Midland's Bell Workers Walk Out

Permian Basin OIL & GAS LOG

James C. Watson, Oil Editor

Ohio Lea Wildcat Flows 199 BOPD On Production Test

The Ohio Oil Company No. 1 Trigg-Federal, wildcat one and one-half miles northwest of the Lazy J (Permo-Pennsylvanian) field of Northwest Lea County, flowed 199 barrels of new oil on 24-hour production test.

The flow was gauged through a one-inch choke. Testing continued.

The oil is coming through perforations in casing opposite the Permo-Pennsylvanian at 9,590-9,660 feet, 9,673-77 feet and 9,696-9,718 feet. The pay had been washed with 700 gallons of mud acid and 7,500 gallons of regular acid.

Gas-oil ratio on the above flow was 1,442-1 and tubing pressure 50 pounds. Gravity of the oil is 40.6 degrees.

Location of this wildcat is 660 feet from north and east lines of section 20-13s-33e.

Marsh, Et Al, To Drill Deep Wildcat At SE Winkler Site

Charles E. Marsh II, of Midland and associates No. 1 Amburgey is to be an 11,750-foot wildcat to explore the Ellenburger in Southeast Winkler County.

It will be 660 feet from north and east lines of section 10, block B-9, psl survey and 17 miles southeast of Kermit. Drilling is to begin at once.

Siluro-Devonian Oil Developed In C-W Borden Test

Possible oil discovery from the Siluro-Devonian has been indicated at Gulf Oil Corporation No. 1 Canon, wildcat in Central-West Borden County.

Drillstem test was taken in the interval from 10,270 to 10,365 feet. Tool was open three hours. Gas surfaced in 17 minutes with volume too small to gauge.

Recovery was 91 feet of 45-gravity oil, 728 feet of mud cut oil with 40 per cent oil and 455 feet of salt water. Flowing pressure was from 300 to 550 pounds and 15-minute shutin pressure 650 pounds.

Operator was preparing to take a drillstem test up the hole using straddle packers to try to locate the water zone.

The Siluro-Devonian was topped at 10,265 feet, floor elevation 2,799 feet.

Location is 1,980 feet from north and 660 feet from west lines of section 39, block 33, T-5-N, T&P survey.

Prichard (Devonian) Field In NE Andrews Extended By Conoco

Continental Oil Company No 1-37 University, one location northwest of the discovery well of the Prichard (Devonian) field of Northeast Andrews County, has been completed for a daily flowing potential of 609 barrels of high-gravity oil through a three-quarter-inch choke.

Gas-oil ratio was 138-1. The potential is based on an actual 16-hour flow of 406 barrels of oil and no water.

Production is coming through perforations in casing opposite the Devonian at 12,495-514 feet, 12,524-536 feet, 12,548-570 feet and 12,580-588 feet.

Location is 660 feet from south and east lines of section 37, block 5, University Lands survey.

Garza Project Is Slated To Drill To 3,000-Foot Zone

E. F. Cessinger of Dallas No. 1 Mrs. I. N. McCrary is to be a 3,000-foot rotary wildcat in East-Central Garza County.

It is 10 miles east of Post and 330 feet from south and east lines of section 79, block 5, GH&H survey.

Operations slated to start by September 10. The 3,000-foot objective is calculated to allow a test of the San Andre-Permian line.

Devonian Producer Completed By Gulf In C-W Upton Area

Gulf Oil Corporation No. 2 McElroy-State, one-half mile north extension to production in the Adamc (Devonian) field of Central-West Upton County, has been completed for a calculated daily flow-

Shah's Forces Claim Arrest Of Mossadegh

LONDON —(AP)— The Royalist-controlled Tehran radio Thursday announced the capture of ousted Premier Mohammed Mossadegh and said new street fighting with Mossadgh's supporters broke out in the capital.

Earlier dispatches from Tehran said the new premier, Maj. Gen. Fazollah Zahedi, had given wily, weepy Mossadegh's supporters broke out in the capital.

Late broadcasts from Tehran said Zahedi had started to form a new cabinet and had messaged the shah again to come home at once. Shah Mohammed Reza Pahlevi was in Rome preparing to take off Thursday night.

Tehran radio said Wednesday Mossadegh's right hand man, former Foreign Minister Hossein Fatemi, had been torn to bits by mob violence in which 300 persons lost their lives. A dispatch from AP Correspondent Don Schwind Thursday morning said police still searched for Fatemi.

No Details Of Capture

The announcement of Mossadegh's capture gave no details beyond saying the aged, ailing former premier, his wife and children were removed from the Iranian capital under the protection of the new pro-shah government.

Zahedi said the shah had instructed him to prevent Mossadegh being lynched by the street crowds. Zahedi added that Mossadegh would stand public trial.

"We will wait for the nation to say what should be done with him," Zahedi said.

The whereabouts of Mossadegh was not disclosed.

Tehran radio said some people were injured in the street fighting Thursday. There was no elaboration.

The vagueness of the announcement about Mossadegh's capture led to some speculation that Zahedi's regime might have made the broadcast in the hope of breaking the spirit of pro-Mossadegh groups.

Anything Can Happen

British informants said the Iranian people now were in such a volatile state that almost anything can happen there in the next few hours or days.

Later, Tehran broadcasts said Zahedi, who until Wednesday had a $28,000 price on his head as a bitter foe of Mossadegh, had made these appointments to his new government:

Brig. Gen. Mohammed Daftari, chief of police, a loyal shah man although he is a nephew of Mossadegh.

Brig. Gen. Nader Batmanghlich, chief of staff, a former chief of army transport who inspected flood control projects on the Ohio River in 1950.

Hesameldin Tabatabaie, deputy premier, otherwise unidentified.

Batamanghlich broadcast a warning to the people against demonstrations, especially by "leftist elements," which he said might try to take advantage of the situation to "execute their vile intentions."

French Oust, Exile Sultan Of Morrocco

PARIS—(AP)—France deposed the sultan of Morocco Thursday and sent him and two of his sons into exile on Corsica, the Mediterranean isle of Napoleon.

The sultan, 44, Sidi Mohammed ben Youssef, who has been giving the French trouble by his encouragement to independence-seeking Nationalists, was ousted after the tough Berber tribesmen of Pasha Thami el Glaoui of Marrakech, the sultan's bitter foe, began to march in from the hills on the palace at Rabat.

A fierce civil war threatened between fanatical Nationalists supporting Sidi Mohammed, and the warlike Berber countrymen who follow El Glaoui.

The French clamped a curfew on their tense North African protectorate.

The dethronement, said the French Foreign Office, was decided upon because France "found herself confronted with an unequivocal will expressed with extreme firmness by the immense majority of the Moroccan people."

The sultan and his sons were reported already enroute to Corsica, birthplace of Napoleon.

The French decision to side with El Glaui, their best friend in Morocco for 40 years, against the sultan, whom they were sworn to protect under their treaty of 1912, apparently was taken at a French Cabinet meeting in Paris Thursday.

Woman Beaten; Friend Arrested

A 25-year-old, badly-beaten negro woman was in a serious condition in a Midland hospital Thursday and her 30-year-old boy friend was being held for questioning.

The man was arrested by Police Officers Lloyd Pittman and Isidro Trevino a short time after the woman, Iola Holloman, was found in her room at 701 East Michigan Street.

Police said the woman had been kicked or beaten about the head, chest and abdomen and was bleeding profusely when found.

STRIKE IS ON—Gloria Van Etten, service assistant, signals the inauguration of the telephone strike in Midland. Other communications workers in the background leave the exchange as the widespread walkout dips into Midland at 6 a.m. Thursday.

Mid-Air Explosion Kills B-50 Airman

PICACHO, ARIZ. —(AP)— A giant B-50 bomber was shattered by a tremendous explosion over the Arizona desert early Thursday and plunged to the ground in flames.

The 12-man crew of the four-engine ship parachuted into the darkness and came down in the rocky, cactus and mesquite-covered wasteland near towering Picacho Peak.

They apparently were mauled badly.

The sheriff's office at Florence, 25 miles north, said many were injured severely and one had died at the scene.

Ambulances took two of the airmen to Casa Grande. They were Capt. L. Aubuchon of Prairie du Rocher, Ill., and Airman Charles Stewart, Steubenville, Ohio.

The hospital said Aubuchon has only minor injuries, but that Steward has "several fractures." His condition was serious.

Doctors Speed To Scene

Doctors sped to the crash area with a ground rescue team from Davis-Monthan Air Force Base at Tucson, where the plane was stationed.

Glen Hathcock, policeman from Eloy, saw the crash.

"A big light seemed to be coming toward us," he said. "All at once it started falling. A second later it exploded. It lit up the whole country. You could have read a paper by it."

Hathcock said the plane veered to the left and fell off in a sloping dive toward the ground.

"When it hit flames leaped hundreds of feet into the air," he said. "It looked like an atomic bomb."

The crash was at 3:05 a.m., Texas time.

The crash scene was 15 miles south of Picacho, midway between Phoenix and Tucson.

Nine crew members were found quickly. The last two found were unhurt. They were Capt. John Barnes, Tucson, and Airman William Cook, Philadelphia.

Pilot Found Unhurt

Air Force headquarters in Washington said the plane definitely did not carry an atomic bomb.

A spokesman said he did not know whether conventional bombs were aboard.

He said the plane had been in the air only about 15 minutes, and probably had a heavy fuel load of highly-volatile aviation gasoline.

Pete van Herron, town marshal at Florence, said he saw a flash in the sky. Shortly afterward reports came that a big plane had exploded and hurtled to the ground.

The pilot, Capt. John Winters, was found unhurt.

The No. 3 engine of the ship caught fire at 15,000 feet altitude. Winters ordered the crew to bail out immediately.

He said he counted 11 parachutes and believed all had cleared the ship before he bailed out.

Midland Woman Dies Of Illness

Mrs. Marguerite Proehl, 208-A Circle Drive, died early Thursday in a Midland Hospital after an illness of several weeks.

Arrangements were incomplete at noon Thursday in Newnie W. Ellis Chapel.

★ LATE NEWS FLASHES ★

TOKYO—(AP)—The Japanese press reported Thursday Russia has stepped up naval activities in the waters near Hokkaido, Japan's northernmost main island.

NEW YORK—(AP)—A $305,500 cash prize for winning a 1951 puzzle-quiz contest sponsored by Unicorn Press, described as the largest ever awarded in a contest, was handed Herbert Idle, a Chicago waterworks employe, Thursday.

MANILA—(AP)—A 95-mile-an-hour Pacific typhoon hit the island cluster off The Philippines' north tip Thursday.

PITTSBURGH—(AP)—Assistant Attorney General Stanley Barnes said Thursday he is being flooded with complaints from consumers about recent gasoline price advances east of the Rocky Mountains.

Reds Step Up Repatriation Of Americans

PANMUNJOM — (AP) — The great Korean war prisoner exchange passed the halfway mark Thursday and there was every indication the Reds will start sending back larger numbers of Americans daily.

They promised 150 Friday, the biggest U. S. group yet, and it appeared the stepped-up rate would continue. Three hundred South Koreans also will be freed Friday.

Sixty Americans, 90 British and 300 Koreans were freed Thursday in the sixteenth day of exchange at this tiny village.

No British were scheduled to return Friday. The Reds have delivered 809 of the 922 British promised. They have turned over only 1,315 Americans, well under half of the 3,313 they listed.

Thursday's shipment brought the number of Allied troops freed to 6,533, just over half of the 12,763 the Reds promised.

No Communists were sent north Thursday and no more are scheduled until Saturday. Typhoon conditions disrupted Allied shipping from the Koje Island prison camps off Southern Korea.

Adlai, Home Again, Sees Danger Waning

NEW YORK—(AP)—Adlai Stevenson said Thursday the free world is winning the cold war and the danger of a third world war has decreased, at least for the present.

Stevenson, Democratic candidate for President last year, returned Thursday from a six-month trip around the world.

His overall conclusion, he said, was that American postwar policies have been successful.

"We have been winning the cold war step by step," Stevenson said. "In consequence the danger of world war has diminished, at least for the present. But this is no time to relax or lower our guard."

ECONOMY, OR FAMILY SIZE

Sore throat epidemic?

No, not really. It just runs in the family—sometimes in triplicate.

Just ask Bobbie, age six, and the four-year-old twins, Jimmy and Joan. They'll have sore throats for a while now.

The trio, children of Mr. and Mrs. Robert L. Fay, 1405 Lynn Street, entered Midland Memorial Hospital Thursday.

They'll visit a while—and then return home sporting three sore throats—minus, by the way, three sets of tonsils.

Strikers Join CIO Members Of Six States

Approximately 200 Midland members of the CIO's Communications Workers of America joined a six-state strike against the Southwestern Bell Telephone Company at 6 a.m. Thursday.

The walkout was peaceful as only a handful of girls unplugged their switchboard phones and slipped out of the main exchange building as a pair of pickets appeared.

There was no violence, and, within a few minutes, Assistant Police Chief Pete Green, who had dropped around just to see what was happening, returned to headquarters.

There was no interruption of local dial service although long distance toll calls were being handled on an "urgent basis."

"We'll maintain our picket lines at least 18 hours a day," said Fred Fullerton, president of Local 6127 of the CIO union.

"We'll wait and see whether we have to keep up the picket lines on a 24-hour basis. We will if we have to."

The Midland workers joined some 53,000 union members throughout Texas, Missouri, Kansas, Oklahoma, Arkansas and Illinois as negotiators failed to reach a last-minute wage agreement.

Two Pickets March

A few minutes before 6 a.m. at the Midland exchange, seven girls were on duty at the long-distance board.

At the strike deadline, Betty Ramsey, 311 South Jefferson Street, night steward for the union, unplugged her phone.

"It's 6 o'clock, girls," she said. "Let's go."

The other six girls joined her and a few minutes later stepped out the main entrance of the exchange at 410 West Missouri Street.

Outside the building, Gloria Van Etten, a service assistant, and D. A. Arnold, steward for the plant men, patrolled back and forth, carrying signs:

"On Strike! CWA-CIO Local 6127.'

Supervisors Take Over

Upstairs at the long-distance switchboard, Chief Operator Ruth Baker, Night Chief Operator Mildred Howard and Traffic Supt. Earl Ridge quickly took over the operators' jobs as the morning's business began picking up.

Other supervisory personnel joined them later in the morning and District Manager Billy Yeatts said there was little delay in handling long distance calls.

"We are taking calls, however, on an urgent basis," he explained.

In previous strikes, the calls were handled only on an "emergency" basis.

Company Offer Rejected

"We are sorry," said Yeatts, "if any of our people have seen fit to walk off their jobs.

"We have been bargaining with the union in good faith in St. Louis and have offered wage increases totaling almost $5,500,000, which the union has rejected.

"The company's union contract is still in full force and no notice has been given by the union for its ter-

Plane Crash Kills Rancher, Two Others

LUBBOCK — (AP) — The wreckage of a small private plane missing on a flight between Lubbock and Amarillo was found shortly before noon Thursday on a farm near Tulia in Swisher County.

Three bodies were in the plane.

The wreckage was sighted from a Civil Air Patrol search plane. A ground party was sent out to the site.

The CAP in Dallas sent 35 CAP planes in a search for the plane, Col. James L. Camp, Texas wing commanding officer, said.

Camp said the plane, piloted by L. D. Stokley, San Antonio cattleman, last was heard from at 8:30 p.m. Wednesday over Lubbock. It radioed it had three hours of fuel and was heading for Amarillo. It should have arrived in Amarillo an hour later.

The single engine plane was not heard from again.

Stokley landed at Fort Stockton Wednesday.

Britain Urges Two So-Called 'Neutrals' Attend Peace Talks

UNITED NATIONS—(AP)—Britain called on the UN Thursday to get on speedily with a vote on proposals on the composition of the Korean peace conference.

Selwyn Lloyd of Britain said Russia's plan only complicates the problem of the General Assembly and should be brushed aside.

He pushed three resolutions which would recommend the inclusion of the 16 UN countries who fought under the UN banner and two so-called "neutrals," Russia and India. The United States opposes India but has agreed to Russia, provided the North Koreans and Chinese Reds want them.

Midland Shares Cool Front, But Not West Texas' Rains

Midland cooled down Wednesday and Thursday while parts of bone-dry West Texas waded "knee deep" in rain water.

Damage from water was estimated at $75,000 Thursday as a flash food receded at Bronte.

Some Bronte stores and homes caught water 12 to 14 inches deep Wednesday after downpours ranging from 10 to 12 inches near that city and Robert Lee sent a big rise roaring down Mountain Creek, tearing out two retaining walls of Robert Lee's earthern dam across the creek and threatening to breach the dam proper. It also ripped out the Robert Lee water intake system and temporary facilities had to be installed. Rains up to 10 inches fell in the Bronte area.

It still was raining in the San Angelo area at noon Thursday after light rains kept falling Wednesday night at Bronte and Robert Lee.

The chances of Midland sharing in this "find," however, were slim. Possible light rains were forecast up to 1 p.m. Thursday, to be replaced then by scattered and broken clouds.

There was a "risk" of thunderstorms and light rain showers during the late afternoon—but no definite promise.

Midlanders were chilled by a reverse run of temperature Wednesday and still were feeling the cooling effects Thursday. The mercury dropped to a low of 68 degrees early Thursday, after listing a high of 87 Wednesday.

By noon Thursday, the temperature had reached 79 degrees.

Typhoid serum was sent to Bronte from San Angelo and late Wednesday, more than 80 persons had been inoculated and long lines were waiting for the serum.

Rains north of San Angelo gave the city a greatly increased water supply. All draws and streams of the Middle Concho River and Spring Creek was running full Thursday. It was believed Lake Nasworthy would be filled Thursday. Reports indicated the city's other source of water, the North Concho Reservoir, had risen nine feet, increasing its capacity two and a half times since 8 a.m. Wednesday.

Borger had .75 inch of rain Thursday morning.

Rainfall reports for the 24 hours ending at 6:30 a.m. showed Amarillo with .22 inch, El Paso .09, Houston 1.12, Beaumont .10, Del Rio .21, Fort Worth .01, Wichita Falls .12, Presidio .24, Mineral Wells .34, Cotulla .56, and Dalhart .50.

Eisenhower Pleased With Drouth Relief Program's Progress

DENVER —(AP)— President Eisenhower met Thursday with drouth relief officials and a delegation of farmers from Texas and seven other states and was described as "immensely pleased" with progress of the drouth relief program.

Undersecretary of Agriculture True Morse said the delegation reported "some abuses" in conduct of the relief program, but said the Administration and local officials are determined to keep those to a minimum.

Morse said Eisenhower was "impressed by the fact that so few abuses" have occurred.

At the meeting were the chairmen of the drouth relief committees in each of the eight states and the state chairmen of the Farm Home Administration.

Eight farmers from the states affected also sat in at the conference. They included Herman Allen of Menard, Texas.

Morse said the eight farmers gave Eisenhower a first-hand report on how the relief program is working.

Kinsey Report On Female Sex Habits Made Public

By ALTON A. BLAKESLEE
AP Science Reporter

BLOOMINGTON, IND. —(AP)— The new Kinsey Report released Thursday finds women stay younger longer than men in sex activity.

Human sex lives, it also finds, are as different as fingerprints.

The only basic sex difference between men and women is mental or psychological, the female book says. Most women—with some surprising exceptions—aren't aroused as often as men by sights, talk, or anticipation of sex.

Most women need steady physical contact to achieve sex satisfaction.

As many persons suspected, it find the roaring '20s really brought a sharp change in American women's sex lives. They changed toward less frigidity in marriage, and more experience and freedom before marriage.

Dr. Alfred C. Kinsey authorized publication Thursday of the scientific findings in his long-awaited second book, "Sexual Behavior in the Human Female."

It is more than just statistics or candid confessions of what women do. By comparing men and women, it offers keys for happier marriages and sounder sex laws. Five unusual chapters tell the full science of sex. Some main findings are:

Ten per cent of wives remain frigid, never experiencing a sexual climax. So do 28 per cent of older single women. Yet many such inexperienced women advise youths about sex, or help draft sex laws.

One in four wives—26 per cent or more—at some time commits adultery, whereas about half of all husbands ultimately have extra-martial affairs. Some husbands encourage wives to do so.

About half of all women have sex relations before marriage, about half of them just with fiances. Only about two-thirds ever reach a climax in these premarital relations.

Most women reach a peak of sexual activities about the age of 27 or 28. Once they reach it—it can be earlier or later than that—they usually maintain a steady level of activity until their 50's or 60's, with little decline from aging.

But most men reach a peak of activity in their late teens, then steadily decline with age. The male

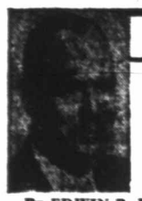
THERE'S REVOLT IN FRENCH MOROCCO — Newsmap shows French Morocco where revolt is feared against the Sultan of Morocco. Chief grievance against him is that he will not sign a reform bill submitted by the French for his approval. Several thousand Berber tribesmen from the desolate Atlas Mountains poured into Rabat, capital of the country, to register their protests.



★ DR. JORDAN SAYS ★

Pollen-Extract 'Shots' Help Many Hay Fever Sufferers

By EDWIN P. JORDAN, M. D.
Written for NEA Service

About 10,000,000 or 12,000,000 sufferers from ragweed hay fever dread the approach of mid-August. At about this time ragweed begins to shed its polen into the air with distressing effects on sensititve persons.

If the symptoms are severe, the rose alternates between a state of running mucus and being completely stuffed up. The eyes water, itch, and sometimes are so swollen that they can be opened only with difficulty in the morning. Sneezing often comes in fits of 20 or 30 at a time, leaving the victim slightly relieved, but exhausted.

When the frost has destroyed the polen there is no further trouble unless a little dust which contains the pollen is stirred up. This does not mean that hay fever has no complications, however, as there is a tendency for those who have had hay fever for several years to develop asthma, which is a still more distressing condition.

The best treatment for ragweed hay fever for most people is to try to be desensitized, that is, to have the sensitiveness to the polen decreased by injections or "shots" of pollen extracts. These are best given either all the year around or for several months before the season starts.

Many hay fever victims are partially and temporarily relieved by air conditioning. This relief is due to the filtering of pollen out of the air which is breathed in. Sometimes a room which has a pollen filter in the window gives a certain amount of comfort.

Plan Travel

A great many people plan to take their vacations during the hay fever season and travel to places where the pollen is either absent or slight. In this way they often get at least partial relief.

Drugs known as antihistamines and going under various trade names bring considerable relief to many hay fever sufferers. These drugs act for only a short time, but they do help many hay fever victims when their symptoms are intolerable.

Costs Of Driving Family Car Rise

NEW YORK—(AP)—It costs almost six per cent more to run your car now than it did two years ago, says the American Automobile Association.

Reporting its findings Wednesday after a nation-wide survey, the association said over-all car upkeep this year—for the average motorist who drives 10,000 miles annually—amounts to $908. The average figure in 1951 was $861.

The survey covered increases ranging from gasoline and oil prices to insurance fees.

Child Unhurt, Mother Dies In Car Accident

BINGER, OKLAHOMA —(AP)— Two-year-old Phillis Clay was thrown from a car driven by her mother when it veered from the highway. She landed unhurt on a pillow also thrown from the car.

But her mother, Mrs. Minnie Bell Clay, 29, was killed as the car hurtled into a melon patch after striking a pipe jarred loose from a passing truck.

HOLLYWOOD TODAY!

MOVIES - TV - RADIO
by Erskine Johnson

Hollywood and GrapeVine: Kirk Douglas, who wouldn't give up a line of dialog even if it happened to be in Chinese, stars in both the English and French versions of "Act of Love."

Says Robert Strauss, who played his GI sidekick in the picture: "The guy speaks fluent French—not the postcard kind. He even amazed the French."

• • •

Maria Blanchard lost the plum role opposite Alan Ladd in "Saskatchewan" — Shelley Winters grabbed it—because of her height . . . Fox cancelled "Waterfront," the true yarn about waterfront strikes and labor fights, but Elia Kazan will go ahead with the project for United Artists.

• • •

The name of Italian beauty Gina Lollobrigida may be down on paper as the logical choice for "Helen of Troy," but the face of a former New York model is down on the new wide-screen Warner film as the dark horse in the race for the big role.

• • •

Joan Tyler's the gorgeous cutie who has been tested in Warner SuperScope that's still so secret she wasn't even allowed to see the results. Joan was plucked by a movietown agent off a TV image—she was the doll Lanny Ross sang to on his home screen show—and after a year of dramatic training stardust is about to be sprinkled in her hair.

• • •

John Grifford, Fox's new galaxciter in "Hell and High Water," and his wife, Marguerite, are pondering a divorce. She's in her last year at a mid-west medical school.

Erich Maria Remarque wanted to dedicate his new novel, first love story he's written since "Arch of Trimuph," to Paulette Goddard. But the lady said "No." . . . The Frank Griffin who landed a top role in RKO's "The Glacier Story" is Debra Paget's brother.

• • •

U-I film editors have done a major pruning job on "Brady's Bunch," to eliminate scenes in which Suzane Ball limps too noticeably. The beauty's knee tumored during making of the film and now surgeons fear her leg may have to be amputated to save her life.

• • •

Turnabout Dept: After Hollywood missed the boat in paying film tribute to D. W. Griffith, TV honored the movie pioneer a few years back with an hour-long play. Now Hollywood's about to make a film-biography of Lee De Forrest, who invented television.

• • •

Big and little stars are in for a surprise when producers start demanding actors accept a minimum salary for rehearsals for big-screen pictures and regular salary only for actual production. The Leviathan-screen techniques are closer to the stage than the D. W. Griffith art, and require weeks of pre-rehearsal.

• • •

Dick Powell, who's a full-fledged producer at RKO, has no on-paper contract with Howard Hughes. It's a handshake deal between the two men . . . Denise Darcel and Zsa Zsa Gabor aren't even nodding. Miss Double-Z grabbed a role Denise had staked out for herself.

Benny Rubin can take a bow as the most versatile actor of the week. In six days of movie bit role emoting he played an Egyptian, a Broadway producer, a clown, a drunk and an Arab . . . Ann Sheridan keeps tugging at her fingers and cracking her knuckles, but so far she can't sell her big Hollywood mansion at the price she's asking. A lonely spot she selected in the valley for her dream house now faces a housing project.

• • •

Producer Sam Spiegel, who will have to make over a million to go on the profit side of the ledger with "Melba," is denying the printed report that Katharine Hepburn brought up his, John Houston's or Humphrey Bogart's interest in the celluloid gold mine, "The African Queen."

"Everybody held on to his share of the picture," he says. "John Houston has made a fortune and I've made mine. Bogey, with a smaller share, has made $500,000.

• • •

A bus tour of movie star's home is the plot gimmick in "The Bigamist." Ida Lupino and Eddie O Brien are the tourists who rubber-neck it as a guide points out the mansions of Joan Crawford and other stars . . . Gerard Philippe, the French sensation of "Fan-Fan the Tulip," turned down another Hollywood bid. His ill health dictates long periods of rest betwen pictures.

IKE REVEALS NO SECRETS

NEW YORK —(AP)— President Eisenhower registered Wednesday and applied for an absentee ballot so he can vote in the city's mayoralty election in November.

After Eisenhower signed his name to the necessary papers, a reported inquired: "Mr. President, will you tell us how you're going to vote."

The President replied: "How do you think?"

Baby Bludgeoner Adjudged Insane

LONG BEACH CALIF. —(AP)— A 28-year-old expectant mother, Mrs. Thelma O'Boyle, who was convicted last Monday of beating her infant daughter fatally, has been adjudged insane.

Superior Judge Joseph M. Maltby made the finding Wednesday on the basis of reports by thre psychiatrists. Mrs. O'Boyle, who has two other children, will be committed to a state institution.

Her 19-month-old baby died May 23. Mrs. O'Boyle maintained the child was injured in a fall and denied she inflicted a beating. She and her husband, James, came here recently from Indiana.

Earliest written record of the idea of a round earth is in Plato's "Phaedo," published in 399 B. C. It is credited to Socrates, who died that same year.

CANADA TOUGH FOR MARILYN

HOLLYWOOD —(AP)— Marilyn Monroe is finding Canada rugged.

The actress was injured in a fall Wednesday for the second time in a week while working in a movie near Jasper, Alberta. Her studio, 20th Century-Fox, said she suffered torn ligaments in her left leg.

Production on the film, "River of No Return," has been halted. The studio sent Dr. Robert Rosenfeld to Jasper by plane to attend the actress.

Shallow Harbor Keeps Battlewagon Offshore

HONG KONG —(AP)— The 45,000-ton U. S. battleship New Jersey arrived for a courtesy call Thursday but was too big for Hong Kong's shallow harbor.

So it anchored five miles outside while passenger ferries brought the 2,500 crewmen ashore.

Mrs. William B. Hill, 407 North Marienfeld Street, has returned to Midland after spending several months in Shreveport, La.

ODESSANS HERE

Mrs. A. H. Schuster and Mrs. Jim Ross were in the city Wednesday from Odessa.

BUSINESS VISITORS

Z. F. Sweat of Abilene, Kan., attended to business in Midland Wednesday.

Advertise Or Be Forgotten

14 blocks north on Big Spring St. We'll be looking for you.
KINGBURGER

Manners MAKE FRIENDS

Dorothy entertains her husband's relatives as often as she entertains her own. But she just can't resist sighing a little to her friends when it is George's relatives she is cooking for and entertaining. That may be human nature, but it isn't good manners.

And it isn't being very loyal to George.

Miss Neill Is Party Honoree

Continuing the series of prenuptial parties for Mary Jane Neill, a luncheon was held Wednesday in the Diamond Horseshoe. Hostesses were Mrs. H. L. Hensley and Margie Hensley.

The honoree is the bride-elect of Joe R. Cochran, Jr.

Decorations carried out a kitchen theme and featured the bride-elect's chosen colors of yellow and aqua. The hostesses presented a gift to the honoree.

Guests were Mrs. P. H. Laverty, Mrs. Thomas Scott of Victoria, Margie Neill, Mrs. Ernest Neill, Mrs. H. P. Neill, mother of the bride-elect; Mrs. John Mills, Mrs. Keys Curry and Mrs. Jack Hawkins.

The couple will be married August 28.

Bridge Group Meets In Ranchland Hill

Mrs. K. W. Gilbert and Mrs. G. E. Graham were hostesses to the Evening Bridge Group of the American Association of University Women Wednesday at a meeting in the Ranchland Hill Country Club.

Maggie Magruder won high score for guests, and Mrs. George Connolly and Mrs. J. L. Huff won first and second, respectively, for members.

Guests, in addition to the above mentioned, were Mrs. Jesse Wright, Jr., Mrs. Dick Bowen, Mrs. A. L. Barnes, Mrs. C. N. Spivey, Mrs. R. S. Gramarossa and Mrs. L. H. Johnson.

Others attending were Mrs. Ken Bullard, Mrs. Tom Breeding, Mrs. R. M. Minton, Jr., Mrs. H. W. Kugler, Jr., Melba Knipling, Mrs. V. G. Feather, Mrs. M. E. Arnold, Jr., Mrs. J. L. Huff, Mrs. M. Cristiani, Mrs. John Evans, Mrs. M. L. Feldman, Mrs. James B. Zimmerman, Mrs. B. M. Jackson, Mrs. W. H. Carter, Mrs. M. A. Whitfield, Sylvia Cearley, Jane Ann Marshall and Maria Spencer.

LAMESANS HERE

Mrs. C. D. Farrall and Mrs. J. C. Simpson were in Midland Wednesday from Lamesa.

MIDLAND VISITORS

Mrs. R. A. Prewitt and children visited here Wednesday from Kermit.

VISIT IN MIDLAND

Mr. and Mrs. J. F. Hise of Roswell, N. M., attended to business in Midland Wednesday.

WINK VISITORS HERE

Mrs. Jeff Vaughn and daughter, Judy, visited here Wednesday from Wink.

Coming Events

FRIDAY

The Ladies Golf Association of Midland Country Club will play duplicate bridge at 1:10 p.m. following at 12:30 p.m. luncheon. Players are to bring their own partners or call Mrs. R. L. Spencer, telephone 2-3158, and players will be paired.

The Terminal Library's Children's Story Hour will meet at 4 p.m. in the library.

The Welcome Wagon dessert bridge group will meet at 1:30 p.m. Friday in the Ranch House. Reservations may be made with Mrs. H. C. Sawyer, telephone 2-7650.

Children's Service League representative working in the Cerebral Palsy Treatment Center will be Mrs. John W. LaSassier.

The Sashaway Square Dance Club will meet at 8 p.m. in the Carpenter's Hall.

The Day Star Study Club will hold a picnic at 6:30 p.m. in the home of Mrs. Tom Nipp, 2302 Brunson Street.

• • •

SATURDAY

The Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland Public Library.

Xi Alpha Mu Chapter, Beta Sigma Phi, will hold a benefit desert bridge and canasta party at 2 p.m. in the Diamond Horseshoe. Reservations may be made through Wednesday with Mrs. Don DeBerry or Mrs. R. L. Maddox, Jr.

Swingaway Club Has Dance Meet

Mr. and Mrs. T. A. Cole and Mr. and Mrs. M. J. Fitzgerald were host couples when the Swingaway Square Dance Club met Wednesday in the American Legion Hall.

Dances were called by Hollis Newnham, T. A. Cole, Warren Skaggs, Macon Cecil, Mrs. Winston Manuel, Lucian Punches, A. R. Brownlee, Mrs. Bill Still, Hub Hagler, Steve Laminack and Mrs. Macon Cecil.

Guests included Mr. and Mrs. Gilbert Tompson, Mrs. W. A. Fowler, Mrs. Ila Keathly, Mr. and Mrs. R. W. Ragsdale, Mr. and Mrs. A. N. McWherter, Mr. and Mrs. R. H. Boyd, Mr. and Mrs. A. R. Brownlee, Alene Hundley, Wayne Hundley, Joyce Arnold, C. Arnold, Gaston J. Vegzey, Josephine Vegzey, Alma Weyman, Ed Weyman and John Zant.

BUSINESS IN MIDLAND

Mrs. T. H. Moore and Mrs. W. S. Clements and children attended to business here Wednesday from Pyote.

TOUCHING FAREWELL—In a tender scene from the Summer Mummer production of "Dirty Work at the Crossroads," Donna Salsich as Nellie Lovelace, as true as she is tender, says farewell to A. Weller Cole, who plays Adam, the brave and bashful hero who's been framed by the villain. The production will be presented at 8:20 p.m. Friday and Saturday in the American Legion Hall.

Rake And Spade Discusses Roses

Mrs. Bill Wood presented the program on "The Growth of Roses in Midland" Wednesday when the Rake and Spade Garden Club met in the home of Mrs. Johnny Hackney.

The possibility of joining the Midland Council of Garden Clubs was discussed, and it was decided to investigate the matter further.

Nine members attended.

VACATION TRIP

Mr. and Mrs. John C. Chambliss and children, Martin, Ruth and Michael, are vacationing this week in Northern New Mexico.

Anita Shankle, Grady Blocker Are Married In Stanton Church

Anita Gayle Shankle and Grady Spencer Blocker, both of Stanton, exchanged double ring wedding vows in a ceremony at 9 p.m. Saturday in the First Methodist Church

The bride is the daughter of Mrs. Leila Shankle of Stanton. She was graduated from Stanton High School and is employed with the Buffalo Oil Company in Midland.

Attends Tech

Parents of the bridegroom are Mr. and Mrs. Horace S. Blocker of Stanton. A graduate of Stanton High School, he is attending Texas Technological College, where he will be a senior student this year.

When they return from a wedding trip this weekend, the newlyweds will establish a residence in Stanton.

The wedding ceremony was read before an arch that was covered with gladiolus in shades of pink, orchid and yellow. The setting was lighted by the cross in the choir loft and by tapers that flanked the archway and lined the aisles of the church.

Officiating for the wedding was A. E. Johnson of the Stanton Church of Christ. Lorene Burns, organist, played the traditional wedding music and accompanied Mrs. Robert Haislip, who sang "I Love You Truly" and "The Lord's Prayer."

Wears Lace, Satin

The bride was given in marriage by her brother, Bobby David Shankle.

She wore a princess style, ballerina length gown of Chantilly lace over white satin. The fitted bodice, which was buttoned down the front, had a Peter Pan collar and long sleeves that were pointed at the wrists. A scalloped hemline accented the bouffant skirt.

The bride's veil of tulle extended from a lace covered satin crown. She wore white satin opera pumps and carried a white prayer book topped with a white orchid, greenery and white satin ribbons. Her something old was a black pearl pin that belonged to her great grandmother.

Attendants Named

Billie Jean Carlile of Stanton attended the bride as maid of honor. She was wearing a ballerina length dress of aqua organdy with matching bandeau and wristlets. She carried a bouquet of gladiolus.

Serving as bridesmaids were Rebecca Bentley and Leslie Jean Tom of Stanton. They wore dresses of pink and orchid organdy in ballerina length. They had matching bandeaux and wristlets and carried gladiolus bouquets.

Sarah Lou Standefer and Freda Standefer of Stanton, who lighted the candles, were dressed in ballerina length frocks of yellow organdy.

Norman Blocker attended his brother as best man and ushers included Russell Sadler, uncle of the bridegroom; June Graham, cousin of the bridegroom; Bobby Hedrick and Harrell Holder. All are Stantonites except Sadler, who is from Lubbock.

Reception Held

The reception was held in the church parlor, where the couple was assisted in receiving guests by their mothers and the bride's attendants.

The refreshment table was centered with an arrangement of red roses surrounding the wedding cake. Red roses also were floated in the punch.

For traveling, the bride changed to a suit of powder blue faille with navy and white accessories and a white orchid corsage.

Mr. and Mrs. Grady Spencer Blocker

SOCIETY

Midlanders Return From Caribbean Trip

Mrs. Maurine Mims and Maedelee Roberts recently returned from a 20-day trip in the Caribbean, made almost entirely by air, with the exception of a boat trip from Miami, Fla., to Havana, Cuba.

They flew from Midland to New York, to Bermuda, Nassau and Miami. From Miami, they went by tourist boat to Havana, and then by air from Havana to Dallas and back to Midland.

Coral Buildings

The travelers particularly were impressed with the residential architecture in Bermuda, where houses are constructed of coral rock and built along the narrow streets with scarcely any front yard.

Roofs of the buildings are washed with white lime and are used to catch rain water, which drains into basement tanks. The Midlanders noted that all the water is salty and drinking water is taken to Bermuda by tanker.

In Bermuda, the Midlanders also saw the largest rubber tree in the world, reporting that the foliage resembles the southern magnolia. Mahogany trees also grow in Bermuda.

Mrs. Mims and Miss Roberts also recall that Bermuda is noted for its Easter lilies and that oleanders grow wild. A perfume factory at Bailey's Beach uses the passion flower as one of the main ingredients in its perfumes.

Use English Language

Population of the island, the Midland women report, is 80 per cent negro, with English as the major spoken language. Education is compulsory through the elementary grades.

Chief source of income in Bermuda is the tourist trade, a year-around business. Transportation facilities include surreys, small English automobiles and bicycles. Drivers use the left side of the streets, the Midlanders said, and the speed limit is 15 miles an hour.

The Midland visitors also commented on the high prices on all commodities and the lack of variety or five and ten cent stores.

Attend Church

While in Bermuda, they attended two religious services—a Church of England service in the Episcopal Cathedral and a service in the Presbyterian Church.

In Nassau, they noted the absence of traffic lights, parking meters, factory whistles and neon lights. Here, too, prices are high, with coffee 20 cents a cup, no refills; a salad bowl $1.65, and a regular dinner, $5.

"Nassau," Mrs. Mims related, "was very hot and there were no air conditioners in the hotels, unless requested." The water in Nassau was described, however, as perfect for swimming.

While in Nassau, Mrs. Mims and Miss Roberts visited a silk worm farm, saw the Duke of Windsor's house and spent a day at Paradise Beach on Hog Island.

"Probably the most interesting thing in Havana," Mrs. Mims said, "was the 24-carat diamond which is set in the center of the first floor of the capitol building. It is from this point that all distances are measured.

Both women enjoyed visiting the specialty shops, especially the famous linen shop at Somerset off Mangrove Bay in Bermuda and the open markets in Nassau that featured straw hats, baskets and purses.

Parties Honor Bride-Elect

Continuing the series of prenuptial compliments for Joanne Glass were a luncheon Wednesday and a Coke party Tuesday.

Miss Glass, daughter of Mr. and Mrs. H. M. Glass, 1202 West Ohio Street, will be married to the Rev. William Price Davenport, son of Mr. and Mrs. L. M. Davenport of Crystal City, in a ceremony Sunday in the First Presbyterian Church.

Mrs. Clark Matthews and daughter, Kay, were hostesses for the Wednesday luncheon, held in the Midland Country Club.

Featuring the honoree's chosen colors, the table was centered with an arrangement of blue mums and yellow asters. Blue and yellow streamers extended from the centerpiece to the corners of the table.

Present were the honoree and her mother and Dorothy Wolfe, Jo Ann Montgomery, Mrs. Novella Montgomery, Mrs. John E. Reid, Mrs. Mae Dunagan, Mrs. Duke Jimerson, Mrs. Russell Cotton, Mrs. Vernon Yearby, Mrs. E. J. Stewart, Mrs. Don Dudley of Merkel and the hostesses.

• • •

Mrs. J. R. Cotton, 2317 West Cuthbert Street, entertained about 35 guests at a Coke party Tuesday honoring Miss Glass.

The refreshment table was decorated with blue asters and blue feverfew.

Brother Of Upton County Man Dies

McCAMEY — James M. Browne, 60-year-old brother of R. S. Browne of McCamey, died Tuesday in a Fort Worth hospital.

Funeral services were held at 3 p.m. Thursday in the First Baptist Church at Breckenridge. Interment was in a Breckenridge cemetery.

Browne was a resident of Breckenridge before moving to Fort Worth, where he was employed by a machine firm.

Survivors include the widow; two sons, J. M. Browne, Jr., of Brownfield and W. K. Browne of Fort Worth; two daughters, Mrs. A. C. Forrest of Breckenridge and Mrs. L. H. McCanse of West Plains, Mo.; two brothers, W. C. Browne of Edmond, Okla., and R. S. Browne of McCamey; five sisters, Mrs. A. B. Dilworth of Omaha, Neb., Mrs. J. B. Minter of Dalhart, Mrs. C. H. Long and Mrs. Rowe Wyatt, both of Chula Vista, Calif., and Mrs. Ell Wallace of Littlefield, and three grandchildren.

More GG Available For Anti-Polio Use

NEW YORK —(AP)— Almost one-third more gamma globulin than was anticipated for this year has become available for inoculations against polio.

The National Foundation for Infantile Paralysis announced Wednesday an additional 2,250,000 cubic centimeters of the blood product—enough for 320,000 average doses—had become available. It will be used entirely where polio has reached "critical incidence."

RAY GWYN SPEAKS

Ray Gwyn was guest speaker at the Wednesday night meeting of the Methodist Men's organization in Stanton.

Free delivery. Chicken-Shrimp-Beer. Ph. 3-3582. Hi-D-Ho Drive Inn

Bellview WMU Circles Meet

Circles of the Bellview Baptist Women's Missionary Union met Monday for lessons from the mission book, "Missions in the New World."

Mrs. W. A. Lumpkin led the lesson when the Mary Nell Patterson Circle met in the home of Mrs. Ada Morgan, 1905 North Bryan Street.

Others present were Mrs. Verdia Scott, Mrs. W. H. Spaulding, Mrs. C. R. Mote, Mrs. G. H. Preskitt, Mrs. R. O. Walker, Mrs. Mae Ward, Mrs. Harrel Hipps, Mrs. L. L. Taylor, who was introduced as a new member, and Mrs. H. Conine, a guest.

• • •

The Oleta Snell Circle met in the home of Mrs. H. B. Taylor, 1106 East Golf Course Road. Mrs. Taylor led the lesson for the day.

Also attending were Mrs. Nora Lauderdale, Mrs. C. D. Roberts, Mrs. John T. Hale and Mrs. A. T. Bryant.

Bride-Elect Is Given Coffee

The first in a series of prenuptial parties for Virginia Breedlove was a coffee Tuesday in the home of Mrs. Clyde Davidson, 801 Boyd Street.

Assisting Mrs. Davidson as hostesses were Mrs. George Bradbury, Mrs. Carroll Barton and Mrs. Booker McDearmon.

Miss Breedlove, daughter of Mr. and Mrs. F. D. Breedlove, 1201 West Texas Street, is the bride-elect of Don Ross Hart, son of Mr. and Mrs. Nolan E. Hart of Ruidoso, N. M. The couple will be married September 1 in the First Methodist Church.

Receiving guests for the Tuesday coffee were the honoree and her mother and the hostesses.

The coffee table, which was laid with a white cutwork cloth and silver appointments, was centered with an arrangement of frosted grapes.

Toya Chapple and Marijann Forrest presided at the refreshment table, assisted by Nancy and Mary Breedlove.

Approximately 60 guests called. The honoree was presented with a piece of her silver as a hostess gift.

Former Midlanders Parents Of Son

A former Midland couple became the parents of a son August 15, friends learned Wednesday.

The Rev. and Mrs. Ralph D. Bucy of Mineral Wells have named their son Ralph Patterson. The infant weighed eight pounds and 10 ounces.

Mr. Bucy, assistant pastor at the First Presbyterian Church here in 1951, is now pastor of the First Presbyterian Church in Mineral Wells. His wife, the former June Patterson, served for awhile as director of religious activities at the First Presbyterian Church here.

Mrs. R. T. Bucy of Lubbock, a frequent Midland visitor, is the paternal grandparent. Maternal grandparents are Rr. and Mrs. T. Henry Patterson of Greensboro, N. C.

LEA COUNTIANS HERE

Mr. and Mrs. H. J. Fink and Mrs. Earl Cruse of Lea County, N. M., were visitors in Midland Wednesday.

Read The Classifieds

Bride-Elect Is Shower Honoree

Linda Lee, bride-elect of Bill Moore, was the honoree Monday at a bridal shower in the home of Mrs. Jim Poteet, 2501 West Washington Street.

Co-hostesses were Mrs. Marvin Cummins and Marjorie Simmons.

Miss Lee is the daughter of Mr. and Mrs. N. E. Lee, 500 North Fort Worth Street. The couple is to be married Friday.

Guests at the shower were Mrs. Ed Eubanks, Mrs. Troy Posey, Mrs. Emmett Griffith, Mrs. Lloyd William, Mrs. N. E. Lee, Mrs. George Matson, Mrs. Al Barron, Mrs. Harold Mann, Mrs. Doyle DeArman, Mrs. Cooper, Norma Allen, Gail Cummings and Susan Cummins.

Miss Allen gave two readings, "Cordelia" and "Scar Face." Table decorations featured a bouquet of yellow and white gladiolus. Favors were miniature brides.

The honoree received a corsage of white carnations.

VACATIONERS RETURN

Mrs. M. Ellison Muldrow and daughter, Mimi, 212 North Colorado Street, have returned from a month's vacation in Honolulu and Hana Maui, Hawaii.

RETURN HOME

Mr. and Mrs. Vic Scarpelli returned Monday from a trip to Cleveland, Ohio, New York and Canada.

COLORADO TOUR

FROM ANDREWS

Mrs. A. L. Hodges and children were here Wednesday from Andrews.

Girl Scout Camp Leaders Hold Meeting

Leaders for the Girl Scout Day Camp held their second training session Wednesday in the Little House and at Hogan Park.

The camp is to be held at Hogan Park Monday through Saturday of next week.

Wednesday the leaders discussed plans for the first day of camp, scheduling a series of get acquainted games as a feature of the program. They also cleared and made paths for the campers to use in their hikes.

A cook-out is scheduled at Hogan Park for the final leader training session Friday. The leaders will meet at 9 a.m. in the Little House, and are asked to come equipped with tin cups, forks, spoons, jack knives and to wear hats.

Opening session of the training course, which is being conducted by Mrs. Deryl Bishop, was held Monday.

There still is a need for unit leaders for the day camp, officials of the Midland County Girl Scout Association, stressed. Enrollment for the camp has reached 150 girls, it was pointed out. Persons interested in serving as leaders are asked to telephone 4-6222.

VISIT IN MIDLAND

Mrs. W. C. Blackburn and daughter, Susie Ann, of Mobile, Ala., are visiting Mrs. Blackburn's sister, Mrs. B. W. Golladay, and family; her father, M. W. Whitmire, and her brother, H. C. Whitmire, and family.

John Boatright & Co. Meets An Emergency With A $50,000

STOCK LIQUIDATION SALE

Open Friday and Saturday Nights til 9 P.M.

Store-Wide Sacrifice! Nothing Excepted — Nothing Reserved!

There's Only One Way To Get Out From Under This Load!

$50,000.00 worth of merchandise, bought for anticipated sales, is standing on our floors, in our warehouse. We grabbed off every bargain offer that came our way—we were too optimistic, we admit it—we filled our warehouses and store with a tremendous stock of furniture. In other words, "we drilled a dry hole". Our sales fell off to less than half of what we expected. What to do?

We Ask Frankly -- What Would You Do?

Bills came due but the goods stayed on. Trade was light. A recent inventory brought the serious crisis out into the light. We are merchants, not antique collectors. To keep Boatright's abreast of the times with all that's new, we must clean house quickly. We decided to take the bitter pill and get it over with now.

A $50,000.00 STOCK—SLASHED 30%, YES EVEN 50% now.

Sale Starts 9 a.m. Friday!

Prisoner Returned Thursday Gets Coveted Medal Of Honor

FREEDOM VILLAGE, KOREA—(AP)—A shy young Japanese-American who all alone held back attacking Reds while his men withdrew returned from a Communist prison Thursday to learn with astonishment he had won the Medal of Honor.

Sgt. Hiroshi H. Miyamura, 27, of Gallup, N. M., looked bewildered when Brig. Gen. Ralph Osborne told him he had won America's highest award for heroism. Osborne said news of the sergeant's award was kept secret because he was a prisoner and "the Communists might have made it rough for him" if they had known.

There were no official records here to show when Miyamura won the medal, but after much coaxing he shyly acknowledged that it probably was in the battle just before his capture April 25, 1951.

He commanded a machine gun squad of 13 men from the 3rd Division when thousands of Chinese attacked along the Imjin River.

When the Reds overran part of his position, Miyamura said, "I told my men to pull back a little. I stayed and fired until they got there, then I went back too."

"There were just five of us left. In our new positions we fired the guns and threw grenades until we ran out of ammo and grenades. Then I told the men to withdraw. I let them go and I was covering them with an M-1 rifle.

"After they took off I went myself. I ran into some Chinese and they threw some grenades and wounded me in the leg. I kept going but got hung up on our own wire."

That was when the Chinese captured him.

Of his award, Miyamura said: "It surprised me. One of the men must have got out to tell about it."

The Japanese-American said that as his Communist captors marched him to the rear he saw 40 to 50 Chinese bodies in front of the position his squad had defended.

German Puppets Fly To Moscow

BERLIN —(AP)— Fifteen top men of the East German Communist government flew by Russian plane to Moscow Thursday to hear from Foreign Minister V. M. Molotov what the Kremlin really means by its proposal for German unity talks.

Prime Minister Otto Grotewohl said at the Schoenefeld Airport that his delegation regards the trip as "a most important step" for the future of Germany. And he added:

"Our people need unity, democracy and a peace treaty as soon as possible. Negotiations in Moscow will be a decisive step in the fulfilment of this goal."

THEY MADE IT!—It just didn't seem possible down in Houston that Claude Carr, Mrs. Carr, Susanne, 11, Michael, eight—plus the three latest family additions—would fit into one small car for the trip to Midland. The Carrs drove into Midland this week to prove they'd fit. The triplets are Joyce Lee, John Cleo and Jan Marie— all five weeks and five days old. Carr troubles have just begun.

'Drive-In' System Works For Band Concert Friday

Midlanders may use the "drive-in" system or the standard chair-bound plan at 8 p.m. Friday when the Midland High School Summer Band presents its open air concert on the school lawn at the corner of Illinois and North A Streets.

Chairs will be provided for the audience—but those who arrive early may listen from their cars. And the concert is free.

The band, under the direction of Ralph Mills, will stage a special rehearsal from 7 to 9 p.m. Thursday in the high school band hall. Members of the band who have been unable to attend day rehearsals are urged to be on hand for the special session. Some 70 bandsmen will present the concert.

New Mexico Wife Amazed, Delighted At Glad Tidings

GALLUP, N. M. —(AP)— Told that her husband has won the nation's highest military honor, a diminutive, dark-haired Nisei wife's first reaction was:

"Ohhh, was he hurt?"

Mrs. Terry Miyamura was awakened by The Associated Press to give her her second piece of good news in a few hours.

The 28-year-old Japanese-American wife was, in her own words, "thrilled speechless" by award of the Medal of Honor to her newly liberated husband, Sgt. Hiroshi H. Miyamura.

At first, she thought Miyamura had won the medal since his liberation. She was frightened that some trick of war might take her husband away after only a few short hours of relief following his rescue.

She said Miyamura in his scant dozen letters from Camp No. 1 had written nothing of the heroic rear guard action which led to his capture and—as far as is known—to award of the medal.

"He didn't have much to say," she said. "He's a quite sort of guy.

"He wrote that there wasn't much doing in the camp and that he was barber for the company to pass the time."

Miyamura entered the Army shortly after his graduation from Gallup High School in 1944. He served during World War II with Nisei troops in Italy. The Miyamuras were married here five years ago. Mrs. Miyamura met Hiroshi on a visit from her home in Los Angeles.

Off-Duty Policeman Slays Gun-Wielding Insurance Claimant

HOUSTON —(AP)— Roy Polk, 25, layout artist who tried to settle an insurance claim with a sawed-off shotgun, died Wednesday four hours after he was shot down and beaten by an off-duty policeman.

Polk, who had gone to the insurance office to see about a compensation claim for a back injury suffered six months ago, fired two shots at Charles Frick, 30, a claims adjuster.

Frick may lose a hand.

Patrolman Bob Welch, in the insurance office on business, fired nine shots at the man. Welch said the wounded man fell but still kept his finger on the trigger of the shotgun and he had to beat him into submission with the empty pistol.

The dead man's wife said she had tried to stop him when he started for the insurance office armed with the shotgun. She said he had not worked since the accident and she had been afraid he would have a nervous breakdown.

Dr. W. W. Coulter, county pathologist, told Justice W. C. Ragan none of the bullet wounds would have been fatal and Polk died of a cerebral hemorrhage resulting from a skull fracture.

BUSINESS IN CITY

Mrs. L. O. Ivey was a business visitor here Monday from Odessa.

Negro University President Given Vote Of Confidence

HOUSTON —(AP)— R. O. Lanier, president of Texas Southern University, had Thursday what was regarded as a vote of confidence from the negro school's directors.

A committee reported there was no evidence of subversive activity or subversive teaching at the school. The committee said only "two small areas of friction" have existed at the school and that they have been removed.

Business Manager French Stone and John Robertson, executive assistant to the board, have resigned, the committee reported.

The probe was made at the request of Governor Shivers after he had received a complaint from the negro American Legion post of Houston.

The Legion group told of reported unrest, subversive indoctrination, and lack of faculty security.

Mother Of Midland Residents Dies At Mitchell Residence

COLORADO CITY—Mrs. Elizabeth R. Gist, 81, mother of J. T. and Marvin Gist of Midland, died at 2 p.m. Wednesday at her home on Route 1 near Colorado City. She had lived in Mitchell County for 46 years.

Funeral services were held at 3 p.m. Thursday at the Colorado City Church of Christ, with Floyd J. Spivey, minister, officiating. Interment was in Colorado City Cemetery.

Mrs. Gist and Arthur C. Gist were married Sept. 20, 1893, in Johnson County. Her husband, a farmer, died Dec. 27, 1936.

Survivors include one daughter, Mrs. J. P. Hestand of Colorado City; two other sons, Herman of Odessa and Huron of Colorado City; one brother, Jim S. Smith of Merkel; 12 grandchildren and nine great-grandchildren.

MIDLAND VISITOR

Bob Patterson of Seminole was a business visitor in Midland Wednesday.

Editor Tells Midlanders How Bricker Amendment 'Protects' U. S. Basic Law

Passage of the Bricker amendment as the "only hope of the United States to protect its Constitution and Bill of Rights" was advocated Thursday by Fred T. Spangler, magazine editor and former Army Intelligence officer and FBI agents, visiting here this week.

Spangler is touring the state in his capacity as an associate editor of the National Republic.

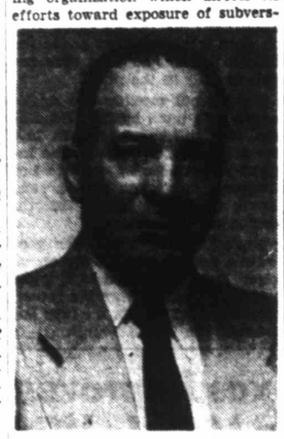
Citing a "weakness in the Constitution," Spangler said that under Article 6, Section 2, which provides that any treaty will take precedence over all domestic law, the country is actually under the authority of the charter of the United Nations.

The only country to hold membership in the United Nations by virtue of a treaty, America's whole form of government is in jeopardy, Spangler said.

Passage of the Bricker amendment would neutralize the effect of the constitutional section, he added, by stating that no treaty or executive agreement, would have a nullifying effect on our domestic law or Bill of Rights.

Precedence of UN law over domestic law has been upheld in three Supreme Court cases he said, endangering the American way of life.

National Republic, an investigating organization which directs its efforts toward exposure of subversive activities and influences in the country, publishes a magazine, intelligence bulletins and a weekly newsletter.



Fred T. Spangler

Expressing his views on international policies Spangler scored the weak aid the United States is offering Chiang Kai-Shek on Formosa, whom he described as "one of the world's most implacable anti-Communist fighters."

The slight trickle of equipment from America is keeping Chiang weak, he said, pointing out that the Chinese Nationalist leader has 500,000 soldiers on Formosa, with another 1,500,000 Chinese on the mainland, who could readily be trained as guerilla fighters to harass the Chinese Red forces if they could be equipped.

Best Rallying Point

An acquaintance of Chiang since 1927, Spangler said that the military leader offers the best rallying point in China against Communist aggression.

Spangler was a resident of China and Japan from 1925 to 1935 as translator of Chinese and Japanese for the FBI, and from 1941 to 1947 was an FBI special agent. During the latter period he served in the Pacific, and in uniform, was attached to the 41st Counter Intelligence Corps and later in GHQ in Tokyo, where he was the first FBI agent to work on the Tokyo Rose Case.

Spangler, who is staying at Hotel Scharbauer, says he is available for free speaking engagements.

Hunting, Fishing Laws Are Clarified By Warden Johnson

A clarifying note was sounded Thursday by Game Warden Nolan Johnson about the new rules governing hunting and fishing in Texas.

The new five-day license available to non-resident hunters applies both to water fowl and migratory birds. The license sells for $5.

"The $25 non-resident license, however, applies to hunting anything but waterfowl and migratory birds.

The hunting and fishing licenses, now on sale at three Midland sporting goods stores, will go into effect immediately, but are tagged for the new season beginning September 1.

Briefly, the licenses available include the regular resident hunting license, $2.15; the non-resident hunting license, $25; regular fishing, $1.65; and non-resident, five-day fishing, $1.65. The five-day waterfowl and migratory license can be obtained from Warden Johnson at Terminal.

Better Beans Bring Medal

RICHMOND, VA. —(AP)— The Army has awarded a Bronze Star to former Sgt. Boyce Edwards of Fairfield, Va.—for being a good cook.

Edwards, recently discharged after a hitch in Korea with the 196th Field Artillery Battalion, 10th Corps, received a citation which said:

"The ingenuity in food preparation and inexhaustible energy demonstrated by him assisted in maintaining a high quality mess.

"Any meal prepared by him was sure to be palatable, which was an ever present factor in the excellent morale enjoyed by his unit."

Comfort Robber's Son Due Happiest Birthday Possible

BOERNE —(AP)— There'll be a birthday cake Monday for a little boy whose father is in jail charged with the Comfort State Bank robbery.

Blond Billy Adley will be five.

He and his sister, Margaret, six, are staying in Boerne while their father, William Adley, 27, is held on a charge of armed robbery.

The children stay with the sheriff's wife, Mrs. Douglas Kuebel, in the daytime and with Mrs. Molly Anstiss at night.

The woman who kept them in Three Rivers before their father was arrested wrote Mrs. Kuebel that Billy will have a birthday "and he'll remember I promised him a cake."

"I'm going to bake him a cake with all the trimmings," Mrs. Kuebel said.

The dory is considered one of the world's most seaworthy small boats.

Midlanders Take Teaching Posts

Two Midland students at McMurry College, Abilene, have accepted teaching positions for the coming year.

One, Peggy Whitson, has joined the Dallas public schools, while the other, Kay Mathews, will teach in Post.

While at McMurry, Peggy was named Reservation Princess of the student body, the highest honor that can be given a woman student at that college.

She also was listed in Who's Who in American Colleges, was secretary of the Student Association, president of the Dallas public schools, while the other, Kay Mathews, will teach in Post.

Kay, who received her degree in religious education, was a member of the Volunteers, women's Christian organization, and was on the Religious Council. She served as vice president and secretary of the Science Club and sang with the Chanters during the 1949-50 term.

Negro Child Rescued From Flooded Culvert

COLUMBIA, S. C. —(AP)— An 11-year-old negro boy clung grimly to a small pipe near the top of a flooded six-foot culvert for an hour here Wednesday. Police and firemen fought through the swirling water and pulled him out with a rope.

The boy, James Carter, was playing with a friend in a creek that runs through a warehouse district. The creek rose swiftly after a two-hour rain and Carter was swept into the culvert.

the coffee you'd drink if you owned all the coffee in the world

because no other coffee gives you the same superbly-rich flavor, cup after cup, pound after pound . . . and no other coffee gives you the same important savings in extra cups per pound . . . because no other coffee enjoys the same masterful blending of choice coffees renowned for their unique flavor-richness. This priceless heritage belongs to MARYLAND CLUB, and to MARYLAND CLUB alone. Long the choice of discriminating restaurateurs, MARYLAND CLUB has now become the choice of budget-wise homemakers as well. Wherever good coffee is appreciated, in the restaurant or in the home, the fame of MARYLAND CLUB is ever growing.

SPORTS PARLEY

By CHARLEY ESKEW

The Jastrows, Kenny and Elaine, have now a cheerleader in the family, Nancy Elaine, who was born in a local hospital Tuesday.

And at seven pounds, the new honey of the Jastrow family has some to go to catch Kenny II, a six-year-old, and Terry, five, who look as if they might be future footballers, rather than the basketball players of their dad's line. Judging from their heftiness. . . .

Temes Forgotten Man In WT-NM

Speaking of sweethearts, Texas Tech publicist Bill Holmes informs all that Connie Hopping of Lubbock, one-time Miss Texas, now is officially adopted as the sweetheart of the Red Raider football team. . .

A few other personal notes: Newcomer Hugh King of Artesia who stopped Odessa, 7-1, Tuesday is one of the few players who have skidded from the Texas League to the Longhorn all in two seasons. But? Was it a skid, or did the Drillers land King from Class B baseball of this season to help end a disastrous spin toward the second division? . . .

From publicized balloting, by sports writers, in the West Texas-New Mexico League, former Midland player Manny Temes is being overlooked as the all-star second baseman even though he bats around .333 in the race. . . The Eddie Locke of Amarillo who is due to be a unanimous WT-NM all-star pitcher belongs to Yakima, Wash., of the Western-International League.

While he was still an untried prospect, Yakima debated on whether to option Locke, a negro, to Midland or Amarillo, both of whom had verbal agreements with the Northwesterners.

When only Jack Schaening proved a boon and so many other Yakima optionees to Midland proved sour grapes, the W-I club thought it best not to test the Indian relations with another dubious chunker.

When Scooter Wheels, Indians Roll

Manager Jay Haney of Midland—who denies he's superstitious—at first called Eddie Jacome the Indians' luck charm at the outset of the season, next found Gordon Tanner the luckiest man in baseball("didn't we win five straight when he came back?") and now points to Quentin Basco for "the golden touch." The slender utility player has scored three of four times in which he appeared solely as a pinch-hitter. . .

At the first of the season you could doubt the old Midland axiom of "So goes Scooter, so go the Indians." For Scooter Hughes, the loop's foremost shortstop, was able to collect two or more hits a game only 12 times in the first one-third of the season. And Midland lost eight of those with Scooter making errors in five of them. It left room for doubt—but

In the last two-thirds of the race, Scoot has enjoyed two-hit nights 15 times and three-hit nights 11 times, erring in but four of those 26 encounters. It's a tribute to Scoot's generalship that the Tribe lost only eight games during the span in which he was right. . .

UNBROKEN STRING

MADERIA, OHIO —(NEA)— The Women's Western Golf Association is the only feminine golf tournament to be held for 53 consecutive years.

The largest amount ever received for a fight by a contestant was $990,445 by Gene Tunney for his Chicago fight with Jack Dempsey.

Texas Eleven Loses All-State Ken Lowe Because Of Injury

WICHITA FALLS —(AP)— Kenneth Lowe, all-state back from Stamford, has been lost due to an old knee injury and will not be able to play with the Texas squad in Friday night's Oil Bowl game here.

Co-Coach Mex Bumgardner said the injury was not serious but that he did not want to risk permanent injury to the player.

The Texans featured Temple's Doyle Traylor and Quanah's John McCrary in scrimmage Wednesday as the two heavers hit their targets with amazing regularity.

The Sooner squad went through a stiff workout, too, with Jay O'Neal of Ada and Charles Waynes of El Reno flipping some passes to show that Oklahoma will also stress an aerial game.

WEATHERS QUITS AT WACO

WACO—(AP)—Cop Weathers, head football coach at Connally High School, has resigned to return to Ennis High School as assistant coach.

Hamilton Richardson, Tulane sophomore and national collegiate tennis champion, is a member of the U. S. Davis Cup squad for the third straight year. He is only 19 years old.

Kingburgers 19c & 29c ea. You can't beat it. 1404 N. Big Spring KINGBURGER

HOME AGAIN—Four Texans and one Oklahoman, from Hollis, will be back near old stomping grounds when they play in the Chicago Cardinals-Baltimore Colts pro football exhibition at Lubbock Friday. They are Oklahoman S. J. Whitman (Tulsa), Ogden Compton (Hardin-Simmons), Billy Cross (West Texas), Bill Svoboda of Bonham (Tulane) and John Hancock (Baylor).

Malone Wins Again As Colts Bow, 10-5

CARLSBAD, N. M. —(AP)— Carlsbad's Audie Malone posted his third win in three nights Wednesday when he came on in relief of Gene Wulf in the third inning as the Potashers downed San Angelo, 10-5.

Malone, who turned in an ironman stunt Tuesday night to win both halves of a double-header, came to Wulf's rescue after the starter had given up a three-run homer to John Follett that gave San Angelo a 3-2 lead.

Paced by Ike Jackson, Merv Connors and Bob Hobbs, Carlsbad stormed back with four-run outbursts in the fifth and eighth.

Jackson had four hits in five trips, Connors three hits and four RBI's and Hobbs cracked a triple and drove in two runs.

Carlsbad will be out to sweep the series and move to within a game and a half of the leaders when the teams meet Thursday night. Bobby Gregg is due to pitch for the Colts against Carlsbad's Marshall Epperson.

Approximately 2,000 witnessed dedication of Carlsbad's field Wednesday night.

San Angelo	003	000	020— 5 10 5
Carlsbad	110	040	040—10 14 3

Drillers Strike Oilers, 7 To 2

ARTESIA, N. M. —(AP)— The Artesia Drillers chalked up their second victory in a row over the Odessa Oilers Wednesday night with a 7-2 triumph over the cellar dwellers.

Fidel Alvarez notched the win for the Drillers, scattering seven hits over the distance and permitting Odessa to score in only one inning. Artesia backed him up with a 10-hit attack off a pair of Oiler hurlers.

Vince Di Giantomasso, Paul Halter and Les Mulcahy were the big guns in the Driller victory, banging out two hits each. Halter had a pair of doubles in three trips to the plate.

Artesia scored all its runs in three innings, getting two tallies in the first, four more in the sixth, and one more in the eighth. Odessa's runs came on singles by Felix Castro, Raul Dieppa and Art Neal and an error by Mulcahy.

Odessa	000	000	020—2 7 1
Artesia	200	004	10x—2 10 1

Craig, Ruiz (8) and Castro; Alvarez and Mulcahy.

Lubbock Nears Top After Twin Victory

By The Associated Press

The Lubbock Hubbers delightedly scrambled the West Texas-New Mexico League situation Wednesday night by knocking over the leading Albuquerque Dukes twice, 5-4 and 4-1, moving to within a game of the top spot.

Seven Plainview errors led to the Ponies' downfall—Clovis whipping the fumbling Plainview club, 9-4.

Amarillo's Eddie Lock defeated Pampa, 11-2, with a tight seven-hitter.

Borger topped last-place Abilene, 2-1, with Al Belinsky spreading six hits over the route.

Redskins Show Signs Of Life Despite 20-7 Loss To Rams

LOS ANGELES —(AP)— The Los Angeles Rams beat the Washington Redskins, 20-7, Wednesday night in a National Football League charity game, but it wasn't the winning coaches who were happy Thursday.

Even in losing the Redskins showed 82,678 fans one of their strongest teams in years, and Quarterback Eddie LeBaron had Washington in the thick of the fight until he was injured early in the fourth quarter. Little Eddie suffered a mild concussion but the team physician says it's nothing serious.

Two touchdown runs, one a 24-yard twister by Skeet Quinlan and the other a flashing 79-yard punt return by Woodley Lewis, were the big difference. Bootin' Ben Agajanian provided the other points on field goals of 16 and 26 yards and two conversions.

Washington's touchdown came nine plays after the Redskins received the opening kickoff. With LeBaron faking beautifully, Charlie Justice and Julie Rykovich advanced 26 yards in five plays. LeBaron passed 27 to Bones Taylor and three plays later the same combination had a touchdown from the three.

After the game there was no whooping it up in the winners' dressing room. "I have never seen the 'Skins so tough," said Coach Hampton Pool.

Curly Lambeau, Washington coach, said the big difference was the two extra weeks of practice and two tuneup games the Rams had before meeting the Washington team that was having its first game.

13 Softball Teams Begin TAAF Action

SAN ANTONIO—(AP)—The state TAAF Men's Softball Tourney starts Thursday night with 13 teams.

A triple-header will open the play, beginning at 7 p.m. Lackland, which has won the state title for the past three years, and was runner-up in 1949, is the favorite.

Roswell Wins Second Straight From Tribe

ROSWELL, N. M.—The Midland Indians continued to lose ground to second place Carlsbad and fourth place Artesia, but they kept pace with the front-running San Angelo Colts Wednesday.

Midland took a second straight thumping from Roswell, 5-2, but remained six-and-a-half games off San Angelo's pace since the Colts took a second straight beating from Carlsbad, 10-5.

Roswell, making a determined bid for a playoff berth, gained no ground on Artesia, which defeated Odessa, 7-2. However, the Rockets went ahead of Midland in their season-long rivalry by winning. Roswell now has won 10 of the 19 outings this season between the two clubs.

Midland attempts to even the score at 10-all Thursday night with Max Newcom (5-5) scheduled to pitch the series finale.

Juan Del Toro, who has been downright inhospitable to the Tribe this season, beat the Indians again Wednesday night although he required aid from Rolando Muniz and Oliverio Ortiz, the tosser who whipped Midland Tuesday night.

The Rockets built up a 5-1 lead for Del Toro before the little right-hander got into trouble in the eighth. He walked Roger Dalla Betta and Jack Schaening to open the inning, and after Scooter Hughes bounced into a double play, Mickey Diaz singled to send Dalla Betta in with the second Tribe marker. Glen Selbo's single sent Del Toro to the showers, and Muniz entered the fracas only to be greeted by pinch-hitter Quentin Basco, who worked him for a free pass to first to load the bases.

Ortiz then came on and got Tex Stephenson, batting for De la Torre, on a grounder. That ended the Tribe's threat, and they were not able to rally in the ninth.

Roswell put together two singles and a wild pitch by Jack Schaening, who suffered his fourth loss, for a first inning run, but the Indians retaliated on a walk to Lou Dawson, his steal of second, and Frank Casanova's single in the second to make it, 1-1.

Roswell moved ahead for good with a second inning tally on an error and Ricky Gonzalez' triple, and then sacked away the contest with a pair of runs in the fifth and a single run in the seventh.

Injured Vic Seixas Improves In Time To Help Mate In Win

BROOKLINE, MASS. —(AP)— Vic Seixas' wrenched knee, which was expected to doom the U. S. Davis Cup team, as far as the National Doubles Tennis Tournament was concerned, is improving daily, much to the surprise of opponents here.

After giving his knee, injured while playing Trabert in last Sunday's Newport Casino singles final, a whirlpool bath treatment, Seixas was extremely helpful to the stylish Trabert as they topped Pablo Eisenberg of Milburn, N. J., and Ed Dailey of Harrisburg, Pa., 7-5, 6-4, 6-3, in their second-round engagement Wednesday.

The Australian favorites, Lewis Hoad and Ken Rosewall, ran into difficulties while subduing Luis Ayala of Chile and Bob Perry of Los Angeles 10-8, 6-3, 6-2.

During other action, three Davis Cup doubles teams were ousted.

Denmark's colorful Torben Ulrich and Kurt Nielsen were beaten by Frank Guernsey of Garden City, N. Y., and Hamilton Richardson of Baton Rouge, La., 9-7, 6-4, 1-6, 7-5.

Mexico's Francisco Contreras and Joaquinn Reyes were ousted by Straight Clark of Pasadena, Calif., and Hal Burrows of Charlottesville, Va., 8-6, 7-5, 6-4.

Japan's Atsushi Miyagi and Kosei Kamo bowed to Grant Golden of Chicago and Bernie Bartzen of San Angelo, Texas, 6-4, 3-6, 3-6, 7-5, 6-3.

Strafaci Gets Wind Assist At Western

GRAND RAPIDS, MICH.—(AP)—Frank Strafaci has established himself as one of the top players in the Western Amateur Golf Championship because of some unexpected help from two sources—"The Babe" and the breeze.

Strafaci, who stroked a Babe Zaharias puttter to medalist honors, could thank a friendly wind for an assist in his first-round victory Wednesday.

A putt that was nudged by the wind back into the cup helped Strafaci to a 1-up victory over Thomas Stephenson of Kansas City, Mo.

Joining the veteran shotmaker in the second round were Walker Cuppers Harvey Ward, Jr., Jimmy Jackson of Glendale, Mo., and Don Cherry of Wichita Falls.

Cherry coasted to a 6 and 5 win over William Henrich of Cleveland on a birdie-studded performance. Jackson had the roughest time of the Walker Cuppers. He squeezed to a 2 and 1 victory over Don Guariglia, former national caddie champion.

Top-Seeded Netters Roll On Unhampered

The seeded players advanced into the second round of the men't singles without mishap Wednesday as the City Tennis Tournament gained momentum.

All of the favorites, too, in the women's singles gained the semi-finals, but Karry Holt, a Texas women's runner-up this year, was forced to three sets by Janna Murray.

Top-seeded Barbara Miller turned back Betty Lewis, 6-2, 6-0, and second-seeded Dorothy Craig whipped Wanda Murray, 6-3, 6-3.

These results placed Miss Miller opposite Pat Boles, a 6-3, 6-1 victor over Joan Cox in the semi-final round and Miss Holt against Miss Craig.

One match was played in each of the men's and junior boys' doubles, while most of the other action was packed into the men's singles.

In junior doubles, Bill Vandeventer and Clayton Tatom, seeded in the second spot, breezed past Preston Butcher and Henry Meadows, 6-1, 6-0. Laney McMath and Jim Crain won on default from Charles Bleiker and Kenneth Hughes.

Joe Fraley and Lloyd Dunagan defeated Vern Lane and Jesse Armstrong, 6-1, 6-0, to move into the quarter-final round of the men's doubles. All other teams drew byes. The victory placed the duo opposite top-seeded Chick Harris and Bob Patterson.

Lane reached the critical mark in the men's singles by ousting M. C. Robertson in the men's singles in a hard-fought battle, 8-6, 6-1. He next plays the overwhelming favorite, Harris, in the quarter-finals.

Stanley Bellows, regarded as one of the top bets to upset Harris, defeated Gene Hovey, 6-2, 6-2. He is awaiting the outcome of the Jim Wolfe-Harold Jones first-round match to find out whom he plays in the second round.

Wolfe battled long and hard to take the first set from Jones, 10-8, before darkness put an end to the marathon Wednesday. They will resume the battle Thursday.

While third-seeded Bob Barnes was taking a 6-3, 6-2 triumph from young Jim Garvin, fourth-seeded Frank Ford waltzed into the second round with a default over Stanley Krist.

The other first round match found Joe Fraley outlasting Frank Qualia, 6-3, 8-6.

Harris had beaten John Runge Tuesday, 6-0, 6-1, and sat on the sidelines Wednesday watching the action.

Thursday's action centers in the men's doubles division with the top matches scheduled to be the Fraley-Dunagan cash with Harris-Patterson and the Charles Davis-Arch McColl battle with Gene Hovey and Huaroid Jones.

Here's Thursday's and Friday's schedules:

THURSDAY

San Jacinto Courts

MEN'S DOUBLES—5 p.m. Davis-McColl vs. Hovey-Jones; 6 p.m.—Harris-Patterson vs. Fraley-Dunagan; Barns-Bellows vs. Garvin-Galle; Wolfe-Ford vs. Bush-Qualia.

High School Courts

WOMEN'S DOUBLES—5 p.m.—J. Murray-W. Murray vs. Miller-Cox.

JUNIOR SINGLES — 5 p.m.—Butcher vs. Coats; 6 p.m.—Galle vs. C. Garlist; Bleiker vs. Vandeventer-Cremin winner.

FRIDAY

San Jacinto Courts

MEN'S SINGLES—5 p.m.— Chick Harris vs. Vern Lane.

VETERAN'S SINGLES—6 p.m.—Bob Barns vs. Arch McColl.

MIXED DOUBLES—5 p.m.—Janna Murray and Stanley Bellows vs. Barbara Miller and Dr. Roger Buck. 6 p.m.—Wanda Murray and Frank Ford vs. Betty Lewis and Jesse Armstrong; 6 p.m.—Winner of 5 p.m. match vs. W. Murray-Ford.

High School Courts

JUNIOR DOUBLES—5 p.m.—Bill Vandeventer and Clayton Tatom vs. Paxton Howard and Bill Crenshaw; John Galle and Jim Garvin vs. Charles Bleiker and Kenneth Hughes.

JUNIOR SINGLES—6 p.m.—Jimmy Wolfe vs. Gail Garlitz; John Galle vs. Charles Garlitz.

WINNING TWOSOME—Fifi Pryor and Bob Barns, two of the foremost stars in the city tennis tourney, formed a winning team in the first round of the mixed doubles competition.

50c GOLF—

Stanton Builds Club Quickly

STANTON—A group of Stanton men who didn't have a place for golf four months ago found out just how quickly a course can be built.

And now on their own nine-hole layout—a two-month piece of construction—they find that "it plays pretty good."

Bobby Haislip, president of the newly-forming Stanton Golf Club, said now that the course is in business, the members are staging a drive for new players, seeking players from out-of-town and even "thinking we might have a tournament in September."

In building, said Haislip, "Two or three of us (Houston Woody and O. B. Bryan among them) had the brush chopped off and got a maintainer to smooth everything down."

Then it wasn't long, following the quick building of oiled-sand greens, that Stanton owned a course, six miles west of that city and 14 miles east of Midland.

Haislip admits "it's no Ranchland Hill of Midland Country Club, but it plays pretty good. We've had players from Midland and Big Spring come out—and they've played a second time. I think that's a compliment."

About 10 to 20 are on the 2,935 yard layout just about every day. Woody and Poe Woodard, a former Stanton man from Midland, both have equaled its par-36.

While it may not be the best as Haislip attests, it also isn't the most exclusive—rather it's golf on a four-bit basis. The manageriess club charges 50 cents for nine holes of play and 75 cents for two rounds.

"You just leave the money in the box we put up on a bench out there," Haislip said.

"Just like a newspaper rack."

Friday Deadline Set For Entries In Goldsmith Golf

GOLDSMITH — Registration for the limited, 96-man field in the fourth annual Goldsmith Invitational golf tournament closes at 5 p.m. Friday, Howard Gibson, club secretary has announced.

About 60 were on line through Thursday for the tourney's match play running Saturday and Sunday.

Gibson, who beat Barney Barnard of Odessa, 2-up, in the 1952 finals, will be back to defend his championship.

Midland Girls Team Tangles With Dallas In Softball Tourney

LUBBOCK—Midland's Harry H. Rhodes girls softball team, which won seven and lost seven in regular season play, tackles Dallas at 8:30 p.m. Thursday in a second round State TAAF tournament game.

The Rhodes club drew a bye in first round bracketing.

A trio from El Paso, Ann Gregory, Mabel Bennett and Mary Lopez, joined these Midland players in making up the Rhodes entry: Dorothy Roberts, Rosie Hart, Edith Davie, Jo Burger, Marian Partee, Eloise Graham, Billie Sinclair, Franke Schuelke and Bobby DeLap.

The tourney finals will be held Saturday.

The richest stake of the Delaware Park 1953 meeting is the $100,000 added New Castle Handicap which runs on July 4.

Spoiler Browns Stop Sox' Drive

By BEN PHLEGAR
AP Sports Writer

If you've got a streak running it's best to stay away from the St. Louis Browns. Just ask Billy Pierce.

The Browns have given the little Chicago left-hander nothing but trouble this season. He has an excellent 16-8 record but look what the lowly St. Louis outfit has done to him.

In his first start, April 16, Pierce had a no-hitter going for six innings. Then Bobby Young doubled and spoiled it.

Ten days later the Browns beat him, 7-2, for his first loss in 10 starts dating well back into the 1952 season.

On June 30 the White Sox were riding a seven-game winning streak. But they threw Pierce at the Browns and lost, 4-2.

Wednesday Pierce faced St. Louis with a string of 34 scoreless innings in his last four appearances. The Browns snapped it at 40 with a pair of unearned tallies and went on to score two earned runs in the tenth and win the game 4-3. The fast-balling southpaw had pitched 51 innings without giving up an earned run.

The slip-up against St. Louis cost the White Sox a full game in their more and more futile pursuit of the New York Yankees. The Yanks edged Washington, 2-0, and now lead the league by 8 1/2 games.

Boston defeated Philadelphia, 6-4, and Detroit whipped Cleveland's Early Wynn for the first time in three seasons, 4-2.

Brooklyn continued its whirlwind drive toward the National League pennant with its twelfth straight victory, an uphill, 7-5 triumph over the New York Giants.

Milwaukee edged Cincinnati, 3-2, and stayed 8 1/2 games back of the Dodgers. Pittsburgh beat Philadelphia, 5-3. Chicago defeated St. Louis by the same score.

For two and two-thirds innings Washington continued its mastery over the Yanks. Then Yogi Berra got the first New York hit, a home run. Al Sima gave up only three other hits and one more run, but his teammates couldn't do anything with Jim McDonald, who also yielded four safeties.

Ted Williams hit his third home run since returning to action, providing the Red Sox' victory margin over Philadelphia.

Home runs by Bob Nieman and Steve Souchock helped Billy Hoeft break his four-game losing streak with a decision over Cleveland.

Three-run rallies in the third and eighth innings enabled Brooklyn to overtake and whip the Giants, who had built a 5-1 lead. Duke Snider's single with the bases loaded in the eighth produced the winning runs.

Andy Pafko ran his hitting streak to 17 games with a ninth-inning home run that gave the Braves their triumph over Cincinnati.

Curt Simmons lost his eleventh game when the Pirates got two runs in the eighth at Philadelphia.

Four walks allowed by Joe Presko in sixth inning plus an error gave the Chicago Cubs the two runs they needed to beat St. Louis.

How To Have $1,000

EASY PAYMENTS

Buy $1,000 like you would your car, a home, or a refrigerator!

Have you ever thought of BUYING money? Not borrowing it, but BUYING it . . to have for your own and to do with as you choose. Thanks to the development of NEW, FLEXIBLE SAVINGS PLANS by the Midland Savings and Loan Association you can now buy $1,000 on easy payments!

You simply make regular monthly payments TO YOURSELF . . . . the amount you pay monthly is fitted to your earnings . . as little as $8.34, or a few cents over $2 weekly.

WE ACTUALLY PAY YOU for buying (on payments), a thousand dollars from us. When you finish making your payments, the purchase is worth more than you paid for it! See the table below for actual figures.

Come by and let us give you the details. No obligation, of course.

To Buy $1,000	Save Monthly	Total Amount Saved	Total Amount Including Dividends at 3%
In 10 Yrs.	$ 8.34	$1,000.80	$1,167.30
In 5 Yrs.	16.68	1,000.80	1,080.54
In 4 Yrs.	20.84	1,000.32	1,063.63
In 3 Yrs.	27.78	1,000.08	1,047.43
In 2 Yrs.	41.67	1,000.08	1,031.76
In 1 Yr.	83.34	1,000.08	1,016.41

The dividend rate depends upon earnings.

Or Save $10 Monthly and have $1000.00

plus dividends in about 8 1/3 years!

Bats Or Club? None Doubt Caps Loaded

BEAUMONT —(AP)— Guy Airey, Sr., Gulf Coast League president, is investigating his turbulent Class B circuit.

Airey said Wednesday he was checking the charge by Laredo and Port Arthur that Galveston was using "loaded bats." Airey indefinitely suspended Laredo Manager Procopio Herrera pending a review of Sunday night's Laredo-Galveston dispute. Herrera ordered his team off the field and lost the game on a forfeit.

Airey said no proof has been produced that Galveston, the league leader, has used loaded bats. "From a look at the standings," he said, "one might say Galveston has loaded bats or on the other hand it could be the lack of pitching by the other clubs."

Galveston leads by six and a half games.

Post Office Cancels Ban On Promotion Of Battery Additive

WASHINGTON —(AP)— The Post Office Department wiped off the books Thursday its previously suspended order against use of the mails in promotion of the controversial battery additive AD-X2.

The original order was issued February 24 after the Bureau of Standards had rejected the claims of Jess Ritchie of Oakland, Calif., that the material would add greatly to the life of electric storage batteries. AD-X2 is made by Ritchie's company, Pioneers, Inc.

The fraud order was suspended March 3 in the midst of a raging controversy over the product involving the Bureau of Standards, the Commerce Department, the Senate Small Business Committee and scientific groups.

The row brought about an order from Secretary of Commerce Weeks firing Dr. A. V. Astin as chief of the Bureau of Standards. Weeks later asked Astin to stay on while an independent committee of scientists evaluates AD-X2. That study is not yet complete.

Thursday's order, cancelling the fraud order, said there is still "substantial disagreement" as to the value of the product but said there is a lack of "proof of an actual intent by Ritchie to deceive."

DALLAS OIL MAN DIES

DALLAS —(AP)— Services will be held here Friday for G. A. Gamble, president of Woodbine Oil Corporation, who died Wednesday.

Laughlin Says Law Upheld In Objecting To Rangers' Action

AUSTIN —(AP)— Judge Woodrow Laughlin of Alice testified Thursday he objected to Texas Rangers serving subpoenas for Duval County witnesses in the Jake Floyd, Jr., murder case because he thought it violated the law.

"I didn't think any bailiff had authority to serve process for a grand jury out of the county," Laughlin said.

The testimony concerned the Jim Wells County grand jury's investigation of the ambush slaying a year ago.

Laughlin testified for the fourth straight day of hearing into the ouster proceedings against him.

Senator William Shireman of Corpus Christi, attorney for those seeking Laughlin's removal, inquired if the grand jury had told Laughlin it wished the subpoenas served by Rangers.

The judge said it had.

"An agreement was worked out," he said.

"Who opposed the Rangers serving subpoenas?"

"I don't think you would call it opposing. It was just that I thought the subpoenas should be served according to law," Laughlin replied.

"You didn't want Rangers going over in Duval County picking up witnesses without the people in Duval County knowing about it?"

"That isn't what I said," the judge replied.

"Don't you think it would be best for the peace of that area if that murder could be solved?" Shireman asked.

"I wish they could get a solution today," Laughlin replied.

Questions Wednesday included those about Laughlin's dismissal of 68 Starr County indictments, failure to empanel a new Starr County grand jury, and other actions connected with the Jake Floyd, Jr., murder case.

Laughlin denied he let politics get in the way of the grand jury investigations of the murder.

He asserted he did not know why he excluded from the Jim Wells County grand jury room one of the reportedly best-informed men in the case, County Attorney Sam Burris

He excluded District Attorney Raeburn Norris, he said, at the request of the jury and felt it was proper to exclude everyone else. Norris was a former law partner of Nago Alaniz, Alice attorney indicted in the slaying.

Laughlin testified the 68 Starr County indictments he dismissed were invalid. He asserted the grand jury that returned them had been both selected and empanelled in the same term of court. Law requires the two actions to be in separate terms.

The judge admitted he never examined the indictments.

Summer Mummers Entertain Rotary Club Members Here

A little bit of melodrama, a few laughs and a chorus line of pretty girls were featured on the program at the weekly luncheon of the Rotary Club Thursday afternoon.

The program was presented by members of the Summer Mummers under the direction of Art Cole, director of the Midland Community Theater.

It included a comedy dance act by John Scott Alcorn and a skit from "Dirty Works at the Crossroads," featuring Scott and Donna Conkling, Nancy Armstrong and Dick Cappell.

The chorus line of Can-Can Girls included Joy Shaw, Donna Salsich and Maria Montgomery.

Cole explained that the Summer Mummers presents shows each weekend at the American Legion Hall with proceeds going to the Community Theater building fund.

The program was arranged by Bill Chancellor and President Carroll Thomas presided.

U. S. Returns 382 Small German Ships

BONN —(AP)— The United States Thursday gave back 382 small German commercial vessels seized after World War II.

The Germans have been operating them all along but have been paying the Americans charter fees.

Anti-Shivers Democrats Hope To Induce Adlai Stevenson To Visit Texas In Fall

By MARTHA COLE
Associated Press Staff

The Texas Democratic Organizing Committee hopes to get Adlai Stevenson to Texas this Fall.

"We hope we can get him here—we're hoping he can be here for our state meeting which will be probably in October," said Byron Skelton of Temple, the committee chairman.

Stevenson tried for the presidency and lost. The Texas Democrats who now have an organizing committee tried for state party leadership and lost.

One victor sits in the White House. Another sits in the Capitol in Austin in the governor's chair.

The victors in Texas control the Democratic party machinery. They're the conservative ones who swung the state Democratic convention in Amarillo last Fall to endorsement of Republican Dwight Eisenhower.

Another state Democratic convention is coming up in 1954.

That's what the defeated ones are aiming for.

"We have no idea of trying to unseat anybody in a state Democratic Party office at this time—there's no way to do it under the law," Skelton said. "We're working now, and our work will pay off at the 1954 convention.

"Every day the Democrats that voted for Ike are realizing the mistake they made. There is no question in my mind but that Texas will return to the Democratic fold next Summer."

Texas left the Democratic fold last Fall to go for a Republican president for the first time since 1928.

That doesn't mean all has been well in the Democratic Party all this time. They split over Roosevelt—they've always been trying to pull Texas down a liberal or a conservative pathway.

The conservatives settled themselves at the state convention in Mineral Wells in the Fall of 1951. They got jostled but didn't budge at the state convention in San Antonio in May, 1952.

Liberals Rise Again

They elected their 52 delegates to the Chicago convention. So did the liberals, who streamed across town to hold their own convention.

Maury Maverick, Sr., of San Antonio, led the liberal fight before the convention credentials committee. The convention seated the delegation led by Governor Shivers after the governor asked on the convention hall podium: "Give us a chance to disagree."

The liberals came back home, and bald Sam Rayburn of Bonham came down from Washington to lead their campaign for Stevenson, while the conservatives drummed for Eisenhower.

After Stevenson's defeat, the liberals didn't rise again until last May, when they met near Burnet. They formed the Democratic Organizing Committee of Texas "to return the Democratic Party to the Democrats."

WHAT HE GETS FOR BORROWING

PICHER, OKLA. —(AP)— Police chief Gene Crockett, seeing a suspicious-looking car turn into an alley while watching for narcotics runners, jumped into another officer's car and gave chase Wednesday.

Losing the quarry, he returned to find his own car stolen.

Gigantic Airplane Ends Longest Trip

SAN ANTONIO —(AP)— The big cargo carrier, C-99, completed its first round-trip trans-Atlantic flight Wednesday at Kelly Air Force Base.

It carried 61,000 pounds of cargo, mostly aircraft engines, to Germany.

Red H-Bomb Blast Detected By U. S.

MOSCOW —(AP)— The Russians announced Thursday that they have exploded a test hydrogen bomb of "great strength." They coupled their claim with a new call for international acceptance of a Russian disarmament plan including a ban on atomic weapons.

In Washington, the Atomic Energy Commission confirmed that it had information on a Soviet "hell-bomb" test conducted August 12 but implied that the United States has produced similar reactions in the 1951 and 1952 tests at Eniwetok Atoll.

This was the official Soviet announcement, as reported in the Communist party newspaper Pravda and broadcast by the Moscow radio to the Soviet people:

'Many Times Greater'

"Recently in the Soviet Union, the explosion of a type of hydrogen bomb was carried out with experimental aim. As a result of the possession of the mighty power of thermonuclear fission in the hydrogen bomb, the explosion was of great strength.

"The test showed the power of the hydrogen bomb is many times greater than the power of atomic bombs."

The communique received only routine treatment in Pravda, appearing on page 2 under the heading "Government Information on the Test of the Hydrogen Bomb in the Soviet Union."

'No Cause For Alarm'

The communique declared Soviet possession of the H-bomb offered no cause for alarm among peoples of other countries. It said the Russian government still favored international disarmament and a ban on weapons of mass destruction.

Recalling that Prime Minister Georgi M. Malenkov told the Supreme Soviet (Parliament) August 8 that the United States no longer held a monopoly of the hydrogen bomb, the statement charged that Malenkov's remarks had been used abroad "to cause alarm, using it with the aim of intensifying the armaments drive."

In Denver, President Eisenhower's press secretary, James C. Hagerty, said the Chief Executive would have no comment on the Soviet announcement.

Hagerty told newsmen the President had been informed of the Atomic Energy Commission's findings but added, "I can't tell you when."

Following Malenkov's August 8 announcement, Western atomic experts generally conceded the Russians probably knew the principles of construction of a hydrogen bomb but doubted the Soviets were as far advanced in the field as the United States.

Phone Strike—

(Continued From Page One)

mination. The Federal Conciliation Service has been meeting with the company and the union in St. Louis in an effort to reach an agreement.

"We are confident that the people who realize their responsibilities to the public to furnish telephone service will remain on the job, and we will continue to maintain good service as nearly normal as possible."

Building Job Not Affected

Yeatts added that most of the personnel reported for work in the business office Thursday morning and operations there are "just about normal."

The pickets did not throw up lines around the construction project, which is increasing the size of the main telephone building here. Workers reported as usual there Thursday morning.

C. G. Milliorn, city strike chairman for the union, estimated that approximately 98 per cent of the union members here joined in the walkout.

He estimated about 200 persons joined in the strike, including some 140 workers in the main exchange, the toll building and the company garage.

500 Out In Area

Strike headquarters have been set up in Room 244 of Hotel Scharbauer.

Fullerton said approximately 500 persons had joined in the strike throughout the entire local, which covers Midland, Odessa, Seminole, Fort Stockton, McCamey, Monahans, Kermit, Marfa, Alpine, Marathon and Sanderson.

The effect of the strike was lessened by operation of recently-installed inter-toll dialing systems, permitting more calls to be handled by fewer workers, if necessary.

Yeatts said the inter-toll system links Midland with 1,800 cities throughout the United States, including the principal Texas cities.

Negotiations Continue

Even after the walkout there was no report that negotiations, centering mainly around wages, had been broken off.

Early in the negotiations the company had offered increases ranging from $1 to $2.50 weekly. The CWA had said it would not accept less than a "national pattern" averaging seven and one-half cents." It said the company offer would average only three and one-half cents.

Present wages range from $35 to $95 weekly.

Livestock

FORT WORTH —(AP)— Cattle 1,700; steady; good and choice fat steers and yearlings 17.50-21.50; common and medium 10.00-16.00; beef cows 9.50-12.00; good and choice fat calves 14.00-18.00; plain and medium 9.00-13.00; stocker calves 12.00-18.00; stocker cows 8.00-12.00.

Two Minor Blazes End Firemen 'Rest'

Midland firemen, "at rest" a few days, got back into the swing of things Thursday as they were called to two minor blazes.

A road flare at 916 South Main Street acted up a bit at 7:15 a.m. Thursday, but caused no damage. The "no damage" tag again applied when, at 8:50 a.m. Thursday, firemen were called to a minor auto fire at 1900 West Griffin Street.

Deadline For Sooner Barbecue Bids Listed

Reservations for the West Texas Sooner Club annual barbecue should be made by noon Friday, Robert Conkling, president of the University of Oklahoma alumni group, said Thursday. The Cole Park event will begin at 6 p.m. Friday.

Conkling's telephone number is 4-5631. Reservations also will be taken by B. L. McDearmon, 3-3986 and in Odessa by Buddy Jones, 7-4691.

JUSTICE FOR JALOPIES, TOO—

Parking Ticket On Cadillac Prompts Cry Of 'Prejudice'

A big, sleek Cadillac, pleading discrimination, demanded trial Thursday morning on a charge of a traffic violation in the city's Corporation Court.

The mouthpiece for the Cadillac was its owner, a Midland woman.

"But," she told Judge Edwin T. Stitt as she presented the traffic ticket charging parking more than 18 inches from the curb, "I think the police are discriminating against my Cadillac.

"It happened once before when I was parking in a restricted zone. The police put a ticket on my Cadillac. There were smaller cars in front of me and in back of me and they were parked in the same zone.

"And they weren't given tickets."

Judge Stitt asked if the wheels of her car were more than the legal 18 inches from the curb in the 200 block of West Texas Street.

"Well," she murmured, "the front wheels might have been but it looked like someone pushed against the car and rolled it out.

"Anyway I ran into Mayor (J. W.) McMillen and took him up and down the street showing him other cars parked the same way. But they were not Cadillacs and they didn't have any tickets, either."

Judge Stitt said he was alarmed at the woman's questioning of the police officer's motives in giving the ticket.

"If he were discriminating against your Cadillac," he said, "I think we ought to know about it."

He set the case for trial at 10 a.m. Friday and asked City Attorney John Culver to summon the officer as a witness.

"However," added Judge Stitt, "the police give lots of tickets to Fords and Chevrolets and I don't think any of them claim they are being discriminated against."

"We'll certainly look into this," promised Culver.

"I believe we should have justice in this court, regardless of make, motor number or horsepower."

WINS RANGE THAT WASHES DISHES:

Mrs. Lester Chenault of route two, Midland, was the winner of the UNIVERSAL gas range that has a built-in portable dishwasher which was given away Saturday evening by C & H APPLIANCE MART at 219 So. Loraine Street. The contest judges were: Mrs. F. W. Moore, Box 738, Midland, Mr. A. F. Hamilton, 1806 N. Big Spring Street, Midland, and Mr. Louis Bober, 2713 Roosevelt, Midland.

Mr. Stan Collins of C & H Appliances makes the presentation.

The drawing for the "range that washes dishes" was held in connection with the celebration announcing the C & H Appliance Mart as the exclusive local dealer for the complete UNIVERSAL gas range line.

Before the clean-up "Miss Liberty" was in slum-like area.

After the clean-up she stands in a renovated environment.

OLD 'MISS LIBERTY' GETS NEW LOOK—It took five years, but "Miss Liberty" finally has a new look to her back yard. When a member of Congress visited Bedloe's Island and found the area in a slum-like condition he decided to do something about it. He requested $1,000,000 to clean up and renovate the area. Today, with chairs, colorful, umbrellas and refreshments, tourists can enjoy "Miss Liberty's" hospitality.

Permian Basin Oil And Gas Log—

(Continued From Page One)

ing potential of 573.64 barrels of 48.4-gravity oil through a three-quarter-inch choke.

Production is coming through perforations in casing opposite the Devonian at 10,040-100 feet, 10,150-180 feet, 10,215-345 feet, 10,370-430 feet and 10,510-10,610 feet.

In addition to the oil, the extender made 8.72 barrels of water and mud per day. Gas-oil ratio was 3,242-1.

The potential test was based on an actual six-hour flow.

Location is 660 feet from north and 1,980 feet from west lines of section 182, block E, CCSD&RGNG survey.

West Extension To East Hobbs Field Indicated

One mile west extension to the East Hobbs (San Andres) field of Southeast Lea County, New Mexico, has been indicated at Hardin & Houston No. 1 Charlcia Taylor-Sinclair.

A three-hour drillstem test was taken from 3,800 to 3,872 feet. Gas showed at the surface in two minutes and oil in 50, with the well flowing 41 barrels of 32-gravity oil the last two hours tool was open.

Reversed out of drillpipe was 3,872 feet of oil. Coring deeper was slated.

No. 1 Taylor-Sinclair is located 2,310 feet from south and west lines of section 25-18s-38e.

Texaco Schedules Potential Gauge At Ector Project

The Texas Company was preparing to take potential test and complete No. 1 McKnight, Headlee (Ellenburger) field stepout in Central-East Ector County.

After 2,500-gallon acid treatment through perforations at 13,222-242 feet, operator swabbed out load and the well kicked off and flowed 64 barrels of new oil in four hours through a 12 64-inch choke.

Potential test was scheduled Thursday.

This project is 660 feet from north and east lines of section 18, block 41, T-2-S, T&P survey.

Union And Sun To Dig To 7,000 Feet In Central Nolan

Union Oil Company of California and Sun Oil Company announced location for a proposed 7,000-foot wildcat in Central Nolan County, three miles east of the Mar-Tex (Canyon) field and 10 miles south of Sweetwater.

The test will be drilled as No. 1-B Pete Starnes 660 feet from south and east lines of section 74, block 22, T&P survey.

Operations are to start at once.

Discovery Offset In SW Upton Area Is Dry In Devonian

Buffalo Oil Company No. 1 Sanger Investment Company, one-location southwest offset to the same firm's No. 1 King Ranch Oil & Lignite Company, a Wichita-Albany discovery in Southwest Upton County, has been plugged and abandoned at 5,462 feet in Devonian chert.

Some oil was found but not enough for commercial production. The top of the Devonian is 5,350 feet on derrick floor elevation of 2,462 feet. Operator was unable to pick the top of the Wichita-Albany.

Location of the failure is 660 feet from southeast and 1,980 feet from southwest lines of section 24, block 35, H&TC survey and five miles northwest of McCamey. It spots on the Upton-Crane County line.

NE Fisher Gets Prospector To Go To 5,100 Feet

Robert M. Bass of Kilgore spotted location for a 5,100-foot prospector three-quarters of one mile southwest of the Round Top field of Northeast Fisher County.

It will be drilled as No. 1 L. L. Huddleston, 1,665 feet from east and 970 feet from south lines of section 72, block 1, H&TC survey.

Site is seven miles southwest of Hamlin.

AT&PC Completes NE Nolan Well In Strawn, Wilberns

American Trading & Production Corporation has reported potential test from the Strawn lime at No. 2 Little, recently completed Wilberns dolomite discovery in the multipay White Flat field of Northeast Nolan County.

The dual well was completed from the Strawn for a daily flowing potential of 249.2 barrels of 46-gravity oil through a 24 64-inch choke and perforations at 5,125-5,143 feet.

Earlier, it was completed in the Wilberns for a flow of 1,869.62 barrels of 46-gravity oil daily through a one-half-inch choke and perforations from 5,506 to 5,530 feet.

This multipay producer is 2,775 feet from west and 1,333 feet from south lines of section 25, block 20, T&P survey and two miles south of Herndon.

W-C Nolan Area Gets Wildcat By Union And Duffy

Union Oil Company of California and B. A. Duffy have filed application with the Railroad Commission of Texas requesting permission to start drilling at once on a 7,100-foot wildcat in West-Central Nolan County.

The wildcat is to be drilled as No. 1 Evelyn Cox, 12 miles south of Sweetwater and 660 feet from south and west lines of section 91, block 22, T&P survey.

It is one and three-quarter miles west of the South Lake Trammel field.

Long Stepout Is To Be Drilled To NE Nolan Opener

Midland Gasoline Company (Chicago Corporation), of Abilene staked location for a one and one-half-mile southeast outpost to the recently opened Dora, Nor (Ellenburger) field of Northeast Nolan County.

The project will be drilled as No. 1 C. E. Boyd, 2,000 feet from south and 3,300 feet from east lines of section 71, block 20, T&P survey.

It is slated for a 6,500-foot bot-

Ellenburger DST Fails In SE Irion

Southwest Natural Production Company No. 1 Tankersly Estate, wildcat in Southeast Irion County, failed to find shows of oil or gas on a drillstem test in the Ellenburger and the project is to be plugged and abandoned.

Test was taken in the interval from 7,335 to 7,510 feet, total depth.

Tool was open 15 minutes. Recovery was 60 feet of drilling mud with no shows.

This failure is 660 feet from south and 1,980 feet from west lines of section 11, GC&SF survey.

Top on the Ellenburger has not been reported.

Witness Says Code Key Taken From GPO

WASHINGTON —(AP)—Senate investigators made public Thursday sworn testimony by a former government Printing Office (GPO) employe that she knew Edward Rothschild took a code book and other secret military data from the plant during World War II.

The testimony had been received previously in secret session from Cleta Guess, now a New Orleans storekeeper.

Chairman McCarthy (R-Wis) said Miss Guess could not testify in person Thursday because she has a heart Ailment.

Rothschild, a bookbinder, declined earlier this week to tell the Senate Investigations subcommittee whether he is a Communist or whether he ever engaged in espionage at the printing office, which handles much secret data.

Miss Guess, who said she worked for a time as Rothschild's first assistant and "loved him dearly" at that time, said she saw Rothschild "on a few occasions" stuff into his pocket pamphlets "pertaining to military stuff."

Once, she said she saw him with a long, thin book which turned out to be a "secret code of the U. S. Merchant Marine."

She reported the incident to the FBI the next day.

Oil Slick Sighted In Futile Search For Oil Man, Party

KETCHIKAN, ALASKA —(AP)—Coast Guard vessels and planes of two nations fanned out over a wide area in Southeastern Alaska Thursday in the continuing search for a flying New Mexico and Texas oil man and four others missing in his private plane.

Spurred by improving weather, U. S. and Canadian Air Force pilots and civilian fliers scanned bays and inlets and rugged mountains along the route believed used by Ellis Hall of Albuquerque and Abilene.

Hall, his wife, two daughters and Patrick Hibben, 17, disappeared Monday after taking off from Annette Island airport on a flight to Bellingham, Wash.

Planes were checking Moira Sound at Prince of Wales Island, about 30 miles west of the Annette Island takeoff field.

An oil slick was sighted at the mouth of the sound Wednesday.

Eddy Wildcat Gets Oil Shows In DST

Skelly Oil Company No. 6-A Lynch deep wildcat in the shallow Grayburg-Jackson field of extreme northeast Eddy County, is drilling below 8,519 feet in dolomite after recovering a show of oil on a drillstem test at 8,465-85 feet.

Tool was open three hours. Gas surfaced in 72 minutes. The recovery was reversed out, being 300 feet of oil and gas cut mud, estimated five per cent oil and 6,000 feet of salty sulphur water.

Flowing pressure ranged from 50 to 1,355 pounds and shutin bottomhole pressure was 2,980 pounds after 20 minutes.

Location is 660 feet from north and west lines of section 22-17s-26e.

W-C Pecos Tester Dry And Abandoned

Ashmun & Hilliard and Shirley Miller Drilling Company have quit their No. 1 M. A. Biley, outpost to the Fort Stockton field of West-Central Pecos County.

The test was drilled to total depth of 3,081 feet in lime. No shows of oil or gas were found in any formation drilled.

Location was 330 feet from north and west lines of section 25, block 146, T&StL survey and two miles west of the town of Fort Stockton.

Lanel Abandons Tom Green Site

Lanel Oil Company has abandoned location for a wildcat in South-Central Tom Green County.

It is No. 1 Washington County School Lands and was located 330 feet from south and 2,310 feet from east lines of Washington County School Land survey No. 103. That made it 10 miles south of San Angelo.

North Reeves Test Plugged, Abandoned

Great Western Drilling Company has plugged and abandoned its No. 1 P. G. Northrup, wildcat in the extreme north part of Reeves County, at total depth of 3,271 feet.

Location was 330 feet from north and west lines of lease in section 28, block 56, T-2-S, T&P survey and two miles southeast of Orla.

Cotton

NEW YORK —(AP)— Cotton was 10 cents a bale lower to five higher at noon Thursday October 33.40, December 33.56, March 33.76.

REAL ESTATE

BULLETIN BOARD

REPORTING THE TOP NEWS IN REAL ESTATE

I'VE FISHED CANADIAN RIVERS on my vacation, and now I'm fishing for dream homes . . . and I've hooked a beauty. Only 6 months old, this magnificent brick home has 3 wonderful bedrooms, 2 tile baths, huge living and dining room combo, utility room, and attached garage. Idyllic floor plan with entry into hallway—so you never need walk thru the living room. Centrally heated, softly carpeted thru-out, and $250 draperies in living room. Tile fence, landscaping, and with a CUTHBERT address, too. Could be handled for as little as $5,000 down. $19,500

WE HAVE BEEN TAGGED the "Swap Shop of Real Estate" because we've worked so many TRADES. For instance, we'll listen to terms on an attractive brick, new, home in Urbandale: 3 bedrooms, 2 baths, living and dining room combo, and 2-car attached garage. With the many features for which you'll always be grateful, such as a wood-burning fireplace, HOTPOINT dishwasher, utility connections, and water softener. Tile fence, paved street. ONLY $21,000.

IT'S SPITTIN DISTANCE from the Senior high school, this cozy frame home. Quaint in appearance, comfortable in livability, and extremely shy in price, it has 2 nice bedrooms, separate dining room and detached garage. The fence encloses a nice lawn, trees and a "D" zoned lot. Only $8,750.

2608 WEST HOLLOWAY has statistics to back its price. 1 inch insulation board over the original frame, 2 large bedrooms (12x15 each), separate dining room, 12x19 living room, and an attached garage, neatly finished. Nicely landscaped, the yard is fenced, and the street is paved. Drive-buy! Then call us to see. $10,000.

IT'S AS SHINEY as a kid who has just washed his face. And because it has 3 bedrooms and located near a grade school, it was built for the family with small kiddies and small pocket-books. Large living room with dining area, lots of closets, big kitchen with pantry, utility room, tile bath, and attached carport. Central heating, ceramic tile drainboard, and oak floors. Paving. Priced at $10,750. ONLY $1,656 down is all you pay.

R. C. MAXSON (the boss-man) went independent approximately 75 days ago. But did you know that our firm has over 55 YEARS of actual REAL ESTATE PRACTICE and EXPERIENCE behind it? And we're betting these 55 years that you'll fall in love with the BRICK home that we hate on Storey Street. 3 L-A-R-G-E bedrooms, gigantic living room (16x30), 2 ceramic tile baths, attached garage. Best of all, you'll love the kitchen with its myriad cabinets. Central heating and air conditioning extensively carpeted, in immaculate condition thru-out. Huge rear patio. CEDAR fence, and paved street. Sam Houston district. A hurry-up-and-sell price of $18,500.

420 E. PECAN . . . WHERE YOU'LL FIND A BEAUTIFUL LAWN SURROUNDING A CHARMING 2 BEDROOM HOME. CALL FOR APPOINTMENT.

THE MOST MAGNIFICENT mimosa tree in Midland is in the rear yard of this Grey Gold home on Tennessee. 2 blocks this side of Grafa-land. It has 2 nice bedrooms, expandable living and dining room combination, ceramic tile bath, and attached garage. Distributed heating, air-conditioning unit, some carpeting. Nicely landscaped and fenced yard. $11,500.

REMOVED FROM THE CRY of city screaming and skidding civilization is this country residence. Painted white against a green backdrop of poplars, it has 3 bedrooms, 2 baths, large living room with fireplace, separate dining room, and double garage. Central heating and air-conditioning, colorfully carpeted thru-out, and with a hundred desirable features for your relaxed living. Located on 2 acres of soil, with 2 water wells, the magnificent landscaping and flowers should be a magazine feature. Northwest location where you can keep horses. $21,000.

FIGURING FROM FACTS makes it almost impossible to beat this 3-year old home. 3 bedrooms, 2 baths, living room, full dining room, and attached carport. 45 feet of running front porch. Located on 1 and 1/3 acres, with copious water well, your figuring will inform you that you can't buy more for $10,900.

WE'VE GOT 3 SILVER DOLLARS for every kid whose parents buys a home from us within the next 30 days. (P.S. I won them, and want to distribute my good luck to the young citizens of Midland.)

Elaborate Secrecy Prevents Pre-Release Of Kinsey Data

BLOOMINGTON —(AP)— To keep top secrets, you carefully burn everything going to wastebaskets in your office.

That's what Dr. Alfred C. Kinsey and staff of the Institute for Sex Research, Inc., at Indiana University here did during five years between publication of their books on men and on women.

Dr. Kinsey took such precautions to defeat book and other authors who, he says, wanted to publish previews of his study of women, or get into print fast with book summaries of what his 850-page volume on women actually says.

He invited newspaper and magazine writers out here to read proofs of the female book. They had to sign contracts pledging to keep the data secret until 7 a.m. EST, Thursday, and pledging not to write or supply information to other writers for summarizing books which could appear before December 20. The Kinsey book on women is scheduled to appear September 14.

The unusual contract required that all stories be submitted in advance for checking upon accuracy of facts—not upon interpretations of writers' impressions. Dr. Kinsey said he invited the writers and required the unusual contracts to give the wide and factually correct publication of the study's findings.

All profits from the sex study books go to the institute for further research.

SO THERE, DR. KINSEY

BLOOMINGTON, IND. —(AP)— Women who never have had sex experiences often can't understand what sex means to other people, especially to men, says Dr. Alfred C. Kinsey.

This attitude, he says, was expressed by one woman who wrote to him after publication of the book on sexual behavior in men. She declared the whole study was a waste of effort, and that it just confirmed her opinion "that the male population is a herd of prancing, leering goats."

DAV LEADER—Floyd O. Rhoden has been named new commander of the J. O. Rotan Chapter No. 48, Disabled American Veterans, of Midland. He succeeds Ben Gay.

Senate Panel Sets Sights In Juvenile Delinquency Probe

WASHINGTON —(AP)— The New York area, Washington and Los Angeles were under discussion Thursday by a special Senate subcommittee as the first targets of an investigation into the causes of juvenile delinquency.

The subcommittee, headed by Senator Hendrickson (R-NJ), is undertaking an intensive study of narcotic peddling to children, a reported upsurge in the number of juvenile gangs across the nation and related subjects.

After a subcommittee hearing Wednesday, Hendrickson announced the appointment of Herbert J. Hannoch, Newark, N. J., lawyer, as chief counsel. Dates and places of hearings were not decided finally, but New York, Los Angeles and the nation's capital were reported the most likely first prospects. Some of the hearings, it was reported, may be televised.

Hendrickson said juvenile delinquency now is "at one of the all-time peaks." He said more than one million children in their teens or younger get into trouble with the law each year. At the present rate of increase, he said, the number would reach 1,500,000 by 1960.

The subcommittee, which has $44,000 for its inquiry, plans to spend much of its time probing for the factors in American life, particularly in towns and cities, which attract youngsters out of the home and make delinquents of them.

New Kinsey Report Made Public

(Continued From Page One)

peak is most often far higher than women's, so that male activity remains higher throughout life than the activity of most females.

But the fact is most men are growing old in sexual capacity when their wives are becoming more interested and less inhibited in sex. This difference often leads to marital problems. It's still a mystery why women don't show this aging effect.

Romantic Extremes

Of 33 kinds of psychological arousals toward sex, only three stimulated higher percentages of women than men. These three were seeing romantic movies, reading romantic literature, and being bitten. Men are usually more aroused by nude pictures, thoughts of sex, or other reminders.

A third of women are not aroused at all by any psychosexual stimuli. But two to three per cent are far more aroused than any man.

Trouble often comes when men expect women to react psychologically as men do. Men often fail to realize that women are more easily distracted from sex by noises or interruptions. The ease of male mental arousal accounts of husbands' wanting more frequent sexual contact, and men's difficulty in getting along without it. Wives often fail to understand that.

Sex Minus Six

The sex response involves 20 bodily or physical changes, including faster pulse, higher blood pressure, shortage of oxygen, rapid breathing, lessened ability to see and hear.

Anger involves 14 of these same changes. Anger thus equals sex minus six.

This could explain some sex crimes, "why frustrated sexual response so readily turns into anger or rage," or anger can lead on to sex. It could explain why marital quarrels sometimes lead to love-making.

Fear contains nine of the sex reactions, and epilepsy produces eight of them.

Basically, there's no difference in the anatomy and physiology of sex response in men and women. The nerve endings involved are the same.

Something To Study

People at times have tried schemes to abandon the family and home, but "none of these schemes has provided satisfactory substitutes for the home, and most of them have been short-lived. History confirms the importance of the family."

At marriage, about one-third of women have never had a sexual climax, through any method. But almost 100 per cent men have.

The woman who experiences a climax before marriage, by any method, has a two to three times better chance of achieving sexual success earlier in marriage. Kinsey says the meaning of this must be studied.

No two persons are exactly alike in their sex lives, none fits entirely into all the averages Kinsey has yet found. Each person easily can believe that what she or he does is normal.

Individual Variation

This individual variation "is the most persistent reality of human sexual behavior," and "There are no sexual qualities found in only one sex or the other."

Women show greater extremes in sex than do men. While some remain frigid, 14 per cent regularly have multiple climaxes during one sex act. One woman can give herself 100 climaxes an hour. One woman of 90 is still having regular sexual experiences.

Women sense this greater variation, and so hesitate to discuss their sex lives with other women. This lack of comparing notes is often a reason for women's ignorance about sex.

Parents in the 1920's, the time of the big change, were right in complaining about wildness of the younger generation. Since then there's been little change, and less criticism from parents because the parents had done the same things themselves.

Sex Harmone Effect

The change in the 20's has reduced frigidity in marriage by one-third to one-half what it was among wives born before 1900.

There's little correlation between sex hormones and sex activity. The amounts of female or male sex hormones don't explain why males reach an early peak and decline, or why there's no such aging effect in women. Differences in amounts on certain adrenal hormones, called 17-ketosteroids, might explain this difference.

After castration, many men, made eunuchs, and almost all women can still have sex relations.

'No Physical Reason'

Females do not develop earlier sexually than males. It is a mystery why adolescent girls are slower than boys to develop in sexual responsiveness. The 17-ketosteroids might be the reason.

There is no physical reason why women may be slower than men to reach a sexual climax. The average female is not slower if she is sufficiently stimulated physically, is not inhibited, and if effective techniques are used.

Fifteen years in preparation, the new 824-page book will be published September 14 (W. B. Saunders Company, Philadelphia, $8.00).

More Volumes Due

More readable than the male book published five years ago, the new report is authored by all 14 members of the staff of the Institute for Sex Research, Inc., at Indiana University. Main co-authors with Dr. Kinsey are Drs. Wardell B. Pomeroy, Clyde E. Martin and Paul K. Gebhard.

All profits from the book go to the institute to continue the male and female studies and for future reports on sex laws, marital adjustments, sex education and other projects.

The female report draws on interviews with 5,940 females aged two to 90, of various religions, education and occupations.

More To Be Learned

It also draws upon the institute's 16,000-volume sex library, upon studies of anthropologists, gynecologists, psychiatrists and other experts, upon analysis of sex laws, sex life in other countries, sex life of animals, and individuals' sex diaries and calendars.

Five special chapters tell the up-to-date story of the anatomy, physiology, psychology, nerve mechanisms and hormone influences in sex.

Despite its title, Dr. Kinsey says the book does not pretend to report sex behavior of all American women, much less women throughout the world.

Battle Against Ignorance

It excludes negro women because not enough had been interviewed. It has some limitations in geographical representation, but Dr. Kinsey says the findings are probably typical of many American females.

The purpose—as with other studies—is to learn scientific facts about a field of human activity long beclouded by ignorance, Dr. Kinsey explains. He says that before sexual behavior can be understood, or any phases of it more intelligently controlled, it must first be learned what people actually do.

Other findings:

The decree of school education has less effect on sex behavior of women than men. Premarital relations were more common among girls who had gone to college and high school than among those of grade school education only. The opposite was true of men.

Fewer Homosexuals

The "double standard" is becoming more of a single standard due to greater premarriage experiences of modern women.

Fewer women than men are homosexuals. Better educated women are more likely to be homosexual. Giving sexual hormones to homosexuals does not make them less homosexual.

It is untrue and harmful to many women to say that most women do not enjoy sex.

"The church, home, and school are the chief sources of sexual inhibitions, the distaste for all aspects of sex, the fears of physical difficulties which may be involved in sexual relations, and the feelings of guilt which many females carry with them into their marriages."

Laws And Customs

Laws and customs: 85 per cent of women and 95 per cent of men could be jailed for their sex acts by strict interpretation of laws.

"Many people, perhaps fortunately, have no conception that their everyday sexual activities may, in actuality, be contrary to law."

Others live in dread that their actions, considered normal by many other persons, may be found out.

In some states, a man can be jailed as a sexual psychopath for wanting sex relations oftener than his wife does, if a doctor judges his desires to be excessive. "Excessive" could be anything more than what the doctor himself does and believes is normal.

'They'll Never Learn'

The law makes no provision for about 40 per cent of the population which is sexually mature, but not married, and "many youths and older unmarried females are seriously disturbed because the only sources of sexual outlet available to them are either legally or socially disapproved."

Marriage: "Men will never learn to get along better with women, or women with men, until each understands the other as they are, and not as they hope or imagine them to be."

About two thirds of marriages at some time run into trouble over sex. Sex factors were among causes of 75 per cent of divorces in these case histories.

'There Is No Magic'

"Sexual adjustment represents only one aspect and not necessarily the most important aspect of marriage. No balanced program for American youth can be confined to preparing them only for the sexual relationship in marriage."

"There is no magic in the marriage ceremony which can make a person instantly lose all inhibitions about sex acquired since childhood."

"It is rather surprising that so many married couples are ever able to work out a satisfactory sexual arrangement."

Petting: About 40 per cent of girls have petted by age 15. Almost 100 per cent of the younger generation pets before marriage, some to climaxes.

Many feel guilty, but "little has been said about the psychological disturbances and subsequent marital difficulties which may develop when there is such condemnation and constant belaboring of any type of behavior which has become so nearly universal, and which is as likely to remain universal, as petting is among American females and males."

Petting gives most girls their first real understanding of experience with the other sex. It gives a girl "an opportunity to learn to adjust emotionally to various types of males. Thus she may acquire some wisdom in choosing the particular male with whom she hopes to make a permanent, life-long adjustment."

Chemistry Of Sex

Physical: All parts of the body, not just the sex organs, are involved in sexual response. Sexual reactions, because of their speed, apparently depend upon nerve mechanisms.

It is not true that women have more erogenous or sexually stimulating areas on their bodies than men.

Almost every sexual organ has its counterpart in the other sex, and the differences "are or no great significance in the origins and development of sexual response" and climax.

Of Religious Girls

The brain controls reactions to psychosexual stimuli, and differences in chemistry of men's and women's brains might explain their different reactions psychologically.

Smaller percentages of devoutly religious girls and women engage in premarital sex relations.

Venereal disease may be less a problem than it formerly was. Of 1,753 women having premarriage relations, only 44 ever contracted such a disease.

What Of Nymphomania?

Too often what is called a nymphomaniac is merely a person who has more climaxes than the doctor or other person to whom she is talking.

"It is apparent that if parents or other adults are to be the sources of a child's first information on sex, they must give that information by the time a child is 10 to 12," or earlier, or the child will learn from companions.

Official estimates say some 130,000 children are born out of wedlock annually in the United States, but "the actual facts might multiply this figure several times." Of 2,094 women having premarital affairs (with union a total of 460,000 times) 476 became pregnant.

BARE FACTS ARE BARED

BLOOMINGTON, IND. —(AP)— Half of married women tell Dr. Kinsey that they regularly sleep nude.

"There is every indication," he adds, "that the percentages are still increasing, much to the consternation of the manufacturers of night clothing."

HE MAKES HAY BY MOONLIGHT

SAGINAW, MICH. —(AP)— A few hours after midnight, police received a report from an irate housewife that a neighbor was sawing wood in his back yard.

Police arrived on the scene while Willie Carr was busily engaged with a handsaw.

Told to confine his sawing to daylight hours, Carr explained:

"My neighbor's dogs woke me up by barking—and seeing as how I couldn't sleep, I figured I might as well be doing something."

Worker Found Slain

LLANO —(AP)— Officers checked Thursday the death of Richard Patton, about 48, Llano laborer, whose body was found on the edge of a highway near here Wednesday. He had been shot to death.

HERE FROM WINK

Mrs. Henry Osborn and Mrs. F. L. Bullard of Wink visited in Midland Wednesday.

Fathers Reminded Again Of Nearing Deferment Deadline

WASHINGTON —(AP)— Draft eligibles were reminded again Thursday that if they expect to be deferred from military service for fatherhood, they must file evidence of it with their local draft boards by August 25.

Under a change in draft rules ordered by President Eisenhower in July, fatherhood in itself will not be grounds for exemption after August 25 unless there is "proven hardship and privation."

Selective service noted that under the law, fatherhood dates from conception, so a young man may be granted exemption if he files before August 25 a doctor's certificate attesting that his wife is pregnant.

Civilian Van Fleet Goes Back To Korea

SEOUL —(AP)— Retired Gen. James A. Van Fleet came back to Korea on a welfare mission Thursday, six months after giving up command of the U. S. 8th Army.

He is a member of an 11-man civilian group representing the American-Korean Foundation, which is prepared to give $500,000 in emergency aid to Korea.

Kinsey Wins Fame Among Top Scholars Prior To Sex Study

BLOOMINGTON, IND. —(AP)— Dr. Alfred Charles Kinsey at 59 is mainly renowned in the public mind as author of the Kinsey Reports on sex.

His fame in scientific circles traces back long before he began his sex studies 15 years ago, before he came to public attention with his book on men five years ago.

Born in Hoboken, N. J., in 1894, he was graduated from Bowdoin College in 1916, won his doctor of science degree in biology at Harvard in 1920. He became assistant professor of zoology at Indiana University here that year, and full professor in 1929.

He is author of a textbook on biology which has sold more than 400,000 copies, and is well known among biologists for monumental work classifying the many species of gall wasps, a widespread insect.

The scientific methods used in this work he applied to study of human sex behavior and variations when he decided there was too little factual information about this important aspect of human life.

His research has been supported from the first by the National Research Council through the Rockefeller Foundation, and more recently from all profits from his books.

Cited By Scientists

Dr. Kinsey is one of eight starred men of science at Indiana, an honor won by relatively few American scientists. A popular teacher, he works a six-day week, often brings a sandwich to the office for lunch.

His garden at his Bloomington home excites admiration of other gardeners. For years, his Sunday concerts from a great library of classical records has attracted friends, neighbors and students to his home.

Mrs. Kinsey is the former Clara B. McMillen. The Kinseys have had four children, one of whom died in early childhood.

Quintuplets Reach Parting Of Ways

NORTH BAY, ONTARIO —(AP)— The Dionne quintuplets, together since they were born 19 years ago, now are to go their separate ways. Marie will become a nun and her sisters will continue school.

Their father, Oliver Dionne, told the North Bay Nugget Wednesday night that Marie will enter a Catholic religious order. Yvonne will study art with the Notre Dame Congregation in Montreal, and Cecile,, Annette and Emilie will attend the Institute Familial in Nicolet, Que.

Dionne explained that the group was being broken up because the quints "are thinking seriously of their future."

Butter For Europe

DALLAS—(AP)—Shipment of two and a half million pounds of government-owned butter now stored in Texas and Oklahoma to needy persons in Europe will start in September, the PMA said Wednesday.

VACATION IN WEST

Mr. and Mrs. Buster Tatum left Wednesday for a vacation in California. They were joined in El Paso by Mr. and Mrs. Ed F. Wright.

FROM SEAGRAVES

Mrs. Ella Mae Barton, Mrs. Lee Metcalf and children visited in Midland Wednesday from Seagraves.

MIDLAND VISITORS

Barbara Harrison, Cleo Smith and Faye Dunn of Fort Stockton visited in Midland Wednesday.

READY TO FALL OUT—It's homeward-bound for these 328 American repatriated POW's as they stand their last formation in Korea. Shown above presenting arms before flags of other UN member nations, they are due to embark on the USS General Walker for the voyage home.

Egypt's Vice Premier Calls For Total War With British

CAIRO, EGYPT —(AP)— Egypt's acting president, Vice Premier Gamal Abdel Nasser, opened the Moslem Feast of Bairam Thursday with a call for Egyptians to prepare for total war against "British occupation."

His warning to Britons to evacuate their military forces from the disputed Suez Canal zone was cheered wildly by an estimated 100,000 Egyptians packing the big square outside the former royal palace. Nasser spoke in the absence of President Mohammed Naguib, who is on a pilgrimage to Mecca.

"We must prepare ourselves for a fight of all the people, not only a group of commandos," Nasser said. "We must teach the women and children how to defend our country. This is the way to liberation."

"You must be ready to fight at any moment and at any place, and we shall be leading you," he declared.

"Life is limited," he added, "one can die in the Suez Canal zone as well as anywhere else if fate wants it so."

Army Commander Maj. Gen. Abdel Hakim told the crowd the Army had instructors and equipment to arm a great number of volunteers. Groups of well-trained men have been formed already, he said, "and their numbers will be doubled in the coming year."

Informal Anglo-Egyptian talks to try settling, the Suez dispute still are on officially although a scheduled meeting last Monday was canceled by the Egyptians. No date for the next meeting has been set.

+Crane News+

Mr. and Mrs. Jack Anderson are moving to Lovington, N. M., this week.

Taking part in a weekend fishing trip to Mertzon were Mr. and Mrs. R. V. Wilson, Sr., Bill and Bob, Mr. and Mrs. R. V. Wilson, Jr., Gayla and Jim, and Mr. and Mrs. Bill Cox of Guymon, Okla.

The Crane County PMA will hold an election of officers Friday.

Scouts To Give Play

The Crane Girl Scouts will present a play, "The Story of Pocohontas," at 8:30 p.m. Friday in the Little League Ball Park.

Mrs. Fred Jensen was named president of the Scout Leaders Club Monday at a meeting in the home of Mrs. Barton Fuller.

Mrs. Dwayne Taylor of Abilene is a guest in the home of her parents, Mr. and Mrs. B. W. Ervin.

Mrs. Gordon Smith and children of Midland visited in Crane Monday.

The Rev. T. J. Hollins, pastor of Mount Zion Baptist Church, left Tuesday for Dallas where he will attend the State Sunday School and BTU Congress meeting.

The Rev. Vernon Cline, educational director of the Tabernacle Baptist Church, has accepted the pastorship of the Fundamental Baptist Church in Lubbock.

Explorer Scouts returned last week from a three-day camping trip in the Davis Mountains.

Mr. and Mrs. Thomas Knaell and Patty are vacationing in Tulsa, Okla., this week.

Mr. and Mrs. S. D. Whittaker and children are visiting relatives in Oklahoma.

Mrs. Bill Weekley was honored Friday with a pink and blue shower in the Gulf Recreation Hall. Hostesses were Mrs. E. H. Mansell, Mrs. W. W. Allman, Mrs. J. F. Davidson, Mrs. W. B. Wilson, Mrs. C. E. Shirley and Mary Lou Christian.

Mr. and Mrs. W. G. Corley and daughter, Phyllis, of Dial were guests Friday and Saturday in the home of Corley's brother, A. B. Corley.

Mr. and Mrs. Horace Hendricks and daughters, Joyce and Dixie, have returned from a visit with relatives in Sweetwater, Roscoe and Fort Worth.

Freed Prisoners Take French Leave

INCHON, KOREA —(AP)— A Marine band boarded the hospital ship Haven before it sailed for the United States to play a concert for sick and wounded Americans freed from Communist prison camps.

When the concert ended, Navy officials revealed Thursday, two patients quickly donned fatigue clothes, picked up instrument cases and walked off the ship.

The two were AWOL in Inchon two days. They were not punished.

American Food For Hungry Germans Continues To Upset Soviet Stomachs

By JAMES MARLOW

WASHINGTON—(AP)—This country's free food for the East Germans—flour, lard, beans and dried milk—continues to sting the Russians like a mustard plaster.

The 15 million dollars which President Eisenhower ordered spent for it no doubt pays for itself in goodwill for this country among both the free West Germans and the East Germans living under Communist control.

As an American act of friendship, it may be effective in persuading the West Germans to reelect this Fall Chancellor Konrad Adenauer, who has been working on the side of the United States.

And the fact that the East Germans have streamed into West Berlin for the food, at risk to themselves, is notice to everyone that there is a hunger problem in Soviet territory and that the Russians can't lick it.

Through Iron Curtain

After the East German workers' riots in June, Eisenhower put the Russians on the spot by asking them to let 15 million dollars' worth of American food go through the curtain to the East Germans.

If Moscow accepted, it would be public acknowledgement of the hunger problem. Refusal would make Communist treatment of the East Germans, which brought on the riots, look even worse. Moscow refused.

Eisenhower decided to send the food into West Germany where Adenauer's government could handle distribution of it for the East Germans, or those who dared to come for it. Many dared.

More than 2,600,000 seven-pound packages have been handed out and the program is far from finished. Distribution began in late July.

From Special Fund

It's been estimated the 15 millions will buy 50,000 tons of food. Eisenhower ordered Harold Stassen's Foreign Operations Administration (FOA), to get the food.

The money comes out of a special FOA fund. FOA told the Agriculture Department to act as its agent in buying the food. Then FOA set up a schedule to ship about 5,000 tons a week.

The first shipment of 4,500 tons began leaving this country in American freighters July 17. It consisted of 2,000 tons of flour, 1,000 tons of lard, 500 tons of dried milk, and 1,000 tons of beans.

Germans Take Over

Further shipments will contain the same items, with the possible addition of canned meat. The flour, lard and dried milk are being bought from commercial firms. The Commodity Credit Corporation (CCC) supplies the beans.

As part of its price-support program, the government will step in and buy the farmer's beans if open market prices fall below a certain figure.

The CCC does this buying. As a result, it has warehouses in Michigan loaded with beans. The government draws on these warehouses for the beans shipped to Germany.

Once the food gets to West Germany, Adenauer's government hauls it to West Berlin. As an example of what the food means: 1,000 tons of lard is two million one-pound containers.

Full Speed Again

The food packages are distributed from relief stations set up in public schools in West Berlin. There's been a recent lag in the program because the school season starts soon.

New centers will be set up. The program is expected to get going at full speed again by August 27. An official of the State Department describes the rest of the story.

East Berliners can get into West Berlin by bus, elevated trains, subways or by walking—if the East German police don't stop them. The police have been doing a lot of checking and turning food seekers back.

Trouble Getting Through

Still, plenty get through, on one excuse or another, or in one way or another. When they get the food, how do they get it back home? The official said the East Germans have shown amazing cleverness.

He mentioned briefcases in particular. The Germans, he said, are great briefcase carriers. Some food can be concealed that way, some in the clothing, some wrapped in East German newspapers.

Some of those caught returning with the American food have had a rough time.

All But Two Zoo Residents Accept New Whalemeat Diet

PHILADELPHIA—(AP)—The horsemeat eaters at the Philadelphia Zoo have had a switch of diet—the're eating whale meat now—and only two of the beasts, a couple of finicky leopards, seem to know the difference.

The leopards—Kitzen and Prince Igor—refuse to touch the substitute.

But for the other carnivorous citizens at the zoo—lions, foxes, wolves and dingo dogs—whale meat seems to be as good a dish as any.

The change-over is just another result of the mechanical age, says Fred Ulmer, curator of mammals. Farmers have given up horses for machines and this has cut the horses available for slaughter from 15 million to little more than two million.

More Protein, Too

The zoo needs 275 pounds of good red meat every day and when its supplier couldn't get hold of that much day in and day out, Sales Manager Ed Solomon said he had some whale meat obtained from Norway and Japan.

Nutritionally, Solomon said, the whale meat showed a higher protein content than horse meat.

Thus it was that the zoo started buying whale meat at 15 cents a pound, the same price that horse meat brings.

It Isn't Blubber

Why two leopards haven't fancied the new delicacy isn't known, but Ulmer says it may be because both were born in captivity and are finicky.

Even the birds, the meat-eating vultures and eagules, have adopted the diet without a squawk.

Solomon says whale meat resembles beef in appearance and is not to be confused with blubber, which is the fatty tissue around the meat.

Youth Center Chatter

By NANCY LOU KLINGLER

Just two more times after this and we will be writing the Chatter no longer until Christmas vacation. Joan Fitzgerald will take over as official writer.

Ray Phillips is moving to Brownwood around the first of September. Everyone will surely miss Ray's smiling face.

There will be a Bulldog Stomp this Saturday night. It will start at 8:30 as usual. This will be the last Bulldog Stomp until the first victory dance after the first football game. If you have the dancing bug for Western music, be sure and come.

Joan and Anne Fitzgerald have just returned from a visit with their grandparents in California. They must have had an exciting time from what they told us. Glad they are back.

Anna Bess Doyle has two visitors. They are Elaine and Stanley Wallace from La Porte. They are Anna Bess' cousins. Elaine was here last Summer and most everyone remembers her and welcomed her back in big style.

Wonder if Mona Leigh was cold Tuesday night. She only had on about two coats, three sweaters, and a bear skin rug. No, not quite that much, but anyway!

Freda Black spent several days in Dallas this week. She brought back a visitor from Palestine.

Virginia and Sylvia Kroenlin are home from a long vacation in Acapulco, Mexico. They really did enjoy it but are glad to be home once again.

Where did Clinton Hamilin get the unusual green shirt that he had on Tuesday night? Never saw once made just that way.

If you have naturally straight hair and want to hear a story that will make your hair curl, just ask Juanita Tibbets about a blue Plymouth Tuesday night.

Ray Young made a rather unusual statement the other night. He said that he hated dancing and then got right up and danced for an hour without stopping. Now, Ray, just why did you make that statement?

Our sympathy for the week goes to Ronnie Rone and his broken arm. Now, Ronnie, you know you shouldn't have done it in the first place.

Jean Ann Watts, and Judy Edwards returned from a week or so in Ruidoso. They rather liked the weather up there. Who wouldn't?

Calvin Hancock brought his cousin to the Youth Center Tuesday night. She is La Rue Stevens from Post. She really went for the hillbilly and western music. So do we! !

Have you noticed the little red Chevrolet going around town and noticed the two solemn boys always in it. It is Clyde McCandles' car and he and Carl Baugh always are seen in it with no kind of expressions on their faces whatsoever.

Many were at the horror show Tuesday. So many that we aren't going to attempt to name them.

Gloria Hicks has been keeping herself in Wichita Falls lately. Wonder if when she gets home, she will stay for good?

Roberta Stewart is walking without help of her crutches. A horse walked on her and she didn't walk for several days.

Be sure and come to see the tennis tournaments.

Wonder what Alice Ann Berry and Lorainne Carlson were discussing the other night at the snack bar? It must have been "someone" in the Youth Center because they sure were looking at "someone."

Have you noticed the three new Indians in the Youth Center? Wayne Cooper, Dale Jobe and Jack Harris all got Apache stripes. They didn't like them so they just shaved off their hair. Be glad to see you boys in about three months.

Bill Mayfield, Country White, Snookie Roberts, and Sam Fullingham gave what Bill called a big party. When we asked how many attended, they said, "Well, we did."

Glad to have the Odessa boys over Tuesday night.

The name of this week's picture will be "On Moonlight Bay" with Doris Day and Gordon McRae. It will be Friday, starting at 8. Please watch out for the plug. The show was interrupted last week because someone came stumbling over it. We were one of the ten. Sorry ! ! !

There will be a back to school dance August 29. It will be strictly a date affair, no stags will be allowed. The boys are to wear dress pants and sport shirts and girls are to wear cool cotton dresses. This is not exactly a semi-formal.

Ray Miles and Janna Murry were on the floor wiping up ice cream, shartruese at that. Ray was trying to take it away from Janna. She didn't want him to have it, so instead the floor got it.

Caroline Reigle came in for the first time in many a moon. Caroline will be a senior in high school and will attend a girls school in California.

Our apologizies of the week go to Buddy McDonald, Paul Cole, and "Country" White. We left their names out of last week's paper in the list of those from Midland who attended the Big Spring rodeo.

Lately there have been more tires squeaking around the corners than there should be. Let's all try and drive more carefully. After all, it may be your own life. After you see the safety film made here last week, you will appreciate safe driving more than ever. Let's not wait until this Fall, let's start now.

We are all concerned about the illness of Dean Mashburn. Everyone try to send him a card or a letter to Jimmy or Mrs. Mashburn to show them that we really do care about the Mashburns. His address is Mr. Jack Mashburn, Weld County Hospital, Room 224, Greeley, Colo. Let's really fill his postman's pouch. Remember, there is nothing like a card from home when you are sick.

"Adios" until next week.

"Double-woven" fabrics are considered the best-wearing in gloves. Both sides of the cloth appear the same and of double thickness.

PLEASING COMBINATION—This dinner salad specialty sent to us from the state of Washington is a dish that will be a summer cooler.

Salmon Makes Tempting Salad

By GAYNOR MADDOX
NEA Food and Markets Editor

You'll relish this Northwest specialty of cold salmon and fresh fruit salad. The recipe comes from Mrs. Lloyd Sterling of Wenatchee, Washington. She is an enthusiastic fisherman. Her husband ships applies, which may explain her recipe using her catch and orchard fruits.

She gives one bit of advice: quantity buying saves money with in-season fresh fruits. Order enough to serve in a variety of dishes while prices are lowest.

Mrs. Sterling's dinner menu: cup vegetable soup, salmon and fresh fruit platter, French dressing, buttered rice and peas, poppyseed rolls, butter or margarine, fresh peach country pie, coffe, milk.

Salmon and Fresh Fruit Salad

Two pounds fresh salmon steaks or 3 8-ounce cans, 3 fresh pears, halved, French dressing, 1/2 pound fresh bing cherries, grape sauce, 6 fresh plums or prunes, halved and pitted, 1 cup fresh pineapple wedges, 1 head iceberg lettuce, 2 oranges, sliced, 1 3-ounce package cream cheese, 3 large fresh peaches, sliced, 3 tablespoons mint or currant jelly, 6 fresh apricots, halved and pitted.

Poach salmon steaks and chill well. Marinate fruits in French dressing. To serve, place salmon steaks in center of platter and top with the grape sauce. Arrange fruits on lettuce around salmon. Blend cheese with jelly and stuff centers of the pears. Additional French dressing may be served if desired. Serves 6.

French dressing contains approximately 59 calories per tablespoon. Fruit salad contains approximately 257 calories per serving. Salmon and sauce contains approximately 364 calories per serving.

Grape Sauce for Salmon

One tablespoon butter, 1 teaspoon grated lemon rind, 1 1/2 tablespoons flour, 1/4 teaspoon salt, 1/2 cup milk, 1/8 teaspoon ground black pepper, 1/2 cup stock (fish or chicken), 1 tablespoon fresh lemon juice, 1 egg yolk, 3/4 cup seedless white grapes.

Melt butter. Stir in flour. Simmer five minutes, stirring constantly. Do not allow to brown. Remove from heat. Add milk and stock gradually. Cook until thickened, stirring constantly. Pour a small quantity of hot sauce over the slightly beaten yolk. Stir and then add to the remaining hot stock. Stir over low heat for 3-5 minutes. Add seasonings and lemon juice. Do not allow to boil. Remove from fire. Cool slightly and place in refrigerator. When very cold, remove and beat well. Just before serving stir in grapes. Yield: 1 3/4 cups sauce.

Contains approximately 63 calories per serving of 4 2/3 tablespoons.

STOPPING FOR A SNACK?—Ben Tally-Ho, Scott Riles up, seems content to forget about the race to munch grass while Benbow, John Cotter aboard, goes about the business of romping to his second steeplechase victory at Delaware Park. Actually, Ben Tally-Ho was leading when he tumbled attempting the last jump. (NEA)

Vegetable Plate Makes Meal

CALIFORNIA VEGETABLE PLATE—Fresh vegetables from the Far West combined with dressing makes a salad that's a meal in itself.

By GAYNOR MADDOX
NEA Food and Markets Editor

Around Salinas, Calif., they talk of the good food Mrs. K. R. Nutting serves at her party luncheons and dinners. Her husband is a vegetable grower and she knows the art of waterless cookery.

"Don't throw away your fresh vegetable money in the cooking water," Mrs. Nutting advises. "Half a cup of water is enough in a covered saucepan. Simmer slowly until tender and serve with the juice."

Her dinner menu: Sliced cold meat, Summer vegetable plate, cloverleaf rolls, butter or margarine, honeydew melon with cheese balls, crackers, coffee, milk.

Summer Fresh Vegetable Plate

One-fourth pound whole snap beans, cooked, 3 4 cup French dressing, 6 small whole carrots, cooked, 1 head endive, 1 2 5-ounce jar smoky cheese, 3 small zucchini, sliced and cooked, 6 tomatoes, 2 bunches scallions, cooked, 2 cups eggplant "caviar," 1 cup cauliflower flowerettes, cooked, iceberg lettuce.

Marinate all cooked vegetables in French dressing for 1 hour. Stuff endive leaves with cheese. Peel tomatos if desired, and cut into eighths—cutting almost all the way through, but leaving sections joined at the bottom. Arrange a tomato "flower" in center of each plate. Stuff with the "eggplant caviar." Arrange other vegetables in lettuce cups around the tomatoes. Serve with cold meat, chicken, ham, luncheon meat, or beef. Serves 6.

Vegetables have approximately 95 calories per serving, cheese approximately 44 calories per serving, French dressing approximately 118 calories per serving, and "caviar" approximately 201 calories per serving.

Eggplant "Caviar"

One small eggplant, 3 tomatoes, peeled and chopped, 1 teaspoon salt, 1 2 teaspoon ground black pepper, 3 cloves garlic, 1 2 cup salad oil, 1 large onion, finely chopped.

Wrap eggplant in foil or greased wax paper. Bake in moderate oven (350 degrees F.) until very tender or about 1 hour. Cool and peel. Place salt in wooden bowl. Crush garlic into salt until pulpy. Add onion, tomatoes, eggplant and pepper. Chop until very fine, adding salad oil gradually. Chill until very cold.

Cattlemen Oppose Price Pegs, Seek Government Help

SAN FRANCISCO —(AP)— California cattlemen are opposed to price supports but they also believe their industry needs some kind of government aid.

These opinions were developed in a survey by the California Cattlemen's Association, announced Tuesday by Jake Schneider, president.

Three-fourths of the cattlemen voted against price supports and almost an equal number favored some government aid.

Schneider said the survey was the first in the nation to get "grass roots" opinions from cattlemen since the combination of drouth, large cattle numbers and price-supported feed forced beef cattle to sell below the cost of production.

COLORADO VACATION

Frances Bullock and Dot Hartgraves left Wednesday for a two-week holiday in Denver, Colo.

You can whip evaporated milk easily this way: Partially freeze a can of evaporated milk in your refrigerator. Then pour the milk into a very cold bowl, add one tablespoon lemon juice to each 2 3 cup milk, and whip.

SHE'S ABOUT 32 YEARS OLD—

Texan Daubs Big Murals For Hotel, Hunts New Job

By ARTHUR EDSON

WASHINGTON—(AP)— If Texana has her way, there won't be a blank wall left in a public place in America. Every last one will be covered with a mural.

Texana—that's her full legal name—is a painter. Nineteen of her murals are being pasted on the walls of the Statler Hotel banquet rooms, and the Statler people asked the press around to watch the job.

When the reporters arrived, Texana was perched on a stepladder, posing before one of her murals for early bird photographers.

She turned out to be a vivacious girl in a striped red and white blouse and a flare skirt, and even more decorative than her murals.

"How old is she?" asked a lady reporter. "About 32," someone answered.

Texana came down from the stepladder to say that she has had that name legally for six months. Before that she was Texana Burger. Named after a grandmother who had been born on the Louisiana-Texas border.

She said she always knew she was going to be a painter. "My mother," she said, "is a wonderful artist. Her name is Karl Burger, K-A-R-L, and I simply grew up in art. I never thought of anything else."

"Anyone in your family named plain Joe?" a reporter asked. "No," said Texana, and climbed back up the ladder for late bird photographers.

A late arriving reported asked, "How old is she?" "About 32," someone said.

The murals are scenes from various states. The New York job is a whopper, 54 feet by 8. It is filled with such scenes as the George Washington Bridge, Rockefeller Center and subway entrances.

Texana came down the ladder again to say she lives in Los Angeles, paints the murals on canvas and then has them taken to their destination to be pasted on the walls. She thinks this is better than painting directly on the walls themselves.

Evita Was Fat

"This way," she said, "you don't have people standing around craning their necks at you while you work. That's bound to bother you."

Someone asked what other work she had done.

"Maybe I shouldn't say it, but I have done some work for"—a pause here—"the Hiltons." The Statler people looked stoically off into space until Texana hurried on. "I also painted the portraits of every South American president."

She said that on two visits in Argentina she painted both Peron and his wife, Evita. "Evita became one of the world's best dressed women before she died," Texana said. "Real slim and chic. But when I visited her she had on a sheepskin coat, old slacks and was fat. You know, I think she was pretty that way."

Texana says her only ambition is to keep on painting. She's particularly eager for painters to get started on public places, such as airline terminals, which she feels not only will pep up the places but give painters needed practice.

"What we need," she said, "is more walls."

The party broke up and straggled down a hall being painted a sort of dark red by regular interior decorators.

"I hate that color," a lady reporter said.

A Statler press agent tactfully ignored the comment.

"Anyway," he said, "we'll have the brightest colored hotel in town."

Pretty Fanciful Stuff

Senator Paul Douglas of Illinois usually comes to bat well padded with facts. But he wasn't too well equipped for combat when he stepped up the other day to take a swipe at the Eisenhower Administration on the Korean truce issue.

His most striking statement was that former President Truman probably could have had a truce in the Summer of 1952 if he'd been willing to take the prisoner exchange terms which President Eisenhower agreed to.

He went on to say weaknesses in the present ceasefire terms soon would become obvious. To illustrate, he cited the privilege granted the North Koreans to build airfields almost down to the 38th parallel.

• • •

The clear import of these remarks is to suggest a surrender by Eisenhower to Asiatic communism, and to imply that the Truman Administration never would have countenanced such a surrender.

That's pretty fanciful stuff, senator. First of all, when the last Truman-sponsored truce talks ended on Oct. 8, 1952, all the terms except those covering prisoner exchange had been settled. Of these terms, only the battlefront demarcation line was changed by negotiators working under Eisenhower's guidance. This was necessary to take account of shifts resulting from many months of combat.

By accepting these terms, Eisenhower in effect endorsed them. But if this truce has any glaring weaknesses, it seems fair to suggest that blame for them ought to fall at least equally upon the Administration which originally approved the terms. Certainly the Democratic Party cannot now claim that the terms were honorable in 1952 but are dishonorable in 1953 under an opposition regime.

• • •

As for the prisoner exchange question, the simple truth is that it was the Communists who settled that, and not the Eisenhower Administration. The Reds settled it by accepting the principle that there could be no forced repatriation of prisoners who wished to avoid returning to their homelands.

In the Summer of 1952, the time mentioned by Douglas, the Communists showed not the slightest sign of giving way on that point. And it was the point our negotiators—advised by Truman—were insisting upon. So, in October the talks broke down.

They were resumed in April this year because the Communists so desired. And they were not concluded until the Eisenhower negotiators had won the very point the Truman conferees had battled for unsuccessfully. The difference was in the attitude and intention of the Reds across the table.

Most uncharacteristically, Senator Douglas is at sharp variance with the facts when he tries to convey the notion that Truman nobly held out against the Communists but Eisenhower yielded meekly to their demands.

An Oklahoman man who says he never drank, smoked or swore, celebrated his ninety-eighth birthday. We wonder how long it really seemed.

Answer to Previous Puzzle

—And Thou Beside Me

• The Washington Merry-Go-Round

By Drew Pearson

(Copyright 1953, By The Bell Syndicate, Inc).

Drew Pearson says: Senate report criticizes American Medical Association; Late Senator Tobey leaves legacy for cancer treatment; New drug recommended by some doctors, opposed by others.

WASHINGTON — Ohio's statuesque senator John Bricker ordered it suppressed before even reading it, but a confidential report on cancer has been sent to his desk highly critical of the American Medical Association for attempting to suppress a new drug which helps to relieve cancer.

This blistering report was prepared under the direction of the late Senator Tobey as chairman of the Senate Interstate and Foreign Commerce Committee and was submitted to Bricker, the new chairman, by the investigator appointed by Tobey.

The report charges: 1, that "the AMA has been hasty, capricious, arbitrary, and outright dishonest" in its opposition to the cancer drug, krebiozen; 2, that AMA's treasurer, Dr. J. J. Moore, "attempted to get the distribution rights" for krebiozen for two Chicago businessmen, and, after failing in this, "he embarked upon a course to ruin . . . the drug", and 3, that "public and private funds have been thrown around like confetti at a country fair to close up and destroy clinics, hospitals, and scientific research laboratories which do not conform to the viewpoint of medical associations."

Finally the report suggests that "the machinations of Dr. J. J. Moore could well involve the AMA and others in an interstate conspiracy of alarming proportions."

These shocking charges are based upon the investigation of Senate agent Benedict Fitzgerald, who was given a secret assignment by the late Senator Tobey to investigate alleged AMA hamstringing of cancer research. The probe was kept secret because Tobey feared the powerful doctors' lobby which last year was listed as the No. 2 lobbyist in Washington. The lobby spent $309,514.93 last year to influence Congress, making it second only to the electric power lobby.

Bricker Says No

After Tobey's death, Bricker, who replaced him on the Interstate Commerce Committee, promptly ordered the investigation stopped. He refused to so much as see Fitzgerald, though the investigator offered to fly to Ohio at his own expense for an interview. Instead, Bricker's office ordered Fitzgerald to "forget" the whole thing, and above all, not to talk to the press. If he followed these instructions, Fitzgerald was told, he would be "taken care of."

However, Fitzgerald wrote a sharp letter to Bricker, saying he was "surprised and even shocked" at the runaround. He then sent copies of both the letter and his report to every senator on the committee.

Irony is that Bricker's own Senate partner, the late Bob Taft, was killed by cancer. Tobey, on his own deathbed, sent Fitzgerald to New York with some krebiozen for Taft. However, the doctors refused to use it, citing the opposition of the AMA.

Fitzgerald's report does not claim that krebiozen is a cure for cancer. It simply sets forth the results of the research so far, adding: "The heavy toll of life being taken by cancer requires a searching investigation."

Difference Between Doctors

In particular, the report cites the findings of Dr. Andrew C. Ivy, vice president of the University of Illinois medical school, who directed medical research for the Navy during World War II and discovered a chemical to make sea water drinkable and an ointment to protect the skin against extreme heat and cold. He has also made other important medical discoveries, such as enterogastrone for treating peptic ulcers. Dr. Ivy is so respected in medical circles that he was also called upon to evaluate cancer therapy for the American Cancer Society and expose quack treatments.

In the case of krebiozen, however, Dr. Ivy did not find that it was a "quack" drug. He tested it first on animals to make sure it was nontoxic. Then he tried it out on cancer patients.

"On the conclusion of his preliminary study," the Fitzgerald report states, "he issued a statement that 70 per cent of the cancer patients receiving krebiozen derived benefits from the new drug ranging from relief of pain to complete healing. A 1,000-page compilation prepared by him, supplemented by laboratory records, gives case histories on 500 patients treated by 232 doctors in 150 clinics and hospitals throughout the country."

Though Dr. Ivy had once served on its board, the AMA promptly censured him and expelled him for three months from the Chicago Medical Society. Because of the controversy, he also took a leave of absence from the University of Illinois and was prevented from continuing his research there.

The Fitzgerald report points to Dr. J. J. Moore, for ten years treasurer of the AMA, as "the spearhead behind attempts to have the drug ostracized."

Four Senators Killed

Fitzgerald wound up his report with this appeal: "May I, with propriety, call your attention to the tragedy which has invaded the United States Senate. Four great Americans — Senator McMahon, Senator Wherry, Senator Vandenberg, and Senator Taft—were all stricken down with this dread disease. We are under a compelling moral obligation to the memory of these great public servants and to the untold millions of cancer sufferers throughout the world to carry on this investigation."

Note 1—Senator Bricker's office, when queried, stated flatly that Bricker intended to do nothing about the cancer report. Asked whether Bricker had read the report, the reply was "no."

Note 2 — Many doctors disagree vigorously with the American Medical Association, feel that it has gone too far in engaging in politics.

Mailbag

Correction — Although the name of Congressman William Green, Pennsylvania Democrat, appeared on an official request to the Defense Department for transportation to Europe "about August 15," his office states that he had no intention of going to Europe and that Chairman Dewey Short of Missouri misunderstood when he made the request for transportation to Europe for Green . . . M. R., Atlantic City, N. J. — Best answer to Governor Driscoll's supposed dependence on GOP Boss Hap Farley is that at the last session of the New Jersey legislature, Driscoll forced through a badly needed jury reform bill, despite Farley's bitter opposition . . . J. A., San Francisco—the Damon Runyon Cancer fund so far has collected $7,667,750 and paid out $6,921,856. This amazing job is due almost entirely to the tireless efforts of Walter Winchell, who with Louis Lurie and the other directors, also handles the overhead expense. Not a penny has been deducted for the expense of handling the fund.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

Today's hand, played in the 1952 National Open Pair Championship, is taken from Al Roth's interesting new book "The Roth-Stone System." Players who use this system have enjoyed great success in recent tournaments.

Just to keep the record straight, I ought to observe that I don't play Al Roth's system myself. I don't see any need for it in tournament play, and I think it is a very poor system at rubber bridge. (In fact, I have challenged Roth to a long match to test his system against the "natural" methods that I have been advocating for years. The match will be played if we can ever agree on times and places.)

Like it or not, the system has scored its successes, and the book will be studied carefully by everybody who has to play against the system as well as those who may want to adopt it.

In the hand shown today, Roth made the jump overcall of two spades on the rather mangy East hand. The jump overcall, in his system, shows a fairly good suit without top cards and without side strength. The idea is to make it difficult for the opponents to get together on their best contract.

"As can be observed," comments Roth, "either five clubs or five diamonds is a laydown! The jump overcall—admittedly a dangerous one—created the situation where each partner inferred (or hoped) that the other had the heart suit protected. I had no criticism of Mrs. Kemp when she elected not to lead my suit."

Mrs. Kemp held the West hand, of course, and with her customary discretion, said nothing during the bidding. She waited for the bidding to die down and then led her fourth-best heart almost apologetically. After she had taken the first five tricks, the opponents were a very glum pair.

Give full credit to Roth for his risky jump overcall and to Mrs. Kemp for her eloquent silence—but also hand a ripe scallion to South for ignoring the warning signal. When North bid three clubs, he was indicating a hand that was afraid of no-trump.

South, having showed his no-trump ambitions, could afford to bid three diamonds at this stage. North would then go on to game in diamonds. When South repeated no-trump, North had to believe that his partner knew what he was doing.

NORTH (D) ♠ 4 ♥ 8 6 ♦ A K J 9 3 ♣ A Q 10 7 3

WEST ♠ Q 8 2 ♥ A K Q J 10 ♦ 8 7 4 ♣ 6 4

EAST ♠ K J 10 9 7 ♥ 7 5 3 2 ♦ 6 2 ♣ 8 2

SOUTH ♠ A 6 5 3 ♥ 9 4 ♦ Q 10 5 ♣ K J 9 5

North-South vul.

North	East	South	West
1 ♦	2 ♣	2 N.T.	Pass
3 ♣	Pass	3 N.T.	Pass
Pass	Pass		

Opening lead—♥ J

CARD Sense

Q—The bidding has been:

North	East	South	West
1 Diamond	Pass	1 Heart	1 Spade
2 Clubs	Pass	?	

You, South, hold: Spade 7, Hearts K-Q-7-3-2, Diamonds Q-7, Clubs K-9-8-3-2. What do you do?

A—Bid four clubs. This jump past the level of three no-trump shows unbalanced distribution, extraordinarily good support for clubs, but no real reason to hope for a slam.

PETER EDSON'S Washington News Notebook

Ingenious Hostess--POW's To Get Back Pay--Bradley's Famous Retort--Red's Deportation

WASHINGTON — (NEA) — The wife of Turkish ambassador to Washington, Feridun C. Erkin, is regarded as one of the most beautiful hostesses in the capital, and a most ingenious woman.

Washington women attending one of Madame Erkin's formal luncheons find at their places a small, lipstick-red napkin, in addition to the regular napkins of natural linen, beautifully embroidered in Istanbul with pastel silk and gold thread.

Madame Erkin used to find her real chores as a hostess began after a party. When her guests had gone, the ambassador's wife would spend half an hour on each linen napkin, gently rubbing lipstick stains out of the gold. Madame Erkin would trust no one else to do this delicate restoration job.

The result was her brainstorm to give her feminine guests a second napkin—a red one—just for wiping lipstick.

It might set a new fashion, for what might be called, in her honor, "erkins."

Mild-Mannered General

General of the Army Omar N. Bradley, retiring chairman of the Joint Chiefs of Staff, probably can go down in history as one of the mildest-mannered fighting men ever to wear a uniform. He seldom lost his temper, he was kindly, and even when he had to reprimand someone General Bradley was famous as a master of the mild reproof.

The classic example came when General Bradley was being escorted by his personal staff to a suite in a New York hotel. An aide walked into the parlor first to see if everything was secure and in order. He took one sniff of the vapor trail left by the previous occupant and remarked wisely, "Smells like a French boudoir."

Without a moment's hesitation, General Bradley answered in his usual soft voice with the mild reproof, "I wouldn't know."

That phrase lived on. During the Senate investigation into the dismissal of Gen. Douglas MacArthur as Far Eastern supreme commander General Bradley knew that he would be asked a lot of questions that he simply could not answer, without giving away some of the country's top secrets.

He put this problem up to his staff and they went to work on it. Finally one of them recalled the mild reproof in the general's remark about the French boudoir perfume.

So that was the answer the general used to ward off many an unanswerable question, and it kept him off the hook.

KSC Unemployed

The suggestion of Secretary of State John Foster Dulles to use American troops in rebuilding Korea has another aspect that doesn't affect the U. S. It has to do with the 100,000 members of the Korean Service Corps. These men did legion duty all through the war, carrying huge loads of food and munitions over the rough mountain country to the front on "A" frames lashed to their backs.

It was figured that if U. S. troops had done this supply work, it would have cost $1,150 per man per year. The Koreans did it for $400.

But now that the fighting has stopped, most of the 100,000 men in the Korean Service Corps are out of jobs. It means that the Korean economy will lose a payroll of about $4,000,000 annually, which is a lot of money in Korea. It is considered important that these Korean laborers be among the first to work on rehabilitation projects.

U. S. Chamber of Commerce has taken over the Department of Commerce chore of issuing a calendar of special days, weeks and months for business promotion. The government had to stop this service when Congress cut appropriations.

All the government files on Mother's Day, Child Health Week, Bride Month and the like now have been sent to USCC in Washington. It will issue its first calendar in October, for 1954 promotion, at no expense to taxpayers.

POW's Back Pay

U. S. Army has adopted a policy of not revealing how much returned prisoners of war will collect in back pay. Main reason: to protect POW's from confidence men. It's also considered necessary to avoid hard feelings among the men themselves.

There are pay factors which vary with each soldier, such as how long he has been in service, how much allotment is being sent to his family.

It's not even certain that Maj. Gen. William Dean, the highest ranking American POW, will get the most back pay. It has been estimated that he might draw as much as $30,000, but this figure could be way off. Some of the full colonels who had been prisoners for longer periods might draw even more than Dean.

The plan now is to give each POW $150 as soon as he is released, then settle in full after returnees reach the U. S. By law, a man could demand full back pay at once, but it's not expected many will ask immediate settlement.

Alien Muddle

Out of almost 100 denaturalization and deportation proceedings against alien Communists in the United States, the Department of Justice thus far has been able to get only one out of the country.

Mrs. Goldie Bessie Davidoff, otherwise known as Gerry Frank, a native of Montreal, was deported to Canada on June 30. In addition, the department has a fair chance of deporting Jean Fougerouse, a native of Tahiti and a French citizen, ordered deported at Seattle for west coast Communist activity.

The difficulty is in getting countries in which the aliens were born to take them back. Out of 17 ordered deported all have resisted deportation. Among them are a number of old Commie leaders. Israel Blankenstein of Russia, a charter member of the American party; Jacob Satchel and John Williamson. Proceedings are under way to deport 16 more and nine others are under investigation.

In addition, denaturalization suits are under way against 14 Communists and 36 more are being investigated. After denaturalization has been approved by the courts, deportation proceedings may start.

No deportation may be ordered for native-born Americans.

Dead New Deal

The New Deal in Puerto Rico now may be said to be officially dead, from a legal standpoint, anyway. Congress took this step just before it went home by passing a resolution to liquidate the Puerto Rico Reconstruction Administration — PRRA. This was the outfit into which all WPA, REA, housing and other programs of the 1930's were put for administration on the island. Congress hasn't appropriated any money for PRRA since 1941, but it has taken eight years to liquidate its affairs.

Q's & A's

Q—What is the new law regarding the position of the American flag when displayed with international flags?

A—The legislation prohibits the display of flags of international organizations or other nations in equal or superior prominence of honor to the flag of the United States. An exception is that at the United Nations headquarters the UN flag may take precedence.

• • •

Q—Is the story of William Tell based on fact?

A—Probably not.

• • •

Q—When was the flashlight invented?

A—About 1898.

• • •

Q—What are the natives of Patagonia called?

A—Patagonians.

So They Say

We can't afford to operate first-class mail at a rate 20 years behind the cost-of-living index.
—Postmaster General Arthur E. Summerfield.

• • •

My head hurts. I hear noises.
—Floyd Mills, nine-year-old boy, deaf three years, recovers hearing when his head struck dashboard of car.

It is high time we quit kidding ourselves about enjoying any monopoly of the atom.
—Gorden Dean, ex-chairman, Atomic Energy Commission.

• • •

Sometimes you wonder, sometimes you wonder if it will ever rain again.
—Hinton Fluitt, Post rancher.

LITTLE LIZ

Middle age is the time when men give up hoping their kids will amount to something and start concentrating on their grandchildren.

Have A Laugh

By BOYCE HOUSE

If the knock at the door is long and loud, it's not opportunity; it's relatives.

Abe Martin declared that no matter how a dun is addressed, it always reaches you.

Beside the Laughing Water

A Romance by
LOUIS ARTHUR CUNNINGHAM

Copyright 1953 by NEA SERVICE, Inc.

XXVIII

LILITH went the following afternoon to Gavin's house to see what was being done by the carpenters and decorators he had brought from the city. It was a big old wooden house built in the days when the Waylands owned sawmills and labor was cheap and no house was complete without a few turrets, dadoes and similar ornamentation. Gavin was having a lot of scrollwork knocked off the veranda and having the oil furnace taken out and the former heating system put back.

There was a lovely old garden and lawns sloping down to the river and some huge Manitoba maples and a beautiful grove of pines. It was a lovely, quiet, restful place and she liked it from the start and felt that here she could be happy.

They were going over the page-proofs of Korean Karousel, which had come in the morning's mail and which thrilled them both as with vast importance they made cabalistic signs learned from The Writer's and Artist's Year Book, wondering if the printer ever really bothered with them.

"I don't think," said Gavin, indicating a cute little mark to direct that a word be deleted, "that the printers need all this. The printers I've known were a pretty smart lot. I think I'll just make my own signs—"

"Isn't it a grand feeling, Gavin—to see your book in print?" Lilith was fondling the pages as if they were precious leaves from some immortal tomb. "I get the grandest thrill out of it."

"Well, after all," he looked at her smilingly, "it's our, yours and mine—our first baby, and begotten amidst tears and heartbreak, as I recall."

"Yes, I was confused about a lot of things—you and Giles and the rest of it. I was almost afraid to undertake the job you'd offered me to help you with the book. But I couldn't resist—"

"Me or the book?"

"Both of you. I loved the way it worked out—Peg and Rowan acting as cupid's messengers and those lovely letters you would send me with each dollop of literature."

"They helped improve my style, darling. I dashed them off before my daily stint, just to get the words flowing. A sort of warm-up."

"I always knew that writers were the world's biggest opportunists. Everything that comes along is grist for the mill."

"Of course. You didn't think I neglected to keep carbons of those billets doux, did you? I'll probably be able to work them into a novel."

"I never thought you would be so mercenary. Would you bare the secrets of our hearts for all to read?"

"Well—since you put it that way—not unless of course they offer a whopping big price and will take the movie rights." They laughed.

• • •

"PEG came to me," she said after a while. "It made me very happy."

"I thought she would. I didn't send her, mind you—or even urge her. I know my Peg and if I'd put it up to her as a matter of duty or noblesse oblige or anything like that she probably would have got her back up and refused to go near you."

"She was very sweet. She had decided she would back out of the show, refuse to go on as Diana, but I showed her how wrong that was. She will play the part better now, I think, and even as it was she had nothing to worry about. I think she will be a sensation."

"You certainly give her a mark to shoot at."

"That won't hurt her. That's the trouble with all these amateur art movements—whether its 'painting for fun' or 'writing for vanity' or 'acting for the ego'—they're all very well in their way and do no harm, but they accomplish so little when you consider the time and effort and money spent on them. They—the people in them, I mean—have such an unrealistic attitude towards what they're doing—writing, painting, acting. It infuriates me that they can have such a wrong conception of what they're trying to do. There's so little glory or glamor about the arts—"

"Hard work and heartbreak—"

"That's it. But everyone not on the inside seems to think it's a wonderful game—inspired, out-of-the-world, in the cloud-realms of beauty. They've never shaken hands with the devil, that's sure. And you can count on the fingers of one hand the real writers, painters or actors who emerge from such cultural crusades. I heated too many tins of soup over a gas-ring, my man, and tried out for too many plays and rehearsed too long and saw too many flops to think there is much glamor about the stage."

"You make me feel as if I've had it easy."

"You worked. You've been through it, but you were lucky. You had the right stuff at the right time."

• • •

"I HOPE the adjudicator isn't quite so tough with them as I fear you'd be."

"I have an idea he will be tough enough. I met him a few times."

"Garret Kane—isn't that the lad? I met him too. Used to be a newspaperman. He worked in Toronto for a while, then he was dramatic critic on some paper in London. Tough bird, as I recall. Looked like a pug."

"Was one. He was a professional boxer for a while."

"So that is why, I suppose he won't pull his punches—"

"He was very kind to me when I played in Crosskeys, but usually he was rough on new actors. Slasher Kane, we called him. He made women weep and strong men gnash their teeth and swear. He may be different now."

★ Daddy Ringtail ★

By WESLEY DAVIS

Daddy Ringtail And The Sugar Bowl

Mugwump Monkey, the monkey boy, can ask more questions than anybody. He can ask more questions than people can often answer. Why, there was once a day in the kitchen with Daddy Ringtail, your monkey friend—and that's the story I'm telling about.

Mugwump looked out the window at all the Great Forest. Daddy Ringtail knew that a question was coming, but the question was not about the forest. It was about the sugar in the sugar bowl that was sitting on the table.

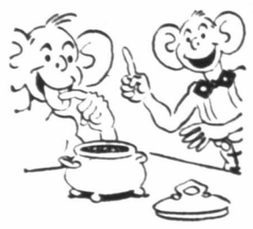
"Daddy Ringtail?" asked Mugwump.

"I hear you, Mugwump," Daddy Ringtail answered.

"Daddy Ringtail, why is sugar sweet?"

"Ummm," said Daddy Ringtail to think about it.

"Sugar doesn't look sweet," Mugwump explained. "Sugar looks almost like salt that you put on your



scrambled coconut, or maybe like sand that is white."

And that isn't all. Sugar not only doesn't look sweet, it doesn't feel sweet. Mugwump rubbed a bit of it between his fingers just to be sure. The sugar didn't feel sweet at all. Mugwump said it didn't.

"Well now," said Daddy Ringtail. He was thinking about it, you see. "Well, now."

Mugwump reached out his hand and got a bit of sugar. He touched the sugar to his tongue. "No," he said, "sugar doesn't look sweet, and it doesn't feel sweet, but it tastes sweet. Daddy Ringtail, is sugar sweet because it tastes sweet?"

"That's it!" cried Daddy Ringtail. "That's it."

Mugwump got down from the table and hurried out into the forest to explain to everybody why sugar is sweet. "Daddy Ringtail told me," said Mugwump. "Daddy Ringtail says that sugar is sweet because it tastes sweet. Daddy Ringtail is smart to know it."

But the funy thing about it, you know, is that Mugwump had answered his question himself. He is the one who decided that sugar is sweet because it tastes sweet. And many, many questions we can answer for ourselves, if only we stop to think about things. Happy day!

RRC Reports 15 Wildcats, 49 Field Tests In WT Area

Locations for 15 wildcat projects were included among a total of 64 new petroleum developments reported to the Midland district office of the Oil & Gas Division of Texas during the last week. The 64 new tests were scattered among 21 West Texas Counties.

The wildcat locations were distributed two to each of Andrews, Ector and Midland Counties and one each to Borden, Culberson, El Paso, Howard, Kent, Loving, Sterling, Ward and Winkler Counties.

Andrews County received nine new field locations and Ector County received eight. Pecos County reported five new explorations and Crane, Scurry and Sterling each gained four.

Drillsites were established for two new projects in each of Gaines, Howard, Terry, Ward and Winkler Counties.

The remaining new sites were divided one each among Dawson, Hockley, Loving, Lubbock and Martin Counties.

Andrews County

Wildcat—Texas Gulf No. 1-M University, 660 feet from north and 1,980 feet from east lines of section 20, block 14, University, survey, rotary to 5000 feet.

FROM LONDON TO FRANKFURT

Crane Native Flies Across Europe To Buy Buttermilk

By GRACE HALSELL
Special Reporter-Telegram Correspondent

WIESBADEN, GERMANY —Major William Benson, Austin native, had just returned to his home base here from France when I saw him.

"Now I know why the French had to invent good, strong perfumes," he exclaimed.

He said he was convinced they did not use water at all for drinking or bathing—even when there were no strikes.

"In Paris they say the water was cut off for two days and the French never realized it," he continued.

In his 14 years with the Air Force, the Texan has become accustomed to the unusual in mores and climates. He has experienced everything from the North African desert, with temperatures of 125 degrees, to tours of duty in Alaska and Greenland, just 400 miles from the North Pole, with temperatures of 45 degrees below zero.

The major, son of Mr. and Mrs. M. F. Benson of San Antonio, has had four assignments in Europe, the first with the 8th Air Force when he flew B-17's on bombing raids. He thought the Italians had little heart for fighting, but he found the Germans "determined, insistent" and in raids "they were hit or they hit you."

Major Benson is married to the former June Harvey, daughter of Mr. and Mrs. J. N. Harvey, Houston. They have a daughter, Kay, 9.

SHOPPING EXPEDITION — On Navy Flight 600, Frankfurt, Germany, to London, I sat down by Lt. Pete Johnson. And as my good luck would have it, he turned out to be a Texan, native of Crane, and former resident of Fort Worth and Kilgore.

I had seen the lieutenant board the aircraft somewhat laden with papersacks filled with bottles, and I assumed them to be "bottle" in the general holiday term.

But it turned out otherwise.

Lieutenant Johnson explained during the two-hour hop across Germany, France, the channel and into London, that he was on leave from duty but had flown from England to Germany, because:

"I had to do some shopping in Frankfurt."

And what was so important that he would travel across Europe to buy?

"Buttermilk," the Texas boy explained. "You know you can't find good buttermilk in England."

Sure enough, he opened the sacks and showed me.

Bottles of buttermilk.

• • •

GOOD SPY MATERIAL—I often think I would make a good spy, people trust me so.

Take customs, for instance.

In all the traveling I have done for the past year—in and out of every country in Europe—no customs official has ever opened any of my bags.

Once or twice, one has asked if I had anything, like cigarets or whiskey, and when I said "No," he always took my word for it.

Guess I have one of those "honest" faces, or perhaps just uninteresting luggage.

• • •

SOUR GRAPES? — A reporter I know asked Miss Italy what she thought of American women.

"American women," Miss Strazi answered, "are beautiful, but they are like overripe grapefruit."

Miss Italy says she will marry an American man.

"American men give their wives their pay checks," she has heard, while Itallians just give them a lot of talk.

• • •

HOW OFTEN DO YOU PRAY?—In Turkey, a good Moslem prays five times a day.

"Prayers are said at sunrise, during the morning, at noon, afternoon and at sunset," Joseph Glenn Power, chaplain with the U. S. Navy at Izmir, told me. A sister, Mrs. J. B. Wilkie, lives in Dallas.

"The hoja (priest, or literally, 'teacher') goes to the top of a minaret (tower) and calls the people to prayer." Prayers are recited in Arabic, the language of the Koran.

A Methodist, Chaplain Power met the chief hoja, and had an enjoyable chat with him—through an interpreter.

Young Turks with whom I talked varied in intensity of feeling about their religion—just as young people everywhere nowadays.

One Turk I met in Istanbul said that should he fall in love with a girl who was not a Moslem he might marry her, but only on condition she would permit him to raise their children in the Moslem religion. He said also he would make the holy pilgrimages to Mecca.

Another young Turk questioned his religion. "How can a man earn enough these days to support a family by working all day — much less stopping five times for prayers? It is not practical."

In Turkey, 98 per cent of the population are Moslems.

• • •

TEXAS HOSPITALITY — Traveling alone in Europe sometimes presents its lonely aspects, but then meeting Texans everywhere one feels the warmth of home in their hospitality.

For instance, when I met Mrs. Herman R. Hebb in Naples she immediately invited me to her home for dinner—and I accepted.

The wife of Lt.-Cmdr. Herman Hebb, she is the former Clara Louise Stroter, a Dallas native, and the daughter of Mr. and Mrs. T. C. Stroter, Houston.

Her husband, who enjoys a variety of interests from hunting and fishing to oil painting, was stationed in Corpus Christi when they met. Corpus he describes as "one of the finest spots in the world," and he especially enjoyed the fishing while there.

His favorite assignment, however, was in Panama.

Both of the Hebbs like Naples, and Clara Louise asserts that "Those Americans who are unhappy here are the type who would be unhappy any place."

Unlike some American wives overseas who devote their time entirely to an American circle of friends, Mrs. Hebb has friends among Italian women as well, and the couple often have native friends in for dinner.

"Herman speaks Italian and I understand it when it is spoken—though I am not any good at speaking the language myself," Mrs. Hebb says.

They have a lovely apartment, overlooking the bay of Naples—and from their living room terrace one may get as lovely a view as may be had in Europe.

They haven't traveled too much, as Commander Hebb hasn't gotten time off "and we don't enjoy a trip unless we both travel together" she says. However, a trip to Greece and Turkey is being talked about for this Fall.

Casualties in Korea

WASHINGTON—The Defense Department Wednesday identified these additional pre - armistice Texas casualties in the Korean area:

Wounded, Marine Corps: Pfc. Carol D. Colwell, Corpus Christi; Pfc. Tony D. Ovalle, San Antonio; Cpl. Estle A. Patton, Itasca; Pfc. Louis H. Ruelas, Fort Worth; Pfc. Jose C. Trevino, Houston; Pfc. Fernando Villanueva, Jr., McAllen; Second Lt. Walter K. Wilson III, Dallas.

Injured, Army: Sgt. 1/c Edward L. Hapshie, San Antonio; Pfc. Genaro C. Leyva, San Antonio.

A dory is a boat about 16 feet long, with high sides.

"FIREBEE" IS STARTING TO BUZZ—The "Firebee," America's newest pilotless jet, speeds from the end of a 60-foot launching rail with the aid of a rocket to boost its flying speed. Moments after the launching the rocket is jettisoned and the drone's jet engine takes over as the sole source of power. The plane is flown by remote control from a ground station.

Clean and wax the baseboard and border around a room-sized rug with a cloth saturated with a cleaning and polishing wax. Use a dry cloth for polishing.

An oiled or chemically treated mop shouldn't be used on waxed floors. It will only dull the shine. Use an untreated dry mop or the vacuum cleaner brush attachment.

There's no need to bend and stoop when filling a laundry basket. Put yours on a raised surface or have one of the folding metal ones that fits into a laundry cart on wheels.

NEW MEXICANS HERE

Mrs. E. B. Neutzler and children were here Wednesday from Jal, N. M.

To keep your appliances clean, wipe them with mild soapy water while doing dishes. Never wash enameled surfaces when they're hot; if you do, they might crack.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

Modern Way to Control Roaches, Ants

Scientists Discover New, Easy Way to Kill Crawling Insects

ROACHES and ants, pests that they are, are usually found near food and cooking utensils where you should not use bombs or sprays. And no need to either, when you can brush Johnston's NO-ROACH just where you want it, around cabinets and sink or wherever these bugs are found, without having to move dishes or pots and pans.

Effective for Months

Johnston's NO-ROACH is colorless, odorless, and stainless. Insects that walk across the invisible coating become paralyzed and die within three hours. Then the coating remains effective for months to prevent re-infestation and to keep your home free of crawling insects all season long.

Contains Chlordane

If you brush Johnston's NO-ROACH across window sills and door sills, ants will not cross the invisible coating. You may also control silverfish, waterbugs, household spiders and any other crawling insects with NO-ROACH.

One important point to remember: NO-ROACH is a unique formula, made only by Johnston. It cannot be duplicated. For truly effective control, use genuine Johnston's NO-ROACH Available in 8-oz., pint and quart sizes."

U. S. Keeps Staying Hand On Chiang's Yen To Send Troops Against Mainland

WASHINGTON—(AP)—The United States is supplying substantial modern military equipment to Chinese Nationalist forces on Formosa but has reserved for itself a powful voice over any possible major operations by them against Red China.

Officials who reported this said the American government is concerned especially about the possibility of attacks on the Communist mainland which could be expected to provoke Red retaliantion and thereby involve the U. S. Seventh Fleet.

Information available here indicated that an agreement with the government of Chiang Kai-Shek to assure the United States a voice in major strategic decisions did not affect the kind of harassing operations which Chiang's forces have long been carrying on against Communist units on islands near the mainland.

Under some conditions, it was clear that the U. S. right to share in decisions on operations could give this country a virtual veto. Such a veto presumably would be exercised on projected Nationalist military operations which would involve American forces in a manner or to a degree inconsistent with American interests.

Officials declined, however, to say that it was in fact a right of veto which was provided in the agreement.

The arrangement apparently grows out of President Eisenhower's action last February in revoking an order to the Seventh Fleet to prevent Chinese Nationalist attacks on the mainland.

Subsequently, the United States stepped up its program of military aid to the Nationalists on Formosa.

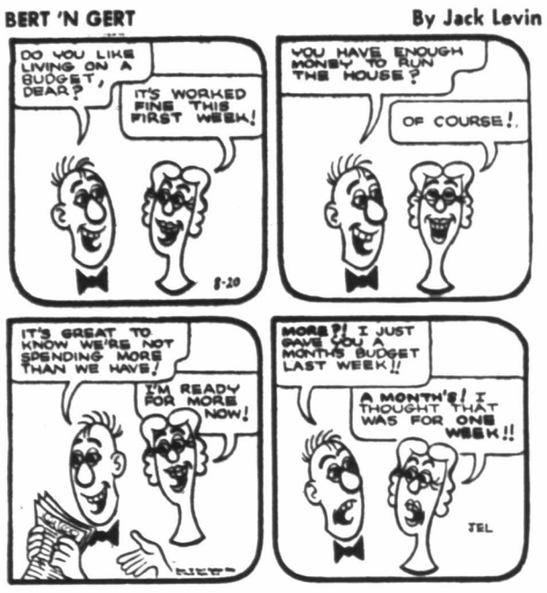
Reds On Defensive

From the point of view of putting the Communists on the defensive and possibly causing them to tie up forces in the area opposite Formosa, this fitted in with American plans.

However, the President had left the Seventh Fleet with the responsibility of protecting Formosa against assault by the Communists. This meant that as the Nationalist forces became stronger, they might undertake a big operation which would involve the U. S. fleet in military action with Chinese Communist forces. That, in turn, could have an incalcuable effect on the whole international situation.

As a result of such considerations, informants said, the United States got an agreement with the Nationalist government that it would be informed and consulted well in advance of any such operation and that it would have a voice in the decision.

BERT 'N GERT — By Jack Levin



Citizen Makes Sad Mistake

Last Tuesday afternoon, Joe Doakes, wandering north in the 300 block of North Colorado, met a lady, walking south, obviously tired, hot, and disturbed. She wore no shoes and carried her stockings in her hand.

Joe, kindly soul that he is, offered aid and comfort. "Ma'm", says Joe, "I know how it is. I often felt that way after a long, hot struggle to mow my lawn with an old, dull push mower."

"Tell you how I solved my problem," he continues, confidential-like, "One day, mowing away, hot and tired, had my shirt off, had my shoes off, and had my mad on, when, suddenly I remembered a news item in the paper, which told how other people, with troubles like mine and yours, had solved them by getting one of those sleek, easy-starting, quiet-running Jacobsen Power Mowers. I put on my shoes, my shirt, and my composure. Thirty minutes later I was back on my lawn, purring a song of joy. Now, I wear all of my clothes and my shoes when I mow. Try it, ma'm. Saves work, and you'd be a pot purtier in shoes."

"Well, I never—!", says the indignant femme, "now let me tell you something, you, you—!"

Then she smiled and softened, "Thanks for the tip, buddy. I'm going to get a Jacobsen, but the truth is, my shoes hurt my feet while I was in the picture show. Absent-minded that I am, I left without them, now I'm going back to the Yucca.

Nice work, Joe! We delivered her new Jacobsen on Wednesday, and she had her shoes on.

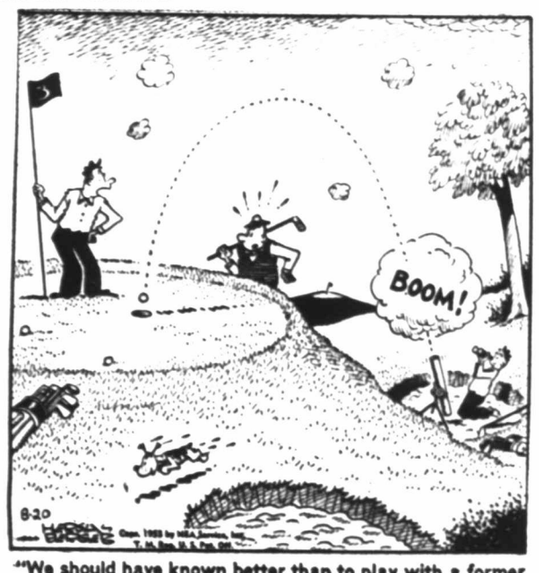
FUNNY BUSINESS



"We should have known better than to play with a former sergeant of a mortar squad!"

GAINS PROMOTION — George Clark has been appointed district sales representative for the Fort Worth-El Paso division of Southwestern Greyhound Lines. Previous to his appointment, Clark, who has been with Greyhound since 1936, was passenger agent for the company in Arkansas.

LAUNDRY ROOM

A large closet can be converted into a miniature laundry room when space is at a premium. Shelves above can be used for linen storage and laundry supplies. Lower space can hold the washing machine (but only if it's a front-opening type).

When using mint, keep a few of the stems and put them in a glass of water on the window sill. They will releaf and can be planted in the garden.

PLASTIC CHEST

A manufacturer has designed a chest of drawers made of transparent plastic so that the family members can see what's on the bottom of the pile without pulling everything out of every drawer.

TEST DARK DYE

An excellent way to test the dye used in a dark-colored slip is to rub the slip vigorously with a white handkerchief. The color should not stain the handkerchief.

To find leaks in an inner tube, hose, or gas pipe, apply soapsuds to the surface. Bubbles will locate them for you.

Hints Show Reds Planning New Southeast Asian Grab

By FRED HAMPSON

HONG KONG —(AP)— Several straws in the wind indicate a spread of Communist trouble in Southeast Asia in the wake of the Korean War.

You can't be sure yet of the form or forms it may take.

But one worrisome hint is contained in Peiping radio's announcement last month that an autonomous government for the Thai minority peoples in Yunnan, a China province which abuts Burma and Indochina, has been set up.

The Chinese Reds have granted semi-autonomy to several minority ethnic groups in China. Mostly these appear to be suggary sops to keep peace among these people, who have never absorbed and who are cantankerous by nature and hard to get at by geography.

But the Thai semi-autonomous district in Yunnan probably has quite a different purpose. The Thais live in the mountainous regions of Yunnan, the Shan states and other border zones of Burma and northwestern Indochina. They're related to much of Thailand's population.

Last year Communists in Indochina conducted a campaign in the Thai country of Indochina in behalf of Red chieftain Ho Chi Minh. The still-unexplained Communis. invasion of Laos last Spring could have been an additional effort to influence the Thais.

Now comes Peiping with another of its "nations within a nation" for the Thais of Yunnan. Peiping has a way of revamping maps. Borders usually are bulged out in China's favor.

It would be easy to spread this Thai "nation" from Yunnan into Indochina, Thailand and Burma—not as geographical conquest—but as a "nationalist movement" by the Thais themselves.

Peiping, of course, would call the signals but the Thais, who have the usual sets of grievances against the French and the other peoples of Burma, to say nothing of the English and Americans, probably could think they were doing it themselves.

+ Crane News +

CRANE — The Women's Society of Christian Service of the First Methodist Church will hold a social Tuesday for the young people of Crane, it was announced by Mrs. P. O. Vines, hostess. The event will be held at 8 p.m. in the Community Hall, and will honor Crane High School graduates of 1953 and ex-students.

Mr. and Mrs. Robert R. Lutkiewicz have announced the birth of a daughter, Linda Lee, Saturday. The child weighed six pounds, 13 ounces.

Mr. and Mrs. T. P. Head of McCamey are the parents of a son, David Thomas, born Saturday. The baby weighed seven pounds, 15 ounces.

A son, Roger Lynn, was born to Mr. and Mrs. Buster Allen of McCamey August 8. The baby weighed eight pounds.

Mr. and Mrs. Jo Carmen Viasana announce the birth of a daughter, Linda Sue, August 13. The child weighed six pounds, 10 1/2 ounces.

A seven pounds, two ounce daughter was born to Mr. and Mrs. H. N. Wade Tuesday. The baby has been named Leigh Elizabeth.

Attend Reunion

Mrs. J. D. Buchanan and daughter, Johnnye Sue, and Mr. anad Mrs. C. B. Lee, all of McCamey attended the Bosque County reunion in Lubbock Sunday.

Mrs. Ted Mueller and daughter have returned from a vacation with relatives in Mangum, Okla.

Seven Fat Years In Building Trades May Wane Slowly

By SAM DAWSON

NEW YORK —(AP)— Seven fat years for home builders have seen about eight million housing units go up. Some in the real estate building now are talking openly of slower days to come.

Others refuse to believe that the seven fat years since the big boom started in 1947 will be followed by seven lean—as in the Biblical tale of Joseph in Egypt.

They say 700,000 new homes will be needed each year to care for new family formations. That perhaps another 300,000 will be needed to replace old houses beyond renovation. If the mortgage market holds up, the next few years shouldn't be too lean.

The baby is the home builder's best friend. The National Association of Home Builders notes that the population of the United States has just hit 160 million. Next month it expects the eight millionth new house to be started.

That will give the nation 50 million housing units, or about one for each three persons. In 1940 the nation's 131 million persons were housed in 35 million units, or almost four to a unit.

And then more than half were renters. Now more than half are owners—if you wink at the mortgages on 10 million homes.

Savings Add Up

The mortgage market may hold the key to which wins the race in the next year or so, the home builders or the stork.

"Banks have become very tight when it comes to credits for builders," complains David Picket, president of the Gotham Construction Corporation of New York. He fears a building recession the last quarter of this year and into next, if the money market doesn't ease.

The market is tight because mortgages must compete with a big supply of government and private securities in getting money from investors. Total savings are catching up, however. Last year savings were placed officially at 12.5 billion dollars. This year the mutual savings banks, savings and loan associations, commercial banks, and life insurance companies all report gains.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Making Child 'Tell All' Isn't Way To Moral Safety

By MURIEL LAWRENCE

One day when Polly was eight, she did a wrong thing. Sent to the store for some stew meat, she lied about its price to her mother to keep 20 cents. With her stolen profit, she bought a ruby-studded bracelet at the dime store.

That night, she could eat little supper. Nor did she sleep well. At 6 o'clock the next morning, she awoke her mother to confess the evil deed upon her conscience.

Her mother was pleased with the confession. After Polly had agreed to repay the money from her next allowance, her mother said, "Remember, if you always tell Mother everything you do, nothing can ever harm you."

Into Polly's opened and relieved conscinece, these words sank heavily and impressively. Without hesitation, she eagerly accepted the idea that her moral safety depended, not on the revealing of truth, but on another human being's knowledge of everything she did.

• • •

This idea has rearded Polly's growth in self-reliance. Although she has been married five years, she still feels compelled to tell her mother everything that troubles her.

If she feels threatened by her husband's criticism, she reaches at once for her mother's reassurance instead of seeking her moral safety in revealing the truth of her feelings to her husband.

No human being can give another moral safety. So we must not tell children we can give it to them. Their moral safety depends not upon our knowing everything they do at all, but upon their own knowledge of what they feel and the fearless ability to express it.

If they are trained in this knowledge and ability, we don't have to worry about making them tell us everything that happens to them. If something happens to them that they don't like, they can say so and deal with their problem independently.

• • •

Our motive for demanding to know everything that happens to Polly is not a pretty one.

It is a disguised attempt to control everything that happens to her.

Some of us who brag loudest about the "independence we give our teen-age children use this disguised form of control. We never realize that our curiosity about what Mary did on her date last night is not so much interest in Mary as our need to direct her impulses and action by remote control.

To examine such a need takes great courage. We deny her the right to test herself against any risk or hazard because we are afraid of them ourselves.

If we have proved our own strength, we would not doubt Mary's ability to prove her strength in the test, too.

CHINESE SCALE

The musical scale of the Chinese consists of five notes without semitones, the music being written on five lines in perpendicular columns.

Marinate any leftover cooked snap beans in a French dressing for a few hours. For an extra taste fillip add finely chopped chives just before serving.

Greedy Red Master Holds Romania In Wretched Serfdom, Pampers Self

By RICHARD O'REGAN

BUCHAREST—(AP)—The lush extravagences of former King Carol of Romania have been replaced today by those of Communist "King" Gheorghe Gheorghiu-Dej.

Western diplomats here say the new Communist court has bled Romania as much as the old monarchy. The lot of the city dweller has been lowered and the peasant reduced to a state serfdom comparable with the slavery of the Doyars.

But where the late King Carol fascinated his people with romantic perambulations and political conspiracies, handsome Gheorghiu-Dej lives in inhuman isolation and rules with an iron fist.

Oranges And Carpets

Dej's Communist courtiers live in the homes of the former aristocracy and keep themselves in splendor while Romani's long-surffering 16 million people continue in hunger.

Their homes in Chaussee Kisselef and in Jianu Park closely are guarded by armed police. Big expensive American and Russian cars take their uniformed servants to and from private stores.

While millions of "common people" daily rise at 4 a.m. to queue up for the barest rations, crates of imported oranges and eggs are unloaded in the gardens of the new Communist rich.

Only Communist bigwigs or high foreign Communist guests use the ultramodern Baneasa Railway Station, with its red carpets, which Carol built for the exclusive use of royalty.

The masses must wait if one of Romania's top Communist officials wants quick service in a department store or needs a rail ticket. We saw the people look at Communist bureaucrats receiving preferential treatment with the same hate they might have shown for royal agents.

The class distinctions of the new "classless society" are as strict for Romania's 700,000 Communist party members as they were in Victorian England.

At official receptions, Gheorghiu-Dej and his top guests are separated in private rooms and nobody may cross the line. They are served caviar and imported French brandy. The lower ranks get hors d' oeuvres and domestic tzuika.

Invited to Western receptions, the "new rich" of Romania leave their wives behind. It is said they do not know how to behave in society.

Curtained Convoy

As in the 18th Century, Turkish-appointed Greek governors of Romania were carried from their tables to their beds, so Geheorghiu-Dej has an escort of police thugs, who, by their number, almost lift him from place to place. All traffic stops as Dej speeds through town in a convoy of curtained black sedans.

With the growth of this new exclusive society, Western diplomats say Romania's workers in general have seen a drop in their living standards below what they were during Carol's regime. Only a few faithful Communist workers are said to have gained.

For thre years, the supply of food has declined steadily. It reached its peak shortage in May and June. Westerners say there were block-long lines of housewives seeking food from dawn until night.

The bare basic ration of 250 grams of black or grey bread a day, 200 grams of meat a week and small quantities of sugar and sunflower oil for cooking were met. That was all. There was no butter and little bread off ration and only the smallest quantities of vegetables.

A few weeks before the "Fourth World Festival of Youth" brought thousands of Westerners here to see the Communist "paradise," Romanian's food situation improved. White bread appeared as the regime dipped into its reserves to feed its guests lavishly and to give the appearance of plenty.
