TREMENDOUS PROGRAM PLANNED FOR 1954

Homespun

By UNCLE BOB

Well, the clouds cleared away Tuesday so the ground hog could see his shadow. Now according to Mr. Ground Hog if he sees his shadow, he goes back in his hole and gives us six more weeks of winter weather.

Most weather men do not believe the ground hog legend but it is a funny thing, the ground hogs were here as predictors before we had any weather men.

I believe in weather men. Do you remember the other day when we had near eighty degree weather and people walked up and down the streets in Summer attire? Well, I wore my overcoat and mittens because the weather man predicted ice and snow. To be frank, it was a little warm, in fact I was wet with sweat most of the day but I was determined not to let the weather man down.

These days, when so many youngsters lie prone on their tummies before a TV screen show of comics or cowboys, there comes a flash back picture of Abe Lincoln lying prone on the floor before a fireplace, reading—for want of a candle or lamp—history and the Bible by its flickering light.

We have Boy Scout Week coming up next week with over 89,000 scouts in this country. The Boy Scouts try to do a good deed every day. Most of us are too old to be Boy Scouts but honestly what kind of world would this be if every one tried to do a good deed every day? My hat off to the Scouts for their part.

Outstanding Act Of Citizenship

One of America's far-reaching organizations, the Boy Scouts of America, is marking its 44th birthday during Boy Scout Week Feb. 7 to 13. On this notable milestone we find the Boy Scout movement at its peak in membership.

Today 2,440,000 boys are enjoying the "game of Scouting" in its three distinct programs, Cub Scouting, and Exploring, each appealing to boys of various age levels.

The unselfish men who give leadership in Scouting are performing an outstanding job and a great act of citizenship. Our nation owes them much.

Joe Campbell's Slayer To Die

The Court of Criminal Appeals upheld the death sentence Wednesday assessed Donald Hawkins Brown of Dallas.

The convicted murderer's death date is expected to be set in the next few days.

Campbell, a collector for a finance company had called on the Brown's home to collect finance company payments.

Young P-TA To Meet Tuesday

The Young P-TA will meet Tuesday, Feb. 9, in the school auditorium. The executive meeting will be held at 2 o'clock, with all officers and executive members urged to attend.

The regular meeting will open at 8:45 p.m. The room program will be given by Miss Young's second grade. Mrs. M. E. Jolly will review Louise Baker's "Smiff and Sniff."

Election of the nominating committee for the coming year will be held to be followed by a Founder's Day coffee.

North District Scout Meet Held In Cisco

CISCO—The first 1954 North District Scout meeting was held at the Cisco First Presbyterian Church this week and all six Operating Committees met and planned their programs for the year. Arthur Deffebach of Ranger was in charge of the meeting.

Dr. Price R. Ashton

DR. ASHTON TO INSTRUCT

Dr. Price R. Ashton, president of Ranger Junior College, has been ordered to active duty to participate as an instructor in a course to be given to business and civic leaders of Central Texas Feb. 8-19 in Dallas, by the Industrial College of the Armed Forces.

Dr. Ashton, who holds the rank of Major in the United States Marine Corps Reserve, will go to Dallas Saturday to meet with other staff officers and military leaders, where they will be given information to be dispensed to executives of business and industry who will attend the conference. According to a recent editorial in the Dallas Morning News: "The conference itself will mean much to the economic community, not only of Dallas-Fort Worth, but the entire Southwest as well. That is why enrollment is not confined to Dallas, the host city. Attendees will get the latest word—much of it highly confidential—on what the Eisenhower administration now plans for the defense of the nation. The key role to be played by business and industry in the event of an emergency will be spelled out in detail.

"An indication of the importance attached to the Dallas conference is the fact that Rear Admiral W. McL. Hague, commandant of the Industrial College, is coming from Washington to take part in the deliberations. Other notables include Gov. Shivers and Lt. Gen. I. D. White, commanding general of the Fourth Army."

Ranger Beauty Attends Army Graduation

FORT SILL, Okla.—Miss Virgie Glenn, Ranger, was on hand to pin her fiancé's new gold bars in place when his officer candidate class graduated at the Artillery School. The new lieutenant is Edward W. Boatman, Fort Worth. Fifty-five new officers were commissioned during the commencement.

First Methodist YP Sweetheart Banquet Is Set

The annual Sweetheart banquet of the Young People and Intermediate department of the First Methodist Church will be held at 7:30 Monday evening, Feb. 8 at the church.

Rev. Bob Sanders, pastor of the Wesley Methodist Church in Cisco will be the principal speaker. All young people are invited to attend.

Refreshments of coffee and donuts were provided by Charley Graham.

The Organization and Extension Committee decided that new units are needed in Carbon, Cisco, Breckenridge, Woodson and Desdemona. They plan to help the old units out with any problems that may arise, it was announced. Earl Stephens is the Eastland member on the committee and Lee Russell represents Ranger.

The Health and Safety committee agreed to help the Camping and Activities Committee in conducting their different activities and to see that they are run under safe conditions. They are also making up a list of training materials that will be available to all units to aid Scouts in learning more about health and safety. Dr. W. B. Barrow is the Eastland member and Ranger is represented by Glen Covington.

The Finance Committee reported that it raised over \$5,000 in the North District last year and they plan to do better next fall, they indicated. They also made plans to help the Scouts find jobs and earn their way to Camp Billy Gibbons. Frank Sayre is the Eastland committee member and Johnny Bates the Ranger member.

The Advancement Committee made plans to make up a merit badge counselor list for each community and to have each boy in every unit advance one rank during the next year. They also agreed to promote Board of Review in the units. Raymond Lingle is the Ranger committee member and Zev. A. E. Hartwell represents Eastland.

The Leadership Training Committee decided to run a basic scout masters training course in March, a Junior leaders course in March, a den chief training conference Feb. 6 in Breckenridge, a basic Explorer leaders course in the summer and a basic cub leaders course next fall. All members of the committee are from Breckenridge.

The Camping and Activities Committee plans to run four events during the year. They include a camp-o-ral in April near Breckenridge; a swim meet in July; a district cub scout day in September; and a float trip down the Brazos River in May (for Explorers only).

The committee also plans to promote the council camp for all Scouts and Explorers at Camp Billy Gibbons in San Saba county and the Explorer winter camp during the Christmas holidays.

Survivors include two sons, T. E. Yarbrough of Odessa and R. L. Yarbrough of Amarillo; and two sisters, Mrs. R. T. Stockton of Abilene and Mrs. E. L. Parker of Odessa.

PACE-SETTING RANGER DOGS BEAT DUBLIN IN THRILLER

A wild 51-37 victory over the Dublin Lions put the Ranger Bulldogs in a good position in the District 7-A crown with the stage set for a grand slam battle with Eastland Friday night.

The Bulldogs offense clicked in the first half and the score was Ranger 21, Dublin 16.

In the last half of the game the Bulldogs took advantage of their height and weight over the small-

er Lions and with fine teamwork gained 29 points for a total score of 51-17.

The Dublin Lions chances to gain back a foot hold in the last quarter were hurt when the Lions top point man, Red Pendleton, was injured and had to sit out the balance of the game on the bench. Chico Mendosa took scoring honors for the night with 13 points.

Ninety Per Cent Of County Taxes Have Been Paid

Ninety per cent of Eastland county's tax roll was paid by the Jan. 31 deadline, Tax Assessor-Collector Stanley Webb said Thursday. Webb emphasized that tax payments have not been completed for the year, but that it is too late to pay without a penalty.

Tax payments in the county totaled \$279,277.

"We expect to collect about five per cent more, by June 30," Webb said, "we will have to do that to equal last year."

DOGS CAN WIN CROWN WITH 7-A VICTORY

The East Zone race of District 7-A reaches the do-or-die stage Friday night when Ranger's Bulldogs play host to the up and down Eastland Mavericks. A "B" team game will precede the main attraction and will get underway at 7 p.m.

Ranger will be heavily favored to win the tilt, mainly on their lopsided victory over Coach Carroll Shelton's charges when the two teams met in first round play.

Eastland's chances for a crown were dimmed Tuesday night when the Mavs were upset by oft-beaten DeLeon on their own court. Ranger, on the other hand, was knocking off Dublin, the only team to beat them in a district tilt, in easy fashion.

Coach Boone Yarbrough's Dogs will have a definite height advantage, plus the advantage of playing on their own court. The Dogs could wrap up the title with a victory tonight, but an Eastland win would throw the district back into a three-way tie, with Ranger, Eastland and Dublin on top.

Ranger has been paced all season by Tommy Hinds, Red Carter and Chico Mendosa.

Eastland has had several players, including J. D. Hanson, Geo. Harris, Stan Harris, Doug Williamson and Bobby Pittman, who have had great nights.

The above listed team will probably be Eastland's starting lineup, unless a throat infection keeps Pittman out of the game. Benny Cates will sub in case Pittman is sidelined.

Scott Forney and Bill Branda will probably round out Ranger's starters. John Rush and Dan Mitchell may work their way into the first five, however.

Poll Tax Sales Total 5,152 In Eastland County

Eastland county poll tax sales total an estimated 5,152, Stanley Webb, tax assessor-collector, said Thursday.

Webb said the figure was about 10 per cent of the 1952 quota and about 50 per cent of the 1950 sale. The last day for purchasing poll taxes in the county was Sunday.

INDUSTRY IS C OF C'S TOP GOAL FOR YEAR

A program of work for this year by the New Projects and Planning Committee of the Ranger Chamber of Commerce was adopted by the Board of Directors at their regular meeting February 2nd.

Members of the New Projects and Planning Committee are Dr. W. P. Watkins, chairman, C. E. May, Rex Mitchell, John Smith, Bill McComas, Nick Crawford, Dave McMeekan, W. L. Bordeau, H. G. Adams Jr., and Bill Anderson.

The following recommendations were made:

An effort be made to get Ranger firms and citizens to become more interested in the problems of the rancher and farmer.

A proper committee work up a welcome for newcomers, such as gift book coupons from the various business houses good for complimentary services and that this committee call on all new business firms as soon as they open a store or business and welcome them to Ranger.

Due to the fact that Ranger will have an abundant water supply within the year we will have the greatest opportunity to get new industries to come to Ranger and a recommendation to the Industrial Committee to take an advantage of every opportunity to increase our payroll.

A suggestion that the Military Affairs committee work with the local National Guard unit in putting over and organizing a civil defense program for Ranger.

A definite plan or program to be worked out to assist college students in getting part-time jobs.

A thorough fire prevention program be put on with appropriate prizes for essays and posters. A fire inspection be made of the city for fire hazards among the business houses and residences.

A close watch be kept on all national and state legislation affecting this section and the proper action taken to protect our interest.

A meeting place for our youth and a supervised program for their benefit.

Be alert and ask for new highway and farm-to-market road projects. See that all "dirt" roads leading to Ranger be kept in good condition. Work with the City Commission in any paving plan for our streets. An effort to be put forth that all access roads to the new lake be favorable to Ranger.

A stimulation plan for rural trade and the extending of Ranger's trade territory. An annual "Farmer's Day" be held to bring the people from the rural areas and the business firms of Ranger closer together.

A city-wide civic program put on with beautification projects and that the assistance of all civic and ladies clubs be asked to join in this important move.

Ranger Fireman Attend Supper

Members of the Ranger Fire Department attended the initiation ceremonies conducted by the Strawn Fire Department in Strawn Tuesday night. Those attending were Jack Mace, W. G. Myers, R. C. Doss and J. D. Barker.

A barbecue supper was served to those present after the ceremonies.

Church of Christ 225 So. Rusk St.

The study during the sermon next Sunday morning at the regular 10:45 assembly for worship at the Church of Christ involves what is probably best described as "From Frustration to Exasperation." Bible study classes for all begin at 9:45. A Bible study for men and boys is studying the scriptures quite exhaustively in search of those authorized characteristics of the New Testament church. This class is at 6:00 p.m. on Sundays. Regular Sunday evening assembly for worship is at 7:00. A ladies Bible class, also studying concerning the New Testament church, is at 10:00 a.m. on Wednesdays. The regular assembly for songs, prayers and Bible study in mid-week is at 7:00, Wednesday evenings. All are cordially invited to attend each of the announced services. The church of Christ meets at 225 South Rusk Street.

In these days of fast moving events which involve each of our lives in a very complex way of life, we are likely to be frustrated, become exasperated, and without a steady influence in our lives which is adequate to every occasion this cannot be prevented. Few words cannot introduce to our thinking the seriousness of the need of study concerning the many implications involved. You are urged to be present at this study next Sunday morning.

Auxiliaries and Choirs Change Meeting Times

The Littlest Choir under the leadership of Mrs. Pete Brashier will meet Monday at 3:30 in the Beginner Department. The choir directed by Mrs. Corvis Peck will meet at 3 and the Junior Choir will meet at 4:00.

This arrangement of choirs will enable the children to have their programs at the same time the mothers are in their meetings. All mothers and children are urged to assist in the change-over to Monday afternoon. Children who would like the advantage of special training are invited to attend these rehearsals.

The Auxiliaries, R.A.'s, and G.A.'s will meet on Wednesday evening at 6:30 during the regular Officers and Teachers meeting. Mrs. H. A. A.'s will have their first meeting, Feb. 10th at 6:30. Parents can help us a lot if they will cooperate in this program designed for their children.

Regular Services Are Scheduled At First Baptist

Rev. Perkins continues the Sunday morning messages based on the scriptural findings of the Holy Spirit. The interest the people have in these messages is evidenced by the increased attendance each of the past few Sunday mornings. The eleven o'clock message for Sunday is, "The Fruits of the Holy Spirit." This message is based on the fifth chapter of Galatians. Here the Apostle Paul, under the leadership of the Holy Spirit, explains the liberty that comes to the Christian, and the admonishment not to "become entangled again with the yoke of bondage." Those who are really interested in knowing more about the Holy Spirit will read this fifth chapter of Galatians before Sunday, and then bring their Bibles for continued study.

Sunday evening the pastor will speak on the "Fall of Man." This message will begin with the Genesis account of "fiat created man in his own image," and will carry the entire Biblical account of sin as related to man and of God's relation to the needs of man when he sent His only begotten son in the form of flesh to pay the redemption debt for the confessing and repentant sinner.

Visitors are always welcomed to our services and they always find a warm greeting and fine Christian greeting. Baptist who have not as yet moved their church membership are invited to do so at the earliest convenience. Rangerites who have no Church home will find a spiritual program based upon the word of God. The Sunday School and Training Union Departments are open for children from the babies in the beds to the adults. The two programs parallel each other, and the folk return on Sunday night to Training Union and meet in the same places where they attended Sunday school that morning. The nursery is always open and there is a place for every one in all of the church programs.

Deacons, Wives To Meet Thursday

Mrs. Ralph Perkins, wife of the pastor, will speak to the assembly at 7:30 and will have pertinent information concerning the relationship of the wife of a deacon to her church program. Paul in 1 Timothy gives qualifications for deacons and their wives, as well as their families.

Those to be ordained are: Wilson Guest, Corvis Beck, Lee Everheart, Keith Langford, and Lewis Green. Carl Page is chairman, John Tibbels, vice-chairman, and Lewis Thomas secretary of the Deacon body. There are 21 men recognized on the body at the present time. Several of these men are unable to maintain an active responsibility to the church due to ill health.

Scripturally one of the greatest honors that can come to a Christian is to be found worthy and ordained as a Deacon. Honor and responsibility go hand in hand, and God's program must have the finest men as servants.

Canned Meat Ideal for Quick Meal on Cold Nights

BY DOROTHY MADDOX

FOR cold nights when there is not much time to get dinner, use canned meat. Or serve canned beans, either New England style or packed in tomato sauce. Give them distinctive flavor by adding a little molasses.

Cut luncheon meat into 6 slices; arrange meat on top of potatoes with halved orange slices. Sprinkle meat with brown sugar. Bake in a moderate oven (375 degrees F.) 20 minutes.

Vienna Sausage Dinner (4 servings)

HANDY HOME HINTS

THRIFTY CHOWDER

You can make use of all those remnants of leftover vegetables in the gas refrigerator and come up with a delicious chowder for lunch. Start by emptying two cans of tomato soup diluted with equal parts of boiling water, into a saucepan. Add three teaspoons of grated or finely minced onion and one teaspoon parsley flakes. Now get out those single portions of leftover spinach, peas, carrots, green beans, limas and that dishful of mashed or home-fried potatoes. Toss everything into the pot and cook slowly over the simmer flame of your gas range. Just before the mixture comes to a boil, turn off the gas, add one cup of undiluted evaporated milk, stir and season to taste. If your refrigerator clean-up results in a too-thick mixture, thin down by adding an extra cup of evaporated or whole fresh milk and a cup of boiling water. Serve with melted cheese on toast, made by running cheese-topped slices of bread under the broiler flame for about 30 seconds.

SENATOR LYNDON JOHNSON IS ALWAYS PRESENT FOR PRAYER

WASHINGTON—Texas Senator Lyndon Johnson is one of the few Senators who are nearly always on hand for the prayer that opens each day's session. "I guess I'm about the most prayed-over man in the Senate," the Texas said in an interview. He pushed back his chair, stretched out his 6-foot, 3-inch frame, and crossed his feet on the edge of his banded mahogany desk, smiling below his horned-rimmed glasses, he added: "Maybe I need it more." The real explanation of course, is that Lyndon Johnson is the floor leader of the Democrats and needs to be in the chamber most of the time they are in session, particularly when they convene, to be sure the Republicans don't try to slip anything past the Democrats. He is in what perhaps is an unprecedented situation—serving as minority leader of the numerical majority of the Senate. There are 48 Democrats, only 47 Republicans, and one independent. So, in some ways, his responsibility is as great or greater than that of his Republican counterpart, majority leader William Knowland of California. Soon after he took over the minority leadership last year—at 44 the youngest man ever to assume a party leader's role in the Senate—Johnson said he wanted Democrats to be constructive opponents of the Eisenhower administration. He reiterated his position recently, saying: "The administration wants and needs Democratic support for its program. "My own aim—now is in the past—is to apply to every issue facing us a single test: How will this legislation affect our country? Americanism is more important than partisanship." Despite Johnson's relative youth he's an old timer on Capitol Hill. Counting his role as a secretary several years to former Congressman Richard Kleberg of Corpus Christi, starting back in 1931, Johnson has been on the legislative scene here longer than any Republican senator. Johnson came to the House April 10, 1937, winner of a special election to fill a vacancy created by death of the Austin district legislator. On Jan. 8, 1949 Johnson took his Senate seat, moving over directly from the other side of the capital.

HANDY HOME HINTS

Toy Shelves Train children to be neat by providing them with the facilities for storing away their toys, picture and story books and phonograph records, the home economists of the Gas Appliance Manufacturers Association suggest.

Empty upturned orange crates are ideal for this purpose, as they can be grouped together in a row or in a corner arrangement, to save space. They're low enough for the children to reach easily, and can be attractive additions to a room if painted in bright colors or covered with wall-paper to match or contrast with the decor of the room.

MEMO FOR BRIDES

Rule-of-thumb guide for brides when buying fish: If fish is cleaned and sealed, allow one pound for two portions. A pound of fillet or fish steaks serves three. Fish suitable for stuffing should weigh at least three pounds after being skinned and boned. A company-size stuffed fish should be baked with the oven gas flame pushed up to very high—550 degrees—for the first 10 minutes, then reduced to 425 degrees for a half hour or more, depending upon the weight. It's safe to figure 10 minutes per pound for the first four pounds and five minutes for each extra pound. Lean fish requires basting or brushing with butter drippings every ten minutes. Fat fish does not.

For every dollar spent last year to advertise in magazines, four dollars were spent in newspapers.

Two Amendments May Be Congress Chief Debate Subjects In 1954

WASHINGTON, D. C.—This session of Congress will produce many heated discussions of and arguments about the Fifth and Sixth Amendments to the Constitution of the United States. These two amendments are integrated parts of the Bill of Rights. It would be well for all Americans to acquaint themselves fully with these two amendments, if you have not already done so. The Fifth Amendment contains the provisions behind which many witnesses before Congressional investigating committees have hidden themselves for a number of years. The Sixth Amendment contains the provision affording an accused the right to be confronted with the witnesses against him. The spotlight was placed on this particular amendment in the speech made by President Eisenhower before the House of Representatives at the Mayflower Hotel recently. The Washington Post quoted him in an editorial as follows: "In this country if someone dislikes you or accuses you he must come up in front, he cannot hide behind the shadow, he cannot assassinate you or your character from behind, without suffering the penalties an outraged citizenry will impose."

You may not have a copy of the Constitution handy, so I am going to quote these two amendments as they appear in the Constitution:

AMENDMENT (V)

"No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the Militia, when in actual service in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb, nor shall he be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without just compensation."

AMENDMENT (VI)

"In all criminal prosecutions the accused shall enjoy the right of a speedy and public trial, by an impartial jury of the State and dis-

trict wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense."

The language, "to be confronted with the witnesses against him," was not original. Actually, it was a right enjoyed under the English common law. Its inclusion in the Constitution was to preserve that right, but not to broaden it. This right, however, did not prevail in many other jurisdictions. Probably the most famous of the historical cases involving the violation of that right was the trial of Joan of Arc in France. In a recent history of that trial, it was pointed out that not a single witness appeared in person before the court against Joan of Arc. All the evidence was produced in the form of affidavits, and these were always written in the third person, the object being to conceal completely from the accused both the name and the identity of the witness.

The whole controversy, of course, will center around the Communist menace. Their tactics have been to employ our Constitution and our laws to protect themselves while they work diligently at the task of trying to overthrow that Constitution and those laws. It will primarily concern employees of the federal government and perhaps many State and local governments in this country, as well as employees of manufacturing concerns engaged in defense work. No matter who a man is or where he comes from, he should not have even the color of right or privilege to work for any of the branches of our government, national, State, or local, nor for any industry engaged in defense work or work incidental thereto, unless he or she is completely and devotedly dedicated to our form of government, our way of life, and the basic principles on which they were founded, with no ifs, ands, or buts. Every American should read our Constitution and weigh every word, phrase, sentence, and paragraph therein very carefully.

Christian Science

The purifying and redemptive effect of righteous prayer will be brought out in the Lesson-Sermon on "Spirit" to be read in Christian Science churches this Sunday.

Selections from the King James Version of the Bible will include this verse from Psalm: "Teach me to do thy will; for thou art my God; thy spirit is good; lead me into the land of uprightness" (143:10).

Indicating that that which is un-Godlike can have no real basis, this citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read: "Whatever is false or sinful can never enter the atmosphere of spirit" (p. 79).

Color TV Still Five Years Away, Magazine Says

If you are planning to buy a black and white television set, you needn't be afraid that color television will make you set obsolete. It will be at least five years, before color television comes into its own, reports the Better Homes & Gardens Magazine.

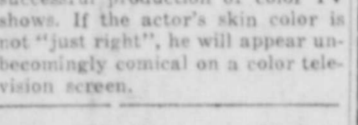

In addition, color television will produce better reception on black and white sets—a much improved picture of unusual clarity, depth and softness, according to TV experts.

A representative of the National Television System Committee says that "color television will come as an evolution and not a revolution. Color will prove to be supplementary service and will not quickly, or perhaps ever, completely replace the black-and-white service.

Sixteen hours of daily network television in color is a long way off because of production headaches. Color TV will necessitate costly sets, costumes, props and equipment. For instance, color TV requires stage lights six times as intense as the lighting for a black and white program. Make-up poses another delicate problem in the successful production of color TV shows. If the actor's skin color is not "just right", he will appear unbecomingly comical on a color television screen.

Mrs. E. L. Norris spent Wednesday in Abilene visiting her daughter and family. Mr. and Mrs. R. M. Hamrick and her son and family, Mr. and Mrs. Don Norris.

BY THE CARTON

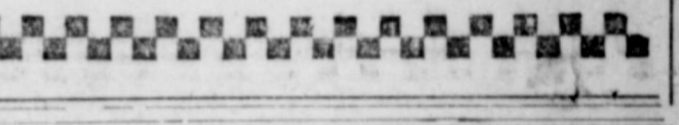

Many stations will delay adding color TV production equipment until there is a strong demand for color from viewers. And besides, advertisers may not be in a hurry to pay for expensive colorcasts. From 50,000 to 75,000 color television sets will be on the market this year, at prices ranging from \$500 to \$1,500, according to present estimates. Servicing and maintenance for color receivers will be considerably higher than for black-and-white sets, since color receivers are more complex in construction and design. Field Service for color sets will take at least five times the man hours required for servicing black-and-white sets.
