Umberto were widely circulated in southern Italy today.

The prince was absent from his villa, having visited his father yesterday, and an aide to the prince said he knew nothing tending to confirm the rumor.

Members of the king's household were not immediately available.

the fighter — called the "Wilde Sau"—was proving very successful, but made no claims that it was responsible for the RAF's record loss of 94 planes in Thursday night's Nuernberg raid.

The lowest temperature ever recorded in Rome is 16 degrees above zero.

Write-In Sparks Trustee Voting

(Continued From Page One)

clined.

The write-in campaign stirred speculation on possibility of a similar movement in the city election next Tuesday. Overton W. Ribble, florist, has announced for mayor and J. Ray Dickey and Fred Childress are seeking commission places, all of whom are unopposed.

Four other pames were write-ins in the school election. They were Dr. Agnes True and Dr. Lewis B. Cooper, both associate professors of education and psychology at Texas Technological college; DeWitt (Judge) Landis, manager of radio station KFYO and D. C. Alexander. Election officials were in the dark as to Alexander's identity. A thorough check of several sources of information revealed only that a janitor by that name is employed by KFYO.

Dr. True received two votes; Dr. Cooper, 1; Landis, 2, and Alexander, 2.

Entry of Nelson into the race set both sides busily lining up voters by telephone and in the last three or four hours before the polls closed at 7 o'clock the polling place, at the district business office, 1007 Texas Avenue, was swamped. The morning vote had been light, wfth only about 100 votes cast.

NELSON IS SURPRISED, DIDN'T KNOW OF PLAN

Asserting that "it was the first defeat of my political career that I was unprepared to take," and explaining that "I knew nothing was going on," G. Hobart Nelson, former Texas senator and 1938 candidate for lieutenant governor of Texas, last night was apparently more surprised than a surprised populace on emerging from the school trustee election here with 136 votes in a write-in campaign.

"In fact," Nelson said, "I had even forgotten that it was election day, and didn't vote." He spent the day in Hockley county on business, he said, and added:

"I would like to say, however, that such an expression of confidence for a position of this nature would certainly be appreciated by any citizen."

TWO NEW TRUSTEES ARE NAMED AT IDALOU

Two new members were named to the Idalou board of trustees Saturday as patrons of Lubbock county independent and consolidated school districts went to the polls in regular school elections.

Idalou's new trustees are B. V. Powell and A. O. Isom. E. L. Sowder was re-elected.

At Estacado Dick Thornton was elected a new member and Charles Fox and Carl Parr were re-elected. R. L. Pace, incumbent, was defeated.

Troy Edwards and B. B. Christie each received 13 votes and were unopposed in the election at New Deal.

Chester Smith, R. H. Wilke and J. P. Clark were reelected by Cooper voters in a race in which five others participated unsuccessfully.

No reports had been received from other districts where there was opposition. These districts are Frenship, Roosevelt and Posey. No names were on the ticket at Shallowater and the voting there was to be strictly write-in. C. E. Willis, who is serving an unexpired term, and Fred Stephens were the only announced candidates in the Slaton election.

TWO CANDIDATES AT SUNDOWN UNOPPOSED

SUNDOWN, April 1 (Special)—In the school trustee election held today Guy Swain and J. W. LaMar, uncontested candidates, were elected. A total of 93 votes were cast which was average in comparison with past elections for the position.

Levelland Man Is Slugged And Robbed

A Levelland blacksmith was "knocked in the head" and robbed of $60 Saturday night about three miles east of Levelland, according to information received by Lubbock law enforcement officials.

According to reports, the blacksmith whose last name was given as Smith, was forced into a car in Levelland by two Mexicans and a white man and driven outside the city where the attack took place.

Local police last night held a Mexican who was driving a car which answered to the description given of the hold-up car.

Thousands Are Killed In Nuernberg Raid

NEW YORK, April 1 (AP) — A Swiss dispatch reported to the OWI said today that the German city of Nuernberg was "transformed into a blazing heap of ruins" by the RAF Tuesday night, with 4,600 bodies already recovered and estimates on the dead running as high as 12,600.

Damage to rail lines and the railway station was "especially great," the dispatch said, adding that about 50,000 persons left homeless by the raid had spent the night at the site of the prewar Nazi meetings.

Easter Program To Be Given At Tech

Annual Easter service sponsored by the Texas Tech Student Religious council will be conducted next Sunday morning at 7 o'clock on the lawn of the administration building.

Main speaker will be Rev. Alsie Carleton. Traditional, a cornet will play from the towers of the administration building. Special musical numbers are also scheduled. Invitation has been extended to the public.

The U. S. is believed to have reached a point close to maximum production of crude oil from known reserves.

Barnyard Biddy And Uncle Sam Ball Up Egg Situation

(By The Associated Press)

Barnyard Biddy and Uncle Sam made an April Fool of the Easter bunny in Texas.

This state, already deluged with eggs from Texas hens, was on the receiving end of eggs from other states, offered by the federal government and private dealers.

San Angelo reported that a carload of eggs had been shipped from Boston to Ballinger and Coleman at a freight cost of $782.06 while produce houses there already were bulging with eggs. Egg buyers there had 15 carloads on their floors Saturday awaiting instructions from the War Food Administration as to how they are to ship them. In the meantime, the price of eggs there had dropped to 21-23 cents per dozen.

School Lunch Program

The Boston car, received recently, contained 600 cases of cold-storage eggs, which went to the school lunch program.

Refrigerator cars and egg cases are bottlenecks in the WFA's egg-buying program, West Texas shippers said.

In Dallas, city purchasing agent B. P. Dysart said a carload of 600 cases of eggs was received recently from New Hampshire, at a freight cost of $836.34, paid by the federal government. Dysart distributed 100 cases to philanthropic institutions and 500 cases are in storage for a city-county hospital.

Shipment Said Delayed

Federal authorities in Dallas said the New Hampshire eggs were ordered for Dallas in February when, they said, there was a shortage, but the shipment was late in arriving.

The "carrying-coals-to-Newcastle" situation bobbed up in Temple, too, where Oklahoma jobbers were attempting to sell eggs in truckload lots. There were no takers.

A week ago, the War Food Administration undertook a support-buying program in Texas whereby producers were to receive a minimum of 26 cents per dozen for ungraded eggs. Contracts were offered egg dealers under which they received 2 cents a dozen for services, including cases.

Dealers at Schulenburg said they were swamped with eggs, but there was a shortage of cases and someone suggested they would have to start handling eggs with shovels.

Entirely Too Many Eggs

Yesterday in Washington the WFA admitted the country now has "more eggs than it knows what to do with" since production has soared 80 per cent above the pre-war average.

In Dallas yesterday, the price to consumers for white infertile eggs remained 47 cents per dozen. Pullet eggs could be had for 35 cents.

Housewives were being urged to break up eggs and put them under refrigeration for future use, but all the king's horses and all the king's men could not provide sufficient refrigeration for all the humpty-dumpties in Texas.

War In Pacific

(Continued From Page One)

Gen. Truman H. Landon, chief of the 7th AAF bomber command whose Liberators have made three of the five raids.

Truk sent up night fighters for the first time Friday night (Thursday U. S. time), indicating concern for the safety of that Pacific bastion under the two-way pounding of big bombers from the Central and South Pacific.

Japanese Shake-Up

A shake-up in the Japanese air command was reported by Tass, Soviet news agency. Lt. Gen. Takeo Yasuda was removed as inspector general of aviation immediately after 198 Nipponese planes were destroyed Wednesday at Truk and Hollandia, New Guinea. Approximately 2,000 Nipponese aircraft have been wiped out this year.

Japanese columns drove deeper into India, Allied communiques conceded, but at a heavy cost of life. Heaviest loss was in a four day attempt to encircle Indian troops 32 miles northeast of the British base of Imphal, which Berlin radio claimed had been evacuated. The British have denied it. Farther north bitter fighting was reported against a strong Japanese column trying to reach supply lines to North Burma.

Chungking announced that 5,000 Japanese have been killed in the drive of American-trained Chinese through north Burma. They are now sloshing slowly down Mogaung valley, to cut of fthe enemy base of Myitkyina. Allied native troops were 50 miles north of Myitkyina in a second push toward that base.

Tokyo Tells Of Raids

In its first announcement of the attacks on Truk, Tokyo radio said 20 bombers struck the heavily fortified islands Wednesday, and 30 Thursday.

In the latest night raid reported by Admiral Chester W. Nimitz 7th Army Air Force Liberators hit Dublon, Moen and Eten. The two enemy night fighters failed to bring down a single raider.

Stepping up of attacks on Japan's northern bases in the Kurile islands, and counter-blows at United States Aleutian air fields, was indicated with the arrival of good weather in the Far North.

With each new amphibious landing in the drive toward Tokyo, said Lieut. Gen. Alexander A. Vandegrift, Marine corps commandant, Japan will learn more about "our prolific department of tactical surprises."

The Nipponese have a "fanatical offensive spirit" but they "have had about enough" on Bougainville in the Solomons, Maj. Gen. Oscar W. Griswold reported. He said 8,000 have been killed since Americans landed on the island Nov. 1, including 3,508 in the last three weeks of March.

TO OPEN CAMPAIGN

DALLAS, April 1 (AP)—Virgil E. Arnold, Houston lawyer, said here today that he will open his campaign for governor with a Dallas speech on May 16.

Congratulations To:

Mr. and Mrs. C. E. Haun of Muleshoe, on birth of a nine-pound-five-ounce son at 3:40 o'clock Friday afternoon in West Texas hospital. The father is a farmer.

T/Sgt. and Mrs. Weldon A. Findley, 2208 Twenty-first street, on birth of a son weighing seven pounds nine ounces at 12:19 a. m. Saturday in West Texas hospital.

Mr. and Mrs. Durwood Bolton of North College avenue, on birth of a son weighing eight pounds two ounces in the residence at 6 a. m. Friday, with Porter-Sistrand clinic reporting. The baby, whose father is a farmer, has been named Charles Wayne.

Mr. and Mrs. William Fritz, route 1, Lubbock, on birth of a daughter weighing 7 pounds 13 ounces at 1:50 p. m. Saturday in St. Mary's hospital. The father is a farmer.

Pvt. and Mrs. W. L. Taylor, Lubbock, on birth of a son weighing 7 pounds 15 ounces at 12:01 p. m. Saturday in St. Mary's hospital. The father is stationed at Fort Knox, Ky.

Mr. and Mrs. John A. Long, 611 Hub Homes, on birth of a son weighing 5 pounds 12 ounces at 8:56 o'clock Saturday night reported by Porter-Sistrand clinic. The father is a civilian employe at Lubbock Army Air field.

Mr. and Mrs. James W. Roberts, 2405 Tenth street, on birth of a daughter weighing 7 pounds 10 ounces at 10:45 a. m. Friday in Lubbock General hospital.

TREASURY, P. O. FUNDS

WASHINGTON, April 1, (AP)—The Senate completed congressional action today on appropriations for the treasury and the post office departments for the fiscal year beginning July 1, providing $221,136,897 for the treasury and $1,110,209,272 for the post office.

Spanish railways are not standard European gauge.

Some Fruit Believed Left After Freeze

Although practically all apricots and peach buds were killed in last week's cold snap, the outlook is fair for plums and pears, declared Dr. W. W. Yocum, professor of horticulture at Texas Technological college, after a check. Saturday of the college orchards.

Dr. Yocum expressed belief that a "fair-sized" plum crop could be expected, especially of the sapa, opata and wild goose varieties. He said there were still enough good buds on pear trees to assure a "fair crop."

He said nothing much could be looked for from apple and sour cherry trees, and that the apricot and peach crop would be scanty. However, he stated that he was able to find several live peach and apricot buds.

Dr. Yocum pointed out that trees at the college were of budded varieties and that seedling trees might have been better able to withstand the cold. He said the slow drop of the mercury prevented more severe damage. Kuaa

Finnish Terms

(Continued From Page One)

the original terms were under consideration several weeks ago that the Germans might be isolated instead of interned if they refused to leave the country voluntarily. It is safe to assume that the practicalities of this problem were thoroughly outlined in Moscow, because in Finnish eyes it is among the major hurdles to an armistice.

Reports from Helsinki said the man in the street in the Finnish capital was wholly unaware of the developments, since the British radio was silent on the Finnish peace question, whereas during the earlier discussions the British Broadcasting corporation was the only source for the average Finn for news developments.

MORE ALARM CLOCKS

WASHINGTON, April 1., u—More than 1,200,000 war-model alarm clocks will be produced in April, May and June, Manufacturers notified the War Production board today—but many of them must go to meet military needs.

News Briefs

Contributions from Lubbock county in the recently-completed Red Cross War Fund drive reached $93,004.71 Saturday, $14,504.71 in excess of the quota of $78,500, Geo. P. Kuykendall, general chairman announced.

Seven or eight calves were believed to have perished early today when a 70-foot, open-type cow shed burned to the ground about two and a half miles south of the courthouse on the Tahoka highway. Origin of the fire was unexplained. Lubbock firemen were called to the blaze.

Vehicle registrations totaling 14,329 were reported early today by H. B. Bryan, Lubbock county tax assessor-collector, after passing of the April 1 midnight deadline of the registration period. Bryan announced registration as follows: passengers, 11,409; commercial, 1,732; farm commercial, 781; trailer, 368, and motor bus, 39.

Burglary Ring Over Texas Is Uncovered

DALLAS, April 1 (AP)—Police tonight continued to question a 20-year-old Oak Cliff negro whose arrest and confession, they said, cleared 22 Dallas burglaries totaling $13,000 since November and uncovered a major North and Central Texas burglary ring.

Three other persons, two of them negroes, were in the Dallas city jail and five others have been released on bond after being charged with receiving and concealing stolen goods.

In addition to the burglaries, Inspector of Detectives Will Fritz said the negro's confession had cleared 11 automobile thefts. A Rice, Tex., man, who has been charged in Corsicana with receiving and concealing stolen merchandise, was described by the negro as his "fence" for the stolen merchandise.

MILLION DISCHARGED

WASHINGTON, April 1., (AP)—The Army reported today that 1,058,000 enlisted men were discharged from December 1, 1941, to January 31 of this year.

"Buy A War Bond TODAY"

Deferment System On Farmers Junked

WASHINGTON, April 1 (AP) — Selective Service today scrapped its system of judging farm workers by units of production but at the same time took steps to draft as many of these registrants as possible under existing legal restrictions.

The action restored to local draft boards discretion as to deferments in agriculture, in line with a prediction by Senator Russell (D-Ga).

Telegrams went to all state draft directors emphasizing that under the Tydings amendments a farm worker must show that he is irreplacable and regularly engaged in an agricultural endeavor essential to the war effort.

State directors were instructed to make certain that the local boards understand the urgent need for men under 26 for combat a need which President Roosevelt and the armed forces have stressed.

Perryton Man Killed In Plane Accident

EAGLE PASS, Tex., April 1 (AP) First Lt. Marilao W. Truax, of Perryton, Tex., an instructor, and Aviation Cadet Patrick D. Seals, 22, Dallas, were killed in a collision of two planes three miles north of the Eagle Pass Army Air Field today.

Another flying instructor bailed out to safety, Col. John H. Bundy, commanding officer of the field, said.

Lt. Traux is survived by his mother, Mrs. Belle Hart Truax of Perryton.

26 Japs Shot Down Over Assam Jungle

HEADQUARTERS OF GENERAL STILWELL, In India, April 1 (AP)—Ground troops witnessed and wildly cheered as 26 Japanese bombers and fighters one after another fell flaming into the Assam jungle Monday in the greatest of a series of air battles that clinched Allied control of the air over Burma.

The Americans lost three fighters.

Top scorer was 2nd Lt. Herbert H. Goughty, Ladysmith, Wis., who is credited with destroying a bomber and two fighters and damaging a bomber.

Midwestern Farmers Aroused By Sharp Drop In Egg Prices

ST. LOUIS, April 1 (U.P.)—Midwestern farmers, aroused by a 10-cents a dozen decline in the price of eggs, threatened today to stop replenishing their flocks during the present hatching season and let the city consumer do without eggs and poultry next fall and winter.

Hatcheries reported that the purchase of baby chicks was from 40 to 67 per cent below the figure for this time last year as the War Food administration, congressmen, radio stations and newspapers were flooded with a flurry of letters from farmers demanding a floor for the wholesale egg market.

Wholesale egg prices have dropped in St. Louis from 35 cents a dozen on February 1 to 20 to 24 cents on April 1. Farmers throughout Missouri and Illinois threatened to reduce their flocks to fill only the needs of their own families.

Support Price Not Working

The WFA explained that there is a support price paid egg shippers, but it does not reach the hard hit farmers. The government also promised the farmers 30 cents a dozen for eggs bought for processing into dried eggs, but processors who deal with the farmers failed to meet the price.

Poultry buyers also blamed the ceiling put on broilers and other poultry for discouraging the farmers from replenishing his flocks, and also for encouraging poultry black market.

Typical of the letters from farmers was one from Mrs. Edgar Fuess of Plainview, Ill., who said that she had been feeding 200 hens at a cost of $375 a year for laying mash.

"I kept an accurate record of my flock," Mrs. Fuess wrote. "I received an average of 140 eggs a day. When the market dropped, I stopped feeding mash and put them on grain. Production dropped to 40 eggs a day."

Mrs. Fuess explained that she could not afford to feed mash at present low prices and instead of buying 700 baby chicks as she did last year, she planned to buy only enough to supply eggs and poultry for her family.

Illinois and Missouri is a feed source area, and farmers are following agriculture leaders' advice not to buy chickens in the face of falling prices.

Plenty of Feed Expected

However, Oscar Krieger, Kirkwood, Mo., hatchery owner, said there would be plenty of feed by early summer, and nothing to feed it to.

John Maule, East St. Louis, Ill., hatchery owner, said that hatcheries were selling on the market eggs they originally bought for setting.

"An acute shortage of manpower also is one of the causes of the farmers failure to continue egg production. It takes a lot of time to handle a large flock of hens," he said.

Maule predicted that the farmers would begin buying chicks the middle of this month, but said many hatcheries would have disposed of their egg supply by that time.

Lack of storage space is also forcing the price of eggs down, dealers said, and predicted that storage facilities would soon force butter and cream prices down.

Mother Is Charged In Death Of Child

SAN FRANCISCO, April 1. (AP)—Mrs. Louise Flack, 28, mother of crippled eight-year-old Delores Flack whose body was found in a crib in a locked basement apartment here Wednesday, will be brought back from Kansas to face a murder charge.

She was arrested at Iola, Kansas, her native town, Thursday after Coroner J. J. Kingston said a preliminary investigation indicated the child starved to death several weeks before her body was found. Mrs. Flack was charged with murder in a complaint filed yesterday.

Coroner Kingston said a bottle of sleeping potion was found in the dead child's room. The bottle was almost empty. A city toxicologist is making an analysis of the child's vital organs.

Police here have been unable to contact Marvin Flack, father of the child, reported working on a construction project in the Yukon territory. The mother and father are estranged.

New Method Devised For Smothering Fire

JACKSONVILLE, Fla., April 1. (AP)—A new and swiftly-effective method of smothering flames that envelop crashed planes has been unfolded by the Army here.

A blanket of carbon dioxide and a spray of water under tremendous pressure does the job.

In a practical test yesterday, 1,000 gallons of gasoline and fuel oil were dumped on a discarded bomber and the plane set afire. The heat was so intense that spectators 100 yards away were uncomfortable.

Two big tank trucks, one spewing carbon dioxide and the other water, raced up and turned on their nozzles. Within 15 seconds the raging flames had been pushed back beyond the cockpit and within two and one-half minutes the last flicker had died.

"Buy A War Bond TODAY"

News Briefs

Jolly Greenfield, 12-year-old daughter of Mr. and Mrs. J. E. Greenfield of Dumas, who is a student in Baker School of Exceptional children in Lubbock, has undergone an operation for removal of blood clot on her brain in Hillcrest Hospital in Waco. She is reported doing fine.

The War department announced today awards of the Distinguished Flying Cross to officers and enlisted men of the U. S. Army Twelfth Air force, including 1st Lt. Robert F. Spikes, Slaton.

Lt. Beachy A. Barton, who is stationed in Louisiana, and Mrs. John O. Ely of Boston, have been visiting their parents, Mr. and Mrs. George W. Barton of 2626 Twenty-first street.

The War department made public Saturday the names of 435 U. S. soldiers wounded in action, including Pvt. Sam T. King, son of Elijah King of Ralls.

Mrs. Lottie Stamps, 1512 Thirty-second street, has returned from a visit in Hobart, Okla., and reported that a daughter was born March 16 to her son and daughter-in-law, Mr. and Mrs. Houston (Bob) Stamps. The infant was named Janice Kaye. Her son is a candidate for an Army Air Corps cadet, she reported.

Warrant Officer L. W. Bobb, in charge of Air-Wac recruiting at the West Texas recruiting and induction station here, announced Saturday that women joining the Womens Army Corps may choose to serve at any of the following fields and stations: Newport, Ark., Blackland Army Air field, Waco; Fort Worth Army Air field, Majors field, Greenville; Perrin field, Sherman; Love field, Dallas; Ellington field, Houston; Waco Army Air field, Selman field, Monroe, La.; Harding field, Baton Rouge, La.; Elser field, Alexandria, La.; Clovis (N.M.) Army Air field, Alamagordis (N.M.) Army Air field, Enid, Okla.; Will Rodgers and Tinker fields, Oklahoma City, Okla.; Brooks Kelly and Randolph fields, San Antonio; Eagle Pass, Foster field, Victoria; Goodfellow and San Angelo Army Air fields, San Angelo; Harlingen, Hondo, Moore field, Mission; Bergstrom field, Austin; Big Spring Army Air field; Lubbock and South Plains Army Air fields; Midland Army Air base, Biggs field, El Paso; Dalhart and Pyote.

Firemen said two shacks at 2300-block East Avenue F burned Saturday morning. They were "too far gone" when discovered at 10:10 o'clock it was explained.

Lt. Jessie W. Gardner, assistant Lubbock district recruiting officer, announced Saturday that Miss Nadyne Brewer, daughter of Mr. and Mrs. Olin Brewer of Spur, has been enlisted as a private in the WAC. Miss Brewer has been teaching in the public schools in Dickens.

The Navy recruiting office in the Federal building here announced Saturday that one Lubbock 17-year-old boy was among four enlisted in the Navy last week. Those enlisting were William H. Jones, son of Mrs. Maude Jones Currey, 116 Uvalde avenue, Lubbock; Vernon L. Lincoln, son of C. L. Lincoln of Brownfield; Floyd Riley, son of Lee Riley of Idalou; Billy S. McAllister, son of Roy A. McAllister of Plainview.

Robert Johnson, a negro charged with murder of Cliff Spears, a Lubbock negro, Dec. 19 in the negro quarter here, obtained his liberty Saturday morning when he posted a new $5,000 appearance bond. Judge Dan Blair ordered that another surety replace Jake Hill, Slaton negro, when District Attorney Burton S. Burks informed that Hill had no real property in his own name. Sheriff Tom Abel approved the bond when Powell McWhirter of Lubbock joined Johnson as principal and A. L. Tudor of Slaton, sureties, it was announced. Johnson is under five-year suspended sentence for the slaying of another negro, "Little" John Williams.

Schedule Announced By Lubbock Lodges

Lubbock lodges Saturday announced the following schedule for this week:

Lubbock Commandery 60 will have a supper at 6:45 o'clock Monday night, then will confer the Order of the Temple on six candidates.

Yellowhouse lodge 841, AF&AM, will confer the Master Mason's degree on three candidates, commencing at 6 o'clock Wednesday afternoon. The same lodge will conduct a stated convocation at 7:30 o'clock Friday night.

Knights of Pythias lodge will conduct an 8 o'clock meeting Tuesday night, and Dramatic Order, Knights of Khorassan, will give a supper at 8 o'clock Wednesday night for members and their wives, both programs to be at 1107½ Avenue K.

"Buy A War Bond TODAY"

ODT Rule Set On Household Goods

The Office of Defense Transportation regulation providing for registration of empty or partly loaded over-the-road trucks and unmoved freight was extended Saturday to include over-the-road carriers of household goods.

Richard E. Wood, district manager of the Division of Motor Transport of the ODT, said movements of household goods are 100 per cent greater than in peace time. This is due to moving of families who have members in the armed forces or working in war plants.

Registration In Effect

The ODT already had put into effect, beginning March 27, an order that over-the-road carriers register at district offices of the ODT. They previously registered at joint information offices.

In Lubbock the district office is at 613 Lubbock National Bank building.

Carriers of household goods must register any over-the-road household goods truck which is not loaded to 80 per cent of capacity.

The registration may be in person, by telephone, telegraph or mail. Carriers will be permitted but not required to register trucks for transportation of other suitable freight if there are no household goods available.

Provisions Cited

Upon registration of a truck, the ODT district manager may direct the carrier to accept and transport registered shipments of household goods. In no case will the truck be required to travel a distance of more than 25 per cent of the mileage that the truck would otherwise travel. Carriers will not be asked to handle any unsuitable freight.

If a truck or shipment, registered with the ODT district office, becomes unavailable, the carrier must notify the district office and the registration will be cancelled.

The district manager will issue clearance authority to the carrier when he has accepted all household goods he has been directed to transport or when there is no suitable load available.

Schedule For USO Center Announced

Members of Sans Souci, Las Chaparritas and DFD social clubs will be hostesses at the weekly social in the USO center, 1211 Thirteenth street, from 2 until 6 o'clock this afternoon, according to announcement Saturday.

The schedule of dances during the week follows: Monday night, Cracker-Jills; Tuesday night, square dance; Wednesday night, Serviceaires; Friday night, Aerodonnas; and Saturday night, a formal. The square will start at 7:30 o'clock, the formal at 8:30 and the others at 8 p. m.

Other events during the week include: tonight, 7 o'clock, recorded classical music program; Monday, 4 p. m., women's bowling; Monday and Thursday, 8 p. m., art classes; Tuesday, 2 p. m., glider wives' bridge; Wednesday, 12:30, cadet wives' luncheon; 2:30 p. m., women wishing to play golf meet at the center; 3 p. m., LAWS meeting; Thursday, 8 p. m., games; Friday, 12:30 p. m., all-wives luncheon; and Saturday 6 p. m., social with members of Tulia Home Demonstration club and Slaton USO club the hostesses.

The schedule for the negro center, 2101 East Avenue C, includes: 5:30 p. m. today, music; Monday, 8 p. m., dinner for invited guests; Tuesday night, games; Wednesday night, coffee and doughnuts; Thursday night, guests; Friday night, art classes; and Saturday night, dance.

Germans Claim Heavy Toll Of Allied Ships

LONDON, April 1. (AP) — The German high command said today that 22 Allied destroyers and escort craft, 29 merchantships totaling 176,000 tons, two submarines and 12 torpedo boats were sunk in March "by the German Navy and luftwaffe."

The broadcast communique said that 11 other Allied merchant ships totaling 176,000 tons had been damaged along with four destroyers and 15 torpedo boats.

A subsequent Berlin broadcast said German torpedo planes sank or damaged 11 transports totaling 47,000 tons in an attack on an Allied convoy off the Algerian coast early today. The report was without Allied confirmation.

A typical atoll in the Pacific stands only a few feet above sea level.

Results Of Experiments With Fertilizers And Insect And Disease Control Measures On Potatoes At Station Here Are Revealed

The growing of white (Irish) potatoes is a new industry in northwestern Texas. Increased acreage of potatoes in this region can be expected for three reasons: Influx of experienced potato growers from other potato-growing states, increase in number of irrigation wells, and desire for higher priced crops.

D. L. Jones, jr., of the Lubbock Experiment sub-station has started experiments dealing with fertilizers and insect and disease control measures relative to potato production. A fertilizer test was begun in 1943. This test was planted April 6 to Bliss Triumph potatoes and harvested July 21. Seven irrigations were given during the growing season. Yields were reduced somewhat from a hail in June which damaged foliage considerably, Jones said, but did not interfere with stands. All treatments had perfect stands. Fertilizers were applied by the band method at the time of planting. Varied amounts of nitrogen, phosphoric acid, and potash were used in this test for a direct comparison as to amounts needed for maximum production.

Best Treatments Shown

As shown in Table No. 1, the three best treatments and their yields were: 600 pounds of 8-12-4, 800 pounds of 4-12-4, and 600 pounds of 4-12-4, with yields of 150, 138 and 134 sacks (100 pounds) per acre, respectively. The yield from all fertilizer treatments were higher than the yield of the check (unfertilized) except for 600 pounds of 0-12-4 with 97 sacks, or 15 sacks below the yield of the unfertilized soil.

Nitrogen: The yields of potatoes increased as to the amount of nitrogen in the fertilizer was increased, as shown in Table No. 1. The 4-12-4 fertilizer increased the yield 37 sacks and the 8-12-4 increased the yield 53 sacks per acre over the yield resulting from the 0-12-4 fertilizer. The results indicate that nitrogen is the first limiting element in the yield of potatoes on the particular soil. They also indicate that even larger amounts of nitrogen may be used with greater profit.

Potash Also Beneficial

Phosphoric Acid: This year's results indicate that 48 pounds of phosphoric acid per acre is sufficient for potatoes. The use of 48 pounds of phosphoric acid per acre (in the 4-8-4 fertilized) produced 7 sacks more and 72 pounds of phosphoric acid (in the 600 pounds of 4-12-4) per acre 9 sacks more than no phosphoric acid (4-0-4 treatment).

Potash: Although it is generally believed that soils in this area contain enough potash for most crops, results secured this year indicated that 24 pounds of potash per acre was beneficial to potatoes. The use of 24 pounds of potash per acre in the 4-12-4 fertilizer produced 14 sacks more than the 4-12-0 fertilizer, but larger amounts of potash did not produce additional increases in yield.

Rate of application: The 4-12-4 fertilizer was applied at the rates of 400, 600 and 800 pounds per acre. The yield of potatoes increased as the rate of application was increased. Considering the net profit per acre and the return for each dollar invested in fertilizer, however, 600 pounds per acre probably would be more practical than larger or smaller applications.

Greatest Profit $81.48 Acre

The use of 600 pounds of 8-12-4 made the greatest profit per acre ($81.48) and also the greatest profit per dollar invested in fertilizer, $7.79. The fertilizer without phosphoric acid (4-0-4) returned $7.20 per dollar invested, but produced only $27.54 net profit per acre. The fertilizer that contained no nitrogen, the 0-12-4, was used at a loss of $6.43 per acre.

When both yield and profit are considered, the use of 600 pounds of 8-12-4 fertilizer was the best fertilizer treatment in 1943. Since this grade of fertilizer is not one of the approved grades in Texas it will not be available to potato growers in northwestern Texas in 1944. The use of 800 pounds per acre of a 6-8-4 fertilizer which is one of the approved grades, however, will furnish as much nitrogen, slightly more potash, and about as much phosphoric acid as 600 pounds of 8-12-4, and should be entirely satisfactory. Or, if the potato grower desires, he may use 600 pounds of 4-12-4 and 75 pounds of ammonium nitrate or 150 pounds of nitrate of soda. This mixture will furnish the same amounts of nitrogen, phosphoric acid, and potash as 600 pounds of 8-12-4.

Table No. 1: Yields of Irish potatoes in relation to varied amounts of nitrogen, phosphorous and potash in the fertilizer, and the rates of 4-12-4 fertilizer.

Fertilizer	Rate Per Acre Pounds	Acre Yield, Sacks (100 lb.)	Increase in yield over 0-12-4 at 600 lbs. 4-12-4
Nitrogen Series			
0-12-4	600	97	
4-12-4	600	134	37
8-12-4	600	150	53

Solon Is Urged To 'Come Out And Fight'

TORONTO, April 1. (AP)—Vivien Kellems, Westport, Conn., war contractor, today challenged Rep. Coffee (D-Wash) to make outside Congress his charges that she is the sweetheart of a Nazi agent in Argentina and is a "menace to the American war effort."

In a 500-word statement replying to charges Coffee made on the House floor yesterday in Washington, Miss Kellems dared him "to make those same statements where I can hale you into court, force you to prove them, or put you in prison where you belong."

"Buy A War Bond TODAY"

V-12 Applicants To Be Examined Here

Navy officials here announced Saturday representatives of the Navy will be sent to Lubbock April 10 to examine V-12 applicants.

Lt. Ralph Binnion of the Dallas office of Naval Officer Procurement will be in charge of the group, which will establish headquarters at the Hilton hotel in Lubbock to give physical examinations and interviews, beginning at 8 a. m.

Lt. Binnion said 40 West Texas boys already have been notified that scores made on V-12 tests March 15 were sufficiently high to permit this processing. Only those who have been notified will be interviewed by the party.

On April 11 and 12 the procurement party will turn its attention toward interviewing applicants for direct commissions in the Naval reserve. Men between 19 and 34 with a college degree were requested by Lt. Binnion to contact the group at that time.

"Applications from men with engineering degrees," Lt. Binnion said, "are particularly desired."

He emphasized that April 10 will be devoted entirely and exclusively to V-12 examinations. Regular commission applications will not be considered until the two days following.

Postal Receipts For Quarter Show Gain

Postal receipts at the Lubbock March, 1944 showed a decrease of $2,778.77 from the same period last year. However, receipts for the first quarter of this year, ending March 31, were $4,563.95 over the same period last year, according to Postmaster Amos H. Howard.

Receipts for the month just closed totaled $28,417.89, and for the quarter, $91,450.35. Figures for last year were $31,196.66 and $86,886.40.

The percentage of decrease of last month's receipts as compared with the same month last year was about nine per cent. The quarterly increase was five per cent, Howard said.

Georgia Senator Has Opponent In Primary

ATLANTA, April 1. (AP)—John W. Goolsby—a newcomer to Georgia politics — qualified today against United States Senator Walter F. George (D-Ga) for the July 4 Democratic primary.

Goolsby paid his $500 fee to the Georgia Democratic executive committee shortly after Former Governor Eugene Talmadge eliminated himself as a candidate with announcement he would not seek office this year.

Talmadge disclosed his plans a few hours before the noon deadline for qualifying for the state Democratic primary, equivalent to election in Georgia.

There have been no other possibilities mentioned against George.

PUBLISHER DIES

HAVANA, April 1 (U.P.) — Dr. Jose Ignacio Rivero, 49, internationally known editor and publisher of the morning newspaper Diario de La Marina, died early today after an illness of three weeks.

Gaines Election Holds Interest

SEMINOLE, April 1. (Special)—Interest is mounting in next Saturday's election to decide whether the sale of alcoholic beverages in Gaines county shall continue to be legal.

Sale of beer and wines is legal now.

There have been several previous elections on the issue.

The election was called by the Gaines county commissioners court March 13 after a petition signed by more than 300 persons—almost twice the number required—had been presented to County Judge Judson Roach and the commissioners.

Conflicting Claims Advanced

Conflicting claims are advanced by wets and drys. The drys say juveniles are being admitted to some of the taverns where alcoholics are sold; that drunk driving in Gaines, Terry and other counties has increased as result of persons' driving long distances on the dry Plains to the Gaines county oases, and that several persons have been killed in automobile mishaps as a direct result.

The wets counter with claims that bootlegging would be increased were the legal sale of beer and wines ended, and that persons who go to Gaines county for beer and wines and gasoline and meals simply would "go somewhere else to spend."

DENTAL AUTHORITY DIES

NEW ORLEANS, April 1. (AP)—Dr. C. Victor Vignes, 76, a former president of the American Dental association and dean emeritus of the Loyola university (of the South) school or dentistry, died here today.

Woman Recruiting Officer To Be Here

Lt. Clara A. Frederick, USMC (WR), assistant to the officer in charge of the Marine Corps procurement district of El Paso, who was to have been in Lubbock last week but was unable to keep her appointment due to illness, will be at the Marine recruiting office Tuesday through Thursday of this week, according to S/Sgt. Charles G. Baker of the recruiting office.

Lt. Frederick, who will be accompanied here by S/Sgt. Vernon Larson of El Paso, will interview women interested in the Marine Corps Women's reserve. Sgt. Larson will be transferred here about April 8, replacing Sgt. Lee W. Baker who is being transferred to the U. S. Navy hospital in San Diego.

Solon Asks Removal Of Rexford Tugwell

WASHINGTON, April 1. (AP) — Asserting "there exists in Puerto Rico an oppressive overlordship of government far worse than any which ever existed in the balmiest days of colonial exploitation," Representative McGehee (D-Miss) called today for the removal of Rexford Guy Tugwell as governor of Puerto Rico.

McGehee, a member of a subcommitte investigating conditions in Puerto Rico, made his demand in a resolution asking the President to oust the governor.

FIGHTING PREPARATIONS

MADRID, April 1. (U.P.)—Reports reaching here from Vichy today said Pierre Laval, chief of government, had instructed prefects throughout France to complete preparations for fighting underground partisans by April 15, apparently the latest date Vichyites believe the western front will be opened.

HELPFUL HOUSEHOLD HINTS

CARE WILL SAVE YOUR REFRIGERATOR
Here are some hints that will keep your electric refrigerator on the job and prolong its life. As you know, no more refrigerators are being made. Keeping yours on the job is one of your wartime duties as a homemaker.
FOLLOW THIS "ONCE-A-WEEK" CHECK LIST
1 Defrost whenever frost on the freezing compartment is more than ¼ inch thick. Defrost regularly—once a week is recommended.
2 When you defrost, clean interior with solution of warm water and baking soda (teaspoon of soda to three quarts of water).
3 Clean exterior with warm soapy water, no scouring powder. Wax exterior occasionally to preserve non-porcelain finish.
4 Your refrigerator door should fit properly. Test by closing on a piece of paper. If paper comes out with little resistance, the door does not quite fit correctly. Consult a service man.
5 The gasket on the inside of the door should be touched as little as possible since water, grease and dirt shorten rubber life.
6 Be sure there is space at the back of refrigerator and on either side, to allow for proper circulation of air.
7 Open mechanism should be oiled and cleaned according to manufacturer's directions.
8 Call an authorized service man when your refrigerator is not operating properly.
How to conserve eyesight and light!

Eyesight and light are both vital to the war effort. Use them wisely by following these suggestions.
1. Clean lamp bulbs and bowls regularly with a damp cloth. Dry thoroughly before using.
2. Use shades with white linings that reflect light, not absorb it.
3. Keep all lights properly shaded to avoid harmful glare.
4. Arrange furniture so one lamp serves two or more people if necessary.
5. Always turn off lights in unoccupied rooms.
Southwestern PUBLIC SERVICE Company

Europe Continues To Hold Center Of World Attention

By KIRKE L. SIMPSON
Associated Press War Analyst

There are stirring and significant happenings in the Pacific and Burma theaters, but it still is on Europe that world attention is concentrated. Expectation of impending war developments of major import heighten every hour as Russian and Allied forces set themselves for the final two-way victory drive against Germany mapped at Tehran.

SIMPSON

The plight of the only Nazi willing war partner, Japan, as powerful American naval forces drove deep thru her punctured South Pacific atoll defense ring is obvious. It forced Tokyo into an abject diplomatic surrender to Russian yielding oil and other mineral concessions on Sakhalin island rather than risk friction with Moscow.

Attack To Hit New High

But it is on the other side of the world that April weather seems destined to see the attack on the Axis rage to a new high. Nowhere from the French Mediterranean coast to the Balkan peninsula in the south, from the Black Sea to the Baltic in the east and from Norway to the Franco-Spanish border in the west can Nazi defenders of the European continent rest easy.

Brighter April skies mean new blistering air attacks for Germany and already shaken Balkan satellites.

The Nazi retreat under sustained and relentless Red Army pressure in the south symbolizes desperate German need of husbanding manpower and shortening the eastern defense front in expectation of Allied invasion from the west.

Crack-up In Poland

It is in southern Poland, however, that strongest intimations of a new German crack-up have developed. There were unconfirmed rumors this week-end that Nazi evacuation of the Lwow fortress that guards the way into the central Polish plains west of the Bug river was in progress. Its surrender under converging Russian attacks from the northeast, east, southeast and south would invalidate for Nazi use the powerful defensive line set up across Poland after the Nazi-Russian partition of that country. Even the Warsaw communications hub for the whole Nazi line north of the Pripet marshes would be exposed to Russian flanking attack.

Death Toll In Truck Blast Reaches Four

OKLAHOMA CITY, April 1—(AP)—The death toll from the explosion of a loaded butane gas truck here rose to four today with the death of Harry Caldwell.

The other three were identified as Mrs. Agnes Trumbull, 29, and T. A. Stevens, 48, both of Oklahoma City, and Edward Clark, Noble, Okla.

Twenty other persons, including 12 firemen, were burned and injured in the explosion and ensuing fire yesterday which shook the southern residential district here.

The property damage was estimated today at $100,000 by fire chief G. R. McAlpine.

Forty De Gaullists In France Arrested

MADRID, April 1. (AP)—Forty De Gaullists have already been arrested in France, forming the first "list of hostages" who may die in reprisal for every Vichy collaborationist executed by the De Gaullist government at Algiers, reports from Paris said today.

The reports, from the Paris correspondent of the newspaper ABC, predicted that "antagonism between Algiers and Vichy will lead to clear, manifest civil war."

Dispatches from Paris yesterday said the roundup of Allied sympathizers and De Gaullists had been approved at a cabinet meeting called by Pierre Laval.

The battleship Missouri contains 4,000,000 feet of welded seams.

Mable Gets Out Of Hand, Is Executed

SARASOTA, Fla., April 1.—(AP)—The rampart career of Mable the circus elephant was ended by execution yesterday.

Described by Ringling brothers and Barnum and Bailey keepers as one of the meanest elephants ever to plague their circus grounds, Mable was shot to death by Sarasota Police Chief E. A. Garner and Patrolman Johnny Ward.

Several years ago she killed two keepers, last winter she hurt three attendants and four days ago she went on another tear, belting a trainer with her trunk and wrecking her corral.

Man Sentenced For Wearing Of Uniform

SAN FRANCISCO, April 1—(AP)—Paul Hamilton Keough, who said he formerly was a public relations officer at Biggs field, Texas, was sentenced to six months in jail today by Federal Judge A. F. St. Sure for wearing the uniform of a U. S. Army second lieutenant to which he is no longer entitled.

Kenough pleaded guilty, but insisted he had believed he was entitled to wear his uniform for a period of time after withdrawing from the Army. He said he formerly was a newspaperman in New York.

Last week Assistant U. S. Attorney Valentine Hammack told the court Kenough's Army record was "unsavory," and it was not read. Hammack said the officer was permitted to resign after a court-martial.

Calls By Pranksters Plague City's Zoo

NEW YORK, April 1 (AP)—The hardy annual April Fool's day joke, leaving the Bronx zoo phone number for a friend to call Mr. Wolf, Colonel Otter, etc., was no laughing matter for the New York Telephone company.

Monitors intercepted 1,886 calls to the zoo and found only 107 were legitimate.

NEW LIBERTY SHIP

HOUSTON, April 1 (AP)—The SS Henry M. Robert, a Liberty type cargo vessel named for the brigadier general of engineers who designed the Galveston seawall, will be launched here Monday by Houston Shipbuilding corporation.

Prison Inmates Given Training

HUNTSVILLEE, April 1., (AP)—Ten per cent of the inmates of the Texas prison system are receiving training designed to equip them for jobs either in war industries or in peace-time civilian industry when they are released from the pentientiary.

Under direction of Minor L. Helm, the prison system's educational director, more than 300 convicts, most of them short-termers, are working toward trade school certificates.

More than 30 courses, ranging from stenography to diesel engineering, provided by correspondence, are made available to the prison inmates without cost.

Also, through arrangements with extension service departmet of Texas A & M college, courses in agriculture, poultry and animal husbandry are offered men employed on the prison farms.

Graduates of the prison system's vocational schools find jobs, says Director Helm, who recalls that one former convict received a commission in the Army Air Corps. Another, who studied radio and navigation in prison, is now a Navy radio technician. A third is employed in an airplane fartory. Another is employed with the U. S. Army corps of engineers in a responsible position.

Thus far every man who has completed one of the courses has emerged through prison doors into a free world that has a place for him. And very few of them go back to the penitentiary.

Approximately 40 per cent of all American airmen reported missing in action over Europe turned up in German prison camps.

WHEELS FOR BABY BROTHER—To help the baby carriage situation, Emil Webster, veteran Gardner, Mass., worker, piles up new metal wheels. At left are "victory" wooden wheels.

"Grounded" Doctor Now Using Surrey

LOCKPORT, N. Y., April 1—(AP)—Dr. George H. Muscato, Lockport physician whose gasoline rations were revoked for six months, used a one-horse surrey for transportation today.

His rations were suspended after a hearing in which he was charged with driving his automobile to Florida and back.

Increase Noted In Texas Oil Drilling

Austin, April 1—(AP)—The railroad commission reported today there have been 769 oil well completions in Texas thus far this year, compared with 478 in the same period last year.

There have been 1,448 drilling applications so far in 1944 compared with 933 last year.

During the week ended today, there were four wildcat completions. Forty-one wildcats have been brought in to date this year, while for the same period last year, the total was 15.

The SPORTS EYE

By Mack Turner

MAYBE it is a little early for football talk (or is it late) but from a comfortable seat on the sidelines we find it rather amusing to watch the feud brewing between our old pals Blondy Cross down at San Angelo and Putt Powell at Amarillo.

To date the two famed sports scribes have already won their respective district races. They have both reached far beyond the district and eyeing the finals with a coveted gaze.

The latest development on the verbal football race is the idea that springs from the potent typewriter of Blondy Cross. Blondy is now sponsoring the idea of San Angelo entering two teams in the race so BOTH of them can play in the finals.

Blondy leaves the impression that the only disappointment that went along with the state championship last year was the fact that the Bobcats didn't get to play Amarillo in the playoffs, and to bar possible upsets again this year, the Bobcats have taken care of that fact for 1944 by booking the Amarillo club for an early season game.

Blondy even points out that in the intra-squad grid game that closed the spring training of the Bobcats Thursday night, the team wearing Amarillo colors was even soundly spanked because they wore Amarillo's Gold.

Since they seem to have settled the football question between them, we think the rest of the West Texas teams might as well drop football and start getting in some early workouts in basketball and track.

• • •

PUTT COMES out in his column in the Amarillo News and reprints our recent column in which we commented on the tough schedule the Westerners had booked, and then tries to claim that Amarillo had as tough a schedule as the Westerners.

Now I think I can prove by his own paper that any team that has the Golden Sandies booked can lay claim to playing a tough schedule even if the rest of the teams on the schedule are junior teams. That's one tough team we play that the Sandies don't have to contend with.

That should prove the Westerners have a tougher schedule.

• • •

CAN anybody imagine the Amarillo Sandies as the underdog? The latest we have heard out of Putt is he is wanting the Sandies AND from 14 to 21 points next season against the Westerners. We'll bet even Blondy Cross won't give that many points against the Bobcats.

According to Dixie White (and he is a man who should know) Putt's offer was taken in half. Dixie offered to give the 21 points, but take the Sandies according to a letter from Dixie as printed in Putt's column. Dixie, who is generally about as optimistic as any football coach we ever knew, would predict only one great team for Lubbock high next year. Prospects are bright for a good girls' volleyball team, Dixie reports.

Life must be hard on Putt. Finding a team that will make his Sandies an underdog is like the life of a Notre Dame press agent in trying to get the Irish into some kind of a football game as the underdog.

I'll be seeing you.

McSpaden Still Out Front At Knoxville

KNOXVILLE, Tenn., April 1 (AP)—Philadelphia pro Harold (Jug) McSpaden maintained mastership of the field today by a backnine rally that netted a one-under-par 69 in Knoxville's first annual war bond golf tournament.

The winter circuit's leading money winner's two-day card stood at 69-66—135, two strokes better than the 137's posted by three pursuers, darkhorse Jimmy Johnson of Detroit; "Lord" Byron Nelson of Toledo and Bob Hamilton of Evansville, Ind.

After losing two strokes to par on the front nine through high winds that aided in boosting the scores, McSpaden found his range to shave three shots from the final nine par.

Nelson muffed his chances of jumping into the lead when his short irons and putter failed on the back holes. Out of 31, the Toledo star came home with a 37, his 68 bettering McSpaden's 18-hole effort.

Detroit's Johnson youngster continued his impressive play, adding an even-par 70 to Friday's 67 to stay within the running. Hamilton matched Byron stroke for stroke for the second day, carding a 69-68—137.

Trailing were Tony Penna, Dayton, Ohio, with 68-70—138; Dave Clark, Houston, Tex., 68-70—138; Jimmy Hines, Amsterdam, N. Y., 71-68—139; Craig Wood, Mamaroneck, N. Y., 68-72—140; Johnny Revolta, Evanston, Ill., 71-69—140; and Sam Byrd, Philadelphia, 70-72—142.

Tennessee's World War One hero, Sgt. Alvin C. York, will present $6,666 in war bonds to the winner Sunday afternoon.

Giant Pitchers Look Good Against Birds

BALTIMORE, April 1 (AP)—A trio of New York Giant pitchers allowed the Baltimore Orioles of the International League only six hits today in the first spring training game of the year for each club.

Bill Voiselle, from Jersey City, hurled three perfect innings to close the contest.

Lubbock Beats San Angelo For Top Track Meet Honors

SAN ANGELO, April 1—The Lubbock High school Westerners almost blanketed the field in the running events of the San Angelo Invitation track meet here today and nailed up top pointage of 53. 5/6 with the Bobcats of San Angelo next. The host team aggregated 48 1/6 points, copping much of it's total in the field events.

Bobby Martyn of Lubbock was the outstanding man of the meet, winning both the 100 and 220 yard dashes. Burl Gene Moore of Lubbock copped the 440 yard dash in the speedy 51.9 time and ran a great race in the mile relay which finished in a dead heat between Lubbock and San Angelo.

Del Rio, almost south of the border, was third in the team pointage with 19 points and Brady was fourth with 15½ points.

The summary:

120-yard high hurdles—Yoas, Del Rio, first; Carley, San Angelo, second; Boles, Lubbock, third; Sessoms, Brady, fourth. Time 15.4 seconds.

200-yard low hurdles—Carley, San Angelo, first; Yoas, Del Rio, second; Emery, Lubbock, third; Riggs, Del Rio, fourth. Time 25.2.

100-yard dash—Martyn, Lubbock, first; Ahrens, Menard, second; McCorstin, Ballinger, third; Sessoms, Lubbock, fourth. Time 10.2.

220-yard dash—Martyn, Lubbock, first; McCorstin, Ballinger, second; Dodson, San Angelo, third; Horner, San Angelo, fourth. Time 24.4.

440-yard dash—Moore, Lubbock, first; Bennett, San Angelo, second; Nichols, Lubbock, third; Godfrey, Menard, fourth. Time 51.9.

880-yard run—Lowrey, Lubbock, first; Butler, Lubbock, second; Sessom, Brady, third; Kelton, San Angelo, fourth. Time 2.10.3.

Mile run—Hampton, Brady, first; Graham, Lubbock, second; Packer, Merizon, third; Emery, Lubbock, fourth. Time 4.55.5.

440-yard relay—Lubbock, first; Del Rio, second; San Angelo, third; Menard, fourth. Time 46.6.

Mile relay—Lubbock and San Angelo, tied for first; Del Rio, third; Menard, fourth. Time 3.46.5.

Pole vault—Wall, San Angelo, first; Sessoms, Brady, Dean, Lubbock, Davis, Lubbock, and Graham, San Angelo, tied for second. Height 10.9.

Shot put—Jones, Brady, first; Williams, San Angelo, second; Graham, San Angelo, third; Salmon, Del Rio, fourth. Distance 41 feet, 4¼ inches.

High jump—Davis, Lubbock, Wells, San Angelo, and Short, San Angelo, tied for first; Graham, San Angelo, fourth. Height 5 feet, 11 inches.

Broad jump — Graham, San Angelo, first; Hunt, Lubbock, Wall, San Angelo, tied for second; McCorstin, Ballinger, fourth. Distance 19 feet, 4 inches.

Discus—Salmon, Del Rio, first; Teel, Water Valley, second; Cope, Lubbock, third; Embry, Brady, fourth. Distance 135 feet.

Petersburg Ringmen Face Amarillo Next

PETERSBURG, April 1—The greatest crowd of the year is expected to see the greatly improved Petersburg boxing charges of coach Curtis Kelley make their second victory bid against Joe Scroggin's great Amarillo pugs in a 15 fight dual match here Friday.

In a recent meeting of the two teams, the Amarillo contingent wrested a hard earned 8-6 victory over the Petersburg boxers, after trailing throughout the early fights.

Of the teams met by Petersburg during the year, Amarillo is the only one that has not been conquered and the local fistic performers are going through some intensive training and will make a determined bid to even the count with the lads from the North Plains.

The Amarillo pugs are laden from stem to stern with crushing power and boast of some of the outstanding fisticuff performers of the entire Panhandle. Amarillo's great southpaw swinger, Ed Gill, will again lead the invasion; however in Wendy Surratt he will be encountering the lad who all but upset the touted Amarillan. After the recent meeting of the two welters, Coach Scroggins of Amarillo had this to say of Surratt. "The fastest man in that weight that I have ever seen in action."

Petersburg's hard hitting Ralph White will attempt to continue his knockout path that he has been hewing through high school boxers when he tangles with Jack Thurman, prize Amarillo lightweight. In another feature fight of the card, Billy Pittman, energetic Petersburg featherweight will return to the ring to face Dean Oldfather. Cliff Timberlake, heavy hitting Amarillo lightheavy weight, will face either southpaw Joe Norman or nimble footed Fluff Myers.

Ringsides are available at the City Drug Store in Petersburg and out of town orders will be accepted.

Lockney Noses Out Petersburg Fighters

Lockney, Auril 1—The Lockney High School beak busters put a sudden stop to the triumphant tour of the Petersburg boxers here Thursday night by winning seven out of 13 fights on the local card.

The fights produced plenty of action and all of them were filled with thrills that gave the crowd plenty to cheer about.

Results of the fight were:

A. Love, Lockney, decisioned Stanton, Petersburg; B. Bybee, Lockney, knocked out Albert Clubb, Petersburg, in first round; Bill Manning, Petersburg, decisioned, Robert Richards, Lockney; Bob Fowler, Petersburg, decisioned Billy Virden, Lockney; Frank Stanton, Petersburg defeated Dan Teuton, Lockney; Howard Smith, Lockney, defeated J. W. Brewington, Petersburg; Coyt Thompson, Petersburg, defeated Jimes Quizenberry, Lockney; Johnny Aycock, Lockney, won from Billy Ford, Lockney; Earlie B. Johnson, Lockney, won over Billy Pittman, Petersburg; R. V. Webster, Lockney, easily decisioned wild swinging Windy Surratt, Petersburg; Gene Messer, Lockney, won over McGuire, Petersburg, and Ralph White, Petersburg, edged out a decision over Harold Jeffcoat, Lockney.

The rabbit is the most popular species of small game, insofar as the consumption of shotgun shells is concerned.

SNOW USE — It may be spring training, but pitcher Tommy Warren has ski trouble at the camp of the Brooklyn Dodgers at Bear Mountain.

Olton Favored In Track Meet

OLTON, April 1.—An old familiar name in track history of the South Plains schoolboys may be heard again during this 1944 season, and the Olton Mustangs will be a team to contend with in the track and field tournament of District 4-A, scheduled in Lubbock April 8.

Track fans will remember a long line of track greats from Olton from 1926 to 1939. Great stars in the hurdles were specialists from Olton in those days, and produced such greats as Carl Hooper, Elbert Hooper, M. C. Ledbetter, Grover Dennis, Bob Reinhart, W. J. Wozencroft and Bob Bryant, the latter also a weight man, and even as late as 1941 there was Jackson, another great timber topper.

District track and field records that still stood up under the pounding of the years were records set by Bryant and Jackson. Bryant's heave of 47 feet, 7¼ inches in the shot put is still a district record while Jackson skimmed over the hurdles in 1941 in the record time of 24.3 seconds over the present 200 yard length.

This year the track tradition of Olton will be paced by James Eldon Franks, a veteran of track as well as football and basketball. This year track is being revived in Olton with a squad of 22 men entered in the Lubbock meet.

Franks will enter the dashes, jumps and one or both relays, and is the spark of a well balanced track team that is favored to finish no lower than second in the meet.

The Olton squad will be composed of Wilburn Andrews, Charles Ray Ball, Lonnie Ball, Jack Ed Cummings, George Clark, Jack Coleman, William De Berry, W. B. Dickenson, Harold Donalson, Clyde Emberton, James Eldon Franks, A. J. Givens, Jackie Gullet, Perry Gullet, Elmo Hall, Billy Langford, Avery Mitchell, Archie Sorey, Gene Trotter, Chares Vaughn and Gene Spain.

Bobcats May Lose A Pair Of Grid Stars

SAN ANGELO, April 1. (AP)—San Angelo High school's defending state football champions may lose two of the players who would make the Bobcats top favorites to repeat.

George Graham, fullback, who was elected 1944 captain, and George Hughes, guard, named co-captain, probably will not be back next fall. Hughes is seeking a place in the Navy V-5 program and Graham wants to get in as much college training as possible before the Army takes him.

They want to go either to Texas Christian university or the University of Texas.

Sailors Scuttle Red Sox Pitching, 23-16

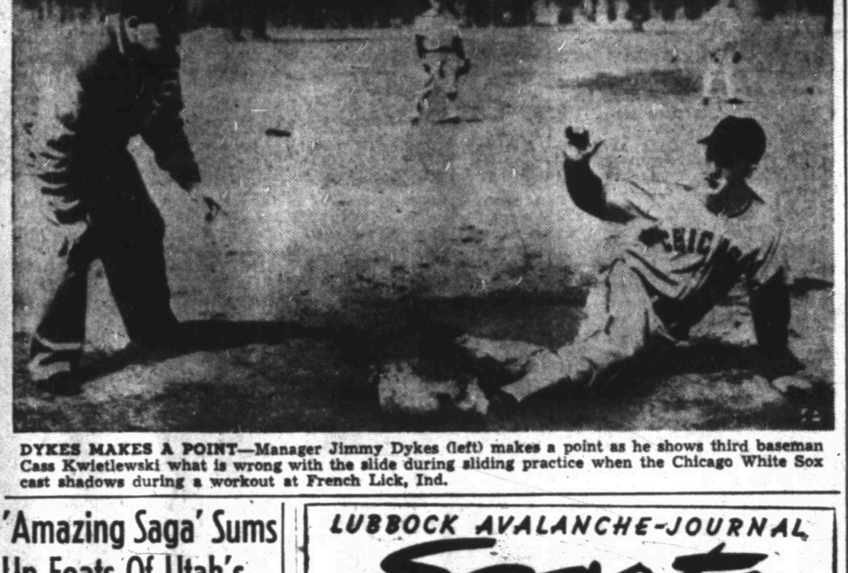

BALTIMORE, Md., April 1. (AP)—The Boston Red Sox were walloped by the Coast Guard Cutter of Curtis Bay, 23 to 16 today in their opening exhibition game.

Joe Wood, jr., former Yale pitcher, opened for the Red Sox and was quickly relieved by Mike Ryba after yielding four hits, including a home run and a triple, and walking five batters.

The Boston team pushed ahead 16-15 but an eight-run rally in the eighth by the Sailors clinched the victory.

A'S ROOKIE'S WIN

FREDERICK, Md., April 1. (AP)—Using a rookie lineup, the Philadelphia Athletics defeated the Frederick Hustlers 4-0 in an exhibition game this afternoon which was called after four and a half innings because of rain.

DYKES MAKES A POINT—Manager Jimmy Dykes (left) makes a point as he shows third baseman Cass Kwietlewski what is wrong with the slide during sliding practice when the Chicago White Sox cast shadows during a workout at French Lick, Ind.

'Amazing Saga' Sums Up Feats Of Utah's Mighty Blitz Kids

By JACK CUDDY
United Press Staff Correspondent

NEW YORK, April 1.—As the hubbub in triumphant Utah's dressing room faded momentarily, Prof. Philip O. Badger said to the reporters: "Thus is completed the most amazing saga in the history of college basketball."

Professor Badger, assistant to the chancellor at New York university and president of the National Collegiate Athletic Association, was referring elatedly—and somewhat dramatically—to Utah's 43-36 triumph over favored St. John's of Brooklyn in their electrifying battle Thursday night for the National Collegiate championship.

Sports writers who crowded into that happy dressing room, among back-slapping youngsters from Salt Lake City and their admirers, appreciated that Badger had wrapped up the story in two words: "Amazing Saga."

Gets The Trophy

No one appreciated this crystallization more than Coach Vadal Petersen of the Utah Utes, who marched into this turbulent room in Madison Square Garden and held aloft the silver dish—about the size of a small wash basin—which is emblematic of the national championship. Coach Peterson, a middle-aged man with plenty of gray in his brown mop of hair, trotted about the room, rubbing the silver trophy on the noggin of each of his "Blitz Kids" athletes. Like a syncopated king conferring knighthood, Peterson yelled at each — as he rubbed, "This is it, kid. It's yours; You won it."

It was the greatest night in the life of Vadal Peterson, who had coached Utah U. for 17 years, but never before this season had brought a team to New York. Well might it have been the greatest night in the life of any coach since Dr. James A. Naismith hung up his peach baskets at Springfield, Mass., in 1891, and started the hoop sport.

On March 20, Peterson had seen his team defeated 46-38 by Kentucky on this same Madison Square Garden court, eliminating the Utes from the National Invitation tournament in the first round. Later that night—about 2:30 a. m. to be exact—Peterson received a long distance call from Kansas City, inviting his team to substitute for Arkansas in the Western regionals of the National Collegiate Athletic Association tourney. Members of the Arkansas team had been injured in an automobile accident.

Up To The Boys

Peterson said, "After I got that phone call, I woke the kids up—here in their New York hotel, and explained the situation. I asked them if they wanted to play some more—if they wanted to enter the NCAA tourney.

"Remember — those kids were just fresh from a licking at the Garden. They went into a quick huddle; then one of them announced that they would like to play—like to prove to the world that they were a better team than they looked against Kentucky; and besides they'd like to come back to New York again, if they won at Kansas City."

This under-dog team won at Kansas City, beating Missouri and Iowa State; then came on to New York and stunned the basketball world by upsetting Dartmouth, 42-40, in the East-West final of the N. C. A. A. tourney. This gave them the right to meet St. John's, the invitation tourney winner, for the national championship.

"And they upset St. John's," Peterson concluded, "Because they love to play—and they played the way they love it—relaxing when they should—on the lay-up shots—and driving when they should."

Cubs Win Wild One Over Tigers, 10-9

EVANSVILLE, Ind., April 1 (AP)—The Detroit Tigers and Chicago Cubs emerged from an April Fool's day slugfest today with the last laugh going to the Cubs. They won, 10 to 9.

Together the teams got 36 hits, but there were two good pitching performances. Ed Henyzewski, Cub rookie, pitched three innings of shutout ball and so did Jim Hresko, Tiger recruit.

The Cubs rapped the veteran Hal Newhouser for 12 hits and five runs in four innings.

SENS BEAT BOMBERS

COLLEGE PARK, Md., April 1 (AP) — The Washington Senators opening their pre-season exhibition schedule, blasted out 11 hits to defeat the Glenn Martin Bombers of Baltimore, an independent outfit, 7 to 2, today.

YANKS BUY STAR

ATLANTIC CITY, April 1., (AP)—The New York Yankees today purchased outfielder Lawrence Rosenthal from their Newark International League farm. The 31-year-old outfielder hit .272 for the Bears last season.

Seminole Wins Two Places In Tennis At Denver City

DENVER CITY, April 1—Honors were well divided here today in the District 4-A tennis and volleyball meet with Seminole High school winning two places in the tennis while Levelland and O'Donnell captured the others. The Denver City girls won the volleyball crown.

O'Donnell High school netters played in the finals of all four tennis divisions, but only one of the four delivered with a victory.

Champions crowned in the tennis division were given individual medals while awards in volleyball went to the teams from Denver City and Seminole.

There was some good play throughout the tournaments and every department was closely contested.

J. L. Houser of Levelland captured the boys singles crown with a victory in the finals over Christopher of O'Donnell.

The honors in the boys doubles went to Seminole's L. D. Sherman and Ron Stanley who defeated Christopher and Wheeler of O'Donnell in the finals. Johnnie Gilmer of Seminole won the girls singles, beating Pat Burns of O'Donnell in the finals for the second Seminole victory.

Edna Edwards and Peggy Cummings of O'Donnell was the only finalists from that school to come through in the finals, beating Betty Hudson and Loy Anderson of Seagraves in the finals.

In winning the volleyball title, the Denver City girls defeated Levelland and Olton to reach the finals, then beat Seminole for the top honors of the district.

Tennis winners will enter the regional meet in Canyon later this month but the District tournament ends scholastic play in volleyball.

Four Share Honors For Tech Play Day

Four Texas Tech co-eds shared top honors in the 14th annual play day at Texas Tech Saturday in the events sponsored by the Women's Recreation Association and the Tech Physical Education Department jointly.

More than 130 girls took part in the all-day event that opened at 8 o'clock Saturday and ran until 4 o'clock with games, sports and a picnic lunch featuring the day's program.

Willa Jean Bailey, Lomita Warner, Polly Cook and Bobbie Bockman each tied for high point honors with 13 points, each winning two first places and a second.

Second place honors resulted in another tie between five girls with 10 points each. These were Margaret Brown, Nova McMahon, Edna May Shewmake, Mary Hooten and Jeannie Cowart. Neda Beth Lutrick was third with nine points.

The four leaders gained their points in several sports, some of them team sports. Bailey won first places in badminton and tennis doubles and second place in tennis singles.

Warner was first in ping pong doubles and softball and second in basketball. Cook was first in jacks and basketball and second in volleyball. Bockman was first in softball, first in relays and second in badminton.

Five Hits All Yanks Need To Beat Phils

ATLANTIC CITY, April 1 (AP)—The New York Yankees poled only five hits today but defeated the Philadelphia Phillies, 5 to 4, in the first exhibition game of the year at this resort. A crowd of 2,678 paying fans and some 500 wounded soldiers watched.

Johnny Lindell cracked a homer for the winners with a mate on base and George Stirnweiss banged out a triple with two men on. In both cases the hit was made off Charles Schanz.

Challenge Me First In Arkansas Derby

HOT SPRINGS, Ark., April 1. (AP) — Challenge Me, the Brolite Farm's big brown colt, won the $10,000 added Arkansas Derby at Oaklawn park today, finishing three and one-half lengths in front of the Erlanger stable's Shut Up. Bell Buzzer was third. Challenge Me, ridden by Anthony Skoronski, ran the mile and an eighth in 1:50 1-5 and paid $4.10.

About 12 per cent of the shotgun shells used are fired at the traps or in the sport of skeet.

Farm System Payoff Great Boon To Cards

CAIRO, Ill., April 1. (AP)—The St. Louis Cardinals have more reason to be thankful for their farm system this season than at any time since Branch Rickey's brain-child first produced the stars for a world championship team in 1926.

"This is the third war year of baseball," said Manager Billy Southworth today, "And the draft has made tremendous inroads on manpower but the farms have sent us Emil Verban, a fine infielder, to replace Harry Walker.

"Also, we must depend this year on young pitchers to replace those lost to the armed forces and in that department, too, the farms have come through. Al Jurisich, Blix Donnelly, and Byerly and Fred Schmidt were developed on our farms. I don't know where we'd get four men like these if we didn't have a farm system functioning so efficiently."

As a matter of fact, the Cardinals also owe thanks to a benevolent boss in Detroit, a group of cannery workers in Richmond, Calif., and the Detroit Tigers.

Verban, heralded as one of the finest fielding second-basemen ever to come to the Cardinals, once was a member of the Tigers' farm organization, playing with Alexandria, La., in 1938, he was ostensibly released but was ordered to report to Hot Spring, Ark., another Detroit farm club. Instead, he signed with the Cardinals. He batted .310 at Houston in 1942 but slipped to .257 at Columbus last year.

Rice Owls Confident Of Contender Role

HOUSTON, April 1. (AP)—Spring football practice ended today at Rice Institute with every indication that Coach Jess Neely this fall will field a potent Southwest Conference championship contender.

The squad of veterans will be bolstered by George Walmsley, All-State Goose Creek back; Lloyd Parker, fleet, accurate passing Naval trainee who played for Southern Methodist last year, and probably a dozen other boys expected to enter Rice in June.

Standouts in spring training were Frank Lawrence, frontback, and Davis Parrish, wingback. Several pounds heavier than in 1943, Lawrence is the signal caller. On plays emanating from Neely's new TNT formation he handled the ball smoothly.

Bill Scruggs continues to dominate the fullback slot with Buck Sheffield at tailback.

The tackle slots will be well-manned with four huskies—Orville Crutchfield, Benton Davis, Bob Zelsman and Truman Wright, 210 pound freshman.

H. J. Nichols and Johnny Cox are two excellent guards and the Owls have fair guard reserves.

Juddy Helcamp is slated to be first string center with H. D. Tate and Leonard Kilgore as alternates. Bruce Bradbeer and Charlie Grinninger are first wings.

Bollweevils Plan A Full Grid Schedule

MONTICELLO, Ark., April 1. (AP)—The Arkansas A&M Bollweevils, who ended a decade of football depression here with the aid of Navy-Marine trainees last fall, plan a full schedule in 1944.

Lt. Homer T. Cole, Aggie athletic director who piloted the 'Weevils through a sensational season and into the Oil Bowl at Houston, said today he had asked Tennessee, Arkansas, Ole Miss, Louisiana State, Kentucky, Alabama and Southwestern Louisiana Institute for games.

White Sox Bombers Blast Pirates, 16-3

LOUISVILLE, Ky., April 1 (AP)—Twenty hits provided the Chicago White Sox with an impressive 16-3 triumph over the Pittsburgh Pirates today in the first spring training exhibition contest of the year for both clubs.

The pale hose piled up nine runs in the third stanza on eight hits and a Pirate error and were never threatened by the charges of Frankie Frisch.

Three teams have "repeated" as Texas schoolboy basketball winners—Oak Cliff (Dallas), Athens and Jeff Davis (Houston). Slidell won in Class B twice in a row.

Flying Charley Parker Is Sensation Of Texas Relays

LOOKOUT—From his perch on the stepladder, Jimmy Dykes surveys his Chicago White Sox at French Lick. Recruits below are, left to right: Second baseman LeRoy Schalk, catcher Parish Thaxton and outfielder Johnny Dickshot.

AUSTIN, April 1 (AP)—Seventeen year old Charley Parker of Thomas Jefferson High school (San Antonio) twice broke his own 100-yard dash record, won the 220-yard sprint, and came from behind twice to anchor relay teams to victory to become the outstanding individual athlete of the Texas Relays today.

Only other new record set in the seventeenth running of the relays was a 14.5 in the 120-yard high hurdles by August Erfurth of Brackenridge (San Antonio). Erfurth bettered the existing record of 15 flat twice, stepping the hurdles in a 14.5 preliminary heat this morning.

BEES ENTER RELAYS

AUSTIN, April 1 (AP)—A migrating swarm of bees almost stole the show at the running of the seventeenth annual Texas Relays today.

Sweeping into memorial stadium shortly after the final events got underway, the bees swooped into the afternoon crowd of more than 5,000 which included Governor Coke Stevenson of Texas and sent many scurrying out of the stadium.

Ralph Ellsworth, who came to the University of Texas from Alamo Heights (San Antonio) and was an All-Southwest Conference football player last fall, was given the Giles Trophy as the outstanding athlete in the University-College-Service team division. Parker won the trophy in the high school class.

Thus it was a grand slam for San Antonio athletes in this year's running of the relays, which drew a crowd of 5,000 and close to 500 contestants.

Ellsworts pushed Parker for individual honors, winning the 100-yard dash in 9.8 and anchoring three winning relay teams—the 440, 880 and the football shuttle relay.

Texas walked away with five firsts and one tie for first to lead the university-college service division with Southwestern and Oklahoma in second place with two each. Texas had three second places. No team awards were made, however.

Thomas Jefferson High of San Antonio, paced by Parker and Perry Samuels, also took four firsts and top honors in the high school class. Brackenridge of San Antonio, Jefferson's arch cinder rival, along with Austin and Goose Creek, were second.

Great Lakes Naval Training school sent only Jerry Thompson, Texas' great national intercollegiate mile champion in 1943, who won in a close duel with J. B. Outlaw, North Texas State Teachers college ace, in the 3,000-meter race.

Service teams were strong in numbers but weak in power with Corpus Christi Naval Air Station taking honors among the uniformed tracksters. Francis Ryan, former Columbia university star, heaved the shot put 51 feet, ½ inches to place first in this event for Corpus Christi. He was second in the javelin and discus.

Brownfield Gets Nooncaster Back

BROWNFIELD, April 1—Aubra Nooncaster, former coach at the Brownfield High school, returned to his old post this week, Supt. E. E. Hancock announced here today.

Nooncaster was given a medical discharge from the Army Air Forces about three weeks ago, and has resumed his work at the Brownfield school where he will again be head football coach, succeeding Johnny Bost in that post.

Bost was named athletic director at Brownfield and will serve as an assistant coach to Nooncaster. Bost held the job alone last season without an assistant.

During the several years that Nooncaster was coach at Brownfield, his teams were widely known in West Texas and were represented year after year by top notch teams in the state playoffs in Class A.

Nooncaster took over the job last week in time to open spring football practice with better than 80 prospects out for the team. Indications are that Brownfield will enter the District 1-AA race this season with a bright hope of making a great showing. All but two of last year's regulars are expected to be back in uniform next season.

Nooncaster left the post at Brownfield in the summer of 1942 when he was inducted into the Army where he was assigned to the Army Air Forces as a radioman.

Pony Veterans Look Good In Scrimmage

DALLAS, April 1. (AP)—Coach Jimmy Stewart's Southern Methodist Mustangs got down to the nogin-busting stage of their spring football training today with a team of veterans, paced by the shifty, hard-hitting C. D. Allen, finding their way to pay dirt consistently over a Blue eleven made up of inexperienced hands.

The Blues had a hard time stopping Allen. Other standouts were L. B. Cox, veteran wingback; Gene Holt, tackle; James Meletio, tackle; Claude Hill, guard, and two freshmen performers, who started at the wing posts on the veteran Red eleven—J. T. Watson of Henderson, and Joe Dyer of Sherman. Cecil Miles freshman from Wilmer-Hutchins, scored for the Blues after intercepting a pass.

It was the first hard scrimmage Stewart had staged since the spring grind started nine days ago. Training will continue for three more weeks.

Byrnes Socks Double For Brownie Victory

CAPE GIRARDEAU, Mo., April 1 (AP)—There was no April foolin's about Milt Byrnes, St. Louis Browns' outfielder, when he batted with the bases loaded in the fifth inning against Toledo of the American Association today. Byrnes doubled, driving in three runs, for a 6-4 victory in the 7-inning practice game.

WAS THERE A PRIZE?

BEAVER DAM, Wis., April 1. (AP)—A young woman, competing in the novice division of the Wisconsin women's state bowling tournament, has the doubtful distinction of rolling perhaps the nation's lowest three games.

Here's what she has:
17-15-0—total 32.

CADETS BEAT PROS

WEST POINT, N. Y. April 1 (AP)—Collecting nine hits off three Montreal Royal pitchers, the United States Military Academy baseball team won its first game of the season 8 to 6 on Doubleday Field today.

Top Flight, regarded as the greatest filly of all time, led the turf's money winners in 1931, taking down seven straight races and $219,000.

Samuels Sets Short Term Record In 100

AUSTIN, April 1 (AP) — The Texas Relays played an April Fool joke on fleet footed Perry Samuels of Thomas Jefferson High school, San Antonio, here today, making him the shortest time champion of the Texas high school speedsters.

Samuels ran the first heat of a preliminary for the 100-yard dash in Texas Memorial Stadium today and broke the old record. Charley Parker of the same school, in the next heat reduced the record of 9.8 that Samuels had just set and made the new record 9.7. The previous record of 9.9 had stood since 1936 though it had been tied three times.

Parker in the finals, made another cut in the record, reducing it to 9.6.

Texas Aggies Hosts In Swimming Meet

COLLEGE STATION, Tex., April 1. (AP)—Texas A. and M. college will be host to the annual Southwest Conference swimming meet in the P. L. Downs, jr., Natatorium the night of April 8.

Texas and A. & M. will have one or more entries in each contest, and with the aid of Naval trainees strong representations are expected from Baylor, Rice, Texas Christian and Southern Methodist.

Because the Aggie pool has ten lanes, Coach Art Adamson of A. & M. does not think preliminaries will be necessary. However, if trials are necessary they will be held the night of April 7.

Texas has dominated water sports since coming under Southwest Conference rules a dozen years ago, Adamson said. A. & M. has been a close second since 1934. Third in competition over the years has been Southern Methodist.

Many USO Centers To Be Abandoned

HOUSTON, April 1 (AP) — Many of the 3,000 USO centers will be modified or abandoned, especially in the Midwest, since more centers are needed in coastal areas and the Hawaiian islands, William Paul Davidson of National USO headquarters disclosed at an institute for volunteer USO workers.

USO representatives from Galveston, Freeport, Orange and Houston attended.

ON EDUCATION BOARD

WASHINGTON, April 1 (AP) — Secretary of State Hull announced today that Dean Mildred Thompson of Vassar college has been appointed a member of the American delegation to collaborate with the conference of Allied ministers of education in London.

MEXICAN FARM WORKERS

MEXICO CITY, April 1 (AP) —Mexico will send 66,000 farm workers to the United States between April and August 30, a group of deputies were told today.

Main Questions On Aircrew Unit Here Still Unanswered

Whether or not young men in the Air Crew Training program at Texas Tech will be transferred to the infantry—a question very much on the lips and minds of the men and their wives—was still unanswered last night. However, official word from Washington was received Saturday morning to the effect that pre-flight training here would be gradually discontinued from now until June 30.

Maj. John N. Huttig, commanding the detachment, said he knew nothing about what disposition would be made of the men under him. His only orders, he said, set out the gradual diminishing of the program until all work is to be completed and the last man moved June 30.

War Censorship

War censorship prohibits publication of troop movements, or of numbers of men involved. However, the War department some days ago announced plans to transfer some men from other services to the infantry and speculation has been rife here, especially since the Engineers units were moved out.

In a telegram to President Clifford B. Jones of Texas Technological college Saturday morning, Congressman George Mahon said concerning the termination of Tech's Air-Crew program, "Army Advises me all Air-Crew training in colleges is being terminated by June 30. No exceptions. This order is not applicable to ASTP training for Air Forces."

"We may anticipate," President Jones said, "that the men of this unit will be shipped out at various times and in various numbers between now and June 30.

Tech Glad To Help

"Needless to say," Dr. Jones continued, "Tech has been glad to make available its facilities to the large Air-Crew and Engineering detachments to the extent of their needs in support of the war effort. Had the War department required the entire facilities of the college, they would have been yielded.

"Since the directive names June 30 as closing date," Dr. Jones said, "the services of many colleges, including Texas Tech, will now permit making plans for normal accomodation of civilian students who gladly and promptly gave up their dormitories.

"It is contemplated," President Jones added, "that Women's Dorm No. 2, which has been made available to the Advanced Engineers, will in future be returned to use of women students, and that Sneed and West Halls, now being used as barracks for Aircrew members, will in the future be available to men students and such reservists as remain."

FEW MORE DETAILS ON PROPOSAL ANNOUNCED

WASHINGTON, April 1.—(AP)—The War department announced today that the Army Air forces air crew training program at 81 universities and colleges in 29 states will be terminated on June 30.

Air crew training operated under contract by 11 civilian flying schools also will be terminated on Aug. 4, the department announced.

College trainees will be assigned to air fields in the AAF training command while awaiting pre-flight instruction, while enrollees at the civilian schools will conclude their instruction normally given before transferring into advanced training.

Others Not Affected

"The action affects only air crew students and does not alter the status of AAF personney curfently undergoing other types of college training," the statement said.

Left unchanged are the army specialized training program, the Army specialized training reserve program and the AAF ground crew training program.

As a result of the air forces decision to transfer 36,000 prospective aviation cadets to ground forces, and temporary suspension of the procurement of air cadets, the statement explained, existing Army facilities will be adequate to handle the air crew training after June 30.

Students will be moved out of the universities and colleges gradually on a quota basis of more than 40,000 monthly. All colleges will have students until June 30.

Elimination of the college program will not adversely affect the efficiency of air crew training, the department said. The Army's specialized training program plans to instruct 17-year-old enlisted reservists in the Army specialized training reserve program at colleges to be designated.

However, J. Wendell Coombs, president of the Aeronautical Training society, warned that he hoped the announcement did not mean that "certain factions" of the supreme command are "planning to sell air power short." The ATS is the liaison agency for civilian flying schools engaged in air forces training.

"The Army Air force must not be forced to taper off too soon," Coombs said.

Auditions For Local Entertainers Set

The high school audition for entertainers to furnish entertainment for convalescent soldiers at South Plains and Lubbock Army Air fields will be held Tuesday and Wednesday in the music room at Lubbock Senior High school. The auditions will begin at 3:30 p. m. each day.

Mrs. Mary Ware will be the faculty representative at the auditions, while Jackie Lewis and Jack Cooper will represent students. The committee is headed by Mrs. Archie Scott.

Judges at the auditions will be Lt. Ben E. Cowling, director of convalescent training at SPAAF, and Mrs. Alfred Strehli.

Mrs. Bryan Edwards is county chairman of the camp and hospital council.

SONS ON FURLOUGH—It was a happy reunion at the C. E. Thompson home this week as their three sons came home on simultaneous furloughs. Marine Capt. N. E. (Bud) Thompson is back from the South Pacific with a chestful of ribbons and his visit home was occasion for the other boys to return. In the picture, left to right: Mrs. N. E. Thompson, Capt. N. E. Thompson, Mrs. C. E. Thompson, Aubrey, of Sheppard field, C. E., Mrs. Clay Thompson and Capt. Clay Thompson of Roswell Army Air field.

Thompson Boys All Get Furloughs At Same Time; Marine Capt. Bud Thompson Wearing Chestful Of Ribbons For Overseas Action

The Thompson family are together again.

Three sons of Mr. and Mrs. C. E. Thompson, 2312 Sixteenth street, now serving in the armed forces are at home on 15-day leaves. They are Marine Capt. N. E. (Bud) Thompson of San Diego, Cal., Capt. Clay E. Thompson, jr., Army Air Corps, and Aviation Cadet Aubrey Thompson. The wives of Bud and Clay are also here.

Bud Has More To Tell

It seems that Bud, who is 26 years old, had more to tell than his two brothers, due to the fact that he has served overseas while the other two have not.

He was a pilot of a "scat" plane, a Douglas transport, flying supplies, including gasoline, emergency and food supplies, occasionally torpedoes and bombs to the Marines on Guadalcanal. He was stationed with the South Pacific Combat Air Transport Command and was based in the Solomons.

On the ninth day of this month he was appointed aide de camp to General F. P. Mulcahy and was subsequently transferred back to the States.

Carried Wounded Men Out

On one occasion he and his sixman crew carried two tons of dynamite to the ground forces on Guadalcanal. He also carried wounded men back to hospitals, and on one morning aided in carrying 150 wounded Marines, carrying fifteen in his plane.

Bud said he had practically the same job at Munda. He dropped parapacks, containing food, medical supplies, etc., to the ground forces there, flying right over the Jap lines in dropping them. The Japs did not fire at his unarmed plane, however, due to the fact they did not wish to reveal their positions.

He flew several missions to Bougainville Island, flying the last on the eighth of March, just prior to the newest Jap offensive there.

Flew Over 200 Missions

He flew over 200 missions, having more than 700 combat hours to his credit.

Capt. Thompson proudly wears the ribbon signifying the presidential citation, which was a unit citation to the 1st Marine division, which captured and secured Guadalcanal. He was a member of the 1st Marine Air Wing at that time.

Other ribbons he possesses are American Defense, American Theater of Operations and the South Pacific ribbons. On the South Pacific ribbon are two bronze stars, one for Guadalcanal and one for the East Solomons.

A graduate of Lubbock High school with the class of 1935 and of Texas Technological college with the class of '39, with a BA degree, he entered the service in July, 1941. He was called to active duty in September of that year. He received his flight training at the Naval air station in Dallas, and at Corpus Christi. He received his wings on Aug. 17, 1942.

Clay Is B-17 Instructor

After receiving his wings he was transferred to San Diego. Six months later he went overseas.

Bud's wife is the former Eron Gafford, daughter of Mr. and Mrs. George Graves of Panhandle. Graves is foreman of the famous 6666 ranch. Mrs. Thompson is a former Tech student and at one time was president of the national association of women students.

Capt. Clay E. Thompson, jr., 28, is an instructor in flying of B-17's, Flying Fortresses, at Roswell Army Air field, Foswell, N. M.

He entered the service in June, 1941, receiving flight training at Lindberg, Moffett and Mather fields on the west coast, winning his wings in January, 1942. He was stationed for duty at Mather field after graduation, remaining there only a short time. He was transferred to Kirtland field, Albuquerque, N. M., and then to Roswell, where he has been for the past 20 months.

He is a graduate of Amarillo High school with the class of '32 and Texas Tech, class of '36. His wife is the former Pauline Huff, daughter of Mr. and Mrs. S. J. Huff of Hale Center.

Aubrey, the youngest of the three boys, enlisted in November, 1942. He is 19. He took flight instructor training in War Training Service at Texas Tech, Little Rock (Ark.) Junior college and SMU until that service was terminated last January. He is now tentatively assigned as aviation cadet and is stationed at Sheppard field, Wichita Falls.

Aubrey graduated from Lubbock Senior High school with the class of '41.

All three say they are certainly happy to be together again. Bud stated he was really thrilled at the sight of the "good old USA."

League Meet Plans Here Moving Along

Plans for conducting the County Interscholastic league Wednesday through Saturday were moving smoothly, it was announced Saturday by County Supt. Roy Boyd and Director General R. T. Rucker.

Literary events will be: Debating, Wednesday; one-act play, Thursday, and declamation, extemporaneous speech, ready writers and typing, Saturday. Most events will be at Junior and Senior High schools.

Athletic events will include tennis, junior and senior track, volleyball and playground ball, Friday and Saturday.

Rucker is assisted in plans by an executive committee composed of the superintendents of the various rural high schools of Lubbock county and will have all competition supervised by 12 directors.

Commander Of Lost Vessel Visits Home

BEAUMONT, April 1 (AP)—Lt. Howard C. Plummer, the commanding officer of the minesweeper Portent, arrived here on leave a few days before the Navy department revealed his craft had been lost in the Mediterranean.

Plummer, a resident of Beaumont, left here yesterday to visit a ranch near Kerrville.

The Portent, built at the Pennsysylvania shipyards in Beaumont, was largest of the 11 vessels which the Navy disclosed yesterday had been lost.

Vote Tests Set In 20 States

WASHINGTON, April 1.—(AP)—Minnesota today led a parade of 20 states which this month will select approximately 700 national convention delegates in party conclaves and primaries involving the first big test for Wendell L. Willkie and an open challenge to a fourth term nomination.

Willkie's effort to win another GOP nomination goes before the voters in a Wisconsin primary Tuesday in a four-way contest Willkie has termed of great importance to him and the future of his party.

The first voter-test of opposition to another nomination for President Roosevelt will come in a Massachusetts primary April 25 when a partial salute of delegates pledged to former Governor Joseph B. Ely, a fourth-term opponent, will face a full slate filed by the Democratic state committee. The latter group is unpledged but described as mainly favorable to a fourth term.

Selection of seven delegates-at-large by a Minnesota Republican state convention today completes that state's delegation of 25. Most of them will be for Lieut. Commander Harold E. Stassen, former Minnesota governor.

The Republicans have now chose 224 of their 1,059 convention delegates, most of whom are unpledged. Another 413 will be selected this month.

Democrats have picked 138, also mostly uninstructed, and will add another 270 during April. Another 24 may be selected in Minnesota April 14 if a proposed Democratic-farmer Labor party merger goes through.

"Buy A War Bond TODAY"

Elevators Ordered To Set Aside More Corn

WASHINGTON, April 1 (AP)—The War Food administration today increased the amount of corn which grain elevators must set aside for processing into essential war products from 35 to 60 per cent.

The original order was issued only a week ago in the principal corn producing counties but WFA officials said the results were disappointing. Some processing plants were forced to discontinue operations and others were placed on limited schedules.

Lawson Rites To Be Held Here Monday

Funeral services for Lt. Henry Neil Lawson, 21, who was killed in a plane crash Tuesday near Barstow, Calif., will be held Monday morning at 10 o'clock at the First Methodist church, with Dr. H. I. Robinson and Dr. L. N. Lipscomb officiating.

The body will arrive in Lubbock this afternoon at 1:35 o'clock.

Lt. Lawson, son of Mr. and Mrs. Henry G. Lawson of 1602 Avenue X, was a Marine flier.

Pallbearers will include D. N. Leaverton, Parr Merriman, Leete Jackson, sr., Howard Alford, Ralph Keeton and Buddy Beasley.

Survivors include his parents, his wife, who was Mary Lou Scoggin before their marriage in Lubbock last June 21. She is the daughter of Mr. and Mrs. A. L. Scoggin. Other survivors are a brother, Homer and a sister, Jane.

OFF TO A FLYING START

On the Road to High Production with
STANTON'S MANAMAR
CHICK STARTER
Most poultry authorities agree that profitable poultry raising depends largely on three important factors . . . good chicks, good management and good feed. Our job is to produce good feed that will combine with your good chicks and good management to get your flocks off to a flying start on the road to high production and profit. We have just such a feed in Stanton's ManAmar Chick Starter. A blend of locally-grown grains, ManAmar and B-G plus, it is rich in the vitamins, minerals and proteins which promote vigorous growth in baby chicks.
B-G PLUS
—is a patented vacuum concentrated extract from fish. This new and potent product, resulting from ten years of ceaseless research and experiment, supplies extra trace minerals and vitamins in Stanton's ManAmar Chick starter.
MANAMAR
—In Stanton's ManAmar Chick starter supplies the hard-to-get feeding essentials—fish proteins, food minerals and vitamins, including the important Vitamin B "complex."
• • •
ManAmar and B-G plus have been developed and are produced in the laboratories of Philip R. Park, famed livestock nutrition authority. These laboritories have approved the formula for Stanton's ManAmar Chick Starter. Let the records of users tell the rest of the story. Get all the facts today.

AGAIN HICK CHICKS LEAD THE WAY TO GREATER POULTRY PROFITS FOR YOU
OUR PRICES ARE IN LINE
Don't delay your chick buying any longer. When you purchase HICK'S DEPENDABLE CHICKS you get chicks that are hatched right, packed right—DEPENDABLE CHICKS. Even thought you should have to pay a little more in additional cost to get my dependable chicks they will return to you many times over in extra eggs, extra profits. The small additional first cost and long run show you a greater profit, where the inferior low grade chicks lose money for you.
Plenty of oil and butane gas brooder. Also waterers and feeders.

COTTON SEED
D. & P. L. No. 14
TEXAS STATE CERTIFIED
This is the new, early, high yielding strain now grown exclusively by Deltapine originators of D. and P. L. Made inch-staple and high gin turnouts on the Plains. Kemgas delinted, Ceresaned seed, germination 96% $12 per 100 lbs.

CHAMPION SNAPPER 140
Grown by R. E. Karper from breeding block seed furnished by Chillicothe Experiment Station where the 140 strain originated. This is an early maturing, lightweight bur cotton bred by Texas Experiment Stations for the South Plains where cotton is snapped. Its light burs enable gins to make better grades from snaps and give higher turnouts. Made ⅞ to 31-32 staple. KEMGAS DELINTED, CERESANED SEED, $10.50 per 100 lbs.

OLD TIME HALF & HALF
Grown in Wilbarger county by Arnold Seed Farms. This is the old-time high linting, early, short staple cotton. In Lubbock county in 1943 1500 lbs. of snap made 500-pound bale. Planted in May it made lots of cotton of 13-16 and ¾ inch staple. Planted the middle of June it was gathered before other cotton planted at same time. We sold several cars on the Plains and have found only satisfied customers. KEMGAS DELINTED, CERESANED SEED, $11 per 100 lbs.

Send your order with deposit of $2 per 100 lbs. and we will hold seed for May delivery. Other varieties of Kemgas delinted, Ceresaned seed can be supplied by Kemgas delinting plants in Texas, Oklahoma and New Mexico. For further information address—

ONE OF THE PRETTIEST BRICK COTTAGES IN LUBBOCK
Has large living room with fireplace, sun parlor, dining room, very attractive kitchen with separate breakfast room, 3 nice bedrooms, tile bath with shower and dressing table. Floor furnace; Venetian blinds. Lots of closets and built-ins. 2-car garage. Large corner lot, beautifully landscaped. Perfect location. This home is substantially built and is like new, inside and out. Distinctive and outstanding. Price $14,500.00. Clear of debt. No trade. Will stand a good loan at 4% interest. Quick possession. May be seen by appointment only.

HAVE VACANT 2-BEDROOM MODERNISTIC BRICK COTTAGE
If this cottage were in top condition, it would bring between $8000.00 and $8,500.00. Located in the 2100 block on 29th street. It would require approximately $300.00 in repairs, depending upon the ideas of the individual purchaser. The living room, with dining alcove, is sufficiently large. Each bedroom is 12 x 15 in size. Large closets (some cedar lined) with sliding doors. More than the average built-ins. Dual floor furnace and Venetian blinds. 65 foot frontage, backyard fenced. A very unique kitchen arrangement with chrome trim. A home that is different, built by an architect, who lives out of the State. All for only $7,350.00. Large cash payment required. We have the key.

ONE OF OUR NICEST MODERN HOMES
Immediate possession may be had on this attractive semi-ranch style frame cottage, located in southwest Lubbock. Like new. Five spacious rooms, including a separate dining room. Venetian blinds; 2 floor furnaces. 65 foot frontage. Back yard fenced. Nice lawn and shrubs. A real high class home that anyone would love to own. $9,350.00. Shown by appointment.

Dobie's "No" Fails To Halt Plan To Draft Him For Race

AUSTIN, April 1. (AP)—Backers of the draft-Dobie-for- governor campaign said tonight they would not take "no" as an answer to their plea that Prof. J. Frank Dobie folklorist and historian, run for governor in opposition to Coke R. Stevenson.

Mrs. Margaret Reading, Waller county ranch owner, notified by telephone that the University of Texas professor, now on leave to lecture at Cambridge university in England, said tonight he did not "choose to run" for governor of Texas, asserted:

Will Keep After Him

"We will keep after him until he does. He will have to put his personal feelings aside. Conditions are so drastic that they demand we not give the idea up."

Mrs. Reading has directed the draft-Dobie campaign, which recently opened headquarters here.

Stevenson, asked to comment on the Cambridge dispatch, said "the last word I had from Frank Dobie was a very cordial letter last week asking about the preservation of the Longhorn stock in Texas. He wrote that he knew that I was also interested in Longhorn cattle."

Asked for comment on Dobie's remark that "Texas is badly in need of a new governor," Stevenson said he preferred to say nothing.

Not To Close Office

Mrs. Reading said the headquarters here would not be closed.

She added that the announcement of the campaign had been followed by quick and enthusiastic response from all parts of the state the amount but declared the money was coming as "small gifts" from workers and farm people mostly.

Mrs. Reading said that as many as 40 cablegrams had been sent to Dobie asking him to run.

READY—Turkish army, its mechanization modernized by Lend-Lease materiel, watches for overt move by Germany.

Armed Services Set Out To Get Ballots To Men Over World

WASHINGTON, April 1. (AP) — The armed forces set out today to solve a new supply problem—how to get ballots as well as bullets to those of the more than 10,000,000 service folk who want to vote.

President Roosevelt having permitted the compromise service suffrage bill to become law without his signature, Army and Navy experts were in a series of huddles today to plan the distribution of the ballots and arrange for getting the votes back to the home states.

Because the Army has more men and also because the roving life of a sailor may interefere somewhat with his vote casting the Army likely will have the biggest job.

It will be up to the Army postal service to get the ballots overseas and bring them back. This also involves the transportation corps, whose worry is mail shipping space.

Once the ballots are delivered to the headquarters ofthe various war zones, there is the further job of distributing them individually to men scattered through hundreds of service forces, air bases and to men actually up on the firing line.

It is expected provisions will be made for printing ballots in the field to be used in the event that forms from the states fail to arrive.

At the War department, officials said they expected to have details worked out and be prepared to make a public announcement within a few days.

Conviction Of Two Soldiers Is Upheld

WASHINGTON, April 1—(AP)—The court martial conviction of two American soldiers for the rape of a 17-year-old New Caledonia native girl was upheld today by Undersecretary of War Patterson who, however, ordered their life sentences reduced.

The men are Frank Fisher, Jr., of Texarkana, Texas, and Edward R. Lowry of Louisville, Ky. The Army said both are negroes.

Patterson held that the prisoners had received a fair trial and that findings were "legal and supported by the weight of evidence," but that "because of the facts and circumstances surrounding the commission of the offenses and the records of the prisoners" Fisher's sentence should be reduced to ten years and Lowry's eight.

Officials To Inspect Inter-American Road

DALLAS, April 1. (AP)—A report on the inter-American highway from the Texas-Mexican border to the Panama Canal will be made to Congress following an inspection by a party of high government officials, Major Gen. Philip B. Fleming, federal works administrator, said here today.

General Fleming, Thomas H. MacDonald, commissioner of public roads administration's inter-American regional office, stopped briefly at Love Field on their way to Mexico City by air.

General Fleming said that all except 160 miles of the road between the Texas border and Panama is in passable condition. Their tour will last three weeks.

April Fool Crowd Sees Real Thing

CHICAGO, April 1 (AP)—A crowd gathered in front of a Loop restaurant today, cast suspicious eyes on a package on the sidewalk, grinned knowingly, and waited for a "sucker" to come along.

Presently a passerby scooped up the package and opened it.

It contained two large steaks, presumably dropped from a delivery truck which had serviced the restaurant.

Nobody said "April Fool."

"Buy A War Bond TODAY"

U Of T Program Nears Fruition

AUSTIN, April 1., (AP)—By the end of the year, the University of Texas will have completed the drafting of a comprehensive program for its future development, President Homer P. Rainey informed the council of the ex-students association here today.

The council, holding its annual organization session as a feature of Round-Up, traditional ex-student homecoming, had previously adopted a resolution pledging its wholehearted support to the development program now in the process of crystillization by several committees.

Alumni-Fund Plan

Two other ex-student projects were projected by the council at its meeting here: (1) The formulation of a long-proposed "alumni-fund" plan, entailing the annual giving to the university of money—from $1 to a thousand dollars or more—by every ex-student; and (2) an extensive campaign of organizing additional ex-student clubs and of increasing membership in the association.

The alumni plan was definitely placed on the association's calendar for the coming year.

In reporting to the council the year's summary of activities at the university and plans envisioned for the future, Dr. Rainey said three faculty committees are at work on post-war plans and policies—a 16-member educational policies committee, the building committee; and a committee studying the problem of student housing.

Officers Re-Elected

The council re-elected its officers for another year; W. H. Francis of Dallas, president; R. L. Bobbitt of San Antonio, first vice president; Dr. E. W. Bertner, of Houston, second vice president; and Dennis Macken of Austin, treasurer. Macken is now in the service, and his substitute will continue to be Miss Mary McLauren of Austin.

Two new council members were elected to fill vacancies caused by the resignations of Dallas Scarbrough of Abilene and John B. Shepperd of Longview to enter the armed forces. Walter Pope of Abilene will fill Scarbrough's place, and R. O. Kenley, Jr., of Longview, will replace Shepperd.

Company To Protest Part Of Wage Plan

HOUSTON, April 1 (AP)—Sheffield Steel of Texas will petition the War Labor board to review that part of its order requiring retroactive pay adjustments to all former workers to Nov. 20, 1942, H. O. McAninch, assistant to the president, said today.

Stating that the company will not protest retroactive payments to individuals now on the payroll or in the armed forces, McAninch said "at least 5,000 former employes are scattered throughout the country and to include them in the adjustments seems unfair."

Nazis Say Partisans Operate In Russia

STOCKHOLM, April 1 (AP) — The Germans now claim they have partisans working behind the Russian lines.

Aftonbladet's Berlin correspondent reported that for the first time partisan warfare which the Germans had to combat throughout their Russian adventure was now being directed against the Red Army "west of Cherkasy and east of the Pripet river."

Postwar Removal Of German Capital Urged

NEW YORK, April 1 (AP)—Dr. Nicholas Murray Butler, president of Columbia university, said today in an interview on the eve of his 82nd birthday that the capital of postwar Germany should be removed from Prussian Berlin and relocated at Dresden or Frankfort.

He also recommended that Germany be setup as a "federation of states—like the United States."

Dice are said to have been used in Greece about 1244 B.C.

STOCKS IRREGULARLY HIGHER

NEW YORK, April 1 (AP)—After a generally slow going and losing week the stock market steadied today and managed to finish irregularly higher behind selected rails and specialties.

Customers began to cash profits Monday on the lengthy rise to the best average level since last July, the idea being the list was due for a healthy technical correction. This came Tuesday when prices suffered their sharpest relapse since Nov. 1.

Scattered carriers again reflected the substantially improved financial position of most roads, expectations dividends would be maintained despite reduced net revenues and the hope that freight rate boosts would be granted sooner or later.

Prices, fairly steady at the opening, turned a shade uneven near the close. Turnover was round 300,000.

At peaks for 1944 were preferreds of Southern Railway, Baltimore and Ohio and St. Louis-San Francisco and common stocks of Ex-Cello-O corp and Consolidated Natural Gas. Ahead the greater part of the time were Gulf Mobile and Ohio, Great Northern, Santa Fe, Du Pont, Kennecott and United Aircraft.

Kansas City Southern was an exception among the carriers, slipping more than a point on stive sales. Steels, motors, rubbers, oils and utilities did little either way.

In the curb forward inclinations were shown by American Republics, Aluminum of America, Cuban Atlantic Sugar, Pantepec and Puget Sound power.

Produce . .

CHICAGO BUTTER, EGGS

CHICAGO, April 1 (AP)—Butter and eggs were nominally unchanged today.

The Chinese generally wear five buttons on their coat fronts to remind them of the five principal virtues recommended by Confucius — humanity, justice, order, prudence and rectitude.

At A Glance . .

NEW YORK, April 1 (AP) —

STOCKS—Mixed; selected rails in demand.

BONDS—Steady; rails make new gains.

COTTON — Easy; weekend liquidation.

CHICAGO:

WHEAT—Easy; trade light.

RYE—Mixed; May strong on short covering.

HOGS—Nominally steady; quotable top $14.00.

CATTLE — Nominally steady.

Livestock . .

KANSAS CITY REPORT

KANSAS CITY, April 1 (AP) —(WFA)— Cattle 500; calves 100; compared Friday last week good and choice slaughter steers, heifers and cows steady; lower grades weak to 25 lower; vealers fully steady; stocker and feeder steers, heifers and calves generally weak to 25 lower; instances 50 off; heifers and choice beef steers 14.00-15.75; choice around 100 lb. heifers 15.50; a few good cows 12.00-50; most medium to choice stocker feeder steers 11.75-14.15; 450-868 lb. 14.25-15.00.

Sheep: none; for week lambs steady to 25 lower; ewes steady; week's top fed lambs to shippers 16.00; other good and choice arrivals 15.50-90; liberal per cent week's supply medium and good shipments selling 14.75-15.25; ewes scarce; odd lots good and choice offerings 8.50-9.75; few loads 84 lb. feeding lambs 13.25.

Hogs:—3,000; steady to 15 lower; good and choice 200-330 lbs. mostly 13.50-70; 120-190 lbs. 12.65-13.40; sows 12.75-13.00; for week mostly 60 to 70 lower; spots off more on 170 lbs. down; sows around 50 lower.

FORT WORTH REPORT

FORT WORTH, April 1 (AP) — Cattle 250; calves 50; about steady; no sizable lots offered; slaughter steers and yearlings 11-13; no good beeves reported; butcher cows 9-10.50; good and choice fat calves 13-14; common and medium calves 9.50-12.50.

Hogs 600; steady to 10 lower; sows and pigs unchanged; no sales of stockers reported; top 13.55 paid for good and choice 200-330 lb. butcher hogs; good and choice 160-195 lb. averages 11.00@13.40; sows mostly 11.75 down; stocker pigs 8 down.

Sheep 100; medium club lambs 14.50; about steady; others scarce.

Cotton . .

NEW YORK REPORT

NEW YORK, April 1 (AP) — Cotton turned reactionary on commission house liquidation influenced by war uncertainity and coupled with hedge selling from the south. Support was largely in the near months where mills were buying against textile contracts.

Futures closed unchanged to 45 cents a bale lower.

	High	Low	Last
May	20.91	20.81	20.86
July	20.54	20.46	20.41-42
Oct.	20.12	20.00	20.03
Dec.	19.97	19.86	19.88
March	19.81	19.70	19.72

Middling spot 21.71N.
N—Nominal.

NEW ORLEANS REPORT

NEW ORLEANS, April 1 (AP) — Evening up operations for the weekend caused irregularity in cotton futures here today. Closing prices were steady, 45 cents a bale lower to 15 cents higher.

	High	Low	Close
May	21.04	20.96	21.02
July	20.69	20.63	20.68
Oct.	20.13	20.04	20.06
Dec.	19.99	19.88	19.91-92
March	19.83	19.72	19.74

AVERAGE PRICE

NEW ORLEANS, April 1 (AP) — The average price of middling 15-16-inch cotton today at ten designated southern spot markets was unchanged at 21.06 cents a pound; average for the past 30 market days 21.00; middling ⅞ inch average 19.92.

Government Girls Dorms Quarantined

WASHINGTON, April 1 (AP) — More than 300 government girl workers were held under quarantine today in Arlington Farms dormitories across the Potamic in Virginia after one meningitis fatality and another reported case of the disease. Two other deaths from meningitis have been reported in the Washington area.

No new cases developed, however, among the girls housed in 10 big dormitories in Arlington Farms.

Grain . .

CHICAGO REPORT

CHICAGO, April 1 (AP)—Grain prices exhibited a nervous undertone throughout most of the session today but price changes were not large. Some selling was based on reports American freight cars might be sent to Canada to help haul grains to Canadian lake head points for eventual shipment to this country over the Great Lakes.

Offsetting the influences of this report was an announcement by the War Food administration that it was boosting the corn set-aside order from 30 to 50 per cent of receipts. The corn set aside must go to processors and traders believed the new regulation would make it even more difficult for feed manufacturers to obtain the grain.

At the close wheat was unchanged to ⅝ lower, May $1.17⅝, oat were unchanged to ⅛ lower, May 82 bid, rye was ⅝ lower to ½ higher, May $1.29⅝@1.30, and barley was unchanged to ⅝ higher, May $1.28 bid.

FORT WORTH REPORT

FORT WORTH, April 1 (AP)—Wheat No. 1 hard 1.17½@1.17.

Sorghums No. 2 yellow milo or No. 2 white kafir per 100 pounds 2.40@2.47.

Oats, barley and barley at northern shipping ceiling prices plus freight.

J. M. Payne to Edward Koen, part of section 15, block A, Lubbock county, $400.

Potter County Seeks To Better Own Mark

AMARILLO, April 1. (AP)—Potter county's collection of 192,258 pounds of fats in March—more than three pounds per person—set a new record for the nation, but Chairman Lewis Fields is not satisfied.

After receiving word from Alexander Williams, information director of the national committee on salvage fats, that Potter county had set a new mark, Fields said his committee would "now go out in April to break the record set in March."

AWOL Case Against "Joey" Is Dismissed

CAMP MACKALL, N. C., April 1—(AP)—An AWOL charge against "Joey," black bear mascot of the 501st paratroopers here, has been dismissed.

"Joey" disappeared more than three months ago, but he showed up strolling near the mess hall yesterday. He hadn't left camp—he had just dug a hibernation hole under the barracks and taken a three-and-a-half months nap.

KEEP YOUR HEAD DOWN, TOMMY-BOY!—Soldiers are apt to be out of luck if they carelessly allow themselves to be silhouetted atop this ridge on the Sangro river fighting line. Hence the grim warning sign at right, well-heeded by two Tommies of the Eighth Army.

Britain's Labor Troubles Grow

LONDON, April 1., (AP)—Britain is heading for invasion day faced with a mounting handicap of strikes in vital industry which made March probably the worst month of the war in the number of men idle and working days lost. The time has been lost despite efforts of the labor unions to keep the men at work.

Three major strikes alone—two of which are continuing—involved at least 235,000 men and cost well over 1,000,000 work days, according to unofficial but conservative estimates.

This was more than double the official total announced by the labor ministry today for February—272,000 working days lost in strikes involving 102,000 workers.

None Union—Called

Nine of the present walkouts have been union-called or the result of jurisdictional disputes. In every case, the labor unions have counseled against a walkout and have urged meditation to maintain war production while a settlement is being worked out.

However, the estimated March loss of man hours was greater than the strike total for the entire year of 1941, to which coal field disputes contributed about half of the 999,000 working days lost.

As in February, when the coal fields contributed 72,000 strikers and 216,000 lost work days to the month's totals, the mines were again the chief trouble spots last month.

The coal field troubles were indirectly responsible for a simultaneous strike in the shipbuilding industry at Clydeside and Tyneside, where 20,000 apprentices walked out in protest of a government ruling that they were eligible for drafting for compulsory service in the pits. They refused union appeals to return to their jobs.

Production of dates in the United States has increased to an annual harvest of about 15 million pounds—three times as much as ten years ago.

Change In Convention Date Said Impossible

WASHINGTON, April 1, (AP)—Democratic committee officials said today it will be impossible to change the July 19 date for starting the party's national convention in Chicago because arrangements have been completed for that date.

They made this known in commenting on reports from the west coast that the date conflicts with California state party conventions, fixed by law for July 20, and with July 22 primaries in Texas.

They pointed out the proximity of the dates would not interfere with the selection of California's delegation to the Democratic national convention which will be elected in a May primary.

Gunnery Instructor Ruled Suicide Victim

LAREDO, March 1. (AP)—Sgt. James R. Bolivar, Laredo gunnery school instructor, son of Mrs. Esther G. Friedal of Willoughby, Ohio, was found dead early today at the Laredo Army Air field.

A flight surgeon who examined his body pronounced death caused by strangulation and then officially declared it the result of suicide.

Busman's Holiday In Plane Proves Fatal

BEAUMONT, April 1 (AP) — Sgt. W. T. Craig, 27, of Montrose, Colo., was killed yesterday when an airplane crashed while he was on a "busman's holiday."

Craig, stationed at Tarrant field, Fort Worth, rented the airplane at the Beaumont airport while visiting here with his brother, who was on a business trip. Craig was alone in the plane when it crashed.

AIRCRAFT RECORD SET

A U. S. FIGHTER BASE IN BRITAIN, April 1 (AP) — Col. Donald Blakeslee's Mustang fighter group established a new Eighth Air force record in March by destroying 156 enemy aircraft—123 in the air and 33 on the ground. The group's total bag now is 297. The previous record was not available at air force headquarters.

Cannon Roar While Soldier Is Baptized At Anzio Beachhead

By KENNETH L. DIXON
Associated Press Staff Writer

WITH THE FIFTH ARMY, At the Anzio Beachhead, Italy, April 1.—With heavy guns drumming in the background and white capped waves rushing in from the Tyrrhenian Sea, Pvt. Leon Daniel Fagan, 25, today became the first beachhead Yank to be baptized in the sea since the Allied landings more than two months ago.

A few Italian workers on the beach and a group of ack-ack gunners on over-hanging cliffs watched in silence as Fagan, a former dynamite truck driver from Pitcher, Okla., and now an ammunition bearer with a front line mortar company, waded out in the cold surf with a chaplain, Lt. Col. William E. King, 43, former pastor of the Maywood Baptist church in Kansas City.

"Pvt. Fagan came to me and said he was getting pretty lonely up there in the front line by himself and wanted to get straightened out," said the chaplain.

"He was baptized as a member of the First Baptist church of Abilene, Tex., which has delegated me to baptize for them overseas. This outfit once was stationed near Abilene and I preached there a few times. After the war he can have his membership transferred wherever he wants."

Fagan, however, said he wanted to join the Christian church later.

NO CO-BELLIGERENT

ALGIERS, April 1 (AP)—The Badoglio regime in Italy is not a co-belligerent as far as the French committee is concerned, Foreign Commissioner Rene Massigli told the consultative assembly today in reply to questions from the Corsician delegate, Henri Maillot.

Special
Water Irrigation Rate

By filling out the Irrigation Water Rate Form contract in this advertisement, domestic users in Lubbock can obtain water for beautifying yards and for their Victory Gardens, as well as for all other domestic purposes, at exceedingly low cost. Under this contract, the low rate will continue in effect until October, unless cancelled before that time. The irrigation rate is not available for commercial uses.

If you wish to take advantage of this opportunity for savings, let us suggest that you fill out the contract at once. Mail it or take it to the Water Department in the City Hall.

Cont. No._____

SPECIAL IRRIGATION CONTRACT

FOLIO_____ DATE_____

ADDRESS_____

NAME_____

In consideration of the special rate granted herein for watering and beautifying my home lawns and gardens (other domestic use included) and not for commercial purposes, I hereby agree to pay to the City of Lubbock Water Works the minimum service charge as set forth below on each monthly bill issued to me for water used during the period from the first billing date after March 1, 1944 to the last billing date before October 31, 1944, which minimum entitles me to the use of 10,000 gallons without extra charge, and I agree to pay for all additional water used at the rate set forth as follows:

First 10,000 gal. _____ $2.80 Minimum
All over _____ .15 Per M.

All charges to be subject to the regular 10 per cent discount for payment within 10 days from date of bill.

This contract does not cancel the contract I may now have with the City of Lubbock Water Works for service, but supplements same, and is subject to all ordinances and regulations of the City not in conflict herewith.

Signed_____

Per_____

This Special Irrigation Rate will be EFFECTIVE ON THE NEXT METER READING DATE.

He's Your AVALANCHE-JOURNAL
Carrier Salesman

He doesn't just deliver your paper. He is being taught established principles of salesmanship. Whether he is to sell newspapers, elevators or locomotives these fundamental principles remain the same and must be mastered.

Timidity and fear of meeting people are replaced with self reliance and the confidence that can only come through understanding and actual practice.

Today he receives practical training that will be worth much in dollars and cents in the years to come.

TOMORROW

He'll Sell You Your New Pre-fabricated House

Like so many other things of tomorrow, it will be of a new and different product and construction. In it, you will enjoy conveniences now only dreamed of. Overnight, you will have a new and modern home. Television, all-electric appliances plastic furniture—all these will go to make your home of tomorrow.

You can add rooms and rearrange them at will. Your present Avalanche-Journal carrier boy who is now getting his first instructions in salesmanship will emerge into the full-fledged, efficient young man who will demonstrate and sell you this remarkable new pre-fabricated house.

A NOTE TO PARENTS

Encourage your boy to apply for an Avalanche-Journal route. If he is a successful applicant his work as a carrier boy will better prepare him for a successful future. He will have had a school education PLUS a practical business training.

Women In City And District Turn Attention To Activities Of Clubs

The Woman's Angle

By Margaret Turner

THE Woman's Angle is ten years old today. Yes, it's been a decade since I sat before a battered typewriter and with trembling fingers and fears, mingled with uncertainty, typed out the first column to appear under my name as woman's editor. No one knows how many columns have followed and I suppose no one cares. I only hope no one voices an opinion of "too many!"

My co-worker that day and for several years that followed was Evelyn Boyd, now capably handling a job as woman's news director of the Amarillo News-Globe. Chas. A. Guy, editor and publisher, and C. W. Ratliff, managing editor, are the only remaining members of the editorial staff who witnessed and aided in my faltering beginning in the field of columnists.

* * *

TODAY, the writer of the Woman's Angle believes herself to be a somewhat sadder but a much wiser woman than she was April 2, 1934. It's been educational to try to write of the comings and goings of the many people from over the land whose paths have crossed mine.

I'll not bore you with a summary of those columns but personalities we've described have ranged from brilliant, meek Toyohiko Kagawa to a newsboy who brought me a cross he got out of popcorn; from Mrs. Eleanor Roosevelt to a 4-H club girl. Of "ships and shoes and sealing wax, of cabbages and kings." I've written and of doctors, lawyers, service men, opera, radio and movie stars, rich men, politicians, poor men, 'of women ambitious for their families and of those who would be just as happy if their names never appeared in print. I've told incidents in the lives of those who live on the misty flats and those who live on the low and of the great majority whose course leads them on the middle ground.

This column has been a safety valve, a soap box, a lot of fun. And to those who have been kind enough to do me the honor of reading it, I say "Thanks a million!"

* * *

GANGSTER ERA: Ten years ago the first of April John Dillinger was in his heyday. With submachine gun in his hands and a big green sedan awaiting him, he shot his way out of a police trap in St. Paul, Minn., and once more foiled the law.

* * *

And Texas law officials were having their own problem in searching the East Texas woods for Clyde Barrow, Bonnie Parker and Raymond Hamilton, wanted for questioning in two killings, a bank robbery and a kidnaping.

* * *

"Peaches" Browning was seeking a divorce from her "Daddy," whom she had married eight years before, as soon as she could establish a Chicago residence.

Gertrude Stein was disturbing literary critics with her "A rose is a rose" revelation and Mrs. Roosevelt was writing a column which appeared in Sunday editions of the Avalanche-Journal.

* * *

THIRTY thousand children had attended a traditional Easter egg-rolling party on the White House lawn. Easter hats were described as being brimful (catch?) of style and "many are so amusing." Feathers were as prevalent as are flowers on this season's hats and milady's head covering was "saucer shaped," "severe sailor," "cart wheel" or "baby bonnet," the latter "suiting to a T" if one was a "sweet young thing with verve and dash."

* * *

Turkey had notified the American government we could have Samuel Insull for trial and put him in jail over there despite his tears, to insure his being on hand when American agents arrived to start him back to Chicago.

* * *

"Little Gus" Dallis, Greek Tech college graduate, had returned to town from 13 months spent in his native Greece and in an interview opined, "The rest of the world is looking to President Roosevelt and the United States to bring about recovery from economic stress."

* * *

From Torin, Sonora, Mexico, Chas. A. Guy wrote of observing the Yaqui Indians' celebration of the Fiesta de Gloria, pre-Easter custom, where he and seven other Lubbock men, Dr. W. C. Holden, Dr. C. J. Wagner, Dr. R. A. Studhalter, Ross Edwards, W. G. McMillan, Bennie McWilliams and Frank M. Maddox, jr., had gone on a scientific expedition.

* * *

DR. Kenneth E. Oberholtzer, superintendent-elect of Lubbock Public schools, made a statement to the press, "public education is truly a cooperative enterprise."

* * *

A mayor and two commissioners were to be elected the following Tuesday from a field of seven candidates, namely, For mayor: B. Sherrod and Ross Edwards; for city commissioner, place 3, J. B. Maxey and W. B. Price; for place 1, A. J. Richardson, John Roach and Glen Hess. The late J. J. Clements was retiring mayor.

The following Saturday an election was slated to fill three vacancies on the school board from the following candidates: E. J. Parsons, R. F. Bayless, Allan Hill, D. A. Davis and Walter G. Alderson.

* * *

THAT was, sketchily, the picture locally and nationally in the newspaper world as I began a column which has appeared daily throughout the months and years in the morning paper.

VISITS SON

Mrs. Florence Hvass, 2502 Twenty-second street, went to Pampa Saturday to spend two weeks with her son, A/C Charles T. Hvass, jr., who will receive his wings April 15.

Convention Scheduled In Plainview

ANNUAL two-day convention of the seventh district, Texas Federation of Women's club, will open in Plainview April 17 with sessions held at the First Methodist church, Seventh street and Baltimore, and headquarters at the Hilton hotel.

With transportation difficulties, no estimate has been made of the number of women expected, according to Mrs. Wesley S. Izzard of Amarillo, district president.

Requests for hotel reservations are to be sent to the manager of the Plainview Hilton hotel.

Yearbooks are to be sent to Mrs. G. J. Nunn at her Amarillo address, 1615 Tyler street, before the convention and the Penny Art fund is to be sent to Mrs. Lloyd Nelson, Claude; names of federated club members who have died during the past year are to be sent to Mrs. Tillman Jones, Post, by April 10 and Mrs. J. H. Jernigan, Childress, is chairman of resolutions.

Mrs. M. W. Lemons of 1606 West Seventh street, Plainview, president of the Hale County Federation, is official hostess of the convention and Mrs. Jones Goode, Plainview, is general chairman.

The program has been announced by Mrs. Izzard as follows:

April 17—Registration, 2 p. m.; board meeting; reception honoring board members, delegates, visiting state and district officers, 5-7 p. m.; President's evening, 8 p. m. church, Mrs. Izzard presiding; Mrs. Jefferson D. Atwood of Roswell, N. M., chairman of citizenship, General Federation of Women's clubs, speaker.

April 18 — Sessions resumed at church at 9 a. m. with official greetings and GFWC report by Mrs. J. W. Walker of Plainview, director to GFWC; Texas program and institute, Miss Ethel Foster of Sterling City, president of Texas Federation of Women's clubs; memorial service; club reports; luncheon at the Hilton hotel; afternoon session, T. M. Trimble, assistant superintendent of education, Austin, to speak on "The Plight of Education in Wartime;" district club chairmen's reports; panel digest of club reports; adjournment at 5 p. m.

Tech Ko Shari Girls List New Officers

Ko Shari club, girls' social organization at Texas Technological college, has announced officers for next school year. They are headed by Jane Oliver, president.

Others are Reta Norman, vice-president; Alice Lawrence, treasurer; Jane Watson, recording secretary; Jean Gibbons, corresponding secretary; Francine Young, rush captain; Marjorie Holmes, reporter; Betty Walters, historian; Selma Mullins, patroness chairman; Ann Cox, parliamentarian; Ahita Hale, pledge advisor; Elizabeth Schmidt, A.W.S. representative; and Moreene Roberts, W.I.C.C. representative.

"Family Life" Subject For Council Program

First Christian Woman's council will meet at the church at 3 o'clock Monday afternoon for a program on "Family Life" which is a part of a series of lessons on "Learning for Living." Mrs. R. A. Mills is to be leader assisted by Mesdames C. C. Files and Lewis B. Cooper. Mrs. Grady West will give a devotional.

Bride Honored With Parties

Mrs. George Rufus Rush, who was Miss Juanita Cook before her marriage, has been honored with a series of parties here and in Post.

Mrs. Rufus Rush introduced her daughter-in-law at a recent tea in the home of Mrs. F. R. Friend, 2005 Broadway.

Assisting in hospitalities were Mrs. Sim O'Neal, Mr. Rush's aunt; Mrs. Jack Womack, Waco; Mrs. W. T. Cook of Post, mother of the bride; Mesdames W. L. Cook, J. L. Rosamond, Vernon Brown, Carl York, Ivy Savage, W. B. Orr, Misses Moreene Roberts, Ruth Overton and Maryjo Turner.

John S. Powell of Brownfield, Mrs. Rush's father, played violin numbers, accompanied Mrs. W. H. Dallas, also of Brownfield; Mrs. Lottie Hilton sang and Misses Mary Frances Payne, Ruth Ford and Marion Chandler played piano numbers.

Mrs. O'Neal and her daughter, Mrs. Womack, entertained with a dinner honoring the couple and several friends.

At Post, Mesdames L. P. Baker, H. N. Crisp, L. G. Thuett, jr., Floy Richardson and Alvin Young gave a miscellaneous shower in the afternoon and that evening Mrs. Cook entertained at dinner for the Lubbock party: Mr. and Mrs. George Rufus Rush, Mr. and Mrs. W. L. Cook and Mr. and Mrs. Rufus Rush.

Continuing the Lubbock series, Mesdames Carl York, Vernon Brown, J. L. Rosamond and Earl Moore gave a crystal shower in the home of Mrs. Moore, 2221 Sixteenth street.

THE PICTURES—Pictured at upper left is Billie Griffin, who as queen of the Senior class at Lubbock High school, introduced Willa Jean Reed, upper right, Junior class princess, at the class prom held Thursday night at the school gymnasium and which is to become traditional. Miss Reed will be queen at next year's entertainment. Center picture is of Mrs. Allan Ray Marcus, daughter of Mr. and Mrs. Fred Hackel, who was Miss Joyce Hackel before her marriage read Thursday afternoon at 5 o'clock at the First Christian church. The couple will make their home here after a trip. Misses Griffin and Reed's pictures are by Reeves and Mrs. Marcus' picture by Gittings.

* * *

Students Are Dance Hosts

Willa Jean Reed, junior princess who was crowned queen at high school junior-senior prom in the gymnasium Thursday night, will reign as queen until another princess is crowned at a similar affair next year. The dance which is to be traditional, was given by the juniors for the seniors.

After a grand march, the senior queen and president, Billie Griffin and Ted Forsythe, respectively, marched to the throne and introduced the chosen junior princess. This princess with the president of the junior class, Jim Lowrey, marched the length of a rug, which had been unrolled by two pages, to the throne where Miss Reed was crowned. The crowned princess' attendants who were other junior princess nominees walked behind her to the throne. They were Joe Ann Bailey, Marijane Grace, Mary Jane Hinchey and Nell Anthony.

Yellow, green and orchid crepe paper decorated the ceiling and lights of the gym. The throne which was placed on a grass mat was surrounded by silver drapery. Palms were arranged on the mat. The punch table was covered with a white cloth and decorated with spring flowers.

Buddy Arnett and his orchestra played.

Approximately one hundred attended the prom.

Christian Choir Will Give Easter Cantata

The choir of the First Christian church will present Daniel Protheroe's "Eastertide" Easter at 8 p. m. in the auditorium of the church. This is to be the first production of the cantata in Lubbock.

Soloists will be Misses Ruth Towne, Peggy Johnson, Nora McMurry, Pvt. Robert Jackson and Truman Hutson. Miss Doris Kolb is to be organist and Mrs. Elois Elliott, director.

The two parts of the cantata are "The Passion" and "Easter."

NURSES TO MEET

West Texas Nurses Alumnae association will meet with Miss Lena Mae Williamson, 1924 Twenty-first street, Tuesday night at 8 o'clock for a regular monthly meeting.

Sorority Plans Rush Parties

Beta Sigma Phi sorority will initiate its annual rush season with a model meeting to be given Monday night at 7:45 o'clock at Hilton hotel.

On program will be Mrs. Oretha Vannoy who will talk on "History and Purpose of Beta Sigma Phi." "Art in Everyday Living" will be discussed by Mrs. T. R. Prideaux.

Thursday night a progressive dinner will be given. During the evening courses will be served at the homes of the following: Mrs. Harold Fulghum, 2710 Twenty-eighth street; Mrs. W. B. Rushing, 3510 Twenty-fourth street; Mrs. John H. Wilson, 2521 Twenty-third street; and Mrs. W. C. Reynolds, 2602 Twenty-fourth street.

At Cone Residence

A preferential tea will be given April 23 in the home of Mrs. A. L. Cone, 2324 Seventeenth street, from 5 until 6 p. m.

At a Founders' day dinner to be given in Hilton hotel April 20 at 6:30 p. m. a pledge ceremony and Ritual of Jewels will be conducted.

Rushees are Mesdames Bill Mayes, D. L. Whitson, Paul Lea, Bill Yeatts, Elton Plowman, Vernon Thompson, Sam Weaver, jr., Orville Stewart, Tom Taggart, Malcolm Laing, Verland Bigham, D. H. Carson, a transfer from Clovis, N. M., and Misses Annell Boyd, Medrith Ann Hubbard, Mary Louise Hooper and Mary Moore.

Morning Party Honors Mrs. Jack Womack

Mrs. Sim O'Neal of the Levelland road entertained with a coffee Thursday as a courtesy to her daughter, Mrs. Jack Womack of Waco.

Spring flowers were used in the receiving rooms.

Mrs. Rufus Rush presided at the silver coffee service which was placed at one end of the lace covered table.

MISS MARIE WILD

* * *

Wedding To Be At Residence

Miss Marie Wild, daughter of Mr. and Mrs. Arthur Wild of Slaton, and Sgt. James Thompson, Lubbock Army Air field, son of Mr. and Mrs. Alvin Hicks, will be united in marriage this afternoon at 2:00 o'clock in the home of the bride. Reverend W. F. Ferguson, minister of the First Baptist church of Slaton, will perform the nupitals.

The bride will wear a navy blue suit of alpaca with a shoulder corsage of white carnations and black accessories.

Guests At Wedding

Cpl. Arthur L. Suther LAAF, will serve as best man. Guests at the wedding will include Mrs. Suther Cpl. Harvey Gatewood Miss Ena Bess O'Keefe and Mr. and Mrs. Robert L. Stone. Mrs. Stone is the bride's sister.

Miss Wild was graduated from Slaton High school in 1939, attended Draughon's Business college, and has until recently been an employee of Lubbock Army Air field.

Sgt. Thompson was graduated from Tahoka High school, in 1937. Prior to volunteering, he was employed by Higginbotham Lumber company in Abilene.

A reception will be held in the Wild home in the evening. The serving table will be covered with a tablecloth of old lace once belonging to the bride's grandmother. A three-tiered wedding cake topped with a miniature bridal couple will center the table.

The couple will be at home in Lubbock.

Annual Tea Scheduled For Book Reviewers

Dean Mary W. Doak will review a late book of Clare Leighton's at the annual tea of Tech Book Reviewers club Tuesday from 5 until 6 o'clock in the F. R. Friend home, 2005 Broadway.

Margueritte Nobles, president, will greet guests at the door. Each member may bring one visitor.

Club officers for next year are Betty Herring, president; Patsy Smith, vice-president; Marjorie Street, secretary; Merle Johnson, treasurer; Nancy Everline, A.W.S. representative; and Margaret Bell, reporter.

ACE Planning Visitors Night

Association of Childhood Education is sponsoring a visitors night Tuesday at 8 o'clock in Senior High school gymnasium as part of the year's program which is based on the theme, "Child in the Community."

Following a program, those present will make a tour of exhibits of work which has been done by classrooms of all Lubbock public schools. Miss Dorothy Lomax, director of curriculum in Lubbock schools, who is in charge of the Tuesday program has said the work will be exhibited to interpret Lubbock schools to parents and to give them a cross-section of activities of school work other than the fundamentals. The work has been done as extra-curricula activities.

Program Is Outlined

The program is to be as follows: Part 1, Spanish, Los Osos Tres (The Three Bears), by Wilson school, Miss Lois Hale, teacher; La Raspa: a traditional Mexican dance, Dupre school, Miss Dimple Watson, teacher. Part 2, Recreation, folk dance, K. Carter school, Miss Pearl Jackson, teacher; team game: corner ball, George R. Bean, Miss Edwin Read, teacher. Part 3, The Arts, "A Song of Peace from Finlandia," (Sibelius) and "Vesper Hymn" (Bortnyansk), Central Ward, Sanders and K. Carter schools, Mrs. John Watson and Miss Imogene Webster, teachers; Modernized Version of Rumplestiltskin, Hunt school, Mrs. Lattie Rankin, teacher; choral readings: No Sir, Old Daddy Do-Funny, Psalm of Praise, Whatsoever Things Are Pure, This Is America and the Congo, Junior High school, Mrs. J. L. Teal, teacher.

All interested in childhood education are invited to the program and exhibit. Entrance to the gymnasium is on Eighteenth street.

May 2 Capt. W. B. Irvin will speak at an ACE dinner which will be the last meeting of the year.

Joyce Hackel Is Married

The marriage of Miss Joyce Hackel, only daughter of Mr. and Mrs. Fred L. Hackel, 1914 Twenty-fifth street, and Lt. Allan Ray Marcus, son of Mrs. A. M. Marcus of Gary, Ind., was solemnized at 5 o'clock Thursday afternoon in the parlor of the First Christian church.

Rev. H. G. Gantz read a double ring service. A bridal arrangement of palms and calla lilies in large baskets formed the background for the scene which was illumined with white cathedral tapers in floor candelabra. Lilies were placed on the mantel.

Miss Viralyn Patrick sang D'Hardlot's "Because" and Berlin's "Always," accompanied by Miss Eleanor Jackson, pianist, who also played the traditional wedding marches.

The candles were lighted by Misses Barbara Hale and Jane Hiatt and Misses Ruth Genelle Spikes and Mary Lou Metcalfe were usherettes.

The bride who was given in marriage by her father, wore a gown of imported white net. The bodice made over Valencienne lace was designed with high round neck with quaint off the shoulder yoke, outlined with a shirred puff of the net. The long fitted shirred sleeves extended into points over the hands. The very full skirt, attached at the low waistline of the bodice, extended into a long graceful train. Her short tiered veil of imported bridal illusion was attached to an ingenue cap of the illusion, ornamented at either side with small sprays of pearlized flowers. She carried a prayer book topped with white orchids and showered with ribbon and snapdragons

Cousin Is Attendant

Mrs. B. K. Shaw of Duncan, Okla., who served as her cousin's only attendant, wore a picture gown fashioned of heaven blue satin and matching marquisette, designed with deep V neckline, bracelet length sleeves and bouffant skirt. Her calot of complexion shadow veiling was festooned with tiny yellow velvet bows. She carried and arm bouquet of yellow roses

Mrs. Hackel, mother of the bride, wore a gown of pale gray

(Turn to Page 6, Column 4, Please)

Altrusa Head Will Visit Local Club

CLUB programs for the first week in April will vary from a discussion of Russia, suggestions for gardening and canning, business meetings, the showing of movies, a discussion of language, a musical program, book reviews and a birthday celebration.

Dr. Nina Fay Calhoun, of Dallas, international president of Altrusa clubs, will speak here Thursday night when the local club celebrates the birthday month of the club with a dinner at Hilton hotel at 7 o'clock. Miss Clara Pratt is to bake the birthday cake.

Altrusa club was established in April, 1918. At present there are clubs in Mexico, Puerto Rico and in the United States.

The guest speaker, who is coming from Dallas, to be accompanied by Mrs. Adaline Rutherford.

Program On Russians

Lubbock Woman's club members may invite guests to hear Mrs. Ben F. Brewer review the book, "War and Peace," Tolstoy at Hilton hotel Tuesday afternoon at 3 o'clock. Roll call will be on the subject, "What I Know About Russians."

Mrs. Thomas L. Gibert, 2201 Broadway, will be hostess to Lubbock Music club Saturday afternoon at 3 o'clock. Mesdames W. C. Wood and R. G. Porter will assist. Program leader is to be Mrs. Gettys Tucker.

Epsilon Sigma Alpha will meet Monday night at 7:45 o'clock at Hilton hotel for a speech on "Acquiring a Speaking Acquaintance with Philosophical Language" to be given by Miss Ina Bacon.

"Vegetable Gardening and Can-g" will be discussed by Miss ..ary Alice Crosson at the Lubbock Junior Garden club meeting to be held Thursday afternoon at 3 o'clock in the home of Mrs. W. A. Black, 1717 Thirty-third street, with Mrs. T. M. Swanson acting as co-hostess.

To Show Movies

Dr. J. C. Anderson will show movies he has taken when South Plains Dahlia society meets with him and Mrs. Anderson at their home, 3720 Twenty-fifth street, Thursday night at 8 o'clock.

Bud to Blossom club is to meet Thursday afternoon at 3:30 o'clock with Mrs. Foy Johnson, 1515 Twenty-seventh street. After a business meeting, Mrs. Millard F. Swart will discuss "Planting and Growing Dahlias."

City Parent-Teacher council is to meet Tuesday afternoon at 1:30 o'clock at Senior High school auditorium for a busines meeting.

Bookman Units To Meet

American Association of University Women Bookman groups will have regular monthly unit meetings Wednesday night.

Unit 1 will meet at 7 o'clock for a covered dish supper in the home of Mrs. Newman Casey, 2214 Twenty-first street. Reviewers are to be Misses Mayme Alexander and Trula Maude Jetton.

Mrs. Dick Green, 2914 Twenty-first street, will be hostess to Unit 2 at 7:30 o'clock. Mesdames W. C. Watts and Gordon Douglas will review books.

Mrs. Vada Spence and Miss Lillam Johnson will be reviewers for Unit 3 at a meeting in the home of Mrs. J. E. Hartley, 1518 Avenue O, at 7:30 o'clock. Miss Mary Magee is to be co-hostess.

Unit 4 will meet in the home

(Turn to Page 3, Column 5, Please)

Scout History Is Discussed

Girl Scout history, progress and plans were discussed at a meeting of City Federation of Women's clubs Friday afternoon at the club Little House.

Mrs. H. F. Godeke told about the building of the Little House.

Growth of Girl Scouting in Lubbock was discussed by Mrs. E. E. Louthan, commissioner of Girl Scout council. She also told about activities of Girl Scouts that have aided the war effort. They have helped in all war drives, sent money to the "blood bank" in Denver, distributed folders for the clean-up drive, prepared tubercular seals for mailing, acted as hostesses and sorted magazines at USO.

Miss Head Is Speaker

Miss Rosemary Head, executive secretary of Lubbock Girl Scouts, who spoke on "Welfare of Youth in Girl Scouting," was introduced by Mrs. Louthan. She said Girl Scouts are taught to be leaders, to live a well-rounded life, and are made to realize their responsibilities. She stressed the fact that Girl Scouts are taught the prevention rather than the cure of juvenile delinquency. There are now more than five hundred Girl Scouts and Brownies in Lubbock and there could be more if there were enough leaders, Miss Head said.

Barbara Leonard gave two accordion numbers, "America" and "Blue Skies."

During a business meeting Mrs. Godeke was elected to attend the district convention of federated clubs that is to be held in Plainview April 17 and 18.

Mrs. S. W. Brunson was chairman of the program. Approximately seventy-five attended.

Miss Biddle Lectures To Garden Clubs On Flower Arrangement

ABOUT 200 women attended the lecture on "Flower Arrangement" given by Miss Dorothy Biddle of Pleasantville, N. Y., Friday morning at Midway theater, first co-operative event of associated garden clubs in the city.

Miss Biddle, authority on flower culture, author and lecturer, listed five steps in flower arrangement:

1. Pick your flowers and immerse in water for several hours or overnight.
2. Decide where the flowers are to be placed, since this will call for a definite type of arrangement.
3. Close your eyes and imagine the loveliest arrangement possible.
4. Choose your container to complete your plan.
5. Decide what mechanical helps you need. For instance there are needle point holders for various sizes, hairpin holders for mass effects and the birdcage type, and floral clay may be used for angling a holder to a container, to hold a holder to a dish and to weigh down leaves or flowers.

Design is not a theory because every rule made for flower arrangement has been broken, Miss Biddle said. She defined flower arrangement as "Putting together in a pleasing and orderly fashion of different elements to make a harmonious whole."

"The principles of good design are balance, rhythm and scale, she continued. "Good balance means visual stability. A good design will follow some geometrical pattern, a crescent, a triangle, a circle, an S, etc. You may have only one geometrical design in any one arrangements. Flowers give three qualities: weight, line and color and accessories should be placed where the line draws your eyes."

Miss Biddle made about a dozen flower arrangements, including a dainty, old-fashioned nosegay in a metal lace container, a pastel mass arrangement in a crystal swan container for a dinner table, a mantel arrangement in an ob-

(Turn to Page 2, Column 3, Please)

Traditional Egg Hunts Planned For Children Next Week End

BECAUSE children have always associated egg hunts with Easter, traditional outings will be held for them next week-end despite wartime conditions and shortages. The Easter parties are being sponsored by the ward schools and churches.

Every room at K. Carter school will have an Easter party or egg hunt sometime Friday. The hunts will be held at Seventh street park.

Arrangements are being made for egg rollings for primary pupils of Dupre school to be held on the school lawn and at homes Friday afternoon at 2 o'clock.

Several rooms at George M. Hunt school will give Easter egg hunts Friday afternoon at 1:30 o'clock.

Easter decorations are being made by art classes of Sanders school. Friday afternoon at 1 o'clock the first grade pupils will go to Mackenzie park to hunt Easter eggs. Other grades will go at 2 o'clock. Children are to bring the eggs to be hidden.

Classes of primary 8 at First Baptist church will have an Easter picnic Wednesday afternoon at 3:30 o'clock at Mackenzie park. Mesdames Allie M. Dyer, Adrian Bowden, Sue Jenness, C. N. James Roscoe Webster, W. E. Twitty, Joe George, and Misses Zelma Collins, Zenobia Reid, Viralyn Patrick and Panze Butler will be in charge.

Mrs. Bowden's class of primary 8 boys had an Easter egg hunt Saturday afternoon at the park.

Children of primary department of First Christian church will have an Easter party given by Mesdames A. A. Roberts, W. W. Schroeder, and Clarence R. Harless at a place to be announced later. Eggs will be brought by the children.

The primary department of St. Paul's Episcopal church, which includes children through the second grade, will have a hunt on the lawn north of the church and upper grades will meet at the home of Mrs. J. I. Kilpatrick, 2220 Thirteenth street. These will be at

SATURDAY

Lubbock Music club, 3 p. m., Mrs. Thomas L. Gilbert, 2201 Broadway, Mesdames W. C. Wood and R. G. Porter, assisting.

Mr. and Mrs. Howard Hunt have as their guests her sister, Miss Orene McClellan of Dallas; Mrs. James Hicks of Spearman, whose husband is in the air corps in England, and R. L. McClellan, who is in the U. S. Navy and recently returned from 16 months of service in South Pacific.

Hello:

March is gone and April is here. I am wondering if you have done anything about dressing up your house for the summer? You'll wish you had when you see the new slip covers, lamps and other accessories that your neighbor has to give her house a fresh look. New Wallpaper and new brics will certainly make you like to stay home and most of us are doing more of that now than ever before.

One of the newest arrivals at the Decorators Studio is a mahogany Sideboard. The doors in the front are mirrored and the open tiers at the ends are backed with mirrors. These tiers make a beautiful background for displaying those lovely pieces of silver you haven't been able to show.

The Studio had two letters from former employees last week. Margie Edwards who is living in Zion, Illinois with her husband a chief specialist in the Navy wrote that she longs to come back to the Studio. Ruth Taylor Hunt who now lives in New York City is really seeing New York. n fact, I think she could hire out as a guide. She has seen all the good shows and attends the Metropoliton Opera every chance she has. Knowing Ruth as we do, we bet she isn't missing a single opportunity to do the really worthwhile things New York offers. And, too, Jean Freeman will be home about the sixth. We all hope Jean will be back at the Studio during the summer.

From what I heard (grapevine), a certain nearly bald-headed man who thinks he is going to the Army soon had better watch out. He did a good job embarrassing a blonde whose hair turns red every once in awhile and she intends to even the score if she lives long enough. If you were in Mexican Inn last Sunday night you probably know who I mean.

For those of you who have been asking for plate racks in mahogany the Studio has some now. They are for the wall and the effect they give as wall decorations is perfect.

There will be more next week.

Yours,

Grandpa Nosey

Adv.

MRS. RYAN WHITTEN

* * *

Miss Hawkins Weds A-S Ryan Whitten

In a double ring ceremony, Miss Margaret Hawkins, daughter of Mr. and Mrs. A. M. Hawkins of Hollis, Okla., and A/S Ryan N. Whitten, son of Mr. and Mrs. W. O. Whitten of Corpus Christi, were united in marriage Saturday afternoon at 4 o'clock at St. John's Methodist church. Rev. Alsie H Carleton officiated.

Miss Ruth Strain, accompanied by Miss Dorothy Paulson, sang "I Love You Truly" and the Glee Club quartet, directed by A/S Emilio de Cristofaro, sang "Because."

Mrs. Gaines Is Attendant

The brde's wore an ashburn blue dress and carried a bouquet of Talisman roses. She was attended by Mrs. W. A. Gaines, who wore an egg yolk yellow dress and a corsage of white carnations. Misses Georgia Reeves and Rose Marie Roberts, bridesmaids, wore matching dresses and white carnation corsages.

Mr. Gaines was best man and groomsmen were Bob Walker and Carl Ward.

At a reception at the Gaines home, spring flowers were used throughout the house. Misses Eugenia Martin, Mary F. Jones and Georgia Reeves presided at the refreshment table.

Mrs. Whitten, a graduate of Hollis High school, is a freshman student at Texas Technological college. Mr. Whitten, a graduate of Corpus Christi High school is a former student at A. and I. college, Kingsville. He has been in the service for a year.

The couple is at home in Lubbock.

Flower Lecturer

(Continued From Page One)

long green container of ranunculas with green foliage, a small arrangement of daffodils and a spray of Japanese quince.

She was a house guest of Mrs. C. E. Maedgen and left Saturday for Amarillo where she will assist in a two-day school for garden clubs.

Mrs. H. S. Weiss gave a tea Friday afternoon for garden club presidents and interested members. "Flower Shows" was the topic discussed.

Mrs. N. H. Holt was in charge of general arrangements for Miss Biddle's appearance; Mrs. George Soash in charge of flowers and Mesdames O. R. Hand and Foy Johnson, co-chairmen of tickets.

IN ROGERS HOME

Members of East Side Home Demonstration club met in the home of Mrs. C. R. Rogers Friday afternoon.

After several songs were sung, Mrs. Rogers led the group in games. A program on "Know Your Soldier" was given by Mesdames Carl Kindrix, Henry and Rogers. A round table discussion followed.

The club will meet April 17 in Mrs. Roger's home with Mrs. Kindrix as co-hostess.

BONNIE RUTH McGUIRE

* * *

Bonnie McGuire To Marry Pfc. Haylor

Miss Bonnie Ruth McGuire, daughter of Mr. and Mrs. A. R. McGuire, 2410 Fifteenth street, will become the bride of Pfc. George H. Haylor of Austin and stationed at South Plains Army Air field this evening at 7 o'clock at the post chapel.

The bride will wear a white dress with white accessories and a white carnation corsage. Her sister, Miss Virginia McGuire, will be maid of honor. She will wear a gold dress with lavender accessories.

A. J. Ward is to be best man.

After a short wedding trip to Austin, the couple will be at home at 2409 Fifteenth street.

AWS Dance Planned Wednesday Night

At an all-girl dance to be held Wednesday night at 8:15 o'clock at Tech gymnasium, nominations for officers of the 1944-45 Association of Women Students of the college will be made. The association is sponsoring the dance.

Junior council president is to be nominated also.

Election will be held April 11 in the Administration building. All women students are eligible to vote.

Officers of the association at present are Mary Menon Stangel, president; Lucille Melton, vice-president; Jo Hal Wofford, secretary; and Frances Ford, treasurer. Anna Baker is Junior council president.

Canada's land area is 3,466,556 square miles.

From Lou To Louella

DEAR LOUELLA: Buster Melton is going steady with Nell Anthony. In the meantime Hope Cade is having more dates than she can keep up with. Spring has hit others, too, making them "steady goers." They are Doris Cornelius, Jackie Jernigan; Betty Cope, Johnny Waddell; Edyle Hill, Bill Barnett; Francine Young, Owen Gilbreath, Virgil Miers and Donella Bucy and Hugh Monroe and Ruth Anthony contemplated taking the "steady step" but decided against it. This bunch and others are spending the week-end in Lamesa.

A cute deco-brunette beauty, Jo Ann Bailey, and blonde, vivacious Jane Lawson are often together . . . Former Techsan Mert Starnes is now overseas . . . Darleen Newton is wearing "that ring" from Sailor James Elvis O'Hair. His cousin R. J. O'Hair and Kathryn Millsap are also engaged . . . Cpl. James Nelson, gunner on a B-24, was here recently on a furlough.

* * *

Here And There

Popular debatable question on the campus is — "Who should get the dorm which has been vacated by the engineers, men or women?" College officials find it a question, also . . . Doyle McLeod has been home from Amarillo Army Air base, where he is in technical school, to see his wife and new baby. Mrs. McLeod is the former Margie Leftwich . . . Bernice Gordon is working in Washington . . . Seen having crazy fun were Fred McDonald and Rue Copeland and Leslie Morrisset and Margene Fry.

Surprise is coming to Tech. It will meet with the extreme approval of all Techsans who dance. Further announcements are to be made later . . . Lt. Warren Adams, bombardier and former Tech student, was visiting here this week . . . Mary Bell and Sgt. Elmer Harris have made mutual agreements to exchange wedding vows sometime in the future . . . Mae Davis was a happy one when A/S Bob Crawford was among pre-flights whose shipping orders were cancelled for a while . . . Lt. and Mrs. Richard L. Rist, she — the former Jean Bardwell — are in New York awaiting his shipping orders.

* * *

CONGRATS to the juniors and seniors of high school who finally got to have a junior-senior prom. It was a swell affair, too . . . Mary Kathryn Jones and Marvin Enger have broken their engagement . . . Dorthy Neill visited Albert Jones at College Station last week-end to make further plans for their wedding, set for June . . . Seen around are Maxine Ford and Soldier Bob Jackson from SPAAF . . . Practically every girl in Doak hall was at the station to tell engineers good-bye when they left Wednesday. They, the engineers, got quite a send-off.

Jerry Smyth and John-Anna Williams had a date Tuesday night that lasted 10 minutes. Maybe it's because Sir Jerry didn't show up Saturday night at the scheduled time . . . Lottie Margaret Atkinson hears from former Techsan Robert Keyes, now S/Sgt., who is stationed with an Air Forces ground crew in England, but nearby are Pre-flights "Wally" O'Neil and James Fagan . . . Sailor Jack Terrell, stationed at Great Lakes, has been home . . . Down TSCW way went Bill Lee last week-end to see Betty Johnston.

* * *

Caught On The Fly

It seems quite the thing now for the younger set to consult fortune tellers—maybe about love—maybe about something else . . . Lt. Norman Igo was here from Oregon recently . . . A high school clique includes Joan Nislar, Tom Hodges; Ann Orr, Roland Nichols; Marijane Grace, Jim Lewrey; Johnny Gamble, Norma Murrey . . . Mrs. Delbert W. Woolfe, the former Miss Helen Ball, has received an unusual remembrance from her husband observing their first wedding anniversary, April 2. It was his Air Medal sent from England . . . Richard Collier, is home on furlough from Ft. Sill . . . Verdia Beth Edler and Robert Kent are going steady.

Love,

Lou.

Jane Temple Weds Robert Eugene Waller In Formal Wedding Read At Army Camp

Mr. and Mrs. Mohler Devore Temple of 1807 Fourteenth street, are announcing the marriage of their daughter, Miss Elizabeth Jane Temple, to Robert Eugene Waller of the United States Army, son of Mr. and Mrs. L. E. Waller, sr., of St. Louis, Mo., which took place Saturday evening, March 25, at the chapel at Camp Wolters, Mineral Wells, with Captain McDaniels, chaplain, reading a double ring ceremony.

Easter lilies and iris decorated the candlelighted altar.

After the service, the bride's parents were hosts with a reception in the Rendezvous room of the Baker hotel in Mineral Wells and a wedding cake, topped with a bride and soldier bridegroom, was served with punch.

The bride, given in marriage by her father, wore a white Chantilly lace and net wedding gown made with sweetheart neckline and long tightly fitted lace sleeves. Tiny lace covered buttons extended down the back of the dress and the full skirt swept into a slight train. Her heart-shaped headdress of imported bridal illusion fell into a tiered fingertip length veil. She carried an arm bouquet of red roses.

Miss Sally Temple, who served as her sister's maid of honor, wore an aqua marquisette dress made with sweetheart neckline and three quarter length sleeves. Aqua lace with flower designs and bows trimmed the front of the dress which was fashioned with a full skirt. Her headdress was a shell pink tiara of leaves and she wore a shoulder length veil and carried a Colonial bouquet of pink striped snapdragons with lace ruffles and tufts of pink net.

William R. Warren was best man.

The bridegroom is to complete a radio school course at Camp Wolters in two weeks and the couple will leave for St. Louis to visit his parents. The bride is working in the drafting engineering section of Consolidated in Fort Worth.

As long as there is Easter let there be flowers and gaiety and charm in

EASTER HATS

The new way with flowers is restrained . . . a few perfect blossoms just there . . . adding to the line and loveliness of gay little half hats, dashing berets, forward discs, sleek sailors, bumpers, straws, fine felts, crisp fabrics . . . all colors, all headsizes.

Charm School Closing Lecture Is Based On Military Receptions

Military receptions were discussed and illustrated Friday afternoon at the concluding program of the Charm school sponsored at the USO for the past two weeks for Officer candidate wives by Tech Council of Women Graduates.

Mrs. Ralph E. Holmes spoke and hostesses chosen from cadet wives were Mesdames E. F. Murphy, J. C. Henderson, R. E. Johnson, John Hawn, Albert Kopert and R. V. Wilson.

Those who directed the nursery during the afternoon were Peggy Hess from the college and Lynn Marie Ryan, Helen Lois Simpson and Peggy McClatchy from Junior High school.

Special guests were Dean Margaret W. Weeks, Mrs. W. B. Gates, Misses Esther Sorensen and Mabel Erwin.

IN SPOTLIGHT—Sharing the spotlight with Easter bonnets are bag and glove sets like the primitive pink suede gauntlets and tom-tom Brody bag original, above, which ties up perfectly with the little satin sailor.

Robert Stebritzes Announce Wedding

Mr. and Mrs. J. T. O'Neal of 1924 Twenty-ninth street, are announcing the marriage of their daughter, Mrs. Emalu Jefferies, to Lt. Robert A. Stebritz of Iowa which took place at the home of Rev. C. E. Hereford. A double ring ceremony was read.

The bride wore a forest green suit with black straw hat and black lizard accessories and an orchid corsage. Miss Elizabeth Belew of Vernon, maid of honor, wore a gray suit with black accessories and a corsage of red roses.

Lt. L. W. Roberts of Dallas was best man.

The bride has attended Texas Technological college for three and one-half years where she is majoring in history. She is a member of DFD social club. She worked in Dallas for one and one-half years with the National Geophysical company.

Lt. Stebritz received his basic and primary training at Ballinger and San Angelo and received his wings from Lubbock Army Air field Feb. 8. He is attached to that field as an instructor.

The couple is at home at 1924 Main street.

The oldest known turtle on record is a Marion's tortoise that lived on the island of Mauritius for 152 years.

Pilgrimage Scheduled For Episcopal Women

To complete a study of "We Who Are America" members of St. Paul's Episcopal Women's auxiliary will make a pilgrimage of Carver Heights and Mexican quarter Monday afternoon. Transportation will be provided.

There is to be an executive board meeting at 1:30 o'clock at Seaman hall.

The first steamboat on the Mississippi appeared in 1811.

Couple Takes Vows In Wedding Chapel

Mr. and Mrs. Reed B. Loflin of Ralls are announcing the marriage of their daughter, Mrs. Ruth Blain, to Lt. (j.g.) Ligon Lee Jones, USNR, son of Mr. and Mrs. Archer L. Jones of Hopewell, Va.

The marriage vows were exchanged Saturday, March 18, at 7 o'clock in the Chapman Park wedding chapel in Los Angeles, Calif. The candle-lighted altar was decorated with white lilies and palm leaves. The organist played the traditional wedding music and "Moonlight Sonata" and "Indian Love Call." Dr. L. L. Miller, Methodist minister at the University of Southern California, performed the ceremony. The bride was given in marriage by her father.

The bride wore a navy and white pin-checked tailored suit with white accessories and a corsage of lavender orchids. She was attended by her sister, Mrs. E. R. McGee of Burbank, Calif., who wore a navy suit with red and white accessories and a corsage of camellias.

Mrs. Loflin wore a black suit with beige accessories and a corsage of brown orchids.

Lt. (j.g.) David Tytherleigh of Laguna Beach, Calif., was best man.

Graduate Of Tech

At the time of her marriage, the bride was employed by the United Airlines of Burbank. She is a graduate of Texas Technological college, majoring in home economics. She was a member of Ko Shari club.

Lt. Jones is a graduate of Randolph-Macon college, Ashland, Va., where he was a member of Phi Kappa Sigma social fraternity and Omicron Delta Kappa and Phi Beta Kappa, honorary societies. He also is a graduate of University of Richmond law school and before entering the Navy practiced law with his father in Hopewell.

The couple has gone to San Francisco where Lt. Jones is reporting to duty.

Holy Week To Be Observed

Holy Week services in St. Elizabeth's Catholic church will be carried out in traditional manner this year. Today, Palm Sunday, which marks the beginning of Holy Week, will be observed by the blessing and distributing of palms at the 11 o'clock mass. In the evening service at 7:30 o'clock, there will be a pulpit dialogue in which the Rev. Wm. F. Blakeslee and Rev. Robert Walsh will discuss, "Does It Make Any Difference What A Man Believes?".

Wednesday evening at 7:30 o'clock there will be rosary, sermon by Rev. Peter Hoey and benediction of the Blessed Sacrament. Mass and procession will be held on Holy Thursday morning at 8 o'clock. Holy communion will be distributed at 7 and 7:30 o'clock Thursday morning. Adoration of the Blessed Sacrament will be observed all day closing with evening devotions to be conducted by Rev. Edward Lawler.

Good Friday Services

On Good Friday there will be the Mass of the Presanctified at 8 a. m. Stations of the Cross and meditation on the Seven Last Words will be conducted between 2 and 3 o'clock that afternoon. At 7:30 o'clock that evening there will be Stations of the Cross with sermon by Rev. Wm. F. Blakeslee.

The blessing of Easter water and the Easter Candle followed by Mass will begin at 8 o'clock Saturday morning.

Confessions will be heard after the evening services and on Saturday from 3 to 6 and from 7 to 9 p. m.

Services on Easter Sunday will be at 6, 9:30 and High Mass at 11 a. m. Music for the High Mass will be Leesch's Mass in F furnished by St. Elizabeth's choir under the direction of Sgt. Attilio Poto of the Lubbock Army Air field with Miss Louise Bynum at the organ.

Church Notes

Special services will be held nightly at Asbury Methodist church, Twentieth street and Avenue T as part of Holy Week observance, Rev. C. A. Bickley, pastor, has announced. General theme for the week will be "The Christ Men Need." Nightly subjects are: Monday, "The Leading Christ;" Tuesday, "The Saving Christ;" Wednesday, "The Praying Christ;" Thursday, "The Comforting Christ;" Friday, "The Suffering Christ;" and Sunday morning (Easter) "The Victorious Christ."

Schedule of quarterly conferences announced for the coming week by Dr. L. N. Lipscomb, district Methodist superintendent, include: Sunday at 11 a. m., Pettit and Whiteface at Pettit church; 3 p. m. at Morton and following the evening service at Sunday; Monday night at Levelland, Tuesday night at Asbury (Lubbock); and Wednesday night, joint conference for St. John's and First church, Lubbock, following the sermon by Bishop A Frank Smith at First church.

Services at St. Paul's Episcopal church in commemoration of Holy Week have been announced by Rev. John A. Winslow, rector, as follows; Tuesday, Holy communion at 10 a. m.; Maundy Thursday, Holy communion at 7 a. m. and at 7:30 p. m. following with sermon; Good Friday, Passion of Our Lord, three hour service beginning at 12 noon; Saturday, Holy baptism at 5 p. m. All services will be at the church, Sixteenth street at Avenue X.

DR. M. NORVEL YOUNG

* * *

Dr. Young New Minister Here

Dr. M. Norvel Young of Nashville, Tenn., will fill the pulpit of the Broadway Church of Christ today for the first time, and will continue services with the church as their new minister.

His wife, Mrs. Helen Young, accompanies him here. She is a native of Oklahoma City, Okla.

Dr. Young graduated from David Lipscomb Junior college in 1934. He continued his education in Abilene Christian college, graduating in 1936. Receiving his master's degree in 1937 from Vanderbilt university, he spent seven months in a world study trip, visiting twenty-one countries, spending one month in the Holy Land.

Instructor In College

In the fall of 1938, he became instructor in Social Sciences at George Pepperdine college in Los Angeles, Calif. He preached for the York Blvd. Van Nuys and West Los Angeles congregations of the Church of Christ while teaching.

Since 1941, Dr. Young has been minister of the College church at David Lipscomb college in Nashville. During this time he has received his Ph.D. degree from Vanderbilt. He now is associate editor of the 20th Century Christian, a magazine primarily for young people of the churches of Christ

EVANGELIST TO SPEAK—Mrs. Willa Short (above) of Oklahoma City, nationally known evangelist, will speak each evening at the Assembly of God church, 2103 Avenue O, for the next two weeks, possibly longer. Mrs. Short has conducted revival meetings in most of the Full Gospel churches in the United States and Canada. Rev. Mont M. Walker, pastor of the church, said the public is invited to hear these messages. Services will begin each evening at 8:30 o'clock. She will also speak at the 11 o'clock hour this morning.

Rev. Winslow Given Student Work Post

Rev. John A. Winslow, rector of St. Paul's Episcopal church, has been named provincial secretary for Episcopal college student work in the province of the Southwest which is made up of Mississippi, Arkansas, Oklahoma, Kansas, Texas and New Mexico.

Appointment was by the Rt. Rev. H. St. George Tucker, D. D., presiding bishop of the Protestant Episcopal church, upon nomination of clergy in college towns of the province.

Rev. Winslow is to attend a church conference in New York City April 18-25.

Silk stockings are said to have been worn first by King Henry II of France in 1547.

The glass snake is not a snake, but a legless lizard.

Bishop Smith Is To Speak Here

Bishop A. Frank Smith, D. D., LL. D. of Houston, will be guest speaker for the First Methodist church and St. John's Methodist church in a series of meetings beginning today and continuing through Easter in observance of Holy week. Bishop Smith will speak in the auditorium of the First Methodist church each morning at 10 o'clock and at each evening service at 7:30 o'clock.

Born, licensed to preach, and married in Texas, Bishop Smith is hailed over the nation as a great personality and wise administrator. His name appears in "Who's Who in Clergy," "Who's Who in America" and "Who's Who in Texas."

Bishop Smith was elected to the highest office of the Methodist church at the age of forty, and although he is still in his early fifties, he has served his church as fraternal delegate to the United Churches of Canada, director of the Aldergate's Commeration, chairman of the commission of rural work and a member of the commission on unification of American Methodism. Since unification, he has been the executive chairman of the Episcopal council, the highest office within the gift of the church; chairman of the South Central Jurisdictional conference, chairman of the division of home and missionary and church extension, together with numerous committees and commissions from various branches of his church.

Yet, Bishop Smith is first of all a Texan and interested in Texas institutions, being at the present time president of the board of trustees of Southern Methodist university at Dallas; trustee of Southwestern university, Georgetown, Tex.; director of the Texas Methodist foundation; as well as a trustee of Scarritt college, Nashville, Tenn., and the American University of Washington.

SPAAF Sets Seasonal Religious Services

Plans for seasonal religious services at South Plains Army Air field have been made, it was announced by the post chaplain's office Saturday.

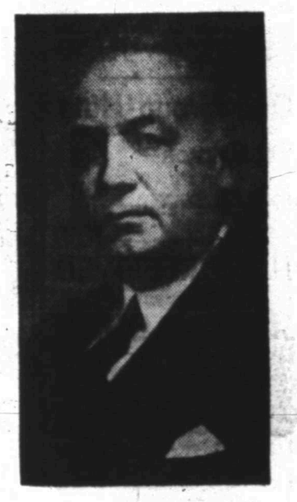

Celebration of the Lord's Supper will be held at the chapel at 10 o'clock Sunday.

It was also announced that personnel at the field interested in accommodation for the Passover Seder Friday, April 7, were to ccontact Rabbi I. Garsek in the city by Monday night.

Special Easter services also will be observed at SPAAF but definite plans for the observance have not yet been made, it was said.

The CHIROPRACTOR-and You

ACCIDENTAL BLOCKAGE OF NERVES

Case History No. 1684. Boy, age 13, who had been perfectly well until he was in a car accident. After the accident he became paralyzed, couldn't walk or talk. His memory was so bad that he couldn't remember his own relatives. He was in severe pain all of the time. At the time of the accident he weighed 127 pounds and four months after the accident he weighed 67 pounds. Upon examination we found that he had a misplaced vertebra pressing on nerves which was the cause of all his trouble. The nerve pressure was released and all symptoms began to improve. Although the boy isn't completely well, he is able to stand alone for about ten seconds and has gained forty-five pounds, and doesn't suffer any more. He is able to recognize people who he is closely associated with.

CHIROPRACTIC PRINCIPLES

A mis-placed vertebra can be aptly compared to a dam. The mis-placed vertebra squeezes the opening through which nerves pass. The reduced size of this opening produces a pinching or pressure upon nerves. This obstructs a free flow of nerve force through those nerves. Build a dam across a river and you produce a similar condition. The dam backs up water behind the dam. This keeps water from going through and getting below the dam. The mis-placed vertebra acts as a dam on the nerves of the spinal cord. The damming back of human nerve force produces a stuffy, full, congested feeling behind the obstruction—in the head. It also keeps nerve force current from flowing forward below the obstruction, starving territory below, producing dis-ease in the organs of the body, which otherwise would be fed by that nerve force flow. Dis-ease is a starved condition. The chiropractor locates the obstruction and removes it so that the nerve force can get through to all parts of the body.

What do you mean...
"a Chinaman's chance"?

Centuries ago, the story goes, Chinese river traders avoided disastrous loss in the turbulent waters of the Yangtze River by *sharing* their losses.

A wise old Chinaman watching 100 skiffs being loaded suggested that each merchant put only a part of his goods in each boat. Five of the skiffs were lost, but all of the merchants got 95% of their goods through safely.

Through the years, insurance practices have been refined and improved. Today at low cost you, too, can have FREEDOM FROM UNCERTAINTY. If you have a risk to be insured, even an unusual one, let us advise you.

THE Nth FREEDOM

FREEDOM FROM UNCERTAINTY is a contribution of the insurance business to better living. By measuring risks and spreading costs, insurance frees the individual from the threat of disastrous loss. The record of modern insurance is one of sound business management at moderate profit, and constantly broader protection at lower cost.

Range Of Support Prices On Potatoes Announced By WFA

WASHINGTON, April 1 (AP) — The War Food administration announced today that it will support grower prices of early and intermediate crop potatoes at rates ranging from $2.05 to $3.50 and late crop potatoes at rates ranging from $1.65 to $2.45 per hundred pounds.

The levels at which prices will be supported vary by regions, grades and varieties and, in the case of late potatoes suitable for storage, by the month when placed under storage.

Prices Slightly Higher

Officials said this year's support prices range from 5 to 15 cents above those in effect under a somewhat similar program last year.

Prices for early, intermediate and late crop potatoes other than storage potatoes will be supported by government purchases and by programs for diverting any excess potatoes into hands of processors for canning dehydrating and other uses.

Loans To Be Made

In the case of late crop potatoes suitable for storage, the government will make loans as the support rates from about Sept. 15 to Dec. 15. Loans will be available to producers, associations of producers and certified dealers.

The basic support prices relate to carloads of U. S. No. 1 grade potatoes, sacked and loaded FOB carrier at country shipping points, with differentials for potatoes of specified lower grades.

The WFA said that purchase operations for 1944 late crop potatoes will not be undertaken.

Bucket Brigade Saves Houston Lumber Yard

HOUSTON, April 1 (U.P.) — A bucket brigade early today confined a blaze to the planing shed where it originated and thereby probably saved the Imperial Lumber company from being razed.

No connections were available for fire hoses, so firemen and residents of the neighboring area formed an old-fashioned bucket line. The fire was prevented from spreading, although the planing shed was destroyed.

JAP GENERAL OUSTED

MOSCOW, April 1 (AP) — The Soviet news agency Tass quoted a Japanese dispatch from Tokyo today as announcing that Lt. Gen. Takeo Yasuda had been relieved of his post as inspector general of aviation in a shakeup of the Japanese air command.

Overseas Vet To Talk On SPAAF Broadcast

How it feels to shoot down a German bomber will be described by Sgt. Louis S. Cornett of Omaha, Neb., when he is interviewed on "The Winged Commando Show" from South Plains Army Air field Monday night, 7:30 to 8 o'clock, over KFYO.

Sgt. Cornett was stationed with an anti-aircraft battery in Iceland and was also stationed in England and Scotland. At present he is taking "on the line" training as a member of the Air Crew trainee pool at SPAAF. Sgt. Thad Ricks will interview him on his experiences overseas.

As an added attraction, Sgt. Cornett's sisters, "name" stage performers, are expected to visit him in Lubbock over the weekend and possibly will appear on the program.

The show again will feature a variety of popular music by the 629th AAF Band "Swing Commandos" and outstanding vocalists.

SEVEREST PENALTY

SHREVEPORT, La., April 1 (AP) —Imposing the severest penalty handed down here in OPA suspension order hearings, Commissioner Harry Hall, of the Dallas regional office today suspended the Grogan Oil Company, Inc., from dealing in gasoline for the duration of gasoline rationing. The suspension was ordered as the result of an alleged 37,000-gallon gasoline shortage since the rationing program was instituted.

George W. Neill Of Brownfield Announces Candidacy For 119th State Representative

* * *

George W. Neill of Brownfield Saturday issued a formal statement on his candidacy for State Representative from the 119th district.

Mr. Neill, a resident of Brownfield 36 years, served several terms as county judge of Terry county and has practiced law and engaged in the abstract business there.

"I have grown up with the South Plains," Mr. Neill's statement said. "I know the struggles of its past, its present conditions and its future opportunities. In earlier years I took a leading role in civic development and improvements, such as materially aiding in procuring the railroad extension from Lubbock to Seagraves. I worked jointly with citizens of other counties getting first designations of state and federal highways for this section and worked hard with other committees in getting Tech located where it is.

"With the burdens of the war bearing down with increasing weight and unknown problems around the corner, and being urged by friends here and in adjoining counties, who sense the need of conservative representation based on experience in government, I am offering for the post of state Representative in the coming primary."

Mr. Neill is the father of Jim Neill, popular Texas Tech football player of several years back.

GEORGE W. NEILL

TO HAVE PRIVATE MASS

LONDON, April 1.—(AP)—A DNB broadcast of an Italian dispatch today said Pope Pius XII will celebrate mass on Easter in his private chapel and that there will be no broadcast by the pope to the public.

Chicken production has decreased 10 per cent in the United States since July 1, 1933.

Japs Promised New Surprises

WASHINGTON, April 1 (AP) — New tactical surprises were promised the Japanese today by Lt. Gen. Alexander A. Vandegrift, commandant of the Marine Corps.

"In the ship to shore offensives to come, participated in by all branches of the armed services, as we drive westward, northward or southward toward our major goals, we shall continue to make the most of all those accumulated factors on which we have capitalized in the past," he said in an address prepared for the Federal Bar association. "There will be many times, as we strike, when the enemy will discover that, once again, something new has been added — something fresh from our prolific department of tactical surprises."

Japs Prepared Carefully

Long plotting and preparation left the Japanese fully prepared for amphibious operations when they made their first strike, he said, and early successes no doubt led them to believe their tactics supreme.

But every operation since Guadalcanal has shown growing power and improved technique of American forces, general Vandegrift said, concluding:

"We have outdistanced our enemies in the science of amphibious warfare, and we shall press that superiority to ever-growing advantage until the final victory is won."

Officer Killed In Pecos Plane Crash

PECOS, April 1 (U.P.) — Pecos Army Air field authorities today investigated an airplane crash that took the life of one officer and caused injuries to an aviation cadet.

Lt. Harold F. Nelson of Edmonds, Wash., was killed, and Cadet Emerson Lindemood of Kenton, O., was injured seriously enough to be confined to a hospital.

DRIVE LAUNCHED

NAPLES, April 1 (AP) — Allied authorities have launched a drive to break up black market rings preying on some 3,000,000 inhabitants of Italian territory under their administration, it was announced today.

News Briefs

Lt. (jg) H. A. "Buck" Gregory, has gone to Atlantic, N. J., for new assignment after spending 18 months in submarine control duty in the Caribbean. He has been here visiting his parents, Mr. and Mrs. D. S. Gregory, 1918 Sixteenth street. Lt. Gregory now will begin training as a fighter pilot.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoonfuls two times a day. Often within 48 hours — sometimes overnight — splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by Mark Halsey and drug stores everywhere. Adv.

Missing Weapons Are Sought At Prisoner Camp In Colorado

TRINIDAD, Colo., April 1. (AP) —Three missing weapons — two revolvers and an Army carbine— were sought today by military authorities at the German prisoner of war camp near Trinidad where prisoners were found to have cached crudely fashioned knives and home-made liquor.

Lt. Col. Lambert B. Cain, camp commander, disclosed yesterday that a search for the weapons, missing from an escort guard's quarters since last week, incited prisoners to stage what he termed as a "sit-down strike" in protest against the search of the prisoners' compound.

The strike began Saturday and ended Sunday without violence. Col. Cain said, when he ordered that their food be withheld.

During the search, the camp commander disclosed, a quantity of home-made "wine" made from fermented raisins and other fruits, and knives worked out from old razor blades and pieces of wood, were found.

"Those guns still being missing is a bad thing," Col. Cain asserted, saying "it was criminal carelessness on the part of someone."

Col. Cain was in Omaha when the search for the missing weapons was conducted.

Charges Filed On Officer

Col. Cain said this morning that an officer, whom he declined to name, was under arrest and facing charges, the nature of which he refused to divulge. He said the three missing guns had been stolen from this unidentified officer, but that the charges against that individual involved an entirely different case and one unrelated to the missing guns.

"The case is under investigation by headquarters of the Seventh Service command at Omaha," he said.

Col. Cain did not appear overconcerned because of the prisoners' attempt to make liquor, explaining that "it's something they'll always try to do if they can get away with it." He added: "It's probable that American soldiers interned by Germany would try to do the same thing."

Ride The Bus... BE ON TIME

We take pride in the fact that Texas-New Mexico and Oklahoma Coaches are always on time with more than 52 schedules daily into and out of Lubbock. These schedules are kept on time by the close cooperation and study of every man and woman in this organization.

Next time, RIDE THE BUS . . . the nation's safest, fastest, most economical form of transportation.

and remember . . .

Our busses can serve you better if you plan your trip on week days instead of over week ends!

You can help us do a better war job by carrying only one piece of luggage . . . extra pieces may take up seating space needed by men and women in uniform and other essential travelers. May we have your cooperation!

Future Homemakers Hostesses At Tea To Honor Their Mothers

Mary Emma club, Future Homemakers of Texas at Senior High school, entertained with a Mother-Daughter social in the homemaking department Wednesday evening.

The program included: welcome, Betty Mangum; response, Mrs. A. D. Denton; club speech, Ruby Jo Denton; solo, "This Is a Lovely Way to Spend An Evening," Lonnie Gene Wait; creed of club, led by Lavenia Grisham; radio skit, Patsy Bowen, Lonnie Gene, Mildred Hawkins; solo, "For Me and My Gal," Bula Fae Paige; and a "thank you for coming speech," Annie Mae Graham.

Mothers and daughters present were Mrs. W. H. Griffin, Mary Lo; Mrs. J. W. Denison, Betty; Mrs. A. L. Mangum, Betty; Mrs. Elmer Potts, Ruby; Mrs. Bedford Shearer, Nettie Jean; Mrs. J. W. Roulston, Frances; Mrs. J. H. Jackson, Ruth; Mrs. A. D. Denton, Ruby Jo; Mrs. J. O. Grisham, Lavenia; Mrs. Estelle Stanley, Betty; Mrs. B. L. Akers, Doris; and Mrs. R. L. Cantrell, Billy Jo.

Others were Mesdames C. O. Fox, G. B. Combs, W. E. Morris, and Dorothy Townsend, Doris Stanley and Joann Eppes.

Sponsors present were Misses Gertrude Watson, Elma Miller and Evelyn Jennings.

During the 20 years before World War II, the United States exported about four per cent of the food it produced.

The English call a thumb-tack a drawing pin.

Carefully Planned Garden Urged For Lubbock Families

(EDITOR'S NOTE: The following article on the importance of Victory gardens was written by a member of the Lubbock Garden club.)

The American people are being called upon to have 2,000,000 more gardens this year than last. That means that every person who grew one last year must not let up in his effort to grow the very best one possible, and that 2,000,000 more people who did not find it practical in 1943 must find places and time for vegetable gardens.

According to the opinion of a person who does not particularly enjoy gardening it does not pay to raise a garden in town on a small area. Perhaps so; perhaps not. At any rate, it is not a question at this time as to whether it pays or not. It is a question of keeping one's family properly fed, and being a patriotic American citizen.

One cannot make a worthwhile project of a vegetable garden without first planning carefully, as well as cultivating and watering well. By planting things which reach early maturity and following with another vegetable on the same area, a larger crop can be harvested. In many cases vegetables, such as radishes or lettuce, can be planted in the same row with beets or carrots that develop more slowly. In that way the space may be used for the growing of two and possibly three vegetable crops in the same growing season. Some space can be saved by alternating root and leaf crops.

Pole beans yield a larger crop for the space used than do bush beans. Cucumbers may be trained as vines on wires or trellises with good results. The yard fence does not glare as much in the bright sunshine with some delicious vegetables climbing on it. Vines make a good background for any shrubs of flowers. Lettuce, endive, carrots or beets make attractive borders for the flower beds. Strawberries are nice border plants also. A larger yield of better quality tomatoes for the same amount of space can be expected if the plants are staked and carefully pruned rather than allowed to grow naturally. A little careful planning and selection of varieties mean a much larger crop from a limited space.

Obviously a large space for a vegetable garden is not necessary. From a fourteen by thirty foot space plus the use of the fences, enough vegetables were raised in one back yard in Lubbock to supply a family of two adults and two growing children with fresh vegetables of some kind for the entire year, and surplus enough for one hundred quarts to be canned.

With transportation as it is now and becoming increasingly difficult, the housewife cannot expect to find all of the fresh vegetables in the markets which she has previously bought. The truck gardeners are finding it all but impossible to secure laborers to help plant, cultivate and harvest their crops. One way of helping is for every one to do his bit in raising as many vegetables as possible in his own yard.

Is it quite fair for John Q. Citizen who lives on the South Plains with one of the most fertile soils in the U. S. in his own backyard, plenty of available fertilizer, an unlimited amount of sunshine, and water that can be used to supplement the natural rainfall, to shirk his job of feeding his own family, when so many people living in large cities are forced to go miles on street cars, buses and bicycles to reach a small plot to use in raising a few vegetables??

Too often one is prone to look toward distant fields for opportunities for doing a big part in helping to win this war, but the person who is unable to take part on the fighting fronts is serving his country just as faithfully and well by providing food for the home front

Training Class Will Be Held At Church

A training class for officers of First Presbyterian Woman's auxiliary will be held Monday from 10 a. m. to 2:30 p. m. at Fellowship hall. Luncheon is to be served at noon.

Marcus-Hackel

(Continued From Page One)

crepe, designed with plunged neckline and bracelet length sleeves and bodice embroidered in Chinese aqua and rose beads. She chose a black half hat and her gloves were aqua doeskin and her corsage of pastel sweetpeas

Mrs. Marcus, mother of the bridegroom, wore a black chiffon, lace-trimmed dress with black hat, white gloves and a corsage of gardenias.

Lt. Dale B. Olsen of LAAF served Lt. Marcus as best man.

A reception in the Hilton hotel ballroom followed the ceremony. The bride's table was centered with a large three-tiered wedding cake topped with a military bridal couple and placed on a reflector. White tapers in crystal candelabra flanked the cake. Floor baskets of calla lilies were on either side of the table.

Mrs. Lester E. Grimes cut the cake and Mrs. D. B. Hiatt presided at the punch bowl. They were assisted in serving by Misses Marjorie May, Mary Jane Kinard, Mary Lu Jobson, Hale, Hiatt, Spikes, Metcalfe, Mrs. Mary Elizabeth Coble and Mrs. S. O. Callahan III.

Out-of-town guests were Mr. and Mrs. F. C. Ford of Duncan, grandparents of the bride; Mr. and Mrs. Will H. Ford, Mr. and Mrs. Earl Russell, and Mr. and Mrs. Ross W. Doyle, Duncan; Mr. and Mrs. Russell Ray and son, DeVern, Oklahoma City; and Mrs. H. A. Bass of Shawnee.

The couple left for a brief wedding trip to Abilene and Dallas, after which they will make their home in Lubbock at 1909-B Adams. For travel the bride chose a two-piece model suit with commando bolero jacket of beige woolen accented with navy bands and slim navy woolen skirt with braided crochet belt. Her blouse was of white crepe with a red ascot and she wore a smooth brow half hat of navy straw, white gloves and patent leather accessories. Her corsage was white orchids.

The bride is a graduate of Lubbock High school and a former student at Gulf Park college, Gulfport, Miss. Lt. Marcus is a graduate of Gary High school and in civilian life was a certified public accountant. He received his wings and commission from the last class to be graduated at Lubbock Army Air field.

Guest Night Planned By Composers, Authors

The Lubbock chapter of Composers and Authors is to observe guest night Monday at First Presbyterian Fellowship hall. The program has been announced as follows: Song, "America, My Native Land," words by J. A. Mullins, music by J. M. Hall; "Spring Morning," words by Mrs. J. L. Rosamond, sung by Miss Viralyn Patrick, accompanied by Miss Mary Lu Jobson; "A Driftwood Cross," Mrs. Ethel M. English; book review, "Once In A Blue Moon" (Robert Moore), Mrs. T. E. Buckner; "Light of The Plains" (J. O. Ellsworth), group singing; "The Last Call" (words by Mrs. Buckner), Mrs. Carl Scoggin; "Theme And Variations" (J. M. Hall), Mr. Hall, violin; Eleanor Porter, violin; Dana Woodward, violin; Betty Mangum, cello and Mrs. Hall, piano.

April Tea Planned By Faculty Women's Club

Tech Faculty Women's club will have a tea Wednesday afternoon in the F. R. Friend home, 2005 Broadway, at 3 o'clock. Mrs. T. L. Leach is chairman for the monthly affair.

Hostesses are Mesdames C. D. Eaves, Curtis Hamilton, H. F. Godeke, Elizabeth Young, Archie Bahm, J. D. Strickland, Roscoe Wilson, H. C. Pender, Dean Parker, Valerie Schneider, Cecil Horne, D. D. Jackson, M. F. Landwer, Ray L. Chappelle, F. G. Harbaugh, William G. Dingus, L. C. Christianson, Henry Clay, and Misses Edna Houghton, Frances Urban, Lucile Gill and Dr. Agnes True.

Historians mention embrodiery as early as 1491 B. C.

AN AFTER THOUGHT

A slip on the snowy sidewalk, in winter, is a small thing. It happens to millions.

A fall from a ladder, in the summer, is a small thing. That also happens to millions.

The slip or fall produces a subluxation. The subluxation is a small thing.

The subluxation produces pressure on a nerve. That pressure is a small thing.

The pressure cuts of the flow of mental impulses. That decreased flowing is a small thing.

That decreased flowing produces a diseased body and brain. THAT is a BIG thing to THAT man.

Multiply THAT sick man by a thousand, and you control the physical and mental welfare of a city.

Multiply THAT man by a million, and you shape the physical and mental destiny of a State.

Multiply THAT man by one hundred thirty million, and you forecast and can prophesy the physical and mental status of a nation.

So the slip or the fall, the subluxation, pressure, flow of mental impulses, and dis-ease are BIG enough to control the thoughts and actions of a nation.

Now comes a man. Any one man is a SMALL thing.

This man gives an adjustment. The adjustment is a small thing.

The adjustment replaces the subluxation. That is a small thing.

The adjusted subluxation releases pressure upon nerves. That is a small thing.

The released pressure restores health to a man, that is a big thing. Multiply that well man by a thousand, and you step up the physical and mental welfare of a city.

Multiply that well man by a million, and you increase the efficiency of a State.

Multiply that well man by one hundred thirty million, and you have produced a healthy, wealthy, and better race for posterity.

So the adjustment of the subluxation, to release pressure upon nerves, to restore mental impulse flow, to restore health, IS BIG enough to rebuild the thoughts and actions of the world.

THE IDEA that knows the cause, that can correct the cause of dis-ease, IS ONE OF THE BIGGEST IDEAS KNOWN. Without it, nations fall; with it, nations rise.

The IDEA is the BIGGEST I know of.

News From The Boys Serving In The Armed Forces Of Uncle Sam

Announcement of the death of **James Otis Manning, jr.**, 23, graduate of Lubbock High school in 1938, somewhere in North Africa has been received by friends here. His parents, Mr. and Mrs. J. O. Manning, sr., former Lubbock residents, are now residing in Houston. Manning was a mechanic's mate, second class, in the U. S. Navy Air Corps, in which he enlisted in October, 1941. He went overseas in June, 1943. His death was said to have occurred on January 9 this year. He is survived by his parents and his wife, the former Willie Mae Edwards of Wichita Falls.

MANNING

AN EIGHTH AAF LIBERATOR STATION, England—By successfully piloting his Liberator, "Lucky Penny," Group lead ship, through clouds and intense anti-aircraft fire on a recent raid, **1st Lt. Warren R. Carter**, 24, Lubbock, Texas, enabled his formation to smash an important target in enemy occupied territory. For his outstanding performance of duty Lt. Carter was awarded the "Air Medal" by Brigadier General James P. Hodges, Commanding General of a Liberator division in England." The award was presented by the flyer's commanding officer, Colonel Joseph A. Miller, Wichita Falls, Texas. Sharing honors with Lt. Carter is his bombardier, 1st Lt. Clifford A. Bertagnoli of Pence, Wisconsin, who likewise received the "Air Medal" for their successful mission into Nazi controlled territory. Lt. Carter, son of Sgt. Walter R. Carter, AAB, Blytheville, Arkansas, and Mrs. Alma L. Carter, 3202 Avenue L, Lubbock, received his aviation training at Kelly Field, Texas and Santa Ana, California. He was commissioned at Marfa, Texas. A graduate of Graham public schools, Lt. Carter attended Texas Technological college for three and one half years, he was a member of Alpha Epsilon Delta fraternity. Prior to induction in the Army Air Forces, Lt. Carter was employed by the Southwestern Associated Telephone company of Lubbock. Shortly after receiving his distinguished award Lt. Carter was promoted from second to first lieutenant.

Lt. David L. Callaway, of Lamesa, pilot with a P47 Thunderbolt fighter group based in England, recently was decorated with the Air Medal according to word received from him by his wife, Mrs. Marie Y. Callaway. Lt. Callaway's group has participated in escort missions providing protection for the AAF's heavy bombers striking enemy war production targets in Germany and enemy-occupied countries. The 22-year-old flier is a graduate of Lamesa High school and was employed in a retail hardware store before entering the service. He began his primary flight training at Uvalde in September, 1942, and received his basic and advanced courses at Goodfellow Field and Eagle Pass. He was commissioned at the latter place on March 22, 1943. Lt. Callaway is a son of Mr. and Mrs. George H. Callaway of Motor Route B, Lamesa. He has one daughter, Helen, three months old, whom he has never seen.

CALLAWAY

AN EIGHTH AAF FIGHTER STATION—Every time **2nd Lt. Hershel L. Hill**, climbs into the cockpit of his P-51 Mustang plane, he likes to think he's in the old saddle of his cowpoke days. "Rocky" Hill, as he was known to the folks in Seagraves, Texas, punched cattle for a living before enlisting in the Army Signal Corps, Oct. 7, 1941. Little did he suspect at that time that he would be roaming the range of European skies in the future. Little did he think that his hands used to holding reins, would handle the controls of the fiery Mustang planes which escort the big bombers over Europe supplying protection from enemy attacks. There's a lot that's happened to "Rocky" which no one could have predicted. He was born in Cordell, Oklahoma, Dec. 8, 1915 but moved to New Mexico with his family where he attended Central High school. After a fling at cowpunching and oilfield work, Lt. Hill attended the University of New Mexico where he studied engineering. His new profession led him to Seagraves, Texas where he worked for O. P. Mercer. Then, he moved to California with his family, Mr. and Mrs. Emery Jason, who now live at North Long Beach, Calif.

First Lt. Hardy Ballew, son of Mr. and Mrs. W. E. Ballew of 1512 Avenue O, recently was assigned responsibility of returning to the United States aboard plane on a special military mission, accompanied by another officer. He landed on the southeastern coast and proceeded to New York, from where he flew to his base in Italy. His orders did not call for a leave, so he did not visit here. A sister, Miss Grace Ballew, visited briefly with him in Boston and New York, however. Lt. Ballew has been overseas 16 months, participating in major campaigns in North Africa, Tunisia, Sicily and Italy. He trained in El Paso, Louisiana maneuvers, Fort Monmouth, West Palm Beach, Tampa, Sarasota, Orlando, and Langley field before sailing late in 1942. He was commissioned an officer in the Signal corps at Fort Monmouth. He has traveled more than 50,000 miles by land, sea and air in the three years he has been in the service.

BALLEW

Pfc. Jack H. Williamson, son of Mr. and Mrs. A. F. Williamson of Lubbock route 5, has been here visiting friends and relatives for 23 days. He had been in the Aleutian Islands with the Medical corps for the last eight months. His wife, the former Dorothy Fay Byers, who was employed in Los Angeles, joined her husband in Lubbock. Pfc. Williamson has returned to Camp Carson, Colo., to await new assignment. **Pvt. Charlie Bobby Williamson**, another son Mr. and Mrs. Williamson, has arrived in San Diego where he has begun training as a U. S. Marine.

JACK H.

U. S. NAVAL TRAINING STATION, Farragut, Idaho, April 1. (Special)—A bunch of Texans are at this naval training station 50 miles east of Spokanne, Wash.,—several men from the South Plains and Lubbock itself, it turns out. The commander of company 3024 is **Jess H. Fuglaar**, who formerly traveled over 55 Texas counties for a coffee company. He lived in Lubbock a year or more about 1942, and married Mary Ann Perry of Lubbock. **Arthur E. Gamble** was selected for company yeoman. He was in a real estate office with his father before being sent here, and his wife lives with her parents in Clovis, N. M., until his return. **Merle Edwards**, formerly field Scout executive in Lubbock, is the company's recruit chief petty officer. **Joe Thompson**, former Lubbock High and Red Raider football letterman, is here, as are: **Charles Walker**, former Lubbock High student; **George L. Ashley**, who traveled for a tobacco company out of Lubbock; **William F. Cole, jr.**, former high school student whose mother lives in Lubbock; **William L. Copeland**, who worked for Bob's market on Nineteenth street at Avenue Q; **Sam Lowe**, who was employed in an ice plant at Slaton; **John A. McWhorter, jr.**, platoon leader, son of the Wolfforth postmaster, a former student of Texas Technological college and employe of Lubbock postoffice; **John T. Fountain**, former employed of Lubbock National bank and Southwestern Public Service Co., of Plainview and Amarillo; **Oscar O. Schade**, who was employed by Ohlenbusch Oil company of Lubbock as a truck driver and whose only son was born after the father got here and won't be seen by the parent until a leave is granted. Other West Texans are from Wichita Falls and El Paso.

AN EIGHTH AAF FIGHTER STATION, England — **Captain Shelby J. Harris** of Lubbock, Tex., flight leader in a P-47 Thunderbolt fighter squadron, is now flying as a member of a group furnishing protective escort to the AAF's heavy bombers hitting Germany's war production centers. His group is led by a fellow Texan, Lt. Col. Thomas J. Christian, jr., of Sulphur Springs. A graduate of Texas Tech and a conservationist with the U. S. Soil Conservation Service before he joined the AAF, Capt. Harris began his primary flying instruction at Pine Bluff, Ark., in April, 1942. From there he went to Randolph Field, Tex., for basic training and to Lake Charles, Fla., for advanced courses. He was commissioned a second lieutenant upon his graduation from Lake Charles on Nov. 10, 1942. The 25-year-old fighter pilot was promoted to first lieutenant on April 21, 1943, and attained his present rank seven months later on Armistice Day. He is married to Mrs. Clothille J. Harris of 1308 avenue X, Lubbock. His mother, Mrs. Shelby Harris, lives in Haskell.

HARRIS

TUCSON, Ariz.—**Ensign Frank Lloyd Duncan**, son of W. J. Duncan of 2608 Twenty-third street, Lubbock, and husband of former Robena Formby of McAdoo; **Ensign William Truman Hines**, son of O. R. Hines of Lubbock route 3 and husband of the former Lela Frank Greer of San Francisco, Calif; and **Lt. (jg) Leland Dixon Payne**, son of Mrs. Mary E. Payne of 2111 Fifteenth street, Lubbock, and husband of former Zelma Furgeson of 2320 Thirtieth street, Lubbock, will graduate from the Naval Reserve Officers Indoctrination school here April 12 after completing 60 days of training in seamanship, navigation, ordnance and communications. Receiving a B. A. degree after attending Texas A. and M. college and Texas Technological college, Lt. Payne was vice president and director of the Lubbock National bank in civilian life. Ensign Hines received an M. A. degree after attending Texas Technological college and the University of California, and was personnel officer at San Francisco, Calif., prior to entering naval service. Recipient of the Bachelor of Science degree at Texas Tech, Ensign Duncan was a junior soil scientist at Fort Worth as a civilian.

KINGMAN, Ariz. — **Paul G. Crockett**, son of S. H. Crockett of Lovington, N. M., is a recent graduate of the Kingman Army Air field flexible gunnery school here. As a student gunner here, Aviation Cadet Crockett went through a ground school course in which he was taught the principles of ballistics, sighting, turret maintenance, range estimation and aircraft machine guns. He attended Texas Technological college, Lubbock, Tex.

EIGHTH AIR FORCE FIGHTER COMMAND, Somewhere in England—**Staff Sergeant Earnest W. Hazle**, son of Mr. and Mrs. Cal Hazle of Abernathy, was recently promoted to the grade of technical sergeant here. Entering the service in June, 1941, T/Sgt. Hazle has been serving overseas duty 15 months.

HEADQUARTERS PANAMA CANAL DEPARTMENT — Firefighting is apparently in the blood of **Sgt. J. B. Hood**, of Lubbock, Tex. In civilian life he was a member of the regular Lubbock Fire department, as driver of a 750-gallon per minute triple combination (hose, pump and chemical machine). Today he is chief of the Fire Department at an outlying island base of the Sixth Air Force in this area. Sgt. Hood was inducted at Lubbock in September, 1942, and was assigned to Fort Sill for basic training. He arrived in this department the following December, and has been at his present station since March 1943, where during his third week, he was advanced to the grade of sergeant. He is 40 years old, the oldest man in his unit, but he is still ahead of them all in the daily conditioning sports.

Sgt. Leroy Swift, 23, son of Mr. and Mrs. S. J. Swift, 414 Avenue Q, is stationed somewhere in India. He has been overseas since Jan. 15, 1943. He attended Lubbock schools and was employed on a National Youth administration project here prior to going into service in September, 1942. He first trained at Fort Sill, Okla., later at Salt Lake City, Utah, Tucson, Ariz., and Reno, Nev. He is a radio operator. He was promoted to a sergeant two months ago. In a letter recently to his parents, he said the weather there had been fine.

SWIFT

PAMPA ARMY AIR FIELD, Pampa—Two Levelland youths are nearing their wings in the current class of aviation cadets training at this twin-engine advanced flying school of the AAF Training command. They are: **Thell B. Fowler, jr.**, 23, son of Mr. and Mrs. Thell B. Fowler, sr.; and **Judge C. Potts**, 24, son of Mr. and Mrs. Joseph P. Potts. Aviation Cadets Fowler and Potts completed primary flight training at Pine Bluff (Ark.). Both finished basic flight training at Independence (Kansas) Army Air field. At the completion of their rigid training they will be assigned to duty as instructors or as combat pilots.

Troy J. Adams, seaman, second class, 19-year-old son of Mr. and Mrs. R. J. Adams of Shallowater, is now serving in the U. S. Navy somewhere in the Pacific. Seaman Adams graduated from Shallowater High school in May, 1943, and having previously enlisted in the Navy, left immediately for San Diego, Calif., where he received his boot camp training. After completing a specialist's course in radio, he volunteered for submarine duty and is now serving in that branch of the Navy.

ADAMS

MORRIS

BILL

Mr. and Mrs. J. R. Lane of Spur have two sons in the armed forces. **Lt. Morris (Tanner) Lane**, the oldest, is stationed somewhere in England. **Bill Lane** is a gunner aboard a B-17 Flying Fortress at Salt Lake City. Both boys are graduates of Spur High school and attended Texas Tech. Lt. Morris Lane graduating and Bill having two and one-half years at Tech. Lt. Morris Lane was editor of The Toreador, Tech newspaper and after graduating was employed on the Midland Reporter when he enlisted in the Air Corps. He was first stationed briefly at Sheppard field and then at Midland Army Air field. He received his commission in officer candidate school at Miami Beach, Fla., and from there served at Goodfellow field, San Angelo; Will Rogers field, Oklahoma City, Baton Rouge, La., and Orlando, Fla. He went overseas in October, 1943. Bill Lane has been in service slightly more than a year.

1st Lt. Ned Bradley is stationed at Camp Hood as an instructor in the tank destroyer auto school. He left Lubbock Jan. 11, 1940 with the Lubbock unit of the national guard that was activated and sent to Camp Bowie, Brownwood. After spending eight months there, Lt. Bradley was transferred to Camp Wolters where he directed an orchestra that played in the recreation center of the Mineral Wells camp. He was graduated from Officer Candidate school at Fort Knox, Ky., in Nov, 1942. Lt. Bradley is the son of Mrs. Maude Bradley, 1810 Ave. W. He is a graduate of Texas Technological college. During the time that he was in school here he directed a dance band bearing his name.

BRADLEY

Homer Alfred Mitchell, seaman first class of Loop, Route 1 recently returned from sea duty as a member of an Armed Guard Unit aboard an American merchant vessel, it was announced by the Thirteenth Naval District. He is the son of Mr. and Mrs. C. H. Mitchell also of Loop. Mitchell enlisted July 21, 1943 and received his initial training at San Diego, California. Prior to his enlistment he was employed by the Lang Motor Freight Co. in Lamesa. During the five months he spent at sea he covered various ports including the West Coast, and Alaska.

Roy S. Martin, seaman 1st, left the South Plains in mid-March after brief leave. The member of a Navy gun crew on a Liberty ship said to his parents, Mr. and Mrs. Ed Martin of Southland, and a brother, Bill Martin of 1913 Avenue O in Lubbock: "No excitemnt whatsoever, where I've been." The afternoon of the morning he left for his ship the following release came from the Navy in Los Angeles to the Post Dispatch: "Martin was a member of the gun crew of a 'lucky' Liberty ship in an amazing role that saw his ship shaking off torpedoes like Bronko Nagurski going through the line against a junior high school football team. Twice Japanese submarines lined the ship up in the sights, and twice they sent torpedoes smashing into her sides. Net result — two small dents. 'They must have thought we had 16-inch armor plate,' a sailor said. 'The first attempt was in June, en route to the New Hebrides from 'Frisco. A ship had been sunk by subs ahead of us, and they got another right behind us. 'We felt a jar, nothing else. There was just a dent. One seam was cracked a little. We were running between New Caledonia and Guadalcanal when the other torpedo hit four feet forward of the other. It didn't do any harm. Both torpedoes must have been duds.' Both left their marks—a three-foot dent and a one-foot dent." The ship touched in at ports in the Solomons, The Russell islands, Panama, Cuba and Chile, among other places.

MARTIN

Howard N. Green, 21, son of John R. Green of Fort Worth, former superintendent of mails in the Lubbock postoffice, has been promoted to petty officer, second class, in the U. S. Navy, his sister, Mrs. A. G. Stalnaker, 2213 Twenty-ninth street has been advised. Green is an aerial radioman, second class. A 1942 graduate of Lubbock High school, he enlisted in the Navy in September of that year. He received his boot camp training at San Diego and gunnery and radio training at San Diego and Alameda. He has been stationed at Pearl Harbor about a year.

GREEN

Ardie Stenton Kroll, former Texas Tech student, who left Tech to get in his year's military training in 1941, is back in the United States after having been wounded in the Salerno landing. He has been in a cast since Dec. 1, 1943 and arrived at Charleston, S. C., recently on a hospital ship. He expects to be sent to a hospital in Texas for recuperation and his wife will join him after two years separation.

Capt. Robert Glenn Rose, son of Mr. and Mrs. Joe M. Rose of Roaring Springs, is now an instructor in the 533rd fighter squadron of the Army Air Forces at Blackstone, Va. Capt. Rose was a senior student in Texas Technological college when he enlisted in the Air Corps in February, 1941. He was among some of the first United States troops to be sent to Australia, sailing from the States in January, 1942. He spent eleven months in Australia and the New Guinea area and returned to the U. S. several months ago.

ROSE

ARMY AIR BASE, Blythe, Calif.—**Sgt. Lee Roy Weaver**, son of Mr. and Mrs. T. H. Weaver of Lubbock, Tex., route 1, and **Sgt. Herman R. Nichols**, son of Mrs. J. E. Nichols of Sudan, recently arrived at this air base for heavy bombardment combat crew training designed to prepare the way for more B-24 Bomber raids on Axis strongholds. Included on the curriculum of training they will take are formation flying, precision bombing, tow-target gunnery practice, over-water navigation missions and emergency landing procedure. Sgt. Weaver graduated from Roosevelt High school and was an aircraft worker as a civilian. Sgt. Nichols is an armored gunner and was a farmer in civilian life.

Henry Ernest Klein, seaman 2nd class, and 6 feet 3¼ inches and 195 pounds, is a son of Mr. and Mrs. W. E. Klein of 2430 Twenty-sixth street. He is stationed at an advanced training school on Treasure island, which he described in a letter as "far the most beautiful place I've ever seen." All training and living quarters are under one roof, which covers several city blocks, he said. He's just turned 18, and was 17 when given boot camp training at San Diego. A brother is First Lt. Billy J. Klein, assistant supervisor and a check pilot at Thunderbird field, where he was stationed a year ago after a tour of duty in the South Pacific.

KLEIN

Lt. James H. Murdough, jr., a member of an engineers petroleum distribution company at Camp Claiborne, La., is spending a ten-day leave with his parents, Mr. and Mrs. J. H. Murdough, sr., 2317 Eighteenth street. A petroleum engineering and ROTC graduate at Texas Tech in 1943, Lt. Murdough was called to active duty last July 26. He attended officer candidate school at Fort Belvoir, Va., and was at Camp Leonard Wood, Mo., for a brief period before joining the Corps of Engineers at Camp Claiborne.

Jerry Todd, jr., 22, who formerly was employed by the Lubbock Steel Works here, is now in New Guinea with the Fighting SeaBees of Uncle Sam's Navy. He has been overseas about thirteen months and spent eight of those months on Guadalcanal. He is a son of Mr. and Mrs. Jerry Todd, sr., of Hico. A brother, Henry C. Todd, resides at 512-B Eighteenth street.

TODD

NEW ORLEANS—**Lt. (jg) Alvis C. Cook**, USNR, of Post has completed his training and reported to the U. S. Naval Armed Guard center here for assignment as commander of a Navy gun crew on a merchant ship. Lieut. Cook entered the Navy, Oct. 15, 1942 and attended Armed Guard school at Gulfport, Miss., after completing his indoctrination training. He obtained his B. S. degree from Texas Technological college in 1932 and his M. S. from Michigan State college in 1934. He has since been employed as a senior marketing specialist by the U. S. department of Agriculture. The Navy officer is the son of Mr. and Mrs. O. R. Cook of Post. His wife, Lottie, and their small daughter are living in Jacksonville, Fla.

ATHENS, Ga. — Four Naval Aviation cadets from Lubbock, Tex., and vicinity have reported to the U. S. Navy Pre-Flight school here for a three-month course of advanced ground school subjects. They include **John R. Moxley** of 1805 Fourteenth street; **Owen L. Caskey** of 2316 Twenty-eighth street; **Marion H. Mayes** of 2414 Twenty-fifth street; and **Hansel D. Hallman, jr.**, of Post, Tex.

HEADQUARTERS, European Theater of Operations—**Pfc. William M. Horton** of Lubbock, Tex., route 2 is among a group of infantry soldiers, all of whom have seen action in the most important battles in North Africa, who have arrived in England to help train troops preparing for the invasion of Occupied Europe.

Aviation Cadet Clifton R. Smith, son of Mr. and Mrs. C. R. Smith of Idalou, is now stationed at Majors field, Greenville, where he is receiving his basic flight training. Upon completion of his basic training, he will be sent to an advanced flight school. His wife, the former Jane Killian, daughter of Mr. and Mrs. W. H. Killian of Ralls, is residing in Greenville.

AAF INSTRUMENT INSTRUCTORS' SCHOOL, Bryan — **Cpl. Ollie Liner** son of Mrs. Laura M. Liner, Route 4, was recently featured as "Enlisted Man of the Week" in the Panel, post newspaper, Bryan Army Air field. Graduating from Texas Technological college, B. S., Liner taught vocational agriculture at Post and served as an assistant county agent at Plainview prior to his induction. He received his basic training at Lubbock prior to being stationed at Bryan field where he is assigned to the Medical detachment.

LINER

CAMP KOHLER, Sacramento, Calif.—**Pvt. Homer P. Williams**, husband of Mrs. H. P. Williams and son of Mr. and Mrs. C. S. Williams, all of Lubbock, has qualified as sharpshooter with the .30 calibre rifle, scoring 166 out of 195, at the Western Signal Corps unit training center here.

KINGMAN, Ariz. — **Eugene B. Nail**, son of E. Kelly Nail of 3101 Twentieth street, Lubbock, recently graduated from the Kingman Army Air Field Flexible Gunnery school here. Aviation cadet Nail attended Texas Technological college.

Fire engines are said to have been invented by Ctesibus in 250 B. C.

Moscow Wields Big Stick On Japs In Ending Oil Leases

BY DEWITT MACKENZIE
Associated Press War Analyst

Two points stand out as highly significant in connection with Moscow's move in forcing Japan to surrender her petroleum and coal leases on northern Sakhalin islands: (1) Moscow finally has used the big stick on Tokyo with a strong arm, and made the Nipponese like it; (2) on the face of it the Allies at war with Japan gain vastly through her loss of irreplaceable necessities.

The inference would seem to be that Japan is anxious not to start an argument with Russia. Why? Well, London interprets it as a possible sign of weakness on Tokyo's part. That's a natural conclusion and one which has substantiation in Japanese Premier Tojo's numerous warnings to his people recently that Nippon's position is grave.

Some Concessions To Japs

True, Moscow grants Japan the privilege of taking away what oil and coal she has above ground in the leased territory, and agrees to furnish her with 50,000 tons of oil a year for five years, after the Euorpean war. Still that's not a great boon. The amount of oil in store isn't known, but it isn't likely to be large, since Japan depended almost entirely on it for didn't provide enough for her needs. Furthermore, 50,000 tons is only about 350,000 barrels of oil—a mere drop in the bucket in comparison with Nippon's needs.

In short, Japan has sufffered a nasty blow, since her principal remaining source of petroleum is Indonesia, which is a long haul from Japan proper.

Allies Given Consideration

A broadcast from Moscow quotes the newspaper Izvestia as saying that Russia, in driving this deal, gave "consideration to the special circumstances in the military situation prevailing in the Pacific for our allies."

However, the Soviet has tempered its two-fisted action with a valuable concession to Japan in granting a renewal of fishing rights in Russian waters for five years. From the Japanese standpoint that's almost humanitarian, since they are largely dependent on fish for food, and most of their fish comes from Soviet waters.

Russia's Sankhalin move will inspire many people to ask whether this means she may join the Allies in the war against Japan after Hitler has been dealt with. Only time can answer to that, but I don't think we should assume in advance of the event that the Soviet will go to war with Japan.

Celebrations Saved Up For Returning Seabee

LONG BEACH, Calif., April 1 (AP)—Ove Hoyer, chief carpenter's mate with the Seabees, arrived home today after a year in the South Pacific and found his wife had saved up all the celebrations he had missed.

At home, when he arrived, were a Christmas tree complete with presents; a birthday cake with candles; a wedding anniversary gift, and a box of Valentine candy.

Over 8,000 Japs Are Killed On Bougainville

BOUGAINVILLE, Solomon Islands, March 29 (Delayed)— (AP)—The bodies of 3,508 Japanese have been counted on this island since March 8, when the enemy started his assaults against the Empress Augusta Bay area held by the Americans.

Maj. Gen. Oscar W. Griswold, commanding Allied forces here, said flotal enemy casualties since the Americans landed Nov. 1 was more than 8,000. This estimate did not include Japanese killed by artillery fire because most of those so killed were far behind the lines.

The general said it was reasonable to assume the enemy lost as many wounded as dead. He said at least 15,000 Japanese troops were here at the campaign's start. This force has been halved. American casualties were not reported but it was believed at headquarters there were 20 Japanese killed for each American.

POTTED MUSHROOMS—Sydney, Australia, mushroom expert Raymond Mas grows mushrooms in pots to prove they do not need darkness and damp weather. Five weeks after planting he puts moist cloth over pot each day.

Throneberry's Suicide Attempt Is Thwarted

STEAMBOAT SPRINGS, Colo., April 1 (AP)—Sheriff Ernest Todd said today he thwarted a suicide attempt of O. B. Throneberry last night when he entered the cell of the accused slayer and found him bleeding profusely from both wrists, slashed with a razor blade.

Throneberry, Todd said, lost considerable blood. A doctor dressed his wounds and he was reported out of danger.

O. B. Thoneberry is charged, as is his brother, Randel, with the torture slaying of a sheepherder last summer. Randel is still at large.

Hollywood On The Loose...

Sinatra Gets Kick Out Of Gags Pulled At His Expense

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD, April 1.—Biggest laugh in Hollywood these yawnings is when an emaciated character wearing a big bow tie and bobby socks is pushed in a wheel chair onto the stage of a local night club, starts to sing and then faints as a stooge attempts to revive him with a giant hypodermic needle.

SINATRA

"I thought it was hilarious," Frank Sinatra said.

We had cornered The Voice, idol of the bobby sock set, in a quiet Hollywood restaurant far from the autograph front. That wild, hunted look was gone from his eyes except that he did look under the table before sitting down.

• • •

"WHISTLE BOY"

EVEN Fibber McGee has become a Hollywood "whistle boy" as film scenarists take a sly poke at the wartime shortage of men in Washington in RKO's "Heavenly Days." The homespun Fibber is surprised when three glamor girls whistle admiringly at him as he and Molly walk down a street in the film.

"Why were they whistling?" asks Fibber.

"Believe it or not, they were calling a street car," says Molly, taking a firmer grip on his arm.

• • •

Humphrey Bogart, just returned to Hollywood from a tour of the African and Italian fronts, will star in a special Red Cross short—"A Report From the Front—by Humphrey Bogart."

• • •

It could happen only in Hollywood. On stage 5 at Paramount, there's a snow-making machine for Alaskan scenes in "The Road to Utopia." Next door, on stage 6, there's a swimming pool with heated water for a bathing gal dance routine in "Bring on the Girls."

• • •

You'll probably recognize the voice for a Victor Moore caricature in Leon Schlesinger's "Merrie Melodie" cartoon, "Ain't That Ducky." Moore himself dubbed in the dialog.

• • •

After a soldier danced with Ruth Warrick at the Hollywood Canteen the other night, he went over to a busboy and asked if he could get her telephone number. The busboy was the star's husband, Eric Rolf!

• • •

Wallace Beery—poet. Hard to believe, but rough and rugged Wally will compose as well as recite it in his new film, "Honest Plush Brannon."

• • •

MUSICMAKERS

SUSAN PETERS, who knows nothing about piano, does a terrific bit of keyboard faking in "Song of Russia." Loretta Young, who can't play a note, either, takes a Chopin Nocturne for a scene in "And Now Tomorrow." Edward G. Robinson, who admits he can't sing, warbles "Sweet Genevieve" in "Mr. Winkle Goes to War." Looks like an epidemic.

• • •

Western boogie woogie for Ann Sothern in "Maisie Goes to Reno." She'll sing "Panhandle Pete" with all the stops out.

• • •

Letter to Kay Kyser from a bomber crew of the Eighth Air Force, which is raiding Berlin these nights. The boys have dubbed their plane "Evenin', Folks. How Y'all?"

• • •

Bud Abbott, new mayor of Sherman Oaks, isn't treating his job as a joke. In office just a week, Bud is already preparing to petition Washington for establishment of a Federal Bank branch. To hold all the money he and Lou Costello are making?

• • •

HEARD AROUND

ALAN CURTIS and Arthur Murray dancer, Corrine Miller, have discovered each other.

• • •

It's Marc Lawrence's story about an actor who came into the chips and immediately employed a butler. In a few days, he was complaining to all his friends that the butler was kissing the cook. "But that shouldn't concern you," he was told. "But it does," he complained. "You see, my wife is the cook."

• • •

A not-so-successful glamor gal charged into a studio publicity department, screaming: "Everyone is being selected Miss Oomph, Miss Sound Effects, Miss Cotton, Miss Victory—what about me being named something?"

"Sure," spoke up a bored press agent, "we'll name you Miss The Boat."

Annual Dairy Show At Plainview Will Be Held April 11-14

PLAINVIEW, April 1. (Special)—The seventeenth annual Panhandle-Plains dairy show will be held here April 11-14, inclusive. The show annually attracts entries from a wide Tri-state area.

As in the past, activity will start with the production contest of which Wayne Thomas of Perryton is superintendent. Deadline for show entries is Saturday, April 8. Entry lists are open to the states of Texas, Oklahoma and New Mexico. Catalogs and entry blanks have been placed in the mail.

The pageant, which will attract princesses from any communities, is slated for the night of the opening day of the exposition. Plans are being made to produce a pageant this year in keeping with the spirit of the times and which at the same time will furnish colorful entertainment. The dairy show queen will be crowned at the pageant and the queen's ball will follow.

The annual auction sale of milking shorthorn cattle is scheduled for the last day of the show.

There will be departments and activities for club boys and other show extras will be arranged to add to the scope of the event, according to L. R. Vaughn, Olton, president of the show association.

A. L. Darnell, professor of animal husbandry at A. & M. college, will judge the Jersey, Guernsey and Holstein-Friesian departments. Other judges are to be secured as soon as possible. Guy Witt, Plainview, show manager, said. A. B. Buchanan of Brownfield is vice president of the association.

Superintendents of the departments are C. B. Martin, Plainview, general superintendent; V. J. Jones, Amherst, Holstein-Friesian; M. U. May, Dimmitt, Guernsey; Frank F. Weil, Hale Center, milking shorthorns; Wayne Thomas, Perryton, production contest. Superintendents of the Jersey department and the dairy calf club show will be selected at a later date.

Tech Band Concert Set This Afternoon

With a program consisting mainly of popular classics the Texas Technological college concert band will play at the Tech gymnasium Sunday afternoon at 3 o'clock. There is no admission charge and the public is invited according to D. O. Wiley, director of the band.

Featured members of the band include Charles Senning, junior band major, Frank Wentz, senior band major, student directors; Marion Chandler, music major; and Ted Crager, cornet soloist.

Entomologists have found that moth worms can live as long as 67 days at a temperature of about 20 F.

A silver sword plant grows only in the crater of a volcano in Hawaii.

Change Unlikely In Service Vote

WASHINGTON, April 1 (AP)—A holiday-bound Congress read with interest today President Roosevelt's sugestions for changing the service vote law but there were no indications that anything would be done about them.

Senate Leader Barkley (D-Ky) said that while he fully endorsed the President's proposal that the federal war ballot be made available to service men in this country as well as overseas and its use facilitated, he declined to predict that Congress would act.

Apprised that the President had proposed that changes be made permitting all persons in uniform to use the federal ballot if they failed to get state ballots in time, even if the states had not validated it, Senator Taft (R-Ohio), said flatly:

He won't get any such changes."

Law Becomes Effective

The new law, which became effective today without the President's signature, would make federal ballots available only to military personnel overseas and then only after the voter had requested. But had not received a state ballot by October 1.

The federal ballot could be used only if the governor of the state certified that it was acceptable under state laws and Senator Green (D-RI) said he hoped the states would act soon to make this certification.

Green announced that he and Senator Lucas (D-Ill) would introduce an amendment embodying the President's suggestions.

Capacity Of Purina Mills To Be Doubled

Work of doubling the capacity of the Purina Mills north of the city limits at a cost of approximately $35,000 has been started under newly approved priorieties granted by WPB, according to a report Saturday by F. J. Davis, Lubbock manager.

The expansion, which will require 60 to 90 days for completion, will increase the capacity of the plant from 600 to 1,200 tons, Davis said, and will prove a convenience to retail patrons and farmers from whom raw materials are bought. The plant was located here about three years ago.

Davis announced also that priorities have been granted for improvement in unloading facilities, including the installation of power shovels at an estimated cost of $2,000 to $3,000.

Sampson Bros. Construction company of Lubbock is the contractor. Jim Reid, former city building inspector, is the superintendent.

Communist Would Be Welcome To Badoglio

NAPLES, April 1 (AP)—Premier Badoglio would welcome a Communist into his Italian government, a close associate said today, as a sign of democracy and in keeping with Moscow's desires.

Publication in the Moscow newspaper Izvestia of a statement that the Soviet Union is ready to contribute toward a government reform in Italy before the Allies reach Rome brought a response at Badoglio seat of government that the premier would be glad to have a Communist in his cabinet either as minister of labor or without portfolio.

Surplus food supplies available to the United Nations in 1943 were estimated at about 62 million tons.

"Buy A War Bond TODAY"

Lt. E. R. Crews, Navy Medical Officer, At Home After Lengthy Service In Pacific

"Let's make this as brief as possible" was the reticent reply of Lt. E. R. Crews, 31, who is visiting his sister Mrs. H. E. Mast of 1919 Twenty-eighth street, when interviewed about his experiences. However, Lt. Crews' campaign ribbons and record speak volumes in themselves.

CREWS

Lt. Crews of the medical branch of the U. S. Navy attached with the fighting Marines has been in the thick of battle since war was declared. He has been decorated twice with the highly coveted Presidential Unit Citation, the Asiatic - Pacific theater of war with two stars, the American theater of war, and the Defense Service ribbons.

A graduate of Lubbock High school in 1929 and Texas Technological college in 1934, Lt. Crews received his doctor's degree from the University of Texas Medical school in 1938. He spent two years at St. Louis City hospital and one year in resident surgery at the Brackenridge hospital in Austin. He reported for active duty at the Corpus Christi Naval base in September of 1941. After war was declared he went overseas with the first American expeditionary forces January 6, 1942.

In Samoa, Guadalcanal

Lt. Crews served nine and one-half months in Samoa and three a..d one-half months in Guadalcanal during the period of November to February of 1942-43. "The action was heavy at Guadalcanal," he says, "and we experienced frequent bombing." Our field hospital was set up about six miles from the front lines and we were kept busy treating the wounded." For work there, Lt. Crews received one of his unit citations.

After the Guadalcanal siege Lt. Crews was sent to a rest camp in New Zealand. There a field hospital was set up and routine cases were handled.

From the rest camp Lt. Crews embarked for the battle of Tarawa atoll. "The hospital unit stayed on board ship and treated casualties brought in during the beat of the battle. Afterwards, we went ashore and set up a field hospital. Th casualties were numerous, but we had all the equipment that was necessary and were able to take care of them," Lt. Crews said. For their gallant work there, Lt. Crews' unit received their second Presidential citation.

Lt. Crews had the highest regard for the work of the Marines. "They did a good job. They showed all the bravery that anyone could be expected to show," he said. In his life on the islands Lt. Crews found the mosquitoes and flies to be the worst things with which he had to contend. "The conditions were terrible," he said with a rueful grin.

After the Tarawa battle Lt. Crews was assigned to another base, but for military reasons the place and action there must remain a secret for the present. From the "un-named base" he was sent to the United States on his present leave. He will report back to San Diego, April 9.

Archer City Girl Is Texas U. Sweetheart

AUSTIN, April 1 (U.P.)—Elizabeth Anne Buckhart, slender attractive blonde of Archer City, reigned as "sweetheart of the University of Texas" at the annual university round-up here today.

Selected as an independent entry against 10 beauties sponsored by sororities and other organizations, she was presented at the annual university revue last night.

FALLS FROM TAXICAB

HOUSTON, April (U.P.) — Mrs. Dollie Jackson, 31, died last night shortly after she fell from a moving taxicab. A verdict in her death was withheld until a coroner questioned witnesses who saw her fall.

Mrs. Dyess Accepts Recreation Position

Mrs. Grace Dyess, now a resident of Orange, has accepted appointment to the newly recreated position of city superintendent of recreation here, and will report about April 17, according to an announcement Saturday by Chas. Whitacre, chairman of the city recreation council.

The agreement with Mrs. Dyess was made final, Whitaele explained after the cit, commisison approved a $21,000 budget for the operation of a munici.. creation program in the city this year. The salary provided for the position is $3,600 per year.

Mrs. Dyess is a graduate of Lubbock Senior High school and of Texas Technological college, from which she received B.A. and B.S. degrees. Her experience in recreation work has been extensive. She now is director of a government civil service recreation project in Orange.

Dr. Hooper To Head Marine Hospital

GALVESTON, April 1 (U.P.)—Dr. L. E. Hooper, of the U. S. Public Health service, New Orleans, has been appointed medical officer in charge of the U. S. Marine hospital at Galveston.

Hooper will take charge of the hospital about April 10, succeeding Dr. O. E. Denney, who died six weeks ago.

"Buy A War Bond TODAY"

Secrecy Surrounds Plans For Invasion

LONDON, April 1. (AP) — The approach of the western invasion D-day finds the British Isles locked up tighter than a pair of button shoes—both inside and out—to prevent the leakage of information to the enemy.

The most drastic of a series of security steps became effective today. Visitors were excluded from a restricted area 10 miles deep and more than 700 miles long on the southern and eastern coast of England facing the Nazi-occupied continent.

This was just one of recent controls clamped on by the United States and Britain to guard against any breakdown in launching the western front invasion, but it was emphasized that the measures do not indicate that the attack is imminent.

United States authorities have imposed a 100 per cent censorship on the news of convoy arrivals in th European theater of operations. Inside England they are discouraging excessively long furloughs. Some commanders keep troops within 20 miles of base and for both travel and billeting reasons soldiers are urged to spend their spare time somewhere else than London.

As a further means of preventing the leakage of information the British have banned airmail to all neutral countries.

CAN'T KEEP A GOOD SHIP DOWN—About as tough a veteran as you'll find among warships is HMCS Saguenay, pictured above. Survivor of (1) a German torpedo that wrecked her bow; (2) a collision that detonated her depth charges and blew off her stern; (3) a week-long Atlantic hurricane, worst in decades. She has been retired from the convoy lanes, but, as pictured above, continues war service as a training ship for Canadian naval recruits.

U. S. FLIER IN SWEDEN

STOCKHOLM, April 1. (AP) — Col. Bernt Balchen, famed American polar flier, has arrived in Sweden on an official mission, it was learned today. Although there was no authoritative comment on his assignment, it was understood that he may be here in connection with establishment of American air line service to Sweden.

BUSINESS INTEGRITY DEMANDS each family receives full value for every dollar spent.

Labor Draft May Be Essential To Victory; Hull Is "Carrying The Ball" For FDR

But Then Again It May Not

Careful Study Should Be Made

ANYONE who questions the administration's attempts to obtain power to draft 4-F's into Army "Labor Battalions" is sure to be accused of obstructing the victory effort. Such tactics often are employed in an effort to becloud and silence opposition to anything of this kind.

Even so, this drafted labor battalion business is too important and affects too many people too vitally to be considered casually. It demands the closest possible scrutiny. It demands consideration along with the question: Would such a thing as this mean that we would be endangering at home the democratic way of life we are defending against the world?

A proper consideration of the proposal requires, among other things, an answer to these questions: "Do present manpower problems result from an actual shortage of labor? Or, are they the result of inefficient use of the labor that is available?" Congressional committees have reported they have discovered flagrant instances of inefficient use of labor in war plants—such things as "feather-bedding"; of fast workers being slowed by command to the pace of the slowest of their co-workers; of deliberate idling; of padded payrolls in plants operation under cost-plus contracts. If such things as this offer the excuse for the administration's attempt to obtain this new power, then it is power that should not be granted.

Even administration spokesmen admit that there is inefficiency in the use of labor available. If this is true of the labor now on the job, how could there be confidence that drafted labor would be used to better purpose? Administration spokesmen say, of course, that with more power to tighten controls, they could compel labor to be more efficient.

Doesn't this suggest that, if there should be drafted and controlled labor, it also would be "slave labor" to a certain degree—labor in which the individuals would have no choice except to do what they were told when they were told? Do not common sense and experience warn all of us that no one knows where the stopping point would be if we ever let the bars be lowered in slightest degree to this sort of thing? Furthermore, don't we know that forced labor is likely to be dissatisfied and inefficient? That happens even in Germany where the Nazi tyrants exercise the power of life and death over their imported slave labor.

Furthermore, isn't it evident that a scheme of this kind would create very serious problems affecting the relationship between drafted and undrafted labor, between Army men in the labor battalions and those in the other branches of the Armed Forces?

It is possible, of course, that despite these and many other questions, the scheme proposed is advisable, equitable and necessary. But certainly, Americans should be sure that it is necessary, that nothing else will get the job done, before they approve anything of this kind.

For More Victory Gardens

MEMBERS of the five Lubbock garden clubs are due applause for having created a central committee to coordinate efforts which are being concentrated at the moment upon the encouragement of Victory Gardens.

No one should need "selling" any longer on the importance of the Victory Garden to the victory effort, but some do. All of us recognize, too, that the importance of such gardens will increase as the war is prolonged. Therefore, it is a splendid, important and patriotic task that the clubs have undertaken. They are due all the support that can be given them.

In that connection, the City commission is considering a request from the Presidents' Council of the clubs that present water rates be lowered to encourage gardens. We don't pretend to know how practicable that step would be, nor how important to the success of the Victory Garden program. We don't imagine, however, that it would be as important to success as the helpful advice, assistance and encouragement that will be available to Victory Gardeners through the new central committee.

The important fact, it seems to us, is that these five clubs are on the job in behalf of Victory Gardens. They'll get their job done—no one need have doubt about that. The clubs are Bud to Blossom club, Lubbock Junior Garden club, South Plains Dahlia society, Garden Study club and Lubbock Garden club.

Good luck to their efforts.

Taxation in this country has reached the point where the effect is the same as if the government were a substantial stockholder in every business, large or small—and a holder of preferred stock, at that.

The One Minute Sermon

Blessed be the Lord God, the God of Israel, who only doeth wondrous things. — Psalms 72; 18.

OUR PLEDGE

WE pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and justice for all.

Anzio Fighting Done Largely On Farms; Cows Die "Mysteriously"

On The Italian Front....By Ernie Pyle

By ERNIE PYLE
War Correspondent

WITH Fifth Army Beachhead Forces In Italy, April 1. (By Wireless)—The Anzio beachhead area is practically all farms. Much of it lies in the famous old Pontine marshes. I've looked these up in Baedeker, and found that the Romans have been trying to drain them since 300 years before Christ.

Even Caesar took a shot at it, and so did many Popes. Mussolini was the last one to give the marshes a whirl, and as far as I can see he did a pretty good job of it.

ERNIE PYLE

On these little farms of the Pontine marshes Mussolini built hundreds of modern (in the Italian manner) stone farmhouses. They're all exactly alike, except for color, and they stipple the countryside like dots on a polka-dot dress.

Despite its flatness, the area is rather pretty. It doesn't look like marshland. It is green now, and will be greener in a few weeks. Wheat is coming through the ground. There are rows of cedar trees throughout the area. Spots of uncultivated ground are covered with waist-high oak bushes, resembling our hazelnut bushes in the fall, crisp and brown-leafed.

• • •

Farmhouses Under Fire

Now and then you see a farmer plowing with German shells landing right in his field. We've tried to evacuate the people, and have evacuated thousands by boat. Daily you see our trucks moving down to the dock with loads of Italian civilians from the farms. But some of them simply won't leave their homes.

Now and then the Germans will pick out of the farmhouses, figuring we have a command post in it, I suppose, and shell it to extinction. Then, and then only, do the Italian families move out.

One unit was telling me about a family they tried in vain for days to move. Finally a shell killed their tiny baby, just a few days old.

• • •

HERE in the battle zone, as in other parts of Italy, our Army doctors are constantly turning midwife to deliver bambinos.

Farmers frequently do dry-cleaning with gasoline for our officers, and they say the job they do would pass inspection in any New York tailoring shop. Soldiers throughout the area get the remaining Italians to do their washing. Practically every inhabited farmhouse has a gigantic brown washing hanging in the backyard.

One outfit of tankers that I know sent all its spare clothes to one farmhouse to be washed. Shortly afterward the Germans picked out that house for the center of barrage. The Italians abandoned the place, and were unhurt. But next morning, when the soldiers went to see about their clothes, all they found was dozens of American shirts and pants and socks torn into shreds by shell fragments.

• • •

Somebody Milks 'Em

In the fields there are small herds of cattle, sheep, horses and mules. Many of the cattle are slate-gray, just like Brahma cattle. And they have wide, sweeping horns very much like the majestic headgear of the famous longhorn steers of Texas. Now and then you see an Army truck radiator decorated with a pair of these horns.

Most of the livestock can graze without human attention, but as an old farmer I've been worrying about the cows that have nobody to milk them when the farmers leave. As you may or may not know, a milk cow that isn't milked eventually dies a painful death.

An officer friend of mine, who has been at the front almost since D-day, says he's seen only one cow in trouble from not being milked, so I suppose somebody is milking them.

One unit I know of took the milking proposition into its own hands, and had fresh milk every day. Of course that's against Army regulations (on account of the danger of tubercular milk), but Army regulations have been known to be ignored in certain dire circumstances.

• • •

MUCH of the livestock is being killed by German shellfire. On any side road you won't drive five minutes without seeing the skeleton of a cow or a horse.

And of course some cows commit suicide. As the saying used to go in Tunisia, it was the damndest thing, but one cow stepped on a mine, a very odd mine indeed, for when it exploded it hit her right between the eyes. And here on the beachhead we've seen an occasional cow deliberately walk up and stick its head in front of a rifle just as it went off.

There isn't as much of that, to my mind, as there should be. We're fighting a horrible war that we didn't ask for, on the land of the people who started it. Our supply problems are difficult. K-rations get pretty boring, and fresh meat is something out of Utopia.

Excuse me while I go kill a cow myself.

Looking At Life - - - - - By Erich Brandeis

EVER since I read that magnificent letter which Irvin S. Cobb sent to his friend, the Paducah editor, when he knew he was going to die soon, I have wanted to look up the 23rd Psalm which the great humorist asked to have read at his funeral.

That psalm, he said, was cheerful and contained none of the somberness so usually associated with burial services.

Last night I read it through. I realized how much we could get out of the Bible and how little advantage we take of what it offers.

"The Lord is my shepherd; I shall not want." I read.

"He maketh me to lie down in green pastures: He leadeth me beside the still waters.

"He restoreth my soul: He leadeth me in the paths of righteousness for His name's sake."

I read it right on to the end, and I kept on reading—the 24th and the 25th, which contains that beautiful passage:

"Remember not the sins of my youth, nor my transgressions; according to thy mercy remember thou me, for thy goodness' sake, O Lord."

• • •

It has been so long since I read my Bible. It has been so long since I realized how much peace and beauty there is in it!

I am no minister nor priest, and I am a very poor churchgoer.

But in that Book there is so much that is lovely, so much that is of direct and practical use to all of us, that we would make a great mistake in not letting it give us all that it can.

It doesn't matter whether you are Gentile or Jew, atheist or agnostic—you cannot fail to find consolation, encouragement and hope in the Bible.

Unfortunately, many of our clergyman pay too much attention to doctrines and denomination.

Yet, in my work as a newspaperman I have found so much enjoyment in knowing them, talking to them and arguing with them.

And always, after a luncheon or a dinner or just a chat with a man of the cloth, I come away refreshed and inspired.

• • •

I AM thinking now of Monsignor Ready of Washington, of Rabbi Magnin of Hollywood, and of the late Protestant Bishop Freeman who said to me:

"What difference does it make on what railroad we travel, as long as we all arrive at the same destination?"

What difference does it make whether we are Protestant or Catholic or Jew?

The destination is the same for all of us, and the Bible is the travel guide that points out the beauties of the trip.

If I have been too solemn, forgive me. Blame Irvin Cobb for it—a great humorist, a broadminded man, a man of the world, who yet wanted the 23rd Psalm read at his funeral, in which it is also said:

"Surely goodness and mercy shall follow me all the days of my life."

Side Glances---By Galbraith

"There's the campus Cleopatra at it again! isn't it disgusting the way she goes after the professors during exam week?"

"Explains" Foreign Policy

(The National Whirligig)

WASHINGTON
By Ray Tucker

CORDELL Hull's campaign to sell the administration's foreign program ties in closely with the fourth-term movement. If he runs again, FDR could lose on this issue, so he has delegated the task of quarantining this question to his respected and beloved Secretary of State.

The Tennessean's recent exposition of our post-war plans satisfied none of his critics. It was too vague and general. But it packed two ideas which, according to the reaction recorded in White House and congressional mail bags, seem to please the populace and the politicians. Unfortunately, his main theme was buried under and surrounded by numerous wordy expressions, and did not register on the public mind.

Mr. Hull made two points clear. He said that (1) we are devoting our main efforts to defeat of the Axis, and (2) that we intend to fight both the war and the peace, if necessary, so that our national social and economic status will be improved. In other words, he notified Churchill and Stalin that we will take no nonsense from them at that famous table.

The Secretary of State intends to expand and develop these ideas in future talks and in conversations with congressmen. He will, although his language may be diplomatic, serve notice that the United States does not intend to kowtow to any power in the postbellum negotiations.

There is great need for such a demonstration. If Mr. Roosevelt runs again, a leading argument for his re-election will be that he knows how to deal with the British Prime Minister and the Russian dictator. But the GOP's answer will be that we have lost every conference so far — Casablanca, Cairo and Teheran — and so, what assurance is there that FDR will win the last round—in short, the round that counts?

• • •

DILEMMA: The President's own friends, in their conversations and writings, now point out that he could be far more free and aggressive in his foreign policy if he were not a candidate.

Emanating from this friendly source, such remarks suggest that there is a chance he may not seek renomination. But nobody at Washington will place any faith in that prospect until FDR withdraws from the race irrevocably.

Obviously, Mr. Roosevelt cannot take up the cudgels for Poland, Ireland, Palestine, the Balkan countries without antagonizing either Stalin or Churchill. He cannot afford a fued with them until the war is won; victory being the first premise, as Mr. Hull said.

But if he does not go to bat for these European minorities, he may lose the votes of their supporters in the November election. And their affiliations may be decisive on the seventh day of that mopth. He dare not offend them.

But if he were not a candidate, he could warn Moscow and London privately, or publicly, that he does not approve of their attitude toward the small nations. He might conceivably prevent Stalin from gobbling up the Scandinavian, the Baltic and the Balkan provinces.

He might inform Churchill that our youngsters are not fighting to prevent the liquidation of the British or Dutch or French Empires. In short, he might write or voice a stubborn footnote to the Atlantic, Casablanca, Cairo and Teheran pacts.

But, having sold those agreements to us as Magna Chartas, he cannot now repudiate them. He must play along with Stalin and Churchill, even though such fellowship may cost him votes at home. His friends recognize his dilema, but it is a question whether he does.

• • •

RENOMINATIONS: The Vice-Presidential nominees will be almost as important figures next November as the men who head the two tickets.

In view of war and postwar problems, it will not be a year in which either the Democrats or the Republicans can select a second-rater for the No. 2 spot. On him may fall the job of winning both the war and the peace.

• • •

WINNING THE WAR
By Albert Loman

FOR the first time since the opening of the war, Hitler confronts a critical domestic food shortage.

In the past—as we have learned to our sorrow—too many descriptions of conditions behind the enemy lines, as published in the Allied press, have proved to be superficial and inaccurate. It has often been printed that the Reich would topple because her armies were in panic, her cities bombed to rubble, her people stalked by hunger and on the verge of nervous prostration.

Such exaggerations, occasioned by wishful thinking, have obscured actual evidence of serious flaws in the Nazi system.

• • •

FARMERS: The Germans, like all other belligerents including ourselves, are rationed. But their doctors have made certain that everyone from infant to the worker in heavy industries should be fed an adequate, well-balanced diet.

Goering's announcement that they would be well nourished even though occupied Europe was famished was no idle threat. It was a statement of fact.

Until now, in addition to the loot from continental larders, the Teutons have eaten record local crops, especially potatoes, which are even more of a basic item there than in America, the original home of this substantial commodity. Rate of consumption jumped from 12 million tons in the 1937-38 prewar year to 32 million tons in the 1942-43 period.

An extraordinarily bad harvest last fall in western and southeastern regions, the major growing sections, was the first foreboding of trouble. Transportation difficulties prevented proper distribution.

In an appeal to farmers to raise more spuds a confidential government document warns, "No one can predict whether next autumn the railroads will not have more urgent tasks to fulfill."

• • •

PORK: The prospect for this year is worse. The agricultural bureau estimates the acreage will be cut drastically as the result of a switch of manpower to the armed forces and a severe lack of fertilizers, fuel, farm machinery and even simple tools.

Those Ruhr factories that survive the blitz can only turn out bayonets; they will have no time for hoes.

The pork ration recently was increased in Berlin. This pleased urbanites but is was considered a bad omen by rural people as it indicates that the number of hogs is being reduced owing to the dearth of potatoes. Formerly the vegetable was about the only unrestricted food; now fat coupons must be surrendered with every restaurant order for potatoes.

A message circulated among growers, reads: "You must mobilize your very last reserves in order to insure the food supply of the Reichswehr whatever may be in the offing."

• • •

HUNGER: A potato famine would be serious but not alarming were it not for other factors: The Nazis already have robbed every cupboard in Europe. These sources are drying up.

For example, the Dutch sent 257,000 tons of produce to the Reich in 1940. They were forced to plow their tulip beds so that in 1942 they exported 444,000 tons.

Today, through the resistance of patriots and the scarcity of fertilizer and labor —despite a premium of 150 guilders for every acre of grassland converted to crops — estimated for 1944 have fallen far short of local and Nazi demands.

Hitler never obtained so much wheat from the Ukraine as he expected to get. But the regions under his control at least supplied the grain or the Reichswehr operating on the Russian front. These lands have been retaken by the Slavs. Four million Boche soldiers must now be sustained from stores allotted to civilians. Cereals cut off from North Africa and fewer fruits from southern Italy owing to Anglo-American advances create new gaps at the dinner table.

"Centennial Summer" Is Philadelphia Story

Movie Is Certain To Be Made Of Albert E. Idell's Novel

IN 1876 the city of Philadelphia celebrated its one-hundredth anniversary and was for one summer the scene of gaiety and excitement almost unsurpassed in its quiet conservative history. Against this background Albert E. Idell has written his popular novel titled "Centennial Summer."

IDELL

This is the story of the Rogers family: the father, a railroad man, even more opinionated and difficult than the father of Clarence Day's "Life With Father"; the mother, a daughter of an Italian nobleman; the two boisterous twins, Georgina and Henry; and the two older sisters, the beautiful and petulant Zenia and Julia, the most quiet and gentle member of the family.

These, plus glamorous Aunt Zena who lives in Paris, and her handsome dashing nephew Philippe, make up the cast of characters in Mr. Idell's hilarious story. "Centennial Summer" should make an excellent movie and in fact has already been bought by Twentieth Century-Fox for production sometime next year.

Case Against Nazis

"GERMANY WILL TRY IT AGAIN," by Sigrid Schultz; (Reynal & Hitchcock).

SIGRID SCHULTZ'S "Germany Will Try It Again" is another valuable contribution to the world's case against Germany. Its title is worth notice—Miss Schultz does not say "The Nazis Will Try It Again." As did Konrad Heiden in his "Der Fuehrer," Miss Schultz traces our present situation directly to the Pan-German movement, which means that it began well back in the nineteenth century, if not, indeed, in the time of Caesar.

At the first sign of weakness, she believes, the Germans will begin once more to plot Der Tag. We may win this war, we may even win a third world war. But unless we keep our heads and our strength we shall never be free of the German menace. Her proof begins while the first World War was still in progress, at a time when Miss Schultz herself was in Germany as an enemy alien, having been taken there just before the war began by her father.

Started Before 1918

Months before November 11, 1918, she writes, Ludendorff and others were busily preparing the basis for the current war. What amounted to a secret general staff was formed, means of camouflaging caches of arms, of bootlegging an army, were prepared. By the middle 'twenties Germany was operating full blast on the new system, one example of which is the effrontery with which the money stolen from the Allies' rightful reparations demand was put into modern factories which in turn were so designed that they could be converted overnight into war plants.

She also shows how wonderfully the Germans have used familiar trends, and how they can use them again. The cry for a "leader" is one; the delusion that Nazism protects private enterprise is another. The fright technique (the specter of Bolshevism) has been useful and so has the use of well-meaning people and fifth columnists to stir racial friction. The legend of German efficiency and "kultur" has been most valuable, and on the other hand, we are told that we must be kind to the Germans, or they will revolt. Planted rumors to instill distrust of our Allies are old stuff, but Miss Schultz shows how they work.

• • •

FAMILY SECRET

EDITH POPE'S "Colcorton" is a good Florida novel about a family which had a secret, and what this did to a good many people, in and out of the family. The publisher is unaccountably shy about telling what the secret is; it's only that there is a drop of negro blood in the family circulatory system. (Scribners).

• • •

SUSPENSE AND INTRIGUE

"WHILE Still We Live" is another of Helen MacInnes' novels of suspense and intrigue, like "Above Suspicion" and "Assignment in Brittany," but this time the setting is Poland. Miss MacInnes is her charming and efficient self in Poland as in France. She sets out to write entertainment, and she does it with great success. (Little, Brown).

Answer to Previous Puzzle

You don't mean you're going to let a chicken outsmart you

A CHICKEN KNOWS that an egg won't hatch unless you sit on it the proper length of time.

As with eggs, so with *nest* eggs.

The best nest egg in the world today is the War Bond. It's an incomparably safe investment. It pays $4 for every $3 you put up.

But . . .

In order to get that nice fat interest, you have to sit on a Bond for the proper length of time. 10 years to be exact.

You *can* get your money before that, any time after 60 days. But you won't get the full benefit. You lose the interest. You take your money out of the fight. You kill off savings that might be a blessing in days when money doesn't flow as freely as it does today.

Buy more War Bonds. Sit on them.

U. S. Navy Moves At Will In Pacific

CHICAGO, April 1 (AP) — Navy Secretary Knox asserted today that American naval forces moved as they pleased in the Pacific, and reported that more than 50 aircraft carriers were plying that ocean.

"We have taken possession of the initiative in the Pacific," he stated in a speech before the State Street council. "We go where we please and dare the enemy to come."

After telling of the steps taken against German U-boats in the Atlantic, he said:

"Then we undertook an offensive submarine campaign in the Pacific and, while you have heard very little about it, nevertheless the constructive blows struck against Japanese sea power have been the blows struck by the submarines.

But Knox reported we have only broken down the outer defenses of our enemies. He continued:

"We shall have to fight our way ashore either in China or Japan itself against the main element of Japan's strength, which is its army, not its navy. In Germany we face possibly the best trained army assembled anywhere, and it is in full possession of its home fortress. We can't get within that fortress until we have achieved the most difficult operation in the book—an amphibious landing."

An acre of land used to produce corn on the average provides food for a person for 635 days; if the corn is fed to hogs, it provides food in the form of pork for only 125 days.

Summer Irrigation Rates Are Available

Reminder that water now is available at regular summer irrigation rates under a special contract was given at city water department offices in the city hall Saturday.

Under these rates, which were put into effect several years ago to encourage home beautification, lawns, gardens and the like, 10,000 gallons of water are available at a net monthly cost of $2.52. Net cost above that quantity is 13.5 cents per 1,000 gallons.

Under the usual domestic rate, 10,000 gallons costs $3.28 net. The saving under the irrigation rate amounts to 76 cents, or 30 per cent. However, the usual domestic rate minimum is 3,000 gallons per month at a net cost of $1.62. The net rate is allowed, it was explained, when bills are paid within 10 days or receipt. Ten per cent is added to those paid after 10 days.

Officials explained that the irrigation rate is available throughout the year. However, most people prefer to sign them only for planting and growing months since few domestic consumers use 10,000 gallons of water per month during the winter. Officials emphasized particularly that a special contract must be signed to obtain advantage of these rates.

Chaplin Case Goes To Jury Next Tuesday

LOS ANGELES, April 1 (AP) — All the evidence is in, the rival lawyers are squared away for final arguments, and next Tuesday a jury of seven women and five men will try to decide whether Charlie Chaplin has violated the Mann act.

For five hours Monday, defense and government counsel will argue opposing views of the relationship between the 54-year-old actor and Joan Berry, 30 years his junior. Federal Judge J. F. T. O'Connor will give his instructions Tuesday, whereafter the jury will retire.

Testimony was concluded late yesterday afternoon. Judge O'Connor then denied Defense Attorney Jerry Giesler's second request for a directed acquittal verdict, and, after a conference with counsel, announced that closing arguments would be limited to two and one-half hours each for prosecution and defense.

Red Cross Donations Total $4,199 At LAAF

Responding with a 55 per cent increase over last year Lubbock Army Air field personnel has turned in to the 1944 Red Cross War Fund $4,199.90, Maj. Byron W. Goulding, chairman of the drive has announced. Final figures show that LAAF civilian employees gave $709.40; the officers donated to the tune of $1635.05 and the enlisted men and aviation cadets donated $1855.45.

"The increase of almost $1500.00 over last year's drive is all the more gratifying," Maj. Goulding said, "in view of the fact that the present strength of the field is less than a year ago. Many gave liberally with several donations in the $50 and $25 class."

NEW COMMANDER

CAMP HOOD, April 1 (AP)—The new commander of the Camp Hood Infantry Replacement training center is Brig. Gen. Thomas F. Bresnahan, formerly commanding general of special troops, Fourth army at Camp Maxey, Texas. He has already taken over the command.

YOU'RE NOT TOO OLD TO FEEL YOUNG

This is a message for men who have known life but no longer find it thrilling. Testilon, a recent medical discovery combining vitamins and hormones, multiplies the vim and zest and enjoyment you once knew. Your whole approach, your whole attitude toward life, may improve when you begin to use Testilon. Now it is possible for middle-aged men to again enjoy the same spirit, vitality and pleasures that made their youth a thing to always remember. Added years need not subtract from your pleasures when you use Testilon, the new medical formula combining vitamins and hormones. On sale at
