

Red Cross Drive Prospects Good, Workers Declare

"Collingsworth County people have been mighty generous in their donations to the Red Cross War Fund drive, but we still need your help and your money," R. D. Wiley, county chairman, and Dewey Ellis, War Fund chairman, said today.

"We think we'll raise our quota by the end of the month," Mr. Wiley said. "The officers of the county chapter and the workers in this campaign deeply appreciate the generosity of every one of you who helped in this drive."

Several communities over the county have not yet reported the results of their drive, Mr. Ellis said, and this will likely add several hundred dollars to the amount already collected.

Mr. Ellis urged, however, that efforts in behalf of the Red Cross be continued, and that all persons who have not been contacted and who wish to make a donation, to leave it with their community representatives, or with Miss Katherine Boverie at the County Library, with Mr. Ellis at the Ellis Funeral Home, or with Mr. Wiley at the First National Bank.

"Every cent of your dollar will be put to a good use—that which is sent to national headquarters for use in the Red Cross War work, as well as that which remains at home for use among the folks here," Mr. Ellis continued.

Names of donors to the Red Cross will be listed in a later issue.

Charges Filed In Cutting Affray

Charges of assault and attempt to murder were filed following a cutting affray involving two Wellington negroes Sunday afternoon.

Dennison Woodard was charged after Preach Allison had been seriously stabbed in the back and side, Sheriff Paul Bell said. Allison was taken to St. Joseph's Hospital for treatment.

In a statement to the sheriff, Woodard said that Allison was chasing him with an iron pipe. The incident occurred back of the Ritz Theatre.

Sheriff Bell also reported the arrest of four Holks negroes

Father Of Morris Reed Dies At Quana Tuesday

Mr. and Mrs. Morris Reed were called to Quana by the death of his father, R. S. (Bob) Reed, Tuesday, March 23.

Funeral services for Mr. Reed will be conducted from the Church of Christ at Quana Thursday afternoon at 3:00 o'clock.

Little Interest In City Election

No opposition faces city officials who have filed for re-election in the city election Tuesday, April 6, Joe Thompson, city secretary, said Tuesday.

Officials whose terms expire this year include Mayor Pink Sullivan, Aldermen J. V. Langford and W. R. Franks, and Mr. Thompson. Each of these has filed for re-election, but no other candidates are listed.

Saturday will be the deadline for filing as a candidate in this election.

Tennison Opens Real Estate Office

N. C. Tennison this week announced the opening of a real estate office in the Rock Lowrie building at the southwest corner of the square.

"I cordially invite all my friends to come by and visit my office, whether you are interested in buying or selling or not," Mr. Tennison said.

A former commissioner from Precinct 1, he is widely known in this county as well as through the lower Panhandle.

Meat Sellers Must Get Permits; Homes Exempt

Meat permits to all Texas farmers in all areas and to local butchers and meat packers in small towns will be issued by county USDA war boards under the meat management program, J. C. Emmert, chairman, county USDA War Board, said this week.

Under the program, announced by Secretary of Agriculture Wickard, all persons who slaughter and sell meat must have permits by April 1. Permit blanks are now available in the AAA office.

Object of the national meat program is to control black market operations, to obtain adequate supplies of meat for direct war needs, and to secure the necessary control over the supply of meat so that it can be fairly distributed through consumer rationing.

Pointing out how the program applies to farmers, Mr. Emmert said if animals were slaughtered for home use only that permits would not be required, but permits would be required if any of the meat were delivered to others.

All slaughterers also must keep complete records of all livestock slaughtered.

Under the program, three orders have been issued:

(1) All livestock slaughterers who sell meat, including farmers and local butchers, to operate under a slaughter permit system and, as an aid to enforcement, to stamp their permit number at least once on each wholesale cut;

(2) All livestock dealers to obtain permits to buy and sell livestock and to keep complete records of their operations. Farmers are not required to obtain dealer permits but they are asked to keep records of their purchases and sales.

Under the dealer-permit plan, anyone who buys and sells cattle, hogs and sheep and keeps them

Victory Program Sells \$17,000 In War Bonds

By MRS. ELVER BROWN

Seventeen thousand, five hundred eighty-two dollars and twenty cents—that's the maturity value of the stamps and bonds sold by Quail Rural Consolidated Schools in a bond rally which was concluded Friday night with the coronation of the School Victory Queen. More than 1,000 people attended the colorful program.

March has been a month of Victory Drives for the Quail Schools, stated Supt. Noah Cunningham. In addition to the big Bond Drive, the school raised nearly \$500 for the Red Cross, even though the quota was set at \$300. Supt. Noah Cunningham, chairman for Quail, appointed precinct chairmen, and presented the money to the County Chairmen in less than a week.

At the program Friday night, Juanell Tate, sophomore, was crowned Victory Queen of Quail High School, receiving the greatest number of votes in bonds and stamps, each penny's worth count-

Mrs. B. Walker Dies Friday After Brief Illness

Mrs. Barney Walker, beloved resident of the Samnorwood area, died early Friday morning, March 19, in a Wellington hospital. Her death came as a shock to her many friends throughout this area, and followed an illness of only a few days which developed into pneumonia.

She was a member of a family that had done much to develop that section of the county and she, too, had spent much of her time in efforts to help build and benefit her community.

Funeral services were conducted Monday afternoon from the Methodist Church in Samnorwood, with Rev. Marvin Brotherton of Turkey, a former pastor, in charge, assisted by Rev. Pickens, the present pastor.

Friends gathering to pay tribute to her memory filled the building to capacity, and the many flowers massed along the altar rail were further tribute of those who had loved and admired her.

Pallbearers included members of her family and close friends, Paul Addington, Sgt. Merle Walker, Pvt. Jack Walker, Jack Tinkle, Oscar Payne and Theo Parker. Flower bearers were Lela Marchant, Carmen Marchant, Mrs. Theo Parker, Mrs. Merle Walker, Mrs. Jack Walker, Mrs. Elver Brown, Mrs.

Howard J. Gee To Speak At Rotary Singing March 30

Howard J. Gee, director of the Childress U.S.O., will be the guest speaker at the Rotary-sponsored Singing Tuesday night, March 30. In between periods of singing, Mr. Gee will explain what the soldiers desire in the Army and what the U.S.O. is trying to do to meet these requirements.

There will be plenty of singing during the evening, S. R. Pinkston, president of the Rotary Club, declared. Group singing will be featured, then Mr. Gee will speak about 20 minutes. More singing will follow.

A Congregational minister, as well as president of a New York City corporation, Mr. Gee came to Childress December 1, 1942, to take charge of the United Service Organization work in connection with the Childress Air Field.

He is now preaching at a Childress church. Mr. Gee is described by those who have heard him as an exceptionally interesting and inspirational speaker, and Mr. Pinkston expressed the feeling that his talk will be enthusiastically received.

His experience in directing recreational activities for young men goes back to World War I, when he was a YMCA song leader at Camp Merritt, New Jersey.

"No money will be asked at this singing," Mr. Pinkston declared. "At no time do we intend to make this a money making venture."

Many of the county's best singers will be present to lead the songs, and others from outside the county have been invited to attend.

The Phillips Quartet from Phillips, well known here, will be present, as will the Con Quartet from Childress.

"Come like you are and sing like you want to," Mr. Pinkston urged.

Plenty of books will be secured for the singing, and songs of all types will be sung, it was pointed out.

"We extend a most cordial invitation to everyone of you singers, and to everyone of you who

Farm Workers Get New Classification

Essential farm workers over 38 years of age and in Class IV-H will be reclassified in Class II-C or Class III-C nor or prior to May 1, the Texas USDA War Board announced this week.

Purpose of the reclassification is to place workers beyond military age limit into classes to which they properly belong by reason of occupational, dependency or other status.

The war board added that usual rules regarding induction and deferment will apply to reclassified men if and when men over 38 years are called into the armed forces.

Announced several days ago, the four-point program agreed upon by the Manpower Commission, the Selective Service System and the Department of Agriculture is to keep necessary agricultural workers on the farm.

Points covered in the program are as follows: (1) State and county USDA war boards are authorized and instructed to seek deferment of necessary farm workers when the worker or employer fails to request deferment, and to take appeals from local board decisions regarding farm workers when such action is justified;

(2) Local draft boards will refer to war boards farm workers

Lieut. Coe Is Missing

Lieut. Paul Coe, 24, of the United States Marine Air Corps is reported by the War Department as missing in action, his grandmother, Mrs. J. C. Hampton of Wellington was notified Wednesday morning, March 24.

Lieut. Coe was stationed somewhere in the southwest Pacific, and had been on combat duty for 13 days at the time he was reported missing.

He is the son of Mr. and Mrs. Cecil Coe, who formerly lived here but now reside in Lubbock.

After graduating from the local high school, he attended Texas Tech. Lieut. Coe entered the Marine Corps about 15 months ago.

Juniors Present Play March 26

The Juniors of Wellington High School will present their play, "Spring Fever," Friday night, March 26, at 8:00 o'clock at the school auditorium.

The characters of the play are: Howard Brent, a senior at Brookfield College, played by Billy Earl Wallace; Anne Purcell, Howard's heart interest, Ladora Hall; Ed Burns, a chemistry student, Don Leach; Vic Lewis, an art student, Cecil McBride; Lou Herron, a journalism student, Brownie Nan Lamb; Vivian George, Vic's heart interest, Katherine Clark; Mrs. Spangler, the landlady, Lyla Ryan; Henry Purcell, Anne's millionaire father, Bobby Joe Spears; Phoebe Purcell, Anne's mother, Doris McKinney; Maude Corey, Howard's spinster aunt, Lucille Hedger; Professor Virgil Bean, of the Zoology department, Jack Boverie; and Doctor Dixon, the president of the college, Eddie Crawley.

The play is centered around a college boarding house where anything may happen—and does.

Mr. and Mrs. Howard Ezell are sponsors of the class and Mrs. Lester Bengie is directing the play. A small admission fee will be charged.

Quail Senior Play April 2

"Listen to Leon," the Quail senior play, will be presented April 2, at the Quail auditorium. This play is a comedy in three acts that has been received enthusiastically at its previous performances in the county.

The cast includes Leon Bryan, a young doctor who is inclined to lie, played by Tommy Tate; Colonel Bryan, his wealthy uncle, L. J. Jones; two lovely girls, Glennis Maxwell and Darleen Lang; Babe, Leon's step-daughter, who is almost 40 years old—he is 24—Janice Leggett; Guisepe, Charles Osborn; Archibald Darby, Earl Harwell; and Nellie, the maid, Naomi Neeley.

B. P. Clark Dies Unexpectedly At Noon Sunday

B. P. Clark, a Wellington farmer for the last 24 years, died at his home at noon Sunday, March 21. His death came as a shock to his many friends here, and followed a stroke which he suffered only a few hours before.

Mr. Clark had been in ill health for several years, but he had continued to carry on his farming operations until the time of his death.

Funeral services were conducted from the First Baptist Church in Wellington Tuesday afternoon with Rev. H. H. Kinkeade, pastor, in charge. Gathering to pay final tribute was a large crowd of friends and acquaintances who had known Mr. Clark and admired him as a citizen and friend.

Pallbearers for the service were Lee O'Neil, H. Lee Roy, Lawrence Warrick, Velman Warrick, J. B. Sasser, and M. A. Barton. Flower bearers were Donnie Armstrong, Dorothy Jane Lindsey, Nellie Lentz, Katie Lentz, Nancy Wallace, and Christine Lindley.

Hymns included "Lily of the Valley" and "Where We'll Never Grow Old," by the choir. Interment was in the Wellington Cemetery with the Kelso Funeral Home in charge.

Booker Preston Clark, a native of Arkansas, was born November 17, 1881, and at the time of his death he was 61 years, 4 months and 4 days of age.

* Point values that consumers will pay beginning next Monday morning, March 29, for meats, cheeses, fats and oils, and canned fish under the newest and largest wartime rationing program were released Wednesday by the Office of Price Administration.

The weekly allotment of 16 points per person, represented by red stamps in War Ration Book No. 2, compares with an average weekly allotment of 12 points per person under the canned goods program. On a "per pound" basis, the point values of individual items under the meats-fats program are sharply lower.

Almost all popular meat cut have point values of eight points a pound and less. Butter is assigned a value of eight points a pound and a similar value is given to all of the rationed cheeses. All canned fish is valued at seven points a pound.

OPA officials emphasized that while the first point values under the new program have been set with the most careful regard to supply and consumer preferences, it is not possible to gauge these and other factors in advance with absolute accuracy. Adjustments will be made whenever they are indicated to be necessary by actual operations under the program.

A list of the principal items on the official consumer point table in terms of points per pound follows:

Eight Points Per Pound
Porterhouse (T-bone) steak, sirloin steak, round steak, and flank steak.

Standing rib roast, (7-in. cut). Veal loin chops, veal cutlets and calves liver.

Loin lamb chops, boneless lamb shoulder.

Center cut pork chops and roasts, fresh or cured sliced ham, boneless picnic, and boneless butts.

Ready-to-eat tongues and boneless picnics.

Bacon, rind off, by the piece or sliced.

Semi-dry sausage (such as soft salami, thuringer, and mortadella).

Butter.

Cheeses—cheddar (American), swiss, brick, limburger, edam, smoked, etc.

Seven Points Per Pound

Standing rib roasts and steaks (10-in. cut), boneless chuck or shoulder.

Veal rib chops and veal sirloin.

Lamb rib, leg and shoulder chops.

Pork loin end and shoulder chops and steak, whole or half pork loins, whole or half hams (fresh or smoked), and boston butts (bone in).

Bouillon cubes, beef extract and all other meat extracts and concentrates.

Bacon, rind on, by the slab or piece.

Pork sausage, wieners, bologna, and liver sausage.

All fish in hermetically sealed containers, including sardines, salmon, tuna fish, crab meat, fish roe, caviar, mackerel, etc.

Tins or glass jars of beef, lamb and veal tongue, and vienna sausage.

Six Points Per Pound

Standing blade rib roast (10-in. cut); chuck or shoulder roast (bone in); brisket, neck, heel or round, and shank—when boneless.

Beef livers and tongues.

Veal shoulder chops and veal rump and sirloin (bone in); leg and shoulder roasts of veal (bone in)

Bond Sales Exceed Recent Quotas

Both the January and February War Bond quotas for the county have been exceeded, and the March quota will be passed by a large amount, R. D. Wiley, county War Bond Chairman, said Tuesday.

The January quota was exceeded by a substantial amount. The February quota was set at \$22,000, and \$24,562.50 was raised.

While the March quota is \$22,800 more than \$28,000 worth of bonds were sold during two weeks, Mr. Wiley said. The report from the state headquarters showed that \$10,200 in bonds were purchased by county residents during the first week of the month. Official reports for the other weeks have not been received, Mr. Wiley said.

Family Allowance For Service Men Explained

The government will help enlisted men in the lowest grades of Service to take care of dependents through the family allowances. Because the families of many men in this county are now receiving these allowances, and because many others will receive it in the near future, these questions and answers are published to give a full explanation of this type of aid to the families of men in service.

Question: What is a Family Allowance?

Answer: A Government check sent to the soldier's dependents regularly every month. The Family Allowance is made up of money set aside from his pay and money contributed by the Government. It is granted only upon application. It is payable only to dependents eligible under the law. These include, primarily, wife and child (Class A relatives); dependent parents and minor dependent sisters and brothers (Class B dependents).

Q.: How much is set aside from the soldier's pay?

A.: \$22 a month, if the allowance is for Class A relatives only, or class B dependents only. \$27 a month, if it is for both Class A and Class B.

Q.: How much will the soldier's dependents get?

A.: Here are a few examples: Wife—\$50
Wife and child—\$62
Wife and 2 children—\$72
Father and mother only—\$47
Wife and parents—\$80

Q.: How soon does a Family Allowance begin to be paid?

A.: The allowance begins to accrue the month after he applies and is payable when that month has ended. For instance, if he applies in March, the allowance begins to accrue in April and is payable in May.

Q.: Who may apply?

A.: The soldier may apply as soon as he is on active duty. All enlisted men in the fourth, fifth, sixth or seventh grades may apply. Dependents may apply, too, but it is better for the soldier himself to do it. His wife or child (also a divorced wife to whom alimony is payable) may receive this benefit with or without his consent. But class B dependents may receive it only if the soldier agrees.

Q.: How is application made?

A.: Application is made only on the official form WD, AGO 625. These forms are available at Reception Centers, Recruiting Stations, local Chapters of the American Red Cross, Service Command Headquarters, and the Office of Dependency Benefits.

Q.: Is documentary proof of relationship and dependency required?

A.: Yes, and soldiers or relatives should gather that proof before submitting applications and attach it to application. Documentary evidence consists of certified copies of the public or church record of marriage and of the birth of the soldier's children; two affidavits of dependency, sworn to by disinterested persons, for each Class B dependent named in application. Evidence must accompany any application filed by a relative or dependent of the soldier.

All Army men may authorize a Class E Allotment from their pay. For their dependents

For a civilian life-insurance premium

To a bank, for savings or a checking account in the soldier's name or in the name of a dependent.

Q.: What is a Class E Allotment?

A.: The Class E Allotment is a voluntary allotment authorized by a man in the Army, by WAAC's, by Army nurses and by certain

TOMATOES FOR TULIPS

civilian employees of the War Department on duty outside the United States. The allotment is taken from the allotter's pay check each month and sent to his dependents in the form of a Government check. It may be in any amount the allotter wishes to authorize, provided (if he is an enlisted man) he leaves himself not less than \$10 a month. An officer may allot his entire pay and allowances.

Q.: Who mails the checks?

A.: The Office of Dependency Benefits, 213 Washington Street, Newark, N. J., administers Class E Allotments as well as other soldier's benefits, and issues all checks.

Q.: How soon will an allotment be paid?

A.: An allotment is payable at the end of the month for which it is made. Check may be mailed during the following month. An allotment authorized to begin in January is payable in February.

Q.: Can a soldier authorize an allotment and also apply for a Family Allowance?

A.: Yes, if in the fourth, fifth, sixth, or seventh grades of the Army.

Q.: Can he increase, decrease, or discontinue an allotment?

A.: A soldier may do so at any time on the official form provided for this purpose.

Q.: What is the difference between an allotment and a Family Allowance?

A.: An allotment is a sum deducted entirely from the serviceman's own pay. A Family Allowance consists of a sum deducted from his pay, plus a sum contributed by the Government, and is payable only to certain relatives or dependents.

Social Security Card Lost Would Provide 13 Bullets

"Every time an American worker loses, destroys, or mutilates his social security account card, he is wasting as much money as it costs to provide 13 bullets to an American soldier," Dewey Reed, manager of the Amarillo Social Security Board field office said today. He asked that holders of social security cards safeguard them as a wartime conservation measure.

Nearly 2,000,000 duplicate account cards were issued by the Social Security Board in the last 12 months. They were issued to persons who had lost or destroyed the ones originally given them.

"The money spent for printing, processing and mailing the 2,000,000 duplicate account cards could have purchased more than 550 jeeps for the Army, or 25,000,000 rounds of ammunition," Dewey Reed said, to illustrate the wastefulness of failure to safeguard the original cards. "If taken care of properly," he added, "the social security cards will last a lifetime," and gave the following tips:

"Don't carry your card with you unless you must. Put it in a drawer, safe, or other place where you keep valuable documents. Know where the card is. Before putting it away, place it in an envelope and mark it: 'My social security card.' Then you will be able to find it in a hurry, if necessary."

"If you change jobs frequently, and need to carry your card with you, don't just stuff it in a pocket. Try to protect it against loss, wear, or mutilation. Never keep your card in your overalls or shirt pockets. Many losses occur because the shirt or the overalls—along with the card—are tossed into the laundry tub."

Mr. Reed also warned against using the card for identification purposes. He said the card is not only valueless for identifying persons, but such use results in wear and tear and shortens the life of the card.

Mr. and Mrs. Raymond Graham and children, Bennie and Sherry, spent Saturday night with Mrs. Graham's parents, Mr. and Mrs. B. B. Morris, of Quail.

Cagle Honored By Baylor Magazine Non-Highway Gas Setup Keyed To Farm Production

Dr. A. P. Cagle, professor and head of Political Science Department of Baylor University, son of the Mr. and Mrs. H. I. Cagle of this county, was recently pointed out in the Century magazine of Baylor University as a professor who employs theory and practice.

Professor Cagle with more earned degrees likely than any other professor in like position, his B. A. degree from Baylor, M. A. degree from Iowa, LL. B. degree from Baylor, and the Ph. D. from Texas, supplements the theoretical knowledge with practical experience and common sense.

Dr. Cagle, a native Texan, a graduate from Wellington High School, a former teacher in the rural schools of Collingsworth County, a teacher in the high schools of Mineola and Waco, has taught Government at the University of Texas, and has been for a number of years the Chairman of the Department of Political Science at Baylor.

In addition to his teaching experience he has served four years as a member of the Texas Legislature and is a member of the Waco Bar Association. For two years Dr. Cagle has directed large numbers of students, invited from McLennan County schools, in an educational institute in political science in which the laboratory method has been employed with merited success. Due to gasoline rationing this institute may have to be postponed for the duration.

County Court Term Continuous

A continuous term of county court was approved by the commissioners court in their regular meeting held last week, Judge Howard Riggs announced.

Under this new arrangement, each term of court will continue until the opening of the next succeeding term.

The four terms will begin on the second Monday in February, May, August, and November.

Probate matters were heard before Judge Riggs Monday, March 15. Other cases, involving the sale of intoxicating liquor, will probably come up for trial during next week, W. M. Tucker, county attorney, said.

Uninterrupted farm production during 1943 keynotes the move which transfers non-highway gasoline applications from county war price and ration boards to county farm transportation committees. Under the new order which became effective March 1, all applications, whether on a new or renewal basis, will be referred to Texas' 254 county farm transportation committees for analysis and recommendation.

Later, applications for tractor fuel oils in those cases where the ration board feels adjustment is required also will be referred to farm transportation committees for recommendation.

Objective of the Office of Price Administration move is to insure farmers receiving sufficient supplies of gasoline and other tractor and engine fuels for 1943 production, B. F. Vance, chairman, Texas USDA War Board, said in making the announcement.

In making recommendations to the county ration boards on the amounts of gasoline and fuel needed, county farm transportation committees are being asked to examine the 1943 farm plan sheet of the producer, and recommend the probable amount of gasoline required to meet the needs of the farm operator for the six months' period of the ration.

Excessive as well as inadequate rations are equally undesirable and county transportation committees should not hesitate to ask the community transportation leader or the community AAA committee-man to check for them the equipment and needs of the applicant, Vance said.

Sabotage in your Garage - Arrest ACID!

THE ENEMY'S forced you to rationing. Now he'd make your engine the victim of vicious acid. The mere stopping of your engine always leaves it stuffed with vile fumes and dilute acids—the ever-present products of combustion. And there they stay.

Formerly these sources of corrosion were kept mostly cleared out, because you drove frequently and fast. But now in saving coupons and tires you may not soon use your car again, and you don't make those long speedy runs that maintained normal engine heat a good while, to help drive acids off. That's why harmful leftovers in the cylinders nowadays are serious. But you can combat their dirty work by keeping your engine internally OIL-PLATED.

How? Just change to Conoco Nth motor oil this Spring. It's made under U. S. Patent No. 1,944,941, covering an added modern synthetic in Conoco Nth, whose proved purpose is to give inner engine parts their preservative layer of OIL-PLATING. And like the more familiar platings that arrest the attacks of mere water, this OIL-PLATING powerfully tends to arrest acid action...inner corrosion of precious parts that often can't be promptly replaced today. Yet you pay only an everyday price for Conoco Nth. Change for Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

No soldier in the world today has a better, tougher helmet than our own fighting men. It's made of manganese steel—the toughest, strongest protective steel that science and industry together can produce. And it's made in electric furnaces at 3,000 degrees Fahrenheit!
By helping make steel strong, electric power makes West Texas and Uncle Sam strong, too.
One big basic reason for Uncle Sam's matchless war production is America's abundant power supply, over 90 per cent of which is supplied by electric companies like the West Texas Utilities... operating under well-balanced business management and manned by men and women with training and experience in production problems.
This power was ready when war came because these men and women already had the "know-how" and the freedom to plan and create—the initiative to invent and improve—for everybody's benefit.
This, too, is why the average West Texas home today gets twice or three times as much electricity for its money as just ten or fifteen years ago!
It's the reason why electricity will be on the job to help rebuild a battered world—after we have won the victory and the peace.

Rites For Cadet Boucher Held At Chillicothe

Funeral services for Aviation Cadet Zandel Boucher, 25, the son of Dr. R. T. Boucher of Wellington, were conducted at the First Baptist Church of Chillicothe Wednesday afternoon, March 17, at 3 o'clock. The Rev. Ira L. Parrack, pastor, was in charge.

Cadet Boucher was killed when the training plane he was flying collided with another plane in mid-air at the CalAero Airfield, Ontario, California, on Thursday, March 11. He was alone in the plane. The flyer of the other plane involved in the crash escaped.

Born in Chillicothe on Christmas Day, 1917, Cadet Boucher graduated from Chillicothe High School and later attended the University of Texas and West Texas State Teachers College. Later he was employed by a wholesale grocery firm in Amarillo.

Cadet Boucher reported for duty at Lubbock Flying Field November 4, 1942, and was sent to Santa Ana, Calif., where he completed his basic training. He was recently transferred to Ontario.

Although he never lived here, Cadet Boucher often visited his father during the summer months, and he has a number of friends here.

Surviving are his wife, Mrs. Zandel Boucher of Childress, his parents, Dr. Boucher of Wellington and Mrs. Jewel Boucher of Chillicothe, a brother and four sisters, R. R. Boucher of Paducah, Miss Loye Boucher of Cushing, Okla., Mrs. Bert Davis and Miss Zera Boucher of Wichita Falls and Mrs. Robert D. Pettitt of Houston.

Commercially Used Trailers Require War Certificates

All commercial motor vehicle owners who have trailers must have Certificates of War Necessity on such trailers in order that they may be able to purchase tires, equipment and repair parts for same, W. F. Nelson, of the Amarillo, ODT office has announced.

"ODT General Orders provide that all rubber tired trailers drawn by commercial vehicles must have a Certificate of War Necessity. Operators who do not have certificates on their trailers should apply for application forms to the district ODT office, 1008 Pisk Building, Amarillo, Texas, at once, otherwise, you may find yourself unable to purchase tires and repair parts at a time when they are badly needed," Mr. Nelson said.

Trailers propelled exclusively by private passenger cars do not require certificates.

Shamrock Oil Mill Gets Soybean

A break in the protein feed shortage in some areas was expected this week as 24,000 tons of northern soybeans were headed for 16 Texas mills for crushing and the Texas USDA War Board routed 15 additional carloads of soybean meal to livestock producers.

Scheduled under March 1 delivery was 5,500 tons of soybeans to mills at Waco, Shamrock and Balinger while the March 2 delivery of 18,500 tons was routed for crushing at Hubbard, Texarkana, Greenville, Sherman, Longview, and Caldwell.

Other mills which will receive soybeans from the March 2 release are located at Dallas, Paris, Honey Grove, Sulphur Springs, Wimboboro and Gilmer.

Operating under contract with the Commodity Credit Corporation, Texas mills which crush northern soybeans are permitted to sell one-half of the meal to livestock producers while the remaining one-half is retained by CCC for shipment into critical areas.

The amount of CCC-owned meal

available for a particular area may not be sufficient to break a drastic shortage since the Corporation divides the supply between all states which need protein feeds.

Using all resources available, the Texas USDA War Board, in obtaining the 15 additional cars this week, has routed 53 cars of CCC soybean meal into Texas areas where the feed shortage is particularly acute. Other shipments will be routed as rapidly as the meal becomes available, the board said this week.

To date, 125,000 tons of soybeans have been shipped from northern states to Texas for crushing and the meal expected from these shipments approximates 100,000 tons.

Army Navy Air Force Marines Coast Guard

Neil Braboy, who reported for active duty as an aviation cadet in the U. S. Army Air Force Wednesday, phoned Mrs. Braboy Monday morning that he is stationed at Santa Ana, Calif., for his initial training.

He told her, also, that his group would be in quarantine for 42 days.

Sgt. Claude Gentry, stationed at Coffeyville, Kansas, is here visiting his mother, Mrs. Beulah Gentry. Arriving March 15, he will not report back for duty until March 31.

Sgt. Gentry is with the U. S. Air Forces. His work includes driving a gasoline truck for a servicing crew. This is his first trip home in 10 months.

He likes the work he's doing, and the branch of service he's in, but Sgt. Gentry looked mighty happy when he walked around the square during his first days here shaking hands with the people he used to know.

Pvt. Ted Amburn, the son of Mr. and Mrs. J. J. Jones, is stationed with a tank division training at Fort Lewis, Washington. He entered service February 26.

Dodge City Armed Air Field, Kan.—Newly arrived from Army Air Base, Dalhart, Texas, to do his part at this new "Transition Flying School of the AAF Gulf Coast is Tech. Sgt. George R. Langley, of Wellington, Texas. He is a member of the 876th Squadron here.

Alvie Redden declares that he hadn't any more than average knowledge of photography when he entered the Navy October 9, but Naval officials discovered his talent in that direction and in short order made an expert photographer of him. Now he makes the official identification pictures of the men at the San Diego, Calif., Naval Training Station.

Redden, a second class seaman, was here recently visiting his parents, Mr. and Mrs. J. E. Redden of Wellington. Before entering service, he was principal of the Samnorwood Grade School.

He is enthusiastic about the Navy and feels that he has been mighty lucky. He likes California, too, but adds, "I wouldn't trade two of it for one of Texas."

Talking of his work, Redden said that the new high speed cameras used, he can photograph 160 men in 25 minutes. The most he's done in one day is 960. These cameras, he explained, are no secret with the armed services, but simply of a type developed commercially and put to military use.

Since he has considerable time off, he has visited most of the historic sites in San Diego. He spoke highly of the work of the U.S.O. and the Y.M.C.A. in providing for the men in service.

During the time he has been there, he has seen several other Samnorwood seamen—including Henry Oldham, Oliver Wischkaemper, Doc Bradley and Billie Joe Whitfield.

Raymond C. Creed, the son of Mr. and Mrs. H. C. Creed, is one of the group from this county now stationed at Fort Knox, Ky.

Pvt. Irving Henry Price, who left here for Army service only a short time ago, is stationed at Camp Joseph T. Robinson, Ark.

Cpl. Bill Simpson, the son of Mr. and Mrs. P. M. Simpson near Samnorwood, is now stationed at Sheppard Field. He has been in service about a year. Another son, Audrey Simpson, is first class fireman on a fighting vessel with the Pacific fleet. In the Navy for three years, he hasn't been home for more than two years Mr. Simpson said.

Leon Maples, seaman first class, the son of Mr. and Mrs. N. C. Maples of Lubbock, is now somewhere in the Pacific, according to his grandmother, Mrs. Ethel Cooley. Young Maples joined the Navy in October 1942, and received his training at Great Lakes, Ill. He is 17 years of age. Maples formerly lived here.

James L. Gosnell of the U. S. Navy, was promoted to seaman, second class, he wrote his wife here recently. Seaman Gosnell is stationed at San Diego, Calif., for his training. He has been in the Navy for about five weeks and he reports he likes it fine.

Home on a four-day furlough was Pvt. Carl Winton, stationed at the Waco Army Flying School. He was visiting his parents, Mr. and

Mrs. B. G. Winton. Private Winton entered service in October and was stationed at Ellington Field until recently.

Like almost all the other men from this county, he reports he likes military life very much. Just now, he is attending an ordnance school, studying various types of guns and small arms.

He returned to duty Sunday morning.

James E. Winter, the grandson of Mr. and Mrs. M. Winter of Wellington, received his wings and commission as Second Lieutenant at the Lubbock Army Flying School Saturday, March 20. He is their second grandson to receive a commission this month.

Lieut. Winter was born and reared here, and since moving from the county, has returned to visit many times. He is the son of Mrs. J. R. Winter of Amherst and the late Mr. Winter.

Pvt. Hurschel Phy, who was inducted into the Army Air Corps several months ago, is now stationed at the Glider School at Dalhart.

Pvt. Phy expects to begin training as a mechanic soon.

Pvt. O. C. Hartman is stationed with a tank company at Camp Campbell, Kentucky. He is the son of Mrs. Bertie Hartman of Wellington. Before going to Camp Campbell, he was stationed at Fort Knox.

Preston Glazner, who formerly lived near Dozier, has been promoted to the rank of sergeant. He is with the Air Forces as a ground crew member, and is stationed at Eagle Pass.

Pvt. Johnnie A. Harkins, who lived in the north part of the county, and who entered service recently, has been assigned for training to the Medical Replacement Training Center at Camp Robinson, Ark.

Pfc. Alva Hall, who has been stationed at Camp Cook, Calif., since he entered service, was transferred recently to Camp Forrest, Tenn. Mrs. Hall, who has been with him, visited with relatives in the county from Friday until Monday while en route to Tennessee.

Ellis Dawson of Dodson, one of the few men from this county to have received the Air Medal for bravery in action, has been promoted to staff sergeant. He is stationed somewhere in the South Pacific—his family believe he's on Guadalcanal.

Recently he and other crew members on his plane sighted and were responsible for the rescue of 15 men on a life raft.

Sgt. Dawson writes his parents, Mr. and Mrs. J. E. Dawson of Dodson, and other relatives that he believes the worst of the fighting in the Southwest Pacific is over.

Cpl. Roy White of Fort Berry, Calif., has been here spending a 15-day furlough with his parents, Mr. and Mrs. Jessie White, and Mr. and Mrs. Pete White. His parents accompanied him to Amarillo where they visited other relatives until Sunday.

Cpl. White is in the communication section of harbor defense division of the coast artillery. This was his first furlough since he entered the army 17 months ago.

Jack Brisbin, son of Mr. and Mrs. L. E. Brisbin of Quail, is now stationed somewhere in North Africa. He has been there since February 21. He left for the Army in June, 1942.

Pfc. Morris McKinney of Needles, Calif., has been visiting his parents, Mr. and Mrs. W. O. McKinney of Dodson, and his brother and family, Mr. and Mrs. Curtis McKinney. He left Monday to return to Needles.

S-3c Paul McKinney and Mrs. McKinney of Dallas are here visiting their parents, Mr. and Mrs. W. O. McKinney of Dodson, and Mr. and Mrs. Guy Clement. They are also visiting Mr. and Mrs. Curtis McKinney.

In a letter to relatives, Leroy Holly, a former resident of Wellington and who is stationed somewhere in Alaska, tells of finding a Wellington Leader there and how much he enjoyed reading it. He says that is the best way to keep up the morale of our fighting boys.

Pvt. Willie White, son of Mr. and Mrs. Jessie White, writes to them that he is receiving the Wel-

lington Leader in North Africa. He asks them to express his thanks to Mr. Wells for sending it.

Sheppard Field.—Pvt. Wilson E. Sanders, son of Mrs. J. E. Sanders of 709 Ennis street, Wellington, Texas, has graduated from an intensive course in aviation mechanics. Sheppard Field, near Wichita Falls, is one of the many schools in the Army Air Forces Technical Training Command which trains the technicians who maintain our bombers and fighter aircraft in perfect combat condition. He is now eligible to become crew chief on a bomber and to win a rating as corporal or sergeant.

Fort Des Moines, Iowa.—Auxiliary Oma Smith of Dodson, Texas, was a member of the unit leaving the First Women's Army Auxiliary Corps Training Center here recently for service at Fort Belvoir, Va.

While at Fort Des Moines she received military training preparing her to release a trained combat soldier from behind-the-lines work. Members of the unit will replace soldiers at such jobs as post-exchange workers, postal clerks, stenographers, switchboard operators, drivers of light motor trucks, chauffeurs, dispatchers, bookkeepers and typists.

Doyle Graham of Fort Portsmouth, Va., who is a member of the Coast Guard Naval Reserve, spent last week in the county visiting his mother, Mrs. Louise Glazner, and also visited his grandmother while here.

J. E. Childress of Portsmouth, Va., and of the Coast Guard Naval Reserve was in Wellington last week on a ten-day furlough visiting his parents, Mr. and Mrs. George Childress.

Tech. Sgt. Jerry Carmichael and Tech. Cpl. J. B. Craft of Camp Berkeley, Texas, have been visiting in the home of Cpl. Carmichael's parents, Mr. and Mrs. Jerry Carmichael.

Rebekah Lodge Reports District Meeting Events

The Rebekah Lodge met Monday night, March 22, for their regular meeting. One new member was initiated. Mrs. Ethel Brickley gave a report on the District Lodge meeting at Dallas. Fred Kersten also reported on the IOOF Lodge meeting at Dallas.

The members have been working at the Red Cross room and reported 70 hours of work. Nineteen members were present.

Mrs. Neil Braboy and Mrs. Harold Watkins returned last Thursday from Dallas. They had accompanied Mr. Braboy there where he reported for duty in the Army Air Corps.

Mrs. W. D. Bailey, Jr., underwent a major operation recently in St. Joseph's Hospital.

MARELLA

By MRS. PRESTON GILBRETH

A small group attended Sunday school Sunday. We urge every member to try to be present Sunday.

Mr. and Mrs. E. L. King and Mr. and Mrs. Kenneth King of Fresno visited Mr. and Mrs. Joe Claunch Sunday.

Mr. and Mrs. Wilburn Depauw and son of Amarillo visited Saturday with both their parents, Mr. and Mrs. Charlie Depauw and Mr. and Mrs. E. G. Pierce.

We are glad that Mrs. Charlie Depauw is able to return to her home from the hospital in Missouri where she has been under treatment.

Mr. and Mrs. Otto Russell and sons, I. D. and Leo, visited Sunday with Mr. and Mrs. Preston Gilbreth and Richard.

Some of the farmers of this community have begun farming. Others are waiting for a good rain, which we hope will come soon.

Robert Banister and father of Clarendon were visiting in this community Saturday and Sunday.

We just want to say hello to all the boys in the services that receive the paper and especially those from this community and Quail. We wish the very best for you wherever you are.

Baptist Pastor Moves Here To Make Home

Rev. and Mrs. T. L. Nipp moved here recently from Moran to make their home. Rev. Nipp is pastor of the Baptist churches at Parnell and Carey, devoting two Sundays a month to each.

In addition, he is farming the John Gardner farm, two and one-half miles northwest of Wellington.

Rev. and Mrs. Nipp have three children, Joan, Thomas L. and Billie Noel.

LOCO

By MILDRED RAY

Lt. and Mrs. Sam Crow of Monmouth, Oregon, are spending ten days with Mrs. Crow's parents, Mr. and Mrs. E. S. Copeland. They are moving to Columbus, Ga., where Lt. Crow will be stationed for three months.

Mr. and Mrs. C. B. Carter of Hollis visited Mrs. Carter's parents, Mr. and Mrs. E. S. Copeland, over the week end.

Mrs. Osear Daugherty spent the week end in Childress.

Mrs. John Crowder will live in one of the gin houses at Arlie until she builds or moves a house on her farm. Mrs. Crowder's house burned last Sunday.

Rev. and Mrs. Bennett and family of Loco spent Sunday in Quail.

Mr. and Mrs. E. V. McClendon and family visited in Dodson Sunday.

YOU'RE RIGHT, MISTER! No thinking person would willingly let down anywhere in our war effort—and jeopardize our chances of a complete and early victory.

—And yet, the Cottonseed Crushing Mills can hardly get enough cottonseed to operate at more than half capacity.

The increasing need for Cottonseed Cake and Meal, for Beef and Dairy Cattle, makes it imperative that we grow ALL THE COTTON POSSIBLE, or face a dangerous shortage of FEED, essential to produce Live Stock and their products.

Let's do away with "Half Measures" and produce more FOOD FOR FREEDOM!

Let's raise more COTTONSEED—America's greatest single source of rich PROTEIN.

Cattlemen Call For More Cotton To Supply Feeds

FT. WORTH.—Immediate steps to declare cotton a war crop and ask farmers to plant all of the cotton acreage they can in 1943 were urged upon the Secretary of Agriculture in a resolution adopted by the annual meeting of the Texas Southwestern Cattle Raisers Association, March 17th.

Greatly concerned over the critical scarcity of protein concentrates now, and prospects for a "protein famine" in the fall and winter of 1943, members of the Association, one of the nation's leading livestock groups, pointed out that cotton is the Southwest's most dependable, widely-adapted source of protein concentrates.

"Concentrated protein is essential to supplement range grass and carbohydrate feedstuffs, such as corn, grain sorghums and other Texas and Southwestern feedstuffs, for the maximum volume and efficiency of cattle production," their resolution said. "The beef cattle industry of the Southwest needs a much larger supply of protein concentrates than is now available, and Experiment Station records and practical experience in Texas have proved that cotton is our most dependable source of protein concentrates and other needed war materials. Only immediate action to permit farmers to plant all the cotton they can at this late date will prevent a most critical shortage of protein concentrates next fall and winter."

Oil mills have produced more cottonseed cake and meal this season than last season, sold more than they produced, and are crushing a large volume of soybeans from the Corn Belt to relieve the present crisis, A. L. Ward, Educational Director, National Cottonseed Products Association, told the meeting. Only increased cotton production in the Southwest, however, can provide a dependable supply of protein concentrates at the minimum freight cost to meet the needs of cattlemen and other livestock raisers producing "Food for Victory."

Mr. and Mrs. Kelly Pigg and son went to Dallas Wednesday on business and to visit relatives.

SAMNORWOOD

By MRS. C. W. FRITTS

The entire community was grieved and shocked to learn of the death of Mrs. Barney Walker. Mrs. Walker had lived in this vicinity all her life and has a host of friends who extend deepest sympathy to the bereaved family.

Mr. and Mrs. Claud Whitfield and children and Mr. and Mrs. Shorty Scott of near Wellington left Saturday for Norman, Oklahoma, where they will visit Billie Joe Whitfield, who is in the Marine Air Corps there.

Miss Virginia Turner of Fort Worth and Marvin Turner, who is in the Sea Bees of the Navy, stationed in Rhode Island, visited from Saturday until Monday with their parents, Mr. and Mrs. Sam Turner and children.

Mr. and Mrs. Ernest Browning and children and Patsy Roark of Lutie visited Mr. and Mrs. W. L. Browning Sunday afternoon.

Mrs. S. J. Carrell returned home Friday from Spade where she visited her daughter and family, Mr. and Mrs. J. Griffin and daughters.

Doyle Glazner arrived Saturday on furlough from Virginia, where he is in the Coast Guard. He is visiting his mother, Mrs. Louise Glazner, and other relatives.

Miss Mae Jean Fritts of Canyon visited her parents, Mr. and Mrs. Walter Fritts and Belta over the week end.

Mr. and Mrs. C. B. Cates moved to Wellington last week to make their home.

Mr. and Mrs. Jim Whitfield and son of Wellington moved to their farm vacated by the Cates.

Mr. and Mrs. Granger and daughter moved recently from Dozier to the Vernon Fritts farm house.

Mr. and Mrs. Jack Tinkle and children, Mrs. W. H. Montgomery, Mrs. Jack Walker and Mrs. Merle Walker of Canyon arrived Wednesday night to be at the bedside of Mrs. Barney Walker. Mrs. Tinkle is Mrs. Walker's sister, Mrs. Montgomery her mother, and the Mmes. Walker her daughters-in-law.

Pvt. Jack Walker of Santa Anna, Calif., arrived Friday to attend the funeral of his mother, Mrs. Barney Walker. Tech. Sgt. Walker arrived Sunday night from Seattle, Washington, also for the funeral.

Mr. and Mrs. Bert Starkey and Mrs. John Walker of Amarillo were here to attend the funeral of Mrs. Barney Walker.

Jeff Mankins, Colorful Pioneer, Dies At Shamrock

Jeff D. Mankins, 76-year-old Shamrock man, and one of this county's colorful early day residents, died at his home there Sunday evening, March 14. He had been in ill health for three years, and confined to his bed for most of the time since November 4.

Funeral services were conducted from the Baptist Church in Shamrock with Rev. Virgil Lollar in charge. Pallbearers were B. F. Kersh, Hal Vaughan, H. E. Forgy, B. F. Holmes, J. H. Caperton and Bill Walker. Flower bearers were Mrs. B. F. Risinger, Mrs. J. F. Shortt, Mrs. Fred Holmes, Mrs. E. K. Bechtol, and Mrs. George Stanley.

It was as a member of the Texas Rangers that Mr. Mankins came to Collingsworth County shortly after its organization. He often recalled that it was to settle trouble between the Rocking Chair Ranch and small settlers who were coming in that he was sent here.

Mr. Mankins possessed a rich store of memories of this area during the days of its settlement and he would tell in a spirited manner of his experiences during that period.

He was born at Georgetown June 25, 1886. On January 18, he was married to Miss Eula C. Coleman, who died November 1, 1928. On November 18, 1934, he was married to Miss Anice Burcham.

In addition to his wife, Mr. Mankins is survived by a niece, Mrs. Fred Parks of Shamrock, whom he reared; a step-daughter, Lorraine Baxter of Shamrock; and five sisters and three brothers.

Mrs. J. D. Coleman, who lives in the north part of the county, underwent a major operation in St. Joseph's Hospital early this week.

Bill Cummings returned home from Albuquerque, New Mexico, last week where he had been for the past few months in a government hospital. He has been dismissed from the hospital and is home to stay.

Patricia Sullivan Treasurer Of T.S.C.W. Senior Class

DENTON.—Miss Patricia Sullivan, daughter of Mayor and Mrs. Pink Sullivan of Wellington, has been elected treasurer of the senior class at Texas State College for Women.

Miss Sullivan is majoring in business administration. She is a member of the Panhandle Club, a regional club and the Delians, a social group.

The vacancy in the class officers occurred with the graduation of one of the members in the mid-term graduation.

Mr. and Mrs. W. R. Smith of Elk City, Okla., visited over the week end with their sister, Mrs. L. A. Black.

J. E. Warrick To Farm At Hereford

Mr. and Mrs. J. E. Warrick and son, J. E. Warrick, Jr., left last week end for Hereford where they will make their home. Mr. and Mrs. Warrick, residents of this county for the past thirty-three years, plan to farm near Hereford

raising wheat, potatoes and feed. They will also raise livestock. Mr. Warrick has been in the grain and mill business in Wellington for more than twenty-five years. His two sons, Velman Warrick and Lawrence Warrick, will continue to operate the Warrick Feed and Mill Company.

Editorial

History shows that military defeat is usually preceded by a collapse on the home front. Such collapse inevitably follows a breakdown in the supply of civilian necessities.

Nothing is more essential to the successful conclusion of a war than an efficient distribution system to meet civilian needs. This country has such a system. Hundreds of thousands of retail merchants scattered throughout every country in the United States, are working day and night to have food, clothes, and all commodities always available for the civilian population. Through their various trade organizations, they are co-operating with government in all phases of the price stabilization and rationing problems. They are spending millions of advertising dollars explaining to consumers the need for regulatory measures and how to comply with them. Where gaps in the rules exist, then merchants often ask voluntary co-operation of customers to prevent hardship. Who has not seen the makeshift placards requesting customers to limit their purchases of certain items? Government rulings cannot possibly cover every emergency, any more than they can materially soften the grim realities for the merchant.

Consumers seldom see evidence of these realities. They don't stop to think that back of the cheerful exterior of the modern store are sleepless nights for managements that must cope with nightmares of complicated rules, restrictions, price squeezes, labor shortages, staggering taxes and other problems without precedent.

It is doubtful if the public, or most merchants, fully realize the vital character of service which the distribution industry was destined to render in a total war economy. But they are finding out now. And when the war is over, it would be surprising indeed if the old political issue of chain versus independent stores was resurrected. It has at least been proved more powerfully than words can express that both are needed by consumers.—Stephenville Empire-Tribune.

Donald Nelson says that any problem can be whipped. He believes that sparing the rod spoils the war effort.

• Red Tape

If the branches of the Office of War Information don't look out they are going to be without information.

Not long ago Deskins Wells, who runs the paper at Wellington, Texas, received a request from the OWI office in Dallas for a subscription, price \$1.50. Accompanying it came a basketfull of Government forms to be filled out before payment could be made.

Wells took a look, bundled them up and sent them back, saying:

"I wouldn't fill out these forms for \$1.50."

But there is no reforming the Government red tape artists.

Last week the New York OWI office wanted one copy of The New York World-Telegram, price 3 cents.

Did that cause a commotion! But let The World-Telegram tell the story, headline and all:

WE HEREBY AND GLADLY GIVE THE OWI A PAPER

The World-Telegram today (Feb. 19) disposed of one of the most costly newspapers it ever printed, although it was exactly like the hundreds of thousands sold Feb. 9, for 3 cents each. The difference was in the purchaser.

Yesterday a messenger bearing "requisition 11964" on the letterhead of "The United States of America Office of War Information, 224 W. 57th St.," requesting a copy of the final edition of Feb. 9, appeared at The World-Telegram offices, 125 Barclay St. The requisition was duly filled out and signed. It promised "A confirming purchase order will follow in a few days."

The messenger was given a copy and departed. The World-Telegram clerk went back to his duties. No further thought was given the requisition and there was no intention of collecting 3 cents.

Today the promise of a confirmation order was kept with a vengeance. The confirming order itself arrived, filled out in 14 different places and properly in order, along with an "Important Notice" letter giving instructions on how to fill out four attached forms, one white and three yellow, in order to obtain payment of the 3 cents.

"Do not write in the spaces intended for government employees" and "the name of the vendor ('payee') and the signature and title (president, partner, proprietor, owner) must appear under the certificate at the left center of the voucher."

As it would have taken considerable time to fill out all the forms and answer the government's letter The World-Telegram called the Office of War Information and said, please, wouldn't the government accept the paper for nothing. The Office of War Information said it wouldn't—that all the forms had to be filled out as per instructions.

After struggling with the forms for a time The World-Telegram put in another call, which reached another government official, who agreed to accept the paper as a gift.

We hope he doesn't change his mind. WE DON'T WANT THE 3 CENTS.—E. M. Pooley in The El Paso Herald-Post.

• Pocket Bulge

One thing is certain you can't blame a bulging pocket for carrying a flask, today, as in the days of old. It now indicates ration cards, birth certificates, draft cards, drivers license or an army discharge.—T. W. Parker in The Melvin Enterprise.

The late Hick Halcomb, a picturesque individual if there ever was one (and a good friend of mine), used to tell about a candidate for district attorney who came to him for advice in a hard-fought campaign. Hick said, "Why don't you ask your opponent where he was on the night of March 19, 1936?" The candidate inquired, "But where was he?" Hick replied, "Thunder, I don't know—but he won't remember, either."

Nomination for the world's worst jokes:
He was a musician—but his monkey died.

The loan shark problem in Texas is nearer solution as the result of a unanimous report by a House of Representatives committee in favor of Rep. W. W. Bridgers' constitutional amendment giving the legislature authority to pass a statute regulating the small loan business. Most States have enacted such a statute but a constitutional amendment here is necessary first. Then individuals needing small, personal loans will not have to pay 240 per cent interest or more to foreign-owned chains that drain Texas of \$30,000,000 a year in extortionate interest. Soldiers, sailors and war plant workers are being victimized and public sentiment is strongly in favor of ending this vicious, unpatriotic racket.

Buck Bailey is, and has been for years, line coach of Washington State. When I knew him, he was a young athlete, starring as catcher of the Brady baseball team a long time ago. Managing the club was Bert Maxwell who had pitched for Brooklyn. Naturally all the players had a profound respect for the ability of the big leaguer—but Buck went beyond this and believed implicitly anything that Maxwell might say so long as the manager kept a straight face.

Former Rep. Bailey Jones of Austin (who was on the Brady team) relates that one day as the club came in for its last time at bat, Brady was two runs behind and Buck Bailey said, "Well, coach, it looks like they've got us." Maxwell said solemnly, "Not at all—Jack Hampton is going to lead off with a single; Bailey Jones will hit a double and then you'll bring them both in with a home run, giving us three scores and the ball game."

Buck said, "That would do it all right."

Hampton didn't open the inning with a single but he did get a base on balls, and that amounted to the same thing. Jones smashed a two-bagger and there were the two runners on base, just as Manager Maxwell had said. Buck strode to the plate, swinging three bats; tossed two of the sticks aside; planted his feet firmly, swung at the first pitch—and knocked it over the fence to score three runs and win the old ball game.

As Buck completed his trot around the bases, he looked over to the bench and yelled, "Well, Coach, it worked, didn't it?"

(A weekly news digest prepared by the Rural Press Section, OWI News Bureau).

Red Stamp

Red stamps from War Ration Book Two, which are good for the purchase of meats, cheeses, edible fats and oils and canned fish, will become valid and will expire as follows:

Week beginning March 29, Red Stamps bearing letter A- (16 points), expire April 30.

Week beginning April 4, Red Stamps bearing letter B- (16pts.) expire April 30.

Week beginning April 11, Red Stamps bearing letter C- (16 points), expire April 30.

Week beginning April 18, Red Stamps bearing letter D- (16 points), expire April 30.

Week beginning April 25, Red Stamps bearing letter E- (16 points), expire on a date to be announced.

Blue Ration Stamp

Blue stamps D, E, and F in War Ration Book Two, totaling 48 points, will be good from March 25 through April 30. Stamps A, B, and C will be valid only through March 31. Consequently, between March 25 and March 31, blue stamps A through F may be used to buy rationed canned foods.

Easterners Get 6 Gallons

Autoists in 17 Eastern States now will get only 6 gallons of gasoline a month. The new order does not apply to Texas, Oklahoma or Louisiana and other areas.

More Meat

After OPA empowered regional administrators to act whenever an area has an acute meat shortage which endangers public health, morale, or the war effort, the Dallas OPA office began authorizing slaughterers in some areas to increase their deliveries. Areas where increases have been authorized include: Austin, Brownsville, Smithville, Del Rio, Devine, Eagle Pass, McGregor, Temple, Hondo, Beaumont, Orange, Port Neches, Port Arthur, Midland, Odessa, Lamesa, Uvalde and Freer, in Texas; and Pryor, Okla.

Plenty Of Canning

Plenty of metal closures and rubber jar rings will be available for American housewives who will be doing an increased amount of canning this year. The War Production Board has removed all quota restrictions on the manufacture of certain types of metal lids used to seal the jars. Prohibition of the use of zinc is continued.

More Turkeys

Turkey growers plan to raise about 37 million turkeys this year, according to February 1 returns from over 5,000 farmers throughout the U. S. This would be the largest crop of turkeys ever produced in this country—12 percent larger than the 1942 crop.

Support For Sweet Potato

Prices of sweet potatoes produced in 1943 will be supported by the Department of Agriculture, L. J. Cappleman, regional administrator of the Food Distribution Administration at Dallas, announced. Secretary Claude Wickard has asked farmers to plant 1 million acres in 1943, to meet increased demands

for sweet potatoes. FDA will support U. S. No. 1 grade at \$1.15 to \$1.45 per bushel depending upon the season. U. S. No. 2 will be supported at 15 cents per bushel below the No. 1 price. Mr. Cappleman appealed to Southwestern farmers to save sweet potatoes for seed, as numerous dehydration plants already operating in this region are expected to provide a large new outlet for the crop this year. He warned that needs for seed potatoes cannot be met if the crop is sold for food.

Fresh Vegetable Prices

A temporary order issued by the regional OPA office at Dallas sets maximum dollars-and-cents prices which shippers may charge for cabbage, spinach, carrots and snap beans produced in the six-state region, and establishes uniform mark-ups for other handlers of these fresh vegetables at all trade levels. The price action, which became effective March 20, is intended to relieve wholesalers and retailers from a price "squeeze." Maximum prices on lettuce, tomatoes and green peas still are governed by the current temporary price freeze order.

Farmers Get Needed Gas

Pointing out that ODT's mileage control program for commercial motor vehicles is completely flexible, ODT Director Joseph B. Eastman stated that farmers may request adjustment of their certificates of war necessity to get additional gasoline whenever necessary. Such requests should be made to the farm transportation committees of the USDA county war boards. Emergency gasoline rations may be obtained from local war price and rationing boards while requests for adjustment are being considered.

Shoe Rationing

Three modifications of Shoe Ration Order 17 have been authorized by OPA. They are: (1) An additional ration for "safety" shoes, used for health protection in special work, may be acquired from the local board by any person who has spent his Ration Stamp 17, even though a member of his family has an unspent stamp, (2) sandals which can be sold ration-free are re-defined to include all sandals with an open back and a heel height of 1-1/8 inches or less, regardless of the material used in the upper, (3) certain shoes with soles made principally of rope, wood, or other non-strategic materials may be sold ration-free, regardless of the material used in the upper.

Ceilings On Corn

Permanent maximum prices on corn—America's top-ranking farm crop in point of size and value—have been fixed by OPA. The ceilings apply from the time the corn leaves the farmer's hand until it is sold by retail dealers. Recognizing seasonal price variations and carrying charges, the new OPA order sets peak prices for all varieties and types of corn sold by farmers, truckers, local elevator and terminal market operators and retail dealers. Typical peak under the new maximum price regulation No. 346 (corn) is \$1.02 per 56-pound bushel of No. 2 yellow corn at Chicago—key point in the country's grain exchange and marketing setup.

Cabbage is a good source of vitamin C—it can take the place of citrus fruit or tomatoes in your diet for this purpose.

Use of paper label tags instead of metal buttons to indicate donors to the Red Cross War Fund campaign this year resulted in the saving of 52 tons of metal—enough to build one medium-sized tank, plus eight jeeps.

Last year American employees lost about two million social security account cards. These cost \$500,000 to replace. The Army could have bought 550 jeeps with that sum.

If your first thought of a salad green is lettuce, and the markets fail you, try kale, chard, beet tops, carrot tops, turnip greens, spinach, or cauliflower buds, suggests the University of Texas home economics department. A tasty sauce can be made of mayonnaise, chili sauce, cream and yellow cheese, and a touch of tabasco.

Forty University of Texas coeds living at a Scottish Rite Dormitory have formed a "Foods for victory" club, and have planted a Victory Garden on a vacant lot behind the dormitory. Each day finds at least a dozen of them busy with trowel or spade for an hour or two after lunch.

Peanut Program For 1943 Is Explained By AAA

This year's simplified peanut program, operating under a one price system, has been announced through the local AAA office.

This crop, tried for the first time on a commercial scale in 1942, is due to attract considerable attention in those sections of the county with soil suitable for peanut raising, it is believed.

The one price system is based on 85 per cent of parity and includes peanuts for the edible trade as well as peanuts produced under this year's Food for Freedom program. At current prices, this approximates \$129 per ton for No. 1 Spanish peanuts.

Other highlights of the new program include: (1) elimination of marketing quotas and the \$1.10 per ton AAA payment announced previously; (2) elimination of red tape; (3) a simplified seed distribution program; (4) a cash market in every peanut county; (5) incentive payments of \$30 per acre for each acre over 90 per cent and up to 110 per cent of the farm goal.

Texas farmers are being asked to produce 1,300,000 acres of peanuts this year, as compared to 1,060,000 in 1942.

ORDER FOR ROAD BOND ELECTION

THE STATE OF TEXAS COUNTY OF COLLINGSWORTH

The County Commissioners' Court of Collingsworth County, Texas, convened in regular session at the Courthouse in Wellington, Texas, on the 8th day of March, 1943, with the following members present, to-wit:

H. S. Riggs, County Judge; B. A. Vandivere, Commissioner Precinct No. 1;

Kenneth E. Johnson, Commissioner Precinct No. 2;

G. T. Stephens, Commissioner Precinct No. 3;

W. C. Barnett, Commissioner Precinct No. 4;

when, among other proceedings, the following business was transacted:

Commissioner G. T. Stephens introduced an order and moved its adoption. The motion was seconded by Commissioner Kenneth E. Johnson and carried by the follow-

NOES: none.

The order thus adopted follows:

There came on to be considered the petition of more than fifty (50) duly qualified resident electors of Collingsworth County, Texas, who own taxable property within said County and who have duly rendered the same for taxation, praying that election be held throughout said County to determine the following

PROPOSITION

"Whether or not the bonds of said Collingsworth County, Texas, shall be issued in the principal amount of FIFTY THOUSAND DOLLARS (\$50,000.00), bearing interest at the rate of not exceeding four per cent (4%) per annum and maturing at such time or times as may be deemed most expedient by the Commissioners' Court of said County not later than twenty (20) years from their date, for the purpose of the construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, and in aid thereof, in said Collingsworth County, Texas, and whether or not ad valorem taxes shall be levied on all taxable property within said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity."

the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity."

And it appearing to the Court that said petition is signed by more than fifty (50) duly qualified resident electors of said County who own taxable property within said County and who have duly rendered the same for taxation; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth (1/4) of the assessed valuations of the real property in said Collingsworth County;

THEREFORE, BE IT ORDERED, ADJUDGED AND DECREED by the Commissioners' Court of Collingsworth County, Texas:

That an election shall be held throughout Collingsworth County, Texas, on the 14th day of April, 1943, which is not less than thirty (30) days from the date of this order, at which election there shall be submitted the following

PROPOSITION

"Whether or not the bonds of said Collingsworth County, Texas, shall be issued in the principal amount of FIFTY THOUSAND DOLLARS (\$50,000.00), bearing interest at the rate of not exceeding four per cent (4%) per annum and maturing at such time or times as may be deemed expedient by the Commissioners' Court of said County not later than twenty (20) years from their date, for the purpose of the construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, and in aid thereof, in said Collingsworth County, Texas, and whether or not ad valorem taxes shall be levied on all taxable property within said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity."

Said election shall be held under the provisions of Chapter 3, Title 22, Revised Civil Statutes of Texas, 1925, as amended.

ATTEST: (Seal)

MARGARET SHIELDS, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Collingsworth County, Texas.

THE STATE OF TEXAS COUNTY OF COLLINGSWORTH

I, the undersigned, the duly elected, qualified and acting County Clerk and Ex-Officio Clerk of the Commissioners' Court of Collingsworth County, Texas, certify that the attached and foregoing is a true and correct copy of an order calling an election duly adopted by the Commissioners' Court of said County, together with an excerpt from the minutes of said meeting showing the adoption thereof.

WITNESS MY HAND and the seal of said Court this 8th day of March, 1943.

(Seal)

MARGARET SHIELDS, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Collingsworth County, Texas.

36-3-c

TO THE PROPERTY HOLDERS OF COLLINGSWORTH COUNTY

We regret that we have to confront you with a Road Bond Election during the distressing times that we are in, but due to the Road and Bridge Special Fund of this county being taxed to the limit with Registered Outstanding Warrants, which have accumulated over past years, there is no other avenue to take.

All of the Revenue coming into this fund must be used to pay the Outstanding Warrants, which will take from one to two years to pay out, leaving nothing for Maintenance Purposes or County Operations. There are several improvements that cannot be made, and part of the employees of the county are unable to draw their salaries because of this condition.

We have tried to refinance this Fund with an issue of Time Warrants, but Attorneys advise us that this cannot be done legally, because of the limit of the tax rate on this Fund being set by Texas Statutes, and no obligation or debt can be created without first levying a Tax to take care of same.

The obligations to be financed are as follows:

Outstanding Warrants on Road and Bridge Special Fund	\$ 9275.59
Outstanding Warrants against Precinct No. 3	5690.05
Warrants to be issued in payment of Right-of-Way from Quail west to Donley County Line on Highway No. 203	8119.25
Warrants issued in 1939 for Right-of-Way	22000.00
Balance to be used for obligations maturing during 1943	4915.11
	\$50000.00

By placing this amount into a Bond Issue with interest at 3 1-2 per cent interest and the maturities spread out over a period of fifteen years, it will not work a hardship on the county. The 1939 Issue of Warrants are now drawing 6 percent interest, and by including these in the Bond Issue, the interest can be reduced to 3 1-2 per cent, making a saving of \$4600.00 in interest.

THIS IS NOT A NEW DEBT

We are not trying to create a new obligation for the county, because the obligation already exists, but simply trying to lift this indebtedness out of the Road and Bridge Funds by a vote over into the Road Bond Fund in a legal manner, so that the revenue coming into this fund may be used for maintenance purposes.

We have also signed a contract with B. Y. Christie and Co. of Houston, Texas, to refinance the Court House Bonds reducing the interest from 5 per cent to 3 1-2 per cent, with the maturities coming due as they now exist, which if they are successful in doing, will make a saving of \$24,000.00 in interest.

With the above savings in interest, it will not be necessary to increase the Tax Rate in order to meet the \$50,000.00 Road Bond Issue.

We trust that this will meet with your consideration and approval.

Respectfully,

COMMISSIONERS COURT

Water Rates Reduced For Victory Gardens

The production of food is one of the most important contributions to the war effort at the present time. The Government is urging every family to plant a Victory Garden in their back yard.

To assist in this effort the City Council has authorized the following rates which will be in effect from the last Meter reading on March 20:

Minimum, 2,000 gallons \$1.00
Next 2,000 gallons 25c per thousand
All Over this amount 20c per thousand

Valuable information on how to grow a Victory Garden can be secured from the Home Demonstration Agent regarding seeding, cultivation and spacing of vegetables.

In regard to the use of water for the best results—don't sprinkle your garden too often. When you irrigate wet it thoroughly and then cultivate it carefully. It takes less water and grows more vegetables.

Ways To Share The Meat

Call on cheese . . . eggs . . . dried beans . . . peanuts . . . soybeans. Like meat, these foods all make a good basis for stick-to-the-ribs dishes around which to build a meal. They all contain protein, plus one or more of the other food values found in meat—and usually extra food values of their own.

CHOOSE CHEESE

Make it eggs and cheese in fondues and souffles.

Melt American cheese in white sauce . . . pour over cooked macaroni, spaghetti, or noodles for a hot casserole dish. Use this same sauce for vegetable dishes.

For a rabbit, combine grated American cheese, white sauce, egg. Serve over toast or bread.

For a main-dish sandwich, toast cheese on bread in the oven, under the broiler, or in a frying pan. Dip in egg-and-milk mixture, then fry for a French-toasted sandwich.

Serve cottage cheese "as is," seasoned to taste—and in salad and sandwiches.

EAT EGGS

Serve eggs as eggs—soft-cooked, hard-cooked, deviled, poached, fried, baked, scrambled. For best results keep heat moderate when you cook eggs.

For a hearty baked dish, mix hard-cooked eggs, cheese sauce, macaroni or spaghetti, and top with bread crumbs.

For egg sandwiches, combine sliced hard-cooked eggs with salad dressing . . . Mix scrambled eggs, hot or cold, with catsup or tomatoes . . . Fry an egg firm.

Make a corn pudding from beaten eggs, coked corn, milk, and seasonings.

PEANUTS, PEANUT BUTTER

Try peanuts with tomatoes, sliced onions, and other vegetables in scalloped dishes.

Vary peanut-butter sandwiches with chopped crisp vegetables such as carrot or onion . . . chopped dried fruit . . . jelly, jam, honey . . . catsup, chili sauce . . . salad dressing . . . chopped pickle . . . hard-cooked eggs.

Thicken hot milk with peanut butter for a sauce for scalloped or creamed rice, macaroni, potatoes, and other vegetables.

Add peanut butter to omelet.

Stunning Style
Trimly tailored is this pastel blue slack suit of cotton whipcord, worn by Universal's Gloria Jean. The cowboy-styled shirt with its convertible collar and side slot pockets, carries a decorative embroidered trim in red and white. Buttoned pockets, piped in white, and a jewel-studded white kid belt add interest to the slim-lined trousers.

County Teachers Attend Annual School Conference

Stressing education toward the war effort, the annual meeting of the Northwest Texas Conference for Education was held in Amarillo Friday, March 19. That teachers of the Panhandle are interested in this phase of their work was shown in the unusually large crowd attending the conference, local teachers reported.

Practically all teachers from this county were present.

B. W. Baird, county superintendent, was selected as a delegate from the Northwest Texas Conference to the house of delegates of the State Teachers Association.

Miss Bonnie Jean Smith was chosen vice chairman of the Spanish section for the coming year, and L. C. Lehmborg was named vice president of the elementary school section.

Appearing on the program during the conference were Miss Amy Sue Way and Rudolph Miller, Wellington high school students, who entertained with a Mexican hat dance.

Guest speakers at the conference included Dr. Steinbach of the University of Cincinnati and Dr. Bernice Moore of the University of Texas.

in); boneless breast and neck of veal; ground veal and patties; veal sweetbreads and tongues.

Leg and shoulder of lamb and lamb sirloin roasts (bone in); boneless neck of lamb; lamb patties and lamb tongues.

Pork bellies, fresh and cured only; pork shoulder (shank half-bone in); pork tongues.

Ready-to-eat spareribs.

Meat spreads in tin and glass containers and pork tongues in tin and glass containers.

Salad and cooking oils (1 pt. equals 1 lb.).

Five Points Per Pound

Rump roast of beef (bone in); plate beef (boneless), flank meat and beef neck (bone in).

Hamburger (hamburger is defined as "beef ground from necks, flanks, shanks, briskets, plates, and miscellaneous beef trimmings and beef fat.")

Veal flank meat and neck (bone in), veal hearts and veal kidneys. Pork regular plates, jowls, and pork livers.

Smoked plate and jowl squares. Lard, other shortening and oleomargarine.

Four Points Per Pound

Beef short ribs, plate, brisket, and shank (all bone in).

Veal breast and shank of veal (bone in); and calves brains.

Lamb neck and shank (bone in); and lamb sweetbreads.

Pork spareribs, fat backs, clear plates and leaf fats; chitterlings, scrapple and tamales, souse and headcheese.

Tin or glass containers of potted and deviled meats and sausage in oil.

Three Points Per Pound

Beef brains, ox tails, and tripe. Lamb breast and flank; lamb brains, hearts and kidneys.

Pig hocks and knuckles, pig brains, hearts and tails.

Tin or glass containers of brains; boned pigfeet, and chile con carne.

Two Points Per Pound

Pork kidneys and snouts; pork neck and backbones; and ready-to-eat pigfeet (bone in).

Tin or glass containers of pigs-

feet (bone in); and tamales.
One Point Per Pound
Fresh pigfeet (bone in), and pig ears.

Only one cut of beef—boneless sirloin steak—has a point value above eight. For this cut the point value is nine per pound.

Other items priced at nine points per pound are boneless ham; ready-to-eat ham (bone in), either whole or half; and hard dry sausage, such as hard salami, hard cervelat and pepperoni.

Five items on the official consumer chart have a value of 10 points per pound. These are boneless pork loins, fresh and cured only; pork tenderloin, ready-to-eat boneless ham, whole or half; ready-to-eat picnics or shoulder, boneless; and whole or half hams or picnics packed in tin or glass containers.

Two items—ready-to-eat boneless ham slices and Canadian bacon—command values of 11 points per pound, while dried beef, either loose or packaged, at 12 points a pound is the most expensive item on the entire list in terms of points.

Except for the various types of bacon, according to the official explanation printed on the chart, retailers must charge the same point value per pound for any of the rationed foods, whether fresh, frozen, cured or smoked, and none of the foods involved may be sold or transferred without points.

The housewife is informed that the dealer will weigh and determine the point value of her purchase. If she then has the leader "bone" or grind or "dice" an item, the point value will not be figured again. The customer is entitled to the entire purchase; that is, if she has a roast boned, she is entitled to the bones since she has paid points for them.

The official list does not set a point price for rolled rib roasts—one of the more popular cuts of beef. OPA rationing officials explained that this type of purchase must be made with the rib in and points charged accordingly, after which the butcher will bone and roll the roast. The same applies to any other cut that is bought "bone in."

CARD OF THANKS

We take this means of expressing our sincere thanks to each of you who were so kind and thoughtful upon the death of our loved one, Mrs. Barney Walker. The many things you did to help us at this time, and the many expressions of sympathy are remembered with deepest appreciation.

May God's richest blessings be on each of you.

Oscar Payne, Erma Ruth Godbey and Betty Lou Godbey.

Hymns were "Rock of Ages" and "Does Jesus Care," by the choir; "Farther Along," a duet by Mrs. William Barjenbruch and Mrs. Lee O'Neil, and "The Rock that Is Higher than I," by E. R. Ponder, Nell Ponder and Mozelle Daniel.

Interment was in the Plymouth Cemetery with the Kelso Funeral Home in charge.

Mrs. Walker is survived by her husband, Barney Walker of Samnorwood; three sons, Sgt. Merle Walker of Sheppard Field; Pvt. Jack Walker of Santa Ana, Calif.; and Sgt. Billie Walker, who is in service overseas; her mother, Mrs. W. H. Montgomery of Samnorwood; a brother and sister, John Montgomery of Las Vegas, Nev., and Mrs. Jack Tinkle of Canyon.

Mrs. Walker before her marriage was Miss Martha Eula Montgomery, the daughter of Mrs. W. H. Montgomery and the late Mr. Montgomery. She was born in Ellis County September 25, 1894, and at the time of her death she was 48 years, 5 months and 24 days of age. Mrs. Walker came with her family to this county 39 years ago, and settled in the northern part of the county. She received her education in the county schools and at Shamrock.

In 1912 she was married to Mr. Walker, who like herself was a member of one of the county's early families. They had made this their home throughout their married life.

Aside from rearing her family, Mrs. Walker also found time to devote to many community enterprises. She had been an active member of the Methodist Church for 36 years, and an outstanding worker for the Red Cross.

Mrs. Walker was a happy and friendly nature, and her circle of friends had extended to those of all walks of life.

the queen, and Shirley Robinson carried the train, while Kenneth Maxwell was crown bearer. Wauline Spier and Grace Aaron served as pages.

Mrs. Hazel Graham was awarded a \$300 prize, given by Mr. Cunningham and Principal Herman Moseley, for bringing the most original box, which was in the shape of a cannon. Three judges selected the prettiest box from a number of patriotic ones, including Uncle Sam hats, ships, and flags.

Directed by Miss Juanita Stinnett, a high school girls' chorus sang "Any Bonds Today," "Let's Bring New Glory to Old Glory," "We Must Be Vigilant," and "The Star Spangled Banner." Marjorie Wilson and Lonnie Needham sang and acted out, "I'm Going to Tell My Ma on You," after which the first grade, directed by Mrs. Graham, presented "The Cutest Kids in Town."

Miss Stinnett made a short patriotic speech, and Mr. Moseley led a prayer for peace to conclude the program.

Attendees to the queen included: Lanita Lewallen and Billy Clyde Bell, first grade; Jo Helen White and William Lee, second grade; Lavane Ann Dishman and Gene Peggram, third grade; Helen Wischkaemper and George Stephens, fourth grade; Lola Mae Chaudoin and Leroy Brown, fifth grade; Wanda Nell Wilson and Marvin Blevins, sixth grade; Evelyn Joy Aaron and Raymond Neeley, seventh grade; Faye Neeley and Billy Langford, eighth grade; Nelda Mae Messer and Billy Glenn Ivey, freshmen; Jo Helen Norman and Ervie Robinson, junior; Mary

Kathryn Stephens and Carl Wischkaemper, senior.

for less than 30 days, is considered a dealer and is required to obtain a permit from his county USDA War Board.

He also is required to keep a complete record of his livestock purchases and sales, including the date he bought the animals, from whom he bought, their weight, and the price he paid for them, to whom he sold them, and the price received.

A similar record of sales also will be required of all producers who sell livestock, regardless of whether they are classified as dealers. A dealer in livestock receives no stamp of any kind nor are his operations restricted since he can sell to anybody he chooses.

"In connection with the new slaughterers' permit regulations, it was pointed out the OPA price control and grading regulation still will apply," Mr. Emmert said.

Bring Your News In Early

Because of shortage of help, and because it is necessary to get The Leader in the post office by 5:30 o'clock each Wednesday, all persons having items to be published are requested to turn them in before the deadline at 10:00 a. m. Wednesday.

Also relatives turning in items and letters from men in service are requested to leave them at The Leader office Thursday, Friday or Saturday if it is possible. The Leader is anxious to get items of these men, but due to the large number being received it is not possible to print all of them the first week they are brought in.
