. . . Son of a gun . . .

Cardboard sign on the Lyles & Rape cash register states, and we quote, "Please Do Not Draw Money Out The Cash Register."

The strikes us as being by far the best indication of a return to nomalcy we have seen in a long time. We heartily endorse it for all businesses and especially recommend it to the Yankee Government in Washington. Whatever gave Pat Lyles this brilliant idea we will never know, but we give him full credit for getting right down to the heart of the matter of running a business. Consider the simplicity of the thing! Just don't draw money out of the cash register. In a few years things would be in swmming good shape. Of course, all businesses would have to buy new cash registers-about the size of a dipping vat, we imagine. But all in all, Lyles' system would work. In a few months money would be right where it belongs-in the businessman's cash register. A few organizations like the Bureau of Internal Revenue or sime manufacturng firms might find it a little hard to understand at first, but we feel sure that when the basic principle of the idea was explained to them, they would see the light.

There's only one small weakness in Lyles' theory-the Yankee Government still controls the plates and dies from which our money is made. Now if somebody could just tend to that-

-&$%#-

We would also like to comment briefly on the good job Jesse Green Barton is doing in keeping the local traffic situation in control. Barton has been courteous in warnings, very careful in patrolling the school zones, and, like a good baseball umpire, has "called 'em just like he seen 'em."

-&$%#-

We never did find out if the local ranchman who fainted last week was revived. He fainted when he heard about the shower last Sunday night. They were still throwing buckets of dusts and sand in his face when we left the scene.

-&$%#-

A letter from our good friend, J. B. Lee, former Sonoran who now lives in Fort Worth, has arrived, bragging, as usual, about the fine service we give all our customers:

"Gn'tmn. On Friday, the eleventh of this month I received my copy of the News which was published Friday, Jan. 4, 1952. It seems strange that it should take a week for the paper to make the trip when one can drive it easily in four or five hours. Is this another example of efficiency of the present administration?

"I am always anxious to receive my copy of the News because it brings me messages concerning so many of my friends there. However, I can't resist indulging in a little friendly criticism once in a while. This time it is in regard to the death notice of Mr. Mark A. Wilson, in which you state that he was editor of the News from 1920 unti l 1931. I came to Sonora on the 8th day of January, 1924, and Steve Murphy was still running the paper then and continued to do so for several years. Forgive me if I seem impertinent in calling your attention to this error, but I didn't want Steve to be deprived of any credit which is justly due him. Give my love to the good people there, and please accept the enclosed check in payment of my subscription for the coming year."

Well, we're always glad to hear from J. B. and happy to know that he's well satisfied with mailing service. Little typographical errors do crop up occassionally, but they are few and far between. We knew all the time Mr. Wilson came here in 1930 or 1925 or whenever Mr. Lee says he did, but the press slewed a little slaunchwise during the run and it came out 1920.

-&$%#-

Dr. Tom White and Dr. Joe B. Logan were really eating high on the hog last week. They were fishing guests of Dr. Talbot Foster of San Antonio on Dr. Foster's houseboat at Rockport. Dr. White reports they had a good time but failed to extract any fish or fill the cavities in their live boxes.

It was a nice way to fish, however. They sat in easy chairs on deck and sipped glasses of ice water while keeping an eye on their lines. Dr. White, by the way, was recently elected president of the San Angelo Dental District Society. Since it seems to be the custom of presidents to spend most of their time fishing, we wonder if we'll be seeing much of Dr. White during his term of office.

Eddie Smith, Preston Love Show Top Lambs At 4-H Livestock Show

CARLOS LOEFFLER, TOM ELAINE ESPY SHOW BEST CALVES

Eddie Farrell Smith, 4-H boy who showed the champion calf last year, exhibited the grand champion Saturday at the Annual 4-H Club Livestock Show. Smith's lamb, a crossbred, weighed 120 pounds and sold for $1.80 per pound.

Reserve champion among the sheep and lambs shown was a finewool lamb exhibited by Preston Love.

Carlos Loeffler showed the grand champion steer, a Hereford, and Tom Elaine Espy, one of the two girl prize winners, won the reserve championship with her Hereford steer, bred by Espy and Vander Stucken. Loeffler's steer was bred by C. T. Jones.

At the sale 23 lambs were sold for an average of $1.40 per pound totaling $3,100. The club also made $885 on the bull which was donated by a group of local ranchmen last June. Another lamb, Chinese-auctioned off for the benefit of the club, netted $1,165. The money is being used to pay for the club carryall and complete payments on the club barn.

A complete list of show winners, award winners and donors to the show will be published next week, complete with pictures.

Principal winners in addition to those already mentioned were:

Connie Locklin-grand champion fine wool ram.

Connie Locklin- reserve champion fine wool lamb.

Oscar Carpenter- grand chompion fine wool ewe.

Ted B. Joy- reserve champion fine wool ewe.

Eddie Smith- champion crossbred lamb.

Preston Love- champion fine wool lamb.

Sutton County Entries Listed In Bexar Show

Joe B. Ross of Sonora has entered 11 Angora goats in the San Antonio Livestock Exposition to be held February 15-24 at the Bexar County Coliseum. Oscar Carpenter has entered 3 Rambouillet sheep.

The San Antonio show may set new records in February, according to all present indications. Livestock entries have passed 4,200 and high interest also is reported in the many other aspects of the exposition.

Exhibitors have entered stock from California, Kansas, Missouri, Oklahoma, Iowa, Louisiana and New Mexico, in addition to all parts of Texas.

Four breeding cattle sales are scheduled: Aberdeen-Angus, Feb. 18; Feb. 19; Polled Hereford, Feb. 20, and Brangus, Feb. 21. The adction of fat steers, fat lambs, fat swine and Negro pig will take place Feb. 22.

Attend SOME Church Sunday.

Nine Men To Be Inducted Into Army Feb. 13

Nine men will report February 13 at Fort Sam Houston for induction in the army, according to Mrs. Andre Truden, clerk of the Draft Board No.110, composed of Sutton, Schleicher, Crockett, Edwards and Kimble Counties.

Those to report are John Wesley Joy, Baldomero Favels and Emilio Jiminez Barrerra, all of Sonora; Raymond Harold Williamson, Roosevelt; Jesse Earl Young, Ozona; Johnny Herbert Hoover, London; Floyd Sam McGinnes, Eldorado; George Henry Brown, Rocksprings, and J. C. McDonald, Junction.

Aldie Garrett New Commissioner

Aldie Garrett, Sutton County ranchman, was appointed County Commissioner of Precinct 3 last week by the Commissioners Court

Garrett, who succeeds C. W. Adams, who died recently, ranches 35 miles east of Sonora. A native of Menard County, Garrett has been in the ranching business here for 26 years. Mr. and Mrs. Garrett have three sons, Lester and Harold, of Sonora, and Carrol Garrett of Graham.

She'll Get There

Mary Jane Ducote, of Bishop, Texas, smiles despite her two leg braces and abdominal support needed after polio attack. Help from the March of Dimes and other assistance from the Nueces County Chapter of the National Foundation for Infantile Paralysis makes possible continued treatment and ultimate rehabilitation of Mary Jane. January is March of Dimes month.

Mothers' March On Polio Thursday

Porch lights will go on all over town Thursday night, Jan 31, when the ladies of Sonora conduct their Mothers' March On Polio between the hours of seven and eight o'clock that night.

Mrs. John Eaton, general chairman, will appoint a chairman for each block in town. Persons who wish to help fight polio will snap on their porch lights and will be solicited by the block chairman.

The Sutton County quota is $2,000. About $400 has been collected to late.

"One reason we mothers are so interested in the Mothers' March on Polio," Mrs. Eaton said, "is because about one-fourth of the money collected goes toward reasearch and it is there that our hope to eventually halt the disease lies."

One-half of the money collected stays in Sutton County to aid local victims. Sutton County had one case in 1951, tre son of Victor Noriega. The boy has since recovered.

MARINE RECRUITER DUE HERE TUESDAY JAN. 29.

Marine Corps Technical Sergeant Wesley Ward, in charge of the San Angelo Recruting district will arrive in Sonora on next Tuesday, Jan. 29 to interview young men and women for enlistment in the U. S. Marine Corps.

Sgt. Ward is issueing a special invitation to men who have already received their pre-induction physicals for the draft, also especially to those that are married. They may enlist for the "indefinte" period which according to the Sergeant means twenty four months of active duty with the Marines, unless there is an all out war. Men with dependents are qualified for family allowances.

All men are sworn into the Marine Corps immediately at San Antonio, but do not leave for basic training in San Diego, Calif. until the first week in March. This explained the Sgt. is because enlistments have been so high that there is no more room at San Diego until March.

The San Angelo office has a quota of women to enlist in the Marines now. Young women from the ages of 18 to 31 may enlist providing they are high School graaduates and can furnish excellent references.

Sgt. Ward will be at the Sonora Post Office from twelve o'clock until six in the afternoon. He will welcome all inquiries concerning the Marine Corps.

Vander Stucken Wins State Soil Award

Joe M. Vander Stucken, local ranchman and district supervisor of the Edwards Plateau Soil Conservation District, was awarded a silver platter Wednesday at the Texas district supervisors convention in recognition of his being named one of the five outstanding supervisors in the state.

Awards were made by P. B. Garrett, president of the Texas Bank and Trust Company of Dallas. The convention was held in Brownwood.

Sonora Beats Menard 35 - 32

Led by Jim Skinner, the Sonora Broncos skipped past the Menard basketball game 35-32 Tuesday night to win their second district game out of three starts. Norman Kothman of Menard was top scorer of the game with 12 points

Menard's junior team won over Sonora 12-11, in a defensive game in which neither team seemed to be able to roll. Billy Bob Ellingson was high Sonora scorer with six points.

Personal Notes

Mr. and Mrs. Artie Joy and John Wesley plan on spending the weekend in Larmie Wyoming visiting their son A. Z. who is enrolled in the University of Wyoming.

Mrs. A. W. Awalt, Mrs. Bill Smith and Mrs. Jack Turney attended an Eastern Star school in Fredricksburg last week end.

Mr. and Mrs. A. B. Hightower are in Sallisaw, Oklahoma, this week on business.

W. J. Boldt was the guest of his son and familp Mr. and Mrs. A. L. Boldt. He spent several days here before returing to his home in Streeter near Mason.

Mrs. Walter Gulick of San Antonio is here visiting her sister Mrs. J. H. Brasher, who has been ill with pneumonia for the past week.

Lt. and Mrs. Aubrey Loeffler are here visiting his parents Mr. and Mrs. S. M. Loeffler, for several days. They arrived Thursday.

Looks Plus Performance Record Best Guage For Breeding Stock

Cattlemen are finding that looks alone are not always the most reliable consideration when breeding stock is bought. Many ask for a record of performance on each beef animal they buy and are finding that tested stock pays well.

According to U. D. Thompson, assistant animal husbandman, Texas Agricultural Extension Service, the progeny testing program on bulls conducted by the Texas Agricultural Experiment Station at Balmorhea and more recently at Bluebonnet Farm and in cooperation with Texas Tech at Pantex Farms, show the value of the program. Animals very similar in outward appearance, he says, responded differently in the tests. Rate of gain and maturity between the different lots tested and both are very important in meat production.

Thompson emphasizes that type, quality, size growth ability, disposition, and the milk production of the mothers of both the cows and bulls to be used in the herd for replacements should be considered when purchases are made. Large, well-developed cows tend to produce large calves, he adds and mammary development is considered a mighty important part of a well-developed cow.

Cows should be culled from the herd that do a poor job of raising their calves. Thompson emphaizes that herd culling should be continuous and cattle that show evidences of disease should be removed from the herd as soon as they are discovered.

Cows that do not pay their way are too expensive to maintain because of the present high labor and feed costs. Finally Thompson says, select stock that will produce fast-growing animals that yield desirable carcasses when they are marketed. Performance tests assure buyers that they are getting this kind of livestock.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - About a year ago, I interrupted GI Bill training to return to military service. Because of my service, I wasn't able to be in training on the July 25, 1951, cut-off date. After I'm released, will I be permitted to continue my training and, if so, is there any deadline for picking it up again?

A - - Under VA regulations, you be allowed to resume your GI Bill training within a reasonable period after your discharge. VA will determine what this "reasonable period" is for each veteran.

Q - - I served in the WAC during World War II and got married shortly after the end of the war. Sometime in the Spring I expect to have a baby. Could I enter a VA hospital as a maternity patient?

A - - No. Women veterans may not be furnished hospitalization by VA for childbirth.

Q - - I am a Korean veteran, and I am receiving VA compensation for a service-connected disability. In addition, I have a heart condition, which is nonservice-connected and which makes me uninsurable. Am I eligible for the special GI insurance for disabled veterans in spite of my heart condition?

A - - No. You would be barred from this special insurance for disabled veterans because of your nonservice - connected disability which makes you uninsurable. But you might be eligible for another of special non-convertible GI term insurance available to veterans with the necessary service after Korea. You must apply, and pay

Boy Scouts Observe 42nd Birthday

Official Boy Scout Week Poster

President Truman will greet 12 outstanding Boy Scouts in the White House during Boy Scout Week, Feb. 6 to 12, marking the 42nd anniversary of the Boy Scouts of America. Boy Scout Week will be observed throughout the nation by more than 2,900,000 boys and adult leaders. Since 1910, more than 19,000,000 boys and men have been members of the organization. "Forward . . . on Liberty's Team" is the birthday theme.

Memorial To County War Dead To Be Erected By Organizations

A memorial to the war dead of Sutton County in World War 1 and World War II will soon be erected on the triangular plot of land where U. S. 290 joins Concho Street, it was revealed this week.

The plot will be curbed next week with the City of Sonora, Sutton County and the Sonora Lions Club each bearing one third of the $550 cost.

The memorial, which was purchased three years ago by the Sonora Post 4379, Veterans of Foreign Wars, at a cost of $640, is a Texas granite shaft and will be installed approxmately in the center of the plot.

The inscription on the shaft is topped by an American Flag and reads: "In Memory of the Men of Sutton County Who Valiantly Gave Their Lives in World War I and II."

The monument is about six and one-half feet tall, three feet wide and a foot thick. It will stand on a concrete pedestal.

The land is owned by the state and special permission was obtained for its use as a memorial park. Instrumental in arranging this were Jeff Lambert, S.M. Loeffler and Shelley Lowe. Fred Spinks will erect the statue.

In addition to paying one-third of the curbing cost, the City of Sonora will make a water connection on the plot, unmetered, and will assist in maintainence when convenient. Present plans are for men in the neighborhood to take care of the park in their spare time.

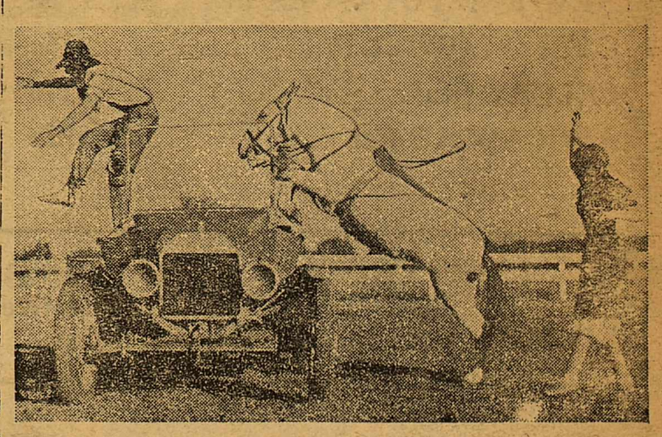

Poll Taxes 350 Short Of Last Election Year

If you want to vote in 1952 you must pay your poll tax by Thursday, January 31, according to B. W. Hutcherson, tax-assessor and collector.

A chec with the collector's office Thursday revealed that 649 have boungt poll taxes so far. According to Mrs. L. E. Johnson, office deputy, 1,000 were purchased in 1950. Mrs. Johnson also urged taxpayers to check their records and see if they paid the poll taxes when they paid property taxes. "There have been several duplicate purchases of poll taxes this year," Mrs. Johnson said, "and we want to cut down on this as much as possible." Price of the poll tax is $1.75.

Emma Jo Richardson, daughter of Mr. and Mrs. Hugh Richardson, was the guest of her parents last week. She is a student at San Angelo College.

TAYLOR & MOORE STOCK MEDICINE CO.

THE OUTLOOK for a new Mexican labor agreement, and what it may have in it if one is worked out, remains uncertain. The present agreement expires on February 11.

Last week a Special Farm Labor Advisory Committee to the Farm Placement Service, met in Washington to study the problem and make recommendations concerning the terms of a new agreement, if one is made.

On that committee are two Texans-Kirkland of Pecos and Sam Reed of Haskell County. Upon invitation, Ernest Williams and Willie B. Wilson, of San Angelo, attended the meetings and presented the view of sheep, goat, and cattle raaisers.

They insisted any new argeement include ranch as well as farm labor; that the contracts be simplified with more choice by employers in selecting experienced men, and more latitude to given in firing incompetents. It was urged, among other things, that work contracts be lengthened and that wages, etc., be no higher for ranch than for farm work.

I joined the Texans in urging that these and other views be included in recommendations to those who do the negotiating for our Government.

IN THE MEANTIME, on Capitol Hill the House Judiciary Committee was busy drafting amendments to the present immigration laws with the view of meeting President Truman's demand for tighter anti-wetback laws.

Early in January at my suggesttion a member of the press asked Mr. Truman what his attitude was regarding the renewal of a labor agreement to replace the present one when it expires. The President said he had promised the President of Mexico-at the latter's insistance-that drastic law would be enacted controlling the working of so-called wet-backs in this country before any new agreement is negotiated, and that he would insist upon that being done.

When asked for my comments on that development, I stated in my judgement the matter of what immigration laws are enacted in this country should be decided by the Congress-not by the President of Mexico. I pointed out that there's a simple solution to the so-called wet-back problem; simply work out a sensible and workable labor agreement, free of so much red tape and discrimination against employers, so Mexican workers can be processed to work on our farms and ranches where adequate domenstic labor is not available. If that is done there will be little reason or incentive for the Mexican nationals to seek employment on this side of the Rio Grande without first being processed.

OUR FEAR IS that certain proposed amendments before the Judiciary Committee will be violative of fundamental protection to our farmers and ranchers against unreasonable searches of their premises. In other words, the proposal that Immigration officers have free access to premises without obtaining search or arrest warrants would be a dangerous invasion of personal rights of people, and would undoubtedly cause much dissension and possible trouble. Such searches cannot now be done, without warrants, with respect to narcotics, stolen property, etc; so why give Immigration officers such blanket rights with respect to search for wetbacks?

We need laws against illegal aliens, but such laws should apply over all the nation and should recognize the rights of the people as against invasion of their premises by officers, with or without reason. If they have good reason, they can obtain authority from Magistrates to make any necessary searches for proper arrests.

On the Judiciary Committee, now studying this phase of the proposed legislation is Congressman Wilson of Dallas and Pickett of Palestine. They are both fighting for reasonable laws that will be adequate but which will not be violative of fundamental rights.

IT NOW APPEARS likely that a new immigration law will be enacted within the next few weeks, but probably some time after the February 11 deadline. Just what it will provide remains to be seen. It also remains uncertain at this time whether the present agreement may be extended pending passage of the legislation on the subject insisted upon by the President. If and when negotiations are begun on a new agreement with Mexico, it is indicated that they may be held in Washington this time.

Sonora Gets Triple Cage Win Over Junction

All three Sonora teams were victorious in basketball tilts with Junction here last Friday night.

The senior Bronco team took the Junction boys 46 to 19 in a district game. Bill Baldwin was high point man, making 22 points for Sonora. Junction's Ragsdale led his team with six.

In the junior high boys game, Sonora won 21 to 13 with Billy Bob Ellingson for Sonora and Dobbs for Junction tying for top scoring with nine points each.

In the girls high school game, the score 32 to 17 for Sonora. Sonora's Patsy Drennan was high with 11 points and T. Hanger of Junction was high for her team with seven points.

MRS. BERGER HOSTESS TO THURSDAY BRIDGE CLUB

The Thursday Bridge Club met in the home of Mrs. Joe Berger Thursday, January 17.

Mrs. Harvey Morriss won high score for club and Mrs. Robert Kelly, Sr., won high guest. Mrs. Robert Rees won low club and Mrs. A. W. Awalt won low guest. Mrs. Tom Sandherr won the bingo prize.

Those present were Mmes J. W. Trainer, R. G. Nance, B. C. McGilvray S. M. Kerbow, Lee Labenske, Robert Rees, Bunnell, Harvey Morriss, C. E. Stites, G. H. Davis, Tom Sandherr, R. V. Cook, J. H. Brasher, Awalt, Kelley and G. G. Bennett.

More Power and Economy in 1952 Buick

Buick's popular four-door Riviera sedan in the Super Series, incomparable in the medium-priced field, is presented here in its new 1952 styling. Important new exterior styling changes and exquisite new interior appointments lend a new note of elegance and beauty to the Super. New for 1952 are the sweepspear and rocker panel moldings, rear fender ornaments, and high luster stainless steel wheel covers, offered as an option. A new high arc rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. The Riviera sedan is mounted on a 125½ inch wheelbase—four inches longer than other models in the Super Series—which gives additional roominess and comfort. It is powered by the high performance F-263 Fireball engine which develops 128 horsepower with Dynaflow. New and bigger front wheel brakes, for greater safety, are features on all 1952 Buicks.

FLINT, MICH. — Buick today introduced its 1952 line of cars and turned the spotlight on its new Airpower carburetor, described by Buick engineers as the greatest improvement in carburetion in a decade.

The 1952 line, freshly restyled inside and out, includes 16 body styles in four horsepower ratings and four wheelbases. Eight models are offered in the Special Series and four each in the Super and custom-built Roadmaster Series.

The new cars will go on display in dealer showrooms Saturday, Jan. 19.

The new four-barrel Airpower carburetor, which is featured on the Roadmaster only, tops the list of engineering improvements for 1952. This carburetor, along with a change in manifolding and an increase in the compression ratio, boosts the horsepower output of the Roadmaster Fireball-eight engine to 170, and improves gasoline mileage and performance throughout the entire speed range. The compression ratio has been increased from 7.2 to 1 to 7.5 to 1.

Power Steering, which takes most of the effort out of driving, is offered as an option on the Roadmaster. New and bigger front wheel brakes are featured on all models.

Improvements in body and engine mountings, and insulation, plus an even more generous use of sound deadener, make all 1952 Buicks quieter, adding to passenger comfort.

"We believe these improvements, coupled with our new styling features, make Buick the outstanding car value for 1952," said Ivan L. Wiles, general manager of Buick and vice president of General Motors.

Style-wise the 1952 Buick is new from every angle. New rear fender ornaments, smartly styled in chrome, and a higher arc rear deck lid on the Super and Roadmaster Series, raise the silhouette of the rear section. The new trunk lid provides seven per cent more room in the luggage compartment. Rear fender ornaments also are featured on the Special Series.

A restyled bumper-grille combination that retains that low, road-hugging effect characteristic of Buick styling, and handsome new sweepspear moldings, add fresh beauty to the overall appearance of the car. Stainless steel rocker panel moldings previously featured on the Roadmaster only, have been added to all series.

New high luster, stainless steel wheel covers, embossed with the Buick emblem in the center, add a further touch of distinction to the 1952 line.

New and bigger front wheel brakes, designed for greater safety, give more braking capacity at points absorbing the greatest braking load. The width of the front brake linings on the Super and Special Series has been increased one-half an inch, to 2¼ inches. On the Roadmaster the width of the lining has been increased to 2½ inches and the thickness has been increased 33 per cent. All brakes have full riveted linings, for longer life.

All cars in the Super and Special Series are powered with the high performance F-263 valve-in-head Fireball-eight engine which develops 128 horsepower with Dynaflow.

Dynaflow, which now has the unqualified approval of more than 1,000,000 Buick owners, continues as standard equipment on the Roadmaster and optional on the Super and Special.

Buick Easy-Eye glass, which reduces road glare, is offered as an option on all models.

Numerous changes also have been made in the interior appointments of the 1952 line, featuring many distinctive two-tone combinations in both leather and cloth. Steering wheels in red, green or blue, to match the interior colors, are featured on five models in the Roadmaster and Super Series.

Friess Home Scene Of Party

Mrs. Harold Friess entertained the Wednesday Brdge Club in her home Wednesday afternoon High Club was won by Mrs. Edgar Shurley and high guest was won by Mrs. J. S. Glasscock. Mrs. Charles F. Browne won bingo, Mrs. Belle Steen, bingo and Mrs. Joe B. Logan won low.

Spring flowers were used as decorations. A salad plate and coffee was served

Members attending were Mmes. Hillman Brown, Cleve Jones, Jr., Seth Lancaster, DeWitt Lancaster, Edgar Shurley, Lee Fawcett, Louie Trainer, Joe B. Logan and Robert Kelley, Jr.

Guests were Mmes A. E. Prugel, Norman S. Davis, Dock Simmons, Lea Allison, Sterling Baker, George Barrow, Frank Bond, E. A. Brodhead, Charles F. Browne, Carl cahill, Ben Cusenbary, W.R. Cusenbary, Louis Davis, Marion Elliott, H. T. Espy, Clay Puckett, Herbert Fields, J. S. Glasscock, Belle Steen, Harold Schwiening, A. E. Lowe, John Ward, Stanley Mayfield, G. H. Hall, J. F. Howell, Jack Mackey, Ed Mayfield and Paul Turney.

Mrs. Guida Rose of Del Rio was visiting Mr. and Mrs. Mack Cauthirn last weekend.

Mr. and Mrs. George H. Neill spent last weekend in San Antonio.

Miss Deakins, Bride - Elect, Feted Thursday

Mrs. Edwin Sawyer, Mrs. Cleve Jones, Jr., Miss Nancy Royster and Miss June Fisher honored Miss Ruby Deakins with a bridge-canasta party in the home of Mrs. Sawyer Thursday evening.

Mrs. Edgar Shurley won high canasta.

A buffet supper was served to thirty guests. A gift was presented to Miss Deakins.

SENIOR GIRLS HONOR MRS. BALDWIN WITH TEA

The girls of the senior class of Sonora High School were hostesses Sunday in the basement of the Methodist Church at a tea honoring Mrs. Jim Baldwin, recent bride.

Receiving guests were Mrs. Baldwin, Mrs. George D. Chalk, Miss Carnie Sue Wyatt, and Mrs. J. A. Letsinger. Miss Joy Maxie and Miss Bobbie Drennan presided at the tea table.

Miss Maria Chavez and Miss Erma Gomez presented musical selections during the tea hours. Seventy guests attended.

Mrs. Baldwin is the former Miss Inez Chalk. Mr. and Mrs. Baldwin were married Jan. 5 at the Methodist Church in Eagle Pass.

MISSIONARY UNION ELECTS CIRCLE CHAIRMAN

The WMU of the First Baptist Church for a study and business meeting.

Devotional was given by Mrs. Alfred Cooper. Mrs. W. O. Crites was elected as Circle Chairman, Mrs. Fred Spinks and Mrs. Rip Ward presented the study of "Spitural Needs."

Those attending were Mmes. Dick Morrisn, W. K. Regeon, Earl Smith, R. M. McCarver, R. G. Nance, Sern McGhee, J. E. Eldrdge and visitors, O. G. Babcock and Miss Nettie Word.

PLANNED PARENTHOOD BOARD MEETS MONDAY

The Planned Parenthood Board met Monday afternoon. The resignation of Mrs. G. H. Davis as treasurer was accepted and Mrs. Lea Allison was appointed to fill the vacancy.

Clinics are held every fourth Saturday in the office of Dr. J. F. Howell, and every second Tuesday in the office of Dr. Charles F. Browne at 5 o'clock.

The public is invited to attend meetings of the board. Persons desiring pre-marital consultation are especially invited to attend the clinics.

Congratulations To These NEW PARENTS

Mr. and Mrs. Vernon Cook are the parents of a son, Jess David, born here Tuesday night. The baby weighed 7 pounds.

Grandparents are Mrs. R. V. Cook and Mr. and Mrs. George D. Chalk. Mr. and Mrs. Cook have two other sons, Delaney and J. V.

VIRGINIA GIST FETED ON SIXTH BIRTHDAY

Mr. and Mrs. Bomer B. Gist honored their daughter, Virginia, with a party on her sixth brithday January 21.

Cake and ice cream was served.

Favors of ballons and whistles wee given to Suzanne Emert, Diana Cahill, Linda Lambert, Hazel Cowsert, Janie Letsinger and Joan Lewis.

Attend SOME Church Sunday.

Misses Peggy Barker and Jo McClelland were home over the weekend visiting their parents. They are both employed by Western Natural Gas Company in Midland.

1902 1952

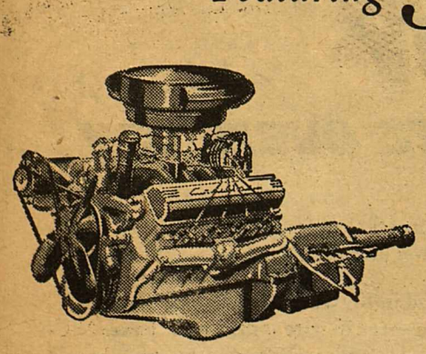

Announcing the Golden Anniversary—

Cadillac

...WITH THE FINEST PERFORMANCE OF ALL TIME!

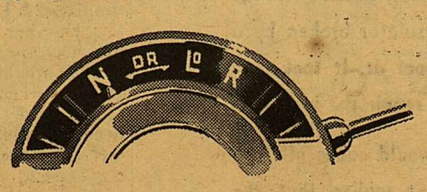

Featuring 3 of Cadillac's Greatest Engineering Achievements!

THE NEW 190 H. P. CADILLAC ENGINE

Here is the most powerful, the most durable, and the most efficient automotive engine ever offered in a Cadillac car. Its power increase alone is almost 20%—and its new four-throated carburetor, larger exhaust valves, wider exhaust ports and new dual exhaust system make this engine one of the most dynamic performers of all time.

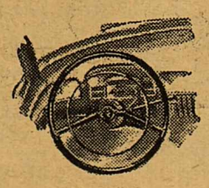

Fifty years ago, the first Cadillac car made its bow to the public. Today, as a fitting climax to those fifty years of progress, we are presenting in our showrooms the Golden Anniversary Cadillac—by far the finest car ever to bear this distinguished name.... It is easily the *most beautiful* of all Cadillacs. Numerous changes have sharpened and smartened the exterior design—while the wholly-new interiors are a revelation in comfort and luxury.... *Performance is the finest of all time.* The great Cadillac engine has a power increase of almost *twenty per cent*—and is even smoother and quieter in its operation.... There's a new Hydra-Matic Drive that gives the proper power application for every need. At a flick of the finger, you can have extra power and acceleration for city traffic and mountain driving—or wonderfully smooth, quiet, gas-saving performance for the open road.... And there's a new "power steering" mechanism, optional at extra cost, which reduces normal steering effort by as much as *seventy-five per cent!*... If ever it could be said of a car's performance that it is "out of this world," it can be said of the performance of the new Cadillac. The Golden Anniversary Cadillac is available in three series—the "Sixty-Two," the "Sixty Special" and the "Seventy-Five."... These new creations are now on display in our showrooms—and we invite you to see and inspect them at your earliest convenience.

THE NEW HYDRA-MATIC DRIVE

By introducing an entirely new performance range, Cadillac's Hydra-Matic provides the proper power for every need... extra acceleration and responsiveness for city and mountain driving; smooth, quiet, gas-saving performance for the open road. Optional at extra cost on Series 75. Standard equipment on all other models.

THE NEW CADILLAC POWER STEERING

This "power steering" mechanism eliminates as much as seventy-five per cent of all normal steering effort. It provides incredible handling ease, and yet does not interfere in any way with the driver's "road feel" or directional control. Available as an option at extra cost.

For Outperforming all other American Cars...

In the Grinding Tests that Won it the Motor Trend Magazine Award, Chrysler proved itself the Best Engineered Car in America

CHRYSLER SURPASSED ALL OTHERS WHEN MOTOR TREND TESTED FOR:

★ Average Braking Distance in Feet
★ Ton Miles per Gallon
★ Average Acceleration in Seconds
★ Acceleration Over Standing ¼ Mile in Seconds
★ Average Top Speed in M.P.H.
★ Maximum Road Horsepower
★ Pounds per Road Horsepower
★ Maximum Torque in Lbs.-Ft.
★ Maximum Brake Mean Effective Pressure
★ First in Total Points

15 different American stock automobiles—equipped as you buy them—were driven by Motor Trend Magazine as hard as steel and rubber can be driven. In these actual road tests of efficiency and performance, measured by the most accurate instruments obtainable, Chrysler proved itself superior to all others. In 13 tests Chrysler was first in 7—tied in 2, making a total of 9 out of 13 . . . and first in total points!

Only by taking an engine to the limit of its potential, only by turning the corners at high speeds, applying brakes for emergency stops, torturing body, springs and shock absorbers, can you learn just what performance you can expect from the make of car you drive. The results of the Motor Trend tests were conclusive . . . as Chrysler, again, proved itself *the one best car in America.*

The Motor Trend Award, like numerous other honors today's Chrysler has won, is both a proof of and a tribute to Chrysler's magnificent Fire-Power engine and master engineering. Each demonstrates why, among men and women who know automobiles . . . Chrysler is *always* the first choice.

YOUR HEALTH

State Health Officer Geo W. Cox today spelled out in one-two-three order the requirements for a city-wide sanitation drive that will "show results in fewer flies, fewer rats, and less disease."

His plan in brief: Apply the idea of good spring cleaning outside as well as inside the house.

The long-time exponent of clean environment said the State Department of Health would, on request, send a team of sanitation experts to survey any Texas town for health hazards.

"An untrained person might fail to see the significance of horse lots, surface toilets, or stagnant water holes where flies and mosquitoes can breed. Our people, by training and experience, know how to locate and correct hazards to community health," the health officer said.

The survey would include a check on the manner of garbage storage, collection, and disposal, and a look into foodhandling establishments to see if their foods are coming from safe sources.

The team, according to the doctor's plan, would make a study of the local water supply. Contaminated? If so, what the reason and how can it be corrected most efficiently?

They would investigate the sewerage system. Do lines extend into all areas of the city? Are all residences connected. Is the plant itself adequate tto accomodate the city? How is the sewage processed?

Residential and business districts would be inspected for sanitary violations, and each property owner would be strictly accountable for cleaning up his premises, with the city hauling away accumulations of trash.

"If we all begin work now, using tried and proved methods, we can cut down the incidence of diseases caused by insanitary environments, contaminated water, and improperly handled fonds. We can stage a fight against flies and stop them from spreading disease."

CARD OF THANKS

We wish to express our sincere appreciation to all our friends and neighbors for the many kindnesses they extended to us during our recent bereavement, and for the beautiful floral offerings. May God bless each and every one of you.

The Family of Mrs. J. D. Wallace

See our ad on page five for ideal gifts for the outdoor man. G. E. Ellis, your sporting goods dealer. 1 t 10.

PRETTY EXPENSIVE !

Seems like a high price to pay for a pound or of porcelain, dosen't it? Yet that's just what it cost one co-op recently to replace an insulator broken by a very thoughtless fellow with a rifle and nothing else to shoot at. It took over 75 man-hours and 180 miles of line inspection to locate and repair the insulator.

The man who fired the shot just couldn't relize that he would cause all that trouble and expense. More important, he probably couldn't realize that the outrage his stupidity caused would work a real hardship on many consumers on that line.

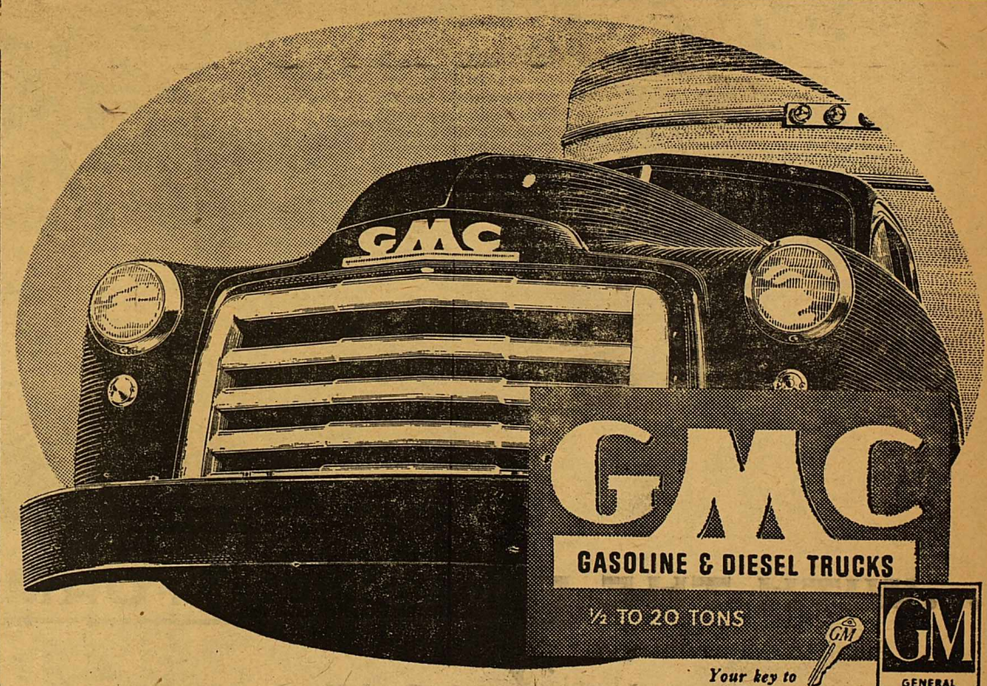

And "hardship" doesn't just mean that those folks wouldn't have any lights. In the present emergency, farmers and ranchmen are depending more and more on electricity to help them do the job of producing the food and fiber that is needed.

Our job is to keep the farmers and ranchmen supplied with that electricity, and to extend service to farms not yet electrified. Please don't make us take time from that job to repair equipment that wouldn't be damaged except for thoughtless shooting.

We would like to ask every member of this community to do one thing: When you use a gun, use your head. Don't sabotage vital electric equipment.

Southwest Texas Electric CoOperative, Inc.

"Owned By Those We Serve"

HERE'S WHY -you see more every day!

EVER stop to ask yourself why you see more and more husky GMC's on every highway every day? Why so many cost-wise buyers are singling out GMC's as their first choice?

The answer is, "GMC" spells profit *to the man whose business depends on the performance of his trucks.*

To light-truck users, "GMC" means the highest horsepower in its class—for GMC ½- to 2-tonners are second to none in pulling power.

And to commercial haulers, "GMC" means America's most popular Diesel —for efficiency, for long-lasting, fleet-footed power and lowest operating cost.

And in between, throughout the GMC line—from the smallest gasoline-powered pickup truck to the largest Diesel—*the story's the same:*

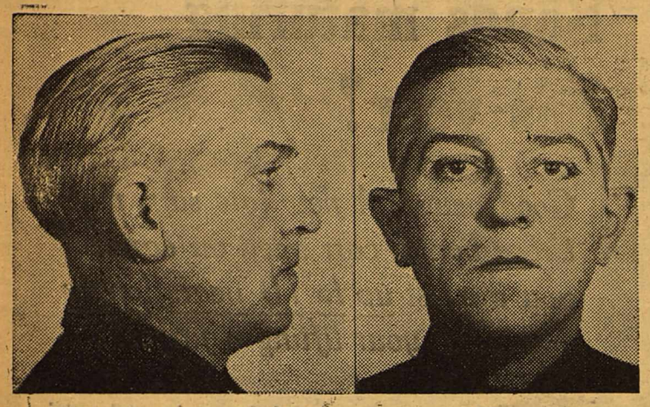

Power, brakes, comfort, safety and stamina—the right combination of everything essential to low-cost hauling —in the right vehicle for your loads.

Before you buy another truck—come in. See for yourself why GMC is the best truck buy you can make today.

ELLIOTT MOTOR COMPANY

FRIENDSHIP

By W. H. Marshall

Friendship! It is that God-Something hard to explain and at the same time, impossible to keep. Friendship is not an EXTRA taken on for show purposes. Friendship is a passion. You live with it as naturally as you breathe. Friendship is not something you choose, so much, as it is something you are. What you think of your friends, may be first of all, what you think of yourself. What you dislike in others, may be first of all, what others dislike in you. We usually see more of what we are than what the other fellow is, and we usually talk about what we see. So be careful what you say about yourself. People might belive you.

sister Mrs. John Hurst this week.

—33—

Mr. and Mrs. Stoke Williams of Schleicher County spent the holidays here withe Mrs. Williams' sisters Mesdames Nannie Winn, Stella Stanley and J. A. Cope.

—33—

FURS

Are Worth More Every

MONDAY

DAN THE FUR MAN

On Lot West Of Ford Agency In Junction, Texas

"We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built – and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the *mightiest engine* in Buick history.

It has the *biggest brakes* of any postwar Buick.

It is the *quietest car* that Buick ever built.

It has the *richest fabrics* and *smartest tailoring* that ever graced a Buick's interior.

It has the *greatest trunk space* since spare tires moved off the front fenders.

It has the *most superb ride* in Buick history.

It has the *finest carburetor* that Buick research has ever devised.

And with all its new power, it delivers *more miles per gallon.*

But that is not all.

For those who wish it, there is a brand-new version of *power steering* that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too – plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Equipment, accessories, trim and models are subject to change without notice.

SONORA, TEXAS

What's going on in Sonora . .

Some of the dust around town got settled Sunday night when about .20 inches of rain was more or less scattered over the county. Sonora measured .22 inches. . . . Firemen put out two small grass fires Saturday night two miles out on old U. S. 290. . . . Lee Patrich brought back a granddaddy bass from the Devil's River Sunday. It weighed 6 pounds and was 23 inches long. Accompanying Patrick were R. C. Vicars, who landed a 3½ pounder, Mrs. Vicars, S. M. Kerbow, and Bill Smith. . . . The temperature in Sonora last Saturday was 82 degrees at 4 o'clock in the afternoon. The Sonora Drug had their air conditioner going. . . . The Sutton County Gun Club announces that its clubhouse is now under construction. The club is building a ladies' lounge, a men's lounge, work shop and vault for storing supplies and equipment. The main room will be built later. The club's building fund is not at present large enoungh to cover all expenses, so donations are being requested from the public. Send your check to Harold Scherz, club treasurer . . . . Wray Campbell and his brother-in-law, Robert E. Lee Jones, left Sunday for Dallas, where Jones makes his home. Campbell returned Tuesday . . . . Santos Lopez has leased the Commercial Cafe to Jessie Carcia, effective Feb. 1 Garcia will continue the cafe's policy of specializing in Mexican food for small dinner parties . . . . Charles Lee Cusenbary, son of Mr. and Mrs. W. R. Cusenbary, will receive his bachelor of arts degree from the University of Texas January 31. He is one of 202 students who will receive B. A's . . . . Seven truckloads of feed were in town Wednesday, and almost that many coming in every day . . . . Mr. and Mrs. Gene Shurley returned recently from Montgomery, Alabama, where they were guests of Mrs. Shurley's parents, Mr. and Mrs. M. R. Thomason . . . . Pat Lyles is opening a used car lot adjoining Greenhill's Service Station. Greenhill, incidentally, is back at work after a seige of flu . . . . Miss Anne Palmer has been selected to represent the Sonora School System at the district schiol meet in San Angelo March 14. Bill King is also a delegate . . . . Andrew Fay is completing a roping arena on the Del Rio road near the ElliottSh cool. Covering about 1½ acres, the arena is surrounded on three sides by a solid 7-foot cedar fence and on one side by net wire. Parking space is available on the wire side. Fay, who plans to promote ropings, is also considering installing lights . . . . A nurses' home and a superintendent's home are under construction at the hospital at a cost of about $22,000 each. Both homes are located a few yards south of the main building. They are to be brick veneer matching the exterior of the hospital . . . . The Western Motel has added four more units, and the Sonora Steam Lanudry has extended its smokestack 20 feet in an effort to keep smoke from the boiler fire from blowing in neighbors' houses . . . . Jimmy Cusenbary, son of Mr. and Mrs. Ben Cusenbary, has been promoted to assistant county agent of Runnells County. Before moving to Ballinger, Cusenbary was assistant county agent in training in Kerr County. . . . Jack Sharp, son of Mrs. Annie Sharp, has been in a army hospital in Japan following an operation to remove a bone spur from his foot. He is attached to the 40th Division, now in Korea . . . . Robert Guest, son of Mr. and Mrs. Tom Guest, was seriously ill with flu last week, but is recovering . . . . Nancy Reed, young daughter of Mr. and Mrs. Frank Reed, lost a tooth and a half and suffered a cut lip last Wednesday when she was acidentally knocked down on the school sidewalk while playing.

Mrs. Buddy Ray is visiting her mother, Mrs. Tom Biggs in San Angelo this week.

Do you have U.S. Series E Defense Bonds maturing this year?

Good news! A new law says now those bonds can keep on earning you interest up to 10 years longer —without your lifting a finger!

ARE you one of those wise and patriotic people who bought Series E Defense Bonds back in '41 and have held them the full ten years? Congratulate yourself! Because the new Bond Law, just passed by Congress, now makes them pay off even better than you had expected!

Now, without having to do a thing, you can let those bonds go on earning extra interest for ten years more.

Yes, now the bond which cost you $18.75 will pay you not $25.00 but $33.33! Your $37.50 bond will pay not $50, but $66.66. Your $75 bond will pay $133.33. And so on.

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning interest for you.

If you wish, you may still redeem any Series E Bond at any time after you've owned it for 60 days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

Cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the *big* sum which can buy something really worth while.

So if you have bonds coming due, why not take the wise course? Just sit back and let them go on making money. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income
The new law also allows you to exchange your Series E Bonds, in blocks of $500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2½% per year. For full details, ask at any Federal Reserve Bank.

Look how your maturing bonds go on earning under the new law!
(This table shows $25, $50, and $100 bonds as examples of how ALL Series E Bonds grow.)

Original maturity (or face) value / Issue price	$25.00 / 18.75	$50.00 / 37.50	$100.00 / 75.00
Period after issue date	**Redemption values during each year**		
11 years	$25.31	$50.62	$101.25
12 years	25.94	51.87	103.75
13 years	26.56	53.12	106.25
14 years	27.19	54.37	108.75
15 years	27.81	55.62	111.25
16 years	28.44	56.87	113.75
17 years	29.06	58.12	116.25
18 years	30.00	60.00	120.00
19 years	31.33	62.67	125.33
20 years	32.67	65.33	130.67
Extended maturity value (20 years from issue date)	33.33	66.67	133.33

Buy U. S. Defense Bonds today— Now they earn interest 10 years longer!
