BORDEN ROAD PAVING BID TO COME OCT. 28-29

Surfacing of Vital Link in Highway No. 15 Expected to Go Forward Within Next Few Months

The State Highway Commission announced this week in Austin that the Highway 15 paving project in Borden County would be included in the projects bids that will be asked for Tuesday and Wednesday, October 28 and 29.

Bid on the Highway 15 project across Borden County will be called for on 30 miles of flexible base, incidental grading and double asphalt treatment.

Steel priorities forced the State Highway Commission to omit two scheduled projects from the list of work on which bids will be asked next week.

One of the deferred projects is on 18 miles of U. S. Highway 285 near Fort Stockton, and the other on state Highway 51 in Dallam County.

The State Highway 15 project in Borden County is regarded as one of the most important in this section of the state, for once the gaps are closed in Borden, Scurry and Fisher Counties, the East-West Road will be up for federal designation, officials of the Texas Good Roads Association state.

A considerable amount of talk still persists in army circles that Highway 15 from the Louisiana line on the east to the New Mexico line on the west will be given a military road designation in 1942, since it is the shortest and most preferable route between Fort Sill, Oklahoma, and Fort Bliss, El Paso. Military designation, however, will be "off the record" until the entire route is given the "all weather" blessing of pavement.

New Wire Being Strung on 50-Mile REA Section C

Representatives of the contractors on Midwest's "C" Section highline in Scurry and Fisher Counties, the Waico Engineering & Construction Company, reported Wednesday that stringing of recently arrived copper wire is going forward at a steady clip.

Midwest Electric Cooperative received last week 50 miles of copper wire from the Copper-Weld factories in New York. This shipment of wire will be utilized on Section C extensions in Scurry and Fisher Counties, Troy Peeples of Roby, Midwest superintendent, states.

Due to the fact that REA cooperatives in all parts of the country are having a difficult time in obtaining highline wire, it is pointed out that Midwest did well to get this amount of wire last week. Completion of the present wiring schedule will make possible energizing a number of homes for new REA cusomers on the C sector.

Enlisted Men Must Register on Release From Army Service

Scurry County enlisted men who were in the registration age brackets on October 16, 1940, or July 1, 1941, and who have not already registered under the Selective Training and Service Act, must register when discharged from the military establishment, H. J. Brice, J. C. Dorward and E. L. Farr, members of the local draft board, stated Tuesday.

Although members of the regular military establishment are relieved from registration as long as they are in service, local board members declared, they must register when released from the armed forces.

Although a good many ex-service men are not liable for induction as selectees, local board members point out that there are some men discharged from the regular army after completing a year's training, who consequently are liable for induction under the selective service law.

Extension Specialist Slates Demonstration

Dosca Hale, Texas Extension Service specialist of A. & M. College in parent education and child development, will give a demonstration Friday afternoon, 3:00 o'clock, in the county court room that will interest every Home Demonstration Club member in the county, Estella Rapel, county home demonstration agent, states.

It is so seldom that an Extension Service specialist gives a demonstration in the county an urgent appeal to county Home Demonstration Club women was sent out this week to attend Friday afternoon's gathering.

Following the demonstration, Miss Hale will be glad to discuss child development or parent education problems with attendants, she states. She is scheduled to appear in very few counties in this immediate section of the state.

Lockhart Visits

In Snyder Saturday night for a brief visit was Charley Lockhart, state treasurer, who said he was "mighty glad to be back in the home town for a breather."

"I'm not making political speeches," he continued, "but I am glad to find that exceptionally good business conditions prevail in Snyder, and from talks with business men I believe that conditions will be fine until well into the new year."

Lockhart, former county treasurer, reported everything quiet on the political front at Austin, with new federal taxes, football and throttling Germany composing the conversation menu.

Field Work Will Be Started Soon For Soil District

Actual field work in the Upper Colorado Soil Conservation District, composed of Scurry and Borden Counties, will begin within the next three or four weeks, Pat Johnston, chairman of the district's supervisors, stated Tuesday.

The district program and plan of work for the two counties was signed by the supervisors last week and sent to the State Soil Conservation Board at Temple. It was decided to delay the general education work until farmers and ranchers of Scurry and Borden Counties get nearer the end with crop harvesting, Johnston pointed out.

In the meantime, however, before actual field work begins, persons who wish to put in applications for assistance through the soil conservation district may contact any of the district supervisors, or the Soil Conservation Service office on the third floor of the courthouse.

Since it is more practical to work with groups of farm and ranch owners, the supervisors have adopted the policy of working in "priority areas." A priority area will consist of a watershed or community involving 10 farms or more located reasonably close together, or 5,000 acres or more owned by one or more individuals.

Representatives from the local Soil Conservation Service report that a number of interested individuals have already inquired at their office regarding assistance and expressed keen interest in the work, Johnston concluded.

County Folks Go To Westbrook Funeral

A large delegation of Scurry and Fisher County singers and song lovers were in Sweetwater Monday afternoon, where they attended final rites at the First Methodist Church for T. H. Westbrook, 59, who died at his home Sunday after an extended illness.

Born in Arab, Alabama, September 2, 1882, Westbrook had lived in Sweetwater since 1933, and had been president of the Four County Singing Convention, composed of Scurry, Fisher, Mitchell and Nolan Counties, a number of years. He had also been president of the Nolan County Singing Convention.

Rev. M. H. Applewhite, First Presbyterian Church pastor, conducted final rites for Westbrook. Besides the widow, the singing convention official is survived by his mother, Mrs. T. P. Westbrook, and five children. Interment was in Sweetwater Cemetery.

Rains Fall in County Three Times in Week

Scurry County is fast becoming a land of daily showers.

So declare visitors to the county, who see it rain or sprinkle every few days. Latest moisture installment fell Tuesday afternoon, ranging from .24 of an inch in Snyder to .38 of an inch in the Union and Crowder communities. Rainfall was from a quarter to .35 of an inch in other sectors of the county.

Light sprinkles Wednesday led to the fear that incoming clouds from the Gulf Coast might lead to a general rain over the county today (Thursday).

Rainfall that swept the county late Wednesday afternoon ranged from .38 of an inch in Snyder to .52 of an inch at Fluvanna, a half inch at Camp Springs and Midway and .42 of an inch at Pyron.

Piano and Chairs for School Are Bought

E. L. Farr, superintendent of Snyder Schools, announced this week that the school has purchased a piano for Snyder Tiger Band and for general school use. The instrument has been placed in the band room in the gymnasium.

Snyder School has also purchased 20 new chairs, which have been placed in the school gymnasium for use by Tiger Band members. The chairs will be placed in general use for other school needs, Farr reports.

Curtailed Exhibits Fail to Mar Glory of Fourth Annual Exposition at Snyder Last Week-end

Scurry County's fourth annual Products Show was brought to a close Saturday night in a blaze of glory—glory reminiscent of the mad 1920's when county fairs attracted everybody and kindred from all the adjacent terriory.

The show was brought to a conclusion amid a backdrop of the free entertainment program, the ferris wheel, merry-go-round, kiddie car and other amusements that attracted some 9,500 people during the staging of the Thursday-Friday-Saturday exposition.

C. T. McLaughlin, Products Show chairman, and Harrie Winston, general show superintendent, report that unusually heavy rainfall the first part of last week "rained out" some community booth exhibits, some livestock entries and some edshow, as a whole, bettered any previous exposition.

Livestock judging results, as announced by W. L. Stangel, head of the animal husbandry department at Texas Technological College, Lubbock, judge, follow:

Dairy Cattle, registered, open class—E. F. Parker, first with bulls under two years; Billie Mitchell, second; Ben Brooks, first with bulls over two years.

Heifers under 18 months—Ben Brooks, first, second and fourth; Ben Brooks Jr., third; and E. F. Parker, fifth. E. F. Parker copped first place with cows under two years.

Cows over two years—Billie Mitchell, first; T. P. Ware, second; Howell McClinton, third; Ware, fourth; McClinton, fifth.

Hereford cattle, bulls under two years (fed)—Hugh Taylor showed the grand champion animal and also the first place winner. In

Protection Given Farmer Against Price Collapses

Scurry County farmers answering this nation's call for increased quantities of vital foods in the farm defense program now have the protection of federal farm legislation against price collapses of commodities, Ross Williams, chairman of the Scurry County U. S. Department of Agriculture Defense Board, stated Tuesday.

The new act of Congress, known as the Steagall amendment, requires that whenever it is necessary to encourage the expansion of non-basic agricultural commodities in the present the secretary of agriculture must issue a public notice of the expansion.

Through the same law, Williams said, the secretary of agriculture supports the farm price of the commodity at not less than 85 per cent of parity. Before the price-supporting program can be discontinued, the secretary must give sufficient public notice to the termination so that producers may make readjustments in production, Williams continued.

Secretary of Agriculture Claude R. Wickard has already given public notice covering hogs, eggs, evaporated and dry skim milk, cheese and chickens until December 31, 1942. Cotton, wheat, corn, tobacco and rice are supported by law through loans at rates based on 85 per cent of parity, Williams declared, but he pointed out that surpluses of these crops already exist and no increased production is needed.

Hermleigh Will Host Quarterly Conference

Fourth quarterly conference of the Hermleigh Methodist Church will convene at Hermleigh Monday, October 27, at 7:00 o'clock p. m., Rev. S. A. Sifford, pastor, announces.

Rev. E. B. Bowen, district superintendent, of Sweetwater will preside at the conference.

Sifford says, "We are winding up a good year on the charge, and now are making all things ready for the annual conference."

All officials of the charge are urged by Sifford to attend the confab. The public is invited, too, he says.

Mullins Captains Contest Team.

Horace Mullins, formerly assistant manager of Snyder's J. C. Penney Company store, and son of Mr. and Mrs. H. A. Mullins of North Snyder, was named a captain of the Sears, Roebuck & Company team at San Angelo Tuesday evening to participate in the nation-wide Sears Southern industrialization sale that is now underway. E. E. Wood was named captain of the team opposing Mullins and his men.

PRODUCTS SHOW SIDELIGHTS

Here are some sidelights on Scurry County's fourth annual Products Show that helped make it click with people from all parts of this trade territory:

Texas Public Utilities Corpodation introduced a novelty note in its commercial exhibit when large cakes of ice, with maize heads, ears of corn and other feed samples, flowers and fruits frozen in the centers of the blocks were displayed.

Taking into consideration the fact a number of entertainers put on the free entertainment program did not show up at the proper time, C. M. Kiker, E. O. (Red) Wedgeworth and Hilton Lambert turned in a great performance as "masters of ceremony" during the Thursday-Saturday programs. Those who did appear on program were fine, too.

Drawing card of the educational booth exhibits centered around a display put up by supervisors of the Upper Colorado Soil Conservation District. Illuminated pictures traced the disastrous results of soil, wind and water erosion, while two hand-painted panels showed the effect of field terracing and proper conservation practices on pasture land.

A "double-barrel" display from the county AAA administration proved interesting to show visitors, and did much to familiarize folks of this area with elementary Triple A practices.

The Farm Security Administration's educational booth attracted a considerable amount of attention with its illustration of the perky and pokey families. Shelves and hand-carved dolls for the display were turned out at the local NYA work shop.

Products Show judges got a great hand for the impartial and informal way they placed winners and follow-up exhibitors. Judges included:

W. L. Stangel, Texas Tech animal husbandry department head, who judged livestock; Clara Pratt, Lubbock County home demonstration agent, who judged homemaking department; J. D. Strickland, Texas poultry husbandry specialist, who judged poultry; and E. L. Madel of Tech, who was assisted in judging farm crops by Bernie Ragel and Bob Spincer.

Display of tractors at the Products Show was the largest yet assembled in the county. Included were Farmall, John Deere, Oliver, Ford and Allis-Chalmers tractors and cropping attachments.

Bob Dillard really put in three days and nights of work as general exposition handy man. Dillard proved, to the astonishment of attendants, that he could be almost at two places at the same time.

Sponsored by the Jaycees, Hop Halsey and his Drug Store Cowboys played Friday evening for a dance at the skating rink. Halsey could not make it here Friday in time to give his scheduled radio broadcast.

And the Pet Show parade Friday afternoon was really carried on in a nice way. Snyder High School Band led the procession, and many pets that youngsters had been raising the past several months had their share of the spotlight. Mrs. J. D. Scott directed the Pet Show.

Club Boys to Take Pigs to Regional Sweetwater Tilts

Edward S. Hyman, county agricultural agent, reports that Austin Casey and Walter Ellerd were voted at the Products Show to have the two best gilts of any 4-H Club boys who received pigs in the recent Sears, Roebuck & Company essay writing contest.

Casey and Ellerd will take their pigs to Sweetwater Friday, October 31, where the swine will be judged by Sears, Roebuck & Company, officials.

The county 4-H Club boy exhibiting the first place gilt will receive a $50 registered Jersey heifer. The second place gilt will result in the owner getting 100 baby chickens.

Leonard Gill, a 4-H Club boy who was judged to have the third place gilt at the Products Show, will receive 75 baby chickens at the Sweetwater exhibiting of swine.

These five county 4-H Club boys, each a gilt winner in the essay contest on Sears' "Hog-Hen-Cow Plan of Farming," will receive 50 baby chickens each: Jack Flippin, W. J. Corbell Jr., Truman Wemken, James Perry Echols and Henry Gafford Jr.

A number of parents are expected to accompany Hyman and the 4-H Club boys to Sweetwater October 31 for the judging contest.

Broadcasts on Soil And Forest Control Pointed to Owners

Pat Johnston, chairman of the supervisors for the Upper Colorado Soil Conservation District—composed of Scurry and Borden Counties—invites landowners of both counties to hear the radio broadcasts over Station KGKO, Fort Worth, 570 kilocycles, on "The Land We Defend."

First 15-minute program will be broadcast Saturday morning, beginning at 7:15 o'clock, and following programs will be broadcast the same time each Saturday until December 27.

Initial program will be "The Saga of the Forest," Johnston points out, which will tell how American forests were ruined in the rush to clear more and more land—how the soil of steep slopes was washed and gullied and how trees are being replanted today on eroded lands.

The program Saturday morning, November 1, will be on "America's Vanishing Soils," and the November 8 broadcast on "Soil Conservation Comes of Age." Other broadcasts will be given later.

Farm Plan Sheets to Be Signed Up Soon

Considerable interest is being shown by Scurry County farmers in the sign-up of farm plan sheets, which will probably get underway Monday, November 3, Claud D. Cotten, county administrative officer for Triple A, points out.

Scurry County cotton producers will be notified when and where, in ample time, to sign their farm plan sheets for the 1942 crop year, Cotten states.

Farmers are advised that the farm plan sheets will contain the 1942 cotton acreage allotments, special acreage allotments and yields, and should be back in the hands of the county AAA office by November 20.

Nearly 9,000 Bales Cotton Ginned in County's 14 Gins

Figures gathered late Wednesday afternoon by The Times reveal that 8,942 bales of cotton for the 1941 season were ginned through Wednesday at the county's 14 gins.

Ginnings through October 15 of this month, as checked by government agencies, amounted to almost 8,000 bales exactly.

Reports reaching The Times indicate that continued wet weather has caused many county farmers to switch from bolling to picking cotton—especially since picked cotton dries faster when exposed to sunshine.

Impartial government reporters believe that Scurry County is nearing the half-way mark in gathering the 1941 cotton crop—although the weather for the next three weeks will largely be the governing factor along this line.

County ginners report that the staple length of ginned cotton, as a whole, has declined slightly—due to unfavorable weather in gathering and ginning.

P-TA Will Sponsor Hallowe'en Carnival

Sponsored by Snyder's Parent-Teacher Association, a Hallowe'en Carnival will be staged at Snyder Schools Thursday evening, October 30.

Forms of amusement for the Hallowe'en will include bingo, voting and selection of a carnival queen and other festivities, P-TA officials state. Complete carnival program will be given in next week's Times.

All sorts of games and amusements will be available for carnival attendants, with coronation of the carnival queen to climax the evening of fun, food and fellowship, P-TA officials declare.

Candidates for a carnival queen were selected Wednesday at Snyder School.

New Flags Purchased For Use at Schools

Snyder Schools now count among valued articles of equipment three United States flags and a Texas flag that were recently purchased, members of the school faculty state.

One 5x8-foot U. S. flag that now floats from the flag staff at the south entrance of the high school, erected last year by the 1941 senior class, may be seen from other sections of the city. The school has another 5x8-foot flag.

Two 3x5-foot U. S. flags are also on hand, as is a 3x5-foot Texas flag bought by Willard Jones. All flags are of high quality wool material, and are expected to last a number of years.

Independence School Program Set Friday

T. B. Bownds, principal of Independence School, announces that a program of community-wide interest will be presented Friday evening at the school house, beginning at 8:00 o'clock.

Residents of the Pleasant Hill and nearby communities are extended an invitation to attend Friday evening's festivities. Arrangements have been made to take care of a number of visitors.

AREA SINGERS WILL CONVENE HERE SUNDAY

Semi-Annual Scurry County Singing Convention Slated for Week-End At Tabernacle Church

Singers, song lovers and others interested in convention work are expected to be here Saturday evening and Sunday from a 100-mile radius for semi-annual sessions of the Scurry County Singing Convention.

Host church for the occasion will be the Tabernacle Baptist Church in North Snyder, where arrangements have been completed for taking care of singers and out-of-county visitors by the hundreds.

Initial session of the convention will get underway Saturday evening, at 8:00 o'clock. Class and specialty singing will be featured during the evening, and business of importance transacted, J. M. Glass of Turner, convention president, states.

Scurry County singing classes and individual singers are urged to bring as many of the convention song books, Pilgrim Songs, as possible so that visitors may have books if they forget to bring a supply.

Main session of the Scurry County Singing Convention will get underway Sunday morning at 10:00 o'clock. This session will run until dismissal for lunch.

County singers and convention delegates are urged to bring basket lunches, cakes and pies in order that visiting singers from other counties can be accommodated.

The basket lunches will be spread at the church building for the noontime meal, and something like one hour allotted for eating.

A large delegation of Sweetwater singers accepted an invitation this week to appear on Sunday's program, and special groups from Roby, Hobbs, Lamesa, Gail, Post, Anson, Roscoe, Loraine and other points are scheduled to appear on program during the day.

Business up for transaction during the convention will include selection of a site for the spring gathering. Each singing class in the county is urged to send delegates to have part in the voting, and other matters pertaining to convention goals will be discussed.

Welfare Group Gives Funds To Lunch Project

Snyder's Child Welfare Association, which has taken a leading part the past several years in feeding indigent children in Snyder schools, turned over $37.44 Wednesday to the Parent-Teacher Association for use in purchasing equipment and materials needed to carry on the school's lunch room.

Parent-Teacher Association officers stated Wednesday that the lunch room at Snyder Schools would open about November 1. The Snyder Child Welfare Association decided, in turning over what funds the organization had in its treasury, that such a move would do more to help the lunch room project than anything else.

Mrs. Clyde Boren, who will be chairman of the lunch room project for P-TA, Mrs. Wayne Boren and E. L. Farr, Snyder School superintendent, left for Colorado City today (Thursday), where they will inspect the lunch room project in operation there and eat lunch with school children being fed.

Rains Halt Work on Highway 15 Topping

Rainfall late Wednesday afternoon halted Highway 15 roadbed work within the city limits, and just west of the square, and will bring about a delay in getting finishing touches applied to the East-West road for the present, engineers point out.

Prior to the rain, workmen were busy brushing gravel and dirt from the oil surfaced roadbed, and had applied some oil surfacing to road shoulders before the installment of moisture set in.

Going east from the overpass on Highway 15 toward the Fisher County line, engineers were busy this week locating gravel and caliche pits, and rounding up other preliminary work preparatory to receiving bids for flexible base and hot topping work.

Hyman and Dunn 4-H Boy Give Broadcast

J. B. Davidson, a Dunn 4-H Club boy and son of Mr. and Mrs. W. M. Davidson, helped Edward S. Hyman, county agent, present a 15-minute broadcast Monday afternoon, 1:30 to 1:45 o'clock, over station KXOX, Sweetwater.

Hyman and young Davidson discussed "The Part 4-H Clubs Can Play in National Defense," and outlined ways Scurry County club boys are helping by producing more club calves, raising more chickens and selling more farm products.

Stair-Steps

Presented in the above picture are four generations of Scurry County residents, all living in the Fluvanna community. Standing, left to right, is Allen Benton Cribbs holding Berry Benton Cribbs, and Mrs. C. D. Cribbs. Seated is Mrs. Produe Watson, who recalls when the R. S. & P. Railroad built into Fluvanna in 1908.

Lemons Family Enjoys Reunion At Union Sunday

Mr. and Mrs. W. B. Lemons of the Union community were hosts last Sunday at an enjoyable family reunion which attracted all the children, grandchildren and great-grandchildren.

Those present for the day-long festivities included:

Mr. and Mrs. G. C. Lemons and Elva Lemons, of Denver, Colorado; Mr. and Mrs. Byron Wren of Colorado City; Mr. and Mrs. H. L. Hogue and son, Royce, of Brownfield; Mr. and Mrs. John Tabor and daughter, Donna Jean, and Betty Wren of Washington, D. C.;

Mrs. Carl Mathis and two children, Patsy Wren and Robert Byron, of Louisiana; Mr. and Mrs. D. A. Bentley and children, Fayrell, Weldon and Nancy Jean, Mr. and Mrs. M. K. Lemons and son, Willis, all of Snyder.

The reunion also marked the occasion of Mrs. Mathis' birthday. A beautifully decorated old fashioned pound cake and ice cream were served in the afternoon.

Ranchers Urged to Earn Range Building Allowances in AAA

Due to the fact November 30 will mark the close of the fiscal year for the Agricultural Adjustment Administration, Claud D. Cotten, county administrative officer for Triple A, urges county ranchers to earn their full range building allowances as soon as possible.

In order for Scurry County ranchers to receive full payments for 1941 range practices, they must complete their money earning allowance work by the deadline. No extension of time will be permitted on this type of work, the state AAA office points out.

"We want to urge every rancher in Scurry County to complete his range program before the closing date," Cotten declares, "and will cooperate in any way we can to help ranchers get their practices completed."

Two Scurry County Men Enlist in Navy

S. L. Cooke, CMM (PA), U. S. Navy, retired, who is in charge of the U. S. Navy recruiting station that is being operated here each Wednesday at the post office, reports two enlistments from Snyder to date.

First man to enlist is Marion Howell, who signed on the dotted line last Wednesday. E. E. Lunsford, an ex-navy man, has tentatively put in his application for enlistment, which is expected to be approved within the next week.

Cooke reports that he has met with good response in establishing the sub-recruiting station here each Wednesday. Those interested in joining the navy are urged to contact Cooke here Wednesday of each week at the post office.

Fifty-two at Woolevers.

Fifty-two relatives and friends of E. E. Woolever gathered Sunday at the Union residence of Mr. and Mrs. Woolever for dinner and to join with Woolever in birthday festivities. Woolever has lived in the Union community many years, and states each birthday makes him "feel one year younger."

MAN KILLED IN CAR WRECK ON RETURN HOME

Z. N. Barnett Fatally Injured and 4 Companions Seriously Hurt as Three Vehicles Collide

Zacharia N. Barnett, 31, Ben Grogan and Frank Jones had been here for several weeks heading maize and assisting in cotton harvesting, but when the trio started back to Paris last Thursday evening, a three-truck and automobile collision, 17 miles east of Sweetwater, proved fatal to Barnett.

The accident occurred in front of the White Flat School, between Sweetwater and Abilene. Barnett died en route to the Sweetwater Hospital of internal injuries.

James Lenoir of Blossom, riding in the truck with Barnett, suffered a broken right leg. Lenoir is a brother of B. Y. Lenoir of the Arah community. Ben Grogan of Bogota and Frank Jones of Paris, riding in the back of the truck, escaped with slight injuries.

The pile-up of trucks was said to have occurred when a farmer, traveling a country road crossing the Sweetwater-Abilene highway, mired his car down in mud just before he drove on the highway.

Another farmer living near the White Flat School had hooked a chain on the mired automobile and pulled the front of the machine on the highway. Shortly thereafter a wrecker, traveling east, crashed into the front of the stalled automobile.

A trailer truck ran into the rear of the wrecker, then the truck Grogan was driving crashed into the rear of the trailer-truck, crushing Barnett to death. Grogan said the lights of a car, traveling west, passed him just before his machine hit the piled-up vehicles, the light of the car and the heavy mist blinding him, and he did not see the other truck in time to avoid the crash.

Grogan's truck was loaded with maize. Barnett, Jones and Grogan had started back to Paris. Barnett received a wire Wednesday morning telling him to come home, that a job was waiting for him. Barnett was married and had three children. A brother, Ernest, lives at Big Spring.

Funeral services for Barnett were held Friday afternoon at Paris, with interment in a Paris cemetery.

Work in Sharon Ridge Field Starts Opertions Again

Work in the Sharon Ridge oil field was resumed Saturday, following a shutdown caused last week by Bull Creek overflowing its banks and flooding two wells of Ordovician Oil Company and Pearson-Silbert. Operators are optimistic over the oil situation outlook for the next six months.

Coffield & Guthrie, Inc., were ready to spud the firm's No. 3 W. F. Burney test late Wednesday. Located 330 feet from the south and east lines of the northeast one-fourth, Section 144, Block 97, H&TC survey, this test will cause several offsets to be drilled by adjoining lease owners.

Operators in Scurry and nearby counties are showing a considerable amount of interest in a northwestern Borden County wildcat test that was staked this week.

The Borden wildcat was staked as Anderson-Prichard Oil Corporation's No. 1 Pure, Clayton & Johnson, in Section 23, Block 10, EL&R survey. Test will be carried to 4,000 feet, unless production is encountered previously, with rotary tools.

Hollis Madison Back At Home in Snyder

Hollis Madison, the 14-year-old boy who disappeared from his East Snyder residence October 8, is now back at home, safe and happy, members of the sheriff's department report.

Following his disappearance, young Madison was said to have stopped at Dermott, and worked six days for a Dermott community man.

From Dermott, route young Madison took was not available for publication as The Times went to press. He returned home, however, Saturday, his parents, Mr. and Mrs. Guy Madison, state, and that is the important thing.

El Paso Layman to Speak Here Sunday

Rev. Vernon F. Shaw, pastor of the First Baptist Church, announces that Joe Evans of El Paso, an outstanding Baptist layman, will speak Sunday evening, 7:30 o'clock, to laymen at the Baptist Church.

Information received Wednesday afternoon from other Baptist churches in the county indicates many will dismiss their regular Sunday evening services in order that laymen in all sectors of the county may hear Evans.

Banquet Honoring New Members of Art Guild Given Tuesday at Church

Traditional banquet honoring new members was held by Art Guild in parlors of the First Christian Church Tuesday evening. An air of gaiety prevailed despite rain and threatening rain at gathering time. Several guests were also present.

New members presented in the receiving group were: Jewell Foster, a past president of Art Guild, who is again a club member, Mrs. C. M. Kiker, Mrs. Billie Mitchell, Mrs. Alice Montgomery, Frances Farr, Maxine Rambin and Jewell Walker.

Insignia colors of Art Guild,—tones of yellow—were artistically used in combination with the Hallowe'en idea in decorations for the room and long banquet table. Centerpiece for the table was a bowl of yellow chrysanthemums, and small marigolds were arranged in other containers the length of the table. Gold candles, burning in frosted glass holders, furnished soft light for the meal and program.

Corsages of marigolds were favors for attendants along with small programs, holding words of "God Bless America," one of Irving Berlin's best loved compositions.

Women of the First Christian Church served a delectable three-course banquet meal to the group, following invocation by Mrs. M. E. Stanfield.

Effie McLeod, Art Guild president, presided for the occasion, offering words of welcome to new members and guests. Alice Montgomery played several piano numbers, informally just after dinner.

In an unusually interesting discussion of the life and work of Irving Berlin, Miss McLeod revealed much to the group. Most interesting to attendants was the fact that in spite of his Jewish-Russian ancestry, Irving Berlin is able to please the music loving American people with his tunes.

A club trio, Mmes. Montgomery, Kiker and W. E. Holcomb, chose two of Berlin's compositions, "Blue Skies" and "Always." Miss Farr was their accompanist.

Attending the affair besides the seven new members were: Doris Narrell, Mrs. Herman Trigg, former club member, and Allene Curry, guests; Frances Boren, Edith Grantham, Miss McLeod, Estella Rabel, Mmes. L. H. Butler, Ivan Gatlin, Ivan Hill, Holcomb, C. W. Popnoe, H. D. Seely, Sanfield and Wilmeth Wade, members.

Mrs. Fred Wasson left Wednesday for Corsicana to visit with her daughter, Mrs. Gene Richman, and husband for two weeks. The Richmans (Mrs. Richman is the former Macel Nokes) moved this week from Palestine to Corsicana, where he is connected with the oil industry.

Workers Needed to Do Red Cross Jobs

Again an urgent appeal is issued from the local production center of the American Red Cross for workers. Entire Snyder quota for sewing and knitting must be completed by December 1, announces Jeannette Lollar, local chairman. The work center is open each afternoon from 2:00 to 5:00 o'clock.

There is still plenty of work for several hundred Scurry County women, and the chairman is joined by her faithful assistants in appealing for more help. Snyder must complete her quota to pace with surrounding counties.

Local Friends Are Invited to Wedding

Local friends of the O. O. Harris family of Sweetwater, former Snyder residents, are this week receiving invitations to the November 9 wedding of their daughter, Evelyn Stell, to Hugh Charles Boswell, son of Rev. and Mrs. W. D. Boswell of Waco.

The marriage will take place at 4:00 o'clock Sunday afternoon, November 9, at the First Baptist Church in Sweetwater, with Rev. Boswell reading the service.

Formal announcement of the approaching wedding date was made last Thursday evening, when Mrs. Harris was hostess for an eight-table bridge party at the Blue Bonnet Hotel. Among guests at the announcement party were Mmes. A. D. Erwin and R. C. Miller Jr. of Snyder.

Miss Harris reigned as "Miss Sweetwater" for two years, and she has attended Baylor University, Waco, three years. There she was chosen among Baylor beauties for 1940-41, and she was homecoming queen at Baylor in 1940.

Boswell, graduate in law from Baylor in 1941, is now connected with the Federal Bureau of Investigation. The couple will live in Savannah, Georgia. A number of prenuptial courtesies have already been planned to honor Miss Harris.

Golden Dahlias Form Pretty Party Setting

Lovely golden dahlias from her own yard were attractively arranged in the living room and dining room Friday afternoon when Mrs. P. C. Chenault was hostess to El Feliz Club. Mrs. A. W. Waddill, club president, was in charge of the business session.

Following an afternoon of forty-two games, Mrs. Chenault passed cherry shortcake, spiced tea and candies to the following El Feliz members: Mmes. Lee T. Stinson, H. L. Vann, R. H. Odom, I. W. Boren, W. E. Doak, A. J. Cody, Wade Winston, Joe Strayhorn, G. H. Leath, Waddill, J. E. LeMond and W. J. Ely.

Mrs. Vann will be hostess at the club's next meeting, October 31.

Club Hears Panel Program Friday

Reader's Digest panel program was heard by Ringside Study Club at its last meeting, held at the home of Mrs. Frank Arnett. Panel speakers were Mmes. N. W. Autry, Brandon Moffett and R. T. Adams.

The hostess served a refreshment plate of sandwiches, potato chips, cake and peaches with coffee to the following members: Mmes. Autry, Adams, C. L. Banks, Arthur Forkner, C. T. Glen, W. W. Headstream, Moffett, A. J. Riley and J. O. Spears.

Billie Lou Thompson Honored at College

Attractive 16-year-old Billie Lou Thompson, daughter of Mr. and Mrs. C. V. Thompson, who is now a freshman student in Southwestern University, Georgetown, has already received marked honor at the school. She is a 1941 graduate of the local high school, and she spent last weekend at home.

First major honor accorded the local girl at Southwestern was her recent election as one of the college yell leaders. Next in line came the announcement of an invitation to pledge the Delta Delta Delta Sorority.

Now Billie Lou has been invited to Texas A. & M. College for the November 7-8 rodeo of the Boots & Sirloin Club. She will be the club's guest for the rodeo, making several appearances in parades and grand entries, guest at the A. & M.-S. M. U. football game and at a dance.

Cowgirl sponsor for Snyder in numerous rodeos all over West Texas, Billie Lou's most recent first place winning was the $150 saddle at the Double Heart Rodeo near Sweetwater. Mr. and Mrs. Thompson will take Billie Lou's horse to College Station for the rodeo, and the local ranchman will ride with his daughter.

Among other familiar ranch girls invited to the A. & M. rodeo will be Billie Marie Miller of Coleman, who was a contestant in the local rodeo. She is now a student in Texas Technological College, Lubbock.

Mrs. R. C. Miller Duce Club Hostess

Duce Bridge Club members and guests were invited into the home of Mrs. R. C. Miller Jr. for supper and regular bridge games last week. The house was attractively decorated with marigolds, zinnias and other cut flowers.

Tiny marigolds in small blue vases centered the fonrsome tables as supper was served. The menu included salad, pickles, olives, cookies, hot rolls and coffee.

High score prize went to Mrs. Buck Williams. Others attending the party were: Mmes. P. W. Cloud and J. D. Scott, guests; Mmes. Loy Logan, Buster Curtis, John F. Blum and Misses Helen Cauble, Johnnie Mathison, Rube Lee, Frances Boren, Jeannette Lollar and Allene Curry.

Mrs. Williams will be hostess to the club at her home tonight (Thursday) at 7:30 o'clock.

Two Hostesses for Altrurian Daughters

Mrs. Joe Caton, original sponsor of Altrurian Daughters, joined Edith Grantham Monday evening to hostess regular meeting of the club at the Caton home. Mrs. W. E. Holcomb was the only guest at the club gathering.

Buffet supper was served from the dining table, where cut flowers formed the centerpiece, and a Hallowe'en decorative note was emphasized. Mrs. P. W. Cloud poured coffee from the silver service at one side of the table.

After supper entertainment featured a delightful review of "Berlin Diary," William L. Shirer's startling revelation of happenings during the seven years he was a foreign correspondent in Europe, presented by Mrs. Harold Brown. Mrs. Harry Ward gave interesting comments from Reader's Digest on the best seller.

National Defense Interest Continues

Stress continues on national defense topics and study of the foreign war situation in the Reader's Digest panel program outline being studied by several local clubs. Woman's Culture Club met at the home of Mrs. H. L. Wren Tuesday afternoon for its study, directed by Mrs. J. A. Woodfin.

Panel speakers and their subjects were: Mrs. A. P. Morris, "Can We Do Business With Hitler;" Mrs. D. P. Strayhorn, "America's Great Mistake;" Mrs. Woodfin, "World or Nothing." All the discussions were of vital interest to the club members.

The hostess passed a salad plate at close of the program to Mrs. Pat Bounds, guest; and Mmes. A. C. Alexander, J. W. Clawson, Morris, Ted Moser, E. J. Richardson, Strayhorn and Woodfin, members.

Local Pianist on District Program

Mrs. Novis Rodgers, local piano artist, was presented Friday evening on a fine arts program at the municipal auditorium in Sweetwater. The program was a portion of the annual convention of sixth district, Texas Federation of Music Clubs, of which Snyder Musical Coterie is a member.

For her contribution to fine arts evening, Mrs. Rodgers played Chopin's "Nocturne in C Minor."

Mrs. Rodgers, Mrs. J. R. Sheehan, Musical Coterie, president, Mrs. Hugh Boren and Mrs. Lida M. Hardy attended sessions of the two-day music meet.

Four Snyder women were honored this year when they were named chairmen of district committees. Mrs. Sheehan is head of the music in the home division, Mrs. A. C. Preuitt is chairman of orchestra and chamber music, Mrs. Hardy is in charge of the church music department and Mrs. Willard Jones is chairman of state parks and art centers.

Mmes. Hardy and Sheehan attended the board breakfast Friday morning at the Blue Bonnet Hotel, and Mrs. Sheehan was present for the luncheon. Both remained for the fine arts program and were joined by Mmes. Boren and Rodgers.

Local Students at Tech Club Affair

Snyder students in Texas Technological College, Lubbock, almost infested Las Chaparritas Club's dinner-dance Friday night. The affair, held at the Hilton Hotel in Lubbock, was the first formal of the college season and was complimentary to new pledges and their dates. Jack York and his orchestra played for dinner and dancing.

Jonisue Cogdell and Dorothy Winston are already members of the social club, and in the list of pledges are Margaret Gray and Jeanne Taylor of Snyder.

Among escorts for the members and pledges were the following Snyder boys: D. M. Cogdell Jr., Max West, Bill Miller and Wallace Smith, former local resident who now lives in Midland.

Methodist Women Plan Week of Prayer

Week of Prayer program for the women of the Methodist Church will be held next week. A special effort is being made to reach every woman in the church, and a special invitation is issued to each of them to be present at these hours of worship.

Programs will be heard at the church Tuesday, Wednesday, Thursday and Friday afternoons from 1:30 to 2:30 o'clock. Women of the church are urged to attend these daily worship services.

Mrs. Moser Hosts Recent Bridge Meet

Mrs. Ted Moser was hostess at the last meeting of Thursday Bridge Club. High score prizes were awarded to Mrs. John Irvin, guest, and Mrs. Bessie Perkins, member.

Others present included: Mrs. Jim Cloud, guest; Mmes. J. C. Dorward, J. E. Blakey, Joe Tant Johnston, Tom A. Boren and W. G. Williams. The hostess served pie and coffee at tea time.

Mrs Dorward is to be next hostess to the bridge group.

A shipment of Haeger pottery centerpieces just arrived at H. G. Towle Jewelry Company.

Newcomers' Tea to Be Held November 4

Alpha Study Club is this week issuing invitations to the traditional newcomers' tea, scheduled for November 4. Omitted from last year's club program, local clubwomen are delighted to find it again listed among special occasions on the fall social calendar.

The tea honoring new women of the town will be from 7:00 to 9:00 o'clock at the home of Mrs. Alfred McGlaun. Members of federated study clubs and others have received invitations. Final plans for the tea were mapped at Tuesday Alpha meeting, when Mrs. J. P. Nelson, immediate past president, was hostess.

Program for the afternoon found background in the club's study course, Pan American Relations, centering on Uruguay and Paraguay. Mrs. Melvin Blaekard, director, told customs and industries common in the two countries.

Mrs. G. M. Heinzelman told of "Montevideo and the Seventh Pan American Conference;" Mrs. Wayne Boren discussed "Uruguay, a Social Laboratory;" and Mrs. Alfred McGlaun described courtship and wedding customs in Latin America.

Your Throat, Focal Beauty Point.

"First marks of approaching age usually show on the throat lines, says Mrs. Margie McClinton, who is in charge of the Stinson Drug Company cosmetic department. "With this in mind, Charles of the Ritz again is offering special prices on its throat cream, beginning Friday and continuing through Saturday of next week," she adds. Ritz throat cream, compounded of rich lubricating agents to which mild stimulating ingredients are added, has a delicious cool feeling, making the throat glow with a warm tingle and feel noticeably firmer and tightened.

Wedding invitations at Times.

Twenty-Eight Hear Baptist Program

Missionary program at the church Monday afternoon attracted 28 Woman's Missionary Society members. Discussion centered on the topic for the month, "An Urgent Gospel Answers South America's Question, 'How Long Must We Wait?'" Mrs. J. E. LeMond gave the devotional.

"The World and World Missions" was Mrs. J. M. Newton's topic; Mrs. J. A. Woodfin discussed "South America Waits for the Word;" Mrs. H. H. Eiland talked on "The Word in South America;" Mrs. W. D. Harral combined three subjects in her discussion, "Publishing the Word in South America," "Students" and "Evangelists;" and Mrs. J. W. W. Patterson gave the final talk on "Send the Word."

Mmes. Jack Inman and J. W. Clawson sang "How Long Wait" as a duet, and Mrs. Vernon Shaw, president, led the closing prayer.

Mrs. Chenault at Plainview Meeting

Mrs. P. C. Chenault, a district P-TA vice president, was among guests last Wednesday at a buffet luncheon given by Mrs. H. G. Stinnett, 14th district president, at her home in Plainview. Other district vice presidents also attended.

After luncheon, the group of P-TA women were at the Plainview High School building for a school of instruction conducted by Mrs. J. E. Griggs of Amarillo, a state vice president, and Mrs. Stinnett.

Musical Coterie Has Wednesday Luncheon

Musical Coterie members were guests of Mmes. R. L. Gray and Lida M. Hardy Wednesday for covered dish luncheon and business meeting. Only guest at the luncheon was Mrs. John R. Sheehan Jr. of Austin.

Members present were: Mmes. Ted Moser, L. A. Chapman, R. G. Dillard, Armor McFarland, Willard Johes, D. P. Yoder and the hostesses.

Plan Red Cross Work.

Methodist Woman's Society of Christian Service will meet Thursday afternoon at 1:00 o'clock at the home of Mrs. A. M. Curry, to do Red Cross work. Sixteen members attended the Monday meeting, when the current study, "A Christian Imperative," was completed under direction of Mmes. T. M. Howle and Lida M. Hardy, study leaders.

Jean Longbotham Is Making Outstanding Record at TSCW

Aside from being above average in her college work at TSCW, Denton, Jean Longbotham of Hermleigh has been highly praised by pastor of the First Methodist Church and the directors of the Wesley Foundation for her outstanding religious activities.

Jean will spend this week-end in Houston, where the speaking choir of which she is a member, will present "I Believe in God" in five different churches in Houston.

In last week's issue of the Wesleyan, cast for the play, "Gillean," a three-act drama written in verse by Cumming Kennedy, was announced. Jean, the only freshman in the cast, will play the role of Margot. The Wesley Players are happy about giving the play, because it has been produced only once before and this is the first time an amateur group has attempted it. This play will be presented in Denton and nearby towns 10 times during the month of November.

The Hermleigh girl is also a member of the choir, and a leader of the freshman steering committee.

Mrs. D. Z. Hess of Pyron Dies After Eight-Day Illness

Mrs. D. Z. Hess, 46, Scurry County resident the past 33 years, died Sunday afternoon, 4:30 o'clock, at the family residence, four miles west of Hermleigh, following an eight-day illness.

Born March 11, 1895, Mrs. Hess had been a member of the Methodist Church a number of years. She was always ready to do her part in church and community work.

Funeral services for Mrs. Hess were conducted Monday afternoon, 2:00 o'clock, at the Inadale Methodist Church. Rev. S. A. Sifford, Hermleigh Methodist pastor, officiated.

Pallbearers were Dave Ammons, Roy Coston, James Ammons, Olan Culp, Schley Adams and Theodore Soules.

LaVerne Gilmore, Cortez Williams, Peggie Farmer and Jean Schoppa were in charge of floral offerings.

Surviving are the husband, D. Z. Hess, prominent Hermleigh community farmer; two sons, John W. Parker, stationed in the Philippine Islands, Forest Hess of Hermleigh; a daughter, Elvira Hess; the stepfather, W. A. Carmack; three brothers, John Simmons, E. B. Simmons and Bernard Simmons, all of Hermleigh; two half-brothers, Auburn and Leonard Carmack; a sister, Mrs. Agnes Ashmore of Farmersville; and a half-sister, Mrs. Mabel Culp of Hermleigh.

Odom Funeral Home was in charge of funeral arrangements, with burial in Pyron Cemetery.

LOCALS HOLD FIGHT BUT BOW TO LORAINE, 7-6

Crenshaw and Rollins Stage Pass Show, But Favored Bulldogs Win Friday Night Tussle.

Demonstrating a fighting spirit unprecedented by the local team thus far in the 1941 football season, Snyder's Tigers came within one point of tying the heavier and favored Loraine Bulldogs at Loraine last Friday night, the final score being 7-6.

With near perfect football weather, which strengthened the Tigers' passing attack, the local boys had the game within their grasp several times and led their opponents by six points through the third and part of the fourth quarters.

For Snyder's offensive display it was the "pass and catch" combination of Crenshaw and Rollins that took the show. Orval Rollins, who played a good game all the way and seemed to be a magnet for a thrown football, sacked eight forward passes for a total of some 148 yards and average of nearly 23 yards per catch.

Snyder scored early in the third period on a snap pass from the 10-yard line, Crenshaw to Rollins. Previously the play had been set up by a long pass play by the same combination which had netted some 48 yards and a first down. Blanchard failed to kick the extra point.

It wasn't until the last few minutes of the game that the Loraine lads finally mustered enough striking power to penetrate the hard-tackling Tigers' goal stripe. Taking the ball on Snyder's 20-yard line, the Bulldogs pulled a deceptive lateral play which netted them 30 yards and put the ball in mid-field. From there they marched to the 10 on strong line play, and Albright took the ball over for the talley. It was also Albright who ran the ball over left tackle for extra point.

With about three minutes to play, the Tigers took the ball on the Loraine 40 and in four plays had taken it to their own 25, within easy striking distance of the end zone. The last minute rally was stopped when Johnson of the Bulldogs intercepted a pass and Snyder failed to regain control of the ball.

A display of hard tackling and good line play by Blanchard, Bruton, Rollins and Thompson, as well as blocking that has previously been taboo to the Tiger team, left the impression with many of the Tiger fans that Merkel might meet more opposition here Friday night than they might anticipate.

Starting the game for the Tigers: Owen Dorman, end; Forest Bruton, tackle; Junior Miller, guard; Milton Moore, guard; Jimmy Burt, center; William Leftwich, tackle; Orval Rollins, end; Bobby Hicks, halfback; W. T. Thompson, halfback; Ross Blanchard, fullback; Howard Crenshaw, tailback.

For the Bulldogs: Jack Albright, Leon Duke, Thomas Robertson, Hugh Elliott, James Loftis, M. D. Cheek, Harold Johnson, Charles Marth, Russell Coffee, T. J. Moore and Carol Preston.

Game at a glance:

Snyder—		Loraine—
9	First downs	15
74	Yards rushing	242
176	Yards passing	4
0	Passes intercepted	2
3 for 86 yards	Punts	2 for 28 yards

DISTRICT RACE NARROWING TO TWO ELEVENS

Merkel, Baird and Roby Remain on Unbeaten Conference List But Friday Will Change Things

Narrowed already to three teams, the District 6-A race will be cut to a couple Friday night at Roby when Jesse Beene's Lions contest Bill White and his Baird Bears.

The Bears knocked over Rotan last week, setting the stage for an elimination meeting with the Lions. The game is a tossup. Both teams have lost once, Stamford beating Roby and Ballinger taking Baird. Otherwise, neither has been scored on.

The game easily highlights the 6-A card and from it will emerge the fortmost threat to Merkel's supremacy.

The Badgers engage Snyder. It should be a breeze for Carol Benson's charges who haven't been extended in district play. Snyder has not won a conference encounter. Merkel had an open date last week and should be in the pink of condition.

Loraine and Rotan tangle at Rotan in another tossup. The Bulldogs scored over Snyder last week, winning by the razor-thin margin of 7-6. Rotan was walloped by Baird.

The Roscoe Plowboys, unable to hold their own in single-A competition, loom as easy targets of the Colorado City entry in 3-A.

Roby plowed under the Roscoe club, 38-0, last week. Colorado City can practically name its own score.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

P-TA at Ira Will Remodel Former Shop for Lunches

Officers of the Ira Parent-Teacher Association reported Tuesday afternoon that donations for the proposed community school lunch room have been insufficient to date. A $300 building, so funds collected will be utilized to remodel the old school shop structure.

The school shop building is the same size as proposed for the new building, thus giving the community the same lunch room space as originally planned. Two large tables will be put in the shop structure and arrangements made to feed school children daily.

Ira P-TA officials report the Surplus Commodities Administration of Lubbock will stock the community school lunch room with evaporated milk, meal, graham flour, rolled oats, fresh apples, grapefruit, lima, navy, salt pork, lard, peanut butter and beans.

The southern county P-TA will furnish other things needed to make the daily lunches balanced meals.

Menus for the lunch room project will be prepared in Lubbock, it is reported. Each meal for students will consist of at least one cup of milk per person in a soup, drink or dessert; a two to three-ounce serving of green or yellow vegetables, whole grain cereal or bread, a meat dish or substitute, butter and dessert.

As planned by the Surplus Commodities Administration and P-TA officials, children who are not able to pay, and who are undernourished will receive lunches free of charge.

Children who are not undernourished and who are able to pay, will pay 10 cents per day—either by the week or month. Each child who eats in the lunch room will be given a meal ticket, and not even the children using tickets will know which students pay and which do not. This practice has been found to prove more equitable to all concerned, SCA attaches point out.

Frances Chenault of Abilene spent the week-end here with her mother, Mrs. P. C. Chenault.

Club Council to Meet Saturday Afternoon

Estella Rabel, county home demonstration agent, announces that the Scurry County Home Demonstration Council will meet Saturday afternoon, 2:00 o'clock, in the agent's office.

Since this meeting will be of unusual importance, we want to urge each council member to attend the gathering, Miss Rabel states.

Members of the council's yearbook committee will meet Saturday afternoon at 3:00 o'clock. Each club should, by all means, be represented, the home demonstration agent declares, to help with plans for the new yearbooks. This year's books were to be sent, but the council is striving to make the 1942 edition still better.

Civil Service Places Open.

The United States Civil Service Commission announces this week through Warren Dodson, Snyder postmaster, examinations for position of under and junior laboratory helper, $1,260 and $1,020 a year, respectively; electrician, $1.40 per hour; ship fitter, 1.40 per hour; assistant veterinarian, $2,600 per year; and junior multigraph operator, $1,440 per year. Full details on the examination may be secured at the post office.

YOUR CIVILIAN "SIGNAL CORPS"

Platoons of telephone construction men stand ready to roll out in blue-gray Bell trucks to set poles—string wire—install switchboards.

They know that a call for shell fuses now is almost as urgent as a call for serum—that life and death somewhere may hang on the prompt arrival of a shipment of cotton—that spoken messages must carry through the clatter of mighty mill sheds—must cross vast industrial areas and leap the miles between cities.

They're doing a big job—these telephone men—and the telephone operators and repairmen who work with them. They race with your country's vital needs. They struggle to keep up with a demand for service greater than they have ever known before.

County People In Loraine for Stevenson Rites

A good sized delegation of Scurry County people from such southern county points as Hadale, Dunn and Pyron, in the county's southeast part, were in Loraine Wednesday afternoon, where they attended final rites for Judge O. E. Stevenson, 81, of Loraine, father of Mrs. George Mahon.

Judge Stevenson, ill for some time, passed away Tuesday midnight in a Colorado City hospital. Congressman and Mrs. Mahon arrived in Colorado City Tuesday from Washington.

Body of Judge Stevenson was taken today (Thursday) to Floresville, former home of the Stevenson family, for graveside rites and burial. Rev. Sam H. Young of Sweetwater officiated for the rites at Loraine, assisted by Rev. J. E. Shewbert and Rev. C. M. Epps of Colorado City.

Maxey Chenault Now In Philippine Islands

First Lieutenant Maxey Chenault of the United States Army is now in foreign service for Uncle Sam, his permanent station in the Philippine Islands, his mother, Mrs. P. C. Chenault, tells The Times. He was previously stationed at Albuquerque, New Mexico, entering the army as a reserve officer several months ago.

Lieutenant Chenault sailed from San Francisco October 4, and letters written October 9 announced their arrival in Honolulu, Hawaiian Islands, for a day and night stay.

Duties on the trip over are proving a little "stiff," according to the local army officer. Only 100 officers are aboard ship, and each is responsible for the welfare and happiness of 70 men. All are required to attend lengthy daily lectures.

Statement of Ownership, Management, Etc., Required by the Acts of Congress, of August 24, 1912, and March 3, 1933

Of The Scurry County Times, published weekly at Snyder, Texas, for October 1, 1941.

State of Texas, County of Scurry, ss:

Before me, a notary public in and for the state and county aforesaid, on this day personally appeared [illegible] who, having been by me duly sworn according to law, deposes and says that he is the publisher and owner of The Scurry County Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in Section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1.—That the name and address of the publisher, editor, managing editor and business manager is: Willard Jones, Snyder, Texas.

2.—That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, names and addresses of the individual owners must be given. If owned by a firm, company or other unincorporated concern, its name and address, as well as those of each individual member, must be given) Times Publishing Company, Willard Jones, owner, Snyder, Texas.

3.—That the known bondholders, mortgages and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: Snyder National Bank, Snyder, Texas; J. C. Smyth, Liberty, Texas; Mrs. George F. Smith, Dallas, Texas; Bosé Reader, Stephenville, Texas; E. C. Palmer & Company, Dallas; Lanston Monotype Machinery Company, Philadelphia, Pennsylvania.

4.—That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

WILLARD JONES, Publisher.

Baptist Brotherhood Associational Meet Was Well Attended

Good attendance featured the Baptist Associational Brotherhood meeting, held last Thursday evening at the First Baptist Church.

Principal speaker of the evening was Stancill Clements of Lamesa, who spoke on "Our Responsibility as Christian Men." Clements pointed out that the "hour was at hand when Christians must take active stands for Christ, at a time when the world is virtually on fire with isms."

Jack Inman of Snyder spoke on "The Important Birthday Offering," and a local quartet furnished special music. Rev. Buster Edwards headed a delegation of Champion attendants, Rev. G. A. Elrod a Roscoe group, Rev. Strickland a Dunn and Ira group, and two good sized delegations were present from Union and Lamesa.

Next meeting of the Associational Brotherhood will be at Roscoe on Thursday following the second Sunday in January of 1942.

Duet Attending National Meeting Of FFA at K. C.

C. A. Dacus Jr., Hermleigh Future Farmers of America chapter president, and delegate to the National FFA convention in Kansas City, Missouri, and C. B. Bentley, Hermleigh vocational agriculture teacher, write The Times that they arrived in Kansas City Sunday night. They left Fort Worth Sunday morning on the Texas FFA Special.

Something like 200 FFA members and vocational agriculture teachers, Bentley and Dacus state, as well as state FFA officers, rode the special train. The 50-piece Texas FFA Band was also on the special train—a band of which Dacus is a member.

The convention opened Monday morning, in conjunction with the American Royal Livestock Show. About 7,000 FFA members from all sections of the nation were present for the opening sessions.

Dacus and Bentley write that FFA judging contests were held Monday. All FFA members attended the livestock show Wednesday.

"The Farm and Home NBC radio broadcast is given each morning from the convention floor at 11:30 o'clock," Dacus said in the joint letter, "and we are really enjoying this convention."

Annual convention sessions of FFA members were brought to a close Wednesday afternoon. Bentley and Dacus are due back in Hermleigh this (Thursday) evening.

Mitchell County Oil Tests Being Watched

Oil exploration in the northwest part of Mitchell County—a spot that has interested Scurry County operators—was assured when the Westex Oil Company of Big Spring announced, early this week the staking of a wildcat test, eight and one-half miles east of the Howard County line.

Location for the test was staked as the firm's No. 1 B. M. Jones et al, 467 feet from the north and west lines of the west half of the Northeast quarter, Section 22, Block 29, T-I-N, T&P Survey.

Test, due for spudding late this week, will be drilled with cable tools and is contracted to 3,100 feet. While eight and a half miles northwest of Westbrook, the wildcat is only five and a half miles west of [illegible]

POULTRY SHOW AT FAIR SMALL BUT WAS GOOD

Improvement of Flocks Reflected in Display of Fowls in Three-Day [illegible]

Scurry County's booming poultry industry was given fresh impetus last Thursday through Saturday at the Products Show, where birds of unusual quality were shown, according to Walter Brown, poultry department superintendent, and Mrs. D. V. Merritt, assistant.

Poultry show judging results, as given by J. D. Strickland, judge, who is head of the poultry husbandry department at Texas Tech, Lubbock, follow:

Rhode Island Red division, grand champion pens—Rev. M. W. Clark, grand champion with meat type, old and young pen and exhibitor of the grand champion pullet.

Rev. Clark placed first with old pen, young pen, cockerel, pullet, second and third places, respectively, with other pullet entries. E. L. Fickas placed fourth with a pullet entry.

White division—W. L. Wemken, first with young pen White Wyandottes; E. L. Fickas, first with White Rock cockerel and pullet; June Jones, first with White Giant cockerel, and Walter Kimzey, first with single-comb White Leghorn pullet.

Cornish Game division—Mrs. Alfred Weathers, first with young and old pens of dark Cornish Games.

Black Australops—W. J. Fuller, first with cockerel and pullet (individual).

Black Minoreas—D. Brown, first with cockerel and pullet; Scott Swindall placed first with a Hamburg pullet entry.

Silver Lace Wyandotte — Scott Swindall, first, second and third places with pullets, and first with cockerel.

Waltes Kinney copped first place with an Ancona pullet entry.

Buff Orphington—Billy Bob McMullen, first with pullet; Jimmy Randals, second and third with pullets; Mrs. J. E. Jones, fourth with pullet. Billy Bob McMullen placed first with young pen; Jimmy Randals, first and second with cockerel; and Mrs. J. E. Jones, third.

Bantam division—Jimmy Randals, first with Black Cochin cock; Billy Bob McMullen, first with pullet; Randals, second with pullet; McMullen, third and fourth place with pullet.

White Top-Knot Cochin—Jimmy Randals, first.

Barred Rocks—Joe Dave Scott, first with cock and pullet; exhibitor of grand champion male bantam; McMullen showed the grand champion female bantam.

Mottled Bantams—Wayne Williams, first with cockerel and hen.

Baby Beef Turkeys — Wanda Koonsman, first and second places.

Peppy Shytles entered a South American quackless duck that won first place and a considerable amount of attraction.

Geese—Billy Bob McMullen, first with Chinese gander and goose, and first place with Toulouse gander.

Pigeons—Mrs. Tom Boren, first, second and third with pair of White Kings; Joe Greenway, first with pair of carrier pigeons; and W. J. Fuller, first with young pair of White Kings.

Although this year's poultry department at the Products Show did not reflect the effort county poultry producers are capable of under pressure, birds entered were tops in quality. Competition was not too keen in any division, but points on the how and when of better poultry was appreciated by all exhibitors.

As poultry judge, J. D. Strickland wishes to publicly express his thanks poultry raisers, and declares that for the cooperation shown by county quality of all entries was exceptionally high. Products Show officials feel fortunate in securing a man of Strickland's caliber to judge the entries, members of the central committee point out.

Rev. Travis Talks to Lions Club Tuesday

Rev. Herbert C. Travis, pastor of the Presbyterian Church, spoke to members of the Lions Club in Tuesday luncheon session at the Mansfield Hotel.

"I'm a pacifist, because I believe what Sherman said about war is so," the Snyder pastor began his discourse, "but I believe that America today needs unity more than any other thing if it is to withstand the troublesome times encountering the entire world. We need unity in labor, unity in capital and unity in purpose of our people. It may take war to bring about this needed unity, but I hope not. However, if war is the only way, then I am for that, too."

He urged his hearers to talk unity at home, on the street and in public places.

Sisters Together for First Time Since 1912

Mrs. Ellen Andrews, her daughter, Delia Coleman, and Mrs. Andrews' granddaughter and three children of Wichita Falls spent the week-end with Mrs. J. H. Day.

The group, including Mrs. Day, Gilbert Tatum and family, went to Midland Sunday to visit Mmes. Tishie Smith and Herbert Smith. The entire group visited Monday with Bird Rodman and Mrs. Day.

Monday evening the round of visitations and festivities was climaxed by the group having supper with Mr. and Mrs. Gilbert Tatum of East Snyder. The trio of sisters, Mrs. Andrews, Mrs. J. H. Day and Mrs. Tishie Smith were together for the first time since the death of their mother in 1912.

Wife of Former Borden Physician Passes Monday

Mrs. J. H. Hannabass, 64, prominent many years and a Scurry County resident the past 12 years, succumbed Monday night at the May McClintock residence in West Snyder after a brief heart attack.

Born October 26, 1877, Mrs. Hannabass moved to Gail in an early day with her late husband, Dr. J. H. Hannabass, who was for many years Borden County's only physician.

Mrs. Hannabass moved to Snyder in 1929, and had lived here continuously since then—taking an active part in community activities when possible.

Rev. I. A. Smith, Methodist pastor, conducted final rites for the pioneer Borden County resident Tuesday afternoon, 2:30 o'clock, at Odom Funeral Home Chapel.

Pallbearers were Howell McClinton, Herman McClinton, Joe McClinton, Mac Norwood, Charley Noble and Billie Mitchell.

Mary Nell Noble, Nell Norwood, Mrs. Joe McClinton and Mrs. Herman McClinton were in charge of floral offerings.

Survivors include two brothers, Gus McClinton of Snyder and Oliver McClinton of Lubbock, and three sisters, May McClinton of Snyder, Mrs. R. E. Norwood of Wichita Falls and Mrs. W. E. Galyon of Commerce.

Interment was in Snyder Cemetery.

FSA Officials Meet In Abilene for Area Farm Conferences

Personnel of Scurry County's Farm Security Administration office, including Horace D. Seely, supervisor; Hugh Birdwell, assistant; Mrs. Ida J. Crosby, home management supervisor, and Helen Cauble, clerk, were among those from Abilene, where they attended a two-day district meeting of FSA officials.

The Monday-Tuesday gathering, conducted by Dallas FSA officials, was held for the purpose of discussing ways and means to make equitable farm debt adjustments, and work out longer tenure purchase agreements between landlords and tenants.

Those at the Abilene meeting expressed the opinion that longer tenure purchase agreements between FSA and borrowers would tend to rehabilitate clients and allow a greater program of soil conservation practices. Better use of farm buildings can also be stressed with longer tenure programs, it was pointed out at the meeting. The county FSA group returned Tuesday night.

Methodist Quarterly Conference Slated at Ira Church Sunday

Rev. A. B. Cockrell, pastor of the Ira Methodist Church, announces that the fourth quarterly conference for the Dunn charge will be held Sunday at Ira.

Sunday's conference is scheduled to be an all-day affairs, highlighted at noontime by dinner "on the grounds." Rev. E. B. Bowen of Sweetwater, district superintendent, will preside over conference sessions, and will also preach Sunday morning at the 11:00 o'clock hour.

Dunn, Ira and Buford are included in the Dunn charge, and representative groups from each church are expected to attend Sunday's gathering.

Financial shape of the Dunn charge is reported by Rev. Cockrell to be good, and matters of import to all southern county Methodists will be taken up at Sunday conference discussions.

Housekeeping Aide Gives Equipment to School Lunch Room

Officers of the Snyder Parent-Teacher Association reported this week that the school's lunch room project would be placed in operation by November 1.

Following suggestions from Surplus Commodities Administration officials, the school lunch room will be operated on a card system, and not even students themselves will know which groups pays for meal tickets and which group does not.

Children not able to pay will be given a hot lunch daily, free of charge. Those able to pay will do so at the rate of 10 cents per day—payable weekly or monthly.

The Surplus Commodities Administration will furnish graham flour, evaporated milk, grits, rolled oats, lard, fresh apples, grapefruit juice and other foods esential to operation of the lunch room. Snyder's Parent-Teacher Association will supply other items needed to furnish balanced meals for indigent children.

Supplies were received this week at the school from the Housekeeping Aide Project to operate the lunch room, including stoves, pots, pans and dishes.

Better in 15 ways
than the most popular Pontiac ever built!

SEE THE NEW 1942 Pontiac Sixes AND Eights
with the things you've always liked
—and 15 new ones too!

● Triple-Cushioned Ride—even further improved—is still yours in 1942.
● New Bodies by Fisher provide the same strength and quality for which they have long been famous.
● Vital engine parts are unchanged for 1942 except for an improved oil cleaner.
● Travel of the gearshift lever has been reduced 30 per cent.
● Pontiac's gas and oil economy remains at the same high peak.
● For 1942 Pontiac front wheel brakes have been increased in size and all are now triple-sealed.

AVAILABLE AS A SIX OR AN EIGHT IN ANY MODEL

Rapid-Fire Production of Rapid-Fire Guns!
Charged with building a new type of rapid-fire cannon for the United States Navy, Pontiac is now turning out these complicated weapons with ever-increasing speed and efficiency. A new plant is being rushed to completion to increase floor space correspondingly. Our most skilled workmen and the organizations of 223 sub-contractors and suppliers are working night and day, six days a week, to fill this Navy contract—and fill it right. We're in rapid-fire production of the Navy's rapid-fire guns!

THE FINE CAR WITH THE LOW PRICE—GENERAL MOTORS' MASTERPIECE

Pontiac's 1941 models were by far the most popular Pontiacs ever produced. Now, however, they are superseded by the new Pontiacs for 1942—better, in 15 different ways, than the cars they replace.

Improvements in the new Pontiacs are improvements in engineering design—changes which it was possible to make without interfering with the needs of defense. But the things that have built Pontiac's traditionally high quality over the years—such as electroplated pistons, Tru-Arc Steering and metered flow lubrication—have been retained without change.

Come to see the new Pontiacs soon. We are sure you will agree that Pontiac deserves, more than ever, to be called the Fine Car with the Low Price—the car you can drive for many years to come, if need be!

A Bull's Eye

When a delegation of Dawson County people from Lamesa stated Saturday afternoon that "Scurry County's Products Show scored another bull's eye," the group probably offered a truer picture of the Thursday-Saturday exposition than word photos expressed by other out-of-county groups.

Doubtless one thing that made this year's Products Show doubly appreciated by people of this trade area was the literal staging of the triple-day show between showers. Unusually heavy rains the first part of last week made it impossible for some exhibitors to get their entries to the grounds, while clearing skies Thursday and Friday made it mandatory that farmers get gathered cotton and feed taken care of before attending the show at all.

As an indication that this year's Products Show was successful, from all angles, state newspapers gave the event more coverage than any previous show staged here. . . . And for an outstanding show, we have many people to thank—C. T. McLaughlin, Harrie Winston, R. G. Dillard, exhibitors, club women, superintendents of the various departments, assistants, the county and home demonstration agent, and last, but not least, the boys who stayed with the tents Wednesday and kept them from all going down in mud and weeds.

More Scout Support

Figures released this week by officials of the Buffalo Trail Council, with headquarters at Sweetwater, reveal that there are now 20 active troops in Snyder's Boy Scout District—more than can be recalled in many years. These troops, pushing forward to new mileposts of achievement, will call for more support from parents and those interested in Scouting than heretofore, and more help from a financial side to keep carrying on.

We have needed more Scout support in the Snyder District since the first troop was organized. We have seemingly fallen into the rut with our thoughts, and assumed that George, Tom or Harry would furnish all the financial backing needed, while we as average citizens—would sit back and applaud the work of the other man.

Now the time has come when George, Tom and Harry have about all the load they can carry in supporting Scout work; and we, as a community and county, need to fall in line and help them carry on. Boy Scout work needs your financial, moral and mental support more now than ever before. Being Americans, and believing in American ideals, it seems certain that you will do your part for Scouting today.

Scatterin' Camp

A cook ort to run the chuck wagon, they say,
But there's times that it doesn't work out that a way.
This cook was a-fixin' and bakin' his bread
Till this cow pony happened to swaller his head.
The hoss that's a-buckin' don't aim to be rode,
And the cowboy that's on him don't aim to be throwed.
They are both of them busy with what they're a-doin'
And they don't give a cuss how much stuff that they ruin.
The cook, he's a-runnin'. That doesn't look game,
But he's showin' a heap of good sense just the same.
The best thing to do was to take to his heels,
Or git onder the wagon between the hind wheels.
It happened so sudden it scattered his thoughts,
And likewise his fryin' pans, kittles and pots.
But he's usin' a proper idea all right.
That's to be somewhere else when 'a buckin' hoss lights.

Bruce Kishaddon.

Editorial of the Week

THAT MYSTERIOUS LETTER

What may rank second to the Hess incident as a major mystery of this war was how the Germans happened to get hold of a letter written by President Roosevelt to Josef Stalin promising Russia aid against Germany.

Neither Washington nor Moscow had made the letter public, but the official German news agency, DNB, did—with some slight variations intext to suit the uses of propaganda. The body of the German translation was substantially the same as the original text, but the salutation and closing phrase had been altered from the stiff formality of the original to a warm personal tone indicating great friendship between the head of this nation and that of Russia. Mr. Roosevelt's "My Dear Mr. Stalin" was changed by the Germans to "My Dear Friend Stalin." Those who are familiar with Mr. Roosevelt's customary greeting to his close friends are at once struck with the clumsiness of the German alteration, for when Mr. Roosevelt addresses his real friends he gets personal. He would have said "My Dear Joe."

Washington does not know how the letter got into the hands of the Germans, but admits that only two likely sources where tenable—the White House and the State Department. The latter made it known that the letter was not considered confidential in the first place; the only thing that worries Washington is how the Germans got hold of it.

And it may worry the nation, too. It is not a pleasant thought that Nazi spies may be looking over the shoulder of the president or of the secretary of state, or tampering with diplomatic mail. The general reaction will be to demand greater care in future in handling official mail between this country and others.—Abilene Reporter-News.

Current Comment

By LEON GUINN

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

Observers predict that before the end of this war the present Flying Fortress planes we boast will seem like small ships. . . . U. S. Army officials cautiously announced this week that early production is now in the cards for a gigantic army bomber, the B-29, which will be double the size of the present fortresses, weigh 50 tons and have a cruising range of 5,000 miles. . . . To show the average person that the army is overlooking no bets, a still larger plane, with eight engines and a cruising range of 10,000 miles, has advanced to the blueprint stage.

☆

Key attaches of the U. S. Army are also planning to equip new bombers with an unprecedented type of armor plate, and consider giant bombing ships a great deal more economical, since one huge bomber will require less fuel and manpower than several smaller planes carrying the same gross weight load of explosives.

☆

Members of Hitler's Gestapo are showing increased concern these days over the large scale counterfeiting now going on in France—wholesale faking of everything from German exchange marks to ration cards. . . . The bogus money, for example, is being distributed in almost every village and city in the occupied and unoccupied zones, evidently under the direction of a carefully perfected syndicate. . . . Smouldering fires of revolt are also being kindled in the former nation of the tri-color that could flare into open defiance at almost any time. . . . The French people just now seem to be grasping the futility of their situation under Nazi domination, and expect to do something about it at the proper time.

☆

Hamburger lovers of the nation, whether they prefer the plain type of meat, bread and suitable ingredients, or the Wimpy kind with lettuce, onions, pickles and mustard "both," should be interested in an experiment the George A. Hormel & Company is trying out in Minnesota. . . . The concern is sales testing pre-cooked hamburgers, packed eight to a can, and will venture into national sales channels if the idea clicks in the state of "sky blue waters."

☆

Despite all the clamoring for a British invasion of the European continent, especially France and a portion of the "low countries," it doesn't appear such an invasion will prove practical unless the Nazis get full control of Moscow this week and push the Red army back to the Ural Mountains. . . . Even then, an invasion of the continent by the British would involve a lot of risk that the venture would develop into another Dunkerque.

☆

Due to the fact that many potential defense subcontractors aren't sound banking risks when judged by ordinary standards, active plans are now under consideration by the Reconstruction Finance Corporation to start up an RFC subsidiary. . . . Job of the new RFC division will be to lend to deserving subcontractors, even though their balance sheets show up on the negative side of the ledger. . . . Straws in the breeze reveal that the new setup will be staffed by industrialists who will visit each plant in question and decide whether it can actually do the job efficiently and in a business like manner.

☆

If we recall correctly, government economists began to warn the nation a month ago that materials shortages would bring about widespread shutdowns and unemployment—although of a temporary nature. . . . Now the same economists fear the cry of alarm has gone too far, and minimize unemployment effects by stating workers should be able to find new jobs and that manufacturing employment should increase by perhaps 1,000,000 next year—despite huge dislocations in business and industry. . . . During the past decade this government has been concerned with the greatest unemployment problem in the history of the nation, and is still trying to cope with the situation by placing defense orders where they will benefit the largest possible number of people.

☆

It's getting pretty serious when such an organization as the National Pest Control Association has to argue with OPM officials about the cockroach situation in the United States. . . . Unless something practical can be worked out in the very near future, the pest exterminating people think they will be able to supply charts on multitudes of roaches that are spreading grief and disease germs in thousands of American homes and office back rooms: . . . While it is felt a substitute may temporarily be found for sodium fluoride, no lasting battle against the German cockroaches will be waged here until pest control people get enough of the mineral to really go after the roaches.

☆

All iron and steel products sold through jobbers, distributors and dealers will shortly be brought under a price ceiling in the near future to half profiteering by certain members of the trade, the Office of Price Administration pointed out this week. . . . The new schedule will affect dealers in this trade area and will affect dealers in this trade area and will cover sales of "seconds" and "rejects" as well as prime products. . . . The OPA will now have the leverage to control prices for iron and steel products sold in any quantity by jobbers, dealers, agents or brokers, and will be something of a new "order" for distributors and agents alike.

Flower Displays At Products Show Were Attractive

Drawing card of Scurry County's Fourth Annual Products Show last Thursday through Saturday was the flower show, staged under the direction of Mrs. W. R. Bell, superintendent of the show division.

Quality and loveliness of flowers exhibited this year made many exposition visitors return the second and third times to inspect the unusual array of floral color and splendor.

Placings in the flower show, as announced by Mrs. Bell after obtaining the judge's decisions, follow:

Dahlias, one bloom—M. C. Herod, first; Mrs. Jim Sorrells, second; and Herod, third.

Dahlias, more than one bloom—Mrs. W. E. Watkins, first; Mrs. Watkins, second; and Mrs. Herman Doak, third.

One specimen flower—Mrs. Fickas Bell, second.

Any flowers, more than one to container—Mrs. R. C. Miller Jr., first; Mrs. A. D. Erwin, second; Mrs. Harold Brown, third.

Flowers in special arrangement—Mrs. Herman Darby, first; Jeannette Lollar, second; and Mrs. R. C. Miller Jr., third.

Arrangement of grasses, container to count—Mrs. W. P. King, first.

Arrangement of gourds, vegetables, fruit, container to count—Mrs. Jack Dennis, first.

Blooming plant — Mrs. G. L. Hartley, first.

Foliage plant—Mabel Bryan, first; Polly Harpole, second; Mrs. Harry Ward, third.

Any kind of fern—Mrs. Frank Weaver, first; Katherine Northcutt, second; and Msr Herman Darby, third.

Any kind of cactus — Mrs. Lora Miller, first; Joe Dave Scott, second and third.

Best ivy, container to count—Mrs. J. C. Stinson, first; Mrs. Lee T. Stinson, second; and Mrs. Harold Brown, third.

Cogswell Spikes, 1941 graduate of Snyder High School, visited with local friends the past week-end, en route to Lamesa to spend a few days with his parents. Cogswell is now a student in Abilene Christian College.

Fuzzy on Job

One of the "spark plugs" of this year's Products Show, and a person who has received little mention, is Fuzzy Green, who directed a force of workmen that erected the big tents for the Products Show. . . . The heavy rain that fell last Tuesday night and early last Wednesday morning, one of the big tents went down, but Green and his workers stayed right on the job through last Wednesday night and got the tents anchored down by show opening time. That's why show officials prefer to call Fuzzy exposition "spark plug."

Demonstration Council to Meet.

The Scurry County Home Demonstration Council will meet Monday evening with Estella Rabel, county home demonstration agent, officials of the organipation announced Wednesday afternoon. Every member is urgently requested to be present, since matters of major importance will come up for consideration.

Large Crowd at Canyon.

Friends from a wide radius, and from many county communities, gathered Sunday morning at Canyon Baptist Church to help Rev. J. W. McGaha, veteran county Baptist preacher, observe his 62nd anniversary as a soldier of the cross. Dinner was spread at noontime, and the afternoon devoted to singing and a period of fellowship, wherein attendants renewed acquaintances and talked of pleasant times together.
