

Oltonites Show Top Lambs

Two Olton FFA members exhibited the grand champion Southdown and reserve grand champion Southdown at the South Plains Junior Livestock Show held at Lubbock Monday night.

Curtis Hall, 19-year-old son of Mr. and Mrs. Howard Hall, showed the Southdown champion, a 75-pound lamb bred by Dennis and Hall Stock Farms, Olton.

Doyle Meadows, 19-year-old son of Mr. and Mrs. Otis Meadows, won the reserve honors with a lamb bred by Darryl Dennis.

Meadows, a winner of other similar honors with show lambs, won a grand championship at the National Western Livestock Exposition at Denver last year.

Seven Mishaps Investigated By Texas DPS

The Texas Highway Patrol investigated seven accidents on rural highways in Lamb County during the month of February, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in no deaths, four persons injured, and an estimated property damage of \$6,820.00.

The rural accident summary for this county during the first two months of 1967 shows a total of 11 accidents resulting in no persons killed, five persons injured, and an estimated property damage of \$7,795.00.

Only one month remains for approximately 2,000,000 vehicles registered in Texas to secure the 1967 Safety Inspection Sticker. The period set by law for securing the 1967 sticker ends at midnight, April 15, 1967, and there can be no extension of that deadline.

Bowling Shows Top SA Steer

Grand champion steer of the 1967 San Angelo Livestock Show, recently held at San Angelo, Texas, was a beefy 1,150-pound Angus steer exhibited by 17-year-old Rodney Bowling, Lamb County 4-H Club member from Sudan. The winner was produced in the L. C. Jennings Angus herd at Copperas Cove, Texas.

Judge of the 119-head steer show was L. D. Wythe, Jr., of Texas A and M University, University Station.

HIGH SCHOOL GOLFERS -- Olton High School golfers are shown at the ORC before a practice session. Left to right are Stacy Pendergrass, Roger Thompson, Bobby Turner, Johnny Lewis and Carl Roberts. In a tournament earlier in the year at Morton, Thompson was medalist with a 75-78-153 total, and the team was second behind Levelland with a 658 total to Levelland's 655.

Site Of Youth Center Discussed At Meeting

Location was the main topic of discussion at a meeting of parents and students on a Youth Center proposal.

At the Wednesday meeting, the group decided to have a representative to meet with the city council next Tuesday.

The group also asked the youth board of the center to invite all parents to attend a meeting to further discuss the youth center next Thursday at 7:30 p.m. in the school cafeteria.

Troy Digby Hurt Tuesday

Troy Digby, mechanic at Adrian Ford in Olton, suffered a broken leg in an accident while at work Tuesday afternoon.

According to witnesses, Digby had been working on an auto when the auto's engine died. Digby was working under the hood of the car when it suddenly started and ran into him, fracturing his right leg.

Digby was taken to Olton Community Hospital, where he is reported to be in good condition.

Lamb Co. 4-H Food Show Held Saturday

The Lamb County 4-H Food Show was held in the Community Center, Saturday, March 18 with 22 girls participating.

Judging was on the basis of knowledge of food and nutrition, the food exhibited, recipe, day's menu and record.

Girls, who have been working with leaders and gaining practical knowledge of foods, entered in the four food groups which were Meat, Bread-Cereal, Milk and Fruit-Vegetables.

Winners in each of the groups were Senior Division, Vicki Crenshaw, Carol Scribner, Jenine Pierce and Connie Hulsey. Junior Division winners were Helen Black, Ann Harlan, Rhonda Embry and Janice Cannon.

Thompson said it would cost the group approximately \$146 per month to buy the building over a 10-year period, with a \$2,000 down payment.

Attorney Andy Stroebel said he had talked to an attorney in Slaton who had helped organize the Slaton youth center, and that the Olton organization would get information on how that center was set up.

Other winners were Cecilia Knox, Denese Cornelious, Debbie Cummings, Priscilla Dobbs, Phyllis Ray, Pam Bales, Helen Black, Kathleen Hulsey, Carolyn Eyrum, Connie Ham, Kathy Patterson, Pamela Yantis, Raylynn Mills and Barbara Black.

Judges for the show were Mrs. Price and Mrs. Robinson. Levelland and Mrs. Taylor, Muleshoe. Approximately 52 people attended the show.

LOSING POUNDS SENSIBLY IS GOAL

TOPS Has A Birthday

Olton's TOPS club, which is called "Farmers' Crops of TOPS" is celebrating its first birthday today, March 23.

Just one year ago today eight ladies met with the purpose of organizing a TOPS (Take Off Pounds Sensibly) Club and took the name Farmers' Crops of TOPS because (as one member stated) "our husbands were most all farmers and we were their 'crops' so thereby we arrived at our name."

TOPS came into being when Mrs. Esther S. Manz, in January 1948, met together with three other friends around a kitchen table of the Beulah Brinton Recreation Center.

From this modest beginning, has grown an international organization with 5,494 local chapters located in all 50 of the states, eight Canadian provinces and 12 other foreign countries. Included in the 150,000 members are men, women, and children of all ages, creeds and color.

Charter members in the Olton club who are still active are Mmes. Elsie Smith, Mae Struve, Kathryn Allen, Faye

Poovey, Theta Lee and Mildred Douglas. Although some dropped out, two new members replaced them -- Alene Light and Hope Loveless.

The success of the program can be found among the TOPS who annually shed tons of unwanted weight and reach their ideal weight goals to become KOPS (Keep Off Pounds Sensibly). The true test of the value of the plan is the fact that many members have maintained weight losses which range from ten to more than a hundred pounds.

In the Olton club, Mrs. Kathryn Allen and Mrs. Faye Poovey earned their certificates of award for losing the most weight for the year 1966.

Obesity, once considered to be fashionable or a mark of affluence in some societies and even a sign of good health by some in the past is no longer desirable from any standpoint, either socially or medically.

Its unattractiveness and, worse yet, its hazards to health are accepted matters. Yet it continues to be a major problem.

By joining together with friends, discussing weight problems and exercising, TOPS club members have found that they can lose weight more readily and keep it off.

As one member of the Farmers' Crops of TOPS, stated, "It gives us a spirit of competition -- if 'so and so' can lose weight, I can too. That sort of thing."

The members are weighed each meeting and loss or gain of weight is recorded. Therefore each member knows exactly where she stands.

Projects are taken up by the members of the clubs, like this past week's project of making a "silly hat", for pastime, to keep them busy and out of the kitchen where they might be tempted to nibble.

Basically there is only one cause of overweight -- caloric intake in excess of utilization over a period of months or years -- but it is becoming increasingly apparent that metabolic variations exist among individuals which make some more prone than others to become overweight.

A program of clinical investigation at Evangelical Deaconess Hospital has been made possible through a research grant provided by TOPS Club, Inc. The program has been designed to study certain aspects of overweight over a three year period.

Therefore, clubs like Farmers' Crops of TOPS here at Olton, which are organized, federated clubs, are helping to fight a battle of overweight, not only their own battle, but by helping to finance research. "We have found that by joining with other ladies in friendly fellowship and competition, it has helped us to achieve our goal in weight loss and we would welcome any new members to our club. We'd like to see our membership double or triple before another year is up," so stated Mrs. Allen, president of the Farmers' Crops of TOPS.

Other officers are Theta Lee, vice-president; Mildred Douglas, secretary; Elsie Smith, treasurer; Faye Poovey, weight recorder; and Mae Struve, reporter.

MR. AND MISS FTA are Dale Gabehart, son of Mr. and Mrs. Albert Gabehart and Barbara Gallaway, daughter of Mr. and Mrs. Charles Gallaway.

Mayor Vetoes Move To Fire Burrows

Olton Mayor W. E. (Bill) Thomas turned thumbs down on attempt last week to oust Police Chief Emmett Burrows.

Thomas made the decision Friday after the city council voted 2-1 in a Tuesday meeting to "ask... Burrows for

his immediate resignation...". At issue in the decision was the number of councilmen voting on the proposal. Two,

Robert Dennis and Charles Sullivan, voted for the motion asking for the resignation.

Parley Myers voted against the measure, and the other two councilmen, Lester Thompson and Doug Jones abstained from voting.

In listing the reasons for taking his action, Thomas cited Article 1006 of Vernon's Civil Statutes of the State of Texas. In a signed statement, Thomas said the statute "... provides: An officer of a city or town may be removed from office by a vote of two-thirds of the aldermen elected to their offices."

This statement would mean that four of the five councilmen would have had to vote for the firing motion for it to carry.

Thomas also listed two other reasons for his action aside from the law quoted. He said in his statement, "Part of the accusations and charges against Officer Burrows were based upon personal opinion," and, "Part of the accusations and charges against Officer Burrows were presented to the council by oral address and were not supported by presence or written testimony of the person or persons making the accusations."

Thomas talked to an attorney for the Texas Municipal League Thursday after the council met Tuesday.

Thomas asked for a ruling on the vote, but the attorney said he had heard of no voting issue exactly like the Tuesday vote on which he could base a decision.

But the attorney did say that the mayor had to either veto the motion within 72 hours after the meeting or it would stand as official.

IN OPEN LETTER BY MAYOR

Move Criticized

**OPEN LETTER
TO THE TAXPAYERS & RESIDENTS OF
THE CITY OF OLTON:**

The recent action of the City Council of Olton has brought Chaos, Turmoil, and much adverse publicity to our town and community. The action I speak of is the attempt at dismissing certain of the City Officials.

First: The action taken against Police Chief Burrows.

My action taken in vetoing the vote of the Council on this measure was taken because the charges against Emmett Burrows were oral and were not entered into the motion for the record. The motion made was that he be dismissed for the reasons just stated. This leads me to believe that part of the charges were spurious and part of a collusion. Another reason for my vote was the abstaining of two of the Aldermen on this vote. I defend these Aldermen in their action of abstaining because the intention of the motion was not entered into the Agenda and any action taken on a question of such importance should be done with great deliberation. The action was a complete surprise to part of the Council.

Second: The action taken against Water Commissioner Williamson.

I supported Mr. Williamson because since I have been Mayor Mr. Williamson has run the Water Department with efficiency and great care in saving the taxpayers money. Below is a comparison of the Audits report of the expenditures for the year ending 9/30/1962 which was just prior to the hiring of Mr. Williamson and that of the year ending 9/30/1966 under the management of Mr. Williamson. These are the expenditures over which the Water Superintendent has jurisdiction, or pertaining to his department.

Audit ending 9/30/1962	\$12,087.16

Look At Social Security Deductions May Be Shock

Have you looked at your paycheck lately? If you have, you probably were shocked, and even more shocks are coming.

On top of a Social Security tax increase on January 1st, the administration is now asking for another tax boost in the payout program. This would raise the minimum benefits for retired workers to \$70 a month, and would assure workers with a twenty-five years of coverage at least \$100 a month. In addition, it's currently proposed to extend medical insurance to disabled beneficiaries, and allow larger earnings without loss of benefits.

Young Americans in the work force will pay for these increases, if they are enacted. Young people particularly should realize

that the foundation of all financial provisions for retirement security is a sound dollar. They should demand, as should all Americans, that the Social Security system be properly managed so as that one day the working public will not rebel against the system. Even under present benefits the combined tax on employees and employers will rise to 11.3 per cent within a few years.

Social Security benefits should be adequate but they should not be vulnerable to political influences.

It might be wise to make a careful appraisal of the system, which is now three decades old, to see if it provides real security.

OBSERVATIONS OF A NEWCOMER

Home On A Plane

Olton School students got a jump on the Easter holidays yesterday and took off at 2:30 in the afternoon for a five-day break between classes.

When my wife and I were attending Texas Tech, it was always a joke about leaving on a holiday because three-fourths of the students seemed to figure out a way to leave at least a day earlier.

In fact, one Tech professor observed, "If school officials announced that classes would be dismissed on a certain day so everyone could go to Hell, some students would still want to leave a day early."

We're supposed to get our little bundle home from the hospital this weekend sometime.

Since he was premature, the doctor decided to keep him until his weight came up to a more acceptable level.

The doctor said it would be wise not to have anyone around him at home other than those who were absolutely necessary.

So when my mother-in-law decided to leave last week for Fort Worth, she offered to take No. 1 son home with her for a while to insure that he stayed out of little brother's room.

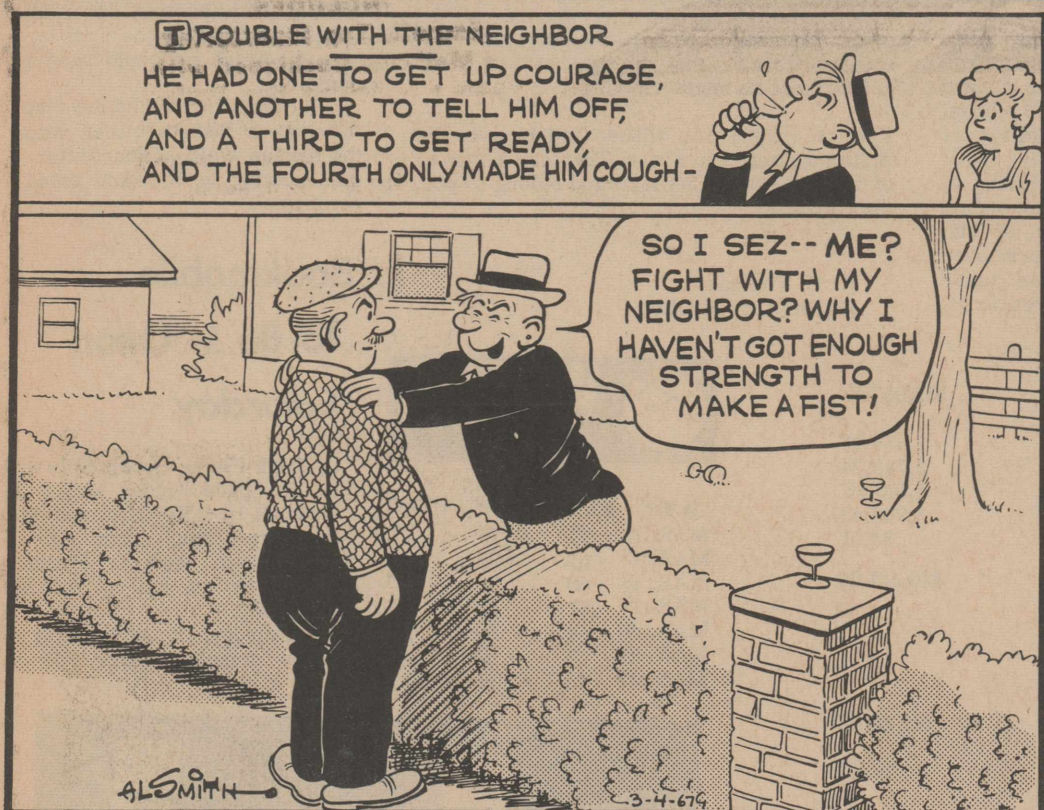

We took her up on the offer and everything was all right until we got to the airport at Lubbock. David didn't seem too awed by anything until they started to board the little cigar-shaped airliner. When he heard the whistling jet, I think he began to have second thoughts about his upcoming journey.

Karen took him aboard and said he didn't protest too much until she sat him down in the airliner seat. She said she just turned and hopped off the airliner before SHE decided not to let him make the trip.

I of course was bored by the whole thing. So I sat in the airport cafe and drank coffee until he was safely off the ground.

FIVE YEARS AGO IN OLTON

Evangelist Harlan Harris will hold a spring revival at the First Baptist Church here starting March 25.

A coal mining operation exhibited by Lonnie Venable and Dennis Hines is one of 23 from Olton which will compete in the regional Science Fair in Lubbock in April.

Twelve members of the Olton High School and Junior High Bands won first place in the Interscholastic League Solo and Ensemble Contest in Lubbock Saturday.

The annual FHA Talent Show and Calendar Girl Review of Olton High School will be staged Friday, March 23 at 8 p. m. in the school auditorium.

Members of Olton's low-rent housing project board have lined themselves alongside the city council in the belief that local authorities should have control of the federally financed project.

TEN YEARS AGO IN OLTON

A short but extremely intense blizzard sent gale winds howling and snow swirling across the area over the weekend. A number of homes were damaged, livestock frozen or lost, but there was little moisture benefit to the soil.

Houston Hamby exhibited a champion in the sheep show at the Livestock show at Plainview.

Supporters of the 1957 Olton Stock Show will be guests of honor Saturday night at a barbecue supper at the FFA show barn here.

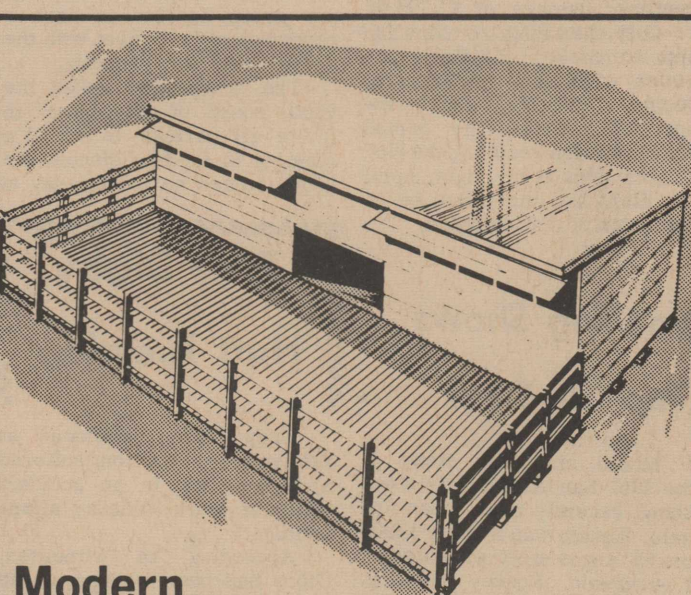

Residents of Olton will elect a mayor and two councilmen in voting in the upcoming election. Incumbent G. H. Bley is being opposed by former Councilman and Water Supervisor D. Y. Ray for the office of Mayor.

Mr. and Mrs. A. D. Melton offered a 90-acre tract for a golf course, clubhouse and recreation center.

Taxpayers Ask IRS

1040 U.S.I. for the year 1966, ending

Q - Does the gas tax table in the 1040 instructions cover business driving as well as pleasure driving?
A - No. This table should only be used for non-business driving. If you are entitled to a deduction for business driving handle it separately. Check page 7 of the 1040 instructions for details.
Q - Are weekends counted in the waiting period for a sick pay exclusion?
A - Yes, they are counted unless the illness began on a weekend. In that case, the waiting period begins on the next work day.
Q - If you have more than one casualty loss during the year can you combine the losses so that you only have to apply the \$100 limitation once?
A - No. The \$100 limitation applies to each separate casualty.
Q - Is there any limit on what you can claim under the minimum standard deduction?
A - Yes, the limit is \$500 for married persons filing separately and \$1,000 for single persons or married couples filing jointly.
Q - Am I taxed on what I received on the sale of a house?
A - Profits made on the sale of a residence are taxable. However, if another home is purchased within a certain period that costs the same or more than the adjusted sales price of the one you sold, payment of the tax may be postponed. There are also special rules on home sales by those 65 or older.
Details on these provisions of the tax law are given in IRS Document No. 5017, "Selling Your Home." Send a post card to your District Director for a free copy.

Modern... Slat Floor... Low Cost

WE HAVE BUILDING PLANS!

New, Portable Purina Pig Parlor

Now you can build a modern slat-floor, Purina Pig Parlor that can easily be moved like a portable feeder. And it costs only about \$15.00 per pig... about \$750 for a 50-size unit. It's great!

It consists of two, 10' x 24' sections. It's partly covered with aluminum and insulated with styrofoam. The feeding floor can be subdivided for two age groups of hogs.

The new portable Purina Pig Parlor provides for easy manure disposal. Waste falls through the slat-floor and after hogs go to market the Pig Parlor can be moved and manure scattered. It can even be transported from farm to farm.

See us about building a portable Purina Pig Parlor on your farm. We have the building plans. And we also have the Purina Hog Chows to help you put low cost gains on your hogs. Stop by to see us soon.

A. J. KIRBY

A. J. Kirby Is Honored By Children

The father of Mrs. R. A. Burgess was honored with a birthday celebration Sunday March 12 at the shelter house in Plainview. A. J. Kirby was joined by 102 members of his family composed of children, grandchildren, great-grandchildren other relatives and friends in celebrating his 90th birthday.

Kirby is a native of Sparta, Tenn. where he married Miss Mary Robards March 10, 1896. Mr. and Mrs. Kirby moved to Hollis, Okla. in 1911 then to Arlie in 1920.

They came to the plains in 1930 and bought a farm at Hart Camp where he farmed until 1943 when he retired and moved to Levelland. They moved to Lubbock in 1948 where Mrs. Kirby died Oct. 29, 1955.

Kirby and a daughter, Mrs. Olive Copeland, moved to Hale Center in 1962 where he is still active raising a garden, caring for the lawn and other activities.

Mr. and Mrs. Kirby had 12 children; nine of whom are still living: Three sons, L. M. of Levelland, W. A. of Springfield, Colo. and L. L. of Friona; six daughters, Mmes. Olive Copeland of Hale Center, R. A. Burgess of Olton; J. B. Johnson of Littlefield; Ray Dorrough of Amarillo; and D. E. Pritchard and J. I. Easter of Plainview. He also has 26 grandchildren, 44 great grandchildren and three great great grandchildren.

MRS. LEWELLEN HOOPER

Recipe Of The Week

Mrs. Lewellen Hooper, mother of three active youngsters, has submitted several of her family's favorite recipes this week.

The Hoopers, residents of the Halfway community for the past 22 years attend the First Baptist Church there and the children, Dwayne, 17-year-old, Rhonda, 13-year-old; and Aubrey, 9-year-old are students of the Plainview school district. Mrs. Hooper listed sewing as her hobby.

ROLLS
1/2 c. Crisco
1/4 c. sugar
1/2 c. milk, scalded
1/2 c. warm water
1 yeast cake
1 egg, well beaten
3 1/4 c. flour
3/4 tsp. salt

Cream crisco and sugar and pour scalded milk over mixture. Set aside to cool.

Mix yeast cake with warm water until dissolved. When first mixture is lukewarm, add yeast mixture and egg, mixing well. Add flour and mix well. Chill thoroughly in refrigerator. Roll or break off pieces and form into favorite rolls.

FILIGREE DEVIL'S FOOD CAKE
2 c. flour
1 1/2 c. sugar
3/4 c. cocoa
1 1/2 tsp. soda
1/2 tsp. cream of tartar
1 tsp. salt
Sift the above items together.

then add:
2/3 c. oleo
1/2 c. milk
Beat 2 min.

Then add:
2 eggs, unbeaten
3/4 c. milk
1 tsp. vanilla
Beat 2 more minutes. Bake at 350 degrees for 30 to 40 minutes.

Ladies this is quick, easy and only one dirty bowl.

SEVEN MINUTE FROSTING

Boil together until forms long thread:
1/2 c. water
1/2 c. white syrup
1 c. sugar

Beat 2 egg whites until stiff. Add above mixture and 1 tsp. vanilla. Beat until correct consistency.

We now know that it can rain a little if it wants to, don't we? How fresh the air smells right after a rain makes us realize that spring is really here with us, but I still wonder where winter went.

In the mood for spring? Why not turn Devil's Eggs into dainty white-and-gold flowers? Notch small end of egg to make petal-like opening. Remove yolks and make filling. Refill whites, using pastry tube. If egg "wobbles" cut thin slice off base. Chill.

DEVILED EGGS

6 hard-cooked eggs, halved lengthwise
1/4 cup mayonnaise
1/4 t. salt
Dash pepper
2 t. prepared mustard
1 T. minced onion
1 T. finely chopped celery (optional)
1 T. finely chopped stuffed green Olives (optional)

Remove egg yolks. Mash, and combine with remaining ingredients. Refill egg whites, using pastry tube if desired. Chill. Trim tops with pimiento diamonds or paprika.

BARBECUE MEAT BALLS

1 1/4 lb. ground beef
1/2 lb. ground pork
3/4 c. bread crumbs
3/4 c. milk
1 1/2 tsp. salt
1/4 tsp. pepper
2 T. chopped onion

Mix and make into eight balls. Put in greased dish and pour barbecue sauce over it. Bake at 350 degrees for 30 minutes.

BARBECUE SAUCE

1/2 c. catsup
4 T. vinegar
1 1/2 tsp. chili powder
2 tsp. worcestershire sauce
2 T. chopped onion

Mix and pour over meat balls.

EGG CUSTARD PIE

3 eggs
2 c. milk
3/4 c. sugar
1 tsp. vanilla
1/8 tsp. salt
3 T. butter

Pour into prepared pie crust and bake at 375 degrees until it is solid in the center.

Revival Services Set At Church In Halfway

A six day revival will start at the Halfway Methodist Church, Sunday 11 a.m., March 26, with the Rev. W. A. Appling, district superintendent of the Plainview District, bringing the messages, Sunday evening services at 7 p.m.

In conjunction with the revival, youth week, including the youth from 10 churches will be observed.

Week day services will be held at 10:30 a.m. and 7 p.m. Youth hour will start at 6 p.m. with speakers and/or films bringing the programs.

for Christ program with guests from the Earth Methodist Church.

Each evening at 8 p.m. there will be a period of refreshments and recreation for the youth.

The Rev. Jim Williams, pastor, extends a cordial invitation to the public to attend all services. He said "Our preparations for this revival and youth services has been all church and thorough, ending the effort with four Sunday morning services closing with all the church at the altar in prayer."

Sunday at 6 p.m. the Rev. Prentis McGee will present the youth program with young people from the Halfway Baptist Church and the Halfway Baptist Mission as guests. Monday the guest youth will be from Hale Center and Cotton Center Methodist Churches with the Rev. W. A. Appling speaking on "Liberty".

Tuesday at 6 p.m. Dr. Marshall Rhea will present slides made when he visited the Holy Land with youth of First Methodist Church, Olton, as guests. Mrs. Williams will have charge of the missionary program Wednesday night youth program with guests from the Hart Methodist church and Trinity Methodist Church, Plainview.

Miss Lawana Long will use the subject "Life" Thursday night in the youth program with guests from the First Methodist church, Tulsa.

The final night, the Rev. Jim Williams will present a decision

Five Months Left For VA Applications

Less than five months remain for veterans of World War II to use their guarantee privileges for a loan to purchase a home, farm or for business purposes.

This warning came from Jack Coker, Manager of the Veterans Administration Regional Office in Waco.

Present statutes provide that the absolute cutoff date for World War II veterans will be on July 25, 1967. This deadline is the result of Congressional action which has delayed the final date of eligibility several times.

COTTON TALKS

The Cotton Board of the Cotton Research and Promotion Act met for the first time March 15, in Washington.

They elected officers, employed a manager, designated the "first buyer" as the one responsible for making the \$1 per bale collection and set up tentative procedures for producers to obtain refunds.

Cauley Cortwright, Mississippi cotton farmer and former president of the National Cotton Council, was elected chairman of the board. Named vice-chairman was J. Russell Kennedy of Bakersfield, Calif. Lubbock's Roy B. Davis, manager of Plains Cooperative Oil Mill, was elected Secretary.

Manager for the Board will be Carlton Powers, former associate director of field service for the National Cotton Council.

Detailed regulations on how the program will work with the first buyer making collections have not been formulated. This could mean the collector would be the ginner (if he buys the cotton), the country merchant who buys either for export or domestic markets, the mill which buys direct from producers, or Commodity Credit Corporation if the cotton goes into the Government loan.

Refunds, according to the first information from Washington, will be made from serially numbered request forms through a central office, probably in Washington.

It is presumed that further details on both collections and refunds will be worked out by members of the Cotton Board, Powers and USDA officials at an early date.

"...we are going to have a flourishing cotton industry on the Texas High Plains for many years to come, but it isn't just going to happen -- we are going to have to make it happen. And I have enough faith in this area's physical capabilities and in the wisdom, ingenuity and pertinacity of its people to believe we can and will make it happen."

So concluded and address made March 17 to some 150 Panhandle and South Plains bankers and their wives by Donald A. Johnson, executive vice-president of Plains Cotton Growers, Inc. Title was "The Future of Cotton on the High Plains."

The bankers were gathered in Lubbock for the third annual meeting of Lubbock National Bank's area correspondents.

Johnson cited a multiplicity of factors which will have significant effects on cotton's future and the future of this area's cotton industry.

"The decision of a turban-topped Indian in Pakistan to plant wheat instead of cotton, or vice-versa; the decision of a housewife as to whether she buys and uses all-cotton fabrics or fabrics of cotton and synthetic blends; the results of an agronomist's effort to breed cold resistant cotton varieties with desirable quality characteristics; the economic and political climate of our nation in future years; the results obtained from increased cotton promotion -- these and many, many other variables will determine our future," he said.

He pointed out that since it is impossible to assign a numerical value to the influence of any one of these things, it is impossible to pin down with any degree of accuracy where the cotton industry will be at any given time in the years ahead.

"So you can readily see that any opinion on the future of cotton must necessarily be based on faith. Faith in the people who are constantly conducting research on both the production and the utilization of cotton. Faith in the people of the Plains to put research findings to good use. Faith in the vast productive potential of the Plains. And last, but not least, faith in our system of government."

On the national cotton scene Johnson called attention to a number of facts he believes will make a substantial contribution to the future well-being of cotton. And he made it clear that the cotton industry of the Plains could never divorce itself from conditions which exist in the overall cotton picture.

By the end of the current marketing year, he said he expected to see the cotton carryover in the U. S. reduced to about 12.5 million bales, down from almost 17 million the previous year.

The cutoff will not affect veterans of the Korean Conflict or veterans who have served since Jan. 31, 1955, Coker pointed out, as these veterans are covered by different legislation.

Almost seven million loans have been guaranteed by the Veterans Administration to veterans since the beginning of the program following World War II. One out of every five homes constructed in the United States following World War II was with VA guarantee.

The Veterans Administration will guarantee up to 60 percent of the purchase price of a home for a veteran with limitation as to the total purchase price.

Coker urged veterans planning to purchase a home to make their selection as soon as possible, avoiding the last minute rush for certification.

Johnson called attention to a number of facts he believes will make a substantial contribution to the future well-being of cotton. And he made it clear that the cotton industry of the Plains could never divorce itself from conditions which exist in the overall cotton picture.

By the end of the current marketing year, he said he expected to see the cotton carryover in the U. S. reduced to about 12.5 million bales, down from almost 17 million the previous year.

He singled out the increasing popularity of durable or permanent press apparel as one of the things helping cotton's markets, telling the group that cotton is the "work-horse" in permanent press fabrics. When cotton and man-made fibers are blended, he stated, the man-made fibers are added to bolster the strength of cotton, not to improve permanent press or crease-retention.

"And this is the reason we have seen in the past few months many manufacturers reducing the man-made fiber content of blended shirts from 65 percent to only 50 or even 35 percent."

The development of gossypol-free, glandless seed in some of our better known varieties, according to Johnson, shows great promise of improving the farmer's total income from a bale of cotton.

He quoted Dalton Gandy, cotton production specialist for the National Cottonseed Products Association, to the effect that an international food manufacturing concern is now offering around 10 cents per pound for cottonseed meal made from glandless seed, which would mean at least \$150 a ton for unprocessed cotton seed -- more than double the 1966 price.

He predicted that 90 percent or more of all cottonseed oil and meal would be going into food for human consumption within 10 years, or less, provided development continues at its current rate.

Mr. and Mrs. J. S. Bell visited his sister, Mr. and Mrs. Curtis Guest of Milsap and her sister, Mr. and Mrs. W. W. Almond in Fort Worth over the weekend. Mrs. Bell went for a check up while in Fort Worth and received a favorable report.

Mrs. Lewellen Hooper accompanied by her mother, Mrs. Aubrey Talley, visited Mrs. Hooper's grandmother, Mrs. E. O. Parson in Hereford Monday.

Saturday evening Mrs. David Dean and Jimmy Sharp were involved in an accident in Halfway. The driver of the other car was reported uninjured. Jimmy Sharp was released from the Plainview Hospital Tuesday.

The youth of the Halfway Baptist Church have had charge of the services in the church the past week. Under the leadership of Phillip Cox as youth pastor, every young person attending took part in the activities of the church.

Miss Alice Baumgardner, daughter of Mr. and Mrs. John Baumgardner of Halfway, served as 4-H princess of the 1967 South Plains Junior Livestock Show.

She was sponsored by the Halfway 4-H Community Club. The F. F. A. princess was Miss Marla Bray, sponsored by the Tahoka F.F.A. The two princesses were presented bouquets and were official hostesses at the stock show Monday through Wednesday.

The past weekend they were outfitted in western attire and they and their families were guests of the Chamber of Commerce Board of City Development at a dinner in a Lubbock hotel.

Mr. and Mrs. Roy Roberts, Mr. and Mrs. Durwood Copeland and Mrs. Cassie Copeland spent several days last week at their trailer houses at Lake Possum Kingdom. They worked on their trailer houses and fished with good luck. Mrs. Cassie Copeland enjoyed walks in the pretty warm weather.

Overnight guests Tuesday night with the Durwood Copelands were her brother and wife, Mr. and Mrs. Melvin Chandler of Tulsa.

While his parents were away, Carl visited with aunt, Mrs. Martha Rudd, and her sons, Rex and Rusty.

Some of those attending the Swisher County Electric Co-Op R. E. A. meeting at Tulsa Saturday and receiving prizes were Mr. and Mrs. Dwight Lewis, a hair dryer; Mr. and Mrs. Tom Witten, by proxy, an electric bathroom heater; Mr. and Mrs. John Hambright, an electric clock; Mr. and Mrs. Clyde Witten, a blanket; and Mrs. Sarah Crader, \$125.00 cash.

March 8, Mrs. Tom Witten was surprised with a birthday party. Ice cream, cake and sandwiches were enjoyed by Mr. and Mrs. Dwight Lewis, Mr. and Mrs. Harlan Carson, Kody and Kandi; Glenn Witten; Mr. and Mrs. Clyde Witten and Bill, and the honoree and her husband, Mr. and Mrs. Tom Witten.

Mrs. John Gilbert of Hereford, sister of Mrs. Arthur Couch, is a patient in the Methodist Hospital of Lubbock as the result of an accident at Littlefield last week. Her condition has been critical. Mrs. Gilbert was enroute to Anton to visit relatives.

Mrs. Clara Jeffcoat of Lockney spent the weekend with her sister, Mr. and Mrs. Hugh Alexander.

Mrs. R. H. Allen Jr. is home from the hospital recuperating. Weekend guests in the Allen home were her brother and family, Mr. and Mrs. Terry Beckman and children of Lubbock, and Jim Allen of Alabama.

Friday Mr. and Mrs. James A. Johnson visited a friend, Mrs. A. B. Cokrell, at the Northwest Texas Hospital in Amarillo.

Russell Tanner; the Rev. and Mrs. Kent Kellogg, Robert, and Michele, and Mrs. F. B. Coleman, Sandee, and Sherree attended a youth rally at the Arnie Church Saturday night.

Mrs. Lyle Folts and son, Curtis of Roswell, N. M. visited their friends, Mr. and Mrs. W. R. Norfleet and Mrs. Lella Backeberg Tuesday.

Recently Mr. and Mrs. Jim Youngquist fished at Lake Kemp and on the river when they visited their parents at Leuders. They found the fishing to be best on the river.

Mrs. Fannie Roberts of Erick, Okla. visited last week

with her brother Joe A. Johnson, Wednesday night visiting was enjoyed with a supper. Present were Mr. and Mrs. Lenel Johnson, Larry, Alan and Darla; Mr. and Mrs. Ershel Johnson, Shirley, Cynthia, and Steve; Mr. and Mrs. Melvin Schwab, Scott, and Wayne of Plainview; Mr. and Mrs. Gary Johnson and Gary Jr. of Lubbock, Mr. and Mrs. Joe A. Johnson and the honoree, Mrs. Fannie Roberts.

Earnest LaFrance was in the Plainview Hospital from Tuesday through Friday.

Jack LaFrance was in Dallas over the weekend to attend the wedding of his friends, Miss Mary Nancy Beat of Dallas and Craig Silverthorne of Plainview at the Cox Chapel of the Highland Park Methodist Church. The reception was held in the Brookhaven Country Club.

The "Jane Robinson" Circle of the Halfway Baptist Church W. M. U. met at the church Tuesday morning. The program was entitled "Are Home Missionaries Needed?" Parts on the program were given by Mmes. Grady Pillow, Jerrell Odum, Donald Graham, Jim Odum, David Walker, and Neilan Smith.

The Sunbeams, under the direction of Mrs. Clarence Gaiter and Mrs. Eddie Pruitt, also met at this time. Children present were John Paul Young, Carolyn and Gregg Graham, Lezlie and Jim Sistrunk, Keila Odum, Pam McCoy, Susan McGee, Joe Dale and Andy Pruitt, and Tina and Darrell Meirs. The group made Easter baskets and hunted Easter eggs.

Weekend visitors from Dallas in Mrs. Mavis Bass' home were Mr. and Mrs. John Calloway who brought Mrs. Bass' sister-in-law, Mrs. Mona Calloway to spend the week.

Mrs. Mavis Bass visited her friend, Mrs. Lewis Aki, in the West Texas Hospital, Lubbock.

Mr. and Mrs. Dwight Lewis attended the stock show at Lubbock Monday.

Little Strokes Health Problem

An often unsuspected cause of mental and physical incapacity is a series of "little strokes," says Today's Health Guide, the American Medical Association's book of health information for the American family.

A stroke occurs when the blood supply to a part of the brain is reduced or completely cut off. This can be caused by

Skin Disease May Affect Many Persons

The name of the ailment is psoriasis (so-RYE-ah-sis). It is a skin disorder that affects at least one out of 50 persons in the United States. Its exact cause is not known. There is no sure cure.

Most commonly psoriasis appears as itchy, silvery-scaled red patches on the elbows, knees, scalp and trunk, says a pamphlet of the American Medical Association.

The under arm and genital areas may be involved. The elbows, knees and trunk most frequently are the areas with the characteristic thick red scaling plaques. In the scalp, red plaques with sharp borders usually are visible at the hair line. These shed large quantities of silvery white scales resembling severe dandruff.

When acute psoriasis appears, many small, rain-drop-like lesions cover the body surface.

Although medical science has not discovered the exact cause of psoriasis, much more is known about its complexity today than in the past. Psoriasis is not an infection and certainly is not contagious. It is likely that a psoriatic tendency is hereditary. Injury to the skin is the most common factor precipitating the appearance of psoriatic lesions.

Changes in the seasons cause a variation in the lesions. Psoriasis usually improves during the summer and worsens during the winter. Cortisone and the newer steroids usually produce initial improvement but the condition returns when use of the medication is discontinued.

In many instances psoriasis responds well to sunlight at the beach or outdoors elsewhere,

a blood clot or by hemorrhage—bleeding from an artery in the brain. When the nerve cells of a part of the brain are deprived of their blood supply, the part of the body controlled by these nerve centers cannot function normally. "Little strokes" may start when a person is in the 30's or 40's striking silently at night or passing almost unnoticed as a sudden dizzy spell, a momentary blackout, or just a few moments of confusion. The stroke itself is not severe enough to compel the patient to seek medical aid, but some permanent brain damage remains just the same.

A formerly kind, gentle person may become highly impatient and irritable. His judgment is often impaired. A strong man may become weak and prone to tears. Suspiciousness is common. A person with a tendency to emotional instability, held in check heretofore by will power, may suddenly develop a psychosis.

Some become sloppy in dress and befuddled in thought, others lose a part of their moral sense. Sometimes the victim merely loses interest in his family and friends, and lives secretly, constantly hiding things that through forgetfulness he cannot later find.

When the symptoms are mild, as they often are, the person may get along fairly well. Surveys show that a sufferer of cerebral vascular disease can get along better in the slower-going farm and small-town areas than in the faster-living city.

The problem of small strokes is one of the most difficult ever tackled by medical science. The most hopeful research approach is that of finding ways to prevent strokes. Science seeks to learn more about how to recognize early symptoms so that treatment can be instituted promptly.

particularly during the summer.

There are medications that your physician can prescribe to help remove the scales and ease the itching. Until there is more knowledge of the many mysteries of this skin problem, the patient's understanding of the disease and sympathetic understanding by his friends, family, physician and others will greatly lessen the burden for those who must live with psoriasis.

Housewives Arise

BY KAREN WALL

Disease Of Spring

With the advent of Easter and spring, even the random Housewife begins to feel a strong urge to clean the house from top to bottom.

Now these little urgings are dangerous things for us of the Random Set. You must be careful not to let things get out of hand.

It is at this time of year that Mrs. Spotless goes completely berserk. She takes one look at the bright sunshine outside, the delicate green buddings of the trees and plants around the yard and decides that Spring must not only be a new beginning for nature but her house too must have a rebirth of neatness.

Of course, there is nothing in her house that isn't already as neat and clean as she could possibly make it.

Nevertheless, her blood begins to boil with new energy. Mrs. Spotless looks around her hunting for things to wash, scrub, air out, take down, put up and just generally do over.

All this is fine for our spotless knight of the home, but Randoms beware!

This Disease is contagious!

For a fact, it is almost certain that you will catch it. This is not too serious though. A mild case of the disease will do you and your home no permanent harm. It might even pep things up a bit.

However, we randoms must be on the alert not to let the disease get out of hand. There are things we can do to make our illness bearable and to keep it from becoming serious.

If you awaken to find the new spring day full of sunshine and fresh air, don't - I repeat DON'T succumb to the bubbling in your veins that keeps urging you to finally clean the attic or basement that has not been touched for the last three years.

Find something outside to do. Mouse around in the yard and take advantage of nature's new life.

Remember spring is a pleasant time of year even for the housewife.

Another vaccine against the disease (to be taken in large doses) is family time. The kids and even the spouse will feel the restlessness of spring too.

Take advantage of it. Take family walks, picnics, play together in the backyard. Saturdays can be a family time of fun and a little work.

The kids can work in the yard with

you for a while. But remember to take time out for a little baseball practice, or foot races.

The exercise and fresh air are just as healthy for all, as pulling those blasted weeds out of the garden.

Finally, don't get so involved in your spring cleaning that it cannot be dropped long enough to hear the Robins singing or to watch the sun set.

Now, for those times of day when in spite of all you do, you find that you are succumbing to boiling of your blood, here are a couple of hints I found that may make your seizures a little more bearable.

As for moths, don't do anything about them unless you're sure they're around. Otherwise you'll waste many a bright afternoon which could be better spent seeing your friends or practicing your judo.

Check with your neighbors. If they've had problems, maybe you will. So then you can put your small woolen things into Mason jars with a few mothballs or a squirt of moth-fixer, and your bigger things with ditto, into well-sealed plastic bags or cedar chest.

However, I've never done anything about moths in my life except to cheer once when they kindly ate up a sweater I never liked in the first place. They haven't been back since.

Some girls feel pretty smug because one afternoon they hung their woollens out to air, in the spring sunshine. But the moth "eggsperts" say that's a good way to assure yourself of a truly dandy crop of moths.

The sunshine warms whatever moth eggs may be in the clothes, you see, and hastens the hatch. When the clothes get back into the dark closet, the moths will shortly bust out all over.

As for bugs, and houseplants, inspect your houseplants for them. The aphids, small, soft bodied green or black insects that multiply with remarkable speed, may be controlled with a contact spray such as Black-leaf-40 or any good nicotine solution.

Mealy bugs, which are recognizable from their covering of a mealy, white substance, should be sprayed with a solution of lemon oil, or destroyed by washing the leaves of the affected plant with a soft cloth dipped in de-natured alcohol.

Have a Happy Easter and may your case of Spring housecleaning be a mild one.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

The first big public debate over the Legislature's spotlight issue - sale of liquor by the drink -- was scheduled this week.

The House Revenue and Taxation Committee set Tuesday afternoon hearing on the proposal to legalize mixed drink sales under five-cents-a-shot tax, stiff retailers' fees and strict regulation.

One of this session's biggest crowds was on hand for the House Committee session. Dry forces were lined up in depth for opposition testimony. Citizens Committee for Tourism and the Regulated Sale of Mixed Drinks announced formation of a key support group -- an advisory board of 37.

Liquor legislation already has been subject of these actions:

*House passed a bill setting 10 a. m. - 9 p. m. hours (instead of present 9 a. m. - 10 p. m.) for liquor package stores and ordering the stores to close Christmas but permitting them to remain open on primary and general election days.

*Representatives killed the bill to permit private clubs in areas voted "wet" for any purpose (beer, wine or whiskey sales) to operate under the "pool" instead of the old "locker" system by which each member must replenish his own supply.

*Bill allowing beer distributors to continue supplying legal retailers although areas in which warehouses are located vote "dry" was signed into law, effective next August.

Rep. J. M. Simpson of Amarillo introduced a bill to put in all the strong enforcement measures advocated in the liquor-by-the-drink bill plus a \$5,000 annual tax on private clubs, but not to legalize "liquor by the jigger." It's being called the "jigger without the liquor" bill.

REDISTRICTING STUDY BEGINS-- All state representatives and some of their constituents will be called on for advice as to how to draw new federal court-directed state House and congressional district boundaries.

Rep. Gus Mutscher of Brenham, chairman of House District Committee, said the subcommittee will conduct an intensive four-week study in an effort to produce bills acceptable to the lawmakers which also meet the court's one-man-one-vote yardstick.

Two principal congressional apportionments heard by the Committee were offered by Republicans and liberal Democrats at its first hearing. GOP-backed measure would pit only one pair of incumbent congressmen against each other -- Rep. Graham Purcell of Wichita Falls and Omar Bureson of Anson.

Bill backed by Reps. Jake Johnson and R. L. Vale of San Antonio would throw Cong. Abraham Kazen of Laredo into the same Rio Grande Valley District with Cong. Eligio de la Garza of Mission; and Cong. John Dowdy of Athens into the district with Cong. Olin Teague of College Station.

TAX ISSUE NEAR SHOWDOWN-- Optional one-per-cent city sales tax measure was tentatively passed by the Senate last week after weathering filibuster attack. It is expected to pass after one more filibuster this week.

Proposed tax package picked up more opposition in House Committee on Revenue and Taxation hearing. Opponents of the penny boost in gasoline tax, which would channel more funds into the farm-to-market project, said the raise should be accompanied by a ceiling on FM road building and a proportional raise in diesel fuel used by trucks.

Committee sent to subcommittee the section of the tax bill by Rep. Ben Atwell of Dallas to stop the automatic

\$15,000,000- per - year appropriation to farm-to-market roads.

Good Roads Association insists that FM outlays should be held to about \$70,000,000 a year.

Meanwhile, a bill to transfer all the funds now being given for new FM roads into projects to improve city streets was introduced.

In other action on the tax front, House overwhelmingly passed a resolution calling on Congress to begin steps toward constitutional change to rebate five per cent on federal income taxes collected to states. Minimum of two-thirds of states will have to join in request and four-fifths must ratify any constitutional change.

TAX CUT?-- Sen. Wayne Connally of Floresville and Reps. James E. Nugent of Kerrville and Ralph Wayne of Plainview are backing a proposed constitutional amendment to do away with the state property tax, thus leaving it for use by the cities, counties and school districts.

Since bonds have been issued by the colleges for buildings, to be retired out of a part of the property tax, they propose to make it gradually effective, with the final lifting of the state property tax coming in 1978, when present college bonds are paid out.

VETS LAND REVIVAL FAVORED--Chances of a state constitutional amendment to revive the veterans' land program appear favorable. House passed the resolution and sent it to the Senate.

Only four representatives voted against re-submission of an additional \$200,000,000 in bonds, with eligibility for long-term, low-interest, land purchase loans broadened to include Vietnam veterans.

WATER RIGHTS-- A bill by Sen. George Parkhouse for adjudication of water rights has passed the Senate and is being considered by the House Conservation and Reclamation Committee.

As things stand now, rights to use more river water than actually exists are claimed by Texans. Some have used them. Some have not.

Parkhouse's bill would set up a procedure for those who claim water rights to file their claims. Hearings will be held in each river basin. Then the Texas Water Rights Commission will decide who really is entitled to the water.

Those who don't like the decision will have their day in court automatically, for trial under regular procedures.

SULPHUR-- West Texas' sulphur mining claim mixup has been cleared by the Legislature.

Gov. John Connally signed into law a bill putting sulphur, lignite, coal and potash under the regular leasing laws like oil and gas, which will give the state school fund 60 per cent of the bonus and royalty received from leasing, and 40 per cent to the landowners.

Fast action came after the courts held that sulphur comes under an old mining claim law, that mining rights can be obtained for as little as \$10 an acre.

AG OPINIONS-- Severed minerals owned by Farmer County in Gaines and Andrews Counties are subject to taxes in those counties, Atty. Gen. Crawford Martin has held.

In other official opinions, Martin concluded that:

* King County officials are on a salary basis and state can make apportionment payments, but county's clerk and district clerk are not eligible to get any state fees of office.

* Proposed Freeport slum clearance project is eligible under Texas Urban Renewal Law.

* Cities and counties may levy an annual tax of up to \$5 on coin-operated billiard tables; cities can levy a \$2.50 tax, but counties can levy nothing on tables not coin-operated.

* Texas Health Department now has power to contract with Highway Department for road projects at state tuberculosis hospitals.

* Firemen's Pension Board of Texas City can invest up to \$15,000 of surplus funds with savings and loan association.

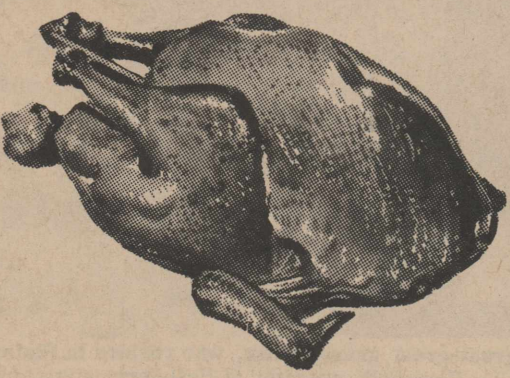

* Dallas county auditor must approve salary increases ordered by county commissioners.

* In involuntary liquidation of a credit union, general creditors and depositors would be on parity and receive claims prior to any distribution to stockholders.

* Penal code covers fraudulent issue of title insurance to induce bank to make loan on property.

Easter Seal

Appeal Made

A last minute appeal for support of the Easter Seal Society for Crippled Children and adults and its program of services to the handicapped was issued today by Joe Montgomery, Easter Seal Representative in Lamb County.

The Easter Seal Society is providing treatment and services for 16,031 physically handicapped children and adults in Texas, Montgomery said, and this program needs to be expanded. Many people are going without services that would increase the productivity of their lives and make them happier. With increased growth of the Easter Seal Society, more and more of these people will be reached, he added.

The Society is carrying on a continuing program to seek out the disabled who are going without services and see that they receive the services they need.

As Easter Seal Representative, Montgomery is the person to contact for services from the Easter Seal Society.

The Texas Easter Seal Society helps support 23 treatment facilities in Texas where crippled children and adults are treated regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped overcome their disabilities. A complete referral program to ensure equal rehabilitation services to every person in Texas is included in Easter Seal Society services, he added.

Montgomery asked that anyone in need of services contact him at Security State Bank, Littlefield, Texas 79339.

He added that the Easter Seal Appeal will close Sunday, March 26.

STATE CAPITAL Highlights

TAX HEARINGS ON-- Major portions of the Governor's \$187,300,000 tax program came under heavy fire at initial House revenue and tax committee hearings. Industry spokesmen suggested a general sales tax hike as preferable.

Gas industry representatives opposed the proposal to increase the natural gas production tax from seven to eight per cent.

Breweries objected to beer being placed under the general sales tax.

Surprisingly, corporations did not speak out against the recommended increase in the corporate franchise tax rate (from \$2.25 to \$3 per \$1,000 on capital and surplus with a gradually decreasing levy on debt).

Opposition to boosting the gasoline tax from five to six cents a gallon will come at a second hearing set for March 14.

Another big date will be March 21 when the controversial liquor-by-the-drink bill comes up for tax committee review.

A tipoff to opposition strategy was given by William H. Abington of Texas Midcontinent Oil and Gas Association when he suggested the Legislature might find its revenue-raising job easier by adjusting the sales tax.

Lt. Gov. Preston Smith says he favors the sales tax approach if new money must be found. He still insists that the budget can be balanced without any new taxation.

Smith indicated that the optional one per cent city sales tax bill already passed by the House will be okayed by the Senate.

MANSSION GROUNDS--Mrs. John Connally has unveiled a model representing detailed plans for landscaping and beautifying the grounds of the Governor's Mansion.

DRAFT QUOTA FIXED-- Texas' draft quota for May will be 885 men, according to Col. Morris S. Schwartz, Selective Service Director.

No quotas will be set for physical and mental pre-induction examination in April, continuing the examination halt started early this year due to limit on travel funds.

Schwartz said Texas has enough men already examined and acceptable to fill current quotas.

Wayland Basketball Tryouts Scheduled

The second tryout for high school senior girls for the Wayland College basketball team is scheduled April 8 at 2 p. m. in the Plainview High School gymnasium.

The first tryout was March 11 and was arranged by Harley Redin, coach of the Wayland College Flying Queens who a few years ago set one of the most fabulous records in amateur sports with 131 consecutive victories under the hoops.

Redin said that if a player is going to enroll in Wayland anyway, there is no need to participate in a tryout, as scholarships are not awarded on basis of tryouts.

"We had much rather have the girls attend Wayland and then come out for the team," Redin commented.

During a year on the freshman team, they will have a fair chance to demonstrate basketball ability and if they can play for us, and maintain a good academic record, they will be eligible for scholarships in their sophomore year. Or, if a scholarship is awarded in the freshman year, it will be renewable on basis of scholastic standing and achievements.

The Easter holidays are coming up and everyone seems to be ready for them even though we haven't had much school this month.

Other events that are coming up in the near future are cheerleader tryouts Thursday, March 30; One Act Play contest March 31, 3 p. m. at Hale Center, a volleyball tournament for the varsity and freshman girls the 27 through the 31, a track meet at Wayland Baptist College April 1, Choir contest at Lubbock April 1, and Band concert in the auditorium Sunday afternoon at 2:30. April 3 there will be a District Volleyball meet here in the gym.

So you can see that there will be quite a few things to do next week and we think that we need a little rest before they begin!

Mr. and Miss FTA have been chosen and the honors this year went to Dale Gabehart and Barbara Gallaway, both juniors. This is the second year that Dale received this honor. Congratulations to both of you from us.

The War in Viet Nam. How much do you really know about this subject? How much do you know about the country itself? Do you know the exact situations that the Vietnamese live under?

How can you determine whether we should remain in or leave the Southeast Asia country?

This is the exact reason that West Texas University sponsored a program on Viet Nam—discussing its geography, history, conflicts, economy, and military situation. Mrs. Jon Scott, American and World history teacher, took six high school students to the reward lectures last Saturday. Over all, the program was considered to be a great success and, in order to prove this statement, we have asked Mrs. Scott and four of the six students for their comments.

Helen Smith: Last Saturday I really felt I learned something about Viet Nam. Rather than being a people uneducated and uninformed of what is happening, they know what is going on and have asked our help.

The program enlightened me, not only on the military situation, but also the geography, economy, history, and conflict of Viet Nam.

I am able to look on the tiny country in Southeast Asia with admiration, because I realize the people of Viet Nam are fighting for their freedom. It is their war and America is merely helping them withstand the pressures of Communist aggression.

I am grateful the Panhandle Council on Social Studies and West Texas State University prepared and presented such a program, and it would be beneficial to this area for it to continue.

Joe Schultz: The session on Viet Nam to me was very educational. The most informative parts were the history and military situation. In these sessions I learned a lot about what is going on in Viet Nam and a lot of the background for it.

Glenda Turner: I thought the program on Viet Nam was very interesting and educational. There is so much to learn about the things in the world and I think that a program of this type is very helpful.

From attending this session, I now understand why the U. S. is giving all their support and why we must keep on fighting. I now realize that we are not in this war for the good of the U. S. but for the good of the Vietnamese.

This is their war and we are only helping. As long as this is the reason behind the war, I think the U. S. should give their full military assistance.

situation is the most talked-about world event today.

Mrs. Jon Scott: The one-day conference, "Focus: Viet Nam" was both informative and enjoyable. I believe it is the consensus of most teachers of Social Studies that a void exists in our preparation for teaching where Southeast Asia is concerned.

Truly, my day Saturday was well-spent because I feel I was brought up to date on the geography, history, and government of Viet Nam, as well as becoming more aware of the reasons for U. S. military and economic involvement in that country.

Also, the material and bibliography which we received Saturday should be most helpful as we strive to share our learnings with others here in Olton.

I might add that the students who accompanied me made me very proud to be their teacher by their intense interest and excellent behavior. And—I was even impressed with West Texas State!

WHO'S WHO

Sunya Sorley: FINALLY!!! Ronnie Yandell: It's about time you started eating Spinach because those "string" beans aren't helping you any!!!

Glenda Turner: Back to the same old drag again!!!

Joe Fincher: Never alone?! Valda Jones: If you don't know by now, you'll never know!

Debra Polk: What was it you were called, plastic girl?!! It never pays to talk behind a person's back, but some have to learn the hard way, right?!!

Phil Cox: Did you REALLY do it? Or just hear about it?!! We wonder...

Kathline, Jan and Francine: Goodness, why are you girls wearing JACKETS in the spring?!!

Jerri Cross: It's nice to have someone to make life wonderful!

Danny Dial: If you don't win a first, we will - - -

ALL FOR FUN

Bobby Turner: I can go steady with any girl I please! Ronnie Yandell: Why don't you then?

Bobby: I don't please anybody!

Joe Fincher to Jerry "Lou": "You needn't feel bad about not having self-confidence. It just proves you have good judgment!"

Some day basketball is going to come around to our suggested rule—allow each team 30 feet of player on the floor, five six-footers or any other combination that adds up the same.

Father to teen-age boy: "Maybe you should start shifting for yourself now while you still know everything."

Mr. Dyer, who takes a dim view of his teen-age daughter's laziness, complained to his wife, "Eulinda doesn't move, except to turn the transistor volume louder. Doesn't she play any games at all?"

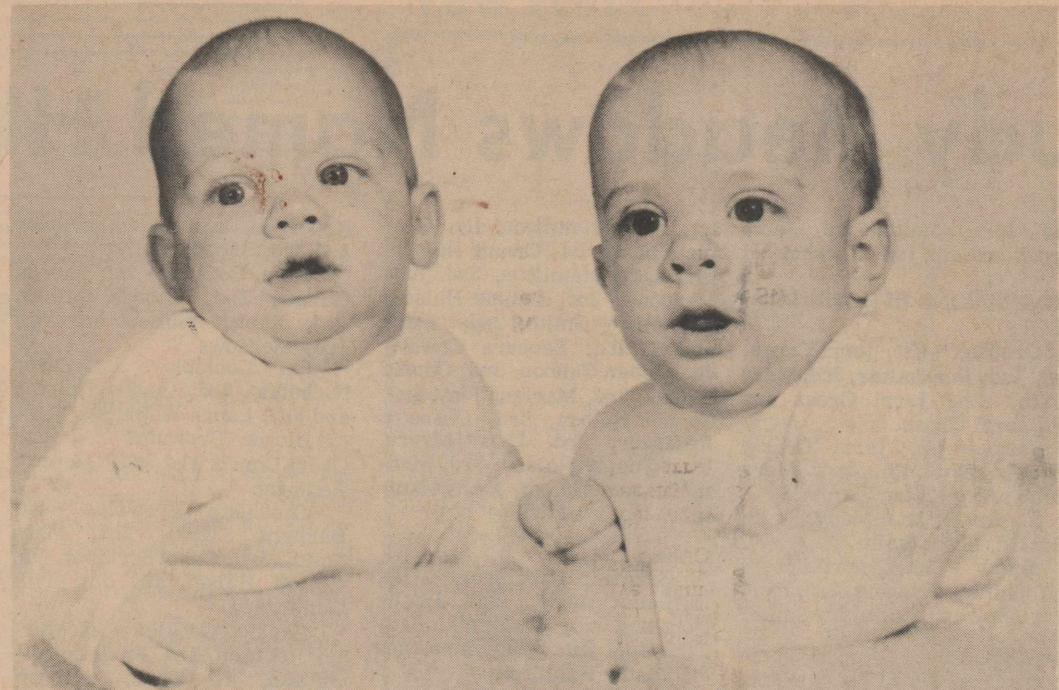

"Not," he was advised, "unless they've made hair-spraying an Olympic event."

A sign posted in a public school: "In case of atomic attack, the federal rulings concerning prayer in this building will be temporarily suspended."

After placing 4th in last week's track meet, the Mustang team rated third in the Hale Center Track meet with 85 points last Saturday. The boys that placed and their times are listed below.

Track Meet Scheduled At Wayland

PLAINVIEW, Special -- Wayland College will be host March 25 for a track and field meet in which three colleges will compete in one division and nine high schools in another. More than 200 athletes and coaches are expected.

The contests will be in the Wayland Bowl. Bill Hardage, track and field coach at Wayland, has charge of arrangements.

Action will be on tap at 10 a. m. with the 440-relay and prelims and final high school track and field events. Prelims and finals in the college division are set to start at 1:30.

Colleges booked are Hardin-Simmons, Central State at Edmond, Okla., and the host, Wayland.

One high school state champ, Melvin Sissney of Lockney, holder of the 440 dash, will be back and supporting his team. The Memphis team, state

champion team last year, is strong again and will be competing in the Wayland meet. Bert Glasscock, a Wayland ex, is coach of the Memphis team. Lonnie Whitfield of Hardin-Simmons whom Wayland's John Fowler, Houston sophomore, beat out in the javelin throw for first at the recent Border Olympics, will be competing in the Wayland meet.

There will be 16 events for

Johnny Meyer Is Top Soldier

Johnny Meyer, son of Mr. and Mrs. Herman Meyer, all former residents of Olton, received the honor of "Outstanding Soldier of the Month". Below is printed an excerpt of the citation which Meyer received from his commanding officer.

"I take great pleasure in commending you for having achieved the highest rating in your platoon during the military training inspection held on 24 February, 1967. Your devotion to duty has earned you the title "Outstanding Soldier of the Month for month of February 1967. With the grade point of 98."

This successful achievement has gained you the respect and admiration of your fellow students and the staff of the U. S. Army, Element, School of Music."

Signed, Eugene Waller, Major, AGC Commanding Dept. of the Army Headquarters, U. S. Army Element, School of Music U. S. Naval Amphibious Base (Little Creek) Norfolk, Va. 23521.

Miss Brigrance To Offer Swim Instructions

Nancy Brigrance, daughter of Mr. and Mrs. Merrill Brigrance of Olton, will give swimming instructions this summer.

Miss Brigrance, currently attending Baylor University, is a member of the Baylor Barracudas, the Baylor synchronized swimming team. The team recently competed with other colleges of the Southwest in the Northwest States College Synchronized Swimming Festival at Natchitoches, La.

The group performed numbers from music of West Side Story and compositions by Dave Brubeck.

Miss Brigrance will teach all levels of swimming for the first six weeks of summer and hopes to later teach some synchronized swimming.

She is a qualified Red Cross Water Safety instructor. Interested persons may contact her parents for more information.
