Mac Questions Russia's Capacity To Enter Fight

More Fighting Breaks Out On Korean Front

By QLEN CLEMENTS
(Associated Press Staff)

TOKYO, May 3. (AP)—Sharp skirmishes broke the quiet of the Korean front today as United Nations patrols probed Red forces building up for new offensives.

The fights were fierce, but small.

Two U. S. F-80 Shooting Star jets were knocked down today by enemy fire in Korea.

The Air Force said both pilots were presumed killed.

Four ground clashes involved Allied tanks rumbling north from Seoul. An armored column drove back a Chinese regiment after a two hour skirmish northeast of Seoul.

Another tank task force clanked into Uijongbu, 11 miles northwest of Seoul, shooting it out with Reds the last two miles.

A third tank column opened its guns on Reds northwest of Seoul.

To the east, in the Pukhan River bend, tanks won a brief clash with Communist troops.

SIX-HOUR BATTLE

On the Central front Allied ground troops fought a six-hour skirmish with 150 Reds dug in atop a hill. Communists kept the hill. But an estimated two thirds of them were killed.

This fight was southeast of Chunchon, about 45 miles east of Seoul. Allied warplanes strafed Communists caught in the same area and to the northeast.

Most planes flew north to blast the Red build up for a new assault along the Western and Central fronts.

Action up to dusk Thursday was light — as on the preceding day, one of the quietest of the war. The Eighth Army estimated Red casualties Wednesday at 435. Air strikes accounted for about that many more. The figures were unusually low.

Ground troops took advantage of the break to swim, play and rest.

"This lull has done wonders for our morale," one front line officer said.

REDS READY ATTACK

But the Reds were busy — out of range of Allied artillery. Intelligence officers reported three Communist divisions were preparing to strike at Seoul from the northwest. Other forces were building up in the hills around Hwachon reservoir, north of the Central Korean plain.

The buildups emphasized the warning of Lt. Gen. James A. Van Fleet, commander of the Eighth Army, that the Reds were capable of striking another heavy blow at UN forces and probably were preparing one.

The wild hilly country north of Seoul and to the east, leading from the Hwachon area to the Central Plains, offers the Reds their favorite type of battleground.

They may come tumbling down from these ridges within 72 hours, a week or a month. Nobody knows for sure — except their leaders.

Their night fighters came out for the first time Wednesday. Three Communist planes attacked a U. S. B-26 bomber as it dropped flares for night raiding aircraft. The B-26 crew said their plane wasn't hit but they may have scored on one of the Red planes.

One unidentified aircraft dropped bombs harmlessly in front of UN lines.

UN Artillery Defends Seoul

Yank artillerymen fire their eight-inch hoowitzer cannon over a wall and past the shattered ruins in Seoul as United Nations forces start the defense of the battered capital against advancing Red armies. The Allies appeared to have blunted the opening drive of the enemy's spring offensive as Red pressure lifted all along the Korean front.

Drive Started To Force Acheson Out

WASHINGTON, May 3. (AP) —A potent coalition of House Republicans and Southern Democrats is gearing up a drive to try to force the ouster of Dean Acheson as secretary of state.

Some administration supporters are openly apprehensive the move may succeed.

Leaders of the coalition propose to deny any funds to pay Acheson's salary after June 30. They are even discussing tying up the whole State Department budget for 1952 until Acheson resigns or is replaced.

The State Department's 1952 budget, financing its activities for the year starting next July 1, is due to come before the House late this month. A subcommitte concluded hearings several weeks ago but has delayed sending the budget bill to the House floor.

"We just are afraid to try it now," one committee member who asked not to be quoted by name told newsmen. They would tear it to pieces in order to embarrass the administration."

Asked about the drive, House Republican Leader Martin of Massachusetts said "Anything can happen around here."

Rep. Arends of Illinois, Republican whip, said he was certain such a move would develop.

Rep. Cox (D-Ga), who often bespeaks the views of Southern Democrats, said he would support any drive to force Acheson out.

Administration leaders privately expressed doubt they could stall the drive. Their main chance, as they see it now, is to delay consideration of the State Department money bill in the hope that sentiment about Acheson will change.

Mother Claims Convicted Son Out Of Mind

BORGER, May 3. (AP)—The mother of a man "who sometimes thinks he is the Lord" is trying to save him from the electric chair.

A petition circulating in the Panhandle is the latest attempt by Mrs. Frances Stull to save her son, Richard McGee, 25, from a sentence of death.

Addressed to the governor and the State Board of Pardons and Paroles, the petition asks for McGee's death sentence to be commuted to life imprisonment.

McGee was convicted more than two years ago of murdering R. L. Allston, a Lubbock grocer. Allston was shot to death after he and McGee allegedly argued over the younger man's attention to Allston's daughter.

"I realize my son did a tragic and inexcusable thing in killing Mr. Allston," Mrs. Stull said. "But being his mother, I know he has been insane all his life."

The mother said that two years service for McGee in the Air Force ended with his discharge as a dementia praecox case. He was later confined in a Veterans Administration Hospital at Waco. Over her protest, Mrs. Stull said, she had to remove him from the hospital.

McGee has been in the Lubbock Jail since his arrest. His death sentence was affirmed by the Court of Criminal Appeals which has overruled two motions for rehearings.

Mrs. Stull said her son is anxious to get to death row at Huntsville. He wants to preach to the men there, she said, like he has been preaching to his fellow inmates at Lubbock.

"Sometimes," Mrs. Stull said, "He thinks he is the Lord."

Says Siberian Force, Defense Purpose Only

Railroad to Move Troops Already Taxed To The Limit With Materials

WASHINGTON, May 3. (AP) —Gen. MacArthur, testifying to senators behind closed doors, was quoted today as questioning Russia's capacity to throw any great weight of troops into the Korean fighting.

Senator Hugh Butler (R-Neb) told reporters MacArthur said (1) He believes Russian forces in Siberia are for defense only, and (2) He doesn't believe Russia could move more troops eastward because the Trans-Siberian Railroad already is taxed to its limit.

The question is an important one in the Asian policy differences between MacArthur and President Truman — differences which led the President to dismiss the five-star general from his Far Eastern commands.

MacArthur has urged blockade of Communist China and air action against it because of the Communist move into the Korean fighting.

The Truman administration's position is that the war should be confined to Korea is possible — that the steps MacArthur proposes might spread the war.!

SOVIET AID INDIRECT

The Russians have a treaty of mutual assistance with the Chinese Communists. Russian arms have been used by the North Korean Reds and the Chinese Communists but thus far there has been no evidence — at least none has been publicly disclosed — of direct Russian intervention in Korea.

Two Senate committees, meeting jointly, called MacArthur as the first witness at a general inquiry into his differences with the administration and the whole question of U. S. Far Eastern policy.

To inform newsmen, and through them the public, an arrangement was made to give out a censored stenographic report of the testimony.

This naturally lagged far behind the actual progress of the hearing.

The first sections of the transcript disclosed that Chairman Russell (D-Ga) of the Armed Services Committee opened the hearing with a general statement that he considered them dealing with "momentous questions."

MacARTHUR PRAISED

"We shall attempt to obtain the facts which are necessary to permit the Congress to discharge its proper functions and make direct decisions on the problems of war and peace in the Far East and indeed throughout the world."

Russell went on then to praise MacArthur as "one of the great captains of history through three armed conflicts" and as "a great military leader" who has endeared himself to his countrymen.

The first "take" of the "combed" testimony said MacArthur then was asked about the unity of American fighting forces in the Far East.

He said it "has been as complete as I could possibly imagine."

At the outset, MacArthur told the Joint Committee he had no prepared statement. He said he had expressed his views fully when he addressed a joint meeting of Congress two weeks ago today.

Russell remarked then that the lawmakers had received "conflicting reports as to the battle efficiency of the South Korean forces."

MacArthur said that "In courage and in determination and in resolution, they are very fine troops."

The five-star general was smiling and appeared at ease as he entered the hearing room. The doors swung closed behind him at 8:30 a.m. (CST) — half an hour late.

Trouble Breaks Out Again On Syrian-Israeli Frontier

TEL AVIV, Israel, May 3. (AP) — Israeli and Syrian forces battled again today in the tense frontier area north of the Sea of Galilee. This was reported by an Israeli military spokesman who claimed Israeli troops killed more than 20 Syrians in driving them out of the disputed area Wednesday.

Israel's losses were put at four killed and six wounded.

Today's renewal of hostilities came after Jewish workers were fired on along the eastern shore of Lake Galilee between the villages of Ein Geb and Nugeib, the spokesman said.

He said the bodies of the 20 Syrians were found "on our territory" west of the demilitarized zone" from which they were expelled during the course of an Israeli counter-attack.

Israeli claims Syrian troops, aided by irregulars, seized a two-mile strezch of the demilitarized zone along the border, then drove into Israeli territory.

Heavy artillery and mortar fire was directed against Israeli positions in the area between Lake Galilee and the Huleh swamps, the spokesman said. The fire came from the Syrian side of the border and is being returned by Israeli forces.

Israel is draining the swamp area. Syria contends this is a violation of the Israel-Syria truce agreement.

(In Damascus, a Syrian army spokesman told a different version. He said some 100 armed Israeli troops attacked Arabs in the demilitarized zone Wednesday in an attempt to seize their cattle and four Israelis were killed and several wounded. Inhabitants of the region returned Israeli gunfire, he said, and forced the troops to withdraw. In the exchange of fire two Arabs were wounded.)

At Lake Success, Israel accused Syria of aggression Wednesday and demanded immediate Security Council action.

Daffy Talk Of Jet Jockeys

WICHITA FALLS, May 3. (AP) — Trim the wicks and spark up to boil. The jockey is in the panic rack and ready to go.

That's jet jockey talk, boy.

Or

The jockey eyed the console cooly as several wick trimmers leaned on an aft section after checking the dog bones. (The stiff knee clips are unlocked).

The gobbledygook of the jet pilots has become so widely used that it's even showing up in orders for parts.

A glossary:

Trim the wicks — Gun the engine as a quick check prior to take-off.

Spark up to boil — Operate the engine up to wide open.

Panic rack — The pilots ejection seat.

The console — The control panel, which has so many knobs and switches it looks like a console organ.

Wick trimmers — jet mechanics.

Aft section — The rearward part of a jet plane. It can be removed to allow access to the engine.

Dog bone — The front mount of an engine, named because of its shape.

Stiff knee clips — Ground locks installed in the landing gear.

False Teeth In England Taken Off Free List

LONDON, May 3. (AP)—The Socialists today voted an end to free false teeth and eyeglasses for Britons — but not before a lot of Laborites complained at length about the new charges.

The House of Commons approved a bill to curtail the free health services, 262 to 3.

Many Laborites refrained from voting. Most Conservatives also abstained, although a handful went along with the government.

The bill will require Britons to pay half the cost of the specs and dentures.

Laborites called for the cut in public health costs to provide more money for an expanded arms program.

This caused the Labor Party rift two weeks ago, when Aneurin Bevan and two other government members quit their posts.

Banzais From Royal Couple

TOKYO, May 3. (AP) — Emperor Hirohito and his empress gave three banzais today for the Japanese constitution that strips them of their imperial powers.

Banzai means "Live 10,000 years!"

The royal couple yelled it three times before 12,000 Japanese celebrating the fourth anniversary of the document.

This may be the last anniversary that Japan celebrates as an occupied nation. By next year, the 83 million Japanese expect to be running their own govermet. A peace treaty, fully giving them that right, is expected to be signed soon.

Winds Caused Jet Trouble

BELLEVILLE, Ill., May 3. (AP)— Strong winds tore loose two wingtip fuel tanks of an air force jet trainer April 24, causing the tanks to drop on Abilene, the Air Training Command at Scott Air Force Base reported today.

No one was injured, the report stated, and damage was less than $500.

The pilot, Capt. Connor Robinson of Abilene, was en route from California to Tyndall Air Force Base, Fla.

He reported encountering strong winds which made the flight difficult. Noting both tanks missing after he regained control, Robinson circled over the area to watch for possible explosive fires, he said.

Money Bill Is Agreed On At State Capital

AUSTIN, May 3. (AP) — A Senate-House Committee working on the bill of state spending for the next two years agreed on its final figures late Wednesday night.

This is the big appropriation bill the Legislature must take care of before it can go home.

What the committee recommends for spending will be announced Sunday.

Meanwhile, near the top of House business for today was a bill to raise the truck load limit from the present 48,000 pounds to 58,420.

The bill was approved on second reading Wednesday, 74-54, and was ready for third reading and final passage today.

The Senate Agriculture Committee Wednesday approved a natural gas tax and sent it the floor.

The measure has been passed by the House. It would levy a tax of one cent per 1,000 cubic fet on the gathering of natural gas.

Its sponsors estimated it would raise 30 million dollars a year. Half would be earmarked for rural roads, one-fourth for city streets, and one-fouth for public schools.

Another tax bill was still in a Senate State Affairs Subcommittee. It would continue the 10 per cent flat tax increase passed last year on items in the omnibus bill, add another penny a gallon gasoline tax and also increase the tax on natural gas.

The Legislature won't know exactly how much money in added taxes the state needs until state spending is decided.

Red China Puts Propaganda On Pay Basis

By W. H. MOBLEY
(Associated Press Staff)

WASHINGTON, May 3. (AP) —The Chinese Communists are trying to peddle their propaganda in this country and pick up American cash for doing it.

The outlines of the campaign were disclosed today by inquiries set off when copies of an English-language periodical called "People's China" were received by The Associated Press Bureau in Washington.

The envelopes carried a Hong King stamp and postmark but the masthead of the magazine itself said it was published Feb. 16 in Peiping, Red Chinese capital, by "Foreign Languages Press."

A supplement inserted between the pages of the magazine carrid the text of a statement by Red China's Forign Minister, Chou En-Lai, "On the illegal U.N. Feb. resolution." That resolution charged the Communist regime with aggression in Korea.

In the publication proper were articles under such headings as "Imperialist America Wants War, Not Peace," and "The First Year of the Sino-Soviet Treaty."

Enclosed with the magazine was a subscription sales dodger offering the semi-monthly magazine at 'reduced rates" quoted in Russian rubles, U. S. dollars, and Indian, British and Hong Kong money. The yearly rate in the U. S. was $2.50.

On the sheet was a notation that subscriptions might be obtained through International News Company and Stechert-Hafner, Inc, both New York publishers' agents had authorized use of their names with extensive business in foreign publications.

A reporter telephoned both firms seeking information about the magazine. Both replied they knew nothing except that they had seen sample copies. Both denied they had authorized their names as agents.

Mac Reports Were Slanted

WASHINGTON, May 3. (AP)—Gen. Douglas MacArthur said today some of the reports he made as United Nations commander were changed in Washington to insert a "political slant" favored by the State Departmet.

MacArthur told of this in response to questions from Senator Russell (D-Ga) at the Senate inquiry.

The general said he was only "nominally" connected with the United Nations and made his reports to the Defense Department.

These reports were "subject to censorship by our State and Defense Departments," he went on.

He said that sometimes changes were suggested to him and he accepted them, but added that here was at least one case where he refused to accept the changes.

He said these were "changes which seemed to me to place a political slant upon a military officer's report, which were not warrantable."

MacArthur added:

"The Defense Department supported my point of view, and maintained that nothing should go in (to the United Nations) over my signature that I did not approve."

As to details of changes, MacArthur said "I have not got the files here, and I couldn't tell you."

He suggested the committees "call on the department" for information about them.

Clear Skies In Most Of State

(By The Associated Press)

A warm sun boosted temperatures over most of the state today after the mercury sunk to a chilly 34 degrees at Dalhart Wednesday night.

Skies were clear in West Texas, but the coastal area was cloudy and East Texas was partly cloudy. Scattered thundershowers were forecast for the extreme east.

More than half an inch of rain fell in the Houston aea early today.

In the 24 hours ending at 6:30 a.m. Austin had .15 inch; San Antonio 12; Beaumont .16; Lufki 08; Bryan 32 and Tyler, a trace.

Heavy rains fell in the Luling area Wednesday with some hail. No damage was reported. The rains were described crop-saving.

The forecast for East Texas called for partly cloudy skies today and Friday, with little change in temperatures. West Texas was to be partly cloudy to clear today and Friday, with little change in temperatures.

M'Arthur May Stop In Texas

NEW YORK, May 3 (AP) — Gen. MacArthur's first stop in a public appearance tour may be before a Joint Session of the Texas Legislature.

If the general makes the expected appearance in Austin, it would be on acceptance of an invitation already set him by the Legislature.

MacArthur's aide, Maj. Gen. Courtney Whitney, said Wednesday the general probably would kick off his tour by accepting the Texas bid.

Courtney said the date would depend on when MacArthur winds up his testimony before a Senate committee in Washington which has said it wants to know more about the MacArthur strategy and Far East policy.

MacArthur was to start testimony today.

Marshall, Tex., Clubs Attack Patman Stand

MARSHALL, May 3. (AP) — The Kiwanis Club of Marshall has joined the Marshall Junior Chamber of Commerce in protesting a statement by Rep. Wright Patman of Texarkana charging General MacArthur with "undenied acts of disloyalty."

The Kiwanis resolution was adopted Wednesday.

The Jaycees asked April 20 that Patman apologize for an April 19 news letter in which the congressman discussed MacArthur's dismissal.

Funeral Director Joins Staff at Dennis Chapel

Jimmy Godfrey, formerly manager of a funeral home in Dimmitt, Tex., has been employed as funeral director and embalmer by Dennis Funeral Home.

Godfrey, who served his apprenticeship in Breckenridge, is originally from Anson. He is a veteran of World War II, having served with the Navy. Mr. and Mrs. Godfrey are now living at the funeral home.

Seven-Year-Old Note Finally Makes Mark

TEXARKANA, May 3. (AP) — Seven years ago while working at the Lone Star Ordnance plant, Mrs. Mae Hackney put a note in the empty nose of a 105 mm shell.

She received a letter Wednesday from Marine Artillery Sgt. J. D. Haughton of Tacoma, Wash. He found her name and address when he removed the nose to arm the shell.

Haughton said Mrs. Hackney's name was written on the shell and sent against Red positions in Korea April 13.

Kills Eight And Self

LENOIR, N. C., May 3. (AP)—An unemployed sawmill worker shot his eight children to death, then ended his life with a shotgun last night.

The bodies of Ralph Gragg, 34, and the children, ranging in age from three to 15 years, were discovered in their blazing home 10 miles north of Lenoir.

Maximum 85 Recorded

Snyder was warmer yesterday, with the mercury climbing to a high of 85 degrees. The low recorded before dawn today was 50 degrees, with 59 degrees reported at 7:30 this morning.

Senators Push For Bills To Curb Politics-Crime Tie-Up

WASHINGTON, May 3. (AP) —Senator O'Conor (D-Md) said today Senate crime investigators hope, "within a couple of weeks", to introduce bills to carry out their proposed shackles on underworld syndicates.

Stressing they were anxious "to strike while the iron is hot", O'Conor said committee lawyers will set to work immediately with Senate bill-drafting experts to whip their anti-crime proposals into shape.

O'Conor succeeded Senator Kefauver (D-Tenn), as committee chairman.

One member of the committee, Senator Tobey (R-NH), said meanwhile that "the saddest feature" of the group's probe has been the revelation of "collusion and corruption among public officials and underworld leaders."

Dies Eyes On Senate

GALVESTON, May 3. (AP) — Former Rep. Martin Dies may run next year for the Senate seat occupied now by Sen. Tom Connally in 1952, Dies said Wednesday.

Dies said he and Connally probably would be the only candidates. He discounted reports that Gov. Shivers or W. Lee O'Daniel may run.

Jury to Receive Case OfSnow vs. CanyonFirm

The jury was to receive this afternoon the case of D. E. Snow, who is suing the Canyon Trucking Corp. for $22,050 damages. Arguments on both sides were concluded shortly before noon.

There are 36 separate issues to be considered by the jury, which had been hearing testimony since yesterday morning.

Snow told the jury that he was injured on July 7, 1950, when his 1949 Mercury and a truck driven by Jimmie Cross collided at the intersection of the old Colorado City road and State highway No. 101 near Dunn. Cross, now is in the Army at Camp Polk La., but at the time of the accident was in the employment of the Canyon Company.

Snow is a rural mail carrier, working out of Colorado City.

Horace Williamson And Acie Bailey Will Open Grocery Business Here

Formal opening of the new B&W Super Market, 1604 Avenue S, will be held tomorrow and Saturday. The store is owned and will be managed by Acie Bailey and Horace Williamson, who have been associated in grocery business here previously.

The store is housed in a new building, with 40 by 100 feet of display space. Air conditioning is now being installed, with all other fixtures already in place.

A western band is to play both days of the opening, and gifts are to be given store visitors. The store will be open from 7 o'clock in the morning until 11 o'clock at night during regular business hours.

Weather

WEST TEXAS — Partly cloudy to clear this afternoon, tonight and Friday. Not much change in temperature.

EAST TEXAS — Partly cloudy this afternoon, tonight and Friday. Scattered thundershowers east portions this afternoon and tonight. Little change in temperature.

New Producer South Borden Pool Completed

Magnolia Petroleum Co., No. 2 W. Ed Murphy has been completed for a flow of 190.40 barrels of 468 gravity oil daily through a 15-64th-inch choke.

Production is from open hole from 6,783-6,787 feet. Gas-oil ratio was 1,223-1.

This new producer is five-eighths of a mile southeast of the southwest part of the Von Roeder field of Southeast Borden County and three-quarters of a mile northwest of the Shell Oil Co. N. 2 T-J.

No. 2 Murphy, located 1,980 feet from north and west lines of section 69, block 25, H&TC survey, may possibly link the Shell well with the southwest part of the Von Roeder pool.

Magnolia staked location for a west offset to Shell No. 2-Sterling as its No. 3 W. E. Murphy.

Location is 467 feet from south and east lines of section 69, block 25, H&TC survey and 19 miles southeast of Gail.

Rotary tools will be moved in and drilling foward projected depth of 6,900 feet will begin immediately.

DAWSON WILDCAT

Gulf Oil Corp. No. 1 G. Higginbotham, wildcat in Southwest Borden County, recovered oil and salt water on a drillstem test of the Canyon reef lime.

The test was taken from 8,025-8,065 feet. Tool was open three hours. Gas appeared at the surace in five minutes, fluid in 15 minutes.

The well flowed 16 barrels of oil and 64 barrels of salt water in two and three-quarter hours. Gas-oil ratio was 974-1. Salt content of the water was 21,000 parts per million. Gravity of the oil was 33.6 degrees.

Recovery was 7,740 feet of fluid, of which 3,780 feet was cut with oil and salt water estimated at 10 per cent oil. The bottom 3,960 feet was salt water.

Operator is now preparing to

TALK OF THE TOWN

BY FRANCES BROOKS

An arch of fresh spring flowers framed each girl graduate as she swung in on the arm of her senior escort Tuesday night at the party staged for high school seniors in the fellowship hall of the First Methodist Church.

Colored ballons bobbled from the ceiling, rose petals were shattered fragrantly over the snowy tables.

JAY FISH, class prexy, escorted MISS SHIRLEY MILLER. Her gown was of gold taffeta, sequined, a coquettish bow of the same material on her shoulder.....MISS PATSY POGUE, one of the executives of the class, was radiant in pink net with aqua ribbons bedecking her skirt.....MISS KATHERINE ELLIOTT, who had painstakingly planned the lovely program, was in white organdy over blue. She is the newly-arrived youth leader at the church.

MISS KAYE WEBER sang "Summertime", everybody joining in on old favorites, not a few lumps in throats. MISS ZAIDA BROWN, sponsor of the class, wore blue crepe with a square neckline, a corsage of artificicial roses. Mrs. M. E. STANFIELD was in white jersey.

• • •

MRS LOY D. LOGAN's small engraved invitation arrived in the morning mail. It's a party honoring MISS JONNIE DELLE BROCK, Saturday, May 12, at the Country Club.

• • •

MRS. O. R. LITTELL and MISS MYRTLE HARRELL are off in a few days to the big Garden Club convention in El Paso, which will offer just about every entertainment and opportunity for scenic visits you can imagine.

A demonstration of cosmetics will be presented Friday to members of the Woman's Golf Association at the Country Club. Gifts will be given each women present.

Golf will be the game of the morning, with some early arrivals expected by 10 o'clock on the courses. Luncheon will be served at 1 o'clock, with card games following throughout the afternoon.

Balmy weather should attract a record crowd to the monthly Ladies Day at the club, said Mrs. G. B. Clark, urging all members to attend.

Fusselman Well InBedfordPool

Shell Oil Co. and the Texas Co. have completed their No. 12 Ratliff & Bedford as the first commercial producer from the Fusselman lime section of the Silurian in the Bedford field of Southwest Andrews County.

That field already has producers from the Devonian and from the Ellenburger. Some of the Ellenburger wells have shown possibilities of making oil from the Fusselman, but none of them has attempted to complete from that formation.

Shell and Texas No. 12 Ratliff & Bedford, located 2,180 feet from north and 660 feet from east lines of section 4, block 73, psl survey, and 28 miles southwest of the town of Andrews, produced 626.21 barrels of 41.3 gravity oil in 24 hours on the official Railroad Commission potential test.

The production was flowing through a 32-64th inch tubing choke. Gas-oil ratio was 400-1. There was no water. Top of the pay in the Fusselman was at 9,702 feet. The 5½-inch casing was cemented at that point.

Total depth is at 9,895 feet. The open hole section had been treated with 1,000 gallons of acid.

Runnels County Wildcat Is Failure in Caddo

Haynes B. Ownby Drilling Co. of Dallas has plugged and abandoned its No 1-B W. H. Cole wildcat in Northeast Runnels County at total depth of 4,609 feet in barren Caddo lime.

It did not report any shows for production.

Location was 2,355 feet from south and 330 feet from west lines of the 746 - acre lease in the southeast corner of T. J. Hardeman survey No. 267.

That put it one-half of a mile north of the same operator's No. 1 Cole, a 4,300-foot failure and two and one-half miles west and slightly north of the Sykes - Morris sand field.

Cottle County Wildcat Will Test Pennsylvanian

Signal Oil & Gas Co. is scheduled to drill No. 1 Swenson as a 5,500-foot rotary wildcat in Southwest Cottle County.

It is located 1,330 feet from most easterly west line and 1,412 feet from most northerly north line of section 128, block B, John H. Stephens survey.

That makes it eight miles southwest of Paducah.

Projected depth is calculated to take the prospector through the Pennsylvanian lime. Operations will begin at once.

Shrine to Meet Friday

The Snyder Shrine Club will hold its monthly meeting at 7 o'clock tomorrow night at the Village restaurant, Jimmie Billingsley, secretary, announced today.

Scout Roundup Report Made at Yesterday's Kiwanis Club Meeting

Co-operation from Kiwanis and other service clubs in making the 1951 city and rural directory a complete picture of business in this area was requested by H V. Johnson, sales manager of the Salisbury Publishing Co., who was guest speaker at the Kiwanis Club luncheon at the Manhattan Hotel yesterday.

Johnson said it will be two or three months before the directory is ready for the public.

Frank Fisher, scoutmaster of Troop No. 35, which is sponsored by the Kiwanis, gave a detailed report on the 25th Annual Boy Scout Roundup held last week end at Big Spring.

Troop 35 won third place in honors at the roundup, with 16 ribbons being awarded for various schievements. The troop also had the largest attendance record of the 74 troops present.

John Dodson, who has been serving as assistant scoutmaster, resigned because he is moving to Kermit, and Harold Grant was named his successor.

Three members of the troop were guests of the Kiwanians. They were Johnnie Minton, senior patrol leader; Hilton Horton, and John Roberts, patrol leaders.

H. W. Cargile, president of the club, presided.

Damage Suit Is Filed Asking Total of $11,000

Frank F. Zajdlik, 51, Snyder, filed a $11,000 damage suit against the Snyder Sanitary Service in 132nd district court today.

In his petition Zajdlik charges he was injured when he attempted to lift a heavy barrel of trash while employed as a laborer for the company on Dec. 2, 1950.

The petition charges the company was negligent in not furnishing sufficient men to assist the plaitiff and that they failed to furnish proper equipment.

Zajdlik alleges he sustained severe strains that caused other body injuries. He said he was earning $40 per week at the time of the injury.

He is seeking $10,000 for medical attention and $1,000 for actual damage.

The petition was filed by his attorney, John K. Ford.

drill deeper.

Location is 660 feet from west and north lines of the northeast quarter of section 13, block 32, T-3-N, T&P survey, and 14 miles south of Gail. It is two and one-half miles northeast of the Vealmoor field.

Eastland Oil Co. No. 1 Arschleman, test on the southeast side of the Reinecke field in Southeast Borden County, has been abandoned at 7,044 feet in lime and shale of the Pennsylvania.

The failure is in section 43, block 25, H&TC survey.

James H. Snowden and others have abandoned their No. 1-35 Carrie S. Dean, 1,320 feet from south and 660 feet from west lines of section 35, block 2, TTRR survey and nine miles northeast of Lamesa in Northeast Dawson County.

Total depth was 8,733 feet in the Pennsylvanian reef lime, which showed only salt water.

KENT COUNTY

Kewanee Oil & Gas Co. No. 2 Oliver, offset to the recently completed No. 1 Oliver in Northwest-Central Kent County, is reported drilling below 3,125 feet in dolomite.

Kewanee No. 1 Bill Wyatt, Kent wildcat northwest of the No. 1 Oliver, is drilling below 2,050 feet in anhydrite.

Sun Oil Co. No. 1-C Bilby Wallace, prospector in Central Kent County, is drilling in shale below 5,714 feet.

Vickers Drilling Co. No. 1 McKnight, wildcat 13 miles northeast of Gail, has perforated in several sections between 7,660 feet and total depth of 7,760 feet in the Pennsylvanian lime reef. No information is available regarding any production which may have been developed. The project is understood to still be testing.

Stanolind Oil & Gas Co. No. 1 Miller, wildcat northeast of Gail, has been plugged back to 8,210 fet It swabbed dry there, and made no water. A small amount of gas was present.

The hole was treated with 5,000 gallons of acid through perforations at 7,989-8,040 feet. Operator is to swab and test again.

DAWSON WELLS

Atlantic Oil & Refining Co. No. 1 Hardy, Dawson wildcat eight miles east of Lamesa, is drilling in lime and shale below 8,766 feet.

Sunray Oil Corp. No. 1 Harris, wildcat in South - Central Dawson County, has been plugged back to total depth of 8,191 feet and shot with 70 quarts of nitroglycerin at 8,144 - 8,112 feet. Operator is now to clean out and test.

Rural Communities Get Awards for Progress

COLLEGE STATION, May 3. (AP) —The Poetry-Camp Ground community near Terrell in Kaufman County is the winner of the Rural neighborhood Progress contest.

The Agricultural Extension Service, co-sponsor of the contest with Farmer-Stockman magazine, announced the awards.

Second prize went to Tip Top, Parker County; and third to Post Oak Balk, Lamar County.

First prize is $500, second $400 and third $300.

Reagan Well Fails In Ellenburger; May Plug Back to Spraberry

The Blackwood 1 Nichols Co. of Midland No. 1 Weddell, wildcat in Northwest Reagan County, has been reported as a failure in the Ellenburger at total depth of 11,548 feet.

A drillstem test from 11,448 to 11,548 feet developed 450 feet of drilling mud and 450 feet of salt water with no shows of oil.

Operator probably will plug back to the Spraberry sand and test. That formation had some shows of petroleum.

Location is 660 feet from north and west lines of section 19, block E, HE&WT survey and four miles northwest of Stiles.

Winkler Wildcat Will Explore Ellenburger

Gulf Oil Corp. is to drill its No. 158 Keystone as a 10,500-foot wildcat to explore the Ellenburger in the Keystone, South - Tubb area of East-Central Winkler County.

Location is to be 1,909 feet from north and 2,051 feet from east lines of section 2, block B-6, psl survey. That makes it about ten miles east of Kermit.

The Gulf No. 153 Keystone will be three quarters of a mile south of the same concern's No. 125 Keystone, drilled to 10,592 feet in the Ellenburger several years ago.

That formation was barren and the project was plugged back and completed as a producer from the Tubb sand at 6,400-6,600 feet to open the Keystone, South - Tubb field.

Drilling on the Ellenburger prospector is to start in the near future.

5,000-Foot Wildcat Is Staked in Sterling

Parochial Petroleum Co. of Midland is to start drilling immediately at a 5,000-foot wildcat in West-Central Sterling County. The 5,000-foot objective shoould take the prospector into the Wichita-Albany zone of the lower Permian.

The project will be Parochial No. 3 Mrs. H. Bade, 660 feet from south and east lines of section 22, block 22, H&TC survey.

That makes it a twin well to the same operator's No. 1 Bade, recently completed small pumper discovery from the Queen sand at 1,103 - 13 feet.

The No. 1 Bade was started to go to 5,000 feet, but the owner decided to complete it from the upper zone when it showed for production there. The No. 3 Bade is being drilled to carry out the contract which was originally scheduled for No. 1 Bade.

It is eight miles west of Sterling City.

Hearings Likely To Confuse More Than Clear Up Anything

By JAMES MARLOW
(Associated Press Staff)

WASHINGTON, May 3. (AP)—This was the day when we were supposed to begin to get our thinking straightened out on the Truman-MacArthur dispute.

The general was to start off the day by being first to testify at the inquiry of the Senate's Armed Services and Foreign Relations Committees.

But even before the day began there was good reason to believe the public may wind up more confused than it was before the inquiry started.

For before the general could appear and swear to tell the whole truth and nothing but the truth there was a brand new dispute

Should the inquiry be open to the public or be held behind closed doors, with the public and newsmen barred

POLITICS INVOLVED

The decision to make it a closed-door hearing was taken earlier this week when a majority of the 25 senators on the two committees voted for it that way.

But a majority of the 25 are Democrats and, because they had a majority, they were able to outvote the Republicans who wanted open hearings.

All Wednesday night anyone who thought the Truman-MacArthur dispute henceforth might be saved from politics must have been slightly disilusioned

For the Republicans in the full Senate (not just on the committees) demanded that today's hearings be opened to the public.

Standing just as solidly toogether —except for McCarran of Nevada, who voted with the Republicans— the Democrats beat down the Republican demand.

LEGITIMATE QUESTION

Although this was strictly a political performance, a legitimate question can be raised by both sides:

1. Should the inquiry be behind closed doors?

There's an answer in favor of that. In the questioning of MacArthur and the Joint Chiefs of Staff who will follow him some questions may be asked, and answers given, deeply involving this country's security.

If they were blurted out for all to hear, including the Russians, this country might suffer real damage. Further the hearings will not be completely closed.

Except for statements which military officers or senators think involve security, a full question-and-answer record of all that's said will be made public promptly.

ARGUMENT CITED

2. Should the inquiry be open to the public?

There's an answer in favor of that: The public has been aroused to a great pitch of interest over the dispute and has a right to full information, except what truly involves national security.

If a security question arises the witness — whether he's MacArthur or a member of the Joint Chiefs of Staff — can answer that one later behind closed doors.

But at least a public hearing woud be assurance to everyone that nothing was being withheld or covered up — except security questions.

Those, mainly, are the two arguments.

Louis Displays Lack Of Punch

DETROIT, May 3. (AP) — If ole Joe Louis can't kayo the lesser-lights with his best punches, what'll happen when he tackles someone like Lee Savold?

Louis said today he was satisfied with his righthand punch. Maybe he is, but many of the 7,004 fans at Olympia Stadium Wednesday night weren't.

They thought the former heavyweight champion might knock out Omelio Agramonte of Cuba in the way that made Joe a great heavyweight champion for 12 years.

But Joe couldn't finish off the lanky Cuban in the 10-round fight although he floored him once. Joe won a unanimous decision. And now it's on to Savold, British and European heavyweight champion.

International boxing club promoters hadn't settled on the June date or place for the fight.

Asks For Demotion

KNOXVILLE, Tenn., May 3. (AP) — Traffic Sgt. Alvin Christie requested a demotion to patrolman today.

Christie told Safety Director C. V. Christenberry:

"I feel the difference in pay, 17 cents per day, is insufficient compensation for the responsibilities a sergeant must assume."

New Manager At Amarillo

(By The Associated Press)

Buck Faucett resigned Wednesday as general and field manager for the Amarillo Gold Sox but Amarillo took the field under new management to drop its tenth game in eleven starts this season in the West Texas-New Mexico League.

Catcher Les Mulcahy took over as temporary manager, and directed the club as it lost to Borger, 6-5.

In other games Abilene retained its game lead with a 13-7 victory over Lamesa; Albuquerque nipped Clovis, 7-6, and Lubbock defeated Pampa, 13-6.

Amarillo outhit Borger 11-10 and committed only one miscue to six for the Gassers but couldn't make their advantages count.

Bill Haley singled with two out in the top of the tenth inning to score Dom Chiola from second base, giving Albuquerque its win.

Lubbock downed Pampa in chilling weather. H. G. Sargent homered in a four-run first frame. George Mendoza doubled for three runs in the fifth.

J. W. Wingate, Lamesa's Negro shortstop got a homer and two singles but his bat was not enough to give the Lobos a victory. Abilene scored seven runs in the second inning to win.

Nehru Making It Tough For Old Ruling Princes In India

By DeWITT MacKENZIE
(Associated Press Staff)

Prime Minister Nehru's warning to India's hundreds of deposed princes to co-operate with the government gives rise to the query of just what has happened to these bejeweled potentates since the establishment of the republic.

Nehru's rebuke came in connection with the affairs of the 44-year-old Gaekwar of Baroda — formerly one of the greatest of the princes. The premier told Parliament a few of the rulers haven't appreciated the obligations that rest upon them under the new regime, and he cited the Gaekwar as being one of them.

The government is stripping the Gaekwar of his titles, privileges and $556,000 annual pension as punishment. And that is likely to hurt his highness mightily, for money runs through his fingers like millet seeds through a funnel. He is appealing his case. Meantime his prerogatives have been turned over to his son.

BACKGROUND EXPLAINED

Well now, how does it come about that the princes still retain some of the trappings of royalty under the republic? There were about 600 of these rulers under the empire, and many of them not only possessed fabulous wealth but had the power of life and death over their humble subjects. A great number of the thrones were hundreds of years old, and the maharajahs were proud of their prerogatives.

Obviously these principalities and their rulers couldn't be abolished willy-nilly without compensation of some sort. So the Indian government decided to incorporate the states into the various Indian provinces and, where feasible, employ the princes as sub-governors with liberal pensions. This is a logical arrangement, since the guidance of the old rulers is needed in some of the states.

The state of Baroda was merged with Bombay province in 1949. The major charge made against the Gaekwar grew out of this merger. He is accused of having challenged the constitution and engaged in disloyalty in contending that this merger was effected without his concurrence and wasn't warranted by the terms of his agreement with the Indian government.

PRINCIPALITY FAMOUS

The principality of Baroda has kept well in the lime-light over the generations. The most famous of all the Gaekwars was the grandfather of the current prince, who was ruling at the time of World War I. His philanthropies were international, and he did much for his people.

However, when I first visited India in 1916 the old Gaekwar was in trouble. He had fallen into royal disgrace with the King-Emperor, George V. Instead of backing away from the royal presence, the Gaekwar (a rather regal personality himself) turned too quickly and walked away. He explained it as being due to nervousness, but he was for a long time deprived of special prerogatives at Viceregal Lodge in New Delhi.

Wake Island Transcript Not Conclusive For Either Side

WASHINGTON, May 3. (AP)—The administration's newly-published account of the Wake Island talks between President Truman and Gen. Douglas MacArthur left unsettled today just what sort of reassurance the general gave about Chinese Red intervention in Korea.

To Mr. Truman's question about the chances for "interference" by the Chinese or Soviets, MacArthur replied 'very little."

But he went on immediately to discount the chances of success if they should intervene, leaving the possibility that when he said 'very little" he may have been speaking of the Reds' chances for success rather than actual intervention.

A 5,000-word summary of the talks in transcript form, some portions of which had been deleted, was made public Wednesday night by two Senate committees on the eve of a closed inquiry into MacArthur's ouster and Far East policy.

AIDE BLASTS DOCUMENT

Maj. Gen. Courtney Whitney, MacArthur's aide, said in New York the document had about as much bearing on the present situation in Korea as would "a report on the military operations on Bunker Hill."

Whitney also referred to the "covert" taking of notes at the Oct. 15 conference on Wake Island. He said no mention had been made to MacArthur that any record of the talks would be made.

In a letter to Senate Russell (D-Ga), presiding at the inquiry, Gen. Omar Bradley said the account was pieced together on the return from Wake from longhand notes made by a number of those who took part, plus a stenographic record of some portions.

Bradley said Ambassador Philip G. Jessup's secretary, Miss Vernice Anderson, was in the next room and took down in shorthand what she could hear. He added that was "a large part of the conversation.'

NOT PRIVATE TALK

The record did not purport to tell anything that went on between Mr. Truman and MacArthur in their hour-long private talk. It covScott Casey. Mrs. Bob Dupree ered only that portion of the conference also attended by their advisers.

Bradley said Ambassador Philip record were sent to MacArthur in Tokyo shortly after the conference, and so far as he knew MacArthur had not suggested any changes. Whitney said "no attention" was paid to the copies when they were received in Tokyo.

Much of the talk, as it was put down in the summary, concerned what should be done in Korea when the fighting stopped. Everyone evidently assumed it would stop soon.

The conference took place about two weeks before the mass intervention by the Chinese Reds, which MacArthur said created "a new war."

REHABILITATION DISCUSSED

The summary said Mr. Truman started the conference by asking MacArthur about rehabilitation of Korea. It continued:

MacArthur "It cannot occur until the military operations have ended. I believe that formal resistance will end throughout North and South Korea by Thanksgiving. There is little resistance left in South Korea. . .

"It is my hope to be able to withdraw the Eighth Army to Japan by Christmas . . ."

There then followed a long discussion of economic and other rebuilding of Korea, during which the summary recorded this exchange

(Army Sec.) Pace "Is there anything in terms of ECA and Army cooperation that we might do to help you?"

MacArthur "No commander in the history of war has ever had more complete and adequate support from all agencies in Washington than I have."

RED ENTRY EYED

After a further recorded discussion of problems which would arise when the fighting stopped, the summary continued

Mr. Truman:

"What are the chances for Chinese or Soviet interference?"

MacArthur 'Very little. Had they interfered in the first or second months it would have been decisive. We are no longer fearful of their intervention. We no longer stand hat in hand.

"The Chinese have 300,000 men in Manchuria. Of these probably not more than 100-125,000 are distributed along the Yalu River. Only 50-60,000 could be gotten across the Yalu River. They have no air force. Now that we have bases for our air force in Korea, if the Chinese tried to get down to Pyongyang (the North Korean capital) there would be the greatest slaughter.

'With the Russians it is a little different. They have an air force in Siberia and a fairly good one, with excellent pilots equipped with some jets and B-25 and B-29 planes. They can put 1,000 planes in the air with some 2-3,000 more from the fifth and seventh Soviet fleets. They are probably no match for our Air Force.

'The Russians have no ground troops available for North Korea. They would have difficulty in putting troops into the field. It would take six weeks to get a division across and six weeks brings the winter. . ."

Prizes Are Given At Saturday Bridge Club

Mr. and Mrs. Leland Herod 1609 Twenty-seventh Street entertained a few friends with a Saturday night bridge party. Bouquets of iris decorated the rooms. The hostess served a strawberry shortcake plate with coffee.

Following dessert, three bridge tables were arranged, Armor McFarland taking high score for men; Mrs. Louis E. Long, a guest of the bridge group, won high score for ladies; and Mrs. R. N Phillips took the travelling prize

Others in the party were Mr. Long, Mr. Phillips, Mrs. McFarland, Mr. and Mrs Roland Bell, Jr, Mr. and Mrs Lee Smyth, and Dr and Mrs. John Blum.

Tulsa In Celler After Being Picked To Ride High Over Loop

By HAROLD V. RATLIFF
(By The Associated Press)

Sidle up to Al Vincent these days and ask him, innocently enough, what he thinks about the state of baseball. The atomic explosion at Hiroshima might be mild in comparison.

The veteran Texas League manager, who hasn't been accustomed to losing baseball, ought to be totally gray by now.

His Tulsa Oilers were picked by most everybody to make a wild dash through the Texas League and end up with all the marbles. But here the race is rushing through its first month and Tulsa is so far in the cellar it would take a steam shovel to do any good.

The Oilers have won just six games and lost 15. Two defeats were added to the string Wednesday night with Shreveport doing the dirty work. The Sports won 10-4 in the first game, then eked out a 6-5 in a nightcap cut to eight innings so Tulsa could catch a train and get out of town before being killed or something.

In the only other game Wednesday night Beaumont whammed Oklahoma City 4-1. Dallas at San Antonio and Fort Worth at Houston were rained out.

San Antonio, in first place, picked up a half game on runner-up Oklahoma City, now a game and a half back.

Bill Henry notched his first pitching victory of the season against Tulsa in the nightcap although he had to have help. Hugh Sooter was the winner in the seven-inning opener.

John MacKinson of Beaumont pitched the second best game of the season as he limited Oklahoma City to just two hits. Al Gerheauser, who had won four straight games, was the loser for Oklahoma City.

Girl Scout Leaders Will Meet to Plan Summer Day Camp Here

Girl Scout leaders, co-leaders, and others interested in working at the Girl Scout day camp here this summer are asked to attend a meeting at 7:30 Friday night in the scout room of the First Methodist Church.

Mrs. Ben Pennington and Mrs. Claude Kenner will lead the discussion of work to be done in organizing and operating the camp. Both Mrs. Pennington and Mrs. Kenner recently attended a training school for camp leaders held near San Antonio. A brief training period for day camp workers here is planned this month.

Fined In County Court

Orbie Lee McMullen, 44 years old, 2507 Twenty - seventh Street, was assessed a county court fine yesterday of $5 plus court costs of $23.50 when he pleaded guilty to a charge of swindling with worthless check.

The check was written on a Monahans bank for $10 payable to Vernie Head, deputy sheriff here. It was dated Jan. 27, 1951.

High School Band, Musicians Win Interscholastic Awards

Medals and certificates of merit won by Snyder high school band, ensembles, and soloists at the Interscholastic League contest Saturday in Brownwood will be presented at the assembly program tomorrow morning, Jim Verner, band director, said today.

The band was rated two plus in concert performance and three plus in sight reading, Verner said. These grades are based on a perfect score of 100, which is a rating of one. A rating of two represents a score of about 95, with other ratings consecutively lower.

First place medals will go to three clarinet soloists, George Robbins, Madolyn Crow and Gwendolyn Crow. This trio also won a second division in ensemble scoring.

Tommy Smith received a second division rating in the baritone solo class. Other second division ratings were given Jane Thomas, French horn soloist, a saxaphone quartet made up of Phil Maegors, Lowell Bynum, Cecil Agee and Georgia Harrell, and a flute trio made up of Sue Hamilton, Jane Hodgson and Joanne Addison. Certificates are awarded all second division winners.

The presentation of awards is to be made by T. D. Wiman, high school principal.

Shallow Pumper Finaled In Mitchell County

H. L. Lockhart has reported completion of the No. 11 C. C. Berry in the shallow Sharon Ridge field of Mitchell County.

The well pumped 24 hours to make a potential of 46.37 barrels of 28 gravity oil with two per cent water. Gas-oil ratio was less than 200-1.

The well was drilled in section 83, block 97, H&TC survey.

FHA Convention Opens

FORT WORTH, May 3. (AP)—An executive council meeting today was to open the state convention of Future Homemakers of America.

Frank Darby, Veteran Back in Active Service, Promoted in Air Force

Another advance in grade came recently for Sgt. Frank Darby, son of Mrs. Frank Darby, Sr., of Arah Route.

The newly-made staff sergeant is a senior personnel specialist at Lackland Air Force Base, San Antonio, where he has been stationed since his recall to active duty last October. He is a veteran of three years prior Air Force service, serving tours of duty in Alaska and Japan.

Before his recall, Darby was a party chief here for M. R. Estes, county surveyor.

Hoping to be relieved from active duty late this summer, Darby's present plans are to continue his education and study for the ministry at Abilene Christian College.

Mrs. Darby, the former Frankilene Arnett, is now staying with her parents, Mr. and Mrs. Frank Arnett of 2015 Avenue U.

McElroy Ranch Well Completed In Two Zones

Dual completion from the Pennsylvanian and Ellenburger has been reported at Sinclair Oil & Gas Co. No. 1 McElroy ranch, discovery from both formations in Northwest Upton County.

The well flowed 288 barrels of 49.9-gravity oil daily from the Pennsylvanian through perforation at 9,365 to 9,405 feet.

It was gauged on a 21-64-inch choke. Gas-oil ratio was 560-1. Earlier the discovery flowed 1,681 barrels of 53.5-gravity oil daily through open two-inch tubing and perforations, opposite the Ellenburger, from 12,306 to 12,466 feet.

The oiler is 660 feet from south and 1,980 feet from east lines of section 129, block D, CCSD&RGNG survey.

The Ellenburger completion was natural and the Pennsylvanian zone was acidized.

Reagan Wildcat Plugged In Barren Ellenburger

Continental Oil Co. No. 1-7 University is a dry wildcat in Southwest Reagan County. Operator drilled the test to a total depth of 9,595 feet in the Ellenburger and after finding no shows of production, it was plugged and abandoned.

No top of the Ellenburger has been reported.

It was two and one-half miles southeast of the Grayson field. Location was 660 feet from north and west lines of section 7, block 7, University survey and 12 miles southwest of Big Lake.

Spraberry Discovery In Northeast Upton County

Gustave Ringe No. 1 F. F. Elkin has been completed as a discovery and producer from the Spraberry in Northeast Upton County.

The well was finaled for a daily flowing potential of 125.43 barrels of 38-gravity oil. It was gauged on a 22-64-inch choke. Production is from open hole at 7,016, where seven-inch casing was set, and total depth of 7,122 feet. The section had been Hydrafraced.

No. 1 Elkin is one and three-quarters miles southwest of the Weiner - Floyd field, and 660 feet from north and west lines of section 13, block 35, T-3-S, T&P survey.

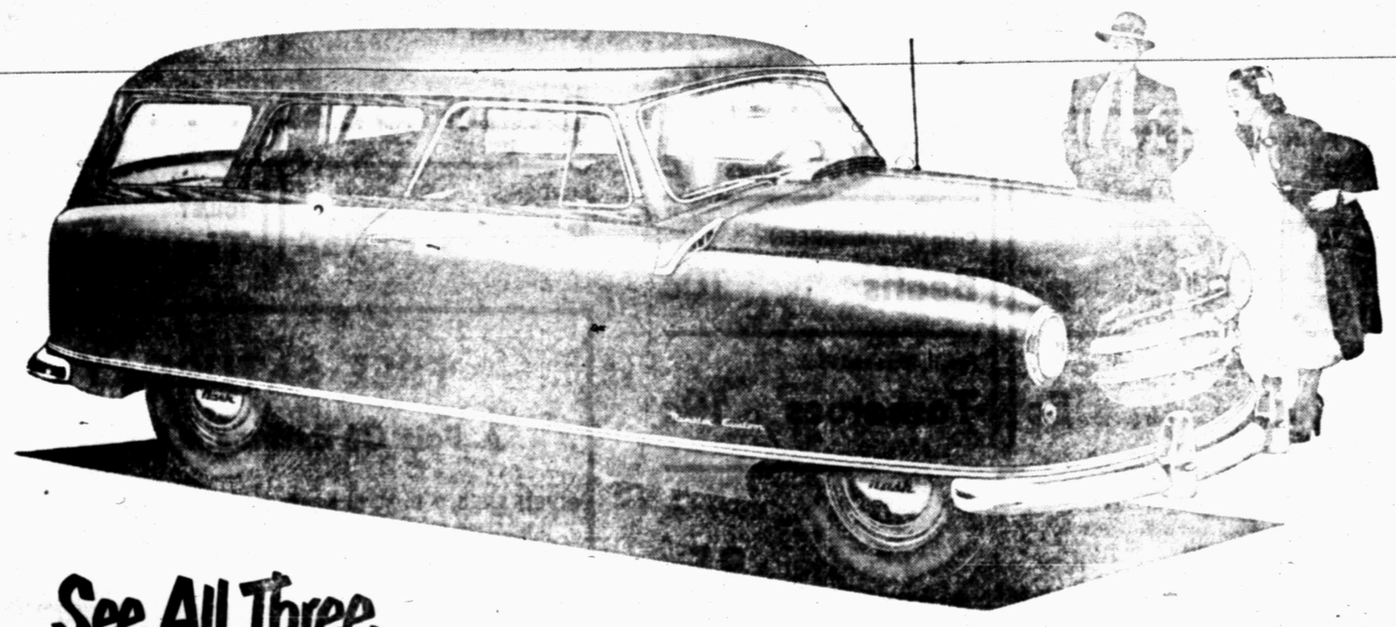
NEW YORK, May 3. (AP) — Stocks edged forward today in a moderately active market.

Railroad shares were a flicker ahead of the rest in a seeming effort to take over leadership as on Wednesday.

LOOK! It's a New Nash Rambler that's Two Great Cars in One!



See All Three Nash Airflytes
YOUR BEST BET FOR THE YEARS AHEAD

THIS double-duty beauty is America's most practical car. It's the Rambler All-Purpose Sedan . . . a luxuriously appointed family sedan that becomes—at the drop of a seat—an all-steel station wagon with a 6½-foot platform! Its low price includes nearly $300 worth of custom accessories—like radio, Weather Eye, Directional Signals, needle-point upholstery—at *no extra cost!*

You've never driven anything like it—breezing through traffic, zooming over hills, slipping into parking spaces, with admiring looks wherever you go. You'll have *more* fun at the wheel—and go *more* miles on a tank of gas. There's a Nash Airflyte for every use—for every income. See and drive the dashing Rambler, the popular Statesman or the distinguished Ambassador.

Sam Snead:

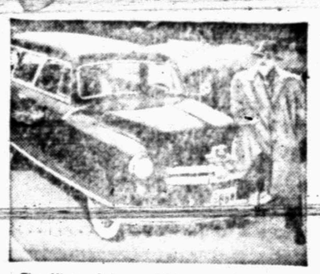
America's great golf star owns a Rambler "All-Weather" Convertible Sedan—the car that smashed all records for gas mileage in the 1951 Mobilgas Economy Run.

Miss America:

Beautiful Yolande Betbeze, Miss America for 1951, is proud to drive the World's Most Modern Car—the Nash Ambassador Custom with Hydra-Matic Drive.

Lucky Lee Lott:

"Hell Driver" Lucky Lott insists on the double rigidity and strength of Airflyte Construction for his death-defying stunts. He drives a Nash Statesman.

Paul Whiteman:


The King of Jazz whips around town in his Nash Rambler All-Purpose Sedan. He praises its comfortable room, its easy parking and double usefulness.

MacArthur Testimony Screened Before Turned Over To Press

WASHINGTON, May 3. (AP)—Senate officials set up an intricate new system of getting to reporters and the public today the closed-door testimony of Gen. Douglas MacArthur, after it had been screened for military secrets.

Chairman Russell (D-Ga) of the Senate Armed Services Committee worked out the proposal in consultation with Harold R. Beckley, superintendent of the Senate Press Gallery. Veteran newsmen were consulted, too.

"We hope to get the actual words of General MacArthur and other witnesses into hands of the press in less than an hour," Russell said. "It's in line with our attempt to get all possible facts to the public without endangering national security."

QUESTIONING SECRET

Beckley said "nothing quite like it has been tried in my 20 years" of experience in the Capitol Press Gallery.

The actual questioning of the deposed five-star general, and of the witnesses who will follow him in the Senate inquiry into his ouster, was scheduled in the Armed Services Committee Room in the Senate Office Building. It is relatively small, about 25 by 50 feet.

Once a stencil of the official master copy of the transcript has been approved — probably with some deletions — it will be rushed to an electric-power machine that can run off numerous copies. These will be distributed to newsmen as fast as they are duplicated.

A staff of five shorthand reporters, working under direction of a private firm, was assigned to take the testimony in five to ten minute intervals, two of them working at a time. Then they were to go to an adjoining room and transcribe their notes for three offical copies.

ADMIRAL TO CENSOR

Russell said Vice Admiral Arthur C. Davis, staff director of the Joint Chiefs of Staff, would screen MacArthur's testimony and remove any matter continaing military secrets "by actually cutting it out with a razor blade."

In any disagreement about whether something should come out or stay in, Russell said he or the committee would rule at once.

The plan was to rush the testimony to reporters page by page a short time after it is actually spoken. They must pay 12½ cents a page, expected to run between 100 and 200 words.

In addition to this transcript, Russell and a Republican, probably Senator Bridges of New Hampshire, will meet with reporters immediately after each session to give them a quick summary of what was said.

The long marble corridor outside the committee room was to be barricaded to photographers, reporters and the public.

Around the corridor — about half a block away — the press room of the office building was crowded with 30 typewriters and desks, teletypes and other equipment for newsmen.

Predict Boyd To Judge Post

WASHINGTON, May 3. (AP)—Carl L. Estes, Longview newspaper publisher, predicts Judge Ben. W. Boyd of Denton will become federal judge of the Eastern District of Texas.

Estes and Boyd are conferring here on the vacancy created by the death of Judge Randolph Bryant of Sherman.

Estes said Rep. Combs of Beaumont has been virtually eliminated because Democrats are afraid Martin Dies or a Republican would be elected to his place in Congress. He said Boyd has powerful support of Percy Rice of Dallas, Sen. Connally's personal advisor.

Others mentioned for the judgeship are Warren Moore, Tom Ramey, Joe Sheey and Galloway Calhoun, all of Tyler; Fred Erisman of Longview and A. D. Moore of Beaumont.

Dawson Not To Go On Video

WASHINGTON, May 3. (AP)—Proposals to televise White House Aide Donald S. Dawson's appearance before a Senate Investigating Committee have been ruled out. The committee has accused Dawson of improperly exerting influnce on Reconstruction Finance Corporation (RFC) loans.

Chairman Fulbright (D-Ark) of the subcommittee, said:

"I don't want to make it a circus."

The committee Wednesday earmarked up to three days, starting May 10, to question Dawson.

Flood Danger Still Prevails In Midwest Along Mississippi

... By The Associated Press ...

Skies cleared today over Midwest flood areas but serious overflows still threatened along the Mississippi River in Iowa, Illinois and Missouri.

Engineers watched for breaks in levees along the Mississippi. The big stream receded slightly at Muscatine, Ia., one of the critical areas. A levee break below Alexandria, Mo., Wednesday caused the flooding of about 2,500 acres of farm land.

Most of the country had fair weather today. Rain fell in the Middle Pacific Coast region.

Lion Stakes Location For 2 McLaughlin Wells

Lion Oil Co. has filed an application for permission to drill the No. 51 McLaughlin, account 3.

Location is to be 1,650 feet from south and 1,654.31 feet from east lines of section 201, block 97, H&TC survey, and 13 miles southwest of Snyder. Rotary tools are to be used to drill to 3,400 feet, with operations to begin May 2.

Lion has filed an amended location on the No. 50 McLaughlin, which was to be started yesterday. The new location is 1,011.6 feet from north and 2,913 feet from east lines of section 196, block 97, H&TC survey.

Britain has occupied Hong Kong under treaty with China for more than 100 years.

The Dead Sea is 1,286 feet below sea level.

Pasotex, Town & Country Win

A total of 50 runs were scored across home plate in last night's two ball games played in Memorial Park. One was a run-away, but the other was as tight as any major league fans could hope for.

Pasotex, with 19 hits, four errors, and only three men left on base, swamped the Pan American team by a lop-sided score of 18-7. Pan Am had only four hits, four errors, and five men left on base.

The second game, Town & Country vs. V.F.W, ended 13-12 in Town & Country's favor.

It was a hitting duel. Each team had 11 hits. The V.F.W nine made five errors, and had six men left on base while running up their 12 points

Town & Country's 13 run score was piled up via 11 hits, six errors, and with eight men left on base.

Pasotex hitting might was what put them on top of the big score in the first game. Both Robert Beudelein and Paul Jones hit homers.

Travis Lankford hit Town & Country's only home run, and Byrd hit the only homer for the the V. F. W. team.

New President Of U. S. Chamber Of Commerce Named In Washington

WASHINGTON, May 3. (AP) — Dechard A. Hulcy, 59, who started as a poor Texas farm boy and became head of a big gas company, is the new president of the United States Chamber of Commerce.

Hulcy was elcted Wednesday to succeed Otto A. Seyferth of Muskegon, Mich.

The Dallas executive is president of the Lone Star Gas Company and also president of the American Gas Asociation.

Among new regional directors of the Chamber is R. H. Nichols, publisher of the Vernon (Tex) Daily Record.

Two Companies Report Completions in Scurry

The Texas Co. and Magnolia Petroleum Co. have reported completions in Scurry County.

Texas No. 145 P. L. Fuller, in the Cogdell field, flowed 397 barrels of oil in 16 hours on the completion test. Gas-oil ratio was 486-1. Gravity of the petroleum was 42.4 degrees. The flow was through a 24-64th-inch choke, with casing pressure 0-0 and tubing pressure 500-375.

No. 145 Fuller is on the lease in section 615, block 97, H&TC survey.

In the Kelley - Snyder pool, Magnolia I-K McDonnell estate pumped 24 hours for a potential of 70.20 barrels of 41.7 gravity oil with 7.14 per cent water. Gas-oil ratio was 195-1. Location is in the northeast quarter of the northwest quarter of section 336, block 97, H&TC survey.

Snyder Man To Take Part in Rodeo Contest

Bobby Gray of Snyder will be a member of the six-man team which is to represent Texas Techological College in its National Rodeo Association competition in Lubbock today, tomorrow and Saturday.

Gray is the son of Mr. and Mrs. R. L. Gray, 3300 Avenue U. He is president of the Tech Rodeo Association.

Other members of the team include Joe Repetto of Fort Worth, Don Spencer of Big Spring, John Wilson of Pecos, Dub Parks of Dimmitt, and Bill Arnett of Clovis, N.M.

Speculation On Politics Is Concern Of Texans In Capital

WASHINGTON, May 3 (AP) —The dogwood is in full bloom in these parts, which may account for the fact that Texans in the capital are talking a lot of politics.

The flowering tree which traditionally signals the opening of political campaigns in East Texas blooms here a month or so later than in the Lone Star State.

Most of the talk here centers around the presidential and senatorial races. Speculation on the House seats is held in check awaiting the outcome of redistricting legislation in the state legislature.

As for the Democratic national ticket in 1952, Rep. John E. Lyle of Corpus Christi, who has been an administration supporter, comes up with Speaker Sam Rayburn of Bonham for president and W. Stuart Symington, chairman of the National Security Resources Board who has been named to head the Reconstruction Finance Corporation, for vice-president.

"Some people mention Mr. Rayburn's age as a handicap," Lyle added. "He is just 69, only two years older than President Truman."

"He is certainly respected by party leaders in all parts of the country. I know some influential Southern congressmen who would endorse him but certainly would oppose Truman's reelection."

SYMINGTON "LIKE TEXAN"

Symington, who calls St. Louis home, is well known to many Texan and is a close personal friend of many of them here in Washington.

He has been in Texas a great deal in connection with various government posts he has held, including that of Surplus Property Chief immediately after World War II.

"He is the most Texan-like non-Texan in the government," Lyle says.

"He is tall and a little on the lank side, an easy going sort of fellow who on occasion can get as steamed up as anybody. He even thinks like a Texan."

Here are Symington's own words of what he thinks about Texans, as told to this reporter:

"I have often said that if I had to choose a state other than my home, I would like to live in Texas."

"It more nearly represents all America was and all that we hope it will soon be again."

SENATE RACE EYED

Speculation regarding the senatorial situation centers around the plans of Senator Tom Connally whose present term expires January 3, 1953.

He has not yet announced his intentions. In informal, off-the-record talks with close friends and associates he has said he would run for reelection.

Some feel, however, he may have made the statements more because there was little else to say in the circumstances. Reports have it that his son, Ben Connally, Houston lawyer, has told his father he hopes he won't subject himself to a tough campaign for reelection.

PARISIAN SPRING CLEANING — High jets of water stand out against the sky in the Spring sunshine as fireboats test their equipment on Seine River in the French capital.

A Professional Name

CLEVELAND, May 3. (AP) — A talk on food was given here today by a man eminently qualified by name — Dr. Bacon F. Chow.

The Johns Hopkins University scientist addressed the Federation of American Societies for Experimental Biology.

Business Hearing Set

HOUSTON, May 3. (AP) — A U. S. House sub-committee will hear Houston businessmen discuss defense order problems here today.

A Houston Chamber of Commerce committee arranged the hearing.

San Angelo In Front Of Loop

(By The Associated Press)

The pitchers do all the work and the hitters get all the credit in the Longhorn League.

The Midland-Big Spring game Wednesday night was a good example.

There were 35 hits on both sides yet the starting hurlers were left in the full nine innings.

Big Spring outlasted Midland, 19-11. Mike Fornielas was the winning pitcher although raked for 16 hits. But you should have seen the other fellow — Tom Patton of Midland. He was bounced around for 19 hits.

Front-running San Angelo nipped Odessa 9-7, Sweetwater beat Vernon 7-5 and Roswell licked Artesia 10-5.

Roswell and Sweetwater moved into a tie for second place. Vernon slipped from second to fourth.

Ray Drake went the distance for Roswell.

Jesse Torres doled eight hits to pitch Sweetwater to its win.

A single and an error gave San Angelo an unearned run in the top of the tenth inning and its victory. Dutch Fuderburk's single to left got by Ezelio Ortega to allow a run to score from first and break a 7-7 tie.

FEATHER GLOVES —These bizarre gloves, intended for Spring wear, and exhibited at a fashion show in Paris, are made of nylon and covered with white pelican feathers.

Around —The— Capital

A Texas flag flies over the camping area of the First Service Battalion, First Marines, in Korea, thanks to Lieut. Thomas G. Meriwether of Nacogdoches.

On April 6, Rep. Tom Pickett of Palestine received the following from Meriwether who is in charge of setting up forward supply dumps:

"We stay right up with the front lines and have our own camp. That I don't mind so much, but the thing that is wrong with the whole set-up is the fact that (a lieutenant friend) has a New York state flag flying over the tent and I don't like the idea of living under a dam-Yankee flag."

"There are about ten of us here from Texas and we would appreciate it very much if you could send us, air mail, a nice size Texas flag in order that we may fly it over the top of the New York one."

Within thirty minutes after he received the letter, Picket had in the mails a 5 by 8 Texas flag. In an accompanying letter Pickett said:

"In my opinion, you have every reason to complain about living under a damyankee flag, and if I were in a similar situation, I am sure I would do the very same thing."

On April 25, Pickett received another letter from Meriwether, dated April 19, which said:

"I would like to take this means of thanking you not only for myself but for all the other Texans in our outfit."

"We have the Texas flag flying in the middle of the living area. The fact is that it flies about three feet higher than the one from the state of New York. As you know here is nothing better than a flag of Texas."

Palm nuts are a main source of food for the natives of equatorial Africa.

Poor Aim Can Pay

BIRMINGHAM, May 3. (AP)—Mrs. Beulah Ripley reported to police that rings she valued at $3,000 had been stolen from her home Wednesday.

Then she turned sadly to her housework.

Noticing a lump beneath the kitchen carpet, she took a hammer and tried to pound it flat. She kept missing her target, and in disgust took a look. There were her rings.

"It's lucky I'm not very good with a hammer," she commented.

More Uses Sought For Coarser Western Wool By Agriculture Men

WASHINGTON, May 3. (AP) — Greater use of the coarser western wool for men's suitings is being sought through investigations of the Agricultural Department.

Conducted by the Agriculture Research Administration, experiments have involved tests of whipcord type fabrics, some manufactured entirely of coarser wools and some made of those wools in combination with varying amounts of rayon and nylon.

Materials are subjected to both physical and chemical tests, and checks are made on the warmth, wearing and draping qualities. Later, actual garments are to be made of these fabrics and tested for serviceability.

Boys To Don Ties In Japan This Summer

TOKYO, May 3. (AP) — The tieless days of the MacArthur occupation soon will fade like the old soldier.

The headquarters of General MacArthur's successor, Lt. Gen. Matthew B. Ridgway, ordered occupation troops to don ties with summer uniforms.

MacArthur — like those gals on television—favored the open throat.

The major league's longest inning was the seventh of a Chicago-Detroit game in 1883. Chicago had 23 men at bat and scored 18 runs.

Vast Hospital Expansion Over State During Last Four Years

By CHARLIE LEWIS

(Associated Press Staff)

AUSTIN, May 3. (AP)—Texas leads the nation in the number of hospital beds added in the last four years, a survey made by the Federal Security Agency shows.

Bed space over that period was increased by 5,339 units as 100 new hospitals or hospital expansion projects were completed, or gotten under way.

"Eighty towns and 75 counties have or will benefit directly by the additions," State Health Officer George Cox declares.

Here's the way the construction status of the 100 projects shapes up:

43 are complete, 37 are under construction, one is out for bids, 15 are on the drawing boards, four have been approved tentatively.

ANOTHER "FIRST"

Texas is scheduled to use $24,555,440 in federal appropriations in making the big building stride. In fact, the state marked up another nationwide "first" in total amount appropriated for construction cost.

Dr. Cox explains that doubling the federal dollars gives an accurate picture of total money involved. This is ture, he says because the national administration and city and county governments split construction costs fifty-fifty.

A breakdow of expansion figures shows Texas ranking:

1. First in the number of general beds added.

2. Third in number of beds added for mental patients.

3. Tenth in the number added for tuberculosis patients.

4. Twelfth in the number of beds added for chronic disease patients.

Cities and counties have sponsored most of the work. Sixty new hospitals or expansions are city or county projects. Eleven will be church-owned, 14 run by non-profit associations; three run by the state, and three operated by co-ops.

NEW CENTERS

Public health centers have been completed in Port Arthur, Houston, and Brownfield, and an addition has been made to the state laboratory in Austin. A health center for Austin is in the planning stage.

The largest hospital project undertaken in Texas is devoted to war on cancer. It is the 300-bed M. D. Anderson Hospital for Cancer Research in Houston. The hospital is part of the University of Texas Hospital system and has a state-wide clientele Only seven per cent of the patients come from Harris County.

The second largest undertaking is also in the university system. It is Galveston's Sealy-Smith Foundation, expanded by 281 beds during the current building campaign. Further plans call for a 982 patient capacity.

The big hospital is the chief training facility for graduates and undergraduates in the university's school of medicine. It was originally built by the John Sealy Foundation, then turned over to the university for operation.

Rounding out the five largest projects during the last four years are:

Driscoll Foundation Children's Hospital in Corpus Christi. It is now under construction and will specialize in treatment of polio and other crippling diseases. The will of Mrs. Clara Driscoll provided that the hospital be operated absolutely free. The hospital will have no cashier's window.

Lubbock Memorial Hospital in Lubbock. It is a 25-bed undertaking, plus a 100-bed nurses' home. It represents a base center for the Lubbock region.

Providence Memorial Hospital in El Paso. A 200-bed institution, for intern and resident training. It will serve adjacent territories in New Mexico and Mexico.

Mrs. C. W. Jones, 816 Sixteenth Street, was taken to Root Memorial Hospital in Colorado City by Bolger-Barnes ambulance Tues afternoon.

1904 —to— 1951

Down through the years Furr's Super Markets has played an important role in the food retailing picture in West Texas and New Mexico.

Out of the stir and dust of the first Furr's unit, the Kirkland Mercantile Co., in Kirkland, Texas just out of Childress, Texas, has come 31 Super Markets, headquartered at Lubbock, Texas. Some 25 more are out of the Amarillo division.

It was C. W. Furr, now deceased and father of Roy Furr, president of Furr's, Inc., Lubbock, who founded the first store, in 1904. In 1925 he moved to Amarillo, Texas and began operations there. In 1929, Roy Furr moved to Lubbock with the purchase of six M-System stores. They were located at that time, three in Lubbock and one each in Littlefield, Idalou and Shallowater.

Since then the progress of Furr's Super Markets has been rapid. Furr's now has stores in El Paso (8), Lubbock (8), Odessa (2), and one each in Childress, Plainview, Brownfield, Levelland, Littlefield, Lamesa, Big Spring, Snyder, Odessa, Midland, and Monahans in Texas and Carlsbad, Hobbs, and Roswell in New Mexico.

Furr's operates a meat packing plant a cannery, a creamery, bakery and egg plant in Lubbock as well as a wholesale house in El Paso. Some 986 persons are on the payroll, and with such volume prices have been kept to a minimum what with such buying power.

With Roy Furr is C. B. Boverie, vice president; Clifton H. Cumings, secretary-treasurer; his son Don G. Furr, personel director and a host of other executives who handle supervision of the operation.

In 47 years Furr's family has grown to a huge one, one which has its growth in many towns of West Texas and New Mexico, where families are a strong part of these communities.

Scanlon Will Upheld

RICHMOND, May 3. (AP) — A will for a multi-million dollar estate was held valid here by Fort Bend County Judge H. Cecil Baker.

Judge Baker ruled the late Miss Stella Scanlon, whose relatives contended she was mentally incapable of making a valid will, had issued a valid paper.

Miss Scanlon's estate, $1,600,000 to $5 million was left to Catholic charities.

Fast Play In Gulf League

(By The Associated Press)

Home runs are playing a big part in the Gulf Coast League this season. A pair of round-trippers threw the lead in the Class B circuit into a two-way tie Wednesday night.

A three-run homer gave Brownsville a victory that moved it into a tie with Harlingen, beaten by a home run.

The Charros defeated Galveston, 14-13. Harlingen lost to Corpus Christi, 6-5.

Port Arthur defeated Laredo, 7-5 in the only other game. Rain washed out the Lake Charles-Texas City go.

Bob Hedington got the three-run homer for Brownsville. The blow came in the seventh inning with the Whitecaps leading by two runs.

Jack Trench, Corpus Christi catcher, slammed a two-run homer in the eighth inning to give the Aces their win.

Port Arthur rallied for two runs in the seventh inning for victory.

Tight Race In Big State Loop

(By The Associated Press)

Things are so close in the Big State League the boys have to read the papers to find out who's on top today.

Two teams are tied for first and two are tied for the runner-up spot and there's just a half-game difference between the whole shebang.

Wednesday night Austin and Gainesville stayed in a first place tie by not playing. They were supposed to meet each other but rain set in.

Meanwhile, Wichita Falls fell out of a tie for first by taking a 7-5 beating from Temple. Temple thus moved into a tie with Wichita Falls.

Jack Bradsher and Glen Schaeffer each homered in the ninth to bring Temple its victory.

In other games Texarkana skunked Tyler 6-0 and Sherman-Denison clipped Waco 7-5.

Bill Hair set Tyler down with five hits and Tyler fell into the cellar.

Sherman-Denison shoved over four runs in the eighth to win. Dick McIntyre got too free with his walks and lost a hitherto well-pitched game.

Lodge Owner Succumbs

LANCASTER, May 3. (AP) — Funeral services for Ernest Edgar Moore, 47, will be held here today. Moore, owner of the Silver Side Lodge at Possum Kingdom Lake, died in Mineral Wells Wednesday following a heart attack.

Lee Duckett, 1104 Twenty-sixth Street, was taken to Snyder Hospitak by a Bolger - Barnes ambulance for an emergency operation Tuesday night. He is reported to be in satisfactory condition.
