ADDITIONAL SUBJECTS FOR THE LEGISLATURE

Governor Colquitt In A Special Today Submitted 27 Subjects For Legislation, Road Laws

By Associated Press.

Austin, Texas, Aug. 13.—In a message to the legislature this afternoon Governor Colquitt submitted twenty-seven additional topics for legislation. They include:

- All independent school district laws.
- All road laws and amendments.
- An act authorizing the state to guarantee the penitentiary bonds authorized by the Thirty-Third legislature.
- Amendment of the statutes regulating the manner of railroad companies and receivers furnishing to shippers on written demand cars to be loaded and regulating demurrage thereon.
- Changing the law prescribing the terms of office of constable and regulating the number of deputies.
- Providing for an increase of from 200 acres to 1,000 acres as the amount of school land that may be leased by one person for oil and gas development.
- Prohibiting the creating of deficiencies and debts in the name of the state by regents, directors and members of governing board of educational and eleemosynary institutions.
- Creating the position of public highway engineer.
- Providing for re-districting the state into eight supreme judicial districts.
- Providing for new buildings for the state university by the income certificate plan.
- Amendments to the co-insurance clause and technicality insurance acts of the Thirty-Third legislature.
- The Allison bill for amendment to stop interstate shipments of liquor into dry territory and to allow druggists to get liquors.
- The civil 9:30 closing law.
- The Allison bill for amendment to stop intrastate shipments of

POSTPONEMENT OF RURAL CREDIT LAW

President Wilson Believes It Inadvisable to Attempt Such Legislation Now

By Associated Press.

Washington, Aug. 13.—President Wilson issued a statement before the democratic house caucus resumed consideration today of the administration currency bill, announcing that he believed it is not advisable to amend the measure at present with provisions for rural credit, but to postpone that phase of banking reform until the December session, when the government commission now studying the subject in Europe will have reported. Through this statement it was hoped to persuade the so-called insurgent democrats to abandon their fight for agricultural currency.

MANY ASK ADVICE ON MARKETING PROBLEMS.

Washington, Aug. 13.—Co-operation in marketing, with a view to lessening the high cost of living, seems to have taken such a hold upon the people of the United States that the department of agriculture is being inundated with requests from such co-operative organizations for an investigation of their individual merits. So great has the pressure become that the department announced today it was not contemplating recommending any special system and would not proceed now with its work on that line. The department, it was disclosed, has not yet fully organized its new bureau of markets, which is designed to organize and systematize the economical distribution of food between the producer and the consumer. It is set forth that no less than sixty-four applicants for the position of specialists in co-operative organization disclosed their qualifications and that the civil service commission would require some time to make a recommendation. "After the specialist in co-operative organization has been selected," says the department statement, "it is possible that this officer, as opportunity arises, may make personal observation as to the conduct and methods of some of the numerous organizations in the United States to assist the department in giving the most valuable information and advice to groups of persons desiring to effect organization. Until that time, however, the department will decline to tackle the question of co-operative buying and selling.

FURTHER CHANGES IN PARCELS POST EXPECTED

Washington, Aug. 13.—The time appears to be close at hand when a remarkable defect in the parcel post system is about to be remedied. For reasons best known to the farmers of the parcel post bill, books and other printed matter were barred from the low parcel post. This proves one of the most remunerative kinds of business in which the express companies are engaged and Postmaster General Burleson has for some time been figuring on a way to annex this character of business. Aside from the profit it would afford to the postoffice department, there is a wide field for usefulness in extending the parcel post rates to books, as it would enable libraries to reach out over a great territory for the purpose of serving readers. Today the subject of bringing books under the parcel post system was taken up by Representative Lewis of Maryland, who introduced a resolution in the House requesting the postmaster general to investigate the subject and extend the parcel post rates to books in case he finds that the plan will prove financially satisfactory to the department. The Lewis resolution can not pass at this session of Congress, but its passage is not necessary to spur the postoffice department to action in this matter, as Postmaster General Burleson is planning to extend the parcel post service over the entire field of the express business up to the limit of weight that it will be practical for the department to handle.

WOMAN WITH SMALL POX AT STATION

Passenger From Elctra Sent to Hospital With Well Developed Case

A woman with a well developed case of smallpox came down from Elctra on the noon train today and sat around the Union Station for several hours, apparently waiting for another train. Her actions and the fact that she wore a heavy veil attracted the attention of Chief of Police Gwinn, who called Drs. Coons and Moore, who made an examination and pronounced the case smallpox. The woman was sent to the county detention hospital.

PRISON BILL TO CONFERENCE

AMENDMENTS WAIVED IN SENATE AND BILL SENT TO FREE CONFERENCE COMMITTEE

SPEAKER TERRELL THANKED

House Thanks Speaker for Fearless Manner in Which he Refuted Governor

By Associated Press.

Austin, Texas, Aug. 13.—The Senate this morning adopted a resolution by Senator Clark asking Governor Colquitt to submit the names of Prison Commissioners Braban and Tittle for confirmation along with that of Ben Cabell. Before the resolution was adopted it was amended by Lattimore to read that it is the sense of the Senate that Commissioners Braban and Tittle were confirmed for the statutory and not the constitutional terms and that the Senate agrees with the governor and not the attorney general in this matter. This means that all prison commissioners must go before the Senate.

All further amendments for the penitentiary bill were waived and it was finally passed in order that it may go into the free conference committee.

The state eleemosynary bill finally passed and the bill regulating the state institution for the training of juveniles was made special order for tomorrow. The Senate will consider the Wheeler-Oliver contest this afternoon.

PROCEEDINGS IN THE HOUSE.

In the House today a large number of bills of all sorts were introduced although the governor has not yet transmitted to the legislature the message authorizing the introduction of many of the measures.

A resolution was adopted instructing the House conferees on the appropriations committee that an additional appropriation of \$2500 be made for the attorney general to prepare for the case of the State against the Houston Oil Company for the recovery of 80,000 acres of school land. A further resolution to thank Speaker Terrell for the fearless manner in which he refuted the governor's charges against the legislature was adopted by a viva voce vote.

SMALL BANKS PROTEST MANNER OF DISTRIBUTION

Says Big Banks Will Send Money Intended for Farmers to Wall Street

By Associated Press.

Washington, Aug. 13.—A flood of protests from small banks throughout the country protesting against the action of the secretary of treasury in the distribution of the government funds to the parcel post system of the crops is being received. These protests declare that unless the government distributes the \$50,000,000 or more for crop moving to the small banks directly, the big banks will send the money to Wall Street for speculation and to the money high interest rates for the money intended for the farmers.

Treasury officials declared they will do all in their power to send the deposits into the small banks, but make it plain that the machinery of the department is not sufficient to make direct deposits to all the small banks that are asking for a share.

JOHN LIND VISITS MEXICAN MINISTER

In Dispatch to State Department Special Envoy Describes His Reception

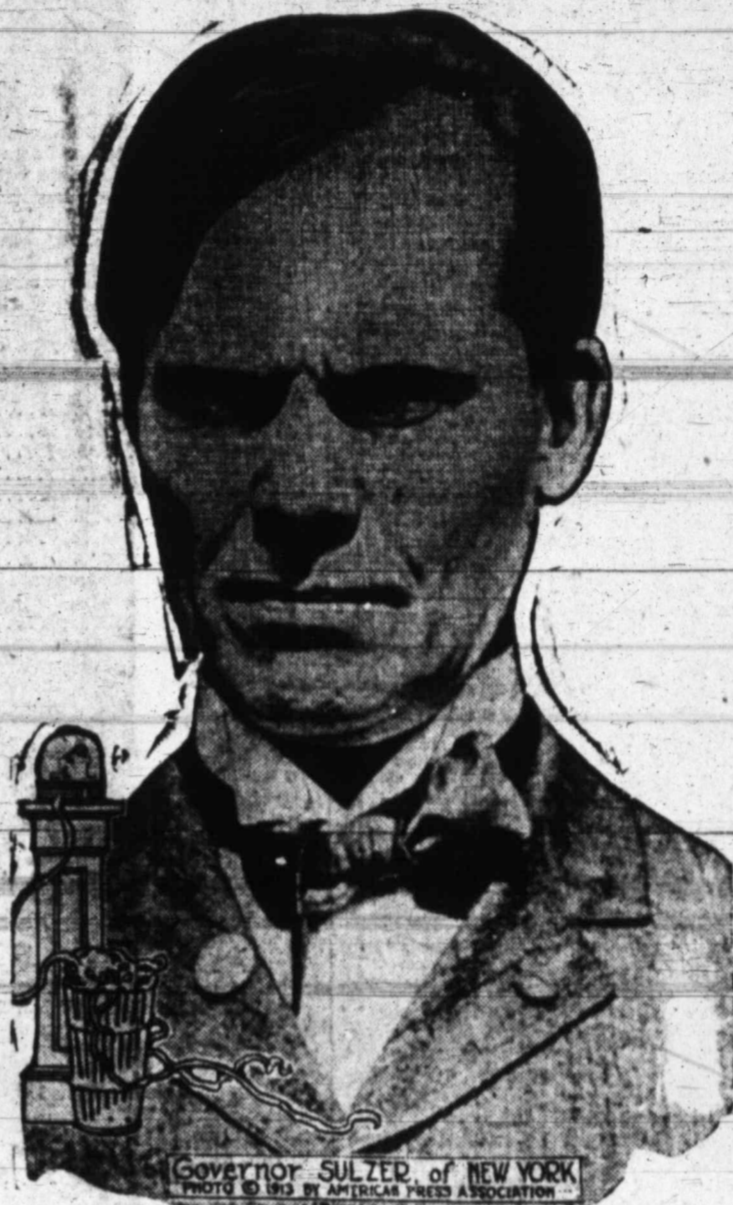

By Associated Press.

Washington, Aug. 13.—Dispatches today to the state department from John Lind describe his visit to Fredman, Gambos, Mexican minister of foreign relations. It was understood here on good authority that the conversation extended beyond the mere formality of a social call. While Mr. Lind did not reveal entirely the purpose of his errand he was declared to have set at rest rumors that he went to interfere directly in Mexican politics.

WICHITA COUNTY GRAND JURY TO CONVENE FRIDAY

Judge Martin has issued an order to reconvene the Wichita county grand jury in special session Friday morning to investigate the killing of Policeman Sterling B. Morris by Policeman Cox Monday night. As the grand jury will begin its investigation so soon no preliminary will be held and no effort will be made to secure Cox's release on bail. It developed today that others who witnessed the shooting give accounts that differ in some details from that told by Policeman Arthur Graves. All of these witnesses will be summoned before the grand jury.

Governor Sulzer Who Must Now Stand An Impeachment Trial

STEP IN RIGHT DIRECTION

R. E. HUFF, DISAPPROVES OF SOME DETAILS OF CURRENCY BILL, HOWEVER

HIS LETTER TO FLACK

Says Bankers Were Not Opposed to Governmental Control Idea in the Bill

While he is opposed to the so-called administration currency bill in some of its details, R. E. Huff of this city, president of the First National Bank and of the Chamber of Commerce, believes the bill is a step in the right direction.

In a statement issued by T. W. Slack, vice president of the North Texas Trust Company of Fort Worth, Mr. Huff with a number of other bankers is named as opposing the bill in order that Mr. Huff's attitude may be made clear we here reproduce his letter to Mr. Slack:

Dear Sir: I have your letter of the 8th inquiring what is the sentiment of the banks of this city on the Owen-Glass currency bill.

In its present shape I do not consider the bill as what the country needs but as an individual citizen I think that it is a step in the right direction, and would have a great tendency to render the country to a considerable extent independent of New York. I think, however, that there are a good many things objectionable in it as yet. In the first place, I do not think that it is attractive enough to the national banks. A proposition which forces them to furnish all of the money and gives them no share in the management, should at least, if it proves a success, give them a reasonable share of the profits. I do not like the principle of any law, which makes the fellows who put up the money and take all of the risk, depend on some one else to run it, and tells him that he cannot make but five per cent, no matter how successful its operation. I believe, however, that if the administration will consult with the leading bankers of the country as it seems now disposed to do, that the bill might be modified so as to become desirable.

I have talked with the other banks of this city and Mr. Snyder of the City National Bank looks upon the matter a good deal with the same view that I do. That is, he does not think the bill satisfactory in its present shape. Mr. Taylor of the First State Bank states that the bill is not attractive to them in its present shape and that they would not feel inclined to take advantage of it. Mr. Ferguson of the Wichita State Bank says the same for his.

The sentiment of the individual officers of the banks, as far as I can see is friendly to the idea of having a currency law passed, and a good many of the features of the present bill commend themselves to them,

SULZER IMPEACHMENT VOTED BY LEGISLATURE

ROLL CALLED ON QUESTION AT 5:15 A. M. AFTER ALL NIGHT SESSION. VOTE WAS 79 TO 45

SACRIFICES HER REPUTATION

Mrs. Sulzer Made Eleventh Hour Confession That She Appropriated Funds In Vain Effort To Defeat The Governor's Enemies

By Associated Press.

Albany, N. Y., Aug. 13.—Governor William Sulzer was impeached at 5:16 o'clock this morning by the democratic majority of the New York Legislature.

The vote, seventy-nine to forty-five, came after an all night session and after the governor's wife had made an eleventh hour effort to save him at the risk of sacrificing her own reputation.

Organization leaders who had sparred for time all night in the fear that their program of impeachment would be wrecked by lack of votes, welcomed new comers to the Assembly chamber, summoned from New York during the early hours, and assured of victory by their presence, started a rapid fire legislation with the adoption of the impeachment resolution.

When Does Impeachment Become Effective

It was explained to the assembly by the majority leaders that with the presentation to the senate of articles of impeachment, Governor Sulzer automatically would cease to be governor and M. H. Glynn, lieutenant governor, would assume his office. Mr. Sulzer's lawyers, however, entertain a different view. After the adoption of the articles of impeachment, the Assembly quickly passed a resolution appointing nine managers to conduct the impeachment proceeding on behalf of the lower house. The managers are under the chairmanship of Assemblyman Levy, and include five other New York City democrats.

Other Legislation Taken Up

Thereafter, under the head of unfinished business, the assembly began consideration of several bills passed at the present session and vetoed by the governor. With a roll call that moved swiftly and without a hitch, two of these bills were repassed over the governor's veto. The assembly adjourned at 7:30 a. m.

Governor Asleep When Roll Was Called

In the executive mansion where Mrs. Sulzer made what her friends call her confession to save her husband, and where Governor Sulzer remained until almost dawn awaiting the decision from the assembly, there was no sign of life when the legislature adjourned. Worn by weary waiting, the governor was sleeping. He went to bed before the roll call and was not awakened to be told the news.

The only statement from the executive mansion was "The governor knows pretty well what would be the result."

Impeachment Shorn Of Its Terrors

Governor Sulzer's friends are inclined today to view the ordeal which confronts him with less apprehension than before his impeachment. By her assertion that she diverted part of the campaign contributions sent to her husband, to private purposes, without his knowledge and used them to purchase stocks in Wall Street, Mrs. Sulzer has shorn the impeachment of many of its terrors, the governor's friends declare. Gov. Sulzer consented to permit Mrs. Sulzer's declaration to become public late last night, only when he found that he could not prevent it.

It lived as a rumor on the lips of every member of the assembly in the city that Mrs. Sulzer must take the witness stand in her husband's behalf before the court of impeachment to tell her story in detail and submit to examination by hostile lawyers, or take the chance that the impeachers will prove their case. This is what the governor's friends fear and they fear also that either her reputation or her husband's must suffer. They say she will take the stand if it is necessary.

Mrs. Sulzer's Confession.—Albany, N. Y., Aug. 12.—Overshadowing in interest even the impeachment proceedings tonight was a story on the lips of many legislators that Mrs. Sulzer, who is said to have handled her husband's checks for years, had made to Senator Palmer an explanation of the alleged irregularities in Gov. Sulzer's campaign receipts brought out by the Frawley committee.

Assumes All Blame?—On the eve of the Governor's probable impeachment, the story was spread broadcast throughout the capital that Mrs. Sulzer had assumed all the blame for the revelations brought out by the Frawley investigating com-

mittee concerning the Governor's transactions in Wall street.

Mrs. Sulzer's statement was made, according to this story, to Senator Palmer. She is quoted as having told him this afternoon "I am wholly to blame for this whole affair."

Although the story was the property of the city tonight, apparently no one could be found who would be quoted as confirming it. Gov. Sulzer referred all inquiries to Senator Palmer, who declined either to confirm or deny it. He is reported as having told it to a select coterie of the Governor's supporters.

WORLD'S SERIES POSSIBILITIES

NOT YET CERTAIN THAT GIANTS AND ATHLETICS WILL MEET

RACES IN EARLIER YEARS

Early Days of August Do Not Always Show Final Result—Other Sport Notes

By Associated Press. New York, Aug. 13.—Although the concluding games of the major league baseball season are still two months away, interest in the pennant races is already widespread by the possibilities of play in the world's series. This unusual situation in the camp of the national sport is due entirely to the runaway race being made by the leading teams in the National and American leagues. Not in some years have such wide margins separated the first and second clubs in both major associations at this stage of the pennant races. There have been several examples of the so-called runaway race in one or the other of the two leagues, but simultaneous and sustained spurts like these uncovered by both the Giants and Athletics are unusual.

A glance back over the records of the clubs in both leagues during the past few years shows that as a rule where one league had a lead well out in front the struggle for the other pennant was close and the outcome uncertain at this period of the season. While the Athletics and Giants are leading their respective leagues by approximately a hundred-point margin over the runner-up, the 1912 records show the Boston Red Sox had but half that advantage and the Giants about three-quarters of their present margin. In the National League New York had won twenty-two and lost twenty-seven games for a percentage of .787 on August 9. The Chicago Cubs were trailing second-eighty-seven points in the rear with Pittsburgh and Philadelphia holding third and fourth places. The American League standing showed Boston to have won twenty-one and lost thirty-five games, with Washington second with sixty-five and forty giving Jake Stahl's Red Sox a lead of fifty points. The Athletics were still in the race and the Chicago White Sox had an outside chance from fourth place.

The 1911 races were far closer, for the Athletics had but twenty-two points over the Detroit Club in the American League and Chicago was leading Pittsburgh by just nine points in the National. But fifty points separated the first four clubs in the senior association, while the New York team holding fourth place in the American League was 135 points in the rear of the Athletics, with Detroit and Boston between it and the leaders. The races of 1910 viewed at this date showed conditions more closely resembling the present situation. The Athletics were traveling at top speed, with a clear lead of eighty points over Boston. The Detroit Tigers were third thirty points in the rear of Boston, and New York was fourth but nine points below the Tigers. In the National League Chicago was seventy points ahead of Pittsburgh, with the New York Giants third, ten points separating them from the Pirates. Philadelphia was a poor fourth.

Pittsburgh and Detroit were the pacemakers in 1909, but neither team had anything like the margin of safety that the present leaders possess. The Pirates had won sixty-eight and lost twenty-seven games for a percentage of .712. The Chicago Cubs were right at their heels, less than thirty points separating leader and runner-up. The New York and Cincinnati clubs were third and fourth respectively, but far below the percentage standing of the first and second clubs. The American League race was even closer. Detroit with sixty-two games won and thirty-eight lost had just twenty points over Philadelphia, which club had won sixty and lost forty games for a percentage of .600. Boston and Cleveland were both within striking distance of the leaders, for there were but seventy-five points between the Tigers in first place and the Cleveland club in fourth.

1913 Not Unlucky. Despite the dire predictions made for the present year, 1913 has proved to date far from being an unlucky period so far as American athletics are concerned. In three international contests the United States has successfully defended both the polo and the canoe cups and regained possession of the Davis cup in tennis. Three other international cup contests remain to be decided in the Barnsworth motor boat race, the Palma rifle shooting contest and the tender yacht competition. Should the United States defeat the portion of the United States in these remaining matches—which is unlikely—the recollection of the sterling victories in polo and tennis will go far to compensate for the loss of trophies during the autumn months.

The return of the Davis cup is particularly gratifying to American lawn tennis followers, and the prediction is freely made that the bowl is not likely to be won away again within the next few years. The faith in the future of the tennis game in this country is not without foundation. With the possible exception of baseball, there are more tennis players wielding racquets than followers of any one other sport in this country. Grass, clay and asphalt courts are increasing in number in the states and the number of players doubling almost yearly. One of the most encouraging signs is the fact that the youngsters are taking to the game and learning early the technique, skill and stamina that goes to make ranking contenders at the leading tournaments.

TEMPLAR DRILL CONTEST HELD TODAY AT DENVER

Seventeen Teams Entered and Contest Will Not Be Finished Until Tomorrow

By Associated Press. Denver, Colo., Aug. 13.—The greatest drill contest in the history of Templar began this morning in connection with the thirty-second triennial convocation of the Knights Templar in session here. Seventeen teams are entered, and the drilling will not be completed until tomorrow.

The competitions are being held in a specially built stadium, 710 feet long by 404 feet wide, seating approximately 30,000 people. The arena within the stadium, where the competing teams manœuvre, measures 684 feet in length by 250 in width. The teams came onto the field in the order resulting from the drawing of lots for position, which was done Monday night in the presence of members of the drill committee and captains of the teams. The results of the contest will not be announced until tomorrow night when the prizes will be presented.

Under the regulations governing the competition, any recognized system of Templar drill may be used in the drill. The points on which each commandery will be marked and the maximum rating on each follow:

Points	15
General appearance	15
Marching and cadence	15
Alignments	15
Wheelings	15
Sword manual	15
Footings	5
Rank movements	5
Oblique movements	5
Templar display movements	15
Total	100

The drill teams entered follow:

- Chicago Commandery No. 19, Chicago.
- St. Bernard Commandery No. 35, Chicago.
- Englewood Commandery No. 59, Chicago.
- Columbia Commandery No. 63, Chicago.
- Woodlawn Commandery No. 76, Chicago.
- Joliet Commandery No. 4, Joliet, Illinois.

- Mount Olivet Commandery No. 12, Wichita, Kansas.
- Newton Commandery No. 9, New Orleans, Louisiana.
- California Commandery No. 1, San Francisco.
- Kansas City Commandery No. 19, Kansas City.

The first prize is a 12-gallon sterling silver punch bowl and ladle, with thirty silver drinking cups. The cups represent the thirty constituent commanderies in Colorado, each bearing the name of a commandery and its number. The bowl is engraved with famous scenes in Colorado and bears the seal of the Grand Commandery of Colorado in colored enamel. The handles are crested with knights' helmets and shields. The cups also bear the seal in enamel. The ladle has the seal supported by a passion cross, all being embossed with Colorado scenes. The engraving has the laurel signifying victory, the oak leaves and branches for strength and the grape for good fellowship.

The second prize is a sterling silver loving cup, thirty inches high, engraved with Colorado scenes. Its cover is a mounted knight. The third prize is a parlor grand piano, and the fourth and fifth prizes are silver loving cups. The value of the prizes are \$5,000, \$2,500, \$1,500, \$1,000 and \$750. Each member, regular and substitute, of every drill team competing will receive a handsome souvenir.

ALABAMA GOVERNOR NAMES A SENATOR

Rep. Henry D. Clayton Chosen to Succeed Senator Johnson—Commission Forwarded

Montgomery, Ala., Aug. 13.—Shortly after 5 o'clock Tuesday evening, Gov. O'Neal announced the appointment of Henry D. Clayton, Alabama Congressman, to fill the vacancy caused by the recent death of Senator Joseph Forney Johnston. Mr. Clayton's commission was delivered to him in the Governor's office, the ceremony being brief.

Mr. Clayton accepted the appointment and announced that he would leave at once for Washington to present his credentials to the Senate. He stated, however, that he would not resign his seat in the House until after he is seated in the Senate.

Gov. O'Neal issued a statement in which he said that he was of the opinion that authority for making the appointment was given under that clause of the seventeenth amendment, which provides that the amendment shall not

afect the election or term of any Senator chosen before it became valid as a part of the Constitution.

The statement recounts the election of Senator Johnston for a term of six years prior to the adoption and ratification of the seventeenth amendment, and mentions the fact that numerous attorneys of standing and ability had been conferred with. He pays high tribute to his appointee, and admits that he recognizes a very grave Constitutional question is presented about which eminent lawyers differ.

Mrs. Terry King, state secretary of the Christian Woman's Board of Missions, delivered an address here yesterday afternoon at the home of Mrs. C. G. Tavis. The address was on the subject of missions and was under the auspices of the local Christian auxiliary. The meeting was largely attended. Mrs. King was the guest of Mrs. T. W. Caskey while here. She left this afternoon for Amarillo, where she is scheduled to deliver an address before the Christian women of that city.

SCHAFF SAYS KATY IMPROVEMENTS WILL NOT BE MADE

Dallas, Texas, Aug. 12.—Recently the publicity department of the Missouri, Kansas and Texas Railway announced through the press the closing of a contract amounting to over \$1,000,000 for burnt ballast. President C. E. Schaff, to whom the article was referred, advises the announcement is inadvertent and unauthorized. Mr. Schaff admits that the publicity department was advised some time ago of plans that were formulated, contemplating substantial investments in Texas, but that this action had necessarily been suspended pending the outcome of the very serious litigation which the State is now prosecuting against the railway.

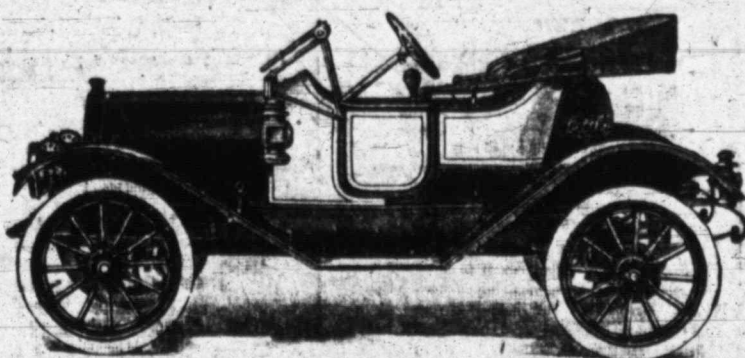

President Schaff in positive terms reiterated his former statement that it would be unwise and imprudent for the railroad company to make further investments in Texas in face of the hostility of the State's administration, or until such time as the rights of the M. K. & T. had been determined by the courts.

IN THE SPHERE OF WOMANKIND

In the Morning,
Through the gates of dawn is driven
Mighty Phoebus in his car,
And the bloom of night is riven
By his lances hurled afar.
Now the winds of dawn awaken;
With a bugle note they call,
And my resolution's shaken.
But I shall not get up at all!
Now the little birds are singing
Their sweet matins in the trees,
And the cock's shrill cry goes ringing
In defiance down the breeze.
Now the world begins to shuffle,
And repose from all has fled,
And they rise and don their duffel,
But I shall not leave the bed!

I can hear the dishes clatter,
I can hear the household yawn;
Now I hear the children chatter
As they put their garments on.
Now I hear the misssu calling,
"Do you mean to sleep all day?"
And—the thought of it is galling,
I shall get up, right away!"

HOUSE PARTY AT LAKE ENJOYED BY YOUNG PEOPLE.

A number of young people are spending a few days at Lake Wichita, using some of the cottages here for a house party. The male members go out in the afternoons as soon as their work in town is finished, remaining until next morning. Dancing, boating and other diversions in addition to the varied enjoyment of "camping out" are expected to make time pass pleasantly for all concerned. Mrs. W. M. McGregor and Mrs. E. B. Carver are the chaperones, the women being Misses Annie Precary, Eddie Carver, Genevieve Carver, Mabelle Jackson, Lillian McGregor, Kathleen Blair, Mabel Simpson, Kathryn Hindman, Messrs. Merrill Blair, Cliff Bulloch, Burton Stayton, Bobbie Burns, Carter McGregor, Ben Bell, John W. Thomas, Wiley Blair.

Big dance tonight at lake and every Saturday. Music by the Lake Wichita eight piece orchestra. Good order and good time promised. Under new management. One step strictly forbidden. 79 tip

AMERICAN BANKERS TO HOLD CONFERENCE ON CURRENCY BILL

New York, Aug. 11.—A. Barton Hepburn, chairman of the Chase National Bank, director, acting as chairman of the currency committee of the American Bankers' association, has called a meeting of the bankers of the country for action on the currency bill. It promises to be the most important conference the association has ever had. The calling of the conference is nominally made dependent upon whether or not the Democratic caucus of the house of representatives on Aug. 11 decides to proceed with the present bill. It is practically assured, however, that the conference will be held, as bankers feel certain that the caucus will support the administration.

PROBATION OFFICER WILL BE EMPLOYED

Selection Will be Made by County Judge from Recommendations of School Superintendents

The county commissioners authorized the county judge to appoint a probation officer for Wichita county as provided for in the new juvenile law. This law provides that the county superintendent of schools together with the superintendent of school in the two largest school districts in the county, which in this county means the superintendents of the Wichita Falls and Electra schools shall recommend to the county judge the names of three persons for this position from whom the judge shall make a selection. The salary will be set by the county judge.

CONTINUANCE AND CHANGE OF VENUE

A. J. Jackson Will be Tried in Archer County on Second Monday in October

A continuance of trial and change of venue to Archer county was obtained in the case of A. L. Jackson under indictment and charged with murder in connection with the killing of Charles Yearly here July 15th. The case will be taken up on the second Monday in October in the Archer county district court. The continuance was granted upon the application of Jackson whose attorneys presented a petition alleging that the defendant's physical condition was such that he could not stand trial and that to do so would endanger his life. The petition also alleged that Judge A. H. Carrigan, leading counsel for the defendant had not been able to participate in the preparation of the defense on account of having been bitten by a poisonous insect which had kept him at his home and further that material witnesses for the defendants had not been located after diligent search. The special venire summoned for the jury in the case this afternoon was dismissed.

Jackson was carried into the courtroom on a mattress this morning and laid on a cot from where he heard his arraignment to which he entered a plea of not guilty. He is being represented by Carrigan, Montgomery and Britain, Walter Nelson and Attorney Murchison of Haskell.

KATY HEARING HERE MAY BE POSTPONED

Anita, Tex., Aug. 12.—Failure to secure service on witnesses will call a temporary halt in the taking of testimony in the State's suit against the Missouri, Kansas and Texas Railway Company, according to Assistant Attorney General Luther Nickols, who is prosecuting the litigation. A number of witnesses, including President Schaff of the Katy, are wanted by the State to testify at Wichita Falls Aug. 18. It appears it will be necessary to postpone the testimony at least a week perhaps.

SULZER IMPEACHMENT (VOTED BY LEGISLATURE)

(Continued from Page 1)

Senator Palmer, a Grand Army veteran called at the Executive Mansion this afternoon to consult Gov. Sulzer concerning the dedication of a monument at Andersonville, Ga. Mrs. Sulzer is said to have confided her story to the Senator during his call.

According to other friends, in whom Mrs. Sulzer has confided, she has declared she used some of the Governor's campaign contributions because she felt that the household was in need of money.

It is reported that Mrs. Sulzer is preparing a detailed statement for publication tomorrow. In this statement she is said to have itemized all her transactions in Wall street in which any of the Governor's campaign funds were involved.

The Governor, it is said, knew nothing of his wife's dealings on the Stock Exchange until shortly before the Frawley committee began its investigation. When he first heard the revelation, his friends say, he refused to believe them, ridiculed them as a hoax and branded them as an attempt to secure his resignation.

Later, when it was seen that the Frawley committee was in earnest in its investigation, Mrs. Sulzer, it is declared, told the Governor of her actions and volunteered to make a public statement detailing them. This, it is said, Gov. Sulzer refused to permit. When the testimony concerning the Wall street transactions was brought out, Mrs. Sulzer again insisted, according to the story, that she tell all and save her husband.

On the advice of Judge James Gay Gordon of Philadelphia, who was Gov. Sulzer's attorney in the Mignon Hopkins branch-of-promises case, and Attorney Louis Marshall, Mrs. Sulzer, it is said, was persuaded to remain silent. Judge Gordon, it was learned today, has been a guest at the Executive Mansion several days, advising both the Governor and Mrs. Sulzer.

Stock Market Deal
It also was said by the friends of both the Governor and his wife that, during the campaign Mr. Sulzer gave Mrs. Sulzer \$800 for personal expenses. She is said to have told her confidantes that this sum was invested with others in the stock market. The Governor's friends thought tonight that this would account for the \$800 payment to Boyer, Griswold & Co., who was mentioned in testimony before the Frawley committee.

Since his occupancy of the Executive office, Gov. Sulzer has declared he has been subjected to continual espionage. Spies invaded his household in New York before his inauguration, friends declared, and followed him to Albany.

Many private documents belonging to both the Governor and to Mrs. Sulzer have disappeared, among them, according to Mrs. Sulzer's friends, many papers which could be used in substantiation of her story concerning her alleged use of the Governor's campaign funds.

Love letters written to her by the Governor during their courtship also have disappeared recently, friends assert.

Ready Instantly

Place a level teaspoonful of Instant Postum in an ordinary cup, pour on hot water, stir until dissolved, add sugar and cream to taste—

and you have instantly a most delicious beverage

This makes Instant Postum right for most people. Some like it stronger and use a heaping teaspoonful and plenty of cream. Experiment until you get it right for your taste and have it always made that way.

Instant Postum

is regular Postum reduced to powder form and soluble in hot water.

Postum comes in two forms.

Regular Postum must be boiled.

Instant Postum requires no boiling, but is made in the cup—instantly.

Postum is a pure food-drink made from whole wheat and a small percent of New Orleans molasses. It is entirely free from the coffee drug, caffeine, and is used by hundreds of thousands who appreciate the comfort and advantage of being well.

If coffee don't agree, try Instant Postum.

Wichita Falls, Texas, August 13, 1913

"Hiding behind your wife's skirts is merely a figure of speech these days"

is says the Bartlettville Examiner.

Over 12,000 soldiers, the pick of the U. S. regular army, are still stationed in Texas close to the border and it isn't at all probable they will be taken away until the Mexican trouble is cleared up.

When I was a young man I was impatient. I thought because a thing was right it ought to be secured at once. But I have learned to be patient. I have found that only those who are in error need to win at once. Those who are right can wait. William Jennings Bryan.

Who knew that Dr. Edward Bayard Hale was in Mexico as a special representative of the American government until the news dispatches told of his meeting Envoy Lind at Vera Cruz. The answer will show that your Uncle Woodrow isn't so slow as some profess to believe.

There can be no question about it but that the continued dry hot weather is provocative of the sterner passions. A good shower and cooler temperature would cheer everybody up and while it might add to the length of the list of "drunks" on the police court docket it would certainly lessen the number of tragedies which have broken forth in the last few weeks.

Governor Colquitt is getting ready to show up the legislature, for according to Austin dispatches, he is preparing to submit congressional and senatorial redistricting at this session. There are about as many distinct and separate ideas as to how the state ought to be redistricted as there are state senators plus all those who have congressional aspirations and when these divergent views come into juxtaposition the confusion that results will give the governor a good opportunity to point to them and say "just look at the bunch which I have to deal with."

NO NAMES WERE MENTIONED

From the esteemed Congressional Record we learn that the Chaplain, Rev. Henry N. Conden, D. D. offered the following prayer on the opening of Congress, Friday, August 8:

"Father in heaven, let Thy blessing descend copiously upon us, that our minds may be clarified and our hearts strengthened for whatever tasks may be laid upon us. Loving mercy, doing justly, walking humbly with Thee, for if we are with Thee who can be against us? Reputation may suffer by the trader, but if the character points to the pole, in spite of wind and tide reputation will right itself and we shall sail on and in due season reach that fair haven for which we all long under the guiding hand of the Great Captain of our salvation, Amen."

And not a word had been said about the lobby investigation either.

PRESIDENT WILSON BREAKS ANOTHER PRECEDENT

"It is the established policy of the United States to recognize all Governments without question of their source or organization or of the means by which the governing persons attain their power, provided there be a Government de facto accepted by the people of the country."—President Franklin Pierce.

Opponents of President's Wilson's policy in dealing with the Mexican situation are quoting this declaration of President Pierce as a precedent which ought now to govern. President Wilson has shown a disregard for

Resolutions Adopted At Farmers Union Convention Last Week

Resolutions were read and adopted at the eleventh annual convention of the Farmers' Educational and Co-operative Union of Texas, at San Antonio, August 5th, which the farmers pledged themselves to work for the upbuilding of Texas, upheld the policies pursued by President Taft's administration, and sounded a keynote of greater cooperation among the farmers in working out the marketing plans formulated by the Farmers' Union.

The report of the committee on resolutions follows:

"Resolved, that there are many faces within the advancement of rural interests, among which forces the Farmers' Union of Texas commends the work being done by the extension department of the State University and endorses its campaign by asking that they be extended in every way possible. We especially commend the work of the federal department of agriculture, and congratulate the people upon having at its head one who recognized the marketing problem as the greatest that confronts the American public today. Hon. David P. Houston.

"We also especially commend the work of Dr. Bradford Knapp and his agents, and request our state president to send Dr. Knapp a copy of this resolution and write him a personal letter requesting a more active cooperation of his local demonstration agents in Texas with the Farmers' Union, by permitting them to act as official organizers of, and lecturers in, local unions in their respective counties (when they can do so without interfering with their regular work) to the end that the farmers in general may become more thoroughly educated and organized along agricultural and co-operative lines.

"We reaffirm the position of our constitution on scientific farming and urge the co-operation of members of the Union with every practical movement looking towards the betterment of agriculture.

"We commend a series of articles which our able president, Mr. Peter Bradford, has given the press and give them our unqualified endorsement. We consider the problems of the farmer to be production, marketing, rural credits, transportation and co-operation, and we deem it advisable to authoritatively define the position of our organization in these matters.

Production. "The Farmers' Union has always taken the lead in scientific methods of production and has urged the most rigid economy in the production and marketing of crops. We have stood practically alone in advising the farmers to co-ordinate production with consumption and profitable diversification is one of the early contentions of the Union.

"We believe there is much to be accomplished by scientific study and experiment in every phase of agriculture from seed breeding to marketing. In a large area of our State, the problem of production is a most serious one and demands experimental and demonstration work in order to make the crop safe and profitable, and in the proved belt of production, many improvements are easily possible.

"We stand for more liberal appropriations for the support of the state and federal agricultural departments, the Agricultural and Mechanical College, and we invite the co-operation of all organizations seeking to promote agriculture.

"We approve the arrangements made by our president with the Texas State Fair Association, designated as 'Farmers Day,' October 22nd, 1913, as 'Farmers Day' and we urge all farmers to attend and receive the educational benefits of the fair.

Marketing. "We declare that marketing is of paramount importance in farming and we urge to agricultural prosperity. We are opposed to any relaxation of effort on the part of government in promoting practical science in production, and on the other hand, favor more vigorous action on the part of all agencies to improve cultural methods, and we pledge the co-operation of the Union to that end. But if the government is now assisting agriculture to the extent of its financial ability, we favor a transfer of a portion of the appropriation from production to marketing. It is our belief that out of every dollar appropriated by federal and state governments, donated by individuals, corporations or organizations, at least fifty per cent should be spent in improving marketing conditions, and we recommend that all agricultural appropriations be made upon this basis.

"We have established a central selling agency at Houston, which will keep all local unions advised of marketing conditions, and we have arranged to secure funds at six per cent per annum for lending on distress cotton. No other plans or methods have received the official endorsement of the Union.

Rural Credits. "We direct attention to the imperative necessity for a better system of rural credits. The farmers pay an average of ten per cent interest on money borrowed on good security and they frequently pay as high as thirty per cent on their crop mortgages. No productive industry can survive such a tremendous strain. Reliable statistics prove that the farmers of Texas earn four per cent on their investment, but must pay ten per cent for money they borrow.

"We need a co-operative system of financing adjusted to our conditions that will give the tenant farmer an opportunity to become a home owner, and all legitimate business enterprises should be able to secure money at a living rate of interest.

"We are opposed to any change in our Homestead law, individual, corporation, institution and agency, both domestic and foreign, that has money to loan, to do business in Texas, to the end that free and unlimited competition may prevail in financial agriculture.

COUNTY TAX LEVY IS NOW ADOPTED

Rate Fixed at 40 Cents Including Additional Special Road Tax

The county commissioners adopted the tax levy fixing the rate at 40 cents. This is an increase of three and a half cents over the present rate. A part of the increase is taken up with provision for road work throughout the county and the remainder was made necessary by increased expenses generally.

The levy is made up as follows: General county purposes 18 3/4 cents. Special road and bridge tax 1 1/2 cents. General road and bridge purposes 10 1/2 cents. Sinking fund 1 3/4 cents. Special jail bonds, 1 1/2 cents.

DEMAND INCREASING FOR BUTTERNUT BREAD HERE.

On another page will be found the advertisement of Butternut bread, made by the Cream Bakery. Mr. Stampfl wants the paper to call special attention to the sanitary manner in which this bread is wrapped and handled and also to the fact that the little blue labels attached to the wrapper are worth saving. For every 200 of the labels turned into the bakery Mr. Stampfl will give the owner a large layer cake, which makes it well worth while to save the labels, especially in view of the fact that in buying Butternut, one gets a quantity of bread that is not exceeded anywhere in the world. In fact since Mr. Stampfl has been making Butternut bread a large number of the best home cooks in the city have given up entirely baking bread and use Butternut exclusively. Mr. Stampfl is now making about 2,200 loaves of Butternut every day and at the rate the demand for it is increasing he will make twice that number of loaves daily inside a few months.

If Wichita Falls continues to grow at its present rate within less than two years a separate judicial district court will be necessary for Wichita county. As it is now the terms of court in this county are not long enough for the trials of all the cases docketed and Judge Martin is kept on the move from one place of holding court to another in the district. Wichita county occupies more of his time than all the other counties in the district combined. Numbers of cases are being venued from Wichita county to Archer and other counties in the district so that they may be tried on the time of other counties which do not have so much litigation. If Wichita Falls could only secure a federal court our lawyers would be kept busy all the time.

A broken truck under the water tank sank the tender, two baggage coaches and a passenger coach on Fort Worth & Denver southbound passenger No. 8 into the ditch north of Toibert between Yermo and Chillicothe last night at about midnight. While the two baggage coaches were badly torn up no one is reported to have been injured. Considerable time was required in straightening out the wreck and the passenger train here at about 2:30 did not come in until after 11 o'clock this morning.

RIVADAVIA, BIGGEST BATTLESHIP IN WORLD IN DRY DOCK, NOW READY FOR FINAL TEST

RIVADAVIA, LARGEST BATTLESHIP IN THE WORLD. PHOTO BY APOLLO PRESS ASSOCIATION

New York, Aug. 12.—After the great new Rivadavia, the biggest battleship in the world, built by American shipbuilders for the Argentine Republic, had been scraped and painted at the Brooklyn navy yard dry dock she was ready to depart for her final trial speed tests off Rockland,

Me., over the government course. The Rivadavia was brought to Brooklyn, as the dry dock there was the only one large enough to accommodate her. She was launched by the Fore River Shipbuilding Company at Quincy, Mass., on Aug. 26, 1911 and was ready for service in about a year. The

Rivadavia is modeled after the Arkansas and Wyoming, but is 1,500 tons larger than either of them. The displacement of the Rivadavia is 27,500 tons, and she has twelve twelve inch guns, all of which can be fired at one broadside. The dimensions of the Drednought are: Length 577.5 feet; width, 96 feet.

EXAMINING BOARD QUESTIONS AIRED

GEORGIA REPRESENTATIVE JUMPS ON NAVAL ACADEMY EXAMINATION IDEAS

MANY EXAMPLES QUOTED

"Catch" Questions Cited by Speaker Whose Remarks Attract Much Attention in House

(By Burton K. Standish, written for the United Press)
Washington, Aug. 13.—The Hon. William S. Howard, representative of Georgia, doesn't like the questions which the examining board asks of all candidates for the United States Naval Academy, and he recently delivered himself of his opinions on the subject and the reasons why, before the House.
Representative Howard left absolutely no doubt in the minds of his fellow congressmen as to his exact and innermost thoughts about some of the entrance examination questions asked would be future naval officers. One of the questions upon which the representative who came from the state made famous by Ty Cobb, lit with both hands and feet was "Trace the growth of democracy in Rome, previous to the Punic war."
"Why shouldn't the candidate instead be asked to trace the growth of Bull Moosism in Pennsylvania previous to the last presidential election?" demanded the fiery Southerner.
"Knowledge of democracy's growth in Rome previous to the Punic war," said Howard, "is just about as helpful to a future sea fighter as would be the knowledge of what's inside of lima beans."
"Why is a Phalanx?"
"And why should it be expected that a candidate have crammed into his brain all the reasons why the Roman legion was tactically superior to the Macedonian phalanx?" Old Gen. J. Caesar himself, probably didn't know why. He probably merely knew that his legions had a better batting average than the Macedonian phalanxes. Still another silly question asked in entrance papers was regarding the spread of Christianity in Rome.
"But perhaps the worst of all was the question asking for complete details of Washington's campaign in New Jersey during the winter of 1776-76. The bright young man who called this question to my attention wrote for twenty minutes before he suddenly realized that Washington wasn't in New Jersey during that time. It was merely a 'catch question' of the kind they use to trip up the small boy in grade school."
"It isn't at all surprising," continued Representative Howard, "that one boy became facetious in answer-

ing the question as to why science couldn't utilize the waters of Niagara Falls with the time honored answer, 'Dammit they can't. And my heart goes out to the young man from Texas who, after struggling with a score of foolish, senseless questions, wrote on his paper, 'You all can go to hell. I'm on my way back to Texas.'"
Howard quoted a number of reasons given for not accepting candidates who have passed the mental examination. They were unscientific definition—meaning poor definition; ingrown toenails; oozes—which means sore nose; and exacerbation of pathogenic symptoms—which sounds bad but means very little.
"If these ailments were made lions in the paths of political honors," asked Howard, "how many of our leading congressmen and statesmen would we have here in Washington?"
Necessity For Cramping.
The Georgia representative's remarks were made partly facetious but they have made an impression. Senator and representatives who didn't know about these matters, are talking about some means of changing the system of entrance examinations for Annapolis. It is the contention that under present systems it is absolutely necessary for a student to "crum like sixty" at a special preparatory school before he can pass such an examination. This cramping it is conceded never means obtaining real information that lasts.

but only enough to get through the exam with.
In discussing the case recently, Howard told of a Brooklyn boy whose father, a warrant officer, could not afford to send his boy to a preparatory school. The boy was the best of his class at school. Four boys, who had stood far lower in the first boy's class attended the preparatory school and passed the Annapolis entrance examination while the first boy, the son of a gunner, as Howard put it, failed.
"The son of a gunner failed; those sons of guns rejected him," said Howard.
It is Representative Howard's contention that only twenty-seven per cent of the 509 boys who took the entrance examination last year passed and out of that number more than half had to take a second or third examination. Representative Howard wants the curriculum and system changed "so that an ordinary human being can pass the examinations and have half a chance to remain at the institution after he gets there."

Kidney Trouble Attacks Wichita Falls Men and Women, Old and Young
Kidney ills seize young and old. Often come with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain.
Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills you must reach the cause—the kidneys.
Doan's Kidney Pills are for weak kidneys—Have brought relief to Wichita Falls people.
Wichita Falls testimony proves it. Willis Holston, barber, 1011 Indiana avenue, Wichita, Falls, Texas, says: "One of my family occasionally has an attack of kidney trouble and always finds Doan's Kidney Pills a fine remedy at such times. They do all they are advertised."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be my very best medicine I have ever used.
After taking Black-Draught for a few days, I always feel like a new man."
Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.
To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.
Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 122

Altogether more than eight miles of new steel is to be laid. All the yard tracks are to be brought to the same level.

THE SOUTHLAND ADDITION

Will be placed on the market about the middle of September. This addition will present to the public the best equipped and most modern addition ever placed on the market west of Fort Worth. Sidewalks, curbing, sewerage and electric car line will be pushed to completion. Besides these very necessary and splendid conveniences the Southland Addition WILL PROTECT THE BUYER in his investment by placing protective restrictions on the property that will prevent lots being cut crosswise and backing outhouses up against the front of other lots; preventing the building other than residences upon the property; and placing a building restriction that will enable the buyer to build a modest home but prevent the building of shacks aside of good improvements. Prices will not be available on Southland lots in advance of the improvements being completed but the prices to be made WILL APPEAL TO THE BUYER AND WILL BE WORTH EVERY DOLLAR ASKED. At the proper time full details and plat will be published. Southland Addition extends from Grace street to the Sealing residence and south of 11th street at intersection of Brook, to and beyond new car line.

MONEY AND FAITH

These are two of the great essentials in buying real estate. Lots of people have the money and yet they lack faith. Others have faith and lack the money.

If you have resided here as long as six months and haven't got the confidence that this is going to make a large city, then you ought to rub up against a wide awake real estate man and come out of your trance or stupor awakened to the great possibilities that surround you.

Don't you know that Wichita Falls is going to make a city? Can't you see its great natural advantages which are bound to make it grow to a large manufacturing, industrial and commercial center? Certainly you can see it if you will but open your eyes. We have water, gas, railroads, oil, coal, good farming lands with a large trade territory to draw from with no competitive city. We also have the finest bunch of business men that you can find anywhere. What more do we need? Why, it is a cinch that we are going to build a city here. If I didn't think so I would move out, wouldn't you?

Well, you say that you have the money and the confidence, but you are going to wait awhile to invest.

Are you waiting for a slump, cool weather or a big sensational movement in real estate? If so, learn now your mistake. There will be no slump in Wichita Falls property, and prices will never be so low again as they are today. Hot weather should cut no ice nor delay you, neither should you wait for some excitement, but learn to use good judgment rather than impulse.

The best time to purchase property is when the market is quiet as you will find more good bargains offered. Never wait for a big rise to buy property for it is then that every one wants to buy and no one wants to sell, consequently you don't find so many bargains offered.

Now if you have a little money and will call at my office, suite 211, Kemp & Kell building, I can soon convince you that we can make your little money grow into big money by investing it in Wichita Falls real estate.

You will note that I have changed my office but that I am still in the real estate business.

While I expect to push Floral Heights as a leader for bargains, yet you can rest assured that if there are any other bargains offered in the city you will find them among my listings and I will take great pleasure in showing them to you. I have quite a few of these bargains now. Call and see me.

LONDON CLOTHES THIN AND AIRY

ARE WOMEN ADOPTING NEW MEANS TO GET BALLOT FOR SELVES.

MAY FOLLOW MRS. GODIVA

Later, it will be recalled, Rode London Streets in "September Morn" Costume

(By Ed L. Keen, London Correspondent of the United Press)

London, Aug. 12.—There is no question that London today is the champion city of the world for diaphanous drapery. Recent visitors from Paris, Vienna, Berlin, Budapest and even Rochester, N. Y., say that the exhibition of female landscapers in Bond street and Piccadilly surpasses anything of the sort they have ever been privileged to see. The Miss Blossom who was fined \$25 in Richmond for blossoming out in slashed skirt, from the description of her dress, wore winter garments compared to abores of dress seen here. In point of tenacity it makes the August attire of the women folk back-home look like that of Sakkios at a mid-winter out-door fete.

And the militant suffragettes and circumspect, unfrivolous Right-Honorable Herbert Henry Asquith, Premier of Great Britain and Ireland, have been blamed for it all. While it is conceded that as yet the Premier's Asquith wouldn't risk even one eye should Lady Godiva pass through Downing street, his accusers insist that he is the real reason for the prevailing anti-traditional variety of X-ray dresses, bifurcated blouses, slashed skirts, and almost stockings. This is their argument:

Suggests What it Conceals

Asquith refused to give women the vote. Thereupon one section of the female population felt compelled to emphasize their claim to equality with men by appropriating their own sex as far as possible; while the other section, as a protest against this method, proceeded to accentuate their femininity by revealing to a greater or less extent those features which distinguish themselves in the manner which their experience indicates is most alluring—the gown that delicately suggests what it conceals, the soft, swishy, translucent fabrics that are so effective in insulating the imagination.

This cloak is upheld by one of London's foremost nerve specialists who declares: "While many women follow the fashion of the moment without a thought, militancy has done more than its authors suspect to upset the former delicate relations between the sexes. The adoption by the militant of masculine or near masculine attire has caused a reaction, an dthe non-militants have thought it their duty to pre-empt their femininity by a wholesale process of 'undressing'."

Lady Duff Gordon, writing from Paris, refuses to believe that the situation in London is as bad as it has been presented. "If there is a suggestion of immodesty," she says, "it is because fat and ugly women have been wearing dresses which do not tolerate the exposure of slashed skirt, but some daring woman, like daring costumes, the gracefulness and modesty of which depend entirely on the physique of the wearer."

Physique Clothes Healthier

Anna Pavlova, the famous Russian dancer (who has sometimes been accused of too great a fondness for "undressing") supports "Laerle," she says, "What suits one woman will not suit another, and a slash four inches above the ankles might be charming in one woman and almost indecent in another."

Lady Alexander, wife of England's great actor-manager, defends the abolition of the petticoat by saying: "What does it matter what we do or don't wear under our dresses so long as we look nice? Wearing fewer clothes is much more healthy than a lot of trailing petticoats to pick up dirt and microbes."

THE LAST GIFT

It is the custom to give gifts unto your children. Every year you remember your loved ones and friends. Yet many a gift before the year closed, was unremembered and unappreciated. As a last gift that dear old FATHER and MOTHER left you a legacy of truth, honesty and fidelity, along with a handsome sum of ready cash. Next day there was a protest filed in the county courts contesting the will. What is the matter? The will calls for a \$30.00 memorial head-stone to be purchased and placed at their graves as a LAST GIFT. The children in protesting say, "They do not need it. A \$10.00 tomb-stone is good enough." Visit the spot and you will find they sleep in UNMARKED, UNREMEMBERED GRAVES. The Wichita Marble & Granite Works do not erect TOMB-STONES, but instead beautiful and lasting MEMORIALS, that are appreciated by friends and loved ones. Come to see us. AFTER THREE DAYS' SESSION CATHOLIC FEDERATION CLOSSES Milwaukee, Aug. 13.—After a session of three days, the twelfth annual convention of the American Federation of Catholic Societies of the United States, closed today. The final sessions today were given over to addresses by some of the most noted Catholic prelates and laymen in the country. Today's session began with a business meeting at 8:30 this morning. After luncheon nearly all the 30,000 delegates and visitors went by boat or automobile to St. Francis, Wisconsin, for an outdoor service and picnic. While the Catholic Federation has been in session the Catholic Press Association has been holding its annual convention in nearby buildings. E. J. Cooney of Providence, R. I., presided at the sessions.
