VOL. 1—No. 230 | SNYDER, TEXAS, TUESDAY, FEBRUARY 6, 1951 | ONE SECTION—EIGHT PAGES—Price 5c

Depletion Cut Asked For By Treasury Head

WASHINGTON, Feb. 6. (AP)—The House Ways and Means Committee had before it today a request by Secretary of the Treasury Snyder that it plug what he called "loopholes" in tax laws concerning the oil, gas and sulphur industries.

He asked that depletion allowances for oil, gas and sulphur be trimmed from as high as 27½ per cent to 15. Oil men say the higher rate is necessary to promote wildcatting.

The allowances compensate for declining values of property as oil gas or sulphur are taken out.

ASKS CHANGE

Snyder asked that the law be changed so as not to permit oil and gas producers to deduct for tax purposes their intangible drilling costs, mostly labor.

He said the combined efforts of allowances and deductions "wipe out tax liability on income running into billions of dollars."

Present depletion taxes can be taken off year after year, even though the full original investment has been recouped. Snyder said the depletion allowances are a "major structural defect" in the tax structure costing the government "hundreds of millions of dollars each year."

MORE 'ESCAPE'

"In addition to the highly favorable depletion allowances," Snyder testified, "oil producers can immediately deduct for tax purposes a substantial part of their outlays for drilling and development."

"The amount of capital investment thus written off at the outset have no effect on the future percentage depletion deductions. This results in a double deduction with respect to the same capital investment. The combined impact of percentage depletion and the privilege of deducting drilling and development costs as a current expense is to wipe out the tax liability on incomes running into millions of dollars."

Production Is Assured For Stonewall Test

Seaboard Oil Co. of Texas No. 2 Sparks, one location south offset to the discovery well of the Double Mountain field in Southwest Stonewall County, was assured as a producer on a drillstem test from 5,227-95 feet.

The Pensylvanian prospect was tested for three hours. Gas was to the surface in 47 minutes. There was a strong blow for two hours and a weak blow for 30 minutes. No fluid surfaced while the tester was open.

Recovery was 210 feet of oil and gas cut mud, 3,575 feet of pipe line oil and 810 feet of drilling mud.

Bottom hole flowing pressure was 1,750 pounds. Shut - in pressure after 15 minutes was 1,750 pounds.

It is expected that operator will complete from open hole at 5,227-5,320 feet.

Location is 1,760 feet from north and east lines of section 315, block 2, H&TC survey, and 14 miles southwest of Aspermont.

HOWARD DISCOVERY

Operator was to set casing and try to complete the Pan-American Production Co. and Forest Oil Corp No. 1 Jones as a discovery of the new Pennsylvanian reef pool in Northwest Howard County.

The wildcat flowed at the rate of from 10 to 15 barrels of oil per hour to pits in 30 minutes during a two-hour and 30-minute drillstem test from 8,326-8,339 feet.

On the test, gas was at the surface in nine minutes and oil in two hours. Most of the recovery was circulated out, but when the tester was pulled operator found 120 feet of drilling mud and 60 feet of salt water.

The reef lime was topped at 8,326 feet. That gives it a datum of minus 5,583 feet.

Location of the possible field opener is 467 feet from south and west lines of the southwest quarter of the northeast quarter of section 38, block 33, T-3-N, T&P survey and two miles west of the Vealmoor-Pennsylvanian pool.

FROM PENNSYLVANIAN

Gulf Oil Corp. has reported flowing production from the Pennsylvanian lime at its No. 2-E-B George W. Glass, 13,000-foot Ellenburger wildcat in Southwest Martin County.

On a drillstem test from 10,412-10,521 feet with tool open 12 hours gas came to the surface in five minutes at the rate of 553,000 cubic feet daily, followed by a light spray of distillate in four and one-half hours. During the next seven and one-half hours the wildcat flowed 53.82 barrels of 46 gravity oil with gas volume rated at 800,000 cubic feet per day.

Recovery was 2,620 feet of fluid which included 1,980 feet of clean oil, 610 feet of oil and gas cut mud and 30 feet of fresh water.

Flowing pressure ranged from

New Tax Proposals

Secretary of the Treasury John W. Snyder is shown at a House Ways and Means committee meeting in Washington. He explained details of the new tax proposals by which President Truman plans to meet the defense effort.

UN Forces Continue To Advance On Reds

By OLEN CLEMENTS
(Associated Press Staff)

TOKYO, Feb. 6. — Allied tank columns chewed into the main Red defense lines south of Parallel 38 today and ground ahead against Chinese resistence that stiffened with the dawn of their lunar new year.

United Nations air, naval and artillery barrages paved a fiery path for the attacks. Allied foot soldiers slogging behind the tanks wiped out nests of Reds.

The Chinese threw tanks into the battle for the first time in this phase of the Korean war. They rushed reinforcements south from Seoul over a plank bridge spanning the Han River. There were indications that this was the big effort to salute the outset of the new "Year of the Rabbit."

BITTER FIGHT

On the western front, a daylong battle raged northwest and northeast of Anyang, nine miles south of Seoul.

On the central front, American troops blasted a hole through a Red battalion on the Hoengsong-Hongchon road. Then South Korean regulars rolled through the gap to a point only 25 miles from the old Parallel 38 border.

This was the northern - most thrust of allied forces since they regained the offensive in Korea 12 days ago.

The Americans locked in battle with an estimated 1,000 Reds at midafternoon Tuesday on the northern outskirts of Changbong, 52 air miles west of Seoul.

EIGHT-MILE GAIN

South Koreans farther west gained eight miles with tank and artillery support. The precise location was not given.

Chinese anti-aircraft fire knocked down one Marine Corsair over the front lines.

"There no longer is any doubt about the whereabouts of the enemy," an allied officer said. "They are right here where we are."

The hills are alive with Chinese and Korean Reds. They were digging in everywhere, despite an estimated allied toll of 57,000 dead and wounded Reds in 13 days.

Man Still in Critical Condition Following Accident Yesterday

John D. Dunlap, 43, of 1005 Twenty-fourth Street, injured when his 1949 Ford sedan turned over five and one-half miles east of Snyder on the Roby highway about 3 o'clock yesterday afternoon, is in critical condition at the Snider Hospital, attendants said today.

According to E. W. Green and Bill Zimmerman, highway patrolmen who investigated the accident, Dunlap apparently lost control of his car after it left the pavement and traveled about 600 feet on the gravel shoulder, then skidded off into a cotton field, turning over several times. He was traveling east.

Dunlap was taken to the hospital in a Bolger-Barnes ambulance where attendants said he had head and internal injuries.

There were no other occupants in the car. The car was demolished.

Summer Weather Moves In After Cold Front

The season practically skipped from winter to summer in Snyder yesterday, with a maximum reading of 79 degrees reported here. The temperature dropped to a pleasantly cool 39 degrees before dawn, but had climbed to 49 degrees by 7:30 this morning. Mrs. D. P. Strayhorn, weather observer, said. Intermittent sprinkling last night was not even sufficient to wet the sidewalks.

Post Office Still Must Refuse Embargo Mail

The nation - wide mail embargo is still in effect at the Snyder post office and no second, third or fourth class mail matter, except newspapers and medicines, are being accepted for dispatch out of the city, H. D. Moreland, acting postmaster, said this morning.

Air mail and air parcel post are not affected by the embargo.

Quite a slump in receipts of incoming mail is noted, he added.

First - class mail matter is not included in the embargo orders

Housewives Told Meat Supply Will Hold At Legitimate Prices

TOLEDO, Feb. 6. (AP) — The government assured housewives today they will be able to buy adequate supplies of meat in the future at legitimate prices.

Black marketeers in the meat business, said Price Chief Michael V. DiSalle, will find profiteering difficult. He called them "first class fifth columnists" and said he would "hate to be the first one to get caught."

Within a few days, DiSalle told about 250 Toledoans in a speech last night, his Office of Price Stabilization will issue two orders designed to keep these meat price chiselers out of business.

TWO WAYS

One order will regulate the slaughter of livestock. The other may require meat wholesalers and retailers to make regular reports on operations, his aides said.

The first order, officials of the agency said, will distribute animals to established slaughterers, preventing black marketeers from setting up fly-by-night slaughter houses.

The second, DiSalle continued, will "keep meat supplies moving through legitimate channels of distribution and enable the housewife to buy adequate meat supplies from her regular butcher or market at legal ceiling prices."

NOT SPECIFIC

DiSalle himself, who chose his home town Toledo to make his first major speech since he was named OPS chief, did not say exactly what this second order would require.

However, if, as his aides say, it makes meat dealers tell the government their transactions, it would provide a check on those selling at above ceiling prices.

"We know," DiSalle continued, "that it takes two to make a black market—the buyer as well as the seller—and this time we're going after both."

This remark was interpreted by one of DiSalle's aides as referring to business establishments such as restaurants and hotels, not housewives.

Dr. W. M. Smith Resigns From Hospital Staff

Dr. William Marshall Smith, who has been on the staff of the Snyder Hospital Clinic since March of 1950, today tendered his resignation to Dr. W. R. Newton, head of the institution. The resignation becomes effective March 1.

Dr. Smith said he is resigning to enter private practice here and will open an office shortly.

Dr. Smith came to Snyder from an Abilene hospital.

He is a graduate of the Northwestern University School of Medicine class of 1926, and served his internship at Anker Hospital in St. Paul. The next four years were spent with the Mayo Clinic in Rochester, Minn, and later he pursued a post-graduate study at Billings Hospital, University of Chicago. He was also associated with the Battle Creek Sanitarium, which is the oldest institution of its kind in the nation.

Dr. Smith and Mrs. Smith, who live at 402 Twenty - ninth Street have a son in the University of Texas and a daughter.

He recently became a member of the Snyder Kiwanis Club.

Las Vegas Shaken Once More As Atomic Blast Is Set Off

LAS VEGAS, Nev., Feb. 6. (AP)—Windows shattered in this southern Nevada city today as two separate shocks from the fifth atomic test in 11 days rocked the city.

Police reported big show windows in two automobile agencies splintered by sound waves.

There were no reports of injuries, residents having been forewarned of the possibility of glass-breaking shocks.

In Los Angeles, some 300 miles distant, windows rattled in residences and on the campus of the University of California at Los Angeles, at 6:12 a.m. (CST) — 24 minutes after the flash. Sound travels about 1,000 feet a second.

LONG WAY

Scientists have said that sound waves might be felt as far away as 1,000 miles of proper atmospheric conditions were present to permit the concussion to bounce off clouds of air strata.

Television cameras picked up the flash through a fog in Los Angeles and relayed it to their watchers.

Las Vegas Police Capt. George Thompson called today's shock "the worst yet." Officers were on street patrol because of an AEC warning of danger, and patrol cars quickly converged on the two damaged auto agencies.

The Atomic Energy Commission would confirm only that a test had taken place.

The white light was seen in Oakland, on the edge of San Francisco Bay, where one witness described it as terrifying. Oakland is some 450 air miles from Las Vegas.

DIFFERENT

An irregular sort of white cloud appeared over the horizon to the northwest, above the Frenchman Flat area where the atomic tests are being conducted. It was different in appearance from any in the previous four tests seen and heard here.

Two distinct shocks were felt, following about five and one-half minutes after the now-familiar blinding white flash in the pre-dawn sky.

Traffic came to a virtual stop as the flash went off at 5:48 a.m. Pacific Standard Time). Everyone was waiting for the concussion. When it came, cars started up again, gamblers drifted back into the casinos, and the juke boxes and roulette wheels took up their usual tunes.

Mardi Gras Tonight In New Orleans, Lent Begins at Midnight

Today is Shrove Tuesday, the last day before Lent begins.

Revelers at the Mardi Gras in New Orleans have only a few more hours before the celebration changes to the somber mood of preparation for Easter Sunday.

Easter will fall on March 25 this year, the earliest calendar date in decades. Easter will not come this early in the year for another 58 years.

Four Are Executed

TAIPEI, Feb. 5. (AP)—Nationalist Lt. Gen. Li Tu-Tang, his wife and two Communist agents were executed today. In the war with Uapan, Li commanded a group army and was deputy chief of the ninth war zone.

Reply By Russians

MOSCOW, Feb. 5. (AP)—Soviet Foreign Minister Andrei Y. Vishinsky handed to the diplomatic representatives on the United States, Britain and France today the Soviet Union's reply to western terms for a big four conference on differences between the Soviet and Western Powers.

Hope Running High For Rail Strike Settlement

Council Submits Plans for New Jail, Fire House, to Engineer

The city council last night turned over to M. R. Estes, civil engineer, the plans for the proposed sub-firestation in East Snyder, the new city jail, and the additions to the central fire station.

Estes will report back to the council Feb. 14 on whether all the proposed buildings can be erected for the $50,000 which is available through a bond issue passed last year for that purpose.

When the $50,000 bond issue was voted it was proposed to build a new jail and add to the fire station, Mayor Forest F. Sears stated last night.

"Now, however," he said, "we need two new sub-stations as well as enlarging the central station to accommodate one more truck and building the new jail."

Estes appeared before the council to apply for the job of drawing the plans and specifications for the various buildings. Contracts cannot be let on them until the plans and specifications are drawn by a registered professional engineer and are studied by the contractors.

TO RECORD BIRTHS

The council reappointed W. C. Davidson, justice of the peace, as the official recorder of births and deaths in the city.

By unanimous vote, the councilmen voted to dismiss J. T. Hillyard, city dog catcher since the office was created in March of last year.

W. M. Watson, proprietor of the E. & O. Washateria, two miles north of the square outside the city limits, petitioned the council to charge him city water rates instead of the higher out-of-town rates. The petition was granted.

The aldermen expressed the view that because a recently drilled city well had undermined Watson's private well which supplied him water for the washateria, the city was obligated to sell him water at the lower rate.

Chester Bairrington, chief of police, read his monthly statement and asked the council's permission to hire a woman for clerical work in the police department. No action was taken on the proposal.

The council instructed the city secretary, Mrs. Clara Jones, to apportion rebates on water and sewer collections in the Jeter addition as follows: 18-74ths to Donald Ray Scott and Broadway Browning, and 56-74th to the Jeter Lumber Co. of Odessa.

FINANCES

Mrs. Jones read a brief statement of the city's finances for last month which was as follows:

General fund: Income of $23,103.79, including $6,294 from fines, $13,280.46 from taxes, penalties and interest, and $1,948.69 from parking meters; disbursement of $18,895.45.

Water and sewer department: Income of $17,256.95, including $1,204.21 from garbage collections; disbursements $16,104.82.

15 Nationalists Die

HONG KONG, Feb. 5. (AP)—A Canton dispatch to the pro-Communist newspaper Ta Kung Pao said today Chinese Communist execution guns have finished off 15 more Nationalist secret agents in Canton.

Supreme Soviet Meets

MOSCOW, Feb. 6. (AP) — The su—60 PI soviet regime meets - 14 preme soviet of the USSR, Russia's parliament, was summoned today to meet March 6.

Steel Process

Hungarian-born Julius D. Madaras (above) of Longview, Texas, is seeking a loan of $6,000,000 from the National Production Authority for the operation and expansion of his plant for making steel with natural gas instead of coking coal.

Gin Plans To Move Out Of Downtown Area

Plans have been made to move the Snyder Co-Op gin to a new location on Thirty-seventh Street in Southeast Snyder, Bill Davidson, manager, said yesterday. Last month the Joyce Gin was dismantled and is now at a temporary location pending acquisition of a new site.

If the voters of the county approve the proposed farm-to-market road bond issue, the gin will be moved to a lot just east of the deep dip on the street about one mile west of the Sweetwater highway, Davidson said.

Plans are for the move to be started about March 15, he said.

The gin will be completely new with the exception of the electric power plant used in the old gin, 2012 Twenty - fifth Street.

A new building will be erected, and about $60,000 worth of new ginning equipment will be installed. Value of the power plant to be moved from the old gin is around $40,000, he said, bringing the total value of the proposed new gin to approximately $100,000.

When it is completed the new gin will be one of the most modern in Texas with a capacity of ginning eight bales of cotton an hour.

There is a possibility that a double battery gin will be installed, he said, which would mean that the ginning equipment would have double the capacity, or would be capable of ginning 16 bales per hour with two complete and independent gin batteries operating in the same building.

A completely new sheet steel building will be built, and its manufactures have promised shipment of the building around Feb. 15, Davidson said.

The building is designed to house a double battery gin.

No plans have been made for disposition of the present gin lot on Twenty-fifth Street, just west of the square, but it will be offered for sale, Davidson said.

The Snyder Co-Op gin was built by A. H. Trice in 1922 and was operated by the builder until 1935 when it was sold to the present owners.

Davidson has been with the gin since 1937, he said.

Newest City Water Well Is Producer

A good show of water had been discovered by the George W. Nichols Drilling Co. in the city of Snyder water well being drilled in Northwest Snyder, W. J. Ramsey, city superintendent, said today.

The well was drilling today at about 225 feet in the sand formation from which the other city wells produce. A pump test last night failed to pump the well dry at 90 gallons per minute, Ramsey said.

The driller has not hit the red clay bed on which the water bearing sand lies.

Workers Back At Work In Some Centers

Motor Carriers Handle Many Essential Jobs For The Goevrnment

WASHINGTON, Feb. 6. (AP) —Sen. Humphrey (D-Minn) said today he had good reason "to be optimistic a settlement of the rail strike may be imminent."

His statement to reporters was made almost simultaneously with cancellation of an appointment five members of the Senate Labor Committee had to talk over the rail situation with President Truman.

Humphrey said his optimism was based "on information from outside the White House" but he would not elaborate.

LITTLE COMMENT

Humphrey declined to say who suggested that the White House conference be called off. He told newsmen:

"All I can say is that the committee members felt they might be able to contribute something toward ironing out the trouble. Now we find that the situation may be ironing itself out."

Railroad switchmen were returning to work in many important centers, but there was no sign of a general back to work movement.

DTA ORDER

Because of the delays by rail, the Transportation Administration ordered motor freight carriers to give the armed forces, the Atomic Energy Commission and the mails first claim on their services.

It said truckers could continue to haul prime commercial shipments if they had space left.

Railroad union leaders would make no comment on the appeal from the top mobilizer for a resumption of military shipments.

Texas Railmen Report Back

(By The Associated Press)

Most Dallas railroad switchmen returned to their jobs today, but many failed to report to work at Denison for the first time since the current work stolpage began.

Only the Missouri-Kansas-Texas (Katy) line reported the morning shit failed to show up in Dallas.

But at Denison, where the Katy has one of its largest terminals, most of the switchmen reported "sick."

Only a few men were on the job at the Kay Ray Yard there. However, railroad officials and traffic was not yet tied up.

A Santa Fe spokesman said "they all came back." Texas & Pacific said "some of them arere - porting back and it looks as if we'll be able to operate some switch engines today."

Southern Pacific at Dallas said enough reported back to make up a full morning crew. Cotton Belt said "they're all coming back."

All switchmen were already back on their jobs in Fort Worth and Houston.

Jet Air Base Assured Big Spring by Jan. 1 Next Year, Mahon Says

(Special to the Daily News)

BIG SPRING, Feb. 6.—The Air Force may have a jet engine flying school in full operation here by Jan. 1, 1952, Rep. George Mahon has informed city officials.

No starting date for construction has been announced, but plans for reactivation of the field are running on schedule, Mahon said. An appropriation of $13,822,000 for reactivation was approved by Congress in December.

Six More War Dead

WASHINGTON, Feb. 5. (AP)—A Defense Department casualty list (No. 219) today identified 89 Korean war casualties, including six killed, eight wounded, 73 missing in action and two injured in accidents.

Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Wednesday. Colder tonight and Wednesday. Lowest temperatures 15-25 in Panhandle and 20-30 in South Plains tonight.

EASE TEXAS: Partly cloudy, colder tonight and Wednesday and in northwest portion this afternoon. Scattered showers in extreme east portion this afternoon and early tonight. Lowest temperatures 25-35 in northwest tonight. Fresh to locally strong southerly winds on the coast shifting to northerly tonight and early Wednesday.

Patrol Action In Korea

This is "patrol action" in Korea. Members of the United States unit lug a 75 mm recoilless rifle and its ammunition through the deep snow as they make their way up the slope of "Hill 419" on the central front in Korea.

Woman's Calendar

TUESDAY

Art Guild dinner meeting, 8 p.m., the Village.

WEDNESDAY

Cosmorama Club, 3 p.m., Mrs. Bill Bryant, 3750 Highland Drive.

Altrurian Daughters Club, 3 p.m., Mrs. R. C. Miller, Jr., 2808 Avenue U.

Stage show, "Aunt Silly," 8 p.m., high school auditorium.

THURSDAY

Newcomers' Thursday Bridge Club, 1:30 p.m., the Village.

W.S.C.S. zone meeting, 10 a.m., First Methodist Church. Luncheon at 12 noon.

Central elementary P.-T.A., 3:40 p.m., school cafeteria. Executive meeting, 3 p.m.

Stage show, "Aunt Silly," 8 p.m., high school auditorium.

Newcomers' Canasta, 1 p.m., Mrs. J. C. Wilder, 2108 Twenty-eighth Street.

FRIDAY

Newcomers Club luncheon, 1 p.m., Longhorn cafe, members and guests.

World Day of Prayer observance, 2 p.m., Methodist education building. All church women invited.

Cub Scout pack No. 35, 7:30 p.m., northwest elementary school.

Miller - Everett wedding, 8 p.m., First Baptist Church.

Next time you bake beans at home flavor them with honey, then add mustard and ginger for zip. Use a quarter cup of honey—or more if you like—to a quart of dry beans, adding the sweetening after the beans are cooked.

Mrs. Cogdell Is President Of Altrurians

New officers were elected to serve two years at a meeting Friday of the Altrurian Study Club.

Mrs. D. M. Cogdell was made president; Mrs. John R. Williams, vice-president; Mrs. J. C. Stinson, recording secretary; Mrs. Hugh Boren, corresponding secretary; and Mrs. Ross Blanchard, treasurer.

Mrs. Clare Smith was hostess to the group at the Village restaurant, with Mrs. Ross Blanchard directing the program on life on "the Yankee coast." Mrs. Florence Leftwich gave quotations from a new book, "Winter in Vermont", and presented two guests, who contributed to the discussion of New England.

Miss Grace Hopkins, a businesswoman recently arrived in Snyder, spoke on her native state, New Hampshire, and Miss Zaida Brown, a public school music teacher, sang the English folk song, "Drink To Me Only With Thine Eyes".

Mrs. R. D. English spoke of the old Parnell House, a New England site, and Mrs. H. G. Towle told about famous caverns of New England where buried treasure is said to be.

Mrs. A. C. Preuitt spoke of material to be found in "The Clubwomen", official organ of the GFWC.

Besides the two guests of the club, 16 members were present.

Three Are Honored At Birthday Party

Birthday honorees at an all-day celebration Sunday were Mrs. Ben Weathers, Hugh Birdwell, and Walter Weathers. The triple birthday party was held in the home of Mr. and Mrs. Walter Weathers, 2801 Avenue M.

Others present for lunch and an afternoon of picture making were Mr. and Mrs. Claud Warren and Miss Lora Warren of Merkel; Mr. and Mrs. Holley Smith and Ben Weathers of Knapp; Dick Warren of California; Mr. and Mrs. Fred Miller, west of Snyder; Mr. and Mrs. Leon Dunlap of Sweetwater and Mrs. Fay Clayton and daughter of Sweetwater; and Mr. and Mrs. Birdwell Burney, Mr. and Mrs. James Weathers, Mrs. J. L. Weathers, Mrs. Leona Weathers, Mrs. Lula Alexander, Elwyn Weathers, Miss Huanna Birdwell, and Gene Warren, all of Snyder.

When you take a hot heat-resistant-glass dish from the oven and remove the food, never set the hot dish in a wet sink or breakage may occur.

Tea for Miss Everett At R. J. Randals'

One - hundred - seventy persons signed the guest book last night at the bridal tea honoring Miss Dewey Fay Everett, given by Mrs. R. J. Randals at her ranch home on the Lamesa highway.

Hostesses assisting Mrs. Randals were Mrs. Mabel Brock, Mrs. Ixon Joyce, Mrs. C. V. (Whit) Thompson, Sr., Mrs. Holman Odom, Miss Ruth Davis, Mrs. P. J. Collins, Mrs. Charles Longbotham, and Mrs. Bryan Jordan, Sr.

In the receiving line were Mrs. Clyde Miller, the bridegroom's mother; Mrs. Dewey Everett, the bride's mother; Mrs. Riley Miller; Mrs. Jesse Everett; Mrs. Dub Everett; and Miss Dora Waldrip of Marfa.

Members of the house party, who will also attend the bride at the ceremony were Miss Durelle Stokes, Miss Jonnie Dell Brock, Miss Mary Edith Scarborough, Mrs. Eldon Perry, and Mrs. Weldon Perry.

Several of the bride's aunts assisted in hostes duties—Miss Nell Floyd of Post; Mrs. J. B. White, Mrs. L. C. Pevelo, Mrs. C. C. Ricker, and Mrs. Hubert Stovall, all of Lubbock; and Mrs. Don Reeder and Mrs. Roy Reeder of Borden County.

The hostesses had arranged a Valentine centerpiece at the dining table. Red carnations and net were blended in a heart-shaped arrangement. Favors were small red hearts with silver bells attached, the names of the bride and bridegroom inscribed.

Three different musical programs were offered at the three-hour party. For the first hour Mrs. Novis Rodgers furnished piano selections along a traditional wedding theme. Other selections included in the program were two songs, "My Wonderful One," and

Physician Will Move To North Carolina

Dr. Wallace Childs, who has been practicing here since last summer, announced yesterday his plans for moving tomorrow to Claremont, N.C. He came to Snyder last June.

Dr. Childs and Mrs. Childs have been living in Colorado City.

"Sweetheart Song" sung by Miss Olive Ann Sumlin; two readings by Miss Ruth Davis and Mrs. Gerald Gordan of Colorado City, and musical selections by Mrs. M. M. O'Rear and Mrs. Lucille Dougherty.

Among other out-of-town guests present were Mrs. Naymon Everett of O'Donnell and Mrs. Roland Hamilton of Lamesa, Mrs. Vibe Patterson, Mrs. Mert Jones and Mrs. Alton Millican, all of Fluvanna.

Miss Moore, Herman Schultz Are Married

Miss Frances Iona Moore, daughter of Mr. and Mrs. Herman Shultz of Hermleigh, Sunday afternoon became the bride of Jacob Douglas Boatenhamer, also of Hermleigh.

They were married at the First Baptist Church there in a ceremony performed by the Rev. Bob Creswell, pastor.

Mix liverwurst with a little evaporated milk or mayonnaise until it is of a good consistency; use as a sandwich filling along with sprays of water cress.

West Texans Insist Wagstaff Water Law Is Constitutional

(EDITOR'S NOTE: This is the last in a series of articles on the proposed new surface water laws for Texas.)

BY KATHARYN DUFF
Abilene Staff Reporter-News

The Wagstaff Act — that part of the surface water laws of Texas which protects water rights for cities — is constiutional and is vital and essential to the future life of West Texas cities.

That is the firm belief of R. M Wagstaff, Abilene attorney, author of the act which has been a part of Texas law since 1931.

He reaffirmed it this week in answer to critics who claim it is invalid.

The protests of the law blossomed again when the Legislature's interim water code committee started about a year ago rewriting the laws on Texas surface water.

Foes of the Wagstaff law, for the most part industrialists and irrigation interests, attempted to have it thrown out of the new code completely on the ground that it is unconstitutional.

Friends of it, with Charles E. Coombes of Stamford as one of the main spokesmen, insisted it is valid, pointing out that no one had ever contested its constitutionality in court.

Upshot was that the bill as written by the interim committee compromises — makes it applicable only to West Texas.

DISPUTED POINT

The point in controversy in the Wagstaff law is that which provides that all appropriations for water for hydroelectric, irrigation manufacturing and such SHALL BE MADE SUBJECT TO THE RIGHT OF ANY CITY TO MAKE FURTHER APPROPRIATIONS WITHOUT THE NECESSITY OF CONDEMNATION OR PAYING THEREFOR.

The stand of the foes was expressed by J. E. Sturrock, general manager of the Texas Water Conservation Association and long a critic of the Wagstaff law, in a recent interview.

It is that "without the necessity of condemnation or paying therefor" that makes it unconstitutional. Sturrock believes. Water rights have been held to be property rights and you can't take them from a man without due process of law, he argues.

Wagstaff, who approves much of the new water code, answers charges against the Act he drafted in this manner.

The law applies to appropriations made since it was enacted in 1931 — not to those water grants made earlier.

It is not taking property away without due process of law, because every water grant made under this law has been "SUBJECT TO THE RIGHT OF ANY CITY TO MAKE FURTHER APPROPRIATION."

If a city were to exercise this right to make further water appropriation at the expense of an industry or irrigation concern which had got its water grant since 1931 it wouldn't be taking property without due process. The other fellow has what he has — subject to this provision.

"All river authority acts, such as the Brazos, Colorado and the like, have written into their texts that the rights they have are subject to this act," Wagstaff reported.

THE COMPROMISE

When the interim code committee made its report in the form of water bills now before both Houses at Austin, it came up with this compromise:

It keeps the "recapture" rights for cities — but only for those cities which are in the area where average annual rainfall for the last 20 years has been no more than 30 inches. That means, roughly, West Texas.

The compromise is to the liking of some. Senator Pat Bullock of Colorado City said that, all in all it is a good bill.

It was either compromise or loose the whole Wagstaff provision the senator said. And, he reported, it was the feeling that the compromise improved the constitutionality.

Senator George Moffett of Chillicothe said feelings of representatives of the Attorney General's office and other attorneys are that the compromise provision — limited to the arid area — will strengthen the argument for constitutionality.

Murrell reasoned like this: The right to get the further water grants at expense of "lessor" appropriators will be limited to those cities in the arid area where there is a natural, inherent need. If they had to exercise such a right it would come under the heading of an emergency.

STILL DISPUTED

But to the long - time supporters and the long-time opponents of the Wagstaff Act, the battlelines have not changed. Neither side seems, actually, too happy over the provision as it now stands.

If it makes West Texas happy okay, but it's not worth a durn," Sturrock said. It's still unconstitutional."

The West Texas Chamber of Commerce this week reaffirmed its support of the Wagstaff Act as it now stands.

A summary of the views of friends of the bill was contained in a letter by J. M. Wagstaff, veteran attorney and father of the law's author, to lawmakers at Austin.

After stating his opposition to change in the law, Wagstaff said:

"I am not representing North Texas or South Texas but I am only interested in our part of the state and I have been astounded all along that representatives of most of the North Texas cities have gone along thinking that they had all the water that they needed. As the population grows, they will find that they don't have enough for many years' future use.

"If the Wagstaff Law is repealed, all of the industries that come to Texas hereafter will go to South Texas rather than to other Texas and to West Texas. It is my deliberate judgment the law should not be repealed or amended in any respect but should remain in full force and effect."

Police Report Fewer Arrests For Drinking

Fewer arrests for drunkenness and disturbance were made by city police during January than in December, according to the monthly report of Chester Bairrington, chief of police, read last night to the city council. The drop in drunkenness arrests indicates a sharp decline in the transient element handled by the police, Bairrington said.

The January report is as follows:

One-hundred-ninty-three persons were arrested. Charges against them were classified as follows:

Assault with intent to murder, one; burglary, breaking and entering, two; theft over $50, one; petty theft over, one; simple assault three; swindle by worthless checks, one; molesting minor children, three; indecent exposure, one; drinking in public, one; drunkenness, 108; peace disturbance, 20; resisting arrest, two; vagrancy, including prostitution and commercialized vice, 24; gambling, three; reckless driving, 2; attempted jail break, one; absent without leave from the Air Force, one; arrests for other jurisdictions, five; and held on suspicion and for investigation, 10.

The average age of persons booked was 34.

Four-hundred-seventy-six calls were answered by officers assigned to the radio motorized equipment. The mileage covered by the radio equipment totaled 10,718 miles; 1,123 gallons of gasoline and 39 quarts of oil were used.

Ninety - six citations were issued for the appearance of offenders in corporation court for violations of traffic ordinances and of the Texas uniform act, making a grand total of 310 charges filed in January.

Of cases investigated, 213 criminal cases. Out of the 10 persons arrested for investigation, three were wanted by other departments on charges of burglary, and two were wanted for swindling by worthless checks. In the cases of several felonies committed during the month, arrests were made and charges filed in the Justice Court.

Seventeen traffic accidents with in the city were investigated by officers in January.

Corporation court fines totaled $6,294.

The 193 persons arrested by the department during January was only one more than the total number of persons arrested in Decemb er for drunkenness alone, Bairrington said.

Big Support On Long Staple Cotton Given By The Government

WASHINGTON, Feb. 6. (AP) — American-Egyptian long staple cotton will be supported by the government this year at base rates averaging $1.64 a pound. The long staple product is grown in the Pecos Valley of Texas and in Arizona, California and New Mexico.

The long staple used in making threads and fibers needed by the Army bought about 75 cents last year. The government wants 75,000 bales. Agriculture Department officials said without the supports, they feared the crop would total only 10,000 bales. It was not supported last year.

Scout Drive Dinner Tonight

A dinner meeting of the advance workers on the 1951 Boy Scout fund campaign will be held at the Village tonight at 7 o'clock, Nolan Watson, advance gifts chairman, announced.

Watson has invited the following men to assist with the advance gifts in the drive: Lyle Hemphill, P. W. Cloud, Haskell Beard, T. J. Sterling, J. M. Newton, Leon Andress, Hugh Boren, Sr., Claude McCormick, Nolan von Roeder, P. L. Keller, C. T. McLaughlin, Forest C. Sears, Joe York, John Sewell, H. J. Brice, H. H. Eiland, T. W. Pollard, M. L. Andress, and Wayne Boren.

The Boy Scout general drive will start with a kickoff breakfast at the northwest elementary school Feb. 20, Perry said.

G. Edward Bolger is general chairman of the drive. Four majors have been selected for the drive, and each major has selected five captains.

The majors are: Lyle Deffebach, Phil Burns, Malvin Stevenson, Harold Grant, Edward H. Marte, Linwood Cook, Bob [illegible], Woodrow W. Mikeska.

There are to be about 175 general drive workers at the kickoff breakfast, Bolger said.

Bolger said that the majors had reported to him that their teams are almost complete.

This is part of the annual drive for finances of the Boy Scouts of America. The Buffalo Trail Council has a goal of $69,000 set for its 17 counties. The goal of each district is to contact 10 per cent of the population. Bob Eastus, scout executive here, said that if this goal is accomplished, sufficient funds are almost assured.

Officers of the Buffalo Hide District, the Scurry County chapter are: Burns, chairman; Bolger, vice-chairman; Lyman Yoder, finance; Forrest Beavers, organization and extension; Dr. J. H. Hamblen, camping and activities; Jack Kennedy, leadership training; the Rev. W. W. Adcock and C. E. McGaw, advancement; L. T. Barnard, health and science; and Charles Wolfe and Harold Bennett, public relations.

School Children Out

WINNSBORO, Feb. 6. (AP)—Colds and chicken pox are keeping about 20 per cent of the elementary school pupils here out of class.

Supt. W. A. Ferguson said 105 were absent yesterday from an enrollment of 580 in the lower grades. In the high school only 20 were absent from an enrollment of 470.

"STAR" PATTERN

An adaptation of a bolero suit worn by SUSAN HAYWARD in "I'D CLIMB THE HIGHEST MOUNTAIN"

No. 14

Design by
EDWARD STEVENSON

Ensembles are at the peak of popularity! And for Susan Hayward in "I'd Climb the Highest Mountain"—a Twentieth Century-Fox production—the ensemble emerges as a braid-bound bolero suit which has the extra appeal of a companion tailored blouse. Big news, too, is a two-color STAR LABEL transfer included in this pattern. It's proof positive that you are wearing an original Hollywood design!

No. 14 is cut in sizes 10, 12, 14, 16, 18 and 20. Size 16 bolero and skirt, 4¼ yards 39-inch or 2¾ yards 54-inch, 2¾ yards braid. Blouse, 1¾ yards 39-inch.

Send 50c for "STAR" PATTERN with Name, Address, Style number and Size desired to Pattern Department, Snyder Daily News, Box 350, Madison Square Station, New York 10, N. Y.

San Antonio Fund For Quadruple Amputee

SAN ANTONIO, Feb. 6. (AP—Marine Corp. Werner W. Reininger, one of the Korean War's four quadruple amputees, has a lot of friends working toward the time when he will get out of the hospital.

The San Antonio Express and Evening News reported last night that its special fund for the San Antonio Marine had reached a total of $305.

Reiringer, 21, was wounded by enemy mortar fire and suffered frost bite. Both legs and portions of all 10 fingers were amputated. He will have to spend about a year recuperating at the Oak Knoll Naval Hospital in Oakland, Calif.

District Judge Here

Judge A. S. Mauzey of the 32nd District Court, will be in Snyder at 10 o'clock tomorrow to hear motions and other legal matters confronting the court, it was announced by Mrs. Eunice Weathers bee, district clerk, today.

Meeting of W.C.T.U.

The Women's Christian Temperance Union will meet at 7 o'clock Thursday night in the Victory Bible Class room of the First Methodist Church. Members and other interested persons are urged to attend.

Fourth Pet Stolen From 8-Year-Old

Eight - year - old Phyllis Denham would like very much to have her puppy back.

The white Pomeranian - mixed - Chow, has been missing since Saturday and Phyllis is worried about him.

This is the fourth puppy Phyllis has lost since the Denham family moved to Snyder last April. Her parents are Mr. and Mrs. P. E. Denham, who live near the Midway Cafe on the Sweetwater highway. Mrs. Denham describes the puppy as being about 12 inches high, yellow with black on the tail. She said Phyllis was almost sick with worry, and has asked that the puppy be returned to the cafe or notice left there if he is found.

Baby Born To Princess

BRUSSELS, Belgium, Feb. 6. (AP) —A girl was born today to Princess de Rethy, commoner wife of King Leopold III.

Texas History Written in Brands

BY JOHN M. HENDRIX

A story of romance and the love of Englishmen to seek their way in new countries was that of the Rocking Chair ranch, owned by a company made up of English nobility which sought to increase it fortunes in operating a large West Texas ranch in the early '80s. The original purchase by the Rocking Chair company from West Texas ranchmen was 235 sections of land 14,745 head of cattle 359 horses many wagons and other ranch equipment.

Operation of the ranch was under J. John Drew, as manager, and Archibald John Marjoribanks, a brother of one of the owners, and a typical Englishman. So loose and 'ezy was the management of the ranch that it soon became a point of supply for ambitious young cowmen with long ropes and hot irons who were seeking to stock their own ranches at the expense of the Rocking Chair.

It is said by old timers that every form of chicanery known to native Texans was practiced on the Rocking Chair ranch, with the result that when the ranch was finally disposed of the books showed 14,000 head of cattle on the range while an actual count produced less than 300 head. It was finally purchased by the Continental Company, owner of the Mill Iron ranch, and was incorporated into that concern.

Today, concrete highways criss-cross the old ranch fat's cotton and corn growing up to the borrow pits of the road. A ranch of hills south of Shamrock called the Rocking Chair Mountains is the only thing left to remind one of the day and glory of the Rocking Chair.

Oil News

(See OIL NEWS, Page 8)

975 to 375 pounds and shut - in pressure was 3,825 pounds in 17 minutes.

Operator was drilling the prospector deeper. It is 2,950 feet northeast of Gulf's No. 1 E-B Glass which is being treated with hydra frac through perforations opposite the Spraberry sand from 8,720-8,780 feet for completion attempt.

Exact location of the No. 2-E-B Glass is 662 feet from south and 670 feet from east lines of section 12, block 39, T-1-N, T&P survey.

BURDELL WELLS

Burdell Oil Co. No. 1 Edmondson, located in the Sharon Ridge field on the Mitchell - Scurry line, has now reached a total depth of 1,696 feet in the San Andres lime and operator is preparing to cement five and one-half inch casing.

Top of the pay section was called at 1,653 feet. The well is located in the C. A. O'Keefe sub-division, 330 feet from north and west lines in survey No. 7.

Burdell's No. 2 Seekamp-Palmer, Gaines County field location, has plugged back to 5,128 feet and is now cleaning out. The hole has been cleaned to within 12 feet of total depth and operator is to continue to clean out and try for completion.

Four Held In Borden Theft Of Drill Pipe

For the second time in a month, Sid Reeder, sheriff of Borden County, with the co-operation of other law enforcement agencies, has made arrests in connection with thefts of oil field equipment valued at thousands of dollars, it was revealed last night in Snyder.

In the latest arrest four men are in custody, to be charged with felony theft of 323 joints of new 7 and ⅝ inch, 24 - pound well casing from L. H. Armer at his Medrums lease in the Vealmoor field of South Borden County on the night of Jan. 26.

SOLD IN ALBANY

The casing, which was on a rack at the lease, was carried off in the trucks by the men, and sold to the Starr Oil & Gas Co. of Houston at Albany, Reeder said. Each casing had a large red paint mark on the collar and the pipe was identified by the owner and returned to the Borden County lease.

The names of the men being held were not released pending filing of charges of felony theft at Gail, either today or tomorrow, by Reeder.

The value of the casing was placed at $18,000 by the owner.

Three men are being held in the Scurry County jail, where they were grilled last night by Reeder, L. L. Rogers, Texas Ranger from Amesa; John Woods, ranger from Midland; Jim Paulk, ranger from Abilene, and George Roby, special agent for the Texas, Mid-Continent Oil & Gas Association, with headquarters at Coleman; and the Scurry County sheriff's department. The fourth man is being held in the Big Spring jail.

It was learned that two of the men had confessed to the theft. It was later learned that a 25-year old man, one of the four, had sold the casing to a representative of the Starr company for $9,840. Part of the money has been recovered, it was stated by Reeder.

EARLIER THEFT

About the middle of January, Reeder, with Texas Ranger Rogers, arrested a man in connection with the $20,000 drill pipe theft from the Whitman Drilling Co. on their C. E. Boyd lease in Southeast Borden County. Arrested was, P. A. Kafkbrener, 36, of Snyder. Felony charges were filed against Kafkbrener in Borden County. Roby also aided in this case.

The drill pipe from the Boyd lease had been sold to the Snyder Pipe & Supply Co. here. This was reported at the time as being one of the largest oil field thefts in months.

I want to thank all West Texas officers that assisted me in the two oil field thefts for their splendid cooperation," Reeder said last night.

Snyder Junior Chamber In Line for an Award

The Snyder Junior Chamber of Commerce has a good chance to win the Dunnigan achievement award, Jack Kennedy, vice-president announced at the dinner meeting of the organization at the Village last night.

Contestants are limited to those clubs organized since April of 1950. The Snyder club has been very active in civic affairs which included attendance at the state junior Chamber meeting; attendance at luncheons; the large membership of 50 for a town the size of Snyder, and participation in other civic programs, Kennedy said.

Should the Snyder club win the award, they will have a chance for the national trophy.

George Etz of Sweetwater, state vice-president, was a guest speaker at last night's meeting, and he told of the work of the Junior Chambers in Texas, and lauded Snyder for its activities.

The local group, with the Sweetwater Junior Chamber, will co-sponsor the appearance of Bob Wills and his band at a dance in March at the Sweetwater airport.

Myron Fenton is president of the Snyder club.

Local Woman Places In Fort Worth Show

Chickery Chick, a two and one-half year old filly ridden by Mrs. Lo Rayne Horton, wife of Dr. George Horton of Snyder, won sixth place in that class of the horse judging at the Southwestern exposition and Fat Stock Show at Fort Worth Sunday.

The horse is owned by the McCampbell Stables of Fort Worth. Considering the extremely tough competition of horses entered from all over the nation, this was quite an accomplishment, she says.

Late-Model Car Stolen While Owner Is Away

A stolen car was recovered by police yesterday less than six hours after the theft occurred.

At noon yesterday a call came in from Mrs. E. H. Tucker, 1102 Twentieth Street, that a car belonging to her son had been stolen from the old rodeo grounds in Snyder.

Police found the car abandoned later in the day.

It was taken while her small son was returning to his home for a drink of water after playing in the rodeo grounds. It was a green pedal car, 1950 Christmas model.

First Independent Basketball Laurels to Concrete Firm Team

West Texas Concrete Co. won the first game played by the independent league in the high school gymnasium last night. They defeated the Western Co. team by a score of 39-36.

It was not a fast game by high school or college standards, because many of the boys were almost completely out of shape—some even had paunches that such exercise will no doubt trim, but it was a comic game for the four spectators to watch.

There were many spills, much wild shooting that missed the mark, and some shooting that was exceedingly well done.

At half time the score stood the Western Co. 17, West Texas Concrete 16. When the warning whistle was blown there were a number of protests that the rest period had been too short, but the boys were in there and playing again when the final whistle blew.

Dick Ellzey led scoring in the game with 13 points for the West Texas Concrete team. Bob Overly and Bobby Joyce each scored eight points for the Western Co. team.

Each team had one man fouled off the court. Elmer Gottsmith for the West Texas Concrete Co. fouled off in the third period, and Larkin O'Hern for the Western Co. fouled off near the end of the game.

One new team entered the league last night. It will be composed of high school teachers and will be captained by high school coach Ernest Kinney. Their first game will be played next Monday night at 6:30 p.m.

Kinney suggested the name "Geeks" for his team, but some others present thought that "Hi Tooters" might be an appropriate monicker for the team composed of the high school tutors.

That brings the number of teams in the league to eight, and gives them two games each Monday night, and two each Wednesday night.

Excitement over this new local sports competition is increasing, and some good crowds of spectators are anticipated.

Admission goes to the Youth Center to help finance that organization.

The two games matched for Wednesday night are: Paso-Tex Pipe Line vs. Continental Supply, 6:30, and the Snyder Junior Chamber of Commerce vs. the Ira Independents at 8.

Sooners Down Texas 49-47

(By The Associated Press)

Texas A&M, riding in a tie for the lead with Texas in the Southwest Conference basketball race shoots for first place tonight in a battle with Texas Christian at Fort Worth.

The Aggies beat TCU before — at College Station then, however.

Defeat for Texas Christian would virtualy kick the two-time losers out of the championship race. Defeat for A&M would shove Texas into the undisputed leadership.

Texas last night played an intersectional game and lost it. The Longhorns fell before Oklahoma 49-47. It was Texas' second defeat of the season to Oklahoma.

The conference's intersectional record is now 16 victories against 32 loses.

In a conference game played last night Arkansas whipped Rice 50-42. It was Arkansas' second victory in the championship race and got the Razorbacks out of cellar danger.

Oklahoma stormed back in the second half to whip Texas. The Sooners were behind 21-20 at intermission. Marcus Freiberger, the Greenville giant who went to Southern Methodist then left for Oklahoma before doing any playing, pitched in 21 points to lead the Sooner triumph.

Joe Falk flipped in a field goal in the last 30 seconds that would have tied the score but the points were erased by a personal foul.

Toar Hester counted 18 points in Arkansas' win over Rice. The seven-foot center spent part of the last half on the bench but had already done the damage.

Southern Methodist and Baylor play at Dallas tonight in a conference game meaning little in the championship race.

Tigers Favored To Beat Roby

The Snyder Tigers play a home basketball game tonight with the Roby five.

Now tied for top place in District 6-A with Roscoe, the Tigers are still smarting from a stinging defeat on their court last Friday night at the hands of the Hamlin Pied Pipers.

In two earlier games this season with the Roby team, the Tigers have won twice. Once early in the season they defeated Roby 27-22, and in a conference game in January they beat Roby 35-29.

That, however, can not be construed as meaning the Tigers will win tonight. They probably will, because the Tigers are in shape, and are keyed for victory.

Starting lineup tonight will probably read like this: Max Coffee, John Gary, W. G. Birt, Grant Teaff, and Ned Underwood, with Bobby Shipley, Bill Hanks, David Harlin, Bill Hanks, Jay Fish, and N. J. Harrison all probably seeing plenty of action.

Coach Hal Battle's wildly scoring B team will also see action tonight against the Roby B team.

So far this season the B team has played a formidable game against all comers, and many times during the season Battles has sent in his second string at the end of the first quarter.

The A team's record for the season looks like this:

Snyder	Opponents
15	Sweetwater 22
11	Big Spring 37
25	Ira 12
24	Winters 27
27	Roby 22
32	San Angelo "B" 36
27	Lakeview 24
37	Rotan 15
27	Anson 39
21	Big Spring 35
25	Lakeview 34
35	Rotan 18
39	Sweetwater 38
26	Hamlin 24
35	Roby 29
28	Colorado City 20
14	Roscoe 24
10	McCamey 13
34	Merkel 33
54	Rotan 15
38	Hamlin 46

Woman Dies In Wreck

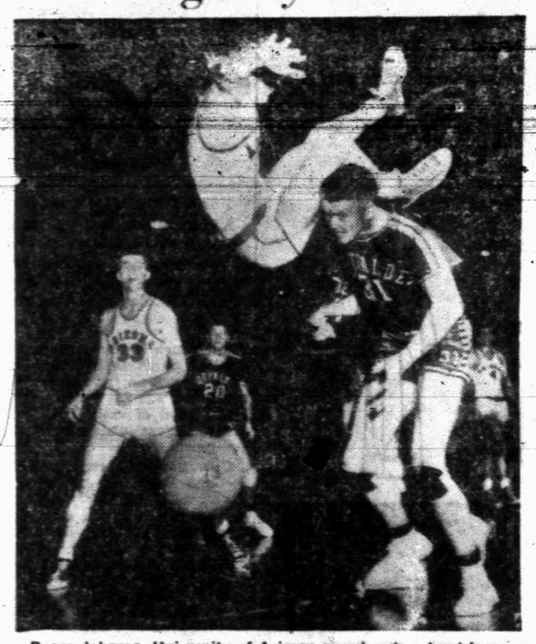

LITTLEFIELD, Feb. 6. (AP)—Mrs. Julia Pinson, 62, was killed here yesterday when the car in which she was riding collided with a fire truck on an emergency run. Three others were injured.

Texas Women Tops At Palm Beach Tourney

PALM BEACH, Fla., Feb. 6. (AP)—Three Texas girls are among the top favorites in the Palm Beach women's golf championship starting today. They are Betsy Rawls of Austin, Polly Riley of Fort Worth and Betty MacKinnon of Dallas and Mt. Pleasant.

Marlene Bauer of Midland won the event last year. She has since turned pro.

Long Way Down

Roger Johnson, University of Arizona guard, gets a hard bump as he hurtles over West Texas State's Austell Burrus, in their conference game played in Tucson, Arizona. Johnson was not injured. He scored 13 points to lead Arizona to a 74-48 victory. Watching are Arizona's Jerry Dillon (33) and West Texas' Dwaine Stewart (20).

Oklahoma A&M Edged Out By Kentucky For Number 1 Spot

By JOE FALLS
(Associated Press Staff)

NEW YORK, Feb. 6. — Oklahoma A&M, engaged in a seething, two-team battle with Kentucky for national basketball honors, today was one victory up on the Wildcats.

Hank Iba's Aggies, ranked No. 2 in today's Associated Press poll, defeated Kansas, 46-41, at Lawrence, Kan., last night. It was Oklahoma A&M's 19th victory against only one setback. Kentucky is 18-1.

Phog Allen, Kansas coach, continued his practice of waiving foul shots — and it was a costly maneuver. Kansas waived 21 free throw attempts for possession, but got only four field goals out of it. That means the Jowers got the equivalent of eight succesful free throws in 21 attempts, an extremely poor average.

TIGHT GRIP

Kansas State, fourth-ranked nationally, smeared Nebraska, 79-50, to strengthen its grip on the Big Seven lead. It was K-State's sixth conference triumph against no defeats and made the Wildcats' overall record 16-2.

Illinois and Wisconsin, meanwhile, tightened the Big Ten race considerably by scoring important victories.

Illinois outlasted Purdue, 85-76, at Lafayette, Ind. Don Sunderlage with 20 points, was high man for Illinois.

Wisconsin turned back Ohio State, the defending champion, 56-51, for its sixth straight league victory. Wisconsin and Illinois, each with identical 6-1 records, are a half-game behind Indiana (6-0).

STEERS LOSE

In other Big Ten action, Michigan State stalled long enough to down Minnesota, 50-44, and Iowa whipped Northwestern, 73-55.

Wyoming trimmed Utah, 47-36, to move into second place in the Skyline Conference. Washington State solidified its position atop the north division of the Pacific Coast scramble with a 55-45 victory over Oregon.

In an intersectional battle, Oklahoma nipped Texas, 49-47.

Down South, Duke ripped George-Washington, 85-70; Alabama bounced Mississippi State, 75-69; Tennessee shaded Vanderbilt, 51-59, LSU edged Auburn, 75-74, and LaSalle ran over Miami (Fla), 95-84.

Pinehurst Slated As Ryder Cup Site For '51

LOS ANGELES, Feb. 6. (AP) — Golfdom's international classic, the Ryder Cup matches between the United States and Great Britain, will be played Nov. 2 and 4 at the picturesque Pinehurst Country Club in North Carolina.

The leading 10 professionals of England will be shooting for their first victory over America's big 10 since 1933 and their very first win in this country since the cup first started shuttling across the ocean in 1927.

The 6,970-yard Pinehurst layout was named as the 1951 site yesterday by President Joe Novak of the Professional Golfers Association.

Among the pitchers in the American League during the 1950 season, 28 had perfect fielding marks. Of these, Dizzy Trout of Detroit handled the most chances, 58.

Rote, Walker Wonder About Commercial Aspects of Football

By HAROLD V. RATLIFF
(By The Associated Press)

DALLAS, Feb. 6.—Doak Walker and Kyle Rote, two famous names in southwestern and national football circles, pose this question:

Why is a football game played in conditions that make it only a tug of war with breaks deciding the issue?

They were discusing the Michigan-Ohio State game in November when the Rose Bowl rode on the result. Snow covered the field and a strong wind swept the gridiron.

"On a dry field, Ohio State would have won the game because it had the better team," said Rote. "It could have been postponed a week so everything would be fair. Instead the game was played and it cost the Ohio State coach his job."

Rote has been around big-time football for three years but he still hasn't quite understood the commercial aspects of the game. A sell-out was posted.

What Rote and Walker wonder about—as do many people not in the operations end of football—is why the players and coaches are not given more consideration. The answer, of course, is that football's a big business and is played for something besides the glory of the players and the coaches. Money is the major consideration.

RULE CHANGES

Speaking of football, few changes were made in the playing rules for 1951 but a couple are noted that should be of interest to the fans.

The quick line-up will be hampered somewhat next fall. Last year, while time was in, the ball could be put in play by the team without a signal from the officials. This year it can't be put in play until the referee says so. He doesn't have to go to the ball; however and there still is a modified opportunity for a quick line-up.

Last year the entire team could go over and sit on the bench with the coach during a time-out.

This year a rule has been inserted that says "A player who leaves the field between downs shall not return until after the completion of one succeding down."

COSTLY EXAGGERATION

It is puzzling to this column and to many others why a big league ball club wants to exaggerate the amount it pays a player to sign.

Take the Philadelphia Phillies last week when they signed Ben Tompkins of Texas. They put out a statement that led to the assumption that Tompkins was getting more than $50,000 as a bonus.

Bibb Falk, University of Texas coach, said Ben only asked for $25,000 in the first place. It is not conceivable that anybody would give a person twice as much as he asked for, particularly in baseball.

Even Scout Hap Morse, of the Phillies, who signed Tompkins, scoffed at the report. He said it was ridiculous.

We wonder if Tompkins is going to pay income tax on the basis of $50,000.

SMITH TO FINISH

Bob Smith, Texas A&M fullback says pro football has contacted him although he won't finish at Aggieland until next year. It seems Bounding Bob went to Tulane summer school for three months so the pros count that against his college time, thus he is eligible to be contacted for pro football. He has been at A&M three years already.

But Bob says he isn't going to play pro football until he winds up at A&M.

Apricot puree makes a delicious sauce for tapioca cream. Pour a small amount of the apricot sauce over the tapioca cream just before serving. Garnish each portion with whipped cream and a cherry if you like.

Military Units Of 15 Nations Fighting Reds In Korean War

TOKYO, Feb. 6. (AP)—The military forces of 15 nations are fighting the Communists in Korea.

The United Nations Committee for the Unification and Rehabilitation of Korea (UNCURK) today gave the listing as of Jan. 12.

Actually, there are at leat 16 nations represented by fighting forces. Recently ground troops arrived representing Luxembourg and Belgium, the latter previously represented by air transports.

The listings by UNCURK:

Australia — One air squadron; three naval vessels and ground forces.

Belgium — Air transports (Belgian ground forces arrived after Jan. 12).

Canada — Three destroyers; one transport squadron; ground forces.

Colombia — A frigate; an infantry battalion.

France — An infantry battalion.

Greece — Six transport planes; ground forces.

Netherlands — A destroyer; three infantry companies.

New Zealand — Two frigates; a combat unit en route.

Philippines — Regimental combat units en route; regimental combat teams; tanks.

Thailand—Infantry combat teams two corvettes and a navy transport.

Turkey — Infantrymen.

Union of South Africa — Air fighter squadron.

United Kingdom — Substantial ground and naval forces.

The Republic of Korea and the United States — UNCURK did not specify their very large commitments.—

Military offers by these five other nations have been deferred for various reasons:

Bolivia — 30 officers.

Nationalist China — Three infantry divisions and 20 bombers.

Coasta Rico, El Salvador, and Panama — Volunteers.

Medical assistance has been provided by many countries. Cuba has a pending offer of human plasma. Denmark is sending a hospital ship and medical supplies. India sent a field ambulance unit. Israel offered medical supplies. Italy will send a hospital unit.

Nicaragua has offered 5,000 quarts of alcohol. Paraguay has offered medical supplies. Sweden sent a field hospital.

Wool Values Slower

SYDNEY, Australia, Feb. 5. (AP)—Wool values showed an easier tendency at the start of today's Synday auction. It was the first time this season that such a tendency had been noticeable. It was evident particularly in good fleece wools. Bidding lacked the animation of recent auctions.

PERSONALS

Eddie Kistenmacher, a foreman at the Sun Oil Co., was transferred last week to Delhi, La., where he will be associated with the firm offices there.

Two persons moved to Snyder this week, to work with the Sun Oil Co. D. C. Brown, an engineer, was transferred here from Odessa and with him Ray Eubanks, his assistant.

E. D. Mainous of the Sunray Oil Co., north of Snyder, has been transferred to the Louisville, Ark. area. Mr. Mainous, lease foreman, who will continue in the same capacity in Arkansas, left yesterday. Mrs. Mainous will join him this week.

Mr. and Mrs. Garland A. Smith and their two children from Abilene are newcomers to Snyder this week. Mr. Smith will be the geologist for Burdell Oil Co. and expects to live permanently in Snyder when he and his family have located a home. Mr. Smith was a consulting geologist in Abilene.

Mr. and Mrs. H. J. Brice, 2712 Avenue U, are away on an extended winter vacation trip. The Brices expected to vacation in Houston before going on to New Orleans and Biloxi, Miss., where they will visit with Mr. Brice's brother, John Brice.

Mr. and Mrs. D. C. Browning of Hermleigh are the parents of a son, born Friday morning in a Roscoe hospital. The baby, who weighed eight pounds at birth, has been named Charles Wendell Browning.

E. W. Green, 1902 Fifteenth Street, a state highway patrolman has been ill.

Rites Held For Infant

Graveside rites were read at 11:30 yesterday morning for the infant daughter of Mr. and Mrs. B. H. Patterson, 1101 Twenty-fifth Street. The child died shortly after birth early yesterday morning.

LEGAL NOTICE

NOTICE TO CONTRACTORS

Sealed proposals addressed to F. G. Sears, Mayor, for furnishing bond, labor and materials for the construction of:

Flexible base and single asphalt surfacing on Avenue R, from 24th street to 13th street and 13th street from Ave. R. to Ave. S. for the City of Snyder, Texas will be received at the office of the City Secretary, Snyder, Texas, until 7:00 P.M. February 14, 1951, in accordance with this notice, special instructions to bidders, proposals, plans and specifications on file with the City Secretary of Snyder, Texas, and publicly opened and read, after which the bids will be considered by the City Council and award of contract made as soon thereafter as practicable.

A certified or cashier's check on a bank in the State of Texas, or a bidder's bond from a reliable surety company, authorized to do business in the State of Texas, payable without recourse to F. G. Sears, Mayor, for the amount of not less than five per cent (5) of the total bid as a guaranty that if awarded the contract, the bidder will promptly enter into a contract and execute a performance bond of One Hundred Per Cent (100) of the contract price, shall accompany the bid.

Plans, specifications, proposal forms, special notice and instructions to bidders, bond and contract forms may be seen and examined at the office of the City Secretary, City Hall, Snyder, Texas or at the office of Jas. V. Curnutte, Consulting Engineer, in the City Hall at Snyder, Texas.

The City reserves the right to reject any or all bids, to waive any or all formalities and to make award of contract in accordance with 'Special Notice and Instructions to Bidders'. The City will not accept a proposal after the closing hour advertised.

ACCEPTED AND APPROVED:
Clara Jones
City Secretary
F. G. Sears,
Mayor F. G. Sears.

Look at Me!

GOING TO THE MOVIES ON WASH DAY!

"Bless Reddy Kilowatt's energetic little heart! Things have certainly improved at our house since I got my new electric laundry equipment. Now, I have time and energy to go places and do things! Reddy does the hard work for just a few pennies."

"I JUST PUT MY CLOTHES IN THE AUTOMATIC ELECTRIC WASHER, add a detergent, set the dial, and go about my business while my wonderful washer does the work."

"THEY'RE DRY IN MINUTES . . . no freezing to death hanging out the wash since I got my electric dryer. It's grand!"

"AND FINISHED PERFECTLY . . . ironing's no chore at all any more. My new electric ironer does everything . . . from sheets to shirts . . . while I simply glide the clothes through."

See a demonstration of worksaving electric washers, driers and ironers at your favorite electric appliance dealer.

Talk of the Town

For two years now, hurried wayfarers have seen the warm and inviting gleam of light from the immense picture window at the B. J. Randals ranch house. Last night the window was polished to a fine sheen and the welcome mat out for almost 200 callers who attended one of the largest bridal tea parties Scurry County has seen.... all to honor MISS DEWEY FAY EVERETT.

* * *

A photographer stooped and bent and angled to get a just-right picture of that attractive family group—the black - eyed, raven haired bride-to-be and her mother and four aunts, who were known as "the Reeder girls" in the days when they were home on the ranch in Borden County.

* * *

MRS. RANDALS swept about supplying that excellent white fruit cake, managing the kitchen, greeting guests, conducting tours of the large home, stopping the coo - coo clock when the soloist performed and all simultaneous with a near-drastic accident that would have stopped a less remarkable hostess. She showed me a seven-foot stain on the bedroom carpet. "The pipes just burst. But don't think I'm going to worry a bit ... not until this tea is over!", she commented stoically.

* * *

The Randals, noted for hospitality, think the best fun is had in their playroom, situated in the basement. What caught my eye was the huge circular table, made at home from "an REA spool" wonderful for snacks for the crowd when "all the kids are in". Now the Randals have switched " to city", though only recently did they leave the rural electrification service.

* * *

MRS. HOLMAN ODOM, skillfully pouring at the silver service, wore an off-the-shoulder fushia gown, looking far removed from her rigorous week end, spent riding a horse about the arena at the Southwestern Exposition and Fat Stock Show for Snyder. "It wasn't competitive, so I won nothing. But I didn't fall off the horse", said she, calmly pouring cream into a cup of coffee.

* * *

The display of gifts in the guest bedroom, with its mist gray nylon curtains, muted colors, fairly took one's breath away. The crystal silver, china, pottery, linens, and handwork spilled over the bed, cedar chest, and all available shelf space. I liked the dish rack full of homes kitchen needies, a big, mean-looking rat trap bearing the card, "From Durelle, Jonnie, Annie, and Mary E.", all the brides girlhood pals and all to attend her Friday night at the wedding.

City Answers Broken Pipe Calls, Repairs Its Own Water Mains

About 25 calls from residents of Snyder were received by the city water department Sunday asking that their water be turned off because of broken water lines, W. J. Ramsey, city superintendent, said.

The city water office kept men on duty Sunday so that water could be turned off at houses where water lines were burst.

The city does not repair water lines that are broken by freezes, but they do turn off water so that a plumber can do the repair.

The city itself had about 20 breaks in its water lines during the freeze, and had nine water meters frozen, Ramsey said.

Most of the meters had to be replaced, but were of a freeze-proof type so that only a gasket, and some new bolts will be needed to repair them, Ramsey said.

Only two breaks had appeared from frozen water lines under pavement in Snyder, he said.

City Water And Sewer Report

A total of 561 orders was completed by the city water and sewer department during the month of January, according to a report made by W. J. Ramsey, general superintendent, to the city council last night.

This was the first report of the department to be made for the council. It contains a summary of the work of the department, and is to be made at the end of each month in the future.

The report showed a total of 132 meters connected by the department, with 99 meter disconnects and 65 water and sewer line taps completed. Fifty - seven dead meters were changed, and 47 new water meters set. One cord trap was installed on a city water well two main sewer line were unstopped and 17 service sewer lines were repaired.

Nine service lines were lowered in preparation for paving and five meter boxes were moved back for the same purpose. Six meter boxes damaged by traffic were replaced.

Four breaks on large water mains were repaired, and 11 leaks on lateral mains were repaired as well as two water leaks at meters. Sixty - nine plumbing inspections were made. Orders to collect delinquent bills were issued on 21 accounts, as well as four cut-off orders for non-payment of bills and nine to expedite collection on worthless checks.

The personnel of the department now totals nine, with these persons handling all work listed above as well as billing and posting of 2,467 water bills.

Sixty - seven building permits, totaling $272,250, were also issued through the department. Fifty-four plumbing permits were issued.

Funds received by the department during the month were as follows: meter deposits, $1,580; water, sewer and garbage collections $15,650.45.

Health Board Meeting Scheduled Thursday

A meeting of the new board of directors of the city-county health unit will be held at 7:30 o'clock Thursday night at the courthouse it was announced today by Dr Fred Dinkler, health director.

The purpose of the meeting, Dr. Dinkler said, is to familiarize the newly created board with the activities of the board and of the current health condition in the county.

It was pointed out by Dr. Dinkler that the board will act in an advisory capacity to the health unit. Members of the board include Dr. H. P. Redwine, Mrs. Wraymond Sims, Dr. H. W. Ward and Mrs. Garrett Harrell. A fifth member is slated to be named by the four at the meeting Thursday. Also a chairman is expected to be selected.

Floating Mine Blast

TOKYO, Feb. 6. (AP) — A floating mine exploded Monday as it was being towed into Shikoura harbor on Honshu's west coast. The blast wrecked 36 houses, killed a baby and injured eight persons.

PERSONALS

C. T. McLaughlin will be one of the 100 oil men at the testimonial banquet tonight at the Texas Hotel in Fort Worth honoring Gen. Ernest O. Thompson, member of the Texas Railroad Commission. General Thompson will receive an honorary degree today from Texas Christian University. Amon G. Carter, publisher of the Fort Worth Star-Telegram, will be host at the dinner for General Thompson.

Minister Feels Good Again

HADACOL Supplies Vitamins B1, B2, Niacin and Iron Which His System Lacked.

Here is something worth remembering. When you are not feeling well, you are unable to accomplish very much, your working power is limited, your ambition is deadened and you feel like you want to quit doing anything. F. M. Garrett, Route 1, Box 28-A, Starke, Fla., is a minister and when he began feeling bad, he did something about it. Rev. Garrett began taking HADACOL and he says he now feels good HADACOL supplied Vitamins B1, B2, Niacin and Iron in which his system was deficient.

Here is what Rev. Garrett says about HADACOL:

"I am a minister, 76 years old, and can truthfully say that HADACOL was a God-send to me as I had been sick, could not sleep, and could not eat anything without suffering much pain. I was not able to work any and I felt bad all the time. One of my brothers-in-law said: Why don't you get some HADACOL and take it?' I did and now I feel like a different man and can work all day. That has been 5 months ago. Before I took half the bottle, I could tell a wonderful change had taken place for the better. I can gladly recommend it to anyone."
