City Drops Dignity To Revert To Styles And Ways Of Pioneer Days

Wild yippees which greeted impromptu appearances of ox and mule wagon parades in the business district of Wichita Falls Friday afternoon gave a listening city an all expressive exhibition of a West Texas metropolis gone western overnight.

Intense interest of citizens and growing excitement among the honored pioneers on Wichita Falls' 50th anniversary celebration was in evidence at every turn on the streets of the city, with street corners offering a background for gala attired cowboys, cowgirls, sweethearts in calico mounted on horseback, riding in old fashioned surreys or walking gaily decorated streets.

Three-Mile Stage Set

The rebel-like yells of business men losing their dignity in a spirit of cooperation in the fun of recalling the adventures of their fathers for three days, expressed the same enthusiasm of a range hand of 50 years ago as he stepped from the "White Elephant" for a breath of fresh air and to let go a few shots at the nearest street lights.

The stage for the huge golden jubilee party to open next Monday was set on a three-mile front in the business area Friday with U. S. flags, "Welcome Pioneer" signs and tricolors forming an arch of color. Holiday lights of myriad colors added to the effect, while flood lights on office buildings of the city presented downtown Wichita Falls in a gala background comparable to a mardi gras or similar fiesta.

The Sweetwater Chuck Wagon association's 54-year-old feed box arrived by truck early in the afternoon and was parked on Scott avenue for the night. The wagon will be set up Saturday on Ninth between Scott and Lamar, and will be joined Sunday by a similar chuck wagon from Stamford.

Indians Camp Near City

Shortly after the arrival of the range "cafeteria on wheels" came Chief Baldwin Parker, son of Quanah, and a band of 50 Comanche Indians, who set up their modern teepees in a mesquite-covered patch of prairie east of Athletic park. Their blazing camp fires Friday night recalled many memories to the hundreds of local pioneers and the first arrival of visitors from throughout the Wichita area of North Texas and Southern Oklahoma. John Turbeville and Jack Parkey sent beeves to the camp which were promptly slaughtered "Indian style."

The jubilee will get off to an unofficial opening Saturday morning when T. J. Waggoner Jr., and Joe Ward open the pioneers' hospitality house at 916-18 Scott for first registrations of the honored guests of the 50th anniversary association. The house will be open from 9 a. m. to 11 p. m. throughout the jubilee.

Saturday morning also will mark the arrival of nearly 300 officers and men from the U. S. army post at Fort Sill, comprising two batteries of artillery and a radio patrol. The army camp—part of a regulation U. S. war department movement—will be set up in Scotland park and will welcome inspection.

Exhibits Open Sunday

Additional unofficial opening events will be offered Wichitans and visitors Sunday with the arrival of an ancient Denver engine of the type used to pull the first excursion train into the city Sept. 27, 1882. The old engine and a modern locomotive will be on exhibition at the union depot between Eighth and Ninth.

The Fort Sill military band, recognized as one of the best U. S. army units of its kind in the nation, will arrive Sunday and will offer a concert at 5 o'clock in the afternoon at the jubilee reviewing stand, 813-19 Scott.

President Walter D. Cline of the jubilee association will officially open the doors of Lester Jones' historical exhibits display at 915 Eighth at 2 o'clock Sunday afternoon. The doors will remain open until 6 p. m. Sunday and will be open from 9 a. m. to 9 p. m. during the three-day party. The displays of southwestern and Wichita area lore and historical objects rival

'Baering' Down On The News

BY ARTHUR (BUGS) BAER

EVERY BALLOT IS NOT A VOTE

The political campaign has now reached that stage where nobody is sure of anything.

That's because the insurgents are out to feather their nests by the old concession detour and roundabout agreements.

The midget politician who can swing 20 votes either way like monkeys on a grapevine is in his glory. He will trade them to either candidate for a harbor.

In 1928 he got his town a postoffice. Now he wants to trade for a harbor. The town doesn't need either one. But a harbor looks the prettiest.

That's what happens to many votes. You think you are dropping your guess into a ballot box. But it's only a chute. The ballots are packed in bales and distributed where they will do the most good.

We gathered our voting experience in Philadelphia in 1907 while trying to vote Democratic. The Republicans didn't count it. But they were honest about it. They returned it the next day with regrets.

HAMILTON TO GREET DISTINGUISHED GUESTS

Appointment of W. B. Hamilton as chairman of a committee to welcome distinguished guests to the Wichita Falls jubilee celebration was announced Friday by Walter D. Cline, president of the anniversary association. Other members of Mr. Hamilton's committee will be named later.

THREADGILL GIVEN 6 YEARS

Clay County Man Appeals Murder Conviction

Special to The Record News.

HENRIETTA, Texas, Sept. 23.—A jury this afternoon found N. W. Threadgill, Clay county farmer, guilty of the murder of Ray Wood, 20, last Jan. 26, and fixed his penalty at six years in the penitentiary. The jury returned its verdict at 2:45 p. m., more than 26 hours after it had been given the case.

Defense attorneys immediately served notice of appeal and Judge Vincent Stine set bond at $3,000.

Threadgill's wife and five of his nine children were with him in court when the verdict was read.

Wood, son of a tenant on Threadgill's farm, was shot three times with a pistol, one bullet taking effect in the chin, two in the back. The slaying took place on a highway five miles south of Henrietta, 50 yards from the Wood home.

In the trial, which opened Monday, Threadgill pleaded self-defense. He testified that he fired from his wagon when Wood, standing on the ground, reached into the bosom of his shirt as if to draw a weapon. Joe Glass, negro companion of Threadgill at the scene of the slaying, gave testimony corroborating Threadgill's story. The farmer said a $4.50 debt claimed by Wood precipitated the trouble.

Threadgill's attorneys are Ruben Loftin, W. E. Fitzgerald and Clyde Suddath.

Missing Banker Believed Victim of Memory Lapse

OKLAHOMA CITY, Sept. 23 (AP)—The theory that Henry C. Doherty, Burlington, Okla., banker missing since last Sunday, had suffered a mental lapse was favored by county authorities tonight.

Deputy sheriffs said they were working on a clue which they expected to prove he was suffering from amnesia.

While the search continued, Deputy Sheriff W. E. Eads took a picture of Doherty to be viewed by Mrs. Sawyer, farm wife, who said a man answering Doherty's description had talked to her Tuesday and had called her attention to Doherty's abandoned car 100 yards away.

FORT WORTH MAN KILLED IN GUN BATTLE

Woman's Escort Slays Her Ex-Husband in Lobby Of Showhouse

WOUNDS ATTENDANT

Cashier and Assistant Manager Narrowly Escape Injury

FORT WORTH, Sept. 23. (AP)—In a pistol duel fought in the outer lobby of the R. K. O. Hollywood theater tonight, Floyd L. Kelly was shot to death by Alvin A. Heflin, 40.

Harry Fuller, 20, negro porter, was wounded and Harry W. Schlinker, theater manager narrowly missed being struck by a bullet as he stood half way between the box office and the inner lobby. The bullet buried itself in the wall nearby.

Audience Quieted

The theater audience, hearing the six shots became almost panic stricken before it could be quieted by ushers. Cries that the theater was being robbed were heard before attendants stopped a rush for the exits.

Kelly died ten minutes after he reached a hospital. The negro suffered only a flesh wound.

In a statement at police station Heflin said he was going out of the theater when he met Kelly and a woman whom he described as "having formerly been my wife," coming out of the show house.

Kelly Had Gun

He said Kelly had a gun in his hand when he first saw him about ten feet away.

He said he started shooting immediately.

Kelly's gun showed one shot had been fired.

Mrs. Edith Williams, theater cashier and Leon Smith, assistant manager, were in the box office at the time checking over early receipts.

At the sound of the first shot Mrs. Williams and Smith dropped to the floor of the box office and were shielded by its marble walls. They did not see Fuller shot but heard him scream and saw him run into the theater.

Records Introduced In Lottery Trial

NEW YORK, Sept. 23. (AP)—On court order overruling a witness' refusal, a contract and eight cardboard crates of records and canceled checks were produced as evidence today in the federal court room where Senator James J. Davis is on trial for violating lottery laws.

Then, as court attaches were piling the bulky boxes on court room tables, the prosecution rapidly elicited testimony from a United States department of justice agent, Jacob Heffler, that $100,000 profits from the Moose 1930 charity ball and alleged lottery went to the Moose organization department.

It is the government's contention that the Pennsylvania senator is himself the organization department of the fraternal order. His official title is director general.

Husband Dies on Wagon With Wife by His Side

AUSTIN, Sept. 23. (UP)—A ride in a wagon drawn by two mules from Chickasha, Okla., ended in death for W. J. Parsons, 83, of San Antonio, and his wife was left stranded here with only $4 in her purse.

The aged couple had driven from the Oklahoma town where they had gone to visit Mrs. Parsons sister, Mrs. E. E. Bone.

Late yesterday Mrs. Parsons walked into a filling station on the outskirts of Austin to summon aid for her husband whom she said was ill. Investigators found him in the wagon—dead. Evidently she had driven for several hours not knowing he was dead.

Wentz Restored To Highway Commission By Order Of Court

OKLAHOMA CITY, Sept. 23. (UP)—The Oklahoma supreme court tonight restored to Lew Haines Wentz, wealthy Ponca City oil man, full title to his position on the state highway commission.

In perhaps the most far-reaching opinion given in years, the court stood out in defiance to Gov. W. H. (Alfalfa Bill) Murray who ousted the commission by executive order last April 1.

Back In Power

The Oklahoma supreme court Friday issued an opinion restoring Lew H. Wentz, bitter foe of Gov. W. H. (Alfalfa Bill) Murray as commissioner of highways. The court's order restrains Maude O. Thomas, Murray appointee, from interfering with Wentz's possession of the office. The court's action is in open defiance of Murray, whose ironhanded rule in his state has seldom been defeated.

Blow to Murray

The opinion was the most severe blow the militant governor's asserted policy of "government by executive order" has received.

The opinion was written by Justice Robert A. Hefner. It directed the clerk of the supreme court to issue a special mandate whereby Miss Maude O. Thomas, named by Murray as Wentz's successor, be restrained from interfering with the oil man's possession of the office.

"Judgment is hereby rendered upon the pleadings and agreed statement of facts, vesting title to the office and right to possess thereto in Lew H. Wentz; and Maude O. Thomas is restrained from interfering with the defendant's possession of the office," the opinion stated.

"The clerk of this court is directed to issue a special mandate to the court below to award the necessary writs whereby the judgment here rendered may be enforced."

Governor Contradicted

A death blow was struck at Governor Murray's contention that the power to appoint carried with the power to dismiss, and the governor's oft-repeated statement that the supreme executive power is vested in the chief executive, without reservation.

"The power of the governor to remove a statutory executive officer, who is not under the direct control and responsible for his acts to the governor, where the legislature provided the causes for which the officer may be removed ... is not necessarily implied from the provisions of the constitution which define the powers of government and divide it into the legislative, executive and judicial departments," the opinion stated.

Justice Hefner said the power of

CONTEST TRIAL SET OCTOBER 3

Ferguson Counsel Plans To File Answer

AUSTIN, Sept. 27. (AP)—Trial of a court suit in which Gov. R. S. Sterling will attempt to prove an allegation that Mrs. Miriam A. Ferguson received thousands of illegal votes in the Aug. 27 Democratic gubernatorial primary election and was not entitled to the nomination, today was set for Oct. 3 in Travis county district court.

Mrs. Ferguson led Governor Sterling by approximately 4,000 votes out of nearly 1,000,000 votes tabulated. Governor Sterling filed suit to have Mrs. Ferguson ousted as the nominee and himself declared the candidate in her stead on the ground she was not legally nominated because of alleged irregularities in the election.

The case has been set for trial in the court of District Judge W. F. Robertson.

Ocie Speer of Austin and Luther Nickels of Dallas, of counsel for Mrs. Ferguson, said they intended to file an answer to the suit on or before Oct. 3. They conferred here today. Speer said the plans of the defense so far were indefinite and would not be shaped until the bulky petition and exhibits filed by Governor Sterling had been examined.

Speer said there was no desire on the part of Mrs. Ferguson, or her husband, ex-Governor James E. Ferguson, her chief political adviser, to delay the suit in any manner. Ferguson was named a party to the suit.

Citations in the suit were served today, District Clerk George H. Templin reported.

Negro Held After Body Of Girl Found in Ditch

MERIDIAN, Miss., Sept. 23. (AP)—The nude body of Miss Jerline McNeil, 40, was found hidden under brush in a ditch near here today with knife wounds in her breast. Bloodhounds led officers to the home of a negro known as Dudley Roberts.

They hurried him away to a secret jail after searching the house and finding bloody clothing and a sawed off shotgun.

Miss McNeil left home late yesterday to search for lost cows. Her failure to return aroused neighbors and they searched for her all night.

Lubbock Jury Gets Case of Jess Covington

LUBBOCK, Texas, Sept. 23. (AP)—A 99th district court jury received the case of Jess Covington, charged with murder of Frank V. "Leatherhat" Brown, at 6 o'clock tonight after hearing District Attorney Durwood H. Bradley's plea for riddance in Lubbock county of "outrageous gangsters." The state asked the death penalty.

Husband Kills Wife And Attempts Suicide

ALBUQUERQUE, N. M., Sept. 23. (AP)—Maria Perez Sandoval, 36, was shot to death in her sleep at her home near here today and her husband, who police said, was responsible for the slaying, shot and critically wounded himself.

The woman claimed to be a direct descendant of Gov. Albino Perez who ruled New Mexico 100 years ago.

Physicians said the husband, Frank Sandoval, 48, probably would die. Police said they had been informed that Mrs. Sandoval had been taking treatments from a "witch" doctor and that her husband thought his wife's illness had been transferred to him in some manner.

The couple had 14 children, eight of whom are still living.

Relatives said Sandoval had been complaining of ill health for three years. He was said to have objected to treatments of his wife by the "witch doctor."

Japanese Fliers Launch Transpacific Attempt

SABSHIRO BEACH, Sept. 24. (Saturday) (UP)—The giant Junkers monoplane Hochi Nichibei hopped off at 5:37 a. m. today for its contemplated flight to Nome, Alaska, en route to Oakland, Calif.

The sky was cloudless and a light southeast breeze swept over the field as the monoplane rose and headed out toward the Kurile islands for the hazardous hop across the North Pacific and Bering sea.

Aboard the plane in addition to the pilot, Eichiro Baba, were the navigator, Kiyoshi Honma, and the radio operator, Tomayoshi Ishita.

After stopping at Nome for refueling, Baba planned to continue to Fairbanks, then attempt a nonstop flight from there to Oakland.

Senator Hiram Johnson of California, veteran progressive Republican and one of President Hoover's most relentless critics, gave his endorsement to Franklin D. Roosevelt's ideals in a statement yesterday.

SENATOR GIVES APPROVAL FOR DEMO'S IDEALS

Man Who Beat Hughes In 1916 Draws Contrast Of Candidates

ROOSEVELT SPEAKS

Nominee Addresses Two San Francisco Crowds During Day

SAN FRANCISCO, Sept. 23. (UP)—Senator Hiram Johnson, progressive California Republican, indicated today that his tremendous influence, credited with electing a Democratic president in 1916, may operate to the benefit of Gov. Franklin D. Roosevelt this year.

While the smiling Democratic nominee enunciated his theory of economic independence before conservative San Francisco business men today, Johnson placed his stamp of approval on Roosevelt's ideals.

Contrasts Candidates

"The attitude of Mr. Roosevelt is in sharp contrast to that Mr. Hoover has maintained toward progressivism," Johnson said in a statement.

He avoided direct endorsement of the nominee. He would not discuss the possibility that he would actively campaign against President Hoover or for Governor Roosevelt.

"I personally immensely appreciate what he said," Johnson declared, "and I'm sure it is equally appreciated by other progressive Republicans in this state. Governor Roosevelt was very gracious and generous."

Roosevelt had warmly praised Senator Johnson as a progressive.

Progressive Warrior

"I am a progressive," Johnson said. "For 22 years I've been making a progressive fight here. For the remainder of my years I'll continue to make that fight."

In 1912 Johnson was a leader in Theodore Roosevelt's "Bull Moose" fight. In 1916, because Charles Evans Hughes, Republican presidential nominee, assertedly "snubbed" him, the senator withdrew his support. Woodrow Wilson as a result captured sufficient California votes to win.

A Johnson-Roosevelt alliance, it was believed, would put the Democratic nominee in a highly strategic position in California.

Roosevelt Speaks

A government functioning under an economic declaration of rights to assure independence to its citizenry was sketched as his ideal when Governor Roosevelt addressed 1,500 San Francisco business leaders today.

"Every man has a right to life; and this means he has also a right to make a comfortable living," the Democratic nominee to the presidency declared. "Our government, formal and informal, political and economic, owes to every one an avenue to possess himself of a portion of that plenty sufficient for his needs, through his own work."

The broad policy of a government acting as an umpire in the economic field, to assume employment and adequate distribution of wealth, was enunciated before the business men of all political faiths. Roosevelt suggested no panaceas—warned, in fact, against "patent schemes guaranteed to produce a result."

His talk was similar in its philosophy to one made before the state federation of labor by Senator Johnson this week.

GOTHAM DEMOS PLAN CAMPAIGN

Tammany and McCooey To Work for Roosevelt

NEW YORK, Sept. 23. (AP)—The largest majority New York City ever gave a political candidate was predicted today for Governor Roosevelt by chiefs of the Democratic city organizations, after they had held a campaign strategy meeting at national headquarters.

McCooey Optimistic

John H. McCooey, Brooklyn leader, national committeeman and spokesman for the group, was asked about reports the organizations would "knife" Roosevelt because of the James J. Walker ouster case.

"That's ridiculous," he replied, slowly and deliberately.

"We're going to roll up the biggest majority New York ever saw for Roosevelt."

"Do you agree?" John F. Curry, Tammany chief, was asked.

"Well," the gray-haired leader replied, with a smile, "Mr. McCooey's usually right."

Precedent Broken

It was Curry's first visit to national headquarters, and those with whom he conferred said it was the first time within their memory that any Tammany chief had gone to the center of campaign activities to hold a conference.

Usually, such meetings are held at Tammany hall, and those seeking Tammany support call on Curry.

Arthur Mullen, national committeeman from Nebraska, who had just returned from the West, said he had never seen such enthusiasm as that accorded Roosevelt on his swing across the country.

"There is a deep-seated, sullen opposition among the farmers in the West toward the present administration," he said.

Mexico-U. S. Bridge Opened At Laredo After Floods

LAREDO, Texas, Sept. 23. (AP)—The international railroad bridge here, two spans of which were washed out in a recent flood, was reopened to train traffic this afternoon when repair crews finished their work. A dozen or more men lost their lives when the spans went out, plunging them into the flooded river.

U. S. Judge Upholds Validity of Dry Law

BALTIMORE, Sept. 23. (INS)—The validity of the 18th amendment was upheld by Judge William C. Coleman in U. S. district court today, when he dismissed arguments of counsel for an alleged dry law violator who held the 18th amendment had not been properly ratified. He sentenced the man to serve three months in jail.

Troops Clear Way for Miners With Gas Bombs

LANGLEYVILLE, Ill., Sept. 23. (US)—Two hundred miners in the Peabody Coal company mine No. 9 worked today under the protection of national guardsmen who had cleared the way through cordons of pickets with tear gas and smoke bombs.

Marching with fixed bayonets and wartime panoply, 180 of the state troops under Capt. Carl Meacham appeared at the edge of town this morning and swept through to the mine property.

All pickets and loiterers had been ordered to leave town. When any groups were slow in obeying the command, the troops hurled gas bombs ahead and the way quickly was cleared for the workers to go to the mine.

Parcel Post Rates To Increase Oct. 1

WASHINGTON, Sept. 23. (INS)—New parcel post rates designed to equalize the cost of the service to different parcel post zones will become effective Oct. 1.

The new rates, on the whole, will be higher than existing rates.

"There is no change in the rates on parcels for local delivery," the postoffice department announced. "The increase per parcel on those weighing from one to 10 pounds mailed to the first three zones will not exceed two cents for the first and second zone and one cent for the third zone.

"On parcels weighing from 11 to 20 pounds, the increase for zones one and two will not exceed three cents and for zone three it will be only one cent.

"On parcels going beyond the third zone, the increases will not exceed two cents and will apply only to parcels weighing less than five pounds. On parcels weighing more than five pounds, the rates in most instances will be reduced."

Texas A. & M. Official Indicted for Forgery

BRYAN, Texas, Sept. 23. (AP)—Two forgery indictments were returned today by the Brazos county grand jury charging H. E. Randolph, who was relieved Saturday as bookkeeper for the extension service of Texas A. & M. college, with improper check transactions. He was granted $2,400 bond.

Mexico May Return To Gold Standard

MEXICO CITY, Sept. 23. (AP)—An indication that Mexico will return to the gold standard, abandoned in July of last year, was given today by a treasury department statement saying the president had ordered the purchase of national gold to be stored in the Bank of Mexico.

In government circles it was said means of returning to a gold or partial gold standard were being studied, and that meanwhile the government would purchase and store the gold to be used as a reserve when the matter was finally

Manchurian Problem Overshadows Other Issues As League Assembles

GENEVA, Switzerland, Sept. 23. (AP)—The League of Nations council, preparing for a meeting of the league assembly on Monday, gave its attention to matters of relatively minor importance, but behind the official proceedings the Manchurian issue overshadowed everything else.

President Eamon de Valera of the Irish Free State presided and will preside as acting president when the assembly convenes. He disappointed spectators who had come expecting him to inject the Anglo-Irish dispute into these discussions.

At the request of Japan formal discussion of the Manchurian issue has been deferred. The Lytton report on the Far East probably will not be presented to the assembly perhaps until December.

Its contents have been guarded.

From time to time while the Lytton commission was in the Orient there were indications that Japan might consider resignation from the league if the assembly should take a firm position against the Japanese military policy in Manchuria.

Some authorities here say this would be impossible, for a league member cannot legally withdraw while it is in default of its engagements, and a member in good stand-

Failure Of India Leaders To Agree Denies Gandhi Of Much Needed Food

POONA, Sept. 23. (US)—Failure to agree with Hindu cast and "untouchable" leaders on only one point of a compromise electorate plan for India kept sunken-eyed, slight and weakening Mahatma Gandhi from ending his death fast at 10 o'clock tonight.

After leaving Gandhi in his jail cell, suffering from nausea and difficulty in keeping his eyes open because of his fast of almost four days, the factional leaders discussed the cause of failure outside Yeravda prison.

The compromise plan is believed to provide a joint electorate for caste Hindus and untouchables, with specified numbers of seats in the Indian legislature, and certain safeguards for untouchables regarding right to public worship and education. Agreement may be reached tonight or tomorrow, resulting in the end of Gandhi's fast.

There was a dramatic scene in front of the jail when the conference party arrived in big automobiles. The jail superintendent declared Gandhi's vitality was low, and appealed to the party not to tire the mahatma with argument. The warden also reduced the number of Gandhi's visitors.

Should Gandhi agree to the new proposals, he will be able to end his fast before the fifth day, which begins at noon tomorrow. He is noticeably weak now, but strictly maintains his sole diet of water and sal

nomic equality of opportunity, the candidate said, "is the minimum requirement of a more permanently safe order of things. Happily, the times indicate that to create such an order not only is the proper policy of government but it is the only line to safety for our economic structure as well."

Huge economic units—gigantic corporations—cannot exist unless prosperity is uniform, he said. "Purchasing power must be well distributed throughout every group in the nation," Roosevelt declared.

Natural safety valves, such as the once-open western plains, beckoning agriculturists, are gone, he pointed out.

"Equality of opportunity as we know it no longer exists. Our industrial plant is built; the problem just now is whether, under existing conditions, it is not overbuilt.

Assails Tariff

"Our system of constantly rising tariffs has at last reacted against us to the point of closing our Canadian frontier on the north, our European markets on the east many of our Latin-American markets to the south, and a goodly proportion of our Pacific markets on the west, through retaliatory tariffs of those countries."

The result, he said, has been establishment of American plants within the foreign tariff walls, with resultant reduction in the operation of American plants and lessened opportunity for employment.

"Just as freedom to the farm has ceased, so also the opportunity in business has narrowed. It still is true that men can start small enterprises, trusting to native shrewdness and ability to keep abreast of competitors; but area after area has been pre-empted altogether by the great corporations, and even in the fields which still have no great concerns, the small man starts under a handicap."

Roosevelt had no arbitrary reforms to cure the condition.

Instead, he urged a steady progress toward regulation of the economic oligarchy toward which he said the nation seemed pointed.

Re-Appraisal Needed

"Clearly, all this calls for a re-appraisal of values," he said. "A mere builder of more industrial plants, a creator of more railroad systems, an organizer of more corporations, is as likely to be a danger as a help. The day of the great promoter or financial Titan, to whom we granted anything if only he would build, or develop, is over."

He added he would not abandon the principle of strong economic units — coroporations — "merely because their power is susceptible of easy abuse."

"The task of government in its relation to business is to assist the development of an economic constitutional order," he said.

"Government includes the art of formulating a policy, and using the political technique to attain so much of that policy as will receive general support; persuading, leading, teaching always, because the greatest duty of a statesman is to educate.

"In the matters of which I have spoken, we are learning rapidly, in a severe school," he concluded. "The lesson so learned must not be forgotten, even in the mental lethargy of a speculative upturn.

Sacrifice Needed

"We must build toward the time when a major depression cannot occur again; and if this means sacrificing the easy profits of inflationist booms, let them go; and good riddance."

"Faith in America, faith in our tradition of personal responsibility, faith in our instructions and faith in ourselves," he said, "demand that we recognize the new terms of the old social contact. We shall fulfill them, as we fulfilled the obligation of the apparent utopia which Jefferson imagined for us in 1776, and which Jefferson, Roosevelt and Wilson sought to bring to realization.

"We must do so, lest a rising tide of misery engendered by our common failure engulf us all. But failure is not an American habit, and in the strength of great hope we must all shoulder our common load."

Last Rites Today For Brother of Mrs. Peery

DALLAS, Sept. 23. (AP)—Dr. Henry Moughon Kearby, 38, of Fort Worth, graduate of the Baylor university college of dentistry here, died in a Dallas hospital today. He had been in ill health several months.

Dr. Kearby is survived by his widow; a son, Moughon Kearby Jr.; three brothers, Dr. J. G. Kearby of Dallas, Dr. Allen Kearby of McAllen, and J. P. Kearby of Tyler; and two sisters Mrs. T. H. Peery of Wichita Falls and Mrs. F. E. Guthrie of Tyler. Funeral services will be held at Wills Point tomorrow.

Mrs. T. H. Peery, 3208 Seymour road, was at the bedside of Dr. H. M. Kearby, her brother, when he died at 10 o'clock Friday morning. Mr. and Mrs. Peery returned to Wichita Falls Thursday after a week in Dallas but she received a message to return on her arrival here. Burial will be at 3 o'clock Saturday afternoon at Wills Point.

Coroner's Jury Returns Verdict for Second Time

HONOLULU, Sept. 23. (US)—For the second time, a coroner's jury returned a verdict today that Mrs. Marion Sevier, New York heiress and wife of Col. Granville Sevier, had died here in 1924 of natural causes.

Although the same verdict was returned after Mrs. Sevier's death, the second inquest was ordered when her brother, Ralph Shainwald, recently renewed his charges that she might have been killed by poison.

FIRE DAMAGES AUTO

A light coupe owned by W. R. South, 1406 Austin, was damaged slightly by fire resulting from an electrical short at 10:15 o'clock Friday night when the machine was parked at 719 Indiana. Units of the fire department answered false alarms at Kemp boulevard and Avenue E at 9:50 o'clock and at Collins and Bridwell at 10:15 o'clock Friday night.

UNDERGOES OPERATION

AUSTIN, Sept. 23. (INS)—Leslie McKay, chief deputy in the oil and gas division of the railroad commission, underwent an emergency appendectomy this afternoon. His condition was reported satisfactory. McKay is widely known among oil men.

Freak Lightning Bolt Kills One Of Football Team And Severly Burns 16

WOODMERE, N. Y., Sept. 23. (US)—One youth was killed and 16 members of the Woodmere academy football team were injured today when a freak bolt of lighting struck a screen blackboard on the academy's athletic field.

Edward Fox, 18-year-old senior, who was watching the school team as it was being coached by Headmaster Thomas N. Barrows, 33, was killed outright by the bolt.

Barrows, the coach, John Jacobs, 17, and the latter's brother, Samuel, 16, both members of the gridiron squad, were seriously burned when the bolt struck.

Thirteen other members of the team who had grouped themselves around the coach in front of the screen blackboard and were receiving some football instructions received lesser injuries.

Rain had just begun to fall when the bolt struck the screen blackboard. Fox, the youth who was killed, was standing directly behind the screen when the lightning felled him. Police and fire squads tried in vain for two hours to revive him.

Twenty-five other students who had been standing some distance from the team escaped without injury.

GARNER TO LAY CAMPAIGN PLAN

Texan in Washington For Conference With Leaders

WASHINGTON, Sept. 23. (US)—Speaker John N. Garner, Democratic vice presidential nominee, arrived here today en route to New York where he will confer Monday with party leaders on details of a transcontinental campaign tour.

He will go to New York Sunday evening, return to Washington the middle of the week and then go to Hyde Park or Albany for another conference with Gov. Franklin D. Roosevelt, who completes his western tour Oct. 3.

Open in New England

A tentative speaking itinerary calls for Speaker Garner to deliver his opening speech in New England, probably in Boston, then go to Pittsburgh, St. Louis, Omaha, and thence to California for appearances in San Francisco and Los Angeles.

As Speaker Garner was compelled to drop the political campaign temporary because of the illness and death of his mother at Detroit, Texas, Thursday, the exact date for his departure on the speaking tour was not fixed.

That the Democratic vice presidential nominee will not make more than three major addresses in the campaign was considered likely. In these he will outline the basic principles upon which he stands, while in the numerous talks from the rear platform of his train he will elaborate on details of his major speeches.

Cheered by Report

Speaker Garner was encouraged today by reports from New York leaders that the Empire state was safely in the Garner-Roosevelt column.

From Representative Joseph W. Byrns of Tennessee, chairman of the Democratic congressional campaign committee, Garner also received glowing reports on the outlook for continued Democratic control of the next house. Garner said:

"Representative Byrns assured me his report indicates that we will have a comfortable majority in the next house. Reports received by Mr. Byrns agree with those that have come to me from all sections of the country indicating a tremendous Democratic sweep."

U. S. C-C Favors 40-Hour Week

Movement Inaugurated At Directors' Meeting

WASHINGTON, Sept. 23. (UP)—The United States Chamber of Commerce, representing the conservative business interests in the country, inaugurated today a movement for general application of the 40 hour week as a means of spreading work and relieving unemployment.

This emergency program, to be carried out through chambers of commerce all over the country, was approved by the board of directors, meeting here. This action coincided with the visit of Henry I. Harriman, president of the U. S. chamber, to the White House. Harriman said he pledged the organization's support to President Hoover in spreading work and reported "a much better psychology" in business.

The report adopted today by the board did not mention wages, leaving this to the individual employer. The report was submitted by a special committee headed by P. W. Litchfield, president, Goodyear Tire and Rubber company. The program would apply to stores, banks, and offices as well as industry.

The board of directors also received a report today from its committee on federal expenditures opposing payment of the soldiers bonus before maturity and demanding a reduction of veterans benefits of all sorts, which it specified, to the amount of over $400,000,000 annually. This committee is headed by Matthew S. Sloan, New York.

A CHEERFUL SOUL

WASHINGTON, Sept. 23. (US)—Franklin D. Roosevelt will carry Illinois in November by 1,000,000 votes, Hhomas J. Courtney, Illinois state representative, declared here today.

ERROR

Chain Snake Must Die As Result of Swallowing Porcelain Egg

WASHINGTON, Sept. 23. (US)—Keepers at the national zoo here abandoned hope today of saving the life of "Bozo," a two-foot chain snake.

"Bozo" recently arrived at the zoo from Bixoli, Miss., where his greediness led him into a hen house in search of eggs. He swallowed a porcelain china nest egg by mistake. "Bozo" can't digest the china egg and veterinarians can't retrieve it.

The egg is three times the size of "Bozo's" body.

FOUR DROWN IN TEXAS STREAM

Body of School Teacher Sought in Guadalupe

KERRVILLE, Texas, Sept. 23. (AP)—The bodies of three persons drowned in flooded streams of South Central Texas were recovered today and searchers were hunting for that of a woman who apparently perished in the same manner.

High water swept an automobile off a bridge crossing Johnson fork of the Guadalupe river seven miles from Kerrville, plunged Fred Tullos, 36, and his companion, Miss Cleo McCallum, 33, into the raging torrent.

Tullos Body Found

Tullos' body was found about two miles downstream from the low bridge, but Miss McCallum's had not been located. It was regarded as almost certain that she had lost her life, as she could not swim.

The couple had driven across the bridge early last night on their way to a hotel to dine. In the several hours before their return, the stream rose 12 feet under the impetus of torrential rains on its watershed.

A man who witnessed the accident expressed the belief they did not realize the stream had suddenly reached flood stage. He saw the car run into the swift current rushing across the bridge, then plunge off. The car was found about half a mile downstream, a battered wreck.

Second Woman Found

Tullos was a former patient at Legion hospital. He lived formerly at Nashville, Tenn. Miss McCallum was a nurse at Legion.

The body of Miss Ethel New was recovered today from the Guadalupe river near the town of Hunt, where she had been living with her sister. She had been missing since 3 a. m. Her bathrobe was found on the river bank. An inquest was ordered to determine just how she came to drown. She was about 40 years old.

A report from Taylor told of the body of Steve Merka being found in a submerged automobile in Turkey creek, near there. He had been missing since last Saturday. The car had plunged through a bridge rail into the rain-swollen stream.

Rain Damages Crops In South Plains Area

LUBBOCK, Texas, Sept. 23. (AP)—Kicked along by an eight-mile-an-hour wind from the northeast, rain fell throughout the South Plains section today, damaging open cotton and mature feed and making dirt roads virtually impassable.

Temperatures remained below 60 degrees much of the day, and at 8 p. m. the mercury stood at 58 at municipal airport.

Precipitation here the past two days totaled 1.1 inch, and in many sections the rainfall was heavier.

WENTZ REGAINS HIGHWAY POST

Court Order Deals Blow To Murray Rule

(Continued From Page One)

the state legislature to enact a law is subject to no restrictions except those imposed by the state and federal constitutions.

Defines Power

Oklahoma's present highway law is a statute enacted in 1929, and the legislature's specific intent was to place the highway commissioners beyond power of the governor and remove the department from politics, framers of the law contended.

Observers saw in the opinion a check to what his political enemies denote as Murray's attempt to control completely all branches of the state government. More than half of the syllabus of the opinion dealt with a definition of the chief executive's powers. And this definition varied widely from "Alfalfa Bill's" own interpretation of his powers under the constitution he helped to write.

The only justice dissenting from Hefner's opinion was Vice Chief Justice J. W. Clark, defeated in the last election. He retires Jan. 1. Clark had Murray's support in his unsuccessful campaign.

Justice Fletcher Riley, who will be chief justice after the first of the year, filed a special concurring opinion. The exhaustive document, 59 pages long and four times the length of Heffner's, was filed "so that this question will never again be brought before Oklahoma courts."

Appeal Improbable

The clause of the opinion stating "in the absence of an express provision in our constitution to the contrary, legislative restrictions upon the power of the governor to remove his appointees, who are not made directly responsible to him for their acts, are valid when applied to one who holds a statutory office," may cause the governor trouble in some of his changes of board members, observers predicted.

Frank Buttram, millionaire oil man defeated by Murray for governor in 1930, was removed from the University of Oklahoma board of regents by Murray last year. Attorneys said this act might now be successfully contested, as may other of Murray's removals.

An appeal to the U. S. supreme court was considered improbable. Recourse to the legislature which convenes in January, and which Murray claims to control was predicted as the governor's next step in his long battle with the Ponca City Republican. An attempt to remove Wentz by legislation failed in the senate of the last legislative session after passing the house.

Two Men Held Here In Stamford Robberies

Two men arrested Thursday by Police Officer V. V. Musick after a short chase will be returned to Stamford Saturday by Jones county officers to face charges of hijacking in connection with a recent filling station loss in that city. One of the men is wanted at Ada, Okla., on six charges of robbery with firearms, according to information received by Chief Dick Morris. The prisoners were placed in the county jail Friday until Jones county officers arrive.

TROOPS MAKE CAMP AT DEVOL

Special to The Record News.

DEVOL, Okla., Sept. 23.—Vivid recollections of the days of 1917 were brought to minds of Devol, Okla., citizens Friday when more than 250 U. S. army troops from Fort Sill, Okla., arrived at 11:35 o'clock in the morning and pitched camp within a few blocks of the main street of the community.

Rolling army kitchens, huge mounted and horse drawn howitzers of the latest adopted type, large transport trucks and officers and men mounted on carefully groomed army horses were all included in the troop movement, authorized by the U. S. war department as war game training.

The detachment includes the first and 18th field artillery battalions of 116 men each and a radio patrol. The movement to Devol was made from Faxon, Okla., a distance of 25 miles, starting at dawn Friday. Capt. John H. Carricker ordered reveille at dawn Saturday morning for the final movement to Wichita Falls, where they expect to arrive about 3 o'clock Saturday afternoon.

The movement Saturday will cover 30 miles to Wichita Falls.

Sir John Simon, head of the British delegation, called tonight on Foreign Minister von Neurath of Germany, seeking to bring him back into the disarmament conference. Before and after the visit he conferred with Joseph Paul-Boncour, the French representative.

RODEO STARS ARRIVE TODAY

125 to Compete for Big Jubilee Purses

More than 125 range and arena cowboys from 10 states and Canada will arrive in Wichita Falls Saturday from Amarillo and will workout at the Athletic park rodeo grounds to familiarize themselves with the location in view of the hard competition expected for the $3,500 in prize money offered by the jubilee association.

Promoter Leonard Stroud called from Amarillo Friday night to tell 50th anniversary celebration officials that rain Thursday and Friday had postponed the Tri-State fair arena events and the Saturday show had been called off on account of wet grounds.

The arena artists welcomed their release to hurry to Wichita Falls to join the jubilee celebration and to prepare for their opening show Monday afternoon. Promoter Stroud emphasized the importance of attendance at the opening event in view of the possibility of unfavorable weather conditions marring the local show as at Amarillo.

An added attraction of the opening rodeo will offer the veteran Hired Hand of WBAP radio station at Fort Worth at the microphone of the arena loudspeaker units to announce the events. His vivid description of the ferocious Brahma steers and falls of contestants from the wild bronco's backs are recalled as classics by those who have heard him on similar jobs.

Famous Quartet To Sing at Sunday Rites

A feature of the union religious service at the Memorial auditorium Sunday night as a pre-golden jubilee event will be special songs sung by the Bel Canto quartet of Dallas over station WFAA at 9:15 o'clock. A receiving set will be installed in the auditorium for reception of the program, honoring Wichita Falls area pioneers.

Women said:
YOU CAN'T USE ONE HOUSEHOLD SOAP FOR EVERYTHING

BUT they changed their minds when they used the New Oxydol

WHAT a pitiful story kitchen shelves tell of women's efforts to lighten the burden of housework—shelves crowded with soaps and powders supposed to make their work easier.

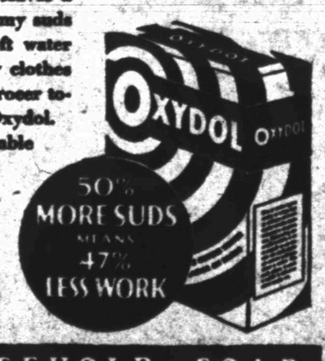

But there *is* one soap to do that now—the amazing New Oxydol does everything for you!

It's easy on hands, easy on clothes and wonderful for dishes. It does more work because it makes 50% *more* suds—richer, quicker, more lasting suds. Clean smelling suds that float dirt out of clothes and *keep* it out so clothes are snowy white—suds that cut grease on dishes so they rinse sparkling clean—suds that lighten *all* your housework.

Try this new soap. Use enough to make rich suds—it never balls up or leaves a scum—just thick foamy suds in hard water or soft water *turned hard* by dirty clothes or dishes. Ask your grocer today for a package of Oxydol.

How to Relieve Headaches In Three Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C." a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold.—Adv.

SPECIAL NOTICE
TO
RODEO PATRONS

The heavy demand for reserved seats for the WORLD'S CHAMPIONSHIP RODEO of the Golden Jubilee is creating a shortage of reserved seat tickets. It is, therefore, necessary for the committee to ask that all local persons who have made reservations call for their tickets by 3:00 p. m. Sunday. Tickets not called for by that time will be sold.

Out-of-town reservations will be held until the morning of the performance for which tickets were requested.

There will be plenty of good grandstand seats and every seat in the park will afford a splendid view of the rodeo.

The ticket office in the Staley building will remain open until 9:00 p. m. Saturday and will be open from 10:00 a. m. to 6:00 p. m. Sunday.

PLANTS STORE MORE GASOLINE

Refinery Operations Decline but Stocks Gain

TULSA, Okla., Sept. 23.—In spite of a decline in refinery operations, mid-continent gasoline stocks increased over six per cent the past week, the weekly survey of the principal operating refineries of the five states by National Petroleum News and Platt's Oilgram discloses.

Refiners charged 217,220 barrels of oil a day, or 15,292 barrels a day less than the previous week. In other oils they also processed less oil, and gasoline, kerosene, stove distillate and fuel oil production increased while that of gas oil fell off.

Here's the statistical data a day in barrels by past and previous weeks:

Crude Oil Runs

Area—	Past Wk.	Prev. Wk.
Kansas	51,654	53,390
Oklahoma	65,696	64,000
N. C. Texas	46,950	50,648
West Texas	16,092	9,653
N. La.-Ark.	36,828	30,234
Totals	217,220	232,512

Other Oil Runs

Area—	Past Wk.	Prev. Wk.
Kansas	7,382	6,781
Oklahoma	3,338	4,715
N. C. Texas	2,068	1,925
West Texas		291
N. La.-Ark.	13,780	15,609
Total Runs	26,588	29,321
Grand Total	243,808	261,833

Gasoline Production

Production of gasoline follows in gallons:

Area—	Past Wk.	Prev. Wk.
Kansas	10,960,000	12,015,000
Oklahoma	12,240,000	13,475,000
N. C. Texas	8,304,000	8,945,000
West Texas	1,565,000	1,193,000
N. La.-Ark.	5,635,000	5,244,000
Totals	39,804,000	40,876,000

Gasoline Shipments

Where 3.1 per cent less gasoline was produced, shipments declined 1.9 per cent as follows:

Area—	Past Wk.	Prev. Wk.
Kansas	12,665,000	11,114,000
Oklahoma	12,759,000	10,796,000
N. C. Texas	5,329,000	9,485,000
West Texas	1,754,000	2,636,000
N. La.-Ark.	6,010,000	5,243,000
Totals	39,279,000	38,517,000

Stocks of Motor Fuel

Area—	Past Wk.	Prev. Wk.
Kansas	18,491,000	20,196,000
Oklahoma	44,049,000	44,568,000
N. C. Texas	23,307,000	20,432,000
West Texas	6,299,000	5,488,000
N. La.-Ark.	3,845,000	4,320,000
Totals	95,901,000	94,404,000

The analysis shows that 55.1 per cent, or 21,823,000 gallons of the 39,604,000 gallons produced, was by straight run operations, and 34.7 per cent, or 13,749,000 gallons by blending and leaving 10.2 per cent, or 4,032,000 gallons by natural gasoline processes at the refinery.

Refiners produced 2,453,000 gallons of kerosene, or 30.2 per cent less than the previous week; 1,618,000 gallons of stove distillate, some 20.7 per cent more than the week before; 3,464,000 gallons of gas oil, a gain of 12.7 per cent and 20,157,000 gallons of fuel oil, a gain of 58.8 per cent.

Negro Aviators, Seeking Prize Of $1,000, Land Here

Often mentioned as the incredulous, but never before seen in Wichita Falls, two negro aviators arrived at the municipal airport here shortly before 7 o'clock Friday night.

And—shades of Octavius Roy Cohen—the two are on a transcontinental flight from Los Angeles to New York City.

They are J. Herman Banning and Thomas C. Allen. They have their hopes set on being the first two members of their race to cross the continent by air. Incidentally, they hope to win a $1,000 prize offered for the feat by the ministerial alliance of Los Angeles negro churches.

They are piloting an OXX-6 open cockpit Eaglerock, and set their ship down at the port here with the touch of veteran airmen. Banning is a flier of eight years' experience, while his companion has been at the game four years.

They took off Tuesday from Los Angeles on the projected transcontinental hop. By way of Lordsburg, N. M., they reached El Paso Friday morning. They encountered rough going, due to weather, near Wink, Texas, and although delayed arrived in good shape at Wichita Falls.

Taking off from the port here at 9 o'clock Saturday morning they expect to arrive in New York City, thus completing their cross country trip, some time Sunday.

The entire student body was entertained by the Girl Reserves Friday. Beverly Calhoun, president of the organization, introduced Mr. Leonard, a former sergeant in the Canadian army. He made a most interesting and impressive appeal to the young men and women of tomorrow for peace. "Any man," Sergeant Leonard said, "who has fought in the front line trenches and wants to go back is not human."

Hiking Club Initiation

Girls, with large hair ribbons, painted faces, and dresses worn backwards, featured the initiation of about 40 girls into the Hiking club. The formal initiation was held Thursday evening at the home of Mildred Johnson, the president of the club. Miss Melat, the sponsor, assisted the girls.

Euclidean Club

The Euclidean club, under the direction of B. T. Adams, professor of mathematics, held its first meeting Thursday evening at the Junior college. The following officers were elected: Leon Deaton, president; Margaret Alice Pease, vice president; Evelyn van Emden, secretary; and Cooper Waters, treasurer.

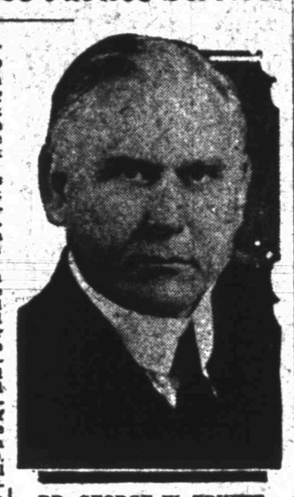

Prisoner Surrendered To Clay Officers

R. L. Reed, arrested here Tuesday as a fugitive from justice wanted at Chickasha, Okla., was turned over by Sheriff Perry Browning Friday evening to Clay county officers, where the defendant allegedly will be charged with passing of a forged cashier's check.

Information given Sheriff Browning Friday indicated that two similar complaints may be lodged against the same defendant in Montague county for alleged activity at Bowie.

Officers at Chickasha agreed to Reed's transfer to the neighboring county for the filing of charges pending there, Sheriff Browning said.

Dr. George W. Truett, Noted Baptist Leader, To Close Jubilee Services

DR. GEORGE W. TRUETT

Speaking as the Protestant representative among the divines who daily will open formally the "golden jubilee," Dr. George W. Truett of Dallas, pastor of the First Baptist church there, will appear on the jubilee religious program at the Memorial auditorium at 8 o'clock Wednesday morning.

Dr. David Lefkowitz of Dallas will speak for the Jewish faith at the initial services Monday morning, and the very Rev. Francis X. McCabe of Chicago will speak in the interests of the Catholic faith Tuesday morning.

Dr. George W. Truett was born in North Carolina in 1867. When he was 18, he established a little school for Georgia mountain whites, and the school later became a junior college, although for three years he was its principal and leading teacher. When the Truett family moved to Texas, the youth again attended school. In 1891, when Baylor university at Waco faced a debt of $92,000, Dr. Truett undertook the problem of erasing the debt and in 23 months had raised the $92,000. When the two-year period of travel was completed, he enrolled at Baylor as a freshman, at the same time preaching in a small church nearby. In the summer of 1897, a few weeks following graduation from the university, he was called to the First Baptist church of Dallas and has remained there since that time, last summer celebrating his 35th anniversary as pastor.

A few years after he began his ministry in Dallas, Dr. Truett was offered the presidency of Baylor university, but did not comply with the invitation.

Dr. Truett is president of the Southern Baptist convention.

Officials of the 50th anniversary association feel highly elated over securing such a noted minister for an appearance here.

FROM PANHANDLE

Earl Clayton, contractor in the Panhandle field, is here to spend the jubilee period with his family.

Alabama Legislature Legalizes 'Near Beer'

MONTGOMERY, Ala., Sept. 23. (INS)—Alabamans today faced the prospect of being able to walk into a soft drink establishment and legally purchase a bottle of near beer, containing not more than one-half of one per cent alcohol.

The house today sent to the senate three measures passed by the lower body yesterday to legalize the manufacture and sale of near beer in Alabama.

One bill would repeal a section of the state prohibition law forbidding the sale of anything that "looks, smells or tastes" like beer. Other measures provide for license fees of $100 for wholesalers and $10 for retailers of near beer, and a sales tax of three cents a bottle, the latter to go to the schools of the state.

GETTING WESTERN

WIDOW WINS $5,000 VERDICT

Woman Awarded Damages In Husband's Death

Judgment against the American Employers Insurance association for approximately $5,000 was given Mrs. Alice Williams, et al, by a jury which returned its verdict before Judge W. W. Cook in the 78th district court Friday after a trial which consumed more than two days.

The award represents compensation at $13.85 weekly for a total of 360 weeks allowed as the result of the death of the plaintiff's husband, J. Williams, near Burkburnett in November, 1929.

The deceased allegedly was employed by Guy Mennis on an oil lease near Burkburnett, also making his home there. It was shown that defective performance of electric lights within the house on the night of Nov. 6, 1929, occasioned the Williams' investigation of wiring leading to the house. Electrocution resulted, according to the plaintiff's petition.

The plaintiff's suit was filed and conducted by E. W. Napier.

A Washington Bystander

By KIRKE SIMPSON

WASHINGTON, Sept. 23.—As the champion of Newton D. Baker's place in contemporary history, his war-time secretary and devoted friend, Ralph Hayes, takes defeat with head "bloody but unbowed."

NEWTON D. BAKER.

The fact that forces over which he could exercise no control—including Mr. Baker himself — denied Hayes' realization of his fondest dream of seeing Baker nominated for the presidency is just a passing incident to him. He is still hammering away at "selling" Baker.

The Hayes activities are disclosed in the promptness with which he sprang to arms—or to the typewriter—when somebody down in Mississippi styled Baker an "enemy of labor."

What happened, according to Hayes' immediate missive of protest to President Ross of the Mississippi Federation of Labor, was that Governor Conner of that state was in process of being disciplined for pro-Baker leanings at the Chicago convention.

His honorary membership in the federation was challenged because of this siding with a reputed enemy of labor.

Batting for Baker

Mr. Hayes did not let that get by unnoticed. He enlightened Ross with six full typewritten pages about Baker's record on labor.

Clearly Hayes does not believe that Baker is by any means out of the national political picture. Hayes could not have been more insistent about it if the Mississippi incident had happened during the Chicago convention.

The Hayes letter made much of the war-time correspondence between Baker, then war secretary, and the late Samuel Gompers, so long president of the American Federation of Labor. He quoted this from one Baker letter:

"If I were a worker, I would join a union and be very active in it and I would seek to have the strength of that union back of me in collective bargaining."

A Drinking "Gesture"

What interested The Bystander most in the Hayes letter, however, was his reference to Baker's honorary life membership in a Cleveland bartenders' union.

"While he (Baker) was opposed to the prohibition amendment from the first, I have never seen him consume an authoritative drink," Hayes said, adding that the Cleveland bartenders had honored the then mayor on the theory that "if a poor customer, he was nevertheless a square shooter" in enforcement of municipal liquor regulations of that day.

The Bystander once saw a letter from Baker about that honorary membership in the bartenders' union. It indicated he regarded it as an ironical gesture and that as such it amused him.

Six Bandits Kidnap Officials in Robbery

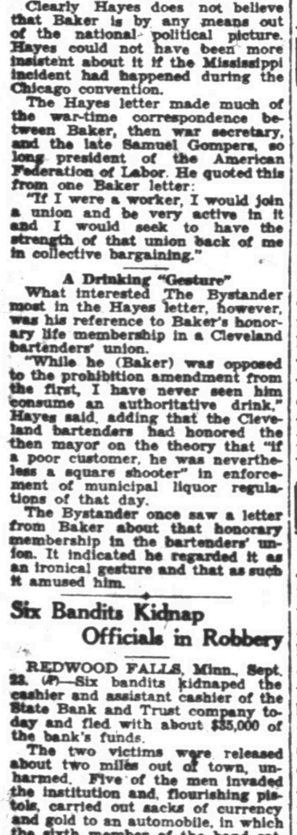

REDWOOD FALLS, Minn., Sept. 23. (AP)—Six bandits kidnaped the cashier and assistant cashier of the State Bank and Trust company today and fled with about $35,000 of the bank's funds.

The two victims were released about two miles out of town, unharmed. Five of the men invaded the institution and, flourishing pistols, carried out sacks of currency and gold to an automobile, in which the sixth member of the band sat.

Five employes were in the bank when the raiders, wearing overalls, came in. As they left, Cashier A. F. Hassenstal and Miss Mona Leavens, his secretary, were ordered outside and into the bandit car under cover of pistols.

Sheriff L. J. Klse, who has an airplane, went aloft at once to lead the search for the bandits.

Hambone's Mediations

A recent merger in the automobile field brought together resources totaling $161,000,000. Just about what father says it will take to fix up the old car for another year.

More than six billion rubles are said to be in circulation in Soviet Russia. And when you figure that butter in Russia is $8 a pound, it's easy to understand.

A New York woman, suing a bridge expert for $25,000 in a breach of promise action, said she had waited 15 years to marry him. Too long to wait for the bid.

Mexico has at least one advantage over the United States—when it eliminates a candidate, he stays eliminated.

The principal difference between an amateur and a professional these days seems to be that the amateur is so much more professional.

'What Happened To Al'

GEORGE HORACE LORRIMER is the editor of the Saturday Evening Post. He has let it be known that Alfred E. Smith had agreed to write "The Democratic Case" as a rejoinder to "The Republican Case," contribution from the typewriter of Calvin Coolidge. Furthermore, George Horace Lorrimer called upon the Happy Warrior to fulfill his pledge by furnishing the article which had been advertised the nation over. Smith declined to furnish the copy. He asked for a cancellation of the contract. It was refused. Then followed the Smith article on "The Veteran and the Bonus." Was it a substitute for the promised reply to the Coolidge brief? A reminder that "the Happy Warrior" article has created a sensation the nation over. It is a most sweeping attack on the bonus plan of the American Legion for cash payment and "this, too, without delay." In the wake of the Smith contribution came the second attack of President Hoover on the bonus proposal in which the Republican standard bearer declared acceptance of the legionnaires' demand "would destroy the credit of the nation." After every defeat in his career William Jennings Bryan had a long sulking spell. He always gave support most grudgingly to the Democrat who had won the prize. William Gibbs McAdoo played the same game four years ago. Has "the Happy Warrior" decided to walk in the gloomy footsteps of the Prince of Peace or to emulate the example of McAdoo in the not recent past? In this campaign, to date at least, the Republicans have a Lone Eagle, Borah, by name, away out in Idaho. Is it possible that the Democrats have a second Lone Eagle, another political man of mystery and moods, in the far east?

A Grand Old Mother

AN unspeakable grief came into the life of John N. Garner in the passing of his aged and beloved mother after great honors had come to him and he had reach the pinnacle of fame in this republic. Mrs. Sarah Jane Garner was ambitious to see her son vice president of the United States. Fate decreed otherwise. She passed away in the midst of the campaign. Her life journey was over. She was 81. She was born on the soil of Texas. Her grandfather was one of the earliest pioneers. Indeed, he first landed on the Texas side of the Red river in 1821. He was one of the builders of the civilization that was planted in the wilderness. She had a pioneer heritage. She passed it on to her children and her grandchildren. She was of the rugged pioneer stock. She loved mankind. She was charitable at all times, and her name was a household word in that territory which had been invaded by her grandfather 111 years ago. She had lived a long life well. She died as beautifully as she had lived according to the lights of those who believe in doing good to the less fortunate and making the sacrifices necessary in this vale of tears. Why mourn her passing? Peaceful sleep was her reward and a life everlasting beyond the grave was her fondest hope.

Finish Of An Artist

JAMES STEWART CARTIERS was found dead in a cheap lodging house in the city of New York. He was only 40. He was an American. He was internationally known. He was not only a painter of world wide fame but a collector of antiques and widely known in the antique circles of America. Well, the crash came. He could not sell his paintings. His marvelous collection of antiques sold for the price of a song. He was bankrupt and penniless. He renounced art. He was disgusted with the world. He drifted to Poverty Flats. He sunk beneath the surface. He died alone. A genius at 40, practically he had no place to rest his head. Well, he was not a fighter. A man of 40 should be able to kick all barriers aside. He should be able to score a comeback. A fighter never knows when he is whipped. He fights on and on, even with his back to the wall. When he has to die he dies in the last ditch. A nature both temperamental and emotional finds it hard sledding in this vale of tears.

Hoover Snubs Pinchot

GOV. GIFFORD PINCHOT of Pennsylvania asked for an appointment with President Hoover to discuss loans of the reconstruction corporation. President Hoover refused to make a date. He said he had no authority to direct corporation loans. In other words, he refused to receive the distinguished governor of the second American commonwealth in point of population and wealth as well as one of the original 13 colonies. "Whom the gods would destroy, they first make mad," or words to that effect. It is even permissible for a cat to look at a queen.

SO THEY SAY!

I believe it (repeal of the 18th amendment) is better than the hypocrisy of the present system, but I don't think it will bring the millennium or restore prosperity overnight.—Norman Thomas, Socialist candidate for president.

All the people know we are under fire. Unless we stop that storm which is growing we will see the day when men run for office on the boast of "stop the veteran."—Sam Reynolds, Nebraska leader of American Legion.

I do not feel I ought to send any man to jail at this time when the sentiment of the country is that it (the prohibition law) was a mistake, if not worse.—Judge Eugene Bonniwell, Philadelphia.

Let us not forget that while we have lost much in this depression, we still have much more to lose. And our whole future may be said to depend upon early recovery.—President Hoover.

Einstein showed his greatness in the simple, drastic way in which he dealt with the difficulties of infinity. He just abolished infinity.—Sir Arthur Eddington, British astronomer.

If we read something in our youth that is really good it comes back to us in later years when we can place a proper estimate on it.—Ex-President Calvin Coolidge.

EXPLANATION OF YESTERDAY'S CARTOON

AN UNCROSSED ARTERY—Market street, the "Main street" of San Francisco, is unique in that no street actually crosses it between Church street, near the hills, and the famous Ferry building on the bay. It marks a sharp division in the planning of the other streets. On one side of Market the side streets branch off at various angles, while on the other they branch directly at right angles, but no street runs across it for a distance of about four miles, practically its entire length.

THE OLDEST WOODEN BOX—In August, 1931, when workmen were excavating for the new subway at Eighth and Locust streets, Philadelphia, the remains of a remarkably old cypress forest were encountered at a depth of about 60 feet. The forest grew before the Third Glacial period, about 100,000 years ago, in the day of the extinct mammoth. Identification of the kind and age of wood has been made by the National Museum of Washington, and the Academy of Natural Science in Philadelphia. The box I illustrated was fashioned from this fossil wood. It is the property of J. W. Keller of Philadelphia, who is donating a duplicate to the Believe It or Not Odditorium in New York City.

EARWALKERS—The acoustic organ of the Acrididæ grasshopper is situated a little over the articulation of the hind leg, very close to the spot where the insect's sound organ is located. The ear, which resembles the human ear in shape, is very delicately attuned to vibrations.

THE 100,000-MILE TIRES—A few years ago the Merchants Biscuit company of Denver, Colo., purchased a dual-drive delivery truck equipped with six standard automobile tires, and when the truck was sold recently it still had the original tires, although the speedometer reading was 100,928 miles. In all that distance the driver, Wendell F. Ellsworth, never had to change a tire on the road and only minor shop repairs were made.

MONDAY—A prince of polygots.

RENO HEARS OF DRY CAMPAIGN

Drive to Close Saloons Rumored

RENO, Nev., Sept. 23. (AP)—Rumors of an impending drive to dry up Reno were heard here today and proprietors of resorts were apprehensive.

It was learned that abatement proceedings against 27 places, including the only remaining night club, are pending in the federal district court at Carson City waiting to be set for trial "in accordance with a list to be furnished by the United States attorney."

Some of the complaints date back as far as Dec. 16, 1930, while others resulted from more recent raids by federal agents from San Francisco.

Any action by the government to close the various resorts at this time would come at the end of one of the dullest summers Reno has ever experienced. Business has been so poor that several liquor dispensaries have closed their doors voluntarily.

IOWA PARK

Special to The Record News.

IOWA PARK, Texas, Sept. 23—Mrs. M. Lancaster had as her guest this week her daughter, Mrs. John Hall and family of Abbeville, La., who were en route to Denton, Texas, where they will reside.

Fred Lancaster returned this week from points in Louisiana, where he has been employed.

Miss Billie Rogers is visiting relatives in Oklahoma City and other points.

Mrs. F. E. Hill and children are visiting her month, Mrs. Stiles, at Amoma, Texas.

Mr. and Mrs. C. H. McDowell returned Thursday from Graham where Mr. McDowell judged in the agricultural department, and Mrs. McDowell was judge in the domestic science and fancy work department.

Mr. and Mrs. Ben Moore, former residents of Iowa Park, who have lived at Decatur for the past year, moved here the past week and will again reside in Iowa Park.

Mrs. L. E. Brooks had as recent guests here parents, Mr. and Mrs. John M. Price of Gainesville, Texas.

The Rev. Clarence B. Williams, pastor of the Church of Christ, had as guests this week Roy Wheeler of Fresno, Calif., who formerly did evangelistic singing with the Rev. Williams. Other guests during the week were the Rev. John F. Bannister and brother, Billy Bannister, of Tyalla, Texas, who were en route to Nocona, where the Rev. Mr. John Bannister will engage in revival services.

Earl C. Knox, director of the livestock department of the Wichita County fair, has returned from Graham, where he attended the fair held there this week.

Friends of Mrs. Jimmie Sneed gave her a surprise birthday party at her residence in Iowa Park Friday.

Miss Hazel George left this week for Denton where she will enroll in C. I. A.

Sunset Smithy Carves Interesting Figures And Scenes From Sand Rock

Special to The Record News.

SUNSET, Texas, Sept. 23.—John Morris, who operates a blacksmith shop in Sunset, has natural skill for sculpturing, painting and such like. In past years he has made many things from steel and wood, and this year he is drawing considerable attention to his skillfulness by cutting figures of humans, animals and reptiles from sand rocks. He likes to do such work and much of his time not required by his regular work is spent in designing, cutting and painting these figures.

An almost life-size head and shoulders likeness of George Washington was recently finished by Mr. Morris. It was cut from a sand rock and was finished with natural colors of paint.

He cuts life-size jack rabbits, leaving them on a base rock which is carved and painted in resemblance of a patch of green grass around the rabbit. The rabbits are painted natural colors.

Large natural-colored bull frogs sit an base rocks which have been finished in resemblance of a bank of wet clay.

A figure of a large rattlesnake, having 10 rattlers, is coiled in readiness for striking.

Completely finished in natural colors is a quarter of a watermelon, on a stump about a foot high and near it there is another stump behind which the figure of a negro boy is hiding with a knife in one hand, apparently ready to sneak out at the first chance and attend to the melon. Nearby is the figure of a bird dog lying in a leisurely position on a rock.

A basket of ripe oranges and other figures present attractive appearances, all made from a good grade of sand rock and painted with natural colors.

In the past, Mr. Morris has made some first class pieces of household furniture. He makes butcher knives and other things from steel. A razor which he made a few years ago shaves with the smoothness of the ordinary barber razor. He does all of hese things at odd times, because he likes to design and finish various objects from steel, wood and stone.

Accused Slayer of Son Captured in Arkansas

HARRISBURG, Ark., Sept. 23. (AP)—Herman Ledbetter, 31-year-old farmer, was captured today and charged with the murder of his 2-year-old stepson who was beaten to death near here Thursday.

Scores of citizens joined the search for him after the issuance of a first degree murder warrant on the complaint of his wife whom he married a year ago.

Louis Minton, deputy prosecutor for Poinsett county, said Ledbetter disappeared early Thursday after taking home the mutilated body of the stepson, Lee Powell. The farmer told his wife the boy fell from a wagon and was crushed by the wheels.

She refused to accept her husband's story of accidental death and notified officers.

Antics Of Train Prompt Witness To Blame Liquor

LOS ANGELES, Sept. 23. (UP)—Joe Davis, Rivera rancher, saw a locomotive turn off the tracks and go toot-tooting up the street, so he had his bootlegger arrested.

Davis stopped his car at an intersection of the Southern Pacific tracks to allow a locomotive to pass. As the engine reached the center of the highway, the engineer calmly put out his hand in regulation motoring sign, turned and chugged up the street.

Davis went posthaste to the hall of justice. He gave the address of his bootlegger to Capt. Ray Morris and asked an arrest be made.

"I had only had four drinks when I saw that locomotive whiz down the street—some stuff that is!" he exclaimed.

A party of deputy sheriffs went to the address, arrested one man and confiscated 10 gallons.

Coming back, the officers saw Davis' "locomotive"—a wooden engine mounted on a truck chassis driven by members of the American Legion.

Pioneers Of Quanah To Attend Jubilee

Special to The Record News.

QUANAH, Texas, Sept. 23.—Several old-timers of this section are planning to attend the golden jubilee celebration next week at Wichita Falls.

Among them are Fred Rips, who ran a saddle shop in Wichita Falls and Harrold, and came to Quanah in 1887; W. W. Howard, who landed here in 1886; Luther Clark, who came in 1879; Doss D. Swearingen, Jim Williams, Bud Summers, and Col. J. J. Elbert Sr., and Harry Koch, editor of the Quanah Tribune Chief, all Quanahites since the eighties.

Temperature Drop Brings Out Coats at Quanah

Special to The Record News.

QUANAH, Texas, Sept. 23.—A drop of 31 degrees in temperature from midnight Wednesday to 7 o'clock Friday morning, an average of one degree per hour, brought many light overcoats out of storage and into evidence on the streets Friday morning.

The high for Thursday, Sept. 22, was 92 degrees, while the low mark early Friday morning was 61.

Floyd Tate Attempts To Escape Jail Cell

ARDMORE, Okla., Sept. 23. (UP)—Floyd Tate, sentenced this week to a 20-year term in the state penitentiary in the Wirt bank robbery, attempted to break from the Carter county jail today.

He sawed his way out of the cell only to confront Henry Kirby, the inside jailer. Kirby disarmed the prisoner and after a struggle forced the youth back into his cell.

LOOKOUTS GRAB DIXIE SERIES LEAD WITH 3-2 VICTORY

Hollis Tigers Hold College Frosh To Scoreless Tie

ROWE LOSES MOUND DUEL

Southern Champs Rally In Ninth Inning

CHATTANOOGA, Tenn., Sept. 23. (AP)—Slipping out of the hypnotic spell which giant "Schoolboy" Rowe had held over them for eight innings, the Lookouts slammed their way to victory over the Beaumont Exporters in the ninth inning today with a score of 3 to 2, and took the lead in the Dixie Series by two games to one.

Up until the eighth inning it had been a brilliant pitching duel between Rowe and Leon Pettitt of the Lookouts, with each team growing a run where none should even have sprouted. Opening the eighth, Kingdon robbed Benton of a hit with a spectacular play, flinging himself full length at a hot grounder, knocking it down and throwing while still almost prone on the ground. Tauby, who limped into the game with his injured leg, because Fox was all but on crutches, then doubled into the left field crowd. He took third on a wild pitch but stayed there while Kingdon was throwing Greenberg out. Easterling hit a sizzler to Kingdon's left. The second sacker made another effort for a sensational play but could only knock the ball down and Tauby scored to put Beaumont ahead by 2 to 1. Easterling had previously driven in Beaumont's other run.

McColl Goes In

Pettitt went out for a pinch hitter in the eighth and McColl pitched the ninth for Chattanooga. Gill opened the Lookout ninth with a hot single to right center. Reese hit to Benton who forced Gill, but Reese averted a double play by a fast sprint to first, literally running the Lookouts into a ball game. Reese continued his fast base running on a single by Bolton along the left field line, reaching third by an eye-lash. Bolton took second on the throw.

The third sacker drew a walk, filling the bases. Boss hoisted to center and Reese hastened home with the tying run. Bolton squeezed second while this was going on. Then Wilburn sent a long drive to right center. Fritz, who had already made two fast catches against the ropes, made a valiant try but the ball just eluded his finger tips into the crowd. Bolton raced home from second and the game was over.

Tense Battle

Tense situations abounded throughout the contest, opportunity knocking at the door of each team several times, but fast fielding and steady pitching in the pinches shut off the runs. In the first, fast plays on hard chances by Kingdon and Wilburn kept the Exporters off base. In the Lookout half, Bonowitz hit and Gill walked but Newsome started a clock-work double play off Reese. Greenberg got Beaumont's first hit in the second but died on second. Travis made a one-hand stab off Holley in the third, the second of four fast plays in which the Beaumont second baseman was the victim. The Lookouts were presented a chance for a run in the fourth and made good. Bonowitz, first up, was safe on Newsome's error of his easy grounder. Gill doubled into the right field crowd, sending Bonowitz to third. Reese grounded out but Bolton's fly to left sent Bonowitz across.

Mowes 'Em Down

Pettitt contributed the pitching feat of the series in the first when Fritz opened on him with a double and took third when a slow pitch eluded Bolton. The Lookout southpaw then struck out three consecutive batters. Each went down swinging, with scarcely a called strike. The Lookouts squandered a run in the fifth. Boss led with a two-base hit and Wilburn sacrificed. Pettitt missed the signal on a squeeze play and failed to offer at the ball. Boss was run down and then Pettitt doubled. Two were out in the Beaumont sixth when Travis kicked Tauby's grounder. The third sacker threw low on Greenberg's easy grounder immediately afterward and then Easterling made the misplays count with a drive to right for two bases, scoring Tauby. In the Lookout sixth, Beaumont's infield spoiled a Lookout run. With one out, Gill walked and raced to third on Reese's single to center. Bolton crashed to Holley who inaugurated another double killing.

Beefs Over Decision

There was considerable argument in the ninth, Manager Del Baker of Beaumont objecting to ball and strike decisions by Umpire Johnson and claiming that the base on balls to Travis which set the stage for the Lookout victory should have been a strikeout, and the Lookout runs then would not have scored.

The two teams will lay off tomorrow on account of the University of Chattanooga-University of Tennessee football game and the series will be resumed Sunday.

Attendance figures on the game were not available early. The crowd overflowed into right field and left field temporary bleachers but there were many vacant seats among the 22,000 that had been made ready for the series. The score:

Frogs' Clash With Louisiana State Today Heads Southwest Grid Program

Every Team in Circuit Except Baylor Swings Into Action In Non-Conference Battles

By BILL PARKER
Associated Press Sports Writer

DALLAS, Sept. 23.—Tomorrow will be a gala day for football fans who have read and listened to baseball for the last six months, for tomorrow every team except Baylor in the Southwest conference swings into action. Regular routine practice will be held on the Baylor campus.

Heading the Southwest program will be the Texas Christian university and Louisiana State game at Baton Rouge, La. Playing on their home ground last year, the Texas Christian Frogs beat Louisiana 3 to 0. It will be the second game for Texas Christian. The Frogs beat the Denton Teachers last week, 14 to 2. Coach Francis Schmidt is expected to start his strongest lineup against Louisiana. And will be seniors except Kitchens at fullback.

Hogs Play Hendrix

The next best will be the University of Arkansas and Hendrix college game at Fayetteville. Fans are interested in Coach Fred Thomsen and his crew of Arkansas sophomores. Arkansas walloped Hendrix last year, 19 to 0, with such stars as Ledbetter and Kyle.

Third in importance will be the bow of the Southern Methodist university Mustangs, 1931 conference champions, who will play the Denton North Texas Teachers. For the first time in years, Coach Ray Morrison's S. M. U. aerial circus is without an outstanding star. Denton gave Texas Christian a tough battle and is expected to be just as formidable against the Mustangs.

Aggies at Amarillo

The "A" team of Texas A. & M. embarked Thursday afternoon for Amarillo where the Aggies battle Texas Tech tomorrow in a game that is expected to attract a record crowd. Texas Tech is strong this season. Coach Madison Bell transported all his regulars to Amarillo for the battle. The Aggies' "B" team remained at home to play Southwestern.

Rice against Texas A. & I. at Houston, and the University of Texas against Daniel Baker at Austin are the other games tomorrow. All are non-conference affairs.

AGGIES ARRIVE AT AMARILLO

AMARILLO, Texas, Sept. 23. (AP)—Coach Matty Bell and 26 Texas Aggie football players arrived here this morning to do battle with the Texas Tech Matadors tomorrow. The squad took a light workout this morning. Rain fell all day.

The Matadors, 50 strong, arrived from Lubbock tonight.

TOADS AND TIGERS NURSING INJURIES

BATON ROUGE, La., Sept. 23. (AP)—The Texas Christian university Horned Frogs arrived here this afternoon to do battle tomorrow night with Louisiana State university in the latter institution's opening football game of the season.

Coach Francis Schmidt and Assistant Coach Raymond Wolf brought 27 players to Baton Rouge and reported that the squad, reported formidable, stood the trip well. Both coaches complained of squad injuries, however.

Schmidt called a practice session for tonight under the lights of Tiger stadium to accustom the men better to night playing. Louisiana State supporters are counting on familiarity with night play to give the Tigers an edge over the Frogs.

Schmidt was non-committal about the game prospects.

"I don't know whether we'll win," he said. "It's hard to tell. L. S. U. is in better condition than we are."

"You can never tell till the game is played," Assistant Coach Wolf asserted. "A number of our men have injuries. Pruitt, our all conference end, has a bad ankle and others are nursing injuries."

Louisiana State will be making their debut under tutelage of Coach Lawrence "Biff" Jones, former army mentor. Lightness and inexperience of the Tigers is expected locally to give the invaders an advantage. Texas Christian beat L. S. U. 3 to 0 last year.

FEW TOUGH TILTS ON TODAY'S CARD

NEW YORK, Sept. 23. (AP)—College football embarks on its first major offensive of the 1932 campaign tomorrow with two salient thoughts in mind—first, that the generally reduced ticket prices will keep the cash customers interested; and second, that the substantially revamped playing rules effectually will check the casualty lists.

Tomorrow's schedule indicates few forward strides in the agitation to eliminate "setup" or "breather" games for the big fellows.

Southern California's powerful Trojan's take on the Utah Indians, champions of the Rocky mountain conference, at Los Angeles. Down South, Capt. "Biff" Jones, the former West Point coach, turns his Louisiana State Tigers loose against the strong Texas Christian outfit from the Southwest conference. Two Southern conference contests, Kentucky-Virginia Military and Sewanee-South Carolina are booked.

Otherwise the big teams will go out mainly for the exercise. Chicago, playing Monmouth, is the only Big Ten team in action before Oct. 1 in the East, Yale, Princeton and Harvard, as well as Navy and Army, do not go on trial until next week. The Big Six and most Southwest elevens also have another week for practice.

QUANAH GETS NEW COACH

Weir Washam to Assist Dan Stallworth

Special to The Record News.

QUANAH, Texas, Sept. 23.—The coaching staff of Quanah Indians has been augmented by the arrival of Weir Washam, former Baylor university quarterback, who will take charge of the Indian backfield. Washam was employed by the school board to fill the place left vacant by the resignation of H. A. Fonville in the mathematics department of the high school.

Washam was a crack player for Waco High school and later Baylor. He and Coach Stallworth have been trained under the same system.

The Quanah squad of Indians and Palookas has developed to such proportions that one man is not able to give the entire squad the attention necessary to develop winners in all sections and the addition of the backfield coach is expected to take the Indians farther than the district championship this year.

Throckmorton And Olney Teams Drill

Special to The Record News.

OLNEY, Texas, Sept. 23.—The Olney Cubs and the Throckmorton eleven engaged in a lively scrimmage session here today.

The scrimmage in no way resembled an actual grid combat, in accordance with Texas Interscholastic league rules which forbid intercity games before Sept. 30, but which make allowances for scrimmages providing the coaches of both teams are on the field.

Coaches of both teams said after the scrimmage today that the workout had been very beneficial to their teams. A large crowd was present at the scrimmage.

Olney opens the season here next Friday against the Graham High school Steers. It will be a non-league game, but rivalry between the two towns brings much importance to the game.

Montgomery Defeats Orth in Mat Bout

Bob Montgomery butted his way to victory over Paul Orth Friday night in the main event at Whitey Govro's weekly wrestling card when he won the first fall, lost the second and butted Orth from the ring to win the final fall. Rex Mobley battered his way to victory over Cullen Red in the 45-minute mixup schedule for the semifinal. Mobley won the only fall with a hook scissors then the pair battled it out the rest of the way without another fall. Otis Hedrick won the one fall preliminary from Clete Duval in 22 minutes with a body pin.

A'S CLINCH SECOND PLACE

Berth Assured by 8-4 Win Over Senators

PHILADELPHIA, Sept. 23. (AP)—Although they couldn't win their fourth straight American league pennant, the Athletics assured themselves of the second-place cut in the world series proceeds today by defeating the Washington Senators, 8-4, in the first game of their series.

After today's victory, the Athletics were sure to finish at least a game ahead of Washington and get a considerably larger share of the series money, usually something over $1,000 a man, for the second place team.

A heavy shower held up the game 47 minutes during the fourth inning and brought about the downfall of Monte Weaver, Washington's star right-hander.

Neither of the starting pitchers lasted long. Rube Walberg went out after a burst of wildness in the third to be followed by Roy Mahaffey, the winning hurler, and Lefty Grove. Weaver's successors were Coffman and Brown. Score:

YANKS 3, RED SOX 0

BOSTON, Sept. 23. (AP)—Walter Brown, big Yankee right-hander, established himself as a possible world series threat today by pitching New York to a 3 to 0 victory over the Red Sox. He allowed only seven hits and fanned six.

It was the 11th shutout registered by a Yankee moundsman this year and the 154th of the season for the Yanks without their having been blanked. Score:

Frederick Eleven Plasters 34 to 0 Defeat On Marlow In Night Contest

Special to The Record News.

FREDERICK, Okla., Sept. 23.—Frederick High's football team handed the Marlow eleven a 32 to 0 drubbing under arc light here tonight in a practice tilt.

The Frederick coach gave practically all his men experience in the game, using in all probably 25 players.

Although putting up a peppery battle the Marlow team could not cope with its opposition. Time and again the visitors would attempt ordinarily ground-gaining plays to have the Frederick crew frustrate them.

Runs 70 Yards

The sensation of the game was a spectacular 70-yard sprint across the Marlow goal by Roe. Roe snatched a Marlow punt and headed toward the sidelines. Eluding all tacklers as he sped back of the Marlow goal shortly before the end of the contest.

Taylor, Frederick half, started the scoring early in the first quarter. In the second period Graham, quarter, and Earp, full, added touchdowns. Earp topped his score with an extra point on kick.

The half closed with the score 19 to 2, after Marlow picked up a safety two points on a fumble.

Frederick's third touchdown was in the third period when Steinbock passed 20 yards to Hoyle, who raced an extra 20 yards to the goal. Steinbock threw to Taylor for an extra point.

McArthur Stars

McArthur contributed much to the Marlow game with his passing. Harbour, Marlow captain, was on the receiving end of McArthur's tosses, and was one of the visitor's most consistent ground gainers.

This was Frederick's second season under the lights.

ALTUS CRUSHES SNYDER, 50-0

Bulldogs Bludgeon Rivals In Practice Game

Special to The Record News.

ALTUS, Okla., Sept. 23.—The Altus Bulldogs bludgeoned the Snyder High school football team into complete submission here tonight, winning the practice game 50 to 0.

A better idea of the comparative strength of the two teams may be had from taking note of the fact Snyder lost more ground from scrimmage than it gained. The losers gained 12 yards, lost 23, and made their only first down with a beautifully executed 51-yard pass.

In amassing its 21 first downs, Altus gained a total of 402 yards from scrimmage. Chief among those compiling this record were H. Kimble and Paul Smith, backfielders, and Chism and L. Smith in the line.

Hernsy, halfback, and Bennett, center, showed to best advantage for the defeated aggregation.

Mangum Defeats Mountain Park, 21-0

Special to The Record News.

MANGUM, Okla., Sept. 23.—The Mangum, Okla., High school eleven ripped the lid off the 1932 grid season here tonight with a 21 to 0 victory over the Mountain Park team in a non-conference game.

The Mangum team mixed a powerful running attack centered around Hall, halfback, with a passing barrage in which Conrad and Bratton, ends, starred, to register two touchdowns in the second quarter and a third touchdown in the third period. The team came very near scoring in the first and last quarters but was checked.

Hall's accurate toe accounted for the three extra points.

Mountain Park presented a good passing and running attack but lacked the power of the locals.

The Mangum team originally was scheduled to play Mountain View in a conference game tonight but a conflict was discovered. Mountain View played Hobart at Hobart today, the game resulting in a scoreless tie.

Mangum will play Mountain View here next Friday night to open its conference season.

Cardinals Beat Pirates, 8 To 4

ST. LOUIS, Sept. 23. (AP)—The world champion St. Louis Cardinals tightened their hold on sixth place in the National league by smashing out an 8 to 4 victory over the Pittsburgh Pirates today as they opened the final series of the 1932 season.

This victory came on the heels of the Cards' clean sweep of the three-game Cincinnati series earlier in the week, but with pennant hopes long faded, the winning streak failed to arouse much enthusiasm here, as evidenced by only 500 paid admissions for today's contest.

Paul Derringer allowed the Pirates 10 hits, to eight given by two Pittsburgh hurlers, but the Cardinal blows were more timely. Score:

Lawton Defeats Walters, 13 To 0

Special to The Record News.

WALTERS, Okla., Sept. 23.—The Lawton High school Wolverines, last year's unofficial championship football team of Oklahoma, defeated the Walters High school Blue Devils in a hard fought contest on the local gridiron here this afternoon, 13 to 0.

Walters put a heavier team on the field, but it was lacking in experience and was unable to cope with the superior ability of the Wolverines.

The hefty Walters line proved effective, however, Lawton being unable to make any considerable gains through the forward wall. They picked up the majority of their gains around the ends and with the aid of the forward pass.

The home eleven on the other hand made good gains through the Lawton line, but failed to muster sufficient power to score. Today's contest was the first of the season for the Walters team, and the second for the Wolverines.

Wichita Boy Breaks Leg While Playing Football

Percy Daniel Jr., 14, son of Mr. and Mrs. P. E. Daniel, 1515 Britain, suffered a broken leg after school Thursday afternoon while playing football with a group of boys at the Zundelowitz Junior High school grounds. Young Daniel is confined at his home. The boy is not a member of an organized team and is a first-year student in the senior high school.

TEAMS BATTLE ON EVEN TERMS

Opening Tilt Under Arcs Cheered by 1,500

Special to The Record News.

HOLLIS, Okla., Sept. 23.—The Hollis Tigers, champions of the Southwest High school conference last year, served notice on other conference members that they will be plenty tough this year when they held the powerful freshman team of Southwestern Teachers college at Weatherford to a scoreless tie in the opening gridiron clash of the season here tonight.

The game marked the inauguration of night football in Hollis as well as the opening of the football season. One of the largest crowds ever to attend a game here, about 1,500 people, including many from neighboring Texas towns, were present.

Even Battle

The teams battled heartily through four quarters of fighting, and sometimes spectacular, football on virtually even terms. The college frosh made seven first downs to the Tigers' six, and each team was able to get inside its enemy's 20-yard line only once.

There was one exception in the third quarter when Hollis went over the Teachers' goal line, but the play was nullified when Hollis drew a penalty for holding. Vanderford, Hollis halfback, had intercepted a pass about midfield, and had got off on a clean run to the goal stripe.

The drives that each team made toward victory both occured in the second quarter, and both started as the result of intercepted passes. Witherspoon, quarterback for the Teachers, intercepted a pass on the 50-yard line and raced 20 yards to the 30-yard line. Three line bucks and a pass netted a first down on the Hollis 20-yard line, but the college boys got no farther. Jasper McCullough, college center, fumbled the ball, which was recovered by the opposition, and Hollis promptly kicked out of trouble.

Hollis Tries It

The Hollis threat came when Abernathy, a halfback, grabbed a college pass near midfield and raced within the Teachers' 20-yard stripe, but there the Tigers were held for downs.

The remainder of the game the teams battled gamely on about even terms.

A feature of the contest was the bitter scrap put up by the McCullough brothers. Brother Jasper played center for the Teachers, while brother "Tubby" played center for the Hollis team.

The Tigers play the Wellington, Texas, High school team here next Friday night. About 200 Wellington people saw the game here tonight.

Duncan Defeats Comanche, 27-0

Special to The Record News.

DUNCAN, Okla., Sept. 23.—Shoving off all opposition, Duncan High mixed an aerial attack with plain football here tonight to defeat the Comanche eleven 27 to 0.

The game, a non-conference test, was a thorough workout for both teams. Some 35 men were used by the local coach, and 30 by the visitors.

Duncan's passing combination, Griffin, fullback, and Captain Humphreys at end, took to an aerial offensive during the first half, accounting for two touchdowns and an extra point to total 13. In the second half old fashioned line bucking was resorted to and netted two more touchdowns, each with extra points. In these last half tactics Griffin and Johnson did the work.

It was an easy victory for the locals, with Comanche never threatening the home goal.

Weekley provided the thrill of the game in the final when he received and raced through a broken field for a touchdown.

Badgers Nose Out Cameron Aggies, 6-0

AMARILLO, Texas, Sept. 23. (AP)—The Amarillo college Badgers avenged their only football defeat by winning, 6-0, from the Cameron Aggies of Lawton, Okla., here this afternoon.

The victory ran the Badgers' winning streak to 12 straight and 23 of their 24 games. The loss stopped the Aggies' victories at 21 straight. Cameron won 7-0 last year.

Bill Crass, Badger fullback, plunged over for the counter in the second period, after Larsen, end, had recovered a fumble on the 22-yard line.

The game was a mud battle.

Satoh and Perry in Pacific Singles Finals

LOS ANGELES, Sept. 23. (AP)—A brilliant son of Nippon, Jiro Satoh, and Frederick Perry, spectacular British player, won their way to the finals of the Pacific southwest singles tennis championship tournament today.

Perry won his way to the final round for the second consecutive year by defeating Georgia De Stefani 6-3, 2-6, 8-6, 6-3 after his teammate, Henry Austin had bowed to Satoh in five hard sets 8-6, 7-5, 4-6, 0-6, 6-1.

ELECTRA LIONS TOLD OF PARTY

Wichitans Describe Plans For Jubilee

Special to The Record News.

ELECTRA, Texas, Sept. 23.—Members of the Electra Lions club heard plans for the Wichita Falls Golden Jubilee at their noon luncheon Thursday. Guests and visitors introduced were Dr. W. B. Bolding, Jim Lyle, Frank Cripliver, members of the Wichita Falls Lions club; Mesdames Lucille Brooks Huff and Flora Bruce Greenwood, Wichita Falls; Ray Wofford, Nocona Lion; D. G. Gray and Miss Marjorie Bright, Electra.

Mrs. Greenwood was presented in violin numbers, accompanied by Mrs. Huff. The ladies were dressed in costumes of 50 years ago in honor of the Golden Jubilee which is slated for next week. The Wichita Falls Lions announced that their club would be hosts at their meeting next Wednesday to all visiting Lions who attend the jubilee. Miss Eloise Wofford was presented in a comedy sketch. G. R. Davidson reported that R. M. Fielder, Vernon, group chairman, had suggested that a meeting be held here Oct. 6 to make arrangements for intercity meetings. The Lions voted to be hosts on that date.

ELECTRA, Texas, Sept. 23.—Members of the Fat and Lean Athletic association hold a called meeting Thursday night when plans were made to match baseball games with Mankins, Vernon and Wichita Falls, and any other teams that want to play Electra. The team will be ready for out of town games after Oct. 10.

The association is especially anxious to secure enough funds to fix up the club house. Baseball practice will begin Monday afternoon, Oct. 3, at Oiler park. Mrs. John C. Green is captain for the Fats and Mrs. John Louise Wright is captain for the Leans. Mrs. Dannie Dale is manager for the association and Mrs. H. D. Miller has been chosen assistant manager. Present at Thursday's meeting were P. N. Goodale, Frank Fisher, E. J. Gillum, C. C. Jones, and Misses Eunice Griffith and Myrtle Russell.

Melons About Gone In Sunset Section

Special to The Record News.

SUNSET, Texas, Sept. 23.—Most of the watermelon crop in this section is gone, only a few producers have melons to sell. Market prices have been low, sales uncertain and no record has been kept whereby an exact estimate of the yield of the crop can be made but it is much shorter than usual, perhaps more than 60 per cent. Many trucks loads of melons have been hauled from here to market this year and the sales have brought the producers some money, but far less than that of some of the crops in past years. A section along Denton creek valley, east and northeast of Sunset, is among the very best melon producing sections in the state. In former years some of the producers there sold as high $300 worth of melons per acre. But this year an overflow of water destroyed the early planting and a drouth cut the late crop short.

Gravel Plant Installed In Hardeman for Roads

Special to The Record News.

QUANAH, Texas, Sept. 23.—A $25,000 plant for handling sand and gravel in road construction work has been opened on the farm of J. B. Barkley on the Pease river near Lazare, in the southwest part of Hardeman county. The plant was installed by the McClung Construction company which has the contract for supplying highway 5 paving in Childress county with gravel.

A daily average of 600 yards is being placed on this highway, and it is expected this number will be increased to 1,000 yards daily within a short time.

It is stated the quality of the gravel in this pit is especially adaptable for road work.

Paper Plant to Make $1,000,000 Improvements

NEW YORK, Sept. 23. (AP)—The Bogalusa Paper Co., Inc., of Bogalosa, La., announced today that it would start immediately plant improvements involving an expenditure of $1,250,000. The company manufactures kraft wrapping and bag papers, container board and specialties, it has been operating at full capacity all this year.

DO YOU NEED REVENUE?

That set of unrented office rooms is "eating its head off." It's a part of your business overhead which includes taxes, interest charges, etc.

An unrented house, either business or residence or a spare room, offers the same problem to the home owner. You have no justification in assuming they can't be rented until you have put your problem up to Want-Ad Headquarters. If they can be rented at all, Daily Times-Record News Classified Ads will do the work at the lowest cost—two papers for the cost of one.

NEW YORK COTTON

NEW YORK, Sept. 23. (AP)—Cotton was generally lower today with rallies from an opening decline followed by renewed weakness in the later trading under liquidation combined with southern and local selling. December contracts broke to 7.30 in the late trading and closed at that figure. The final tone was barely steady at net declines of 18 to 25 points.

The opening was 10 to 21 points lower in response to the showing of Liverpool which declined sharply after an early advance, and appearance of some southern selling, apparently to hedging.

October worked up from 7.22 to 7.40 and March from 7.47 to 7.65 or back to about Thursday's close but this bulge brought in a more southern pressure and closing prices were at the lowest of the day with October at 7.19 and March 7.43.

Liverpool was relatively firm early but eased off before the local opening. Private cables said that covering there on the ran news had been supplied by hedging and realizing. Liverpool closing quotations for delivery during 1933-34 were 7 points net lower at 5.84d for December, 1933, and 5.90d for May, 1934. Exports today 10,186, making 945,990 so far this season. U. S. port stocks 3,522,043.

Futures closed barely steady, 18@25 lower; spots quiet; middling, 7.35.

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 23. (AP)—Cotton fluctuated nervously in less active trading today, working lower in the afternoon to show net declines of 10 to 21 points at the close. The bureau report of 2,636,530 running bales ginned prior to Sept. 16 was not as large as expected but weekly statistics on mill takings were disappointing.

Manchester cabled there was an increased inquiry for cloth and a good business is expected on the final settlement of the mill strike.

Prices rallied on the census ginnings figures and an advance in stocks. December advanced to 7.51 and January to 7.55, up 20 to 22 points from the lows and 2 to 4 points above the previous close.

The market turned easier with stocks and grain in the middle of the afternoon and December dropped to 7.32 and January to 7.35, 19 to 20 points under the highs and then fluctuated nervously for the balance of the session within the previous range but near the lows. December finally closed at 7.32, down 15 points net for the day.

Liverpool is due on New Orleans tomorrow 4 to 6 penny points down.

CHICAGO COTTON

CHICAGO, Sept. 23. (AP)—An opening loss of 15 points in cotton today was turned into a slight net advance by midmorning after which the market worked irregularly lower. The close on the board of trade was steady, but 10-16 points net lower. The opening was 5-19 points down on early easiness in outside American markets. Cables were about as due. Hedge selling brought additional losses just after the opening call, but prices rallied on general buying and short coverings until a net advance had been scored. Prices weakened in the afternoon, but turned upward a few points at the close. Rain fell over New Mexico and West Texas. Being more than five inches at San Antonio. There were also rains over most North and South Carolina and along the Georgia coast.

Peace Commission Calls For Truce in Gran Chaco

WASHINGTON, Sept. 23. (AP)—A call for immediate, unconditional truce between Bolivia and Paraguay in their conflict over the Chaco area, has been dispatched by Francis White, chairman of the neutral nations' peace commission.

He made known today that identical notes were sent last night to the two countries, suggesting unconditional termination of hostilities and negotiations for arbitration of their difference. A delegation will be sent to the Chaco by the commission of neutrals "to verify the effective termination of hostilities."

Tom Mix's Wife Has Appendix Operation

HOLLWOOD, Sept. 23. (US)—Mrs. Tom Mix, wife of the famous cowboy movie star, today was successfully operated upon for appendicitis and was reported tonight to be resting comfortably. Before her marriage, she was Mabel H. Ward, aerialist and a member of the noted Ward circus family.

UNWANTED CHIVALRY

He had been reading knightly romances and grew dissatisfied with the present unromantic state of the world. He believed it his duty to inject some romance into the daily grind.

On a rainy, muddy day he sallied forth to perform some knightly errand. He saw a pretty girl about to step from her car to a dirty pavement. Hastening forward, he spread his coat under her dainty feet.

"Well, of all the darned fools!" she exclaimed.—Tit-Bits.

Stocks Move Toward Stability But Market Characterized By Dullness

By BROADAN WALL

NEW YORK, Sept. 23. (US)—Stocks stabilized today in a quiet and generally listless market, featured only by sporadic strength in a few special issues.

Railroad stocks continued to display the greatest relative strength, managing on the average to cancel the entire loss of the preceding session.

Industrial and public utility share averages also closed higher, although the net improvement for the whole market was rather negligible.

Still, the inclination toward dullness following Thursday's reaction was a most encouraging development for the optimists, it being assumed this meant completion not only of liquidation of possibly significant character but also of speculative profit-taking.

In any event, stock strength ignored continuation of softness in the leading commodities.

Bonds, however, came to the assistance of stocks by remaining firm throughout the session.

All day long, the Aviation issues continued speculative favorites, with United Aircraft rising 2⅝ points net, Curtiss-Wright ⅜, and Douglas ½. The latter and United Aircraft seem to enjoy the same type of vigorous sponsoring. It was reported that "new and substantial" aircraft orders were pending.

In the afternoon, the feature was supplied by the motor shares, especially General Motors, and Chrysler. Du Pont naturally participated with G. M., in view of its large holdings of the motor issue.

A boom in the motor stocks seems a strange harbinger of prosperity, since this industry normally must benefit after general improvement is under way. However, speculators apparently are greatly impressed by the enormous cash resources of the leading auto companies, even though these resources logically would be translated into inventories if business improved. Europe is reported especially favorable to the motor issues, for some reason or other.

General Motors closed up 1⅝, Chrysler 1⅞, and Du Pont 3⅛.

Most of the day the railroad shares sustained sentiment, some of the rails reaching new highs since the recent peak. The $25,000,000 decrease in brokers' loans was heartening especially as it followed the $62,000,000 expansion of the preceding week. Stock after stock was taken in hand by the constructive forces in the effort to maintain bullishness.

Consolidated Gas, which at least rates among the highest-class stocks of any kind, was utilized in this program, and finally closed up 1⅝ points. Most of the pool pets were either kept fractionally above the preceding close, or restricted to a narrow price range.

It was universally expected that the eastern railroad managers would announce during the day that they had reached agreement among themselves to effect the long-negotiated four-party merger scheme. The announcement came after the close and still leaves unanswered the question whether or not the Interstate Commerce commission will alter its own plan by making it unnecessary for the Pennsylvania railroad to divest itself of its New Haven and Boston & Maine interests.

This was the major stumbling block to the plan up to date; the railroad managers have "agreed among themselves" over other details, so that the net effect of the latest step is to throw back the final decision upon the Interstate Commerce commission.

While awaiting the announcement, the market indulged in additional bullishness on various rails. New York Central was advanced ⅜ net, Pennsylvania ⅛, Southern Pacific 1⅜, Delaware, Lackawanna and Western, the "pet" of the merger speculators, 2⅛, and other rails were up proportionately.

TEXAS CASH GRAIN

FORT WORTH, Sept. 23. (AP)—Good demand for wheat but slow for the other light offerings was reported on the Fort Worth cash grain market Friday.

Quotations ranged as follows, basis car loads on track at Fort Worth, freight paid:

Delivered Texas gulf ports, export rate, or Texas common points: Wheat No. 1 hard, according to protein and billing 54@56c. Barley No. 2 nominally 32@33c; No. 3, 30@31c. Sorghums No. 2 milo or kaffir, per 100 pounds 60@61c.

Delivered Texas common points or group three: Corn No. 2 mixed 39@40c; No. 2 white 43½@45½c; No. 2 yellow 43@44c (all prices nominal).

Delivered Texas common points: Oats No. 2 red 33½@34½c; No. 3 red 31@33c.

CHICAGO GRAIN

CHICAGO, Sept. 23. (AP)—Breaks of more than a cent a bushel in wheat prices late today accompanied disappointment over fading of export demand. Increased selling here against purchases of wheat in other markets, Winnipeg in particular, tended further to pull values down, substituting net losses for earlier gains. An unofficial estimate that Argentina had increased her wheat area by 2,000,000 acres had a distinct bearish influence.

Wheat closed unsettled ⅛@⅜c under yesterday's finish, corn also ⅛@⅜c down, oats ⅛c off to ⅛c up, and provisions unchanged to 5c lower.

Latest figures on new export business in North American wheat today put the total at only about 400,000 bushels, and there was no confirmation of talk that as much as 2,000,000 bushels of Canadian wheat had been taken yesterday at the Pacific coast for shipment overseas.

In the last half of the day, a majority of wheat traders appeared to find less charm in stock market upturns, and expressed more belief that it would be difficult to advance wheat while the movement of the new Canadian crop was in progress.

Corn and oats sagged with wheat and as a result of evidence that in the last three days 900,000 bushels of corn had been booked to arrive in Chicago.

Closing indemnities: Wheat, Dec. 53@53⅝; 54¼@54⅝; May 58⅝@58⅞; 59⅝@60. Corn, Dec. 28⅛@28⅝; 30⅛; May 34⅛@34⅝.

MIDWESTERN LIVESTOCK REVIEW

KANSAS CITY, Sept. 23. (AP) (U.S.D.A.)—Supplies of beef steers and yearlings were very limited in the day's trade and values remained unchanged. Kansas City noted a load of choice 1,265-lb. steers up to $9.60, and a few loads around the circuit were included in a spread of $6.50@8.25. A small number of common to medium western steers brought $4.00@5.00. Receipts of 250,800 cattle at 11 markets this week marks the largest number of arrivals for the season. Values on choice weighty steers and plain grade grass steers were not altered to an appreciable extent, but in-between grades were punished materially.

Chicago recorded a hog top of $4.80. The majority of desirable fat lambs went at $4.50@5.75 and a few closely sorted kinds at $5.85@6.00. Feeders bulked at $4.35@5.35.

CHICAGO, Sept. 23. (INS)—Hogs—Receipts 14,000; strong. Top, $4.65; bulk, $3.80@4.55; heavy, $4@4.45; medium, $4.30@4.65; light, $4.35@4.65; light lights, $4.25@4.55; packing sows, $3.25@4.00; pigs, $3.50@4.25; holdovers, 6,000.

DRY GOODS MARKET

NEW YORK, Sept. 23. (AP)—Cotton gray cloths were strong in a quiet market today as buyers showed less interest on lower raw cotton. Rayons were in good call for quick shipment, but mills usually could not make delivery before Dec. 15. Woolens were in moderate call. Silk goods were active in some divisions. Burlap was moderately active at higher prices.

ARMY PLANES HERE SUNDAY

Nation's Best Stunt Fliers To Attend Jubilee

An added attraction for the three-day golden jubilee party next week will offer four of the newest type A-1 U. S. army airplanes from Fort Crockett at Galveston. The ships will arrive over Wichita Falls Sunday and will stop at the municipal airport.

The four ships will be in command of Lieutenant Colonel Hickman and the other pilots will be Lieutenants Mayhue, Wheeler and Mosley. The entire group are veteran pilots and leading stunt artists of the U. S. army. The ships are part of the third attack group at Fort Crockett, recognized as the most efficient aerial squadron in the nation.

Joe B. Carrigan of Wichita Falls received a telegram Friday afternoon announcing the plans for attendance. Mr. Carrigan is a former member of the third attack group. The planes are all new and the latest type of attack ships. The pilots will offer exhibitions of low flying, diving, acrobatic acts, tail-chasing or dog-fighting.

Lieutenant Colonel Hickman is the oldest pilot in the army in point of service and the best for his rank. Lieutenant Mayhue is a crack stunt pilot, while Liuetanants Mosely and Wheeler have just returned to squadron duty after service as instructors in acrobatics at Randolph field, "West Point of the Air."

Musical Comedy Leader Arrives From Georgia

Miss Emily Neville of Atlanta, Ga., representative of the Wayne T. Sewell company, arrived in Wichita Falls Friday to direct the musical comedy, "Oh Professor," which will be presented at the Memorial auditorium, Thursday, Oct. 6, under sponsorship of the Camp Fire Girls of this city.

DEATHS

C. A. WATSON

Funeral services for C. A. Watson 65, of Chico, Texas, were held in that community Friday afternoon. Mr. Watson was the father of the Misses Ruth and Ruby Watson, Wichita Falls public schools teachers. The widow, four daughters and a son survive.

MRS. W. R. SPRAY

Funeral services for Mrs. W. R. Spray of Henrietta will be held at Whiteflat, Texas, Cottle county, Saturday morning. Mrs. Spray died at a local hospital Thursday and the body was forwarded to Matador Friday afternoon by the Merkle Undertaking company. The husband, three children, her parents and a sister survive.

JOHN HENRY POTTS

Funeral services for John Henry Potts, 62, of Allendale were held Friday afternoon at 3:30 o'clock from the Dalton-Powell Funeral home chapel with the Rev. E. M. Yeakley, Baptist minister, officiating. Burial was in Rosemont. Mr. Potts died Thursday morning. Survivors include the widow, a daughter and six sons, all of this city.

J. M. KILGORE

Funeral services for J. M. Kilgore, 49, 711 Van Buren, were held Friday at Waxahachie, Texas. Mr. Kilgore died at a local hospital Thursday and the body was forwarded Thursday night by the Merkle Undertaking company. The widow, a son, his father, and two sisters survive.

New Eight-Cent Air Mail Stamps To Go On Sale At Postoffice Tuesday

Wichitans will have the opportunity to secure new 8-cent air mail stamps at the postoffice here Tuesday, Postmaster O. P. Maricle announced Friday. The stamps will be the same size as the former 5-cent air mail stamp and will carry a similar design. The only change in the stamp will be in the color, which was changed from purple to olive green.

Two additional issues of commemorative stamps will be sold in October, it was announced. The issues will be released to the general public on Oct. 25, with stamp collectors able to obtain the issues a day early from points of issue.

One of the stamps will be commemorating the 150th anniversary of Daniel Webster, and will carry the dates, 1782-1932. The stamp will be a purple 3-cent denomination. The other will celebrate the 250th anniversary of William Penn's arrival in America, also a 3-cent purple issue, carrying the dates, 1682-1932, and will offer a picture of Penn in a suit of armor.

TALL TALK

'Paper Wads and Popguns' Will Beat Texans, Sooners Boast

A boast that "paper wads and popguns" could be used in defeating an "all-Texas" peace officers team of local men at the North Texas and Southern Oklahoma Peace Officers association shooting match next Tuesday afternoon was made in accepting a challenge Friday by a Sooner group.

The Oklahoma team includes Chief John Ford of Altus, Luther Bush of Altus, Len Blackwood of Frederick, Cleve Hooper of Walters and Sid Henson of Hollis.

LUNCH HONORS JUBILEE HEADS

Cline Asks Town's Support In Big Celebration

Executive committee members of the 50th anniversary associaiton in charge of the golden jubilee were honored Friday at a joint luncheon of the Junior chamber of commerce and the business council of the Wichita Falls Chamber of Commerce at the Wichita club. Don T. Haynes, junior president, presided and Dr. H. T. Wood, First Christian church pastor, offered the invocation.

President Walter D. Cline of the jubilee association was the featured speaker in presenting a plea for full support of the celebration activities on the opening day. He emphasized the importance of starting the jubilee right with attendance at Dr. David Lefkowitz's address at the Memorial auditorium at 8 a. m.

Other honored guests and speakers included John F. O'Donohoe, Charles Featherston, Horrace Robbins, Albert E. Kelly, Leon Deaton, Lester Jones, Jasper Ferguson, T. J. Waggoner Jr., B. D. Donnell, Marvin Smith, R. E. Huff, Arthur Howard and R. E. Shepherd. Each committee chairman discussed features of the jubilee program briefly.

U. T. PRESIDENT WEST TEXAN

Benedict Recalls Early Days In Young County

A barefoot youngster residing half way between Graham and Breckenridge and midway between Eliasville and South Bend was enjoying all the joys of a growing youth in a frontier section when Wichita Falls' initial birthday party was celebrated, Sept. 27, 1882.

That youngster was H. Y. Benedict, now president of the University of Texas. Mr. Benedict gave a personal glimpse of his youth in a letter acknowledging receipt of an invitation to the golden jubilee party.

Former students of the university sent a number of personal invitations to President Benedict Friday and expressed the opinion that he would attend the party.

The letter in part said, "I think my earliest positive recollection of Wichita Falls was a remark by Bill Peveler to the effect that he was going there because he would not see always the same faces at the dances as he did down on the Clear Fork. Bill at the time was living in a dirt roof castle with walls of post oak and thickly spaced rafters of the same material. During the rain it was dry inside but after the rain Bill moved outside to avoid the drip through of the filtering rain drops!"

MEDICOS PLAN AID STATIONS

Two Units to Open in Business Area

Two downtown first aid stations will be maintained by the Wichita County Medical society and the Wichita County Nurses association during the golden jubilee to offer free emergency treatment for minor accidents during the party.

Graduate nurses will be on duty at the stations at 702 Indiana and at 707 Scott throughout the day and physicians will be subject to call for any emergency. Arrangements were completed Friday by Dr. C. W. Stevenson, medical society head, and Miss Eva Wallce, head of the nurses association.

In addition the medical society has reserved space in the Kemp hotel for use of visiting physicians during the celebration. All doctors in the Wichita area have been issued special invitations to attend the three-day party, Dr. Stevenson said.

KEEP THIS IN MIND DURING JUBILEE

The technique of correct placing of trousers legs in the tops of cowboy boots was explained to Wichita Falls business men at the luncheon of the Junior chamber of commerce and business council Friday by Charles Featherston. The cowhand who appears with tops of both trouser legs stuffed in his boots has an ample supply of liquid nourishment for his friends, while the rangehand with only one trouser leg held in the top of a boot is in need of such nourishment, Mr. Featherston pointed out.

MANUFACTURERS-JOBBERS ARRANGE DISPLAYS

Displays of products of Wichita Falls manufacturers and jobbers will be presented in windows of all vacant buildings in the city during the jubilee party, according to plans completed by that group under direction of J. L. Jackson Jr., C. H. Thompson and William Ward Friday morning.

NEGROES SEEK TRUCKS FOR USE IN PARADE

A request for two trucks for decoration by negro participants in the civic parade Tuesday was made by jubilee officials Friday.

RODEO RESERVATIONS HELD UNTIL SUNDAY

Wichitans who have reserved rodeo and pageant tickets for the jubilee program and who do not call for the ducats by 4 o'clock Sunday afternoon will lose their claims on the reserved seats, jubilee officials announced Friday. All unclaimed reserved seats will be placed back on sale at that time.

First Methodist to Honor Pioneer Members

Special honor will be given the pioneer members of the First Methodist church Sunday at 10:50, at the regular morning service. Some members of the congregation will be present who have belonged to the church since its organization over 50 years ago. The special program will mark the fourth anniversary of this church's entrance into its present home, and the golden jubilee of Wichita Falls. Dr. S. S. McKenney, the pastor, will speak on an appropriate theme, "Rebuilding the Walls," and a musical program of unusual merit has been planned for the occasion. The service will be broadcast over KGKO.

The Stirring Love Story
Of Two Girls Who Chose
Different Paths to Success

INSTALMENT 6:

"Tom, you darling!" Lee dropped Tony's arm, stretching forth welcoming hands, raising her face for Tom Stewart's kiss.

"I've worked all my life," Lee told Tony, "and what have I gotten for it? Sore thumbs counting the money I never made." And Tony replied, "One thing you did get—you can hold up your head without getting a pain in the neck."

There they were, two young and pretty girls at the foot of the road to success, with their way yet to make and their way stretching stone-studded and ill-defined before them. One set a premium on money; the other on decency. And Lee learned the bitter lesson that the world sided with Tony who could "hold up her head without getting a pain in the neck."

The bright lights beckoned to Lee and she wanted to take them apart and find out what made them click. She did—but the knowledge cost the love of one man and the life of another.

Tony stuck to her job, turned her lovely back upon the syncopated gaiety of Broadway and fought her way to the top of the world and the right to call the man she loved her husband.

The struggle of these two girls, each striving for happiness in her own way, each battling for what they wanted most out of life, comes fresh and alive from the pen of a past mistress of the art of fiction.
