A Creek In My Back

By Allan R. Bosworth

As it will appear in the Roanoke, Times and the Norfolk (Va.) Virginian-Pilot

A hundred years ago this summer, during a leisurely boat ride on the Thames, an Oxford University teacher of mathematics dreamed up all manner of delightfully impossible and nonsensical things to amuse, three little girls. One of them, named Alice, became the heroine of the immortal "Alice in Wonderland." The teacher, Charles Lutwidge Dodson, also atttained a literary immortality . . under the name of Lewis Carroll.

There will be another boat ride, this summer, in another part of England. Perhaps it does not deserve mention in the same breath with the Mad Hatter, the March Hare, the Walrus and the Carpenter and the other intriguingly whimsical creatures Alice knew. But it does concern a creature, real or mythical — the fabled Loch Ness monster.

This benevolent or at least shy and harmless sea serpent has been in the public eye for a long time — maybe a full century. And of course being a survivor of some era of prehistoric times, it is much older than Alice in her centennial year. The Loch Ness monster could be fifty or a hundred times that old. . .

But this summer two groups of learned men and technological experts will cruise the 24-mile waters of Loch Ness, equipped with sonar gear, telephoto lenses and sensitive recording apparatus, hoping that the monster will come forth.

For my money, the monster just might fool them in more ways than one. I think it would be wonderful if it came forth in the Firth of Forth instead in Loch Ness . . . and no doubt there are underground passages in these bodies of water, known only to monsters.

Alice said that things grew "curiouser and curiouser," and so they do. Right now, in bonny Scotland, it's a bit early to be shooting grouse or other upland birds, but is it open season on tourists, and there's no limit to the bag. The Scots, they are a canny race. There will be bagpipes shrilling in the glens, and the gathering of the clans, and many a Highland fling will have been flung before the bloom is off the heather and the cold mists come down out of the North Sea, and all you can smell is the peat bogs, wet Scottish tweeds, and Sandy McTavish's pipe.

So, the Loch Ness monster. He either has a lair in Loch Ness, or a lot of reputable people suffer a transportation of the spelling of lair, and come out liar. They have seen him on many occasions.

He surfaces on the waters of Loch Ness, always when they are a bit foggy. He undulates. He snorts.

Naturally a two-snort viewing of the monster is worth much more than a one-snort glimpse. It follows that two snorts of Old Highlan Dew costs you more than does

(Continued on Last Page)

CARD OF THANKS

In a very small way, this will express my warmest appreciation to all my Ozona friends — old and new — who made homecoming so delightful and contributed so generously of material for the forthcoming "The Ozona Story."

Your hospitality, of course, was characteristic and traditional, but it will be difficult for me to describe it in the manner it deserves, and in a way an outsider can believe. Your support was wonderful. No book ever pleased everybody, but if this one is good at all, I shall feel that it is not one man's work, but that hundreds of warmhearted, generous people, proud of their heritage, had a part in writing it.

It was not possible to go everywhere, or to spend as much time as I would have liked with all the people I love. I hope I can come back again . . . and again. Until then, my thanks, and may God bless and keep you all.

Allie Bosworth

Safe Crackers Get $1700 In Saturday Night Entry Here

Back Door Opened & Safe Ripped Open At Evans Foodway

Evans Foodway Store in Ozona lost over $1700 to thieves last Saturday night when the back door of the store was broken open and the safe looted of the day's returns.

Evans Manager Raymond Sessoms discovered the loss when he entered the store shorty after 6 o'clock Sunday morning. The robbers had reached the money by splitting open the weak backside of the old fashioned safe.

The thieves chose a night when there was a great deal of activity in the community, which might divert the attention of law enforcement officers. Saturday night was the final and biggest night of the rodeo.

The rear door to the Ozona store was recently damaged when a truck backed into it and to further aid the robbers the door was not properly locked following the store's closing Saturday night.

Crockett County Sheriff's department patrols found the door closed shortly after midnight so that it was estimated that the robbery took place after then but since the door was left locked by the thieves time of the burglary could not be definitely established.

The loss at Evans was the first safe cracking job pulled in Ozona since the Hi-Way cafe was robbed in 1958, even though other towns in the area have suffered considerably from safe crackers in recent years.

Crockett County law enforcement officers have called in the Department of Public Safety experts to make the most of such clues as were found. Officers expressed the belief that even though the burglars were not top flight safe crackers, they had had some experience in the task.

Ozona LL All-Star Team Plays Sonora Here At 8 Tonight

First Round In 1962 Playoff Series; Locals Lose Warm Up

By Ernie Boyd

Ozona Little League All-Stars will meet the Sonora Little Leaguers tonight at 8 p. m. on the Ozona Little League diamond in the first round of the 1962 playoff.

Sonora will rule as a slight favorite on the strength of a strong left handed picther, but the locals will counter with hard throwing Tony Garza and a good game is likely to develop.

The 1962 All-Stars warmed up for their playoff contest tonight by heaving seven run-producing wild throws, to donate all but one run scored by the 1961 All-Stars in a game Monday night.

The older, more experienced, 1961 team had a rough time getting base hits but once on base found the 1962 club ready and willing to throw the ball away, with or without provocation.

Tony Garza started for the 1962 team and was touched for an unearned run in the first inning when Pon Seahorn beat out a swinging bunt down the third base line, and then scored when Ronnie Mason grounded a single to right and the right fieldsr threw the ball behind the backstop to allow Seahorn to score from second, and Mason go all the way to third. Garza fanned the next six batters in order, to complete his two inning tour.

The 1962 team tied the score in the bottom of the first when Geo. Cox doubled off the rigth center field fence and scored on an infield out and a wild pitch.

Catarino Cervantez took over the

Tommy Everett Wins Texas Sheep Goat Raiser Award

Judged First Among 40,000 Future Farmers In Texas

Tommy Everett of Ozona was named winner of the Texas Sheep and Goat Raisers Association Award at the State FFA Convention in Ft. Worth.

The award is presented to the FFA member who is judged first among 40,000 Future Farmers in Texas.

Everett has a herd of 50 commercial Rambouillet ewes and 35 Angora goats. From these projects he earned money to qualify for his Lone Star Farmer Degree which was awarded to him in 1961

The Ozona FFA Chapter has a very outstanding commercial lamb feeding program. Tommy has participated in this program for four years showing champions each year.

During his FFA carrer he has gained considerable experience and knowledge in management and judging of livestock. He has been a member of first place judging teams in grass, wool and mohair, livestock, range, farm skills and chapter conducting. He is the son of Mr. Tom Everett of Ozona. M. A. Barber, vocational agriculture teacher of Ozona is advisor. Mr. E. G. Cauble of Big Lake, President, of the Texas Sheep and Goat Raisers Association, will present the award.

Foreman To Attend Republican Rally In Courthouse Sat. Night

Ed Foreman, Odessa business man, candidate for Congressman, 16th District, on the Republican ticket in the November general election, will attend a meeting of Crockett county Republicans and conservatives to be held at the courthouse Saturday evening, July 28th, James Baggett, county GOP chairman, announced this week.

Mr. Foreman visited Ozona opening day of the Junior Rodeo last week and later met with a group of supporters in the home of Mrs. J. M. Baggett to discuss issues and campaign plans.

The meeting here July 28 had been set as an organizational meeting, to perfect a county Republican organization, complete with precinct chairmen. Mr. Foreman, "a conservative first and a Republican second" by his own description, will meet with the group and will be given some time on the program to explain his views on present day issues.

All Republicans, people with conservative views, or those who feel they "are more capable of spending their own money or looking after their own business than the government is," are cordially invitd to attend the Saturday night meeting in the district courtroom, Mr. Baggett said.

Plans Shaped For Dist. Convention Of Women's Clubs

Heart o' Texas District Convention To Be Here In Spring

Members of the Woman's Forum met at the home of Mrs. Bill Clegg last Friday morning to plan projects and make assignments for activities in the coming year.

The largest single item on the list of topics discussed and acted upon was the naming of chairmen for the various phases of the Heart of Texas District Convention to be held in Ozona next spring.

Mrs. Marshall Montgomery was named coordinator and the following members were named as heads of the named duties:

Mrs. Hubert Baker, protocol; Mrs. C. O. Walker, credentials and registration; Mrs. Stephen Perner, information and pages; Mrs. Hugh Childress, Pr., time keepers; Local Club President, (Mrs. O. D. West, Mrs. Bill Clegg, and Mrs. Jim Dudley,) courtesy and hospitality; Mrs. L. B. Cox, hostesses to speakers; Mrs. Evart White, exhibits; Mrs. James Childress, transportation; Mrs. Dempster Jones, food, and Mrs. Ira Carson, decorations.

Two new members were named to the Forum, Mrs. W. R. Baggett, Jr., and Mrs. Kirby Moore. It was also announced that Mrs. W. T. Stokes has accepted the treasurer's job, filling a vacancy left by the resignation of Mrs. Paul Tucker.

A letter from Mrs. Sam Logan, who is in Afghanistan, was read and the Forum voted to send badly need school supplies to a girls' school in that country.

Another project discussed was the securing of an art teacher to come to Ozona to teach art at least one day a week.

Members attending the meeting were: Mrs. B. B. Ingham, Jr., Mrs. James Childress, Mrs. Joe Sellers Pierce, III, Mrs. C. O. Walker, Mrs. Ralph Simon, Jr., Mrs. Marshall Montgomery, Mrs. Carl Appel, Mrs. Boyd Baker, Mrs. Beecher Montgomery, Mrs. Dempster Jones, Mrs. Fred Hagelstein, Mrs. L. B. Cox, III, and Mrs. John Coates.

CROCKETT HOSPITAL NEWS

Patients admitted since July 10th Mrs A. C. Hoover, medical; Mrs. Johnie Hokit, surgical; Mrs. C. B. Hamrick, surgical; Mrs. Ivy Smith, surgical; Mrs. W. L. Harrison, surgical; Oscar Kost, surgical.

Patients dismissed: J. F. Patrick and Mrs. John Bailey.

The first Crockett County Hospital School of Vocational Nursing students are now proudly wearing their new white and red caps.

New metal lawn benches have been placed in front of the hospital.

Something to think about as far as your hospital is concerned: Have you ever thought about including your hospital in your giving or donation or memorial budget or program. Just where and how can you help more people than thru your hospital. Just wonder if you realize that your hospital takes care of all patients admitted by the doctors regardless of color, creed or financial condition?

Good medical care is your priceless heritage.

OZONA'S 5TH ANNUAL JUNIOR RODEO DRAWS TOP TALENT OF AREA FOR OUTSTANDING SHOW

The fifth annual Ozona Lions Club Junior rodeo was unreeled last Thursday, Friday, and Saturday before near record crowds with a record field of some of the most talented Junior Rodeo performers in the land competing for the prizes and money.

All three performances distinguished themselves from the usual run of rodeos by the rapid fire order in which the events were run off. The skilled way in which the rodeo was run reflected credit upon the very able work done by co-directors Vic Montgomery and Oscar Kost and their large and skilled corps of volunteer helpers.

In the rare, periods during which there was no activity in the arena, the clowns kept the crowd interested with their antics which did not, as so often is the case, become rather stale from over use.

Lions Club officials revealed that the Saturday nights crowd was the largest of the three nights with the Thursday night turnout second.

A record field of over 150 contestants from all over the Southwest took part in the show, giving fans an outstanding exhibition of skill in the varied events.

Chosen as outstanding cowboy, and the winner of the trophy saddle, was Tony Allen of Sterling City, who entered the bull riding, calf tie down and ribbon roping events, winning the calf tie down and the ribbon roping.

Ozona names among the winners were not too frequent but Crockett County's most able performers who have proven their ability to win on many occasions were equal to the task at home, carrying off top honors in a number of fields.

In the 16 to 19 year age bracket the Ozona winners were: Pam Perner first in the barrel race with Nancy Friend third, and in the pole bending Judy Black second and Nancy Friend third.

In the 13 to 15 year old group, Carey Pitts was in a tie for second and third in the bull riding, Jill Graves was second in the barrel race, and Vicki Montgomery third. In pole bending for boys, Bryan Montgomery was second, Wade Stokes third, and Hugh Coates fourth. In girls pole bending, Lynn Cox was second, Jill Graves third, and Carmen Childress fourth. In boys ribbon roping Rex Bland was third and Carey

Air Force Band Leads Colorful Jr. Rodeo Parade

Marching Unit From Ozona AF Station In Parade Line-Up

A large and enthusiastic crowd viewed the opening parade and enjoyed the fine martial music supplied by the visiting 539th Air Force band from Lackland AFB, San Antonio, as the 5th annual Ozona Junior rodeo got under way last Thursday afternoon.

Joining the band in the parade was the 732nd AC&RW Squadron from Ozona AF Station, who despite a not two recent experience in the field of close order drill, stepped gingerly to the music on the hot Ozona pavement.

Bright new convertibles carried Miss Nancy Friend, Miss Mohair elect, and Miss Cheryl Clayton, the Ozona Lions Club sweetheart, while the Rodeo Queen, Miss Jan Pridemore, led a large group of horsemen of all sizes and shapes who composed the bulk of the parade.

The Air Force band led the parade around the square, stopping on the west side of the park to give a short concert before remounting their buses for a dinner stop at the Radar Base, and the return trip to San Antonio.

Following the parade some 400 Ozona residents and visitors took part in a barbecue held in the park.

Vacation Bible School At Church Of Christ Is Set For July 30-Aug. 3

A vacation Bible school will be held July 30-Aug. 3 at the Church of Christ in Ozona, Jess Hall, Minister announced this week.

"There will be classes for all ages beginning with the nursery group. A staff of able teachers will lead each class in lessons from the Bible itself," Mr. Hall said. "Throughout the entire school emphasis will be placed on the importance of God's word and its influence on individuals as well as nations", the minister decared. "Most of the trouble in the world today stems from the fact that people generally have ignored God and His word that they might walk in their own ways to destruction. The inevitable doom of destruction always follows a proud, ill-led, and spiritually destitute people, My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of they God, I also will forget thy children' (Hosea 4:6."

Every person interested in a study of the Bible is invited to attend the vacation Bible school July 30-August 3. For any information concerning the school please feel free to call Jess Hall or the church office.

SON TO PITTMANS

Mr. and Mrs. W. E. Pittman, of Brownwood, Texas, formerly of Ozona, announce the birth of a son, Weldon Earl Pittman, Jr., born July 6, in Medical Arts Hospital Brownwood.

Maternal grandmother is Mrs. Cora Lee Anderson of Ozona. Paternal grandparents are E. F. Pittman of Bronwood and Mrs. Mable Taylor of Brownwood.

The Pittmans have another son, Henry, age 5 years.

Baylor Grid Star To Preach During Baptist Revival

Youth Revival To Continue All Next Week, Starting Sunday

The Youth Council of the First Baptist Church will sponsor a Youth Revival beginning Sunday and running through next week, with Weldon Price, a Junior football star at Baylor University, the evangelist, and David Thomas, a sophomore at San Angelo College, leading the singing.

Price lettered at center for Baylor last year as a soph, and drew considerable notice for his work in spring practice and is considered a leading candidate for the starting center spot for the Bears this fall.

The young evangelist is the son of Rev. Levi Price, pastor of the First Baptist Church of Monahans and has been active in Baptist work since high school days.

Services to which all of the young people of Ozona are invited will be held at the First Baptist church each evening, Monday through Friday, at 7:30 p. m. with an all day reteat being planned Saturday.

David Thomas, who will lead the singing, is a member of the choir in the First Baptist Church in San Angelo and was an all-state choir member while in High School.

The Youth revival will follow a week of young people's emphasis in the Baptist Church which will see young people taking over all

"NEW GRASS ROOTS"

"A new organization is being readied this week that bears promise to transforming the political landscape of the country,' 'says the current issue of Human Events. It is our privilege to quote from the artcile which sets forth basic facts as follows:

(1) The New York Stock Exchange announced after a census that about 17,100,000 Americans over 21 own stock in publicly held corporations — "nearly one out of every six Americans is a share-owner."

(3) This statistic also — and obvious reason why President Kennedy has lost the confidence so necessary to the halthy functioning of the economic body of the nation.

(3) This tatistic also — and significantly — compares closely with another: The total number of labor union members is approximately 16 million. Their bosses, notably Walter Reuther, have the ear of the President and their own men are installed in high positions in the Kennedy regime. JFK clearly defers to their every wish.

(4) On June 27, Lyle Wilson, veteran columnist for the United Press International, articulated the prevailing conclusion in Washington drawn from the above facts when he wrote: "There is no other multi-million category of voters (than the 17,100,000 investors) lying around loose for the conservative leaders to clultivate. . . The Republican party might improve its minority postion in the US if the party leadership had the wit and ability to rally the faceless millions of American stockholders."

Indeed, for some time before Wilson's remark, such a conclusion had been drawn by Steve Stahl, director of the Oklahoma Public Expenditures Council . . . who began laying plans for "The Investors' Union of America, Inc.", a non-profit organization which has applied for a charter from Oklahoma.

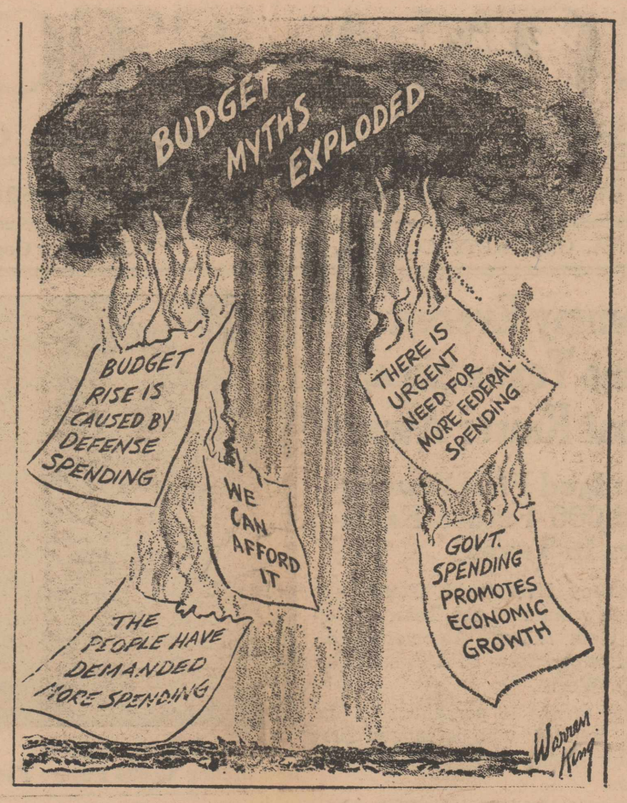

The principal objective of the Union is to secure "a fair and reasonable return on the money invested by more than 17 million Americans in the tools of production," and the "primary purpose is the protection of small investors and particularly those who have retired or are nearing retirement . . most by the present market decline from the government's unfriendly attitude toward business and the people who have been hurt the the free market economy".

Human Events notes that the first selections for the board, a retired school teacher, a small farmer and a weekly newspaper publisher, are no "economic royalists", and suggests writing Steve Stahl, Investors' Union of America, 207 Commerce Exchange Bldg., Oklahoma City 2, Okla., for information.

The nation's investors, thinks Human Events, may well develop a task force to engage AFL-CIO's COPE (Committee on Political Education) on even terms.

——————oOo——————

"A number of us have preenaged daughters." — Hartsdale (N. Y.) Masterson Press.

HOW'S YOUR PRESERVE RATIO?

No doubt it is very nice of Mr. Kennedy and Treasury Secretary Dillion and their helpers who have been working ever so hard on those new "guidelines" for business in writing off depreciation on its hammers and saws and sewing machines and pot-stills and whatnot in what is said to be a more up-to-date manner.

In fact, the President's statement actually refers to this revamping of depreciation formulae as a "tax cut" and notes that the resulting deductions in tax liabilities will reach $1.5 billion the first year. And all this while the Senate Finance Committee is considering the further "gift" to business of a seven percent investment credit on new equipment!

However, those who wish to use the new "guidelines" will have a lot of fine print to read — after they get the Government's book on the subject, and of which, we are told, over half of the initial printing of 80,000 went to the Treasury people who must police the new rules. And that leaves something less than 40,000 for the 12 million concerns Mr. Dillon estimates are affected — to say nothing of the armies of tax consultants and lawyers who wil be expected to know all the details.

There are times, we admit, when it's nice to be a writer. For, after all, pleasant as it may be to have a typewriter, perhaps even a nice office with a desk and a chair, the writer can function with just a pencil and a bunch of paper if it gets too tough figuring out the depreciation deductions on the luxuries.

Not a being a business type, we find it difficult to understand why a company can't spend its own money for what it needs to stay in business and simply pay taxes on what—if any—is left of its earnings. That way, the people who run the business might have to make more money — and thus pay more taxes. Nor would the Government have to hire people to read the reports the businessmen wouldn't have to make out.

There must be something wrong with this kind of thinking, of course — even if we don't know what.

Accurate and Complete
RANCH RECORD
Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage ofevery saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

Miss Sarah Elizabeth Hicks Is Honored At Series Of Prenuptial Parties Here

A series of pre-nuptial parties have honored Miss Sarah Elizabeth Hicks of Ozona who will become the bride Saturday of Leroy Fredic Buss of Austin.

Fifteen hostesses complimented Miss Hicks with a gift tea last Saturday in the home of Mrs. Clay Adams. Cohostesses were Mrs. Ira Carson, Mrs. Joe Pierce, Mrs. Early Baggett, Mrs. Jack Baggett, Mrs. Lee Childress, Mrs. S. M. Harvick, Mrs. Jess Marley, Mrs. Oscar Kost, Mrs. Bascomb Cox, Mrs. Frank McMullan, Mrs. Hugh Childress, Jr., Mrs. N. D. Blacktone II, Mrs. Max Schneemann, and Mrs. Ward Wueste of Austin.

The tea table was centered with an arrangement of white carnations and clematis in a crystal and silver epergne and accented with white lace fans and white tapers as accessories. Flower arrangements in the bride's chosen colors of green and white were used throughout the house.

Presiding at the bride's register were Mrs. Lin Hicks and Mrs. Banky Stocks. The register table was decorated with an arrangement of white flowers with a white lace fan. Music during the tea hours was provided at the piano by Mrs. Morris Bratton and Mrs. L. B. Cox, III.

Members of the houseparty included Mrs. Dick Kirby, Mrs. Charles Garlitz, Miss Jane Nobles of Midland, Mrs. Mike Clayton, Mrs. Duane Oswald, Mrs. Lin Hicks of Sonora, Mrs. Banky Stocks of Kent, Mrs. Boyd Clayton. Mrs. Jess Carl Marley and Mrs. J. S. Pierce, IV.

In the receiving line were Mrs. Adams, Miss Hicks, her mother, Mrs. Lindsey Hicks, Mrs. James Bryan Speer, mother of the prospective bridegroom, his sister, Miss Mary Kathryn Buss, both of Austin, Mrs. Gerald C. Nobles of Midland, Mrs. F. H. Whitehead Jr., and Mrs. George Poulter, San Angelo, aunt of the bride.

Guests attended from Sanderson, Fort Stockton, Big Lake and San Angelo.

Miss Hicks also was honored at a bridge and 42 party July 11 at Ozona Country Club by Mrs. W. E. Friend, Jr., and her daughters, Mrs. Glen Richardson of Sonora and Mrs. F. H. Whitehead, Jr., of Comstock.

Mrs. Richardson and Mrs. Whitehead welcomed guests. Also in the receiving line were the hostess, the honoree, her mother, and Mrs. Lin Hicks. All were presented corsages of Miss Hicks' chosen colors, green and white.

There were 19 tables of bridge, two tables of 42 and 10 guests arrived for tea.

The tea table was laid with a white dotted swiss-over-satin cloth bordered with lace. A flower arrangements of giant white spider chrysanthemums and ferns centered the tea table. Tea was served upon completion of the games to about 100 guests.

Assisting the hostesses were Mrs. Hudson Mayes, Mrs. V. I. Pierce and Mrs. S. M. Harvick.

Other events honoring Miss Hicks were a couples' party in the home of Mrs. J. Monroe Baggett attended by 30 guests with Mr. and Mrs. James Baggett and Mr. and Mrs. Duane Oswald, cohosts, and an accessory shower in the home of Mrs. John W. Henderson. Hostesses were Mrs. Charles Garlitz, Mrs. J. S. Pierce IV, and Mrs. Dick Kirby. Brunch was served to the honoree's former classmates.

Also, a kitchen shower was held in the home of Mrs. Joe Bean with cohostesses, Mrs. Hillery Phillips, Mrs. H. M. Phillips, Jr., Mrs. John R. Hunnicutt, Mrs. Arthur Phillips and Mrs. Sidney Millspaugh. Five tables of guests played bridge.

The home of Mrs. Joe Clayton was setting for a luncheon honoring Miss Hicks.

Mrs. Clayton was assisted by her daughter, Miss Cheryl Clayton.

Out of town guests included Mrs. James Bryan Speer and daughter of Austin, the prospective bridegroom's mother and sister, Mrs. Lin Hicks of Sonora, Mrs. Banky Stocks of Kent, Mrs. Gerald C. Nobles of Midland, Mrs. F. H. Whitehead of Comstock, Mrs. Herbert Brown and daughter Diane, of Sanderson.

A MODERN VIEW (AFTER REMBRANDT)

Body of Former Ozonan Accident Victim, On Way From California

The body of Salomon Alba, 48, a former Ozonan who has made his home in California the last seven years, is on its way back to Ozona for burial.

Mr. Alba was killed in a car wreck near San Diego, Calif., Tuesday. Details of the accident were not available here other than that it was a one-car accident. Funeral arrangements, in charge of Janes Funeral Home here, awaited arrival of the body.

A government employe, Alba is survived by his widow; two children, Bill and Sandra Alba of the home; two sisters, Elogia Gomez and Ester Valdez and a brother, Pedro Alba, all of Ozona; four sisters, Lupe Munoz and Beatrice Garza, both of McCamey, and Carmen Trujillo and Maria Garcia, both of Odessa.

Ninfa Cervantez, 11 Dies In Galveston; Funeral Here Friday

Funeral services will be held at 5:30 p. m. Friday from the Templo Jerusalem Baptist Church for Ninfa Cervantez, 11-year-old daughter of Mr. and Mrs. Samuel Cervantez of Ozona. Services will be conducted by the Rev. Raul Solis, pastor, with Janes Funeral Home in charge of arangements.

The child died in John Sealy Hospital in Galveston where she had been taken for treatment of a kidney ailment.

Surviving besides the parents are a brother, Samuel, Jr., and two sisters, Rebecca and Amelia, the grandparents, Mr. and Mrs. Santos Cervantez and Mr. and Mrs. Francisco Lara.

—oOo—

Colonel Henry H. Carden, Retired, who last week underwent gall bladder and exploratory surgery in Brooke Army Hospital in San Antonio, was reported to be making satisfactory progress this week. He is scheduled for more surgery next Monday. Colonel Carden is the son-in-law of Mrs. Ralph Watson of Ozona. Mrs. Watson and Miss Wanda Watson visited the Cardens in San Antonio last week.

Mr. and Mrs. T. J. Bailey have returned to Ozona following a short vacatton in New Mexico.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman July 20, 1933

Funeral services were held at 2 o'clock Monday afternoon in Del Rio for Henry A. Elledge, 60, a resident of Ozona for the past twelve years, who died at 4:10 o'clock Sunday morning in San Antonio.

—news reel—

Rev. and Mrs. J. H. Meredith who have been in Kerrville the past week where Rev. Meredith has been conducting a training class, will return to Ozona Saturday night and Rev. Meerdith will preach at the Methodist Church Sunday morning.

—news reel—

"Trixie", a diminutive poodle dog, the pet of the late Mrs. T. W. Patrick, who died at her home here July 1, followed his Mistress in death late last week, the victim of a broken heart.

—news reel—

Andres Aguirre moved into his new business home in the Latin-Americans settlement of Ozona last week following the completion of the new building. A novel feature of the new building is a roof garden dance floor. The new dance floor was dedicated with the first dance last weekend.

—news reel—

Approximately 30 Ozona ladies of the Methodist Missionary Society are expected to be present for the Missionary zone meeting to be held in Sonora next Thursday, July 27. The zone meeting will last throughout the day and more than 100 ladies from the five zone towns are expected.

—news reel—

Mr. and Mrs. Lee Henderson today anounce the engagement of their daughter, Jean Elizabeth, to Clifton H. Tupper, Jr. The wedding date has been set for August and will be solemnized at the Henderson home, 1010 Alta Loma Circle S. T. Times.

—news reel—

Dear Editor:

Some two or three months ago I sent you my check for $2.00 and my paper should have been marked up to 4-9-34. Of course, I wouldn't mind paying $2.00 more but I don't want the postmaster to see my paper marked a year behind as I think a guy that won't keep his home-town paper paid up is a hopeless nut.

Yours
Walter C. Dunlap

Thanks for telling them, Walter, and May your tribe increase. ed.

—news reel—

Workmen were engaged this week in outfitting office quarters for the Ozona Gas Company, promoted by H. H. Shaw, Harve Loomis and M. G. Williams, formerly of Baird, Texas. The gas company quarters are being arranged in the Bunger building next door to the Jones Saddlery Company.

—news reel—

Mrs. Massie West returned from San Angelo Tuesday where she went to bring her daughter, Joyce who spent the past week with Miss Violet Hudgins in Dallas.

—news reel—

Ben Lemmons is spending a few days in Mineral Wells.

—news reel—

Mrs. Charles Coates was reported ill this week.

NOTICE OF

REWARD

I am offering

$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may clain the reward.

Billy Mills
Sheriff, Crockett County

Notes From The County Agent's Office

By Pete W. Jacoby

The following information is recommended by R. L. Ridgway, Associate Extension Entomologist of Texas A&M College, in the control and support of the screwworm program.

Co-Ral as a spray and dust, ronnel (Korlan) as a spray, smear or atomized bomb, EQ-335, and Smear 62, all if properly applied will kill screwworms. However, sprays of 0.25% Co-Ral and 0.5% Korlan are to be preferred because they give longer protection. Consequently, their use is strongly encouraged to support the screwworm eradication program. These sprays will also control most other external parasites such as horn flies, lice and ticks. However, if Ci-Ral is used for cattle grub control, it is necessary to use 0.5% spray. In view of all of the benefits derived from the use of these sprays, its just good business to use them.

The wool situation as given by the Western Livestock Round-up says the mid-May average price received by wool brokers was 46.3 cents per pound grease basis, up 1.3 cents from the mid-April price and well above the 43.1 cents per pound received in Mid-May last year. Mill use of wool decreases seasonally during the second half of the year; therefore, prices are expected to show a slight decline from present levels. During the past five years, prices have worked down an average of 2.0 cents per pound between mid-June and mid-September. Prices declined 1.3 last year as mill consumption of wool was well above the average cents per pound during this period of the previous four years during each of those months.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — U. S. Supreme Court's decision that federal courts have power to review acts of state legislatures in reapportioning representation was met with an uproar from many states.

"Reapportionment" is the business of redistricting a state to determine the number of legislators acording to an area's population. National and state constitutions both provide for re-examination of representation in legislative assemblies every 10 years.

An area frequently gains or losses representatives to the state house. This happened in Texas recently, when a 1961 redistricting act by the legislature took effect.

Working under a constitutional amendment adopted in 1936, limiting cities to one representative for every 700,000 inhabitants, Texas' representative districts got a pretty thorough going over.

The 31-member senate body was not greatly affected by the reapportionment, however, since the law states that the senate "shall never be increased and no single county shall be entitiled to more than one senator."

What the U. S. Supreme Court would hold about such a condition, in view of a congressional provision for two U. S. senators from each state regardless of population, won't be known unless the question is put to its nine justices.

There is some reason to believe, however, that the higher court would look with disfavor on this State's constitutional provision limiting House representation to one member for every 100,000 inhabitants after a county attains a population of more than 700,000.

In the event citizens dissatisfied with the situation in Texas ever go to court for a reshuffling, they'll be armed with the information that 11 urban counties have a little more than half of Texas' 9,579,677 inhabitants and more than a third of the 150 members of the House of Representatives.

Permian Basin College Urged — A "Citizens Relations Committee" of 20 West Texans flew into Austin to ask the Texas Commission on Higher Education to approve plans for converting Odessa Junior College to a state-supported, four year "Permian State College."

Acording to their spokesman, W. D. Fleck of Odessa, 30 per cent of the Ector County's college enrollment of about 1,600 is composed of out-of county students. Administrators estimated a 3,686 enrollment by 1970, if it's changed to a state-supported senior college.

C. A. Roberson, business manager of Odessa's $3,000,000 junior college, said the population in the Permian Basin increased from 159-000 to 288,000 between 1950 and 1960 and is expected to reach 50,-000 by 1970.

Commission will study the matter further before making a recommendation to the next legislature.

Attempts to get the 57th Legislature to approve full state support and senior college status of San Angela Junior College, Laredo Junior College and Pan American College at Edinburg failed in the third special session.

Crooked-Hole Drillers Cut Off— Texas Railroad Commission has severed pipeline connections and set zero allowables for all wells on leases in the East Texas Field on which deviation or inclination surveys above shown a crooked-hole oil well.

Chairman William J. Murray of the Commision says that the order covers 12 leases.

Attorney General Will Wilson advises that when a deviated well is found on a lease, the whole lease is to be questioned until proven otherwise.

Before the wells involved can be restored to production, operators must have inclination surveys made on each one, and must have production tests to determine each well's actual ability to produce. Wilson said production tests were required because of the possibility that a single deviated well might be drawing the allowables for eight or 10 wells on a lease that are actually dead.

Miss Mohair Elect To Crown Miss Southwest At FS Water Carnival

Miss Nancy Friend, Miss Mohair-elect, will crown Miss Southwest at the conclusion of the Ft. Stockton annual Water Carnival in Fort Stockton this week-end.

Miss Friend, who will be crowned Miss Mohair at the annual convention of the Texas Angora Goat Raisers Association in Fredericksburg August 2, received part of her wardrobe this week and modeled the garments at Barnes & Co. all day Tuesday.

Miss Mohair's wardrobe will consist of several thousand dollars worth of elegant mohair garments. The coronation gown itself will contain more than $500 worth of material. Nancy has received so far a three-piece outfit, two tops and a skirt, a long coat, a four-piece coordinate suit, a two-piece cocktail dress which can be converted into a tailored dress with a jacket, and a three-piece stroller suit. Some sports clothes are to be received later and other mohair garments will be available through the coming year as Miss Friend goes about her duties as Miss Mohair in 1962-63.

June Bunger Named To Tech Honor Roll

Miss June Bunger, daughter of Mr. and Mrs. George Bunger of Ozona, and a sophomore student at Texas Tech in Lubbock this past year, was named to the honor roll by the Dean both semesters during the past year.

The honor roll or Dean's list is composed of students who have recorded a 2.0, or better, grade point average during the semester.

June has just returned to Ozona this week from attending the National convention of the Pi Phi Sorority of which June is a member at Tech. This year"s convention was held in Washington, D. C. and provided Miss Bunger and several traveling companions an interesting trip in addition to the convention.

First Sterile Flies Released From New Mission Plant; Will Eliminate Pest From Southwest By Next Year

Mission, Texas — The first box of sterile screwworm flies from the new production plant here came off the assembly line Wednesday and were released over Southern Texas by Friday.

"This is a great day in the short history of the Southwest Screwworm Eradication Program," Dr. G. D. Stallworth, supervising veterinarian for the Texas Animal Health Commission, said. "It is second in importance only to the day when we will turn out the last box of flies that will complete the eradication program."

Sexual sterility of screwworm flies is accomplished by subjecting pupae to radiation from cobalt-60, which emits gamma rays. Pupae are then packaged in cartons, held until they emerge as flies, and then dropped by airplane. About 3 to 5 percent of the total fly production is not sterilized and provides brood stock for continued production. The fly colony was established on Sunday, June 17, the day after formal dedication of the plant. All operations of the plant are timed to coincide with the normal life cycle of the screwworm.

"We now have a plant to produce from 50 up to 75 million sterile flies per week, the volume needed for eradication of this costly livestock pest in the Southwest," Marvin J. Bridges, executive director of the Southwest Animal Health Research Foundation, commented.

"The increased supply of sterile flies from this plant will not only greatly strengthen the eradication effort, but also will provide flies for future tests on establishing and maintaining a barrier zone to be formed by continuously releasing sterile flies along portions of the U. S. - Mexican border," Dr. S. C. Gartman, assistant veterinanian in charge, Animal Disease Eradication Division, U. S. Department of Agriculture, added.

Program officials outlined these plans for the months ahead. The temporary facilities at Kerrville will contiune to produce about 23 million flies per week as production at the Mission plant is increased. The Kerrville unit will be gradually closed and personnel and equipment transferred to Mission.

Plans are for the Mission plant to build up to around 50 million flies per week within the next 2 or 3 months, the average production called for in the program budget. This will then be increased for a short period to the 75-million capacity.

This production will provide for release of sterile flies in those areas where overwintering populations must be eliminated, where outlying outbreaks threaten to spill over into an area already free of screwworms, and to maintain the artificial barrier. Flies will not be used in areas where cold weather can be expected to eliminate in a short time any threat to a screwworm-free overwintering area.

Flies are now being released in Texas over a 60,000-square mile area below a line that runs from Del Rio northeast to Coleman, east to Comanche, and southeast to Port O'Connor, plus 7,000 square miles in southern New Mexico.

However, fly release will remain flexible because of unpredictable circumstances. For example, the size of the screwworm overwintering area varies with the severity of the winters. Also, shipments of infested livestock could also cause premature spring outbreaks in northern portions and require concentrated fly release for quick control.

PUMPVILLE NEWS

By Mrs. Andy White

An informal coffee was given by Mrs. Neuman Billings at her lovely ranch home honoring Mrs. Etta Mae Baker of Bay City, Texas, who is visiting her sister, Mrs. Andy White of the Rock Pens Ranch near Pumpville.

Coffee and cake were served to Mmes. Harvey Hall, Charles Schnaubert, Hazel Gurley, Andy White, Tiny Henderson, Mrs. Billings' two grandsons, Johhny and Jimmy Clark, and Mrs. Harvey Eastman and her grandson, Mackie Turner of Sanderosn.

During the refreshments, Mrs. Billings said that Johnny Clark had made the chocolate cake that was served.

A social hour followed during which important matters of the Hobby Club were discussed. Mrs. Baker was presented with a beautiful floral towel by the hostess.

On July 28, Mrs. Andy White and Mrs. Harvey Eastman will entertain the Hobby Club and their families with a supper at the home of Mrs. Eastman on Highway 90.

Moisture Conditions Not Good In 1962 For Control Of Mesquite

The unusual spring this year upset the normal time-table for aerial chemical control of mesquite according to James Glynn, local Soil Conservation Service technician.

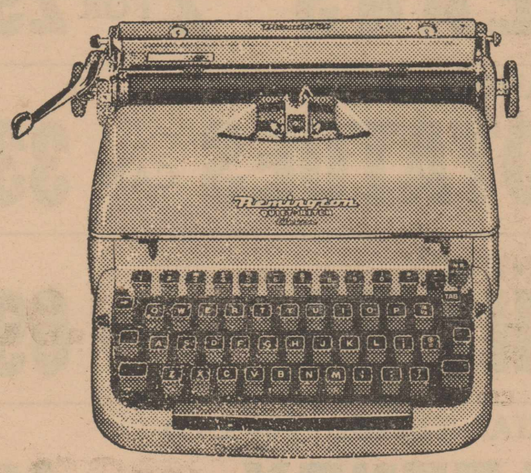

Glynn said, that conditions over most of the Crockett Soil Conservation District were too dry the past spring for aerial spraying.

He mentioned that in order to get effective kill by this method soil moisture and plant condition should be favorable.

Technicians from the SCS will be glad to assist ranchmen next spring in determining when conditions are favorable for aerial spraying.

A-M Adjunct, Junction, Site For Range Camp For 4-H & FFA Boys

College Station—The A&M College of Texas Adjunct at Junction, will be headquarters for the eighth annual Youth Range Camp for outstanding 4-H and FFA boys. July 29 - August 3 are the dates for this Texas Section, American Society of Range Management sponsored event which recognizes, develops leadership, and gives advanced training in range management to the boys attending, reports Bob Ragsdale, extension range specialist.

Boys selected to attend are those who have conducted outstanding range management demonstrations or projects, participated in range and plant judging contests, or shown an active interest in range management. These boys are given scholarships to the camp by interested individuals, livestock associations, 4-H Clubs, FFA Chapters, county farm bureaus, banks, soil conservation districts and others.

Members of the Texas Section develop the program and conduct the camp. Section members who will conduct this year's camp are B. J. Ragsdale and G. O. Hoffman, extension range specialists; Dr. Don Huss, Department of Range and Forestry, Texas A&M College; Duery Menzies, assistant county agent, Abilene; Durwood Ball, area range conservationist, SCS, Uvalde; and Clayton Massey, voc-ag teacher, Harper. Huss is president of the Texas Section, and Hoffman and Ball are directors.

The program includes plant identification, ecology, ranch economics and management, grazing systems, reseeding, noxious plant control, ranch and range planning, and the relationship of wildlife and range management. Field trips to two Kimble county ranches and the Ranch Experiment Station, Sonora, will be made for first hand study of each of the above classroom topics.

Recreation will include swimming, softball, volleyball, movies and a tour of the beautiful Sonora Caverns, Ragsdale said.

Ready For Berlin...and Still Ready

Water Run-Off, Soil Erosion Discussed In New SCS Publication

A new publication designed to help city and sububan dwellers understand soil erosion problems on their lots, gardens, and small farms, has just been released by the U. S. Soil Conservation Service. It is called "Soil Conservation at Home," and interprets the Service's experience in working with farmers and nonfarm people.

A copy may be obtained from the local SCS office in the Ozona Hotel, stated James Glynn, local Soil Conservationist.

Mr. Glynn, who is assigned by the SCS to assist the Crockett Soil Conservation District, said that the publication consists of 30 pages of suggestions on what the homeowner can do to reduce the amount of water runoff from his lot and cut down on soil erosion.

It describes the ideal soil and how to know what kind of soil you have. There is a section on a conservation plan that includes safe disposal of water, and shrub planting to encourage helpful wildlife, particularly birds.

The bulletin is illustrated with photographs showing ocntour gardening, miniature terraces, grass waterways and other conservation practices.

Sunray Helbing Well Dual Producer From Permian And Strawn

Sunray DX Oil Co. dually completed as a lower Permian gas discovery is No. 1 Ruby Helbing, Crockett County recent upper Strawn gas discovery, 6½ miles south of Ozona and 2¼ miles north-northeast of the east portion of the Hunt-Baggett (Strawn gas) field.

It was finaled for a calculated, absolute open flow of 322,000 cubic feet of dry gas daily through perforations between 3,051-64 feet.

It was finaled July 6 from the upper Strawn for a calculated, absolute open flow of 5.45 million cubic feet of dry gas per day through perforations between 8,378-456 feet which had been fractured with 15,000 gallons.

Drilled to 9,350 feet, 5½-inch casing was set at total depth.

Location is 1,010 feet from the south and 660 feet from the east lines of 9-MN-GC&SF.

Delta Drilling Co., Pauley Petroleum, Inc., and Dalton Cobb, Odessa, will drill a 10,000-foot wildcat in Crockett County eight miles southwest of Ozona and 3⅞ miles northwest of the initial portion of the Hunt-Baggett (Strawn gas) field. It is the No. 1 Couch.

Ground elevation is 2,508 feet.

Location is 1,980 fet from the north and west lines of 25-ST-HS&WT.

It is also 2⅞ miles west and very slightly north of Chambers & Kennedy Midland, No. 1 Helbing, 9,308-foot Strawn failure abandoned in April, 1961.

Oil production in the Hunt-Baggett area is assigned to the Refoil field.

A Creek In My Back

By Allan R. Bosworth

(Continued from Page One)

one snort, but your average tourists can see twice as much.

The Loch Ness monster certainly has won his place in the folklore of the British Isles. If he had had Lewis Carrol for his biographer, his reputation would be secure for all time: Carroll could have done a great deal with him as one of Alice's companions. But this didn't happen, and now we have — and have had for a long time — the nagging suspicion that the Loch Ness monster just doesn't exist.

Nonsense. Tweedle-de-dee! Of course the Loch Ness monster exists, and it is a sad day for all of us when a scientific expedition goes out on what must be, basically, a purely negative research. If the scientists did not doubt that he exists, there would be no reason for the expedition.

Lewis Carroll's expeditions into Wonderland were positive things. He did not doubt for a moment, but simply proved. He proved so well that we still believe, today.

That's the difference, and unless there is a Chamber of Commerce publicly plot behind the Loch Ness expedition, we all may be the loser. It's like saying that the moon shot, this year or next, will be made for the purpose of determining whether or not the moon is really made of green cheese.

Little enough is left to our imagination, these days. I think we should hold, jealously, to what we have.

pitching effort in the third, and with one out, gave a single and a walk before retiring the second batter of the inning. With runners on first and third and two outs, the runner broke from first and Cox's throw which might have retired the side, was high and a run scored to send the older team ahead 2 to 1.

Oscar Flores tied up the game in the third with a towering home run over the center field fence and the game remained tied through the fourth as both sides were retired in order.

In the fifth George Cox took over for the 1962 team and with two out was touched for a home run by Humberto Ramos to send the score to 3 to 2. Cox escaped without further damage but in the sixth the roof fell in, as Allen Merritt, who took over pitching duties for the last inning, was wild and after giving up a single and a walk made a wild throw to first to allow two more runs to score and the game for all practical purposes was over.

The 1962 team picked up one more run in the sixth as Tony Garza singled and then after a walk and a ground-out scored on a wild pitch.

All-Star coach Bud Cox will likely start the following team tonight; George Cox, catcher, Catarino Cervantez, 3b, Tony Garza, p., Oscar Flores ss, Allen Merritt, 1f, Gary Sutton 1b, Deeny Eversole 2b, Marlan Farris rf, and Fleet Coates cf.

Junior Rodeo —

(Continued from Page One)

Pitts fourth.

In the under age group, Becky Bland was the winner in the barrel race. Jerri Lynn Morrison won fourth place in the pole bending for girls, and Quatro Davidson was third in the event for boys.

In addition to the three night performances, sessions, were held Friday afternoon and Saturday morning during which go arounds were completed that could not be included in the three night shows.

First and second place winners in the events went as follows: In the 16 to 19 year old group: Pole bending, girls, first Paulette Allen of Rule, Texas, second Judy Black, Ozona. Steer Wrestling, boys, first Les Stambaugh, Santa Rosa, N. M., second Bill R. Davis, Sterling City. Bull Riding, first Zane Powers of Sonora, second Johnny Shields of Odessa. In the calf roping, first went to Tony Allen of Sterling City, second to Bill Benson of San Angelo. In ribbon roping, Bill Davis of Sterling City was first and Johnny Shields of Odessa second, and in the girls barrel race, Pam Perner of Ozona was first and Dona Kinkead of Tucumcari, N. M., second.

In the 13 to 15 age bracket the results were: Ribbon Roping, Paul Petska, Carlsbad, N. M., first, Jack David Wardlaw, Sonora second. Girls pole bending, Irene Eppenauer of Pecos first, Lyn Cox of Ozona second. In boys pole bending, Paul Petska of Carlsbad, N. M., was first and Bryan Montgomery of Ozona second. In the girls barrel race Irene Eppenauer of Pecos was first and Jill Graves of Ozona second, and in boys bull riding, Tooter Bode of Ponto Toc was first, and Carey Pitts of Ozona and Harold Cane of Stanton tied for second and third.

In the third group, those 12 years and younger the results were as follows; girls pole bending, Marsha Leslie Chapman of Carlsbad N. M. Askins of Pumpville was first, and second. In the girls barrel race, Becky Bland of Ozona was first second. Boys pole bending winners and Carla Beth Black of Marfa were Max Schneemann III of Big Lake, first, and Joe Morris Cooper of Midland, second. In the final event the boys barrel race, the winner was Billy Dan Grimes of San Saba, and second place went to Gene Perry Edwards of San Angelo.

GENERAL SYSTEM America's Largest Independent Telephone System

To supply your needs

When construction requiring wire, cable and other materials is under way, when you want a new telephone or an extension, this new equipment should be available without delay.

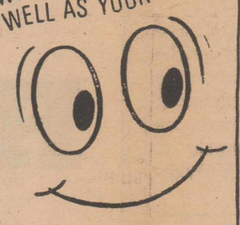

That is why General Telephone maintains many supply centers such as the one pictured.

In these supply centers experienced people must anticipate months in advance what equipment and materials will be required for both expansion and repairs.

It is another way the folks at General Telephone work hard at the job of providing you with the good telephone service you want, when you want it.

A WORD TO THE TEXANS WHO ARE WISE: USE YOUR HEAD AS WELL AS YOUR EYES

IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

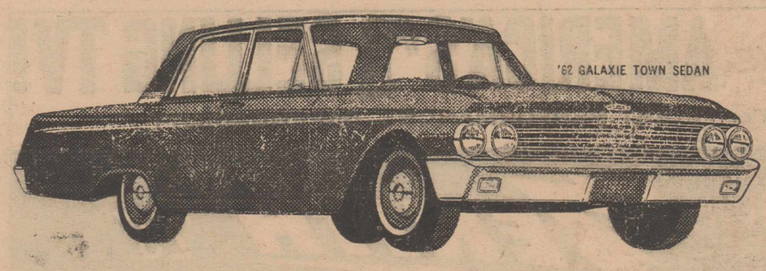

WE FORD DEALERS HAVE A FEELING WE'RE BEING FOLLOWED, THE WAY SOME OF OUR COMPETITORS' CARS ARE STYLED. BUT IT TAKES MORE THAN STYLING TO MATCH GALAXIE'S VALUE! FOR INSTANCE, JUST LOOK AT THE 15 WAYS EVEN THE LOWEST-PRICED FORD GALAXIE SURPASSES THE MOST EXPENSIVE CHEVROLET.

THE CAR IS RIGHT!!! THE PRICE IS RIGHT! AND SO IS THE DEALER

GET THE FACTS AND THE BEST BUYS AT YOUR

TEXAS FORD DEALER'S NOW!

'62 GALAXIE TOWN SEDAN

HERE ARE 15 WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA*

1. WORLD'S MOST THRILLING V-8 ENGINE—Choice of 5 Thunderbird V-8's up to 405 horsepower (or the thrifty Mileage Maker Six).
2. MORE SOLIDITY—Almost 100 pounds greater curbweight.
3. GREATER SAFETY—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
4. MORE ROOM—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
5. WIDER DOORS—Up to 5 inches wider front doors for easier entrance and exit.
6. EASIER LOADING TRUNK—6½ inches wider . . . and trunk light comes at no extra cost.
7. 30,000-MILE CHASSIS LUBRICATION—Compared to every 1,000 miles for Chevy—a big saving in time and money.
8. 6,000-MILE OIL CHANGE—After first 1,000-mile change—a one-third saving over Chevy!
9. SELF-ADJUSTING BRAKES—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
10. WIDER TREAD—Both front and rear, for a more stable ride!
11. BIGGER BRAKES—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 199.5.
12. GREATER PROTECTION—Full-depth one-piece bumper—instead of Chevy's three-piece bumper.
13. 2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE—Factory-installed in every Galaxie!
14. WIDER TRANSMISSION CHOICE—5 to choose from—including an optional new 4-speed manual transmission!
15. YOU SAVE $104 WITH FORD'S TWICE-A-YEAR MAINTENANCE in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)

...AND YOU SAVE 155 BIG TEXAS DOLLARS* TO BOOT!

*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest-priced V-8 engine, radio, heater, automatic transmission
