Volume 47

Junction, Kimble County, Texas, Thursday, November 20, 1930

Number 32

Many Hunters Are Here When Season Opens

With the sunshine last Friday, hunters from many sections of Texas began to arrive in Junction for a few days in the hills among the elusive bucks and wise gobblers, all hoping to bag the limit. Sunday morning found every available ranch with its full quota of hunters.

The hunter who comes without reservations usually finds it difficult to find suitable hunting grounds. Only a few places have been kept open for daily lease. Practically all the ranches have been leased for a term of years and are legally posted and carefully guarded by game wardens.

Since the advent of the Angora goat, deer is not as plentiful as in former years. The dry spring and summer seems to have diminished the number of turkeys this season, but in spite of these handicaps many cars have been going out of the country since Monday with gobblers and bucks in plain view, while others have returned home empty-handed.

Our game wardens are as courteous and accommodating as possible. No one but a game warden knows their trials. They ask every one to read the following observations about hunting and assist them in disseminating this information.

Licenses are required of non-resident county and non-resident State hunters; boat owners who accommodate hunters for pay and shooting preserve managers, \$5. The trespass laws of the state relating to inclosed lands do not apply to land where same is leased or used for hunting purposes at a charge of more than \$4 per day per person, or 25 cents per acre per year.

A digest of the state laws says that it is unlawful to: Hunt turkey and deer between one-half hour after sunset and one-half hour before sunrise.

Hunt with dogs in the Hill Country. One dog may be used to pursue a wounded deer.

Hunt for hire or hire any one to hunt.

Use or possess a headlight at night in a territory where deer are known to range, or hunt with one at any time.

Use deer call, except deer horns which may be rattled.

Keep deer on storage for more than 10 days after the game season closes.

Ship game without an affidavit that it is being shipped to one's home or to a taxidermist and that the shipper has lawful killed such game.

Sell or buy game animals, dead or alive, regardless of where caught or killed.

Refuse to stop a vehicle or auto when demanded by a game warden to search your game bag when he has reasons to believe that the game laws have been violated.

Possess any deer carcass or green hide with all evidences of sex removed.

Kill doe deer, fawns, spike bucks or turkey hens.

Shoot any firearms or gun in roads in the state.

WEATHER REPORT

Since our issue last Thursday Kimble County has experienced all kinds of weather. Last Thursday night a heavy shower fell followed by a norther. The first of the week was real spring weather. A norther blew up early Wednesday morning and it looked as if real winter weather was coming, but today (Thursday) is an ideal day. It was cool this morning, but very little frost. Tender vegetation shows little effect of frost in Junction although there was some ice.

Mrs. Coke R. Stevenson is visiting her son, Junior, in Austin this week while Coke is off on a hunt.

Junction Delegates Enjoy P. T. A. Meet

Mesdames George R. Pepper, W. P. Riley, Grady Kindrick and C. W. McCarroll returned last night from San Angelo where they went as delegates to the Texas Congress of Mothers and Parent-Teachers Associations. More than six hundred were in attendance and the Junction delegation was delighted with the meeting.

All the programs were instructive and educational. Many distinguished visitors were present from all sections of the state. State Superintendent S. M. N. Marrs addressed the convention showing some of the waste in the school money.

Water Shut Off And Drill Now Below 500 Feet

Caving and water delayed drilling in the Mudge Oil Company No. 1 several days, but 12 inch casing was set last week and the first of this week the water was shut off and the drill is going down rapidly. The last report to reach the Eagle office was that the well is now more than five hundred feet deep.

Some months ago Mr. R. Kamon with the aid of Mr. E. Holzkamp blocked up approximately ten thousand acres of land just east of Junction carrying with it a drilling contract on the Porter Hodges land about six miles east of Junction on the Mason road. Two full crews are at work working twenty-four hours each day. Experienced drillers and tool dressers are on the well and unless unforeseen delays come they will go down rapidly.

The ten inch casing is already on the ground and when the proper depth is reached this will be set. Geologists have made favorable reports on Kimble County and the greater part of the eastern half of the country has been leased and considerable sections of other parts. The Hodges test is being watched closely.

JUNCTION MEMBERS ATTEND ZONE MEETING

The zone meeting of the W. M. S. of the Methodist Church was held in Brady last Friday. A good program was rendered and the men and women enjoyed the hospitality of the Brady people.

The following from Junction were present: Mr. and Mrs. R. M. Alexander, Mr. and Mrs. W. M. Taylor, Mesdames Ovie Buster, A. E. Bissett, T. E. Sheppard and Marshall Alexander.

SPECIAL ELECTION TO SELECT CITY ALDERMAN

On account of the removal of L. R. Hodges from the City of Junction, he has resigned as alderman and an election has been ordered by the City Council to select his successor for the unexpired term.

Ballots have been printed but they do not contain any names. Some concerted action will likely be taken so that a mass of names will not be written on the ballot. Only one is to be elected in the election which will be held Saturday, November 22.

RED CROSS DRIVE

County Chairman V. P. Emmons has his organization completed for the Red Cross drive. The county has been divided into sections and the city has also been divided and workers appointed. Receipts and buttons may be found at all the drug stores for the convenience of those desiring to help with the Red Cross work. The F. A. Club and Lions Club have both joined with Mr. Emmons to make the drive a success.

Mrs. E. A. Loeffler is the guest of her parents in Kerrville this week.

Dedication of New Tabernacle Is Postponed

On account of the rains last week and the high winds the last of the week, work on the Full Gospel Tabernacle was delayed and the dedication service will not be held until Tuesday, November 25.

Rev. Chauncey Merwin announces the following program for the day to which every one is invited:

12 M.—Baptismal Service at McWright's Camp.

3 p. m.—Services at the Tabernacle.

7:30 p. m.—Services at the Tabernacle.

Evangelist H. B. Taylor of San Antonio will be present at all the services. At 3 o'clock he will preach on "The Baptism of the Holy Spirit." He will also preach at the evening service.

The new tabernacle is just three blocks south of the Junction State Bank. Everybody is welcome to all the services.

Kerr County Votes For Paved Highway

The results of constructive organization was demonstrated in Kerr County last Saturday when the bond issue of \$450,000 for the building of paved roads was carried by a vote of 7 to 1. Only three of the 12 voting boxes failed to give a majority for the bonds. The city of Kerrville voted 93 to 1 in favor of the issue there being only 12 votes out of 1127 against the bonds.

This is the most far-reaching step taken by Kerr County in the road building program. Probably the first work will be the building of Highway 27 from the Kimble County line to the Kendall County line. It is also planned to build 81 through the county north and south. It is believed that work on 27 will start with the beginning of the new year.

Dad's Night At P.-T.A. Monday Night, Nov. 24

Next Monday night has been designated as Dad's night by the P.-T. A. and a special program has been prepared for the occasion.

The following is the program: Prayer—Rev. C. W. Crabbe. Business meeting, including reports from the delegates to the convention in San Angelo this week.

Community Singing, led by Kittrell Durst. Reading—Glenn Hodges. Father's Part in P.-T. A. Work—Mrs. W. P. Riley.

Mr. A. B. Hodges has returned from a successful hunt in which A. B. Hodges, Henry Hodges and Joe Ramsey each killed a buck.

Mr. and Mrs. Forrest Weldon and family of Rocksprings spent Sunday with relatives here.

MANY HUNTERS REPORT BUCKS AND GOBBLERS HARD TO FIND

Unfavorable weather and a shortage in game are the two main factors why so many have failed to bring back the buck and the gobbler this week. Some who go to Mason County every year have returned without game. The rainy season this fall has made foliage heavier and it is difficult to find the game. Warm, moonlight nights are given as the reason by some why they did not have better success. It is claimed that the deer feeds at night and can not be found during the day.

It was impossible to learn the names of local men who brought

Pecan Growers Meet Tonight At Courthouse

Mr. L. K. Fairies announces that a meeting of pecan growers will be held at the courthouse tonight (Thursday) to which everyone interested in the marketing of pecans is invited. Mr. Fairies states that twenty-five of the largest pecan growers of this section have signed up for co-operative marketing of their pecans.

Mr. Estes of Waco, a special representative of the Federal Farm Board, was in Junction the first of the week in the interest of pecan marketing. He is a director in the pecan marketing association. He was a guest of Dr. J. Fred Burt while here. He is interested in pecan growing and marketing and is anxious to see the growers get the best price available for their pecans.

The attention of pecan growers is directed to the meeting at the courthouse tonight 7:30. Various phases of the organization will be studied and the benefits to be derived pointed out.

Building Program Is Renewed In Junction

With the construction of a new home by U. D. Kindrick, the rebuilding of the G. R. Ragland home, recently acquired by Wm. R. McKee, the enlargement of the Chas Ramsey home and the erection of the Full Gospel Tabernacle, building is taking on new life in Junction. Before many weeks, the school board plans to have the new high school building under construction.

The past three years has seen the greatest building program that Junction and Kimble County has ever experienced. The five building projects mentioned above indicates that the good rains the past few weeks is relieving this section from the depression that has been a burden in the country.

W. L. Oliver Is On Trial In San Angelo

W. L. Oliver, well known in this county, is on trial in San Angelo this week charged with killing Lehman Ray Bailey, son of his divorced wife. The killing took place in Menard on March 11, when Oliver is alleged to have gone to the house where his divorced wife was living. The state rested Tuesday afternoon and it is expected that the defense will finish today.

Judge M. E. Blackburn is one of the attorneys in the case and has been in San Angelo all the week.

Three lawyers—W. H. Baker, Coke R. Stevenson and J. B. Randolph—left Monday on a hunt. They have not returned as the Eagle flies from the press but we are of the opinion that they will argue with the deer until they get them.

Carpenter Bros. Lease O. S. T. Filling Station

Carpenter Bros. is the name of the newest firm in Junction. It is not a new business as they have leased the Hazelwood interests and Mr. Cecil Carpenter is in charge. The deal was closed last Saturday and Mr. Carpenter assumed the management Sunday.

In addition to the service station, Mr. Carpenter states that he will carry a stock of groceries. An invitation is extended Junction and Kimble County folks to visit Carpenter Bros three blocks west and three blocks north of the business section of Junction on the Old Spanish Trail.

T. B. Reynolds Is Claimed By Death Thursday

Thomas Belle Reynolds, a pioneer citizen of the Hill Country, died in the Ivy Community early Thursday morning after a brief illness. He had been in ill health about three years, but was seriously ill only a few days. The body will be buried in the Junction cemetery Friday morning at 11 o'clock. Elder J. S. Ewman officiating.

The following served as pall bearers: Active—Henry Grobe, Louie Grobe, Felix Watson, Clay Holland, Nath Walker, and J. E. Deats.

Honorary—Joe Bishop, Henry Land, Henry Murr, Jink Coleman, John Fleming, Chas. Simon, Wm. Brown, John Hankins, Bill Herbst, Joe Greer, Roy King and Keys.

Mr. Reynolds was born in Hunt County, Texas, March 4, 1861, but moved to Kerr County when quite a young man. After a residence of approximately twelve years he moved to Kimble County where he has since resided. He was married to Miss Alice Wilhelm in Mason County on January 23, 1889. He has union five sons and two daughters were born as follows: A. L. John and Rex of Junction, T. T. and Fred of Montell and Mrs. W. T. Owens, Rocksprings, and Mrs. J. H. Mills of Uvalde. The wife and children survive the husband and father. He was one of the trail drivers in the early days.

WOLF AND CAT CLUB WILL MEET SATURDAY

Mr. H. W. Bierschwald announces that the annual meeting of the wolf and cat club will meet at the Kimble County courthouse at 1:30 o'clock Saturday afternoon. All members are urged to be present and everyone interested in the extermination of the wolf, cat and other destructive animals are invited to attend the meeting.

SHERIFF MAKES GOOD HAUL ARMISTICE DAY

Sheriff Frank Patterson and deputies George Strong and Joe St. Clair raided little Mexico on Armistice night and secured approximately one hundred bottles of home brew and one gallon bottle and one pint bottle of whiskey.

Antonio Medina was arrested in connection with the raid.

ADOLPH LOEFFLER DIES

Mrs. Ben Neal, R. H. Loeffler and E. A. Loeffler attended the funeral of their uncle, Adolph Loeffler, in Mason Wednesday. Mr. Loeffler passed away at five p. m. Tuesday. He was the father of Mr. Walter Loeffler, who at one time made his home in Junction.

Dr. H. E. Wright returned Wednesday from a hunt in which his only get was two wolves. He took two shots at deer. He states that one shot was too far and the other through brush with the result that he brought home no deer.

Junction Will Frazzle Fritz Town Friday

At Fredericksburg on Friday afternoon at 2:30 o'clock, the Junction Eagles, champions of the west end of district 12 in Class B football, will meet the fighting Hillbillies of Fredericksburg, champions of the east end, to determine which team shall bear the banner of victory in District 12.

The Eagles have played 7 games this season and have won each contest. Del Rio and Menard are the only teams able thus far to cross the Eagles' goal line, and these teams made one touchdown each. Junction has scored 111 points to their opponents 13, while Fredericksburg has made 82 to their opponents 61, according to reports reaching the Eagle office. Fredericksburg has played five games, winning three of them. Their last triumph was over London by the one-sided score of 43 to 6.

One of Fredericksburg's defeats was by a Class A team and the other by a team playing ineligible.

Junction is expecting the toughest contest thus far this season with the Hill Billies Friday. The Eagles have had no contest since the fray with Menard and the boys are in prime condition. Coach Bowers realizes that the Hill Billies are out for revenge and will give the Eagles the best they have.

As Fredericksburg has played the last two games in Junction, they could not be induced by financial offers to play on the Junction field this season.

The pep squad, 100 C strong, and a large delegation of enthusiastic fans will make the trip with the Eagles to encourage them in the championship contest which they feel they will win. However the coach and players realize that it will be the hardest fight of the season.

Chevrolet School Of Instruction Is Held Here Wednesday

The Chevrolet Traveling School of Instruction met with the Highland Chevrolet Company in Junction Wednesday. Mr. R. G. Hall, traveling school instructor, was in charge. He was accompanied by Mr. C. E. Brents, division Chevrolet representative. An all day service school was held with the men present from Mason, Menard, Ozona and Eldorado.

The Highland Chevrolet Company received last Saturday their new Bigger and Better Chevrolets and all the changes were explained and any other information needed by the mechanics from the various towns.

CALL MEETING OF BURT FLEMING POST NO. 237

Post Commander Allen Hull announces a call meeting of the Burt Fleming Post in the courthouse, Monday night, November 24. He asks that the boys assemble promptly at 7:00 o'clock and bring their rifles with them.

EAGLE EARLY NEXT WEEK

On account of Thanksgiving Day coming on press day for the Eagle next week it will be issued on Wednesday. The cooperation of our advertisers is asked in getting copy early.

County correspondence, school news and as much matter as possible should be in the office Monday afternoon or early Tuesday morning. All society news should be given Mrs. A. W. Loeffler Tuesday afternoon in order to get in next week's issue.

Mr. and Mrs. P. Joseph and Misses Bernice Sutton and Helen Barnes spent Sunday in Menard.

LONDON LOCALS

Mrs. John Spruell left for her home in Phoenix, Arizona Wednesday of last week.

Messrs. E. H. Kothmann, W. L. Amoon, A. S. Adams and F. Cummins attended the Number 10 Highway committee meeting at Brownwood the 12th. They report a unanimous vote of the committee to support the Hext-London route.

Mr. G. M. Pool and Rev. Mr. Nichols of New Mexico, who have been spending several days with the W. T. Russell family, left the 12th for Brownwood. Mr. Nichols is Mrs. Russell's father.

Miss Goldie Brewer and Miss Jessie Hunter came in the 10th from San Marcos where they have been attending school.

The High School social given by the M. R. Waters family on the 11th was well attended. All report an enjoyable time, notwithstanding the mud they had to contend with going and coming.

On account of unfavorable weather but few were out to hear Mr. G. W. Crofoot at his last appointment, but he was kind enough to leave an appointment for the second Sunday in December and we hope our people will keep this in mind and give him a better hearing.

Messrs. J. R. Smith, Lee Dodd and D. C. and Jim Andrews left early the morning of the 13th for the happy hunting grounds of the Southwest, their anticipated destination being the Davis Mountains and the Alpine country. These men constitute a jolly crowd and we feel sure they will have a good time regardless of game.

Mr. Russell Lavelle, a London boy, now in business at Junction was seen on our streets one day last week. Russell is a son of Mr. and Mrs. Rex Lavelle of London and has a host of friends here who are glad to see him making good.

Judge M. D. Slaytor and Mr. Francis Harris returned last week from the Slaytor Ranch in South Texas. They report range conditions fine and livestock doing well.

Miss Eunice Green accompanied Mr. Howard Horn as far as Mason Saturday where she went to surprise her father and mother with an unexpected visit, and she was surprised herself when she unexpectedly met her two brothers whom she had not met for some time.

Since Saturday morning our town has had many cars from out of the county on their way to the sportsman's land of thrills, the range of the wild gobblers and bucks. Already a sufficient number of men and guns have passed through our town to get every gobbler and buck in Kimble County should each get his limit, and still they come.

Mr. William Dick, one of our high school boys is the proud possessor of a certificate of graduation in the Aviation Institute, Washington, D. C. U. S. A. William made high grades and was justly proud of his diploma. He has completed the theoretical work, and now needs practical experience. We expect London to look up to William some day.

Our successful hunters up to this hour according to our information are Mr. Perry Warthenbach, a buck from Mason County; Master Neal Lambert a buck from the Smith Ranch; Jack Dayton and Dick Winn a gobbler each from the C. E. Weaver pasture.

A few years ago our great dailies were flooded with good advice, Save! Save! Save something for a rainy day. This was good advice from our great men. They would go into detail and tell how it could be done, and Oh! if we had only heeded that advice for the good years preceding the beginning of the depression we would have never had any hard times in this country. We would have had money to have moved along smoothly. Now we are told by the great ones and our daily press that if we will spend a lot of money now it will be the cause of the return of prosperity, but they don't go into detail and tell us how we can get the money to spend. Lack of

money in circulation is what brought on the depression and it can't be remedied by spending something we haven't got. Pray tell how to get it.

Mr. Fisk, the historian, was notified by his wife that their little son had been rude to their neighbor Jones and his wife, and she asked that Mr. Fisk correct him. Calling his little son in for correction he said, "Son, mother tells me you called Mr. Jones a fool. Are you guilty?" "Yes, father," replied the son. "She also tells me you called Mrs. Jones a d-d fool. Are you guilty?" "Yes, father," replied the boy. After much meditation, Mr. Fisk replied, "Well son, that is about the distinction I would make between the two.

IVY ECHOES

The Ivy pupils received their report cards Monday morning, and every one seemed well pleased with their grades.

Mr. Wallace Browning and friends of San Antonio spent the week-end with Mr. Louie Grobe hunting.

Ola, Susie, Hollan and Henry Walker spent the week-end with Mr. and Mrs. Jess Walker and family.

Elvis Stewart and Fred Maass, Jr. were absent from school Monday.

Lester and Billie Pearl of London spent Saturday night with Mr. and Mrs. Will Matthews.

We are sorry to hear that Mr. and Mrs. Alvie Smith and family have moved away from the Ivy Community this week.

Mr. and Mrs. C. W. Walker spent Sunday with Mr. and Mrs. G. B. Walker.

Those who went to Junction Saturday were: Mr. Fred Maass and daughter, Lucille, Mr. and Mrs. Orlan Stewart, Mrs. Ray Amberson and daughter, Bonnie Ray, Mr. and Mrs. Tom Jones and family and Misses Stella,

FORMER JUNK MAN LEAVES \$1,000,000

ST. LOUIS.—Abraham Wolff, who came to America from Russia penniless, and started in the junk business here with one horse and wagon 45 years ago, left an estate which was valued at \$1,000,000.

Wolff died November 8. His will, filed for probate yesterday,

Irene, Bessie and Joe Bally Grobe.

RESOLUTIONS

Whereas, In the course of human events, the Divine Providence has seen fit to remove, from this life a son and sister of our esteemed friend and fellow Lion, R. R. King and,

Whereas, The heartfelt sympathy of each and every member of our Club go out to our fellow Lion in his bereavement and,

Whereas, Upon an occasion of this kind, it is impossible for earthly hands to sustain those who are left behind, and words of sympathy, are at best, the only offerings that sympathetic hearts can find, now therefore be it

RESOLVED, By the Lions Club of Junction, Texas, upon the motion of each of its members, and its presiding officer, that the heartfelt sympathy of the 'Lions Club' be expressed by this resolution, and that the Sec'y. of our Club, be instructed to convey this message of condolence to our fellow member, R. R. King and family, and our friend W. B. Dixon, and that this resolution be read on the minutes of our Club, and published in the Junction Eagle.

Respectfully submitted, Committee on Resolutions—H. W. Bierschwale, E. Holekamp.

THESE BRENAU COLLEGE MAIDENS DEMAND LOVE IN SELECTION OF MATE

The senior maidens of Brenaau College are not gold diggers, nor flappers but they do demand love.

At least that is how they voted in a test sponsored by Dr. John T. Miller, head of the Education department, on qualifications in selection of a mate.

Of the 63 girls, 57 rated love as the most important attribute in him who is to be led to the altar and the other six rated it as quite "important." On the other hand, not one rated ability in dancing or card playing or chances of inheriting wealth, under the heading of most important attributes.

Next to love, the girls listed health as "most important," 56 finding this a major matter. Mentality rated next, with 50 declaring it of supreme necessity.

Athletic prowess, political ideals and fighting ability got one vote each as most important, and 13 asserted that a quality of prime requisite in their partner was to be a "good listener."

NATION-WIDE "GO TO CHURCH" MOVEMENT NOW UNDER WAY

The Nation-wide "Go to Church" Movement, which is considered by its founders as the greatest and most comprehensive "Go to Church" appeal ever made to the American people, will continue until every person in the country has had the opportunity to participate. While primarily inspired as a means of making the general public more church-conscious and increasing church attendance, the Movement incidentally represents a great potential source of revenue for all churches participating. It also serves to bring revenue to ministers' retirement or pension funds, missionary and extension societies, or other denominational funds of which the public seldom hears about.

MAN WHO MISSED TRIP TO HUNT DEER SHOOT'S BUCK IN OWN PASTURE

GEORGETOWN.—Unable to leave with dozens of other local citizens on a deer hunt, Jim May, local ranch owner, went out early Sunday morning to look after stock, and driving to one of the windmills on his place eight miles west of here, saw a big eight point buck standing in the edge of the woods, 200 yards away. Assembling his gun in a scabbard in his car, he dropped the buck and returned bringing in his big game before parties with whom he had hoped to leave for Southwest Texas were well on their way.

Never Heard of Dry Law, Thinks Civil War Still On

Barefooted as he stood in Federal Court, John Scheznayder, an 82 year old backwoodsman of Louisiana told Judge Wayne Borah of Baton Rouge Wednesday he had been making whiskey for fifty years and had never heard of the prohibition law. Scheznayder, who speaks only French, pleaded guilty through an interpreter to a charge of manufacturing intoxicating liquors. He was placed on probation for five years. Among other things, the backwoodsman said he had not been told the war between the States had ended.

PRESENTING THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better

Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity. In the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has set an entirely new standard of quality and value in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened. The

long hood lines sweep back to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and refinements.

Mechanically, too, the new Chevrolet Six is the better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—for here is the Great American Value!

AT NEW LOW PRICES

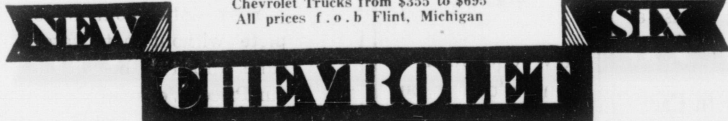

Chevrolet has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the Bigger and Better

Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the new economy of owning a modern, fine quality, six-cylinder automobile.

ALL PROCLAMATIONS TEACH LESSON OF THANKSGIVING TO OUR AMERICAN CITIZENS

The President's Thanksgiving Proclamation is read each year by many people. For any who may be interested we are giving below the first proclamation issued by George Washington and also the proclamation by Herbert Hoover last week. It is interesting to study these proclamations:

Washington's Proclamation 1789
"By the President of the United States of America.

"Whereas it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor; and Whereas both Houses of Congress have by their joint committee requested me to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many signals of His favor, and especially by affording them an opportunity to establish a form of government for their safety and happiness."

"Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious being who is the beneficent Author of all the good that was, that is, or that will be—That we may then all unite in rendering unto Him our sincere and humble thanks—for His kind care and protection of this country previous to their becoming a Nation—for the signal and manifold mercies and favorable interpositions of His providence, which we experienced in the course and conclusion of the late war—for the great degree of tranquility, union, and plenty which we have since enjoyed—for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, and particularly the national One now lately instituted—for the civil and religious liberty with which we are blessed and the means we have of acquiring and diffusing useful knowledge; and in general for all the great and various favors which he hath been pleased to confer upon us."

"And also that we may unite in most humbly offering our prayers and supplications to the great Lord and Ruler of nations, and beseech Him to pardon our national and other transgressions—to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually—to render our national government a blessing to all the People by constantly being a government of wise, just and constitutional laws, discreetly and faithfully executed and obeyed—to protect and guide all Sovereigns and Nations (especially such as have shown kindness to us) and to bless them with good government, peace

and concord. To promote the knowledge and practice of true religion and virtue, and the increase of science among them and us—and generally to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best."

"Given under my hand at the City of New York the third day of October in the year of our Lord 1789."

George Washington

Hoover's Proclamation 1930

"By the President of the United States, a proclamation: "Notwithstanding that our forefathers endured the hardships and privations of a primitive life, surrounded by dangers and solaced only with meager comforts, they nevertheless bequeathed to us a custom of devoting one day of every year to universal thanksgiving to Almighty God for the blessing of life itself and the means to sustain it, for the sanctuary of home and the joys that pervade it, and for the mercies of His protection from accident, sickness or death."

"Our country has many causes for thanksgiving. We have been blest with distinctive evidence of divine favor. As a Nation we have suffered far less than other people from the present world difficulties. We have been free from civil and industrial discord. The outlook for peace between nations has been strengthened. In a large view we have made progress upon the enduring structure of our institutions. The arts and sciences that enrich our lives and enlarge our control of nature have made notable advances. Education has been further extended. We have made gains in the prevention of disease and in the protection of childhood."

"Now, therefore, I, Herbert Hoover, President of the United States of America, do hereby designate Thursday, Nov. 27, 1930 as a national Day of Thanksgiving, and do enjoin the people of the United States so to observe it, calling upon them to remember that many of our people are in need and suffering from causes beyond their control, and suggesting that a proper celebration of the day should include all that we make sure that every person in the community, young and old, shall have cause to give thanks for our institutions and for the neighborly sentiments of our people."

"In witness whereof, I have hereunto set my hand and caused to be affixed the seal of the United States."

"Done at the City of Washington, this sixth day of November, in the year of Our Lord 1930, and of the Independence of the United States of America, the 155th."

"HERBERT HOOVER
"By the President:
"HENRY L. STIMSON,
"Secretary of State."

Everybody Works But Mother

"What do you do?"
"I keep house, scrub, scour, bake, wash dishes, cook, do the laundry, iron, sew."
And the census-takes listed her:
"Housewife—no occupation."

TACT

She dabbled in water colors, and was rather proud of the results; also, her complexion was the envy of her acquaintances and they said spiteful things about it.

At a dinner party one day she sat next to a shy, awkward young man who cudgelled his brain in vain for something to say.

She took pity on him, and tried to open conversation by remarking with expectant modesty, "I dare say you have heard that I paint?"

"Y-yes," he stammered, looking at her face. Then he added, with a pleasant smile, "But I don't believe it!"

Here's to the memory of John McGuire,

Who ran through the town with his trousers on fire; He went to the doctor and fainted with fright.

Foreigner Applies for Position as Janitor

A foreigner wished to apply for a job as janitor in a store, but he could not speak English or understand it. A friend instructed him what he should say.

The friend said: "The man who hires you will only ask you three questions: First, he will ask how old you are. You will say 37 years. Then he will ask how long you have been in America. Say three years. Then he will ask you whether you like the old country or the United States better. You will say 'both'."

The foreigner agreed. But when the employer began to question him, he got his answers confused.

"How old are you?" asked the employer.

"Three years," was the answer.

The employer blinked: "How long have you been in America?" he asked.

"Thirty-seven years," said the foreigner promptly.

"Which one of us is crazy, you or I?" shouted the American angrily.

"Both," smilingly answered the foreigner.

You can judge a man's standing by whether he dodges taxes, automobiles or subpeonas.

Junction Trade Notes
(By G. G. Co.)

U. S. Dep't of Commerce estimates 3,400,000 persons "able to work and seeking employment" are idle. But the picture is not as dark as it appears, as 43,000,000 persons are classed as gainfully employed—Science announces that tobacco leaves contain a generous amount of the acids of apples and oranges; which is Exhibit No. 1 in the defense of smokers, chewers and spitters—A Shackelford county ranchman has been feeding steamed bonemeal with his stock salt and finds that the bone ration has eliminated creeps from his cattle.

For hog-killing: "Figure" Liquid Smoke, brown sugar, sage, red pepper, in bulk, coarse meat salt, Gann Grocery Company. In stock: Seed Rye, Seed Wheat.

The first West Texas lambs shipped from railroad feedpens in Kansas brought 7 to 7 1/4 cts. and weighed 80 lbs. The feed ration of barley, alfalfa and meal is said to have cost 4 1/2 cts. a day. . . . San Angelo dispatch states that lambs continue in good demand, with mutton lambs selling at 5c, mixed lambs at 6c, ewe lambs 7c, good ewes from \$5 to \$6.50. . . . Three carloads fall wool were moved from Junction wool warehouse Tuesday consigned to the Co-Op. The Co-Op announces that advances on goats will be effective the last of December. . . . Thirty-one growers in the vicinity of Junction, representing an annual production of approximately 200,000 lbs., have entered the Pecan Marketing Ass'n sponsored by the Federal Farm Board. Approximately two carloads local pecans will be marketed through the association this season, it is stated.

In stock: Crystallized ginger, cherries, citron, raisins, currants everything needed for fruit cakes. Gann Grocery Company. Mint and Sherrywine Jellies, Minicreams, Old English plum and fir puddings.

Mr. and Mrs. Norman K. Farmer who recently celebrated their wedding in Houston and their honeymoon in New Orleans are now at home in Junction where they are receiving congratulations of friends. They are comfortably domiciled at beautiful Kimble Courts where every prospect pleases. . . . Mrs. H. F. Bosman of the attractive V-Bar-H Ranch is recently home after a visit in Dallas. FIRE WASTE GROWS

The National Board of Fire Underwriters reports that the fire loss for August, 1930, was \$36,043,679—\$5,596,786 more than August, 1929.

The total loss for the first eight months of this year was \$20,796,909 over the total for the same period last year. At this rate, the 1930 waste will be more than \$30,000,000 in excess of 1929.

Laugh

Once an old darkey visited a doctor and was given definite instructions as to what he should do. Shaking his head he was about to leave the office when the doctor said, "Here Rastus you forgot to pay me."
"Pay you for what boss?"
"For my advice," replied the doctor.
"Naw suh! I ain't going to take it."

AND HOW!

Though you are not the man your mother thinks you are, don't worry—your wife can identify you!

Iron rust stains on white materials often respond to lemon juice. Spread the stained place over a vessel of actively boiling water and then squeeze lemon juice on the stain. After a few minutes, rinse the fabric and repeat.

Thanksgiving

The Thanksgiving season of the year is rapidly approaching and Kimble County has much to be thankful for. The good rains the past two months have put an unusual season in the ground, and small grain is making good pasture for livestock.

Ranchmen and farmers should begin to plan for next year by improving their grazing land, terracing the farm lands, planting orchards, and making plans to diversify their crops. More cows, hogs and chickens should be grown in Kimble County. More vegetables should be grown and the surplus canned for winter use.

The pecan industry should be given more attention. This industry is yet in its infancy and Kimble County should be in the front rank in pecan culture.

Diversification is the key to prosperity.
