## City Acts on Delapidated Houses Mon.

Clearing the city of houses so delapidated they cannot be lived in was given the go-ahead by the City Council Monday night, November 19, as it moved to upgrade Wellington's appearance.

The action cleared the way for a new ordinance which will permit the city to tear down these structures with the owners permission first being requested. If this cannot be obtained, condemnation procedures are then possible if the structure is considered a hazard to health or is dangerous.

The Council also approved the purchase of equipment, destroying of stray dogs that are not tagged, and a new parking arrangement around the court house square that will accommodate more cars. Mayor Bill Hatch presided.

City Manager Lyman Daniel showed the council pictures of approximately 75 houses now in unlivable condition to back up the request for a delapidated housing ordinance. At the same time he estimated there are between 95 and 100 in the city limits in this condition.

Most of these could not be repaired, he said. A few could be repaired but the cost would be excessive. The location of some is such that they would be undesirable living sites, Mr. Daniel explained.

The city now has a delapidated housing ordinance but a study has shown that the new one the council will consider will be more precise and far-reaching.

The new ordinance will be drawn up and presented to the City Council at its meeting Monday, December 3, for its consideration.

An increase in the loadout price of water at the city hall loading dock was approved. A minimum of \$1.00 will be placed on any water bought at this point, with a charge of 20 cents per 100 gallons thereafter.

For a number of years, the city has charged 10 cents per 100 gallons, and it was brought out that this is out of line with the charge made to city water users.

City Policeman Mike Gilmore was given approval to begin destroying all stray dogs that are not tagged, effective Monday, November 26. Mayor Bill Hatch brought out that there have been numerous complaints of dogs running loose again, and in the north part of town residents report they are killing chickens.

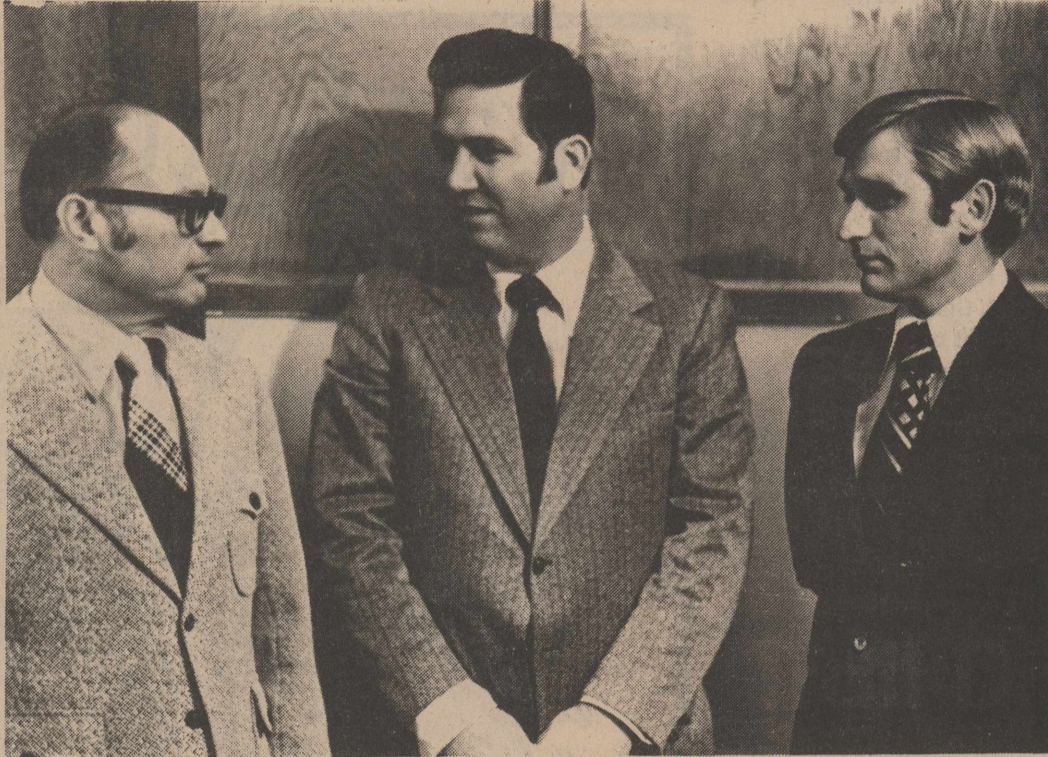

All dog owners are asked to keep their pets penned, and if they have not been vaccinated

## Deterrent to Theft Planned by Officers

As a measure to discourage burglary and thieving, Sheriff John Rainey has announced he has a small portable metal engraver which he will loan to persons wanting to mark personal belongings.

"We will loan it out or we will do the engraving for you," said the Sheriff. "We do encourage people to get items marked which likely would be taken in case of a burglary, then give officers a list of the things marked and the mark used." This information will be kept on file.

### EXPLORE COLLINGSWORTH DEVELOPMENT

Keith Winter, center, Director of Development for West Texas State University, returned to his home town, Wellington, Monday night, November 19, to discuss with Mayor

Bill Hatch, left, and C-C President Dan Hiett some things the county can do to expand its economy and growth.

## Promote Your Strengths, City C-C Group Advised

Have pride in your city. Promote its strengths. Get people involved. Line up your priorities and go to work on those that are most urgent.

These were a few of the recommendations made at a combined meeting of the City Council and Chamber of Commerce directors by Keith Winter, director of development for West

Texas State University.

He was invited to speak at the meeting Monday night, November 19, by Mayor Bill Hatch and C-C President Dan Hiett.

Reared in Wellington, Mr. Winter was until recently director of the Amarillo Board of City Development, where he achieved an outstanding record for bringing in industry.

His dynamic enthusiasm was contagious, and he used his knowledge of the community he was talking about to make down-to-earth suggestions -- most of them based on hard work.

Seeking out a means of financing additional housing was put near the top of Wellington's priorities. This can be done in spite of high construction costs, the speaker declared.

Dwell on small industry, rather than attempting to bring in something big, Mr. Winter advised. Go to Amarillo, Wichita Falls and Oklahoma City and seek out small companies who may want to expand. He returned to this idea several times during his talk, each time making practical suggestions concerning contacts.

At the same time he inquired about Wellington's work force and suggested that maybe a study should be made of this.

Draw on the resources of all the people who have ever lived in Wellington, Keith Winter said. Invite these people down and they will tell others about Wellington.

"You are sponsoring your

## Drake Again Heads Historical Museum

Officers of the Collingsworth County Historical Museum were elected, along with four directors, at the annual meeting Sunday, November 18.

Clyde Drake was re-elected president, while Marshal Peters was named vice president. Mrs. Russell Yates was named to a second term as secretary and Earl Hunter was re-elected treasurer.

The new finance chairman is Larry Henard.

Named to serve two year terms as directors were Mrs. Jack Lowry, Mrs. Cecil Masten and Mrs. Woodrow Wilson, while Mrs. Wilbur DePauw was chosen to fill a one-year unexpired term. This was created by the resignation of Roy Canada of Quail.

Activities of the past year were reviewed in the reports of the secretary and treasurer, and Mrs. Heber Brantley, finance chairman, presented her report and Mrs. Drake gave a progress report as administrator of the museum.

Serving on the nominating committee were Dan Hiett, Mrs. John Holton and Bobo Castleberry.

Entertainment was an original skit, "Thanksgiving-Yesterday's and Today's," written and directed by Mrs. Bob McAlister, and presented by a group of her high school junior speech class.

Betty Burba was narrator and

taking the part of the Pilgrims were Beth Derryberry, Geney Morrow, Steve Emmert and Della Shumate.

## Trail Drive and Chuck Supper Slated Saturday

Time will turn back Saturday afternoon, November 24, for the old-time trail ride down Salt Fork River, the final part of the observance of Collingsworth County Historical Appreciation Week.

An old time chuck wagon supper will be waiting for the riders at the end of the trail. The ride is free, but there is a charge for the supper.

Final plans were announced by Mr. and Mrs. Edd Henard, who are in charge.

Those making the trail ride will bring their own horses to the Henard home just north of the Salt Fork River Bridge on Highway 83 and the ride will begin at 2:30 p.m.

It will go through the Henard pasture and down the River.

"The trees along Salt Fork are beautiful this year," Mrs. Henard said. "And if the weather remains good, it will

## Harvesting of Record Grain Sorghum Crop Near Finish

Harvesting the biggest grain sorghum crop Collingsworth has produced in recent years is nearly finished, with at least 90 per cent of the acreage already cut.

Buyers in Wellington and Dodson have not had an opportunity to tally their deliveries, but a rough estimate places this at 32 million pounds or more.

The price has remained steady at \$3.90 per hundred throughout the harvest and this indicates that growers already have brought in a milo crop valued at more than \$1.25 million.

Not all growers have sold at the time of delivery, it is pointed out. Some are waiting until the finish cutting. Others have indicated they will not sell until after the first of the year.

Some will feed part or all of their crop in their own livestock operations.

Production per acre for 1973 would have been considered unreal only a few years ago.

Yields of from 3,000 to 5,000 pounds per acre have been produced in the Dodson area, with the higher figures coming from irrigated land, according to Darrel Murphy, manager of Dodson Co-op Enterprises.

Dry land yields of 3,000 pounds were common in the area served by Wellington's two buyers, Glenn Warrick of Warrick's Inc., and Jones Singley of Singley Mill and Elevator.

### School Holidays Set Nov. 22-23

The three county schools will dismiss classes Thursday and Friday, November 22 and 23 for the Thanksgiving holidays.

The Wellington-Shamrock basketball games scheduled for Friday, November 23, have been cancelled, but Samnorwood will travel to Shamrock for a game Saturday night, November 24.

Quail has no games scheduled.

There was not enough irrigated grain sorghum in this area to make a material difference.

Mr. Murphy estimated that not more than five per cent of the crop is still in the field in the Dodson area. Around 90 per cent of the crop is believed cut in the remainder of the county.

The yield this year was quite a bit above average, Mr. War-

rick pointed out, and the 3,000 pound yields on dry land are outstanding. He called one of the better years for grain sorghum the county has had.

Hail in late summer damaged a strip through the western and central part of the county, Mr. Singley reminded, and this was enough to be reflected in total production. In so far as is known, all of this acreage will

be cut, but some is yielding only 500 to 1,500 pounds per acre. Beyond this, Mr. Singley said that only a few of his customers did not get the yields they had expected.

The grain sorghum acreage is difficult to determine, the County ASCS office reports and allotted 90,721 acres, however for the first time in a num-

## Rockets, Rockettes Open Basketball This Week

With only one day of practice after the close of football season, the Skyrocket basketball team opened its season at Samnorwood Tuesday night, November 20.

The Rockettes, who also opened at Samnorwood, have

been working out for several weeks, although their training has been limited in the time their coaches could give.

Coach Robert Hicks is head basketball coach and will be in charge of both the Rockettes and Rockets.

Assistant Phil Bailey will coach both junior varsity teams.

Games scheduled with Shamrock the day after Thanksgiving have been cancelled and the next games slated will see the Samnorwood Eagles and Eaglettes playing in Rocket Gym. This game will start at 6:30 and will be a double header, featuring only the two varsity teams.

The Rockets and Rockettes, along with the Samnorwood and Quail varsity teams, will play in the Shamrock Tournament Thursday through Saturday, November 29 and 30 and December 1.

The next week end, the Rockets and Rockettes go to the Samnorwood Tournament, and the following week end, December 12, 14 and 15, they will host the Wellington Invitational tournament.

Approximately 34 girls have reported to Coach Hicks and Coach Williams, although there has been no opportunity as yet to select either the boys or girls varsity.

Fourteen girls will be selected for the Rockettes, the number allowed by Interscholastic League rules. These also limit the boys team to 12 varsity players.

Coach Hicks is in his second year as a head basketball coach, having held that position at Rotan last year, which was his first year out of college. He played basketball in both Angelo State, where he took his degree, and at Albany High School.

Coach Bailey is in his first year of coaching, although, he also was involved in basketball at Midwestern and Wichita

Falls high school.

Work so far with the Wellington girls teams have concerned fundamentals, with pointers on both offense and defense.

Practice sessions for all teams will go on full schedule this week, Coach Hicks said.

## Mrs. Thompson, Pioneer County Settler, Dies

Mrs. G.M. Thompson of the Aberdeen community, who came with her parents to that part of the county 81 years ago, died in Wellington Nursing Center early Wednesday, November 14, after a long illness.

She was 87 years of age. Mrs. Thompson was the former Edith Willard, daughter of the late John H. Willard and Mittie Ann Ingram Willard Mabry, and was born September 13, 1886, at Columbus, Colorado County. Six years later the family moved to Collingsworth County, in a covered wagon.

They settled in the Needwood community, where Mr. Willard felt there was opportunity in ranching.

They represented a type of settler in this area that is often overlooked, the educated, cultured families, who valued learning, for Mrs. Thompson's father was a student in the University of Pennsylvania before he saw his future lay in Texas.

Mr. and Mrs. Thompson were married January 26, 1910, at Aberdeen, and her home had been in that community since then.

She was a charter member of Aberdeen Methodist Church, and upon the merger of the congregations, she became a

## Do Christmas Mailing Early

Postmaster L.B. Bratten has asked Wellington patrons to do their Christmas mailing earlier than for any time in the past.

Mail going to Alaska and Hawaii should be sent this week.

Anything going to overseas countries must be sent by air mail if it is to arrive before Christmas, Mr. Bratten said.

All parcel post sent within the continental United States should be mailed by Monday, December 3, and all first class mail, including Christmas cards, should be sent by Saturday, December 8.

## Winning County Slogan Chosen

"Grow and Go with Collingsworth!"

Submitted by Rita Fielding, 15-year-old Quail ninth grade student, this was selected the winning slogan in the Chamber of Commerce contest Monday night, November 19, President Dan Hiett announced. The slogan will be used on bumper stickers which the C-C will sell county-wide. Proceeds from the sale will go into its Youth Activity fund.

Rita, daughter of Mr. and Mrs. Paul Fielding, is a member of Quail Future Homemakers, likes to ride horseback, and is studying piano.

## Mallard Gets Grade C Water Certificate

Payton Mallard, employee of the City Water Department, has received his Certificate of Competency, Grade C, from the Texas State Department of Health.

Announcement of this was made by City Manager Lyman Daniel.

Mr. Mallard completed the requirements for certification at a recent waterworks school in Lubbock. Education and experience in operating and maintaining water or wastewater facilities are also part of the requirements, along with the written examination.

He will now begin work toward Grade B certification, according to the city manager.

A new parking plan will begin when parking spaces can be marked.

Angle parking will be used again next to the court house; there will be a single row of angle parking that will extend down the center of the streets instead of the present double row, and angle parking will be retained at curbs in front of business houses on the four sides of the square.

The new angle of parking will be at 60 degrees, and this will provide for 247 spaces. There will be greater distance between the rows of parked cars, and it is believed this will eliminate a number of the collisions of the fender-bender type which have frequently involved cars backing from parking spaces.

As there will be only one row of cars in the center of the street, they may enter the parking spaces from either side.

While vacationing last week, Vikki Saunders visited in Plainview with her uncle, Buddy Dodson.

Steve Hartman portrayed the Indian and Lucinda Aguilar the Spanish lady. Pioneers were Kathy Kersten and Derick James, while Jim Bob Nall was the Cowboy.

Appearing as the modern family were Robert Wolf, Jennie Earnest, Renee Mitchell and John O'Rear. At the conclusion of the skit, a quartet made up of Miss Burba, Miss Derryberry, Miss Earnest and Tanya Watson sang "Bless This House."

Mrs. Yates and Mrs. Hiram Cudd were in charge of arrangements and Mrs. Bura Handley assisted them at the refreshment table.

In reviewing the year's activities, it was brought out that the first of these was the open house in November 1972 at the dedication of the Historical Marker, which was unveiled at Collingsworth General Hospital, and the presentation of the American Medical Society exhibit titled "Life Begins."

In December the official board accepted the gift of the fire-proof building and three lots on 15th Street from Mr. and Mrs. R.H. Tyler, which now houses the museum. Certain improvements and remodeling have been finished during the year.

Artifacts and fixtures began to be moved into the building and restoration and preservation work is under way.

The accumulation of donations and loans have continued. Recently the Museum brought here Dennis Bartz of the Fort Worth Museum of Science and History on a visiting Specialists Grant from the Texas Historical Foundation.

Visiting over the week end with Mr. and Mrs. John Sherman were their daughter and family, of San Angelo, Mr. and Mrs. Pat Slavin and their sons, Mark and Wes.

Visiting Monday and Tuesday, Nov. 12 and 13, with Mrs. Jennie Holcomb were her granddaughter and husband, Mr. and Mrs. Charles Grano of Anaheim, Calif.

own city," he emphasized, and it's a day to day job."

There was high praise for the almost 300 members of the Chamber of Commerce has this year, and he urged directors to get all these people involved.

"If you want it to be really your city, give every person a shot at responsibility," the group was told. "Have a community event so everyone can participate — where people will have to come face to face with each other."

In going out to meet industrial prospects, Mr. Winter urged: Do your homework first, learn all you can about your prospect. Then he gave some of his own procedures for doing this. Make your image the best possible, he urged.

One highly practical prospect he threw out was this:

Every County is concentrating on cattle feeding, but what about hogs? He named a company in Denver, Colorado, that will buy up to 400,000 head a year.

"You've got to promote every day. Build a pride that is not false pride," were Mr. Winter's parting suggestions to the C-C of Wellington group.

Funeral services for Mrs. Thompson were conducted at Trinity Church Friday at 2:00 p.m. with her nephew, the Rev. Vernon Willard of Chillicothe and the Rev. James Boswell, pastor of First United Methodist Church, officiating.

Burial was beside her husband in Memorial Gardens. Pall bearers were Everett Fain, Lee Roark, Billy Waters, Pat Bradley, J.W. Thomas and Noah Stice.

Survivors are her daughter, Mrs. C.R. Hankins; a sister, Miss Willie Willard; a granddaughter, Mrs. Robert Cole of Plainview, and a great grandson, Robert Allen Cole.

## Luncheon Honors DAR Regent

Mrs. H.H. Bowen, regent, and Mrs. Earl Lynn Bartlett, vice regent of La Paisana Chapter, Daughters of the American Revolution, attended a luncheon and meeting of the Esther McCrory Chapter, DAR at the Amarillo Club Monday, November 12.

This was to honor the State Regent, Mrs. F. Hastings Pannill of Midland.

Mrs. Pannill spoke on "American Heritage" and gave a short history of crewel embroidery.

Mrs. Pannill has served the Texas Society of DAR in a number of offices and is presently national vice chairman of the program committee and on the national public relations committee.

As her State Regent's Project, she has chosen the publication of "A Roster of Texas Daughters Revolutionary Ancestors." Mrs. Ernest S. Brainard is state chairman of this project.

ber of years, growers did not have to plant within their allotments. Neither is the ASCS required to tally the certified acreage on grain sorghum this year.

Most of Collingsworth's crop this year will stay in the area. Mr. Singley said he has loaded only one car that will go to Fort Worth. Both he and Mr. Warrick believe most will be used locally or within this area. Some will possibly go to feedlots on the high plains, Mr. Warrick added.

Dodson Co-op Enterprises leased its elevator to Sagebrush Feedlot and is handling the grain in that area for them, Mr. Murphy said.

# Skyrockets Bomb Tigers In Last Game of Year

By Colquitt Nash

Facing their last game of the 1973 season in a chilly wind in McLean, the Skyrockets dominated the slightly larger Tigers and came home with the victory. It was a climactic finish for a very good season.

It took the rockets all of the first quarter and part of the second to find the combination that would net them the six points that they needed. The scoring drive began off of a punt by McLean that Hodges let bounce to the 30. In covering the seventy yards, the Rockets utilized Hodges on runs and passes. Going from the eight, Brewer called for a quick pass but a good defensive play by Wesley Brown batted the ball down at the line of scrimmage. The next pass found Hodges at the 2. Brewer on a keeper found the room needed for the score and with 9:59 in the half Wellington took the lead. Arnold Fincher's extra point was good and the score was 7 to 0, Wellington.

McLean's next possession only lasted four downs as they were forced to punt away the ball. A short punt, the ball was down at the Wellington 40.

As Wellington took over, Brewer went to the air, but his first two passes went incomplete. On the third attempt, Brewer hit Steve Kane who handed back to Mike Williams who with a good block from Kane raced all the way to the McLean 15 before being caught from behind.

Giving the ball to Randall Hodges he could only find two yards around the end. Again Hodges got the call and this time Steve Emmert, Keith Davis and Richard Saunders opened the hole on the left side and sent Hodges into the end-zone with 7:13 left in the half. The extra point was good and the score moved to 14 to 0.

Arnold Fincher's kick-off went into the end zone and McLean came out on the 20. On the first play they sent Sketty Lowery into the line and he lost the ball to Tony Martinez at the 20 where Wellington had a good break and field position.

Unable to find any room to move, the Rockets set up for a field goal but the kick was off. And again the ball belonged to the Tigers at their 20.

Again the Tigers were stopped and punted the ball away to the Wellington 25.

Calling on Randall Hodges again, Brewer pitched out to him as Paul Wilbur pulled out to run interference. Finding the right man to block Wilbur put him on the ground and Hodges raced the length of the field for another six points for the Rockets with 4:54 in the half. Point after was good and in just five minutes Wellington had put 21 points on the scoreboard.

Fincher's kick-off was moved back twice for going out of bounds and on the good kick the Tigers returned it to the 30. Again there was no room for the Tigers as they gave up the ball on the Wellington 40 following the punt.

The Rockets, on the first play, again sent Hodges and Wilbur around end and picked up 30 yards down to the McLean 30. Hodges, and Sammy Gonzales were sent toward the goal line but were only able to find the 8. Jim Bob Nall then got the ball and found the goal line with 2:22 in the half. Attempting a two point conversion the pass was dropped in the end-zone.

THE WELLINGTON (TEXAS) LEADER  
Thursday, November 22, 1973

And the half ran out with the score Wellington 27, McLean 0.

Coming out after the half, the Rockets still could not move the ball. Attempting a punt the snap was bad and Tony Henley picked up the ball and ran. He was hauled down at the 33 where the Rockets took over.

Giving to Hodges, Randall moved in behind Steve Kane and raced to the 1 yard line. Jim Bob Nall and Sammy Gonzales were unable to move it across. But Hodges with 9:27 in the third quarter moved it across. The point after was no good and the score went to 33 to 0.

Taking the kick-off, the Tigers were able to gain a first down, but no more as they were then forced to punt. The ball was taken by Keith Davis at the 44 of Wellington where he was downed but a piling on penalty moved the ball up to the McLean 43.

Using Hodges and Jim Bob Nall, the Rockets were able to gain the 15. Calling a pass, Brewer found Hodges all alone on the sideline, and with a quick side-step Randall evaded a would-be tackler and hurried into the end-zone with 5:42 in the third quarter. Attempting the extra point, Richard Sanders kick was blocked and the score was 39 to 0.

Taking the ball the Tigers were stopped short of a first down at their 44 but then turned around and held the Rockets at the Tiger 42. But another quick turnover came when McLean fumbled at their 45 and Dean Baker found the ball for the Rockets.

Moving the ball from the 45 the Rockets got to within 3 yards of the goal line but then were pushed back to the 10 where they set up for a field goal. Fincher's kick was off but there was a flag against McLean and the Rockets got another chance from the five.

The quarter ended before the play could resume and Randall Hodges came in to kick. Taking the snap Hodges set up to throw and hit Steve Kane in the end-zone for the score with 11:55 in the game. Fincher's kick was good and the score moved to 46 to 0.

Getting a good runback off of the kick-off, the Tigers took over on the Wellington 45. Hoping to move through the air with the wind at their back, Marty Duniven missed his first pass, the second was batted down at the line of scrimmage by Keith Davis, and his screen pass was fumbled by Tony Henley and Paul Wilbur fell on the ball at the 37.

Moving the ball to the McLean 26, Wellington's drive was stalled and the fake field goal was no good. So the Tigers took over on downs at their own 26. Gaining some yards off of a penalty against the Rockets the Tigers again met bad luck at the 41 where the ball squirted from the runner and Steve Emmert found it for the Rockets.

Hodges moving off tackle to the 37, then took the ball behind Paul Wilbur around the end. He cut back toward the middle of the field where he picked up Steve Kane and Richard Sanders who escorted him on into the end-zone for the final six points of the game. The

point after was blocked and the score was set at 52 to 0, Wellington.

Moving the ball and aided by penalties against the Rockets the Tigers were able to gain the Wellington 10 and inches short of the first down. Trying to gain the first down, Sketty Lowery was dropped for a two yard loss and McLean set up for a field goal. The try was wide but off-sides against Wellington and McLean gave them another chance. Again the try was wide and Wellington took over on the 20 and ran the clock out.

It was a good year for the Skyrockets and another good year seems to be promised. A special congratulations for the players and the coaches of that Fighting Skyrocket team from all of their supporters.

**SMALLER SIZES ARE MORE FASHIONABLE.** Because the new houses or condominiums being built today are more compact, Stanley Furniture has especially scaled-down this dining-room suite to fit into any ten or eleven foot area. Even the china cabinet is smaller than usual, yet it still offers ample shelf space to show off china and precious ornaments. The oval pedestal table is a mere 52 inches long, but there are extra leaves to make it bigger when more than four sit down to dinner.

## Church Ceremony Saturday Unites Nancy Shumate and Billy McKinney

Miss Nancy Alice Shumate became the bride of Billy Ray McKinney in a ceremony performed in First Baptist Church Saturday, November 17, at seven in the evening.

The Reverend Darrell Feester, ministerial student in Wayland Baptist College, officiated. Parents of the couple are Mr. and Mrs. C.T. Shumate, 107B West 14th Street and Mr. and Mrs. D.R. McKinney, 911 Floydada Street.

Church decorations were a central arrangement of flowers, with candelabras at each side. The kneeling bench completed the setting at the altar, and bows and wedding bells marked the pews.

Music was presented by Mrs. Raymond Hodges and Mrs. P.M. Scott, vocalists, and Mrs. Truman Estes, organist.

Mr. Shumate gave his daughter in marriage.

She wore a formal gown of white bridal satin designed with an empire waist and a floor length modified circular skirt.

## Lillie HD Club Meets Nov. 15

The Lillie H.D. Club met Thursday night, November 15, in the Heritage Room for the Thanksgiving Party. Mrs. George Bartlett was the hostess.

The club members entertained the husbands with a '42 party. After games, refreshments were served from a beautifully decorated table carrying out the Thanksgiving theme.

Those attending were Mr. and Mrs. Zook Thomas, Mr. and Mrs. Dudley Phipps, Mr. and Mrs. Mack Horton, Mr. and Mrs. David Phipps, Mr. and Mrs. Gabe Wright, Mr. and Mrs. Henry Langford, Mr. and Mrs. Bill Langford, Mrs. Ozro Bartlett and Mrs. George Bartlett.

## Happy Homemaking

By BARBARA BAKER

To prevent the bottom of a metal bread box from rusting and to allow air to circulate under the box, glue rubber washers on the four corners of the bottom of the breadbox.

Black kid gloves can be cleaned by adding a few drops of black ink to a tablespoon of salad oil. Rub the mixture into the glove and wipe off the excess with a soft cloth.

When washing knitted gar-

ments, remove the excess moisture by placing the garment smoothly between two bath towels and then roll it all with a rolling pin. This way the garment is evenly pressed and dries without wrinkling.

To strengthen a plastic laundry basket, fit a section of rubber garden hose under the rim and lace it in place with a strong cord. This will hold up under a heavy load of wet wash and prevent the rim from breaking.

Tiny pleats gave fullness to the sheer ruffling, with bands of lace, which outlined the deep yoke and formed the high standing collar. Sleeve fullness extended to the elbow, where it was caught by three bands of lace and ruffling. Her chapel train, extending from the waist, was also edged in ruffling and lace. A flower headpiece held her bouffant net veil and she carried a bouquet of red roses and baby's breath.

Mr. Carroll Nunnelley was the matron of honor and Miss Lillie Ann Rogers of Canyon was the bridesmaid. Their princess style floor length dresses were of burgundy crepe, styled with white lace yokes and long sleeves. They carried bouquets of roses, baby's breath and carnations.

Randy Barber of Childress was the bridegroom's best man and Dwight Bowen was groomsmen.

Ushers were Lloyd Blackwell of Childress, Rick Jones and Calvin Jones of Amarillo.

Candles were lighted by Miss Pam Shumate and Harold McKinney. Flower girls were Jana and Paula Nunnelley, while the ring bearers were Nancy and Kacy Davis.

After the ceremony, Mr. and Mrs. Shumate were hosts at a reception to honor the couple in the church fellowship hall. The bride's table was laid with a white linen cloth, edged in a wide band of lace. Her bouquet and an arrangement of candles formed the centerpiece, and crystal and silver appointments were used.

Members of the house party were Miss Judy Peters, Miss Susan Lowe, Miss Jan McGill and Miss Katy Sullivan. Guests were registered by Miss Jacqueline Gray.

The bride was graduated from Wellington High School this spring. The bridegroom, who graduated in 1968, also served in the United States Army and is now employed by Ray Green Finance in Childress.

Upon returning from their wedding trip, the couple will be at home in Childress. Know where the home's main gas and water valves are located - and how to close them. If you think you smell gas, close the valve, open the windows and call the gas company immediately, says Patricia A. Bradshaw, A&M University

## Esther UMW Has Luncheon

The Esther sub-group of United Methodist Women, of First United Methodist Church, met Friday, November 16, in the home of Mrs. L.J. Courtney. From there, the ladies went to the Haycamp Country Club for a shrimp luncheon.

Mrs. J.B. King gave the program on "God's Love." After the program, they went for a walk and observed wildlife.

The general business meeting was planned to be held on Sunday, November 18, at 2:00 p.m. at the First Methodist Church.

Those attending the Friday luncheon were Mrs. John Holton, hostess, Mrs. Courtney, Mrs. John Henard, Mrs. Mattie Lindsey, Mrs. J.B. King, Mrs. Maude Vaughan, Mrs. Mayme Somerville, Mrs. Jim Boswell, Mrs. J.F. Michael, Mrs. Robert Lewis, Mrs. Cal Hurst, Mrs. Cecil Masten, Mrs. A.J. Fires, and Mrs. Lowell Wells.

## Hursts Visit In Oklahoma

Mr. and Mrs. Cal Hurst were Luncheon guests of Mr. and Mrs. Reece Norman of Grandfield, Oklahoma, Sunday, November 18.

Their son, Jimmy Norman, U.S. Army, had returned Saturday from service in Korea, and all members of the Norman family were present. His next assignment will be in Kansas.

The Reece Normans and their children formerly lived here.

## Most Homes Not Insured Enough

American homes aren't adequately insured, according to a recent survey.

Conducted by American Mutual Insurance Alliance, the survey reports that more than half of all single-unit homeowners don't carry enough insurance to protect their property fully.

A house that was fully insured 10 years ago now may be covered for only half its value unless the homeowner periodically increased his insurance.

"Since a home's value increases with any home improvements - adding a room, remodeling or even paneling an existing room - it's smart to increase insurance coverage,"

Recommended insurance coverage equals the market value of the home minus the value of the lot and foundation.

To receive full payment for any losses, a homeowner should have coverage no less than 80 per cent of replacement cost.

Replacement costs have increased tremendously with changes in supply and rising labor prices, the specialist said.

"Some insurance companies offer homeowner's policies with a built-in inflation-guard provision to increase coverage at regular intervals."

A smart mother helps her children start the day off right with a good breakfast. For difficult-to-please eaters, try peanut butter or cheese toast, oatmeal cookies or even a hamburger with a glass of milk, suggests Sally Springer, foods and nutrition specialist,

## Study of Andrew Wyeth Presented For Excelsior Club Members Thurs.

A study of the contemporary artist, Andrew Wyeth, was presented for Excelsior Club members Thursday evening, November 15, when Miss Hattie D. Wells was hostess and program leader.

Besides a description of Wyeth's paintings, which are familiar to all segments of American life, Miss Wells quoted from his writings to tell something of his feelings:

"I do an awful lot of thinking and dreaming about things in the past and future - the timeliness of the rocks and hills - all the people who have existed there."

"I prefer winter and fall, when you feel the bone structure in the landscape - the loneliness of it - the dead feeling of winter. Something waits

## "Nation of Strangers" Reviewed By Mrs. Sam Gholson for Club

Know your America Week was celebrated by members of 1924 Study Club on November 15 with Mrs. J.B. King as hostess at the Heritage Room.

Presiding was Mrs. Ralph O. Owens, president. Plans for the December projects and meeting were discussed. Members are expecting to have more pecans available before Thanksgiving.

A review of "A Nation of Strangers" by Vance Packard was presented by Mrs. Sam Gholson. She captivated her audience with both her style of presentation and the subject matter.

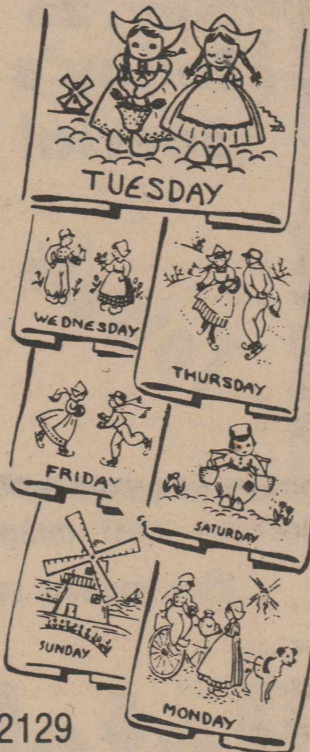

She related that the fact that our population is mobile may be a basic problem of the nation's family unit. With 40 million people moving their home each year, there is a strong indication of a breakdown of solid, trusting connections between people.

While most people are yearning for a sense of roots, a sense of community, a sense of knowing they have dependable friends, the statistics show that most are primarily more interested in neighborhoods than in neighbors.

Examples of those on the move are large firms who move personnel across state lines or even relocate whole offices; migrants who are also class conscious on a working scale yet feel

## Dorotheans Note Thanksgiving

The Dorothea Group of the United Methodist Women met for their Thanksgiving Program in the home of Mrs. Frank Anderson.

Mrs. Nita White, Chairman, conducted the business meeting outlining plans for the coming years.

Mrs. Jack Davis was program leader and used as her topic "Come Ye Faithful People". Assisting Mrs. Davis and representing women from four countries who are active in religious work were Mrs. J.F. Michael, Mrs. Pearl Reeves, Mrs. Mary Jones and Mrs. Esta Glenn. After each speaker, Mrs. Hiram Cudd, sang one stanza of a hymn appropriate to the work of that person. The meeting was closed by the group singing the Doxology.

Members attending were Mrs. Barbara Williamson, Mrs. O. B. Wilson, Mrs. H. H. Bowen, Mrs. Jennie Holcomb, Mrs. Glenn. Mrs. Michael, Mrs. Reeves, Mrs. Jones, Mrs. White, Mrs. Cudd, Mrs. Davis and the hostess, Mrs. Anderson.

New America offers some disturbing developments about massive fragmentation of society.

"Briefings on Code of Ethics from Citizens' Outlook" was by Mrs. B.M. Sims who in March, 1973, represented the 66th Legislative District at the Lt. Governor's Citizens Conference on Code of Ethics. She told what had been discussed in the various committees and sub committees, explaining which parts have since become law.

To observe another facet of life, Mrs. King gave a "Salute to the Texas Rangers" who celebrate a 150th Anniversary this year.

The next meeting will be December 13 with Mrs. Chester Fires as hostess in the Heritage Room.

# Rocket JV Downs Canadian 34 to 12

The Skyrocket Junior Varsity ended the 1973 season with a 34-12 victory over the Canadian Junior Varsity in what was also the final game on Powell Field this season.

Wellington led 26-0 at half time, and after scoring again in the early part of the third period, Coach James Hicks sent in the Rocket JV reserves to give every man an opportunity to play.

It was only after this that Canadian was able to score. Canadian's wishbone offense failed to penetrate the fired-up

Rocket first team defense, which was at the same pitch as the earlier games that won them the District 2-A JV championship.

On their first possession of the ball, the Rocket JV put together a drive that took them from their own 35 to their first touchdown in 8 plays. The score came on a 20-yard pass from Randall Sims to Edward Thomas. Canadian blocked the attempt to run the extra points.

Late in the first quarter, with Wellington again in possession, Randall Sims, on option play, hit Thomas for a 40 yard touchdown. On a fake for the extra point, Shane Tarver passed to Sims in the end zone for two points to end the quarter 14-0.

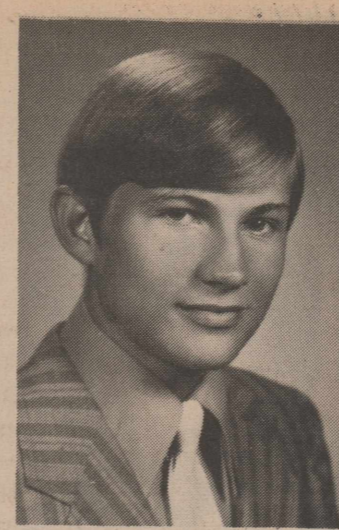

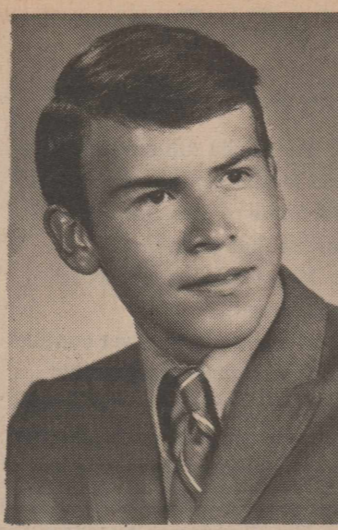

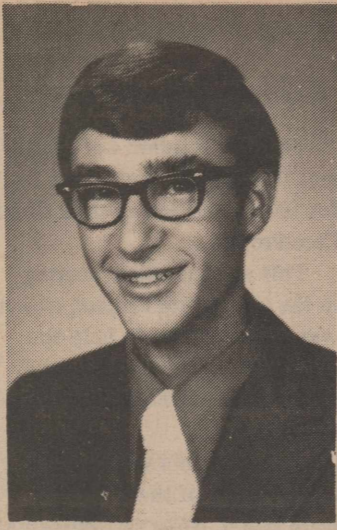

During the second period, Wellington put together another good drive which took them nearly 70 yards to score, with Jessie Davis going over from 6 yards out on a power play off tackle. The try for extra point failed. Again Wellington defense held the Canadian wishbone offense and The Skyrocket JV got possession on a blocked punt by Richard Sims on the Canadian 35.

A few plays later, he scored from 20 yards out on a sweep to left. The try for extra point failed, and the half ended 26-0. On their first possession after half time, Wellington went the length of the field, capping the drive with a 30 yard run-pass combination, again by Richard Sims. Again the Tarver-Thomas throwing combination added the two points after touchdown.

Here, Wellington reserves went in, with the first string as eager as the others to see that everyone got to play. It was a loose, enthusiastic, light-hearted Rocket JV that went the remainder of the game, even though Canadian scored twice.

Both these touchdowns came on 40-yard pass-run combinations, and each try for extra point was no good. Coach Hicks praised the fired-up team, and gave the defense full credit for holding the Canadian offense almost powerless throughout two and a half quarters of play.

Team members this year were: Robert Wolf, Don Allred, Randall Maxwell, Danny Morris, Jackie Black, Edward Thomas, Allen Sanders, Randall Sims, Richard Sims, Jesse Davis, Shane Tarver, Ricky Ford, Cliff Pennon, Victor Aguero, Fermin Nevarez, Tony Cox, Bob Cummings, Larry Adams, and managers Ernest Moody, and Lee Templeton.

## Services Held Thursday for Mrs. Willingham

Funeral services for Mrs. H.K. Willingham, former resident of the Aberdeen community for many years, were conducted at the Church of Christ Thursday, November 15. She died at 6:20 a.m. Tuesday in an Amarillo nursing home.

Lemuel Phillips, a minister of the San Jacinto Church of Christ, Amarillo, officiated, and burial was in Plymouth Cemetery by Kelso Funeral Home.

Pall bearers were grandsons, and a nephew, Ronald L. Willingham, Carrol Willingham, David Weir, Don Willingham, Pat Glenn, Steve Docherty and John Bennett, Jr.

Mrs. Willingham, the former Allie Bennett, was born at Gatewood, Mo., and came to Collingsworth County in 1907 from Sulphur, Oklahoma.

She was a member of the Church of Christ. Her husband, to whom she was married September 28, 1907 at Quail, preceded her in death in 1937.

Survivors are four children, Ronald Willingham of Amarillo, John Willingham of San Angelo, Mrs. Dwight Weir of Bethany, Oklahoma, and Mrs. Walter Docherty of Brownsburg, Indiana; a brother, John Bennett of Shamrock; and a sister, Mrs. Fannie Whitson.

# Wellington Sites Marked for Week

Those who travel the Historical Appreciation Week Trails in Wellington will find 13 spots marked with the orange identification arrows.

These were listed by Mrs. Clyde Drake, chairman of the Collingsworth County Historical Survey Committee, which is sponsoring the "Trails and Tales".

The Wellington "Trail" is part of the countywide system of interesting and historic trails which are marked.

No. 1. Metal steps once at the red brick Court House in Wellington. At home in 1100 block on S. Arlington.

No. 2. Wellington's first Public School House — moved and remodeled into a home. 706 Arlington St.

No. 3. Wellington's first brick business building. Bought by Mr. O'Neil and owned by members of his family continuously until sold to Cecil Browning a few years ago. Hitching rings are set in the sidewalk in front of the building next door west.

## Granville Clark, Area Rancher, Dies at Hollis

Granville E. Clark, 73, prominent rancher who lived many years in the Arlie community before moving to Hollis, died Sunday, November 11, in Harmon Memorial Hospital after a short illness.

Mr. Clark owned the K-Bar Ranch in the Arlie community, on Highway 62, and had been a rancher and farmer his entire adult life.

He was also active in community affairs and served for several years on the Wellington School Board.

He also was on the Childress Hospital Board, Childress County Farmers Home Administration Board, and Harmon County Co-op Association Board.

The son of the late Mr. and Mrs. S. J. Clark, he was born April 17, 1900 and grew up on the family ranch. He attended the Liberty School and Oklahoma A & M University at Stillwater.

Mr. Clark was a Methodist. Funeral services were conducted at First United Methodist Church in Hollis at 3:00 p.m. Monday, November 12, with the Rev. Elbert Shumaker officiating. Burial was in Fairmount Cemetery, Hollis.

Survivors include his wife, Mrs. Alma Clark of Hollis; two daughters, Mrs. A. J. (Mary Jean) Boles of Pampa and Mrs. Mike (Hannah) Kirkland of Dodson; two sisters, Mrs. Ella Mae Charlton of Shreveport, La., and Mrs. Mary Ewing of Hollis; four grandchildren and three great grandchildren.

Browning's Shoe Shop on the south side of the Court House square.

No. 4. Band Stand roof — is over the tables and barbecue pit in Ellison Park. Once there was a band stand on the court house lawn, when the paving was done and the lawn made smaller, the stand was torn down and the roof used.

No. 5. Wagon Yard and Shallow Lake. Across diagonally south and east of Clark's Chevrolet garage was one of the earliest wagon yards. This was the early-day equivalent of a tourist court. One could park (?) the wagon or hack, feed and water the team and camp. The shallow lake that was one of the several on the town section before the drainage ditch was dug, provided the water.

No. 6. Early day livery stable. The Joiners owned and operated it. A livery stable had buggies and teams and horses for hire. West 9th St.

No. 7. First drive-in filling station. Ralph Ball, owner. West 8th St.

No. 8. Somerville's Blacksmith Shop. The first one in Wellington. On 1st St.

No. 9. Wellington's first cemetery. First burial site is marked. On East 1st St.

No. 10. La Hue Saddle and Leather Shop. On the west side of the court house square. There was a long business building here. This leather shop was in the west end of the store. There was a door on the south side of the shop that faced onto the square. Finer harness was made in this shop than could be shipped in. Ellis LaHue helped his father in this shop for some time.

No. 11. Cornerstone on Wellington State Bank. This stone was in the wall of the building that was on the site before it was razed and replaced by the present modern structure in recent years. It is by the East door.

No. 12. Historical Marker by the north entrance door of Collingsworth General Hospital. This official marker approved by Texas Historical Foundation in 1972 upon the application by Collingsworth County Historical Survey Committee's application.

No. 13. Rocking Chair Ranch and Rocking Chair Mountains. Official Historical Landmark Marker. The temporary location is by Cudd Bros. office on U.S. 83 It was bought by Texas Historical Foundation in 1971. When the Collingsworth County road improvement is completed, it is to be placed near the Salt Fork bridge in the park area.

Mrs. Alice Wall, accompanied by a granddaughter, Mr. and Mrs. Oran Sain of Gould, visited in Gruver recently with Mr. and Mrs. Richie Brotherton. Mrs. Richard Peters, who had been visiting in the Brotherton home, returned with them.

COSMETOLOGY STUDENTS

These four are students in the new cosmetology course offered by Clarendon Junior College. From left, standing, are Sandra Sullivan of Quail, Doris Simpson, Jackie Isaacs and seated, Catherine Mote, all of Wellington.

## FB Asks Hardship Fuel Allocations

Texas Farm Bureau President J.T. Woodson has asked the federal government to move immediately in making farm fuels available in hardship cases. He said tractors and harvest machines are standing idle in many areas.

In a telegram to Interior Secretary Rogers Morton, Woodson said Texas farmers urgently need fuel now to finish harvesting grain and cotton and to prepare land for next year.

Woodson said that "bureaucratic mishandling" of fuel allocation is the cause of this immediate problem.

## Collingsworth RSVP

By Mecca Manuel

Women attending the Senior Citizen Center saw a demonstration of tube painting on textiles given recently by Mrs. Warren Merrell of Quail.

Each one present finished a picture of a vegetable on pelon during the afternoon.

There is a need for volunteers to help make Christmas decorations at the RSVP center, Mrs. Haskell Manuel, director, has announced.

Mrs. Dick Sweat will be the instructor.

Some of these decorations will be for sale to raise money for Senior Citizen Center activities, she said.

There is a need for a man or woman to help the students in the Satellite Training and Work Center with their leather crafts, Mrs. Manuel said. This help is needed badly.

One of the major activities of the Senior Citizen Center will be the Thanksgiving supper Friday, November 16, followed by organization of the center and election of officers. This will be a covered dish dinner with a program to provide entertainment.

"The government's mandatory program that allocates diesel, butane and propane fuels on the basis of purchases made 12 months ago is not working because it does not provide for common-sense flexibility.

"Your so-called 'common-sense' directive issued recently to distributors is not working because no one has defined common sense. Distributors are afraid to make decisions that could cost them heavy fines.

"We urge that you immediately clear the air by assuring distributors they will not be punished for selling to hardship cases. These farmers urgently need fuel now to harvest this year's grain and cotton crops and to prepare land for next year. To delay any longer is to invite economic disaster."

## Mrs. Trimble At Hospital

Mrs. Stanton Trimble has begun work in the office of Collingsworth General Hospital, Garner Altom, administrator, announced.

Before moving to Wellington, Mrs. Trimble was employed by Prime Feeders at Wheeler, where she was a secretary and did general office work.

Prior to that, she was employed as a reporter for the Amarillo Credit Association and for three years as receptionist-secretary for Pacific Finance Company. She also has had experience as a nurse's aid at a Mineral Wells hospital.

She grew up at Panhandle. Mr. Trimble was reared at Wellington and is the grandson of G. H. Brewer. He returned here to join his uncle, Herbert Bearden, in farming operations.

The couple has three teenage children.

## We Can Have Decorations for Christmas—Without Lights

We have a long tradition of beautifully lighted Christmas decorations each holiday season. This year, however, both national leaders and local sponsors of Christmas lighting are calling for conservation of electrical energy.

The Christmas Star atop the courthouse will burn, but for shorter hours, and this will be the case with holiday lights in the business and Highway 83 areas.

We can, with the use of our own ingenuity, be beautifully decorated this Christmas, both at home and in our businesses—without the use of any lighting at all.

It will require individual planning ahead, spiced with original thinking. We might try the use of some of our own natural products. Tumble weed snow men are an example. Our sister cities to the west have made themselves nationally famous with their farrolitas, candles embedded in sand contained in brown paper bags. This was done once here several years ago. There is an endless variety of other decorations we might achieve.

Wellington can be beautifully and differently decorated this year, with the use of the energy we must conserve.

## Other Editors Say . . .

### Higher and Higher

Social Security is a good thing to have if you are retired and trying to get by on the monthly check from Uncle Sam. And it is good that the government keeps increasing the benefits because the recipients certainly need it.

But there must sometime come a point beyond which the wage earner cannot be taxed more and more to finance Social Security benefits. This bite out of a paycheck has risen faster than anything.

This year the maximum Social Security tax on a paycheck is \$631.80 and it will go to \$785.40 next year if a proposed change gets passed.

Social Security taxes are now 5.85 per cent on the first \$10,800 of income. The proposal is to make it 5.95 per cent on the first \$13,200.

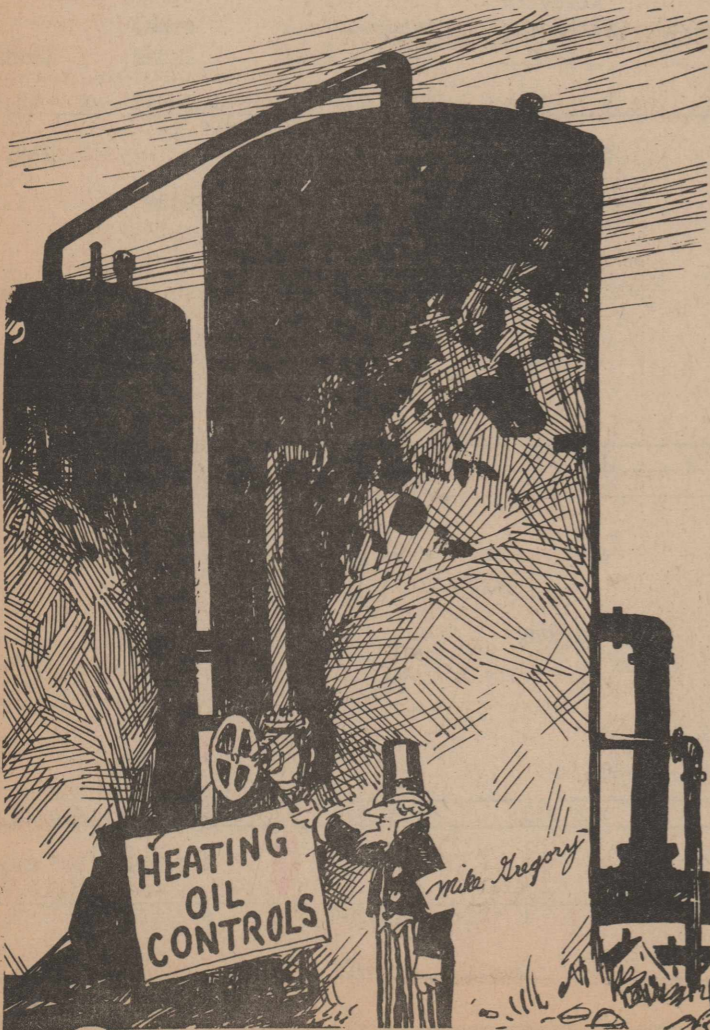

In 1970 the maximum Social Security tax was \$374.00 based on 4.8 per cent of the first \$7,800 of income.

In just three years we have seen the lawmakers boost our Social Security tax by 70 per cent and they want to take it higher.

Already the Social Security tax is as hard on a lot of paychecks as is income tax. There has to be a stopping place somewhere, even if our lawmakers like to pass legislation broadening benefits despite the knowledge that wage earners will have to dig that much deeper to pay for their generosity.

— The Perryton Herald

### Looks Like a Coal Winter

AUSTIN, Tex. — A new group is seeking to improve cooperation between state and federal law enforcement officials in Texas.

Atty. Gen. John L. Hill and U.S. Attorney William S. Sessions of San Antonio are co-chairmen of the "Federal-State Law Enforcement Coordinating Committee."

The organization is described as an outgrowth of discussion over a several months' period between Sessions and Hill.

Some of the state's top prosecutors of both state and federal jurisdictions, Federal Bureau of Investigation agents and Department of Public Safety officials met privately in Hill's office last week to formalize the organization.

"We made a little bit of history," Hill said of the meeting. "It's the first time there has ever been such a gathering of law enforcement-policy making people in this state. It is only a first step, of course, but the lines of communication are open, and we all have a lot to gain, if we exert the effort to make it work."

Hill and Sessions expressed optimism about prospects for success. They said state and federal law enforcement officials have a strong mutual desire to work more closely together and deal more openly with each other.

The two attorneys predicted state and federal law enforcement officials, and the public, will gain from better coordination of policies, operational efforts and intelligence resources.

They indicated the committee will meet three or four times a year to discuss problems and topics of mutual interest.

### FARMERS STEW OVER FUEL

CRISIS — Texas farmers have been having serious problems getting necessary diesel fuel to harvest cotton, pick citrus and combine grain sorghum due to "mass confusion" over federal fuel allocation regulations.

After several reversals by federal officials, some dealers were still slow to make sales because they feared prosecution if they acted under informal agreements passed along to them. Agriculture Commissioner John White

joined Gov. Dolph Briscoe in demanding "immediate positive action" at the federal level.

Rep. Jon Newton of Beville announced at a national energy crisis meeting in Boston a top federal Department of Interior official had assured him the problem will be worked out in 10 days to two weeks (from last weekend). Newton said he was informed that users will be able to draw their allocations when they need the fuel rather than

on month-by-month basis. The hitch has been that allocations were based on the amount of fuel used in November, 1972 — a low usage month for Texas.

SHORT SNOTS — Unemployment insurance payroll taxes for many employers will be reduced — three-tenths of one per cent — effective January 1.

Daiwa Spinning Company of Osaka, Japan, will locate the

most modern textile mill in the South Plains Cotton country, with an initial investment of \$15 million.

## CROSSROADS REPORT

Dear Editor:

I see where numerous ecologists get very emotional over any practice that disturbs the coyote, the caribou, the mosquito, the cockroach, etc., population.

All such are part of Nature's setup of organisms and their environment, and the ecologists have dedicated their tender hearts to getting laws passed against man-creatures doing inconvenience to any 4-or-more-legged life forms.

Except cattle and hogs, which get hemmed up and slaughtered every day so the saviors of creaturekind can have steaks and bacon, and they don't weep a drop.

By Mrs. G. T. Stephens

Last week was a beautiful week, and the farmers have combined a large percent of the milo. Several have started stripping cotton.

Mr. and Mrs. Dale Farris of Santa Fe, New Mexico; and Mr. and Mrs. Jimmy Cabbel and children of Las Alamos, New Mexico, visited with Mr. and Mrs. Obie White during the week end.

Mrs. L.A. Davis is a patient in the St. Anthony's Hospital in Amarillo, where she underwent surgery Friday, November 16. Mr. Davis reported her condition as satisfactory Sunday. He said "we hope to bring her home later in the week."

Mr. and Mrs. Freddy Potet of Lubbock were guests in the home of Mr. and Mrs. G.T. Stephens Saturday night.

Albert Gollighugh is still a patient in the Collingsworth General Hospital. His condition is improving and the family hope for him to be home for Thanksgiving. His children and

grandchildren that visited with him during last week include: Mr. and Mrs. John Roy Gollighugh, Mr. and Mrs. Evon Gollighugh; grandchildren were Paula, Randy, Cathy and Brenda Gollighugh from Amarillo; and Mr. and Mrs. W.F. Howard and boys of Mobeetie.

Mrs. Loyd Langley, Mrs. Cary Neeley and son, Curtis, and Mrs. Estelle French of Wellington went to Amarillo Monday, November 19 to meet Mr. and Mrs. J.W. French who flew in from Avila Beach, California.

Mr. and Mrs. French plan to spend two weeks with their families here. They are: Mrs. Mary Clay, Mrs. French's mother, of Hedley; Mrs. Delbert White and Mrs. Loyd Langley, her sisters, and Mrs. Estelle French, Mr. French's mother.

Guests in the home of Mr. and Mrs. Carrol Blevins last Thursday was his sister, Mr. and Mrs. Roy Willingham of Abilene.

## UDC Bestows Military Cross

The Childress Chapter of United Daughters of the Confederacy and the Sarah Elizabeth Underwood Chapter of Children of the Confederacy held an Armistice Day program in Childress honoring the "Memory of Johnny Rebs."

The highlight was the bestowing of a Military Cross of Service on Dink Woods of Paducah. His grandfather, A.G. Woods, was a second lieutenant in Company H, 2nd Regiment of the Texas Cavalry and later was county judge of Young County.

Jerry C. Brewer, minister of the Church of Christ, was the speaker. Miss Tops Gilreath of Memphis is president, of the Texas Division, UDC.

Collingsworth members of the UDC are Mrs. B.B. Martin, of Dodson, Mrs. C.O. Bodine, Miss Maudie Coffee, Mrs. John Coleman, and Mrs. Sam White. Richard and Randall Sims are members of the Children of Confederacy.

Visiting over the week end with Mr. and Mrs. Joe Thompson was their daughter, Mrs. Floyd Dickey from Dimmitt.

Mrs. Joe Rogers and son, Bob, from Bakersfield, California, visited last week with Mrs. Roger's sisters, Mrs. Coy Vaughn, Mrs. Ray Clubb, and Mrs. Ethel Britton.

**Thanksgiving Day.** If you have guests in for the holidays you may not have a minute to spare until Thanksgiving Day is past. The problem usually remains of what to do with the turkey that's left. The recipes below may help to solve your problem:

### TASTY TURKEY SALAD

3 cups cooked turkey  
2 cups finely diced celery  
½ cup blanched, slivered almonds.  
½ cup chopped walnuts  
½ cup chow chow mustard pickles  
1 tablespoon grated onion  
1 tablespoon vinegar  
Salt  
Pepper  
¼ cup French dressing  
¾ cup mayonnaise  
Shredded crisp lettuce  
Hard cooked egg  
Ripe Olives

Cut turkey into bite size pieces and add finely diced celery, almonds, walnuts and pickles. For seasoning, add grated onion and vinegar with salt and pepper to taste. Mix well and toss lightly with ¼ cup French dressing. Refrigerate mixture in covered dish for about 2 hours. Then just before serving stir in ¾ cup mayonnaise. Serve on bed of shredded crisp lettuce with hard cooked egg and ripe olive garnish.

### CHICKEN OR TURKEY TACO PIE

3 to 4 cups diced chicken or turkey  
1 can enchilada sauce  
1 can mushroom soup  
1 cup grated cheese  
1 cup chicken broth  
Combine chicken, enchilada sauce, mushroom soup, onion, garlic salt and pepper. Grease a 2-quart baking dish and line with corn chips. Add chicken mixture, sprinkle with grated cheese and cover with corn chips. Pour 1 cup chicken broth over mixture. Bake at 350 degrees F. for 30 minutes. Serves 6. This dish freezes well. If frozen, bake at 350 degrees for 1½ hours.

### CASSEROLE SUPREME

3 cups stock  
6 cups cooked rice  
6 tablespoons poultry fat  
6 tablespoons flour  
1 cup light cream  
6-ounce can sliced mushrooms  
4-ounce can pimento, diced  
5-ounce can slivered, toasted almonds  
5 cups cooked turkey or chicken, cut in bite-size pieces  
1 cup buttered soft bread

**crumbs**  
Salt and pepper  
Strain stock; chill and skim off fat to use later. Pour 1 cup of stock over rice. Melt chicken fat, adding butter or margarine if needed to make 6 tablespoons. Blend in flour; remove from heat and stir in remaining 2 cups stock. Cook over low heat stirring constantly, until sauce thickens and boils 1 minute; remove from heat; gradually stir in cream, mushrooms with liquid, pimentos, almonds and meat. Season to taste with salt and pepper. Make alternate layers to chicken mixture and rice in buttered 3-quart casserole; sprinkle crumbs around edge. Bake at 350 degrees F. 50 to 60 minutes or until sauce bubbles around edge and crumbs are golden brown. Serves 8 to 12.

These recipes and others are available to promote Food and Fiber Month and good nutrition for the family. Call or write your County Extension Agent for further information.

## Life With the Ripples

# Deck's DIDACTICS

—by Deskins Wells

LOCAL cotton growers who contracted their crop for 40¢ a pound earlier in the year can understand the feelings of the cotton growers in Mississippi. Practically all of them contract their cotton each year and in 1973 most of them had contracted it for 30¢ a pound. Many years they have come out very well by contracting their cotton.

ALL BIG industry in Mississippi and Louisiana runs on natural gas and there is the threat of either curtailing it or cutting it off entirely for natural use. The people in those states say it will bring industry to a standstill and create unemployment in a tragic degree. Their contention is that the people in the northeastern part of the nation can burn coal. There is still an abundant supply of that source of energy and we should have been developing more of it.

FARMERS in Mississippi are recovering from the flood better than could be expected. The waters drained from their land early enough that some of them were able to plant cotton and they were making three bales to the acre and about half of the crops seem to be gathered from Vicksburg to Greenville. In other places where the flood waters subsided slower, the farmers planted a new and quicker maturing variety of soy beans and they are expected to do very well.

WE WERE told that at its greatest volume the flood was forty miles wide. The bankful stage of the Mississippi River at Vicksburg is 43 feet. This year it was above the top of the bank from March 24 to June 21. One Texas engineer estimated that such a flood would require less than 3 minutes to fill Lake Buchanan if the reservoir was entirely empty.

THE MISSISSIPPI is the third largest drainage basin in the world. The Amazon and the Congo being first and second. The river drains 41 per cent of the 48 states south of Canada and its waters come from 31 states. The flow starts from points as far east as New York State and as far west as Montana.

THE MISSISSIPPI is not like many rivers with a well defined channel that remains fairly constant in itself. From Cape Girardeau, Mo. to the Gulf, 120 miles below New Orleans, the river flows in an alluvial plain that it has created itself with its own silt. The mighty stream meanders in this soft earth with many horseshoe bends.

IN FLOOD years the river cuts across these bends in a more direct line creating new channels and new problems. To try to keep it stabilized in a navigable channel is a gigantic engineering problem. When the flood is past the river tries to resume its normal length. To keep the river in established channels, revetments are used to protect the banks from caving and erosion.

ON November 9 our group was taken to a point north of Greenville where a mat sinking operation was in progress. These mats are composed of 20 articulated concrete slabs or blocks each four feet long and 14 inches wide which are cast into units four feet wide and 25 feet long using corrosive resistant reinforcing fabric.

WHILE aboard the boat, it gave me a strange feeling to realize that I might be on water that had come from such distant points as Montana and New York and that some of those waters had been traveling 60 days to reach a point opposite Vicksburg.

KERN PIGG

## CJC Music Program Grows Under Pigg

The Department of Music at Clarendon College offers a well balanced program for those students that are interested in majoring in music. Under direction of Mr. Kern Pigg of Wellington, the music curriculum is designed to give the student his first two years of music requirements leading to a Bachelor of Arts in Music.

Mr. Pigg joined the faculty of Clarendon College in 1972, coming from Meridian, Mississippi. Kelly Kern Pigg was born and raised in Wellington. Upon graduation of high school, Mr. Pigg attended North Texas State University where he received his Bachelor of Music Education in 1960 and Master of Music Education in 1962. Presently Mr. Pigg is working toward obtaining his Doctorate in Music. This past summer, Mr. Pigg studied Advanced Music Theory and History at the University of Missouri at Kansas City.

From 1961 to the time of joining Clarendon, Mr. Pigg had served as Band Director at Elementary and High School bands in Galveston, Alabama, and the Mississippi Junior College System. He has served

as Church Music Director in several Methodist Churches in Alabama and Mississippi. Presently, Mr. Pigg is Music Director at the First Methodist Church of Clarendon. Kern Pigg is married and has one son.

bank and lowered by the sinking barge out into the river 25 feet. This method is repeated until a mattress long enough to extend to the deepest part of the river is completed. The procedure is then repeated with each succeeding mattress overlapping the next like shingles. This is repeated until the entire bend the river is attacking has been revetted.

TO date 610 miles of these revetments are in place and operating. This work as well as that on floodways, dikes, levees and dredging of the channel goes on constantly when the river is not in flood stage.

The Mississippi is one of the most important arteries of transportation in the United States. While on board the MV Mississippi, we saw numerous tug boats pushing giant barges in front of them. One of these contained 32 barges with each barge holding 150 tons of grain. One man remarked that would be equivalent to 10 train loads of grain, and yet one boat was pushing it down stream. The barge or boat going down stream has the right of way. The boat going upstream can stop in a short distance; but the current is so strong that the boat going downstream requires time and distance.

WHILE aboard the boat, it gave me a strange feeling to realize that I might be on water that had come from such distant points as Montana and New York and that some of those waters had been traveling 60 days to reach a point opposite Vicksburg.

## Methodists Set Annual Cantata For December 16

The choir of First United Methodist Church will present its annual Christmas Cantata Sunday, December 16, Mrs. Hiram Cudd, director, announced this week.

This year's cantata will be "His Natal Day."

Additional plans, along with the hour at which the cantata will be given, are to be announced later, Mrs. Cudd said.

The piano accompanist will be Mrs. Robert Owens and the organist Mrs. Dan Henard, Jr.
