FARM BUREAU SEES BETTER DAYS AHEAD FOR FARMERS

There are signs of improvement on the agricultural front, the American Farm Bureau Federation proclaims in its current news letter.

Farmers are said to feel that this year can be better than last if they plan carefully, avoid over-expansion, produce and sell what consumers want, and work together to cut their costs and increase their influence in the market place.

The biggest and most influential farmer organization confidently states its own theme, that the farmers best hope of getting his share of the national prosperity is to become more self reliant and to produce crops that will meet the demands of the market, and not be grown simply for government handouts.

The Federation warns that the farmers know all this effort could come to nothing if inflation is allowed to up their costs materially and unwise legislative action limits their opportunity to change, expand, grow and earn. Enactment of legislation that would stimulate production and add to the staggering burden of government-held surplus would cancel out any prospective gains in the agricultural picture.

This is as clear warning as can be written to Congress to end its experimental tampering with agriculture and let the farmer earn his prosperity in his own way.

Nations Top Ropers To Be In Wheeler

D. O. Beene Elected Permanent Chairman Of Rep. Convention

Pursuant to law and a call by the County Chairman, a county convention of the Republican voters of Wheeler County convened in the District Court Room in the Court House at Wheeler, Texas, on the 14th day May 1960, at 2:00 o'clock P.M.

Prior to the Convention the County Executive Committee convened and canvassed the vote cast in the Precinct Conventions held on the 7th day of May 1960, for County Chairman for Wheeler County, Texas, and D. O. Beene of Wheeler, Tex., was declared elected County Chairman to serve for the ensuing two years.

The Temporary Roll as approved by the Republican County Executive committee included the delegates and Alternates listed on Precinct Convention Returns and later made the Permanent Roll.

D. O. Beene was elected Permanent Chairman of the Convention, and Mrs. Melisa Sullivan was made Permanent Secretary.

The following persons were duly elected delegates and alternate delegates from this county to the Republican State Conventions to be held May 30th, at McAllen, Tex.; June 14th at San Antonio, Tex.; and Sept. 20th at Galveston, Tex.

Name of Delegates: J. R. Hefley, Shamrock, Tex., D. O. Beene, Wheeler, Tex., Mrs. Melisa Sullivan, Shamrock, Tex., and Miss Virginia Anderson, Shamrock, Tex.

Name of Alternates: Miss Beatie Turbow, Shamrock, Tex., J. H. Lowrie, Wheeler, Tex., Matt Sims, Mobeetie, Tex., and Mrs. Carrie Morgan, Shamrock, Tex.

The convention unanimously adopted a Resolution endorsing the Hon. Barry Goldwater, for Vice President on the Republican National ticket.

Plans have been completed by the Wheeler Riding and Roping Club to hold the biggest "Calf Roping" ever held in Wheeler County and perhaps the entire Panhandle. It is the second annual Wheeler Championship Jackpot Roping.

Some of the nation's top ropers from Texas, Oklahoma and New Mexico will participate in the event to be held Sunday, May 29th at 2:00 P.M. Eight of the ropers scheduled to be here roped in the National Finals last year and are among the top ten ropers in the nation.

Approximately \$1,000 in prize money will be given in the 4-calf average contest. An open Jackpot roping will be held following the main event. Admission will be \$1 for adults and 50c for children.

The nation's top eight ropers scheduled to be in Wheeler are: Glen Franklin, House, New Mexico; Sonny Davis, Kenna, New Mexico; Eldon Dudley, Perryton, Texas; Don Epps, Albuquerque, New Mexico; J. T. Johnson, Wheeler, Tex.; Lee Cockrell, Panhandle, Texas; Dusty Bogard, Bula, Texas; and Jack Bogard, Bula, Texas.

Other area ropers include: Doyle Greenhouse, Mobeetie, Tex.; Hal Churchhill, Fort Cobb, Okla.; Spruicer Gripp, Hereford, Tex.; Darrell Rentro, Dumas, Texas; Chifton Smith, Teel, Tex.; Jon Hart, Gruver, Tex.; Bob Thompson, Childress, Tex.; Tuffy Thompson, Tulsa, Tex.; Walter Arnold, Silveston, Tex.; Elmer Fisher, Pampa, Texas; Mac McGuire, Cactus, Tex.; Rex Loftis, Springdale, Tex.; John McMorde, Canadian, Tex.; John Collins, Lorenzo, Tex.; and Jake Bogard, Bula, Tex.

Everyone is invited to attend.

Construction Starts On First Three Dams

The Wilbur DePaul Construction Co., of Amarillo started moving dirt Monday in construction of the first three dams scheduled to be built in Wheeler County. And before this fiscal year ends the contract will be let for 7 of the 8 dams to be constructed. Site 20 on the P. A. Martin farm will not be constructed during this fiscal year.

Construction is underway on dam sites 17B, 18 and 19. The total bid was for \$177,000.00. Completion date has been set for the latter part of December. Invitations to bid have been posted for construction of dam sites no. 16, 17 and 17A and the bids will be opened June 14. Construction will start within 30 days after the bids are opened.

Work was started on Wednesday for construction of dam site no. 21, which is the biggest dam to be constructed in Wheeler County. The big dam which will have 137,540 cubic yards in the dam fill, will cover approximately 101 acres and store 518 acres feet of water.

Bids will be opened on dam site 21 on June 16. Construction will be completed sometime in January of 1961.

Adult Class For Summer Homemaking To Be Held In Mobeetie

The adult class for summer Homemaking at Mobeetie High School will be held June 8th from 9 a.m. to 4 p.m. Mrs. Baker of the Singer Sewing Shop of Pampa will conduct a sewing workshop which will cover short cuts in sewing, and pattern alteration.

Any one who is interested is invited to come. Please bring a covered dish for lunch.

Clay Food Has Two New Employees

New employees at Clay Food store include Dwayne Whitener, former manager of Fowler's L.G.A. store in Elk City. Whitener is in charge of the produce department at Clay's.

Draycyn plans to move to Wheeler from Elk City just as soon as housing can be arranged.

Another new employee at Clay's is Red Bishop of Oklahoma City. Red is single and is in charge of the Meat Department at Clays.

Swimming Pool To Open Soon Helton Says

Mayor Thomas Daughtry and Swimming Pool Manager Thomas Helton both indicated that the pool will be opened as soon as possible. Helton set a tentative opening date of June 4. However, a lot of cleanup work and opening preparations must be made before the opening, and it might take a few days longer Helton said.

Season tickets, swimming lessons and general admission for adults and children all remain the same as last year. Talk to Mr. Helton about taking swimming lessons.

Rogue Theatre To Have 30th Anniversary

The owners of the Rogue Theatre, Laura and Cooky Guthrie, will celebrate the 30th anniversary of the Rogue Theatre on June 6.

Many interesting plans and contests have been scheduled for the anniversary. See the advertisement elsewhere in this paper and watch for the news story next week.

WEST TEXAS AWARD

At the Home Economics Banquet, given in the Homemaking Department at West Texas in Canyon recently, Miss Sandra Meek of Briscoe was presented a gift when she was selected as the "Most Outstanding Freshman in Home Economics" at WT for this year.

Funeral Services Are Held For Mrs. Tom Beck in Amarillo

Funeral services for Mrs. Tom A. Beck, 52, of Amarillo were held at 2:00 p.m. in the Blackburn-Shaw memorial Chapel by the Rev. Lyman Wood, pastor of the Pleasant Valley Methodist Church assisted by the Rev. A. B. Mosley, pastor of the Pleasant Valley Baptist church. Burial was in the Memorial Park Cemetery.

Mrs. Beck, an Amarillo resident for nine years, was dead on arrival at St. Anthony's hospital at 3:55 a.m. Tuesday after becoming ill at her home. She had a heart attack about three weeks ago. She and Tom had lived in Mobeetie, Texas good many years before moving to Amarillo.

Surviving were her husband, Tom, one son Tom Stanley Beck, both of Amarillo, two brothers, J. B. Martin of Skellytown, and Sol Martin in Kennewick, Wash., a sister, Mrs. Ruby Rogers of Kennewick, a half-brother, Charley Martin of Pampa and a half-sister, Mrs. Jennie Norwood of Amarillo.

Pallbearers were Guy Ward, Gary Gatlin, Jimmy Sheewbert, Daris Ward, Kirby Wilson and Lee Halcumb.

Thrift Of \$75.00 Is Reported At Local Service Station

Wheeler County Sheriff Bus Dorman reported early Wednesday morning that \$75.00 in cash had been taken from the Whitlock Service Station in Wheeler sometime after 12 midnight Tuesday.

The station owner Buster Whitlock left \$75.00 in cash at the station after closing at midnight. Whitlock left the money to be used for change for the following morning's business.

Someone apparently opened the door with a key, entered, and took the money. The sheriff is investigating the theft.

Methodist To Begin Vacation School Bible School

Vacation Church School will begin at the First Methodist Church of Wheeler, May 29 and continue through June 5th.

The time will be 9:00 a.m. till 11:00 a.m. Come. All boys and girls between the ages 4-13 are welcome.

We will be expecting you.

Legion To Have Memorial Services

The Wheeler American Legion members will observe Memorial Day, Monday, May 30 at 10:00 with special services at the Wheeler Cemetery.

A firing squad and color guard will be present at the cemetery. Rev. Frank Ross will deliver the message and Brother E. M. Borden will conduct the devotional.

Memorial Services Monday

A Poppy On Every Person Remembrance In Every Heart

American Legion Auxiliary crepe paper poppies are being made by the millions by disabled war veterans to be worn in honor of America's War dead on Poppy Day Saturday, May 28.

The Purpose of the Poppy is manifold but perhaps nearest and dearest to our hearts is its benefit to the hospitalized veterans who make them.

The veterans are working in hospitals and convalescent workrooms throughout the country and are being paid for the poppies made by the Auxiliary. In Texas, this campaign to keep the sale trend upward and to show a greater increase in poppy returns in 1960.

Gunters Open Furniture Store In Wheeler

Mr. and Mrs. Ab Gunter have opened a furniture store in the building formerly occupied by the Wheeler Locker Plant.

The name of Wheeler's newest business is "Alanita Furniture". They have a complete stock of furniture including lamps, end tables, livingroom suites, bedroom suites, occasional tables and dinettes.

Security A Right

The "liberals" say that, along with the rights of free speech, free press, freedom of worship, etc., every citizen has the "right" to public protection from personal catastrophe resulting from disability, sickness, unemployment, and old age. For good measure, they add proper housing. They mean, of course, that if I can't take care of these needs myself, you should be required to help—"from each according to ability, to each according to need."

Sounds fair enough, but suppose that, along with me, a million others decided to climb aboard the same gravy train? suffers enjoy a free ride, we are only claiming our "rights". You keep working and paying taxes, and if I and my fellow aren't we?

But after awhile, you get tired of paying for "protection" of our "rights", and decide to get on the gravy train, too. Why shouldn't you? Don't you have the same "rights"? Just conveniently get sick, grow old, decide not to work, and move into a "substandard house!"

And so, finally, everyone gets on the gravy train. And who will pay the bill? Why the "liberals", I suppose. Aren't they the ones who insist we all have the "right" to this cradle-to-grave security?

Or do they mean we should be "liberal" only so long as other people still have money to be liberal with?

Businesses To Close On Memorial Day

Monday May 30 is Memorial Day (Decoration Day) and is an official Chamber of Commerce Holiday. All of the businesses in Wheeler will be closed including both grocery stores, in observance of the holiday.

However the district judge has announced that Monday is district court day, and the courthouse will be open.

COOK BROIL BAKE

..AT THE TOUCH OF A FINGER!

WATCH AND WIN!

Now's the time to see a demonstration of a cool, clean convenient electric range. Electric cooking is the truly modern way to cook... no flames, no fumes... just clean electricity. Pan bottoms stay clean, too, and elements clean themselves just by setting the control. You could win one, too, by seeing a demonstration and then registering. Why not do it this week?

NOW LOOK WHAT CORVAIR'S GONE AND DONE!

The same Corvair that tallied a thumping 27.03 miles per gallon* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvair's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—even specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvair (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvair is totally unique. But you'll find that out the first five minutes you're at the wheel!

By Lavell Stephens

Do you find "every day little things funny?" I've gone with my dad many times to feed the cattle. As we go along the road, we can see them all over the place eating their heads off—but as we drive to them and start honking the horn on the car—those crazy mixed cows come to us as though we have something good to eat for them and usually we do. Dad calls it "candy," now what that is I don't know and don't really care because it must have in it all the little goodies that an old cow likes. We feed 'em, talk to 'em, and all's well. But what strikes me funny is—remember when the old cowboys had so much trouble and hard work at round-up time—when all he really needed to do was "toot" his horn. Now just think how much hard

work is involved in planting a garden. My Uncle George always had us lay out a nice straight row. Wet them down, (for okra this is) soak the seeds and plant just so, but my dad and me lay out a row O.K. drop the seed, cover and step on the seed in one easy operation—and what never fails to amuse me is, the stuff comes up. But the thing that struck my funny bone here is we started to plant peanuts—by this time it was almost dark, we looked at the peanuts, and decided here we had them in our hand, that much we know for sure, if we planted them maybe we would grow "lots of peanuts"—and again maybe we wouldn't—so we just ate 'em.

We may not have the biggest or prettiest garden in town but I'll bet we had the most fun.

AIDS TO SUCCESS

Keep your body physically fit. Train your mind. Study Hard. Knowledge commands respect. Choose a life work, big enough to challenge your greatest efforts. A work you thoroughly enjoy. Work hard. It may be necessary to trade your wrist watch for an alarm clock but begin on time and do not be afraid of working a little overtime. Guard your character—keep it above reproach—be a good moral risk. Be big enough to consider calmly the other fellow's point of view. Be satisfied with nothing less than your best. Be ambitious to serve others. Choose companions that will stimulate you to greater heights. Believe in yourself; believe in others; believe in God.

Ask him to increase your powers of sympathy; to give you more quickness and depth of sympathy, in little things as well as great. Opportunities of doing a kindness are often lost from mere want of thought. Half a dozen lines of kindness may bring sunshine into the whole day of some sick person. Think of the pleasure you might give to some one who is shut up and who has fewer pleasures than you have, by sharing with her some little comfort or enjoyment that you have learned to look upon as necessary of life—the pleasant drive, the new book, flowers from the country, etc. Try to put yourself in another's place. Ask "What should I like myself, if I were hard-worked, or sick or lonely?" Cultivate the habit of sympathy.

Wonderful Language

If water you freeze is frozen, Is the maiden you squeeze, then squeeze?
If a thing you break is broken, Would a thing you take, be taken?
If the plural of child is children? Would the plural of wild be wild- ren?
If a number of cows are cattle, Would a number of bows be bottle?
If a man who makes play is a playwright, Would a man who makes hay be a haywright?
If a person who spends is a spend- thrift, Would a person who lends be a lendthrift?
If the apple you bite is bitten, Would the battle you fight be fitten?
And if a young cat be a kitten, Then would a young rat be ritten?
If a person who fails is a failure, Would a person who quails be a quailure?
If drinking to much makes a drunkard, Would thinking to much make a thunkard?

Mock Reception

The Wedding reception was beautiful. The bride, the bride's mother, groom's mother and bridesmaids had the color, and charm of May flowers. The lace covered table had a center piece of pink carnations. Three tiered wedding cake decorated with luscious pink and white rose buds. The punch the color of delicate camellias.

THE CHURCH FOR ALL
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	18	1-5
Monday	Psalm	141	1-3
Tuesday	Peter	5	5-7
Wednesday	Corinthians	5	9-11
Thursday	Psalm	119	14-16
Friday	Psalm	61	1-4
Saturday	Matthew	6	9-12

A child's faith is beautiful in its simplicity and in the little things it encompasses. Like, for instance, the nightly ritual that comes at the end of prayer. "God bless Mommy and Daddy and Cousin Peter and Kitty Kat and my blue teddy bear."

To a child, there is no reason why God should not bless also a crumpled and slightly soiled teddy bear, and a pet kitty. For God is goodness and love and kindness and tolerance . . . not perhaps in those words, but in the feeling this child has as she says her prayers.

Prayer, to the child who has been taught to pray, is a natural thing. It should be as much a part of everyday life as eating and sleeping and playing. To pray for what is good . . . to give thanks for what one has is an all-important step in that all-important right direction on the road of life.

You are commanded to appear and answer plaintiffs petition at or before 10 o'clock A.M. on the first Monday after the expiration of 42 days from the date of the issuance of this citation, the same being Monday the 11th day of July 1960, before the Honorable District Court, of Wheeler County, Texas, at the court house in Wheeler, Texas.

Said plaintiffs petition was filed on the 25th day of May, 1960, and is numbered 1947 on the Docket of said Court.

The names of plaintiffs in said suit are, N. J. Tyson, and Tommie L. Tyson, and the names of the defendants are:

W. W. Dickerson and John L. Dickerson, and the unknown heirs, devisees and legal representatives of each of said defendants who may be deceased.

The nature of plaintiffs suit is in trespass to try title to the following described tract of land situated in Wheeler County, Texas, and being: A tract 90 varas by 190 varas out of the east part of Survey 45 Block A-5 of the H & G N RR Co. Surveys, described as follows:

Beginning at the Southeast corner of the original townsite of Mobeetie, Texas, according to the recorded plat of said townsite:

Thence North 90 varas; Thence East 190 varas; point in east line of said survey 45; Thence South 90 Varas; Thence West 190 varas to the place of beginning, containing 3 acres more or less.

Plaintiffs plead title to said lands as against all said defendants, each of them, their unknown heirs, devisees and legal representatives, and in support of their title to said land, plaintiffs plead as against all said defendants the TEN YEAR statute of limitations. Prayer is for title and possession of said lands as against all said defendants, and that the title to said land be quieted in names of plaintiffs.

Assued this 25th day of May 1960.

Given under my hand and seal of Wheeler, Texas, this 25th day of said court, at office in the city of May 1960.

Rena Sivage
Clerk of the District Court
Wheeler County, Texas

Mr. and Mrs. Clyde Johnson left Friday for Pine Bluff and Little Rock, Ark., for a weeks visit with their daughter and son-in-law, Mr. and Mrs. Bobby Wyrick and Mrs. Johnson's folks. Jackie will leave for Springhill, La., the following Wednesday.

The Modern Farmers' Friend

PRE-EMERGENCE HERBICIDES
KILL WEEDS WHICH STEAL MOISTURE AND NUTRIENTS NEEDED FOR HIGHEST CORN YIELDS. FARMERS NOT ONLY GET MORE BUSHELS OF CORN TO THE ACRE, BUT SAVE TIME AND LABOR.

FOR A HERBICIDE COST EQUIVALENT TO THE PRICE OF 3 OR 4 BUSHELS OF CORN TO CONTROL BRADYBUSH WEEDS AND GRASSES, WEEDS INCREASE FROM 9 TO 16 BUSHELS PER ACRE HAVE BEEN OBTAINED; INCREASES FROM 25 TO 30 BUSHELS PER ACRE ARE NOT UNCOMMON AND IN SOME CASES UP TO 40 BUSHELS!

SIMAZINE OR ATRAZINE APPLIED AT PLANTING TIME CONTROL GRASSES AND BRADYBUSH WEEDS IN THE CORNFIELD FOR AN ENTIRE SEASON. WEEDS DIE BEFORE OR JUST AFTER THEY BREAK GROUND. HERBICIDES WORK BY ABSORPTION THROUGH WEED ROOT SYSTEM. BUT ARE COMPLETELY HARMLESS TO CORN. **SAFE SIMAZINE AND ATRAZINE** ARE SAFE TO HANDS AND ANIMALS. SAFE TO HANDLE BECAUSE THEY ARE NON-IRRITATING TO SKIN. THERE IS NO HERBICIDE RESIDUE IN THE CORN CROP.

THESE HERBICIDES WILL DELAY OR ELIMINATE THE NEED FOR DIFFICULT SLOW AND DAMAGING FIRST CULTIVATION-MAKING LABOR AND EQUIPMENT AVAILABLE FOR OTHER SEASONAL FARM OPERATIONS. THEY WILL ALSO CONTROL THE MID-SUMMER GERMINATING WEEDS THAT INTERFERE WITH CORN MATURITY DURING A BAND (SHOWN) OR BROADCAST TREATMENT.

Briscoe News

Mrs. Bob Ramsey

A nice rain fell over most of the community last Tuesday evening. Ladies from Briscoe attending the shower, given by the Home Demonstration Council, for Mrs. Elizabeth Litsch Wednesday afternoon in the council room in the court house, were Mrs. Elbert Zybach, Mrs. Cliff Walker, Mrs. Jeff Puryear, Mrs. Doyle Standlee, Mrs. Ernest Zybach, Mrs. Grady Dodd, Mrs. Herbert Finsterwald, Mrs. Bob Ramsey, Mrs. Claude Barker, Mrs. Barney Burgess and Mrs. Collier Parker.

Kenneth Douthit and Brady Meadows returned home from Hollister, Okla., last Thursday night, where they went to work in the harvest, because of a 3 inch rain and hail.

Mrs. B. F. Meadows took Lou to the dentist in Pampa last Friday. Mrs. Jack Finsterwald and boys were in Wheeler shopping Wednesday.

The 8th grade graduation exercises were Thursday night with only four graduates. Mr. O. C. Evans of Shamrock was the speaker.

E. J. Meadows who is in the navy and now stationed in Japan sent his grandmother Mrs. Fulton Meadows a 93 piece dinner set of Sonia china for her birthday.

Mrs. Kenneth Douthit went to Canyon Friday after her daughter Peggy. Peggy attended the graduation exercises and spent the week end with her parents.

The High School Commencement was attended by a very large crowd Friday night, when 5 girls and 6 boys received diplomas. Mr. Arling Cordell of Wheeler was the speaker.

Improvements in Briscoe include a nice garage at the M. H. Vaughn home which is completed. Mr. Fulton Meadows is building a garage, 20 by 26, at his place. Mrs. Lucille Tipps has moved a house, with four rooms and bath, on her lot to make her home. And Travis Keelins new home is looking very nice. It will be ready to move into soon.

Mona Finsterwald a bookkeeper for Crowe-Gula Cement Company spent the weekend with her folks the Herbert Finsterwalds.

The seniors and juniors left Saturday morning at 3 o'clock for San Antonio from there they will go to Corpus Christi. There are 16 students making the trip and their sponsors are Mr. and Mrs. Bill Burien and Mr. and Mrs. Leonard Fulk. They plan to be gone a week.

Mr. and Mrs. Milton Finsterwald went to Pampa Tuesday morning to be with her brother John Topper who underwent surgery in the Highland General Hospital. John is reported doing fine at this writing.

BRUCELLOSIS

There is no means of a county reaching certified status without going through a Type II program.

What is the minimum time for an area or county to become certified after testing starts?

A county becomes certified as soon as herds can be tested and found to meet the requirements. In a county with a few large herds this could conceivably be completed in 30 days or less.

Who will determine when 51% of cattle have been signed?

The petitions for brucellosis programs must be certified by the county Tax assessor-collector as containing the necessary percentage of cattle owners and cattle before it will be accepted by the commission.

When cows are vaccinated will they continue to show as reactors?

How will these cattle be handled?

When adult animals are given Strain 19 vaccine it creates durable reaction in the animal when tested these animals are treated in the same manner as other reactors.

If cattle have been officially vaccinated by a vet will they qualify?

Official vaccinates will be considered to qualify under the provisions of the law even if such vaccination was performed before the program went into effect.

If feeder cattle are brought in for a 90 day feeding period and then sold, are these cattle required to be in the brucellosis program?

Such cattle would be exempt under provisions of the program if they are brought in under

permit, held under quarantine, and will be sold for slaughter.

When 75% of owners agree to brucellosis program do all cattle owners come under law and would they be compelled to pay penalty if they do not comply?

Once a county enters the brucellosis program all cattle owners must participate or be placed under quarantine, fined or both.

Does this law affect cattle to be delivered this fall?

The law would affect cattle from only those counties that enter the program before, or during fall shipping season.

How many states have brucellosis laws?

Every state in the United States have laws permitting counties to work under a brucellosis eradication program.

Where calves have been officially vaccinated and identified with ear tags does new identification have to be provided?

The rules covering official vaccination have not been changed, except to permit use of a jaw brand if the owner so desires.

What are the differences in identifying beef and dairy heifers that have been vaccinated?

Dairy animals must have an ear tattoo showing month and year of vaccination, this is optional in beef calves. A jaw brand with the letter "V" may be used in its place.

Can cattle leave quarantined herds for slaughter?

Any animals destined for immediate slaughter under permit.

Does re-testing of quarantined herds cost anything?

All cost of re-testing under Type II programs is borne by the state.

Does this Type II require replacement heifers be vaccinated?

No, vaccination may be a part of a type II program, depending on need, but is not required.

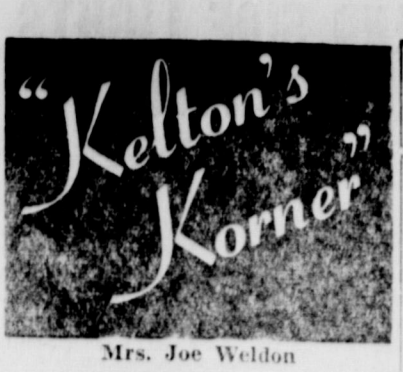

What do we have to do with reactors?

Reactors must be branded and sent to slaughter. However, there are provisions for hardship cases under which reactors could be maintained on the premises up to one year.

What do you mean "for immediate slaughter?"

To comply with the rules animals must be sold to a recognized slaughtering establishment. Recognition is granted plants that have meat inspection and who agree to keep necessary records for reactors slaughtered.

WHEELER COUNTY SOIL CONSERVATION NEWS

The week of May 22 through May 29 is national Soil Stewardship Week. It has been the custom for Soil Conservation Districts to use this week to remind all people of their dependence on the land for the daily necessities of life.

Soil Conservation Districts are local governmental units responsible for the planning, application and maintenance of conservation work within the area covered. They are administered by a board of supervisors elected by the land-owners of the district. Like any other local governmental unit, they will serve the needs of the people in proportion to the interest people take in their operation. A board of supervisors can only administer. Each land-owner must accept the responsibility he has for the land he owns and protect it.

The Wheeler District has been in operation only ten years. During that time about 600 land owners have used the facilities of the district to improve their farming and grazing practices to save the land. The Board of Supervisors of the Wheeler District have worked very closely with other Government Agencies such as Extension Service, the ASC Committee, Soil Conservation Service and the Fish and Game Commission. By coordination of the efforts of all, more lasting good can be accomplished.

PRODUCTION CREDIT ASSOCIATION PLAN PUBLIC RELATIONS PROGRAM

The Production Credit Association of Texas, agricultural lending agencies, will conduct a statewide public relations and public information program, to acquaint the general public with activities of the association.

W. M. Irwin of Stephenville, chairman of the PCA Executive Committee, has announced that Roy Scudday of Fort Worth, public relations counsel, has been employed to conduct the program. General problems facing the entire agricultural industry will also be studied in the program. Irwin said.

Scudday, a native of Sweetwater, was formerly vice-president of a Fort Worth public relations and advertising agency before organizing his own firm earlier this year. He previously was editor of the Sweetwater Reporter and served on the editorial staffs of the Odessa American, Victoria Advocate, Houston Chronicle and Wichita Falls Record-News.

Capitalized in 1933 as a government agency to grant short agricultural loans to farmers and stockmen, the 36 Texas Production Credit Associations have since paid back all government capital and are now wholly owned by association members in each individual PCA area.

C. B. Henderson of Wheeler is a director of the Canadian Production Credit Association. H. H. Kenney of White Deer is president, Wallace N. Hamker of Booker, vice president and Ervin L. Crowell of Canadian secretary-treasurer. Other directors are M. H. Smith and Hugh F. Parsell of Canadian and M. Lawrence Elizey of Perryton.

Hodges Was Who-Zit In Last Week's Times

Last week John Hodges was our "Who-Zit" farmer.

John was born in Holdenville, Oklahoma, May 10, 1903. He has lived in Wheeler county since 1911.

When John was a small boy, his father worked for Mr. Jim Porter and John went to school with 7 other children in old Porter Flat school. As John became a young man about town he went to Shamrock and there he played ball along with his book learning.

Mr. Hodges has been a farmer all his life, and for the past 8 years has been in the Black Angus business.

John married Miss Ruth Hill, May 11, 1921. Mr. and Mrs. Hodges have three children, one boy, Glenn D. and two daughters, Annis Florene and Vandell.

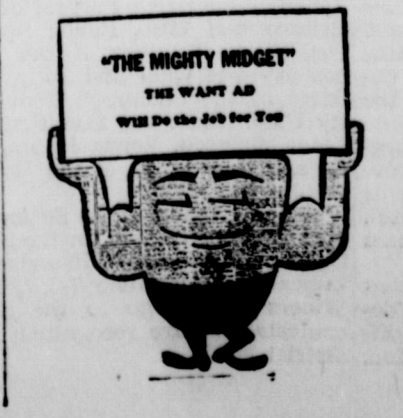

Mr. and Mrs. G. R. Noftinger have been visiting—with their daughter and family, the Dick DeArments, for the past week. They will return to Charleston, West Virginia this week and are taking Dixie for a six week visit with them.

LIBRARY

Now that school is out we are expecting more young people to make use of the Public Library—more mothers and Dads can read since they will have help with the dishwashing, grass mowing etc.

Our shelves are being filled gradually with the type of reading material that is most popular in Wheeler. Don't be ashamed to ask for light fiction—it is very helpful as a relaxation to the mind in the hectic times of fast living.

Mrs. Bob Ramsey donated 26 books and others have made small donations of books and dollars.

Thanks to all.

HIGH LIGHTS AND SIDE LIGHTS FROM YOUR STATE CAPITOL

AUSTIN, Tex.—Gov. Price Daniel's money raising proposals indicate that many of next year's tax battles will be fought on familiar terrain.

Basic program submitted by the governor to the State Finance Advisory Commission is the same as the one he submitted in 1959. Even the total goal is nearly the same.

In 1959 the Legislature passed or suggests revising the corporation in new money. Governor Daniel estimates 1961 new money needs at \$193,000,000. This is to cover an expected deficit of about \$68,000,000 and increase annual spending of about \$62,527,000.

To raise this money, the governor suggests revising the corporation franchise tax formula and increasing the liquor tax, gross receipts tax on utilities and the auto sales tax. He also suggests passing the abandoned-property act (allowing the state to take over unclaimed bank accounts, property, etc.) and putting a tax on beer and cigarettes sold on military bases.

Governor Daniel also told the Commission of four other tax ideas which he said had been suggested by others.

These include:

1. A 10 percent increase on all items in the Omnibus Tax Bill except cigarettes, tobacco and franchises.
2. A 1-cent a gallon increase in the gasoline tax.
3. A tax of 1 cent per thousand cubic feet on the processing of natural gas.
4. A 3 per cent tax on gross receipts of gas pipeline companies.

Governor Daniel said he knew his proposal would be criticized as "riding the same old horse." But he said the affected tax sources would not be taxed any heavier than those in neighboring and competing states.

Finance Commission is to begin committee work this month and hold another joint session of its 34 members—all leaders in their fields—in June.

TAX EXEMPT SALES JUMP

Texas apparently is losing some tax revenue through sale of tax-exempt cigarettes on military posts, reports state comptroller Robert S. Calvert.

Calvert told the State Finance Commission that since the state tax increased to eight cents a pack last year, cigarette sales at federal installations have jumped almost a million packs a month.

He said sale of tax-exempt cigarettes in March 1960, was up by 1,500,000 packs over what it was in March 1959. Military officials denied that non-taxed cigarette-selling privileges had been abused.

DEMO HOUSING PROBLEM

Austin hotel and motel facilities will be stretched beyond capacity when an estimated 5,000 come here June 14 for the State Democratic convention.

It's more people than Austin can accommodate. To ease the problem a little, the State Democratic Executive Committee has ruled that no room reservations will be made for persons living within 10 miles of the Capital City.

Also in preparation for the big day, SDEC has named a credentials committee whose job will be to decide which delegates shall be admitted.

Four counties had "rump" conventions and will send two rival delegations to Austin. Governor Daniel, pool pothing the rump groups, said they were all too small to be a threat to the official delegations.

"There is more harmony in the Texas Democratic Party now than ever before," said the governor.

BEAUTIFUL MAPS READY

map, illustrated with 11 dramatic Texas new 1960 official highway full-color pictures, now is available for the asking.

It's not only handsome, but informative. It shows the 1,933 miles of multi-lane divided highway not completed. Also 26,378 miles of state and U. S. highways and 20,000 miles of farm-to-market roads.

Lakes, state parks and roadside parks are included. Texas' history, geography, and present opportunities are summarized.

In line with the state's tourist-seeking policy, it is headed, "All of Texas Welcomes You."

To get the map, write the Texas Highway Department, Austin 14, or drop by a highway district office and travel bureau. County tax offices have cards on hand to request maps.

OIL ALLOWABLE UP—Texas Railroad Commission retained the eight-day producing pattern for the Texas oil industry for June but because June has one day less than May, daily permissible production will be slightly higher.

Statewide allowable for June will be 2,643,516 barrels a day, a 47,108 barrel a day increase from May.

Several major oil companies asked the Commission to set nine producing days in June indicating they expected an increase in demand for Texas crude within the next month.

REPAIR FUNDS OKAYED—Legislative Budget Board has approved transfer of \$75,000 for repair work at the Big Spring Hospital, Abilene State School and Mexia State School.

Board also heard a report that a state job classification study, detailing requirements for 1,225 different jobs, is nearing completion.

MED SCHOOL MONEY SOUGHT

A new money request awaiting the Legislature next year will be that of University of Texas for \$100,000 for the planning of a new medical branch in San Antonio.

UT Regents said the money would be used to get specialists in medical center planning to estimate what would be required. With this information the board could draw up plans and a request for funds for the center itself from a later Legislature.

'Crewmen To The Helm' Is Theme Of Meeting

The Wednesday Study Club closed its course of study "Voyage in Canoe" of service at the wacky "Dock" recently, with a morning coffee and installation ceremony.

"Crewmen to the Helm" was the installation theme used by Mrs. George Porter, retiring president, as she installed the 1960 officers of the club.

Those assuming office were: Mrs. Frank Wotford, president; Mrs. Carl Laffin, vice president; Mrs. Shelby Pettit, recording secretary and treasurer; Mrs. C. J. VanZandt, Corresponding secretary; Mrs. W. L. Williams, parliamentarian; Mrs. H. M. Wiley, reporter; Mrs. Nelson Porter, historian; Mrs. Tom Dearen, pianist; and Mrs. Cora Hyatt, song leader.

A nautical scene consisting of a ship entering harbor, a ships wheel, anchor, sea weels, shells, nets and ropes formed an impressive background for the ceremony. Officers installed wore sailor caps, and were presented nautical objects appropriate to their office, by the installing officer, who wore a sailor blouse, skirt and cap inscribed "All Hands On Deck."

Mrs. Madge Porter played piano selections of a nautical theme preceding installation ceremonies.

Buss, Porter presided over the business session, Mrs. Wiley read the minutes of the previous meeting, and also made a financial report of the year's work.

Mrs. Frank Wotford, Federation counselor, gave an interesting report. Meeting closed with the reading of the Club Collect.

The Club presented Mrs. Porter with a lovely gift of "Fostoria" in appreciation of her outstanding work as president the past two years.

Mr. R. J. Holt, Jr., made pictures of those present, after close of the meeting.

The guests and members were served delicious "finger" foods, coffee, and tea—The hostess was assisted in serving by Mrs. Nelson Porter, and Mrs. R. W. Brown. Several arrangements of spring flowers, "Desert" flowers and plants decorated the entertaining rooms and serving table.

Attending were, Mrs. Hard, mother of Mrs. Frank Wotford, Mrs. Frank D. Walker and Mrs. Jim Montgomery were non-member guests. Members present were Mesdames, D. O. Beene, T. M. Britt, R. W. Brown, Tom Dearen, Fred Farmer, Lee Guthrie, Cora Hyatt, Carroll Jones, R. J. Holt, Sr., Frank J. Ross, Carl Laffin, Mc Elhany, C. J. Meek, Shelby Pettit, George Porter, Madge Porter, Nelson Porter, T. G. Puryear, George Taylor, Max Wiley, W. L. Williams, Frank Wotford and Harry Wotford.

WELCOMING DICK ATWOOD back after 20 years at left, loan manager Marshall Nelson, Mr. Atwood and Jack Gould, Pampa banca manager.

DICK ATWOOD RETURNS AFTER 20 YEARS FOR LOAN

S.I.C. was in its infancy when

Dick Atwood of Wheeler, Tex., paid out his account in March, 1941. Because he was a good customer, he was sent a letter thanking him for his business and asking to be given the opportunity to serve him again. Almost twenty years later, Dick and Wilma Atwood have brought the original letter back to S. I. C. in Pampa to see if we meant what we said in 1941. We did, and the Atwoods are once more customers!

The old solicitation letter is probably the only one of its kind in existence today. When it was written, S.I.C. had four locations, Pampa, Amarillo, Borger, and Clovis, N. M. Today, it has grown to forty-five branch offices serving four states, and over 100,000 people

just like the Atwoods.

Dick Atwood is employed by the A & B Feed Store in Wheeler where he has been a resident over forty years. He and his wife, Wilma, wanted the loan to expand his cotton farming operation and to make a down payment on some property. The entire Atwood family, Dick, Wilma, Joe and Riley have been reared in this agricultural community. Dick attended a country school called the Rock School located 9 miles east of Wheeler on the Britt Ranch. It is still standing and in use.

After receiving the Atwood's inquiry, Jack Gould, Pampa branch manager, and Marshall Nelson, loan manager, quickly worked out details of the loan, and it was finalized April 22.
