The sons now live in Garland, Austin and Temple with their families. Dr. Steakley has served on the Chamber board at two separate times.

Steve Smith returned to Colorado City this year, beginning his CPA practice here after having grown up here. His parents are Mr. and Mrs. Julius Smith. ## Taxes, Services Cost Compared

The City of Colorado City has conducted a survey of area towns to see how local taxes and rates for services compare to other cities.

The survey was conducted on a cost comparison basis for a one family residence using 10,000 gallons of water per month with a home valued at \$10,000.

Cities surveyed included Colorado City, Ballinger, Breckenridge, Big Spring, Coleman, Eastland, Stanton, Snyder and Stamford.

The average monthly cost for all of the cities was \$17.42 a month with the total for Colorado City being \$17.11.

Colorado City was lower in taxes than all but Eastland and Breckenridge. Colorado City's water rate was higher than any of the others while the local sewer charge was lower than most at \$1.50 being equal

with Big Spring and 25¢ higher a month than Eastland.

For sanitation rates, Colorado City was lower than most at \$1.75 per month, being equal with Stanton and 25¢ higher than Ballinger and Eastland.

The Colorado City monthly total was lower than most of the others at \$17.11 with the only others being lower are Ballinger at \$15.76; Eastland, \$15.80 and Coleman, \$16.66.

The highest monthly total was at Stamford with a total of \$20.55. The complete breakdown of the comparisons can be found on page 9 of this issue.

The survey was asked for by the city council in an effort to find an area where rates could be raised in order to give city employees a 25¢ an hour wage increase. The matter will be discussed during the regular council meeting Monday night.

## DPS Helps In Drug Haul

### Four Arrested, Two Others Sought

Mitchell County Sheriff's officers, Colorado City police and a Department of Public Safety undercover agent Tuesday afternoon made what was described as the biggest drug arrest in the history of Mitchell County.

Four persons were arrested and two others are being sought on the basis of information gained by the undercover agent on buys he made, according to Sheriff Bill McGuire.

Arrested and charged were: Larry Darnell Johnson, 17, delivery of marijuana, released on \$2,500 bond.

John Edward Miles, 17, delivery of LSD, being held on \$3,500 bond.

Mmanuel Gomez Castillo, 25, delivery of marijuana, being held on \$2,500 bond.

Gabriel Badillo Jr., 17, delivery of marijuana, released on \$2,500 bond.

Arrests were made Tuesday afternoon by McGuire, Deputies Randy Wilkinson and Troy Walls, Assistant Police Chief L. C. Devorce and a DPS undercover agent.

McGuire said the arrests did not touch the sources of marijuana in Mitchell County and "didn't even scratch the surface of the Mitchell County drug problem."

McGuire pointed out that Mitchell County ranks second only to Taylor County in the West

Central Texas Council of Governments region for the number of drug arrests. More arrests are planned in the near future, McGuire said.

This is the first time DPS

has ever come in and worked Mitchell County for narcotics, McGuire pointed out. The DPS agent told McGuire that Mitchell County's main problem is marijuana and pills. He said he

found no evidence of any hard drugs, such as heroin, morphine or cocaine.

McGuire said the sheriff's department is doing everything possible to keep drug traf-

ffic in check but he added he doesn't have enough manpower to cope with the situation.

## Sentences Given In Misdemeanors

Two Colorado City men are serving probated sentences for misdemeanor possession of marijuana and a third is serving 90 days in county jail for misdemeanor possession of marijuana, second offense.

Tim Bell, 19, had a 45 days probated sentence given in June revoked Monday and another 45 days added to his sentence to be served in county jail for misdemeanor possession of marijuana and was fined \$100 and had to pay \$42 court costs.

In November, James R. Goss, 19, and Julian Reyes Jr., 19, were sentenced to 90 day probated sentences for six months, each fined \$50 and \$44 court costs for misdemeanor possession of marijuana.

## Arellano Killed By Gas Fumes

Robert Arellano, 31, of Colorado City, was one of six men killed when natural gas fumes off of crude oil invaded a hole in which they were working in Abilene Sunday afternoon.

Arellano, an employee of Brown Brothers Construction in Colorado City, was working on a pipeline, owned by West Texas Gulf Pipeline Co., along with the five other men. Also killed by the fumes were T. P. Rains and Robert Redman, both of Sweetwater, Don White and Stanley Holderman, both of Roscoe, and Cody Cox of Eastland.

R. D. Penny, also of Colorado City and at the scene of the accident, reported that an ambulance was needed and said that the six men died instantly, shortly after 5:10 p.m. Sunday.

The men were working on a leak in the crude oil pipeline which stretches from Midland to Port Arthur. Abilene firemen initiated a rescue operation and recovered bodies of the six men from the pit although hampered in their efforts by fumes and oil in the hole.

Arellano had spent the Thanksgiving holiday at his home in Colorado City visiting with family members Cruz Carrasco, his wife's uncle from Odessa; Mr. and Mrs. Vincent Delgado, an aunt and uncle from El Paso and his mother-in-law, Mrs. Maria Carrasco.

Arellano worked with friends Tony Salazar, John Rivera, Jesse Herrera and Felix Franco building a brick fence at St. Ann's Catholic Church here Saturday. Saturday afternoon and night, he and his wife went to a dance in Midland with friends Tony and Ada Salazar, also visiting with his sister and brother-in-law Lorenzo and Linda Ramirez in Midland, Robert and his wife, Lupe, returned to Colorado City in the early morning hours Sunday.

Lupe said that her husband had dressed for church Sunday morning when he received a phone call about 9:30 that he was needed to work on a break in the pipeline in Abilene. She said that another man he was supposed to go with, David Garza, was out of town, so he went to the Abilene job alone.

## 19-Year Old Woman Reports Assault

A 19-year-old Snyder woman reported to police Saturday night that she was raped by an assailant armed with an ice pick while she was visiting friends and relatives in Lorraine.

The assault occurred between 9:15 p.m. and 10:15 p.m. Saturday.

She was alone in the house at the time and was waiting for relatives to return when the assailant came to the door for the second time that night looking for her brother.

Her brother had told her that the man might come by and she

invited him to wait as her brother was expected back at any time.

She told investigators that the man went to the kitchen for a drink of water and returned with an ice pick and then assaulted her. She was taken to a doctor, examined and released.

Sunday afternoon, Sheriff Bill McGuire arrested Trinidad Chavez Jr., 18, of Lorraine, and charged him with rape. Bond on Chavez was set at \$25,000 by Justice of the Peace of Precinct One, Henry C. Doss.

Investigation of the case was conducted by Sheriff's deputies Randy Wilkinson, L. M. Newby and Ann Martin. Special DA Investigator Kenneth Crow is also working on the case.

## Lions Set Chili Day Saturday

Saturday will be Chili Day for the Noon Lions as they serve chili for both lunch and supper in the Civic Center.

Serving times have been scheduled for 11 a.m. until 2 p.m. for lunch and again from 5 until 8 p.m. for supper.

Cost of tickets \$1.50 for adults and \$1.25 for children under 12 years of age.

## Shoplifter Arrested, Fined

Colorado City policemen Jerry Cowin and Jerel Lynch arrested a Colorado City woman Sunday morning, charging her with theft under \$5 in connection with shoplifting from a grocery store.

Pauline Coronado, 55, was fined \$25 plus \$2.50 state tax in corporation court before city judge Ben Costin.

Taken from the grocery store were four packages of cigarettes and four ash trays, valued less than \$5 and termed a Class C misdemeanor, said Police Chief Jesse Browning.

Browning said that recent changes in the Texas Penal Code have done away with the usual shoplifting offense and all such cases are now termed theft for the amount taken. Class C cases are handled in city court.

The police department is also investigating a house burglary, reported to the department at 11:27 a.m. Sunday.

Taken from the city residence was a television and radio.

## Efforts Underway Against Bad Checks, Shoplifting

Mitchell County Sheriff Bill McGuire and Colorado City Po-

lice Chief Jesse Browning met with local merchants Tuesday to outline programs to help stop hot checks and shoplifting.

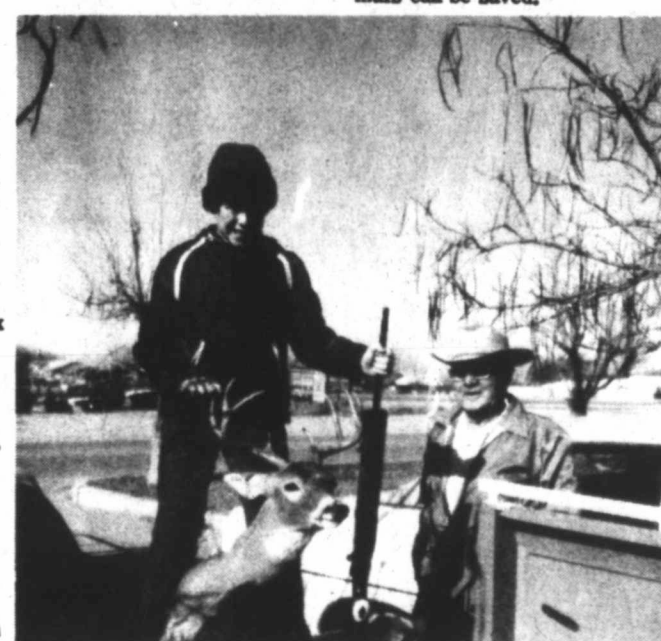

McGuire asked the merchants cooperation in initiating a program requiring everyone cashing checks to present their drivers license and putting the license number on the check.

McGuire said he is preparing signs and letters stating that presentation of a driver's license is necessary before cashing a check and also outlining the penalties for writing a hot check.

The program is to be put into effect within the next few days.

The merchants during the meeting also set up a program through the office of Retail Merchants to notify all merchants in town when a hot check artist hits this area so everyone can be on the lookout.

McGuire told the merchants that by having the license number, collections and prosecutions on bad checks will be easier to accomplish as the driver's license number will make the offender easier to find.

## 8-Point Buck

Sam Houston, 11-year old son of Mr. and Mrs. Corky Houston of Colorado City, proudly shows his 8-point buck. Mike Hamman was along on the hunt with young Houston when he made the kill. Deer in the county had been elusive when the season opened, but recent cold weather and hard freezes have stripped the leaves off protective brush and caused the bucks to move around more.

Also, by asking for the driver's license number, bad check writers will be more hesitant to write bad checks, McGuire noted.

Browning asked the merchants to be on the lookout for shoplifters and notify his department of anyone in a store that is acting suspicious.

He pointed out that anyone who conceals merchandise in or out of a store without having paid for the merchandise or who attempts to alter price tags is guilty of shoplifting.

## Seminar Today

## Texas Employment Commission Gathers Statistics On Workers

In a time when government and private sources spend billions of dollars for educational and occupational training, the Texas Employment Commission has launched a data-gathering effort which will have practical application.

TEC, with the assistance of employers, is gathering data which will permit accurate projections of the future worker-skill requirements of Texas industries, and permit a study of the occupational composition of industries in this state.

Called the Occupational Employment Statistics program, it has the sanction of the Governor's Office, the Texas Education Agency and all concerned groups involved in the development and expansion of human resources.

"This project," says TEC Chairman and Executive Director Harold K. Dudley, "will assist both public and private educational and training programs, to become responsive to the manpower needs of industry."

The Commission, cooperating with the U. S. Department of Labor, is asking a sample of Texas employers for statistical information about their work force. The information, to be held confidential, will yield valuable data which decision makers can use to assure the

proper design and funding of training programs.

TEC's Manpower Data Analysis and Research Department, directed by Horace N. Goodson, is conducting the data-gathering effort.

Employers selected at random within each industry size group are mailed a questionnaire asking for the number of employees and apprentices in each occupation within their particular industry.

This is the first time the Texas Employment Commission has gathered occupational employment data on a statewide basis. Success of the effort depends on good response rates from sample employers. The employer may or may not be queried at three-year intervals.

## Self Culture Club Studies Phases Of Home Life

Mrs. Wilfred Fox hosted the Self Culture Club when they met November 15.

The club collect and pledge to the flag was led by Mrs. Louise Logsdon. Minutes of the previous meeting were approved as read. The treasurer's report was read, and a letter of thanks was read from San Angelo Center for the \$5 donation sent by the club.

A donation of \$5 was given to the Business and Professional Women's Club to help with their project of landscaping the grounds of the new Civic Center.

Mrs. L. B. Elliott reported that she gave 40 magazines and books to the Mitchell County Library.

Mrs. Logsdon reported on the Woodland School garage sale. Mrs. L. A. Keith gave 15 books to the Woodland School.

Following the business session, the program "Glances At Home Life Today" was presented. Mrs. L. A. Keith spoke on "The Spirit of Hard Work." She pointed out that in early American days, pioneers took pride in hard work, and satisfaction in a job well done was their reward. Modern Americans seek the most pay for the least amount of work. The early American farmer left countless monuments behind, all results of the spirit of hard labor. It has been a long while in America since hard work has been regarded as a pleasure and satisfaction of life and that if "thou work hard, thou canst not escape the reward."

"The Spirit of Frugality" was presented by Mrs. L. B. Elliott. She stated that throwing things away has become an American habit. Frugality is frowned upon as being associated with stinginess or poverty, yet it is actually a source of the richer life because frugality is founded on the principle that wealth has limits. "Any government, like any family," said F. D. Roosevelt, "can occasionally spend a little more than it earns. But you and I know that continuance of that habit means the poorhouse."

Mrs. John Brown brought the closing thoughts on "The Spirit of Thankfulness," saying that the original idea of Thanksgiving was a time of true thankfulness. The art of being

## Services Held For E.M. Owens

Edwin M. Owens, 80, died at 12:30 p.m. Saturday in Root Memorial Hospital, after a short illness. Funeral services were held Monday morning in the First Presbyterian Church.

The Rev. John Mikow, pastor of the church, officiated. Burial was in Resthaven Memorial Park, Midland, under direction of Kiker-Seale Funeral Home. Born Jan. 15, 1894, in McHenry, Ill., he married Zelma Shawver Dec. 11, 1915, in Stillwater, Okla. He came to Colorado City in February 1947. He was a member of the First Presbyterian Church and was a retired Shell Oil Co. pipeline employee.

Survivors include his wife; a daughter, Mrs. Burton Whiteley of Midland; three grandchildren and four great-grandchildren.

thankful in America has not progressed in spite of two hundred years of all sorts of amazing things to be thankful for. Voicing gratitude is out of fashion, rare or unheard of. Pioneer Americans were rich in the spirit of thankfulness. "God grant that the spirit of gratefulness again become a national trait—that in between year-long demonstrations of

unrest and complaint, we might be treated to occasional demonstrations of thankfulness."

Those attending the meeting included: Mrs. Billy Culwell, Mrs. Louise Logsdon, Mrs. L. B. Elliott, Mrs. Jess G. Small, Mrs. L. A. Keith, Mrs. John Brown, Mrs. C. P. Gary, Mrs. A. A. Herrington, Mrs. J. L. Strain, Mrs. Ora Fisher and Mrs. Wilfred Fox.

## Mrs. Nora Galvan Is New Director

Mrs. Eddie (Nora) Galvan has been hired as activity director at Loraine Nursing Home in Loraine and assumed duties there last month.

Mrs. Galvan stated she had many plans for the residents of the Home for keeping them happy and interested in participating in extra activities there on the level they are able to participate in.

A weekly program has been set up, though it may vary, she has planned for Monday to be special treats and goodies day. Tuesday they will play dominoes, Wednesday is game day, with various games played directed by Mrs. Galvan. They love Bingo, which is always played on Thursday. Friday all who are able, take part in the various crafts, and others play games. She plans later to engage the women in quilting.

Mrs. Galvan is on duty from 9 a.m. to 3-4 p.m. five days a week. Her duty is to plan ahead for the activities and entertainment.

A birthday party was held last Wednesday for five of the re-

sidents, Mr. Gray, Mr. Compton, Mr. Johnson, Mrs. Kimsey and Mrs. Howard. A beautiful birthday cake was served and gifts presented the honorees and Cindy Galvan entertained with piano music.

The string band, composed of Colorado City and Loraine musicians presented a musical program the last Friday night in each month. In December they will give an extra program on Friday Dec. 13. Visitors are always welcome to attend these musicals.

Tentative date for the annual Christmas tree and program has been set for Dec. 18.

A Thanksgiving dinner of baked turkey and trimmings was served at noon on Thanksgiving Day.

On the wall in the lobby is a colorful calendar bedecked with holiday motifs giving the activities for the month. Administrator of the home, along with Mrs. Galvan say it helps these people, most of whom are shut-ins, to have visitors.

## "The Gospel Road" To Be Shown In Loraine

The story is old, but the perspective is up-dated and brought into sharp focus by the film The Gospel Road to be shown on Sunday, Dec. 8 at First Baptist Church of Loraine. The showing will begin at 6 p.m.

The Gospel Road, distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

The film is a unique blend of scripture-based narrative, an abundant supply of specially written songs, and a series of in-depth character portrayals, with Israel itself as the mixing bowl.

You are there, walking beside the Jordan and the Sea of Galilee; you are there, seeing Him in many human situations that establish a practical and personal rapport with every viewer. You are there, being introduced to the disciples, and gaining insights into their varied personalities. You are there, experiencing the highly charged emotional impact of the trial before Pilate, and becoming so personally involved that you feel sympathetic pain when Robert Elstrom, in an outstanding portrayal of Christ, suffers the physical attack that precedes the Crucifixion.

Adding to the effectiveness of The Gospel Road in its endeavor to convey reality for this day are: the fascinating treatment of the Crucifixion, making this tragedy an event of significance that reaches from its own time across the years to take on meaning for all men of all ages; and the songs and background music of Johnny Cash and other outstanding musicians, whose contemporary style is not out of keeping with the story...a story that reveals that His darkest day has become our brightest.

## Drive For Civic Center Landscaping

The Business and Professional Women's Club of Colorado City has undertaken the project of collecting funds for a proper landscaping of the new Civic Center.

Molly Phillips, Fern Bruce, Ida Kirschbaum, Mary Lee Moore and Carolyn W. Smith have collected \$760.00 toward a goal of \$2,000.00.

The City has estimates from three nurseries and the lowest bid, which is for shrubs and plants only is \$950.00. The highest bid which includes stones and driftwood to be put in place by the nursery is \$2,500.00.

Although a long way from reaching the goal, most of the businessmen in the community have supported the drive. The help of every private citizen is needed now, according to a spokesman for B&PW Club. A form is provided below for those wishing to make a donation.

...honored in Snyder.

## Birthday Party Honors Mrs. Hart

Zelma Hart, 81, of Colorado City, was honored Tuesday with a birthday dinner and party at Snyder Country Club by the Snyder Ladies Golf Association.

The dinner party was a 3-in-1 occasion as Mrs. Hart is the oldest playing member of the association, plus her birthday is this month and this is also the Christmas season. A birthday card signed by 32 members of the association was given to Mrs. Hart.

Mrs. Hart has been a member of the association for the past four years.

The cake was decorated appropriately, carrying out a golf theme with a lady driving the ball to the No. 5 green for a hole-in-one, an accomplishment achieved by Mrs. Hart in 1971.

Gifts from the club included a gift certificate to be applied to a new set of clubs at the pro shop and a windbreaker.

**Take a two-minute tour of our important lignite coal operation.**

We start our tour on this land near Fairfield, Texas. Beneath it lie large deposits of lignite, a soft, low sulphur content coal.

First, the overburden, which is from 40 to 130 feet deep, is removed by this giant dragline.

This exposes thick seams of lignite coal over 100 feet wide and a mile or more in length. The lignite is removed, loaded...

...and trucked a few miles to our lignite-fueled Big Brown electric generating plant.

At the plant the lignite is placed on a conveyor belt which takes it through a series of crushers...

to these storage silos. It is then pulverized to a fine powder which will burn much like natural gas...

to make the steam that runs the turbine-generators. We need this lignite to help reduce our dependence on natural gas and oil, because both are increasingly expensive and hard to obtain.

After removing the coal we need, an extensive reclamation program begins. Within months this same land is used for raising crops...

or as pastureland. At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

## Take a two-minute tour of our important lignite coal operation.

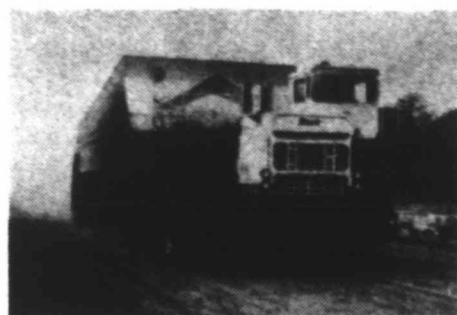

We start our tour on this land near Fairfield, Texas. Beneath it lie large deposits of lignite, a soft, low sulphur content coal.

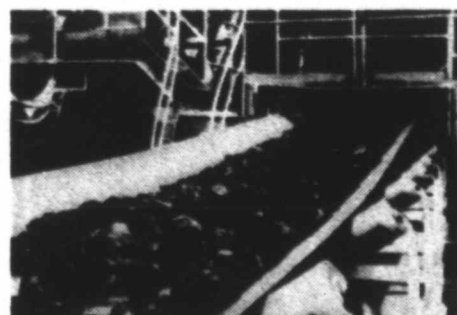

First, the overburden, which is from 40 to 130 feet deep, is removed by this giant dragline.

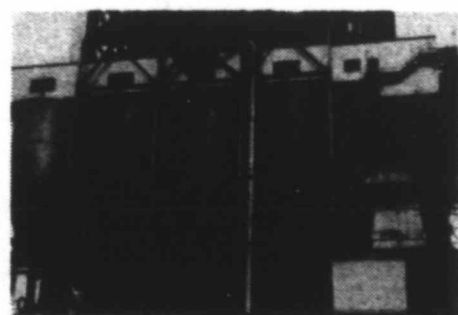

This exposes thick seams of lignite coal over 100 feet wide and a mile or more in length. The lignite is removed, loaded...

...and trucked a few miles to our lignite-fueled Big Brown electric generating plant.

At the plant the lignite is placed on a conveyor belt which takes it through a series of crushers...

to these storage silos. It is then pulverized to a fine powder which will burn much like natural gas...

to make the steam that runs the turbine-generators. We need this lignite to help reduce our dependence on natural gas and oil, because both are increasingly expensive and hard to obtain.

After removing the coal we need, an extensive reclamation program begins. Within months this same land is used for raising crops...

or as pastureland. At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

They will be joining ten hold-over members of the board of directors, B. B. Hardee, Nelda Garrett, Murrell Blasingame, Eddie Mitchell, Bob Chalkier, Shirley Delaney, Delbert Lewis, John Martin, Bill Simmons and Woody Anderson.

Heading up a nominating committee to select a new slate of officers is John Martin, along with Nelda Garrett and Eddie Mitchell.

Executive vice president of the Chamber, Sefton Pickens, said that all members of the board of directors, including the outgoing and new directors, would meet either in a special called session or at January's regular monthly meeting to vote on new officers to lead the Chamber of Commerce during 1975.

### Junior High Teams Win

Both 7th and 8th grade teams from Colorado Junior High went to Sweetwater for games Monday and both teams were victorious.

The 8th grade team won 42-29 in a game that saw few offensive turnovers for the young Wolves, said coach Mel Gierhart. Scoring 29 per cent in shooting from the field were Robert Parker and Ricky Sanchez with 10 points each, David Rivera, 8; Ruben Garcia, 6 and Jay Feaster and Joe Franco, 4 points each.

Gierhart said that Feaster, Sanchez and Garcia also did good jobs with rebounds at 7 each and Ronald Proctor with 6 rebounds.

Coach William Lepard gave credit to good rebounding in the 7th grade win, 30-22.

Michael Johnson was high point man with 14 points, followed by Charles Jackson, next high. Russell Noel and Jerry Don Lewis did a good job of rebounding, Lepard said.

Both 7th and 8th teams play Ballinger in Wolves Gym today, games at 5 p.m. and 6:30. The 9th grade team also plays Ballinger here at 7:30.

## COLORADO JR. HIGH CHATTER

The Colorado Jr. High Chapter of the National Honor Society has announced its new members for the first grading period of this school year. The requirements for the Honor Society are very demanding: straight A's, good character, leadership, service and citizenship.

Those retaining membership from last year are: Travis Cranshaw, Hector Pineda, Lisa Bobo, Lupe Landeros, Stephen Kimmel, Linda Englert, Renee Jones, Robert Parker, Ronald Proctor, Tracy Shaw, Sherri Williams, Deloras Gregory, Charlotte Bradbury, Carla Fuller, Tony Franco, Russell Erwin, Mike Womack, Gall Sheen, Robi Rhea, Deloras Gonzales, Jesse Rios, Kirk Stubblefield, Blake Reynolds, Lesa Morren, Chonita Gonzales, Elizabeth Turner, Scott Haggerton, Barbara Jackson, Julie Fuller, Jaye Salmon, Coalen Swann, Rodney Taylor and Leah Johnston.

The new members are Jamie Parker, 8th grader, and the following 7th graders: Chuck Claxton, Russell Noel, Kirk Williams, Becky Corbell, Mary Holder, Otis Ruffin, Dee Ann Griffith, Hollie Neff, Anne Marcom, Laurie Englert, Malinda Cook, Rodney Reeves, Gregg McGaha, Blake Hardegree, Timothy Lelak, Genia Guelker, Anita Shaw, Gayla Prince, Terri Munciel, Lydia Mendoza and Elma Torrez.

Now that marching season is over we're working on ensembles, solos, and concert season. Solos are memorized and done by one person. Ensembles are 3 to 6 players on a piece and the music is not memorized.

Concert season includes a selection of beautiful music. We play three numbers: one is a suite; the others, various pieces. After we play that music we go into a separate sight reading room. There is no audience and the conductor has a certain amount of time to explain the music. The number is supposed to be one we've never seen before. If we have to start over we drop a division or go down a rating.

During marching season the brass section had the leading parts. However, during concert season the woodwinds, clarinets, flutes, oboes and saxophones lead the band.

The twirlers will be playing in band this season.

Colorado Junior High had a very exciting basketball game last Thursday. All of the cheerleaders were there along with Jamborees. Parents of the basketball players helped to get the boys fired up and ready to win. We would like to have more Jamborees come to our out of town games and help us back our team.

Dr. Cowan came and talked to the 8th grade science class last Tuesday. He talked about some of the problems adolescents have; such as how to control acne, the causes of acne, and the different health stages of growth during adolescence.

During adolescence you have many problems. You shouldn't let these bother you. Most people have some of the same problems you do, so you shouldn't be troubled.

The Colorado City 7th grade basketball team made their record 4 wins to only 1 loss Monday night beating Sweetwater 7th grade 30 to 22 in a well played contest. C-City did well most of the night on defense. Russell Noel, Kirk Williams, and Jerry Don Lewis did good jobs of rebounding although lacking in height.

Mike Johnson was high point man with 14 points, and next was Charles Jackson.

The 7th grade plays Ballinger here Thursday in Jr. High Gym.

The C-City 8th grade upset the Sweetwater Mustangs by a score of 42-29. This was the first win for the young Wolves.

Coach Gierhart said the young Wolves did look a lot better on offense. Leading the scoring efforts were Robert Parker, Ricky Sanchez, 10 points; David Rivera 8 points; Ruben Garcia, 6 points; Joe Franco and Jay Feaster each had four points.

Making good defensive efforts were Jay Feaster, David Rivera, Ruben Garcia, Johnny Garcia and Ricky Sanchez. Coach Gierhart said that the young Wolves are getting better every game.

The B team of the 8th grade have been having some good workouts. Looking good for them are Rodney Wheeler, Rodney Taylor, and Ernest Aguilar.

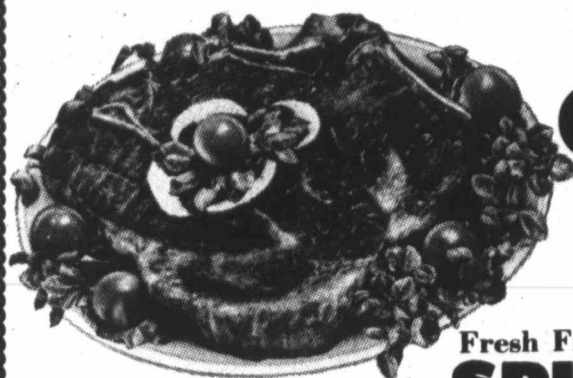

Come out today as we play the Ballinger Bearcats here in the High School Gym.

WE'RE BEHIND YOU 7TH AND 8TH GRADE!!!
