Blast Death Toll in German Mine Increased to 131

BERLIN, Oct. 21.—The Wolff news agency said tonight the known dead totaled 131 so far in the dynamite blast of the Anna mine in Alsdorf early today. The agency added 36 bodies had not yet been brought to the surface and said 140 men still were down in the mine awaiting rescue.

ALSDORF, Germany, Oct. 21.—Explosion of a ton of dynamite in the No. 2 shaft of the Anna coal mine here this morning killed probably 100 men.

The number has not been definitely established immediately, with the Prussian government press bureau estimating 100 and mine officials calculating the total as less, but 60 bodies had been recovered from below by 9 o'clock tonight and 20 more were taken from a collapsed building on the surface.

In addition, 76 miners were in the hospital, with the likelihood of some of them dying, while about 150 others were awaiting rescue from a gallery beneath the scene of the explosion. Relief experts believed part of those who will be reached from neighboring galleries not damaged, would be found dead.

10,000 Grieve Tragedy

The explosion, which occurred 1,200 feet below the surface, dealt death and destruction for miles around and brought grief to the 10,000 inhabitants of this mining town. All day long weeping wives and children waited outside the pit mouth.

Apparently there were three explosions. The first, a gas blast, caused the dynamite stored in one of the shafts to explode.

The great force of this upheaval blew up gasoline tanks in a building.

School Boy Reveals Slaying Of Family of Five by Father Who Takes Own Life Tuesday

WASHINGTON, Oct. 21.—A school boy's excuse for tardiness revealed today that a father had slain his wife and four children, then committed suicide. Robert Thorton, on his way to school at the home of George Frosth, 40, assistant postmaster, to return a book. The door was locked, and when he knocked through a window he saw the body of Mrs. Frosth.

"There's something wrong at the Frosth home," he told his teacher, explaining why he was late.

The teacher went on with classes, and at recess notified authorities.

Bodies Are Found

They first found the bodies of Mrs. Frosth, 45, George, Jr., 11, Adelaide and Neil, twins 6, and "Bootsie" six years old. The husband, police said, had beaten them to death with a hammer, and had established cover with a razor. Authorities believe Frosth became suddenly insane in the night, and went from room to room, beating the sleepers, after which he went to an upstairs bath room and fatally wounded himself. He had staggered down stairs and as far as the living room, where the body was found.

Frosth had held public office here for many years, and had been active in political life.

Trainmen Ask Six-Hour Day

CLEVELAND, Oct. 21.—A movement to bring about a six-hour working day in America rail transportation industry will be inaugurated in Chicago November 12, when 700 representatives of seven labor organizations in the field meet to consider unemployment relief and establishment of a shorter working day. It was learned tonight.

Representatives of all railroad labor groups in the United States and Canada will attend the conference.

The six-hour day campaign is to follow the movement by which the eight-hour day came into effect, it was understood. The later movement was climaxed in 1918 by passage by congress of the Adamson bill. Just before the threatened strike of the "Big Four" brotherhoods was scheduled to go into effect.

Workmen Return Thousand Put to Work This Week in Auto Plants

ATLANTA, Ga., Oct. 21.—More than 1,500 skilled workmen have been put to work this week in the Atlanta plants of the Chevrolet Motor company and the Fisher Body company, F. R. Lyness, plant manager of General Motors corporation announced today.

"Better business conditions warrant resumption of production," Mr. Lyness said.

Reason Woman Never Received Callers in Home Revealed Following Her Death

EDGERTON, Wis., Oct. 21.—Mrs. Ida Fields was active in the social life of Edgerton, but she never received visitors at home.

People wondered why. They learned today, Mrs. Fields, 78, died Oct. 1, following an automobile accident. She bequeathed her estate to Masonic lodges at Douman and Edgerton. Administrators, poking into dusty rooms unopened for years today found these things:

A roll of bills in the basement totaling \$3,370. Other

Moody Is Silent On Special Session

Two Requests Are Made for Drouth Relief

WEST TEXAS BANKERS, CENTRAL TEXAS FARMERS ASK GOVERNOR TO CALL LEGISLATURE TO CONSIDER FARM RELIEF

PLAN MASS MEETING

NEITHER DELEGATION IS GIVEN APPRECIABLE ENCOURAGEMENT BY CHIEF EXECUTIVE; STATE SOLONS TO BE POLLED

AUSTIN, Oct. 21.—Two requests for a special session of the legislature, for two separate forms of farm relief, were heard today by Governor Dan Moody, without either delegation, from widely separated sections of the state, receiving appreciable encouragement.

This morning a committee of West Texas bankers asked for drouth relief session. The afternoon a committee of farmers from Central Texas asked for a cotton acreage reduction session. Governor Moody did not turn down either request but from his attitude indicated a special session for either purpose was a remote possibility.

Plan Mass Meeting

The West Texas delegation met again this afternoon and decided to hold another mass meeting next Tuesday, at Colorado. Meanwhile, all members of the legislature, both the 41st and 42nd assemblies—will be polled as to their attitude, and Ross S. Sterling, Democratic nominee as Moody's successor, will be sounded out.

If he favors a special session, one of the obstacles advanced by Moody will be removed, since the governor pointed out the present legislature has only two more weeks of life and it would be doubtful whether a quorum could be obtained for a special session before the November election. The governor said he had the authority to convene the 42nd legislature into special session, but was reluctant to exercise that authority over a body with which he would be only remotely connected.

Accounts Related

First hand accounts of conditions in certain areas of West Texas as were related to the governor.

Winter's Visit Lingers In Oklahoma and Texas; Jack Frost Awaits Cue

KANSAS CITY, Oct. 21.—Old man winter's premature rendition of "Button Up Your Overcoat" was due to end tonight in the middle west, its echoes lingering in Oklahoma and Texas and in states east of the Mississippi.

With the dusting of snow evoked by rising temperatures and half hours of sunshine, Jack Frost was ready to take the stage and complete the transformation of wooded hill-sides to crimson and gold.

Mild Night Promised

In place of temperatures which ran from new seasonal low of two degrees at Max. North Dakota, to as high as 55 as far south as Oklahoma. City, the wheat and corn state west of the Mississippi were promised a milder night tonight and in a minimum temperatures which might reach into the sixties.

Freezing temperatures were to continue tonight, however, in Kansas and Missouri.

The freeze which gripped the middle west over the week end and yesterday did more good than damage in most agricultural states in the opinion of S. D. Flora, meteorologist, Topeka, Kas. He said it tended to conserve moisture already in the ground while the snow and sleet augmented it.

The snow and sleet, which reached as far south as Oklahoma, Arkansas and Tennessee disrupted flying schedules, particularly in the Rocky mountain country, and in all sections brought appeals for help to charitable organizations.

Aviatrix Held At Albuquerque

Mrs. Keith Miller May Not Be Able to Resume Record Flight Attempt Before Tomorrow Due to Fog

ALBUQUERQUE, N. M., Oct. 21.—Mrs. Keith Miller, Australian aviatrix, who arrived at the Albuquerque airport from Window, Ariz., at 3:38 p. m. (MST) today on her attempt to smash the woman's west-to-east transcontinental flight record, may not be able to take off before Thursday.

Mrs. Miller informed airport officials she would like to take off at 8 a. m. tomorrow. At the airport, however, it was said there was a dense fog in the vicinity of Amarillo and eastward, and weather officials of the air lines did not look for the weather to clear before Thursday.

Her elapsed time from Los Angeles to Albuquerque, Mrs. Miller said, was six hours and thirty minutes. She expressed confidence she would be able to break the record now held by Miss Laura Ingalls, St. Louis aviatrix. She broke the latter's east-west record by four hours and 44 minutes. Mrs. Miller's east-west record is 25 hours and 43 minutes.

Two Buried Alive

BOTH BODIES RECOVERED AFTER 100-FOOT SAND SLIDE

CONCORD, N. H., Oct. 21.—Albino Pinto, 31, Ludlow, Mass., and Thomas Hayes, 28, Pittsfield, N. H., were buried alive here today in a 100-foot sand slide on the New Concord-Dover highway. Both bodies were recovered.

Mario Pia, steam shovel operator, also was buried, but managed to dig himself to safety. The men were employed by a Hartford, Conn. construction company, building the road.

Duck Eating Fraternity of Oklahoma City Convinced Mudhens are Edible

OKLAHOMA CITY, Oct. 21.—The duck hunting and duck eating fraternity of this capital city chuckled today as they read about a "duck dinner" served to eight diners here last night by Larry Sisk, city editor of the Oklahoma City Times.

The dinner was the outcome of a debate as to whether mudhens are edible, precipitated by an announcement from the federal department of agriculture to the effect that the fowl is a delicious dish. In his column, Walter Harrison, managing editor of the Times and Oklahoma man, had just stated in view of the department's announcement "we balk and seriously contemplate returning to the Democratic fold, no matter who may be the nominee in 1932."

Then Sisk got busy and spread the banquet. Laps were smacked and second helpings were in.

See MUDHENS, Page 11

Colonel Woods Named Head of Hoover Group

WASHINGTON, Oct. 21.—A national organization to deal with unemployment problems began to take shape today when President Hoover, after a conference with a special group of cabinet members, announced designation of Colonel Arthur Woods, a former New York police commissioner, to head it.

An immediate muster of plans and personnel under his direction was forecast, through the president withheld for the time a specific statement of means to be adopted. It was indicated the administration hoped to bring into cooperation all the necessary units of local government and private industry to mitigate individual suffering.

Situation Serious

While the president is said to regard the situation as serious, particularly as unemployment has a drouth problem running parallel to it which "kills efforts both in city and agriculture," he is anxious to prevent exaggeration in discussions of the subject.

From data now in the hands of the federal government, largely compiled by the census and labor branches, the number of unemployed workers was placed at 3,500,000 and it was pointed out 1,000,000 persons are always so unemployed.

The census inquiry was considered as demonstrating there was on the average in each family one and three quarters persons ordinarily employed and that in the present situation there are lesser number of families completely devoid of bread winners than has usually been so regarded.

Program Hinted

There were the usual reports to the federal employment program would be directed toward stimulating public work expenditures, probably upon a large scale but there were no official statements outlining this and it was not believed definite proposals would come until the cabinet committee. Secretary Hurley indicated today consideration had been given one under which employment would be divided among a larger number of individuals.

It was considered certain a gathering would be summoned soon, either by the president, or by Colonel Woods to assemble advisors of responsibility and knowledge whose opinion will guide the main direction of action.

Among plans already discussed by the cabinet committee, Secretary Hurley indicated today consideration had been given one under which employment would be divided among a larger number of individuals.

See UNEMPLOYMENT, Page 11

Will They Wed?

WASHINGTON, Oct. 21.—It appeared probable tonight that the interstate commerce commission hearing on the application of the Southern Pacific to purchase control of the Cotton Belt would not be finished at the present session.

Railroads opposing the stock purchase have asked for Southern Pacific records which it will take some time to compile and representatives of the opposing rail lines were expected to ask for a continuance in order to develop their case. Their opposition became vigorous when the Southern Pacific refused to guarantee the continuation of existing interchange of traffic.

The Southern Pacific continued its testimony today with indications that the Southern Pacific and Cotton Belt testimony would be concluded tomorrow notwithstanding the lengthy cross examination. Representatives of chambers of commerce in the southwest then will give their views on the proposal after which the short line representatives will be heard. That will conclude the testimony with the exception of the prospective battle fight between the Southern Pacific and the other trunk line railroads of this section, which likely will be transferred to Washington.

Developments today indicated that the Southern Pacific was endeavoring to establish the necessity of its having a permanent outlet to the north for shipments originating in Texas while the Missouri Pacific, Texas and Pacific and Katy were afraid of new interchanges excluding them on shipments to and from the Pacific coast. If the proposal should be carried through.

KILLED IN CRASH

SAN DIEGO, Calif., Oct. 21.—Lashman C. R. Neil, 29, U. S. marine corps pilot, was killed and Lt. Joseph P. Adams, pilot of a marine corps plane from North Island, leaped to safety today when their plane crashed two miles east of San Diego.

Local temperature: Maximum 97, minimum 54.

FEATHER MESSING TODAY

Miss Swanson Asks Divorce

LOS ANGELES, Oct. 21.—Gloria Swanson, film actress, filed suit for divorce today against her titled husband, the Marquis Henri De La Palaise De La Condrave. She charged in one paragraph the actress alleged her husband "willfully and maliciously abandoned and deserted her and persisted in said desertion and abandonment against her will."

The complaint said the desertion occurred September 18, 1929. It stated the couple was married in

Weeks of Waiting Rewarded When Astronomers Take 41 Successful Photographs of Total Eclipse

NIJAUPOU ISLAND, Oct. 22. (Wednesday) (AP) Weeks of patient waiting and construction by American astronomers on this tiny island in the South Pacific were rewarded today when 41 photographs of a total eclipse of the sun were taken successfully.

The eclipse and weather were excellent.

The eclipse began at 7:35 a. m. (2:38 p. m. Tuesday, EST.) It became total at 8:05 a. m. (3:01 p. m. Tuesday EST.) and ended at 10:21 a. m. (5:14 p. m. Tuesday EST.).

Duration of the eclipse was 33 1-2 seconds.

The New Zealand expedition announced its observations of the eclipse also were entirely successful.

Youthful Pilot Escaped When Old Ship Is Wrecked

TYLER, Oct. 21.—Efforts of a group of youths to fly an ancient airplane, a relic of pioneer aviation days, ended disastrously to the ship but the boy pilot escaped when it crashed in a cemetery here today.

Oleon Walters had taken off in the plane and managed to get it to an altitude of about 50 feet when the engine stalled and it went into a tail spin. The plane was a wreck, but Walters was only severely shaken up.

Half Million Is Awarded in Highway Work

State Highway Commission at Austin Lets Contracts on Projects in Ten Counties of Texas Tuesday

AUSTIN, Oct. 21. (AP)—Highway projects estimated to cost \$518,595 were awarded today at the meeting of the State Highway Commission.

The awards, in ten counties, were as follows:

Nueces county, 5.2 miles rock asphalt surface on concrete base from Banquette creek to Aqua Dulce on

highway 12-A, Brown and Root, Austin, \$106,767.

Harris county, 20.9 miles grading and drainage from Humble-Westfield road to Montgomery county line on highway 35, J. D. George, Donna, \$53,293.

Navarro county, 3.9 miles grading and drainage near Corsicana on highway 14, grading and small structures, John F. Buckner, Cleburne, \$25,152. Large structures John F. Buckner, \$20,335.

Karnes county, underpass approaches and concrete paving at Runge underpass on highway 72, John W. Goodrum, Seguin, \$17,235.

Hopkins county, 15.2 miles grading and gravel surface course from Hunt county line to Sulphur Springs on highway 11, Dexter Construction company, Dallas, \$65,843.

Ector county, 8.3 miles grading and drainage from seven miles north of Odessa to Andrews county line, Fred Dan Hall, Waco, \$13,816.

Hutchinson county, bridge across

Rock creek on highway 117 and partial removal of box culvert four miles north of Berger on highway 117, Gaines and Yoakum, Oklahoma City, \$15,160.

Liveoak county, bridges across salt branch and spring creek on highway 145, Cage Construction company, Taft, \$21,316.

Liveoak county, Nueces river bridge and five relief bridges on highway 145, Sanders and Hurlburt, San Antonio, \$107,570.

Cage Construction company was awarded the contract for construction of three culverts and four concrete girder spans and one cantilever arch span across Pecan bayou on highway 10 in Brown county near Brownwood at \$66,555. The grading contract was awarded to W. S. Thompson of San Angelo at \$6,335.

Bids for the removal of the old Trinity river bridge on highway 3 in Liberty county were rejected as too high.

Bids on the last two projects were received yesterday but were not tabulated in time to award contracts.

Seats on Sale For Orchestra

Reservations of Concert of Torrellanca's Tipica Mexicana Orchestra Begin Here on Tuesday

Reservations for seats at the concert of Juan Torrellanca's Tipica Mexicana orchestra of Mexico, first number of the 1930 Technological college artists course, began Tuesday afternoon.

The orchestra will be presented Thursday afternoon and night at 3.30 and 8.15 o'clock in the Technological college gymnasium. Board for seat reservations is at City Drug store.

Torrellanca's musical organization is regarded as the outstanding orchestra of Mexico. Work of soloists with the orchestra is a conspicuous part of the program.

Juan apt Anita, Lucay, widely known South American dancers, also are included in the presentation.

Census of critics' opinions regarding this dance team is that they offer just a bit more in the way of thrilling terschore than one generally sees, and that their wholesome appearance, the technical exactness, and their Latin-American love of dancing, makes them an attraction well-worth seeing.

To be seen on their program of splendid dancing will be the real South American *folgo* as well as the gay, graceful *sancho* dances of Old Mexico.

Romero Is Soprano

Maria Romero's rise to fame in the operatic field to the place of the most loved soprano of Old Mexico came through many years of hardship. She was born of poor parentage and had little chance to study until a kindly doctor helped her to get started. From that time she worked at any little position both in Mexico and abroad to pay for her lessons. Her great opportunity came when a Spanish company was producing "Carmen" and upon the illness of the star, Maria Romero sang the role of Micaela before the King and Queen of Spain. Since that night she has sung

in all Spanish speaking countries. This present tour is her first of this country. It was reported that when she sang at her final appearance in the Mexican Grand Opera before leaving that it was impossible for her to walk off the stage without walking on flowers—so greatly is she beloved in her own country.

Haunting Songs Carried

The handsome young singer, Jose de Arratia, in spite of his great successes in the operatic field, has always loved the simple, lovely rhythm of the folk songs of his native land. Most of his solo numbers in the concert will consist of these gay, haunting songs which had made Mexico famous for its music.

Beside the regular performance Thursday evening there is to be a special matinee for school children in the afternoon. A charge of only twenty-five cents will be made for this program. Special work is being done in the schools in preparation for the concert. Each music director in every school is having a school concert to prepare the students in proper conduct for concerts.

W. A. Izard, upon hearing that two of the schools were too far

away from the Tech gymnasium to attend the concert, offered three of his buses free to see that every child in town has a chance to attend the concert.

ROBBERS ESCAPE

NEW YORK, Oct. 21. (AP)—Three robbers, one with a sawed off shot gun, held up a score of employees and several customers in the Prudential Life Insurance company branch in Westchester avenue, the Bronx, today and escaped with \$9,342.

Claim Britain Breaks Faith

Noted British Industrialist Says Government Unfair in Attitude on Palestine in View of Aid During War

LONDON, Oct. 21. (AP)—Asserting that the British government by its attitude on Palestine had broken faith with the Jews who gave their lives and money during the war, Lord Melchett, noted British industrialist and leader of British Jewry, resigned his chairmanship of two committees of the Jewish agency today.

His letter of resignation was sent to Dr. Chaim Weizmann, who yesterday resigned the presidency of the Jewish agency and the international Zionist organization in protest against the government's white paper, which he interpreted as curtailing the activity of Jewish work in Palestine.

Aided During War

Lord Melchett said the government had been aided by Jews during the war but that the way the government had "wrecked" the loyal support of the Jews was incredible.

"It is an act of almost unparalleled ingratitude and treachery committed by a government toward a credulous and harassed people," he said.

Lord Melchett (Alfred Mond) succeeded the late Louis Marshall as chairman of the Jewish agency's council.

An appeal to the Jewish people to bear witness to their loyalty to the Jewish national home in Palestine by heightened energy and redoubled achievement was issued tonight by Dr. Weizmann.

Lithium is the lightest metal commercially. Magnesium is the lightest metal produced in commercial quantities.

Advertising Representatives: Texas Daily Press League, Dallas, New York, Chicago, Kansas City.

OUR GROWNUP EXAMPLE LITTLE MISS NINA MAUDE POTTS, just a bit over three years old, marched into the home of a neighbor recently and astonished the latter by exclaiming: "Oh, Mrs. Moore! What do you suppose is going to become of Little Wash and Easy?"

But Little Nina Maude, whom neighbors insist is an unusually bright youngster, has heard her mother and father, Mr. and Mrs. Roy Potts, 1818 15th street, of "Little Wash and Easy." Perhaps they read it to her every evening—but at any rate these two characters have made an impression upon the mind of Nina Maude.

And now we reach the "meat" of this editorial. If a comic strip, which she cannot read, can so impress a three-year-old child, is it not logical to believe that the same child will be likewise impressed with every action and every word on the part of the adults with whom she is associated?

Suppressing Quacks In every profession there are those who indulge in practices that are regarded as unethical by the group. Formerly it was left for the state to punish these practitioners, but there is a growing tendency for professional men to oust from their ranks those who prove unworthy of public confidence.

Heart Disease Fatal to Man Near Carlsbad

R. H. Smith Found by Fellow Employee of State Telephone Company; Dies While Driving and Goes Into Ditch

By Staff Correspondent
BROWNFIELD, Oct. 21.—Stricken with heart disease while he was driving to Carlsbad to do some special work for his company, R. H. Smith, employee of the State Telephone Company, died late last night and his body was found by a fellow employe, Superintendent Williams.

Smith was in Brownfield Monday noon enroute to Carlsbad where he was to do some special work. He left here about 1:30 in the afternoon after having employes fix his machine here.

Williams followed and in Hobbs, N. M., talked with the manager there who said that Smith had gone on ahead and to "watch out for him."

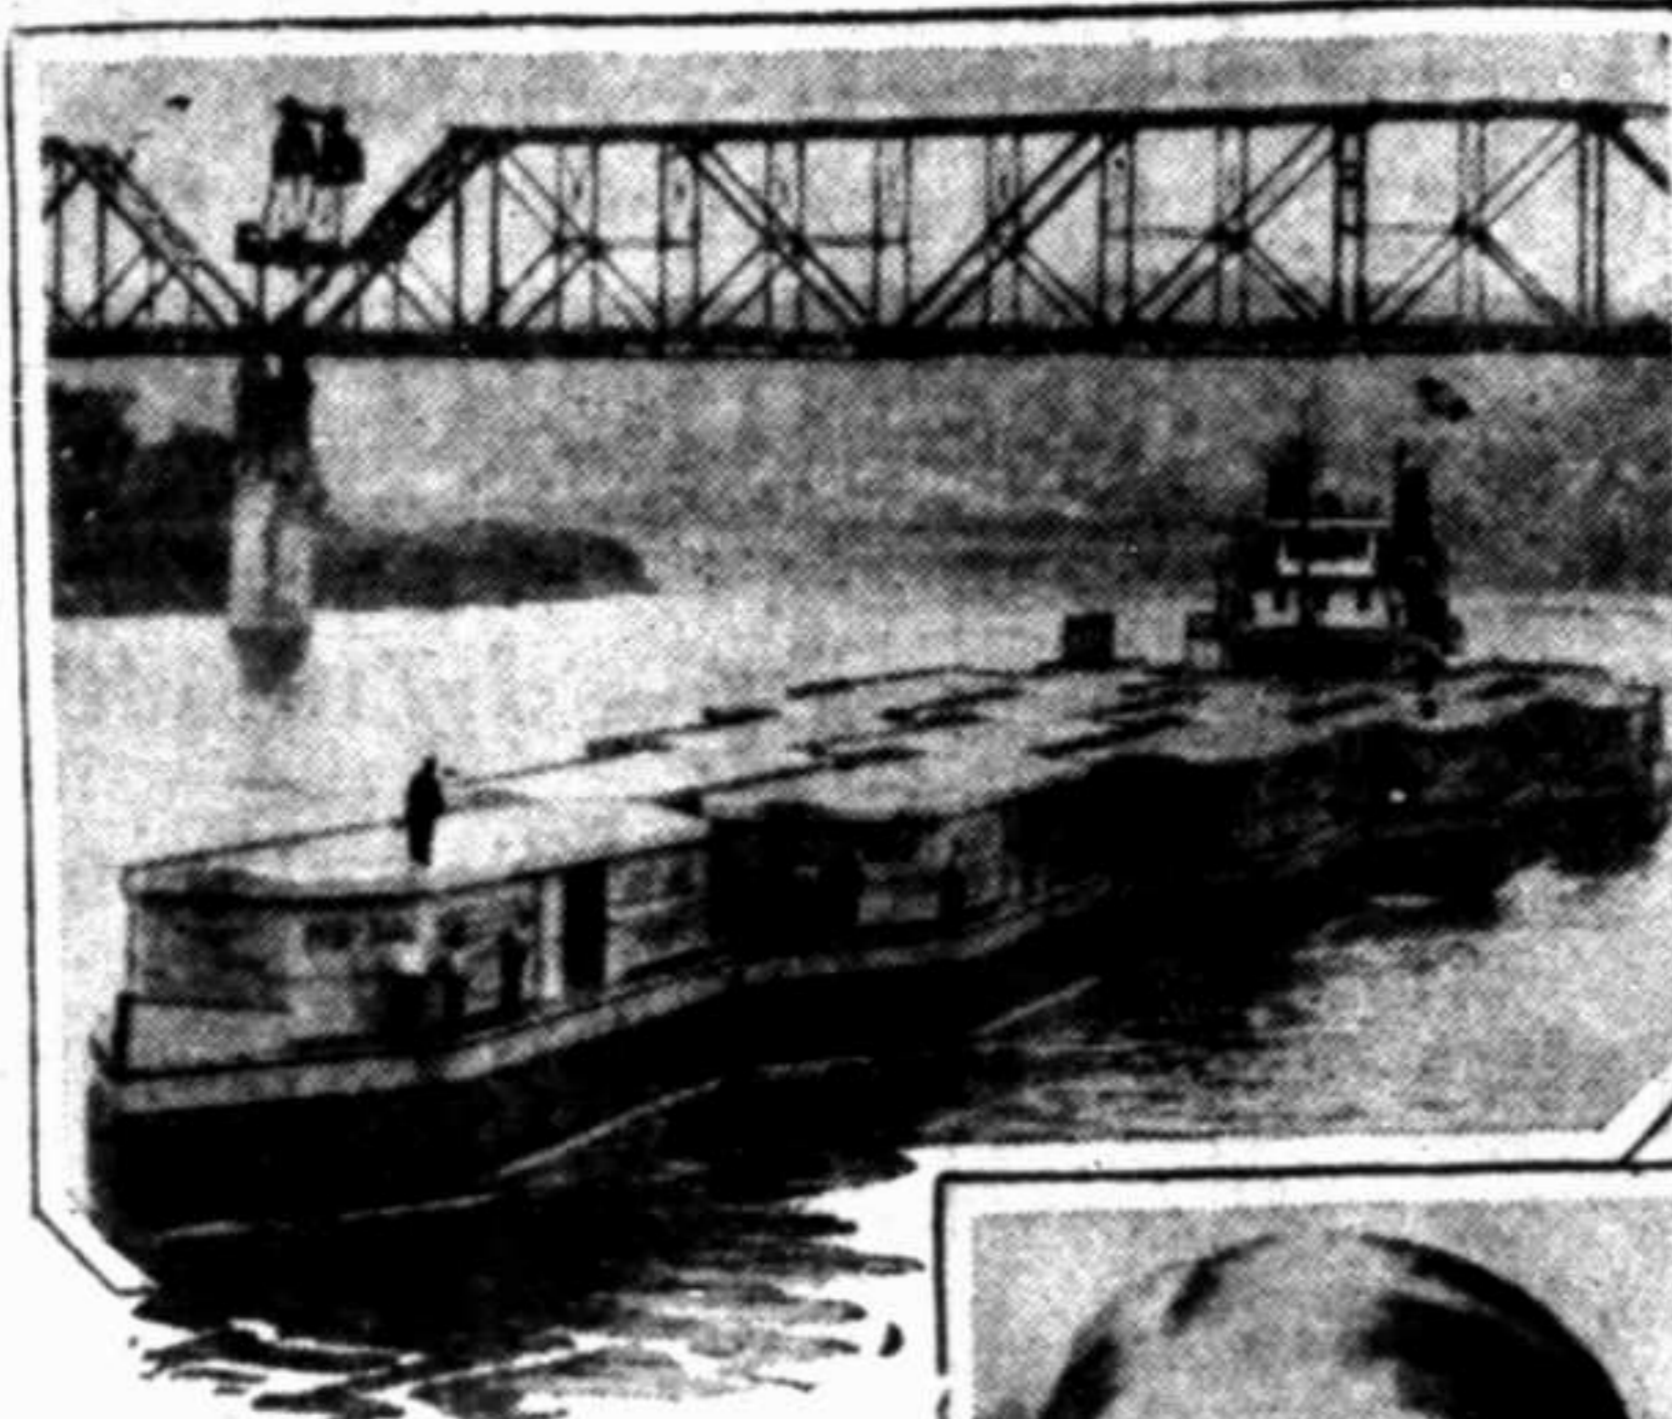

Driving along about 25 miles east of Carlsbad, Williams saw a car in the ditch. Driving past, he saw the company sign and stopped. The lights were on.

Seated in the machine was Smith, leaning over the wheel. He apparently had been dead about an hour or two.

The body was found between 9 and 10 o'clock at night.

There are more than 8,340,755 wage earners employed in all manufacturing industries in the United States.

"Dovetail Barges" Put to Work

A new and unusual type of river barge, designed with peculiarly shaped bows and sterns so that any number of them can be fitted together into a compact tow and offer a stream-lined surface to the water, is now in service on the Mississippi river. Here is the tow boat Ohio with 71 barges, en route from Cincinnati to New Orleans on the first trip; inset is Carl J. Baer, organizer of the company and designer of the barges.

Auctioneer Who Inherited Baronety Marries Widow of Wealthy American

LONDON, Oct. 21.—The marriage of Sir John Fagge, Massachusetts auctioneer and day laborer who last January inherited a baronetcy, to Mrs. Murdock of Boston, widow of the wealthy patent food manufacturer, was revealed here today by a relative, Noel Goss.

The wedding of the American widow and the 61-year-old baronet who found when he reached England that his baronetcy brought no funds with it took place secretly, he said, at a church in Stafford, October 15. There were neither relatives nor friends present and after a brief visit to Stoke-on-Trent to see relatives and announce their marriage the bride and groom sailed for America aboard the Scythia.

Met On Liner
Sir John first met Mrs. Murdock on a liner en route to Europe. Noel Goss said that his aunt was very beautiful and in her youth was known as "Belle of Stoke." Before her marriage to Murdock she was Florence Goss, daughter of the late W. H. Goss, founder of the Goss china works.

PERFECTLY MARRIED, October 21.—Sir John Harry Lee Fagge, tenth baronet of Sturdy, Kent, whose marriage to Mrs. Murdock of Boston was revealed in London today, was this town's best known jack of all trades.

In the many years Sir John made his home here since settling down after a varied career as horse car driver, freight handler, insurance agent and what not in other parts of the country, there was none who knew his secret.

Daughter Amazed
"What was the use?" Sir John asked newspapermen. "They would have thought I was crazy." Not even his first wife, the late Jennie Isabel Taylor, of Dunstable, who died in 1917, was aware of her husband's being a baronet. Their 17-

marry again, the baronet said, "I'll tell you one thing, she won't get me for nothing. I'll cost her a good sized bunch of money."

Reports from England quickly substantiated rumors that there was little to the estate and Sir John was reported to be bored with the role of country gentleman who had to live in an unpretentious boarding house.

His sister said the family was "rich in tradition but little else," and Sir John announced he would like to get a job in any city except Pepperell. Here he lived in a little two room cottage. He tended lawns and hedges by summer and furnaces by winter. In his spare moments, which were not infrequent, he repaired old furniture and even acted occasionally as an auctioneer. He took out first citizenship papers years ago but never became naturalized.

Nothing was known of Mrs. Murdock, the baronet's second wife.

SET DEPTH RECORD

PORTSMOUTH, N. H., Oct. 21.—The navy's fleet submarine, V-5, was believed to have broken all depth records for American submarines at least, today when she descended to the ocean floor in 322 feet of water. It was her first official deep sea dive although she has made other dives during her recent trial run to South America.

"LET ME TELL YOU: I CAN NOTICE A REAL DIFFERENCE SINCE I STARTED USING THIS GERM-PROCESSED OIL"

... and so it goes. At home, on the golf course, around the bridge table, people are talking about the new CONOCO Germ-Processed Motor Oil. Their comments are invariably friendly, and should you take a stand on some other lubricant, you will soon find a tinge of evangelism in the arguments that face you. For how can the use of any other oil be justified?

Conoco Germ-Processed oil is the first really new oil of this century. The first oil conceived to overcome the failings of all mineral oils. The first regular stock motor oil, under the Supervision of the Contest Board of the American Automobile Association, to prove its superiority in the Pike's Peak Tests against three other nationally known oils. And again, in the Indianapolis and Altoona Races first to "place" in the money where no other stock oil had previously placed, at speeds of from 92 to 120 miles per hour ... and the only motor lubricant that provides "penetrative lubricity" for your motor.

Conoco Germ-Processed Motor Oil will serve you better, protect your motor more surely, and save you money withal. So why use a feebler lubricant, when this test-proven, sturdiest of all motor oils awaits you ... at the Sign of the Red Triangle?

Following the Pike's Peak Tests, where Conoco Germ-Processed Motor Oil was tested side by side with three other popular, nationally known oils, the Contest Board of the American Automobile Association issued Certificate of Performance number 2268, comprising 14 points, of which the point below is one.

POINT NO. 6

"That using the subject oil and during each test, greater gasoline mileage for economy was obtained than during the use of the comparables."

The recent Pike's Peak tests disclosed some startling facts about motor oil ... Free booklet at all CONOCO stations.

Matadors Set For Frogs; Freshmen Meet Terrill Here

Eligibility Questions Rouse Class B Loop; Brownfield Plays Here

Strong Dallas Club Here for Battle Friday

Picadors Run Horned Frog Plays Against Varsity Who Meet T.C.U. Saturday; Prep School Has Strong Team

Texas Tech's future Matadors are hard to satisfy. In fact, it seems that they don't know when they've had enough, for they have scheduled an impromptu game this week-end for the home team. The game will serve two purposes, however. It will fill up the plug left open by a schedule that calls for no home games at Lubbock this week-end for one thing, and they will have another opportunity of showing the fans and students of Lubbock that they are ambitious and capable of meeting the best in the state.

Last week the Picadors met one of the strongest junior college grid eleven in the state when they took on the Amarillo Junior College Badgers and held them to a 9-0 Friday afternoon. At 3 o'clock, they will meet another strong team, perhaps as strong or even stronger than the Badgers when they clash with the Terrill Prep gridmen of Dallas.

Terrill Home of Stars
Terrill Prep is where many of the strong senior college and university grid stars come from. Under the direction of Coach Harry Faulkner, former coach of the S. M. U. Colts and Coach Bud Price the Terrill Prep school put up some of the greatest gridmen in the country. Arrangements were completed yesterday for the game here Friday.

Fans who see the Picadors against the Terrill Prep men Friday, and there will be a crowd of them at the Tech field, will know just about what to expect on the following day when they go to Fort Worth to see the Matadors play the Texas Christian University Horned Frog plays this week against the varsity, and will use them Friday against Terrill Prep. The plays, as recorded on cardboard charts by Tech's official scout, Crip Goughly, were run against the varsity yesterday in the first scrimmage of the week, and with them the fresh were served to the Matadors on the field. Coach Smith urges his men to use no mercy against the Matadors in scrimmage sessions, and it is like two teams in bitter controversy. The plays will be run against the Cadwathlans again today and tomorrow. The Matadors probably will entrain for Fort Worth tomorrow night.

Train Leaves Friday
The Texas Tech Football Special bearing 1,000 or more Tech students and Lubbock fans, will leave Lubbock Friday night for Fort Worth, arriving there at 8 o'clock Saturday morning. The return trip will be made Saturday night and Sunday. The special train will stop in Childers for an hour at 6 o'clock Sunday morning where a special breakfast will be served to the passengers. Four hotels and cafes of Childers will be thrown open to the exclusive use of the passengers.

The Fort Worth and Denver Railway company has announced an attractive round trip rate for Fort Worth gamblers. The Matadors thought that more than half of the Tech student body and two or three hundred Lubbock townspeople will take advantage of the low ticket price and make the trip. Round trip tickets are on sale at the local ticket office for \$6.50. Special rates have also been arranged for standard pullman service. Twelve sleepers will be included in the train, and there will be sufficient sleeping quarters for the entire passenger list if desired.

Tahoka Bulldogs Meet Crosbyton

TAHOKA, Oct. (Special)—Coach Weir Washam will take his Tahoka Bulldogs to Crosbyton for a game next Friday after having had a two week rest due to the fact that Tahoka forfeited the game that was scheduled for last Friday. In the past Crosbyton has won over Tahoka in every encounter until last year when the local team gave her a decisive thrashing. This year's game will be played on the opponent's home gridiron, however, and the Bulldogs will be prepared to fight for their lives.

After the Crosbyton game, Washam's charges meet four district championship contenders in a row, Stetson, Littlefield, Levelland, and Lockney. Littlefield and Lockney will be played in Tahoka. The Littlefield game is scheduled for November 11, and tickets for a special train are being sold in that city already. It is said they have asked that Supp. J. B. Pace send them 1,000 tickets to the game to be sold in Littlefield. If Littlefield brings the special train, Tahoka will probably be the scene of the largest football crowd in her history on Armistice Day.

CLERK BANK
BERLIN.—To encourage saving, a German bank has been issuing "clock" banks. These clocks cannot be wound until a coin is inserted in them, and this winding lasts only for 24 hours. Consequently, if the owner of the clock bank wants it to keep time, he has to insert a coin every 24 hours.

May Call Signals

"Daisy" Vance Woolwine, they call him on the Horned Frog squad, may start at the quarterback position against the Tech Matadors Saturday when the Frogs and Bull Fighters clash in the second game on the new T. C. U. stadium in their annual game. Woolwine is playing his second year of varsity football, and can run, pass, punt and call signals like a true veteran.

Frogs Prepare For Tech Team

Practice Game for Frogs to Hold Considerable Interest in Fort Worth; Schmidt May Start Second Stringers

FORT WORTH, Oct. 21. (Special)—The Texas Christian University Horned Frog team, in undisputed possession of first place in the Southwest conference, are due for a two weeks comparative rest before undertaking the job of playing four conference games in a row. The Frogs took the practice field Monday afternoon to make preparations for a game with the Texas Tech Matadors next Saturday. Thus far this season the Matadors have not shown their usual strength, and it seems possible that Saturday's contest will be waged largely by the "B" and "C" teams, so far as the Frogs are concerned.

Ahliene Christians Next
The following Saturday, Nov. 1, the Ahliene Christian College Wildcats come to Fort Worth to furnish the opposition for the Frogs. This appointment, looks like a victory for Coach Schmidt's Purple wave.

Following the two non-conference games the Frogs enter upon the home stretch of their season, with games beginning Nov. 8, on successive Saturdays with Rice (at Houston), Texas (at Port Worth), Baylor (at Fort Worth) and S. M. U. (at Dallas).

Tech Game Of Interest
The game with Texas Tech here Saturday, while having no bearing on Southwest conference results, will be followed with considerable interest locally. There are many supporters of the West Texas institution in Fort Worth, and a colorful rivalry has grown up between Matador and Frog supporters.

A special train will bring several hundred Tech rooters to Fort Worth, according to word received here.

The game will be the second in T. C. U.'s new \$350,000 stadium and will mark the first appearance of the Matadors in Fort Worth under the tutelage of Pete Gawthon.

CAT OFFICER QUILTS

Fort Worth Club Loses Bob Stow, Business Manager

FORT WORTH, Oct. 21. (P)—Robert C. (Bobby) Stow has resigned as business manager of the Fort Worth baseball club.

No appointment has been made in Stow's place and it is likely that Ted Robinson, president of the club, will take a more active part in handling all of the business manager's duties.

GEORGE BURNS RESIGNS

Manager of San Antonio Club Serves Quit Notice

SAN ANTONIO, Oct. 21. (P)—George Burns will not be back as manager of the San Antonio team of the Texas league next season, Pres. H. H. Hammons announced today. Selection of a successor will be made in about a month.

Grid Pace Set By Notre Dame And TCU Frogs

Several Potential Champions Already Out of Race; Rockne Men Lead by 12 in Row; Tech Plays Frogs

BY TED VOSBURGH
Associated Press Sports Writer
NEW YORK, Oct. 21. (P)—Several of the great football teams that went through last season without defeat have fallen already in the course of a strenuous campaign, but a handful headed by Notre Dame go marching on as though possessed of charmed lives.

Several leading colleges have not lost a game in more than a year—Notre Dame, Utah, Western Maryland, Duquesne, Ohio University, Texas Christian and Fordham. In fact the first three named have not been so much as tied.

To Defend Records Saturday
Virtually all of these seven are to defend their records against formidable foes this Saturday. Notre Dame plays Pittsburgh, Utah meets Denver, Duquesne opposes Catholic University in a Friday night affair, and Fordham comes to grips with its metropolitan rival, New York University, in a game that has the big town stirred up.

Somewhat easier assignments are anticipated by Western Maryland in meeting Loyola of Baltimore and by Ohio State, Christian in playing Miami and Texas Tech, respectively.

Dozen Straight Wins
Knut Rockne's men will carry a string of 12 straight victories into battle with Pittsburgh's powerful eleven at the huge Pitt stadium this Saturday. Not since California tossed them for a 27-14 loss in the final game of the drab 1928 campaign have the Irish been beaten or held to a draw.

Utah, the king pin of the Rocky Mountain conference, was last beaten by Creighton in 1927 although tied by Brigham Young and Creighton in 1928.

Western Maryland Won 15
Under the expert coaching of Dick Harlow, former member of Colgate and Penn State, little Western Maryland, one of the smallest schools in the east, has won 15 straight games since it was tied by Gettysburg in 1928. Included in this sweep were two victories over Georgetown and one over Maryland.

T. C. U. Ties Two Teams
Fordham was tied twice last year but otherwise has carried all before it. A tie last season and a scoreless game with Simmons a few days ago are the only breaks in Texas Christian's victorious progress. Ohio, after going through last season unscathed and untied, was held to a draw on Oct. 11 by West Liberty.

Among the football elect of last year who have fallen before the present season has passed the halfway point are Tennessee, which suffered its first defeat in 34 games since 1926 at the hands of Alabama Saturday; Southern Methodist, which fell before Notre Dame in a thrilling game; Tulane, a victim of Northwestern's powerful attack; and St. Mary's turned back by California by a single point.

Galveston High in Scrape Over Rule

HOUSTON, Oct. 21. (P)—The executive committee of district seven of the Interscholastic League this afternoon deferred action on the protest of Gal high school, Galveston, lodged in objection with forfeiture of the Ball-Milby (Houston) football game to Milby, until after a meeting of the state committee Thursday at Austin. Subsequent to the meeting the local committee will review the case and act.

The Galveston school won the game, but the committee awarded it to Milby because of the alleged ineligibility of two Ball players under the state 10-semester rule.

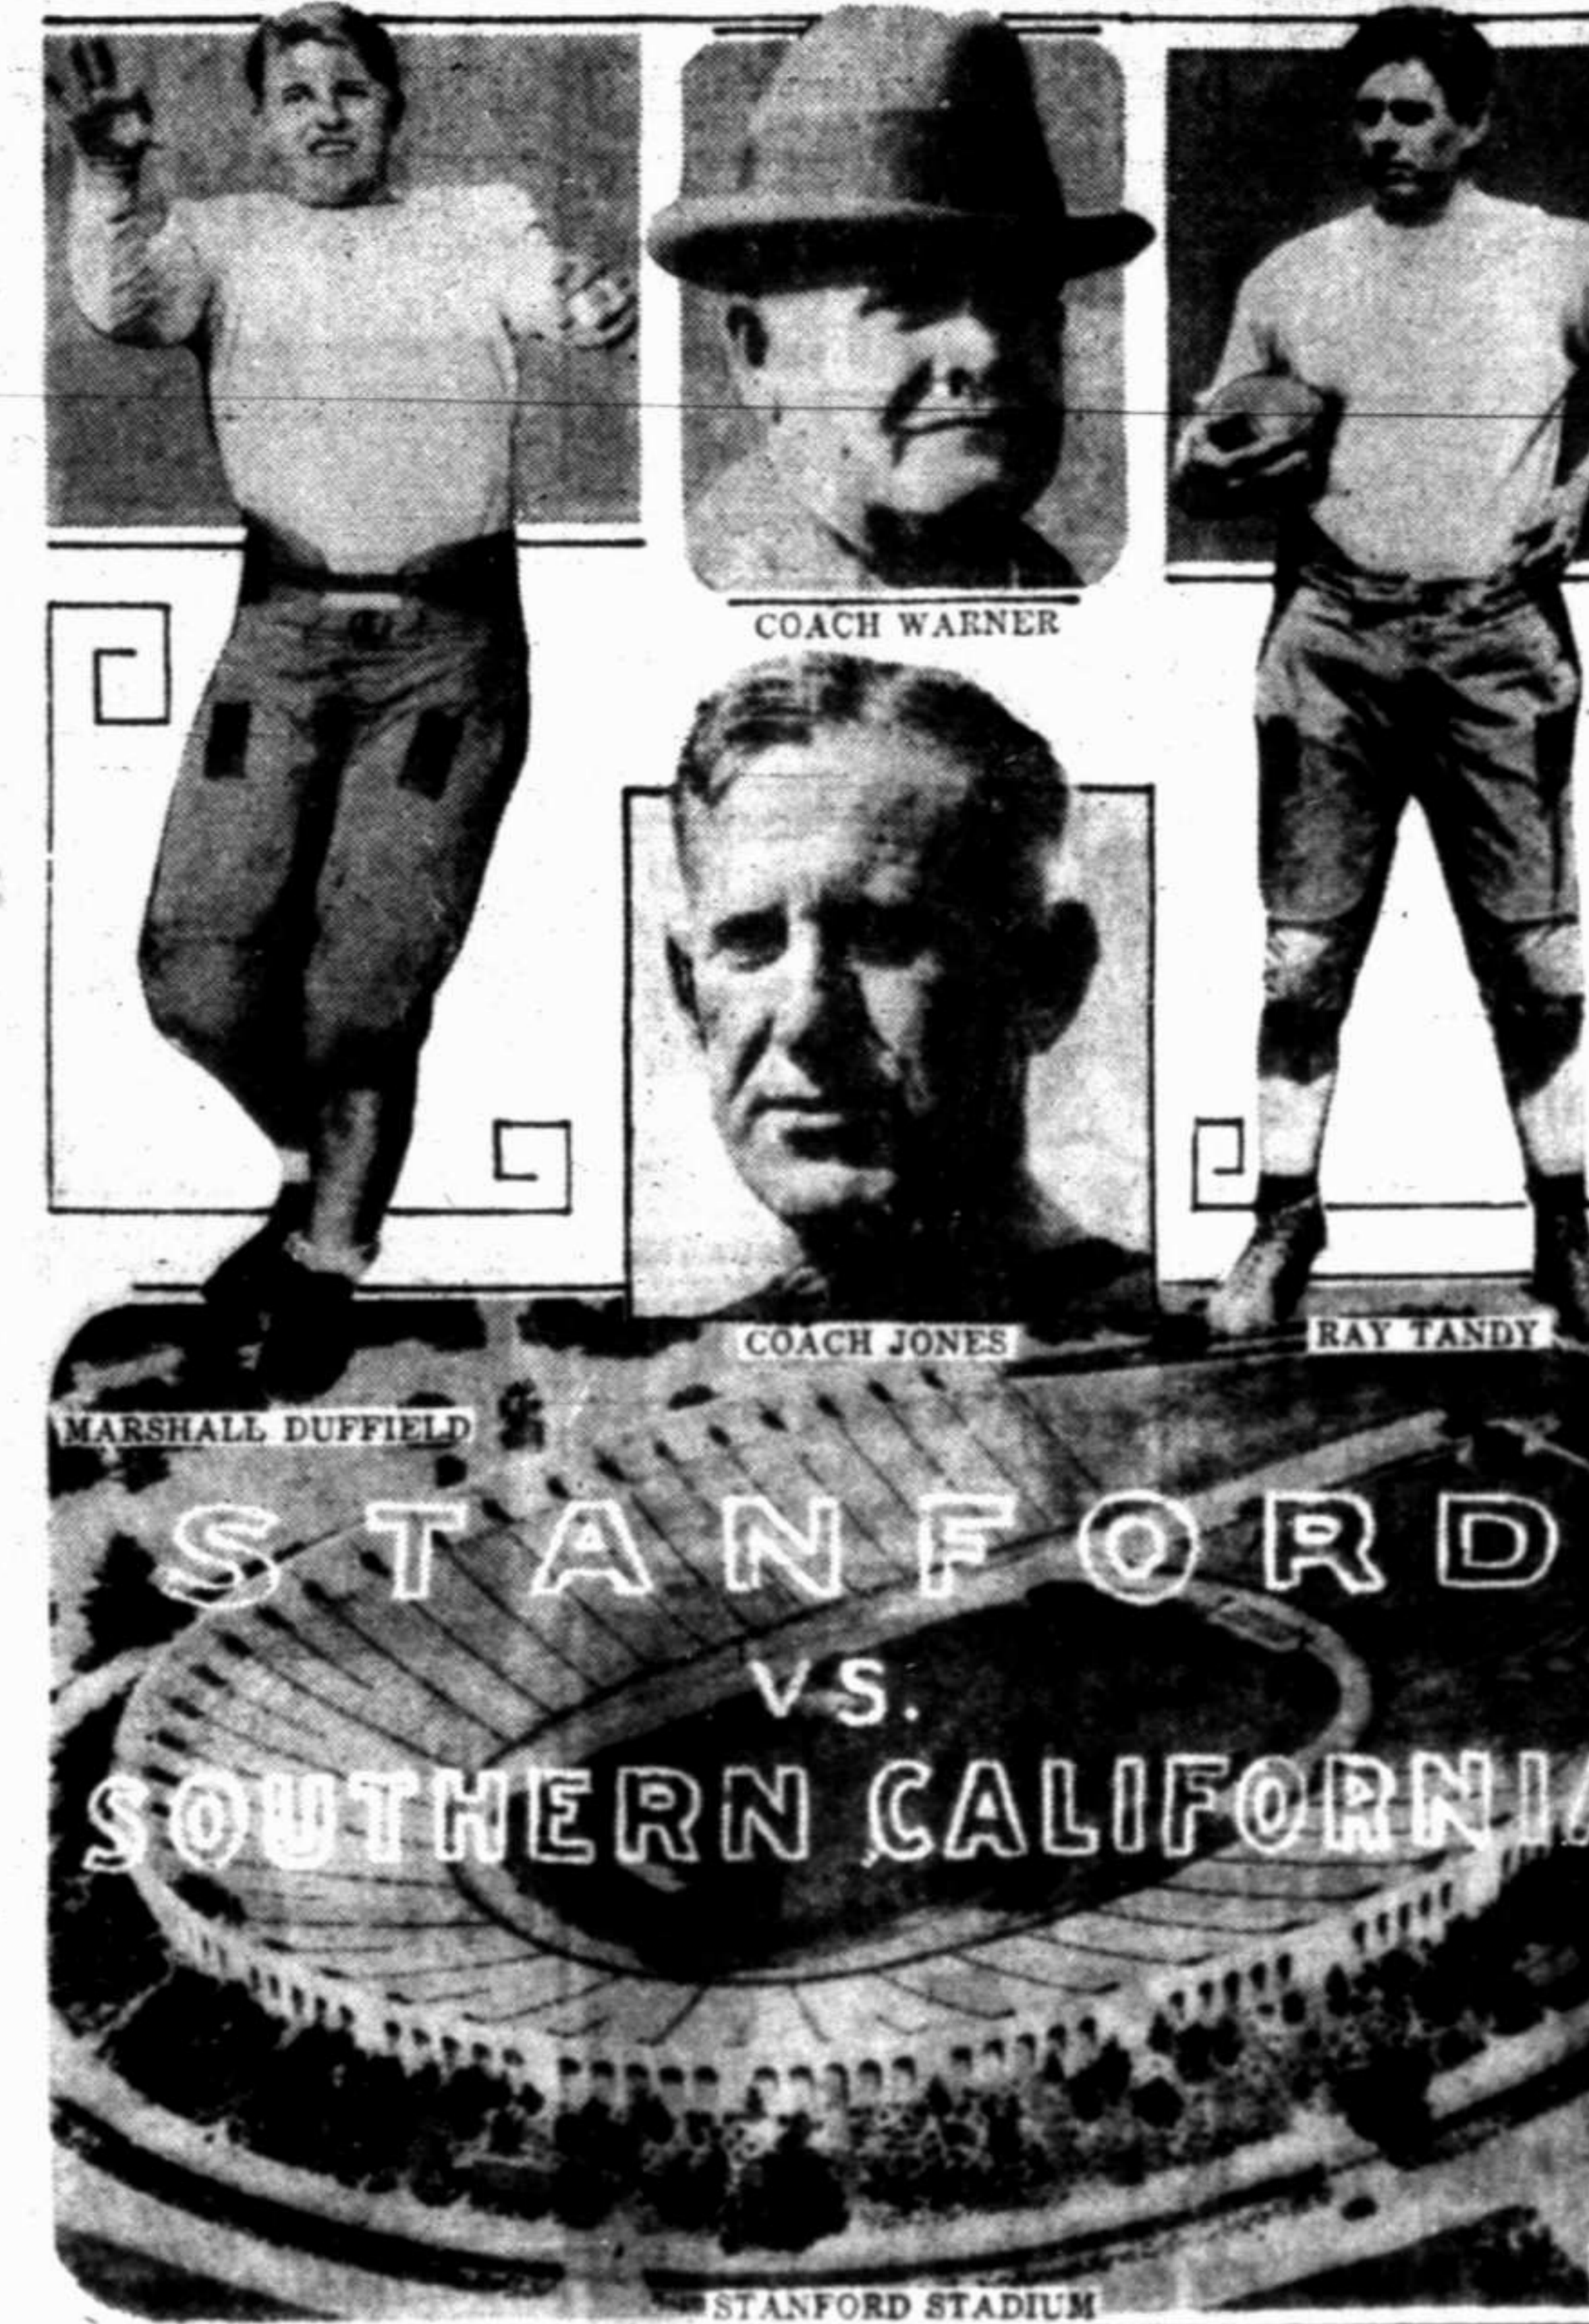

DOG SAVES BABY

How an Alaskan dog rescued a baby boy from a huge baboon has been reported from Bloomfontein, Orange Free State. The baboon, escaping from the city zoo, made toward several children and was about to attack the little son of Dr. Eyber when the child cried out. Dr. Eyber's Alaskan dashed from the house and attacked the intruder. In a terrific fight which followed the dog beat off the larger animal.

BOOK CAUSES SCARE

What John Burns, England's first labor cabinet member, might tell in his forthcoming book, is causing something of a ferment. As he pens his recollections, certain politicians are said to be shuddering. Of course, there are many skeletons of pre-war days that the retired statesman could raise doubtfully, but will he? It is a question that agitates not a few and that John Burns has not yet answered.

Trojans and Cards Clash In Annual Grid Tussle

Two of the Pacific coast's "big three" of football meet when Southern California journeys to Palo Alto, Cal. to play Stanford in Stanford stadium, Saturday, Oct. 23. Though neither team this season is free of defeat or a tie the battle is one of the most interesting scheduled for the far west this season. Stanford is led by Coach Glenn Warner and Captain Ray Tandy, while the Trojans represent the efforts of Coach Howard Jones. Marshall Duffield is S. C.'s ace quarterback.

Facts and Figures Show That Cy Leland Was Not Stopped by Aggies Saturday; Flying Frog Gained 95 Yards Against Farmers, T. C. U. Prof Discovers

BY GAYLE TALBOT, JR.
Associated Press Sports Writer
DALLAS, Oct. 21. (P)—There hangs a fine difference of opinion as to whether Cy Leland, the well known Frog flier, was "stopped" by the Texas Aggies in last Saturday's conference bout at College Station.

Dispatches from Kyle Field said he was, pointing out that the conference champs finally had to resort to a field goal to win. The writer, who was occupied at the time in watching something closely akin to a football game at Waco, took the dispatches at face value and commented, subsequently, that the illustrious Cy had been "stopped."

Facts And Figures In Case

New come some facts, figures, and comment from Mr. J. Willard Ridings, head of the department of Journalism at Texas Christian University. Says Mr. Ridings, in part: "I am sending you herewith some interesting figures compiled after Saturday's game. They tend to prove what I have contended since the opening of the season—that unless Leland gains some 25 or 30 yards every time he gets the ball he is looked upon by the fans as a failure, which, of course, from one standpoint he is, for they have been taught to expect the spectacular from him. Nevertheless, for T. C. U. he seems to be doing his share, even when he is 'stopped'."

The figures given by Mr. Ridings, in whose department, incidentally, Leland is majoring, reveal that Cy gained a total of 99 yards from scrimmage, as compared to 23 yards gained by the entire Aggie team. He carried the oval 10 times. They show he gained 11 yards on passes and returned punts for a total of 45, bringing his total yardage to 95 for the game, compared to 90 for "Grassy" Hinton, his teammate, and 80 gained for the Aggies.

Not Exactly Stopped

Strictly speaking, then, Leland was not stopped by the Farmers. Ninety-five yards is important groundage in anybody's ball game. But, comparatively speaking, it was not unfair to say that Cy was pretty collared up by the Aggies. Any time his flying feet are held to less than the length of a gridiron for an entire afternoon it is an item for the papers.

Last year, before opposing coaches learned to play their wings way pretty collared up by the Aggies, inside where the tackles and half-backs could get a shot at him, 95 yards was just a breeze for Cy. Why, he ran that far against both Texas and Baylor in one lick. He must have picked up around 300 yards in several games. Against the Aggies, for instance, he ran 45 yards on one play from scrimmage, so

Rosenbloom Meets Ed Bain Tonight

NEW YORK, Oct. 21. (P)—Maxie Rosenbloom, ring down, Broadway playboy and light heavyweight champ, will step around the corner from his favorite thoroughfare into Madison Square Garden tomorrow night to battle fifteen rounds with an almost unknown title challenger, Abe Bain of Newark, N. J.

Where Have You Bain?

Searching through the records, the experts are nicknaming Abe "Where-have-you-Bain," for the Newark youngster never has appeared in a main bout before in the garden or in other leading fistic centers.

Rosenbloom has had trouble finding suitable title opposition in a class that has gone slightly to seed. A short time ago he toured the country in a series of non-title appearances.

The river Jordan is about 200 miles long and varies in width from

Spur Gridmen Draw Fire of Loop Members

Officials Deny Reports that Spur Players Ineligible; Question Referred to State Committee; Games Carded

Questions concerning the eligibility of certain Spur High school gridmen seem to hold the spotlight in the Class B circuit of District 2 this week after Florida officials protested the right of Spur to go further in the conference race. The Spur High school players compose one of the strongest and most powerful bidding teams for championship honors in the district, and considerable interest is centered about possibilities of the team's being forced to withdraw from the race.

Spur is scheduled to meet Slaton high school Tigers at Spur this week in an important game, both teams being in the running for district honors, but a telegram from Slaton last night indicated that the game might be cancelled due to the ineligibility of Spur players and the prospective forced withdrawal of the team. Conflicting reports came from Spur to the effect that while one of the Spur players was admittedly ineligible, he had taken no part in conference games this season and that so far as the team knew and concerned, the schedule would be carried out as previously arranged.

Sanders Says Spur Eligible
In a long distance telephone conversation yesterday with A. B. Sanders, chairman of the executive committee of Class B teams of this district, Mr. Sanders told the Avalanche-Journal that two of Spur's players had been found ineligible—one in violation of the new ten semester ruling and the other for failure to pass the required amount of work. Certain other schools in the district are reported to have asked for the withdrawal of the Spur team from further competition, but the district executive committee refused to take action on the motion and referred the matter to state officials. According to the Spur correspondents, and Mr. Sanders, the league are awaiting final decision as handed down by the state committee, but Spur officials are of the firm opinion that nothing can be done about it, and are planning to go ahead with the schedule.

Post Meets Rails
Arrangements had been made for a gala day in Spur next Friday when the Slaton Tigers come for the annual battle. If played, it will be the outstanding game of the week. Post and Rails meet in one of the most important games of the season at Post, and Tahoka's Bulldogs will meet the Crosbyton eleven at Crosbyton in an interesting setto.

Other games to be played this week in District 2 are as follows: The Avalanche at Paducah, Silverton at Lockney; Sudan at Muleshoe, and Levelland at Amherst. Most of these

Bill Tilden May Give Up Ranking After Ten Years

(By Associated Press)
NEW YORK, Oct. 21. — The problem of making up the American tennis ranking list for 1930 with the scrambling results of the season's tournament play to work on, has prompted the ranking committee of the United States Lawn tennis Association to start its work earlier than usual.

Dr. Hawk in Charge
The task has not been lessened by a change in the chairmanship of the ranking committee, placing responsibility upon Dr. Phillip B. Hawk, already chairman of the men's national championship committee of the U. S. L. T. A., and chairman of the tournament committee of the West side club, Forest Hills.

If Dr. Hawk's present plans work out, he will hold a meeting of the national committee on or about November 17, in New York, two months in advance of the annual meeting of the association, in order to whip the rankings into shape. Meanwhile he has called for the rankings of the 14 sectional associations of the U. S. L. T. A. as a basis for the main job.

Big Bill in Danger

For the first time since his suspension nearly pushed him from the top of the list a few years ago, Big Tilden is in danger of being deposed from the number 1 position he has occupied for ten successive years. Taking into consideration his play abroad, where he won the Wimbledon crown and scored America's only Davis Cup triumph, Tilden well might be kept at the top, but he slumped on home courts, losing to Frank Shields at Southampton, defaulting to Cliff Switzer at Bryr, and losing to Johnny Dog, new national champion, in the semi-finals of the national championship.

On the other hand, the inconsistency among younger rivals of Big Bill mitigated against the selection of any one of them to displace him.

LARGEST BRIDGE

NEW YORK. — The new bridge across the Hudson river now under construction between upper Manhattan Island and Fort Lee, N. J., will be twice as large as any suspension bridge heretofore built or under construction, according to engineers. Its central span will be 3,500 feet long, and it is expected that the construction work will be completed by 1932. To finance the huge bridge bonds to the value of \$60,000,000 were issued.

Teams have been defeated in conference competition, but all are in the race for second and third honors, and sub-district championships.

Pioneers Play Brownfield Here

The Brownfield Cubs, running with the favorites for top position, will meet the Lubbock High school Pioneers, second team, on the Park Field at 4 o'clock Friday. The Pioneers, coached by Martin Hayhurst, has won five straight games and tied one. Last Friday they tied the Slaton Tigers, 0 to 0.

Seen From The Top Of The Yellowhouse Windmill

BY J. SAM LEWIS, FIELD CORRESPONDENT

BUYS CIGARS

J. C. Bond of the Brownfield Hotel is telling a good story on a man from Lubbock who happened to be in Brownfield when advertising for the Harley Saddle show was being handed out Saturday. Some of the ads consisted of a red card with the words "report to the police" in letters an inch high, followed by an ad for the show. The Lubbockite saw the upper part of the card and hurried over to the courthouse to hunt up Sheriff Mun Telford, without reading the rest of the paper. "Sheriff what's my fine?" I want to pay and get out," he asked of Mun. Telford began to laugh, thinking it was a joke on the part of some of the Brownfield gang, but decided that the man from the "Hub" was in earnest. He explained and the Lubbockite bought the cigars.

OUT OF "GAME"

R. M. (Dick) Jarrett, Post, who used to run the Algerta hotel before he started to do some "gentleman farming" in Terry county on his ranch, often registered at hotels as from the Algeria, although he does not operate the hotel now. Whenever he gets to Brownfield, some of his early day cronies, among the traveling men, who happen to be along, try and sell him some stuff or else ask him to "reserve me your best sample room, will you, Dick." The old timer often has some trouble to convince people he is not in the hotel game any more.

JOINS SONS OF REST

Bob Lovelace, former owner of the Helpy Selly at Brownfield, has been made a member of the Sons

of Rest, the most famous organization in the Terry county capital. His spouse, so it is reported to members of the club, says that Bob has long been eligible for membership. Brother John B. (Kingfisher) King, the kingfisher of the chapter, says the qualification of membership best considered by the chapter is the proposed member able to get his wife to nearly everything. "If he does not do a thing he can get his wife to do, he is eligible for membership," the kingfisher reports.

TO SHIP CORN

R. M. Kendrick, of the Brownfield National bank, says Terry county will ship as much corn this year as ever. "But it won't be of train," he adds. "Those fellows over east of here, in Dickens, Emory, Kent, and other counties down off the caprock are sending trucks over here and hauling away the corn." Farmers are harvesting corn now and they can sell as much of it as they want to.

WOULDN'T ANSWER PHONE

Doc Powell, pioneer Brownfield resident and president of the Sons of Rest has had a little tiff with J. C. Bond, of the Brownfield hotel and as a result he transacts some of his business at the bank instead of at the hotel. Doc applied for the job of porter at the hotel and tried it a day or two. "I couldn't get him to answer the telephone, so he could not qualify as a hotel porter," Mr. Bond reports.

ALWAYS MEETS BUS

Dr. John Moorehead, well known Meadow physician and druggist, al-

ways greets the evening Pioneer Motor line bus that brings the Daily Journal to Meadow. No matter how busy he is, the doctor gets out on the sidewalk in front of the store when it is time for the bus, to see that the paper is there. Doc says he agrees with the bunch at Brownfield and with Charlie Cothes at Seminole that it is too early in the morning for anyone to get up at 3 or 4 o'clock to meet the Morning Avalanche.

TO MISS ENGINEERS

Brownfield residents will be sorry to see the Texas and Pacific right-of-way engineers leave town. There has been a group of railroad engineers in or around town nearly all the time since August 31. A gang came in there and did the job, leaving about the sixth of September. On the tenth another group came in and remained until the 20th when they left and 10 days later a third group showed up and has been in town ever since. The boys have contributed to the excitement about town as well as to business, all of them being good spenders. With most of the work now completed, the gang will check out in a few days, it is expected.

"This is now a wet country" Dick Hyatt of the Rails Banner says in a head about the rains in Crosby county.

Change the horses' feed occasionally, though not suddenly, says Jack Suits of Lorens. A horse—like a human being—likes variety in his diet.

Legal note in the Lynn County News: H. W. Calaway says the most important news item he can suggest this week is the fact that the faces of many of our prominent citizens are to be seen on the street, again since the grand jury adjournment Wednesday. He called no names.

Frank Fletcher of Southland, has

an automobile salesman friend who reports his marriage thusly: "After we forded the traffic to get the license, we Cadillac to the preacher, and Rolls Ruffed home. She bucked at living in my room. Washed her teeth in rage, while I dodged the missiles. During the argument and Chevroleted under the bed, from where I Paiged a cop to get me out."

Eddie Warren of the Post Dispatch prints the following: Cannibal daughter: "Mother I'm bringing a man home for dinner." Cannibal mother: "Well be sure he is tender."

Walter Curry's optimistic friend at Crosbyton reports: W. C. Baker says he is going to farm next year. He has charge of a farm on the East Plains and is going to sow 200 acres in wheat and 200 acres in row crop, etc. We told W. C. if we had the land, the money and the seed wheat and someone to work it, we would like to farm next year. Somehow the optimist believes that next year is going to be the best year we have ever had in Crosby county.

The farmers who are squeezing their apples into cider, believe in the freedom of the press, opines T. E. Roderick of the Stantonite.

Wellman items in the Seagraves Signal: Miss Mary R. Moeley our sixth and seventh teacher was married to a student of Wayland college, we have not learned his name.

W. H. Ritzenthaler in the O'Donnell Index raises an age old question by the following information: Man is mentioned in the Bible 4,322 times; woman only 536. Which is not so strange in view of the fact that men wrote it.

This is one time of the year that hunters begin to outfit fishermen, according to A. J. Stricklin in the Terry County Herald.

J. C. Smith of the Snyder News after a walk over to the court house makes the following observation: "There are plenty of misses but not so many slips." So says a wisecracker who has probably been reading corset ads or watching foundationless silks a-flapping.

Archy Bald in the Lamesa Reporter, prints a city beautiful item: Before we go another step further we want to call Leonard Scott's attention to that gosh-awful looking canvas feed sack mess hanging and blowing about in the wind where his golf driving course was. He did the city a good turn by cleaning out that lot and clearing it of weeds and trash. It wouldn't take much effort to finish the job, Leonard.

The chances are that if I had washed my whoopee car (Old Betsy Ann) more often, this so-called drought that has just passed probably wouldn't have lasted so long. Old Battleax himself reports in the Hesperian.

About the only way to "keep Smith quiet" is to quietly do what he suggests. Here is the way George Smith, who edits the Castro County News at odd times, reports the matter: It was said, a few weeks ago, that "we will have to organize a fire

department in Dimmitt to keep Smith quiet". "Smith" referred to was the writer, and editor of Your Home Paper. The remark was made in jest, and was taken thusly by your editor. But the fact remains that in a very short time a volunteer fire department was organized.

Well, we can't complain of being dry any more for a while, for it has rained and rained and then rained some more. H. B. Adams was informed in the Lockney Beacon.

School note by M. B. Cavanaugh of the Floyd County Plainsman: Some of the Spur Bulldogs have been proven ineligible and Bob Carter eligible for football. Well,

well, and well, Bob is not so ancient as some people think.

N. R. Stahl in the Abernathy Review, reports: The biggest optimist in the whole world, according to Welcome Ragland, is the man who thinks he can teach his wife to drive a car.

The only way, says E. F. Hunt-sucker in the Amherst Argus, a farmer can get even with a city motorist and family who have helped themselves in his orchard is to sell them some hot dogs and gasoline before they get away.

Wonder how many citizens around Muleshoe can remember the old fashioned starched skirt that made

a sound like a nervous man eating potato chips, Jess Mitchell of the Muleshoe Journal asks.

LONG LIFE ON THE FARM Remarkable longevity was disclosed at the recent dinner of the Williton, Eng., agricultural association. Benjamin Boshich, who headed the list of aged farm hands, was 86. The other winners were 85 and 84. All the nine entrants in the class for aged women were 80 years or more. Harriet Milton, the first prize winner, was 87 1/2, and the youngest aspirant was 81. The ages of the nine totaled 750 years.

There is only one negro member of the U. S. Congress. He is Oscar De Priest, republican from Chicago.

REBELS CLAIM ADVANCE

Insurgent Leaders Report Troops Across Border

PORTO ALEGRE, Brazil, Oct. 21. (AP)—Despite torrential rains, Brazilian insurgent leaders tonight claimed a further advance against the federal army, asserting two columns of insurgents now were in the state of Sao Paulo, having crossed the border early this week. The insurgents also claimed the large state of Mato Grosso had joined the revolution and a governmental junta had held formed at Cuyaba with Major Rabello at its head. Anibal Toledo, the former governor, was said to have been deposed.

County Agents Meet in City Tuesday Night

Four of South Plains to Be Today by 25 Agents and 3 A. and M. Specialists; Will Attend Turkey School

Twenty-five county agricultural agents and three specialists, from Texas A. and M. college were scheduled to assemble in Lubbock, Tuesday night, preparatory to beginning a tour of the South Plains early today and subsequent attendance Thursday at a turkey grading school in San Angelo, it was announced Tuesday by Sterling C. Evans, district agent.

BELCHING ?

Quick Relief Stomach Gas Take Tanlac MONEY BACK GUARANTEE

Several demonstrations of dairying, swine feeding, poultry and crop growing have been planned in connection with the tour of South Plains counties.

The group is slated to leave from the Hilton hotel at 9 o'clock this morning, first stop being at the state experiment station, three miles east of Lubbock, according to Mr. Evans.

After attending demonstrations in this county, the agents will be transported by bus into Lamb, Hookley, Terry, Lynn and Garza counties. The agents will spend tonight in Sweetwater and final lap of the tour will be completed Thursday.

In addition to the specialists and agents who will make the trip, W. B. Lee, of Spur, district key banker of the Texas Bankers' association, also will be included in the group.

Specialists who will arrive here either tonight or by early train tomorrow morning are John Laiker, dairy specialist, A. L. Smith, beef cattle specialist, and Mr. Snyder, meats specialist, all of the A. and M. college.

County agents arriving tonight will be: D. A. Adam, Lamb county; P. C. Colgin, Baylor; R. B. Davis, Hale; D. F. Eaton, Lubbock; W. W. Evans, Dawson; W. C. Hale, Young; C. C. Johnson, Jones; O. J. Lane, Fisher; C. J. Lochridge, Stephens; W. O. Logan, Scurry; V. O. McCoy, Clay; R. F. McPartridge, Gaines; G. R. McNeil, Archer; A. C. McGee, Castro; O. G. Tumlison, Shackelford; W. T. McGee, Hookley; C. B. Martin, Swisher; Knox Parr, Garza; F. S. Reynolds, Bailey; R. E. Shaver, Lynn; E. L. Tanner, Dickens; L. M. Thompson, Throckmorton; Joe

Open Commerce Office at Paso

District Branch of Bureau of Foreign and Domestic Commerce to Operate at Border City, C. C. Advised

Opening of a district office of the Bureau of Foreign and Domestic Commerce at El Paso was announced in a letter received Tuesday by the Lubbock Chamber of Commerce.

Section to be served by the new office includes a part of West Texas from Del Rio to El Paso and north to Plainview, all of New Mexico and nine counties in Arizona. Visits to the principal trading centers in Mexico will be made by the manager of the Bureau of Foreign and Domestic Commerce office to aid the sale of American products in Mexico.

The El Paso office will serve as a direct contact between chambers of commerce and business men in this territory and main offices in Washington, D. C., from which a staff of commodity experts can advise concerning problems arising in either domestic or foreign markets. Best practices in marketing, surveys of domestic and foreign market possibilities for sale and distribution of products of this section, information on foreign tariffs, foreign consular and customs regulations, commercial laws, packing

Paving Party To Be Staged

Representative of Every City in Section Invited to Hale Center Celebration of Paving Completion Thursday

Representatives of virtually every city in this section have been invited to festivities which will be held at Hale Center, Thursday night, in celebration of completion of state highway No. 9 through Hale county.

Hale Center Chamber of Commerce sent the invitations. The affair is scheduled to begin at 7:30 o'clock. Arrangements have been made for more than 2,000 persons.

Lubbock high school Western band has been invited to appear at the highway celebration, and a

Slugged and Robbed

LUFKIN, Oct. 21. (AP)—While making a sandwich for a "customer" who proved to be a robber, Grady Glenn, employed in a small restaurant here, was slugged and robbed of \$6.50 in a daylight hold-up today.

Valued at \$40,000, a British Gulliana stamp recently exhibited in Boston is regarded as the costliest square inch of paper in the world. It was printed in 1856.

Funeral Rites to Be Read at Home Here Today

Funeral rites for A. A. Kennedy, 36, who died unexpectedly late Wednesday afternoon in his home at 2008 Avenue J, will be held at 3 o'clock this afternoon at the residence.

Rev. G. P. Colton of Asbury Methodist Episcopal church will officiate. Burial will be in Memorial Park cemetery under direction of Bynum-Morgan funeral home.

Death of Mr. Kennedy was attributed to heart disease. He is survived by his widow, three sons, three daughters, a brother and six sisters.

Avalanche-Journal Want Ads Pay

THIS IS A GOOD YEAR TO BUILD ECONOMICALLY

Run-Down Buildings Are Unprofitable

- When a progressive real estate dealer buys a building for resale he redecorates it and adds modern improvements to both the building and the grounds. That is good business. The real estate man or builder knows that the improvements add more to the value of the property than they cost.
- Refinishing the exterior of a building with a light-tinted stucco, repairing the roof or re-roofing with a fireproof material, converting unused attic space into sunny rooms, building a sanitary, concrete basement, putting down concrete sidewalks and driveways—these are some of the improvements that will often make a modern home out of an old house.
- Now is a good time to bring old buildings up to date at a surprisingly reasonable cost. Ask your building material dealer, architect or contractor for suggestions on modernizing.

Atlas Cement is made at Waco—by Texas workers—of Texas materials. Along with other economical quality products, your building material dealer can quickly furnish you either Atlas portland cement (gray) or non-staining Atlas White portland cement. Ask for Atlas cement.

(Continued from Page 4)

had ceased months back. The widow, attractive and worldly-wise, had returned to New York from six months on the continent, bringing a splendid wardrobe and definite plans for acquiring Husband Number Two. Dwight Parsons had been satisfactory enough, though never really swift. Blond beauty sometimes fades swiftly, and Mrs. Parsons saw the future through shrewd eyes.

Dwight had been a boyhood friend of John Mitchell. The Parsons home was one of the few at which Mitchell called regularly whenever he visited the metropolis during his long years of residence in Chicago.

Serenely Evelyn Parsons smiled as she touched a flame to her cigarette and gazed off across the horizon from an opened window.

The apartment was high up, cool even on a sultry evening. Evelyn called it a "small place," but she lived alone with her maid, Rose, and two Pekinese dogs. She was dividing her time between the apartment in town and a comfortable house on Long Island because of disagreeable details concerning Dwight's estate, involved in what seemed interminable legal tangles. Evelyn consulted a clock. Nearly nine! Mitchell should be there any moment.

timed. Mitchell surveyed his hostess.

"You, but you look cool! How do you manage it?"

Silvery laughter was the answer. Something more than laughter spoke from Evelyn Parsons' eyes, but she was quick to avert them. She had decided it was high time her appearance won attention.

"Never mind my looks, John," the woman said quickly. "I want to hear what this is that is bothering you."

"Well, I'll have to tell you a story," Mitchell put down the empty glass. "Mind if I smoke?"

"Do, by all means!"

"I think you know," the man went on slowly, years ago about my marriage I was in Chicago. Met my wife out there. We didn't come home because of parental disapproval. That was at first. After four years we were divorced. You remember?"

Evelyn nodded.

"I guess you didn't know, though that there was a child. She's always been with—her mother. Margaret wanted her, of course, and I didn't contest. Had no place to take her anyhow. She's here in New York now."

He did not hesitate at her slight exclamation.

"Yes, she's here at my mother's house. Been here three days. I want to go—well, what a father should for her Evelyn! I've got the money. I want to give her her chance. You see she's never really had anything—"

"How old is she?"

"She'll be 18 next month. Celia, her name. Of course she's gone to school, and her mother did everything she could, I guess."

"Has her mother—married again?" Mrs. Parsons asked.

Mitchell shook his head. The merest shadow of displeasure crossed Evelyn Parsons' face, but she said nothing.

"I'm telling you the whole thing so you'll understand," the man continued. "Mother was opposed to the whole plan at first. I had to talk her into it. You see, Evelyn—well, you see, when a man gets to be my age he feels differently. Things you've worked hard for don't look like so much. Do you understand what I'm trying to say?"

"I think I do, John."

"I hoped you'd understand. But you see the trouble is she ought to meet young people here a good time. I thought mother could take care of that, but I see she can't. Mother's behind the times. She thinks the world is still ruled by the 'Four Hundred.' Wants to take Celia along this fall. That's all right, but what is she going to do in the meantime? Tonight I found her—I mean Celia—crying."

"The poor dear!" Mrs. Parsons' voice was honeyed softness. You were right to come to me, John. Now here's what we'll do—"

It was an hour and a half later that the door of Mrs. Parsons' apartment closed behind John Mitchell.

In the turquoise boudoir Evelyn Parsons laid aside her pearls. "It's going to be easy," she whispered exultantly to herself.

(To Be Continued)

She tapped the ash from her cigarette absently. She was no longer smiling. Evelyn Parsons' lips formed a firm line and her eyes grew calculating, her beauty disappeared. Like the purring feline Evelyn's sleek, silky exterior concealed claws.

Two softly shaded lamps illuminated the living room. Evelyn was standing beside the central window in a pose she knew was becoming. She considered, then withdrew to a low divan. She had remembered that the lighting there would be more flattering.

Rose entered the room carrying a tray and glasses.

"Put them here—on the coffee table," Evelyn instructed. "And bring that box of cigars, will you?"

Making a man comfortable was to Evelyn Parsons the first lesson in entertaining. She was always very careful about this.

The bell rang.

There was scarcely time for Mrs. Parsons to turn her head and shoulders to the proper angle, to assume the exact degree of cordiality in her smile before Rose ushered in the guest.

"Welcome, John Mitchell!"

The woman came forward with quizzical hand.

"Good evening. Good of you to let me come, Evelyn."

"Noneame. I'm so awfully glad to see you! Here in this hot city—how on earth do you stand it? I mean staying here and working in offices. It's a treat to have you come and talk to me."

"I hope you weren't going out?"

"When I have the opportunity of staying here and chatting? No, indeed!"

"But you were going?"

"Now, John! Of course I'm not five-poster, but I wanted to do really. I'm awfully fortunate to be able to get out of it."

She leaned forward, hands held together smiling guilelessly.

Mitchell's face was serious. "Well, it's a big favor to me, and I appreciate it. I'm up against a problem—well, to tell you the truth I don't know what to do. Tonight I felt that I needed to talk to someone. You were the only one I could think of who would understand."

"Then I'm glad you came!" Mitchell moved impatiently. Before he could continue Mrs. Parsons poured a beverage into a glass half filled with ice. She held it toward him.

"You'll have some," she asked sweetly. "It will make you feel cooler."

The man took the glass, drank deeply.

The interruption had been nicely

timed. Mitchell surveyed his hostess.

"You, but you look cool! How do you manage it?"

Silvery laughter was the answer. Something more than laughter spoke from Evelyn Parsons' eyes, but she was quick to avert them. She had decided it was high time her appearance won attention.

"Never mind my looks, John," the woman said quickly. "I want to hear what this is that is bothering you."

"Well, I'll have to tell you a story," Mitchell put down the empty glass. "Mind if I smoke?"

"Do, by all means!"

"I think you know," the man went on slowly, years ago about my marriage I was in Chicago. Met my wife out there. We didn't come home because of parental disapproval. That was at first. After four years we were divorced. You remember?"

Evelyn nodded.

"I guess you didn't know, though that there was a child. She's always been with—her mother. Margaret wanted her, of course, and I didn't contest. Had no place to take her anyhow. She's here in New York now."

Will Always Speak A Good Word For Argotane

"Anyone who had noticed the dreadful condition my wife was in, can readily see the great change Argotane has made in her," said J. E. McCollum, living on rural route No. 1, Amarillo, Texas.

"My wife has improved so much that her neighbors often speak of it. Her health has been broken up for years and she suffered from stomach trouble. Her appetite left her and what little she did eat would sour on her stomach, causing gas to form. She was never able to eat breakfast at all. She was weak and thin and had terrible headaches and was losing weight and strength. She had severe cramps in her stomach and sides most of the time and would roll and toss at night and never get very much rest. She has a case of constipation.

"Since taking Argotane my wife is greatly improved and feels like a different person. She isn't bothered with stomach trouble and constipation and Argotane has certainly helped her and we think it is a wonderful medicine and will always speak a good word for it."

Genuine Argotane may be purchased at the Green Drug Store, 447

GOSSARD

Come see the uncomfortable days of straight lines for the figure that "just naturally" curved Princess lines allow the full figure to look womanly again. Of course, too generous curves must be restrained to smooth ones. Shown here is a Gossard combination of brocade, satin tulle and elastic, with a 12-inch boned bust—highly favored by smart matrons.

Texas Tech Topics

BY MARSHALL C. FORMBY
College Correspondent

AGGIES PLAN RODEO
Memories of the old sport of "bronco busting", the old dusty cattle trail and the old cow camp will be revived when students of the Tech agricultural school stage their first annual rodeo on the Tech campus November 7 and 8.

To Name Queen
A queen is to be selected for the rodeo by a popular vote of the student body. Two girls from each of the Liberal Arts and Home Economics schools will be nominated and voted on, the winner being crowned queen and the other three named "Ladies in Waiting". These cow-girls will take part in the parade which will be staged downtown either Saturday, November 7, or Saturday, November 8. The Tech Matador band probably will lead the parade.

IS MAGICIAN
He was number 26 on the Tech gridiron Saturday but during the summer months he's "Magician Bob". Bob Clark who played halfback once.

Sore Gums-Pyorrhea
Heal your gums and save your teeth. It's simple. Just get a bottle of LETOS PYORRHEA REMEDY and follow directions. Don't delay; do it now. LETOS is always guaranteed. City Drug Stores.

Whoops! We're Getting Married!

This spectacular leap over the backyard hedge shows the three Collier sisters of Seattle, well-known west coast dancers, in a bit of fast action. The sisters are getting married, and all are marrying members of a Los Angeles orchestra. Babe, at the left, is now Mrs. Walter Holzhaus; Berta, in the middle, is going to marry Jimmie Orier; Emalyne, at the right, won't name her future husband except to say that he plays the trombone.

TO SPEAK AT WACO
"International Relations" will be the subject discussed by Mrs. William Dingus, head of the Tech Latin department, when she speaks at a state meeting of the American association of University women at Waco next Saturday, October 25.

WORKS IN PENNSYLVANIA
J. B. Calvert, Jr., of Amarillo, a graduate of chemical engineering of Tech of the 1930 class, is now working in Moore, Pennsylvania for the Sun Oil company.

MAIRE GIVEN CERTIFICATE
Harry Le Maire, director of the Tech Matador band, has been given a bandmaster's certificate from the Chicago Musical college at Chicago.

BIG SPRING CLUB TONIGHT
Members of the Tech-Big Spring club will meet tonight at 8 o'clock in room 209 of the administration building. Officers for the organization which were recently elected

RENNER WRITES PAMPHLET
A pamphlet, "The Limits of Error of the Babcock test for Cream" has recently been published by professor K. M. Renner, head of

WORK AT BOOKSTORE
Added to the long list of those who make their college expenses

by working outside of school hours are the six students work in the college bookstore during their spare hours. Students working are: Trent Campbell, Lubbock, Hank Morgan Mission, Don Maddox, Menard; Ellis Foreman, Teague; Ray Moore, Hamilton; and Frederick Seely of Cleburne.

TO SHOW PICTURE
Plans are being considered for the showing of the moving picture, "From Clay to Bronze" next April by the architectural department of the college. The film is produced by the Museum of Fine Arts, and will be of interest to the public as well as to students of architectural engineering.

IS NUTRITION EXPERT
Mrs. Lelia Cox Sides, graduate of the Home Economics school of 1928, has accepted a position as a nutrition specialist with the extension department of the Texas A. and M. college.

IS HARVARD GRADUATE
Dr. Clarence Hotson, new member of the Tech English department, received his Doctor's degree from Harvard University. He comes here from the University of Minnesota where he was a member of the English department for two years.

CHORAL CLUB MEETS
Members of the college will meet tonight in room 310 of the administration building at 7:30 for practice.

WRITES DANCE TUNE
"Baby, Not Me!" is the title of the dance tune recently written by Frank Stone, director of the college's Tech dance orchestra.

TO FURNISH CARS
Members of Mrs. Dingus's Sunday school class who expect to attend the class party at the country club tonight and who don't have ways to go are asked to meet at the First Methodist church at 7 o'clock where ways will be furnished.

ADOPT CONSTITUTION
Adoption of a revised constitution and election of officers for the club was taken up at the special called meeting of the pre-law club Monday night, J. W. Jackson, member of the college government department and former member of the pre-law club had charge of the meeting. A committee was appointed to plan the program for the next meeting which will be Wednesday, October 29. All students, both freshmen and upperclassmen, who are interested in the study of law are requested to attend the next meeting. Members of the club pro-

rain, rain, go away

Come again some other day

Suddenly, out of a spring sky, comes a downpour that drenches and discolors a whole week's washing. And there you stand—helpless—while a half-day's work is wasted. Germs and soot soaked into the garments that were so patiently rinsed clean!

Anything can be hung in a Laundry Dryer—blankets, suits, sweaters or filmy negs—gee—it dries twice as fast and operates very economically. Why not make any day a good drying day? Come in—we'll demonstrate and explain our convenient deferred payment plan.

4th ANNUAL HARVEST SALE

Our fourth annual Harvest Sale is now in full swing—and if you did not get to shop during the first week on account of bad weather—just remember that every express is bringing new merchandise which is immediately placed on sale. You still have the same opportunity to save on your every need.

Featuring Children's NEW FALL HATS

This fine group of children's hats represents the finest modes of the season. Beautiful felts in all the new brim effects—colors of red, green, blue, black and combinations. You will be more than pleased with the selection—personally selected in New York City from the leading manufacturers.

1-3 off

Just received new shipments of Ladies' Raincoats and Sweaters.

NEW PRICE EFFECTIVE
TULSA, Oct. 21. (AP)—A flat market, price of 73 cents a barrel for crude oil in the Seminole and Oklahoma City districts was put into effect today by the White Oak Refining company and the Crude Oil Purchasing Company subsidiaries of the Gulf States Terminal and Transport company.

TO ENTERTAIN PIONEERS
Dr. and Mrs. Leroy T. Patton will entertain the pioneer members of the Tech faculty tonight at their home at 2415 19th street.

GASOLINE EXPLODES
OKLAHOMA CITY, Oct. 21. (AP)—Explosion of two 2400-gallon tanks of gasoline in a battery of 16 on the Alice Bodine lease of the Indian Territory Illuminating Oil company, northeast of Bodine City in the Oklahoma City oil field, rocked surrounding leases today and was heard in the business district here. No one was injured. Officials were investigating the cause of the blast.

RELEASED ON BOND
BONHAM, Oct. 21. (AP)—Cecil Adair, charged with the fatal shooting of Roe Butler, was released on \$25,000 bond after an examining trial here yesterday. Butler was shot twice with a shot gun. Adair and Butler, neighbors, had a disagreement about a piece of land, officers said.
