Number 19

School Election On Consolidation Set For March 8

An election to determine whether or not the residents of Tahoka, Redwine, and Dixie Independent School districts which to consolidate and to pool their bonded indebtedness has been called for March 8 by County Judge Tom Garrard, acting on petitions presented him last week signed by citizens of the three districts.

The school boards of the three districts had been planning the proposal for some time. Dixie and Redwine each feeling that their districts are too small to operate successful schools, and the arrangements whereby Dixie students have been attending Tahoka schools and Redwine having been grouped with Draw were not entirely satisfactory to all concerned.

If voters approve the consolidation, the Tahoka district would then contain a total of 185 sections, according to Ivan McWhirter, local board secretary. Dixie has 24 sections, Redwine has 37, and Tahoka has 124 sections.

Dr. Emil Prohl, president of the Tahoka board, told The News, that school authorities felt that consolidation would enable the schools to operate more efficiently and more economically. He said in case of consolidation, there might be some tax valuation adjustments but that the local board did not plan any wholesale raise in valuations, since, in many cases, valuations in these districts were as high as in the Tahoka district.

However, local school authorities are frank in saying that it will be necessary some time in the not too distant future to add three or four rooms to the grade school building if the school continues to grow.

If the three districts vote to consolidate, it will become necessary to elect all seven members to the school board to represent the newly formed district.

Brother of Local Man Takes Life

Elmo C. McBeth Jr., 20, was found shot to death at the home of his estranged wife's parents at Rotan on Saturday night, January 25, according to a report just recently made to the News. He was a brother of Truett McBeth of Tahoka and a son of Mr. and Mrs. E. C. McBeth of Brownfield.

The body was found when his estranged wife and her mother, Mrs. Doyle Garmann, returned to their home from a picture show. An inquest verdict of suicide was returned.

The young couple were married about a year ago and separated only recently after he quit work at the gypsum plant near Rotan, since which time he had been despondent.

His parents once lived in Tahoka. They moved here early in 1945 and from here to Pridemore about a year later, and recently to Brownfield. Young McBeth had done duty with the Navy in the Pacific.

Congratulations

The local draft board announces that the following men have recently been discharged from service in the armed forces:

Jefferson Karl Talkmitt, Wilton; James Tippet, Tahoka; J. C. Swinney, O'Donnell; Aaron Sayles, Tahoka; Russell Adams, O'Donnell; Edward Lowell Busby, Tahoka; J. D. Gant, Lubbock.

Mr. and Mrs. Luke Hagood upon the birth of a little daughter in the Tahoka Clinic last Friday, February 7. The little Miss weighed seven and three-fourths pounds and has been given the name of Ann Elizabeth.

TAKEN TO HOSPITAL

Mrs. Jerry Hodges left Wednesday taking Mr. and Mrs. Angerer and little son Donald, of Slaton to Galveston, where little Donald will enter the hospital there for treatment of a serious ailment.

Donald Angerer has visited at different times in the Jerry Hodges home here in Tahoka.

March of Dimes Brings In \$1100

Lynn county citizens have contributed a total of \$1078.05 this year to the March of Dimes drive to raise funds for the treatment of children stricken with polio. This is double the amount raised locally last year, \$532.63.

Clinton Walker is county chairman, and Terry Thompson is drive chairman.

Half of the fund will remain in Lynn county for benefit of any local cases that may develop, while the other half goes to the National Foundation.

Fireman School Is Opened Here

A training school for members of Tahoka Fire Department opened here Monday night of this week, and will continue for a period of three weeks. Instructor is Bob Doss, son of Texas A. and M. College, an outstanding authority in methods of fighting, controlling and preventing fires.

The school is being conducted on Monday, Wednesday, and Friday nights of this week, Tuesday and Thursday nights of next week, and three nights of the week following.

Seventeen of the 20 members of the Tahoka volunteer department attended the first session of the school.

Allie White is chief, Coy Fielder is assistant chief, and Jeff Connolly is secretary of the Tahoka Fire Department.

Its members give their time free of charge as a public service to the city, and thereby not only are an organization of vital importance in saving property, but also save the property owners of the city untold thousands of dollars annually in fire insurance rates.

MASONS TO CELEBRATE WASHINGTON'S BIRTHDAY

The Tahoka Masonic Lodge No. 1041 will have a George Washington birthday celebration on the night of February 21 at the Tahoka school gymnasium, according to an announcement given to the News.

This will be an open house celebration. The men are to bring their wives and others are invited who might wish to attend.

A more detailed statement will be furnished the News for publication next week.

MRS. LOWREY RECOVERING FROM PNEUMONIA

Mrs. Zoe Lowrey of Petty has been a patient in the Tahoka Clinic for the past week or ten days suffering from pneumonia but is now showing much improvement.

For many years in earlier life, Mrs. Lowrey was a familiar figure in the courthouse, serving as deputy county tax assessor and collector, and possibly in other capacities. Her many friends hope for her speedy recovery.

PYTHIAN SISTERS HAVE SOCIAL MEETING

Lynn Temple No. 45 Pythian Sisters met in regular meeting Tuesday night, February 4, with twenty members present.

After the business meeting, a social hour was enjoyed. Refreshments of hot spiced tea and sandwiches were served by the hostesses, Jewell Munn, Jerry White, and Neoma Bell.

Initiation services will be held next meeting, February 18.

A. G. MUELLER LOSES FINGER TIP IN ACCIDENT

A. G. Mueller received treatment at the Tahoka Clinic a few days ago after having lost the tip of his left index finger while working on this truck. He got the finger caught in the fan belt pulley.

While the injury was very painful and loss will be permanent, yet he was lucky that the injury was not more serious.

CHILD HAS BRONCHIAL PNEUMONIA

Little Donald Lynn Parker, son of Mr. and Mrs. N. S. Parker of New Moore, is being treated this week in the Tahoka Clinic for bronchial pneumonia. He was steadily improving, however.

Four Teams In Cage Tournament This Week End

Post, Tahoka, Seminole, and Andrews boys basketball teams will compete in a double-elimination here today and tomorrow to select two teams to represent the south half of District 5-A against the north half in the State Interscholastic elimination.

Post and Tahoka are the two top teams in the southeast quarter of the large district, and the other two teams are the leaders in the southwest quarter.

One game will be played this Friday afternoon, two Friday night, one Saturday afternoon, and two Saturday night.

Coach Jim Foust says his boys are in fair condition for the tournament, and if boys put out all they have they have a good chance to be one of the two top teams.

Don D. Cowan was this week elected to captain the team.

Lions Club Has Ladies Night

Approximately eighty people were in attendance at the Lions Ladies' night at the local American Legion Home last Tuesday night.

After a swell dinner was served to the Lions and their wives and guests, Pete Hegl, president of the Lions club asked each member to introduce his wife or companion, after which he turned the program over to O. C. Elliott.

Lion O. C. Elliott in turn introduced Mrs. J. A. Stallings of Post, who was in charge of the group of girls from that city that put on the program.

The program was acclaimed as one of the best ever to be seen in Tahoka by any service club or organization of this city.

The little ladies that put the program over with a bang were: Elvanda Davis, La Rue Stevens Anita Kennedy and Robert Smith who made up the quartet.

The smaller girls were all about three to four years old and they were: Sherry Custer, Marcocine Holland, Clara Francis Smiley, Shirley Wallace and Allen Norris.

Eighteen songs, modern, hill-billy, and bar-room ballads of the gay nineties were sung by these two groups of young ladies and one boy that was with Mrs. Stallings.

GENE RILEY OF WELLS IS SERIOUSLY SICK

Gene Riley of Wells suffered a third attack of heart trouble at 10:30 o'clock Tuesday night. He was brought to the Tahoka Clinic for treatment and is said to be in a very serious condition.

Grandmother Douthit has been seriously sick for some weeks. She was a patient in the Tahoka Clinic but is now back in her home in Southwest Tahoka. She greatly appreciates visits by her friends.

Paraplegics Refuse To Be Grounded

Though confined to wheel chairs by war-inflicted back injuries, these three patients at Kennedy Veterans Administration Hospital, Memphis, Tenn., refuse to be grounded. Russell Herford, right, ex-paratrooper from Thornfield, Mo., bought the new plane and cut his two air-minded buddies, Herbert Paul, left, Washington, Iowa, and Shigemitsu Svyetani, center, Seattle, Wash., into his flight training schedule. Their instructor, R. S. Weaver, standing, says all three will solo soon. None had previous pilot instruction. Paul was hit by a sniper near Bastogne. The American-born Japanese was wounded in Italy while serving with the famed 442d Combat Team.

C. of C. Recounts Accomplishments; And Plan New Year

A membership drive is being opened this week by a committee of the rejuvenated Chamber of Commerce as a prelude to the election of new officers at an early date.

Present officers are: Ted Waggoner, president; Clint Walker, secretary; Wynne Collier, Winston C. Wharton, Jim Burleson, Fred McGinty, Terry Thompson, Charles Townes, Alton Cain, and Joe Heare, directors.

Secretary Walker has made the following report in regard to the activities of the organization during the last year:

"On February 15, 1946 the Tahoka Chamber of Commerce was reactivated with the officers and directors as noted on the above letter-head. This group started from scratch and is now happy to report on February 15, 1947, one year later."

(Cont'd. on last page)

Board Re-elects School Heads

Local school heads were re-elected Tuesday night at the regular meeting of the Tahoka school board.

Vernon Brewer was re-elected superintendent for the year 1947-1948; Travis Mason, principal of the high school; Jim Foust, head coach and athletic director; and Urban Brown, principal of the grade school.

No action was taken at this time toward the election of the remainder of the faculty.

Mrs. Ross Smith's Brother Is Buried

Gervas W. Smith, brother of Mrs. Ross Smith of this city, died of a heart ailment at his home in Jefferson last Friday, Feb. 7. He was buried there.

Surviving Mr. Smith are his widow and four children, Mildred, 13, James Edward, 11, Rosemary, 8, and Anita, 5; his mother, Mrs. Myrtle Smith of Aspermont; two brothers, Ross Smith of Aspermont and Chas. C. Smith of New Orleans; and three sisters, Mrs. J. M. Owens of Stamford, Mrs. Joe H. Callis of Post, and Mrs. Ross Smith of Tahoka.

LEVI M. NORDYKE GOES TO SANATORIUM

After having been unwell for some time, Levi M. Nordyke early this week entered the Abell Sanatorium in Lubbock for treatment. He was said to be suffering from high blood pressure and a general run-down condition.

The doctors told him that it would probably be necessary for him to remain there four or five weeks.

Mrs. J. L. Reese, who has been ill much of the time recently, was taken back to the Clinic Monday.

Bill Burleson In Hospital At Lubbock

W. L. (Bill) Burleson was carried to a Lubbock Hospital Thursday of last week seriously ill. He has since been under treatment there, and at last report was showing improvement.

Flying Farmers Hear Speakers

At a meeting of the Lynn County Flying Farmers here last Thursday night several well-known Aviation men of Texas were guest speakers. They were: Messrs. Fred Lindall, Chairman of T. A. A.; Virgil Mulsick, President of T. A. A.; M. D. Fanning, Secretary of T. A. A.; Tom Pendergraft, President of the Lubbock Chapter of N. A. A.; and Bob Walker, Director of N. A. A.

Nolen Von Roeder of Gail, Borden County, was also on the program. He brought his movie machine along and showed the group some pictures that were very interesting.

Mr. Fred Lindall gave a talk about "Aviation in Texas," and bills that will go before the Texas legislature and their effect on Texas aviation. Mr. Lindall stated that some of these bills were all right, but that some of them if passed would be a great blow to "Aviation in Texas." He explained these bills and asked the Flying Farmers of Lynn County and Texas to join forces with T. A. A. and other Texas Aviation organizations to fight the bills that would have bad effects and restrictions to Texas Aviation and Texas pilots.

All members attending were treated to refreshments at the Tahoka Drug store preceding the program.

Dinner Planned For Flyers And Wives In March

At a business session after the talks made by the above mentioned men, plans were made for a big dinner to be staged for all the Lynn County Flying Farmers on March 6. Of course all members are to bring their wives or girl friends in order that the men folk can stay out of the "dog house."

Arrangements have been made to use the local American Legion Hall for this occasion.

JERRY KING ENROLLED IN SAN MARCOS ACADEMY

SAN MARCOS, Tex., Feb. 13—Jerry Lee King, 10-year-old son of Mrs. Odelle M. King of Tahoka, has been enrolled as a student for the spring semester at San Marcos Academy, a private school for boys and girls.

A former student of the Tahoka public schools, young King will be a fifth grade student in the academy, where he will participate in a full program of military training.

Before being admitted to the school, students must be highly recommended and must maintain a high scholastic average while in attendance.

King's father, Lt. Le. Edward King of Tahoka, was killed while serving as a pilot overseas in 1944.

REP. SMITH GAINING SUPPORT ON SCHOOL PROGRAM

Preston Smith, of Lubbock, one of the outstanding members of the Fifth Legislature, is creating lots of interest in his proposed \$37,000,000.00 bond issue against the permanent school fund for a building program for the schools of higher education in Texas. He is gaining support daily. It is the only logical way of financing the building program without putting a heavy tax on the people, he contends.

Pfc. Charlie Dollins visited the home folks, Mr. and Mrs. Bert Dollins, and other members of the family here recently. He came from Scott Field, Illinois, and after a few days visit here went to Fort Worth Army Air Field, where he is to be stationed temporarily.

Rev. Howard Martin went down to Abilene last week to do a little work and while there he became ill. Mrs. Martin says that he suffered something like a light stroke. He was able to come home in a few days and has now practically recovered, she reports.

Contract Let On 14 Miles Of Road; Others Planned

A contract for the building of 14.225 miles of farm-to-market roads east of Wilson in commissioner's precinct No. 1 was let last Friday by the commissioners court to Kerr & Middleton of Lubbock, road contractors, for the sum of \$105,051.99, which figures approximately \$7,386 per mile.

This is for a three-course topping. The county reserved the right to place only a two-course top on a part of the road, and if the court elects later to place only a two top, the contract calls for \$600.00 per mile less for that portion of the road, or approximately \$6,785 per mile for that mileage.

This road will extend south-easterly for a short distance out of Wilson and thence almost due east to the Garza county line, a total distance of about 10 1/4 miles. From a point about 2 1/4 miles west of the Garza county line, a spur will be built due north toward Slaton for a distance of about four miles.

Kerr and Middleton are the same contractors who built the state highway from New Home to Wilson and who are now building the farm-to-market road from Wells south and thence east skirting the northern limits of O'Donnell and thence on east to a connection with the New Draw road about three miles south of that place.

The commissioners court in session here Monday also set March 6 as the time for receiving bids for the construction of 23.5 miles of farm-to-market roads in commissioners precinct No. 4, the New Home precinct.

This project will call for the construction of a road from New Home west through Lakeview and on to the Terry county line, where it will connect with a road coming east in Terry county to the same point. This will cover a distance of about 10 miles.

Baptist Meeting Has Good Start

Some results have already been reaped from the revival services now in progress at the Baptist Church. There have been a number of responses to the various propositions. Four came for church membership Wednesday night, following a sermon in which the preacher castigated the popular sins of the day. There had been one baptism Sunday and two other additions to the Church Sunday night.

Rev. Cooper Waters has been bringing some strong, heart-searching messages, and good crowds have been attending both the morning and the night services. David Green of Breckenridge is ably leading the song services. Prayer meetings are preceding each service.

A drive is being made to have more than 500 in Sunday school and church Sunday morning. The pastor, Rev. Levi W. Price, thinks the prospects for a great revival were never better.

Rev. T. L. Pond, pastor at Redwine, who is doing his own preaching, reports that there were seven additions to the Church there last Sunday morning.

The News has received no reports from the other churches in the county participating in this simultaneous revival campaign.

The meeting at Central Church will begin Sunday, with State Evangelist E. L. Moody doing the preaching. It will continue two weeks.

R. L. Bailey Jr., dealer in the new Kaiser and Frazer automobiles, has gone to Detroit with the intention of driving a car back to Tahoka.

Jack Applewhite attended the convention of hardware and implement dealers in Amarillo on Monday and Tuesday of this week. Jimmy also attended on Tuesday.

Vick Botkin has been confined to his home for two weeks or more with an affection of one of the legs. He has suffered with it intensely at times, it is reported.

Mrs. Bennett Visits North Carolina

Mrs. Cora Bennett recently returned home from a two months' visit to scenes of her childhood in North Carolina. Mr. and Mrs. Clay Bennett met her in Fort Worth.

Mrs. Bennett reports that drastic changes had taken place in her old home state since she left there 39 years ago. Where once there were fields of cotton, now there are tobacco fields, peach orchards, grape vineyards, berry fields, big factories, and paved highways where once there were muddy roads.

One of the prettiest sights she saw were the extensive pine forests, set out by the Government in a uniform and symmetrical manner and cultivated until they are too large to permit cultivation.

Her old home town, Rockingham, now has 25 cotton mills, though cotton is no longer raised as it was in the years gone by. At Kannapolis, she visited the great Cannon mills, and in Briscoe she saw the mill which makes chenille bedspreads. Then, in Gastonia she saw the steel mills.

and the plant where diesel engines are manufactured.

Mrs. Bennett visited with her son Ernest Bennett and family, he having been employed by the Duke Power plant for 17 years; and also spent several nights in the Charlotte Hotel with her sister, Miss Nancy Jenkins, who visited here several years ago. She says the first night she was there, the fire alarm sounded. She said she really tore things up finding out where the fire was—for the many hotel fires of the past few months gave her a scare.

She also visited a sister, Mrs. Tom Hurley at Briscoe. She visited nearly all the principal towns of the state familiar to her in younger days, and found most of them to have become industrialized and changed beyond recognition.

Mrs. Bennett says they certainly have beautiful highways back there, but they should have—they tax you every time you turn around—and she headed back for Texas before she bought a highway.

She went to church several times, and reports that the churches certainly fight "booze" back there.

Though she enjoyed the visit very much, she thinks Texas is more modern and progressive, and says all the rain back there made her homesick for a good old West Texas sandstorm.

Mr. and Mrs. H. P. Caveness returned Friday from a visit with their son, Dr. Bob Caveness in Dallas. Mrs. Caveness' sister and other relatives at McGregor, and Mr. Caveness' sister, Mrs. Nettie Francis in Louisiana.

BUYING WISELY THROUGH STUDY OF LABELS:

Careful study of labels is one of the first steps to wise buying according to Alta Mae Anderson, county H. D. Agent, who reports H. D. Club women taking an active part in this type of consumer education.

Basis for study is the three kinds of information that labels convey: First each label must contain the name of the brand, name of the product, contents, name of packer and where it was packed. This information is required by the Pure Food and Drug Act.

Various uses and recipes may appear on the label if the producer desires. And last, many labels inform the buyer whether the product is U. S. grade A, B, or C. U. S. grade A products are excellent in appearance and flavor and as nearly free from defects as is possible for any food to be. U. S. grade B means "good" in flavor and nutritious quality, but not quite as perfect as A. U. S. grade C foods may be used where pieces or pulp are used in combination with other foods, such as cream of tomato soup or peach pie.

All U. S. graded foods must bear the shield on the wrapper with the words "Packed under the continuous inspection of the U. S. Department of Agriculture," which assures the buyer of sanitary conditions during packing.

H. D. CLUB LEADERS TO MEET FEBRUARY 26

Home Demonstration Club leaders who have been selected for the leaders in the clothing demonstration for 1947 will meet February 26, at 9:30 a. m. in the H. D. Agents office, for a training meeting. Problems to be considered are diagnosing individual difficulties of dress fitting and correction of these difficulties.

At least one of the leaders from each club should bring the following:

- One garment to be fitted, a dress or blouse already in the making and ready for fitting; or a blouse or skirt, ready for fitting or a ready-made dress which needs alterations.
- Sewing equipment, good pair of scissors, needles, basting thread, thread to match the garment, tape measure, thimbles, etc.

The names of the leaders for food and clothing should be given to the H. D. Agent as early as possible so that future information and instructions may be sent directly.

Mr. and Mrs. M. A. Hefley of Crosbyton visited Mr. and Mrs. W. A. Reddell here Sunday. Their son is the husband of the former Miss LeVerne Reddell, the young couple having married a few months ago and having gone to San Diego, California, where he is in service in the Navy.

PLEASE DON'T

Major Hasie, county road engineer, has had so much trouble in persuading people not to knock down or remove the stakes set in making the road surveys that he has asked the News in advance to remind everybody that it is very important that these stakes be not molested in any way. It entails an additional expense on the county when they are molested and any person who knows of any interference on the part of any other person is requested to notify the county authorities.

Mr. and Mrs. W. M. Thompson and Mrs. A. L. Hare left Saturday for Brownsville, expecting to be gone about two weeks. They planned to attend the big three-days celebration at Brownsville this week known as the "Cheerio." Bill will probably tell us about the "Cheerio" when he gets back.

HAVE YOU ever tried using the classified ads to buy, sell, swap, rent, or even the lost and found ads. Will find your lost items for only 25 cents, 15 cents each.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

DRAW H. D. CLUB MEETS WITH MRS. R. R. RAGAN

The Draw H. D. Club met in the home of Mrs. R. R. Ragan on Friday, February 7.

The meeting was called to order by the president, Mrs. Gus Sherrill. The roll call was answered by the members on "Suggestions to better my club."

Mrs. L. B. Jones gave a report to the club from the Council meeting. Twenty cents was collected from each member for the educational fund.

Miss Ina Ledbetter from Wells gave a report on "Buying and Knowing Labels."

Games were directed by our recreational leader, Mrs. Zan K. Hensley.

Refreshments of spiced tea, potato chips, olives, canapes, and cake were served to sixteen members, Miss Anderson, and two visitors, Miss Myrtle Ledbetter and Miss Ina Ledbetter of Wells.

There were two new members, Mrs. Floyd Walters and Mrs. R. R. Ballow.

The next meeting will be at Mrs. E. C. Busby's home.—Club Reporter.

YOUNG MARRIED COUPLE GIVEN WEDDING SHOWER

A wedding shower honoring Mr. and Mrs. Loyd Evan Bell of 1913 Ave. L, Lubbock, was given in the home of Mrs. J. O. Mayfield of Petty Saturday night.

Mrs. Bell was the former Juanice Ensey of New Home. Mr. Bell is the son of Mr. and Mrs. L. E. Bell of Lubbock, Route 6.

Quite a large number of guests attended the shower and were entertained with a mock radio quiz program. Mr. and Mrs. Bell won the jackpot prize, a large package containing the gifts, which was presented by Peggy Hemmeline and Eugene Keith.

Refreshments of angel cake and punch were served.

Hostesses were: Mesdames J. O. Mayfield, R. R. Daugherty, H. L. Cowart, and H. C. Hemmeline.—A Guest.

Mr. and Mrs. A. C. Weaver and family and Mr. and Mrs. J. B. Resse, the latter a sister of Mr. Weaver, who live at Levelland were in Dallas and Waco last weekend. They went to Dallas on Thursday where the young people remained while the two couples drove down to Waco for the State Meeting of the Luziers Agents, which was held in the Raleigh Hotel there. Mrs. Weaver is a local representative of the Company.

Sidney Cowan of Dimmitt, son of Mr. and Mrs. Bart Cowan, came down Wednesday for a visit with relatives and friends. He reports that his dad, who was critically burned a year or two ago, is getting along fine now. They have sold their farm and bought another one—section wheat farm.

T Hangar Flying . .

Chat Hackathorn of Centerville, Iowa, is spending the winter here in Tahoka in order that he can put in as many hours possible learning to fly at the McNeely Flying Service. Chat says this is the only time of the year he has time to learn and that the weather is always too bad at his home in Iowa. Chat also has his wife here with him and is living at the Larkin apartments.

Another Post man has begun his flight training here recently. He is Arlin Windham.

B. T. Smith, formerly employed at McNeely Flying Service is now teaching ground school at Brownfield, Levelland and Littlefield.

Cross-country students landing at the local field recently were: Kenneth Howard, Rayford Carter of Levelland, flying Cubs . . . Austin Aulds, Vernon Smith and Charles McCruijian all of Big Spring . . . G. W. Simmons, Littlefield, flying an Aeronca . . . Also Mr. Dillard and two other students from Littlefield, flying Aeronca's . . . Several other X-country students have been at the local field, but their names were not learned.

"Shorty" McNeely was a very happy lad on February 2. He reached his sixteenth birthday and solved for the first time. He didn't stop at just one type of plane though . . . he soloed the Super Cruiser, Cub Trainer, Taylorcraft and the Aeronca. Now he has to wait another year before he will be old enough to get his private license, but expects to have enough time in by then to get his commercial license.

Bobby Ramsey soloed the Super Cruiser last Sunday for his first time. J. R. Thurman also soloed the same plane on the same day.

Roy Neil of Lubbock, distributor for Piper Aircraft in this section of Texas and G. R. (Tack) Hale of Lock Haven, Penn. flew down in a Super Cruiser to visit with Bill McNeely Piper dealer for Lynn county.

Mr. Kling of Colorado City flew up to see Charles Stewart the other day. Charles sold Mr. Kling his airplane a few months ago.

Clayton Beard, president of Lynn County and Texas Flying Farmers, flew over to Broncho recently on business.

Albert Curry and his wife were flown to Wichita, Kansas last Saturday by Bill McNeely in the Curry brothers Super Cruiser. The reason Bill went along was that Albert had never gone on a long cross country trip before and just wanted a little experience before he tackled it by himself. Albert left his wife in Wichita to visit with her sister who was the proud mother of a new baby girl. However Albert left Tahoka again Wednesday of this week for Wichita to pick his wife up and bring her back home. P. S. He didn't take Bill McNeely with him this last time.

Conner Parson, local instructor flew Ted Clayton and son Teddy to Clovis on business last Saturday. Ted had his business finished and was back in Tahoka all in three hours and ten minutes.

The Lynn County Flying Farmers at a recent meeting decided to have a regular monthly meeting, the first Thursday of each month. Dues were also reduced to only five bucks per year.

At the next Lynn County Flying Farmers meeting, Thursday night, March 6, all Lynn County Flying Farmers are urged to attend and to bring their wives . . . A big dinner will be served (yum, yum) and a most pleasant surprise will be in store for all that attends.

P. S. If you don't have a wife to bring with you . . . you need not friend, and if you don't have a "gal" . . . then bring yourself.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Although the Republicans swept the country in the November election and went into office feeling that the Presidency was virtually in their grasp already, the situation does not look so rosy to them now. Great rifts in the party have already developed, with not much promise of their being closed without leaving ugly wounds and scars. They haven't effected any legislation yet of any importance except to pass through the House a resolution proposing to amend the Constitution so as to limit the service of any President hereafter to eight years. We doubt if three fourths of the states could be induced to adopt it, for in the event of a Vice-President succeeding to the Presidency, the amendment would limit him to only the remaining part of that term and one full term. If it were in operation now, President Truman would not be eligible for election to another term. And, if adopted, a Vice-President succeeding to the Presidency, might possibly be limited to little more than

one term. The argument in favor of the amendment is that it would obviate the danger of some strong and ambitious man from building up such a powerful political machine that he could not be dislodged. The move got its impetus, of course, from the experience through which this country has recently gone, that of a President being elected to a fourth term. But the Republicans should be reminded that Roosevelt was more powerful—more nearly a dictator—during his first and second terms than he ever was during his third or his fourth term. There was never a chance for him to become a dictator—to dismiss Congress or drive it from the Capitol and rule with an iron hand without a legislative body. Hitler style. We believe that after due thought, the people of this country will prefer to retain the right to elect whomever they may prefer to the Presidency.

Newspapers the first of the week announced that a house committee hearing was to be given Wednesday on two redistricting bills pending in that body, one by Harley Sadler of Sweetwater and the other by S. J. Isaacs of El Paso. Years ago Isaacs was district judge of the Midland district and for several terms now he has been a Representative from El Paso in the legislature. Both of these gentlemen therefore know west Texas pretty thoroughly and we believe both of them to be highly fair-minded. It should seem easy therefore for the advocates of these two measures respectively to iron out their differences, if any, or for the committee to do so, and present to the House a measure fair and just to all parts and sections of Texas. In fact, this may have been done already when this newspaper reaches the reader. We also note that our own Representative, Preston Smith, has expressed the opinion that a redistricting measure would pass both houses easily if acted upon readily. It is to be hoped that friends of re-districting may see to it that prompt action is taken.

Some progress is being made in converting Prairie View Normal College into a real University for the colored race, but this is a thing that can not be done in a day or a year. Not only must additional buildings be provided but a competent faculty must be procured and a hunger for higher education on the part of more and more young people of the Negro race cultivated. We believe that there is a real place for Negro doctors, Negro nurses, a few Negro lawyers and Negro newspaper men if they are first given proper and adequate training. This must be done however, without arousing in them baneful and dangerous desires for social equality, inter-marriage with the whites, and the eventual amalgamation of the races. They must be taught to have pride in their own race and their own accomplishments and faith in their ability to achieve great things in the future without amalgamation with other races. We should like to see Negro schools all over Texas and the Southland of the type of Tuskegee Institutes in Alabama. It has been a great asset to the Negro race without at the same time making trouble-makers of its graduates.

In opposing the confirmation of J. B. Dooley of Amarillo as federal judge of the West Texas district, recently appointed to the position by President Truman, Sen. Lee O'Daniel last week made some bitter statements which are calculated to widen the breach between himself and all the Roosevelt admirers in this state. Stating that he had voted for the "Texas Regulars" Presidential electors and against those appearing on the regular Democratic ticket last fall, he is quoted as saying further that he opposed the confirmation of Mr. Dooley because Dooley was a "New Dealer", and "all 'New Dealers' are obnoxious to me," he continued. He also bitterly attacked President Truman and dubbed Dooley as a "Quisling of the New Deal dynasty." If O'Daniel feels that way toward all New Dealers, we don't see how he could expect any New Dealer to vote for him when the time comes for a United States Senator to be elected again. Evidently he has made up his mind not to run again, otherwise he is courting certain defeat.

Since it seems certain that Negroes will hereafter participate in Democratic primary elections in ever increasing numbers, it seems to us that it would be wise for the whites to accept the situation and then proceed to assist the Negroes in becoming generally intelligent and discriminating voters. We should use no high-pressure methods to keep them from voting nor to unduly influence their votes at any particular election, but we do believe that we do have a duty to furnish them correct information about issues and candidates to the best of our ability. To that end, they should be encouraged to read newspapers and magazines, listen to news broadcasts and the highest types of radio programs. Civic clubs, service clubs, and many of our church people can be of real assistance to our own Negro population in becoming good and intelligent citizens and voters. To do that, we must first of all show a greater, and possibly a friendlier interest in their welfare.

That was a thoughtful and wholesome discourse that came over the air at the Methodist hour Sunday morning delivered by Dr. Wallace of St. Luke's Methodist Church, Oklahoma City. Bishop Ivan Lee of St. Louis will bring the message next Sunday morning. People who do not tune in on these programs often miss a great spiritual treat. We listened recently to a number of the discourses that were delivered at the Presbyterian hour and we have heard many the past few years at the Baptist hour. We have not heard one yet that did not grade from good to superb. Young America should listen to these programs and then put on its duds and go to church. They are good for the country.

The Lynn County News has just received a new shipment of ADDING MACHINE PAPER ROLLS.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strains of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic aches. Try it!

CARDUI

BRIDES GIVEN SHOWER IN LAWSON HOME

The home of Mrs. A. A. Lawson at Grassland was the scene of a miscellaneous shower honoring Mr. and Mrs. Tommy E. Keese and Mr. and Mrs. Kelly V. Laws at 8:00 o'clock Saturday night, January 25. Mrs. Keese is the former Miss Ruth Huffaker and Mrs. Laws is the former Miss Joy LaNell Moore. Misses Ellep Gartman and Juanita Mitchell presided at the guest book, and Misses Mary K. Murray, Neida Moore, Jo Nell McClesky, and Modena Murray were in charge of refreshments served to over a hundred guests. A large and beautiful array of gifts was displayed. Out-of-town guests included Mrs. C. C. Johnson of Hobbs, New Mexico, Mr. and Mrs. Douglas Jones of Ropesville, Mrs. Deen Nowlin and daughter, Delores of Tahoka, Joe Allen Webb of Plainview, Morris Luttrell and C. J. Johnson both of Slaton.

Mrs. C. B. Keltner reports that her son Warrant Officer Monte Ray Keltner was recently transferred from Cherry Point, North Carolina, to El Toro, San Diego, California. While visiting in Globe, Arizona, she saw Monte Ray on his way back to California. Her other son out at Globe, Russell Keltner, accompanied her home last week but returned after spending only one day in Tahoka.

CONSTIPATION Risky In BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS

TAHOKA AIRPORT

Mr. and Mrs. W. O. Robertson of Mt. Pleasant left for home Tuesday after having spent several days here visiting their daughter, Mrs. Kenneth Elwayne Nevill and au-

merous friends. They lived here for several years and still like Tahoka, though their own town is now experimenting rapid growth and they themselves are prospering.

A STITCH IN TIME -

Adequate wiring is like that proverbial "stitch in time."

Today, many businessmen are finding, as they improve their lighting, that present wiring is inadequate. Luckily it costs little to replace present wiring with adequate wiring, but it is frequently troublesome.

The lesson is obvious. If you are building a place of business or a home, check carefully and make sure that you have adequate wiring for today...and tomorrow.

Scout Program At Rotary Club

Tahoka Boy Scouts were honor guests at Thursday's Rotary Club luncheon, and local scout leaders provided the program. Walter Anglin, of the troop committee acted as master of ceremonies.

Mr. Anglin made a brief talk and then introduced A. R. Milliken, the scoutmaster, who, with the aid of a couple of scouts effectively told of the objectives of the Boy Scout movement. A Mr. Smith from the South Plains Area Council at Lubbock and Happy Smith explained the financial set-up of the organization and the annual financial campaign for support of the work.

Also introduced as men active in backing the local Boy Scout work were E. B. Galtner and Terry Thompson.

The program was greatly enjoyed by the Rotarians.

The club officially is the sponsor of the Tahoka troop.

At another place in this paper it is stated that Levi M. Nurdyke is suffering from high blood pressure. This is an error; it is low blood pressure.

Have you ever tried using the classified ads to sell your tractor?

G. M. STEWART ACQUITTED

G. M. Stewart was found not guilty by a jury in the county court Wednesday upon a charge of having committed an assault upon James Waters with a motor vehicle.

The incident occurred a few months ago when Stewart turned across the street just this side of the railway crossing on the Post highway to drive onto an open space at the rear of the Jim Burleson Grain store while Waters was approaching from the east on a motorcycle. He swerved his machine to the left to avoid a collision but it caught the rear end of the trailer attached to Stewart's vehicle, throwing him violently upon the ground and breaking his leg so severely that a portion of it had to be amputated. He has the sympathy of all in his great misfortune.

Of course Mr. Stewart regretted the incident. He was represented by Truett Smith on the trial.

In renewing her subscription for this paper, Mrs. L. O. Mitchell of Arlington expresses her appreciation of the paper and says they all are disappointed when it fails to reach them. She adds that Leland Jr. is still attending the North Texas Agricultural College there and is making good. He was on the honor roll in January. The Mitchells were residents of Tahoka for many years.

Grassroots . . .

By Bill Griffin
County Agent

How many times have you wished you could grow strawberries? You can grow excellent strawberries by planting the suited varieties, and following a few simple cultural methods.

Mastadon Everbearing and Gem Everbearing are adapted to this area and produce an abundance of fruit. These varieties can be planted after the last killing frost, probably the latter part of March in this area. Strawberries are planted in rows two feet wide with two rows of plants to a furrow. Set the plants one foot apart in the rows.

When setting out plants be sure that the crown of the plant is flush with the top of the soil. If the crown is too deep parts of the plant will die; if the roots are exposed from a shallow planting your plants will be weak.

The plants will start blooming in the crown in the late spring. The removal of these blooms will produce stronger plants. During the same period of time the plants will produce runners which will in turn take root at the first node. Leave these new plants but pinch off the second runner that starts to take root.

The plants will produce strawberries the first year. To have a supply for canning as well as for home use plant 100 plants per person.

For further information stop by the county agent's office and ask for a copy of MS-316 "Strawberry Growing".

LISTS AND ENTRY BLANKS BEING MAILED THIS WEEK FOR FAT STOCK SHOW

LUBBOCK—Premium lists and entry blanks for the fourteenth Annual South Plains Junior Fat Stock Show are being mailed this week to FFA and 4-H Club members in 29 West Texas and New Mexico counties. The Fat Stock Show will be held in Lubbock March 24-26, and is sponsored by the Panhandle South Plains FFA Association, the Lubbock Chamber of Commerce and the Lubbock Board of City Development.

Purpose of the show is to stimulate and advance the practice of feeding surplus feed to livestock for home and commercial use by the people of the South Plains and adjacent territory. With this in mind, several new classes have been added to the 1947 show.

Vernice Ford, general chairman of the show, said entries have already started coming in. Entry blanks postmarked not later than March 15, 1947 will be accepted. All blanks should be mailed to Secretary, South Plains Junior Fat Stock Show, Box 561, Lubbock, Texas.

Congratulations . .

Mr. and Mrs. Horace Cook of Draw a daughter at Tahoka Clinic, February 13. Her name is Sandra.

S. J. Cowart is again confined to his bed with an affection of one of his legs, which has troubled him much in recent years.

Density of air at sea level is only about one eight-hundredth part that of water.

G. I. Joe Notes . . .

The American Legion maintains a national legislative committee as a permanent standing committee. Its headquarters are in Washington, D. C., and under the direction of the director. The primary function of this committee is to obtain the enactment of legislation by the Congress, which has been specifically recommended at the National Convention.

In addition, the National Legislative Committee keeps a watchful eye upon all matters affecting the rights or interests of the service men in the various administrative departments in Washington; represents the Legion in appearing before the departments of the Government where the interests of the veterans are at issue and acts as a bureau of information for the Legion and its publications on matters affecting or affected by National Legislation or Regulations.

Resolutions adopted by Posts proposing or affecting National legislation should travel through certain channels. They should be forwarded from the Post to Department Headquarters; from there to National headquarters; and from there they should be forwarded with proper comment to the National Legislative Committee who will in turn see that proper bills and resolutions are presented to Congress.

The year 1944 proved to be an outstanding year for the Legion insofar as legislation was concerned. Under Legion sponsorship public law 346 better known as the G. I. Bill of Rights was passed by Congress making available to veterans of World War II benefits far in excess of any other war in which this country has engaged. Although this bill was far from perfect it was something to start on. Since passage, many amendments have been passed so that more of the returning veterans would be entitled to share in its benefits. At present there are other amendments before Congress which if passed will increase the allowances for ex-service men using the schooling privileges and on the job training clauses of this bill.

In 1946 Congress passed the service men's adjusted service pay bill or the terminal leave bill as it is

better known and made available in bonds. The money for furlough time enlisted men did not receive while in the service. At this time there are 26 new bills introduced in Congress which one is almost certain to pass to make these bonds cashable.

Also passed in 1945 was public law 483 providing that in no event shall the widows and orphans of deceased World War I veterans be without Government protection.

At present there are many bills introduced for passage of a bonus bill for service men of World War II but none have been passed. At present the State of Texas has a bill before the Legislature to pay to veterans of Texas a bonus in the amount of 50 cents a day for service in the U. S. and \$1.00 per day for service outside the continental U. S. This bill is receiving very good support but the question of a bonus varies considerably among the ex-service men themselves with many of them not in favor of any bonus bill at all. Time alone will tell the story, but the veteran can rest assured that the Legislative Committees both State and National are looking out for the welfare of the veteran.

WALTER EAKER GETS SUSPENDED SENTENCE

Walter Eaker, of O'Donnell was tried in the district court at Lamar Monday and Tuesday on a charge growing out of the killing of a boy in O'Donnell a few months ago by striking and running over him with a car or truck. The incident occurred at night on a street in O'Donnell just over the line in Dawson county. Eaker did not stop and offer to render aid. His defense on the trial was, as we understand it, that he did not see the boy and did not know that his vehicle struck any one.

Nevertheless, the jury returned a verdict of guilty and assessed the punishment at two years imprisonment but recommended a suspension of the sentence. He was released therefore pending good behavior.

Mrs. Lee King visited her son Jerry at San Marcos over the weekend, making the round trip by plane. Jerry is attending school there.

J. C. EVANS IS CRITICALLY ILL

As the News is about to close its forms Thursday afternoon, a report from "Slim" Elliott is to the effect that his step-father, J. C. Evans, 69, is barely alive and apparently has no chance whatever to recover.

Mr. Evans was stricken with an attack of heart trouble two weeks ago and was taken to the Seale Clinic. Later he was taken home, but was brought back to the Clinic Sunday. Mr. Elliott summoned a Brownfield physician Wednesday for a conference, and he reported that the patient had practically no chance whatever to recover.

Many friends regret his serious condition.

VFW AND LADIES AUXILIARY TO MEET MONDAY NIGHT

A joint meeting of the local VFW Post and the newly organized VFW Women's Auxiliary at the Legion home Monday night of next week has been announced.

The night will be turned over to the ladies and they will elect their officers and Mrs. McDonald of Lubbock will install them.

It has been announced that all gold-star mothers are urged to attend this meeting and that any other person eligible, man or woman that would like to become a member are invited to attend as well as all old members.

The Texas Extension Service is urging everyone who can to plant a garden this year . . . for health, for recreation, for a supply of fresh vegetables that will knock dollars off the grocery bill.

- ★ Takes Less Than Half As Much Power

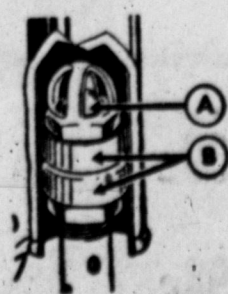

1—In a single cylinder pump the motor must lift the entire plunger rod in addition to lifting twice as much weight as this POWER SAVER PUMP.
2—It is this heavy pull which beats the motor, or necessitates the use of one having more than twice as much power as the National two cylinder balanced pump.
3—The two cylinders are only half as large as they would be in a single cylinder pump, consequently only half as much weight is being lifted in each upward stroke, this leaves the rods to balance themselves.
4—Friction in the pipe is greatly reduced by having the pump rods outside.
Add up 1, 2, 3, and 4 and you have the answer as to why the National takes LESS THAN HALF as much power.

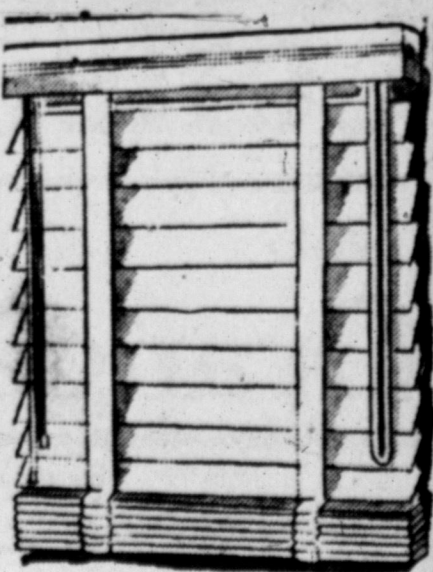

(A) Stainless Steel Balls on brass valve seats make a perfect seal in the check valves and plunger.

(B) Duraflex cups. Far more durable than ordinary plunger leathers. Generally, one set of these cups will outwear several sets of leather cups.

With long wearing cups and stainless steel ball valves, in cylinders lined with stainless steel, you are entitled to the greatest of pump efficiency.

The pump available with Briggs and Stratton engine mounted on the pump. Other engines may be used with a longer belt if desired.

MAKING A CHOICE

Josh. 24:15
Howdy Bro. A: I just called by to tell you that we missed you from the worship last Lord's Day. I guess you will be with us next Lord's Day, won't you? "No: I won't be there. I once went to worship regularly; but I have quit." Bro. A: I am sorry to hear you say that. May I ask, "why you quit?" "Well I quit because there are 'hypocrites in the church'." Bro. A: "There are hypocritical husbands, why haven't you quit your wife?" There are hypocrites in every profession; why don't you teach your children to re-

fuse all professions because there are hypocrites in there?" If you find a blood spot in one egg do you kill the whole flock of hens? If you find one rotten apple in a dozen do you throw all the good ones away? No you do not. And you have too much sense to rob yourself of "That Home Of The Soul" just because all who profess to be Christians are not true to their profession. You can't even fool me, let alone the Lord. Deep down in your heart you have some other reason for not coming to worship. But if you don't want to spend eternity in hell with all hypocrites then get started and do your duty and God will do the separating in due time. Read Mt. 13:41.

Good morning Mr. B. Will you go to worship next Lord's Day? Yes Sir. I show my appreciation of my religious freedom by going to worship every Sunday. I go to the church of my choice and I am glad that all men can do that. "Mr. B: that is just another example of our 'Free Agency'. God forces no man to worship him in any way. But God has commanded us how to worship. Jno. 4:24. May I ask, Mr. B: what church you are a member of? Mr. B: "I am a member of the Baptist, Methodist or Presbyterian church, as the case might be." "and I will never be a member of any other." Your "free agency" Mr. B. May I ask what church you would have been a member of had you lived before the church of which you are a member was built? Why had you rather be a member of a church that man built than to be a member of the church of the Lord built. Please read Mat. 15:1-13 and Ps. 127:1. Now write and tell me if you know "Who built the church of which you are a member? Now read Mat. 16:18-19; Acts 20:28; Eph. 1:15-23; 5:25-32. Do I make you my enemy because I ask you to read the Bible and Obey the Christ that died for you? Write me your questions. Bible answers given to Bible questions.

Attend the services of the church of Christ in your community. You are always welcome.
Price Bankhead, Rt. 3, Post, Texas.

COOKS HONORED WITH BIRTHDAY DINNER
Mrs. Frank Cook of Tahoka and Mrs. Frankie Cook of O'Donnell were honored with a surprise birthday dinner in the home of the former here Sunday.

Guests present were Mrs. Frank Cook's sister, Mrs. E. C. Busby and family of Draw, Mrs. Louis McKay and family of Draw, Mrs. Heta Standefer and daughter of Tahoka, Mr. and Mrs. T. J. Cook of Post, Mr. Frankie Cook and family of O'Donnell, Mr. Alfred Cook and family of Hobbs, New Mexico.

DISSOLUTION NOTICE

The State of Texas
County of Lynn
Notice is hereby given that the partnership between Kay K. Moore, Jay W. Moore and Lit H. Moore Jr. was dissolved on the first day of January, 1947. All debts due the said partnership are to be paid, and all those due from the same discharged at Lubbock, Lubbock county, Texas, where the business will be continued by the said Kay K. Moore and Jay W. Moore under the firm of "Moore Brothers".
Witness our hands this 1st day of January, 1947.

FARM NEWS

Clint M. Walker,
Sec. Lynn Co. A.C.A.

The first soil-building practice listed in our State Handbook is terracing and this practice has long been one of the chief practices carried out in Lynn county under the A.A.A. Soil Conservation Programs. In 1946 over 315 miles of new large ridge type terraces were constructed in this county and present indications point toward this figure being surpassed in 1947. The rate of pay for building terraces is \$79.20 a mile for approved terraces and listed below are a few things to bear in mind if you plan to build any terraces in 1947 and expect to qualify for this payment.

The first thing you must do is secure prior approval from the Lynn County A.C.A. Committee at the A.A.A. office in writing before you start actual construction of the terraces. Terraces started before prior approval is given by the County Committee will not be eligible for payment. Terraces that have been built under a previous program will not qualify for payment. Building up or working terraces will not qualify for payment. The producer must chain each terrace and turn in the lengths to the A.A.A. office upon completion of terraces. If the farmer is building the terraces himself he will be paid under the 1947 Agricultural Conservation Program. If a vendor builds the terraces he will be eligible to participate under the Purchase Order Plan, a plan whereby conservation services are furnished to farmers through local trade channels. No vendor will be allowed to furnish services on his own farm under the Purchase Order Plan.

Guests of Rev. and Mrs. Ben Hardy last week end were Mr. and Mrs. Morris Randall of Seymour and Mr. and Mrs. Alfred Sternberg of Canyon. Mrs. Randall and Mrs. Sternberg are sisters of Mrs. Hardy.

MRS. J. FRED BUCY JR. HONORED WITH GIFT PARTY

Mrs. J. Fred Bucy Jr., the former Miss Odette Greer, was complimented at a gift party given by Mrs. Claude Thomas and Mrs. Roy Appling Tuesday afternoon in the home of the former at Grassland. The Valentine motif was carried out in house decorations and in the menu.

Miss Charlene Bucy of the Texas Tech played piano music while guests were served from a gold-covered tea table arranged with a floral center piece and white tapers. White napkins were used, printed with red hearts and black colonial figures. Miniature red hearts had "Odette and Freddy" written on them.

Refreshments consisted of sandwiches, heart-shaped cookies, heart-shaped mints, toasted nuts, and red punch. Mrs. Aubrey Thomas presided at the punch bowl.

More than a hundred gifts were on display.

Ladies were present from Grassland, Tahoka, and Lubbock.

MISS EVELYN ANDERSON AND W. G. BRILES JR. WED

Miss Evelyn Anderson and W. G. Briles Jr. were united in marriage Sunday, February 9, at 1:30 o'clock in a single ring ceremony performed by Rev. E. K. Shepherd of Wilbourn in the home of the bride's parents at New Lynn. E. J. Chaney Jr. served as best man.

The bride wore a powder blue suit with black accessories. A number of close relatives and friends were present.

Immediately after the ceremony the guests were served coffee and cake from a beautiful lace-covered table.

The bride is the daughter of Mr. and Mrs. A. B. Andrews and the bridegroom is a son of Mr. and Mrs. W. G. Briles Sr. of New Lynn.

After a short trip to Abilene, the couple will make their home near Tahoka.

Congratulations and best wishes of their many friends are being extended.

Tahoka Boxers Win Over Slaton

Approximately five to six hundred boxing fans saw some fast and furious matches between the Tahoka high school boxing team and the Slaton high school boxing team last Friday night in the local gym. The Tahoka boxers won 12 fights and lost only 4 to the Slaton boys. There were three KO's scored by the Tahoka boys and one TKO went to a Tahoka boxer. Slaton won one fight by the TKO route and the others by decision.

The fastest and most furious KO of the evening was scored by W. J. Kahl, 143 over Johnny Melcher of Slaton, 140, Kahl and Melcher mixed it up in a fast and furious barrage of blows at the end of which Melcher found himself on the canvas, but getting up immediately, but a few seconds later he was back on the mat out of this world.

Possibly the biggest surprise of the evening was the dark-horse boxer of the local team, Randal Hinkle, wt. 152, who made his first appearance in the ring this year and he also scored a fast KO over his opponent from Slaton, Bobby Jones, weight 149. Hinkle is a hard-hitting fast-moving boxer and like Kahl, wasted little time in eliminating his opponent.

Lindley Thomas of Tahoka scored the first KO of the evening over Billy Biggs of Slaton. However Thomas had a stubborn opponent and did not score his KO until the second round of the bout.

Lambright, 97 won by a TKO over Tahokas John Curry in the second round.

Billy Anderson, 124 of Tahoka won a first round TKO over Slaton's Pip Dawson, 126 pounds. Dawson's seconds threw in the towel, but he did not want to leave the ring. However they persuaded him that it was best that he not continue his fight.

All the other fights of the evening were won by decisions. Many of these fights were fast and furious, some being very close decisions, while others were not so close.

Calvin Brown, 81, lost to Bill Burkhardt, 92, of Tahoka.

Jackie Pearson, 92 won over A. W. McClellan, 90 of Tahoka. Cecil Bybee, 95, Slaton, lost to Raymond Jenkins, 97 of Tahoka.

German, 113, Slaton, won over Wylie Curry, 118, Tahoka.

Jimmy Chapman, 123, Tahoka, won over Jerry Huckaby, 123.

C. E. Rhodes, 128, Slaton, lost to Joe Palmer, 130, Tahoka.

Paul Mosser, 129, Slaton, lost a very close decision to Bob McMillan, 130, Tahoka.

Chas. Brookshire, 118, Tahoka, won over Gene Berkley, 124, Slaton.

Ed Burton, 129, Slaton won over Bobby Boyd, 132, Tahoka.

Duane Howell, 138, Tahoka won over Odie Glasscock, 136, Slaton.

Van Brookshire, 138, Tahoka won over James Mosser, 135 of Slaton.

All of Coach Foust's boys have shown a lot of improvement since their first fight here a few weeks ago with the Morton team, and a few of them have shown excellent improvement.

More Fights Are Scheduled

The Tahoka team will go to Slaton February 21 for a return match at the Slaton gym.

On February 28, the Tahoka boxers will meet the Post boxing team at the local gym.

In March there will be a boxing tournament open to all High School boxers of 18 years and under. At this tournament the winner of each weight will receive a twelve inch gold trophy; the runners up will receive gold gloves.

MRS. BUSTER DRIVER GIVEN STORK SHOWER

Mrs. Buster Driver was honored with a stork shower in the home of Mrs. Turner Rogers Monday evening.

Several guests called during the evening to see the beautiful display of gifts.

The gifts were presented to Mrs. Driver by Wanda Sue Dollins, Joyce Thorpe, and LaQuita Smith. Karen Beth Kidwell gave a reading, "Baby Brother."

Hot chocolate and cookies were served.

F. D. Roan and son W. T. Roan have recently located in Tahoka to open a new line of business, which they will probably tell our readers about in an early issue of this paper, a new type of cotton-cleaning machine, the invention of the elder Mr. Roan.

On January 1, Texas sheep and lambs on feed and wheat pasture for market were estimated to number 215,000 head—23 per cent more than a year earlier.

Kenneth Bozeman, auctioneer Cowan Bros., clerks

Road Contract . . .

(Continued From Page 1)
9 1/2 miles. From this stretch of road, four spurs will be built, two north and two south, each about three miles in length. One of these will extend north from New Home about three miles to the Lubbock county line; another from a point east of Lakeview will also extend north three miles to the Lubbock county line. One spur will extend south from Lakeview three miles toward West Point. Another will extend directly south from New Home-Lakeview road a distance of three miles to Petty.

All of these roads will be of inestimable value to the rich and thickly-settled farming areas in which they will lie, and the News and the people of Tahoka rejoice that these various communities are soon to have these money-saving conveniences. Our only regret is that many of the farmers of the

county are going to be compelled to wait, for not all of the roads can be built at once, and that the funds provided by the county bond issue are not going to be sufficient to build all the mileage originally included in the program, and that some farmers therefore will get little direct benefit from this program.

There is another little matter that might be mentioned in this connection. At the beginning of this road-building campaign and many times since, Tahoka has been accused of being selfish and dictatorial. It is now apparent that the roads to be built last and the mileage that may have to be lopped off entirely are the roads and the mileage that lie closest to Tahoka and that would have benefitted this town most. And yet Tahoka has not entered a single protest against the order in which the contracts are being let and will not do so. We only hope that not much of the original program will have to be

abandoned, and that much more mileage will be built in the course of time.—And we do hope that the State builds the Tahoka-Slaton highway in due course of time.

C. of C. . . .

(Continued from Page 1)
ter, the following accomplishments by your Chamber of Commerce. Perhaps we have not done as much as you feel like we should have but we have done our best with only a part-time secretary such as we now have.

"One of the things that we are most proud of is our secret anti-solicitation committee that passes on and disapproves any solicitation or scheme that might be attempted on you as members of the Chamber of Commerce. Most of you have been very co-operative in requiring a letter of authorization from the Secretary before you will listen to any solicitation and we can sincerely say that while a few schemes or shady deals might have slipped by the committee they have turned down more than enough "fly-by-night" characters to compensate each of you for the dues that you paid in last year.

"Other projects and events that we have sponsored are:

"Lynn County 4-H Livestock Show of which we were co-sponsor and furnished the majority of the prize money and expense; co-sponsored Summer Playground Activities and paid part of the expenses of same; Sponsored clean-up campaign in Tahoka last summer and awarded Boy Scouts cash award for assistance; chartered two planes to National Flying Farmers meeting in Stillwater, Oklahoma; sponsored Christmas; street lighting in Tahoka and awarded cash prizes for winners of lighting contests; gave war bond for first bale of cotton ginned in Tahoka; sent representatives to International Highway 84 meeting in Denver; are now working with school officials to help secure a football stadium in Tahoka, etc.

"The Tahoka Chamber of Commerce built the local softball plant that we now have, and sponsored free softball games last summer. We also own a first class loud speaking system that was used at the softball grounds and later at the home games of the Tahoka high football games. This speaker is stored and will be used as needed throughout the years for various undertakings of the Chamber or other civic groups.

"Last year we held an all-member banquet and later held an outdoor barbecue attended by all members with veterans of Lynn county as special guests. An all-member banquet is planned for the near future at which time new officers will be elected for 1947.

"May we say again that we are glad to have served you to the best of our ability and are planning an even better and bigger year for 1947. Thanks for your help in the past and we will be expecting it in the future to make Tahoka Bigger and Better than Ever!

WE THANK YOU

We wish to express our thanks to the people of Lynn and Garza counties for helping us to replace our clothing and furniture which were destroyed by fire on January 29. I don't know what we would have done without your help. May God bless each of you is our prayer.—Mr. and Mrs. A. E. Payne and Family

Mrs. Jack Cox, the former Miss Adeline Woods, and her little son came in from Dallas last Friday to remain here until the 18th visiting her mother, Mrs. Mary Woods, and other members of the family.

Wages paid to farm workers during 1946 averaged \$88.40 per month with board, \$106 per month without board, \$4.15 per day with board and \$4.83 per day without board.
