Tornadoes Rip Through Florida Cities

TAMPA, Fla. (AP) — Tornadoes slashed through at least eight Florida cities today, killing seven persons, injuring dozens more and causing massive damage.

Two stricken counties were declared disaster areas by Gov. Haydon Burns and the National Guard was sent in to help search for survivors in dozens of smashed and twisted buildings.

The seven deaths were reported in Tampa, the state's second largest city with a population of 274,000, and officials indicated there might be more.

At least 100 persons were injured in a widespread area.

About 30 children were hospitalized at Lakeland, some 50 miles east of Tampa, after a twister ripped the roof from their school shortly after the start of classes.

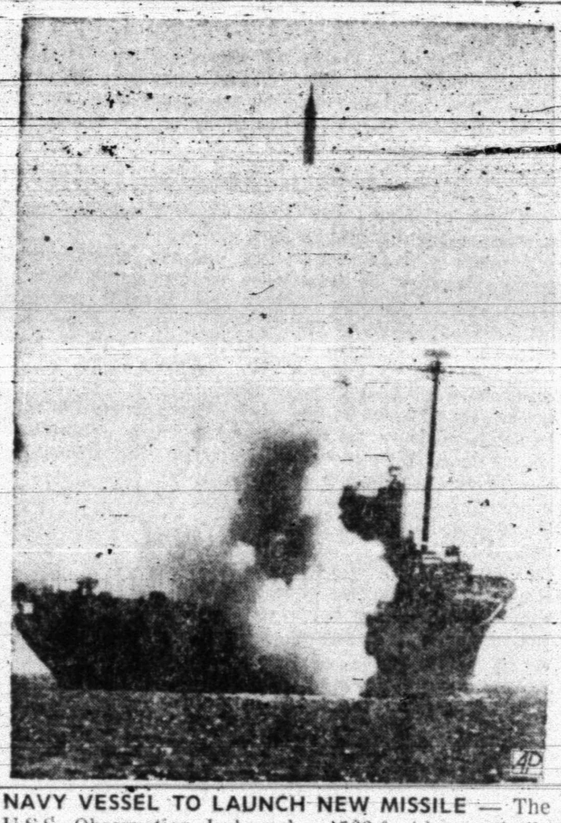
"We're so swamped in the emergency room we can't tell you exactly how many people are hurt," a spokesman for a Lakeland Hospital reported.

The twisters, spinning viciously out of a dark squall line, struck first at populous Tampa and St. Petersburg, on the Gulf Coast, then moved inland to strike at Auburndale, Lakeland and several other smaller communities.

The National Guard was called out in the Tampa and Lakeland areas.

From the paths of the tornadoes came dozens of reports of homes smashed, trees and utility poles toppled, buildings unroofed and cars tossed around like toys.

Two small girls were injured when the school bus was overturned by a twister in a fashionable residential area on Tampa's North Side.



NAVY VESSEL TO LAUNCH NEW MISSILE — The U.S.S. Observation Island, a 563-foot-long missile tracking ship which has Cape Kennedy as its home port, is shown launching a Polaris missile in the Atlantic. The vessel is scheduled to be outfitted in 1968 as a sea-going launch platform to conduct early test firings of a new missile, the Poseidon. Specks in the sky are pieces of plastic which are packed into firing tube prior to launch to keep the Polaris steady before firing. (AP Wirephoto)

Antitrust Suit To Open On Tuesday

TUCSON, Ariz. (AP) — The government's antitrust action against the Tucson Daily Citizen and Arizona Daily Star goes to trial Tuesday.

The case is being watched by the industry because of the similarity of the situation in Tucson to that in more than 20 other cities.

The trial is expected to last three to four weeks.

Strike Ends; Trains Roll

WASHINGTON (AP)— Trains began to roll today at the end of a firemen's strike on eight railroads, and a federal judge lifted the threat of $510,000-a-day fines against the union and its leader.

At the suggestion of railroads, District Judge Alexander Holtzoff vacated an order calling on the union to show cause why the heavy penalty should not be levied.

In ending the four-day strike which partly paralyzed industry and commuter service and cost tens of millions of dollars, the Brotherhood of Firemen and Enginemen acted under the threat of the fines for contempt of court, and under heavy pressure from President Johnson.

The union won nothing tangible, though its president, H. E. Gilbert, contended collective bargaining was vindicated and that the roads were pledged not to take reprisals against strikers, or other union men who refused to cross picket lines.

Sunday night the judge had ordered the union to show cause why it should not be fined $500,000 a day and its president, Gilbert, $10,000 a day. The judge acted to increase fines he had previously imposed of $25,000 a day against the union and $2,500 a day against Gilbert, effective at noon Sunday, unless the strikers had returned to work.

The strike ended just before midnight Sunday.

WEATHER

SNYDER TEMPERATURES: High Saturday, 86 degrees; low, 49 degrees; reading at 7 a.m. Sunday, 55 degrees; High Sunday, 70 degrees; low, 45 degrees; reading at 7 a.m. today, 45 degrees.

North Central and Northeast Texas: Partly cloudy to clear and cooler tonight and Tuesday. Low tonight 35 to 44. High Tuesday 58 to 70.

Northwest Texas: Partly cloudy tonight and cooler in south. Fair and a little warmer Tuesday. Low tonight 22 in northwest to 38 in southeast. High Tuesday 54 to 62.

South Central and Southeast Texas: Partly cloudy and cooler tonight and Tuesday. Low tonight 40 to 50 in north, 48 to 56 in south. High Tuesday 64 to 80.

Southwest Texas: Partly cloudy and cooler tonight and Tuesday. Low tonight 34 to 44 in north, 40 to 50 in south. High Tuesday 62 to 72 in north, 68 to 76 in south.

Bold Bandit Robs Store

More Riots Are Aimed At Americans

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — Rioting with an increasing anti-American tone erupted in Saigon tonight as Premier Nguyen Cao Ky's military regime wrestled with a rising rebellion in the capital and the northern city of Da Na Nang. About 500 youths battled police and burned a parked U.S. Army Jeep.

The U.S. military command in Saigon declared the capital's usually teeming center off limits to American servicemen not on duty.

The youths, mostly teen-agers, collided with police clubs and tear gas in several parts of the city. At one point, they surged toward the U.S. Embassy but again were beaten back by police.

Foiled at achieving their objectives, the youths then overturned and set fire to the Jeep parked outside a U.S. billet. There were no Americans in the Jeep.

The youths met their first opposition from the police after they stormed up the steps of the old National Assembly building waving antigovernment and anti-American banners.

Another 1,000 demonstrators struck out from the Buddhist Institute, but police beat them back with tear gas and club charges.

The rioting was the worst to hit Saigon in current crisis that threatens the life of Ky's nine-month-old government.

Police cordoned off the U.S. Information Service building, one block from the National Assembly. Tear gas floated in clouds over streets used by the demonstrators to reach the heart of town. The demonstrators appeared to be in the 11 to 15 age bracket.

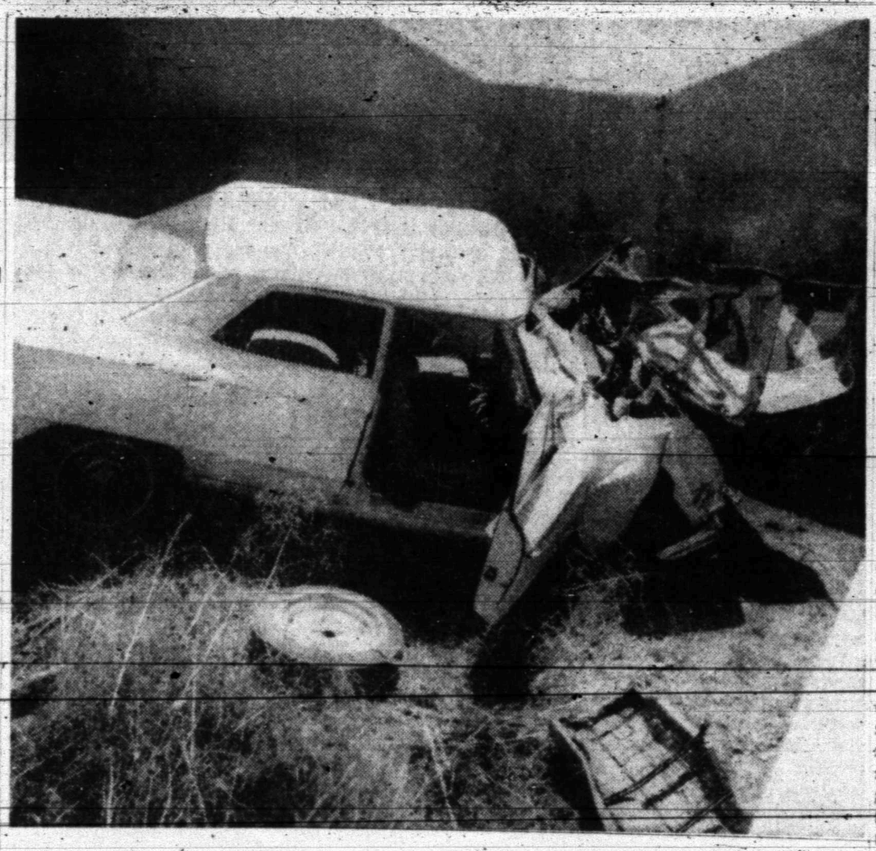
The U.S. command declared Saigon off limits round-the-clock to military men shortly before the demonstrators broke out tonight.

In a nationwide broadcast, chief of state Lt. Gen. Nguyen Van Thieu appealed once more for an end to the wave of demonstrations and violence. He also announced that all schools would be closed for an indefinite period beginning Tuesday.

Ky mobilized planes and paratroopers to end what he called a Communist-inspired state of insurrection in Da Nang.

Da Nang's mayor denounced Ky's charges and said the people of South Viet Nam's second largest city "will stand up" to any attempt to seize it.

Loudspeaker vehicles roamed Da Nang after dark, urging merchants to close their shops and pedestrians to get off the streets because "troops are coming."



FATAL MISHAP — Guadalupe Martinez, 25, was found dead in this automobile Sunday morning two miles north of Snyder on U.S. 84. The wreckage apparently had gone unnoticed under a bridge since about 1 a.m. Saturday. It was discovered at 11 a.m. Sunday by a Lubbock policeman who was en route to Sweetwater.

Local Roads Patrolled For Suspect

Peace officers were patroling all roads in the Snyder area early this afternoon following a bold hold-up at the Mode O Day shop on the south side of the Snyder square.

A man who pulled a gun and demanded money entered the store shortly before noon while only one clerk was on duty.

Mrs. A. G. Johnson, the store clerk, called to Mrs. Verline Koening, manager of the store who was eating lunch in the stock room at the back of the store building.

The two women said the man came into the store alone and demanded money of Mrs. Johnson. When she hesitated, she said the man pulled a revolver and said, "I'm not kidding."

At this point Mrs. Johnson called Mrs. Koening, who could see the proceedings from the stock room at the back of the store. Mrs. Koening said she gathered up some money from the cash register and gave it to the man.

The two women said the man then ordered them to the stock room and told them to remain there, or, "I'll blast you." Mrs. Koening and Mrs. Johnson said they slipped out of a back door and went to the nearby Southwestern Bell Telephone Co. office and called police.

It was believed that the man escaped in a car, although Mrs. Koening and Mrs. Johnson said they did not see him get into a car.

They described the robber as short, with crew-cut blonde reddish hair and in his early twenties.

Mrs. Koening said that a quick check indicated that approximately $106 was missing from the store's cash register.

The description of the man who pulled the robbery here was reported to be similar to that of a bandit who held up a women's dress shop last week in San Angelo.

Request For Beer Petition Is Submitted

New Petitions requesting a beer election in Snyder probably will be in circulation by the end of the week.

A request for petitions to be issued with the required 10 signatures has been submitted to County Clerk Dan Cotton, who said he probably would issue the petitions within the next few days.

Signing the request for petitions were Bill Wright, Mrs. Bill Wright, J. E. Carrasco, Carlos Mijares, Mrs. Carlos Mijares, Claude E. Allen, Thurman Allen, Leon Johnson, Mrs. Thurman Allen and L. R. Cox.

The request asks for petitions to call an election on a proposal to legalize the sale of beer within the coporate limits of Snyder.

Petitions for a beer election were circulated earlier this year but were not turned in for action when it was learned that enough signatures of qualified voters had not been secured. Since then, however, the roll of qualified voters has been increased here during the free voter registration period which was concluded on March 17.

The earlier petition sought to legalize the sale of beer in Snyder for "off-premesis" consumption. The new request does not mention the "off - premesis" limitation.

Snyderite Killed In Auto Crash

Hundreds of motorists had crossed a bridge two miles north of Snyder on U. S. Highway 84 without noticing that anything was amiss.

But the sharp eye of a Lubbock policeman, enroute to Sweetwater with his family at 11 a.m. Sunday, was attracted to a thin metal pole which had held a reflector and which apparently had recently been struck and bent almost to the ground.

So, after crossing the bridge, Wayne Higgins crossed over to the northbound lane at the first opportunity and returned to the bridge to investigate. He discovered a smashed automobile obscured, from the view of motorists in either lane of the highway. Higgins remained at the scene while his wife drove into Snyder and alerted Highway Patrolman Wendell Rehm and summoned an ambulance.

The body of Guadalupe Martinez, 25, was found in the wreckage. The 1964 Ford, owned by Wilson Motors where Martinez was employed, apparently had veered from the road at the approach to the bridge and crashed headon into the concrete retaining wall between the two highway lanes.

It was believed that the mishap occurred at about 1 a.m. Saturday. Friends who had been returning from Post in another car with Martinez following, had launched a search Saturday when Martinez did not report for work at Wilson Motors and his family reported that he had not returned home.

Funeral rites have been set for 10 a.m. Tuesday at Our Lady of Guadalupe Catholic Church with Fr. Herman Valladares officiating. Burial will be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Guadalupe Martinez was born May 14, 1940, at Alice. He had lived here since 1958.

Surviving are his wife, Dolores; a daughter, Rachel; two sons, Guadalupe Martinez Jr. and Oscar Martinez; his parents, Mr. and Mrs. Lupe Martinez; two sisters, Mrs. Manuel Molina of Colorado City and Mrs. Vincent Gaona of Snyder, and a brother, Joe Martinez of Snyder.

Pallbearers will be Lionel Mendez, Humberto Molina, Freddie Alderote, Ernest Barrientiz, George Castillo and Martin Benitez.

Soviets Play Cupid For Giant Panda

MOSCOW (AP)—Chi-Chi, the West's only giant panda, will stay at the Moscow Zoo until she's in a "breeding condition" in July or August. Soviet and British zoo officials hope she will get together then with An-An, the Moscow Zoo's male panda.

Chi-Chi was brought from the London Zoo to Marry An-An, but they didn't get along when put in the same cage last week. Now they are occupying adioining cages in hopes they will get used to each other.

Teal, Crenwelge Win School Race

Two new members will take posts on the Snyder Independent School District Board of Trustees tomorrow night.

Dillard Teal and Ted Crenwelge, top two men in a field of five candidates in Saturday's election will begin terms on the board.

According to unofficial tabulations, Teal topped the field, receiving 380 votes, while Crenwelge received 353 votes.

J. L. (Broadway) Browning, the only incumbent in the race, was next with 325 votes, while Albert Ray Martin, a former board member, polled 306 votes and James D. Simpson 254.

A total of 824 persons cast ballots at the three polling places in Saturday's school election in Snyder.

The two new members will join Clifford Terry, William J. Schiebel, Charles Hartman, Kenneth Wilson and Max von Roeder on the local board. Buster Anderson, whose term expired this year, was not a candidate for re-election. Anderson received two write-in votes, and Dr. B. J. Weaver, a fromer board member, received two.

* * *

FLUVANNA

Bill Stansell, an incumbent, and W. S. Bruner were elected to the Fluvanna School Board in Saturday's election. Stansell led the ticket, receiving 77 of the 109 votes cast. Bruner received 47.

M. A. Gleghorn received 37, James Beaver 32 and Dene Beaver 8.

* * *

HERMLEIGH

Bud Coonrod received 60 write-in votes to top the field in Hermleigh's School election Saturday. He and Jimmy Beck, the only candidate who had filed to have his name put on the ballot, were elected to the board. Beck received 51 votes. Among other write - in votes, Grover Wall received 41, Guy J. Adams 25, Edwin Kuss 4, Kenneth Dacus 2, Donald J. Culp, Doug Vineyard, Harold Mason and Donald Tate one each.

* * *

IRA

Harold Lee Holladay, an incumbent, got 61 of the 85 votes cast in the Ira school election Saturday, to win one of three posts which were open this year. H. C. Fowler with 44 votes, and Buford Sterling with 39 were the other two elected to the Ira board.

Louis Ashley Jr. received 36 votes, W. R. Sterling Jr. 30, L. V. Rasco 25 and Travis Stokes 14.

Jr. Hi Bands Win Honors

Three Junior High bands brought home honors from the festival held in Saturday in Andrews.

Travis band was judged outstanding concert band in class CC, and Lamar band was judged outstanding sight reading group in that class.

Concert judges were Dick Kile of San Antonio and Marion Busby of Del Mar College, Corpus Christi.

Sight reading judge was Gary Zook of Canyon High School.

Two Vital Defense Steps Still Exist Only On Paper

By FRED S. HOFFMAN

WASHINGTON (AP) — Two regular Army brigades mentioned by Secretary of Defense Robert S. McNamara as among "several important steps" taken to boost readiness, still exist only on paper, it was learned today.

The Army acknowledged that formation of the two brigades at Ft. Campbell, Ky., and Ft. Benning, Ga., has slipped by several months.

Higher priority activations of new units scheduled for deployment to Viet Nam caused a slippage in the original schedule, the Army said.

Spokesmen said the two units, which will total nearly 8,000 men in all, are now to be organized during the next three months.

The brigade designated for Ft. Campbell was to have been set up in January, the one at Ft. Benning in February.

The AP inquired about the status of the two brigades after McNamara made public a letter March 31 defending his policy of using four regular Army divisions in the United States to train recruits and draftees.

In the letter to Sen. John C. Stennis, D-Miss., chairman of the Senate Preparedness subcommittee, McNamara conceded that this reduced the combat readiness of the four divisions. But, the secretary assured Stennis, several important steps were taken to offset this.

Among those steps, McNamara said, "the active Army is being temporarily augmented by one division and three brigades, the equivalent of two division forces."

The new 9th Infantry Division, referred to by the Pentagon chief, was actuvated in early February at Ft. Riley, Kan. That was about two months behind schedule and the division will be in combat shape next fall, by present indications.

One of the three brigades was formed according to plan last October at Ft. Devens, Mass. Army sources said it is now about ready.

The brigades consist of three infantry battalions, one artillery battalion and other supporting units.

Like the new division and the brigades yet to be organized, will be built around a nucleus of experienced officers and noncommissioned officers drawn from other elements of the regular Army. The balance of their strength will come from newly enlisted or inducted men.

Meanwhile, Army officials take the position it is more economical in time and money to train men with regular Army units in which they will continue to serve, rather than to open new training centers to augment 13 such bases already in operation a full capacity.

City Voters To Fill 4 Posts Here

Snyder voters will elect a mayor and three councilmen tomorrow.

Voting will begin at 8 a.m. and continue until 7 p.m. at the city hall.

Although there are no contested races, two candidates who are new to city politics are seeking council posts. Mayor M. L. Broman and Jack Lawrence, Place 2 Councilman, are candidates for re-election.

James L. Kincaid is the candidate for Place 4 Councilman, while Hayburn Burgess is seeking the Place 6 Council post. H. A. Johnson, incumbent in Place 4, and Guy Sullivan, incumbent in Place 6, are not seeking re-election.

Broman is seeking his first full term as mayor. He was appointed to the post early in 1965 when J. Mark McLaughlin moved from the city. Lawrence is seeking his second term on the council.

The council will hold its regular April meeting at 7:30 p.m. Tuesday at which time the election results will be canvassed.

SHS Is Nudged By 1½ Points

LEVELLAND—In competition that was so close that the eventual over-all winner was not decided until after most of the students had left for home, Sweetwater High nudged Snyder High by 1½ points Saturday in the District 3-AAA University Interscholastic League Literary Meet.

Snyder scored heavily in the speech events, while Sweetwater rolled up points in other events. The final totals showed 99 points for Sweetwater and 97½ points for Snyder. Snyder had won the meet a year ago, while Sweetwater, always a strong contender in the meet, had not won team laurels for four years.

When most of the students left for home Snyder was leading by 97½ to 74 and the only way the Sweetwater contestants could win was to take both first and second in ready-writing, which they did.

Snyder had won the one-act play contest Friday night with Robbie Wesson being named best actor and Susie Hendrix and Gary Walton being named to the all-star cast.

Robbie Wesson then placed first in boys extemporaneous speaking, Susie Hendrix and Glenda Sehested placed first in girls debate, John Burton and Brenda Sellers each placed first in persuasive speaking, Gary Walton and Donna Davis each placed first in poetry interpretation.

Glenn Arnold of Snyder tied for second in the science contest. Judges split the second and third place points which meant that Tom Lowe, who had fourth place in his standings, Christie Devers placed third in extemporaneous speaking.

Thus, Snyder will be well represented in the speech events at the regional meet April 22-23 in Odessa.

The point spread among the seven schools in the district probably was the closest in history. Levelland placed third with 70 points, followed by Lake View with 66, Lamesa with 62, Littlefield with 42 and Brownfield with 41½.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Every teacher who has a show and tell time in her classroom repeatedly tells the children, "Be sure you ask mother and daddy for permission before you take anything out of the house for show and tell." And the teacher also stresses that no child is to bring valuable, fragile, or irreplaceable treasures to school. Children will bring anything from an old dried up flower to a live kitten and delight in talking about it. Once a youngster brought a "human" skull to school for show and tell, and you should have heard the wild tale he unraveled about how he happened to have it! I later learned it was plastic. His mother allowed him to take it to school, but when it came time to tell the story, the poor darling got completely carried away.

LOVES CHILDREN

• • •

DEAR ABBY: I have been a kindergarten teacher for 10 years, so nobody has to tell me where the mother was when her child slipped out of the house with a pair of 44 falsies for show and tell. Mamma was in bed! Believe me, it would curl your hair with some of the stories children tell me. One child came to school freezing because every button was missing from her coat. I finally brought some buttons from home and sewed them on during my lunch period. This child is from a prominent, well-to-do family. I once asked the child if she has breakfast at home and she said, "No, Mamma is sleeping when I leave, and she asks me to be quiet. But I don't care, my mommy is so pretty!"

UPPER DARBY TEACHER

• • •

DEAR ABBY: How I wish we had a show and tell time in school when I was a youngster. My teacher (a man) was so strict and stern we were all scared to death of him. Most teachers in my day were like that. The only time a child got a chance to say anything was when he was called upon to answer a question, or if he had to recite something he was told to memorize. A teacher certainly did not invite the children to bring odd items from home and discuss it with their classmates. Perhaps if we had had show and tell back in those days, we would't have so many people who grew up petrified to open their mouths before more than four people. I was one of those self - conscious tongue-tied boobs, and I never got over it.

PUSHING SEVENTY

• • •

DEAR ABBY: I never thought I'd be writing a "DEAR ABBY" letter, but I must defend the teacher who had a show and tell time in her classroom. Why does the mother blame the teacher because the child took a pair of 44 falsies to school? See, it's always open season on school teachers. A mother who has a real interest in her child will know more about the child's school than this mother appears to know. Show and tell time is, in my opinion, one of the most constructive ideas ever to be brought into the classroom. It helps the shy child express himself, and it allows him to be the center of attention in a pleasant way. No matter how uncooperative and incorrigible a child is at other times, during show and tell he is an "angel."

K. C. TEACHER

• • •

DEAR ABBY: That letter about the child who took a pair of 44 falsies to show his classmates what his father wore under his dress when he went to a costume party as Mae West interested me. I would like to know where a person can find a pair of 44 falsies in Silver Springs, Md. I am large, but in the wrong places. Thank you kindly.

US Boasts New System Of Detectors

GENEVA (AP) — The United States announced today a new system of detecting underground explosions which it said would make it almost impossible for a nuclear power to deceive on-site inspectors.

The announcement seemed to offer no promise of progress toward an agreement to ban underground nuclear tests, however, unless the Soviet Union modifies its opposition to inspections.

Chief U.S. Delegate Adrian Fisher told the 17-nation disarmament conference the new system is based on the detection of gases produced by nuclear fission which leak slowly toward the surface after an underground nuclear explosion.

He said that even if all surface traces of an underground explosion had been removed, sensitive detectors could still pick up traces of the telltale gases.

Fisher rejected Soviet claims that an underground test ban treaty could be supervised without on-site inspections. He said that the United States, even with a seismic system "more sensitive than any which has previously existed," still cannot tell whether some 15 underground disturbances a year in the Soviet Union are earth tremors or underground nuclear explosions.

Another Term In Australia For Prince

LONDON (AP) — Prince Charles will stay for another term at the Australian school he is attending in the bush country, Buckingham Palace announced today.

The heir to the British throne left Gordonstoun School in Scotland at the end of January for a one-term exchange with a pupil from Geelong Grammar School in Australia. He was to return to Gordonstoun in April but now will remain in Australia until the end of July.

The palace said the 17-year-old prince will return home by way of Jamaica, where he will join his father and his sister, Princess Anne, at the empire and commonwealth games. He goes back to Gordonstoun in the fall.

He merely opens the roof of his small car and allows the shako to poke through. Now all he has to do is remember to keep the car's speed down and he'll arrive unrumpled. (AP Wirephoto)

Indonesia Plans Return To UN

By T. JEFF WILLIAMS

JAKARTA, Indonesia (AP) — Foreign Minister Adam Malik said today the new Indonesian government will return to the United Nations and seek to improve relations with the United States. The apparent object is aid for the foundering economy.

Malik told a news conference that Indonesia's return to the United Nations would "depend on many questions." He did not elaborate.

President Sukarno defiantly announced Jan. 7, 1965, that Indonesia was walking out of the world organization because Malaysia — which Sukarno has vowed to crush — had been elected to the Security Council.

Malik, who replaced pro-Peking Foreign Minister Subandrio last month, said the new government led by Lt. Gen. Suharto would return Indonesia to its traditional foreign policy. This was taken to mean a more neutral course of action.

Malik pointed to the country's near-bankrupt economy in emphasizing the need for improved foreign relations. He said in a reply to a question that relations with the United States have not always been good, but the government would do its best to improve them soon. "We will overcome difficulties existing now," he added.

The foreign minister said there would be no change in the country's attitude toward Red China, but added: "If Peking is not satisfied with our new policy, it is, of course, not our business."

He said Indonesia would continue its undeclared war with Malaysia but would "always be opened for peaceful settlement." Malik told newsmen Sunday Indonesia would reduce its military confrontation with Malaysia once peace talks began.

Sultan Hamengku Buwono IX, deputy premier for economic affairs, told newsmen that Indonesia's economic situation is serious but "not hopeless." He indicated that curing its ills would depend heavily on foreign aid.

The United States now gives no economic aid to Indonesia. Washington began cutting off aid in the early 1960's as Sukarno swung toward Peking and became openly anti-American.

When Sukarno spurned the United Nations last year, he turned his back on $50 million that had been earmarked for Indonesia by such specialized U.N. agencies as the International Monetary Fund. Indonesia had already received $35 million in U.N. aid during the 14 years before its walkout.

The price of rice has climbed 30 times in the past 14 months. Indonesia, fifth largest nation in the world with a population of 105 million, has bled its resources of foreign exchange by importing up to $125 million worth of rice every year until last year.

Maj. Gen. Basuki Rachmat, the home minister, said that 18 former members of Sukarno's Cabinet were now under arrest, indicating three more had been detained since the roundup of pro-Communist ministers March 18.

Demand For Water Goes Up In March

Water deliveries by the Colorado River Municipal Water District broke all records for March and exceeded the March 1965 figures by 18.66 per cent.

In fact, the 936,036,288 gallons delivered in March missed the billion-gallon mark by only 64 million gallons. The March 1965 total deliveries stood at 778,811,642 gallons.

Virtually all of the gain was registered by the member cities of Big Spring, Odessa and Snyder, which took 597,125,000 gallons, or 28.73 per cent more than the 463,884,000 gallons for March last year. Odessa's 327,100,000 gallons was up 26.71 per cent, Big Spring's 210,973,000 was up 30.26 per cent, and Snyder's 59,052,000 was up 34.92 per cent.

The oil company deliveries reached 338,911,288 which was up 13 million gallons or 18.66 per cent.

For the first quarter of 1966, the CRMWD has delivered 2,438,336,998 gallons compared with 2,149,447,990 for the same period a year ago, or a gain of 13.44 per cent.

Balmy spring weather the last half of March strongly influenced water demands by the member cities.

BIRTHS

Mr. and Mrs. Gregoria Guitierrez, Fourteenth and Ave. K, are the parents of a 6 lb. 3¾ oz. baby girl born at 12:16 a.m. April 3rd.

An 8 lb. baby girl was born at 8:24 a.m. April 3 to Mr. and Mrs. Raymond Rodriquez, 2302 Ave. R.

Mr. and Mrs. Celestino Hernandez, 3703 Noble Drive are the parents of a 4 lb. 11 oz. baby girl, born at 7:24 a.m. April 3rd.

Reds Claim First With Lunar Orbit

By HENRY S. BRADSHER

MOSCOW (AP) — The Soviet government told the Communist party congress today that Luna 10 has gone into orbit around the moon, marking a major step toward a manned landing.

The announced Soviet feat chalks up a key victory over the United States, which still has to match the soft moon landing achieved by the Soviet's Luna 9 on Feb. 3. The American lunar program is not scheduled to begin launching rockets to orbit the moon until late this year.

The announcement that Luna 10 had become the first artificial moon satellite was read before delegates to the 23rd party congress gathered in the Kremlin.

The Russians dramatized the feat by playing a recording of the Internationale, the Communist anthem, which Luna 10 had broadcast. Delegates broke into enthusiastic applause as they heard the strains of the anthem.

The broadcast of the anthem also was picked up Sunday by West Germany's Bochum Observatory.

Tass, the Soviet news agency, said the moon satellite was equipped with scientific instruments "for the exploration of near lunar outer space" and that these were radioing data back to earth.

There was no indication, however, of what data was being received. Nor was there any suggestion that photographs of the moon's surface would be sent back.

The Russians achieved their first moon spectacular in September 1959, when Luna 2 planted the Soviet flag on the moon. In October 1959, Luna 3 made the first photographs of the unseen side of the moon, transmitting pictures of seas, oceans and craters never before seen by man.

After a number of unsuccessful attempts, the Russians made the first soft landing with Luna 9 last February and sent back the first closeup picture of the moon.

Luna 10 was launched Thursday in the first announced attempt to orbit the moon. Tass said it reached the vicinity of the moon and went into orbit at 9:44 p.m. Sunday. This was detected by Western space trackers, but the Russians saved their announcement for the reopening of the party congress after a weekend recess.

Tass said Luna 10 was orbiting the moon about every three hours, and that the orbit ranges in altitude from 217.5 to 621 miles from the lunar surface.

The British space tracking station at Jodrell Bank announced Sunday night that signals picked up from Luna 10 indicated it had gone into close orbit around the moon. But Sir Bernard Lovell, the director of the station, said fading signals indicated that something had gone wrong and that Luna 10 might be in a spinning, tumbling orbit.

The Soviet announcement made no mention of such a thing. Sir Bernard and his scientists were waiting for moonrise today — 12:21 p.m. EST — to make further observations.

Lovell said "unless the Russians fire more retrorockets Luna 10 will stay around the moon forever."

Tourist Ship Crew Dies

LONDON (AP)—All 10 crewmen aboard a British pleasure ship died Sunday when a North Sea gale demolished the ship near the mouth of the Humber River, about 140 miles north of London.

Rescuers on the beach watched helplessly as the storm ripped at the 300-ton Anzio which had been en route from London to Inverness, Scotland, to begin tourist cruises.

Coast guardsmen first spotted the Anzio Saturday night and warned it by searchlight to stay offshore. The ship appeared to heed the warning, but then turned a complete circle, struck hard sand and rolled over.

Boys' Club Board To Meet Tonight

The Boys' Club board of directors will have a meeting at 7:30 o'clock tonight at the temporary quarters, 2403 Twenty - fifth Street, according to an announcement by Herb Barnett, director.

WOMEN OFTEN HAVE BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Remember, you may lose sleep and suffer from Headaches, Backaches and feel all tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

GIFT TEA — Miss Jeanie Minton, bride-elect of Densil Fambro was honored with a gift tea Friday evening in the home of Mrs. Herbert McKinley, 1910 Forty-second Street. The honoree's colors of blue and white were used in the decor with a centerpiece of blue and white carnations and mums centering the lace covered table. Hostesses for the occasion were Mmes. Lewis Smith, Claude McCormick, Arvis Carey, Ray Haney, Sam McDaniel, J. W. Coffee, Herbert McKinley, Juanita Sullenger, Van Meador, Mozell Reggenstein, Oren Sturdivant, Phil Burns, J. C. Massingill, Lynn Fenton, James Luedecke, and Miss Ethel Mae Sturdivant. The bride-to-be is pictured above with her mother, Mrs. Louie Minton.

Fluvanna News

By MRS. J. R. JONES

Mr. and Mrs. Paunch McDonald were in Monahans on Thursday visiting relatives.

Mrs. Leo Beaver, Mrs. W. F. Mathis, Mrs. Klel Quesenberry and Mrs. Howard Hogue of Union attended the district meeting of the WSCS at Col-Tex Club near Colorado City on Thursday.

Mrs. Myrtle McKanna of San Antonio is a guest in the home of Mrs. Edith McKanna.

Mrs. Jessie Sims was a guest in the home of her niece, Mrs. James Sharb and family of Lubbock last weekend.

Mr. and Mrs. Caleb Browning of Girard spent last Friday with her brother, Mr. and Mrs. Lee Lavender.

Mr. and Mrs. Cleo Tartar of Abilene and Mr. and Mrs. Truman Ellis of Lubbock were weekend guests in the home of Mr. and Mrs. Horace Carmichael.

Bunyon Evans visited over the weekend with relatives in Alvin.

Mrs. Mert Jones and Mrs. on ones visited Mrs. Bill H Don Jones visited Mrs. Bill Herring in the Methodist Hospital in Lubbock Wednesday.

The Quilting Club which usually meets the first Thursday of each month has been cancelled and will meet April 21st.

Bogue Forehand attended the funeral of Lee McInytire in Winters last Saturday.

Weekend guests in the home of Mr. and Mrs. J. R. Jones were his daughters, Mrs. D. A. Perry of Odessa, and Mr. and Mrs. Bobby Warren and Nelda Jo of Tye. The Warrens were dinner guests of his parents, Mr. and Mrs. Robert Warren on Sunday.

Bro. Hardin is home from the hospital after being confined for three weeks due to a car accident. He will be filling the pulpit at the Church of Christ on Sunday.

Mr. and Mrs. Dean Ball and Zenda and Mrs. Lonie Ball visited her daughter, Mrs. R. L. Scott and family in Odessa last Sunday.

Mr. and Mrs. Sam Bruner, Rinda and Nanette visited several days last week with her parents, Mr. and Mrs. Herman Smart of Mexia.

Mr. and Mrs. Rodney Summers and Debbie of Midland, Mmers and Debbie of Midland, Mrs. Dink Brownnig and Dicky and Mrs. J. B. Duncan of Snyder visited last Tuesday afternoon with Mr. and Mrs. J. R. Jones.

Mrs. Ray Fulford spent the first of the week with her son, Mr. and Mrs. Victor Fulford and children of Lubbock.

Mrs. Ruby Benson and Mrs. Cora Patterson visited their mother, Mrs. J. F. Dowdy who is in the Morris Nursing Home in Roscoe last Sunday.

Mrs. Dessise Bennett went to Bangs on Friday to spend the weekend.

Mr. and Mrs. Clyde Smith of Fort Stockton have purchased the J. D. Patterson General Store. Mrs. Smith will remain in Fort Stockton until school is out in May where their son Tommy is a senior in high school. Their daughter, Cathy is also a high school student.

Mr. and Mrs. Earl McDow of Snyder visited his sister, Mr. and Mrs. Lee Lavender Thursday night.

Miss Weyel Named On Honor Roll

Patricia Weyel, a senior education major at Trinity University, has been listed on the school's fall semester Honor Roll. She is the daughter of Mr. and Mrs. E. G. Weyel, 3734 Highland Dr., Snyder.

Twice each year Trinity lists those students who have demonstrated academic work of outstanding quality. Qualification for the Honor Roll is a full B-plus average.

Trinity University is located in San Antonio, Texas, and occupies a 107-acre Skyline Campus overlooking the Alamo City. Thirty-six buildings constructed since 1951 make up the modern, functional campus considered one of the most beautiful in the United States.

Two additional buildings, the Ruth Taylor Theater and the Margarite B. Parker Chapel, will soon be opened, and two more buildings are on the drawing board, a life sciences center and a 2300-seat auditorium and communications center—as part of the $50 Million Centennial Program. The latter two buildings are scheduled for completion by 1969, the 100th anniversary of the University.

Altrurian Club Gives Tribute

Martha Ann Woman's Club was the meeting place for the Altrurian Club Friday. Mrs. Florence Leftwich acted as hostess for Mrs. Edith McKanna.

Mrs. J. C. Ezell opened the meeting with the following tribute to the late Mrs. J. C. Stinson, a long time club member.

We speak of our friend who has stuck through the years,
Who echoed our laughter, and dried all our tears;
She knew every weakness, and fault we possess,
But somehow she forgot them in her friendship caress.
She was a pioneer soul that blazed a path
Where highways never ran.
She lived in a house on Avenue U
And was a friend to me and you.
She could see from her house by the side of the road,
By the side of the highway of life,
Those who pressed with the ardor of hope
And those who were weak with the strife.
She did not turn from our smiles nor our tears
As both were a part of a plan.
She lived in her house on Avenue U
And was a friend to me and you.
She had a creed—to live as gently as she could;
To take what came of ill or good.
She did her best and let that stand
As a record of her brain and hand.
She left a glowing mark behind
To keep her having lived in mind.
A noble life, an open heart and hand
These are the lovely litanies
That all men understand.
About 50 years since she joined our club,
Her companionship, tender and true
She kept the faith, did more than her part
When there was work to do.
May she be lovingly remembered
Since her life on this earth did end
We cannot forget Laura Stinson
Yesterday, we lost a friend.

Mrs. Leftwich introduced the guest speaker for the day, Mrs. Mary Nell Bullard, head Librarian for the Scurry County Library. She used the theme, "Wells of Understanding Through New Books" for her informative talk. She created the desire in club members attending to use the facilities of the library more and enjoy the new books as they arrive.

New officers were elected and will be installed at the next meeting.

What to serve for lunch? Heat canned creamstyle corn and serve generous portions of the cooked bacon; pass hot biscuits (the prepared refrigerator kind) and butter.

Know how to punch down yeast dough? Just pull the edges of the dough into the center and then turn over the dough in the bowl.

FRIDAY

EASTER HOLIDAYS

Miss Strubbe Speaks To 20th Century

The Twentieth Century Club met March 29th in the home of Mrs. L. H. Bond.

During the business session a letter was read from the Mesquite District President, Mrs. Ramon Liles. Mrs. Liles expressed her gratitude to the club for their participation in the registration of the recent Mesquite District Convention held in Snyder.

Packets were distributed by the civic committee to members who will participate in the Cancer Drive, which began April 4. Fifty-six business men will be contacted by Twentieth Century Club members.

Mrs. Idolph Crooks introduced Martine Strubbe, foreign exchange student of Snyder High School. Miss Strubbe presented a very interesting program on Belgium saying in part:

"Belgium, which lies in Western Europe, is a small country. It is 20 times smaller than Texas. The country is known for its beautiful cities, ancient homes and castles, and the art of lace making."

Martine showed slides from her hometown of Brugge, Belgium, which is in the area known as Flanders. The narrow road by her home was built in 57 B.C. by Julius Caesar.

Brugge is known as Belgiums Venice of the North. Its many canals were made in the 14th century and were originally designed for safety. Transportation is primary by bicycle and small cars.

The religion of the country is 97 percent Catholic. The other three percent is Anglican or Lutheran.

The average farm home is built in conjunction with the barn, while some farm homes look like castles. Houses in Belgium are all built of brick which is very inexpensive. Homes are built in three family units, except those of the very wealthy.

The role of a woman is that of homemaker. Sventy-five percent of all women stay at home. The unmarried usually work until marriage or until their first child is born. A girl would never consider marrying a man who has less education than she, because he would feel inferor.

At the close of the program a gift was presented to Miss Strubbe and a donation made to the American Field Service in appreciation for the fine programs which have been presented for Twentieth Century Club.

A refreshment plate was served to 14 members and one guest, Martine Strubbe.

Knapp News

By MRS. VERNON TODD

Recent visitors of Mr. and Mrs. Maurice Duncan, Terry and Susan were Mrs. Duncan's parents, Mr. and Mrs. Ernest Dickey of Waurika, Okla.

Mr. and Mrs. Ben Weathers have returned home after spending several days in Chicago, Ill. where Ben underwent medical treatment.

Mr. and Mrs. Jim Sorrels and Mrs. Frieda Murphy were visitors in Lubbock Wednesday. They visited Mrs. Lena Bodemann.

Mr. and Mrs. Ira Ashley of Lamesa visited Sunday with Mrs. Frieda Murphy.

Mrs. Bill Bowles went to Dumas Thursday to return her grandson, Scott Sharp to his home.

Mrs. Vernon Todd returned home Wednesday after spending several days in Lubbock with her children and grandchildren. Her grandson, Scott Ramsey has been a patient in the Goodnight Hospital.

Mrs. Becky Sanders of Snyder visited Thursday with Mrs. Frieda Murphy.

Mrs. Lem Gresham was hostess for the Bridge Club Tuesday in her home. Reguar members included Mmes. Wayne Crow, Halley Browne, Bill Bowles, Bo Powell, Maurice Duncan, Mickey Stirling, and a visitor Mrs. Summers of Vincent.

Mr. and Mrs. Melvin Todd and Mrs. Ann Shore of Lamesa visited in the Vernon Todd home Thursday evening, leaving Ann to spend a few days.

If you are using prepared cream of mushroom soup as a sauce for green vegetables, omit salt when you cook the vegetable.

Every bake pork chops with onions and apples? Delicious combination. A meat pie also benefits from a pork, onion and apple filling.

WHAT A CUTE COUPLE!

Would End Of War Mean End Of Viet Nam Trouble?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The gruesome thing about the demonstrators efforts in South Viet Nam to overthrow their government in the midst of war is not only what happens now but what may lie ahead.

The Associated Press reported that in the demonstrations around the country against the military government of Premier Nguyen Cao Ky much less than 1 per cent of the population has been directly involved.

Most of the other South Vietnamese are indifferent to politics and just want to stay alive. But a hard core of experienced politicians and religious figures, Buddhists, are behind the agitation.

In short, most of the Vietnamese have little knowledge or experience in democratic government. And the agitators don't seem to understand what stability of government in the midst of war means.

They overturned the civilian rule of President Ngo Dinh Diem, a dictator. Military officers who seized power later were thrown out. Now the agitators are after Ky. They want a civilian government.

But it could hardly be a truly representative government since most of the countryside is in the hands of the Viet Cong. And President Johnson had shown confidence in Ky by meeting with him in Honolulu earlier this year.

In the midst of it all there is a growing undertone of anti-Americanism in a land which Americans are dying to defend. If enough chaos develops, it is not inconceivable that Americans would be asked to leave.

This not only would be one of the most shattering embarrassments in American history but badly damage its influence in Asia and elsewhere. And worse than that would surely follow.

Chaos and political conflict, particularly civil war among the South Vietnamese, would almost certainly wind up in a Communist takeover since even an organized South Vietnamese government, without American help, could not last.

Ky shows signs of getting tough with his enemies. It would seem to be in the interest of the United States to back him up. And Sunday night Secretary of State Dean Rusk optimistically said Ky's downfall doesn't seem likely.

Even if Ky does survive for the rest of the war, and if the U.S. forces end it by crushing the Viet Cong or forcing them to ask for peace, this is not the end of the story.

What happens after the war, whether it's Ky's government or some civilian government in control?

The South Vietnamese, most of them, have shown so much indifference to government, and the hard-core agitators have shown such distaste for one government after another, it's hard to see how any government can last long.

What, then, does the United States do? Keep forces in South Viet Nam after the war to be sure it doesn't collapse into anarchy, making it easy pickings for the Communists?

Almost certainly it will have to keep some forces there and help the South Vietnamese economically and in other ways.

But by then, if they feel the Americans are no longer necessary to fight the Viet Cong, the South Vietnamese, judging from some of the present Anti-American mood, may want the Americans out.

These people — held in bondage or subservience by the Chinese and French through most of their history — have had almost no preparation for running themselves on an even keel.

As of now, trying to look into the future, it seems anything could happen in South Viet Nam, during or after the war. It's not a pleasant thought. But it's one that can't be ignored.

A Junior Editors Quiz About BODY WARMTH

QUESTION: Can human heat be used to heat rooms?

• • •

ANSWER: Yes. This unusual method of heating, in which human bodies take the place of furnaces, is about to be given a thorough trial.

Heat is something we must have within our bodies if we are to go on living, for it turns into energy, which gives us power to work, play, think and to carry on every one of our activities. It is the food we eat, slowly oxidized or burned within us, which provides heat necessary to keep our bodies at a temperature of around 98.6 degrees. A certain amount of extra heat escapes into the air and tends to rise.

In your picture, it is the heat rising up. This is the heat which is going to be utilized. Christine Bylinowski, our questioner, tells us that the new Sherwood Heights Secondary School being built in Hamilton, Ontario, will have this heating system in operation in 1967. Although ventilated, most classrooms will be without windows and will be arranged to trap the heat passing up, combining it with heat from the lights and circulating it where needed. It is claimed that this heating method is cheaper than the use of furnaces.

• • •

FOR YOU TO DO: To prove that warmth radiated out from your body, hold your open hand close to your cheek without touching it. You will feel a glow of warmth in both cheeks and hand as the extra heat is sent out.

4-4

(Christine Bylinowski of St. Ann's School, Hamilton, Ontario, wins this week's grand prize of a 15-volume set of Compton's Pictured Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Columnist Reads His Mail Again

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Until diamonds were discovered in South Africa only 100 or so years ago, pearls were a girl's best friend. They were the most precious of all jewels.

Every 37 seconds a fire breaks out somewhere in the United States. One in three damages or destroys a house or apartment.

Living in a mobile home isn't exactly cheap. Rental ranges from $25 to $60 a month for most parking lots, but — now hear this — some luxury sites cost up to $450. Incidentally, the median income of mobile home owners, many of whom are retired, is $6,200 a year.

Few parents worry when a child comes down with measles. But 500 of the five million annual victims of this disease die from it. About one in every 1,000 patients develops encephalitis.

Bet you don't know how doughnuts got their name. They were first made here by Dutch settlers in 1796 and had no holes in the middle. Instead their doughy centers were filled with nuts — hence, doughnuts.

Health help: Many doctors believe that one way to reduce the heart-threatening level of blood cholesterol is to cut your intake of eggs to no more than four a week.

To Oklahoma City went the honor of introducing the nation's parking meter in July 1935. The new gadget, now the bane of millions of motorists, was promptly dubbed "the snitching post."

Ever wonder why brides wear veils? The custom was started by the ancient Greeks. They thought the veils would protect brides from evil spirits flying about during the marriage ceremony.

Worth remembering: "It's great to be great, but it's greater to be human."

The answer: Because Napoleon Bonaparte often is pictured with one hand inside his coat, people have wondered whether he was scratching a chronic itch. Nope. He adopted this pose on the advice of an actor friend, Francois-Joseph Talma, who told the emperor this would rid him of his undignified habit of gesturing nervously in public.

Beaumont Approves School Bonds

BEAUMONT (AP) — A $5 million bond issue to pay for three new school buildings and for work on nine existing buildings was approved Saturday by voters in the South Park School District of Beaumont.

The vote was 1,856 to 1,827.

A new elementary school, a junior high and a high school will be built with the funds and present facilities will be expanded.

Snyder Golf Team Moves Up 1 Notch

Snyder High School's Golf Team moved up a notch in the District 3-AAA race Saturday as the stage was set for the third round show-down scheduled for April 16 at Sweetwater.

Saturday's second round, played on the Lamesa course, left Lamesa holding the lead with a team total of 658 for two rounds, with Levelland in second place at 661 and Snyder in third place at 664. Snyder had been in fourth place after the first round.

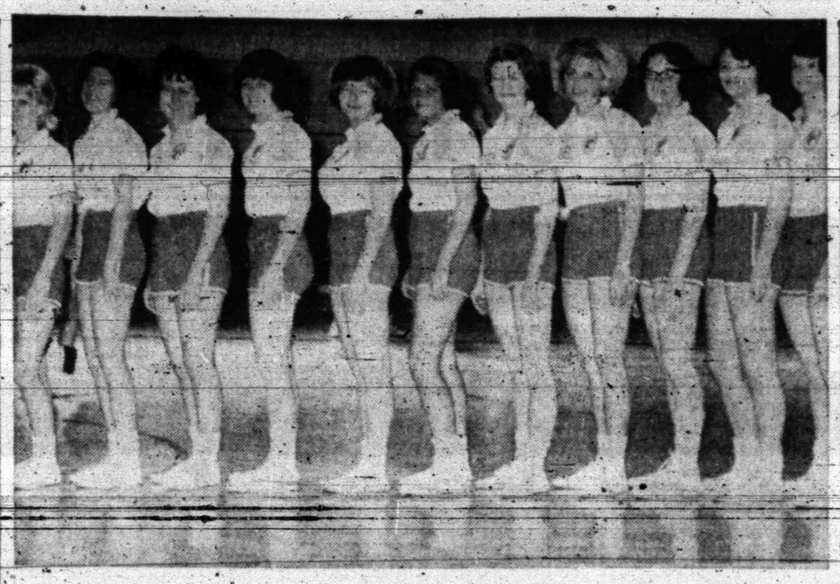
In the second round Lamesa recorded a total of 328 strokes, Sweetwater 360, Lamesa No. 2 362, Littlefield 368, Snyder No. 2 386, Sweetwater No. 2 388 and Brownfield 396.

Sweetwater was left in fourth place with a total of 685 for two rounds, followed by Lamesa No. 2 with 709, Littlefield with 740, Snyder No. 2 with 754, Sweetwater No. 2 with 758, and Brownfield with 785.

Joe Tubb of Levelland surrendered the lead in the race for district medalist honors when he soared to a 78 in Saturday's round. He was overtaken by Vaughn of Lamesa who fired a 74. Vaughn now stands at 150 after two rounds, while Tubb is 151.

Saturday scores on Snyder's No. 1 team included Bill Taylor 79, Don Copeland 80, Larry Anderson 86 and Alex LeFeuvre 88. On the No. 2 team Bobby Birdwell had an 89, while Jimmy Hogan, Mark Wilson and Bill Blum had 99 each.

The Snyder team will play a practice match with Sweetwater on the Sweetwater course Wednesday, Coach J. P. Ward announced.



COLLEGE GIRLS — Members of the South Plains College volleyball team, from left to right, are Sharon McMillan, Levelland; Linda Carlisle, Forest Park, Ga.; Margie Joiner, Sundown; Carlene Benson, Klondike; Sandra Peden, Whiteface; Cindy Salser, Whiteface; Annetta West, Lamesa; Donna Palmer, Levelland; Barbara Savage, Snyder; Rose Dusterhaus, Littlefield; and, Cloie Harralson, Lubbock. Snyder 9 Wins 2nd At Eunice Tourney

EUNICE, N. M.—Snyder High School's baseball team demonstrated it still has championship aspirations by winning second place in the second annual Cardinal baseball tournament last weekend.

Coach Speedy Moffett's Bengals dropped a 2-1 decision to Andrews in the title game Saturday night after thumping host Eunice, 7-2, in the semi-finals Saturday afternoon. Earlier, the Tigers disposed of El Paso Andress, 6-5.

Bobby Clardy for Snyder and Mitchell Day of Andrews hooked up in a pitcher's duel in the finals contest. Ironically, neigher boy won it. Ham came on in relief in the 6th inning when the score was tied at 1-1 and received credit for the win.

Clardy allowed only five hits in going the distance, but he was charged with the loss. Bobby struck out eight and walked only three. Ham gave up two hits and one run, struck out five, and issued one free pass.

Day hurled sparkling ball. He didn't let in a run, gave up only four hits, and walked only one while fanning six.

Andrews went ahead in the 5th, 1-0, on Brannon's home run. Snyder tied it up 1-1, in the 6th, on a walk to David Holt, a sacrifice by Roy Kizer, and a double by David Cadena. Then The Mustangs sacked it up in their half of the 6th when John Beilue took first after being hit by a pitched ball. He came in on back-to-back singles by George and Atwood.

Steve Moffett led Tiger batters with two for three, and Clardy and Terry Holt each hit safely once in three trips to the plate.

In the semifinals, Snyder tallied four times in the first inning on a home run by Roy Kizer and a single by Steve Moffett. A single by Mac Galvean, a sacrifice, and a walk accounted for two more runs in the 4th. And the final counter came on back-to-back singles by Ray Kizer and David Holt in the 6th.

Eunice scored its two runs in the 3rd on two walks and a single by S. Jones. Two other singles by the losing pitcher, Fletcher, were the only hits allowed by Snyder's Roy Hunter in a brilliant mound exhibition.

Roy Kizer and Steve Moffett shared hitting laurels for Snyder. Each got two for four.

Ray Kizer, David Cadena, Roy Hunter (as a right-handed pitcher) and David Holt all made the All-Tournament team. Ray had made the all-tourney team at Andrews the previous week. He saw action at his old first base position Saturday as Coach Moffett made several changes in the lineup.

The Tigers played faultless ball afield in the title game.

Dallas Gets Top Golfers

DALLAS (AP) — There now are 102 official entries in the Dallas Open Golf tournament scheduled April 21-24 at the Oak Cliff Country Club.

Among them are the three heaviest winners of the past 10 months—Doug Sanders, Gay Brewer and Tony Lema.

Sanders, who has won three tournaments, including the Greensboro, N.C., Open Sunday, is among the 38 players who signed over the weekend.

Lema, who owns two titles and who won more than $100,000 last year, also is among the latest signers.

Brewer came in with the first group of commitments a week earlier. He has won three tournaments in the past seven months.

Tennis Foes Are Tough At Amarillo

AMARILLO—Snyder High School's tennis team encountered some tough opposition at Amarillo Saturday, winning only two of six matches.

Mickey Almond lost to El Paso Irving's Don Toland, 6-1, 6-1.

In doubles matches, Jerry Bell and Sandy Wellborn beat Van Wilson and Larry Higgins of Amarillo Tascoca, 6-2, 3-6, and 6-2, then lost to Setliss and Case of Turkey, 6-3, 6-1. The Turkey boys won the doubles in Class B competition at the state tournament last year.

Emily Kincaid looked good beating Jan Walker of Amarillo High, 6-0, 6-1, before she lost to Susie Sterling of Lubbock Coronado 8-10, 6-0, 6-4.

Wayne Anderson and Gary Sanders were defeated by Bell Barton and Bruce Lilley of Borger, 1-6, 8-6, and 7-5.

Coach Ken McAllister's team will be at Big Spring Tuesday, and will host Levelland Thursday.

Golf Race Resumes

By The Associated Press

The Southwest Conference golf race resumes this week after a week layoff and the leaders — Texas and Arkansas — clash at Texarkana.

The Longhorns and Razorbacks, with 8½-3½ standings, will break the tie unless both meet defeat before reaching the showdown at Texarkana Friday.

Texas hosts Texas A&M today and Arkansas plays Texas Christian at Fayetteville.

Texas Tech also is at Baylor today.

Eula May Leads Ladies

AUSTIN, Tex. (AP) — Eula May Plowman of Uvalde not only set a state record but became the overall leader in all events of the Texas Women's Bowling Tournament Sunday.

She rolled 1779 in the Class A division and that exceeded the 1768 that led the open division. She had 562 in team, 648 in doubles and 569 in singles.

Five changes in first places were recorded on the next to last weekend of the tournament, that takes out next weekend and winds up April 16-17.

Boerne Flyers of Boerne set a new state record of 2590 in taking over first place in Class C team.

Dairy Queen of Rockdale zoomed into first place in Class E team with 2243.

Kathy Varnado of Conroe rolled 620 to take over first by one pin in Class A singles.

Jan Chapman and Shirley Engel of Irving went into first place in Class C doubles with 1111.

Aggies Pace SWC Race

By The Associated Press

With Texas A&M in first place and Texas and Texas Christian in a virtual tie for second, the Southwest Conference baseball race takes out this week for 13 nonconference games, five of them intersectional.

The league is well ahead along the intersectional front, with 10 victories against only three losses.

Texas Christian plays Loyola a two-game series at Fort Worth Tuesday and Wednesday. Texas meets Kansas at San Antonio Wednesday and hosts North Dakota Thursday. Southern Methodist tackles Loyola at Dallas Thursday.

Texas A&M strapped Rice twice last week, 2-0 and 12-6, and Texas whipped Southern Methodist 7-5, 8-1, and those teams remained in the 1-2 spot in the conference race.

Texas Christian virtually ruined Baylor's hopes with 9-1 and 7-1 victories and at the same time stayed just a half-game back of Texas. That was only because TCU had played one less game than Texas.

Roseboro 'Hits' Marichal As Dodgers Beat Giants, 8-4

By HAL BOCK
Associated Press Sports Writer

The last time they tangled, Juan Marichal handled the bat and John Roseboro did the catching. This time Roseboro swung on Marichal.

And there wasn't even a lawsuit afterwards.

Roseboro walloped a three-run inside-the-park homer Sunday in his first confrontation with Marichal since the bat-swinging incident last August that left the Los Angeles catcher with a cut scalp and the San Francisco pitcher with a $1,750 fine and an eight-day suspension.

Roseboro's shot helped the Dodgers to an 8-4 victory over the Giants that was overshadowed by the meeting between him and Marichal.

"He said nothing to me and I said nothing to him," Roseboro said later. "I knew there would be no trouble. The only thing I was worried about was that he would make some kind of overture. If he had, I would have had to turn him down."

San Francisco General Manager Chub Feeney said he had approached Dodger General Manager Buzzy Bavasi before the game with an offer from Marichal to shake with Roseboro. The Dodger catcher declined.

Roseboro said his $110,000 lawsuit against Marichal and the Giants is still pending. "He has kept his distance," Roseboro said, "and that's the way I want it."

There were two men on in the second inning when Roseboro laced a 2-2 Marichal pitch past Giant right fielder Jesus Alou and circled the bases for his home run. He flied out the next time he faced the Giant hurler.

Elsewhere Sunday, Atlanta shaded Cincinnati 2-1 in 11 innings, the Chicago White Sox shut out Houston 6-0, Kansas City walloped the New York Mets 10-2, the New York Yankees whipped Philadelphia 8-3, Washington whacked Pittsburgh 12-3, Minnesota nipped St. Louis 2-1, the Chicago Cubs edged California 8-7 and Boston defeated Detroit 6-4.

Cleveland downed Portland of the Pacific Coast League 9-7 and Baltimore took Miami of the Florida State League 8-5 in other games.

Atlanta snapped a four-game losing streak when Lee Thomas drew a bases-loaded walk in the 11th inning against the Reds. Loser Jack Baldschun had intentionally walked Hank Aaron after yielding singles to Felipe Alou and Ed Mathews. Then Thomas walked, forcing Alou across the plate.

John Buzhardt and Eddie Fisher combined for the White Sox' three-hit shutout of the Astros.

Tommie Agee's two-run double highlighted Chicago's four-run seventh inning.

Kansas City rocked three Met pitchers for 14 hits and whacked New York. Dick Green belted two home runs and Rollie Sheldon went seven innings for the Athletics.

Tom Tresh, Clete Boyer and Bobby Richardson all homered and rookie Fritz Peterson worked seven strong innings as the Yankees whipped Philadelphia. New York scored seven runs in the first two innings against Chris Short.

Frank Howard and Don Lock homered for Washington as the Senators overcame a 17-hit Pittsburgh attack that included two homers by Roberto Clemente to beat the Pirates. Matty Alou and Dave Roberts had three hits apiece for the losers.

Minnesota won its sixth straight by scoring two runs in the first inning and then hanging on against the Cardinals. Camilo Pascual, Jim Kaat and Al Worthington split the pitching for the Twins.

The Cubs scored five unearned runs on five California errors and swept past the Angels with Larry Jackson pitching five strong innings.

Tony Conigliaro's eighth homer of the spring powered the Red Sox over the Tigers. George Scott also homered for Boston while George Thomas connected for Detroit.

Relief pitcher Bob Heffner slammed a three-run homer that helped Cleveland over Portland. Joe Azcue and Max Alvis had three hits apiece for the Indians.

Sam Bowens whacked three hits including a three-run homer and stole two bases as Baltimore whipped its Miami farm club. Boog Powell and Brooks Robinson also homered for the Orioles and Powell had three hits.

Tiger Thinlies Take Third At Seminole

SEMINOLE — Despite some bad luck early in the meet, the Snyder High School track and field team put on a great rally and won the mile relay event in the last race and finished third at the annual track meet here Saturday.

Andrews won first place with 90 points. Odessa Ector finished second with 86 points, and Snyder came in third with 74.

The 440 yard relay team was disqualified for passing out of the zone. At the time, the team was in second place. Also disqualified was Leon Riggins in the low hurdles when he jumped the gun for the second time.

"Everyone was down in the dumps," said Coach Jim (Dutch) Stehley. "Then the mile relay team put on as great a competitive exhibition as I've seen at Snyder."

The team, comprised of Leon Riggins, Kent Noble, M. C. Powell and Curtis Clay, won the event in 3:28.1, edging Littlefield for first place. Snyder led after every exchange but trailed at least twice before taking the final lead to the finish line.

What was especially heartening about the race was the fact that the Tigers were competing in the event without Teddy Brown, who is a regular on one of the legs.

Steve McMahan won first place in the high jump with a leap of 6-0, and he placed second in the high hurdles. Riggins didn't run in the finals of the high hurdles after placing in the prelims. McMahan also claimed 6th place in the low hurdles.

Jackie Rice tied for second place in the pole vault with a height of 12-0, and Jerry Simons heaved the shot over 52 feet for a third place ribbon.

Curtis Clay placed second in the 220, and Ronnie Hardwick came in 4th. Hardwick also finished 6th in the century. Rudy Benitez took 4th in the mile run, and M. C. Powell placed 4th in the broad jump with 21-1. Vernon Clay scored a 6th place in this event.

The Tigers will get a chance to even the score with Andrews Saturday at an annual track and field meet there.

Sanders Has Hot Putter, Faith

GREENSBORO, N.C. (AP) — Confidence that is growing with his string of successes, plus an excellent putter, have made Doug Sanders the choice of at least one highly qualified expert to win the Masters Golf Tournament.

"He is going good and has confidence," said Al Besselink and named Sanders as the man most likely to succeed in the Masters, opening Thursday in Augusta, Ga.

Sanders racked up his second straight tournament victory and third of the season Sunday when he dropped in a five-foot putt and beat Tom Weiskopf on the second hole of a sudden-death playoff for the title in the Greater Greensboro Open.

Sanders, 32, from Ojai, Calif., said it would take confidence, stamina and a strong game to win the Masters.

"Needless to say, I have the confidence," he added after picking up his $20,000 check. The triumph followed his victory at Jacksonville, Fla. Earlier this season he won the Bob Hope tourney.

Arnold Palmer's concern was with his game. Arnie closed with a 69, but finished well back at 279.

"I think my game could be good, but it's not right now," Palmer said. "I'm not confident enough with the putter and my wedge play is so bad I don't like to take it out of my bag. I'm going to do a lot of work in the next three days."

Sanders and Weiskopf, 23, of Bedford, Ohio, shot one-under par 70s to finish in a tie with a 72-hole total of 276, eight under par.

Each parred the 15th, where the playoff began. On the par three 225-yard 16th, Weiskopf missed the green, chipped up short and missed his putt. Sanders trapped his shot, blasted out and sank it for a par.

Weiskopf picked up $12,000, his biggest check since turning pro in 1964. The total purse was $100,000.

Miller Barber and Dave Ragan tied for third with 277 and won $6,250 each. Barber finished with a six-under par 65, the day's lowest round. He had seven birdies and one bogey. Ragan closed with a 70.

Batman, Short Skirts Buoy Retail Sales This Easter

By SALLY RYAN
Associated Press Writer

Easter sales, buoyed by bright print dresses, shorter skirts, permanent-pressed pants, pink luggage and Batman, are soaring throughout the nation.

In a spot survey of stores in many states, The Associated Press found merchants reporting sales up 2 to 45 per cent over 1965.

The National Retail Merchants Association said department store sales this year are running 11 per cent ahead of 1965 — a record year.

A government report noted a 23 per cent gain in department store sales to $435 million the week ended March 19.

"The economy is healthier," said George W. Dowdy, executive vice president of a department store in Charlotte, N.C. (Blek Brothers Co.). "There is more money in circulation."

But at the same time "the average price is higher," said Bill Foster, sales manager of an Austin, Tex., store (Sage Discount Store).

In New Orleans, La., where a hurricane struck last fall, it's a case of 'tis an ill wind that blows no good.

"There is no such thing as unemployment in New Orleans because of the reconstruction work," said Charles LaBiche, a merchandise manager (Labiche's). "This has resulted in a tremendous flow of money. The general economy of New Orleans is fantastic."

In Boston, taxes may be a contributing factor to sales increases.

Robert G. Hoye, vice president of a downtown department store (Jordan Marsh), said sales of appliances, television sets, furniture and rugs were up, apparently as a result of consumers trying to beat a 3 per cent state sales tax going into effect today.

In Ohio, stores in Cleveland, Columbus and Cincinnati report sales up 18 to 30 per cent.

Irvin J. Water, president of a suburban department store (Nevilles Inc.) at Lakewood, Ohio, said sales were up 28 per cent. He credited the increase to unseasonably warm weather.

Douglas To Take Tour In Texas

LIBERTY, Tex. (AP) — U.S. Supreme Court Justice William O. Douglas was to take a jeep tour today of East Texas' vast pine and hardwood forest known at the Big Thicket.

Douglas, 67, said he is gathering material for a new book, "The Wildernesses of Texas," with a chapter about the forest.

He also was to visit the Alabama-Coushatta Indian Reservation near Livingston, where Chief Cooper Sylestine planned to make him an honorary lifetime member of the tribes.

Douglas, who has held his post on the nation's highest court for 26 years, was a guest Sunday of the Big Thicket Association, a group dedicated to preserving the forest as a national park or wilderness area.

Douglas told members of a reception here that the state is unique in having wonderful recreation lands," adding that "lots needs to be done to set them aside."

Liberty Mayor Dempsie Henley, president of the Big Thicket Association, and former Texas Gov. Price Daniel greeted the justice when he arrived Sunday. He later attended a barbecue supper and briefing on the forest at Mayor Henley's ranch in the Big Thicket.

Douglas will tour the Lufkin National Forest Tuesday.

New Methods Make Counterfeiting Easy

WASHINGTON (AP) — Improvements in photographic and printing technology have made it easier for "anyone with minimal skills" to manufacture counterfeit money, the Secret Service says.

David C. Acheson, special assistant to the secretary of the Treasury, told the House Appropriations Committee this in reporting "a noticeable increase" in counterfeiting. His testimony was released Sunday night.

Since July 1, 1965, agents have seized $4.5 million in counterfeit money, Acheson said, compared with $2.5 million in the previous 12 months.

Building Permits Show Gain

AUSTIN (AP)—Total building construction authorized in Texas for two months was 24 per cent above last year's record pace, the Bureau of Business Research reports.

January's figure dropped sharply from the highest December ever, but February increased 16 per cent over January.

Nonresidential permits rose four per cent. Compared with the same two months last year, January and February nonresidential permits increased 43 per cent and residential permits climbed 18 per cent.

Multiple - family dwellings continue to show greater gains than one-family dwellings. The former increased 26 per cent in February compared with the January figure, and 122 per cent above February a year ago.

One - family dwellings dipped two per cent in February, but were 17 per cent above February 1965.

"In spite of an inflationary trend in costs," the bureau said, "the demand of consumers has been for larger and better homes.

"Instead of the rising costs causing buyers to choose cheaper houses in an effort to keep the total price down, the reverse has been the general rule."

The increase in building costs between January 1966 and January 1965 was four per cent — reaching 117 per cent of the 1957-59 base. Hourly wage rates for skilled construction workers rose from $4.823 to $5.064.

There were about 62,000 cases of breast cancer in 1965 and some 26,000 deaths. According to the American Cancer Society, women should examine their breasts monthly and also have a breast examination at the time of their annual health checkup. Caught in the local stage, 82 percent of breast cancer patients can be saved.

PRIDE IN WORK — Employes in the body shop department of Les Francis Chevrolet Co., 711 Twenty-fifth Street, take pride in the quality of their work. No job is too large or too small for them to handle properly. Andy Hillian (right), shop foreman, looks on as Robert Braziel tightens a hood latch. (Staff Photo).

Les Francis Chevrolet Has Answer To Any Car Problem

Les Francis Chevrolet Co., 711 Twenty-fifth Street, has something for everyone when it comes to solving problems with your car.

If you want a new car or a good used one, the firm has plenty of good deals. If you need a major repair job or a motor tune, the firm has the equipment and the know-how to fix up your car.

What some people don't realize, is that Les Francis Chevrolet Co. also has a top-notch body repair shop. No job is too big or too small for the experienced personnel who work in the body shop department.

Andy Hillian, foreman of the department, says he and his men can repair or replace any part of the exterior of the car so that it will look like new when they get through with it. And, regardless of the job, they guarantee their work.

The body shop personnel take pride in their work. They will use as much skill and patience on a small job as they do on a large one.

Les Francis body shop also can replace windshields or glass anywhere in the car. And the paint used to put a top-quality finish on the body repair work is the original factory type paint. Regardless of the color of your car, the Les Francis Body Shop is ready to put on a glossy new coat.

Remember, if you have any type of frame damage, just call Les Francis Chevrolet Co. at HI 3-5456, and the experienced, competent personnel in the body shop will be glad to give you an estimate for putting your car back on the road with a shiny new look.

IMPORTS LEADING DOUBLE LIFE IN BATTLE AGAINST INFLATION

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — President Johnson's drive against inflation is casting some imports in the light of leading a double life.

One role of imports is to offer competition and thus tend to hold down prices. But at the same time they add to the deficit in the U.S. international transactions and thus tend to weaken the dollar. Rising prices and weaker dollars are among the aspects of inflation. And both prices and deficits are current targets of the administration.

Just now Washington is finding some imports a tool against rising prices. One example is residual oil which is to be admitted in larger volume to prevent shortages or price hikes in this industrial fuel. Another is the dropping for the time of a congressional hearing on the impact of rising steel imports on the domestic industry.

U.S. labor has a stake in the steel import debate. Some steel mills have closed down with a loss of jobs. Cheap imports have been cited as the reason. But inflation watchers point out that in the case of many other steel products, there has been a labor shortage, and thus an inability to fill all U.S. demands quickly and inexpensively if imports should be choked off.

Steel import volume soared last year, and continues to climb as the demand for the metal grows. Some 10.4 million tons were imported in 1965, while domestic mills were turning out 131 million tons.

Up to March 26 of this year U.S. mills had produced 30,842,000 tons, some 2,155,000 tons less than the like period a year ago when steel was being added to inventories of fear of a strike. The shortfall so far this year is less than one week's output at the current rate.

Importers say this near capacity domestic production makes foreign steel a boon rather than a bane, by filling a need and holding down prices.

Domestic steel prices rose about 1 per cent last year overall. And U.S. producers continue to argue that rising production costs and the need for funds to finance modernization of facilities calls for higher prices. They say that last year industry sales rose 9.47 per cent to $18.5 billion, but net income per dollar of sales slipped to 5.98 per cent from 1964's 6.12 per cent.

One field where U.S. and foreign producers have been waging a price battle is wire rod. Last year about 1,275,000 tons of this was imported, or 47 per cent of U.S. consumption. Rod is used in such items as barbed wire, nails, concrete reinforcing mesh. To battle the lower price of rod imports, U.S. Steel dropped its list price and started direct bargaining with fabricators.

In addition to price concessions the domestic producer stressed that ocean freight delivery could be slow and uncertain and that freight charges to inland locations added to the ultimate cost of foreign steel.

Kurt Orban, the president of the American Institute for Imported Steel, says little import business has been lost so far.

And he argues: "Because of the sensitive effect of steel pricing on the national price structure, there is no question that imported steel has provided a unique deterrent to inflation. It continues to do so."

Delivered Baby That Made Him A Grandpa

OKLAHOMA CITY, Okla. (AP) — Robert L. Akins delivered the baby which made him a grandfather Sunday.

Akins, 43, was called on to play midwife at his home in the predawn hours when his daughter's baby began to arrive before the ambulance.

The 6 pound, 6 ounce baby girl was promptly named Traci Dawn.

The new parents, Bill Tucker, 22, and his wife, Deborah, 18, had spent the night at the Akins home while Bill attended an Army reserve drill.

Dr. DeBakey Wins Award

NEW YORK (AP)—The first gold scalpel award of the International Cardiology Foundation went to a Texan Sunday night.

Dr. Michael E. DeBakey, Houston, Tex., heart surgeon, received the award at a $100-a-plate dinner at Hotel Astor.

DeBakey, head of the cardiovascular research center of Baylor University, pioneered the use of synthetic substitutes for blood vessels, and currently is directing research on an artificial heart that would be implanted in a patient's chest.

He also is an advisor to the National Institute of Health program to establish regional medical complexes to expand the treatment of heart disease, strokes and cancer.

The foundation is an organization of doctors and laymen representing more than 40 countries. Its purpose is elimination of the hazards of cardiovascular disease through the encouragement and support of research, education and medical care on an international basis.

Oil companies are seeking to develop low - cost food from petroleum. Germany made fats from petroleum during World War II to feed forced labor groups, but they were neither safe nor tasty. Now oil producers are hopeful that petroleum can be turned into agreeable food to alleviate the world's protein shortage.

Soviets Learn Art Of Lobbying

MOSCOW (AP)—Now it's official—The only way to get anything in the Soviet Union is to scrounge for it. And one of the best places to scrounge is in the corridors of a Communist party congress.

Nobel Prize author Mikhail Sholokhov told delegates to the 23rd congress last week that he himself had become an expert scrounger in the Moscow ministries for everything from cowshed roofs to new schools.

Right at this congress, Sholokhov said amid laughter and applause, the delegates are spending as much time as they can lobbying.

"During the breaks," he said, "you go about hawk-eyed in the corridors seeking out ministers and thinking: 'What could I get out of him?'"

Everyone has known for years that you had to know somebody to get something in this country, but this was the highest public acknowledgement of it.

Sholokhov said that when farms in the Rostov region, where he lives, need tractors, for instance, it's necessary to send regional officials to Moscow to "get them by hook by crook."

Then he told of his own experiences.

"I am coming to a minister," he said, and quoted his own remarks:

"Comrade minister, please let me have 3,000 sheets of slate for collective farm cow and calf sheds.

"And he replies, 'Don't you understand that we have a planned economy and under the plan you have already received everything you are entitled to?'

"And I tell him, 'I understand, but the cows, let alone the calves, do not understand why they must get wet in the rain in the autumn and be cold in winter. Roofing slate is not a matter of fashion or beauty, but an economic necessity.'"

Sholokhov didn't say just what he was lobbying for at this congress.

Economic Skills Due Acid Test

By DEAN JOHNSOS

QUITO, Ecuador (AP) — Clemente Yerovi Indaburu, the new president of Ecuador, is a businessman and an economist and his skill in both fields will be sorely tested in the months to come.

A balding, heavyset man of 62, Yerovi took over as president last Tuesday after a strike by businessmen and bloody demonstrations by workers and students forced the military command to fire the three-man junta.

Immediately ahead are the problems of a government deficit and an unfavorable balance of payments caused by increasing imports and decreasing exports.

The budget of $200 million was badly out of balance, and the reserve of foreign currency slumped to about $25 million. The chief export is bananas, and the crop ran into trouble with low prices on the world market.

The junta's solution was to slap a 5 per cent levy on all imports and to impose a tougher tax law. This brought an outcry from businessmen in Guayaquil, the second largest city and Yerovi's home town. Merchants insisted the way to balance the budget was to cut taxes and halt import duties.

While government fiscal experts said the tougher tax law was necessary to continue such development programs as agrarian reform, the junta gave in to the businessmen to some degree. It altered import duties to exclude [illegible].

The businessmen of Guayaquil were dissatisfied and called a commercial strike March 22 that paralyzed the city. Students followed with riotous demonstrations there and in Quito, calling for an end of "the oppressive dictatorship of the junta."

The junta had taken over July 11, 1963, when the military kicked out President Carlos Arosemena for habitual drunkenness.

Strike Hit Hard At Auto Industry

CHICAGO (AP) — The four-day strike against eight major railroads put more than 200,000 persons out of work or on part-time duty in 38 states, the carriers report they lost an estimated $5 million daily and the striking firemen lost $320,000 a day in wages.

The strike by about 8,000 members of the Brotherhood of Locomotive Firemen and Engineers began Thursday, delaying mail and stalling food and agricultural shipments in rail yards and sidings. It affected industry, transportation to and from work and shipment of freight before being called off Sunday night.

The auto industry was the hardest hit, but the strike ended before the worst came.

The Union Pacific Railroad, one of the struck carriers, estimated that 29,000 employes over its system were idled with loss of wages running at $744,000 a day and loss of $1.5 million a day in revenue.

In Chicago, the Illinois Central said it would have commuter trains running for its 32,500 passengers on schedule today and that its operations should be in full swing by noon.

The IC had its first commuter train moving less than two hours after the agreement was signed. The IC's 6,500 miles of track runs through more than 1,500 communities in 14 states.

The Pennsylvania Railroad said pickets were withdrawn from the Penn Station in Pittsburgh late Sunday night and that freight schedules would be returned to normal by tonight. A spokesman said the first passanger train would move out by afternoon.

A Grand Trunk Western spokesman said all pickets went off at midnight, but that it would take a full week to get back to normal. He said commuter service from Chicago to Detroit would begin Tuesday.

The Grand Trunk estimates its daily loss at $200,000. Not a train moved in four states served by the road.

The Seaboard Air Line said it hoped to be in full operation by the end of the day. The railroad suspended all passenger service for the duration of the strike, but about 20 freights continued to operate Sunday over the 4,100-mile system.

Seaboard said the strike cost it an estimated $500,000 a day as it was struck by 300 firemen.

After agreement was reached in St. Louis Sunday night, the Missouri Pacific called for immediate removal of pickets and said it should be in full operation by midmorning.

The strike jammed up industry and many companies were preparing massive layoffs and closedowns today if the strike continued.

Eastern Idaho potato spokesmen say they were hard hit by the strike and that plants in Idaho and Utah were planning to lay off employes. A Pocatello plant planned to lay off all its 450 employes if no settlement had been reached by today.

Some 1,400 railroad workers were affected in the Los Angeles area. Freight was piled up in many places, except in East Los Angeles where supervisory personnel kept it moving.

In the South, the poultry industry was hard hit by the shutdown. The Missouri Pacific has 4,700 employes in Arkansas, with more than 2,000 of them in the Little Rock area.

The Boston & Maine Railroad, another of the struck carriers, sat silently for four days. The yards were jammed with cars. The Maine Central Railroad, which shares South Portland's Rigby Yards, stopped operating when its employes honored picket lines. The Maine Central said it lost $65,000 a day on a strike in which it wasn't involved.

The automobile industry opened all of its factories on schedule, after a weekend of juggling supplies between its plants.

Thousands of auto workers had been laid off or put on short shifts because the strike cut off shipments. An estimated 60,300 General Motors workers at 17 plants in Michigan, Missouri, Ohio and Kansas were affected in some way.

The strike caused a production loss of 20,000 units at GM.

The strike affected in varying degrees from 100 to 150 industries in Kansas City. The Kansas City postmaster planned to divert mail onto trucks and airplanes and said that mail was being delayed.

The postmaster said about three million Social Security checks arrived in Kansas City about this time of the month for distribution.

Critics Pick Favorites

NEW YORK (AP) — Some 200 of the nation's film critics have picked "Darling" as the best screen play of 1965 and Rod Steiger and Julie Andrews as the year's best actor and actress for their roles in "The Pawnbroker" and "The Sound of Music," respectively.

The poll of critics, conducted by Film Daily, awarded best supporting actor and actress honors to Michael Dunn and Vivien Leigh for their roles in "Ship of Fools."

Elizabeth Hartman, the blind girl of "A Patch of Blue," was selected as the find of the year. Barry Gordon, who portrayed Nick in "A Thousand Clowns," and Patty Duke, who played the title role in "Billie," were voted best juvenile actor and actress, respectively.
