TURN BACK COLD WAVE

LARGE NUMBER OF EXES AT GRID GAME

INFORMAL EVENTS ON PROGRAM TODAY FOR EX-STUDENTS

With their interests centered on the Tech-New Mexico game on Tech field this afternoon, several hundred alumni and ex-students of Texas Technological college were here today for their annual homecoming observance. No official check could be made on the number here but reports from the college indicated a good attendance of former students.

The majority of the former students came from the Panhandle-Plains and eastern New Mexico section and many were on hand last night at the huge bonfire on the campus and at the final pep rally before the game. Several thousand people were present at the rally and bonfire, the flames of which could be seen for several miles.

Events Arranged

No scheduled program has been prepared for the homecoming observance at the college except the football game in the afternoon but a number of informal events are arranged for the evening with former students as special guests. The De Que, social club, is giving a dance at the Country club and former members and friends are to be special guests. The Sans Souci girls' social group, will entertain in a club dinner. Dances are scheduled at both the Hilton and Lubbock hotels and many exes are expected to attend these.

One of the night's features will be an all-college night program at the Lindsey theater in which the Tech coaches and football players will be special guests. Mayor J. J. Clements is to preside and present a loving cup to the players. A special football picture is scheduled.

Ethridge Hagan, president of the alumni association, announced recently that all graduates had been sent special invitations to attend the game. He said he expected a large turnout.

FARM BOARD'S VENTURES TO BE UPHELD

STONE PREPARED TO SHOW WHERE HALF BILLION SPENT

(By The Associated Press)

WASHINGTON, Nov. 20—Chairman Stone is ready to show the American public exactly what the Federal Farm board has done with the $500,000,000 entrusted to it to help the farmer.

If the senate agriculture committee demands it, he will spare no details of the board's ventures into wheat and cotton markets to refute charges it has failed in its purpose.

Hearings Opened

The committee's hearings begin Tuesday—marking a reopening of the aged farm relief controversy which undoubtedly will echo far into the 1932 presidential election.

If requested, complete information on the board's wheat and cotton holdings and its financial position will be furnished by Stone. Otherwise, it will be reserved for the annual report due early in December.

Nothing To Conceal

"We have nothing to conceal," he said today. "We are not ashamed of what we have done. We do believe, however, that these last two years of falling prices have not been a fair period in which to test the agricultural marketing act."

When Stone appears before the committee he will have an armful of data to support his contention that the board's purchase of more than 200,000,000 bushels of wheat averted a general breakdown of small banks last fall and placed $100,000,000 in increased prices in farmers' pockets.

These benefits, he will contend, far outweigh any losses the board suffers to its $500,000,000 bankroll and should be placed on the credit side of the ledger.

BANDS AND FLOATS ARE TO COMPETE IN CHRISTMAS PAGEANT IN LUBBOCK ON DECEMBER 11; TO BE BIG EVENT

High school bands from all over the South Plains will be invited to take part in the big Santa Claus parade, to be held here on December 11, and to compete for prizes in the parade band contest. Beautifully decorated floats from Lubbock and neighboring cities will also be placed into competition in connection with this greatest of all Christmas spectacles.

Led by the Three Wise Men, riding live camels, and including Old Santa, himself, driving 12 live reindeer, the Santa Claus pageant is to be presented as an educational feature to Lubbock and the South Plains by The Avalanche-Journal publications. There will be no advertising in the parade. The event is non-commercial. It is a pageant depicting Christmas and will offer this territory a wonderful opportunity to view, first hand and without charge, the Spirit of Christmas

FIRST SNOW IS REPORTED IN PANHANDLE

ICY WIND FELT OVER SOUTH PLAINS AS MERCURY DROPS

Benevolent sun-rays which became warmer as the morning grew old turned back winter's challenge on the South Plains again today, although indications were that wintry blasts and skidding temperatures could not be far away.

A flurry of snow and sleet occurred in the Panhandle last night and, as the mercury was forced steadily downward, top-coats and woolen blankets were shaken free of moth-balls. The icy winds that swept across the South Plains last night left clear skies behind and today was expected to be fair here. Temperatures were not expected to make a marked drop here before night fall.

Maximum 59

The maximum reading Thursday was 59. At 6 p. m. Don L. Jones reported the mercury standing at 41 degrees. Two hours later the reading was two degrees lower and shortly before 10 o'clock 36 was reported.

Despite the chilling winds, ardor of several hundred Texas Technological students was not cooled as they opened their annual homecoming with a bonfire last night.

(By The Associated Press)

The season's first snow fell in the Panhandle but melted as it touched the ground. Temperatures headed for the freezing point. Borger had sleet.

Fair and Warmer

Weather reports indicated the Panhandle flurry would be of short duration. Today, the weatherman said, would be fair and warmer.

In the Oklahoma Panhandle and eastern New Mexico a snow blanket

Kangaroo Court Trial Is Echoed In Assault Case

AMARILLOANS TO TAKE FANS TO GRID GAME

Lubbock football fans who go to Amarillo on the special trains are assured of transportation to the game, the Lubbock Chamber of Commerce has been advised by the Amarillo Chamber of Commerce.

A thousand Amarillo automobiles will transport Lubbock fans to the game from downtown Amarillo, the information received here said.

The special trains will be met by a committee of Amarillo citizens who will extend official greeting to the visitors.

After a parade through the downtown streets by the Lubbock delegation and lunch, the visitors are supposed to gather at the Herring hotel where they will be met by Amarillo cars which will carry them to Butler field, the scene of the game between the Westerners and Sandies. The cars will also bring the Lubbock rooters back to the Herring after the game.

"Lubbock has always been courteous in her treatment of Amarillo grid fans and we are glad of this opportunity of reciprocating," the advice from Amarillo said.

ADDITIONAL SEATS WILL BE ERECTED

Erection of 1,800 additional seats in a permanent stand at Butler field, where Lubbock and Amarillo High school football teams will meet Thanksgiving day, was assured on Thursday after completion of ar-

(Turn to Page 13, Column 1, Please)

ARGUMENTS ENDED AT NOON TODAY IN FIGHT TRIAL

The shadow of a kangaroo court—a mock tribunal composed of prisoners in city jail—was reflected in testimony at the trial of Jack Godfrey, alias Godwin, 25 years old, on an aggravated assault and battery charge before County Judge E. L. Pitts at City hall this morning. Arguments were ended at noon and a six-man jury was dismissed until 1 p. m. The trial began at about 10 a. m.

His face bruised and an eye almost swollen shut, L. A. Wallace, 51, a federal prisoner imprisoned on a guilty plea in a counterfeiting case, appeared as the complaining witness. He and Godfrey engaged in a fight inside the jail Wednesday night.

Given 20 Lashes

Testimony indicated Godfrey's conviction on a charge of stealing a $20-bill from another prisoner in kangaroo court, and administration of 20 lashes to Godfrey on the mock court's order led to the altercation in which Wallace was beaten severely. The missing bill later was found in the jail and returned to the owner.

Wallace testified Godfrey accused him of "squealing" because Wallace had been a witness against him in the kangaroo court proceeding. After Godfrey had cast epithets at him, Wallace said he struck the younger man. Collective testimony was that the two were separated, that Godfrey later was struck on the head by a medicine bottle thrown by Wallace, and that a second fight ensued.

County Commissioners court

To Ask Referendum Of Dry Law Issue

WASHINGTON, Nov. 20 (AP)—Congress will be asked by Senator Bingham, Republican, Connecticut, to provide a national referendum on prohibition.

Bingham has completed a resolution calling for repeal of the 18th amendment.

He would have congress submit the question to state conventions in a new amendment to the constitution. By state conventions, Bingham said the issue would be voted on by the people in selecting delegates.

Jury In Misconduct Trial Is Dismissed

MORGANTOWN, W. Va., Nov. 20 (AP)—The jury in the trial of John T. West, Morgantown High school principal, accused of misconduct with Esther Williams, a teacher, disagreed today and was discharged by Judge Charles G. Baker.

Thre other indictments in connection with alleged improprieties which the state charges West committed with Miss Williams and Miss Blanche Garfield, another teacher, are on the present calendar. One accuses West of misconduct with Miss Garfield and the other two name the two teachers on similar charges.

Grandi Is Under Heavy Guard On New York Visit

ITALIAN MINISTER IS WELCOMED TODAY BY MAYOR WALKER

(By The Associated Press)

NEW YORK, Nov. 20—Under heavy police guard, Foreign Minister Dino Grandi of Italy arrived this morning for a brief visit to New York City which was eliminated from his itinerary the day of his arrival in American by the state department after threats had been made of anti-fascist demonstrations.

The Grandi party arrived by train from Washington at Jersey City, N. J., at 7 o'clock and was transferred to the city welcoming tug Macom which then nosed its way carefully across the foggy harbor to the bat-

TWO ARRESTED

NEW YORK, Nov. 20—(AP)—Two men were arrested today for pasting posters derogatory to Foreign Minister Dino Grandi of Italy on automobiles and shop windows along Broadway through which Grandi passed. The prisoners, who gave their names as Gaetano Musseonne and John Castelli, pleaded guilty and were remanded for sentence tomorrow.

tery. Under special orders of Police Commissioner Edward P. Mulrooney, 1,500 policemen had been assigned to guard the line of march from the foot of Broadway to city hall.

Posters Pasted

There were no early indications of any active disorder but before dawn unidentified persons had pasted more than 1,000 posters on poles, windows and building fronts along the line of march bearing a picture of Grandi and the caption "wanted for arson and murder."

Below the picture was printed "trial, Sunday, November 22, 2 p. m., Irving Plaza, 15th street and Irving place, admission free."

Before entering his automobile Grandi posed for photographs at the battery with Warren D. Robbins, chief of protocol of the state department, chairman of the committee on arrangements William P. Deegan, and chairman of the mayor's reception committee Elmer Ellsworth Brown, chancellor of New York university. There were 34 automobiles in the procession and the car in which Grandi rode was escorted by 200 mounted police.

The procession reached city hall

BOTH NATIONS ACCEPT PLAN FOR PEACE

PROPOSAL WILL HALT MILITARY ACTIVITY IN MANCHURIA

BY P. I. LIPSEY, JR.
Associated Press Writer

PARIS, Nov. 20. — Both Japan and China agreed in principle tonight to a proposal for an armistice in Manchurian military activities.

The cessation of hostilities would be based on creation of an international commission to investigate the whole Manchurian situation.

Japanese Suggestion

Representatives of China and Japan and all the other members of the council adopted this proposal, which is largely a Japanese suggestion. After its adoption the council was informed the Chinese were ready to accept it in principle.

In League of Nations quarters the decision was regarded as a victory for the Japanese.

The proposal does not bind the Japanese to withdraw their troops in Manchuria during the period of inquiry, but it was understood the Japanese spokesman intimated the troops might retire if conditions improved and made evacuation safe for the lives and property of Japanese.

Tomorrow there will be an open meeting of the council and it was expected that the members would adopt the decisions which were agreed on in principle today and would arrange conditions for an armistice and define the terms under which the investigating commission would operate.

JAPAN IS READY TO WITHDRAW FORCES

PARIS, Nov. 20 (AP)—Japan is ready to withdraw her troops at Tsitsihar as far as south as Taonan, an authoritative Japanese source said today, but later withdrawal to a point further south will be conditional upon evidence that the Chinese can provide adequate protection of the lives and property of Japanese nationals in Manchuria.

Kenkichi Yoshizawa, Japan's representative on the League of Nations council, is to make that proposal to the council, it was said and also will renew his advocacy of an international commission to study general conditions in China.

CHURCH GROUP GATHERS IN CONCLAVE

SEVERAL HUNDRED AT CHRISTIAN CHURCH SESSION TODAY

Several hundred out-of-town church workers from about 30 counties in this section were here today for the ninth annual convention sponsored by the United Christian Missionary society of the denomination, being held in the First Christian church.

The program started at 10 o'clock this morning and will close with a banquet and program at 6 o'clock tonight. About 150 persons are expected to attend the banquet.

Speakers Listed

Principal speakers are: Mrs. Ora L. Shepherd, Indianapolis, Ind., secretar, of the United Christian Missionary society of the Disciples of Christ; Rev. F. G. Huegel, Mexico City, a missionary and educator for the church and member of the faculty of Union Theological Seminary there; Jewell Matthews, Temple, pastor of the Christian church and the "guest speaker" of the program; Claude Wingo, pastor of the Floydada Christian church; S. J. Shuttleworth, pastor of the Christian church at Slaton, and Mrs. Berta McMasters, secretary of the work among women in Texas.

"O. Message of Jesus Christ" will be the theme of the convention. This afternoon a program started

Byrd Will Return To Little America

BROCKTON, Mass., Nov. 20. (AP)—Rear Admiral Richard E. Byrd, speaking here, revealed he plans to return to Little America next September.

The explorer, who recently sent word to an agent in Europe to find a suitable ship for the forthcoming expedition, definitely said he had chosen next fall as the starting time of his next expedition to the wastes around the south pole.

INNOCENT MAN MAKES PLEA

AFTER 23 YEARS IN PEN, LUCAS ASKS EXONERATION

(By The Associated Press)

SPRINGFIELD, Ill., Nov. 20—Jesse Lucas, who spent 23 years in prison for a murder which another man was reported to have confessed on his death bed, today asked the Illinois supreme court to reverse itself and clear him of the stigma of "murderer."

The plea, which attorneys termed extraordinary because it had no basis in specific statutes, produced purported affidavits from witnesses who helped convict Lucas in 1909 for the slaying of Clyde Showalter at Mt. Carmel, Ill., declaring their testimony at the trial was perjured.

It was filed just a day after Harry M. Phipps, who prosecuted Lucas, wrote Gov. Louis L. Emmerson that "interests" behind the ex-convict, in efforts to obtain exoneration, "omitted some essential facts and distorted others."

Lucas' plea, charging he was convicted through conspiracy of witnesses and others, declined a pardon as "an inadequate remedy," because it would presume him guilty, and asked the supreme court for complete exoneration.

Lucas was released from the southern Illinois penitentiary at Chester last August and granted a parole by the state after Anna Smith of Decatur, Indiana, brought to light a confession she said she took from George Pond, a friend, on his death bed.

GROCERIES TAKEN FROM STORE HERE

Groceries which would supply a family most of the necessities and a few luxuries were stolen late Thursday night or early this morning from a Red and White grocery at 2407 Sixteenth street. Police investigated the break-in this morning and reported glass was broken out of a front window.

The loot included a can of coffee, six buckets of lard, a box of oatmeal, 2 cans of beans, 2 jars of raspberry preserves, a jar of jelly, a box of soda crackers, a 10-pound sack of sugar, a 5-pound sack of meal, two 12-pound sacks of flour, a box of soap-chips, and 2 pound-cans of cocoa. Money in the store's cash register was not taken, police reported.

A Mexican, Mike Guna, pleaded guilty in Justice of the Peace H. K. Porter's court this morning to a charge of theft of some snuff, perfume, and other articles from a store at Hurlwood, and paid an assessment of $15.95.

Pleading guilty of theft of three automobile light bulbs, two light sockets, eight wrenches, a tire pump, a screwdriver, and a box of tire-patching, Albert Welsch of Barton community was assessed $20.25 in Peace Justice Porter's court this morning. The amount was paid.

Merkel Banker Is Freed Of Charges

ABILENE, Nov. 20. (AP)—R. O. Anderson, banker of Merkel, this county, won acquittal in the 104th district court here today in a case charging him with embezzlement and misapplication of a $160 woman's club account in the Farmer State bank in Merkel, of which he was active vice-president.

The defense contended that in withdrawing the $160 item from the club's special account and entering a corresponding credit on the regular account, Anderson was guilty only of a bookkeeping error; that he did not profit by the transaction, and the club and bank lost nothing.

NO ACTION IN OIL SUITS

TRADE COMMISSION IS NOT TO ACT IN OIL CASES IN TEXAS

(By The Associated Press)

WASHINGTON, Nov. 20—The federal trade commission is taking no formal notice of the recent Texas oil company ouster suit aimed at practices under a code of ethics approved by the federal agency.

The commission does not consider the question of its own authority involved, as its sanction of the trade practice rules was advisory and not binding. If state laws are violated by practices to which the commission has given approval, officials of the commission said today, the offenders are no way protected from prosecution.

Is Not Guarantee

Without its being a guarantee of legality, the commission action on trade rules is taken in the light on federal statutes, they explained, but is revisable if conflict with law should develop.

They contend also that possible violations by the companies operating under the rules did not necessarily make the code itself at fault, as its sanctions might have been interpreted to include activities would not have been countenanced directly by the federal agency.

The Texas petition filed by Attorney General Allred, however, in seeking to oust 15 oil companies and two associations from the state, asserted the marketing code was "nothing more than an agreement and conspiracy in restraint of trade," unlawfully approved by the trade commission.

Red Cross Drive Slated Tomorrow

Annual campaign for members in the American Red Cross will be in Lubbock Saturday, according to an announcement made today by Rev. Walter P. Jennings, secretary of the local chapter.

Lubbock women will be on the streets Saturday selling membership buttons in a drive to raise Lubbock's quota for the national organization.

"The Red Cross did a world of good in the South Plains area and particularly in and around Lubbock last year when the drouth was on," Rev. Jennings said, "and here is a good opportunity for Lubbock and the South Plains to reciprocate."

FORMER RULER IS OUTLAWED

ALFONSO BANISHED BY ASSEMBLY; IS NOW SAFE IN EXILE

(By The Associated Press)

MADRID, Nov. 20—Don Alfonso de Bourbon, former King Alfonso XIII of Spain, was declared outlawed and banished by the constituent assembly today and thus joined the long dead Charles Stuart of England and Louis Capet of France as the third powerful western European monarch to be decreed guilty of treason by a revolutionary government.

Unlike the luckless Charles I and Louis XVI, however, Alfonso is not likely to face a guillotine. He was safe in exile in the comfortable remoteness of neighboring France as the assembly handed down its decree.

The vote of the assembly was by acclamation. It was delivered after a lone dramatic protest by the aged and aristocratic Count de Romanones, one of Spain's wealthiest men who, as a dashing young nobleman 40 years ago, dandled the baby Alfonso on his knee at Escorial palace.

It came after a five-hour debate in the assembly chamber, packed with radiantly dressed women and faultlessly attired men, many of them friends of the former royal family and of the aged count.

BANK ROBBERS SOUGHT

ELYSIAN FIELDS, Harrison county, Tex., Nov. 20 (AP)—A search was under way today for two men who walked leisurely into the Security State bank, herded three employees and two customers into the vaults and robbed the institution of $1,000.

SECOND MEETING ON GAS EXPECTED

A second conference between counsel for the West Texas Gas company and the South Plains Pipe Line company probably will be held in about 30 days, an audit and appraisal by the companies of their books and properties is expected to be completed by that time, City Attorney E. L. Klett said today.

City commission held no formal meeting this week, although several commissioners, Mayor J. J. Clements, City Manager W. H. Rodgers and other members of official circles conversed yesterday afternoon and this morning at City hall regarding the commission's fight for a cut in natural gas rates here.

City Attorney Klett said "a compromise" possibly would be effected at the second conference following completion of the audit and appraisal. The commission recently ordered the city accountant to begin a preliminary examination of the utilities' books. He has made no formal report of any findings.

Oldest Man In The Navy Retains Honor

SAN DIEGO, Calif., Nov. 20. (AP)—For four more years, Chief Boatswain's mate Isaac O. Castle, 73, may retain the honor of being the oldest man in the United States navy.

The navy department yesterday approved the recommendation of the board of medical survey, which found Castle sound of mind and limb, to allow the elderly tar to reenlist. He received the news with a broad smile.

"Fourteen doctors examined me," he said, "and when they finished they said my blood pressure was better than theirs."

BANDIT IS SLAIN

CLEVELAND, Nov. 20. (AP)—An unidentified bandit was slain and a construction company official was wounded here today in a gun battle during a frustrated holdup. The robber was killed when he fled from Patrolman Charles Fox.

LIFE BRANDED AS LIE IN PLAY BY DAVID BELASCO; PHILOSOPHY GIVEN

(By The Associated Press)

NEW YORK, Nov. 20—David Belasco believed life was a lie.

That was his swan song and he never lived to hear it sung. It is in the hands now of Achmed Abdullah in the form of "Pantaloon," a play—and it may wait yet awhile until actors worthy of the Belasco tradition are found.

The great producer—until his death last May the dean of them all—wrote the play in collaboration with Abdullah, and, so says the latter, he meant it to be the symbol of his own philosophy.

His philosophy was: Remorse and forgiving will in itself do away with evils.

The play concerns the theater. For the characters the theater man drew on his ancestors and made Pantaloon and Harlequin the chief dispensors of his philosophy. Belasco's father was a famous pantaloon of England. His grandfather was a prize-fighter and ancestors before him back to the middle ages have been showmen of one type or another.

"It's good theater," says Abdullah, "nothing highbrow;

(Turn to Page 13, Column 5, Please)

ONCE REGARDED AS REINCARNATION OF CHRIST, HINDU DROPS HIS ROLE

(By The Associated Press)

LOS ANGELES, Nov. 20—Jedu Krishnamurti, young Hindu philosopher once regarded by thousands of followers as the reincarnation of Christ, has cast aside the messianic mantle put upon him by the noted theosophist, Mrs. Annie Besant.

For years hailed as the messiah, the philosopher, in a copyrighted story in the Los Angeles Examiner, today revealed his break with the international Theosophist organization.

"They called me the Christ," he said. "But Christ is potential in all. Furthermore, I am no actor. I refused to wear the robes of a messiah, so I am again free of all possessions. I have nothing except my creed."

Krishnamurti stated he had returned to their original owners the castle Eerde at Ommen Holland; an estate at Ojai, Calif., and homes, lands and chattles that were forced upon me by well meaning friends.

The philosopher was reported today to be in Ojai, a little mountain town north of Los Los Angeles. He said he planned to hold meetings there to preach his creed and "to reflect in a shack."

Major Events In Thursday Society Include Assembly Dance And Bridge Party

Balloons Decorate Dance Hall; Party Color Theme Set By Autumnal Motif

Two of the major social events in Lubbock on Thursday were a dance for The Assembly in the Hilton hotel in the evening and a bridge party given by Les Cigales club in the home of Dr. and Mrs. W. C. Holden, 3109 29th street, in the afternoon.

About forty couples attended the dance. Various steps were introduced, partners were chosen through matching puzzles and balloons, which decked the room, were released late in the evening.

Hosts were Messrs. and Mesdames John Edmisson, L. E. Davis, Ernest Conley, Byron C. Dickinson and R. L. Douglas.

Autumn leaves and flowers set a color scheme for the Les Cigales party in the afternoon. A number of guests played bridge with the club members. Diversions, in addition to the card games, included dancing by Alyne Hutton and a reading by Miss Charles Cox.

Two Score High

High score among the guest players was made by Miss Geneva Adamson and Miss Margaret Williams scored low. The club player making high score was Miss Ruth Mildred Rylander and Miss Mildred Harris scored low.

Special guests for the party were Misses Elinor Aycock, Burlyne McCollom, Lavoyce Dyson, Margaret Morris of Lamesa, Margaret Williams, Nancy Faver, Elizabeth Dryden, Faye Bumpass, Geneva Adamson, Louise Meek, Jennie Lou Jackson, Mary Fenton, Mary Kathryn Wilson, Marjorie Eaton, Aleen Brown, Virginia Craighead, Virginia Wood, Nelda Baker, Barbara Maddox, Sallye Bean, Josephine Welmaker, Bobbie and Robbie McKay.

Club members who attended were Misses Leta Tarrance, Elizabeth Adams, Imogene Gordon, Lola Thompson, Charles Cox, Mildred Harris, Lois Karnes, Ruth Mildred Rylander, Dorothy Rylander and Murvel Rankin.

The Empire State building, New York, represents an investment of $55,000,000.

Even in hard water, dirty dishes are easy to wash

But before washing them, you must soften the water with Mel'o. Soap and soft water never make scum. In soft water no dirty ring forms around the dishpan. Dishes sparkle in soft water and grease is cut.

Water softened with Mel'o is a wonderful cleaner, with or without soap. Mel'o makes soap more effective, saving from ½ to ⅓ the amount ordinarily used. Use Mel'o wherever you want soft water. Get it at your grocer's.

POISON *in Your bowels!*

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D. Head Division Parental Education Cleveland College, Western Reserve University

PUNISHMENT

"Go to your room, Gussie, till you are done crying," Gustavus goes, and there he howls like a maniac. After about three minutes he comes out, saying, "I done." He has finished for this time, but a new offense may land Gustavus in the room again within a day.

Herbert and Mabel have been quarreling when Mabel is told to sit in a chair because she has hit Herbert. Little Mabel slides into the chair and in about a minute she calls her mother to her. "I won't do it again, Mother, I'll be good." and the child is pardoned.

In both instances the amount of punishment was dependent upon the child's conduct while he was "under sentence." All Gustavus needed to do was to go to his room until he had finished weeping. He could howl as often as he liked and be as much of a nuisance as he pleased so long as he fulfilled this formula. For him it was very simple. Gustavus' mother cannot understand why this punishment so rarely lasts. If she had told Gussie to stay in his room, say, twenty minutes, regardless of how soon he ceased to howl, she soon would have got lasting results.

* * *

Little Mabel had very early training in diplomacy. Her punishment was indefinite and doubtless ineffective. She proved to herself that her mother was very easily managed.

Some little children wear their clothes out sliding into and out of chairs, and from their place of punishment, each time making a personal appeal to the punisher, with the whole experience more or less an emotional scene.

Don't resort to such punishment. Sentence the child to the chair if you think it wise to do so. (As a rule it is a good type of punishment.) But always make the sentence definite; never indeterminate. Let nothing about the child's conduct while he is taking the punishment reduce the sentence. Tell him he must sit there say, fifteen minutes by the clock. Set the clock down before him. If he is too young to read time, show him where the hand must be when he may get down. No argument. No explanations. It is final. Treated so, the child will learn to accept his punishment like a philosopher and it will be effective. He will consider it impersonal. Any child has much more respect for a clock than for his parents' whims. "Sit there for ten minutes" is a thousand times better than "Sit there till I tell you to get down." When you say the latter you imply that his punishment depends upon your feelings. The clock does not wabble.

* * *

As soon as you have trained the child to keep himself in a certain place when commanded to, then make every punishment as definite as possible and see it through. No cries, no pleas, no promises must interfere. Only when you have discovered he had not done the thing for which the punishment was given, should there be any change of plans if you want to get best results to the end that the child shall accept the punishment as fair and final and shall need less punishment in the future.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin for each and a self-addressed, stamped envelope to Dr. Garry C. Myers, in care of this paper or Central Press Association, 1425 East Twelfth street, Cleveland, O. The pamphlets are "Punishments and Rewards" and "Fear."

Mrs. W. T. Milam Is President Of Club

Mrs. W. T. Milam is president of the newly organized Lubbock Art club, which has an initial membership of 24 in this city. Mrs. Murray Jones is secretary with Mrs. C. C. Triplett as corresponding secretary and Mrs. Chester Hubbard as critic.

This society, which has been contemplated for some time among those who paint, was formed this week. Studio meetings are planned by the members, who expect to paint and sketch together. There will be a study of art appreciation, also, and the members expect to bring some art exhibits to the city.

Meetings of the club will be held on the second and fourth Tuesdays and the second and fourth Wednesdays of each month. Meetings next week will be at 3 o'clock in the afternoon in Mrs. Milam's studio at her home, 1109 19th street.

Methodist Wesley Class Is At Party

First Methodist Wesley class members attended an annual Thanksgiving party Thursday afternoon in the church parlors. Mrs. W. L. Logan's group of women in the class served as hostesses.

Those present were Mesdames C. C. Webb, Mary Floyd, V. H. Venable, Erlie Thompson, Earl Lovelace, Sarah Criswell, O. B. Trinkle, A. B. Ellis, O. R. Copeland, R. T. Campbell, N. J. Dillon, M. A. Welch, H. L. Thompson, R. I. Tubbs, J. B. McCauley, J. Frank Potts, W. O. Lockwood, C. M. Mitchell, A. G. Odom, Harry Hall, B. F. Hodges, T. V. McKinney, J. W. Griffin, G. O. Thomas, J. O. Haymes, H. W. Sims, J. W. Branch, W. D. Benson, Clarence S. Mast, A. P. Hardin, S. H. Horace Scott, R. B. Smith, W. N. Stanton, R. C. Odom, Fred Adkins, W. W. Campbell, S. T. Ansley and J. H. Beard.

Rev. O. N. Baucom Is P-TA Lecturer

Rev. O. N. Baucom, pastor of the Cumberland Presbyterian church, talked on the relation of the modern home to the school Thursday afternoon before a meeting of the Central Ward Parent-Teacher association at that school.

Children presented a program under the direction of two teachers, Mrs. Frances Tolbert and Mrs. M. L. H. Baze. Awards for the greatest attendance of mothers went to the room of Miss Loydelle Hill and Mrs. Tolbert. There were 52 patrons and teachers in attendance.

Mrs. Smallwood Has Delphian Lesson

With Mrs. George Smallwood as leader, Lu Beta Delphian chapter members heard a program on Sixteenth Century music Thursday afternoon at Hilton hotel. Those who assisted in the lesson presentation were Mesdames F. A. Kleinschmidt, R. L. Powers, L. R. Gamble, L. A. Hollar, Calvin Henson, Clark M. Mullican, W. L. Stangel and H. F. Godeke. Musical numbers were played by Mesdames O. K. Peters and J. C. Powell.

Mrs. R. G. Shelton Is Hostess At Party

Games of forty-two were played Thursday afternoon when Mrs. R. G. Shelton entertained the Six and Six club in her home at 1916 Avenue N.

Those who attended were Meshames K. Carter, Fred Spikes, J. C. Street, J. N. Nislar, W. L. Baugh, F. M. Maddox, W. R. Spencer, C. S. Middleton, J. F. Gregory, J. B. Waltrip, G. W. McCleary, and J. A. Wilson.

Try Lydia E. Pinkham's Vegetable Compound

The calendar said "NO"

Fear of cramps made her refuse! If she would try Lydia E. Pinkham's Vegetable Compound, she could go any day in the month . . . never have to dread the calendar.

Mrs. K. N. Clapp Will Have Two Parties

Mrs. K. N. Clapp is entertaining with bridge this afternoon in her home at 1622 13th street. Another bridge party is planned for Saturday evening.

PURE AND EFFICIENT

Two Entertain On Thursday For Club

Mesdames A. L. Carter and J. B. Maxey entertained 1911 Needle club members Thursday afternoon in Mrs. Maxey's home at 2123 13th street.

Members who attended were Mesdames F. R. Friend, W. T. Gaston, R. Q. Pierce, W. C. Rylander, Fred Snyder, Floyd Beall, R. A. Barclay, J. C. Granbery, T. R. Prideaux, J. F. Hankins, A. B. Cunningham, W. G. Murray, P. W. Horn, W. F. Schenck, H. D. Woods, Glen Hess and Miss Delia Wilkinson. Guests included Mrs. A. W. Carter, Ophelia Mae Beall, William, Maisie and Giles Carter.

The club discussed plans for an annual Christmas dinner.

Mrs. J. D. Shaw Has Club High Score

Mrs. J. D. Shaw made high score in games of bridge Thursday afternoon when Mrs. Allan Webb entertained the Ace Hi club in her home at 2008 9th street. Mrs. Dick Abbott scored low.

Guests were Mesdames C. W. Ratliff, Shaw, Abbott, Lola Shuey, Bill Watson, M. L. Walker, M. S. Cole, E. Paul Carter, V. R. Plummer, Jack Griggs, C. G. Farr and Vestel Lott.

C. E. Luce Talks For Hunt Ward P-TA

George M. Hunt Parent-Teacher association members heard a talk on "Safety" Thursday afternoon at a meeting of the society in that ward school. C. E. Luce, traffic policeman, made the talk.

Room programs were presented by pupils of Miss Elnorna Leslie and Miss Mozelle Gable. Room awards for the highest attendance of mothers at the meeting went to the rooms taught by Miss Leslie and Miss Katherine Tanner.

Wakishaka Girls Are To Serve Dinner

Wakishaka Camp Fire girls are serving a banquet this evening at 7 o'clock in the basement of First Methodist church. Mothers of the girls will be special guests. Mrs. Mike Barrier is guardian for the group.

Dean J. M. Gordon Is P-TA Lecturer

Dean J. M. Gordon, of Texas Technological college, talked on the general theme of education Thursday afternoon at a meeting of the Dupre Parent-Teacher association in the Asbury Methodist church. There was an attendance of 156 patrons and teachers.

Programs were given by pupils in the rooms of Mrs. May Humphries and Miss Maurine Henderson. A picture was awarded to the room of Mrs. Ruby C. Rhodes as more visitors had been received there during October than in any otoer room of the school. The attendance award Thursday went to the room of Miss Henderson.

Recital Is Given By Class In Piano

Miss Blanche Garner presented a part of her piano class in recital Thursday evening at the home of Mrs. R. A. Studhalter, 2311 18th street. Solos, two duets, a rhythm drill by the second year group and a song by first year children made up the program.

Those who participated in the program were Ann Burkman, Joe Terry Jackson, Peggy Hess, Carolyn Reynolds, Lois Ford, Donald Kleinschmidt, Willie Merle Sumner, Margaret Studhalter, Laura Jean Renner, Helenoire Reynolds, Elizabeth Whitnack, Sarah Haynes, Katie Walker, Betty Jane Cross.

Parents of the children attended.

PAIN *like* INDIGESTION

What many call indigestion is very often nothing but excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. You feel distress when you leave the table. Two hours later there is often acute pain. But you need not suffer when you know what to do.

The corrective is an alkali which neutralizes acids instantly. The best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali will neutralize instantly many times as much acid and the symptoms disappear at once. The stomach is soothed. All sourness and gas is dispelled. The entire digestive tract is sweetened by magnesia in this form. Phillips' Milk of Magnesia is magnesia in perfect suspension. It's the scientific and sensible thing to take for the relief of acidity. You have the word of highest medical authority for this.

Be careful to ask for Phillips' Milk of Magnesia, the preparation of magnesia prescribed and used by physicians for the correction of excess acids.

Every mother should know certain uses of this preparation. For herself, and for her children—babies too. Complete directions in each package, 25c and 50c bottles at druggistres everywhere.

The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia. A superior toothpaste.—adv.

PHILLIPS' MILK OF MAGNESIA

Exes Homecoming; Many Arrive Today

Early arrivals of ex-students and alumni of Texas Tech for the annual homecoming here today included: Doyle Williams, Childress; Brilla Mae Willis, Sweetwater; A. Spikes, Lone Oak; Corinne Colvard, Ralls; Cornelia McCanne, Cone; James Strange, Tulia; Raymond and Carl Pflueger, Eden; C. A. Doose Ballinger; Ernest Westner, Breckenridge; H. C. Hervey, Dallas; Bill Sewell, Slaton; and Barney Brady, Amarillo.

The Blue Nile in Africa was so called from the dark color of its silt-laden waters.

IMPROVED PROCESS GIVES BEWITCHING FLAVOR TO COFFEE

Controlled Roasting Creates Flavor No Other Coffee Has

It is a pleasure to breathe the fragrance that drifts from a cup of Hills Bros. Coffee. But wait till you drink it! Here is flavor no other coffee has — flavor none can equal! Hills Bros., alone, roast by the patented process — Controlled Roasting—that gives you all the bewitching flavor of the coffee berry . . . *all the time.*

As the accuracy of the hour-glass depends upon an even, continuous flow . . . a little at a time . . . so the marvelous, uniform flavor of Hills Bros. Coffee is produced by this patented process that roasts evenly, continuously . . . *a little at a time.* No wonder the flavor is superior to that of bulk-roasted coffee. Bulk-roasting requires guesswork, whereas Hills Bros. Coffee is under automatic control. No berry is underdone nor overdone. Perfect, unvarying flavor is positively assured!

Every pound of Hills Bros. Coffee is strictly fresh too. For air, which destroys the flavor of coffee, is removed and kept out of the vacuum cans. Even ordinary, "air-tight" cans won't keep coffee fresh. Order Hills Bros. Coffee today. Ask for it by name, and look for the Arab trade-mark on the can.

Hills Bros. Coffee, Inc., Kansas City, Missouri. © 1931

TECH MATADORS CLASH WITH NEW MEXICO UNIVERSITY LOBOS

WESTERNERS PRACTICE AS SLATON MEETS SANDIES

And then there was the newspaper which bore the headline: "Notre Dame Respects Penn." Wonder what the score would have been if they hadn't respected 'em.

• • •

This department rises to commend Tech's enthusiastic demonstration last night and the apparent rise of spirit on the campus. It is not grudgingly nor with hesitation that we do offer congratulations; it gives the old maestro great pleasure to recognize the efforts of Yell Master Jay Timmons, his assistants and that small part of the student body who are doing their share.

• • •

The frequent jabs at Texas Tech's lack of spirit toward its athletic interests in this column are not directed to the faithful few who are always in attendance and who do their best to make a showing for the entire school. It's the general attitude of the whole school, of which the faithful is only a too-small percentage, at which we are provoked. And since that vast majority are not interested in their school enough to attend games on the campus, it must not be interested enough to read these or any other lines relating of sports activity, so our labor may be lost altogether.

• • •

That same bunch of loyal students, with the fair sex eliminated, gathered at a designated meeting place Wednesday evening and heard Professor Stangel, other faculty and student representatives and an honored alumnus tell what they thought of conditions in general and the spirit of the college in particular. Mr. Stangel was dramatic in his criticism and it's to be lamented that the whole corps of men students could not be at hand. The turnout was miserable, as it is to games, corresponding to the number of students who buy activity tickets. The Tech professor went so far as to suggest that if something wasn't done, Tech might wake up some day and find itself without athletics. Perish the probability.

• • •

This Amarillo-Lubbock football game ticket situat ion just about hogs the spotlight here and at Amarillo this week. All hooey aside, Axel it looks like the bitterness of the Thanksgiving fight will center around the scramble for seats instead of touchdowns. We understand the Westerners and Sandies are to play a football game up at Amarillo next Thursday.

• • •

Jerry (My Pal) Malin, the Amarillo scribbler, has been neglecting his readers something sadly for the last week or two. He hasn't written a column in lo! these many days, and it is passing strange that he would keep so quiet when so much is at stake next week. Or has he lost interest? Or has he gone hunting?

• • •

One of the best football games, probably the very best, played on the local lot this season transpired Wednesday afternoon when Littlefield and Floydada played for the Class B championship of the northern half of the district. Say, that WAS a ball game, 14 to 13, favoring Floydada. Those little boys from Floydada sure staged a comeback in the last half and it was wondrous to see. "Little" Murray, Floydada's quarterback, played with a broken hand, and did he go! We'd like to see him when his passing hand was well. Littlefield played a nice game, too, but took too much for granted in the second half after getting off to a 13-point lead early in the game. This fellow Harliss is just as good as we told you he was.

• • •

Reverend O'Brien of the Baptist church at Floydada "broadcasted" the Littlefield-Floydada game by remote control to friends at Floydada. That is, he talked by long distance to somebody on the other end who relayed the play-by-play account to an apparent gathering. It was a good broadcast, beating anything we have listened to in the press box so far this season and that goes for the Amarillo-Pampa and Lubbock-Pampa games, both at Pampa, with apologies to Tactless Texan and Sam Finberg who are both fine fellows as long as Amarillo and Pampa, resepctively, are making pleasing headway.

• • •

And now it's about time to go to the big football game. Before we go may we advance the hesitant prediction that Tech will win by about two touchdowns, say 20 to 7. The Picadors play the Simmons frosh tomorrow afternoon at the local grid. It should be a good game and it may wind up the football season in Lubbock this year. It starts at 2:30 o'clock.

U. S. HAS LEAST

Of the 105 aviation records recognized as official by the International Aeronautical Federation, 38 are held by France, 30 by Germany and only 19 by the United States.

GAME IS LAST ON THE HOME SCHEDULE

TILT THIS AFTERNOON IS HOMECOMING DAY ATTRACTION

Texas Tech's Matador gridsters probably are making their last appearance of the season on the home field today with the University of New Mexico Lobos as the opponents. The game, which was to start at 3 o'clock, marks Tech's annual Homecoming Day program. Railroads and highways have brought in a hundred or so alumni and ex-students to see the game dedicated to them.

Arriving yesterday at noon, the Lobos from Albuquerque spent less than an hour in a spirited workout on Matador Field, surprising sideline visitors with their husky size and shiftiness of play as they hustled through a neat signal drill. Coach Chuck Riley, Notre Dame's quarterback in 1926 and 1927, lamented the fact that his line and backfield was rather badly abused in the game with the University of Arizona a week ago and stated that a serious injury to Wilson "Buster" Charles, great triple threat star and main ball carrier, would handicap the team's offense.

Meet First Time

The teams meet on a gridiron for the first time in history today and the outcome will be watched with considerable interest. How Tech will stack up with one of the leading teams of the west is a matter of more or less serious conjecture. The University of Mexico is considered to have one of the leading teams in its section. A victory over Occidental college early in the season and a 7-7 tie with the University of Arizona brought the club and the institution considerable publicity.

Quarterback Speed Moffett and Halfback Lawrence France took part in yesterday's workout and appeared well on the road to good health again after a few slack days in which more or less serious injuries were nursed. So far as could be determined last night, the Tech team will be able to start full strength, perhaps the outstanding drawback being Yancy Price's illness which may prevent him from seeing much service in today's game.

Coach Cawthon intimated yesterday that he would not follow his usual custom in starting the second team or "shock troops" today, but open up with his best lineup. If the shockers do start, the above listed men probably will go in before the first quarter is over.

Tech officials might have had trouble in securing a game for Homecoming Day against a more colorful outfit that comes from Albuquerque for today's game. The Lobos have rung up an impressive record this season, winning all but two games of a long schedule and tying one of these. The loss was to the New Mexico Aggies, who were defeated only by a touchdown by the Matadors when the latter were not in prime physical condition. The Aggies caught the Lobos in a similar shape. The tie game was recorded against the powerful University of Arizona last Saturday, and in that game the Lobos pushed over a touchdown that was ruled out by an official, thus making the final score read, 7 to 7 tie.

Indians On Team

Included in the University of New Mexico lineup are a number of former Haskell Institute gridiron stars. The Lobo roster contains the name of Wison "Buster" Charles, national collegiate decathlon champion and one of America's outstanding hopes in the 1932 Olympics at Los Angeles. Others from Haskell who have transferred their loyalty and ability to New Mexico are Ward, regular tackle. Powless, regular guard for two years at Haskell and Cross, listed as starting quarterback for the Lobos today. Hendrix hefty fullback, is due to see plenty of service with the visitors today. He is another former Indian athlete at Haskell.

Featuring the Lobo attack which originates from the popular Notre Dame formations and systems used by Coach Riley, is the passing and running of Cross, 150-pound quarterback. When Charles is not in the lineup, Rowan, left end, drops back to punt. Brown and Severns and Hendrix do most of the ball carrying and running down to receive passes.

Golf Association Has Many Problems

NEW YORK, Nov. 20. (AP)—The executive committee of the United States Golf association evidently has found many vexing problems with which to deal.

The committee, in quarterly session yesterday, deliberated most of the day and a good part of the night behind closed doors. Announcement was made that no statement of business transacted might be expected until today.

There seemed little doubt the committee would approve a new and heavier golf ball—1.62 ounces in weight, compared to the present weight of 1.55 but of the same diameter.

All available information indicated the 1932 Walker cup matches, slated to be played in the United States, would be abandoned.

Football Schedule

Saturday, Nov. 21.

CARNERA GETS DECISION

BUT KING LEVINSKY GETS ALL CHEERS, TAKES ALL BOWS

CHICAGO, Nov. 20 (AP)—Primo Carnera had a decision victory over King Levinsky today but it was the kingfish who was getting all the cheers and taking all the bows.

Carnera's not very impressive showing against his comparatively tiny opponent was not the most of Carnera's troubles. As he reached his dressing room after the fight two deputies placed him under arrest in connection with a judgment for $3,754 obtained by George Biemer, a Fort Wayne, Ind., promoter. Unable to locate a bondsman, Carnera's manager arranged for the Italian heavyweight to spend the night in his hotel room with representatives of the law as his roommates. A few hours before, an attachment on Carnera's purse had been served on the Chicago stadium. Carnera was scheduled to appear in court this morning.

Outweighed 78 1-2 pounds, scaling 194 pounds to 272 1-2 for the gigantic Italian, and handicapped in reach and height so that it often was necessary for him to leave his feet to land a blow to the head the former fish peddler from Chicago's ghetto put up as stirring a battle as ever has been seen in the Chicago stadium.

THURSDAY FOOTBALL FINALS

At Atchison, Kas., Northwest Missouri State Teachers college 54; St. Benedict's college 0.

At Chico, Cal., Fresno State Teachers college 6; Chicago Teachers college 18.

At Kirksville, Mo., Missouri "B" 0; Kirksville Teachers 21.

High School

Mission Junior High 0, McAllen Junior High 20.

RAIDERS FACE USC TROJANS

NOTRE DAME EXPECTS TO DEFEAT STRONG CALIFORNIANS

SOUTH BEND, Ind., Nov. 20 (AP)—Notre Dame's Raiders of the gridiron are ready to answer the challenge of the Trojans from Southern California.

Fired to a new high pitch and loaded with enough scoring dynamite to blow the average college eleven into the clouds, the big football army from South Bend could see nothing but a victorious battle against the western invaders tomorrow.

At no time this year has the Notre Dame squad groomed itself so grimly and seriously as it has for its famous rival from the west. In its final regulation workout, which lasted almost four hours last night, each regular and reserve hustled as never before and Coach Heartly "Hunk" Anderson, himself, became enthusiastic over the prospect for victory in tomorrow's important game.

"Despite the injuries to Melinkovich, Koken and Pierce, the boys looked better than any time this year," he remarked. "They realize at last that we have a tough assignment ahead of us tomorrow and they are in the right mood to play real football. Maybe we'll lose but Southern California will know it has been in a football game."

All roads for the football minded led to South Bend today and the town was all decked out and ready for the crowd. Tickets were selling so briskly that only 8,000 of the 55,000 pasteboards were left and a sell-out crowd, the first for the new Notre Dame brick stadium, seemed certain.

The federal government passed laws in 1863, 1883 and 1877 forbidding the practice of polygamy in the territory of Utah.

BABE RUTH AND COL. RUPPERT READY FOR ANOTHER FOUNTAIN PEN BATTLE

NEW YORK, Nov. 20 (AP)—Those boon companions, Babe Ruth and Col. Jacob Ruppert, are busy brushing up their lines for another battle of the fountain pens.

At St. Petersburg in 1930 the doughty owner of the Yankees finally cornered his prize bludgeoner and virtually forced him to sign a contract for two years at $80,000 per.

Now it's time for another one. The St. Petersburg document has run its course and the colonel and the Babe started light training for the forthcoming fray.

Yankee headquarters today sent out what amounted to the opening jab at the world's highest salaried athlete, occupied now with movie shorts in Hollywood.

"We don't intend to hold any preliminary conference with the Babe," said Ed Barrow, secretary of the club. "When the contracts are sent out in January, he will get his along with the rest of them. Then, if it doesn't suit him, there will be plenty of time for conferences."

As the Bambino never has been known to like any contract popped at him through the mails, it is a foregone conclusion there will be some high-powered conferences.

In view of the Babe's advancing years, it is felt certain the owner of the Yankees either will try to hold his star to a one-year contract or take a substantial slice off his present salary or both.

TIGERS CLASH IN GAME AT AMARILLO

PAUL WRIGHT'S TEAM HOPEFUL OF CLOSE GAME OR WIN

With the full-fledged support of Lubbock players and fans behind them and a hundred or so home town fans on the sidelines to cheer them on, the Slaton High school Tigers are in Amarillo today for their last district game, the Amarillo High Sandies furnishing the opposition and doped as heavy favorites.

The Tigers, highly encouraged over their showing at Pampa last week when they held the strong Harvesters to a 19 to 7 score, went to Amarillo yesterday morning and worked out yesterday afternoon on the field where they meet the Sandies today. It was a spirited bunch of gridsters that left this end of the Panhandle for their last important game of the season. Highly ambitious of winning at least one of their four conference games during the first year in Class A competition, the Tigers are due to present a front at Amarillo today that will be hard for even the Sandies to turn.

Lubbock Pulls For Tigers

Lubbock pulls for a Slaton victory for a two-fold reason. Local fandom and football element would like to see an upset because Slaton is in the same neighborhood with Lubbock. They would like to see the Tigers bowl over the Sandies because Lubbock's Westerners meet the Sandies next week in one of the most important games of the state and anything anybody can do toward lessening the threat will be pleasing to Lubbock if Slaton can soften the Sandies up, make them easier for Lubbock to beat next Thursday, local enthusiasm for Slaton will be increased many fold.

Over at Plainview today Coach Froggie Lovvorn's Bulldogs will attempt to stop the Pampa Harvesters in the last scheduled game for either team. While they are scarcely hopeful of a victory, it is the Plainview ambition to hold Pampa to a close score.

Spotlight Is On Frog-Bear Clash

S. M. U. PLAYS NAVY AS TEXAS, CENTENARY GENTS MEETS

BY BILL PARKER
Associated Press Sports Writer

DALLAS, Nov. 20 (AP)—Only the Texas Christian-Baylor game tomorrow at Waco will shoulder important conference interest this week-end. Texas against Centenary today at Shreveport; Southern Methodists at Annapolis with Navy; Arkansas battling Rice at Houston are other games for Southwest fans.

Texas Christian must beat Baylor to retain a chance to tie Southern Methodist when they meet November 28 for the conference championship. If the Christians lose, it will be their second conference defeat and definitely erase all title possibilities regardless of the outcome of their final game against Southern Methodist.

Teams At Peak

Texas Christian and Baylor are at the peak for a hard game with the Bears expected to feature a consistent passing attack against the Frogs' deceptive running offense.

Texas plays Centenary in order to get as much rest as possible before meeting Texas A and M in the annual Thanksgiving day game which always is regarded as the Southwest classic regardless of how the teams stand in the conference race.

The Southern Methodist Mustangs were en route to Annapolis today.

The Methodists were confident their "aerial circus" would permit them to retain their unmarred 1931 record. Bob Gilbert, star quarterback and passer, returned to the lineup after being idle several weeks because of injuries.

Arkansas, loser in three conference games, hopes to trim Rice with a hard running attack that will see Homer Ledbetter, fullback and leading conference scorer with 42 points at its head. It will be Arkansas' final conference game this year.

Texas A and M will be idle until the Texas game.

ALUMNI BLAMED FOR SUBSIDIZING OF ATHLETES

NEW YORK, Nov. 20 (AP)—Writing in the December issue of Scribner's, Dean Christian Gauss of Princeton takes the somewhat hopeless position that subsidizing of college atheletes can be eliminated entirely only when some method is discovered for curbing over-zealous alumni. And for that, he adds, "no method has been found or can reasonably be expected to be found."

Dean Gauss charged that virtually every college in the country had subsidized athletes although in many cases without the knowledge of the college.

Subsidizing with the knowledge and consent of college officials, however, is becoming more rare each year in Dean Gauss' opinion.

Canada is the second largest gold-producing country in the world.

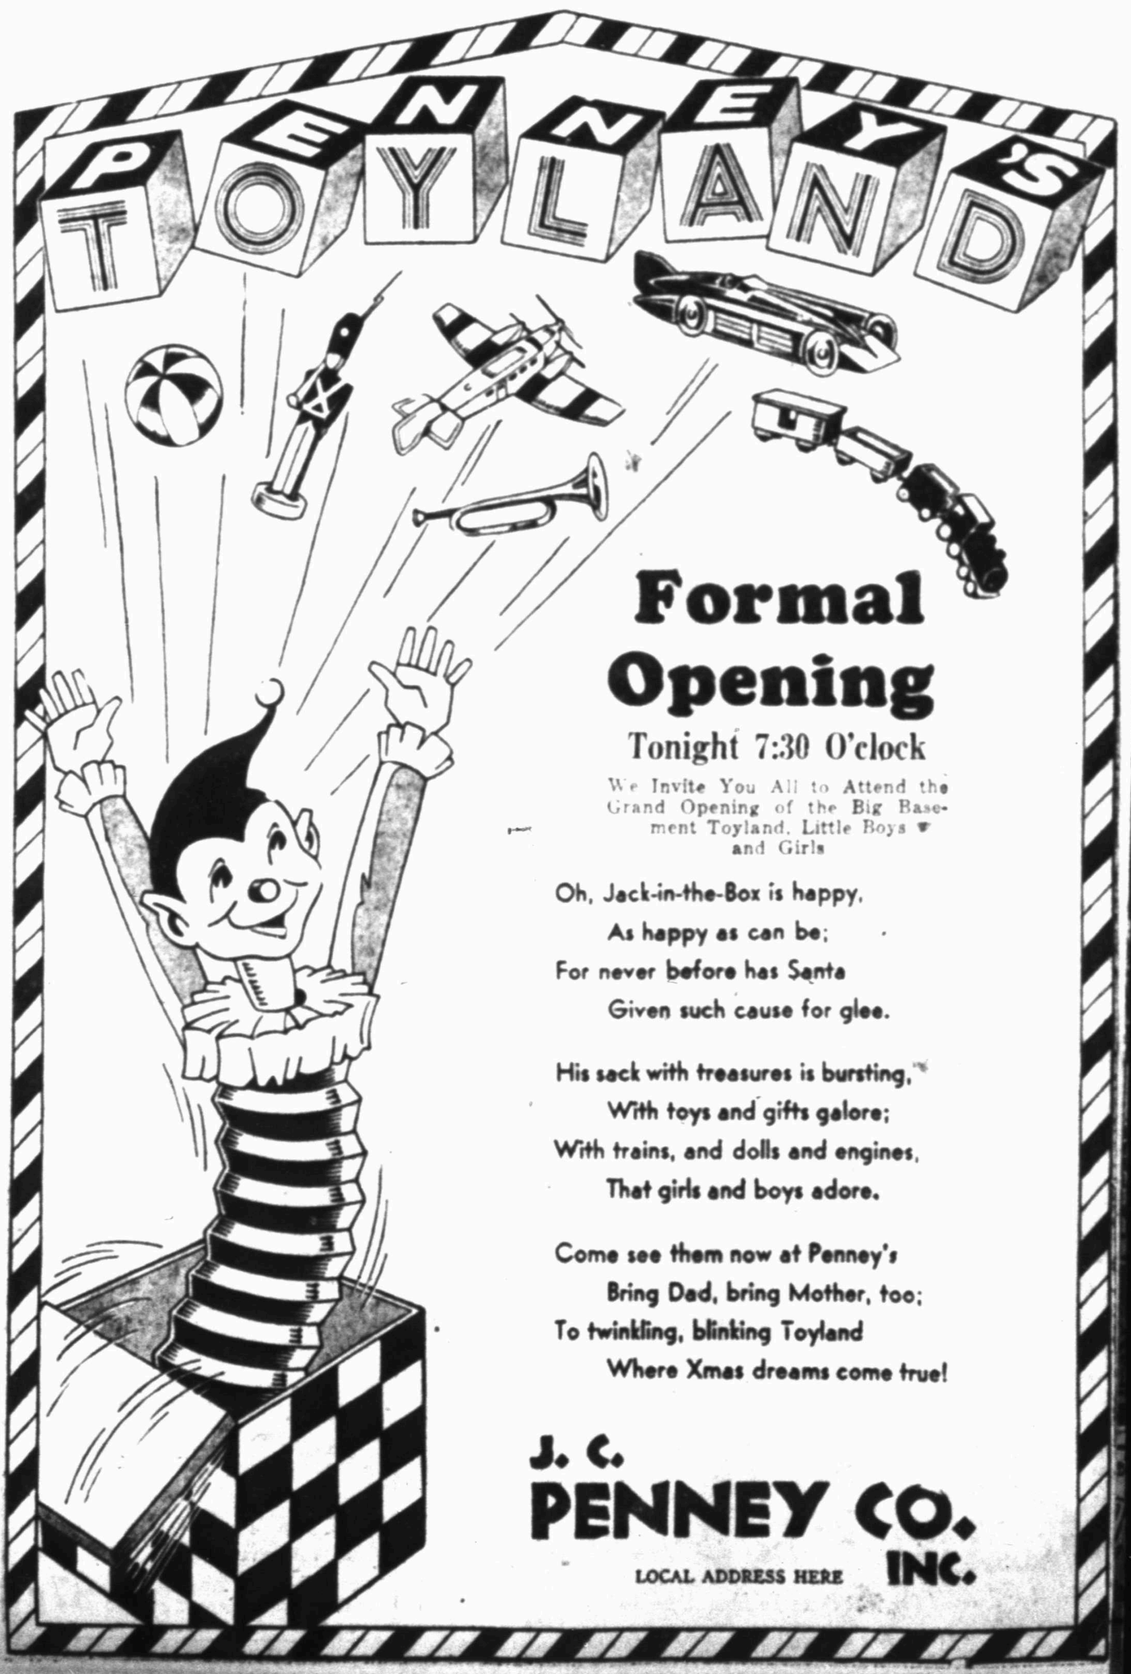

GOOD WORK IS KEPT UP AT FAIR PARK

SPIRIT IS ON UPWARD TREND FOR CLASH WITH SANDIES

The good work was kept up on the Fair Park field yesterday where the Lubbock High School Westerners are in serious preparation for the game next Thursday at Amarillo. Heavy practice this week is putting the club in fine fettle for the game, and the spirit appears to be on the upward trend always.

Yesterday's workout, one of the peppiest of the season, included a short scrimmage session and plenty of passing and punting. It is likely that the Westerners will depend on an aerial attack for much of the yardage to be gained against the Sandies.

With the exception of Fullback Gene Barnett, who has been out for two weeks with a broken foot, the team showed great physical strength and fortitude in a hard workout yesterday. Barnett hobbles about the field these days on a cane and in plain clothes, watching the plays, the execution thereof and joins in with his mates in the warcry, "Beat the Sandies." Barnett may be able to don a uniform next week, he may not even be in uniform at the game. It all depends on how the injured pedal extremity continues to improve. His doctors have forbidden any practice this week and there is only a hope that he will be able to play. Without him, the Westerner backfield is weakened considerably, though Bill Davidson has been taking his place in a pleasing manner this week.

Formal Opening

Tonight 7:30 O'clock

We Invite You All to Attend the Grand Opening of the Big Basement Toyland, Little Boys and Girls

Oh, Jack-in-the-Box is happy,
As happy as can be;
For never before has Santa
Given such cause for glee.

His sack with treasures is bursting,
With toys and gifts galore;
With trains, and dolls and engines,
That girls and boys adore.

Come see them now at Penney's
Bring Dad, bring Mother, too;
To twinkling, blinking Toyland
Where Xmas dreams come true!

NEBRASKA FACES IOWA STATE IN TITLE CONTEST

KANSAS CITY, Nov. 20 (AP)—The Cyclones of Iowa State, who spellalized in squeeze victories for their undefeated record in the Big Six, play Nebraska for the conference football title at Lincoln tomorrow while Missouri and Kansas renew their traditional rivalry at Lawrence.

Clear title to first place goes to the winner of the game at Lincoln and the loser will have an unchallenged claim to the runner-up position.

Nebraska rates as the favorite but so did other opponents of Iowa State who subsequently found themselves on the short end of close scores.

Missouri and Kansas will be battling for fourth place, the Kansas Aggies already having clinched third. If Kansas wins its first conference game of the season, it will be in fourth place and Missouri will be tied with Oklahoma for last in the final standings.

Either team could expiate a season of indifferent showings with a victory tomorrow, for the game is to the two states what the Yale-Harvard clash is to the east.

CANZONERI WILL MEET CHOCOLATE IN BOUT TONIGHT

NEW YORK, Nov. 20 (AP)—Two former newsboys will trade rights and lefts, hooks and jabs, in Madison Square Garden tonight for the world's lightweight championship.

Tony Canzoneri, the champion, was shouting "wuxtree" in the streets of New Orleans just about the same time Kid Chocolate was yelling the Spanish equivalent in Cuba.

Canzoneri will be risking not only his lightweight title but the junior welterweight crown as well in his 15-round test against the greatest negro 135-pounder since Joe Gans. What is more Chocolate's junior lightweight championship also will be at stake if Canzoneri makes the class limit of 130-pounds for that somewhat artificial division.

A last-minute rush of money to the champion's support indicated Chocolate would enter the ring on the short end of 8 to 5 odds.

Canzoneri, on his record, seems entitled to the favorite's position. Neither has been knocked out.

PICADORS FACE SIMMONS FROSH

The Tech Picadors, freshmen football outfit coached by Del Morgan, will be guests at the Matador-Lobo game during the first half this afternoon, after which they will resort to their practice field for the final practice before meeting the Simmons University frosh here tomorrow. The game, which may be the last gridiron contest played on the local field this year, is scheduled to start at 2:30 o'clock tomorrow.

Heavy work has been given the Picadors this week in preparation for the game, which will act as a sort of introductory affair for the Tech-Simmons Thanksgiving contest in Abilene next Thursday. Coach Morgan has drilled his proteges in offensive tactics which will be used against the Cowboy first year men.

Their 44 to 0 victory over the Canyon Yearlings last Friday night brought the Picadors into considerable prominence in the local football picture, and they ar econsiderable favorites in their last home and tomorrow Morgan intimates that he will start the lineup which opened last week's game, but will probably use about three teams during the game.

CALIFORNIA AND STANFORD TO VIE

SAN FRANCISCO, Nov. 20. (AP)—The annual "big game" between California and Stanford holds the spotlights of interest in tomorrow's Pacific coast football games as the 1931 coast conference season draws toward a close.

The two aggregations meet in a game which has a prize for the winner second place in the conference standings as well as victory in the oldest gridiron rivalry of the west.

California rules a slight favorite to win but fans expect the game to be the most bitterly fought in many years.

The only other Pacific coast conference game will be played at Los Angeles and Oregon university.

Junior High Team Annexes Victory

The Lubbock Junior high school cubbers, coached by "Mule" Davis, annexed another victory yesterday, defeating the Brownfield Juniors, 20 to 0, in a hard fought contest here.

Bantley went over for the lone touchdown that marked the victory in the third quarter. The playing of Quarterback Robert Allen Hill, Ayers and Calhoun in the backfield with Phillips and Chancey in the line was outstanding.

THOSE KILKENNY CATS

The Kilkenny cats were two pugnacious felines which, according to tradition, fought until there was nothing left of them but their tails. To fight like two Kilkenny cats is to fight or wrangle until both sides have lost everything.

FIGHTS LAST NIGHT

(By The Associated Press)

CHICAGO—Primo Carnera, Italy, outpointed King Levinsky, Chicago, (10). Bat Battalino, world featherweight champion, knocked out Bushy Graham, Utica, N. Y., (1). SCOUT CHIEFS MEET HERE

PROGRAM DISCUSSED AT TAMALE SUPPER THURSDAY NIGHT

At a tamale supper hastily arranged when weather conditions prevented a scheduled barbecue, scoutmasters and executives discussed the Boy Scout program Thursday night in the First Baptist church basement. The barbecue was to have been at Buffalo Springs.

Lloyd O'Neal of Dallas, deputy regional scout executive, attended and told the leaders about the opportunities of scouting. Reports of the school survey were made, indicating 172 boys between the ages of 12 and 14 who desire to become scouts. The scoutmasters will receive lists of the youths.

The leaders also discussed plans for good turn performances at Thanksgiving and Christmas. The boys probably will take part in a campaign for Christmas toys. The session was opened with a "good fellowship" meeting. Hot tamales, crackers and coffee were served.

Attending were Carroll Thompson, C. L. Hale, R. F. Adkins, S. A. Henry, Charles Brock, Don L. Jones, Vaughn E. Wilson, F. G. Harbaugh, Tom Everheart, Wendell Watson, Elmer Hester, Horace Gore, Fred De La Shaw, Glenn Hackney, James White, Cecil Butler, Mr. O'Neal and Scout Executive D. T. Jennings.

Heads Police

A police captain with the reputation of the "sternest disciplinarian in the department" has what might be regarded the toughest job in the world—cleaning up Chicago. He is James P. Allman, above, new police commissioner of the Windy City, a veteran of 31 years on the force.

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

By The Associated Press

Mice To Blame

GENEVA, N. Y.—When a radio fails, residents here blame field mice. Mice, having no sense about electricity, get inside the cabinets, and the shock kills them. Radio engineers say it causes many sets hereabouts to go "dead."

Turns Auctioneer

NEW YORK—Grover A. Whalen has turned street auctioneer. His efforts brought the city unemployment fund $250 when he sold "interests" in a dog to highest bidders in a street crowd. The animal was donated by a 10-year-old bootblack who received $50 and his dog back after the sale.

Steals Own Car

PHILADELPHIA, Pa.—John H. Baldwin stands charged by police with stealing his own automobile. A traffic policeman last spring arrested Baldwin for a traffic violation and impounded his car for not being able to pay the fine. The officer recognized the machine today and said Baldwin "stole" it from police headquarters without paying the fine which the car had guaranteed.

No More Speeding

MIAMI, Fla.—Somebody else can have the speed records. Colonel Charles A. Lindbergh, who established one across the continent one Easter Sunday, says he intends to devote himself to what he considers a more important phase of aviation transport flying.

Too Anxious

NEW YORK—Thomas Nestor, a tunnel worker, was anxious to see his wife and their new baby. He hurried through the compression locks under the East River without waiting to become accustomed to normal air pressure. When he arrived home he was seized with the bends and fell out a four story window.

BEAUTY IS NOT JUST A GIFT

For every woman who inherits beauty, there are five who win charm and good looks. Without health, there can be little natural beauty. And a serious handicap to health is constipation.

This widespread ailment often causes headaches, listlessness, sallow skins, pimples—undermining both health and beauty.

Yet constipation can be overcome by eating Kellogg's ALL-BRAN. This delicious cereal provides "bulk," which gently clears out the wastes. And Vitamin B to tone up the intestinal tract. The "bulk" in ALL-BRAN is much like that in lettuce.

Try two tablespoonfuls daily—usually sufficient for most types of constipation. If you suffer from intestinal trouble not relieved this way, consult your doctor.

ALL-BRAN supplies iron for the blood. At all grocers. Made by Kellogg in Battle Creek.

HELPS KEEP YOU FIT

Wins But Loses

BRIGHTON, N. Y.—It's bad enough to lose an election, but Fred Hoff won and can't be given the office. Through error his name was spelled "Huff" on the ballots and now he cannot be sworn in as town constable.

Dog Escapes Death

BATTLE CREEK — Roxie a German shepherd dog, has escaped a death sentence by going into exile. He was under $200 bond pending appeal from a court order for his destruction on a charge of viciousness but the case has been dropped. His owner informed the court that he had sent Roxie to Berne, Ind., to Miss Mildred Heller. "I'm satisfied," said Justice Paul Shafer, "maybe I won't get any more letters calling me names."

Takes Own Life

NORWALK, Conn. — Nine years ago Frederick Buckley won the O. Henry memorial prize for his story "Gold Mounted Guns." Yesterday while automobile riding, Mrs. Buckley, his wife, snatched from his pocket a gun and killed herself.

Likes U. S. Women

PARIS—Here's a Frenchman who found American women very lovely. J. Joseph-Renaud, in his book "Flaming New York," says American girls are beautiful, honest, light-hearted, devoted to their husbands and agreeable.

END CRIMINAL COURT WORK

ROBISON ACQUITTED IN LIQUOR TRIAL ON THURSDAY

Criminal proceedings in 72nd district court this term were ended Thursday with an acquittal, a suspended sentence, a continuance, and probable transference of a case.

A jury Thursday afternoon freed A. L. Robison of a prohibition law violation charge after deliberating 10 minutes.

Alton Jenkins pleaded guilty to a forgery charge, waived a jury trial and made application for a suspended sentence. Judge Homer L. Pharr gave Jenkins a three-year suspended sentence. Criminal work this week in 72nd district court was completed Thursday. Case against Fred Norton charged with assault with intent to murder, was continued to next term of court.

Pitson Lambert, negro, charged with the murder of another negro probably will be tried in 99th district court next week. Burton S. Burks, assistant district attorney, said Thursday.

Bondsmen of A. H. Beazley Thursday were given additional time in which they will attempt to prove that Beazley, convicted of two liquor law violation charges and facing a third, is dead.

The state, through District Attorney Durwood Bradley, has made a move in 72nd court to forfeit $1,000 bond in the case pending against Beazley. The bondsmen contend that the defendant is dead and have been given time in which to get a deposition from Beazley's wife. He allegedly was killed in an automobile accident near El Paso.

Beazley's two other cases were upheld by the court of criminal appeals at Austin Wednesday, Burton S. Burks, assistant district attorney, said Thursday. The convictions involve sentences of two and three years, given in Levelland and in Lubbock and Beazley has been at liberty under appeal bond in these cases. Official report of the higher court that the convictions have been upheld has not been received here, said Burks, but when the papers arrive the state will ask bondsmen to deliver Beazley to serve the sentences.

CHRISTIAN THAULOW PLEASES LOCAL AUDIENCE IN VIOLIN CONCERT HERE

Another appearance was added to Christian Thaulow's remarkable list of successful concerts when the internationally famous violinist played in the senior high school auditorium here last night. About 725 persons attended the concert.

Warned by the program that no encores would be played until the completion of the printed program, the audience remained at the close of the evening until the artist returned to play four numbers.

Mr. Thaulow gives his hearers the impression that he had much rather play the violin than do anything else and played the most difficult of passages with apparent pleasure. He did not fail to live up to advance press notices concerning his remarkable talent.

Certainly some mention should be made of the pianist, Hjalmar Bergh, who played flawless accompaniment and was appreciated by Mr. Thaulow as was evidenced after the completion of the numbers when they turned to leave.

The program was opened with Fiocc's "Allegro," followed by "Poeme" by Chausson, a modern French composer.

The artists returned to play "Variations" (Tartini-Kreisler), "Serenade" (Rachmaninoff-Elman) and "Spanish Dance" (De Falla-Kreisler).

The fourth appearance was for the violinist to play "24th Caprice" (Paganini-Auer) and the final group was composed of "Zephyr" (Hubay) and "Gypsy Airs" (Sarasate).

Mr. Thaulow made the happy choice of selecting compositions familiar to many in the audience for his encores. The first was "Humoresque" (Dvorak), followed by "Puck" (Grieg), "Ave Marie" and the final number was "Liebestraum" by Kreisler.

The violinist is at present professor of violin at Simmons university, Abilene, a position which he accepted last summer.

Net receipts will be used by the Westerner band to pay expenses to Amarillo for the Thanksgiving football game and return.

HARD ON THE CAT

SEATTLE, Wash.—J. P. McEftwine and wife went to visit an aunt. One night, so hungry he couldn't sleep, McEftwine sneaked downstairs and raided the icebox. Just as he was about to sink his teeth into a piece of steak he tipped over a saucer and it broke. Hearing a cry from the aunt, he hurriedly threw the steak to the cat and hid under the table. The aunt, coming downstairs and discovering the mischief, spanked the cat.

MORE FUNDS IN BANKS SHOWN

MONEY BEING TAKEN FROM SOCKS AND PUT IN BANKS

NEW YORK, Nov. 20. (AP)—Further evidence that money is being brought out of socks and from under mattresses and returned to banks appeared in today's weekly federal reserve statement.

Money in circulation declined $46,000,000, the largest drop since the hoarding tendency was checked after the middle of October.

Bankers attribute the reductions to a change in public psychology since formation of the national credit corporation to assist banks in need of funds. They point out that banking suspensions have fallen off abruptly, and unusual deposit withdrawals generally have been checked.

Gain Is Shown

The first reduction in money in circulation in many weeks was for the week ended Oct. 21, a drop of $24,000,000. In the next week, there was a gain of $63,000,000, which was about equivalent to the usual gain during that week, and attributable to seasonal influences. Last week there was a decline of $26,000,000.

Some bankers have felt the changes in the past three weeks were not altogether conclusive, but felt this week's drop provided a real confirmation of the belief public confidence was being restored. The reduction of $46,000,000 in money in circulation brought the total down to $5,471,000,000.

ASKS ACREAGE REDUCTION

PARNELL PLEADS FOR COOPERATION OF COTTON STATES

SHREVEPORT, La., Nov. 20. (AP)—Governor Harvey Parnell of Arkansas last night urged before a radio audience the necessity of the 16 cotton growing states agreeing on uniform cotton acreage reduction laws to prevent a further piling up of surplus stocks.

Speaking over radio station KWKH, Governor Parnell pleaded for a "spirit of compromise" between states and between the exponents of various acreage reduction plans.

Governors of cotton growing states were urged by him to attend and bring delegations to the uniform cotton acreage reduction legislation conference which he and Governor Bilbo have called for next Monday at Jackson, Miss.

Paying tribute to Governor Huey P. Long of Louisiana, as the official who took the first step toward cotton acreage reduction laws, Governor Parnell said he believed all friends of the movement should come to the conference prepared to effect a compromise out of a dozen plans for relief of the cotton farmer.

She's a "Find"

Rachel Rartzell, above, rates the title of the first "important discovery" of the new Broadway show season. Cast for a road show tour last year, Miss Hartzell made her first New York appearance in "Cloudy With Showers" and was credited by critics with being the most promising of the younger comedi:ennes.

PRINCE UNDER THREAT OF BROTHER KING

PARIS, Nov. 20. (AP)—Prince Nikolas of Rumania is under threat of arrest by his brother, King Carol, following a hot quarrel between the two at the palace in Bucharest after the Prince's recent marriage to a commoner, it was learned here.

Details of the quarrel, just revealed, told of a stormy scene in which King Carol tore up the marriage certificates before the Prince's eyes and the Prince countered with defiance, declaring he had photostatic copies.

"I anticipated your unreasonable behavior," the Prince snapped, "and your bad temper. I had copies made of those papers. You don't think I intend to allow my children to be declared illegitimate, do you?"

"You will have a few days in which to think this over, young man," the king replied. "Remember, I can put you under arrest at any moment and deprive you of all your royal privileges."

Prince Nikolas, it was said, turned on his heel and stalked out of the royal presence. Bucharest was said to be waiting the outcome with excitement.

In Sweden an inexpensive cash register has been deveoped that requires little space and enables each employe of a stire to have his own register.

AIR CONDITIONING INDUSTRY IS SEEN

NEWARK, N. J., Nov. 20. (AP)—Air conditioning, one of the outstanding new industries on which economists and engineers are relying for strength in the economic recovery of the United States, may shortly be doing a $250,000,000 business, it was reported here.

Air-conditioning, or indoor-weather-making, is the regulation of temperature and humidity indoors; and is already in use in department stores, theaters and in some 4,000 factories.

The development of the industry, it has been predicted, will be attended by expansion in other industries, increasing the production of refrigerating machinery and materially aiding power companies.

Between 50 and 75 retail stores already are using air conditioning apparatus; and this is only a small per cent of the market possibilities. Out of a total of 14,000 theaters only 300 are equipped.

Several hundred department stores throughout the country arecoaches.

potential customers. To date only 25 installations have been made.

In 1931, five ocean steamships installed air conditioning in their dining salons and three railway lines have equipped forty railroad

HOOVER OPPONENT EXPRESSES VIEWS

WASHINGTON, Nov. 20. (AP)—The only avowed opponent of President Hoover for the 1932 Republican presidential nomination said today an attempt to win the election "fraudulently" by an evasion of the prohibition question is "craven and dishonorable."

Joseph Irwin France, former Republican senator from Maryland made that assertion in a letter to Chairman Fess of the Republican national committee, an outspoken dry.

"If we are for the Eighteenth amendment," France wrote, "let us be pledged to defend and enforce it. If we are opposed to it let us stand openly for repeal.

"I shall have no part in countenancing an attempt, by our party, to sneak and steal into office with an unlabeled keg on each shoulder, with a sly wink to the wets that it is all wind and a nod to the drys that it is all water, while in reality it is a keg of rum on one shoulder for those who drink wet and on the other a nominal dry law, not to be enforced, to placate those who drink dry."

RUM RUNNERS HIT BY HARD TIMES

CLEVELAND, O., Nov. 20. (AP)—Hard times for rum runners on Lake Erie have made them almost extinct, C. W. Pollock, acting collector of customs, said today.

Every conceivable scheme—except perhaps the use of the submarine—for smuggling Canadian liquor onto the shores of the Buckeye state has failed. Each scheme has proved too hazardous and too expensive.

Pollock said the new Canadian law, under which liquor-laden vessels may not embark for any country embracing prohibition has aided materially in suppressing the rum runners.

One $90,000 carload of liquor was shipped from Montreal to the French island of St. Pierre near Nova Scotia, thence to Galveston, Tex., and finally by rail to Cleveland. After that long and expensive voyage, Pollock said, federal agents seized it.

Use of airplanes by rum runners was halted about a month ago when two expensive ships were seized.

An Iowa judge recently fined a woman for violating traffic laws and only when she looked up at him did he realize that she was his wife.

All through the town the word went 'Round.. "BEANS TONIGHT"

The whole town turned out when Uncle William served his famous Brown Beauty Beans. Here was something different—brown, plump, mountain-upland beans—like no other beans in the land—cooked to mellow tenderness and steaming in Uncle William's secret, savory sauce.

No wonder they found their way into cans—these rich, meaty, appetite-delighting beans. Telephone your grocer now for a can. And ask for the folder of recipes that goes with them.

McKEE EN ROUTE TO PEN WHERE ELECTROCUTION IS SCHEDULED

DEATH SENTENCE IS PRONOUNCED FOR SLAYER THURS.

LAMESA, Nov. 20.—Shackled and guarded, Ira McKee, the first man to receive a death sentence in Dawson county, was scheduled to arrive at the state penitentiary at Huntsville today. Judge Gordon B. McGuire, Thursday, sentenced McKee to die in the electric chair for the murder of W. R. Billingsley, who attempted to halt McKee's flight after a holdup.

In the death chamber of the state penitentiary some time between 12:01 a. m., and sunrise of the morning of January 8, 1932, McKee will pay with his life for that of the Sparenburg merchant who was shot to death May 1, 1930.

Heavily chained, with two rangers armed with revolvers and shotguns on either side, McKee left shortly after 1 o'clock in the sedan of Sheriff Gus White for Huntsville. The sheriff was driving the car.

In the car was a machine gun and plenty of ammunition, ready for any emergency. The officers were prepared and on guard for any attempt that might be made to delay the trip.

An hour after the sheriff two rangers and a deputy, had unloaded their charge in front of the court house, McKee was lodged in the city jail, his date of execution set and his final efforts to delay the passing of the court order, brought to naught.

Besides the sheriff and two state rangers, seven or eight other officers were in the court room for the hearing. They were Ed Price, "Shank" Costin, Jap Randall and Ray Barnett, deputy sheriffs or special deputies; A. L. Boyd, chief of police of Lamesa, Barney Yarbrough, a deputy, and P. H. Couch, constable. Another special deputy was J. R. Westmoreland, who made the trip with Sheriff White to Dallas.

At 10:10 Sheriff White, bound to McKee's wrist with a pair of handcuffs and also a chain around the prisoner's waist fastened to the cuffs, entered the court room through the private office of Judge McGuire. Earl E. Young, a state ranger, accompanied him while Bob Amrail, another ranger was in the room.

Attorney Present

Thomas L. Price district attorney and J. F. Garland, former county attorney, who helped in the prosecution, were present as was Dyrl Clark, present county attorney. A number of county officials were in the room.

"McKee, have you counsel," Judge McGuire asked the prisoner. When he said he had not the court named Carl Rountree, former state legislator, to act and consult with the prisoner. He told McKee that the appeal had been denied and the sentence of the jury affirmed and the mandate has been returned to the clerk of this court."

"Have you anything to say?" the judge asked the prisoner.

"Well, I'd like to see my attorney first, if it is possible to do so. I don't know the law in matters of this kind," McKee replied. He then conferred with his special counsel Mr. Rountree. Judge McGuire and Mr. Price withdrew for a conference.

Delay Is Sought

Following this McKee again sought a delay. Judge McGuire read him copies of a telegram he had sent to McKee's counsel of record, Spring, Haney and Lawrence, Austin, on Monday, advising them of the passing of sentence set for Thursday. The court also read his reply from the manager of Western Union in Austin stating that the message had been delivered to the attorneys at 12:45 p. m., November 16. The court had asked that the message, signed by Carl Bostick, court clerk, be reported on delivery.

"I am sure there is something wrong," McKee said. "I talked to my attorney three weeks ago in Dallas and he told me the sentence would not be passed very soon."

The court remarked that he "had had no communication from your attorneys or any one of them," adding that he "did not feel warranted" in any further delay. Turning to Thomas L. Price, the district attorney, he asked, "What does the state representative say."

"We don't feel like any further delay in this matter your honor" replied Mr. Price.

Warrant Is Read

Judge Price then read the formal death warrant, prepared by Clyde Backenstoss, court reporter, which set the date of execution as Friday, January 8, 1932 before sunrise and after midnight, in the state penitentiary at Huntsville, Walker county, Texas. He also ordered a death warrant to be issued and delivered to the sheriff and the latter to deliver McKee to the warden and to take a receipt for him.

Early in the week the sheriff and Deputy Westmoreland left for Dallas, where McKee has been confined in the county jail as the Dawson county jail was not deemed strong enough to warrant his being held there. The party left Dallas on the Texas and Pacific train Wednesday noon and reached Big Spring at 9:15 p. m. Wednesday.

Thursday morning they left the jail at 8:45 and arrived at Lamesa a couple of minutes before 10 o'clock.

In the party were the two rangers and the two Lamesa officers. McKee was kept chained between the two men in the rear seat. Sheriff White drove the car.

No Demonstration

The crowd in the court room did not show any demonstration during the case, which lasted nearly an hour. There were about 150 people in the room, mostly men.

Mrs. W. R. Billingsley, widow of the slain man and her dead husband's two brothers, J. C. and Lee Billingsley, were present. As far as was observed no members of the jury that passed sentence on McKee were in the court room.

The slaying of Billingsley, a Sparenburg merchant, occurred late in the evening of May 1, 1930. A bandit was hijacking a filling station across the state highway from the Billingsley mercantile establishment and the daughter of the owner saw her mother and a brother being held up. She ran to Mr. Billingsley's place and told him. He grabbed a shotgun and started at once for the filling station. The merchant fired his gun as the bandit appeared in the door.

Just then the bandit came outside and shot at Billingsley. After the man shot twice, fell to the ground, the bandit shot him a third time as he lay on the road, pleading for his life. The bandit then disappeared.

McKee was arrested some weeks later after officers headed by A. M. Bennett, then undersheriff for Mrs. Joe Ray, sheriff of Dawson county, had worked hard on the case. Indicted by a grand jury, McKee was tried in June, 1930 and the jury took seven minutes to decide on the death penalty.

Following the trial the condemned man appealed through his attorney Harvey B. Shead, of Hobbs, N. M. The appeal was denied and motion for a new trial by the court of criminal appeals also was denied. The mandate from this court recently was sent here.

During the trial of McKee, which lasted about five days, between 25 and 30 officers from all over the Plains and half a dozen state rangers, assisted Mrs. Ray in handling the crowds in the court room.

Boy Genius

Dugald Stewart McDougal, above, 15-year-old boy genius who could read and write at the age of 4, did mathematical problems at 6 and graduated from an Indianapolis high school with the highest grades in a class of 900, is now the youngest student in the University of Chicago. He completed 12 years of grade and high schooling in nine and one-half.

MORE GINNING IN SECTION

INCREASE OF 50 PER CENT IS SHOWN ON SOUTH PLAINS

Fifty per cent more cotton had been ginned in South Plains counties this season to November 1 than to that day last year, the United States census bureau has reported.

Ginnings on November 1 for the 15 counties on top of the cap rock as well as for Dickens and Scurry counties, showed 224,476 bales reported by ginners. On the same date last year the number of bales ginned was 141,981.

Every county with the exception of Terry showed a gain this year over last. That county reported a loss of a little over 100 bales.

The smaller counties, including such as Bailey, Briscoe, Floyd, Garza and Motley, doubled or more so, their last year's figures.

Dawson county gained about 20 per cent or 3,800 bales, Lynn jumped from 15,000 to 22,000 or about 50 per cent. Hockley county, another of the big producers, gained 50 percent and Lubbock about 70 per cent, Lamb county increased its production 80 per cent.

Figures showing the comparative reports for November 1, 1931 and 1930 were:

County	1931	1930
Bailey,	5,197	1,759
Briscoe,	3,471	1,798
Crosby,	15,303	3,803
Dawson,	21,819	18,009

No report has been made by Cochran county. Yoakum county does not have a gin and its cotton is not shown on the federal report.

A WINDY STORY

KNOXVILLE, Tenn.—Sam Cooper, 15, must have a couple of bellows-like lungs. Puckering his lips about a football valve, he blew and blew until—the football burst with a loud bang. Sam fell to the ground. He was taken to a hospital, where one stitch was taken in a gash in his chin.

Where 1-10 of U. S. Lives

The United States Census Bureau finally has designated the unbounded area which constitutes the metropolitan district of New York City, greatest metropolis of the Western Hemisphere. The fan-shaped district, shown in white, has within its boundaries approximately one-tenth of the total population of the United States with its 10,901,424 persons. The map clearly shows the area, 2,541 square miles in extent, which houses so large a part of the population of the entire country. Four counties of New Jersey are completely absorbed within the New York City designation, while parts of eight others are included, along with a strip of Connecticut.

KATHERINE BRUSH AND BANKER HUBBY FIND TRIAL MARRIAGE SUCCESSFUL

NEW YORK, Nov. 20. (AP)—Katherine Brush, author, and H. Charles Winans, banker, have found their trial marriage a success and plan to enlist for another three years in the army of wedded folk.

When the attractive author became Mrs. Winans more than two years ago, she announced she was signing up for three years at most, but if the venture turned out well there would be a second term.

Arriving from Paris, where they spent their second wedding anniversary on a second honeymoon, they expressed enthusiasm about the arrangement. Miss Brush in an interview published by the World-Telegram said their plan of maintaining separate apartments in the same building was a happy thought.

"We both keep separate residences," the author said, "and we never see each other when engaged on desperate creative work, but I can hear his typewriter upstairs, batting out financial plans, while I am putting Renwood, Ohio, on paper down below. It is fun to call him up when I am through, or have him call up, and say, "are we dining together tonight?"

"We feel as if we were having marvelous dates, but all added together they make as pretty a picture of domesticity as you could discover in the city. Perhaps I have a little edge on the domestic end of our arrangements, because I have the cook and the big dining room in my apartment; I simply couldn't bear not having it, for I adore having my husband to dinner.

"We still make dates with our special friends without consulting each other, but the mere fact that we determined to do it, and were very earnest about it, seems to have taken any special flavor out of the performance.

"I simply love being married this way, and so does Bobby (her husband). I'm afraid we are what is known approvingly as a 'happy couple'."

A. B. C. To Discuss Christmas Program

A program of providing Christmas baskets for Lubbock's indigent families was to be discussed by the American Business club at luncheon today at the Hilton hotel.

Possibilities of a charity football game or a bridge-dance have been discussed by members, said W. S. Ruffner, Thursday. Approximately 200 baskets were distributed last year and the club hopes to provide 300 this year.

HEADACHE
Due To Constipation

OFTEN one of the first-felt effects of constipation is a HEADACHE. Get at the bottom of the trouble with a dose or two of Thedford's Black-Draught. Don't strain nature's outcry with mere pain-killers, but relieve the constipation — enjoy the refreshing relief which thousands of people have reported from the use of Black-Draught in such conditions. Black-Draught is made of finely powdered leaves and herbs of approved medicinal merits

Mrs. L. P. Duncan, 329 W. Lincoln St., Tullahoma, Tenn., writes: "A few weeks ago I had headache. Having Black-Draught on hand and knowing it was good, I took it and it relieved me. A few nights ago, I took it again with splendid results."

Thought For Today

For now will I break this yoke from off thee, and will burst thy bonds in sunder.—Nahum 1:13.

* * *

Freedom is a new religion, the religion of our time.—Heine.

Understanding

If you are interested in making an experiment in the backgrounds of war, you might try, some day, asking ten or a dozen of your neighbors just what the present rumpus in Manchuria is all about.

The chances are that not one of the group will be able to give you an intelligent answer.

The newspapers have done an excellent job of presenting the issues involved. Yet the whole business is very far away, and the names of the men and places in the news dispatches are hard to pronounce and even harder to remember, and most of us just can't become interested.

And that, when you stop to think about it, is just about what happens in most wars. When the trouble first pops up into the open the issues are, generally, fairly clearly presented. Both sides have a chance to present their arguments, and anyone who cares to study it out can get a pretty good notion of what is at the bottom of it all.

But few people take the trouble to do so; and presently it is too late. Real war begins, and from that moment it is almost impossible to get at the truth. The opening of actual fighting rouses passions and prejudices before which any objective weighing of rival assertions is impossible.

In 1914 the ordinary American paid only a casual attention to the rising of the war clouds. All through those tense July days we let the trouble overseas remain just what the Manchurian trouble is today—somewhat incomprehensible, about which we need not bother ourselves.

Then, in August, it became forever too late. War began. Floods of propaganda rolled over the land. People who had something at stake in the war became stridently vocal. Our last chance to get a dispassionate and equable verdict on the conflict was gone.

Three years later this war that was so incomprehensible and remote had engulfed us.

No one knows just what is going to be the upshot of the difficulties in Manchuria. But whatever happens, now is the time for us to examine the situation and find out just exactly what is at the bottom of it. A little later it may be too late.

War Tanks

Newspapers the other day printed pictures of a new tank devised by British army experts—an amphibian creation, that can swim through the water and use a formidable turret gun while it swims, and that can maintain a 42-mile speed on dry land. It is suggested that a fleet of these tanks would be extremely valuable to a general who was trying to land troops on a shore held by enemy forces.

Now the interesting thing, right here, would be to find out what the veterans of England's Gallipoli expedition of 1915 might think about it. For that expedition began with the landing of troops on beaches manned by Turkish soldiers with machine guns; and the landing resulted in casualties so sickening that the entire expedition was cursed from the start. How many lives might not a few tanks of this kind have saved! The course of the whole war might have been altered.

Connivery

For a revealing sidelight on metropolitan political conditions, you are commended to a statement recently issued by Norman Thomas, defeated Socialist candidate for the presidency of the borough of Manhattan, in New York.

Discussing instances of violence and intimidation at the New York polls, he said:

"The police in most of the districts are either in connivance with the gangsters or are afraid of them. I never saw a more deliberate effort of gangsters to control voting. The election showed a complete abdication of the police."

That Girl on Broadway says if everyone in the world told the truth when they spoke this world would be a quieter place to live.

* * *

We'd be living in a paradise
if every man was as good as he
expects his neighbor to be.

* * *

NOW that the Lubbock-Amarillo ticket rookus is all over, The Plainsman finds himself in a jam. He has a box seat ticket on the fifty yard line but has decided he needs two others on the ten yard lines of the field. The box seat will be all right for show—a bird looks important walking in a minute before the kickoff of a big game and comfortably settling in a perfect seat.

But in this case the box on the fifty yard line won't be the best place to see the game because all the action is going to be inside the Amarillo twenty yard stripe.

* * *

When Amarillo is defending the south goal, The Plainsman wants a seat on the Amarillo ten yard line—and another, similarly situated seat on the north end so he can see the action while Amarillo's defending the north goal.

The Westerners won't be fooling around the middle of the field any at all to speak of.

They'll be taking care of their business in the touchdown area.

* * *

IF, as the songs says, "Fifty Million Frenchmen Can't Be Wrong", then it is logical to believe that the big, big majority of Lubbock football fans can't be wrong. It is the concensus of opinion among grid bugs here that Lubbock will win by at least two touchdowns but that the Sandies will score—mebbe like Pampa did in the last minute of play after Coach Chapman had sent in a secondary squad.

The Plainsman has studied the situation carefully and will hazard that the final score at Amarillo will be Lubbock, 19; Amarillo, 6. That may be a little low but this column figures that Coach Chapman will not use his big guns any more than necessary because he'll want to save them for the hard work in the state runoff.

Mark this guess down in your book. Lubbock, 19; Amarillo, 6.

* * *

That Man on Avenue Q says "I love you" is still the sweetest sentence in any tongue, but it's no longer a life sentence.

* * *

You can judge a girl's modernism by discovering whether she regards her husband as a blessing, a necessity, a luxury, an affliction or a joke.

* * *

SPEAKING about the state football race, here's a clipping from the Fort Worth Star-Telegram, which shows pretty well how the high school football chase is going to go this year. This article was written by Amos Melton, of the Star-Telegram staff, and it doesn't make any personal difference to him whether Lubbock wins the championship, or not. Mr. Melton at the mike.

* * *

"It won't be long now, folks, until the playoff for the state high school football title will get underway. According to Roy B. Henderson of the Texas Interscholastic League, the first round of play, the bi-district battles, must be played by Dec. 5. A round will be played on each Saturday thereafter until only two teams are left in the running. This means that the final will be played Christmas Day or the Saturday afterward.

* * *

"The plan of playoff will be the same as of other years: the winner of District One meeting District Two; District Three against District Four, and so on. However, after the first round has been played, the schedules may be made by the state office. According to Henderson: 'The state office reserves the right to rearrange the schedule for subsequent games if the locations of the surviving teams justify such action'. However, from the way things are arranged, there is not much danger of such rearrangement.

* * *

"Here's the way the first round will stack up, providing these teams win their Districts (and remember, we're only pretending): District One, Lubbock, vs. District Two, Quanah; District Three, Abilene, vs. District Four, Sweetwater; District Five, Central, vs. District Six, Oak Cliff; District Seven, Sherman, vs. District Eight, Marshall; District Nine, Corsicana, vs. District Ten, Tyler; District Eleven, El Paso high, vs. District Twelve, Main Avenue; District Thirteen, John H. Reagan, vs. District Fourteen, Beaumont; District Fifteen, Robstown, vs. District Sixteen, Harlingen.

"Then, say, if Lubbock, Abilene, Oak Cliff and Marshall win in the upper bracket and Corsicana, Main Avenue, Reagan and Robstown in the lower we would find this lineup in the second round: Lubbock vs. Abilene; Oak Cliff vs. Marshall; Corsicana vs. Main Avenue; and Reagan vs. Robstown. Then assuming that Lubbock, Marshall, Corsicana and Reagan win.

"The semi-finals will find Lubbock against Marshall and Corsicana against Reagan. Then say Lubbock and Corsicana win, meet and Lubbock wins. There you are the whole race. But remember, we're just supposing."

* * *

There it is, all worked out in a nut-shell—and not in a nuthouse, as our Amarillo friends might declare.

The Plainsman couldn't have done any better job of figuring himself—for Corsicana is said to be the weakest winner Central Texas has had in years.

Get the Westerners to the Corsicana finals and watch 'em go!

THANKS, KIND LADIES

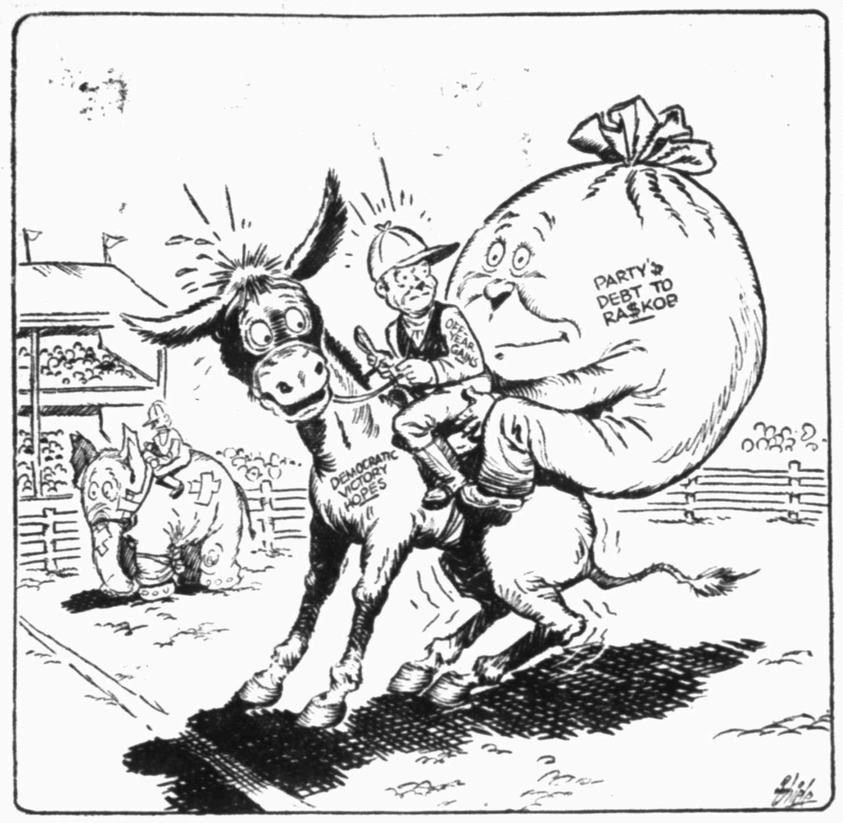

The Plainsman wishes to take this opportunity of thanking the kind bridge hostesses of Lubbock for responding so readily and nobly to this column's suggestion that bridge prizes be practical.

As a result of this wonderful co-operation we now have at our house a side of bacon, a dozen eggs, a ham hock, three towels, a bar of soap and a can of coffee that we otherwise would not have had!

WELCOME, TECH GRADS!

Alumni of Texas Tech are always welcome back to Lubbock. May the Matadors win and may your Homecoming by happy is the unadulterated wish of this column.

The 1932 Handicap!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Four Hundred Washington Correspondents Picked Hoover To Win In Recent Navy Battle On "Abysmal Ignorance"

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Nov. 20.—Somehow, no murmur of applause has swept the country at one of the most extraordinary achievements recorded in this capital during modern times.

DUTCHER

Four hundred Washington correspondents, whose trails are white with bleached bones of wrong horses they have picked in years past, and not one of whom has anything like a perfect record of doping elections or other results in public affairs, unanimously chose President Herbert Hoover to defeat President William Howard Gardiner of the Navy League when the Hoover "Commission on Abysmal Ignorance" was appointed to decide whether President Gardiner's charges against President Hoover were correct.

Not even the greatest cub muffed that one. If no movement to commemorate this remarkable performance is begun from private sources it seems as if the National Press Club and the White House Correspondents' Association should vote an appropriation to stick up a tablet somewhere.

* * *

But you cannot expect unanimity all the time, and now the same correspondents and the gentlemen who write the editorials for their papers back home are disagreeing as to whether Hoover gained more than he lost when he publicly excoriated Gardiner and appointed the committee of five which he said would return a report which should cause Gardiner to make public apology.

The incident has given those anxious to praise Hoover — his friends and others—a lovely chance to picture the president as a hard-hitting, Rooseveltian fighter. It has also tended to discredit the Navy League, an extremist "Big Navy" propaganda group, for the commission seems to have shot many of its assertions of "fact" full of holes. The Navy League has always boasted of its accuracy. Whether the effect of the incident on the League's prestige has been as beneficial to Hoover as to the country is one of those points now being argued.

* * *

Unfortunately, there are many persons who are just as sour on Hoover as Gardiner proved himself, and it is a question whether Hoover did not suffer more than he has profited when he laid himself open to the razberries and ridicule of those who are always looking for such opportunities. Even some who are not Hoover's enemies have suggested that he didn't appear in a very good light when he jumped with all his presidential mightiness on an obscure private citizen and appointed a commission of five official and ex-official dignitaries from among his friends to brand this private citizen as a liar before the world.

A widespread tendency developed to spoof Hoover—rather than to join in the jump onto Gardiner. One cartoonist portrayed 10 fat little Hoovers—acting as judge, jurors, opposing counsel, witness and picture on the wall—engaged in finding Hoover not guilty. Another showed the president as a football player dashing offside to kick a water boy while an opponent labeled "Unemployment" rushed on with the ball toward a presumable touchdown. Regardless of the fairness or unfairness of such criticism it does a politician no good when he gives people such excellent opportunities to stick pins in him.

Perhaps nothing in the whole affair was more absurd in itself or more unfortunate from the Hoover standpoint than the part that phrase, "abysmal ignorance," was made to play. Thanks to the correspondents, the whole country was led to believe that the issue was whether Hoover was guilty of "abysmal ignorance." Hoover didn't mention the phrase at any time, and his committee, as his enemies now delight in pointing out, took no position on the accusation beyond cognizance.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1438 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Feminine Hygiene" "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

STANDING POSTURE

Dr. Clendening

REMEMBER that in standing a plumb line along the side of the body should fall past the middle of the ear, through the hip joint, through the knee cap and touch the floor midway between the ball of the foot and the heel.

Considering this, let us analyze the reasons for bad posture.

First, the head may be carried too far forward. This throws the shoulders backward so that the chest is too flat. This rounding of the shoulders throws the abdomen forward. All these things develop together, of course. It is not caused entirely by the bad position of the head.

Second, the lower back may be curved more than normally, thrusting the abdomen forward, and tilting the pelvis upward. This will inevitably make the knees bend more or less and throw the weight of the body forward onto the toes and balls of the feet.

Two exercises are especially designed to correct these mistakes.

Exercise I

Stand against the wall.
Heels four inches from the wall.
Hands at sides.
Hips, shoulders and head touching the wall.
Flatten the lower (lumbar) spine against the wall by contracting the abdominal and buttock muscles. They should be contracted together, keeping the buttocks against the wall. The pelvis rotates through the hip joints.

Exercise II
Rib Stretching

This exercise is especially designed to cure round shoulders. Note that when the shoulders are drooping the ribs are inclined downward.

1. Stand squarely with arms raised and hands clasped behind the head.
2. Raise the right shoulder as high as it will go, elevating the ribs on that side.
3. Raise the left shoulder as high as it will go, elevating the ribs on that side.
4. Raise both shoulders at the same time, elevating both sets of ribs.

Try particularly to make the lower ribs flare out with this exercise. Notice that round shoulders cause these lower ribs to collapse. Notice also that it is impossible to have round shoulders with the lower ribs flaring.

WOMAN CUT UP FOR ADMIRATION OF MOVIE STAR

MEXICO CITY, Nov. 20 (AP)—Senora Consuelo Montano de Leyte, admirer of Antonio Moreno, motion picture actor, is all cut up here because of her admiration for Moreno's photograph.

Coming home unexpectedly, Leyte discovered his wife gazing in silent contemplation at a man's picture. She tried to hide it and in a rage Leyte tore the picture to pieces, threw it into the stove, drew a knife and inflicted various wounds on his wife.

At the hospital where it was said, she will recover, Senora Leyte explained that the photograph was that of the actor, whom she did not know or expect to know but whom she admired on the screen. Leyte explained he didn't go to movies and not recognizing the screen star had supposed his wife was admiring the picture of some former sweetheart.

He is in jail charged with assault.

DAILY ALMANAC

Clear

WEST TEXAS: Fair tonight; Saturday partly cloudy, colder, freezing in north portion.

EAST TEXAS: Generally fair tonight and Saturday; colder in north portion Saturday. Light to moderate variable winds on the coast.

OKLAHOMA: Generally fair, colder tonight and Saturday; freezing or lower temperature in north and west portions.

IN NEW YORK with Gilbert Swan

NEW YORK, Nov. 20—The intersection of Fifth Avenue and Forty-second has long had the reputation of being the nation's most active corner. The most recent figures to arrive from the statistic hounds announce that almost 500,000 persons cross this intersection daily.

As the result of this fluctuant throng, a tobacco store on one corner does the largest retail business in the world. The shop's experts have discovered that the largest sales are made when the red traffic lights flash their "stop" signal. The vast percentage of sales are cigarets.

And 40 per cent of the cigaret buyers are women. Salesmen are trained to be particularly quick in matters of barter and change, since the average customer is found to be a restless creature who makes his purchase "between lights" and is annoyed if delayed.

* * *

And since the statisticians seem to have had a field day, I've just received some rather astounding figures concerning the new Rockefeller "Radio City," which still continues to present the most extravagant spectacle in town.

Particularly awe-inspiring is the huge arena of gaping canyons and toiling workers viewed at night through convenient cracks and holes in the surrounding fence. Great floodlights stream down on the black figures hewing at the city's crust for the most gigantic building project in the world.

* * *

One of the minor problems, it seems, is a matter of five miles of elevator shafts to be constructed in the main office building of the unit.

There will be, say the engineers, 70 elevators, traveling 1800 miles a day in total. A nice little trip of 570,000 miles per year will be taken by each operator, who probably will spend his vacation days taking a few dozen trips around the world.

This "key" tower building is going to accommodate a mere 30,000 persons per day, and the problem is how to move about 12,000 of them to offices in a morning period of 45 minutes.

* * *

I have just learned that the blind folk of the world are such avid readers that they are about to be supplied, for the first time, with book reviews.

A monthly publication in braille is about to make its appearance and will have a staff of well-known critics writing on literary subjects.

The New York Public Library now maintains a department for blind.

And if you happen to be interested in what is being done for the blind of this country, it may have slipped your notice that Congress has appropriated $100,000 for the publication of books in braille.

* * *

An Englishman who was thought to have shouted something nasty at the Prince of Wales was given a mental test. This should be a warning to members of the Navy League and the Democratic party.

* * *

Now that Sammy Mandell is "through" he has the privilege of making a comeback to the tune of a few thousand shekels.

* * *

And it looks like C. V. Leavitt Hoover's brother-in-law, was left holding the sack.

Flapper Fanny

Some girls make a pretty picture as they hang one.

EARTH SHOCK FELT

MEXICO CITY, Nov. 20—An earth shock of minor intensity was felt here Thursday. Its epicenter was only 21 kilometers from Mexico City, at a point between Los Reyes and Ayotla.

The shock lasted from 6:30 until 6:58 a. m.

After returning home from a game, many a husband wishes he had burned his bridge behind him.

This sure-fire gas gives sure starts every time!

Phillips 66

"HIGHEST TEST" at the price of ordinary gasoline

NOW Controlled Volatility gives higher Winter Gravity
65° to 71.4°

Also Phillips 66 Ethyl — at the regular price of Ethyl gasoline

HIGH test gasoline is nothing short of being a wonder-worker, when it comes to starting a motor in cold weather. The uncertainty, the downright nuisance, and the damage of slow, hard starting in Winter are now banished by Phillips 66 . . . the *greater gasoline*.

It's an active, spry, super-volatile gasoline that is packed with instant-starting pep. Above are the definite figures which prove it. And best of all, this sensational gasoline costs you not a penny extra.

That is the simple explanation of the amazingly swift climb of Phillips 66 to a place among the leaders. We can make it high test without higher price, because Phillips is the world's largest producer of natural high gravity gasoline.

For more power, snap, and mileage—PLUS instant starting—get gas at the Orange and Black 66 shield.

Phill-up with Phillips

PHILLIPS 66 MOTOR OIL..30¢ a Quart ... as far ahead in quality and value for the money as PHILLIPS 66 Gasoline!

YESTERDAY'S ANSWER

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

queer fire engine raced along the clanging of the gong fun to watch the driver as ld the reins real tight. Said , "Gee! Watch how it reels d the corner on two wheels. the call's a false alarm we're to see a sight."

Clown) shouted "It's no Look straight ahead and ee smoke. A dog house must ning. Maybe we can lend a I'd like to hold a long fire It would be thrilling goodhows. Gee, it's too bad there reeze by which the fire is

l worth," exclaimed Puppy Our firemen know just how the fires that break out in wn. They're trained to fight ght. It's seldom that we have This is the first for days ys. But, we are always ready, daytime or the night."

his time they had reached e. The flames were going and higher. The Tinies the firemen dogs to make ter flow. "Look out for came warning cries. "It hen it gets in your eyes." en more red fire filled the made a pretty glow.

a pretty sight to see," said but it seems to me we'd put some ladders up and hate'er we can. Help lean them up against the house. When they are placed we all can douse the flames." So to the ladders all the willing Tinies ran.

The ladder plan worked out real well. With water poured in for a spell, the flames began to die down and the Tinies cried, "Hooray!" "Keep fighting," yelled ol' Puppy Cop. "Now is no time for us to stop. We must have every spark put out before we're on our way."

(Copyright, 1931, NEA Service, Inc.)

(The Tinymites get a ride on the fire engine in the next story.)

GERMANY LEADS

Of the three principal plant foods, Germany leads the world in production of nitrogen and potash; the United States uses more phosphates than any other country, and France leads in their production.

Japan outranks all other Asiatic countries in the use of commercial fertilizers.

Rates, Rules and Requirements of Classified Advertising Of The
Lubbock Daily Journal
(Afternoon)
Lubbock Morning Avalanche
(Morning)
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL
Combined Rates:

Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 45c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1 1-2c per word each.

All out-of-town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisements under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 P M on week days, and 5:30 P M. on Saturdays, and all advertising received after 5:30 P M will be placed under "Too Late To Classify."

For classified display advertising information.

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A M and before 5 P M to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these Hours, and to a member of some other Department.

TRY TO REGAIN AIR RECORDS

SPEED FOUNDATION IS FORMED BY SHRINE GROUP THURSDAY

CLEVELAND, Nov. 20 (AP)—A bid to regain for the United States the air speed supremacy of the world was begun last night with formation of a $16,000,000 aviation speed foundation by the Shriners of North America.

Announcement of formation of the foundation was made by Robert A. Bishop, Morris E. Miller and Ralph K. Rex, Shriners, who incorporated it under the laws of Ohio after several months of preparation.

The plans received the unqualified approval of Thomas J. Houston, imperial potentate. Houston will fly to Cleveland Saturday from Wheeling, W. Va., to discuss organization plans and to name an acting chairman, board of directors and advisory committee.

Houston will take the post of honorary chairman.

Although participation is to be left open to all individuals and groups in the United States, the backbone of financial support is expected from the 8,000,000 members of all Masonic orders.

The total fund of $16,000,000 is to be raised over a five year period on a basis of $2 individual contributions from each member.

The foundation has the difficult task of overcoming a gap of 142 miles an hour that now exists between the American air speed record of 266.6 miles an hour set by Lieut. Alford J. Williams in 1923 and the world's speed mark of 408.8 established in England by Flight Lieut. H. Stainforth of the Royal Flying corps.

Cleveland, headquarters of the national air races, will also become national headquarters of the foundation, which states its aims as "supremacy in speed" and "national security."

FOOTBALL FANS

(Continued from Page One)

agements on agreement of M. H. ncan, superintendent of Lubbock ools, and Amarillo school authors.

J. Lowrey, business manager of h school athletics here, said late rday that about 500 adult and student tickets remained unsold and several hundred more boards were expected today or rday.

ontract was let and construction begin in a few days on the new d at Butler field. Amarilloans mate possibly 35,000 fans would the game if accomodations d be made.

O. Smith, in charge of ticket s at the Hilton hotel drug store , urged Lubbock residents who nd to buy the passes to do so diately. Tickets available now for better seats than seats which be added, he said. The entire section from goal-line to goal- and some seats back of the -line have been sold, he exhed.

thany English Baptist Chapel, narlwyd, Wales, recently had irst wedding since it was built ears ago.

CE OF BANKRUPT'S PETITION FOR DISCHARGE

District Court of the United States the Northern District of Texas In Master of William Arthur Brown, ptcy. No. 100 in Bankruptcy.

OFFICE OF REFEREE

bock, Texas, November 18, 1931.

is hereby given that William Brown, of the County of Hale, and aforesaid, did, on the 18th day ember 1931, file in the Clerk's of- said Court, at Lubbock, a petition ng that he has been heretofore judged a bankrupt under the act ress approved July 1, 1898, that he ly surrendered all his property ts of property, and has fully com- with all the requirements of said of the orders of the Court touch- bankruptcy, and praying for a full e from all debts provable against e in bankruptcy, save such debts excepted by law from such dis-

onsidering the above mentioned it is ordered that any creditor proved his claim, and other per- interest, if they desire to oppose charge prayed for in said petition, or before the 19th day of De- 1931, file with the Referee his ock Division of said district, a in writing of their opposition to ge in the above entitled cause.

W. D. GIRAND, Referee in Bankruptcy.

Sousa, 77, Steals A March On Time

The musical world paid tribute to John Philip Sousa on his seventy-seventh birthday, and here you see the march king wielding a saber on a birthday cake during ceremonies in New York which were broadcast by radio. Sousa is the author of 120 marches, seven of which he composed last year. He says he plans to write many more and expects to live to be 100.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 30. (AP)—Cotton opened steady today at an advance of 1 to 3 points on covering and trade buying which was promoted by relatively steady Liverpool cables. January sold up to 6.31 and May to 6.65. Later the market encountered some southern selling or realizing.

Prices sagged back to about yesterday's closing quotations by the end of the first half hour. A private report was issued estimating the ginnings prior to November 14 at 13,700,000 bales.

Liverpool cables attributed the steadiness there to continental and Bombay buying and reported a fair inquiry for cotton cloth from India although many offers were unworkable. Egyptian futures in the Alexandria market was 22 to 60 points higher.

Reports of large cotton sales to Japan were current in the trade during the morning but were evidently without much effect. The market worked gradually lower under some further southern selling and liquidation, while there may have been some local selling on the easiness in wheat and stocks. Trading was not active and the price movement comparatively narrow but January sold off to 6.22 and May to 6.58 with the market showing net losses of about 5 to 6 points at midday.

NEW ORLEANS REPORT

NEW ORLEANS, Nov. 20 (AP)—The cotton market was barely steady at the start today although Liverpool cables were much better than due. Prices opened unchanged to two points up and improved a trifle right after the start. December trading at 6.17, January at 6.30 and March at 6.47, or 2 to 3 points above yesterday's close.

As the stock market opened easier and there was some hedge selling, prices soon eased off 2 to 3 point which brought them back to yesterday's closing levels.

At the end of the first hour the market was quiet and at the lows.

The market ruled easier all morning under pressure of further December liquidation. There was also more or less selling due to weakness in stocks and grain. Before noon December dropped to 6.07, January to 6.20 and March to 6.37, down 10 points from the early highs and 7 to 8 points under yesterday's close.

At noon the market was a shade steadier but still near the lows.

NEW ORLEANS OPEN

NEW ORLEANS, Nov. 20 (AP)—Cotton futures opened steady today: Dec. 6.17; Jan. 6.27; March 6.45; May 6.66; July 6.84; Oct. 7.09.

NEW YORK OPEN

NEW YORK, Nov. 20 (AP)—Cotton futures opened steady today: Dec. 6.17; Jan. 6.30; March 6.48; May 6.66; July 6.84; Oct. 7.10.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 20 (AP)—Grain prices here went downward early today, bearishly affected by setbacks in Liverpool quotations and by snows and rains over domestic winter wheat territory. Weakness of the Liverpool market was ascribed to reports that despite frosts and reduced acreage, Argentine wheat production this season promised to be only a little below last year and of better quality. Opening 1 1-8 to 1 5-8 cents off, wheat afterward sagged further. Corn started 1-2 to 1 cent down and continued to decline.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock. Dairy Products—Bell Ice Cream company. Grain—S. E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Blocker Cotton company. All prices subject to change during day.

Milo	2 cars

Stock Market

WALL STREET REPORT

NEW YORK, Nov. 20 (AP)—The stock market had a heavy tone today although losses were moderate and trading dull. Toward noon some recovery had been made in spots. Declines in wheat doubtless contributed to the sag in shares.

American Telephone and Consolidated Gas regained most of one point recessions, although U. S. Steel, Bethlehem Steel, International Harvester, Delaware & Hudson and Southern Railway were not so successful in reducing roughly similar losses. Coppers firmed. There were narrow net advances in New York Central, Allied Chemical and General Motors. Western Union made another new low.

Call money renewed at 1 1-2 per cent.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Nov. 20 (AP)—(U. S. D. A.)—Hogs 4,000, mostly steady; top 4.55 on choice 190-300 lbs.; packing sows 275-500 lbs. 3.50-4.15; stock pigs 70-130 lbs. 4.00-4.50.

Cattle 1,000; calves 400; killing classes steady; short fed steers and yearlings 5.00-8.25; vealers 6.00 and down; steers 6.00-1500 lbs. 7.00-11.75; heifers 550-850 lbs. 6.00-9.75; cows 3.50-5.00; vealers (milk-fed) 4.00-6.50; stocker and feeder steers (all weights) 4.75-7.00.

Sheep 4,000; killing classes steady; top and bulk better native and fed lambs 5.50; others 5.25; lambs 90 lbs. down 4.75-5.50; ewes 150 lbs. down 1.00-2.25; feeder lambs 50-75 lbs. 4.00-4.50.

HEADS STEWARDS

H. W. Stanton was elected chairman of the First Methodist board of stewards Thursday evening in a meeting at the church. Allan Hill was elected vice-president with Rufus Scarbrough as secretary and J. H. Felton as treasurer.

Committees are to be appointed by the chairman.

American food products are becoming increasingly popular in India.

LOCALS

Misses Mary Chauveaux and Lucille Hunt, of Claude, who attended Texas Technological college last year, are here for the home-coming game. They are guests at Duck Inn, 2410 14th street, where they resided last year.

Mrs. Olin May of Snyder is here to be with her daughter, Miss Zona May, Tech studeent who is ill at the home of Mr. and Mrs. A. N. Gamble, 2402 20th street.

H. D. Phillips is in San Antonio and Galveston on business.

Luncheon Is Served To Needle Club

Mrs. H. D. Phillips, 1626 16th street, entertained the Thrift Sewing club Thursday afternoon in her home, serving a luncheon at 1 o'clock. The remainder of the afternoon was spent sewing. Several piano selections were played by Mrs. James Eubank and Pauline Phillips gave a reading.

Those who attended were Mesdames O. V. Bagwell, Eubank, T. Teal, George Eubank, A. G. Green, Miss Bess Edwards and Miss Bernice Phillips.

GRANDI

(Continued from Page One)

at 9:15 for the formal reception by Mayor Walker. There was no disorder as the Grandi party passed through Battery park and up Broadway.

City hall park was crowded with spectators when the Grandi party arrived and uniformed police stood [illegible] the path the Italian foreign minister took to reach city hall and the aldermanic chamber upstairs. About 200 police were stationed in city hall itself.

Mayor James J. Walker welcomed the youthful Italian minister with a series of witticisms that caused Grandi to chuckle. The mayor said, referring to the threat that there might be an anti-fascist demonstration in New York:

"I can't understand how the propaganda went out that it isn't safe to visit the city of New York. If you are not safe in New York I'm going to move. The only fear that I have had is that you might stay too long and with your charming manner change the political aspect of this city."

Grandi left the city hall for the battery to recross the harbor and proceed by his special train to Philadelphia where he was to join Signora Grandi who had not come to New York with him.

NEW INTERNATIONAL FRIENDSHIP BORN

WASHINGTON, Nov. 20 (AP)—Dino Grandi of Italy left behind him in Washington today a new bond of international friendship and a call on the nations to aid in re-establishing world confidence and stability.

Mussolini's foreign minister boarded an early morning train for New York after a round of receptions and tributes which climaxed four days of international discussions with the heads of the American nation.

Results Announced

Results of the talks were given out in a formal joint statement late yesterday by Grandi and Secretary Stimson. It was couched in the usual unspecified diplomatic language but indicated clearly both Italy and America hope for some definite results at the Geneva arms conference and for completion of an Italo-French naval accord.

"We believe," the statement said, "that the existing understanding between the principal naval powers can and should be completed and that the general acceptance of the proposal, initiated by Signor Grandi, for a one-year's armaments truce is indicative of the great opportunity for the achievement of concrete and constructive results presented by the forthcoming conference for limitation of armaments."

REPORT ON ROADS

This report is furnished daily by the South Plains Automobile club, local branch of the American Automobile association.

Roads throughout South Plains are in fair condition.

Highway No. 137, 21 miles detour from Lubbock to Hockley county line on account of paving—good when dry, difficult when wet.

Seven mile detour from Lubbock to Lynn county line, between Lubbock and Tahoka, bad in wet weather.

Newest and shortest route to San Antonio: Follow State road No. 7 from Lubbock to Post, State road 24 to Clairemont, State road 84-A to Roby, State road 83 to Anson. From Anson go to Abilene, Coleman, Brady, Mason and San Antonio.

Route recommended to Oklahoma City, due to detours on U. S. Highway 66. Follow State road 83 to Dickens, State road 106 and 24 to Seymour, No. 277 from Seymour to Wichita Falls, State road 79 to Davol, Oklahoma, same road to Waurika, Oklahoma, U. S. highway 31 to Chickasha, going to Oklahoma City by way of Amber, Tuttle and New Castle. Paving east to Chickasha, detour mostly gravel.

Best route to Dallas: Follow Highway No. 7 to Post, No. 84 from Post to Clairemont, No. 84-A from Clairemont through Rotan to Roby, State road 83 to Anson, No. 18 from Anson through Albany to Breckenridge, No. 1-A to Mineral Wells and U. S. No. 80 to Dallas.

ARMISTICE

(Continued from Page One)

and particularly those in Manchuria.

It was said Japan has no intention of remaining long at Tsitsihar and that the advance to that city was considered necessary because of a Chinese attack which threatened to surround the Japanese forces.

DAWES CONFERS ON SINO-JAP QUESTION

PARIS, Nov. 20 (AP)—Ambassador Charles G. Dawes of the United States and Chairman Aristide Briand of the League of Nations' council spent an hour today in a conference which league circles hoped might produce a new plan for a solution of the Manchurian problem.

The conference ended at noon and Ambassador Dawes returned to his hotel immediately. He gave no indication of what had been discussed beyond saying the United States is deeply interested in seeing the "lofty purposes of the Kellogg pact and the nine-power treaty fulfilled."

Plan Considered

Sir Eric Drummond, secretary-general of the league, attended the conference and it was thought a plan for a mixed commission to supervise conditions in Manchuria and guarantees of security there may have been considered.

The American representative cannot sit at the league council table in the present crisis, General Dawes said, but he added that must not be interpreted as "a lack of sympathy" by the American government for the efforts of the league to bring about peace in the conflict.

Local Persons At Mrs. Lay's Rites

Several Lubbock people went to Lovington, N. M., Thursday to attend the funeral of Mrs. W. T. Lay, about 65, who died of pneumonia, in Graham early Wednesday. These included Mr. and Mrs. A. E. Jones, Mrs. J. E. Stokes, Mrs. L. W. Squyres, Mrs. R. W. Walker, Dr. and Mrs. Millard F. Swart and family.

Mrs. Lay had been living in Lubbock for the last six years with her daughter, Mrs. Stokes, at 3601 22nd street. She became ill last week-end while en route to Graham with her niece, Mrs. Jones, and died at the home of another niece, Mrs. W. T. Parkinson, there. Before coming to Lubbock, she had lived in Lovington and her husband had been buried there several years ago.

Friends of Mrs. Lay attended the funeral from many parts of West Texas and Eastern New Mexico.

WINTER

(Continued from Page One)

two or three inches deep was reported.

Boise City, Okla., Stratford and Vega, Texas, and Tucumcari and Clayton, N. M., reported snow and sleet.

NORTHWEST COVERED BY BLANKET OF SNOW

SEATTLE, Nov. 20 (AP)—Blankets of snow lay in various sections of the Northwest today in the wake of blizzards, snow storms and rains which swept a wide area southward from the Canadian line.

Eastern Washington and northern Idaho and the Cascade mountain section of Washington and Oregon, were hit severely yesterday. At Wallace, Ida., 18 inches of snow fell and was blown into drifts which paralyzed stage and rail communication.

Blizzards Strike

Widely-separated blizzards struck in sections of Montana, Wyoming and Colorado. Several Colorado mountain passes were blocked. Near zero temperatures were reported at some places.

Friends of approximately 40 persons reported missing in the territory expressed concern for their safety. The damage caused by the storms included wires blown down, buildings wrecked, highways either blocked or made dangerous to travel and at least two Oregon rivers swollen to flood stage by rising waters.

Two deaths were attributed to the weather. Charles O. Smith, 55 water commissioner at Colville, Wash., was crushed by a tree blown down by the wind and William J. Steiner, 86, of Spokane, died unexpectedly while clearing sidewalks.

At Davenport, Wash., the wind twisted a four-ton, 5,000 bushel wheat storage tank from its foundations and demolished it.

BELASCO

(Continued from Page One)

symbolic, but interpreted in strict terms of life—it is a play for the masses."

Mr. Belasco spent the last two years of his life working on the piece, Abdullah helping with dialogue.

A character dies in the first act. He is alive again in the third. Remorse and forgiving bring him back.

Abdullah says the play will be expensive to produce and difficult to cast.

"It requires two Barrymores—both of them are in Hollywood," he said. "Columbine must be a great emotional actress—there is none."

PERMIT ISSUED

A permit to erect a frame-and-stucco residence at 502 Avenue E at a cost of $250 was given S. E. Shelton the owner, at the city building inspector's office this morning. Ten building authorizations issued here this month represent an aggregate expenditure of $3,730. Permits this year total $650,950.

Will Try Again

Five minutes after she was divorced from her second husband, in Seattle, Mrs. May McGraw Noll, beautiful blonde granddaughter of a noted Washington governor, the late John H. McGraw, started out in search of "the right man." She was sure that he would "come along soon." Mrs. Noll won her divorce on the grounds that her husband had given her only $50 since their wedding, last December.

Thirteen Are Found Guilty Of Lottery

SANTA FE, N. M., Nov. 20 (AP)—Thirteen men who were charged by the government with operation of a counterfeit lottery scheme designed to "get the other fellow's money without giving him a ghost of a show to get it back" face punishment ranging up to two years imprisonment and a $1,500 fine.

The maximum sentence was passed by Federal Judge Colin Neblett yesterday on Jack Michelson of Albuquerque, N. M., reputed leader of the group accused of using the mails to defraud in the operation of a lottery on the Saratoga sweepstakes last August 6.

Hiccougher Must Undergo Operation

MANSFIELD, O., Nov. 20 (AP)—Ira A. King, who has hiccoughed for 13 days, will have to undergo an operation before he obtains complete relief, physicians said today.

An X-ray has revealed an infectious condition in the abdominal region and that was believed to be the cause of his attack of hiccoughs which occurr at the rate of seven a minute.

Further slight improvement was noted in his condition over night and it was expected the operation would be performed soon if he continues to regain his strength.

THREE MEN KILLED

DAYTON, O., Nov. 20 (AP)—Three men employed in the plant of the Thomas and Hochwalt chemical laboratories were killed today when chemicals in a large tank which they were cleaning exploded.

TWO ARE CHARGED

LONGVIEW, Nov. 20 (AP)—Jack Chambers, 35, and his brother-in-law, Arthur Morris, 19, were under murder charges today as the result of the death of J. J. Garner, oil field worker.

CHURCH CONFAB

(Continued from Page One)

at 1:30 and will close in time for the banquet.

One Of Series

The meeting is one of about 350 schedules for this fall throughout the United States. The work of the church in the home field and also in the foreign field, is outlined to pastors and lay workers and leaders. This week a similar meeting was held at Sweetwater and from Lubbock the party goes to Amarillo for another zone meeting in the Panhandle district.

Rev. Walter P. Jennings, pastor of the local church and his workers, are hosts to the meeting.

KANGAROO COURT

(Continued from Page One)

Thursday ordered the trial held in corporation courtroom at City hall, as Wallace is a federal prisoner and a United States peace officer was not available to transfer him to the courthouse and return him.

Dennis Patton, youthful defense attorney, attempted to show that Wallace had been the aggressor and a kangaroo court regulation that a man challenged need not fight unless he desired was cited, resulting in objections by County Attorney Vaughn E. Wilson.

"I don't think the laws of the state of Texas need to be suspended by reason of rules and regulations made by a bunch of jail birds," the prosecutor declared. The objection was sustained though the testimony subsequently was pierced in as jail inmates were queried.

Four jail inmates, including the kangaroo court judge, and a former prisoner, who temporarily lost the $20, appeared as witnesses.

From the stand, Godfrey denied he had been guilty of the theft for which he was subjected to 20 licks, administered by another prisoner, and said when he was placed in the jail Wednesday night for drunkeness he intended to thrash Wallace. When accused of the stealing, Godfrey was imprisoned for fighting. He was released Saturday. He had served 14 days at Amarillo for vagrancy, he said, and last had worked regularly as a cafe cook at Liberal, Kan., in September.

Banker On Bond On Robbery Charges

PALESTINE, Nov. 20 (AP)—Porter Cooper, cashier of the First National bank of Palestine, was free today under $5,000 bond after his examining trial on a charge of attempting to rob the bank Wednesday of $8,368.

Howard Wingate, 21, was held on a similar charge. Wingate also was charged with robbing the First National bank of several thousand dollars March 28.

Interest Quickens In Slaying Trial

ARDMORE, Okla., Nov. 20 (AP)—Interest was quickened by a secret conference between judge and counsel as efforts to obtain a jury in the trial of William E. Guess and Cecil Crosby, former peace officers, charged with murder in the death of Manuel Garcia Gomez, Mexican college student, went, forward today.

Gomez, a member of a prominent Mexican family, was slain with Emilio Cortes Rubio last June when Guess and Crosby sought to question them while they were parked on a dark street, en route home on a vacation trip.

WORKER NEAR DEATH

OVERTON, Nov. 20 (AP)—J. W. Jones, about 45, of Oil City, La., was near death today from injuries suffered when a boiler he was firing exploded. He was scalded and his skull was fractured.

Farm movies made by the United States department of agriculture are being shown in Cuban rural communities.

Action

A rare feat of photography is this picture of a tiny humming bird poised above a trumpet vine flower. Although snapped at one six-hundredth of a second, the all-seeing eye of the camera wasn't quite fast enough to stop the action of the bird's raptly moving wings which flutter at such a high speed that they keep the bird literally at suspension in the air.

Express Official Is Shot To Death

WOOSTER, O., Nov. 20. (AP)—J. B. Smith, 53, railway express clerk for 20 years, was found shot to death in his sealed car of a Pennsylvania train last night.

Coroner J. B. Patterson withheld his verdict pending a further investigation but said Smith had killed himself.

Smith had been shot twice with the automatic pistol he carried while on duty. His body, lying on the floor of the express car, was found when the train arrived here from Mansfield.

Balloon Golf Ball Makes Exit Today

NEW YORK, Nov. 20. (AP)—The "balloon" golf ball made its exit today with the announcement by H. H. Ramsay, president of the United States Golf association, that the executive committee had adopted a new and heavier ball, effective January 1, 1932.

Mr. Ramsay's announcement follows:

"Effective for play January 1, 1932, the size of the golf ball shall be not less than 1.68 inches in diameter, and the weight shall be not greater than 1.62 ounces avoirdupois.

"The foregoing specifications retain the size of the present ball and change the weight specification back to the weight of the old ball."

Alexander Pantages Denies Girl Attack

LOS ANGELES, Nov. 20 (AP)—Havng put Alexander Pantages on the stand to reiterate that he did not attack Eunice Pringle, stage dancer, in his office here more than two years ago, defense attorneys in the theater magnate's second trial announced they expected to complete their case today.

Pantages, testifying yesterday, again charged the case was a "frame-up." On several occasions he wept.

A device to kill dandelions has been perfected by Dr. I. E. Melhus, head of the botany department at Iowa State college.

PICKERS NEEDED

The Lubbock Chamber of Commerce Thursday afternoon passed to the United Welfare association a telegram from the United States employment service asking that cotton pickers for the plantations be directed to the Alpheon plantation at McNary, Texas, where 40 cents a hundred pounds would be paid.

James Buchanan (Wh president of the United States was the only man ever elected to the presidency who remained a bachelor throughout life.

She'll Keep Money In Ice Box Now

DECATUR, Ill., Nov. 20 (AP)—Mrs. H. F. Bailey doesn't have money to burn but she did it anyway the other day.

To begin with, she was afraid thieves would get her $14 in bills when she went out to do her marketing, so she put the money in the broiler of her gas stove.

Returning with a roast for dinner she placed it in the oven and lighted the burner. Half an hour later she detected the odor of the burning paper and pulled out the charred money.

She said she hoped to get a refund from the government for what was left, but that hereafter her money would be kept in the ice box.

WINTER AT BORGER

BORGER, Nov. 20 (AP)—Winter came to Borger and the Texas Panhandle last night. Fine sleet was pattering down here. The temperature was dropping toward the freezing point.

Druggists Find New Way To Stop Headaches

Realizing that no one drug can conquer all headaches as they come from so many causes, two North Carolina druggists developed a combination of several ingredients which function together giving three-minute safe relief for any kind of headache, neuralgic sciatic or rheumatic pain, quiets the nerves and leaves you normally buoyant, without depression or bad after effects.

This combination of pain relieving ingredients, so efficient for women also at special times, may be found at any drug store or soda fount under the name "B-C" (10c and 25c) ready for use to easing pains and quieting nerves in three minutes. "B-C" is the most amazing preparation of its kind ever discovered and is guaranteed harmless. (Adv)

LEVINE'S

3000 PAIRS LADIES' SHOES

Values Up to $7

$2.95

All Sizes in Lot, But Not All Sizes in Each Style. One Solid Window Full.

LEVINE'S

Pure food, *pure* milk, *pure* water—
in all the things you eat or drink,
you want *absolute purity.*

Purity counts in cigarettes, too

Making cigarettes as pure as they can be made is our business. And it's *your* business, too—because you smoke them.

All the materials that go into the making of CHESTERFIELD cigarettes are tested again and again by expert research chemists to see that they are absolutely clean and pure. Just like the things you eat or drink.

The tobacco is pure. The right kind—mild, sweet and ripe! Handled throughout by the most modern machinery.

The paper is pure. Clean. White. The best cigarette paper that money can buy.

There is cleanliness in every step of CHESTERFIELD'S manufacture. Old-fashioned methods have been discarded, and CHESTERFIELDS are made and packed in modern sanitary factories where even the air is washed, and changed every four-and-one-half minutes.

Every day more men and women are changing to CHESTERFIELD. And changing for good! Four big reasons clinch the choice: Milder—Taste Better—Pure—*Satisfy.*
