HST Blasts Attacks On Wallace Group

President Says Acts 'Un-American;' Southerner Blames Reds, Wallace

(By The Associated Press)

PRESIDENT Truman called for "fair play" Tuesday in the 1948 election campaign, and he decried the hurling of eggs and soggy tomatoes at Henry A. Wallace on Wallace's tour through the south.

A Dixie police chief declared that Communists and members of Wallace's own Progressive party instigated the barrages to gain "sympathy."

Mr. Truman sent word to newsmen that he considers egg-and-vegetable showers are "highly un-American" and violate "the American concept of fair play."

To Continue Tour

The Chief Executive added: "Mr. Wallace is entitled to say his piece the same as any other American."

In Winston-Salem, N. C., Police Chief John M. Gold said much of the jeering and egg-throwing was inspired by the Progressives. Some of the hecklers, he said, have been identified as members of the Communist party.

Wallace himself served notice he will go on with his six-state presidential campaign through the south, but in Birmingham, Ala., where he is scheduled to speak tomorrow, Police Commissioner Eugene Conner said he will enforce the city's ordinance requiring separation of whites and negroes. Wallace has announced he will address only non-segregated audiences.

Truman Sets Talk

In Washington, Walter White, secretary of the National Association for the Advancement of Colored People, blamed the egging of Wallace on an "irresponsible hoodlum Ku Klux element."

White discussed Wallace's Dixie experiences with Mr. Truman at the White House. Later, White told newsmen that the outbreaks would "not necessarily" swing a big negro vote behind Wallace. He said Wallace as secretary of agriculture and later as secretary of commerce did not practice the anti-discrimination policies he is preaching now.

While Wallace got off to an early campaign start, the White House announced that Mr. Truman will begin his swing through the west on Sept. 18 with a speech near Dexter, Iowa. It is expected to be the major "farm speech" of his election campaign. Officially, Mr. Truman will begin his stumping tour with a "labor speech" at Detroit on Labor day.

Details Not Complete

Charles G. Ross, White House press secretary, said the President will travel westward from Iowa, but details are incomplete.

A challenge to Mr. Truman came from Rep. Charles A. Halleck (R-Ind), House majority lead-

Wallace Target For New Barrage

ASHEVILLE, N. C., Aug. 31 (INS) —Henry A. Wallace was the target of an egg and tomato barrage for the fifth time today in North Carolina but proclaimed tonight he would complete his southern tour.

The Progressive party presidential candidate spoke without interruption before a small crowd of about 300 persons in Asheville. Observers said there was as much applause as heckling, a marked change from Wallace's reception in other Tar Heel cities.

Earlier about 24 tomatoes and a half-dozen eggs were hurled at Wallace by a hostile crowd in Hickory. One of the missles struck the ex-vice president.

Wallace Appears Cheerful

The boos and jeers of the Hickory crowd drowned out his remarks and he gave up after a brief attempt to speak.

He remarked as he left the town, "this is a totalitarian nation here."

At an Asheville news conference the former cabinet officer wisecracked about the egg and tomato throwing at Hickory.

First Bale Of 1948 Cotton Is Ginned Tuesday At Ralls

RALLS, Aug. 31 (Special)—The first bale of 1948 cotton in the Ralls trade territory was brought in today by Tim Lyle, mayor of Ralls, who farms about 2½ miles north of here.

The bale, ginned by Ralls Co-op Gin, weighed 520 pounds. It was ginned from 2,070 pounds of seed cotton, which yielded 880 pounds of seed.

The bale was gathered off approximately 10 acres. It was dry land cotton, the beds having been watered before the cotton was planted in late April.

As is a custom, the Ralls Chamber of Commerce is expected to pay a premium for the bale.

The first bale in the Ralls trade territory last year was brought in on Sept. 9.

Long Leading In Louisiana

(By The Associated Press)

NEW ORLEANS, Aug. 31—Russell Long, son of the late Huey P. Long, snatched the lead by 392 votes over Judge Robert F. Kennon for the United States Senate late tonight.

The unofficial total for 1,136 of the state's 1,883 precincts, including some from 58 parishes, gave Long 162,420 votes, Kennon 162,028.

In the other senatorial race, Sen. Allen J. Ellender still pulled ahead of his two opponents. The 766-precinct total gave Ellender 116,075; Rep. James Domengeaux 54,529 and Charles S. Gerth 20,242.

Making First Race

In the Cajun country third congressional district, where incumbent Rep. James Domengeaux did not seek re-election, state senator Edwin E. Willis ran ahead of two rivals in the race. Domengeaux was running far behind Senator Ellender in the race for Ellender's seat.

Rep. Henry D. Larcade, jr., of the seventh district was unopposed.

This was the day of political judgment for Russell Long, making his first bow as a candidate.

The heavy vote, on a sunny Democratic primary election day, was in judgment also on the administration of Russell's uncle, Gov. Earl K. Long, who stumped for his nephew against Appeals Judge Kennon.

The political shade of Huey Long, killed 13 years ago, was evoked by his brother's action-filled administration. In four ity sent in a revision of 23 in favor of Stevenson.

Wants Canvassing Watched

"Up to now, I'm sure that all of the mistakes have been honest mistakes, but nevertheless, Stevenson has been kept in the running by those mistakes. If I lose this election, I want to lose it by the votes of the people and not by mistakes and corrections.

"In order that we may not be corrected out of the running, I hope each county chairman whose duty it is to canvass the returns will be sure that a Johnson representative is present when the official returns are canvassed.

"In 1941, I lost this office by 1,311 votes, and I was counted out on Wednesday. In 1941, the same men were involved: I lost the senatorial race by 1,311 votes and Coke Stevenson won the governorship by 1,311 votes.

"In 1941 and in 1948, the experienced politicians were on the other side. That is why I urge the

Schuman Approved Premier Of France

(By The Associated Press)

PARIS, Aug. 31 — Robert Schuman was named premier of France tonight. The National Assembly confirmed him by a vote of 322 to 185.

France had been without a premier since Saturday when Andre Marie resigned with his cabinet.

Schuman received 11 more votes than the necessary majority. In addition to his own Popular Republican party he was supported by the Socialist, Radical Socialist and Independents.

Communists and their followers mustered all but two of the negative votes.

Having gotten a personal vote of confidence it now remains to be seen whether Schuman will receive the support of the assembly on his program and on the men he will name to his cabinet.

Schuman gained his majority despite the fact that he asked for support on the same issues that caused the downfall of Marie's cabinet. He told newsmen he would begin consultations tomorrow morning to select ministers for his cabinet. When Schuman was premier—from last November until July 10—his cabinet was made up of Popular Republicans, Socialist and Radical Socialists.

LONG HOLDS SLIGHT LEAD—Russell Long, left, 29, son of the late Huey Long, after trailing in the early count, had climbed into a slight lead late Tuesday night over Appeals Judge Robert F. Names For Two More Schools Announced

By CHARLES STONE
Avalanche Staff Writer

THE board of trustees of Lubbock Independent School district, meeting in regular session last night at the school business and tax office, approved official names for three Lubbock school structures, two of which are now under construction.

The elementary school now being built in the Woodlawn addition in southwest Lubbock was designated as the M. C. Overton school, in honor of Dr. M. C. Overton, pioneer Lubbock physician who came to the city at the turn of the century.

Central Junior High school, on Fourteenth street between Avenues T and U, which is to be remodeled in the near future, was named for Carroll Thompson, who served as the first principal of the school until about a year ago. He had been principal also of Hunt and Central Ward schools.

Suggestions Sought

The board voted to name the new gymnasium now under construction on Chapman field the Weldon Chapman gymnasium, in memory of the noted coach of Senior High school, who held his position there from the early 1930's until his death in 1939, the same year that the Lubbock High football team fought its way to the state championship.

The school board, which is seeking a name also for the new elementary school under construction on Thirty-sixth street, is inviting the public to submit names for its consideration. Names submitted should be those of pioneer Lubbock residents, retired or deceased, and may be either men or women. Suggestions should be addressed to the board of education at Box 1360, Lubbock, the board announced.

Covered Wide Territory

Dr. Overton, who stepped from a mail hack here on April 16, 1901, in front of a hotel at what is now Broadway and Ave. H, found himself the only doctor within hundreds of miles. In addition to owning a drug store here, his practice carried him as far south as Snyder and Big Spring, west to New Mexico and east to Matador.

In 1925, he took up as his specialty, pediatrics, the care and treatment of diseases of infants and children, his young patients numbering into many thousands.

In addition to his practice as a physician and specialist, he had been a builder of Lubbock, laying out the first residential addition here which still bears his name. He also aided in the development of the first hospital established in the city.

To Inspect Schools

At last night's meeting, a group of eight parents from Cottage school appeared before the board to submit a request for additional classrooms at the school. Spokesman for the group was Mrs. A. M. Strickland. The board informed the group that additional facilities in all the schools of the city were

Amarillo Mechanic Charged In Death Of Small Stepson

(By The Associated Press)

AMARILLO, Aug. 31—An auto mechanic was charged with murder here today in the death of his 23-month-old stepson, whom the garageman said climbed over the end of a bed and fell on a concrete floor.

The charge was placed against O. L. Brinkley, 38. He was held without bond pending action of the grand jury.

His stepson, Joseph Michael Getz, died shortly after he was brought to a hospital here last night by Brinkley and his wife, mother of the child. Both said the child fell from a bed onto the concrete floor.

An undertaker called police when he became suspicious of marks he found on the body of the child. An Amarillo doctor performed an autopsy. He said it showed numerous bodily bruises, contusions and internal injuries.

Soviet Political Leader Claimed

MOSCOW, Aug. 31 (AP)—Andrei A. Zhdanov, a member of the powerful Politbureau and one of the founders of the Cominform, died today.

Announcement of the death of this leading figure in Soviet and international Communist organizations was contained in a brief bulletin broadcast by the Soviet radio shortly before midnight.

The Russian public was deeply shocked at the news. Although Zhdanov had not appeared with other leading Soviet figures at an air celebration July 25, there had been no indication to the public that he was ill. He was 52.

Helped Direct Cominform

A little less than two months ago Zhdanov participated in a Cominform meeting in Romania which delivered an attack on the Yugoslav Communist party headed by Premier Marshal Tito.

Since the inception of the Cominform (Communist International Information bureau) almost a year ago, Zhdanov had been one of the leading inspirers of its activities.

Observers in many world capitals long had regarded Zhdanov as a leading contender in the behind-the-scenes rivalry for the job that Prime Minister Stalin must one day lay down.

He was a secretary of the Communist party of the Soviet Union. The Politbureau to which he belonged is made up of 14 members

Two Persons Killed When Light Plane Crashes Near Seymour

WICHITA FALLS, Aug. 31. (AP) —Two persons were killed late today when a light plane crashed and burned six miles northwest of Seymour.

The victims were identified as Ollis A. Shumate, 29, of Seymour and Mrs. J. D. Webster of Lindsay, Okla.

Witnesses said the low flying Piper Cub suddenly dived into a stubble field about 5:30 p. m. Both bodies were burned beyond recognition.

Cause of the crash was not known. An investigation was begun immediately by Sheriff Roy Stevens and Constable Collie Jeter. The CAA also was notified.

Webster said he and his wife had driven to Seymour with Mr. and Mrs. Shumate to obtain parts for Shumate's truck.

'Coke' Holds 349-Vote Lead; Contest Hinted

Johnson Cites 'Corrections'

(By The Associated Press)

AUSTIN, Aug. 31 — Coke Stevenson wasn't ready today to make a statement regarding his reported narrow lead in the U. S. senatorial race. His opponent, Lyndon Johnson, cited "alleged errors and recapitulations" which he described as steadily offsetting his gains.

Stevenson asked for "a chance to catch my breath" before commenting on today's returns.

The former governor said he had been on the telephone all morning.

Johnson commented on the fluctuating unofficial returns compiled by the Texas Election bureau in a formal statement. It read as follows:

"Errors" Aid Coke

"This fact about the election returns needs to be pointed up: Ever since the big city returns were in late Saturday night, my vote has increased steadily—except for alleged 'errors' and recapitulations.

"It is not meant to question the Texas Election bureau, but the fact remains that my gains have been in votes counted; and my gains have been steadily offset by 'corrections'.

"For instance, on yesterday a county in northeast Texas wired its correction which added 400 votes to Stevenson and none to Johnson.

Claims Votes Sought

"For instance, a southeast county wired a correction which added 60 votes to Stevenson and none to Johnson.

"Late yesterday I was told that there were telephone calls to a west central Texas county, urging that at least 200 votes be sent in as a correction. We telephoned our men in that area and they assured us the correct vote was already in. But at 1:30 o'clock this morning, our men telephoned that there had been a mistake, and there was a net gain of 225 for Stevenson.

"Last night we were told that a Gulf Coast county had been asked to deliver another 100 votes. We are now advised that a revision has been reported showing this county has made a 'mistake' of 87 votes in favor of Stevenson; and another county in the same vicin-

Hiss Is Labeled As Pro-Russian

WASHINGTON, Aug. 31 (INS)— Former Assistant Secretary of State Berle told spy probers in testimony made public today that he was "worried" in 1944 about Alger Hiss who took a "pro-Soviet" point of view.

Berle told the House un-American Activities committee that "there was a difference of opinion in the State department" regarding Russia at the time. He said he was pressing for a "showdown" with Russia.

Another group, he said, led by then assistant Secretary of State Acheson, with Hiss as his "principal assistant in the matter," took what would be described today as a "pro-Russian view."

Berle 'Loses Battle'

Rep. McDowell (R-Pa.), chairman of a subcommittee before which Berle testified in secret in New York Monday, told newsmen that Berle's faction "lost the battle" and as a result Berle was transferred to Brazil as ambassador.

Hiss, a former State department official who helped found the United Nations, is accused of having been a Communist agent by Whittaker Chambers, self-confessed Communist courier and now a $25,000-a-year Time magazine editor.

$360 In Watches Taken From Window

Burglar Strikes At Jewelry Store Here

ONE of Lubbock's 'show window" burglars struck again last night, taking watches and watch bands valued at $360 after hurling a chunk of concrete through the plate glass display window of the C. S. Tyner Jewelry firm at 906 Thirteenth street.

The burglary occurred at 9:20 p. m. and marked the second time this summer that the store window has been smashed. About two months ago, two men broke the window and escaped with jewelry valued at more than $200. A week earlier, burglars had smashed the Zale's Jewelry store window and fled with more than $1,000 in jewelry.

The loot in last nights' sidewalk burglary included four watches valued at $75 each and four bands valued at $11.50 each.

Tuesday night's burglary was reported to city policemen by Bob Melcher of 2504 Twenty-seventh, who had stopped in his automobile for a traffic light at Avenue H and Thirteenth street, only half a block down the street from the store.

Melcher told investigating officers that he heard the sound of breaking glass. He turned the corner in time to see a man run west from the store and turn north into the alley which runs between Avenue H and Texas Avenue. He reported that the man then turned east at an intersecting alley toward Avenue H and disappeared.

Melcher then summoned a city policeman a short distance away on Texas Avenue.

Police described the suspect in

Committee Seeks Way To Finance Farm Labor Camp

By H. I. KIEFER
Avalanche Staff Writer

"CITIZENS of the city of Lubbock have no representation on the county commissioners' court now, but it'll be different in two years."

This declaration by W. C. Wood enlivened a meeting Tuesday afternoon of a Chamber of Commerce committee which is seeking ways to finance the building of a camp for itinerant Mexican cotton pickers. Wood is chairman of the group.

The committee decided to follow this procedure in the effort to hasten construction of the camp:

Procedure Outlined

First, to ask the city commission, which already has agreed to pay half the estimated $6,500 cost of the camp and to provide the site, to appropriate all the money needed.

Second, if the city commission does not provide the money, to call a meeting of merchants to determine whether they want to subscribe the necessary funds.

Third, if merchants reject this plan, to abandon the project and take the chance that Lubbock might be blacklisted by the cotton pickers in favor of the several South Plains localities which do provide camps.

Joining in approval of this plan of procedure were Retha Martin, Al Glassman, Hop Halsey, legislative Rep. Preston Smith, C. W. Ratliff and George Bond, assistant manager of the chamber of commerce.

If the "hat passing" technique should be adopted as the means of financing the camp, those conducting the drive have the assurance of one donation.

County's Pact Needed

"Put us down for a contribution as large as the largest," commented Martin, who is president of the Dunlap Co.

But it was the expressed consensus of all present, first, that the county should assist in building the project as a public health and humanitarian measure which benefits rural areas as much, if not more, than the city; but, second, since the county has turned thumbs down on the undertaking, it would be a proper expenditure of public money for the city commission to pay all.

"I think the city commissioners have offered to do their reasonable part," commented Rep. Smith. "I hate to go back to them to ask for more. But it would be fairer to ask that than to ask a few business men to pay for a public improvement which benefits everyone."

Members of the committee were unanimous in the view that the county should assist in building the camp. But none was as out-

New Storm Brews In Atlantic As First Hurricane Retreats

(By The Associated Press)

MIAMI, Fla., Aug. 31 — Northeast storm warnings were hoisted over a 200-mile area in the Lesser Antilles today where a new tropical storm was gathering force 1,800 miles southeast of Florida.

Meanwhile, storm flags along the North Carolina coast came down as the first tropical hurricane of the "season" continued its retreat to the open sea after skirting the North Carolina coastline for the past two days.

Small Craft Warned

In an advisory distributed by the Federal Storm Warning service here, the new storm was pinpointed about 50 miles east of St. Lucia. The red and black warning flags were ordered up from Pointe-A-Pitre, on Guadeloupe island, south of St. Lucia.

A third area of "suspicion" was reported in the Gulf of Mexico some 150 miles east of Brownsville, Texas, but the third spot has not developed into a regular tropical storm.

The weather station at San Juan, Puerto Rico, said the new storm is moving westward toward the Caribbean at about 10 to 14 miles an hour. Winds of 40 to 50 miles an hour cover a small area near the center. It was expected to grow in size and violence as it moved ahead, but was still not in the hurricane class.

Small craft in the Leeward islands were warned to stay in port and all interests in the area were told to stand by for further advisories.

Storm No. 1 plowed to within 110 miles of Cape Hatteras before making a definite retreat back out to sea. Squally winds up to 40 miles an hour were the strongest felt in the area where hurricane warnings flew for a time.

Vote In Gregg Is Questioned

(By The Associated Press)

COKE STEVENSON'S lead today in the Democratic runoff race for U. S Senate was 349 over opponent Lyndon B. Johnson, congressman from the tenth district.

The lead was based on Texas Election bureau returns from all of the state's 254 counties, all but one—Borden—complete.

Regardless of the finial count by the election bureau both candidates in the race to replace W. Lee (Pappy) O'Daniel as junior senator from Texas will await the party's official canvass of the votes.

40 Out In Borden

An estimated 40 votes remained unaccounted for in Borden county. They will have little bearing on the outcome, Bob Johnson, manager of the election bureau, said revisions would be made from time to time as official confirmations come in.

So far, 39 of the 235 completed counties are officially confirmed.

The election bureau manager said there was little doubt that the bureau's unofficial count would give Stevenson a majority.

The bureau expects to wind up today.

Stevenson's lead of 349 votes was in the 7 p. m. tabulations last night, the last announced until today.

Late Reports Favor Coke

At that hour Stevenson was leading 494,555 votes over 494,206 for Johnson.

Stevenson nudged ahead by 53 votes between the previous count at 3:30 p. m., when he held a majority of 296 votes.

At 3:30 p. m. complete returns were still lacking from Borden, Van Zandt and Kent.

The one box incomplete from Van Zandt county gave Stevenson a net gain of 50 votes over Johnson. Stevenson picked up an additional five votes in the final box from Kent county. Revisions accounted for the difference.

Contest Is Hinted

Neither candidate issued a statement last night after the final election bureau figures gave Stevenson a majority of 349 votes.

In a good mood, Stevenson said at Austin he would wait, adding:

"I want to think it over."

He went to bed early.

Johnson said he had no statement to make, but one of his advisors indicated that the election returns in Gregg county would

Currency Talks Held In Berlin

By EDWIN SHANKE
Associated Press Staff Writer

BERLIN, Aug. 31 — East-West negotiations to break the 69-day blockade of Berlin shifted from Moscow to this city tonight with a meeting of Germany's four military governors, their first in five months.

Coupled with their discussion on practical steps for lifting the siege of Berlin was the highly technical problem of finding a way out of the confusion created by two rival currencies in this city of three and a quarter million people.

After conferring for only an hour in the huge greystone Allied Control Council building, the Russian, British, American and French military governors left without making a formal statement.

To Meet Again

However, Gen. Lucius D. Clay, the American commander, said "we will meet again tomorrow."

It was understood top financial advisers to the military governors will get together in the meantime to discuss technical details of the money problem with the aim of getting agreement for a single currency here. In the Russian view, such an agreement is essential for woring out any final East-West agreement on Berlin as a whole.

In Washington the American State department declared measures for lifting the blockade were among the points before the conference. However, Gen. Clay said

Ringling Brothers-Barnum & Bailey Coming!

'Greatest Show On Earth' To Play At Fair Here Sept. 29

"THE Greatest Show on Earth" this year will combine forces with "The Show Window of the Plains" to give the 1948 Panhandle-South Plains Fair the greatest, single drawing card of its 31-year history!

Ringling Brothers and Barnum and Bailey's Combined Circus will play afternoon and night performances in Lubbock, on the fairgrounds, on Wednesday, September 29. Arrangements were completed for the combined showing yesterday by Chas. A. Guy, president of the fair, and Waldo T. Tupper, general agent for RBB&B, with headquarters in Los Angeles.

Negotiations had been carried on throughout the previous week with Arthur Concello, general manager of the circus and finally ended in agreement with him and two of the show's major owners, John Ringling North and Henry Ringling North, while the circus was playing San Francisco.

In the agreement which makes the circus a one-day attraction for the week-long fair was a special price arrangement. On "Circus Day at the Fair," adult tickets, customarily costing 60 cents, will be cut to 35 cents. Children will be admitted free, although they will have to pay the customary $-cent tax demanded by the federal government.

Circus officials also have agreed to advertise the Panhandle-South Plains fair in every way possible in papers and on billboards in this area.

"If the weather is good on September 29," Guy said, "the Panhandle-South Plains fair will break all attendance records. The Ringling show this year—packed for the first time since the war with the finest acts from Europe—has been hailed by critics everywhere as 'the best show RBB&B ever put together.' That means

Swift IT IS HELD IN JAIL

As G Sally' Charges She Was napped To Face U. S. Trial

In an ability o... Plains Army Air field for storage of the area's sorghum crop, city officials Tuesday were attempting to clear away a little more government red tape on the transaction.

Officials and other observers, however, took a somewhat dim view of the relief the storage space would afford if it should be made available. Estimates are that only about 30,000,000 pounds of grain could be stored there, about one-tenth of one per cent of the crop for which temporary storage is needed.

Mayor Urges Action

Actual control of the airport property now is in the hands of the War Assets administration. But the land is owned by the city and under lease to the government. Negotiations have been in progress for months looking to the termination of the lease and the restoration of control of the land, approximately 1,400 acres, to the city. Involved in these negotiations are the city and the Civil Aeronautics administration.

Mayor W. H. Rodgers announced that the city has given the WAA clearance to go ahead and make the storage space available for grain. Or, as an alternative and better proposition, he said, WAA has been asked to place the buildings at SPAAF under the city's control so that the city commission can lease them for storage.

Practical Use Doubted

"The city commission wants to do whatever will make the storage space available quickest," he said.

space, if available, would be practical. In the first place, he said, there's not enough space to do much good.

In the second, there is a question as to whether it would be financially feasible. If the space is used, expensive equipment necessary to the handling of the grain will have to be installed. There is doubt whether the expense would be justified by the relatively small quantity of grain which could be handled, the mayor explained.

Superintendent Explains New Setup For Cottage School

All special schools in Lubbock must be placed in a regular school building if they expect to receive state aid, Supt. H. W. Matthews of the Lubbock Independent School district has been advised by H. E. Robinson, director of special education in the State Department of Education.

This information, received recently by the superintendent is the reason the special school, which was held last year in a private apartment, is being placed in one of the rooms at Cottage school this year, Matthews said. Some parents had protested the change of the Special school to Cottage school.

In making the change, school authorities had to take into consideration that students of the Special school had to be in a room where toilet facilities were available, since some had to be carried to the toilet. In the local school system there were only two such rooms, Cottage school and a room on the second floor of Central Ward school. The room in Central Ward could not be used because the children who are completely incapacitated would have to be carried up and down the stairs.

"It is the State Department's idea that we are trying to make these crippled and spastic students into normal children, so they must be in a school with normal children," Matthews said.

Approximately fifteen students were in attendance in the Special school, taught by Mrs. Josephine Ballenger, last year.

Wayland's Dean Assumes Duties

PLAINVIEW, August 31 (Special) — Dr. Floy S. Wise, formerly head of the social science department at Union university, Jackson, Tenn., has arrived here to assume his duties as academic dean at Wayland college.

Dr. Wise is a graduate of the University of Arkansas, having received the degrees of Bachelor of Science in education and Master of Arts there. He received the degree of Doctor of Philosophy from the University of Texas with a major in American history and minors in European history and government.

Experience Is Outlined

Dr. Wise taught in the rural schools of Arkansas for several years, and later served as school superintendent at Dierks and Okolona, Ark.

From 1938 to 1940, Dr. Wise served as part-time instructor and instructor in summer school at the University of Texas. In 1940-41, he held an associate professorship in the social science department of Ouachita Baptist college, Arkadelphia, Ark., and went from there to Union university.

During his association with the latter institution, he was for four summers visiting professor at Howard college, Birmingham, Ala., and for two years visiting professor at the University of Mississippi, University, Miss.

Dr. and Mrs Wise have affiliated themselves with First Baptist church here. He holds membership in the Masonic Lodge, Texas Historical association, Southern Historical association, and Tennessee Educational association.

Cleveland Brown Quarterback Otto Graham and Cliff Lewis are neighbors in Bay Village, O., a suburb of Cleveland.

High Officials Pay Tribute To Hughes

NEW YORK, Aug. 31 (AP)—Representatives of the nation, state and city paid final tribute today to former Chief Justice Charles Evans Hughes.

Chief Justice Fred M. Vinson ed States to seek a "real settlement" with Russia, but without appeasement.

The candidates, who are attending the midlands conference of Democratic senatorial and gubernatorial nominees from eight states, agreed on their joint foreign policy at a meeting last night.

The statement was signed by Paul H. Douglas, Illinois; John A. Engel, South Dakota; Hubert H. Humphrey, Minnesota; Frank E. Hook, Michigan, and Guy M. Gillette, Iowa.

Warning Is Sounded

"The ultimate objective of American policy must be a real settlement with the Soviet Union, which once achieved will permit the United Nations to function on the basis which its founders hoped would be the case," the statement said.

The candidate warned, however, that such an agreement "cannot be reached through any program of appeasement."

"Before any settlement with the U. S. S. R. can even be hoped for, the makers of Soviet policy must be convinced that continued expansion and aggression will not be tolerated," the statement said.

The two-day conference opened yesterday with a note of confidence in a Democratic victory in the November elections. In a keynote address, Douglas said the party need only present a "vigorous, constructive program" to recapture the Midwest from the Republicans.

LEFT-WINGERS HIT

NEW YORK, Aug. 31 (AP) — A membership meeting of the National Maritime Union (CIO) has voted to expel from the union three left-wing former officers after a trial on charges of mishandling NMU funds and conspiring to disrupt the union. The three are Ferdinand C. Smith, ex-national secretary; Howard McKenzie, ex-vice president, and Paul Palazzi, former New York port agent.

Fort Worth Air Base To Send Planes To Cleveland Races

FORT WORTH, Aug. 31 (U.P.)— Carswell Air Force base planes will take part in the Cleveland air races this weekend and Monday, it was announced today.

A giant B-36 bomber will be sent there for ground display during the show.

An armada of B-29's from here, Tucson, Ariz.; Roswell, N. M.; and Biggs Field, El Paso, will take part in daily low altitude fly-overs at the races.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland, of Dallas. In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloat, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before."

You can get Mertox Compound from any Rexall druggist at the new REDUCED price

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to, the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

Cousin Of Lubbock Woman Is Killed When Pistol Discharges

Robert E. Graves, jr., 34, a cousin of Mrs. Lee M. Shockley of Lubbock route 6, was killed early Saturday morning at his home in Killeen, when a pistol which he had under the pillow of a hammock in which he was sleeping was discharged, it was reported here.

He had kept the pistol under the pillow because prowlers had been reported in the neighborhood, reports said.

Mrs. Shockley returned to Lubbock Tuesday after attending funeral services for Graves at Temple Monday.

Graves was kell-known here by several Lubbockites who formerly lived at Temple, where Graves resided at one time. He was assistant personnel officer in the civil service office at Camp Hood.

Swift Action Sought On SPAAF As Grain Storage Need Grows

In an effort to hasten the availability of buildings at South Plains Army Air field for storage of the area's sorghum crop, city officials Tuesday were attempting to clear away a little more government red tape on the transaction.

Officials and other observers, however, took a somewhat dim view of the relief the storage space would afford if it should be made available. Estimates are that only about 30,000,000 pounds of grain could be stored there, about one-tenth of one per cent of the crop for which temporary storage is needed.

Mayor Urges Action

Actual control of the airport property now is in the hands of the War Assets administration. But the land is owned by the city and under lease to the government. Negotiations have been in progress for months looking to the termination of the lease and the restoration of control of the land, approximately 1,400 acres, to the city. Involved in these negotiations are the city and the Civil Aeronautics administration.

Mayor W. H. Rodgers announced that the city has given the WAA clearance to go ahead and make the storage space available for grain. Or, as an alternative and better proposition, he said, WAA has been asked to place the buildings at SPAAF under the city's control so that the city commission can lease them for storage.

Practical Use Doubted

"The city commission wants to do whatever will make the storage space available quickest," he said.

But he and others expressed doubt whether the use of the space, if available, would be practical. In the first place, he said, there's not enough space to do much good.

In the second, there is a question as to whether it would be financially feasible. If the space is used, expensive equipment necessary to the handling of the grain will have to be installed. There is doubt whether the expense would be justified by the relatively small quantity of grain which could be handled, the mayor explained.

Superintendent Explains New Setup For Cottage School

All special schools in Lubbock must be placed in a regular school building if they expect to receive state aid, Supt. R. W. Matthews of the Lubbock Independent School district has been advised by H. E. Robinson, director of special education in the State Department of Education.

This information, received recently by the superintendent is the reason the special school, which was held last year in a private apartment, is being placed in one of the rooms at Cottage school this year, Matthews said. Some parents had protested the change of the Special school to Cottage school.

In making the change, school authorities had to take into consideration that students of the Special school had to be in a room where toilet facilities were available, since some had to be carried to the toilet. In the local school system there were only two such rooms, Cottage school and a room on the second floor of Central Ward school. The room in Central Ward could not be used because the children who are completely incapacitated would have to be carried up and down the stairs.

"It is the State Department's idea that we are trying to make these crippled and spastic students into normal children, so they must be in a school with normal children," Matthews said.

Approximately fifteen students were in attendance in the Special school, taught by Mrs. Josephine Ballenger, last year.

Wayland's Dean Assumes Duties

PLAINVIEW, August 31 (Special) — Dr. Floy S. Wise, formerly head of the social science department at Union university, Jackson, Tenn., has arrived here to assume his duties as academic dean at Wayland college.

Dr. Wise is a graduate of the University of Arkansas, having received the degrees of Bachelor of Science in education and Master of Arts there. He received the degree of Doctor of Philosophy from the University of Texas with a major in American history and minors in European history and government.

Experience Is Outlined

Dr. Wise taught in the rural schools of Arkansas for several years, and later served as school superintendent at Dierks and Okolona, Ark.

From 1938 to 1940, Dr. Wise served as part-time instructor and instructor in summer school at the University of Texas. In 1940-41, he held an associate professorship in the social science department of Ouachita Baptist college, Arkadelphia, Ark., and went from there to Union university.

During his association with the latter institution, he was for four summers visiting professor at Howard college, Birmingham, Ala., and for two years visiting professor at the University of Mississippi, University, Miss.

Dr. and Mrs. Wise have affiliated themselves with First Baptist church here. He holds membership in the Masonic Lodge, Texas Historical association, Southern Historical association, and Tennessee Educational association.

Midwest Solons Ask 'Real Settlement' In East-West Crisis

CHICAGO, Aug. 31 (U.P.)—Five Democratic senatorial candidates from Midwestern states today issued a statement urging the United States to seek a "real settlement" with Russia, but without appeasement.

The candidates, who are attending the midlands conference of Democratic senatorial and gubernatorial nominees from eight states, agreed on their joint foreign policy at a meeting last night.

The statement was signed by Paul H. Douglas, Illinois; John A. Engel, South Dakota; Hubert H. Humphrey, Minnesota; Frank E. Hook, Michigan, and Guy M. Gillette, Iowa.

Warning Is Sounded

"The ultimate objective of American policy must be a real settlement with the Soviet Union, which once achieved will permit the United Nations to function on the basis which its founders hoped would be the case," the statement said.

The candidate warned, however, that such an agreement "cannot be reached through any program of appeasement."

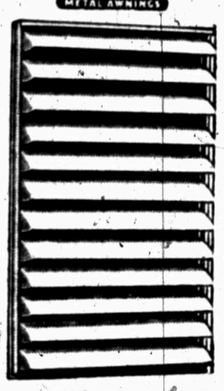

"Before any settlement with the U. S. S. R. can even be hoped for, the makers of Soviet policy must be convinced that continued expansion and aggression will not be tolerated," the statement said.

The two-day conference opened yesterday with a note of confidence in a Democratic victory in the November elections. In a keynote address, Douglas said the party need only present a "vigorous, constructive program" to recapture the Midwest from the Republicans.

LEFT-WINGERS HIT

NEW YORK, Aug. 31 (AP) — A membership meeting of the National Maritime Union (CIO) has voted to expel from the union three left-wing former officers after a trial on charges of mishandling NMU funds and conspiring to disrupt the union. The three are Eerdinand C. Smith, ex-national secretary; Howard McKenzie, ex-vice president, and Paul Palazzi, former New York port agent.

Oscar Taylor Is Appointed 99th District Court Reporter

Oscar Taylor, late of the 32nd district court of Judge A. S. Mauzey, has been appointed to replace Georgia Cheney, who has resigned as official shorthand reporter of the 99th judicial district.

The former tank corps captain who was in World War 2 service four years has arrived in Lubbock and he and his wife have a residence in Country club addition. They have no children.

Mrs. Cheney, appointed court reporter in the fall of 1944 by then special District Judge J. E. Vickers and reappointed in January of 1945 by Judge Pardue, is considering three more lucrative positions, all of them associated with the judiciary and one of them out of the state, she said.

Taylor has reported proceedings in the courts 14 years, commencing in the federal and state courts of Oregon, his native state.

He has reported for the courts here several times when regular reporters were ill or taking down trial records elsewhere. He writes the Stenotype system, on a small machine that has keys somewhat like a typewriter and imprints its characters on a roll of paper like that used in adding machines.

Fort Worth Air Base To Send Planes To Cleveland Races

FORT WORTH, Aug. 31 (U.P.)—Carswell Air Force base planes will take part in the Cleveland air races this weekend and Monday, it was announced today.

A giant B-36 bomber will be sent there for ground display during the show.

An armada of B-29's from here, Tucson, Ariz.; Roswell, N. M.; and Biggs Field, El Paso, will take part in daily low altitude fly-overs at the races.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland of Dallas. In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloat, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before."

You can get Mertox Compound from any Pecos druggist at the new REDUCED price.

SUSPECT IS HELD IN JAIL

'Axis Sally' Charges She Was Kidnapped To Face U. S. Trial

By EARLE MARCKRES
INS Staff Correspondent

WASHINGTON, Aug. 31—Mildred Elizabeth Gillars, the "Axis Sally" who allegedly broadcast blandishments to American GI's for Hitler, today accused the U. S. of "kidnaping" her from Germany to face treason charges.

The attractive, 47-year-old woman lodged the charge in an appearance before U. S. Commissioner Cyril S. Lawrence attended by a "mystery" lawyer who claimed he was retained to advise Miss Gillars.

Woman Displays Emotion

She said she has no lawyer "although I have a couple hanging around."

Miss Gillars, displaying emotion for the first time since she was flown from Germany 10 days ago, tearfully told the U. S. commissioner she was brought to Washington "without any idea where I was going." She sobbed:

"I understand that is kidnaping. I am told also that I am being railroaded."

She declared she had been in jail in Germany for a year and a half, but only for questioning. She said that no charge had even been placed against her overseas.

The "mystery" lawyer was John M. Holzworth, who said he advised Miss Gillars that she was being "railroaded." Holzworth said he was acting at the direction of New York parties who engaged me and whose identity I will reveal later."

Commissioner Lawrence told the silver-haired propagandist that the U. S. "will not permit anyone to be railroaded."

Miss Gillars, nattily attired in light checked summer suit and wearing high-heeled black shoes, was supported throughout the court appearance in the arms of her half-sister, Edna May Herrick.

Commissioner Lawrence continued the hearing for two weeks until Sept. 14 to enable Miss Gillars to obtain a lawyer and receive medical attention.

Miss Gillars did not disclose why she wanted medical treatment but received official assurances that she would receive "proper attention."

SPARKS FLY—Russian officers meet U. S. officers, at left, and a liason officer, center with back to camera, in Potsdamer Platz, Berlin, where Russian, British and U. S. Sectors come together. The unscheduled meeting was made after Soviet zone police killed four Germans and wounded about 10 others in a gun battle with alleged black marketeers. Russian troops were rushed to the scene where they were met by U. S. Military Police on the border line. Both sides withdrew after a conference. (NEA Radio-Telephoto).

High Officials Pay Tribute To Hughes

NEW YORK, Aug. 31 (AP)—Representatives of the nation, state and city paid final tribute today to former Chief Justice Charles Evans Hughes.

Chief Justice Fred M. Vinson and Gov Thomas E. Dewey were among some 2,000 persons who attended funeral services in Riverside church.

Hughes, 86, died Friday at Osterville, Mass

Justices of the Supreme Court Hugo L. Black, Stanley F. Reed, Felix Frankfurter, Robert H. Jackson and Harold Burton also were present

The service was conducted by the Rev Harry Emerson Fosdick, minister emeritus of the church.

The casket of the former chief justice was moved into the lofty main body of the church after resting in the nave for several hours.

Jap Reds Urge Peace Treaty, Withdrawal Of Allied Troops

TOKYO, Aug. 31 (AP)—Japanese Communists today called for an early peace treaty for Japan and prompt withdrawal of Allied troops thereafter.

The party issued a manifesto voicing strong opposition to "the conversion of Japan into a military base," presumably by the United States since Japan is disarmed.

BORDERLINE ANEMIA* CAN STEAL YOUR SPARKLE!

Is a pale face robbing you of charm and personality? Is your vitality running low? Faded, weak red blood cells often cause these conditions. You may have a Borderline Anemia, due to a ferro-nutritional blood deficiency.

According to medical studies, up to 68% of women—many men and children—drag through life with this tiring Borderline Anemia.

If you have this Borderline Anemia, you need Ironized Yeast Tablets! They are specially formulated to help build up faded, puny red blood cells to healthy redness and size, and thus permit your color and energy to come surging back. Of course, continuing tiredness and pallor may stem from other causes—see your doctor regularly. But in this Borderline Anemia, take Ironized Yeast Tablets. Take them to reclaim your vigor, your healthy color, your enjoyment of life!

U. S. Support For Parliament Of Europe Cheers French Envoy

WASHINGTON, Aug. 31 (AP)—America's vigorous backing of France's call for a parliament of Europe was cheered today by French Ambassador Henri Bonnet as greatly encouraging his people.

Creating the assembly can have a "tremendous effect" in promoting western unity, the envoy declared. "The powerful support of public opinion in Europe" is back of it, he asserted.

This government, which wants a closer knit west through a United States of Europe or any grouping of Democratic states toward that end, said officially last week that it "strongly favors the progressively closer integration of the free nations of western Europe."

Bonnet predicted that the assembly would offer a firm basis for lasting economic cooperation among the Marshall plan nations.

France's idea is an advisory body at the start. Presumably the Marshall plan nations would compose it. France asked that Britain, Belgium, The Netherlands and Luxembourg join in a preliminary meeting before November to work out plans for setting up the parliament.

Bankers Stall Man Out Of $40,000 Loot

HOUSTON, Aug. 31 (AP)—B. J. Evans, a vice president of the $167,000,000 assets City National bank here, simply didn't have $40,000 to spare yesterday when a robber demanded that sum.

A well dressed man had demanded an immediate audience with the bank president. A receptionist referred him to Evans.

The man dropped a note on Evans' desk. The note told Evans to put $40,000 in a hatbox the caller was carrying or "someone in your family will be hurt."

"Sit down," Evans said. "Let's talk this thing over."

The talk was long. Evans asked his caller for everything but collateral. He argued the man into lowering his demand to $35,000. Even that sum, Evans explained, was far too much.

Guy Heath, another vice president, was called into consultation. Heath, too, thought the request was unreasonable.

Suddenly the caller, disgusted, picked up his hat box and left. The bank officers dived for telephones and the police.

This morning Thomas A. Gage, a taxi driver, told detectives he had hauled the hat box bandit around the city. His fare had abandoned him with an unpaid $10 on the meter, he said.

The speeds of electric motors range from 120,000 revolutions a minute to as low as a single r.p.m. or stall.

Girl Who Started Fires Is Claimed Victim Of Family Mixup

CHICAGO, Aug. 31 (AP)—A mental health expert today found Wonet McNeil of Macomb, Ill., the 13-year-old girl with the fiery touch, normal, but "a victim of a family mixup and divorce."

Wonet was named by John Burgard, assistant state fire marshal, as the sole cause of some 200 fires which blossomed on the farm of her uncle and aunt, Mr. and Mrs. Charles Willey.

The blazes, which Wonet set when the family "weren't watching me," destroyed the Willey home and two barns. The girl, her father, Arthur, her brother, Arthur, Jr., 8, and the Willeys were driven to live in a makeshift tent. Then, when they all moved into a neighbor's four-room house, there were more fires, all minor.

Burgard said Wonet broke down and admitted starting the fires—all of them—with matches. He said she believed that she could fix things so she'd be sent to live with her mother.

Wonet's parents were divorced in 1943. Her father was awarded custody of her and her brother. Her mother is Mrs. Leona Eagle who lives with her second husband in a trailer camp at Bloomington.

IN OCCUPIED GERMANY

THE life of American families living in occupied Germany, whose husbands and fathers are engaged in "Operation Vittles," is described in an interesting letter from Mrs. Milton Roelofs, the former Ruth Marie Payne of Lubbock; the letter being prompted by an article which appeared in Lubbock papers several weeks ago. Perhaps you saw the syndicated article which was written by the wife of an Army major as an explanation of why American women and children did not get panicky and flee the blockaded city.

She described the palacial villa in which she lived, told of the modern conveniences and added, "the most important thing is to keep our family united."

* * *

WRITES Mrs. Roelofs:

"I have no quarrel to pick with the major's wife," (whose husband is a flying captain) "I only know she did not give the true picture of all occuping families." (Her husband, a captain, is a pilot.)

"Making it possible for the families to stay united in Berlin is the Air Force and it is not possible for the families of many of these airmen to be together. In this small village in southern Bavaria there are 26 families and 15 of the men have been away for two months now 'flying vittles to Berlin.'

It is possible for us to visit our husbands at their headquarters and they do get to come home occasionally for 24 to 30 hours (if they drive 260 miles to do it.)

"We do not complain much about that because as far as I am concerned we must not at this time fail the freedom loving Germans in Berlin and permit the Russian communists to engulf that city into a sea of blackness and terror. If we believe in freedom and cherish it, then we must fight for it and this is one fight we must win."

* * *

MRS. Roelofs writes she doesn't want the folk at home to think all the families of these airmen are living in luxurious villas. "In our case," she says, "we have a decent house, adequately furnished, comfortably heated and with modern plumbing. Our case is unusual. The German family who moved out left all the requisitioned furniture, light bulbs and a neat stack of firewood for our wood range. In practically every other case the Germans carried away light fixtures, furniture, sinks, etc.

"One of the boys who has logged as many hours as any other pilot flying supplies to Berlin (to keep the major's wife in comfort) moved his wife and two babies into an apartment with not even a bed in it. Gradually they have gotten together enough essential furniture to get by. The promises of his commanding officer and the military government to furnish the place adequately have not been fulfilled. In all of the other apartments in the building most of the furniture in use has been acquired by the occupants through devious ways.

"Probably the officer (and he is a Lubbock boy) could have taken several months' rations of cigarettes and furnished his living room, but I know how many hours he has spent in the air since he was transferred here. Maybe his wife should have scrounged around and found furniture, but she believed the promises and it's 19 miles to the commissary and 50 miles to a pediatric clinic. That explains where her time goes, with no refrigeration.

* * *

"Yes, I'd like to run away from the fear that nags us night and day: 'Will we get our children out of here safely if war comes?' and 'Will our husbands and their fathers make it safely getting the major's family out of Berlin, if war comes?' But we don't run away because we like many things about our life and we have a right to be near and want to keep our families united as much as possible, too.

"Actually we sleep quite well at night. The Germans do not bother us; although they don't like us. And I'm busy during the day. We can only continue to pray for a peaceful solution to this crisis which is keeping our husbands away from home."

* * *

ANTELOPE'S PICTURE

DOES any old times have a picture of an antelope taken during early days out here? Or, for that matter, does any one have such a picture?

We know a young man who is anxious to get a picture of an antelope; either of the animal taken with a family that might have caught one and tried to tame it, or of the animal by itself.

We'd appreciate a word, if such a picture is available."

Summer squash or zucchini is good cut in thin crosswise slices and sauteed in a little fat in a skillet; cover it during the cooking, turning the slices a few times, and season well with salt and pepper before serving.

Lucye Bull Marries Daniel J. Percin

Miss Lucye Bull, daughter of Mrs. Mattie Bull, 816 Ave. B, and Daniel J. Percin of Temple were married at 2:30 p. m. recently in the Fort Worth home of Mr. and Mrs. J. S. Compton with Rev. E. W. Thomas performing a double ring service.

White tapers and an arrangement of daisies decorated the mantel, and baskets of gladioli completed the decorations of the home.

The bride wore a street length dress of powder blue crepe with black accessories. A corsage of white gladioli was carried on a white Bible belonging to Mrs. Ray L. Taylor.

Mrs. Compton, matron of honor, wore a smoke gray suit with a corsage of pink carnations. Mr. Compton attended the bridegroom as best man.

Mr. and Mrs. Percin were assisted in receiving by their attendants, and wedding and reception guests attended from Lubbock and Fort Worth.

After a wedding vacation in Fort Worth, the couple will be at home in the Meadowbrook Villa addition in Lubbock. For traveling the bride wore a printed silk dress with black accessories.

The bride was graduated from Lubbock High school, and the bridegroom served two-and-a-half years in the Army in the Southwest Pacific theater of operations. Both Mr. and Mrs. Percin are employed in Lubbock.

Wedding Ceremony Read At Church For Laura Beth Hall And W. L. Peacock

Miss Laura Beth Hall, daughter of Mr. and Mrs. W. M. Hall of 2414 Twenty-fifth, became the bride of Willard Lee Peacock, son of Mr. and Mrs. A. L. Peacock of Sudan, Tuesday night at 8 o'clock at College Avenue Church of Christ. The double ring ceremony was read by Hershel Dyer, of the Pioneer Park Church of Christ, before a background of white and pink gladioli, fern and palms. Tapers lighted the setting.

The bride, given in marriage by her father, wore a gown of white slipper satin fashioned with a dron shoulder yoke, puffed sleeves of imported Chantilly lace, a long fitted bodice and a gathered skirt which swept into a short train. Her fingertip veil of illusion fell from a tiara of seed pearls and sequins. She wore lace mitts and carried a bouquet of white roses and stephanotis with white satin streamers and a detachable corsage of white orchids. For something blue, the bride wore a blue garter made by Mrs. Reuben Faris.

Wears Gold Taffeta

The dress worn by Miss Willa Faris, maid of honor, was of yellow organza over gold taffeta. She wore white organza gloves and a head band of yellow carnations and her bouquet was of white carnations tied with yellow satin ribbon and net.

Lelia Allen and Mrs. Basil Smith candlelighters, wore pink and blue taffeta dresses.

Jack Jones served as best man and Allen Hall, brother of the bride, and Donald Corcorran were ushers. Horace Coffman, soloist, offered "All the Things You Are," "I Love You Truly," "An, Sweet Mystery of Life" and "Because." Wedding marches were sung, also.

Following the ceremony, a reception was held in the Chimayo room of Hilton hotel. White candles, an arrangement of asters in shades blending from pink to white satin bow adorned the bride's table. Mrs. Auville Webb and Mrs. Leona Knight served the wedding ring cake and Mrs. Roy Neal presided at the punch bowl. Guests were registered by Mrs. Basil Smith.

Out-of-town guests were from Sudan, Crosbyton, Dallas, Petersburg, Texhoma and Amarillo.

After a wedding trip to ponits in New Mexico and Colorado, the couple will be at home at 2418 Twenty-eighth. The bride chose a beige gabardine suit with black accessories and an orchid corsage for traveling.

Mrs. Peacock was graduated from Lubbock High school and is attending Texas Technological college where she had held membership in Freshman Honor society, Alpha Chi and Flying T's. She was presented a scholarship by the National Secretary's association, as the outstanding junior girl in secretarial administration during the past year.

Mr. Peacock, a graduate of Crosbyton High school, attended Tech for two years and is now employed by Interstate Securities of Texas.

Faculty Party Honors Mrs. Cecil Lofland

Mrs. Cecil Lofland, the former Thelma Jones, was honored with a coke party given Tuesday morning by the Roscoe Wilson school faculty in the home of the principal, Mrs. Ivy G. Savage.

The honoree was presented with a gift of silver by the faculty and silver also will be presented to Mrs. Mark W. Pruitt, the former Amy Gladys Wilhelm, who married Aug. 12 and is now living in San Diego.

Asters were decorations. Thirty guests called.

MRS. J. T. WHEELER

Patsy Lou Hensley, J. T. Wheeler Wed At Lubbock Church

In a double ring wedding ceremony read Tuesday night at 7:30 o'clock at First Methodist church, Miss Patsy Lou Hensley, daughter of Mr. and Mrs. W. A. Hensley of 1922 Eighteenth, and James Thomas Wheeler, son of Mr. and Mrs. John T. Wheeler of San Antonio, were married. The altar before which Dr. H. I. Robinson performed the service was arranged with white and pastel colored gladioli, palms and tapers burning in candelabra.

The musical program included "Ave Maria" and traditional marches played by Miss Nina Maude Potts, organist, and "Because" and "The Lord's Prayer" sung by Lloyd Thompson, jr.

Given in marriage by her father, the bride wore a steel gray charmeen gabardine suit with an aqua crepe blouse and an off-face hat of gray and aqua feathers. For something old and borrowed, she carried a handkerchief made by her great-great grandmother. The bridal bouquet consisted of three vanda orchids placed on a white Bible.

Sister Is Attendant

Miss Ruth Hensley, sister of the bride and maid of honor, wore a wine charmeen gabardine suit with a white crepe blouse and an off-face black velvet hat. Her bouquet was of roses and asters.

James Morgan of Austin served as best man and George W. Hensley, brother of the bride, and Dan Lewis Kittrell were ushers.

Parents of the bride and bridegroom and members of the wedding party assisted with hospitalities at the reception given in the Hensley home. Out-of-town guests were from Austin, San Antonio, Tahoka and Jal, N. M.

The bride's table was laid with a lace cloth and decorated with white tapers, tea roses and a wedding ring cake. Guests were served by Mesdames Lewis Kittrell, Joe Reese, Jim Holt, H. G. Seitz, Morgan Dickinson and Misses Marion Pendley and Colleen Valiant.

For a wedding trip to Ruidoso, N. M., the bride wore a brown faille suit with kelly green accessories and a brown hat. She is a graduate of Lubbock High school and Mr. Wheeler is a graduate of Graham High school and a student at Texas Technological college. The couple will be at home in Lubbock.

Bridal Attendants Are Complimented

Miss Rose Mary Dawkins, who will marry Fred Stubbs on Friday, honored her wedding attendants with a Tuesday morning coffee given in her home, 3103 Twenty-sixth, at 10 o'clock.

On the serving table apple green tapers were placed on each side of a centerpiece of grapes in a matching color of green.

The bride-elect presented honor guests with their bride's gifts. Those attending were:

Mrs. D. N. Barrett, sister of the bride-elect and matron of honor; Miss Mary Frances Payne, maid of honor; and Mesdames Fray Smith and William L. Sasser and Misses Pat Allgood, Velma Lou Dunn, Marjorie Allen and Margy Bullen, bridesmaids.

Mrs. R. B. Moore of Los Angeles and Pat O'Harren were guests and there were eleven members present.

Mrs. Minnie Pullen presided.

Mrs. G. V. Pardue conducted a devotion and Bible quiz and Mrs. M. E. Clay was elected class mother.

Bride-Elect Honored At Backyard Supper

Miss Jane Lawson, who is to marry Frank Gormley Holman of Wichita Falls, Sept. 24, was named honoree when Mr. and Mrs. Joe Bailey and Mr. and Mrs. Gene Hardey gave a backyard supper Sunday night in the backyard of the Bailey home.

Guests were Messrs. and Mesdames Freddie Brown, Don Slaughter, Dorrell McCurry and Jack Leftwich, Miss Jo Cole, Cliff Davidson, Miss Dorothy Brown and Russ Withers.

Cream dried beef and mushrooms makes an excellent luncheon dish when it is served on toasted bread cups. Accompany it with snap beans or peas, serve a tossed green salad with it. Currant jelly also makes an addition to such a main course.

BRIDE—Miss Dottie Willis, daughter of G. W. Willis of Girard became the bride of L. D. Johnson of Guymon, Okla., son of W. G. Johnson of Spur, in a ceremony read Saturday in the home of the bridegroom's father.

Chairmen Are Chosen By Nazarene Women

At a meeting of the executive committee of First Church of the Nazarene's Women's Foreign Missionary society Sunday night, the following committee chairmen for the year were elected:

Mrs. S. Newsom, program; Mrs. J. B. Stephenson, membership; Mrs. Estelle Anderson, Indian program; Mrs. J. D. Keith, nature program; Mrs. Earl Judd, subscription chairman to the magazine, "The Other Sheep;" Mrs. Frank Southard, medical program; Mrs. L. L. Rowell, missionary librarian.

Personals

Mr. and Mrs. R. P. Swofford, 2304 Fifth have returned from a trip to Central America, where they visited his brother, Don P. Swofford and family in Honduras. They also toured Guatemala City, San Salvador and Tegucigalpa.

Mr. and Mrs. L. W. Curfman and family of Beaumont, who have been visiting Mrs. Curfman's parents, Dr. and Mrs. R. Z. Abell, sr., 1641 Broadway, have returned home. Both families spent ten days in the Colorado mountains.

Mrs. Irving L. Jones, jr., of Fort Worth is visiting her parents, Mr. and Mrs. G. P. Kuykendall, 2201 Sixteenth. She will be joined this weekend by her husband, son of Mr. and Mrs. Irving L. Jones, sr.

The small leaves and stalks of celery are good used for garnishes for salads. The large leaves are excellent for flavoring soups.

Rebekah Class Takes Offering For Church

A free will offering for South Side Baptist church was taken when First Baptist Rebekah class attended a business meeting Tuesday morning at the home of Mrs. W. B. Yeager, 2609 Twenty-first.

Plans were made for an installation tea to be conducted in the home of Mrs. R. R. Holmes.

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

Most Voters Hold Mixed Attitude Toward Taft-Hartley Legislation

BY GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J., Aug. 31—One year after the passage of the Taft-Hartley law, American voters have widely divergent views about the measure.

Some want it made more strict in regulating labor unions, but these are counterbalanced by voters who want the act made less strict. Nearly one-third—the largest single group—think it should be left unchanged. About one voter in six wants to see the measure repealed outright.

GALLUP

President Truman is expected to discuss the Taft-Hartley act in his Labor Day speech, his first major campaign address. The President vetoed the act a year ago in a bitingly critical message.

The controversy over the celebrated labor regulation measure sharply divides the country along occupational lines. Among labor union members and manual workers there is considerable sentiment for either repealing the act or making it less strict whereas among professional men and women and among farmers there is comparatively little sentiment for liberalizing the act or doing away with it.

All voters who said they had heard about the act—three out of every four—were asked:

"Do you think the Taft-Hartley law should be revised, repealed or left unchanged? If revised, should it be more strict with labor or less strict?"

The national vote follows:

Law should be:	
More strict	12%
Less strict	14
Repealed	16
Left unchanged	31
No opinion	27

The Taft Hartley issue splits opinion along political lines. Among Democratic voters there is much more sentiment for repeal or softening of the act than among Republican voters. This raises the question whether Governor Dewey can afford to advocate changes in the act during his campaign without offending the large body of Republican sentiment which is in favor of keeping the legislation as it is.

The division by political sentiment follows:

	Demos.	Reps.	Independents
More strict	9%	16%	11%
Less strict	16	9	19
Repeal	25	5	16
Left unchanged	22	42	28
No opinion	28	28	26

Union leaders in both the C. I. O. and the A. F. of L. have declared that a major part of their political effort this year will be devoted to trying to defeat Congressmen and Senators who voted for passage of the Taft-Hartley act.

Among the rank and file of labor union members the vote for outright repeal totals 38 percent in today's poll, or roughly two out of every five. Another 21 per cent favor liberalizing the law. However this latter number is offset by 21 per cent who favor leaving the act unchanged.

The labor union vote follows:

LABOR UNION MEMBERS	
More strict	2%
Less Strict	21
Repeal	38
Left Unchanged	21
No Opinion	1

By occupation groups the vote is:

	Bus. & Prof.	Farm	Wk. Coll.	Man. Work.
More strict	21%	15%	13%	6%
Less strict	14	6	18	13
Repeal	40	7	14	24
Left unchanged	32	31	33	29
No opinion	23	41	22	28

Tech Campus Beauty, Marjorie Williams, Is Abilene Bride

ABILENE, Aug. 31 (Special)—When Miss Marjorie Ann Williams, daughter of Mr. and Mrs. Leland L. Williams, and a Tech campus beauty last year, and Leland Donald Brooks, son of Mr. and Mrs. M. M. Brooks of Dallas, exchanged wedding vows Friday in St. Paul's Methodist church, they chose the bride's parents' 34th wedding anniversary. Dr. Earl G. Hamlett, pastor, officiated at the double ring ceremony.

Thurman Morrison played the wedding music and accompanied Mrs. LaWayne Van Cleve of Marfa, who sang the two solos, "Because" and "I Love You Truly," which were also sung at the wedding of the bride's parents.

The bride, given in marriage by her father, wore a gown of ivory satin and her three tiered veil was attached to a heart-shaped tiara of chantilly lace and pleated silk illusion. She carried an orchid showered with stephanotis and wore a single strand of pearls belonging to Lois Jean Weekes, her former roommate at Tech college.

Attendants To Bride

Mrs. Roy C. Clark of Lubbock was matron of honor; Maryana Holly was maid of honor and bridesmaids were Joy Munden, Joan Hughes, Laura Woods, Mrs. Bill Biggerstaff and Mrs. Jack Boles. The matron and maid of honor wore yellow taffeta and marquisette and carried lime green daisies and the other wore lime frocks and carried yellow daisies.

Bill Brooks of Abilene was best man and ushers were O. B. Stephens, jr., Guy McCarty, jr., Jack Luther, Bob White of Greenville, Fess Parker of Brownwood and Guy Daniel of Hamlin.

A reception followed in the garden at the Williams home.

The couple will be at home in Austin after a short wedding trip. The bridegroom will attend the University of Texas school of law. He is a graduate of the university and a member of Pi Kappa Alpha fraternity. The bride attended Tech college two years and was a member of Las Chaparritas club.

Lou and Sue Lawson of Lubbock were included in the guests.

The University of Nebraska won its first football game, beating Omaha YMCA, 10 to 0, in 1890—and without a paid coach.

Ex-Seniors Honored At Church Banquet Held Monday Night

Ex-seniors who have gone into the college department of the First Methodist church were honored Monday night by the Senior High department with a banquet at the Hilton hotel which was attended by 80 persons.

The banquet was given by the church after the department met attendance goals which had been set. W. J. Blake is president of the department and John Morrisset is president of the Methodist Youth fellowship. Mrs. E. H. Armstrong is superintendent of the department.

Invocation was by Dr. H. I. Robinson, pastor. Welcome to the ex-seniors, who have gone into the college department, was given by W. J. Blake. A piano solo, variation of "The Three Blind Mice," was presented by John Perry. A stunt was presented by Evelyn Burks and Elizabeth Stanley, accompanied at the piano by Jane Austin. Waggoner Carr, guest, spoke on "The Second Greatest Story Ever Told." W. J. Blake gave the farewell address to ex-seniors. Dr. Robinson spoke. The Methodist Youth fellowship benediction was presented.

Special guests were Mr. and Mrs. Bill Casey, Dr. and Mrs. Robinson, J. T. Carter, E. H. Armstrong, Mr. and Mrs. Waggoner Carr, Mr. and Mrs. Elmer Tarbox and Mr. and Mrs. Orville Alderson.

Plan "Fun Night" Program

In its last "fun night" program before opening of the school term, the Senior High department will attend a weiner roast Wednesday night at Buffalo Lakes. Those who plan to go swimming will meet at the church at 5 p. m. and others at 6 p. m. Transportation will be provided. Everyone attending is to take weiners and buns. Games will be played. The group plans to return by 10 or 10:30 p. m. Sponsors will accompany the group.

On its last two "fun nights" on Wednesday nights, the department has worked at a residence owned by the church at 1220 Ave. M, preparatory to use of the building by the department. An open house was conducted there by the department Sunday. First church school meetings of the department and meeting of the Methodist Youth fellowship in the residence will be conducted Sunday. Seniors will meet in the assembly room. Separate rooms will be used by the sophomores and juniors. The assembly room will be used for gatherings of the entire department.

Five South Plains Insurance Agents Awarded Certificates

Five South Plains agents for Amicable Life Insurance company were given certificates here Monday after they had completed a company educational course, Chas. Whitacre, agency manager for the district said.

They were James M. Hamilton, James M. Wheat and O. D. Peden, all of Lubbock, and J. V. Eagan of Littlefield and Ed Mayfield of Brownfield.

K. H. Easley, Amicable Life secretary, of Waco, and T. H. Spindle, educational director, of San Antonio, were here to make the awards.

Easley and Spindle informed Whitacre that the agency here has topped all others of the company so far this year and that three men in the agency have written more insurance business this year than any others in the company.

Molly O'Daniel Ordered To Let Estranged Husband Visit Son

DALLAS, Aug. 31 (AP)—Molly O'Daniel White, 26, daughter of U. S. Senator and Mrs. W. Lee O'Daniel, said today she is entirely willing to comply with a district court order that her estranged husband be allowed to visit their year-old son twice a week.

The order was entered yesterday at Waxahachie by District Judge Royce Stout after her husband, Henry Ford White of Midlothian, applied for a "show cause order" alledging Mrs. White and the O'Daniels had refused him permission to visit Henry Ford White, jr.

"I have never refused Mr. White permission to visit Spanky at decent hours. Neither has daddy," Mrs. White said.

Mrs. White, who appeared at the hearing with the child, said there was no testimony. She added "my attorney merely told Judge Stout it was agreeable with me that Mr. White visit Spanky at reasonable hours."

Judge Stout directed that White be allowed to visit the boy from 2 to 4 p. m., on Sundays and Wednesdays.

"I will see that Spanky is delivered to him at those times in the lobby of the hotel where I live," the senator's daughter said.

First Test Run On Water Well

Mayor W. H. Rodgers was advised Tuesday that a test well on land northwest of Lubbock—a chase by the city—produces at the rate of more than 800 gallons a minute, or more than 1,200,000 gallons a day.

The well is at corner of a 640-tract owned by S. E. Cone, Lubbock grain dealer. The city commission has agreed to pay $100 an acre for the water rights on the land if the tests are satisfactory.

Rodgers termed the results of the first test better than had been expected because, he said, the well is on the portion of the land where water in quantity was considered less likely to be found. Two other tests on other portions of the tract are scheduled before a deal for the property will be closed, the mayor added.

Production of the first test, he said, is better than the average of the city's 30-odd wells, though not as good as the best. Some city wells have produced up to 1,500 gallons a minute, others about 300.

If the commission closes deals for the Cone tract and approximately 480 additional acres in the same area, the development program there will contemplate about 15 wells, expected to average more than 1,000,000 gallons of water a day each.

With present wells, city officials believe, the program will assure Lubbock abundant water for at least five years, even if growth continues at the present pace.

New Students Face Scheduling Deadline

Scheduling of Senior High students, that is, students in grades ten through 10 who are entering the Lubbock Public schools for the first time will continue through Friday, according to Floyd Honey, principal. Students may report to the Senior High office from 9 a.m. until noon and from 1 until 4 p.m., Honey said.

Changes in schedules are not being made this week, Honey emphasized, but students who feel that a change of schedule is absolutely necessary may report on Monday, September 6, at 1 p.m. to their guidance teachers. The bookroom will continue to be open for students to get their books this week. Students should bring their book card to the book room, but if they know their records are clear and cannot locate their book cards they may report to the bookroom and get their books, Honey said.

Because of lack of space and to accomodate working students Honey is scheduling special classes at 8 a.m. and at 12 o'clock. Students who have 12 o'clock classes will be given an 11 a.m. lunch hour.

Activity books will continue to be on sale at the Senior High office. Students may follow one of two plans in buying activity books. They may pay $7 now and $1 when they receive their annual in May, or $5 now, $1 in October, $1 in November, and the final $1 when they receive their annual. Activity books admit students to all athletic contests, special assemblies, and give them subscriptions to The Westerner World and The Westerner, school annual.

British And Americans Take Similar Views Of 'Cold War'

By J. M. ROBERTS, JR.
Associated Press Staff Writer

LONDON, Aug. 31 — Officials here, discussing the outward British calm over the cold war which has given rise to invidious comparisons in America, say they do not think the United States is hysterical.

They give various reasons why people here are less voluble.

They may say the British have lived longer, seen crises come and go, and are more resigned to an attitude of wait and see, that they are emotionally exhausted. Some of them evince a feeling that delicate international affairs are better conducted in an atmosphere of public silence. Others stress that, because of the paper shortage, the British people are never fully up-to-date on international developments.

None of them say that Americans are wrong in viewing the cold war as extremely critical. All of them say that there are no differences between the firm British and American official policy toward Russia.

They have been cautious, they admit, in the realization that if cold war turns to hot, Britain will become a great base for America and that she might very well be the first Russian target.

I cannot tell whether the British are entirely convinced as to that firmness on the part of America. As individuals they are so courteous, so unanimously friendly to an American newspaperman, that one is bound to wonder if so much sweetness and light is really possible.

Outside these official sources there are certain suspicions which are expressed. Perhaps it is only wonderment. But there may be wonderment here as to what might happen to Britain if America and Russia do reach an agreement.

There is never any expressed question of the necessity for Anglo-American unity. The question here is: Would America swing back to her wartime attitude of leaning over backward to buy Russian cooperation, and by doing so would she forget this basic necessity; would strong Britain, with the need for world trade to maintain that strength, remain as important an objective for America under those circumstances as at present? To avoid renewed crises with Russia, would America ever permit Communist encroachment on Britain's world interest?

There is unquestioned resentment here against American efforts to break down certain parts of the British trade structure.

This applies particularly to a certain exclusiveness in trade arrangements within the British commonwealth of nations, the maintenance of the sterling bloc, and to American pressures for a hurry-up customs union in Western Europe.

The individual situation of every person in Britain also contributes to the lack of outward enthusiasm over international affairs. Not that they can be accused of political unawareness, by any stretch of the imagination. But they do have to live to their daily lives, which require time, thought and effort Americans can hardly visualize as applied to one of the world's great peoples.

Collectors On Hand To Get Commerative Stamps Here

About 25 or more stamp collectors Tuesday visited the stamp window at Lubbock postoffice, which is a popular place with collectors when new issues of stamps arrive.

Oregon Territory Centennial stamps, commemorative stamps bearing picture of a covered wagon and photogrphs of John McLoughlin and Jason Lee, and the Youth Month stamps, bearing the dates Sept. 1-30, 1948, and the words, Saluting Youth America," went on sale Tuesday.

Collectors frequently want corner stamps from a sheet, bearing a number placed in the corner at the mint.

The collectors sometimes know new issues of stamps are on the way before the window clerk does. They receive information from stamp magazines and frequently ask when stamps will arrive here, said Lloyd Swann, clerk.

Some business firms request smaller stamps of older issues, rather than new stamps. "They don't like to lick the big ones," said a bystander.

Bird Named Hale Commissioner After Tight Precinct Race

HALE CENTER, Aug. 31. (Spl.)—Carroll Bird of this city nosed out his fellow townsman, Hubert L. Faith, in one of the closest political races ever staged for the office of county commissioner in precinct 3 in Saturday's second Democratic primary.

Final count of votes from three boxes in the precinct, Hale Center, Cotton Center and Abernathy showed these unofficial totals: Faith 442, Bird, 480. Hale Center cast 511 votes in the contest, largest vote ever recorded for a second primary. Bird will succeed J. L. Mann, who did not seek re-election to the office.

Lubbock Hubbers Are Presented Gifts As Guests Of Lions Club

Members of the Lions club meeting Tuesday at the Hilton hotel had as their luncheon guests the Lubbock Hubbers. Each was introduced and presented a gift.

Only one, Chris Haskins, a pitcher who lives at Lamesa, was absent. Present also was Larry Larsen, general manager of the club, who with Jackie Sullivan, playing manager, spoke a few words of appreciation for the invitation.

Team Members Present

Others present were Don Moore, catcher and outfield, whose home is at Muleshoe; Roland Miller, pitcher, St. Louis; Jackie Wilcox, shortstop, St. Louis; Parr (Chick) Fowler, outfield, Silsbee; Floyd Walker, catcher, Dallas; Lefty Pollock, pitcher, Cornwall, Tenn.; Virgil Richardson, first base, Lubbock; Roy LaRue, pitcher, Phoenix; Frank McAlexander, third base, Lubbock; Bob (Red) Ramsey, pitcher, Dallas; Gene Hixson, outfield, Dallas; Bob Clodfelter, pitcher, Fort Worth; Royce Mills, pitcher-utility, Lubbock; and Billy George Russell, pitcher.

The gifts were presented as compliments of four Lions club members, Newt Walton, Ruel Martin, Al Glassman, and Cotton Thompson.

Jack Noyes, program chairman, arranged and directed the program.

Club President Wayne Henly announced that a chicken barbecue at the home of Raymond Burford, past president, next Tuesday night will displace the regular noon luncheon next week. The barbecue is a stag affair.

Bill Merritt, representative of the radio show "Queen For A Day," to be presented at the Panhandle South Plains fair here this year under Lions club sponsorship, explained the show to the club, followed by announcement that ticket selling teams, the Hatfields and McCoys, have been named for the event. Ralph Dorsett is major of one team, and Ray Chapman the other. Tickets will go on sale next Tuesday in the lobby of the Hilton hotel, Elmer East announced.

Dr. Clyde C. Craig announced a meeting of the club's general minstrel committee Wednesday evening at 6 o'clock at the Hilton, and said the first rehearsals for the next minstrel will be held Wednesday and Thursday of next week.

W. C. Pratt was introduced as a new member. Invocation was by Ruel Martin.

WORK IS COMPLETED

HALE CENTER, Aug. 31. (Spl.)—A ten-block Broadway extends through Hale Center now with completion this week of paving of shoulders on Highway 87. The state highway department has spent $13,000 in hard-surfacing the shoulders from the traffic strip to curbs alongside the route through this city—making the street 75-feet wide all the way. Home owners and business firms paid the cost of putting down curbing on each side of the street.

CRASH MARKS OPENING OF SHOW

U. S. To Seek New World Flight Record At Cleveland Air Races

CLEVELAND, Aug. 31 (INS)—One crash marked the opening today of qualifying speed trials for the National Air Races at Cleveland's vast municipal airport.

Robert Huggins, 41, of Milwaukee, parachuted to safety when the wing of his specially-built midget racing plane crumpled during "pull-out" test.

Huggins, who suffered only minor injuries, landed on telephone wires and remained suspended some 25 feet above the ground before being rescued by a passerby.

Weather Slows Tests

His plane, owned by Merle C. Zuehlke, also of Milwaukee, was entered in the Goodyear Trophy race.

Turbulent air and winds ranging up to 20 miles an hour forced most of the nation's top speed pilots to limit themselves to unofficial trial runs over the 15-mile closed course.

Because of the unexpected bad weather, race officials announced qualifying trials would start several hours earlier tomorrow in order to eliminate a possible last-minute jam as occurred last year.

Thursday midnight all planes will be impounded until the races start Saturday.

The United States Air Force gave air race spectators promise of an added thrill by announcing that an attempt to break the world's speed record of 650.1 miles an hour will be made Saturday.

To Seek New Record

The attempt will be made by Major Richard L. Johnson of Wright Field, Dayton, who will fly the USAF's newest and most revolutionary fighter, the jet-propelled North American F-86.

The speed assault will mark the first time in modern air history that the public will be invited to witness an official attempt to set a world's record.

Maj. Johnson will make his first try at the record Saturday. If he does not succeed then, he will try again Sunday and Monday. The test will be made over a three-kilometer (1.86 miles) course in front of the grand stands.

Odessan Held As Probe Of Woman's Death Continued

ODESSA, Aug. 31 (AP) — James M. Boyd was lodged in the Ector county jail today while Texas Ranger Earl Stewart and Crane county Deputy Sheriff M. E. Lear continued their investigation of the death of his estranged wife, Jewell.

Boyd is charged with murder. The victim's body was found close to a gravel pit near Crane, Aug. 23. She had been beaten about the head.

Boyd was taken to Austin yesterday by Stewart and Lear.

Officers said torn ground, blood spots and the woman's dental bridge found near her body, identified the place near Crane as the scene of the woman's death.

Boyd is employed by a trucking contractor at Odessa. His wife ran a cafe on the highway five miles north of Odessa.

Cherry County, Neb., could be cut into five states the size of Rhode Island.

HOME AT LAST—A German prisoner of war, one of the last 430 to get home following repatriation from Great Britain, receives a welcome from his wife on his arrival in Berlin. The Russian blockade of Berlin delayed the men for several weeks in the British zone of Germany while special transport was arranged for them by the Russians. (AP Wirephoto).

Woman Still Doesn't Know She Ran Car Over Box Of Dynamite

FORT WORTH, Aug. 31. (AP)—A Fort Worth woman had a hair-raising experience today but didn't know about it. She still doesn't.

She ran over a 50-pound box of dynamite, her car ripping open the wooden box. The woman drove on.

Some 50 sticks of dynamite were scattered as the woman drove on unconcerned.

Police have the explosives now and are looking for a truck with one case of the stuff missing.

Lubbock Soldier Now is Serving With Government Team In Japan

TAHOKA, Aug. 31 (Special)—Pfc. Fred W. Williams, son of Mr. and Mrs. Carl Williams of Tahoka, is now serving with the Kanto Government team, located on northern Honshu island.

Under the new Army career plan, Williams' title has been changed from technician, fifth grade, to that of private first class. His new title does not constitute a reduction in rank, however, nor is there a change in his pay or allowances.

Germans Ready For Convention

FRANKFURT, Aug. 31 (U.P.) — Delegates to the west Germany constitutional convention may seek United Nations or U. S. congressional sanction of their efforts, it was learned today.

More than 50 delegates from the American, British and French zones of occupation will meet in the university town of Bonn on the Rhine tomorrow to build a West-German government.

Favor State Federation

The results of preparatory committee meetings indicated that the Germans welcomed the chance to develop their own government. But at the same time it was learned that they were hesitant about assuming full responsibility for their decisions. Instead they wanted the new goverament approved by "some responsible body more experienced in republican ways."

Most of the convention's leaders favored a "union of German states" paralleling the American federation plan. But such a plan, said several delegates, needed United States congressional approval.

Just how the delegates would line up politically was not known. Right-wing Christian Democrats, however, were the group most likely to hold a clear cut majority, at least in the preliminary parliament.

East Zone Represented

The reluctance of German nationals to "shut the door" to the east was seen in the invitation of "guest" delegates from the Soviet zone. All of the so-called "Soviet zone guests" were pro-western leaders who fled the Russian zone of occupation.

The London agreement which originally set up machinery for the establishment of the assembly provided that every part of Germany not yet included in the trizonal area may join the future German state west of the iron curtain.

One of the biggest jobs confronting the convention will be the task of creating new state borders. Such changes were expected to include the extension of Schleswig-Holstein's northern border—thereby ceding to it the port city of Hamburg.

The vital port city would provide Schleswig-Holstein with additional sources of income which economists say it desperately needs to support a population almost doubled by eastern refugees since the war.

Significantly, all preliminary talks and conferences so far have carefully eliminated all reference to the word "West-German."

The omission was seen as part of a definite policy to give other parts of Germany not yet included in the set-up a chance to join.

Aleman Plans Talk To Mexico Today

MEXICO CITY, Aug. 31. (AP)—President Miguel Aleman will appeal for confidence in Mexico's government tomorrow when he delivers his "state-of-the-nation" address to Congress.

Faced by an economic crisis, the President will tell Congress and the people over a nationwide radio network what he is doing to halt soaring living costs and to stabilze Mexico's peso which collapsed July 21.

When the government unpegged the peso from its eight-year 4.85 to one dollar rate the exchange fluctuated widely from 6 to 9 pesos to the dollar. However, during the past 10 days it has held fairly steady at about 6.83 to one.

Mexicans, resentful to rising costs of food and clothes, gathered in mass demonstrations condemning government officials and members of the cabinet.

None of the attacks have been directed against the President personally, but rather against his advisers and rich Mexicans.

Rumors which swept the country that the cabinet resigned and that Aleman was shot all have been officially denied.

However, as the time for the speech neared, reports persisted in some quarters at least two cabinet changes would be made. Other changes were anticipated among secretaries and executive assistants to cabinet officers.

TO FINISH BUILDING

HALE CENTER, Aug. 31. (Spl.)—Construction will be completed this week on the cement tile Scout Hall, a 24x30 building in which Boy and Girl Scout groups are to make their headquarters. Marvin Bridges is contractor for the building, which has been erected with money raised by the Hale Center Farm bureau, the Lions club and by individuals. Total cost of the project, when completed, will be almost $2,500. The hall is located on the city park.

Seventy-One New Cases Of Polio Reported In State

AUSTIN, Aug. 31. (U.P.)—Texas tallied 71 new cases of polio during the last week, Dr. George W. Cox, state health officer, reported today.

Cox said the new cases were reported in 35 of the state's 254 counties. Five of the counties were reporting polio for the first time this year.

Those counties were Clay, 2 cases; Hartley, 1; Lamb, 1; Potter, 2, and Stevens, 1.

The most recent report showed an increase from a total of 54 for the preceding week, and brought the total for thus far this year to 1,257 cases reported in Texas.

Hubbers Pound Blue Sox, 7-4

Take Eighth Straight Win

By JOE KELLY
Avalanche Sports Editor

The Lubbock Hubbers, fighting to beat out Amarillo for second place, came from behind last night to edge the Abilene Blue Sox, 7-4 on homers by Don Moore and Chris Haskins before a slim crowd of 1,330 fans, winning their eighth straight game.

The faithful who did turn out for the game saw as good a contest as either of the two Amarillo tilts and the Hubbers had to come from behind to win. For five and a half innings they allowed the Blue Sox to hold leads of 1-0 and 2-1, before they used their favorite weapon to win the game.

Moore came up in the sixth with two men on base and two outs, looked at three pitches and then drove his circuit swat over the centerfield fence. That gave the Hubbers a 4-2 lead and they never lost it.

Haskins Hurls Well

Haskins, who pitched a fine ball game, provided the safety margin in the seventh, when he led off with a towering homer over the leftfield fence.

The former Lamesa hurler was in fine form last night, limiting the losers to nine hits and no more than two safeties in any inning. He fanned 11 men and climaxed his performance by retiring the side on strikeouts in the eighth. Each one of those three whiff victims went down looking at called third strikes. And two other strikeouts also were chalked up on called third strikes.

Blue Sox Threaten

Abilene threatened in the ninth when, after John Kelly had fanned to open the frame, Len Neal singled, Tex Coapland walked and Rocky Stone punched his fourth hit, a Texas Leaguer into right, to load the bases. Frank Means fanned to lower the pressure, but Haskins wild pitched Neal home while Gus Stathos was batting and a home run would have tied the game. Stathos swung once, then hit to Jackie Wilcox, who flipped the ball to Jackie Sullivan to force Stone and the game was over.

The thousand-plus fans, who brought the Hubbers within 3,000 of the 100,000 attendance mark for the season, were rewarded with another sparkling ball game. Until Moore hit his homer, it was anybody's contest and the Blue Sox made a determined effort to win it.

Amarillo Wins Too

They opened up with a run in the first on two singles and added another in the fifth on a single, a sacrifice and a double by Stone.

Then the Hubbers fought back. Chick Fowler walked in the third with one out, went to second on Gene Hixson's single and both runners advanced on the outfielder's error. Sullivan flied to Fred Fazzio and Fowler scored easily after the catch.

After that it was up to Moore and Haskins and they provided the blows that gave the Hubbers their victory, keeping them in step with Amarillo, which also won.

Texas Is Picked As Team To Beat

DALLAS, Aug. 31. (INS)—Southwest Conference football fever starts mounting to a flaming pitch tomorrow with the opening of fall practice in all seven camps.

More than 400 husky candidates are expected to report to the seven anxious coaches, including newcomer Harry Stiteler at Texas A & M who took over when disgusted alumni sacked Homer Norton.

Texas Team Liked

Fans and sports writers alike are as changeable as a spoiled three-year old when it comes to picking a favorite. Most of them seem to think Texas is the team to beat, but they also keep casting warm glances at four othe. clubs—Southern Methodist, the defending champion, Rice Institute, Texas Christian and Arkansas, the circuit's mystery eleven.

If anything is certain for the coming campaign, it's bound to be more emphasis than ever on wide open, offensive shenanigans. The overland route is usually just too much sweaty work under the hot autimn sun that spotlights most gridiron warfare in the area.

All Have Passers

Not one school lacks a talented passer. Some are better than others of course, but that's to be expected. SMU has two deadeyes in the fabulous Doak Walker and his understudy Gil Johnson. At Texas, slender Paul Campbell is being boomed as another Bobby Layne. TCU has Lindy Berry, Rice has Tobin Rote and Arkansas of course has its Clyde Scott.

Baylor and Texas A & M may have a little difficulty in digging up an accurate tosser but someone no doubt will come to the front since Texas schoolboys learn to pass almost before they learn to run.

Oilers Nose Out Lamesa, 5 To 4

PAMPA, Aug. 31 (Special)—Rookie Merlin Hubbard's nine-hit hurling and ninth-inning doubles by Roy Parker, R. C. Otey and Jack Riley gave the Pampa Oilers a narrow 5-4 win over the Lamesa Loboes here tonight.

The Loboes, working behind the steady twirling of Chet Zara, led by a 4-2 count in the ninth, but three doubles by Parker, Otey and Riley pushed across three runs and edged out the visitors.

The win was the fifth of the season for Hubbard, an 18-year-old right-hander, against a single defeat.

Junior Colleges To Start Grid Practice

(By The Associated Press)

Five hundred and fifty aspirants for places on the eight Southwest Junior College Conference football teams will start training Wednesday.

Biggest squads will be the Kilgore college Rangers, coached by Will Walls, and the North Texas Aggies, coached by J. G. (Klepto) Holmes. Both are issuing equipment to more than 100 candidates.

The John Tarleton Plowboys, of Stephenville, coached by C. M. Flory, expect 70 candidates; San Angelo junior college, Schreiner Institute of Kerrville, and Lamar College at Beaumont, are planning to issue 60 suits; and the Tyler Junior College Apaches, last year's conference champions, and the Paris Junior College Dragons expect to suit out about 50 each.

Close Race Seen

The championship race this season should be considerably closer than last fall's title chase when Tyler got off to an early lead and was never headed. Tyler must be figured as a distinct contender as the Apaches have 15 lettermen returning from last fall. On the other hand, Coach Floyd Wagstaff's charges lost 17 lettermen by graduation this last spring.

All other teams will depend largely on highschool recruits for their bids this season.

Favorites Win In Local Meet

Opening round matches in the annual women's championship golf tourney were unreeled Tuesday at Lubbock Country club, with most of the favorites stroking to easy wins in the initial setos.

In the championship flight Mrs George Soash defeated Mrs. H. W. Schroeder, 6 and 5; while Mrs. T. L. Sampson drubbed Mrs. C. E. Hunley, 7 and 6. Other winners included Mrs. Fenner Tubbs, who shaded Mrs. O. D. McCoy, 3 and 2; and Mary Jarrott, who bested Mrs. John Markham, 3 and 1.

Pairings for second round championship flight matches today include: Mrs. George Soash against Mrs. K. L. Riggs at 8:30 a. m.; Mrs. T. L. Sampson meets Mrs. J. H. Stiles at 8:37; Mrs. Fenner Tubbs tests Mrs. T. E. Patterson at 8:44; and Mary Jarrott clashes with Mrs. Glenn Watson at 8:51.

Mrs. Williams Wins

Eight matches were played in the nine-hole flight Tuesday, with Mrs. Ben Williams nosing out Mrs. E. H. Holcomb, one-up in 11 holes, in a feature battle. In other matches Mrs. E. M. Hennersdorf edged Mrs. C. A. Rosebrough, 3 and 2; Mrs. C. O. Campbell defeated Mrs. Toby Foster, 2 up; Mrs. E. F. St Clair shaded Mrs. W. F. Eisenberg, one-up; Mrs. Culver Hill drubbed Mrs. Ford Montgomery, 5 and 4; Mrs. W. T. Bradbury bested Mrs. Horace Humphries, 3 and 1; Mrs. E. J. Ohnemus defeated Nan Bradbury, 5 and 4; and Mrs. Roy Autry gained a default victory over Mrs. Kenneth Leslie.

Pairings today send Mrs. Autry against Mrs. Ohneums at 8:58; Mrs. Bradbury meets Mrs. Hill at 9:05; Mrs. St. Clair plays Mrs Campbell at 9:12; and Mrs. Hennersdorf tangles with Mrs. Williams at 9:19.

Consolation Pairings

In the consolation pairings today Mrs. Leslie meets Nan Bradbury at 9:26; Mrs. Humphries clashes with Mrs. Montgomery at 9:33; Mrs. Eisenberg plays Mrs. Foster at 9:40; and Mrs. Rosebrough tests Mrs. Holcomb at 9:47.

Four nine-hole second flight encounters were reported, with Mrs Bill Honey defeating Mrs. Oscar Slaton, 4 and 3; Mrs. Wayne Prather topped Mrs. Hugh Anderson, 3 and 1; Miss Jean Eisenberg dropped Mrs. Ira Dunlap, 5 and 4; and Mrs. O. G. Wilson edged Mrs. C. C. Caldwell, one-up.

Second flight pairings today included: Mrs. Bill Honey tangles with Mrs. Leete Jackson at 9:54; Mrs. Prather meets Mrs. J. B. McCauley, jr., at 10:01; Miss Eisenberg plays Kathryn Weaver at 10:08; and Mrs. O. G. Wilson battles Carolyn Cole at 10:15.

Red Sox Beat Tigers, 8-4

BOSTON, Aug. 31 (INS)—The Red Sox protected their narrow lead in the American League race tonight by defeating the Detroit Tigers, 8 to 4.

Billy Hitchcock, subbing for Bobby Doerr, who missed his first game of the season due to a pulled leg muscle, knocked in three runs as Joe McCarthy's pace-setters found Art Houtteman, Al Benton, Ned Gray and Stubby Overmire for 11 hits.

Mel "Lefty" Parnell pitched eight-hit ball for his 11th win.

YANKS EDGE BROWNS, 10-9

NEW YORK, Aug. 31 (INS)—The New York Yankees cut short a desperate St. Louis Browns ninth-inning rally tonight by nipping the tying run at the plate and winning, 10 to 9.

The Yankees put together a five-run fourth inning and a four run eighth inning, featuring two homers by Charlie Keller and Tommy Henrich.

Allie Reynolds, who lasted just five innings, received credit for the victory, his 15th.

Cliff Fannin, who had beaten the Yankees three consecutive times, took the loss.

DOVE SEASON OPENS

DALLAS, Aug. 31 (AP)—Dove season opens tomorrow shortly before sunrise and indications are hunters will be more numerous than ever before. The day's bag and possession limits are ten birds, with shooting allowed from one-half hour before sunrise until sunset.

CITY SOFTBALL CHAMPIONS—The Sanders Motor representatives who won first place in the Industrial league over the regular season, then defeated Economy Mills in the playoff for the city championship, are shown in the photo above. In the back row, left to right, are Bob Sanders, Orville Fralin, Leeman Branch, Gene Petree and Harvey Tubb. Front row, left to right, are Gerald Bullock, Arnold Sanderson, J. O. Pierce and Jimmy Clark. The team was one of the 14 squads which competed in the two leagues sponsored by the City Recreation department this summer.

Gray, Fenton In Mat Bout Today

Two of the roughest grapplers of the Southwest, Karl Gray of Milwaukee and Rod Fenton of Edmonton, Canada, will tangle tonight in the two of three falls main event at Sled Allen's arena.

Both of the "grunt-and-groan" artists have made numerous appearances in the local arena, but tonight's encounter will settle the question as to which of the battlers deserves the top billing on the cards here. Gray and Fenton have had about the same amount of experience and are about the same size, so mat fans are predicting a close tussle in the feature bout.

Popular George Curtis of Vicksburg, Miss., and Sammy Kohen of New York are scheduled to clash in the two of three falls semi-final setto. Curtis, although a mat veteran, holds an age and speed advantage over Kohen, but the New Yorker is a wily grappler with more ring experience. There will be a 45-minute time limit on the bout.

Gorilla Poggi, the "bad man" from the Argentine, is slated to meet Rex Mobley of Borger in the 20-minute preliminary feature. The Gorilla is one of the favorites of West Texas mat fans, since he always stages a colorful, crowd-pleasing battle. Mobley returns to the local arena after a successful tour of the Southeast.

Tickets will go on sale at 9 o'clock this morning at Wylie's drug. Matches start at 8:30.

Belleville Legion Wins Sectional Play

SIOUX CITY, Ia., Aug. 31 (INS)—The Belleville, Ill., Junior American Legion club romped to a 7-2 win over St. Louis today to cop the sectional baseball tourney at Sioux City.

The Illini, previously undefeated in the double elimination affair, had toppled the Missourians 7-5 yesterday.

Today's contest was knotted 2-2 until the eighth frame, when the victors shoved across four counters. They added another in the last inning for safety.

Belleville will compete in the finals at Indianapolis Sept. 6.

BROWNS RECALL 13 MEN

ST. LOUIS, Aug. 31. (INS)—The St. Louis Browns announced today they have recalled 13 minor league players, all of whom will report to the parent club for spring training next year. Those recalled are: Ray Shore, Joe Frazier, Robert Doyle, Ken Wood and Pete Layden (all from San Antonio); Bob Raney, Boris Woyt and Dick Bickhaus (all Toledo); Sherwin Swartz and Petty Currin (both Springfield, Ill.); Joe Lutz (Elmira N. Y.); Jerry McCarthy (Columbus Ga.); and Scott Cary (Charlotte N. C.)

Sanders Has 23 Games Won Record

Sanders, Methodists Tops In City Leagues

Final official standings of the industrial Softball league and the City Softball loop were announced Tuesday by the City Recreation department, sponsor of the summer circuits.

Sanders Motor, which finished the regular season in the lead in the Industrial league and then won the playoff series for the city championship, completed play with a record of 23 victories and five defeats, officials reported, for an average of .821. Economy Mills gained the runner-up slot with 21 triumphs and seven defeats for a .750 mark.

In the City loop the First Methodist church crew gained the first spot with 21 wins and five losses for an .808 average, while the First Baptist and the Lubbock Barber college tied for the second post with .728. In a playoff series the Baptists defeated the Barber college for the right to enter the inter-loop competition.

The final standings:

Cubs Defeat Brooks Twice

(By International News Service)

The last-place Chicago Cubs played the role of spoilers Tuesday afternoon by snapping Brooklyn's seven-game winning streak and whipping the Dodgers twice, 3 to 0, and 7 to 2.

Hank Borowy pitched a brilliant one-hitter in the opener. Borowy faced only 27 men—the minimum—Gene Hermanski's second-inning single spoiling a no-hit effort. Hermanski was quickly erased on an attempted steal.

Rex Barney was the loser. He gave up eight hits, including Bob Scheffing's two-run triple.

In the second game, Brooklyn outhit Chicago nine to seven, but Dodger pitchers were wild—particularly loser Ralph Branca. Chicago scored three in the second, one in the third, and three more in the fourth. Doyle Lade, recalled from the minors recently, was the winning pitcher.

Lubbock Meets Broncos Sept. 10

Seven End Hopefuls On Westerner Squad

Lubbock High's 1948 grid opener with the powerful Odessa Broncos of District 3-AA, scheduled here Sept. 10 at the new Jones stadium, is just a little more than a week away and Hub city sports fans are awaiting the annual encounter with more than usual interest.

The Westerners will field an almost completely new team, as a result of Interscholastic league age and semester restrictions, and the local schoolboys are directed by a new coaching staff. The ban on spring training prevented any "pre-view" of the team earlier this year, so the clash with Odessa will give Lubbock fans their first opportunity to see the youngsters in action.

Only Two Regulars Back

And youngsters they are. Only two regulars of the 1947 Westerner eleven are on the roster this season, with only one other letterman and two reserve lettermen to bulwark the squad. Most of the 36 boys on the Westerner squad played the Cowhand teams last fall, and some of the other hopefuls were out of football in 1947.

But these same youngsters are making up in spirit and hustle their lack of experience, and the boys have the physical ability, if they continue to develop, to make the Westerners a contender in the District 1-AA title chase. Amarillo is rated a top-heavy favorite in the loop, with Borger and Pampa boasting experienced squads, but the Lubbock schoolboys are determined to give their favored opponents a real battle.

Coaches often say that, "a football team is only as strong as its ends," and Head Coach Pat Pattison and End Mentor Fred Taylor are working hard to build their seven wing candidates into a capable group. Only one of the seven boys has had Class AA "experience," that as a reserve back, but several of the hopefuls were Cowhand stalwarts in 1947.

Wilson Is Candidate

One of the top Westerner end candidates is Jim Wilson, a rangy 176-pounder who won a reserve letter as a back with the Westerners last year. Wilson, who towers three inches above six feet, is a good pass-snatcher and promises to be a rough defensive player. Jim, a basketball letter-winner, has another year of eligibility after this season.

Ted Vaught is one of the most promising wing hopefuls. A stocky 165-pounder, Vaught was a regular with the Cowhands in '47. He is a good pass receiver and blocker and has turned in brilliant performances. Ted is a senior.

Probably the most improved gridder on Coach Taylor's squad is Bob Rooker, a 170-pound senior. Bob did not play football last year, competing with the basketball and baseball teams, but has worked hard since joining the squad this year. Rooker is a six-footer, a good receiver and steady defensive man.

Wright Makes Bid

Billy Wright, a 165-pound junior, is also making a strong bid for a starting assignment. Billy was a back with the Cowhands last season, but was shifted to end by the Westerner mentors this year because of his pass-catching ability and rugged defensive play. He has still another year of eligibility.

Denton Lambert, a 155-pound senior, did not compete in 1947, but has been making steady progress since joining the squad this year. Lambert is a good blocker and is developing into a rough defensive player.

Garnet Reeves, a Cowhand wingman last season, is one of the "youngsters" on the squad. Garnet is a junior with another year of eligibility. He is a little over six feet and weighs 165 pounds. Garnet was a regular with the Westerner baseball team this spring.

Wayne Nolan is one of the few boys on the squad who made the big jump from junior high football to the Westerners. Wayne, a slender 140-pounder, worked out with the Cowhands the first week of drills, but showed enough ability to gain a tryout with the Westerners. Wayne has two years of eligibility remaining.

Sports Study

By Earl Scudday

Southwest conference gridders open training for the 1948 season this morning with the usual "first day" routine of drawing equipment and starting conditioning drills, and veteran sports fans are eagerly awaiting the first clashes in what they fully expect to be one of the most torrid races in Southwest annals. The stage is set for several startling upsets, with Southern Methodist and Texas as the potential victims, and there is a definite probability that several of the games this season will duplicate the thrills of the SMU-Texas encounter in 1947, or the SMU-TCU duel last season.

• • •

As usual, most of the coaches are moaning and crying on the shoulders of all available sports writers. Wily Matty Bell, with the finest backfield in the nation, is weeping bitterly because of the blocking backs and linemen that he lost. Texas, with the best forward wall in the Southwest and a "track man" backfield, is worrying because Bobby Layne graduated. Rice looms as a potential title-winner and even the Texas Christian Horned Frogs boast enough lettermen to put the Purple into the thick of the fray. Arkansas, sparked by speedster Clyde Scott, is rated in the darkhorse spot it occupied at the start of the 1946 season, and the Texas Aggies and Baylor are hinting that they may upset the favorites on a Saturday now and then.

• • •

All eyes will be on Southern Methodist's mighty Mustangs and dazzling Doak Walker — at least until the Ponies are knocked off a couple of times. The Mustangs were undefeated last year and the Southwest conference champions, and so will be the top targets of every team they play. And then there's Doak Walker. Seldom in the pages of football history has an individual player blazed into the fame and glory accorded to the quiet 168-pounder from Dallas. "The Doaker" became a star in his freshman season, cut short because of military service, then last year as a sophomore he gained full recognition throughout the nation as an All-America backfield sensation. He ran, passed, blocked, punted, called signals, played defense and provided the Mustangs with the fire and spirit that carried them to the loop crown. Today Doak is recognized as a great player, and if he continues his amazing performances he will be ranked with the all-time greats—Grange of Illinois, the "Gipper" of Notre Dame and Jim Thorpe.

• • •

Dick Freeman, capable Houston sports editor, thinks the Doaker may have given his mentor a headache, though. Says Freeman, "Doak Walker, one of the greatest backs ever to trod a Southwest conference gridiron, isn't doing anything to make himself too popular with Matty Bell, his coach, I'll bet a few pesos.

"Not that Matty would say anything cross to his ace in the hole. But when Doak breezed into Dallas the other day to say that S. M.U. would be stronger than they were last year when they won the conference championship, it certainly must have been jarring news to Bell.

"He's lost his centers, his ends and his blocking backs.

"That's enough to give any coach a headache.

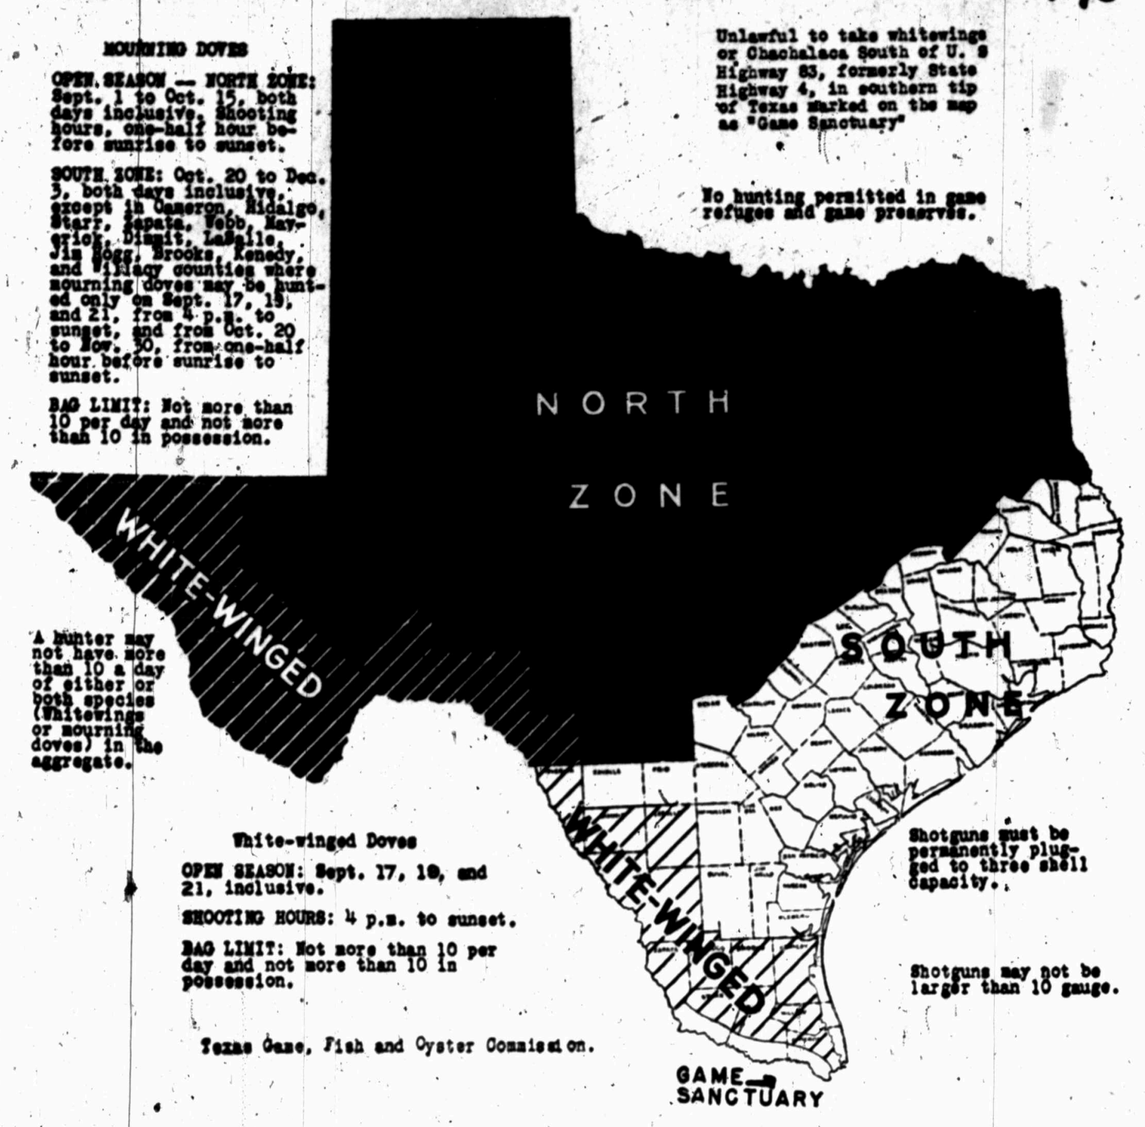

• • •

"I'm not taking anything away from the Mustangs of 1947. They had an opportunist ball club. They jumped on breaks, turned them into touchdowns and held on.

"But the fact remains that they beat Arkansas, Oklahoma A. and M. and U.C.L.A. by the narrow margins of one touchdown, were lucky to tie T. C. U. in the last seconds, and were tied by Penn State.

"They also will be in the very tough position of being defending champions."

Football Players Report Today For Western Conference Drills

CHICAGO, Aug. 31 (INS)—Nearly 600 specially - invited football players report tomorrow for opening practice workouts at the nine Western Conference schools.

What will happen after that is anybody's guess, with experts predicting one of the closest Big Nine races in years.

Purdue, with practically its entire starting lineup back from 1947, is considered a giant, and so is Minnesota.

Michigan will have to build another backfield to supplant the dream-team combine that swept the Wolverines to the Big Nine and Rose Bowl titles and a share of the mythical national crown last year, but Coach Bennie Oosterbaan has ample material to work with this season.

Like Oosterbaan, Clyde Smith at Indiana is making his Western Conference debut as a head coach. Illinois, Minnesota and Indiana will play seven conference games each this season, and the other member schools — Northwestern, Iowa, Ohio State, Michigan, Purdue and Wisconsin—will play six conference games apiece.

All nine schools open play on Sept. 25 and wind up Nov. 20 after having played nine games each.

Intersectional foes of conference teams will include Army (at Illinois Oct. 9), Washington (host to Minnesota Sept. 25), Texas Christian (at Indiana Oct. 9), Syracuse (at Northwestern Oct. 23), Oregon (at Michigan, Oct. 2), Navy (at Michigan, Nov. 6), Yale (at Wisconsin Oct. 16), and Boston university (host to Iowa Nov. 20).

24 IRISH GRIDDERS RETURN

SOUTH BEND, Ind., Aug. 31. (INS)—Sixty-nine prospects, including 24 monogram winners from last year's undefeated Notre Dame juggernaut, will report to head coach Frank Leahy for the start of 1948 football practice on the Irish campus tomorrow.

Bauer Sisters Pace Women's Tourney

SAN FRANCISCO, Aug. 31 (INS)—The Bauer sisters of Long Beach, Cal., today stole the spotlight in the Women's Western amateur golf championship being played over the Olympic Club's Lakeside course in San Francisco.

Fourteen-year-old Marlene, who shot a sizzling par 76 yesterday to tie for medalist honors, today defeated Barbara Ransom, Stockton, Cal., 3 and 2 in a first round match.

Alice, 20, won 1 up over Mrs. Jackie Pung, Honolulu housewife, who also shot a 76 in the qualifying round yesterday.

The longest match of the day went 23 holes. After a see-saw battle, Mrs. Frank Ingersoll finally defeated her San Mateo, Cal., fellow-townsman, Mrs. David C. Copping.

Oil Belt Playoff Schedule Will Be Decided Wednesday

The Oil Belt league playoff schedule will be decided during a meeting at the Buckhorn Inn, Levelland, Wednesday night at 7:30, loop president Joe Holmes announced yesterday.

The four teams that finished the season at the top of the standings are Littlefield, Slaton, Sundown and Denver City.

Favorites Fall In Golf Play

MEMPHIS, Tenn., Aug. 31 (AP)—King pins of amateur golf fell like tenpins today as a wave of upsets rocked the second round of the 48th national tournament.

Three former champions—Dick Chapman, Ted Bishop and Chick Evans—and onetime British title-holder Robert J. Sweeny, jr., were hustled to the sidelines as heat and pressure mounted on the seared Memphis country club course.

The tourney's hotshot tandem—defending champion Robert (Skee) Riegel of Monterey Park, Calif., and Toledo's Frank Stranahan, holder of the British and Canadian crowns—survived the upheavals although both were carried to the final hole.

Marvin (Bud) Ward of Spokane, Wash., winner in 1939 and 1941, and Wee Willie Turnesa of White Plains, N. Y., who captured the U. S. crown in 1938 and the British title in 1947, also came through.

Dawson, runner up to Riegel last year at Delmonte, Calif., entered the third round with a 2 and 1 victory over George Trainor of Pittsford, N. Y.

Jewelry Taken In Burglary Here

(Continued From Page One)

last night's burglary as being of dark complexion, weighing possibly 170 pounds, and wearing a truck driver's cap. Trash collectors who were working in the alley behind 1300 block of Avenue H and Texas Avenue a short distance south of the store reported the man to be wearing some khaki clothing.

The burglary occurred at the end of a day in which numerous thefts had been reported in Lubbock and over the county. City and county officials had issued a warning only Tuesday morning that a seasonal increase in crime might be expected and asked residents co-operation in combatting it.

Burglary Reports Made

A series of recent burglaries in the Idalou section was increased by three Tuesday reports:

C. L. Gilbreath of northeast of Idalou reported to the sheriff's office that his residence had been burglarized. It was not known whether anything was removed from the place.

H. M. Sage of three miles east of there said two quilts, six pairs of pillow cases and $3,650 (maturity value) in registered bonds had been stolen by a burglar who broke into his house last week. He informed the Federal Reserve board of his loss, and supplied serial numbers of the bonds.

Sage said that the residence of a son, on the same farm, was entered Saturday and that $3 in pennies was taken.

Mrs. E. C. Howell of Trailer town reported an air conditioner stolen from her property.

Bond Set At $1,000

Eugene Bailey, 18, a Lubbock negro charged Tuesday with receiving and concealing stolen property valued at more than $50, was remanded to custody until he posts bond of $1,000 binding him over to a grand jury.

The charge set out that he received the property from William Johnson, knowing that it had been stolen, Johnson, already under five-year suspended sentence for burglary of Lubbock Tailoring company, was charged Monday with another burglary there. The charge naming Bailey accused the defendant of accepting three suits of men's clothing. Captain of Detectives Pat Davidson of the police swore to the complaint, which was prepared by E. G. Pharr, assistant district attorney.

Lockney Youths Returned

Two Lockney youths, both 18, were released on bond after a hearing Tuesday afternoon before Mrs. Olive Fluke, commissioner for the Lubbock division of the northern Federal Judicial district, on a charge of unlawful flight to avoid prosecution.

The two youths, Teddy Gene Livesay and Jack D. Adams, officials said, were returned from Denver, Colo., after their arrest by federal men to face rape indictments returned August 7 in Floyd county.

A Floydada attorney posted bond of $2,500 for each youth. Bond of $1,000 each earlier had been posted in the state charges.

Twelve women were arrested by city police Tuesday night and charged with vagrancy by prostitution. All pleaded guilty and were fined $50 each.

James M. Barnes, 2317 Main, reported to police Tuesday night that someone had stolen the front wheel from his bicycle.

The sheriff's office at Morton asked Lubbock law enforcement officers to be on the lookout for a black 1937 Ford coach, reported stolen from H. C. Fuqua of Morton Tuesday afternoon. The license number was given as AK-2216.

Deputy Sheriff Raymond Land and City Detective LeRoy Boling, jr., went to Anton to assist officials in studying clues in a burglary of Anton Producers gin. Only 60 cents, taken from a soft drink dispenser, was missed, Preston Lyda, manager, told Dep. Sheriff T. E. Wood of Anton and the Lubbock officials. A window pane was broken, allowing the latch to be manipulated.

Thefts Are Reported

Police said Wayne Tucker of Shallowater reported theft of a fender skirt from his car here. He valued it at $35.

Sandra Bitela, a Mexican woman who soon is to be tried for murder, informed police that a negro man had stolen pictures from her.

County Attorney John Steele filed a charge of aggravated assault against Al Hathcoat, about 30, of Lubbock, alleging he had struck Ruby Hathcoat with his fists. Another charge, accusing Pauline Gentry, 47, of theft of a $25 camera from Mrs. Claud Tatum, was filed. She pleaded innocent and posted bond, the sheriff's department said. Hathcoat, arrested by police had not appeared to enter a plea, court officials said.

A confession that he burglarized a Lubbock church July 22, taking a .22 caliber rifle and "change," was made by James Willis Cude, 23, of San Antonio, to Cheyenne, Wyo., police, a telegram from the Tribune, Cheyenne daily newspaper, to Avalanche-Journal publications said today.

Cude and his 18-year-old bride were arrested there Saturday after burglary of the First Congregational church of Cheyenne had produced $2 in pennies, as well as a flashlight. They also were being questioned in connection with a $175 robbery two weeks ago of a Cheyenne dairy, news service reports said.

No Reports Here

Captain of Detectives Pat Davidson of Lubbock police said there were no reports of a church burglary here on July 22. He said the last successful church burglary reported was from five to six months ago, of the First Methodist church. No church had reported loss of a rifle, however, he said.

Cude and his wife admitted to Cheyenne's chief of police, Fred Shomoker, they had burglarized churches at Lamar, Pueblo and Denver, Colo., as well as six others, news service reports said.

Cude, who was sentenced to two years in the Texas penitentiary in November of 1946, has a record showing numerous arrests for investigation into offenses in Texas, Missouri, Oklahoma, Arizona, and New Mexico, Davidson said.

Other Losses Reported

Police said Pat Garland of Ashley courts had complained of the theft of a $15 wrist watch from his cabin there.

Ruel C. Martin of 1718 Thirty-third reported to police the loss of a $650 ring set with one large and several smaller diamonds. The loss had been discovered July 23, official reports said.

Russia's navigable waterways total about 60,000 miles in length.

Schools Are Named

being considered as promptly as time and finances permit.

Members of the board voted to assemble Sunday morning for a tour of school facilities to ascertain the condition of all schools prior to the opening of the new school year.

Approval was given the purchase of 750 new seats for the new Chapman gymnasium. The purchase will include six sections, 10 rows high and 16 feet long, it was reported.

Food Prices Discussed

Considerable discussion was given over at the meeting to the price of food at city school cafeterias, the principal issue being whether or not to raise the price of meals for school children.

It was pointed out that prices on foods have risen considerably since the 30 cent price was placed on plate lunches at the schools. Choice cuts of meat were said to have risen about 70 per cent, average cuts of meat 33 and 1-3, staple items 25 per cent, and deserts 10 per cent.

However, with more cafeterias to be put into operation during the coming school year, the board voted to maintain the present prices until it could be determined whether or not the increased volume would lower operating costs on the cafeteria system.

Football Budget Okayed

The board approved the report of expenditures for the month, and gave the nod to the new football budget, the latter subject to certain stipulations as set forth by the athletic committee of the board.

Teacher resignations accepted at the meeting were: Mrs. Mary Beth Johnson Kirkpatrick, Dupre school; Mrs. Hazel Wallace, Senior High; Miss Eula L. Peters, Central Junior High; Leete Jackson, Central Junior High; Mrs. Leonard Latch, McWhorter school; Mildred Holt, Central Ward school; Amy Gladys Wilhelm, Wilson school; Mrs. Velma McCollum Roark, Central Junior high; Mrs. Edna Raye Walker, Dunbar school; Mrs. Ernest Mader, Bean school; Sarah Bailey, Dunbar school; Ferrelline Tucker, secretary, supervisor's office; and J. T. Stalcup, Guadalupe school.

Teachers Elected

Teacher elections approved at the meeting were: Ouida Orr, East Broadway school; Mrs. Averlyne H. Ries, East Broadway school; Bonnie Campbell, Central Ward; Juanita Black, Central Junior High; Larnes H. Hope, band and orchestra; O. L. Slaton, Junior High; Mrs. Kathryn M. Renfroe, East Broadway; Mrs. Lois Priddy, Woodlawn school; Mrs. Pauline M. Denham, Central Ward; Mrs. Montez S. Smith, Thirty-sixth street school; Mrs. Evelyn B. Thomas, librarian, Central Junior High; Mrs. Rose B. Sullivan, Senior High; Mrs. Mary Hill, Dunbar school; Berdie L. Edmundson, Dunbar school; Mrs. La Gloria Fair, Dunbar school; Quentin W. Marshall, Dupre school; and Finis Vaughn, temporary coach and physical education teacher, Central Junior High.

Vaughn, who plans to go into private business early in 1949, has agreed to accept the position at Central Junior High for one semester to fill the position left vacant by the resignation of Leete Jackson, R. W. Matthews, superintendent of schools, said.

Members of the board present at last night's meeting were: Clyde G. Tatum, W. H. Evans, G. C. Dowell, Glenn Woody, and Dr. M. M. Ewing. A. C. Jackson, business manager, and Superintendent Matthews also were present.

Charles W. Gaston, Of Brownfield, Dies

BROWNFIELD, Aug. 31. (Special)—Charles W. Gaston, 59, a resident of Terry county for the past 25 years, died at 8:30 p. m. in a Brownfield hospital.

Arrangements for services had not been completed late tonight, it was announced at the Brownfield Funeral home.

Mr. Gaston is survived by his parents, Mr. and Mrs. J. J. Gaston of Brownfield; two sons, J. C., who is in the Army, and J. J., Jr., of Fort Worth; four daughters, Mrs. Louise Bryant of Dallas, Mrs. J. B. Hinkley of Brownfield, Mrs. Janett Jackson of Fort Stockton, and Miss Charlsie Lou Gaston of Brownfield; two brothers, J. H. of Detroit, Texas, and F. J. of Cone; and four sisters, Mrs. T. W. Bruton of Brownfield; Mrs. C. C. Robinson of Brownfield, Mrs. C. D. Kerr of Detroit, Texas; and Mrs. L. M. Yates of Sundown.

Wallace Again Hit

(Continued From Page One)

Charlotte, Greensboro, High Point and Burlington.

Wallace said he was happy the people of Asheville "reserved their tomatoes and eggs for their children to eat," recommending such reservation as "a pretty good custom for some other people in North Carolina to follow."

Grateful To Truman

Wallace also expressed gratitude for President Truman's statement that the attacks on the ex-vice president were "highly un-American." He said he was "happy that the White House made such a statement and that the President deplores such things as happened this morning."

The third party leader said he would board a train at Asheville later to go to Alabama.

At Hickory, the Progressive party candidate stood coatless and with a grim smile on his face before a jeering throng. He tried vainly for a minute and a half to make himself heard above the uproar.

Finally he turned to re-enter his car. A man in the crowd shouted:

"Why don't you go back to Russia, Henry Wallace?"

Wallace retorted over his shoulder:

"Well, this is a totalitarian nation here."

Earlier in the day at Charlotte another barrage of tomatoes and eggs was loosed at the third party leader.

Yesterday he was the target of missles in Burlington, Greensboro and High Point.

Soviet Leader Dies

headed by Stalin.

He, along with Foreign Minister V. M. Molotov and L. P. Beria, for many years chief of Russia's secret police, have generally been considered the chief candidtaes to take over when Stalin dies. Stalin is 68.

His most powerful position was as a member of the policy-making Politburo and as secretary of the Russian Communist party, a post formerly held by Stalin.

His funeral will take place in Moscow's giant Red Square at 5 p. m., Moscow time, Thursday. The broadcast said the body will lie in state in the fall of columns of the house of trade unions, where the public will be admitted beginning tomorrow night.

Zhdanov, like Stalin, was a Georgian. As secretary of the Communist party in Leningrad, he was believed to have counseled the attack on Finland in the winter war of 1939-40. The unsuccessful Soviet attack in its early stages caused a lapse in his prestige, but he bounced back in the second world war when he sparked the successful defense against the Germans.

Zhdanov's death came as Marshal Tito of Yugoslav showed every sign of fighting to a finish the Cominform charges that he was not a true Communist and anti-Soviet.

Zhdanov was generally regarded as the leading spirit in the drafting of these charges against Tito.

Zhdanov — short, bulky and dark-haired—was a member of the foreign affairs committee of the Soviet Union and the Soviet commission on Nazi crimes in Russia. He served as chairman of the control commission for Finland from 1944 to 1947.

Negotiations Shifted

(Continued From Page One)

he could not answer questions along that line.

The four-power discussions, which shifted here after more than a month of negotiations in Moscow, began after the arrival of Francois Seydoux, political and diplomatic adviser to Gen Pieree Koenig, the French military governor. Seydoux has been acting as advisor to Yves Chataigneau, French ambassador in Moscow, during the negotiations.

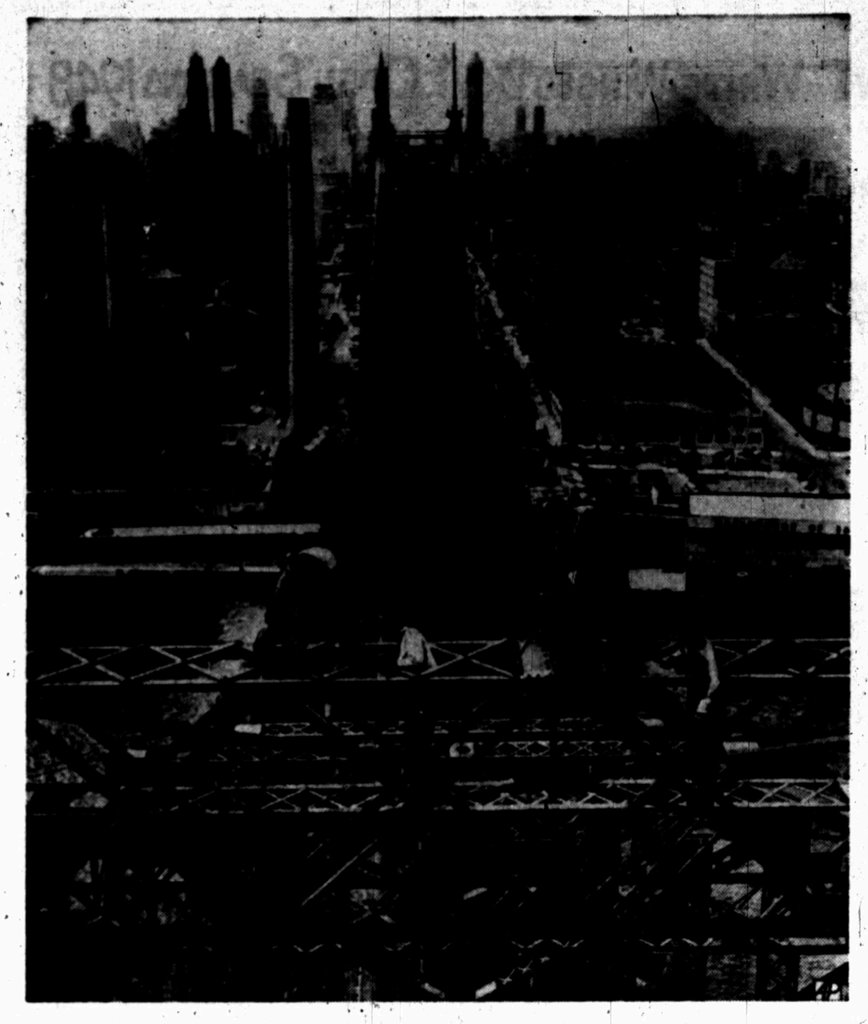

It was understood that he brought directives from the three western power envoys in Moscow who were reported to have reached agreement on the principles of a currency agreement with the Russians.

The directives which Seydoux brought, it was reported, provide for the use of a single Soviet-backed currency in Berlin under four-power supervision.

The Russians launched their land blockade of the city more than two months ago on the technical ground that isolation measures were necessary to protect their zone against the western money.

Moscow dispatches said that if agreement is reached in the negotiations in Berlin the talks probably would be shifted back to Moscow.

Meanwhile, the issuance of a communique on the negotiations, which had been expected in Moscow, appeared to have been sidetracked pending the outcome of the Berlin discussions.

PETERS DESCRIBED AS RED-TRAINED PLOTTER

NEW YORK, Aug. 31 (INS) — Alexander Stevens, alleged Communist spy king known as "J. V. Peters," was named today as a Moscow-trained plotter who taught that the American way of life must be destroyed by "guns, force and blood."

The description of Peters as a leading advocate of the violent overthrow of U. S. capitalism was given by one of three former Communists who testified at a New York deportation hearing for the Hungarian-born "mystery man."

The self-identified former Communist comrades of Peters who spoke against him today were George Hewitt, negro and former member of the central Communist party of America; Andrew Smith, 64-year-old Slovakian, and Maurice Malkin, who once served a prison term for violent labor agitation.

He said entrances would have to be arranged at the west side of the fairgrounds to give the circus ingress and egress and the whole area to be used by the circus show would have to be levelled.

A veteran of a quarter century of fair management, Davis called the arrangement with Ringling's "a wonderful break for the public and the fair, alike." He said Ringling agreed to play on fairgrounds only on very rare occasions and 'the circus' decision to do so here shows that the best showmen in the country recognize the Panhandle-South Plains Fair as an outstanding exposition."

Davis said good weather on September 29 might see as many as 35,000 to 40,000 persons go through fair turnstiles. The Ringling tent can hold approximately 15,000 persons per performance and numerous other fair features are expected to draw additional thousands through the gates.

Stolen Bike Case Gets Officers Into Storm Sewer Chase

Two Lubbock police officers invaded the city's underground Tuesday afternoon in search of stolen bicycles and soon after they emerged into daylight four negro juveniles were lodged in county jail.

Gene Seward made the call to the police station that put Patrolmen R. E. West and Lynn Campbell on the hunt for the stolen bicycles. Seward and a compation told the officers that they had been playing in and near a storm sewer opening in the 700 block of 27th street and had seen two bicycles cached away deep in the sewer.

Since the storm sewer opening appeared too small for either of the policemen to enter, one of the boys volunteered to enter the tunnel and investigate further. He soon returned and reported he had heard voices and didn't care to look into the matter further.

Two Boys Found

Campbell went east to seek a larger opening into the sewer in the 600 block of 27th while West, the smaller of the two officers, squeezed into the sewer line. Campbell found a larger opening in his block and was preparing to enter when a boy in the sewer line saw him and sounded an alarm.

Two boys hidden in the sewer made a dash for freedom. One went east and one scurried west. West captured his boy, but the other slipped by Campbell and headed for the sewer's end near the Santa Fe tracks east of the Slaton cutoff. There the officers bagged him.

West and Campbell reentered the sewer and recovered two partially stripped bikes, and after searching up and down the tunnel recovered a quantity of bicycle parts, screwdrivers, pliers, and wrenches which the two boys apparently had scattered in their wild dash.

The two negro youths implicated two other negro boys in the theft of bicycles from in front of a Lubbock theater Saturday night and all four were lodged in jail after confessing to the thefts.

Camp Plans Studied

(Continued From Page One)

spokenly critical of the county commission as Chairman Wood.

Lack Of Interest Cited

He said the county board gave as its excuse for refusing to participate in the project that it did not have legal authority to do so. This claim was challenged, he continued. But the county commission, he charged, has not shown even enough interest to seek the attorney general's opinion on the question of its authority.

"I intend to do what I can to insure that the city of Lubbock has a majority on the court after the elections two years from now," he declared. "It is time to elect a county commission which will deal fairly with the city. It is not getting a square deal now."

Halsey, drug chain operator, commented that city property owners pay 87 per cent of the county taxes.

"I think the county should come in on this project," Glassman remarked. "The country people would benefit as much, if not more, than those in the city. It would be a great convenience to farmers to be able to come to a camp where they could get the cotton pickers they need. If they can't get pickers when needed, they may lose their cotton crop."

Glassman argued that, since the county had refused to co-operate, it would be proper for the city to pay for all of it.

Camp Plans Laid

But, if that is not done, he volunteered to solicit contributions from business men in the block where his own department store is located.

The camp proposed would be located adjacent to "Mexican town" in the northeast edge of the city, convenient to highways and to parks where the visiting children would have limited recreational facilities.

The plan is to build a 200-foot long concrete shell with 13 spaces into which itinerants could drive their trucks and where they would have such conveniences as shower baths, electric hot plates and toilets.

Members of the committee related several incidents illustrating how the lack of toilet facilities for the thousands of Mexican pickers who visit Lubbock during the cotton picking season creates an alarming danger to community health.

Wood said every effort will be made to reach a final decision before the end of the present week on whether the camp can be built.

Sixteen ballots were necessary to make Montgomery the capital of Alabama in 1846. Tuscaloosa led the first ballot but couldn't muster a majority.

Coke Assured Lead In Race

(Continued From Page One)

probably be contested.

The advisor, who asked his name be withheld, said that Johnson got a heavy vote in that county in the first primary, but that reported returns of the second primary show Stevenson out in front by a wide margin.

Coke's Lead Increases

Both candidates awaited the official canvass of votes to decide the winner. A State Democratic executive committee sub-group will make that canvass, in Fort Worth Sept. 13.

In the bureau's noon tabulation Tuesday Stevenson was leading by 430 votes. At that time five counties had not reported, complete returns.

Stevenson's lead had increased steadily from the bureau's opening Tuesday through the noon report.

As of 9 p. m. Monday the former governor had a lead of 119 votes. At 10 a. m. Tuesday he was 366 ahead. Then came the noon report.

Most of this increase was caused by corrections made in previous reports to the election bureau.

Some of these included:

Ballot Reports Corrected

Eastland county's earlier vote was transposed. The corrected vote was Stevenson 2,645 and Johnson 2,317.

Garza county's returns also were reversed. Stevenson had 690 to 664 for Johnson in the corrected totals.

Hardin county reported 1,258 votes for Stevenson and 989 for Johnson. Earlier the vote had been 1,218 for Stevenson and 993 for Johnson.

San Jacinto was the only county reporting a complete vote between 9 p. m. Monday and noon Tuesday. Stevenson got 436 of those votes and Johnson 435.

There were these other developments Tuesday:

Johnson Cites "Mistakes"

1. Johnson said at Austin that, "it is not meant to question the Texas Election bureau, but the fact remains that my gains have been in votes counted; and my gains have been offset by "corrections.' Up to now I'm sure that all of the mistakes have been honest mistakes, but nevertheless, Stevenson has been kept in the running by those mistakes." He claimed that certain counties which he did not name had been told to change their votes overnight in favor of Stevenson.

2. Stevenson asked for "time to catch my breath" when told that his lead had increased Tuesday morning. He refused other comment at that time.

3. Mrs. R. A. Thompson of Goliad, state Democratic vice-chairman, Tuesday urged that the executive committee call in technical help in canvassing the run-off returns. She suggested the state board of public accountancy. State Demo Chairman Robert W. Calvert said that help was unnecessary. "All we have to do is add the vote totals from the 254 counties" he said. "We don't go over the entire votes; we take the county totals as certified by county chairmen."

4. Calvert wrote Stevenson and Johnson inviting them to suggest a man and woman each from the state executive committee to be named to the subcommittee which will canvass the votes.

Democratic nomination in Texas virtually means election.

Johnson, 40, United States representative from the tenth district, broke into the lead for the first time Sunday night and the lead has changed twice since.

If the official returns should reverse the unofficial count, it would be the first race that Stevenson has lost. His political career began a quarter of a century ago.

Louisiana Vote

months Louisianians have seen state services greatly expanded and taxes greatly increased, while the governor's control of administration and politics through appointments has been strengthened.

The policies Earl Long followed since leading his faction back to power after eight years in the political desert became the main issue in the senatorial race. Russell Long defended them; Kennon sharply criticized them.

Committee Watches Polls

Young Long and Kennon seek the two years remaining in the late Sen. John Overton's term.

Only Rep. Henry Larcade, jr. of the seventh district, was without opposition in the voting for eight congressional seats.

Investigators for the congressional campaign expenditures committee kept watch over the polls. Their chief, William E. Murray, said he had received complaints from "a great many places" that anti-administration voters feared retaliations, but that investigation showed "there are no violations worthwhile going into."

Tito Changes Cabinet In Move To Meet Attack On Leadership

By OSGOOD CARUTHERS
Associated Press Staff Writer

BELGRADE, Yugoslavia, Aug. 31—Premier Marshal Tito shook up his cabinet today and established a solid pro-Tito front against the Cominform challenge to his leadership.

By a hastily - adopted decree Yugoslavia was placed under an All-Communist all-Tito government.

Elevated to more strategic posts in the government were Vice Premier Edvard Kardelj and Interior Minister Alexander Rankovic.

Tito Men Boosted

Those two men, along with Tito, have been singled out for special attack by the Cominform, the Soviet-dominated association of Communist countries in eastern Europe which has assailed the Tito leadership as anti-Russian and straying from the true Marxist line.

Kardelj was promoted from chairman of the control commission to foreign minister. Rankovic was named a vice premier. He retained his interior ministry job, which gives him control over the country's police.

Kardelj replaced Stanoje Simic, a non-Communist, as foreign minister. That was no surprise, since it has been known for some time that Kardelj was one of the real formulators of foreign policy. Simic was kicked downstairs to an ineffectual post of minister without portfolio.

Dispatch Sent Abroad

The changes on the domestic front followed last week's formal protest to the Romanian and Hungarian governments against attacks on the Tito leadership by government officials in those two Cominform countries.

Tanjug, the official Yugoslav news agency, made the cabinet changes known in a dispatch sent abroad. They were not published here late today, but will probably be carried by the radio sometime tonight and printed in tomorrow's newspapers.

The changes as announced by Tanjug were all at the top and it was felt that none was made in the lower brackets at this time.

The rapid rise of Communists who followed Tito through the liberation was reflected in the changes.

Among those who came up fastest was Durbalgoje Nesakovic, former president of Serbia. In his new post as head of the powerful control commission he will watch over the economic and political activity of the government.

Crude Oil Demand May Climb To New High This Winter

NEW YORK, Aug. 31 (AP)—Even if the weather is normal during the coming winter months, demand for crude oil will be seven per cent greater than it was last winter, a committee of the Interstate Oil Compact commission estimated today.

The oil industry can keep up with this demand, the Economics Advisory committee said. But to do so it will have to:

1. Maintain domestic production of 5,600,000 barrels of crude oil and 415,000 barrels of natual gas liquids daily;
2. Import about 200,000 more barrels a day than it exports; and
3. Withdraw from accumulated stocks 180,000 barrels daily.

Surplus Margin Narrow

This estimate assumes that military demands will remain relatively unchanged, and that the present rate of installing new oil and kerosene burners is not materially exceeded, the committee said. It added:

"Although the supply situation is now easier than it has been for many months, there exists such a slight margin of capacity above requirements that the industry should continue its efforts to increase supplies and consumers should strive for economy and efficient use of petroleum products.

The committee is headed by Richard J. Goonzalez, petrolem economist for the Humble Oil and Refining Co., Houston.

Demand Sets Record

The report was presented to delegates from 21 member states, attending the commission's summer meeting here.

Governor Beauford Jester of Texas, commission chairman, said petroleum consumption in this country now is 600,000 barrels a day higher than the top demand during the World War II.

The federal government can assure fulfillment of this ever-increasing demand best by helping the industry obtain more steel and by keeping hands off the conservation and production projects of the individual states, he said.

RADIO TO FIGHT SNOW

HARRISBURG (U.P.) — Pennsylvania will equip 16 additional counties with radios for snow-plowing operations this winter. The radio equipment will be used for assigning trucks and plows to heavily drifted roads and handing out up-to-the-minute weather and progress reports.

PRANK BACKFIRES

ST. LOUIS (U.P.)—Two St. Louis Boy Scouts who planned separately, to frighten a hiking group, merely scared themselves. Each boy, without the other's knowledge, stole away from the group to get to a "haunted house" before the others arrived. When the two collided under a dark staircase, both fainted.

Three Soldiers Killed, 23 Hurt In South Carolina Blast

FORT JACKSON, S. C., Aug. 31 (AP)—Three soldiers were killed and 23 others injured, three critically, in an explosion here today, Army authorities reported.

Capt. Anderson P. Neely, post public information officer, said a full investigation is in progress and that few details would be released until it is completed.

He declined to say what the nature of the explosion was.

Names of the dead and injured were withheld.

Neely and his assistant, Lt. J. A. Feese said the explosion, timed at 12:45 p.m., occurred while a company of recruits was marching along a road to a machine gun demonstration at the post air strip. All the men involved were recruits, Neely said.

Prospective Texas Tech Students Register By Mail As Part Of New System At College

Prospective Texas Tech students are registering by mail for the first time in history, as part of a newly instituted program of decentralization of registration.

Much of the pre-registration process, which clogs the halls and slows up registration procedure when undertaken at registration time, is being accomplished early by mail.

Approximately 3,700 students have filled in applications for registration for the fall semester, said Registrar W. P. Clement, who predicted the total for the 1948-49 session would go beyond 7,000.

Forms Given Groups

Monday's mail included almost 300 applications for registration which had been filled in by prospective students and approximately 200 letters requesting catalogs or otherwise showing interest in attendance at Tech.

The blank applications for registration have been furnished to prospective students in three groups, said Joe W. Seay, assistant to the registrar. The groups are: About 4,700 students who were in school last year, representing last year's entire student body except those who were seniors; approximately 2,000 summer school school students who indicated they would return to Texas Tech this fall; and 700 to 1,000 persons for whom high school or college transcripts have been received and who have a scholastic average meeting requirements at Texas Tech.

After a prospective student fills in an application for registration and returns it, the application card goes first to the dean of men or dean of women for approval of housing.

The card then goes to the registrar's office. A card for the statistician, church preference card, card for dean of men and dean of women, a veteran's card if the prospective student is a veteran and a permit to register then are mailed in a packet to the prospective student.

Each student receiving such a packet is assigned a time to register on the official registration days, Sept. 16-18. Seniors will register the first day; juniors, the second day; sophomores, the afternoon of the second day and possibly the morning of the third day; freshmen, the third day, and all late registrants, the afternoon of the third day.

The prospective student knows when and to whom to report on the official registration days and is to take his packet of cards with him to register. The registration plan provides for registration of about 700 students an hour, the number being divided among the divisions.

When the student's schedule is finished, he will not have to stand in line in front of the business office, as has been the case in previous years, but will pay fees in his own division. Places for payment of fees will be set up for arts and sciences and graduate students, for business administration students, for engineering students, for agriculture students and for home economics students in five locations.

The plan of pre-registration by mail is "working nicely," said Registrar Clement.

15-Year-Old Youth Finds Fort Worth Police Are Helpful

FORT WORTH, Aug. 31 (U.P.)—Bill Usrey—small, red-haired and 15, but smart in the ways of the world—was on his way home to Choludrant, La., today, convinced the Fort Worth police department was just about the finest place he's hit in a long time.

Bill, who has been staying with an uncle in Seagraves, Tex., for the past year, turned up at the police station with one cent—the last he had to his name It was the remains of a nickel he started out with from Seagraves day before yesterday.

He had been hitching rides on cattle trucks and eating where he could find it, he told officers. Today, he left the Fort Worth city limits with a full stomach, $5 in his pocket, and blue jeans, a yellow shirt and cowboy boots—courtesy of several big-hearted gents of the department. A dispatcher also fixed it up so that he got a ride in a police car to the city limits.

"I always heard the police would help a feller when he's down and out," Bill said. "But I didn't think they'd do all this for me."

When he ate his first meal in some 36 hours, he had a big bowl of soup. Officers asked him why he didn't eat a steak, and got this explanation:

"Well, when a feller ain't used to eating steak he'd better stick to what he is used to. This five bucks has got to last me for at least a week."

Decline Is Reported In Traffic Deaths

CHICAGO, Aug. 31 (U.P.)—The National Safety council today reported a three per cent decline in traffic deaths in July and said the public "at last" seems to be getting safety conscious.

The council said the traffic death toll for "one of the year's most hazardous months" was 2,700 compared with 2,780 for the same month last year.

Through July, the year's fatalities totaled 16,390, four per cent below the seven-month total for 1947.

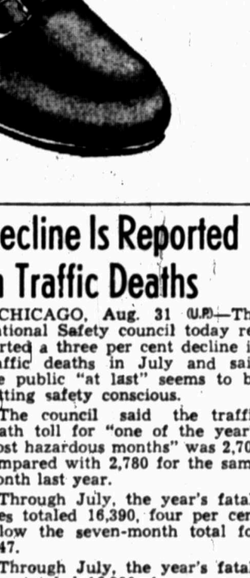

Through July, the year's fatalities totaled 16,390, four per cent below the seven-month total for 1947.

The council listed the following leading cities for the first seven months, according to the number of traffic deaths per 10,000 registered vehicles

Over 500,000 population — Milwaukee, Wis., 2.5; 200,000 to 500,000 population — Providence, R. I., 2.3; 100,000 to 200,000 — Wichita, Kans., 1.0; 50,000 to 100,000 — Decatur, Ill., 0; 25,000 to 50,000—Jackson, Mich., 0; 10,000 to 25,000—Klamath Falls, Ore., 0.

$86,000 Budget For School Year Approved At Hale Center

HALE CENTER, Aug. 31. (Spl.)—An $86,000 budget, said to be the largest in the 55-year history of the Hale Center school system, was approved last week by the Hale Center school board for the 1948-1949 school term which opens here Sept. 6. The budget is almost $11,000 above last year's, A. E. Ross, school tax assessor-collector, has said.

Improvements to the school plants figured in the budget include completion of work on dressing rooms in the new high school gymnasium and auditorium, put in use last term, and addition of a large refrigeration unit in the ward school cafeteria.

Plans Underway For 1949 Crop

Local and state Production and Marketing administration (PMA) officials added emphasis here yesterday to an appeal from the national office of the PMA, a branch of the U. S. Department of Agriculture, concerning views of farmers and others interested in the cotton industry on proposed acreage allotments and marketing quotas for the 1949 cotton crop

The appeal came from Secretary of Agriculture Charles F. Brannan, who is required under a formula outlined by Congress to decide whether production restrictions are necessary. His decision must be announced not later than Nov. 15.

Must Announce Figures

It is set out that views should be addressed to the director, cotton branch, Production and Marketing administration, U. S. Department of Agriculture, Washington, 25, D. C., and must be postmarked not later than Sept. 10.

Under the marketing quota provisions of the Agricultural Adjustment act of 1938, the Secretary of Agriculture must determine and proclaim not later than Nov. 15:

The normal cotton supply and the carryover of cotton on Aug. 1, 1948; probable domestic consumption of American cotton during the 1948-49 marketing year; probable exports of American cotton during the year; estimated carryover as of Aug. 1, 1949; and amount of cotton allocated for the calendar year of 1949.

Must Be Approved

If he finds under terms of the law that the total supply of cotton in relation to probable demand for the 1948-49 marketing year exceeds the normal supply by more than seven per cent, he must proclaim the fact not later than Nov. 15, this year, along with the marketing quotas (production allotments) for the 1949 crop.

The law provides, however, that to become effective, the proclaimed quotas must also receive a favorable ballot from at least two thirds of farmers who vote in a referendum in all cotton producing states. The referendum, required if quotas are proclaimed, must be held not later than Dec. 15, and should growers fail to approve quotas in the referendum, no price-support could be made available on the 1949 crop.

Ginners Oppose Controls

The question of acreage and production quotas came up for much attention at the recent annual meeting of the Plains Ginners association here, when a resolution was passed opposing such restrictions.

The board of directors unanimously recommended adoption of

Demo Delegates Asked To Report

L. C. Ellis, chairman of the Lubbock County Democratic Executive committee, said Tuesday afternoon that he would like all persons who are listed as delegates or alternates to the Sept. 14 state convention in Fort Worth to communicate with him as soon as possible and inform him whether they expect to attend.

The information is vital, because he will need to arrange proxies for those who cannot attend, he explained.

Lubbock county probably will be entitled to 25 votes, Ellis said he had been informed by state officials of the party. The chairman wants the county to be fully represented with delegates.

Group Is Listed

Below is the list of delegates and alternates:

Delegates: L. C. Ellis, J. H. Brewer, Bryan Abernathy, W. M. Barton, Mrs. A. C. Wright, Homer Grant, Bill Collins, J. Ben Cole, C. L. Harris, Mrs. William Dingus, Miss Mamie Alexander, James H Goodman, G.H. Nelson, (chairman), James O. Cade, L. Wesley Read, J. Williams Davis, Douglas Pounds, L. B. Wright, P. G. Meading, Clarence Whiteside, and J. W. Jackson

Alternates: Mrs. Emmett Hazlewood, Mrs. J. William Davis, Jerry R. Holleman, Neal B. Essary, Y E. Douglas, Howard Billings, J. B Earnest, W. B. Shelton, E. W. Adkisson, Mrs. Lee Green, J. B Walter, Cecil E. Manley, Mrs. Cecil E. Manley, J. S. Millerman. L. C. Boyd, Mrs. Eula H. Elkins Jess L. Davidson, Jim Denton, George Leftwich, Preston Smith, and Dudley Brummett.

There are only 21 of each Should the county be entitled to 25, delegates could be added from the list of alternates, Ellis said if sufficient persons plan to attend the convention.

States' Righters To Be Sure Thurmond On Ticket

Dixiecrats Plan Ballot Moves

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Aug. 31.—Texas State's Rights Democrats today planned to make sure J. Strom Thurmond's name goes on the general election ballot as their presidential candidate "one way or another."

This was their answer to the announcement by Secretary of State Paul H. Brown that Sept. 17 is the deadline for certifying the names of candidates for printing on the Nov. 2 ballot.

Brown's action was regarded as a direct challenge to the Dixiecrats, putting them on the spot, and their answer was that they were not worried.

Merrit H. Gibson, national campaign director of the States' Rights Democrats, told this correspondent by telephone from Jackson, Miss., that the organization is considering a step to qualify independent electors prior to the Sept. 14 state Democratic convention.

Asked if this meant the Dixiecrats did not intend to go on with their fight for control at the Fort Worth convention, Gibson said one group of States' Righters could, in advance of the convention, "organize a party to assure the State's Rights ticket a place on the ballot" and another group could carry on the scrap in the convention.

Decision Said Near

"Somebody is going to do whatever is necessary to get the State's Rights candidates names on the Texas ballot, one way or another," Gibson said.

He said three courses were open to the State's Righters: They could call a convention now to organize and stay out of the Fort Worth convention, they could await the outcome of the Fort Worth meeting and then call a convention, or, those who want to could act separately to organize a State's Rights party.

The decision on which course to follow should come within 24 hours, Gibson said.

Brown said that in view of the conflicting statutes in Texas bearing on the deadline for ballot certification, he thought his ruling was a "fair and substantial" compliance with the basic election law requirements."

DIXIECRATS MUST SPEED ACTION

State Official Rules Sept. 17 Deadline For Listing Candidates

AUSTIN, Aug. 31 (U.P.) — Secretary of State Paul Brown announced today that Sept. 17 will be the deadline for listing candidates on the 1948 general election ballot in Texas.

Actually, that means that any candidate—for any office from president down through constable—not certified to the secretary of state by that date will be left off the ballot.

The ruling would appear to put new urgency into any action taken by the Dixiecrats toward listing the Dixiecrat ticket of Thurmond and Wright on the Texas ballot.

Conflicting Laws Cited

Earlier interpretations of the election laws had placed the deadline at 20 days prior to the election, this year on Nov. 2.

However, a conflicting law requires that the election forms be furnished the county judges at least 30 days prior to the election.

The deadline of Sept. 17 would thus appear to give the secretary of state 16 days prior to the legal "deadline" of Oct. 3 mailing in which to prepare and have printed the election forms.

"The Sept. 17 date," Brown said, "is in fair and substantial compliance with the basic election law requirements. It avoids conflict with the statutes in most instances and seems to do the least possible violence when conflicts are unavoidable."

Brown pointed out that the term "election forms" has been generally interpreted in Texas as meaning inclusion of a dummy ballot listing the names of the candidates.

In 1944, the last presidential election year, records in the secretary of state's office show that certification deadline was set for Sept. 25 for an election falling on Nov. 7.

Candidates may be offered in nomination for listing on the ballot via the primary method, as used by the Democratic party in Texas; the convention method, as used by the Republicans in the state, or, under the law, by petition.

Students of the state's election laws have generally agreed that state party conventions must be called on not less than 10 days notice. If the Dixiecrats should decide to hold a separate convention for the purpose of certifying the Thurmond-Wright ticket in opposition to the Truman-Barkley ticket, it would appear that their convention would have to be called not later than Sept. 6.

That would allow one day, Sept. 16, for the convention and formal

Stage Show Hit By Severe Fire

LITTLEFIELD, Aug. 31 (Special) —The tent and other equipment of the McKennon stage show was destroyed here about 10 a. m. today when fire broke out in the corner of the tent where electrical boxes and equipment were installed.

Loss, including the tent, stage, and all scenery, was placed unofficially at approximately $18,000. Joe McKennon, owner and operator of the show which is billed and presented by Harley Sadler, Inc., could not be reached for an estimate, nor was it known if the losses were covered by insurance.

Blaze Spreads Rapidly

Tonight's performance was presented in the school building here.

The show, in which Harley Sadler, veteran West Texas showman and now a member of the legislature, has not been appearing but which bears his name because of an operational interest, was here for the week in its own tent located just inside the city limits on the Levelland highway. Last week the company had played an engagement in Lubbock.

Cause of the fire was not definitely known, but it was surmised that a short in electric wiring had set off the blaze. The flames spread so rapidly that the tent was practically consumed before the fire department could reach the scene.

Workers at the scene said most of the seats and wardrobes were saved. No trucks or other rolling stock were lost.

This announcement was made Tuesday by Harry Delaney, program chairman for the barbecue In addition to the story-telling contest, Lawrence Ivy, Lubbock pianist, will entertain with several piano numbers and the crowd will participate in group singing as other features of the barbecue's informal program.

Salesmen and their wives will be guests of the Lubbock Chamber of Commerce and the Avalance-Journal at the barbecue, which will be served by members of the Lubbock Lions club.

Lubbock business men, their wives and employes and wives are being urged to attend the program. Tickets for the affair are $1 per person and may be obtained from the chamber of commerce.

Attendance of approximately 600 salesmen and their wives and Lubbock people is expected for the affair.

San Antonio Man Has Luck Of Draw, Wins Constable Post

SAN ANTONIO, Aug. 31 (AP)— The luck of the draw today gave Gilbert Kravitz the Democratic nomination for constable of his district.

Kravitz and Peter Gorzell ran a deadheat of 229 votes each in Saturday's runoff.

Today county chairman Grover C. Morris placed ten pieces of paper, bearing numerals from 1 to 10, in the hat. The two candidates drew for high total, with Kravitz winning 36 to 19.

They shook hands and were satisfied.

POINT PROVED TOO LATE

NEW YORK (U.P.)—Mrs. Bessie Feinman, 70, told the city rent commission that she wanted to evict the tenant in the first floor apartment of her house because her own basement apartment aggravated her ill health. During the hearing she slumped in her chair. A doctor pronounced her dead of a heart attack.

START OF SERVICE RECALLED

Air Parcel Post Service To Be Started By Postoffice Today

Advent of air parcel post for Lubbock today has brought to mind conditions 35 years ago, when parcel post surface operations first made their appearance in the United States.

Transportation facilities were slow and tedious, motor-driven vehicles were few, trains were not as speedy as they are today and there were no commercial airplanes.

Parcel post first was established in 1913 primarily to aid farmers and hamlets, located off the beaten paths, in expediting their products to market, and, in turn, receiving sorely needed goods from larger cities, according to information to Lubbock's postmaster, Amos H. Howard, in connection with the new step going into effect today. Mail order houses and other establishments quickly made use of parcel post.

Then, days were required to transport parcel post packages across the country. Some parcels were forced to go by virtually every movable conveyance before they reached their destination, particularly to the more remote sectors.

Parcel post now has grown to annual poundage in the billions of pounds.

Air parcel post packages will be accepted beginning this morning, at Lubbock postoffice and other postoffices throughout the country. Some inquiries have been received this week at the Lubbock postoffice. "Some wanted to use the service before it started," said a clerk.

Air parcel post packages will leave Lubbock on Braniff, Pioneer and Continental lines. A combination of air and surface transportation will make the service available to rural routes and communities not on airlines.

OLD ORDER FADES

A Significant Vote

A significant point in the U. S. Senate run-off race—and one likely to be overlooked by many in the furore over the close vote—is the indication that Texans are getting away from the "old order" in politics and in thought.

Coke Stevenson, who better than any man in Texas public life today typifies the "old order" in both politics and thinking, entered the race with a tremendous advantage. He had been a state political figure for 20 years; an active participant in state politics for an additional 10 years. He had the active support of the machine he headed as governor, as well as of the "big money" boys, the Texas Regulars and the other extreme conservatives and reactionaries of this state. A pre-election survey, held early this year, showed that more than 70 per cent of all Texans could correctly identify him, while only 39 per cent correctly could identify Lyndon Johnson.

But the vote totals speak for themselves.

Coming into the race in May—more than four months after Mr. Stevenson started shaking hands and dodging issues—Lyndon Johnson literally ran the legs off his rival. Despite the Stevenson advantages accruing from many years of statewide political activity, Lyndon Johnson, "unknown" as compared with his aging opponent did very well.

Mr. Johnson did very well in the uphill fight he had to wage, because enough Texans decided to cut old ties and look ahead with him, instead of looking behind and living in the past with Mr. Stevenson. Mr. Johnson did well because enough Texans realized that this is a jet-propelled, rather than a horse-and-buggy age; because they felt that these times demand young, aggressive representation and thinking in Washington, instead of representation of the "do-nothing" sort on the part of a man more in tune with 1912 than with 1948.

• • •

THE Stevenson-Johnson campaign, it seems to us, was something more—and something more important—than just another political contest between two men. It was a registering of opinion, of philosophy, of desires, on the part of the people of Texas. And that registration mirrored, by the result, shows that Texans in ever-increasing numbers are breaking out of the corral, carefully built and kept in repair by old line, old fashioned, archaic politicians and their big corporation backers who, for their own financial interests, would like to maintain the political status of Texas in the twenties.

Regardless of what happens at the State Democratic convention on September 14, the Stevenson-Johnson race is a harbinger of the times. It furnishes, on the wall for all to see, clear handwriting that Texas has entered a new political era.

And that is good.

Just Double-Talk

"THE present high level of prosperity", says Dr. Emerson Schmidt, of the U. S. Chamber of Commerce, "will continue for the next six or 12 months."

We think we could understand the good doctor better if he'd cut out the double-talk and say "the present high level of inflation" will continue.

There's no prosperity in getting twice the wages of normal times and paying twice the living costs of normal times.

The Little Savage

Bitter Reprieve

By DREXEL DRAKE
Distributed By NEA Service, Inc.

(THE STORY: Sterling pretends he wants Miss Wilson to help him select a funeral piece at a florist's shop. At his request, she brings along and gives him the money packet. In a phone booth, Sterling replaces the money with business papers; wraps the money in another package. He phones Bindle that a young woman will deliver the money to him under the name of "Davenport" in the Crosstown Hotel. Bindle is to return the necklace to her in a roll of newspapers.)

XXIX

BECAUSE of T. Bryan Steadman's intimate family friendship, and because he did not wish to be conspicuously alone, Sterling shared his funeral car with the lawyer. They were riding back from the cemetery in upper Westchester.

Steadman broke the silence. "There's something I really ought to talk to you about, Marcus," he said. "I'll begin with a question. Did Miriam give you a considerable sum of cash Thursday afternoon, or Thursday night?"

That was a jolt for Sterling. Fortunately, sitting alongside the attorney, his face had not been in position to betray him. "No. Your question amazes me. I saw Miriam for only a few minutes after she came home Thursday night."

Steadman moistened his lips . . . "Miriam came to my office Thursday for advice. She said you had asked her for an unusually large sum of money . . . that you would not tell her why you needed it . . . and she was frightened because you told her it had to be in cash, and in hundred dollar bills."

Sterling's face was turned to study the passing landscape. "That happens to be correct, Mr. Steadman," he said. "I asked Miriam for the money at breakfast on Thursday. She turned me down. That ended it."

"Evidently that didn't end it for Miriam. If she turned you down at breakfast, she was only sparring for time, because when she was with me a little before noon, she showed every intention of getting the money for you."

"That surprises me," Sterling managed. "She asked advice?"

• • •

"SHE asked if there would be some way in which she could learn, what you did with the money . . . who was to get it. She was afraid you were paying blackmail." Steadman paused, studied the profile beside him. "My advice to Miriam," he went on, "was that she could ask her bank to keep a record of the money and have it traced when deposited elsewhere."

"Marked bills?"

"In effect. Numbers of the same series, or something easily recognizable. What bothered me was that I was unable last night to find Miriam's checkbook among her papers."

"You think it may have been taken?"

"By the police. They may have it. Undoubtedly Lieutenant Talent had made a preliminary search in Miriam's room."

Sterling's pulse was racing. If only Steadman had had opportunity to tell him this last night. That would have headed off his sending the money to Bindle. If those bills were traced to Bindle, the gambler would have to tell where he got them to save himself.

"Of course, since Miriam didn't give you any money, it is no further cause of concern," Steadman said. "But you can understand the basis of my anxiety. I withheld that information—the purpose of Miriam's visit with me Thursday—from Lieutenant Talent. I regarded it strictly a personal family affair that didn't need to be dragged out publicly. My immediate thought was to talk with you about it, so that you would not let go of the money if Miriam had given it to you. You can see, in view of what happened to Miriam, how the police would have been quick to give it a misinterpretation."

Sterling, swamped by sickening thoughts, was slow to make the response for which Steadman obviously waited. "I can see that," he said. "Thank you for telling me."

• • •

WHEN the car was approaching the overpass on Broadway, Sterling tapped on the glass to attract the chauffeur. "I'll get out at the Broadway exit," he said.

"Why not let him take you to the house?" Steadman asked.

"I feel like a walk before dinner. I'll pick up the papers. Come to think of it, I haven't looked at a newspaper in three days."

Sterling found a telephone booth in a news store. He dialed anxiously. He was relieved when he heard Harry Bindle's voice.

"You got the money, did you, Bindle?" Sterling asked.

"What? Oh, it's you. Sure I got it, and I don't like it."

"What do you mean, you don't like it?"

"I'm supposed to be dumb. Nice, new bills, never been folded, right from the press, all the same serial number. Maybe I ain't supposed to smell a frame, even when it's stuck under my nose. What gets me is why you'd stick your neck out framing me. You're only paying me money you owe me. Maybe I wouldn't exactly like coppers snooping around my business, coming here asking me where I got those bills, but where would it put you when I told them?"

"That's exactly why I'm calling you, Bindle. Sit on that money, understand?"

"So I should sit on the money to save you. Then what?"

"Well, I'll pay you again, naturally. But this time you can't crowd me."

"You'll pay me, and you'll pay me double," Bindle said venomously. "I'm tired having you take me for a ride. It's fifteen grand, now, understand?"

"Okay," Sterling slammed the instrument on the hook with that. Leaving the booth, he had a haunted feeling that his troubles with Harry Bindle had only begun.

Looking At Life -- By Erich Brandeis

NOT being a Gallup or a Roper, I have never made a poll of how many physicians have told how many people that smoking is bad for them and for the human system in general.

Nor have I ever devoted any great study to the evil effects of drinking.

BRANDEIS

Personally, up to a short time ago (I shall come back to that a little later) I smoked somewhere around fifty or sixty pipes and a few cigarets a day.

I still drink an occasional glass of beer, a little wine every now and then and, whenever the occasion arises, a bit of whiskey (that, however, under protest since I hate the taste of whiskey.)

I believe in morality, in temperance, in the exercise of will power, will power being one of man's greatest assets.

But I have no use for reformers.

I think that the salvation of man should be left to man himself and not to meddling bluenoses who have so little business of their own that they devote their lives to other people's business and to making them miserable.

• • •

How far have the reformers gotten?

"You must not drink," they say.

So, according to the United States Brewers Foundation, Americans consumed 87,000,000 barrels of beer in 1947.

In other words, unless you drank 18.5 gallons of beer last year, you weren't up to par.

However, if you live in Pennsylvania, your share of beer was 33 gallons for 1947, that state holding the record, surpassing even Wisconsin with a per captia consumption of 28.8 gallons.

So much for beer. I haven't the strong drink statistics handy this moment, but I saw them a few days ago, and they proved that the reformers, if anything, have increased the consumption of alcohol.

Now for smoking.

"Tobacco is an evil weed," say the moralists.

They have said it for years and they say it more vehemently every year.

So, according to figures just released by Washington, Americans smoked more cigarets during the year ending June 30, 1948, than ever before in our history.

Your quota for that period was 121 packs, whether you were man, woman or child—and if any member of your family did not smoke the filthy weed, you should have smoked that much more!

• • •

AS I told you before, I was an inveterate smoker — till the doctor got me with the cardiograph and the stethoscope.

"Cut out smoking," he told me.

Then he added that there really isn't any authoritative evidence that smoking is bad, any more than there is evidence that a moderate (moderate, mind you) amount of alcohol is bad.

"But why not be safe?" he asked.

So I've cut out smoking. But I still take a bit of beer and wine occasionally, with my doctor's consent.

"Why be half safe?" asks the advertisement.

"Because it's fun" is my answer.

U. S. MAY AID CANADA

Defense Costs Soar

BY RAY TUCKER
Special Correspondent

WASHINGTON—The United States bill for undertaking major responsibility for the defense of Canada in a possible war with Russia will run into billions of dollars as a result of tentative talks which National Defense Secretary Forrestal has just concluded with Ottawa officials. Their preliminary agreements are a more hush-hush matter than government dosiers on suspected Commies at Washington during the war.

The former Wall Street financier has not yet presented the check to President Truman or Secretary Marshall, for the Chief Executive left on his nine-day sea voyage before the Cabinet member could report to him. Meanwhile, Mr. Forrestal summoned his top Army, Navy and Air aides to the Newport (R.I.) War college to discuss the military aspects of the mutual aid program.

TUCKER

Although money is no object to "the brass" in times like these, even the generals and the admirals were shocked when the full impact of the expense struck them. They wondered whether the American Congress and people would stand for this proposed outlay, on top of rearmament and Marshall Plan expenditures estimated at an eventual total of $40,000,000,000.

• • •

BILLIONS: The Russian menace may entail an outpouring of ten billions of American dollars to make Canada secure against an enemy in a pushbutton struggle. At least half that amount may be eventually advanced to prevent Mexico from becoming a base of operations against us.

Thus the total bill for merely preparing for an all-out test with the Communist horde, not including the staggering sums required for carrying on a conflict, may reach $50,000,000,000 or $60,000,000,000.

Sometimes, contemplation of those figures solaces Mr. Truman when he admits in weak moments that he is the underdog in the 1948 presidential contest. It will be another case of "After me, the deluge!"

• • •

VITAL: Secretary Forrestal's answer to the Newport War college skeptics was that in an atomic, guided-missile and pushbutton war with Moscow, Canada would be more vital to domestic safety than any section of the United States itself.

The vast wastes on the rim of the Arctic, and extending from the Bering Straits to Greenland, will provide the first bulwark against hostile descents on New England, the New York-New Jersey-Pennsylvania area, Pittsburgh, Detroit, Middle West arsenals and California.

The Canadian negotiators recognized this fact, even more clearly than some American leaders do, and traded on it. Our vulnerability from an attack through their territory gave them a bargaining weapon. And Mr. Forrestal had to admit that neither Ottawa nor London, although equally endangered with ourselves, can afford to finance defense of the western continent.

• • •

TRADER: Our northern neighbors, however, took no chances on being city-slickered by the Wall Street operator. They pitted their shrewdest David Harum against him. He was supposed to deal with his opposite, Brooke Claxton, Canada's Defense Minister.

But after the usual, hospitable flourishes and ruffles, Ottawa steered the American representative into the arms of C. D. Howe, American-born member of the Canadian Cabinet.

The two did their talking on the safest and most secret of all spots—a golf course. With nobody else present save juvenile caddies, they played mornings and afternoons. When a newspaper reporter tried to go along with them, he was driven off the fairway by a mounted policeman.

Note: Canadian editors would not employ the strategy which would occur to any smart Yankee editor—that of palming off one of his best reporters as the club's caddy.

Incidentally, high Ottawa officials admit that Mr. Howe was substituted for Minister Claxton because of the former's peculiar talents as a trader.

• • •

STANDARDIZATION: Standardization of weapons, naturally, is the primary necessity in any planning for a mutual, hemispheric, defense system. Differences of fighting equipment among the British, French, Dutch and Belgians were partially responsible for Germany's early and crushing victories in 1914 and 1940.

Since the Canadian forces will fight with our troops in resisting any assault on this continent, Defense Minister Claxton naturally prefers our Garand, the best automatic rifle known on the market.

He hinted, however, that he might choose a British rifle under certain circumstances. What he obviously meant was that he would go for the Garand only if he could obtain it at any extremely low price or for nothing. With ammunition, sufficient guns to arm only 500,000 men would amount to approximately $50,000,000.

The same considerations apply to all other weapons, equipment and supplies. And these will be extremely expensive to manufacture because they will be made especially for use in Arctic weather and conditions, where our store of World War II material would not be practical.

• • •

EXPENSE: But the cost of these ordinary weapons will be only small change in comparison with other major items of expense.

Establishment and maintenance of a radar system in the northern tundras, designed to give advance warning of the approach of enemy planes, missiles and ships, will cost an initial $300,000,000. Final figures will run into billions.

The Canadians also expect us to maintain and expand the naval and air bases established during the war in Newfoundland. Any other naval, air, radar or supply centers will also be Uncle Sam's sole responsibility. Ottawa notes that its taxpayers are already complaining at the size of the annual national defense budget, which is only $250,000,000.

• • •

LEGACY: Tentative administration plan is to ask resumption of the war-time, lend-lease program so that these prospective expenditures may be charged to the public debt, and not appear in the annual budget. If Congress grants this request, Truman will build up an unhappy legacy for Governor Thomas E. Dewey.

Maybe the reason the law of averages works is because the bright legal minds don't tinker with it.

It didn't cost as much to dress in grandma's day. Every home didn't have a fashion magazine.

Life was simple in the old days. All one had to do was to blame Wall Street with all our troubles.

A small town is the one where the policeman looks on Saturday as his biggest day.

Believe It Or Not -- By Robert Ripley

TESTIMONY PROVES LITTLE

Solons Hit Brick Wall In Probe

By PETER EDSON
Special Correspondent

WASHINGTON — (NEA) — When two Quakers give exactly opposite testimony and call each other liars, under oath, which one can you believe? That's the predicament of the House Un-American Activities Committee at this stage of the great Washington Communist spy ring case.

The two Quakers are Alger Hiss and Whittaker Chambers, alias Carl, alias Dwyer, alias Cantwell, alias—according to Hiss—George Crosley, though Chambers denies he ever used that name.

In 10 hours of the most fantastic testimony ever unfolded in any court, or in any imaginative "who-dunit" mystery, Hiss and Chambers were questioned by the committee. The confrontation has been properly dubbed as the greatest meeting since Stanley met Dr. Livingston in darkest Africa.

• • •

Argue Over Details

Hiss probably got the rougher treatment by the committee. The members all said they were trying to be fair, but they cross-examined Hiss mercilessly for eight days. They let Chambers off with less than two. They never tried to pin him down on details and there were plenty of places where his memory was just as fuzzy as Hiss's. It wasn't a fair trial. Nothing has been proved. The case still stands right where it did at the beginning, with Chambers accusing Hiss of having been a Communist, and Hiss denying it.

Details over which the committee argued all day were trivialities not fit for a petty claims court—whether Chambers paid Hiss for subletting an apartment two months at $60 a month; whether Hiss loaned Chambers $20 or so which was not paid back; how Hiss disposed of a 1929 Model A Ford he valued at $25; whether Chambers gave Hiss a rug in part payment.

All this was back in 1935 and 1936. Hiss says he will has that rug. He might want to check on that, for Chambers has apparently pulled a rug out from under Mr. Hiss in super-colossal fashion.

• • •

These things weren't the real issue, though, said Rep. Richard Nixon of California, who did most of the cross-examining. Nixon said the issue was whether Hiss or Chambers had committed perjury. Hiss said the important question ought to be whether or not he was a Communist. It doesn't matter. Neither point got proved, or disproved. Here are some of the principal contradictions which still confuse the case: Hiss says he knew Chambers only as George Crosley, free-lance writer. Chambers says Hiss knew him only as "Carl," his Communist name. Hiss says he did not see this Crosley after 1936. Chambers says he saw Hiss maybe once a week, certainly once a fortnight, all through 1937 and 1938, visiting in his home, where Hiss was proud to receive "Carl" as a party functionary.

Chambers says he saw Hiss in the Washington apartment of Henry Collins, meeting place of the Communist cell which, he says, included Lee Pressman, John Abt, Nathan Witt, Charles Kramer and Victor Perlo. Hiss admits that he has known Collins since boyhood, that he had visited Collins' apartment. Hiss says he never knew Victor Perlo. He knew the others, as they all worked together in the Department of Agriculture back in 1930's.

• • •

Alger Hiss's career as counsel for the Senate Munitions investigation, in the Agriculture, Justice and State Departments and now as president of the Carnegie Peace Foundation, is pretty much on the record.

Hiss tried to bring out the facts of Chambers' life by 10 questions he submitted to the committee. Nine of them got answered in a sketchy manner, which outlined a somewhat shadowy career in and out of the Communist underground in America.

Chambers denied Hiss's insinuations that he had ever been convicted of a crime or that he had ever been treated for a mental illness.

• • •

The 10th question was, "Are you (Chambers) willing to make the statements you have made before this Un-American Activities) committee in a manner free from the protection of this committee so that I may test your veracity in a suit for slander or libel?"

It could be that this is the only way the mystery will ever be cleared up, or at least settled, one way or the other. As matters now stand, Hiss calls Chambers "A self-confessed liar, spy and traitor." Chambers' reaction to Hiss's denial was "Hiss is lying." Take your pick.

SALES OPENING
established business has permanent positions for 2 refined experienced salesmen. Our salesmen are now earning from $500 to $750 per month. State previous sales experience. Car Essential. If you have these qualifications write Box 29 Avalanche-Journal.

YOU
may be the one man we are looking for—if you are "stymied" or unhappy in your present position—if you are ambitious and interested in a life career—rather than a job—where you can be your own boss and where the opportunities for earnings and advancement depend only on you—and if you can qualify. We pay for your education training and equipment including travelling expenses to Hartford Conn and return, plus room and board and in addition will pay according to your qualifications from $3,000 to $4,800 salary beginning the day you leave Lubbock. Write for details, giving age, marital status, education, general business experience and length of residence in Lubbock. Inquiries confidential of course.

BEAUTIFUL NEW SUBURBAN HOME
Never been occupied. Immediate possession.
This home has been reduced $7,000 below actual selling price for quick sale.
If you are looking for a real home, this is one of the best buys in Lubbock. Don't miss this one. It is also an investors buy. You can make money on this place. Home has over 1600 sq. ft. of floor space. Large bedrooms and beautiful den room. Natural gas, electricity, and finest water system. Beautifully decorated. Has acreage of ten acres which is already surveyed and abstracted into 12 lots 100 x 310 ft. All south fronts. We're asking just the price of the home and lot for this complete deal or we will sell the home separate or in any part one would wish. These lots would pay for the complete home. If one is able to sit and sell. First road on right after passing Country Club gate entrance. Harry W. Hazlett.

39—Legal Notice

THE STATE OF TEXAS

TO: Janie Coleman, if living, and her unknown husband, if living; Dick Burford and wife, Ada Gray Burford, if living; the unknown heirs of Janie Coleman, if she be dead, the unknown heirs of Dick Burford & wife Ada Gray Burford, if either of them be dead Defendants, Greeting

You are hereby commanded to appear before the Honorable 99th District Court of Lubbock County at the Court House thereof, in Lubbock, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of October A. D. 1948 then and there to answer Plaintiff's Petition filed in said Court, on the 27th day of August A. D. 1948, in this cause, numbered 16037 on the docket of said court and styled Eli Woods Plaintiff, vs. Janie Coleman et al Defendant.

A brief statement of the nature of this suit is as follows, to wit: On August 23, 1948 Plaintiff was in lawful possession of Lot Two (2) Block Thirty-Two (32) of Wheelock's 2nd Addition to City of Lubbock, Lubbock County, Texas. Plaintiff has had peaceable and adverse possession of above described property for more than ten years prior to commencement of this suit. On August 24, 1948, Defendants entered upon and dispossessed plaintiff of above described premises.

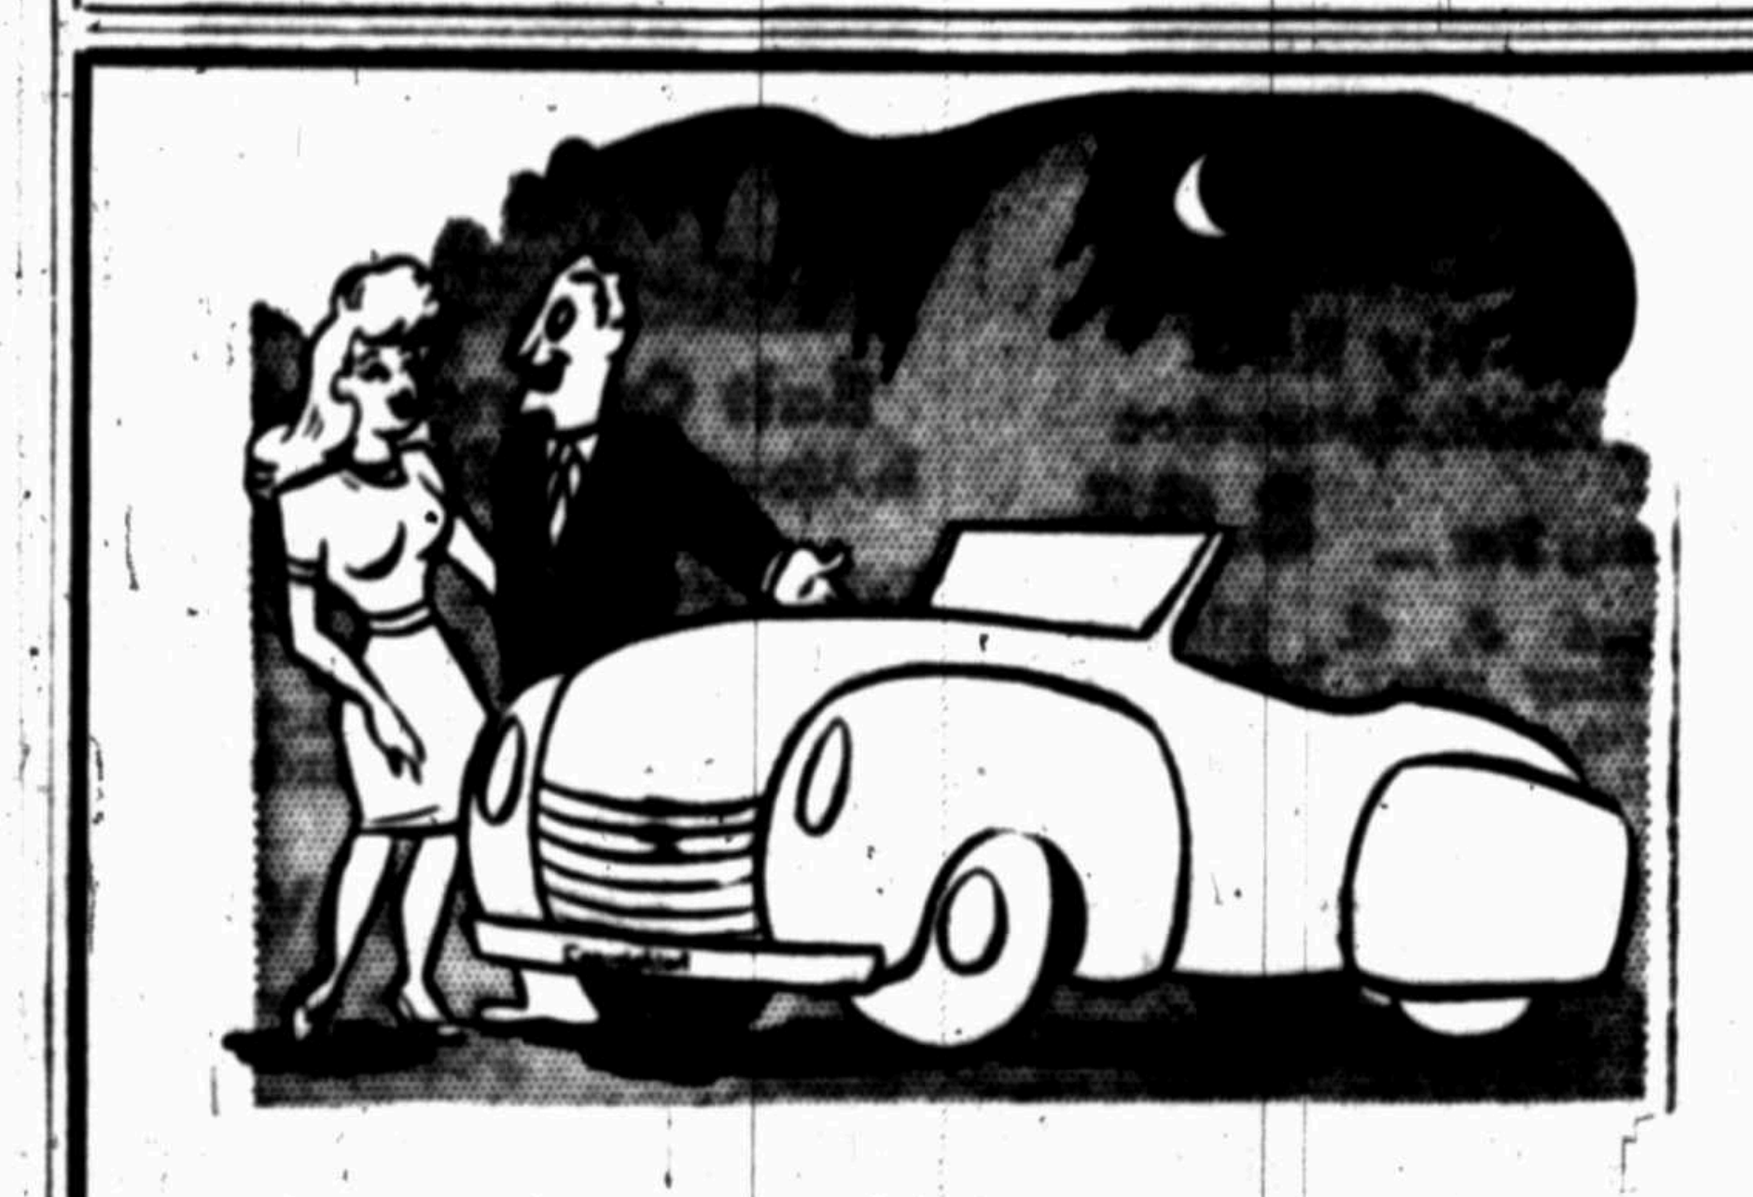

Plaintiff prays for title & possession of above described premises and such other relief as he may show himself entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing the process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Lubbock, Texas, this the 30th day of August A. D. 1948.

Attest:
ROYAL FURGESON Clerk
99 Dist. Court, Lubbock County, Texas.

Cotton Acreage

(Continued From Page One)

the resolution, and K. N. Clapp, regional manager of Anderson-Clayton company here, spoke sharply in protest of such a proposal. He urged that protests, backed by logical reasons, be forwarded to the secretary of agriculture and to members of congress from this area.

Clapp pointed out that the indicated domestic and export consumption of American cotton from this year's crop would just about equal forecast production, leaving a carryover of about 3,000,000 bales, the same as at present. This, he said, is "dangerously low," in view of world conditions.

Clapp and other speakers set out that acreage allotments and marketing quotas would work an undue hardship on Texas as a whole, and particularly on West Texas, because of lack of adequate "production history" on the great amount of new land.

PMA officials here urged that farmers and others write or wire their views to the department of agriculture, and to members of both houses of Congress from the state and area.

Anti-High Blood Pressure Drug Is Found By Accident

WASHINGTON, Aug. 31 (U.P.)—A laboratory accident has led to the discovery of a new drug that may prove helpful in combating high blood pressure, it was disclosed today.

Four chemists told the 114th meeting of the National Chemical society that the new drug—as yet unnamed—produces "precipitious drops in blood pressure which last "for as long as two hours."

So far this drug has only been tested on animals, but tests are underway to determine if it is "safe and effective for humans. If so, the report said, the drug will enable doctors to treat hypertension cases and to operate on persons with dangerously high blood pressure.

First American planes in combat service in the first World War were Navy flying boats.

MARKET HITS SNAG

NEW YORK, Aug. 31. (AP)—Demand for railway issues slowly expanded while downward tendencies among industrial shares sharpened in the stock market today.

Business amounted to only 600,000 shares.

During August the market see-sawed downward to the lowest level since early May. A halting recovery carried prices back to the level which prevailed just before the mid-July break.

Trading volume topped the 1,000,000-share mark on only one day.

Turnover for the month of 15,039,275 shares was the smallest for a full year.

Rock Island closed today at a new 1948 high with a gain of 1⅞ at 40¼.

Others ahead included Santa Fe 118, Southern Pacific 60⅝, U. S. Steel 78⅝, Packard 5, Mullins Mfg. Preferred 122, Thompson-Starrett common 4 and preferred 29, Columbia Gas 12⅞, Electric Power and Light 21⅞, American Smelting 60⅛, Dome Mines 14½, General Electric 39½, Radio Corp. 12⅝, Twentieth Century-Fox 21⅝ and Lowe's 16½.

Skelly Oil lost 2½ and Du Pont 3. Smaller declines were posted for Bethlehem Steel, General Motors, Chrysler, U. S. Rubber, Deere, American Telephone, Phelps Dodge, Union Carbide, Allied Chemical, Owens-Illinois, Standard Oil (N J), Mission Corp. and Gulf Oil.

Cotton

NEW YORK REPORT

NEW YORK, Aug. 31 (AP) — Cotton futures were irregular in slow dealings today. Continued delays in the ECA export programs easiness in cotton textiles, uncertainty over the loan situation as a market factor this season, and the approaching September government estimate on the 1948 cotton crop discouraged trading activity. Hedge selling was light, with offerings absorbed through mill buying and short covering. Local traders were on both sides of the market.

Cotton futures developed some steadiness in late dealings on mill buying and short covering. Hedge selling continued light.

Futures closed 5 to 65 cents a bale higher than the previous close.

NEW ORLEANS REPORT

NEW ORLEANS Aug. 31 (AP) — Trade buying and short covering offset long liquidation and hedge-selling in cotton futures here today.

Closing prices were steady 15 cents to 70 cents a bale higher.
