FPC Given Jurisdiction In Gas Leases

WASHINGTON (AP) — The Supreme Court decided today the Federal Power Commission has jurisdiction over a natural gas producer's leasing of underground gas in bulk to interstate pipeline companies.

Justice John M. Harlan delivered the 8-1 decision. Justice William O. Douglas dissented.

Millions of dollars in gas prices and, indirectly, millions of gas consumers are affected by the ruling.

The decision was given on a commission appeal from a ruling by U.S. Circuit Court in New Orleans that such leasing is a part of gas production and gathering. The Natural Gas Act exempts from regulation the facilities that are used in production and gathering.

The case did not present a question of commission authority over customary sales contracts made by producers with pipeline companies involving gas metered and moved across state lines.

The commission appeal said an arrangement of leasing gas before it is taken from the ground, used instead of the conventional gas purchase agreement, "is by no means an isolated example of attempts to use the device of an in-place (underground) sale to avoid commission regulation of the price at which gas is purchased for the interstate market."

The appeal by the commission involved leases of bulk underground reserves in the Rayne Field in Louisiana by Texas Eastern Transmission Corp. Texas Eastern has a natural gas transmission system extending from Texas to Philadelphia and Newark.

Texas Eastern leased the reserves from Continental Oil Co., General Crude Oil Co., M. H. Marr and Sun Oil Co. United Gas Improvement Co., operator of the Philadelphia gas works, and a purchaser of Texas Eastern Gas, also appealed to the Supreme Court.

EDGY MOMENT — Adam Kirk Breckenridge, 27, stands on ledge of fourth-floor window of tenement in New York's Greenwich Village and threatens to jump. He's armed with knives and a bayonet which he later hurled at policemen attempting to subdue him. The policemen shot him after he threw the bayonet and he was taken to the hospital in critical condition. Police said he threatened to jump following a dispute with his girl friend who lives in an apartment. (AP Wirephoto)

Spacemen Pronounced Fit For Spectacular

By CHARLES STAFFORD

CAPE KENNEDY, Fla. (AP) — Astronauts James McDivitt and Edward White, their physical conditions honed fine for their four-day space spectacular, were given detailed examinations today by their doctor.

The doctor has already said McDivitt is in better shape than many football players, and White a shade sharper than his partner.

The medical examinations began right after breakfast and were to continue into early afternoon. They were necessary to provide data for comparison with that gathered during and after the flight of the Gemini 4.

The countdown begins Wednesday for a Thursday morning launch of the two-man spacecraft on the nation's longest and most spectacular space journey yet.

Christopher C. Kraft, Project Gemini director, planned an all-afternoon session with the astronauts, their doctor, the people who have babied the spacecraft and its Titan 2 booster rocket, weathermen, guidance technicians and range supervisors. It's a mission review meeting to determine that everyone is ready and the countdown can begin.

McDivitt and White will attempt a world first — a rendezvous mission in which they will maneuver their craft close to another orbiting satellite, their worn-out second-stage booster. White, connected to the spacecraft by a 25-foot tether, will step into space while traveling 17,500 miles per hour and move to within 20 feet of the tumbling booster. He will remain out of the spacecraft for 10 to 12 minutes, taking pictures.

The prime objective of their 97-hour, 50-minute flight is to provide Dr. Charles A. Berry, the space agency's chief of medical operations, with information on the effects of prolonged exposure of man to the weightless, airless vacuum beyond the atmosphere.

Written in Berry's appointment book for the two Air Force majors today were a three-hour tip-to-toe medical examination, and a session on the tilt table.

Berry wants to measure the effects of prolonged weightlessness on the cardiovascular system — the heart and blood vessels. By comparing the astronauts' blood pressures, blood volumes, pulse rates and electrocardiograms before and after the flight, he can evaluate the changes that are caused by heat stress, prolonged confinement, dehydration, fatigue, and weightlessness.

SUIT FOR SPACE WALK—This is the new helmet and chest pack that will be worn by astronaut Edward H. White II who will leave his spacecraft on the Gemini 4 flight. The helmet has two external visors added and the chest pack was added to carry oxygen to the suit and provide the astronaut an emergency supply of oxygen. The tether line is held in the left hand. (AP Wirephoto)

Clinkenbeard Rites Set Thursday

Funeral services for Joe E. Clinkenbeard, 76, of 400 Seventeenth Street have been set for 2 p.m. Thursday.

Mr. Clinkenbeard died at 6 p.m. Monday at Cogdell Hospital where he had been a patient for about a month

Born Apr. 28, 1889, he came to Scurry County with his parents as a small child from Joplin, Mo., his birthplace.

Mr. Clinkenbeard married the former Miss Annie Turner in Snyder in 1918, and they moved to Dalhart. Mr. and Mrs. Clinkenbeard returned to Scurry County in 1932, and operated a farm here for many years.

Mrs. Clinkenbeard died last November.

The funeral services will be held at the Northside Baptist Church of which Mr. Clinkenbeard was a member. The Rev. John Duke, pastor, and the Rev. J. M. Dean will officiate. Burial will be in Snyder Cemetery under the direction of Bell-Seale Funeral Home.

Mr. Clinkenbeard is survived by two sons, Earl and J. W., both of Snyder; four sisters, Mrs. C. O. Fairly of Visalia, Cal., Mrs. S. B. Cullen of Lafayatte, Cal., Mrs. Carl Gregg of Springville, Cal. and Mrs. M. L. Fenton of Dalhart; four brothers, Dyke of Tucumcari, N. M., Dock of Mountain View, Cal., Carl of Pice Reveria, Cal. and Bill of Los Angeles, Cal.; and two grandchildren.

Court Says California Must Reapportion

WASHINGTON (AP) — The Supreme Court today agreed that California's State Senate must be reapportioned by July 1 on a population basis.

The court, in a one-paragraph order, affirmed a decision given by a special three-judge U.S. District Court in Los Angeles. The special court said if action is not taken by July 1, it (the special court) would devise redistricting plans.

Justice John M. Harlan wrote an opinion concurring "reluctantly" with today's order. Justices Tom C. Clark and Potter Stewart joined in Harlan's opinion.

WEATHER

SNYDER TEMPERATURES: High Monday 85 degrees; low, 67 degrees; reading at 7 a.m. today 74 degrees.

North Central Texas: Partly cloudy and warm tonight and Wednesday. Thunderstorms in half of area, beginning extreme in west late today and ending from the west Wednesday. Low tonight 65 to 75. High Wednesday 82 to 92.

Northeast Texas: Partly cloudy and warm tonight and Wednesday. Showers in 40 per cent of area Wednesday. Low tonight 65 to 75. High Wednesday 80 to 90.

Northwest Texas: Partly cloudy and warm tonight and Wednesday. Thunderstorms in half of area today and in extreme east early tonight. Low tonight 55 to 72. High Wednesday 84 to 94.

Coast: South to southeast winds 12 to 22 knots tonight and Wednesday.

South Central Texas: Partly cloudy to cloudy and warm tonight and Wednesday. Showers over 20 per cent of extreme north today and tonight. Low tonight 66 to 76. High Wednesday 85 to 95.

Southeast Texas: Partly cloudy tonight and Wednesday. Showers over 20 per cent of north today and tonight. Low tonight 67 to 72. High Wednesday 82 to 92.

GOPs Study Rights Policy

WASHINGTON (AP) — Republican policymakers, among them former President Dwight D. Eisenhower and three men who ran for the White House, sought today to work out a declaration on civil rights.

At the same time, the Republican Policy Coordinating Committee was expected to speak out on President Johnson's handling of foreign affairs.

Eisenhower, Barry Goldwater, Richard M. Nixon and Thomas E. Dewey were among the 23 GOP leaders who conferred behind closed doors.

The committee was not expected to issue any declaration on Johnson's call for federal legislation that would repeal state laws which ban the union shop in 19 states. A task force on job opportunities was reported to have disagreed on the issue.

MEDALS ARRIVE FOR STUDENTS

Medals for the top 10 students in the three grades of Snyder Senior High School have arrived and the students may pick them up at the chamber office.

Recipients of the top 10 awards were announced at an assembly several weeks ago, but the medals had not arrived at that time.

Snyderite's Brother Is Viet Casualty

The brother of a Snyder man was one of two U. S. Army advisers who were reported killed Sunday night in a Viet Cong ambush at Quang Ngai, near Pleiku, 220 miles northeast of Saigon.

Marine S. Sgt. Willie D. Tyrone, 33, of Abilene was killed while serving with Vietnamese Rangers. He was the brother of Wayne Tyrone of Snyder, a coach at Travis Junior High School.

Also killed in the same action was Capt. Christopher J. O'Sullivan, 28, of New York.

Sgt. Tyrone had been in the Marine Corps since 1951, and had served in Korea and as a drill instructor at Parris Island, S. C. before going to Viet Nam just a few weeks ago. In addition to his brother he is survived by his wife, two daughters, one sister, and his parents who live in Carbon, Tex.

In the heavy fighting in the Quang Ngai area over the weekend, an estimated 600 Viet Cong and more than 500 South Vietnamese troops were casualties.

Today South Viet Nam and U.S. Air Force and Navy planes hammered the Hoi An ammunition depot, roads, ferries, patrol boats and bridges in six separate raids on North Viet Nam today. Two Navy F8 Crusader jets were lost. The pilot of one crashed to death. The other was rescued at sea.

South of the border, a Viet Cong band ambushed a government convoy in the central highlands and two U.S. Army advisers were reported killed and a third wounded.

The Red guerrillas struck the convoy on the Pleiku-Le Thanh Road, 220 miles north of Saigon and about 100 miles southwest of the Quang Ngai Province area where an estimated 600 Viet Cong and more than 500 government troops were casualties in heavy fighting last weekend. Two Americans, a captain and a sergeant, had been killed in that fighting.

Today's losses increased the roll of American combat dead in Viet Nam to 396. A military spokesman said at least six Americans were wounded in scattered ground and air actions during the past two days.

Delegation To Present College Plan

A delegation of 10 persons will present Scurry County's application for a junior college to the State Board of Education.

The presentation will be made at 8:30 a.m. Saturday in Austin.

The Chamber of Commerce Junior College Survey Committee met briefly Monday afternoon to make plans for the presentation. Badger Robertson, chairman of the committee, will make the actual presentation to the state board.

The state board has the authority to make an immediate yes or no decision, or it may name a committee of its own to study the proposal and conduct a public hearing.

The latter course was taken in 1963 when a proposal for a joint Scurry - Fisher County district was submitted. The application for the joint district was ultimately rejected.

The proposal this time involves a county - wide junior college district for Scurry County only.

Peace Zone Talk Slated By OAS

SANTO DOMINGO, Dominican Republic (AP) — The Organization of American States planned more negotiations with the Dominican junta today in an effort to extend the international security zone around the National Palace a block from rebel lines.

The junta president, Gen. Antonio Imbert Barrera, declared that his regime would never let the OAS take control of the battered former seat of government now held by about 350 junta troops.

"Under no circumstances will the OAS or any other foreign element be permitted to take over the National Palace," Imbert told a reporter. "Only junta representatives and junta forces will be allowed in the palace and adjoining grounds."

Col. Francisco Caamano Deno, chief of the rebel force, told a news conference he had agreed to extend the security zone boundaries to take in the three-story structure occupied briefly and sacked by insurgent troops when the civil war erupted in April.

Latin - American soldiers in the Inter-American Force could patrol the security zone line around the palace, he said. But he demanded that only a token force of junta troops be allowed to remain inside.

The rebels believe this would prevent the junta from using the palace as a base for an assault on the insurgent stronghold in downtown Santo Domingo.

Extension of the zone to include the palace grounds and an adjoining street was discussed for more than two hours Monday by Gen. Telmo Vargas, military adviser to OAS Secretary-General Jose A. Mora, and the military chiefs of the junta regime.

The palace is located in a buffer area between the security zone on the west and rebel lines to the east. Armed reinforcements are not allowed to cross the security zone to the palace.

The palace has been the scene of several recent cease-fir violations. A 14-year-old girl was killed and an OAS car fired on in the area Sunday.

Seven States Report No Traffic Fatalities

CHICAGO (AP) — While traffic deaths across the nation set a record for a three-day observance of Memorial Day, seven states reported no such fatalities. They are Alaska, Delaware, Maine, Hawaii, New Hampshire, Nevada and Rhode Island.

Scurry Going Back Into 19th District

If the 11th hour redistricting bill passed by the 59th Legislature stands up, Scurry County will be returning to the 19th Congressional District.

The bill, which finally came out of a conference committee and gained approval of both houses will swap Scurry County for Mitchell and Howard Counties by putting Scurry in the 19th District and aligning Mitchell and Howard in the 17th District.

For Scurry County it will mean a return to the district it was in prior to 1959. However, for Mitchell and Howard it will mean their first change since the 19th District was created in 1934.

Rep. George Mahon has been the representative from the 19th District since it was formed, while Rep. Omar Burleson is the present representative of the 17th District.

The new lineup also adds Midland County to the 19th District, giving Rep. Mahon 17 counties extending from Midland on the south to Hale and Floyd on the north, and from Scurry on the east to Gaines and adjacent counties on the west.

Rep. Burleson's district under the new plan has 24 counties extending from Howard and Glasscock Counties to Palo Pinto County and from Concho to Haskell County.

Negroes Vow To Continue Pickets

SELMA, Ala. (AP) — Negroes angered by new civil rights arrests promised continued picketing of white merchants today and began a drive to integrate Selma schools.

Dr. Martin Luther King Jr. announced a massive Southwide voter registration campaign designed to double the number of Negro voters within weeks after the expected passage of a new federal voting law.

King made an unscheduled visit to Selma Monday night to add his voice to the chorus of protests over the arrests of 32 Negro pickets carrying boycott signs in downtown Selma. The arrests Monday brought to 132 the number taken into custody since Saturday.

A Selma Negro leader, the Rev. L. L. Anderson, told cheering followers at a mass meeting Monday night, shortly before King spoke, that "commencing tomorrow, we are going to fill the streets up."

He said Negro demonstrators would "sleep there, eat there, and have church there." He said the day-and-night vigil this time would take place in the streets in West Selma, "where the (white) business people live."

King made no mention of specific plans for renewed demonstrations, but he told the throng jammed into Browns Chapel AME church that Selma's public safety director, Wilson Baker, "might as well know that we want to picket. And if we want to picket, we're going to picket if it takes filling up the jail."

City police under Baker's command made the arrests Saturday and again Monday. Adult Negroes among the pickets were charged with violating Alabama's anti-boycott law; juveniles were released.

Baker, critical of the mass arrests by Sheriff James G. Clark's deputies earlier in the civil rights campaign, has refrained from taking demonstrators into custody in the absence of what he called a clear-cut violation of the law.

King, meanwhile, urged Negro parents to attend a meeting called for tonight to organize a school integration campaign.

The Selma School Board has agreed to desegregate the first, second, third and fourth grades next September, but the drive is aimed at all 12 grades in grammar and high school.

At Selma, and a few hours earlier in a commencement address at Tuskegee Institute, 90 miles to the east, King challenged white moderates in Alabama to cry out against racial injustice wherever it exists.

Connally Praises 59th Legislature

AUSTIN (AP)—The 59th Texas Legislature was history today after a final day marked by praise from Gov. John Connally and a few last minute changes in the congressional redistricting bill.

The lawmakers adjourned Monday night after a round of speeches in praise of the Senate's new president pro tem, Sen. A. R. Schwartz of Galveston.

In a rare move, the governor addressed a joint meeting of the two houses and called the assembly "the most productive of any session in this century."

Last minute business included instructions for legislative clerks to shift nine counties in four districts before sending the congressional remap bill to the gov. [illegible] for signature.

Schwartz and Rep. John Alaniz of San Antonio each warned that revising the bill through concurrent legislative resolution violated the state Constitution and might lead to invalidation of the measure by the courts.

Key changes include transfer of Blanco County — President Johnson's voting residence — from Congressman O. C. Fisher's 21st District to the 10th District of U.S. Rep. J. J. Pickle, a personal friend of the President. Pickle now represents the county

San Patricio, Goliad and Live Oak counties were switched from the new Dist. 13 in South Texas to U.S. Rep. John Young's Dist. 14.

Other changes moved Wharton County to Pickle's district and removed Comal and Lavaca counties. Young's district lost Dewitt and Wharton counties. Fisher's district received Gonzales County. Dewitt, Medina and Lavaca counties were shifted to Dist. 23.

POLICY STUDY

US Proposes NATO N-Panel

By JOSEPH E. DYNAN

PARIS (AP) — The United States has proposed that a committee of four or five NATO members be set up to study nuclear policy and procedures for the Atlantic Alliance to give America's allies a bigger voice in nuclear decisions.

Defense Secretary Robert S. McNamara advanced the proposal to a session of the defense ministers of the North Atlantic Treaty Organization. It apparently was a new U.S. effort to meet demands of France and other NATO partners for a voice in the life-and-death decisions that might face the West in a future crisis.

McNamara said the committee should meet as promptly and frequently as necessary to study:

— How to expand Allied participation in planning the use of both strategic and tactical nuclear forces.

— Methods for quick consultation among NATO members on any decision to use nuclear forces. This could include "hot lines" between NATO capitals.

McNamara said the United States wants to join other NATO nations in working out measures to provide greater "nuclear participation" for members so desiring.

He said this would be in addition to anything the alliance might do about the controversial proposals for a multilateral nuclear force (MLF) or an Atlantic nuclear force (ANF). Both projects have encountered stiff opposition from French President Charles de Gaulle.

McNamara did not specify whether the proposed committee would control the nuclear trigger or if it would operate by unanimity or majority decision.

Under present U.S. law, control of U.S. nuclear weapons rests with the U.S. president. This gives the United States a veto over any Allied use of nuclear arms except for the relatively small British and French stockpiles.

McNamara declared that the Soviet attitude has changed a great deal since the Cuban missile crisis of 1962 and there is far less danger of a massive Soviet attack.

He suggested that NATO should be more concerned about friction over Berlin or troubles in Eastern Europe that might spread to the NATO area.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I received a notice from the government that I owe them money on my income tax and I haven't been able to sleep nights. What should I do?

CHARLIE

DEAR CHARLIE: Send the Department of Internal Revenue a card telling them you, with your conscience, can't sleep nights, send them the balance.

• • •

DEAR ABBY: My sister asked me to write this to you. I just gave her a few facts of life. She fell into the "we-are-going-to-get-married- anyway - so-why-wait?" trap. I used to use the same line myself, but never on a "nice" girl. I told my sister than when a guy can get a girl without marrying her, he loses respect for her, and he certainly doesn't want a wife he can't respect. After a guy gets to a girl, this is what she represents to him, and every time he sees her, that's all he thinks of. When I saw what was taking place with my sister, I gave her the male point of view. She's a smart girl so she broke off with the bum. She had a few bad months, but now she's going with a decent guy and is doing a good job of building her self-respect. If girls would only remember they aren't married until after the ceremony, and that lots can happen before that!

I can forgive a girl for making one mistake when she is young. But if she repeats it, it's HER fault because she should know better. So, Abby, please tell your readers to write this for young girls who don't have brothers to tell them what I gave to my sister.

BIG BROTHER

DEAR ABBY: I need your help. I have a neighbor. She is constantly coming over here and crying on my shoulder. She tells me stories about how unfair her husband is and she also keeps harping on all her aches and pains. Abby, I am not a well woman myself and I can't take much more of her. Sometimes she will get me on the telephone and talk for hours. I'm afraid if I tell her off she'll talk about me to the whole neighborhood. I feel very sorry for her, but this has gone too far. What should I do?

FED UP

DEAR FED: If the poor woman is mentally ill and needs someone to talk to, it would be cruel to "tell her off." But if she's just a gabby busybody with a lot of time on her hands, she should be discouraged by consistent rebuffs. When she phones, tell her you are busy and can't talk to her. And when she appears at the door, tell her you have much to do and are unable to visit. It may seem unkind, but unless you want to make a career out of being this neighbor's wailing wall, you'd better heed the advice.

• • •

DEAR ABBY: I've always been taught never to use anybody else's comb or brush and not to let anyone use mine. We have even been told this in health class at school. But some girls still ask to use my comb. Some of the kids have dandruff and don't always keep their hair clean. I don't know how to say no without hurting people's feelings and giving them the idea that I am "stuck-up." What should I do? Please print this as it might help others with the same problem.

DEAR UNWILLING: Go to the dime store and buy a comb. Keep yours neatly tucked away for your personal use and when a borrower asks for your comb, give her the loaner.

• • •

DEAR ABBY: I was glad you didn't give much comfort to the person who asked you what you thought of grown men ending a business conversation on the telephone with "bye, bye."

If you were to spend much time around the White House, you'd hear President Johnson terminate almost every conversation that way.

NOT GUESSING

Problems? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self - addressed envelope.

Police Issue May Report

The report for the month of May, issued today by the Snyder police department, shows a total of $4,891 to be assessed in fines during the month by the corporation court.

Of the total amount, $1,656 was for violations other than traffic, and $167 of this total was credited for time spent in jail.

As usual, speeding violations topped the list of traffic offenses with 114 citations being issued.

In non-traffic violations, charges of public intoxication again headed the list with 12 arrests being made.

The department reported 18 traffic mishaps during the month, with six injuries reported. No fatalities were recorded within the city limits during the month.

Police department vehicles covered 25,141 miles during the month in performance of their duties.

Carol Cavender Wins Another Scholarship

Carol Cavender, salutatorian of the Snyder High School Class of 1965, has been awarded a National Honor Society scholarship, it was learned today.

Miss Cavender daughter of Mr. and Mrs. H. L. Cavender, already had been awarded a National Merit Scholarship at the University of Houston. She had been informed several weeks ago that she was a finalist in competition for the National Honor Society scholarship.

New Pickets For Bogalusa Duty

BOGALUSA, La. (AP) — Negro civil rights leaders called up new pickets today for duty on downtown sidewalks that have been the scene of bitter fighting.

Despite heavy police guard, white men charged Negro pickets three times Monday. Some swung iron pipes and clubs. Fifteen whites and 12 Negroes were arrested.

A. Z. Young, president of the Bogalusa Civic and Voters League, rejected pleas to stop the picketing until the situation cools. He said if police handled the matter properly there wouldn't be any violence.

Col. Ben Begnaud, assistant superintendent of state police, had 124 troopers on hand to back the 36-man city police force, 12 deputy sheriffs and 40 auxiliary policemen.

Mayor Jesse Cutrer denied reports that the National Guard would be called out unless the situation improves. He conferred with Gov. John McKeithen by telephone Monday night.

At a league rally Monday night, Robert Hicks, vice president, announced he had been informed that the Congress of Racial Equality was ready to back them with 500 volunteers from chapters across the nation.

League officials said police made no effort to make whites obey a city ordinance which forbids loitering in groups of more than three.

Police Commissioner Arnold Spiers said it was difficult for police to determine who was loitering and who was shopping.

There were about 600 white men milling around a two-block stretch of Columbia Road, the main street, during much of the business day. There were few Negroes, other than the pickets — limited to two per store.

Baptists Hear Pastor From Houston

DALLAS (AP)—All the roadsigns of moral decay point "toward a hell bearing a made in America label," a Texas minister told the Southern Baptist pastors' conference today.

The Rev. Ralph Langley, pastor of Willow Meadows Baptist Church in Houston, said that in consequence this nation's "war on poverty had better include a potent spiritual war on the poverty of immorality."

He addressed a gathering of more than 8,000 preachers which is a preliminary to the opening of the Southern Baptist convention tonight.

"Ours too often is a nation bowing down to the almighty dollar instead of to the Almighty God," the Rev. Mr. Langley said.

He appealed for a rediscovery of Christian character especially in terms of race relations, asserting that both the Negro and white races need more people of godlike character.

"What is Christian character?" the Houston minister asked. "Somebody says it is marching from Selma to Montgomery. Somebody else says it's standing still—not marching at all, but reasoning with calm and Christlike courage to get divided races back together."

Dr. James Coggin, pastor of Travis Avenue Baptist Church in Fort Worth, was elected president of the Southern Baptist pastors Monday night.

Teacher Decides Relief Pays Better

LONDON (AP) — A schoolteacher gave up her job today and went on relief so that she'll be better off financially.

"I want to be a teacher, but I can't afford to live on the pay," said Jean Owens, 40.

Pleads Not Guilty

William Earl Bounds of Snyder entered a plea of not guilty this morning in county court on a charge of child desertion.

Bond in the case was set at $500.

Dismissal Of Indictments Due Review

WASHINGTON (AP) — The Supreme Court agreed today to review dismissal of indictments against six Georgia men accused in the shotgun slaying of Lemuel A. Penn, a Negro educator of the District of Columbia.

The federal indictments charging conspiracy were dismissed by U.S. Dist. Judge W. A. Bootle of Macon, Ga. He found the Justice Department had failed to show violation of federal law.

Appealing directly to the Supreme Court, the department said "terrorism, intimidation and reprisal directed at citizens because they are members of the Negro race are matters of national concerns properly invoking national action."

The Supreme Court will hear arguments in the case in its new term that begins next Oct. 4.

Penn was shot the night of July 11, 1964 near Athens, Ga. He was a director of adult and vocational education in the District of Columbia school system and was a lieutenant colonel in the Army Reserve.

He was shot in an automobile in which he and two other Negro reserve officers were returning to Washington after two weeks of duty at Ft. Benning, Ga. Shotgun blasts were fired at the car from a passing automobile.

The conspiracy indictments were based on an 1870 statue and the 1964 Civil Rights Act. But Bootle said Congress did not intend the 1870 law to apply to such a case and he found the 1964 Civil Rights Act in no way aided the prosecution.

Those who had been indicted were Cecil Myers, Joseph Howard Sims, Denver Willis Phillips, George Hampton Turner, Herbert Guest and James S. Lackey.

Washington Solons Face Busy Week

WASHINGTON (AP) — Congress returned from its long Memorial Day weekend today to face a busy week involving several major votes.

The House schedule was by far the busier.

On tap today was a vote on a $2-billion appropriation for the State, Justice and Commerce departments. Little debate was expected.

Wednesday, the House takes up the proposed $11-billion cut in federal excise taxes. This would eliminate most excises during the next four years, including the 10 per cent tax on automobiles.

Also on the House calendar this week are measures to continue the President's power to propose, subject to congressional veto, reorganizations of executive departments and to increase the national debt limit from $324 billion to $328 billion.

Amid all this, House backers of a voting-rights bill hope the Rules Committee will decide to clear the legislation for a final vote. The Senate passed its version of the voting-rights bill last week.

Blocks of salt still serve as currency in parts of Ethiopia.

Destroyers Head For Recovery Stations

YOKOSUKA, Japan (AP) — Four 7th Fleet destroyers left today for mid-Pacific recovery stations for the Gemini 4 space flight Thursday.

Although the spacecraft carrying astronauts James A. McDivitt and Edward H. White II is scheduled to land in the Atlantic, Pacific recovery units will remain on station throughout the flight in case recovery in their area is necessary.

THIRTY-NINE MUSIC STUDENTS participate in annual recital.

Music Students Present Annual Spring Concert

Bethel Studio of Music pupils were presented in a Spring Concert Saturday evening at 7 and 8 o'clock. Elementary pupils played first with intermission followed by junior high and high school pupils.

Those participating were: Becky Bruce, daughter of Mr. and Mrs. Robert Bruce; Mark Brock, son of Mr. and Mrs. Ben Brock; Jana Bullard, daughter of Mr. and Mrs. James Bullard; Therisa Campbell, daughter of Mr. and Mrs. Fred Campbell of Hermleigh; Sharon Carter, daughter of Mr. and Mrs. Garth Carter; Ronald Clinton, son of Dr. and Mrs. Robert Clinton; Laurie and Amy Dozier, daughters of Mr. and Mrs. Marvin Dozier;

Lynn Denton, daughter of Mr. and Mrs. Bill Denton; Betty Foree, daughter of Mr. and Mrs. Carl Foree; Jenifer Godair, daughter of Mr. and Mrs. Homer Godair; Lisa Graham, daughter of Mr. and Mrs. Jim Graham; Debbie Hanback, daughter of Mr. and Mrs. Lester Hanback; Diane Hargrove, daughter of Dr. and Mrs. Robert Hargrove; Judy Lynn and Susie Hendrix, daughters of Mr. and Mrs. Marvis Hendrix; Linda Hicks, daughter of Mr. and Mrs. Robert Hicks;

Vicki Hinshaw, daughter of Mr. and Mrs. Hershal Hinshaw; Cheri Hollis, daughter of Mr. and Mrs. Milton Hollis; David McCommas, son of Mr. and Mrs. D. W. McCommas; Raleen Martin, daughter of Mr. and Mrs. Barber Martin; Debra Norton, daughter of Mr. and Mrs. Wilbert Norton; Jacque Patchell daughter of Mr. and Mrs. Jack Patchell; Retha and Renee Patterson, daughters of Mr. and Mrs. J. B. Patterson;

Kay Pitner, daughter of Mr. and Mrs. K. O. Pitner; Joan Shelburne, daughter of Mr. and Mrs. D. D. Shelburne; Connie and Caroline Stansell, daughters of Mr. and Mrs. C. E. Stansell; Jacque and Jamie Stehley, daughters of Mr. and Mrs. Jim Stehley; Revin Stoker, daughter of Mr. and Mrs. Richard Stoker; Susan Sullenger, daughter of Mr. and Mrs. Bill Sullenger; Tony Thomas, son of Mr. and Mrs. Clifton Thomas;

Shannon and Shelley Traugott, daughters of Mr. and Mrs. Jim Traugott; Garry Sutton, son of Mr. and Mrs. Sherman Sutton; Lynda Wade, daughter of Mr. and Mrs. M. L. Wade; Molly Walker, daughter of Mr. and Mrs. R. J. Walker; Janet Womack, daughter of Mr. and Mrs. Wright Womack; Vee Ann Johnson, daughter of Mr. and Mrs. Bob Johnson; Michele Graves, daughter of Mr. and Mrs. Wesley Graves; Don Montgomery, son of Mr. and Mrs. Melvin Montgomery was out - of - town and could not play.

Presentation of awards followed each recital. First came the presentation of the Guild certificates and pins to those who participated in Guild. Recognition went to Susie Hendrix and Ronald Clinton for attaining the distinction of being in the Top Critic's Circle. Clinton made the highest grade one can make at the Guild.

The Music Book Award went to Lisa Graham with 7,146 points. Runner-up was Raleen Martin with 5,988 points. To gain points for this award one makes public appearances at school, club or church, read composers books, attend and listen to music concerts of all types, plus memory work and etc.

The Grand Jubilee Award was a three way tie between Jana Bullard, Vicki Hinshaw and Lynn Denton. This award goes to the student who prepares and memorizes his Guild pieces first. The Jubilee Award is the runner-up and went to Mark Brock.

The last award was for the student who had made all excellent lessons and one good lesson for the entire nine months. This award went to Raleen Martin and Revin Stoker. The runner-up was Vicki Hinshaw with all excellent lessons and one OK lesson.

In the junior high and high school section, Molly Walker and Susie Hendrix had all excellent with only one good lesson for the entire year.

First place gold medals were presented to Ronald Clinton for winning in event 16, 21, 22 in the 1965 Biennial Piano Recording Competition sponsored by National Guild of Piano Teachers.

Mrs. Bethel expressed appreciation to parents for their cooperation during the year, and said she was very proud of the students for their outstanding accomplishments at the Guild.

WOMEN

HE Teachers To Attend Odessa Conference

The Snyder Homemaking Teachers, Mrs. Howard Gracey, Miss Jean Smith, Mrs. Dan Martin and Miss Vera Periman, will attend the Area In-Service Education Conference in Odessa, June 3rd and 4th.

The emphasis for this conference will be on "The Concept and Generalization on Approach to Curriculum Development and Teaching". Miss Virginia Tompkins supervisor of Homemaking Education, Odessa Public Schools, and Mrs. Elizabeth F. Smith, Texas Education Agency, Vocational Education Division, Home and Family Life consultant, will lead the conference.

Clinching Argument

For the homemaker who needs a clincher in her campaign for a new terrace, save this for the finale: every square foot of paved terrace means a square foot less lawn to mow. A spacious terrace of weatherproof, easily maintained ceramic mosaic or quarry tile means that the family lawn mower can spend more time at ease in the shade.

PRODUCTION MANAGER—J. S. Bottler Jr., production manager of Humble Oil and Refining Company's Evansville, Ind., area has been named production manager in Humble's Midland area. He succeeds R. R. McCarty who was recently promoted to production manager of Humble's Southwest Region in Houston. A native of Bartlesville, Okla., and a graduate of Rice University, Bottler was named area production manager of Humble's Chicago Area in 1962 and its Evansville Area in 1964.

Solons Leave Two Bills Incompleted

AUSTIN (AP)— Senators lost two major bills Monday in the shuffle of their final day, including one to create a commission to study economy in government.

Sen. H. J. Blanchard of Lubbock and Sen. Dorsey Hardeman of San Angelo blocked action on the measure with extended discussion.

Its sponsor, Sen. Bill Patman of Ganado, had failed in attempts to debate the bill several times during the session because of Hardeman's delaying tactics, which at one time prevented consideration of House bills in the Senate for two weeks.

The bill would have created a nine-man "Little Hoover" Commission to make recommendations for economy in state government.

Sen. Bruce Reagan of Corpus Christi unsuccessfully sought approval of his bill to let lenders charge up to one and one-fourth per cent interest per month on loans over $5,000 to corporations.

Alcoa And Labor Reach Agreement

NEW YORK (AP) — The Aluminum Co. of America reached agreement with three AFL-CIO unions today on the eve of a threatened industry-wide strike. The agreement set the pattern for the rest of the industry.

Pacts wre reached with the United Steelworkers, the United Auto Workers, and the Aluminum Workers International Union.

The settlements left only negotiations between the Aluminum Workers and Reynolds Metals.

Alcoa announced immediate price increases and the rest of the industry was expected to follow suit.

The contract deadline was last midnight (EDT).

Although Aluminum Workers International leaders here did not call a strike, at least one plant was struck, and pickets appeared at others.

A high steel union source said early today that the Steelworkers also had reached agreement on the same Alcoa economic package with Reynolds, Kaiser Aluminum and Chemical Corp., Olin-Mathieson Chemical Corp., and the Ormet Corp.

The new agreements affect some 37,000 employes in the industry, 32,000 of them members of the Steelworkers' Union.

Alcoa called its price increases "partial price restorations" on virtually all fabricated products.

The new price increases, Alcoa said, involve varying adjustments up to one cent a pound. They apply to all forms of sheet and plate, soft and hard alloy extrusions, foil, wire, rod and aluminum bronze powder.

The basic agreement reached by the Steelworkers and Alcoa called for a 50.1-cent-an-hour package increase over three years. Included is a new pension program which gives any 30-year employe the right to retire at will.

Wage rates in the industry have ranged from $2.19 to $3.60 an hour, with the total labor cost estimated at $4.10 an hour.

It has been announced that there will be no more reservations taken at the Girl Scout Camp Ila Rue.

The camp is to run June 21-25 and due to their quota there will be no more reservations accepted.

High Death Rate Blamed On Irresponsible Driving

By The Associated Press

Traffic deaths for a three-day Memorial Day holiday have pushed to a record high for the second year in a row and the National Safety Council said the blame rests "largely on incompetent and irresponsible driving."

"More and more must be done to improve the nation's driving skills," said Howard Pyle, council president.

Pyle said reports on highway traffic accidents throughout the weekend showed that mistakes in driving judgment posed the major problem.

He said the record bears out the findings in a recent nationwide drivers test in which a very high percentage of the participants failed to qualify as safe drivers.

Several multiple-death accidents helped swell the national total to 450 — for the period from 6 p.m. local time Friday to Monday midnight.

The old record of 431 traffic fatalities was set in 1964.

Three spectacular auto smashups in the area of Needles, Lone Pine and San Jose, Calif., snuffed out 16 lives.

A head-on collision on a desert highway near Needles, Saturday killed six and left an 11-year-old girl the only survivor.

An almost identical smashup in the High Sierra foothills Sunday near Lone Pine took five lives, leaving an 8-year-old girl as survivor.

Three men and two women died Saturday in a collision on a freeway north of San Jose.

For comparative purposes, The Associated Press made a survey of highway fatalities for the three-day non-holiday weekend period from 6 p.m. Friday, May 14, to midnight Monday, May 17. The death toll during the period was 387.

The lowest postwar traffic death toll for any three-day observance of Memorial Day was 204 in 1948. The record high for any three-day holiday period was 609 during the 1955 Christmas season.

Scientists Study Data On Eclipse

HILO, Hawaii (AP) — Scientists, back from an awesome flight in the moon's shadow as it raced across the Pacific at 1,700 miles an hour, today pored over their observations of a total solar eclipse last Sunday.

The 30 men, jubilant over a mission they called highly successful, flew in a specially modified jet transport of the National Aeronautics and Space Administration and conducted 13 experiments.

"The flight was perfect, and every experiment worked," said Dr. Michel Bader, director of NASA's Ames Research Center and leader of the eclipse expedition. "It was a really fine success."

The scientists don't expect to know possibly for months whether they've learned any of the sun's secrets. But they know that they will not soon forget their close-up view of nature's most spectacular show.

David Perlman, science writer for the San Francisco Chronicle the only newsman aboard the eclipse plane, described the phenomenon as seen from 39,500 feet.

"Flying at nearly 600 miles an hour, the scientists observed the eclipse through their instruments for 9 minutes and 42 seconds."

The airborne observatory intercepted the eclipse after a 2,000-mile chase about 2,110 miles southeast of Hilo. The intercept was "dead-on — precise to the second and accurate within a mile."

The eclipse was entirely over water, from the tip of New Zealand 8,000 miles eastward to the coast of Peru.

"Through dark glasses, the sun's left edge appeared mutilated by a small nibble of darkness. Dr. Bader continued a countdown. The sun turned steadily into a shining crescent as the moon eclipsed it more deeply," Perlman wrote in a pooled dispatch.

"As the moon's disc advanced farther across the sun, the sea took on a twilight cast of blue-gray. The clouds above the ocean turned from yellow to orange, then dull-pink. It was sunset at midmorning."

NASA scientists and space experts from Belgium, the Netherlands, Italy and Switzerland attended to their instruments as the moment of totality approached. Among their tasks were recording corona brightness, air glow, comets speeding toward the eclipsed sun, spectrographic observations and magnetism.

The full shadow of the moon overtook the eastward-winging plane.

"A final, intense burst of tiny dotlike gleams shone from the lost sun's edge — the few seconds of light in which the last rays of the eclipsed sun showed through the mountains of the moon.

WEDNESDAY, 4 P. M.

Tigers Out To Win Bi-District Crown

Coach Speedy Moffett's Snyder Tigers will be out to win the bi-district championship from the Hirschi Huskies Wednesday at 4 p.m. in Towle Memorial Park.

The Tigers have already won the first game of the three game set off of the Wichita Falls team. A Wednesday victory for the Tigers would eliminate the Huskies from the state playoffs and send the Snyder team to regional competition. If the Huskies are able to win Wednesday's game, a third game will be played at 2 p.m. Thursday again in Towle Memorial Park to decide the bi-district champion.

The Tigers took an 8-5 victory in the first game of the series in Wichita Falls last Saturday in an error-struck contest. Both teams committed four errors, Huskies. and there were a total of seven unearned runs scored. With both teams playing below capabilities in Saturday's game, Wednesday's game should live up to expectabilities.

Snyder will have two main assets going for them in this second game. First, they will have the home field advantage, and second they already have a victory over Hirschi. By winning the first game the Tigers have put the pressure on the Huskies. The Huskies will have to win the remaining two games to remain in contention.

In that first game, Snyder scored eight runs on 12 hits while Hirschi managed to score five runs on five hits. Four of the huskies' five runs were of the unearned variety. Snyder's four errors virtually kept the Huskies in the game.

The winner of the Snyder - Hirschi series will meet the winner of the Kermit - Hereford series. At this point Kermit owns a 10-0 victory over Hereford. They play again next Thursday afternoon in Hereford, and if a third game is needed, they will play a doubleheader. These winners will play in the regional competition.

Jerry "Bear" Owen will take the mound for the Tigers Wednesday, and will be trying for his seventh straight win without a defeat. On the season, Owen has a 8-5 record, but has come on very strong in the late stages of the season. Pete Padron, the Hirschi ace, is the probable starting pitcher for the Huskies. Padron was lifted for a relief pitcher in the seventh inning of last Saturday's game. Owen was the victory in that particular game to nail down his sixth straight win. He will be out this time for the game deciding bi-district win.

The starting lineup for the Snyder Tigers will be: Drew Bullard, second base; David Cadena, center field; Kennie Gay, catching; Leslie Brown, shortstop; David Holt, third base; Mack Galyean, rightfield; Roy Kizer, first base; Jay Williamson, left field; Jerry Owen, pitching.

The Tigers must be given the edge in the series, but they will have to prove it to the Hirschi Huskies.

Jimmy Clark Is Indy Race Winner

INDIANAPOLIS (AP) — The bagpipes played long and loudly for Scot Jimmy Clark's record-smashing big Indianapolis 500-mile auto-race triumph in a safe sane but mechanically fatal Memorial Day motor classic.

It was the first victory by a foreigner since the 1916 race was won by Italy's Dario Resta.

However, paeans also sounded for the greatest showing by rookie drivers, who won five of the first nine places in Monday's methodical grind which bowled out ailing machines like ten-pins.

The new breed of rear-engine speedsters, 27 in all against four one-time Offenhauser roadsters and two ill-fated Novis, was far less durable than the new breed of drivers.

Twenty - two cars were knocked out of the race, most of them before it was half finished, leaving only 11 running when Clark won with a record average of 150.686 m.p.h., about five miles ahead of runner-up Parnelli Jones of Torrance Calif., the 1963 champion.

Nine of 17 rear-engine Fords and nine of 10 rear-engine Offys limped off the track. Two of the four Offy roadsters finished, but neither Novi did

Third was Italian-born rookie Mario Andretti, now from Nazareth, Pa., who as well as Clark and Jones shattered the former record of 147.35 m.p.h. set by 1964 winner A. J. Foyt, of Houston, Tex.

Luckless Foyt, Monday's pole driver and also 1961 champion, virtually handed the race to Clark when the transmission failed on his modified Lotus-Ford after battling the Scot closely for 290 miles.

Then, all the slick-driving bachelor farmer from Duns, Scotland, had to do was keep his snarling green and yellow Lotus-Ford on the beam for a no-contest triumph.

That set off a screeching band of bagpipers, led by two tethered Scottish terriers.

The last half ot the 200 whirls around the 2½-mile Speedway found the more than 220,000 fans applauding the tight second-place battle between Jones and Andretti.

With a cupful of fuel in his tank, Jones loafed under the checkered flag with a 149.2 m.p.h. average for second and the 25-year-old Andretti, also driving a rear-engine Ford, was third with 149.1 m.p.h.

Jones, who loaded only 25 gallons in his 55-gallon-capacity car in his last pit stop, ran out of fuel on the post-finish lap.

Behind Andretti, other placing rookies were Gordon Johncock, Hastings, Mich., fifth; Mickey Rupp, Mansfield, Ohio, sixth; Bobby Johns, Miami, Fla., eighth; and Al Unser, Albuquerque, N.M., ninth.

Fourth went to Al Miller, "sophomore" driver from Standish, Mich., while Don Branson, Champaign, Ill., making his seventh start, was seventh; Eddie Johnson, Cuyahoga Falls, Ohio, 12-year veteran, 10th; and Len Sutton, Portland, Ore., starting a seventh time, was 11th in the only surviving entry.

Brownfield Players To Use Hoe Handles

BROWNFIELD, Tex. (AP)—A farm labor shortage in Terry County may be eased by the Brownfield High School football team this year.

Coach Douglas Cox said he believes farm work can be a good physical conditioner for boys, so he is serving as a job locater for boys willing to work on farms.

County Agent James Foy said farm hands are scarce because the bracero program ended.

Cox has placed five boys. He has names of 10 more who want jobs.

Spangler Traded To Angels For Pitcher

HOUSTON (AP)—The Los Angeles Angels today traded right-handed pitcher Don Lee to the Houston Astros for outfielder Al Spangler, a left-handed hitter.

Lee, 31, has been with the Angels for three years. He played in 10 games this year for a 0-1 record and a 6.43 earned run average.

Spangler, 31, has been with Houston since the Astros were organized. This year he hit .214 in 38 games, including one homer and seven runs batted in. He had a lifetime average of .271 at the start of the season, his sixth year in the majors.

They Did It! Three Games In One Afternoon

HOUSTON (AP) — Kashmere Gardens of Houston and Moore High of Waco got tired of trying to get their state Negro schoolboy baseball series started.

Rain had put it off for two days.

So they determined to run it off in one day even if they had to play three games.

They did Monday with a rest of only 20 minutes between games.

Kashmere won the first game 8-3. Moore won the second 10-0 and Kashmere took the third 2-1 for the championship.

Bob Degrate of Moore had quite a day. He pitched a no-hit, no-run game in the second and also worked the third. He lost that one 2-1.

Whitey Lockman, former Giant coach, will instruct minor leaguers in the Chicago Cub chain this season.

Cards And Yanks Take LL Victory

The Cardinals continued their winning streak by downing the Braves 9-3 while Yankees slipped by the White Sox 4-2 Monday night.

The Cardinals scored two runs on a third inning home run off the bat of Glen Rambin to break a 3-3 deadlock and went on to win the game. Terry Bell was the winning Cardinal, pitcher while Mark Hargrove took the defeat for the Braves.

The Yankees scored two insurance runs in the fifth inning to ice down their win over the White Sox 4-2. The White Sox scored single runs in the fifth and sixth, but could never close the gap. Marvin McClanahan was the winner, and Jack Tovar the loser.

Farm League Action Wild

The Yankees drubbed the White Sox 21-7 while the Cardinals downed the Braves 4-0 in Farm League play.

The Yankees scored seven runs in three different innings while the White Sox scored all seven of their runs in the first inning. The game was a shortened four inning game.

In the National League, it was little N. C. Smith that pitched a shutout for the Cardinals. He allowed only one runner to reach third base. At one time in the game he had retired 11 Brave batters in a row. The Cardinals scored their first run in the second inning which proved to be enough even though they scored three more in the game.

Las Cruces Is Victor Over Snyder In Polo

The Snyder Polo Team traveled to Hobbs, N.M., last Saturday and Sunday to meet Las Cruces in a polo match.

The Snyder team dropped both matches of the two match series. In a Saturday afternoon game the locals dropped a 12-9 decision while on Sunday afternoon they lost by a score of 9-7.

The Las Cruces team placed third in the world championship competition.

The members of the Snyder participants were: Duaine Davis, Cecil Lankford, A. T. Smith, L. J. Mueller, Benny Minor, Rudy Minor, Willis Cumbie, Robby Robinson, Ansan Martin, O. E. Jackson. The manager of the team is R. R. Duck.

Midland Athlete Killed By Discus

MIDLAND (AP)—A Midland Lee High School athlete died Sunday from head injuries suffered April 14 when he was struck by a ½ pound discus.

Robert Drake III, 16, was struck by the wood and metal discus after he hurled it into the face of a 40 mile per hour wind during practice.

Dodgers, Yankees In League Wins

The Dodgers downed the Buffs 8-4 in Pony League competition while in the Colt League it was the Yankees drubbing the Red Sox 12-4.

The Yankees scored five runs in the second inning to break a first inning tie of 2-2, and went on to win going away 12-4. Roy Hunter was the winning pitcher for the Yankees while Bob Hall absorbed the loss.

In the Pony League, the Dodgers scored two runs in the first inning and were never touched after that. Bennie Ward was the winning hurler while Jay Kidd took the defeat. The Buffs made a come back try in the sixth by scoring four runs, but fell short of the eight point deficit.

Tulsa Oilers Have Won Four Straight

By The Associated Press

Tulsa's rallying Oilers have won four straight, and it has had a profound effect on the Texas League race.

In the first place the Oilers have moved only a half-game back of Dallas-Fort Worth in the Eastern Division. In the second place Tulsa has enabled Albuquerque to take over the lead in the Western Division.

Monday night Tulsa beat El Paso for the fourth straight time, taking the Sun Kings down 6-2 behind Clint Stark's one-hitter, and knocking them into second place.

Albuquerque whipped Dallas-Fort Worth 6-2 to make it two straight over the Eastern Division leaders. Thus Albuquerque went into first place in the Western Division by a game over El Paso.

Austin also moved up on Dallas-Fort Worth when the Braves beat Amarillo 8-5 to make it three in a row over the Sonics. The Braves are 2½ games away from Dallas-Fort Worth and two games behind Tulsa.

Bosun, a 2-year-old colt during 1964, won four of his six starts and finished second the other two times.

Spotlight Suddenly Centers On American Businessman

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Can it be that the businessman is getting the king treatment? Is he replacing the consumer in that role? Washington, at least, seems a lot more attentive to the businessman both as a present ally and a future asset.

For some time now Americans have been reassured regularly that the consumer is king. That is because he has more money now and businessmen have been competing for it. This has made the consumer choosy, or what some like to call king. It also has helped keep prices from running away.

But of late prices h ave been rising a bit faster. This may be temporary although most people suspect that it's always easier for prices to rise than to fall back again.

There are other fields than prices in which the role of favorite may be shifting from consumer to businessman. One is in the task of keeping the economy climbing at home, and another in solving the nation's problems in its international monetary dealings.

Consumers are pretty well aware by now that what the planners of the economy expect of them is to make more money, if possible, and in any event to go on putting out almost all of this income, either on current bills or as downpayments on new ones. This keeps the economy rolling prettily.

Right now it appears that personal income and expenditure will continue to rise, but perhaps with less of a rush than that which sent the economy soaring in recent months.

So those hopeful of substantial economic growth are now looking to business as a likely source of stimulant. Business spending is going up this year and that enhances businessmen in the eyes of government economists.

Industrialist and bankers also are holding down voluntarily on sending dollars abroad for investment in overseas plants or foreign securities, or for loans to foreign governments or corporations.

This is credited with turning the deficit in the U.S. balance of payments in the early weeks of this year into a surplus in March and April. This gives businessmen and bankers considerable stature in some official circles.

Stepped up spending for plants and equipment also is pleasing to those who fear a showdown in other sectors of the economy, such as a possible reversal of the recent piling up of steel inventories and the record production of new cars.

Such business spending for expansion is now estimated as high as $51 billion this year, compared with $45 billion last year and $37 billion in 1962. The increased spending will help keep the economy rolling.

Junior Editors Quiz on VERSAILLES

QUESTION: Why did the kings of France build the palace of Versailles?

• • •

ANSWER: The name "Versailles" brings to mind a period when the power and glory of a country was proclaimed before the world by the glitter of its royal court. Nowadays, Versailles is a city in France. Once, it was simply a wooded area 12 miles from Paris. In the early 1600's, King Louis XIII loved to hunt there. Attracted by the fresh air and pleasant rural surroundings, he began the construction of a chateau or small country house in 1627. Louis XIV, even more in love with the area, decided on Versailles as the perfect permanent location for the royal court, removed from the bustle of Paris and yet conveniently close to it. After moving into the chateau, in 1682, Louis began to change it into a magnificent royal palace. Great galleries and courts were laid out, the finest of parks and gardens constructed. Soon Versailles was the nation's showpiece, to whose fetes and ceremonies came wealthy and high-born people from many parts of the world. The king whose picture we show, Louis XV, carried the development of Versailles still further. But the very opulence of Versailles helped to bring on the French revolution. The palace of Versailles remains today, but only as one of the most interesting and romantic museums of the world.

• • •

FOR YOU TO DO: In 1783, an armistice between the United States and England was signed in the Palace of Versailles. In 1919, still another agreement for peace was signed there, a very famous one. Do you know the name of this treaty and what nations signed it? If not, try to find out. 6/1

(Debbie Howe of Bristol, Conn., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Prowess Of Nungs Is Legendary

By HAL BOYLE

DA NANG, South Viet Nam (AP) — Mr. Hin fights for two things: pride and pay.

He is a Nung, one of the tribespeople who for centuries have fought as mercenaries in the wars of Indochina and China. They are ranked in the same class as the famed Ghurkas of India.

Mr. Hin is the big chief of 800 Nungs who serve as bodyguards and strike troops in northwest South Viet Nam for the U.S. Army's Special Forces.

Their prowess is legendary among the Americans along the battlefront out here, who like them because they never panic in battle.

Most Nungs range from 4 feet 10 inches to 5 feet 3 inches in height and from 90 to 120 pounds in weight. They are paid an average of 2,300 piasters a month —about $34.

Mr. Hin is a giant Nung. He stands about 6 feet, very erect and keen eyed. As sergeant major—the highest rating a Nung is allowed to reach—he gets 6,000 piasters a month, or about $82.

"I don't know how the other Nungs picked Mr. Hin, but he seems to serve also as their spiritual leader," said Maj. Richard I. Allen Jr., Miami, Fla., a Special Forces officer now on his second year of voluntary duty here.

"He admits to being 38. He is a good manager, very proud, and has absolute command of his men."

"When a Nung is too old or sick to continue, he'll usually tell you so himself," said Maj. Allen. "Pride won't let him do a bad job. He is then mustered out with a month's bonus pay and a letter giving his service record."

The Nungs represent a cross-section of the situation here in terms of both religion and experience. A few are Buddhists, a few Catholics, but most are Confucionists.

"We and the Australians train them in handling weapons," said Allen.

"They are traditional soldiers. They are absolutely loyal to leadership. They will do what they are told to do in the most pressing circumstances, and they will tear into anybody and anything.

"It isn't true that they cut off heads or collect ears. They just kill the enemy. They aren't sadistic. But I suppose if they were told to bring back enemy ears, they'd bring them back. They obey orders."

Predicts Drop In Domestic Wool Price

WASHINGTON (AP) — The Agriculture Department predicted today that domestic wool prices during the rest of 1965 will run below last year's levels.

The outlook for the U.S. wool industry between now and the first of next year is for a continued decline in sheep numbers, less domestic wool production, moderately higher mill use of apparel wool and less of carpet wool, an increase in wool imports and a rise in imports of apparel wool textile products, the department said.

The department said U.S. mohair production is expected to increase this year because of a further rise in goat numbers.

Sul Ross President Dies In Austin

AUSTIN (AP) — Dr. Bryan Wildenthal, 62, president of Sul Ross College in Alpine, died here early today.

He had been in a hospital since suffering a stroke here Jan. 8.

Services are pending.

Dies Of Injuries

FORT WORTH (AP) — John Mayo, 72, of Graham died Monday in suburban White Settlement of injuries suffered in a May 13 traffic accident. He was en route home from a wedding when a car and a pickup truck collided.

LIGHTEST MEXICO

VISTA HERMOSA, Mexico—It happened that Mr. Buck Marryat, the American Airlines press agent, dropped in for some reason or other.

And on the precise day he arrived, Mr. John Alius, who is the United Press leader in Mexico, and I were suffering from ill health. This was discussed at length in Mr. Alius' office.

"I am sure my pituitary gland is not functioning properly," Mr. Alius complained. "I feel awful."

And I said my spleen had a retarded spark which was causing me no end of trouble. Mr. Marryat said the paintings in Alius' office made him sick so it was obvious the three of us needed A Cure.

All of this was carefully diagnosed over a bottle of Cherry Herring Mr. Alius keeps on a shelf behind some books. Naturally, this is illegal with the United Press.

It is not that the UP objects to its men celebrating now and then. But it is dead against UP rules for any employee to have enough money to buy a bottle of even soda pop.

So Mr. Alius said he thought he should visit this ancient sugar mill, which some enterprising gentlemen converted into a plush resort, and check on any possible clients.

Mr. Marryat and I considered it our duty to accompany him due to his delicate state of health. A dizzy pituitary is no laughing matter.

It is one of Mexico's most unusual swimming tanks. Framed with brightly flowering trees and bushes. And an antique aqueduct, built by Spaniards who operated the old mill, arches smack across the pool.

Visitors paddle back and forth through the arches or lie in the sun, a centuries-old brick chimney looms in the sky, spreading atmosphere over the Garden of Eden grounds.

It is swimming temperature here the year around. Consequently, the old Hacienda has become a fabled resort where Mexico City goes to get barbecued in the sun and exchange symptoms.

Mr. Alius said his health was being wrecked by work. "The mere thought of papers on my desk brings on convulsions," he said. "I loathe work."

And Mr. Marryat said, "Anybody in his right mind hates work. After a few months of turning calendar pages in my office in Dallas, I become frightfully weak. I have to come to Mexico to regain my health."

"There is something about paddling barefoot around the stone floors of rooms here. Tends to rejuvenate the ailing," said Mr. Alius, "Also, the meals in this crumbling old storage section which now is the dining room have a therapeutic effect."

So, Mr. Marryat said, "I believe we should order another round of medicine from the waiter. My thyroids have no compression."

Ladies in bathing suits that looked like they were painted on strolled past, glistening with sun tan oil. Mr. Alius studied a trim creature in blue and said, "Marryat, we HAVE to figure a way to make a living without working."

And Mr. Marryat sipped his medicine and replied, "I have my entire staff working on this project, John."

For this reason, I go where Mr. Alius and Mr. Marryat go. You can never tell. They may come up with The Answer some day.

Has Ghastly Forced Ride

LACKAWANNA, N.Y. (AP) — "It was a ghastly experience," said Joseph Martin of his forced five-hour rail ride from Erie, Pa., to Lackawanna after his foot became trapped in a freight-car coupling.

The 37-year-old construction worker suffered a crushed right foot in the Sunday episode. He was reported in fair condition at a hospital here.

Martin said he was taking a short cut to his auto in an Erie freight yard. His foot caught as he climbed over the coupling between two freight cars.

Before Martin could get help, the train started moving, the coupling tightened and it was 2½ hours before he could free his right foot.

He clung to a railroad-car ladder for the last leg of the 100-mile journey.

The Nile Delta city of Damietta reported pigeons to Egypt, clean modern lofts which cost $14,350, built in villages. The pigeons did not stay deported.

Dallas Baptist Convention Both Serious And Festive

By GEORGE W. CORNELL
AP Religion Writer

DALLAS, Tex. (AP) — It was a festive outing. It also was a deeply serious occasion.

Both these contrasting elements were in evidence today as a vast host of Southern Baptists — "a peculiar people," as they call themselves — gathered here for their annual convention.

There was preliminary talk of some worrisome issues — including modern sex attitudes, racial relationships and other social questions.

But in advance of the opening session tonight, with up to 15,000 expected, the general atmosphere was that of a huge, animated family reunion.

The church "messengers" chatted on street corners, toured shops and thronged hotel lobbies — pastors, young couples, old folks, parents. Some brought their children along, nursery facilities were available at 75 cents an hour.

At their meeting place, the Dallas Memorial Auditorium, hotdog stands did a brisk trade. Balloons floated in a brightly decorated exhibit hall, along with signs with such messages as "Come Alive!" and "Tithe Now."

Girls clad in pink and blue cowgirl regalia and big Texas hats were on duty as ushers.

But as the 10.6-million-member denomination; the nation's largest outside Roman Catholicism, neared the start of its four-day convention, notes were sounded of current problems.

In regard to racial relationships — a touchy subject in the South's predominant and mainly white Christian body — the Rev. C. A. Roberts of Tallahassee, Fla., urged pastors to "re-examine your ministry" in the light of the Gospel.

"Brother pastors, ours is a new day," he told a pastors' conference, one of several sectional meetings held prior to the convention. "Your years of popularity are gone. I call you not to please your people, but rather to save them."

He told of the hostility, angry letters, anonymous telephone denunciations and other abuse he received after protesting the actions of his ushers in refusing admission of Negroes to a morning worship.

If pastors apply the Gospel to race relations and preach against prejudice and segregation, they cannot stay free "from scar or hurt or ridicule, misunderstanding or blame," he said.

But he said Christ's teachings summons them to that role today.

The race issue is not on the convention agenda, but it has bobbed up recurrently in the advance discussions, indicating that it may become a floor topic.

The Rev. Robert L. Smith of Pine Bluff, Ark., said "the whole world is watching and waiting to see what the Southern Baptist Convention will do to help solve America's racial revolution."

A physician, Dr. Donald E. Waren of West Palm Beach, Fla., also appealed for Southern pastors not to "shrink from the issues and problems of our day," including racial prejudices.

He also urged Southern Baptist churches to "enter into the field of sexual education."

Children are being given "more freedom and less supervision; then we wonder why we are having more rebellion manifest by delinquency and adultery," he said.

He said schools are not giving adequate sex education, that parents are incapable of giving it frankly, but that nevertheless children get their sex education "at a very early age and in the most sordid way."

If the job is to be done properly, he said, it is up to the church to do it.

Snyderite Is Now 2nd Lt.

ABILENE — Lesley B. Shelburne Jr. of Snyder is one of 13 seniors who received second lieutenant commissioners in the Army at the 73rd annual commencement at Hardin - Simmons University on Monday.

The 13 who completed their advanced Reserve Officers Training while working toward their degrees at H-SU were awarded their commissions at the same time they received their degrees.

Shelburne will serve in the U. S. Army Artillery.

STRANGE RIDING COMPANIONS — Jim Gillespie of Mackinaw, Ill., near Peoria, taped a wooden perch between the handlebars of his bicycle so he could take his two barred owls for a ride. Jim and a friend captured the owls in a woods near their home. The owls, nine weeks old, are kept in an outdoor cage. (AP Wirephoto)

Snyder Man On Board Of Boys Ranch

Tommy Ivison of Snyder has been installed as a new director on the West Texas Boys Ranch board.

The board will meet four times in the fiscal year of May 1965 to May 1966.

The complete list of officers and directors installed includes Claude Collins Jr. of San Angelo, president; Joseph Vander Stucken, Sonora, first vice president; Dan Gibson, Snyder, second vice president; Dennis Q. Lilly, Brownfield, secretary; Harvey Hartgrove, San Angelo, treasurer; the executive committee composed of the officers, along with four board members, Pat Bunnell of San Angelo, Ralph Logan of San Angelo, Jack Canning of Eden and Stanley Frank of San Angelo; the new directors, Joe Moss of Big Spring, John Cargile and Stanley Frank of San Angelo, Tommy Ivison of Snyder, Giles Dalby, Toby Foster and Lee F. York of Lubbock, Bill Hutcheson of Midland, Gene West of Marfa, Judge Steve Preslar and Judge Alan Fraser of El Paso.

Directors serving unexpired terms are W. T. Meriwether of Alpine, Ken Spencer of Crane, Jim Langdon of Auston, Ell Long of Monahans, Pierge Hoggett of Junction, Charlie Trigg of Eldorado, Fred Hall of Eden, Charles Lawrence of Seminole, O. D. Finegan of Del Rio, J. P. (Bum) Gibbens of Midland, Charles Nunn and Dr. R. L. Price of Sweetwater, H. D. Winters of Brady, Mrs. R. T. Waddell and Ted Dawson of Odessa, Dr. W. E. Thurjan, Dr. Gus Eckhardt and Dr. James Hooker, all of San Angelo.

Life members of the board are Fred Lindall of San Antonio, Carl Runge of San Angelo, H. B. Rees of Big Lake, Clayton Puckett of Fort Stockton and Roy Minear of Midland.

A review of the 1964-65 program showed 174 applications, but the ranch was able to accept only 27.

The West Texas Boys Ranch has grown from a one-boy institution to its present population of 64 boys in residence and 25 in placement away from the ranch. It has a national average of 8 out of 10 boys making excellent or good adjustments.

Seguin Writer Is Texas Poet Laureate

AUSTIN (AP) — Dr. Jenny Porter of Seguin has been named Texas poet laureate for 1965. Miss Bessie Rowe of Port Arthur will have the post in 1966. The alternate poet laureate for the two-year period is Miss Gracie Scott of Abilene. A committee of four legislators and the governor's executive assistant, Larry Temple, make the choices.

Sikkim is the world's largest producer of cardamom, an herb of the ginger family.

HERE'S A TURNABOUT—Instead of getting flowers, the patients at Cogdell Hospital on the second floor medical wing, decided to show their appreciation to the nursing staff there by sending THEM flowers. The morning and afternoon shifts of hospital personnel on Medical 2 are shown with the flowers they've received. In the front row, from left, are Peg Soles, Barbara Hydock, Maxine Melton, Betty Huddleston and Edna Gann. In the back row are Lorena Burleson, Dixie Blackwell, Lora Richards, Ora Wells, Pat Vineyard and Paula Carroll.

Texas Voters To Have Final Word

AUSTIN (AP)—Texans will get a chance to veto or rubber stamp actions of legislators in the fall when they vote on 11 proposed constitutional amendments.

And they'll vote on proposals in 1966.

At stake are such key programs of Gov. John Connally as long range water development, extension of the veterans' land program, repeal of the poll tax and establishment of a student loan fund.

A special Sept.7 election will determine the fate of a plan to enlarge the Senate from 31 to 39 members. Last minute efforts failed to change the election date to Nov. 2, when 10 proposed amendments will be on the ballot.

Two Nov. 2 proposals that kicked up dust in the legislature would double the present two-year terms of the governor, lieutenant governor, other officials elected statewide and the 150 state representatives.

Senators abandoned a plan to extend their terms from four to six years.

In the 1966 general election, the 14 proposals will tie the record set in 1961 for suggested amendments on a ballot.

Chairmen of constitutional amendment committees, Sen. Abraham Kazen of Laredo and Rep. John Allen of Longview, said they feared too many proposals would confuse voters into defeating even the most worthy ones.

Since the Texas Constitution was adopted in 1876, voters have patched it 158 times. They have rejected 7 projected changes, mostly in off-year elections such as this year.

A plan to streamline the Constitution failed again at the legislative session just ended.

Among proposals which won't be on the ballot are those to prohibit discrimination based on sex—the hard fought "women's rights" measure, authority for parimutuel betting, voting rights for 18-year-olds, regulation of the height of buildings near the Capitol, annual sessions of the legislature and authority to make appointive state officials, such as state college regents.

In addition to the four-year terms propositions to be on the Nov. 2 ballot would:

Revive the veterans' land program with permission to issue $200 million in bonds.

Establish a loan fund for college students by issuing up to $85 million in state bonds.

Allow the state to conduct all programs required for participation in the federal medicare program.

Provide for mandatory retirement of district and appellate judges at age 75 and set up machinery for their removal from office for misconduct.

Expand the investment authority of the public school teacher retirement system.

Educator Speaks At Banking Institute

NEW ORLEANS (AP)—"Produce or be replaced may sound hard and unrelenting but it is the making of free men," a Texas educator told the American Institute of Banking Monday.

Dr. Travis White, president of Midwestern University in Wichita Falls, spoke at the opening session of the bankers' convention, which drew 1,500 delegates.

Future brides can be expensive.
(So can a lot of other things.)

Experienced Spacemen Give Travel Tips To Rookies

By HAROLD R. WILLIAMS
AP Aerospace Writer

HOUSTON, Tex. (AP) — What can experienced space travelers tell two rookies?

Astronauts Virgil I. Grissom and John W. Young — the first manned Gemini mission crew — believe they can make the four-day flight James A. McDivitt and Edward H. White II are to start Thursday a bit easier.

"I plan to sit down with them and talk it over," he said. Grissom is the only man to have flown in space twice.

Young said he had written a 50- to 60-page report on personal observations made while he and Grissom orbited the earth three times during the first manned Gemini flight March 23.

"They are free to take the report any way they want to," said Young, "but to try to help those guys, to minimize any new type experience for them — well, they're going to have to live in that baby four days. It's going to be a tough mission."

Young says he will tell McDivitt and White not to be shocked when the sheet of fire closes around the spacecraft after the first-stage engine shuts down and the second-stage engine starts.

"It was a surprise for me," Young said. "You get this flash of light, what we call fire in the hole. It's instantaneous. It's like all of a sudden you see it, and then you don't. You don't have time to even think about it. Gus knew about it, so it didn't surprise him.

Young said the four-day mission would be the "proof of the pudding as far as the spacecraft is concerned."

"I don't think there's anything the man has to do in the four days that he can't do, but it will be a good systems test," he said. "A really good systems test for extended mission operation for Gemini."

A big surprise, the jolt that comes when the landing-parachute system changes from a one-point suspension to two-points, won't be a shock to McDivitt and White. They will be ready for it, which was more than Grissom and Young were.

"My feeling is that it's a damned hard rap," Grissom said, "and there's no way to get prepared for it. If you know it's going to happen it won't surprise you, but that's a doggoned hard snap and these people can pooh-pooh it all they want.

"It was a surprise — the biggest surprise on the whole flight. Nobody had thought about what a shock it would be. They hadn't even considered it. In some of the maneuvers we had expected some surprises, but this one — it was a damn hard rap."

Young has spent the past three weeks at McDonnell Aircraft Corp., makers of the Gemini spacecraft in St. Louis, working out a system to reduce the hard jerk.

Grissom shattered his helmet's face plate when the jolt occurred and Young scratched his. It was determined the force was about 2½ times the force of gravity.

But no solution has been worked out for McDivitt and White. They will have to make sure their harnesses are tight and be ready. A spring-bumper device may be installed for future Gemini flights.

Upon recommendations from Grissom and Young, McDivitt and White will remove their space suits as soon as possible after they splash down in the Atlantic.

Grissom says there is no advice on what to do when something unexpected happens. During the March 23 flight a power converter failed and all the lights, gauge needles, clocks, everything depending on electricity, went dead.

"It gives you quite a start," Grissom said. "You know where you are and to see something like that — well your heart skips a beat. Then you switch to the backup supply and everything is normal again. But how can you advise somebody against something like that?"

Schwartz Is President Pro Tempore

AUSTIN (AP) — Sen. A. R. Schwartz, who calls himself a champion of unpopular causes, was third in line to the governorship of Texas today.

Schwartz, 38, a Galveston lawyer, was picked by fellow senators Monday as president pro tempore or assistant presiding officer until the next legislative session. He serves as president of the Senate in the absence of Lt. Gov. Preston Smith.

"I hope we never cease to disagree and I hope the time never comes when the minority view is not represented," he said in an acceptance speech.

Fiercely independent and outspoken, Schwartz stirred the ire of some colleagues during the recent debate on senatorial redistricting by comparing the upper chamber to "nothing but a jungle, where self preservation is the law primeval. . . If you're one of the little monkeys you better not fall out of the trees or you will get eaten by the lions."

When some senators complained that redistricting might take some of their friends from the Senate, Schwartz said: "I'm going to miss my enemies."

Schwartz was elected to the Senate in January of 1960. After receiving a law degree from the University of Texas in 1951, he was an assistant Galveston County attorney. He was elected to the House in 1954 and served two terms.

His seniority entitled Schwartz to the honor of president pro tempore at the beginning of the 59th Legislature but he was passed over in favor of Sen. Tom Creighton of Mineral Wells, who was elected almost nine months after Schwartz.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 1,000; calves 300; choice steers 24.40-27.50, good 23.20-24.70; good and choice heifers 22.40-24.80; cows 13.50-16.50; standard and good calves 21.00-24.00.

Highly efficient "thin-wall" insulation gives you extra shop-ahead storage space for both fresh and frozen foods in many of the new electric refrigerator-freezers. They're bigger inside—same size outside! And most models are frost-free—end forever the messy job of defrosting. If your family needs more fresh and frozen food storage, but your kitchen is cramped for floor space, see the new electric refrigerator-freezers at your dealer's soon. They give you more food space in the same floor space—with the convenience bonus of no defrosting!
