Volume 9 Lamesa, Dawson County, Texas, Thursday, August 17, 1939 Number 31

## CONTRACT AWARDED FOR FOOTBALL FIELD HOUSE

### First Bale From 1939 Crop Ginned Here

#### Ginned Wednesday Afternoon And To Be Sold Tomorrow

#### Kenneth Cox Raises Premium Bale

The first bale of cotton from the 1939 crop in Dawson County was ginned Wednesday afternoon by McDonald Gin Company, Ross Boardman, manager. The grower was Kenneth Cox, and the cotton was grown 3 miles east of Lamesa.

It is understood that this crop of cotton was planted in March of this year. The bale weighed 520 pounds.

It was reported this morning that the premium is being raised today and that the bale would be auctioned off at four o'clock Friday afternoon, August 18th, on the court house square.

Although this is not the earliest that a first bale has been ginned in this county, it is nevertheless among the earliest. In 1937 the bale grown by C. D. Applegate was ginned on August 14th. From all available records this is the earliest a bale has ever been ginned here, and it will be noted that this year's bale is only two days behind the '37 first. Last year the first bale was ginned on August 21st with J. H. Foster grower.

Present indications are that Dawson County will harvest as large, if not larger crop, than last year. Although conditions between now and harvest time can change the situation in either direction. Estimates, if conditions remain favorable and with a late frost, place the yield at fifty thousand or better, while more conservative estimates say that thirty-five to forty thousand bales will be nearer right. Last year the county produced a few more than forty thousand bales.

Gins over the county have been busy for the past several weeks making repairs and cleaning up for the new season, and most of them are in A-1 shape.

It is understood that it will likely be several weeks before gathering to any great amount gets under way.

Mr. James Richard Armstrong of Houston is visiting her parents, Mr. and Mrs. W. P. Avriett this week.

#### They're Still Subscribing

(Editorial) Although the Courier closed the big Bargain Days Subscription Campaign more than ten days ago, people from over the territory continue to come in and take the paper.

This is a source of great pride to the publishers of this newspaper, for we know that these people are taking the paper for only one reason, and that is that they enjoy reading it. There is absolutely no other inducement which would cause them to come to the office in the large numbers they have, except that they do want the paper.

We owe our subscribers a debt of gratitude and responsibility of which we are keenly aware. We do want you to know that we appreciate this gesture on your part and we promise you a continuation of our very best efforts in bringing to you a newspaper which you will continue to enjoy.

Without any special inducements, or extravagant claims or offers of high-priced premiums, the Courier now has the largest paid-up circulation in the history of the paper and we have only our subscribers to thank for it. Below we give you a list of those who have come in this week and subscribed for the paper:

- |                    |                    |                   |

#### Work Suspended On Well For Stanolind As Test Expected Momentarily

With every indication that the Stanolind wildcat will make a producer, work is being held up following setting of casing last week and drilling of something like 200 feet since that time. Total depth of the well Thursday morning stood at 4704 feet.

Local oil men believe that the work is being held up pending a test to see what the well has. It is still reported that strong gas pressure has been encountered, and even following the casing off of higher pressure there still remains quite a bit.

This well is probably attracting more attention among the oil fraternity than any well drilled in this immediate territory. Although no definite information is being released by the company drilling the well, there is nevertheless a certain amount of news that leaks out through the "grapevine" method, and from these reports, formation seems very favorable for a producer.

The well is located about twenty-four miles from Lamesa just over the Gaines County line, and directly east of Cedar Lake.

Every indication is that a climax will be reached in this test within the next few days, with either production or some definite announcement from the company.

#### All Children Entering School For First Time Must Have Birth Certificates And Be Vaccinated Against Smallpox

##### Among The Younger Set

Photos By Ash Studio

This week the Courier is happy to present Her Majesty Doris Lavin Boatright, Reigning Queen of the Younger Set for the week. She is the daughter of Mr. and Mrs. G. R. Boatright, who have lived in Lamesa for the past seven years. She was born May 29, 1926. She has brown hair and eyes. She likes to play with dolls.

#### Set County Fair Dates Here For October 13-14

#### Expected To Be The Best Fair Yet Attempted

With less than two months until the opening of the Third Annual Dawson County Fair, preliminary work has already gotten under way. October 13 and 14 have been set for the big exhibition, and present indications are that this will top all previous fairs, in both interest and attendance.

Last year saw a greater fair than the initial exposition, with many added features and attractions and fair officials promise an even greater show this year.

Exhibitors are urged to prepare their exhibits early and make their plans now to enter into the competition. Although rules and premium list have not been released as yet, it will be forthcoming before long, and citizens of the county are asked to look for it.

#### Work Of Topping Lamesa Streets Started Tuesday

#### Expect To Require Ten Days To Finish

A large crew of men are working this week on the final topping program of several blocks of streets in Lamesa.

Beginning Tuesday with the actual pouring of asphalt and placing of crushed rock, the first work started on South Austin Street at the corner of South Second. Caliche bed has already been laid and seasoned on this street south to the Price Hospital.

A total of some fourteen blocks will be completed during the next week or ten days, according to Mason Costin, superintendent of the work. The total cost of this paving project will run approximately \$73,000 when completed.

When the topping is completed on all the streets which are ready, work is expected to get under way on the laying of curbs and gutters on North Main Street, from North Second to North Fourth.

It is also reported, however it could not be verified, that there is quite a bit more paving contemplated during the next few months.

#### ROTARY CLUB LADIES NIGHT DRAWS CROWD

The Ladies Night Program held by the Lamesa Rotary Club last Friday night, was well attended, and a thoroughly enjoyable program was presented.

The meeting, held at the Lamesa Country Club, attracted possibly the largest crowd to ever attend a meeting of this club.

Musical numbers by Miss Arnett and Miss Wagner, as well as a reading by Miss Kathleen Webb, were thoroughly enjoyed.

Highlight of the program was the showing of colored pictures and relics of the Yaqui Indians by Drs. Wagner and Anderson of Lubbock.

The program Friday at noon will be featured by an address by Johnnie Beavers, with the subject, "Let Us Know and Practice Rotary Better." The meeting will be held at the usual time at the Somers Hotel.

L. J. Dugger of Seagraves spent the week end here visiting relatives and friends.

#### Free Clinic For Kiddies

Arrangements have been made by the local Parent Teachers Association through the cooperation of the doctors of the city to conduct a health clinic for all children six years of age and who will attend school for the first time this year.

This work will consist of a free physical examination of all beginners by their family physicians. Vaccinations against smallpox will be made but charges will be made for these vaccinations except in cases where parents are unable to pay for them.

In such cases arrangements should be made with the PTA representative who will be stationed in the doctor's office to assist in filling out the blanks.

This clinic will begin at two o'clock and last until four, Monday afternoon, August 21. Parents should present their children for examinations at these hours. Free examinations will not be given at any other time.

#### BIG SIDEWALK CONSTRUCTION STARTED HERE

#### Program Started On North First Street

Actual work was started on the huge WPA sidewalk building program in Lamesa this week, with a large crew of workmen on the job.

The first work is being done on North First Street, and it is understood that there are a large number of property owners in the city who expect to take advantage of the low cost offered for sidewalk construction under this plan.

It is understood that the cost to the property owner runs about ten cents per square foot, which, for a four foot walk, would run about 40 cents per running foot. For a fifty foot residence lot, the cost would be approximately twenty dollars, which is by far cheaper than where the owner does all the work himself.

An appropriation of \$30,145.78 was recently made by WPA and L. D. Goodrich has recently arrived in Lamesa to superintend this construction.

#### Roy Tidwell To Build New Home

Roy Tidwell, manager of the Earnest and Nix Motor Parts Company, this week started the construction of a new rock veneer home.

The new building is being built in the R. C. Potell addition, which is just north of the Seminole Highway at the edge of Lamesa. The new home will be modern in every respect, containing four rooms and bath.

#### Liberty School To Start Sept. 4th

Announcement is made by officials of the Liberty School, this week, that the fall and winter term will open Monday morning, September 4th.

Patrons of the school are requested to bear this in mind and have pupils ready for entrance on that date.

Mr. and Mrs. Earnest Barrett left Monday for Houston where they will visit with Mrs. Barrett's sister, who is ill.

#### Will Provide Two Dressing Rooms For Grid Players

#### Will Have Plumbing Accomodations Also

McCollum Field, home of Lamesa's High School Golden Tornadoes, is the site of a proposed Field House and other improvements. The rooms in the high school building formerly used for dressing rooms and storage of equipment have been made over into a series of band, orchestra and music rooms and are therefore not available for the athletic teams of football, baseball, track and field, and other outdoor sports.

The dressing rooms in the new physical education building are for general pupil use so the additional facilities are needed, and a building will be provided according to pending plans. Two dressing rooms will be provided with shower baths with hot and cold water and other necessary plumbing. Rest room accommodations for spectators at the games and other events are planned as a part of the structure. There will also be a storage room and a combination office and ticket sales space.

Other improvements consist of rebuilding the columns at the entrances, providing more exits from the grandstands, extending the sodded area, numbering seats in the middle of the grandstand for reserved seat identification, the providing of a special gate for certain student groups, holders of season tickets and those who secure their tickets ahead of time.

Bids were received last Tuesday afternoon at the high school building with George Hornbeck as low bidder on general construction and Mr. Reynolds of Lamesa Plumbing Company as low on the plumbing work.

#### To Hold McCarty Homecoming The First of the Month

Announcement is made this week of the selection of committees and the starting of preliminary steps toward the holding of McCarty's 4th Annual Homecoming.

Date for this year's gathering has been set for the first Friday in September which falls on the first day of the month.

A special invitation is extended to all former citizens of the McCarty community, as well as former students and faculty members of the McCarty school. A detailed program is expected to be given next week.

## Applications Continuing To Pour In For Tenant Farm Loans In County

This week has seen a large number of applications on the Tenant Farm Loan Program for Dawson County, which added to those already received, swells the total to many more.

Although there has been a large number of applicants, there are still room for many more, said Seaburn Collins, Farm Security Administration County Supervisor, this week. Applications will be taken until September 1st, and from the entire lot selections will be made of those who will be granted loans for the purchase of farms in this county.

This plan has been successful in operation in many counties in Texas for the past few years and has met with the heartiest approval in every instance.

This is the first year that Dawson County has been included in this program and any tenant farmer or farm laborer in the county is eligible to make application. It is understood that those approved, will be allowed enough money to purchase the farm and make neces-

#### New Manager For Local Creamery Arrives In City

E. W. Renner and family arrive in Lamesa this week to make their home. He assumed the management of the Lamesa Creamery, succeeding Mr. Barker, who has served in this capacity for the past several months. He left Lamesa for Fort Worth, but made no announcement as to his definite plans.

Mr. Renner is from Falfurrias, Texas, where he has lived for the past several years. He and his family have secured living quarters in Lamesa and Mrs. Renner and the four daughters will arrive this week.

## Carson Echols Improves Farm Under CCC Soil Conservation Program In This County

Carson Echols, located 20 miles southeast of Lamesa, Texas, has made considerable improvement on his livestock farm in cooperation with the Soil Conservation Service CCC Camp in Lamesa, and by the installation of an adequate water system in cooperation with the Water Facilities program available for this area.

This entire farm of 1400 acres is composed of sandy loam and fine sandy loam textured soil.

Mr. Echols' Soil Conservation plan has enabled him to utilize 34 acres of Johnson grass meadow by the construction of a lane from his native pasture to this meadow. A fence was constructed around the meadow to control livestock movements.

The 800 acres of pasture land, in conjunction with the Johnson grass meadow is grazed by 80 head of beef and dairy cows. During the

dry spring with little permanent pasture available, Mr. Echols states that he was able to maintain his cattle in good condition on this Johnson grass without the purchase of supplementary feed. After rains started in July the herd of 60 beef cows and calves are unable to graze the Johnson grass sufficient to prevent heading. Generally this plant is considered a pest but it has proven its value to Mr. Echols in this particular land use program, with livestock as his basis. The soil in this meadow is especially well protected against wind erosion with the continuous growth of vegetation and its residue.

Mr. Echols has added a new feature to his farm plan, a part of the Water Facilities program, in that a concrete hog wallow has been made available as a part of the swine production program. This wallow will enable swine produc-

tion through the summer months, giving an additional income to the farm. This work was designed and supervised by the Water Facilities Staff.

Since Spring rains came too late for cotton planting, Mr. Echols has 550 acres of sorghum crops, which he plans to store for use in his livestock feeding program during the winter months, as well as to maintain at least one year's reserve feed supply in trench silos. Mr. Echols has recently temporarily increased his beef cattle herd, due to the dry spring which prevented the usual cash crop of cotton. All crops are being tilled on the contour.

As an additional part of the farm program terraces will be constructed on the cultivated land and the pasture land will be furrowed as crop and seasonal conditions permit.

## REA Considering Loan of \$125000 For This County Rural Electrification

The Rural Electrification Administration has given preliminary consideration to an application for a loan of \$125,000 to build 150 miles of rural lines to serve some 450 members in Dawson County and has outlined the steps which must be taken before an allotment of funds can be made. REA is corresponding with Charles T. Hatchett, Lamesa, Texas.

The project sponsors should obtain and submit signed applications for membership in the cooperative as well as applications for electrical service from it; also obtain signed easements for the right-of-way for the proposed project, showing the area most feasible to be served with the allotment when and if it is made available.

It will be necessary for the sponsors to select an attorney and incorporate under the laws of Texas. They have been requested to notify the REA Legal Division of their

choice as attorney so that he can be promptly approved, and sent suggested forms to be used for incorporation and for easements.

Although no retail rate for selling electricity can be established until all cost factors have been determined, a rate has been tentatively suggested, under which a minimum bill of \$2.45 a month will pay for 25 kw-h. This amount of electricity will adequately light the average size home, and operate an appliance such as a washing machine or iron.

Speed in development of this project depends very largely on prompt compliance by local leaders, and the community, with the REA requests for information and action. If the information is satisfactory and the local organization adequate, REA expects to be able to allot money to meet the entire construction costs. No money will be lent to pay for right-of-way.

THE DAWSON COUNTY COURIER

**Low Cottonseed Price Is Blamed On Competition**

The current low price for cottonseed is caused not by any over-supply of the commodity, but by competition from hog lard and soy beans.

This situation was explained at College Station in the course of a conference between H. G. Womble, president of the South Texas Cottonseed Association, and representatives of the Texas A. and M. College Extension Service.

Womble said cottonseed oil represents more than half of the value of cottonseed. The large and cheap supply of corn in prospect means a large and cheap supply of hog lard, which in turn means a cheap price for cottonseed oil.

It is estimated that the current year's production of pigs will reach 83,000,000 and that these will render 1,800,000,000 pounds of lard—the third largest output since 1923.

Foreign markets for around 600,000,000 pounds of lard have largely been lost. Meanwhile soy bean production has greatly increased. Ten years ago the soy bean cake production was 40,000 tons and for the past season, 800,000 tons. Thus soy beans offer competition not only to cottonseed oil, but cottonseed cake.

Mr. and Mrs. Luther Purcell of Shmarok spent the week end here visiting with friends and relatives.

**86,585 People Visit Tower of Texas Building**

If the 86,585 people who visited the top of the 27-story University of Texas Main Building here in the last two years were stacked one above the other a column of sight-seers approximately 82 miles high would result, a student calculated last week.

Oreneth Fly, student tower guide from Hondo, said the parade, averaging more than 127 persons daily since the opening in July 1937, most frequently asked: "How much did it cost?" (Approximately \$2,700,000.) "How high is it?" (307 feet.)

**KLONDIKE 4-H CLUB NEWS**

"The most humane way to kill a chicken is to hang it on the clothesline by the feet and cut its throat," said Miss Phenix, County Home Demonstration Agent, to the Klondike 4-H Club at the home of Mrs. G. F. Thorp, sponsor, at 9:00 August 8, 1939.

There was one visitor and five members present.

**SCHOOL BUDGET MEETING**

Notice is hereby given that the Budget Hearing for all Common School Districts in Dawson County will be held at the District Court room in Lamesa, Texas, Wednesday, August 23rd. All patrons are invited to attend.

J. H. Norris, County School Superintendent.

Lamesa's faltering Loboes, also taking Clovis for two out of three, still cling to their seventh place spot, with their chances of getting into the championship play-off growing dimmer each day. Mathematically, the Tatemans are still in the race, but it seems when they win, other clubs whom they are trying to beat out, win also, and no ground is gained.

Amarillo invading the local field last Sunday, saw the Gold Sox and the Loboes win one each of the Clovis came in Tuesday for a double-header. Lamesa took the first game 14 to 2, and the night-cap 4 to 0. The final game of the series was rec'd off Wednesday night, after having been called in the afternoon due to wet grounds.

In a hotly fought contest the Pioneers triumphed 4 to 3 for the series final. Heavy hitting on both sides featured the game. The Pioneers collected fourteen hits off Hay and Millsap, while the Loboes garnered a total of ten hits off Jake Christie.

The Loboes leave today for Borger, where they engage the Gassers for two games. They go from there to Amarillo for two games and thence to Pampa for a two game series.

They will return to Lamesa Wednesday of next week for a two game series with Borger. There remains only eight more home games in Lamesa before the season closes. Two game series will be played with Borger, Pampa, Big Spring, and a Labor Day double-header with the Lubbock Hubbers, Monday, September 4th for the end of the season.

Thursday morning the Loboes remain six games behind the fourth place club, and therefore must gain that many out of a final twenty games yet to be played.

**THE STANDINGS**

Estelle Jackson of Seminole spent the week end here visiting relatives and friends.

**TEXAS OUT-O'-DOORS**

Inroads of domestic sheep and elk upon the range of the wild mountain sheep in Texas will keep these nimble-footed and interesting animals from increasing much beyond their present number, it is reported by Bob Snow of the Texas Game, Fish and Oyster Commission, who has just completed a survey of wild sheep with the assistance of the U. S. Bureau of Biological Survey.

Mountain sheep, which are found in the Beach and Diablo Mountains of West Texas, now number fewer than 400, according to Snow, who counted 139 in the Beach Mountains and who believes, after his survey, that there are approximately 250 in the Diablos. These mountains are the only ones upon which there is suitable range for wild sheep. Elk have taken over some of it and domestic sheep are making huge inroads upon part of the range.

While it is not likely sportsmen will ever have an open season on wild sheep, which are among the most colorful animals in the Lone Star State, three ranchmen of the Trans-Pecos are leading the fight to help the species survive. They are A. F. Yates, Vivian McAdoo and T. M. Pyle, upon whose lands most of the wild sheep range is found.

Texas sold more than one-twentieth of the federal duck stamps which were purchased by sportsmen throughout the United States during the period from July 1, 1938 to June 15, 1939, being fifth in total sales, a report of the U. S. Bureau of Biological Survey reveals. A total of 57,675 \$1 duck stamps were bought by Lone Star State hunters.

Minnesota led with 116,196. Michigan was runner-up, having sold 79,129. Wisconsin accounted for 78,911 and California, by showing a big increase over the previous fiscal year, was the other State ahead of Texas with a total sale of 61,790. Total sales for the 1938-39 period

were 984,401. Funds are used by the Biological Survey to supplement other funds used for the purchase and maintenance of migratory wild fowl refuges in the United States and Alaska.

Duck stamps for the 1939 season went on sale July 1 at all first and second class postoffices.

One of the most unusual instances of charity in wildlife on record was discovered recently by Horace LaGrone, a school teacher of Deadwood, Panola County, Texas, it is reported by Hilbert R. Siegler, Regional Game Manager for the Game Department. Mr. LaGrone recently observed a bluejay repeatedly feeding another adult jay. After calling State Game Warden Ray Biggerstaff's attention to the unusual occurrence, LaGrone killed the bluejay receiving the food. He discovered this jay could not feed himself because he had no lower mandible, or beak.

Neal Wood of near Tatum, Rush County, Texas, is one farmer who will not allow insectivorous birds to be killed on his lands and especially sparrows, that species which is regarded in many quarters as a distinct nuisance. Mr. Wood had found the sparrows had entirely cleaned out the army worms from his cotton patches.

Bats, protected by law in Texas because of the effective work in helping to keep down insect crops can be seen by tens of thousands in some places in the State. Dr. A. J. Nicholson, Regional Game Manager for the Game Department, recently observed a flight of bats from a large cave near Bracken in Comal County, which continued for one hour and 45 minutes. The flight was approximately twenty-five feet wide and a foot thick. One foraging spot for a bluecarter hawk but didn't get to its usual night swooped down into the flight of bats and carried off one to be part of his evening meal.

The Mexican three-tailed bat is the most common of a large number of species found in Texas.

**Martha Raye To Be In Casa Manana At Ft. Worth 2 Weeks**

Port Worth, August 7—Martha Raye, famous motion picture singer, dancer and comedian, will be presented at Fort Worth's Casa Manana for two weeks, beginning Friday night, August 11. The girl with the huge mouth has been starred in a dozen movies and is being counted on to "pack 'em in" at the huge open air cafe-theater.

But Martha Raye is only one of the attractions, for co-starred with her is Everett West, new national radio singing sensation. The handsome "high note tenor" is well and the Southwest—in fact, they "disfavorably known to the people of covered" him as far back as 1936 member of the California Varsity and '37 when he was the stellar Eight—otherwise, the Peppers—at Casa Manana.

First time Lawrence Tibbets heard West hit that marvelous high note, the Metropolitan Opera star leaped on a table and shouted "Bravo".

Held over for the first week of the Martha Raye-Everett West engagement will be Abe Lyman and his Californians, the orchestra that has been setting the crowds wild the past week, with Red Pepper, huge trumpeter, and Rose Blane, the torch singer stopping the show. Then there are Trixie, greatest woman juggler in the world; Gracella Dancers, outstanding adagio team; Emmett Oldfield, acrobatic comedian; Adele Inge, world's champion acrobatic ice skater; Wanda Tichnor, Texas Sweetheart No. 1, who sings, and 70 Texas lovelies, in a show that—in acts, stunts, scenery and costumes—is entirely different from the Casa Manana revue of the first two weeks.

**Dr. Cox Says:**

Parents of children starting to school for the first time this Fall are urged by the State Department of Health to make sure that they have a birth registration certificate regarding their child and if not, to take proper legal steps as soon as possible to obtain this record.

Parents who do not have registration of the birth of their child are advised to contact their local registrar of vital statistics with whom the certificate was originally filed.

In many Texas school districts, a notification of birth certificate is required to prove the child is old enough to enter school. As the Vital Statistics Department will be called upon to answer numerous requests for school certificates, securing this record early will speed up the process of securing the needed forms before school opens.

Acquiring a record of birth is not only an important part of the task of getting the child ready for school but is an essential item in the larger job of preparing the child for the future. The time will come when he will need a record of his birth. Proper registration now will prevent difficulty later on in his life.

In addition to its importance at the time of admission to school, birth registration may be necessary

for obtaining a work permit, an automobile drivers permit, the right to vote and the right to marry; for proof of parentage, inheritance of property, settlement of insurance and in establishing identity.

Rabies is increasing in prevalence in many parts of Texas, although it may be controlled and even could be exterminated by intelligent measures, according to records of the State Department of Health. Unfortunately it has been the practice to wait to apply control measures until the disease is widespread.

The dog is the chief source of rabies infection in man, but all warm blooded animals are susceptible. Rabies is not a warm weather disease. It occurs just as frequently in the cold months. The most logical procedure in the control of rabies would be to vaccinate the dogs. Where this is impossible the stray dog should be immediately impounded, for the stray dog is chiefly responsible for the spread of rabies.

Public health authorities are handicapped in their fight against the spread of rabies because rabies in humans occurs only frequently. However, it must be remembered that rabies is 100 per cent fatal once the disease has developed. Treatment is only preventive and must be taken in time.

Do not kill the dog that is behaving strangely or immediately after it has bitten some one. The animal should be captured and kept under observation for ten days to determine whether it has rabies or not. The confinement should be simply secure, for a dog in the frenzy of rabies requires a much stronger collar and chain or enclosure than a non-rabid dog.

When the rabies virus is put into the body by a biting dog the virus travels slowly from the wound along the nerves until it reaches

the brain and spinal cord. Thus if does not have far to travel to reach the bite is on the face the virus the brain. Consequently bites on the face are the most dangerous and immunization must be started at once.

It is possible to control rabies, but owing to the large territory included in Texas, it will take extra efforts on the part of public health workers and the cooperation of the people of each town and county to carry on an educational program for this control.

**Woody Will Hold Singing Sunday**

Announcement was made this week of the Third Sunday Singing which will be held at Woody next Sunday, August 20th at 3 p. m.

All singers in the county, as well as lovers of music are invited to attend and participate in this program. Several specialty numbers, as well as old time group singing will be featured and the general public is invited to attend.

**INFANT DIES**

Lille Rayden, the five months old daughter of Rev. and Mrs. Lee Hemphill, died of pneumonia at Houston, Texas at ten o'clock Sunday night.

**NEW CARS**

Lee Barron, Nash Deluxe two-door, July 27.

**ANNUAL TAHOKA ROUND-UP NEXT WEEK**

Tahoka, August 16—The Old West will live again here next Thursday and Friday, August 24 and 25, when the third annual Tahoka Round-Up is staged under direction of Lynn County citizens.

Each days program opens with speaking on the public square mornings by State Supt. L. A. Woods, Railroad Commissioner Jerry Sadler, Sen. G. H. Nelson, Representative Alvin Allison and other notables.

At noon each day will be a parade led by Chief Baldwin Parker of Cache, Oklahoma, son of the famous chief, Quanah Parker and grandson of Cynthia Ann Parker, white girl kidnapped when a child and raised among the Indians. Parker will bring seven other Indians with him.

Rodeo performances will be afternoon and night, with rodeo stock being furnished by the famous Beutler Bros. of Elk City, Okla. Other attractions include a carnival, square and modern dances, and band concerts.

Henry Collins and two sons of Paris, Texas, spent this week visiting in the home of his brother, Mr. and Mrs. W. B. Collins.

### Streamlined Farming Replaces Straight Rows

Streamlined farming—farming around the slopes on the level instead of up and down the hills is being used more and more by farmers in the Southern Great Plains who are seeking to conserve their soil and moisture and to prevent erosion. Terraces and strip crops (upper left) hold practically all the water on the land where it falls. Where terraces are not necessary, fields are being plowed on the contour (upper right). Furrows on the contour hold water on grass land and are proving highly successful in improving the range (lower right). Some farmers are finding that placing roads, fences and tree sites on the contour fits well into their conservation program (lower left). Contour furrows, winding about pasture slopes like ribbons, are shown in the aerial view in center. All of these practices and many others can be viewed on Soil Conservation Service erosion control demonstration.

## Expect Farm Picture To Show Big Change

The changing pattern of agriculture in the Southern Great Plains which is becoming more and more evident each year, may be expected to become more widespread in the future, according to H. H. Fennell, regional director of the Soil Conservation Service.

During the last five years, Fennell points out, soil and water conservation practices have been demonstrated in cooperation with other agencies and farmers on projects located in Kansas and the portions of Colorado, Texas, Oklahoma and new Mexico included in the Southern Great Plains region.

Farmers have been given an opportunity of observing how erosion may be controlled and crop yields increased through the use of practices which conserve soil and moisture. This has brought about a changed pattern of farming. Terraces, contour rows, rows of close-growing crops alternating with rows of clean-tilled crops in strip-crop design, all of value in holding the maximum amount of water on the land and checking the movement of soil, now can be seen winding about the slopes in practically every section of the plains.

Contour pasture furrows holding water where it can be used in increasing grass growth, water diversion and water spreading systems designed to put water into use in growing erosion-resistant vegetation instead of cutting gullies and adding to flood dangers, and even farm roads, fences and tree sites on the contour have become common sights on the plains within recent years.

"Farmers are learning that the longer way around the contour often is the shortest way to crop success," Fennell says. "Realizing the vital necessity for checking erosion and conserving the soil, the legislative bodies of the five states, along with a large majority of the other commonwealths, have enacted soil conservation districts laws.

"Briefly, these states have passed enabling acts—laws which make it possible for landowners to organize into a cooperative group to pool individual experience, and, with group initiative and responsibility, attack the recognized problems of soil and water conservation," Fennell explains.

"The value of conservation practices has been proved and demonstrated. The future of the conservation of soil is left squarely up to the farmers themselves," the regional director points out. "Farmers already are accepting this responsibility as is evidenced by the formation of ten soil conservation districts in the Southern Great Plains region. Others are in the process of formation. More and more, straight-row farming is giving way to the contour—the pattern of agriculture is changing."

Don't keep on wishing for that dream vacation! Make it come true with regular saving plus liberal earnings.

Lamesa Federal Savings & Loan Ass'n

I'VE LEARNED MY LESSON ABOUT THE EXTRAVAGANCE OF HOME WASHING! I felt I was being very thrifty, doing my own washing. I knew it left me tired and bedraggled for half the week, but I thought it was worth the money we saved. Then, one afternoon I began figuring up the actual costs of home washing including those not usually thought of, such as gas, soaps, bluing, and the like. That was enough for me! Now I send my bundle each week to the Lamesa Steam Laundry, and I know I'm saving, not only money, but myself from the most drudging and disagreeable task any woman can face. ### Courier Names Misspelled Word Contest Winners

#### Interest Is Growing By Leaps And Bounds

Five winners are again announced this week in the Courier Misspelled Word Contest.

First prize of \$1.25 in cash goes to Mrs. A. T. Moseley, 212 North Wason Street. Theatre tickets go to Steve Boyd, 302 South Houston, Ruben Kelly, Lamesa, Freddie LaVerne Mitchell, Route D, and Ruth Loyce Brown, Route A. If these winners will call at the Courier office they will receive their awards.

Another big contest is under way this week with a new list of misspelled words in the group of ads which will be found on another page. You are invited to get your pencil and paper and try your hand at proof-reading. To the first correct list that is received after the paper comes out, will be awarded \$1.25 in cash and the next four will be given tickets to the Palace and Majestic Theatres in Lamesa.

You will not only find this fascinating, but you have an equal chance to be one of the winners. You might get the cash, or one of the theatre tickets. You will find it lots of fun as you go along.

You are advised to hurry however, as first ones in have the best chance of winning.

### RODEO VISITORS FROM SNYDER HERE TUESDAY

Last Tuesday a large delegation of boosters from Snyder were in Lamesa advertising the big rodeo which will be held there Friday and Saturday of this week.

Arriving just after one o'clock, the crowd had lunch here and put on a musical show, both before and after eating. Their talent was thoroughly enjoyed by a large crowd.

They are planning on one of the largest rodeos ever held there and large cash prizes are being offered to attract the best performers. A large number from Lamesa is expected to attend the two day attraction.

### Lions District Meet To Be Held In Lubbock Soon

Invitations have been extended to Lions Clubs of Zone 4 of District 2-T to meet in Lubbock, Tuesday, August 29, for a full day's session.

The afternoon session will begin promptly at 2 p. m. at the Hilton Hotel. This portion of the program will be handled by out of town groups, and will have to do with Lions' activities on the South Plains.

The evenings entertainment will consist of a banquet and dance in the Hilton Ballroom, starting at 8 p. m.

Clubs in Zone 4 of this district of Lions are located at Crosbyton, Levelland, Morton, Plainview, Lamesa and Brownfield.

Mrs. E. A. Conley and son of Lubbock are here this week visiting with friends.

Mr. and Mrs. Hugh Lot and Mr. and Mrs. R. E. Simpson Jr., who have spent the past week vacationing in New Mexico, have returned home.

Mr. and Mrs. Elmer Ireton and family of Lamesa spent Sunday in the home of Mr. and Mrs. Byron Southard.

Mr. and Mrs. T. M. Ellis and family returned Saturday from a ten day trip to Waco, Austin and San Antonio. Mrs. Sykes who has been visiting in Waco returned home with them.

Mr. and Mrs. J. S. Allen and children of Abilene are spending a few days on the Allen Ranch.

Mr. and Mrs. Luther Arnold and family made a trip to Christoval last week.

Mr. and Mrs. T. W. Landham and Mr. and Mrs. J. C. Landham returned Saturday from a trip to Oklahoma.

Mr. and Mrs. W. F. Schooley and Mrs. W. S. McCarty spent Sunday in the home of Mrs. Pratt at Gall.

Vocla Truitt of Shumake is spending the week with her grandparents, Mr. and Mrs. I. T. Truitt.

Elmer Ireton Jr., of Lamesa spent the week end with Byron Southard Jr.

Mrs. T. A. Loyd of Alten spent the week end with her sister, Mrs. Hub Spraberry.

Lunell Zeeck is visiting her sister Mrs. Ryo McCasland of Tulla this week.

The Girls 4-H Club met in the home of Mrs. Hub Spraberry Tuesday.

Miss Eulane Zeeck who has been visiting her brother, Mr. and Mrs. Carl Zeeck at Panama, has returned home.

Paul D. Grissom is visiting in Dickens County this week.

Several from other communities attended the second Sunday singing here Sunday.

Mr. and Mrs. Archie Haney and family of O'Donnell spent Sunday in the home of Mr. and Mrs. H. A. Shipp.

# ALLEN HARDWARE COMPANY

# B Natural Melodears Honor Rushees During This Week In Lamesa

## Teas, Dances and Parties Are Featured

Official rush week for the B. Natural Melodears opened Monday, August 14th, with an informal breakfast and sports party from 8 until 11 o'clock at the Country Club with Mrs. A. G. Barnard as hostess. The table was laid with a beautiful linen cloth and centered with a bouquet of asters. Mrs. Barnard presided at the table. Plans for the coming year were discussed, after which games of tennis, golf and shuffleboard were enjoyed.

On Tuesday evening the pledges were honored with an informal bid dance at the country club with Miss Helen Ruth Cope as hostess. About fifty sorority members pledged and their dates attended.

On Wednesday evening the sorority members honored their mothers and pledges with a tea given in the home of Mr. and Mrs. Earnest Gambill between 5 and 6 o'clock, with Miss Earnestine Gambill as hostess. The entertaining rooms were very attractively decorated with bouquets of zinnias and roses. The table was laid with a lace cloth and centered with a bouquet of peonies and rosebuds. Misses Helen Ruth Cope and Lois McBride presided at the tea table during the afternoon. The program for the afternoon included readings by Miss Estelle Billingsley; Mary Mallory Kelly, "L'Amour Toujours"; Earnestine Gambill, "Long, Long Ago"; and the B. Natural Melodears sang three numbers, "The Rosary", "The World Is Waiting For the Sunrise," and their theme song, "When Day Is Done."

On Thursday evening they will be honored with a picnic at the home of Miss Estelle Billingsley, 711 South Fifth Street, between the hours of 7:30 and 9 o'clock. After the picnic they plan to attend the theatre.

Friday evening they are to be entertained with a kid party at the Country Club, with Misses Helen Ruth Cope, Addie Ruth Pukerson and Mary Mallory Kelley as hostesses. The club house will be decorated with balloons for this occasion and various kid games and contests are planned.

Saturday evening an informal sports dance is to be held at the Country Club for pledges, members and their dates. Hostess for this occasion will be Mrs. Barnard. Concluding the series of parties for rush week they plan to attend church services Sunday morning at the First Methodist church in a body.

Pledges are Misses Hazel Camp, Thelma Marie Dyer, Trinka Norman, Marjorie Rogers, Frances McCollum, Billie Grace Webb, Frances Crowley, Eleanor Simpson, Jo Ervin Bailey, Marjorie Reynolds, Nadelia White and Glendine Esmond. Sorority members are Elwanda Gilbert, Earnestine Gambill, Addie Ruth Pukerson, Helen Ruth Cope, Betty and Estelle Billingsley, Lois McBride, Mary Mallory Kelley, Mary Frances Barnard, Billie Jim Lott, Lavelle Gable, Glendine Esmond, Wanda Jean Esmond, Peggy and Sarah Elard, Cary Cole, Sybil Robertson, Connie King and Mrs. A. G. Barnard, sponsor.

Mr. and Mrs. Wilson Collins of Brownfield spent this week here visiting in the home of his parents, Mr. and Mrs. W. B. Collins.

Mr. Ruby Robertson of Stanton is here this week visiting in the home of her son, Mr. and Mrs. W. S. Robertson and family.

## Miss LaVerne Scott Becomes Bride Of Loyd Ford

Miss LaVerne Scott, daughter of Mr. and Mrs. D. W. Scott became the bride of Loyd Ford, son of Mr. and Mrs. C. W. Ford, in an early morning wedding Saturday at the Baptist parsonage in Lamesa, with the pastor, Rev. E. F. Cole officiating, using the impressive ring ceremony.

The bride was lovely in a French Cognac frock with matching accessories. For her "something old" she wore a gold necklace, inset with diamonds which her mother wore on her wedding day. Her flowers were Peruvian lilies.

The bride's twin sister and her husband, Mr. and Mrs. Kilmer Corbin and her younger sister, Miss Ella Frances Scott were the only guests at the ceremony.

LaVerne grew to young womanhood in Lamesa and through her winsome and lovable manner has formed many lasting friendships. She received her education from the Lamesa Public Schools and Mary Hardin-Baylor College at Belton. She is now a teacher in the Mullins school.

Mr. Ford is engaged in a mercantile business at Mullins where the young couple will return to make their home after a short wedding trip to points in New Mexico.

## Lamesa Auto Co. Employees Enjoy Picnic

Members of the Lamesa Auto Co. together with their wives, dates and a few invited guests, enjoyed a picnic Friday night at the store building.

Various contests and games were enjoyed during the evening. Those attending were Messrs. and Mesdames Bill Boyd, B. C. Nell, W. T. Webb, C. E. Latson, M. E. Ivy, Herb Caudle, Roy Addison, Otha Whatley, Jack Moody and Messrs. Bill Calvert, Vernon Todd, Arthur Lee Morow.

Outside guests were Mr. and Mrs. P. D. Williamson, Borger, Texas; Mrs. Irene Ballard, Childress, Texas; Glenn Cope, and George C. Hoffman, of Big Spring.

## Miss LaRue Teague Becomes Bride of Dick Baily

Miss LaRue Teague, daughter of Mr. and Mrs. S. N. Teague became the bride of Dick Baily, son of Mr. and Mrs. Bob Bailey, in an impressive single ring ceremony Sunday, with the Rev. R. F. Peppers of Rails officiating.

The bride was attractively attired in a dark wine crepe dress with black accessories.

The only attendants were the bride's parents and grandparents, and the bridegroom's parents.

After a short wedding trip they will make their home in the Patricia community.

Gene and Ruth Ann McLendon of Fort Worth are here this week visiting with relatives and friends.

Mr. and Mrs. Harley Winkler of Dickens are here this week visiting in the home of Mr. and Mrs. Scott Robertson and family.

Pink Moore of Lubbock spent the week end here visiting his sister, Miss Mattie Moore.

## Dorothy Nell Burleson Honored On 11th Birthday

Mrs. Elzie Burleson honored her daughter, Dorothy Nell, on her 11th birthday last Friday evening at her home at 811 North Sixth, with a dinner party.

The table was centered with a birthday cake and small corsages were the favors.

After the delicious dinner they attended a show at the Palace Theatre.

Those attending were the honoree, Leynette Carroll, Marion Holton, Betty Ann Surface, Nancy Hollingsworth, Ann McGuire, Betty White and Wynelle Cotten.

Mrs. R. H. Rice of Kansas City, Mo., who has spent the past two weeks here visiting her sister, Mrs. Elzie Burleson, will return to her home the latter part of this week.

## Mr. and Mrs. E. C. Nix Attend Reunion At Leuders

Mr. and Mrs. E. C. Nix returned Monday from Leuders, Texas, where they attended a three day reunion of the Weatherby family.

Nine of the twelve children of the Weatherby family were present and all reported a most enjoyable time. This is a large family, scattered over several states and they take a great deal of interest in their annual reunion. The time and place for the next meeting will be announced by a committee appointed for that purpose.

## Betty Jo Rhodes Honored On Birthday

Mrs. Ernest Rhodes honored her daughter, Betty Jo on her fifth birthday last Monday afternoon with a birthday party at the City Park.

Various games and contests were enjoyed during the afternoon.

Ice cream and cake were served to Pudge Ridgway, Audrey Faye and Wilford Sellers, Don and Patsy Speck, Marjorie Green, Kay and Joan Mathews, Dorothy Jean and Harold Guinn Hancock, Betty Rankin and the honoree Betty Jo.

## Beauty Winners Named Tuesday

At the beauty contest held last Tuesday night at the Palace Theatre, by the beauty shops of Lamesa, Miss Fay Fisher, daughter of Mr. and Mrs. S. E. Fisher of Sparenberg, was declared queen and Miss Donna Jean Caldwell, little daughter of Mrs. Viola Caldwell, princess.

The contest was held at the First Annual West Texas Beauty Convention at Big Spring, September 2nd.

These young ladies will appear on a float in a mammoth parade Saturday afternoon and will enter the contest and be judged at a dance that night at the Settles Hotel.

Judges for the local contest Tuesday were Cecil Speck, Ralph Stuart and W. D. Arnett.

Mr. and Mrs. C. N. Gray of Idaho spent the week end here visiting with friends.

Cecil Barr, Anson, is here visiting in the Herndon home here this week.

## Cox Reunion Held At Abilene Sunday

Fourteen Lamesans attended the second annual Cox reunion held at the Abilene State Park, Sunday, August 13th.

Former people from Lamesa included Mr. and Mrs. Cranford Cox and children, Sarah, Elizabeth, Cranford Jr., and Curtis of Abilene, Mr. and Mrs. Miller Shipp and children, Miller Jr., and Doyal Dean of O'Donnell.

Those from Lamesa were Mrs. C. A. Cox and son, Wayland, Mr. and Mrs. Aubrey Cox and daughter, Minnie Ellen, Mr. and Mrs. Sebe Flowers and children, Allene, Betty Jo and Marcea.

Others attending were Mr. and Mrs. Jim Cox and son Jimmy, Mr. and Mrs. Ray Stevenson and son Lloyd, Mrs. A. B. Cox of Tuscola, Mr. and Mrs. L. A. Dudley and children, Doris Don and Dale of Merkel, Mr. and Mrs. Ralph Fuller and daughters, Flora Margaret, Beth and Nelle of Clyde, Mr. and Mrs. Roy C. Fuller and children, Aletha Blanche, Roy Lee, John Frank and David of Abilene.

Games of Chinker Checks, Ring Pins and other contests were played before and after lunch. It has been decided that each year the Cox family will meet for a reunion at the park.

## Chapman Reunion Held At City Park Sunday

The Chapman family held their annual reunion Sunday at the Lamesa Park, with 131 attending.

Various games and contests were enjoyed during the afternoon after the delicious luncheon was served.

Those attending were: Mr. and Mrs. W. J. Chapman, Mr. and Mrs. Paul Minnix and family, Mr. and Mrs. Hugh Lytle and daughter, Mr. and Mrs. Venson Chapman and family, Mr. and Mrs. Marshall Chapman and family, Mr. and Mrs. Fred McGown and daughter, Mr. and Mrs. McDonnell and daughter, Mr. and Mrs. McIlvain and son, Mr. and Mrs. Doc Chapman and daughter, Mr. and Mrs. Alvie Chapman and family, Mr. and Mrs. Mordel Chapman and family, Mr. and Mrs. George Chapman and family, Mr. and Mrs. Jerald Wilforn, all of Big Spring, Mr. and Mrs. Walter Evans and sons, Mr. and Mrs. Victor Brothers and son, Mr. and Mrs. Jack Fisher and son, Florence Chapman, Mr. and Mrs. Howard Chapman and family, Spurgeon Chapman and little daughters, Mr. and Mrs. Jeff Chapman and family, Mr. and Mrs. Clenton Howard of Waco, Mr. and Mrs. Bert Fields of Big Spring, Mr. and Mrs. Ruffen Schuler and Johnnie, Mrs. Sanders, Mr. and Mrs. Willie Bronough and family, Alfred Bronough, Mr. and Mrs. Roper and Miss Coats of Gail.

Mrs. Loper, Mrs. Mont Cooper and children, Mr. and Mrs. Ray Burnett and sons, Mr. and Mrs. Andy O'Neal and family, Mr. Minor of Big Spring, Miss Peggie Merritt, Mr. and Mrs. Janner, Mrs. Bingham and son, Miss Vere Lytle of Morton, Dorman Sears, Mr. and Mrs. Weldon Woods, Mrs. Berry and daughter, Mr. and Mrs. Mutt Berry and daughter, Morena and Gerald Berry, Mrs. J. W. Middleton of Ackerly.

This reunion is an annual affair of the Chapman family.

Mrs. D. W. Adams was honored with a reunion here last week. All her children who are living attended.

Those attending were Mrs. Rosie Jones of Idaho, David Adams of Bakersville, California, H. C. Adams of El Paso and Clyde Adams of Lamesa.

All of the children have returned to their homes.

Miss Kathryn Patterway, medical technologist and X-Ray technician of the St. Louis & Southwestern Railway Hospital of Texarkana, is visiting with her parents, Mr. and Mrs. W. W. Petteway this week.

Kathryn will sail from San Francisco, August 25th on the S. S. President Coolidge for the Philippine Islands, to become the bride of J. E. Scott, formerly of Dallas. They will make their home in Manila.

Kathryn is a graduate of Lamesa High School, and has been employed in Dallas and Texarkana since that time. Mr. Scott is a graduate of the Texas A. and M. College in Electrical Engineering.

Mr. and Mrs. Ralph Fry and Mr. and Mrs. Lloyd Mitchell returned Saturday from a week's vacation in New Mexico.

Mr. and Mrs. O. C. Speck and family left Sunday for Colorado Springs, Colorado, to spend a week vacationing.

Mr. and Mrs. Don Emory and daughter, Phyllis Ann and Mr. and Mrs. Bill Underwood visited with friends in Big Spring, Sunday.

Miss Sybil Hazel of Spur is here this week visiting with Mr. and Mrs. Bob Wade.

Mr. and Mrs. E. R. Coburn of Eagle Lake, Florida, are visiting in the home of Mr. and Mrs. Rupert Austin this week.

Mr. and Mrs. Gene Barrett who have been visiting relatives and friends here for the past week, have returned to their home in Stamford.

Miss Viola Thruston and Miss Norma Thruston returned Sunday from a two week's vacation in New Mexico and Colorado.

Mr. and Mrs. S. J. Dendy of Crosbyton spent the week end here visiting in the home of Mr. and Mrs. Barney McKinney.

# Do You Know This Emblem?

Of course you do. It's known the world over. It indicates the superior quality of General Electric products, the oldest and largest electrical appliance manufacturer in the world. At a recent unloading of one of the world's largest passenger ships at New York, with passengers from the four corners of the earth, this emblem was held up before each passenger stepping off the gang plank and each asked if he or she knew what it stood for. Without hesitation, 94 per cent recognized it as the emblem of General Electric. Wherever seen, it is a mark of highest quality at lowest prices.

We handle a full line of G. E. Refrigerators, Electric Irons, Electric Cleaners, Toasters, Fans and other appliances and ask that you see them before you buy! Look at this:

An AV-55 ELECTRIC SWEEPER and CLEANER, with rubber buffers, built in lamp, and all the finer features found in the finest, regularly priced \$59.95

A complete line of attachments, including moth spray, regularly priced \$10.00. Both on our very special offer for a short time, only \$39.95 (It's a G. E. Product).

SEE AND HEAR THE NEW 1940 ZENITHS! They have everything, appearance, superior performance, built-in ground and antenna, television connections, and the lowest prices at which Zeniths have ever been offered. Just a few of the new 1939 Zeniths that are being carried in to the 1940 line at extra special bargain prices!

**BARGAINS IN USED RADIOS:** Some real values at \$1.00 down. Forget the rest.

Five nice Big Consoles (easy terms, your choice) \$8.50

run-off on cultivated land, while contour furrows and ridges, diversion structures and water spreading systems serve the same purpose on range land. Each provides a mechanical barrier which slows the flow of water or impounds the rainfall, thereby permitting the moisture to soak into the soil to become available for plant use.

When water is permitted to run off the land during heavy rains, this moisture is lost for plant use on the land upon which it fell. Turner points out. However, he says, if this water is controlled by mechanical structures and stored in the soil, the moisture is available to alleviate the damage to crops or grass during periods of extended drought.

Evidence of the value of conserving moisture may be seen on contour-tilled and terraced farms and on contour-furrowed pastures in this area. Where moisture has been conserved fields usually have an even crop stand, and pastures have a denser growth of grass along the furrows.

Agriculture are: Frank E. Hardy, Lamesa, Texas; D. L. Adcock, Rt. C. Lamesa, Texas; and Carson Echols, Rt. 4, Lamesa, Texas.

These men will assist Mr. Collins in administering the Tenant Purchase program which provides for the making of 40-year three percent loans to a limited number of Dawson County tenants for the purchase of farms. These loans are eligible only to farm tenants or farm laborers.

One of the main duties of the committee will be to investigate applicants and recommend those which they believe should receive loans. Basis for this recommendation will center largely around the character, experience and farming ability of the applicant.

part of last week after vacationing in Fort Worth with friends and relatives.

Mr. and Mrs. F. L. Ballow of Fresno, California, have been visiting the former's sister, Mrs. W. H. Hall the past week.

THESE ARE A FEW OF THE MANY STYLES PRESENTED FOR YOUR SELECTION!

## PENNEY'S

### Revival at Five Mile Will Begin Sunday Morning

Our revival meeting will begin at the Five Mile Baptist Church, Sunday. The Rev. H. D. Bruce, pastor of the First Baptist Church of Midland will do the preaching.

Rev. Bruce is a conscientious, earnest student of God's Word, and proclaims the gospel message to unsaved souls.

Local talent will be used in the musical program and much time will be devoted to the singing of the gospel. Everyone in the community and everywhere else is invited to some and worship with us in these services twice daily.

The meeting with the Woody Baptist Church closed last Sunday evening. The Rev. Marvin Leach of Abilene did some very good preaching. The church was blessed thru the services as men, women, boys and girls were saved. The services were concluded with baptismal services with the First Baptist church Lamesa, Sunday evening, as seven people were buried with Christ in beautiful baptism.  
 J. William Arnett, Pastor.

### Laboratory Gets Two Prehistoric Animal Skulls

The University of Texas' new fossil-processing laboratory this week received the skulls of two more prehistoric animals. Dr. E. H. Sellards, director, has announced.

The Bureau of Economic Geology working in cooperation with the Works Progress Administration, shipped to Austin the skull of a 100,000 year-old Columbian elephant and that of an extinct ground sloth, or Megalonyx Jeffersoni. Both were found in a Henderson County dig near Trinidad, Dr. Sellards stated.

Its possessor standing in life slightly larger than the giant Indian elephants of today, the Columbian elephant skull measured three by two feet minus the tusks. Yet undiscovered, its tusks were estimated by Dr. Sellards to have near 9 feet in length.

Skull of the sloth, relative of the Texas Armadillo, was said by Dr. Sellards to be in excellent condition. A vegetarian, its nearest descendants are the tree sloths, found South America. To date, two show-today in this hemisphere only in el-jawed mastodons, one American mastodons, two elephants and one sloth have been recovered from Texas rock beds, Dr. Sellards disclosed.

Mr. and Mrs. H. L. Hall of Cleburne have been visiting Mr. and Mrs. W. H. Hall the past few days.

Lindell Baker is visiting his parents, Mr. and Mrs. Charlie Baker in Temple this week.

### Conservation Of Soil Urged

Farming practices that control run-off water also help farmers to get the maximum benefit from rain fall during periods when they need moisture most, according to Turner, an Engineer of the Soil Conservation Service erosion control demonstration area at Lamesa.

Since a vegetative cover is necessary on the land at all times to prevent both wind and water erosion, and much of the rainfall comes in heavy downpours of brief duration, any practice which controls run-off also aids in controlling erosion. This is exactly what the practices being demonstrated in the area are designed to do.

Properly constructed terraces and contour tillage operations prevent
