Dodson School Wins High Praise
From State Education Officials

Highest praise, both officially and off-the-record, came to the Dodson school system recently from representatives of the State Department of Education who visited the school for accreditation purposes recently.

V. J. Kennedy of the division of curriculum development, and Miss Rubbye Bennett made the visit, then the former wrote Supt. T. E. Lennon.

"We are greatly impressed by excellent instructional program being carried on in your school." This praise extended to the teaching personnel, to the school board and its policies, to the excellent science education program, its physical education program, and to other phases of the school work.

There were suggestions, however, for improvement. First of these pointed out that the district property valuation for tax purposes is based on a scale far below actual values, and this deprives the school of additional financial support that could be used to enrich its work.

The present district valuation for tax purposes is \$654,000 and the bonded indebtedness is only \$25,000. This is regarded as unusually low.

The school has an enrollment of students and an average daily attendance of approximately 110. Relations between the community and the school are excellent," Mr. Kennedy's official report states.

"An excellent set of board policy operation has been prepared. A policy statement has also been developed by the superintendent. The minutes of the board meeting were in good condition.

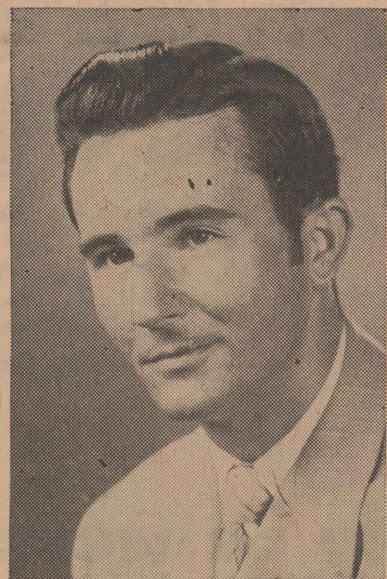

"The superintendent and faculty are to be commended for providing an excellent instructional program, one that is considerably above average for a school of this size. The quality of instruction also appeared to be quite good," the report continued.

"An excellent science education program is being carried on, especially in high school. One room has been set aside as a combination science room and museum. A very adequate supply of science equipment and instructional materials is available for carrying on demonstrations and experiments.

"The school owns a good supply of audio-visual equipment including an excellent collection of film strips. One room has been

Supt. T. E. Lennon

Principal Ted Parker

set aside as a dark room for showing films.

"Approximately \$650 was spent on the library during the past year. The library collection has been reorganized, catalogued and the Dewey Decimal system installed.

"The instructional staff is composed of seven people including the superintendent who teaches three classes. All members hold degrees and valid teaching certificates. All were teaching in their major or minor field of preparation."

The school has health services provided by the county health nurse who visits the school weekly and the county supervisor who visits the school twice monthly to assist with instructional improvement.

The report pointed out that while driver education had been offered, no behind-the-wheel instructions had been given, and it is hoped this can be worked out.

The Dodson faculty includes Mr. and Mrs. Lennon, Ted Parker high school principal; Mrs. Bynum Hightower, Miss Wilma Hightower, Mr. Mrs. Floyd Roberts, and Kenneth McClendon, who is new to the system.

Mr. Lennon is a veteran of 30 years teaching at Dodson and 20 in Greer County, Oklahoma, where he also served as county superintendent 5 years.

When he came to Dodson, the system had one school building and two outbuildings. During the period he has headed the school, a

building program has added a gymnasium, four teacherages, a mechanical arts building, bus shed, primary building and cafeteria. Trees have been set out.

The museum, which has attracted wide attention, was the idea worked out by Mr. Lennon. The film room was set up in an unused room.

One of the outstanding things is the support the people of Dodson Independent School district give the school. The Dodson Civic Club and Home Demonstration Club this year volunteered to re-decorate the cafeteria and raised the money itself to do it.

Accident at Lutie
Injures Borger Man

Johnny G. Sappington of Borger received minor injuries Saturday night when the car he was driving went out of control and turned over three times.

The accident occurred about 10:45 P. M. at Lutie near the Joe Bountree home, and it was believed that a flat on the left back tire was responsible.

Sappington, who was traveling alone to Fort Sill, Oklahoma, was brought here to the hospital where he was x-rayed and then dismissed. His left shoulder was injured.

He was given a ticket for speeding by Patrolmen Blackie Calloway and Clinton Culp.

Rev. Travis Barnes
Takes Pastorate of
Baptist Church

The Rev. Travis W. Barnes recently took over his work as pastor of Fundamental Baptist Church, at the corner of 9th and Floydada Streets. He comes here with his family from Lufkin, where he was assistant pastor of Central Baptist Church.

This is his first pastorate in West Texas. Both he and Mrs. Barnes were reared at Nacogdoches, and he graduated from Baptist Bible College in Springfield, Missouri. They returned to Nacogdoches where he was pastor of Bible Baptist Church two years.

Before entering the ministry, Rev. Barnes was graduated from the Houston School of Horology, now Houston Technical College.

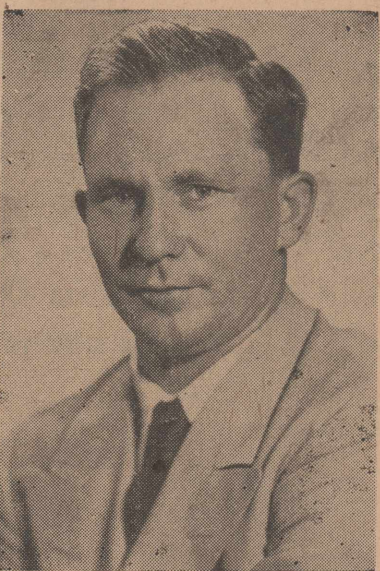

Mrs. Barnes is the former Doris Birdwell of Nacogdoches and was graduated from Cushing High School. They have one daughter, Judy Ann, 6, who will enter school this fall.

He is a veteran of Army service in the Philippine Islands and Japan during World War II.

The family is living in the parsonage that the Fundamental Baptist Church bought recently and moved to lots just north of the church. It has been completely remodeled.

In taking up his pastorate here, Rev. Barnes said that the church is setting a goal of 200 attendance each Sunday within a year.

Fundamental Baptist Church has been without a pastor for several months, since the Rev. Jack Darrow moved from here. He is now pastor at Muleshoe.

J. E. Gentry, 73,
Retired Farmer,
Dies Sunday

J. E. Gentry, retired farmer and resident of the county 43 years, died Sunday night, June 10, at 9:15, after a critical illness of only a few days. Mr. Gentry farmed in the Buck Creek community many years until his retirement. He was 73 years of age.

Funeral services were held at the First Baptist Church Tuesday afternoon with Elder L. Stoncipher and the Rev. Russell Pogue officiating.

Active pall bearers were J. L. Souder, Dennis Lacy, Alfred Patterson, Travis McGuire, Leon Hartman and J. C. Hartman Jr. Honorary pall bearers were W. M. Scott, Sam Smith, John Carpenter, L. C. King, Earl Williams, Doc Thompson, Lee Hughes, Oscar Kelly, Oscar Baum of Amarillo, Wren Hartman, Troy Gardner, Joe Childress, Tom Caterlin and Willard Timney.

Burial was in the North Wellington Cemetery by the Kelso Funeral Home.

John Elmer Gentry was born May 1, 1883, in DeWitt County, and it was from that area that he moved here. He was widely known and highly respected through that area where he lived and where he worked for his betterment of his community.

He had been a member of the Baptist Church 45 years.

Surviving Mr. Gentry are four daughters and three sons: Mrs. Frank Boyles, and Walter Gentry of Wellington; Mrs. Paul King of Holiday; Mrs. Dalton Knowles, Miss Mary Ruth Gentry and Claude Gentry of Amarillo; and Frank Gentry of Olivehurst, California. Other survivors are a sister and brother, Mrs. Sam White of Knox City and Henry Gentry of Driscoll; and 16 grandchildren.

39 Cars Wheat Bought As County's
Amazing Crop Rolls to the Elevators

A wheat crop that may be as much as three times what was expected just before cutting began is going into the elevators from Collingsworth county fields this week.

Already, 39 cars of wheat have been bought in Wellington and Dodson, and only a small amount of the crop north of Salt Fork River has been cut. Some believe the crop is not more than half out,

others say 75 per cent.

Yields are astonishing both the growers and buyers. Wheat on irrigated land is cutting up to 35 bushels per acre. Dryland wheat is reported to 15 and 17 bushels.

This is the wheat crop that went more than eight months without rain, and in some of it, the drill furrows still show.

"Growers are making three bushels where they thought they'd

make one," Earl Keller, manager of Warrick Elevator, said.

Every bushel of wheat bought this year has gone as No. 1 wheat, and only what was called "a little dab" could be called even doubtful. It is the first time this has happened in recent years. Almost all the wheat is testing from 60 to 63 pounds and moisture content is low.

Highest yields have been from

the Dodson area. Hershel Tabor and Granville Clark, both harvesting from irrigated land, report 35 bushel wheat. John Sherman's wheat was regarded almost that high.

This is an indication of the yield of most irrigated wheat and only a few growers report cuttings as low as 20 bushels per acre.

On dryland yields, Jim Woods reports twenty and a half bushels, and Woody Wood about 17. Mrs. Joe Baumgardner and David Baumgardner harvested approximately 15 bushels.

Fred Cox reported 17 bushels on non-irrigated land. Hugh Painter had one of the better yields in the Dodson area.

On the low side, six bushels are reported, but these are few.

A 15 bushel county average is considered a good possibility.

Most of the wheat is out around Dodson, Marvin Wynn, who is buying for Standard Milling Company of Kansas City, said. "As a whole, the crop made about three times what was expected," he reported. Little wheat acreage in this section was abandoned or grazed.

Outcome of the crop north of Salt Fork is still a little uncertain, since cutting is just beginning.

Tom Cunningham, who farms southwest of Samnorwood, cut 21 bushels per acre from a dryland field, and Orville Cunningham cut 396 bushels from 18 acres for an average of 22 on irrigated land.

Taken as a whole, the fields that are turning in good yields this year are those that have had soil conservation practices carried out consistently.

One field is of particular interest, the Henard Gray place south of Wellington where a terrace system utilizes water from the town section. This field is cutting about 25 bushels per acre, probably the best yield from a dryland farm in the county.

Dodson City Council Asks
Low Rent Housing Units

Low-rent housing units are being sought by the Dodson City Council for that town from the Federal Housing Administration, T. E. Lennon, chairman of the newly formed Dodson Housing Authority, has announced.

The Dodson City Council in a special meeting Wednesday night, June 6, passed a resolution declaring the existence of a need for the housing authority and naming that body.

T. E. Lennon was appointed chairman and a member for two years; Howard Hunt, secretary,

two years; Floyd Teutsch, two years; Ed Crowder and J. C. Howell, one year each.

The Authority held its first meeting the following morning at 9 a. m. to set in motion the application for the housing units.

The application to the Federal Housing Administration asks 50 units, but Mr. Lennon explained it is customary to apply for a larger number than is needed.

This project is similar to that being sought for Wellington, except that it is being handled under the rural provisions of the Federal

Housing Administration rather than the urban, as is Wellington.

These would be low rent units, available to families with small incomes, Mr. Lennon explained.

The vote of the City Council creating the Dodson Housing Authority was unanimous. Present for the meeting was Mayor Bynum Hightower, and Council members, R. T. Jameson, Buster Tillpot, Robert Tabor, Junior Owens and Marvin Wynn.

A need for more rent houses in Dodson has existed for a considerable period, it is pointed out. Both Mr. Teutsch, vice-president of the First State Bank, and Mrs. Lennon, superintendent of schools, have stated that the town could use ten rent houses right now.

"We know of several families who would move to Dodson if they could find a comfortable modern house to live in," both have said.

About the only vacant houses available in the town now are generally termed "shacks."

Several persons who work in Dodson drive from Wellington, Hollis, or the rural sections and new families with interests in Dodson have had to make their arrangements accordingly.

Accident Early Wednesday

Alex Coleman Badly
Hurt In Hay Baler

Alex Coleman of Dozier, one of the county's outstanding farm leaders, was critically injured early Wednesday morning June 13 when both arms were caught in the hay baler he was operating. The accident occurred at his farm shortly after he started to work.

Mr. Coleman underwent surgery for the amputation of his right arm at the elbow and his left arm about midway between the wrist and elbow. John Coleman said after his brother had been returned from surgery a few minutes after 1 p. m.

Mrs. Coleman found her husband when she came by the field a short time after he left, and he called to her. The tractor engine was still running, and she stopped it, but was unable to get him out of the baler and had to return to the house to phone for help, Mrs. Wood Coleman, a sister-in-law, said.

First to arrive were Mr. and Mrs. Wood Coleman, and with the help of others who came almost

immediately, the baler was partially dismantled and the rollers pried apart to free him. He was rushed to St. Joseph's here.

Mr. Coleman did not lose consciousness.

His watch, which had gone through the baler, was stopped at 6:30.

\$1,000 for New Books

Library and Community Building
Benefit From Federation Gift

The County Library and the community building have been selected to receive gifts totaling \$1,600 from the City Federation of Women's Clubs.

The library will receive \$1,000 in cash, to be used for books chosen by Miss Katherine Boverie, the librarian.

A piano will be bought for the community building, and with the money that remains, the furniture in the community building club room will be repaired and slip covered. The City Federation bought the furniture approximately 15 years ago at a cost of \$800.

Action making these gifts possible came Friday afternoon, June 3, at a meeting of delegates from clubs holding membership. Mrs. Chester Fires presided.

At the same time, it was voted to reactivate the City Federation, which has been inactive about five years.

The gift to the library came as a complete surprise to Miss Boverie.

"Of course, I'm thrilled to death!" she said.

"I already know what I'll buy first - some children's books," she continued. "We need them badly, and especially since vacation time is here. Many of our children's books are ragged, but then children are nice and they never complain about their condition."

Lacy Graduates
At Texas A&M

Don Lacy, son of Mr. and Mrs. Drury Lacy of the Shinnery community, received his bachelor of science degree in agricultural education and a commission as second lieutenant in the Air Force Reserve at the recent commencement of Texas A&M College.

He is due to report for active duty in the Air Force for a year from now.

Lacy was one of the 810 young men graduated from the college and of 312 who received commissions in the Armed Forces.

The baccalaureate speaker was Dr. William M. Elliott, pastor of the Highland Park Presbyterian (continued on page ten)

An encyclopaedia probably will be the next purchase, she said, and other selections will come later.

The \$1,600 held by the City Federation in bonds was the remainder of a fund that amounted to approximately \$2,400 raised by the member clubs during the 1930's, when a separate club building was planned. When construction on the community building, with its club room, began in 1940, the need for a Federated Club Building no longer existed, and \$800 was given toward furnishing the club room, Mrs. Fires explained.

Officers of the City Federation at the time it became inactive were Mrs. Fires, president; Miss Boverie, secretary; Mrs. E. F. Bartlett, treasurer. Members of the Bond committee were Miss Boverie, Mrs. J. Frank Johnson and Mrs. Cleo Templeton.

Four clubs still are active that had membership in the City Federation: 1924 Study Club, Domestic Science Club; Excelsior Club and Belles Lettres Club. There are a few individual members.

Present plans are to reactivate the City Federation and at a later date call a meeting to which new clubs and other clubs not members, as well as women who would like individual memberships, will be invited.

Present at the Friday meeting were these club representatives: 1924 Study Club; Mrs. James Sullivan, Mrs. Clark Anderson, and Miss Boverie, Domestic Science Club, Mrs. W. R. Orr, Mrs. L. C. Hill, Mrs. J. Frank Johnson and Mrs. Deskins Wells, Excelsior Club; Misses Hattie D. Wells and Inez Leach, Mrs. Bartlett. Others present were Mrs. Fires and Miss Boverie.

Commissioners Hear Road Problems

Delegation Requests FM
Road North of Quail

Delegations from opposite sides of the county met with the Commissioners Court Monday, June 11, regarding road problems.

A group of 16 men from the northwest and west part of the county with W. R. Breeding of Abilene as their spokesman, requested the Commissioners Court to place the building of the bridge across Salt Fork River North of Quail as the No. 1 project on the farm-to-market road program.

After hearing the men, the court voted 2 to 1 with one commissioner not voting that this be named No. 1 project.

Palmer Massey, district highway engineer from Childress, will meet with court in September to determine their wishes on the next farm-to-market road program, and it is the intention of the court to

name the road from Quail to the Abilene community that will include this bridge. The bridge which the delegation is seeking to have replaced was washed out by floodwaters on Salt Fork two years ago.

A second group of four men from an area near Rolla appeared relative to right of way on a county road a mile east of the Rolla Gin, at a point where it enters a private road. Judge R. L. Templeton explained that in order for there to be entry into this private road, a small triangle of land must be bought.

A jury of view composed of Pat Bradley, Jack Lowry and Stanley Whitson was appointed to determine which of two triangles of land should be bought and how much should be paid for it.

Two New Diamonds

Little League Baseball Goes Into
Action In Summer Fun Program

Little League baseball is taking on major proportions in the recreation picture for 10 to 12 year old boys of Wellington, as four teams got down to playing in earnest this week.

Two new fields have been built—the first that Little League players have ever had here. One is Hollis Bounds Field, named for a Tulsa, Oklahoma, business man who made a large contribution of equipment to the teams. It is located in the 1300 block between Haskell and Graham streets. The other is located in the corner of the rodeo grounds in the northeast part of Wellington.

Approximately 55 boys are playing now, Judge Templeton said. They are about evenly divided into three white teams, the Red Raiders, the Blue Rockets, and the Red, White and Blue Vigilantes, and one colored team, the Brown Bombers.

A game in which the Red Raiders lost to the Brown Bombers 8 to 6 last week drew one of the biggest baseball crowds of any kind seen here in a long time, the judge said.

There will be three games a week, Tuesday, Thursday and Sunday at 4 p. m. There is no admission.

Judge Templeton is director of Little League Baseball, in Wellington.

"What we need worst right now is three more coaches who can devote two hours a day, three days a week to coaching these boys," he declared.

Royce Daves is helping Judge

Templeton, but he is in charge of Babe Ruth Baseball and the time he can give is limited. Joel Hunnicutt and Bobo Hunnicutt are training the Brown Bombers.

Judge Templeton explained that Little League Baseball is organized on a national basis. At the end

of the season an all-star team will be picked to go into the play-off with all-star teams from other towns. "If you're good enough you can go up the the Little World Series," he said.

Work on the season schedule is under way.

Chosen for Good Citizen Honor

Roberta Posey Receives
Highest Bethany Awards

Roberta Posey, daughter of Mr. and Mrs. Robert Posey, received the Good Citizen award presented to two graduating seniors from Bethany Nazarene College. Bethany, Okla., at its spring commencement exercises. Recipients of the award, a senior girl and boy are elected by BNC faculty members. This award is based on Character, Leadership, Sportsmanship, Loyalty, Cooperation and Appreciation for learning. This is the highest award a senior can receive from Bethany Nazarene College.

Miss Posey who entered Bethany in 1953 as a freshman, majored in psychology and elementary education. Activities in which she participated were religious organizations, FTA and staff member for the campus newspaper and yearbook. She served as editor of the 1956 yearbook. She was in the honor society and upon graduation became a permanent member. Miss Posey also played basketball and

was a class cheer-leader.

In her senior year she was a member of the student council and elected to WHO'S WHO IN AMERICAN UNIVERSITIES AND COLLEGES. She graduated with the honor of Magna Cum Laude. This honor is given to those who maintained a grade point average of at least 2.7 over all their college work. At the recent alumni banquet, she was elected as secretary of the psychology alumni.

Miss Posey plans to attend the University of Wyoming this summer where she will begin work on her Master's degree. She will go with Miss Maurine Dickerson, who lived here when her father, Rev. L. H. Dickerson, was pastor of the Church of the Nazarene. She is now a member of the faculty of Bethany Nazarene College.

Dale Tuttle, Kalvesta, Kansas, received the same award presented to the graduating senior boy.

It's a "no-holds-barred" CAT-AND-DOG AFFAIR

... this tussle for trade volume that goes on daily between
ambitious cities and community-service towns like ours

For some it ends when one more small town joins the ghosts of former losers . . . when only the sad, silent buildings remain to mark the tomb of many hopes and dreams.

Once . . . these city-stricken community centers were alive with people who had their lives and fortunes invested in service to their neighbors . . . where there were strong churches and good schools . . . where almost everybody was *somebody* . . . and where there was calmness and independence and time to live . . . and time for their children.

Just as we have in our community here . . . NOW.

And which we can very easily keep and build greater for ourselves and those to follow us . . . unless we throw the fight by giving aid and comfort to the enemy.

If those of us who SELL goods and services are alert to new ways and new needs . . .

And if those of us who BUY will encourage that alertness with our patronage . . .

Then the cities will keep their proper places in our lives . . . NOT to dominate and bleed us . . . but to serve us ONLY when our own home-supporting business cannot profitably do so.

*It Pays to Buy
where you Live*

Wellington firms are the only business establishments in the world that are genuinely interested in this community's future . . . and in the future and prosperity of us who live here

Mrs. George Shinn of Shinnery returned recently from several weeks with daughters and two new grandchildren. Mr. and Mrs. Loy Wylie of Fort Worth are the parents of a son, Scott Layne, born May 9, while Mr. and Mrs. Bill Hawkins of Fort Morgan have a daughter, Karen Jorene, born May 20. Mrs. Wylie is the former Glenna Shinn and Mrs. Hawkins the former Jorene Shinn. Miss Wanda Shinn is also visiting in the Hawkins home at Fort Morgan for the remainder of the month.

Mr. and Mrs. Eugene Terry and daughter, Deanna, of Espanola, New Mexico, visited recently with their parents, Mr. and Mrs. Everett Bell of Wellington and Mr. and Mrs. O. A. Terry of the Lurie community.

Mr. and Mrs. Dick Wiley are at their summer home at Raton, N. M. for an extended vacation.

Visiting in Wellington last week were Mr. and Mrs. Oscar Bounds and son, Thad of Kansas City, Mo., who were the guests of his mother, W. T. Bounds, and in the homes of other relatives, Mr. and Mrs. Roy Bounds, Mr. and Mrs. Buster Bounds, and Mr. and Mrs. George Scott. Mr. and Mrs. Bounds moved from here in 1939, and he is associated with a wholesale produce company in Kansas City.

Mr. and Mrs. Orval Couch and daughter, Miss Carolyn Couch, of Homer, La., were here during the week end and were houseguests of Mr. and Mrs. Fred LeDerer. Their son, Lynn Couch, who remained at Texas A&M College for the summer term, joined them here. Lynn will be a junior at A&M with the beginning of the fall semester. Mr. Couch said while here that the condition of his mother, Mrs. O. L. Couch, is unchanged. She has been at Tyler with her daughters, Mrs. Rose Burgan and Mrs. Hester Stall, for a number of months, and has been ill since suffering a stroke in February.

Mr. and Mrs. Junior Kellison and children of Amarillo were here over the week end visiting her parents, Mr. and Mrs. Floyd Morton.

Mr. and Mrs. B. G. Glenn have just returned from a trip to San Francisco and Los Angeles, California, where they visited their granddaughter, Mr. and Mrs. Jack Covey, and their daughter, Mr. and Mrs. Marvin Petty.

Mr. and Mrs. J. M. Moore of Lubbock were here yesterday visiting her parents, Mr. and Mrs. J. A. Harper, and his mother, Mrs. L. A. Moore.

Mr. and Mrs. John Calvin Harper and daughters of Bartlesville, Oklahoma, were here last week visiting his parents, Mr. and Mrs. John Harper.

John Shadid of Memphis accompanied his brother, George Shadid, to Oklahoma City Monday on a business trip.

Raymond Shumate and daughters, Patsy, Carol, and Mrs. Helen Gosner, of Clovis, New Mexico, were here this week end visiting his mother, Mrs. W. V. Huffman, and his sister, Mr. and Mrs. Alton Wilkins.

Mrs. Allene Morris and daughter, Dixie, left Friday to spend the summer in California visiting Mrs. Morris' son, Mr. and Mrs. Don Earl Morris, of Los Angeles. She will also visit friends there.

Mr. and Mrs. V. P. Robertson, Jr. and children of Dallas are here visiting her parents, Mr. and Mrs. Lee Scarberry, and his parents, Mr. and Mrs. V. P. Robertson, Sr., and other relatives.

Mr. and Mrs. Tommy White of Borger visited here Monday with her brother, Mr. and Mrs. Jack Ford and family. Mr. and Mrs. White are returning home from a trip to Massachusetts.

Mrs. J. H. Birchfield, who has been staying in Estelline with a friend for several months, has returned home. For the past week her grandson, John Birchfield, younger son of Mr. and Mrs. Bob Birchfield of Amarillo, has been with her. Mr. Birchfield and his other son, Richard, are due this week.

A recent guest in the home of Mr. and Mrs. R. C. Morgan of Salt Fork was her brother, Dennis O'Brian of Amarillo, an instructor in the school system of that city. Their son, Sam Dick Morgan, is also here this week end. He is head custodian of the administration building of the Amarillo School but returns home each week end.

Mrs. Rhuel H. Wilson of Shamrock was admitted as a patient at St. Joseph's Hospital June 8, and discharged June 10.

Mr. and Mrs. Majors, Mrs. Minnie Clouse, Thomas Clouse, and Harlene Allan were visitors in the home of Mr. and Mrs. B. F. Wheeler this week.

Mrs. Dolly O'Brien of Dodson is a patient in St. Joseph's Hospital. She was admitted June 11.

Mr. and Mrs. Harold McKinney and children of Amarillo, formerly of Wellington, visited friends and relatives here over the week end.

Mrs. Hayden Rogers and son, Will, of Arlington were here this week end visiting her mother, Mrs. Henry Templeton and her sister, Mrs. Buster Bounds. She also attended the Sweat-Lowrie wedding.

Mrs. Floyd Nipper of Tulsa, who was here this week end to attend the wedding of Dorris Sweat and Tommy Lowrie, was a guest in the home of Mr. and Mrs. Ocie Scott.

Paul Cooper of Hobbs, New Mexico, is a patient in St. Joseph's Hospital. He was admitted June 10.

Mr. and Mrs. John D. Glenn and Johnny of Canadian were here recently visiting friends.

Miss Carolyn Couch of Homer, Louisiana, is here for a two weeks visit with Miss Mary Parsons, daughter of Mr. and Mrs. Sandy Parsons, Jr.

Willy Mac Thompson, Jr., colored, week old son of Mr. and Mrs. Willy Mac Thompson of Loco, was admitted as a patient to St. Joseph's Hospital June 8, and discharged the following day.

Hannah Clark of Dodson, daughter of Mr. and Mrs. G. E. Clark, was admitted as a patient at St. Joseph's Hospital June 5, and discharged the same day.

Dean Keith, 14 year old son of Mr. and Mrs. L. C. Keith, was admitted for surgery at St. Joseph's Hospital June 5, and was discharged June 9.

C. O. Carpenter of Hollis, Oklahoma, was admitted to St. Joseph's Hospital June 6 and discharged June 11. He is the father of Mrs. F. F. Popwell.

Mrs. Rufus Sweat was admitted to St. Joseph's Hospital June 7, and discharged June 9.

Cliff Watkins, 2 1/2 months old, and Vic Watkins, three years old, are patient in St. Joseph's Hospital. They are the sons of Dr. and Mrs. D. V. Watkins.

Out of town guests who were here Sunday to attend the wedding of Miss Sally Parsons and Lyndon Crelia included Mr. and Mrs. Fred Hankins, parents of the groom, Mr. and Mrs. F. S. Henderson, Mr. and Mrs. Tommy Hankins and daughters, all of Eldorado, Oklahoma; Raburn Crelia of Wichita Falls; Mr. and Mrs. Don McMillin of Tulsa, Oklahoma; Mr. and Mrs. A. E. Dillion and Mr. and Mrs. Rex Miller of Allison; Mr. and Mrs. Ansel McDowell, Jim and Dan of Hereford; Mr. and Mrs. Keith McMillin of Big Spring; Mr. and Mrs. Tim Hatch and Mr. and Mrs. Tom Campbell of Lubbock.

Popcorn Gets a Trial

Dodson Area Farmers Seek New Cash Crops

A group of farmers in the Dodson vicinity are exploring the possibilities of growing certain types of produce as money crops, principally on acres made available by the smaller cotton allotments.

Popcorn is one of the crops being seriously considered by several farmers, Ed Crowder, manager of the Farmers Co-op Gin, reported.

Crowder and Ollen Branigan, who rents his land, are planning 10 acres of popcorn and other farmers are due to bring this year's crop up to around 30 acres. If it turns out as well as it is expected to, the growers will try to work out arrangements with a Plainview firm to contract next year's crop whereby they can expand the acreage.

Quite a few farmers around Dodson are planning to plant peas of either black eye, cream, crowder or purple hull varieties.

Some of this produce will be on irrigated land, other dry-land acres.

Watermelons and cantaloupes will be grown to some extent east of Dodson this year, but on the

whole, farmers of the area are leaving these crops to the Hollis section, where marketing arrangements have been worked out.

"We've got to do something to get money crops on our excess cotton acres that will pay better than maize, and that's what we're working toward," Crowder said.

Navy Recruiter Here Each Tuesday

R. W. Phelps CSI, USN, of the U. S. Navy Recruiting Station in Amarillo announced today that a special Panhandle Task Force Naval Area will be enlisted in this area during the month of June.

The Navy recruiter will be in Wellington each Tuesday from 1-3 p. m. at the Post Office Bldg.

According to Phelps, recruits in the Panhandle Task Force Company will remain together throughout their nine week period of training. This "Buddy System" method of forming special companies and sending them through recruit training as a group has been very successful in the past, and has been favorably commented on by Navy personnel who went through recruit training with the last Special Naval Company which was enlisted in this area in December, 1955. Buddies train and work together, and as a result usually make outstanding marks in drill proficiency and competitions.

According to present plans, applicants will be examined and partially processed in Amarillo up to 26 June, 1956, at which time the entire group will depart for Albuquerque, New Mexico, where they will receive final processing and participate in the swearing in ceremony. Application may be made in Room 302, Post Office Building, Amarillo, or at any of the other U. S. Navy Recruiting Branch Stations located in Dalhart, Pampa and Borger.

Kamil Dakil of Shamrock, who is a student in West Texas State College, was here this week end visiting his grandparents, Mr. and Mrs. Mack Saied, Sr.

Roy Tims Family Moves Here

New residents who moved here this week are Mr. and Mrs. Roy Tims and their children, Paul Wayne, Patricia, and Johnnie.

Tims is employed by the Williams Construction Co., which is contracted to re-build lines for the West Texas Utilities Co. The company will be here for several weeks, and is the same one that was here re-building lines damaged by the storm last spring.

McClaskey Gets Irrigation Well

An irrigation well has been brought in on the Bill McClaskey farm, approximately eight miles north of town, and just north of Salt Fork River.

The well was pumped 11 hours Thursday with a 5-inch pump and Mr. McClaskey reported the flow of water did not lessen.

It was drilled by David Armstrong, McClaskey's son-in-law.

This is the first irrigation well in that particular area, the nearest being on the Joe Rountree farm east of Lutie, about four miles away.

Magazine Layout Man Visits Dodson

Mrs. B. B. Martin of Dodson has had as her guest her brother and family, Mr. and Mrs. Perry Gear and three children of Dayton, Ohio.

Gear is a layout and mark-up printing superintendent for the firm printing McCall's Magazine, Readers Digest and McCall's Patterns.

Gear was reared at Hollis and began printing in newspaper offices there. He served in the Marine Corps during the war and later was in business for himself in Columbia, South Carolina several years.

Mr. and Mrs. E. R. Griggs of Albuquerque, New Mexico, were here last week end visiting his sister, Mrs. J. L. Burt.

Two Dodson Awards Given

Two Dodson D awards were presented recently to parents of students who were neither absent nor tardy during the school year that has just closed.

The D Awards are made to athletes and to adults who render some outstanding service to the school. Supt. T. E. Lennon explained.

Mr. and Mrs. Bill Lemons and Mr. and Mrs. Earl Vick received the honor.

Mr. and Mrs. Lemons have three children, Walter, Mozelle and Odell.

Mr. and Mrs. Vick had nine children in school, and six of these were neither absent nor tardy during the year, Mr. Lennon said. The children are Barbara, Betty, Burl, Jerry, Pauline, Ronnie, Russell, Thomas and Marie. The tenth child, Lorene, will start to school next year.

Wedding Saturday Evening Unites Miss Dorris Clo Sweat and Tommy Lowrie

The marriage of Miss Dorris Clo Sweat, daughter of Mr. and Mrs. Rufus Sweat, to Tommy Lowrie, son of Mr. and Mrs. H. B. Lowrie, took place at the First Baptist Church here Saturday evening, June 9, with the Rev. Russell Pogue officiating at the double ring ceremony.

Altar decorations were an arch covered with salal leaves, and on either side white cathedral tapers in tall candelabra, alternating with baskets of white gladiolas tied with purple ribbons. Purple bows marked the pews at the aisle.

Mrs. Truman Estes, organist, gave traditional wedding selections and accompanied Ted Parker of Dodson, the vocalist.

Mr. Sweat gave his daughter in marriage.

The bride chose a gown of white chantilly lace and tulle over satin. The lace bodice was designed with a tulle yoke outlined in scalloped lace and finished with a mandarin collar trimmed with pearls. Tiny buttons closed it at the back, and the long sleeves came to petal points at the wrist. A scalloped lace accent extended the full sleeve length. The full waltz-length skirt had three tiers of alternating lace scalloped at the edge, and tulle. Her illusion veil fell to elbow length from a headpiece of strands of pearls in filigree design. The bride carried a white Bible topped with an orchid surrounded with stephanotis, and stephanotis was tied in love knots in the satin shower streamers.

Miss VaRue Sweat, sister of the bride, was maid of honor and Miss Barbara Lowrie, the groom's sister, was bridesmaid. Candles were lighted by Miss Wilma Jean Brazil, cousin of the groom, of Amarillo, and Miss Harriett Maria Lowry of the Lurie community, cousin of the bride. The maid of honor wore a dress of pale orchid in princess design, with low necklines, short sleeves and full skirt. The bridesmaid and candelighters wore dresses identical in design of deep purple. The honor attendants carried bouquets of orchid carnations on white heart-shaped frames of glittering net, and these flowers also were used in wristlets for the candle lighters.

The flower girl was Sylvia Stokes, of Mineral Wells, cousin of the bride, who wore a white dress and carried a white basket tied with purple ribbon. Rex Vaughan, another cousin, was ring bearer.

Athan Lowrie, brother of the groom, was best man, while ushers were Ray Wauer and John Alvin Herton.

The mothers of both the bride and groom chose navy dresses with white accessories and corsages of white carnations.

The reception was held in the country home of the bride's parents. In the receiving line were Mr. and Mrs. Sweat, Mr. and Mrs. Lowrie, the bride and groom, and feminine honor attendants.

The serving table was covered with a white cutwork cloth, centered with a floral arrangement, that included the bride's bouquet surrounded by those of her attendants. Appointments were of crystal and silver. Miss Joline Groves served the tiered white wedding cake, decorated with roses and dainty shells. Orchid lace on

surrounded the base, and on top was a nosegay of white flowers tied with orchid ribbon and leaves. Miss Patsy Patton poured punch, while Miss Donna Lowrie registered the guests. Miss Lowry assisted in serving.

As the couple left on their wedding trip, the bride was wearing a mint green suit with brown alligator accessories.

The bride graduated from high school here this spring. She was editor of the school year-book, the Skyrocket, this year. She also was chosen Most Representative, Youth Center representative, and a school cheerleader. She has played in the Skyrocket band, was a member of the tennis team, and received other honors.

Mr. Lowrie was graduated here in 1951 and attended Commercial Trades Institute in Chicago. He participated in various sports while a student. He is now associated with Lone Star Gas Company, and after June 25, the couple will be at home at Trinidad.

Mrs. George Clark and son, Clifton Clark, arrived this week for a visit with her mother, Mrs. E. B. Haralson, and other relatives and friends.

Rodden Family Has Reunion

A reunion of the Rodden family was held in Vashti and Bowie recently in the Jackson and Watkins homes.

Among those attending were Mrs. Buelah Hobbs of Wellington, Mr. and Mrs. John Alva Hobbs of Seminole, and Mr. and Mrs. Reuben Owens of Seagraves.

Six of the eight Rodden sisters, all of whom are over sixty five years of age, were present at the reunion, but two of them were ill and unable to attend.

May Wedding at Tucumcari, N. M. Unites Miss Sue Pritchard and Freddy Maxwell

Announcement was made here this week of the marriage of Miss Sue Pritchard, daughter of Mr. and Mrs. Jack Pritchard of Clarendon, and Freddy Maxwell, son of Mrs. Lela Maxwell of Quail.

The couple was married in a quiet single ring ceremony in Tucumcari, New Mexico, Saturday evening, May 26, with the Rev. Chester O'Brien officiating at the parsonage of the Baptist Church.

For her wedding the bride wore a beige linen dress, with a long fitted bodice and a full tiered skirt. Her accessories were white and her corsage was of pink roses.

Attending the wedding were Mr. and Mrs. Billy Joe Patterson of Buck Creek community and Miss Wanell Baird of Hollis.

The bride was graduated from Samnorwood high school in 1954 and from Clarendon Junior College this spring. She is now a bookkeeper for the Whittenburg Estate in Amarillo.

Mr. Maxwell was graduated from high school at Quail and served three years in the Marine

Miss Sally Parsons and Lyndon Crelia Marry in Home Ceremony Sunday

Miss Sally Ann Parsons, the older daughter of Mr. and Mrs. Sandy King Parsons, Junior, was married Sunday afternoon, June 10, to Lyndon Lloyd Crelia, the son of Mr. and Mrs. Fred Hankins of Eldorado, Oklahoma, in a ceremony at the home of the bride's parents.

The Rev. DeMar Freeman officiated at the double ring ceremony, attended only by members of the families.

Lemon leaf banked the fireplace, before which the bridal party stood, and on either side were baskets of white gladiolas. The mantle was centered with an arrangement of white gladiolas, reflected in the large mirror, and greenery on either side completed the decorations. Bouquets of white roses were used through the house.

Miss Nancy Elliott, pianist, played the traditional wedding marches and accompanied Miss Mary Beth Kelso as she sang "Because."

Mr. Parsons gave his daughter in marriage. She chose a wedding gown of embroidered white silk organza in ballerina length. The fitted bodice had cap sleeves and a deep oval neckline, and around it was a band of embroidered or-

gandy edged in scallops. Within the neckline were insets of white tulle and organza crossed to give a full draped effect. The full skirt, gathered at the waist, had a deep embroidered pattern and was edged in scallops. Her mits were white organza. The bride's elbow length veil was attached to a lace cap, touched with pearls and sequins. She carried a bouquet of white rosebuds and angel lilies, backed with tulle, while stephanotis was tied in the satin shower streamers.

Miss Mary Parsons, sister of the bride, was the maid of honor. Her white organza dress had dainty tulle ruffles, touched with deep pink, the full length of the fitted bodice and full circular skirt. She wore a white net headpiece entwined with white rosebuds, and carried a bouquet of Happiness roses against tulle, tied with white satin streamers.

Keith Cunningham was the groom's best man.

For her daughter's wedding, Mrs. Parsons chose a beige lace dress over brown taffeta with beige accessories, while Mrs. Hankins wore beige linen with eyelet trim and beige accessories. Both had corsages of white carnations.

A reception followed the ceremony.

The bride's table was laid with a white linen cutwork cloth, and appointments were of milk glass. The bride's bouquet centered the table and on either side were white tapers in milk glass holders. The tiered pedestal wedding cake was all-white decorated with rosebuds, and dainty wedding bells, and the traditional miniature bride and groom at the top. Surrounding it was a garland of white rosebuds. Miss Kay Hubbard served the cake and Mrs. Keith Cunningham poured punch. Mrs. Sandy King Parsons III was at the register.

As the couple left on their wedding trip to Oklahoma City and other points east, the bride was wearing a pink linen dress with a matching eyelet cotton jacket. Her accessories were pink and her corsage was of white rosebuds.

They will be at home at 1503 Fifteenth Street after June 18.

The bride was graduated from high school here this spring. She was chosen class favorite during both her junior and senior years, and this year was selected The Most Sincere Girl. She was Youth Center representative and a staff member of the school yearbook, The Skyrocket. A talented musi-

Corps. He also has attended Clarendon College. He is now employed at Maynard Door and Sash Co., Amarillo, and the couple has established their home at 403 B. Florida in that city.

Miss Grazelle Scott Becomes Bride of Dale Pedigo in Church Ceremony Sunday

In a ceremony at the Church of the Nazarene here Sunday afternoon, June 10, Miss Esther Grazelle Scott, the older daughter of Mr. and Mrs. George Massie Scott was married to Eldon Dale Pedigo, son of Mr. and Mrs. Vincent Pedigo, 3330 Northeast Twentieth Street, Amarillo.

Dr. Fred Floyd, head of the history department of Bethany Nazarene College, Bethany, Oklahoma, officiated at the double ring service.

A screen of greenery was the background for decorations in the altar area, illuminated from behind by a candelabra holding lighted cathedral tapers. On either side of the central arch were similar candelabra alternating with pedestal baskets of white gladiolas extending across the altar section. The white satin-covered kneeling bench completed with arrangement while pews were marked at the aisle with white wedding bells tied with satin bows.

Miss Elizabeth Grundy of Memphis was the organist. She used traditional wedding selections and accompanied Gene Murry of Childress as he sang "At Dawning" and "I Love Thee" and "The Lord's Prayer."

Mr. Scott gave his daughter in marriage. Her bridal gown was of Dupioni silk, complimented by a moulded reemebroidered alencon lace bodice, closed down the back with tiny buttons. The scoop neckline was finished with a scroll of lace that was featured again around the bottom of the bodice. The full skirt fell to chapel length. Her fingertip veil of illusion was attached to a lace cap, embroidered with seed pearls, and edged with a narrow ruffle of illusion bow. A princess panel at the front gardenias with stephanotis, tied satin shower streamers, on a white Bible.

Miss Carolyn Scott was her sister's maid of honor, and the bridesmaids were Miss Priscilla Baumgardner, Miss Roberta Posey, and Miss Carolyn Dial of Pampa. They wore identical gowns of coral crystalline over taffeta, designed with oval necklines and large rolled collars that extended over the shoulders, then came to points at the back where each was finished with a large bow. Princess panel at the front was complimented by the skirt fullness at the sides and back. Their coral picture hats were of illusion and they wore matching net mits and carried crescent bouquets of white carnation tied with white satin ribbon.

The junior bridesmaids, Rebecca Holliman and Alcie Holliman, cousins of the bride were dressed identically to the honor attendants, in soft peach color. Deneese Pedigo of Liberal, Kansas, cousin of the groom and Rhonda Davis were the flower girls. Their full-length dresses were like the other attendants. They wore headbands of flowers and carried baskets of rosebuds.

Jimmy Ferguson of Fairview, Oklahoma, was the ring bearer. Dale Pedigo of Liberal, Kansas, uncle of the groom, was best man. Groomsman were Buddy Farr of Texarkana, Jack Meathenia of Shamrock, and Cecil Pedigo of Amarillo, also an uncle of the groom. Junior groomsman were Ralph Owens and David Scott while the candles were lighted by Dewayne Holliman and Thad Bounds of Kansas City, Missouri.

Mrs. Scott wore for her daughter's wedding a beige lace and linen dress, with a beige hat beaded in pearls, and pink and beige accessories. Mrs. Pedigo chose champagne lace over polished cotton, with beige accessories. Both had corsages of pink carnations.

The reception was held in the community building.

In the receiving line were Mr. and Mrs. Scott, the bride and groom, Mr. and Mrs. Pedigo and the four feminine honor attendants.

The serving table was covered with a cutwork cloth, centered with an arrangement of the attendants bouquets, and appointed in crystal.

The tiered white wedding cake was decorated with dainty pink shells, tiny wedding bells and blue-

George H. Seely and Mrs. Geneva E. Foves of Grady County, Oklahoma, June 4.

Charles Houston Ridge and Mildred Elizabeth Newkirk, June 6.

Lyndon Lloyd Crelia and Sally Ann Parsons, June 7.

The roads in the Lillie community are somewhat better since the rain, but some are still impassable. There are several dangerous places to cross where the dirt washed out around culverts.

By MRS. ALEX COLEMAN

The rains have been coming along just about right lately to keep things green and growing. Some few have begun planting, and some have to plant over. Some cotton planted early is growing nicely.

Bro. Ray Townsen filled his regular appointment Sunday at the Church of Christ.

Rev. O. C. Evens conducted services at the Methodist Church Sunday morning and night.

A Bible school began Monday at the Methodist Church and will run through this week until Saturday.

Mr. and Mrs. Ricard Overcast and Mr. and Mrs. Willis Warren are attending the bedside of their mother, Mrs. C. W. Loring, who is in Shamrock Hospital. Also there was Mrs. Loring's mother, Mrs. Oldham.

Elbert Rankin is doing fairly well at his home.

Those visiting Mr. and Mrs. W. L. Mabery Monday were Arch Hinchey and family, James, Ronald, and Donald from Seattle, Washington. Other visitors were Mr. and Mrs. Walter Hinchey of

Erick, Oklahoma.

Mrs. Mabery and family are more going to see their son and daughter, Mrs. Bill Mabery, who is there recently. Mrs. Bill Mabery, who before her marriage was Sandra McLemore, is in the hospital there.

The seniors recently returned from a trip to Eureka Springs, Arkansas.

Aleta Coleman, who is working in Amarillo, visited her family, Mr. and Mrs. Alex Coleman, and attended church Sunday.

The cemetery working was well attended, but not all the work was finished. We hope to do home more work soon, and to get it in better condition. Those who are interested should contact Pat Bradley or Wood Coleman if they can identify some of the graves, so they can order markers for those who don't have any.

Mr. and Mrs. Billy Tenison and family are visiting Mrs. Tenison's parents, Mr. and Mrs. Ott Clay.

Mr. and Mrs. Cleo Robinson of Amarillo visited her parents, Mr. and Mrs. Lee Scarberry, and his parents, Mr. and Mrs. A. L. Robinson of Quail, over the week end.

T. C. Crabtree taught the lesson Sunday morning at the Church of Christ in the absence of the regular Minister, J. C. Stepp, who is away on a two weeks vacation. Harrison Beall of Abilene conducted the services Sunday night.

Most farmers in the community are planting cotton as a very small acreage was saved that was planted before the rain the first of last week.

Misses Patsy and Linda Shields, daughters of Mr. and Mrs. Ted Shields, of Carey were guests in the home of Mr. and Mrs. Alex Shields, Sunday, June 3.

Mr. and Mrs. Fred Bourland, Freda Gale, Lynn and Beth attended a family reunion Sunday in Memphis Park. The reunion has been celebrated by the Sweatt family for several years. Mrs. Bourland is a member of the Sweatt family.

Harrison Beall of Abilene is here to spend the summer vacation with his uncle and aunt, Mr. and Mrs. Warren Carter.

Mrs. Hurshel Brisbin of Milpitas, Calif., arrived Saturday June 2 for a two weeks visit with her Mother, Mrs. J. W. Stephens, who is a patient in St. Joseph's Hospital in Wellington. Mrs. Brisbin will stay in the home of Mrs. Recie Du Bose, Mr. and Mrs. Freeman Melton and Mr. and Mrs. G. T. Stephens while she is here.

Mr. and Mrs. Lewis E. Riley and sons of Amarillo spent the day Sunday in the home of Mr. and Mrs. J. R. Godbey. Mr. Riley

returned home Sunday night while Mrs. Riley and sons stayed to visit in the Godbey home this week. Mrs. Riley is the daughter of Mr. and Mrs. Godbey.

Mr. and Mrs. George Thomas left Saturday, June 2, for Hollywood, Calif., on an extended visit with her parents, Mr. and Mrs. J. T. Gorman. They went by bus to Quanah where they joined Mr. and Mrs. Tom Gorman and Mrs.

Ida Brandon. From Quanah the group drove through to Hollywood.

Mr. and Mrs. Lester Myers and sons, Terry and Jimmy Carrol moved to Canyon the first of the week. Mr. Myers will attend summer school at West Texas State College.

Almost 6,400 wells and 115 compressor stations are in use for operation of gas storage pools in the United States.

Natural gas has expanded more rapidly in production and consumption than any other mineral in the history of the country.

In 1954, Texas produced for market 4,600 billion cubic feet (more than 4.6 trillions) 52.6 per cent of the marketed natural gas production of the United States.

Deck's
DIDACTICS

—By Deskins Wells

The wheat crop has turned out so much better than seemed possible that many people have been amazed. Yields of 20 to 25 bushels on dry and yields of 55 to 60 bushels on irrigated wheat have been reported. The significant thing about this is that a good wheat crop generally means a good row crop. Both the feed and cotton crops are about 20 days ahead of last year. Conditions look mighty good for this time of the year.

Penny Day will be observed at the swimming pool Thursday, June 14. They throw in pennies and the youngsters are allowed to dive for them. They are also allowed to keep the pennies they find. This year the pool is being kept at an even 80 degree temperature and the evening night patronage has increased considerably due to the comfortable water. Swimming is more pleasant this year than it has ever been.

I notice that Texas A&M is experimenting with a sunflower that can be grown commercially. The goal is to produce a sunflower from three to four feet tall that can be combined like maize. They want the head to range from 6 to 8 inches in diameter. The seed will not be available in quantity for at least two years. Sunflower seed of the large domestic varieties have many uses in livestock and poultry feeds. They are especially rich in vitamins and contain 29 per cent oil and over 20 percent pure protein.

The reason I am interested in this is that I believe I have a sport sunflower in my backyard. This is not a playboy sunflower. A sport in the agricultural sense is a plant that departs from the norm. These seed were originally purchased from the late T. B. Starkey, and grew from 10 to 14 feet tall with giant heads 10 to 14 inches in diameter. The rest of my sunflowers are already from 8 to 10 feet tall. This particular plant has leaves twice as large a stem, twice as big and acts like it might start to head at the same time as the others. It is only 3 1/2 feet tall. If it does turn out a giant head

on a short stalk, I intend to have Lefty Thomas to send some of the seed to A&M to see if they want to use them in their experiment.

Here in Collingsworth we should try and try to find some practical cash crops to go along with our reduced cotton acreage. Guar and Mung beans and Alfalfa have proven to be the best cash crops tried thus far, and all three are superb soil builders. Sesame is one that has not been tried; but the shatter variety is making money on the irrigated land on the plains.

Next Friday I will be off for a two weeks tour of Canada as a guest of the Canadian Government and its Department of Travel and Publicity. Each year Canada asks some 30 to 40 editors from the United States to go on the tour.

The editors are selected by their respective press associations. I will fly to the Canadian border with Ray Dyer of the El Reno Tribune, who is the representative of Oklahoma. Other editors have told me that the trip is simply wonderful provided you can stand the wining and dining and the lack of sleep. I am pretty good in the first two qualifications; but I do not do so well without my customary amount of sleep. Another very nice thing about the trip is that it is free.

See you good people in July, and I hope your crops will be flourishing, your grass and your cattle sleek and fat. Canada must be wonderful; but so is Collingsworth when it rains.

A top burner control that shuts off flame time preset by cook is available on many brands of gas ranges.

Formal Opening
Of Remodeled
Morrow Grocery

Formal opening of the remodeled Morrow Grocery, 606 15th Street, will be held Saturday, June 16, Harold Morrow, owner, has announced. The public is being invited to attend.

In his remodeling program which has been under way all spring, Morrow has doubled the floor space of the building. The exterior has been refinished to give continuity of line, and the entire interior was redecorated.

Church, Dallas while the mencement address was given by Dr. William E. Morgan, president of Colorado A&M College, Fort Collins, Colorado.

Attending these final events was Lacy's mother, who was joined by Mrs. Sterline Lacy at Vernon.

The young graduate returned here and until he is called into service he will operate a combine, which he recently bought, in the wheat and grain sorghum harvests.

Rotisseries for broiling roasts and chickens are available on many models of gas ranges.

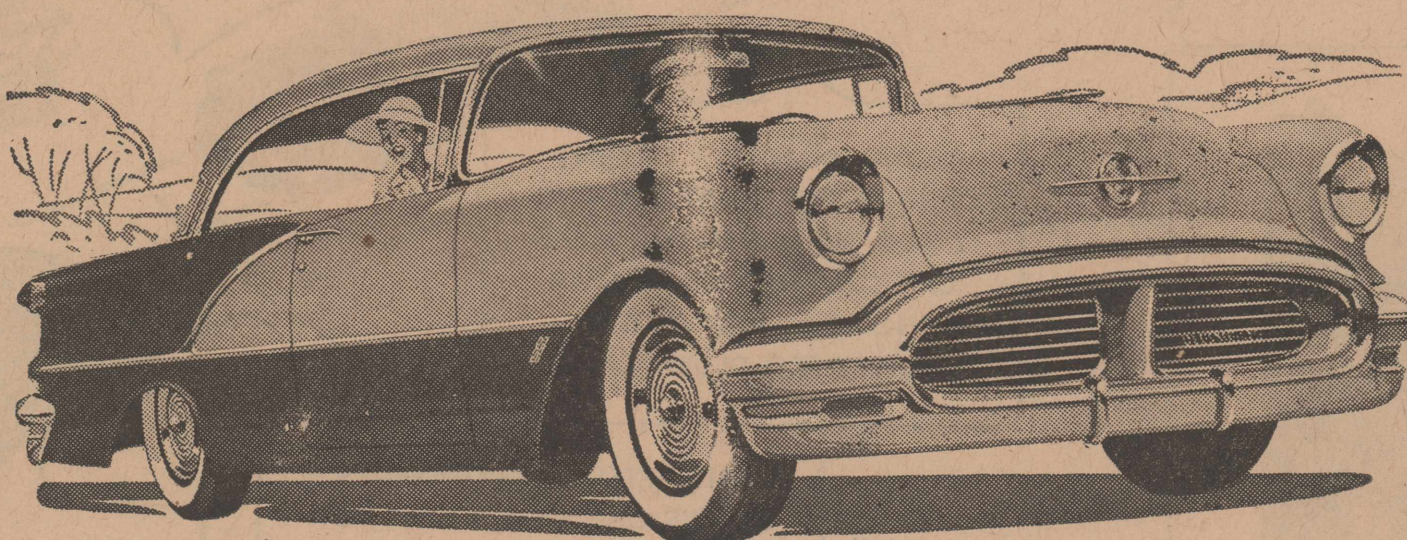

Thanks, Friends

I wish to express my appreciation and thanks to all my friends and clients in Collingsworth and the surrounding counties for your patronage and continued support during the three years I was in veterinary practice in Wellington. My family and I will continue to remember all of you with the kindest regards.

The wheat crop has turned out so much better than seemed possible that many people have been amazed. Yields of 20 to 25 bushels on dry and yields of 55 to 60 bushels on irrigated wheat have been reported. The significant thing about this is that a good wheat crop generally means a good row crop. Both the feed and cotton crops are about 20 days ahead of last year. Conditions look mighty good for this time of the year.

Penny Day will be observed at the swimming pool Thursday June 14. They throw in pennies and the youngsters are allowed to dive for them. They are also allowed to keep the pennies they find. This year the pool is being kept at an even 80 degree temperature and the evening night patronage has increased considerably due to the comfortable water. Swimming is more pleasant this year than it has ever been.

I notice that Texas A&M is experimenting with a sunflower that can be grown commercially. The goal is to produce a sunflower from three to four feet tall that can be combined like maize. They want the head to range from 6 to 8 inches in diameter. The seed will not be available in quantity for at least two years. Sunflower seed of the large domestic varieties have many uses in livestock and poultry feeds. They are especially rich in vitamins and contain 29 per cent oil and over 20 percent pure protein.

The reason I am interested in this is that I believe I have a sport sunflower in my backyard. This is not a playboy sunflower. A sport in the agricultural sense is a plant that departs from the norm. These seed were originally purchased from the late T. B. Starkey, and grew from 10 to 14 feet tall with giant heads 10 to 14 inches in diameter. The rest of my sunflowers are already from 8 to 10 feet tall. This particular plant has leaves twice as large a stem, twice as big and acts like it might start to head at the same time as the others. It is only 3½ feet tall. If it does turn out a giant head

on a short stalk, I intend to have Lefty Thomas to send some of the seed to A&M to see if they want to use them in their experiment.

Here in Collingsworth we should try and try to find some practical cash crops to go along with our reduced cotton acreage. Guar and Mung beans and Alfalfa have proven to be the best cash crops tried thus far, and all three are superb soil builders. Sesame is one that has not been tried: but the shatter variety is making money on the irrigated land on the plains.

Next Friday I will be off for a two weeks tour of Canada as a guest of the Canadian Government and its Department of Travel and Publicity. Each year Canada asks some 30 to 40 editors from the United States to go on the tour.

The editors are selected by their respective press associations. I will fly to the Canadian border with Ray Dyer of the El Reno Tribune, who is the representative of Oklahoma. Other editors have told me that the trip is simply wonderful provided you can stand the wining and dining and the lack of sleep. I am pretty good in the first two qualifications; but I do not do so well without my customary amount of sleep. Another very nice thing about the trip is that it is free.

See you good people in July, and I hope your crops will be flourishing, your grass and your cattle sleek and fat. Canada must be wonderful; but so is Collingsworth when it rains.

A top burner control that shuts off flame time preset by cook is available on many brands of gas ranges.
