Three Snyder Men Holding Federal Liquor Stamps

SPECIAL FOR TITO

Marshal Tito (left) of Yugoslavia enjoys a hot dog in the galley of the U. S. Aircraft Carrier Coral Sea during exercises in the Adriatic. Next to Tito is Yugoslav Chief of Protocol Petnicki. In background (left to right) are: Vice Adm. John Cassady, commander of the U. S. Sixth Fleet and George Allen, U. S. ambassador to Yugoslavia. A responsible source said that Admiral Cassady had informally asked Tito for permssion to base U. S. war planes in Yugoslavia and for greater cooperation in the joint defense of southeastern Europe.

Fish Stocking Is Started At Lake Thomas

BIG SPRING, —First fish in the stocking of Lake J. B. Thomas were put in their new home this week.

While the number was not so large in comparison to the eventual size of the lake being impounded as a Colorado River Muncipal Water District supply, E. V. Spence, general manager, considered it a good start.

Spence said that the black bass and blue cat measured about six inches in length. Tuesday's stocking consisted of 1,600 black bass 1,600 blue cat, 1,500 bream, and 100 crappie. They came from the San Angelo hatchery, which is having its stock reduced.

At the present time, the waters impounded behind the dam covers only about 16 acres, but the water is deep since it is in the barrow area from which dirt was excavated for the big dam. Spence said other fish would be brought to the lake under a steady stocking plan.

22 Votes Puts DeShazo In As Councilman

John P. DeShazo, 2411 Avenue I, was elected to fill the city council vacancy from Ward No. 1 in an unusually light vote in that ward yesterday, an unofficial canvass showed.

DeShazo received 22 votes. Only 50 persons voted in the election.

Johnny Hoyle, service manager of the Scurry County Tractor Co., received 15 votes. It was his second bid for a seat on the council.

Walter Hales, owner of the Walter Hales Lumber & Supply Co., located on the East Highway, received 13 votes.

The returns so far are unofficial, but an official canvass of the vote will be held by the city council this afternoon. The council will meet in the city hall at 5 o'clock.

The election was called to fill the council vacancy created by a member of the council moving from Ward No. 1 to another part of town. He is Dr. Robert H. Hargrove, dentist, who was elected in the general election April 1 this year.

Election officials for yesterday's voting were: Donald R. Scott, Mrs. D. P. Strayhorn, and Mrs. Robert R. Patterson.

Train Wreck Kills Koreans

SEOUL, Korea (AP)—Eleven to 14 Koreans were killed and 200 injured when a locomotive tender exploded today, derailing two coaches and throwing many passengers into a stream 40 feet below.

Three American enlisted men aboard were injured slightly.

The train was crowded with school children and workmen. The explosion occurred on a bridge 20 miles west of Seoul.

Hours after the tragedy, the last survivor was removed from the wreckage. She was an 18-year-old Korean girl whose arm was amputated before she could be freed. U. S. Army personnel used torches to remove some injured and dead from the wreckage.

British soldiers stationed nearby quickly organized trucks to move about 200 injured to the Italian Red Cross hospitial and the U. S. 121st Evacuation Hospital.

The locomotive and tender crossed the bridge and remained upright. But two of the three steel cars were derailed, tumbled on their sides and split open. Witnesses said some passengers were thrown into the stream 40 feet below.

There was no explanation of what caused the explosion.

West Texas Liquor Man Subpoenaed

AUSTIN, Sept. 17 (AP)—Ten West Texas liquor store operators and employes were under subpoena today to appear at a closed meeting of the House Crime Investigating Committee next week.

The committee also demanded that four West Texas banks produce records of financial affairs of Pinkie's Liquor Stores.

It also requested State Liquor Administrator Coke Stevenson Jr. to produce records and correspondence bearing on personnel investigations in West Texas and at Port Arthur.

The subpoenaes were issued by the crime committee following publication of a Potter County Grand Jury report sharply critical of liquor law administration in West Texas.

The report said board employes knew of a multi-billion dollar bootleg syndicate in West Texas, but that it went on functioning through pay-offs and bribery to key employes of the board.

Rep. Waggoner Carr of Lubbock announced that the committee would study records and examine witnesses in an executive, exploratory session here Monday at 9:30 a.m. They will be evaluated with the state auditor, and if enough evidence is uncovered, an open meeting will be called in Amarillo.

Carr was assigned by the committee to look into the grand jury report.

Carr said processes had been issued for or served on the following individuals and firms:

Tom Roden, W. F. Roden, T. G. Roden, C. W. Coyle, F. C. Young, G. W. Wood, all of Odessa; Glen Gale and John J. McCowan of Big Spring; A. W. Ellington of San Angelo. All are connected with Pinkie's Liquor Stores, Carr said.

Hubert Odom of Odessa, connected with Cecil's Liquor Stores.

The First National Bank and State National Bank of Big Spring, the First National Bank and the First State Bank of Odessa, all for records relating to financial affairs of Pinkie's Liquor Stores.

Carr said the committee is especially interested in liquor board records and correspondence in connection with personnel investigations in Port Arthur and throughout West Texas.

Pioneer Men In City Today

Two public relations representatives of Pioneer Airlines were in Snyder this morning to gather information on Scurry County and its potential air trade.

Leon Huff, Chamber of Commerce manager, said the two men were here to secure information on the history, resources, prospective growth of Snyder, and other data.

Huff said the two representatives reported a flood of letters from Snyder residents have been received by Pioneer asking support in securing air service for Scurry County.

Pioneer gave assurance of its support once in a meeting with chamber officials here, but they failed to give any support in a brief submitted to the Civil Aeronautics Board in connection with an air service hearing, which will be held soon.

KIM WAS BAR MAID

Kim, right, the self-styled 'white Indian" who wanted to work on a ranch, has turned out to be Yvonne Marie Hanks, 16, who said she ran away from home in Massachusetts so she wouldn't have to tend bar in her father's saloon. She was identified through pictures circulated in newspapers. It was thought that she might be Connie Smith, who disappeared from a girls' camp two months ago.

Prelminary Hearing On Alice Slaying; Witnesses Testifying

ALICE, Sept. 17 (AP)—Nago L. Alaniz and Mario (El Turko) Sapet waived examinifg trial here this morning before Justice of the Peace Brown Fuller but Dist. Atty. Homer E. Dean, Jr., insisted on the preliminary hearing.

Alaniz and Sapet are charged with murder with malice and conspiracy to murder in the Sept. 9 slaying of Jacob S. (Buddy) Floyd Jr., whose father is active in Jim Wells County politics.

Alaniz's hearing was conducted first. Fred Semann of San Antonio, counsel for Sapet, who faces identical charges with Alaniz told the court that his client would step aside so that the hearings could be held separately.

Dr. G. G. Wyche Sr. testified that about 9 or 9:15 on the night of Sept. 8, he heard three or four rapid shots and remarked to his wife "that sounds like firecrackers," and later told her "I believe that could have been pistol shots."

The Wyche home is across the street from Floyd's.

"About 30 minutes later," Dr. Wyche testified, "someone called his phone and that he heard a woman screaming."

"I told my son Jimmy, 20, to go ahead while I dressed and got my bag."

"I ran over to the Floyd home and found Jake Floyd Jr., lying in a pool of blood in the driveway of the garage at the rear of their home.

"He had been shot in the fore head and through the right wrist.

"I called an ambulance and had him sent to the hospital.

Dr. Wyche said that when he got there his son and Mrs. Jacob S. Floyd, Sr., were the only persons at the slaying scene.

Dr. Wyche said he then went immediately to the hospital where young Floyd was given emergency treatment and x-rayed.

Veterans Club Is 'Under State Law'

Three Snyder men were listed today as holders of federal liquor stamps along with thousands of others in 141 dry counties in Texas.

Those listed by the Associated Press as from Snyder were Will Clay, Box 1936; Jimmie Elton, Route 1; and Jack O'Neal, 2012 Twenty-first Street. Law enforcement officers are now seeking Elton for three charges of illegal sale of liquor.

O'Neal could not be reached for comment. Clay, a Snyder Negro, when asked how long he had held a federal stamp, said "I haven't had this one very long. I get one every year."

Veterans clubs throughout the state were listed as holders of the stamps, but the joint Snyder Veterans of Foreign Wars and American Legion club was not listed.

George Killam, a member of the American Legion here, said "We don't have a federal license because it is not necessary in view of the fact that we operate in compliance with state law."

As nearly as the Daily News could find out the veterans clubs here use a variation of the "locker system." The clubhouse has a locker room with members' names on lockers, where beer is said to be kept. Members purchase $3 cards, and each card has 10 tickets. Beer is served over the bar at the club in exchange for the tickets.

Bob Davie, district attorney, was asked this morning why he thought the three Snyder men possessed the federal stamps. Davie stated, "I'm sure it is all a mistake, because those boys don't sell anything but soda pop." Going further Davie said, "They apparently fear federal alcohol tax unit agents."

There are about 25,000 federally licensed dealers in whisky, beer, wine or all three in Texas. South Texans appear to be thirstier than North Texans. The Collector of Internal Revenue for the southern district of the state, in Austin, lists about 19,000 dealers—both wholesale and retail—in his files. In Dallas, the Collector for the northern district has a card file of more than 6,000 dealers.

Most of these are in cities like Dallas, Houston, Fort Worth, Amarillo, Wichita Falls, Midland, San Antonio and Longview—all places where the state says it's all right to sell liquor or beer.

The Internal Revenue Bureau cant stop' people from buying licenses. The state government is responsible for liquor control within dry counties.

In the Northern District of Texas, which has only about a third of the dealers, the revenue files show at least 38 federally licensed dealers in dry counties.

This figure doesn't include druggists, who have to pay the federal tax to sell medicinal spirits and some "tonics" that are mostly alcohol and vitamins.

It does include private and exservicemen's clubs. State law prohibits clubs from selling liquor in dry counties. Members may keep bottles in their lockers—but the club can't buy liquor for them or sell it to them. A number of clubs have bought federal tax stamps, for beer sales if not whisky.

For a sample of the way both individuals and clubs buy the stamps, there are six dealers in Lubbock, five in Denison, three each in Sherman, Snyder, Muenster and Ennis; two in Marshall, Brownfield and Bowie, and one each in Palestine, Colorado City,

(See STAMP, Page 2)

Rebuffed Ike Supporters Go On With Plans

AUSTIN, Tex. (AP) — Rebellious Texas Democrats have a statewide organization to back GOP presidential nominee Dwight D. Eisenhower today but no way to put his name on the ballot under a Democratic label.

Judge Jack Roberts in Austin's 126th District Court yesterday prohibited the use of the Democratic label or any variation of it for Eisenhower on the state's general election ballot Nov. 4.

Judge Roberts' decision came just a few hours after a group of Democrats, meeting in Austin, set up a state organization and planned a "grass roots" campaign for a Republican victory in Texas.

Claud Gilmer, former speaker of the Texas House of Representatives and a Rock Springs attorney, was named to lead the movement under the name of "Texas Democrats for Eisenhower."

Truman Says Charges About Reds In Government Are Lies

WASHINGTON, Sept. 17, (AP) — President Truman asserted today that it is "a big lie" to say he tolerates Communists in this nation's governments.

And he accused those who say so of employing a tactic used by the Communists themselves, a tactic he described as "the big lie technique." That technique, Truman said, "was developed by the Communists, perfected by Hitler."

There were no names in the angry worded speech Truman prepared for the National Conference on citizenship, but he asked the voters to defeat the users of "the big lie" regardless of party affiliation.

The President said that anyone who resorts to "the big lie technique" "is not a good man." And he singled out for special attention those who call Gen. George C. Marshall traitor.

He told the conference:

"It is a big lie, for example, to say that we tolerate Communists and other disloyal persons in our government. It is a big lie to attack one of the greatest generals and patriots whom this country every had and call him a traitor."

Sen. Joseph R. McCarthy, Wisconsin Republican seeking re-election, has denounced Gen. Marshall and Secretary of State Acheson as "monumental liars" and has said that Marshall is "steeped in falsehood." He also has described Marshall as a "mysterious, powerful figure" who sided with Russia in historic decision which "lost the peace for America."

Sen. William E. Jenner, Indiana Republican also up for re-election, has called Gen. Marshall a "living lie" and "front man for traitors."

Truman, addressing a conference attended by a group of men and women about to be admitted to United States citizenship, declared that "communism inside this country has been badly beaten."

"But communism never gives up its efforts to weaken other nations from within," he declared. It seeks to use all the weapons of propaganda—to stir up and confuse the people; and it also seeks to place its hidden agents in positions of trust and power.

"In this country, we have been waging a relentless fight against this internal attack of communism."

But he said that "the big lie" is another danger threatening democracy from within.

More Communists Are Arrested Today

WASHINGTON, Sept. 17 (AP)—The Justice Department announced today the arrest of 18 Midwest and West Coast Communist Party leaders on charges of conspring to advocate overthrow of the government by force and violence.

Attorney General McGranery and FBI Director J. Edgar Hoover said those arrested included the leaders of the party in Missouri, Washington state and Michigan.

Arrests were made in St. Louis, Rock Island, Ill., Charleston, Mo., Seattle, Detroit, Los Angeles, Portland and Eugene, Ore., Chicago and Minneapolis.

All the arrests were made on warrants issued by U. S. commissioners and federal judges on complaint of FBI agents. The attorney general authorized the filing of the complaints.

Among those arrested was Helen Mary Winter, 44, wife of Carl Winter, one of the 11 top Communist leaders convicted in New York in 1949.

Mrs. Winter, picked up in Detroit, has been Michigan state organizational secretary of the party.

The Justice Department announcement described Mrs. Winter as presently active with the "committee for amnesty for Smith Act victims."

All those arrested today like many party leaders seized earlier, are charged with violating the Smith Act which forbids conspiring to advocate the overthrow of the government by force and violence.

Those taken into custody today included:

Those arrested:

Dorothy Rose Forest, 37, of St. Louis. She was arrested in her office in St. Louis.

James Frederick Forest, 42, also of St. Louis. He was picked up at his home in St. Louis.

Marcus Alphonse Murphy, 44, arrested at his home on a farm near Charleston, Mo.

William Sentner, 45, of St. Louis, arrested at a Roek Island Hotel.

Completion Of Scurry Wildcat Near Kent Line

The Texas Co. has reported completion of a flowing Pennsylvanian discovery at its No. 1 M. A. Fuller in North Scurry County.

The well flowed 348.39 barrels of fluid in 24 hours on the potential test. That fluid was 6.4 per cent basic sediment and water, with the remainder 39.2 gravity oil. Gas - oil ratio was 622-1., with the flow through a 24-64th - inch choke. The section of the Pennsylvanian making the oil has not been identified.

The No. 1 Fuller is about one-half mile south of the Kent County line and about 18 miles north of Snyder. It is about three and one half miles west of the Vernon Cox-Canyon field, and about six and one-half miles southwest of Ellenburger production in the Polar-Ellenburger field.

DEEPEN DRY HOLE

The Superior Oil Co. has filed application to deepen the No. 2-7 [illegible] abandoned as a dry hole in the Salt Creek field.

The project was abandoned on total depth of 6,535 feet in the Canyon reef. The application asks permission to deepen to a possible bottom of 8,500 feet, although it is understood that the deepening is primarily intended to test the remainder of the reef.

Drillsite is 467 feet from north and 468 feet from west lines of section 7, John Rodman survey, about 10 miles northwest of Clairemont.

DRILL DEEPER

Slick Moorman Oil No. 1 Warren Sturgeon, Scurry wildcat about three and one-half miles southeast of Snyder, is drilling deeper after a test in the Pennsylvanian lime from 7,130-165 feet.

The reef was topped at 7,092 feet. There was a show of oil in samples from 7,150 - 158 feet. The test recovered 35 feet of gas cut mud with no shows of oil or water.

NOLAN COUNTY

Alex J. Hickey of Dallas is planning a 6,800-foot wildcat to be drilled in extreme Northwest Nolan County in the near future.

It will be the No. 1 Elton O. Johnson, and will be in the southeast corner of section 20-23-T&P, about three miles northwest of Roscoe. It is intended to test the Strawn reef lime.

DRILLING REPORT

American Trading No. 2-A Elmer Howell, Hermleigh - Ellenburger field test, is drilling below 4,433 feet.

Hassie Hunt No. 1 Mary Gatlin, Southwest Scurry wildcat, is drilling in sand and shale below, 6,229 feet.

N. T. Piercy No. 1 T. J. Fuller, 12 miles south of Snyder, was said unofficially to be drilling below 7,245 fet in lime and shale.

Malco Refineries No. 1 J. C. Mitchell, Central Dawson exploration one and one-half miles southwest of Lamesa, has been temporarily abandoned on total depth of 8,075 feet in the Spraberry. It logged slight shows of oil there but did not develop new oil on tests.

Continental Oil No. 1-A Springer, Stonewall wildcat, is drilling in shale and lime below 4,820 feet.

Hot Weather Returns To Haunt State Again

(By The Associated Press)

Texas weather stayed in the same old rut Wednesday.

It was hot and dry over the state, except in widely scattered spots where thundershowers fell or threatened.

About the same type of weather was due Thursday, too, the U. S. weather Bureau said.

It hadn't been different for several days, not since floods hit the Hill Country of West Central and South Central Texas last week.

Temperatures stayed in the nineties mostly by day, in the seventies and upper sixties by night.

Highest reported temperature was 102 degrees at Corsicana Tuesday. Presidio recorded 101.

Tyler had .70 inch of rain in the 24 hours ending at 6:30 a.m. Wednesday, Cotulla had .06 and Austin .02.

Love Hanging Is Discovered

ALBUQUERQUE, N. M. (AP) — A fragile blonde, thrice married at 20, and a young military policeman are accused of a bizarre plot to hang her 41-year-old husband.

Police said they planned to kill William White, the British - born husband, so they could be wed.

Charges of conspiracy to commit murder were lodged yesterday against Mrs. Wanda White, the wife, and Cpl. William K. Oliver, 24, stationed at Sandia Special Weapons Base here.

Oliver, from Chillicothe, O., and Point Pleasant, W. Va., was arrested last Thursday and Mrs. White, formerly of Tishomingo, Okla., was taken into custody next day, but details were not disclosed until the complaints were filed.

Chief Detective Frank Stephenson said an anonymous tip from one of Oliver's Army buddies enabled police and military investigators to thwart the plot.

The detective chief said the couple planned for Mrs. White to lure her husband to a city park and the two proposed to force White, at gunpoint, to stand on the fender of the car so he could be hanged from a tree.

Military agents said Oliver admitted the hanging plot after White's gun was discovered in his car.

Mrs. White said she spends most of her time in jail reading.

"I like to read—mostly love stories," she said.

94-Degree High Tuesday

The temperature yesterday reached 94 degrees, according to Mrs. D. P. Strayhorn, Snyder official weather observer. Last night's low was 63 degrees with the 7:30 o'clock reading this morning being 68 degrees, she said.

WEATHER

EAST TEXAS: Partly cloudy Wednesday and Wednesday night and Thursday with widely scattered thundershowers in north portion Wednesday afternoon and Wednesday night. No important changes in temperature. Moderate southerly winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy Wednesday, Wednesday night and Thursday with widely scattered thundershowers near the coast Wednesday afternoon. Not much change in temperatures. Moderate southerly winds on the coast.

NORTH CENTRAL TEXAS: Partly cloudy Wednesday, Wednesday night and Thursday with widely scattered thundershowers mostly in east portion Wednesday afternoon and Wednesday night. No important tempreature changes.

WEST TEXAS: Partly cloudy Wednesday, Wednesday night and Thursday with widely scattered thundershowers in the Panhandle and South Plains Wednesday. A little cooler in the Panhandle Wednesday afternoon and Wednesday night.

Compromise Figure Refused By Company For Late School Work

No agreement was reached in a three-hour discussion yesterday afternoon between school board members and officials of the Ball Construction Co. concerning liquidated damages resulting from failure to complete school buildings in scheduled time.

Ball, Sale and Houston, contractor, and his attorney, who is also vice president of the firm, attempted to show reason the firm should not be penalized for failure to complete construction of four buildings within the time allowed in contracts.

Liquidated damages would total more than $60,000 on the four projects, according to figures presented in the meeting by Fred Buford of the Dallas firm of Buford & Feinberg, architect and engineer of the jobs.

One buildnig was completed 107 days after the scheduled completion date; another was finished 220 days behind schedule, and overrun of time on another was 171 days, according to Buford's figures. Figures were not presented on the West Elementary building, but damages on it were estimated to run about $23,000.00.

STEEL SHORTAGE

Ball claimed shortage of structural steel delayed the construction on two of the projects. His attorney interpreted one of the contracts to specify completion date as "275 days following receipt of re-enforcing steel on the job," and he said all steel had not been received until May 10, 1951, whereas work began much earlier. Buford said, however, that 75 per cent of the steel for this job had been delivered three months earlier and that 60 per cent of the steel needde on another project was also delivered in the preceding February.

Ball said another reason for delay was inability to obtain steel lockers on one of the projects. Trustees argued, however, that the board had agreed to accept the buildings without the lockers if they could be finished. One trustee then pointed out that the buildings were not ready for installation of the lockers on the scheduled completion date.

M. E. Stanfield, assistant superintendent, said he had made arrangements for occupying the East Elementary building last March when it was promised. He said he knew that no special effort was being made at that time to complete the buildings on time.

TIME ALLOWED

Allowing the firm credit for some of the time claimed because of the delay in receiving steel, and also allowing the credit for time after the school term ended, the board agreed that miniumum damages it was due would be at least $35,100. Ball said his firm could not accept this.

Before giving the firm a figure, however, the board had requested Ball to make a compromise offer, but he declined to do so. The nearest he approached making an offer was by a statement that he might be willing "to pay five or six thousand dollars."

When Ball refused to accept the board's figure, the meeting was adjourned. Ball said he believed it might be worth that much money to his firm and other construction companies to find out what the courts would do in such a case. He had said several times in the meeting, however, that his firm did not want to go to court on the matter.

Contracts on the projects specified amounts to be deducted from the contract prices for each day over the contact time. The amounts were $100 on each of the elementary buildings and $50 on the Negro school building and $50 on the administration building.

Government Makes Emergency Plans As Coal Strike Looms

WASHINGTON, Sept. 17 (AP)—The government plans to issue an order tomorrow freezing shipments from many of the nation's soft coal mines, to provide an emergency stockpile in event of a prolonged coal strike.

Vernon D. Northrop, under secretary of the interior, said today the order would be issued by the Defense Solid Fuels Administration (DSFA) of his department.

The order would bar coal shipments after midnight Sept. 18, from all bituminous coal mines which have received notices from John L. Lewis' United Mine Workers that would permit termination of the existing wage agreements on Sept. 20. Those are largely mines in the North. Contracts with most Southern mines expire Sept. 30.

Lewis' strike plans calling for some members of his United Mine Workers to quit work Monday, some others 10 days later, while still others remain at their jobs without a contract—has the mine owners in a dither.

Selling coal is a competitive business and owners don't like to see their mines idle while rival diggings are working and likely to take over customers.

Lewis has staggered his contract expiration dates so his union's agreement with the Bituminous Coal Operators Association, representing the bulk of the soft coal mines in Northern states, principally those in Pennsylvania, Northern West Virginia and Ohio, expires this week-end.

His union agreements with the Southern Coal Producers Association and with the Pennsylvania anthracite producers end on Sept. 30.

Lewis has said he expects to reach an agreement in the anthracite field this week. But, failing an agreement, a strike would develop in the Bituminous Coal Producers Association's mines, employing about 300,000, next Monday.

Members of the Southern association already are making plans to boost production once a strike starts in the Northern mines. They want to take full advantage of the 10-day leeway before their contract ends.

Lewis has decreed that union members who work for mines that belong to neither of the two big employer associations should go right on working. This appears to be a shift in the union's traditional policy of "no contract, no work."

The idea seems to be that enough union members will remain working, along with the relatively few non-union mines, to turn out about three million tons of coal a week. By this strategy, Lewis hopes to avoid any tangling with the national emergency provisions of the Taft-Hartley Law.

Lewis was to resume talks with anthracite mine operators today and it was reported an agreement was imminent that would permit hard coal production to continue until an agreement is reached in soft coal. Lewis usually wins the same or similar terms from the anthracite owners.

Eisenhower Will Ask Senator McCarthy For Aid In Election

ST. PAUL, Minn. (AP) — Gen. Dwight D. Eisenhowers managers plan to call on Sen. Joseph McCarthy of Wisconsin to campaign actively for the Republican ticket on the Communist-in-government issue.

Sen. Frank Carlson of Kansas, a top Eisenhower adviser, told this reporter an invitation to McCarthy to campaign outside his home state is "in the works."

"I fully expect that Sen. McCarthy will be speaking vigorously for the ticket as soon as he recovers fully from his recent operation," Carlson said.

McCarthy, limited by physical disability in campaigning for renomination in Wisconsin, won a smashing victory there.

Apparently this convinced even the most sanguine of Eisenhower's advisers that the Wisconsin senator would be a valuable addition to their team. The feeling among them was that McCarthy could lash out at the Truman administration in blunt terms that the GOP presidential nominee has hesitated to use.

Thus, McCarthy, who has said he would support Eisenhower even if the latter disowned him politically, might be teamed with Sen. Robert A. Taft of Ohio in a double-barreled answer to the "give 'em hell" campaign that President Truman is expected to launch with a Western trip starting early in October.

A speaking schedule which will take Taft into 19 states was announced by Sen. Karl Mundt of South Dakota, co-chairman of the Republican Speakers Bureau, and Sen. Everett Dirksen of Illinois, chairman of the Republican Senatorial Campaign Committee.

The schedule calls for an evening speech by Taft Oct. 8 at the "Pancake Day" celebration in Shenandoah, Iowa, after Truman speaks from the same platform earlier in the day.

McCarthy and Truman may never come to such close quarters, but the decision to use the Wisconsin senator extensively in the campaign apparently was contingent only on McCarthy's acceptance and his physical condition.

This decision seemed to have been taken by the Eisenhower advisers in the face of the general's evident distaste for McCarthy's criticism of Gen. George C. Marshall. In a Senate speech, McCarthy said Marshall, who helped elevate Eisenhower to five-star rank, had participated in a conspiracy against the country.

Eisenhower has not yet hit the Communist issue hard in campaign speeches. But he has mentioned it several times in apparent preparation for a later major address on the subject.

$5,000 Damage In Fire Here Last Night

Damage estimated to total about $5,000 was caused by fire about 10:45 o'clock last night to the Tate Grocery store on the Lamesa Highway.

Mr. and Mrs. O. P. Tate, owners of the store, told Ivan Gatlin, fire marshal, that they had closed the store about 8 o'clock for the night.

Gatlin said most of the damage was caused by heat and smoke to the main part of the store and stock, but that two store rooms at the rear of the building were badly damaged.

Gatlin said that the total amount of loss could not be determined yet, but that it would probably total $5,000, because all the stock in the store was damaged so that it can not be sold as new merchandise.

Cause of the fire has not been determined, but it could have been caused by a carelessly droppped cigaret, Gatlin said.

He and other members of the fire department searched through the area in which the fire appeared to have started last night, but could not find the cause of the fire. All the wiring appeared to be in good condition, Gatlin said.

The Tate Grocery store is located about one mile west of town in a building which was rebuilt last year after a windstorm destroyed the building, which then housed a cafe.

Landslides Cover Pan American Highway

NUEVO LAREDO, Mex., Sept. 17 (AP)— The Pan-American Highway was flooded and mountain landslides south of here have been caused by torrential rains in Mexico's interior.

STAMPS

(Continued from page one)

Plainview, Mineola, Brownwood, Levelland, Tyler, Eastland and Gainesville.

All those places have been voted dry by their citizens.

The Revenuers say it's none of their business what county a man does business in as long as he pays the federal tax. He has to give a business address. They say if he has $50 he gets a license good for a year to sell any kind of liquor as a retailer. For $100 he can buy a wholesale liquor dealer's tax stamp. A retail beer seller's stamp costs $20, a wholesale beer license $100.

"If you come in and say you're going to start selling liquor at such and such a place, we don't ask whether it's right or wrong to sell liquor there," an official of the Revenue office in Dallas said. "All we can do is sell you the stamp."

A dealer has to pay his federal tax, the law says, within 30 days after he opens for business. But the Dallas office says some dealers in dry counties aren't prompt.

"Some times they wait until they get in a tight spot, then send in their tax," a liquor tax clerk said. "That way they have to pay a penalty of 5 per cent a month, not to exceed 25 per cent. But they may get by for a year without paying."

If Revenue Bureau inspectors find a liquor dealer who hasn't paid his tax, they haul him into court to make him pay what he owes, plus penalty.

The bureau has a case pending now against a Manchester man it lists as a distiller. The government figures he owes $891.14 in taxes on whiskey he turned out at a back-country still.

Officials of the bureau say, however, that "the old, established bootleggers nearly always pay their taxes—it's only the fly-by-nights who try to slip by."

They refer freely to dry county liquor dealers as "bootleggers."

Fred Cunningham, assistant in the Wage and Excise Division of the Dallas office, says these people pay their federal taxes because they don't want the United States government after them.

Here's a sampling of federally licensed dealers as listed in the Revenue Bureau files:

Lubbock—Military Order of the Purple Heart, Inc., 2424-A Texas Ave.; Charles J. Biggs, Camp Joy Station, 2209 35th St.; J. M. Blanks and Clinton H. Langford, 1613 Avenue Y; B. C. Daulton, 1921 23rd St.; Hub City Club, 2212 Ave. 6; Samuel A. Long, 1716 Ave. A-rear.

Denison—C. B. Duckworth, 601 E. Maple Row; Eagles Club, 219½ W. Main; B. P. O. Elks Lodge, 301 Gandy; James David Harlow, 329 W. Main; Veterans of Foreign Wars.

Sherman—Richard Pressby, 60 W. Cherry; Marvin Thompson, Rt. 4, 21 blocks from square on Airport Road; Veterans of Foreign Wars.

Snyder—Will Clay, Box 1936; Jimmie Elfon, Rt. 1; Jack O'Neal, 2012 21st St.

Brownfield — Robert McDaniel, 505 North B; Edwin G. Tubbs, Block 42 14th St.

Mineral Wells—Mrs. S. Main; Sokol Hall, Rt. 2; SPJ St. Lodge No. 5, National Hall, Rt. 2.

Marshall—Marshall Lodge No. 683, B. P. O. Elks, 212½ N. Washington Ave.; Marshall Golf and Country Club, Box 961, Rt. 1.

Muenster—Veterans of Foreign Wars; J. C. Trachta; A. C. (Gus) Stelyer, Main St.

Bonham—Bonham Walker, Decatur St.; C. E. Williams, 508 Wilbarger St.

Palestine—M. F. Morris, 31 S. Jackson; Colorado City, John McCown, 504 Cherry; Tyler, Willow Brook Country Club, Inc., West Dixie Highway, Box 324; Brownwood, Ralph E. Williams, 607 Penn St.; Gainesville, Jake Wheeler, 216 Fair Ave.; Levelland, Oscar Ward, Box 1067; Plainview, Veterans of Foreign Wars; Eastland, A. O. Tindall and Henry W. Wilton, 337 N. Lamar; Mineola, James Elwood Pierce, Camp 80 Grocery.

1775, FORT TICONDEROGA under Patriot Occupation.

LANDMARK IN HISTORY

The construction of this fortress was commenced in 1775, when Canada belonged to the French. It was held by them until 1759, when Sir Jeffery Amherst captured it from the British. At the outbreak of the revolution, the British still held it with a small garrison. It occupied a strong position at the junction of Lakes George and Champlain. One night in May, 1775, Col. Ethan Allen, with his Vernon Green Mountain Boys and a few volunteers from Massachusetts and Connecticut surprised the sentinels on guard and captured the fort without bloodshed. This victory greatly encouraged the American Army and furnished it with sorely needed arms and ammunition. The fort is now visited by many tourists and has a museum, containing relics of the French and Indian war and Revolutionary Wars.

Analysis Of 'Deals' Made By Russians And Chinese At Meet

WASHINGTON (AP) — Generalissimo Stalin has consolidated Russia's power position in the Far East, apparently as a counter to American power, through the agreements reached in the Moscow talks with Red Chinese leaders.

This is the outstanding single accomplishment of the conference which ended two days ago after a month of meetings between Chinese Premier Chou En-lai and top Soviet officials. But American officials are certain it is not by any means the only important result.

Speculation is that wrapped up in the secrecy behind the Iron Curtain are vital decisions bearing on the future of war—or peace—in Korea and on America's own Far Eastern power position anchored in Japan.

What the official announcement of the conference showed, authorities here asserted was simply that Russia had succeeded in backing out of a treaty commitment to withdraw from the Manchurian naval base of Port Arthur. Until they had maneuvered this, the Soviets were under legal and moral compulsion, by a 1950 agreement with Red China, to quit Port Arthur this year.

In the cold-blooded terms of power relationships they would have been yielding a major position opposite Japan.

They solved their problem by making a deal with Red China. With one slight exception, in the opinion of government experts here, the terms of this deal are not yet known.

The exception is the published agreement that while remaining in Port Arthur at the officially announced "request" of the Chinese Reds, the Russians will yield control of the important Changchun Railway, which serves the base. A State Department press officer suggested yesterday that even the release of the railway will be more apparent than real because, he said, the Soviets will retain control of its terminals.

The State Department was extremely reserved in initial reaction to the Moscow announcement that the Chinese talks were finished. Officials said facts may be weeks in coming and may take the form of action rather than pronouncements.

But at the time Chou En-lai turned up in Moscow a month ago there was a strong belief here, which persists today, that he went with his hand out and that most likely he sought one of two things: either Russian agreement and diplomatic assistance in bringing an end to the Korean War quickly, or greatly increased Soviet help in arms and equipment for Chinese forces in Korea.

There is some speculation here that the "request" which he made to the Kremlin to keep its troops in Port Arthur may have been the price he paid, or part of it, for getting whatever he did get.

Price Daniel Opens Big Fair At Temple

TEMPLE, Sept. 17 (AP) — Price Daniel, attorney general of Texas and U. S. Senate nominee, cut the ribbon to open the Cen-Tex Fair here yesterday.

Livestock judging began today.

The festivities opened with a mile-long parade, crowning of a fair queen and a speech by Daniel at a luncheon of local service clubs.

Maida Walker was crowned queen of the five-day event.

Man Arrested Here With Marijuana In Possession

Police said they arrested a Negro man here last night who had marijuana in his possession.

Bill Love, police captain, said Willie K. Robinson, 21 year old Lorenzo, Texas Negro had one and one half "sticks" of the narcotic in his possession when arrested at Twenty-fifth Street and Avenue Q. "Stick" is the name used for marijuana cigarettes.

"Apparently the man had not been smoking the drug when arrested," Love said.

Toy Gideon, police department investigator, made the arrest.

Negroes represent about a tenth of the population of the United States.

Fines Paid On Liquor Counts

Fines totaling $2,223, including court costs, were assessed in county court Monday and yesterday when seven persons pleaded guilty to 18 charges of liquor law violations. Each was fined $100 plus court cost of $23.50, in each case.

The cases were among 19 charges filed over the week end against eight persons, one of whom has not yet been apprehended, according to the sheriff's department.

Augustus George Jones, 49-year-old Snyder Negro, pleaded innocent Monday to two charges, and appearance bond was set for him at $500 in each case, but he changed his pleas to guilty yesterday.

James Edward Riley, 49, operator of Riley's Cafe in the 2400 block of Avenue S, pleaded guilty to three counts of illegal liquor sale. His wife pleaded guilty to one charge. Riley has previously been convicted on similar charges five times, according to the court docket.

Fred Hoyt Eagleston, 65, former operator of the Hut Drive Inn on East Highway and present operator of a newly opened restaurant next door, was fined on three counts of illegal sale, bringing the total number of convictions for him to nine.

Pleading guilty to five charges of illegal liquor sale was Robert Crammer Rowan, 36, a cook at Riley's Cafe.

Roy Jenkins, 34, employed by Eagleston, was fined on one count of illegal liquor possession. He had been convicted on three previous charges.

Jimmie Elton of McGill's Cafe was fined on three counts of selling whisky. The sheriff's department said today he had not yet been apprehended, but the court docket listed his plea as guilty by an attorney.

Brochure Get Approval Here

Brochures of Snyder were approved yesterday at a Chamber of Commerce publicity committee meeting, Harry Holbrook, committee chairman, said.

The brochures should be back from the printers in three or four weeks, Holbrook stated. They will be mailed out to local merchants, travel agencies, oil companies, railroads and buslines. They will also be available at the chamber office.

The three - color brochures contain statistical data of Snyder and Scurry County. Pictures of the new school buildings, churches, oil refineries are included as is a complete history of Snyder and views of the prospective future, Holbrook said.

I got Conoco's NEW 1-2-3
"50,000 Miles No Wear" Service!

Here is a proven, tested way to help *your* engine perform better, last longer, use less gasoline and oil! Simply give it Conoco's great new "50,000 Miles—No Wear" Service!

This is exactly the *same* service that kept test cars *new* in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed *no wear of any consequence:* in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the *last* 5,000 miles was actually 99.77% as good as for the *first* 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges; record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—Oil-Plate against wear.

OFF TO ORPHANAGE

The oldest smiling and the youngest a bit fearful, six of ten orphaned children from one family wave goodbye as they leave Claremont, N. H., for the orphanage maintained by the Loyal Order of the Moose at Mooseheart, Ill. Their parents, Mr. and Mrs. Edward J. LaRoche, both died of natural causes in the past year. Omar Landry, the children's uncle (left) adopted the youngest child (not shown) and accompanied the group to Mooseheart. Three older brothers now in high school are staying with Claremont friends. Children waving goodbye to Vernon Whitcomb (right), local Moose governor are (l. to r.) front: Charles, 7; Dorothy, 10, and Annette, 5. Rear: Robert, 12; Louis, 13; and Arthur 11.

TALK OF THE TOWN

By SUE HOLMES

Mrs. J. M. BOOTHE, Sr. writes from San Angelo where she is living:

"In a small town there was a great commotion. A wire had fallen across the street and was holding up traffic. It was 'live.' The editor of the local paper acted promptly.

" 'Send down two reporters,' he ordered. 'One to touch the wire and the other to write the story.' "

Mr. and Mrs. Boothe are former Snyder residents.

* * *

Mrs. S. C. LESLIE was a visitor last week in the home of her husband's mother and sister, Mrs. A. C. LESLIE and Miss THELMA LESLIE, 2711 Avenue W. She was en route from Charleston, S. C., to Manila, P. I., where her husband, a commander in the Navy is stationed. Having lived in almost every state in the union during her husband's 11 years in the Navy, the visitor was preparing for her first trip overseas. She had been told the weather stays about 82 degrees and was getting together summer clothes for the Philippine climate. Commander Leslie has been in Manila about two months where he is a civil engineer.

I would like to make a quantity of cookies for a party and need a recipe which isn't too complicated. Mrs. R.

This recipe for Chocolate Speckle Cookies makes 10 dozen. Sift together and set aside: 1½ cups sifted flour, 1 cup sugar, ½ teaspoon soda, 1 teaspoon salt, ¾ teaspoon nutmeg and ¾ teaspoon cinnamon.

Combine and beat well ½ cup shortening; 1 egg, ½ cup peanut butter, ½ cup water.

Add and mix well: ½ cup rolled oats, flour mixture, ½ cup shopped nutmeats, 1 cup semi-sweet chocolate morsels finely chopped.

Form into a 2 inch roll. Chill. Cut in ⅛ inch slices. Place on ungreased cookie sheet and bake 12 minutes at 375 degrees F.

Mr. and Mrs. F. E. Harris Married In Home Ceremony

Mr. and Mrs. F. E. Harris

Mr. and Mrs. Francois Ellis Harris are at home at 3101 Avenue Y following their marriage at the home of the bride's mother, Mrs. Myrtle Pieper, 2410 Thirty - second Street.

Mrs. Harris is the former Miss Jewell Pieper. Parents of the bride groom are Mr. and Mrs. R. E. Harris of Merkel.

The Rev. W. W. Adcock, pastor of the First Methodist Church, read the double ring ceremony Sept. 6 before an arch covered with fern and white asters. Candelabra completed the setting. The immediate families and friends were present.

Given in marriage by her brother, Arthur Lee Pieper, of Loraine, the bride wore a rose taffeta street-length dress. Her accessories were navy and she carried a white Bible topped with a white orchid. A rhinestone pin belonging to her mother completed the bridal attire.

Mrs. Travis Pieper of Midland, sister-in-law of the bride, was matron of honor. She wore a navy dress with white accessories and a corsage of white gladioli.

Fred Neuberger served as best man.

Gayrene Cummings, niece of the bride, and Patsy Harris, daughter of the bridegroom, were candle lighters.

At the reception immediately following the ceremony, Mrs. Neuberger served punch and Mrs. G. N. Cummings, sister of the bride, presided at the two-tiered cake. The bride's table was covered with a white linen cloth and centered with an arrangement of rose and orchid asters.

Following the reception, the couple left on a wedding trip to Carlsbad N. M.

Out-of-town guests included the following brothers of the bride and their families: Sgt. and Mrs. Carl E. Pieper and family, San Angelo; Mr. and Mrs. Travis Pieper, Midland; Mr. and Mrs. Arthur Lee Pieper, Loraine and Mr. and Mrs. Delmon Pieper, Roscoe. The bridegroom's parents and brother, Danny Bruce Harris, were also present.

Mrs. Harris is a May graduate of Snyder High School. Her husband was graduated from Merkel High School and attended Texas Tech. Both Mr. and Mrs. Harris are employed at C. R. Anthony and Co., where he is assistant manager.

Niedeckens To Observe Anniversary

Mr. and Mrs. H. G. Niedecken, 505 Nineteenth Street, will hold open house from 3 - 6 o'clock Sunday afternoon in observance of their fiftieth wedding anniversary. Friends have been asked to call.

Assisting in the observance will be the couple's daughters who are as follows: Mrs. Marshall Martin, Levelland; Mrs. Ray Reeder, Shamrock; Mrs. Robert Hayes, Corpus Christi; Mrs. G. A. Davis, Midland; Mrs. Eugene Pogue, Duncan, Okla., and Mrs. A. E. Vernon, Snyder.

EVENTS OF THE WEEK

Glenn Ford Recovering At Home After Accident

HOLLYWOOD (AP) — Actor Glenn Ford is recovering at home today from three broken ribs and lacerations suffered Monday in a movie scene riding accident.

Ford, 35, left a hospital yesterday. Examination showed no internal injuries, as first feared.

The actor's horse balked and threw him into a tree while he was chasing the villain in a scene for a Western film.

Rush Season Discussed At BSP Sorority

Plans for rush season in October were discussed when Beta Sigma Phi members met at Mrs. Jack Sparks' home Monday night.

A party for rushees has been set for Sept. 9 at the home of Mrs. Arel Faver.

Ten members, including one new member, Mrs. Virginia Hooper, were present.

Senator Morse Still Favors Ike As Winner

WASHINGTON (AP) — Sen. Wayne Morse predicted today that Gen. Dwight D. Eisenhower will win the presidential election even though Morse and other independent Republicans take no active part in the campaign.

"As of now, Eisenhower is the preferable candidate," Morse said, adding that the general's speech today before the American Federation of Labor Convention in New York may influence many voters.

Morse accepted a belated invitation to address the AFL tomorrow after he delivered a blast last week end at the harmony meeting between Eisenhower and Sen. Robert A. Taft of Ohio.

PERSONALS

Mr. and Mrs. T. J. Sterling, 2511 Thirtieth Street, have had their grand daughter, Susie Sterling, of Brownfield visiting them. They took her home Sunday and visited their son and daughter-in-law, Mr. and Mrs. Curtis J. Sterling.

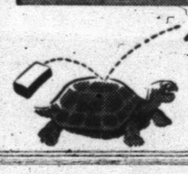

Mr. and Mrs. N. N. Rodgers and daughter, Nonnie, 2811 Avenue T, were in Lubbock Saturday.

Week-end visitors from Levelland were Mr. and Mrs. M. O. Berryhill and daughter, Lafon. They were guests in the homes of their son, I. B. Berryhill, 901 Avenue J; a daughter, Mrs. Wayne Gladson, 3005 Thirty-eighth Street; and Mrs. Berryhill's sisters, Mrs. J. J. Dyer, 3608 Avenue U and Mrs. Fred Miller, west of town.

Out For Milk Bottle

CAMBRIDGE, Mass., (AP)—Sixteen years ago John MacDonald went out for a quart of milk and never returned home.

On that testimony, his wife Mary was granted a divorce yesterday by Probate Court Judge Frederick V. McMeniman.

An Extra Measure of Protection!

With Phillips 66 Heavy Duty Premium Motor Oil you get a "safety-margin." It actually *surpasses* highest recommendations of manufacturers for all makes of cars! Gives you outstanding wear protection combined with really effective cleaning action! That's why you can depend on this great oil to do a good job under conditions more extreme than your motor is ever likely to face!

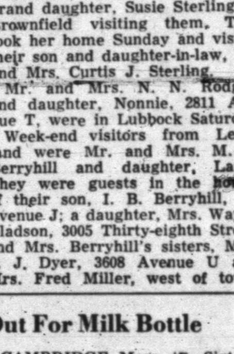

Surpasses Highest Recommendations of U.S. Car Makers!

Guaranteed to Satisfy!

When you refill with Phillips 66 Heavy Duty Premium Motor Oil you get a printed guarantee of satisfaction! Use this great oil for ten days, or up to 1,000 miles . . . *and if you aren't completely satisfied . . .* go to any Phillips 66 Dealer and he will refill your car's crankcase with *any other* available oil you want, at Phillips expense!

How does Phillips dare make such a guarantee? Because Phillips 66 Heavy Duty Premium Motor Oil is so good it actually *surpasses* manufacturers' recommendations for all makes of cars! Get Phillips 66 Heavy Duty Premium Motor Oil. It's *guaranteed* to satisfy you!

Enrollment In School Still Below 1951

Snyder school enrollment has reached 3,064 which is 43 under last year's September enrollment of 3,307.

The actual enrollment is still 794 under the scholastic enrollment, that is, the children who are of school age. However, scholastic enrollment catches persons who are just temporarily here, said M. E. Stanfield, asistant superintendent.

"Although the total enrollment is about 200 off my expectations at the first of the year a decreasing enrollment is a trend pretty well over all West Texas," he said. "We don't normally reach our maximum enrollment until November or early December when I estimate we will have somewhere from 3,200 to 3,250 students enrolled, he added. Thirty - five students have enrolled since the first day of school.

A breakdown of the enrollment figure shows that 66 students are enrolled in the Lincoln Elementary school; 626, High School; 511 Junior High; 364 North Elementary; 469 West Elementary; 300, Central Primary; 317, Central Elementary; 406 East Elementary, and 6 in the school for exceptional students.

Smaller Cities Advance With Manager Plan

By RICHARD S. CHILDS
Chairman of the Council, National Municipal League

Some of the savings and economies in the smaller cities which have the Council-Manager plan of municipal government are so startling and the plan has proved to work so well over so many years, that in most cities a return to the old political methods is unthinkable.

Here are samples:

Sumter, S.C. (pop. 15,874) was the first community in the world to adopt the Council - Manager plan. That was in 1912. Sumter's first city manager, a young engineer from out of town, saved his salary promptly in economies and tightened up amateur practices by full-time oversight. The city now considers its government has remained good for 36 years, with efficient departments and the lowest tax levy of any city of its size in the state.

City Takes Over a Bank

Hackensack, N.J., (24,568) was never taken over by the banks. Instead, under city manager auspices, it took over a bank building and made it into a magnificent city hall. The building and cost $50,000 but the city bought it, furnished, from the bankrupt title company for $89,000 in cash.

Prior to 1933, when the city manager form of government took effect, Hackensack bonds had been offered at 58 with no takers. After five years of the new regime the city was on a cash basis without any boost in the tax rate.

East Cleveland, Ohio, (39,495) adopted the Council-Manager plan in 1918. Twenty-five years later its debt was down 83 per cent from a high point of $3,079,008 to $529,609. Since then it has touched zero. Candidates for re-election to the council recently went in without opposition for two terms in succession and the city manager, already in office 20 years, seemed acceptable for another 20.

Petersburg, Va. 30,631 recently moved its government into the first city hall it ever owned. Led by an able city manager and intelligently - elected council, the distinguished old city has solved many of its financial problems. Tax collections were improved by accepting taxes on a quarterly basis, businesslike methods resulted in a large increase in payment of delinquent taxes, depression - cut public salaries were restored, money was found for new schools and extensive resurfacing of the community's principal thoroughfares. And taxes were reduced.

Boom Town Story

Lubbock, Texas, (40,000) is a boom town with a population increase of 887 per cent (from 4,051) during the first 5 years of Council Manager government. The tax rate is the 25th year was 0.45, the lowest in the state, the next lowest being .56 and the highest 1.01. Lubbock's municipal light plant became known for the lowest household rate in Texas for cities of its size.

From Rhinelander, Wis., (8,501) the Chamber of Commerce reports in 1948 after 21 years of Council-Manager government:

"Rhinelander was in a bad way financially in 1926 with a tax rate of $43 per $1,000, the legal limit; the city had a floating debt of $216,200, no cash on hand, and no credit. Today it has a cash surplus of $30,000, excellent credit and the tax rate has been gradually reduced to $33 per $1,000."

Next: What Saginaw accomplished. For full information about the Council-Manager plan, write the National Municipal League, 299 Broadway, New York 7, N.Y.

30 Cars Hay Ordered Here

Farmers and ranchers ordered 60 tons of hay through the Production and Marketing Administration office yesterday, according to Irelan Finley, PMA officer.

The hay orders have increased over the last two days, and the total now stands at 586 tons ordered by the farmers. The PMA office ordered three carloads yesterday bringing the total to 30 cars, Finley said.

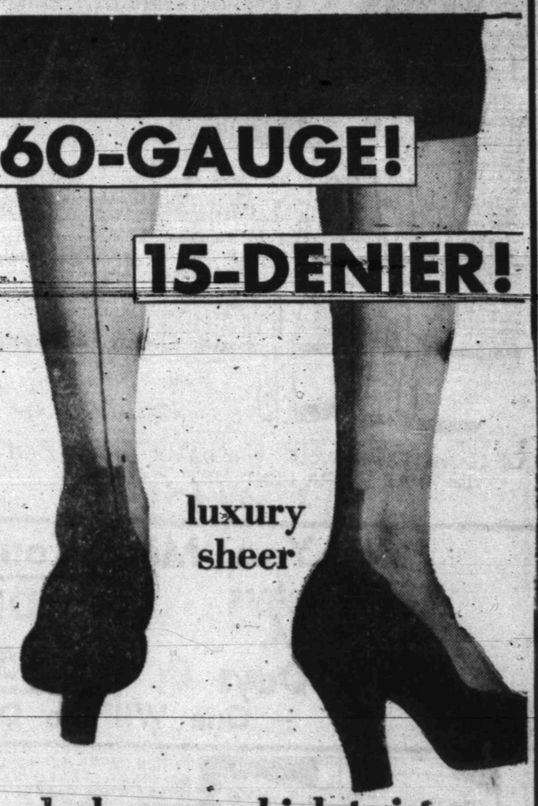

The office has received no word yet concerning the arrival of the hay, according to Finley.

Halley's comet on its last visit was under observation by astronomers from September, 1909, to July, 1911.

The planet Neptune cannot be seen with the naked eye.

HOMER HOOPEE

THE ADVENTURES OF PATSY

RIDING SHOTGUN ON FISH

While his sister, Florence Chadwick, (in water) trains in the ocean near Santa Monica, Calif., for her second attempt to span the Catalina Channel Sept. 20, Richard Chadwick (with rifle) "rides shotgun" for protection against denizens of the deep. On her previous swim she was threatened by sharks, barracuda, flying fish, porpoises and even whales. Marian Wilcox watches from stern while Myron Cox, chief lifeguard for City of Los Angeles, rows.

Gamble On Rookie Pitcher Is Almost Fatal For New York

"I just gambled and lost, that's all."

The quotes are those of Manager Leo Durocher, who yesterday astounded the experts, fans, opposition and his own players by pinning the New York Giants' pennant hopes on the shoulders of a pitching neophite who had never hurled an inning of big league ball.

The youngster is 25-year-old Jack Harshman, a former first-base flop, who turned to minor league pitching last spring and was brought up to the Giants day before yesterday after a 7-7 record with Minneapolis of the American Association.

Harshman walked to the mound under his own power but collapsed quickly and the Chicago Cubs, behind Warren Hacker, breezed to a 9-0 victory. The defeat was the more bitter because it was followed by Brooklyn's 4-2 triumph over Pittsburgh that boosted the Dodgers' National League lead over the Giants to four games with only 10 to go for each side.

"I had to go with Harshman. Who else did I have? The others are all overworked," Durocher said.

Harshman couldn't escape an inning without being scored upon and was derricked in the third inning, which ended with the Cubs enjoying a 6-0 lead.

The Giant players, who raised their eyebrows questioningly when they learned of Durocher's plans, didn't help the cause much, either, by eking out a meager three widely scattered hits off the Cub knuckleballer.

Heartened by the Giants' loss, the Brooks stepped out in the evening and knocked off the Pirates with the help of home runs by Gil Hodges and Duke Snider. Gil hammered his 32nd off loser Murry Dickson. Snider hit his 20th of the year in the fourth.

It took a sterling relief job by rookie Jim Hughes and another by Joe Black to preserve the Brooks' lead. Hughes, recently brought up from Montreal, relieved starter Billy Loes with the bases loaded and nobody out in the fourth and retired the Pirates without permitting a run.

The Bucs finally scored on the 28-year-old righthander in the ninth and had two on and the tying runs on the bases when Black sauntered in and fanned Frank Thomas for the third out.

Cleveland remained stationary in its pursuit of the American League-leading New York Yankees despite their 10-inning 4-3 triumph over the Washington Senators. The Yankees maintained their 2½-game margin—with 10 to go—when rookie southpaw Bill Miller twirled a three hit 7-0 shutout over the Detroit Tigers. Joe Collins and Hank Bauer homered to hand Art Houtteman his 19th loss. It was the Yankees' fifth straight win.

Mike Garcia kept the Indians in the running, spinning a 10-hitter for his 21st triumph against 10 defeats.

The St. Louis Cardinals advanced to within 3½ games of the second-place Giants, sweeping a twi-night twin-bill from Boston's Braves, 8-6 and 5-1. The Redbirds smashed six homers, two by Solly Hemus as Stu Miller and Harry Brecheen were credited with victories over Warren Spahn and Ernie Johnson.

Robin Roberts became the first National League pitcher since 1939 to reach 25 victories when he pitched the Philadelphia Phillies to a 4-2 triumph over the Cincinnati Reds.

Chicago's White Sox protected their third-place position in the American League, dividing a doubleheader with the Philadelphia A's. Dave Philley's homer and Harry Byrd's seven-hit pitching won the opener for the A's. An 11-hit attack helped the Sox take the nightcap, 7-1.

Rookie Jim Dyck blasted a pair of homers for the St. Louis Browns but it could not overcome an early seven-run lead piled up by the Boston Red Sox, who won, 11-7, to take fifth place from the Senators.

Greatest Explosion In History May Go Off

CHAPEL HILL, N. C. (AP)—The greatest explosion in history may take place at the Eniwetok atomic weapons tests this fall, according to Rep. Carl Durham (D-NC), acting chairman of the Joint Congressional Atomic Energy Committee.

In an interview with the Durham Herald yesterday, Durham declined to say whether the tests would involve the first hydrogen bomb.

He said that if the tests are successful, "there'll be an explosion greater than has ever been set off before. It will open up the gravest era in the history of the world."

OPEN SEASON

By DALE WALTON

The Snyder Tigers left at 1 o'clock this afternoon for their trip to Fort Worth, where they will spend tonight and go onto the field tomorrow night to meet the North side Steers.

They will check in at the Loring Hotel in Fort Worth, where they will stay tonight and tomorrow night.

The game is to be played at Farrington Field in West Fort Worth near the Will Rogers Colliseum.

• • •

Seems that once the Tigers score a touchdown in a game this year, they don't have to worry too much about the extra point.

Royce Pierce, 160-pound guard, has solved the problem for the squad by making good kicks.

In last Friday's game with Thomas Jefferson, Pierce booted all three of the extra point tries, and they were all good.

Speedy Moffett, head coach, said no one, including Pierce, knew last week that Pierec had such a good toe until the coaches began to look around for someone to kick points. They tried several boys, and Pierce gave up after a few tries, but he was encouraged. It resulted in his perfect record in the first game. Moffett said a couple other boys also look good on the extra point booting, Guard Steven Blair and Tackle Frankie Minton.

Last year, only one extra point was scored by the Tigers, and Pierce made that kick.

• • •

"All during the summer," Moffett said to the Quarterback Club last night "people asked me why we loaded the schedule with so many rough teams like Thomas Jefferson. Now, after the team has beat Jefferson, they are asking why we padded the schedule with such easy games."

• • •

W. G. Birt, huge former footballer from Snyder High School, was listed among the 45 boys on the McMurry Indian football roster.

Before his graduation from the school last spring, Birt was named all-district center in basketball made the honorable mention list as a tackle in football, and broke a district record in the shot put.

Birt is a tackle for the Indians.

• • •

General admission tickets for the Tigers' game tomorrow night will be on sale in the office of T. D. Wiman, Jr., high school principal, until about 11 o'clock tomorrow morning. They are 60 cents for adults and 40 cents for students.

Ice Cream Store Is Coming Out On Short End Of Payment Deal

RICHMOND, Va. (AP)—C. G. Winston helped catch a holdup man at a High's ice cream store here just 21 days ago.

The company, as a reward, promised that for a whole year Winston's three sons—Kenneth, 5; Stephen, 7; and C. G. Jr., 8—could have all the ice cream they wanted —free.

With many more days of free dessert to go, the Winston boys have consumed 2,197 ice cream cones. Unfortunately for the company they live only 92 paces away.

Total cost of the free ice cream to date—$203. Total the thief would have gotten away with if Winston hadn't nabbed him—$40.

Coach Jim Tatum Blasts AP For Quoting Him In Conference

NEW YORK, Sept. 17 (AP)—Coach Jim Tatum of the University of Maryland has circulated a letter, throughout the Southern Conference disavowing a statement he made at a press conference in Fort Worth, Texas, Aug. 4, and attacking the integrtiy of an Associated Press reporter and of the United Press.

Tatum intimated at the press conference that Maryland, which was barred from Southern Conference football games this fall for accepting an invitation to the Sugar Bowl, would accept another bid if tendered despite conference disapproval.

"This is absolutely not my feeling nor is it anyone's feeling at the University of Maryland," Tatum said in his letter.

Tatum termed Harold V. Ratliff of the Dallas AP bureau, who wrote the AP story of the press conference, "an unscrupulous member of the press." He declared that the United Press "picked the story up from the Associated Press which came in this area."

Ted Smits, general sports editor of the Associated Press, declared: "Ratliff is an experienced reporter in whom we have absolute confidence. Others present at the press conference corroborate that his story was a fair and accurate account of the proceedings and and we are standing on it."

Leo H. Petersen, sports editor of the United Press said Tatum's letter as it concerned the United Press was "ridiculous."

"Ed Fite, our Southwest division sports editor, covered the press conference," Petersen added, "and he quoted Tatum in the same manner as Ratliff. There is no question but what the stories written by Fite and Ratliff were factual and accurate accounts of the press conference."

The AP story of the press conference quoted Tatum as saying "they'll probably suspend us again" in the event of a bowl invitation was accepted, and the UP story said Tatum declared "my guess is that the administration would act just as it did last year."

Graziano And Davey Tonight

CHICAGO (AP) — With a welterweight title shot already promised, scholarly Chuck Davey will only risk getting his feelings hurt and his undefeated ring record shattered tonight against rough-and-ready Rocky Graziano, ex-middleweight champion.

Eager to prove he is not over the hill, the 30-year-old Graziano says confidently that he will win the scheduled 10 rounder in Chicago Stadium with a knockout. Sharpies will lay 9 to 5 odds that he's right.

Davey, holder of a Michigan State masters degree in education, thinks his speed and unorthodox southpaw style will keep Graziano combing nothing but air.

A ringside crowd of about 12,000, contributing to an estimated gate of $65,000 to $75,000 and a nation wide television audience are likely to see something like this:

Graziano, expected by fight time of 9 p. m. EST to outweigh his opponent 162 pounds to 149, trying to use this advantage in bull-like rushes, maintaining incessant pressure for the only logic he knows, complete annihilation.

Davey 26, feinting him off balance, timing his blows to meet him coming in and then dancing back in his perpetual jogging motion.

Davey, in his brief spectacular career, has won 34 fights, had two draws and has never been off his feet. He has used systematic punches, instead of one big one, to keep 23 of his foes from going the route.

The home run punch is Graziano's trademark. He will absorb a lot of punishment, like he did in three brutal scraps with Tony Zale, to get his one big punch across.

Realignment Of Minors Not Possible in 53

ABILENE, Sept. 17 (AP)—Realignment of minor league baseball in the Southwest, involving the Class C Longhorn and West Texas-New Mexico Leagues, appears to be definitely out of the picture for 1953, President Hal Sayles of the Longhorn League disclosed here today.

Although official action will not take place until the annual Longhorn League meeting at Odessa on Sept. 28, a decision by Roswell officials to continue in the Longhorn loop has thrown a key block into tentative changes set up at the minors conference here two weeks ago which put the New Mexico club into the WT-NM loop, opening up a transfer of other clubs in the two leagues.

Roswell Business Manager Louis Bagwell notified Sayles Tuesday that the board of directors had voted to remain in the Longhorn League for the coming year, pointing out that the club could not afford to pass up the hot rivalries that exist between Roswell and Artesia and Carlsbad in the league.

Carlsbad recently took over the Vernon franchise, throwing the New Mexico clubs into a desirable position.

Thus with Roswell staying in the Longhorn League, there is no place for any changes, since all eight franchise plan to operate next year.

There is only one other possible change. Sweetwater is not set as to location, but will continue the franchise.

The Hague Convention, dealing with prisoners of war, was drawn up in 1899.

Marciano Good About Training Has Shown Much Improvement

GROSSINGER, N. Y. (AP)—Charlie Golman, the gnome-like little man who trains Rocky Marciano, was holding forth on his favorite topic while the heavyweight challenger took a sound afternoon snooze in the room above.

"He not only was crude when I first saw him in 1948," Goldman recalled, "but he also was about the rawest fighter I ever had laid my eyes on. He was old to be starting out on a professional career, too—nearly 24 he was at that time.

"But I saw that Rocky could punch and that he had a fine body for taking punches. He was an awful slow puncher, though, and about all he had was a big, looping right. He's much faster now and he punches a lot shorter, but he still throws the looper now and then and it's all right with me. I told him as long as he gets results, that's all I want.

"Well, what Rocky lacked in experience he made up in being cooperative. He's the most co-operative fighter I ever trained or ever heard about. He wanted to learn and he wanted to work. He had never had more than $20 in his pocket at one time in his life. Any time he had more than that, it went to help support his family.

"Rocky must be something like this golfer Ben Hogan. I read how Hogan will shoot a fine score and then go out and practice for a couple or hours. Rocky's exactly that way. If I should get him on the phone the morning after he wins the championship from Joe Walcott and tell him something's on fire and I want him to start in training again, he would just say, 'Okay, Charlie,' and he would be there.

"It's the honest truth, he even sneaked off and trained some on his honeymoon. Sometimes he sneaks off on me. After a real hard workout he'll finish eating and tell me he thinks he'll go out for a little walk. I find out later he did eight or 10 miles."

Course In Puttering Around House Given

RICHMOND, Va. (AP)—Richmond Professional Institute is offering a course this year in "puttering."

A part of RPI's adult education program, it's intended to teach men and women how to putter around the house to better effect.

Among other things, the course includes basic fundamentals of electricity, plumbing, woodworking, use of tools, minor home repairs—and how to stay within the family budget.

Here are the STRAIGHT SOLID FACTS that lead thousands to better truck buys!

Veterans of the trucking business buy on cold, hard facts. They buy for good, solid, levelheaded reasons. And more and more of them buy Chevrolet trucks. As a matter of fact, *they buy more Chevrolet trucks than any other make.*

Here's why. Chevrolet trucks are *factory-matched* to your job. Tires, frame, axles, springs, engine, transmission, brakes. All are right on the job—and right for the job. All are matched to the job, to get work done fast and efficiently—*at the lowest possible cost to you!*

They cost less to buy, own, and operate. And Chevrolet's dependable valve-in-head engines hold fuel costs down, but deliver all the power you need when you need it.

Come in and let's talk it over. Let us show you how great these Chevrolet trucks really are.

Fact No. 1
Costs Less to Buy
Chevrolet trucks list for less than comparable models of other makes. As the world's largest manufacturer of trucks, Chevrolet can make important production economies that mean *substantial savings to you!*

Fact No. 2
Rock-bottom operation and upkeep
Hundreds of thousands of truck users have proved that Chevrolet costs the least of all to own and maintain. Valve-in-Head economy saves on gas. 4-way engine lubrication keeps oil costs low.

Fact No. 3
On-the-job efficiency saves money
Proved features cut operating and maintenance costs. Valve-in-Head economy, 4-way Lubrication reduces engine wear, Hypoid rear axles, and Flexi-Mounted cabs, Ball-Gear Steering, Synchro-Mesh Transmission.

Fact No. 4
Keeps its value longer
Chevrolet trucks keep their value longer to bring you traditionally higher value. That means savings at trade-in time. And it puts a clincher on Chevrolet's extra value and ruggedness.

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Small Daily Editors Indicate They Favor Ike In Election

In a poll taken by Publisher's Auxiliary among small Texas daily newspapers asking for whom they thought their readers would vote, the majority named Eisenhower.

Of the 25 dailies that replied 52 per cent said their readers were for Eisenhower, 40 per cent for Stevenson and 8 per cent were undecided. Among the daily editors quiered over the nation 65 per cent said their readers were for the Republican nominee, 23 per cent for Stevenson and 12 per cent didn't know.

All the editors, personally, were overwhelming in favor of Eisenhower. Sixty-four per cent of the Texas editors said they would east their ballots for the Republican, 20 per cent for Adlai, 16 per cent are still undecided.

Over the nations 70 per cent said they would vote a Republican ballot, 23 per cent will go Democratic and 7 per cent can't be definite.

Twenty - eight per cent of the Texas editors maintained they will not use their papers to support their favored nominee. Thirty - six per cent who support Eisenhower will use their influencee as will 12 per cent for the Democrats favorite. Twenty-four per cent are still indefinite.

Of the nation's editors, 56 per cent said they would boost Eisenhower; 13 per cent will stand for Stevenson, and 11 per cent wouldn't make a decision. Twenty per cent said their papers wouldn't support anybody.

BEATTY AND ONE OF HIS PETS

Clyde eBatty, who will bring his circus to Snyder tomorrow, uses his customary whip and kitchen chair as he teaches Ceasar, a black-maned Nubian lion. Caesar forgot his lesson several weeks and during a performance at Portland, Ore., clawed Beatty on the leg, sending him to the hospital with a gash that required 18 stitches to be close.

Cigarette And Beer Interests Before Panel

WASHINGTON (AP)—Rep. Harris (D-Ark) said today that representatives of leading beer and cigarette advertisers will be called before a congressional committee to explain their radio-television promotion techniques.

Harris heads an interstate subcommittee which is exploring "objectionable programs" on the air. Open hearings continued today with radio-TV industry spokesmen testifying.

The congressman told newsmen his group would study "misleading" advertising, as well as entertainment programs featuring crime or immorality. The purpose is to determine whether legislative controls are needed.

The majority of several hundred complaints which he has received, Harris said, objected to advertising beer over the air. Others protested cigarette advertising.

Harris added that these complaints outweighed protests over crime stories or off-color jokes.

Harris said during yesterday's hearing the commitee was particularly interested in exploring cigarette advertising which involved the "impersonation of physicians," the use of screen stars to popularize certain brands, and techniques "related to public health."

The advertisers, he said, also will be asked whether they determine the subject matter of their programs and whether they prevent local stations from cutting off those they find objectionable.

Ralph W. Hardy of the National Association of Radio and Television Broadcasters, testified yesterday that local stations exercise complete autonomy in determining what network programs they broadcast.

He also said the industry believes that advertising which conforms to regulations of the Federal Trade Commission and is in "good taste" should be permitted. Hardy said the best way to control objectionable programs is to turn the dial.

"This is no solution," Harris told reporters, "because radio and TV are now a part of every American home."

Another NARTB official, Thad H. Brown Jr., showed the committee a copy of a relatively new television code [illegible], he said, the industry hopes to exercise self-control.

Ginny Simms Moves Away From New Hubby

BEVERLY HILLS, Calif. (AP) — Singer Ginny Simms says "there is nothing serious about this", but she and her husband, oilman Bob Calhoun, have separated.

It's a temporary arrangement, she told a reporter last night, explaining, "We are just trying to be adult and work out our problems."

Miss Simms, 34, and Calhoun, 33, were married last June in Las Vegas, Nev. She and Hyatt R. Dehn, 40, were divorced in March, 1951.

She and her sons by Dehn, David, 6, and Conrad, 2, are living now in a leased house while Calhoun remains in their own home.

New Egypt Government Dickering In Sudan

CAIRO, Egypt (AP)—Premier Maj. Gen. Mohammed Naguib's Cabinet will tackle "important foreign policy matters" at a meeting Sept. 22 State Minister Dathy Radwan told newsmen today.

Radwan did not elaborate but reliable sources said Naguib was devoting particular attention to the neighboring Sudan.

The Sudan is administered jointly by Egypt and Britain but Egypt claims it. Informants said Naguib may ask Britain to postpone Sudanese elections scheduled to be held in the Upper Nile territory in October.

Nurseryman Urges Conditioning Of Soil At This Time Of Year

The big problem at this time in home gardening is to conserve the plants we already have, according to Roland Bell, Jr., a Snyder nurseryman.

"Our plants don't look as good as they did two years ago due to the dryness of the air," Bell explained. The edges of the leaves can't grow in the hot air as they do on a cloudy humid day. Energy that previously went into flowers is being used in more essential places," he said.

"As long as these droughty conditions continue to exist all the shade trees and shrubs that are in the curbs all over town should have a basin put around them that will catch the winter water," Roland said. These containers should be large enough to hold a barrel (55 gallons) of water at one time.

Lawns should be watered well at least once monthly. Bell recommends leaving the sprinkler in the same spot for two hours until the entire yard is covered then starting over again.

Now is also the time to begin preparing beds for the winter with manure mulch worked into the soil, he said. About two or three inches should be used so as to conserve the moisture for the next year's growth. The mulch may be composed of leaves, straw, peat moss or even just working the ground into a mulch, but Bell says he favors "cow manure for it's mulching qualities and long range feeding ability."

Either organic or chemical fertilizer may be used, but Bell maintains that it is better to use both. "The organic is valuable to conserve moisture. The chemical fertilizer, preferably Vigoro, is used to augment this long range program," he said.

When applying the fertilizers the turf should be completely dry. After fertilizing immediately wash the leaves and water thoroughly Bell advised.

Hyacinths, daffodils and tulips should be on the market within the next two weeks as well as evergreens and rose bushes, Bell stated. "Northern magazines advocate planting in the fall which means August or September to and November and December to us," he stated.

Home gardeners should plan to prune any flowering shrubs before the first freeze, but under no conditions should do any trimming after a freeze, according to Bell. Trees and evergreens may be trimmed any time of the year and should most certainly be trimmed at least once a year, he said. Roses shouldn't be pruned until in February when they should be cut to within 12 inches of the ground, he stated.

After frost dirt should be banked about four inches deep over cannas, elephant ears and dahlias which might be hurt by a deep dreeze. If the home gardener prefers to dig his bulbs Bell cautions that the plants should either be left in the ground until the leaves dry out and drop off, or the leaves should be pulled off otherwise, the result would be a dehydrated bulb, he said.

Ooh La La, Checks Are Bouncy In America

DAYTON, O. (AP)—The "French war bride" explained to merchants she had been in Dayton only a few months—and she was bewildered by American currency.

Therefore, she explained, her husband had opened a checking account for her.

The merchants were entranced—so petite, so chic—and ooh la la, that accent!

Then the checks bounced. Five to them totaling $166.

Detective Sgt. G. A. Young began to "cherchez la femme"—one Marie Ann de Debareaux. Yesterday he found her. She was identified as Ilda Pearl Mole, 20, of nearby Fairborn.

Mario Lanza Being Sued By Studio After Movie Was Cancelled

HOLLYWOOD (AP)—MGM has cancelled production of "The Student Prince" stirring Mario Lanza, and says it will sue the singer for $700,000 it claims to have invested in the venture.

A spokesman said yesterday that Lanza failed to appear for the start of the film Sept. 3 and that the production was dropped the next day.

A studio statement said that Lanza, after being notified of the abandonment, requested and was granted a conference with studio officials. Lanza asked the studio to reconsider. The studio declined but suggested a later meeting. Again, the statement said, Lanza failed to make an appearance.

Mr. and Mrs. J. R. Parsons, 1209 Twenty - ninth Street, returned Sunday from Abernathy where they visited their son and daughter-in-law, Mr. and Mrs. Roy Parsons and family.

Nixons Back To Place Where They Married

RIVERSIDE, Calif. (AP) — Sen. Richard M. Nixon and his wife mixed sentiment with politics today in an interlude before tonight's start of his Pacific Coast campaign tour.

The Republican vice presidential nominee and Mrs. Nixon flew from her home town, Ely, Nev., late yesterday to Ontario, Calif., then drove here for the night.

It was 12 years ago that the Nixons were married at the Mission Inn in Riverside.

The candidate will prepare speeches today for his tour, which starts at nearby Pomona tonight and includes a whistle-stop trek through California.

Nixon told newsmen that the alliance of his presidential running mate, Gen. Dwight D. Eisenhower, and Sen. Robert A. Taft of Ohio caused no compromise of principles by either, because both reserved the right to hold their own views on certain issues.

That's a contrast, Nixon said, with the alliance of President Truman and Democratic presidential candidate Adlai E. Stevenson.

'Stevenson has taken the Truman line, hook, line and sinker," Nixon declared. "Sen. Taft realizes that the only alternative to supporting the Republican ticket is four more years of Truman with Stevenson as a fill-in."

Republican officials expect a crowd of around 15,000 tonight at Pomona. Sentiment enters here again, for it was in Pomona that Nixon launched his first campaign for Congress in 1946.

Mayor Allen C. Osborne has proclaimed this "Nixon Day." Automobile caravans from many Southern California communities are planned.

Nixon's speech tonight will be televised nationally by 32 ABC stations. It will also be on the Mutual-Don Lee radio network. It is scheduled from 8:30 to 9 p. m. (10:30 to 11 p. m., Eastern Standard Time).

Demo Finance Man

NEW YORK (AP) —Nathan Straus, president of radio station WMCA, was named deputy finance chairman of the Democratic National Committee.

The appointment of Straus, philanthropist and former New York State senator, who has held many government appointments, was announced by Finance Committee Chairman Beardsley Ruml.

Pope Talks To Brain Doctors

CASTEL GANDOLFO, Italy — (AP) Pope Pius XII says medical research must take into account the interests of the patient, the community and medical science itself before experimenting with new treatments on living persons.

The Pontiff, speaking to 300 brain and nerve surgeons attending the first International Congress of Histopathology (the medical science dealing with the tissues), outlined a moral code for doctors and medical researchers. The address was published yesterday in L'Osservatore Romano, the Vatican newspaper.

Such a code, he declared, would prevent medical science from causing damage "which could never be compensated by the good" it is attempting to do.

"It is an evident law," the Pope said, "that before applying new methods on living men, research on bodies should be performed or the method of experimenting on animal used."

He admitted however, that sometimes this is impossible. There can be cases, he added, "when a new method, still insufficiently proved, offers, with dangerous elements, appreciable chances of success. If the patient agrees, the application of this process is licit (permitted), but this cannot be made into a line of conduct for normal cases."

The Pontiff said a doctor has only so much power over his patient as the patient grants him, and the patient has no right to commit "his physical and psychical integrity in experiments or medical research when these interventions would involve through themselves or after they have been performed destructions, mutilations, wounds or serious dangers."

Briton's Defend 1st Elisabeth

LONDON (AP) — Englishmen—who like to think they are on the threshold of a new Elizabethan age —rushed into print by the scores today to defend the first queen Bess from a charge that she was "the most infamous and miserable woman in history."

The famous 16th-century queen was so described last Sunday by Msgr. Cyril Cowderoy, Roman Catholic Bishop of Southwark.

"Drunk with the blood of martyrs, the first Elizabeth dishonored the faith of the church of her fathers," Bishop Cowderoy declared. "There is no comparison with the gracious and lovely lady who now occupies the throne beyond the fact of their name."

This reference to Protestant Elizabeth's treatment of Catholics stung letter writers to London newspapers to point out that the first Elizabeth's elder and Catholic sister "Bloody" Queen Mary, was equally hard on Protestants.

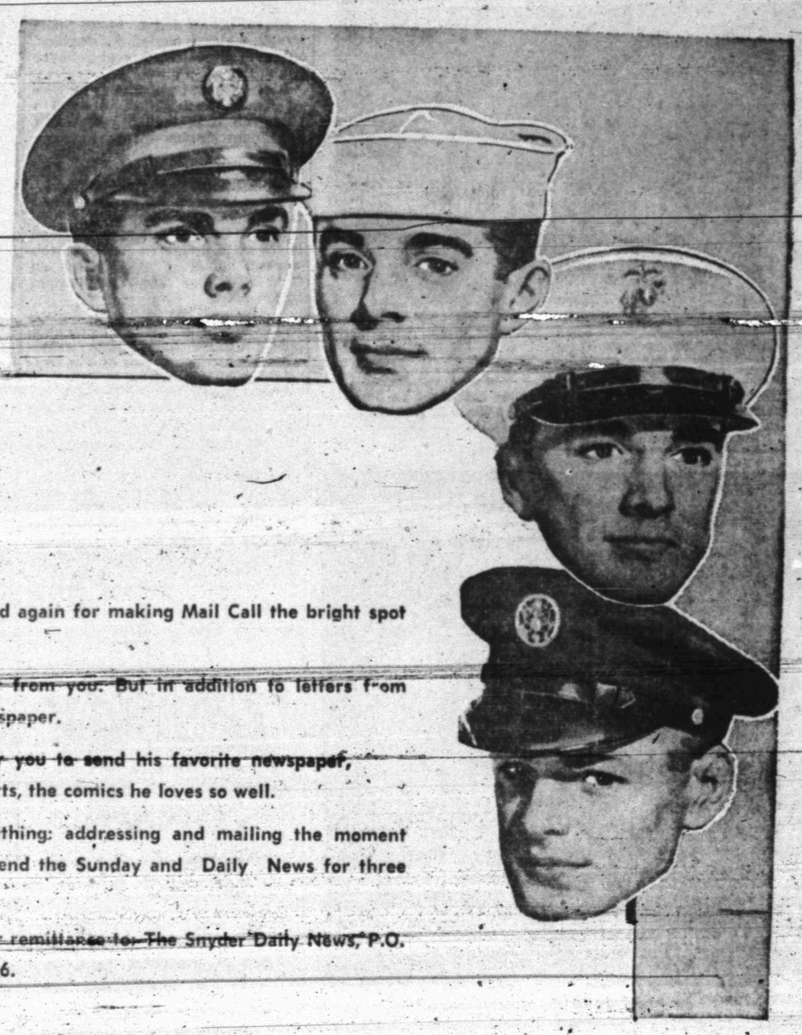

Defenders of Elizabeth I variously described her as "one of the world's most gracious rulers," "that great lady who made the Elizabethan Age the most brilliant in our history" and "one of the greatest of all English monarchs."

SNYDER, TEXAS

"THANKS, MOM!"

A LETTER FROM
THE SNYDER DAILY NEWS

To the families of men
in the Armed Forces:

That Service Man of yours will thank you again and again for making Mail Call the bright spot in his life every day.

Most of all, of course he welcomes a personal letter from you. But in addition to letters from home, every service man likes to read his daily newspaper.

That's why we have made it as easy as possible for you to send his favorite newspaper, Snyder Daily News . . . with the local features, the sports, the comics he loves so well.

You are freed of all details. We take care of everything: addressing and mailing the moment the paper comes off the presses. We are offering to send the Sunday and Daily News for three months, postage free, for $1.65.

Just fill in the coupon below, and mail it with your remittance to The Snyder Daily News, P.O. Box 497, Snyder, Texas . . . or simply call us at 3-5486.

Afternoon Daily In Houston To Publish Weekly Newspaper

HOUSTON, Sept. 17, (AP) — The Houston Chronicle, with the largest afternoon circulation in the state, has gone into the weekly newspaper field. Houstonians today will get their "Neighborhood News" sandwiched in with the regular sections of the state's biggest metropolitan newspaper.

The contents of the five area papers will be the same as a weekly at Muleshoe, Tex., or Conshohocken, Pa.—births, deaths, boy scout meetings, church socials, personals, the neighborhood news that metropolitan papers that has nourished weeklies — have foregone because of space problems and huge populations.

EAST SIDE, WEST SIDE

Houston, like Chicago, Los Angeles or St. Louis, is a town where persons from the northside seldom travel to the southside, where thousands never go downtown, but whose interests and purchases are made in community centers, where few know very many persons outside their own neighborhoods.

To give these people the news of their schools, churches and neighborhoods is the idea behind the Chronicle's venture, a venture that is estimated will cost between $250,000 and $300,000 annually.

The city has been broken into five geographical areas — southwest, northeast, northwest, southeast and south central. Each subscriber, every Wednesday, will receive in their regular home delivered edition of the Chronicle a section devoted exclusively to their areas.

AD RATES LOWER

An editorial staff of 10 for the "Neighborhood News" is directed by Leonard Oliver, former night city editor of the Chronicle. Each area has a staff man assigned to it and also a staff advertising solicitor. The ad rates for the Neighborhood News subscribers are lower than those for the regular edition.

M. E. Walter, editor of the Chronicle, and Roderick J. Watts, managing editor, had the overall direction of launching the new venture.

Once-a-week news directed at certain areas has been successful in Chicago and Los Angles, but Walter believes the Chronicle is the first to break a single city into areas and devote an entire section to that neighborhood.

The first sections were published today. One was of 12 pages and the other four were eight pages each. Each section has a circulation of about 25,000.

MORE SPACE GIVEN

"We can't run this type of home news except on a condensed basis in the regular editions," Walter explained, "and this way we'll be able to give space to every happening in those areas."

Oliver said each of the sections would have its own editorial policy.

"If West University, for instance, wants to cuss the City of Houston, and Bellaire defend it, that's okeh," Oliver said. "They're going to have independent policies, each applying to its own area."

The regular editions of the Chronicle will continue to carry neighborhood news of general interest.

Circulation of the Chronicle is 191,000 plus on week days and 214,000 on Sunday. About 90,000 subscribers—those downtown and out of the city—will never see the neighborhood news.

Europeans Mixing Economies Where They Won't Untangle

By JAMES MARLOW

WASHINGTON (AP)—If six men exchanged their blood with one another in a multiple transfusion, each of them would have a rugged time ever trying to reclaim his own red corpuscles again.

Six European nations — France, Italy, West Germany, Belgium, The Netherlands and Luxembourg —are trying to give one another a transfusion by moving toward a unity and pooling of interests from which they can't disentangle themselves.

It is a triple unity and pooling toward which they're heading: economic, military and political. After their long and bloody history this is a quiet but astonishing revolution which in the end, of course, may not succeed.

The steps they have taken, and are considering, require each of the six to yield some of its ancient sovereignty.

If what they are doing succeeds it may lead some day to a United States of Europe and include other nations.

Here, briefly, is what has been done:

Economic unity:

They have made most progress in this field. The six have approved treaties pooling their coal and steel resources, an arrangement called the Schuman plan, named for France's foreign minister who proposed it several years ago.

Military unity:

The six are members of the North Atlantic Treaty Organization, which also includes the United States, Britain, Canada and others. But they are forming inside NATO their owr organization, called the European Defense Community. This is an arrangement by which these six will pool their military resources and defenses.

EDC will come into existence when the six governments have approved their EDC treaties, maybe by the end of the year.

Political:

The six last week set up machinery to propopse plans for their federation, or further unification, which would involve pooling not only their defenses but foreign affairs, trade and finance problems. They set March 10 as the deadline for pooling their plans.

Shreveport In Texas Lead

(By The Associated Press)

Shreveport's Cinderella story in the Texas League tore a page from Oklahoma City's book on hitting Tuesday night and the Sports now own a one-game advantage in the final Shaughnessy play-off round.

A cellar club for half a season, Shreveport turned its green team into a third place finish. Now, after beating Fort Worth at its own game, pitching, in four play-off starts, the Sports are pecking at Oklahoma City's pride.

Shreveport outclassed the batting champion Indians for an 8-3 victory last night in their series opener.

The Sports doubled the Indians down.

Harry Elliott led a 14-hit Sport attack, which included six doubles, off loser Ernie Groth and reliever Jake Henson.

Back-to-back two-baggers by Chico Garcia and Elliott opened a three-run first inning off Groth. Jay Jones singled to up the score to 3-0.

Elliott's second of three doubles —he drove in four runs all told— ran the score to 4-0 in the second inning.

The Indians trimmed a 5-0 lead in the sixth inning on Joe Damato's one-run homer. Frank Kellert cut it to 5-2 with a solo round-tripper in the sixth.

Shreveport continued on Henson in the eighth to insure the victory, scoring three runs. Elliott, naturally, doubled. And two of the runs trickled home on the blow.

Fred Baczewski, who won for Shreveport, yielded to Bill Tremel and Oklahoma City got to him for two ninth-inning runs on doubles by Tommy Tatum and Ted Pawelek along with two infield outs.

Bill Greason (1-1) or Al Gerheauser (1-1) will probably start for Oklahoma City against Jim Wells (1-0) Wednesday night in the second game of the series at Shreveport.

About 1,500 species of mosquitoes are known.

OPERATION MAINBRACE LOCATION

This map shows the areas in which 160 Allied warships and supporting forces this week began 13-day war games known as "Operation Mainbrace." Naval forces (1) sailed from northern United Kingdom ports of exercises as far north as Narvik, Norway. After completing that phase, the units were to steam south (2) to join in exercises off Denmark and to protect Allied land forces (3) sailing from British ports for landings in Jutland, Denmark. Simultaneously, light forces from Denmark, Norway and Britain will hold exercises in the Kattegat and Baltic (4) under protection of submarine and coast defenses on Scandinavian shores.

Ike Tells Labor Convention He Favors Changing Taft-Hartley

NEW YORK, Sept. 17 —Gen. Dwight D. Eisenhower, in a speech before the American Federation of Labor convention, said today that he favored amending the Taft-Hartley Act and was not in favor of its repeal.

The Republican presidential candidate said he "will not support any amendments which weakened the rights of working men and women."

He added:

"In seeking amendments, I will ask the advice and suggestions of all groups—public, management and labor."

Gen. Eisenhower said his invitation to the various groups to submit suggestions was "genuine" and "made in good faith."

"It will not be one of those empty theatrical gestures so often made in recent years," the GOP candidate said.

"In my own mind I have complete confidence that this job of amending the law can be worked out so that no fair minded member of your group will consider the results unreasonable. No such legislation must ever be regarded as final and, in considering amendments to labor legislation, labor will have an equal voice. It is the American way to take what we have and constantly seek to make it better."

In outlining principles he said he considered jmportant in legislation, the general listed:

"The encouragement of collective bargaining; the right to strike; an advance notice before a strike is called; a requirement that both unions and employers live up to their contracts; the assurance that members of unions get a regular report on the organization' finances."

Gen. Eisenhower said that he was aware that the Taft-Hartley Act "might be used to break unions" and he asserted that a change should be made in that respect.

"I have talked about the Taft-Hartley Act with both labor and industry people," he said. "I know the law might be used to break unions. That must be changed. America wants no law licensing union-busting. Neither do I."

The general adde:

"I also think that since patriotic American union leaders must swear 'that they are not Communists, then the employers with whom they deal should be subject to the same requirement. I would not mind, every morning swearing an oath of loyalty to the United States of America. I would be proud every night to give my sworn oath that I am not a Communist. But I would resent doing this, and I would resent it bitterly, if I were singled out to do it because I happened to be a veteran, or someone who lived in Kansas—or if I were a labor union official."

Gen. Eisenhower paid tribute to the AFL for the "magnificent work" its members have achieved in opposing Communism.

He opened his address by telling the delegates that the free world "will be forever in your debt for your help in winning the war."

Victory, he indicated, was due to production achieved by the workers of this nation.

"Free labor," he added, "can outwork, outproduce, out-earn and out-do slave labor, whether that slave labor be located in a Nazi Germany or a Communist Russia."

He said that labor today holds an important role "in making the free world so strong of heart and sinew that aggression becomes unthinkable."

Asserting he was not appearing at the convention "to curry any special favor,' he added:

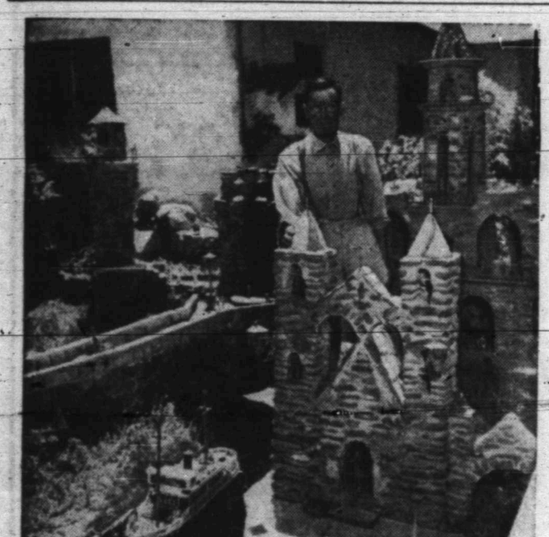

"I have not come to bid or compete for your endorsement. My views toward labor will be the same as they long have been, regardless of the action taken by the AFL at this convention in the matter of endorsing a presidential candidate. My guide in this vital matter, as in others, will always remain the same: What is good for America—all America."

Merchants Gets Funds For Xmas Decorations

Businessmen paid for 12 Christmas decoration units on the first day members of the Chamber of Commerce merchants committee solicited funds, chamber officers said today.

Approximately $1,500 came in from the businessmen in the area south of the square. The merchants committee will continue to solicit funds until Monday.
