THE JUNCTION EAGLE

Volume 45

Junction, Kimble County, Texas, Thursday, January 17, 1929

Number 40

JUNCTION WOMAN HAS ATTAINED AGE OF 92; IN TEXAS 87 YEARS

A thin trembling hand was extended to a visitor, and a subdued voice feebly uttered a warm welcome. It was the voice of the oldest living inhabitant of Junction; the voice of a woman and mother who had lived for more than 92 years, and had known the hardships and woes of the pioneer woman who faced the broad expanse of uncivilized Texas to rear her children.

Mrs. Catherine Highsmith, of Junction, was 92 years old last December 20. Until three months ago she was able to be up but recently she has remained in her bed continuously. Mrs. Highsmith has been in Texas since 1840 where she came from Lincoln County, Missouri, when she was but five years of age. She first moved to Bastrop County, Texas, where she remained until 1903, when she moved to Kimble County. Like other pioneers, Mrs. Highsmith had her experiences with the Indians that roamed the country in those days making existence perilous for the white settlers.

Mrs. Highsmith reared six children, all of whom are dead today except Mrs. Ellen Allsup of Junction. Mrs. Highsmith's husband served in the war of independence which the Texans waged against the Mexicans.

A great change has crept over Texas since she first saw it 87 years ago. Large cities have sprung up where there was nothing but open spaces and the days of hardships have been practically eliminated.

This venerable little woman who has lived nearly a century can still see the brighter side of life, even though she can scarcely see and is confined to her bed.

RICHARD HULL DIES

Richard Hull, the six year old son of Mr. and Mrs. J. R. Hull, died in Junction Wednesday after an illness of only a few days. Richard took sick less than a week ago and was brought from his home east of Junction to the hospital here where he underwent an operation, after which complications arose and the little fellow died Tuesday, January 15. The funeral services were conducted by Rev. M. F. Hill at the residence of Mrs. L. S. Hoggett Wednesday afternoon at one o'clock, and the body was buried in the Junction cemetery.

This little boy was permitted to brighten the home for just six years and five months before being called up higher. It is hard for us to understand these sad dispensations. The bereaved parents and relatives have the sympathy of a host of friends in this sad hour.

WEATHER REPORT

The weather has been warmer the past week. It has been cloudy the greater part of the time, but there has been no rain. Prospects for rain are good and a good season would be beneficial at this time. The dry weather has been good for the crews putting in the water system and the pipe line. It has been a mild winter thus far on cattle, sheep and goats.

Hon. and Mrs. Coke R. Stevenson were at home for the week-end. Mr. Stevenson says that he is having lots of fun in the legislature, and further says that he is running with the right crowd. His friends in Junction knew that he would keep the right kind of company. He helped elect the speaker of the house by making one of the speeches that influenced the members to vote for Mr. Barron.

Mr. Luther McDonald went to Menard Tuesday after a car load of new Chevrolts.

Old First National Bank Vault Torn Out

The old vault used by the First National Bank of Junction when it was an active concern here is being torn out this week prior to improvements which Mr. P. Joseph is planning to make on the building. It is understood that Mr. Joseph will remodel the building and open a store which will handle gentlemen's furnishings exclusively.

This old vault was constructed of concrete, reinforced by half-inch iron rods. The sides of the vault were six inches thick while the top was twelve inches. Men have been employed with sledge hammers and steel wedges for the past week trying to tear out the old vault.

OUTLOOK FOR ACTIVE FIRE DEPARTMENT IN JUNCTION BRIGHT NOW

The plans for organizing a permanent fire department which will assume the name of Junction Volunteer Fire Department are progressing rapidly, according to City Fire Marshal John M. Hankins. The plan which Mr. Hankins has been working on is for every business house furnish the services of one of its younger employees for a short period twice a month in order to be able to hold the bi-monthly fire drill. It is understood that if these drills are faithfully executed twice a month for a period of one year the fire insurance rate will be cut by fifteen per cent.

Mr. Hankins has visited about one half of the business houses to date and reports that only one of the business men so far has refused to furnish the services of one of his employees for the fire drills. It is expected that every business man will be interviewed by Mr. Hankins before another week passes and a sufficient number of men will be obtained to start the drills soon. Mr. Hankins is almost sure that the plan will be a success.

One of the most noticeable deficiencies in the equipment of the Junction Fire Department is a truck which will be powerful enough to give service and one which will be able to carry the hose. Another need is a cleaning rack where the hose may be cleaned and washed. It is understood that the City Council is working now on plans which will remedy these situations.

In planning for the future of the Fire Department Mr. Hankins stated that when Junction obtained a city hall where the fire department could be located, quarters would be arranged where four men could sleep at the station all the time.

PROGRAM FOR CHURCH OF CHRIST SERVICES

The Bible classes of the Church of Christ will meet at 10 o'clock Sunday morning at the regular meeting place. Preaching will start at 11:00 o'clock. The evening service will begin at 7:00 o'clock.

A business meeting concerning matters relative to the church will be held at 2:30 Sunday afternoon at the church. Elder J. S. Newman, minister, requested that there be a large attendance at all these services.

JUNCTION HARDWARE CO. BUILDS NEW SIDEWALKS

A concrete walk six feet wide is being laid along the west side of the Junction Hardware Company. A curb approximately two feet wide is being laid also, preparatory to the paving which will soon be placed on that street.

Mrs. Frank Patterson was taken to the Seor Hospital Tuesday. She has been ill with the flu for several weeks. Mr. Patterson and Dr. H. E. Luehrs accompanied her to Kerrville.

AMERICAN ANGORA GOAT BREEDERS HOLD ANNUAL MEET HERE

F. T. Earwood, of Sonora, is
Elected President of the
Association

The American Angora Goat Breeders' Association held its annual meeting in Junction last Tuesday before a group of approximately 100 members and several visitors. The meeting was held in the Texan Theater instead of the Court House as was formerly announced.

The morning session opened at 10:30 o'clock with Mr. Fred T. Earwood acting as temporary chairman. The Rev. Milton F. Hill, pastor of the First Methodist Church at Junction, delivered the invocation. Following the opening prayer, Judge Weaver H. Baker of Junction, pronounced the welcome address to the members of the association, and in the address stated that the members were always welcome to Junction and needed no key to the city. He also explained that the comparatively small attendance was due to the epidemic of influenza which has swept this section of the country.

After the welcome address was completed, chairman Earwood called upon W. H. Dameron to respond to this address. Mr. Dameron is connected with the Experiment Station located at Segovia.

After being called upon by the chairman, Judge J. B. Randolph delivered a short, snappy speech warning the goatmen to be economical during the years of prosperity because a slump is eventual. He also paid tribute to J. A. Ward, deceased, president of the association.

Following these speeches the minutes of the meeting held last year at Rocksprings were read by the secretary of the association, Miss C. Bourland. The minutes were adopted as read by the secretary.

After the reading of the minutes Dr. O. B. Babcock and Dr. Tunniff of the Experiment Sub-Station No. 14, located between Sonora and Rocksprings, gave brief talks concerning the work which was being accomplished at this station. Dr. Babcock spoke of the work which is being conducted at the station concerning measures taken against the goat lice. He mentioned the most common forms of goat lice and the methods of destroying these. Dr. Tunniff explained certain diseases among goats and lectured concerning certain plants and shrubs which were poisonous to goats.

After attending to routine business the meeting adjourned temporarily for lunch at 12:15 o'clock.

Lunch was served to members in the Court House at 12:30 o'clock by the ladies of the Cemetery Association. According to a register kept at the entrance of the dining hall over 220 people were fed during the lunch hour. The Kimble County Chamber of Commerce Band rendered a concert throughout the lunch hour for the benefit of the diners. Chevon was served at the meal, and all the meat was furnished by two members of the Association, Mr. J. S. Farmer and Mr. Jack Turner. After the meal was completed, cigarettes, cigars and chewing gum were furnished the members.

The afternoon session of the annual meeting was called to order at 2:45 o'clock by Chairman Earwood. The first speech was made by Mr. Raymond of the International Exposition and Live Stock Show of San Antonio. He invited all the members of the association to be present at the next Exposition.

Next on the program was a speech from Mr. J. M. Jones, professor of animal husbandry at A. & M. College at College Station. He urged the members to prepare an exhibit of mohair and its products for the State Fair at Dallas next year. A motion was made and carried that a committee be appointed to study this question and sponsor an exhibit at the State Fair next year.

Resolutions which had been drawn up by Messrs. Bob Davis, R. E. Taylor and M. D. Taylor were read to the association and all of them were adopted unanimously. One of the resolutions concerned the problem of eradicating the blow-fly. The resolution asked that the A. A. G. B. A. submit to the Legislature a request for an appropriation to study methods of eradicating this pest. The second resolution embodied a tribute to the deceased president of the association, Mr. J. A. Ward. The third and last resolution is quoted below: "Be it resolved by the A. A. G. B. A. in convention assembled that it express to the citizens of Junction and of Kimble County and to the Chamber of Commerce of Kimble County its sincere appreciation of the many courtesies accorded its membership during its pleasant visit and it looks forward to a return of its convention to this great county and city, and be it further resolved that this association extends to Mr. T. B. Phillips and the management of the Texan Theater its thanks for the use of its building for the meeting of the A. A. G. B. A."

A motion was placed before the assembly that the annual meeting of the A. A. G. B. A. should be held in Rocksprings, Texas, permanently. This motion provoked much discussion and a counter-motion was made which stated that the matter should be referred back to the executive committee which would make a report at the next annual meeting. This motion was carried and the matter was dropped.

Included in a report made by the secretary of the association, it was stated that 36 new members were added to the membership list of the A. A. G. B. A. during the past year. Also there were 6,872 registrations made this year, which amounted to 1,430 more than for the previous year. There were 2,196 transfers of registered goats during the year just closed. Texas led all states in the number of registrations. Oregon was second.

The committee which was appointed to count the ballots would decide the new directors for the ensuing year reported at 4:00 p. m. and the names of the new directors were read. The new directors are: F. T. Earwood, T. C. Hampton, V. A. Brown, Jack Turner, C. A. Pepper, F. O. Landrum, Mrs. M. Armer, B. M. Halbert, Jr., L. W. Riddell, David Riddell, Aubrey Gist, U. S. Grant, M. L. Conklin, W. W. Nipper, Jno. Guthrie, Sam F. Cooper, Bob Davis, C. A. Thomas, J. L. Guley, J. P. Weathersby, A. K. Mackey, C. C. Gage, J. B. Stump, Jr., W. H. Rawlings and M. D. Taylor.

Following the election of the directors a discussion arose concerning the present method of electing the members that compose the board of directors. A (Continued on page 8)

New Water System Nearing Completion

With the laying of water mains nearing completion, the large well, sixteen feet in diameter almost finished, and material on the ground for the new 100,000 gallon tank, Junction will soon have a modern system. The mayor and members of the city council are giving the installation of the system their personal attention, and believe that the tax payers will get value received for money being spent on the new plant.

The new well is being dug near the river in the southern part of the city. It is believed that the well will furnish ample water for a city three times the size of Junction.

After the water system is completed, the people of Junction should consider a modern sewer system.

HEALTH CONDITIONS

AT SCHREINER HIGH SCHOOL IMPROVED

Mr. H. B. Cowles, Superintendent of Schreiner High School, stated Wednesday that the influenza epidemic had begun to subside among the students of the local schools. He said that many more pupils were in school this week than had been in the past week. The condition among the pupils is good now.

However, some of the teachers have been sick during the past week. Mr. A. J. Bierschewale was out for three days because of sickness. Mrs. Grady Kindrick was out one day because of illness. Miss Austin Durst was absent from her desk Tuesday and Wednesday because of illness. These were the only ones reported sick by Superintendent Cowles.

The furnace, which has been repaired recently, is working well now, and is keeping the building warm, continued Supt. Cowles.

One new pupil has entered the school since last week.

Announcement was made Wednesday that the music room at the high school was open now. The piano has been moved into the building and lessons are being conducted by the instructors. Mrs. Guy C. Wynne, Mrs. C. W. McCarroll and Mrs. Brown are the instructors of music at the school. Mrs. Brown lives in London, but comes to Junction daily to teach music.

LOEFFLER MOTOR CO. MAKES IMPROVEMENTS

The Loeffler Motor Company is just completing a series of improvements about the building. The entire floor space of the Storage and Service room has been converted into a concrete floor. The sidewalk on the east side of the building has been widened and an underground gutter to drain off water has been built.

TAILOR SHOP MOVES

The Quick Service Tailor Shop is completing the task of moving this week. The tailor shop is quickly being set in order and style sheets of spring and summer clothing are already on exhibition at the new plant which is located in the building recently vacated by Skaggs Grocery Company.

Modern and efficient machinery is being installed in the plant and Mr. Boyett, proprietor, states that he is now in a position to render more efficient service than in the past.

Mr. Perry O'Neal of the Municipal Engineering Company of Dallas was here this week submitting plans of a sewer system for Junction. Junction has reached the stage in its growth and development that a modern sewer system is essential to the health of the town.

RESOLUTIONS IN HONOR OF J. L. WARD ADOPTED AT MEETING OF GOATMEN

When the American Angora Goat Breeders' Association met in Junction last Tuesday, there was a great feeling among the members of the loss of someone who meant much to the association. This person—Mr. J. L. Ward—died recently in a local hospital following a serious operation.

Because of the kindly feeling which this association had for this man who was president of the association before his death, a resolution of respect was drawn up by Messrs. Bob Davis, R. E. Taylor and M. D. Taylor and read before the association. The resolution was adopted unanimously. Below is a copy of the resolution as read before the assembly:

"Whereas, on January 6, 1929, our Great Redeemer in his great mercy saw fit to take from our midst our beloved friend and leader, John A. Ward,

Be it resolved, that the American Angora Goat Breeders' Association in regular annual session assembled in Junction, January 15, 1929, express its sympathy to Mrs. J. A. Ward and family and that it enter on its minutes this tribute to this good man whose sudden passing leaves us with aching hearts:

Mr. John A. Ward was a West Texan of the old school, genuine in his friendships, square in his business contacts and always keenly alive to what was necessary to advance the interests of the goat industry. He was a pioneer, who assisted in elevating the standards of goat raising by the breeding of better and better animals. In this work he not only prospered himself, made the Ward goat known from the Atlantic to the Pacific, but added wealth to the pockets of every man on whose hill studded ranges roam the white fleeced goat. He was a companionable man whose contacts with his friends was always a source of pleasure and his smile was a real message of affection and happiness at seeing some friend and acquaintance.

In his going we feel an irreparable loss and to his memory is dedicated this year the work of the A. A. G. B. A. which he so ably served as flock master.

Be it resolved that a copy of this resolution be sent to Mrs. Ward, to the press, and that a copy be spread upon the minutes of this association."

T. M. JONES DIES

Early Tuesday morning the news spread rapidly over town that Mr. T. M. Jones was dead. It was a surprise to many as it was not generally known that he was ill. He was a quiet, unassuming man and had many friends here.

Thomas Madison Jones was born in Ouachita County, Arkansas, March 23, 1853. When ten years old he moved with his parents to Texas, and came to Junction in 1901. While he had not been well for some time, he was confined to his bed only a few days. Rev. Milton F. Hill conducted the funeral services Wednesday afternoon and the body was buried in the Junction cemetery.

Mr. Jones was married to Miss Dora Kaiser November 30, 1910. The wife, three children, five brothers and one sister survive him. The sister and one brother live in South America.

The home going of Mr. Jones removes another old timer from our ranks. He has not lived here as long as many of our citizens have, but he was not looked upon as a new comer.

Mr. John S. Munn has been appointed city secretary and will open an office in the second story of the new Bissett building as soon as it is completed.

County News

LONDON LOCALS

Joe A. Harris and G. W. Hardesty were in to spend a short time with us on the 8th. They gave to others and myself some real laughable and interesting stories of old times in Kimble County. These two gentlemen and Uncle Sam Hunter were overlooked last week when we made mention of the old timers of London.

We are sorry to learn that M. Nelson, suffering from the effects of lagrippe.

Mrs. Bill Sweatt is visiting relatives and friends at London. We are all glad to see Dulcie come home.

Messrs. Joe Goodman, S. T. Hunter and Elmer Brewer left Monday, the 14th, for California. We wish for them a pleasant trip and a profitable stay. There seems to be an attraction in California that lures our people away but the most of them come back.

Dr. J. W. France was complaining some the first of the week. On making some inquiry we learned he had taken some of his own prescriptions. That explained it all. We thought the doctor was a wiser man than that.

Bill McCollum was in town Tuesday. We were out by the home of Bill and Mabel Sunday and they have a real nice place and a nice cottage newly built. Bill and Mabel are going to make good.

Mr. E. F. Amaon is spending a few days at Llano and we are glad to note his condition continues to improve.

Mr. J. W. Furr has secured employment from Lairmore & Grote at Mason and has moved his family to that place. We all hope to see J. W. succeed in his new position.

Sometimes our citizens feel like criticizing Junction people for their effort to attract the attention of the outside world (tourists) and draw them all to her fold, but if we would only consider we have no room to charge Junction with selfishness in this matter. If we could care for them, I, for one, would stop them all at London, wouldn't you? This is right, but London will continue to be passed up until we make preparations to accommodate the stranger that may come within our gates.

London needs most of all just now a hotel, one with capacity sufficient to accommodate all strangers who may come to us, one capable of lodging and feeding its customers. It is urged by some that the tourist desires a larger town where they can attend places of amusement, and with some this is the case, but with the majority, after a long day's drive, they want most of all a good wholesome meal, a nice clean bed and a nice quiet hotel where they can rest.

It is too bad that 12 or 13 men surveying and marking the right-of-way for the Shell Pipe line near London who wanted accommodation on the 9th were turned away, and had to go to Junction for accommodation. Again we say, preparation to care for the strangers that come to us is something we

need and it is something London can provide if they will.

Our town this week made preparation in the McKinney lodging house and in private homes to care for the Shell Co. Pipe line crew, and we now have thirteen and two ladies as guests of our town. We should take care to treat these ladies and gentlemen fairly as concerns the price charged for board and lodging and very kindly and courteously otherwise, and thereby send out an advertisement for our town that no printers ink could paint.

Prof. Rex Saltee is again at his post of duty after an entire week of sickness. Our school is doing fine. One great advantage we have is if the superintendent gets sick the principal is at home with the higher subjects and the management of schools and the work goes on without retardment.

THE NOXVILLE BRAND

Attendance at school has been very irregular since the holidays on account of the flu. There has been a great deal of sickness, but, as yet, there have been no serious cases.

The pupils of the James River school took their mid-term examinations last week and most of them are smiling over their grades.

Kerville visitors Saturday were Mrs. Walton Whitworth and children, Mrs. W. H. Whitworth and children, Mrs. W. E. Collins, DeWitt Bierschwaile, Fred Pierce and Mozaun Calentine.

R. B. Moore and Silas Self were Junction visitors Monday.

Mr. and Mrs. John Fleming of Mason spent the week-end with Mrs. Fleming's father, Mr. Ed Cowser.

Mr. and Mrs. Meredith Joy spent the week-end with Mr. and Mrs. H. F. Sofge.

Mozaun and Wyvonne Calentine visited in Hunt Sunday.

Miss Ada Birt Moore was a guest of Miss Norma Lee Self Sunday.

France has the largest aviation hangars in the world.

COMBINATION APE AND LION CAUGHT

Midland, Jan. 12.—Hurry to Midland and you can see a freak free that you'll have to pay to see soon in the circus.

It was caught in a trap on the Rio Grande. The animal has the feet of an ape, the body and tail of a lion and a combination ape-lion face. "Pojo," as the freak is named, was caught by John W. Spencer and was sold to his present owner, Wesley Locke, Midland, for \$500.

Midland residents and tourists who have taken a look at Pojo can't guess what he is, but he interested the circus men sufficiently that he will go with the big top in the spring. Pojo eats a half pound of raw carrots and six apples each day.

Some of the major sources of revenue which Texas has include the Ad Valorem Tax, Poll Tax, Occupation Tax, Gross Receipts Tax Gasoline Tax, Auto License Fees and Franchise Tax and others too numerous to mention. How many do you pay? It's a great game.

Uranus, the most remote known planet except Neptune, is nearly 1,800,000,000 miles from the sun. The planet is 32,000 miles in diameter.

Abstracts for your lands can be secured on short notice from E. Holekamp. 25 years in business; we know how. (adv)

HEMSTITCHING

Mrs. Joe Turner announces that she has sold her Hemstitching and pleating press to Mrs. E. C. Jordan, who will operate it at her home, telephone 128. Mrs. Jordan is experienced in this line of work and will be glad to have all of Mrs. Turner's customers. Call on her when in need of this line of work. 38-2c

TEXAS' PUBLIC DOMAIN

Land has always been Texas' greatest resource. It was utilized to foster a great railroad construction program which opened the land up to settlers and aided in the distribution of resources.

Texas built up a great public school fund with the use of her lands. The University of Texas was permanently endowed by the utilization of these lands. In addition soldiers were rewarded, manufacturing encouraged, and the great State Capitol was built, all by the direct barter of our public lands.

NOTICE

Notice to Tax Payers of Kimble County: Please pay your taxes as soon as possible, so as to avoid rush of the few remaining days.

Kazmeier Baby Chicks

Come from hens, trapped 365 days in the year, and have been for many years. Our best grade certified chicks come from hens with records of 200 up to 250, sired by males out of hens with official records of 250 to 302.

Trap-Nested and Blood-Tested

All of our chicks come from hens, blood-tested for White Diarrhoea and all reactors removed under the supervision of the State Sanitary Live-Stock Commission.

Better Layers

Baby chicks from trapnested hens, as pullets will develop into much better layers than pullets from just ordinary baby chicks.

We breed S. C. White Leghorns, Barred Plymouth Rocks and S. C. R. I. Reds.

We guarantee 100% live delivery of strong, vigorous and healthy chicks at destination.

All cards of thanks, resolutions of respect,
church or club notices, where there is a
money consideration, will be run only as
paid matter at regular rates.

Any erroneous reflection upon
the character of any person
or firm appearing in these col-
umns will be gladly and
promptly corrected upon call-
ing the attention of the man-
agement to the article in ques-
tion.

A good newspaper is perpet-
uated on persevering effort and
assiduity.

Some people don't realize it,
but a town is judged by its
newspaper.

Someone, somewhere once
said that to believe with certain-
ty, one must begin by doubt-
ing. Was there ever a wise
man who believed anything
without first investigating and
studying it before accepting it?

Herbert Hoover received one
vote for an executive position
with the American Angora
Goat Breeders' Association
which held its meeting here
this week. It just goes to show
that some folks could get votes
for anything.

One of the original copies of
Robert E. Lee's Farewell ad-
dress to his troops was found
recently. It seems that any-
thing connected with this man
appears worthwhile. He is one
of the outstanding products of
the Old South.

Mr. J. W. Hutt, managing
editor of the Rocksprings Rec-
ord was a visitor at the Eagle
office yesterday. Mr. Hutt had
just returned from a meeting
at Kerrville and was in a hurry
to return to his work. He
said he had to go home and get
busy. A newspaper editor has
no time of his own, and Mr.
Hutt realizes that.

Many hundreds of years ago
the famous Roman historian,
Tacitus, said, "When the State
is most corrupt, then laws are
most multiplied." We wonder
if the members of the Texas
Legislature have ever heard
this saying as they are prepar-
ing to present bills before the
House concerning nearly every-
thing imaginable.

ROBERT E. LEE

Robert E. Lee will have a
birthday Saturday and if he
were still living he would be
122 years old. This great
Southerner was born in West-
moreland County, Virginia, in
the year 1807 and his father
was the famous Revolutionary
Cavalry leader "Light Horse
Harry" Lee.

After studying in the military
academy of West Point he ob-
tained the title of second lieut-
enant of engineers, and was
later appointed as engineer in
chief of the army for the Mex-
ican campaign. Later he be-
came superintendent of military
studies at West Point.

In 1861 when Virginia seceded
from the Union Lee threw
up his commission with the
Union army and joined with the
Confederates. Subsequently he
was selected by President Davis
as the commander-in-chief of
the Confederate forces and he
showed rare ability throughout
the campaign even though the
forces of the South were over-
thrown by reason of superior
numbers and equipment. One
of the most noble and graceful
surrenders in the history of
militarism was performed when
Lee surrendered to Grant at
Appomattox Court House.

But with the close of wars
and the turn of the United
States towards peaceful achieve-
ments, then did Lee demon-
strate his ability to accomplish
things that would aid human-
ity. In the same year that he
surrendered to Grant, Lee was
appointed as president of Wash-

ington College, Lexington, Vir-
ginia, which is known today as
Washington and Lee Universi-
ty. As an educator Lee pro-
vided that he was gifted in this
line of work.

It was Robert E. Lee that
recognized the powerful influ-
ence that the American Press
had on the lives of the citizens
and he—a great soldier and
general—was the first man to
think of placing Journalism in
the curriculum of the colleges
and universities in this coun-
try. He, personally, created
fifty scholarships in Journalism
at the Washington University
and made it possible for many
to take advantage of the acade-
mic study of the profession
of Journalism. Today the ma-
jority of the best colleges and
universities have a department
or school of Journalism incor-
porated with the college of
Arts and Sciences. And all
because of the foresight and
thought of this great South-
erner.

Mr. A. W. Browning moved
his office this morning from the
Phillips building on Holekamp
Street to the new Bissett build-
ing west of the Court house.

WHAT WOMEN WANT

Some clothes.
Some money.
Some gossip.
Some more clothes.
Some flattery.
Some thrills.
Some more clothes.
Some man.
Or any man.

range of sizes.

These dresses are
priced from

\$1.95

to

\$10.95

PHILIP JOSEPH

Ally of Man

IT has been said by an
eminent scientist that "electricity is life." Certainly
today it is man's greatest ally in almost everything he
does.

Electricity builds his skyscrapers, lights his house,
turns the wheels of his industries, makes his clothes and
afterwards washes and irons them, sweeps the floors
of his home, makes his toast and coffee, milks the cows,
pumps the water, cools the refrigerator, runs the fans,
operates his transportation systems, bridges the ocean
with his voice, and, in electrotherapeutics, actually be-
comes the giver or saver of life by making possible
diagnoses, treatments and operations heretofore be-
yond the reach of science.

It is the happy privilege of this company to supply this
modern partner of man in West Texas from gigantic
generating stations and distributed over more than
2,000 miles of transmission lines.

**West Texas Utilities
Company**

LOCAL HAPPENINGS

Dr. J. Fred Burt has recovered from a siege of the flu.

Mitchell McLendon is suffering from an attack of the flu.

Mr. and Mrs. Jim Peril were here Tuesday to attend the Angora Breeders' Association.

A few suits left and they are going at real bargain prices. 40c Junction Tailor Shop.

Mr. and Mrs. W. T. Carpenter and Mitchell McLendon were Ft. McKavett visitors last Sunday.

Medicine, surgery nor Osteopathy. Try Chiropractic Now. 40c

Mr. Herbert Gamel of Harper attended the American Goat Breeders' Association last Tuesday.

The work of paving Holekamp street will soon be completed if weather conditions remain favorable.

Mr. and Mrs. Brown King of San Angelo were guests of their parents, Mr. and Mrs. John Hankins, last week.

For Gas, Oil, Tire Service, Battery Service, Quick Repair Work, go to Powell Motor Company. 40c

Mr. and Mrs. C. W. Henderson were in town today for the first time in several days. They are recovering from a siege of the flu.

Messrs. J. J. McWright and son, S. M. McWright, and Sam Bowers left last week for Timson with four car loads of horses and mules.

Mrs. D. A. Hamm and daughters, Misses Frances and Marguerite, of Abilene are in Junction this week. They have rooms at the Junction Hotel.

Powell Motor Company has the right kind of anti-freeze for your radiator. Let them service your radiator during the winter months. 40c

A case of small pox is reported in Junction. The patient has been isolated and every precaution is being exercised to prevent the spread of the disease.

A new concrete driveway has been built the entire length of the new bank building. This will be a great convenience during rainy seasons to those occupying this building.

Mr. Clay Secrest has not been able to be at the Handy-Andy store for several days on account of the flu. He is able to be up but members of his family are ill.

We ordinarily spend 8 hours, 1-3 of each day, (1-3 of our lives) in bed. Why not have all the rest and comfort that good springs and mattresses can give. 40c Farmer Furniture Co.

Mr. and Mrs. Chas. Lucke and children left Tuesday for Del Rio, where Mr. Lucke has accepted a position in the Piggy-Wiggly Market. Their many friends in Junction regret to see them leave here, but wish them well in their new location.

Sheriff Frank Patterson is able to be on the streets after more than two weeks illness with the flu. He took the oath of office in bed and is not yet able to assume active charge of his office, but hopes to be sitting in full time before many days.

Mr. J. N. Hodges is able to be back at the Schreiner-Hodges Co. after an extended siege of the flu. During November and December Mr. Hodges was absent from the store twenty-two days; something unusual for Mr. Hodges, who has always had good health.

The ladies of the Cemetery Association are anxious to get their cedar chest at the Farmer Furniture Co. full of needle work so that they can auction off the articles to raise funds for the association. Anyone having articles that they will donate to the association is requested to leave them at the Farmer Furniture Company.

Mrs. Frank Patterson has been ill two weeks with the flu. The "WRIGHT" Way to Health. 40c

Mr. L. J. McDonald was a business visitor in Menard Tuesday.

Mr. Alton Curtis has relapsed from an attack of the flu and now has pneumonia.

Mr. and Mrs. Doc Maddox of Menard were guests of Mr. and Mrs. B. B. Ragland Wednesday.

Mrs. Holiday of San Antonio is visiting Mrs. W. A. Zerber of Roosevelt.

For Road Service call 51 and count the minutes. Powell Motor Co. 40c

Mrs. A. W. Browning returned the first of the week from an extended visit with relatives in Kansas.

Mr. R. B. Niese of the publicity department of the West Texas Utilities company was in Junction this week.

Messrs. J. U. Goodwin and Warren Hutt, of the Record at Rocksprings, were Junction visitors the past week-end.

For Gas, Oil, Tire Service, Battery Service, Quick Repair Work, go to Powell Motor Company. 40c

Mr. J. W. Hutt, editor of the Rocksprings Record, attended the American Angora Goat Breeders' Association here Tuesday.

Mr. A. J. Bierschwaile was able to return to his classes at the Junction High School after an absence of several days on account of illness.

Mr. and Mrs. Sayres Farmer and little daughter, Betty Mosely, returned last week from San Antonio where they have been guests of relatives.

Mrs. A. E. Bissett returned the first of the week from San Angelo where she was called to the bedside of her sister, Mrs. Zumwalt, who is seriously ill.

Mr. W. D. Adams was a Junction visitor Wednesday. He renewed his subscription to the Eagle and ordered the address changed to London. We enjoyed Mr. Adams' visit.

Golden Star Furniture Polish. The world's best cleaner and polisher. Does not gum, stick or leave a greasy surface to catch dust. Preserves the finish. Prevents checking. 40c Farmer Furniture Co.

A little nephew of Mr. and Mrs. W. B. Arnold, living out on the Rocksprings road was severely burned this morning when a dog lying under the cook stove turned the stove over while getting out from under it to investigate the barking of another dog in the yard.

Buy your furniture from your home merchant. We sell cheaper, because of less overhead. Inspect our stock and if you do not find just what you are looking for, we are always glad to secure it for you. 40c Farmer Furniture Co.

41ST LEGISLATURE
The beginning of the second week finds 246 bills introduced into the 41st Legislature. Dan Moody was inaugurated for his second term Tuesday and everything is now ready for the "fur to begin to fly." Many warm contests and debates are expected during the next few weeks. The bill withdrawing Texas oil land from the market was quickly passed by both houses and signed by the Governor.

CLAIMS KILLING 3,692 BIRDS IN TWO SHOTS

Vinita, Okla., Jan. 13.—Harve Dennis, who lives four miles west of Timber Hill, is claiming championship crow-shooting honors, and to date no one has appeared to challenge his record, for Dennis bagged 3,692 crows in two shots. Dennis, with two neighbors, purchased 300 pounds of dynamite and planted half of it under a tree on which the crows roosted. The first shot netted them 1,492 crows. A few days later they repeated the trick, getting 2,200 crows. Dennis collected a bounty of 5c for the left wing of each crow.

MANUSCRIPT OF ROBT.

E. LEE'S FAREWELL ADDRESS IS FOUND

The fact that the Southland will be celebrating the birthday of Robert E. Lee on next Saturday, January 19, makes the following article timely for this issue concerning a manuscript of Lee's Farewell Address to his troops at the Close of the Civil War. The article is:

A newspaper clipping of the reproduced copy of the farewell address Gen. Robert E. Lee made to his troops upon surrender to the Union army was given the Standard-Times by R. P. (Arkansas) Smith Thursday. The clipping, which was taken from the Courier-Journal, Louisville, Ky., says the farewell address found in the possession of a Louisville lawyer, was valued at \$25,000.

The unnamed lawyer, the Courier-Journal says, has treasured the manuscript as an heirloom and recently showed it to experts of the library of congress, who declared that it took rank as one of America's most valuable documents, fit to be presented with the original of the Declaration of Independence and the constitution of the United States.

The penmanship of the document is that of Col. Charles Marshall, Robert E. Lee's secretary, according to chirographers at the Congressional library.

The several army corps whose skeletons still hung around Lee at Appomattox each required an original copy of the general order, it was recounted. Colonel Marshall wrote them and the commander of the army of North Virginia signed them. Supposedly, therefore, other copies of the farewell message should exist, but library officials could find mention of only two and they neither had been produced or published. The manuscript here will be loaned to the Congressional library for display, the Courier-Journal says.

The Louisville manuscript reads:

"Hdgers. Army of Northern Va. April 10th, 1865.

"Genl Order No. 9.
After four years of arduous service, marked by unsurpassed courage and fortitude, the army of Northern Virginia has been compelled to yield to overwhelming numbers and resources.

"I need not tell the brave survivors of so many hard-fought battles, who have remained steadfast to the last, that I have consented to this result from no distrust of them.

"But feeling that valor and devotion could accomplish nothing that would compensate for the loss that must have attended the continuance of the contest, I determined to avoid useless sacrifices of those whose past services have endeared them to their countrymen.

"By the terms of the agreement, officers and men can return to their homes and remain until exchanged. You will take with you the satisfaction that proceeds from the consciousness of duty faithfully performed, and I earnestly pray that a merciful God will extend to you his blessing and protection.

"With an unceasing admiration of your constancy and devotion to your country, and a grateful remembrance of your kind and generous consideration of myself, I bid you all an affectionate farewell."

"R. E. LEE, General."
—San Angelo Standard.

KILLS FIVE HUGE EAGLES CAUGHT IN TRAPS

West Texas ranchmen will no longer suffer the depredations of at least five of the big Mexican black eagles that infest the stock raising section.

That many eagles have been sent to their reward in the past week by Vernon Cox, Crockett County ranchman. All of the eagles were caught in traps which had been set for coyotes. One of them measured seven feet from tip to tip.

Considerable losses are suffered annually by ranchmen from depredations of eagles. The big birds swoop down and pick up young lambs and carry them off, and the larger American bald eagles are said to be capable of carrying off a grown sheep.—Ozona Stockman.

UNCLE JOHNNY COOK PASSES 95TH YEAR

Uncle John P. Cook, celebrated his 95th birthday, here on Thursday of this week. A splendid dinner was prepared and enjoyed by many guests who came to honor the kind old man. Uncle Johnnie is unusually hearty for a man of his age and his mind is as keen as ever. He still maintains a lively interest in world affairs and is a prodigious reader in spite of his impaired eyesight.

Uncle Johnnie is Harper's oldest citizen, and his influence for good in the city has been manifested time and again. When Uncle Johnnie came to Harper in 1881 this section was sparsely settled and he had few neighbors. Since that time he has witnessed the greatest development his pioneer neighbors could possibly have imagined.

Uncle Johnnie was born in Covington County, Georgia, on the 10th day of January, 1834. In 1853 he was married to Miss Henrietta Carlow and to this union one child was born, who is now Mrs. Ellen Patton of this city. Prior to the Civil War his wife passed away leaving him to care for their little daughter. When the Civil War broke out he served the full four years under Gen. Hood in the First Texas Regiment. He bears many scars from wounds he received in the conflict to this day.

When Lee had surrendered and the young soldier was mustered out he returned to Greenville, Alabama, where he later married Miss Grace Reed. To this union was born three girls and two boys, all of them living except one boy, Preston Cook, who passed away several years ago.

In 1864 Uncle Johnnie moved his family to Texas and settled in Cass County and in 1872 moved to Collins County. From Collins County he moved to Gillespie County and settled on a ranch near Harper and engaged extensively in raising and breeding sheep for five years. Later he raised beef cattle for several years and finally purchased the Will Wright Store in Harper and became a merchant. He supplied this region with groceries and dry goods for 15 years.

When age began to overtake this kindly old man he retired from active business.—Harper Herald.

The first permanent settlement in Texas was established by the Spanish conquistadores who made expeditions to the north through El Paso del Norte. The settlement is today the town of Ysleta near El Paso. It was founded in 1682.

Fair treatment of customers and better quality chicks from profit-producing stock are the objects of a recently formed hatchery organization. Its members are identified by the slogan "Hatchery Chicks For Greater Profits."

SEVENTEEN YEARS AGO

Mr. B. B. Reese and Miss Lula Fisher were united in holy wedlock at the residence of the bride's parents, Mr. and Mrs. Jobe Fisher, at 3 p. m. on the 11th of January, 1911. The marriage ceremony was performed by Elder John S. Durst and witnessed by neighbors and friends. After the ceremony and congratulations received, the invited guests repaired to the table laden with all the good things for the appetite.

The public was taken by surprise on New Year's morning when it was learned that Mr. Sterling Baker and Miss Eva Martin had been united in holy wedlock at the bride's residence, the Rev. Richard officiating.

Miss Flossie Cummins of London has been quite sick for several days.

Misses Lena Brewer, Bertha Hensley and Callie May arrived in London Saturday to spend Christmas with homefolks.

Leon Durst has returned to A. & M. after spending Christmas with homefolks.

Sayres Farmer was among the college boys home from A. & M. to spend the holidays.

Roscoe Heyman has returned to San Marcos after spending the holidays at home.

Prof. D. F. McCollum who is attending the University at Austin and Prof. Elmer McCollum who is teaching this year at Cisco, Texas, were in Junction last week saying hello to old friends.

Mr. and Mrs. Jack Turner have moved to the place vacated by Merrill Wilson and family.

Mr. and Mrs. J. N. Hodges and daughter, little Miss Dorothy, went to Kerrville Tuesday to accompany Miss Mabel, who was returning to San Antonio to re-enter school.

F. M. Chase now owns the property on northwest corner of square formerly owned by

Chase and Baker.

J. T. Hull of Keystone ranch has been very sick for several weeks, but we are glad to note that he was able to be in town Saturday. He reports stock doing well in the Sycamore community.

Ernest Wilson came in Tuesday from New Mexico and Arizona.

Miss Bertha Loeffler has accepted a position with the dry goods department of the Alex J. Hamer store.

Fred Kountz is back from a trip to San Marcos, San Antonio and other points.

Lee Boda was in from his ranch near Copperas Saturday.

Experienced
She—"Now what are you stopping for?"
He (as car comes to halt)—
"I've lost my bearings."

She—"Well, at least you are original. Most fellows run out of gas."

There will be two eclipses during 1929, both of the Sun. Neither will be visible in the United States.

TEXAS STATE FLOWER

The Texas flower is the Blue Bonnet which covers the meadows and fields of a vast portion of the State. By legislative enactment in 1901 this flower was made the State flower. The five petals of the flower stand for the five prongs of the "Lone Star."

TEXAS STATE TREE

The graceful and fruitful pecan tree is the State tree. It grows more abundantly in Texas than any other part of the world. This tree probably owes its recognition as the "State Tree" to the request of the famous Governor James Stephen Hogg that the pecan be planted at his grave.

TEX RICKARD LEAVES A LIST OF ACHIEVEMENTS

Tex Rickard always had his way. When he was confronted by an obstacle he fought his way over it. Win or lose, he always came back for more until he succeeded. But his last battle was a losing one; it was a battle with the grim reaper. When told that he must go on the operating table he said: "I'll say when." When he was ready to give up it was too late. The same indomitable spirit that brought him success was his final undoing.

If one engaged in his various activities is entitled to be called great, then Rickard was a great man. Certain it is that had his talents and energy been engaged in other lines, he would have been acclaimed as a member of the hall of fame.

Here are the highlights of Tex Rickard's remarkable career:

1871—Born in Kansas City, January 2.

1875—Family moved to Sherman, Texas.

1881—Cow-puncher on range near Cambridge, Texas.

1894—Town Marshal of Henrietta, Texas.

1895—Joined gold rush to Klondike.

1896—Gambling hall proprietor at Dawson.

1899—Established gambling hall at Nome.

1903—Established gambling hall at Goldfield, Nev.

1906—Staged Gans-Nelson fight at Goldfield for purse of \$30,000.

1910—Staged Johnson-Jeffries match at Reno, purse \$101,000.

1918—Staged Willard-Dempsey match at Toledo, purse \$125,000.

1920—Moved to New York to take charge of old Madison Square Garden.

1921—Staged Dempsey-Carpenter fight at Jersey City, purse, \$500,000.

1923—Staged Dempsey-Firpo match at New York, purse \$700,000.

1926—Staged first Dempsey-Tunney fight at Philadelphia, purse \$900,000.

1927—Staged second Dempsey-Tunney match at Chicago, purse \$1,500,000.

Tex Rickard left an estate valued at "over a million." Jack Dempsey revealed after a conference with lawyers handling the promoter's affairs. He said bequests would be revealed to Rickard's widow, infant daughter and his mother.

Dempsey said that the will will provide \$50,000 in cash and all Rickard's personal property for the widow, an adequate bequest for his aged mother with the rest of the estate, when several minor bequests are taken care of, going into a trust fund for the young daughter, Maxine.

J. A. WARD, PIONEER GOAT BREEDER, DIES

Funeral services were held in San Angelo Sunday afternoon for John A. Ward, 60, nationally known as a breeder and importer of South African goats, who died Saturday at a hospital in Junction.

Mr. Ward had ranching interests in several West Texas counties and only recently purchased a part of the Schreiner Live Oak Ranch in Kerr County. He was enroute to this ranch near Mountain Home when he was stricken ill and an operation was performed at Junction on December 31, from which he never recovered.

Entering the ranching business near Sonora about 30 years ago, Mr. Ward gained an international reputation in the goat industry when he shipped one of his registered Angora goats to South Africa in exchange for goats from that country. For many years his animals won prizes at the State Fair and other live stock shows, and he was an active member of the Sheep and Goat Raisers' Association, as well as the American Angora Goat Breeders' Association.

Surviving relatives are his widow; three daughters, Edna, Lois and Blanche, and four sons, John, Stayton, Roy and Rip Ward.

While Mr. Ward for the past few years had divided his time between his ranches in Sutton, Tom Green and Kerr Counties, the family home was maintained in San Angelo.—Kerrville Mountain Sun.

Today is yesterday's pupil.

HOW TO TELL IF YOU ARE OUT OF PLACE

You are out of place if your work is drudgery to you; if you don't love it your heart is not in it.

If you hate to think you must go to work in the morning and watch the clock all day long for the time to quit.

If you don't regard your job as your best friend and see the possibilities in it for larger things.

If you are in doubt as to whether you quite fit it.

If you are ashamed of your job, and don't want people to know how you get your living.

If you find the best part of your salary in your pay envelope, and not outside of it—in your chance to make good, in your opportunity to learn the secrets of your employers success and be paid for doing it.

If you are trying to be an artist instead of an artisan in your work, a professional instead of an amateur.

If, as the years go by, don't feel your life growing richer, your horizon constantly broadening.

If your work does not call into play your highest faculties, your resourcefulness, your ingenuity.

If your job is not calling out of you the best that is in you; if every drop of blood in you and every fiber does not say "Amen" to it—then you are out of place.—Ex.

COUNTY SUPERINTENDENT

For a number of years the legislature has been considering the advisability of changing the method of securing the county superintendent. It is the consensus of opinion of educational leaders that this official should be appointed by the county board of trustees rather than elected in the primary election, according to State Superintendent S. M. N. Marrs. The arguments in favor of appointment are based upon the greater probability of securing and retaining expert professional leadership. A bill has been prepared for introduction in the Forty-first Legislature looking toward this change. It does not provide any higher qualifications for the office of county superintendent than are now specified by law, and it extends the term of office of all those who were elected in November, 1928, until June 30, 1931, in order that the newly appointed county superintendents may begin their term on the same date as the superintendents of independent school districts. The bill does not in any way affect the counties having ex-officio county superintendents; neither does it change the salary schedule now in force either by general or special law.

Answered

Professor—"Can you give me an example of a commercial appliance used in ancient times?"

Student—"Yes, sir, the loose leaf system used in the Garden of Eden."

HIGHWAYS ALLOTMENTS MADE TO STATES

Allotments of \$73,125,000 to the States has been made by the Secretary of Agriculture as Federal aid in road construction for the fiscal year which begins next July.

The funds will be expended in accordance with past procedure, the cost of construction on roads designated as part of the Federal Government.

During the last fiscal year improvements were completed in 8,184 miles of Federal aid road which had not been previously improved, the Secretary of Agriculture announced in connection with the new apportionment. Advance stages of improvement were completed on 2,014 miles.

RETIRED RANCHMAN DIES IN KERRVILLE

Funeral services were held Monday in Junction for Thomas N. Nance, 75, a retired ranchman, who died Saturday at the home of his son, Al Nance, in Kerrville.

Mr. Nance was a native of Arkansas, but in early youth moved to West Texas where he was engaged in ranching for many years.

In addition to his son, Al Nance, of Kerrville, deceased is survived by a number of other sons and daughters residing in various parts of the State, the majority of whom were at his bedside when the end came.—Kerrville Mountain Sun.

A SHORT STORY

He loved her.

She loved him.

They loved each other.

But his mother didn't like her mother.

And her mother didn't like his mother.

And her father didn't like his income.

And his father didn't like her extravagance.

So they were married and lived quite unhappily until his father and her father and his mother and her mother all became grandparents.

Bleeding Gums Healed

The sight of some gums is sickening. Reliable dentists often report the successful use of Let's Bleeding Gums Remedy on their very worst cases. If you will get a bottle and use as directed, bleeding gums will return to normal. It fails.

Junction Trade Notes

It is an ambitious program that the Junction Chamber of Commerce has mapped out for 1929, the major part of which is: a sewer system, more paved streets, enlarged school facilities, scenic drive, landing field for airplanes, completion of link in O. S. T., improvement of golf course, cleaning up the town and dump ground. With proper co-operation the greater part of the program could be accomplished during the year. Reverting to the city's dump ground: Should it be removed from its present location, marking as it does an otherwise beautiful landscape and most attractive approach to the city of the Llano?

Eggs have become more plentiful locally and registered a drop in price from the peak of the Christmas season; but choice country butter continues scarce.

Alfonse Fritz of London community, after a siege of flu and pneumonia which interfered with his Christmas, was able to come to town Wednesday with eggs and butter which he marketed through Gann Grocery Company.

A person by name Bird robbed the Owl cafe at Santa Anna. At last account the robber was flying high.

A. W. Browning has a more pacific countenance since the return Monday of Dr. Gray Browning, who spent the Christmas season with relatives in Kansas.

Mr. and Mrs. George Pepper after spending Christmas at Sweetwater, were detained ten days on account of influenza invading the family. They arrived home Monday.

J. J. McWright, Sherman McWright and Sam Bowers are in East Texas around Timpson offering for sale four carloads of West Texas horses and mules. The animals were purchased around Noxville, Rocksprings and Sonora.

Apartment to rent: Furnished or unfurnished. Mrs. H. G. Hubert, phone 64.

Hershey's Chocolate Syrup, ready for instant use, makes delicious chocolate milk, hot or cold, and topping for ice cream and other desserts; in 10c tins. Gann Grocery Company.

Coke R. Stevenson, member of the Legislature from Junction, will offer two measures at this session for protection of the livestock industry. One will be a bill to make it more difficult for thieves to get away with sheep and goats in trucks; another will have to do with a scientific study for destruction of the blowlly.

The Junction Cemetery Association, with a great deal of energy and more efficiency, served 125 plates at the C. of C. dinner given Tuesday for the goat raisers' convention.

A major part of the 1929 program of the P. T. A. includes the creation of an independent school district, and it is everyone's duty to aid the association in all of its worthy undertakings for school betterment.

NEWSPAPERS BARGAIN RATES EXTENDED

Until February 10 the Eagle is authorized to accept subscriptions to the Fort Worth Star Telegram for ten months at the following rates:

Daily with Sunday, \$6.25.
Daily without Sunday, \$5.00.
The Junction Publishing Company makes the following clubbing offer with the Star-Telegram:

Telegram with Sunday 10 months \$6.25
Junction Eagle, one year \$1.50
Both for \$7.00
Telegram without Sunday 10 months \$5.00
Junction Eagle one year \$1.50
Both for \$6.25

These prices put the Star-Telegram and Junction Eagle within the reach of all, and gives the subscriber who has not found it convenient to renew for a full year, an opportunity to get his home paper and daily at a reduced rate.

Tell your neighbors and friends of this opportunity to supply themselves with a daily paper and home paper at these low rates. After the 10th of February this offer will be withdrawn.

Society

MRS. CLIFFORD HAMER HOSTESS MERRY WIVES

Thursday afternoon Mrs. Clifford Hamer was hostess to the Merry Wives Club and a coterie of friends, at the Hodges Hotel. After a series of bridge games the club prize, a pretty vanity set, was presented to Mrs. Joe Watson. Mrs. A. L. Mudge received the guest prize while the cut prize went to Mrs. C. T. Orth. Dresden china powder boxes were presented to both of these ladies. The booby a charming sachet, went to Mrs. H. G. Perry.

Chicken salad on lettuce, cheese wafers, saltines, olives, fruit cake topped with hard sauce, coffee and tea were served at the close of the afternoon.

ANGORA GOAT BREEDERS'

(Continued from page 1)
committee was appointed to study other methods and requested to present a report at the next annual meeting.

At 5:30 o'clock the afternoon meeting was adjourned and immediately followed the meeting of the directors of the A. A. G. B. A. who met for a business session to elect officers for the ensuing year and to attend to other business which should arise.

Mr. Fred T. Earwood of Sonora, Texas, was elected president; Mr. Frank O. Landrum of Laguna, Texas, was elected 1st vice president; Mr. C. A. Pepper of San Antonio was elected 2nd vice president; and Miss C. Bourland of Rocksprings was re-elected secretary-treasurer. All the above members were elected by acclamation.

Next the board of directors elected the executive committee and the following persons were elected: F. T. Earwood, V. A. Brown, F. O. Landrum, Jack Turner and J. A. Ward, Jr.

Members from all over Texas were present at the meeting. Members from Oregon, Kansas and Missouri were also present.

The Kimble County Chamber of Commerce sponsored the meeting and provided for the entertainment of the members of the association, aided by the ladies of the Cemetery Association who served the lunch.

Besides looking after the details of the meeting, the Kimble County Chamber of Commerce acting through Mr. Conrad T. Holekamp, president, furnished all the members with free tickets to the Texas Kidd Show. These passes were furnished through the courtesy of the management of the Texas Kidd Show.

The members of the association who reside outside of Kimble County were grateful for the hospitality of Kimble County citizens during their stay in Junction. As a body they pronounced their desire to return to Junction at a later date to hold the annual meeting of the American Angora Goat Breeders' Association.

School Notes

Everyone is studying diligently for the mid-term examinations which are being given this week. Here is hoping that a lot of A's will be made.

The football sweaters arrived Monday. They are representative of the school colors, which are gold and black. The boys are well pleased with them since they feel sure that the bright yellow is "loud" enough to broadcast the praises of the Eagles for miles around.

Muriel Sullivan and Junior Stevenson have withdrawn from school. Junior has entered high school in Austin. We regret losing these pupils from our school.

We are glad to have Mr. Bierschwald back with us. He has been absent for several days. Miss Durst is out of school on account of illness. Mrs. Tinsley is substitute. Mrs. Miller substituted for Mrs. Kendrick Monday.

Frank: "I don't want to live in Miami. They never have Christmas there."

Jack: "How's that?"
Frank: "Haven't you seen the sign. It's always June in Miami?"

Tourist: "I have two wooden legs. Is it possible for me to get accident insurance in this town?"

Nevada: "You don't want accident insurance. You want fire insurance."

Lela: "Nevada, how can I keep my youth?"

Nevada: "Why Lela, get him young, treat him rough and never introduce him to another girl."

Fred Beasley is getting to be a handsomely paid truck driver. Our last account of him showed that he is doing good business. He seems to be hauling ashes. His bill to his employer last Saturday read in this way: "Three comes, three goes, at fifty cents a went. Total amount due me, \$3.00."

FLU EPIDEMIC

While there are many cases of flu it is believed that the epidemic has run its course. Several have been quite sick the past two weeks. There have been no deaths in this section except where there were complications.

The New Ford

Definite evidence of the economy of the new Ford is shown in repeated and growing purchases by Federal and city governments, by police departments, and large industrial companies which keep DAY-BY-DAY cost records.

The new Ford has been chosen only after exhaustive tests covering every feature of automobile value and performance, from the time of purchase to the final trade in. Here the Ford policy of not making yearly changes serves to protect and maintain the investment of every Ford owner. All improvements in the new Ford are made so that present owners may take advantage of them quickly and at low cost.

Think it over.
Buy a FORD and save the DIFFERENCE.

\$1,000,000 ASKED FOR STATE OFFICE BUILDING

Austin, Jan. 12.—Recommendation has been made by the Board of Control to the Legislature for an appropriation of \$1,000,000 for an eight-story State office building, the appropriation to include funds for acquiring the necessary land and for remodeling and improving the State Capitol.

It is proposed to erect the building on property adjacent to the Capitol grounds. A bill providing for such a purchase has been introduced in the Senate by Senator John W. Hornsby of Travis County.

CARD OF THANKS

We desire to thank the people of Junction who rendered assistance and administered in any way to our husband and father in his brief illness following an operation in Junction recently. His death brought sorrow and sadness to our hearts and home, but we shall always remember the anxiety shown by his friends in Kimble County. It is in times like this that we find out who are real friends.

Mrs. J. A. Ward and Children.

Mr. W. H. Sheppard Returns From Calif.

Mr. W. H. Sheppard, of Junction, has just returned from a trip to California where he visited during the holidays. He visited with his son, Gus Sheppard.

He visited many of the points of interest while there. A trip to Long Beach, San Pedro, Los Angeles Harbor, and Hollywood were some of the places of interest which Mr. Sheppard visited. He traversed the San Fernando valley and tarried a while at Santa Monica Beach. The Los Angeles Museum and the city hall were other sights which Mr. Sheppard took in.

Even after seeing all these things, Mr. Sheppard stated that he did not see anything that appealed to him like Texas, and he said he was glad to get back.
