

THE JUNCTION EAGLE

Volume 46

Junction, Kimble County, Texas, Thursday, April 10, 1930

Number 52

SCHOOL TRUSTEES FOR JUNCTION DISTRICT ARE RE-ELECTED SATURDAY

Little Theatre Presents Play to Large Audience

Last Friday evening the Junction Little Theatre presented the stage performance of the Thirteenth Chair by Bayard Veiller at the Texan Theater. Seating capacity of the building was taxed to care for the large crowd that attended.

The play was well presented and the cast and Mrs. Conde Hardeman, director, and Mrs. George Pepper, stage manager, received many words of praise from those who attended.

A complete system of modern lighting was installed for the play by Mr. V. P. Emmons, local manager of the West Texas Utilities Company. Stage furnishings were furnished by the Farmer Furniture Company.

Ushers for the evening were Misses Vivian James, Kaleta Taylor, Eloise Hardeman and Jewel Riley.

The cast included Mary Ellis Blackburn, M. C. Blackburn, Mrs. Forrest Weldon, Paialea Linn, Mrs. L. E. Standifer, Cristelle Reid, Virginia Strong, Harrie Ethel Hubbell, Walter Hill, Alton Powell, Luther Buck, Bascom Stevenson, Marvin Blackburn, Kittrell Durst and Brogan Gutrie.

In the presentation Friday evening the cast of the play revealed that Junction has much good local talent, and Mrs. Hardeman is to be congratulated in the way in which she developed the individual characters.

Yates Post Office Closed Thursday

Upon application of T. J. Lange, postmaster of the Yates postoffice, the office was closed on March 31. Junction was officially designated as the place where the patrons of the Yates postoffice would receive their mail.

Reasons for the closing of the postoffice was that the volume of business was so small a postoffice was not justified.

ROCKSPRINGS FIREMEN AGAIN DEFEAT JUNCTION

By stepping into a nine run lead in the first inning, the Rocksprings firemen base ball team paved the way for another easy victory over the Junction team. Costly errors by the Junction fire fighters practically conceded the game to Rocksprings. While Ragland, Buster and Wahl all saw service on the mound, each pitched good ball and allowed few hits.

The Junction firemen made their initial appearance in their new uniforms Sunday. Donations from the local businessmen made possible the purchase of the suits.

Coch Pete Blackburn has a lot of worries ahead of him, before the Hill Country Firemen's League swings into action May 1. His task is to shape out a team out of green material that can stand the pace of league base ball.

TRASH TRUCK

The city trash truck will make daily rounds over Junction for the next week, according to Mr. John S. Munn, city secretary. Everyone wishing to have trash hauled off place it in containers and put it near the street in a conspicuous place.

Mr. W. F. Riley attended a meeting of the Menard Wool and Mohair Commission Company which was held in Menard Tuesday.

Little Interest is Shown In Outcome of Election

With a light vote polled, the regular trustees for the Junction Independent School District were re-elected Saturday. The names of those elected and the number of votes each received is given below: L. R. Hodges, 83; C. E. Reid, 83; C. W. McCarroll, 83; Chris Schraub, 84; J. O. Wright, 84; E. R. Borden, 84; W. E. Buster, 84.

The election was held in the Chase building with Mr. John S. Munn as presiding officer, L. D. Borden was clerk. The polls opened at 8 o'clock a. m. and closed at 6 p. m.

These trustees were elected when the district was incorporated a short time ago and were re-elected at the regular election.

They will meet tonight and organize and draw for long and short terms.

Basketball Girls To Give Benefit Program

The members of the Girls' Basketball Team will give a benefit program at the High School auditorium Friday evening, April 11, at 7:45 o'clock. An interesting program has been arranged and the girls have been practicing for several days.

Admission prices will be 35, 25 and 15 cents. The program which will be presented will include: "Tommy Says Hello," a one act play; reading by Mrs. Conde Hardeman; a comedy sketch, "Please Pass the Cream" by Paialea Linn and Carleton Wright; miscellaneous program by high school Glee Club; and a one act play entitled, "Not a Man in the House."

The girls' basketball team had a good season last year and lost only one game. They deserve the support of the town and it is hoped that a large crowd will attend the program Friday evening.

O. E. S. MEMBERS ATTEND MEETING AT ROCKSPRINGS

Several members of the Junction O. E. S. attended a school of instruction at Rocksprings Friday, and Mrs. Fay Stevenson conducted the drill on secret work and the examinations. A number of Junction members were granted certificates on their work. The Rocksprings chapter served a lunch Friday noon for those attending the school.

Those attending from Junction were: Mesdames Fay Stevenson, A. W. Loeffler, Ada Dockery, Mattie Patterson, A. L. Mudge Clay Secrest, Frank Patterson, Stella Cavaness, Hyde Felps and Mr. Frank Patterson.

CLEAN UP NOW

On account of continued dry weather during the early spring months, vegetation has made little headway. Now is the time to complete the clean-up campaign. It is easy to remove all the cans, and other rubbish before the vegetation becomes rank and furnishes breeding places for mosquitoes. A combined effort on the part of everybody will clean up Junction. The P. T. A. and all civic clubs of the city are co-operating with the City Council to make Junction the cleanest little city in Texas. We have the most beautiful city and let's make it the cleanest.

BORROWS \$15 YEAR AGO; PAYS IT BACK

More than a year ago, an old man that appeared to be an octogenarian, called in the Kimble County Chamber of Commerce office and wanted to borrow \$15. His request was granted, but Chamber of Commerce officials didn't expect to get the money back too soon. In good faith, the old man gave a note on his old Ford car. Last Thursday the Chamber of Commerce received a letter from Mertzon, and the letter contained the fifteen dollars from the old man—a settlement of a just debt.

Rotarians and Lions Have Joint Meeting

With more than forty-five attending, the Junction Lions Club and Rotary Club met jointly at the Baptist Church Wednesday noon. Lion President G. H. DeLano presided at the meeting. After the luncheon Superintendent Guy C. Moses introduced George Robert Pepper, Azalee Wallace, Harrie Ethel Hubbell and Carleton Wright, who made short addresses on the principles of Rotarianism. These high school pupils were the winners in the County Interscholastic declamation contests. They were the guests of Mr. George R. Pepper.

Mrs. A. W. Loeffler had a short and interesting program arranged for the meeting. Little Edwin Lowgren and Janice Loeffler gave three recitations, each of which were well delivered. They are only five years old and their speeches were well prepared.

Messrs. N. H. Pearce and H. H. Wheelock of Menard visited with the clubs at the meeting.

Rotary President Emil Loeffler made a short talk after the program was concluded, and stressed the importance of a general clean-up. He stated that while vegetation and weeds have not yet come out, this would be a good time to launch an extensive clean-up drive.

CLASS REUNITES AFTER 35 YEARS

Monday A. G. Farmer returned from College Station where he attended a class reunion of the Class of 1895 of the A. & M. College of Texas.

This reunion was the first the class has had since graduation 35 years ago. The class originally had 31 members and 22 of the number were present at the reunion. Three of the original number are dead, and the remaining six were unable to attend.

There were members who came from Kansas, Louisiana and all points of Texas. Mr. Farmer said that the next reunion of the class would be in 1950.

Practically all of the members of this class saw service in the United States army during the Spanish-American War. Mr. Farmer said he had a good time and enjoyed the association with his old classmates.

Barbecue Dates This Year Are June 17, 18

At the regular weekly meeting of the Board of Directors of the Kimble County Chamber of Commerce Wednesday afternoon, the date for the barbecue, picnic and racing contests was set for June 17 and 18.

Polo, baseball, horse racing, political speeches and bathing beauty contests will be some of the features of the summer festival for this year. No definite plans have been worked out, but committees will be appointed soon to start work on plans.

Mr. and Mrs. John Munn and daughter, Miss Ray, were Kerrville visitors Monday.

Gerald Mann, of Dallas, Will Make Commencement Address This Year

V. A. Team Goes To Rocksprings Judging Contest

Several members of the high school vocational agriculture class attended the Rocksprings Judging Contest which was held in Rocksprings Saturday. Ross Brisson, V. A. teacher, and R. E. Homann, County Agent, accompanied the Junction team.

The boys judged Rambouillet sheep, Angora goats, mohair fleeces and Hereford baby heaves. All the boys making the trip made fair showings in the judgings. Del Rio won first place in the contest. Those making the trip were: Oliver Linn Vierling, John Lewis Weaver, J. B. Dunbar, Leon Turner, Sloan Davis, Roy Nelson, James Hodges, Joe Roberts and Rufus Smelser.

Local Firemen Attend Meeting At Ballinger

Firemen from Junction, Mason, Menard, San Angelo, Coleman, Winters and Miles accepted an invitation from the Ballinger Fire Department Monday to meet with them to celebrate the letting of the contract for a new city hall and fire station and to demonstrate a new 750 gallon capacity American Laffrey Camper which developed about 1,000 whirrs during the test. This powerful machine threw four streams of water twice as high as any building in Ballinger. The firemen, city commissioners and citizens of Ballinger are delighted with their new equipment and the prospect of a new home for the fire department at an early date.

A chicken banquet was served about eighty firemen from Ballinger and neighboring towns in the evening by Mr. L. I. Stroble, who is a real friend of the Ballinger Fire Department. After every fire he serves the fire boys coffee, doughnuts and anything else they want. If the fire happens at three o'clock in the morning, he is at his cafe and has the refreshments ready for the boys when they have extinguished the fire. He says that he is too old to be active in the department, but he is not too old to serve the boys.

Our former townsman, J. D. Motley, secretary of the Ballinger Chamber of Commerce, was toastmaster and the Junction people know that it was done right, for "Doug" is a real booster and enthusiast. Regrets were heard on every side because Chief John Hankins of Junction was not present. He is popular with all fire departments in all this section. His unselfish service is widely known among fire boys.

The following attended from Junction: Assistant Chief Leon R. Powell, Mrs. Powell and Milton. Mr. and Mrs. Ollie Floyd and Edgar McLendon. Mr. Floyd is captain of Engine Co. No. 1. The Junction delegation reports an enjoyable trip and thanks the Ballinger people for their hospitality.

Mr. and Mrs. N. C. Patterson and Mrs. John Harrison returned last Friday from a visit with relatives in Williamson County. They enjoyed meeting relatives and friends of many years ago.

Mrs. Wm. Morris and daughter, Miss Josephine Wynne, of Oklahoma City, arrived last Friday for a visit in the home of their son and brother, Guy E. Wynne.

TRADE AT HOME

There has never been a time when local people should trade with home merchants more than right now. Kimble County is fortunate in having no foreign owned "chain" stores, but some of our people patronize the mail order houses freely.

The paltry pennies that some feel they save by sending their money out of the county would come back with compound interest if spent at home. If the money that is being sent out of the county was spent at home, it would go a long way towards relieving the temporary depression our local merchants are feeling.

Spend your money at home and build up your community instead of enriching the pocketbooks of the rich corporations.

LIONS BUILD FOOT BRIDGE ACROSS LLANO

Last Thursday morning several members of the Junction Lions Club and their wives went to Seven Hundred Springs to build a concrete foot bridge across the Llano River to the springs.

A bridge 18 feet long and 18 inches wide was built. Not satisfied with the way some of the men were mixing the concrete some of the ladies present gave them some lessons in the art.

At noon, the ladies prepared a lunch which was served on the river bank. At four o'clock another light lunch was served.

Besides erecting the bridge, the Lions Club placed signs up directing the way to the springs. Several members went out to the springs this morning and removed the forms from the bridge. Later the Lions will brush a clean-up at the springs and cut away weeds and brush.

Those who composed the party were Mr. and Mrs. B. L. Smith, Mr. and Mrs. G. H. DeLano, Mr. and Mrs. J. A. Heyman, Mr. and Mrs. C. T. Orth, Mr. and Mrs. Frank Patterson and Mrs. E. E. Koon and Mr. L. D. Borden.

V. A. Teachers Will Have Meeting Friday

Brady will host to a district meeting of Vocational Agriculture Teachers Friday and Saturday. The meeting will be held at the Brady High School. Principal Ross Brisson, Junction vocational agriculture teacher, will attend the meet and has a part on the program for Friday afternoon. He will speak on the subject, "What I will require of V. A. boys for Projects and how we get them to take them."

PUBLICITY BRINGS INFORMATION CALLS

A group of pictures of scenes in Junction and a news article concerning surrounding Kimble County scenes, which was published in the Fort Worth Star Telegram last week, has resulted in the local Chamber of Commerce receiving many letters seeking further information about this section.

Approximately fifteen letters from all sections of the state have been received.

Mr. N. H. Skaggs was a visitor in Rocksprings last Saturday.

Graduating Class Has Twenty-Four Members

Superintendent Guy C. Moses announced Tuesday that Gerald Mann of Dallas has accepted an invitation to deliver the Commencement Address for the class of 1930 of Junction High School on May 23 in the high school auditorium.

Mann is assistant coach of the S. M. U. football team in Dallas. He won fame as an outstanding football star in the Southwestern Conference. But aside from his athletic achievements Mann is a good speaker. He has made several addresses over the country since his football days, and is in demand as a speaker.

There are twenty-four members in the graduating class. The commencement sermon will be delivered by the Elder J. S. Newman in the High School auditorium on May 18.

Senior Play

The Senior play will be presented on May 21. Those who are taking part in the play are rehearsing regularly. Another outstanding event of the commencement week will be the Junior-Senior entertainment which will be held in the evening of May 22. Plans for the entertainment have not been completed. The Parent-Teachers' Association will give an entertainment for the Seniors and Faculty. Further plans for the commencement exercises will be given later.

GRANDMA DORAN PASSES AWAY

Mrs. Martha Doran, better known to her friends as Grandma Doran, died Saturday afternoon at 2:30 at the home of her son, Lee Doran, who lives on the North Llano River.

She had been in feeble health for the last three years and her death was not unexpected. She was a devoted Christian and was ready for the call of her Master.

She was 84 years of age at the time of her death. She was a member of the Christian Church.

The Rev. A. J. Northcutt conducted the funeral services. Interment was in the Hext cemetery. Funeral services were held Sunday morning at 11 o'clock. She was buried by the side of her husband who preceded her in death nine years ago.

She is survived by four children, all of whom are living. They are: Larry Doran of Dryden, Jack Doran of Hext, Wiley Doran of Eldorado and Lee Doran of Junction.

Methodist Conference Is Held in Copperas

The second Quarterly Conference of the Junction and Copperas Methodist Churches was held at the Copperas Church last Sunday with the Rev. Sterling Fisher, Presiding Elder, of San Angelo presiding. A large crowd was present, and a large delegation from the Junction church was present. Lunch was served on the grounds.

According to the Rev. Milton F. Hill, many good reports were made and much good was accomplished. This year marks the last year that the Rev. Fisher will serve these two churches at the conferences. He has done good work and the congregations of the Copperas and Junction churches will miss him.

Mr. J. N. Maddux suffered a stroke of paralysis last week, but is resting well today. He is still in a critical condition, however.

CO-OP PLAN IS ENDORSED BY GOAT MEN

Rocksprings.—The principle of co-operative marketing of mohair as sponsored by the Federal Farm Board was endorsed here by the executive committee of the Texas Angora Goat Raisers' Association.

The committee set the annual sale for July 15, 16 and 17 at Rocksprings. The sale will be privately conducted and not as auction, as in previous years. The committee approved a premium list of \$500 for the show and announced that the catalogue would be ready for distribution.

The meeting was attended by 20 members, who were the guests of the Chamber of Commerce at a luncheon at noon.

The co-op motion, made by Fred T. Earwood, and adopted unanimously, was as follows: "Resolved, that the Texas Angora Goat Raisers' Association goes on record as favoring co-operative marketing of mohair as sponsored by the Federal Farm Board."

Another resolution was adopted stating that, "in view of the fact that there is to be a meeting of the Farm Board and of the National Co-operative Marketing Association in Washington, D. C., on April 8, be it resolved that we earnestly solicit that Mr. Fred T. Earwood attend the meeting and represent this association in any matter affecting our interest."

ICELAND CELEBRATES 1,000TH ANNIVERSARY

Washington, D. C.—Senator Peter Norbeck, of South Dakota, has been selected to head the American delegation to attend the one thousandth anniversary of Iceland's statehood. This celebration is to be held on June 25. Representatives of every parliamentary government have been asked to attend the millennium.

This celebration should be of especial interest to Americans, as Leif Ericsson is conceded by many historians to have discovered the mainland of this continent 500 years before the attempted trip of Columbus to India when he touched upon some islands off the American coast.

The House of Representatives has appropriated \$50,000 for the presentation of a statue of Ericsson to Iceland. This early explorer has been given too little credit for his discovery.

Waiter: Yes, sir—those are the very best eggs we have had for a year.

Diner: Oh! Well, bring me two that you've had only about six months.

Men who can't believe they can, can't.

It costs so little to do the right thing. Why hesitate?

PARASITES TO KILL LOCO WEED FOUND. RANCHMAN BELIEVES

Fort Stockton.—Belief that a parasite that will kill the loco plant has been found, is expressed by Marsh Lea, ranchman 30 miles north of Fort Stockton, who has found the loco dying because of a white bug preying on the roots of the plant. The insect had eaten the roots.

Could such a parasite be developed in sufficiently large numbers to kill out the plant, it would accomplish for the southwest and, in fact, all of America, a great saving as loco causes the death and loss in weight of cattle all over America.

The Australian government is spending thousands of dollars in Texas annually to send to Australia bugs that feed on the millions of acres of cactus that makes much of the land in that country of little or no use.

PARTY GIRL COMING TO ARCADIA THEATER

The sensational stories which lie behind some of the most seemingly respectable business deals of our leading American manufacturing firms, is courageously laid bare in Tiffany's all-talking production, "Party Girl," a Halperin production, a straightforward expose of whoopee-girl methods of salesmanship which comes to the Arcadia, Kerrville, for a special midnight preview Friday night, at 11 p. m., sharp, and Saturday for the regular show.

The shameful manner in which these paid "party girls" get wholesale buyers drunk for the purpose of selling them large orders of goods when they are too maudlin with liquor to know what they are doing, is here revealed for the first time.

Douglas Fairbanks, Jr., heads the notable cast of "Party Girl." Other principals in the cast are Mrs. Prevost, Jeanet Loff, Judith Barrie, Lucion Prival and John St. Polis.

W. M. S. WILL MEET TUESDAY AFTERNOON

The Women's Missionary Society of the Methodist Church will meet Tuesday afternoon at 3 o'clock at the Methodist Church for Bible Study. All members are urged to be present.

Political Announcements

The candidates whose names appear below have announced subject to the action of the Democratic Primary in July.

LONDON LOCALS

Mrs. E. F. Amazon, president of the P. T. A., Miss Victoria Brewer, principal of London high school, Mrs. O. D. Price, Mrs. Howard Horn, Mrs. W. L. Amazon and Mr. William Deak attended the District Parent-Teachers' Association at Mason. This is proof that our people are interested in educational advancement. They report an interesting and progressive program, the leading feature of which was the lecture by the Dean of San Marcos State school, on the subject of the New Education. Quoting him as declaring ours to be the greatest nation in existence and that our educational institutions must train men and women for leadership in order that we continue to progress and to maintain our present standing among the nations of the earth. He is right.

Mr. Emil Loeffler of Junction Hardware Company was on our streets Thursday of last week. Mr. Loeffler is one of Junction's builders.

Miss Virginia Jones has gone to Katemy to spend a few days with her grand parents and others.

Victoria Brewer left Friday noon to assist in holding the teachers' examination for Kimble County.

Miss Madge Cooper and Miss Jessie Hunter, two very bright and deserving young ladies, attended the teachers' examination at Junction last week as applicants for Teachers' Certificates. These girls are products of our school, and we certainly wish them success. They are both fine girls and we believe would add credit to their chosen profession.

We are informed Mrs. Ellis Brown and Mrs. C. E. Weaver also were applicants for teachers' certificates at the examination. We hope they, too, are successful as they are both worthy.

Misses Hazel Emma Herbst and sister, Clara Bess, were shopping in Menard Saturday.

Mr. E. I. Cummins and Mr. G. E. Kothmann took their fat steers to the San Antonio market last week, receiving for them a very satisfactory price. These gentlemen are favorably impressed with their feeding experience and will feed more extensively in the future.

Mr. Cummins suggests feeding of steers and running hogs with them to take up the waste and this thought appeals to the writer. We believe it can be made a success.

Our trustee election held Saturday resulted in the election of the following: Ralph Smith, Rex Lavelle, Joe Hardesty, Jack Goodman, C. E. Lambert, Chas. Hannowsky and J. A. McCollum. Good interest was shown in the selection of these men, there being 106 votes polled and those elected receiving a good majority. These men constitute your board of trustees when they qualify. A good selection without argument. Now let's stand by them, let's work in harmony with them; when they speak let it be the voice of us all; when they act let it be the act of London school community. If they will, and I have no doubt but they will, act in harmony among themselves and we stand by their acts in harmony with them the result will be continued progress for our school and the entire community. Let no strife arise. You must bear in mind that there are a good number of applications already in for positions in your school as teachers. They can't all be employed. We have selected a board of trustees to select a board of teachers, and I am sure the men whom we have chosen will select a board of teachers from the standpoint of fitness, without allowing any personal feeling or personal preference to enter into such a selection. I believe they are broad enough to do this, and that is what we want and that is what we are all ready to give our OK to. Onward, for school success thru community harmony and community unity.

"He must be feeling the heat just now."
"Where is he living?"
"He's not."

IVY ECHOES

Mr. and Mrs. Louie Grobe and little daughter, Ruth, spent Sunday with their son, Clarence, and Mr. and Mrs. Jessie Smith-armah.

Paul and Elmer Kane of Carizo Springs came up Saturday to take their mother and sisters, Louise and La Nell, back home, who have been visiting friends and relatives in Kimble County for over a month.

Mrs. Myrtle Smitherman and little daughter, Lucille, and Mrs. S. H. Ivy visited Mr. and Mrs. Albert Smitherman Sunday.

Mr. Will Matthews and Everett Steward spent Sunday afternoon at the home of Mr. and Mrs. G. M. Hight.

Eula Hight has been absent from school several days on account of illness.

Those who were absent from school Monday were Johnnie Stephens, Eula Hight and Ben-nie Grobe.

Mr. and Mrs. Ben Mayo of Mason spent the week-end with Mr. and Mrs. Walter Grobe.

Motto: "No pains, no gains."

ROOSEVELT ROUND-UPS

Mr. and Mrs. White were here from Melvin for the week-end.

Miss Eunice Goodall came over Friday from Pear Valley.

Mr. and Mrs. P. C. Jones were in Segovia Sunday.

Assessor Bissett is up from Junction listing belongings.

Messrs. Homann, Davis, Pearson and Dr. Rosenthal were here from Junction.

Mr. Christian Simon and children came up from Tea Cup Sunday.

Fred S. Franks is in Oklahoma on a business mission.

METHODIST CHURCH NOTES

All the regular services of the Methodist Church will be held Sunday. Sunday School will be at 10 a. m.; preaching at 11. The Epworth League meets at 7 p. m. and evening services at 8 o'clock.

Certificates will be presented to Sunday School teachers who recently took the course given by Rev. L. L. Bain of Mason.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Kimble:

Notice is hereby given that by virtue of a certain execution issued out of the Honorable District Court of Kimble County, on the 11th day of January, 1930, by U. D. Kindrick, District Clerk of said Kimble County for the sum of Six Hundred Dollars and costs of suit, under a Judgment, in favor of Coke R. Stevenson, Intervenor, in a certain cause in said Court, No. 815 and styled Coke R. Stevenson, Intervenor vs.

W. R. Richardson placed in my hands for service, I, Frank Patterson, as Sheriff of Kimble County, Texas, did, on the 15th day of January, 1930, levy on certain Real Estate, situated in Kimble County, Texas, described as follows, to-wit:

Royalty Contract, as recorded in Vol. 23, Page 321, Deed Records of Kimble County. The Undivided One-half interest of W. R. Richardson in the one-sixteenth interest in and to all the oil, gas, and other minerals in, and under, and that may be produced from the following described lands situated in Kimble County, Texas. Abst. 2025, Cert. 1431, Sur. 64, Grantee, Henry Murr, Acres 640, all in one tract and the property of Henry Murr and his wife, Mary Murr, together with the right of ingress and egress at all times for the purpose of mining, drilling, and exploring said lands for oil, gas, and other minerals, and removing the same therefrom.

And said above described lands being now under oil and

gas lease originally executed in favor of W. R. Richardson, and levied upon as the property of W. R. Richardson and that on the first Tuesday in May, 1930, the same being the 13th day of said month, at the Court House door, of Kimble County, in the town of Junction, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said judgment I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. R. Richardson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Junction Eagle, a newspaper published in Junction, Kimble County.

Witness my hand, this 9th day of April, 1930.

10-3c Frank Patterson, Sheriff Kimble County, Texas.

Mrs. W. H. Kelly of Sutton County was called to see her daughter, Mrs. Taylor Emerson of Big Lake who is very sick with pneumonia.

Frank Baker of San Antonio was a business visitor in Junction Saturday.

Mr. and Mrs. Ovie Buster and son, Loyd, were Llano visitors Sunday.

RESOLUTIONS

To the Worthy Matron, Worthy Patron, Officers and members of Junction Chapter No. 497, O. E. S.: We your committee appointed to draft resolutions of respect on the death of our beloved sister, Lizzie Bailey, beg to submit the following:

Whereas, the Heavenly Father in His infinite wisdom has seen fit to remove from our midst our sister, Lizzie Bailey, and

Whereas, Sister Bailey has been a devoted member of our order for many years, being a charter member, and of late years an honorary member, and

Whereas, her long life of Christian living and unselfishness should be an example to us all, it is most proper that this chapter should express its regret at her passing and its appreciation of her friendship for the chapter and its members. Therefore be it

Resolved, by Junction Chapter No. 497 that we bow to the will of Him who doeth all things well, and be it further

Resolved, that we express our sympathy to the bereaved family and that a copy of these resolutions be sent to them, a copy be spread upon our minutes and a copy be furnished the local paper for publication.

Fraternally, Mattie Patterson, Ivy Secrest, Ross H. Brisson.

SINGING SCHOOL

A singing school is held each Sunday evening at seven o'clock at the Church of Christ, conducted by the Elder J. S. Newman. A splendid representation was in attendance last Sunday and the hour of the singing was much enjoyed. The young people are urged to attend these meetings.

AUTOS KILL PERSON EVERY 17 MINUTES

New York.—Motor accidents took an average of one life every 17 minutes in the United States in 1929, Owen S. Baugspire, president of the New York Automobile Club, stated.

A total of 31,500 persons were killed in such accidents last year, according to the statement, based on figures compiled by the A. A. A. safety department. The death rate represents a 12 per cent increase over the previous year.

KEEP THEM BUSY

Keep young chicks out of mischief and they won't be likely to develop bad habits, advises the U. S. Department of Agriculture. Regular feeding, watering, and attention will keep the chicks busy and prevent them from getting too hungry. If you supply green feeds between the regular grain feedings it gives them something to do. Keep the litter evenly distributed, as the chicks usually scratch it into bunches. Let the chicks get outdoors; the bad habit of toe picking often develops when they are too closely confined.

MRS. L. L. SKAGGS IS COMPLIMENTED SATURDAY

Mesdames Joe Fritz, J. A. Thompson and A. W. Loeffler complimented Mrs. L. L. Skaggs of San Antonio, and her sister, Mrs. Frank Stoner, of Kansas City, Mo., with a bridge at the Fritz Hotel Saturday evening. Vases of beautiful roses and bowls of blue bonnets and tulips were placed about the rooms. The roses were the gift of Mrs. Skaggs.

Angel food cakes wrapped in lavender and pink paper and tied with pink ribbon were won by Mrs. L. E. Standifer and Miss Josephine Wynne of Oklahoma City. A set of green iced tea glasses were presented Mrs. Skaggs and a framed leather picture was given Mrs. Stoner.

Fruit salad in aspic, paprika wafers, potato chips, olives, iced tea with colored tea sugars and angel food cake were served to Misses Lela Taylor, Josephine Urban, Tottie Martin, Flora Mae Spiller, Elizabeth Summers, Josephine Wynne of Oklahoma City, Eloise Harde- man, and Mesdames Frank Pat- terson, C. R. Stevenson, A. L. Mudge, Lucy Motley, Mattie Patterson, Clay Secrest, P. Joseph, A. S. Rieck, H. W. Rieck, Bill Hamer, C. T. Orth, H. D. Taylor, Dorothy Westmoreland, Aubrey Hill, U. D. Kindrick, C. T. Holekamp, John Phillips, Pierce Hoggett, John Martin, Guy Wynne, W. P. Riley, Slat- or Fleming, L. E. Standifer, Ben Warren, Tillie Smith of Houston, Watt Turner and the honorees.

MRS. ORTH IS HOSTESS MERRY WIVES CLUB

Mrs. C. T. Orth was hostess to the members of the Merry Wives Club and a number of friends at her home Wednesday afternoon.

Vases of salt cedar brightened the rooms. After a series of bridge games hand made pillow cases were presented Mesdames A. S. McDonald and Frank Patterson who made high club and guest scores, respectively. The cut prize, a box of handkerchiefs, went to Mrs. Bill Hamer.

A basket of Easter eggs con- sisted Mrs. W. H. Rieck for her low score.

At the close of the evening chicken salad, sandwiches, pota- to chips, olives and hot tea were enjoyed. Little baskets filled with Easter candies were used for plate favors.

Those present were Mesdames P. Joseph, U. D. Kindrick, S. A. McDonald, Clay Secrest, Carl Wolf, H. W. Rieck, H. G. Hubert, C. T. Holekamp, Pierce Hoggett, P. C. McInnis, Jr., Bill Hamer, J. A. Thompson, C. R. Stevenson, Irvin Jarvis, H. D. Taylor, Joe Fritz, Dorothy West- moreland, Beatrice Wright, Mat- tie Patterson, Lucy Motley, Au- brey Hill, L. D. Borden, Charlie Bruce, Frank Patterson, Gordon Stewart, Sam Woodward, Omer Wright, Elsie Cherry, H. R. Von Rosenberg, A. S. Rieck, A. L. Mudge, A. W. Loeffler, Earl Hill, S. S. Bundy, and John Phillips, and Misses Elizabeth Summers and Marie Paris.

Rating as super-millionaires those having annual incomes of \$50,000 to \$2,000,000 a year. Texas has thirteen citizens in that class. Of the "common" or "garden" variety of million- aires, those with incomes from \$50,000 up to the "super" class, Texas has 481.

Junction streets need paving.

ROOSEVELT SCHOOL NEWS

Dera Allison was absent from school Tuesday.

The pupils in the primary room are making Easter posters.

The Fifth grade have finished their English text and are taking a review along with their study of another book.

We expect to have enough money to order our encyclopedia in a few days.

There was a misprint in last week's news as to how much state aid we received. The amount was \$396 instead of \$369.

Our literary society will give its regular program Friday afternoon.

We are glad to see the warm sunshine as it has helped our flowers and shrubbery very much. The roses and some of the other flowers are budding and will be in bloom soon.

Our school will last six more weeks. This will be a very busy time for both the teachers and pupils in finishing up the year's work and preparing for our closing program. An announcement will be made at a later date as to what the program will consist of.

WEATHER REPORT

April showers have not yet visited Kimble County, but everybody is hopeful and some are saying that it will rain before Sunday night. Some of our pioneer citizens said that it would rain on the 6th or 7th, but those two days passed without as much as a sprinkle in Junction. Here's hoping that this county will soon go wet.

Messrs. Sayres Farmer and George Cavaness, of the Highland Chevrolet Company, attended a district sales meeting in San Angelo Tuesday and Wednesday.

SILVER TEA

The Women's Missionary Society of the First Methodist Church will have a Silver Tea at the home of Mrs. E. R. Borden on Thursday afternoon, April 17, from 3 until 6 o'clock p. m. Everyone is cordially invited to be present. 52c

J. L. WRIGHT ENTERS COMMISSIONER'S RACE

Mr. J. L. Wright has yielded to the solicitation of his friends and submitted his name as a candidate for commissioner of Precinct No. 1, subject to the action of the Democratic Primary, July 26. Mr. Wright has lived in Kimble County forty-five years, and having served as commissioner in previous years feels that he knows the conditions in the county as well as any man. He asks the support and influence of all the voters in the precinct.

Mrs. J. A. Heyman and Mrs. John A. Allen of Junction visited in the ranch home of Mr. and Mrs. Ran Davis Saturday.

Eight bulls, registered Hereford, bred by C. M. Largent & Sons, Merkel, Texas, ages, seven and eight years old. Brought to this country as yearlings and have proven to be outstanding in every respect. We must retire them to avoid inbreeding and are offering them for immediate sale at \$125 each. Well fed throughout the winter and ready for immediate and vigorous service. If convenient, telephone Mr. A. J. Kinsey thru Roosevelt Exchange for appointment to see them. Paterson & Rieck, Roosevelt, Texas. 52-2c

Rev. J. A. Dekle of Kerrville was a Junction visitor Saturday.

Nation Wide Battery Inspection Week April 7 to 14

We invite you to take advantage of our thorough battery test and electrical inspection, including breaker points, spark plugs and generator setting, wiring, etc., which is going on this week and will continue till Monday night, April 14.

There will be no charges for this inspection and test.

Car Owner: you are invited one and all, to come and get this test regardless of make of car or battery. They will all get the same attention.

BATTERY INSPECTION IS YOUR PROTECTION

Junction Battery and Electric Garage

A Firesafe House

can be built of concrete tile masonry, at a cost you can afford. It can be made durable, attractive, and firesafe, and will maintain its value through years of occupancy. Concrete tile are easily handled and rapidly placed. They are strong, rugged units, uniform in shape and size, yet sufficiently irregular to afford a pleasing surface texture if no wall covering is desired. A concrete tile home is easy to heat in winter. The tight, hollow walls have high insulating value, protecting the interior against cold winds and hot sun. Practically all of the maintenance cost common to other materials can be avoided when you build of concrete tile.

Information will be sent at your request—without cost. Just fill out the coupon below and mail it to us.

Mystery Clears; But Air Doesn't Scent of Carrion Attracts Man to "Grave" Porker's Head and Feet Found in Sack

Mysteries are likely to happen most anywhere. A mystery that promised to be a real Conan Doyle thriller had an O'Henry ending at the Hoxie Stockade last week.

Alfred Chisum and a shearing crew were engaged in shearing goats in the big sheet-iron barn at the Hoxie Stockade. They noticed that some of the goats were bogging in a certain place in the dirt floor and that a rotten odor of carrion was permeating the air. This caused them to investigate and they found a shallow grave in which reposed a croker sack that seemed to contain a dead body. Fearing that there had been foul play they ceased the exploration and Sheriff Baugh was sent for. But as the sheriff was sick a-bed Justice of Peace

Laster answered the call. The crew gathered around the shallow grave, waiting for the Justice of Peace to un-sack the corpse. Carefully, almost tenderly, the sack was removed from the grave. Carefully, still more tenderly and with, no doubt, some fear, its contents were softly deposited on the floor. Out of the sack, amidst foul odors, rolled a porker's head, feet and hide; all in an advanced state of putrefaction. The mystery was cleared!—but the air was not.

The inquest ended without a verdict; had there been one it might have read: "One hog met death at the hands of parties to me unknown, killed probably for its meat, and certain un-choice portions buried by assassin to prevent detection."—Lucky Leader.

IN REMEMBRANCE OF T. J. BAILEY, DIED 1917

Time speeds on; thirteen years have passed
Since death its gloom, its shadow cast
Within our home, where all seemed bright,
And took from us a shining light.
We miss that light, and ever will,
His vacant place, none ere can fill.
Down here we mourn, but not in vain,
For up in heaven we will meet again.
Gone is the face we loved so dear;
Silent is the voice we love to hear.
Too far away for sight or speech,
But not too far for thought to reach.
Sweet to remember him who once was here
And who though absent is just as dear.
His Daughter.

NOTICE

The County Board of School Trustees are called to meet in the director's room of the Junction State Bank on Saturday, April 19, at 2 p. m. There is important business to transact. All parties wanting trustees appointed to their schools will please notify their County Trustee.

Signed,
J. B. Randolph,
Secretary.

HON. JOE G. MONTAGUE THROWS HAT IN RING

Hon. Joe G. Montague of Fort Stockton, authorizes the Junction Eagle to place his name in the announcement column for the office of District Judge of the 112th Judicial District.

Judge Montague was born in Bandera County and was graduated from the Bandera High School. Later he was graduated from the St. Louis College in San Antonio and the University of Texas at Austin.

He volunteered for service during the World War and was commissioned as an officer in the Field Artillery. He served overseas until the close of the war.

Returning from the battlefields of France Judge Montague took up the practice of law. He served Bandera County as County Clerk and later as County Judge. He has served as Dis-

trict Attorney of the 83rd Judicial District.

Judge Montague was appointed District Judge of the 112th Judicial District on October 18, 1929, and has served in that capacity since that date.

He comes from a renowned family of Texas pioneers; the County of Montague having been named after his great-grandfather.

Judge Montague is capable and efficient and qualified for the office which he is seeking. During the last term of court here he disposed of 27 non-jury civil cases and 11 criminal cases. He is not opposed for the office.

POUND NOTICE

CHEVROLET

It's wise to choose a SIX!

After all, it is a perfectly simple matter to decide which automobile to buy in today's market. Only two questions must be answered to your satisfaction—

First: Which car gives the most for my money?

Second: Which car represents the soundest investment in satisfaction and pride of ownership?

In buying a low-priced car consider the following facts:

It is wise to choose a six-cylinder motor—for six cylinders are necessary to take out vibration and roughness. Six-cylinder smoothness will save the motor, the chassis, the body, the passengers and the driver. The Chevrolet is a six. And yet it sells at a price that anyone can afford to pay.

This very low-priced car lasts longer, not only because of fine materials and oversize parts, but also because it is a six. Its big, smooth, 50-horsepower six-cylinder engine is always "taking it easy." There is no feeling of strain.

With all its six-cylinder smoothness and power the New Chevrolet Six uses no extra gasoline or oil. Efficient design makes this possible—overhead valves—high compression power from any fuel—very latest carburetor—close-fitting, long-wearing pistons—crankcase ventilation—air cleaner. You can really have extreme economy and still satisfy your ideal of truly modern transportation.

Chevrolet economy is also the mark of Chevrolet sincerity in manufacture. To illustrate: Chevrolet valves are readily accessible and adjustable. This saves replacing valves, and also makes it possible to preserve the efficiency of the engine.

A similar example is found in Chevrolet's ROADSTER OR PHAETON. See your nearest Chevrolet dealer today and drive a Chevrolet Six. Ten minutes at the wheel will show you what a difference six cylinders make.

DOMESTIC ART CLASS HAS OUTDOOR PARTY

The Domestic Art Classes and their teacher, Mrs. Astor Wallace, had a delightful time Tuesday evening at a picnic, as was reported by those who went. The girls met at Mrs. Wallace's home and hiked to Cedar Crossing. A picnic lunch consisting of sandwiches, pickles, potato chips, cake and fruit was spread. The members present were: Misses Elsie Martin, Micky Sheppard, Lucille Taylor, Maxine Wright, Mae Delle Lowry, Bonita Barnes, Kathryn Hodges, Lorena Cooney, Lucille Williams, Christine Schraub, Lucille Motley and the sponsor, Mrs. Astor Wallace.

FRESHMAN REPORT

Katheryn Hodges spent the week-end in Rocksprings. Tommie Jones spent the week-end in Junction. Mr. N. R. Skaggs visited our history class Thursday. He made a short talk on the attitude we should take toward our school work. We appreciated it very much. The Freshmen had a test in algebra Thursday. They have been reviewing for the six weeks exam in history which will be given Wednesday.

LAZY FRESHMAN

My classmates sit around me, studying all the time. But why should I study? Just so I pass the test; And anyhow a fellow needs a little rest. My classmates take home lots of books. But why should I take even one? When I can go in swimming and have a lot of fun. Oh, it's lazy this and lazy that, But I'll tell you this right now: Lazy or industrious, I have some fun, and how?

AN APPRECIATION OF MRS. JOE FELPS

Mrs. Joe Felps has been the English teacher in our high school for several years. She is a wonderful teacher and a true friend to all her pupils. The affiliation in English in our school was achieved through Mrs. Felps' hard work. The present convenient library system was inaugurated by her. She is a fine example of womanhood and an active member of the Methodist Church and the Junction Little Theater. The parents, as well as students, should show their appreciation for the work and interest she has taken in the pupils individually as a teacher and as sponsor of our school paper, "Eagle Screams."

HOPE

(by Ruby Davis) There are two factors in progress. One of these is persistence; the other is hope. He who hath both is rich; he who hath neither is miserable. Hope is a virtue of sorrow and adversity. Dormant hope springeth to life by chance of adversity. Those who sorrow think tomorrow will bring compensation. What a blessing to be enveloped in a spirit of hope. 'Tis a truly unfortunate man who has never enjoyed the blessings of hope. Calmness, serenity and content are the gifts of hope. Hope is a man-made virtue; the strength to form hope is a gift of God. The weak are admirers of hope; the strong, possessors of it. To quote Pope: "Hope springs eternal in the human breast; Man never is but always to be blessed."

ENGLISH V

For several weeks Mrs. Kindricks' fifth grade English class has been writing letters of various kinds. This work consisted of friendly letters, invitations, notes of regret and acceptance, excuses, apologies, letters of thanks and business letters, including orders and receipts. An attempt has been made to raise the writing above the commonplace.

Virgil McCoy, a fifth grade boy, wrote this imaginary letter of thanks.

JUNIOR CLASS HAS BUSINESS MEETING

The members of the Junior Class held a class meeting last Friday to decide whether the Fridays will give a Junior-Senior banquet. By vote of the class, it was decided to have a banquet.

The following committees were selected: Invitation committee: Blake Chenault, chairman; Margaret Hubbell, Lois Goodwin. Location committee: Lucille Motley, chairman; Hazel Lister, Devers McElrath. Place card committee: Hazel Lister, chairman; Wilbur Jeter. Favor committee: Ella Simon, chairman; Louise King, Muriel Warren, Marie Dechert.

Decoration committee: Lucille Motley, chairman; entire class. Entertainment committee: Lorena Cooney, chairman; Leonard Dunbar, Opal Porter. Color committee: Lois Goodwin, Lucille Motley, Hazel Lister.

DOMESTIC ARTS NOTES

The Second Year Class in Domestic Art have just completed their kimono and are now doing hand work on articles such as laundry bags, pillow cases, or scarfs. The next project will be the making of dresses of organdy or some light weight silk material.

The First Year Class are finishing their pajamas. The next project will be a piece to be embroidered.

The Juniors have chosen their class colors. American Beauty and white were selected by unanimous vote of the class. The flower decided upon is the rose.

SHERIFF PATTERSON WINS PILOT WINGS

Arizona's first flying sheriff became a reality Sunday when Sheriff H. J. Patterson won his wings by making three perfect landings on the International airport and also performed successfully in the air. Yesterday he made his first cross-country flight with his teacher, Ed Koehler, as passenger. In becoming Arizona's first and only flying sheriff, Patterson is also believed to be the third sheriff in the United States to pilot a plane.

Teaching "first" this or that to fly seems to be a hobby of Koehler. Koehler taught Arizona's first woman pilot, Mrs. Marie Graham, to fly, and also taught the youngest flyer in Arizona.

According to Koehler, who has taught a large number of fliers in the art of getting up in the air and then down on the ground successfully, Sheriff Patterson was one of his most apt pupils and took to the air like a duck. Patterson has been training for several months at odd times and made his first solo flight several weeks ago but it was not until yesterday that he tried landings alone.—Nogales News.

Rotary Conference To Meet May 1 and 2

Corpus Christi.—Advance registrations being made by the Corpus Christi Rotary Club, as indicated by the hotel reservations being received daily, indicate that the 1930 Conference of the 47th district of Rotary International, to be held here Thursday and Friday, May 1 and 2, will be one of the best attended ever held. The districts two largest clubs, San Antonio and Houston, are coming in full force, according to reports reaching the conference secretary's office. Andy McKenzie, president of the San Antonio Rotary Club, has requested the reservation of seventy-five rooms for the Alamo City delegation, and while Tim Evans, president of the Houston Club, hasn't intimated the exact number from that city, it is known that the Houston delegation will travel on a special Conference train. A number of Rotarians from Galveston will join the Houston delegation.

Governor Sam Thompson of Kerrville believes that the district gathering is meeting with warm enthusiasm over the district. The program has been completed. Roy Ronald, director of Rotary International, will be among the honored guests.

The local club has planned a number of entertainment features for the conference delegates and visitors.

"Look here," said a man to the foreman builder, "can you give me a definite date on which this house will be completed? You see—I'm getting married when it is ready for occupancy." "Right," the foreman replied. "You leave it to me. I'll see the job's spun out as long as possible."

"TOBY FOR SHORT," BEST SHORT STORY

Louis Jordan, a member of the Lions English Club, is the author of "Toby for Short." This story was given second place in the 7th grade contest.

TOBY FOR SHORT

Coach Brown had his men lined ready for practice. Toby Hopkins was short stop, the best Brown had ever seen. Toby did not like base ball and he did not care to play short.

"Well," grunted Brown, "Let's start."

All but Jack Winters went out on the field. He walked over to Brown and said, "Coach, I have an idea that will make Toby awaken."

"Spill it," returned Brown. Jack continued, "You know Toby is almost in love with another girl. I think I can get her to put some life into him. We can never win over Harmony without him."

"Maybe so," returned Brown. "Six o'clock found Jack talking to Mary," "Mary," he said candidly, "I have some business I would like to speak to you about."

"Very well," replied the girl, leading Jack to the parlor.

"Now tell me all about it," she demanded. There was a momentary tangle in Jack's mind. Finally he continued: "You know Toby does not like to play baseball. Coach Brown says he is the best short he has ever seen."

"Yes," replied Mary, "Please continue. Will you do something to make him awaken?" asked Jack. A faint grin came over Mary's face. She liked her friend to play baseball.

"Yes," she finally answered. "You call Toby this afternoon and tell him what I told you to," said Jack.

At seven o'clock Toby and Mary were talking. They spoke of many things about ball.

"Toby," said Mary, "I think I should like you more if you played baseball. I think I shall quit you." Toby, with dry pal and pounding heart, sought a way to answer her. A thought of agony and despair struck him.

Silently he walked out of the room. He walked straight to the gym. There he went into a frenzied action. He practiced grabbing skinniers and catching balls straight from the bat. He was determined to win over Harmony.

By and by Friday came. It was the most beautiful day the eye had ever seen. The Chester team went to Harmony. All the batters looked over the west fence. If only they could knock the ball over this.

The first inning Hendricks, the Harmony pitcher, laid three batters down in a row. Donhule, the Chester pitcher, did the same, and so it went for six innings. It was truly a pitcher's duel.

Jack signed to Donhule to let the next hit. There was a smack. The ball went straight to Toby. He saw Toby leap into the air and grab the ball like a falcon on its prey.

Jack went over to Toby and slapped him on the back. "That was some catch, old boy," he exclaimed.

At last came Chester. There were three men on bases and two outs. Big Bob was bat-

ting. He said, "I shall hit this one." Jack warned him against it but he shook his head. There was a smack. The ball went over the west fence. The reverberating tumult burst into a roar. Chester had won four to nothing.

After the game Mary met Toby. It would be getting into personal affairs to tell what they did, so I shall leave that for you to guess.

CLASS PICNIC HELD AT 700 SPRINGS

Members of the ninth grade class of Junction High School are spending the afternoon at 700 Springs enjoying a picnic. Mr. Ross Brison, sponsor of the class, is in charge of the picnic arrangements.

THE N. G. L. C. MEETS

The N. G. L. C. met in its regular business session last Friday. The meeting was called to order by the vice-president, Marie Davis. After the business meeting many interesting topics were discussed.

Mr. Raymond James and Mr. Wilbur Jeter were visitors. We are always glad to have visitors and extend our invitation to everyone who would like to come. The meeting adjourned at 3:15 o'clock.

"HOUSE OF WEALTH"

The high second grade recently built a "house of wealth." This house was truly a house of health. The roof was made of Graham crackers, the walls stuccoed with oatmeal, steps of Boston brown bread, the chimney a milk bottle. The house rested on a foundation of dried prunes and apricots. The sidewalk of dried beans led to a shredded wheat fence. Inside the yard a small cart, to which a toy donkey was attached, was stationed. This cart was filled with health-giving vegetables.

J. H. C. MEETS

The Junior Historical Club met last Friday, April 4, 1930. The meeting was called to order by the president, Mr. Harry Witt. He first called for business discussions, under which it was learned that the club was making great progress toward buying pictures of Stonewall Jackson and Robert E. Lee. Next the club was called on for current events, and the question on prohibition still seems to prevail more strongly in the United States than any other important question of the day. A very interesting program is expected for next Friday and we are asking you to lend us a visit.

The grammar grades were honored by a visit from Mr. Frank L. Wilson Wednesday. Mr. Wilson stated that he hoped to see the time come when Junction would have a kindergarten in connection with the school.

Mr. Loften Little, a '29 graduate of the Schreiner High School, visited his home school Tuesday afternoon. He is attending the Draughon's Business College at San Antonio. Some of his friends accompanying him were: J. A. Rutledge, Bedie Rutledge and Miss Cornelia Ousset.

Nothing's got without pain but an ill name.—Scotch Proverb.

Junction Trade Notes

(By G. G. Co.)

The December freak freeze in Kimble County killed the peach crop in the valleys of the Llanos and there will be no Llano Valley peaches, according to A. G. Bowman, orchardist of the fertile London community. . . . A. M. Reese, ranchman and orchardist of the same community, thinks the fruit trees were overcropped last year, which may account for the scarcity of spring blooms. . . . Anyway, the winter of 1929-1930 will be recorded as abnormal, or freak, in this section of West Texas.

Home-grown, home-canned Elberta peaches, packed by A. C. Bowman, have the flavor of fresh fruit; \$2.15 a dozen cans. Gann Grocery Company.

Jim Thomas, local ranchman, has two flocks mutton goats which were given salt under different conditions. One flock was provided medicated salt for a period of months, while the other flock had access to ordinary stock salt. At shearing time the flock that was given medicated salt had no lice, ticks or boils, and were in better flesh than the flock not given the medicated salt. . . . In Runnels and some other West Texas counties the heaviest draft on cattlemen and sheepmen for feed bills since the drought of 1918 is being made this spring, and livestock men in that section are still having to feed. . . . Max Brown this week sold 500 spring lambs off his range. Van Martin and St. Clair trucks will move the lambs to range south of San Antonio, loading out Sunday or Monday, and make the trip between suns.

Planting seeds in stock: Sudan, Red Top cane, Dwarf maize, Alfalfa, "Sure Cropper" corn, Gann Grocery Company, Rolled Oats (oatmeal in bulk) for baby chicks; all kinds chick feed and dairy feed.

Permanent organization of the Texas Livestock Marketing Ass'n. was effected in Ft. Worth Wednesday with H. L. Kerkert as president. The purpose of the association is the sale of livestock on the co-operative plan stipulated by the Federal Farm Board. Establishment of a subsidiary finance corporation for handling loans to livestock raisers will immediately follow, it is stated.

R. S. Price, of Price's popular Llano tourist park, is expected home this Friday from Fort Worth. . . . C. W. Simpson of Coleman carries an adv. in the Democrat-Voice of that city offering 5c a head for horned toads. It is not generally known what he does with the toads, but in medical circles it is known that the venom of toads contains potent principle drugs in therapeutic use as an alleviative of heart disease and other uses. . . . And from Georgia comes the announcement of an important commercial discovery—that straw stacks and cottonseed are full of a new sugar secret, and that it is possible to make a non-fattening sugar from these farm products at 5c lb.

In stock this week: Deviled chicken in 20c tins, sliced baked ham in picnic tins, ready to serve; Pure pork sausage in tins, Norwegian kippersnacks; baked chicken in sealed tins, ready to serve cold, or warm in oven. Gann Grocery Company. "Chuck Wagon" coffee with pyrex cup and saucer.

If citizens of Junction had to pay, in full, for the fire protection now afforded by the Volunteer Fire Dept., it would cost us lots of money.

Gann Grocery Company "Everybody's Store."

Dr. and Mrs. L. L. Skaggs and son, Jack, and Mrs. Skaggs' sister, Mrs. Frank Stoner, of Kansas City, Mo., and children, Norma Lee and Jean, spent the week-end with Mr. and Mrs. J. A. Thompson at the Fritz Hotel.

Some good used Model T Fords, Model A Fords and several Chevrolets 4 and 6 cylinder for sale, priced right. See them. Loeffler Motor Co. 25c

Pension Law In Effect August 1

Austin.—Confederate Veterans and their widows will receive their first remittance under the law increasing their pensions and making them payable monthly, instead of quarterly, on August 1, the warrant to cover their allotment for July.

Attorney General R. L. Bobbitt ruled that while the law becomes effective June 20, 90 days after adjournment of the special session of the legislature, the new arrangement should not be made effective until the end of the second quarter.

Married veterans will receive \$50 monthly, and unmarried soldiers will get \$25 monthly instead of \$12.50. Heretofore they received their warrants only every three months.

Attorney General Bobbitt construed the entire bill at request of George H. Sheppard, state comptroller, holding that an applicant for a pension need furnish but one creditable witness in proving military service, and also that it would be permissible, as directed by the bill, to transfer money from the general fund to the pension fund—created by a constitutional levy of seven cents on the \$100—when necessary to meet demands of pension payments.

"POLITICS AND SPRING PLOWING ALWAYS START UP ABOUT THE SAME TIME BUT YOU HAVE TO WAIT EITHER OF 'EM GOING TO PAN OUT"

J. E. BRISTOW OBTAINS RELEASE FROM BANDITS

J. E. Bristow, San Angelo oil man, who has been in the hands of Mexican outlaws and held for ransom was released Wednesday when Obie Bristow, a son, paid the bandits in gold. The exact amount which Bristow paid the bandits has not been made public, but the amount was either \$1,500 or \$15,000.

Bristow was taken on March 10 when he was prospecting for gold in the mountains of Mayarrit, Mexico. He was held in the sub-crazer of an extinct volcano near Ahuatlan.

H. W. BIERSCHWALE UNDERGOES OPERATION

Mr. H. W. Bierschwale, candidate for County Judge, underwent a serious operation in Kerrville Wednesday of last week. Word received this week states that he is improving and that it will not be long until he is able to leave the hospital. He has been suffering for some time and saw that before he could make a strenuous campaign for county judge it would be necessary to undergo the operation. He plans to be at home before many weeks and will be able to see the voters of the county. It will be only a few weeks until he will regain his normal health.

Some good used Model T Fords, Model A Fords and several Chevrolets 4 and 6 cylinder for sale, priced right. See them. Loeffler Motor Co. 25c

Tuesday Rev. J. S. Newman and Mr. Ben Davis were Cherokee visitors.

Mr. and Mrs. Henry Hodges of Brady and Mrs. Rufus Graham of Menard visited Mrs. T. M. Hodges, Sr., Friday.

Mrs. Conde Hardeman will entertain the mothers of the youngest members of her Speech Arts Class Saturday afternoon at three o'clock with a Program Tea at the Hodges Hotel. The tiny members of the class will be the performers of the afternoon.

Mrs. N. H. Skaggs returned Saturday from a month's stay at Terrell Wells in San Antonio.

FORD REGISTRATIONS REACH NEW HIGH MARK

A new high mark for January was set by the registrations of Ford passenger cars in Wayne County, Michigan, in which Detroit is located.

A total of 2,201 cars was listed. It was the biggest January business in Ford history for that county, even larger than that of January, 1924, which had been a Ford record year. It exceeded the same month of 1929 by thirty-eight cars.

The total of the next nearest car for the month was 521, not quite one-fourth of that credited to Ford, and a loss of 250 when compared with 1929. Of the grand total of all makes in Wayne County during the month—3,892—Ford registered 56.5 per cent.

During February of this year Ford car registrations led all other makes in Wayne County. Ford's total was 3,202, as compared with 712 for the next nearest; and equalled 58.3 per cent of all cars sold.

Ford Commercial car registrations also led, totaling 294 as compared with 88 of the next nearest.

Buy a FORD and SAVE the DIFFERENCE.

Talking Shorts on Every Program COME EARLY Better Seats and more! DOORS OPEN AT 2!

PROSPERITY!

Prosperity comes to those who work diligently and faithfully for it. It is conceded that a business depression is abroad in the land but it should spur us on to greater activities. While the live stock industry is not so promising a diversified program should be adopted by our ranchmen and farmers. A few dairy cows, a few hogs and a hundred or more hens with the proper attention given to fruit and vegetables will help everybody tide over. Our pecan industry should be given more serious consideration. Our County Agent is able to give good advice about a diversified program.

The light rainfall thus far should not induce our farmers and ranchmen to lessen the acreage in food and feed. Feed can be grown as late as cotton and since there is an overproduction of cotton no one should make the mistake of planting too little feed.

Diversification Will Bring Prosperity
