COTTON CO-OPS HELD MEETING HERE MONDAY

Over 117 farmers and business men of Dawson County were present Monday afternoon in the District Court room for the Co-operative meeting to hear C. A. Barron vice president of the organization. W. W. Evans introduced to those present Mr. C. M. Davis of Lubbock, secretary of District No. 2. In his talk Mr. Davis stressed the need for planting longer staple cotton. He told of the benefits that the society gives its members. Mr. Payne also a member of the executive board read the statement of Bob Murray, general manager of the organization.

For the first time in history cotton growers have an agency that guarantees correct grade and staple and which agency also enables growers to carry their cotton through low-price periods without being forced by private obligations to sell at a loss. C. A. Barron at the Texas Cotton Co-operative Association meeting at Lamesa, Texas Monday.

He also stated that some of the country's greatest economists including the Standard Statistical Service, estimated that the stabilization operations of the Federal Farm Board last year increased the total value of the American cotton crop at least \$135,000,000, while some experts estimated the increased valuation at as much as \$200,000,000.

"The cotton which was taken off the market last year in the Seasonal Pool of the Texas Cotton Co-operative Association," said Mr. Barron, "and upon which 90 per cent of the market value was advanced to the grower, equaling in most instances the street prices still is being carried for the growers account and will be carried until it can be sold at a desirable price. This cotton has been financed until July 1, 1933 and will not be sold until higher price levels are reached."

In the meantime Mr. Barron explained, cotton growers can and should adjust their production practices so they can produce cotton cheaper and meet the new condition in an organized, prearranged way, thereby avoiding such serious losses as would prevail under the old haphazard system of farming without regard to the law of supply and demand.

By rendering all the combined services of street buyers, brokers, shippers and exporters at low cost the grower-owned Texas Cotton Co-operative Association is injecting a healthy competition into the system of distributing cotton from the producer to the consumer, said Mr. Barron.

The competition of the Co-operative, declared Mr. Barron, forces privately owned firms to conduct their business in such a way that their costs and profits are reasonable. The cooperative guarantees exact grade and staple to its members, he explained, through its government licensed classifiers who have nothing to gain by being "too hard on cotton."

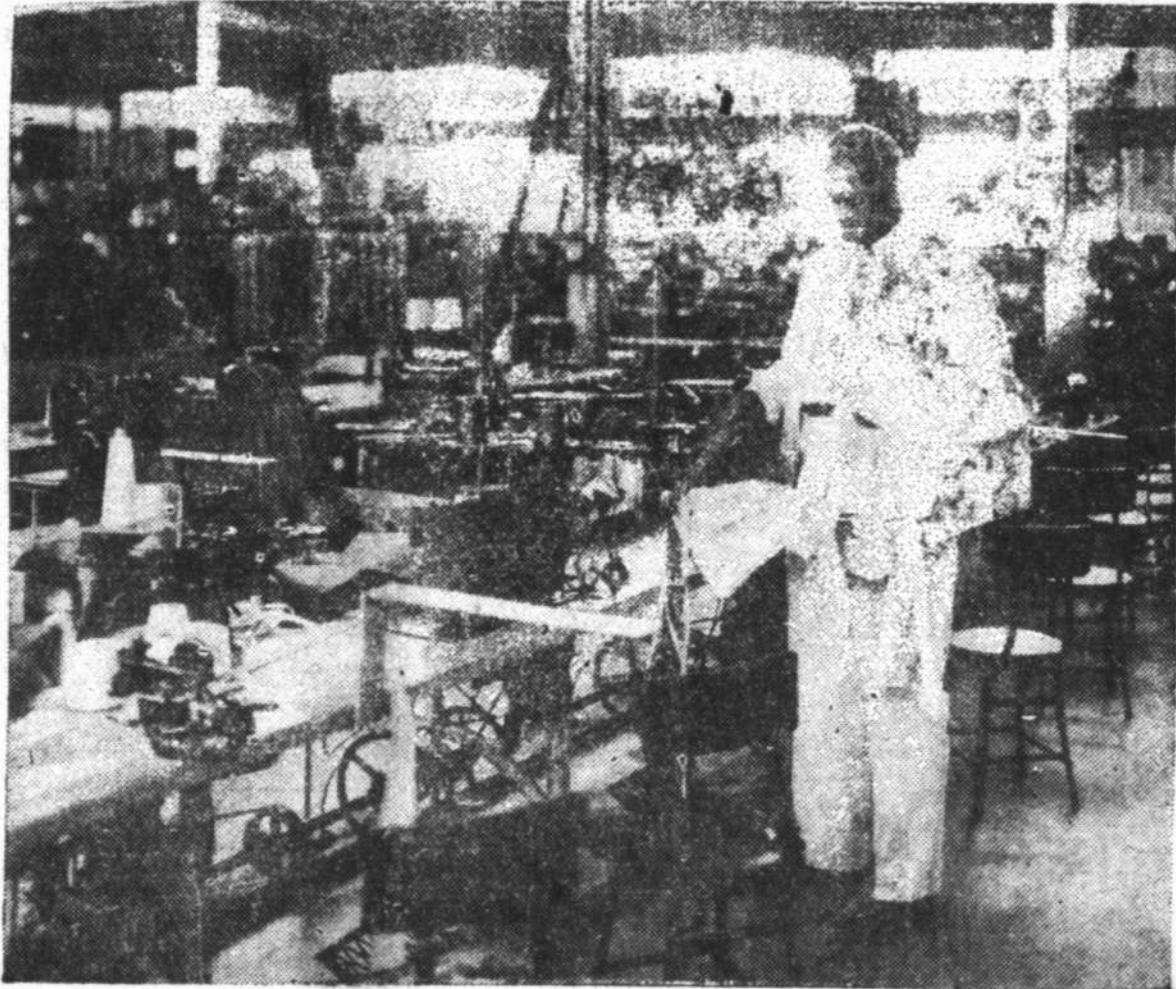

Last year more than 2,000,000 bales flowed through the cooperative marketing channels, and this volume, said Mr. Barron, had a very deciding influence in correcting the old system of handling cotton and indirectly obtaining for cotton growers millions of dollars they could not have received had it not been for the operations of the Federal Farm Board and the cooperative association.

Hundreds of thousands of dollars of extra revenue was received by growers and business men by reason of the fact that they were forced by the new competition of the cooperative to give better grade and staple than prevailed before the advent of the cooperative with its corps of government licensed classifiers.

HANCOCK REVIVAL CLOSES
The Hancock Revival which has been held for the past two weeks closed Wednesday night with eight or more additions to the Church. Rev. Hamilton Wright of Sparenberg conducted the successful meeting. Baptismal services were held Wednesday afternoon.

Miss Lina James has returned from her vacation in Baird, Texas.

Commissioner of Agriculture Joins All-cotton Clads; Urges Cotton Clothing Be Worn

Commissioner J. E. McDonald of the Texas Department of Agriculture, practicing what he preaches in "the use more cotton" campaign, is shown here among the machines of a well-known Texas manufacturer of cotton products. The Commissioner is, himself, clad in get-up similar to that made famous by Gov. W. H. (Alfalfa Bill) Murray of Oklahoma, and Col. Bill Talbot, of Dallas, and Ex-Gov. Dan Moody and other prominent Texans; coat, trousers, shirt, tie, socks, handkerchief, all-cotton. It is doubtless the other garments are cotton, but nobody thought to ask

the Commissioner about that. Belt and shoes are the only exception. Every employee in his department at Austin wears cotton clothing, the Commissioner stated, and he is urging others to do the same. He was a prime mover with a dozen other high state officials in sponsoring "cotton commencement" in public schools last spring, a movement expected to result in many schools adopting standard cotton regalia for future occasions.

The Commissioner further pointed out that if the people of Texas

as would demand Texas made products wherever possible, that the difference between the raw product and the finished commodity would remain in the hands of Texas laborers and Texas manufacturers. The practice which has been most popular in the south for the past few years, of sending our money north and east for commodities that could have easily been purchased in Texas made products, is fast fading away and he predicts ere long that Texas-made products will bring a premium in Texas over their New England competitors.

COUNTY SUPERINTENDANT IS BUSY MAN IN PREPARATION OF FALL TERM OF COUNTY SCHOOLS

Soon, very soon, thousands of schools over the State will be opening again, and in the meantime county superintendents and school boards are busily engaged in getting everything in ship shape. Defects in the school, water supplies are being corrected, sanitary toilets provided, homemade drinking fountains installed to replace the old bucket and dipper, and the school grounds generally sanitized.

W. T. Webb, county superintendent of Dawson County, called on Dr. Warnick county health officer, this week and together they have mapped out a plan of improvements that can be followed at all country schools. The program involves more labor than money and should make an instant appeal to district trustees with plenty of labor available at the present time. They are fortunate also in having Mr. A. M. Goshel district sanitarian, representing the State and Federal health departments in this district to assist in carrying out a complete sanitation program.

The following is a rough outline of the work that has been mapped out for the county schools.

Replace all broken window panes; clean out the stove and give it a good coat of paint; install drinking fountains where possible; see that the water supply is protected from surface drainage and a pump installed where feasible; install a pit type toilet, or better, to replace the old surface privy too often tolerated at country schools.

School boards will also be urged to consider the matter of vaccination against smallpox. With the aid of the county nurse and county health officer, clinics may be held and immunization treatments administered to prevent smallpox, diphtheria, and typhoid fever. If parents cannot afford to buy vaccines, the school board or some public spirited citizen may be willing to provide for that. The county health officer and local physicians are usually willing to administer the treatments free, or at a small charge when group vaccinations are arranged.

Leaders in parent-teacher organizations also have home pre-

liminary duties. They may wish to provide equipment at the schools for serving at least one hot dish for each child at the noon meal throughout the school year. They might also adopt as their slogan "At Least A Pint Of Milk A Day For Every Child" and begin to interest the mothers in seeing that this is carried out. They should also insist upon a definite program of health teaching in the schools, in addition to daily health inspection through the elementary grades, and physical training. One thorough physical examination each year with defects corrected should be the minimum. Especially is this important if the children are to try for the athletic games. A standard plan for health teaching in all grades is now under preparation by E. H. Sandlin of the State Department of Education, and material on this will be available for teachers and school boards by the middle of September.

School boards are also encouraged to provide play equipment, supplies for health work, as scales for daily weighing, first aid kits, etc. The play ground equipment on hand should be put in good repair and when school opens so placed as to conform with principles of safety and sanitation.

County school trustees are urged to get in touch with their county superintendent, county health officer, nurse and sanitarian at once and plan for a general clean up and health program for their communities.

DAWSON TEACHERS TO ATTEND INSTITUTE

All Dawson County Teachers approximately 107 are expected and are planning to attend the South Plains Teachers Institute at Lubbock, Texas, Sept. 7 and 9. Further details of the Institute will be given in next weeks Courier.

LAMESA WINS GOLF MATCH FROM SEMINOLE

The Lamesa B. Flight Team under Captain E. Powell defeated the Seminole boys at Seminole, Sunday 28 to 38. Individual scores were not available, but the game was a good one and the boys enjoyed the trip.

EVERYTHING IS IN READINESS FOR OPENING

Attention of the public is again called to the fact that the public schools of Lamesa are to open on September 7, 1931.

Pupils who are to attend the Lamesa Public Schools and who have not heretofore presented vaccination certificates against small pox are required to present a certificate before being admitted to classes or grades.

The recent Special Session of the Legislature enacted a law providing that pupils between the ages of 18 and 21 may attend the public schools without tuition charges and if their grades are not offered in the home district that another school may be attended at district or State expense.

Messrs. McCollom and Roberts of the high school and elementary schools respectively, have been busy on office routine. Their records and equipment are ready for the reception of pupils.

Examinations for the pupils who come from unaffiliated schools for admission to the eleventh grade of the Lamesa High School are to be given at the high school building next Monday and Tuesday.

Children who are between five and six years of age will be admitted to the kindergarten at a tuition rate of three dollars per month.

Children expecting to attend the local schools should enroll during the first two weeks because with the present facilities new classes cannot be organized after that time. Approximately 1200 white children are due to attend the schools for the coming session.

BAPTIST CHURCH REVIVAL DRAWS LARGE CROWDS

The present Baptist Revival promises to be the most successful ever held in the local Church reports state. To take care of the large crowd that attended the opening night of the Revival services had to be held out of doors. Seats were hastily constructed to take care of the crowd of about 500 which attended both nights. Some fine sermons have been preached by Rev. O'Brien. His subject Monday night was "Remove Ye The Stone." Rev. O'Brien was called to Floyd by his home town Tuesday for a funeral of one of his church members. He was back in the pulpit Tuesday evening with another fine sermon.

M. D. WEBB PASSES AWAY

Funeral services were held Sunday in the First Methodist Church for Mr. M. D. Webb 75 year old Dawson County man who resided in the McCarty community. Mr. Webb died Friday apparently from a heart attack. He was found unconscious on his front porch. Rev. Berry Baker conducted the services. Interment was at the Lamesa Cemetery. The deceased leaves a widow and two sons, Marshall of Washington, D. C. and Matt of El Paso to mourn his passing.

Mr. Webb was a well known figure in Dawson county and it is a well known fact that all who knew him loved him. What finer tribute could be paid to a man than "He Never Had An Enemy" which was so often said of Mr. Webb. The Courier joins his many friends in sympathy.

CATTLE SHIPPED

Nine carloads of cattle from Dawson county were shipped from the Santa Fe Depot here Friday. Four carloads were shipped by Bass Arnett to Denver, Colorado for winter pasture. Tom Good shipped one carload to Kansas City for market. W. D. Johnson jr. shipped 4 carloads also to Kansas City for market. On Saturday 4 carloads were shipped by F. M. Weaver to Ft. Worth also for market.

ATTENDING REUNION

Mr. J. R. Hastings and daughter Gladys left Saturday for Colorado where they will attend the Old Settlers Reunion. On their way over they made the stop at Abilene to get Mrs. Hastings who has been visiting friends and relatives there for several weeks.

NEW ARRIVAL

Called Meeting of Farmers and Ginners

The Courier has been requested to announce that there will be a call meeting of the Farmers and Ginners of Dawson county Saturday afternoon at 4 p. m. in the District Court Room for the purpose of discussing the price of picking and ginning this year's cotton crop. A round table discussion will be held and everyone who is interested is requested to come out and participate in the meeting. Any other questions of interest will be open for discussion it is also announced.

TUITION BILL BE- COMES A LAW THIS WEEK

Word was received here this week to the effect that the tuition bill has passed the Legislature, has been signed by the Governor and in turn is now a law. The bill was introduced to the Legislature by Governor Sterling partly through the influence of Senator Pink L. Parrish as a result of an air mail letter sent to Mr. Parrish from Supt. W. T. Webb at the request of the trustees of the various schools in Dawson county.

The new law reads to the effect that all children between the ages of 18 to 20 may attend school free in their home districts if their grades are offered. If the grades are not offered they may go to any other school they desire that does not offer their grades. Before students may do this it will be necessary for students desiring to attend schools other than that in their home districts to make application at the office of the county superintendent, W. T. Webb.

TEACHERS EXAMINATIONS

Teachers Examinations will be held in the Court House for two days September 4 and 5.

SOUTH PLAINS FREIGHT ASSOCIATION HELD SECOND MEETING IN LUBBOCK; LOCAL MEN ATTEND

The second meeting of the newly organized South Plains Freight Rate Association met Wednesday in Lubbock with W. W. Evans, W. A. Wilson and J. H. Harp, representing Lamesa. This organization was formed recently for studying the probability of equalizing cotton rates. Under the recent ruling of the I. C. C. the rate for Lamesa is an increase of 4 and 1/2 cents per 100 pounds or 22 1/2 cents per bale increase, which would figure \$10,000 on this year's crop.

Rate experts came to the aid of the Association yesterday and plans were made whereby the Texas Railroad Commission might open the case for a new hearing in the future to consider equalizing of rates in the state. The local Chamber of Commerce is cooperating with eleven other counties in seeking a reduction of these cotton rates. Efforts are being made although no assurance is had to obtain a reduction in this year's crop.

It is felt that all cotton producers as well as business men that now is no time to increase freight rates since the price of agricultural commodities are below the cost of production. At the time this I. C. C. ruling was made cotton was 17 and 18 cents per pound or 10 cents better above the present market price.

DON'T be FOOLED by Tricky SALES TALK

DON'T be misled by challenges—guarantees—laboratory analyses—price comparisons—claims of 25% savings—made by distributors of special-brand tires.

A recent example of a grossly misleading and extravagant statement by a distributor of special-brand tires is—"Mount one of our tires on one wheel of your car and a tire of any other make on the opposite wheel. If our tire does not give you equal service at a saving up to 25% in price, we will give you a new tire free."

This statement can be made for only one purpose—a desperate effort to gain your confidence and sell you a tire before you have had time to think about the ridiculousness of their challenge, which asks you to buy one of their tires and go to another store and buy a tire—have it mounted on the opposite wheel—then turn yourself into a tire tester!

Firestone don't ask you to run test cars for them—they have twenty-nine test cars of their own, running day and night, on which they test Firestone Tires and other makes, including special-brand tires, and we have the proof of the safety, quality and extra values of Firestone Tires before you buy.

Drive in today—examine sections cut from Firestone Tires and special-brand mail-order tires—see for yourself the two extra plies under the tread which give you extra protection against punctures and blowouts—compare the construction and quality—don't be fooled by misleading advertisements. We will give you safer, more dependable tires at no greater cost.

FIVE MILE NEWS

Check- And Double Check! California has nothing on Texas now. Texas has just experienced a nice dandy little earthquake. Sunday morning about 5:30 o'clock this part of Dawson Co. felt the first quake in years. It lasted about a minute. Several Five Mile People reported feeling the quake.

We are still having nice rains in this community. Crops are looking fine.

There was only a small attendance at Sunday School Sunday.

Several enjoyed a singing in the home of George Cornett Sunday night.

Some of the Five Mile people have been attending the meeting at Klondike.

Miss Rozelle McKenney met with the 4-H Club girls last Friday and gave a demonstration on canning in tin cans. The next meeting will be September 10th in the home of Clovis Wright.

Five Mile was represented in the canning for the Red Cross at Lamesa last Monday.

Richard Cornett of Colorado, Texas is here visiting relatives.

Miss Una Earnest who has been attending school at Fort Collins, Colorado has returned home.

"I was suffering from a bad Cold....
Dr. Miles' Aspir-Mint relieved Me."

These two sentences are from a letter sent to us by Gypsy Simon Smith.

Mr. Smith spends his public life in the germ-laden atmosphere of crowds in hall, church or tabernacle. He goes from an overheated meeting place into the frigid outer air spiritually uplifted, but physically exhausted.

His profession demands that he do the very things that he should not do if he wants to avoid catching Cold. He is in position to speak with authority on the subject.

If you have a Cold, or if you suffer from Headache, Neuralgia, Neuritis, Rheumatism, Sciatica, Lumbago, Toothache, Backache, Muscular Pains, Periodic Pains, Dr. Miles' Aspir-Mint will bring you relief.

DAWSON FARMERS AGREE ON CUTTING COTTON ACREAGE 1-4 FOR NEXT YEAR

Following the recent meeting of the Texas Cotton Cooperative Society in Lamesa Monday during the recent round table discussion a committee was appointed to form a resolution to wire to Governor Sterling to submit to the Legislature. The nature of the resolution is as follows:

That the cotton acreage be cut down to one-fourth in 1932 and after 1932 one-half the land to be planted in cotton.

H. D. COUNCIL

The Home Demonstration Clubs of Dawson County met Saturday afternoon in the Home Demonstration Room as a result of a call meeting by the president Mrs. W. T. Williams. The house was called to order by Mrs. Williams followed by roll call composed of the following communities answering present: Hancock, Ballard, Five Mile, McCarty, Liberty, Patricia, Weaver.

The minutes of the proceedings: The minutes of the following A motion was put before the clubs by Mrs. Claude F. Gowen that ribbons and labels be used on the club products for the Fair. This motion was moved seconded and passed. Mrs. Wintringham then made a move that an amendment to Rule 6 be adopted to have a marketing committee. This motion was also moved and seconded and the following committee was appointed. Mrs. C. E. Summerlin, Chairman, Ballard:

Mrs. E. L. Moore, Fairview; Mrs. G. C. Cliff, Hancock; Mrs. C. A. Russell, Liberty; Mrs. R. E. Echols, McCarty; Mrs. Raven, Midway; Mrs. L. D. Rogers, Patricia; Mrs. E. V. Bryan, Weaver; Mrs. Harrison, Wilson; and Mrs. Olen Earnest, Five Mile.

Mrs. W. K. Crawley, Mrs. Victor Crawley and Mrs. Carr Sprayberry were visitors during the meeting and suggested that the town and community members work out some plan to set a price on home canned products. A temporary committee was appointed with Mrs. W. K. Crawley as chairman. Other members on the committee are Mrs. M. Q. Martin, Mrs. J. J. Paulk, C. E. Summerlin, R. E. Echols, and Olen Earnest.

A meeting was scheduled to be held the first of the week for this purpose. This brought the meeting to a close for the day.

LAKEVIEW SCHOOL OPENS

The third school in Dawson Co. to start its term of school is Lakeview which opened Monday with appropriate exercises. The school begins early so as to be able to let out for cotton picking time. Teachers for the term are: W. C. Cunningham, principal, and superintendent, Leo Reithmeyer, Ora Merriek, Pearl Forrester, Delma Martin and Nora Coker is the Home Economics teacher.

LAMESA WINS THIRD PLACE IN GOLF LEAGUE

Lamesa won third place in the Sand Belt Golf League finals of which were played Sunday in Midland, Texas and Colorado. Lamesa won third after first place Lamesa won third after being defeated by Midland 20 to 24 in a good game at Midland. This closes the season for the Sand Belt Golf League being held between six towns of the South Plains for the last four months. Towns entered in this contest included Lamesa, Snyder, Big Spring, Midland, Texas and Colorado.

The finals ending Sunday were completed with a big barbecue given at Midland to which all members of all teams were invited.

This League has proved to be one of the most successful undertaken by golf enthusiasts in this city. A feeling of fellowship with other towns has come about as a result of these games and it is hoped to hold another next year.

Standing of the teams was as follows: Texon and Colorado tied for first place, Lamesa 3rd, Midland 4th, Big Spring 5th and Snyder 6th.

BALLARD H. D. CLUB

On August 20, 1931 the Ballard Home Demonstration and Health Clubs met at the G. F. Ward home. Those present were Mesdames: Hancock, Sunnrooe, Carr, Sprayberry, Crumpler, Aubrey White, Priddy, Ward, Smith, W. P. and L. P. Davis, W. S. and Clyde Ray and Cox.

Visitors were Mrs. E. E. Brisson of Waters, Okla. and Mrs. Clifford Ray of Waco, Texas. Miss Setser gave an interesting lesson on "Care of the Infant." Miss Bursch gave us some valuable information in regard to vaccination.

After these talks we spent a lovely social hour, cake and grape juice being served. On September 2 the clubs will meet at the Ballard School House. Mrs. Aubrey White will be hostess. Reporter.

REVIVAL AT WOODY

Beginning Friday night a weeks revival will be held in the Woody community. Rev. W. C. Hinds of the First Methodist Church of Lamesa will conduct the services. A good meeting is expected and some fine sermons will be rendered.

TUESDAY LUNCHEON CLUB

The ever popular "Depression" and especially in Lamesa was the subject for discussion at the Luncheon Club Tuesday at noon at the Williams Hotel. Spokesmen for the event were W. B. Collins and Aubrey Thomas who made some fine speeches on the subject. A fairly good attendance was present. V. Z. Rogers had charge of the program.

DELPHIAN BANQUET

The Lamesa Delphian Club will hold its annual assembly banquet on the evening of Sept. 4th at 8 o'clock at the Williams Hotel. Price per plate will be 50 cents. The study course this year will resume where last years work ended, namely the Shakesperian drama. Some two months study will be devoted to this work. Following this the club will take up its regular years work of art. In keeping with the study for the first two months the program carried out at the banquet will be Shakesperian. Each member will respond to roll call with a quotation from Shakesper.

LOU SCHOOL TO OPEN NEXT MONDAY

The fourth of Dawson Counties schools to open this year will be Lou which will open Monday with an appropriate program. This school will probably dismiss in a few weeks for cotton picking time to resume soon after. During the summer months extensive improvements have been undergone and Lou has the distinction of being the only papered school house in Dawson county. The school house was repaired completely this summer. Ten grades will be taught this year. Teachers are as follows: Mr. and Mrs. W. M. Peavehouse and Miss Juanita Webb.

family of the Hancock community Mr. and Mrs. H. A. Shipp and visited Mr. Shipp's mother Mrs. Maud Shipp and family in McCarty Sunday.

Do You Overhaul... these machines too?

The kitchen range, heaters and other Natural Gas Burners are machines—machines that cook our food and keep us warm. Like the automobile, they will give us 100 per cent service only when kept in repair and overhauled at least once a year.

The range may be spotless on the surface, but inside the burners dust particles have collected and perhaps rust has set in. All this retards the flow of gas and results in larger gas bills.

Summer time when gas is used less, is the best time to examine and repair gas burners in your home. If you wish, a trained service man will come to your home to inspect and adjust your appliances.
