BOOST TO SCOUTING

A welcome gift came to Boy Scout Troop 31 as National Boy Scout Week opened. It was a \$50 gift from the Wellington Jaycees, to be used for equipment and other expenses of the troop. Eddie Wheeler, Jaycee treasurer, standing at back, made the presentation to Guss Allen, Scoutmaster, who

holds the check at front. Troop members present at the time were, kneeling from left, Ray Jeffrey, Gabriel Aguirre, Robin Maddox, Keith Davis and Randy McKinney (back to camera). Standing, from left, are Cecil Parker, Tommy Holton, Jacob Green, Kenny Hunt and Alton Belew.

Major Irrigation, Agriculture Meet Slated Feb. 23

An Irrigation Workshop and Agricultural Clinic will be held in Wellington Thursday, Feb. 23 under the joint sponsorship of the Extension Service and the Greenbelt Electric Cooperative, Inc.

The day-long event will be in the community building.

Jim Moss, power use advisor for Greenbelt Electric, will preside and is working with County Agent Sam Helmers to coordinate the meeting.

Speakers will be from the Extension Service, the Rural Electrical Administration and the U.S. Geological Survey, according to Mr. Moss.

Not only will it relate to the various phases of irrigation as they affect Collingsworth County, but much of the program will be of interest to the dry-land farmers as well. Special emphasis will be put on new money crops that may be planted on diverted cotton acres, Helmers said.

C-C Workshop Slated Feb. 15

Committee members representing the Collingsworth Chamber of Commerce will attend the C-C Leaders Workshop sponsored by the West Texas Chamber of Commerce community development committee in Amarillo Wednesday, Feb. 15.

In addition to a general meeting, there will be class sessions related to various fields of Chamber of Commerce activity, according to N. M. Higdon, manager.

Rainey Returns Prisoner Here

Sheriff John Rainey left Tuesday, Feb. 7 for Pecos, to pick up a man wanted here on a forgery charge.

He identified the man as Buster DeWitt Woods, who was indicted by a 100th district grand jury for passing a forged instrument.

Woods has been held recently by Reeves County officers on charges filed there.

For Action at Rapido River

Derryberry Receives Oak Leaf Cluster 23 Years After Battle

Almost 23 years after he fought at Italy's Rapido River in one of the major campaigns of World War II, Milburn Derryberry has received the first Oak Leaf Cluster to the Bronze Star. He was in Texas' famed 36th Division.

He knew nothing of the honor until a fellow employee at the Wellington Post Office handed him the envelope containing the citation and Oak Leaf.

There was no explanation of the delay.

The action for which he was decorated took place in February 1944.

The citation reads:

"For Meritorious Achievement in ground operations against the enemy in the European Theatre of Operations during the Naples-Foggia Campaign."

A short time earlier, in fighting before Montecassino, Mr. Derryberry was awarded his first Bronze Star. The Oak Leaf Cluster is in lieu of a second Bronze Star, he explained.

He is not sure just what act or series of acts brought him the second decoration.

The first Bronze Star was won when, as a forward observer for his company, he strung telephone wires by several routes from the point where his unit was pinned down for 21 days. He accomplished this under enemy fire.

At the time he won both decorations, he was first sergeant of his infantry company. He was to go to Anzio, where he was wounded, and later, to receive a battlefield commission as second lieutenant. He was in the Army more

than four years and in combat 282 days.

Derryberry vividly recalls the Rapido River, a stream that was deep and swift, but no wider than one of the streets of Wellington. Across it the Americans and Germans faced each other.

His unit did not cross the river there, but moved about

15 miles to the east and came up behind the enemy. Even so, they were almost caught themselves and in some of the hardest fighting of the Italian campaign, the Second Battalion, of which Derryberry was a member, lost almost 50 percent of its men.

The weather was bitter cold

Milburn Derryberry

Blood Donors Needed in Red Cross Drive

With collection of funds to install the Red Cross Blood Bank in St. Joseph's Hospital near completion, the second part of this program gets under way. This is securing donors who will contribute blood upon the visit of the Red Cross Bloodmobile Friday, March 3.

Mrs. Jeff Wilson, president of St. Joseph's Hospital Auxiliary praised the public's response to letters explaining the program and asking contributions to the blood bank fund.

"This was a wonderful response and we appreciate it very much. We still have money coming in," she said.

Police Chief Donald Nunneley, who heads the donor recruitment, reports that more are needed. A total of 120 units of blood is sought.

A meeting will be held in the county court room Thursday,

Feb. 16, to recruit donors. The program will be explained, as will the procedure for taking blood.

Auxiliary members will work with the Red Cross staff at the bloodmobile March 3, and they will be briefed on their duties at the regular Auxiliary meeting Friday, Feb. 10, at 9:30 a.m., Mrs. Wilson said.

Other Wellington women's organizations are volunteering their help.

Any individual wishing to give blood should contact Police Chief Nunneley.

Blood needs of hospitals are met in several ways, but in the future, St. Joseph's Hospital will depend entirely on the Blood Program of the American National Red Cross, a single program composed of a network of nationally co-ordinated programs.

It is operated on a local re-

gional basis, under which many communities band together to provide blood therapy for their residents.

The principle under which the Blood Program operates is that blood given voluntarily by people through the Red Cross will be made available, without charge for the blood or blood products themselves, to physicians for use in treating their patients.

Chief Nunneley explained that a blood donor must be between 18 and 59 years and in normal good health.

The entire process of taking blood will require from 45 minutes to an hour of the donor's time, although the actual donation takes only approximately 5 minutes. Donors are accepted only if they pass brief but pertinent personal medical history and physical examinations prior to the donation.

Plans Complete for C-C Banquet

Approximately 225 are expected at the annual Chamber of Commerce banquet Thursday night, Feb. 9, N. M. Higdon, manager, announced today.

The banquet will begin at 7:15 p.m. and will be held in Bura Handley Community Center.

W. H. (Bill) Collyns, editor of the Midland Reporter-Telegram, will be the banquet speaker and other highlights will be the presentation of the awards, a review of the past

year's activities, and projected plans for 1967.

The new slate of officers is headed by Wayne Cudd.

The Rev. Ronald Crosley will be the master of ceremonies.

Mr. Collyns has been closely identified with the progress of West Texas for more than 30 years, and his address here is expected to stress community development and growth.

A few tickets are still available for last-minute purchasers and those wishing them should contact the chamber of commerce office.

At Fort Worth Show

County Calves Win In Final Judging

Completion of judging of the carcass contest in the steer division of the Fort Worth Fat Stock Show revealed two Wellington winners. Both belonged to the Collingsworth County 4-H Club.

Mike and Keith Davis have won the champion Brahman and Brahman Hybrid Carcass award. Earlier this calf was picked the reserve champion in on-hoof judging.

Keith Martin won the Reserve Champion Charolais award.

The Davis calf, owned jointly by Mike, 15, and Keith, 11, was entered in the junior steer calf class for animals 13 months of age or less. He was 12 months old and weighed 870 pounds.

The boys are the sons of Mr. and Mrs. G. N. Davis of Wellington.

A Brahman-Hereford cross,

the calf was sired by TC Delaco Herler 815, owned by the Doneghy Ranch of Wellington.

Keith Martin's calf was a 1135-pound charolais steer entered in the summer yearling steer class (18 through 21 months). He was bred by L. E. Ward of Wellington. The calf was sired by Amigo and his mother was an Angus-Charolais cross.

Keith, 13, is the son of Mr. and Mrs. Wayne Martin.

The carcass class was judged twice. The carcass steer on-foot classes were judged Friday, Jan. 27 and the Davis calf first won at this time.

The steers were then slaughtered and the carcass judging was held Monday, Jan. 30.

There are six divisions in the carcass contest, Aberdeen-Angus, Hereford, Red Angus, Shorthorn, Charolais, and Brahman and Brahman hybrid.

Against Electra

Wellington Teams End Season on Home Court

The Wellington Skyrockets, and Rockettes will end their district 2-AA basketball schedule Friday night, Feb. 10, in a home game against Electra boys and girls.

A highlight of this final game will be the coronation of the Basketball King and Queen between the games. The identity of this couple will not be revealed until the hour of the coronation.

For both the Wellington boys and girls, this is a crucial night.

The Electra boys have had a luckless season, not winning a single game. However, they lost to Wellington by only two points, 50-48, in a game played at Electra Jan. 24.

In that contest, Electra held the lead several times during the first half and at half time was ahead three points, 14 to

11. Until the game ended, it was by no means certain that Wellington would win.

Electra lost to Seymour 68 to 49 and to Quanah 68-37, but came back to drop the Iowa Park game by a narrow 50-46. In a second encounter Sey-

1967 County Fair Set for September 8-9

Collingsworth Chamber of Commerce directors, meeting Monday night, Feb. 6, set the date of the 1967 Collingsworth County Free Fair, then named a director to fill an unexpired term.

The two-day fair will be held Sept. 8 and 9, the second week end of that month, N. M. Higdon, manager, said.

George Shaddid was approved as the director to fill the vacancy on the board created when Jeff Wilson was elected the 1967 vice president. This term will run until July 1, 1968.

Reports were heard from various committee heads, most of these going on projects that are of a continuing nature.

Breakfast Friday

Farm Bureau Sets Member Drive

The Collingsworth County Farm Bureau will open its annual membership drive with a kick-off breakfast Friday, Feb. 10.

The breakfast will be held in the Cherokee Inn at 8 a.m., Travis McGuire, membership chairman, announced.

"Everyone interested in working with this drive is invited to be present," Mr. McGuire said.

Serving on the membership committee with him are Les White, A. C. Patterson and Jerry Scott.

There will be workers in each community.

"Farm Bureau has 602 members and we have set our goal for 50 new members," Mr. McGuire continued. "At the last state convention we received a 10-year-trophy denoting steady gain for that period. We want to keep this trend going."

This year, the Farm Bureau will put major emphasis on keeping in touch with legislators, both those serving in the state and in the nation's capitals.

"We want them to know how we feel about certain pieces of legislation and we will keep them informed. We will urge our members to write their

First of Series

Production Guidelines Go Out On Grain Sorghum This Week

Six hundred and fifty grain sorghum producers will receive a production guideline this week from the office of the Collingsworth County Agent, Sammy Helmers.

The guidelines include the latest information from research and local result demonstrations. The information was pulled together from many sources with the assistance of the Extension Service specialists of Texas A&M University.

The grain sorghum subcommittee of the Collingsworth County Program Building Committee had an active part in developing the guidelines. Earl Lynn Bartlett and John Brim,

co-chairmen of the Grain Sorghum subcommittee joins with Sammy Helmers in urging the grain sorghum producers to study the guidelines so that they may select practices that will increase the profit from grain sorghum in Collingsworth County.

These guidelines represent a continuing effort by the local

Jaycees Hold Heart Event

Wellington Jaycees will participate in the nationwide Heart Fund Telethon Saturday night and Sunday, Feb. 11 and 12, Carroll Nunneley, president, has announced.

Vumore will cooperate with the Jaycees by placing a television in their office. Direct communication will be made with TV Channel 10 in Amarillo, and at designated hours, donations will be reported, of-ficers report.

Local residents wishing to donate to the Heart Fund may phone the Jaycee Office, 447-2700 at any time during the period and a Jaycee will pick up the donation, regardless of the hour.

Members will take turns at the Jaycee office, beginning at 10:30 p.m. Saturday and continuing until 5:30 p.m. Sunday, according to Billy Wilkerson, one of the officers.

In District 9-B

Norwood-Quail End Season Friday Night

Two Collingsworth schools, Quail and Samnorwood, will end the basketball season in a game on the Norwood court Friday night, Feb. 10—a fitting finish for schools that have been friendly rivals for 30 years.

Game time is 7 p.m.

At present, Samnorwood Eagles lead District 9-B with five conference victories and only one loss. Quail, which has played one more game than

Norwood, is tied with Hedley for second place with five wins and two losses.

Samnorwood Eaglettes are in a tie with Groom for first place in the girls division, each having won five games and lost only one. Quail has won two and lost four.

A Quail victory could put Samnorwood girls out of competition for the championship, since Groom is favored to win

Ten Doneghy Brahman on Show Circuit

Seven registered Brahman bulls and three registered heifers from the Doneghy Ranches were exhibited at the Fat Stock Show in Fort Worth.

These same 10 animals were shown at the Arizona National Livestock Show in Phoenix in January, according to Jack Moreman, ranch manager.

They were not in competition in the latter show, as the Doneghy Brahman and a group from the Hudgins Ranch in central Texas were the first Brahman to be exhibited in the Arizona show, so far as is known, Moreman said.

The next show in which the Doneghy Ranch cattle, owned by James Doneghy, will be exhibited is the Fat Stock Show in Houston in February.

The bulls now being shown are Red Henry 35th, Red Henry 38th, Red Henry 48th, J.D. Rio Ring 282, Rolla Manso 273, Rolla Manso 277, and Henryoto 73rd. The heifers are Ettaoto 74th, J.D. Miss Red Swearingen 284 and J.D. Miss Red Swearingen 291.

The Doneghy Ranch last week sold 51 registered Brahman bulls to V. E. Cook of McAllen. They were taken to the Rio Grande Valley Friday by Cudd Brothers trucks.

The bulls, two and three years old, include both red and gray Brahman.

Visitor Returns to Thailand

Paiojana Srichamara, college student from Bangkok, Thailand, who spent last summer in Wellington, was here during the week end to say goodbye to friends before returning to his home. He was better known here as Vince.

He plans to fly from Lubbock to Chicago and then to England, where he also attended school. He will arrive in Bangkok on Feb. 20.

His sister, Miss Ploenpit Srichamara, who attended college in Iowa, also is returning home.

Their mother died recently and they are going to be with their father and other members of their family.

Mr. Srichamara was a guest in the home of Mr. and Mrs. David Peters.

Arnett Grads Attending AJC

Six Arnett students have enrolled for the second semester at Altus Junior College.

They are Duane Dodson, Marilyn Clay, Edna Argo, Ann and Jeanell Elliott and Charlotte Carter.

Ann is enrolling for the last semester of the second year.

Jeanell and Charlotte were named on the Dean's Honor Roll for the first semester.

CHEVY CAPTURES CUP

For turning in the best braking stop among 77 passenger cars entered in the recent Union/Pure Oil Performance Trials, Chevrolet was awarded Popular Science Magazine's Gold Cup. The ability to make a high-speed emergency stop in a single lane of traffic even after severe brake usage was demonstrated by a full-sized Chevrolet Impala. It braked to a full stop in 166.8 feet from 65 miles an hour. Shown presenting the award to James G. Musser (left), Chevrolet's assistant chief engineer for passenger cars, is Hubert Luckett, executive editor of Popular Science Magazine. Several other Chevrolet cars also scored "first" in the trials at Daytona Beach, Fla. A Corvair 500 triumphed over all other entries in fuel economy with 26.046 miles per gallon. Two Chevies were first and second in fuel economy in their class while two Camaros were first and second in acceleration tests in the class for sport compacts.

Missionary to Speak Friday for Nazarenes

The Rev. Peter Burkhart, a missionary for the Church of the Nazarene in the new independent South American country of Guyana, will speak at the Church of the Nazarene in Wellington Friday, Feb. 10 at 7:30 p.m.

He is now on his first furlough since being assigned to Guyana in 1962, where he was pastor of the New Amsterdam Church of the Nazarene.

The public is invited to hear the Rev. Mr. Burkhart, the pastor, the Rev. Ronald Croxley, said. Guyana, formerly British Guiana, became independent on May 27, 1966, making it the youngest independent country in the Western Hemisphere.

The missionary service will feature the work of the Church of the Nazarene in Guyana.

Mr. Burkhart was born in Washington. He received his bachelor of arts degree from Northwest Nazarene College in Nampa, Idaho in 1950 with a double major in science and philosophy. Prior to his assignment overseas he pastored Nazarene Churches in Washington ten years.

Rev. and Mrs. Burkhart have five children, three boys and two girls, ranging in age from 14 to four years.

Mrs. Burkhart has been invited to accompany her husband to Wellington.

Cotton Farmers Benefit Cited

"The possible \$2 million increase in projected yield income payable to Plains cotton farmers under the announced additional reserve allotted to Texas resulted from the refusal of Farmers Union and Texas members of Congress to give up in their effort to get USDA to correct erroneous projected yield allocations for certain skip-row pattern counties for 1967," according to Texas Farmers Union president Jay Naman of Waco.

The state farm organization president called from Washington to advise several county Farmers Union presidents in the Rolling Plains area that Texas was being awarded an additional three pound per acre on the state's projected cotton yield to adjust "hardship situations and inequities" in the yield announced for 1967. The state ASC committee has the responsibility of allotting the additional poundage, but has been instructed to use it in counties disadvantaged by the skip-row pattern of planting.

Three City Youths Register

Three Wellington boys were registered with Selective Service during January, according to Bill Hatch, registrar.

They were Randy Alan West, Neal Francis Roberts and Fred dy Max Mayhugh.

CROSSROADS REPORT

Dear Editor:

I see where a district judge says Texas people voting on a constitutional amendment last year is void on account of all details as to what the amendment would do were not on the ballot.

Which is reasonable, because evidence keeps stacking up every day that us people very often don't get what we thought we were voting for.

And maybe elections had ought to be void where the ballot just lists bare names of the candidates and don't give their IQs, or whether they steal.

Large bore columnist says Gov. Reagan's idea to charge California state college students a token tuition fee will do away with education in that state.

In fact, the great anti-Reaganist implies that charging tuition there will vastly setback the national crusade to get everybody educated above and beyond physical work.

But I figure universal degree-

ment could be dangerous, because our present squabble about the military draft would be a love storm compared to the hassle if we had to draft M.A.s and Ph.D.s so as to get anybody for vital work like fixing flats and hauling garbage.

There has been news lately about some parent-subsidized junior citizens taking LSD trips and vigorously protesting everything over 20 years old.

The idea seems to be that these younglings take themselves very seriously, and wish earnestly to fulfill their destinies if they can find out what these are, so they are hunting an answer to the question: "Why am I here?"

And it's a little sad to know that most of them will soon find out the real reason they're here is because of somebody's poor planning, or an accident.

President Monroe was the last man in public life in this country to wear knee trousers. The strait connecting the upper and lower New York bays is called the Narrows.

Samuel Colt invented the revolver in 1835.

CJC-Cameron Play at Hedley

The Clarendon College Bulldogs will host the perennially powerful Cameron College Aggies from Lawton in Hedley fieldhouse Thursday, Feb. 9 at 7:30. The choice of the Hedley court will make available a more central location for fans, enabling parents and students from Wellington, Memphis, Hedley, Quail and Samnorwood areas to attend the games with greater convenience. The new gymnasium at Hedley is also a fine drawing card.

The Bulldogs, snarling triumphantly after enjoying an impressive winning streak in conference games, are determined to battle the Aggies to a standstill. A victory over Coach "Red" Miller's strong team is their aim, strengthened by the fact that the Bulldogs have fallen to the Oakes in previous contests.

Whatever the final score may be, fans will be assured of an exciting, fast-moving exhibition of basketball showmanship.

Price of admission will be \$1 for adults and 50¢ for students. Fans will need to arrive

THE WELLINGTON (TEXAS) LEADER

Thursday, February 9, 1967

early to insure a seat, according to Kenneth Sams, Hedley superintendent of schools, who is expecting a sell-out crowd.

The probable starting line-up for Coach Lawrence Overcast's Bulldogs will be Harry Cannon, 5'11" cannonball who is averaging 20 points per game; Roy Holloway, the little 5'8" speed demon who is currently racking up 18 points per game; Claude Maldonado, a steady, consistent boy who stands 6'3" and is scoring 17 points per game; big and formidable 6'7" Tom Byrd who is currently shooting 12.6 per game; and either Mike Barrera, 6'4" with a 13-point average or Rick Vidaurri, 6'5" with a 12-point average.

The starting Aggie line-up will be Sammy Hill, 6'8" (a prep All American) who is shooting 25 points; Bill Bullock, 6'2", with a 19-point average; Joe Hayes, 6'3" with a 13-point average; Roger Harper, 5'9", averaging 12 points; and either Mo Salvage, 6'9" with 10 points or Terry Colson, 6'7" with 10 points.

Area fans who enjoy a good

college basketball game will not want to miss this show.

Dodson Eastern Star Entertains District Deputy for Official Visit

The Dodson Eastern Star Chapter was host Tuesday, January 31, to Mrs. Lee Pecock of Roaring Springs, Deputy Grand Matron of District 2, Section 5. This was her annual visit.

Other special guests were Mrs. Dortha Clement of the Memphis chapter, Grand Chapter committeewoman on Fraternal Visitation, and Mrs. Vera Forbis of the Roaring Springs chapter.

Mrs. Pecock was the speaker, bringing the group greetings from the Grand Chapter and complimenting the Dodson Chapter on its work. Officers of the host chapter gave a short program.

A social hour followed, and refreshments were served to the three special guests, Mrs. H. C. Lowrie of the Wellington chapter.

4-H Girls Study Table Settings

June Popwell gave a demonstration on "Table Setting" for members of the Powder Puff 4-H Club when that group met January 28.

A record book workshop was held, and members discussed their food work.

Refreshments were served to June Popwell, Wanda Bailey, Glenda Kiker, Dee Chappell and Mrs. Leo Popwell, sponsor.

Young Musicians Entertain B&PW

The Business and Professional Women's Club met January 24 at the Bura Handley Community Center. Mrs. Glen Lacy and Mrs. Bobby Langford had charge of the program.

Guests were five high school students, Chris Hubbard, Carol Sue Burba, David Groves, Micky Ann Kendrick, and Elaine Karnes. The group sang "One Little Candle"; David Groves played two trumpet solos, "In Times Like These," and "Whispering Hope"; then Chris Hubbard played the trombone while David played the trumpet.

In the business meeting the Red Cross fund for the blood bank was discussed.

Those attending were Mrs. Louise Kendrick, a guest, and Mrs. Byron Duncan, Mrs. Creed Hill, Mrs. Bura Handley, Mrs. Glenn Lacy, Mrs. L. W. Wells, Mrs. Henry Langford, Mrs. A. A. McQueary, Mrs. Truman Estes, Mrs. Earnest Harwell, Mrs. Jennie Lee Webb, Mrs. Pat McAllister, Mrs. Bobby Langford, Mrs. Raymond Patton, Miss Sara Jones, Mrs. John Coleman, Mrs. V. K. Orr, Jr., Mrs. Jimmie Kelso, Mrs. Bernice Welch and Mrs. Rob Isbell.

TEXAN OF THE YEAR—Allen Ludden of Corpus Christi received Texas Press Association's 1967 "Texan of the Year" Award. Presentation of the copper, engraved plaque was made to Ludden by TPA Pres. Jim Barnhill, publisher of the Hillsboro Daily Mirror. Ludden, pictured here with his lovely wife Betty White, was honored for the tremendous publicity he has given the Lone Star State on his CBS-TV program, "Password." Presentation of the Award was made at TPA's Honor Banquet at its Winter Meeting in San Antonio. Award is given annually to a former Texan now residing outside the state and bringing recognition to the state.

Mrs. Jerry Bob Jernigan Honored With Bridal Shower on Saturday

Mrs. Jerry Bob Jernigan, a late January bride, was honored at a shower Saturday afternoon, February 4, in the cafeteria of the Samnorwood school. She is the former Miss Melody Massey.

Hostesses were Mrs. A. F. Wischkaemper, Jr., Mrs. Donald Coleman, Mrs. Bond Ward, Mrs. J. C. Breeding, Mrs. Richard Bentley, Mrs. S. A. Bentley, Mrs. John Dwyer, Mrs. Bart Martindale, Mrs. Floyd Tate, Mrs. Selba Rainey, Mrs. R. E. Dwight, Mrs. Edgar Wischkaemper, and Mrs. Robert Baxter.

Hostesses alternated at receiving the guests then presented them to Mrs. Jernigan, her grandmother, Mrs. Rufus Massey, Mrs. Jernigan of Shamrock, the mother of the bridegroom, and his sister, Miss Lisa Jernigan.

Miss Judy Martindale registered the guests.

The bride's chosen colors of burgundy and olive were carried out. The serving table was covered with a lace cloth over olive green and appointed in crystal. An arrangement of burgundy roses formed the centerpiece. Miss Suzy Bentley poured and Miss Brenda Coleman served the tiered bride's cake.

Guests called between three and five o'clock.

St. Valentine's Day

February 14th brings the celebration of St. Valentine's Day. Valentines and gifts of candy or flowers are traditional on this date, and have been so in the United States since the Civil War.

Although this day was named in honor of two saints, it actually stems from the Roman feast of Lupercalia.

In 496 A.D. this festival became St. Valentine's Day. Historians disagree about the identity of St. Valentine. One account says he was a priest who lived in Rome during the 200's. He was jailed for aiding persecuted Christians and was beheaded by the Romans about 270.

Another St. Valentine was a bishop who lived about 60 miles from Rome. He was supposedly persecuted and eventually beheaded for converting a Roman family to Christianity.

On this St. Valentine's Day, try these

Valentine Lemon Tea Sandwiches

With cutter, make small heart-shaped, open face tea sandwiches using rye or white bread. Spread each with fresh lemon butter and garnish with small hearts, cut from red pimiento. Arrange on serving plate and garnish. To prepare fresh lemon butter, blend one teaspoon grated lemon peel, 2 tablespoons fresh lemon juice, and 1/2 teaspoon salt into 1

cake.

Guests called between three and five o'clock.

cup (1/2 pound) softened butter or margarine. Makes 1 1/2 cups spread.

Thought Stretcher

Happiness consists more in small conveniences or pleasures that occur every day, than in great pieces of good fortune that happen but seldom to a man in the course of his life.

—Benjamin Franklin, 1768.

Dental Care Starts Early

About half of the United States' child population under 15 have never been to a dentist, recent health studies reveal. The new Children's Bureau publication, "The Care of Your Children's Teeth," emphasizes that proper dental care starts early—when a child still has his baby teeth. One suggestion made by the new pamphlet is that the child should start brushing his teeth himself when he is about two years old. A copy of this publication may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C.

Shop Around

Today's shopper has many sources for her furnishings needs.

Some second-hand stores carry furniture of good quality and may offer more economical furniture buys than stores that carry low quality new furniture. Auctions also may offer good buys. Consult want ads in local papers.

Unfinished furniture may offer opportunities to save if you are reasonably skilled at finishing or painting.

Seconds or slightly damaged furniture can be economical. Fine furniture slightly marred in shipping or handling is of

ten sold at greatly reduced prices. Be sure you know the full extent of the damage and cost of repairs before buying.

Furniture sales may save you money. However, you need to know how to buy when buying at sales. For all "sale" furniture is not a bargain!

Belt Backings

Be alert for belt backings which cannot be washed or dry cleaned, warn clothing specialists. Some backings are of plastic, but they are used with fabrics which must be dry-cleaned. Plastic backings cannot be cleaned by this process. Belts with paper interlinings will usually dry-clean, but can not be washed. Belt backing, which indicates that the backing may be washed or dry-cleaned, is usually acceptable. Some will merely state "wash" or "clean" as the garment requires.

Longer Life for Marrieds

Married couples can look forward to a longer life together provided the marriage is not broken by divorce or annulment. The progress made during the past half century in reducing mortality has brought an increasing number of couples to their 50th year. A groom age 22 and a bride age 20 can anticipate an average of nearly 43 years together, according to home management specialists.

February Food Plentiful

Oranges, grapefruit, pork, canned salmon, dry beans, green split peas, and eggs.

Mr. and Mrs. Don Moore and Melissa of Pampa visited over the week end with their parents, Mr. and Mrs. Leslie Moore and Mr. and Mrs. J. B. Wade.

Excelsior Hears "Music Man"

Mrs. Robert Barjenbruch was hostess and program leader for members of the Excelsior Club Thursday evening, February 2, in the Greenbelt Electric directors room.

Miss Sara Jones conducted the business meeting.

After Mrs. Barjenbruch had reviewed "The Music Man" by Meredith Wilson, recordings from that musical were played.

Those attending were Mrs. Denver Powell, Mrs. Henry Vaughan, Miss Marie Shadid, Miss Dorothy Robertson, Miss Jones, Mrs. J. F. Michael, Miss Bonnie Willis, Miss Rose Shadid and the hostess.

Club Begins Birthday Plans

Samnorwood Young Matrons began plans for their Tenth Anniversary observance when they met Thursday, February 3, with Mrs. John Stages as hostess. The club will have its birthday in June.

Mrs. Donald Coleman presided at the business meeting. During the work period, the members made throw pillows. A Valentine motif was used in the refreshments.

Those attending were Mrs. Denzil Deger, Mrs. Douglas Coleman, Mrs. Kenneth King, Mrs. Ralph Owens, Mrs. J. H. Oldham, Mrs. James Martindale, Mrs. John Birkey, Mrs. Donald Coleman, and the hostess, Mrs. Stages.

Mrs. Ronnie Hartman

Freida Minatrea, Ronnie Hartman Marry in Late January Ceremony

Mr. and Mrs. Ronnie Hartman are at home near Wellington following their wedding on Saturday, January 26.

The ceremony took place in Faith Baptist Church at four o'clock in the afternoon. The Rev. Elvis Pitts officiated.

The bride is the former Miss Freida Sandra Minatrea, the daughter of Mr. and Mrs. W. F. Minatrea. Mr. and Mrs. J. C. Hartman, Jr., are the parents of the bridegroom.

An arch, covered with foliage was at the center of the altar decorations.

Wedding music was presented by Miss Polly Browning and Miss Patricia Wilson, who sang, and Miss Beth Smith, the pianist.

Mr. Minatrea gave his daughter in marriage.

The bride wore a gown of white embroidered net over satin. The fitted bodice had a sweetheart neckline, outlined in scallops, and the long sleeves came to petal points at her wrists. The full ankle-length skirt repeated the dainty embroidered design.

Her elbow-length illusion veil was attached to a headpiece of tiny leaves. She carried a crescent bouquet of white gladiolus.

Miss Linda Minatrea of Irving.

Club Studies Table Settings

A program on table settings was presented for members of the Domestic Science Club on Thursday, February 2, when Mrs. L. C. Hill was both hostess and program director.

Mrs. Hill had arranged approximately 30 table settings, ranging from the most formal set with handsome china, to the informal, with the popular "country" look. Pewter plates were seen in one unusual setting, silver goblets in another of great formality.

Mrs. Hill used some of the solid white Bavarian china with which her mother, the late Mrs. Cleo Templeton, started keeping house.

Other settings had white china with dainty pink flowers which belongs to her mother-in-law, Mrs. Creed Hill. This, too, was her first china, and was bought by the barrel, as the 100-piece sets were packed at the time.

Her discussion approached dining both as an expression of the hostess' personality and from the standpoint of good taste.

Those attending were Mrs. John Coleman, Mrs. Farris Wood, Mrs. Jerry Nix, Mrs. J. B. Stevenson, Mrs. Harold Gattis, Mrs. J. Frank Johnson, Mrs. Deskins Wells, and two guests, Mrs. Creed Hill and Mrs. Mish Dukeminier, and the hostess, Mrs. L. C. Hill.

Young Wellington Artist Gives Program for 1954 Study Club

Mrs. Roy Jeffrey, Jr., a young Wellington artist, presented a program on art and exhibited the works of several Wellington, Pampa and Amarillo painters for members of the 1954 Study Club Thursday, January 26. Mrs. Fred Cox was the hostess.

Mrs. Jeffrey moved to Wellington from Amarillo just over a year ago when her husband established a business here. She is the mother of four children, from 5 to 10 years of age, and it was not until after all of them were born that she took up the study of painting.

First the speaker discussed the styles of her teachers and her associates in the field of art. One had art as a hobby; the others painted for a livelihood. One stressed the European approach to realism with exquisite detail dating back to the 1400s; another stressed composition and drawing and much less time was spent on actual painting; still another gives emphasis to impressionism and semi-abstract presentation, and still another paints with a freedom in style that takes pictures away from the photographic realism.

The same subject would be treated differently by each because the styles are so personal, Mrs. Jeffrey pointed out. Until 1434, painting pigments were mixed with egg instead of oil, and artists made their own brushes, she continued. Jan Van Eyck was the first to use oil successfully, and his method is almost the same as that used today.

The place of draftsmanship was discussed, and she explained that composition is made up of many shapes, among them arrangements that are triangles, spheres, cubes, vertical and horizontal lines.

Many materials can be painted on—stretched canvas, canvas panels, masonite, velvet, burlap, glass, and others.

Carlotta Jeffrey studied under Louis Nuegabauber of Amarillo, a native of Austria who came to the United States during World War I as a refugee. Now 85 years of age, he still teaches painting.

She also has studied with Gladys Pipes of Amarillo and Ronald Howerton of Dalhart, who has classes here.

The pictures she exhibited included "Snow Scene" and "The Bridge" by Corky Bowen; two night scenes by John Sherman; Mrs. Jeffrey's mother, Mrs. Carl Goodwin of Amarillo, is also an artist and she was represented with "Fall Landscape," "Portrait of Karen," and "Weeping Magdalene."

Works of a friend, Joey White of Amarillo, were "Still Life with Fruit" and "Stallion Poco." Paintings by Mrs. Jeffrey's sister-in-law, Wenona Goodwin of Pampa were "A Study in Pointilism," "Still Life with Highlights" and "Study in X-Ray."

Mrs. Jeffrey's own works included "Donkey," "Cat and Books," "Summer Landscape," "St. Matthew and the Heavenly Messenger," "Goose Killer" and "Emperor Caracalla."

Both Mrs. Jeffrey and her husband have been artists models.

During the business meeting plans were made for the Tiny Tot Revue, to be held March 21, 1967.

Members attending were Mrs. Harold Caldwell, Mrs. Lynn Courtney, Mrs. R. L. Templeton, Mrs. Leon Hartman, Mrs. Lynn Wright, Mrs. A. J. Fires, Mrs. Wayne Cudd, Mrs. Virgil Patterson, Mrs. Harley Hatch, Mrs. Sam McGill, Mrs. L. B. Bratten, Mrs. Paul Spillman, Mrs. Jeffrey, Mrs. E. W. Clement, Mrs. James Sullivan and the hostess, Mrs. Cox.

Christianity and Buddhism Studied

The Wesleyan Service Guild met in the Methodist Church parsonage Thursday evening, January 26 with Mrs. Ellis Todd as hostess.

The meeting was opened with a prayer by Mrs. W. C. Reeves. Mrs. David Baumgardner, president, presided over the business meeting, and Mrs. J. F. Michael gave the devotion.

Mrs. G. L. Jones directed the program—a mission study on Christianity and Buddhism.

She was assisted by a panel of ladies representing various characters.

Mrs. Gorman Owens took the part of the Burmese Monk; Mrs. Byron Duncan, the Chinese pastor; Mrs. Joe Thompson, the Japanese consular official; Mrs. Bernice Welch, the Chinese businessman; and Mrs. Marjorie Anderson was in charge of research.

Refreshments were served to Mrs. Jennie Holcomb, Mrs. O. B. Wilson, Mrs. John Forbis, Mrs. Barney Glenn, Mrs. Lloyd Woodridge, Mrs. George Henry, Mrs. Bryan Denley, Mrs. Pearl Aaron, Mrs. Frank Anderson, Mrs. Fred Watkins, Mrs. Reeves, Mrs. Baumgardner, Mrs. Michael, Mrs. Jones, Mrs. Duncan, Mrs. Owens, Mrs. Thompson, Mrs. Anderson, and Mrs. Welch.

HOT SUN
Scientists calculate that the core of the sun is so hot—16 million degrees Centigrade—that a pinhead of the material emits enough heat to kill a man 100 miles away.

Program Speaker

Mrs. Roy Jeffrey, Jr., a youthful Wellington artist, is shown with one of her paintings, which she exhibited during a program she presented for the 1954 Study Club. With her is

her youngest child, Jacen, 5. She and Mr. Jeffrey have three other children, Ray, 10; Karen, 8; and Leigh Ann, 7.

Dwyer Speaks at Norwood YH

The Samnorwood Chapter of the Young Homemakers met Monday, February 6 at 7:30 p.m. in the home economics room. The meeting was called to order by the president, Mrs. Leon Myers.

The inspirational reading was given by Mrs. John Christner, "A Beautiful Recipe."

There was a short business meeting in which it was decided to have an Easter hat sale.

Mrs. Bob Dwight introduced the speaker, John Dwyer. The program was on parliamentary procedure.

The hostesses were Mrs. Lewis Ellis and Mrs. James Martindale.

Those attending were Mrs. James Martindale, Mrs. Lewis Ellis, Mrs. Bob Dwight, Mrs. Jim Ray, Mrs. John Stice, Mrs. John Dwyer, Mrs. John Birkey, Mrs. Leon Myers, Mrs. John Clifton, Mrs. Sam Carter, the advisor, Miss Judy Barber, and Mr. Dwyer.

YH Studies Art of Decoupage

The Young Homemakers met Tuesday, February 7 at 7:30 in the Greenbelt building.

Mrs. Jim Moss demonstrated how to make pictures by the decoupage method, and Mrs. Troy Thomason demonstrated how to make hanging lamps in a process similar to making grapes.

Mrs. Glenn Lacy and Mrs. Sam Shaffer served refreshments.

The second Sunday in May was designated as the date for the home tour.

Those attending were Mrs. Donald White, Mrs. Troy Thomason, Mrs. Glenn Warrick, Mrs. Carl Daves, Mrs. Carroll Daves, Mrs. Sam Shaffer, Mrs. Roy Jeffrey, Mrs. Doug Seale, Mrs. Benson Long,

Mrs. Kyle Lindley, Mrs. Sammy Helmers, Mrs. Glenn Lacy, Mrs. Larry Gollighugh, Mrs. Jim Moss, Mrs. Bobby Langford, Mrs. Farris Wood, Mrs. Jackie Barnett, Miss Selma McAlister, the visitors, Mrs. Eddie Wheeler and Mrs. Pat McAlister, and the sponsor, Mrs. Dee Coleman.

Personal

Mr. and Mrs. Buck Martindale of Shamrock visited Monday with his sister, Mr. and Mrs. Frank Light.

Mrs. J. W. Brooks of Abernathy, Mrs. W. B. Brown of Greenville, and Mrs. Harold Ball and her sister of Lubbock visited last week with Mr. and Mrs. Oran Starkey.

Mr. and Mrs. Joe Simpson were in Gallup, N.M. recently to attend the wedding of their grandson, Jerry Max Harrison to Diana Kato. Jerry is the son of Mr. and Mrs. Walter Harrison.

Recent visitors in the home of Mr. and Mrs. Eugene Bawcom were Mr. and Mrs. Jack Bawcom of Wickett, and Ed Bawcom and Mr. and Mrs. John Dodge, Dane and Daria of Boys Ranch.

Mr. and Mrs. Bill Cunningham and Glenn of Amarillo visited in the home of Mr. and Mrs. J. M. Strong over the week end.

Mr. and Mrs. C. R. Montgomery and daughters of Amarillo visited her parents, Mr. and Mrs. W. W. Shields of Dozier over the week end.

A. J. Shields of Logan, N.M., visited friends and relatives in the Dozier community over the week end.

Master Sgt. and Mrs. Clifton Stafford of San Antonio visited over the week end with her father, W. E. Hall, and his parents, Mr. and Mrs. LeRoy Stafford and families.

Mrs. Kennett Wyatt and Jill of Morton are visiting this week with her parents, Mr. and Mrs. O. A. Kiker.

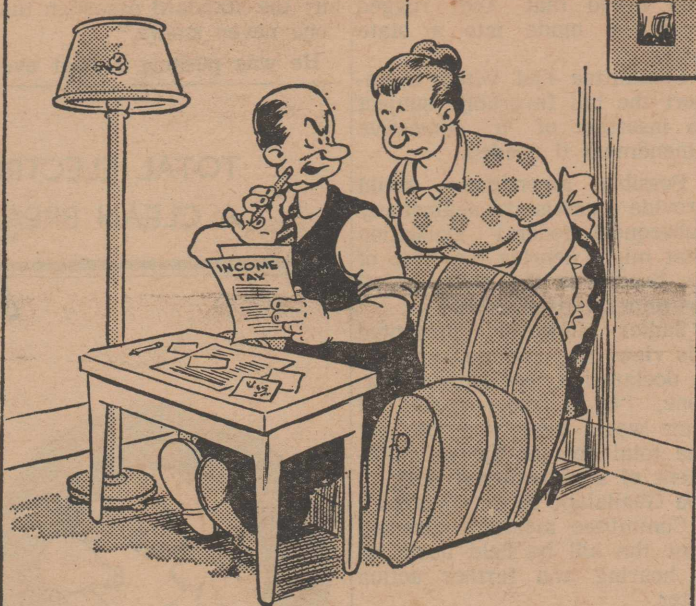

Mr. and Mrs. James Tucker of Lawton, Okla., visited over the week end with Mr. and Mrs. W. E. Colson, Mrs. Ace Rainey and other relatives.

Mrs. John James and Kim of Irving visited over the week end with her parents, Mr. and Mrs. James Phillips and with Mrs. Ace Rainey.

Mrs. Jim Ferguson and Sheri of Lubbock visited her mother, Mrs. Joe Coleman, over the week end.

EARLY START

Reading glasses, made by inserting a magnifying glass in a frame, were used by the Chinese as early as the 10th century.

"Dependents? Hm-mm—why not include the members of your bridge club?"

YOUR INCOME TAX

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions more frequently asked by taxpayers.

Q.—Do I add the 6% surcharge mentioned by the President in his State of the Union address to what I owe on this year's return?

A.—No, the surcharge must be approved by Congress before it becomes law.

Q.—I started work on my '66 tax return and find the new withholding rates have left me greatly overpaid. Is there anything I can do to reduce my withholding?

A.—Yes. When the graduated withholding rates were adopted by Congress last year, provision was made to allow additional withholding allowances to taxpayers with large itemized deductions. These allowances take into account the size of the taxpayer's income and deductions as reported on 1966 tax returns as well as income and deductions expected for 1967.

Procedures for claiming these allowances are outlined on Schedule A (Form W-4) available at local IRS offices. This schedule and a corrected W-4 must be filed with the taxpayer's employer who will make necessary withholding adjustments. These allowances cannot be claimed until you file your 1966 return.

Q.—I just turned 65. Will my boss stop withholding Social Security taxes from my pay if I go on working?

A.—The law requires the employer to withhold Social Security taxes on the first \$6,600 in wages paid each employee during the year. The age of the employee does not change this requirement.

Q.—I support my daughter who was recently divorced. Can I claim her baby as a dependent?

A.—You probably can if you provide more than half of the baby's support. Check the dependency requirements listed on page 4 of the 1040 instruction booklet.

Q.—There is one deduction I forgot to claim when I filed my 1965 return. Can I include it when I file this year?

A.—No, you cannot. An amended return or claim Form 843 must be filed for 1965 to claim the deduction.

Q.—Too much was with-

CURRENT UPHEAVAL in Red China has thrust Communist Party Chairman Mao Tse-tung back in the spotlight. Mao's "cultural revolution" has been challenged by factions within China, and his efforts to squelch them have brought the bloodiest purge since the Communists took over that country in 1949.

Men in Service

Mr. and Mrs. Russel Marsh have received word from two sons in service.

Sergeant First Class Jasper E. Marsh is assigned to the Jungle Survival School in Panama, training Marines and other men of the armed forces in that phase of service.

Lance Corporal Danny L. Marsh has written that it has been cold in Okinawa and that he has seen snow, which is unusual on that island.

held for Social Security tax as I held several jobs last year. Can I get this refunded or credited to any income tax I owe?

A.—Yes, you can. A special line has been added to Form 1040 where you can list excess Social Security tax withheld.

This is Line 19, on Page 1 of the 1040. If you had two or more employers, use it to list amounts in excess of \$27.20 withheld for Social Security taxes.

Q.—I understand that the first \$100 in dividends is not taxable. Does that mean I don't have to list that on my return?

A.—All dividends received should be reported on your return. Page 2 of Form 1040 has a line where you may take the exclusion you refer to. Note that this is \$100 for dividends of qualifying domestic corporations. On joint returns where both husband and wife receive dividends, each may exclude up to \$100 of such dividends.

Q.—I moved and didn't get my 1040 tax package. What should I do?

A.—Copies of forms and instructions are available at any local IRS office as well as at many banks and post offices.

Q.—How can you tell a "fly-by-night" tax return specialist from one who is reliable and honest?

A.—Here are a few things to look for:

1.—Avoid the man who guarantees you a refund.

2.—Be on guard if he suggests that the refund be sent to his address.

3.—Never sign a blank tax form.

4.—Don't sign a form that has been prepared in pencil; the figures could be easily changed.

5.—Ask the advisor to sign the return he has prepared. Remember that when you ask someone to help you prepare a return you are still legally responsible for every item on the return.

Q.—How do you figure out how much to report as interest when you cash in U.S. savings bonds?

A.—Report as interest the difference between what you paid for the bonds, the issue price, and what you received when you turned them in. Some cash basis taxpayers elect to report the interest earned each year on their bonds rather than all at once when they redeem the bonds. Either way of reporting this interest income is acceptable.

Horse racing is at least 3000 years old.

Cards of Thanks

May we express our sincere thanks to those who were so kind to us during our son Roy's recent stay in the hospital. Your prayers, cards, and visits were deeply appreciated. Mr. and Mrs. Alvin Vallance and children.

Before I return to my home I want to express my appreciation for the friendship and the kindnesses shown me during the times I was in Wellington. Mr. Pairojana Srichamara 17/2, Sukhothai Rd, Lane 3, Dusit District, Bangkok, Thailand Telephone: Bangkok 46167.

CJC Slates Drama Feb. 15

The Clarendon College drama class will present its first production for the spring semester on Feb. 15 at 10:15 a.m. in the college auditorium.

The play, "Nothing to Destroy" by Cora Montgomery, is a forceful one-act drama portraying five communist women who are forced to re-evaluate the communist doctrine by their forced seclusion following the sabotage of a factory.

The cast of characters includes Shirley Hearn of Clarendon who plays the role of Anna; Olga, played by Jane Ragsdale of Childress; Nina, played by Nina Snyder of Groom; Irene, played by Nelda Stepp of Clarendon; Josefa, played by Elaine Tolleson of Clarendon.

The production crew consists of Teddy Pool, Stratford; Butter Brannum, Clarendon; Ray Floyd, Dennis Leeper, Trusten Thomas, Jr., Wellington; Richard Dickson, Hedley. The public is invited to attend.

Junior High Game Cancelled

Wellington Junior High's last basketball game of the year, which was to be played Monday, Feb. 6 against Samnorwood, was cancelled, according to Coach Carroll Nunneley.

The Firecrackers wound up their 1966-67 season with 15 wins and no losses. The Crackers closed their season with a 9-3 record.

Legal Notice

THE STATE OF TEXAS
COUNTY OF COLLINGSWORTH
SHERIFF'S SALE

WHEREAS, on the 10th day of November, 1966, in Cause No. 3492, in the District Court of Collingsworth County, Texas, wherein The State of Texas and County of Collingsworth, et al were Plaintiffs, Impleaded Defendant, and Intervenor, recovered judgment against Sarah L. Swearingen, et al, Defendant, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 20th day of January, 1967, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 23rd day of January, 1967, seize and levy upon as the property of the above defendant the following described property, situated in Collingsworth County, Texas, to-wit:

FIRST TRACT:
All of Lot. No. Two (2) in Block No. Twenty (20) of the original Town of Wellington, Collingsworth County, Texas.

And I will on the first Tuesday in the month of March, 1967, the same being the 7th day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Wellington, Texas between the hours of 10:00 a.m. and 4:00 p.m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to any one having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendant to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

DATED at Wellington, Texas, this 23rd day of January, 1967.

JOHN RAINEY, Sheriff
Collingsworth County, Tex. 28-3c

Meeting to Focus Attention in Irrigation, New Crops

Wellington will be the scene later this month of an Irrigation Workshop and Agricultural Clinic, sponsored jointly by the Extension Service and the Greenbelt Electric Co-operative. This is a meeting every Collingsworth farmer should attend, whether or not he has irrigation or any prospects of it.

The date is February 23.

The problems and potentials of irrigation will be looked at from several directions. There will be a discussion of this county's underground water that may bring out some surprising facts.

An important part of this one-day meeting will be the information available on three crops that could well bring new sources of income to the area, guar, a crop already proved in this county, castor beans and soybeans, both of which have been grown here on a limited scale in the past, yet with sufficient success for their prospects to be good.

This meeting can be vitally important to the money that goes into the pockets of farmers of this area.

OTHER EDITORS SAY . . .

Points For Parents

Puzzled as to how to rear your children to make them decent members of society? Most parents are. And a good many parents are inclined at times to try to push the responsibility for rearing their children onto the church, the school or some other agency.

The basic fact remains, however, that it is in the home where children become what they are. It is the parents who must accept the responsibility for the behavior of their children. Most people, while somewhat vaguely aware of this responsibility, become lost in trying to figure out just how to go about being responsible parents.

In looking over the annual report of the Stearns County Probation and Parole Department, we were impressed by 13 points presented by Probation Officer Mel Janski. These are not points for children; they are points for parents to read and remember.

1. If a child lives with criticism he learns to condemn.
2. If a child lives with hostility, he learns to fight.
3. If a child lives with fear, he learns to be apprehensive.
4. If a child lives with pity, he learns to feel sorry for himself.
5. If a child lives with jealousy, he learns to hate.
6. If a child lives with encouragement, he learns to be confident.
7. If a child lives with praise, he learns to be appreciative.
8. If a child lives with acceptance, he learns to love.
9. If a child lives with approval, he learns to like himself.
10. If a child lives with recognition, he learns to have a goal.
11. If a child lives with fairness, he learns justice.
12. If a child lives with honesty, he learns what truth is.
13. If a child lives with friendliness, he learns that the world is a nice place in which to live.

—St. Cloud (Minn.) Photo News

Fact or Fiction?

One of the first things a journalist learns upon starting to work for a newspaper is how many stories turn out to be mere "gossip," just because some people will actually start a story, probably from lack of anything else to do.

Often the newspaper office phone rings with inquiries about things that are reported happening in the "world of gossip" and investigation proves there is not a fact of truth to the story.

This brings us to the matter of people. There are some among us who spend most of their conversational time talking about other people.

This is good, perhaps if they are sympathetic and say good things about their neighbors and fellow men.

But some are inclined to gossip about practically anyone and everyone. This can cause, and does cause, untold harm in every community.

Many persons are caught in between. They don't start the story. They just repeat it, and some even enlarge on it.

Let us all do our part in trying to reduce the number of "untrue stories" in our community. If you don't know the full facts from personal observation, let us not "carry a story" by repeating a bit of gossip that you cannot personally back up.

—The Belleville (Kan.) Telescope

It's a touching situation when some people encounter the sign "wet paint."

Watching the young set dancing makes it hard to understand how the leg bone remains connected to the hip bone, etc., etc.

State Capital
NEWS
By Vern Sanford

AUSTIN.— Texas legislators are at work on Gov. John Connally's recommendations for raising \$144,200,000 in new taxes which include a "surprise" proposal to legalize the sale of liquor by the drink.

His local-option, mixed-drink endorsement was the major bombshell in an otherwise predictable package based on boosts or adjustments in old standby sales and business taxes and a transfer of farm road financing to the highway fund.

House Revenue and Tax committee hearings are due to get under way immediately. Legislative leaders acknowledge some bitter controversies are upcoming for the first major revenue program advanced since Connally took over the governor's office.

In his 25-minute speech to a joint session of the House and Senate, Connally outlined his views on how to raise the \$971,500,000 necessary to carry out his general revenue spending program for the next two years.

Here, in summary, is the governor's tax program:

- Repeal the sales tax exemption on all alcoholic beverages, effective July 1. (Should yield \$26,000,000.)
- Increase the gasoline tax 1¢ a gallon (from 5¢ to 6¢), effective July 1. (Since \$24,000,000 of the additional revenue automatically would go to the available school fund, general revenue of this amount would be freed for legislative appropriation. Tax raise would add \$73,200,000 to the state highway fund.)
- Repeal the 1949 Colson-Briscoe Act's general revenue allocation of \$15,000,000 per year to farm-to-market roads and leave financing of these roads to the highway department. (\$30,000,000 general revenue gain.)
- Tax distilled spirits and wine sold by the drink at licensed establishments 5¢ an ounce. (\$15,000,000 gain.)
- Increase the corporation franchise tax rate from \$2.25 per \$1,000 to 3. (\$30,900,000.)
- Raise the natural gas production tax from 7 to 8 percent of wellhead value, effective July 1. (\$17,800,000.)

Connally said he had tried to fashion "an equitable plan which will impose the least possible burden upon the individual and business taxpayers of this state."

He emphasized that he recommends legalizing liquor by the drink only on a local-option basis and under "strict regulation" with punishment by revocation of licenses for repeat sales of liquor to minors. He hit at the existing "subterfuge" which now permits serving of mixed drinks through "so-called private clubs."

"It is time to bring this matter into the open," the governor said. "It is my considered opinion that a far more wholesome climate will prevail if liquor can be sold by the drink, legally and under tight regulation."

Connally got his biggest applause when he said he would NOT recommend a state college-university tuition increase.

Pay Hike Urged

The Legislature has unanimously petitioned the governor to submit as an emergency an interim pay raise for all state employees.

Connally did not mention this request in his address,

county-by-county, for planning and programming, and pass legislation to permit agriculture to provide funds of its own for research and promotion.

Attorney General Speaks

Students at state-supported colleges no longer are required to take a "loyalty oath" in the opinion of Atty. Gen. Crawford C. Martin.

Martin said the 1949 act that required the oath of students and faculty was altered in 1953 by a law which covered only paid employees of the school. Some legislators are considering a bill to put students back under the law.

In other opinions, Martin held:

—District court judges who are members of county juvenile boards must be paid an additional \$325 a month in salaries, and county commissioners cannot pay less.

—Parks and Wildlife Department has authority to issue deprecation permits for killing of wild birds or animals in Dimmitt, Uvalde and Zavala counties.

—A person convicted of a felony and given a suspended sentence is not barred from applying for and receiving probation under the misdemeanor probation act.

—Texas inheritance tax provision concerning use of the "resident decedent's" entire estate wherever situated as a factor in determining the rate to be applied to succession of property is constitutional.

—Presidio County Hospital District can levy a tax for initiating operation of the district.

To Have or Not to Have

The on-again, off-again proposal to make Guadalupe Mountain lands into a national park is off again, but perhaps only temporarily.

A halt that slowed the pro-

gress of Texas' transfer of Guadalupe Mountain lands came when Land Commissioner Jerry Sadler went before the Senate Committee on Counties and urged that the rugged lands be made into a state park.

Committee had voted to report the bill favorably, subject to insertion of a corrective amendment if needed.

Possible amendment would provide a safeguard against any subsequent federal legislation that might deprive the state of its bounty in the event of oil or mineral production.

Sadler, however, presented his views and summed up with a declaration that minerals alone, "in a short period of time would more than pay for the total cost of the establishment of a state-owned park in the Guadalupe Mountain area."

Committee members directed that the bill be held back for a hearing and further action later.

Redistricting Clouded

Two recent Supreme Court decisions invalidating congressional districts of 12.8 and 10.4 percent population disparities in Indiana and Missouri may renew the apportionment fight in Texas.

House Speaker Ben Barnes fears the court may turn down the 1965 Texas redistricting acts. Rep. Gus Mutscher of Brenham, chairman of the House Redistricting Committee hopes to discuss the matter with a Houston federal court which passed on the Texas act and indicated some disapproval but never issued any standards of population tolerance.

Mutscher proposes to appoint three study groups on guidelines for congressional districting, standards for reapportionment of the House and to sample opinions of legislators on districts for their areas.

Short Snorts

Texas has intervened in the suit filed in the U.S. District Court of Maryland against W. Willard Wirtz, Secretary of Labor, testing the constitutionality of an amendment to the Fair Labor Standards Act, applying federal minimum wage laws to state hospital and college employees.

A. C. Turner of Walker County has been named by Judge K. K. Woodley of the Court of Criminal Appeals to another term on the State Board of Pardons and Paroles.

Board of Pardons and Paroles has elected Pat Bullock of Colorado City as chairman for the two year term ending Feb. 1, 1969 and James Berger of Austin has been named Director of Parole Supervision for the State of Texas.

Texas Highway Department officials say more than 6,700,000 motor vehicles will be registered in Texas in 1967, and car owners are urged to purchase their license plates early.

Senate confirmed Burton G. Hackney, Brownfield, as state commissioner of public welfare.

State Board of Insurance, in new report, defends the often-criticized auto-rate-regulation practices.

SOFT HARDWOOD

The hardest American softwood is longleaf pine. The hardest is bois d'arc. Both trees grow in Texas.

BIG TIMBER

The forest industry is the 6th largest industry in the nation.

Bass Panics; Ditto Hunter

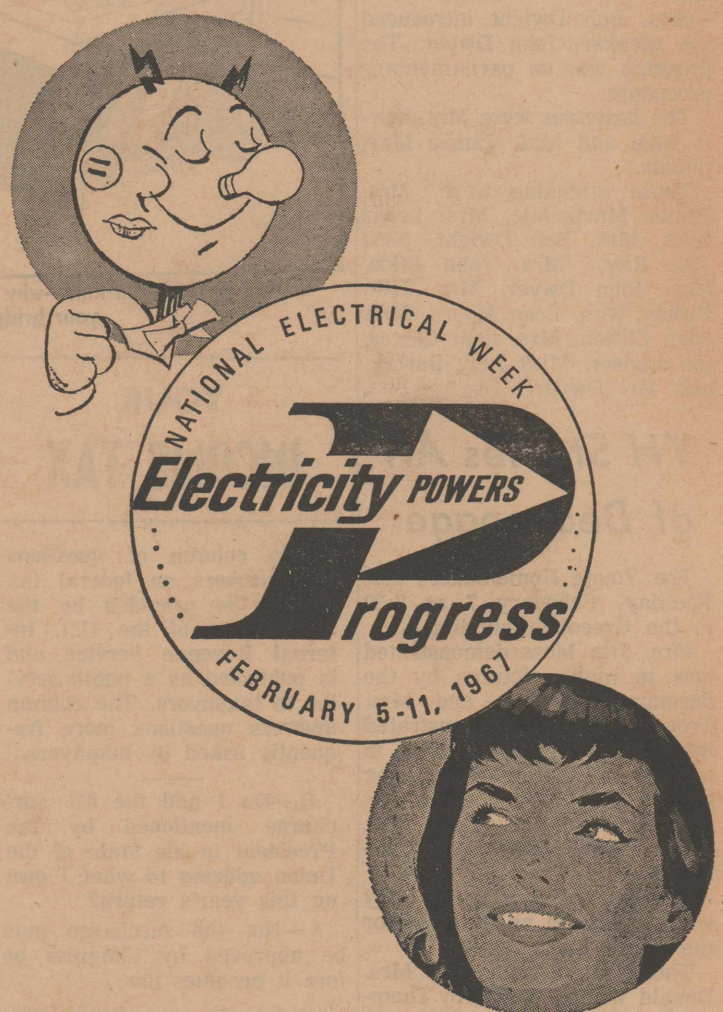

DUBLIN.—A duck hunter will buy the standard assertion that "one never knows."

He was pushing a boat over

a floating log to set out some decoys on Lake Proctor when a three-pound black bass jumped into the rig.

The hunter also was excited. He just said he was plain "Mr. Wheeler from Fort Worth."

TOTAL ELECTRIC LIVING
A CLEAN BREAK WITH THE PAST

Count the ways electricity benefits you

In your home alone, 166 electrical appliances are available to save time, reduce work and do a better job faster and more economically.

Small wonder that in the last 10 years the typical American family has nearly doubled its use of electricity. And at very low cost. While the cost-of-living has been spiraling upwards, the price of electricity has been coming down.

Here at WTU we keep pace with the increasing use of electricity in industry, in business and in the home. It is a way of life with us, for we know that electricity powers progress.

THE STATE OF TEXAS
COUNTY OF COLLINGSWORTH

I, LORENE JENKINS, County-District Clerk in and for said County and State do hereby certify that the foregoing financial report of Collingsworth County, Texas, true and correct as same as filed for record in my office for the year 1966.

This report made as per Article 1609, Acts 1893, P. 160; G. L., Vol. 10, P. 590; Book 328, P. 674 (1931) also Article 6252-2 infra.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this the 3rd day of February, A. D., 1967.

(SEAL)

LORENE JENKINS
County-District Clerk
Collingsworth County, Texas

Girls Win Over Shamrock

Rockets Down Seymour Then Lose to Quanah

The Wellington Skyrockets defeated the Seymour Panthers in a game played here Tuesday, Jan. 31, then suffered their first conference loss to the Quanah Indians Friday night, Feb. 3, on the Tribe's court.

Neither of these schools has girls teams, and the Wellington Rockettes had only one game during the week, and that was a victory over the Shamrock Lassies Friday.

Wellington had one of the most thrilling games of the season in the Seymour tilt, but finally were able to overcome the battling Panthers and win 48 to 44.

It was a game that was close all the way, with neither team getting more than a 4 point lead at any time.

"I don't feel our boys played a real good game; they had too many mistakes and they didn't hit the basket well. I was pleased with their overall team defense and I felt their hustle was to be commended," said Coach James Stavenhagen.

High scorer for Wellington was Andy Henard with 25, and for Seymour it was Steve Martin with 12.

The score by quarters:
Wellington 16 26 33 48
Seymour 13 26 34 44

Wellington-Shamrock Girls

Wellington girls played Shamrock Friday night due to Quanah not having a girls team. The Rockettes were slow starting but they came on with a little life and were able to defeat the Shamrock girls 35 to 17. It was a good defensive game on both teams' part.

Wellington gradually began to hit the basket and was able to pull away from the Irish Lassies.

"The three guards did a terrific job of defense," Coach Stavenhagen said.

Nancy Holton was high point with 18 for Wellington, and for Shamrock it was Sharon Wells with 7.

The score by quarters:
Wellington 16 26 29 35
Shamrock 6 10 17

Wellington-Quanah

Wellington boys traveled to Quanah for a return game of an earlier conference game on Friday, Feb. 3, and it was almost a reverse performance of the earlier conference game the two teams played in Rock-et gym.

Both teams were a little tense in the first quarter and neither hit very well. But

Miss McQueary Receives Degree

Mr. and Mrs. A. A. McQueary were in Denon over the week end to attend the graduation of their daughter, Miss Sylvia McQueary.

She received her bachelor of science degree from North Texas State University on Sunday, Jan. 29.

Miss McQueary is teaching music in the fourth, fifth and sixth grades in Carrollton.

Quanah soon found their shooting range and were able to move out in front. They continued to build up this lead until the final buzzer and they took the victory 69 to 36.

Wellington was having a cold night both at the free throw line and in the field. They shot 26% from the field and about 34% from the free throw line. Quanah was having a good night percentagewise.

The high point for Wellington was Andy Henard with 13 and Mike Smith had 11.

High point for Quanah was Ford with 18 and Williams had 14.

Scoring by quarters:

Wellington 7 19 27 36
Quanah 8 31 49 69

Bob Price Gets 3 Sub-Committee Ag Assignments

Congressman Bob Price fared well in Agriculture subcommittee assignments announced today by Representative Page Belcher of Oklahoma, ranking Republican member of the committee.

Price had asked for subcommittees on livestock and grains, cotton, and got both. In addition, he was named to a third, the subcommittee on departmental oversight which looks after implementation of Agriculture bills passed before the Congress.

Two former subcommittees, wheat and the subcommittee on livestock and grains, were combined into one with eight Democratic and six Republican members. Chairman of the combined committee will be Representative Graham Purcell of Texas.

"These are the most important subcommittees of the Agriculture Committee, especially to the 18th District of Texas," Price stated.

"The cotton export situation is in deplorable shape as this country continues to lose its world market," Price declared. "The cost of the cotton program is rising but cotton farmers are not sharing in the benefits as they should."

"Actually, I believe the decline of the cotton export markets is largely the result of State Department policies that have forced the American taxpayer to assume heavy losses by the Commodity Credit Corporation for carrying a huge and growing surplus of unwanted cotton," Price added.

"This is one of the problems I will be working on as a member of the cotton subcommittee," he stated.

"I intend to ask for early hearings on the question of whether the Food and Agriculture Act of 1965 has been properly administered and also what can be done about State Department policies that have crippled our cotton export program," the Panhandle Congressman concluded.

John E. Topper

Shamrock Man Joins Cattle Raisers Group

John E. Topper, 36, of Shamrock, has been named Field Inspector for the Texas and Southwestern Cattle Raisers Association. In making the announcement, Don C. King, secretary-general manager of the Association said that Topper will be stationed at Clarendon, which is headquarters for District 2.

The counties in District 2, formerly served by Alan Jeffries who retired Jan. 1, 1967, are Carson, Gray, Wheeler, Collingsworth, Donley, Armstrong, Briscoe, Hall, and Childress in Texas, and Beckham, Greer and Harmon in Oklahoma.

Topper, a former TSCRA Market Inspector has been a Deputy Sheriff in Wheeler County for the past 14 years. He has attended many law enforcement schools and crime seminars on criminal investigations. Included in the schools are the Texas Department of Public Safety's sheriffs schools and crime seminars sponsored by the FBI. Topper has had a lifetime of experience and interest in the livestock industry.

King said he felt the Association was fortunate to have a man with Topper's previous market inspection experience, cattle savvy, and law enforcement training join the Field Inspector force.

The new inspector will continue to live in Shamrock until school is out, at which time he and his wife, June, and their four children will move to the Clarendon area.

MARRIAGE LICENSES

Jerry Bob Jernigan, 24, of Jal, N.M., and Miss Melody Massey, 18, of Shamrock, Jan. 14.

Albert James Chambers, 39, and Mrs. Lodi Evelyn Jones, 34, of Childress, Jan. 14.

Ronnie Nelson Hartman, 19, and Miss Frieda Sandra Minaret, 17, both of Wellington, Jan. 23.

Eddie Thompson Smith, 66, and Mrs. Daisy Christene Oiler, 51, of Wellington, Jan. 26.

Edwin Dale Clifton, 32, of Childress, and Mrs. Doris Faye Clifton, 23, of Hollis, Feb. 2.

Constantinople was renamed Istambul in 1939.

Washington Report

From Congressman
BOB PRICE 18TH DISTRICT, TEXAS

1223 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 225-3704

The office has been very busy since my last report. I introduced two pieces of legislation on Jan. 26 and have been preparing other bills for introduction in the near future.

My House Joint Resolution 224 proposes an amendment to our Constitution which would put the American people on record in favor of allowing prayer in schools and other public buildings.

Contrary to the belief of many people the Supreme Court decision of several years ago did not outlaw prayer in schools. The justices stated that school officials could not give the students a prepared prayer to recite.

As I stated in my last newsletter, however, I will fight for passage of this amendment to make sure that some future court does not prohibit all prayer in public buildings.

The other resolution was introduced in connection with my assignment to the House Agriculture Committee on Jan. 25.

House Concurrent Resolution 106 "expresses the sense of Congress that in the public interest the administration

should (1) cease and desist in its efforts to enforce selective economic discrimination against American farmers and ranchers by deliberately depressing farm prices, and (2) use the various legislative authorities at its disposal to improve and enhance farm prices."

In regard to my appointment to the Agriculture Committee, I have requested assignment to three subcommittees. The subcommittee on Livestock and Grains, which handles legislation involving meat production, and wheat, maize, and soybeans, was my first choice.

My other choices included: Cotton, which is a major crop in the 18th District. There are more than 600,000 bales annually produced in our area. My other choice is Conservation and Credit which involves small watershed programs as well as dealing with Farmers Home Administration and Federal Land Bank problems.

I will be announcing the members of my advisory committees on agriculture in the near future. I expect to have about 60 Panhandle farmers, ranchers, and businessmen on several committees.

I have received numerous letters in regard to the war in Viet Nam and the United Nations economic sanctions against Rhodesia.

I am still in favor of blocking the port of Haiphong and bombing air fields and industrial plants in North Viet Nam in order to bring this conflict to a speedy and successful conclusion.

Also, I am opposed to the United States' honoring any economic sanctions against Rhodesia as long as our so-called allies continue to trade with North Viet Nam.

Norwood Water Group Elects

Directors of the Samnorwood Water Corporation, in a meeting Saturday night, Jan. 28, re-elected all officers to serve through 1967.

Willie Knoll is president, John Dwyer vice president and Jim Ray secretary-treasurer.

The minimum water rate was increased \$1.25 per month to \$3.00, according to James Chappell, county supervisor for the Farmers Home Administration, who works with the water group. This covers the first 3,000 gallons.

The 1967 budget of \$17,300 was accepted.

RURAL AID

Soil Conservation Service technicians helped almost 7000 tenants and sharecroppers last year apply conservation work. This is part of SCS's special effort to help all segments of rural and urban society to do needed conservation work.

Nearly 300,000 acres of cropland were planted to grass last year by soil and water conservation district cooperators.

THE QUAILS

These are the 1967 Quails, who are tied with Hedley for second place in District 9-B. They are coached by Billy Wilson, himself a former Quail, standing at right. Team members in the back row, from left are Jimmy Langley, Jarrell Fielding,

Carey Don Neeley, Earl Lynn Feemster, Robert Blevins, Steve Tennison and Coach Wilson. Keeling from left are Darrel Colson, Clarence Long, Benny Carson, Gary Barton and John Blevins.

FARM BUREAU REPRESENTATIVE AT LEGISLATIVE CONFERENCE

Collingsworth County Farm Bureau was represented at the legislative conference held recently in Austin, in which FB officers from throughout the state conferred with their senators and representatives.

Going from here were Dee Coleman, director of District 1. L. A. Davis of Rolla, FB county president; and James Martindale of Dozier, member of the legislative committee.

Mr. Davis reported that they were assured that there would be no state sales tax and that legislators from this area are working to prevent the minimum wage law from being effective this year.

Legislators were honored at a banquet Wednesday night, Jan. 15. District 1 was the only district with all of its House members present, said

Billy Graham Film Slated

The new Billy Graham evangelistic film "Lucia" will be shown at 7:30 p.m. Tuesday, Feb. 14 in the main auditorium of First Baptist Church, the Rev. A. B. Earnest, pastor, announced.

"Lucia" was filmed in Buenos Aires. "The excitement of folk music, South America's scenic beauty and life in one of the world's largest cities, are enriched by full color," said Rev. Earnest.

The public is invited to attend.

Personal

Silas Crawford has been in Lubbock since Tuesday, Jan. 31, at the bedside of his twin brother, Paul Crawford, who is critically ill. The latter grew up in the Arlie community.

Visiting in Pampa Sunday were C. A. Crawford and son, Dan, his mother, Mrs. Silas

torney General Crawford Martin.

Crawford and his grandmother, Mrs. Effie Trout. They were guests of Mrs. Trout's son and family, Mr. and Mrs. Oliver Trout and daughter, Karen.

Mr. and Mrs. R. A. Newman, Jr., of Pampa visited over the week end with her parents, Mr. and Mrs. D. F. Downs.

Mr. and Mrs. Freddie Ford and sons and Mrs. Jimmy Ford of Memphis visited in the home of Mr. and Mrs. King Bowen Sunday.

Land Bought for New Boy Scout Camp

The Adobe Walls Council of the Boy Scouts of America has announced the completion of a transaction for the purchase of 480 acres of property near Mo-beetie for the development of a new Boy Scout camp.

Frank Culbertson, Adobe Walls Council President, has called a special meeting of Council officers for Feb. 9, 7:30 p.m. at the Scout Service Center in Pampa for the purpose of laying out preliminary plans for the development of the camping area.

Frank W. Atkinson, assistant director of the Engineering Service of the National Boy

Scout Council, will be in Pampa on Feb. 10 to tour the new camp property, and to meet with the Council camping and activities committee at 7:30 p.m. at the Scout Service Center. At this meeting, Mr. Atkinson will make recommendations for building the new camp.

The first phases of development will be the laying out of campsites and the completion of conservation work already begun. Boy Scout troops and Explorer posts will begin this work as soon as the projects are decided upon.

George Newberry, chairman of the Council camping and activities committee, says that while the Council will begin active development of this new camp right away, plans now call for the Council summer camp to be held at Camp Kiowa near Canadian as usual this summer.

GRASS PLANTING TIME

By Jon La Baume
of Soil Conservation Service

Grass planting time is upon us. Usually the best time to seed grass is January through May. If the cover is not good to seed grass into, a dead litter cover crop planted this year with grass seeding to be done

Director Visits FB Organizations

Dee Coleman, director of District 1 for the Texas Farm Bureau is making a series of visits to county organizations during Farm Bureau week, which begins Monday, Feb. 6.

He spoke at a membership week meeting in Dumas Monday night, Feb. 6. On Tuesday he was at a breakfast in Hereford, a luncheon meeting in Perryton and an evening meeting with the Sherman County Farm Bureau in Stratford.

Visits slated Wednesday Feb. 8 are a breakfast with the Hutchinson County Farm Bureau, and a luncheon with the Lipscomb County group.

Thursday he will be with the Donley County Farm Bureau in Clarendon at 7 p.m.; and Friday, Mr. Coleman will be the guest of the Gray County Farm Bureau for a breakfast.

Lunchroom Menu

• Mon. Feb. 13: Barbecued beef on a bun, lettuce and tomato salad, buttered green peas, potato chips, peach half, half pint milk or chocolate milk.

• Tues. Feb. 14: Wieners in a bun with chili sauce, catsup, oven fried potatoes, apple sauce, Valentine cup cakes, half pint milk or chocolate milk.

• Wed. Feb. 15: Chicken fried steak with cream gravy, sno-flake potatoes, seasoned green beans, cole slaw, hot rolls and butter, chocolate pudding with whip topping, half pint milk or chocolate milk.

• Thur. Feb. 16: Hamburger pizza, lettuce and tomato salad, whole kernel corn, buttered rice, fruit, half pint milk or chocolate milk.

• Fri. Feb. 17: Salmon croquettes, catsup, sweet potatoes, sweet-sour mixed greens, corn-bread squares, fruit crisp, half pint milk or chocolate milk.

next year is the best way.

The Great Plains Conservation program will cost share 80% of the cost. The cost share amount is 80% of the cost of establishing a dead litter cover. The cost of grass seed, seedbed preparation, seeding operations, and fertilization will also be cost shared 80%. Mowing or shredding existing cover such as Conservation Reserve (Soil Bank) land is also cost shared. The GPCP can cost share grass planting on land that is in the Conservation Reserve (Soil Bank), Cropland Adjustment Program, and diverted acres. If you are interested in either pasture planting or range seeding, please write or call us whereby we may meet with you.

The contract is for three full program years, Jan. 1 to Dec. 31. A contract entered into any time this year will expire Dec. 31, 1970. If the grass fails through no fault of the producer the GPCP will cost share the amount again. If there is any information at all you need to know about this program, please write or call the local Soil Conservation Service.

Peters Attends Lubbock College

A Wellington student, Freddy Peters, is enrolled for the spring semester at Lubbock Christian College and is now attending classes.

Peters is the son of Mr. and Mrs. David Peters, 1211 Fort Worth Street.

He is a sophomore majoring in pre-medicine.

LCC is celebrating its tenth anniversary this year. All campus events will be directed toward highlighting this decade of development.

An evening college has been initiated this year allowing students to earn up to 6 hours of credit at night.

BACKGROUND of SUCCESS for FUTURE FARMERS...

State Farmers Union to Honor 60 Legislature

Texas Farmers Union will honor the Sixtieth Legislature with a reception at the Gondolier Motor Hotel in Austin on Tuesday afternoon, Feb. 14 at 4:30 p.m. Most members of the House and Senate have accepted the invitation to attend and both Lt. Governor Preston Smith and Speaker of the House Ben Barnes are expected. National Farmers Union President Tony T. Dechant of Denver, in Austin for a speaking engagement, will also be present.

The members of the legislature will be greeted at the reception by a welcoming committee of Farmers Union members and their wives from many of the 82 chartered county organizations over the state. No formal program has been planned and the reception will give the farm organization members an opportunity to get acquainted with the state government leaders and to informally discuss with them the various issues that are of concern to farmers, ranchers and rural people.

Representing the Collingsworth County Farmers Union will be W. R. Breeding, District 1 director, and Mrs. Breeding, Dudley Phipps, county president, and Mrs. Phipps.

Arnett Teacher at Workshop

A reading workshop at Weatherford High School, Weatherford, Okla., was held Saturday, Jan. 28 by Dr. Ernest Jones, director of the reading clinic of Central State College, Edmond, Okla.

Attending from Arnett was Mrs. C. B. Carter, reading instructor. This workshop was to introduce teachers to new media of instruction and encourage them to think in terms of the efficiency of their instruction.

Men in Service

U.S. ARMY, Korea. — Army Private Terry J. Jones, 20, whose parents, Mr. and Mrs. Eddie B. Jones, and wife, Sally, live at 510 Fort Worth St., in Wellington, was assigned to the 32nd Infantry in Korea on Jan. 10.

Pvt. Jones is an infantryman in Company B of the 32nd Infantry's 2nd Battalion. He entered the Army in August 1966 and was last stationed at Fort Polk, La.

The private graduated in 1965 from Booker T. Washington high school and attended Texas Southern University at Houston.

Argentina was discovered in 1516 by Juan Diaz de Solis.

Quail Takes Double Header From Dodson

The Quail boys and girls defeated the Dodson teams in a double header played at Dodson Friday evening, Feb. 3.

The Bobwhites won the girls game 52 to 26 and the Quails were victors over the Mustangs a close 51 to 46.

Quail girls led all the way. Stella Johnson scored 20 points as high for the victors and Vicente Palacios had 18 for Dodson.

Playing for Quail were Stella Johnson, Joyce Johnson, Pamela Langley, Rita Cummings, Janis Gosnell and Judy Campbell.

Dodson players were Nancy Gulley, Vicente Palacios, DeLores Palacios, Clarice Green, Velma Whitson, Sheila Ford, Linda Lemons and Mixine Leamon.

The Quails took an early lead, but after the third quarter Dodson stayed to within 5 to 8 points.

Earl Lynn Feemster of Quail and James Riley of Dodson tied with 13 points each to lead the scoring in the boys game.

Dodson players were Mike Gulley, James Riley, Bobby Tabor, Junior Castillo, Dennis Sexton and Elvis Sain.

The Quail team included Feemster, Robert Blevins, Gerald Fielding, Gary Barton, Benny Carson, Steven Tennison, Clarence Long, Jimmy Langley, John Blevins and Darrell Colson.

Wildlife continues to be a big concern of soil and water conservation districts. Last year, Texas landowners applied measures to improve wildlife food and cover on 184,000 acres of land.

Deck's DIDACTICS

—By Deskins Wells

During the past few years The West Texas Chamber of Commerce has assumed a more dramatic and forceful role in promoting the welfare and the economics of the region than at any other time in its long proud history. It is a go-go organization and its aim is to help develop every resource and every industry in the vast area it serves.

The speaker who will address the Chamber of Commerce here Thursday night, W. H. (Bill) Collins of Midland, is a man who is well qualified to represent such a progressive purpose. At the present time he is the editor of the Midland Reporter-Telegram and his experiences have been wide and varied, including eight years as manager of the chamber of commerce in Midland. He is an interesting man who can make an interesting speech and I look forward to hearing him.

Thursday night you will also hear the Wellington High School stage band which was recently named the outstanding stage band at the West Texas State University Stage Band Festival. These youngsters under the direction of James Larson can and do put on an excellent performance.

Gov. John Connally's proposal to legalize mixed drinks in Texas by local option is expected to run into strong opposition. His objective was two-fold: first to raise more revenue by taxing mixed drinks and second to curb the private clubs which in many cases are run illegally. However it is no trouble for an out of town to become a member of one of the legal private clubs in the big cities. A standing invitation is out to newsmen to visit the press club and to bankers to visit the bankers club and so on into absurdity. In many hotels there is a card you can obtain and fill out without any trouble or any personal invitation. But none of this is taxed.

Mixed drinks are a long way from Wellington unless it is in a home. We do not even have legal sale of alcoholic beverages in legal well policed package stores. We prefer to drive over to Hollis or Mangum to get our beer, wine or whiskey, thereby adding that much to the economy of our neighbors in Oklahoma. Not all of our male citizens who like to wet their whistles go to Oklahoma. Some consent to travel to Amarillo, Pampa or Wichita Falls to help their wives pick out a new dress.

There is more going on in Austin than talk of mixed drinks. The Senate State Affairs Committee is talking about a wholesale name change of The University of Texas system. Here is part of the ridiculous list:

The measure would rename the main university "The University of Texas at Austin"; Texas Western would become "The University of Texas at El Paso"; Arlington State would be "The Un-

iversity of Texas at Arlington". McDonald Observatory would become "The University of Texas McDonald Observatory at Mount Locke". Marine Science Institute would be "The University of Texas Marine Science Institute at Port Aransas". South Texas Medical School would be "The University of Texas Medical School at San Antonio". The University of Texas School of Public Health would be "The University of Texas School of Public Health at Houston. The Institute for Dental Science would be "The University of Texas Dental Science Institute at Houston".

If the Senators do not have anything better than this to do, they ought to go home. They may not do any good at home; but at least they won't be doing as much harm. Can you imagine anything more confusing, word wasting and time consuming than such a change? How would you ever find time to tell someone that you are a graduate of The University of Texas Marine Science Institute at Port Aransas? And suppose that you also studied astronomy—how would you get anyone to listen long enough to add that you were also a graduate of The University of Texas McDonald Observatory at Mount Locke?

And what would happen if Sammy Helmers, John Coleman and Dan Henard had to say that they were graduates of The University of Texas Agricultural and Mechanical College at Bryan?

Harold Hudson in Perryton is the only editor I know near here who is a graduate of The University of Texas "at Austin" that is, I had thought of enlisting his help; but he is too interested in his grapefruit diet to care anything about The University of Texas. I quote from a recent column:

The best advice is to diet; "No thyself."

This advice is given to those who are now on the grapefruit "miracle diet" which has peeled some 25 pounds off John Mayfield during the past several months and which has a lot of us other people trying it. This is a diet which rocks along for four days without any weight loss and all of a sudden, on the fifth day, you drop five pounds. That's the way it does. However, we have found that the first 10 pounds was the easiest to lose, and while we are still on the diet of grapefruit, green salad and lots of meat, we are losing weight much slower now. However, we have taken up four notches in our belt, which is some accomplishment.

The National PTA joined by the Texas Parent Teachers Association will launch a campaign designed to prevent teen agers from starting smoking. I wish them well for it is a fact that the smoker who starts before the age of twenty not only smokes more but is much more susceptible to serious injury than one who starts later.

I doubt if danger will be much of a deterrent to the average teen ager. If there were some way for a boy smoker to know how bad his breath smells to a non-smoker and the same thing applies to a girl who smokes. A non-smoker can smell their breath three feet away.

The American Cancer Soci-

Girls in Tie

Norwood Boys Hold District 9-B Lead

The Samnorwood Eaglettes traveled to Groom on Tuesday, Jan. 31 to play one of their most crucial games to date. They had lost to Groom in the opening conference game by three points and were trailing the Groom girls by that one game.

The contest went into an overtime before Samnorwood won by a single point, 47 to 46. Suzy Bentley, playing her first game in over a month, led the Samnorwood scoring with 27 points, including the two free throws just 8 seconds before the end of the overtime to give the Eaglettes their victory.

"The other Eaglettes played very well in this hard-fought

victory," said Coach Loyd Stephens.

Brenda Coleman, Odessa Stice and Karen Waters played on the forward end along with Suzy, while Billie Purkey, Judy Martindale, Betty Coleman and Sherry Kindrick held down the defensive end.

The win threw District 9-B into a tie between Samnorwood and Groom with each team having several more games to play.

On Friday, Feb. 3, the Eaglettes won another important road game at Hedley. The score was 40 to 31 with all the Eaglettes suiting up getting to play. The scoring was again led by Suzy Bentley, this time with 23 points.

Eagles-Groom

The Eagles defeated Groom for the second time this season by a 50-37 score. After gaining a good half time lead the Eagles allowed Groom to come back within one point before finally pulling away for the victory.

The win over Groom kept the Eagles undefeated in district play.

Eagles-Hedley

However, on Friday, Feb. 3 Hedley administered Samnorwood boys their first district loss of the year by a 44-42 score. In a very close game, the Eagles missed a short jump shot and a tip-in try just seconds before the game's end, which would have tied the score. After the loss, the Eagles are now just one game ahead of Hedley and Quail, and must play Quail in the last regular conference game at Samnorwood on Friday, Feb. 10.

A loss would mean a three way tie while a win could clinch the district championship for Samnorwood. The Eagles must first get by Dodson on Tuesday to set up this important game with Quail.

District Standing

Boys	W	L
Samnorwood	5	1
Hedley	5	2
Quail	5	2
Groom	1	5
Dodson	0	6
Girls	W	L
Groom	5	1

Game Night

Called Success

The 1924 Study Club Game night entertained some 70 people in the Bura Handley Community Building.

Guests played 42 and bridge with Mrs. J. B. Stevenson and Sammy Helmers winning in the bridge division. Mrs. Bob Glenn and Coy Vaughan won in the 42 division.

Guests served themselves from the refreshment table, which featured a Valentine Tree.

All proceeds from the night's activity will go toward the club's various community projects.

ety says that a two pack a day smoker who quits for ONLY ONE YEAR has twice as good a chance of living as a two pack smoker who never quits at all.

New Landmarks Appear on 1967 Highway Maps

AUSTIN. — Six new public lakes, 819 miles of new highways and 18 new safety rest areas make their appearance for the first time on the Texas Highway Department's colorful 1967 Official State Highway Map.

Before the year is out, about one million copies of the map will be distributed throughout the world, inviting Texan and out-of-state visitor alike to "Discover Texas, America's Fun-lier."

All of the new lakes are accessible to the public via the 67-thousand-mile Texas highway system.

Largest of the new reservoirs is Lake Meredith on the Canadian River in the Panhandle. Others are Lake Arrowhead, Fin Creek Reservoir, White River Lake, Bardwell and Somerville Reservoirs.

The new map shows 115 additional miles of Interstate highways, added since last year. More than 1,700 miles of these superb new highways are in service now.

The 1967 Official State Highway Map also delineates approximately 704 miles of new farm to market roads. Many of these provide the visitor with access to recreational areas throughout the State, as well as serving agriculture and industry.

Eighteen additional safety rest areas are shown on the map for the first time. More than 1,100 safety rest areas, scenic turnouts and roadside parks now enhance the safety and convenience of Texas highways.

A message from Governor John Connally welcomes the visitor and extends a personal invitation to explore Texas.

Further emphasizing the water resources of Texas, a scenic photograph of the Sam Rayburn Reservoir in East Texas graces the cover of the map.

Padre Island centers a pictorial display, along with 12 other vivid color photographs of scenes and sights from every area of the State.

For the convenience of the traveler, the face of the map contains a handy mileage table, inset maps showing principal streets in larger cities, and listings of State parks, Texas Highway Department Tourist Bureaus and highway patrol offices.

The 1967 Official State Highway Map is but one of a variety of services provided for the convenience of the traveler by the Texas Highway Department.

Through its Travel and Information Division, the Texas Highway Department assists nearly three-quarters of a million visitors each year in eight Tourist Information Bureaus located at key highway gateways and in the rounda of the State Capital in Austin.

Additionally, the Department answers more than 261 thousand inquiries annually, furnishing information and descriptive literature about Texas.

In performing these services, the Department distributes more than 3.5 million pieces of travel-oriented literature about Texas annually. Of this volume, more than two million

FFA Week to Be Observed

Wellington Future Farmers will observe National FFA Week from Saturday, Feb. 18, through Feb. 25, according to Don Lacy, vocational ag instructor.

The annual chapter father son banquet, often held during the week, has been postponed until March 14.

Officers of the chapter are Billy Neeley, president; John Henard, vice president; Alfred Allred, secretary; Tommy Yarbrough, treasurer; Kenny Brown, sentinel; and Gary Kilian, reporter.

Grain Sorghum

—from page one

keep the guidelines brief and to the point. If anyone would like more detailed information on any of the recommendations in the guidelines, please call on Dwayne Scott or Sam Helmers at the county agent's office in the courthouse," the agent said.

This is the first time such guidelines have been made available to farmers, Helmers explained. Work began during the summer when Extension Service specialists issued general guidelines which would apply to the state. The 22 county agents of District 1 then met at Bushland and localized this information for the Panhandle level.

Each agent then worked with farmers of his own county and in Helmers case, the result was a series of guidelines which would apply to Collingsworth County specifically.

Helmers points out in the guidelines that in 1966 there were 25,500 acres of dryland grain sorghum in Collingsworth County with average yields estimated at 2,000 pounds per acre. There were 500 acres of irrigated grain sorghum in the county with average yields estimated at 4,000 pounds per acre.

The total value of the 1966 crop was \$936,000.

The county average yield is below that for the state as a whole, which is 3,136 pounds. This is a 72.3 percent increase on the average per acre since 1957, when hybrids were first grown. Fertilizer and improved production practices have contributed to the increase.

Other guidelines will follow, Helmers said.

The Cotton Guidelines are due to go out next week to be followed by those on guar, forage sorghum, alfalfa (this may be postponed until fall), cow-calf, stocker cattle and beef cattle production, swine, and wheat. The latter will be issued in August, just before the planting of the 1968 crop begins, according to Helmers.

Pieces are produced as a part of the Highway Department's travel promotion program.

Texas motorists may order the 1967 Official State Highway Map when registering motor vehicles during February and March. County tax officers have been provided with supplies of special order cards.

Copies of the map may also be ordered directly, sending name, address and Zip code to: Texas Highway Department, Travel and Information Division, Post Office Box 5064, Austin, Texas 78703.

House of Beauty Adds to Staff

Miss Jackie Barton and Miss Sandra Carter have been added to the staff of the House of Beauty, Mrs. M. J. Holland, owner, announced this week.

Both Miss Barton and Miss were graduated from Wellington High School in May 1966 and have completed their course of study at the Altus Beauty School.

"You are invited to visit these two young women who are entering the profession and whom most of you already know," said Mrs. Holland.

Derryberry

—from page one

in February 1944, Lt. Derryberry recalls.

"It would snow and rain and freeze and rain some more and sleet," he recalls. The bodies of German soldiers lay for days frozen where they fell.

Of Anzio he says: "I guess you would say our commanding general, Fred L. Walker, was a military genius. We would have to go under enemy fire to the ridge where we would have the position we wanted. He marched us single file past the Germans and up that ridge."

With men of his company, he was digging in for the shelling they knew would come. With his gun lying a few feet away and a shovel in his hand, Derryberry was shot by a German officer who slipped in from behind. He recalls that he was hidden that night in a small cave in the side of the mountain. So rough was the terrain that he and the other wounded were carried by litter to a point where a jeep could come for them.

During his convalescence he missed the invasion of Southern France, but as a second lieutenant, rejoined the 36th Division when it fought its way into Germany as the end of the war came near.

mour won by only 8 points, 52 to 44.

A victory Friday night will probably keep Wellington in top

Square Dancers Meet Saturday

The Square Dance Club has announced a dance for Saturday, Feb. 11 at 8 p.m. in the American Legion Hall.

Billy Foster of Amarillo will be the caller.

If there is sufficient interest, the club will be reactivated and lessons will be available, according to Mrs. Hug Bowen. Those interested should contact her, indicating the night they would like to meet.

position tied with Quanah, which is also expected to win its game.

The girls game is equally important, Coach James Stavenhagen points out.

Wellington girls are out in front by only one game, having won four games and lost none. But Electra ranks second among the four girls teams in District 2-AA, with three victories and one loss—to Wellington.

The Rockettes won that game 62 to 41, but the game was considerably closer than the score indicated, and at one point well into the third quarter, Wellington's lead was by only 6 points.

District 2-AA Standings	W	L
Girls		
Wellington	4	0
Electra	3	1
Olney	1	3
Iowa Park	0	4
Boys	W	L
Wellington	7	1
Quanah	7	1
Seymour	5	3
Olney	3	5
Iowa Park	2	6
Electra	0	8

Norwood-Quail

over the Dodson girls in a game the same night. A Norwood victory, on the other hand, could assure the team a tie.

The District 9-B tournament will be played in Clarendon on Thursday and Friday, Feb. 16 and 17. The round robin winner will play the tournament winner, if necessary, to determine the district championship.
