

Auction Sale Saturday

"Auction Day" in Slaton--a citizens can participate in an auction of all types of items and, at the Slaton High School athletes' purchases.

Public Auction is sponsored by the Slaton Chamber of Commerce. The auction will be held on the city square, beginning at 10 a.m. Saturday.

Time Saturday, the club hopes to have a variety of household goods, appliances, antiques, farm equipment, and even a car or two. Still needs more items for the auction, and is taking donations on a basis. Free pick up service is also offered, according to Glen Aklin.

and Ted Weaver have volunteered as auctioneers for the sale. Jim Newhouse are co-chairmen.

Anyone having items to sell can call the Chamber of Commerce, 429-6238, or take the items to the building located next to Lasater's.

This is an adult booster organization. It is a school athletic program, and the auction sale will be used to help high school programs.

IS ANNOUNCED 'VARDY DAY'

Vardy, longtime Slaton School teacher who is retiring about July 1, is having a community reception at 2 p.m. from 2 to 5 p.m. in the city square. The day was announced this week.

The reception was initiated by the Chamber of Commerce directors and a committee was formed last week. The committee is composed primarily of former school trustees who have known Vardy since 1947.

Davis was elected as chairman of the committee, and B. B. (Doc) Castleman as chairman. Citizens desiring to give a gift fund for Dr. Vardy are invited to do so.

Dr. Vardy will be sent to special out-of-town to attend the reception, but he will be open to all interested citizens, and details will be announced.

ING PERMITS B TO \$209,410

Activity in Slaton continues at a high rate despite high interest in permits issued at Slaton Municipal Building during May totaled \$59,150. The month total for 1969 added up to \$216,236.

Building figures are ahead of the last two years. The total for 1968 was \$185,800 and the 1967 tabulation was \$116,236. Total of \$59,150 came mostly from permits for two new business firms. The \$48,000 was issued to American Oil Co. for a service station at Slaton and Cemetery Road. A permit for a new building was issued to Enterprises, Inc., in the amount of \$11,150.

High this year was the month of May when permits totaled \$57,575. This was \$1,000 for the municipal airport. The March total was \$31,000 and the April total was \$21,335 -- with new homes accounting for most of the permits. January's total was \$19,850 with most of it being for the Smith Ford.

On Division Street says if a man is not enough to live on these days, he would twice what he's worth.

Statements from Santa Fe officials say there's still talk around town about the situation. If they're correct, eventually lead to the closing of the Santa Fe.

A railway employee, who did not want to be quoted, said the action this week was from the local payroll.

of the local employees seem to be about the situation. If they're correct, eventually lead to the closing of the Santa Fe.

er of Commerce manager Ted Weaver a personal war against weeds on the city square last week and, with the help of store managers, cleaned off areas where weeds were growing up around the city square.

carried two hoses--one in case the manager wanted to join him--and a small tank to poison weeds. We'll lay you odds that Slaton City Chamber manager in the United States has made this "down-to-earth" summer!

ed games are in prospect for many citizens who want to take advantage of the auction Saturday. First is the Tiger auction which is scheduled to start at 10 a.m. on the south side of the city square.

like auctions--or who have always gotten in on the action--should have a good time, and help Slaton High athletes.

starting at 2 p.m. is a "game night" at the Christian Church. Tournament begins at 5 p.m. in 42 dominoes and proceeds go to the Boy Scout Troop and by the Christian Mens Fellowship.

Slaton Area Escapes Violent Weather

More Plans Given For July 4th Picnic

More plans for the old-fashioned July 4th celebration in Slaton were made during a meeting Monday night of "Civic Slaton."

Details were discussed for a fireworks display, a fiddler's contest, and a dance during the meeting of representatives from about a dozen civic clubs and organizations helping to sponsor the celebration.

The program will start at 2 p.m. and end with a dance on the tennis courts at the City Park. Only cost to the public will be for concessions and the dance, and all money will go to pay for the fireworks display and entertainment. The clubs of Slaton are planning the celebration as a non-profit event.

The big day will include games for young and old--such as horse shoes, 42, ping pong tournament in the Clubhouse, and sack races. Live entertainment will be provided by Clem Kitten, Glen Richardson, and Buddy Pettigrew and Billy Fenley.

Prizes of \$20, \$10 and \$5 will be awarded in the Old Fiddler's Contest. Entry fee is \$1.

Search Underway For School Chief

The search for a new superintendent of Slaton Schools moved along this week as the trustees started personal interviews with some of the 14 prospects for the important post.

The school board met last Thursday night and reviewed all the candidates, then picked out some of the men for personal interviews. Board president Ted Swanner said he was unable to predict how soon a choice would be made by the board.

Dr. P. L. Vardy, longtime Slaton superintendent, is retiring after holding the post for 22 years. He has set July 1 as the date of his retirement.

State Rep. Clayton Talks To Lions on Water Plan

State Rep. Bill Clayton from Springlake, who is also executive vice president of Water, Inc., was guest speaker at the regular weekly luncheon meeting of the Slaton Lions Club Tuesday at Bruce's Restaurant.

Rep. Clayton, now serving his fourth term in the Legislature, spoke on the Texas Water Plan, including provisions of the proposed constitutional amendment which will be presented to voters Aug. 5. He also explained that Water, Inc., is a non-profit organization seeking to advance and promote the importation of water into this area.

Aside from a dwindling water supply, Clayton pointed out that Texas needs additional water in the future to continue its pace in industrial and agricultural progress. Last year, he stated, Texas led the nation in the number of new industries drawn to the state.

Clayton issued a plea for support of Amendment No. 2 on the August ballot. "I know the Lions Club does not participate in political matters, but I don't consider this political. It's a matter of life or death for our area."

The state legislator said Water, Inc. was "in business to go out of business." Purpose of the organization is to see the proposed Texas Water Plan successfully implemented in West Texas.

After briefly outlining the proposed plan, which includes the importation of water from the lower Mississippi River through an extensive system of conduits, canals, pumping plants, dams and reservoirs, Clayton discussed the "people and money" problems involved. (See WATER, Page 7)

\$1 and contestants may sign up at KCAS Radio or at the Chamber of Commerce office.

Concessions will include a watermelon stand, and cold drinks and ice cream. Citizens are invited to bring a picnic lunch and enjoy the afternoon games and entertainment.

Make your plans now to attend Slaton's Old Fashioned 4th of July Celebration!

Tiger Town Dance Planned

"The Winfield Train" will play Saturday night for a dance at Tiger Town with all youth from junior high and older invited. Admission to the dance will be \$1. The dance will be from 9 p.m. to 1 a.m.

The youth center is open this summer during the day. On weekdays it is open from 2:30 to 5 p.m., and on Monday, Tuesday, Thursday and Friday nights from 8 to 11:30 p.m. It is open on Saturday nights only when special activities or dances are planned. It is not open Sundays.

R. G. Copeland, junior high coach and teacher, who has 13 years experience teaching and working with youth, has been named to manage and operate the center this summer. He is a graduate of North Texas State University. He and his family have lived in Slaton the past seven years. They have two sons and a daughter.

Copeland said the youth center is open to all youth from junior high age and up. There are no membership dues. New additions to the center include pinball machines, a shuffleboard and a snack bar with hamburgers and sandwiches. Tiger Town also has pool tables, ping pong tables, Coke machine and juke box.

It is hoped that the new format at Tiger Town will "catch on" and larger groups of youth will make their plans to meet there for recreation and fellowship.

A GAME OF POOL---Mark Neill, Dennis Hamer and Mark Nesbitt are enjoying an afternoon of shooting pool at Slaton's youth center, Tiger Town. The center is open five afternoons weekly for junior high age and older. (SLATONITE PHOTO)

Two Die After Grinding Collision Near Overpass

A grinding car-truck collision at the W. Division Street overpass intersection Tuesday morning resulted in fatal injuries to a former Slaton mail carrier and his grandson.

Claude S. Wilkinson, 75, was pronounced dead at the scene of the accident by Mrs. Pearl

LEGION ELECTION SLATED TONIGHT

Slaton's Luther Powers Post 438, American Legion, will hold an election of officers tonight (Thursday), it was announced this week by Cmdr. D.D. Tucker.

All members were mailed election notice cards last week, according to John E. Waldrop, adjutant. Tucker urges all interested post members to attend the meeting tonight.

Lawrence, Slaton J.P. His grandson, Charles Stephen Wilkinson, 17, died Wednesday morning in Methodist Hospital at Lubbock. Driver of the truck, Johnny Lee Bohot, 29, of Lubbock, was not injured.

Police Chief Walter Head reported that it took about 15 minutes to remove the victim from the car, and his grandson was pinned in the vehicle for about 30 minutes. Head praised rescue efforts by those at the scene, including several truck drivers, the Texas Highway Patrol, Bud Englund, Sloan Wrecking, and the rescue unit of Slaton's Volunteer Fire Department.

The Wilkinson auto was headed east on FM-41, and Bohot was driving a loaded gravel truck north on US-84 when the collision occurred. The elder Wilkinson was driver of the auto, which was a total loss.

The truck and car had to be pulled apart after the collision. Bohot is employed by Cement and Supply Co., Lubbock.

Double funeral services have been set for 2:30 p.m. Thursday in Oakwood Methodist Church of Lubbock with Franklin Bartley directing. Burial will be in Resthaven Cemetery.

The younger Wilkinson is the son of Richard Wilkinson and Mrs. James A. Baker, both of Lubbock, and is the grandson of Mrs. Lydia Dickson of Slaton. The elder Wilkinson's survivors include his wife of Lubbock; a son, also of Lubbock, and several grandchildren.

Mayor Explains Air Pollution Program Here

The City of Slaton's compliance with the Texas Clean Air Acts was discussed by Mayor David Hughes at the regular weekly luncheon meeting of Slaton Rotary Club last Thursday.

Hughes pointed out that the city will be required to bury all garbage effective July 1, and he stated that the city had been fortunate in gaining an agreement with Lubbock County to help with the project.

Site of the new landfill operation will be in the "lake" area of the municipal airport land north of the city. City officials were fearful that a large expenditure for additional equipment would be necessary, but county cooperation will allow the city to go into the landfill. (See MAYOR, Page 7)

ed east on FM-41, and Bohot was driving a loaded gravel truck north on US-84 when the collision occurred. The elder Wilkinson was driver of the auto, which was a total loss.

The younger Wilkinson is the son of Richard Wilkinson and Mrs. James A. Baker, both of Lubbock, and is the grandson of Mrs. Lydia Dickson of Slaton. The elder Wilkinson's survivors include his wife of Lubbock; a son, also of Lubbock, and several grandchildren.

Police recorded three other one-car accidents on the US-84 bypass the past week, with no serious injuries. Suzanne Hudman of Post was involved in a one-car mishap Monday afternoon after losing control of her vehicle. The car crossed into the other lane and up on a concrete embankment. Damage was estimated at about \$250.

Two Houston residents were (See ACCIDENT, Page 7)

NFO MEETING

The National Farmers Organization will be explained and local membership invited when an informative meeting is held Monday at 8 p.m. in the Reddy Room of the Southwestern Public Service building.

Bobby McBeth of Hale Center will be the speaker for the meeting. All area farmers are invited to attend the meeting and learn more about NFO. McBeth said.

Slaton and area citizens, for the most part, counted themselves very fortunate on the weather scene this week after rain, hail and high winds lashed a large portion of the South Plains Friday.

A wind-driven rain moved across Slaton Friday evening, with light amounts of hail reported in parts of town, leaving 1 to 2 inches of moisture in the city. Hail damage was light except in a strip along Cemetery Road, according to available reports.

Some hail damage to crops was reported by Herb Schwertmer, Tony Steffens, Bud Kitten, Alton Meeks and several others. A 30 percent loss was reported on the Schwertmer farm. Hail-fall was heavier in some areas around Slaton. Florence Strube, northeast of town, recorded from 2 to 3 inches of rain Friday and Saturday.

Threatening thunderstorms continued around the area this week, but Slaton escaped more of the rain. Clearing skies were seen Wednesday. A possibility of more showers was in the forecast Wednesday night, however.

The savage series of storms hit hard around the Littlefield and Plainview areas this past weekend, with several persons drowned in the flash floodwaters. Up to 8 inches of rain was reported at Littlefield along with softball-size hail and gale-force winds. Rain and hail also hit hard around Abilene and north of Dallas.

The thunderstorm at Littlefield was reported by one resident there to be "the worst summer storm in memory." Devastating hail also cut a large path from Crosbyton to near Floyd.

Despite the persistent, almost regular, intervals of rain and violent weather, the overall crop picture was still bright around the Slaton area. The biggest factor in favor of Slaton farmers is the fact that an excellent soil moisture content has been achieved. While some farmers had to replant, the good moisture base enabled them to offset delays in getting their crops up.

Southland Man Dies in Mishap

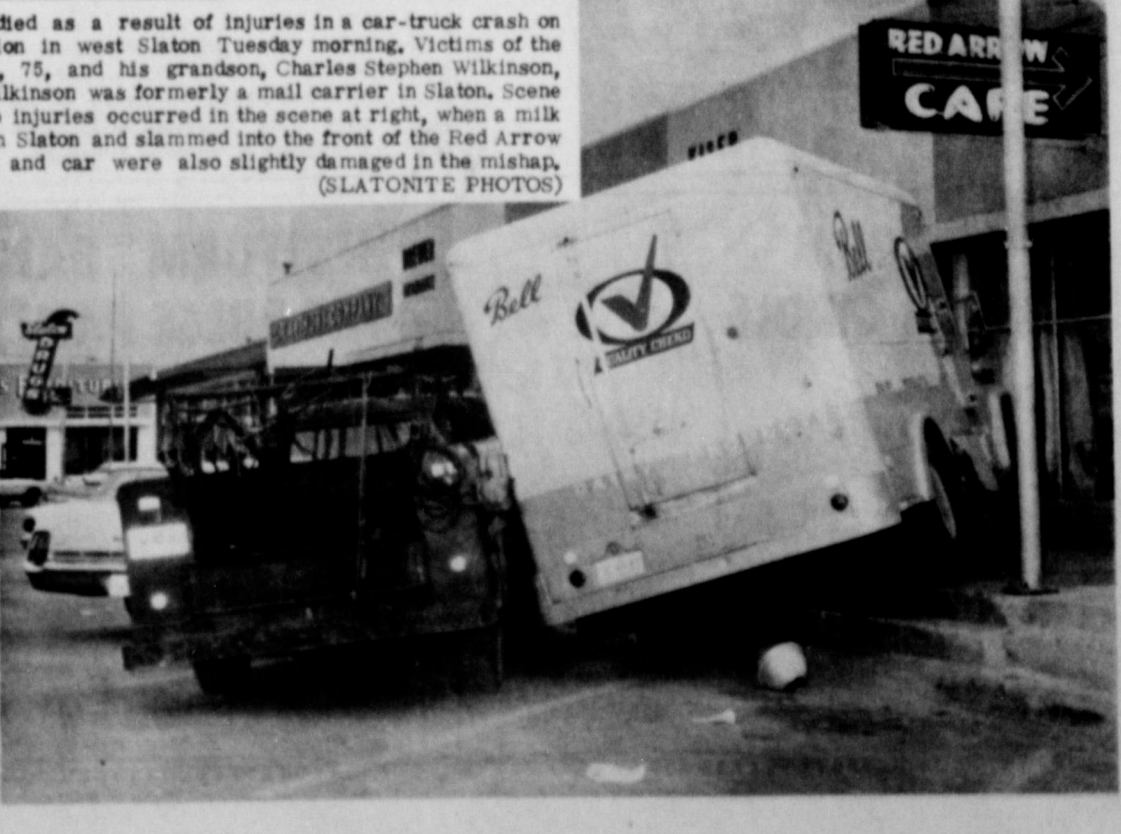

Services were held Monday for Paul Winterrowd, 43, who died Friday when he was crushed by an earth-moving machine about 15 miles east of here on FM 2150. The accident occurred shortly after 3 p.m. Witnesses reported Winterrowd was working on a front-end loader bucket propped on a lift when the loader fell. He was pronounced dead on arrival at Mercy Hospital at 3:20 p.m. Friday. He was employed by James Prentice, Inc. Sand and Gravel.

The 10 a.m. services were held in the W. W. Rix Memorial Chapel at Lubbock. The Rev. Jim Sharp, pastor of the Southland Methodist Church, officiated. Burial was in Peaceful Gardens Memorial Park by Rix Funeral Directors.

Winterrowd was born Jan. 11, 1926 at Hereford. He was raised near Southland and graduated from Southland High School in 1943. He married the former Miss Bobbie Lightfoot in 1946. He was a veteran of (See SOUTHLAND, Page 7)

ACCIDENT SCENES---Two men died as a result of injuries in a car-truck crash on the US-84 and FM-41 intersection in west Slaton Tuesday morning. Victims of the crash were Claude S. Wilkinson, 75, and his grandson, Charles Stephen Wilkinson, 17, both of Lubbock. The elder Wilkinson was formerly a mail carrier in Slaton. Scene at left shows the fatal crash. No injuries occurred in the scene at right, when a milk truck jumped the curb in downtown Slaton and slammed into the front of the Red Arrow Cafe Monday morning. A pickup and car were also slightly damaged in the mishap. (SLATONITE PHOTOS)

DEBBIE DICKEY

Couple To Wed July 12

Mrs. J. H. Dickey of Slaton has announced the engagement and approaching marriage of her daughter, Debrah, to Johnny Pack, son of Mrs. Nolan Pack of Lubbock.

Miss Dickey is a 1969 graduate of Slaton High School and will be employed at Litton Industries.

Pack attended Estacado High School and is employed with Virgil Dement Construction company of Lubbock.

The couple will exchange vows at 1:30 p.m. July 12 in Harwell Heights Baptist Church, 302-38th St., Lubbock.

Friends of the couple are invited to attend the ceremony.

Smitty Aylesworth, brother of Mrs. Johnnie Moore, was discharged from the Navy Saturday and spent the weekend here at a family reunion in the Moore home along with 22 other relatives.

M/Sgt. and Mrs. W. K. Lankford and daughters, Sue, Cindy and Mikie, and two sons, Fritz and Jimmy of Honolulu, Hawaii, visited in Slaton over the weekend with Mr. and Mrs. Henry R. Fondy. The Lankfords were enroute to Tampa, Fla. where they will make their new home.

CYO Dance Set June 27

Members of the CYO are sponsoring a dance next Friday night, June 27 at St. Joseph's Hall, with music furnished by "The Shucks."

Admission is \$1.25 per person. Hours are from 8-12, and everyone is invited.

Mr. and Mrs. John Housour of Sun City, Calif., spent last week visiting his brother and wife, Mr. and Mrs. W. L. Housour. They returned to their home last Friday.

MEN: 9:00 to 9:00, Monday, Wednesday and Friday

MRS. DOUGLAS L. KEESE
... Arlene Barron

NOTICE

A called meeting of the Slaton Chapter No. 585 Order of the Eastern Star is scheduled at 7:30 p.m. Saturday in Masonic Hall. New officers will be installed and all members are urged to attend by Wanda Hurst, worthy matron.

Visitors last week in the home of Mr. and Mrs. J. B. Butler were two of their nieces, Lois Jackson of Palo Alto, Calif., and Mrs. Lew Cole from Waterford, Calif.

The average age of the 14,600,000 World War II veterans is 49.3, the VA reports.

Barron-Keese Vows Repeated Saturday

The Church of Christ here was the scene for the wedding of Miss Peggy Arlene Barron and Douglas Lee Keese Saturday at 8 p.m. The double ring ceremony was officiated by W. L. Robinson, director of the Levelland Church of Christ Bible Class.

The bride is the daughter of Mr. and Mrs. A. J. Barron and the bridegroom is the son of Mr. and Mrs. T. L. Keese, all of Slaton.

Given in marriage by her father, the bride wore a formal-length traditional gown designed and made by her mother. The gown was white peau de sole with lace appliques and petal point sleeves. It featured a chapel-length train. She wore a veil of silk illusion attached to a cluster of rose buds and seed pearls.

Miss Pam Martin of Abilene served the bride as maid of honor. Misses Cheryl Keese and Debbie Johnson were bridesmaids. They wore formal

length gowns of orchid satin and each carried a long-stemmed rose.

Best man was Leland Martin of Canyon. Gale Barron of Snyder and Larry Delaney of Clovis, N.M., were groomsmen. Leslie Delaney was flower girl and John Barron was ring bearer. Doyle Eubridge, along with Micky Mason of Southland, soloist, provided the wedding music.

Following the ceremony, a reception was held in Fellowship Hall of the church.

The couple resides at 1000 South 12th St., Slaton. The bride is a 1969 graduate of Slaton High School. The bridegroom is a 1966 graduate of SHS and a 1968 graduate of South Plains College at Levelland. He is now a student at Texas Tech and employed by Baldrige Bakery of Lubbock.

Teachers At Conference

Mrs. W. V. Childers and Mrs. W. A. Carnes attended the 5th annual Living Textbook conference June 8-10 at the University of Texas at Arlington. The two were recipients of scholarships awarded by the Fort Worth Star-Telegram. Purpose of their attending the conference was to learn a better way to impart knowledge and understanding to students, as well as to learn the use of a supplementary teaching tool.

The Living Textbook seminar is sponsored by the Fort Worth Star-Telegram in conjunction with the University of Texas at Arlington. Funds are received from the Amon G. Carter foundation, and the scholarships cover all costs of the seminar except that of transportation to and from the University.

Especially impressive among some 40 speakers were Mrs. Hope Shackelford, Dr. Gene Shepherd, James J. Kilpatrick, Mrs. Evelyn Lovejoy and Chuck Whaley.

Mrs. Lovejoy is reading coordinator at Gatesville State School for Boys; Whaley of Duluth, Minn., entered newspaper work after 20 years as a teacher, coach and administrator; Kilpatrick is a nationally syndicated news columnist presently assigned to Washington, D.C.; Mrs. Shackelford of Wichita, Kan., has been awarded the Pacemaker award and a presidential citation for excellence in teaching.

Newspapers were used in the 7th and 8th language arts classrooms in Slaton Junior High School for six weeks of the past school year. Mrs. Childers and Mrs. Carnes hope to increase that for the 8th grade during the coming session.

Both teachers are eager to apply the knowledge they acquired at the seminar, and both expressed admiration for the master teachers at the conference.

The two are now enrolled in Tech's summer session in a course on 19th century literature, and in a lab course which covers audio-visual production. In this lab they are preparing materials for use in their individual classrooms.

MRS. JOHN C. GRIFFITH III
... nee Elaine Wolf

Griffith-Wolf Vows Read Here Saturday

Double ring wedding vows were repeated by Miss Elaine Marie Wolf and John C. Griffith III Saturday at 3 p.m. in St. Joseph's Catholic Church. Msgr. Peter Morsch, pastor, officiated the ceremony.

Parents of the couple are Mr. and Mrs. Art Wolf, Rt. 1, Slaton and Mr. and Mrs. John C. Griffith Jr., 600 S. 11th, Slaton.

Given in marriage by her father, the bride wore a formal length satin gown with chapel train appliqued with alencon lace which was accented with pearls. She carried a bouquet of white pom poms.

Miss Mary Gill of Lubbock was the bride's maid of honor. Bridesmaids were Miss Jan Griffith, sister of the groom, Miss Linda Kahlich, cousin of the bride, and Loretta Wolf, sister of the bride, all of Slaton.

The attendants wore yellow floor length dresses of organza over satin trimmed with yellow lace. Each carried a white car-

nation. Richard Beckman, man for his cousin, was the best man. He is a high school senior and trainee at the Slaton State College.

Ushers were John Dalton, brother of the bride, and Clifford Kites, who accompanied Mrs. Dalton.

Following the ceremony, a reception was held at the church. The couple plans to spend the honeymoon in Slaton. She is a 1968 graduate of Slaton High. He is employed here.

Miss Walton Graduate

Miss Nancie Walton graduated from the School of Nursing and Health Services at the First Church, Lubbock.

Miss Walton began her nursing career after satisfactorily completing a one year at Texas Tech. She is a 1966 graduate of Slaton High School and the daughter of Mr. and Mrs. Charlie Walton.

Van Zandt

Reunion June 29

The Van Zandt County reunion will be held Sunday, June 29, at the Precinct 1 Club House located at 5012 50th St., Lubbock.

All Van Zandts from West Texas and elsewhere are invited to the basket lunch dinner. Raymond Everitt is president of the group and Rubye Ross is secretary.

Morrison, Miss Hunt Wed in Irving Ceremony

Beverly Hunt and Bob Morrison were united in matrimony Friday in the Baptist Church of Irving, Texas. The ceremony was officiated by Rev. Wallace Phillips. The bride, Miss Hunt, is the daughter of Mr. and Mrs. Garth Hunt of Irving. The groom, Mr. Morrison, is the son of Mr. and Mrs. Doyle Morrison.

Miss Hunt was escorted by her brother, Bob, wearing a white tuxedo. The wedding party included bridesmaids and groomsmen. The ceremony was held at the Baptist Church of Irving, Texas.

The wedding was attended by many friends and family members. The bride and groom will be residing in Irving, Texas.

Roosevelt Homemakers Hear Mrs. Harris

The Roosevelt Young Homemakers met Tuesday, June 10, at the Roosevelt Clubhouse with 12 members and one guest, Mrs. Larry Mann, attending.

Mrs. Bill Harris, home economics teacher at R.H.S., presented a program entitled "Optical Illusion". The devotional was given by Mrs. Bill Sides. Plans were made to attend the Young Homemaker College Day on June 19 at Texas Tech. Refreshments were served by Mrs. Don Richardson and Mrs. Hoyt Wright.

The club's next meeting will be June 24 at 9 a.m. in the Roosevelt Clubhouse. The program will be "Food Preservation Methods".

Couple Sets August Date

Mr. and Mrs. J. W. Morton of Wilson announce the engagement and approaching marriage of their daughter, Donna, to Steven R. Donaldson, son of Mr. and Mrs. H. R. Donaldson of Slaton.

The bride-elect is a 1967 graduate of Wilson High School, attended Isbell Powell's School of Beauty at Lubbock, and is presently employed at Pohl's Beauty Shop in Slaton.

Donaldson is a 1965 graduate of Slaton High School, served three years in the U.S. Navy, and is a technical representative for the Xerox Corporation in Lubbock.

The couple plan to wed August 16.

DONNA MORTON

Hamburger on Bun Celebrates 65th Year

Hamburger on a bun may be a 65-year-old food idea, but it's not about to retire from the American scene.

Hamburger alone has been around for centuries. However, it didn't catch up with the bun until 1904. That was the year that somebody decided to serve hamburgers on buns at the great St. Louis Exposition. Introduction of the hamburger on a bun shared the spotlight with another great American innovation, ice cream in an edible cone.

The hamburger's ancestry goes back as far as ancient Egypt when meat was minced for quicker cooking. Through the ages, men found that grinding meat was a good method of tenderizing it.

Exactly how ground beef came to be called hamburger is a bit obscure. However, it was probably named for the German seaport of Hamburg. In medieval times, traveling merchants from the city of Hamburg went to the Baltic lands. They saw the Tartars scrape raw meat and season it with salt, pepper, and onion juice to make what we now call "Steak Tartare."

This is the way the Hamburgers ate their beef until some cook decided to shape the raw meat into patties and broil them crisp on the outside, nearly raw inside.

German immigrants brought their rare hamburger idea with them to America. Here people of English-Irish-Scottish ancestry learned more to the well-known variety of hamburger. In England it was called "Salisbury Steak" after physician, Dr. James H. Salisbury.

Dr. Salisbury had recom-

ended to his patients that they eat such "steak" three times a day with hot water before and after each meal. It was his contention that such a diet would relieve an assortment of conditions from asthma and bronchitis to hardening of the arteries and gout.

Nevertheless, it was simply because the hamburger proved to be so easy, economical, and popular with everybody in the family that it became a regular item in the weekly eating schedule.

Today the plump, juicy hamburgers are still sizzling on grills from coast to coast. Most often they're in the good company of fresh hamburger buns, thick slices of onions, tomatoes, mustard, and pickles or relish.

For more sophisticated appetites, the adventurous cook departs from the traditional hamburger and serves variations as simple as these. Try them in celebration of the hamburger's 65th year.

Top the cooked ground beef patty with:

Crisp bacon curls.
A slice of grilled pineapple topped with toasted coconut.
Broiled mushroom caps. Or sliced mushrooms and sliced water chestnuts.

Sauteed walnuts, almonds, or pecans.

A few French fried onion rings.

Avocado slices with a few drops of garlic dressing.

Drained, chopped sauerkraut mixed with caraway seeds.

Sour cream mixed with chopped chives and dill, or with grated onion and black caviar.

And serve on a hamburger bun!

Shower Honors Miss Buchanan

Miss Connie Buchanan, bride-elect of Phil Goad, was honored with a personal shower and luncheon at one o'clock Sunday in the home of Mrs. George Jameson. Hostesses were Miss Martha Elder, Mrs. Grady Elder, Mrs. Rita Crowson and Mrs. Jameson.

Individual tables were covered with white imported linen cutwork cloths. A bridal motif and the honoree's chosen colors of pink and white were carried out in the table decorations.

Friends of Miss Buchanan present at the luncheon included Miss Debra McWilliams, Miss Shawna Dickerson and Mrs. Melvin Dickerson of Lovington, N.M., Mrs. Randy Polk and Mrs. John Fondy.

Special guests were Mrs. Ruby Buchanan, mother of the honoree, and Mrs. Wyatt Swint, mother of the bridegroom-elect. A gift was sent by Miss Loyce Baker.

Miss Buchanan and Mr. Goad will marry at 8 p.m. June 28 in Grace Lutheran Church.

MR. & MRS. JERRY MUGGETT

Mudgetts Celebrate 50th Anniversary

Mr. and Mrs. Jerry Mudgett, long-time Slaton residents, will observe their Golden Wedding anniversary with open house from 2-5 p.m. Sunday at the Slaton club house.

Host and hostesses for the reception will be their son, W.H. and wife, Elizabeth of Sudan, and nieces of the couple.

The former Maude Bybee and Jerry Mudgett were married June 22, 1919, at Chillicothe. Following their marriage, they resided for a time at Lockney, moving to Slaton in 1934. Mudgett was employed here with the Ford Motor company until his retirement in September, 1961.

They are members of the Methodist Church.

Friends and relatives of Mr. and Mrs. Mudgett are invited to attend the Sunday afternoon affair. The club house is located at 750 West Garza.

1961. They are members of the Methodist Church.

Friends and relatives of Mr. and Mrs. Mudgett are invited to attend the Sunday afternoon affair. The club house is located at 750 West Garza.

Simmons Attend Meet

Mr. and Mrs. Claude Simmons attended the Producers Conference of Nutrilite Products at Fort Davis, Tex. June 6th and 7th.

Guest speaker was Dr. C.S. Rehms, who addressed over 100 independent direct selling distributors of Nutrilite Food Supplement, cosmetic and household products. Rehms holds a degree in chemical engineering from Stanford University and in biophysics from the University of Berkeley, Calif. He is director of research and development for the Nutrilite Co. in California.

NOTICE

Cub Scout Pack #128 will have an ice cream supper and swim party in the Slaton Park, according to pack leader R.M. McMinn. The party is slated to begin at 7:30 p.m., Thursday, June 26.

Cotton is the only major fiber that increases in strength when it's wet.

NOTICE

Members of the American Legion Auxiliary are urged to attend a meeting tonight at 7:30 p.m. in the custodian's room of the Slaton Clubhouse.

Included on the business agenda is election of the nominating committee and delegates to the Department Convention of the auxiliary. Plans for the annual Trademark to be held during July will also be finalized.

Mrs. Edgar Moseley and Mrs. Edna Gustavus have just returned from an airline trip to Atlanta, Ga., where they visited Mr. and Mrs. Henry Moseley and Molly. High point of the trip was to see Molly graduate from Oglethorpe College.

HELLO WORLD

6-11-69: Mr. and Mrs. Thomas R. Bowers, Rt. 2, Wilson, parents of a girl, Sherri Lynn, 6 lbs. 10 oz.

6-12-69: Mr. and Mrs. John M. Riney, Slaton, parents of a girl, Shannon Renee, 6 lbs. 1 oz.

Most cotton knits now have wrinkle-resistant, shape-holding finishes, and are machine-washable. If you prefer to hand wash, remember to squeeze the garment without twisting, and rinse without wringing. After rinsing, blot out excess moisture by rolling the garment in a clean bath towel. Spread it flat on dry towels to dry. Smooth and shape the garment in place. If touchup ironing is needed, use a steam iron.

A SALUTE TO VOLUNTEER WORKERS OF BOYS' BASEBALL

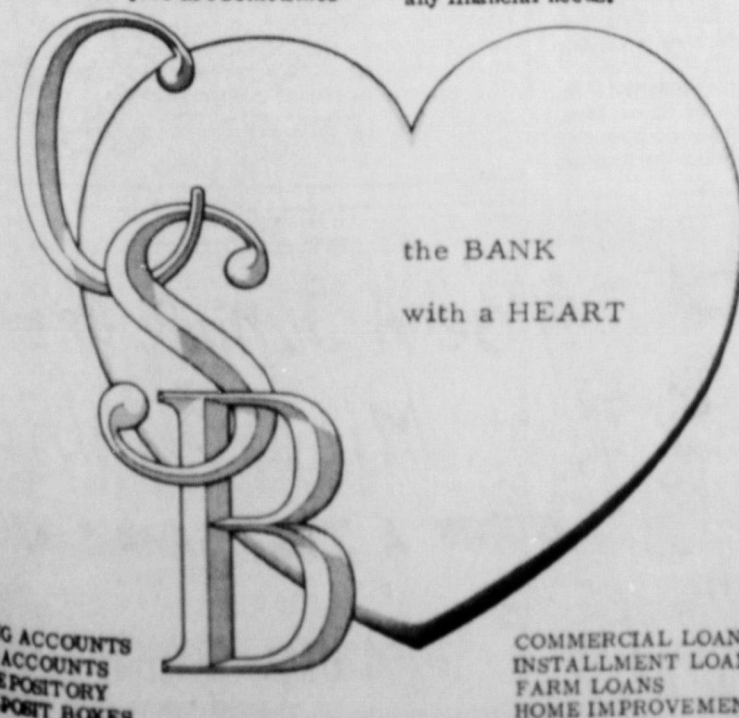

Baseball season, for Slaton, is fast nearing the last inning and we at Citizens State Bank want to salute the men who offer their time and talents to help make the boys' baseball programs possible.

Congratulations go to the managers, coaches and umpires who volunteer their time to make the program work. While their jobs are sometimes

made difficult by criticism of parents and fans, their rewards in working with the boys overshadow the efforts spent.

CSB wants you to know that you're not taken for granted... your contributions are greatly appreciated by most of the community!

We don't take any of our customers for granted at CSB, either. Come by and see us for any financial needs.

THE GREAT COVER UP

Just when the apparel world is taking it off ... the home furnishing world is putting it on!

The great cover up is a textural explosion--indoors and outdoors--living room, bedroom, den, kitchen and children's rooms.

The great cover up is more of everything. More color, more texture, more brilliance. Shags are explosive... plush is powerful... traditional is better than ever.

Kitchen carpet has matured from gimmick to accepted, indoor-outdoor is spreading everywhere and all carpet is getting tougher.

Revolt against the commonplace--come in today and pick out the carpet you like--unafraid and unaffected by what your neighbor likes...do Your Thing!

last frame from Paul Quintero. Raul Sanchez was tagged with the loss. Paul Payne had a double and single for the winners, while Max Martinez had a double for Henzler.

In one of the better-played games of the season, Henzler scored a 1-0 victory over Montgomery's Comets last Thursday. Sanchez pitched a two-hitter for the victory. Don Jackson got the loss in relief on an unearned run in the last inning. Randy Davis pitched scoreless ball for the Comets for six frames, giving up four hits. Simon Gonzales batted in the game's only run.

Bradley Kitten pitched three-hit shutout as the Cubs downed CSB in a crucial game last week. Woolever, Edwards and Tony Martin each had two singles in the Cubs' nine-hit attack against Gilbert Escobar.

The standings through Tuesday night:
CUBS 10-3, CSB 7-4, MONTGOMERY 5-5, HENZLER 5-8, GINNERS 2-9.

Indians Gain On Giants

Colts Moving Up in Minors

The Indians gained ground on the league - leading Giants in Little League play the past week, trailing the Giants by only one-half game this week.

The Indians scored a 10-7 win over the Giants last week, and the Cardinals upset the Giants by an 11-8 decision Monday night. The Yankees won their first game in another league highlight the past week.

INDIANS 6, DODGERS 4
The Dodgers outthrew the Indians by 10-5, but lost the game by 6-4 Tuesday evening. Bobby Hightower had a double and single for the Tribe, while Clay Mitchell went 4 for 4 for the Dodgers. Glen Heinrich was the winning pitcher in relief.

CARDS 11, GIANTS 8

The Giants and Cardinals had 10 hits each, but the victory went to the Cards by 11-8 Monday. Lupe Valderaz left nine runners stranded and went all the way for the victory. Gonzales had three hits and Doyce Field and Mark Mosser two each for the Cards. Ronnie Smith had three hits for the Cardinals. J. W. Washington was the loser in relief.

YANKEES 7, CARDINALS 3

The Yankees chalked up their first win of the season last Thursday with a 7-3 win over the Cards. Frank Love and Allen Gordon stopped the Cards on two hits. The Yanks had seven hits, including two each by Don Robinson and Kendon Wheeler.

INDIANS 10, GIANTS 7

The Indians exploded for five runs and five hits in the 4th inning and went on to take a 10-7 win over the Giants last week. It was only the second loss for the Indians. The Indians batted out 14 hits and the Giants 13 in the contest. Glenn Heinrich had four hits for the Tribe, and Bobby Hightower had three including a double and home run. Four Giants had a pair of hits each, and Brad Robison socked a homer. Hightower was the winning pitcher.

League standings through Tuesday evening:

Giants 8-3, Indians 7-3, Dodgers 5-5, Cardinals 5-6, Tigers 3-5, Yankees 1-7.

MINOR LEAGUE

The Colts won two games the past week to tie the Mets for first place in the minor league standings. The Mets won one and lost one the past week.

The Twins handed the Mets a 7-5 loss Tuesday afternoon as Eddrick got two hits and pitched in relief for the winners. The Twins had five hits to seven for the Mets. Washington led the Mets with two hits.

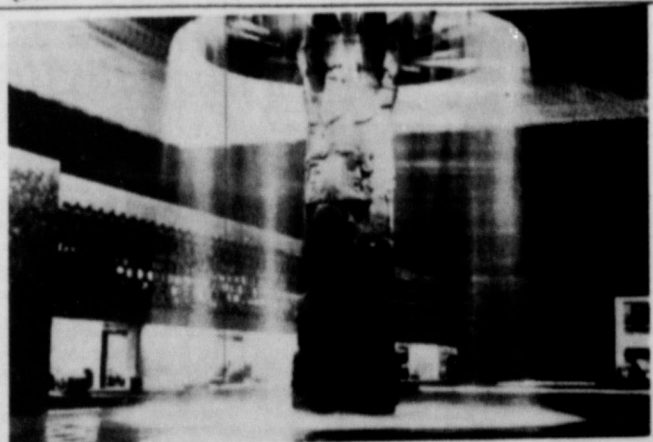

The Colts scored a 16-6 victory over the Angels Monday with Phil Brueggeman and Lonnie Ardrey getting three hits each in a 14-hit attack. Brewer hit a homer for the Colts and pitched in relief. The Angels had only three hits.

The Colts captured a close 4-3 victory over the Twins last Friday, tallying two runs in the final inning. The Colts had only two hits, one a single by David Gray in the final frame. The Twins had three hits with Eddrick getting two of them. Ardrey and Brueggeman pitched for the Colts. Joe Scott lost with the hit.

The Mets took a 14-11 win over the Angels last week with Wood and Ramirez pitching, and Geron Stricklin bating out three hits. The Angels had only three hits with Kitten getting a double.

The standings through Tuesday:
Mets 8-3, Colts 8-3, Twins 6-5, Angels 0-11.

Only unmarried widows of World War II, Korean Conflict and Post-Korean veterans who died as the result of military service are entitled to VA home loan guaranties.

INDOOR WATERFALL... In Mexico City's famed Museum of Anthropology, a cleverly designed waterfall cascades from a huge "umbrella" which springs from a hand-carved monolith that might once have supported a temple roof.

If you knew how a fish felt when he got out of bed you'd have a better chance of catching him!

The problem, of course, is to diagnose fish moods. Since most anglers can't converse with them (although some claim this distinction), it's difficult to learn how fish greet the day.

Knowing what factors influence fish behavior can add to your angling success.

say the fishing authorities at Mercury outboards. Sky condition, water temperature and water color all determine a fish's disposition. Successful anglers read this mood and match it with the correct

casting technique.

In muddied or brown water fish are less likely to venture from their normal lies. They're reluctant to move any distance to investigate a lure or bait. This means an angler must cast almost directly over the fish to get his attention. Casts should be more frequent with less distance between them.

In clear water fish are more eager and will travel farther seeking food. Therefore, fewer casts are needed, and the fisherman can work a larger territory.

Warm water is the result of hot weather, and fish aren't much different from fishermen at this time. They're lethargic and won't move about any more than is necessary. Again, this calls for more frequent casts to place the lure near enough to excite

the fish. Cool water stimulates fish, causing them to move more. Anglers get by with fewer casts covering more water with each.

Sky conditions, particularly during warm months, also influence how fish act. If the sun comes up hot, fish stop moving at dawn, holding in one lie until evening. More casts are needed to put the lure in favorable areas. However, if dawn arrives with an overcast sky and a hint of light showers, fish will often feed on through the rain. Consequently, fewer casts are needed to connect with these carefree ramblers.

Practice a little fish psychology next time you're on the lake, say the Mercury lads. Who knows, maybe one of these days you'll learn to think like they do.

Civilian Jobs Open at Reese

Reese Civilian Personnel office has announced that the following civilian positions are open at Reese Air Force Base:

Aircraft Tire Mounter, Wage Board 5, with a starting salary of \$2.36 per hour.

Aircraft Painter, Wage Board 9, with a starting salary of \$2.97 per hour.

Aircraft Electrician, Wage Board 10, with a starting salary of \$3.13 per hour.

Additional information can be obtained by calling the Civilian Personnel office, telephone no. 885-4511, exts 237 or 626 or by contacting them in Building T-815 at Reese.

THERE ARE LAWS REGULATING... AND PENALTIES, TOO

AN AMBULANCE IS (for living patients) A SPECIFICALLY LICENSED, DESIGNED, EQUIPPED, MANNED, MARKED VEHICLE FOR THE TRANSPORT OF THE ILL, THE INJURED, THE INVALID, IN A RECUMBENT POSITION, IN AN EMERGENCY OR NON-EMERGENCY SITUATION.

The State of Texas, in addition to enforcing Senate Bill 230, an Act of 1943, regulating ambulances in Texas, is processing a plan (House Bill 697) for emergency and transfer ambulances in accordance with Federal Standards for ambulances, U.S. Department of Transportation, Highway Safety Act of 1966 - Standard 4.4.11.

The Federal Government includes the usual incentives:

Up to 10% of the States Federal Highway Funds can be withheld for failing to provide and enforce a satisfactory ambulance program.

The application of the Federal Wage & Hour Law to ambulance drivers and attendants, plus the Federal Standards for Ambulances, make it impossible for private funeral firms to continue this community service.

In 1958, 59% of the funeral firms in the U.S. provided ambulance service. By 1967, that percentage had dropped to 38% and is still dropping.

WHY? --- Let's make it local -- and apply the Federal Wage & Hour Laws and the Federal & State Standards for Ambulances to Slaton and a privately owned ambulance service.

Slaton's population has never generated over 4 (all types) of ambulance calls per week on a yearly average for the past 21 years. Therefore, to man an ambulance with two men (if available) at a minimum wage of \$1.60 per hour each, on a 24 hour call basis, the weekly labor cost per week is \$537.60. Dividing this \$537.60 per week by 4 calls per week and assuming that all calls are paid for, the labor cost alone per ambulance trip is \$134.40. Now add to this: vehicle and equipment costs, maintenance, gas, oil, tires, etc.

Now, perhaps you can see the problem a little more clearly.

Or, do you believe that ambulance service should be provided 8 to 5 on week-days - Saturdays and Sundays off? And do you believe the vehicles, equipment, maintenance, gas and etc are cost free?

We, Englands, have been able to provide a community service since 1966 by being the principal operators of the vehicles as "owners and families" are exempt from the wage and hour law.

NOW -- Let's apply the Federal Standard Ambulance Program that the State must provide and enforce concerning our operation to obtain Federal Highway Funds.

The State, in cooperation with its local subdivision, shall have a program to ensure the persons receive prompt emergency and transfer medical care and transportation.

This Standard Federal Program shall provide that:

1. There is a licensing & training requirements for private ambulance vehicle operators, attendants, drivers, and dispatchers.
2. There are requirements for types of vehicles including supplies and equipment carried.
3. There are requirements for operation and coordination of ambulances and other emergency systems.
4. There are first-aid training and refresher courses for personnel.
5. There are criteria for the use of two-way communications.
6. There are procedures for summoning and dispatching aid.
7. There is an up-to-date, comprehensive plan for emergency medical services including:
 - A. Definite areas of responsibility
 - B. Communications Systems
 - C. Facilities and Equipment
 - D. Agreements for mutual support

This program shall be periodically evaluated by the State and the National Highway Safety Bureau shall be provided with an evaluation summary.

(Copies of House Bill 697 - The Texas Ambulance Plan - may be obtained through the Texas Legislative Service, Austin, Texas)

We are the first to know that a community must have adequate local ambulance service and protection on a 24 hour a day basis. Ambulance service cannot be restricted to a 40 hour week, 8 to 5 on weekdays and Saturdays and Sundays off.

We are for upgrading ambulance service in every respect as nothing is as important as human life. In making calls in this area for 21 years, our only aim has been to assist people in distress and to transport those injured or ill to medical attention as quickly and efficiently as possible.

It has not been our goal to furnish, conveyance for anyone except the ill or injured. We are not dispatched, franchised, subsidized, nor do we hold any contract with any government agency. Please remember too, that we have not been able to provide service unless we are called.

OUR POSITION ---

An ambulance license is required from the State bi-annually. We applied for a renewal of our license before the due date of August, 1968. No word was received from the Department of Health until a state inspector arrived (after our verbal inquiry) in January of 1969 - then more silence. On April 21, 1969 we flew to Austin for two reasons. One -- to attend the hearing on House Bill 697 (see above, a 5 1/2 page plan) concerning Federal & State Standards for Ambulances. Two - to find out what had happened to our renewal license application.

Please Note Penalties --

Sect. 13, House Bill 697, Texas' Ambulance Plan, concerns penalties - quote - "Any person violating or failing to comply with any provision of this Act shall upon conviction thereof, be punished by a fine not to exceed \$200.00. Each day of violation shall constitute a separate offense".

Sect. 4 & 5, Senate Bill 230, and Act of 1943 - regulating ambulances in Texas - quote - "Any permit may be subject to revocation for violation of this Act. Any person violating any provision of this Act shall upon conviction thereof, be punished by a fine not to exceed \$100.00."

On April 24, 1969, we received a letter from the Texas Department of Health; Disaster & Medical Services Division, Austin, Texas - a portion of which we quote:

"We cannot at this time issue you a permit to operate an emergency or transfer ambulance because of the deficiencies found during our inspection of January 23, 1969."

It is not our doing, may we emphasize, but the Federal Wage and Hour Law and the Federal Highway Safety Act of 1966 passed by Congress, passed on to the States in 1967, and so stated that the States would have to accept and enforce to qualify for Federal Highway Funds.

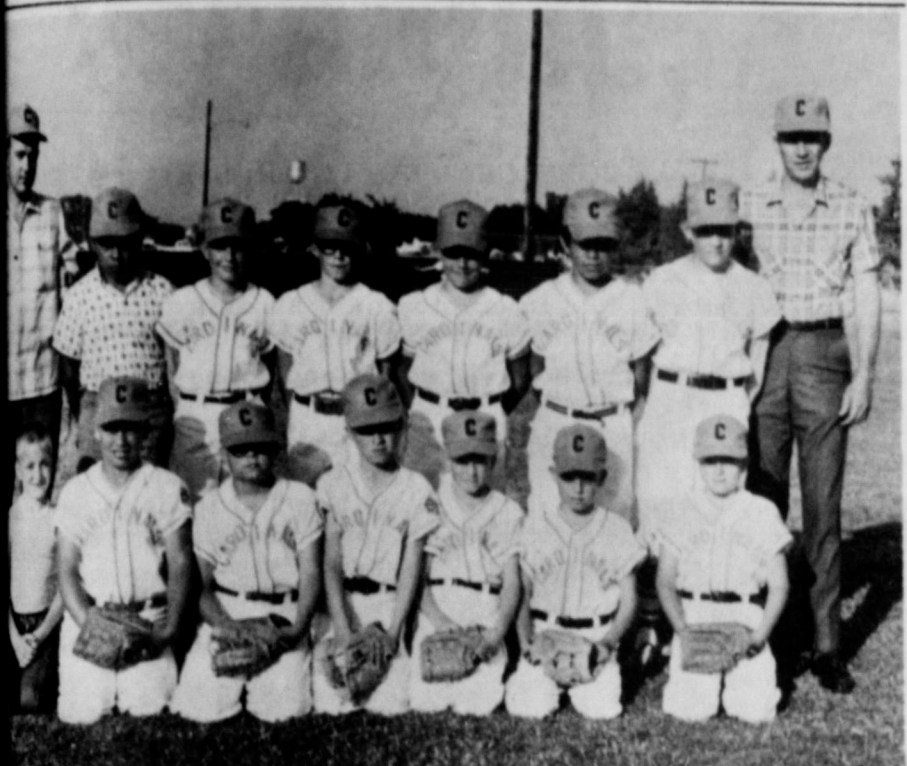

We shall continue to institute high standards of service in the Funeral Service Profession. Over the past 2 decades the people of this area have come to us in their time of need - indicating a trust passed on over the years. It is not our purpose to deprive you of a service but to assure you of complete traditional Funeral Services in time of bereavement.

We deeply appreciate the efforts of our city officials to resolve this vital community service problem. We feel confident that they will solve the situation in the immediate future.

We will continue to work with them and our doctors for we are human, too, and may become ill or injured the same as you and your family and require ambulance service.

We trust that the above information answers some of the questions and confusion concerning ambulance service in our state, county and community.

TIME FOR REFRESHMENTS---R. G. Copeland, who manages and operates Tiger Town this summer, is shown selling three boys some soft drinks. He also makes burgers and sandwiches. The youth center is open for junior high and older teens. (SLATONITE FILE)

EDITORIALS

YOUTH CENTER AT CROSSROADS

The Tiger Town adult board seems to have made a wise decision in changing the rules and format of the youth center, and in employing a summer director. We hope the youth accept the changes and make the center a success--too much time, effort and money have gone into the project to lose it at this stage.

The adult board discussed the policies of Tiger Town with the youth board, and the changes were made as recommended by the youth. Now, it is up to the teenagers to show the interest and enthusiasm that will keep Tiger Town in business.

DOES SLATON MEASURE UP?

There's no handy yardstick to measure community progress. But if you want some guidelines as to how a city or town is rated, here is a questionnaire which is frequently used to determine just how a community rates in the minds of its residents.

Answer "yes" or "no" to the following questions and see how Slaton stacks up. By the way, if you can answer "yes" to 30 or more of the questions, chances are you live in a town of which you can be proud.

1. Most high school graduates stay in town?
2. Getting a loan on a sound business venture is easy?
3. There's a livewire Chamber of Commerce or similar group?
4. Local traffic violators get the same treatment as out-of-towners?
5. The local paper constantly pushes civic improvements?
6. There's a place to swim within easy reach?
7. Young couples have little trouble finding a place to live?
8. The local government is a "get-things-done" group?
9. Town entrances are free from junk, shacks, and billboards?
10. Teachers' salaries are better than the state average?
11. There's at least one doctor per 800 people?
12. There's a library with a good collection of recent books?
13. Newcomers quickly feel they're part of the town?
14. Schools have plenty of room for students?
15. Fire insurance rates are low for your type of town?
16. Service, veterans' and women's clubs team up on projects?
17. There're active, well-organized, 4-H, Boy and Girl Scout groups?

18. A modern hospital is within the area?

19. All streets are paved and are in good shape?

20. There's a hotel or motel if you were a visitor?

21. It's easy to find parking space in business section?

22. It's easy to find parking space in residential section?

23. There's at least one restaurant serves outstanding meals?

24. The sewer extension program is in progress?

25. It's easy to get volunteers for worthwhile projects?

26. Public toilets are provided in shopping in town?

27. Prompt, reasonably priced service is available?

28. Good zoning keeps factories out of residential areas?

29. There's an annual Clean-Up, Fix-Up Week?

30. Streets throughout the community are well lighted?

31. More than half the church congregations are under 40 years of age?

32. Shade trees line nearly all the streets?

33. There's an ample supply of good drinking water?

34. There's a recreation center for young people dance?

35. The business section has a prosperous look?

36. There's as much interest in national elections?

37. The tax rate is attractive to industry?

38. There's a community council to town progress?

39. There's an active PTA?

There you have it. How do we figure out the answer and then do something about the results?

Summer Reading Plan

Slaton Youth Orbit
Moon Via Books

in their "Moon Voy-Books" are more than 100 youngsters at the third week of the summer reading program. The "speedy" young have already finished 100.

are applied to the cards with each book read until "recovery" is achieved. 20 books. Names are then posted on the Fame Honor Roll at the library and at the end of September.

ary Potter, local librarian, said that 69 children have read their "Moon membership cards. To The Moon With the Reading Club through Aug. 23.

can also be making to attend Story Time will be held Saturday, and again on Aug. 2. The session is for 2 through second grade and the 11 a.m. session is for third grade and older. They are welcome to

attend. Slaton's modern library has many facilities and is open 11 a.m. to 5:30 p.m., Monday through Friday and 9 a.m. to 4:30 p.m. on Saturdays.

ACCIDENT--

(Continued from Page 1)

involved in separate accidents Friday and Saturday on the bypass. Mrs. Earlene Wilcott was driver of a vehicle involved in a minor accident Friday morning, and David A. Carroll was the driver in a Saturday morning accident.

One accident in downtown Slaton early Monday morning resulted in damage to the Red Arrow Cafe and three vehicles. A milk truck driven by Wayne Hill of Post jumped the curb after the brakes failed and knocked out the front window of the cafe. A parked pickup, owned by Bo Becker, and a parked car were damaged slightly.

Police recorded seven jail arrests the past week and issued 14 traffic tickets. Patrolmen were also investigating a burglary of a portable television set and a stereo set from Mrs. Pat Garza, 105 W. Powers. She reported her house was broken into and the items were missing.

WATER--

(Continued from Page 1)

The engineering and physical aspects of the plan are simple and feasible, Clayton said, but there are some serious stumbling blocks. He pointed out that people in Louisiana and Mississippi misunderstand some of the aspects of the plan.

"We are only talking about surplus water from the Mississippi," Clayton said. He added there were many benefits for the people in those areas also.

But, one of the biggest problems could be the lack of support by the people of Texas. The critical point comes in the Aug. 5 election when Texans will be asked to approve the issuance of \$3.5 billion Texas Water Development Bonds, and eliminating the interest limitations on those bonds.

Clayton explained that the bonds and interest would be repaid by water users, and that "we are not talking about raising taxes." Bonds would be issued over the next 50 years with a 2/3 vote of the Legislature required to make any issuance of the bonds.

The representative also said a heavy vote of support was needed in West Texas, pointing out that some metropolitan areas and East Texas regions were not as concerned about water at present.

The Texas Water Plan is one of the largest such plans ever to be engineered. A full study of the plan is expected to be completed by July 1973. The \$3.5 billion bond election would provide Texas' share of the overall plan, with the Federal government also participating. The plan calls for moving the water 9,000 miles and elevating it some 4,000 feet

operation without additional machinery.

Hughes expressed appreciation to County Commissioner Max Arrants and other members of the court for helping in the new project. The lake site is expected to last two to three years, said Hughes, even at the initial, small excavation.

The mayor also pointed out that the city already has an ordinance which prohibits burning of trash in city alley ways. If this ordinance is strictly enforced, he added, it will require more men and more equipment to make the increased rounds of garbage pick ups.

Albert Grigsby was in charge of the Rotary program. Claude Cravens presided. Several visiting Rotarians and guests were introduced at the meeting, held in the Fellowship Hall of First Christian Church. The club is meeting there while remodeling work is accomplished at the Clubhouse.

SOUTHLAND--

(Continued from Page 1)

World War II serving in Air Force in Italy and other points overseas and in the states. He was a member of the Southland Methodist Church.

He is survived by his wife, Bobbi of Southland; a son, Jerry of the home; two daughters, Breonne of the home and Dahlonna of Lubbock; a brother, Billy of Alquitta, Pa.; three sisters, Mrs. H. A. Chilcutt of 501 51st St., Lubbock, Mrs. Bob Haliburton of Centralia, Wash., and Mrs. B. C. Johnston of Slaton; and his parents, Mr. and Mrs. Bill Winterrowd of Amarillo.

enroute. Ted Weaver was in charge of the program for Slaton Lions Tuesday and introduced Rep. Clayton, Glen Akin, club president, reported the club is making plans to participate in the July 4th celebration scheduled in the city. Guests included Bill Adams, Ray Crenshaw, and Danny Smith of Hereford.

TIGER LITTLE LEAGUERS--The Slaton Tiger team in Little League is sponsored by Slaton Co-Op Gin. Members of the team, left to right, front row--Lorenzo Hernandez, Pat Blackstone, Johnny Aguilar, Steve Gilliland, Scott Hudson; middle row--Breck Hudson, Tommy Magallanes, Kenneth Scott, Chris Hernandez, Billy Phillips; top--Mr. Skip Tumlinson, Mike Tumlinson, Clarence Hammons, Chris Williams, Keith Bumpass, Coach Weldon Self. Old Slaton Almanac Turns Up in Attic

Ever hear of the "1923 Almanac and Manual of Useful Information"?

The book in question was published in 1923 by The Slaton Slatonite, the fastest growing newspaper in the fastest growing town on the South Plains. It was sponsored by Payne Dry Goods Co., The Texas Grocery, The Slaton State Bank, Slaton Motor Co., The First State Bank, and Slaton Chamber of Commerce.

Florence Strube found the old almanac, still in good condition, in the attic of the family home near Slaton. The almanac portion of the booklet was a standard publication which was printed elsewhere, while the cover pages contained ads from local merchants and firms.

The Chamber of Commerce ad listed names of the officers and directors. R. J. Murray was president; H. D. Talley, vice president; W. E. Olive, treasurer; and Sam E. Staggs, secretary - manager. The Chamber was billed as "the safety valve of the community."

Members of the board were: W. C. Wright, C. C. Hoffman, R. A. Delong, J. W. Nesbitt, F. V. Gates, J. W. Henry, W. J. Ely, H. G. Stokes, W. H. Smith, W. H. McKirahan, J. R. McAtee, J. W. Hood, Hon. R. A. Baldwin, Dr. H. F. Miller, J. H. Teague Sr., Ed Tonn, C. F. Anderson, F. E. Callaway, A. E. Whitehead, H. C. Jones, J. V. Hollingsworth, R. H. Tudor, W. Donald, D. L. Hubbard, H. W. Ragsdale.

The First State Bank -- "The Bank for Everybody" -- had

Local Men's Sister Dies At Abilene

Mrs. Effie Carter, 77, of Abilene, a sister of J. C. Powers of Slaton and Buford Powers of Wilson, died Sunday at Abilene and funeral services were read Tuesday afternoon at Elliott Funeral Chapel there.

Mr. and Mrs. Buford Powers attended the funeral services.

Tax Man Sam Sez

The new Commissioner of Internal Revenue, Randolph W. Thrower, made his press debut a few weeks ago. Thrower is a native of Atlanta, Georgia, and has been active with the Taxation Committee of the American Bar Association and other tax organizations.

Having been a leading tax practitioner for many years he lost no time after taking office in agreeing with key IRS career employees (All of IRS's 57,000 employees are career employees except the Commissioner) who recommended that we have one Form 1040, and that we discontinue the little punch card form 1040A. The new Commissioner noted that the use of the simple 1040A tax form proved costly in benefits to several million taxpayers.

Next year the Form 1040 will be re-designed to allow 31 million taxpayers to prepare their tax return on one page. You can add schedules to the first page for as many pages as your tax problems or your income last. So, as we walk down the tax path, we bid farewell to the well-punched 1040A, and hopefully look forward to the new 1040 with more room for our deductions.

Tell, Not Show

The first true mechanical clocks, made in the 13th century, often lacked hands and faces and merely struck the hour.

J. H. Brewer as president and W. C. Wright as cashier. Slaton Motor Co. had H. G. Stokes as manager, featuring "a large stock of Ford and Fordson parts."

The Texas Grocery listed J. P. Edmondson and George Berkstresser as managers. The Slaton State Bank listed its officers as R. J. Murray, president; C. C. Hoffman, vice president; W. E. Olive, cashier, and Carl George, assistant cashier.

The almanac contains jokes, recipes and, of course, weather forecasts and the moon's signs for each month of the year of 1923. Recipes included Old Dominion Bread, Rice Bread, Boston Brown Bread, Pepper Pot Soup, and Schnitz and Knepp.

DEAR EDITOR

Dear Speedy,
Just thought I would write you a short note to thank you for the write-up in the paper. I was pleased with it and also I was very pleased to realize again that the folks back home really care.

This is a very controversial war, to say the least. A lot of people have gotten "Dear John" letters during this war who would never received them any other time, or in any other conflict.

I sometimes lay awake at night and wonder if it is all worth it, and then I get out the next day and see the children and the older people of this war-torn country, and I cry to think that I ever let a small doubt into my mind as to the worthiness of our being here.

I challenge any of our people to walk up to these little children and say, "The war is over... you can have all of the food you want; you don't have to worry about being shot; you don't have to worry about being separated from your parents."

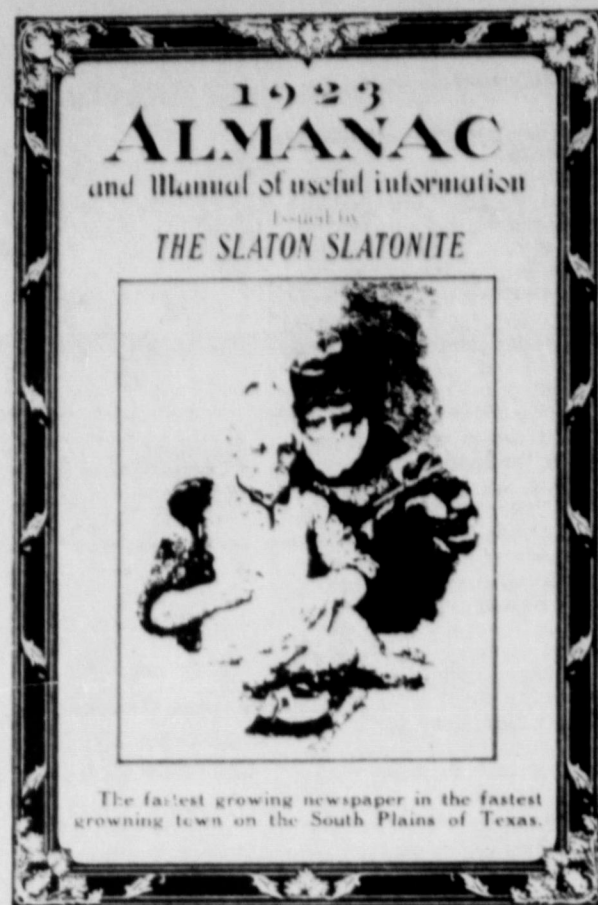

I would give almost anything to walk up to these little children and say, "The war is over... you can have all of the food you want; you don't have to worry about being shot; you don't have to worry about being separated from your parents."

True, I nor you, the citizens of Slaton, know anything--or very little about this, but I do know that anything that we can do, be it so small, will help the situation for the people over here. In the 21 months that I have been over here, I have seen vast improvements in the environment around them. The US is paying all of the streets in Danang, for instance. Before, the lower class people hauled gravel and hot tar by hand and spread it out, then a roller packed it down. Most of the people who were working on the roads were women who should have been home with their families.

I guess that from reading this letter you might feel I am depressed and feeling sorry for myself. On the contrary, I am depressed and feeling sick.

Home From Camp

Four youths from the First Christian Church attended Ceta Glen Christian Camp near Happy June 7-14. They are Jim Carnes, Buddy Pettigrew, Billy Fenley and Marilyn Davis. Accompanying them on the trip were Rev. and Mrs. Johnnie Moore. He served as master teacher and she was counselor.

SUNDAY'S SERMON

FAITH

Who has wisdom enough to evaluate the oft-heard statement that the world is falling apart at the seams?

Down through the ages, earth's face has changed. Rivers have turned to ice; mountains have fallen into the sea. Yet there has never been a time when the world was without hope.

Hope does spring eternal in the human heart. There is always hope -- because there is faith. There will always be hope -- so long as good men adapt their lives to the principles of Christianity; so long as man recognizes that there is a God and God is.

The world is not falling apart at the seams. There may be war, racial strife, dissonance, but there has always been. The world survives and endures... because faith endures.

I remain, sincerely, in loyalty, protection, and service,
John E. Todd Jr.
ET-1, US Navy

IT TAKES 2 YOUR CHAMBER OF COMMERCE AND YOU!

LET'S BEAUTIFY SLATON! Slaton is our home -- for better or for worse. To each individual home owner or businessman, his home or business reflects his attitude towards the "your kind of town" concept. If his home or business is clean, painted and free of weeds, then this type of Slaton presents "his kind of town". If weeds and needed repair are in evidence, then this reflects "his kind of town". A clean community - residential and business district - depends on the attitudes of individuals. Some areas of Slaton need some "individual" attention. The weeds in our business district do not become a community that projects to others -- "we're your kind of town". This can be corrected by individual awareness which will lead to pride and then lead to action.

Congratulations go to Howard Gulf Service for remodeling and beautifying their service station!

Cotton gives comfort without complicated care.

Glorieta Draws Slaton Groups

Ten young people and three adult sponsors from Westview Baptist Church attended the Glorieta Baptist Assembly for the past week. The assembly is 18 miles east of Santa Fe, N.M., and covers about 1500 acres of mountainous terrain.

Their daily schedule included conferences in the morning, hikes and tours in the afternoons, various recreation and evening worship and devotional services.

Those making the trip were Sue and Sandra Brake, Darrell and Karlene Eastman, David and Janet Gossett, Bobbie Breedlove, Curtis and Barbara McCain, Susan Cagle, Rev. and Mrs. Clinton Eastman and Mrs. Jerry Gentry.

Others from Slaton planning to attend the assembly this summer include Bob Noblett and family on June 19-25; Mrs. Sue Caywood will be taking a group of Westview Baptist YWA Girls to the July 17-23 session; and a group from the First Baptist Church will attend the Aug. 7-14 session. Those who haven't done so should register at the churches for these trips.

Three Attend TANA Meeting In Dallas

Mrs. Johnnie Moore, Mrs. Reuben Sander and Sister M. Odilia, representing the Mercy Hospital Auxiliary, recently attended the 26th annual convention of Texas Association of Hospital Auxiliaries at the Baker Hotel in Dallas.

They brought back the Blue Cross Public Relations award with special senior recognition for their yearbook entry. Their book was in competition with some 15 other entries in the 1-50 bed group.

New officers were recently installed by the local TANA group. They include Mrs. Johnnie Moore, president; Mrs. Clarence Buckemper, president-elect; Mrs. Q. F. Kitten, vice-president; Mrs. R. M. McMinn, treasurer; Mrs. Arthur Stolle, secretary; and Mrs. Bo Becker, corresponding secretary.

The group voted to have two general meetings annually, one in the spring to elect officers and another in the fall to conduct a membership drive.

The executive committee meets at 2:30 p.m. the second Tuesday of each month in the hospital dining room.

Grace Circle Holds Meeting

The Grace Circle of the Grace Lutheran Church met last Thursday at 8 p.m. for its regular meeting in the Parish Hall.

The session opened with the group singing the hymn "Holy, Holy, Holy, Lord God Almighty". After the offering meditation led by Mrs. Fred Kahlich, the offering was taken. Mrs. Edmund Wilke led the Bible study, "The Consequences of Disobedience" taken from Jeremiah 11 and Hosea 4.

During the business meeting it was decided to have a work day on June 26 at the Parish Hall beginning at 9 a.m. Everyone is invited to participate.

Visitation was discussed and anyone with a good idea to draw more interest and participation should let the chairman know.

The circle's next regular meeting will be July 13 beginning at 7 p.m. with a pot luck supper. Everyone is invited to attend, eat and attend the meeting that will follow.

The circle decided to help pay the registration fee for a young person that attends Leadership Training School at Seagun during the week of June 22-27.

The meeting closed with the Lord's Prayer and the singing of the Table Prayer before the refreshments were served to 15 members by the hostesses, Mrs. Walter Voigt and Mrs. Fred Kahlich.

There are an estimated 426,000 blind people in our nation today. Before another year passes, an estimated 33,500 Americans will become blind.

BLUE CROSS AWARD--Mercy Hospital Auxiliary
Mrs. Johnnie Moore and Mrs. Reuben Sander, are a citation and ribbon which the organization was awarded for their yearbook entered in competition at the annual convention of the Texas Association of Hospital Auxiliaries held recently. They competed with some 15 other entries in the 1-50 bed group.

Use Everything
Caribbean islanders use every part of the coconut palm. From thatch roofs; the waxy blossoms decorate homes; the nutshell converts to charcoal. The meat becomes oil and soap; the soft palm heart delectable gourmet; and the wood makes fine paneling.

Spread a colorful flowering plant on of your indoor for summer to maintain outdoor atmosphere of geraniums, be azaleas and yuccas. Santhemums, in red to keep them healthy, your floral fireplaces center of attraction.

After the World

"Eye hath not seen, nor ear heard... the things which God hath prepared for them that love him."
— Isaiah 64:4

What would you say if someone asked you to describe the most beautiful thing you have ever seen? If you have lived long, if you have walked with your eyes open, you have many times stopped, and looked, with wonder. Many beautiful things you have forgotten; others are indelibly inscribed in your memory.

Consider the wonders of the world as we know them and the splendid vista of the universe man seeks now to explore: what lies beyond -- after the moon, the stars, the planets?

What lies out there for you, in the endless eons of eternity?
