Yates, principal; Fred Brownley, High School Assistant; Misses Hazel McCombs, Faye Allen, Alice Rankin, Lola Belle, Johnson and Miss Baker.

ORGANIZE FOOTBALL TEAM

Last Friday night Troop 22 organized a football team and elected Azil McClintock as Captain. Practice began this week. The first game will be played Monday with the Grammar School team. The team is practically the same as it was last year and their looking forward to a good year.

Joe Spikes scout troop was victorious over the "Whirlwinds" Monday afternoon by a score of 25 to 0.

GOLDEN TORNADOES MEET DEFEAT IN GAME WITH LUBBOCK WESTERNERS FRIDAY

Friday, October 2 the Tornadoes met something they hardly knew what to do with. The Lubbock Westerners were just too much for them. They fought hard and held their running attacks which had not been stopped previously. Every team they have played they have had easy victories with their running attack but the Tornadoes fooled them and stopped it. However Britton, Lubbock Quarterback was to clever and readily started passing. With the Tornadoes unaware of their passes they scored twice in rapid succession and set the Tornadoes a fire. Still as the second quarter opened the game drew closer and they only scored once. The third quarter was scoreless and again they scored in the last. Lubbock has what is said to be one of the best teams in class A football this year. Several said Lubbock looked better Friday than Amarillo did at the close of her season last year.

The Tornadoes had very few star players since they played on the defense all evening, however the defense was lead by quarterback Marr, guards Jordan and Gable, tackle Salsler. Lubbock was somewhat upset in that their flashy halfback, Merrill did not do so well. Very few gains did he make and never broke loose in open field. The Lubbock outstanding player was Barnett, full-back. He was very accurate with his passing and equally as good on off tackles. His performance was very outstanding as well as was good playing on the part of a halfback, Scoggins very noticeably. The game was played very slow

Tornadoes To Play Hobbs October 9

The Golden Tornadoes will play Hobbs, N. M. Friday instead of Tahoka. The Tahoka schools closed last Friday therefore the game was cancelled.

The game was readily matched with Old Hobbs to be played here. Last year the Tornadoes were victorious over Hobbs twice by very close scores. This indicates that the game will be very close as well as much pep will be shown. The second team will be entertained by the Seminole Sandies. The Tornadoes were victorious over the Sandies about four weeks ago by a score of 27 to 13 which indicates that they will be hard to beat on their home field. Also they will entertain the Grammar School "Whirlwinds" who will play their second team. We don't know how this game will come out, but hope the "Whirlwinds" are successful.

Coach Henry Norris of the "Whirlwinds" will probably take as his starting lineup: Moore, L. E.; Carter, L. T.; Gaines, L. G.; Gilbert, C.; Scott, R. G.; Boswell, R. T.; Couch, R. E.; Captain McConnon, Q. B.; Honeycutt, L. H.; Fancher, R. H. and Morris, F. B. This sounds like a bunch we are sure will bring home another victory.

Coach Lester Greggs will probably use as his starting lineup against the "Sandies": Wilks, L. E.; Hale, L. T.; Stuart, L. G.; Dugger, C.; Wages, R. G.; Harper, R. T.; Noncaster, R. E.; Lowrie, Q. B.; Harper, L. H.; Costin, R. H. and McKenney, F. B.

LEGION MEETING SLATED FOR TUESDAY, OCTOBER 13

The regular meeting of Allen Houston Post No. 330 will be held at 7:30 on Tuesday night, October 13th at the Legion Hall. Earl Earp of Sweetwater, State Commander of the American Legion Department of Texas will be present. The newly elected officers will be installed at this time by State Commander Earp. The time has been set at 7:30 so that Commander Earp can install the officers and make his address outlining the aims and activities of the Legion for the coming year, and return home after the meeting.

SCHOOL BOARD HOLDS REGULAR MEETING

The Board of the local Public Schools held its regular meeting last Monday, being the first Monday of the month. Carl Rountree was appointed to fill the vacancy caused by C. F. Cook who moved to New Mexico.

STRICKEN WITH PARALYSIS Mr. McCombs father in law of Ed Phillips, was stricken with paralysis Monday night and is reported to be in a serious condition. This is the third stroke that Mr. McCombs has undergone.

NEW ARRIVAL

Mr. and Mrs. John Nelson are the proud parents of a baby boy, born Tuesday, September 29th. The young man was named Donald Ray.

HEALTH EXHIBIT AT LUBBOCK FAIR HUGE SUCCESS

A. M. Gosch took Health Exhibits to the Panhandle South Plains Fair at Lubbock and to the Howard County Fair in Big Spring which were having successes. The interest shown proves that the people of Texas are becoming health minded and especially the rural people are becoming interested in health and sanitation for the protection of their children. The exhibits stressed sewage, water, and milk protection, especially that of milk which is the most important of all foods yet it is the most easily contaminated. Minute wind mills were used to demonstrate water protection and sterilizing demonstrations were given showing how milk containers should be treated. Mr. Gosch states that he is well pleased with the interest shown by the people which applies to Dawson County, Lynn, Martin and Bordin Counties.

CHAMBER OF COMMERCE DIRECTORS HOLD MEETING

At the regular meeting of the directors of the local Chamber of Commerce fourteen of the directors and officers were present, only one director being absent. Those present are: F. T. McCollom, president; Owen G. Taylor, J. W. Bryant, R. E. Echols, Carl Rountree, J. H. Harp, W. D. Arnett, W. K. Crawley, J. R. Lowrie, Mon D. Thaxton, V. Z. Rogers, W. W. Evans, E. R. Yates, C. A. Hollingsworth, Wm. A. Wilson and Miss Allene Howard. Visitors presented were Mr. and Mrs. H. E. Easterwood, Mr. and Mrs. J. H. Adkins, Rev. J. W. Braswell, Miss Rezelie McKenny and M. Mitchell. The Chamber of Commerce reported on the months activities as follows: Cotton Rate Case won and means a saving of 15 cents per bale to producers; Highway Sign Work as to marking of the Dal Paso Cavern Highway from Breckridge West via the Carlsbad

Dr. Carter of Tech To Lecture To Women Study Club

Dr. Allen L. Carter, head of the English Department in Tech will give his first lecture to members of the Study Club at the Club House next Friday. The Club has taken up a Shakespearean Study Course and that will be the nature of Dr. Carter's address.

EARNST WOOD'S HOME DESTROYED BY FIRE

About ten A. M. Tuesday morning, Earnst Wood's home on the Stanton road burst into flames and was completely destroyed. The firemen were unable to extinguish the fire due to the lack of water, the house being located outside the city limits. Mr. Woods states that the house and furniture was partly covered with insurance.

SCOUT EXHIBIT AT FAIR

Herman Heffernan, Joe Spikes and Lanham Evans of Troop 22 and W. A. Stephens, Leslie Pratt, Walton Crawley and Sol Cleveland went to Lubbock after the exhibit last week. In the individual and Patrol Competition they won first places in paper knives, bead work and mineral collections, third places in knot board and leather craft

Reports from committees were given. Next week is Monarch Week and the Lions will hold banquet next Tuesday night at the Westland Hotel in behalf of the Charter Members who have dropped out and members who have not been attending regularly.

FORMER LAMESA GIRL MARRIED SATURDAY

Miss Jessie Mae Medders, former Lamesa High School, and graduate of Lamesa High School, and N. K. Carter of Lubbock were married Saturday at the home of Mr. and Mrs. A. L. Duff of Seminole, by Rev. M. F. Markin of the Baptist Church there. The Duff home was beautifully decorated with flowers of the fall variety and the arch was of ivy and sun flowers. The bride was lovely in green attire and carried pink rose buds. Miss Inez Walker was maid of honor and Arthur Duff was best man. The couple left immediately for a trip to El Paso and after that will be home to their friends in Lubbock, Texas. Those who attended the wedding were: Mrs. Charles Rush of Lubbock, sister of the bride, Miss Ethel Iris Simpson of Lamesa, Cleman Coates of South America, Mrs. H. N. Stone, C. C. Coathes, Elizabeth Slaton, Bernice Doss, Evelyn Richards, Anna Beth Curry and Neal Mitchell.

All the pictures on display will be by Lamesa Artists. Any one wishing to enter a picture, please phone Mrs. R. E. Simpson.

Sheriff Gus White Arrests Thief

Gus White local sheriff, arrested Luther Rogers, of Abilene, Monday night in the attempt to steal gasoline from the car of John Irvin who lives a few miles from Lamesa on the Stanton Road.

Rogers was driving an old Ford touring car with two five gallon milk cans in it used to put the gasoline, which was drawn from the car with a tube. Twelve good pigs were found in the car which authorities suspected were stolen property. Rogers car was probably registered in Ft. Worth, according to Gus White.

OVERSEAS FLIGHTS

So many overseas flights have been made, both in airplanes and dirigibles, that for the sake of keeping the record straight in the minds of the public an account of some of the first feats of this nature may be of interest.

In order to grasp the significance of the early feats in this connection, it is necessary to distinguish between the conditions which attended them. The facts may be briefly stated, as follows:

The first aircraft to fly across the Atlantic was the U. S. Navy seaplane NC-4 in May 1919, with Lieutenant Commander A. C. Read in command. This was not a non-stop flight, however, as stops were made in Nova Scotia, Newfoundland, and the Azores Islands.

The first non-stop flight across the Atlantic was made by Alcock and Brown of the British air force in June, 1919, between Newfoundland and Ireland.

The first transatlantic flight by a dirigible was that of the British R-34, with 31 men aboard, in July, 1919. The year 1919, therefore, was an epoch-making one in the history of overseas flying.

But the greatest overseas flight of all time, so far, was that of Lindberg, in May, 1927, his unequalled feat being that of crossing the Atlantic from the mainland of America to the mainland of Europe alone. All other overseas crossings have been made by two or more aviators flying together.

So, until some other flyer equals or excels his great achievement,

Mr. and Mrs. Bill Hill and Fisher Medlin of Seagraves were guests of Jim Key Sunday. Vic Lamb visited Miss Joan Hurst in Abernathy Sunday.

Bonnie King spent Sunday in Tahoka with relatives and friends. Hugh Lott spent Sunday visiting friends in Lubbock.

Mrs. Bill Watson of Lubbock spent Sunday and Monday with her mother Mrs. L. E. Eager. Lester Burdenc of Amarillo was a Lamesa visitor last week.

Miss Edith Dean spent the week end in O'Donnell.

Misses Bernice Doss and Evelyn Richards of Seminole were shopping in Lamesa Monday.

Miss Ethel Iris Simpson spent the week end in Seminole.

Mrs. A. L. Duff of Seminole and Coleman Coates of South America were Lamesa visitors Sunday.

Mrs. Louis B. Reed and daughter Cynthia Ann, who have been returned home recently, are visiting in Dallas for some time.

Mr. and Mrs. Jesse Carroll have as their guest this week Miss Laud, sister of Mrs. Carroll.

Mrs. Christopher, mother of Mrs. Ralph Stuart, has recently been moved to the Stuart home. Mrs. Christopher has been ill for some time and is slightly improved.

Mrs. M. O. Grant, of Amarillo returned home Sunday after a two weeks visit with her daughter Mrs. Wright, Boyd.

Mr. and Mrs. Bill Cates of Slaton were guests of Mrs. W. H. Lamb Sunday.

Mrs. E. A. Stewart and daughter Georgia of Sparenberg were Lamesa visitors Sunday.

Miss Nora Pearl Marshbanks and Willard O'Cook of Big Spring were Lamesa visitors Monday.

Lindberg must be considered as standing in a class all by himself as the "Lone Eagle" of the air.

BEER WILL BE AN ISSUE

Beer next year will be an issue in both state and national politics.

An anti-prohibition candidate has already hurled his hat into the ring where the forthcoming gubernatorial free-for-alls will be fought; a member of the Democratic National committee has publicly urged his party to incorporate in its platform a frank, probeer plank; the American Legion has chanted, "We want Beer", in the ears of a president who won the Texas delegation not because he was the only source to which a dry-thinking people could turn; the W. C. T. U. has launched a series of meetings that promise to blanket the country. In Texas, Democratic voters have established wet-Smith and dry-McAdoo or Baker campaign newspapers.

It is to be hoped that Texas Democracy will not again be split asunder upon the prohibition question, but there is little to encourage the hope.

Perhaps, on the other hand, it is better that the question of prohibition be brought out into the open and disposed of once and for all. But Texas Democrats will hope events decree that a Republican, rather than a Democratic, standard-bearer shall be the spokesman for the wets. Texas can vote its traditional convictions only when it follows a Democrat who dares the hosts of American Beerocracy.

ON TEXAS FARMS

By W. H. Darrow

Grocery bills have reached a new low average of \$5 per month for 1931 in the homes of 4-H pantry demonstrators in Delta county. Home demonstration club women have canned a total of 45,000 containers of fruits and vegetables. Local dealers have sold 39 steam pressure canners and 14 sealers this season.

Doing her part toward the living at home ideal, Mary King, 4-H club girl of El Paso county, has thus far canned 722 containers of home grown fruits and vegetables.

Feeding wheat and skim milk to his 400 white leghorn hens since last November, J. L. Hammonds, poultry demonstrator in Castro county, has just figured out that he got 90 cents per bushel for his wheat.

In Palo Pinto county the county and home agents have arranged with 35 farmers and their wives to feed out enough good-type meat animals to furnish a complete home supply of meat when butchered and canned this winter.

Burke Cartwright of Terrell who planted only 100 out of 700 acres in cotton this year and the rest in corn, oats and hegari, is selling his hegari by turning 120 head of three and four year old steers into the field and supplementing the grazing with one-half pound of cake per day. He expects to feed more grain later to give a better finish.

Barnyard manure more than doubled the yield of hegari this year for Harry Sommers in a demonstration on a sloping field of sandy loam on his farm near Runge, Karnes county. The fertilized land made 2249 pounds land of the same type 1080 pounds.

WHAT DEPRESSION?

A traveler who has just returned from Europe was asked a few days ago, "What do you think of the depression in this country?"

"What depression?" he asked in astonishment.

He then related how he had gone by train from Berlin to Cologne, across the heart of Germany, and how he passed through town after town in which he did not see a single automobile. People in rags and with a starved look, watched the train pull in, hoping to sell the passengers some little article which would bring money enough for food. On one stretch of road, about 40 miles in length and connecting two of the principal cities of Germany, he saw only one car. "And on the way from Chicago to Ann Arbor, Mich., recently, a distance of about the same number of miles, I counted two thousand cars," he said.

To walk along the main streets of our cities, or to traverse our highways and count the cars, the most of them new and expensive, is to seriously doubt the existence of a depression in this country.

Business seems to be going on as usual. People are well dressed, apparently well fed, and most of them have an air of prosperity about them. Yet we know that there are many thousands out of employment, that business is not what it ought to be, and that the government is doing all in its power to bring back prosperity.

Prosperity in this day is more or less a relative term. Germany would consider our depression a period of prosperity. In the country where 50 per cent of the population is unemployed, where the factories are idle and men and women exist on half rations, in which 4 per cent are unemployed, where wages remain high,

where few are really suffering for the necessities of life, and where every man has luxuries that only the rich may have in Europe.

It is foolish to deny that this country is experiencing a business slump and that this is likely to continue for some time yet. But compared with many countries, we are so well off we ought to congratulate ourselves. —The Denison Herald.

THREAT OF FOREIGN COTTON COMPETITION IS OVER EMPHASIZED

AUSTIN.—Texas farmers need have little fear that foreign countries will increase acreage and nullify their attempt at reducing cotton acreage, in the opinion of J. E. McDonald, commissioner of agriculture.

Foreign cotton producers are NOT in a favorable position to increase production to the extent that it would seriously affect this country's production, he said.

India, he pointed out, is the chief competitor of the United States, growing close to 5,000,000 bales a year, while the rest of the world outside the United States grows slightly over 6,000,000 bales. Because of the many difficulties confronting the Indian grower, it is not likely they will make any sensational increase.

First of all, the per acre yield in India is an average of 100 pounds to the acre when southern cotton farmers have a hard time making a living with an average of 150 pounds to the acre. Indian farms, moreover, are underlaid with a deep-rooted wood, against which their usual farm implements are almost powerless; the natives do not know how to build up the fertility of their land; and use of poor planting seed is almost universal.

When cotton went to thirty cents a pound, India's acreage increased by only 20 per cent, and dropped by 15 per cent when cotton fell to seventeen cents a pound.

Russia plans to increase her production regardless, with a goal, under the five-year plan, of 3,500,000 bales a year—so an increase may be expected there no matter what the south does. China's 2,000,000 bales

is less than she grew before the war, and as much as she is likely to plant next year because of famine, flood and political trouble.

Egypt is as sick as the south of over-planting, legal restrictions have been passed, limiting the planting of the long staple variety for which the country is famous. Egypt has made the first move toward an international conference for stabilizing cotton. The conduct of the country when cotton was much higher in price does not indicate they will make any great

increase in planting at this time, regardless of what the south does.

Peace advocates will rejoice that there is a lull in the fighting in China. So will typists and proof-readers.

It seems that unemployment might be measurably relieved by putting the unemployed on unemployment commissions.

"I'll tell you," said Goldstein, "beseness got bad on Spring street, so I took der car up Broadway."

IT'S GOODBYE FOLKS!

Folks we regret very much that matters have come up that make it necessary for us to close out this store, but we are going to quit on the square for we have always conducted our business on the "Golden Rule" plan. After serving the people of Lamesa for five years, we leave with reluctance. Never in our business career have we found a community where the spirit of good fellowship was so pronounced. We say good bye to Lamesa to every individual who has been a link (so to speak) in making the success that has been our good fortune in Lamesa. We have never posed as a philanthropist, but do feel that those loyal friends who have so generously paronized us should have the benefit of the savings of this public sale will bring. Your opportunity is here and then its goodye for us.

MISSIE GUERRANT ANND MORGAN HOSTESSES TO ACE-HIGH CLUB

Misses Thelma Guerrant and Mauriene Morgan were hostesses Thursday evening to the Ace-High Club at the home of Mrs. George Parrott.

At conclusion of the games Miss Mary Roach was presented with high score award.

A salad course was served to the following: Misses Ailene Graham, Hazel McComas, Jewel Towne, Marie McDonald, Wilma Jones, Betty Travis, Mary Roach, Connie Barnes, Lucille Pickett, Grace Robinson, Helen Norman, Rozelle McKinney, Gladys Hastings, Nell Goodloe, Arminda Jane Timmons, Mrs. T. F. Vaughn and the hostess.

OIL OPERATOR CHANGES TO PORK BUSINESS

MIDLAND—From earth grease to hog grease is the unfinished tale of Dave Smith, former Midland oil operator.

Smith made a fortune in oil in West Texas, chiefly in Howard county. He moved from Midland to San Antonio, from which place he operated in the South and East Texas fields.

Now he is going to San Luis Potosi, Mexico, to go into the pork packing business. Money Smith made taking oil from the earth will now be used producing hog oil, as he will specialize in lard production.

EASY TO GET BY

Everything is O.K. It is easy to get by these days. The following will convince anyone: It takes only ten pounds of wheat to buy one pound of bread, five pounds of hog on foot to buy one pound of bacon, ten pounds of steer to buy one cooked steak, one hundred and eleven pounds of cowhide to buy a two-pound pair of shoes, four hundred pounds of wheat to buy 100 pounds of good flour and ten pounds of seed cotton to buy a package of cigarettes.

We read of a young woman who shot her husband the day after their marriage, probably having in mind the slogan: "Eventually, why not now?"

MRS. TIPTON HONORED FRIDAY AFTERNOON

Miss Imogene Holdin honored Mrs. J. H. Tipton, Jr., with a miscellaneous shower at the home of Rev. Surface Friday afternoon.

Mrs. Tipton was formerly Miss Marguerite Boldin.

Mrs. Tipton was taken by complete surprise thinking she was attending a Christian Endeavor meeting.

A friendship quilt was pieced and Junior Boldin presented her with a big black parasol.

Many sent gift, who were unable to attend.

Iced tea and angel food cake were served to the following: Misses Cleeta Morris, Gladys Hastings, Asalle Key, Zanola Shepherd, Audry Faye Bailey, Ethel Iris Simpson, Messdames Clarence Newland, Cecil Westmoreland, the honoree and hostess.

MINES SCHOOL ATHLETES TO WEAR COTTON UNIES

EL PASO—College of Mines athletes will wear uniforms of cotton, rather than wool, this year.

Coach Mack Saxon said jerseys, socks and sweat shirts would be of cotton in cooperation with movements to increase consumption of cotton and thereby of the raw product.

A German professor declares that earthworms can sing. Some other kinds think they can.

Miss Edith Eason of Sparanberg spent the week-end in Lamesa.

Douglas Stovall of Amarillo spent a few days in Lamesa this week visiting relatives and friends.

TREATING OAT SEED WILL PREVENT 1932 SMUT LOSSES

Treating oat seed now for sowing this fall is important; if large smut losses next year are to be prevented, the U. S. Department of Agriculture warns. The oat crop is important for grain and forage and as a cover crop throughout the South, and the increase in smut losses in many fields this year makes it clear that seed should be treated. Seed may be treated for as little as one-half cent a bushel.

Smut infection of oats in the South was worse this year than it has been for some time. Even Fulghum, one of the varieties which formerly was fairly smut-resistant, was badly smutted in many fields. Some varieties such as Red Rustproof, Apple, and Texas Red were less smutty than Fulghum this year. As Fulghum is an early and productive variety and valuable as a grain and forage crop, treating it to prevent smut is especially important.

One of the reasons advanced for the prevalence of smut in fall sown oats is that new physiologic forms are appearing and attacking hitherto resistant varieties, declares Dr. R. J. Haskell, extension plant pathologist of the department.

Seed treatment definitely prevents smut infection from the seed and so all farmers are urged to treat their seed this year. There are three preparations used for treating. The first is liquid formaldehyde. Formaldehyde should cost not more than 20 cents a pound, and a pound will treat 40 bushels, making the cash cost of treatment one-half cent a bushel. Formaldehyde dusts, preferred by some because they permit treating some time in advance of the time of sowing and because they are easy to apply, are purchasable at about 40 cents a pound and a pound treats five bushels, making the cost of this treating material approximately 8 cents a bushel. A third treating material is organic mercury dust. This retails for about 60 cents a pound and a pound treats five bushels, making the cost per bushel, of seed approximately 12 cents.

Farmers are urged to see their county agents for detailed information on treating fall sown oats. Miscellaneous Publication 21-MP, Formaldehyde Seed Treatment for Oat Smuts, discusses treatment methods and may be obtained free by writing to the Office of Information, U. S. Department of Agriculture, Washington, D. C.

TUESDAY BRIDGE CLUB

The Tuesday Bridge Club met last Tuesday with Mrs. Gordon B. McGuire Jr.

Mrs. Philip Yonge received a lovely deck of cards as high score award.

Tomatoes stuffed with Tuna Salad, iced tea and sandtats were served to the following: Mesdames Tom Burnside, Elzie Burleson, Truman Campbell, J. E. Garland, Roseoe Holton, Lee Hanson, Jack Phinizy, J. L. Sybert, Tom Wood, Philip Yonge, W. H. Lamb, W. W. Connell and the hostess.

LEGION AUXILIARY GIVE TEA

The Legion Hall was the scene of its first entertainment Friday afternoon when the Ladies of the organization sponsored a tea.

The Hall was beautifully decorated with baskets of cut flowers and the tea table was centered with a bowl of roses.

The house party consisted of Mesdames: Philip Yonge, C. Baldwin, Irvin Bailey, Lewis Reed, J. D. Dyer, Everett Esmond and S. F. Reynolds.

Mrs. Clyde Backenstoss and Mrs. Emmett Busby showed the ladies over the new Hall and Mesdames Tom Burnside and V. Z. Rogers poured the tea, assisted by Mrs. N. T. Cockran.

Mrs. James Smith was at the table where the Legion Christmas Cards were displayed and also at the registration table.

Punch, nut bread sandwiches and salted pecans were served to about 35 guests.

Miss Nell Goodloe and Mrs. A. G. Barnard furnished music throughout the afternoon.

MISS REEVES HONORED

Last Thursday evening Mrs. B. Edwards surprised her sister, Miss Eva Reeves with a party in honor of her birthday.

Those attending were: Alpha Dugger, Ellis Ray, Misses Toosley Freve Wright, Lois Spruill, Kate and Lucile Reeves, Mrs. Ault, Wilson Collins, Mr. Bay of O'Donnell and the honoree and hostess.

PEP RALLY

Thursday evening the High School Pep Squad and Football Boosters met at the band stand for a pep rally before the game with Lubbock Friday.

The Municipal Band, under the direction of Conway King played and a goodly representation of the student body marched single file around the square giving school yells and songs.

Much interest was aroused and everyone was pepped up considerably for the big game.

G. A. GIRLS ENTERTAIN E. A. BOYS

Friday evening the G. A. Girls of the Baptist Church entertained the E. A. Boys with a picnic. The picnic was the result of an attendance contest in which the girls lost.

The picnicers motored to the A. H. Gaines home on the Seminole Highway, where a delicious picnic lunch of weiners, pickles, rolls, watermelon, and sodapop were enjoyed by about 35 members of the two classes.

MRS. J. F. SMITH HONORED

Mrs. J. D. Dyer and Mrs. G. E. Esmond were joint hostesses Tuesday when they honored Mrs. J. F. Smith with a party at the home of the former.

The Dyer home was beautifully decorated and angel food cake and angel parfait was served to about 25 guests.

Miss Ethel Irins Simpson and Audrey Faye Bailey left Friday for Seminole to spend their week end with Mr. and Mrs. L. A. Duff. Miss Rhoda Lou Clark left Friday for Lubbock where she will enter Tech as a Sophomore. Miss Loretta Rainey left Saturday for Tech. Miss Rainey will be classified as a SSophomore. Miss Una Earnest, now in teaching in Odessa High School spent the week-end in Lamesa. R. Dyer Kirk returned Friday from a two weeks business trip to Ft. Worth, Dallas, Houston, and Galveston.

They gave a New Kind of Service

The hills and dales of America's farmlands now re-echo with the chug-chug of the modern tractor instead of the sound of horses' hoofs. For, with the coming of the tractor about 1918, the plow began to go. Better results with less work—those were the reasons.

Better results and less work in painting your rooms and furniture! This store gives them, too. With every can of Devco paint goes our special service. A new kind of service. Expert advice and guidance on choice of colors and selection of correct paints for every job. You can't go wrong.

"I know my Baby's Food is Free from Harmful Bacteria"

Most mothers know that fresh, pure milk is one of the essentials in preventing the illness of babies during summer months. They are aware that on many occasions, illness at this time of the year can be traced directly to their food. The first precaution they take is to buy milk that is fresh and pure; and the second precaution is to see that the milk is kept wholesome after it is in the home.

Proper refrigeration is the only means of keeping baby's milk free from harmful bacteria, and the modern mother knows that her electric refrigerator with its automatically controlled temperature—always below 50 degrees—will keep baby's milk and other foods for the family at safe temperatures.

Drop by our office and see the new models of electric refrigerators, a size for every family. Refrigerators may be purchased for a small cash payment and convenient monthly payments.
